

## Ancient 5451

Chapter 5451 It's time to come out

At this moment, hearing his father Leng Binghuang say this, Leng Rushuang's eyes suddenly showed a determined look and said: "No matter what, I must give it a try."

Uh-huh!

At this moment, Leng Rushuang immediately walked up to his father, looked at the black iron chains running through Leng Binghuang's body, and took out his own magic weapon, a frozen long sword.

This frozen sword was an inheritance given to her by Master Leng Rushuang.

At this moment, Leng Rushuang didn't hesitate at all. He directly held the frozen sword in his hand, activated all the power of the frozen sword, and slashed hard at the black iron chain on Leng Binghuang's body. .

Boom! !

With a violent roar, the frozen sword in Leng Rushuang's hand collided with these black iron chains, but it did not have any impact on these black chains, not even a trace was left.

"What?"

Seeing this scene, Leng Rushuang immediately showed a look of astonishment in his eyes and said loudly: "This is the most powerful magic weapon of our Frozen Temple. How can there be no way to destroy these chains?"

At this moment, Leng Binghuang smiled bitterly, shook his head, and said loudly: "Even my magic weapon back then can't destroy these black chains, let alone your daughter's. Daughter, please don't take any more risks for me. , hurry up and get out of here, there are many powerful dark races in this dark castle."

Hearing his father say this, Leng Rushuang immediately lowered his head weakly.

At this time, Ye Feng suddenly said: "Let me give it a try."

Hearing Ye Feng suddenly speak at this time, Leng Rushuang's eyes lit up immediately, she quickly looked at Ye Feng, couldn't help but stretched out her white hands, grabbed Ye Feng's arm, and said loudly: "Yes, Ye Feng, you have many methods, and the magic weapons on your body are also very magical. Please try quickly to see if you can break these black chains and rescue my father. My father has been suffering here for so many years, and it is time to come out and regain his freedom."

Hearing what Leng Rushuang said, Ye Feng nodded slightly and walked in front of Leng Binghuang.

At this moment, Leng Binghuang looked at Ye Feng in front of him, smiled with satisfaction, and said loudly: "My daughter Rushuang is really lucky to have such a good partner like you."

Emperor Leng Bing knew very well that not everyone could approach this dark castle casually.

The desolate area of the wasteland where the Dark Castle is located is filled with dense formations imprinted with the dark demon clan.

The Leng Bing Emperor knew that his daughter would not be able to practice enough to come to this dark castle at will in the Ice Temple, so the young man next to her must have brought her here.

Seeing that Ye Feng was so young, very handsome, and had such powerful means to be able to come to the Dark Castle, Emperor Leng Bing had to say that he was very satisfied with Ye Feng.

So at this time, Leng Binghuang said: "Then you give it a try. If you fail, don't be discouraged. Take my daughter away from here and come back when you become stronger. Don't worry, I will temporarily I won't die for a while. With my strength, they won't be able to die even if they torture me for another hundred years."

Hearing the words of Emperor Leng Bing, Ye Feng smiled slightly and said: "Senior is indeed a super strong person among the human race. He is indeed strong-willed and very courageous, but I will definitely be able to rescue senior today. No need to wait until later."

At this moment, after Ye Feng finished speaking, Leng Binghuang showed a look of surprise in his eyes, as if he did not expect Ye Feng to be so confident.

This made Leng Binghuang immediately curious. He couldn't help but look at Ye Feng, wanting to see how Ye Feng could have such huge self-confidence.

After all, in the eyes of Leng Binghuang, although Ye Feng was very extraordinary, he was still a young figure among the humans in the heavenly realm, and it was impossible for him to have that kind of magic weapon that defied the heavens.

And even if Ye Feng has a super powerful magic weapon in the heaven, it will be difficult to destroy these black chains.

Because even Leng Binghuang's natal magic weapon back then could not destroy these black chains.

At this moment, Leng Binghuang actually felt in his heart that Ye Feng was probably too confident and might still fail.

But at the next moment, when Ye Feng took out a seemingly ordinary golden long sword, Leng Binghuang's expression immediately changed and he couldn't help but said: "This weapon gives me a very terrifying feeling. Although it didn't emit any magic wave, the golden sword itself gave me a feeling of fear."

At this moment, the golden sword that Ye Feng took out was naturally the token of the Celestial Clan, the Celestial Sword transformed from the Celestial Ring.

At this moment, Ye Feng held the God's Sword in his hand and immediately slashed towards the black chain on Leng Rushuang's father, Leng Binghuang.

Click, click, click!

And almost in the next moment, the Sword of the Gods did not disappoint Ye Feng. Once again, with an absolutely tough attitude, he directly cut off all the black chains on the Leng Bing Emperor.

"What??"

Seeing this scene at this moment, not to mention Leng Rushuang, even the powerful elders of the human race like Leng Binghuang, their eyes widened all of a sudden. They seemed not to have expected that Ye Feng could do it so simply and casually. Cut off all these black chains that were difficult to break.

At this time, Leng Rushuang immediately said happily: "Ye Feng, you succeeded! Sure enough, I saw you right, you are the best!"

At this time, Leng Binghuang just stared at the golden sword in Ye Feng's hand for a moment, and said loudly: "These black chains on my body are extracted by the dark race from the ores in the advanced spiritual dimension world. It is made of material and is a magic weapon in a lower dimension like ours. No matter how powerful it is, it cannot break the black chain on my body, but you can easily cut it off. The golden sword in your hand should also be able to break it. It comes from a higher spiritual dimension."

Ye Feng immediately smiled slightly at this moment and said loudly: "Senior, you really have good eyesight. The golden sword in my hand is indeed a weapon from the advanced cultivation dimension. That's why I was so confident just now, because only advanced people can Only things in the dimensional world can break the chains from the higher dimensional world."

Hearing what Ye Feng said, Leng Binghuang nodded, and then said excitedly: "After being imprisoned for so many years, it is indeed time for me to come out, but after I come out, I must find my daughter as soon as possible. My mother, otherwise, I'm afraid that the dark race will do harm to Rushuang's mother in anger."

Chapter 5452: Human restricted area

Hearing what Leng Binghuang said, Ye Feng also had a look of surprise in his eyes and said loudly: "Miss Rushuang's mother is, after all, the eldest princess of the dark empire in the dark world. No matter how much the dark empire wants, It shouldn't be too much to harm Miss Rushuang's mother."

Hearing what Ye Feng said, Leng Binghuang couldn't help but shook his head immediately, with a cold look on his face, and said loudly: "You are too young and don't know the cruelty of the dark race. In the world of the dark race, There is not much human touch in it, everything is based on profit. If anyone dares to undermine the interests of this dark race, no matter how high his status is, he will be of no use and may be executed instantly to serve as a warning to others. "

Hearing the categorical words of Emperor Leng Bing, Ye Feng couldn't help but nodded.

Leng Rushuang was also a little anxious at this moment and said loudly: "Father, what should we do?"

At this moment, the chains on Leng Binghuang's body were cut off by Ye Feng, and his strength was slowly recovering.

Ye Feng could feel that Emperor Leng Bing was definitely an extremely terrifying super figure back then.

At this moment, with the recovery of Leng Binghuang, Ye Feng could detect that his body was exuding an aura of vast power like the vast ocean, which made Ye Feng feel a terrible feeling.

At this time, Ye Feng immediately understood that this Leng Binghuang was definitely the top super power in the world back then.

But just now Leng Binghuang also said that at his peak, there were definitely no more than ten people in the entire heaven who could defeat him. This was an extremely terrifying battle result.

Therefore, if Leng Binghuang's strength can be fully restored, he will definitely have super power.

At this moment, Ye Feng couldn't help but said: "Why don't we wait until your strength is fully restored, Senior Ice Emperor? Let's go directly to the Dark Empire in the Dark World and secretly pick up Miss Rushuang's mother. "

Hearing what Ye Feng said, Leng Binghuang's face became solemn, he shook his head and said loudly: "This is impossible. The dark races in the wasteland are heavily guarded, let alone the dark world. That is absolutely It is the territory of the entire dark race, especially the dark empire. It is strictly governed and it is impossible for outsiders to get in. Moreover, there are strong men from the dark race in the sky and on the ground who are carefully aware of it at any time. If they sense even a trace of the celestial human race, The aura will attract the attacks of countless powerful people from the dark race."

Hearing what Leng Binghuang said at this moment, Leng Rushuang couldn't help but said: "With my father's strength, he was able to rank among the top in the heaven. Can't he go directly to the dark world to rescue my mother?"

Leng Binghuang smiled bitterly, shook his head, and said aloud: "Rushuang, you are still too young, you don't know how terrible the dark race is, even if my strength was ranked among the top ten in the heaven. , and it is impossible to attack head-on in the dark world, otherwise, I will be instantly wiped out by those ancient dark race strongmen in the dark world, because the dark world is the home of the entire dark race, and there are people living in it. The strong men among countless ancient dark races are very terrifying. You should have also heard of the 'Twilight of the Gods'. Back then, in the ancient times, in our heaven, a large number of super strong men who had cultivated to the point of being almost comparable to the gods formed a group. I went to the dark world and wanted to destroy the dark race's home base, but in the end I still failed. The group of super strong men who were comparable to gods back then were many times stronger than me now, but they We formed a group to fight in the dark world, but still failed, with heavy casualties. Therefore, the dark world is definitely a restricted area for our human race, and we cannot enter it. Even the human race who have cultivated to the level of gods do not dare to enter the dark world rashly. "

After hearing what Leng Binghuang said, both Ye Feng and Leng Rushuang became slightly silent.

Because as Leng Binghuang said, the dark world is the home of the dark race, and there is strict surveillance everywhere. It is impossible for the human race to enter and move around freely, let alone take out Leng Rushuang's mother.

At this time, Ye Feng seemed to have thought of something, and suddenly he couldn't help but his eyes flickered slightly, and he said loudly: "Senior Ice Emperor, maybe I have the ability to directly blend into the dark world and meet Miss Rushuang's mother, but I don't know if I have the ability to bring Miss Rushuang's mother out, and I also need some proof to convince Miss Rushuang's mother that I am here to help you."

"What?"

Hearing what Ye Feng said, not to mention Leng Rushuang, even Leng Binghuang couldn't help but his face changed slightly, and he quickly shook his head and said: "Little friend Ye Feng, don't be impulsive, don't go blindly Take risks, the dark world has very strict censorship, no matter how good you are in disguise, you can't get into the dark race, it's absolutely impossible."

At this time, Ye Feng smiled slightly and said: "Senior Ice Emperor, please watch the next step."

Buzz!

At this moment, after Ye Feng finished speaking, he directly changed the origin of his life, and his whole person immediately became enveloped in darkness.

At this moment, seeing Ye Feng suddenly become extremely dark, both Leng Rushuang and Leng Binghuang's eyes widened slightly.

Especially Leng Binghuang, because he is a super strong person among the human race, and he knows very well how difficult it is to pretend to be a dark race.

But at this moment, Ye Feng was emitting the pure breath of the dark race, as if Ye Feng had already become a dark race, and it was impossible to tell.

At this time, Leng Rushuang could not help but say in surprise: "Ye Feng, you actually have such a magical disguise method? It's really amazing! Father, do you think Ye Feng's disguise is okay? Will it be discovered?"

Hearing his daughter's words, Leng Binghuang seemed to wake up from his astonishment.

Leng Binghuang could not help but say: "Even I can't tell this disguise method, because I can feel that the breath of the life source on Ye Feng's body has completely turned into the dark race. This is derived from the change of the life source. This is really incredible, just like turning stone into gold, incredible."

At this moment, Leng Binghuang, even the super strong man of the heavenly human race in ancient times, was amazed by Ye Feng's ability and couldn't help but sigh again and again.

At this time, Ye Feng just smiled and said, "My disguise will never be seen through by the dark race, because this is a change that starts from the essence of life and the source of my power. It can be said that I have now completely become a member of the dark race. In this way, I can definitely enter the dark world and avoid the detection of those dark races. However, I am not familiar with the dark empire in the dark world, and I don't know Miss Ru Shuang's mother, so unless the two of you can stay in my storage ring temporarily and show me the way, then there will be no problem."

Chapter 5453 Awakening Bloodline

Hearing what Ye Feng said at this time, Leng Rushuang was very moved and said loudly: "Ye Feng, you are still willing to do such a risky thing for me."

At this moment, Leng Rushuang said that she couldn't help but stretched out her white little hand and grabbed Ye Feng's palm, as if she could express her inner feelings in this way.

Ye Feng smiled slightly at this time and said loudly: "Miss Rushuang is my best friend in the Immortal Sect. Now, Miss Rushuang, your mother is in danger and may encounter unexpected events at any time. As a Your friends should help you."

Hearing what Ye Feng said, Leng Rushuang immediately nodded vigorously.

At this time, Leng Binghuang couldn't help but patted Ye Feng's shoulder and said loudly: "Since you have such means, maybe we can really rescue the mother of Rushuang through our joint efforts."

At this moment, after Leng Binghuang finished speaking, he immediately said: "Next, Rushuang girl and I will stay directly in your storage ring. See if you can sneak into the dark world through your disguise. , if you don't understand anything, I can show you the way. Back then, I followed his mother to the dark empire in the dark world. I wanted to ask for her mother's father's consent, but in the end her father Lei Lei I am furious, and you know the result."

At this moment, after Leng Binghuang finished speaking, he and Leng Rushuang flew directly into Ye Feng's storage ring and temporarily hid in it.

At this time, Ye Feng had transformed his life source and power source into a dark race, and the aura exuding from his body was pure dark energy.

At this time, Ye Feng disguised himself as a member of the dark race and flew directly towards the dark world connected to the wasteland.

Following the guidance of Leng Binghuang in the storage ring, Ye Feng soon arrived at the end of the wasteland.

Ye Feng saw that a huge interface barrier appeared in front of him, with very strong spatial fluctuations.

Ye Feng also saw a steady stream of dark races flying out of the interface barrier in front and entering the wasteland.

At this moment, Ye Feng couldn't help but communicate with the Leng Bing Emperor in the storage ring and said: "Senior Ice Emperor, after passing through the huge interface barrier ahead, you should have entered the dark world, right?"

Hearing what Ye Feng said, Leng Binghuang immediately nodded and said: "Yes, as long as you pass through the huge interface barrier in front of you, it means that you have entered the dark world, where the real world of the dark race is. You must be careful in your lair, even if you are now perfectly disguised as a member of the dark race, you must be careful and careful, otherwise, your true identity may be discovered. "

Hearing what Leng Binghuang said in the storage ring, Ye Feng immediately nodded and said, "Okay, senior Binghuang, don't worry, I will definitely be careful."

After Ye Feng finished speaking, he no longer hesitated and immediately flew quickly towards the dark world, directly flying into the interface barrier in front.

At this time, in the space where the ring was stored, Leng Binghuang was not idle, but said to Leng Rushuang: "Now that you have grown up, it is time for me to take away the heavenly human race contained in your body. Half of the bloodline power has been awakened. Girl Rushuang, you have to know that the bloodline we inherit comes from an ancient human race called the Frozen Giant Clan. The Frozen Giants are the ancestors of our human race who were born due to genetic mutations. The powerful race produced, if you can awaken the blood power of the Frozen Giant, will have unparalleled benefits in improving your strength. You will also get the same super talent as me, and the use of ice attributes will be Reach an extreme."

At this time, Leng Binghuang said that he forced a drop of his own blood directly into Ye Feng's storage ring space, and then dripped it directly onto Leng Rushuang's forehead.

Buzz!

The next moment, this drop of Leng Binghuang's blood was directly integrated into Leng Rushuang's forehead.

At this moment, the Leng Binghuang said: "This drop of my blood is a very pure blood of the Frozen Giant. After you fuse it, it can awaken the blood power of all the Frozen Giants in your entire body."

Hearing what Leng Binghuang said at this moment, Leng Rushuang immediately nodded solemnly and said loudly: "Father, don't worry, I will definitely work hard to awaken my Frozen Giant bloodline and become very powerful by then. , can rescue mother and help Ye Feng."

When Leng Binghuang heard what Leng Rushuang said, he immediately nodded with great relief and said aloud: "Okay, then you will slowly understand."

At this moment, in the process of Leng Rushuang's realization, Leng Binghuang suddenly sent a message to Ye Feng who was rushing outside, and said: "Little friend Ye Feng, you are so proactive in helping us, our Leng family is really I am very grateful. Next, in order to repay you, I will teach you my inheritance, the Frozen Giant Technique. Since your power can change into the attributes of the dark race, then you will definitely be able to change and use Frozen Giant. The attribute power of the giant family, so you should be able to practice my inheritance. "

It has to be said that Leng Binghuang, as one of the top ten human superpowers in the world at that time, had a clear understanding of Ye Feng's ability. He knew that Ye Feng had the ability to practice and use other inheritance of different attributes. .

At this moment, when Ye Feng heard what Leng Binghuang said in the storage ring, his eyes lit up immediately, and he couldn't help but said in surprise: "If it is really possible, then that would be great. Senior Ice King's inheritance is definitely very powerful, and if I practice it, it will definitely have a huge improvement effect on me."

After Ye Feng finished speaking, Leng Binghuang didn't hesitate at all and directly injected a huge amount of inherited secret into Ye Feng's head.

This set of secrets of inheritance is exactly the peerless inheritance of the Frozen Giant clan created by Emperor Leng Bing, and it is called the Frozen Giant Technique.

After successful cultivation, you will be able to master and utilize the ice attribute power between heaven and earth to the extreme.

At this moment, Ye Feng received the inheritance secret taught by Leng Binghuang, and suddenly felt that his head was about to explode in an instant.

Because this set of inheritance mysteries is too huge, too complex, too ancient, and too profound.

But what kind of talent is Ye Feng?

His ability to comprehend is very demonic.

So at this moment, Ye Feng received the secret of inheritance taught by Leng Binghuang, and could instantly comprehend this set of Frozen Giant Techniques.

Because it doesn't take long for Ye Feng to practice various inheritances, he can master and use them instantly.

At this moment, Ye Feng directly mastered the Frozen Giant Technique. While rushing on the road, Ye Feng stretched out a hand towards the front.

Buzz!

The next moment, the entire ice element between heaven and earth was immediately used by Ye Feng.

The entire world suddenly condensed into a huge hand of ice that was hundreds of thousands of meters long, covering the sky and the sun. The extreme cold air seemed to be able to freeze the entire world, just like the palm of an ancient ice giant. Breaking through the void of the era, a cross-border attack came, which was extremely shocking.

"Um?"

Seeing this scene at this moment, Emperor Leng Bing, even though he was one of the top ten strongest people among the human race in the heaven, couldn't help but exclaimed in amazement: "Little friend Ye Feng, your talent is really incredible. Extremely, even I am extremely shocked, because even in the ancient golden age of cultivation, it is impossible for a young man like you to have such a terrifying talent. You really amaze me that this girl Rushuang can meet you. She is really lucky to have such a friend."

Chapter 5454: Infiltrating the Empire

At this moment, it was obvious that super strong men in the human race such as Leng Binghuang were shocked by Ye Feng's cultivation talent.

Because the Leng Bing Emperor had just taught Ye Feng his peerless inheritance of the Frozen Giant Technique, he did not expect that in just a short moment, Ye Feng had already successfully practiced the Frozen Giant Technique and was able to directly cast the Frozen Giant Technique. The power of the art can directly operate the Frozen Giant Art, control the ice attribute power in the entire world, and condense a big hand of ice, which has terrifying destructive power and can instantly crush anything within a radius of tens of thousands of miles. earth.

At this moment, Ye Feng smiled slightly and said aloud: "I have not successfully practiced this set of Frozen Giant Techniques, but I can only initially master the secrets of this Frozen Giant Technique and be able to use the coldness between heaven and earth. The power of ice."

Hearing what Ye Feng said, Leng Binghuang nodded, with a sigh in his eyes, and said: "In any case, your speed of cultivation is simply terrifying. Even I couldn't have practiced so fast back then. , but now that you have entered the scope of the dark world, you should not use the inheritance of the human race easily, otherwise, your identity will be directly exposed. "

Hearing what Leng Bing Huang said, Ye Feng immediately nodded and said: "Senior Ice Emperor, don't worry, I just wanted to test the power of the Frozen Giant Technique, and I will not use any human magic in the future. The means of inheritance."

At this moment, Ye Feng simply stopped running the Frozen Giant Technique, and his whole body became shrouded in darkness again.

At this time, Ye Feng had passed through the interface barrier and entered the real dark world.

Although this world is not as vast and boundless as heaven, it is still very vast. It is the dark race that completely controls the interface of the entire dark world.

At this moment, Ye Feng could see that on the land of the dark world, the ground was all pitch black, seeming to be soaked in the air of darkness, and there was no sun or moon high in the sky. It was completely pitch black, otherwise there would occasionally be creatures of the dark race around, their eyes emitting red light, walking in the darkness, giving people a very strange and terrifying feeling.

At this moment, Ye Feng did not waste any time. According to the guidance of Leng Binghuang, a super powerful human race in the heavenly realm in the storage ring, he quickly flew towards the dark empire where Leng Rushuang's mother lived in the dark world.

The dark empire where Leng Rushuang's mother is located is a very powerful dark empire in the dark world.

Of course, this dark empire is only a large force among the dark races, and it is not able to control the entire dark race, similar to the status of the Immortal Sect in the entire southern region of heaven.

At this moment, Ye Feng quickly flew in the direction of the Dark Empire according to the guidance of Leng Binghuang.

When Ye Feng traveled through the vast territory of this dark world, he could see that there were many dark races living in it.

These dark races are not all of the same form, but have various forms.

Some dark races are extremely huge, like ancient monsters, with towering bodies of tens of thousands of meters.

Some dark races are the same size as humans and are in human form, giving people a weird and evil feeling.

However, Ye Feng did not deal with these dark races.

Because Ye Feng's most important thing now is to go to the Dark Empire, and the Dark World is the home and territory of the Dark Race. If he rashly provokes the Dark Race, it is likely to cause unnecessary trouble.

Therefore, Ye Feng did not contact or deal with any dark races, or look for some cultivation resources in this dark world.

Because now the main purpose is to rescue Leng Rushuang's mother.

At this moment, under the guidance of Leng Binghuang in the storage ring, Ye Feng traveled for nearly three days and three nights, passing through a large area of the dark world, and finally arrived at the edge of the dark empire.

Ye Feng looked forward at this moment, and immediately saw the very ancient and glorious dark race buildings, standing on the ground in front of him, giving people a majestic and boundless feeling.

At this time, Ye Feng could still sense that there were countless super strong men from the powerful dark races existing in the buildings of this dark empire.

At this moment, Ye Feng saw the towering city walls around him and couldn't help but ask: "Senior Ice Emperor, Miss Rushuang's mother, is she in the city wall of this dark empire?"

Emperor Leng Bing immediately nodded in the storage ring and said aloud: "Only by passing through this towering city wall and entering the territory of the Dark Empire can we find the location of the Dark Empire's palace, and then find Rushuang. The girl's mother."

Ye Feng nodded and said, "Let me give it a try."

Uh-huh!

At this moment, Ye Feng flew to the area outside the dark empire city wall, and then directly moved the space impulse.

At this moment, Ye Feng opened up a space wormhole. Without anyone noticing, he directly passed through the space wormhole, passed through the tall and thick city wall, and entered the interior of the Dark Empire.

When Ye Feng entered the interior, he found many guards of the dark race guarding the inside of the city wall not far away, but Ye Feng was not found.

Because the area Ye Feng traveled to was a relatively remote area within the territory of the Dark Empire.

At this moment, Ye Feng looked around and saw that there were no dark races around, so he walked quickly towards a guard next to the city wall.

The next moment, Ye Feng directly shuttled through the void and instantly appeared behind the dark empire guard, knocked him down in an instant, and then stripped the guard armor on the dark empire guard and put it on himself.

At this time, Ye Feng used the armor of the dark empire guard to wrap himself up, including his face, which was covered with a metal helmet.

At this moment, Ye Feng directly disguised himself as a guard of the dark empire and immediately walked towards the palace area of the dark empire.

Ye Feng knew very well that as long as he disguised himself as an insider of the dark empire, his next journey would be much smoother, and few people would disturb him or stop him.

Sure enough, after Ye Feng put on the armor of the dark empire guard, Ye Feng could be said to have become a member of the dark empire. Walking in the territory of the dark empire, he was not stopped by anyone, and soon came to the outside of the palace.

However, Ye Feng saw that it was very difficult to enter the palace, because the walls around the palace were even taller, and every area of the walls was guarded by the palace guards of the Dark Empire, so it was impossible to use the space wormhole.

Moreover, Ye Feng was disguised as an external guard of the outer wall of the Dark Empire, and his status was not high, so he could not enter the palace.

Ye Feng thought in his heart, see if he can find a way to knock down another high-level palace guard of the Dark Empire, put on the armor of the palace guard of the Dark Empire, and he should be able to sneak into the palace.

However, just when Ye Feng was about to take action, suddenly a large group of people and horses rushed over quickly on a road outside the palace.

And in the front, there was a group of dark races wearing golden armor.

Obviously, these were noble figures in the Dark Empire.

At this time, this group of people and horses were about to rush to the gate of the palace, and Ye Feng was standing at the gate thinking about the problem, so he had no time to avoid it.

A young man from the dark race wearing golden armor at the front of the group immediately looked at Ye Feng who was blocking the way in front of him and said, "You are a low-ranking guard on the outer wall. Get out of the way! You are wasting the time of the princess in the sedan behind us. You will definitely be sentenced to death or even alive! Get out of the way!"

Chapter 5455: Guard Captain

At this time, Ye Feng heard the arrogant words of the young man of the dark race, and his eyes suddenly showed a cold color.

Ye Feng wanted to take action, but he thought that he was now disguised as a guard in the dark empire, so he couldn't do it casually, otherwise it might cause unnecessary trouble.

After all, this time when he came to the dark empire of this dark world, Ye Feng's main task was to rescue Leng Rushuang's mother, so it would be better not to alarm the snake now.

After all, there are too many strong people in this dark empire. Once his true identity is discovered, Ye Feng will not be able to escape death.

So at this time, Ye Feng could only endure it temporarily and prepare to step aside directly.

But suddenly at this moment, the young man of the dark race who was riding a horse in the front immediately shouted and said, "You are so slow, you are looking for a fight!"

Swish!

Almost at this moment, the dark race man riding a horse in front suddenly had a huge black iron whip in his hand, and swung it directly in the direction of Ye Feng, trying to whip Ye Feng directly.

"Hmm?"

Seeing this scene, Ye Feng finally couldn't help it. What can a man endure? At this moment, Ye Feng took the risk of exposing his identity and attacked instantly. He punched hard.

Ye Feng's fist was extremely destructive, and it smashed the iron whip in the hands of the young man of the dark race into pieces.

Boom!

Then Ye Feng's fist hit the young man in black armor hard, and the whole person flew backwards, spitting blood, and fell to the ground not far away, smashing a large piece of land, and it was unknown whether he was dead or alive.

"What?"

"So powerful?"

At this moment, many masters of the dark race around saw this scene, and they all widened their eyes slightly. It seemed that they didn't expect that a low-level guard on the edge of the city wall of their dark empire would have such a strong strength.

After all, the young man of the dark race who had just attacked was the most powerful captain of the guards under the young princess of the Dark Empire, but he was knocked back by Ye Feng with a punch, and his life or death was unknown.

This kind of strength is really incredible!

But at this moment, a group of other dark race masters behind this young man of the dark race rushed towards Ye Feng quickly, and instantly surrounded Ye Feng, and each of them was full of murderous intent.

One of the dark race guards couldn't help but say: "You are too arrogant, as a low-level guard, you dare to attack the royal guards of our noble young princess. It's really bold and presumptuous. You must be thrown into the death cell!"

At this moment, hearing what the dark race guard said, Ye Feng's eyes showed a cold smile, ready to go all out, and directly take action to teach all these arrogant dark race so-called royal guards a good lesson.

But suddenly, at this moment, a majestic and noble female voice sounded: "Stop it all."

Almost at the next moment, a beautiful woman in a red dress walked out of a black sedan chair in the team not far away.

This beautiful woman looks young and gives people a simple and lovely feeling, but the black lines at the corners of her eyes add a sense of suppressed coldness to her.

At this moment, the moment this beautiful and cold young woman appeared, a group of royal guards surrounding Ye Feng not far away immediately knelt on the ground, clasped their fists and said: "Your Highness!"

Obviously, this beautiful and cold young woman who walked out of the sedan chair is the little princess of the Dark Empire.

At this time, the little group leader stared at Ye Feng with her beautiful eyes, nodded and said: "A low-level guard has such strong strength. It seems that you should have been practicing your strength in private, otherwise you would not be so strong. You are a good seedling. Since you defeated my guard captain, you are qualified to become my new guard captain. Are you willing to become my guard captain and command my royal guards?"

"What?"

Hearing the little princess of the Dark Empire say this, the group of royal guards kneeling on the ground suddenly showed a look of astonishment in their eyes.

Originally, they were still murderous and wanted to teach Ye Feng a lesson, but they didn't expect that Ye Feng had become their captain in a blink of an eye and had the right to command them.

At this moment, Ye Feng also showed a look of surprise in his eyes, as if he didn't expect the little princess to say such a thing.

However, the other party must have also taken a fancy to his extremely powerful cultivation strength. After all, the captain of the guard of the little princess was knocked back by Ye Feng's fist and was seriously injured instantly. This is enough to show that Ye Feng's strength has far surpassed that of the guard captain and he is an extremely powerful person.

So the little princess of the Dark Empire naturally wants to recruit talents like Ye Feng.

Ye Feng naturally would not be hypocritical at this time, but said in a smooth manner: "I am naturally very willing to be the captain of the guard of Her Highness the Princess."

Hearing what Ye Feng said, the beautiful and cold face of the little princess of the Dark Empire immediately showed a happy expression, and she said: "Okay, very good, then you will replace my previous captain of the guard and become my new captain of the guard."

At this moment, the little princess took out a set of dark golden armor from her storage ring, threw it into Ye Feng's hand, and said: "This is the special armor of my captain of the guard, and you will wear it next."

At this moment, Ye Feng nodded, took off the low-level guard armor on his body, and then put on this set of dark golden armor.

And just when Ye Feng took off the low-level guard armor on his body, he revealed his slender figure, handsome face, and a pair of intoxicating sharp and deep eyes.

"Hmm?"

Seeing this scene, the beautiful eyes of the little princess of the Dark Empire suddenly revealed a look of surprise, as if she had not expected that this powerful low-level guard was not the burly man she imagined, but a young man who looked very handsome.

Moreover, Ye Feng's current disguised dark race form made Ye Feng's whole body shrouded in darkness, which gave Ye Feng a kind of nobility like a dark monarch.

So at this time, after Ye Feng put on this set of dark gold armor, he looked even more perfect, like a perfect and peerless genius of the dark race.

At this moment, the little princess of the Dark Empire looked at Ye Feng, becoming more and more satisfied. She couldn't help but say, "It will be up to you to protect my safety from now on. I hope you can protect me well. I will never treat you unfairly."

Ye Feng naturally went with the flow and said with a smile, "Thank you, Your Highness, for your appreciation."

At this time, Ye Feng lowered his head and smiled, with a hint of relief in his eyes. He finally got through. Now he should be able to enter the palace of the Dark Empire smoothly.

Chapter 5456 Dark Tower

In fact, Ye Feng himself did not expect that he could accidentally become the royal guard of a little princess of the Dark Empire and sneak into the palace.

At this moment, Ye Feng put on this set of dark gold armor and successfully became the guard of the palace of the Dark Empire. He followed the little princess's men directly into the palace.

Leng Binghuang and Leng Rushuang in the storage ring couldn't help but breathe a sigh of relief when they saw this scene.

Because just now they really thought that Ye Feng was going to expose his identity. After all, Ye Feng had already taken action directly, and it was difficult to save it.

But unexpectedly, the little princess, a noble of the Dark Empire, actually took a fancy to Ye Feng's strength and recruited Ye Feng as her royal guard. This was naturally very happy for everyone, because Ye Feng could successfully sneak into the inner area of the palace.

Ye Feng planned to take the time to enter the palace of the Dark Empire after sending the little princess to her residence, and carefully investigate where Leng Rushuang's mother was.

At this moment, Ye Feng led a group of royal guards of the dark race, guarding the little princess of the dark empire, and walked directly into the palace of the dark empire.

When other people around saw this scene, they all showed envy in their eyes.

Because they never thought that a low-level guard guarding the outer city wall would become a very respected existence of the little princess overnight, and became the captain of the royal guards. This can be said to be a huge leap in status, which naturally made many people envious.

At this moment, Ye Feng led a group of royal guards of the dark race, protecting the little princess, and had already walked into the palace of the dark empire, heading towards the area inside the palace.

Ye Feng now wants to escort the little princess back to the residence of the princess.

On the way to the palace, Ye Feng was also emitting his soul power to start exploring.

What surprised Ye Feng was that there were countless strong men in the palace of the dark empire, and he could easily sense the aura of super strong men who were much stronger than himself, hiding in this palace.

This made Ye Feng's eyes suddenly show a vigilant look. It seems that he still underestimated the dark empire established by the dark race in the dark world. The strong men in it are indeed much more terrifying.

And you have to know that this is just a dark empire, and there are countless super powers in the entire dark world, which are comparable to this dark empire, or even surpass this dark empire.

This made Ye Feng think of "Ragnarok".

No wonder so many super strong men comparable to the level of gods in the heavens formed a group to enter the dark world and wanted to destroy the dark race, but they all failed in the end, because there are too many strong men of the dark race in the dark world, and it is really difficult to completely destroy them.

At this moment, just as Ye Feng was thinking about it, the little princess sitting in the sedan chair behind him suddenly said, "Let's not go back to my bedroom first, let's go to the Dark Tower of our Dark Empire Palace first."

Hearing the little princess say this, a royal guard who seemed to be very familiar with the little princess couldn't help but said in surprise, "Your Highness, do you want to continue to challenge the Dark Tower?"

The little princess nodded in the sedan chair and said, "The last time I challenged the Dark Tower, I suffered a miserable defeat and was laughed at, but during this period of time, I have been training outside for so long, I want to challenge the Dark Tower again, because only the Dark Tower can

prove my talent and strength in cultivation, and can make the entire Dark Empire's royal family recognize my talent."

After the little princess finished speaking, a group of royal guards beside her nodded and immediately changed direction.

And Ye Feng's eyes sank slightly at this moment.

I thought that after sending this little princess to her place of residence, I could go on my own and look for Leng Rushuang's mother.

I didn't expect that the other party would change the route halfway and go to the Dark Tower to challenge.

This made Ye Feng feel that it was a waste of time.

But now that Ye Feng has disguised himself as the captain of the guards beside this little princess, there is no way now. He can only waste a little time and bite the bullet to follow this little princess and walk quickly in another direction of the Dark Empire Palace.

Half an hour later, Ye Feng followed the little princess and her group of people to the most central area of the Dark Empire Palace.

On the square here, a dark giant tower with ninety-nine floors was built, towering into the clouds, looking very majestic and majestic.

And there are many dark races gathered around.

These dark races are basically the royal nobles in this dark empire, and most of them are the younger generation.

Obviously, this dark tower is specially used for the younger generation to experience and prove their own cultivation talent and strength.

Although the little princess is a noble in the Dark Empire, her status is not as high as those of the princesses or princes of the direct line.

Therefore, the little princess has always wanted to prove her worth in the eyes of the upper echelons of the royal family, so as to obtain higher rights and a more noble status.

This time, the little princess came back from her training outside, and naturally wanted to prove herself urgently.

At this time, the little princess came out of the sedan chair, looking at the towering Dark Tower in front of her, with a hint of expectation in her eyes, and said: "This time, I must prove my talent and strength!"

After the little princess finished speaking, she walked quickly towards the Dark Tower.

Ye Feng's eyes flickered at this time. After the little princess entered the Dark Tower, Ye Feng was ready to find a way to sneak away and go to other places in the palace to find Leng Rushuang's mother. Where is she?

Just when Ye Feng saw the little princess walking to the Dark Tower, suddenly a young woman in a red dress came over not far away.

This young woman in a red dress was obviously also a noble in the Dark Empire.

When she saw the little princess, a hint of sarcasm immediately appeared on her face. She said, "Little princess, you were blasted out by the power in the Dark Tower last time. It was a disgrace. Isn't that enough of a lesson? You want to break into the Dark Tower again this time. I advise you to practice at home for a few more years before trying it again. And I advise you that not only is your own cultivation weak, but the staff and guards you have recruited are also weak. Don't even think about making a name for yourself in the palace, or you might die suddenly one day, and you won't even know how you died, haha."

Chapter 5457 Princess Honglian

At this time, it was Princess Honglian in the Dark Empire who said such sarcastic words.

This Princess Honglian is a princess-level figure in the Dark Empire. She should be a princess of the younger generation, not a princess of her mother's era.

Leng Rushuang's mother was a princess of the previous generation, and may have become an older figure now.

At this moment, after the Red Lotus Princess said these words, she immediately came to the little princess with two young men wearing white gowns.

At this time, a hint of anger suddenly appeared in the beautiful eyes of the little princess, because this Princess Honglian had always looked down on royal members like the little princess who were not direct descendants from the bottom of her heart.

So every time she met the little princess, the Red Lotus Princess would make some mocking remarks.

And so it is.

The overall strength of the little princess is indeed inferior to Princess Honglian. Whether it is the strength of the little princess herself or the various guards and masters recruited by the little princess, they are not as good as Princess Honglian.

After all, the two of them, one is the princess and the other is the direct princess, naturally receive different resources and attention in the Dark Empire Palace.

And this is why the little princess has always wanted to prove her talent and strength, that is, in order to gain more and more attention in the palace circle of the Dark Empire and be recognized by more people, rather than just meeting her. He mocked her as a royal child with impure blood.

At this moment, although the little princess was a little angry, she didn't say much. She just walked towards the Dark Tower, as if she wanted to prove her strength and talent with practical actions.

But at this time, Princess Honglian suddenly stood in front of the little princess, blocking her way. She smiled and said: "I heard that you have been practicing outside for a while and have become stronger than before. Today Just let me test your strength."

When the little princess heard what Princess Honglian said, she finally could no longer suppress her anger. Her beautiful eyes showed deep anger, and she said loudly: "Princess Honglian, you are really bullying me too much." , Okay, since you want to fight with me, then I will satisfy you."

Hearing what the little princess said, Princess Honglian suddenly smiled and said: "You are not qualified to let me do it myself. Let the guards next to me fight with you."

"you.....!"

Hearing Princess Honglian say this at this moment, the little princess could be said to be extremely angry.

The other party actually humiliated her like this?

The little princess immediately spoke up and said: "Since you asked your guards to take action, I also asked my guards to take action. It is impossible for me to fight with your guards."

Hearing what the little princess said at this time, Princess Honglian burst into laughter and couldn't help but say: "I know that your guards are very weak, and they were all chosen first by us, the true heirs of nobles." What qualifications do these little people have to compete with these elite guards around me?"

Hearing what Princess Honglian said, the little princess looked unconvinced and said, "I recently recruited a very powerful young guard, who has now become my guard captain. He will definitely be able to defeat your guards. "

At this moment, after the little princess finished speaking, she looked directly at the group of people behind her, stared directly at Ye Feng, and said loudly: "Ye Feng, help me fight against Princess Honglian's elite guards."

In fact, the little princess is not too confident about Ye Feng's strength.

Although Ye Feng had knocked away her old guard captain with one punch before, now they had to face an elite guard of an orthodox royal heir like Princess Honglian.

So the little princess still didn't have much confidence in her heart.

But now that Princess Honglian has bullied her, the little princess naturally refuses to show weakness.

At this moment, seeing the little princess let Ye Feng come out, Princess Honglian stared at Ye Feng for a moment, laughed and said loudly: "You captain of the guard, you look like this." You are young, just like a fledgling boy. It seems that I still overestimated you. I thought you really recruited some very powerful and well-known people, but it turns out that you are just an unknown boy. "

Hearing what Princess Honglian said, Ye Feng's eyes showed a faint smile and said: "If I can defeat this elite guard next to you, then I hope you can bow your head and apologize to the little princess in person. "

At this moment, the reason why Ye Feng said this was naturally so that he could have more time and opportunities to stay in the palace of the dark empire for a while and find Leng Rushuang's mother.

Ye Feng knew very well that Leng Rushuang's mother's identity was quite special, and it might not be possible to find her whereabouts in just a few days.

So Ye Feng knew that he might have to stay in the palace of this dark empire for a while.

During this period, if I want to be able to move safely in the palace and have a good relationship with this little princess, that is definitely the best choice.

So at this time, Ye Feng directly helped the little princess to stand up. Anyway, he was now the captain of the guard beside the little princess.

At this moment, when she heard what Ye Feng said, Princess Honglian's face suddenly turned cold, and she said: "A little-known boy dares to say such conceited words. Well, I promise you, but if you lose Now, you have to make your master kowtow in front of me and admit his mistake."

"What?"

At this time, hearing Princess Honglian say this, the little princess suddenly became a little angry.

But at this moment, Ye Feng just stretched out his hand, pressed the angry little princess's shoulder, and said loudly: "Your Highness, don't worry, it's no problem. The so-called elite bodyguard next to her is just a person in my eyes." It's just trash."

"What?"

Hearing Ye Feng's arrogant words, not to mention Princess Honglian, even the little princess herself showed a look of astonishment in their eyes, as if they did not expect that the captain of the guard he had recently recruited would be so arrogant.

At this moment, the elite guard next to Princess Honglian couldn't help it anymore. He stared at Ye Feng and said loudly: "I want to see how good a little-known boy like you is. How dare you call me useless? You have to know that I am one of the top 100 powerful beings in the entire Dark Empire's bodyguard circle."

At this moment, after the elite guard finished speaking, he immediately burst out with his incomparable power. Black light surged from his body. He directly pulled out the steel sword from his waist and slashed at Ye Feng. With one move, he The ultimate move seemed to kill Ye Feng on the spot.

Among the dark races, competition is very cruel, and a disagreement can lead to a life-and-death fight.

So at this time, the elite guards beside Princess Honglian had obviously regarded Ye Feng as a dead person and wanted to kill Ye Feng on the spot to show their strength and majesty.

Chapter 5458: Admitting Mistakes

At this moment, Princess Honglian's face was full of confidence, because she was very confident in her elite bodyguard.

After all, this elite guard is an elite guard trained by the most outstanding guard academy in their Dark Empire Palace, so he is extremely powerful and loyal in both strength and means.

At this time, the little princess was still a little unconfident in her heart, because she didn't know whether Ye Feng's strength could stand up to the elite guards around Princess Honglian, a direct descendant of the royal family.

At this moment, Ye Feng watched the other party rushing towards him, with a slight smile in his eyes.

The so-called elite guards' cultivation level was only one or two realms higher than his own. In Ye Feng's eyes, they were really like local chickens and tile dogs.

So at this moment, Ye Feng didn't need to use any means at all, nor did he need to reveal his identity and use various inheritances of the human race.

Ye Feng simply punched it out lightly.

Buzz!

But the moment Ye Feng punched out, Ye Feng's fist suddenly turned into a huge black fist, as if it had turned into a black mountain, and it was pressed directly with a roar. On the body of the elite bodyguard of the Red Lotus Princess who rushed over.

"What? Such a powerful force?"

At this moment, the elite guard of Princess Honglian felt a terrifying sense of oppression from Ye Feng's fist. His face changed drastically and he wanted to retreat, but it was too late.

Ye Feng's huge black fist hit him in an instant.

Boom!

Almost at the next moment, accompanied by a huge roar, Princess Honglian, an elite guard, was sent flying backwards by Ye Feng's punch, vomiting blood.

"ah!!"

Then with a huge scream, the so-called elite guard of Princess Honglian was completely killed and fell to the ground hard.

"What??"

Seeing this scene at this moment, both the little princess and Princess Honglian across the way suddenly widened their eyes. It seemed that they had never thought that an elite guard trained by the guard academy of the Dark Empire royal family would be killed. A little-known boy like Ye Feng was knocked backwards by a punch and was even killed on the spot.

This kind of strength was so terrifying that many people around him who had not paid attention to it couldn't help but cast their eyes over, as if they wanted to watch a good show.

At this moment, the little princess suddenly showed deep excitement in her eyes. She quickly walked to Ye Feng's side and couldn't help but said: "Ye Feng, I didn't expect you to be so powerful. Even if you face these... The extremely elite guards were all killed with one punch."

At this moment, Ye Feng just smiled slightly and said, "I just want to vent some bad breath on the little princess."

Hearing what Ye Feng said, the little princess was quite moved. She couldn't help but patted Ye Feng's shoulder and said loudly: "I recruit you to be my guard captain this time. It is definitely the wisest thing I have done in my life." choice."

At this moment, the little princess knew very well that Ye Feng's strength had probably surpassed the little princess herself. He was an extremely powerful person.

But what the little princess is very puzzled about is why such a powerful being as Ye Feng has never been promoted or discovered by anyone. He has always been a small outer wall guard.

But if you can't think about it, don't think about it, as long as Ye Feng is her captain of the guard now.

The little princess has always been a very practical person.

At this moment, Princess Honglian not far away looked extremely ugly.

She stared at the corpses of her elite guards with a very ugly look on her face.

Because she had sworn just now that Ye Feng, a boy with a well-deserved reputation, would never be the opponent of her bodyguard.

Unexpectedly, the elite bodyguard she was so proud of could not even sustain a punch in front of Ye Feng, which was really shocking.

At this moment, the little princess came to the front of Princess Honglian. She couldn't help but smiled very proudly and said: "How is the strength of the guard captain I recently recruited? He is very powerful. Now that I have seen it, arrive."

Princess Honglian stared at the confident look of the little princess at this time, her face was very ugly, but she didn't know what to say, because she knew that none of the elite guards she brought with her today were Ye Feng's opponent.

At this moment, Princess Honglian stared at Ye Feng, secretly thinking in her heart, where did this young man come from, how could he be so powerful, and had not been discovered by other members of the royal family, but was confused by the little princess. Recruited under his command.

At this time, Princess Honglian knew that she might not be able to please her today, so she could only leave directly.

But suddenly at this moment, Ye Feng spoke up: "Princess Honglian, didn't you hear what I just said? I have defeated your bodyguard now, so shouldn't you also honor your words?" He bowed his head and admitted his mistake in front of the little princess. "

"you....."

When Ye Feng said this, Princess Honglian's face suddenly became stiff and ugly.

She stared at Ye Feng and couldn't help but said: "You are a little guard, no matter how powerful you are, you are still just a guard after all. How dare you dare to say such things to this princess? You still want to order This princess did this."

Hearing what Princess Honglian said, Ye Feng immediately smiled faintly and said: "It doesn't matter who I am, nor what my identity is. What matters is that I defeated your elite bodyguard, then

you have to Keep your promise, otherwise, you will always be a dishonest person in front of the little princess, and the little princess will no longer need to listen to you. "

Hearing what Ye Feng said, Princess Honglian's face immediately became quite stiff.

Then she walked up to the little princess, endured great anger, lowered her head slightly, and said loudly: "It's my fault this time. I shouldn't have blocked your way and asked you to fight."

After the words fell, Princess Honglian felt extremely embarrassed and glared at Ye Feng who was next to the little princess, as if to say that you will have a better time in the future, and then left the scene directly.

At this moment, the little princess couldn't help but pat Ye Feng's shoulder, and said with a smile: "Don't worry too much about your own safety. Although this Red Lotus Princess is eyeing you, as long as you always exist, If you are by my side, then I will never let her send people to attack and deal with you."

When Ye Feng heard this, he smiled nonchalantly and said, "I have never been worried. In my eyes, this is nothing at all."

Chapter 5459 Dark Tower Trial

"oh?"

At this time, seeing Ye Feng's calm words, the little princess suddenly showed a look of surprise on her face. It seemed that she did not expect that Ye Feng, a small bodyguard, would face the threat and viciousness of a princess-level figure. There was no fear in his eyes, but a calm look.

In this case, either because Ye Feng is a fool, or because Ye Feng's strength has reached a very terrifying level, so he is not afraid of Princess Honglian's revenge.

Thinking of this, the little princess was extremely excited. She didn't expect that such a powerful person was recruited by her. She was really lucky.

At this moment, the little princess stared at Ye Feng with her beautiful eyes, and she obviously regarded Ye Feng as her pillar and her greatest support.

At this time, the little princess couldn't help but patted Ye Feng on the shoulder and said loudly: "Ye Feng, you will work hard by my side from now on. As long as my status is improved in the future, your status will follow mine." As the tide rises, your power in the entire Dark Empire Palace will also grow. In the future, you may be able to break away from the status of a guard and be named a minor nobleman by me. "

Hearing what the little princess said, Ye Feng just smiled slightly and said, "Okay, I hope I can be promoted by the little princess in the future."

Ye Feng knew very well that the main reason why the little princess said this was to paint a bigger picture for herself and make herself loyal.

Regarding this, Ye Feng secretly smiled in his heart and didn't say much, but just followed the words of the little princess.

At this moment, Ye Feng and the little princess were walking towards the Dark Tower.

But at this time, the little princess suddenly thought of something and couldn't help but look at Ye Feng and said: "Ye Feng, why don't you follow me into the Tower of Darkness to practice. If the two of us practice together, we will definitely The greater the harvest, the higher the level of intrusion. "

Hearing what the little princess said, Ye Feng had a look of surprise in his eyes and said, "This dark tower should only be accessible to the royal heirs of our dark empire, and I, a bodyguard, should not be able to enter it. Bar."

The little princess immediately took Ye Feng's hand and said loudly: "You just come with me, as long as I say it's okay, sometimes I see other princesses or princes bringing their own Entering it with a bodyguard to help you test in this dark tower, so this is considered acquiescence by many people."

At this moment, the little princess knows that Ye Feng is very powerful, so she wants to take Ye Feng into the Dark Tower to test, which will definitely help him test to a higher level.

At this moment, Ye Feng saw that the little princess stretched out her white hand and took his palm. His eyes flashed slightly, and without saying anything, he followed her towards the Tower of Darkness.
