

Ancient 5351

Chapter 5351 Too Rich

Uh-huh! Uh-huh! Uh-huh!

At this time, everyone's eyes were focused on the crimson scaly monster trapped on top of the prison car.

For everyone present, if they could get a juvenile fire unicorn, it would definitely be of great help.

However, casual cultivators and some wandering warriors are not very interested, because they simply do not have so many resources to feed a young fire unicorn. After all, they are even in short supply of their own cultivation resources.

But those powerful men from super powers or some first-class sects were very interested in this infant fire unicorn.

Although this fire unicorn is in its infancy, as long as it can be fed with various cultivation resources to grow up, it will definitely be able to play a huge role even when it matures in the future.

Moreover, these first-class major sects or major forces have enough remaining cultivation resources to feed this juvenile fire unicorn.

At this moment, the old host on the stage in the middle of the auction venue immediately pointed at the monster covered with red scales in the prison car, then looked at the crowd with a smile, and said loudly: "Guess what? That's right, this is an infant Fire Qilin, and the bloodline of this Fire Qilin is very unusual. This Fire Qilin is inherited from the bloodline of the ancient red dragon, and it also has a trace of the potential of the ancient red dragon. If With good luck in the future, this fire unicorn may be able to transform from a unicorn into a true ancient red dragon."

"What?"

Hearing what the old host said at this moment, everyone suddenly became excited.

Especially some first-rate powerful forces and sects. If they can really raise this infant fire unicorn to a mature stage, or even transform into an ancient red dragon, then their sects or great forces will be able to use this to become a giant. It has become the most powerful force in the entire southern region of the heaven.

"We, the Dragon Soul Sect, bid 150,000 yuan for this juvenile fire unicorn."

"Hmph, Dragon Soul Sect, you are too stingy. I, the Heavenly Sword Xuanmen, offer you 200,000 yuan!"

"I, Chilongmen, bid 210,000!"

"..."

At this moment, someone suddenly started competing for the auction.

In one of the dozens of luxury boxes at the top of the venue, looking at the fierce competition among the people outside, Leng Rushuang, the saint of the Frozen Temple, smiled faintly and said aloud: "These people are really... I was so impulsive. After listening to the old man in charge bragging casually, the fierce competition started. It seems that the auction in Tianbing City still knows how to mobilize the atmosphere of the scene. To brag about this little fire unicorn, After all, no one knows whether this fire unicorn is really inherited from the bloodline of the ancient red dragon, and even if this fire unicorn possesses the bloodline of the ancient red dragon, he wants to feed an ancient evil beast in its infancy into the ultimate In the mature state, I don't know how much it costs. Such a lot of money and time is enough for some top-notch traders to cultivate a large group of super geniuses."

Hearing what Saint Leng Rushuang said from the Frozen Temple, the young master of the Demon Emperor's Palace nodded slightly and said with a smile: "Our Great Demon God Sect also suffered this loss back then, so now we never participate in auctions. What is the so-called The investment risk is too great for the offspring and cubs of ancient evil beasts or mythical beasts."

Ye Feng, who was standing aside, didn't have much interest. After all, Ye Feng's current cultivation resources were enough for his own use, let alone feeding a young fire unicorn.

At this time, the bidding on the field finally stopped.

In the end, this infant Fire Qilin was auctioned off by a first-rate large sect called Wanjian Sect for a full one million spiritual crystals.

At this time, the old man who hosted the Tianbing City auction was very satisfied with this first bidding. He smiled slightly and said: "First of all, congratulations to Wanjian Sect for successfully auctioning this juvenile fire unicorn with unlimited potential. Secondly, thank you very much. Thanks to everyone's support, the next item to be auctioned will definitely make everyone feel that the trip is worthwhile."

After finishing speaking, the old host immediately clapped his hands.

As he clapped his hands, seven beautiful maids walked out gracefully from the backstage of the auction venue. Each of the beautiful maids held a white jade plate in their hands.

On each plate, there is a pill of different colors.

A total of seven different colors of elixirs were placed on seven plates, attracting everyone's attention.

At this moment, everyone was silent, waiting for the introduction of the old man.

At this moment, the old man in charge of the auction did not show off, but said very straightforwardly with a smile: "These seven pills are the top treasure hunters in our Heavenly Weapon City. They come from the northernmost wilderness of our Heavenly Realm. The rainbow elixirs that were refined by the Rainbow Divine Lord were collected in the ground. These seven elixirs represent the ultimate power of different attributes, and contain the power of the Rainbow Divine Lord. Each elixir is priceless. Good thing, the method of refining it has been lost a long time ago. This is probably the last rainbow elixir in the world. "

At this moment, after the old man in charge finished speaking, the eyes of everyone present suddenly lit up.

I didn't expect that the second auction item would be so precious and rare. It turned out to be a peerless elixir made by a great figure of the God level back then.

However, this kind of thing is not of much interest to the general big forces.

After all, some big forces have alchemy rooms specializing in alchemy, and basically many elixirs that improve power can be made.

Moreover, many big forces are not willing to spend money to buy this kind of high-level elixir that can be used once.

Of course, if the second auction item is the recipe of the Rainbow God Pill, which records the method of refining the Rainbow God Pill, then there must be countless big forces who will fight for the recipe of the elixir.

Because with the recipe, it means that they can continuously refine this extremely high-level Rainbow God Pill.

But now it is only a one-time use elixir, no matter how high-level it is, many big forces are not willing to spend money to buy it, thinking it is not cost-effective.

However, at this time, many casual warriors or wandering warriors who were not interested in the juvenile Fire Kirin before are very interested in this kind of Rainbow God Pill.

At this moment, a large group of wandering warriors and casual cultivators began to bid.

Because for them, there is no super sect behind them to refine pills for them, and they have no backers, so if they can get this kind of divine pill-level pill and swallow it, they will definitely be able to greatly improve their cultivation power, or break through the bottleneck of cultivation, and even get some of the divine power contained in the divine pill, which is naturally of great benefit to the improvement of their individual strength.

At this moment, Ye Feng in the luxury box also had a bright look in his eyes.

Ye Feng is very interested in this ancient high-level pill that can greatly improve his own strength.

The main reason why Ye Feng came to participate in the auction this time is to auction all kinds of good things that can improve his cultivation power.

This ancient high-level pill is exactly what Ye Feng needs.

At this time, the outside bidding has soared to a full 100,000 yuan per pill. Seven together, that is, 700,000 yuan. Seven different strong men are bidding, all wanting to buy a rainbow divine pill.

But at this moment, Ye Feng directly said in the luxury box: "I will bid one million directly. I want to buy all seven Rainbow Divine Pills!"

"What?"

At this time, everyone was shocked when they heard that Ye Feng suddenly raised the price to a full one million and wanted to buy all seven Rainbow Divine Pills. They all looked towards the luxury box where Ye Feng was.

Some people couldn't help but sighed in shock and said: "As expected of a person who can participate in the auction in a luxury box, he is really rich and powerful, too rich!"

Chapter 5352: Teaching and Resolving Doubts

At this time, everyone was sighing that Ye Feng was so rich.

However, the luxury box where Ye Feng stayed was closed, and people outside could not see what was going on inside, but people inside could see the scene outside the box.

However, someone heard Ye Feng's voice, which was very young, so he couldn't help but guess and said: "The one who made the offer just now must be a young master of a super power, otherwise, it would be impossible to have such a huge fortune."

It must be said that there are still smart people in the field, and they guessed that Ye Feng's origin was extraordinary in an instant.

But it's normal to think about it.

He is rich, so young, and can stay in a luxury box. His identity must be very extraordinary.

At this moment, Ye Feng didn't say much, but just quietly waited for someone to bid next.

However, Ye Feng suddenly offered a price of a full million, which seemed to have stunned everyone, and no one continued to bid.

Moreover, Ye Feng's identity was also very mysterious and noble, and he had a great background. Many casual cultivators and wandering warriors did not dare to offend a person with a deep background like Ye Feng, so no one continued to bid with Ye Feng.

In the end, Ye Feng successfully used one million to get a full seven rainbow divine pills.

Ye Feng was very happy about this.

After all, one million may be a lot for ordinary people, but for Ye Feng who has accumulated wealth for so many years, it is actually nothing.

Moreover, Ye Feng had just obtained a huge amount of wealth from the storage rings of several young talents in the Killer Alliance, which was tens of millions, so the wealth in Ye Feng's hands was enough for Ye Feng to squander for a long time.

At this moment, the face of the old man who presided over the auction in Tianbing City seemed a little bad.

Because these seven rainbow divine pills, in his psychological expectation, should be sold for a total of nearly one million and a half or even two million.

But Ye Feng did not expect that he would sell one million at once, which shocked everyone and made many people dare not continue to bid.

However, the old host also knew that the origins of those who could book the luxury boxes in their Tianbing City auction were very mysterious.

Even the old host did not dare to offend them easily.

So at this time, although the old host felt that the seven rainbow magic pills were auctioned at a low price, he did not say much, but smiled and said: "Then congratulations to the young guest in the luxury box for getting these seven extremely precious rainbow magic pills at a price of one million."

After that, the old host directly asked the auction staff to send the seven magic pills to the luxury box where Ye Feng was.

At this time, the old host looked at the whole audience and said with a smile: "Okay, then let's proceed to the third auction item today."

After that, the old host looked directly at the backstage of the auction and said: "Take that thing out."

After the voice fell, several fully armed auction guards wearing steel armor, pulling a golden tripod, slowly walked out from the backstage of the auction.

The surface of this golden cauldron is engraved with many patterns of ancient evil beasts, which looks very noble.

At this moment, the old host immediately smiled and said: "This golden cauldron is called the Ten Thousand Beasts Cauldron. It was refined by a god-level figure in the past, called 'Ten Thousand Beasts God'. The super magic weapon refined not only has super power itself, but also can be used as an alchemy furnace to refine very high-level elixirs. When refining elixirs, this Ten Thousand Beasts Cauldron can stimulate the soul power of thousands of ancient evil beasts engraved on the surface of the Ten Thousand Beasts Cauldron, giving the refined elixirs a higher quality, which can greatly promote the success rate of alchemy and improve the quality of elixirs."

At this moment, after the old host finished speaking, many old men on the scene showed interested expressions on their faces.

These old men obviously have special research in alchemy, so they are interested in this Ten Thousand Beasts Cauldron.

While everyone continued to auction, Ye Feng had already received a full seven Rainbow God Pills.

Each of these seven rainbow divine pills contains a trace of the power of the ancient Rainbow God, so each of these pills is very precious and has a special effect.

Of course, Ye Feng does not need these pills for any other functions, what he needs is the energy contained in these pills.

"Gululu!"

So at this moment, Ye Feng directly swallowed the seven rainbow divine pills into his stomach and began to refine the pill energy contained in these seven rainbow divine pills.

At this time, seeing Ye Feng swallowing seven extremely precious rainbow divine pills like swallowing a whole date, even Leng Rushuang, the Saintess of the Frozen Holy Temple, who was standing beside him, couldn't help but shake her head and smile, saying: "The Ninth Young Master is indeed rich and powerful. He swallowed the pills worth one million directly. He is really generous."

Ye Feng grinned at this moment and said: "Money is not of much use to me. What is really useful is to buy and get these cultivation resources that can improve my skills and cultivation. Only when my own strength is greatly improved, it is the kingly way. All the others are external things and are empty."

Hearing Ye Feng's words, Leng Rushuang not only did not laugh, but her face became a little solemn, and she said: "Master Jiu is right. It seems that I was too entangled in the things of the outside world before. Master Jiu's words have given me a deeper understanding of cultivation. Thank you for teaching me and clearing my doubts."

Hearing Leng Rushuang's solemn words, Ye Feng couldn't help but smile and said: "Miss Rushuang is the saint of the Frozen Temple. She is very smart. There is no need to praise me so much. This truth is understood by ordinary people."

At this moment, after Ye Feng finished speaking, he clearly felt that after swallowing the seven rainbow magic pills, they immediately turned into a very powerful medicinal power, which quickly strengthened Ye Feng's skills.

The aura of Ye Feng's cultivation immediately began to increase at an extremely fast speed at this moment.

Boom!

Boom!

Boom!

At this moment, Ye Feng's cultivation aura suddenly broke through three levels in just a few seconds, from the previous fifth level of the Divine Illumination Realm to the eighth level of the Divine Illumination Realm!

Chapter 5353: Not worthy at all

"What? You have successfully digested the seven rainbow pills so quickly and have broken through the realm of cultivation?"

At this time, Leng Rushuang, the saint of the Frozen Temple standing aside, suddenly showed a look of astonishment on her beautiful face.

It seemed that Ye Feng's digestive ability was so powerful. In just a few seconds, he had digested and refined all the medicinal power in seven extremely high-level magical pills, and transformed them into his own power. This is really incredible.

At this time, the young master of the Demon Emperor's Palace standing aside couldn't help but shake his head and smile, and said loudly: "Your Majesty the Holy Lady, don't be so surprised, just spend more time with the ninth young master and get used to it. "

Hearing what the young master of the Demon Emperor's Palace said, Leng Rushuang, the saint of the Frozen Temple, couldn't help but smile bitterly and said: "Originally, I thought my cultivation talent was already very powerful. People in the world take it seriously, but this time, I saw from the Ninth Young Master an even more heaven-defying cultivation talent. Sure enough, the Lord of the Palace is right, there are people outside the world, and there is a sky outside the world. Never think too much of the people in the world. Simple."

At this time, Su Xin stood aside and couldn't help but smile and said: "The Ninth Young Master is indeed amazing."

Su Xin had been rescued once by Ye Feng. Now seeing that Ye Feng is so young and has such a talent for cultivation and huge financial resources, Su Xin, a disciple of the Immortal Immortal Sect Temple, feels great admiration and admiration. Admiration, and even Su Xin had a feeling of admiration for Ye Feng in her heart.

At this moment, Ye Feng didn't say much, silently feeling the more powerful skills and fighting power produced by the breakthrough in his cultivation aura.

Then, the young master of the Demon Emperor's Palace also made several attempts to buy some good things from the auction.

However, Ye Feng discovered that Leng Rushuang, the saint of the Frozen Temple, had not taken action. Obviously she was not interested in many things.

After all, she is a saint of the Frozen Temple. She has a distinguished status and a lot of wealth. She doesn't care about ordinary cultivation resources or high-level elixirs.

What Leng Rushuang wants should be something very special.

At this time, Ye Feng was a little curious and couldn't help but smile and asked: "I see that Miss Rushuang has never auctioned anything. I wonder what Miss Rushuang wants?"

Hearing Ye Feng's question, Leng Rushuang couldn't help but said: "To be honest, I came out to participate in this auction this time just to encounter some special things that can improve the bottleneck of cultivation, such as some Pills that can lead to enlightenment, or peerless treasures that can enhance one's spiritual state of mind after enlightenment, etc."

Hearing what Leng Rushuang said at this time, before Ye Feng could say anything, the young master of the Demon Emperor Palace suddenly said: "Your Highness, if you want to have an epiphany and improve your own cultivation bottleneck, Then you really have asked the right person. Our Ninth Young Master often has sudden enlightenment and breakthroughs in his cultivation. You can ask the Ninth Young Master more about this, he will definitely have a solution."
"

Hearing what the young master of the Demon Emperor's Palace said at this time, Leng Rushuang's beautiful and cold face suddenly revealed a look of surprise and astonishment. He stared at Ye Feng and couldn't help but reveal a heart-warming smile. He said aloud: "Oh? I didn't expect that the Ninth Young Master could often enter the state of enlightenment and improve his cultivation level. This is something that many super strong men in the ancient times could not do. The secret of the Ninth Young Master is really It makes me more and more surprised."

At this moment, Ye Feng just showed an embarrassed look on his face.

Because of Ye Feng's previous breakthrough in cultivation, his so-called enlightenment was simply a lie.

Ye Feng did not have an epiphany at all. Instead, he secretly devoured the enemy's blood energy in the storage ring, thereby achieving a breakthrough in his own cultivation level. He did not enter a state of epiphany at all.

So at this time, Ye Feng didn't know what to say for a while.

At this moment, Leng Rushuang's beautiful eyes were just staring at Ye Feng, as if waiting for Ye Feng's answer.

Ye Feng felt that he still needed to respond. He pretended to cough a few times, then smiled slightly and said loudly: "I entered the epiphany state, and it was only by chance that I entered this special state. I actually didn't know how. How to enter is like being born with an epiphany. Every epiphany is a passive entry into this state. "

“Is it natural to have an epiphany?”

Hearing what Ye Feng said at this moment, Leng Rushuang's beautiful eyes suddenly showed a look of astonishment, and then he couldn't help but smiled bitterly, shook his head, and said loudly: "It seems that Jiu and I The gap between the young masters is really too big. The cultivation talent of the ninth young master is so great that I can't enter the state of enlightenment. It seems that there is no way for me to be like the ninth young master. I can only do this at this auction. Let's see if there's anything good that can make me realize something.”

Hearing what Leng Rushuang said, Ye Feng nodded slightly and breathed a sigh of relief in his heart. Fortunately, the other party didn't hesitate and kept asking him.

At this time, the auction below was already halfway through.

The young master of the Demon Emperor's Palace immediately spoke out: "Ninth Young Master, Your Highness the Saint, please stop chatting now and pay close attention to the auction. Today's auction has entered the second half. I estimate that everything in the second half will They are all grand finales, full of good stuff, and there must be something you may be interested in.”

Ye Feng nodded slightly at this moment and looked towards the auction venue outside the box.

At this moment, Su Xin was secretly staring at Ye Feng, with a rather shy smile on her face.

Saint Leng Rushuang obviously noticed this scene, and immediately understood something. She couldn't help but whispered in Su Xin's ear: "Sister Su Xin, you are a disciple of our Ice Temple, and you are also a good sister who grew up with me. In terms of status, you are actually completely compatible with the Ninth Young Master of the Demon King Palace of the Great Demon God Sect. If you like the Ninth Young Master, I can help you to make a connection, so that you can get to know each other and have a deeper exchange."

"No, no, no."

Hearing Leng Rushuang say this, Su Xin couldn't help shaking her head immediately, smiling bitterly, and said aloud: "Although I am a disciple of the Ice Temple, and I am also a very noble disciple in the Changsheng Immortal Sect, the gap between me and the peerless genius like the Ninth Young Master is still too big, and I am not worthy of him at all. I think only a saint like you, Sister Rushuang, can match you up. Only a peerless female figure is qualified to be the cultivation partner of a peerless genius like the Ninth Young Master. "

Hearing Su Xin's words, Leng Rushuang immediately smiled and said, "I am not very interested in the love between children now. What I want is to quickly break through my own cultivation realm and become stronger and stronger."

Su Xin couldn't help shaking her head when she heard Leng Rushuang's words and said, "Sister Rushuang, I know you have a heavy responsibility, but sometimes you need to relax. Otherwise, if you pursue the ultimate power too much and develop a martial arts demon, it will be troublesome."

Hearing this, Leng Rushuang just shook her head slightly and didn't say anything more, but she stared at the figure of Ye Feng sitting on the other side, and there was a little more complicated look in her beautiful eyes.

At this moment, in the auction venue, the old man who presided over the auction took out an extremely heavy auction item.

It turned out to be a part of the body of an ancient emperor golden dragon, which looked very fresh, as if it had just been hunted and cut off.

At this time, the old host looked at everyone's curious eyes and immediately said: "This is a part of the body of the ancient emperor golden dragon found by our top treasure hunter in the Tianbing City auction from the ice layer hundreds of thousands of meters underground in the southern polar region of the heaven. It has been frozen for tens of millions of years and is still in a fresh state. For many large sects and forces, it is definitely of great research value. Moreover, it can also squeeze out enough blood of the ancient emperor dragon from the damaged body of the ancient emperor golden dragon to baptize the peerless genius of their own sect, and it may even give birth to the body of the ancient emperor golden dragon bloodline. The starting price is three million!"

Wow!

The moment the old host's voice fell, the whole audience suddenly burst into an uproar.

Because this is definitely a very heavy auction item, priceless!

At this moment, in a room inside the luxurious box, Ye Feng's eyes suddenly lit up, and he was moved by the blood and energy that was as vast as the ocean in the remains of the ancient emperor's golden dragon.

Chapter 5354: Fierce Price Increase

Because for Ye Feng, the main purpose of coming to this auction this time is to obtain various cultivation resources that can improve his cultivation skills.

And the remains of the ancient emperor golden dragon being auctioned now, although it is a part of the body of the dead ancient emperor golden dragon, the blood energy contained in it is absolutely vigorous to the extreme.

After all, it is a part of the remains of the ancient emperor golden dragon, so Ye Feng is naturally very interested in this remains of the ancient emperor golden dragon.

And the old auctioneer just now also said that if you have the ability, you can get all the blood in the remains of the ancient emperor golden dragon, and maybe you can perform dragon blood baptism, so that the baptized practitioner can successfully obtain the body of the ancient emperor golden dragon bloodline.

Of course, this possibility is very small, but there are still many big forces rushing to it.

At this moment, many participants from big forces suddenly began to bid.

First, a great elder from the Dragon Soul Sect was the first to speak out: "My Dragon Soul Sect offers 3.5 million to buy the remains of this ancient golden dragon."

It must be said that everyone was very interested in this remains of the ancient golden dragon. They first raised the price by a full 500,000, pushing the total price to 3.5 million.

After all, many of the people participating in the auction were not giants in the southern area of the Heaven Realm, but some first-class large sects. They were very eager to create a top genius with a special physique who could lead the sect behind them to an unprecedented height.

At this moment, after the Dragon Soul Sect's Grand Elder finished quoting the price, he immediately looked at the audience, cupped his hands and said: "As you know, our Dragon Soul Sect inherits the bloodline and heritage of the ancient dragon clan. This remains of the ancient emperor golden dragon has a very special function for our Dragon Soul Sect, so please give me some face."

"Who are you? Do I need to give you some face?"

But the next moment, a troublemaker suddenly spoke up.

This troublemaker was a young man in a white robe, who looked very arrogant. He immediately said with a smile: "A mere Dragon Soul Sect is qualified to threaten all of us to give you a lower price? You old thing are too naive. I am the deputy leader of the Xuanji Sect. We are willing to bid four million to buy the remains of this ancient emperor golden dragon."

"What? Four million?"

At this time, everyone was shocked. They didn't expect that such a part of the remains of the ancient emperor golden dragon would be directly raised to a full four million after two bids.

It must be said that this auction is worthy of being in the second half. Each one is a good thing that makes many big forces present flock to it.

At this moment, someone raised the price again.

A beautiful woman in a red dress smiled and said, "I am from the Tianhe Sect and am willing to bid 4.2 million."

At this time, the bidding of the crowd began to slow down. After all, the price of 4 million was already very high, and many large sects could not even afford it. After all, they might have to leave some wealth for the next auction, and they could not spend all the money on the remains of this ancient emperor golden dragon.

So at this time, the strong man of the Tianhe Sect only raised the price by 200,000.

But this was an increase of 200,000 on the basis of 4 million.

The price was directly pushed to 4.2 million, which made many people stop and dare not continue to raise the price.

At the beginning, the supreme elder of the Dragon Soul Sect also showed a trace of ugliness in his eyes.

Because of such an expensive price, he was a little bit unable to make a decision.

But after thinking for a moment, the supreme elder of the Dragon Soul Sect seemed to think that their sect really needed this ancient emperor golden dragon's remains, which was related to the future of their entire sect.

So the Dragon Soul Sect's Grand Elder gritted his teeth and said, "We Dragon Soul Sect will continue to raise the price by 100,000, a total of 4.3 million, to buy the remains of this ancient emperor golden dragon."

At this moment, everyone was silent for a moment after hearing the offer from the Dragon Soul Sect's Grand Elder.

Even the troublemaker who had just been fighting against the Dragon Soul Sect's Grand Elder did not continue to raise the price at this moment, because the price was too high.

But suddenly at this moment, a young voice came from a luxurious box: "I bid 5 million to buy the remains of this ancient emperor golden dragon."

"What?"

"The price suddenly increased to 5 million??"

At this moment, everyone was shocked.

Because this price increase was too fierce.

It made everyone retreat and feel extremely shocked.

Someone could not help but say, "This young voice seems to be the mysterious young man who bought the Rainbow Divine Pill before. He is rich and powerful, and he bids more than anyone else."

This young voice is naturally Ye Feng in the luxury box.

Because Ye Feng is in great need of this kind of cultivation resource that can greatly improve his cultivation skills.

So Ye Feng can be said to be willing to pay any price to get the remains of this ancient emperor golden dragon.

After all, this kind of thing can only be encountered by chance.

Ye Feng has been watching the auction until now, and he has obtained the seven rainbow divine pills that can improve his cultivation.

Now there is another body of an ancient emperor golden dragon that can be devoured, so Ye Feng is naturally willing to squander his wealth to buy this body of an ancient emperor golden dragon.

Sure enough, Ye Feng's fierce bid made everyone retreat and stop, and they dared not continue to bid.

After all, they felt that this body of an ancient emperor golden dragon was not worth a full five million.

However, for Ye Feng, he had a huge fortune in his hands, and it didn't matter how much money he paid. As long as he could buy what he wanted and improve his cultivation strength, he would make a profit.

At this time, the Supreme Elder of the Dragon Soul Sect suddenly looked extremely ugly, because he had no way to continue to increase the wealth of more than five million and continue to bid.

At this moment, the Dragon Soul Sect's Grand Elder glanced at the luxurious box where Ye Feng was, and there seemed to be a fierce look in his eyes, but he did not show it, and remained silent.

Next, as expected, no one continued to bid with Ye Feng, and the old host immediately smiled and said with great satisfaction: "Congratulations to this mysterious guest, who got the remains of this ancient emperor golden dragon at a price of five million. The auction item will be sent to you immediately. The price of five million, please settle it on the spot when the time comes."

Ye Feng smiled and said in the luxurious box: "Hurry up and send it over, I'm ready for five million."

"This..."

Hearing Ye Feng say this, everyone present widened their eyes slightly. It seems that this mysterious young man is really determined to get what he wants.

Someone couldn't help but sigh and said: "Who is this mysterious young man? Even the young nobles in the giant forces in the southern region of our heaven can't take out so much cash and wealth to buy so many treasures at once."

What these people don't know is that Ye Feng has experienced so much along the way, so the wealth on his body can be said to be rich enough to rival a country.

Ye Feng's wealth alone is probably comparable to all the wealth of some super sects.

At this time, the old man who presided over the auction looked at the luxurious box where Ye Feng was, and his eyes showed surprise, because even he didn't know this mysterious young man, which really made people curious.

Chapter 5355: There is an intention

At this time, whether out of respect or out of curiosity, the old man who hosted the auction personally held the remains of an ancient imperial golden dragon in front of everyone's shocked eyes, and then moved towards the one where Ye Feng was. Go to the luxury box.

Everyone was a little shocked when they saw this scene.

Some people couldn't help but said: "Sure enough, it's good to be rich. It can make these high-ranking old men who host large auctions condescend to go over and deliver the auction items in person."

But at this time, some people couldn't help but said in a rather dark voice: "Huh, this mysterious young man, no matter how rich he is, if he is not strong enough or does not have strong bodyguards, he will reveal his huge wealth today and get With so many treasures, it would be very difficult to safely leave the vicinity of Tianbing City. It is estimated that many ruthless casual cultivators or older figures from some big forces will secretly take action against this young man for his huge wealth. He intercepted the ball halfway."

While everyone was discussing, the old man in charge personally came to the luxurious box where Ye Feng was sitting with the remains of an ancient imperial golden dragon.

The moment the old host entered the box, his eyes were stunned.

Because he saw a very incredible scene.

The Frozen Saint of the Immortal Immortal Sect and the Young Master of the Demon Emperor Palace of the Great Demon God Sect, these two giants and powerful forces who were supposed to be mortal enemies, actually sat together and seemed to be having a good conversation.

It's an absolutely incredible scene.

As an elder figure in the Heavenly Weapon City auction, the old man in charge is naturally very familiar with the younger generation of the Immortal Sect and the Great Demon God Sect, the two most powerful giants in the southern region of the heaven, especially the Saint. He even knows people at the young master level.

But he never thought that the saint of the Frozen Temple and the young master of the Demon Emperor's Palace could actually stay in the same box and get along happily. This was something that no one dared to think about.

After all, the Immortal Immortal Sect and the Great Demon God Sect have been in a competitive relationship for so many years. The disciples and super geniuses under the sect have always disliked each other, and it is impossible for them to sit together and live in peace.

What the hell is going on?

But at this time, the old man in charge looked at Ye Feng, because he recognized Ye Feng's voice, which was the voice of the bidding just now.

But he had never seen Ye Feng before. He was a strange young man, and the old man in charge did not recognize him.

But the old man in charge suddenly discovered that Ye Feng might be the link between the two giant forces to coexist peacefully.

Because whether it was the saint from the Frozen Temple standing on the left or the young master from the Demon Emperor's Palace standing on the right, they almost all revolved around Ye Feng, talking to each other with Ye Feng as the intermediary.

So this shocked the old man in charge.

A strange and mysterious young man was able to make the super geniuses of the two giants sit together and communicate peacefully, and even make both parties be quite polite to him. How did he do this?

Where did this mysterious young man come from and become so powerful?

At this time, after having so many thoughts in an instant, the old man in charge did not show anything on his face, but walked up to Ye Feng very calmly and said loudly: "This ancient imperial golden dragon that you have obtained at auction." I personally sent it to you as a token of my gratitude for your strong support of our Heavenly Weapon City auction."

Hearing what the old host said, Ye Feng smiled slightly and said, "Senior, I'm exaggerating, but I am indeed very interested in the remains of this ancient imperial golden dragon."

At this time, Ye Feng took out a total of 5 million in wealth and handed it over to the old man in front of him.

Seeing this scene, the old man in charge was also shocked by Ye Feng's wealth.

The old man in charge is not someone who has never seen the wind and waves. As the old man in charge of Tianbing City, he has always been used to seeing big scenes, but this is the first time he has seen a young boy casually take out a full five hundred Handing over millions of wealth to others without batting an eye, it seems that money is treated like dirt.

This frightened the old man who was in charge, and he couldn't help but said: "Your Excellency, please don't blame me for asking. I am really curious about who you are. At such a young age, you actually have such a huge amount of money." The wealth, and the fact that Her Highness the Saint of the Immortal Sect and Her Highness the Young Master of the Great Demon God Sect can live together so peacefully, really makes me curious, really curious. "

Hearing what the old host said, the young master of the Demon Emperor Palace immediately laughed out loud and said: "Senior, you don't know something. This is the ninth young master of our Great Demon God Sect, and he is also a sudden rise among our Great Demon God Sect. Super geniuses, not to mention me, the young master of the Demon King Palace, just like the most amazing and talented young master of the Demon Palace in our Great Demon God Sect, they were all defeated at the hands of the Ninth Young Master."

"What? This heroic young man is actually the ninth young master of the Demon King's Palace of the Great Demon God Sect?"

At this moment, the old host's eyes widened slightly, as if he did not expect that an inconspicuous figure could become so powerful now.

The old man in charge finally understood why he did not recognize Ye Feng's identity. It turned out that he was a very inconspicuous person in the Great Demon God Sect. Otherwise, the old man in charge must have known Ye Feng.

At this moment, the old man in charge didn't ask any more questions. Instead, he cupped his hands and left the luxurious box with the five million given to him by Ye Feng.

At this time, Ye Feng couldn't wait to start observing the remains of the ancient imperial golden dragon that he had just auctioned.

At this moment, Leng Rushuang, the Frozen Saint of the Immortal Immortal Sect, who was standing aside, came over with great interest. She couldn't help but smile and said: "The Ninth Young Master wants to make full use of this ancient path. The remnant body of the imperial golden dragon can come to our Immortal Immortal Sect in the future. I can ask the alchemy master of our Eternal Life Immortal Sect to help you, Ninth Young Master, to fully squeeze out all the value of this ancient imperial golden dragon remnant. "

Hearing what Saint Leng Rushuang said from the Frozen Temple, Ye Feng didn't say anything yet, but the young master of the Demon Emperor's Palace standing on the other side suddenly became alert and couldn't help but look at Leng Rushuang. , said in a rather solemn tone: "Your Highness the Saint, the Ninth Young Master is the ultimate genius of our Great Demon God Sect. You must not have any plans against our Ninth Young Master."

Obviously, the young master of the Demon Emperor's Palace thought that Leng Rushuang wanted to poach Ye Feng, a super genius, into their immortal sect.

At this time, Leng Rushuang only had a faint smile on her beautiful and cold face, and said aloud: "I think the Ninth Young Master is an amazing and brilliant genius. I just want to communicate more with him. , becoming friends is not to poach the corner of your Great Demon God Sect, Young Master of Demon Emperor Palace, you think too darkly about other people."

Chapter 5356 The last auction item

Hearing what Leng Rushuang said at this time, the young master of the Demon Emperor Palace just smiled slightly and said loudly: "The ninth young master is too important to our Great Demon God Sect and to me personally, so I am more sensitive. "Please, Your Majesty the Holy Lady, you can understand my feelings."

At this moment, Leng Rushuang heard what the young master of the Demon Emperor Palace said and said nothing more.

At this time, Ye Feng ignored the conversation between the two, but concentrated on observing the remains of the ancient imperial golden dragon in his hands.

In fact, after Ye Feng observed it for a while, he felt that he had nothing to observe, so he just swallowed it and it was done.

Uh-huh!

At this moment, Ye Feng put the remains of the ancient imperial golden dragon into his storage ring, then closed his eyes and began to silently devour the blood and energy from the remains of the ancient imperial golden dragon in the storage ring.

"Boom!"

As Ye Feng began to devour, huge amounts of energy were immediately injected into Ye Feng's body.

Ye Feng could immediately feel that a very terrifying blood energy was injected directly into his body.

The next moment, Ye Feng's cultivation aura immediately began to break through rapidly.

boom!

Divine Light Realm Ninth Heaven!

boom!

The tenth heavenly perfection of the Divine Illumination Realm!

boom!

Half-step to the realm of fate! !

At this time, Ye Feng's cultivation suddenly broke through the current cultivation bottleneck, and he actually stepped directly into the new cultivation realm of Life Tribulation Realm above the Divine Light Realm.

It has to be said that Ye Feng really made the right purchase this time when he bought the remnant body of the ancient imperial golden dragon, because it allowed Ye Feng to directly break through to a whole new level of cultivation.

Although it is only half a step into the Life Tribulation Realm, it also means that one foot has stepped into this new realm above the Divine Illumination Realm.

Ye Feng could feel that his skill and fighting power had obviously increased tremendously after entering the Half-Step Life Tribulation Realm.

At this time, Ye Feng didn't hesitate at all, and immediately began to quietly stabilize his cultivation, feeling very satisfied in his heart.

"What happened? Why did you suddenly break through again?"

Standing aside, Leng Rushuang, the saint of the Frozen Temple, stared at Ye Feng with her beautiful and cold eyes. She was full of disbelief and couldn't help but said: "Ninth Young Master, you just suddenly fell into an epiphany. Are you in good condition? That's why your cultivation bottleneck suddenly broke through?"

Ye Feng nodded slightly and said with a smile: "That's right, I accidentally entered the enlightenment state just now. That's why I said before that every time I enter the enlightenment state, I am passive. There is no way to actively enter the enlightenment state. It depends on the situation. It depends, so I really can't help you, Miss Rushuang, in terms of enlightenment. Otherwise, I will definitely help you enter the state of enlightenment and help you achieve a breakthrough in your cultivation."

Hearing what Ye Feng said, Leng Rushuang couldn't help but shook her head and said loudly: "Sure enough, people can't be compared with each other. Comparing people with each other is really irritating."

At this moment, even the arrogant Saintess of the Frozen Temple, such as Leng Rushuang, was shocked by Ye Feng's powerful talent, and her mentality was a little broken. She felt that compared with Ye Feng, she was really inferior. It's too mediocre.

Ye Feng's ability is truly incredible.

At this time, the young master of the Demon Emperor's Palace was very satisfied with Ye Feng's extremely powerful talent.

Because now the young master of the Demon Emperor Palace and Ye Feng are no longer in a competitive relationship, but a very profound cooperative relationship.

The stronger Ye Feng's strength and cultivation are and the more methods he has, the more advantageous it will be for the next sect leader assessment that they will participate in together.

Because Ye Feng has already had a showdown with the young master of the Demon Emperor's Palace, Ye Feng does not want to stay in the Great Demon God Sect forever, but he just needs the huge wealth of the Great Demon God Sect.

Therefore, one of them is for fame and the other is for profit, so naturally they can cooperate together without interfering with each other.

At this moment, the old man in charge of the auction below once again took out a final auction item.

Those are ten epiphany pills refined by superpowers from ancient times. As long as you take this pill, you can have a certain chance of entering the epiphany state and break through your own cultivation bottleneck.

Seeing this thing being put on the auction stage, Leng Rushuang, the saint of the Frozen Temple, suddenly lit up her eyes and said, "I finally got what I needed. It seems to be well worth it." OK."

Next, Leng Rushuang directly participated in the bidding.

And Ye Feng also saw Leng Rushuang's huge financial resources.

After all, she is the saint of the Frozen Temple, one of the five major temples of the Immortal Sect, and she is also very wealthy.

In the end, Leng Rushuang overpowered everyone else's bidding and directly bid a total of seven million, auctioning off all ten epiphany pills and pocketing them.

Because this kind of elixir has long been lost, and now that there are ten of them, Leng Rushuang naturally wants to buy them all. In this case, the bottleneck of cultivation that has troubled Leng Rushuang for a long time will be even greater. The probability can be broken directly.

At this moment, the eyes of everyone present, including other luxury boxes, fell on the box where Ye Feng and Leng Rushuang were.

Because no one expected that two such wealthy people would appear in a small box.

And judging from the voices, the man and the woman were both very young, which made everyone couldn't help but guess what the background of the young people in the luxurious box where Ye Feng and the others were, each one richer than the other.

At this time, the old man in charge of the auction suddenly said: "The item to be auctioned next is the last item to be auctioned on the first day of the auction today."

At this time, after the old man in charge finished speaking, the eyes of everyone present were all focused on the old man in charge on the auction stage.

Because the last auction item must be the best item, otherwise, it would not be put in the last auction.

And you must know that the most grand auction of the year in Tianbing City is only held for three days in total.

So the last auction item on the first day, even among the three auctions in three days, is definitely an unparalleled good item.

At this moment, the young master of the Demon Emperor's Palace in the luxurious box couldn't help but his eyes lit up, and he said loudly: "The last auction item is definitely a priceless good thing. It is like this every year."

At this moment, Leng Rushuang and Ye Feng also looked curiously at the auction table outside the box.

At this time, everyone's eyes were full of expectation.

The old man in charge also squinted his eyes and smiled, and said aloud: "Since everyone is looking forward to the last auction item so much, I won't hold back and let people bring the last auction item directly to the stage."

After the old man in charge finished speaking, he immediately clapped his hands and asked the auction staff to bring the last auction item to the auction stage for everyone to watch.

As the old man clapping his hands fell, dozens of guards wearing golden armor suddenly ran out from the backstage of the auction. The cultivation aura of each guard was very powerful, and they were definitely first-class. Master.

"Um?"

When everyone saw such a huge battle, they couldn't help but whisper: "What on earth is this last auction item? The auction in Tianbing City has so many powerful guards to guard it. It seems very special. It's precious and priceless, so I'm afraid some extremely evil people will suddenly snatch it away regardless of the rules."

Chapter 5357: Ancestral Dragon Claw

At this time, the next moment everyone was talking, under the guard of dozens of guards wearing golden armor, a huge claw with nine claws, the whole body was covered with gold, and it looked very... Noble, was taken out.

The moment this huge golden nine-claw was taken out by the auctioneer, it immediately attracted the attention of countless people present.

At this moment, everyone felt an unparalleled terrifying pressure emanating from this giant golden claw.

Looking at this huge claw with nine claws, some people couldn't help but exclaimed: "Could this be a dragon claw? But dragon claws usually only have three claws, and five claws are already very big." It's so rare. I didn't expect nine minions to appear. What level of dragon is this?"

At this moment, the old man in charge immediately smiled slightly, and in the midst of everyone's shocked eyes, he directly said: "This is the claw of an ancestral dragon from the ancient dragon world. It is the claw of an ancestral dragon. The three-clawed dragon is The most common dragon, the five-clawed dragon is the emperor among the dragon clan, the seven-clawed dragon is the emperor, and the nine-clawed dragon is the most ancient and noble ancestral dragon among the dragon clan. Even in the ancient dragon world, Or in our heaven, the nine-clawed ancestral dragon is also an extremely rare existence. Once it appears, it will be a super big shot at the level of the world lord. Therefore, this claw of the ancestral dragon is almost comparable to the hand of a real god. If anyone can If you bid for it and successfully integrate it into your palm, you will be able to gain a hint of the power of the ancestral dragon, and even understand the secret of becoming a god."

Hearing what the old host said at this moment, everyone's eyes showed deep horror and shock.

Because no one expected that such a precious Ancestral Dragon Claw would appear in this small Heavenly Weapon City auction.

Although it is just a claw, it represents part of the body of the ancient ancestral dragon.

You must know that in ancient times, the ancient ancestral dragons were comparable to god-like existences on the earth.

Therefore, the claw of an ancestral dragon is equivalent to the palm of a god. Some super powerful forces must be very eager to get it to study its secrets, and perhaps understand the secret of becoming a god.

And the old man who presided over just now also said that although this claw of the ancestral dragon has dried up, if it can be integrated into the palm of his hand, it will definitely give him a trace of the power of the ancestral dragon.

Although it is only a trace of the power of the ancestral dragon, you must know that the ancestral dragon is a transcendent existence comparable to the gods walking on the ancient earth. Even if you

only obtain a trace of the power of the ancestral dragon, it will definitely give the practitioner a very strong combat effectiveness.

So at this moment, everyone knew the dignity of this Ancestral Dragon Claw, and they all started bidding.

"I, the Tianhe Sect, bid three million!"

"My Moon Villa offers 3.6 million yuan!"

"Hahaha, you are all too stingy. How noble is the Claw of the Ancestral Dragon? I, the Huangquan Temple, are willing to directly increase the price to five million to purchase this Claw of the Ancestral Dragon!"

"Hmph! Huangquan Temple, didn't you discover an ancient ruins a few years ago and make a small fortune? What's so great! I, the Holy Sword City, as the Holy Land of Sword Cultivators, are willing to risk everything. We are willing to offer six hundred Ten thousand!"

"hiss!"

...

At this moment, in less than a moment, the price had been raised to a full six million, causing many people present to take a breath of air.

At this time, seeing how everyone was so crazy, even Ye Feng, Leng Rushuang and the young master of the Demon Emperor Palace, who were sitting in the luxurious box, all had astonishment in their eyes, as if they did not expect that in just a short moment, the price of this Ancestral Dragon Claw has been raised to a full six million.

At this time, Leng Rushuang smiled slightly and said aloud: "I am also quite interested in this Ancestral Dragon Claw, and I also want to bid."

After finishing speaking, Leng Rushuang said directly in the luxury box: "I bid seven million."

"hiss!"

"What?"

At this moment, after Leng Rushuang finished speaking, the entire auction venue suddenly boiled.

Some people couldn't help but exclaimed: "It's the young rich woman in the luxury box before. She bid again, and she suddenly increased the price by one million, directly raising the total price to seven million. It's really It's so crazy."

And just after Leng Rushuang finished speaking, a very old-sounding voice came from another luxury box at the auction venue: "I bid eight million!"

"What??"

"hiss!"

At this moment, everyone present suddenly showed deep horror in their eyes.

Because no one expected that this Ancestral Dragon Claw, as the last auction item, would fetch a sky-high price, with the price directly raised to a full eight million. This is simply crazy.

Many people simply dropped out of the competition.

Because they know that this kind of peerless treasure cannot be competed by their ordinary practitioners or some small sects.

It is estimated that only some noble beings among the transcendent powers can continue to bid.

At this time, even the young master of the Demon Emperor Palace could not help but take a breath of cold air and said loudly: "You are really rich."

Although the young master of the Demon Emperor's Palace has a rather distinguished status, his personal wealth at his disposal is actually not much, only five or six million at most.

And in the previous auction, the young master of the Demon King Palace also bid for the auction items several times, so his personal wealth has almost been spent.

The reason why Ye Feng has so much wealth is not just because Ye Feng is the ninth young master of the Demon King Palace.

Ye Feng has always encountered many enemies, and after killing them, he has obtained and accumulated huge wealth, which allowed Ye Feng to have so much money to buy cultivation resources that can improve his cultivation skills.

At this moment, Ye Feng looked at his storage ring and found that he didn't have so much money, and Ye Feng needed to keep it and buy the cultivation resources he needed most in the auction in the next two days.

Although Ye Feng was also quite interested in this Ancestral Dragon Claw, if he bought it, he could melt it into his palm and gain a trace of the power of the Ancestral Dragon, which could greatly improve his overall strength.

But after all, it was not a good thing that could directly improve his cultivation skills, so Ye Feng was not so interested and was not willing to spend nearly 10 million to bid for this Ancestral Dragon Claw.

Ye Feng had to keep his money to buy the cultivation resources that he needed most to improve his cultivation skills in the next two days of auction.

So at this time, Ye Feng did not choose to bid.

After another luxury box bid a full eight million, Leng Rushuang did not continue to shout.

Because Leng Rushuang's personal wealth was not that much.

And Leng Rushuang had the same idea as Ye Feng. She was indeed interested in this Ancestral Dragon Claw, but her interest was not so strong that she had to spend a huge price to buy it.

Leng Rushuang also wanted to keep some funds to wait for other good things in the next two days of auction, so at this time, Leng Rushuang also withdrew from the competition.

Chapter 5358 Assassination and robbery

Just when everyone thought that the mysterious old man who had bid eight million in the luxury box would get the Ancestral Dragon Claw.

Suddenly, another old man's voice sounded: "I bid twelve million to buy this Ancestral Dragon Claw. This is all the wealth I have. Who else wants to compete with me?"

At this moment, when this voice sounded, everyone looked in that direction in astonishment.

It turned out that it was not a noble existence of a superpower, but the Grand Elder of the Dragon Soul Sect.

Before, the Grand Elder of the Dragon Soul Sect and Ye Feng had competed for a part of the body of the ancient emperor Golden Dragon.

Originally, everyone thought that the Grand Elder of the Dragon Soul Sect had little money, but they didn't expect that he would bid twelve million at once.

But everyone thought that the inheritance cultivated by the Grand Elder of the Dragon Soul Sect was related to the dragon clan.

And the Dragon Soul Sect elder also said that he took out all his wealth, which means that he was determined to get it.

He might not even plan to attend the auction in the next two days, but he must get this Ancestral Dragon Claw.

Someone couldn't help but say: "This Dragon Soul Sect's Grand Elder is the oldest senior in the Dragon Soul Sect, a first-class sect. It is said that his life span is almost coming to an end. This time he came to the auction to get a part of the ancient dragon clan to extend his life. In the face of life and death, this Dragon Soul Sect's Grand Elder will indeed spend a huge price and do everything he can. "

At this moment, when the Dragon Soul Sect's Grand Elder said the huge price of 12 million, no one at the scene really spoke.

Even the distinguished figures in the luxurious boxes did not continue to compete.

In the end, this extremely precious Ancestral Dragon Claw was pocketed by the Dragon Soul Sect's Grand Elder at a huge price of 12 million.

After receiving this Ancestral Dragon Claw, everyone saw that the Dragon Soul Sect's Grand Elder did not hesitate at all and left the auction venue directly, and even flew directly to the outside of Tianbing City.

Obviously, he no longer had the extra wealth to continue to participate in the auctions for the next two days, so there was no need to stay in Tianbing City. Instead, he chose to leave here directly.

Everyone was not surprised by this.

At this moment, in the luxury box, the young master of the Demon Emperor Palace smiled slightly, looked at Ye Feng and Leng Rushuang in front of him, and said, "Let's go too, go back to the inn to continue resting for a night, and participate in the auction tomorrow. I believe that the first day of the auction can harvest so much, and the second day will definitely harvest more."

At this time, hearing the young master of the Demon Emperor Palace say this, Ye Feng also nodded, smiled and said, "I did get a lot of good things in this first day of the auction."

Leng Rushuang also nodded slightly, and several people walked out of the luxury box directly and walked towards their respective inns.

...

At night, Ye Feng stayed in his room, trying to stabilize his cultivation.

Today in this auction, Ye Feng got a lot of cultivation resources that can directly improve his skills, allowing his cultivation to break through to the half-step life calamity realm. Ye Feng was naturally very happy.

Ye Feng decided that if there were more cultivation resources that could directly improve his cultivation skills in the auction tomorrow, he would have to buy them even if it cost a huge price, and try to break through the bottleneck of his half-step life calamity realm.

In that case, when Ye Feng returned to the Great Demon God Sect to participate in the future sect master assessment, he would be more confident.

After all, Ye Feng knew very well that he and the young master of the Demon Emperor Palace would participate in the sect master assessment of the Great Demon God Sect, and they would not only face the younger generation, but also the older generation of strong men in the Great Demon God Sect, and even the killing of super-big figures such as the master of the Demon God Palace.

So Ye Feng must do everything possible to improve his cultivation and methods within this year.

And just when Ye Feng was practicing silently.

Buzz!

Suddenly, Ye Feng's keen soul power sensed an inexplicable change.

The next moment, a pitch-black long sword suddenly stabbed out from the surrounding void and stabbed directly into Ye Feng's head. It was very cruel and decisive, and wanted to kill Ye Feng with one blow.

If it were an ordinary cultivator, even if his cultivation level was several levels higher than Ye Feng's, he would be pierced through the head in an instant by this silent assassination and die directly.

But who is Ye Feng?

Although Ye Feng's cultivation level is not as good as that of the older generation, in terms of perception and sharpness, he is definitely the king among kings.

After all, Ye Feng is a true soul master.

So at this moment, Ye Feng had already noticed the changes in the surrounding void, and immediately dodged and came to the other side of the room.

"You are...?"

At this moment, Ye Feng looked directly into the void and immediately found that the one who wanted to assassinate him in the void was actually the Dragon Soul Sect's Grand Elder!

That is, the Dragon Soul Sect's Grand Elder who bought the Ancestral Dragon Claw at a high price in today's auction and should have left Tianbing City in the eyes of everyone.

Ye Feng thought for a moment and understood something. He could not help but said with a look of shock and anger: "Grand Elder of Dragon Soul Sect, it's you! It seems that you are unwilling to leave Tianbing City directly, and want to snatch the remains of the ancient emperor golden dragon that I competed with you for from me."

The Grand Elder of Dragon Soul Sect did not know that the remains of the emperor golden dragon had been swallowed by Ye Feng a long time ago, and thought it was still on Ye Feng's body.

He did not hide it, and flew out of the void directly, smiled coldly, his eyes were full of greed and cruelty, and said: "That's right, you kid should die obediently, your cultivation is lower than mine by six or seven realms, you will definitely die."

Swish swish swish!

Swish swish swish!

After that, nine black talismans flew out of the storage ring of the Grand Elder of Dragon Soul Sect.

These nine talismans immediately covered the entire space of the room where Ye Feng was, so that the fluctuations of the battle here would not attract the attention of the outside world.

At this moment, the Dragon Soul Sect's Grand Elder stared at Ye Feng with a fierce look in his eyes, and said: "Boy, since you competed with me for the remains of the ancient emperor golden dragon,

you are destined to die. Although your status is noble and extraordinary, now I have completely sealed off the space here. I secretly killed you in the dark night, and no one knows that it was me who did it, so you kid, just die obediently."

Boom! !

After saying this, the Dragon Soul Sect's Grand Elder immediately burst out with a terrifying aura of cultivation, carrying a murderous intent, and attacked Ye Feng directly, wanting to kill Ye Feng on the spot and snatch the treasures from Ye Feng.

Chapter 5359: No use

At this time, Ye Feng had never thought that the Dragon Soul Sect's Grand Elder would be so bold, so cruel and greedy, and even thought about the remains of the ancient emperor golden dragon that he had competed with him for at the auction.

The Dragon Soul Sect's Grand Elder suddenly turned back to assassinate him secretly and rob his wealth. This was something Ye Feng had never expected.

However, since he had come at this time, Ye Feng had no fear.

Although the Dragon Soul Sect's Grand Elder's cultivation was very powerful, it was six or seven realms higher than Ye Feng.

But you have to know that Ye Feng's current cultivation has been greatly improved after today's auction and swallowed so many cultivation resources. He was directly promoted to the half-step life calamity realm.

So at this time, Ye Feng did not hesitate at all, and also burst out his own powerful cultivation power.

Buzz!

Buzz!

Ye Feng first operated his two most powerful inheritances, the Demon God's True Body and the Nine Dragons True God Art.

The two sets of inheritance are the Demonic Path inheritance and the Dragon Clan inheritance, but Ye Feng merged the two sets of inheritance into one. Every time he used the two sets of inheritance, he could burst out with extremely powerful power.

Boom!

At this moment, the demon god's true body condensed by Ye Feng merged with the nine golden dragons, and directly turned into nine towering and boundless dark dragons, with terrifying power, and directly collided with the Dragon Soul Sect's Grand Elder who rushed over in front, and the whole field suddenly erupted with a terrifying roar.

However, no matter how loud the movement here is, it can't attract people from the outside.

Because in this small room, the Dragon Soul Sect's Grand Elder has used nine spiritual talismans to shield everything here, energy fluctuations and sounds. Even if there is a huge movement here, turning the world upside down, no one outside the room can sense the fluctuations here.

So at this time, the Dragon Soul Sect's Grand Elder felt that he had Ye Feng in his hands.

The treasures on Ye Feng's body are also destined to belong to him.

The reason why he came to assassinate and rob Ye Feng was not only because he was greedy for the remains of the ancient emperor golden dragon that Ye Feng had competed with him for before, but also because Ye Feng had been making continuous bids at the auction, spending millions of dollars, which made the Dragon Soul Sect's Grand Elder think that Ye Feng was an extremely wealthy young man.

So the Dragon Soul Sect's Grand Elder planned to assassinate Ye Feng, so that all the wealth on Ye Feng would belong to him.

At this moment, the nine black dragons behind Ye Feng collided directly with the Dragon Soul Sect's Grand Elder's attack, making a series of huge roars.

The next moment, both of them couldn't help but step back several steps.

"What?"

This made the Dragon Soul Sect's Grand Elder's eyes widen, staring at Ye Feng, and said, "How is it possible? How can a young man like you, whose cultivation is so much lower than mine, fight me to a draw? No matter how powerful your cultivation heritage is, it is impossible for you to have such a terrifying fighting power."

At this time, the Dragon Soul Sect's Grand Elder was completely shocked.

Originally, he thought that there would be absolutely no problem in secretly assassinating Ye Feng, because his cultivation was so much higher than Ye Feng's, but now he never thought that Ye Feng could fight him to a draw.

It's not that the Dragon Soul Sect's Grand Elder has never encountered a super genius who can fight beyond his level, but at most he can only surpass one or two major realms.

But Ye Feng actually surpassed six or seven major realms at this moment and fought him to a draw.

This terrifying fighting power made the Dragon Soul Sect's Grand Elder feel creepy for a while.

Because Ye Feng's fighting power is really too terrifying.

At this moment, the Dragon Soul Sect's Grand Elder's eyes showed a more crazy look, and he said: "You are such a peerless genius, you must not be allowed to escape tonight, otherwise, there will be endless troubles in the future."

Hearing what the Dragon Soul Sect's Grand Elder said, Ye Feng suddenly laughed and said: "Escape? Why should I escape? The one who will die tonight must be you!"

After that, Ye Feng directly stimulated all his magic power crazily, and burst out the powerful power of the immortal body of the god.

Swish!

Ye Feng directly transformed into a golden god and attacked the Dragon Soul Sect's Grand Elder.

At this moment, the Dragon Soul Sect's Grand Elder also displayed an extremely powerful inheritance, and he roared: "Dragon Blood Battle Body!"

Boom!

At this moment, the Dragon Soul Sect's Grand Elder practiced the secret art of the dragon clan, which seemed to have merged a powerful bloodline of the dragon clan.

I saw that pieces of red scales suddenly grew on his whole body.

These scales are dragon scales, very strong, and his hands also turned into two red claws, but they are not the claws of the ancestral dragon, but just ordinary dragon claws, but they are also very strong and sharp, and they directly grab Ye Feng.

Boom!

Crack!

But in the next moment, when Ye Feng's golden fist collided with the red dragon claws of the Dragon Soul Sect's Grand Elder, it instantly shattered his steel-like red dragon claws.

"What??"

At this moment, the Dragon Soul Sect's Grand Elder immediately felt great pain, and couldn't help but said in horror: "What kind of horrible physique is this kid? How can it be stronger and stronger than my dragon blood battle body?"

Ye Feng's eyes were extremely cold at this moment, and his golden eyes showed a cold look, and he said: "From the moment you wanted to sneak attack and assassinate me, your fate of death was doomed."

Boom!

At this moment, Ye Feng burst out his extremely powerful strength with all his strength, and rushed directly to the front of the Dragon Soul Sect's Grand Elder. The golden fist was like a peerless weapon just forged from the divine furnace, and it hit the Dragon Soul Sect's Grand Elder's shoulder fiercely. With a "puff", one of the Dragon Soul Sect's Grand Elder's shoulders was smashed into mud.

The next moment, Ye Feng directly released the starry sky insect nest he had obtained before, and countless insects all rushed out, and immediately wrapped the Dragon Soul Sect's Grand Elder.

"No! Don't!"

The Dragon Soul Sect's Grand Elder screamed in fear, but it was useless.

Having been infected by the terrible insects in the Starry Sky Insect Nest, he would never be able to get rid of them, and would be eaten alive by countless insects.

Chapter 5360: Isolated and helpless

It must be said that the Dragon Soul Sect's Grand Elder was killed by his own greed. If he had not provoked Ye Feng, he would have left Tianbing City with the Claw of the Ancestral Dragon. He would have had a good ending and could have been an ancestor on his own land, acting tyrannically. Unfortunately, his greed ruined his life.

Of course, the Dragon Soul Sect's elder was also unlucky, encountering a young man like Ye Feng.

Because if the Dragon Soul Sect's Grand Elder had encountered an ordinary genius, he would have been able to kill this ordinary genius in an instant with his extremely powerful cultivation.

Unfortunately, he encountered Ye Feng.

Ye Feng was not only protected by powerful masters, but he was also a super strong man.

So the Dragon Soul Sect's Grand Elder naturally could not successfully kill Ye Feng, but died at the hands of Ye Feng.

At this time, Ye Feng did not hesitate at all. He took back all the insects in the starry sky insect nest on the body of the Dragon Soul Sect's Grand Elder. Then, without any hesitation, he directly

released the Devouring Field and began to devour the blood, Qi, power and energy of the Dragon Soul Sect's Grand Elder.

You know, the cultivation power of the Dragon Soul Sect's Grand Elder is six or seven realms higher than Ye Feng.

So after Ye Feng devoured it, he immediately felt a huge amount of energy, which was immediately injected into his body.

Ye Feng felt at this moment that his power was increasing at an incredible speed.

Ye Feng was at the bottleneck of the Half-Step Life Tribulation Realm. At this moment, with the help of the terrifying and magnificent power of the Dragon Soul Sect's Grand Elder, he also broke through and directly broke through to the real Life Tribulation Realm First Heaven!

At this moment, Ye Feng clenched his fists and felt that his strength had increased thousands of times.

Because you know, this is not just a breakthrough in a small realm, but a breakthrough in a big bottleneck, allowing Ye Feng to step into the life calamity realm, a new level of cultivation, so Ye Feng's combat power has soared.

This makes Ye Feng very satisfied.

This time, the Dragon Soul Sect's Grand Elder really sent him nutrients.

At this moment, Ye Feng also took out the wealth in the Dragon Soul Sect's Grand Elder's storage ring.

Of course, the Dragon Soul Sect's Grand Elder spent all his wealth at the end of the first day of the auction today, so there is not much money in his storage ring, but there is a very precious Ancestral Dragon Claw.

This Ancestral Dragon Claw is a dragon claw with nine golden claws, with very terrifying sharpness and strength.

Buzz!

Ye Feng naturally did not hesitate at this time, and directly began to refine the Ancestral Dragon Claw on the spot, wanting to refine and fuse this Ancestral Dragon Claw into his right hand.

In this way, Ye Feng can turn his right hand into an Ancestral Dragon Claw at any time in the next battle, with terrifying power.

You know, Ye Feng's body can accommodate thousands of attributes under the sky, so it is naturally a small problem to fuse an ancestor dragon claw.

If it were someone else, even a super strong man like the Dragon Soul Sect's Grand Elder who specializes in practicing the dragon race's heritage, it would probably take decades to fuse the ancestor dragon claw into his body, and he would also have to use various secret techniques and materials.

But Ye Feng doesn't need anything. Ye Feng only needs to use his own power and turn it into the pure power of the dragon race to melt this ancestor dragon claw and integrate it into his palm.

At this moment, with Ye Feng's continuous refining, this ancestor dragon claw was also successfully integrated into Ye Feng's right hand. As long as Ye Feng slightly moved his magic power, he could activate his right hand and turn it into the ancestor dragon claw, which has terrifying destructive power.

At this time, Ye Feng was extremely happy. Tonight was safe and sound.

Although the Dragon Soul Sect's Grand Elder suddenly returned to assassinate, Ye Feng was indeed surprised.

But fortunately, this Dragon Soul Sect's Grand Elder was not an old figure from one of the superpowers, but an old figure from an ordinary first-class sect, so his cultivation strength was still a little bit worse, and Ye Feng could deal with it. Not only did he make a breakthrough in his cultivation skills, but he also got a free Ancestral Dragon Claw worth 12 million, which was integrated into his right hand. This was really a great harvest.

In the following time, Ye Feng took a rest directly.

In the early morning of the next day, the young master of the Demon Emperor Palace brought a group of more than a dozen old masters of the Demon Emperor Palace, and the Saints Leng Rushuang and Su Xin of the Frozen Holy Temple to the door of Ye Feng's room, calling Ye Feng to continue to participate in the grand auction of Tianbing City the next day.

Ye Feng said nothing about what happened in his room last night.

Because there was no need to tell them about this kind of thing, so as not to worry them.

And the fact that he had obtained the Ancestral Dragon Claw could not be passed on, otherwise, there would definitely be a constant stream of murderous intentions coming to his door.

So Ye Feng chose to keep it secret about what he encountered last night and not tell anyone for the time being.

As for when I use the Ancestral Dragon's Claw in the future, it doesn't matter if other people know about it.

At this moment, Ye Feng pretended that nothing had happened, smiled slightly at the friends in front of him, and said: "We can go directly to the auction. I hope that the auction items presented on the second day will not disappoint us."

The young master of the Demon Emperor Hall laughed and said: "Don't worry, there were so many good things at the first day of the auction yesterday. The auction on the second day must be extraordinary."

Leng Rushuang also nodded slightly and said: "The enlightenment pill I got from the auction yesterday played a huge role for me. I was in the state of enlightenment all night yesterday. Although I consumed an enlightenment pill, it troubled me for nearly half a night. The bottleneck of my cultivation for years has also been loosened. Next, as long as I slowly swallow all the remaining enlightenment pills and continue to enter the state of enlightenment, I am afraid that the bottleneck of my cultivation that has troubled me for so long will be directly broken through. "

Ye Feng heard this and immediately smiled and said, "Then congratulations to Miss Rushuang in advance for breaking through her cultivation."

Leng Rushuang seemed to have thought of something when she heard Ye Feng say this. She couldn't help but smiled bitterly and shook her head, saying, "If my cultivation aptitude could be as great as you, the ninth young master, I wouldn't need to go through so much trouble to break through my own bottleneck of cultivation."

Ye Feng heard this and just smiled slightly without saying much.

Several people walked together towards the auction site yesterday.

However, before everyone walked to the auction site, a group of Tianbing City guards wearing black armor suddenly flew in from a certain direction in a hurry, and couldn't help but said in a very horrified voice: "In the primitive jungle outside Tianbing City, a large number of ancient evil beasts appeared and gathered together, as if they wanted to attack the city, and even formed a whole tide of millions of beasts, besieging our Tianbing City, and it seems that the beast king among the ancient evil beasts secretly set up a large isolation formation around us. Now our Tianbing City can't contact the outside forces for help, isolated and helpless, please all the masters of the major forces who came to our Tianbing City can help our Tianbing City survive this crisis!"

"What? Why is there a beast tide coming suddenly?"

"And there is also a transcendent existence at the level of the beast king?"

At this moment, hearing the words of this group of Tianbing City guards, the masters from all the major forces in the entire Tianbing City suddenly changed their faces.
