Chapter 5281 The Great Secret of the Dynasty

Hearing Leng Yue suddenly say such words at this moment, Ye Feng suddenly showed a look of surprise in his eyes and flew over.

The little emperor was also a little curious at this moment, and couldn't help but said: "This is a place specially used to refine magic weapons and elixirs, and in this land of earth and fire veins, it is extremely hot everywhere. If there is a The ice coffin should have melted long ago. Could it be that it was made of Wanzai Xuanbing? But the person who was able to use Wanzai Xuanbing to cast the coffin must have been a great person."

At this moment, the little emperor was in the jade seal and followed Ye Feng to Leng Yue's side.

At this time, Ye Feng immediately saw it. Sure enough, there was a very mysterious ice coffin placed on the ground in front of him.

Inside this ice coffin lay a corpse that looked lifelike.

At this time, Ye Feng couldn't help but said: "Let me find out whether this is a corpse or an ancient person who fell asleep."

Ye Feng came to the ice coffin at this moment, released his soul power to investigate, and suddenly a look of surprise appeared in his eyes, and he said loudly: "This is not a corpse, the person in this ice coffin is There is still a breath of life in the characters."

"Um?"

Hearing what Ye Feng said, Leng Yue couldn't help but said in surprise: "After so many years, is this ancient figure still alive?"

Ye Feng nodded and said aloud: "I did sense a breath of life from this ice coffin figure. He probably just fell into a deep sleep, or he was seriously injured and was sealed in this ice coffin. , was able to keep his body from decay, leaving a trace of life."??

At this moment, the little emperor also flew over among the jade seals. Looking at the ancient figure lying in the ice coffin in front of him, his eyes immediately showed deep astonishment, and he couldn't help but said: "This .....How can it be??"

At this time, when they heard the shocked voice of the little emperor in the jade seal, both Ye Feng and Leng Yue had a look of surprise in their eyes, and they couldn't help but say: "Little emperor, this one in the ice coffin" Do you know the ancient characters?"

The little emperor immediately nodded, suppressed the shocked emotions in his heart, and couldn't help but said: "The person lying in this ice coffin was the high priest of our dynasty back then. The high priest was in our dynasty back then." In the turmoil, didn't he die together with the enemy, his body and body were destroyed? How come his body is still intact here, and there is even some life breath, what is going on? "

At this time, the little emperor's tone was full of doubt and panic, because the little emperor suddenly felt that the dynasty he was in suddenly collapsed, could it be because there were spies inside?

And the truth behind the collapse of the entire dynasty may not be as simple as he imagined.

At this time, Ye Feng and Leng Yue heard what the little emperor said and roughly understood what was going on.

The two looked at each other, and then Leng Yue said: "Hundreds of thousands of years have passed. It is no longer meaningful to discuss the specific reasons why your dynasty collapsed and the truth of the matter. Now The only ones who have survived in your dynasty are you, the little emperor who only has a soul left, and the so-called great sacrifice of your dynasty who is lying dying in an ice coffin.

manage. "

At this time, the little emperor suddenly said: "Can't you wake up the high priest of our dynasty?"

Hearing what the little emperor said, Leng Yue immediately moved her eyes slightly and said loudly: "You want to wake up the high priest in this ice coffin to understand the truth about the fall

of your dynasty back then, but we are not like that now. Put more effort into helping you awaken this high priest, because our cooperation does not include this.”

Leng Yue said this not to be ruthless, but now they are really pressed for time.

Because in this ancient ruins, there are many other powerful geniuses and masters who are looking for various wonderful fortunes in this palace.

Moreover, in this ancient ruins, there is not only such a royal palace, but also other places that contain huge opportunities.

So they naturally don't want to waste too much time in this palace land. After searching for all the important chance creations, they will leave this palace land and go to other places in this ancient ruins to look for opportunities and creations.

Hearing what Leng Yue said at this moment, the little emperor said aloud: "I want you to wake up this high priest. Not only do I want to know the truth about that year, but this high priest holds a secret about us in his hands." It was an extremely important secret of the dynasty back then. If you knew about this big secret, it would very likely give you an unparalleled opportunity. This big secret was related to a huge opportunity for our dynasty back then. "

When the little emperor said this, both Leng Yue and Ye Feng's eyes moved.

But then Leng Yue couldn't help but shook her head and said loudly: "This high priest was originally a person hundreds of thousands of years ago. It is not easy to survive in this ice coffin to this day. Now he has He is dying and it is impossible to wake him up. Unless he brings this ancient ruins back to our Great Demon God Sect and invites great healers with superb medical skills, he might be able to revive the high priest, but it will also take a long time, and It takes a lot of high-grade medicinal materials to revive or even awaken it.”

Hearing what Leng Yue said, the little emperor also fell silent. He knew that Leng Yue was not trying to deal with him, because the real situation was very likely to be that troublesome.

After all, the little emperor also knew that it was not easy for an ancient figure who lived hundreds of thousands of years ago to be sealed in an ice coffin to this day and still retain some breath of life.

To revive or even awaken it would indeed cost a huge amount of money and take a long time.

But at this time, Ye Feng suddenly spoke up: "Little emperor, if what you just said is true, then I may have the means to revive and awaken the high priest of your dynasty, but you need to let him. This high priest listens to us."

When the little emperor heard this, he immediately said with assurance: "Although I was young, I succeeded in inheriting the throne of the last generation of our dynasty. The high priest of our dynasty is completely obedient to the emperor. He should do what I say. Will listen."

Hearing what the little emperor said, Ye Feng nodded slightly, and then said loudly: "Then give it a try."

Hearing what Ye Feng said at this moment, Leng Yue had a look of astonishment in her eyes and said: "Ye Feng, in addition to your super talent for cultivation, are you also a medical practitioner who has practiced medicine? Do you have so much energy to cultivate so many things?" At this moment, when he heard Leng Yue suddenly say these words, Ye Feng suddenly showed a look of surprise in his eyes and flew over.

Chapter 5282 Ancestral Square

At this moment, Ye Feng just smiled slightly at Leng Yue's shock and said, "I don't practice any medical treatment. I just happen to have something special in my hand that can treat injuries and dampness."

At this time, Ye Feng did not hesitate and directly released the life spring water that he had integrated into his body.

At this time, a spring of water suddenly rushed out of Ye Feng's palm, directly impacting the ancient figure in the ice coffin.

This is an old man wearing white clothes. He looks very kind. He is also holding a very sacred-looking scepter in his hand. The whole body is made of white crystal.

At this moment, the young emperor of this ancient dynasty was watching nervously among the jade seals.

Because he wanted to know the truth about the fall of their dynasty.

After all, in the young emperor's impression, the high priest of their dynasty, the old man in white in the coffin, had already died in the battle that destroyed the dynasty.

Unexpectedly, his body was secretly sealed here. After so many years, there is still a trace of life, so this naturally shocked the little emperor, and he eagerly wanted to resurrect the high priest, and then Ask carefully what happened that year.

At this moment, as Ye Feng released the spring of life, it poured into the body of the high priest. The extremely strong vitality in the spring of life has the ability to bring the dead back to life. Naturally, it can make the high priest who has a trace of life come back to life. Awakened and alive.

At this moment, Leng Yue was watching from the side, with a look of deep disbelief in her eyes.

Because she saw that the high priest who originally needed a lot of means and a long time to be resurrected actually opened his eyes at this moment.

At this time, Leng Yue was naturally shocked to the extreme, because in her impression, if she wanted to save this powerful figure from ancient times, she had to return to the Great Demon God Sect to find the most powerful medical doctor and use various precious medicines. Medicines and resources, and then a long period of treatment, were able to reawaken and resurrect an ancient figure like the High Priest.

Unexpectedly, Ye Feng reawakened the high priest in just a few minutes and healed his injuries.

At this moment, the high priest opened his eyes, and at first glance he saw Ye Feng treating his injuries.

He stood up immediately and couldn't help but said in surprise: "I didn't expect that hundreds of thousands of years have passed, and I can still come back to life."

At this moment, the old man in white slowly picked up the white crystal scepter in his hand, stood up directly from the ice coffin, cupped his hands towards Ye Feng, and said loudly: "Thank you for your life-saving grace." "

At this time, the little emperor couldn't help it anymore. He jumped out from the jade seal and turned into the shadow of the little emperor. He flew in front of the old man in white and couldn't help but said: "High Priest, What happened that year? Why did our entire dynasty suddenly fall? And why are you still alive? Didn't you die on the battlefield? I saw with my own eyes, the high priest, that your entire body was completely broken and disappeared. Inside the battlefield."

At this moment, seeing that the little emperor was only in the state of his soul, the old man in white suddenly showed a trace of hesitation in his eyes, and couldn't help but said: "I didn't expect that hundreds of thousands of years have passed, Your Majesty, you would actually You are still alive. It seems that the super powerful people in the palace spent a lot of time to keep your soul and have survived until now. "

Hearing what the old man in white said, the little emperor immediately said anxiously: "Hurry up and tell me the truth about the fall of the dynasty, and also, are you a spy and a traitor?"

When the old man in white heard what the little emperor said, his eyes suddenly showed a sigh of relief, and he said loudly: "Hundreds of thousands of years have passed. In such a long time, I have forgotten many things. I also said Without knowing the truth about the fall of the dynasty, I don't know why I am still preserved to this day. I only know that after my body was broken, a mysterious force reunited my body and brought me together. Sealed in this ice coffin, perhaps the mysterious power that sealed me wanted me to complete some mission."

Hearing what the old man in white said, the little emperor fell silent. At this time, he didn't know what to ask, because the high priest didn't know what the purpose of the mysterious force behind it was.

At this moment, Leng Yue couldn't help but said: "Little Emperor, the Ninth Young Master and I have resurrected the high priest of your dynasty. What you said about this dynasty is a huge secret. , what is it? Let the high priest tell it quickly."

Hearing what Leng Yue said at this moment, the old man in white immediately took a look at the little emperor's soul state, and couldn't help but said: "Perhaps the mysterious power back then reunited my body and sealed it Today, it's just so that I can unravel this big secret of our dynasty."

Hearing what the old man in white said, the little emperor nodded and said loudly: "I only know that our dynasty has a huge secret, but I never know what it is. I just want to see it today."

The old man in white nodded and said aloud: "I don't know the specifics. I only know that the place where the big secret is unlocked is related to the sacred scepter in my hand."

Ye Feng didn't want to waste time at this time, so he said directly: "Then let's go to the place where the big secret is hidden. I hope there will be a good chance."

At this time, the old man in white didn't hesitate at all and immediately flew quickly in a certain direction towards the palace.

Ye Feng Lengyue and the little emperor quickly followed.

They did not meet other young geniuses along the way, because this is already a relatively hidden place in the palace, so other powerful geniuses may not have explored this area yet.

At this moment, the old man in white stopped in front of a ruin.

At this time, the little emperor's soul emerged from the jade seal. Looking at the ruins in front of him, his eyes suddenly showed a trace of confusion. He couldn't help but said sadly: "This is the place where I ascended the throne. It was the ancestral square of our dynasty, but I didn't expect it to be in ruins."

The old man in white nodded slightly and said loudly: "The place where the big secret is hidden is under the Ancestor Square of the Imperial Dynasty." At this moment, Ye Feng just smiled slightly at Leng Yue's shock and said loudly: "I didn't I don't have any medical skills, I just happen to have something special in my hand that can treat injuries and dampness."

The old man in white nodded slightly and said loudly: "The place where the big secret is hidden is under the Ancestor Square of the Imperial Dynasty."

Chapter 5283: Land of Exile

"Just under the Ancestor Square of the Imperial Dynasty?"

When the old man in white said this, the little emperor showed a look of astonishment in his eyes. He couldn't help but smile bitterly and said: "When I became the emperor, I didn't know that under the solemn Ancestor Square, It actually hides the great secret of our dynasty."

The old man in white didn't say much at this moment. After all, after so many years, there was nothing to say. He also wanted to see now that the mysterious power helped him survive and allowed him to start the dynasty. What is the big secret?

Ye Feng and Leng Yue, who were standing aside, also looked at each other and saw the look of anticipation in each other's eyes.

For the two of them, they were outsiders and had nothing to do with the fall of this ancient dynasty, so their emotions were definitely not as strong as the little emperor's.

But the two of them were still very much looking forward to what kind of secrets were hidden under this square.

If there is a great chance, then for the two of them, it will definitely be an unexpected gain.

Because they also met the little emperor accidentally, and then accidentally rescued the high priest who was sealed in the ice coffin. Otherwise, they would definitely be searching for some apparent resources in this dynasty land, and then they would Will leave here and go to other places in the ancient ruins.

But now the biggest secret about this ancient dynasty is about to be revealed in front of the two of them, which naturally makes Ye Feng and Leng Yue look forward to it.

At this time, Ye Feng and Leng Yue didn't say much, they just watched everything happening in front of them.

At this moment, the old man in white was holding the sacred scepter in his hand and suddenly raised it towards the front.

Then he began to chant a very long ancient spell, and outsiders had no idea what it meant.

The voice of the old man in white fell along with the spell.

Buzz!

The white sacred scepter in his hand immediately emitted a brilliant white light, pointing directly toward the bottom.

#Every time verification appears, please do not use incognito mode!

He quickly flew past the middle area of the Ancestor Square.

Uh-huh!

The next moment, the sacred scepter was inserted into a groove in the Ancestral Square, just like a key, opening the seal of the entire Ancestor Square.

Boom!

The next moment, accompanied by a huge roar, the entire ground of Ancestor Square, like an ancient door, suddenly opened a crack from the middle, and then slowly opened towards both sides.

The next moment, everyone saw a very shocking scene. After the entire ground of Ancestor Square opened to both sides, a black vortex like a black hole appeared underground.

"Um?"

Seeing this scene, Ye Feng's eyes moved and he couldn't help but said: "This seems to be a portal with spatial attributes."

"What?"

Hearing what Ye Feng said, several people around him had surprised expressions in their eyes.

Especially the little emperor, he said in amazement: "I didn't expect that there would always be such a space vortex under the Ancestor Square of our dynasty. It seems that the place where this space vortex leads to is The biggest secret of our dynasty."

At this time, Leng Yue looked at Ye Feng beside him and couldn't help but said: "Ninth Young Master, do you think we should risk entering this space vortex?"

Ye Feng nodded at this time and said aloud: "You have come, so naturally it is impossible to leave and give up like this."

At this time, the old man in white took back the sacred scepter in his hand, and then couldn't help but said: "It is my mission to open the biggest secret place of our dynasty. Now that my mission has been completed, I Of course I have to take a look, otherwise, I won't know how to do it until I die willingly. "

The little emperor was also very determined at this moment and said: "Of course we have to take a look. Perhaps the biggest secret hidden in our dynasty is related to the collapse of our dynasty."

At this moment, everyone had already made up their minds and immediately jumped into the dark vortex under the Ancestral Square.

The next moment, everyone's figures disappeared into this dark vortex.

Buzz!

Following a very intense sense of spatial dizziness, everyone opened their eyes again and found that they had appeared in a very dim underground space.

"This seems to be a very deep place underground."

Leng Yue couldn't help but asked: "Ninth Young Master, do you think we have been transported to an independent space by the dark vortex, or are we still under the ruins of the dynasty?"

Ye Feng shook his head and said aloud: "I'm not sure, let's take a look around first."

Everyone nodded and explored the surroundings.

The old man in white followed Ye Feng silently.

The mission of the old man in white has been completed. Ye Feng saved him again. The old man in white seemed to want to follow Ye Feng.

Ye Feng also noticed this, and naturally did not refuse at all, but acquiesced that the old man in white would follow him.

Because Ye Feng knew very well that the old man in white was the high priest of this ancient cultivation dynasty, and he was an extremely terrifying and powerful man.

Although he has just woken up and his strength has not fully recovered to the peak state, he is still extremely powerful, not to mention that he will slowly recover to the peak state in the future.

The strength of this old man in white is absolutely terrifying to the extreme, so if this old man in white wants to follow him, Ye Feng will naturally not refuse.

The little emperor also jumped out of the jade seal at this time, and the little soul state

The emperor was also observing quickly around

Suddenly Leng Yue seemed to have discovered something and said, "Come and see, there is an ancient black stone tablet here, with dense words written on it, but I can't understand these words. Maybe it was the prince of this ancient cultivation dynasty."

Hearing Leng Yue say this, the old man in white and the little emperor hurriedly flew over, and Ye Feng also looked over.

This underground space is empty, only on the ground at the end, there is a huge black stone tablet erected, like a tombstone, giving people a gloomy and cold feeling.

At this moment, there were dense words on the tombstone. The old man in white and the little emperor looked over and showed shock in their eyes.

Seeing the shock on their faces, Ye Feng couldn't help but ask: "What exactly does the text written on this black stone tablet describe? What makes you so surprised?"

The old man in white didn't speak at this time, and the little emperor couldn't help but said in shock: "This black stone tablet records the true identity of this ancient ruins."

Hearing what the little emperor said, Leng Yue said in a strange voice: "Isn't what is written on this black stone tablet related to your cultivation dynasty? It's actually related to the entire ancient ruins? Then tell me, what kind of place is the ancient ruins described on it?"

The little emperor took a deep breath and said, "This ancient ruins has been a place of exile and a prison since ancient times. In that world of advanced cultivation, all individuals who have committed heinous crimes will be exiled to this small world of ancient ruins. In other words, this small world of ancient ruins is not an ancient place of cultivation or a paradise, but a place specially used to imprison prisoners in the world of advanced cultivation. It is a place of exile. In other words, the great and majestic dynasty in my mind was actually established by a group of prisoners and their descendants."

#### Chapter 5284 Black Iron Plate

Hearing what the little emperor said, both Leng Yue and Ye Feng had a look of astonishment in their eyes.

At this time, the old man in white couldn't help but sigh and said: "According to the description on the black stone tablet, the reason why the advanced cultivation dimension world exiled many prisoners in this small world of ancient ruins is Not only to allow them to fend for themselves here, but also an important reason is to allow those prisoners to develop their own power and establish their own cultivation civilization in this small world of ancient ruins, so that those in higher dimensions can practice Some descendants of nobles or disciples of powerful forces in the world enter this place every few thousand years to kill the practice civilization established by these prisoners as a training mission. In other words, this small world of ancient ruins , is not only a prison and a place of exile, but also a killing place used by the world of higher cultivation dimensions to train its disciples and young people. The fall of our dynasty back then may have been related to a certain trial in the higher cultivation dimension. related."

"this....."

At this moment, Leng Yue's cold and beautiful face couldn't help but reveal a trace of shock, and said aloud: "To destroy and kill generations of descendants of prisoners as a training task, it seems that The legendary world of advanced spiritual cultivation is much crueler than imagined, and it is also a group of cruel people."

Ye Feng suddenly said at this time: "Don't be sad, this ancient ruins may become extremely dangerous. We'd better hurry up to search for important chance creations, and then leave this ancient ruins as soon as possible, because there are thousands of practitioners in high-level cultivation latitudes." We come to this ancient ruins once a year to hunt the creatures in it. If we happen to catch up with the hunt that happens once every few thousand years, we will be unlucky."

Hearing this, Leng Yue couldn't help but said: "We shouldn't be so unlucky, right? We just happen to catch up with the arrival and hunting of powerful people from the advanced spiritual dimension world that happens once in thousands of years."

"That's impossible to say."

The little emperor shook his head and said: "Aren't I so unlucky?"

I had just ascended the throne at a young age, and before I had time to become stronger and realize my ambitions, I suddenly caught up with the arrival of powerful people from the advanced spiritual world that happens once every few thousand years. I had no strength to resist. The dynasty fell and I myself died. Only a remnant soul is left, surviving to this day. "

After hearing what the little emperor said, everyone present suddenly fell into silence, feeling an inexplicable sense of depression and urgency.

Because everyone originally thought that this ancient ruins was just a very ordinary land from ancient times, and then it was shattered and turned into a small world.

But they never expected that this small world of ancient ruins would actually be a place for training in a high-level spiritual world.

So if they happen to catch up with a strong man from a higher cultivation dimension and come to this small world of ancient ruins to experience, they will be in big trouble and may be in danger of death.

So at this time, several people present fell into silence, and the atmosphere was a bit depressing.

At this time, Ye Feng said aloud: "There is no use thinking too much now. We should plunder the important resources in this ancient ruins as soon as possible, and then leave here. As long as we leave this small world of ancient ruins, we can return to Once you reach heaven, there is no danger."

Hearing what Ye Feng said, Leng Yue immediately nodded, then looked around and said aloud: "Could it be that the big secret in your dynasty is this black stone tablet that records the true identity of the ancient ruins? There is no other Got something?"

The little emperor looked around and said aloud: "Look carefully. I always feel that this place is not only recording the true identity of the ancient ruins, but there must be something hidden there."

Such a very important thing, otherwise, we would not have gone to such great lengths to seal the high priest in an ice coffin for hundreds of thousands of years, and wait until now to open it. "

At this moment, the old man in white also nodded.

Suddenly he inspired his own magic power and injected it into the sacred scepter in his hand.

Buzz!

At this moment, the sacred scepter immediately emitted bright white light, illuminating everything around it.

Ye Feng saw something at this time and couldn't help but said: "Look, there seems to be a golden coffin in the corner of this black stone tablet."

"What?"

Hearing what Ye Feng said, several people looked over.

Sure enough, the next moment they saw that behind the black stone tablet, the soil in the corner collapsed, revealing a golden coffin corner.

At this time, everyone stepped forward one after another.

Uh-huh!

Without any hesitation, Leng Yue directly pulled out the golden coffin buried in the mud.

The next moment, the little emperor couldn't help but said: "Is the person buried in this golden coffin some noble figure from our dynasty?"

Ye Feng smiled slightly at this moment and said, "You'll know after you open it and take a look."

Click!

At this moment, Ye Feng directly opened the lid of the golden coffin with force.

The next moment, everyone's eyes were shocked, because this golden coffin did not contain any rotting corpses, but contained a lot of wealth, with energy crystals that emitted more than a dozen kinds of light, which were much better than what Ye Feng had obtained before. The nine-color crystals are much more advanced, and

Some special magic weapons, as well as many inherited books from ancient times, etc.

Of course, the most mysterious thing is a black iron sign.

This black iron plate has a special symbol of crossed swords engraved on its surface, giving it a very ancient and solemn feel.

At this moment, the old man in white suddenly seemed to have thought of something, and couldn't help but said in horror: "I suddenly remembered that in that battle that year, the extremely powerful man from The strong man in the world of advanced cultivation dimensions has such a black iron plate with crossed swords hanging on his body. This black iron plate must be the personal iron plate of the super strong person from the world of advanced cultivation dimension. "

Hearing what the old man in white said at this moment, several people present couldn't help but move their eyes.

Leng Yue looked at Ye Feng and said aloud: "This black iron plate with the cross of swords engraved on it, since it comes from the world of advanced cultivation dimensions, will definitely be sensed by the strong people in the world of advanced cultivation dimensions, or should it be Destroy this black iron sign, or just leave it here, otherwise your life will be in danger. "

Ye Feng shook his head at this time and said aloud: "Since this black iron sign comes from the world of advanced cultivation dimensions, it must have a lot of secrets, and it is very likely that this iron sign with crossed swords contains something from As for the power of the advanced spiritual world, I still want to keep it with me. It would be a pity to throw it away directly. "

When Leng Yue heard what Ye Feng said, she immediately couldn't help but said: "Ninth Young Master, there may be huge dangers in bringing things from the world of advanced cultivation dimensions with you rashly."

Ye Feng smiled slightly and said aloud: "Don't worry, I have the ability to cover up the aura from the advanced spiritual dimension world emanating from this black iron sign, so that it will not be traced."

Chapter 5285: Desert Center

When she heard what Ye Feng said, Leng Yue didn't say anything more, but nodded slightly, because she knew that she couldn't stop Ye Feng's behavior at all.

After all, Ye Feng has become a very important figure in Leng Yue's eyes.

Anyway, Leng Yue herself didn't dare to carry this iron sign with her, for fear of attracting death.

At this time, Ye Feng directly stretched out his hand and put the black iron sign from the advanced spiritual dimension in the golden coffin into his storage ring.

At this time, Ye Feng used some of his soul power to cover the surroundings of the iron sign, which could block the aura and power from the world of higher cultivation dimensions emitted by the iron sign. In this way, the iron sign could be shielded. .

At this moment, the reason why Ye Feng wanted to take the risk of keeping this black iron sign by his side was naturally because Ye Feng felt that the origin of this iron sign was a world of higher spiritual cultivation dimensions, so there must be something from the higher spiritual dimension in it. The power of the world.

If the power from the higher dimensional world contained in this black iron sign could be developed, it would be tantamount to a dimensionality reduction attack for the powerful in the heaven.

Therefore, Ye Feng is naturally very interested in this black iron brand. He will study it carefully after preparing to prove that it cannot become a killer treasure in his future.

Moreover, Ye Feng felt that the cross symbols of knives and swords were engraved on the surface of this black iron sign, which must contain some special meaning.

At this time, Ye Feng looked at Leng Yue beside him, smiled and said: "We can share the other resources in this golden coffin equally."

Leng Yue nodded, and directly filled half of the powerful inheritance and magic weapons into his storage ring.

Ye Feng is actually not very interested in those magic weapons and inheritance. What Ye Feng is interested in is the dozens of crystals stored in this golden coffin that exude more than a dozen colors.

energy crystal.

These energy crystals are much more advanced than the nine-color energy crystals that Ye Feng obtained from the Great Demon God Sect. They are advanced energy crystals that were only born in ancient times.

After Ye Feng got it at this moment, he naturally swallowed it on the spot without any hesitation.

Buzz!

At this moment, a huge amount of energy was immediately injected into Ye Feng's dantian.

boom!

With the help of these extremely high-level energy crystals, Ye Feng's cultivation completely broke through the bottleneck of the half-step Tiangang realm, and he directly broke through to the first level of Tiangang realm!

Thirty-six Heavenly Gangs and seventy-two Earthly Evils.

Therefore, Tiangang Realm is also a rather long realm, with a total of thirty-six small realms.

Now Ye Feng has entered the first small realm of Tiangang Realm. Although he has only entered the first realm, it also means that Ye Feng's cultivation has completely broken through and entered the new and powerful realm of Tiangang Realm.

At this moment, Ye Feng could naturally feel that his skill reserves and combat effectiveness had grown and improved like never before.

At this moment, Ye Feng saw that he had directly swallowed and used all the energy of these high-level energy crystals, and absorbed it into his own body, allowing him to achieve a breakthrough in his cultivation strength.

The old man in white clothes standing aside and the young emperor of this dynasty all had shock in their eyes, as if they did not expect that Ye Feng had such a heaven-defying ability.

The old man in white did not expect at this time that the young man who saved him actually had such a demonic devouring ability.

However, the old man in white didn't say much, because he knew that now that he was rescued by Ye Feng, he might have to do things next to Ye Feng, so naturally the old man in white did not dare to comment on Ye Feng.

At this moment, after Ye Feng devoured these energy crystals, he felt the huge change in his cultivation, and was naturally very happy.

Next, Ye Feng accepted the other half of the magic weapon and inheritance.

These magic weapons and inheritance are all refined and left behind by this ancient dynasty. Naturally, they are all very high-end and precious. Even if you don't use them, you will leave the ancient ruins and return to the Great Demon God Sect in the future. , you can completely sell it in the sect's trading market, and then buy what you need.

At this time, all the wealth had been collected, and Ye Feng and Leng Yue were naturally ready to leave.

The old man in white and the little emperor followed them.

Now they have learned that every few thousand years, powerful men from higher cultivation latitudes will come to this ancient ruins to hunt and kill the native creatures in the ancient ruins, so now everyone has a sense of crisis in their hearts.

Ye Feng spoke up at this moment: "We should follow the previous plan and collect all the important resources in this ancient ruins as soon as possible, and then we will leave here."

Leng Yue nodded in agreement.

Because for the strong people in the world of advanced cultivation dimensions, even if these local creatures come from the heaven, they are absolutely as weak as ants and have no power to resist at all.

Otherwise, the ancient cultivation dynasty that the young emperor belonged to would not have been destroyed in an instant.

At this moment, the old man in white followed Ye Feng without saying a word.

And the little emperor had already

# Every time verification appears, please do not use the invisible mode!

He was no longer the emperor of the past, and he could no longer let the high priest continue to follow him.

The little emperor now followed Ye Feng and Leng Yue, just wanting to leave the ancient ruins and return to the heaven as soon as possible, and then let Ye Feng and Leng Yue help him reshape his body so that he could live again.

At this moment, the little emperor's soul entered the jade seal and was collected by Leng Yue into the storage ring.

And behind Ye Feng was the old man in white.

Everyone shuttled quickly under this palace and finally returned to the ground.

At this time, looking around, Ye Feng said: "Let's leave this palace and search for other cultivation resources in the ancient ruins in other directions around."

Leng Yue nodded, and began to quickly explore the surroundings with Ye Feng.

Soon, under the search of Ye Feng's huge soul power, Ye Feng suddenly found a huge desert around him.

This desert seems to have nothing, but Ye Feng's soul power is sharp, and he feels that there must be something unusual in this desert.

Because Ye Feng can sense that there seems to be an inexplicable energy fluctuation in the central area of this desert.

Leng Yue looked at this desert with no people, and no other young geniuses came here to explore, because this desert looked like it was not a good place, and it was deserted.

But Ye Feng insisted on exploring in this desert, and Leng Yue didn't say much.

After all, during this period of time with Ye Feng, Leng Yue has realized that this ninth young master is very powerful and has magical means, which is not what she can imagine.

So now Leng Yue naturally chooses to believe Ye Feng, and the two of them flew quickly towards the central area of this desert, and the old man in white followed closely.

Chapter 5286 Desert Stele

In fact, Leng Yue may not have noticed it herself. As she got along with Ye Feng, Leng Yue's exploration of the ancient ruins, which was originally led by Leng Yue, has slowly become led by Ye Feng, and Leng Yue has become a follower of Ye Feng. The one with the wind.

After all, Ye Feng's methods and abilities were constantly revealed, which were so miraculous that Leng Yue, a confidant trained by the Master of the Demon King Hall since childhood, began to admire Ye Feng, the Ninth Young Master, more and more.

Therefore, Leng Yue now focuses on Ye Feng. After all, there are too many dangers in this ancient ruins, and Ye Feng has various magical means to detect dangers in advance, and even be able to detect them at critical moments. Turn danger into safety.

And now since I learned that this ancient ruins in the palace is actually a place of experience and killing for powerful people in a higher dimension world, this ancient ruins have become dangerous.

Leng Yue naturally felt that only after he and Ye Feng had scoured all the cultivation resources around them as soon as possible, they would leave this small world of ancient ruins and return to the heaven would be more stable.

Otherwise, if they are really unlucky enough to catch up with a powerful person from the advanced cultivation dimension who comes here every few thousand years, then they will be really unlucky and they may not even have time to run away.

So now that time was running out, Leng Yue didn't want to disturb Ye Feng's planning and arrangements, so she naturally followed Ye Feng's back. .??.

Ye Feng led Leng Yue and the old man in white through the vast desert quickly.

The sun was very hot high in the sky, baking the entire earth, making Leng Yue feel dehydrated for a while.

This shocked Leng Yue.

Because you must know that Leng Yue is not a mortal, but a very powerful practitioner, but he still feels very thirsty in this desert, and even has symptoms of dehydration. This is a very incredible thing. .

This made Leng Yue couldn't help but look up at the red sun in the sky, then looked at the deserted desert around her, and couldn't help but say: "I feel that this desert is very extraordinary, ordinary. Deserts can make mortals feel thirsty and dehydrated at most, but this desert makes us like this

#Every time verification appears, please do not use incognito mode!

It's a bit incredible that all powerful cultivators feel the extremely scorching heat. "

Ye Feng nodded slightly at this moment and said aloud: "This desert is indeed very extraordinary. Otherwise, I would not go deep into this desert to explore. Many young geniuses who come into this ancient ruins are not at all I am very experienced in knowing that some huge cultivation resources are hidden in uninhabited places or in very harsh environments."

Hearing what Ye Feng said, Leng Yue nodded slightly, and then said aloud: "What kind of opportunities are hidden in this desert?"

Ye Feng shook his head and said: "I don't know, I just sensed that there are inexplicable energy fluctuations in this desert, right in the middle of this desert, so we must rush to the middle of this desert, Let's see what's there. Anyway, now we have realized that this desert is different from ordinary deserts. It makes practitioners feel extremely hot and even have symptoms of dehydration. This is enough to show that this desert definitely contains something amazing. Otherwise, it would be impossible for the environment in this desert to become so harsh."

Next, when Ye Feng, Leng Yue and the old man in white came to the middle area of the desert, they immediately saw a very shocking scene.

I saw a huge stone monument standing on the land in the middle of this desert.

This stone tablet is entirely made of yellow sand, giving people a very ancient and vicissitudes of feeling.

However, there is nothing special about this stone tablet. What really shocked a few people was that there was an ancient evil beast locked on this stone tablet.

This ancient evil beast has completely shriveled up. I don't know what race it is, but its body is very huge, tens of thousands of meters tall. It is tied to this huge stone monument by countless thick iron ropes. on it, just like this piece of ancient evil beast

When it came to punishment, he was trapped here by the desert god, suffered endless suffering and died.

Uh-huh!

At this moment, Ye Feng immediately flew forward, checked it carefully, and felt quite disappointed.

Because the whole body of this ancient evil beast has completely shriveled up, and the blood energy contained in its body has long since passed away.

Leng Yue saw this scene at this moment and was very shocked. She couldn't help but said aloud: "Did the God of the Desert really exist in this desert back then? Otherwise, who had this ability and could This almost god-like ancient evil beast was locked and trapped on this huge desert stone monument, and was killed by the sun. "

At this time, the old man in white, a local practitioner in the ancient ruins, suddenly couldn't help but said: "In the ancient times, there were rumors that a very powerful desert emperor was born in this desert. A majestic power that can control the entire desert. Whoever dares to trespass into this desert will be locked on this desert stone monument and be exposed to the sun to death. It seems that this ancient evil beast accidentally broke in back then. I'm stuck in this desert, so I'm trapped here."

Hearing what the old man in white said, Leng Yue asked curiously: "But we have been in this desert for half an hour, why haven't we encountered any attacks?"

The old man in white couldn't help but laugh and said: "Hundreds of thousands of years have passed. The mysterious desert emperor who was born in this desert may have fallen long ago, so now we come to this desert, there will naturally be no danger."

While the two were talking, Ye Feng had already used his soul power to carefully explore this stone tablet, including the ancient evil beast trapped on it.

Ye Feng confirmed that the energy fluctuation he sensed was in this stone tablet.

At this moment, Ye Feng immediately burst out the power of the immortal body of the god, and punched out fiercely, trying to smash this desert stone tablet directly.

Seeing this

# Every time verification appears, please do not use the invisible mode!

At this scene, Leng Yue and the old man in white were shocked, as if they didn't expect Ye Feng to be so impulsive.

But they didn't say anything. After all, the danger in this desert may have completely disappeared after hundreds of thousands of years.

So even if Ye Feng destroyed this desert stele, it would not be too dangerous.

Clang!

But at the moment when Ye Feng's golden fist collided with this desert stele, it made a sound like metal collision.

Ye Feng's fist did not cause any damage to this stele at all!

"What?"

Seeing this scene, Ye Feng's eyes widened slightly, because Ye Feng's current cultivation has entered the first realm of the real Tiangang Realm, so the power of Ye Feng's immortal body has also been greatly enhanced.

Ye Feng's power is many times stronger than before. Ye Feng's golden fist is comparable to some magic weapons, but it still can't destroy this desert stele.

This shows how strong this desert stele is.

At this time, Ye Feng directly transformed the God Ring on his finger into the God Sword, and chopped at the stone tablet, so that he could always destroy the stone tablet.

Because the energy fluctuation that Ye Feng sensed came from the inside of this desert stone tablet, he had to destroy this stone tablet to see what was hidden inside.

"Dang!"

But when the God Sword in Ye Feng's hand chopped on this desert stone tablet, a metal collision sound was made, and the surface of this stone tablet was not scratched.

This shocked Ye Feng completely, and he couldn't help but feel a little horrified in his heart.

Even the God Sword couldn't destroy this desert stone tablet.

Could this desert stone tablet also come from a higher cultivation dimension?

Otherwise, the God Sword would definitely be able to cut it open!

Chapter 5287 Beast Bones

Although Ye Feng was a little shocked at this time, it was normal to think about it.

After all, this ancient ruins is not an ordinary small world, but a high-level cultivation dimension world specially used to train the strong men under his command.

Therefore, it is actually very normal for things from high-level cultivation dimensions to appear in this ancient ruins.

Ye Feng used the God's Sword at this time and was unable to cause damage to this desert stone tablet, which is enough to show that this desert stone tablet was definitely not built by the local cultivation civilization of this ancient ruins, but came from a higher cultivation dimension world.

As for the desert emperor who might have appeared in this desert as mentioned by the old man in white, he was definitely a strong man from the world of advanced cultivation dimensions.

This made Ye Feng even more interested in this desert.

However, what makes Ye Feng feel a little pity is that this ancient evil beast trapped on this desert stone monument by countless iron ropes has completely lost all its blood and energy, so it is no longer of any use to Ye Feng.

But the moment Ye Feng stretched out his hand and touched this ancient evil beast, Ye Feng suddenly felt a very familiar energy fluctuation.

That turned out to be the fluctuation of divine matter!

"Um?"

This made Ye Feng's eyes suddenly show surprise.

You know, Ye Feng's current Immortal Body of God has not been improved for a long time.

Because Ye Feng has never been able to find the divine substance.

Unexpectedly, the body of this ancient evil beast actually contains divine substances. It seems that these divine substances exist in the bones of this ancient evil beast.

At this moment, Ye Feng naturally did not hesitate and began to silently absorb the divine substance contained in the bones of this ancient evil beast.

And this made Ye Feng even more convinced that this ancient evil beast was definitely a powerful evil beast that could almost rival the gods in ancient times. Otherwise, it would be impossible for divine substances to be born from the bones.

In any case, Ye Feng can be said to have reaped huge benefits at this moment, quickly absorbing the divine substance contained in the bones of this ancient evil beast.

At this moment, Ye Feng could clearly feel that the strength of his immortal body was growing rapidly.

You must know that Ye Feng's previous immortal body of a god has broken through to the first level of the seventh stage and awakened the seventh stage's natal talent 'God's Blessing', which allows Ye Feng to obtain the power from the gods in the mythical dimension. , to increase your fighting power.

As the seventh stage of the God's Immortal Body continues to improve, the 'God's Blessing' bloodline talent that Ye Feng awakened in the seventh stage will become more and more powerful, and Ye Feng will receive more and more God's energy blessings. more.

At this moment, as Ye Feng continued to absorb the divine substance from the bones of this ancient evil beast, the strength of Ye Feng's immortal body suddenly increased from the first level of the seventh stage to the second level of the seventh stage.

And it goes far beyond that.

Because this ancient evil beast was tens of thousands of meters in size, there was still a lot of divine substance contained in its bones, and Ye Feng continued to devour it.

Boom!

Suddenly, a powerful wave of body power erupted from Ye Feng's body.

At this moment, Ye Feng's immortal body strength once again achieved a breakthrough and stepped into the world.

#Every time verification appears, please do not use incognito mode!

The third level of the seventh stage.

Ye Feng's physical strength was greatly strengthened at this moment.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Unexpectedly, he accidentally encountered such an ancient evil beast containing divine substances. This was a huge opportunity, which allowed Ye Feng's immortal body of gods to grow tremendously.

After all, you must know that among Ye Feng's various methods, physical strength has always been one of Ye Feng's best trump cards.

Ye Feng was naturally very happy that the Immortal Body of the God could be evolved.

Because the most basic foundation of Ye Feng's super fighting power is the power of his body.

If Ye Feng did not possess the powerful and special physique of the God's Immortal Body, Ye Feng's combat effectiveness would definitely be greatly reduced.

At this time, Ye Feng had absorbed all the divine substances and immediately saw the ancient evil beast locked on the desert stone tablet. At this moment, the entire huge body suddenly became loose and fell directly from the stone tablet. It fell to the ground, kicking up dust all over the place.

"what's the situation?"

At this time, I saw this huge ancient evil beast suddenly turning into a puddle of mud and falling from the desert stone monument to the ground.

Several people around him, including Leng Yue and the old man in white, had deep astonishment in their eyes, as if they did not expect such a change to happen suddenly.

Ye Feng remained calm at this moment and said: "I don't know why this ancient evil beast suddenly became like this."

Ye Feng would naturally not tell the truth. After all, his devouring ability was already incredible. If he told the truth about his ability to absorb divine substances, Leng Yue and the old man in white would probably be very frightened by him. , even fear.

So Ye Feng tried his best not to say anything. After all, it was better for him to know this kind of trump card and not let others know.

But when they heard what Ye Feng said, Leng Yue and the old man in white didn't suspect anything.

After all, this ancient evil beast is so old that it is normal for it to suddenly become loose and fall off.

At this moment, Leng Yue shook her head and said loudly: "I searched around and found nothing special. It seems that the most special thing in this desert is hidden in this desert stone tablet, but it cannot be opened. "

Ye Feng nodded and said aloud: "I have just concluded that this desert stone tablet may not have been built by the local creatures and cultivation civilization in this small desolate ruins world, but should come from a higher cultivation dimension world. "

"Um?"

Hearing what Ye Feng said, Leng Yue immediately couldn't help but said in surprise: "Nine Young Masters, do you mean that this ancient stone tablet comes from that mysterious and unpredictable higher cultivation dimension? It's not the same as before. The black iron brand you get is the same."

Ye Feng nodded and said aloud: "Yes, this small world of ancient ruins is different from other ordinary small worlds. This small world was chosen as a place for experience in the world of advanced cultivation dimensions. There are many left behind from this small world. It's not strange for things in the world of advanced cultivation dimensions."

When Leng Yue heard what Ye Feng said, she immediately nodded, and then couldn't help but say: "This desert stone tablet was built on this desert, how can we take it away? We can't destroy it now. What should I do with a stone tablet?" Although Ye Feng was a little shocked at this time, it was normal to think about it.

After all, this ancient ruins is not an ordinary small world, but a high-level cultivation dimension world specially used to train the strong men under his command.

After all, this ancient evil beast is so old that it is normal for it to suddenly become loose and fall off.

At this moment, Leng Yue shook her head and said loudly: "I searched around and found nothing special. It seems that the most special thing in this desert is hidden in this desert stone tablet, but it cannot be opened. "

Ye Feng nodded and said aloud: "I have just concluded that this desert stone tablet may not have been built by the local creatures and cultivation civilization in this small desolate ruins world, but should come from a higher cultivation dimension world. "

"Um?"

Hearing what Ye Feng said, Leng Yue immediately couldn't help but said in surprise: "Nine Young Masters, do you mean that this ancient stone tablet comes from that mysterious and unpredictable higher cultivation dimension? It's not the same as before. The black iron brand you get is the same."

Ye Feng nodded and said aloud: "Yes, this small world of ancient ruins is different from other ordinary small worlds. This small world was chosen as a place for experience in the world of advanced cultivation dimensions. There are many left behind from this small world. It's not strange for things in the world of advanced cultivation dimensions."

When Leng Yue heard what Ye Feng said, she immediately nodded, and then couldn't help but say: "This desert stone tablet was built on this desert, how can we take it away? We can't destroy it now. What should I do with a stone tablet?"

Chapter 5288 Huge Light Column

Ye Feng also frowned when he heard Leng Yue say this.

But at this time, Ye Feng seemed to have thought of something. Suddenly his eyes moved and he said, "Maybe that thing can open this desert monument. Even if it can't be opened, there may be a connection."

Hearing what Ye Feng said, Leng Yue's eyes suddenly showed a look of doubt, and she asked aloud: "What is it?"

At this moment, Ye Feng took out the black iron sign he had obtained before from his storage ring.

There are cross symbols of knives and swords on the surface of this black iron sign, which looks very ancient and mysterious.

At this time, Leng Yue saw the black iron plate of the sword that Ye Feng took out, her eyes immediately moved, and she said loudly: "This black iron plate also comes from the higher cultivation dimension. I was ready to throw it away at that time."

Ye Feng nodded and said aloud: "Both of these come from advanced spiritual dimensions. This black iron sign may be related to this desert stone tablet. Anyway, let's give it a try." .??.

After finishing speaking, Ye Feng didn't hesitate at all. He took out the black iron sign and placed it directly on the huge desert stone tablet in front of him.

Buzz!

The moment Ye Feng put the black iron sign on the desert stone monument, a very strong energy wave burst out from the black iron sign.

"Huh? I didn't expect there to be a connection!"

At this moment, Ye Feng's eyes suddenly showed a look of surprise.

Leng Yue, who was standing next to her, had a hint of excitement on her beautiful face.

Leng Yue couldn't help but said: "I didn't expect this black iron sign to be really related to this desert stone monument. Fortunately, you, the Ninth Young Master, kept this black iron sign."

When the old man in white clothes standing aside saw this scene, his eyes moved, but he didn't say much, because he was following Ye Feng now, so everything was decided by Ye Feng.

At this moment, Ye Feng held the black iron sign and placed it on the desert stone monument. A very strong energy wave erupted from the black iron sign.

The next moment, Ye Feng suddenly saw that this black iron sign was completely integrated into the huge desert stone tablet in front of him.

then almost

At the next moment, the sand on the surface of the entire desert stele began to slowly flow toward the ground like molten iron melting.

As the entire desert stone tablet melted, a black sword and a black sword were gradually revealed inside.

The black sword and the black sword were intertwined at this moment and were sealed in this desert stone monument. They looked like they had the majesty and aura of ancient weapons.

Seeing this scene at this moment, Ye Feng's eyes suddenly lit up.

The black sword and the black sword sealed in this desert stone tablet are exactly the same as the sword and sword cross symbols engraved on the iron sign just now.

Ye Feng couldn't help but said: "Could it be that this black sword and black sword are powerful weapons from the world of advanced cultivation dimensions?"

At this time, Leng Yue couldn't help but said: "If these two weapons are really weapons from the high-level cultivation world, then once these two weapons are refined and controlled, what will happen to us in the heaven?" The so-called magic weapon is definitely a dimension reduction strike.

Ye Feng nodded at this time.

Ye Feng is naturally very familiar with these weapons that come from advanced cultivation dimensions.

Because the Sword of God in Ye Feng's hand comes from the world of advanced cultivation dimensions.

You must know that the Celestial Clan came to the heaven from the higher cultivation dimension, so the Celestial Sword transformed from the Celestial Ring in Ye Feng's hand is a weapon of the higher dimension world.

So at this time, Ye Feng was naturally very interested in these two weapons from the higher dimensional world.

At this moment, Ye Feng glanced at Leng Yue beside him, smiled and said: "One sword and one sword, let's take one from each other."

Hearing what Ye Feng said, Leng Yue nodded and said, "I want that long knife. The inheritance and skills I cultivate are more suitable for using knife weapons."

Hearing what Leng Yue said, Ye Feng nodded.

Uh-huh! Uh-huh!

At this moment, Ye Feng and Leng Yue were flying quickly towards the two weapons in front.

The direction Ye Feng flew to was the black sword.

The direction Leng Yue flew towards was the long black knife.

At this moment, when the two of them arrived in front of the weapons they wanted, they directly stretched out their hands and pulled both weapons out of the ground.

Buzz!

At this moment, Ye Feng immediately sensed that this black sword contained a vast ocean-like power, and it was extremely heavy.

And if he outputs mana and pours it into the black sword in his hand, he can make the black sword become heavier and heavier.

To the enemy, it was like a huge mountain pressing down on them.

At this moment, Leng Yue tried to input some mana into the long black knife in his hand.

The next moment, the long black knife quickly shrank, became only the size of a palm, and fell into Leng Yue's hand.

Seeing this scene, Ye Feng's eyes showed a look of surprise, and then he smiled and said: "This long knife looks very big, but once it is activated by mana, it can change its size at will. Like me, The black sword is different. The main function of my black sword is to be like a mountain, with infinite heavy power, directly oppressing the enemy. It is somewhat similar to my fighting method, which is simple and crude. "

Hearing what Ye Feng said, Leng Yue smiled slightly and said loudly: "This time we really got a huge harvest."

For Leng Yue, her most important thing this time is to find a very powerful magic weapon.

And now, she suddenly got a black long knife from a world of advanced cultivation dimensions, which naturally made Leng Yue very happy.

Because weapons from higher cultivation dimensions, to practitioners in the heavenly world, they are nothing more than powerful treasures that are like dimension-reducing strikes.

But at this time, Ye Feng said in a warning voice: "Leng Yue, this kind of weapon comes from a higher cultivation dimension. Whether it is my black sword or your black long knife, it is best not to show it easily." In front of others, otherwise, if others know that we are holding weapons from higher cultivation dimensions in our hands, I am afraid that even those who are powerful in our heaven will

Top big shots will show off their face and come over to snatch this weapon from us. "

Hearing what Ye Feng said, Leng Yue immediately nodded solemnly and said, "I know this, don't worry, I won't reveal this kind of weapon easily."

Ye Feng nodded, and then smiled and said: "But having said that, most people simply don't realize that this weapon comes from a higher-dimensional world of cultivation. After all, we know that this ancient ruins are from a higher-dimensional world of cultivation. The world's testing ground, that's why we know that these weapons may come from higher cultivation dimensions, which most people don't know at all."

Hearing what Ye Feng said, Leng Yue nodded, and then said loudly: "It's time for us to leave here."

Ye Feng looked around and was about to think about whether he should look for the wealth that the legendary desert emperor might have left behind.

But suddenly at this moment.

Boom!

A huge beam of light that penetrated the sky and the earth suddenly struck directly from the sky of this small world of ancient ruins, causing the entire earth to shake.

"what's the situation?"

"Could a peerless treasure be born?"

Seeing this scene, all the top geniuses in the entire ancient ruins world showed surprise in their eyes.

Ye Feng and Leng Yue are no exception.

Leng Yue couldn't help but said aloud: "Could it be that a peerless treasure has been born? I see many other top geniuses flying quickly towards the huge beam of light that reaches the sky and the earth. Ninth Young Master, let's go and take a look too." Look."

Ye Feng nodded and said, "Okay."

But at this time, the old man in white standing aside seemed to have seen something extremely scary. He immediately couldn't help but said in horror: "Master Ye Feng, Miss Leng Yue, let's escape quickly! That one The huge light pillar that reaches the sky and the earth is exactly the vision that happened when our dynasty was destroyed. It was not a peerless treasure that was born, but the testers of the higher dimensional world, passing through the huge light pillar that reaches the sky and the earth. We are about to arrive in this small world of ancient ruins!"

"What?"

Hearing what the old man in white said, Ye Feng and Leng Yue's expressions suddenly changed.

Chapter 5289: A guess

At this moment, Ye Feng and Leng Yue did not hesitate at all, and immediately flew towards the outside of this ancient ruins.

Because they know very well that if a strong person from the world of advanced cultivation dimensions really descends into that huge light pillar, their absolute fate will be very miserable, so leaving here now is the most correct choice.

At this time, Leng Yue looked at the other young geniuses flying towards the huge light pillar. She couldn't help but have a sad look on her face, and said aloud: "These people were attracted by that huge light pillar. I'm afraid they will all die miserably later."

Ye Feng nodded. At this time, neither of them directly told the other young geniuses that the huge light beam was very dangerous.

Because they have no obligation to save these young geniuses, even Leng Yue couldn't help but said: "Perhaps these young geniuses can help us resist those powerful people from the higher-dimensional world of cultivation for a period of time, so that we can leave safely This small world of ancient ruins."

At this moment, Ye Feng Lengyue and the old man in white flew quickly towards the outside of this ancient ruins.

Soon, they arrived at the teleportation point and left this small world of ancient ruins amid a wave of space fluctuations.

Before they left, they vaguely saw that in the huge light pillar, many strong men from higher cultivation dimensions descended. Their cultivation auras were so overwhelming that they attracted the many young geniuses gathered around them. He was killed instantly.

They also saw the cruelty and indifference in the eyes of those powerful people from the world of advanced cultivation dimensions.

Obviously, these powerful men from the world of higher cultivation dimensions treat practitioners from small worlds like ancient ruins like ants, killing them on the spot without any mercy at all. Practitioners living in this world are treated like insects.

Randomly crushed to death.

But at this time, Ye Feng, Leng Yue and the old man in white left the ancient ruins safely.

Buzz!

After a violent space fluctuation, Ye Feng Lengyue and the old man in white returned to the heaven.

At this time, Ye Feng finally breathed a sigh of relief.

Because even Ye Feng, who possesses all kinds of powerful cultivation methods and talents, would never dare to say boldly that he can fight against the strong men from the world of advanced cultivation dimensions.

At this moment, Leng Yue couldn't help but breathed a sigh of relief and said aloud: "If we return to the heaven, we will be safe. Those strong men who can come to the high-dimensional world of the small world of ancient ruins should only be able to pass through. When the ancient interface node comes to that small world of ancient ruins, they cannot enter the heaven. "

Ye Feng nodded and said aloud: "Anyway, the sky is falling, and there are tall people holding it up. Our current cultivation level is too weak. The most important thing is to take care of yourself first. If you are poor, take care of yourself. If you are poor, you will be alone." Then it will benefit the world."

At this time, Ye Feng and Leng Yue did not hesitate at all, and flew directly from the entrance of the small world of the ancient ruins towards the direction of the Great Demon God Sect.

The old man in white followed Ye Feng without saying a word.

But at this time, Ye Feng looked at the old man in white and couldn't help but said: "If you follow me now and return directly to the Great Demon God Sect, your identity will definitely be suspected. You should stay in my storage first." Just stay in the ring and I will tell you if I need anything."

The old man in white came to heaven alone at this moment and did not recognize him.

He doesn't know anyone, so he is naturally willing to follow Ye Feng at this time.

Hearing what Ye Feng said at this moment, the old man in white nodded, flew directly into Ye Feng's storage ring, and stayed there for the time being.

At this time, Leng Yue couldn't help but smile and said: "Congratulations to the Ninth Young Master for being able to be followed by the high priest of the cultivating dynasty in the small world of ancient ruins. This old man in white is an extremely powerful being, and I Otherwise, I will not be so lucky. I will have to help the little emperor find various materials to help him reshape his body. "

Ye Feng smiled and said: "This is our obligation together. If you need anything, you can always ask me for help."

Hearing what Ye Feng said, Leng Yue immediately nodded.

At this time, Leng Yue's beautiful and cold eyes were staring at Ye Feng, and she also showed an inexplicable smile that she had not seen before.

Obviously, after this period of experience and getting along, Leng Yue, who was originally a confidant trained by the very ruthless Demon King Hall Master, has already established a deep friendship with Ye Feng, the Ninth Young Master.

Time passes quickly, like running water without leaving a trace.

Half a day passed in the blink of an eye.

Ye Feng and Leng Yue also returned to the Great Demon Sect.

At this time, neither of them said anything about the arrival of powerful men from the advanced spiritual world in the small world of ancient ruins.

After all, this matter involves too much, and if the two of them speak out hastily, it may cause a lot of trouble, so it is better to remain silent.

After all, their current level of cultivation is too weak and they don't have the ability to take care of so much.

After Leng Yue said goodbye to Ye Feng, she left directly.

Ye Feng replied

Arrived at his residence.

When Ye Feng returned to his residence, an old man in black was already standing outside Ye Feng's residence.

This old man in black is none other than Mr. Shen, the protector of the Ninth Young Master of the Demon King's Palace, whom Ye Feng is disguised as.

At this moment, the protector in black looked at Ye Feng and couldn't help but said in surprise: "The Ninth Young Master went out this time. After coming back, his cultivation has improved so much. It is really incredible. Ah, it seems that the Ninth Young Master must have benefited a lot from being in the ancient ruins this time."

When Ye Feng heard what the protector said, a faint smile appeared on his face, and he said loudly: "This time I entered the ancient ruins, I really got a lot of luck, and my relationship with Leng Yue It's getting better too."

Hearing what Ye Feng said, the eyes of Mr. Shen, the black-clothed protector, suddenly lit up and he couldn't help but said: "It is very important to have a good relationship with Leng Yue. This Leng Yue is in our Demon King's Palace. , is one of the most respected confidants of the Lord of the Palace, and is very powerful. If the Ninth Young Master can have a good relationship with Leng Yue, it will definitely be of great benefit to the Ninth Young Master's future development in the entire Demon King's Palace."

Ye Feng nodded and was about to say something.

Uh-huh!

But suddenly at this moment, a young man wearing a golden robe suddenly flew over from not far away.

It turned out to be Demon Wudao, the third young master of Demon King Palace.

The third young master Mo Wudao had a conflict with Ye Feng in the central hall of the Great Demon God Sect. In the end, due to the situation, Mo Wudao did not take action.

Ye Feng saw Mo Wudao flying over menacingly, and he suddenly had a guess in his heart.

It is estimated that this third young master, Wu Dao, wants to cause trouble for himself privately.

Chapter 5290 Demon God Space

At this time, Ye Feng was actually not afraid when he saw the opponent flying over fiercely.

Ye Feng's strength was enough to fight against the Third Young Master Demon Wu Dao before, let alone now.

Ye Feng went to the ancient ruins, joined forces with Leng Yue, and obtained numerous training resources and extremely powerful treasures.

Ye Feng's current comprehensive strength can be said to be enough to defeat the Third Young Master Demon Wu Dao.

So at this time, Ye Feng stood outside his mansion with very calm eyes, staring at the third young master Mo Wudao flying over in front of him.

At this time, the protector Mr. Shen stood aside and couldn't help but said: "Ninth Young Master, be careful."

Ye Feng nodded slightly and didn't say much. He just watched quietly as the Third Young Master Demon Wu Dao flew quickly in his direction.

While Ye Feng was waiting, the three young masters, Demon Wudao, had already flown outside the house where Ye Feng was.

At this time, Ye Feng's eyes showed a trace of indifference, without any panic, and said slowly: "Mo Wudao, did you come to my place today to cause trouble for me? I didn't expect that I just came from After returning from the ancient ruins, you came to the door. "

Hearing what Ye Feng said, Mo Wudao's eyes flashed for a moment, and then in Ye Feng's rather surprised gaze, he suddenly said: "Mo Wushuang, I am not here to come to you this time. "Trouble, you misunderstood me. I came to you because I want to cooperate with you on something."

Hearing what the Third Young Master Demon Wu Dao said, Ye Feng's eyes suddenly showed a look of surprise, because Ye Feng originally thought that the Third Young Master Demon Wu Dao came to him to cause trouble for him, but he didn't expect that the Third Young Master Demon Wu Dao came to him to cause trouble for him. , the other party actually wanted to discuss cooperation with me.

This was something Ye Feng had not thought of and could be said to be unexpected.

At this moment, Ye Feng had a rather surprised look in his eyes. He couldn't help but smile lightly and said:

#Every time verification appears, please do not use incognito mode!

He said in a loud voice: "Mo Wudao, do you have anything special to cooperate with me on?"

Mo Wudao saw that Ye Feng was very indifferent and couldn't help but said: "You are indeed different now from before. Not only have you become stronger, but your mentality has also changed a lot. You have become so fearless in the face of danger. You have become so of indifference."

Hearing Mo Wudao's comment, Ye Feng smiled slightly and said: "You came today just to praise me, right? Go straight to the point and tell me what you want to cooperate with. If you want to If there are huge benefits, there is no big grudge between you and me. Maybe I can consider cooperating with you, but if you just want to use me for some petty profits, then don't blame me for not being with you and closing the door to thank you. "

Hearing what Ye Feng said, Mo Wudao nodded, and then said aloud: "I want to invite you to join the competition between our Demon King's Palace and the top geniuses of the Demon King's Palace."

"Um?"

Hearing what Mo Wudao said, Ye Feng's eyes suddenly showed a look of surprise.

Mr. Shen, the guardian who was standing aside, couldn't help but said: "Ninth Young Master, the super genius of the Demon King's Palace is very powerful. It is definitely not something that our geniuses from the Demon King's Palace can resist. This is definitely very dangerous. "

Hearing the reminder from the guardian Shen, Ye Feng nodded slightly, looked at the third young master Mo Wudao opposite, and said loudly: "You came here specially to invite me, you should also know the dangers of this kind of competition, but you are so confident "Manman flew over, probably thinking that what I gained from participating in this competition would definitely impress me."

Hearing what Ye Feng said, Mo Wudao's eyes suddenly flashed and he said loudly: "You have indeed become much smarter than before. Yes, it's just that

If you can be in our team, help us defeat the super genius in the Demon King's Palace, and help us win this competition, I can let you get half of the final spoils of this competition. "

"oh?"

Hearing what Mo Wudao said, Ye Feng's eyes revealed a look of interest and he said, "What is the spoils of your fight this time?"

Mo Wudao said slowly: "The winner of this competition will receive a thousand high-grade energy crystals jointly paid by both of us."

"Um?"

At this time, when Ye Feng heard what Mo Wudao said, his eyes suddenly lit up and he couldn't help but said: "You mean, as long as I can help your team win this competition, you can bring the entire team to Divide half of the one thousand high-level energy crystals obtained and give them to me alone? In other words, if I win this battle with the geniuses of the Demon Emperor's Palace, I can get 500 high-level energy crystals by myself. Crystal, the other half will be divided equally among all your remaining members?"

"That's right."

Mo Wudao nodded, smiled and said: "How about it? This reward should be pretty good, and I also secretly tell you that if we can win this competition, my father has promised to give our entire team everything. Members have the qualification to enter the most mysterious and precious Demon God Space of our Great Demon God Sect."

"What?"

Hearing what Mo Wudao said at this moment, Ye Feng had not yet spoken. The guardian Shen, who was standing next to Ye Feng, couldn't help but said in horror: "The Demon God's Space! That is our Great Demon God The most mysterious place in the sect! I didn't expect that the Lord of the Palace would reward you like this."

Mo Wudao smiled slightly at this time and said loudly: "Although my father asked me to

# Please do not use the invisible mode every time verification appears!

It will cost us a huge price to enter the Demon God Space, but this fight is related to the future of our father. Once we can win this fight, father can be promoted from the Lord of the Demon King Palace to the Lord of the new generation of Demon King Palace, so in order to motivate us, he naturally spent a lot of money. "

At this moment, Ye Feng's eyes flickered when he heard the conversation between the protector Shen Lao and Mo Wudao.

It seems that the Demon God Space of the Great Demon God Sect is an extremely mysterious place, which may contain huge opportunities and fortunes, and it is very difficult to enter. Even a big figure like the Lord of the Demon King Palace has to spend a huge price to allow the young geniuses under his command to enter the Demon God Space.

Of course, the premise is that they can represent the younger generation of the Demon King Palace this time and defeat the younger generation of the Demon Emperor Palace, so that the Lord of the Demon King Palace can be promoted.

At this moment, after thinking through the relationship between the past and the present, Ye Feng immediately smiled and said: "Okay, this time the harvest is so great, then I can accept your invitation, join your team, and compete with the super genius of the Demon Emperor Palace. "

When he said this, Ye Feng suddenly stared at Mo Wudao in front of him, and couldn't help but say: "I had a conflict with you before, and you don't know much about my strength. Why do you believe that I can lead your team to defeat the young geniuses of the entire Demon Emperor Palace? "

Hearing Ye Feng say this, Mo Wudao suddenly looked in a certain direction and said, "I have a good relationship with Leng Yue. After she returned from the ancient ruins this time, she happened to meet me. She warned me not to provoke you, the ninth young master, otherwise, the end would be very miserable. I believe in Leng Yue's judgment. After you returned from the ancient ruins, your strength must have been greatly improved. Otherwise, Leng Yue, such a cold and aloof person, would not say such a thing. "
