Chapter 5361 The Beast Tribe's Conspiracy

At this time, everyone was in deep shock and astonishment.

Because no one expected that the originally peaceful Tianbing City would suddenly be attacked by so many evil beasts from the primeval forest.

And there were also powerful creatures at the level of Beast King, who set up a large isolation formation to isolate the entire Tianbing City from the outside world.

This really made some people panic.

However, those who could come to Tianbing City to participate in this annual grand auction were basically masters from major forces, so they were not so panicked in their hearts.

A strong man couldn't help but say: "What is the situation now? How powerful are the ancient evil beasts that besieged the entire Tianbing City? What level of cultivation are they?" At this moment, the group of Tianbing City guards who flew over from outside the city wall immediately said: "We don't know these, because the attack has not yet reached the city. We just got the news from the frontier observation post and saw that there were many ancient evil beasts gathered in the entire primeval forest. Various monster races gathered together to attack the entire city. We don't have time to say too much now. We must hurry to inform our upper level of Tianbing City how to deal with this crisis." At this moment, after the group of Tianbing City guards finished speaking, they flew directly to the middle area of Tianbing City. The entire Tianbing City does not have a recognized city lord, but a group of dozens of super masters recommended by major forces or wandering warriors. The upper group composed of maintains the normal operation of the entire Tianbing City. At this moment, seeing this group of guards leave, many masters in Tianbing City couldn't help but fly quickly towards the outside of the city to see what happened.

At this moment, Ye Feng and others on the road also looked a little confused. It seemed that they didn't expect that they were well prepared to participate in the auction of Tianbing City, but in the end there was a terrible beast tide that wanted to besiege the entire Tianbing City.

The young master of the Demon Emperor Palace couldn't help but smile bitterly, and said: "It seems that this auction cannot be held for the time being. We are really unlucky. We have encountered a beast tide attacking the city that has not appeared for decades."

The Saint of the Frozen Temple, Leng Rushuang, also showed a trace of surprise in her eyes at this moment, and said: "Yes, over the years, I have come to Tianbing City many times, but I have never encountered the monsters in the primeval forest that dare to form a beast tide and attack the entire Tianbing City. Because the status of Tianbing City is very special, it is not an ordinary frontier city, but a city between the two giant forces in the southern region of the heaven, the Great Demon God Sect and the Changsheng Immortal Sect. Therefore, with the support of these two giant forces behind it, those powerful monsters in the primeval forest, even powerful creatures at the level of the Beast King, I am afraid they would not dare to offend Tianbing City easily, fearing the anger of the two giant forces, but I didn't expect that there would be powerful creatures at the level of the Beast King today, so bold and reckless, setting up a large isolation formation, and organizing such a large-scale attack, wanting to attack the entire Tianbing City. "

Ye Feng said at this moment: "Let's go outside the city wall first. If we can leave Tianbing City, it's better to leave here first, otherwise there will be great danger in the chaos, after all, there are powerful creatures at the level of the Beast King. "

Although Ye Feng is bold, he is not blindly conceited. He knows very well that the one who can be called the emperor among the monsters can definitely be comparable to the top super powers among the two giant forces.

This level of existence, Ye Feng can't deal with it at all, so Ye Feng's first reaction is to leave Tianbing City, a place of trouble, as much as possible if he can leave.

At this moment, the young master of the Demon Emperor Palace nodded and said, "Young Master Nine is right. We don't need to rush into this muddy water. Tianbing City has nothing to do with us, and it is not a force under our Great Demon God Sect or Changsheng Xianmen. So if we can leave here in advance, we should leave here as soon as possible to avoid the danger of falling in the chaos."

When Leng Rushuang, the Saint of the Frozen Temple, heard what the young master of the Demon Emperor Palace and Ye Feng said, she nodded slightly and agreed with their views. Several people flew directly to the outer area of Tianbing City.

When they arrived at the edge of Tianbing City, they flew to the tall and majestic city wall and looked at the surrounding wilderness. As expected, they found a group of ancient monsters, which were already rushing towards Tianbing City.

At this time, several huge pterosaurs that covered the sky appeared in the sky, and they opened their mouths and spewed out terrifying dragon flames. In an instant, the towering city wall collapsed and several gaps appeared.

At this moment, the ferocious monsters and evil beasts in a large area of primordial forest immediately passed through those gaps and quickly rushed into the city of Tianbing City.

"Everyone, stop these ancient evil beasts from attacking Tianbing City!"

At this moment, the guards and masters in Tianbing City immediately rushed out from the surroundings fully armed and quickly killed those ancient monsters that wanted to rush into the city of Tianbing City.

At this moment, the face of the young master of the Demon Emperor's Palace seemed a little ugly, and he couldn't help but said: "It seems that we have no way to leave early. The surrounding area of several hundred miles has been completely surrounded by the beast tide in the primeval forest. Come on, if anyone goes out alone now, he will definitely be shot first, and will be instantly overwhelmed by countless beasts. There are even powerful creatures at the level of beast kings who are secretly observing, and may take action to suppress those who want to escape from Tianbing City. A strong human being."

Leng Rushuang, the saint of the Frozen Temple, nodded solemnly at this moment, with a rather ugly look in her beautiful and cold eyes, and said loudly: "This time it is definitely a beast. The conspiracy of the tribe, taking advantage of the fact that many strong human race and super geniuses from various major forces gathered in Tianbing City to participate in the annual grand auction, these ancient evil beasts in the primeval forest suddenly launched a beast tide, and even The isolation formation was set up to prevent all the movements here from leaking out, probably in order to exterminate all the giant forces and the top geniuses in the first-class sects in the entire southern region of Heaven, causing heavy losses to the new forces in the entire southern region of Heaven. Because these super geniuses are the pillars of the major forces. If we can catch all these peerless geniuses in Tianbing City, it will probably be a huge victory for the Orcs in the entire primeval forest. The elites of the major human forces in the southern region of Heaven suffered huge losses."

Hearing this, Ye Feng nodded at this time and said: "To suddenly take action at this time, launch such a huge and terrifying beast tide, and even have the superior Beast King take action, it is definitely a conspiracy. It seems that We can't leave here today, so we can only fight with our last breath and wait for the super powerful men from the Immortal Immortal Sect and the Great Demon God Sect to come and support us."

Chapter 5362: Guarding Tianbing City

While Ye Feng and the others were discussing, suddenly a group of more than a dozen old men wearing luxurious clothes came flying from the middle area of Tianbing City.

These old men in luxurious clothes should be the upper echelons of the entire Tianbing City.

I saw them speaking out to everyone in Tianbing City: "The situation is urgent now, the beast tide is ferocious, everyone has seen it, and I also ask all fellow Taoists from all major forces to help our Tianbing City survive this disaster. As long as this catastrophe of beasts can be prevented, the upper echelons of our Tianbing City will definitely be grateful. All the auction items and precious things in the auction in the next two days will be distributed according to their work and rewarded to those who have made meritorious service in this catastrophe. The biggest person."

At this moment, after hearing what the upper-level old man of Tianbing City said, many strong men from all major forces in Tianbing City were originally prepared to protect themselves wisely, but now they suddenly started to be eager to try.

Because everyone knows very well that the auction items in the two remaining auctions in Tianbing City must be very precious. If it can really be used as a reward for them to resist this beast tide, then naturally many people are still willing to do it for Tianbing. Fighting for the city.

And everyone now knows very well that they can't do it without fighting, because millions of ancient evil beasts in the primeval forest have been besieging them from all directions.

So now even if the upper echelons of Tianbing City don't pay them, they still have to fight for their lives.

So at this time, with the promise from the top of Tianbing City, and now that everyone had no choice, they all burst out with their powerful cultivation power, and immediately rushed outside the city wall and entered the beast tide. , and started fighting crazily with the ancient evil beasts among the beast tide.

At this moment, Ye Feng and the others standing on the city wall looked at each other a few times.

Then the Saint of the Frozen Temple, Leng Rushuang, smiled slightly and said: "Now that we have encountered a tide of beasts that has been rare in decades, we have no choice but to participate in the battle. It just so happens that maybe I can use it This time of beast tide, coupled with the epiphany pill I obtained, gave me an opportunity to achieve enlightenment during the life-and-death fight, thus breaking through the bottleneck of my cultivation."

Uh-huh!

After saying that, Leng Rushuang flew quickly in a certain direction with Su Xin.

At this moment, a blue sword appeared in Leng Rushuang's hand.

Uh-huh!

She swung it out violently, and a terrifying wave of ice suddenly burst out from the blue sword, freezing the majestic bodies of dozens of ancient evil beasts not far away. Frozen in place.

Click! Click!

Then the ice shattered, and the entire bodies of dozens of ancient evil beasts shattered into pieces, turning into icy debris on the ground.

"What a powerful strength!"

At this moment, when many powerful human beings around saw this scene, they couldn't help but look in deep amazement in their eyes.

Someone recognized Leng Rushuang's identity and immediately couldn't help but said in surprise: "It turned out to be Leng Rushuang, the saint of the Frozen Temple of the Immortal Sect. This is in the southern region of our heaven, but she is well-known among the younger generation. She is a goddess-level figure, and her cultivation is very strong. It seems that we are really a crouching tiger, hidden dragon in the Heavenly Weapon City this time."

At this moment, the young master of the Demon Emperor's Palace also looked at Ye Feng and said: "Let's also kill these ancient evil beasts in the beast tide. There are more than a dozen elders and strong men from our Demon Emperor's Palace around to assist us. , our small group shouldn't have any big problems."

The young master of the Demon Emperor's Palace was not too worried from the beginning to the end, because this time he did not come alone, but with a dozen of the most powerful elders in the Demon Emperor's Palace.

If Tianbing City really cannot hold out in this beast tide, the young master of Demon Emperor Palace can safely leave this land of right and wrong under the protection of more than a dozen elders, but there will definitely be losses. Some elders are strong, so for the time being, the young master of the Demon Emperor Palace did not choose to risk leaving, but first saw whether he could join forces with the people in Tianbing City to resist this wave of beasts.

At this moment, Ye Feng nodded slightly and said: "I will go to other places to fight, hunt down the ancient evil beasts in the beast tide, and help Tianbing City resist this terrifying beast tide."

Hearing what Ye Feng said, the young master of the Demon Emperor's Palace immediately stared blankly and couldn't help but said: "Young Master Ninth, aren't you with us? In this case, isn't it too unsafe? It's not me. If you don't believe in your personal strength, but you are alone in this chaotic beast tide, you will probably be unable to defeat four people with two fists, and you will be isolated and helpless."

Hearing what the young master of the Demon Emperor's Palace said, Ye Feng smiled slightly and said: "Don't worry, if you really can't stand it, I will come to you, and there is another more important reason. , if our powerful forces are gathered together, we will definitely attract the attention of those extremely powerful ancient evil beasts. If those beast kings, or even powerful creatures at the level of beast kings, notice the power of our group, they will definitely give priority to destroy us. Such a powerful small group."

Hearing what Ye Feng said, the young master of the Demon Emperor Palace suddenly realized and couldn't help but said: "Ninth Young Master, you are right. It seems that the ninth young master is not only powerful in cultivation, but also extremely intelligent. Since In this case, then Ninth Young Master, you can act alone, and I will also let a dozen or so senior experts share some of their strength, so as not to be regarded as the leader. "

Ye Feng smiled and nodded when he heard this, and said, "Okay, then we'll see you later."

After that, Ye Feng rushed towards a gap outside the city wall.

The gaps in the city wall that were collapsed by the fire-breathing pterosaurs in the sky just now had the most ferocious beast tide, so Ye Feng naturally wanted to go there.

Because in that way, as many ancient evil beasts as possible can be blocked to prevent the ancient evil beasts from rushing into the inner area of Tianbing City and causing internal chaos.

As long as many human race warriors guard the surrounding city walls, there will be no big problems for a while.

But once more and more ancient evil beasts are allowed to enter the city and destroy it, the fortress of Tianbing City will collapse from the inside.

So at this time, Ye Feng felt that his strength was quite strong among the crowd, so he naturally had to go to the gap to resist the most ferocious beast tide.

And there is another more important reason. Many powerful beings ranked high in Tianbing City are hunting the most ferocious beast tide in that gap, so the number of ancient evil beasts killed there is the largest, and the blood energy generated is more terrifying.

Ye Feng can secretly devour and absorb the most magnificent blood energy in the entire field to strengthen his own cultivation skills.

At the same time, Ye Feng can use his extremely powerful combat power to share the worries and difficulties of many human race strongmen and protect the entire Tianbing City, which is a two-pronged approach.

And Ye Feng saw that the saints Leng Rushuang and Su Xin of the Frozen Temple were also resisting the ferocious beast tide in the most dangerous gaps. It happened that there were acquaintances there, so they could take care of each other.

Chapter 5363 Beast King Level

At this time, when Ye Feng rushed to the gap, he saw hundreds of ferocious beasts, trying to penetrate into the entire city from the wilderness outside the city wall.

At this moment, Ye Feng also saw that there were many masters with powerful cultivation standing in front of this gap. They were all using various inheritances and weapons to kill the ancient evil beasts who wanted to get into this gap. .

At this moment, Leng Rushuang and Su Xin were also cooperating with each other to attack the ancient evil beasts that were getting into this gap.

Ye Feng rushed over, and Leng Rushuang saw it immediately, and said happily: "Ye Feng, I didn't expect that you would not be afraid of hardships and come to this most dangerous place."

At this moment, Ye Feng just smiled and said: "There are people I know here, and we can take care of each other."

Uh-huh!

When talking about this, suddenly an ancient evil beast with golden scales all over its body, with three heads and six arms, each holding a weapon made of steel, has very powerful power. , heading directly towards Ye Feng to kill.

At this moment, Ye Feng naturally did not hesitate at all, and immediately punched out hard.

boom!

The moment Ye Feng's fist was blasted out, it immediately turned into a golden fist, which had extremely terrifying power. It directly shattered the entire body of the ancient evil beast that rushed over with three heads and six arms, and fell instantly.

"What a strong body!"

At this moment, a strong human being wearing blue armor not far away couldn't help but his eyes lit up. He stared at Ye Feng and said loudly: "This little brother, which sect do you come from? With such a powerful body, even our Barbarian King Sect's peerless ancient Barbarian King Body feels unable to compete with your golden physique."

When Ye Feng heard this strong human being wearing blue armor say this, he immediately smiled and said, "I come from the Great Demon God Sect."

"It turns out he is a disciple of the Great Demon God Sect!"

At this time, the strong human race wearing blue armor suddenly realized something and said loudly: "The Great Demon God Sect does have a very powerful body training method, and it is one of the two giant forces in the southern region of our heaven." One, it's true that heroes emerge from youth."

At this moment, Ye Feng laughed loudly, without saying anything, and rushed directly into the group of ancient evil beasts outside the city wall in front. Using the powerful constitution of his immortal body as a weapon, he frantically killed those rushing towards them. The ancient evil beasts came over.

At this time, when they saw Ye Feng rushing directly into the wilderness outside the gap, fighting many ancient evil beasts, the other strong human beings guarding the city wall suddenly showed deep admiration in their eyes. He said aloud: "This little brother is so strong and courageous. He actually dared to rush outside the city wall alone and fight countless ancient evil beasts in the wilderness. It's amazing. I admire him."

At this moment, many other strong human beings seemed to be inspired by Ye Feng, and they rushed out of the Tianbing City to fight with those ancient evil beasts.

At this moment, while Ye Feng was killing these ancient evil beasts, he quickly released his Devouring Domain, frantically devouring the blood and energy of the fallen ancient evil beasts around him.

You must know that at this moment, around the entire gap, there are countless ancient beasts trying to rush into the city. Therefore, the blood energy of these fallen ancient beasts that Ye Feng swallowed was not only those he killed, but also other powerful human beings. The one who killed him.

The number of ancient evil beasts Ye Feng killed was actually only a small part. There were many other powerful human beings, super masters from various major sects. The number of ancient evil beasts they killed was more than what Ye Feng had killed by himself. Many times more.

However, other people cannot use the blood energy generated by these ancient evil beasts after their fall. However, Ye Feng can secretly devour it in the chaos and make breakthroughs in his cultivation without attracting the attention of others.

After all, the place is too chaotic now. Who would pay attention to a human cultivator's breakthrough in cultivation.

Not to mention that Ye Feng's cultivation level is actually not very eye-catching in the entire Tianbing City, so many people have not paid attention to Ye Feng's true combat power, which is actually much more powerful than his revealed cultivation level. many.

"Crash!"

At this moment, as Ye Feng engulfed him, waves of blood energy like a vast ocean were injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's power. Ye Feng's cultivation aura immediately became stronger at this moment. Breakthroughs were made quickly and continuously.

boom!

The second level of fate calamity realm!

boom!

The third level of fate calamity realm!

boom!

The fourth level of Fate Tribulation Realm! !

In just a short moment, Ye Feng had already broken through to the fourth level of the Life Tribulation Realm, and had broken through the entire third level in a row.

It has to be said that this time Ye Feng was supplemented by a huge amount of energy in this violent beast wave, which made Ye Feng very excited. It seemed that he was a blessing in disguise this time.

At this moment, Ye Feng wanted to continue to devour, but at this time, an extremely powerful divine thought suddenly locked onto Ye Feng.

Uh-huh!

Immediately, a huge pterosaur covered with amethyst scales swooped down from high in the sky. The dragon's claws, which seemed to be made of purple iron, were terrifyingly sharp and grabbed Ye Feng, as if it could crush everything in the world in an instant.

At this time, after sensing this terrifying aura, Ye Feng hardly hesitated at all, and directly waved his golden fist violently, colliding with the claws of the amethyst pterosaur that swooped down from the sky.

Boom! !

The next moment the two collided, a huge energy wave was produced, sending all the ancient evil beasts and powerful human beings within a few hundred meters of the surrounding area flying backwards.

The next moment, Ye Feng couldn't help but take a dozen steps back.

As for the huge pterosaur covered with amethyst scales, it continued to rush towards Ye Feng without stopping at all.

This made Ye Feng's eyes suddenly show surprise.

The absolute strength of this amethyst pterosaur is terrifying!

Not far away, a group of strong human beings stared at the Amethyst Pterosaur that collided with Ye Feng. They couldn't help but exclaimed: "This is an ancient evil beast at the level of a beast king! It's so powerful! It's almost as good as us. The top master among the human race! That little brother, you must be careful!"

At this moment, Leng Rushuang also noticed the changes here, and immediately flew towards Ye Feng, saying loudly: "Ninth Young Master, I'm here to help you! This beast king is terrifyingly powerful, and you cannot fight it alone. Yes, if you are not careful, you will fall."

Chapter 5364: New Beast King

At this time, Ye Feng saw Leng Rushuang flying over, and immediately said: "Okay, let's work together to see if we can kill this amethyst pterosaur directly."

For Ye Feng, this amethyst pterosaur is indeed very powerful. It is a beast king level existence, a full seven or eight realms higher than his current level. It is indeed not something that he can fight alone.

If Leng Rushuang, the saint of the Frozen Temple, helps him, then his pressure will indeed be much less.

At this time, Su Xin wanted to come with Leng Rushuang to help Ye Feng, but Leng Rushuang refused. She looked at Su Xin and said, "Sister Su Xin, your cultivation strength is not as good as ours after all." At this level, it will be safer for you to stay within the city wall. After all, there are more powerful human beings around. It is enough for the Ninth Young Master to help him alone."

Hearing what Leng Rushuang said, Su Xin's beautiful eyes seemed to show a look of disappointment. After all, she wanted to help Ye Feng, because Ye Feng was her savior.

But at this time, Su Xin also knew that what Leng Rushuang said was right. It might not be helpful if she went there. After all, she was just an ordinary disciple of the temple. Compared with a saint-level figure like Leng Rushuang, she was indeed There is no way to compare, there is a big gap in strength.

So at this time, Su Xin nodded slightly and said, "Okay, sister Rushuang, you must be careful."

At this moment, Leng Rushuang nodded and flew directly towards Ye Feng.

In the process of flying away, Leng Rushuang directly used an extremely powerful ice inheritance: Ice Sealing Heaven Technique!

Buzz!

At this moment, an extremely terrifying ice energy suddenly burst out from Leng Rushuang's body, freezing the entire world into a world of ice and snow.

The Beast King Amethyst Pterodactyl, which was about to attack Ye Feng, was immediately hindered by this terrifying frozen air and became very slow.

At this moment, Ye Feng directly displayed his extremely powerful inheritance, the true form of the Demon God!

Boom!

At this moment, countless demonic energy suddenly emitted from behind Ye Feng, directly condensing into a demon god's true form that was tens of thousands of meters tall. It had a terrifying sense of oppression, covering the sky and the sun, and instantly moved towards This amethyst pterosaur attacked and left.

Boom!

The power of the demon god's true form was so terrifying that it sent the amethyst pterosaur flying backwards with one fist.

The next moment, when Ye Feng saw this scene, he rushed forward and stretched out his right hand fiercely.

At this moment, Ye Feng's right hand immediately turned into the claw of the ancestral dragon. The claw of the ancestral dragon with nine golden claws became very huge and had a terrifying sense of oppression, just like the ancient dragon's claw. The Ancestral Dragon stretched out a claw, piercing the void of time, and immediately struck the amethyst pterosaur hard.

Ye Feng's claws of the ancestral dragon seemed to have a natural suppression on the dragon clan. The amethyst pterosaur suddenly screamed in horror and said: "How can you, a human, possess the claws of the ancient ancestral dragon? You can even exert it. A trace of the power of the ancient ancestral dragon, this is impossible!"

At this moment, when Ye Feng used the claws of the ancestral dragon, the shadow of an ancient ancestral dragon even appeared in the void behind him, giving Ye Feng's claws a hint of the power of the ancient ancestral dragon.

Tear it apart!

And at the next moment, Ye Feng used the claws of the ancestral dragon and directly tore off one of the wings of the amethyst pterosaur.

"ah!"

This amethyst pterosaur couldn't help but scream.

When many powerful human beings not far away saw this scene, they all shouted excitedly and said: "Okay, great, it's really too powerful!"

At this moment, it was obvious that all the powerful human beings were inspired by Ye Feng's attack.

Because Ye Feng and Leng Rushuang jointly attacked a very rare and powerful Beast King level existence, so now that Ye Feng has torn off one of the Beast King's wings, it is naturally very exciting for many people.

Boom!

But suddenly at this moment, another huge orangutan covered with silver scales came flying over from a short distance. With every step, the whole earth seemed to be shaking.

This silver-scaled gorilla was obviously another beast king, and its strength was definitely no less than that of the amethyst pterosaur. It charged directly in the direction of Ye Feng and Leng Rushuang.

Leng Rushuang sensed the aura of the beast king emanating from this silver-scaled gorilla, and immediately couldn't help but change his face, and said loudly: "Another beast king, how many beast kings were dispatched this time? Really? It's so shocking."

You must know that the Beast King is an overlord-level existence in the primitive forest, which is extremely rare. However, in this short moment, two Beast King-level existences have appeared on the field, which is really shocking.

Many strong human beings in the city wall saw this scene and couldn't help but said worriedly: "This time the tide of beasts launched in the primeval forest, even the existence of the beast king level, is all as a charge, in the front. Attacking the entire city, so to speak, the person commanding the entire beast tide behind the scenes is probably a top-level existence at the level of the legendary

Beast King, which is comparable to the level of the controller of the giant forces in the southern region of our heaven. "

At this moment, many people showed deep worry in their eyes, thinking that this beast tide was definitely not as simple as they imagined.

A powerful existence in the primeval forest might really want to bury all the young generations of the major forces in Tianbing City.

At this time, Ye Feng did not think much, but just said: "No matter how many beast kings come, we must fight with all our strength."

After that, Ye Feng looked at Leng Rushuang beside him and said: "The purple crystal pterosaur beast king, one of its wings has been torn off by me, and its combat power has been greatly reduced. I will leave it to you, Miss Rushuang, and I will deal with the new beast king that is rushing over."

After that, Ye Feng rushed directly towards the silver-scaled gorilla.

Boom!

At this moment, Ye Feng used all his strength to burst out the Immortal Body of the God. His whole body began to expand rapidly, and he actually expanded into a golden giant that was in no way inferior to the silver-scaled gorilla. His left hand was clenched into a fist, and his right hand was the claw of the Ancestral Dragon. In the midst of countless shocked eyes, he directly fought with this new Beast King. Blood splattered everywhere, and the battle was wild to the extreme. The two were actually evenly matched, with no one better than the other!

Chapter 5365 It's too late

"What a strong body!"

"Who is this super genius from the Great Demon God Sect? He actually has such a powerful physical strength. The golden physique he has cultivated is like something I have never seen before!"

"The Great Demon God Sect probably rarely has this kind of inheritance. Could it be that this super genius's physique has nothing to do with inheritance, but that he possesses the ancient special bloodline power? As a result, he has developed this special golden physique."

At this moment, many other powerful human beings present had deep surprise in their eyes when they saw the scene of Ye Feng fighting the new beast king Silver Scale Gorilla outside the city wall.

Because they have never seen a cultivator among their human race who can be with a powerful creature and beast at the level of a beast king just by relying on the power of his body.

You must know that those who can cultivate to the level of beast kings not only have very powerful cultivation skills, but the moment this ancient evil beast becomes a beast king, it will also be baptized by the thunder of the nine heavens, and the body of the beast race will become as strong as divine iron. generally.

Even if a human cultivator of the same level encounters a Beast King of the same level, if they have a head-on confrontation, they will definitely be torn apart by the Beast King.

But Ye Feng's cultivation is weak, and the golden giant he has transformed into can actually fight with this beast king, regardless of who is superior or inferior, which is extremely shocking.

And just when everyone felt that with a super genius like Ye Feng, they would be able to survive this crisis safely.

"Boom!"

The whole earth suddenly opened a huge gap.

And this huge gap opened right in the area where Ye Feng and the silver scale gorilla were fighting.

Uh-huh!

Almost at the next moment, in front of everyone's shocked eyes, a huge python with a length of tens of thousands of meters, and a huge blue horn on its head, rushed out from the crack in the ground and opened its mouth. The bloody mouth bit towards Ye Feng, the bloody storm was very terrifying.

This one-horned python tens of thousands of meters long is covered with golden scales and seems to contain a trace of the blood of an ancient golden dragon. The aura exuding from its body is equally oppressive. It is obvious that this is another beast king!

"The third beast king has appeared!"

"What's going on? Why did three beast kings suddenly appear in this wave of beasts?"

"Existences at the level of beast kings are usually very rare and hard to come across. Today, three beast kings suddenly appeared, and two beast kings are besieging the super genius of the Great Demon God Sect. This is going to be troublesome! This boy will become very difficult, and there may even be a risk of falling."

At this moment, while everyone was talking, Ye Feng faced a one-horned golden python beast king that suddenly rushed towards him, and immediately couldn't help but retreat quickly.

Ye Feng fought a beast king equally, but with the addition of a beast king of the same level, no matter how powerful Ye Feng was in combat, he had to avoid the edge for a while.

Seeing Ye Feng being defeated by the joint attack of the two beast kings, many human warriors in the city wall killed the ancient beasts that rushed in, and quickly shouted in the direction of the city: "Heavenly Soldier City." What are the dozen old guys at the top doing? Why don't they come out to help this super genius of the Great Demon God Sect deal with these beast kings?"

In the city, a guard from Heavenly Weapon City couldn't help but said: "Everyone, there is really nothing we can do. The dozen or so upper-level officials of our Heavenly Weapon City are also busy refining and casting an extremely powerful ancient weapon at this moment. Treasures to fight against the terrifying and powerful existence of the Beast King level that may appear at any time."

Hearing what the guard from Tianbing City said, many powerful human beings around him couldn't help but fell silent.

It seems that everyone is busy with themselves now and has their own responsibilities and tasks.

Many people looked at Ye Feng and prayed silently, hoping that Ye Feng could hold on.

At this time, when the third beast king, a one-horned golden python, appeared, Leng Rushuang couldn't help but said: "Ninth Young Master, let me help you."

Ye Feng immediately stopped Leng Rushuang's behavior and said: "First, use all your strength to kill the amethyst pterosaur that has suffered heavy damage just now. I can withstand these two new beast kings for the time being. If you come to my side now, it will be very difficult for the two of us if the three beast kings join forces to let the amethyst pterosaur breathe."

Hearing what Ye Feng said, Leng Rushuang looked at Ye Feng, with worry and admiration in her beautiful eyes. She immediately nodded and said, "Okay, Ninth Young Master, you just hold on a little longer. After this amethyst pterosaur lost one of its wings, it moved even more slowly and suffered heavy damage. If you give me a little more time, I will definitely be able to kill it completely."

After Leng Rushuang finished speaking, she directly used her special treasure, and suddenly a small crescent moon light appeared in the middle of her eyebrows, bursting out from the middle of her eyebrows.

The moment the light of this small crescent moon burst out, it turned directly into a majestic moon pattern that was tens of thousands of meters long. It had a terrifying sense of oppression and moved towards the amethyst pterosaur.

At this moment, on the other side of the battlefield not far away, Ye Feng was fighting against the two beast kings with one person.

At this time, the one-horned golden python that emerged from the underground crack immediately made a human voice and said: "I didn't expect that you, a little human boy with such weak cultivation, would have such a strong fighting power. You were able to survive the attacks of our two beast kings without suffering a serious injury. You are indeed a rare genius. However, the more geniuses like you appear in the human race, the more we will destroy you, the future pillars of the human race. Sooner or later, the entire southern land of the heaven will belong to our beast race, and you humans will become slaves of our beast race!"

At this moment, after the one-horned golden python finished speaking, it immediately looked at the silver-scaled gorilla beside it and said: "Silver-scaled gorilla king, don't hesitate any more. This human boy is difficult to kill. We can only do our best to completely wipe him out. Let's directly use our strongest magical powers."

After speaking, the one-horned golden python immediately opened its bloody mouth and spit out a golden round bead, which turned into the size of a mountain, with terrifying and majestic power, as if it could shatter everything.

The silver-scaled gorilla was beating his chest and stamping his feet crazily. Every silver scale on his body fell off at this moment. Then, in his right hand, a fifty-meter-long silver sword condensed and shone with the light of thunder.

The two beast kings obviously used their strongest trump cards at this moment and attacked Ye Feng, with terrifying destructive power.

Even Ye Feng's face changed suddenly at this time, and he felt that his whole body was going to be disintegrated inch by inch under this terrifying attack!

"Not good, the two beast kings are starting to fight with all their strength, and the super genius of the Great Demon God Sect is expected to fall!"

At this moment, many people saw this scene and couldn't help rushing towards Ye Feng, wanting to help Ye Feng.

But there were too many ancient beasts around, and all the human race strongmen in the city wall were blocked, preventing them from helping Ye Feng, the super genius.

Obviously, the ancient evil beasts in the beast tide were organized, not blindly attacking the entire city, but cooperating with each other.

"Oh no! The Ninth Young Master is in danger!"

Leng Rushuang was about to kill the Amethyst Pterosaur not far away, but when she saw Ye Feng on the other side being enveloped by the destructive attacks of the two beast kings, her beautiful face suddenly changed, and she wanted to rush to Ye Feng regardless of everything.

But it was too late.

At this moment, the unicorn golden python stared at Ye Feng, and immediately laughed cruelly, saying: "You, the super genius of the human race, have been enveloped by our strongest attack.

There is no way to retreat. Today, you will definitely be bloodied on the spot and completely destroyed by us!"

Chapter 5366: A true genius

At this time, the situation was extremely critical.

Ye Feng was alone, and was enveloped by the most powerful attacks of the two beast kings, with no way to retreat.

At this moment, even though Ye Feng had an extremely powerful immortal body of a god, he felt as if he was about to be torn apart.

These two powerful beasts at the level of beast kings were indeed extremely terrifying. After exerting their strongest magical powers, the lethality they unleashed was simply terrifying to the extreme.

"Human boy, you are dead!"

The one-horned golden python's eyes were full of cruel smiles.

However, at this time, Ye Feng's eyes were not too worried, but he instantly chose a countermeasure.

First, Ye Feng moved his mind directly and moved the demon god's true body that he had condensed before directly in front of him, resisting the terrifying attacks of the two beast kings.

Crack! Crack!

At this moment, the demon god's true body was broken into pieces after enduring this terrifying attack, and was directly shattered, but it also helped Ye Feng resist the first wave of terrifying lethality.

Then, without any hesitation, Ye Feng immediately released the Starry Sky Insect Nest that he had obtained before.

However, this time, Ye Feng did not release the insects to attack the enemy, but let the terrifying insects in the Starry Sky Insect Nest crawl all over his body, forming an "armor" composed of insects on his body surface.

These insects are not afraid of the flame attacks of top figures such as the Flame Demon God before, and they cannot kill these insects.

Therefore, the attacks of the two beast kings, after being weakened by the first defense of the Demon God's true body, were successfully blocked by the "armor" composed of countless insects in the Starry Sky Insect Nest when they attacked Ye Feng.

Ye Feng did not suffer any damage.

"What?"

Seeing this scene at this moment, both the Silver Scaled Gorilla King and the One-Horned Golden Python widened their eyes at this moment, as if they had never thought that the terrifying attacks they released after trying their best to display their trump cards were successfully blocked by Ye Feng.

Swish!

In the next moment, Ye Feng did not hesitate at all. He flashed in front of the one-horned golden python in an instant, and directly stretched out his right hand fiercely, which turned into an ancestral dragon claw and blasted towards the one-horned golden python.

Puff!

Almost in the next moment, Ye Feng's ancestral dragon claw directly tore half of the one-horned golden python's body into pieces.

"Ah!"

At this moment, the one-horned golden python immediately let out a huge scream.

Its body was torn into two halves. Even if it was a ferocious beast at the level of the beast king, it could not bear the heart-wrenching pain at this moment.

The reason why Ye Feng attacked the one-horned golden python first was because the one-horned golden python had the best brain, so he killed the beast king with extremely high intelligence first.

Moreover, his own ancestral dragon claw originally had a natural suppression and blessing damage to creatures such as snakes and dragons.

As for the silver-scaled gorilla, this beast king seemed to have a bad brain and could only act recklessly, so it was best to leave it for the end.

At this moment, Ye Feng resisted all the attacks and successfully tore the unicorn golden python in half, which made many human race warriors who were worried about Ye Feng not far away suddenly show a look of shock on their faces, and then they were deeply overjoyed.

Some human race warriors couldn't help but say: "Good! Great! As expected of the super genius of the Great Demon God Sect, he is really powerful and terrifying!"

Leng Rushuang, who wanted to rush over to help Ye Feng not far away, also stopped.

Because she found that Ye Feng's real combat power was much stronger than she imagined.

And Ye Feng's various trump cards were used, which made people dazzled.

Especially when Ye Feng resisted the joint attack of the two beast kings just now, those terrible insects made many people daunted, thinking that Ye Feng had too many trump cards and it was incredible.

At this moment, Leng Rushuang focused on attacking the amethyst pterosaur.

Ye Feng looked at the golden python with one horn not far away and found that it was not dead after its body was broken into two sections.

After all, beasts at the level of beast king have extremely strong vitality.

The golden python with one horn quickly wanted to take back the golden round bead that it had spit out before, and wanted to restore its own strength.

But Ye Feng had already taken a step forward and directly stretched out his hand to grab the golden round bead.

At this moment, a thunder force immediately erupted from the golden round bead, trying to shake Ye Feng's palm away.

But Ye Feng's hands had already turned into golden palms at this moment, and he operated the power of the immortal body of the gods, firmly grasped the round bead in his hands, and then swallowed it directly on the spot.

Boom! !

At this moment, an extremely terrifying force suddenly burst out from the golden round bead, destroying Ye Feng's internal organs.

But Ye Feng's internal organs, including the intestines that passed through after swallowing, had already reached the strength of the immortal body of the gods, as if they were made of divine iron.

Therefore, Ye Feng's internal organs, large intestine, small intestine, etc., are all as strong as divine iron.

Ye Feng swallowed the round bead, which should be the inner elixir of the one-horned golden python. Even if it released a terrifying power, it could not damage Ye Feng's internal organs, so it was directly digested by Ye Feng and turned into a huge energy, which was injected into Ye Feng's Dantian, strengthening Ye Feng's skills.

Boom!

Boom!

Boom!

Boom!

At this moment, after Ye Feng digested the inner elixir of the one-horned golden python, his cultivation broke through the fourth level of the life and death realm, and directly broke through the eighth level of the life and death realm from the fourth level of the life and death realm!

It must be said that the energy contained in the inner elixir of a beast king is so terrifying and magnificent that it greatly increased Ye Feng's skills.

At this moment, Ye Feng successfully digested the inner elixir of the beast king, causing the one-horned golden python not far away to suffer a heavy blow.

After all, that inner pill was the essence of its power. After being digested and possessed by Ye Feng, the one-horned golden python naturally lost nearly half of its power, and it spurted out a mouthful of blood.

"You...!"

It was terrified and wanted to say something.

But Ye Feng had already stepped forward, and the claws of the ancestor dragon blasted out, and with a "puff" sound, the entire head of the one-horned golden python was directly blasted into mud, and it was completely killed.

A beast king, dead!

"What a powerful force!"

"He was alone in the siege of two beast kings and killed one of them directly?"

"Such strength is incredible. I'm afraid that many of our old masters who have been famous for a long time in the southern region of the heavenly realm can't do this."

"He is really a natural talent!"

...

At this moment, in the entire Tianbing City, many human race masters who were resisting other ancient beasts saw this scene outside the city wall from a distance, and they all shouted excitedly.

Because what Ye Feng did was so inspiring.

The death of a beast king made many ancient beasts around him dare not even approach Ye Feng.

Because Ye Feng killed a beast king, the beast king's evil spirit on his body was so terrible that those ordinary ancient beasts with little intelligence instinctively fled from Ye Feng's surroundings.

At this moment, even if the silver-scaled gorilla had a bad brain, he saw the power and terror of Ye Feng and immediately fled madly to the distance, not daring to confront Ye Feng.

Because this human boy looked ordinary and handsome, but he was just like a fierce human god of war. His fighting power was so terrible, and his methods were endless, which made the beast kings feel terrified and fled!

Chapter 5367: Reward

Boom! !

At this time, a huge roar suddenly sounded not far away.

It turned out to be the amethyst pterosaur, which was finally killed by Leng Rushuang in a seriously injured state and fell from the sky.

The behemoth hit the ground, splashing dust all over the ground, smashing a large area of land, and the cracks spread over a distance of tens of thousands of meters.

"Another beast king has fallen!"

At this moment, in the city wall not far away, the strong men of the human race suddenly shouted excitedly.

At this time, the successive deaths of the two beast kings, coupled with the escape of the silver scale gorilla, the beast king, immediately showed signs of collapse of the entire beast tide.

The many ancient beasts that were still ferociously attacking the city were all fleeing back quickly at this moment.

Ye Feng and Leng Rushuang were like sharp knives, piercing the heart of the entire beast tide, and successfully killed two beast kings and escaped one beast king, which made the entire beast tide's military morale loose. Naturally, Many ancient beasts did not dare to continue attacking the entire city.

At this moment, a strong human race man couldn't help but said excitedly: "This time, thanks to the two peerless geniuses from the giant forces, we helped us kill two beast kings and caused the entire beast tide to collapse."

However, some powerful human beings could not help but worry and said: "The mysterious Beast King who commands the entire beast tide has not yet appeared. Once a beast king-level existence appears, I am afraid it will have even more terrifying destructive power. Our entire Tianbing City is still in danger of being destroyed."

However, some strong men from the human race spoke up and said: "The dozen or so senior strong men in the upper echelons of Tianbing City have been preparing some kind of very terrifying weapon. They are just waiting for the Beast King to appear. If they fight to the death, even if it is really Even if the Beast King appears, we may not be destroyed."

And while everyone was discussing, the entire beast tide had completely collapsed.

As for the Beast King that everyone was worried about, he did not appear after all.

Obviously, the upper-class senior figures in Tianbing City have prepared a big killer weapon. It is estimated that the Beast King hiding in the dark also knows this, so when he saw the Beast King and the ancient beasts under his command were defeated, he was unwilling to come forward. He felt that the situation was over, and he didn't It's necessary to fight to the death.

But at this time, many powerful human beings rushed out of the city to hunt down the fleeing ancient beasts.

At this time, Ye Feng instantly collected the one-horned golden python that he killed and the amethyst pterosaur body that fell to the ground from high altitude, and put them all into his storage ring.

boom!

Then Ye Feng directly exploded his huge mana and charged towards the fleeing silver scale gorilla.

Although a beast king is extremely powerful and has astonishing lethality, it is a great supplement to Ye Feng, so Ye Feng naturally does not want to let go of the third beast king, and directly pursues the silver scale gorilla crazily. Go, I want to solve it directly.

But just when Ye Feng had just chased him into the virgin forest and was about to reach the entrance.

Buzz!

Suddenly, a huge green finger, tens of thousands of meters long, came directly from the depths of the primeval forest. It was like a divine pillar in the sky, suppressing it and possessing the power to destroy all living beings. .

Even Ye Feng was as small as an ant in front of this green finger.

Buzz!

Ye Feng immediately felt that his whole body was about to be broken. This kind of power was definitely not something he could resist now. It was like a moth flying into a flame, and he was bound to die.

Ye Feng could only retreat quickly, away from the virgin forest.

And that huge green finger did not continue to chase Ye Feng, because Ye Feng did not move forward.

The owner of that green finger seemed to be afraid of the senior figures in Tianbing City, so he did not continue to pursue Ye Feng, for fear that the senior figures in Tianbing City would use a mysterious killing weapon to destroy him.

At this moment, Ye Feng quickly retreated to the range of Tianbing City. Seeing that the green finger did not continue to suppress him, he couldn't help but breathed a sigh of relief.

The power emanating from that green finger was as devastating as a god.

Even Ye Feng couldn't help but exclaimed in admiration: "This should be the finger of that mysterious Beast King. I don't know what kind of existence that Beast King is, and it has such terrifying power. Sure enough, the Beast King Although he is only one level higher than the Beast King, his power is very different. In front of the Beast King, the Beast King is as weak as an ant. "

At this moment, Ye Feng was also very surprised.

Unexpectedly, the senior figures in Tianbing City were able to secretly contain the Beast King for such a long time. Even when the ancient beasts were defeated, they did not let the Beast King come forward. This is enough to show that the foundation of Tianbing City is still very strong. .

But no matter what, this time the beast tide was finally successfully repelled.

And Ye Feng also gained a huge harvest.

In Ye Feng's current storage ring, there are two corpses of beast kings lying there.

This is simply a huge cultivation resource!

It's a great supplement for Ye Feng!

Ye Feng couldn't wait to return to his room in Tianbing City to refine and devour the blood energy and huge longevity of these two beast kings.

Uh-huh! Uh-huh! Uh-huh!

However, at this time, suddenly more than a dozen old people from Tianbing City appeared in the sky above Tianbing City, with very happy smiles on their faces, and said: "Thanks to the care of many powerful people this time, our entire Tianbing City finally survived this disaster. Next, we will keep our promise and provide the most generous rewards to those who have made the greatest contributions, and everyone will have a share of the rewards. As long as the strong people who have helped to kill the ancient beasts can get the rewards from our Tianbing City auction."

Some human strongmen couldn't help but laugh and said: "My seniors, the rewards you said before are from the next Two days of precious auction items for election, is this true?"

Hearing what this human race strongman said, the upper class of Tianbing City in the sky immediately laughed and said: "Of course it is true, we are trustworthy, please follow us, we will go directly to the auction warehouse of Tianbing City to distribute the rewards."

When he said this, an old man among the upper class of Tianbing City suddenly looked at Ye Feng and Leng Rushuang, clasped his fists with great gratitude, and said: "The greatest credit this time is naturally the two geniuses from the giant forces, please follow us too Come, we will give you the most generous rewards and rewards, please accept them. "

After the old man from the upper echelons of Tianbing City finished speaking, he looked at the other powerful human beings in the audience and said with a smile: "Give the most generous rewards this time to these two geniuses with the greatest contributions. I think everyone should have no objection."

After the old man from the upper echelons of Tianbing City finished speaking, many people in the crowd immediately laughed and said: "Of course we have no objection. If these two geniuses from the giant forces had not rushed out of the city wall and killed the two beast kings, we would have been Covered and drowned by the beast tide. "

Some other human race warriors couldn't help but say: "Especially the young genius from the Great Demon God Sect, who seems to be the ninth young master of the Demon King Hall of the Great Demon God Sect. His strength is too strong. I admire him the most. I will give him the best and most generous rewards. I will never say no. Whoever dares to say no, I will be angry with him!"

"Yes."

Another human race warrior couldn't help but say: "I, Chen Jinnan, have never admired anyone in my life, but I absolutely admire this young genius from the Great Demon God Sect. If it weren't for him, I'm afraid all of us would have died long ago!"

Chapter 5368: The importance of Tianbing City

At this time, when he heard everyone's discussion, Ye Feng stood up immediately, smiled and cupped his hands, and said loudly: "The credit for this time is not only mine, but also everyone's cooperation. If it weren't for everyone's concerted efforts, We worked together to drag all the ancient beasts into the gaps outside the city wall. Her Excellency the Saint of the Frozen Temple and I definitely did not have enough energy to concentrate on dealing with those beast kings, so this time everyone All have made great contributions."

After hearing Ye Feng's words, many powerful human beings present suddenly stood in awe of Ye Feng.

A strong human race man couldn't help but said: "This young hero has such a powerful strength and such a high status. I didn't expect to be so humble and polite. We really admire the young hero's magnanimity!"

At this moment, everyone nodded one after another, looking at Ye Feng with expressions of admiration.

Uh-huh!

Su Xin also flew to Leng Rushuang's side at this time, and couldn't help but said happily: "Sister Rushuang, this time you have really become a great contributor to the entire Tianbing City. Let's come to Tianbing City again in the future. If so, participating in these auctions will definitely give you special treatment."

Leng Rushuang shook his head and said with a wry smile: "I actually didn't put in much effort, I just tried my best to kill an already seriously injured Beast King. The really powerful one was the Ninth Young Master. "

Hearing what Leng Rushuang said, Su Xin immediately couldn't help but nodded and said loudly: "The Ninth Young Master is indeed powerful. He is worthy of being a genius. He held down two beast kings and killed one by himself. He knocked one away and seriously injured the first beast king. It was so powerful. I have never seen such a powerful young man."

Leng Rushuang heard Su Xin say this and nodded slightly. Even the saint of the Frozen Temple stared at Ye Feng with her pair of beautiful and cold eyes, showing a kind of expression. Deep admiration and awe.

Because Ye Feng's ability is really too strong, so powerful that it's shocking.

Leng Rushuang couldn't help but said: "Now the strength and means of the Nine Young Masters, including their future potential, are probably far beyond the scope of the younger generation in the southern region of our heaven, and can even be compared with the most glorious eastern region of our heaven. It is comparable to those super geniuses on the land of China, but the current background of Ninth Young Master is still a little shallow, and his cultivation level is too low. However, with Ninth Young Master's extremely powerful cultivation talent, as long as Ninth Young Master is given time, Ninth Young Master can Sooner or later, the young master will become a famous figure in the world."

Hearing Leng Rushuang's words, Su Xin's beautiful eyes showed a hint of shock.

Because she knew very well that her sister Rushuang was the saint of the Frozen Temple, and she had never put anyone in her eyes, even the super genius known as the Eternal Life Immortal Sect who was once in a hundred years. The son of the sect leader has never received such praise as Leng Rushuang.

This shows how much impact Ye Feng showed today on Leng Rushuang.

At this moment, the young master of the Demon Emperor's Palace also flew to Ye Feng's side from a short distance with more than a dozen senior experts from the Demon Emperor's Palace.

The moment the young master of the Demon Emperor's Palace came to Ye Feng, he couldn't help but patted Ye Feng's shoulder and said happily: "Young Master Ninth, you are really powerful. You showed it today." All of your strength is shocking even to me, who has been with you day and night. It seems that you were still hiding something before. I didn't expect that you secretly learned so many powerful inheritances and got so many powerful trump cards. But this It's a good thing. Today you have helped Tianbing City such a big favor. You are the main contributor. In the future, in the eyes of the upper management of Tianbing City, you will be a very important guest. In the future, when we come to Tianbing City, we will definitely receive huge preferential treatment. This is a Great connections."

Hearing what the young master of the Demon Emperor Palace said, Ye Feng smiled slightly and said nothing more.

At this moment, the upper-class elders of Tianbing City led everyone to fly quickly towards the central area of Tianbing City and arrived in front of the auction warehouse.

Next, everyone was assigned their own rewards, and everyone was very satisfied with this.

And the reward Ye Feng received was naturally the greatest.

In the end, Ye Feng obtained the most precious training resources in the auction warehouse, and also received a powerful inheritance.

In addition, Ye Feng did not use any special weapons during the battle before, so the upper management of Tianbing City was very considerate and named the most powerful super magic weapon in the auction warehouse, the 'Sun and Moon Flying Sword' , and gave it to Ye Feng on the spot.

An upper-class old man from Tianbing City couldn't help but laugh and said: "These two flying swords are originally one body. When used, they can be divided into two swords. They are called the Sun and Moon Flying Swords. The materials used to cast them are said to be the great figures of ancient times. , went deep into the starry sky above the sky, and captured two stars that were comparable to the sun and the moon. The Sun and Moon Flying Sword was cast from the cores of these two stars. Once refined and used, the Sun and Moon Flying Sword was cast. Swords, these two swords will release the power of the sun and the moon respectively, and have a very terrifying sense of oppression and killing power. "

Hearing what this old man from the top of Tianbing City said, Ye Feng immediately nodded in surprise and surprise.

Ye Feng clearly felt the power fluctuations emanating from these two sun and moon flying swords. They were very terrifying and contained the majestic power of the sun and the moon.

Another old man from the Tianbing City Auction next to him seemed to be the person in charge of the Tianbing City Auction. He immediately couldn't help but said with emotion: "This Sun and Moon Flying Sword was originally prepared by our auction on the third day. In Tian's auction, as the final treasure, we initially estimated that it could be auctioned for a full 50 million! So, Ninth Young Master, do you know that the upper level of our Tianbing City can give away this super magic weapon? For your attention and gratitude, I hope that Ninth Young Master can travel more with our Tianbing City in the future. The upper management of our Tianbing City attaches great importance to peerless talents like Ninth Young Master. Not only to thank you, but also to communicate with Jiu Young Master. Make friends with such a peerless person as the young master."

Hearing what the person in charge of the auction said, Ye Feng immediately smiled and said, "Tianbing City values me so much. I will definitely come to Tianbing City more often when I have time in the future."

Hearing what Ye Feng said, the person in charge of the auction in front of him immediately said very happily: "Okay, our Tianbing City is waiting for the arrival of the Ninth Young Master at any time, and if our auction can be held in the wilderness and mountains in the future, Any good cultivation resources that can be found in the depths that can increase one's skill and cultivation will be given priority to the Ninth Young Master."

When Ye Feng was selecting treasures in the warehouse before, his priority was to select ancient elixirs or some heaven and earth ores and other cultivation resources that could increase his cultivation skills.

Therefore, the person in charge of this auction was very smart and took note of Ye Feng's habits.

When Ye Feng heard what the person in charge of the auction said, his eyes lit up and he said, "Okay, thank you very much, brother."

The person in charge of the auction was also very happy to hear that Ye Feng and himself were brothers. This was enough to show that what he just said had successfully impressed Ye Feng, a peerless genius.

The person in charge of the auction immediately said: "It is an honor for me to be friends with the Ninth Young Master, as a brother."

At this time, Ye Feng could not wait to return to his inn, devouring and refining the training resources obtained this time, as well as the blood energy of the two beast kings collected previously.

Ye Feng looked at the young master of the Demon Emperor Palace and Leng Rushuang beside him, and said, "Let's go back to our residence first."

The young master of the Demon Emperor Palace nodded and said: "Okay, everyone has just experienced a life and death battle. Let's rest in Tianbing City tonight and return tomorrow."

Leng Rushuang also smiled slightly and said aloud: "We will leave tomorrow. If we are free tonight, let's get together for a while. I have something to say to the Ninth Young Master."

The eyes of the young master of the Demon Emperor's Palace moved, and then he said teasingly: "Your Highness, the Saintess, is trying to poach someone again, right? I can tell you that the Ninth Young Master is now the treasure of our entire Great Demon God Sect, and no one wants to do it." "Want to poach."

"Of course not."

Leng Rushuang immediately smiled dumbly and shook his head, knowing that the young master of the Demon Emperor's Palace was joking this time.

Chapter 5369: Power Increases

Next, several people returned to the inn where they once lived. They were each going to rest for a while and have a meal together in the evening. Then they should say goodbye and return to their respective sects.

At this moment, Ye Feng naturally couldn't wait to return to his independent room, closed the door directly, and then very excitedly took out the corpses of the two beast kings from his storage ring.

At this time, Ye Feng saw that whether it was the amethyst pterosaur or the one-horned golden python, although he was dead, he was still the king of beasts, exuding a frightening and depressing aura, giving people a feeling of being in front of him. The feeling of evil creatures.

"This is an existence at the level of a beast king. Even if he dies, he still has the majesty of a king."

Ye Feng couldn't help but murmur at this time.

boom!

Next, Ye Feng naturally did not hesitate at all, and directly released the Devouring Domain and began to devour these two beast kings.

For Ye Feng, a powerful creature at the level of a beast king, the blood energy contained in its body and the beast essence of the beast king are of great help to Ye Feng.

"Rumble..."

After Ye Feng swallowed it at this moment, he immediately felt a huge amount of energy, which was directly injected into his Dantian, which was growing Ye Feng's power crazily and rapidly.

Ye Feng could immediately feel that his cultivation aura began to grow rapidly and continuously at an incredible speed.

boom!

The ninth level of the fate calamity realm!

boom!

The tenth level of the fateful calamity realm is complete! !

At this time, Ye Feng's cultivation had reached a bottleneck of a large realm. Although it was very difficult to break through, Ye Feng could feel that he had only digested one-fifth of the huge energy he had gained from devouring the two beast kings, so Ye Feng still has enough energy to break through the bottleneck and strengthen his cultivation skills.

Boom!

At the next moment, under the impact of a frenzy of energy, Ye Feng's cultivation bottleneck suddenly broke through again, directly breaking through the current bottleneck of the fate-tribulation realm, and directly breaking through to the realm above the fate-tribulation realm. Half step to the Divine Gang Realm!

And it goes far beyond that.

Ye Feng's energy is still not exhausted, because the blood energy provided by the two beast kings is so majestic. For Ye Feng, it is no less than a huge chance creation, even comparable to a statue several times taller than him. Strong men from ten great realms gave him cultivation initiation.

So at this time, under the continued impact of huge energy, Ye Feng once again broke through the bottleneck of the half-step Divine Gang Realm, directly breaking through to the real first level of the Divine Gang Realm above the Life Tribulation Realm!

At this moment, the power was finally completely exhausted and integrated into Ye Feng's body.

At this moment, Ye Feng clenched his fists and felt like the power of countless giant dragons surging through his body.

I have to say that the Shengang Realm is indeed a very powerful realm, a brand new realm in the Fate Tribulation Realm.

After Ye Feng broke through to this realm, his skill was greatly increased.

And Ye Feng could clearly feel that his combat power had increased hundreds of times after breaking through an entire realm.

It has to be said that in the later stages of practice, even if it is just a breakthrough in a major realm, it can increase the practitioner's power hundreds of times.

At this moment, after Ye Feng broke through to the first level of the Shengang Realm, he could feel that his cultivation level was probably almost comparable to that of some ordinary elders and strong men in the southern region of the heaven.

Of course, Ye Feng's combat prowess is probably far superior to those of ordinary elders of the same realm.

Ye Feng was naturally very happy at this time.

Immediately, without any hesitation, Ye Feng continued to take out the reward he had received from the storage ring.

This time Ye Feng helped the entire Tianbing City block the entire terrifying beast tide, and he contributed the most, so Ye Feng got a lot of training resources from the upper-level auction in Tianbing City.

In addition to the Sun and Moon Flying Swords, the upper echelon of the Heavenly Weapon City Auction also gave Ye Feng a lot of training resources. Ye Feng was the first to choose them, and they were all things that could greatly enhance his own skills.

For example, some ancient elixirs, or some mineral essences from ancient times, etc.

At this moment, Ye Feng naturally had no hesitation. He wanted to devour and refine all these cultivation resources and use them as nourishment to strengthen his own skills. This would be the most useful.

Therefore, Ye Feng continued to release the Devouring Domain at this time to devour these cultivation resources.

Boom!

A huge amount of energy continued to be injected into Ye Feng's body.

You know, these cultivation resources that Ye Feng devoured at this time were originally supposed to be auctioned in the auction, so each of them was a good thing at the end.

Whether it is ancient elixirs, heaven and earth ores from ancient times, or some peerless medicines that are about to become the king of medicines, each one is very precious and contains very high-grade and pure energy.

The cultivation aura of the first level of Shen Gang Realm that Ye Feng had just broken through was growing rapidly and continuously again.

boom!

The second level of Shengang Realm!

boom!

The third level of Shengang Realm!

boom!

The fourth level of Shengang Realm!

boom!

The fifth level of Shengang Realm! !

At this time, Ye Feng's cultivation aura finally stopped completely.

Ye Feng's face was full of satisfaction at this moment. This time, his power really increased greatly!

As expected, the upper echelons of the Tianbing City Auction really valued him very much, and let him choose the most valuable cultivation resources first.

Unexpectedly, after swallowing it, he could make his cultivation level jump to the fifth level of the Shengang Realm.

This is equivalent to the result of decades of hard practice of ordinary practitioners.

At this moment, Ye Feng took out the super magic weapon he got at last, the Sun and Moon Flying Sword.

For Ye Feng, the more powerful magic weapons on him now, in addition to the Starry Sky Insect Nest, are the Ancestral Dragon Claw that he just merged into his right hand.

However, these can only be used to deal with the enemy when the enemy is very close to him.

And the flying sword-like weapons such as the Sun and Moon Flying Sword can attack the enemy at a long distance, with extremely fast speed and high sharpness. For Ye Feng at present, it still has a huge effect and can assist Ye Feng in dealing with long-range enemies.

Buzz!

At this moment, Ye Feng did not waste time and immediately began to refine the two Sun and Moon Flying Swords in his hands.

When Ye Feng was refining, he could immediately feel that one flying sword contained the core and essence of the sun, and the other flying sword contained the core essence of the moon.

Each flying sword contained the majestic power of the stars.

Therefore, this Sun and Moon Flying Sword not only has the speed and sharpness of a sword, but also has the majestic power of the stars in the universe, with a strong sense of heavy oppression.

Chapter 5370 Wasteland

Throughout the afternoon, Ye Feng was refining the super magic weapon he had just obtained, the Sun and Moon Flying Sword.

You must know that the Sun and Moon Flying Sword is the final item of the third auction in the Heavenly Weapon City auction, so it is of very high quality.

Even though Ye Feng possesses all kinds of extremely powerful magic weapons, compared with the Sun and Moon Divine Sword, they are all inferior.

At this time, Ye Feng spent a whole night and successfully refined the Sun and Moon Flying Sword.

Flying swords day and night, with just a thought, you can instantly use these two flying swords to kill people's heads thousands of miles away.

In addition, when the Sun and Moon Flying Swords are not in use, Ye Feng can warm and maintain the two flying swords in his Dantian, constantly strengthening his connection with the two flying swords.

In the end, the two flying swords, the Sun and Moon Flying Swords, could become Ye Feng's two remote 'hands', able to be controlled with ease.

And just after Ye Feng successfully refined the Sun and Moon Feixian, the sky outside had also dimmed.

At this time, there was a knock on the door outside Ye Feng's door, accompanied by the voice of the young master of the Demon Emperor's Palace: "Ninth Young Master, it's already evening, you can come down for dinner, and the Frozen Saint of the Immortal Immortal Sect seems to be I have something important to tell you, and she is already waiting below."

When Ye Feng heard what the young master of the Demon Emperor Palace said outside, he immediately nodded and said, "Okay, I'll come right away."

After finishing speaking, Ye Feng straightened his clothes, opened the door and saw the young master of the Demon Emperor's Palace standing outside the door.

At this moment, the young master of the Demon Emperor's Palace was waiting outside the door with a group of more than a dozen senior powerful men.

The moment Ye Feng came out, the elders with strong perception couldn't help but stare at Ye Feng, and couldn't help but said in horror: "The ninth young master's cultivation aura has broken through so much. ?"

At this moment, the young master of the Demon Emperor's Palace was also stunned. He stared at Ye Feng, sensed it carefully, and said in surprise for a moment: "Yes, Ninth Young Master, why did you suddenly achieve a breakthrough in cultivation?" so much?"

Ye Feng just smiled slightly at this moment and said aloud: "Because I directly refined and used all the training resources auctioned by Tianbing City just now, so my skills have been greatly enhanced."

Hearing what Ye Feng said, the young master of the Demon Emperor's Palace and a group of elders from the Demon Emperor's Palace couldn't help but smile bitterly and shake their heads.

Ye Feng's refining ability is really terrifying.

They knew very well that the Tianbing City auction gave Ye Feng a lot of training resources this time.

If it were a practitioner of the same level as Ye Feng, even some extremely gifted geniuses, it would probably take them several months, or even several years, to use and refine these cultivation resources.

Unexpectedly, Ye Feng had already refined and used all his cultivation resources in just a few hours, which became the nourishment for strengthening his own skills.

This is really incredible.

Because this kind of refining speed and efficiency is really incredible.

However, thinking that Ye Feng was a very unfaithful person, everyone did not say anything more, but took Ye Feng from the wing on the second floor to the restaurant on the first floor.

At this time, Ye Feng saw that two beautiful female figures were sitting at a table in the restaurant on the first floor of the inn.

These two beautiful women are Su Xin and Leng Rushuang.

At this moment, Leng Rushuang saw Ye Feng coming over, and immediately said in surprise: "Ninth Young Master, in just a few hours, you actually broke through a big realm, breaking through to the Shen Gang Realm? How far away? My current state is not far away."

Hearing what Leng Rushuang said, Ye Feng smiled and said, "We are still several realms away from Miss Rushuang."

Leng Rushuang immediately couldn't help but smiled bitterly, shook his head, and said aloud: "Even if you are still a few realms lower than me, your combat power has long been stronger than mine. Now you have broken through to a greater realm. It must be many times stronger than what I am now."

At this moment, after Leng Rushuang finished speaking, a hint of admiration appeared in her beautiful eyes.

Because even this saint of the Frozen Temple has never seen such a heaven-defying person as Ye Feng so far.

At this time, the young master of the Demon Emperor's Palace laughed and said: "Don't be amazed. The Ninth Young Master's incredible talent is beyond the reach of even our flatterers. Let's get down to business. Your Majesty, Holy Maiden, please tell me. You're inviting me to dinner tonight, and you have something important to discuss with the Ninth Young Master. I don't know what it is, but it's not just poaching."

When Leng Rushuang heard what the Young Master of the Demon Emperor Palace said, she couldn't help but smile dumbly and said aloud: "Don't worry, I won't poach the Ninth Young Master, and our Immortal Immortal Sect has always been the leader of the entire heaven. It is a sacred place of practice among many practitioners in the southern region. In the future, the Ninth Young Master may take the initiative to join our Immortal Sect. "

When talking about this, Leng Rushuang didn't wait for the young master of the Demon Emperor's Palace to say something to rebut. He looked at Ye Feng in front of him and said loudly: "Ninth Young Master, I specially invite you to a gathering tonight. It's true." I have something very important to tell you."

At this moment, the expression of Saint Leng Rushuang who heard about the Frozen Temple became serious. Both the young master of the Demon Emperor Palace and Ye Feng became curious, waiting for the other party's next words.

At this moment, Leng Rushuang was still staring at Ye Feng. He said, "I wonder if the Ninth Young Master has heard of the Wasteland?"

"Wasteland?"

But before Ye Feng could say anything, the young master of the Demon Emperor Palace standing beside him suddenly became surprised, and then said in shock: "Ice Saint, are you going to be selected to enter the Wasteland? Why are you going so early?"

Leng Rushuang shook his head and said, "The upper echelons of the Changsheng Immortal Sect, including my master, the Saint of the Ice Saint, did not want me to take risks. I took the initiative to apply to go.\

, "Hearing Leng Rushuang say this, the young master of the Demon Emperor Palace immediately raised his thumb and said, "You can take the initiative to apply to go to the Wasteland. It seems that the Saint Lady is really a ruthless person."

At this moment, hearing the two say this, Ye Feng was a little confused and couldn't help but say: "What exactly is this wasteland? From what you said, it's a very dangerous place?"

The young master of the Demon King Palace nodded and said, "Young Master Jiu has been practicing hard in the Demon King Palace of our Great Demon God Sect. He doesn't know many things about the entire heaven. This is normal. This wasteland is a very special place in our entire heaven. It is not only related to the southern region of our heaven, but also many superpowers in the most glorious eastern Shenzhou land. They are very taboo about this wasteland."

Leng Rushuang nodded slightly and said, "I wonder if Young Master Jiu has heard of the dark world?"

"This... no."

Ye Feng shook his head, smiled helplessly and said, "It seems that I still know too little about the heaven. What wasteland and dark world you are talking about, I don't know, I have never heard of it."
