Chapter 5421: Pride

Hearing what Leng Rushuang said at this moment, Fairy Gong Yu's eyes immediately lit up and she said: "Okay, thank you sister Rushuang. I will stay in your Frozen Temple next. After you come back from the wasteland, I think the eldest son of the Chen family will give up and will definitely leave. "

Leng Rushuang nodded immediately and was about to leave the Frozen Temple with Ye Feng.

But suddenly at this moment, a terrifying and huge aura of cultivation suddenly covered it from high in the sky.

The next moment, a middle-aged man wearing blue armor, tall and majestic, appeared high in the sky like a giant spirit god.

His eyes were like lightning, and he stared at Ye Feng standing in the Frozen Temple for a moment, and said in a cold tone: "Young man, you have the death aura of my nephew Zhu Fanming. I know that Zhu Fanming is with us. Stationed in the Black Wind Town on the border of the Immortal Sect, there was news of death a few days ago. Was it you who killed me? Hurry up and tell the truth! Otherwise, don't blame me for being ruthless!"

At this moment, after the middle-aged man wearing blue armor suddenly appeared, Ye Feng immediately understood that this middle-aged man should be Zhu Xuanwu, the master of the Xuanwu Temple that Zhu Fanming mentioned. He is the controller of the Xuanwu Temple, one of the five temples of the Immortal Immortal Sect. He is an older generation figure and is extremely powerful, comparable to the master of the Frozen Temple or the Ascension Temple.

At this moment, Zhu Xuanwu, the master of the Xuanwu Temple, suddenly appeared high in the sky. All the huge momentum locked Ye Feng. Even Leng Rushuang and Fairy Gong Yu who were standing next to Ye Feng felt that There was such a terrifying pressure that they couldn't help but retreat quickly, and even felt that their entire bodies were about to shatter.

It has to be said that Zhu Xuanwu, as the master of the Xuanwu Temple, is an elder-level figure. His cultivation and combat power are indeed terrifying. His aura alone makes top geniuses like them feel like their whole bodies are about to be broken.

At this moment, both Leng Rushuang and Fairy Gong Yu were very worried about Ye Feng.

Because just standing aside, they all felt this feeling of breaking apart, not to mention Ye Feng, who was the first to bear the brunt, what kind of pressure was he bearing at this moment?

At this time, Leng Rushuang couldn't help but look at the middle-aged man wearing blue armor in the sky and said loudly: "Master Xuanwu Hall, are you mistaken? The Ninth Young Master is my friend. He How could you go to a border city and kill your nephew Zhu Fanming? Don't be slanderous."

Fairy Gong Yu could not help but say at this moment: "Yes, even though Senior Zhu is the master of the Xuanwu Temple, he cannot bully the small with the big one, otherwise I will let my father handle justice."

At this moment, when he heard Leng Rushuang and Fairy Gong Yu say this, they were all standing up for Ye Feng. Zhu Xuanwu just smiled indifferently and waved his hand casually. A terrifying force immediately swept Leng Rushuang and Fairy Gong Yu away. The individual was knocked away from Ye Feng's side.

Then Zhu Xuanwu said coldly: "This young man has quite a few confidantes, but you juniors should not get involved in today's affairs here, and you have no right to question my decision."

"What a powerful force!"

At this time, both Leng Rushuang and Fairy Gong Yu showed deep horror in their eyes.

You know, they are not ordinary disciples of the Immortal Sect. One is a saint from the Frozen Temple, and the other is the daughter of the master of the Ascension Temple. It can be said that they are both top geniuses and very powerful.

Even the slightly weaker Fairy Gong Yu is many times more powerful than an ordinary disciple, not to mention Leng Rushuang, the peerless female genius of the Immortal Clan known for her strength, who is even more powerful.

But in front of a figure like Zhu Xuanwu, the master of the Xuanwu Temple, he was still as weak as an ant, with no room for resistance at all. He was blown away by Zhu Xuanwu with a casual wave of his hand. There was no way he could Resist.

At this time, Zhu Xuanwu just stared at Ye Feng, his eyes extremely cold, as if God were judging mortals, and said loudly: "Young man, hurry up and tell the truth, otherwise, I will kill you every bone. The roots are crushed. Although your two little girlfriends have extraordinary status, they cannot save your lives in front of me. "

At this moment, this Zhu Xuanwu can be said to be extremely domineering.

There was no fear in Ye Feng's eyes at this time, but he suddenly smiled faintly and said loudly: "Zhu Xuanwu, fortunately you are still the master of the Xuanwu Temple, the leader of one of the five major temples of the Immortal Sect, you are like this Of course, big shots in high positions don't know about the suffering of the people. Your nephew Zhu Fanming is doing evil in Black Wind Town. He even colludes with the big monster in the wilderness to bring disaster to the world and squeezes the ordinary residents of Black Wind Town. He betrays his own race and also betrays the people. The entire Immortal Sect, Zhu Fanming has been doing evil for so many years, and you don't know anything about it. Now that he is dead, he deserves it. You are right, your nephew Zhu Fanming was killed by me. I happened to pass by Heifeng Town. See Seeing what he did, he would naturally draw his sword to help when the road is rough, and he would like to take revenge! "

Hearing Ye Feng's words at this moment, Zhu Xuanwu, the master of Xuanwu Temple, could not help but show a look of astonishment in his eyes, and then he said with deep coldness: "I don't care what my nephew Zhu Fanming did, but you killed him, and I have a blood feud with you. Don't you know the seriousness of this matter? You dare to kill him."

"Hahaha!"

Suddenly at this time, Ye Feng burst into laughter, and a terrifying aura that was not afraid of gods and demons suddenly burst out of his body. He shouted: "Zhu Xuanwu, who are you? You are just the master of a giant force in the southern region of the heaven. What qualifications do you have to shout in front of me! You are even less qualified to judge me with a high-handed attitude, because now I am no longer the so-called old strong men in the southern region of the heaven who can order me around!"

Boom!

Almost at the moment when Ye Feng's voice fell, Ye Feng's seemingly weak cultivation suddenly burst out with a terrifying aura that shook the world.

The power like gods and demons emanated from Ye Feng's body, instantly shattering Zhu Xuanwu's huge momentum just now. Even Zhu Xuanwu couldn't help but retreat several steps in the sky at this moment, and was actually repelled by the gods and demons that Ye Feng had burst out.

"What??"

Seeing this scene, not to mention Zhu Xuanwu himself, even Leng Rushuang and Fairy Gong Yu, who were watching not far away, widened their eyes at once, as if they had never expected that this shocking scene in front of them would actually happen.

Ye Feng, with the cultivation of a junior, was able to shock Zhu Xuanwu, a big figure at the level of the master of the Xuanwu Temple, and retreat. This was really shocking.

At this moment, Fairy Gong Yu suddenly showed a trace of self-mockery on her beautiful face, and couldn't help but murmured, "I thought he was extremely arrogant before, but it turns out that he really has this strength. As a young man, he directly looks down on super big figures like the master of the Xuanwu Temple! Amazing talent, unparalleled!"

Chapter 5422 This child is unrivaled in the world

Although the two had not started yet, both Leng Rushuang and Fairy Gong Yu had already seen that Ye Feng's momentum was enough to rival Zhu Xuanwu, and even made Zhu Xuanwu retreat several steps.

This shows that Ye Feng's real fighting power is definitely not weaker than Zhu Xuanwu, a big figure at the level of the Palace Master.

At this moment, not to mention Fairy Gong Yu was shocked, in fact, Leng Rushuang, who had met Ye Feng a long time ago, was also shocked to the extreme.

This peerless female genius of the Frozen Holy Temple has always been extremely arrogant, but after seeing Ye Feng's real fighting power for the first time, she became very impressed with Ye Feng.

At this moment, after she saw Ye Feng's terrifying momentum and fighting power for the second time, her heart was no longer admiration, but deep shock.

Because Ye Feng's fighting power, this kind of god-like momentum, is not something that ordinary young people can have.

In the southern area of the heaven, it is impossible for a peerless genius like Ye Feng to appear.

At this moment, Fairy Gong Yu also understood why Ye Feng didn't care about the consequences of offending the eldest son of the Chen family, the first family in the ancient times, when he was acting with her before. It turned out that Ye Feng was not arrogant. Ye Feng really didn't care about the so-called first family in the ancient times.

Because Ye Feng didn't need to rely on any background, relying on his own strength, he was enough to look down on the heroes.

"What? You are a young man, but you have such a terrifying aura like a god or a demon?"

At this time, Zhu Xuanwu, the master of the Xuanwu Temple, also felt a strong shock.

Because in his eyes, Ye Feng, a young man whose cultivation level was more than ten realms lower than his, was just an ant in his eyes, so he didn't care whether Ye Feng did it right or not, and directly wanted to ask Ye Feng for his crime.

Unexpectedly, once Ye Feng burst out his cultivation aura, even he couldn't help but step back several steps.

Even Zhu Xuanwu had a feeling that if he fought with Ye Feng today, he might lose.

This feeling was so strong that Zhu Xuanwu felt very shocked.

"Am I... afraid..."

At this moment, Zhu Xuanwu suddenly realized that he was afraid of such a young boy.

This made Zhu Xuanwu feel ashamed and angry.

What kind of person is he?

He is the master of the Xuanwu Temple. He is a big man in the southern area of the heaven. Wherever he goes, he is admired by thousands of people and respected by countless people.

But I didn't expect that he would be afraid of a young boy from the bottom of his heart today?

At this moment, Zhu Xuanwu was afraid and angry. He suddenly stared at Ye Feng and shouted: "No matter what, I will suppress you, the young man, today. I must let everyone know that the consequences of offending me, Zhu Xuanwu, will be very tragic."

At this moment, Zhu Xuanwu will certainly not retreat, because he has his own pride.

Boom!

At this moment, Zhu Xuanwu directly burst out his extremely powerful inheritance, the Xuanwu true body!

Almost at this moment, Zhu Xuanwu activated the blood power of the ancient Xuanwu beast in his body.

I saw that his whole body was expanding rapidly, and he expanded directly into a huge turtle with a length of tens of thousands of meters, and turned into the Xuanwu true body, with super strong defense and terrifying oppression, and attacked Ye Feng directly.

Ye Feng naturally did not hesitate at this moment. Facing such a strong man, although Ye Feng was not afraid, he must use all his strength.

Ye Feng directly exploded the immortal true body of the dragon demon.

At this moment, Ye Feng also began to expand rapidly, and directly expanded into a dragon demon true body with a length of several thousand meters, with a dragon head, the body of an ancient demon giant, and the terrifying and majestic power of the combination of ancient dragons and demons. He punched hard in the front.

In this process, Ye Feng also stimulated the power of his immortal body of the god.

He was full of golden light, like a golden giant, and directly collided with Zhu Xuanwu's Xuanwu true body.

Although Zhu Xuanwu's Xuanwu true body is inherited from the ancient mythical beast Xuanwu, it is very powerful, but Ye Feng is cultivating the legendary dragon demon true body.

Moreover, Ye Feng's immortal body of the gods can inject Ye Feng's physique with extremely powerful and terrifying power.

So at this moment, the collision of the two behemoths suddenly erupted with a terrifying roar, and the entire earth around was broken.

Even the Frozen Temple collapsed a lot of buildings in an instant.

"Boom..."

At this time, this terrifying battle instantly attracted the attention of the entire Changsheng Xianmen.

One by one, the strong men flew over quickly from the surroundings.

The master of the Frozen Temple, who was in retreat in the Frozen Temple, was Leng Rushuang's master. She was a middle-aged woman in a white dress. At this moment, she also flew over from the depths of the Frozen Temple in an instant. I thought it was a super strong man who suddenly attacked the entire Changsheng Xianmen.

Because the battle between the hall master-level figures was too destructive.

At this moment, the master of the Frozen Temple flew out and saw the two behemoths fighting not far away. They were evenly matched. He couldn't help but said in astonishment: "Rushuang, what's going on? Why are there people fighting at the door of our Frozen Temple? And the master of the Xuanwu Temple was forced to use the Xuanwu True Body and turned into a big turtle. What's going on? Who has such great ability?"

At this moment, Leng Rushuang said in shock: "The one who fought with the master of the Xuanwu Temple is my friend, the Ninth Young Master I have been talking to you about these months. At that

time, he and I joined forces to resist the beast tide, killed several beast kings, and protected Tianbing City."

Hearing Leng Rushuang say this at this moment, the master of the Frozen Temple couldn't help but said in astonishment: "The strength he has now is not just as simple as killing the beast king. His current strength is higher than what you told me before. I'm afraid it's thousands of times stronger. "

At this moment, Leng Rushuang heard her master say this, and she was deeply amazed and said, "Master, I'm not lying to you. When I just met him a few months ago, he really just had the ability to kill the beast king, but now just a few months have passed, and he has grown to the level of being able to fight with the big figures of our Changsheng Xianmen Hall Master. This is something I didn't expect. This growth rate is too terrifying. "

Hearing Leng Rushuang say this, the Hall Master of the Frozen Holy Temple couldn't help but say in astonishment: "If he really grew thousands of times in just a few months as you said, then I can only say that this boy is unparalleled in the ages, with unprecedented talent, and I'm afraid that even the top geniuses in the Eastern Shenzhou can do this. "

And at this time, hearing the conversation between the two, Fairy Gong Yu, who was not far away, also showed a deep shock on her beautiful face.

At this time, she finally understood that what Ye Feng said in front of her before was really not arrogance and conceit, but that Ye Feng really had this terrifying strength.

Fairy Gong Yu suddenly realized that she was too ignorant. Ye Feng was such a terrifying peerless genius, which was not something she could imagine.

At this time, Fairy Gong Yu looked at Ye Feng who was fighting with the master of Xuanwu Temple not far away. Suddenly, an inexplicable light appeared in her beautiful eyes. She suddenly felt that Ye Feng, a peerless genius, was the ideal cultivation partner in her mind, and it was worth pursuing him at all costs.

Thinking of this, Fairy Gong Yu suddenly looked at Leng Rushuang beside her, and suddenly asked: "Sister Rushuang, do you like this Ninth Young Master? Let me remind you that I will pursue him at all costs."

Chapter 5423 Such a demon

"Eh?"

Hearing Fairy Gong Yu say this, Leng Rushuang, the Saint of the Frozen Temple, immediately showed a look of astonishment in her eyes, and couldn't help but say: "How long has it been? You have only met the Ninth Young Master for a short while, and you are already desperate to pursue him?"

When Fairy Gong Yu heard Leng Rushuang say this, a smile of longing appeared on her beautiful face, and she said: "That's because I have seen his peerless talent and noble character, so I must pursue him at all costs, because I think He is the most powerful talent I have ever seen, and also my most ideal cultivation partner. Perhaps I will never meet such a person who is worthy of my lifelong trust in the future. "

Hearing Fairy Gong Yu's serious look, Leng Rushuang knew that she was not joking, and her eyes suddenly showed an inexplicable look, and then she said: "You are right, in fact, I have already liked the Ninth Young Master, but... I have no way to love him, because I have a heavy responsibility, which may cause a crisis of destruction to the person I love. "

Hearing Leng Rushuang's words, Fairy Gong Yu seemed to understand something, and could not help but fall silent, and then said: "No matter what, I will not give up the pursuit of my happiness. If you really like Ye Feng, if you want to pursue it, we can compete fairly. "

When she said this, Fairy Gong Yu seemed to have thought of something, and suddenly smiled and whispered in Leng Rushuang's ear: "We can pursue it together, but first of all, I want to do it big. "

"You...?"

Hearing Fairy Gong Yu's words, Leng Rushuang immediately couldn't help shaking her head and smiling, then he said: "These are not what I can think about now. I just want the Ninth Young Master to help me train well in the wasteland, so that I can comprehend the ultimate secret of the peerless inheritance passed down by our family. In order to fulfill my heavy responsibility, I must comprehend my family inheritance."

After Leng Rushuang finished speaking, she immediately looked at the battle in the sky and couldn't help but said: "Sister Gong Yu, who do you think will win between the Ninth Young Master and the Master of the Xuanwu Temple?"

At this moment, Leng Rushuang was no longer worried about Ye Feng's safety.

Originally, she was worried that Ye Feng would be killed on the spot by Zhu Xuanwu, the Master of the Xuanwu Temple, or directly suppressed in the prison.

I didn't expect that Ye Feng would burst out with such a strong strength as a junior, which was incredible.

At this moment, hearing Leng Rushuang say this, Fairy Gong Yu smiled slightly and said, "I believe Ye Feng will win."

"Hmm?"

Hearing Fairy Gong Yu's affirmative words, Leng Rushuang's eyes suddenly showed a look of surprise, as if she didn't expect Fairy Gong Yu to be so confident in Ye Feng, who had only known her for a short while.

At this time, Leng Rushuang didn't say much, but nodded slightly and continued to watch.

The middle-aged woman standing aside, the master of the Frozen Holy Temple, also showed deep admiration on her face and said, "The young man you two are looking at is indeed extraordinary. He is so young and has such a low level of cultivation, but he actually has such a strong fighting power. And I can sense that he didn't take any forbidden elixirs to forcibly improve his fighting power. This is completely his own strength. This kind of strength is really terrible."

At this moment, even a big figure like the master of the Frozen Holy Temple was deeply impressed by Ye Feng's strength and felt that such a young man was incredible.

"Boom!"

At this moment, the battle in the sky is still going on.

The dragon demon body transformed by Ye Feng and the Xuanwu body transformed by Zhu Xuanwu, the master of Xuanwu Temple, are two huge monsters fighting madly.

At this time, the master of Xuanwu Temple was full of horror.

Because he never thought that Ye Feng, a seemingly ordinary boy, actually had such terrifying strength and could fight him on par.

At this time, Zhu Xuanwu's eyes showed deep fear, but he was still unwilling and didn't want to give in.

Because now the battle between them has attracted the attention of everyone in Changsheng Xianmen.

At this time, everyone knew that the master of Xuanwu Temple, who was high above, was fighting on par with a young man, which naturally made Zhu Xuanwu feel very embarrassed.

If he retreated now, it would be even more embarrassing, and it would be embarrassing to the end.

So at this moment, Zhu Xuanwu naturally burst out his strength with all his strength, wanting to suppress Ye Feng on the spot, so that he could save some face.

At this moment, Zhu Xuanwu immediately shouted: "Xuanwu's Fury!"

At this moment, Zhu Xuanwu displayed a very powerful inheritance. He activated the blood power of the Xuanwu beast in his body, and burst out the monstrous Xuanwu true qi, like a long river of time, bursting out from his body, as if it could shatter everything.

At this moment, Ye Feng did not hesitate for the time being, and immediately burst out all his strength crazily, fully stimulating the energy of the immortal body of the god and the immortal body of the dragon demon.

Ye Feng's entire defense and attack power were greatly enhanced at once.

Boom!

He instantly rushed into the river of energy displayed by Zhu Xuanwu, and punched out with punch after punch, shattering all the energy rivers and turning them into countless fragments.

Ye Feng's whole body was now golden and extremely brave. He broke the river of power and rushed directly in front of Zhu Xuanwu.

Under Zhu Xuanwu's horrified gaze, Ye Feng smiled coldly and said, "A so-called big shot like you is nothing in my eyes."

Boom! !

Along with a huge roar, Ye Feng punched out fiercely, causing Zhu Xuanwu to fall directly from the high altitude to the ground. In an instant, he was smashed into pieces with a rumble. A large area of land was buried in ruins.

"What??"

"The high and mighty Master of Xuanwu Palace was defeated by a young man?"

"hiss!"

At this moment, everyone's eyes suddenly widened, and there was a gasp of air on the field.

After all, Zhu Xuanwu, the master of the Xuanwu Temple, in the eyes of many people in the Immortal Sect, is definitely a high-ranking figure, an unparalleled strong man, possessing super powerful power, and a peerless strong man who is powerful.

Unexpectedly, he was ultimately defeated by a young man who looked ordinary.

At this moment, the same question arose in the minds of countless people: "Who is this kid, that he is such a monster?"

Chapter 5424 How to deal with it

At this time, countless people stared at Ye Feng with deep horror in their eyes.

Because they all know that from today on, this young man's name will resound throughout the Immortal Sect, and even throughout the southern region of the heaven.

To become famous, one battle is enough!

At this moment, everyone's eyes showed deep shock and awe.

Because he was able to defeat the master of the Xuanwu Temple, this is enough to show that Ye Feng's current strength is comparable to the elders among the giants and powerful forces in the southern region of the heaven.

So at this time, the way everyone looked at Ye Feng was no longer looking at a young man or junior, but at a high-ranking and important person.

At this moment, in the minds of everyone, Ye Feng has become synonymous with peerless genius.

Some people couldn't help but sigh and said: "I don't know what sect this young man is from, but he has such a heaven-defying fighting power. I am afraid that our Immortal Sect will not be able to produce such a heaven-defying prodigy in tens of thousands of years." Bar."

After this person finished speaking, there were many disciples of the Immortal Sect around him who wanted to refute.

But when they saw that the person speaking was actually the Inner Sect Elder of their Immortal Sect, everyone suddenly shut their mouths.

Because there will definitely not be any problems with what the Inner Sect Great Elder said.

Since ancient times, there has indeed never been a young man as terrifying as Ye Feng in the Immortal Sect.

At this moment, the master of the Frozen Temple suddenly looked at his apprentice Leng Rushuang beside him, and couldn't help but smile and said: "Rushuang, this young man seems to have a special origin and relationship with you. If you have the chance, you can win him over to join our Frozen Temple. If such a peerless genius can join our Frozen Temple, then our Frozen Temple will become the most powerful temple in the Immortal Sect."

Hearing what his master said at this moment, Leng Rushuang couldn't help but reveal a wry smile in his eyes and said loudly: "Where the Ninth Young Master wants to go, it all depends on the Ninth Young Master's own ability." I can't force the idea."

Hearing what Leng Rushuang said, the master of the Frozen Temple immediately couldn't help but smile and said: "No matter what, you can't go wrong if you give it a try."

While several people were discussing, Ye Feng had already flown down from the sky and landed in the ruins below.

At this time, Ye Feng saw Zhu Xuanwu, the master of the Xuanwu Temple, buried in the ruins. He was not dead, but suffered a lot of injuries.

At this moment, Zhu Xuanwu stood up from the ruins, stared at Ye Feng, with a horrified expression on his face, and said loudly: "Young man, who are you and where are you from? Are you from Eastern China? The earth? Otherwise, it is impossible to have such a strong combat power. Only the land of Eastern China can breed people like you who can cross nearly ten realms and fight against enemies. "

Hearing what Zhu Xuanwu said at this moment, Ye Feng immediately laughed and said: "I am not from the land of Eastern China. I am originally a practitioner in the southern region of the heaven. It's just that you are arrogant."

Buzz!

At this moment, Ye Feng suddenly walked towards Zhu Xuanwu, with a surging murderous intention exuding from his body, and said loudly: "A person like you who is indiscriminate and just wants to convict others is still killing. It's better."

"What?"

Hearing what Ye Feng said, Zhu Xuanwu's eyes widened immediately. It seemed that he did not expect that Ye Feng would be so decisive in killing him, and he was about to kill him on the spot.

At this time, Ye Feng didn't hesitate at all. He immediately gave birth to a golden dragon claw that had turned into the claw of the ancestral dragon, and grabbed it directly towards Zhu Xuanwu, as if he was going to tear Zhu Xuanwu into pieces in an instant.

At this time, Zhu Xuanwu couldn't defeat Ye Feng at all and couldn't stop him. He could only watch Ye Feng kill him.

"Show mercy."

But suddenly at this moment, a figure shrouded in white light appeared.

The true face of this figure could not be seen clearly, but the moment it appeared, its body was filled with light, directly forming a beam of light that penetrated the sky and the earth, shrouding this figure.

When everyone saw this figure, their eyes became extremely respectful. They quickly clasped their fists and said aloud: "See the Supreme Master."

At this moment, there was a look of surprise in Ye Feng's eyes. He did not expect that all the masters of the Immortal Immortal Sect would come out.

It seems that as the master of the temple, Zhu Xuanwu has a very deep foundation in the entire Immortal Sect.

At this moment, Ye Feng was not afraid. He just looked at the leader of the Immortal Sect and said, "What? You want to catch me? Do you also want to protect this Zhu Xuanwu?"

Hearing what Ye Feng said, the Supreme Headmaster of the Immortal Immortal Sect smiled slightly and said: "I don't dare to offend you. After all, you have unlimited potential and can become a powerful figure in the entire heaven in the future. Although I Now he is the supreme leader of the Immortal Sect, but in the eyes of you in the future, he will be just a slightly bigger ant."

"What?"

At this moment, when I heard the Supreme Master of the Immortal Sect say this, let alone other people, even Ye Feng himself had a look of astonishment in his eyes. He seemed to have never thought that such a high-ranking man would actually say such a thing. Brag about yourself.

You must know that the leader of the Immortal Immortal Sect is definitely the most powerful person in the entire Immortal Immortal Sect. Therefore, Ye Feng cannot resist the aura of cultivation exuded by the supreme leader of the Immortal Immortal Sect.

Although Ye Feng is now comparable to the palace master level, he is still far from being able to catch up with the top sect leaders like the Immortal Sect.

At this moment, Ye Feng knew that the other party was giving him face.

Ye Feng immediately smiled and said: "Then according to the opinion of the headmaster, how should we deal with today's matter?"

The supreme headmaster of the Immortal Immortal Sect smiled slightly and said: "Your Excellency, can you give me some face and spare the life of this Zhu Xuanwu? After all, this Zhu Xuanwu is an extremely powerful person among our human race, and he has spent a lot of money. It is indeed wrong for him to shield his nephew, a top human race expert trained with his own training resources, but it is a pity to kill him like this. But don't worry, I will definitely make you satisfied with the results of my handling. First, This Zhu Xuanwu violated the rules of our Immortal Sect and turned a blind eye to his nephew's misdeeds. He even wanted to forcibly kill and convict him. Therefore, from then on, Zhu Xuanwu was expelled from our Immortal Sect and forced to enter the wasteland. Among them, we will kill those dark races and fight for our human race to atone for our sins. Second, our Immortal Sect has neglected you today, so I will personally give you a huge compensation as an apology for today. This compensation will definitely be given. How about satisfying your Excellency?"

Chapter 5425 A Great Gift

Hearing what the Supreme Headmaster said at this moment, Ye Feng had a look of surprise in his eyes, then nodded and said: "Since the Supreme Headmaster has said so, I have no objection to this Zhu Xuanwu entering the wasteland. In the land, fighting those dark races in blood until death is indeed a contribution to our human race and atonement. Killing him directly is indeed a waste. "

The reason why Ye Feng said this at this time was because the leader of the Immortal Immortal Sect had promised to give him a huge apology gift, so naturally he would not fail to give him face, so he just nodded in agreement.

And Ye Feng knew very well that Zhu Xuanwu was exiled to the wasteland and would continue to fight against the dark race until the last drop of blood was shed. The basic outcome would be death, and there would be no hidden danger to himself.

So Ye Feng agreed to the arrangement of the Headmaster at this time.

At this moment, after hearing what Ye Feng said, the leader of the Immortal Immortal Sect immediately smiled slightly and said loudly: "Okay, your Excellency is indeed a peerless genius who is rare to meet in ten thousand years. You are indeed very happy."

At this moment, the leader of the Immortal Immortal Sect flew directly in front of Zhu Xuanwu, and then said in a slightly cold tone: "Zhu Xuanwu, you violated the rules of our Immortal Immortal Sect and dared to protect your nephew. , killing innocent people indiscriminately, doing evil, and also wanting to forcibly kill people and convict them, this is a great sin. Now you are punished to enter the wasteland, fight with the dark race, and fight for our human race until the last moment of death, which can be considered as atonement. How are you?"

Hearing what the Master of the Immortal Sect said, Zhu Xuanwu naturally did not dare to resist in any way, and quickly said: "Thank you, Master, for giving me a chance to atone. I have made up my mind and will always stay here." In the wasteland, I will fight against the dark race until I die, and I will burn my last bit of life to fight. I also ask the Supreme Master to be kind to my family. "

The leader of the Immortal Sect immediately nodded slightly, and then said loudly: "What you have to thank is this young man. He gave you a new life. Otherwise, if he really wants to kill you, I can't stop it either."

At this moment, when he heard the Supreme Headmaster of the Immortal Sect say this, Zhu Xuanwu looked at Ye Feng. Although his face was very stiff, he still clasped his fists and said loudly: "Thank you for your kindness in not killing me. I will definitely do it in the future." Fight for the human race until the last moment of your life to atone for your sins."

After the words fell, Zhu Xuanwu left the scene directly, preparing to go directly to the wasteland and fight the dark race until death as his own atonement.

At this moment, Ye Feng just smiled lightly and didn't say much.

At this time, the supreme leader of the Immortal Immortal Sect looked at Ye Feng and said, "Follow me. I will give you a precious apology gift that will definitely satisfy you."

Ye Feng nodded at this time, followed the Supreme Leader of the Immortal Immortal Sect, left the scene, and flew quickly towards a certain direction in the inner area of the Immortal Immortal Sect.

At this moment, everyone present was stunned.

They never thought that after the appearance of the most noble figure in their Immortal Immortal Sect, the Supreme Leader, he did not take action directly against Ye Feng or stand up for Zhu Xuanwu, the master of the Xuanwu Temple. Instead, he severely punished Saint Xuanwu. The master of the palace is so polite to Ye Feng, which is really incredible.

After all, in the minds of many people, the supreme leader of the Immortal Immortal Sect is definitely the number one big shot, an extremely powerful person who can never see the end of a dragon.

It is really surprising that a transcendent being of this level would be so polite to a young man like Ye Feng.

Some people couldn't help but speculate, "Is it because this young man's qualifications are so terrifying that the Supreme Headmaster is so polite to him?"

"Or is it because this young man has a powerful background beyond our imagination that the Supreme Leader pays so much attention to him?"

At this moment, everyone couldn't help but wonder about Ye Feng's true identity.

I am afraid that only Leng Rushuang present knows that Ye Feng was really just a very ordinary young genius, but he did not expect that he has grown to such an extent that he can even be called an eternal genius.

While everyone was thinking about it, Ye Feng followed the Supreme Headmaster of the Immortal Immortal Sect and flew quickly towards the inner area of the Immortal Immortal Sect.

Soon, Ye Feng followed the Supreme Headmaster of the Immortal Immortal Sect and came to the main hall in the middle of the Immortal Immortal Sect.

At this time, Ye Feng immediately saw that this hall was very different from other halls built around it.

This hall gives people a very solemn and majestic feeling.

And most importantly, Ye Feng discovered that all the materials that made this hall were very precious amethysts.

These amethysts can only be produced deep in the ancient mineral veins.

Unexpectedly, the entire palace is made of this rare amethyst, which can be said to be extremely luxurious.

However, it is also possible to reveal that the Immortal Sect is the status symbol of the giants in the entire southern region of heaven.

At this time, Ye Feng couldn't help but said: "Supreme Headmaster of the Immortal Sect, what gift do you want to give me as an apology?"

Hearing Ye Feng's impatient question, the Supreme Headmaster of the Immortal Sect immediately smiled, and the light on his body dissipated.

The next moment, Ye Feng saw the true appearance of the Supreme Master under the light. He turned out to be a white-haired old man who looked very ordinary.

This white-haired old man was very short, giving people the feeling of an old naughty boy, and he was not like the predecessors with immortal style at all.

At this moment, the Supreme Master of Changsheng Xianmen could not help but say: "Young man, the apology gift I give you is in this amethyst hall. You will know when you go in."

"Hmm?"

Hearing the Supreme Master of Changsheng Xianmen say this, Ye Feng nodded and walked directly into the amethyst hall.

For Ye Feng, he was not afraid that the Supreme Master of Changsheng Xianmen would have any bad intentions towards him.

Because he could completely use the space wormhole to escape from here.

Even if he could not beat the Supreme Master of Changsheng Xianmen, with Ye Feng's current cultivation strength, there would be no problem in escaping directly, and he could leave here with ease.

So at this time, Ye Feng walked directly into the amethyst palace in front of him without any scruples.

When Ye Feng walked in, he immediately saw that there was a pool of water emitting white gas in the entire amethyst palace.

"This is..."

When Ye Feng came to the side of the pool, he immediately showed a look of astonishment in his eyes.

Because Ye Feng discovered that the water in this pool was not ordinary water, but the spiritual energy of heaven and earth condensed to a certain degree, directly forming a liquid.

This is actually a pool of liquid spiritual energy!

At this moment, Ye Feng's eyes suddenly showed a deep surprise.

I didn't expect that there would be such a pool of liquid spiritual energy in the crystal palace.

This is a great thing for Ye Feng.

Because the spiritual energy has become liquid, it is enough to see how condensed the spiritual energy here is.

Once I can swallow these liquid spiritual energy, it will greatly improve my cultivation skills.

At this moment, Ye Feng also understood that the gift of apology given to him by the Supreme Master of Changsheng Xianmen was so precious.

This made Ye Feng have a better impression of the Supreme Master of Changsheng Xianmen.

Ye Feng immediately said to the outside of the Amethyst Palace: "Thank you for the gift from the Supreme Master of Changsheng Xianmen. This is a great gift."

The voice of the Supreme Master of Changsheng Xianmen came from outside: "You, young man, deserve my treatment! Because this is not only the power of apology, but also because we are extremely lucky to have such a peerless genius like you among the human race in our heaven. I will naturally help you once. In this way, in the future, my heaven will be able to have an extremely powerful fighting force as soon as possible to resist the crisis from the wasteland of the dark world."

Obviously, the Supreme Master of Changsheng Xianmen, whether it was pleading for Zhu Xuanwu, the master of the Xuanwu Temple, or giving Ye Feng such a huge gift of apology, was standing on the pattern of the entire human race and the perspective of the entire heaven.

It has to be said that the Supreme Master of the Changsheng Immortal Sect, as a top figure, does have his own high vision and mind, and he is more concerned with the perspective of the entire human race and the heavens, rather than from the perspective of personal grudges.

Chapter 5426: Making a Good Connection

At this time, Ye Feng naturally did not hesitate at all, and directly released the Devouring Domain, and began to devour the liquid spiritual energy in the pool of water in front of him.

Buzz!

At this moment, a dark devouring realm suddenly erupted from Ye Feng's body, covering the entire pool in front of him.

Boom!

Almost at the next moment, Ye Feng immediately felt waves of majestic and pure energy, which he immediately absorbed from the liquid pool water and began to pour into his body quickly.

You must know that the water in this pool is made of pure spiritual energy, so it has very pure energy of heaven and earth without any impurities.

After Ye Feng swallowed it at this moment, he could immediately feel that his cultivation skills were growing at an incredible speed.

At this time, Ye Feng could feel that his entire body's cultivation aura suddenly began to rise.

boom!

The fourth level of the Earth God Realm!

boom!

The fifth level of the Earth God Realm!

boom!

The sixth level of the Earth God Realm!

boom!

Earth God Realm Seventh Heaven!

boom!

The eighth level of the Earth God Realm!

boom!

Earth God Realm Ninth Heaven!

boom!

The Great Perfection of the Tenth Level of the Earth God Realm! !

At this moment, Ye Feng's cultivation level suddenly and continuously broke through to the tenth level of the Divine Realm, making Ye Feng's eyes suddenly reveal deep excitement and excitement.

Ye Feng immediately knew that in this transaction between himself and the Supreme Master of the Immortal Sect, he definitely took advantage of it.

Because Ye Feng knew very well that even if he killed Zhu Xuanwu, the master of the Xuanwu Temple, after devouring Zhu Xuanwu's cultivation skills, his cultivation level would increase by three to four small levels at most.

But now that Ye Feng has swallowed the entire liquid spiritual energy pool, his power has skyrocketed to the perfect state of the tenth level of the Earth God Realm. Ye Feng is only one step away from stepping into the Earth God Realm. Yuanshen realm.

This naturally made Ye Feng feel very happy.

It can be said that I took a huge advantage this time, and also gave a favor to the Supreme Master of the Immortal Sect.

At this moment, Ye Feng walked out of the palace without any hesitation.

The supreme headmaster of the Immortal Immortal Sect is a rather short old man. Although he seems to be very ordinary and ordinary, as the supreme leader of the Immortal Immortal Sect, this seemingly short old man exudes a mysterious energy. A terrifying and majestic atmosphere like the vast ocean.

Even Ye Feng couldn't figure out what level the other party was at now. Anyway, he definitely couldn't beat the supreme leader of the Immortal Sect.

After all, the other party is the top existence among the giants in the entire southern region of heaven, and it is quite normal to have such strength.

At this time, seeing that Ye Feng's cultivation had suddenly broken through to the tenth level of the Earth God Realm, the Supreme Headmaster of the Immortal Sect could not help but exclaimed in admiration: "You are just like I imagined, with such a You have a heaven-defying talent that can directly absorb energy from the outside world, use it for your own use, and quickly convert it into your own skills. Your ability is indeed very extraordinary, and it is very suitable for going to the wasteland and hunting people from the wasteland. The dark race in the dark world."

At this time, hearing the Supreme Headmaster of the Immortal Immortal Sect say this, Ye Feng showed a look of surprise in his eyes and said loudly: "Do you also know the purpose of my coming to the Immortal Immortal Sect?"

The Supreme Headmaster of the Immortal Sect immediately smiled and said: "The Saint of the Frozen Temple is Leng Rushuang. That little girl wants to go to the Wasteland. She is qualified by me for approval. I hope you can go to the Wasteland." Hunt down more dark races in the land and make more contributions to the hundreds of millions of creatures in our heaven. This is the responsibility of every practitioner in our heaven. This time, I also know that you are going to the wasteland. That's why we specially bring you to a place as precious as the spiritual pool of our Immortal Sect, so that you can absorb the huge spiritual power in the spiritual pool and help you improve your cultivation. In this way, you will be more powerful in the wasteland. I hope you and Leng Rushuang can get good opportunities in the wasteland. After all, although you are not from the same sect, and you are not a member of our Immortal Sect, you are both members of our entire heaven. As a member, I should help you young people who have a bright future."

Hearing what the Supreme Headmaster of the Immortal Sect said at this moment, Ye Feng couldn't help but clasped his fists and said, "Thank you, senior, for the gift."

In any case, the supreme leader of the Immortal Sect is a very ambitious and well-rounded man, and deserves Ye Feng's courtesy.

At this moment, Ye Feng looked in a certain direction not far away and said loudly: "Now that the things here have been completed, I will go to find Leng Rushuang."

When the Supreme Headmaster of the Immortal Immortal Sect heard what Ye Feng said, he suddenly smiled and said, "I wonder what you, a young man, think of our Immortal Immortal Sect?"

At this time, when he heard the headmaster of the Immortal Sect suddenly asked this question, Ye Feng's eyes suddenly revealed a look of surprise. He couldn't help but smile and said: "The headmaster wants to recruit me." Come to your Immortal Sect?"

Hearing Ye Feng's answer, the Supreme Headmaster of the Immortal Sect immediately burst into laughter, then walked up to Ye Feng and said loudly: "Your talent is the most powerful person I have ever seen. I have also been to the East." In the glorious land of China, many of the most outstanding geniuses are not as good as you, so if you can join our Immortal Sect, I think this will definitely be a huge asset to our entire Immortal Sect."

Ye Feng immediately couldn't help but shook his head and said aloud: "Originally, I wanted to join your Immortal Sect. After all, my best impression in the southern area of the heaven is your Immortal Sect, but now I have been to the east. On the edge of the land of China, and in the cities on the edge of the land of Eastern China, there are many very powerful strong men, not to mention the central area of the land of Eastern China, there are countless strong men with superb inheritance and brilliance, so I finally The place we want to go to should still be the land of Eastern China."

Hearing what Ye Feng said, the Supreme Headmaster of the Immortal Immortal Sect seemed to have already guessed that Ye Feng would make this choice.

In response, the supreme leader of the Immortal Sect showed a look of regret in his eyes, and said loudly: "I agree with your decision. A peerless genius like you should really go to the land of Eastern China in the future, otherwise your talent will be buried. "In the future, the human race in our heaven will definitely have one more peerless warrior who can protect our entire race."

At this moment, after the Supreme Master of the Immortal Immortal Sect finished speaking, he suddenly stretched out his hand, and a golden pagoda immediately appeared in his palm, and said loudly: "This golden pagoda is a powerful magic weapon that I refined last year. , has very powerful power. I made it from the golden cloud iron from the sky. It is extremely strong. I will give it to you. It can be regarded as forming a good relationship with you in advance. "

Chapter 5427: More proactive than anyone else

At this time, when Ye Feng heard the words from the Supreme Master of the Immortal Sect, Ye Feng suddenly showed a look of surprise in his eyes. It seemed that he did not expect that the other party not only gave him such a precious apology gift, but also gave him another one now. A specially refined magic weapon.

Ye Feng looked at the golden pagoda in the hands of the Supreme Master of the Immortal Sect, and his eyes suddenly showed surprise.

Because Ye Feng could sense that the magic wave emitted by this golden pagoda was very advanced, almost comparable to the various powerful weapons he had obtained before.

This must be a very powerful treasure.

But it's normal to think about it.

After all, this golden pagoda was refined by the Supreme Master of the Immortal Sect. It was a magic weapon refined by the most powerful top expert in the southern region of the heaven. It was naturally very powerful.

So at this time, Ye Feng stopped being pretentious, and instead smiled and said, "Thank you so much, Master."

At this moment, Ye Feng took the golden pagoda directly into his hands and refined it a little.

Ye Feng was surprised to find that the power contained in this golden pagoda turned out to be very pure dragon power.

And as if he saw the surprise in Ye Feng's eyes, the Supreme Headmaster of the Immortal Sect immediately smiled slightly and said loudly: "You are right, I have engraved the symbols of the ancient dragon clan on this golden pagoda. It possesses the power of the ancient dragon clan. When you fought with the master of the Xuanwu Temple, the dragon demon true form you displayed is related to the dragon clan, so I give you this golden pagoda with dragon group attributes. It should be useful to you. I will definitely be able to use the power of this golden pagoda with ease."

Ye Feng nodded at this moment, suddenly stimulating his own mana and pouring it into the golden pagoda in his hand.

Buzz!

The next moment, the golden pagoda expanded rapidly on the spot. It expanded into a towering mountain, with terrifying oppressive power. In an instant, people felt a heavy pressure.

Even Ye Feng's immortal body of a god felt heavy pressure in front of this golden pagoda, and he felt that his whole body was about to be completely shattered.

"Um?"

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

He knew that the golden pagoda sent by the Supreme Master of the Immortal Sect was definitely much more precious than he imagined.

At this moment, Ye Feng couldn't help but said: "Anyway, thank you, Master, for your love for me."

Hearing what Ye Feng said, the supreme leader of the Immortal Immortal Sect couldn't help but waved his hand and said loudly: "You are a peerless genius among our human race, and you have a very good relationship with many of our disciples of the Immortal Immortal Sect. It's unusual. By helping you, I'm also establishing a good relationship with our Immortal Sect in advance, which may come in handy in the future."

Hearing the frank words of the Supreme Leader of the Immortal Sect, without the slightest hint of concealment, Ye Feng also laughed loudly and said: "Okay, if I can repay this kindness in the future, I will definitely repay it." of."

Ye Feng knew very well that he had swallowed the liquid spiritual energy in the entire pool, which had greatly improved his cultivation, and now he had obtained the powerful magic weapon of this golden pagoda.

Ye Feng's comprehensive strength has been greatly improved in this short moment, which laid a solid foundation for Ye Feng to go to the wasteland next.

After all, what the Wasteland faces is not the danger in the heaven, but the danger from the dark races in the dark world.

Therefore, facing such a powerful race, every slight improvement in Ye Feng's current strength can greatly improve Ye Feng's safety.

At this moment, Ye Feng didn't hesitate at all. He hugged his fists at the supreme leader of the Immortal Sect, and then turned around and flew away.

Soon Ye Feng arrived at the entrance of the Frozen Temple.

Ye Feng immediately saw that Leng Rushuang, the saint of the Frozen Temple, was waiting for him here.

In addition, Ye Feng also saw the good sister Leng Rushuang whom he met by chance before, the daughter of the master of the Ascension Temple, Fairy Gong Yu. She was also wearing a white dress and looked as beautiful as a fairy. Standing there At the door.

Ye Feng couldn't help but his eyes suddenly showed a look of surprise. Although Fairy Gong Yu was not as powerful as Leng Rushuang, she was indeed very beautiful. She was as beautiful as a fairy. She was worthy of being the most beautiful woman in the Immortal Sect. , even Leng Rushuang is not as good as Fairy Gong Yu in terms of appearance.

The most important thing about Leng Rushuang is that she has a strong talent for cultivation and has a lonely and cold temperament that is inaccessible to ordinary people.

Fairy Gong Yu gives people a very warm feeling.

At this moment, Ye Feng walked over, looked at Leng Rushuang, and said loudly: "Miss Rushuang, we can leave the Immortal Sect directly now and go to the wasteland."

At this moment, Fairy Gong Yu suddenly came to Ye Feng, and she boldly stretched out her hand, took Ye Feng's arm, and said: "Don't leave in a hurry, you just came to us today. Eternal Life Immortal Sect, as the daughter of the master of the Eternal Life Immortal Sect's Yuhua Temple, I should fulfill my duties as a landlord and invite you to enjoy a sumptuous dinner in our Yuhua Temple. It's not a bad idea to leave tomorrow."

Hearing Fairy Gong Yu say this, Ye Feng's eyes suddenly showed a look of surprise, not understanding why this great beauty who never approached strangers suddenly became so close and polite to a young man like him who had just met.

Leng Rushuang saw this scene, and in her cold and beautiful eyes, she couldn't help but reveal a rather helpless look.

Obviously, Leng Rushuang knew that Fairy Gong Yu really didn't hide it at all now, and directly wanted to pursue Ye Feng openly.

At this moment, Leng Rushuang seemed to have thought of something, and suddenly stretched out her hand, pulled Ye Feng from Fairy Gong Yu to her side, and then said: "By the way, Master Jiu, the master of our Frozen Holy Temple just told me that he wants to see you, and it seems that he has something special to tell you. You should go to see my master now."

After that, Leng Rushuang took Ye Feng, and before Fairy Gong Yu said anything, he took Ye Feng away from the scene and walked into the Frozen Holy Temple.

At this moment, seeing the backs of the two people leaving, Fairy Gong Yu's beautiful eyes suddenly revealed an inexplicable smile, and she couldn't help but murmured: "Sister Rushuang, you said you didn't dare to love, but when you really saw that your beloved was about to be taken away by someone else, you took the initiative more than anyone else, hum."

Chapter 5428: Fate

At this moment, Leng Rushuang and Ye Feng had entered the inner area of the Frozen Temple.

At this time, Ye Feng saw that there were many palaces in the Frozen Temple, forming a palace complex, and there were rockeries and pools around them, as well as some very precious trees, flowers and plants. They looked very beautiful. It gives people the feeling of being in a royal garden.

Moreover, Ye Feng also discovered that in the Frozen Temple, there are many creatures with ice attributes living in it, including ice phoenixes, ice lizards, etc., all within the area of the Frozen Temple. Wandering around, it seems that this place is my home.

"Um?"

Seeing this scene, Ye Feng immediately smiled and couldn't help but said: "Your management of the Frozen Temple is really good. There are so many rare treasures and spiritual creatures living here, and It's very peaceful to get along with each other, there won't be any fighting at all."

Hearing what Ye Feng said, Leng Rushuang immediately smiled, with a beautiful and intoxicating smile on his beautiful and cold face, and said aloud: "Nine Young Masters, these rare treasures and creatures of the world, basically My master captured them from the primitive wilderness. He captured them when they were still young, so they have been raised in our frozen temple so that they can live in such peace. Otherwise, they would have become a mess. Yes, after all, different creatures are aggressive to each other."

Hearing what Leng Rushuang said at this moment, Ye Feng nodded slightly, and then asked with some confusion: "Your master, who is the master of the Frozen Temple, will she say something when she sees me?"

Leng Rushuang immediately couldn't help but shook her head and smiled, and said aloud: "Ninth Young Master, do you know that this time you are completely famous among our Immortal Sect? So my master naturally wants to meet you. you."

Ye Feng immediately couldn't help but smile in surprise, then shook his head and said loudly: "Is your master also trying to recruit me to join the Frozen Temple?"

Hearing what Ye Feng said, Leng Rushuang immediately showed a look of astonishment in his eyes and said, "How did you know?"

Ye Feng shook his head, smiled, and said aloud: "You can guess it, because just now the supreme leader of your Immortal Immortal Sect also wanted to recruit me into your Immortal Immortal Sect."

"What?"

Hearing what Ye Feng said, Leng Rushuang immediately showed a look of astonishment in his eyes.

She knew that Supreme Zhang Jiao of the Immortal Immortal Sect would definitely attach great importance to Ye Feng, but she did not expect that he would attach such great importance to him and even personally invite Ye Feng to join the Immortal Immortal Sect. This was a special treatment.

After all, you must know that the supreme leader of the Immortal Sect is not an ordinary person, but a big shot. Such a high-ranking big shot can actually lower his face and send an invitation to a young man like Ye Feng. This is Very rare.

At this moment, Leng Rushuang couldn't help but said: "Since the Supreme Headmaster has directly invited you, then Ninth Young Master, you should agree."

Ye Feng shook his head, smiled, and said loudly: "I didn't agree."

"What?"

Hearing what Ye Feng said, Leng Rushuang once again showed a look of astonishment in her beautiful eyes. It seemed that she did not expect that Ye Feng would dare to reject the supreme leader of the Immortal Sect, and this was not a dare at all.

The leader of a giant and powerful force personally invites you. If you agree, you will definitely become a guest of the entire Immortal Sect and will be trained in the future.

Unexpectedly, Ye Feng refused directly.

At this time, Ye Feng suddenly said: "To be honest, because my vision is no longer limited to the southern area of the heaven, I will definitely go to the most glorious land of Eastern China in the future."

"Um?"

Hearing what Ye Feng said, Leng Rushuang suddenly flashed her beautiful eyes and said loudly: "I didn't expect the Ninth Young Master to have such lofty ambitions. In the future, he will go to the eastern land of China in the heaven. It seems that the Ninth Young Master and I It's really a fate."

There was a look of surprise in Ye Feng's eyes, and he asked aloud: "What does it mean to be very fateful?"

Leng Rushuang looked at Ye Feng and said seriously: "Because I am destined to go to the Eastern China of Heaven in the future, and I bear a heavy responsibility. That responsibility comes from the Eastern China of Heaven. Only However, this responsibility hides a huge disaster, and I don't want to say it directly, so as not to implicate you, Ninth Young Master."

Hearing what Leng Rushuang said, Ye Feng's eyes suddenly showed a look of surprise.

Then Ye Feng looked at Leng Rushuang carefully. At this time, he finally understood that Leng Rushuang had always been relatively lonely and silent. It seemed that it was not because of his natural personality, but because he was carrying a heavy burden. Responsibility, so I have always been under great pressure and unsmiling.

Ye Feng has also felt this way before, so Ye Feng empathizes with it very much.

At this moment, Ye Feng immediately stretched out his hand and couldn't help but patted Leng Rushuang on the shoulder. Looking at the other party's beautiful and cold face, he said loudly: "I believe you. In the future, if we can continue to do this in the land of Eastern China, Once we meet, I will do my best to help you, because we are already friends."

Hearing what Ye Feng said, Leng Rushuang's beautiful eyes suddenly showed a look of surprise, as if he did not expect that Ye Feng would say such inspiring words.

And when Ye Feng spoke, he had already regarded Leng Rushuang as his very good friend, otherwise, Ye Feng would not have said such a thing.

At this moment, Leng Rushuang immediately nodded very solemnly, and suddenly stretched out her white little hand and grabbed Ye Feng's palm, but did not say much, just quietly holding Ye Feng's palm and walked towards the inner area of the Frozen Temple.

Ye Feng's eyes showed a look of surprise at this time, but seeing that Leng Rushuang beside him did not say much, Ye Feng did not ask much, but quietly accompanied Leng Rushuang and walked this section of the road.

Soon, the two came to the middle area of the Frozen Temple.

There appeared a palace completely made of ice.

Leng Rushuang said, "My master is among them. She wants to meet you, the Ninth Young Master, not only to recruit you, but also to have a chat with a genius like you. Please fulfill my master's wish."

Ye Feng smiled and said, "Of course."

After that, Ye Feng walked directly into the ice palace in front of him.

Leng Rushuang accompanied Ye Feng and walked in.

Chapter 5429 Life History

At this moment, after Ye Feng and Leng Rushuang walked into the ice hall in front of them, Ye Feng immediately saw a graceful middle-aged woman standing at the top of the ice hall.

At this moment, Ye Feng knew immediately. It seemed that this graceful middle-aged woman was the master of the Frozen Temple, Leng Rushuang's master.

At this moment, the master of the Frozen Temple sensed the two men coming in, and immediately turned around. He stared at Ye Feng next to Leng Rushuang for a moment, and after looking at it carefully for a while, he couldn't help but smiling slightly, he said: "The young talent that my disciple Leng Rushuang has chosen is indeed extraordinary. Your cultivation strength is really amazing. Even the master of the Xuanwu Temple, Zhu Xuanwu, are no match for you, and were defeated by you under the spotlight. From now on, your name will be resounding throughout the Immortal Sect."

When Ye Feng heard what the other party said at this moment, he couldn't help but smile and said loudly: "Senior is so complimentary."

The master of the Frozen Temple immediately shook his head and said: "I did not deliberately exaggerate your strength, but you really have such a powerful power."

At this moment, Ye Feng could sense that the cultivation strength of the master of the Frozen Temple was very terrifying, and his aura was unfathomable. He was probably much stronger than Zhu Xuanwu of the Xuanwu Temple.

Ye Feng immediately understood. It seemed that the strength of the five temple controllers of the Immortal Immortal Sect was still high and low, and not all were at the same level.

This cold master, the master of the Frozen Temple, is indeed a very powerful being.

At this moment, Ye Feng couldn't help but asked: "I don't know that the senior hall master of the Frozen Temple specially invited me here. Is there anything you want to say?"

The master of the Frozen Temple immediately shook his head, smiled, and said: "Originally, I wanted to recruit you to join our Frozen Temple, but seeing that you have such a powerful strength and such a heaven-defying talent, I decided I know that your vision is no longer limited to the

Immortal Sect, or even the entire southern region of our heaven. Your future should belong to the land of China in the eastern part of the heaven."

At this moment, when the master of the Frozen Temple said this, Leng Rushuang, who was standing next to Ye Feng, also had a look of surprise in his eyes. It seemed that he did not expect that his master would take the initiative to give up recruiting Ye Feng. thought.

After all, the master of the Frozen Temple once told Leng Rushuang that he would win Ye Feng into his Frozen Temple at all costs, but he didn't expect that he would give up now and say such words.

Leng Rushuang immediately understood. It seemed that Ye Feng was personally recruited by the Supreme Headmaster of the Immortal Sect, but he did not agree. The news had reached the ears of the Lord of the Frozen Temple, so the Lord of the Frozen Temple Naturally, it is impossible to win Ye Feng into the Frozen Temple.

At this time, the master of the Frozen Temple suddenly stared at Ye Feng and said loudly: "My disciple Rushuang also has very powerful cultivation potential, but she was innately sealed by a mysterious strong man. Her own talent, so she has been cultivating, is not as good as a real peerless genius. If she can understand the secret of her family's peerless inheritance and unlock the seal in her body, then her practice will advance rapidly and become extraordinary. The one who defies heaven may not be inferior to you, the Ninth Young Master."

"Um?"

Hearing what the Lord of the Frozen Temple said, Ye Feng's eyes flashed slightly, and he couldn't help but ask: "Senior, who is Leng Rushuang's enemy? She told me just now, Her enemy seems to come from the land of China in the east of heaven, and it seems that she has offended a very terrifying transcendent force. She is unwilling to tell me the truth, otherwise she is afraid of hurting me. Even so, I am also very curious, Leng Rushuang Which super power in the Eastern China is our enemy?"

Hearing what Ye Feng said, the master of the Frozen Temple immediately became solemn and solemn in his eyes, and said loudly: "Rushuang, the enemy of this child is not only the land of Eastern China in the heaven, but also the wasteland. The place is related to the dark race from the dark world."

"What?"

Hearing what the master of the Frozen Temple said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but glance at Leng Rushuang beside him, and found that the other party was still silent at this moment, but obviously She seemed a little excited because this was related to her life experience.

Ye Feng suddenly had some guesses. No wonder Leng Rushuang had to go to such a dangerous place as the Wasteland to experience and understand her own peerless heritage. Unexpectedly, she seemed to have some mysteries with the dark race from the dark world. relationship?

At this moment, the master of the Frozen Temple did not say anything more, but looked at Ye Feng and said: "If you really go to the land of China in the east of the heaven in the future, meet my disciple Rushuang again. If so, I hope you can help each other."

Hearing what the master of the Frozen Temple said, Ye Feng immediately smiled and said: "This is natural. Miss Rushuang and I are already very good friends. If a friend is in trouble, I will naturally do my best. Help."

When the master of the Frozen Temple heard what Ye Feng said, he immediately smiled kindly and said: "I believe you, because I believe that my disciple's vision will never be wrong."

Hearing what the master of the Frozen Temple said, Ye Feng felt a little weird. It felt like he was entrusting Leng Rushuang to him.

At this moment, Ye Feng said: "If there is nothing else, Miss Rushuang and I will go directly to the wasteland."

The master of the Frozen Temple suddenly stretched out a hand and said: "Don't rush to leave. Before you leave, I will help you improve your strength. Follow me."

When he said this, the master of the Frozen Temple turned around and walked towards the inner area of the Ice Palace.

Seeing this scene, Leng Rushuang's eyes flashed, and he quickly looked at Ye Feng beside him and said: "Master Jiu, let's go quickly. The master must have something special to give us, or take us to a special place to improve our strength."

When Ye Feng heard Leng Rushuang say this, his eyes also lit up, and he and Leng Rushuang followed the master of the Frozen Temple and walked towards the inner area of the Ice Palace.

Soon, they followed the master of the Ice Palace to the inner area of the Ice Palace.

A small room appeared here.

In this small room, there are all kinds of things in different shapes.

These things include magic weapons, some utensils of unknown use, and some talismans with various patterns and words.

Seeing these rather messy things, even Leng Rushuang, the direct disciple of the master of the Ice Temple, was a little surprised and said: "Master, what is this place? Why have I never been here before?"

Ye Feng said in surprise: "This is like a room where all kinds of sundries are piled up."

Hearing what the two said, the master of the Ice Temple smiled slightly and said: "This is not a sundry room, but the place where our Ice Temple has collected the most precious treasures since ancient times. Every thing in it seems ordinary, or strange, or seems to have no use, but in fact, they all contain great secrets. You can each choose two things. As for whether you can choose the treasure that suits you best, it depends on your own choice and luck."

Chapter 5430 Two Treasures

At this time, hearing the master of the Frozen Temple say this, Ye Feng's eyes flickered slightly, and he couldn't help but say: "It seems that everything in this room is very precious, but whether you can choose the most suitable one for yourself still depends on your own perception."

Hearing Ye Feng say this, the master of the Frozen Temple immediately looked at Ye Feng with great appreciation, and said: "Yes, it is perception. What I said just now about relying on luck is actually a bit biased. The most correct thing should be to rely on your own perception, because only the treasure that can be in harmony with your mind is the most suitable for you and the most precious to you."

After the master of the Frozen Temple finished speaking, Ye Feng immediately nodded, began to close his eyes, and used his soul power to sense.

At this moment, Leng Rushuang saw Ye Feng sensing these things, and also learned from Ye Feng to feel them with his heart.

In fact, for Ye Feng, no matter what treasure it is, it is quite suitable for him.

Because the more powerful the treasure is, the more benefits it will have for Ye Feng.

Because Ye Feng can adapt to magic weapons of various powers and races, no matter what type of treasure it is, as long as it is the most powerful, it is most suitable for Ye Feng.

So at this time, Ye Feng's induction is very simple, just use his huge soul power to sense which treasure in the room is the most powerful.

And if you want to know which treasure is the most powerful, just use soul power to sense the energy fluctuations emitted by the treasure.

Soon, Ye Feng sensed a palm-sized dagger that was completely spliced together by copper coins, and the energy fluctuations were the most intense.

This made Ye Feng's eyes suddenly reveal a look of surprise.

This dagger looks very ordinary. It is made of more than a dozen copper coins that even have some rust, tied together with a red rope, forming the appearance of a dagger.

Swish!

At this moment, Ye Feng directly stretched out his hand and took this copper coin dagger in his hand.

At this moment, seeing Ye Feng choose the treasure that suits him so quickly, especially seeing Ye Feng choose this copper coin sword, the master of the Frozen Temple standing beside him suddenly showed a look of surprise, and then a deep admiration.

Because this seemingly ordinary copper coin sword is an ancient treasure left by the old master of the previous generation. It is said that even the old master of the previous generation has not comprehended the secrets contained in this copper coin short sword and cannot exert its powerful power.

But Ye Feng may be able to.

The master of the Frozen Temple knows very well that this copper coin sword is absolutely extraordinary. It is rumored that it was something that the old master brought out from an ancient ancestor's tomb after a near-death experience. It is very extraordinary.

Unexpectedly, Ye Feng was the first to choose this copper coin dagger. The master of the Frozen Temple immediately looked at Ye Feng with great appreciation. It seemed that this young man was indeed much more extraordinary than he had imagined. Not only was his cultivation and combat power extremely powerful, but his perception was also so terrifying. He was the first to choose such an ancient treasure that contained a great secret.

At this moment, the master of the Frozen Temple did not say much, but continued to observe, because no matter what the two chose, she would not intervene.

This is the rule of this special room.

It is also a habit passed down by the masters of each generation of the Frozen Temple.

At this moment, the next moment after Ye Feng chose the first treasure, the copper coin dagger, Leng Rushuang seemed to sense something that belonged to him.

Leng Rushuang walked to a table and took a talisman that exuded cold air on the table into her own hands.

The master of the Frozen Temple saw this scene and nodded slightly.

This talisman emitting cold air is the natal talisman left by the first generation master of the Frozen Temple. It condenses all the natal cold air of the first generation master of the Frozen Temple, which is of great benefit to practitioners of ice attribute.

Because this is not only a magic weapon that can produce ice attribute attacks, but also a talisman that has a huge blessing effect on one's own practice.

At this moment, Ye Feng also chose his second treasure.

Ye Feng came to the corner of the room with a copper coin dagger in his hand and took a piece of something that looked like a tortoise shell in his hand.

"Hmm?"

Seeing this scene, the master of the Frozen Temple could not help but say in surprise: "I didn't expect that the tortoise shell with the strongest defensive ability left by the first generation of the master would still have such a piece, hidden in the corner, even I didn't find it, I didn't expect that you, the ninth young master, could sense it. Your sense is really too amazing."

At this moment, Ye Feng smiled slightly and said: "This should be the tortoise shell of the legendary Xuanwu beast. As long as it is refined, it can form a huge shield-like tortoise shell, which can make oneself extremely Strong defense. "

The master of the Ice Temple nodded slightly, smiled and said: "Yes, this tortoise shell you found is the tortoise shell left behind by the legendary Xuanwu beast after it ascended. It has super strong defense. Even the Xuanwu Temple does not have such a high-level tortoise shell, because this is what the first generation master of our Ice Temple found from the ancient Shenxu fragment interface. "

At this moment, Ye Feng nodded slightly. Whether it is the copper coin dagger or this Xuanwu tortoise shell, they are all excellent treasures, which have a huge effect on Ye Feng at present.

The black tortoise shell gives Ye Feng a strong defense, and this copper coin dagger, Ye Feng can sense that it may not be as simple as attacking the enemy.

Because each copper coin that makes up this dagger is engraved with symbols that look like ancient gods, and it seems to have an inexplicable great power.

Ye Feng should be able to discover the secret in the future as he refines it.

While the two were talking, Leng Rushuang suddenly chose her second thing.

But at this time, when Leng Rushuang took the second thing in his hand, the master of the Frozen Temple couldn't help but change his face suddenly, and couldn't help but say: "It seems that what the master said back then was right. The things that belonged to this girl Rushuang can't be avoided after all."

At this moment, Ye Feng heard the master of the Frozen Temple say this, and he looked behind him curiously.

The next moment, Ye Feng immediately saw that the second thing Leng Rushuang was holding at this time was actually a book that looked extremely dark.

This extremely dark book does not have many pages, only two or three short pages, but they are all made of special black metal, and are filled with densely packed dark words of unknown race, but it exudes a dark and evil atmosphere.

Seeing this scene, Ye Feng couldn't help but suddenly thought of what the master of the Frozen Temple said just now, Leng Rushuang's life experience is not only related to a certain transcendent power in the eastern Shenzhou land of the heaven, but may also have a slight relationship with the dark race from the dark world.

Thinking of this, Ye Feng immediately had a bold guess in his heart, could Leng Rushuang have part of the blood of the dark race?
