

Ancient 5341

Chapter 5341 Heavenly Soldier City

Tianbing City, this is a human city located in the primeval forest.

The dangers in the primeval forest are huge, and there are wild beasts roaming around, but this city still stands here, safe and sound.

Mainly because this city is located at the junction of the Great Demon God Sect and the Immortal Immortal Sect, so it can always receive support from the powerful human beings of the two giant forces, the Great Demon God Sect and the Immortal Immortal Sect, so it has been standing in the primeval forest until today.

Moreover, this Heavenly Weapon City is a very chaotic city, with all kinds of forces from the entire southern region of Heaven gathered together, a mixture of fish and dragons.

Moreover, strong men and big figures in giant forces such as the Great Demon God Sect and the Immortal Immortal Sect would sometimes hide their identities and come to Tianbing City just to get something they couldn't get in their respective sects.

For example, hiring assassins to kill people, or participating in some auctions to auction some prohibited items in their respective sects. .

That's why Tianbing City was preserved, because it was related to the interests of many big shots, and it was also the paradise of many small and medium-sized sects.

Because in Tianbing City, as long as you have money, you are a boss and can get all kinds of good things.

Moreover, all kinds of prohibited treasures that circulate here all year round can be obtained here.

For example, some killer organizations killed a well-known and upright strong man. The wealth of this well-known and upright strong man was in ordinary places, and people did not dare to accept it and put it up for auction.

But in Tianbing City, everything can be put up for auction openly, because this is a chaotic place with no rules. No one will raise an army to ask for guilt. Even if an army is raised to ask for guilt, no one can be found.

At this moment, on the avenue outside Tianbing City, a group of people were slowly approaching.

It was Ye Feng, the young master of the Demon Emperor's Palace, and the dozen or so powerful elders brought by the young master of the Demon Emperor's Palace.

This time they came all the way from the Great Demon God Sect to the Heavenly Weapon City area just to participate in the annual year-end auction in the Heavenly Weapon City.

Usually, there are many small auctions in Tianbing City, but at most, some small sects and some people from three religions and nine tiers will participate in such small auctions. Really powerful people from big forces are not interested.

What really interests members of giant forces like the Great Demon Sect and Immortal Immortal Sect is the annual year-end auction.

Because during the annual auction, countless rare treasures will emerge throughout Tianbing City, and sometimes some unique secrets can be found.

Therefore, even strong men from giant forces will be very interested in coming here.

At this time, the young master of the Demon Emperor's Palace looked at the majestic ancient city in front of him, and immediately said with a smile: "That is the Heavenly Weapon City."

Ye Feng also looked forward at this moment, and immediately saw a city completely made of black steel, appearing in the distant field of vision, standing on the earth, as if an ancient beast was lying there, giving There is a majestic and terrifying desolate atmosphere.

At this time, Ye Feng sensed it a little, and immediately couldn't help but said in surprise: "This Tianbing City looks like a very small frontier city, but its momentum is very extraordinary, and I can feel this city There are many super strong people among them, some of them are even comparable to the top masters among giant forces like our Great Demon God Sect."

The young master of the Demon Emperor Palace nodded immediately and said loudly: "This Heavenly Weapon City is not an ordinary border city. It is a city where countless forces gather here. This city has a special role for the entire southern region of the heaven. So we have been standing tall in this primeval forest. This time we came here, hoping to be lucky and get good things in the auction, but this annual auction is the busiest in the entire Tianbing City. At that time, I am afraid that many super powerful people will come here, whether it is our Great Demon Sect or the Immortal Sect of Immortality, or even the most mysterious giant force killer alliance among the three giant forces in the southern region of our heaven, I am afraid that there will also be members coming here to participate. This time the auction."

After the young master of the Demon Emperor Palace finished speaking, an older man beside him couldn't help laughing and said: "You two young masters, this annual auction in Tianbing City is not just about the numerous auctions in the southern region of our heaven." Forces are coming to participate, and I am afraid that some big forces from the most glorious Eastern China in our world will also come here."

Hearing what the elders and powerful men beside them said, Ye Feng and the young master of the Demon Emperor's Palace couldn't help but have a look of surprise in their eyes. They seemed not to have thought that the most mysterious and glorious eastern region in the heaven and earth is also known as There are actually people from Eastern China coming to participate in this auction.

It seems that this is really an unparalleled event, and there must be good things. Ye Feng is looking forward to it even more.

After all, Ye Feng knows very well that sometimes by exploring the chance fortunes in some ancient ruins, you may not necessarily be able to find some good cultivation resources.

On the contrary, in this kind of auction conference, the products that can be presented for auction are very precious.

If you are rich enough, you can definitely get good things.

At this time, Ye Feng did not hesitate at all, his eyes showed deep anticipation, and he and everyone quickly flew towards the Tianbing City in front.

When Ye Feng came to Tianbing City, he saw that many other super strong people were surrounding him from all directions and entered Tianbing City.

Moreover, many powerful people who came to Tianbing City were all wrapped in black robes, and their faces could not be seen clearly. They should be special members from the major mysterious forces, but they were unwilling to reveal their true faces for fear of being exposed by others. Recognizing it will only cause more trouble.

However, Ye Feng and the young master of the Demon Emperor's Palace did not wear black robes to cover their whole bodies, because they were not too well-known figures and there was no need to hide their identities.

At this time, the young master of the Demon Emperor's Palace led a group of more than a dozen elders from the Demon Emperor's Palace, as well as Ye Feng, into the Heavenly Weapon City.

The entire city is very vast and vast, with countless roads and many towering buildings around it. It looks very majestic and gives people a feeling of extreme splendor and prosperity.

The young master of the Demon Emperor Palace smiled and said: "I have sent someone to book the most luxurious inn in Tianbing City in advance. We can just go there and live there. This annual grand auction will cost a total of It will last three full days and we need to stay here for a few nights."

Ye Feng nodded slightly when he heard what the young master of the Demon Emperor Palace said.

The young master of the Demon Emperor's Palace is a powerful genius of the Great Demon God Sect and has a noble status. Naturally, he can come to a place like Tianbing City where every inch of land is precious and stay in the most luxurious inn.

As for other members of ordinary forces, or ordinary practitioners among big forces, they can only temporarily sleep rough in some relatively low-end inns or on the streets.

And just as Ye Feng followed the young master of the Demon Emperor's Palace and a group of more than a dozen elders of the Demon Emperor's Palace towards the most luxurious inn, Ye Feng suddenly saw a familiar figure.

It was a beautiful young woman wearing a silver robe, with a noble aura and elegant temperament, but there was an incompatible loneliness in her beautiful eyes.

When Ye Feng saw this woman, there was a look of surprise in his eyes.

Because this person turned out to be the mysterious woman from the Immortal Sect, Su Xin, whom he had met in the low-level interface before.

She seems to be a temple disciple of the Frozen Temple among the five temples of the Immortal Sect, and she and Ye Feng have established a deep friendship in the low-level interface.

Ye Feng's first thought before coming to the heaven was to enter the Immortal Sect and find his friend from back then.

But in the end, something went wrong and he was temporarily practicing in the Great Demon God Sect.

Ye Feng didn't expect to meet Su Xin here.

At this moment, Ye Feng saw that Su Xin seemed to be in some trouble.

She was blocked by several men with sinister auras.

After all, there is always chaos in Tianbing City, and it is normal to encounter people who block the way and rob.

Chapter 5342: Seeing Injustice

At this time, Ye Feng saw his former friend Su Xin being blocked by several ferocious wandering warriors, and immediately walked quickly in that direction.

"Huh?"

Seeing this scene, the young master of the Demon Emperor Palace showed a look of surprise in his eyes, and also led a dozen old masters of the Demon Emperor Palace to follow Ye Feng.

After all, Ye Feng is now the most critical person in the mind of the young master of the Demon Emperor Palace.

So no matter what Ye Feng wants to do now, the young master of the Demon Emperor Palace will naturally follow Ye Feng.

At this time, seeing Ye Feng approaching Su Xin, the ferocious wandering warriors immediately smiled coldly, stared at Ye Feng, and said: "Boy, it seems that you want to be a hero and save the beauty, but you are too young and your cultivation strength must be very weak. If you don't want to die, get out of here and don't get in our way."

Ye Feng smiled faintly at this time and said: "This woman is my friend. You want to block her way and rob her wealth. I will naturally not stand by and watch her die."

Hearing what Ye Feng said, these ferocious wandering warriors immediately laughed and said: "Boy, you are too arrogant, then we will rob you too!"

At this moment, Su Xin, who was standing next to Ye Feng, showed a look of surprise on her beautiful face. It seemed that she didn't expect that the boy who came out of nowhere in front of her would choose to rescue her.

You know, Ye Feng is still pretending to be the ninth young master of the Demon King Hall of the Great Demon God Sect. His appearance and cultivation are all the same as the ninth young master of the Great Demon God Sect, so Su Xin didn't recognize that the boy who wanted to help her was the boy she met in the low-level interface.

At this time, Ye Feng smiled slightly, looked at Su Xin, and said, "I'll explain it to you later."

After that, Ye Feng walked slowly and quickly towards the ferocious wandering warriors in front of him.

At this moment, Su Xin was a little worried that Ye Feng's strength was not enough, and immediately couldn't help but say: "Young man, I appreciate your kindness, but you don't have to risk your life for me."

Ye Feng immediately laughed and said: "It's nothing to risk your life to deal with a few small characters."

"What?"

Hearing what Ye Feng said, the fierce wandering warriors immediately roared angrily and said: "Boy, you are too arrogant. Today, let us teach you a lesson. Young people who don't know the height of the world, let you know that in this chaotic Tianbing City, when you meet us, the Tianyun Three Evils, you must remember to lower your head and behave yourself."

After that, the three fierce wandering warriors immediately burst out their own cultivation aura.

Their cultivation aura was the great perfection of the tenth level of the Shenzhao Realm, which was much stronger than Ye Feng's current Shenzhao Realm three levels.

It must be said that this Tianbing City is worthy of being a gathering place for people from all walks of life. Even a group of wandering warriors have such strong cultivation strength.

No wonder this Tianbing City can stand until today. Not only is it supported by the two giant forces of the Great Demon God Sect and the Changsheng Immortal Sect, but more importantly, there are a group of very powerful beings in Tianbing City itself, who may live here all year round.

So even the wild beasts in the primeval forest dare not easily invade Tianbing City, a special city, because there are too many powerful human beings hidden in it.

At this time, Ye Feng did not hesitate at all. Seeing these three wandering warriors take action, he was too lazy to move. He stood there and displayed the true body of the demon god he had cultivated before.

This is a very powerful inheritance of the Great Demon God Sect.

Buzz!

After Ye Feng performed the spell, a demon god's true body, tens of thousands of meters long, immediately condensed in the void behind him. He stretched out two pairs of black hands that covered the sky and the sun, and covered the front. In an instant, the three so-called powerful wandering warriors were instantly blasted and flew backwards.

"Ah!"

"Ah!"

"Ah!"

The three screamed and spit out blood.

One of the wandering warriors couldn't help but said in horror: "What? This is the peerless inheritance of the Great Demon God Sect? Only the most noble existence in the Great Demon God Sect can cultivate the demon god's true body. Who is this boy?!"

At this moment, the three wandering warriors knew that they had offended the wrong person, and they immediately fled madly.

But Ye Feng stood still, the demon god's true body behind him stretched out a black hand, covering the sky and the sun, and in an instant, it was like a dark cloud, covering the whole world, and caught the three wandering warriors who were trying to escape in his hands, and then crushed them on the spot, turning them into a blood mist, which was directly swallowed and absorbed by Ye Feng, but it only strengthened some of his skills, but his cultivation did not break through, after all, these three people were too weak and provided too little energy.

At this time, Su Xin, who was standing next to Ye Feng, a disciple of the Temple of Changsheng Xianmen, could not help but be shocked to the extreme.

Because even if Su Xin was a disciple of the Temple of Changsheng Xianmen, it would be impossible for him to defeat these three ferocious wandering warriors so easily.

Unexpectedly, these three extremely powerful wandering warriors were as fragile as ants in front of Ye Feng.

Ye Feng didn't even make a move, and was instantly crushed to pieces by the demon god's true body that Ye Feng had cultivated. It was really incredible.

This kind of strength is so terrifying that even Su Xin is shocked.

At this time, Su Xin also understood that the young man in black clothes in front of her came from another giant, powerful force, the Great Demon God Sect.

But Su Xin has never heard of such a person. After all, as a temple disciple of the Immortal Sect, Su Xin is very familiar with the peerless genius in another giant force in the southern region of the heaven, but she has never heard of it. The name of the young man in black in front of me.

At this time, the young master of the Demon Emperor's Palace came over and couldn't help but smile and said: "The ninth young master is indeed very elegant. This scene is really about a hero saving a beauty."

When he said this, the young master of the Demon Emperor's Palace looked at Su Xin, couldn't help but smile and said: "Let me introduce you first, I am the young master of the Demon Emperor's Palace, and the one who saved you is Our Ninth Young Master of the Demon King's Palace is currently the top super genius of our Great Demon God Sect. Since he saved you, should you invite us to the inn not far away for a drink and thank you?"

At this moment, the young master of the Demon Emperor's Palace thought that Ye Feng was in love with this beautiful woman Su Xin, so he came to help. Naturally, he said such words beside him to help Ye Feng pursue this beautiful woman Su Xin. woman.

After hearing what the young master of the Demon Emperor's Palace said, Su Xin's expression suddenly changed and she became a little nervous.

Because Su Xin suddenly understood at this time that the group of people in front of her were all from the Great Demon God Sect, and they were also noble beings at the young master level of the Great Demon God Sect. No wonder they were so powerful.

However, the relationship between the Immortal Immortal Sect and the Great Demon God Sect has never been very good, and frictions often occur where the disciples fight with each other.

So Su Xin didn't know what to do for a while.

You know, when Su Xin was in the low-level interface before, she acted very aloof and aloof, just like a senior.

But now Ye Feng has grown into a very powerful being, and his status is also very noble, so when Su Xin faced Ye Feng like this again, she naturally became as nervous as a new female disciple, not knowing what to do. good.

Because she definitely wouldn't dare to go to the inn to eat with these noble figures among the Great Demon Gods. Not only is this related to the reputation of the Immortal Sect, but she also feels that these people are not good people, and they may forcefully do something against her. Think about it.

But at this time, Ye Feng suddenly smiled and said: "Forget it, let's go back to the inn that you booked, Young Master of the Demon Emperor's Palace. I just saw an injustice on the road and drew my sword to help."

After saying that, under Su Xin's very surprised gaze, Ye Feng walked directly in a certain direction in the distance.

The young master of the Demon Emperor's Palace was a little confused when he saw Ye Feng's actions, but he didn't say anything more. Instead, he followed Ye Feng with a group of elders from the Demon Emperor's Palace.

"Um?"

At this moment, seeing Ye Feng leaving so gracefully and not forcing herself to do anything, Su Xin stared at Ye Feng's back with confusion and surprise in her eyes. She didn't know why the other party took action for no reason. He helped himself and left without asking for anything.

After all, Su Xin originally thought that she might have to make some sacrifices to satisfy the other party.

But I didn't expect the other party to leave so coolly.

This was something Su Xin never expected.

She stared at Ye Feng's back, always feeling that this figure seemed familiar, but she didn't know where the familiarity lay.

Chapter 5343 A weak person

At this time, the young master of the Demon Emperor Palace walked beside Ye Feng, with a puzzled look in his eyes, not understanding why Ye Feng would suddenly save a stranger.

However, the young master of the Demon Emperor Palace did not say much. After all, this was Ye Feng's own private matter, and he did not ask too much.

The young master of the Demon Emperor Palace brought Ye Feng and a group of old and powerful people from the Demon Emperor Palace, and soon came to the inn he had booked.

At this time, the young master of the Demon Emperor Palace took everyone and directly checked into this very high-end inn.

Ye Feng was also assigned a separate room.

At night.

Ye Feng was about to fall asleep and rest for a while.

But suddenly at this moment.

"Hey!"

In the silent night of Tianbing City, a loud roar suddenly sounded: "Which thief dared to break into my Tianbing City fair to steal treasures? It is really unforgivable, surrender quickly."

"Boom!"

Along with this roar, a huge roar sounded immediately.

The next moment, Ye Feng's eyes moved, and he immediately activated the Eye of Heaven and Earth, saw through the wall of his inn, and looked outside.

In the dark Tianbing City, a black-clothed figure was fleeing quickly, and behind him were several super masters from the Tianbing City auction, chasing this black-clothed figure.

Ye Feng didn't think it was strange to see this scene. After all, Tianbing City was originally a very chaotic place, and roadblocks and robberies could happen at any time, not to mention that there

were very powerful masters who lurked in the auction to steal treasures, which was also a very normal thing.

Ye Feng felt that it would be better for him not to intervene in such matters. After all, Ye Feng sensed the cultivation strength of these super masters, which was six or seven realms higher than his own.

It must be said that Tianbing City is indeed a place where dragons and crouching tigers are hidden. Although his strength is now very strong, if he intervenes rashly, it may cause huge disasters.

At this moment, Ye Feng was preparing to continue to rest and ignore other people's affairs.

But suddenly at this moment, Ye Feng's Eye of Heaven and Earth saw through something special.

"Hmm?"

Ye Feng suddenly saw that the man in black that the super powers in the auction were chasing was not alone. There was another man in black who seemed to have suffered a serious injury and was lurking in a deep void.

The super powers in the auction did not find the seriously injured man in black, but were chasing another one.

It is estimated that they did not know how many men in black there were tonight, and thought there was only one man in black, so all the main forces were chasing the man in black who was fleeing outside Tianbian City.

The second man in black hiding in the void seemed to have suffered a serious injury, and was carrying a very special thing wrapped in black cloth, hiding in the void.

This second man in black may have cultivated a special inheritance related to the void, so he can hide in the deep void.

Even super masters who are six or seven realms higher than Ye Feng cannot find the second man in black hiding in the deep void.

But Ye Feng is different.

Ye Feng's Eye of Heaven and Earth can see through all kinds of illusions between heaven and earth, so Ye Feng immediately discovered that the second man in black was in the void. His cultivation strength was also extraordinary, five or six realms higher than his own, but he was seriously injured. It is estimated that he was seriously injured in the huge noise just now.

At this moment, Ye Feng saw that no one had discovered the second man in black.

This made Ye Feng's eyes move slightly.

And Ye Feng also saw that the second man in black might be the real thief who stole the treasures in the auction.

Because the second man in black, who was hidden in the deep void, was holding something wrapped in black cloth in his arms, which might be the good stuff he just got from the auction.

And the fact that so many super masters in the auction came to chase him meant that the things stolen by these two thieves must be very unusual, otherwise, it would not cause such a big commotion.

Buzz!

Ye Feng's eyes moved at this time, and he also activated the power of the void and jumped into the deep void, tracking the second man in black who was hidden in the deep void.

Ye Feng saw that the second man in black was circling around and did not leave the city of Tianbing City, because her partner, the first man in black, had led all the super masters in the auction out of the city.

So the second black man was naturally very safe in the city.

Ye Feng saw that the second man in black was hiding in the deep void and came to a dark alley in the city.

There was no one here, and it was very quiet. No one found that the real thief was here with the real treasure.

At this moment, after the second man in black came to the alley, he first swallowed a healing pill, and then couldn't wait to tear open the black cloth in his arms.

The next moment, after the black cloth was torn open, it was indeed wrapped in a shrine that looked very precious.

The main body of this shrine is made of silver metal, and around the main body and in the corners, there are nine golden dragon sculptures. Each dragon looks vivid, just like a real one, and it seems that it can fly into the sky on the clouds at any time.

This Nine Dragon Shrine is definitely a priceless treasure. It is very likely to be an extremely precious finale auction item in the auction, and it seems to have a special magical use, so it was stolen by these two special thieves.

At this time, the seriously injured man in black looked at the Nine Dragon Shrine and was successfully stolen. Naturally, he was very happy. After confirming that there was no problem with the treasure, he was ready to leave here directly.

But suddenly at this moment, a voice that made the second man in black panic sounded: "Your Excellency is sneaking here, what are you doing?"

The moment the voice fell, Ye Feng's figure also appeared.

Ye Feng now naturally walked out of the void, wanting to see what the treasure stolen by the thief was.

At this moment, after Ye Feng's voice fell, the second man in black immediately turned around and looked at Ye Feng, and suddenly found that Ye Feng was very young, and his cultivation aura was five or six realms lower than hers.

"Fortunately, it's a weak person."

This made the second man in black immediately relieved.

Because even though she is seriously injured now, facing a weak person who is five or six realms lower than her, she feels that there is no threat at all and she can leave here at any time.

Chapter 5344 Nine Dragon Shrine

"Hurry up and get out of here."

The second man in black stared at Ye Feng and said coldly: "It seems that you have witnessed the process of us stealing the treasure, but this matter is not something you can participate in. If you haven't seen my real face, hurry up and get out of here, otherwise, don't blame me for being cruel."

When Ye Feng heard what the other party said, a look of surprise suddenly appeared in his eyes, and he said loudly: "I thought you would just take action and kill a troublesome person like me."

The second man in black immediately couldn't help but said: "I'm not a cruel person, and you haven't seen my true face and don't know me. Why should I kill you, an innocent person? Maybe you think I am a thief when I steal treasures and usually like to kill people and silence them. But let me tell you, my senior brother and I are not thieves. The president of the auction in Tianbing City is extremely cruel and has a blood feud with us. He killed me and my senior brother. The sect behind them was destroyed just to steal our sect's sect-protecting treasure, the Nine Dragons Shrine. So today we steal this treasure to get back what belongs to us. In the future, when my senior brother and I understand the Nine Dragons Shrine Among them, the powerful inheritance and secrets left by our master back then, after we become stronger, we will definitely avenge our entire sect and cut this vicious old guy, the president of Tianbing City Auction, into pieces!"

When he said this, the second man in black suddenly looked at Ye Feng and said coldly: "I have said so much just to let you know that we are not thieves, we are just seeking revenge. , take back what belongs to us, you young man, don't have a strong sense of justice, mind your own business, and get out of my way, otherwise don't blame me for taking action."

After saying that, the second man in black immediately turned around and prepared to leave with the treasure in his hand.

Uh-huh!

But suddenly at this moment, Ye Feng suddenly flashed in front of the second man in black, and suddenly lifted the veil from her face.

The next moment, a beautiful and cold woman's face came into Ye Feng's eyes.

"What are you doing?"

At this moment, the second man in black immediately said in shock and anger: "You dare to look at my appearance, don't you want to live?"

At this moment, after the beautiful and cold woman in black in front of me finished speaking, she seemed to have thought of something, and immediately couldn't help but said in shock: "You were able to lift my penis in an instant under my reaction. Veil? This means that you are faster than me and your perception is stronger than mine. How is this possible? Your cultivation is five or six levels lower than mine. How did you do it?"

At this time, the beautiful woman in black who had stolen the treasure suddenly realized that the seemingly ordinary young man in front of her was an extremely unfathomable existence that she, who was seriously injured, could not fight against.

At this time, Ye Feng smiled slightly and said: "How do I know if what you just said is a lie? Maybe what you just said was made up, and your purpose is to steal the money from the auction. I just want to get rich. In order to find out this, you must follow me now."

After finishing speaking, Ye Feng directly stretched out his hand, grabbed the mysterious and beautiful woman in black, and said loudly: "If what you said is true, don't worry, I won't hurt you, but in your hands I am quite interested in the Kowloon Shrine. Now that I have encountered it, I definitely want to borrow it to learn about it. Of course, I will definitely return it to you when I understand its secrets. "

The reason why Ye Feng said this at this moment was because the Emperor Chu in his mind had just spoken. Emperor Chu told Ye Feng that the energy fluctuations emitted by this beautifully carved Nine Dragon Shrine seemed to come from a higher spiritual dimension.

For Ye Feng, things that come from the advanced cultivation dimension are absolutely priceless treasures and have priceless benefits. Ye Feng naturally wants to explore and understand them carefully, and maybe they can make his strength stronger than ever before. improvement and enhancement.

At this time, the seriously injured beautiful woman in black was unable to stop Ye Feng's behavior. She was directly grabbed by Ye Feng's shoulders and locked her body's strength.

On the one hand, the beautiful woman in black was very shocked at why Ye Feng was so powerful, because Ye Feng's cultivation aura was five or six levels lower than hers. Even if she was seriously injured, it was impossible for Ye Feng to let her down. He caught her in an instant.

But on the other hand, this beautiful woman in black was also very angry. She didn't expect that halfway through the mission, she was almost successful. A mysterious guy like Ye Feng, with such a strong cultivation level, came out halfway.

At this moment, this beautiful woman in black stared at Ye Feng, who was clutching her beside her. Her beautiful eyes showed deep anger, and she said loudly: "You bad guy!"

When Ye Feng heard the beautiful woman in black next to him say this, he immediately couldn't help shaking his head and smiling, and said loudly: "I didn't kill anyone and directly snatch the Kowloon Shrine from your hands. Instead, I took you back to heal your wounds. Your The injury is very serious. If you don't pay attention to treatment, you will be a useless person. I can restore your injury, but I need to borrow the Kowloon Shrine in your hand to understand it. Is this a bad person?"

"shut up!"

Hearing what Ye Feng said, the beautiful woman in black immediately couldn't help but said angrily: "If you don't let me go now, when my senior brother comes back after distracting those super masters, he will find that I have not interacted with him. When he meets, he will definitely look for traces of me everywhere. My senior brother has not been seriously injured. His cultivation level is several realms stronger than mine. If he finds you and finds out that you have imprisoned me, he will definitely punish me severely. I'll teach you a lesson."

Hearing this black and beautiful woman threatening him, Ye Feng immediately laughed and said: "Then wait until he finds me, and maybe before he lures those masters away and comes back, I will already have the treasure in your hand. Now that I have understood the secret, I will release you and return the treasure to you, and then I will fly away and you will not be able to find me. "

"you....."

Hearing Ye Feng's rather rogue words, this beautiful woman in black couldn't help but stare blankly, not knowing what to say.

But she didn't believe that Ye Feng was really so kind. Just to understand the secret of the Kowloon Shrine in her hands, she would let her go. Maybe she would kill someone in the end, and even the beautiful woman in black would hate Ye Feng. There is a darker thought, that is, the reason why Ye Feng still keeps her alive may be because he has other plans for her, and he wants to force her back to his residence and perform some special behavior.

Thinking about it in her mind, the beautiful woman in black immediately became extremely frightened. She couldn't help but her tone became panicked, and she said aloud: "What on earth do you want to do to me?"

When Ye Feng heard the frightened question from the beautiful woman in black, he seemed to have guessed what she was thinking. He immediately couldn't help but smile hoarsely, and then said aloud: "Don't worry, I only care about the Kowloon you stole." I'm interested in the shrine, but not in you personally."

"you.....!"

Hearing such direct words from Ye Feng, the beautiful woman in black felt ashamed and angry. She couldn't help but said, "Am I not beautiful?"

"Forehead....."

At this moment, Ye Feng was stunned when he heard the beautiful woman in black ask such a question. He didn't expect that this woman had such a strange desire to win.

Ye Feng couldn't help but smile and stare at the beautiful woman beside him, and said loudly: "If you ask this, do you hope that I have some personal plans for you?"

Hearing what Ye Feng said and looking at the other party's deep eyes, the woman in black immediately showed a trace of panic in her beautiful eyes, and quickly closed her mouth, not daring to say anything more.

Chapter 5345 Nine Dragon God

Next, the woman in black was taken by Ye Feng to a separate room in the inn where Ye Feng lived.

At this moment, what worried the beautiful woman in black did not happen. Ye Feng just focused very carefully on taking the Kowloon Shrine from the beautiful woman in black, and then began to release his soul power and directly participate in it. Enlightenment.

According to what Emperor Chu said in his mind, this Nine Dragons Shrine may contain inheritance from a higher cultivation dimension, so Ye Feng naturally wanted to obtain this inheritance.

As for the Nine Dragon Shrine itself, although it is also a pretty powerful magic weapon, it is nothing compared to the various magic weapons in Ye Feng's hands.

Therefore, Ye Feng is not very interested in the Nine Dragons Shrine itself. The only thing Ye Feng is interested in is the secrets contained in the Nine Dragons Shrine.

At this moment, looking at Ye Feng who was concentrating on studying the Nine Dragons Shrine, the beautiful woman in black standing aside also had a look of surprise in her eyes, and couldn't help but said: "This Nine Dragons Shrine is the most important one in our sect. Even our master did not understand the secret of the sect-suppressing magic weapon back then. If you want to understand it in a short period of time, it is absolutely impossible. I advise you to give up, or you can Join our sect directly, and when my senior brother and I successfully understand the secrets in the Nine Dragons Shrine, we can teach them to you directly. Of course, the premise is that you will help us deal with the behemoth auction house in Tianbing City. "

At this moment, the beautiful woman in black saw Ye Feng's extraordinary methods and super fighting power, and she actually wanted to win over Ye Feng and wanted to win Ye Feng into their sect.

But she had no idea what kind of existence Ye Feng was.

Ye Feng suddenly opened his eyes at this time, just smiled faintly, and said aloud: "I don't have much interest in joining a sect that has been destroyed, and I said, the only thing I am interested in is this Kowloon The secrets stored in the shrine, now that I have obtained them, you can leave."

After saying that, under the astonished gaze of the beautiful woman in black, Ye Feng threw the Kowloon Shrine into her hands as if it were trash.

"What?"

Hearing what Ye Feng said at this moment, this beautiful woman in black was naturally shocked to the extreme. She couldn't help but stare at Ye Feng in disbelief and said loudly: "My master has been studying enlightenment all his life, but he has never participated in it." After realizing the secrets in the Kowloon Shrine, my senior brother and I were even prepared to spend decades to comprehend the secrets. How could you possibly comprehend the secrets in the Kowloon Shrine in just a few minutes? You must be bluffing me, right?"

When Ye Feng heard what the beautiful woman in black said, he didn't bother to explain anything. He immediately smiled and said, "Believe it or not, no matter what, you can leave now. Oh, by the way, I promise to repay you." , that is to treat your injury."

Uh-huh!

After saying that, Ye Feng stretched out his hand, and a piece of clear spring water immediately emerged from his palm, exuding fluctuations of vitality.

Ye Feng said aloud: "Hurry up and grab a bottle and put some in it. It will help your injury return to normal."

Hearing what Ye Feng said, the beautiful woman in black stared at the clear spring water in Ye Feng's hand, and couldn't help but said in horror: "Is this the legendary spring water of life? Such a strong life fluctuation is definitely a legend The fountain of life! What kind of existence are you? How can you have so many means?"

At this moment, the woman in black was very shocked, but she was not idle. She quickly took out a glass bottle from her storage ring and put the life spring water released by Ye Feng into it. Her beautiful face Full of shock.

This was the first time she met such a magical person.

At this time, this beautiful woman in black was very shocked and very curious about what kind of existence Ye Feng was.

But at this time, Ye Feng issued an eviction order and said: "Since our transaction has been completed, please leave my residence as soon as possible."

Hearing what Ye Feng said, a hint of complexity appeared in the beautiful eyes of the beautiful woman in black. She seemed to want to say something, but in the end she did not say it. Instead, she nodded lightly and jumped up. , jumped out from the window of Ye Feng's room, blended into the night outside the city, and disappeared.

At this moment, Ye Feng looked at the other person's leaving figure, with a slight smile of satisfaction in his eyes.

Because Ye Feng just got a huge secret from the Nine Dragon Shrine.

This Kowloon Shrine not only contains a set of peerless inheritance, but also contains a huge secret.

This secret is a map that guides the cave of a super powerful man in the heaven, the Nine Dragon God.

This Nine-Dragon God, who was one of the top superpowers in the heaven, finally transcended the heavenly realm and successfully ascended to the world of higher cultivation dimensions, leaving behind his legacy and cave.

The map that guides his inheritance and the cave is in this Nine Dragons Shrine.

This big secret is even more valuable than the inheritance Ye Feng got from this Nine Dragons Shrine.

At this moment, Ye Feng decided to look for the cave of the Nine Dragon God after the auction in Tianbing City ended.

If he could obtain the inheritance and wealth of an ancient great figure in the heaven like the Nine Dragon God, then his own strength would change dramatically.

At that time, Ye Feng would not need to be afraid of even those old-generation masters in the Great Demon God Sect.

After all, although Ye Feng helped the young master of the Demon Emperor Palace to compete for the sect master assessment more than a year later, he was still a little unsure in his heart.

After all, the sect master assessment will not only have the participation of super talents of the younger generation, but even the hall master of the Demon God Palace and some old-generation great figures such as the Supreme Elders may participate in the election for the position of sect master.

Therefore, if Ye Feng wants to grow to the level of the old-generation figures and great figures in such a giant force in just one year, he must get unparalleled opportunities and fortune within this year to become as powerful as those old-generation figures.

Therefore, the cave of the Nine Dragon God is just like a pillow for Ye Feng, which solves Ye Feng's current urgent needs.

Chapter 5346: Saint Lady Cold as Frost

However, Ye Feng knew very well that this Nine Dragons God was one of the most powerful people in the heavens back then, and he had even ascended to the outer world of the higher cultivation dimension. His cave must be extremely dangerous.

Because the Nine Dragons God could not let outsiders inherit his legacy so easily.

However, Ye Feng must go to investigate. After all, this is no less than a great opportunity given by heaven for Ye Feng, and Ye Feng will naturally not miss it.

At this moment, after thinking about it, Ye Feng continued to comprehend the extremely powerful and peerless inheritance he got from the Nine Dragon Shrine.

This set of inheritance is called the Nine Dragons True God Art, which is a peerless inheritance created by the Nine Dragons God himself back then, and it is very powerful.

Ye Feng immediately understood at this time. It seems that the sect where the beautiful woman in black and her senior brother are just now is probably really inherited from the Nine Dragons God back then, and it is very likely a sect inheritance left by the Nine Dragons God in the secular world.

Fortunately, Ye Feng successfully obtained the secret hidden in the Nine Dragon Shrine, which guided the final cave of the Nine Dragon God.

At this moment, Ye Feng fell into a deep level of comprehension, striving to successfully comprehend this set of Nine Dragon True God Art, which would definitely greatly increase his cultivation strength.

After all, this set of inheritance came from the Nine Dragon God, so it was naturally powerful and could greatly enhance the combat effectiveness of practitioners.

...

Time passed quickly, like flowing water without a trace.

In a blink of an eye, a night had passed.

Ye Feng also successfully comprehended this set of Nine Dragon True God Art.

Once this set of inheritance was successfully cultivated, Ye Feng could condense the true bodies of nine ancient dragons behind him, which had a very terrifying power.

Moreover, Ye Feng also creatively integrated the Nine Dragon True God Art with the true body of the demon god he cultivated, allowing the nine dragons to assist the true body of the demon god in fighting, which was a very creative thinking and means.

At this time, Ye Feng did not hesitate at all, looked outside the sky, and found that it was dawn.

Ye Feng walked out of his room and immediately saw that the young master of the Demon Emperor Palace and a group of more than a dozen old masters of the Demon Emperor Palace were already eating breakfast on the first floor of the inn.

Ye Feng walked down, and the young master of the Demon Emperor Palace immediately smiled and said, "Young Master Nine, hurry up and have some breakfast. The food in this inn is all of high-end quality. They are all wild ingredients picked from the deep mountains and old forests, and the flesh and blood of various wild beasts hunted in the primeval forest by the super masters in the inn are cooked by special means. Eating it is extremely beneficial to the increase of blood and qi of practitioners."

Ye Feng smiled and nodded, walked to the dining table on the first floor of the inn and sat down, casually picked up a fried scorpion tail of a dragon blood giant scorpion from the plate, and started eating.

The young master of the Demon Emperor Palace said, "Did the ninth young master hear any noise last night?"

Ye Feng's eyes flashed, and he nodded and said, "Of course I noticed something was going on. It seems that a thief stole some treasures from the auction in Tianbing City, so he was hunted down at night."

The young master of the Demon Emperor Palace nodded, and his eyes also revealed a trace of emotion. He said, "Even if it was me, I wouldn't dare to sneak into the treasure house of the Tianbing City auction to steal treasures easily. I don't know who that black-clothed thief is. He was so bold that he dared to steal treasures from the Tianbing City auction directly. You know, the Tianbing City auction is very powerful. It is rumored that the Tianbing City auction is very powerful. The backer of the auction in Tianbing City seems to be a super big shot in the Changsheng Immortal Sect, so no one has dared to mess with this auction, but unexpectedly, a thief dared to steal the treasures in the auction last night. "

Ye Feng asked curiously: "I wonder if the masters of the auction in Tianbing City caught the thief?"

The young master of the Demon Emperor Palace shook his head and said, "I don't know about this. I guess he didn't catch him, otherwise he would have announced it to the public this morning."

Ye Feng nodded slightly when he heard the young master of the Demon Emperor Palace say this, and didn't want to say much about this. After all, the secrets and inheritance in the treasure Nine Dragon Shrine had been obtained by Ye Feng.

At this moment, while everyone was chatting, two beautiful figures suddenly walked into the inn.

One of them was Su Xin, a friend Ye Feng had known before.

And Su Xin was very respectful at this moment, following a beautiful young woman in a light blue dress.

This beautiful woman in a light blue dress has a very cold and aloof temperament, just like a lonely moon hanging high in the sky, out of reach of ordinary people. Obviously, she is of a very noble status and an important figure in the Immortal Sect of Immortality. Otherwise, it is impossible that even Su Xin, a disciple of the Holy Temple, would follow this beautiful young woman in a blue dress very respectfully.

At this moment, Su Xin saw Ye Feng who was eating breakfast in the inn at first sight, and immediately said something to the beautiful young woman in a blue dress next to him.

Then, the two beauties immediately walked towards the table where Ye Feng and the young master of the Demon Emperor Palace were sitting.

At this moment, Su Xin walked up to Ye Feng, with a hint of gratitude on her beautiful face, and said loudly: "It turns out that the one who saved me yesterday was the famous Ninth Master of the Demon King Hall of the Great Demon God Sect. No wonder He has such a strong strength at such a young age. I have heard that the ninth young master of the Demon King's Palace is a hot new type of genius in the Great Demon God Sect. He has suddenly emerged and is very powerful. Even the young master of the Demon King's Palace is Defeated at the hands of the Ninth Young Master of the Demon King's Palace."

When Ye Feng heard what Su Xin said, he immediately couldn't help but smile and looked at the young master of the Demon Emperor's Palace beside him, and said loudly: "Miss Su Xin actually mentioned you."

"What? The person next to you is the young master of the Demon Emperor's Palace?"

At this moment, Su Xin immediately showed a hint of embarrassment in her eyes, clasped her fists and said loudly: "Your Excellency, Young Master of the Demon Emperor's Palace, I didn't mean it."

At this moment, the Young Master of the Demon Emperor Palace laughed loudly and said: "It doesn't matter, it doesn't matter. For a peerless genius like the Ninth Young Master, it's not surprising that I lost at his hands. I accept it calmly." "

"Um?"

Su Xin was very surprised to see that the young master of the Demon King's Hall was so polite to Ye Feng, the ninth young master of the Demon King's Hall.

At this time, the mysterious young woman in a blue dress standing next to Su Xin suddenly spoke out: "The Ninth Young Master of the Demon King's Palace, since you took the initiative and saved my good sister Su Xin, then I must repay this kindness, otherwise, it would mean that our Immortal Sect does not know how to repay kindness. "

After finishing speaking, this mysterious young woman in a blue dress suddenly took out a fist-sized bead emitting blue light from her storage ring, handed it to Ye Feng, and said Said: "This is the frozen holy bead that our Immortal Sect's Frozen Temple has been able to condense for ten years. It is a rare stone bred from the holy pool of our Frozen Temple. It contains the most extreme ice-frozen bead." Energy is of great benefit to practitioners."

At this time, Su Xin quickly introduced her and said: "This is the saint of the Frozen Temple, one of the five temples of our Immortal Sect, called Leng Rushuang."

"It turns out to be the saint of the Frozen Temple."

At this moment, even the young master of the Demon Emperor's Palace couldn't help but stand up and slightly arched his hands.

After all, the five major temples of the Immortal Sect are the most noble institutions, and Leng Rushuang, as the saint of the Frozen Temple, is definitely one of the most noble beings among the younger generation. Naturally, the young master of the Demon Emperor Palace is Quite polite.

Ye Feng also stood up at this moment. Without any pretense, he took the Frozen Holy Bead from Leng Rushuang's hand and said with a smile: "Thank you to the Saint of the Frozen Temple."

For Ye Feng, this Frozen Holy Bead, which contains the ultimate ice energy, is indeed a good thing.

Chapter 5347 Killer Alliance

At this time, Ye Feng looked at the saint of the Frozen Temple of the Immortal Immortal Sect brought in front of him by Su Xin, and immediately smiled and said: "Anyway, thank you saint for giving me this gift, this gift I am very satisfied."

Hearing what Ye Feng said, Leng Rushuang, the saint of the Frozen Temple, suddenly showed a beautiful and heart-warming smile on her beautiful and cold face, and said aloud: "Why did the Ninth Young Master of the Demon King's Palace suddenly... Su Xin, the temple disciple who saved our frozen temple, logically speaking, there has never been any relationship between you, and to be

honest, our two giants have always been in a competitive relationship, and there are many discords among the disciples. ”

When Ye Feng heard this, he couldn't help but smile and said, "Isn't it normal to draw your sword to help when you see an injustice on the road?"

"Um?"

Hearing what Ye Feng said, Leng Rushuang suddenly showed a rather solemn look on his face. He couldn't help but cupped his hands and said loudly: "It seems that my previous stereotype of the Great Demon God Sect is indeed a bit... After solidifying, I feel that the Great Demon God Sect is a group of selfish people. I didn't expect that the Ninth Young Master of the Demon King's Palace would be so righteous and have such a strong sense of justice. He would draw his sword to help when there is injustice on the road. That's right."

The young master of the Demon Emperor Palace intervened at this time, and couldn't help but ask: "Your Excellency, the Holy Lady, came to Tianbing City this time, probably to participate in the most grand auction of Tianbing City every year."

Leng Rushuang nodded slightly and said aloud: "This time I encountered some bottlenecks in my practice. I came out of seclusion and came to Tianbing City. Naturally, it was for the most grand auction of the year. I wanted to see if I could Obtain some special treasures or ancient elixirs from the auction can help me break through my current cultivation bottleneck."

Hearing what Leng Rushuang said, the young master of the Demon Emperor Palace nodded immediately and said loudly: "This time, the ninth young master and I came to Tianbing City for this grand auction. After all, in our heaven In the southern region, this auction is very attractive, and people can get unparalleled gains from it every year."

While a few people were talking, suddenly several young men wearing special clothes walked into the inn.

The clothes worn by these young men are all uniform black robes, and an ancient black and white Tai Chi pattern is embroidered on the cuffs, giving people a very mysterious feeling.

At this moment, Leng Rushuang saw the costumes of this group of people, and couldn't help but show a hint of surprise in her beautiful eyes, and said loudly: "I am a member of the Killer Alliance.

I didn't expect this grand auction." , attracting the most mysterious killer alliance, one of the three giants in the southern region of our heaven."

"Assassin's League?"

At this moment, Ye Feng also had a look of surprise in his eyes.

When Ye Feng first came to Heaven and entered the Great Demon God Sect, he had already heard that there were three giant forces in the southern region of Heaven, namely the Immortal Sect and the Great Demon God Sect, and the most mysterious one It's the Killer Alliance.

Moreover, the Killer Alliance in the southern region of Heaven is just a branch of the Killer Alliance in the southern region of Heaven.

Just one branch can be on an equal footing with the two super sects, which is enough to show that the Killer Alliance is an extremely mysterious and terrifying mysterious organization in the entire heaven.

At this moment, the young master of the Demon Emperor Palace nodded slightly and said loudly: "It is probably very unusual for this auction to attract members of the Killer Alliance. It seems that there will be a unique treasure in this auction. During the meeting, otherwise, the members of the Killer Alliance would not come here easily. After all, they have always been hidden in the mountains and forests, and they do not show their true colors easily. But this time they came to Tianbing City openly, I am afraid There is something in this auction that the Killer Alliance is very interested in."

While they were talking, the members of the Killer Alliance suddenly looked towards Ye Feng and the young master of the Demon Emperor's Palace.

One of the young men, who looked majestic, seemed to have discovered something. He couldn't help but have a look of surprise in his eyes, and then showed a rather arrogant smile on his face. He walked towards the crowd and couldn't help but make a sound. Said: "Saintess of the Frozen Temple, Miss Leng Rushuang, I didn't expect that we would meet again. Since the last time we saw each other in the ruins of Tianlong Zhenren, we haven't seen each other for almost half a year."

Apparently, this young man from the Killer Alliance once had an encounter with Leng Rushuang, the saint of the Frozen Temple, during an exploration of ancient ruins.

At this time, seeing the other party's somewhat provocative eyes, Leng Rushuang's face was very cold, and there was no expression on his beautiful face. He just said lightly: "It's just a one-time relationship. Let's still have a relationship." Not considered a friend."

Hearing what Leng Rushuang said, the young man from the Killer Alliance immediately smiled and said loudly: "This is the second time we have met, so we can be considered friends."

When he said this, the young man from the Killer Alliance glanced at Ye Feng and the young master of the Demon Emperor's Palace and a group of people beside Leng Rushuang, his eyes were very aloof.

Although he knew that the identity of this group of people was not simple, as a young talent in the Killer Alliance, he naturally did not pay attention to other young people in the southern region of Tianjie.

At this time, the young man from the Killer Alliance glanced at Ye Feng and the young master of the Demon Emperor Palace, and said in a condescending voice: "Next, I will have a private conversation with Miss Leng Rushuang. You scum can get out of here first and don't interfere with our communication and conversation."

"What?"

Hearing what the young man from the Killer Alliance said, the young master of the Demon Emperor Palace slammed the table and stood up, looking very angry, and said: "Your Killer Alliance and our Great Demon God Sect are both giant forces in the southern region of the Heaven Realm. Why do you look down on us?"

" Oh, it's the Great Demon God Sect? "

At this moment, the young man from the Killer Alliance smiled faintly and said, "My identity is not just the Killer Alliance's branch in the southern region of the heaven. My father is a big shot in the Killer Alliance headquarters in the most glorious Eastern Shenzhou land of the heaven. I came to this branch in the southern region of the heaven just to gain some experience and play around. I advise you to get out of my way quickly, otherwise, I might kill you on the spot if I'm in a bad mood. "

Arrogant!

Unparalleled arrogance!

It has to be said that the tone of the young man from the Killer Alliance was extremely arrogant, but his identity was indeed very noble, and he was actually related to the Killer Alliance's headquarters in the Eastern Shenzhou land.

At this moment, even the young master of the Demon Emperor Palace suddenly became uncertain and his eyes were very ugly.

Chapter 5348 Who is the waste?

At this time, the young man of the Killer Alliance was very arrogant and overbearing, and his condescending attitude made people very uncomfortable.

The young master of the Demon Emperor Palace looked very ugly and wanted to say something to refute.

But he suddenly thought of this young man of the Killer Alliance. He was not only a member of the Killer Alliance branch in the southern region of their Heaven Realm. The father of this young man of the Killer Alliance was actually a big shot at the Killer Alliance headquarters in the Eastern Shenzhou.

In this case, it shows that the identity of this young man of the Killer Alliance is very unusual.

If he really offended him, it would be something that the young master of the Demon Emperor Palace, a small member of the Great Demon God Sect, could not bear.

So at this time, the young master of the Demon Emperor Palace fell silent all of a sudden, and dared not say anything more. He could only step aside silently.

At this moment, the young man of the Killer Alliance was very satisfied with the actions and behavior of the young master of the Demon Emperor Palace.

He smiled faintly and said, "A man who knows the times is a hero. It is your greatest luck not to offend me. Otherwise, you would have died without a burial place."

After saying this, the young man of the assassin alliance suddenly froze, and then became extremely cold.

Because he saw that there was a young man who was talking happily with the goddess of his mind, the Ice Saint, and it seemed that he didn't take him seriously at all.

And the one who was talking happily with the Ice Saint Leng Rushuang was naturally Ye Feng.

Although Ye Feng was now pretending to be the ninth young master of the Demon King Palace of the Great Demon God Sect, he had had a day-and-night experience with Su Xin of the Changsheng Immortal Sect before, so Ye Feng had a very good impression of the Changsheng Immortal Sect.

After all, when Ye Feng came to the heaven before, the first major force he wanted to join was the Ice Saint Temple of the Changsheng Immortal Sect.

And Ye Feng knew that he probably wouldn't stay in the Great Demon God Sect for long.

When I help the young master of the Demon Emperor Palace to obtain the position of the leader of the Great Demon God Sect, I will get half of the wealth in the Great Demon God Sect's treasure house with the cooperation of the other party, and then fly away directly without worrying about other people's pursuit.

So Ye Feng now talks more with Leng Rushuang, the saint of the Frozen Holy Temple of the Changsheng Immortal Sect, and asks about the situation of the Changsheng Immortal Sect by the way, so as to pave a way out for himself in the future.

However, at this time, the scene of Ye Feng talking with Leng Rushuang, the ice saint of the Changsheng Immortal Sect, made the arrogant young man of the Killer Alliance not far away look extremely ugly.

He immediately stared at Ye Feng and couldn't help but said: "Who are you? How dare you talk to a saintly figure like Miss Leng Rushuang, and you ignored me directly."

At this time, Ye Feng glanced at the young man from the Killer Alliance not far away, and immediately smiled faintly, saying: "Then who are you? Are you worthy of my attention? Isn't it normal for me to ignore you?"

"What? You are so bold!"

Hearing what Ye Feng said at this moment, the young man from the Killer Alliance immediately showed an extremely angry expression on his face, and then his eyes were full of coldness. He stared at Ye Feng and said: "It seems that you are a kid who doesn't know the height of the world. I can only do it myself and take care of it. You kid, give him a lesson. No, I will beat you to a cripple. In this way, you will not be qualified to communicate and talk with anyone present here in the future. I will let you know what inferiority is. When you become crippled, you will know how miserable the consequences of offending me are. "

At this moment, hearing the young man from the Killer Alliance say this, the young master of the Demon Emperor Palace ran over and couldn't help but said, "Young Master Jiu, we must not provoke this young man from the Killer Alliance. His background is too big. His father is a big man at the Killer Alliance headquarters in the eastern Shenzhou land of our heaven. It is not something that our small forces in the southern region can offend. "

Hearing the young master of the Demon Emperor Palace say this, Ye Feng did not express his opinion at all.

The young master of the Demon Emperor Palace saw Ye Feng's stubborn look, and couldn't help looking at the young man of the Killer Alliance not far away, and said, "I will take my friend away now, don't hurt him."

Obviously, the young master of the Demon Emperor Palace knew very well that if this young man from the Killer Alliance really came from the headquarters of the Killer Alliance in the eastern Shenzhou land, they could not offend him at all.

Therefore, the young master of the Demon Emperor Palace could only bite the bullet and give in, and take Ye Feng away first.

However, at this time, the young man from the Killer Alliance immediately smiled coldly and said, "It's too late now. This kid is too arrogant. I must destroy him on the spot and let him know how miserable the consequences of offending me are."

Boom!

Almost at this moment, the young man from the Killer Alliance suddenly burst out with his cultivation momentum.

That momentum was extremely terrifying, just like a towering mountain, giving people a very terrifying and heavy sense of oppression.

At this moment, this powerful momentum burst out, and it actually blasted the young master of the Demon Emperor Palace standing in the front back, and he spit out a mouthful of blood.

"What?"

"So powerful??"

At this moment, everyone present was shocked.

Because the young master of the Demon Emperor Palace is not an ordinary genius, but a super genius among giants and forces such as the Great Demon God Sect.

Unexpectedly, he couldn't stop the momentum of the young man from the Killer Alliance.

At this moment, the young man from the Killer Alliance immediately smiled arrogantly and said, "To be honest, I don't take people from small places like you seriously at all. You so-called geniuses are just a bunch of trash in my eyes."

At this moment, the young man from the Killer Alliance said this and rushed directly towards Ye Feng.

Leng Rushuang, who was standing next to Ye Feng, seemed to be about to attack, but Ye Feng stretched out his hand and pressed on the shoulder of the Ice Saint Leng Rushuang, saying, "It's okay. I don't need Miss Rushuang to help me with this kind of thing. I can solve it myself."

At this moment, seeing Ye Feng actually stretched out his hand and touched the shoulder of the Ice Saint Leng Rushuang, the young man from the Killer Alliance who was rushing over from a

distance became even more furious and couldn't help but yelled, "Boy, what qualifications do you have to touch my goddess? I'm going to cut off your hand!"

At this moment, Ye Feng suddenly turned around and looked at the young man from the Killer Alliance who was rushing over from a distance. He immediately smiled indifferently and said, "You said we are trash? Then I'm going to let you see today who is the trash."

Boom!

Almost at the moment when Ye Feng finished speaking, Ye Feng directly burst out his magic power with all his strength, and instantly condensed a demon god's true body with a height of tens of thousands of meters behind him, and instantly resisted all the momentum of the young man from the Killer Alliance.

Then Ye Feng continued to use the Nine Dragons True God Technique he had just learned.

Buzz!

Nine golden dragons immediately appeared behind Ye Feng, and they merged with the demon god's true body, turning into nine dark dragons roaring to the sky, and instantly hit the young man from the Killer Alliance fiercely, directly knocking him back and throwing him hard on the ground not far away, smashing a large piece.

"What??"

Seeing this scene at this moment, everyone present was shocked.

Even the members of the Killer Alliance who were following behind the young man of the Killer Alliance widened their eyes and couldn't help but exclaimed in horror: "How is this possible? Senior Brother Mo's cultivation strength is five or six realms higher than this kid! How could he be defeated by this kid in an instant? This is unbelievable!"

Chapter 5349 Killed them all

quiet!

Deadly quiet!

At this moment, the whole place fell into a dead silence.

Because no one thought that the strength of Ye Feng, the ninth young master of the Demon King Palace, could be so terrifying.

Even though this young man from the Killer Alliance came from the headquarters of the Killer Alliance in Eastern China and was a peerless wizard, he was unable to fight against Ye Feng. He was instantly defeated by two sets of inheritances that Ye Feng casually used. It was really incredible.

So at this time, everyone looked at Ye Feng in shock, their eyes filled with deep shock.

At this moment, the young man from the Killer Alliance who was thrown upside down and lying on the ground immediately climbed up from the ruins, stared at Ye Feng in disbelief, and couldn't help but said in horror: "How is it possible? How can you, a kid from a small place, be so powerful? My cultivation level is obviously five or six levels higher than yours, and I am not an ordinary cultivator. I can also fight beyond the level. A peerless genius with extraordinary fighting ability, but he was still defeated in your hands in an instant. This is impossible! "

At this moment, Ye Feng showed an indifferent smile in his eyes and said: "I have said before that if you don't fight with real swords and guns, you won't know who is the loser. Now it seems , you are the waste."

"you.....!"

Hearing Ye Feng's words at this moment, the young man from the Killer Alliance suddenly became extremely gloomy.

But at this time, the young man from the Killer Alliance immediately looked at a group of five or six members of the Killer Alliance beside him, and said loudly: "Juniors, brothers and sisters, help me take action together. We must kill this kid on the spot. , His threat is too great, now I have completely offended him, I must get rid of him, so that I can feel at ease. "

"Yes, Senior Brother Mo!"

At this moment, the members of this group of killer alliances all unleashed their cultivation auras with all their strength, and together with the young men from the killer alliance, they rushed towards Ye Feng, hoping to surround and kill Ye Feng. .

At this moment, seeing how unscrupulous and ruthless the members of the Killer Alliance were, the young master of the Demon Emperor's Palace also risked his life. He roared angrily and said: "All the seniors of the Demon Emperor's Palace. Strong men, you all take action, and together we will kill all the members of the Killer Alliance here. As long as we kill them all, the news here will not be revealed for a while. "

At this moment, the young master of the Demon Emperor's Palace finally couldn't bear it anymore and couldn't bear it anymore. He wanted to use all his strength to kill all the members of these extremely arrogant killer alliances on the spot.

At this moment, Ye Feng just laughed and said loudly: "Okay, then let's do it together and bury all these arrogant killer alliance members here!"

Boom!

At this moment, Ye Feng directly unleashed his most powerful combat power. The nine dark demon dragons formed by the fusion of the demon god's true form and the nine golden dragons behind him instantly roared to the sky and charged forward.

The young master of the Demon Emperor's Palace commanded a dozen senior experts from the Demon Emperor's Palace to assist Ye Feng in attacking, trapping all the members of the Killer Alliance in a small encirclement.

The attack from everyone was very terrifying.

No matter how powerful these members of the Killer Alliance are, they cannot be opponents of a genius like Ye Feng, not to mention that there are more than a dozen senior experts from the Demon Emperor's Palace surrounding them.

So almost at the moment of the fight, more than half of the members of the Killer Alliance perished.

At this moment, the young man from the Killer Alliance immediately said in shock and anger: "Young Master of the Demon Emperor's Palace, don't you want to live? How dare you help this kid? If you don't help him, I can consider letting him go. you."

The young master of the Demon Emperor Palace immediately shouted angrily and said: "You have humiliated me over and over again, and now you want me to quit? How is this possible! I just gave in, but I just wanted to give each other I didn't expect that you still bullied me too much, so now I have to live and die. "

At this moment, the young master of the Demon Emperor's Palace also showed his iron-blooded and decisive side, and directly continued to command more than a dozen senior strong men of the Demon Emperor's Palace to madly beat this young man from the Killer Alliance.

Although this young man from the Killer Alliance was very powerful, there was absolutely no way he could be the opponent of so many people. In the end, he was beaten until he vomited blood and was defeated step by step.

At this moment, the young man from the Killer Alliance suddenly shouted in horror: "Father, save me!!"

Uh-huh!

But at this time, Ye Feng rushed forward in an instant and stepped on the head of the young man from the Killer Alliance on the ground. He smiled coldly and said, "Don't talk about your father now, God." I can't even save you, I said so!"

At this moment, Ye Feng stepped hard and with a "click", he crushed the head of the young man from the Killer Alliance and killed him on the spot.

At this moment, when the remaining members of the Killer Alliance saw this scene, they suddenly lost their fighting spirit and quickly knelt on the ground, quickly begging for mercy.

But at this time, the young master of the Demon Emperor's Palace will not leave anyone alive at all, because he wants to completely block the news here, and directly let a dozen of the elders and powerful men of the Demon Emperor's Palace step forward like evil wolves to kill this person. Several members of the Killer Alliance who had lost their fighting spirit were all killed.

At this moment, Ye Feng put all the corpses into his storage ring, waiting to be devoured next.

They all have super strong skills, which are definitely great supplements to Ye Feng's cultivation.

At this moment, I saw that all the members of the Killer Alliance had been killed. Su Xin, a disciple of the Frozen Temple of the Immortal Immortal Sect, and Leng Rushuang, the saint of the Frozen Temple, were standing not far away. Everyone's eyes widened slightly, as if they didn't expect that Ye Feng and the young master of the Demon Emperor's Palace, a group of people from the Great Demon God Sect, would be so decisive in killing all the members of the Killer Alliance.

Especially the young man from the Killer Alliance, whose background was even more extraordinary, was still killed by Ye Feng on the spot.

At this moment, Ye Feng looked at Su Xin and Leng Rushuang who were not far away, and said with a smile: "The two fellow Taoists of the Immortal Sect should not reveal today's secret."

Su Xin quickly shook her head and said loudly: "Of course not."

Leng Rushuang also smiled slightly and said: "I have been unhappy with this young man from the Killer Alliance for a long time. He has been pestering me. Today, the Ninth Young Master got rid of an annoying fly for me. "

Hearing what Su Xin and Leng Rushuang said at this moment, the young master of the Demon Emperor Palace breathed a sigh of relief and couldn't help but said: "As long as everyone doesn't reveal what happened today, the Killer Alliance will not be able to find them. Come on us."

At this time, Ye Feng nodded slightly and said loudly: "It's not suitable to stay here for a long time. Let's leave here as soon as possible."

Leng Rushuang also nodded and said loudly: "The Killer Alliance has a special tracking method. It's better for us to leave here as soon as possible."

The young master of the Demon Emperor's Palace looked at the dozen or so powerful elders beside him and said, "Take care of all the traces of the battle here."

After finishing speaking, the young master of the Demon Emperor Palace looked at Ye Feng, Leng Rushuang, and Su Xin, and said loudly: "Then let's go directly to the auction in Tianbing City now. I estimate that the first day of the auction has already been completed. It's about to start."

Chapter 5350 I won't let you down

"Okay."

Hearing what the young master of the Demon Emperor Palace said, Leng Rushuang, the Saintess of the Frozen Holy Temple, nodded slightly and said, "I have been looking forward to this annual grand auction for a long time. Whether I can break through the bottleneck of cultivation that has troubled me for half a year depends on whether I can get good things in this auction this time."

Su Xin was also quite looking forward to it at this moment.

At this time, Ye Feng nodded and said, "Then let's go directly to the auction in Tianbing City."

After that, Ye Feng and his companions walked quickly towards the central area of Tianbing City.

The venue of the auction held in Tianbing City is in the middle of the city.

At this moment, on the way to the auction in Tianbing City, Ye Feng naturally did not hesitate at all, and began to devour and absorb the skills of the killer alliance masters who had been put into the storage ring before.

These members from the killer alliance, each of them has a very terrifying cultivation strength.

Especially the young man who led the way before, his cultivation was extremely powerful, and they were all elite members of the Killer Alliance, so their skills were very powerful.

After Ye Feng absorbed it, he immediately felt a very vigorous power, which was injected into his Dantian, and quickly strengthened Ye Feng's skills.

Ye Feng's previous cultivation was at the third level of the Divine Illumination Realm, and now after swallowing and absorbing the skills of these powerful geniuses from the Killer Alliance, Ye Feng's cultivation aura immediately began to grow and break through rapidly.

Boom!

The fourth level of the Divine Illumination Realm!

Boom!

The fifth level of the Divine Illumination Realm!

At this moment, Ye Feng's cultivation broke through two levels at once.

It must be said that the cultivation skills of these members of the Killer Alliance are indeed very good, allowing Ye Feng to break through two levels at once.

Moreover, Ye Feng also gained a lot of wealth from the storage rings of these Killer Alliance members, and he can buy what he wants at the grand auction held in Tianbing City later.

At this time, Ye Feng suddenly burst out with two auras of breakthroughs in cultivation, which made the people following him look slightly stunned.

Then, Leng Rushuang, the Saintess of the Frozen Holy Temple, couldn't help but ask: "Did the Ninth Young Master suddenly break through in cultivation just now?"

Ye Feng nodded slightly, smiled and said: "Yes, I just broke through two levels."

"This...!"

Hearing Ye Feng admit it, Leng Rushuang's beautiful eyes suddenly showed a look of astonishment.

At this moment, the young master of the Demon King Palace standing on the other side laughed and said: "Our Ninth Young Master is so amazing. You will know if you spend more time with him. There are too many magical things about him. Even I am amazed sometimes."

At this moment, Leng Rushuang nodded slightly when she heard the young master of the Demon King Palace say this.

At this time, Leng Rushuang also slowly understood why the young master of the Demon King Palace, such a noble and arrogant young genius, would be so polite to the Ninth Young Master of the Demon King Palace who was one level lower than him.

The main reason is that the ninth young master of the Demon King Palace is really a very magical and powerful person.

At this time, after sighing for a while, several people continued to move forward.

When they came to the auction in the middle of Tianbing City, they found that it was already crowded with people.

Many masters and strong men from the southern area of the heaven or other areas, as well as many wandering warriors, all gathered here, all wanting to get good things in this annual grand auction.

After all, everyone knows that this auction is the grandest auction in Tianbing City in a year. There must be many good things that are the finale, and there may even be rare treasures.

At this time, the young master of the Demon King Palace took a few people and walked directly into the auction venue in front of him.

The young master of the Demon Emperor Palace had already reserved a luxurious private room, and couldn't help but said with a smile: "Two Taoist friends from the Changsheng Immortal Sect, follow us to auction in the luxurious private room."

Leng Rushuang's eyes showed a look of surprise at this moment, and said with a smile: "We can only reserve ordinary seats. I didn't expect that you, the young master of the Demon Emperor Palace, have already reserved a luxurious box. It turns out that the young masters of the Great Demon God Sect are so rich."

Hearing the ridicule of Leng Rushuang, the Saint of the Frozen Holy Temple, the young master of the Demon Emperor Palace immediately laughed and didn't say much.

At this moment, several people sat down in this luxurious private room and waited for the auction in the venue to start.

At this moment, Ye Feng was silently sensing the surrounding atmosphere in the luxurious box.

But in the next moment, Ye Feng's eyes suddenly showed a look of surprise.

Because Ye Feng sensed that the cultivation aura of all the people participating in this Tianbing City auction was very powerful.

There are many cultivation auras that are much stronger than Ye Feng, and there are even many auras that make Ye Feng feel daunted, which is something Ye Feng did not expect.

Originally, Ye Feng thought that for such a small Tianbing City, people like himself and the young master of the Demon Emperor Palace were already very powerful.

Unexpectedly, this time, Tianbing City actually gathered so many masters.

It seems that the grand auction held once a year in Tianbing City is indeed attractive enough.

And Ye Feng was also very clear that the members of the Killer Alliance had come here before, so this auction must have many treasures.

Ye Feng was even more looking forward to it.

You know, Ye Feng had accumulated a lot of wealth in the process of training before.

And this time, accidentally killing this group of top talents of the Killer Alliance also made Ye Feng's wealth increase instantly.

You know, these members of the Killer Alliance came here to participate in the auction, so they all brought huge wealth, but in the end, all became Ye Feng's.

At this moment, when Ye Feng was thinking about it, the young master of the Demon Emperor Palace suddenly said: "Everyone, look, the first day of the auction has begun, and the old auctioneer of the Tianbing City Auction has come out."

At this moment, Ye Feng looked outside the box and found that in the entire huge venue, an elegant old man wearing a silver robe and a very noble aura came out.

This is the old host of the Tianbing City Auction who presided over today's auction.

At this moment, the elegant silver robe host smiled at everyone in the audience and said, "Thank you for your support. The annual grand auction of our Tianbing City is now officially starting. The items for the first auction are exciting enough and will not disappoint you."

After saying this, the host clapped his hands. After the venue, two strong men in black armor came over with a steel prisoner car.

In this prisoner car, there was a monster covered with red scales.

This monster was not big, but it gave people a very majestic feeling.

Someone in the field couldn't help but exclaimed, "This... is it a juvenile fire unicorn? This is an extremely rare cub of the Great Wilderness beast!"
