

Ancient 5481

Chapter 5481: Sword of Darkness

Now, Ye Feng has decided to join forces with Leng Binghuang to quietly lurk in this dark world and prepare to climb to the top of the entire dark race.

So Ye Feng is not in a hurry now, so he can slowly get along in this dark empire for the time being.

At this moment, Ye Feng was secretly thinking about his future plans, and then flew quickly towards the central hall of the palace.

At this time, Ye Feng did not go directly to Jiuyou Palace to find Leng Rushuang's mother, but flew directly towards the residence of the Emperor of the Dark Empire.

Because Ye Feng had already promised the little princess that he would give this inheritance crystal ball to the emperor of the Dark Empire, and he would also be able to get a lot of benefits.

Because the little princess has already said that the biggest credit this time is because of Ye Feng, they were able to climb to the top of the Dark Tower and obtain the inheritance of the first generation of Dark Emperor.

So the little princess wanted Ye Feng to receive all the rewards, so she imprinted the inheritance into the crystal ball and asked Ye Feng to give it to the emperor of the Dark Empire.

At this moment, Ye Feng was thinking secretly as he brought the crystal ball to the gate of the palace.

At this time, Ye Feng looked at the palace in front of him with deep amazement in his eyes.

Because the comprehensive background of this dark empire is simply extremely profound.

Even though Ye Feng's current cultivation level is very strong and has improved a lot, he can still feel that there are too many strong men in the entire dark empire. He still doesn't know how long it will take before he can truly become a leader in the dark world. High-rise.

However, Ye Feng is quite confident in himself. After all, Ye Feng has a unique talent that ordinary people don't have, which is the ability to devour.

Moreover, in the dark world, Ye Feng can completely devour the power of the dark race to increase his own strength.

At this moment, Ye Feng didn't hesitate at all. He just took a deep breath and walked into the palace hall in front of him.

The moment Ye Feng walked in, he immediately saw a tall, middle-aged man wearing a golden dragon robe, standing there with his back to him.

This is none other than the Emperor of the Dark Empire.

At this moment, Ye Feng immediately stepped forward, clasped his fists, and said loudly: "Ye Feng, I have met His Majesty the Emperor."

At this moment, the emperor of the Dark Empire immediately turned around, looked at Ye Feng, nodded slightly, and said loudly: "You are here to tell me the little princess's decision."

Ye Feng nodded at this time, then took out the crystal ball from his storage ring, and immediately said aloud: "Your Highness, the Princess, asked me to tell His Majesty the Emperor that she is willing to share what she learned from the top of the Dark Tower. The inheritance of the first generation of Dark Emperor will benefit the entire Dark Empire."

Hearing what Ye Feng said, the Emperor of the Dark Empire, an unfathomable senior figure, could not help but show deep excitement on his face at this moment, and he quickly came to Ye Feng. He stretched out his hand and got the crystal ball, and said excitedly: "Okay, great! If I can get the inheritance of the first generation of the Dark Emperor, it will definitely greatly improve my current cultivation strength. At that time, the overall status of our Dark Empire in the entire dark world will be greatly improved. In addition, the peerless inheritance of the first generation of Dark Emperors can be rewarded based on merit. When the time comes, we will be rewarded by the Dark Empire. People who have made significant contributions can greatly increase the overall strength of our entire Dark Empire, which can simply change the national destiny of our entire Dark Empire and make our national destiny more prosperous."

When he said this, the Emperor of the Dark Empire suddenly looked at Ye Feng in front of him and said loudly: "Since the little princess asked you to deliver this crystal ball in person, it seems that she trusts you very much, then I will I will give you all the rewards you deserve."

At this moment, the emperor of the Dark Empire took out a total of nine black long swords from his storage ring. Each black long sword was engraved with the ancient symbols of a different dark race.

At this moment, the Emperor of the Dark Empire stared at Ye Feng and immediately said: "These nine black long swords are all very powerful and advanced weapons with dark attributes that I personally refined. They are called 'Swords of Darkness' , if you refine it, you can directly use the power of nine black long swords at the same time, and these nine black long swords can even form a sword array, allowing you to exert a power far beyond those of these black long swords. "

Hearing what the Emperor of the Dark Empire said, Ye Feng's eyes suddenly lit up and he quickly said, "Thank you, His Majesty the Emperor."

For Ye Feng, these nine black long swords are weapons refined by super powerful figures like the Emperor of the Dark Empire, and they definitely possess extremely powerful power.

For Ye Feng, this is like giving him a pillow when he is dozing off, because Ye Feng has decided that he will slowly hang out in the Dark Empire, so he will not be able to easily use his human race's inherited methods and weapons.

Therefore, Ye Feng still lacks the weapons and inheritance of the dark race.

Now that Ye Feng has obtained the inheritance of the first generation of the Dark Emperor from the top of the Tower of Darkness, it can be regarded as a solution to the current problem that Ye Feng does not have the inheritance of the dark race.

Now he has obtained nine black long swords given to him by the emperor of the dark empire, which solves Ye Feng's problem of not having suitable weapons.

This has huge benefits for improving Ye Feng's overall strength.

And just when Ye Feng put the nine black swords into his storage ring, the emperor of the Dark Empire continued to say: "Just giving you these weapons is not enough to repay your contribution

to the entire Dark Empire. Next, I will take you to the treasury of our Dark Empire and let you choose two treasures you want. Then you and the little princess will each have one treasure."

Hearing what the Emperor of the Dark Empire said, Ye Feng immediately nodded.

In fact, Ye Feng knew that although the emperor of the Dark Empire said that he picked two treasures and shared them equally with the little princess, in fact, these two treasures belonged to him.

Because the little princess has personally said before that all the credit belongs to Ye Feng, so Ye Feng can get all the things rewarded by the emperor of the Dark Empire.

Ye Feng is not hypocritical about this. After all, everything is really because of his own ability, and Ye Feng really needs various training resources to improve his strength.

Ye Feng's strength has become stronger, which is good for Ye Feng himself and the future of the little princess.

At this moment, Ye Feng immediately said with great anticipation: "Then thank you, His Majesty the Emperor."

The Emperor of the Dark Empire immediately smiled and nodded, waved his hand, and said loudly: "Then you follow me, I will take you to the treasury of our Dark Empire now, and let you choose two of your favorites. Treasures, and the inheritance of the first generation of the Dark Emperor. I think you should have practiced it yourself. The little princess believes in you so much and values you so much. She must have already passed on the inheritance of the first generation of the Dark Emperor. Shared with you."

Hearing what the Emperor of the Dark Empire said, Ye Feng's eyes suddenly froze.

At this time, the Emperor of the Dark Empire laughed, patted Ye Feng's shoulder, and said loudly: "As long as you sincerely contribute to our Dark Empire, even if you are not an orthodox blood descendant of our Dark Empire, you have practiced The inheritance of the first-generation Dark Emperor is nothing, I won't pursue anything, and you don't need to hide the aura that you have inherited from the first-generation Dark Emperor."

Ye Feng immediately nodded and said, "Thank you, His Majesty the Emperor."

Ye Feng originally wanted to hide that he had learned the inheritance of the first Dark Emperor, for fear of causing unnecessary complications.

But now that the emperor of the Dark Empire has said so, he can feel comfortable.

At that time, I can freely use the inheritance of the number one Dark Emperor.

Anyway, the emperor won't pursue it, and the others probably have nothing to say.

Chapter 5482 Selecting Treasures

At this time, Ye Feng was still very relaxed inside.

Now that I have obtained permission from the Emperor of the Dark Empire, I am not afraid of what others will say when I use the inheritance of the first generation of the Dark Emperor.

This has a huge effect on enhancing his overall strength.

Because this means that if Ye Feng encounters any danger in the Dark Empire in the future, he can completely let go and fight.

At this time, Ye Feng secretly thought that the emperor of the dark empire who followed him in front had already arrived in front of the treasury of this dark empire.

At this moment, Ye Feng suddenly saw a golden treasure house appearing in front of him.

This golden treasure house is entirely made of gold and looks very noble and majestic.

This is where the treasury of the Dark Empire lies.

Currently, only the Supreme Emperor in the Dark Empire, or the current emperor, is qualified to enter the treasury and select things.

At this moment, Ye Feng followed the emperor of the Dark Empire and entered the pure golden treasury.

The moment the treasury door opened, Ye Feng immediately revealed a look of deep amazement in his eyes.

I saw countless very precious treasures placed in the treasury of the entire Dark Empire.

This wealth is simply more than what Ye Feng has seen since he started practicing.

I have to say that this dark empire is definitely a first-rate power even among the dark races in the entire dark world. Otherwise, it would be impossible to accumulate so much wealth.

Moreover, in the dark world, the battles between the major forces of the dark race are also very brutal.

Therefore, in the entire dark world, the dark races are not all united, and there are many internal forces.

In other words, there are not only battles between the dark world and the human race in the heaven, but also various battles between the major dark races within the dark world.

After all, the dark races are subdivided into different types of races with dark attributes, so the major forces are very different.

The dark empire that Ye Feng belongs to is a dark race with a form that is biased toward humans. Therefore, in terms of civilization and empire system, it may be very similar to the system of the human race's major forces. The appearance and form are similar, but they all have dark attributes. of.

At this moment, after entering the treasury of the Dark Empire, the Emperor of the Dark Empire immediately looked at Ye Feng beside him, smiled and said: "Next, you can choose as much as you want in this treasury, but you can only Pick two treasures."

Ye Feng immediately nodded at this time.

In fact, Ye Feng got a lot this time. Not only did his status in the Dark Empire greatly improve, but he also got a powerful treasure, the Sword of Darkness, which was personally refined by the Emperor of the Dark Empire.

The nine black swords all have very terrifying attack power. Even these nine dark swords can be combined together to form a sword formation, which has very terrifying lethality.

At this moment, Ye Feng naturally did not hesitate at all. He directly released his soul power and began to explore what kind of treasure he needed.

Moreover, Ye Feng's soul power can also detect which treasure has the strongest power fluctuations.

Because the stronger the energy fluctuations emitted by the treasure, the greater the value of the treasure itself.

At this time, Ye Feng's first choice was a palm-sized black lotus.

This black lotus has nineteen petals, each petal is black, and a natural demonic character seems to grow out of the middle of the petals.

This black lotus with nineteen petals is absolutely extraordinary.

The reason why Ye Feng chose this black lotus was because Ye Feng could feel that the dark energy contained in this black lotus was so powerful that it naturally had a huge effect on Ye Feng.

Because Ye Feng's inheritance already exists, that is, the inheritance of the first generation of the Dark Emperor, and Ye Feng has just obtained the dark attribute weapons from the Emperor of the Dark Empire.

So now Ye Feng naturally gives priority to the cultivation resources that can improve his cultivation skills as much as possible.

So the first thing Ye Feng chose was this black lotus that contained extremely powerful dark energy.

At this moment, seeing Ye Feng choose this black lotus, the emperor of the Dark Empire showed a look of surprise in his eyes, and couldn't help but said: "This black lotus is the end area of our dark world, Huangquan. The flower of the other side of the dark attribute that grows in the river has very strong medicinal power. However, after you get this black lotus, you need to spend a lot of money and find a very powerful alchemist from our dark empire before you can refine it. A dark elixir that increases the source of your own dark power."

Hearing what the Emperor of the Dark Empire said, Ye Feng just smiled and didn't say much.

Because the emperor of the dark empire didn't know at all that Ye Feng had the ability to swallow all the dark energy in the black lotus. There was no need to go to such trouble and invite an alchemist to refine it. into elixir.

At this moment, Ye Feng did not directly say that he had the ability to devour. After all, facing a super big man like the Emperor of the Dark Empire, it was better not to reveal too many of his trump cards, otherwise, he would definitely be suspected.

At this moment, Ye Feng just smiled slightly and said, "I will just find the little princess when the time comes. She must know many alchemy masters."

Hearing what Ye Feng said, the emperor of the Dark Empire did not doubt anything, just nodded, and then said, "Then you continue to choose the next treasure."

Ye Feng nodded, continued to release his soul power and began to explore.

Ye Feng then explored a lot of cultivation resources, but these cultivation resources were basically not as good as the black lotus he found first.

The dark energy contained in that black lotus was the most powerful, and the energy contained in other cultivation resources was much worse. Ye Feng did not want to waste the opportunity to choose a treasure for the second time, so he did not choose other cultivation resources of little value.

In the end, Ye Feng chose a small ancient tower.

This small ancient tower is made of black gold, and the surface is also engraved with very ancient dark race texts and totems. It looks antique. There are nine floors in total, only the size of a palm.

At this moment, the reason why Ye Feng chose this black ancient tower was naturally because the magic weapon fluctuations emitted from this black ancient tower were very powerful. This must be a very powerful magic weapon, and it should be a magic weapon of protective nature. Ye Feng just lacked a magic weapon of protective nature.

At this moment, seeing Ye Feng choose this black ancient tower, the emperor of the Dark Empire standing aside suddenly showed a look of surprise in his eyes, and couldn't help but continue to say: "This small black ancient tower, even our Dark Empire's treasury guardian has not studied what specific special functions it has. It seems to be just a very ordinary magic weapon of defensive nature. It should not be as powerful as the magic weapon I refined. Do you really want to waste your last chance and choose this black ancient tower that no one knows what specific function it has?"

Chapter 5483 Thunder Seed

Hearing the emperor of the Dark Empire ask this question at this moment, Ye Feng immediately smiled and said loudly: "Yes, the second treasure I chose is this black ancient tower."

Ye Feng was actually a little surprised at this time. He didn't seem to think that even the treasury guardians of the Dark Empire, when reviewing and storing these treasures, didn't find out what specific secrets this small black ancient tower held. It seemed that it's just a purely defensive magic weapon, and it's not a particularly powerful magic weapon.

However, the reason why Ye Feng chose this black ancient tower was naturally because Ye Feng sensed the soul power and the power emanating from it was very powerful, so Ye Feng chose this small black tower.

Because Ye Feng felt that this small black tower was definitely not as simple as it seemed, and there might be huge secrets hidden deep down.

In this regard, Ye Feng didn't say much, he just identified this small black tower.

At this moment, after hearing Ye Feng's firm answer, the Emperor of the Dark Empire immediately nodded and said, "Well, it's your choice anyway, so I won't persuade you any more."

At this moment, the emperor of the Dark Empire left the treasury with Ye Feng and closed the door of the treasury.

Ye Feng glanced at the treasury of this dark empire, with a trace of aftertaste in his eyes.

Because the treasury of this dark empire is indeed a place where a lot of wealth and cultivation resources are stored. Unfortunately, I only have two opportunities to choose, so I can only hurriedly choose the one that I can find that is of greatest value to me. thing.

In fact, Ye Feng knew that if he gave himself enough time and enough opportunities to choose other things, he would definitely be able to choose many priceless good things.

But Ye Feng only had two chances this time, so he could only choose the two treasures that maximized profits.

One that can greatly improve one's own skills.

One can protect one's own safety, and seems to hide other secrets.

At this time, Ye Feng put the black lotus and the small black tower into his storage ring.

The Leng Binghuang in the storage ring suddenly showed wonder in his eyes, because this was the first time he encountered a special human race boy like Ye Feng, who could hide himself from the dark race so perfectly, and could really Use the weapons and training resources of the dark race to strengthen your own skills.

This kind of disguise is so seamless that it is something you can only meet but cannot ask for.

At this moment, Ye Feng followed the emperor of the Dark Empire back to the palace hall.

At this time, the emperor of the Dark Empire looked at Ye Feng and said loudly: "Although our Dark Empire is a very large empire in the entire dark world, the battles within the dark races are very fierce. In fact, our Dark Empire is also It's not safe all the time."

"Um?"

Hearing what the Emperor of the Dark Empire said, Ye Feng's eyes suddenly showed a look of surprise. He didn't understand why such a super big man said such things to him.

Ye Feng was ready to say goodbye directly, but now that he heard that the emperor of the Dark Empire seemed to have said such words on purpose, Ye Feng had no choice but to follow the other person's words and couldn't help but ask: "Your Majesty the Emperor, Our dark empire is so prosperous, is there any external crisis? "

The emperor of the Dark Empire was naturally very satisfied when he saw Ye Feng taking the initiative to ask. He couldn't help but nodded and said loudly: "Our Dark Empire is naturally in crisis, because there are several other dark races around our Dark Empire. The big forces among them are not the same race as us. We belong to the humanoid race among the dark races. And the other big forces around our dark empire have darker bloodlines, are more pure, and have more talents than us. This humanoid dark race is more powerful, so the frontiers of our dark empire may be in danger of being invaded by other dark races at any time, and most importantly, our dark world may be in crisis."

"What?"

Hearing what the Emperor of the Dark Empire said, Ye Feng was really surprised this time. He couldn't help but asked sincerely: "The Dark World is so prosperous that it is about to invade the entire Heaven. Why is there still a crisis in the dark world? Where does it come from?"

Hearing Ye Feng's question, the emperor of the Dark Empire sighed, and then said aloud: "Do you know why our dark race is so eager to invade the entire heaven? It's because our dark world has a huge crisis, because we dark Races are all driven here by powerful races in the advanced cultivation interface outside the territory, and the end of our dark world is also connected to that advanced cultivation dimension world. The biggest enemy of our dark world is not the heaven, nor is it within ourselves. The struggle comes from a powerful race in the high-level spiritual world connected to the dark world. That powerful race is a quite powerful race in the high-dimensional world of the outer world, called the Tianlei Clan. "

Ye Feng's eyes flashed and he asked: "The Sky Thunder Clan? Is it a powerful race in the higher world outside the territory?"

"That's right."

The Emperor of the Dark Empire nodded and said, "The Sky Thunder Clan is a giant race in the outer world. They are very powerful and have the power of thunder. They are specifically used to restrain our dark race. We were expelled to this dark world by the Sky Thunder Clan and several other powerful races in the outer world. However, the Sky Thunder Clan does not seem to want to

give up. They want to completely wipe out all of our dark races and occupy our entire dark world. They use the dark world as a fulcrum to invade the entire heaven and the low-level cultivation dimension world where the heaven is located. The Sky Thunder Clan seems to want to control a low-level dimensional world as the base camp of their entire race."

"What?"

At this moment, Ye Feng was completely shocked when he heard the Emperor of the Dark Empire say this. He did not expect that there was such a major secret in the dark world.

At this time, Ye Feng fell into deep thought, and then asked: "Your Majesty told me such an important secret, is there something you want me to do?" The emperor of the Dark Empire nodded immediately, and said solemnly: "Ye Feng, you are very smart and powerful. I have seen your performance all along, and you are not the orthodox royal bloodline of our Dark Empire, but you have super talents, and you are the captain of the guards under the command of our Dark Empire's little group leader. I believe in your loyalty to our Dark Empire, so I have a special task for you to do, that is to go to the end area of our dark world and steal the Tianlei tribe base stationed there. Special things, this special thing is called "Sky Thunder Seed". This Sky Thunder Seed is a seed that the Sky Thunder Clan specially cultivates for their descendants. Every child of the Sky Thunder Clan will be forcibly planted with a Sky Thunder Seed in their body, so that they will have the attribute power of controlling the sky thunder in the future. So if we can get a Sky Thunder Seed, maybe we can do an experiment to see if we can plant this kind of Sky Thunder Seed in the body of our dark race, so that we also have the thunder attribute power to control the sky thunder. In this way, we will have the confidence to fight against the Sky Thunder Clan, a powerful race from the higher world outside the domain. Otherwise, our dark race can only be suppressed by the Sky Thunder Clan. No one knows what this task is. I'm in charge of it alone, and I haven't found a suitable candidate yet, but I think you, Ye Feng, are the right candidate. "

Hearing the Dark Empire Emperor say this, Ye Feng's eyes suddenly showed a look of astonishment, and he said aloud: "The Sky Thunder Clan is a powerful race from a higher dimension of the outer world. If I go, with my current cultivation, wouldn't I be sending myself to death?"

The Dark Empire Emperor immediately smiled and said: "Of course I'm not asking you to go now, wait until you are stronger, then go there, and the place I want you to go is just a small base of the Sky Thunder Clan stationed in the edge of our dark world. It is not an enemy of the entire Sky Thunder Clan. The Sky Thunder Clan in that small base should be The strength will not be very strong. A big figure of the dark race like me going there is likely to cause other huge consequences. However, a young person like you, Ye Feng, who is not the orthodox bloodline of our Dark Empire, may not cause any consequences, and there is a great possibility that you can successfully steal a Thunder Seed. Of course, I won't let you run in vain. If you can successfully bring back a Thunder

Seed and let me complete my experiment, I will let you enter the Dark Empire's treasury again and choose any three treasures you want! What do you think? I won't force you, I just think you are a good candidate. If you think it is too dangerous and don't want to go, I won't force you, I will continue to look for other candidates. "

Chapter 5484 Mysterious Black Robe Woman

At this time, hearing what the emperor of the Dark Empire said, Ye Feng's eyes showed a thoughtful look.

To be honest, this matter is still quite risky. After all, the Tianlei Clan is a powerful race in the higher world outside the domain, and its comprehensive foundation is much stronger than that of the dark race.

But the emperor of the Dark Empire also said that this time going to the edge of the dark world is just to lurk in a base of the Tianlei Clan stationed on the edge of the dark world.

The Tianlei Clan strongmen among them should not be as powerful as the legend, but just some minions.

However, although they are minions, they must be much stronger than Ye Feng imagined.

However, Ye Feng is very clear that he is actually very suitable for this task.

Because as long as he comes into contact with any attribute of power, he can instantly imitate and become the power of that attribute.

So if Ye Feng really can't fight against the strong men in the Tianlei Clan base at that time, then he can disguise himself as a Tianlei Clan, and maybe he can mix in, secretly get the Tianlei seeds in it, and then bring them back.

At that time, he can choose three precious treasures from the treasury of this Dark Empire at will.

This is still a great temptation for Ye Feng.

Because Ye Feng has just selected two treasures in the Dark Empire's treasury.

And Ye Feng is far from finished.

Because when Ye Feng used his soul power to explore the treasury before, he had discovered that in addition to the black lotus he selected, there was also the mysterious black tower in the Dark Empire's treasury, and there were actually many very precious treasures and wealth.

So if he could get the opportunity to enter the Dark Empire's treasury to select treasures again, then Ye Feng would naturally want to seize this opportunity, and he could also select three treasures at once.

So at this time, Ye Feng was naturally very excited.

The emperor of the Dark Empire did not speak at this moment, but just stared at Ye Feng.

He felt that Ye Feng was the most suitable candidate, because Ye Feng's talent was strong, and Ye Feng gave him a rather mysterious feeling, and perhaps he could be competent for this task.

In addition, there is another most important point, that is, Ye Feng is the captain of the guards of the little princess, and he must be loyal to the entire Dark Empire.

Moreover, Ye Feng is not the legitimate heir of the royal family in the Dark Empire. If the mission fails and Ye Feng is caught by the Sky Thunder Clan, the Sky Thunder Clan will not be able to use this as an excuse to attack the entire Dark Empire, because Ye Feng is not the legitimate heir of the Dark Empire. Even if he is caught, the Emperor of the Dark Empire can also say that Ye Feng went there privately to steal the Sky Thunder Seed.

So the Emperor of the Dark Empire can be said to have considered all the circumstances.

And the Emperor of the Dark Empire also knows that Ye Feng is very smart and must know what he, the Emperor, thinks in his heart, so he naturally has to give Ye Feng enough rewards to make Ye Feng tempted.

So he immediately offered such an attractive condition.

As long as the mission is successful, Ye Feng can enter the treasury of the Dark Empire and choose any three treasures in the treasury.

At this moment, both of them fell into relative silence.

After a moment, Ye Feng took a deep breath, then stared at the Emperor of the Dark Empire in front of him, and said: "Okay, I promise you, Your Majesty, I can go on this mission. As long as it succeeds, then the conditions promised to me by Your Majesty must not be breached."

Hearing Ye Feng's agreement, the Emperor of the Dark Empire was naturally very happy, and immediately said: "Of course, I will definitely not break my promise. I am such a person, the new generation of the Dark Emperor of the entire Dark Empire. If what I said doesn't count, then I don't want to be this emperor."

Hearing what the Emperor of the Dark Empire said, Ye Feng immediately nodded and said: "Then when should I go to the edge of the dark world to find the base of the Tianlei Clan?"

The Emperor of the Dark Empire said: "Although the base of the Tianlei Clan stationed in the edge of the dark world should be some relatively weak Tianlei Clan, and there will not be any powerful existence, but that is only for me. For you, Ye Feng, you still need them. Too many, so for the next period of time, you should stay in our Dark Empire with peace of mind and practice well. When you become stronger, I will tell you when you go to the edge of the dark world. "

Hearing the emperor of the Dark Empire say this, Ye Feng nodded immediately and said, "Okay, then I will continue to practice for the time being."

At this moment, Ye Feng was about to turn around and leave, but suddenly at this time, the emperor of the Dark Empire called Ye Feng and said very solemnly: "This secret mission is an agreement between us. No one can tell it. Do you understand?"

Ye Feng heard the emperor of the Dark Empire say so solemnly, and nodded very seriously, and said, "Your Majesty, don't worry, I will never tell anyone else, even if it is the little princess, I will not tell her."

Hearing Ye Feng's words, the emperor of the Dark Empire nodded with relief, and then smiled and said, "Go."

Ye Feng nodded and left the central palace hall directly.

When Ye Feng left the palace, suddenly, next to the emperor of the Dark Empire, the void fluctuated and a mysterious figure covered in a black robe appeared.

The mysterious figure in black robes could not see his true face, but a very young woman's voice came out: "This young man has good talent."

Hearing what the black-robed figure said, the emperor of the Dark Empire, such a big man, seemed to attach great importance to this black-robed figure, and even had a kind of awe.

The emperor of the Dark Empire could not help but say: "I didn't expect that even you have such a good evaluation of Ye Feng. It seems that my vision is not bad, but this Ye Feng is like a peerless genius of our Dark Empire who suddenly appeared. I haven't found out his background until now. It seems that he suddenly appeared, which makes people a little strange."

Hearing what the emperor of the Dark Empire said, the mysterious woman in black robes immediately smiled lightly and said: "None of this is important. What's important is that this young man can complete the task you assigned to him. As long as he can get a thunder seed, I can cultivate it. To be able to contend with the army of the Sky Thunder Clan, then your Dark Empire will become the only superpower in the entire dark world that can compete with the Sky Thunder Clan. At that time, you will lead your Dark Empire, not to mention conquering the entire dark world, and you may even destroy the Sky Thunder Clan, return to the outer world, and obtain the Sky Thunder Clan's territory in the outer world. This will be supreme glory and future for you and your entire Dark Empire. "

At this moment, hearing this mysterious woman wrapped in a black robe say this, even the emperor of the Dark Empire became a little excited at this time.

Then the emperor of the Dark Empire took a deep breath, looked at the mysterious woman in black robe beside him, and said: "But don't worry, as long as you help me achieve this supreme glorious achievement, I will promise you what you need. "

Chapter 5485 Exploring the Jiuyou Palace

At this moment, Ye Feng left the palace hall. He did not leave the palace area directly, but flew quickly towards the direction of Jiuyou Palace that he had planned before.

Ye Feng's current identity is different from before. He can walk around the palace without restraint.

So Ye Feng planned to go to Jiuyou Palace to investigate and see if Leng Rushuang's mother was within the palace complex of Jiuyou Palace.

In less than half an hour, Ye Feng had arrived at the gate of Jiuyou Palace that he had explored last night.

At this moment, Ye Feng walked to the gate of Jiuyou Palace and was about to walk in.

Uh-huh!

Uh-huh!

But suddenly at this moment, two young women wearing purple dresses suddenly appeared at the door of Jiuyou Palace. They should be the guards of Jiuyou Palace, and they immediately stopped Ye Feng.

One of the young female guards said directly: "Jiuyou Palace is where the royal family members of our Dark Empire live together. No one else is allowed to enter."

Hearing what these two young women said, Ye Feng smiled slightly, took out his identity token, and said loudly: "I am now a third-grade nobleman who was personally awarded by His Majesty the Emperor, and I am also a guard with a sword in front of the emperor. Do I Can't you enter Jiuyou Palace even with your current status?"

At this time, the two female guards from Jiuyou Palace looked at the identity token in Ye Feng's hand, with a hint of surprise in their eyes. They seemed not to have thought that Ye Feng, who looked so young, could actually be A third-grade noble in their dark empire.

You must know that in their dark empire, those who can become nobles have very extraordinary status, and their status in the entire dark empire is very high.

They are ordinary female guards, so facing Ye Feng, a nobleman, these two female guards had no choice but to lower their heads slightly, and said with respect in their tone: "I have met you, sir."

Ye Feng nodded slightly at this time and said loudly: "I entered Jiuyou Palace not for personal matters, but for the safety of the entire palace."

Ye Feng was naturally lying at this moment, and he just continued to make it up and said: "When I was patrolling the palace just now, I found a suspicious figure, and suddenly lurked into your Jiuyou Palace. I think that suspicious figure The figure is likely to be an assassin from other forces lurking in our Dark Empire Palace, so I want to enter the Jiuyou Palace and take a closer look."

Hearing what Ye Feng said, the two female guards showed surprise in their eyes, and they did not dare to delay Ye Feng's affairs, so they quickly said: "Then please come in."

Hearing what the two female guards said, Ye Feng's eyes suddenly showed a look of joy, but on the surface, he was calm and calm. He nodded slightly, and then walked directly into the Jiuyou Palace.

At this moment, seeing Ye Feng's leaving figure, the two female guards showed a trace of surprise in their eyes.

One of the female guards couldn't help but said: "I have never seen such a young nobleman in the palace for so many years, and he does not seem to be a member of a big family. In other words, this young man was awarded a reward. The nobles are really rare."

Another female guard looked at Ye Feng's leaving back and couldn't help but nodded, and said with emotion: "I didn't expect that this person would be awarded a third-grade nobleman at such a young age, and he would also be a guard with a sword in front of the emperor. , this shows that our Emperor of the Dark Empire attaches great importance to him. Otherwise, it would be impossible to grant him two identities, a third-grade nobleman and a guard with a sword in front of the emperor. This is the superposition of dual noble identities. In our palace, there are very few people who can have such an honor and have these two precious identities at the same time."

While the two female guards were discussing privately, Ye Feng had successfully entered the Nine Nether Palace.

At this moment, Leng Binghuang in the storage ring also saw everything happening outside, and was looking forward to it. He wanted to see if Leng Rushuang's mother was in this Jiuyou Palace.

At this moment, Ye Feng quickly shuttled through the buildings inside Jiuyou Palace, and asked Leng Binghuang in the storage ring to carefully sense the breath of Mother Leng Rushuang to see if he could sense it.

At this time, while Ye Feng was exploring, he was also exuding his soul power to prevent sudden danger.

After all, Ye Feng came to Jiuyou Palace this time not to catch the assassin, but to find Leng Rushuang's mother.

Therefore, I have been wandering around Jiuyou Palace, which is quite suspicious. If I am caught by some interested people, it may be detrimental to me.

And while Ye Feng was moving quickly through the entire Jiuyou Palace, Leng Binghuang in the storage ring was also sensing carefully.

When Ye Feng turned around, Leng Binghuang's face was quite gloomy, and he said in the storage ring: "Ye Feng, I didn't sense Rushuang's mother in this Jiuyou Palace. , this girl Rushuang's mother violated the entire Dark Empire's rules, I think she is likely to be locked up in the Dark Empire's sky prison."

Hearing what Leng Binghuang said, Ye Feng nodded slightly and said: "I will go to the prison of the Dark Empire now to see if I can find Leng Rushuang's mother."

Just when Ye Feng was about to turn around and leave this Jiuyou Palace, Ye Feng suddenly passed by a palace that looked very withered and dilapidated.

Ye Feng didn't even look at the palace, but suddenly at this moment, Leng Binghuang suddenly said: "Wait a minute."

"Hmm?"

Hearing the voice of Leng Binghuang in the storage ring, Ye Feng immediately stopped and looked at the dilapidated palace beside him. He couldn't help but ask: "Senior Binghuang, there is no one in this palace. Do you think Leng Rushuang's mother will be in it?"

Hearing Ye Feng say this, Leng Binghuang suddenly flew out of Ye Feng's storage ring.

Seeing this scene, Ye Feng's eyes showed a little surprise, and he said: "Senior Binghuang suddenly came out, isn't he afraid of exposing his breath?"

Leng Binghuang smiled slightly and said: "Don't worry, I have sensed the surroundings. No strong man in the Dark Empire within a radius of ten kilometers can detect my breath."

Hearing what Leng Binghuang said, Ye Feng nodded and said nothing more.

After all, Leng Binghuang is one of the top ten super strong men in the human race of the heavenly realm. He still has very powerful means, and there is really no need to remind him.

At this moment, Ye Feng just looked at the dilapidated palace in front of him, and couldn't help asking: "Senior Binghuang suddenly stopped at this dilapidated palace. This dilapidated palace should have some special meaning."

Leng Binghuang nodded slightly, looking at the dilapidated palace in front of him, with a trace of memories in his vicissitudes of life, he said: "The mother of this girl Rushuang lived here, but I didn't expect it to be so desolate now."

Chapter 5486 Extraordinary Significance

At this time, looking at the dilapidated palace in front of him, Ye Feng nodded and said, "Things and people change. This is normal."

Leng Binghuang looked at the dilapidated palace in front of him and seemed to be lost in memories.

At this time, Ye Feng said aloud: "Senior has almost recalled everything, we can leave to avoid unnecessary complications."

Leng Binghuang nodded and flew into Ye Feng's storage ring again.

At this time, Ye Feng took one last look at the dilapidated palace and left the scene directly.

When Ye Feng came out of Jiuyou Palace, he asked where the Dark Empire's Heavenly Prison was, and flew directly in the direction of the Dark Empire's Heavenly Prison.

When Ye Feng arrived at the place where the Dark Empire's Heavenly Prison was, he immediately saw a huge black iron gate, standing not far ahead.

This black iron gate should be the entrance to the prison of this dark empire.

At this moment, Ye Feng stepped forward, looked at the fully armed black armored guards on both sides, and said loudly: "I want to enter the sky prison."

Hearing what Ye Feng said, one of the black armored guards immediately stepped forward and said coldly: "The sky prison is a forbidden place in our dark empire, and all the prisoners in the dark empire are the most vicious and terrifying prisoners. , No one is allowed to enter, and they must obtain His Majesty's order before they can enter."

Hearing what the black armored guard said, Ye Feng continued to reveal his identity and said directly: "I want to find an important prisoner. This is a third-level nobleman and imperial guard with a sword who was personally awarded to me by His Majesty the Emperor. Token."

Hearing what Ye Feng said, and looking at the identity token in Ye Feng's hand, the two black armored guards guarding the prison in front of him showed a look of hesitation in their eyes.

After all, Ye Feng's dual noble status is indeed very high, and it is not something that the two black armored guards guarding the prison can offend.

So at this time, the two black armored guards hesitated for a moment, then nodded and opened the door to the prison.

After all, every prisoner in the sky prison is locked by a sealing formation. Even if Ye Feng enters to cause trouble, the formation will be triggered, so the two black armored guards were relieved and let Ye Feng in.

At this moment, Ye Feng walked into the prison of the Dark Empire in front of him. Walking in the dark and humid underground space, he could smell the deep smell of mold in the air.

At this moment, Ye Feng frowned, spreading out his huge soul power, covering the surroundings, and said in the storage ring: "Senior Ice Emperor, next I will be in this prison every time. Walk through the door of the prison and watch carefully to see if Leng Rushuang's mother is trapped in one of the prisons. "

Hearing what Ye Feng said, Leng Binghuang in the storage ring immediately nodded and said, "Okay, I understand."

At this time, Ye Feng nodded and began to walk through the passages of the Tianlao.

Every few steps, you can pass by a separate prison cell where the prisoners of the Dark Empire are locked up.

Among these prisoners, there are dark races from other major forces outside the Dark Empire, as well as humans from the heavens.

Ye Feng really wanted to rescue the humans in the heavenly prison, but now that he had reached an agreement with the Leng Bing Emperor, he wanted to stay in this dark empire and dark world for a long time, so Ye Feng could only hold back for the time being. Reveal your identity.

After all, in the eyes of Leng Binghuang, Ye Feng's infiltration into the dark race is more important than anything else, even more important than saving Leng Rushuang's mother.

So at this moment, Ye Feng could only choose to watch silently for the time being.

While Ye Feng kept walking in the prison, Leng Binghuang watched carefully in the storage ring.

However, after looking around, there was still no sign of Mother Leng Rushuang.

At this time, Leng Binghuang suddenly showed a deep look in his eyes, and said in the storage ring: "There is no such figure as Rushuang in the Jiuyou Palace, and there is no such thing as Rushuang in the Heavenly Prison. This girl's mother, where is she?"

At this time, Leng Rushuang said worriedly in the storage ring space: "Isn't my mother dead?"

"shut up!"

Emperor Leng Bing immediately couldn't help but reprimanded him and said: "After all, your mother was the eldest princess of the Dark Empire back then. Now the new generation of emperor of the Dark Empire should be of the same generation as your mother. How could he Maybe you have the guts to put your mother to death. Your mother will not be attacked by foreign enemies in the Dark Empire, so your mother must still be alive."

At this time, Leng Binghuang said that he actually felt a little unsure in his heart, because Ye Feng had already explored the palace of the Dark Empire so deeply, but still could not find any news about Mother Leng Rushuang. This is enough to explain. Leng Rushuang's mother was either secretly hidden somewhere, or she had left the Dark Empire and was wandering outside, or there was a third possibility, that she was dead.

At this time, both Leng Binghuang and Leng Rushuang fell into silence in the storage ring space.

After a while, Leng Binghuang spoke up and said, "Ye Feng, you'd better leave this prison as soon as possible. You've been wandering around here, which is quite suspicious. People may doubt your identity. Since Ru Shuang's mother has not been found, we can only stop looking for her for the time being. What's more important now is that you, Ye Feng, can continue to survive in this dark empire and make a name for yourself in this dark empire, or even in the entire dark world. In this way, the safety of our human race in the heaven will be greatly guaranteed. As a bridge between you and the upper echelons of our human race in the heaven, I can't It's a waste of time to stay in your storage ring. I have to go back and report this to the high-level officials of the Heavenly Realm as soon as possible, and have them send more cultivation resources to you, Ye Feng, to help you grow and become stronger as soon as possible, so that you can become the upper class of the entire dark race in the dark world. Your undercover identity must not be exposed. It is of great significance to our Heavenly Realm human race. Whether it is going to war with the dark race in the dark world in the future, or living in peace with the dark race in the future and signing a peace agreement, Ye Feng, you have extraordinary significance to our two major races."

Chapter 5487: Provoking Jealousy

At this moment, hearing the Leng Binghuang's sincere words, Ye Feng also nodded and said: "Senior Binghuang, it is the right choice for you and Miss Rushuang to leave the dark world for the time being. You have been staying here. You cannot get out of Wu's storage ring, which will greatly delay your own practice. Therefore, it is the most correct choice for you to leave the dark world now and return to the heaven. As for Miss Rushuang's mother, I will continue to inquire. Anyway, I may stay in this dark empire for a long time in the future, so I will continue to inquire about Miss Rushuang's mother, and I will inform you two in time if there is any news. "

Hearing what Ye Feng said, Leng Binghuang immediately said with great gratitude: "Thank you very much."

Leng Rushuang was a little worried at this moment and couldn't help but said: "Father, Ye Feng is still a younger generation after all. His cultivation is much worse than those old monsters of the dark race. He is alone." Is it too dangerous to be alone in the dark world? Even if his disguise is perfect, there is no airtight wall. Maybe one day Ye Feng's identity will be exposed, and countless people in the dark world will be exposed. The strong men of the dark race were instantly wiped out."

Hearing what Leng Rushuang said, Leng Binghuang couldn't help but nodded and said: "The danger is indeed great, but this is an excellent opportunity. Ye Feng is an excellent candidate. We cannot waste this time." An opportunity, this is related to the fate of our entire human race in the future."

At this moment, Ye Feng also said aloud: "Miss Rushuang, don't worry too much, I am doing well in the Dark Empire now, and I have also been valued by the new emperor of the Dark Empire, and I have become a member of the Dark Empire. As a noble, my safety should not be in great danger."

Hearing what Ye Feng said, Leng Rushuang couldn't say much. He could only nod his head and said: "When I return to the heaven, I will practice hard with my father and quickly awaken the ice I possess." With the power of sealing the giant's bloodline, I will become very powerful by then. I will come immediately to help Ye Feng. Although I cannot show my face, I will become even stronger by then. I will stay in Ye Feng's storage ring. , it can still help you very well at critical moments."

Hearing what Leng Rushuang said, Ye Feng immediately nodded, smiled and said: "Okay, then I will take you out of the dark world."

At this moment, Ye Feng walked out of the prison of the Dark Empire and flew quickly towards the outside of the Dark Empire.

Now Ye Feng's identity is different from before. Ye Feng has become a noble in the dark empire.

So along the way, Ye Feng met some ordinary dark races. After revealing his identity, no one dared to offend Ye Feng.

So in less than half a day, Ye Feng had arrived at the junction of the dark world and the wasteland.

At this moment, Leng Binghuang and Leng Rushuang flew out of the space where Ye Feng stored the ring.

At this time, Leng Binghuang glanced at the vast and endless dark world, patted Ye Feng's shoulder, and said loudly: "Next, you will be alone in this dark world, but don't worry, as long as I return After arriving in the heaven, I have communicated with the higher-ups of the human race, and I will come back to you with the resources to support your cultivation. When the time comes, I will send a message to you from thousands of miles away, and we will meet in secret. "

Hearing what Leng Binghuang said, Ye Feng immediately nodded.

At this moment, Leng Rushuang's beautiful figure walked in front of Ye Feng, couldn't help but grabbed Ye Feng's palm, and said very worriedly: "Ye Feng, will you be in the Dark Empire next?" You must be careful. If you really can't hold on, or your identity is about to be exposed, you must escape back to heaven as soon as possible. "

Ye Feng nodded, looked at Leng Rushuang in front of him, smiled and said: "Don't worry, I will pay attention to safety, and in the Dark Empire, I will continue to inquire about your mother's news, if there is any news , I will notify you immediately."

When Leng Rushuang heard what Ye Feng said, she immediately nodded with great emotion.

At this moment, Leng Binghuang said aloud: "Girl, let's leave here as soon as possible. If other dark races see the conversation between Ye Feng and us, his identity will definitely be exposed."

When Leng Rushuang heard what her father said, she immediately nodded, looked at Ye Feng affectionately again, and then left the dark world with her father, Leng Binghuang, toward the wasteland on the other side. The land flies away.

After they pass through the wasteland, they can return to the heaven.

Ye Feng is not worried about Leng Rushuang's safety. After all, Leng Binghuang is a super strong person in the heaven and one of the top ten powerful beings among the human race in the heaven. Naturally, he can navigate the wasteland with ease.

At this moment, looking at the two people's leaving figures, Ye Feng also quickly left the place and flew towards the direction of the Dark Empire.

For Ye Feng, the most important thing now is to continue to hang out in the Dark Empire and improve his strength as much as possible.

In this way, whether it is to go to the higher world outside the territory in the future, or to mediate among the human race and the dark race in the heavenly world, it will give me great confidence.

At this moment, Ye Feng was thinking secretly in his heart and flew quickly towards the direction of the Dark Empire.

When Ye Feng returned to the Dark Empire and came to the entrance of the palace, suddenly several guards wearing black armor came to Ye Feng in a panic.

Ye Feng recognized that these guards in black armor were other ordinary guards of the previous little princess.

At this moment, these guards in black armor immediately stopped Ye Feng and said ecstatically: "Master Ye Feng, I finally found you. The little princess is in danger now. Please hurry over and check out the situation. "

"What?"

Hearing what these guards said, Ye Feng's expression suddenly darkened.

After all, in the future in the Dark Empire, Ye Feng will still have to rely on his status as a royal heir as a little princess to continue to thrive.

Moreover, he is still the captain of the young princess's bodyguard, so he naturally has to fulfill his responsibilities.

Ye Feng immediately couldn't help but asked: "What happened? Didn't the little princess go to a restaurant in the imperial city to attend a gathering of young disciples of our Dark Empire royal family? How could she be in danger?"

Hearing Ye Feng's question, the guards in black armor in front of them immediately said: "Just because the little princess attended this party, many noble heirs from the royal family, including some princes and princesses, It was to make things difficult for the little princess in person. They did not believe that the little princess had the ability to enter the top of the Dark Tower, so during this banquet, they all wanted to provoke the little princess, especially the Red Lotus Princess. By some chance, my strength surged, and the little princess was injured. We guards wanted to intervene, but we were stopped by some other expert guards of the prince and princess, and drove us all out. This time This banquet seems to be specifically for our little princess, and it seems to be to kill the little princess's spirit. After all, her little princess has entered the top floor of the Dark Tower before, and was awarded the princess level by His Majesty the Emperor, so it is probably a bit too much. People are jealous."

Chapter 5488 So powerful

When Ye Feng heard what the group of black armored guards in front of him said, a look of urgency suddenly appeared in his eyes, and he quickly said: "Then take me to that place quickly and see how the little princess is doing now. How are you doing?"

At this time, this group of black armored guards did not dare to waste time, because they did not know what happened to the little princess now, and she might have been beaten half to death.

So at this time, they naturally did not hesitate and immediately took Ye Feng to fly quickly towards the middle area of the Dark Empire's imperial city.

This time, the gathering of the young generation of the Dark Empire was held in the largest restaurant in the middle of the imperial city.

After a while, Ye Feng followed the group of black armored guards and arrived at the entrance of the largest restaurant.

At this moment, Ye Feng could see that the largest restaurant was brightly lit and there was an endless stream of people coming and going. It was obviously extremely prosperous.

At this moment, Ye Feng naturally did not hesitate at all, and directly released his soul power, covering this huge restaurant, and instantly found the location of the little princess.

At this moment, Ye Feng could sense that the little princess did suffer some injuries, but they were not serious, which made Ye Feng breathe a sigh of relief.

At this moment, Ye Feng led the group of black armored guards and rushed into the restaurant in front of him, flying directly to the ninth floor.

The ninth floor of this huge restaurant is a very spacious banquet hall.

At this moment, dozens of young people are gathering here, seemingly watching something.

Ye Feng directly led a group of black armored guards to push away the crowd, looked inside, and found Princess Honglian holding a red whip in her hand, staring at the little princess eagerly.

At this moment, the little princess was also holding a black sword in her hand and was confronting Princess Honglian.

However, the little princess's cultivation strength was obviously not as good as that of Princess Honglian. She was injured by the whip in Princess Honglian's hand. Fortunately, the injury was not serious.

At this moment, Ye Feng immediately dodged and flew to the side of the little princess.

At this moment, the little princess saw Ye Feng coming, and immediately couldn't help but asked in surprise: "Ye Feng, why are you here?"

Ye Feng didn't explain much at this moment, but just said: "I heard that you were in danger, so I rushed over immediately. The other young disciples in the Dark Empire seem to be targeting you."

When the little princess heard what Ye Feng said, she nodded slightly and said loudly: "They should all be jealous that I climbed to the top of the Dark Tower and gained the attention of His Majesty the Emperor, and I think the most important thing, maybe they all know now that I possess the peerless inheritance of the first generation of the Dark Emperor, and I guess they all covet this peerless heritage in me."

Hearing what the little princess said at this time, Ye Feng nodded slightly and said: "Actually, when we just came out from the top of the Dark Tower, I had already expected that many powerful people in the Dark Empire, including these The young disciples will definitely target you in the future, after all, that day was too eye-catching."

Hearing what Ye Feng said, the little princess nodded slightly, but her eyes were still very firm and she said: "No matter what, I will not let these people take away my peerless inheritance. This set of the first generation Dark Emperor Although I have given it to His Majesty the Emperor, they cannot get it from me. "

Hearing what the little princess said, Ye Feng immediately nodded and said with a smile: "With me here today, it is impossible for them to succeed."

While Ye Feng and the little princess were talking, Princess Honglian in front immediately stared at Ye Feng and couldn't help but said: "Little princess, your cultivation is so weak, it is impossible to

rely on it. You have to rely on your own strength to enter the top of the Tower of Darkness. You must rely on the young boy next to you. What kind of talent and strength does he have that can lead you to the top of the Tower of Darkness? I observed his cultivation. Because of the breath, it's not that high."

Hearing what Princess Honglian said at this time, the little princess just snorted coldly and did not respond at all. Instead, she looked at Ye Feng and said loudly: "Let's go. At this banquet, I originally thought that everyone would be very kind." , but I didn't expect that it turned out to be a trap set against me. The purpose was to kill my spirit and force me to hand over the inheritance of the first generation Dark Emperor. It was really disappointing to the extreme. I will never do it again in the future. I won't attend this so-called party."

Seeing that the little princess was about to leave here at this moment, Princess Honglian immediately became anxious. Holding the crimson whip in her hand, she quickly rushed towards the little princess and said: "You can be safe. Leave here, but the prerequisite is that you must hand over the peerless inheritance of the first generation of the Dark Emperor, otherwise, no one will be able to leave this restaurant today. "

At this moment, seeing Princess Honglian rushing over, the little princess was about to fight back.

But at this moment, Ye Feng glanced at Princess Honglian who was not far away, and said loudly: "You said that my cultivation level is low, then I will let you see my true strength."

At this moment, Ye Feng directly stretched out a hand. Ye Feng's hand suddenly expanded rapidly and turned into a dark hand, with a terrifying sense of oppression, and suddenly hit Princess Honglian fiercely.

The red whip in Princess Honglian's hand suddenly burst into red flames, and wanted to burn Ye Feng's dark snake into ashes.

But at this moment, Ye Feng's black hand had the power of the immortal body of the gods, which was indestructible, and all the flames were extinguished in an instant.

Boom! !

Then Ye Feng's dark hand attacked the red whip in Princess Honglian's hand, and suddenly shattered the red whip in her hand. Then Princess Honglian was also hit by the terrifying power and

flew backwards in an instant, spitting out a mouthful of blood in the air, and suffered severe injuries.

In addition, Ye Feng smiled coldly and said, "If you provoke me, you will have to pay a price."

At this moment, after Ye Feng finished speaking, he directly forcibly snatched the storage ring from Princess Honglian's finger and held it in his hand.

"What?"

"So powerful?"

At this moment, seeing that Ye Feng defeated Princess Honglian, the peerless female genius of the Dark Empire, with one move and directly injured her, everyone present suddenly showed surprise in their eyes. It seemed that they did not expect that Ye Feng, the captain of the guards under the command of the unknown little princess, was such a powerful genius.

Chapter 5489: Don't want to surrender

"You are so brave!"

At this time, seeing Ye Feng seriously injuring Princess Honglian and snatching Princess Honglian's storage ring, a group of extremely powerful guards beside Princess Honglian immediately shouted angrily.

One of the guards wearing golden armor should be an extremely powerful young talent in the Dark Empire. He is three realms stronger than Ye Feng currently.

He held a golden sword in his hand, his eyes were full of cold murderous intent, and he walked towards Ye Feng step by step, saying loudly: "Boy, you are just a guard captain, how dare you attack the noble Princess Honglian?" By making such a bold move, not only did Princess Honglian get seriously injured, but you also robbed her of all the wealth contained in the storage ring on Princess Honglian. What you did was simply a heinous crime. Today I will punish you. Kill this madman on the spot!"

At this moment, the most powerful golden armored guard under Princess Honglian instantly burst out with his extremely powerful cultivation aura.

A huge wave of power suddenly rushed out of his body. Holding the golden sword in his hand, he slashed crazily towards Ye Feng in an instant.

That terrifying sword energy seemed to be able to split the entire world into countless pieces.

At this moment, Ye Feng didn't hesitate at all. He immediately smiled coldly and said, "Since you want to kill me, then I don't have to show mercy."

At this moment, Ye Feng directly used the unique inheritance of the first-generation Dark Emperor, the Dark Emperor Kung Fu, that he had learned before.

Boom!

At this moment, Ye Feng's body also burst out with a terrifying dark power, and the shadow of an ancient dark emperor condensed directly behind Ye Feng.

The phantom of the Dark Emperor has not yet completely condensed into a substantial state, but the mere phantom has already made all the masters of the dark race in the Dark Empire feel a sense of oppression coming from the depths of their blood.

At this moment, there were people with extraordinary eyesight among the crowd. They couldn't help but exclaimed: "Is this the peerless inheritance of the first generation of the Dark Emperor of our Dark Empire, the Dark Emperor Kung Fu! I only thought it was in the legend, I didn't expect that someone would actually succeed in practicing it."

At this moment, Ye Feng used the Dark Emperor Art to directly condense the phantom of the first-generation Dark Emperor. In an instant, he stretched out a huge phantom palm, and in an instant he rushed over. The golden armored guard was sent flying backwards, and the armor all over his body was completely shattered.

The metal fragments of the armor penetrated directly into the guard's body, killing him instantly.

"hiss!"

Seeing this scene, everyone present couldn't help but gasped. They didn't expect Ye Feng to be so powerful.

But some people know that this is because the power of the Dark Emperor Technique is too terrifying.

At this moment, everyone couldn't help but fell into silence.

Because the strength shown by Ye Feng is really too powerful.

At this moment, Ye Feng grabbed the armored guard's body suit and put it into his storage ring.

This golden armored guard is, after all, the most powerful guard under Princess Honglian, so his cultivation skills are still very good.

Ye Feng naturally couldn't waste it, so he grabbed it directly into his storage ring and swallowed it silently.

Boom!

A huge energy skill of the dark race was immediately injected into Ye Feng's Dantian, causing Ye Feng's own skill to increase a lot, but it did not make a breakthrough in Ye Feng's cultivation realm.

After all, Ye Feng's current cultivation level is at the bottleneck of the Tenth Level of Heavenly God Realm, so it is still very difficult for Ye Feng to completely break through this bottleneck of cultivation. It requires more energy accumulation to be able to completely break through. Break through this big bottleneck.

At this time, no one here dared to say anything, because the powerful strength Ye Feng showed just now was really terrifying to the extreme.

At this time, Ye Feng took the little princess and prepared to leave here directly.

But suddenly at this moment, a young man wearing a golden robe appeared.

This young man in a golden robe looks extremely noble, giving the impression that he is a born noble. His eyes have a condescending feeling, and he also has a royal majesty.

At this moment, the little princess couldn't help but whispered in Ye Feng's ear: "This is the eldest prince of our dark empire, and he is also the prince with the strongest strength in our dark empire."

"The eldest prince?"

At this moment, when Ye Feng heard the little princess next to him say this, he immediately nodded slightly, then looked at the eldest prince of the Dark Empire who suddenly blocked their way, couldn't help but smile, and said aloud: "The eldest prince suddenly blocked our way. Does he also want to prevent us from leaving here?"

Hearing what Ye Feng said, the eldest prince showed an inexplicable smile and said, "Of course I won't block the way of you two, I just want to say a few words."

Hearing what the eldest prince said, Ye Feng's eyes suddenly showed a look of surprise, and then he smiled and said: "Okay, then I will listen to what the eldest prince wants to say."

At this moment, the eldest prince nodded slightly, without even looking at the little princess beside Ye Feng, as if the little princess was just an insignificant person in his eyes.

Obviously, he came here specifically for Ye Feng.

The eldest prince just stared at Ye Feng in front of him at this moment, and then said: "Ye Feng, I came to this party this time just for you. I want to invite you to become my subordinate and serve me. To be honest, you have been staying by the side of this little princess, which is really a waste of your ability. You should choose a better person to be loyal to."

Hearing the eldest prince's words, the little princess's face suddenly changed, but she didn't say much. After all, it was the eldest prince who wanted to recruit Ye Feng now, and the little princess could not compete with the powerful eldest prince for other talents.

At this moment, the little princess did not speak, but remained silent.

Ye Feng suddenly laughed at this time and said, "I am already the captain of the guards of the little princess. I don't want to rely on other princes or princesses for the time being."

"Huh?"

Hearing that Ye Feng directly refused, many people around him showed surprise in their eyes.

After all, the eldest prince is recognized as the most powerful and profound prince of the younger generation in the Dark Empire. Now the eldest prince took the initiative to invite Ye Feng, but he didn't expect Ye Feng to refuse.

At this moment, the little princess showed a look of surprise in her eyes and looked at Ye Feng. It seems that she didn't expect Ye Feng to refuse so quickly and so straightforwardly.

At this moment, hearing that Ye Feng directly refused, the eldest prince's eyes seemed to show a hint of depression.

After all, under the attention of the public, the eldest prince personally wanted to recruit Ye Feng, but he didn't expect Ye Feng to refuse.

This is enough to show that Ye Feng didn't take him, the eldest prince, to heart or in his eyes.

At this moment, with the aloofness of the eldest prince, he naturally would not say it a second time. He just nodded slightly, with a hint of danger in his eyes, glanced at Ye Feng and the little princess, and left the scene directly.

At this time, someone in the crowd could not help but whispered: "This Ye Feng is really young and arrogant. He dared to refuse the most powerful eldest prince. I guess he will not be able to survive in the Dark Empire in the future. The identity of the little princess is very different from that of the eldest prince. If the eldest prince wants to secretly target Ye Feng, the little princess can't protect him."

Chapter 5490: Start Exploration

At this time, everyone felt that it would be difficult for Ye Feng to continue to hang out in the Dark Empire in the future.

Because Ye Feng dared to disobey the eldest prince and offended the eldest prince.

You must know that the eldest prince is the most powerful young generation in the entire Dark Empire, and will also be the most powerful candidate to succeed the new generation of Dark Earth Emperor in the future.

Therefore, many people have already treated the eldest prince as the prince.

At this time, Ye Feng offended the eldest prince for the sake of a lowly little princess. This naturally made everyone think that Ye Feng would definitely be suppressed in the Dark Empire and would have no future.

Although the little princess is now granted the status of a princess by the emperor of the Dark Empire, in the eyes of many people, the little princess is still a little princess. After all, her status is not as good as that of the real princes and princesses, let alone the eldest prince. They are comparable to prince-level figures.

At this moment, Ye Feng and the little princess left this middle-of-the-road restaurant and came to the streets outside the Imperial City of the Dark Empire.

At this time, the little princess finally seemed to be unable to bear it anymore. She looked at Ye Feng beside her and suddenly asked: "Ye Feng, why did you reject the eldest prince so simply? Because even if I were you, I would be equally Under such circumstances, even if I don't want to join the unfamiliar camp of the First Prince, I will say it tactfully instead of rejecting the First Prince in front of everyone's attention, because this will make the First Prince lose face. In the future, he will be in the Dark Empire. In the palace, you will definitely be suppressed by the eldest prince's entire camp, and it's really not worth rejecting the eldest prince for a little princess like me."

Hearing what the little princess said, Ye Feng suddenly smiled and said: "Since I am your guard captain, I will definitely not leave you easily unless you betray me."

Hearing what Ye Feng said, the little princess quickly shook her head, with a firm look on her beautiful face, and said loudly: "How could I betray you, Ye Feng? You are my biggest supporter now, and you are also me. Very trustworthy person."

Hearing what the little princess said, Ye Feng nodded slightly and said with a smile: "It is precisely because you have such a firm belief in me that I directly rejected the eldest prince, because I also need to make you believe that I I also firmly believe in you."

Hearing what Ye Feng said, the little princess was almost moved to tears.

Because this was the first time she met someone who treated her sincerely like Ye Feng.

After all, in the Dark Empire, even among the same race or family, internal fighting is very serious, and it is difficult to trust other people.

But ever since the little princess met Ye Feng, Ye Feng had tried his best to help her in everything she encountered, and was sincere to her, even rejecting the most powerful young figure like the eldest prince for her sake.

So now, in the heart of the little princess, her belief in Ye Feng has reached 100%.

At this moment, the little princess couldn't help but stretched out her white little hand, grabbed Ye Feng's palm, and said with great emotion: "The only person I trust in the future is you, Ye Feng."

Hearing what the little princess said, Ye Feng also nodded slightly.

Ye Feng knows very well that although he is a dark race in disguise, his ultimate goal is to let the two races, the heavenly human race and the dark race, live in peace, so as to fight against the most powerful Tianlei race from the higher world outside the territory. .

This is Ye Feng's plan.

Therefore, Ye Feng now sincerely wants to make his way in the dark world.

In this way, I will have more say, and I can promote the peaceful coexistence of the two major races and the two major interfaces, and jointly fight against the stronger enemy, that is, the Tianlei Clan from the higher world outside the territory.

Therefore, Ye Feng works beside the little princess. Although he hides his true identity, his purpose is still good and it is also very helpful to the little princess.

After all, the higher Ye Feng's status in the Dark Empire, the greater his power, which is also very beneficial to the little princess.

At this time, Ye Feng and the little princess returned directly to their place of residence.

Not only does the little princess have the residence of her father and a prince outside, but in the palace, aristocratic children like the little princess also have their own place to live.

It was a single large house with many rooms.

After the little princess returned to the room, Ye Feng also returned to his room.

And the moment Ye Feng returned to his room, Ye Feng naturally opened the storage ring that he had snatched from Princess Honglian without any hesitation.

You must know that this Princess Honglian is still a very powerful existence among the younger generation of the royal family of the Dark Empire, and her status is also very noble. She is a real princess-level figure, so her storage ring should have many good things. Ye Feng is naturally looking forward to it.

At this moment, Ye Feng opened the storage ring of Princess Honglian and started to explore.

At the moment of investigation, Ye Feng immediately showed a smile on his face.

Because Ye Feng discovered that there was a lot of wealth in the Red Lotus Princess storage ring, including many powerful weapons, and of course a lot of inheritance from the Dark Empire.

These inheritances should be the inheritances specially given to the younger generation in the Dark Empire. Most of the inheritances are very advanced.

But Ye Feng has already learned the peerless inheritance of the strongest first-generation Dark Emperor of the Dark Empire, the Dark Emperor Gong, so Ye Feng doesn't care so much about these inheritances.

But these inheritances can be sold later, and they should be able to exchange for a lot of wealth.

At this moment, Ye Feng's main focus is still on finding resources that can improve his cultivation skills.

Soon Ye Feng found that in the storage ring of Princess Honglian, there were several small bottles of different colors, which were filled with pills of different colors.

Ye Feng couldn't recognize the specific effects of these pills of different colors.

But no matter what the effect is, for Ye Feng, it will eventually turn into medicinal power to improve his skills.

So at this time, Ye Feng didn't care what the specific effects of these pills were, and he swallowed all the pills in his stomach.

"Boom..."

At this moment, Ye Feng could immediately feel a huge amount of energy, which was immediately injected into his dantian.

What Ye Feng needed was the medicinal energy contained in these pills to improve his own skills.

You know, since these pills were placed in Princess Honglian's storage ring so solemnly and have not been used, it means that these pills should be life-saving pills, so they are very advanced and of high quality, and the medicinal energy they provide is naturally very good.

At this time, Ye Feng swallowed the dozen pills in these bottles, and immediately felt that his skills were rapidly improving.

Before, Ye Feng had swallowed a powerful guard beside Princess Honglian who was three realms higher than his current cultivation in the restaurant in the center of the imperial city, and his skills had accumulated a lot.

So at this time, Ye Feng continued to swallow the dozen pills in these bottles, and with the help of this medicinal power, he accumulated again and finally transformed completely.

Boom! !

At this moment, Ye Feng suddenly burst out with an extremely powerful aura of cultivation.

At this moment, Ye Feng's cultivation finally broke through the bottleneck of the current tenth level of the Heavenly God Realm, and successfully stepped into the Half-Step God Realm above the Heavenly God Realm!
