Chapter 5271 Shocked

Boom!

At this moment, everyone's attacks were extremely terrifying.

After all, the young geniuses who can enter this ancient ruins are either young geniuses from the Great Demon God Sect, or top geniuses from some small and medium-sized forces. Their cultivation strength and methods are very powerful. .

So at this moment, even if everyone is not trying their best, under the attack of hundreds of powerful geniuses, this giant steel puppet who has passed hundreds of thousands of years will naturally be unable to resist so many powerful geniuses and masters. After attacking, he was defeated step by step. Finally, his energy was exhausted and he collapsed, completely losing his power.

"Come on!"

"Entering that ancient palace must contain huge opportunities!"

At this time, all the young masters and strong men present were frantically rushing towards this ancient palace, hoping to get the opportunity and good fortune within it.

At this moment, Leng Yue also immediately rushed towards the palace.

However, Ye Feng was one step behind Leng Yue.

Because Ye Feng wanted to collect the steel puppet giant.

This steel puppet giant has been attacked by hundreds of powerful geniuses until now. Although it fell, it actually did not suffer any damage. It is just that the energy crystal inside the steel puppet giant has been consumed, so it finally fell. .

From this we can also see how terrifying the defensive power of this steel puppet giant is, so Ye Feng still likes this steel puppet giant very much and wants to take it down directly.

Many people rushed into the palace first to rob the wealth, even Leng Yue was no exception. Leng Yue could no longer even control Ye Feng, but rushed into the palace one step ahead.

But Ye Feng was not in a hurry.

Because Ye Feng knows very well that since there is such a powerful steel puppet giant guarding the city wall outside the palace, there may also be huge dangers in the real palace.

risk.

Therefore, Ye Feng took his time and let these powerful young geniuses rush into the palace to explore the way, which was in line with his own wishes.

Behind his back, he just happened to put this extremely precious steel puppet giant into his storage ring.

At that time, Ye Feng only needs to find the place where the core of the steel puppet giant is activated and put in a few energy crystals to activate the steel puppet giant again for his own use.

But Ye Feng has this idea, and there are also other people who have this idea.

When Ye Feng came not far from the steel puppet giant, he was about to collect the steel puppet giant into his storage ring.

But three figures immediately flew in front of Ye Feng.

These three figures were all wearing black robes, and they seemed to be from the same sect.

These three figures are all men, and they look quite similar. They are actually very rare triplets practitioners.

At this moment, the cultivation aura of these triplets was two or three realms stronger than Ye Feng.

They blocked Ye Feng's way in an instant, and said coldly: "Everyone is rushing into the palace, but they don't know that this steel puppet giant is also a priceless treasure, but this steel puppet giant It only belongs to us, boy, hurry up and get out of here, otherwise, don't blame our men for being ruthless."

At this moment, when Ye Feng heard what the triplets said, he immediately smiled and said: "This steel puppet giant is indeed a very valuable treasure, but if you want to block my way, then just It can be said that you are really overestimating your capabilities."

"Um?"

Hearing what Ye Feng said, the triplets of practitioners immediately shouted:

Laughing loudly, he said aloud: "Our three brothers, each of our cultivation levels are two or three realms higher than you, not to mention that our three brothers have jointly cultivated a very powerful inheritance, even if it is higher than us A strong person with a higher level of cultivation would not dare to mess with our three brothers, let alone your cultivation level is lower than any of us."

At this time, Ye Feng did not hesitate and immediately charged towards the giant steel puppet.

Because Ye Feng saw it, in the other direction, there were also many young geniuses who noticed that this steel puppet giant was a good treasure and wanted to collect it.

At this time, Ye Feng naturally did not want to waste time, and immediately rushed towards the steel puppet giant.

But at this moment, these three triplets of practitioners in black, who were top geniuses from unknown sects, immediately burst out with their own cultivation auras, displaying an extremely powerful aura. The inheritance rushed towards Ye Feng in an instant.

The power emanating from them is astonishingly destructive.

But at this time, Ye Feng immediately smiled coldly and said loudly: "You can't stop me with the human sea tactics."

Almost at this moment, Ye Feng immediately used the powerful inheritance of the Great Demon God Sect that he had practiced, the Demon King's True Body Art.

boom!

At this moment, the black mana on Ye Feng's body suddenly surged, and a demon king's true body with a size of several kilometers was condensed behind him, and it instantly bombarded the three triplets practitioners. go.

At this moment, the terrifying power collided with each other, and the three twins were immediately knocked back by the true body of the demon king condensed by Ye Feng, and they all spit out blood.

"What?"

At this moment, the three twins were immediately shocked, staring at the true body of the demon king behind Ye Feng, and couldn't help but said in horror:

"You, a seemingly ordinary boy, are actually a genius from the supreme super power, the Great Demon God Sect, but why is your cultivation so low? But with such a low cultivation, you can actually release such a powerful combat power! Is this the foundation of a giant power?"

At this moment, the three twins immediately realized that Ye Feng could not be provoked at all, and they had to flee from here directly.

But at this time, Ye Feng just smiled coldly and said, "You want to escape after provoking me? You can't escape."

After saying that, Ye Feng directly activated the Demon King's true body and instantly killed the three triplets.

Then Ye Feng instantly released the Devouring Domain and devoured all the cultivation power of the triplets.

A huge amount of energy was immediately injected into Ye Feng's Dantian, causing Ye Feng's cultivation to grow rapidly.

Boom!

The 54th level of the Earthly Evil Realm!

Boom!

The 55th level of the Earthly Evil Realm!

At this moment, Ye Feng's cultivation broke through two small realms.

It must be said that the energy obtained is still very good.

Swish!

Then, Ye Feng flew in front of the Iron Puppet Giant, looked at the group of top talents rushing over from other directions, and immediately shouted in a very domineering manner: "This Iron Puppet Giant is mine. Whoever dares to snatch it will be my enemy, and the death of the three triplets will be the end."

Hearing what Ye Feng said, the many young talents rushing over showed fear on their faces.

After all, they had just seen that Ye Feng had powerful means, terrifying strength, and swift and resolute actions, and killed three extremely powerful triplets in an instant, which naturally shocked the young talents around who wanted to come and snatch the Iron Puppet Giant.

Chapter 5272 Skeleton Gate

At this time, seeing that many young geniuses who rushed over were afraid, Ye Feng naturally smiled confidently and directly put this huge steel puppet giant into his storage ring.

Then Ye Feng carefully explored and found the energy core of this steel puppet giant.

Ye Feng directly added some high-level energy crystals into the energy groove of this steel puppet.

Buzz!

Sure enough, the next moment, this steel puppet giant once again exuded divine light all over its body, and it could begin to burst out with extremely powerful power. .??.

But at this time, Ye Feng did not directly release this steel puppet giant.

Because Ye Feng knew very well that this was his trump card and could not be easily revealed.

At this moment, after getting this steel puppet giant, Ye Feng immediately rushed towards the palace.

Ye Feng was actually still a little vigilant. The young geniuses who had just snatched this steel puppet giant outside were all relatively weak in cultivation.

Those who are really powerful, such as Leng Yue, a core peerless genius, all rushed into the palace in an instant.

At this moment, Ye Feng climbed over the city wall and entered the palace, and immediately heard several screams not far away.

Ye Feng immediately looked over and found several powerful super geniuses from unknown sects. Their cultivation strength was three or four realms stronger than his, but they were still killed instantly by the ancient formation in a palace not far away, without even a bit of dust left.

Seeing this scene at this time, Ye Feng's eyes immediately showed a trace of deep vigilance.

Sure enough, this palace is just as he had guessed before, it contains huge dangers.

It is very likely that a seemingly ordinary

# Every time verification appears, please do not use the traceless mode!

In the palace, there is a very ancient and terrifying formation, which can instantly kill a powerful genius directly, without even a bit of dust left, and Ye Feng has no chance to go over and swallow it.

It must be said that these ancient formations are indeed extremely terrifying.

At this time, Ye Feng did not hesitate at all, and immediately released his soul power, spreading it around, trying to find the opportunities and fortunes that might be hidden around.

For Ye Feng, this palace must be very dangerous, but Ye Feng's soul power can allow Ye Feng to sense the dangerous formations that may exist around him in advance, so that Ye Feng will not be harmed by these formations.

Sure enough, at the moment when Ye Feng's soul power was released, Ye Feng immediately found that a formation hidden in the void appeared on the road ahead of him.

Once passing that place, this formation hidden in the void will instantly launch a very terrible destructive force, and directly kill passers-by on the spot.

After sensing all this, even Ye Feng couldn't help but sigh that the builders of this ancient palace in the past really took great pains to protect the entire palace. In the void of the palace, many hidden formations were engraved, which was very terrifying.

At this time, Ye Feng relied on his powerful soul power to fly around quickly and was not attacked by the formation.

Finally, Ye Feng came to a pure gold palace.

At this time, Ye Feng looked at the pure gold palace in front of him, and his eyes suddenly showed an expectation.

Because Ye Feng sensed a very violent energy fluctuation from this pure gold palace.

Swish!

Ye Feng immediately rushed into this golden palace at this moment.

When Ye Feng entered, he immediately saw that the entire golden palace was empty. Obviously, no one had come here, or someone came here, but saw that there was nothing in this golden palace, so he left directly.

But Ye Feng discovered some unusual places through his keen soul power.

This golden palace seemed to be empty, but Ye Feng sensed that on a certain wall of this golden palace, there was a kind of obscure energy fluctuation.

Boom!

Ye Feng immediately stretched out his hand and fiercely hit a certain wall of the golden hall.

Crack! Crack!

As Ye Feng's golden fist hit the wall, cracks appeared on the surface of the entire wall.

Then the wall of the entire hall collapsed.

The next moment, Ye Feng immediately saw that there were pieces of stones emitting nine-color light hidden in the wall of this hall.

These stones emitting nine-color light are very high-level energy crystals.

Seeing this scene, Ye Feng couldn't help but mutter to himself in surprise, "It seems that an ancient person hid so many energy crystals in the wall of this hall, perhaps to store his own wealth, but I didn't expect to be discovered by me."

If it were someone else, when they came to this golden hall and saw that it was empty, they would definitely leave directly because there was nothing.

But Ye Feng's keen perception,

# Please don't use the invisible mode every time verification appears!

Ye Feng instantly sensed that there were so many high-level energy crystals from ancient times hidden in the walls of this seemingly ordinary hall.

Ye Feng immediately released the Devouring Domain and prepared to start devouring.

But just when Ye Feng was about to devour.

Swish! Swish! Swish!

Suddenly, several figures flew over from outside the golden hall.

The clothes worn by these figures were all skeleton robes, obviously from a very evil sect.

Ye Feng couldn't help but say, "What are you going to do?"

Among these people, the most powerful young man stepped forward and said with a cold smile, "I didn't expect that the secret of this golden palace would be discovered by a weak boy like you. The walls of this golden palace are piled with so many high-level energy crystals from ancient times, emitting nine-color light, which means that the quality of these energy crystals is very high. But now all these energy crystals belong to us, you kid, hurry up and get out of here."

When Ye Feng heard what the young man said, and saw that the other people were all eyeing him, he immediately laughed, and said: "Why should I give you what I found?"

"How dare you!"

Hearing Ye Feng's laughter, the young man in the skeleton robe standing in the front shouted immediately, and then said coldly: "Where are you from? Can't you see that the clothes we are wearing are all from the Skeleton Sect? We are all top geniuses in the Skeleton Sect, and our cultivation is three or four realms stronger than yours. You are alone, and you will die if you meet us. However, considering that you helped us find so many energy crystals, you should get out of our way now, and maybe I can spare your life."

Chapter 5273: Weakness

At this moment, hearing the arrogant words of the young man wearing a skull robe, Ye Feng's expression did not change at all, but he said indifferently: "What if I don't leave?"

Hearing what Ye Feng said, the young man wearing a skull robe immediately burst into laughter, with deep contempt in his eyes, and said loudly: "Then I have no choice but to be merciless and kill you on the spot. "

boom!

At this moment, after the young man in the skull robe finished speaking, an extremely powerful cultivation momentum burst out from his body, which was three realms higher than Ye Feng's current level.

I have to say that although this Skeleton Sect is not a super sect in the southern region of Heaven, its top disciples are still very powerful.

At this moment, there were several other disciples of the Skull Sect behind him, and they couldn't help but said: "Elder brother, let us take action. This kid is so weak, and it is too much for the eldest brother to take action directly. Kudos to this guy."

Hearing what the Skeleton Sect disciples behind him said, the young man wearing a skeleton robe, who was called Senior Brother, suddenly showed a faint sneer in his eyes, and said aloud: "This boy is so arrogant. If he dares to be so arrogant in front of me, let me kill him personally and let him know the consequences of offending our Skeleton Sect."

boom!

At this moment, a terrifying dark aura suddenly erupted from the young man wearing a skull robe.

These dark auras condensed directly on the head of this young man wearing a skull robe, forming a huge skull, which was the size of a mountain. It directly carried terrifying power and moved towards Ye Feng in an instant. He rushed towards Ye Feng in a certain direction, trying to kill Ye Feng in an instant.

Seeing this scene at this time, Ye Feng suddenly showed a sneer in his eyes, and said loudly: "Since you are so cruel and want to kill me, then let me test what I just got The power of the steel golem giant."

Uh-huh!

Almost as soon as Ye Feng finished speaking,

#Every time verification appears, please do not use incognito mode!

At the same moment, Ye Feng took out the ancient steel puppet giant he had just obtained from the storage ring.

At this time, the core of the steel puppet giant had been injected with energy crystals by Ye Feng.

So at this moment, Ye Feng directly let this ancient steel puppet giant burst out with extremely powerful power.

Boom!

The power of the ancient puppet giant is very terrifying. After all, he was besieged by hundreds of super geniuses just now. In the end, he fell down because of the consumption of energy crystals.

Therefore, this steel puppet giant was once again injected with energy crystals at this moment, and the power it exerted was simply terrifying to the extreme.

boom!

I saw the towering giant steel puppet, stretching out a big hand that covered the sky, and instantly smashed the black skull condensed by the senior brother from the Skull Sect into pieces.

"What??"

Seeing this scene, several Skeleton Sect disciples present were shocked.

Especially the senior brother at the front couldn't help but said in horror: "You kid, when did you collect that extremely powerful steel puppet giant into your storage ring? And you gave it to it again? Infused with energy, damn it!"

At this time, the senior brother yelled angrily, and a black scepter appeared in his hand, and then released extremely powerful dark energy in an instant, directly forming black threads, connecting this steel The entire body of the puppet giant was surrounded, and the steel puppet giant was unable to move its body for a while.

"Very good!"

Seeing this scene, the Skeleton Sect disciples behind them breathed a sigh of relief and couldn't help but smile and said: "It's better.

The eldest brother has powerful methods and temporarily controls the steel puppet giant. As long as the steel puppet giant is trapped, that boy will definitely die. "

Obviously, this group of Skeleton Sect disciples believe that Ye Feng's strength is just the steel puppet giant in his hands. Ye Feng himself is extremely weak.

But at the next moment, what horrified the group of smiling skeleton disciples was that they suddenly saw Ye Feng burst into brilliant golden light, as if he had turned into a golden young god. Likewise, the golden fist, like the sharpest spear in the world, instantly shattered the scepter in their senior brother's hand.

"Pfft!"

Immediately, as if entering an uninhabited land, the golden fist punched through their senior brother's chest instantly, leaving a bloody hole.

"ah!!"

At this time, the senior brother of the Skull Sect immediately let out an earth-shattering scream, and couldn't help but said in horror: "What?? How is this possible?? How can your cultivation be so powerful? ?"

At this moment, the senior brother of the Skeleton Sect could be said to be extremely horrified.

Because he never expected that Ye Feng, such an ordinary boy, had a cultivation level three realms lower than him, but Ye Feng's physical strength was far beyond his. Just now, he was accidentally punched through by Ye Feng.

So at this time, the elder brother of the Skeleton Sect immediately retreated frantically, not daring to confront Ye Feng head-on.

But Ye Feng's punch just now had already shattered his entire heart.

"I'm not willing!!"

"Ah!!"

The elder brother of the Skeleton Sect had no way to resist the crisis of death in the end. His vitality was rapidly fading. Finally, he screamed and fell from a high altitude. He fell heavily on the ground and died completely.

"What??"

# Please do not use the invisible mode every time verification appears!

"

Seeing this scene, the remaining few Skeleton Sect disciples knew at once that they had offended someone they shouldn't have offended.

The white-clothed boy who looked weak in cultivation was actually a person with extremely terrifying combat power.

At this moment, the disciples of the Skeleton Sect could not help but say in horror: "Which sect is this kid from? How could he be so powerful? He is so much lower than us in cultivation, but his combat power is far superior to ours?"

At this time, the geniuses of the Skeleton Sect said in shock, while retreating frantically, trying to escape from here.

After all, the most powerful Skeleton Sect master among them had been killed by Ye Feng with one punch, not to mention these ordinary geniuses.

But at this time, the iron puppet giant that was trapped just now had broken free from the restraints, and directly stretched out a black big hand, instantly grabbing the fleeing Skeleton Sect disciples in his hand, and instantly "puff" "puff" all crushed them.

It must be said that this iron puppet giant is still very powerful. Not only can it withstand fierce attacks, but its own attack power is also very terrifying. It is simply a weapon against the enemy.

If this iron puppet giant is placed on the battlefield, it will definitely be a war machine that makes the enemy terrified.

Buzz!

At this moment, Ye Feng did not hesitate at all, and directly released the Devouring Domain, and began to devour the Skeleton Sect disciples he had killed.

Although their combat power was not strong, their cultivation skills were still very good.

At this moment, along with Ye Feng's devouring, a huge amount of blood energy was immediately injected into Ye Feng's body.

Boom!

The 56th level of the Earthly Evil Realm!

Boom!

The 57th level of the Earthly Evil Realm!

At this moment, Ye Feng's cultivation directly broke through two small realms.

Chapter 5274 Don't be impulsive

At this moment, Ye Feng was still very satisfied. After all, the cultivation strength of these Skeleton Sect disciples was not as strong as imagined, and they were easily solved by him.

However, the blood energy and skills they provided to him were still able to elevate Ye Feng to two small realms, and Ye Feng was still very satisfied with this.

At this moment, Ye Feng wasted no time and continued to release the Devouring Domain, beginning to devour the high-level energy crystals hidden in the walls of the golden hall.

These high-grade energy crystals were all stored here by an ancient figure in ancient times and hidden in this wall.

Therefore, these energy crystals are all very high-grade and emit nine-color light. It can be seen that the energy contained in these energy crystals is very high-grade and of very high quality.

At this moment, Ye Feng will naturally not keep these high-level energy crystals, because Ye Feng feels that it is truly useful to convert the energy in these high-level energy crystals into his own skills to make himself stronger. of.

So at this time, with the devouring, Ye Feng's cultivation skills immediately began to grow again and again.

boom!

The fifty-eighth realm of earthly evil! ??

boom!

The fifty-ninth realm of Earthly Evil Realm!

boom!

The sixtieth level of Earthly Evil Realm! !

At this time, Ye Feng's cultivation once again broke through three small realms in a row and entered the sixtieth realm of the Earthly Evil Realm.

However, Ye Feng's eyes showed a trace of a wry smile at this moment, and he couldn't help but murmured, "Earth Evil Realm, this big realm is really long, there are seventy-two small realms. , I have received so many good fortunes recently, but I didn't expect that I am still a full twelve small realms away from the real seventy-two realms of the Earthly Evil Realm. It seems that there will still be a long time before I can break through the Earthly Evil Realm. The bottleneck of the big realm."

At this moment, Ye Feng murmured and left the golden hall directly.

When Ye Feng came outside, he immediately saw a lot of movement in the surrounding palace buildings.

Obviously, the hundreds of young geniuses and masters who came here before were quickly plundering all kinds of ancient chance creations in this palace land.

Ye Feng naturally continued to emit soul power at this time, spreading towards the surroundings.

But at this time, a cry for help suddenly sounded not far away.

This cry for help sounded very familiar to Ye Feng. It turned out to be Leng Yue.

As a result, Ye Feng's eyes suddenly showed a look of surprise, and he quickly flew in that direction.

When Ye Feng came to the place where the cry for help came from, he immediately saw Leng Yue surrounded by six young men wearing golden gowns in a huge palace.

This huge palace is empty inside, but in this huge palace, there is a golden dragon chair. Next to this golden dragon chair, on a small table, there is actually A jade seal that looks like it is made of blood-colored jade.

"Um?"

Saw it

#Every time verification appears, please do not use incognito mode!

At this scene, Ye Feng was immediately shocked.

Could this blood-red jade seal be the jade seal of this ancient cultivation dynasty?

This is a great thing!

Because you must know that the jade seal of an ancient cultivating dynasty must carry a very majestic power of faith, and may also have the aura and power of the ancient emperor. Therefore, this is definitely a very precious treasure in this ancient palace. No wonder Lian Leng A peerless female genius like Yue was besieged by six super geniuses at this time.

The cultivation strength of these six super geniuses is very powerful, and the cultivation aura exuding from them is a full four or five realms higher than Ye Feng's current level.

It has to be said that the cultivation base of these super geniuses in the heaven is extremely profound, and they are many times more powerful than the Ten Thousand Demons interface where Ye Feng was before.

At this time, Leng Yue saw Ye Feng not far away, and immediately said: "Ninth Young Master, I use my life magic weapon to protect myself, and I can still hold on for a while. You must not come to save me, you simply can't." You can't beat these six top geniuses of the Golden Sword Sect. Each of them is very powerful. The six of them unite together and they can unleash extremely terrifying

attacks. Now hurry up and go around and see if our Great Demon God Sect has any There are other super geniuses around, let them come and help me.”

Obviously, although Leng Yue and Ye Feng are temporarily in an alliance, she does not believe that Ye Feng's strength can deal with such a powerful existence, so she wants Ye Feng to find the super among other great demon sects in this ancient ruins. Genius comes to their aid.

But at this time, after hearing what Leng Yue said, the six super geniuses of the Golden Sword Sect immediately said coldly: "Don't let this kid run away, otherwise it will be troublesome to bring in reinforcements. Although our Golden Sword Sect is here In the southern region of Tianjie, it can be regarded as a first-class sect, but after all, it is not as powerful as the Great Demon God Sect, which stands at the top of the pyramid. "

At this moment, a top genius from the Golden Sword Sect immediately held a golden long sword and charged towards Ye Feng. The speed was very fast, like a golden lightning. Obviously, he wanted to keep Ye Feng directly. Ye Feng killed him on the spot and did not let Ye Feng go to move reinforcements.

Leng Yue was not too worried at this time, because she knew that Ye Feng was very fast and had the talent of space attributes, so he could escape completely.

But the next moment, what made Leng Yue's expression change was that Ye Feng did not leave here to move reinforcements at all, nor did he use space attributes to escape from here, but rushed directly and quickly in their direction.

"What?"

When Leng Yue saw this scene, she immediately said something bad to herself. An anxious look appeared on her beautiful and cold face, and she said loudly: "Ninth Young Master, please don't be impulsive. Your true combat power is indeed very powerful. , but it is impossible to deal with six super geniuses who are four or five realms slightly higher than you. Although they come from the Golden Sword Sect, their cultivation strength and methods are also very powerful, not to mention that they are still swordsman wizards. The attack power of sword practitioners is much sharper and more powerful than practitioners of the same level, and the destructive power is astonishing. Although this Golden Sword Sect is not as powerful as our Great Demon God Sect, it can still be regarded as the southern region of our heaven. We are one of the top first-class sects, and our foundation is very deep. We cannot be impulsive! Otherwise, we will only end up dead!" At this moment, Ye Feng is still very satisfied. After all, these disciples of the Skeleton Sect are not strong enough. It was so powerful as imagined, but it was easily solved by myself.

However, the blood energy and skills they provided to him were still able to elevate Ye Feng to two small realms, and Ye Feng was still very satisfied with this.

Chapter 5275: More than 10,000 meters

Hearing Leng Yue's cry for help and reminder at this moment, Ye Feng immediately laughed and said: "Miss Leng Yue, there is no need to move reinforcements to deal with these geniuses of the Golden Sword Sect."

Hearing what Ye Feng said, Leng Yue's eyes suddenly froze, and a trace of astonishment appeared on her cold and beautiful face. She seemed not to have expected that Ye Feng could be so arrogant and arrogant.

But what Leng Yue didn't know was that Ye Feng's cultivation and strength had improved a lot during this period, so it was normal not to be afraid of these super geniuses from the Golden Sword Sect.

However, in Leng Yue's eyes, Ye Feng, the Ninth Young Master among the Great Demon Gods, has always been very arrogant, so Leng Yue couldn't say much at this time. She felt that Ye Feng would suffer a little later. I will go to move the reinforcements honestly.

At this time, a group of disciples of the Golden Sword Sect not far away heard what Ye Feng said, with a hint of astonishment in their eyes, and then burst into laughter.

The faces of these disciples of the Golden Sword Sect were full of sarcasm, and they couldn't help but say: "You are the ninth young master of the Demon King's Hall of the Great Demon God Sect, Demon Wushuang, right? I have long heard that the number one trash in the Great Demon God Sect is The Ninth Young Master of the Demon King's Palace is really arrogant today. Not to mention that his cultivation level is so much worse than ours, he dares to take action against us. He is really arrogant to the extreme. "

At this time, the Golden Sword Sect disciple who was just about to stop Ye Feng from escaping immediately flew towards Ye Feng with a deep sarcasm in his eyes and said: "Okay, I want to take a look today, you How could the Ninth Young Master of the Demon King's Palace, such a loser, stop us?"

boom!

After finishing speaking, this disciple of the Golden Sword Sect immediately burst out with an extremely powerful aura of cultivation. The golden long sword in his hand also burst out at this moment with a golden sword light that was several kilometers long, as if it could cut Broken Sky was slashing towards Ye Feng in an instant.

While several other Golden Sword Sect disciples besieged Leng Yue, they laughed loudly and said, "This kid is dead."

But in the next moment, everyone's eyes showed horror.

Ye Feng suddenly punched out with a fist. His fist turned into a golden fist, as if it had just been forged from the divine furnace. It was very strong and had extremely terrifying power.

#Every time verification appears, please do not use incognito mode!

The power of the sword suddenly shattered the golden sword light struck by this disciple of the Golden Sword Sect into pieces.

"What?"

Seeing this scene, a group of Golden Sword Sect disciples who were watching not far away immediately widened their eyes, as if they did not expect that Ye Feng was so powerful.

Leng Yue, who just didn't believe in Ye Feng's strength, suddenly showed a look of deep astonishment in her eyes. She didn't seem to expect that the Ninth Young Master, who was not very powerful in her eyes, suddenly became so terrifying.

You know, Ye Feng didn't use any magic weapon at all. Just one fist of his own fist instantly shattered the sword light of this extremely powerful disciple of the Golden Sword Sect. This is really incredible.

At this moment, the Golden Sword Sect disciple who attacked Ye Feng seemed to feel embarrassed. He did not kill Ye Feng with one sword. He immediately said coldly: "It was just a casual attack from me. I'm going to get serious next time."

Boom!

Almost at this moment, this disciple of the Golden Sword Sect immediately performed a very powerful peerless sword inheritance.

Swish, swish, swish!

A very terrifying sword wave suddenly burst out from his body. The next moment, golden rays of light rushed out from the body of this Golden Sword Sect disciple.

All these golden rays of light were condensed into long golden swords with extremely terrifying sharpness. In an instant, thousands of swords were fired at Ye Feng.

Each golden sword condensed by golden light is like the sharpest magic weapon in the world, able to tear everything apart and attack Ye Feng fiercely.

No matter how fast Ye Feng was, he still couldn't dodge the attacks of thousands of golden swords.

Seeing this scene, the Golden Sword Sect disciple immediately smiled coldly and said loudly: "Boy, you have no way out, you will definitely die. This is the peerless inheritance of our Golden Sword Sect, Ten Thousand Swords Lift into the Sky!"

at this time

, Ye Feng saw thousands of golden swords roaring in front of him, a sneer suddenly appeared in his eyes, and he said loudly: "No matter how strong your attack power is, it will have no effect, because I have an extremely terrifying war machine in my hand, which can protect me from all harm."

At this moment, Ye Feng instantly released the steel puppet giant in his storage ring.

Boom!

The majestic steel puppet giant, which is several kilometers long, is made of ancient steel materials and has terrifying defensive power.

When the giant steel puppet appeared in front of Ye Feng, it blocked all the golden sword light.

The extremely sharp golden swords condensed by this disciple of the Golden Sword Sect slashed the body of the steel puppet giant. They only made the sound of metal collisions. There was no way to leave any marks on the body of the steel puppet giant. No trace, not even a crack, was left.

"What?"

"This is the steel puppet giant that guarded the entire ancient palace just now. How could it be refined by this kid or even used directly?"

At this time, many disciples of the Golden Sword Sect showed deep surprise in their eyes.

The disciple of the Golden Sword Sect who attacked Ye Feng couldn't help but turn a little ugly, and said loudly: "Good boy, I didn't expect you to pick up this steel puppet giant secretly, and even used some kind of It can be used by you, but it is of no use, it can only resist some attacks. "

At this moment, this disciple of the Golden Sword Sect controlled the thousands of golden long swords he had condensed, and actually passed directly over the giant steel puppet, and stabbed Ye Feng from above his head. It seemed that the next moment, Ye Feng was going to He was pierced by ten thousand swords and died.

But at this time, Ye Feng instantly burst out with the Demon King's True Body Technique.

At this moment, Ye Feng's whole body immediately rose rapidly.

Under his feet appeared a majestic demon king's real body, which was 10,000 meters tall. It was majestic and boundless, and seemed to have

#Every time verification appears, please do not use incognito mode!

It has a strong visual impact.

You know, when Ye Feng used the Demon King's True Body Art, a powerful inheritance of the Great Demon God Sect, he could only condense the Demon King's true body into a body of several thousand meters.

But now, with the improvement of his cultivation skills, Ye Feng once again used the Demon King's True Body Technique, and directly condensed a Demon King's true body on the spot with a length of more than 10,000 meters, which was more majestic and harmonious than the steel puppet giant. powerful.

At this moment, Ye Feng stood on the Demon King's true body. The Demon King's true body stretched out two big hands that covered the sky and crushed all the thousands of golden swords.

"What?"

"It actually has such terrifying attack power?"

Seeing this scene at this time, let alone the Golden Sword Sect disciple who attacked Ye Feng, even Leng Yue, who was besieged not far away, had deep shock in his beautiful eyes.

Because no one knows better than Leng Yue how difficult it is to understand the Demon King's True Body Technique, the inheritance of the Great Demon God Sect, let alone condense the Demon King's true body of more than 10,000 meters at once, which is among many great Demon God sects. It was something that even the so-called top geniuses couldn't do, but Ye Feng did it.

Moreover, Ye Feng's current level of cultivation is still so low, which shows how deep Ye Feng's martial arts roots and skill reserves are.

Even if Ye Feng is in the Earthly Evil Realm, Ye Feng's skill is still comparable to those who are three or four realms higher than him.

At this time, Ye Feng condensed the true form of the Demon King, which was more than 10,000 meters long, stretched out two big black hands that covered the sky, and immediately smashed the Golden Sword Sect disciple into pieces.

"Junior Brother Liu!"

At this time, seeing their fellow disciples being instantly smashed to pieces by Ye Feng using the Demon King's true form, the remaining five top geniuses of the Golden Sword Sect suddenly showed monstrous anger on their faces, and they shouted crazily: "The ninth young master of the Demon King's Palace! You are dead! Even if you are the young master of the Great Demon God Sect, you are of no use. Today in this chaotic place, you must be killed! Avenge Junior Brother Liu!"

But at this time, the five Golden Sword Sect disciples had a flaw due to the death of their junior brother, and Leng Yue immediately fought back.

Chapter 5276 There will be no next time

You know, Leng Yue is not an ordinary woman. She is the confidant trained by the Lord of the Demon King Hall since she was a child. She is an extremely powerful female genius, and she will help the Lord of the Demon King Hall solve some hidden dangers. It can be said that Leng Yue is not an ordinary woman. Yue is still a killer who has been trained since childhood.

So Leng Yue's counterattack was very terrifying.

At this time, because one of the six Golden Sword Sect disciples was killed by Ye Feng on the spot, the other five Golden Sword Sect disciples were very angry and wanted to rush over to deal with Ye Feng, so their siege against Leng Yue naturally showed flaws.

Uh-huh!

Leng Yue immediately appeared in his hand with an icy blue long sword, and directly used an extremely powerful inheritance to crush mountains and rivers!

At this moment, the ice-blue sword in Leng Yue's hand suddenly burst out with a brilliant ice-blue power. It swept towards the surroundings in an instant, and countless people with cold energy appeared directly. The ice sword with the breath of ice instantly stabbed five Golden Sword Sect disciples in front of them.

The five Golden Sword Sect disciples held golden long swords in their hands, and a golden light shield burst out, blocking all Leng Yue's attacks.

However, Leng Yue has broken free from the restraints and is able to exert her extremely powerful fighting power. .??.

Moreover, when the five Golden Sword Sect disciples were defending Leng Yue, Ye Feng, who was not far away, was not idle either. Instead, he saw the opportunity and directly exploded the Demon King's True Body Art, activating the Demon King's True Body that he had condensed. He fiercely bombarded the five Golden Sword Sect disciples.

The Demon King's true body was more than 10,000 meters tall, possessing terrifying oppressive power. His two big hands that covered the sky instantly hit the five Golden Sword Sect disciples, and they immediately burst out with a monstrous brute force. , causing the five Golden Sword Sect disciples to be blown away.

"hateful!!"

When the five Golden Sword Sect disciples saw this scene, they immediately couldn't help but said in horror: "They all say that the ninth son of the Demon King Palace of the Great Demon God Sect is a waste, but when they saw him today, he actually possessed such shocking power. The strength of the land is truly astonishing."

\u003c

br\u003e At this moment, these five disciples of the Golden Sword Sect finally realized that they could not be the opponents of the combination of Ye Feng and Leng Yue.

They also knew at this time that there was no chance of snatching the blood-red jade seal in Leng Yue's hand.

Uh-huh!

The five Golden Sword Sect disciples flew quickly towards the distance in an instant, wanting to leave here.

They are very confident about escaping.

Even if you can't fight, you can always escape.

There was even a disciple of the Golden Sword Sect. He looked at Ye Feng and Leng Yue behind him, smiled coldly, and said: "The green mountains will not change, and the green water will flow forever. Let's see you next time."

But at this time, Ye Feng suddenly grinned, with a fierce light in his eyes, and said loudly: "You have no next chance."

At this time, Ye Feng had already asked the giant steel puppet to ambush in the direction where the five Golden Sword Sect disciples were fleeing.

Boom!

I saw the land not far away burst open instantly, and the towering body of the steel puppet giant came out in an instant, directly blocking the path of the five Golden Sword Sect disciples, directly blocking the five Golden Sword Sect disciples.

"What?"

Seeing this scene, the faces of several Golden Sword Sect disciples immediately became extremely ugly, and they immediately burst out with their extremely powerful sword skills. The terrifying sword light blasted forward, slashing hard at the steel puppet giant. on the body.

However, the steel puppet giant is extremely strong and has even withstood the attacks of hundreds of top geniuses before. Therefore, the attacks of these five Golden Sword Sect disciples were unable to damage the steel puppet giant at all. Any damage is directly caused by the steel puppet giant.

blocked.

Taking advantage of this gap, Ye Feng and Leng Yue had already rushed forward. Leng Yue's eyes were very cold and showed no mercy. Every time he stabbed with the ice blue sword in his hand, he took away the life of a Golden Sword Sect disciple.

At this time, Ye Feng used the Demon King's true body to directly smash the bodies of two of the Golden Sword Sect disciples.

At this moment, with the cooperation of Leng Yue and Ye Feng, five Golden Sword Sect disciples were killed instantly.

At this moment, Leng Yue finally breathed a sigh of relief. She couldn't help but look at Ye Feng and said loudly: "I originally called for help because I wanted to call for help from the other top powerful men of the Great Demon God Sect in this palace. "I didn't expect you, Ninth Young Master, to come here early and show such incredible strength. It's really shocking."

At this time, Ye Feng smiled slightly and said: "My cultivation strength has increased a lot since I explored the cultivation resources in this palace before, so I was able to explode with such a powerful force."

At this moment, Ye Feng directly put the corpses of these six Golden Sword Sect disciples into his storage ring.

Ye Feng naturally would not absorb and devour these six Golden Sword Sect disciples in front of Leng Yue.

At this moment, after Ye Feng collected the bodies of the six Golden Sword Sect disciples, he secretly swallowed them in his storage ring.

Boom! .??.

At this moment, a huge amount of energy was immediately injected into Ye Feng's Dantian, causing Ye Feng's cultivation skills to increase rapidly and continuously.

You know, these six Golden Sword Sect disciples are not ordinary people, they are all top geniuses, so the energy they provide Ye Feng is naturally very majestic.

Therefore, Ye Feng's cultivation aura at this time naturally began to rise steadily.

boom!

The sixty-first level of Earthly Evil Realm!

boom!

The sixty-second level of Earthly Evil Realm!

boom!

The sixty-third level of Earthly Evil Realm! !

At this time, Ye Feng's cultivation level directly broke through three small realms in a row.

It has to be said that these six Golden Sword Sect disciples did provide a lot of energy. Otherwise, Ye Feng would not have been able to break through three small realms at once.

Ye Feng was naturally very happy.

At this time, Leng Yue saw the cultivation aura on Ye Feng's body and suddenly broke through three small realms in a row. She immediately widened her eyes slightly and couldn't help but said: "Ninth Young Master, you are like this. The speed of your cultivation breakthrough is really incredible, and it will happen suddenly during the battle. What kind of ability do you have? It can't be as simple as an epiphany."

Ye Feng smiled slightly at this time and said: "Miss Lengyue, I will tell you when the time comes."

Hearing what Ye Feng said, Leng Yue knew that Ye Feng could not tell her the truth now, so she had no choice but to give up and ask no more questions.

But at this time, Leng Yue's attitude towards Ye Feng, the most inconspicuous Ninth Young Master of the Demon King's Palace, was getting better and better.

And the expectations for Ye Feng are getting higher and higher.

Originally, in Leng Yue's eyes, the one who should pay the most attention in the Demon King's Palace was actually the third young master, Demon Wudao, because the third young master was the most talented in the Demon King's Palace.

But Leng Yue didn't expect that a dark horse like the Ninth Young Master Demon Wushuang would emerge and suddenly become so powerful.

At this time, Ye Feng stared at the blood-red jade seal in Leng Yue's hand and couldn't help but said: "What kind of secret does this blood-red jade seal contain? It not only contains the power of faith." Is it that simple? To be able to make the always cautious Miss Leng Yue protect this blood-red jade seal at all costs means that this blood-red jade seal is absolutely extraordinary."

Chapter 5277 Little Emperor

Hearing what Ye Feng said at this moment, Leng Yue's beautiful and cold eyes showed a flicker of color, and then nodded slightly, and couldn't help but said: "The Ninth Young Master is worthy of

being the Ninth Young Master." Lord, not only is he powerful in cultivation, he is also extremely intelligent. Yes, this blood-red jade seal is not as simple as you think. Otherwise, I would not protect it to the death."

Hearing what Leng Yue said, Ye Feng nodded and asked aloud: "Then what kind of secrets does this blood-red jade seal hold?"

Leng Yue reached out her hand at this time and lifted up the blood-red jade seal.

At this time, Leng Yue stared at the blood-red jade seal, with a trace of expectation and a trace of nervousness in her eyes.

She said aloud: "This blood-red jade seal still contains a trace of the last emperor of this ancient palace."

"What?"

Hearing what Leng Yue said, Ye Feng's eyes suddenly showed a look of surprise, and then he said very excitedly: "If this blood-red jade seal still contains a trace of the last emperor of the ancient palace, then as long as we can cooperate with him, we can find all the good cultivation resources in this ancient palace. "

Ye Feng was naturally very happy at this time, and he also understood very well that if there really was still a trace of the last emperor's memory in this blood-red jade seal, he and Leng Yue could definitely be guided to store it in the palace. Various places holding cultivation resources.

Because no one knows better than the emperor of this palace, where the cultivation resources in this palace are stored.

Hearing what Ye Feng said, Leng Yue nodded and said, "Yes, that's why I just desperately wanted to get this blood-red jade seal, and I absolutely cannot give in."

Hearing what Leng Yue said, Ye Feng nodded and said, "What you did is right."

#Every time verification appears, please do not use incognito mode!

Yes, luckily it was me who heard your cry for help. Otherwise, if other super powerful people from the Great Demon God Sect came over, even if they saved you, they would probably ask you why you wanted to get this blood-red jade seal. By then, Maybe I will forcefully get this blood-red jade seal from you. "

Hearing what Ye Feng said, Leng Yue nodded slightly and did not refute.

Because Leng Yue also knows that the super powerful beings of the Great Demon God Sect are all very domineering, and it is impossible for them to share the cultivation resources equally with her. Perhaps only people like Ye Feng who have their own bottom line will follow common sense. think about.

Leng Yue didn't say anything at this time, but directly activated the blood-red jade seal.

Almost at the next moment, a small shadow of will rushed out of the blood-red jade seal, standing on top of the blood-red jade seal.

This blood-red shadow is exactly the last emperor of this ancient palace hidden in this jade seal.

At this moment, Ye Feng saw this small figure and couldn't help but have a look of surprise in his eyes.

Because the shadow of the last emperor of the ancient palace looked like a child.

Leng Yue seemed to see the surprise in Ye Feng's eyes at this time, and immediately smiled slightly and said loudly: "The last emperor of the ancient palace was indeed a child, but he just ascended the throne and became the emperor. This The ancient dynasty encountered the invasion of powerful enemies from the outside and was completely destroyed. Therefore, at the critical moment, the guardian of the little emperor hid a trace of the little emperor's soul in this blood-red jade seal. The blood-red jade seal can be used The power of faith and the power of dynasty's luck in it protect the little emperor's remnants and prevent them from letting go.

He was lost in the long years. "

Hearing Leng Yue's explanation, Ye Feng nodded, then looked at the shadow of the little emperor's will revealed on the blood-red jade seal, and couldn't help but said: "We don't have to erase your lingering thoughts, but You must help us find all the good cultivation resources hidden in this palace. In this case, it will be beneficial to both of us. "

Hearing what Ye Feng said, Leng Yue couldn't help but smile and shake her head, and said loudly: "Ninth Young Master, don't scare this little emperor. I have reached an agreement with him just now, and he will help We found the cultivation resources in this ancient palace, but I also promised him that if I take him back to the Great Demon God Sect, I will help him use external materials to restore his body so that he can survive in the world again. "

Hearing what Leng Yue said, the shadow of the little emperor's will immediately nodded and said loudly: "Sister Leng Yue has already promised me, so you, the ninth young master of the Great Demon God Sect, don't have to threaten me like this. I will help you sincerely, but you must also help me reshape my body so that I can recover in this era."

Hearing what the little emperor said, Ye Feng's eyes suddenly showed a look of surprise, and then he smiled and said: "It seems that you are not a rigid person, but a person who is very aware of current affairs."

The little emperor nodded and said, "My original dynasty has perished. There is nothing to look forward to. What I look forward to now is to live a new life. I will use the remaining damaged cultivation resources in the ruins of our dynasty in exchange for your help in rebuilding my body and getting a life. This deal is still very cost-effective. My biggest hope now is to live again."

At this moment, hearing what the little emperor said and seeing the other party's sincere cooperation, Ye Feng did not say much, but nodded and said, "Then you take us to find the opportunity now."

# Please do not use the traceless mode every time verification appears!

The place where the fate is hidden."

The little emperor nodded, and the whole person merged into the blood-red jade seal, and then said, "Just follow me."

Swish!

After that, the blood-red jade seal immediately floated in the air and flew in a certain direction.

Ye Feng and Leng Yue looked at each other and hurriedly followed.

The little emperor's will was integrated into the jade seal, and he brought Ye Feng and Leng Yue to a royal garden in the ruins of the imperial palace.

There were many spiritual trees and woods planted around, as well as many ornamental rockeries and streams. After many years, there were still no more than 100 of them.

At this moment, Leng Yue couldn't help but ask: "Little Emperor, this is the royal garden in your palace back then, is there anything good here?"

The little emperor smiled and said in the jade seal: "My master reclaimed a very secret medicinal field in the inner area of this royal garden, which was specially planted with very precious high-level spiritual medicine seeds that my master found from various places. When the dynasty fell, the seeds of this medicinal field had just been planted, and now it is estimated that they have fully matured. This medicinal field is hidden in a very secret area in the deepest part of the royal garden. Even if many geniuses from the outside world come here now, they will definitely not be able to find the medicinal field for a while. Only I know where the medicinal field is hidden in this royal garden."

At this moment, Ye Feng's eyes lit up when he heard the little emperor say that there was a medicinal field planted by an ancient peerless strongman here.

Because for Ye Feng, the medicinal field planted by an ancient super strong man must be growing many precious natural treasures. This is more useful to Ye Feng than discovering any inheritance or magic weapon, because it can directly improve Ye Feng's skills.

Chapter 5278 Swallowing the Medicinal Field

At this time, Ye Feng couldn't wait any longer and immediately said: "Little emperor, please lead us to find this medicine field quickly."

Hearing what Ye Feng said, the little emperor nodded and quickly shuttled through the royal garden.

Soon, after going around and around, he came to a very deep area of the royal garden.

Not far ahead, there appeared a stream in the royal garden. At the end of this stream, there was indeed a vibrant medicinal field.

The area of this medicine field is not large, but every natural and earthly treasure growing in it is of extremely high quality.

Uh-huh!

Seeing this scene, Ye Feng and Leng Yue's eyes immediately lit up and they quickly flew over.

When they came to the medicine field, they just took a breath and felt that the very strong fragrance of medicine breathed into their bodies, which even made their skills run faster.

Obviously, every natural and earthly treasure grown in this medicine field is very high-end.

At this moment, the little emperor could not help but say: "Sure enough, after so many years, every high-grade seed in this medicinal field has successfully grown into a treasure of heaven and earth. You know, each of these seeds of heavenly materials and earthly treasures was found by my guardian and my master back then, who painstakingly searched for them from the dangerous places in the southern region of the entire heaven and earth, and planted them here. It is possible to grow a peerless Medicine King, but unfortunately no Medicine King seems to have been born."

At this time, Ye Feng couldn't help but said: "Even if the King of Medicine has not grown, these heavenly materials and earthly treasures are all very high-end. Each high-level heavenly material and earthly treasure is comparable to a dozen ordinary ones from the outside world." The treasures of heaven and earth are added together."

Ye Feng could clearly feel at this moment that every treasure of heaven and earth was of very high quality, and the medicinal power stored in it was very powerful.

At this time, Ye Feng looked at Leng Yue beside him and said loudly: "According to

#Every time verification appears, please do not use incognito mode!

As usual, let's just split it equally. "

Leng Yue nodded and was about to pick the natural materials and treasures in these medicinal fields.

But at this time, Leng Yue seemed to have thought of something, and suddenly said: "Ninth Young Master, I know that your sudden breakthrough in cultivation must be related to the corpses you collected. Can you tell me from the outside world? Draw energy to increase your own strength?"

Hearing Leng Yue suddenly say such words, Ye Feng's eyes suddenly showed a flash of color, and then he couldn't help but smile and said: "Miss Leng Yue is indeed a confidant trained by my father. , As expected, I am extremely smart. Yes, I do have the ability to absorb energy from the outside world and use it to strengthen my own strength."

At this moment, Ye Feng didn't want to hide it anymore. After all, Leng Yue had guessed it, so he simply said it directly and showed his cards directly.

Hearing what Ye Feng said at this time, Leng Yue nodded and said: "In that case, let Master Ninth collect and use all the treasures in this medicinal field. Young Master, your improvement in strength has huge benefits."

Hearing what Leng Yue said, Ye Feng showed a look of surprise in his eyes, and suddenly said with a smile: "You must have other requests, it's impossible to be so kind to the heaven in this medicine field." Give me all the materials and treasures."

Hearing what Ye Feng said, Leng Yue smiled slightly, with a sly smile on her beautiful and cold face, and said loudly: "These so-called high-end treasures of heaven and earth do not have much effect on me. , the inheritance I practice does not need to rely on external heavenly materials, earthly treasures or elixirs to improve my skills. That will only make the foundation of my cultivation unstable, so when these high-level heavenly materials and earthly treasures are in my hands, I eventually

It will only be sold in the black market of the Great Demon God Sect. It is better to let practitioners like you, Ninth Young Master, who are in great need of external energy to use it directly. And I need Ninth Young Master to use it in the next chance exploration. If I encounter something that I particularly want, I hope that the Ninth Young Master can give it all to me, such as some powerful magic weapons. I hope that the Ninth Young Master can give it to me. What I lack most is a powerful magic weapon, and the Ninth Young Master is Our young master of the Demon King's Palace has a distinguished status. As long as his strength improves, the master of the palace will

definitely personally reward the Ninth Young Master with powerful magic weapons, but I will not have this treatment. "

Hearing what Leng Yue said, Ye Feng thought for a moment, then said with a smile: "Okay, deal done."

After saying that, Ye Feng came directly to this medicine field.

There are dozens of extremely high-grade natural materials and earthly treasures planted in this medicinal field. Each natural material and earthly treasure contains surging medicinal power, and the rich medicinal fragrance envelopes the entire medicinal field.

Since Ye Feng had already guessed his devouring ability by Leng Yue at this moment, Ye Feng no longer needed to hide in front of Leng Yue. He directly released his devouring domain on the spot and started devouring The medicinal power contained in the natural materials and treasures in the entire medicinal field.

Boom!

At this moment, the medicinal power of dozens of high-grade heavenly materials and earthly treasures planted in ancient times were all absorbed by Ye Feng and injected into Ye Feng's Dantian.

Ye Feng's skill immediately and rapidly improved at this moment.

Ye Feng's cultivation aura naturally increased rapidly at this moment.

The 68th level of the Earthly Evil Realm! !

At this moment, Ye Feng's cultivation level actually broke through five small levels at once, breaking through to the 68th level of the Earthly Evil Realm, and was not far from the true perfection of the 72nd level of the Earthly Evil Realm.

This made Ye Feng's eyes suddenly reveal a deep excitement.

Because Ye Feng was in the Earthly Evil Realm for too long.

Fortunately, after Ye Feng came to the Heavenly Realm, the cultivation resources he obtained were very advanced, and each time he could make Ye Feng break through a lot.

So under Ye Feng's unremitting efforts, his cultivation level was about to cross the long and large level of the Earthly Evil Realm.

At this moment, Ye Feng was naturally very grateful to Leng Yue for considering him.

Although he might have to give Leng Yue some powerful magic weapons in the future, it was already very difficult for Leng Yue to consider this aspect for him.

After all, Ye Feng knew very well that he and Leng Yue could only be regarded as cooperative relationships now, not close partners. It was good for him to consider this aspect for him.

At this time, Ye Feng naturally looked at Leng Yue beside him and said, "Anyway, thank you for giving me all the high-level treasures this time. Otherwise, my cultivation may only be able to break through two small realms."

Hearing what Ye Feng said, Leng Yue's beautiful and cold eyes stared at Ye Feng, revealing an incredible look, and couldn't help but exclaimed, "The devouring ability possessed by the Ninth Young Master is really amazing. The Ninth Young Master has always been so hidden. Even the Lord of the Palace may not know that the Ninth Young Master is such a monster. It seems that in the future, there will be another shining peerless genius in our entire Great Demon God Sect."

Chapter 5279 Under the Ruins

Hearing Leng Yue's praise, Ye Feng suddenly showed a faint smile in his eyes and said: "I hope that as Miss Leng Yue said, I can shine in the entire Great Demon God Sect in the future. "

For Ye Feng, now that he has completely disguised himself as the ninth young master of the Demon King Palace of the Great Demon God Sect, Ye Feng will naturally continue to disguise this identity.

After all, in the Great Demon God Sect, you can still get quite a lot of benefits by using this level of identity.

As for the previous agreement with Su Xin, the mysterious woman in white, to go to the Immortal Sect of Immortality, we will wait until later, so there is no rush.

Ye Feng planned to gain enough benefits from the Great Demon God Sect first.

At this time, Ye Feng didn't say anything more, but looked at the little emperor and said loudly: "Continue to lead us to find other opportunities in this palace."

"good."

The little emperor nodded and continued to fly quickly in a certain direction.

Ye Feng and Leng Yue followed the little emperor and quickly chased in a certain direction.

At this moment, the little emperor left the royal garden and came to the ruins.

At this time, Leng Yue looked at the ruins in front of her and couldn't help but ask: "Among these ruins, is there any good luck? But I don't seem to see anything special."

The little emperor smiled slightly at this time and said aloud: "Under these ruins is the underground fire equipment room that our dynasty used to specialize in refining treasures. It is just buried underground. Many people don't know that there are many treasures stored in it. A treasure refined by our dynasty back then."

At this time, after the little emperor finished speaking, he flew directly into the ruins.

Leng Yue and Ye Feng followed.

At this moment, Leng Yue took out a handful of ice blue long

#Every time verification appears, please do not use incognito mode!

The sword struck directly with force, causing the ruins in front of him to break into two halves with a "bang" sound.

At this time, the underground space was revealed. As expected, a bronze door appeared, protecting the entire underground space.

At this moment, the little emperor did not hesitate at all, and directly recited a string of ancient mantras in the jade seal.

"Rumble..."

Following the little emperor's spell, the entire underground bronze door immediately opened slowly.

The next moment, Ye Feng and Leng Yue immediately saw that after the bronze door opened, a huge space appeared underground.

This space is actually filled with all kinds of treasures and utensils. Most of them are very ancient magic weapons, and there are also some very weird utensils. I don't know what they are used for.

Seeing this scene at this time, Leng Yue showed deep joy on her face and flew down quickly.

Ye Feng also jumped down.

At this time, Ye Feng could sense that the magic weapons and treasures around him, including those instruments with unknown uses, were emitting very strong energy fluctuations.

Obviously, as the little emperor said, these are all kinds of magic weapons refined by the weapon refining department of this cultivation dynasty. They are all magic weapons from the ancient times, so they are very advanced and must be very powerful.

At this time, Leng Yue couldn't help but look at Ye Feng beside her. There seemed to be an inexplicable meaning in her beautiful eyes.

Ye Feng is naturally Ming

Bai Lengyue's eyes immediately revealed a slight smile, and she said aloud: "We have already agreed just now, so I will definitely keep my promise. You choose first among all the magic weapons in this treasure house. Whatever you want, you Just take whatever you want."

Hearing what Ye Feng said, Leng Yue immediately breathed a sigh of relief, because now Ye Feng, the ninth young master of the Demon King's Palace, is definitely a very important existence in Leng Yue's mind.

Moreover, the identity of the Ninth Young Master was originally precious, and now he had such a powerful talent. Leng Yue knew very well what kind of weight Ye Feng would have in the Great Demon Sect in the future.

So even if it was agreed before, Leng Yue would ask for Ye Feng's advice.

After getting Ye Feng's affirmative answer at this time, Leng Yue was naturally very happy. After cheering, she started to pick out the treasures.

Seeing this scene, Ye Feng couldn't help but secretly complained. The master of the Demon King's Palace was really stingy. The confidant he had worked so hard to cultivate since childhood was so loyal to him that he was even reluctant to give some high-level magic weapons to him. Cold moon.

However, Ye Feng actually doesn't care much about the magic weapons in the treasure house, because Ye Feng already has many powerful treasures in his hands.

Ye Feng actually doesn't care about treasures, so he naturally lets Leng Yue choose as he pleases.

At this time, Ye Feng moved his eyes away from these treasures and looked around.

From another direction, Ye Feng discovered that there seemed to be many ancient alchemy furnaces in this underground place dedicated to refining treasures.

At this time, the little emperor flew to Ye Feng among the jade seals and said loudly: "This underground space is connected to the ancient earth fire veins, so there was a very strong earth fire here in the ancient times, which was used for refining magic weapons.

It is a good place for alchemy, but it is also a good place for alchemy. So the alchemy furnaces you see are all left by the alchemy masters in our dynasty. You can go and have a look. Maybe there are still some ancient elixirs left in them. "

Hearing what the little emperor said, Ye Feng's eyes lit up slightly, and he flew quickly towards the huge alchemy furnaces not far away.

When Ye Feng opened the lid of the first alchemy furnace, he immediately saw that there was only a piece of black residue left in the furnace.

Seeing this scene, the little emperor said: "There must be some leftover elixirs in this alchemy furnace, but they haven't been taken away in time. However, during the long years, these elixirs

have not been preserved in any special equipment, so they have all decayed in this alchemy furnace and become residues. "

Ye Feng nodded and said: "If it is a very high-level elixir, even if there is no special equipment to preserve it, it can be preserved by relying on the power of the elixir itself, but that kind of elixir is very high-level and very rare. "

After saying that, Ye Feng continued to open the second separate lid. Similarly, there was a piece of residue inside, and no pills were left.

Ye Feng did not give up and opened the last separate lid.

However, to Ye Feng's disappointment, there was still a piece of residue inside the last pill furnace, and no well-preserved pills were left.

At this time, the little emperor suddenly said: "The alchemy masters who made pills back then did not pay tribute to the royal family with all the pills they made. It is very likely that they kept some pills privately and sealed them up secretly. They are hidden in the wall of a corner of this alchemy room. This is also the secret of the alchemy room that I heard from some of my good friends at the time. I don't know if it is true or not. Ye Feng, you can look for it. "

#### Chapter 5280: Pill Vision

At this moment, when Ye Feng heard what the little emperor said, his eyes immediately lit up, and he couldn't help but said: "Okay, then I will come and find out."

Buzz!

At this moment, Ye Feng directly released his soul power and quickly covered every direction of the surrounding alchemy room, trying to find every corner.

Moreover, the little emperor said that in order to keep some personal wealth for themselves, the alchemists who made alchemy would not hand over all the elixirs, but would select some of them and seal them in a certain place in the entire alchemy room. Behind some walls, I'll get it later.

But now that many years have passed, I don't know if the elixirs in these walls have completely decayed. If they have, it would be a pity.

However, the little emperor seemed quite confident and said: "These alchemists have sealed these pills in the wall, and they must be preparing to seal them for many years. They must have a special method to prevent these pills from decaying."

When Ye Feng heard what the little emperor said, he couldn't help but nodded, and then he carefully searched every corner and wall to see if there was anything special hidden in it.

Sure enough, after searching with Ye Feng's huge soul power, Ye Feng finally discovered that there seemed to be something special behind a wall. .??.

Uh-huh!

At this moment, Ye Feng walked over immediately.

However, Ye Feng did not smash the wall with one fist, because that might destroy the elixir contained in it.

So at this time, Ye Feng just stretched out his hand, and with his five fingers like iron bars, he directly pulled out the bricks on the surface of the wall from the smooth wall.

Click! Click!

As Ye Feng pulled out the bricks one by one, the scene inside the wall was revealed.

Sure enough, inside this wall, there are actually various brocade boxes, each of which is specially wrapped with an ancient elixir.

There are a dozen brocade boxes in total, and the elixirs in each brocade box are very high-grade.

Seeing this scene, the little emperor seemed quite angry and couldn't help but said: "These alchemists were really brave back then. I just heard about such a thing, but I didn't expect it to be true. Moreover, the elixirs preserved in these brocade boxes are all of such high quality. It seems

that they are very high-quality elixirs that were refined in this alchemy room back then. I didn't expect that they would not be able to supply the royal family. Seal it privately behind this wall."

Ye Feng smiled slightly at this time and said loudly: "No matter what, this has fulfilled me."

At this time, Ye Feng naturally opened all the dozen or so brocade boxes without any hesitation.

Ye Feng immediately saw that the elixirs in each brocade box were indeed very high-end.

On the surface of some elixirs, there are even various strange and strange patterns that are completely condensed by the fragrance and power of the medicine. There are Tai Chi diagrams, two dragons competing diagrams, and domineering patterns of nine dragons surrounding each other.

These are the elixir powers that are automatically condensed into elixir phenomena.

An elixir that can condense visions is definitely an extremely advanced elixir.

At this time, Ye Feng naturally did not hesitate at all and directly released the Devouring Domain and began to devour it.

When the little emperor saw that Ye Feng was about to swallow these pills, he immediately couldn't help but said: "These dozen pills must be the most advanced pills refined by those alchemists back then. Every pill They all have their own special effects. You just swallow up the energy in each elixir. It's a pity that you can't use the special effects of these elixirs."

Hearing what the little emperor said, Ye Feng just grinned.

Laughing, he said aloud: "I don't need to use any special effects of these elixirs, I only need the energy contained in them."

Ye Feng's doing this is actually not a waste of natural resources. After all, the medicinal power contained in these pills is very strong and can greatly improve Ye Feng's skills.

As for the specific effects of each pill, Ye Feng didn't care.

Because Ye Feng hardly used the special effects of elixirs during his practice.

Because Ye Feng's various abilities are so amazing and so incredible that they do not require the special effects of certain elixirs, such as healing injuries or breaking through cultivation bottlenecks.

Because as long as Ye Feng is given enough power, no cultivation bottleneck will hinder Ye Feng's breakthrough.

At this moment, Ye Feng ignored the little emperor and directly released the Devouring Domain, swallowing all the high-level elixirs in more than a dozen brocade boxes.

You must know that each of these pills can condense a vision, which is enough to show how advanced these pills are.

So at this time, after Ye Feng swallowed more than a dozen pills, he immediately felt a surge of extremely powerful energy, which was immediately injected into his body.

Boom!

At this moment, waves of rich medicinal power like a vast ocean surged through Ye Feng's limbs and bones, causing Ye Feng's skill to increase as never before.

Ye Feng's cultivation aura rapidly and continuously broke through at this moment.

boom!

The sixty-ninth realm of earthly evil!

boom!

The seventieth level of Earthly Evil Realm!

boom!

The seventy-first level of Earthly Evil Realm!

boom!

The seventy-second level of Earthly Evil Realm!

boom!

Half a step to the Tiangang realm! !

At this time, Ye Feng finally completely crossed the bottleneck of the Great Perfection of the seventy-two levels of the Earthly Evil Realm, and completely broke through to the half-step Tiangang Realm above the Earthly Evil Realm.

At this moment, Ye Feng couldn't help but said excitedly: "These pills are indeed the most advanced pills in the ancient times. It's just a dozen pills, but they can actually make my cultivation level break through." So much, even breaking through the big bottleneck of the Earth Evil Realm and stepping into the Tiangang Realm is really an unexpected and huge gain. "

The little emperor beside him couldn't help but said: "Thirty-six Heavenly Gangs, seventy-two Earthly Evil Realms, and seventy-two small realms of Earthly Evil Realm. It is indeed very difficult to cross, but your devouring ability is really It's powerful and magical. Even in my ancient times, I have never seen anyone with such heaven-defying devouring abilities like you, Ye Feng."

At this moment, Ye Feng heard the little emperor next to him say this. He didn't say much, but silently felt the increase in his skill.

Now that Ye Feng's cultivation has broken through to the half-step Tiangang realm, Ye Feng's skill reserves and combat effectiveness have increased unprecedentedly.

However, Ye Feng also knows that although the Tiangang Realm is not as exaggerated as the Earthly Evil Realm, the Tiangang Realm also has thirty-six small realms, and it is destined to be a long cultivation process.

However, Ye Feng no longer feels any nervousness or confusion, because Ye Feng has now come to the heaven, and the cultivation resources he has obtained are very high-end.

Those realm levels that are difficult to overcome in the lower realm of cultivation are very simple for Ye Feng in the heaven realm.

Because the cultivation resources contained in the heaven are really vast and endless.

And just when Ye Feng silently sensed his breakthrough in cultivation, Leng Yue, who was not far away, suddenly screamed and couldn't help but said: "Ye Feng, and the little emperor, come and take a look! This underground place Why did a specially built ice coffin appear in the weapon refining space, and there was a mysterious corpse inside. "
