Chapter 5471 The face on the stone tablet

At this moment, Ye Feng immediately nodded and said, "Let's go over and have a look to see if there is a light door leading to the next level."

The little princess nodded, and she and Ye Feng flew quickly towards the mist-shrouded mountain range not far away.

When they came to this mountain range, they immediately saw a lot of corpses on the ground, lying in various directions in the mountains. Most of the corpses were incomplete and seemed to have been killed by some terrible force. .

Seeing this scene, the little princess's eyes suddenly showed a look of vigilance, and she said loudly: "Ye Feng, let's be careful, there are probably very scary creatures living in this mist-shrouded mountain range."

Ye Feng nodded, and he and the little princess walked carefully among the mist-shrouded mountains.

Soon, they were almost reaching the light gate.

Boom!

But suddenly at this moment, the mountain beneath their feet suddenly cracked.

A huge stone hand suddenly stretched out from the depths of the mountain, grabbed the two of them, and grabbed them towards the inside of the mountain.

At this moment, the little princess couldn't help but said: "It seems to be a monster in the mountain. I just saw the palm of the stone. Could it be that a certain stone inside the mountain has become a spirit?"

Ye Feng spoke out at this time: "It's not that the stone became a spirit, but that someone used this mountain to set up a formation with earth attributes. The big stone hand just now should be formed by the power of the formation."

Hearing what Ye Feng said, the little princess's eyes suddenly showed a look of surprise, and she couldn't help but said: "Ye Feng, you mean, someone is ambushing here again, a passing trialist? Set it up The formation."

Ye Feng shook his head and said aloud: "It's not clear yet, but we will know it later. Let's not resist now. Let's see where the big stone hand transformed by this formation is going to catch us. "

The little princess originally wanted to resist, but seeing Ye Feng being so calm at this time, as if he wanted to find out who was behind the scenes, the little princess also calmed down and stood beside Ye Feng, waiting quietly.

When the little princess saw Ye Feng's calm expression, she felt a lot more at ease.

At this time, the little princess found out more and more that as long as she stayed by Ye Feng's side, it seemed that no matter what situation she encountered, she would feel extremely at ease.

And just as the two of them were talking, the big stone hand holding them finally stopped.

At this moment, Ye Feng and the little princess found that they had arrived at the center of the mountain.

At this time, the little princess immediately saw that there was an ancient stone tablet in the center of the mountain.

This ancient stone tablet actually emitted a faint light, condensing the shape of a human face.

At this moment, this radiant face actually started to speak: "I control the power of the entire mountain and bring you two here. I don't want to be an enemy of you two, but I hope that you two can Get me out of here."

"Um?"

Hearing what this radiant face said, the little princess's eyes were full of doubts, and she asked aloud: "Who are you? Why should we help you?"

This radiant face immediately spoke out: "My identity is very special. I can't tell you now, but if you help me leave here and take me away from the Tower of Darkness, I will definitely give it to you." The benefits are unimaginable."

Hearing what the face on the stone tablet said, the little princess couldn't help but shook her head and smiled, and said loudly: "You didn't tell us anything, and you just caught us here and asked me to help you. How can there be such a thing in the world?" Good thing."

Hearing what the little princess said, the face on the stone tablet suddenly changed its eyes.

Wow!

The next moment, rocks were rolling in the entire inner space of the mountain.

Along with these rolling rocks, pieces of very pure ore immediately appeared in front of the two of them.

The radiant face on the stone tablet immediately said aloud: "These pure ores are the most essential ores that have been bred by the mountain where I am for thousands of years. The energy contained in them can give... Your dark race has great benefits. As long as you help me take me away from this mountain and away from the shackles of this dark tower, I can give you all these purest ores, and this is just a meeting gift. In the future, I will Give you greater rewards."

At this moment, the little princess squatted down, took a piece of dark ore in her hand, and sensed it carefully. Her eyes suddenly lit up, and she couldn't help but look at Ye Feng beside her, and said aloud: "Ye Feng , These ores seem to be really rare high-grade ores, the energy contained in them is very majestic, and they are also pure dark energy ores, which are of great benefit to our dark race. "

Ye Feng nodded slightly at this time, stretched out his hand, grabbed a piece of dark ore, and directly absorbed the dark power in it, immediately turning the piece of ore in his hand into fly ash.

At this time, Ye Feng nodded and said with satisfaction: "These dark ores are indeed very high-grade. After absorbing the dark energy contained in them, my skill has increased a lot."

At this moment, seeing Ye Feng directly absorbing the dark energy in the dark ore, the little princess's eyes suddenly showed a look of surprise, as if she did not expect that Ye Feng could directly absorb the energy in the ore.

After all, the little princess always thought that Ye Feng could only swallow the skills and blood energy of other living beings. She didn't expect that he could even swallow the dark energy in the ores bred between heaven and earth.

At this time, the little princess became more and more curious about Ye Feng's physique. She didn't know what kind of physique Ye Feng had among their dark race, and he was so unbelievable.

At this time, Ye Feng looked at the radiant face on the stone tablet and asked aloud: "We can help you, but you'd better tell who your true identity is and why you were Trapped in this level of the Tower of Darkness? And over the years, there have been so many trialists from the Dark Empire who have entered the Tower of Darkness, why did they choose just the two of us?"

At this moment, after Ye Feng asked a series of questions here, the little princess secretly admired Ye Feng. His thinking and logic were very strong, and every question was very critical.

At this moment, the little princess also looked at the radiant face, and couldn't help but said: "To tell you the truth, I am a noble princess in our dark empire, and this Ye Feng beside me, this is my guard captain, extremely powerful. We are all core members in the palace of the Dark Empire, and we still have a lot of power in our hands. You'd better tell us your identity, otherwise, we won't be able to help you."

Hearing what the little princess said, Ye Feng also nodded and said loudly: "That's right, you'd better explain your situation clearly, otherwise, we won't help someone just because of some petty gain. If we don't understand it, we won't be able to afford any serious consequences."

Ye Feng actually didn't want to cause trouble, he just wanted to help the little princess get through the situation as soon as possible.

But the human face on this stone tablet seems to be a very mysterious existence, which may bring huge opportunities to himself, so Ye Feng has just talked nonsense with the human face on this stone tablet until now, otherwise, Ye Feng would have left long ago.

## Chapter 5472 Sealing the Altar

At this moment, facing the questioning of Ye Feng and the little princess, the radiant face on the stone tablet immediately said: "Well, since you insist on asking, then I have no choice but to say it. His identity was the owner of this dark tower back then."

"What?"

Hearing what this man said, both Ye Feng and the little princess showed deep astonishment in their eyes.

The little princess couldn't help but said: "Isn't the owner of the Dark Tower the first generation of the Dark Emperor of our Dark Empire?"

Hearing what the little princess said, the face on the stone tablet immediately said in a self-deprecating tone: "The real owner of this dark tower is actually me. Later, I was defeated by the first generation of the dark emperor of your dark empire. That's why I lost this Tower of Darkness to him, and I also fulfilled my promise and was sealed here for nearly a hundred thousand years to help the Dark Empire test and cultivate talents, but now the time is almost up, I It's time to go out, but I want to echo the first generation of the Dark Emperor of your Dark Empire, but I can't. Except for the first generation of the Dark Emperor of your Dark Empire, no one probably knows me anymore, and they don't know what happened back then. That promise was made, and they would not let me out, thinking that I was just a restless existence in the Tower of Darkness."

Hearing this radiant face say this, the little princess's eyes suddenly showed a look of astonishment, and she couldn't help but said: "The first generation of the Dark Emperor of our Dark Empire, as early as ten thousand years ago He died in the battle at the end of the dark world."

Hearing what the little princess said, the human face condensed with light on the stone tablet, that is, the owner of the Tower of Darkness, suddenly showed a look of surprise in his eyes, then sighed and said aloud: "Such a majestic and unparalleled person." I didn't expect him to die in battle, and he didn't live as long as I did. No wonder I couldn't call him no matter how I called recently. Since he is dead, I can only rely on you to unlock the seal."

Hearing what this radiant face said, the little princess couldn't help but said: "Why choose us? Among all the trialists in the Tower of Darkness, Ye Feng and I should not be considered such an outstanding combination. "

Hearing the little princess ask this question, the human face made of light immediately said: "I don't know why I chose you. I just feel that you are capable of saving me because I have invited you before." The other testers, but they all failed in the end, and their bodies were sent out of the inner area of this mountain range by me."

Hearing what the owner of the Dark Tower said at this moment, Ye Feng and the little princess looked at each other with a look of astonishment in their eyes.

No wonder when they came to this mountain range before, they found a lot of corpses lying outside. It turned out that they were all trialists selected by the master of the Dark Tower, but they all failed in the end and were at risk of death. .

At this time, the little princess felt a little withdrawn. She couldn't help but glance at Ye Feng and whispered: "Ye Feng, it seems that it is very dangerous to rescue the owner of the Dark Tower. There is no need for us to do it." Save him, there's no need to take this risk."

When Ye Feng heard what the little princess said at this time, his eyes flickered slightly and hesitated.

Because for Ye Feng, if he can really rescue the owner of the Dark Tower, then the opportunities he will get will definitely be very great.

After all, the owner of the Dark Tower has promised himself that if he can be rescued, it will bring great benefits to Ye Feng and the little princess.

Ye Feng knew that even if the owner of the Dark Tower couldn't defeat the first-generation Dark Empire emperor, he was still an earth-shattering figure in the ancient times.

So at this time, Ye Feng still wanted to rescue the owner of the Dark Tower. After all, this was a rare opportunity.

At this moment, Ye Feng thought for a moment, and then said aloud: "First ask the owner of the Dark Tower how to rescue him. He said that he was sealed by some kind of seal, and I have no idea about the formation. Fa Yiyi has actually done a lot of research on the Seal Yiyi, so he might be able to rescue him. "

Hearing what Ye Feng said, the little princess nodded slightly and said loudly: "I can't help you with this. It depends on you, because I definitely don't have the ability to rescue him. He likes us mainly because he sees us. Zhong Ye Feng You."

The little princess is still very self-aware at this time. She knows that the owner of the Dark Tower must have chosen their combination because of Ye Feng's strength and potential, not because of the little princess.

At this moment, Ye Feng nodded, then walked directly to the radiant face on the stone tablet, and said loudly: "Senior, although it may be very dangerous to rescue you, I still want to try, after all, senior I have promised the junior that if the junior can really rescue the senior, the senior will give the junior a huge benefit. "

Hearing what Ye Feng said, the owner of the Dark Tower immediately showed admiration in his eyes and said loudly: "Okay, you are very brave, then you can give it a try. I will not force you. If you really If you feel it's too dangerous and you can't do it, you can leave safely and I'll wait for the next person."

At this moment, after the master of the Dark Tower finished speaking, he condensed a huge stone palm and dug up the entire ground.

The next moment, Ye Feng immediately saw that as the ground was dug up, a huge altar appeared under the ground.

The surface of this altar was engraved with very ancient symbols, giving people the feeling that it was an altar handed down from ancient times.

At this moment, the symbols on the surface of the altar still emitted a black light, full of a dark and evil atmosphere.

At this time, the owner of the Dark Tower immediately spoke out: "This altar is the main thing that seals me. It was cast by the first generation Dark Emperor of the Dark Empire and many other powerful people of the Dark Empire. If it was 100,000 years ago, even if the first generation Dark Emperor took action himself, I am afraid he would not be able to unlock it. But now nearly 100,000 years have passed, and the sealing power in this altar has weakened many times. So young man, you can give it a try to see if you can unlock it. You are also a dark race, and you have the same origin as the dark power in this altar. You have an innate advantage. I am optimistic about you and hope you can succeed."

## Chapter 5473 Top Floor

At this moment, after the owner of the Dark Tower finished speaking, Ye Feng nodded immediately and flew directly to the seal altar to observe carefully.

Ye Feng saw at this time that the seal altar was similar to what he had imagined. It contained formations and ancient forbidden power.

As for the formation, Ye Feng can completely see through it and can solve it easily.

However, Ye Feng felt that the power of the ancient prohibition that was integrated into it would still require some effort.

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He directly stretched out his hand and began to crack the power of the sealed altar.

First of all, Ye Feng used his Eye of Heaven and Earth to easily crack the power of the formation integrated in the seal altar.

Seeing this scene at this moment, the owner of the Dark Tower suddenly showed a look of surprise in his eyes, and couldn't help but said: "Oh? I didn't expect you to crack the formation land so easily. It seems that I really chose the right person this time."

At this moment, Ye Feng did not speak, but concentrated on analyzing the ancient forbidden power integrated in this seal altar.

The power of the ancient altar and the power of the formation are actually quite similar, so at this time, Ye Feng, with his concentrated analysis, slowly and directly cracked the power of the ancient prohibition in the entire seal altar.

Almost immediately after Ye Feng unlocked all the power of the seal and the power of ancient restrictions in the entire seal altar.

Boom!

The whole world suddenly shook rapidly, and the entire mountain cracked.

The next moment, the owner of the Tower of Darkness, the face condensed by the light, immediately let out an extremely happy laugh: "Hahaha! One hundred thousand years! One hundred thousand years! I, Finally got out of trouble!"

At this moment, the aura emanating from this face condensed with light was like a vast ocean. It was terrifying and vast, causing the entire situation in the world to begin to change.

Ye Feng and the little princess were as small as ants in front of the huge aura emanating from this human face.

At this moment, the little princess seemed a little frightened. She couldn't help but tugged on Ye Feng's sleeves and said in a low voice: "Ye Feng, you said that the owner of the Tower of Darkness is such an old monster. He is now If he escapes from the trap, will he not fulfill the agreement he made with us before, and will he kill us directly and then escape from here? "

When Ye Feng heard what the little princess said at this moment, his face was very calm and he said, "It's possible."

"What?"

Hearing what Ye Feng said, the little princess became even more frightened.

But the next moment, Ye Feng grinned and said loudly: "But I believe that this senior will definitely fulfill his promise."

At this moment, Ye Feng actually had no confidence in his heart. After all, no one could control the character of this old monster from 100,000 years ago, and he might break the promise he made before at any time.

But Ye Feng is not afraid now.

It's not that Ye Feng himself is very powerful, but because Ye Feng's storage ring contains Leng Binghuang, a super powerful person among the human race in the heaven.

In the ancient times, the Leng Bing Emperor was definitely a transcendent existence that could be ranked among the top ten in the heaven.

Therefore, Ye Feng's greatest confidence is the Leng Binghuang he carries in his storage ring.

If his life is really in danger, even if Ye Feng exposes his identity, he will definitely let Leng Binghuang take action. It is important to save his life.

But the next moment, what made Ye Feng and the little princess heave a sigh of relief was that the huge human face regained its composure after roaring happily.

Then the two of them saw that the human face that had been condensed with light had penetrated directly into a stone monument at this moment.

Uh-huh!

The next moment, the stone tablet floated in front of Ye Feng and said: "I didn't expect that a young man like you could really succeed. It seems that I still underestimate you."

Hearing what the owner of the Dark Tower in the stele said, Ye Feng smiled slightly and said: "This junior happens to be quite familiar with this ancient seal and ancient restriction. He has studied the formation before, so he The seal can be broken so quickly, and as the senior said, a hundred thousand years have passed, and the seal in the altar just now is so weak that it is about to disintegrate automatically. I am just the last straw that breaks the seal. "

Hearing what Ye Feng said at this moment, the owner of the Tower of Darkness among the stone tablets immediately nodded slightly and said loudly: "My body has been wiped out long ago. What remains now is a soul will, which can only be temporarily transmitted." It exists in this stone tablet. This stone tablet is also very special. It was not refined by me. I found it in the corner of the interface in the outside world. It may be even more special than the Dark Tower that I refined. The mystery."

Hearing what the owner of the Dark Tower said, Ye Feng had a look of surprise in his eyes, but he didn't say much, but said aloud: "Since the senior has escaped from the trap, what will the senior give to the junior?" What are the benefits?"

Hearing Ye Feng's question, the owner of the Dark Tower immediately laughed and said: "You will benefit greatly in the future, but I can't give you any practical benefits directly at the moment. I will follow you next, after I completely leave this Dark Tower space, I will control the entire Dark Tower, and let the power in the Dark Tower be poured into your body, which can help you greatly enhance your own skills."

Hearing what the owner of the Dark Tower said, Ye Feng's eyes suddenly lit up, and he couldn't help but say: "Senior, now there is only one remnant soul left, can he still control the entire Dark Tower? "

The master of the Dark Tower immediately smiled confidently in front of the stone tablet and said: "Of course, I am the master of the Dark Tower. Even if there is only one remnant soul left, I can naturally control the entire Dark Tower. The ninety-ninth floor at the top of the Dark Tower contains the most original dark energy of the Dark Tower. It is the most essential thing in the entire Dark Tower. Anyway, I don't have an actual body now and can't use it anymore. I can Taking you directly to the ninety-ninth floor of the Dark Tower, allowing you to obtain the most original dark energy of the Dark Tower, will definitely cause a qualitative transformation in your cultivation and your entire body."

"What??"

At this moment, before Ye Feng could say anything, the little princess standing aside suddenly opened her eyes wide when she heard the owner of the Dark Tower among the stone tablets say this, and couldn't help but feel a little ecstatic. He said aloud: "Senior, do you mean that you can take us directly into the ninety-ninth floor, the highest space of the Tower of Darkness now?"

Chapter 5474 Generous Rewards

At this time, hearing what the little princess said, the owner of the Dark Tower among the stone tablets immediately said: "Of course, I can take you directly to the top of the Dark Tower, which is the ninety-ninth Layer, are you willing to go?"

The little princess immediately said happily: "Of course we are willing to go."

At this moment, the little princess was extremely excited, because if she and Ye Feng could really climb the dark tower, then the entire Dark Empire would be extremely shocked by the talent of the

little princess. I am afraid that the entire Dark Empire would be shocked to the extreme. A big shock occurs, and everyone will be shocked by the achievements of the little princess and Ye Feng.

At this moment, Ye Feng also nodded slightly and said with a smile: "Then senior, please take us directly to the top of this dark tower. In this case, we don't have to go through each level one after another. Otherwise, we still have to go to the top of the Tower of Darkness." I don't know how long it will take."

Hearing what Ye Feng said, the owner of the Tower of Darkness immediately nodded.

Immediately, a ray of light emitted from the stone monument where the owner of the Tower of Darkness was located, directly covering Ye Feng and the little princess.

Buzz!

Almost at this moment, accompanied by a violent spatial fluctuation, the two people and the owner of the Dark Tower among the stone tablets disappeared immediately.

When they appeared again, they had reached the top of the Dark Tower.

And the moment they reached the top of the Dark Tower, in the palace of the Dark Empire, countless people outside the Dark Tower saw the top of the Dark Tower suddenly light up.

"What??"

"this....."

Countless strong men and masters in the Dark Empire were shocked to the extreme, and they all said in horror: "What's going on? Why is the top of the Dark Tower lit up? Is there any lovelorn in our Dark Empire?" Has anyone entered the top of the Tower of Darkness? This has never happened before. Go and inform His Majesty the Dark Emperor that we have a peerless talent in the Dark Empire."

At this moment, when the outside world was shocked to the extreme, Ye Feng and the little princess were watching curiously from the top ninety-nine floors of the Tower of Darkness.

The little princess saw that the top floor of the Dark Tower was not a vast little world, but an empty attic-like closed space. There was only an ancient black stone in it. Standing in the middle area of the top floor, it seemed to contain something. Some kind of special secret.

At this time, the voice of the owner of the Tower of Darkness immediately came out from the stone tablet: "This black stone is the inheritance stone left by the first generation of the Dark Emperor of your Dark Empire. He told me before that as long as you The descendants of the Dark Empire who can enter the top of the Dark Tower will be able to understand the peerless inheritance of the first generation of the Dark Emperor in this inheritance stone. Now you can use this inheritance stone at will to understand the first generation of it. The inheritance of the Dark Emperor, when you go out, I am afraid that you will get the attention of the entire Dark Empire's upper echelons. This can be regarded as my reward for you. "

Hearing what the owner of the Tower of Darkness said at this moment, the little princess glanced at Ye Feng beside her with some fear and said in a low voice: "Ye Feng, we went directly to the top floor. Is this considered cheating?" ah?"

Ye Feng just laughed and said, "It doesn't matter what it is, as long as we get actual benefits."

At this moment, Ye Feng naturally did not hesitate at all. He looked directly at the owner of the Dark Tower in front of him and said: "Senior, where is the purest dark energy that I want? Take me to absorb it, I can't wait."

For Ye Feng, the most important thing now is of course to get the original dark energy promised to him by the previous owner of the Dark Tower, because it can definitely transform his cultivation skills.

As for the inheritance of this first-generation Dark Emperor, Ye Feng is not in a hurry.

At this moment, the little princess said aloud: "I will understand this inheritance stone. When the time comes, I will understand the inheritance of the first generation of the Dark Emperor contained in it. I will then teach it to you Ye Feng. Ye Feng Just go and absorb the dark energy with peace of mind."

Hearing what the little princess said, Ye Feng nodded and looked at the owner of the Dark Tower.

At this moment, the owner of the Tower of Darkness also nodded in front of his own stone tablet, and led Ye Feng towards the wall of the attic on the top floor of the Tower of Darkness.

When Ye Feng followed the owner of the Tower of Darkness to the wall of the attic, he saw that the owner of the Tower of Darkness was a radiant palm directly transformed from the stone tablet where he was, pressing it on the wall in front of him.

The moment he pressed his palm on the wall, the entire wall immediately emitted a bright black light.

These black lights immediately formed tube shapes like silk threads, which were directly connected to Ye Feng's entire body.

At this moment, Ye Feng seemed to be pierced by countless silk threads. A huge amount of dark energy was immediately injected into every inch of Ye Feng's body through these silk tubes.

Boom!

At this moment, Ye Feng could immediately feel a very large and powerful dark energy, which was immediately injected into his body.

Ye Feng's cultivation power immediately began to improve at an incredible speed at this moment.

After all, you have to know that the dark energy here is the source energy of the Dark Tower, so Ye Feng was infused with so much dark energy at this moment, which naturally allowed his power to increase greatly.

At this moment, Ye Feng's cultivation aura immediately began to rise rapidly and continuously.

Moreover, Ye Feng could feel that the black energy in the tubes inserted into his body was still being rapidly injected into his body, and Ye Feng's cultivation skills were still growing rapidly.

At this time, Ye Feng's cultivation level made breakthroughs one after another, and he actually reached the tenth level of the Divine Realm, the Great Perfection.

At this time, Ye Feng's face suddenly showed a look of deep surprise.

At this moment, the owner of the Tower of Darkness among the stone tablets beside Ye Feng also showed deep surprise in his eyes, and couldn't help but said: "Ye Feng, I didn't expect that you, a young man of the dark race, would It's incredible that a person has such a powerful talent, can withstand such a huge amount of dark energy, and have such a huge transformation and improvement in his cultivation. You are the most talented dark race I have ever seen."

At this time, when Ye Feng heard the owner of the Dark Tower in the stone tablet say this, a smile appeared in his eyes, and he couldn't help but say: "My physique is indeed quite special."

At this moment, after Ye Feng finished speaking, he walked directly towards the middle area of the attic on the top floor of the Dark Tower.

When Ye Feng came to the inheritance stone in the middle, he discovered that the little princess was still touching the huge black stone with both hands, and seemed to be still comprehending the inheritance left by the first generation of the Dark Emperor. .

Seeing this scene, Ye Feng had not said anything. The owner of the Dark Tower among the stone tablets beside him couldn't help but shook his head and smiled, and said loudly: "This little princess of the Dark Empire is really not very talented. She Almost everything depends on Ye Feng, the so-called captain of the bodyguard."

At this moment, the owner of the Tower of Darkness in the stone monument spoke with a hint of inexplicable meaning. He obviously felt that Ye Feng could not be the captain of the guard of a small princess. Ye Feng's identity, There must be other secrets.

However, the owner of the Tower of Darkness did not reveal it, because Ye Feng's specific identity had nothing to do with him anyway. Instead, Ye Feng was the benefactor who saved him, so the owner of the Tower of Darkness decided to proceed. Follow Ye Feng for the time being. After all, Ye Feng saved him, and Ye Feng's cultivation talent is very powerful, and his identity is also very mysterious.

At this moment, Ye Feng also stretched out his hand, touched the inheritance stone, and began to understand the inheritance left by the first generation of the Dark Emperor.

You must know that Ye Feng's true identity is a human race, but Ye Feng's physique can change into power of any attribute, so Ye Feng can completely cultivate the unique inheritance of the dark race left by the first generation of the Dark Emperor.

At this moment, as Ye Feng's huge soul power entered the inheritance stone in front of him, Ye Feng immediately sensed a very huge inheritance secret contained in this inheritance stone.

This very huge secret of inheritance, as expected, should be the peerless inheritance left in this inheritance stone by the first generation of the Dark Emperor of the Dark Empire. It is also the most precious thing in the entire Dark Empire.

At this moment, Ye Feng naturally did not hesitate at all, and directly began to understand the secrets of this inheritance.

With Ye Feng's continuous understanding, Ye Feng successfully passed on the destiny of the first generation of Dark Emperor in this inheritance stone to the study group.

The inheritance of the first generation of Dark Emperor in this inheritance stone has been completely imprinted on Ye Feng's head at this moment.

This set of inheritance of the first generation of the Dark Emperor is called "Dark Emperor Technique". After practicing this set of inheritance, the practitioner can continuously absorb the dark energy between heaven and earth, and continuously accumulate ancient darkness in his body. The power of the Emperor.

You must know that the power of the emperors of the ancient dark age is definitely very advanced energy, which can bring huge benefits to practitioners, and during the battle, it can even condense into a celestial image of the ancient dark emperor. The earth helps cultivators fight and has the power of the ancient emperor.

At this time, after Ye Feng got this set of inheritance, he was very satisfied with this set of inheritance. It was definitely no less than the super inheritance of ice attributes, the Frozen Giant Art, taught to him by Leng Rushuang's father, Leng Binghuang.

At this moment, Ye Feng walked directly to the little princess who was still meditating and patted her on the shoulder.

At this time, the little princess immediately opened her eyes, looked at Ye Feng beside her, and couldn't help but said: "Ye Feng, don't disturb me, give me a little more time, I will definitely be able to get rid of this stone." I have learned the secrets of the inheritance of the first generation of Dark Emperor, and I will just teach them to you when the time comes."

At this moment, Ye Feng smiled slightly and said: "I have successfully understood it, I will teach it to you directly."

"Forehead....."

Hearing what Ye Feng said, the little princess immediately showed a look of astonishment in her eyes.

Then, before the little princess could say anything, Ye Feng stretched out a finger and touched the little princess's white forehead.

Boom!

The next moment, a huge secret of inheritance was immediately transmitted from Ye Feng's fingers, and was directly imprinted into the mind of the little princess.

This set of inheritance secrets is exactly the inheritance of the first generation of the Dark Emperor of the Dark Empire, the Dark Emperor Art, that Ye Feng obtained from this inheritance stone.

"Is this...the inheritance of the first generation of the Dark Emperor of our Dark Empire?"

At this moment, after receiving the inheritance secrets from Ye Feng, the little princesses were deeply shocked and couldn't help but say: "Ye Feng, aren't you receiving the infusion of dark energy? How did you suddenly comprehend this set of peerless inheritance? How did you do it? This speed and efficiency are too exaggerated."

Facing the shocked expression of the little princess, Ye Feng just smiled calmly and said: "I have always been very efficient in doing things. Now that we have obtained the most precious inheritance secret of the first generation of Dark Emperor in the Dark Tower, we can leave here directly."

Ye Feng knew that he had wasted a lot of time in the trial of the Dark Tower, so he should get out as soon as possible and find Leng Rushuang's mother in the palace of the Dark Empire as soon as possible.

At this moment, hearing Ye Feng say that they were leaving here, the little princess nodded, but her face was full of expectation, and she said: "We have reached the top of the Dark Tower. I guess everyone in the entire Dark Empire is in deep shock. We will fly directly from the top floor. I think even the Dark Emperor of the Dark Empire will come to the scene in person."

"Huh?"

Hearing what the little princess said, Ye Feng's eyes showed a look of surprise, and he said: "The current Dark Emperor will come in person, is it so exaggerated?"

In fact, Ye Feng did not want to be too high-profile, because the more conspicuous he was, the higher the risk of his true identity being exposed.

Chapter 5476 Very polite

Although Ye Feng knew that it was not good for him to be too high-profile now, after all, the more attention he attracted, the more likely his identity would be exposed.

After all, I am a dark race in disguise. Even if my life origin has become a dark race, some of my behavioral habits, including some inheritance methods, may be seen as inharmonious by very professional dark race masters, and thus they can be seen through. own identity.

But now that things have happened, Ye Feng is not that worried. After all, his disguise can be said to be perfect to the extreme. Even if there are some inconsistencies, it is estimated that they will not be magnified and suspected. After all, My disguise is different from ordinary disguises.

He has completely transformed his life origin into a dark race. Even the owner of the Dark Tower cannot see Ye Feng's true identity.

The owner of the Dark Tower only knew that Ye Feng was definitely not as simple as he seemed, but he probably never imagined that Ye Feng was not a dark race at all, but a human race in heaven disguised.

At this moment, Ye Feng nodded, looked at the little princess beside him, and suddenly said: "Your Highness, I have received the inheritance of the first generation of the Dark Emperor. I hope that your Highness will not tell anyone. After all, I am just the captain of the bodyguard in front of Her Majesty the Princess. If people find out that I have inherited the inheritance of the first generation of the Dark Emperor, I am afraid it will arouse the greed of countless people, and they will not dare to offend a noble like you, the Princess. , but you are definitely not afraid of offending me. Although I am not afraid of others making trouble, I am too lazy to be targeted and coveted all the time. "

Hearing what Ye Feng said at this moment, the little princess immediately nodded seriously and said: "Ye Feng, don't worry, I will only say that I have received the peerless inheritance of the first generation of the Dark Emperor."

At this moment, after hearing the little princess's assurance, Ye Feng was relieved and immediately prepared to leave the dark tower with the little princess.

But at this time, Ye Feng suddenly looked at the ancient stone tablet not far away, looked at the shadow of the soul of the owner of the Dark Tower inside, and asked: "Senior, are you going out with us now?"

At this time, Ye Feng was still very curious about what choice the owner of the Dark Tower would make, whether to stay in the Dark Tower or to leave with them.

At this moment, the owner of the Tower of Darkness among the stone tablets immediately said: "Of course I have to leave here. The Tower of Darkness has trapped me for a hundred thousand years. I must go out and enjoy my freedom."

Ye Feng couldn't help but asked: "Senior, do you want to leave with the Tower of Darkness?"

The owner of the Dark Tower among the stone tablets suddenly fell silent for a moment, and then said aloud: "This Dark Tower should stay in this Dark Empire. After all, this Dark Tower is the top-level one I refined myself." Magic weapon, as long as I am given enough materials, I can refine it into a treasure of the same level, and I already promised the first generation of Dark Emperor that I would keep the Dark Tower here forever and not take it away. "

Hearing what the owner of the Dark Tower said, Ye Feng immediately nodded and said, "Senior, let's go out together."

At this moment, Ye Feng directly got the stone tablet containing the soul of the owner of the Dark Tower, and then followed the little princess beside him and flew directly from the top of the Dark Tower, which is the 99th floor. go out.

And almost at the moment the two of them flew out.

Sure enough, when they left the Tower of Darkness, they immediately saw that the square of the Dark Empire Palace was filled with densely packed members of the dark race, including many big figures in the Dark Empire Palace, who had arrived here.

In particular, Ye Feng saw a tall, middle-aged man wearing a golden dragon robe, standing among the crowd, staring in their direction with burning eyes.

Ye Feng understood immediately. It seemed that the little princess had guessed it right. The current generation of Dark Emperors from the Dark Empire had all come to the scene in person.

After all, according to the rumors of the Dark Empire, whoever can climb to the top of this Dark Tower will be able to obtain the peerless inheritance left by the first generation of Dark Emperors in the top space.

Nowadays, generations of Dark Emperors have appeared, but no one can reach the glory of the first generation of Dark Emperors.

Therefore, everyone in the upper palace of the entire Dark Empire wants to obtain the peerless inheritance of the first generation of Dark Emperor.

Now a member of the Dark Empire finally appeared and climbed to the top of the Dark Tower, which naturally attracted the attention of everyone in the Dark Empire.

Even the emperor of the Dark Empire of this generation, the Dark Emperor of this generation, came to the scene in person, that is, the middle-aged man wearing a golden dragon robe.

At this moment, when Ye Feng and the little princess appeared, everyone had a look of deep astonishment on their faces.

Some people couldn't help but said in great surprise: "The legendary figure who entered the top of the Dark Tower is actually the little-known little princess!"

"What? How is this possible?"

At this moment, Princess Honglian among the crowd was extremely horrified when she saw this scene.

After all, in her eyes, the little princess was just a marginal figure in the royal family, but she didn't expect that she would climb the entire Dark Tower today and shock the entire Dark Empire.

At this moment, the Dark Emperor brought a group of big men from the Dark Empire and flew directly to the little princess. He couldn't help but said in surprise: "Little princess, I didn't expect that it was you who climbed to the top of the Dark Tower."

The little princess was also full of pride at this moment, but facing the Dark Emperor of this generation, the little princess still bowed and said: "Meet His Majesty the Emperor."

The Emperor of the Dark Empire was naturally very polite at this moment. He quickly told the little princess not to be so polite, and then stared at the little princess and couldn't help but say: "You...you entered the top floor of the Dark Tower. Did you get the peerless inheritance left by the ancestors of the first generation of the Dark Emperor?"

At this moment, the emperor of the Dark Empire was a little impatient and his tone was a little nervous.

Because if the little princess really got the peerless inheritance left by the first generation of the Dark Emperor, that is, the ancestors of their entire Dark Empire, then their entire Dark Empire would become glorious again, and it would definitely become one of the top forces in the entire dark world.

Because no one has been able to obtain the peerless inheritance left by the first generation of Dark Emperor, no one in the Dark Empire has been able to reach the top of the Dark Tower in the past 100,000 years.

Chapter 5477: Third-rank noble

At this moment, being stared at by the emperor of the Dark Empire, the little princess knew that this time she was really taken seriously by the upper echelons of the entire Dark Empire.

The leader of the small group immediately smiled slightly and said loudly: "To report to His Majesty the Emperor, I have obtained the peerless inheritance left by the first generation ancestors of our Dark Empire at the top of the Dark Tower."

"good!"

Almost as soon as the little princess finished speaking, the Emperor of the Dark Empire shouted excitedly.

The expressions of the other high-ranking figures in the Dark Empire who followed him suddenly changed from nervous to ecstatic.

At this time, the Emperor of the Dark Empire looked at all the people in the palace and made a majestic voice: "From now on, the little princess will be directly promoted to the most noble princess. In addition, the little princess will be able to Be qualified to run for the position of the next generation of our Dark Empire's Emperor."

"Wow!"

Almost as soon as the Emperor of the Dark Empire finished speaking, everyone in the entire field suddenly burst into noise.

Some people couldn't help but said in horror: "This little princess who has been wandering on the edge of the palace never thought that one day she would be able to leap over the dragon gate and become a prince-level figure in the palace of our entire Dark Empire."

"yes."

Some people couldn't help but sigh and said: "This is the treatment for entering the top of the Dark Tower, because the small group leader is the most orthodox inheritor of the first generation ancestors of our entire Dark Empire. Naturally, he has a distinguished status, and It was different before."

At this moment, countless people were horrified by the news.

Of course, the one with the ugliest face among the crowd was the Red Lotus Princess who had always looked down on the little princess.

In addition, there are many prince-level figures, all of whom have rather ugly faces. Their eyes are full of deep hostility when they look at the little princess.

Among them were the most powerful eldest prince, the second prince and a group of other powerful candidates vying for the position of future emperor.

The eyes they looked at the little princess at this moment were full of hostility.

Obviously, they felt that the little princess, a previously marginalized figure, suddenly received the peerless inheritance of the first generation ancestors, which immediately posed a huge threat to their status.

At this moment, Ye Feng could clearly feel that in addition to the surprised and excited looks in the crowd, there were also many looks full of hostility and murderous intent.

Ye Feng's eyes flashed slightly at this moment. It seemed that the little princess would be in a lot of trouble next.

Sure enough, she was the first to win. Although the little princess was recognized by everyone in the Dark Empire and gained great respect and admiration, she also unknowingly offended many hidden people.

Ye Feng guessed in his mind that those who were most hostile to the little princess now were the princes and princesses in the Dark Empire's palace.

At this time, among the crowd below, a middle-aged man wearing a purple robe suddenly flew into the air, flying quickly in the direction of the little princess, Ye Feng and the Dark Empire Emperor.

This man is the father of the little princess and a prince in the royal family of the Dark Empire.

He immediately flew in front of the little princess, and couldn't help but said excitedly: "My daughter didn't expect to be so talented! All of us underestimated you before!"

At this moment, the little princess looked at her father, her face full of pride.

But at this time, the little princess glanced at Ye Feng standing behind her. She deeply understood that everything she had today was given by this man who suddenly broke into her life.

Because if it weren't for Ye Feng, the little princess knew that she would have been able to break into more than twenty floors at most, and there would be no way she could reach the top of the Dark Tower and receive so much preferential treatment and the admiration of everyone in the entire Dark Empire royal family.

At this moment, the little princess suddenly looked at the emperor of the Dark Empire in front of her, and couldn't help but said: "Your Majesty, this time I can climb to the top of the Dark Tower and get the inheritance of the first generation ancestor of our Dark Empire. , the guard captain next to me also helped me a lot. If it weren't for him, I wouldn't have been able to achieve such an achievement, so I also ask His Majesty the Emperor to reward me, the guard captain, with enough noble status. , so that he can walk freely throughout the palace in the future, this is also my promise to him. "

"oh?"

Hearing what the little princess said at this moment, the Emperor of the Dark Empire immediately looked at Ye Feng. A very terrifying spiritual thought immediately enveloped Ye Feng, and he was carefully observing and analyzing Ye Feng's strength.

Ye Feng immediately felt at this moment that the emperor of the Dark Empire who seemed somewhat amiable was actually an unfathomable super big man and an extremely terrifying existence. All his secrets seemed to be in his eyes. All gone.

However, Ye Feng is not afraid now, but is open to being probed by the emperor of the dark empire about his own strength and methods.

Because Ye Feng's disguise is not an ordinary disguise, but actually turns his life into a dark race, so no matter how the emperor of the dark empire investigates, he is a dark race.

Sure enough, after the emperor of the Dark Empire investigated, he did not find anything unusual. Instead, he smiled slightly and said loudly: "This captain of your guards is indeed good. He is young and promising. He is a good prospect. Why didn't he have another one before? The prince and princess found such a good seedling, and you, the little princess, discovered it. You are so lucky, little princess. Now that you have spoken, little princess, I will not be stingy. In the future, little princess, your status will be raised to the level of a princess. , has the qualifications to be the crown prince, and I will also give your captain the status of a third-grade noble, and make him a noble guard with a sword. He can walk freely in the palace and enjoy the rights of a legitimate member of the royal family. "

Hearing what the Emperor of the Dark Empire said, the little princess immediately said with great joy: "Thank you, His Majesty the Emperor!"

At this time, Ye Feng's eyes flashed slightly, feeling quite happy inside.

After all, the higher my status is, the easier it will be to inquire about Leng Rushuang's mother in the Dark Empire's palace in the future.

At this time, the little princess's father, the prince in the Dark Empire Palace, immediately pulled the little princess and Ye Feng and said loudly: "Let's go home and celebrate properly. You will be with me tonight." Let's stay at the prince's palace. It just so happens that my daughter hasn't been back for a long time and she just went back to visit relatives today."

Seeing this scene, the Emperor of the Dark Empire smiled and nodded, then suddenly looked at the little princess and said loudly: "When you finish celebrating, remember to come to the palace hall, I will not force you to hand over the first generation of The inheritance of the ancestors, but if you voluntarily hand over the inheritance, it will benefit all the practitioners in the entire Dark Empire. On behalf of the entire Dark Empire, I can give you unimaginable benefits in return. "

When he said this, the Emperor of the Dark Empire suddenly looked at Ye Feng, smiled and said: "I can see that the little princess values you very much and trusts you very much. You can help me persuade her, Then there will be some benefits for you."

Chapter 5478: Always able to create miracles

Hearing what the Emperor of the Dark Empire said at this moment, Ye Feng suddenly showed a smile in his eyes and said loudly: "Okay, His Majesty the Emperor, I will give good advice to the Princess."

Hearing what Ye Feng said, the Emperor of the Dark Empire was naturally very satisfied. He couldn't help patting Ye Feng on the shoulder, and said with a smile: "Although you are not an orthodox member of our Dark Empire royal family, now I have I will make you a noble, and you will be considered a core member of our Dark Empire from now on. Your talents are very good, and your physical strength seems to be very special. You should work hard and expand the territory for our Dark Empire in the future. "

After the Emperor of the Dark Empire finished speaking, he left the scene with a group of high-ranking dignitaries from the royal family.

At this moment, the little princess's father, the prince of the Dark Empire, immediately left the scene with Ye Feng and the little princess.

They came to a very luxuriously decorated mansion outside the palace.

This mansion is exactly where the prince, the father of the little princess, lives.

At this moment, the little princess's father immediately smiled and said: "Today, my daughter has made such a great achievement, attracting the attention of everyone in the palace. Tonight, I will hold a banquet in the mansion. Let's have a good time." to celebrate my daughter."

The prince knew very well that the higher the status of the young princess in the palace, the higher his future treatment as a prince would be.

At this time, the little princess immediately smiled and said: "This time it is really thanks to Ye Feng. If it weren't for Ye Feng, I wouldn't have been able to wait until the top of the Dark Tower."

The little princess's father looked at Ye Feng at this moment and said excitedly: "My daughter will have a bright future with the help of a young talent like you."

Hearing what the little princess's father said, Ye Feng immediately smiled and said, "This is what it should be. After all, I am the captain of the bodyguard of the little princess. Naturally, I have to do my best to help the little princess."

Next, the little princess's father indeed held a banquet in the entire mansion to entertain Ye Feng and the little princess.

At night, everyone rested, but Ye Feng sneaked out of his room, blended into the night, and flew quickly towards other directions of the palace.

For Ye Feng, the mission to the Dark Empire has not yet begun. Ye Feng naturally wants to find out where Leng Rushuang's mother is.

At this moment, Ye Feng was hiding in the void, lurking secretly inside the palace, wandering around.

At this moment, Ye Feng asked Leng Binghuang who was in the storage ring and said: "Senior, I don't know the specific characteristics of Leng Rushuang's mother. Otherwise, I wouldn't be able to find her after searching aimlessly. "

Hearing Ye Feng's question, Leng Binghuang in the storage ring said: "Rushuang, this girl's mother, like other dark races, has no special characteristics. I can only see her in person. , to be able to recognize her."

Hearing what Leng Binghuang said, Ye Feng's eyes suddenly sank slightly, and he couldn't help but said: "In this case, we may have to stay in the palace of the dark empire for a longer time. I originally wanted to I thought we would leave here immediately after we settled down and found Leng Rushuang's mother."

Hearing what Ye Feng said, Leng Binghuang was silent for a moment, and then suddenly said: "Ye Feng, what you have done these days, I have seen in the storage ring, you have such a A special talent that can perfectly integrate into the dark world and the dark empire. I think you should give full play to your advantages."

"Um?"

Hearing what Leng Binghuang said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but asked: "What does senior mean?"

Leng Binghuang said slowly: "Since you have successfully blended into the inner area of this dark empire, this dark empire is also a big force in the dark world. I think you can definitely practice in the dark world. , and silently lurk in the dark world, and slowly become a big figure among the dark races in the dark world. At that time, you can give us greater help to the entire human race in the heaven. We, the human race in the heaven, have always wanted to break into the dark race. Inside, but it has never been successful. I wanted to do this back then, but still failed. But Ye Feng, you have such a special talent for camouflage, which allows you to perfectly blend into the dark race. I need you to climb step by step. If you are a high-ranking member of the dark race, you will definitely have a huge impact on our entire heavenly race in the future. Of course, I will not ask you to do this in vain. As long as you are willing to continue to lurk in the dark world and climb up to the top of the dark race step by step. , provide information and intelligence to our Heavenly Human Race, then I will return to the Heavenly Human Race Alliance, report to the top of our Heavenly Realm Human Race Alliance, and ask them to provide you with huge resource support. "

Hearing what Leng Binghuang said, Ye Feng's eyes suddenly flickered, and then he said slowly: "I think I need to think about this matter carefully."

Hearing what Ye Feng said, Leng Binghuang immediately smiled and said: "Of course, I don't force you, I just think you really don't need to go back to heaven to practice. You should make good use of your skills." Don't waste your perfectly disguised talent."

Hearing what Leng Binghuang said, Ye Feng nodded immediately. To Ye Feng, Leng Binghuang's plan was not a bad idea.

Ye Feng knew that the cultivation resources in the dark world were more advanced, and he could also perfectly use the dark attribute resources of the dark race without being backfired, but could strengthen his own cultivation power.

So Ye Feng thought that he might really consider Leng Binghuang's suggestion, so that he could use the cultivation resources on both sides.

In the dark world, Ye Feng could get the cultivation resources of the dark race as much as he wanted.

Then he could lurk in the dark world and let Leng Binghuang go to the high-level officials of the human race in the heaven to apply for support from various resources in the heaven.

After all, he was also making a contribution to the entire human race, so he was eating both ends.

At this moment, Ye Feng thought in his heart, and then made up his mind, and said to the Leng Binghuang in the storage ring: "I think what the senior said makes sense. I really shouldn't waste my talent for perfect disguise. Moreover, in the dark world, I can now do it with ease. I will gradually become the upper class of the dark race, which can indeed better help the human race in the future heaven. Moreover, through my understanding during this period of time, I feel that not all the dark races are vicious and cruel. There are also many dark races with human touch. I think maybe in the future I can be a member of the heaven and the dark world. The bridge between the two worlds allows the two camps in the two worlds to live in peace. "

Hearing Ye Feng's view of peaceful coexistence, Leng Binghuang fell silent for a moment, and could not help but sigh and say: "If the heaven and the dark world can really live in peace, it would be great. Rushuang, her mother and I, our family of three, would not have to worry about the eyes of the world and could be reunited at ease. "

At this time, hearing the discussion between Ye Feng and Leng Binghuang, Leng Rushuang said: "I believe Ye Feng can do it, because he is a person who can always create miracles. "

Chapter 5479 Jiuyou Palace

At this time, both Leng Rushuang and Leng Binghuang had very high expectations for Ye Feng.

Because along the way, they have seen Ye Feng's various methods, and he can even perfectly hide in the Dark Empire.

Moreover, facing His Majesty the Dark Emperor of the Dark Empire, Ye Feng was very indifferent, and he also avoided the detection of the Dark Emperor.

This is enough to show that Ye Feng can now perfectly disguise himself among the dark races in the dark world and secretly contribute to the entire human race in the heaven.

That's why Leng Binghuang suddenly came up with such a plan to let Ye Feng not return to heaven for the time being, but continue to work hard to climb to the top in the dark empire of this dark

world, and even become a dark figure in the entire dark world in the future. The upper echelons of the race.

In this case, Ye Feng will definitely be of great value whether he is controlling the entire dark race to live in peace with the heavenly humans in the future, or providing powerful intelligence to the entire heavenly race before a war breaks out.

The Leng Bing Emperor is not an ordinary Celestial Human Race. He was one of the top ten superpowers among the Celestial Human Clan back then, so the Leng Bing Emperor has a very long-term vision.

He deeply realized that the value of Ye Feng's disguise ability was too great. No one in the human race in the heaven could be like Ye Feng, perfectly hiding in the dark world.

Therefore, since ancient times, only Ye Feng can do it. Emperor Leng Bing took a fancy to Ye Feng's value, so he hoped that Ye Feng could continue to lurk in the dark world.

Faced with what Leng Binghuang said, Ye Feng finally agreed. Not only did he consider that he could have more training resources in the more advanced world of the dark world, but also a more important reason was that Leng Bing The emperor has promised Ye Feng that if Ye Feng is willing to lurk among the dark races in the dark world and slowly climb to the top, then the Leng Bing Emperor will ask the top leaders of the human race in the heaven to give Ye Feng huge amounts of training resources as a reward.

For Ye Feng, this is a good thing since both sides can make money.

After all, Ye Feng's main purpose is to make himself stronger and stronger. As for where he lives or what world he practices in, Ye Feng doesn't care.

Anyway, Ye Feng's final destination is to go to the extraterrestrial world, a world of higher cultivation dimensions, to find his father and mother.

At this moment, after reaching the unanimous goal, Leng Binghuang was relieved and felt that Ye Feng must be the most critical figure in the survival of the human race in the heaven in the future.

At this time, Emperor Leng Bing spoke out in the storage ring space: "Ye Feng, if you can find the mother of Ru Shuang in the palace of this dark empire, I hope you will not be in front of her. To

reveal your true identity, you only need to hand her over to me and Rushuang for protection. When the time comes, Rushuang, I, and her mother will temporarily return to the heaven to let their mother and daughter settle down first, and then I will fight side by side with you, and I will be the bridge between you and the higher-ups of the human race in the heaven."

When Ye Feng heard what Leng Bing Huang said, he immediately nodded and said with admiration: "Senior Ice Emperor is also a sweet-tempered person, and he is also extremely loyal to our Celestial Human Race and the entire race, no matter what I always think of the overall situation, and sometimes I can't do that. Sometimes I may be more motivated by my own personal interests."

Hearing Ye Feng's sincere words, Leng Bing Huang immediately smiled and said in the storage ring space: "You are already very good. Everyone has their own selfishness. This is normal. , you can agree to my request and continue to lurk in this strange dark world, I would like to express my gratitude to you on behalf of the entire Celestial Human Race. As for the remuneration I applied to the upper class of the Celestial Human Race for you, that is what you deserve, after all. You also have to pay."

At this moment, while Ye Feng was talking to Leng Bing Huang and Leng Rushuang, suddenly, Ye Feng passed by a very ancient-looking building complex.

At this moment, Ye Feng saw that there was a plaque at the entrance of this building complex with the three characters "Nine Nether Palace" written on it.

At this moment, Emperor Leng Bing, who was in the storage ring, saw this scene and immediately couldn't help but said: "This is it! Back then, I met Rushuang's mother in this palace complex. At that time, I also entered the dark empire of the dark world as a lurker, and accidentally met the mother of this girl Rushuang. "

Hearing what Leng Bing Huang said at this moment, Ye Feng nodded slightly, then exuded soul power, sensed it carefully, frowned slightly, and said loudly: "This palace complex is very heavily guarded. There is no way to sneak into it, even through the void, because there are too many superpowers of the dark race in this dark empire. In this Jiuyou Palace, there are many densely packed palaces, even Leng Rushuang's mother I'm afraid I won't be able to find him for a while, and there's a risk my identity will be revealed."

Hearing what Ye Feng said, Leng Bing Huang immediately shook his head and said: "Of course you can't enter it directly now, because now you are in the dark empire of this dark world, and you bear more and more responsibilities. It's serious. Compared with looking for the mother of this girl Rushuang, what's more important for you now is to be able to blend into the dark race of the dark

world perfectly. You must not expose your identity. Looking for the mother of this girl Rushuang is no longer possible. This is your most important goal now. Your most important goal now is to blend into this dark empire, blend in, and slowly use this dark empire as a springboard to integrate into the dark races of the entire dark world. , strive to become a powerful figure in the dark world, because the higher your status, the more information you will get, and you will have more bargaining chips in the future, so that the dark races in the dark world can fight against our human race in the heaven. Don't be so unscrupulous, so that we, the human race in heaven, have more leverage to fight against the dark races in the dark world, and even negotiate with the entire dark race."

Hearing what Leng Binghuang said, Ye Feng nodded, and then said aloud: "Then I will leave here temporarily. When I enter the palace next time, I will see if I can enter as the captain of the princess's bodyguard. In this Nine Nether Palace, I found Leng Rushuang's mother."
