Chapter 5291 Do this

When Ye Feng heard the third young master Mo Wudao say this, his eyes suddenly showed a look of surprise.

It turned out that it was because Leng Yue said that she was very powerful that the Third Young Master Demon Wu Dao paid attention to him, and even truly believed that he had super strength and wanted to invite him to join their team. Ace.

But Ye Feng also knows that Leng Yue's status in the Demon King's Palace is still very special.

Although Leng Yue is not the descendant of the Lord of the Demon King's Hall, Leng Yue is the confidant who has been trained by the Lord of the Demon King's Hall since childhood. Not only is he a popular person in front of the Lord of the Demon King's Hall, but he is also favored by such big figures as the Lord of the Demon King's Hall. He has been trained since childhood, so it shows that Leng Yue's talent and cultivation strength are very terrifying.

Therefore, being recognized by Leng Yue naturally made Mo Wudao attach great importance to Ye Feng. He did not dare to conflict with Ye Feng at all, and instead invited Ye Feng to help them deal with the powerful geniuses in the Demon Emperor's Palace. .??.

Ye Feng smiled slightly at this moment and said aloud: "Since the Third Young Master believes in me so much, I am willing to cooperate with you in this cooperation and compete with the super geniuses of the Demon Emperor Palace."

Hearing what Ye Feng said, Mr. Shen, the guardian next to him, couldn't help but remind him: "Ninth Young Master, you must think twice. The super geniuses in the Demon Emperor's Palace all have great cultivation abilities. It's very terrifying, and it's not something our Demon King's Palace can fight against."

When Ye Feng heard what Mr. Shen, the protector next to him, said, a smile suddenly appeared in his eyes and he said, "Don't worry, I will definitely do what I can."

At this moment, Mo Wudao was naturally very happy when he heard Ye Feng agreed.

After all, Mo Wudao naturally believed in a powerful genius who could be recognized by Leng Yue.

At this moment, Mo Wudao immediately said: "Mo Wushuang, you and I will go directly to the place where I live. Then you will meet the members of the team.

After getting familiar with it, we will go directly to the Demon Emperor's Palace and compete directly with the geniuses of the Demon Emperor's Palace. They have been clamoring for a long time and must teach them a lesson. Although all our members will participate, but this The most important thing at this time is you, Mo Wushuang. "

Hearing what Mo Wudao said, Ye Feng nodded and said, "I will do my best."

At this moment, Ye Feng followed Mo Wudao and flew directly towards a certain direction of the Demon King's Palace.

Soon, Ye Feng followed Mo Wudao to a palace in a garden.

The palace in front of you is made entirely of amethyst. It looks very beautiful, giving people the feeling that it is not a building, but a huge work of art.

It has to be said that Mo Wudao, as the third young master of the Demon King's Palace, has an extraordinary status. The place where he lives is naturally much more advanced and exquisite than Mo Wushuang's mansion.

But Ye Feng doesn't care about these external things.

At this moment, Ye Feng followed Mo Wudao to the amethyst palace where Mo Wudao was, and the two of them walked in directly.

When Ye Feng walked into the amethyst palace, he immediately saw that there were already more than a dozen figures standing in the palace, including men and women, all young people, and the fluctuations of their cultivation aura were very strong. powerful.

At this moment, seeing Mo Wudao coming with Mo Wushuang, a strong man in black armor among the group immediately couldn't help but said: "Third Young Master, do you really think that Ninth Young Master? Trash, are you different now than before? Are you really qualified to join our team?"

at this moment

, hearing this strong man wearing black armor say this, before Mo Wudao said anything, Ye Feng suddenly said: "Who are you? You are qualified to call this young master a waste."

The strong man in black armor immediately burst into laughter and said loudly: "In the Demon King's Palace, who doesn't know that the Ninth Young Master is the weakest? I don't understand why the Third Young Master would invite such a waste like you to join. Our team, isn't this a hindrance to our team?"

At this moment, Mo Wudao immediately shouted coldly and said: "Don't talk nonsense, the Ninth Young Master is very powerful now, and has even been recognized by Leng Yue!"

"What?"

Hearing what Mo Wudao said, everyone present suddenly showed deep surprise in their eyes.

But at this time, the strong man in black armor still didn't believe in Ye Feng's strength, and immediately said: "No matter what, I want to try the strength of this Ninth Young Master, otherwise, I will never be able to believe that what everyone has always regarded as trash is actually a very powerful existence, but I personally definitely don't believe it."

boom!

After saying that, the strong man in black armor immediately rushed towards Ye Feng, like a fully armed steel bull, with a very terrifying sense of oppression.

A huge dark bull demon suddenly appeared on his body, as if the bull demon from the ancient era had revived, shrouding his body, making this strong man in black armor immediately possess the majestic power of the ancient bull demon.

Seeing this scene, the third young master Mo Wudao who was standing next to Ye Feng was immediately ready to stop him. He shouted coldly: "Don't be impulsive!"

At this moment, Ye Feng stopped the third young master Mo Wudao, smiled faintly, and said: "Since he wants to test

After saying that, Ye Feng did not make any other movements. He just stood there and casually stretched out a hand.

As Ye Feng stretched out his hand, his palm immediately grew rapidly, and turned into a huge golden hand, like a mountain made of gold and steel, like the palm of the ancient golden god, with a terrifying sense of oppression, and pressed down on the black armored man who was rushing forward.

Boom!

The terrifying and huge force burst out from Ye Feng's golden hand, like a mountain, and directly crushed the shadow of the ancient bull demon shrouded on the black armored man.

Then Ye Feng's golden hand, in the eyes of everyone's horror, instantly pressed the black armored man to kneel on the ground.

Crack! Crack!

The entire ground cast by granite was completely shattered at this moment, turning into a ruin.

"Hiss!"

"What? ? "

At this moment, everyone's eyes suddenly revealed a deep look of horror.

Among this group of young geniuses in the Demon King's Palace, a beautiful woman in white clothes couldn't help but say: "Senior Brother Mo's strength is definitely among the top few among us, and he just successfully integrated a trace of the blood of the ancient Bull Demon into his body a few days ago, and possessed the powerful power of the ancient Bull Demon. But unexpectedly, even he was defeated by the Ninth Young Master in an instant. What kind of terrifying strength can be able to do this? "

At this moment, everyone in the audience was deeply shocked and astonished.

Chapter 5292 Team Ace

quiet!

Deadly quiet!

At this time, no one expected that Mo Wushuang, the ninth young master of the Demon King's Palace who had always been considered a waste, would now possess such powerful and terrifying strength. No wonder their third young master, Mo Wudao, went there in person. Visit the Ninth Young Master and invite the Ninth Young Master to come and sit in charge of their team.

At this moment, everyone looked at Ye Feng with eyes filled with deep horror and awe. No one dared to look down upon this ninth young master of the Demon King's Palace, who was called a waste.

At this time, the strong man in black armor who had just taken action was directly suppressed by Ye Feng's big golden hand, and he knelt on the ground. At this moment, his face showed a look of deep fear, and he couldn't help but make a sound. Said: "Thank you, Ninth Young Master, for sparing your life!"

This strong man in black armor knew very well that if Ye Feng had struck harder just now, he would have been blown to pieces on the spot.

At this time, the eyes of this strong man in black armor were filled with a look of deep horror, because he had just inspired the bloodline of his strongest ancient bull demon in an instant, and even condensed an ancient bull demon. The huge phantom of the devil gives himself strength.

But in front of Ye Feng's big golden hand, it was as if he had touched the palm of a god. In an instant, the shadow of the ancient bull demon condensed on his body was instantly shattered, and then his whole body was shattered. Suppressed on the ground, there was no way to fight back.

So at this time, this strong man in black armor naturally felt extremely afraid of Ye Feng, the Ninth Young Master, and his eyes were filled with deep awe.

Because he knew that the Ninth Young Master of the Demon King's Palace had become a very terrifying existence.

At this moment, Ye Feng glanced at Mo Wudao beside him, and found that Mo Wudao also stared at him with his eyes widened. Apparently, Ye Feng's casual move just now made Mo Wudao, the three young masters, all felt it

#Every time verification appears, please do not use incognito mode!

Deeply shocked.

At this time, Mo Wudao couldn't help but clapped his hands and said loudly: "As expected of the ninth brother, he is indeed so terrifying."

At this moment, Mo Wudao became a lot closer to Ye Feng, obviously trying to get closer to Ye Feng, the Ninth Young Master.

However, Ye Feng didn't say anything about this, he just smiled slightly and said: "No matter what, I am here to cooperate with you this time. I will naturally try my best, but if I can lead the entire team to win, Don't forget the promise you made to me, Mo Wudao."

When Mo Wudao heard what Ye Feng said, he immediately couldn't help laughing and patted Ye Feng's shoulder, saying loudly: "As long as you can lead our team to win this game, then I promise to give you It can definitely be done. I have discussed this matter with all the members of our team in advance, and they will agree. They will not trouble you by then. And after you made such a move just now, who would dare to trouble you now? trouble."

Hearing what Mo Wudao said at this moment, Ye Feng just smiled slightly and said nothing more.

At this time, Mo Wudao couldn't help but said: "Then let's go directly to the Demon Emperor's Palace now and let those guys in the Demon Emperor's Palace know how powerful our Demon King's Palace is."

At this time, many members of the teams present nodded.

Now that they have seen how powerful Ye Feng is, their confidence has become even stronger.

Swish, swish, swish!

At this moment, everyone followed Mo Wudao and flew quickly in the direction of the Demon Emperor's Palace.

Ye Feng was standing next to Mo Wudao at this moment.

People dare to get close to him because Ye Feng's aura is so fierce and his aura is so strong that no one dares to get close to him.

At this moment, everyone was moving very fast. In less than a moment, they had arrived outside the gate of the Demon Emperor's Palace.

Mo Wudao seemed to be holding a breath in his heart, and couldn't help shouting to the Demon Emperor's Palace: "Guys from the Demon Emperor's Palace, we are here to challenge you. The previous competition can now officially begin."

Uh-huh! Uh-huh!

Almost at the moment Mo Wudao finished speaking, several young men and women wearing golden robes flew out of the space of the Demon King's Palace, and the aura of cultivation on their bodies was very powerful.

Obviously, these young people are powerful geniuses in the Demon Emperor's Palace, and may even be the descendants of the master of the Demon Emperor's Palace.

These young men in golden robes stared at Mo Wudao, Ye Feng and others who were flying over not far away. They immediately smiled and said, "Since you are ready, come in."

Mo Wudao nodded, took Ye Feng and other members of the team, and flew directly into the territory of the Demon Emperor's Palace.

You must know that in the entire Great Demon God Sect, except for some basic disciples, most of them serve in the three halls of Demon Temple, Demon Emperor Palace and Demon King Palace.

Each of these three palaces is more powerful than the other, so they sometimes dislike each other and have a fierce competitive relationship.

This time, Mo Wudao brought many geniuses from the Demon King Palace to challenge the Demon Emperor Palace, in order to defeat the descendants of the current controller of the Demon Emperor Palace and the young geniuses under his command.

In this case, this means that the current master of the Demon King's Palace is more capable. When the time comes, the master of the Demon King's Palace can replace the current master of the Demon King's Palace.

#Every time verification appears, please do not use incognito mode!

Therefore, both the upper echelon and a group of young disciples such as Mo Wudao attached great importance to this competition.

At this time, everyone clearly saw the arrogance and disdain on the faces of these young geniuses from the Demon King's Palace. Obviously, they felt that these young geniuses from the Demon King's Palace were definitely seeking death if they challenged them.

At this moment, Mo Wudao didn't say anything, he just looked at Ye Feng, who was silent next to him, with a trace of nervousness in his eyes.

Although Ye Feng showed extremely strong strength just now, as we all know, the top geniuses in the Demon Emperor's Palace are also extremely terrifying and very powerful.

So Mo Wudao actually doesn't have much confidence in his heart now, but they have to fight once, because once they win, the rewards will be too huge.

At this moment, when everyone followed the geniuses of the Demon Emperor's Palace and entered the inner space of the Demon Emperor's Palace, they immediately saw a huge arena made of steel, which had been built in the central square of the Demon Emperor's Palace. above.

At this moment, the geniuses of the Demon Emperor Palace wearing golden robes immediately said: "You guys wait here for a moment, we will call the top geniuses of our Demon Emperor Palace over, and then they will come on stage one by one to compete. , this time the competition is very simple, just go up one by one, the winner continues to stand on the ring, the loser will directly step down, and then let the new challenger come on the stage to continue fighting, each side has the same number of people, which side The young genius who can persist to the end will mean which side wins."

At this time, after hearing these geniuses from the Demon Emperor's Palace say this, Mo Wudao looked at Ye Feng beside him and couldn't help but said: "This kind of battle tests the endurance of every genius, so Ye Feng, you, as the ace of our team, will be the last one on our side when the time comes. We will be in front and try our best to help you consume more of the young talents of the Demon Emperor Palace."

Chapter 5293 Advanced Weapons

Hearing Mo Wudao say this at this moment, Ye Feng's eyes revealed a look of surprise. It seemed that Mo Wudao had not expected that Mo Wudao actually regarded himself as the ace of their team and would not play until the end.

But Ye Feng also knows that in Mo Wudao's mind, he is probably the most powerful fighter in the team.

Therefore, it is quite normal for Mo Wudao to make himself the last one to appear.

After all, this time can be said to be a wheel battle.

Whether it is the genius of the Demon King's Palace or the genius of the Demon King's Palace, they all come on stage one by one, in order.

In this case, the strongest is left at the end, which is naturally the best.

If the strongest combatant takes the stage first, even if he can defeat three or four geniuses of the opponent in a row, it will not be of much use.

Because after the opponent's strongest person comes to power, you no longer have the power to fight against the opponent.

Therefore, Mo Wudao guessed that the Demon Emperor's Palace would probably allow the strongest being to take the stage last.

At this moment, Mo Wudao led everyone in the team, including Ye Feng, directly to the competition platform inside the Demon Emperor's Palace.

At this time, Ye Feng saw that there were many senior experts who had come here in advance to watch.

Seeing this scene, Ye Feng immediately understood in his heart that this time it was not just a simple competition between the younger generation, but also a competition between the upper-level leaders of the Demon King's Palace and the Demon King's Palace.

At this moment, the young geniuses from the Demon Emperor's Palace also gathered together and appeared on the other side of the ring.

At this time, Mo Wudao looked at the opposite side, and his eyes suddenly became a little downcast.

At this moment, Mo Wudao couldn't help but said to several team members beside him: "It seems that there is some trouble this time. The Demon Emperor Palace has invited all the top geniuses. It seems that This time, the upper echelons of the Demon Emperor's Palace also spent a huge price to invite so many top young talents to participate.

#Every time verification appears, please do not use incognito mode!

This competition is normal, after all, it is related to their future prospects, because if we lose this game, the Demon Emperor Palace will not suffer much loss, but if we win, the upper level of the Demon Emperor Palace will All will be moved to the Demon King's Palace, and the upper echelons of our Demon King's Palace are now able to directly control the entire Demon King's Palace, which can be regarded as an exchange of power for the upper levels. "

Hearing Mo Wudao say this at this moment, many members of the team present showed a trace of nervousness in their eyes.

Ye Feng was not too nervous at this time. Ye Feng was just secretly sensing the strength of the other group of more than a dozen young geniuses.

Under the exploration of Ye Feng's soul power, the cultivation power of the dozen or so top geniuses gathered in the Demon Emperor's Palace is indeed very powerful.

Many of them are even two or three levels higher than Ye Feng's cultivation level.

Moreover, there are one or two geniuses in the Demon Emperor's Palace, whose depth even Ye Feng cannot sense, and their cultivation strength is very mysterious.

"Um?"

This made Ye Feng take it a little seriously.

It seems that the Demon King's Palace is worthy of being an institution at a higher level than the Demon King's Palace, and the young geniuses in it are indeed much stronger overall than the young geniuses in the Demon King's Palace.

At this time, Mo Wudao immediately looked at the strong man wearing black armor next to him and said loudly: "Junior brother Mo, you go on stage first and use up as much as possible the young men with weaker cultivations sent by the other party in the early stage. genius."

"Yes, Third Young Master."

At this moment, the strong man in black armor nodded immediately.

He took out a huge golden ax from his storage ring, jumped directly onto the ring, then looked in the direction of the Demon King's Palace opposite, and laughed.

He said aloud: "Let me do this first game. You guys hurry up and send people up."

Hearing the strong man in black armor say this, a young genius in white suddenly flew out of the Demon Emperor's Palace.

This young genius in white clothes looks like a very young boy. He holds an ice blue sword in his hand and looks like a swordsman.

Seeing this scene at this time, the strong man in black armor immediately burst into laughter and said loudly: "A practitioner of my size mainly focuses on defense and brave impact. You let a swordsman with weak defense and If I fight, it is tantamount to seeking death."

boom!

After saying that, the strong man in black armor immediately roared, holding the golden battle ax in his hand, and charged directly towards the young swordsman in the Demon King's Palace, and the shadow of an ancient bull demon suddenly appeared on his body.

At this moment, although the strong man in black armor spoke arrogantly, he obviously knew in his heart that the opponent was very powerful and did not dare to underestimate the enemy. He directly stimulated the blood power of the ancient bull demon in his body and exploded with his strongest power. With his fighting power, he attacked the young swordsman in the Demon Emperor's Palace, hoping to defeat him instantly.

But at this moment, the young swordsman from the Demon King's Palace held an ice-blue long sword in his hand. He immediately smiled coldly and said disdainfully: "The so-called top geniuses from the Demon King's Palace are just... They are just a bunch of trash, and they dare to challenge the status of our Demon Emperor's Palace. It's really ridiculous."

After finishing speaking, the young swordsman suddenly raised the ice blue sword in his hand and slashed forward in an instant.

Boom!

As the young swordsman raised the ice-blue sword in his hand, a terrifying wave of ice-blue ice burst out from his sword, as if it could freeze everything, covering everything in an instant. A few kilometers ahead.

#Every time verification appears, please do not use incognito mode!

Even though the strong man in black armor possesses the blood power of the ancient bull demon and is as majestic as a violent bear, he is still of no use and is directly frozen by this terrifying ice sword energy. In place.

boom!

Immediately, the young swordsman kicked out hard, directly kicking the strong man in black armor who was frozen in ice, and fell to the ring.

Click, click, click!

The next moment the ice shattered, the strong man in black armor immediately spat out a mouthful of blood and suffered heavy injuries. He was defeated in an instant.

"What??"

Seeing this scene, all the young geniuses in the Demon King's Palace, including Mo Wudao, suddenly widened their eyes, as if they did not expect that the first genius in the Demon King's Palace was so powerful.

You know, this young swordsman is not even ranked among the young geniuses in the Demon Emperor's Palace, but he has such great strength.

The strong man in black armor is already a powerful being who ranks high among the young geniuses in the Demon King's Palace.

Originally, Mo Wudao let the strong man in black armor play first in order to rely on the strong defense and endurance of the strong man in black armor to consume as many young talents as possible in the Demon Emperor's Palace.

But he didn't expect to be defeated by the opponent in an instant.

At this time, Ye Feng discovered something and said aloud: "The ice blue sword in the hands of this young swordsman seems to be quite advanced. His own strength is not very good, but the weapon in his hands is very powerful."

Hearing what Ye Feng said, Mo Wudao couldn't help but his eyes became extremely gloomy, and he said loudly: "These hateful guys in the Demon Emperor's Palace probably spent a huge price to equip every young genius with They have acquired extremely powerful weapons, so their combat power has soared so much in an instant. Damn it, the Demon King's Palace is indeed rich and powerful, and our Demon King's Palace can't compare. This is bad!"

Chapter 5294 I am still here

At this time, whether it was Mo Wudao or the other young geniuses in the Demon King's Hall beside him, there was a deep look of depression in their eyes.

The strong man in black armor who had just been defeated in an instant was full of shame at this moment. He couldn't help shaking his head and sighing, and said aloud: "This young swordsman from the Demon Emperor's Palace is actually just that strong, but in his hands That ice-blue long sword is so powerful. Every time the long sword is swung, it can release very terrifying ice energy, freezing the surrounding space. No matter how strong my defense is, He couldn't stop the terrifying cold air. He was frozen in place and kicked off the ring instantly. There was no way to resist it. This was really bad. "

At this time, hearing the strong man in black armor say this, several people present couldn't help but shake their heads and sigh.

Among the team, a beautiful woman in white couldn't help but said: "Third Young Master, it seems that we can't succeed in the challenge this time. We have no way to fight against the profound young geniuses like the Demon King Palace." them."

At this moment, Mo Wudao immediately said: "No matter what, we will fight until the last moment."

When he said this, Mo Wudao glanced at Ye Feng. Although he knew that Ye Feng was very powerful, it was impossible to fight against so many young geniuses in the Demon Emperor's Palace, not to mention that these young geniuses in the Demon Emperor's Palace still had Equipped with extremely advanced and powerful weapons.

Uh-huh!

At this moment, Mo Wudao flew directly to the ring, looked at the young swordsman not far away, and said loudly: "No matter what, the genius of our Demon King's Palace will never give up easily. I want to fight with him." You keep fighting."

After saying that, Mo Wudao directly displayed his extremely powerful inheritance, Devil's Wings!

boom!

Behind him, a pair of huge black wings condensed immediately, which directly caused the Mowu prop to have extremely terrifying speed, and instantly struck in front of the young swordsman like a black lightning.

#Every time verification appears, please do not use incognito mode!

Mo Wudao is considered to be the most powerful existence in the team of Demon King Palace, besides Ye Feng.

So when he came on stage for the second time, he naturally wanted to deal with as many young talents as possible in the Demon Emperor's Palace.

But the moment he flew in front of the young swordsman, a huge shield that looked like it was made of ice immediately appeared in the young swordsman's hand, which directly blocked Mo Wudao's attack.

Uh-huh!

Then the young swordsman quickly retreated, and the ice blue sword in his hand slashed out again. An even more terrifying wave of ice instantly drowned Mo Wudao.

Uh-huh!

Mo Wudao spread the huge black wings on his back and wanted to escape, but the ice energy released by the ice blue sword in the young swordsman's hand was overwhelming, touching every space and every inch.

Therefore, no matter how fast Mo Wudao was, he could not escape the overwhelming air of ice and was immediately frozen.

Then he was kicked off the ring by the young swordsman in the same way.

"It's over!"

Seeing this scene, many young geniuses in the Demon King's Palace finally gave up completely. They were all dejected because they could not defeat the many geniuses in the Demon King's Palace.

They couldn't even defeat the first young swordsman sent by the Demon Emperor's Palace.

This really makes all the young geniuses in the Demon King's Palace feel extremely depressed.

At this moment, under the ring, Mo Wudao broke out from the ice, his eyes were extremely gloomy.

How come the devil has no way?

No one expected that this young swordsman was not only equipped with an extremely powerful ice blue long sword, but was even equipped with a huge ice shield with terrifying defensive power, which could make up for the young swordsman's own fragile defense.

At this time, Mo Wudao immediately stared at a group of young geniuses from the Demon Emperor's Palace on the other side of the ring. He couldn't help shouting and said: "You are simply cheating! You spent such a huge price to equip everyone. With such a powerful weapon, this is simply an unfair duel!"

Hearing what Mo Wudao said, the group of young geniuses in the Demon King's Palace immediately burst into laughter and said loudly: "Mo Wudao, weapons are also part of strength. This is not cheating. It's just that you, the Demon King's Palace, are poor. It's terrible. Your genius is not worthy of these high-end weapons. Now you are accusing us of cheating. This can only mean that you, the Demon King Palace, are all trash. You can't even afford powerful weapons. How can you challenge us? us?"

At this moment, seeing the arrogance and contempt of these young geniuses from the Demon Emperor's Palace, Mo Wudao was so angry that his face turned red, but he had no choice but to do anything.

In the end, he couldn't help but sigh, shook his head, and said aloud: "That's all, it's impossible for us to fight against these young geniuses in the Demon Emperor's Palace. We can't even defeat their first genius. It's impossible for us to win. Let's go and challenge again next year when we are fully prepared."

Hearing what Mo Wudao said at this moment, many members of the team nodded, because they knew that this time they were completely defeated.

After all, they couldn't even defeat the first genius sent by the Demon Emperor's Palace, so how could the rest of the team fight?

At this moment, just when everyone was about to leave, Ye Feng's voice suddenly rang out: "Just giving up like this, isn't it a bit too arbitrary? Have you forgotten that the ace of our team, that is, me, has not made a move yet?"

Every time verification appears, please do not use the invisible mode!

At this moment, hearing Ye Feng's voice, many geniuses in the Demon King's Palace suddenly showed a look of surprise in their eyes and stared at Ye Feng.

And Mo Wudao couldn't help but smile bitterly at this time, patted Ye Feng's shoulder, and said: "Don't be so stubborn, we can't beat them. No matter how strong you are, we can't even beat their first young genius. Can you beat all of them alone? This is simply impossible. Even the most advanced super genius in the Demon God Palace can't fight against more than a dozen top geniuses in the Demon King's Palace alone. This is simply impossible. Let's save our energy and go."

Hearing what Mo Wudao said, Ye Feng did not leave, but suddenly jumped up and jumped onto the ring.

Ye Feng looked at the young swordsman who seemed to be about to walk off the stage, and said, "Don't leave yet. We in the Demon King Palace haven't admitted defeat yet. I'm still here."

"Huh?"

Hearing Ye Feng's sudden words, a group of young geniuses in the Demon King Palace were stunned, and then laughed, saying with a sarcastic tone: "Who are you? Even Mo Wudao was defeated, what qualifications do you have to stand on this stage and say such presumptuous words."

Ye Feng suddenly showed a faint smile on his face at this time, and said, "How can you know if you don't try?"

Hearing Ye Feng's words, the young geniuses in the Demon King Palace all showed deep disdain in their eyes.

The young swordsman from the Demon Emperor Palace held the ice-blue sword in his hand, looked at Ye Feng with a disdainful smile, and said, "Well, since you are so arrogant, then let reality teach you how to behave. It will take me two or three moves to defeat the black-armored burly man and Mo Wudao, but for a little-known guy like you, one move is enough to knock you down."

Chapter 5295: Challenge Everyone

At this time, after the young swordsman from the Demon Emperor's Palace finished speaking, he held the ice blue sword in his hand and immediately rushed towards Ye Feng.

He waved the ice-blue sword in his hand, and saw a huge burst of cold air suddenly burst out from the body of the ice-blue sword, as if it could freeze everything.

Just now, both Mo Wudao and the strong man wearing black armor were directly frozen by this young swordsman from the Demon Emperor's Palace and unable to move, so they were defeated in the end.

Therefore, the top priority is to avoid this ice frenzy.

But at this time, under the surprised gazes of everyone, Ye Feng did not choose to dodge at all, but charged directly forward.

"Um?"

Seeing this scene, a group of young geniuses from the Demon Emperor's Palace immediately burst into laughter and said loudly: "What kind of character did I think he was? I didn't expect him to be a

stupid boy, facing such a terrifying ice craze." , just rushed forward, he could not escape the fate of being frozen and dead. "

At this time, a group of young geniuses from the Demon King's Palace also showed deep astonishment in their eyes.

Even Mo Wudao couldn't help but shook his head and said loudly: "It's really too much!"

But at this time, when everyone did not believe that Ye Feng could deal with this ice craze.

Ye Feng suddenly burst out with his powerful physical strength.

boom!

Ye Feng's body was suddenly filled with golden light, and all the ice condensed by the ice energy was directly shattered by the bombardment.

"What??"

Seeing this scene, everyone around the ring showed deep astonishment in their eyes, as if they did not expect that the power of Ye Feng's body was so terrifying.

Even the young swordsman of the Demon Emperor's Palace, who was holding an ice-blue sword, couldn't help but said in horror: "How is this possible? Only those who can compete with Tai Tai

#Every time verification appears, please do not use incognito mode!

Only a terrifying body like an ancient evil beast can break the ice condensed by the ancient ice energy in my long ice sword. How can you have such a strong physical strength? Aren't you a human? This is impossible! ! "

But at this time, Ye Feng didn't talk nonsense at all. He just smiled coldly, rushed in front of the young swordsman in an instant, and then swung his golden fist fiercely, and directly hit the young swordsman severely. He flew out and fell under the ring, spitting out a mouthful of blood.

"What?"

Seeing this scene, countless people in the audience were deeply shocked.

Whether it was the young geniuses from the Demon King's Palace on Ye Feng's side or the group of young geniuses from the Demon King's Palace opposite, they all had deep horror in their eyes.

Because they never thought that the young swordsman who was so arrogant just now would be as fragile as an ant in front of Ye Feng.

Even the ice blue sword in his hand, a peerless treasure, could not cause any harm to Ye Feng, and was directly bombarded by Ye Feng and was completely shattered.

This made everyone present look deeply horrified in their eyes.

At this time, Ye Feng did not hesitate at all, and immediately looked at the group of young geniuses from the Demon Emperor Palace under the opposite ring, smiled slightly, and said: "Next, I will challenge all of you alone. "

"What??"

"Defend everyone?"

Hearing what Ye Feng said at this moment, everyone present showed deep horror in their eyes. It seemed that they did not expect that Ye Feng would be so bold and say such arrogant words.

At this time, among the group of geniuses in the Demon Emperor's Palace, a man wearing a golden long robe immediately walked out.

young man in robe.

This young man wearing a golden robe, holding a golden ax in his hand, looked like the aura and majesty of an ancient god of war.

He looked at Ye Feng coldly and said loudly: "You are too arrogant! This young swordsman is just an ordinary guy among the geniuses of our Demon Emperor's Palace. Now I will defeat you directly! Let me! Everyone knows that the majesty of our Demon King's Palace cannot be offended by this bunch of trash from your Demon King's Palace!"

After saying that, the young man wearing a golden robe and holding a golden ax jumped onto the ring in an instant.

At this time, Mo Wudao behind him couldn't help but stare at Ye Feng and said loudly: "Ye Feng, be careful. This young man wearing a golden robe and holding a golden ax in his hand is not an ordinary genius. , but the seventh son of the Lord of the Demon Emperor's Palace. He is the son of the Lord of the Demon Emperor's Palace. He has very powerful power. I even heard that he has fused a trace of the blood of the ancient God of War and has the power of the Ancient God of War. The golden ax in his hand is a powerful weapon obtained from the land abandoned by the gods. It is probably more terrifying than the ice blue sword in the hand of the young swordsman just now. You must be careful! "

Hearing the reminder from Mo Wudao behind him, Ye Feng nodded slightly and looked at the young genius of the Demon Emperor Palace in front of him who looked like a golden God of War. He couldn't help but smile and said: "You are indeed stronger than that young swordsman just now. It's quite a bit, but it's still not enough in front of me."

Hearing what Ye Feng said, the genius of the Demon Emperor's Palace wearing a golden robe, who was the seventh son of the master of the Demon Emperor's Palace, immediately couldn't help but said coldly: "Arrogant boy, I'll tell you later. You must use your strength to keep your mouth shut. "

Boom!

After finishing speaking, the seventh son of the Lord of the Demon Emperor's Palace immediately burst out with an extremely bright golden light, and actually condensed a huge shadow of the ancient golden war god directly on his body, with the ancient power of divine

strength.

In other words, now the seventh son of the Demon Emperor's Palace has inspired the bloodline power of the ancient God of War fused in his body, and directly condensed the phantom of the ancient golden God of War into his body. He was blessed with the power of the ancient God of War.

Holding the golden battle ax in his hand, he immediately shouted and slashed crazily towards Ye Feng, as if he could break the entire sky and earth.

At this time, Ye Feng felt that the seventh son of the Lord of the Demon Emperor's Palace had a cultivation level that was three realms stronger than his own. It must be said that he was very powerful and had the power of the ancient God of War. The power of blood and overall strength are indeed much stronger than the young swordsman just now who only knows how to use the ice blue sword.

But Ye Feng is not a vegetarian either.

"Boom!"

At this moment, Ye Feng frantically stimulated his huge mana, directly displaying a powerful inheritance of the Great Demon God Sect, which was the inheritance of the Nine Young Lord Demon Wushuang disguised by Ye Feng, the Demon King's True Body Art.

Boom!

At this moment, jet-black demonic energy suddenly surged out of Ye Feng's body, and a majestic demon king's true body, several thousand meters tall, condensed directly behind Ye Feng, and instantly stretched out a big black hand, covering the sky and the sun, suddenly shattered the golden shadow of the God of War on the seventh son of the Lord of the Demon Emperor's Palace, and then smashed the body of the Lord of the Demon Emperor's Palace. The seventh son was sent flying backwards and fell down the ring in an instant, spitting out a mouthful of blood.

"What?"

"Defeated with another move?"

At this time, everyone was deeply shocked when they saw this scene, it was incredible to the extreme.

Because the strength Ye Feng showed was beyond everyone's imagination. It was so terrifying, so terrifying!

Chapter 5296 The Final Battle

At this time, everyone was extremely shocked.

Whether it was the geniuses from the Demon King's Palace or the geniuses from the Demon King's Palace, they all stared at Ye Feng with deep horror in their eyes.

Because the strength Ye Feng showed just now was really too shocking.

After all, in the eyes of everyone, Ye Feng, the ninth young master of the Demon King's Palace, has always been an unknown young man.

But I didn't expect that such a powerful strength would suddenly burst out.

You must know that the person who just appeared is not an ordinary genius from the Demon Emperor's Palace, but the seventh son of the master of the Demon Emperor's Palace, who is enough to rank among the top five in the Demon Emperor's Palace, and his body also contains the power of the blood of the ancient God of War. But he didn't expect to be defeated instantly by Ye Feng with one hand.

This is incredible!

At this time, everyone looked at the majestic Demon King's True Body that was condensed behind Ye Feng and was several thousand meters tall. They couldn't help but exclaimed in amazement: "The Demon King's True Body Technique, this is the only one among our Great Demon God Sect, Although it can be regarded as a very good and powerful inheritance, it is definitely not a Zhenzong inheritance. However, such an ordinary inheritance has still been cultivated to this level by the Ninth Young Master of the Demon King Palace, which is enough to show that the Ninth Young Master of the Demon King Palace The master's own talent is really terrifying. It's incredible that a very ordinary inheritance can exert such a powerful force. "

At this time, a group of geniuses from the Demon King's Hall who were standing under the ring not far behind Ye Feng, after a brief moment of astonishment, showed deep surprise in their eyes.

Because they didn't expect that Ye Feng would burst out with such powerful strength all of a sudden, even though they were already disheartened, and the group of geniuses in the Demon King's Palace would be injected with a boost of strength.

However, Mo Wudao was still a little worried at this time and couldn't help but said: "But there are more powerful beings in the Demon Emperor's Palace. I wonder if my ninth brother can withstand the fierce competition between the geniuses of the Demon Emperor's Palace one after another. "Wheel war."

At this time, Ye Feng stood on the stage and seemed very relaxed.

The real body of the Demon King condensed behind Ye Feng at this moment is still standing behind him. His majestic body covering thousands of meters blocks the sky and the sun, giving people a very strong sense of oppression.

At this time, everyone understood that Ye Feng was really going to make a splash this time.

At this time, even the many disciples watching around the Demon King Palace couldn't help but exclaimed in amazement: "Whether you lose or win this battle, the performance of the nine young masters of the Demon King Palace just now is enough to defeat the Demon King Palace." The reputation of the Ninth Young Master has resounded throughout our entire Great Demon God Sect, because even the most advanced geniuses in the Demon Temple may not be able to defeat the seventh son of our Demon Emperor Palace Master so easily."

At this moment, the eyes of the group of geniuses in the Demon Emperor's Palace were quite gloomy.

Because they never thought that among the trash in the Demon King's Palace, such an extremely terrifying existence as Ye Feng would appear.

At this time, among the group of young geniuses opposite, the Demon Emperor's Palace geniuses all had gloomy expressions.

At this moment, a young man wearing red armor slowly walked out among them. \u003c

This young man wearing crimson armor has a level of cultivation that is four levels higher than Ye Feng's current level. It can be said that he is very powerful.

At this time, Ye Feng immediately understood that this person should be the most powerful existence among the younger generation of Demon Emperor Palace.

At this time, Mo Wudao couldn't help but tell Ye Feng secretly behind his back, and said aloud: "Ninth brother, this tall young man wearing crimson armor is the top three super geniuses in the Demon Emperor's Palace. The eldest son of the Lord of the Imperial Palace is also the recognized young master of the Demon Emperor Palace. He is very powerful. Not only is his cultivation strength terrifying, but his weapons and inheritance, including his bloodline, are also very mysterious. Ordinary people have no idea what he is. How powerful is it? The young master of the Demon Emperor's Palace once challenged the super geniuses in the Demon Palace. Although he lost in the end, he still persisted in thousands of moves under the top super geniuses in the Demon Palace. Even the demons The extremely arrogant top geniuses in the temple all praise the Demon Emperor Palace for producing a peerless genius, so this young master of the Demon Emperor Palace is definitely an extremely powerful guy, so you must be careful."

Hearing Mo Wudao's reminder, Ye Feng immediately nodded and said, "Don't worry, I will definitely be careful."

At this moment, Ye Feng's expression also became quite solemn.

Because Ye Feng can also sense that this tall young man wearing crimson armor, the recognized young master of the Demon Emperor's Palace, is indeed a very powerful guy.

At this moment, while Ye Feng was waiting, the young master of the Demon King's Palace suddenly looked at the other geniuses of the Demon King's Palace beside him, and said loudly: "Let me talk to the ninth young master of the Demon King's Palace. Let's fight. If I can't defeat him, then it means nothing to you. The battle between me and him will be the final battle. "

No one present was surprised when the young master of the Demon Emperor Palace said this.

Because the young master of the Demon Emperor's Palace is the strongest being in the Demon Emperor's Palace, if even he cannot defeat Ye Feng, the remaining young geniuses of the Demon Emperor's Palace may not be able to consume much of Ye Feng's strength even if they continue to advance. It is also purely overestimating one's own capabilities.

So at this time, everyone is paying special attention to this last battle.

Mo Wudao's eyes suddenly became very expectant at this time.

After all, in his eyes, they had failed the challenge this time.

Unexpectedly, Ye Feng exploded with such a strong fighting power, and even now entered into the final battle that decided the outcome, so naturally everyone became very concerned about it.

Even the upper echelons of the Demon Emperor's Palace who came to watch around the ring suddenly became serious at this moment.

Because this battle not only represents the victory or defeat between the younger generation, but also represents the replacement of power between the Demon King Palace and the upper echelons of the Demon King Palace.

At this time, Mo Wudao couldn't help but said to Ye Feng: "Ninth brother, in this final battle, you must work hard and fight desperately. If you can really win this battle, help us. If the entire Demon King Palace wins, then you will not only get a huge harvest, but also get the attention of your father. The future successor of the Demon King Palace must be you!" At this time, everyone was extremely shocked.

Whether it was the geniuses from the Demon King's Palace or the geniuses from the Demon King's Palace, they all stared at Ye Feng with deep horror in their eyes.

If even I can't defeat him, then there is no point for you to go up. The battle between me and him is the final battle of this competition."

No one was surprised to hear the young master of the Demon Emperor Palace say this.

Because the young master of the Demon Emperor Palace is the strongest in the Demon Emperor Palace. If even he can't defeat Ye Feng, the remaining young geniuses of the Demon Emperor Palace, even if they continue to fight, it is estimated that they will not consume much of Ye Feng's power, and they are purely overestimating their own abilities.

Chapter 5297 The Ninth Young Master is Mighty

At this time, hearing what Mo Wudao said, Ye Feng's eyes suddenly showed a look of surprise, and then he smiled and said: "Don't worry, since I have participated in this competition, I will definitely do my best. Try your best."

After finishing speaking, Ye Feng turned around and looked at the young master of the Demon Emperor Palace who had come up from the other side of the ring.

At this moment, the young master of the Demon Emperor's Palace was wearing crimson armor, and his eyes were full of wildness and aggression.

Obviously, this person is a very ruthless and powerful being in daily life, with very terrifying fighting power. His aura is like an unsheathed sword, giving people a sharp and attacking feeling.

At this time, Ye Feng's eyes showed no fear, and he immediately smiled and said: "Young Master of the Demon Emperor's Palace, just take action."

Hearing what Ye Feng said, the young master of the Demon Emperor's Palace exuded a fearful aura. He couldn't help laughing and said: "You are very good, very courageous, and very capable. You can go as far as This step, but now that I take action, you have no chance of winning."

Hearing what the young master of the Demon Emperor's Palace said, Ye Feng's eyes immediately revealed a chuckle, and he said loudly: "Since you have such strong confidence in your own strength, there is no need to talk so much nonsense. "

"Arrogant!"

The young master of the Demon Emperor's Palace shouted coldly, and a red long knife suddenly appeared in his hand, burning with blazing flames, as if it could burn everything.

Uh-huh!

He rushed towards Ye Feng in an instant, and said coldly: "Let me end this dark horse of yours. In fact, I was quite surprised. I didn't expect that in the small Demon King's Palace, a child could be born." You are such a powerful young genius, but your so-called legendary deeds stop here today!"

"Flame Crazy Sword!"

"Burn the sky and destroy the earth!"

Almost at the moment when the young master of the Demon Emperor Palace finished speaking, he held the crimson long knife in his hand and immediately slashed crazily in the direction of Ye Feng.

Every time the knife slashes down, it can burst out thousands of terrifying flames, condensing out rays of flame light that seem to be able to tear everything apart.

At this moment, the entire space in front of Ye Feng was covered by this terrifying flame sword light, which directly enveloped Ye Feng's entire body and seemed to burn Ye Feng's entire body. Torn into countless pieces.

But at this time, when Ye Feng faced all this, he simply exploded his magic power with all his strength, causing the majestic Demon King's true form, which was several kilometers behind him, to immediately rush forward and attack madly at the one that was struck in the air. Another flaming sword light.

The swords and sword shadows condensed by these flames slashed at the Demon King's true body, making the Demon King's true body unable to help but retreat quickly, and even cracks appeared on the surface of the body, and flames began to burn.

It has to be said that this young master of the Demon Emperor's Palace is still very powerful, much more powerful than all the geniuses of the Demon Emperor's Palace that Ye Feng has encountered before put together, so his attacks naturally make Ye Feng feel... Somewhat difficult.

But if he wants to defeat Ye Feng, it is absolutely impossible.

boom!

Ye Feng didn't hesitate at this moment and exploded the immortal body of the God with all his strength.

I saw Ye Feng's whole body bursting out with brilliant golden light.

Ye Feng seemed to have turned into a golden god, charging forward, punching out with punch after punch.

go.

Ye Feng's golden fist, like a golden fist just forged from the furnace, has the majestic power and terrifying destructive power to shatter mountains and rivers. It directly bombarded the red long sword in the hands of the young master of the Demon Emperor's Palace.

when! when! when!

Instantly, there were sounds like metal collisions on the field.

Ye Feng's golden fist hit the crimson sword in the hands of the young master of the Demon King's Palace, and even cracks appeared on the surface.

"What??"

Seeing this scene, the eyes of the young master of the Demon Emperor's Palace suddenly revealed a look of deep astonishment. It seemed that he did not expect that the power of Ye Feng's fists and Ye Feng's body could be so terrifying.

The young master of the Demon Emperor's Palace immediately couldn't help but retreat and said: "It seems that I still underestimated you. The power of your body is really terrifying. No wonder you were able to defeat our demon with just one hand just now." The top geniuses in the Imperial Palace are far from enough for you to defeat me."

"The True Magic of Flame!"

boom!

At this moment, the young master of the Demon Emperor's Palace directly displayed something that seemed to be a peerless inheritance from the Great Demon God Sect.

His whole body unexpectedly began to expand rapidly, and his whole body directly expanded into a majestic flame demon with a height of tens of thousands of meters, possessing the power of ancient flame demons, and attacked Ye Feng fiercely.

Even Ye Feng's immortal body of a god can only compete with the ancient flame demon transformed by the young master of the Demon Emperor's Palace at this time.

This made Ye Feng's eyes suddenly reveal a look of surprise.

This young master of the Demon Emperor's Palace still has two skills, and his cultivation strength is very strong.

#Every time verification appears, please do not use incognito mode!

At this time, Ye Feng naturally did not hesitate at all, and directly stimulated the talent awakened by his immortal body in the seventh stage, the blessing of God.

Buzz!

At this moment, the void above Ye Feng's head split open, and a piece of divine light sprinkled down from a vast dimension in the dark, covering Ye Feng's whole body.

Under the cover and blessing of this divine light, Ye Feng was blessed by the power of the gods, and his combat power soared directly.

Every attack of Ye Feng, including the running demon king's true body, became more and more powerful.

In the end, Ye Feng actually merged with the demon king's true body that he condensed, that is, the immortal body of the gods and the ancient demon king's true body merged into one, which directly gave Ye Feng a double physical strength, and with the blessing of God, his combat power soared, and in an instant, he bombarded the young master of the Demon King Palace opposite him and broke his whole body.

Boom! !

With a huge roar, the ancient flame demon transformed by the young master of the Demon Emperor Palace was directly shattered by Ye Feng.

The next moment, the true body of the flame demon Yan was completely shattered, and the body of the young master of the Demon Emperor Palace was directly blasted out by Ye Feng, and fell off the stage completely, and was completely defeated.

"What?"

Seeing this scene, many young geniuses of the Demon Emperor Palace or the Demon King Palace, and some old strong men who were watching, suddenly widened their eyes, as if they did not expect that the final winner would be the ninth young master of the Demon King Palace.

At this moment, Mo Wudao was the first to shout excitedly: "Good! Great! We won!"

And the other young geniuses of the Demon King Palace also shouted in ecstasy: "The ninth young master is mighty!!"

Chapter 5298 Waiting for the spoils

quiet!

Deadly quiet!

At this time, the whole place fell into a dead silence.

Because no one expected that the final winner would be Ye Feng, the ninth young master of the Demon King's Palace.

After all, although Ye Feng had shown very strong strength just now, everyone felt that Ye Feng, the ninth young master of the Demon King's Palace, no matter how powerful he was, could not be the opponent of the young master of the Demon King's Palace. ??

After all, the young master of the Demon King's Palace is a powerful being who can challenge the super geniuses of the Demon King's Palace. He is also the strongest being among the younger generation of the Demon King's Palace, but he was still defeated by the ninth young master of the Demon King's Palace.

At this moment, everyone present, whether it was the young geniuses from both sides or the elders and experts from both sides watching here, all had deep astonishment in their eyes.

Because they never expected that the result would be like this.

After all, in the minds of many senior and powerful people in Demon King Palace, these young geniuses in Demon King Palace are nothing at all.

But what I didn't expect was that in a small place like the Demon King's Palace, such an incredible talent as Ye Feng would emerge.

At this moment, an older man from the Demon King's Palace could not help but smile bitterly and said aloud: "It seems that we have all underestimated the development of the Demon King's Palace over the years. I didn't expect that the Demon King's Palace would be silent and cultivate such a person." I have never been very familiar with this unrivaled genius, the Ninth Young Master of the Demon King's Palace, but I didn't expect that he would become a blockbuster today and burst out with such terrifying strength. Even our young master of the Demon King's Palace was directly defeated. It's really It's incredible!"

At this moment, hearing the discussion of the people around him, Mo Wudao pulled Ye Feng and said, "Let's leave quickly."

After saying that, Mo Wudao immediately left the scene with Ye Feng and a group of young geniuses.

At this time, Mo Wudao walked in a hurry, Ye

Feng said a little doubtfully: "We haven't even taken our trophies yet."

Mo Wudao smiled and said: "Don't worry, these guys in the Demon Emperor's Palace have been defeated in public, and there is no way they will default on their debts. They will send those energy crystals. As for why we have to leave so fast, because I'm afraid that some of the elders in the Demon King's Palace will be unreasonable and will directly kill you in the middle to destroy you, the peerless genius of the Demon King's Palace."

"Um?"

Hearing what Mo Wudao said, Ye Feng suddenly showed a look of astonishment in his eyes, and said loudly: "This is still within the scope of the Great Demon God Sect. The elders and strong men of the Demon Emperor's Palace would do such a heartbreaking thing." Something?"

Mo Wudao immediately nodded solemnly and said loudly: "It's possible to do it, because our Demon King Palace has done this kind of thing before."

Hearing what Mo Wudao said, Ye Feng immediately showed a look of surprise in his eyes, and then he stopped caring so much. Anyway, he just listened to Mo Wudao's arrangements. As long as he could get the loot he wanted to get, that's it. .

There weren't many changes after that, because everyone left in a hurry, so they quickly returned to the Demon King's Palace.

Ye Feng was brought directly back to the place where Mo Wudao lived, and the young geniuses who had participated in the battle also came back.

Many young geniuses won directly without fighting. This made many young geniuses feel as if they were in a dream, because winning this time was so dreamy.

At this time, many young geniuses looked at Ye Feng with eyes full of deep admiration and awe.

Because this time, their Demon King Palace was able to win this game, and all the credit went to Ye Feng. After all, they won this game with almost no credit.

At this time, many young geniuses looked at each other, then at Mo Wudao, and then laughed and said loudly: "All the credit for this competition is on the Ninth Young Master. We propose that this time All the trophies and energy crystals won in the competition will be given to the Ninth Young Master for use."

Hearing what many young geniuses said, Ye Feng couldn't help but shook his head immediately and said loudly: "After all, everyone participated, let's do it as promised before, half for me, and half for you."

When these young geniuses heard what Ye Feng said, they all shook their heads and said loudly: "Ninth Young Master, you won this competition and won dignity and confidence for our Demon King Palace, and we also won The qualifications to enter the Demon God Space are all given by you, and we have already obtained a lot, so all the energy crystals obtained in this game should be collected and used by you, the Ninth Young Master. "

Hearing the persistence of this group of young geniuses, Ye Feng stopped being pretentious, because Ye Feng really needed such a large amount of energy crystals to improve his cultivation skills.

Ye Feng immediately smiled and said: "Okay, then I will accept it. Thank you everyone for your support."

Hearing what Ye Feng said, many young geniuses immediately laughed and said loudly: "This time, it is really thanks to the incredible power of the Ninth Young Master that he won this battle. Otherwise, We simply can't be so proud, let alone get the qualification to enter the Demon God's Space."

here and now

At this moment, Mo Wudao couldn't help but said with a smile: "Ninth brother, you wait here now. Those guys in the Demon Emperor Palace were defeated under the attention of the public. They will not break their promise and will definitely send the spoils to you immediately. When the time comes, you can directly refine and use those energy crystals in my palace. No one will disturb you. Whoever dares to disturb you, I will kill him on the spot."

Hearing what Mo Wudao said, Ye Feng immediately smiled dumbly, and then seemed to think of something, and couldn't help but say: "I saw that everyone attaches great importance to the Demon God Space before. What kind of place is the Demon God Space? What can you get by entering it?"

Hearing what Ye Feng said, the faces of many young geniuses present became yearning, and it seemed that they were very awed and yearning for the Demon God Space.

Mo Wudao took a deep breath at this moment and said, "I guess many geniuses present have never entered the Demon God Space, but I was fortunate enough to enter it once. However, I did not take the initiative to enter that time. Instead, I followed my father in to experience it. It is the most mysterious place in our Great Demon God Sect. Not to mention the young geniuses of our Demon King Palace, even the peerless geniuses in the Demon Emperor Palace and even the Demon God Palace would be very excited if they could get the qualification to enter the Demon God Space, because every time they enter the Demon God Space, they can get great opportunities and fortune. The Demon God Space is a very mysterious place. I can't describe it, but in general, it is a place where our Great Demon God Sect's true ancestors inherited the legacy. The origin of our Great Demon God Sect originated from the Demon God Space. It is a huge space similar to an independent small world, which seems to have been passed down since ancient times. The first generation of our Great Demon God Sect, the founder of the sect, came to the heaven from the Demon God Space and created such a huge foundation in the southern area of the heaven."

Chapter 5299 Discussing cooperation alone

At this time, upon hearing what Mo Wudao said, many young geniuses present had a look of surprise on their faces.

In fact, except for Ye Feng, these young geniuses in the Demon King's Palace don't know what kind of place the Demon God's Space is. They only know that the Demon God's Space is a very mysterious place, and they can get huge benefits by entering it.

It can be said that in the minds of many young geniuses in the Demon King's Palace, the Demon God Space is a mysterious place that can completely transform people, and it contains huge opportunities. However, the specific origin of the Demon God Space is not clear to everyone.

But now after Mo Wudao's explanation, everyone understood.

Including Ye Feng, there was also a look of surprise in his eyes. It seemed that he did not expect that the founder of the Great Demon God Sect, a giant force in the southern region of the heaven, was not a native practitioner of the heaven, but came from the Demon God Space. A mysterious independent little world.

However, Ye Feng is still very much looking forward to the thought of being able to directly enter the independent small world of the Demon God's Space and explore opportunities and creation.

At this time, Ye Feng sensed something and suddenly looked in a certain direction not far away and said loudly: "Someone is coming."

Hearing what Ye Feng said, everyone quickly looked in a certain direction not far away.

Sure enough, the next moment, they saw a young man wearing a golden robe appearing outside Mo Wudao's palace.

This young man wearing a golden robe is a super genius in the Demon Emperor's Palace.

At this time, this young man in a golden robe came outside the palace where Mo Wudao lived, and immediately said, "Where is the ninth young master of your Demon King's Palace?"

Hearing what this young man in golden robe said, everyone had a look of surprise in their eyes.

Mo Wudao thought it was the people from the Demon Emperor's Palace who were looking for trouble, and immediately couldn't help but said: "Do you have anything special to do with the Ninth Young Master? If there is nothing special, just hurry up and compare this time. Deliver the spoils of battle."

Hearing that Mo Wudao seemed to have a bit of a bad tone, the young man in a golden robe couldn't help but said: "The reason why I came here, in addition to delivering trophies, has another important purpose, which is to I want to replace our young master of the Demon King's Palace and come to discuss cooperation with your ninth young master of the Demon King's Palace."

"Um?"

Hearing this young man in a golden robe say this, Mo Wudao suddenly showed a look of surprise in his eyes. It seemed that he did not expect that the young master of the Demon Emperor Palace, the arrogant top genius who was defeated by Ye Feng, actually wanted to fight with him. What kind of cooperation do they have with the Ninth Young Master of the Demon King's Palace?

At this time, Mo Wudao couldn't help but said: "Don't you, the Demon King's Palace, want to lure the ninth young master of my Demon King's Palace out and then kill him directly?"

Hearing Mo Wudao's words, the genius from the Demon King's Palace in front of him, who was wearing a golden robe, couldn't help but shook his head and said loudly: "Third Young Master of the Demon King's Palace, what are you talking about? What do you mean? Do you look down on our Demon Emperor Palace so much? If we lose, we will lose. Why do we do these evil things?"

Hearing this young man wearing a golden robe say this, Mo Wudao still wanted to say

What, but at this time Ye Feng suddenly said: "I am the ninth young master of the Demon King's Palace. I defeated your young master of the Demon King's Palace before. What kind of cooperation do you want to discuss with me? But we are talking about cooperation." Beforehand, hand over my spoils."

Hearing what Ye Feng said, the young man wearing a blue robe suddenly showed a look of surprise in his eyes, staring at Ye Feng, as if he did not expect that such a young boy could actually defeat the strongest one in their Demon Emperor Palace. The young master.

At this moment, the young man wearing a golden robe immediately flew to Ye Feng and handed over a storage ring.

Ye Feng investigated and found that the storage ring contained all the energy crystals that were lost to them in the Demon King's Palace this time. The number was very large. Ye Feng was naturally very happy, but on the surface he was calm and calm. He took the storage ring in his hand, and then asked aloud: "What kind of cooperation do you, the young master of the Demon Emperor's Palace, want to discuss with me? If it is not good for me, then I will definitely not participate."

Hearing what Ye Feng said, the young man in a golden robe couldn't help but shook his head and said loudly: "This is an opportunity for win-win cooperation. Originally, with this opportunity, our young master from the Demon Emperor's Palace could Invite the super geniuses of the Demon Palace, but this time he specially invites you, the Ninth Young Master of the Demon King Palace, because he takes a fancy to your incomparable strength and super talent. "

Hearing what the young man wearing a golden robe said at this moment, Ye Feng couldn't help but said: "What kind of cooperation is it? Just tell me directly. There are no outsiders present."

The young man in a golden robe immediately shook his head and said aloud: "I don't know the specific content of this cooperation. Our young master of the Demon King Palace just invites the ninth young master of the Demon King Palace to come to you in three days." After that, go to our Demon Emperor's Palace, and the young master of our Demon Emperor's Palace will naturally discuss the details of this cooperation with you."

Hearing what the young man in the golden robe said, Mo Wudao standing behind him immediately couldn't help but said: "You also said that your Demon King Palace has ulterior motives? You want to leave the ninth young master of our Demon King Palace alone? The purpose of luring him into the confines of your Demon Emperor's Palace is to get rid of him secretly and eliminate a huge disaster for your Demon Emperor's Palace in the future."

Hearing Mo Wudao's radical speech, the young man in golden robe couldn't help but said: "The third young master of the Demon King's Palace, I have never said anything to the ninth young master for the sake of the ninth young master. Go ahead, please don't always look at our Demon Emperor Palace from such a despicable angle."

After saying that, the young man in a golden robe jumped up and left the scene.

At this time, Mo Wudao looked at Ye Feng and couldn't help but said: "Ninth brother, never go to the Demon Emperor's Palace alone. The young master of the Demon Emperor's Palace invited you there alone, he must be trying to harm you. , it's not about cooperation at all."

At this time, Ye Feng's eyes flickered and he said: "It doesn't matter, the young master of the Demon Emperor's Palace shouldn't be able to invite me over openly and directly frame me. If he really does this, you all know it. The upper echelons of the Great Demon God Sect will definitely not let him go when the time comes. I think he does have some special cooperation to discuss with me. At worst, I will be safe if I bring my guardian with me. "

Hearing what Ye Feng said, Mo Wudao nodded and said, "Okay, then you must bring your guardian with you. It will be much safer." At this time, Mo Wudao heard With these words, many young geniuses present had a look of surprise on their faces.

Hearing what Mo Wudao said, Ye Feng nodded, and then said, "Let me refine the spoils of war first."

After finishing speaking, Ye Feng walked directly towards the interior of the hall.

Mo Wudao asked a group of young geniuses around him to help Ye Feng protect the law and not let others disturb Ye Feng's practice.

At this time, Ye Feng came to the hidden space behind the main hall, and outsiders could not see Ye Feng's specific cultivation process at all.

At this moment, Ye Feng could safely release his Devouring Domain and began to quickly devour all the energy crystals in the storage ring he had obtained. .??.

You know, these energy crystals are all extremely high-grade. They are high-grade crystals mined from the heavens. The energy contained in them is naturally very rich, and there are thousands of them.

So after Ye Feng swallowed it at this time, he immediately felt a huge amount of energy, which was immediately injected into his body.

Ye Feng had just broken through to the first level of Tiangang Realm, and at this moment he was making breakthroughs again and again.

At this moment, Ye Feng's cultivation level broke through six small realms in a row, directly breaking through from the first realm of Tiangang realm to the seventh realm of Tiangang realm.

It has to be said that the energy contained in these energy crystals is indeed very powerful, allowing Ye Feng to achieve so many breakthroughs at once.

However, Ye Feng knew that within the large realm of Tiangang Realm, there were a total of thirty-six smaller realms.

Therefore, if I want to completely break through the great realm of Tiangang Realm, I still have a long way to go.

However, Ye Feng is not worried, and is very confident, because Ye Feng will enter the Demon God Space next. In this mysterious Demon God Space, Ye Feng believes that he will definitely get huge opportunities.

After all, the Demon God Space is the most mysterious and unpredictable place of trial in the entire Great Demon God Sect.

At this time, Ye Feng had devoured all the energy crystals, achieved a breakthrough in cultivation, and returned to the outside of the hall.

But at this time, Ye Feng saw an unknown figure appearing in the hall.

This was a middle-aged man wearing a black robe. The aura of cultivation on his body was unfathomable, as powerful and vast as the ocean, making everyone feel an extremely oppressive and breathless feeling.

Ye Feng immediately understood that this middle-aged man was definitely an extremely terrifying superpower in the Demon King's Palace.

According to the records in the memory of the ninth young master of the Demon King's Hall that Ye Feng pretended to be, this middle-aged man in a black robe was the master of the Demon King's Hall, and he was also the father of the young master of the Demon King's Hall that he was pretending to be. .

At this moment, Ye Feng had almost no hesitation and immediately stepped forward. As the Ninth Young Master Demon Wushuang, he clasped his fists and said, "I have met my father."

At this moment, Mo Wudao and a group of other young geniuses are also

He stood respectfully in the main hall.

Ye Feng was still a little bit murmuring in his heart at this time, because he was really afraid that the super powerful master of the Demon King's Palace would recognize his disguised identity.

Fortunately, Ye Feng's disguise is so perfect that he can disguise his life essence and the origin of his power as the origin of the Demon King's Palace.

Therefore, even a super powerful person like the master of the Demon King's Palace could not see through Ye Feng's disguise.

After all, Ye Feng's disguise is too difficult to see through.

You know, Ye Feng's disguise is not an ordinary disguise. Ye Feng has completely transformed his own skill source and life attributes into the Demon Wushuang, the ninth young master of the Demon King's Palace, who he is pretending to be.

Moreover, Ye Feng also used the soul master's method to perform a soul search on Mo Wushuang before he died, and collected all his memories.

Therefore, under this double perfect disguise, it is impossible for Ye Feng to be discovered by others about his true identity.

At this moment, when the master of the Demon King's Palace saw Ye Feng, he burst into laughter. He couldn't help but patted Ye Feng's shoulder and said loudly: "Okay, I didn't expect that my ninth son, you usually don't show off." I was so amazing that I defeated many super geniuses in the Demon Emperor's Palace. I even defeated the most respected young master in the Demon Emperor's Palace. It was really great. This allowed me to be promoted to become the Demon Emperor. The master of the palace has another bargaining chip."

At this moment, when Ye Feng heard what the master of the Demon Emperor's Palace said, he was naturally extremely complimentary and said, "Congratulations in advance for your father's promotion."

At this moment, Mo Wudao said instantly: "Father, this time our entire team won the victory and made a huge contribution to my father becoming the master of the Demon Emperor's Palace. My father promised before. Let us all enter the Demon God Space once, and the promise should be fulfilled."

Hearing what Mo Wudao said, the master of the Demon King's Hall immediately nodded and said, "Of course, what I said will definitely count."

When he said this, the Lord of the Demon King Palace looked in a certain direction not far away and said, "All of you follow me, I will take you into the Demon God Space."

Hearing what the Lord of the Demon King Palace said, Mo Wudao and a group of young geniuses suddenly showed extremely excited expressions on their faces.

Ye Feng's eyes also showed a look of surprise. He didn't expect that he could enter the Demon God Space so soon.

Originally, Ye Feng was going to wait for three days, and after discussing cooperation with the young master of the Demon King Palace, he would go to the Demon God Space to improve his cultivation strength, but now it seems that he can enter the Demon God Space in advance.

Three days should be enough time for Ye Feng to search and plunder in the Demon God Space.

At this moment, the Lord of the Demon King Palace, who was leading the way, said: "You will only have two or three days to enter the Demon God Space. After two or three days, you will be automatically teleported out of that small world, so seize this opportunity."

Hearing the Lord of the Demon King Palace say this, everyone present nodded and said: "Thank you Lord Lord for your attention."

At this moment, Ye Feng also flew forward, flying side by side with everyone, following behind the Lord of the Demon King Palace, and flew quickly towards the direction of the Demon God Space of the Great Demon God Sect.

According to Mo Wudao, the Demon God Space is an independent small world. At that time, it is estimated that it will take a cross-border teleportation array to enter the Demon God Space. Ye Feng is very much looking forward to it. Hearing what Mo Wudao said, Ye Feng nodded, and then said: "I will refine the spoils of this time first."

After that, Ye Feng walked directly into the interior of the hall.

And Mo Wudao asked a group of young geniuses around to help Ye Feng protect the law, and not let others disturb Ye Feng's practice.

Ye Feng immediately understood that this middle-aged man was definitely an extremely terrifying super strong man in the Demon King's Palace.

Ye Feng was still a little worried at this time, because he was really afraid that the master of the Demon King's Palace, a super strong man, would recognize his disguised identity.

Fortunately, Ye Feng's disguise was too perfect. He was able to disguise his life essence and power source attributes as the source of the Demon King's Palace.

So even the master of the Demon King's Palace, a super strong man, could not see through Ye Feng's disguise.

After all, Ye Feng's disguise was too difficult to see through.

When he said this, the master of the Demon King's Palace looked directly in a certain direction not far away and said: "All of you, follow me, and I will take you into the Demon God's space."

Hearing what the master of the Demon King's Palace said, Mo Wudao and a group of young geniuses suddenly showed extremely excited expressions on their faces.

Ye Feng's eyes also revealed a look of surprise. He didn't expect to be able to enter the Demon God's Space so quickly.

Originally, Ye Feng was planning to wait three days to discuss cooperation with the young master of the Demon King's Palace before going to the Demon God Space to improve his cultivation strength, but now it seems that he can enter the Demon God Space in advance.

Three days should be almost enough, enough for Ye Feng to search and loot in the Demon God's Space.

According to Mo Wudao, the Demon God Space is a small independent world. It is estimated that you will have to go through the cross-border teleportation array before you can enter the Demon God Space. Ye Feng is very looking forward to this.
