Chapter 5331: Guarding the Exit

At this moment, looking at the one-horned monster surging in front of him, Ye Feng didn't hesitate at all and immediately burst out his extremely powerful Immortal Body of the God.

Boom!

At this moment, waves of terrifying blood energy, like a big river, surged through Ye Feng's body, providing Ye Feng with unparalleled blood and heat, making Ye Feng not afraid of anything in this one-horned monster at all. The ice energy emitted directly collided fiercely with this one-horned monster.

Boom!

At this moment, the energy fluctuations generated by the battle between the two caused the entire surrounding land and mountains to rapidly collapse. ??

The glacier that Ye Feng wanted to smash just now was also shaken by this terrifying battle wave and collapsed.

As the glacier collapsed, Ye Feng immediately saw that a huge palace was revealed inside the glacier. It looked like it was completely made of ice crystal, giving people a sense of beauty. The magnificent and sacred feeling is like a dream palace that does not really exist in the world.

Seeing this scene, Ye Feng immediately burst into laughter and said loudly: "It seems that I was right. The residence of the Ice Demon God, one of the twelve Demon Gods, is indeed in this glacier."

At this moment, the one-horned monster said angrily: "All the wealth of the Ice Demon God is destined to belong only to me. This is a chance creation that changed my destiny against the will of heaven. I will never allow an outsider like you to interfere."

Ye Feng immediately burst into laughter and said loudly: "This kind of ownerless cultivation resource can only be owned by the stronger people. Now I want to see how you can drive me away."

At this moment, Ye Feng did not hesitate at all, and directly burst out the ancient mythical beast inheritance in the supreme inheritance bone that he had just learned, the Nine Heavens Thunder Dragon Art.

Boom!

At this moment, the whole day

Thunder roared in the sky.

Ye Feng raised his hands to the sky, and thousands of blue-purple rays of thunder were immediately drawn down from the nine heavens, and a huge thunder dragon condensed directly around Ye Feng.

This is the magic and horror of the Nine Heavens Thunder Dragon Technique. It can attract thunder from the nine heavens and condense it into a thunder dragon. It has extremely terrifying power. In an instant, it collides with the one-horned monster. The one-horned monster They were all knocked upside down at once.

"Um?"

Seeing this scene, even Ye Feng couldn't help but sigh. The power of thunder from heaven and earth attracted by these nine heavens is really powerful. It is better than some practitioners with thunder attributes who can condense their own thunder power. The Thunder Dragon is much more powerful.

And you must know that the thunder dragon that Ye Feng condensed did not use his own skills, so it cost almost nothing to Ye Feng. It was the thunder that Ye Feng attracted from the nine heavens. The Thunder Dragon.

At this moment, the Thunder Dragon entangled the one-horned monster, and Ye Feng instantly released the terrifying starry sky insect nest that he had found from the spaceship before.

Wow!

In an instant, countless densely packed starry sky bugs emerged.

Densely packed starry sky bugs surrounded it in an instant. Under the constraints of the thunder dragon, this one-horned monster could not escape at all, and was directly crawled all over its body by countless bugs.

The next moment, these terrible bugs crazily burrowed into the body of the one-horned monster, causing the one-horned monster to immediately scream in horror and say: "What kind of bug is this? Why can't I kill him?"

Are they destroyed? ? "

At this time, Ye Feng laughed loudly and said: "You will definitely die."

Uh-huh!

At this moment, Ye Feng rushed over and took advantage of the chaos to turn the storage ring on his finger into the sword of the gods. With a "plop", he cut off the head of the one-horned monster.

At this time, Ye Feng did not hesitate and immediately released his Devouring Domain and began to devour the energy in the body of this one-horned monster.

You know, this one-horned monster has obtained all the inheritance and wealth of the Ice Demon God, one of the twelve demon gods. Therefore, in the process of growing up for so many years, this one-horned monster has become very powerful. The blood energy it provides, Naturally, it is also very scary.

"boom!"

At this moment, under the accumulation of such a powerful monster energy, Ye Feng finally broke through the tenth level of the Earth Spirit Realm that he had previously reached, completely breaking through the bottleneck and stepping into the Earth Spirit Realm. The first level of Tianling Realm.

This is a breakthrough in a whole realm, which has brought about earth-shaking changes in Ye Feng's power, and Ye Feng's combat effectiveness has also been enhanced as never before.

At this moment, Ye Feng clenched his fists, feeling that all the power in the world was within his control.

This is the magic of this new realm of Tianling Realm.

This brand-new realm of Tianling Realm means that it can be integrated with the spirit of heaven and earth and the power of heaven and earth. Every move of a practitioner can activate the spiritual power of heaven and earth for his own use. Every move and every move has the power between heaven and earth. sense of oppression.

At this time, after Ye Feng broke through to the first level of the Heavenly Spirit Realm, he could naturally feel that his power had been strengthened like never before.

However, Ye Feng also had to praise this

A unicorn monster screamed. This unicorn monster is indeed a very powerful creature. It is worthy of being a creature that has inherited and gained wealth from the Ice Demon God. From a small monster, it has become so powerful that it can fight against Ye Feng's immortal body.

If Ye Feng had not cultivated an extremely powerful inheritance and possessed the terrible killer weapon of the Starry Sky Bug, I am afraid that he would not be able to do anything to this unicorn monster today.

Swish!

After solving the huge threat of the unicorn monster, Ye Feng flew directly to the glacier just now.

At this moment, this glacier has completely collapsed. It was affected by the battle just now, revealing a crystal palace inside.

Ye Feng landed in front of this crystal palace, and indeed saw the four big characters "Ice Demon God" written on the plaque of the crystal palace.

This is where the Ice Demon God lived in the past.

Ye Feng walked in, but did not find the body of the Ice Demon God. Perhaps the Ice Demon God fell somewhere else, or perhaps the Ice Demon God was not dead, and he also walked out of this small world and entered the heaven.

But in any case, the Ice Demon God's residence must store huge wealth.

Ye Feng entered the crystal palace in front of him, and the first thing he saw was a huge book made of ice, floating in the middle of the palace.

Ye Feng's eyes moved, it seemed that this was the inheritance of the Ice Demon God.

Ye Feng naturally showed joy on his face, and hurried over, wanting to comprehend the inheritance of the Ice Demon God.

Ye Feng did not care about ordinary inheritance, but he was still looking forward to the inheritance of the Ice Demon God, a top ancient strongman. If he practiced, he would be able to greatly enhance his comprehensive combat effectiveness!

Chapter 5332: Be loyal to me

Hearing what the Emperor Chu in his mind said, Ye Feng nodded immediately, and then began to dig the land under the snow-covered trees.

When Ye Feng dug the entire ground, he saw that the roots of each snow-covered tree were connected to a very strange-looking token.

This token did not look big, only the size of a human palm, and the whole body seemed to be made of crystal ice, emitting an extreme coldness, giving people a very terrifying and huge breath feeling.

Ye Feng sensed the breath emanating from this token, and immediately couldn't help but move his eyes.

Because the breath power level emitted from this ice token is very similar to that of the Flame Demon God that Ye Feng had encountered before.

It's just that one is the breath of fire attributes, and the other is the breath of ice attributes.

Ye Feng immediately guessed that this token could not be something left by another demon god among the twelve demon gods in this demon god space world back then?

Ye Feng felt more and more that his guess must be correct.

This piece of ice token must be a treasure left by one of the twelve demon gods back then, otherwise, it would be impossible to emit a huge aura similar to that of the fire demon god.

At this time, Ye Feng was naturally very happy, and he quickly stretched out his hand, wanting to grab this piece of ice token in his hand and carefully examine it.

However, just when Ye Feng just touched this piece of ice token, a terrifying cold air suddenly burst out from this piece of ice token, directly covering Ye Feng's entire palm.

At this moment, Ye Feng immediately felt this cold air, wanting to invade his entire body, wanting to control himself.

Ye Feng immediately understood that this ice token still contained the power of the demon god with ice attributes back then.

"Boom!"

At this time, Ye Feng immediately burst out the powerful blood energy of his immortal body.

At this moment, Ye Feng's blood energy was mobilized, all poured into his palm, and quickly fought against the cold air in this piece of ice token.

\u003e

If it was the Ice Demon God among the twelve demon gods who came, Ye Feng would not be able to resist it.

But it was just the cold air in an ice token, Ye Feng had no problem, and he directly offset the terrifying cold air instantly.

Then Ye Feng successfully mastered this ice token.

At this moment, Ye Feng's consciousness entered this ice token, and he immediately saw that there was a map stored in this ice token.

This map seemed to lead to a mysterious place.

This mysterious place seemed to exist in a deep area of this glacier and snowfield.

Ye Feng saw all this from the ice token, and his eyes suddenly showed surprise, and he couldn't help but murmured, "The place pointed to by this ice token, couldn't it be the cave of the Ice Demon God among the twelve demon gods back then."

Ye Feng had a guess in his heart, and naturally there was no hesitation, and he directly followed the guidance of the map in the ice token and flew quickly towards the final place.

Anyway, I accidentally got the token left by the Ice Demon God, one of the Twelve Ancient Demon Gods, so I naturally have to go and take a look.

After all, Ye Feng has been searching for a long time in this piece of ice and snow, and he has not found any particularly precious treasures or cultivation resources.

And I have been in this small world of the Demon God space for almost two or three days, and I may be automatically teleported at any time, so in this last time, Ye Feng naturally wants to do a big deal.

That is to find the place where the Ice Demon God lived in the past through the guidance of this ice token.

Whether there is danger or not, Ye Feng has to take a look.

At this time, according to the guidance of the map in the ice token, Ye Feng soon came to the deepest area of this piece of ice and snow.

There are towering glaciers and mountains everywhere on the ground,

which look very majestic and magnificent.

At this time, Ye Feng did not hesitate at all. He immediately carefully identified several glaciers according to the guidance of the map in the token, and selected one of them.

According to the instructions in the map, the final residence of the Ice Demon God is in this glacier.

Ye Feng did not hesitate at all, and punched out fiercely, trying to smash this glacier.

"Stop!"

But at this moment, a loud shout suddenly sounded.

Swish! .??.

The next moment, a monster covered with black scales suddenly flew out from behind this glacier.

This monster covered with black scales had three huge horns on its head, and its body was very majestic, as big as a hill.

The moment this unicorn monster appeared, it immediately flew in front of Ye Feng, stopped Ye Feng from attacking, and said: "This is the sleeping place of my master, the Ice Demon God, and no outsiders are allowed to disturb it. If you are sensible, leave here quickly, otherwise, if my master is awakened by you in his sleep, then you will die without a burial place!"

Hearing what this one-horned monster with a single horn on its head said, Ye Feng's eyes suddenly revealed a chuckle, and he said loudly: "When I just entered this glacier and snowfield, I jumped from under the ground. You should be the one who attacked me."

Ye Feng recognized it at this time. The steel-like tentacle that attacked him before was not a tentacle at all, but the horn on the top of the monster's head. It had a very terrifying impact and destructive power, like the sky. Like the sharpest spear underneath.

Hearing what Ye Feng said at this moment, the one-horned monster's face suddenly became quite ugly, and he couldn't help but said: "You, a human boy, have a good memory, but I still have to say, you are the most important person now." You should hurry up and get out of here, otherwise, when my master, the Ice Demon God, wakes up, you will not be able to withstand the anger of such a big shot, and you will be crushed to pieces in an instant. "

listen

When the one-horned monster said this, Ye Feng suddenly laughed and said: "Don't think that I don't know that you are lying to me. There is indeed an Ice Demon God sealed in this glacier, but he is not you at all. Master, you are just an ownerless monster bred in this ice and snow field. The reason why you threatened me to leave with the Ice Demon God is because you know that you can't beat me, and you want to scare me away, and then Is this right for me to devour the wealth left here by the Ice Demon alone?"

The reason why Ye Feng said such words at this time was because Ye Feng sensed the lifeless fluctuations and breath in this glacier.

Even for the sake of safety, Ye Feng just asked Emperor Chu to confirm that there was indeed no life in this glacier.

In fact, this means that there is no ice demon sleeping in this glacier at all.

The place pointed to by the Ice Token is not the final resting place of the Ice Demon God, but the cave where the Ice Demon God left it.

The Ice Demon himself is not here.

In other words, the Ice Demon God has fallen.

At this moment, after hearing what Ye Feng said, the one-horned monster couldn't hold it any longer and shouted angrily: "You hateful boy! I didn't succeed in attacking you before. What a shame." "This is my biggest mistake. The wealth left by the Ice Demon God belongs to me alone. No one can take it away. I will kill you, you damn boy!"

Boom!

After saying that, the one-horned monster immediately burst out with a terrifying air of ice, surging crazily towards Ye Feng, possessing the terrifying power of ice.

When Ye Feng saw this scene, he immediately couldn't help laughing and said: "Sure enough, it is a monster that has obtained the wealth left by the Ice Demon God. It actually has such a powerful means of controlling the ice attribute power. Look at it. It turns out that you have already entered the cave left by the Ice Demon God, and you have been blessed with incredible opportunities. Otherwise, you would not be so powerful. I hope you have not used up all the wealth in the cave. Otherwise, wouldn't I be in vain? Come for a visit."

Chapter 5333: Unable to defy fate

Uh-huh!

Ye Feng did not hesitate at this time and flew directly towards the deep area of the glacier and snowfield.

Along the way, Ye Feng's soul power radiated around him, covering the area around him like a radar, allowing Ye Feng to detect danger in advance. This was Ye Feng's greatest confidence in daring to explore this glacier and snowfield.

Because he is a soul master, he will not be attacked to death by some terrible force or danger like the super geniuses he met at the entrance of the glacier and snowfield before, and then be frozen in this glacier and snowfield.

Not long after Ye Feng flew, suddenly a piece of ice beneath his feet exploded, and a crack appeared.

"Whoosh!"

A tentacle that looked like it was made of steel, with its surface covered with dense scales, immediately rushed out from under the glacier and snowfield, and headed directly towards Ye Feng, trying to pierce Ye Feng's entire body. .

At this moment, Ye Feng's huge soul power covering the surroundings had long been aware of the movement underground.

boom!

Ye Feng naturally did not hesitate at all, and directly exploded the Immortal Body of the God with all his strength. The golden fist struck out fiercely, and struck together with the tentacles that seemed to be made of steel.

"Boom!!"

At this moment, the entire field suddenly erupted with a huge roar.

After Ye Feng's golden fist collided with the steel tentacle, Ye Feng immediately felt a terrifying force, which was immediately transmitted to his golden fist, causing Ye Feng to fly backwards.

But the steel tentacle also quickly retracted under the ground.

After feeling all this, Ye Feng's eyes suddenly showed a hint of surprise.

You know, Ye Feng's current cultivation level has been greatly improved, and he has entered a new powerful realm.

Moreover, Ye Feng's Immortal Body of God had absorbed a lot of divine substances before, and it had also strengthened a lot.

Now Ye Feng's true combat power has become much stronger than before.

But a collision with this steel tentacle made Ye Feng couldn't help but fall back.

You know, Ye Feng's golden fist is comparable to ordinary magic weapons, but there is still no way to compete with the steel tentacle.

Ye Feng immediately understood why he had seen so many corpses of top geniuses at the entrance of this glacier and snowfield.

It seems that the dangers hidden in this glacier and snowfield are much more terrifying than I imagined.

At this moment, Ye Feng saw the crack in the ground not far away and became calm again.

Ye Feng didn't even know what kind of creature the steel tentacle that suddenly appeared just now was part of.

I am afraid that the creatures lurking under the crack in the ground knew that Ye Feng was not easy to mess with, so after the sneak attack failed, they just left here and did not harass Ye Feng again.

This made Ye Feng's eyes reveal a look of surprise.

It seems that the monsters lurking in this glacier and snowfield are not only very scary, but also very insidious. They like to make sneak attacks. In addition, they are also very smart. They know how to make sneak attacks and can escape thousands of miles away without hitting a single hit.

This made Ye Feng even more cautious about this glacier and snowfield.

At this time, Ye Feng couldn't even help but said aloud in his mind: "Emperor Chu, I have come to a place that may hide huge dangers, but there may be good opportunities here, so I don't want to give up here and leave directly. , but just relying on my own soul power, I may not be able to detect the danger in time. Emperor Chu, if you have time now, help me pay more attention to the dangers that may appear at any time around me."

You know, Emperor Chu's perception is tens of thousands of times more terrifying than Ye Feng, so if Emperor Chu can sense the dangerous changes around Ye Feng at any time, it will definitely be a huge help to Ye Feng.

Although Ye Feng knows that Emperor Chu usually needs to rest and recover, and is usually in a deep sleep state, but now this glacier and snowfield feels too threatening to Ye Feng, so Ye Feng can only let Emperor Chu temporarily take over for him. Work for a while.

Hearing Ye Feng's voice, Emperor Chu in his mind immediately nodded and said: "Don't worry, I will enter the awakening state next and help you detect dangers that may appear around you at any time. Once there are any subtle changes, , I will inform you in advance."

Ye Feng nodded, and then couldn't help but sigh and said: "When will my soul power become as powerful as yours, Emperor Chu, that will be great."

When Emperor Chu heard what Ye Feng said at this time, he said loudly: "By then, you won't need me anymore."

When Ye Feng heard what Emperor Chu said, he immediately couldn't help laughing and said, "What do you mean I don't need you? We will always be good brothers."

At this moment, after Ye Feng finished speaking, he immediately continued flying towards the inner area of the glacier and snowfield.

With Emperor Chu's induction, Ye Feng became a little more relaxed. Any dangers encountered along the way could be avoided at any time, and there was no need to face off against some terrifying monsters.

Soon, Ye Feng came to the deepest area of this glacier and snowfield without any danger.

He immediately saw crystal trees that looked like they were made of transparent crystal growing out of the ice in front of him.

However, this is not a crystal tree, but an ice and snow tree bred in the extreme cold.

These ice and snow trees are spiritual objects between heaven and earth. Although they are not as good as some very high-level natural treasures or elixirs, these ice and snow trees are bred by extreme cold after all, and they contain very rich ice power.

Swish!

Seeing this, Ye Feng's eyes naturally lit up, and he immediately flew over, wanting to directly absorb and devour the ice power contained in these ice trees, which would definitely have a huge benefit for the improvement and increase of his own skills.

At this time, Ye Feng could quickly feel that after absorbing the cold air in these ice trees, a layer of fine ice crystals appeared all over his body.

However, the ice power in these ice and snow trees did increase Ye Feng's skills a lot.

However, what made Ye Feng quite disappointed was that the power added by these ice and snow trees was not enough to allow him to directly break through the bottleneck of the entire realm of the current tenth level of the Earth Spirit Realm.

But at this moment, the Emperor Chu in his mind suddenly spoke: "Ye Feng, don't rush to leave. This area can breed so many ice and snow trees, which means there must be special ice-attributed treasures underneath. Dig up the ground and dig underground to see if you can dig up anything good."

Chapter 5334: Straight Up

Uh-huh!

At this time, Ye Feng directly stretched out his hand and touched the huge ice book.

Boom!

The next moment, a huge and boundless secret of inheritance was immediately injected into Ye Feng's head.

This set of inheritance mysteries is exactly what the Ice Demon God inherited back then, and it is called the Ice God-Sealing Technique.

This set of inheritance was created by the Ice Demon God before he became a god.

Because of this set of inheritance, the Ice Demon God finally became a god and became one of the twelve demon gods in this small world. He was ranked as a god and possessed extremely terrifying strength. .???.??

Just by looking at the complexity and vast secrets of this inheritance, Ye Feng was able to tell that this Ice Demon God might have been much more powerful than the Fire Demon God back then.

At this moment, Ye Feng did not hesitate at all. He directly began to absorb the inherited secrets of this set of Ice God-Sealing Techniques and integrated them into his own martial arts heart. In this way, Ye Feng could skillfully use this set of Ice The Art of Conferring Gods.

Ye Feng judged that the inheritance in the supreme bone of the ancient beast that he had received before, the Nine Heavens Thunder Dragon Technique, was not as good as this set of Ice God-Sealing Techniques.

However, the Nine Heavens Thunder Dragon Technique also has its own special features, because the Nine Heavens Thunder Dragon Technique allows Ye Feng to absorb the power of thunder from heaven and earth above the nine heavens without consuming his own skills.

This set of Ice God-Sealing Techniques requires consuming one's own strength to create the air of ice, but it has a terrifying freezing effect. It can be regarded as a control system inheritance, which is different from the Nine Heavens Thunder Dragon Technique.

The Nine Heavens Thunder Dragon Art is responsible for killing and violent attacks.

At this moment, Ye Feng didn't hesitate at all and started to comprehend this Ice God-Sealing Technique directly on the spot.

Ye Feng's comprehension ability is very strong, so in just half a day, Ye Feng has completely understood and controlled this set of Ice God-Sealing Techniques.

When Ye Feng successfully understood this set of Ice God-Sealing Techniques, he was naturally very happy, because his overall strength had been greatly strengthened.

At this moment, Ye Feng walked quickly towards other directions of the Crystal Palace, trying to find the remaining wealth inside.

However, what surprised Ye Feng was that apart from this set of inheritance, there seemed to be nothing else in the Crystal Palace. It was completely empty.

"Damn it, all the training resources back then may have been directly used and eaten by that one-horned monster."

Ye Feng cursed secretly in his heart.

However, if this one-horned monster did not consume so many training resources, the one-horned monster would not have become so powerful, nor would it have provided Ye Feng with so much blood energy, allowing Ye Feng to break through the big bottleneck just now and enter Entering the first level of the Heavenly Spirit Realm, a new and powerful realm.

In other words, Ye Feng indirectly used the training resources left in this crystal palace, but with the help of the one-horned monster as an intermediary.

At this time, Ye Feng thought so in his heart and became happy again.

Ye Feng was about to leave here directly at this moment, but suddenly at this moment, Emperor Chu in his mind said: "Ye Feng, don't leave in a hurry. This crystal palace seems to be hiding something."

There is a very secret formation. Your soul power is not strong enough to sense the existence of this formation, but I can sense it. You carefully search every inch of this crystal palace to see the hidden formation. Where is the law? Because I'm not sure about the location now, but I can sense the fluctuation of a very obscure formation. "

"Um?"

Hearing what Emperor Chu said, Ye Feng suddenly showed a look of surprise in his eyes, and then he couldn't help but said: "Even I, as a soul master, didn't notice this formation. Only you, Emperor Chu, To be able to sense it is enough to show how hidden this hidden formation is."

When he said this, Ye Feng's eyes suddenly showed a look of great expectation, and he said loudly: "Since this formation is so hidden, it seems that the Ice God King must have wanted to use this crystal in the past. There is something hidden in the palace. If we can find this hidden formation, it may lead to a mysterious space, where the Ice God King's most valuable wealth may be hidden."

Hearing what Ye Feng said, Emperor Chu in his mind nodded and said aloud: "It's very possible."

Ye Feng nodded excitedly, and without wasting any more time, he searched inch by inch for every part of the Crystal Palace where the Ice Demon God lived.

After Ye Feng's carpet-like search, Ye Feng finally discovered a mysterious mark from the southwest corner of the crystal palace.

This mysterious mark should be the key to unlocking that formation.

Ye Feng naturally did not hesitate at all. He directly input mana into the mysterious mark on the ground and directly activated the very secret formation.

Buzz!

At this moment, as the hidden formation was activated by Ye Feng, Ye Feng directly saw that there was a small secret room sealed inside the formation.

Although this secret room is very small, it is filled with dense treasures, including various energy crystals, cultivation resources, elixirs, and many high-level weapons. Even after many years, it still exudes the aura of weapons.

At this time, seeing the treasures that filled the entire secret room, Ye Feng's eyes suddenly showed ecstasy, and he said aloud: "This is the real private treasure house left by the Ice Demon God. The cultivation resources that the one-horned monster got in the crystal hall are just some petty gains."

At this moment, Ye Feng naturally did not hesitate at all, and directly passed through the seal of this formation and entered the treasure house secret room inside.

Next, Ye Feng first saw that there were more than a dozen boxes of energy crystals emitting different colors of light on the ground, which should be left by the Ice Demon God.

However, the Ice Demon God did not take these wealth away before leaving his residence, which means that these wealth is no longer of much use to a strong man of the level of the Ice Demon God, so they are temporarily placed in his residence.

However, these things may not have much value for a super big man like the Ice Demon God, so they are just piled up in the private treasure house of the residence.

But for a young cultivator like Ye Feng who is only in the first level of the Heavenly Spirit Realm, these things are huge wealth!

Chapter 5335 Seen Through

At this moment, looking at the one-horned monster surging in front of him, Ye Feng didn't hesitate at all and immediately burst out his extremely powerful Immortal Body of the God.

Boom!

At this moment, waves of terrifying blood energy, like a big river, surged through Ye Feng's body, providing Ye Feng with unparalleled blood and heat, making Ye Feng not afraid of anything in this one-horned monster at all. The ice energy emitted directly collided fiercely with this one-horned monster.

Boom!

At this moment, the energy fluctuations generated by the battle between the two caused the entire surrounding land and mountains to rapidly collapse.

The glacier that Ye Feng wanted to smash just now was also shaken by this terrifying battle wave and collapsed.

As the glacier collapsed, Ye Feng immediately saw that a huge palace was revealed inside the glacier. It looked like it was completely made of ice crystal, giving people a sense of beauty. The magnificent and sacred feeling is like a dream palace that does not really exist in the world.

Seeing this scene, Ye Feng immediately burst into laughter and said loudly: "It seems that I was right. The residence of the Ice Demon God, one of the twelve Demon Gods, is indeed in this glacier."

At this moment, the one-horned monster said angrily: "All the wealth of the Ice Demon God is destined to belong only to me. This is a chance creation that changed my destiny against the will of heaven. I will never allow an outsider like you to interfere."

Ye Feng immediately burst into laughter and said loudly: "This kind of ownerless cultivation resource can only be owned by the stronger people. Now I want to see how you can drive me away."

At this moment, Ye Feng did not hesitate at all, and directly burst out the ancient mythical beast inheritance in the supreme inheritance bone that he had just learned, the Nine Heavens Thunder Dragon Art.

Boom!

At this moment, the whole day

Thunder roared in the sky.

Ye Feng raised his hands to the sky, and thousands of blue-purple rays of thunder were immediately drawn down from the nine heavens, and a huge thunder dragon condensed directly around Ye Feng.

This is the magic and horror of the Nine Heavens Thunder Dragon Technique. It can attract thunder from the nine heavens and condense it into a thunder dragon. It has extremely terrifying power. In an instant, it collides with the one-horned monster. The one-horned monster They were all knocked upside down at once.

"Um?"

Seeing this scene, even Ye Feng couldn't help but sigh. The power of thunder from heaven and earth attracted by these nine heavens is really powerful. It is better than some practitioners with thunder attributes who can condense their own thunder power. The Thunder Dragon is much more powerful.

And you must know that the thunder dragon that Ye Feng condensed did not use his own skills, so it cost almost nothing to Ye Feng. It was the thunder that Ye Feng attracted from the nine heavens. The Thunder Dragon.

At this moment, the Thunder Dragon entangled the one-horned monster, and Ye Feng instantly released the terrifying starry sky insect nest that he had found from the spaceship before.

Wow!

In an instant, countless densely packed starry sky bugs emerged.

Densely packed starry sky bugs surrounded it in an instant. Under the constraints of the thunder dragon, this one-horned monster could not escape at all, and was directly crawled all over its body by countless bugs.

The next moment, these terrible bugs crazily burrowed into the body of the one-horned monster, causing the one-horned monster to immediately scream in horror and say: "What kind of bug is this? Why can't I kill him?"

Are they destroyed? ? "

At this time, Ye Feng laughed loudly and said: "You will definitely die."

Uh-huh!

At this moment, Ye Feng rushed over and took advantage of the chaos to turn the storage ring on his finger into the sword of the gods. With a "plop", he cut off the head of the one-horned monster.

At this time, Ye Feng did not hesitate and immediately released his Devouring Domain and began to devour the energy in the body of this one-horned monster.

You know, this one-horned monster has obtained all the inheritance and wealth of the Ice Demon God, one of the twelve demon gods. Therefore, in the process of growing up for so many years, this one-horned monster has become very powerful. The blood energy it provides, Naturally, it is also very scary.

"Boom!" .??.

At this moment, under the accumulation of such a powerful monster energy, Ye Feng finally broke through the tenth level of the Earth Spirit Realm that he had previously reached, completely breaking through the bottleneck and stepping into the Earth Spirit Realm. The first level of Tianling Realm.

This is a breakthrough in a whole realm, which has brought about earth-shaking changes in Ye Feng's power, and Ye Feng's combat effectiveness has also been enhanced as never before.

At this moment, Ye Feng clenched his fists, feeling that all the power in the world was within his control.

This is the magic of this new realm of Tianling Realm.

This brand-new realm of Tianling Realm means that it can be integrated with the spirit of heaven and earth and the power of heaven and earth. Every move of a practitioner can activate the spiritual power of heaven and earth for his own use. Every move and every move has the power between heaven and earth. sense of oppression.

At this time, after Ye Feng broke through to the first level of the Heavenly Spirit Realm, he could naturally feel that his power had been strengthened like never before.

However, Ye Feng also had to praise this

A unicorn monster screamed. This unicorn monster is indeed a very powerful creature. It is worthy of being a creature that has inherited and gained wealth from the Ice Demon God. From a small monster, it has become so powerful that it can fight against Ye Feng's immortal body.

If Ye Feng had not cultivated an extremely powerful inheritance and possessed the terrible killer weapon of the Starry Sky Bug, I am afraid that he would not be able to do anything to this unicorn monster today.

Swish!

After solving the huge threat of the unicorn monster, Ye Feng flew directly to the glacier just now.

At this moment, this glacier has completely collapsed. It was affected by the battle just now, revealing a crystal palace inside.

Ye Feng landed in front of this crystal palace, and indeed saw the four big characters "Ice Demon God" written on the plaque of the crystal palace.

This is where the Ice Demon God lived in the past.

Ye Feng walked in, but did not find the body of the Ice Demon God. Perhaps the Ice Demon God fell somewhere else, or perhaps the Ice Demon God was not dead, and he also walked out of this small world and entered the heaven.

But in any case, the Ice Demon God's residence must store huge wealth.

Ye Feng entered the crystal palace in front of him, and the first thing he saw was a huge book made of ice, floating in the middle of the palace.

Ye Feng's eyes moved, it seemed that this was the inheritance of the Ice Demon God.

Ye Feng naturally showed joy on his face, and hurried over, wanting to comprehend the inheritance of the Ice Demon God.

Ye Feng did not care about ordinary inheritance, but he was still looking forward to the inheritance of the Ice Demon God, a top ancient strongman. If he practiced, he would be able to greatly enhance his comprehensive combat effectiveness!

Chapter 5336 Support

Hearing the praise from the young genius from the Demon Emperor Palace, Ye Feng just smiled and said, "Let's go, don't waste time, take me to see the young master of your Demon Emperor Palace."

The young genius from the Demon Emperor Palace nodded immediately, took Ye Feng, and flew quickly towards the direction of the Demon Emperor Palace.

With the guidance of the young genius from the Demon Emperor Palace, Ye Feng smoothly entered the heavily guarded inner area of the Demon Emperor Palace and came to a white palace.

This white palace is made of a special spiritual stone, and the surface is engraved with a formation. If a practitioner lives in it, he can constantly absorb the rich spiritual energy between heaven and earth at all times, so that his cultivation speed can be accelerated.

However, Ye Feng is not very interested in this speed, because in front of Ye Feng's swallowing field, this so-called spirit gathering formation is simply a small witch compared to a big witch.

At this moment, Ye Feng took a casual look and entered the white palace in front of him with the young genius of the Demon Emperor Palace.

When Ye Feng entered, he saw the young master of the Demon Emperor Palace, a young man in a golden robe, standing there.

Ye Feng immediately smiled and said, "The young master of the Demon Emperor Palace invited me to come here. I wonder what you want to cooperate on?"

Hearing Ye Feng's voice, the young master of the Demon Emperor Palace immediately turned around and said in surprise, "The strength of the ninth young master seems to have improved a lot. I can feel that you are much stronger than when you fought that day."

Hearing the young master of the Demon Emperor Palace say this, Ye Feng was not surprised.

Ye Feng heard this and asked curiously, "Oh? Is it related to the Twelve Demon Gods? Tell me about it."

The young master of the Demon Emperor Palace nodded and said, "It is said that the reason why the ancient twelve demon gods were able to open the interface barrier from the small world of the demon god space and enter the heaven was because they received the help of an extremely powerful and ancient artifact. After helping the twelve demon gods open the small world channel to enter the heaven, because of the encounter with the boundary The turbulent void in the interface channel between the face barriers fell on the edge of our blue zone in the heaven. "

When Ye Feng heard the young master of the Demon Emperor Palace say this, he couldn't help but said in surprise: "You mean, all the twelve ancient demons escaped from the small world of the demon space and entered the heaven?"

The young master of the Demon Emperor Palace nodded and said: "Yes, there is a record in the ancient notes left by our founder that the twelve demons worked together to open the interface channel, and with the help of that ancient artifact, they successfully passed through the interface channel between the heaven and the heaven. After arriving in the heaven, each of them created their own powerful forces, but some ancient demon gods chose to hide their identities in the heaven. In

any case, all twelve demon gods successfully entered the heaven, but the extremely powerful ancient artifact in their hands was completely lost on the edge of the blue zone of our heaven, in a life forbidden zone called the 'Land of the Fallen God'. This life forbidden zone is not very dangerous for ordinary practitioners to enter and explore. On the contrary, the more powerful the strong who enters, the more terrible dangers they will encounter. It is a very strange life. Life Forbidden Zone, so even though the twelve demon gods had cultivated to a level close to that of gods, they did not dare to enter the Land of Falling Gods, because this Life Forbidden Zone was too strange. The stronger the strength, the greater the dangers encountered. On the contrary, the weaker the strength, the less dangers encountered. So if we form a team to go in and find this ancient artifact, we might really be able to find this ancient artifact, because I have this ancient scroll in my hand, which guides us in the direction of finding the ancient artifact. "

At this time, hearing the young master of the Demon Emperor Palace say this, Ye Feng's eyes showed a deep thoughtful look.

Ye Feng was not thinking about the danger of this life forbidden zone, but thinking about the flame demon god he met in the small world of the demon god space at that time. Who was it?

Because according to the records in the notes left by the founder of the Great Demon God Sect, all the twelve demon gods had left that small world.

But when Ye Feng entered the small world of the demon god space, he clearly encountered the flame demon god trapped in a spaceship, and the flame demon god seemed to have never left the small world of the demon god space.

This made Ye Feng's mind a little confused.

Could it be that the Flame Demon God he encountered was a fake, just pretending to be the Flame Demon God to improve his status?

Chapter 5337 Imprisonment

At this time, Ye Feng naturally did not hesitate at all. He directly released the Devouring Domain and began to devour the various cultivation resources stored in this private treasure house.

In addition to the energy crystals, there are also many elixirs, which should be things that the Ice Demon God himself refined or collected in the past. With his superb cultivation, he could not use them, so he temporarily stored them here, but now they all became Ye Feng's things.

At this time, Ye Feng did not hesitate at all. Along with the devouring, a huge amount of energy was immediately injected into Ye Feng's Dantian, which made Ye Feng's cultivation aura grow at an incredible speed.

After all, you have to know that the cultivation resources here are not the cultivation resources left by ordinary strong men, but the wealth left by a super big figure like the Ice Demon God, one of the twelve ancient demon gods, so it is naturally very abundant.

Ye Feng's cultivation aura immediately began to rise step by step.

Boom!

The second level of the Heavenly Spirit Realm!

Boom!

The third level of the Heavenly Spirit Realm!

Boom!

The fourth level of the Heavenly Spirit Realm!

Boom!

The fifth level of the Heavenly Spirit Realm!

Boom!

The sixth level of the Heavenly Spirit Realm!

Boom!

The seventh level of the Heavenly Spirit Realm!!

At this time, Ye Feng's cultivation broke through six levels at once, from the first level of the Heavenly Spirit Realm to the seventh level of the Heavenly Spirit Realm, which greatly strengthened Ye Feng's cultivation power.

This made Ye Feng's eyes suddenly show joy.

Sure enough, the resources and wealth left by the Ice Demon God were very large and abundant, allowing his cultivation to break through so much at once.

At this time, Ye Feng could feel the mighty power like the ocean surging in his limbs and bones, making Ye Feng feel that he could shatter the entire world with one punch.

At this time, Ye Feng did not hesitate at all and continued to explore the next wealth.

In addition to the cultivation resources that can improve the power, there are also many powerful inheritances, all of which are the inheritances of the ice attribute lineage, which should be the inheritances created by the Ice Demon God himself.

However, Ye Feng has already comprehended the most powerful inheritance of the Ice Demon God, the Ice God-sealing Art, so Ye Feng naturally doesn't care much about these ordinary inheritances.

Chapter 5338: Ruthless Person

"No, I am not willing to do so!!"

At this time, the master of the Demon King's Palace roared angrily, his tone full of unwillingness.

But at this time, it was of no use anymore, because he had been blocked by more than a dozen elders from the Demon King's Palace, and the movement of all his meridians' mana was blocked, and he could not exert any power at all.

At this moment, the master of the Demon King's Palace looked at Ye Feng with a fierce look in his eyes, as if he wanted to devour Ye Feng in one bite.

After all, he has now become a complete prisoner, so he is naturally very angry and unwilling.

However, there was no expression on Ye Feng's face at this moment. He just looked at the struggling Lord of the Demon King Hall indifferently and smiled coldly.

Because Ye Feng knew very well that now the master of the Demon King's Hall was completely restrained, and he no longer needed to worry about the other party's counterattack.

At this moment, the young master of the Demon King's Palace looked at Ye Feng beside him and said: "This master of the Demon King's Palace, I will escort him to the prison of our Great Demon God Sect, and then hand him over to the Ninth Young Master. You go and judge yourself."

The young master of the Demon Emperor's Palace knew very well that it would be better for him to get less involved in such matters, and let them resolve the grudges between father and son themselves.

At this time, Ye Feng nodded and said, "Thank you so much for your help this time, Young Master of the Demon Emperor's Palace."

When the young master of the Demon Emperor Palace heard what Ye Feng said, he immediately smiled and said: "We are in the same boat now. I am counting on you to help me get the position of the leader of the entire Great Demon God Sect. Naturally, I will do my best." help you."

Ye Feng nodded, and then directly escorted the master of the Demon King's Hall, flying quickly towards the prison of the entire Great Demon God Sect.

While watching the two people's retreating figures, an older and powerful man standing next to the young master of the Demon King's Palace couldn't help but said: "Young Master, this ninth young master of the Demon King's Palace does seem to be..." It's a bit unusual. The ninth young master of the Demon King's Palace has always been a famous waste among our Great Demon God Sect, but he didn't expect to suddenly become so powerful and have such terrifying talents. I always feel that the Demon King's Palace What the Palace Master said is somewhat credible. Maybe there is

something wrong with the true identity of this Ninth Young Master. Should we report it to some of the higher-ups in the sect?"

Hearing what the elder and powerful man beside him said, the young master of the Demon Emperor Palace just smiled slightly and said loudly: "There is no need to report, I don't care whether this ninth young master is real or fake, and I don't care what his identity is. , as long as I can use his peerless talent and powerful strength to obtain the position of the leader of the entire Great Demon God Sect, then I will do my best to protect him no matter who he is. Moreover, what I want is power and status, and what he wants is wealth. and resources, our interests do not conflict, but complement each other."

After finishing speaking, the young master of the Demon Emperor Palace looked at a group of more than a dozen elders and powerful men beside him and said loudly: "Our work is done, let's go directly."

"Young master is wise."

A group of elders from the Demon Emperor's Palace nodded their heads, and then followed the young master of the Demon Emperor's Palace and left the scene.

At this moment, Ye Feng was escorting the master of the Demon King's Palace to the prison of the Great Demon God Sect.

At this moment, Ye Feng directly escorted the master of the Demon King's Palace to a cell completely made of metal in the prison.

At this moment, the master of the Demon King Palace, a big shot, was pierced by black chains and tied to a huge iron frame, looking extremely miserable.

Ye Feng, with his hands behind his back, stood in front of the Lord of the Demon King Palace, with an indifferent smile on his face, and said loudly: "Fight with me, you are still a little behind. Sometimes your own strength does not mean everything. With strong connections and background, you can also win."

Hearing what Ye Feng said, the master of the Demon King's Palace had an extremely angry look in his eyes, and said loudly: "You hateful boy, if one day I get out of trouble, I will definitely kill you completely."

When Ye Feng heard what the Master of the Demon King Palace said, he suddenly laughed, shook his head and said loudly: "Do you think you can still go out? And to be honest, there is no big grudge between you and me. I didn't plan to take action against you, but I didn't expect that you would kill me just because I couldn't be used by you. If you are such a ruthless person, getting rid of you can be regarded as solving a huge disaster."

At this moment, the Lord of the Demon King's Hall immediately burst into laughter and said loudly: "Although I am imprisoned in the prison now, you can't do anything to me. After all, my identity is very noble and special. I can only If you can be judged by the superiors, if you execute me privately, you will definitely not be able to live with it, and you will definitely be blamed by the superiors of the Great Demon God Sect."

When Ye Feng heard what the Lord of the Demon King's Palace said at this moment, he shook his head with a smile and said: "At midnight tonight, I will lurk over and kill you secretly. In this case, when the time comes, News will spread that the master of the Demon King's Palace was imprisoned in a prison and died suddenly in the middle of the night. We don't know who the murderer is. That's okay. "

After finishing speaking, Ye Feng did not take action directly under the stunned gaze of the Lord of the Demon King's Hall, but chose to turn around and leave for the time being.

Although Ye Feng could not act openly, he did it secretly. No one knew that the murderer was Ye Feng. Even if there was suspicion, Ye Feng's current identity was unusual. He was the number one genius trained by the Great Demon God Sect, and even the Demon Emperor. The young master of the palace and a group of elders from the Demon Emperor Palace are supporting him. As long as Ye Feng doesn't show his face and leaves a clue, no one will say anything and everyone will understand.

At this moment, watching Ye Feng's back as he left, thinking that he might really be secretly killed in the middle of the night, the Demon King Palace Master suddenly lost his mind and couldn't help but scream in fear and anger, saying: "No!! You can't do this!! Who will save me? Someone wants to assassinate me in the middle of the night! Come on!!"

The Demon King Palace Master yelled wildly and in fear, but it was useless, because he had become a prisoner now, and no one cared at all.

Even the guards of the Great Demon God Sect who were guarding the prison couldn't help but show fear in their eyes, and murmured: "This Demon King Palace's Ninth Young Master is really cruel, so cruel to his own father, we must not provoke such a cruel person."

A group of Great Demon God Sect guards who were guarding the prison, at this moment, ignored the Demon King Palace Master's shouting, because they were afraid of offending the Ninth Young Master, this cruel person.

Chapter 5339 Arrived as promised

It was midnight, the moon was dark and the wind was high.

Ye Feng arrived as promised.

In the darkness and silence, Ye Feng, wrapped in a black robe, could not see his face and figure clearly, and came to the prison of the Great Demon God Sect.

Ye Feng walked straight into the cell where the Demon King Palace Master was locked.

When Ye Feng entered the cell, he saw that the Demon King Palace Master was still locked on the iron frame, but because of his serious injuries and fear, he fell asleep directly.

But the sound of Ye Feng coming here startled the Demon King Palace Master who was sleeping.

At this moment, the Demon King Palace Master suddenly opened his eyes and saw Ye Feng appearing in front of him. He couldn't help but said in horror: "What are you going to do?"

Ye Feng's face suddenly showed a weird smile, and he said: "Of course, I will make good use of you."

"What do you mean?"

After Ye Feng's voice fell, the Demon King Palace Master immediately felt a terrifying breath appear.

The next moment, Ye Feng didn't waste any time at all. He stretched out his right hand and spread out his five fingers. Each of his fingers was as hard as iron bars. He grabbed the top of the head of

the Demon King Palace Master and released the Devouring Domain instantly. He began to devour the Demon King Palace Master's magnificent power.

You know, the Demon King Palace Master is not an ordinary existence, but an extremely powerful figure in the Great Demon God Sect.

So the power and blood energy bred in the body of this level of existence are as prosperous as the ocean.

"Boom!"

After Ye Feng devoured it, he immediately felt a stream of power like a vast ocean, which was directly injected into his Dantian, rapidly strengthening Ye Feng's power.

At this moment, the aura on Ye Feng's body suddenly broke through and improved madly at an incredible speed.

During this process, the Lord of the Demon King Hall screamed in horror, "Who are you? How can there be such an evil inheritance? What is your purpose?"

At this time, the Lord of the Demon King Hall can be said to be extremely terrified, because Ye Feng's devouring ability is too shocking and too shocking.

At this moment, the Lord of the Demon King Hall finally realized that he had provoked a terrifying existence that should not be provoked.

Although Ye Feng looks young, his means and strength are too powerful.

The Lord of the Demon King Hall screamed in horror at this time, but it was useless.

Ye Feng was madly devouring his skills and his life.

The Lord of the Demon King Hall finally regretted it at this time, regretting that he should not have provoked Ye Feng.

If he did not take the initiative to kill Ye Feng, Ye Feng would not have torn his face with him.

Perhaps the Lord of the Demon King Hall can still be his own Lord and enjoy a peaceful life.

But now everything is too late.

Ye Feng devoured the Demon King Palace Master on the spot.

"Boom!"

The next moment, Ye Feng received a terrifying power energy, which made his cultivation aura break through and grow rapidly.

At this time, the breakthrough of cultivation aura finally stopped slowly.

Buzz!

At this moment, Ye Feng opened his eyes, and his whole body was shining with divine light.

This time, Ye Feng can be said to have obtained unparalleled benefits, which made his cultivation aura improve so much at once, and his cultivation power skyrocketed.

At this moment, Ye Feng clenched his fists and could feel the surging power like the sea, surging in every inch of his flesh and bones, as if a punch could smash a whole ancient mountain of tens of thousands of meters.

Ye Feng only felt that his whole body was filled with endless power.

Ye Feng knew very well that this time he swallowed the power of such a big figure as the Lord of the Demon King Palace, and his combat power was simply unparalleled.

At this time, Ye Feng did not hesitate at all, and was ready to leave the cell quickly.

Because Ye Feng came here in disguise this time, and secretly killed the Lord of the Demon King Palace, so he could not let anyone find out.

Swish!

But just when Ye Feng turned around, a familiar figure suddenly appeared in front of him.

Ye Feng looked closely and found that it was his former partner, Leng Yue.

This young woman, a peerless female genius, was a super genius carefully cultivated by the Demon King Palace Master since childhood. She had explored ancient ruins with Ye Feng before, and the two had established a deep friendship.

At this moment, looking at the body of the Demon King Palace Master who had been devoured into a mummy, Leng Yue's expression was a bit complicated.

Ye Feng was about to say something, but Leng Yue suddenly said, "This is the grudge between you and your father, and it has nothing to do with me."

Obviously, Leng Yue didn't know Ye Feng's true identity. She thought that Ye Feng and the Lord of the Demon King's Palace were father and son, so she didn't say much.

Ye Feng asked, "You will continue to stay in the Demon King's Palace and enjoy your current rights."

Leng Yue shook her head and said, "I have been through life and death for the Lord of the Palace for so many years, and I can repay him for raising me. This time he has gone crazy and wants to kill you, the super genius of the Great Demon God Sect. I will not interfere in such things that are not good for the sect, but I can't stay here anymore. I will go out to travel. Lord Jiu, we will meet again if we are destined."

Swish!

After saying that, Leng Yue's cold and beautiful back jumped up and left the scene directly.

Ye Feng glanced at the direction where the other party left, and without saying much, he quickly left the scene.

The next day, when the body of the Demon King Palace Master was found, it was just as Ye Feng expected. Although everyone was shocked, no one would investigate the matter. After the excitement, no one paid attention to it.

After all, no one would investigate the murderer for a dead person who had lost his power.

As for the other descendants of the Demon King Palace Master, they had no time to investigate the murderer, but were caught up in the struggle for the position of the new generation of the Demon King Palace Master.

...

At this moment, Ye Feng was playing chess with the Demon King Palace Master in a pavilion with rockery and flowing water in the Demon King Palace. There were three beautiful maids of the Demon King Palace playing music around them, and the atmosphere was peaceful.

The Demon King Palace Master looked at Ye Feng in front of him, smiled slightly, and said: "Now the descendants of the Demon King Palace are in chaos for the position of the Palace Master. Isn't the Ninth Young Master going to fight for it?"

Chapter 5340: Sect Master Assessment

At this time, when Ye Feng heard what the young master of the Demon King's Palace said, he just showed a faint smile in his eyes and said loudly: "The Demon King's Palace is a place that I am not interested in at all. As for the Demon King's Palace, Lord, who will replace you in the future has nothing to do with me, because even if I become the master of the Demon King's Palace, it will not be of much use to me. What I hope now is to let the Demon King Young Master of the Imperial Palace, you will become the next leader of the Great Demon God Sect."

Hearing what Ye Feng said, the young master of the Demon Emperor Palace couldn't help but nodded. He looked at Ye Feng very solemnly and said loudly: "Young Master Ninth, the future really depends on you, because you really You are the most powerful peerless genius I have ever seen, and your current cultivation aura is probably even more powerful than some of the elders in our Great Demon God Sect."

Ye Feng smiled and said: "If you want to become the leader of the Great Demon God Sect, what kind of chips do you need?"

When the young master of the Demon Emperor Palace heard what Ye Feng said, his expression suddenly became serious. He waved his hand and asked the beautiful maids who were playing music to leave the scene directly.

In the entire Yage next to the rockery and flowing water, only two people, Ye Feng and the young master of the Demon Emperor's Palace, were left.

At this time, the young master of the Demon Emperor Palace slowly spoke out: "If you want to become the master of the Great Demon God Sect, you must successfully pass the test of the master examination and get the first place."

"The sect leader's assessment?"

Hearing what the young master of the Demon Emperor's Palace said, Ye Feng's eyes revealed a look of surprise, and he said, "What kind of test is the sect master's test? Can I help you with the test?"

The young master of the Demon Emperor Palace nodded and said: "The sect master does not only value a person's cultivation strength, but also the connections of the people around him and the strength of the strong men under his command. Therefore, you can bring helpers during the sect master's assessment. , as long as you have enough ability to make friends with powerful beings, you can use it in the sect leader assessment."

When Ye Feng heard what the young master of the Demon Emperor Palace said, he nodded slightly and asked: "When can the sect master's assessment begin?"

The young master of the Demon King's Palace said: "The ten-year sect master examination is still nearly a year away. By then, I estimate that not only will young geniuses like me participate in the sect master examination, but there will also be some elders from the Great Demon God Sect. Seniors of the same level, and even the masters of the Demonic Temple, may participate in this assessment to compete for the position of sect master."

"What?"

Hearing what the young master of the Demon Emperor Palace said, Ye Feng's eyes suddenly showed a look of astonishment, and he said loudly: "I didn't expect that such an old and powerful person would take part in the severe assessment. It seems that we are under a lot of pressure."

The Young Master of the Demon King Palace nodded and said loudly: "So there is still more than a year left. Ninth Young Master, you must grow as fast as possible and become stronger, truly comparable to those older people and big shots, in order to be able to help I won this sect master assessment. Of course, you don't need to be too stressed, because we also have many powerful elders in the Demon Emperor's Palace. Before, I took the dozen or so elders and experts from the Demon Emperor's Palace with them, and they were all very loyal. As for me, he will help me participate in the sect master examination when the time comes. In addition, my father, the master of the Demon Emperor Palace, will also follow me and help me. "

"Um?"

When Ye Feng heard what the young master of the Demon Emperor Palace said, a look of surprise appeared in his eyes, and he said loudly: "Why doesn't a big shot like your father compete for the position of the sect leader himself?"

The young master of the Demon King Palace smiled and said: "My father is old and doesn't want to be the sect leader anymore. Otherwise, there will be many things and he will be troubled. So I want to become the future sect master of the Great Demon God Sect. He will naturally help me." I, if I can successfully become the sect leader, he, as my father, will also get huge benefits, and he will not have to deal with the various matters of the sect leader position. After all, after becoming the sect leader of the Great Demon God Sect, he will enjoy more than just There is only fame and power, as well as countless trivial matters of the sect, but I like this life."

Hearing what the young master of the Demon Emperor's Palace said, Ye Feng nodded slightly, smiled and said: "There is still nearly a year left, I will try my best to grow up to a level that is comparable to those of the elders, but there are I would also like to remind you, Young Master of the Demon Emperor's Palace, that you must not forget our previous agreement. Don't be unwilling to cooperate with me to obtain half of the wealth in the Great Demon God Sect's treasury after you become the sect master. "

When the young master of the Demon Emperor Palace heard what Ye Feng said, he immediately shook his head and said loudly: "A gentleman promises a thousand pieces of gold, and I will definitely not break his promise. Otherwise, wouldn't you take revenge on me? I don't dare to provoke you like this. A super genius with terrifying potential, otherwise, even if I become the leader of the Great Demon God Sect, I may never have peace again. "

"Hahaha!"

Hearing what the young master of the Demon Emperor's Palace said, Ye Feng immediately burst out laughing, feeling in his heart that the young master of the Demon Emperor's Palace was very knowledgeable and self-aware.

At this moment, Ye Feng just smiled and patted the young master of the Demon Emperor Palace on the shoulder, and said aloud: "Although the pressure of the sect master's assessment is huge, we face many and very powerful opponents, but there are still nearly more than a year. Time, as long as I get enough opportunities within this year or so, my strength will definitely be strengthened like never before."

Hearing what Ye Feng said, the young master of the Demon Emperor Palace nodded and said: "In the past year or so, I will try my best to search for all possible places of opportunity and fortune around me, and inform you, the ninth young master, of the information. "

"good."

Ye Feng nodded.

At this time, the young master of the Demon Emperor's Palace seemed to have thought of something, and suddenly said: "By the way, tonight in the area where the spheres of influence of our two giants, the Great Demon God Sect and the Immortal Immortal Sect, meet, there is a city called "Heavenly Weapon City". "There will be a huge auction in the city. Originally, I planned to take a few senior experts to buy some good things, but I think you, Ninth Young Master, will also be very interested."

When Ye Feng heard what the young master of the Demon Emperor Palace said, his eyes suddenly revealed a look of interest, and he said loudly: "Since it is a grand auction held at the intersection of two giants, then people from all three religions and nine streams must be there. , there will definitely be countless rare treasures emerging, I am naturally very interested in this, and when I explored various ancient ruins before, I also gained a lot of wealth, many high-level inheritances and weapons, I don't have much use for it myself, but I might be able to get a good price during the auction, and then I can exchange it for the training resources I need."

Hearing what Ye Feng said, the young master of the Demon Emperor Palace immediately smiled and nodded, and said loudly: "Okay, let's leave immediately and go to Tianbing City."
