

Ancient 5441

Chapter 5441 Where does it lead to?

So at this time, Ye Feng, including the three senior human race experts, tried their best to mobilize all their strength to kill the dark races that were fleeing everywhere in the dark city.

With the killing of the four people, all the other ordinary dark races in the entire dark city were basically killed.

The entire dark city immediately became bloody.

At this time, Ye Feng did not hesitate and directly released his Devouring Domain and began to devour the blood energy of all the dark races in the entire dark city, including the skills of the dark race king bloodline master who was killed by Ye Feng before.

You must know that these dark races all come from the advanced spiritual dimension. Even the inferior races in the advanced spiritual dimension are very powerful and powerful.

At this moment, after Ye Feng released the Devouring Domain, he could immediately feel huge waves of dark energy, which was immediately absorbed into his Dantian.

Ye Feng's skill immediately continued to grow at an incredible speed.

Ye Feng's previous cultivation was at the half-step Yuan Shen realm, which was a big bottleneck.

So at this time, as Ye Fengxiu absorbed more energy, his cultivation level suddenly broke through. He directly broke through the half-step Yuanshen Realm, stepped into the real Yuanshen Realm first level, and completely entered the Yuanshen Realm. A whole new level of cultivation.

At this time, Ye Feng's eyes suddenly showed satisfaction.

Although the dark races in this entire dark city are not that good in terms of cultivation and strength, only the dark race master with the blood of the king just now has slightly more powerful skills.

But after Ye Feng swallowed it, he was still able to break through his big bottleneck, which is enough to show that these dark races are worthy of being powerful races from the advanced cultivation dimension. As expected, the energy they provide is very powerful and advanced, making Ye Feng's There was an immediate breakthrough in cultivation, directly reaching the first level of the Yuan Shen Realm.

Ye Feng could feel that his strength had increased rapidly, and his combat effectiveness had also increased dozens of times.

At this time, the three powerful elders from the human race immediately flew to Ye Feng's side.

Looking at the scene that Ye Feng had swallowed just now, the three of them could not help but show surprise in their eyes. It seemed that they did not expect that such a delicate-looking young man as Ye Feng could actually practice such a strange inheritance and be able to release it directly. Exit the devouring realm and absorb the energy of the surrounding dark races.

You must know that the origin of the dark race's skills is extremely dark, and it has the same origin as the dark energy between heaven and earth, and is highly poisonous.

If it were an ordinary strong human race, let alone absorbing these dark energies, I am afraid that even if it is contaminated with some, they would be poisoned and die instantly.

But Ye Feng not only is not poisoned by these dark energies, but he can also absorb these dark energies for his own use and increase his power.

The three powerful elders of the human race had all witnessed the breakthrough in Ye Feng's cultivation aura just now.

At this time, these three people, all senior experts, looked at Ye Feng and didn't say much.

Because they know that as long as Ye Feng is a human race in the heaven, it doesn't matter what inheritance Ye Feng practices, as long as he can kill these dark races.

The stronger Ye Feng is, the more useful he will be to their entire heaven.

At this moment, Ye Feng saw that the three powerful elders of the human race did not point fingers at him, and he felt quite relaxed in his heart.

Because it was impossible for Ye Feng to waste the blood and energy of all the dark races in the entire dark city, Ye Feng had no choice but to show off his strange devouring talent on the spot, swallowing the blood and energy of these dark races to strengthen his own skills.

Because Ye Feng came to this wasteland this time, the opportunity was rare, so he naturally would not waste any opportunity to improve his cultivation skills.

At this moment, Ye Feng breathed a sigh of relief when he saw that the three elders of the human race did not say much, and then said aloud: "Three seniors, we should be able to leave here directly now. All the people in this dark city are here." The dark race has all been wiped out by us, and I guess it will attract the attention of the super masters of other dark races around us. If an extremely powerful dark race master comes over by then, we will not be able to fight against it, and that will be terrible."

Hearing what Ye Feng said, the three senior human race experts all nodded.

But at this time, the burly old man in black armor among the three couldn't help but said: "This dark city has been established for so long, and it must have a lot of wealth. Let's go over and see if there is anything in this dark city." What a treasure trove."

Hearing what the burly old man in black armor said, Ye Feng's eyes lit up, he nodded quickly, and said loudly: "Such a large dark city must have a treasure trove after being stationed here for so many years."

After saying this, several people immediately flew into the dark pool below and started searching.

Ye Feng's soul power was very huge. After covering a circle, he did not find any treasure house.

But at this time, the old man wearing Taoist robes and immortal Taoist bones suddenly seemed to have discovered something, and said aloud: "There is a mechanism here that can isolate the detection of human soul power. I guess this dark city's The treasure trove lies within."

At this time, after the old man in Taoist robes finished speaking, he directly opened a mechanism in front of him.

Click, click!

And as the old man turned on the mechanism, the entire ground suddenly opened with cracks.

Then a huge depression appeared in the entire ground.

At this moment, Ye Feng and several other senior human race experts immediately flew towards this direction.

They looked in the direction of the depression in the ground, and their eyes suddenly showed surprise.

Because there is no treasure house or wealth in this huge sunken hole under the ground, but a deep passage that seems to lead to a certain space underground.

Seeing this scene, several people looked at each other, as if seeking their own opinions.

Ye Feng said aloud: "Then let's go down and take a look and see where this underground passage leads to. I think these dark races have established this underground passage here, and it must lead to a very special place." place."

The burly old man in black armor nodded immediately. He was also an adventurous person. He couldn't help laughing and said: "I agree with little brother Ye Feng. Let's go down and take a look. Take a look at this underground place." Where does the passage lead to? It may lead to a paradise in this wasteland. "

Chapter 5442 Your Future

At this time, several other senior experts nodded one after another, and then everyone immediately jumped into the depressions and holes in the underground, and walked quickly towards the interior of the underground passage.

After Ye Feng and three senior human race experts walked in this underground passage for nearly half an hour, they finally reached the end of the underground passage.

At this moment, they immediately saw that there was an underground cave connected to the end of this underground passage.

And on the top of this underground cave, things like bubbles actually dropped down.

Among these bubbles, there are larvae similar to those of the dark race.

"This is....."

Seeing the scene in front of him at this moment, the old woman among the three strong elders of the human race couldn't help but look surprised in her eyes and said loudly: "These seem to be the seedlings of the dark race, specially used for... The dark race who came to cultivate adulthood was secretly cultivated in this underground passage. "

At this moment, the old man wearing a Taoist robe could not help but said: "Since the dark race is cultivating these seedlings of the dark race in this underground space, it means that the surrounding world is very unusual. , Otherwise, it would be impossible for the dark race to cultivate their seedlings in such a deep underground passage. "

At this moment, after the old man in Taoist robes finished speaking, Ye Feng nodded and said loudly: "I sensed the Feng Shui around here, and it is indeed very good. I guess there may be secrets hidden underground."

At this moment, after Ye Feng finished speaking, he took out several weapons at random from his storage ring, threw them to several other elders of the human race, and said loudly: "Let's dig this underground now." Open and see what's under the ground."

After Ye Feng finished speaking, he immediately started digging the soil underground.

At this moment, he saw Ye Feng digging the soil underground, and the other three senior human race experts standing beside him no longer hesitated and quickly dug the soil underground.

As they dug, they immediately dug up the entire underground ground.

Then several people suddenly discovered that at the bottom of the underground cave, a large amount of dark ore was dug out.

These dark ores are connected together one after another. It is obvious that this is a dark mineral vein.

The burly old man wearing black armor just now couldn't help but said in surprise: "We have dug out an entire dark mineral vein. It seems that the mineral veins here have been assimilated by the dark race and become a part of the dark race. The mineral veins needed, no wonder they are cultivating the seedlings of the dark race here, it turns out that there is such a huge dark mineral vein here. "

At this moment, the other two senior human race experts also had a look of disappointment in their eyes.

Originally they thought they could unearth some very precious treasure or wealth.

But the dark mineral vein they dug now is not of much use to the three elders of the human race, because they are all practitioners among the human race and cannot use the dark mineral vein from the same source as the dark race.

But at this time, Ye Feng's eyes suddenly lit up, because Ye Feng could completely absorb the dark energy in the dark mineral veins and use it to strengthen his cultivation skills.

At this moment, the three elders of the human race also knew that since Ye Feng was able to swallow the skills of those dark races just now, it is estimated that Ye Feng can also swallow the dark energy in this dark mineral vein.

At this moment, the three elders of the human race immediately spoke out: "Little friend Ye Feng, just devour this dark mineral vein here. I hope it can help you further improve your cultivation. The three of us old guys are up here to help you." You protect the law and won't let others disturb you."

Hearing what these three senior human race experts said, Ye Feng immediately clasped his fists in gratitude and said, "Thank you to the three seniors for protecting the law."

At this moment, Ye Feng naturally did not hesitate and without wasting time, he directly released the Devouring Domain and began to devour the dark energy in the entire dark mineral vein.

The three powerful elders of the human race all looked at each other at this time, nodded one after another, and flew towards the top of the underground cave to prevent the other dark races who heard the movement from entering the underground cave. , interfering with Ye Feng's cultivation.

At this moment, Ye Feng fell into a deep state of devouring.

"Boom!"

At this moment, a huge amount of energy was immediately absorbed by Ye Feng and injected into Ye Feng's Dantian.

Ye Feng's cultivation skills immediately increased rapidly and continuously.

boom!

The second level of Yuanshen Realm!

boom!

The third level of Yuanshen Realm!

boom!

The fourth level of Yuanshen Realm!

boom!

The fifth level of Yuanshen Realm! !

At this moment, after Ye Feng's cultivation reached the fifth level of the Yuan Shen Realm, he finally stopped completely.

The dark mineral veins in the entire underground cave were also swallowed up by Ye Feng.

All the energy in the dark ore was swallowed by Ye Feng and turned directly into fly ash.

Ye Feng's eyes were full of excitement at this time.

I didn't expect that there would be such a huge dark mine hidden underground in this small dark city, which would increase my cultivation so much in an instant.

After all, as Ye Feng's cultivation level increases, the energy required for each breakthrough increases. However, this dark mineral vein still allows Ye Feng's cultivation level to have such a huge breakthrough, which naturally makes Ye Feng very happy.

At this moment, Ye Feng flew directly to the ground.

When Ye Feng left the underground cave and flew to the ground, the three elders of the human race saw the changes in Ye Feng's cultivation aura and sensed that Ye Feng's cultivation level had broken through four small levels at once. They were all deeply surprised.

Especially the burly old man in black armor who had a similar temperament to Ye Feng, he couldn't help but patted Ye Feng's shoulder fiercely and said, "Ye Feng, you are good, you are worthy of being a demon among the human race in my heaven. You have made such a breakthrough in your cultivation in just a few minutes. If you are given enough time, according to your cultivation speed, within ten years, I estimate that there will be few opponents in the whole heaven. If you are given another twenty years, you may be able to cultivate to become an existence comparable to the ancient gods in our heaven. By then, my heaven will have another top patron saint! Young man, I am optimistic about your future!"

Chapter 5443: Quite Depressed

At this time, this burly old man wearing black armor paid great attention to Ye Feng's praise. He simply praised Ye Feng as the most powerful person in the entire heaven in the future.

At this time, the old woman standing aside and the immortal old man could not help but shake their heads and smile.

They knew that sometimes this burly old man in black armor had such a temper that his words were a bit out of tune.

At this time, Ye Feng couldn't help but smile and said: "The senior's evaluation of the junior is really too high. I still don't know when the junior will be able to cultivate and become a being on the level of the ancient gods in heaven, and If this junior can really cultivate to that level, he will definitely rush into the dark world alone and suppress the entire dark world for all the creatures in the heaven. "

Hearing what Ye Feng said, the burly old man in black armor couldn't help but patted Ye Feng's shoulder and said loudly: "Okay! I have ambition! I hope I can live to see this day. "

Ye Feng immediately burst into laughter and said loudly: "Senior will definitely be able to survive until that day."

At this moment, the old woman standing aside seemed to sense something, and suddenly said: "Let's leave this place of right and wrong quickly. I feel a very terrifying aura, which should be darkness." The super strong men of the race are coming here. It is estimated that the movement in the entire dark city has attracted the super strong men of other dark races in other nearby powerful dark cities, which we cannot resist. "

Hearing what the old woman said, Ye Feng and others nodded and quickly left the dark city.

After they left this dark city, they came to a wilderness in the wasteland.

At this moment, the burly old man in black armor looked at Ye Feng and said loudly: "Anyway, thank you little brother Ye Feng for helping me this time. Otherwise, we may not be able to capture that dark city at all, or even You will die too."

When Ye Feng heard this, he immediately smiled and said: "Since I encountered the seniors who are in trouble, then as a member of the human race in the heaven, the juniors are naturally obliged to take action and help the seniors."

At this moment, the old man in Taoist robes couldn't help but asked: "Little friend Ye Feng, do you have any other plans next? Should you continue to practice around, or follow us back to our camping place. "

When Ye Feng heard what the old man in Taoist robes said, a look of surprise suddenly appeared in his eyes, and he asked aloud: "Is there only a camping place for you three?"

The old man in Taoist robes immediately shook his head and said loudly: "That campsite is a temporary campsite established by many elders of the Celestial Human Race around us. There are not only the three of us, but also a dozen others. The environment of our campsite is very good, and there are senior formation masters in the campsite who have engraved a purification formation that can purify the dark energy of the surrounding heaven and earth into the spiritual energy that our human race needs for cultivation... .."

When he said this, the old man in Taoist robes seemed to have thought of something. He suddenly smiled hoarsely and said, "Oh, by the way, I forgot, little friend Ye Feng, you don't need this kind of purification formation at all." , you can directly absorb the dark energy between heaven and earth to restore and strengthen your own strength, but we need it. It seems that our campsite is not very attractive to little friend Ye Feng. "

Ye Feng smiled slightly at this moment and said aloud: "I'd better continue to practice alone around me. After all, I still have a friend to protect. I can practice my cultivation and inheritance nearby. If I can't leave Too far away and I might lose contact with her."

Hearing what Ye Feng said, the burly old man in black armor immediately nodded, patted Ye Feng's shoulder, and said loudly: "Then let's keep the green mountains unchanged and the green waters flowing forever. See you later. I hope you can wait. When I met you, little brother Ye Feng, you had grown into a more powerful person, and you would be able to kill more powerful dark races, make contributions to the heavens, and bring peace to the human race for all eternity! "

It has to be said that the fighting will and loyalty of these old strong men who voluntarily came to the wasteland and used up their last life force to kill the dark race are indeed very strong, almost He will never stop making contributions to the human race in the heavenly world and contribute his last strength to the safety of the human race in the heavenly world.

Ye Feng also admired these strong elders among the human race who had a sense of faith. He immediately clasped his fists and said loudly: "Then we will meet again later."

Uh-huh!

After the words fell, Ye Feng jumped up and flew quickly in other directions around him, disappearing in the blink of an eye.

At this moment, looking at Ye Feng's leaving figure, the three senior human race experts standing there had expressions of emotion in their eyes.

Especially the burly old man in black armor, looking at Ye Feng's leaving back, couldn't help but said with emotion: "We haven't met a young man with such a heaven-defying talent in many years."

The old woman among the three also looked a little dazed, and said loudly: "If my son had not died in the first invasion of the dark race, I am afraid he would be as old as this young man Ye Feng."

The old man in the Taoist robe couldn't help but say: "If this friend Ye Feng specializes in formations, he may become a master of formations."

...

Time passed quickly, like flowing water without a trace.

In a blink of an eye, three days passed.

Ye Feng had been in the wasteland for nearly three days.

During these three days, what made Ye Feng quite depressed was that Ye Feng did not find many powerful dark races, nor did he find other dark cities. It seemed that his luck had run out.

During these three days, Ye Feng only killed some scattered dark races and found some dark attribute spiritual medicines growing in the wasteland, which made his cultivation break through a small level in these three days and step into the sixth level of the Yuanshen realm.

And on this morning, Ye Feng was ready to go deeper to see if there was a greater opportunity in the deeper area of the wasteland.

But suddenly, the jade pendant in Ye Feng's hand suddenly emitted a strong vibration, and Leng Rushuang's anxious voice came out: "Ye Feng, come and save me!"

Chapter 5444: Ruthless and Domineering

At this time, hearing Leng Rushuang's cry for help, Ye Feng naturally did not hesitate at all and immediately flew quickly in the direction pointed by the jade pendant.

For Ye Feng, his first priority when entering the wasteland this time was to ensure Leng Rushuang's safety.

This is also Ye Feng's promise to Leng Rushuang.

So now that Ye Feng found out that Leng Rushuang had sent a distress signal to him, he naturally rushed over instantly without any hesitation.

When Ye Feng came to the direction pointed by the jade sign, Ye Feng immediately saw that Leng Rushuang was being chased by a dark demon man wearing golden armor.

But what puzzled Ye Feng at this time was that this dark demon man wearing golden armor was very powerful, many times more powerful than Leng Rushuang. He could have easily He caught up with Leng Rushuang and killed him, but now, this dark demon man wearing golden armor was just following Leng Rushuang slowly behind him.

"Um?"

Seeing this scene, Ye Feng felt a little confused, but without any hesitation, he flew over and stood in front of Leng Rushuang. He couldn't help but asked: "Rushuang, are you touching me?" Who is this dark demon man? Why is he chasing you? And he is still following you slowly, as if he doesn't want to kill you."

Hearing what Ye Feng said at this moment, Leng Rushuang's eyes suddenly showed a complicated look, and there was something ugly on her beautiful face. She couldn't help but said: "Ye Feng, you also knew before, I have some connection with the dark race. The man from the dark race who was chasing me came from the dark world on the other side of the wasteland. He sensed the dark energy in my blood, so he found me and wanted to kill me. Bring me back to the dark world and say that my mother is the king of the dark world."

"What?"

Hearing what Leng Rushuang said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that Leng Rushuang's life experience was actually from the king's family of the dark race in the dark world.

At this time, Ye Feng couldn't help but asked: "What about your father?"

Leng Rushuang shook her head and said aloud: "I don't know who my father is, but I have half of the blood of the human race, which means that my father is a human race and should be a strong human race in the heaven."

Hearing what Leng Rushuang said, Ye Feng nodded slightly, understood the situation, and immediately looked at the dark demon man wearing golden armor who was chasing him not far away, and said coldly: "Leng Rushuang is My friend is also my close partner. I will not allow you to take her back to the dark world of your dark race so casually. Even if she has part of the blood of the dark race, she must follow Leng Rushuang's wishes. I cannot be forced back to the dark world by you."

Hearing what Ye Feng said at this moment, this young man from the dark race immediately smiled coldly and said loudly: "Who are you? A low-level human race in the heaven dares to say such a thing in front of me. So, this Leng Rushuang next to you, do you know her true identity? I'm not afraid you will be shocked if I tell you. Leng Rushuang is the daughter of the princess of the dark empire in our dark world. Although she has She is half of the human race in the heavenly world, but after all, she has the blood of our dark royal family, so we must bring her back to our dark empire, undergo transformation, and make her a qualified descendant of the dark king's bloodline."

Hearing this dark demon man wearing golden armor say this, Ye Feng's eyes suddenly revealed a cold look, and he said loudly: "Whether Leng Rushuang wants to become a human in the heaven, or chooses to become Dark Demon Clan, these are her own decisions. Since he is unwilling to follow you back, then we must respect her choice. "

Hearing what Ye Feng said, this dark race man wearing golden armor immediately couldn't help laughing and said loudly: "She has no control over this. This is an order personally given by Her Royal Highness the Princess, so I must Bring her daughter back to be transformed by our dark race."

Hearing this dark race man say this, Ye Feng suddenly showed a cold look in his eyes and said loudly: "Since you are forcing her to go back, then I will definitely stop her, because I am Leng Ru Frost's best friend, and that's my promise to her."

At this moment, after Ye Feng finished speaking, he looked directly at Leng Rushuang beside him and asked: "Are you willing to go to the dark world?"

Leng Rushuang immediately shook his head and said loudly: "I don't want to go into the dark and evil world."

Hearing what Leng Rushuang said, Ye Feng immediately nodded and said with a smile: "Okay, as long as you don't want to go, no one can force you."

Hearing what Ye Feng said at this moment, the dark race man not far away wearing golden armor immediately showed a trace of ridicule in his eyes and said loudly: "You have some courage, you dare to say You have to say such arrogant words, but it is useless to have courage. You have to have strong strength. Your cultivation level is so much lower than mine, more than ten realms lower. How can you stop me now? Forcibly take Leng Rushuang back to our dark empire, whoever dares to stop him will die! "

At this moment, after the dark race man in golden armor finished speaking, terrifying dark power erupted from his body, and he immediately grabbed Leng Rushuang, trying to take Leng Rushuang away by force.

At this time, Ye Feng did not hesitate at all, and immediately shouted: "I am here today, and no one can take Leng Rushuang away. Leng Rushuang's own choice is the life she wants."

Almost at the moment Ye Feng finished speaking, Ye Feng also fully exploded his huge magic power.

boom!

Ye Feng's body suddenly erupted with a terrifying and bright golden light.

At this moment, Ye Feng's whole body instantly activated the power of the God's Immortal Body, and directly and quickly charged towards the man of the dark race in front of him.

At this moment, Ye Feng didn't hesitate at all and just unleashed all his methods with all his strength.

Ye Feng directly used the extremely powerful weapon he had obtained before, the Hammer of Darkness.

Uh-huh!

A black hammer suddenly appeared in Ye Feng's hand, and it expanded rapidly on the spot. It suddenly expanded to the size of a dark mountain, and fiercely bombarded the dark race man rushing forward.

At this moment, the dark race man immediately showed a look of astonishment in his eyes and said loudly: "What?? The legendary hammer of darkness is actually in your hands! And the most incredible thing is that you, as a member of the heaven, The human race can actually use the weapon of our dark race, the hammer of darkness. This is simply incredible! This is impossible, I don't believe it!"

At this moment, this dark race man from the dark world and dark empire suddenly showed deep astonishment in his eyes.

But he was just stunned for a moment, and then said coldly: "No matter what, if you dare to block my way today, you will definitely die. I can only kill you first, and then forcibly kill you." Take Rushuang back."

It has to be said that this dark race man can be said to be ruthless and domineering to the extreme. He did not care about Leng Rushuang's own choice, but directly forced to kill Ye Feng who was protecting Leng Rushuang, and then killed Leng Rushuang. Taken away by force.

Chapter 5445 Endless methods

"The power of the giant!"

At this time, the dark race man suddenly roared, and the whole person expanded rapidly on the spot, expanding into a majestic black giant with a height of tens of thousands of meters, and then attacked directly in the direction of Ye Feng.

This dark race man from the dark empire of the dark world is obviously a dark demon giant with terrifying power. He directly blasted Ye Feng's dark hammer away.

"Hmm?"

When Ye Feng saw this scene, he was surprised and said, "What a strong power. He is indeed a strong man from the royal family of the dark world. He is really powerful."

At this time, the dark race man who turned into a dark demon giant immediately smiled coldly and said, "Whoever dares to stop me today will die!"

At this moment, Leng Rushuang also saw the powerful strength of this dark race man, and immediately couldn't help but worriedly said, "Ye Feng, don't die for me. If it doesn't work, I can only go back with him. I don't want to see you die."

Hearing Leng Rushuang say this, the dark race man immediately laughed and said, "Leng Rushuang, it's useless for you to go back with me now. This kid dares to be so arrogant in front of me. I must let him die, so that I can show the majesty of our dark king."

Boom!

At this moment, the dark race man who turned into a dark demon giant immediately burst out all his strength and pressed towards Ye Feng in an instant.

Obviously, this dark race man from the dark world and the dark empire is a domineering character. He is not happy with Ye Feng and wants to kill Ye Feng on the spot.

Even if Leng Rushuang begs for mercy and wants to go back with him, he is unwilling to do so. He must completely wipe out Ye Feng.

When Ye Feng heard what the dark race man said at this moment, he immediately said coldly: "Since you want to kill me so much, then I don't have to be polite."

Boom! !

Almost at this moment, Ye Feng fully unleashed his powerful means and instantly displayed the immortal body of the dragon demon.

Ye Feng did not directly use the copper coin dagger.

If Ye Feng used the strange and terrifying copper coin dagger, he would definitely be able to kill this dark race man.

However, the dark race man's huge cultivation power and blood energy are estimated to be absorbed by the copper coin dagger, which is really a waste.

Ye Feng still wants to kill this dark race man with his own hands and let him devour all his power.

Therefore, Ye Feng did not want to use the copper coin dagger for a while, unless it was absolutely necessary.

So at this time, Ye Feng chose to use his own strength to deal with the dark race man.

At this moment, Ye Feng directly displayed the immortal body of the dragon demon, and the whole person immediately expanded on the spot into a majestic demon giant with a height of tens of thousands of meters.

But Ye Feng's head was the head of a dragon, and his hands were huge golden dragon claws, with terrifying power, and he instantly rushed towards the demon giant transformed by the dark race man.

At this moment, the power that Ye Feng burst out directly blasted the dark demon giant transformed by the dark race man into flying backwards, and directly smashed a large area of mountains.

He could not hold on for long in front of Ye Feng's immortal body of the dragon demon, and was suppressed by Ye Feng with his extremely powerful body power, and was directly repelled, and even his whole body was almost torn into pieces by Ye Feng's golden dragon claws.

"What?"

After sensing all this at this moment, the dark race man from the dark world and the dark empire could not help but say in horror: "How is this possible? How can you have such a strong power? And you have successfully cultivated the legendary immortal body of the dragon demon! This is the immortal physique that the ancient dragons and demon giants secretly planned, and you have successfully cultivated it. This is impossible! How can you, a low-level human in the heaven, have such a strong talent and ability?"

Hearing this dark race man say this at this moment, Ye Feng just smiled coldly and said aloud: "There is no use talking so much nonsense. Today you want to kill me, so I can only treat you in the same way and kill you completely."

Boom!

At this moment, Ye Feng did not hesitate at all, and continued to burst out his extremely powerful cultivation skills.

Ye Feng fully activated the immortal body of the dragon demon and attacked the dark race man fiercely.

The immense dark energy mobilized Ye Feng.

Ye Feng could completely use the dark energy between heaven and earth in this wasteland.

At this moment, Ye Feng was surrounded by surging dark energy, and he also turned into a demon giant.

So Ye Feng didn't look like a human from heaven at all, but more like a powerful dark race in the wasteland.

At this moment, Ye Feng rushed forward and grabbed the head and feet of the dark race man, wanting to tear him apart.

But at this moment, the dark race man immediately yelled: "Ten Thousand Demon Shield!"

At this moment, a huge black shield appeared in front of the dark man, with demons of various shapes engraved on it. It looked like there were 10,000 demon souls, which were refined in this black shield, and immediately formed an extremely terrifying defense force, temporarily blocking Ye Feng's dragon membrane immortal body.

At this moment, Ye Feng did not hesitate at all, and immediately took out his celestial token, which turned into the sword of the celestial god.

A huge golden giant sword suddenly appeared in Ye Feng's hand, which was tens of thousands of meters long.

Boom!

Ye Feng held the golden giant sword, like a sword god in the demon clan, and slashed it directly in the air. With a "puff", the Ten Thousand Demons Shield released by the dark man was instantly split into two halves.

"What, how is this possible?"

At this moment, the dark man immediately screamed in horror and said, "This Ten Thousand Demon Shield was given to me by the Dark Emperor himself. It is made of the strongest Ten Thousand Demon Black Iron in our dark world. There is no weapon in the world that can break my shield. Even if there is, it is impossible for the human race in your heaven to have such a sharp sword. Is your golden sword from a higher cultivation dimension?"

At this moment, the dark man was extremely horrified, because he never thought that a human boy from the heaven would have endless means and trump cards, and his fighting power was so horrifying that it was incredible.

After all, in the mind of this dark man, the human race in the heaven was all inferior human races, and they were not his opponents at all, not to mention that he was a high-level dark race from the dark world and the dark empire.

But I didn't expect that there would be a human genius like Ye Feng in the heavens, who possessed such powerful means and strength!

It was really incredible to the extreme!

Chapter 5446: Inseparable

At this time, this man from the dark race, who came from the dark empire of the dark world, could be said to be extremely frightened. It was unbelievable that in such a small world, such a defiant human boy as Ye Feng appeared.

At this time, this man from the dark race could be said to be completely frightened. He couldn't help shouting and said: "You can't kill me directly! Behind me is the dark empire in the entire dark world. If you kill me, I will also be wanted by the entire Dark Empire. At that time, there will definitely be many super powerful people from our Dark Empire who will come to the wasteland in person and will hunt down this kid until there is no way to heaven and no way to the earth. "

Hearing what this dark race man said, Ye Feng smiled coldly and said: "I have never been sloppy in my actions in my life, and I am not afraid of any threats."

Boom!

Almost at the moment Ye Feng's words fell, Ye Feng almost didn't hesitate at all. He directly controlled the immortal dragon demon he had transformed into, rushed forward in an instant, and tore this dark race man into pieces in one fell swoop. He broke into two halves and killed him instantly.

Seeing such a shocking scene at this moment, Leng Rushuang was shocked. She couldn't help but flew to Ye Feng very excitedly and said loudly: "Ye Feng, I didn't expect that your strength has increased now." At this point, it seems that during the period of my training, you have also benefited a lot in this wasteland, and your combat effectiveness has improved so much. "

Ye Feng nodded slightly at this time and said with a smile: "This man from the dark race is indeed a powerful person, but he met me, but the dark empire he mentioned should be a very large one in the dark world. We should leave this area as soon as possible, otherwise, if the superpowers from the Dark Empire really come after us, we may not be able to deal with them. "

Hearing what Ye Feng said, Leng Rushuang immediately nodded and said: "This area is indeed not suitable for our current experience. Let's go to other wasteland areas."

At this moment, Ye Feng directly collected the body of the dark race man with the storage ring, and then followed Leng Rushuang to fly quickly towards other areas of the wasteland.

On the way, Ye Feng released the Devouring Domain and began to devour the power of this dark race man.

At this moment, a very large amount of dark energy was immediately injected into Ye Feng's dantian.

The next moment, Ye Feng's cultivation aura immediately rose steadily.

boom!

The seventh heaven of Yuanshen Realm!

boom!

The eighth level of the Yuanshen Realm! !

At this time, Ye Feng's cultivation level directly broke through to the eighth level of the Yuanshen Realm, which made Ye Feng quite satisfied.

After all, this dark race man's combat effectiveness is not very good, but he still provides Ye Feng with so much dark energy, which is already very good.

At this moment, Ye Feng seemed to have noticed something, and suddenly said: "Let's go faster, I feel that where I just killed the dark race man, many super strong men from the dark race suddenly descended. , It is estimated that they are all the strong men of the dark race in the dark world, who came directly to that area through some special method. If they relied on flying, they would not be able to fly so fast. "

Leng Rushuang also nodded and said: "Yes, this dark empire has a special method that can send extremely powerful people to any place in the wasteland out of thin air. This should be a kind of The application of the mysteries of space."

Ye Feng nodded and said aloud: "This dark empire is indeed a very extraordinary super power and deserves our serious treatment."

At this moment, when Ye Feng said this, he seemed to have thought of something. He suddenly looked at Leng Rushuang beside him and couldn't help but asked: "Now that you know your true life experience, really It's related to the dark race, and your mother is the princess of a dark empire in the dark world. Do you really not want to see your biological mother?"

Leng Rushuang immediately shook his head, with a hint of resentment in his eyes, and said loudly: "Back then, I was thrown directly into the wilderness of the Immortal Sect by my father and mother, and it was my master who held me I brought it back when I was young, so I will never forgive my father and mother."

Ye Feng said aloud: "Maybe they have some difficulties. After all, parents in the world cannot be so cruel to their children. There must be some special reason."

When Leng Rushuang heard what Ye Feng said, she still shook her head and said loudly: "No matter what their reasons are, they should not just leave me as a child in the wilderness so casually. If an evil beast comes, If I were eaten, I wouldn't be alive today, so what I am most grateful to is my master. She brought me back from the wilderness, raised me so well, and taught me various inheritances and practices. , the reason why I want to become strong is to be strong enough in the future, stand in front of my father and mother, and question them as an equal, why did they abandon me when I was young? I want them to Pay the price."

Hearing what Leng Rushuang said, Ye Feng was silent for a moment, then nodded without saying anything more.

Now Leng Rushuang can be said to be full of hatred for her parents, and she can't say much in this regard. She can only rely on Leng Rushuang to think about their relationship and how to deal with it in the future.

Ye Feng just smiled slightly at this moment and said: "Don't worry, with Rushuang's talents and abilities, you will definitely become very powerful in the future, but this wasteland is indeed quite dangerous, I think we should stay together It's better to have some experience, otherwise, if I don't have time to find where you are, I'll be in trouble."

Hearing what Ye Feng said, Leng Rushuang couldn't help but nodded and said loudly: "Indeed, if it weren't for that dark race man who was too conceited before, he kept following me from a distance, like a cat catching a mouse. Same, looking at my panic, I guess I have been captured back to the dark empire in the dark world, and I can't wait for you, Ye Feng."

Ye Feng nodded and said aloud: "Let's practice together in this wasteland. I will follow you and explore the surroundings together."

Hearing what Ye Feng said at this moment, Leng Rushuang immediately nodded, then stared at Ye Feng with her beautiful eyes, showing a look that seemed to be dependent, and couldn't help but stretched out her hand to hold Ye Feng's arm. He said aloud: "Then we will be partners from now on, and we will not separate from each other, okay?"

Chapter 5447: Huge Formation

Seeing Leng Rushuang acting like a girl at this moment, Ye Feng's eyes revealed a look of surprise.

After all, in Ye Feng's mind, Leng Rushuang has always been a cold and aloof person.

But I didn't expect that there would be such a girlish side, like a little girl, following me and relying on me.

Ye Feng just smiled slightly at this and said: "Okay, we will not be separated in this wasteland. If we encounter any chance, we will share it equally. And if we encounter any danger, we will share it with each other." rely on."

Hearing this, Leng Rushuang nodded immediately.

At this time, Leng Rushuang suddenly took out a broken map from his storage ring and said loudly: "Ye Feng, actually before I came to the wasteland, my master secretly gave me a map. , this broken map is said to lead to a very mysterious place, which seems to be related to my life experience. "

"Um?"

Hearing what Leng Rushuang said, Ye Feng's eyes suddenly revealed a look of surprise, and he said loudly: "Is it related to your life experience? Isn't your life experience like the eldest princess of a dark empire in the dark world, and is your mother? ?"

Leng Rushuang shook her head and said aloud: "Perhaps what Master said is related to my life experience, not with my mother's side, but with my father's side."

Hearing what Leng Rushuang said, Ye Feng's eyes suddenly revealed a look of surprise, and he said loudly: "You mean this broken map may lead to where your father is, or where he once stayed." past place."

Leng Rushuang nodded and said aloud: "My master seems to know my father, but she refuses to tell me who my father is or where he is now, so I want to find it myself. Now Master has given me this broken map and clues, probably just so that I can solve the mystery myself."

Ye Feng was a little confused and said: "Your father should be a strong human being in the heaven, but why has he stayed in the wasteland for so many years? The direction pointed by this broken map should be in this wasteland. in the land."

Leng Rushuang shook his head and said aloud: "I don't know this either. My father shouldn't be from the dark race. Otherwise, I wouldn't have half the blood of the human race, so my father

should be a strong man from the human race in the heaven." , but why he has been in this wasteland, maybe he is resisting the threat of the dark race. "

Ye Feng nodded and said loudly: "Your father should have been a man of unparalleled magnificence back then. Otherwise, it would be impossible to attract the eldest princess of the Dark Empire and become a training partner with him, so we will follow this map. To guide you, let's see if your father is still in the wasteland, and see which of our human race's unparalleled warriors he is."

Leng Rushuang also nodded at this time, with an expectant look in his eyes.

After all, for Leng Rushuang, she actually feels closer to the elders of the human race.

Although she hates her father and mother at the same time, she feels slightly better about her father. After all, her father is a strong man among the human race in the heaven, and he should be fighting against the threat of the dark race in the wasteland. He is considered a Heroic figures.

At this moment, Leng Rushuang looked at the map in his hand and immediately followed Ye Feng to fly in the direction pointed on the map.

Soon, they passed through a large wasteland area and came to a very desolate place in the wasteland.

Ye Feng looked around and said aloud: "This should be the most peripheral area of the wasteland. There is desolation everywhere. I don't know why your father is staying in such a place."

Leng Rushuang shook her head and said aloud: "I don't know, anyway, the place where Master gave me this map should be where my father was, or he may still be here today."

After Leng Rushuang finished speaking, he immediately began to search quickly in this desolate area of the wasteland to see if there were any clues.

Buzz!

At this moment, Ye Feng also released his soul power, wanting to help Leng Rushuang find his father as soon as possible.

However, just at the moment when Ye Feng's soul power was released, Ye Feng suddenly sensed a very large formation energy wave, which was emanating from under the ground in the entire desolate area.

After sensing all this, Ye Feng immediately looked at Leng Rushuang not far away, and said quickly: "Rushuang, please don't act rashly. This deserted area seems to be inaccessible, but there is a very terrifying formation underground. Strong formation fluctuations are emitted at any time, so you may stimulate the formation underground in this desolate area at any time and be in danger. "

Hearing what Ye Feng said, Leng Rushuang's eyes were immediately startled, and she nodded quickly and stopped where she was.

Leng Rushuang can be said to have complete trust in Ye Feng now, so she will do whatever Ye Feng says immediately.

At this time, Leng Rushuang looked at Ye Feng not far away and asked: "Ye Feng, what should I do now?"

Ye Feng looked at this moment with the Eye of Heaven and Earth for a while, and then said aloud: "This formation is very huge, and it is a large formation composed of nine thousand nine hundred and ninety-nine small formations, so it is very cumbersome. and complicated. Even if I have the special talent of seeing through formations, I won't be able to let you get out of this formation safely for a while. Now you stay where you are and don't move. I will follow your previous trajectory and come to your place. in front of you, and then figure it out."

Hearing what Ye Feng said, Leng Rushuang also showed a look of worry on his face, and said loudly: "There are so many formations hidden in this desolate land, and even Ye Feng can't see through them in a short time. , I'm afraid there is a terrible danger. Let's leave here. This deserted area is inaccessible. I guess my father is not here now. It may just be a place where he stayed back then. "

Ye Feng shook his head and said loudly: "Since your master specially sent this map to you and asked you to find the clues in it, it means that this place must have a great relationship with you. Maybe there is something left by your father." The opportunity given to you, or the reason why your father left you in the wilderness within the territory of the Immortal Sect, are all secrets you want to explore. Since you have come, it is really too much to leave like this. It's a pity that you will never know what kind of person your father was back then, why he left you in the territory of the

Immortal Sect, how your father and your mother met back then, and why the human race and the dark race in the heaven are so different. Two irreconcilable races can come together."

Hearing Ye Feng's words, Leng Rushuang immediately hesitated, then couldn't help but nodded and said, "Okay, I believe you Ye Feng."

Ye Feng nodded slightly, smiled and said: "Don't worry, although I won't be able to see through the operation of this huge formation in a short time, but as long as you give me time, I will definitely be able to decipher all the formations in this desolate area, so that Let's safely arrive at the place where your father was and see what your father left for you."

Chapter 5449 Is it you?

"Dig a tunnel?"

Hearing what Ye Feng said at this time, Leng Rushuang's beautiful eyes suddenly showed a look of surprise. It seemed that he did not expect that Ye Feng would come up with such a shocking method.

But if you think about it carefully, Ye Feng's method may actually work.

Because this dark castle seems to be very heavily guarded on the surface, it is estimated that one can only enter this dark castle by digging from the depths of the ground.

At this time, Leng Rushuang knew very well that Ye Feng probably didn't want to alert the enemy.

So Leng Rushuang naturally agreed very much at this time and said: "Then follow the plan you said, Ye Feng."

Ye Feng nodded, and he and Leng Rushuang began to dig into the ground, heading towards the dark castle.

Ye Feng reminded Leng Rushuang that he must dig deep into the ground so as not to attract the attention of the dark race guards in this dark castle.

So the two of them dug very deep, and then dug in the direction of the dark castle.

As the two of them dug, they really dug a tunnel, directly under the dark castle.

At this moment, Ye Feng exuded soul power, sensed forward, and said loudly: "This should be a relatively hidden area inside the dark castle. We can just dig up."

Leng Rushuang nodded, and Ye Feng dug directly upward.

When they dug from the ground to the ground, they immediately saw that they had indeed arrived at the inner area of the Dark Castle.

When they walked out of the tunnel and came to the ground, Ye Feng and Leng Rushuang saw that the place they dug to was a relatively remote courtyard inside the dark castle, and there were no strong men from the dark seeds waiting around.

Ye Feng smiled and said: "This dark castle seems not to be guarded by strong men of the dark race everywhere."

Leng Rushuang nodded, his eyes still quite anxious, and said loudly: "Ye Feng, let's go directly to my father now to see if he is imprisoned in this dark castle."

Ye Feng nodded and said aloud: "If your father is imprisoned in this dark castle, then he should be in the prison of this dark castle now. We just need to explore towards the prison area of this dark castle." "

After hearing this, Leng Rushuang followed Ye Feng directly, obeying Ye Feng's arrangements.

Because Leng Rushuang knows very well that now that he has entered this dark castle, every move he makes may attract the attention of the dark race guards in this dark castle.

Therefore, Ye Feng's perception is very strong. It is the safest choice to follow Ye Feng in everything now. Otherwise, they would be in trouble if they were to alert the enemy.

Buzz!

At this moment, Ye Feng did not hesitate to emit his soul power and spread it around to see if there were any other strong men from the dark race moving around.

With the help of Ye Feng's soul power, Leng Rushuang and Ye Feng successfully explored the underground prison of this dark castle.

The moment they entered, they immediately saw that in the prison of this dark castle, one after another the powerful elders of the human race were locked up.

These should all be the powerful elders of the human race who came from the heaven, and they are all locked up here, in the dark.

And it seems that every prison has a special formation that can slowly drain the life essence from their bodies.

"Um?"

Seeing this scene, Ye Feng couldn't help but said: "This dark castle has captured so many senior human beings here, and it also uses a very special method to slowly extract these senior human beings from the heaven." With the life essence and energy in them, what does the owner of this dark castle want to do? Does he want to cultivate something terrible? "

Leng Rushuang couldn't help but nodded when she heard what Ye Feng said, and said aloud: "It's very possible, otherwise, they will not forcibly imprison these powerful elders of the human race here, but will choose to imprison them here." Kill them directly and keep them imprisoned in this dark castle. There must be ulterior motives. "

At this moment, Ye Feng nodded and said loudly: "Let's not worry about so much, and don't communicate with these elders of the Celestial Human Race, so as not to alert the enemy, let's try our best to find your father first, right? "Yes, Rushuang, do you know your father?"

Leng Rushuang shook his head and said aloud: "Although I have never seen my father since I was a child, and I don't know him, but when cultivators reach our level, if we can meet direct relatives, the blood flowing in our bodies will The same blood and genes can sense each other, and I can sense who my father is in an instant. "

Hearing what Leng Rushuang said, Ye Feng nodded and said: "If this can be done, that would be great. Then let's find out which one is in the underground prison of this dark castle." That's your father."

At this moment, Ye Feng and Leng Rushuang were slowly walking and groping in the darkness of this underground prison.

At this time, Ye Feng could see that there were indeed many senior human beings imprisoned in the underground prisons of this dark castle, and they probably had a special purpose.

Ye Feng thought that after finding Leng Rushuang's father, he would release all the elders of the human race in the prison. Even if he was discovered by the dark race in the dark castle, Ye Feng felt that if he joined forces with so many elders of the human race in the prison, he might be able to break out of the confinement of the dark castle.

At this moment, when Ye Feng was secretly thinking about countermeasures, Leng Rushuang beside him suddenly trembled with her beautiful eyes and said, "Ye Feng, I feel a very strong feeling from the depths of blood and genes. My father is definitely here."

Ye Feng nodded and said, "Sense carefully and see where he is."

Leng Rushuang closed her eyes at this moment, slowly sensed, and suddenly stopped in front of a huge dark prison, and then looked inside the huge prison.

Ye Feng also looked towards the huge prison cell, and immediately saw a tall middle-aged man with untidy beard and messy hair. He was extremely vicissitudes of life, and was locked in this huge prison cell with black chains piercing his scapula. His power was obviously sealed, and he was tortured miserably, lifeless, and seemed to be dead.

At this moment, Leng Rushuang stared at the miserable middle-aged man in the huge prison cell, and immediately said in a trembling voice: "Father...Father, is it you?"

At this time, it seemed that he also sensed the same blood and gene fluctuations emanating from Leng Rushuang. This middle-aged man who looked lifeless slowly opened his eyes, and a pair of deep and boundless vicissitudes of life suddenly stared at Leng Rushuang outside the prison cell.

Although he did not know this young woman, the perception fluctuations from the same blood and genes made this vicissitudes of life middle-aged man immediately tremble and say: "Are you...my daughter?"

Chapter 5450: Ice Emperor

At this time, this middle-aged man's face was filled with vicissitudes of life, and his whole expression was also full of trembling.

Because he felt the same fluctuations as his own bloodline genes, he was naturally very shocked.

I never expected that my daughter would have grown so big and be able to overcome obstacles and difficulties to get here.

At this moment, Leng Rushuang's eyes were full of deep surprise, as if he didn't expect that he actually met his father here.

However, seeing her father's vicissitudes of life and serious injuries, Leng Rushuang immediately burst into tears and said: "Father, what is going on? What happened to you and your mother back then? You were actually allowed to be killed. Imprisoned here for so many years? And does mother know about this? As the princess of the dark world and the dark empire, she should have great power. If she knew that you were imprisoned here, she should be able to rescue you. of."

Hearing what Leng Rushuang said, the vicissitudes of life middle-aged man immediately shook his head in great pain and said loudly: "Your mother doesn't know that I have been locked up here for so many years. She probably still has nothing to do until now." Thinking that I raised you in heaven, otherwise, she would not have stayed in the dark world with peace of mind for so many years. If she knew that I was locked and trapped here, and you were forced to abandon me to be raised by others, I guess she would definitely I'll be so angry that I'll go crazy."

"What?"

At this time, hearing the vicissitudes of life in front of the middle-aged man say this, Leng Rushuang's eyes suddenly showed a deep look of astonishment, as if he did not expect that his father would actually say such words.

At this moment, the vicissitudes of life of the middle-aged man stared at Leng Rushuang in front of him and said loudly: "Do you always feel that your mother and I abandoned you when you were young and have always held a grudge against us??"

When Leng Rushuang heard the vicissitudes of the middle-aged man say this, she immediately fell silent and didn't say anything else, obviously acquiescing to it.

Seeing Leng Rushuang's silence, the vicissitudes of life middle-aged man immediately shook his head with a wry smile and said: "We did not abandon you. Back then, because of the huge forces behind us, we did not agree with our relationship. Together, so they tried their best to separate us, but we already secretly had your daughter. The master behind me felt that since the matter was a foregone conclusion, there was no need to force anything more, so let us go to an unmanned place. You know where to live in seclusion, but your mother's identity is too special. She is the daughter of the Dark Emperor of the Dark Empire in the Dark World, and is now the eldest princess of the Dark Empire. Therefore, the Dark Empire will never allow a person who owns half of the people and half of the people. The life of the blood of the dark race exists, so they sent many masters to secretly get rid of you. In order to protect you, your mother finally had to compromise and was willing to be imprisoned in the dark empire, just to protect you. I promised your mother that I would take you far away and leave the threat of the dark race forever, so I took you to the heaven, preparing to go to the master behind me to raise you well, but in my When I first arrived in the southern area of the heaven, I was secretly intercepted by a large group of extremely powerful dark races before I could return to my master's territory. In desperation, I thought of a friend of mine back then. That is, the master of the Frozen Temple of the Immortal Immortal Sect, a giant force in the southern region of heaven. I put you in an unknown wilderness and set up a protective formation around you to protect your safety. Let the master of the Frozen Temple come over and take you back secretly, while I fought alone with those dark race super masters who were ready to kill you. In the end, I lost. Of course, I lost on purpose. There are less than ten people in the heaven who can defeat me, so it is not because I am too weak, but because I am afraid that killing the super masters of the Dark Empire will arouse the anger of the Dark Empire and implicate those already imprisoned in the Dark Empire. Your mother, so I was willingly captured by them and taken back to the Dark World area, and imprisoned in the dark castle in this wasteland, so that I could contribute to cultivating their dark race. This dark castle is dedicated to It is used to cultivate the next generation of powerful descendants of the dark race, by absorbing the life energy of superpowers like us, to cultivate more powerful descendants of the dark race."

At this moment, hearing the words of the vicissitudes of life middle-aged man, Leng Rushuang immediately showed a deep complex look in his eyes. He did not expect that the situation back then would be so twists and turns.

At this time, what surprised Leng Rushuang the most was that his father and mother did not abandon him back then.

My mother was willing to be imprisoned in the Dark Empire for her own sake.

But the dark race is not trustworthy and wants to intercept Leng Rushuang and her father halfway.

In order to completely free Leng Rushuang from the entanglement of the dark race, her father put Leng Rushuang in an unknown wilderness and asked the master of the Ice Temple to take Leng Rushuang back secretly. Incognito, cultivate Leng Rushuang's growth.

Her father, on the other hand, was willing to be taken back and imprisoned by the superpowers of the dark race.

Therefore, as long as Leng Rushuang's father does not tell where Leng Rushuang is, no one will know the specific whereabouts of Leng Rushuang.

At this moment, the vicissitudes of life middle-aged man slowly said: "Before leaving, my temple sent a message to the master of the Ice Temple, asking her not to tell you about your specific life experience before you become very powerful, otherwise it will cause great disasters, because I am afraid that you will go to the dark world to find your mother on impulse, or come to this wasteland to find my traces. Now that you are here, it means that your master is very confident in your own strength, or in other words, very confident in the young man next to you, because I see that he has been protecting your progress."

At this moment, hearing the vicissitudes of life middle-aged man talking about himself, Ye Feng, who had been silent, also hurriedly clasped his fists and said: "Senior is originally a super strong man of my heavenly human race. As a member of the heavenly human race, I am here now. I save the senior by chance. This is also what I should do. By the way, I don't know what the senior's name is?"

The vicissitudes of life middle-aged man slowly said: "I haven't spoken for too many years. I have forgotten my name... Hehe, I only remember that everyone called me "Ice Emperor" back then, so you can call me Leng Bing Huang. "

At this moment, Leng Rushuang hurried to her father's side, looked at the black chains on his body, and said, "Father, I will break all the chains on you first, so that you can regain your freedom first."

At this time, Leng Bing Huang shook his head and said, "These chains are all made of materials taken from the ore in the higher cultivation dimension world by the dark race. You can't break them with your ability, even I can't break them. Today you know everything, it's enough, I will pass on my life ice attribute inheritance to you, activate the bloodline ability of the ancient ice giants on our human side in your body, and then you go back to practice well, don't think about saving me now, I can see my daughter today, I am very satisfied, wait for you to become stronger and come back."
