Chapter 5261 Cold Moon

Hearing what Ye Feng said at this moment, the guardian Shen immediately nodded and said: "What the Ninth Young Master said is right. What the Ninth Young Master lacks now is status and cultivation resources. In our case, The higher the status in the Great Demon God Sect, the more the training resources will be tilted. Although the father of the Ninth Young Master is the Lord of the Demon King's Palace, the Ninth Young Master is not that important among the descendants of the Lord's Palace. Outstanding, but after word spreads that the Ninth Young Master defeated the Seventh Young Master Mo Tianyuan this time, the Ninth Young Master's reputation will definitely be greatly improved, and the Lord of the Palace may be impressed by it. "

Hearing what Protector Mr. Shen said, Ye Feng just smiled and said, "These are just trivial matters. What's important is the improvement of my strength."

When he said this, Ye Feng looked at the protector in front of him, Mr. Shen, and asked aloud: "As a senior in our Great Demon God Sect, Mr. Shen should know which places around our Great Demon God Sect may contain huge treasures." Resource creation, I want to go directly to those places created by chance to find the resources of heaven and earth to improve my overall strength."

Hearing what Ye Feng said, Guardian Shen seemed to have thought of something and couldn't help but said: "By the way, Ninth Young Master, our Great Demon God Sect recently organized an expedition to the ancient ruins not far from our Great Demon God Sect. The participants are basically the outstanding young geniuses of our Great Demon Sect. Ninth Young Master can try to sign up. Originally, I did not recommend that Ninth Young Master participate in this kind of action, because what we are exploring is our Great Demon Sect. The ancient ruins outside the sect will be very dangerous, but now I feel that the Ninth Young Master is fully capable of participating in this operation. "

Hearing what Guardian Shen said, Ye Feng's eyes lit up and he said, "Okay, then I'll sign up directly."

At this time, Ye Feng did not hesitate and flew out of the compound where he lived, quickly flying towards the middle area of the Great Demon God Sect.

In the Great Demon God Sect, if young disciples want to participate in large-scale activities organized by the sect, they must enter the central hall in the middle of the Great Demon God Sect to participate in the event.

#Every time verification appears, please do not use incognito mode!

When registering, you cannot just participate casually.

At this time, just as Ye Feng walked out of the mansion, suddenly a cold and beautiful young woman flew over from not far away.

This young woman who looked as cold as the moon was wearing a long blue dress and holding a blue sword in her hand. She looked as clear as water and as cold as a hook.

At this time, this cold and beautiful woman stared at Ye Feng and couldn't help but said: "Mo Wushuang, when did you become so powerful? You actually severely injured Mo Tianyuan and even gave him his wealth." All snatched."

Ye Feng saw this cold and beautiful woman and read it from Mo Wushuang's memory. This cold and beautiful woman was a very special existence in the Demon King's Palace, called Leng Yue.

This Leng Yue was a confidant secretly cultivated by the Lord of the Demon King's Palace.

Although the master of the Demon King's Palace has many descendants, not every descendant has a strong talent for cultivation, and sometimes they are not of much use value.

Therefore, the master of the Demon King's Palace sometimes selects some young practitioners with outstanding looks from outside the Great Demon God Sect or from the disciples of the Great Demon God Sect, recruits them into his Demon King's Palace, secretly trains them, and increases their abilities. The accumulation of cultivation resources and the cultivation of one's own confidants can be used to do things for oneself, such as maintaining the tranquility and peace in the Demon King's Palace, or assassinating some potential enemies, or going outside the Great Demon Sect to complete some secret tasks.

And this Leng Yue is one of the confidants of the Lord of the Demon King's Palace. She is a peerless female genius who has been trained by the Lord of the Demon King's Palace since she was a child. She usually even holds the power of law enforcement in the Demon King's Palace.

At this time, Ye Feng immediately understood that Leng Yue suddenly found him, probably for the sake of

The battle between him and the seventh young master Mo Tianyuan came.

Ye Feng's eyes immediately showed a faint smile, and he couldn't help but said: "Is it because Mo Tianyuan was beaten half to death by me, but he didn't dare to tell his father, so he complained to you, the law enforcer, Leng Yue? You think? Do you want you to capture me and imprison me in the Demon King's Palace?"

Ye Feng knows that although the seventh young master Mo Tianyuan is not very powerful, he has a very wide social circle. He usually interacts with other children of the master of the Demon King Palace or the confidants trained by the master of the Demon King Palace such as Leng Yue. Close and win over various characters.

At this time, Ye Feng knew very well that usually the seventh young master Mo Tianyuan must have given Leng Yue a lot of benefits, otherwise Leng Yue would not be able to take care of such trivial matters.

Hearing what Ye Feng said at this moment, Leng Yue's beautiful face was full of indifference, and she said loudly: "Mo Tianyuan came to find me, but he didn't have the face to ask me to take action directly. You are in prison, he just wants to ask me to come forward and get back the gift he wants to give to the Lord of the Palace at his birthday party. "

When Ye Feng heard what Leng Yue said, he immediately smiled and said: "Tell Mo Tianyuan that the gift he wanted to give to his father has been used by me. You made him die. If he wants revenge, let him fight me himself, or if Leng Yue wants to stand up for Mo Tianyuan, you can also take action against me. I would like to see the so-called peerless genius confidants trained by my father. Is it as powerful as the rumors say?"

Ye Feng has learned from Mo Wushuang's memory that these confidants secretly trained by the Lord of the Demon King's Palace are all super thugs. They are very strong in strength and means, and their assassination abilities are very terrifying. They can be said to be among the trump cards. ace, but Ye Feng was not afraid.

Because Ye Feng not only has the identity of Mo Wushuang, the heir of the master of the Demon King Palace, but his own strength and methods are even better than Mo Wushuang before.

#Every time verification appears, please do not use incognito mode!

How powerful he is, so Ye Feng is not afraid of Leng Yue, the mysterious and powerful law enforcer of the Demon King's Palace.

At this time, hearing Ye Feng's tough words and seeing Ye Feng's tough attitude, Leng Yue's beautiful eyes seemed to reveal a look of surprise.

After all, in the eyes of many people in the Demon King's Hall, Mo Wushuang, the last heir, is young, weak, and has no background or status. He has always been an inconspicuous figure in the Demon King's Hall and has been bullied. characters.

Unexpectedly, in just half a month, after the Ninth Young Master returned from a mysterious place, he suddenly became so tough and powerful.

Leng Yue stared at Ye Feng for a few seconds, and then said calmly: "My relationship with Mo Tianyuan is not as close as you think. I just accept some small favors from him and help him out." , Just saying something, I will not take action against you, Mo Wushuang, the Ninth Young Master, because of him."

After Leng Yue finished speaking, he seemed to have thought of something, and suddenly said: "With your current strength, Ninth Young Master, you may be able to join me in the exploration of the ancient ruins. It is a ruins spread from the distant ancient times. This land may contain many opportunities. I originally wanted to go alone, but now I see that the Ninth Young Master has such strength, and his personality seems to have become decisive and killing, which is in tune with me. Maybe we can form a team Team, go to explore the ancient ruins. Although we are not very familiar with each other, we are all members of the Demon King's Palace after all. If we encounter bullying from other teams in the Great Demon God Sect in the ancient ruins, or the ancient ruins themselves We can take care of each other about the dangers involved."

When Ye Feng heard this beautiful and cold woman like Leng Yue say this, a look of surprise suddenly appeared in Ye Feng's eyes. It seemed that he did not expect that the other party would suddenly invite him to form a team to participate in the ancient ruins together. The act of exploration.

Chapter 5262 The Third Son

At this time, Ye Feng stared at Leng Yue, the cold and beautiful woman in front of him, with a look of surprise in his eyes, and then said with a smile: "You and I are actually not familiar with each other, why do you suddenly want to invite me?" Let's explore that ancient ruins together? If you want help, you should be able to find someone better than me."

Hearing what Ye Feng said, a faint smile appeared on Leng Yue's beautiful little face, and she said aloud: "Because you have successfully aroused my interest, Ninth Young Master, so I want to untie The secret hidden in the Ninth Young Master."

Hearing what Leng Yue said, Ye Feng's expression did not change at all. Instead, he smiled faintly and said, "Since Miss Leng Yue is so interested in me, then I am the one who can accept Miss Leng Yue's invitation." It's an honor, after all, if a powerful genius like Miss Leng Yue can team up with me to explore the ancient ruins, my safety will be greatly improved."

Hearing what Ye Feng said, Leng Yue's beautiful face just showed a smile and said, "Then I look forward to exploring the ancient ruins with the Ninth Young Master."

At this time, after Leng Yue finished speaking, she left the house where Ye Feng lived.

Ye Feng looked at the guardian Shen beside him and said, "Do you want to go with me?"

Protector Shen Lao immediately shook his head and said loudly: "This kind of action cannot be participated in by strong elders like us, because this is an action for the upper echelons of our Great Demon God Sect to test the younger generation, so only the younger generation In order to be able to participate in this special operation, I think the upper echelons of our Great Demon God Sect may have solved most of the dangers in that ancient ruins and controlled the dangers to a relatively small range. Only in this way can we experience The fighting experience of the younger generation of our Great Demon God Sect, and prevent them from encountering extremely terrible crises."

Hearing what Guardian Shen said, Ye Feng nodded, and then said: "This Leng Yue specially invited me to join her in the exploration of ancient ruins. It seems that she has an ulterior motive. It cannot be just only for me

#Every time verification appears, please do not use incognito mode!

Interest is so simple. "

When the guardian Shen heard what Ye Feng said, he nodded and said: "Everything that happens in the Demon King's Palace may be under the eyes of the Lord of the Palace."

Hearing what Mr. Shen said, Ye Feng showed a look of surprise in his eyes and said loudly: "Mr. Shen, what you mean is that my sudden increase in strength may have attracted the attention of my father. I just used the magic power to Tianyuan asked Leng Yue to teach me a lesson about this matter. He sent Leng Yue, his confidant, to test out what kind of fate I had received. In this case, my father could just call me over and ask me clearly. "

Hearing what Ye Feng said, Protector Mr. Shen shook his head and said, "No matter what the situation is, this time, Ninth Young Master, you can act with Leng Yue, a confidant personally trained by the Lord of the Palace. Your safety will be guaranteed." The speed will indeed be greatly improved. You must know that the peerless geniuses like Leng Yue, who have been cultivated by the Lord of the Palace since childhood, are very powerful in terms of cultivation strength and methods. And in the ancient ruins, as Leng Yue said Yes, maybe fellow sects will kill each other because of some interests, so you two are members of our Demon King Palace, and you can still trust each other at critical moments. Various factions within our Great Demon God Sect kill each other because of their interests. There are so many things."

Hearing what Guardian Shen said, Ye Feng nodded, and then asked: "When will the exploration of ancient ruins start?"

Mr. Shen thought for a moment, and then said aloud: "It should be in half a month."

Ye Feng nodded and said, "In that case, I won't go out for the next half month."

After Ye Feng finished speaking at this moment, he flew quickly towards the middle area of the Great Demon God Sect, wanting to register in the central hall.

When Ye Feng came to the central hall, he saw the seventh young master Mo Tianyuan who had been severely punished by him before.

But at this time, when Mo Tianyuan saw Ye Feng appearing here safely, a look of surprise suddenly appeared in his eyes.

Obviously, Mo Tianyuan should have given Leng Yue a lot of benefits and asked Leng Yue to teach Ye Feng, the Ninth Young Master, a lesson.

Unexpectedly, Ye Feng could still appear in the central hall intact.

This shows that Leng Yue did not dare to take action against Ye Feng.

This made the seventh young master Mo Tianyuan feel even more afraid of Ye Feng, but he was also very angry inside.

Because after Ye Feng gave him a harsh lesson before, he took away all his wealth.

He is still worried that when his father is at his birthday party next time, he will not have any wealth at all to buy something precious enough to dedicate to his father.

At this moment, Ye Feng saw the eyes of the seventh young master Mo Tianyuan that seemed to be somewhat resentful and resentful, and immediately a faint smile appeared on his face, which seemed to indicate that he was not afraid of your revenge at all.

At this time, Ye Feng ignored the seventh young master Mo Tianyuan and went directly to the counter in the central hall and signed up to participate in the exploration of the ancient ruins half a month later.

In addition, Ye Feng learned from Mo Wushuang's memory that he could receive his own training resources from the central hall of the Great Demon God Sect every month.

This is the special right of being the heir of the Demon King's Palace Master.

At this moment, after Ye Feng received his cultivation resources, his eyes immediately revealed a look of surprise.

Because Ye Feng found that the cultivation resources he received were actually very precious, not ordinary cultivation resources, but nine energy crystals containing very high-level energy, which were high-level mineral veins from the Great Demon God Sect outside the wilderness

Every time verification appears, please do not use the traceless mode!

The special energy crystals mined from it can allow practitioners of Ye Feng's level to absorb the energy in it and promote the speed of cultivation, which can be used for about a month.

But that is for ordinary practitioners. For a genius like Ye Feng who has the ability to devour, Ye Feng can use these nine energy crystals directly in an instant.

But Ye Feng certainly would not use his devouring ability in the central hall, because it was too shocking, and his devouring ability had to be hidden, otherwise his identity would definitely be discovered.

At this time, after Ye Feng got his cultivation resources, he was ready to leave the central hall directly, because everything was done.

However, just when Ye Feng had just walked out of the central hall, a young man in a golden robe suddenly came over from a distance.

This young man in a golden robe walked directly towards Ye Feng, then smiled faintly and said, "Mo Wushuang, I didn't expect that one day you would be able to counterattack and increase your strength. I am very curious about your secrets."

At this moment, Ye Feng stared at the young man in a golden robe. According to the memory of the Ninth Young Master Mo Wushuang, this young man in a golden robe was the third son of the Lord of the Demon King's Palace, Mo Wudao.

However, this Mo Wudao was very powerful and had a high self-esteem. He had not had much contact and communication with Ye Feng, the Ninth Son.

But Ye Feng knew that after he defeated the Seventh Young Master Mo Tianyuan, the news spread, and many people in the Demon King's Palace began to pay attention to him, the Ninth Young Master.

After all, Mo Wushuang, the Ninth Young Master, had always been a small transparent existence in the Demon King's Palace.

But suddenly showing his power and becoming so powerful naturally surprised many people.

Among them is the third young master of the Demon King's Palace, Mo Wudao, who is now appearing in front of Ye Feng.

Chapter 5263: What are you pretending for?

Seeing that the other party seemed to be ill-intentioned, Ye Feng frowned and asked, "We don't seem to be very familiar with each other, why are you blocking my way?"

Hearing what Ye Feng said, the third young master of the Demon King's Palace, Mo Wudao, suddenly showed a look of surprise in his eyes, then smiled faintly, stared at Ye Feng with a condescending attitude, and said, "I didn't believe that you could defeat Mo Tianyuan, a waste, but now it seems that this is true. Who in the Demon King's Palace doesn't feel afraid when seeing me? But I don't see any fear in your eyes."

Hearing what Mo Wudao said, Ye Feng smiled dumbly and said, "Why should I be afraid of you? Are you a big shot? Why are you pretending?"

"Bold!"

At this time, a cold shout suddenly sounded.

A young woman in white, holding a red long sword, walked out from behind Mo Wudao.

Obviously, this woman in white is the sword servant who follows Mo Wudao, and her cultivation strength is still very good, two realms higher than Ye Feng now.

But Ye Feng simply disdained it.

Ye Feng just stared at this female sword servant in white, and immediately smiled indifferently, saying: "Who are you? Do you have the qualifications to order a young master like me around?"

At this time, Ye Feng's words were actually very reasonable. .??.

Because Ye Feng is now pretending to be the ninth young master Mo Wushuang, if he doesn't say it so arrogantly and condescendingly, it may make others suspicious.

Hearing what Ye Feng said, the white-clothed female sword servant immediately showed a cold smile in her eyes and said, "Ninth Young Master, although you are a young master-level figure, you have always been looked down upon by no one in our Demon King Palace. Although I am just a sword servant, I am the sword servant of the honorable Third Young Master, and you dare to say such provocative words to the honorable Third Young Master, I will naturally teach you a lesson."

Please do not use the invisible mode every time verification appears!

After the white-clothed female sword servant finished speaking, the Third Young Master Mo Wudao's face did not fluctuate at all.

Obviously, he agreed with what the white-clothed female sword servant said and what he was going to do.

At this moment, Ye Feng's face suddenly turned cold, staring at the white-clothed female sword servant, and immediately said, "Get out of the way!"

Boom!

After speaking, Ye Feng directly burst out his extremely powerful magic power, and directly condensed a demon king's real body with a height of several thousand meters behind him.

Buzz!

The Demon King's true body stretched out a black hand, with a terrifying pressure, and pressed towards the white-clothed female sword servant in an instant.

The white-clothed female sword servant immediately felt the powerful power of the Demon King's true body, and couldn't help but said in horror: "What? How could the extremely weak Ninth Young Master suddenly become so powerful? The Demon King's True Body Art that you practiced can actually condense such a powerful Demon King's True Body?"

At this time, the white-clothed female sword servant was obviously very shocked by the power that Ye Feng burst out in an instant.

But at this time, she did not retreat directly, but instantly grasped the red long sword in her hand, and immediately burst out a dazzling red sword light, slashing towards the black hand of the Demon King's true body condensed by Ye Feng.

Crack! Crack!

But in the next moment, what shocked everyone in the audience was that the Demon King's true body condensed by Ye Feng, the black hand covered the sky and the sun, was very terrifying, and it was not something that ordinary practitioners could resist at all.

The black hand of the Demon King's true body instantly crushed the red long sword in the hand of the white-clothed female swordsman into pieces, and then

in an instant, in the other party's terrified eyes, it directly blasted her away, and fell heavily on the ground not far away, spitting out blood, obviously suffering a serious injury in an instant.

"What? How did the Ninth Young Master suddenly become so powerful?"

At this time, everyone present was very surprised, because the Ninth Young Master Mo Wushuang had always been synonymous with waste in the Demon King's Palace. Unexpectedly, now that he went out of town, he became so powerful after returning, which naturally made many people feel incredible.

You know, this white-clothed female sword servant is the sword servant beside the third young master Mo Wudao, and her cultivation strength is very strong, otherwise she would not be qualified to follow Mo Wudao.

But under Ye Feng's casual attack, this white-clothed female sword servant was defeated in an instant, and was even directly attacked and seriously injured, spitting out blood, and fell to the ground not far away.

"Hmm?"

Seeing this scene at this moment, not to mention that the other people around were very shocked, even the owner of the white-clothed female sword servant, the third young master Mo Wudao, suddenly showed a trace of surprise in his eyes, staring at Ye Feng, and couldn't help laughing and said: "It seems that you have indeed become much stronger than before."

Hearing what the third young master Mo Wudao said, Ye Feng stared coldly at the white-clothed female sword servant lying on the ground not far away, and said: "The open and secret struggles between our young masters, a little sword servant dares to be arrogant in front of me, then you will pay the price."

Boom!

After saying that, Ye Feng directly urged the Demon King's true body, and a black big hand attacked not far away, trying to directly wipe out the white-clothed female sword servant.

"Hmm?"

Seeing this scene, the third young master Mo Wudao's originally indifferent expression suddenly became a little ugly, and he couldn't help but said gloomily: "Mo Wushuang, you want to kill my sword servant directly in front of me, is

Every time verification appears, please do not use the invisible mode!

Isn't it a bit too domineering?"

Hearing what Mo Wudao said, Ye Feng laughed and said: "Mo Wudao, Mo Wudao, you allow your men to test my strength, then you must pay a price for it. The price is that your subordinates do not know the sky and the earth to provoke me, and even want to attack me. In our Great Demon God Sect, the end is death."

At this moment, Ye Feng well interpreted the ruthlessness of the ninth young master Mo Wushuang, who he disguised as, as a practitioner of the magic way.

This time, Ye Feng also established his prestige.

So at this time, Ye Feng controlled the black hand of the Demon King's real body and quickly attacked the direction of the white-clothed female sword servant.

When Mo Wudao saw this scene, he immediately said coldly: "Mo Wushuang, stop it!"

After that, Mo Wudao rushed directly towards Ye Feng and said coldly: "Stop it!"

"Who are you? Stop it just because I want you to?"

At this time, Ye Feng's face showed a trace of cruelty of a demon cultivator, and he directly burst out his extremely powerful strength, resisting Mo Wudao in an instant, and then let the Demon King's real body use a black hand to instantly blast the arrogant white-clothed female sword servant into pieces in the other party's terrified eyes.

"You are so bold!!"

Seeing this scene, Mo Wudao's face finally became extremely gloomy, and he said angrily: "Mo Wushuang, you are so brave!"

Ye Feng seemed to have done something insignificant, smiled faintly, and said: "Mo Wudao, don't pretend to be calm? Start to pay attention to me? I still appreciate your condescending and arrogant look just now, why don't you return to your previous state?"

"You...!"

Hearing Ye Feng's ridicule, Mo Wudao's face instantly became extremely gloomy.

Chapter 5264 He is afraid of me

At this time, everyone in the audience stared at Ye Feng, the ninth young master of the Demon King Palace of the Great Demon God Sect, with deep incredulity in their eyes.

Because they never thought that the Ninth Young Master Demon Wushuang would be so powerful now, and so unscrupulous, that he would kill the Third Young Master Demon Wu Dao directly in front of his sword attendant on the spot.

This is very domineering and cruel.

At this time, everyone felt a sense of fear towards Ye Feng, the Ninth Young Master. ??

Originally, the Ninth Young Master was an existence that everyone looked down upon in the Demon King's Palace. Although he had a rather noble status, he was still a small transparent figure that everyone looked down upon.

But now after the confrontation with the third young master Mo Wudao, the title of the ninth young master can be said to have been truly established.

At this time, Ye Feng did not hesitate at all. He stared at Mo Wudao, who had a very gloomy face, and immediately smiled lightly and said, "What? Do you also want to fight with me?"

Hearing Ye Feng's arrogant words, the third young master Mo Wudao suddenly showed a gloomy look in his eyes, and said slowly: "Mo Wushuang, once I take action, you will die, but in this case The Great Demon God Sect has our sect's rules. I can't take action directly and kill you directly, but you should be careful next time. Once I find you outside the sect, you will definitely die. "

After saying that, Mo Wudao turned around and left the scene.

"Um?"

Seeing this scene, Ye Feng's eyes revealed a look of surprise, as if he didn't expect that the Third Young Master Demon Wudao's endurance was still very strong.

Ye Feng knew that the other party must be afraid of his own strength, so he did not take action directly because he did not want to lose face in front of everyone.

At this moment, Ye Feng showed no fear at all. He just smiled faintly and secretly swallowed the blood and energy of the female swordsman in white who was killed by him just now.

However, this female swordsman's cultivation level was too weak, so it did not have much effect on Ye Feng's cultivation level. It only made Ye Feng's skill deeper.

Ye Feng didn't care and just left the scene amidst the shocked eyes of everyone.

After Ye Feng left at this moment, everyone present suddenly became very excited.

Because they actually saw a very rare scene today.

That is, the arrogant and domineering leader of the Third Young Master, Mo Wudao, actually collapsed in front of Mo Wushuang, a "trash".

This naturally shocked many people.

Although Mo Wudao threatened Ye Feng just now, everyone knew that Mo Wudao was definitely not sure that he could defeat Ye Feng on the spot, so he put down a harsh word and left directly.

However, some people believed in the strength of the third young master Mo Wudao, and said with a cold smile: "Once this ninth young master leaves our sect, he may be secretly and directly killed by the third young master."

At this moment, Ye Feng ignored everyone's comments and flew directly towards his residence quickly.

Soon, Ye Feng returned to his mansion.

The guardian Shen saw Ye Feng returning at this moment, and immediately couldn't help but stepped forward and asked: "You have something on your body?"

#Every time verification appears, please do not use incognito mode!

Smells like blood? "

Ye Feng nodded slightly and said aloud: "I just killed the white-clothed female swordsman Wu Dao, the master of the third young master."

"What?"

Hearing what Ye Feng said, the guardian Shen's eyes suddenly showed a look of astonishment, and he couldn't help but said: "Is there a fight between you and the third young master, Ninth Young Master?"

Ye Feng shook his head and said aloud: "The Third Young Master, Demon Wudao, did not take action against me, he just left."

"What?"

Hearing what Ye Feng said, Mr. Shen, the protector, immediately showed an even more shocked look in his eyes and said loudly: "The third young master, Demon Wudao, has always been the most arrogant and domineering existence in our Demon King's Palace. , whoever offends him will probably be suppressed and killed by him in an instant, let alone the Ninth Young Master, who killed the female swordsman in white beside him directly under the gaze of everyone, in front of him, that's for sure It will make the Third Young Master Demon Wu Dao feel very angry. It is really strange that he did not attack you directly on the spot. "

At this moment, Ye Feng suddenly smiled and said, "Maybe he is afraid of me."

"Um?"

Hearing what Ye Feng said, Mr. Shen, the protector, was stunned for a moment, then nodded and said loudly: "Although this Third Young Master Demon Wudao Demon is a very arrogant and domineering figure, what he is not sure about is He won't do it directly. I think he may be really afraid of your strength, but Ninth Young Master, you must be careful. This Third Young Master, Demon Wudao, is a very ruthless character. He may try to kill you after you leave the Great Demon Sect. After that, I may find some powerful helpers to deal with you alone."

Hearing what the protector Mr. Shen said, Ye Feng nodded, smiled and said: "I will leave the Great Demon Sect recently, that is, in half a month to explore the ancient ruins, and Mr. Shen, you said to explore the ancient ruins , only the younger generation can participate, and the older generations are not allowed to enter, so if the Third Young Master Demon Wudao wants to deal with me, he will definitely not be able to find helpers from his elders to deal with me. Then I'm not afraid, as long as it's the younger generation, I've never been afraid of anyone."

Hearing what Ye Feng said, Protector Mr. Shen just smiled bitterly and shook his head, and said loudly: "Ninth Young Master, you are really a little too confident. There are many super among the younger generation in our Great Demon God Sect. Strong ones, some super strong ones among the younger generation are even stronger than me."

"Um?"

Hearing what the guardian Shen said, Ye Feng's eyes suddenly showed a look of surprise.

Seeing the change in the expression on Ye Feng's face, Protector Mr. Shen immediately said: "You have to know that our Demon King's Palace is only the lowest-ranked palace in the entire Great

Demon God Sect. Above the Demon King's Palace, there is also the Demon Emperor's Palace. , there is a Demon Temple above the Demon King's Palace, in which there are countless powerful people, and the young geniuses are like carps crossing the river, countless. If the three young masters, Demon Wudao, look for some super strong men of the younger generation from outside the Demon King's Palace to deal with Ninth Young Master, that's really dangerous."

After hearing the reminder from the guardian Shen, Ye Feng's face became slightly serious, and then he said, "I will pay attention."

Next, Ye Feng did not go out, but stayed in his big house to practice with concentration in preparation for going to the ancient ruins in half a month.

First of all, Ye Feng took out the few high-level energy crystals that he had obtained from the central hall before, and swallowed them. At this time, everyone in the audience stared at Ye Feng, the ninth young master of the Demon King Palace of the Great Demon God Sect, with deep incredulity in their eyes.

Because they never thought that the Ninth Young Master Demon Wushuang would be so powerful now, and so unscrupulous, that he would kill the Third Young Master Demon Wu Dao directly in front of his sword attendant on the spot.

Hearing Ye Feng's arrogant words, the third young master Mo Wudao suddenly showed a gloomy look in his eyes, and said slowly: "Mo Wushuang, once I take action, you will die, but in this case

The Great Demon God Sect has our sect's rules. I can't take action directly and kill you directly, but you should be careful next time. Once I find you outside the sect, you will definitely die. ”

After saying that, Mo Wudao turned around and left the scene.

"Um?"

Seeing this scene, Ye Feng's eyes revealed a look of surprise, as if he didn't expect that the Third Young Master Demon Wudao's endurance was still very strong.

Ye Feng knew that the other party must be afraid of his own strength, so he did not take action directly because he did not want to lose face in front of everyone.

This naturally shocked many people.

Although Mo Wudao threatened Ye Feng just now, everyone knew that Mo Wudao was definitely not sure that he could defeat Ye Feng on the spot, so he put down a harsh word and left directly.

However, some people believed in the strength of the third young master Mo Wudao, and said with a cold smile: "Once this ninth young master leaves our sect, he may be secretly and directly killed by the third young master."

At this moment, Ye Feng ignored everyone's comments and flew directly towards his residence quickly.

Soon, Ye Feng returned to his mansion.

The guardian Shen saw Ye Feng returning at this moment, and immediately couldn't help but stepped forward and asked: "You have something on your body?"

#Every time verification appears, please do not use incognito mode!

Smells like blood? "

Ye Feng nodded slightly and said aloud: "I just killed the white-clothed female swordsman Wu Dao, the master of the third young master."

"What?"

Hearing what Ye Feng said, the guardian Shen's eyes suddenly showed a look of astonishment, and he couldn't help but said: "Is there a fight between you and the third young master, Ninth Young Master?"

Ye Feng shook his head and said aloud: "The Third Young Master, Demon Wudao, did not take action against me, he just left."

"What?"

Hearing what Ye Feng said, Mr. Shen, the protector, immediately showed an even more shocked look in his eyes and said loudly: "The third young master, Demon Wudao, has always been the most arrogant and domineering existence in our Demon King's Palace. , whoever offends him will probably be suppressed and killed by him in an instant, let alone the Ninth Young Master, who killed the female swordsman in white beside him directly under the gaze of everyone, in front of

him, that's for sure It will make the third young master Mo Wudao feel very angry. It is really strange that he did not attack you directly on the spot. "

At this moment, Ye Feng suddenly smiled and said, "Maybe he is afraid of me."

"Um?"

Hearing what Ye Feng said, Mr. Shen, the protector, was stunned for a moment, then nodded and said loudly: "Although this Third Young Master Demon Wudao Demon is a very arrogant and domineering figure, what he is not sure about is He won't do it directly. I think he may be really afraid of your strength, but Ninth Young Master, you must be careful. This Third Young Master, Demon Wudao, is a very ruthless character. He may try to kill you after you leave the Great Demon Sect. After that, I may find some powerful helpers to deal with you alone."

Hearing what the protector Mr. Shen said, Ye Feng nodded, smiled and said: "I will leave the Great Demon Sect recently, that is, in half a month to explore the ancient ruins, and Mr. Shen, you said to explore the ancient ruins , only the younger generation can participate, and the older generations are not allowed to enter, so if the Third Young Master Demon Wudao wants to deal with me, he will definitely not be able to find helpers from his elders to deal with me. Then I'm not afraid, as long as it's the younger generation, I've never been afraid of anyone."

Hearing what Ye Feng said, Protector Mr. Shen just smiled bitterly and shook his head, and said loudly: "Ninth Young Master, you are really a little too confident. There are many super among the younger generation in our Great Demon God Sect. Strong ones, some super strong ones among the younger generation are even stronger than me."

"Um?"

Hearing what the guardian Shen said, Ye Feng's eyes suddenly showed a look of surprise.

Seeing the change in the expression on Ye Feng's face, Protector Mr. Shen immediately said: "You have to know that our Demon King's Palace is only the lowest-ranked palace in the entire Great Demon God Sect. Above the Demon King's Palace, there is also the Demon Emperor's Palace. , there is a Demon Temple above the Demon King's Palace, in which there are countless powerful people, and the young geniuses are like carps crossing the river, countless. If the three young masters, Demon Wudao, look for some super strong men of the younger generation from outside the Demon King's Palace to deal with Ninth Young Master, that's really dangerous."

After hearing the reminder from the guardian Shen, Ye Feng's face became slightly serious, and then he said, "I will pay attention."

Next, Ye Feng did not go out, but stayed in his big house to practice with concentration in preparation for going to the ancient ruins in half a month.

First of all, Ye Feng took out the few high-level energy crystals that he had obtained from the central hall before, and swallowed them.

Chapter 5265 The Third Giant

Boom!

At this moment, Ye Feng immediately felt a huge amount of energy, which was immediately injected into his Dantian, rapidly increasing Ye Feng's power.

This made Ye Feng's eyes suddenly reveal a look of surprise.

It seems that the cultivation resources he has received are quite good. They are worthy of being provided by the super powerful forces in the heaven to their disciples.

If these high-level energy crystals were just bred from ordinary low-level interfaces, then after Ye Feng swallowed them, they would definitely not be of much use. At most, they would increase his power a little.

But you must know that these high-grade crystals are all energy crystals excavated and refined by the Great Demon God Sect from the mineral veins of the heaven, so the energy contained in them is naturally very huge, giving Ye Feng a huge energy supplement. .

boom!

At this moment, Ye Feng's cultivation aura immediately began to break through with the energy injection from the energy crystal.

boom!

The forty-eighth realm of earthly evil! .??.

boom!

The forty-ninth level of Earthly Evil Realm!

boom!

The fiftieth level of Earthly Evil Realm!

At this moment, Ye Feng's cultivation level unexpectedly broke through three small realms in a row, directly breaking through to the fiftieth level of Earthly Evil Realm. This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Unexpectedly, the training resources for disciples in the Great Demon God Sect were so precious.

However, Ye Feng also knew that these energy crystals could be said to be the training resources of an ordinary disciple for a whole month. If he devoured them in just a short moment, he would naturally be able to achieve a huge breakthrough in his cultivation.

And next, Ye Feng stayed in seclusion in his own place of residence...

Time passes quickly, as

#Every time verification appears, please do not use incognito mode!

The running water leaves no trace.

Half a month later, a cold and beautiful figure landed outside Ye Feng's mansion.

It is Leng Yue, a young peerless female genius who was trained by the Lord of the Demon King's Hall, and also the confidant whom the Lord of the Demon King's Hall has trained since childhood.

At this moment, Leng Yue appeared outside Ye Feng's house in a blue outfit, looking heroic.

But that beautiful and fair little face gave Leng Yue a sense of innocence in her cold temperament.

At this time, Ye Feng had already sensed the aura of Leng Yue outside and immediately walked out of his place of residence.

When Ye Feng came outside, Leng Yue immediately looked at Ye Feng, with a faint smile on his beautiful and cold face, and said aloud: "I didn't expect you to be able to let the Third Young Master Demon Wudao do it to you. I gave in in front of him, which made me a little impressed. "

Hearing what Leng Yue said, Ye Feng understood immediately. It is estimated that Leng Yue also heard about the tit-for-tat confrontation between himself and the Third Young Master Demon Wudao.

At this moment, Ye Feng just smiled slightly and said: "The time is up, we can go directly to the ancient ruins."

Leng Yue nodded and immediately flew quickly towards the outside of the Great Demon God Sect.

Uh-huh!

Ye Feng also quickly followed.

Ye Feng soon came to Leng Yue's side and flew side by side with him.

At this moment, Ye Feng looked at the desolate land around him with a hint of surprise in his eyes.

Originally, Ye Feng thought that heaven was a place full of aura, and it must be lush and prosperous everywhere.

However, the outer areas of the Great Demon Sect are almost all wilderness, and in some low mountains, Ye Feng also saw underground caves, in which a clan of goblins seemed to live, as well as some creatures with dark attributes, hidden in the wilderness and Among the mountains.

Ye Feng saw this scene and couldn't help but said: "Miss Lengyue, the founder of our Great Demon God Sect doesn't know what he thinks, and he actually established the sect in such a wilderness."

Leng Yue heard what Ye Feng said, glanced at Ye Feng, and said loudly: "Don't look at the wilderness everywhere here. It seems extremely desolate, but in fact, this is the place with the most mineral veins and mines in the entire Southern District of Tianjie. , although the spiritual energy concentration is indeed a bit worse, the cultivation resources and various mineral resources are the most abundant. That is to say, our Great Demon God Sect has a profound foundation, countless strong men, and the style has always been ruthless and domineering. Otherwise, in our In the southern area of the heaven, our Great Demon God Sect simply cannot occupy such a place that is very rich in mineral resources."

When Ye Feng heard what Leng Yue said, he immediately nodded and said: "There are three giant forces in the southern area of our heaven. Our Great Demon God Sect is one of them, and the Immortal Sect is also one of them. So, What is the third giant force?"

It is not unexpected for Ye Feng to ask this question at this time, because Ye Feng has not read any news about the third giant force from the memory of the Ninth Young Master Demon Wushuang, which also means that the Ninth Young Master Demon Wushuang, in fact, has always lived under the protection of the Great Demon God Sect, and he is usually quite introverted, has poor social relations, and is not so clear about the overall situation of the heaven.

Hearing Ye Feng's question at this moment, Leng Yue said: "The third giant force is very mysterious. It is not on the bright side in the southern region of our heaven, but a big force hidden in the dark, called

Become a killer league. "

"Assassin's League?"

At this moment, hearing Leng Yue say this, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but say: "This name doesn't sound like the name of a sect."

Leng Yue nodded, and there was a trace of fear and awe in his eyes, and he said: "Whether it is the Changsheng Xianmen or our Great Demon God Sect, although one is the immortal way and the other is the demon way, they are all big sects in the open, but this killer alliance is an organization

hidden in the dark, not a real sect-like force, and you have to know that this killer alliance is actually headquartered in the Eastern Shenzhou land where our heavenly realm has the deepest foundation. This killer alliance in our southern region is just a branch of the real killer alliance headquarters in the Eastern Shenzhou land in the southern region of our heavenly realm."

"Just a branch? Can it be comparable to the Great Demon God Sect and Changsheng Xianmen?"

At this moment, hearing Leng Yue say this, Ye Feng's eyes suddenly showed a trace of shock.

Ye Feng knew very well that both the Immortal Sect of Longevity and the Great Demon God Sect were great and powerful forces that had been passed down for tens of millions of years, otherwise they would not have been able to dominate the southern region of the heaven.

After all, even in the southern region of the heaven, the land was extremely vast, with thousands of various dynasties and sects, and the forces were complicated.

However, the only forces recognized as the strongest were the Immortal Sect of Longevity and the Great Demon God Sect, as well as the assassin alliance that Leng Yue mentioned.

At this time, Ye Feng could not help but sigh and said, "Even the distribution of a district is so terrifying. I wonder how hidden dragons and crouching tigers this assassin alliance's headquarters in the eastern Shenzhou land is."

Chapter 5267 Something is happening

At this time, Ye Feng saw the scene in front of him, and there was a look of surprise in his eyes. He couldn't help but said: "I didn't expect that Miss Lengyue looked so soft and weak, but when she struck, she had such terrifying power. With such strength, the horn on the head of this extremely powerful ancient monster was instantly shattered. It seems that the ring magic weapon in your hand is a very advanced weapon. "

When Leng Yue heard what Ye Feng said, she immediately smiled and said, "This ring weapon was refined for me personally by my master."

Ye Feng couldn't help but asked curiously: "Who is your master?"

Leng Yue glanced at Ye Feng and couldn't help but said a little helplessly: "I was trained by the Lord of the Palace since I was a child. My master is of course the Lord of the Palace, who is your father, Ninth Young Master. "

Hearing what Leng Yue said, Ye Feng immediately nodded in realization.

At this moment, the huge ancient monster not far away that was smashed to the ground seemed to have seen the power of Leng Yue. Naturally, it suddenly became very scared and rushed towards the distance.

Uh-huh!

But at this time, Ye Feng directly stretched out a hand. Ye Feng's hand immediately turned into a huge golden hand, which directly bombarded the ancient monster. An ancient monster beast was blown to pieces.

Seeing this scene, Leng Yue, who was standing not far away, also had a look of surprise in his eyes, and said loudly: "I didn't expect that the power of your body is so powerful. You can do it with just one hand. This powerful ancient monster was smashed into pieces. You know, the actual level of this ancient monster is two or three levels higher than yours. It seems that your combat power is indeed stronger than I imagined. a lot of."

Hearing what Leng Yue said at this moment, Ye Feng smiled slightly, and then did not answer anything. He directly put the body fragments of this ancient monster directly into his storage ring, and then swallowed them silently.

Buzz!

At this moment, Ye Feng immediately felt that his cultivation skills had greatly increased, and the cultivation aura on his body began to grow rapidly.

Boom!

Along with the fluctuation of a powerful aura, Ye Feng's cultivation level actually broke through a small level at this moment, from the fiftieth level of the Earthly Evil Realm to the fifty-first level of the Earthly Evil Realm. In order to get a breakthrough, Ye Feng also showed a look of surprise in his eyes.

Because Ye Feng himself did not expect that such a weak ancient monster, the blood energy contained in its body, could actually allow Ye Feng to directly break through a small realm, which still surprised Ye Feng.

At this time, sensing the changes in Ye Feng's cultivation aura, Leng Yue's eyes showed a curious look, and she couldn't help but asked in surprise: "Why did the Ninth Young Master suddenly gain the cultivation level?" breakthrough?"

When Ye Feng heard Leng Yue's question, he did not answer directly. Instead, he smiled and said: "Occasionally, I will have an epiphany during the battle and break through to a small realm. It is normal."

Hearing what Ye Feng said, Leng Yue stared at Ye Feng in shock, and then couldn't help but said: "Just now you just stretched out your hand casually and smashed that ancient monster into pieces. This is considered a battle." Did you say that you suddenly had an epiphany during the battle?

#Every time verification appears, please do not use incognito mode!

Yes, you have broken through a small realm. Your reason is too far-fetched. "

It has to be said that Leng Yue is not only powerful in cultivation and powerful in means, but also an extremely smart woman. She knew in an instant that Ye Feng's reason was just a lie and a cover-up, and there must be a deeper reason.

But at this time, it was naturally impossible for Ye Feng to tell about his devouring ability, because Ye Feng's devouring ability was so unbelievable and terrifying that if he told it, he would definitely be in extremely terrible danger.

At this time, Ye Feng did not answer directly, but said aloud: "Miss Leng Yue, this is my secret. Don't ask any more questions. I will definitely not tell you."

When Leng Yue heard what Ye Feng said, she suddenly flew in front of Ye Feng. Her beautiful and cold eyes stared at Ye Feng. She seemed to be very curious and said aloud: "I have never seen a person suddenly appear out of thin air." You have broken through the realm of cultivation. This is really a magical thing. I really want to know how you did it. What do you want me to do before you can tell me? "

Looking at the beautiful and cold face in front of him, Ye Feng suddenly had a teasing smile in his eyes and said, "If you pledge yourself to me, maybe I will tell you?"

"What?"

Hearing what Ye Feng said, a look of astonishment suddenly appeared in Leng Yue's beautiful eyes.

But then, Ye Feng laughed quickly and said, "I'm teasing you, don't ask."

After saying that, Ye Feng flew quickly in a certain direction in the distance. Obviously, he didn't want to tell me Leng Yue his secret at all.

Leng Yue didn't take it seriously at this time, and just chased after her. There seemed to be a very confident look in her beautiful and cold eyes, and she said loudly: "Sooner or later, you will tell me one day."

Next, the two continued to fly quickly in this green prairie.

At this time, Leng Yue seemed to have thought of something and couldn't help but said: "Your perception was quite powerful just now. Even I didn't feel it. An ancient demon suddenly appeared from the ground not far away. Beast, but you sensed it instantly. You must know that my cultivation strength is much higher than yours. I didn't sense anything. You sensed it earlier than me. Your perception is really amazing. "

Hearing Leng Yue praise himself so much, Ye Feng smiled slightly and did not respond.

Seeing that Ye Feng remained silent, Leng Yue curled her lips, and there was a look of dissatisfaction on her beautiful and cold white face, as if she was very dissatisfied that Ye Feng was hiding everything from her.

However, Leng Yue knew that she was not very familiar with Ye Feng, the Ninth Young Master of Demon King Palace, so Leng Yue did not ask any more questions.

And just when Leng Yue secretly felt that Ye Feng was really a mysterious figure, a huge noise suddenly sounded not far away.

"Is there a situation?"

Ye Feng and Leng Yue's eyes immediately moved, and they looked directly in the direction where the movement came from.

The next moment, Ye Feng said with some surprise: "In the direction where the movement occurred, a building seemed to have appeared. It seems that we are about to walk out of this green grassland."

Leng Yue nodded and said, "Go over and take a look. With such a big movement, there must be a chance." At this time, Ye Feng saw the scene in front of him, and his eyes suddenly showed a look of surprise. Colorful, he couldn't help but said: "I didn't expect that Miss Lengyue, who looked so soft and weak, would have such terrifying strength when she took action. In an instant, she directly blasted this extremely powerful ancient monster on the head. The horn was shattered instantly. "What?"

Hearing Ye Feng say this, Leng Yue's beautiful eyes suddenly showed a look of astonishment.

But then, Ye Feng laughed and said: "I'm just kidding you, don't ask."

After that, Ye Feng flew quickly in a certain direction in the distance, obviously not wanting to tell his secret to me, Leng Yue.

Leng Yue didn't care at this time, and chased after him directly. There seemed to be a trace of confidence in her beautiful and cold eyes, and she said: "You will tell me sooner or later."

Next, the two continued to fly quickly in this green grassland.

At this time, Leng Yue seemed to have thought of something, and couldn't help but say: "Your perception is quite powerful just now. Hearing Leng Yue praising himself like this, Ye Feng smiled slightly and did not respond.

Seeing Ye Feng remain silent, Leng Yue curled her lips, and a trace of dissatisfaction appeared on her beautiful and cold white face, as if she was very dissatisfied with Ye Feng hiding everything from her.

However, Leng Yue knew that she was not too familiar with Ye Feng, the ninth young master of the Demon King's Palace, so Leng Yue did not ask much.

Just when Leng Yue secretly felt that Ye Feng was really a mysterious person, a huge noise suddenly sounded not far away.

"Is there something going on?"

Ye Feng and Leng Yue's eyes moved immediately, and they looked directly in the direction where the noise came from.

The next moment, Ye Feng said in surprise: "In the direction where the noise appeared, there seems to be a building. It seems that we have to leave this green grassland."

Leng Yue nodded and said: "Let's go and take a look. There must be a chance with such a big noise."

Chapter 5268 Bloodstained Statue

At this time, Ye Feng and Leng Yue immediately flew quickly in a certain direction not far away.

The place where Ye Feng saw happened to be a building standing on the grassland.

So Ye Feng felt that that place might have great opportunities.

At this moment, Ye Feng looked at Leng Yue beside him and said, "We still have to be careful. After all, there must be other young masters entering this ancient ruins."

Hearing what Ye Feng said, Leng Yue's beautiful and cold little face seemed to show a confident smile, and she couldn't help but said: "I didn't expect you to be quite cautious. I always thought you were very domineering and could do anything." Not afraid."

Ye Feng smiled faintly at this time and said: "Although I am not afraid of anything, I am not stupid, and I am not arrogant. I just maintain due caution."

Hearing what Ye Feng said, Leng Yue couldn't help but look at Ye Feng, couldn't help but laugh and said: "You are so talented, yet you can still be so cautious. It seems that I still don't know much about you. Too little, you are definitely not as young and impulsive as you seem."

And while the two were talking, they had already arrived in front of the ancient building outside the green grassland.

At this time, most of the buildings Ye Feng saw had collapsed.

At this time, Leng Yue saw the huge noise not far away. It was that one of the buildings had collapsed. It was not that someone was fighting for opportunities here.

This made Leng Yue's eyes suddenly show a rather disappointed look, and she said loudly: "I thought there was some good luck here, but I didn't expect it was just an abandoned building, and there didn't seem to be any good treasures. "

Ye Feng nodded and said, "Go over and take a look."

Uh-huh!

At this moment, Ye Feng immediately

#Every time verification appears, please do not use incognito mode!

It was flying quickly towards the collapsed building not far away.

Leng Yue also quickly followed at this time.

When the two of them arrived at the collapsed palace, they immediately saw a very surprising scene.

Seeing that there were many dead bodies buried in this collapsed palace, Ye Feng immediately landed, and after a little exploration, he couldn't help but said: "The bodies of these dead bodies are still very fresh, they should have been dead not long ago. "

When Leng Yue heard what Ye Feng said, there was a look of surprise in her eyes, and then she said expectantly: "In other words, these people were exploring some kind of chance in this palace, which caused the palace to collapse. These people were smashed to death, or these people were killed by the danger contained in the palace. "

Ye Feng nodded and immediately started cleaning up the debris of the collapsed palace around him.

When Ye Feng finished cleaning up, he immediately saw an ancient statue of a god buried among the ruins of the palace.

This ancient god sculpture still exudes a faint divine light, giving people a very sacred feeling.

But at this moment, the surface of this statue was stained with a lot of blood, which should be the blood on the corpses that had been killed just now.

Ye Feng could sense at this moment that the strength of these corpses before death was still very strong, two or three realms higher than himself.

There were six or seven corpses in total.

At this time, Ye Feng didn't hesitate at all. He immediately secretly released the Devouring Domain and drained the blood of several corpses on the ground.

The energy was swallowed up directly, which can be regarded as an unexpected gain and a missed opportunity.

Buzz!

At this time, as waves of blood energy and skill were injected into Ye Feng's Dantian, Ye Feng's cultivation aura immediately grew rapidly and broke through.

boom!

The fifty-second level of Earthly Evil Realm!

boom!

The fifty-third level of Earthly Evil Realm!

At this moment, Ye Feng's cultivation aura suddenly broke through two small realms.

This made Ye Feng's eyes suddenly reveal a look of surprise.

Unexpectedly, the blood energy and skills contained in these dead bodies were quite good.

At this time, Leng Yue, who was exploring other parts of the palace ruins not far away, sensed the breakthrough in the cultivation aura of Ye Feng not far away, and immediately revealed a look of deep astonishment in his eyes.

Uh-huh!

She immediately flew in front of Ye Feng and stared at Ye Feng in disbelief, making this cold and beautiful little face look a little cute.

At this time, Leng Yue was very unbelievable. She stared at Ye Feng and couldn't help but said: "Ye Feng, how did you do it? Why did your cultivation level suddenly break through again?"

Ye Feng immediately grinned and said, "I suddenly had an epiphany, so I broke through several small realms."

"Are you trying to excuse me with the excuse of enlightenment?"

Leng Yue would naturally not believe Ye Feng's words at this time, but Leng Yue had already known it before, and it was impossible for Ye Feng to tell him his secret.

So Leng Yue didn't ask any more questions at this time, but she was absolutely beautiful

#Every time verification appears, please do not use incognito mode!

He stared at Ye Feng, as if he wanted to eat Ye Feng thoroughly from now on.

Obviously, Leng Yue was too curious about the secret of Ye Feng's sudden breakthrough in cultivation.

Because this ability is so incredible, even Leng Yue, a confidant trained by the Lord of the Demon King Hall since childhood, and a peerless female genius, are all shocked and extremely curious about Ye Feng's ability. .

At this time, Leng Yue couldn't help but asked: "It seems that the biggest secret in this collapsed palace is the blood-stained ancient statue just now."

Ye Feng nodded, and Leng Yue came directly to the blood-stained statue of the god.

At this moment, Leng Yue directly stretched out her hand and touched the surface of this statue of a statue, as if she wanted to carefully explore what was special about this statue of a statue.

Buzz!

But the moment Leng Yue stretched out her hand and touched this statue of a god.

Boom!

A very terrifying force suddenly spread from the statue to the surroundings.

This terrifying force is a very special kind of space energy.

Ye Feng's expression immediately changed, and he couldn't help but say: "The power on this statue is a very special power of space. It seems that it wants to suck you, Miss Lengyue, directly into this statue."

However, at this time, Ye Feng did not stop the space energy emanating from the statue of the statue. Instead, he grabbed Leng Yue's palm, and the two of them were sucked into the inner space of the statue of the statue.

Ye Feng did not stop all this, just because he wanted to be passively sucked into the inner space of the statue of the statue, and wanted to see what the inside of the statue of the statue looked like.

Chapter 5269 Mysterious Symbol

At this time, Ye Feng did not stop everything from happening. Instead, he took Leng Yue's hand and was sucked into the space inside the statue together with Leng Yue.

Obviously, Leng Yue, as a peerless female genius with excellent psychological quality, also knew that Ye Feng acquiesced to the purpose of them being sucked into the sculpture space inside the statue, so she did not resist.

The two of them were directly sucked into the inner space of the statue.

The next moment, the two of them immediately saw that the space around them was very small.

Leng Yue couldn't help but said: "Is this the space inside the statue of the god?"

Ye Feng looked around, nodded, and said aloud: "The inner space of this statue of the statue feels quite small, and the surrounding area is completely white. It seems that there is no so-called danger, but there is nothing Chances are good."

Hearing what Ye Feng said, Leng Yue shook her head and said aloud: "The practitioners who were killed by the ancient statues just now must have suffered something that caused them to die suddenly and trigger the collapse of the entire palace. , I think there must be something incredible in the inner space of this statue."

Hearing what Leng Yue said at this moment, Ye Feng nodded, and Leng Yue and he started to explore the inner space of this ancient statue sculpture from both sides.

But after they explored it, they really didn't find anything good.

Sensing all this at this time, both Ye Feng and Leng Yue had a look of astonishment on their faces.

Because they didn't expect that there was nothing in the inner space of this very special-looking god sculpture.

Leng Yue was a little discouraged and said aloud: "It seems that my trip was in vain."

But at this time, Ye Feng couldn't help but said: "Although there is nothing in the inner space of this ancient statue sculpture, it does not mean that there is no luck in it. Maybe the resources in it are hidden. In the void of inner space."

Hearing what Ye Feng said, Leng Yue suddenly showed a look of surprise in her eyes, then looked at the surrounding internal space and said aloud: "But I didn't find anything special about the internal space of this statue sculpture. ah."

Hearing Leng Yue say this, Ye Feng suddenly said: "Give me a moment, I will sense it."

At this moment, Ye Feng exuded his soul power, covering the surrounding area, even covering the entire space inside the statue, but Ye Feng still did not sense anything.

At this moment, Ye Feng began to operate the Eye of Heaven and Earth again, able to see through all illusions.

Sure enough, as Ye Feng rotated the Eye of Heaven and Earth at this moment, Ye Feng immediately saw that there was some kind of special light shining in the deep void in the inner space of this ancient statue sculpture.

This light condenses into a special symbol.

"Um?"

Seeing this scene, Ye Feng's eyes lit up, and he grabbed directly towards the deep void inside the ancient statue sculpture.

But just when Ye Feng was about to touch the symbol, a terrifying power suddenly spread from the symbol, instantly sending Ye Feng flying backwards.

Almost at the next moment, Ye Feng and Leng Yue were directly transported out of this ancient world by a strong force of space energy.

The sculpture space inside the statue was blasted back to the outside.

At this time, both Ye Feng and Leng Yue felt that they had been severely injured, and both of them could not help but spit out a mouthful of blood.

This made Ye Feng and Leng Yue look at each other, with deep horror in their eyes.

At this time, Leng Yue looked at the corpses around him and couldn't help but said: "I finally know how these people died. They were also inadvertently sucked into the space of the sculpture inside the ancient statue. I touched the mysterious symbol Ye Feng discovered, and was blown away by the power in it. My whole body was shaken to the point where my muscles and veins were all broken, and I died. After all, even we were injured by the shock, let alone these ordinary practitioners."

At this time, Leng Yue said, still looking at Ye Feng in surprise, and couldn't help but said: "My cultivation level is much higher than yours, so I can withstand the damage caused by the power that the mysterious symbol just erupted. , But your cultivation level, Ninth Young Master, is so much lower than mine, how did you withstand the impact of that terrifying power?"

When he said this, Leng Yuezai took a careful look at Ye Feng, and then said loudly: "The power of your body seems to be very extraordinary. Your blood energy is like a burning furnace, and your meridians and bones are like a burning stove." It's like it's made of steel, extremely strong."

Hearing what Leng Yue said, Ye Feng did not respond. Instead, he stared at the blood-stained statue of a god that fell on the ground not far away for a moment. He couldn't help but said aloud: "That mysterious symbol contains energy. It is so huge that it knocked both of us super geniuses out of the inner space of this statue, and even caused us to suffer heavy losses. It is really unbelievable. This ancient statue itself is definitely an extremely extraordinary existence. That mysterious symbol seems to represent some kind of special secret."

Hearing what Ye Feng said, Leng Yue nodded and said: "The energy contained in that mysterious symbol is so huge and advanced, it must contain some special secrets, but we can't get close to that mysterious symbol, let alone explore the secrets in this mysterious symbol."

Hearing what Leng Yue said, Ye Feng was silent for a while. Just now, Ye Feng also tried to forcefully refine the mysterious symbol, but Ye Feng found that he couldn't touch the mysterious symbol at all.

At this moment, Ye Feng's eyes showed a trace of adventure, and he said: "No matter what, I want to try it. I can't just leave here like this. Miss Leng Yue, you protect me outside. If there are other young talents coming here, please help me resist for a while."

Hearing what Ye Feng said, Leng Yue nodded. She didn't really believe that Ye Feng, who was lower than her in cultivation, could really refine the mysterious symbol and obtain the secret of this ancient statue.

But since Ye Feng said so, Leng Yue naturally couldn't refuse.

Swish!

At this moment, Ye Feng once again entered the inner space of the ancient statue sculpture, and then burst out the power of the immortal body of the god with all his strength.

And this time, without Leng Yue, an outsider, around, Ye Feng directly used the extremely powerful magic weapon he had obtained before, that is, the Ice Sword of the Ice God King, one of the ten ancient gods.

Ye Feng wanted to use the power of the god king contained in the Ice Sword, a peerless divine weapon, to see if he could suppress the terrifying destructive power erupted by the mysterious symbol, so as to forcibly refine the mysterious symbol, control the entire ancient statue sculpture, and thus obtain the secrets in the ancient statue sculpture. At this time, Ye Feng did not stop everything from happening, but naturally pulled Leng Yue's hand and was sucked into the space inside the statue sculpture with Leng Yue.

And obviously, Leng Yue, as a peerless female genius with extraordinary psychological quality, she also knew that Ye Feng acquiesced to their purpose of being sucked into the inner sculpture space of the statue, so she did not resist.

The two were directly sucked into the inner space of the statue sculpture.

The next moment, the two of them suddenly saw that the space around them was very small.

Leng Yue couldn't help but say, "Is this the space inside the statue?"

Ye Feng looked around, nodded, and said, "The interior space of this statue seems quite small, and it's all white around. It seems that there is no so-called danger, but there is no chance either."

Hearing what Ye Feng said, Leng Yue shook his head and said, "The practitioners who were killed by the ancient statue must have encountered something, so they died suddenly and caused the collapse of the entire palace. I think there must be something incredible inside this statue."

Hearing Leng Yue say this at this moment, Ye Feng nodded, and he and Leng Yue directly started to explore the interior space of this ancient statue from both sides.

But after they explored it, they really didn't find anything good.

At this time, sensing all this, both Ye Feng and Leng Yue showed a look of astonishment.

Because they didn't expect that there was nothing inside this seemingly very special statue.

Leng Yue was a little disappointed and said, "It seems that I came here in vain."

But at this time, Ye Feng couldn't help but say, "Although there is nothing in the internal space of this ancient statue, it does not mean that there is no opportunity or good fortune in it. Perhaps the resources and good fortune in it are hidden in the void of the internal space."

Hearing Ye Feng say this, Leng Yue's eyes suddenly showed a look of surprise, and then looked at the internal space around him and said, "But I didn't find anything special in the internal space of this statue."

Hearing Leng Yue say this, Ye Feng suddenly said, "Give me some time, I will sense it."

At this moment, Ye Feng exuded his soul power and covered the surroundings, even covering the entire space inside the statue, but Ye Feng still didn't sense anything.

At this moment, Ye Feng began to operate the Eye of Heaven and Earth again, which could see through all illusions.

Sure enough, at this moment, as Ye Feng activated the Eye of Heaven and Earth, he immediately saw that in the deep void of the inner space of this ancient statue sculpture, a special light was flashing.

This light condensed into a special symbol.

"Hmm?"

Seeing this scene, Ye Feng's eyes lit up, and he directly grabbed the deep void of the inner space of this ancient statue sculpture.

However, just when Ye Feng was about to touch this symbol, a terrifying force suddenly spread out from this symbol, instantly blasting Ye Feng back.

Almost at the next moment, Ye Feng and Leng Yue were directly transported out of this ancient statue by a strong space energy

The inner sculpture space of the statue was blasted back to the outside again.

At this time, both Ye Feng and Leng Yue felt that they had suffered a heavy blow, and both of them couldn't help but spit out a mouthful of blood.

This made Ye Feng and Leng Yue look at each other, and both of them showed deep horror in their eyes.

At this time, Leng Yue looked at the corpses around him and couldn't help but said: "I finally know how these people died. Hearing what Ye Feng said, Leng Yue nodded and said: "The energy contained in that mysterious symbol is so huge and advanced that it must contain some kind of special secret, but we can't even get close to it. Mysterious symbols, let alone exploring the secrets of this mysterious symbol."

Hearing what Leng Yue said, Ye Feng was silent for a moment. Just now, Ye Feng also tried to forcibly refine the mysterious symbol, but Ye Feng discovered it and could not touch the mysterious symbol at all.

At this moment, there was a hint of adventure in Ye Feng's eyes, and he said loudly: "No matter what, I have to give it a try. I can't just leave here like this. Miss Leng Yue, you will protect me outside. If there is any Other young geniuses came here and asked Miss Leng Yue to help me resist for a while. "

Hearing what Ye Feng said, Leng Yue nodded. She actually didn't really believe that Ye Feng, who was even lower in cultivation than her, could really refine the mysterious symbol and obtain the secret of this ancient statue.

But since Ye Feng said so, Leng Yue naturally couldn't refuse.

Uh-huh!

At this moment, Ye Feng once again entered the inner space of the ancient statue sculpture, and then unleashed the power of the immortal body of the god with all his strength.

And this time without an outsider like Leng Yue around, Ye Feng directly used the extremely powerful magic weapon he had obtained before, which was the Ice Divine Sword of the Ice God King, one of the ten ancient god kings.

Ye Feng wanted to use the power of the divine king contained in the peerless divine weapon, the Ice Divine Sword, to see if he could suppress the terrifying destructive power erupted by the mysterious symbol, so as to forcibly refine the mysterious symbol and control the entire ancient statue sculpture. , thereby obtaining the secrets in the ancient statue sculptures.

Chapter 5270 Puppet Giant

It has to be said that the Ice Divine Sword is indeed the sword of the Ice Divine King, one of the ten ancient divine kings.

Once this peerless weapon reveals its power, it is extremely terrifying.

At this moment, after Ye Feng cast the Ice Divine Sword, a huge shadow of the Ice God King suddenly condensed out of the Ice Divine Sword, releasing traces of the power of the ancient Ice God King. .

With the help of the majesty and power of the ancient Ice God King, Ye Feng successfully suppressed the mysterious symbol in the void inside the ancient statue sculpture, allowing Ye Feng's palm to directly touch the mysterious symbol.

Boom!

At this moment, this mysterious symbol immediately burst out with a terrifying force, seemingly trying to resist Ye Feng's forced refining.

But at this moment, the entire audience was suppressed by the power of the Ice Divine Sword, the divine weapon of the ancient god king. Therefore, the resistance force released by this mysterious symbol could no longer send Ye Feng flying backwards with shock. , but Ye Feng was forced to refine this mysterious symbol. ??

The moment Ye Feng successfully refined this mysterious symbol, Ye Feng immediately felt that this ancient statue sculpture was completely controlled by him.

Ye Feng also grasped all the information about this ancient statue of god in an instant.

At this time, Ye Feng finally understood that there was indeed nothing good in the inner space of this ancient statue sculpture, but the ancient statue sculpture itself was a very powerful treasure.

This ancient statue sculpture was specially cast by ancient practitioners in ancient times to carry the power of faith of some ancient people.

In addition, this ancient statue sculpture itself contains the power of the ancient gods, and it can be regarded as a treasure contaminated with the spirit of the gods.

At this time, Ye Feng was naturally quite happy. After all, the treasures that could be tainted with the spirit of the gods were all very powerful.

Although it may not be as good as his own Ice Divine Sword, the magical function of this ancient statue sculpture is not only for attacking.

The inner space of the ancient statue sculpture contains the spirit of the gods. If you put some natural materials, weapons, armor, etc. into the inner space of the ancient statue sculpture, you can get the spirit of the spirit contained in the ancient statue sculpture. In this way At that time, the weapons, armors or heavenly materials and earthly treasures placed in the power space of the ancient statues can be upgraded.

At this moment, after Ye Feng learned about this purpose, he instantly exited the inner space of the ancient statue sculpture.

At this moment, Leng Yue, who was protecting the law outside, saw Ye Feng coming out so quickly, and couldn't help but said: "You haven't found a way to refine this ancient statue sculpture, have you?"

Ye Feng smiled slightly at this moment and said: "I have successfully refined it."

After saying that, Ye Feng directly stretched out his hand and put this ancient statue sculpture into his body.

After seeing this scene and discovering that Ye Feng had completely refined and controlled this ancient statue sculpture, Leng Yue was naturally very shocked.

She couldn't help but stare at Ye Feng, and said incredulously: "Ninth Young Master, you really impressed me. The mysterious symbols contained in the inner space of this ancient statue sculpture, and the energy in it are simply terrifying to the extreme. , I didn't expect that in just a few minutes after you entered, you were already completely

It is really incredible that he has refined this mysterious symbol and mastered this ancient statue sculpture. "

While the two were talking, a huge roar suddenly sounded not far from this ancient building.

Ye Feng and Leng Yue naturally did not hesitate at all, and immediately flew quickly in that direction.

When they arrived at their destination, they immediately saw many young geniuses and masters surrounding them, besieging a huge steel puppet giant.

The entire body of this steel puppet giant is made of special materials from ancient times, and its entire body is several kilometers tall. It is indestructible from top to bottom, as if covered with a thick layer of steel armor. The two eyeballs are also made of steel, and are emitting a scarlet divine light at this moment.

Seeing this scene, Leng Yue immediately couldn't help but said: "This steel giant should be an ancient puppet. Appearing here at this time, I am afraid he is guarding some secret of this ancient building. So many young people The masters are all besieging this giant steel puppet, probably because they want to get something or open something."

Hearing what Leng Yue said, Ye Feng nodded, pointed in the direction behind the steel puppet giant, and said loudly: "Leng Yue, look, there is a well-preserved ancient city wall behind this steel puppet giant. This Among the ancient city walls, there should be a royal palace in ancient times. This ancient steel puppet giant was probably built by the owner of this building to protect the last place where wealth was stored. "

Hearing what Ye Feng said, Leng Yue also looked towards the back of this ancient steel puppet giant. Sure enough, she saw that there was a very well-preserved city wall behind it, and behind the city wall was an ancient palace.

Leng Yue nodded and said, "A very powerful cultivation dynasty should have been born here in the past, and a majestic palace was built. This iron puppet giant should be the guardian puppet of this ancient palace."

At this moment, Leng Yue thought about it and said, "Should we join them?"

Ye Feng nodded and said, "There are so many young masters around now, all attacking this iron puppet giant. It seems that we must defeat this iron puppet giant before we can break through the wall and enter the ancient palace ruins behind the wall. Let's blend in and attack this iron puppet giant together, and then we can snatch the treasures when the situation changes."

Hearing what Ye Feng said, Leng Yue nodded immediately, and flew directly to the sky with Ye Feng.

At this moment, the huge movement around has attracted nearly hundreds of young geniuses and masters to come here. Everyone is attacking this iron puppet giant, because now their biggest enemy is this iron puppet giant.

However, it seems that everyone is united to deal with this iron puppet giant, but when they reach the ancient palace behind the city wall, it is estimated that these young geniuses will definitely kill each other for wealth.

Ye Feng and Leng Yue naturally know this, including other young geniuses and masters.

So in fact, when everyone attacked the iron puppet giant together, they did not use their full strength, so as to preserve their peak state, so as not to be plotted and killed by others around them after the iron puppet giant fell.
