Chapter 5521: The Empress

At this time, the moment Ye Feng's fist collided with the giant golden claw, a huge roar suddenly sounded across the field.

The next moment, Ye Feng realized that his fist could not shake the giant golden claw.

Sure enough, the owner of this giant golden claw is definitely a demon even more powerful than the Bat King just now. It is very terrifying. Ye Feng's fists will not be able to shake this claw for a while.

Uh-huh!

But the next moment, Ye Feng didn't hesitate at all. He stretched out his hands to hug the golden claw, and then used the terrifying power to force the golden claw. The owner, like pulling a carrot, pulled it out directly from the ground.

Boom!

The next moment, the entire earth shattered.

Almost at this moment, Ye Feng saw that the owner of this giant golden claw was a monster like a huge lion, but every hair on his body was like gold threads, and the neck area was covered with golden hair. The scales look like indestructible armor, protecting the vital parts of the neck.

At this time, this golden lion demon was pulled out from the whole earth by Ye Feng. He immediately couldn't help but said: "I didn't expect that a young man like you has such a great power, but your attack has a negative impact on me." No harm will be done, and you are not that person."

When Ye Feng heard what the golden lion said, a look of surprise suddenly appeared in his eyes, and he asked aloud: "I'm not that person?"

The golden lion smiled coldly and said loudly: "All the powerful demons in the entire demon mountain range were dispatched to find that daring person. That person should be the eldest prince of the Dark Empire. He actually led his team to take us The empress who was sleeping in the Demonic Mountains was stolen from her lair, so he must die. "

"Um?"

Hearing what the golden lion said, Ye Feng's eyes revealed a look of deep astonishment. It seemed that he never thought that the eldest prince would do such a thing, and actually bring the recognized empress of the Demonic Mountains out of her slumber. Stolen from it.

When Ye Feng heard what the golden lion said, he couldn't help but smile immediately and said loudly: "It seems that your empress of the Demonic Mountains is not very good, and she was stolen by a young man."

Hearing what Ye Feng said, the golden lion immediately said angrily, "Shut up! Our empress has cultivated a special inheritance. She fell into a deep sleep for a short time and no one could wake her up. I didn't expect to be darkened by you." The eldest prince in the empire discovered her sleeping position and stole her away, so all the powerful demons in our entire Demon Mountain Range were mobilized. In any case, even if you are not the eldest prince, you are still part of the Dark Empire. members, you all must die."

At this moment, the golden lion roared and rushed towards Ye Feng in an instant, wanting to kill Ye Feng instantly.

But at this moment, Ye Feng did not hesitate and directly used the Dark Emperor Technique.

Boom!

Behind Ye Feng, a Dharma form with a majestic dark power of tens of thousands of meters was immediately condensed, and it directly collided with the golden lion.

After the two behemoths collided together, they were evenly matched for a moment.

Seeing this scene at this time, the golden lion's eyes widened slightly and said loudly: "What?? This seems to be the long-lost peerless inheritance of the Dark Empire. I didn't expect that a young man

like you would actually You have succeeded in learning and practicing. Who are you in the Dark Empire?"

Ye Feng didn't bother to respond to this golden lion at this moment. Since this golden lion wanted to kill him, he would naturally treat him in his own way.

"boom!!"

At this moment, Ye Feng fully exploded the huge cultivation power that he had just broken through to enter the first level of Tianfu Realm.

The terrifying dark energy immediately burst out from Ye Feng's body.

Then Ye Feng directly used another set of peerless inheritance that he had learned before, the hand that covers the sky with thousands of corpses.

This is a peerless inheritance obtained from the corpse Taoist's coffin, which can communicate with the legendary underworld.

At this moment, the moment Ye Feng displayed his Ten Thousand Corpses Covering the Sky Hand, suddenly the whole earth cracked open inch by inch, and a faint green light emerged from the cracks in the earth. It was the legendary Yin Qi, which was directly condensed. Thousands of densely packed hands of Yin spirits from the underworld came out, and instantly grabbed the entire body of the golden lion, and were frantically tearing at the soul of the golden lion.

This inheritance of Ten Thousand Corpses Covering the Sky can actually directly attack the soul of a living creature. It is a very powerful soul attack technique that makes the enemy unable to guard against it.

At this moment, the golden lion is being restrained by the dharma of the first-generation Dark Emperor condensed by Ye Feng.

Now the soul was torn apart by thousands of hands from the underworld, and suddenly it screamed in pain, and the entire seven orifices began to bleed. It was obvious that it had been severely damaged in an instant.

At this moment, the golden lion suddenly screamed in horror and said: "How can you kid know the legendary methods of the underworld? This is impossible! How can the power of the underworld come to the earth?"

At this time, Ye Feng actually felt a little incredible. He didn't expect that this corpse-covering hand could really allow him to communicate with the legendary energy of the underworld, which could cause extremely terrifying damage to the creatures in the underworld.

Even if this golden lion is very powerful, and its vitality is as strong as the ocean, it cannot withstand the attack from the hands of the underworld. In an instant, the soul is severely damaged.

At this moment, Ye Feng didn't give the golden lion any time to react. He immediately rushed forward and punched out hard one after another, hitting the golden lion so hard that his whole body was about to break. .

At this moment, the golden lion immediately screamed in pain.

But Ye Feng did not kill the golden lion, but suddenly said: "Now tell me the whereabouts of the eldest prince, and I may be able to spare your life."

Hearing what Ye Feng said, the golden lion suddenly said in pain: "I will never provide you with information. As a member of the dark empire as powerful as you, once you meet the eldest prince, the two of you will Together, we, the top demons, will not be your opponents."

When Ye Feng heard what the golden lion said, his eyes immediately flickered, and he suddenly smiled and said loudly: "No, no, no, you guessed wrong. I didn't go to the eldest prince to join forces with him. Because the eldest prince and I are not in the same camp in the Dark Empire, I went to find the eldest prince The son was not trying to help him, but to destroy his plan. He led his team to steal the heavy Empress. He must have wanted to use the Empress's power to strengthen his own power. The little princess I assisted, in the future I will definitely compete with the eldest prince, so I naturally want to prevent the eldest prince from becoming stronger."

"Um?"

Hearing what Ye Feng said, the golden lion suddenly showed surprise in his eyes and said loudly: "You mean, I will help you find the eldest prince and destroy his plan to become stronger, and you will help us rescue the empress? "

When Ye Feng heard this, he couldn't help but smile and said, "That's right."

The golden lion immediately said: "You are not sincere at all. You also want to plot against the Empress, right?"

Ye Feng smiled and said, "That's right, but if you take me to find the eldest prince, you can live. Otherwise, you are worthless to me and I will kill you right away. You can choose for yourself."

Chapter 5522 White Jade Sailing Boat

Hearing Ye Feng say this at this moment, his tone full of threats, the golden lion's eyes immediately turned ugly.

Because although this golden lion is an overlord-level demon in this demon mountain range, he really has no way to resist Ye Feng, a young man with incredible fighting power.

If he resists, Ye Feng will have to let him die.

At this moment, this golden lion naturally doesn't want to die. After all, he has worked hard for so many years to cultivate to such a powerful level. Naturally, he is not willing to die like this. He also wants to pursue a higher level and a more carefree life. Woolen cloth.

At this moment, the golden lion finally compromised and couldn't help lowering his head and said loudly: "Okay, I will provide you with the information about the location of the eldest prince, but there is a premise. After all, the empress is our entire demon. The recognized boss in the mountain range, and should be Nian has great kindness to us top demons. After you find the eldest prince, if you snatch the sleeping empress from his hands, I hope you will not hurt the empress, and you can ask the empress to give you generous training resources in exchange."

Hearing what the golden lion said, Ye Feng's eyes showed a look of surprise. It seemed that he didn't expect that these cruel and dark demons actually valued friendship. At the moment of death, they were still fighting for this so-called empress. Sir, please forgive me. It seems that their relationship is really good.

At this time, Ye Feng just nodded and said: "It depends on the situation at that time. If this empress can really give me enough training resources in return, I can consider not hurting her. After all, there is one more demon mountain." The super strong ones among them are quite good as friends."

At this moment, Ye Feng was talking, but in his heart, he still wanted to devour the strongest demon empress in the demon mountain range. After all, it could greatly enhance his cultivation skills.

But of course you can't say that now. After all, you still have to let this golden lion provide you with information honestly.

At this moment, Ye Feng looked around and said, "Then take me to find the eldest prince now and see where he is."

Hearing what Ye Feng said, the golden lion nodded, then opened his mouth and spit out a small black iron sign.

The Golden Lion said aloud: "This iron plate is the identity token of the five strongest demon overlords given to us by the Empress. These five strongest demon overlords are the direct descendants of the Empress. As for the other demon overlords or powerful The demon does not recognize the Empress, but does not dare to resist, and is considered a masterless demon."

After the golden lion finished speaking at this moment, Ye Feng immediately smiled and said: "I just killed a so-called demon overlord called Bat King. Is he from the same camp as yours?"

"What?"

Hearing what Ye Feng said, the golden lion suddenly showed a look of surprise in his eyes, and said loudly: "Bat King, this insidious guy, was killed by you. Of course he is not in the same camp as us. This Bat King They have always wanted to take the place of the Empress, and even secretly used the special talents of their bat demon clan to lurk under the Empress several times. In the place where the Lord sleeps, he wanted to absorb the life essence of the Empress, so that he could become the strongest person in the entire Demonic Mountains. However, fortunately, he was discovered by our five strongest Demonic Beast Overlords. He was beaten away, and since then, we have never seen the Bat King again. Unexpectedly, this time he came out of seclusion again, and was killed by you. "

Hearing what the golden lion said at this moment, Ye Feng nodded calmly and said: "I understand, you can just take me to find the traces of the eldest prince."

The golden lion nodded and started sensing with the iron sign in his hand.

The golden lion said aloud: "This iron sign can have a distant echo with the Empress. It is through this iron sign that I have been searching for the place where we are now. The place where the eldest prince is should not be far from here. "

At this moment, with the constant sensing of the golden lion, it immediately flew quickly in a certain direction, with Ye Feng following behind.

Soon, the two came to a very dense jungle.

In this jungle, a huge lake actually appeared.

At this moment, Ye Feng suddenly saw a huge white jade sailboat appearing on the lake.

This sailing ship looks very majestic, like a luxurious palace. The entire body is made of white jade and shines with white light. The entire body emits a very strong magic wave.

Obviously, this sailboat, which is completely made of white jade, is itself an extremely powerful magic weapon with terrifying power. It seems to be the natal magic weapon possessed by the eldest prince of the Dark Empire.

At this moment, the Golden Lion couldn't help but said: "I can sense that the Empress is in that white jade sailboat. Let's attack this sailboat directly and snatch the Empress back."

Hearing what the Golden Lion said, Ye Feng immediately shouted coldly and said: "Don't be impulsive! The eldest prince himself is very powerful. He is the well-deserved king among the younger generation in our dark empire. In addition, , there are many senior experts gathered around him, I have met him before, his team is very strong, even I may not have the strength to fight against the eldest prince and his team now. "

Hearing what Ye Feng said at this moment, the Golden Lion immediately suppressed his power and couldn't help but said: "Then what should we do now?"

Ye Feng thought for a while, and then said: "Golden Lion, don't attack this white jade sailing ship now. The more you attack, the more likely you will be to alert the eldest prince and his team of experts. You can attack this ship later." Around the lake, pretend to suddenly appear here, but do not attack this This white jade sailing ship only attracts the elders and powerful men from the eldest prince's own team in this white jade sailing ship to come and kill you. Then I will sneak into this

white jade sailing ship to see if I can secretly kill your demons first. If the empress is brought out, it will be much safer."

Hearing what Ye Feng said, the golden lion's eyes immediately lit up and he said: "Okay, this move to lure the tiger away from the mountain may really allow you to bring the empress out safely. After all, the empress is in a deep sleep state now." , if a fierce battle really breaks out in the white jade sailboat itself, it may hurt the sleeping empress inside, so I will go to the distance to make some noise now to cooperate with your lurking."

Chapter 5523 Opportunity

Shua!

At this time, after the Golden Lion finished speaking, it flew quickly in a certain direction in the distance.

With the Golden Lion's extremely powerful strength and huge body, it is naturally very easy to make a huge noise around the lake not far away and attract the strong men in the white jade sailboat.

Ye Feng did not take direct action at this time, but quietly waited for the Golden Lion to make a huge noise not far away.

Sure enough, just a moment later.

Boom!

A mountain suddenly collapsed around the lake not far away.

Accompanied by a huge roar, the towering and huge body of the Golden Lion suddenly appeared on the sky in the distance.

At this moment, just as Ye Feng expected, the white jade sailboat in the lake not far away immediately rushed out of the old strong men of the Dark Empire.

It was the strong men in the team around the eldest prince, all of them were a little doubtful, looking in the direction of the Golden Lion in the distance, and then flew in that direction, as if they wanted to stop the Golden Lion from flying in this direction.

At this moment, Ye Feng saw many old masters flying out of the white jade sailboat and flying towards the direction of the golden lion. He immediately activated the power of the void, hiding his figure, hiding himself deeply in the void, and then quickly lurking in the direction of the white jade sailboat not far away.

For Ye Feng, the most important thing now is to rescue the sleeping demon queen and take her away, so that the plan of the eldest prince can be destroyed.

Because Ye Feng knew very well that since the last time in the restaurant in the imperial city of the Dark Empire, the eldest prince recruited him, but he did not agree, so the eldest prince hated him and had always been targeting him.

In the future, Ye Feng will assist the little princess and his status in the entire Dark Empire will continue to rise. Sooner or later, he will definitely confront a strong figure like the eldest prince.

So now that there is an opportunity to destroy the plan of the eldest prince, Ye Feng is naturally happy to do it.

And before that, Ye Feng and the golden lion also reached an agreement that he would help rescue the sleeping demon queen.

As for how to deal with the Demon Queen, we will talk about it later. Ye Feng himself is not sure now.

At this moment, Ye Feng is hiding in the void, constantly lurking in that direction.

Soon, Ye Feng came to the vicinity of the white jade sailboat.

At this moment, Ye Feng immediately sensed that there was a layer of formation around the white jade sailboat.

At this moment, Ye Feng could see that around the entire white jade sailboat, there was a circle of energy light shield emitting pale white light, covering the entire sailboat, which could defend against foreign invasion.

If an ordinary cultivator approaches, it will definitely cause the attack of this white jade sailboat, and let the operator of the white jade sailboat realize that there is an invasion of foreign enemies.

But this white light shield is nothing to Ye Feng.

Ye Feng's Eye of Heaven and Earth can directly see through the weak points of the entire protective formation.

Ye Feng immediately passed through this layer of protective light shield safely and did not attract the attention of the operator of the sailboat.

Swish!

At this moment, Ye Feng entered the interior of the white jade sailboat and used his soul power to sense it. He immediately sensed that the strong men in this white jade sailboat had not all left the white jade sailboat, but most of the old strong men were attracted by the noise made by the golden lion.

This made Ye Feng feel quite relieved.

At this moment, Ye Feng used his huge soul power to search carefully, and finally sensed the breath of the Demon Queen from dozens of rooms on this white jade sailboat.

At this time, Ye Feng could clearly feel that the breath of the Demon Queen was very stable. It was obvious that she was still in a sleeping state, and she probably didn't know what happened in the outside world.

At this time, Ye Feng naturally didn't hesitate at all, and immediately flew quickly towards the room of the Demon Queen.

When Ye Feng came to the door of the room, he secretly looked inside and immediately saw that in this room, there was a woman with peerless elegance and pure face lying quietly. She was wearing a purple-red long dress, outlining her graceful figure. Even in her sleep, she gave people a sense of elegance and nobleness.

At this time, the sleeping Demon Queen had a diamond-like stone on her forehead, which emitted a dark light, covering the entire body of the Demon Queen and preventing her from being hurt by the outside world.

Seeing this scene at this moment, Ye Feng immediately understood that even if the eldest prince and his team stole the sleeping Demon Queen, they would not be able to harm the Demon Queen, because the diamond-like stone on the Demon Queen's forehead could emit extremely terrifying demon power to protect the safety of the entire Demon Queen.

So they had to temporarily put the heavy Demon Queen in this white jade sailboat, as if they wanted to take the sleeping Demon Queen back to the Dark Empire through a safer water transport method, and then find a way to break the protective light shield on the Demon Queen.

So the room where the Demon Queen was located did not even send strong men to guard it, because it was unnecessary.

But this gave Ye Feng an opportunity.

At this moment, Ye Feng walked directly into this room and walked in front of the Demon Queen.

At this moment, Ye Feng directly used the Dark Emperor Technique. Ye Feng's palm immediately turned into a black big hand, with the power of the first generation of Dark Emperor, and directly bombarded the body of the Demon Queen, trying to break the protection of the demon power light on the surface of the body.

But the next moment, Ye Feng was surprised to find that even if he used his strongest inherited Dark Emperor Technique, he could not break the protective light shield on the body of the Demon Queen.

This made Ye Feng's eyes suddenly show surprise. Although the Demon Queen fell into a sleeping state, her defense ability was extremely strong, and no one could do anything to her.

At this time, Ye Feng stared at the diamond-like stone on the forehead of the Demon Queen, and couldn't help asking in his mind: "Emperor Chu, do you have a way to break the protection of the demon power light shrouded on the body of the Demon Queen?"

But after Ye Feng asked, the Emperor Chu in his mind did not respond.

Ye Feng's eyes were slightly stunned, and then he sensed towards his mind and found that Emperor Chu seemed to be in a sleeping state.

Ye Feng suddenly remembered that the Emperor Chu seemed to be in a deep sleep during this period, so he rarely spoke. It seemed that the Emperor Chu had fallen into transformation again.

Every time the Emperor Chu woke up from his deep sleep, his strength and means, including the awakening of memory fragments, would become much stronger.

At this time, Ye Feng himself had no choice but to carry the Demon Queen on his back and leave here first.

But suddenly at this moment, a young man in golden armor pushed open the door of the room, as if to check the status of the Demon Queen.

Unexpectedly, as soon as he entered the door, he saw that Ye Feng had just carried the Demon Queen on his back. He couldn't help but stare at Ye Feng and shouted, "It's you! Ye Feng!"

At this moment, it was the eldest prince who entered the room.

He naturally knew Ye Feng, who was the captain of the guards in front of the little princess.

The eldest prince never thought that Ye Feng, a nobody in his eyes, could sneak into their heavily guarded white jade sailboat, and even carried the biggest treasure he got in the Demon Mountain Range, the Demon Queen, on his back, as if he wanted to escape from here.

Boom! !

The eldest prince immediately burst out with a cruel murderous aura, and said angrily: "You are so brave! Die!"

Boom! !

At this moment, the eldest prince fully burst out his powerful cultivation power, and directly pressed towards Ye Feng, wanting to kill Ye Feng on the spot.

After all, in the eyes of the eldest prince, Ye Feng was just a lowly guard, and his life was cheap, so the eldest prince didn't even bother to negotiate, and directly attacked with thunder, wanting to kill Ye Feng.

Chapter 5524: Repay You Well

Boom!

At this moment, Ye Feng did not hesitate at all, and immediately burst out with his extremely powerful power, stretched out a hand, and struck hard with the eldest prince.

Boom! !

The next moment, the two collided, causing a huge roar.

And in the next moment, Ye Feng couldn't help but take several steps back, but the eldest prince was knocked back more than ten steps.

"What?"

Seeing this scene at this moment, the eldest prince's eyes suddenly revealed a look of deep astonishment.

He couldn't help but said in horror: "How can you, a humble guard, be so powerful in cultivation??"

When the eldest prince met Ye Feng for the first time in a restaurant in the Imperial City of the Dark Empire, he felt that Ye Feng was a talent.

But in the eyes of a top royal heir like the eldest prince, Ye Feng is just a slightly more powerful guard after all, and is far inferior to him.

Unexpectedly, in this short period of time, Ye Feng's strength has been raised to this level.

You know, Ye Feng only took a few steps back, but the eldest prince took a dozen steps back.

This is something the eldest prince cannot imagine.

Because in the entire Dark Empire, among the younger generation, the eldest prince is definitely recognized as the king and the strongest being among the younger generation.

Unexpectedly, he was repelled by Ye Feng.

At this time, the eldest prince was naturally doubtful about life.

At this moment, the eldest prince wanted to say something, but Ye Feng, carrying the Demon Empress on his back, quickly rushed out of the white jade sailboat and flew outside.

Seeing this scene, the eldest prince immediately shouted angrily: "Ye Feng, you and I are at odds with each other!"

At this moment, the eldest prince did not chase Ye Feng because he knew very well that he would not be Ye Feng's opponent. Even if he caught Ye Feng, it would not be of much use.

And now the elders in the white jade sailboat have basically run out.

At this moment, watching Ye Feng leave the white jade sailboat with the Demon Empress, the eldest prince seemed to understand something. He couldn't help but his face turned gloomy to the extreme, and he couldn't help but say: "There was such a big thing outside just now. The movement of the white jade sailboat attracted all the powerful elders out of the white jade sailing ship. This was definitely intentional. This must be a plan to lure the tiger away from the mountain. Ye Feng, Ye Feng, I didn't expect that you are a citizen of our Dark Empire. , It's really a heinous crime to get mixed up with these demons in the Demon Mountains!"

At this moment, the eldest prince's eyes were full of terrifying murderous intent.

At this time, Ye Feng was alone and had rushed out of the white jade sailboat with the Demon Empress. He quickly hid in the void and disappeared.

Buzz!

When Ye Feng came out of the void again, the lake that he had completely moved away from came to the deep jungle of the Demonic Mountains.

At this time, Ye Feng put the Demon Empress on his back directly on the ground.

But just when Ye Feng put down the Demon Empress, Ye Feng suddenly saw that the Demon Empress had opened her eyes, and a black short knife appeared in her hand, which was pressed against Ye Feng's throat. Once cut off, Ye Feng will be completely killed.

"What?"

Seeing this scene, Ye Feng couldn't help but have a look of surprise in his eyes, and said loudly: "When did you wake up?"

I have to say that this demon empress is indeed very powerful and unfathomable.

Even though Ye Feng's perception was strong, he didn't sense when the demon empress opened her eyes and woke up along the way.

But at this time, Ye Feng could feel that the demon empress had not fully awakened, or that she was unable to use her own incomparable power.

At this moment, Ye Feng couldn't help but said: "I saved you, why did you put a short knife on my throat? You are grateful and don't want to repay."

Hearing what Ye Feng said, the stunningly beautiful Demon Empress couldn't help but reveal a cold smile on her face, and said loudly: "Don't think that I don't know what you want to do, you are not trying to save me at all. You and the eldest prince are both cultivators outside the Demonic Mountains. You took me out of the eldest prince's white jade sailboat for your own benefit. "

Hearing what the Demon Empress said, Ye Feng naturally refused to admit it and said, "I really wanted to save you, and I joined forces with your most loyal subordinate, the golden lion, to save you."

Uh-huh!

And just as Ye Feng was talking, a huge creature suddenly flew over not far away, it was the golden lion.

At this moment, the golden lion had obviously shaken off the siege of the elders and powerful men of the eldest prince, sensed the aura of the demon empress, and came here.

At this time, the golden lion landed from high in the sky, and immediately couldn't help but said: "My lady empress, are you awake yet?"

At this moment, the golden lion saw that Ye Feng and the demon empress seemed to be at war with each other. The golden lion immediately couldn't help but explain and said: "Empress, don't be impulsive. This Ye Feng and the eldest prince are not accomplices. , there is a grudge between them, this time Ye Feng and I join forces to rescue you, the Empress."

Hearing what the Golden Lion said at this moment, the Demon Empress seemed to have a look of doubt in her beautiful eyes. She glanced at Ye Feng, and then removed the short knife from Ye Feng's throat.

The next moment, the Demon Empress glanced at Ye Feng again, and then said slowly: "It turns out that I misunderstood you, I'm sorry."

At this time, Ye Feng wiped a cold sweat in his heart, but on the surface, his eyes seemed to show a hint of blame, and he said loudly: "I save you with good intentions, but I just want to make friends with you, the empress of the Demonic Mountains." My friend, I didn't expect you to doubt me."

At this moment, hearing Ye Feng say such words that seemed to be blaming, the demon empress seemed a little embarrassed.

At this time, the Demon Empress stood up from the ground, looked at Ye Feng in front of her, her voice seemed to become gentler, and said: "I wrongly blamed you just now, you saved me, you can save my life." Well, of course we can become friends, and I will repay you well."

At this moment, the Demon Empress looked at the golden lion beside her and said loudly: "You carry me and Ye Feng back to my place of residence. I will repay Ye Feng, the eldest prince and him well." Team, you now gather all the powerful demons to unite and surround the lake where the eldest prince is, and you must make the eldest prince pay the price."

Chapter 5525: Overflowing Energy

At this time, when Ye Feng heard the Demon Empress say this, a look of joy suddenly appeared in his eyes.

Because Ye Feng and the eldest prince have now formed an irreconcilable hatred.

So Ye Feng naturally hoped that the eldest prince would suffer heavy losses in this demonic mountain range this time.

Even if the demon empress summons all the powerful demons, they cannot completely kill the eldest prince and his team, but they can cause serious damage to the eldest prince and his team, which is what Ye Feng is very happy to see.

At this time, Ye Feng didn't say much. Following the Golden Lion and the Demon Empress, he quickly flew towards the depths of the Demonic Mountains.

When they reached the deepest part of the Demonic Mountains, Ye Feng immediately saw a huge and towering mountain range not far ahead.

In the center of this mountain range, there is a golden hall.

This golden hall seems to be made of gold, with ancient demon patterns and symbols carved on the surface, giving people a vicissitudes of ancient feeling.

This golden hall is exactly where the demon empress usually lives.

At this time, Ye Feng couldn't help but sigh. The eldest prince and his team were actually quite capable. They were able to sneak into the golden hall at the deepest part of the Demonic Mountains and steal the sleeping Demonic Empress. come out.

At this time, while Ye Feng was thinking in his heart, the golden lion carrying Ye Feng and the Demon Empress had landed in this golden hall.

At this moment, the demon empress immediately looked at the golden lion in front of her and said loudly: "Go and gather the other demon overlords and try to capture the eldest prince and his team all back to me. I will do it myself." Interrogate them, and if they resist violently, kill them on the spot without mercy."

Hearing what the Demon Empress said, the Golden Lion hesitated a little and couldn't help but said: "The Empress has just woken up, and she should not be able to mobilize all her power. Do you want me to protect the safety of the Empress here?"

Hearing what the Golden Lion said, the Demon Empress immediately shook her head and said: "You join forces with other demon overlords to deal with the eldest prince and his team. The eldest prince of the Dark Empire and his team are still very Powerful, you must go, and I am awake now. Although I cannot mobilize all my power, I can already activate the formations in the entire golden hall to protect myself. "

Hearing what the Demon Empress said, the Golden Lion immediately nodded and left the golden hall.

At this moment, the Demon Empress looked at Ye Feng beside her. A gentle smile immediately appeared on her beautiful face, and she said loudly: "I really want to thank you Ye Feng this time, otherwise If so, I'm afraid I will really be killed by the eldest prince of the dark empire. You should also be a dark race in the dark empire. Why did you choose to save me? I'm afraid it's not just as simple as having a grudge against the eldest prince."

Hearing the Demon Queen's question, Ye Feng smiled slightly and said very calmly: "In addition to the grudge between me and the eldest prince, and my desire to destroy his plan, there is another more important point, that is, I just happen to I met the Golden Lion and learned about this matter, so I thought that if I rescued you, the Demon Empress, I might be able to become good friends with a peerless person like you, the Demon Empress, and I could also serve as a guard of honor in the future. After all, in this cruel world In a dark world, it is better to have one more friend than one more enemy."

Hearing what Ye Feng said, the Demon Empress immediately nodded and said: "You are very ambitious and courteous, and you are also more sincere towards people. I was rescued by you this time. Don't worry, I'm sure I will repay you well. Although we monsters are usually very cruel in the eyes of others, we also value loyalty. "

At this moment, after the Demon Empress finished speaking, she walked quickly towards the interior of the golden hall and said, "Ye Feng, follow me."

Hearing what the Demon Empress said, Ye Feng's eyes flashed slightly. Is this Demon Empress going to repay him soon?

At this moment, Ye Feng was secretly looking forward to following the beautiful figure of the Demon Empress towards the deepest part of this golden hall.

Soon, the Demon Empress brought Ye Feng to the deepest area of the golden hall.

An ancient altar appears here.

At this moment, this ancient altar was actually carved with very weird-looking demon patterns.

At this moment, the Demon Empress looked at this ancient altar and said aloud: "This Demon Altar is handed down from each generation of our ancestors in the Demon Mountains. It contains the power of ancient demons. Now I need to communicate with this ancient altar." The power of the ancient demons in the altar is used to restore my own strength. You can absorb some of my overflowing power by my side, which will be of great benefit to your strength. "

Hearing what the Demon Empress said, Ye Feng immediately nodded, naturally looking forward to it.

This demon empress is a peerless figure. If she really returns to her peak strength, she will be many times stronger than herself.

The demonic power in the ancient altar that she guided was naturally very terrifying.

At this moment, Ye Feng immediately sat down cross-legged next to him, preparing to enter the cultivation state.

At this moment, the Demon Queen also nodded slightly, stretched out her hand and pressed it on the ancient altar in front of her.

The next moment.

Boom!

The entire ancient altar actually shook rapidly.

The next moment, the pattern of ancient demons engraved on the surface of the ancient altar immediately emitted a brilliant light.

On the entire ancient altar, in the air, huge and majestic figures of ancient demons condensed one after another, giving people a feeling that the ancient demon god was resurrected.

At this moment, Ye Feng immediately felt an extreme sense of oppression.

Because Ye Feng knew very well that this ancient altar probably sealed the souls of the most powerful demons in ancient times, and at this moment, it was awakened by the Demon Queen, and naturally it could release the majesty and power of the ancient demon god.

At this moment, Ye Feng naturally did not hesitate at all, and immediately began to quickly absorb the energy overflowing from the ancient altar.

Even if this energy was only a small part of the energy used by the Demon Queen, it was as huge as the ocean for Ye Feng at the moment.

After Ye Feng absorbed it, he could immediately feel that his skills were growing at an incredible speed.

Chapter 5526: Greater Opportunity

Boom boom!

At this time, the energy of the ancient demon god guided by the demon queen from this ancient altar was still very huge and very advanced.

Even if Ye Feng only absorbed some of the overflowing energy, he could feel that his skills were growing at an incredible speed.

At this moment, the aura of Ye Feng's cultivation began to rise rapidly.

The new level of cultivation that Ye Feng had just broken through, the first level of Tianfu Realm, immediately broke through rapidly at this moment.

Boom!

The second level of Tianfu Realm!

Boom!

The third level of Tianfu Realm!

Boom!

The fourth level of Tianfu Realm!

Boom!

The fifth level of Tianfu Realm!

Boom!

The sixth level of Tianfu Realm! !

At this time, Ye Feng's cultivation broke through five small realms in a row and entered the sixth level of Tianfu Realm, which greatly increased Ye Feng's cultivation skills and greatly improved Ye Feng's combat effectiveness.

Ye Feng could feel the surging power like the ocean surging in his limbs.

At this moment, Ye Feng's eyes were naturally filled with deep excitement.

I didn't expect that absorbing some of the overflowing energy could make such a huge breakthrough and transformation in my cultivation skills.

It is hard to imagine how huge the energy of the Demon Queen was absorbing at the center of the ancient altar.

At this time, Ye Feng also understood that this Demon Queen was an extremely terrifying existence.

But he was lucky to save her when she was the weakest, which made this big figure like the Demon Queen feel close to him.

At this moment, Ye Feng no longer dared to have the idea of devouring the Demon Queen, but honestly became friends with the Demon Queen.

And just when Ye Feng was secretly thinking about his own little thoughts, the Demon Queen also ended her energy absorption.

At this moment, Ye Feng immediately saw that the Demon Queen stretched out two slender white palms and nodded slightly to the front a few times.

The next moment, the energy of the Demon God in the ancient altar suddenly disappeared.

The phantom of the Demon God condensed above the altar also dissipated.

The Demon Queen turned around at this time, looked at Ye Feng, subconsciously sensed it slightly, and suddenly a look of surprise appeared in her eyes, and she couldn't help but said: "Oh? I didn't expect that you could improve your cultivation so much just by absorbing some overflowing energy. It seems that you have a high utilization rate of energy."

Hearing what the Demon Queen said, Ye Feng immediately smiled and said: "I have a special ability that can directly absorb external energy for my own use, and I can break through my cultivation on the spot."

The Demon Queen nodded and said: "Your talent is indeed very good, no wonder you dare to go against the eldest prince of the Dark Empire."

Just as the Demon Queen was speaking, the voice of the Golden Lion suddenly came from outside: "Report to the Queen, we have successfully found The Great Prince and his team were in the place where they were, and they attacked them, causing heavy losses to his entire team, at least half of the old generation of strong men, but they did not catch the Great Prince after all. The Great Prince of the Dark Empire had a talisman left by the Emperor of the Dark Empire, which saved the Great Prince's life at the last moment. Although they did not completely kill the Great Prince, they also seriously injured the Great Prince. It is estimated that within ten or eight years, the Great Prince will not be able to recover to his peak state. "

Hearing the voice of the Golden Lion outside, the Demon Queen immediately nodded slightly and said: "Teach them a lesson and let them know that our Demon Mountain Range is not easy to mess with."

At this moment, Ye Feng heard the report of the Golden Lion outside, and there was a look of joy in his eyes.

Although the Great Prince was not completely killed this time, he was severely injured after all, which was naturally good news for Ye Feng.

At this moment, Ye Feng looked at the Demon Queen beside him and said, "Senior Queen, I think I should leave here too. I have friends waiting for me outside the Demon Mountain Range."

Ye Feng thought to himself that the little princess probably didn't know so many things had happened here, and she might still be in a mountain in the Demon Mountain Range, quietly waiting for him to return.

At this time, hearing what Ye Feng said, the Demon Queen's beautiful eyes suddenly showed a flickering color, and suddenly asked, "Ye Feng, have you ever considered staying in the Demon Mountain Range with me? I can give you a large area of the Demon Mountain Range as your territory, which is higher than the status of the Golden Lion and other demon beast overlords. Your status in the entire Demon Mountain Range is definitely second only to me."

Hearing what the Demon Queen said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he didn't expect that the Demon Queen valued him very much. It was probably not just because he saved the Demon Queen, but also because the devouring ability he showed just now was probably also very appreciated by the Demon Queen.

But at this time, Ye Feng still shook his head and said with a smile: "I am very satisfied to be able to become friends with a peerless person like the empress. As for continuing to practice in this demonic mountain range, I think I can't do it for a while." Yes or no, because I still have my own things to do in the Dark Empire."

Ye Feng knew very well that the future in the Demonic Mountains was not as great as in the Dark Empire.

After all, this Demonic Mountain Range is just a small mountain range, and the Dark Empire is a top power in the entire dark world, with a higher development limit and more cultivation resources.

When Ye Feng said this, the Demon Empress nodded slightly, and did not offer any more advice. She just said, "If you are in the Dark Empire in the future, and you really have an irreconcilable conflict with the eldest prince, the entire royal family will be affected." If it's all against you, you can come to our Demonic Mountains to take refuge at any time, and I will always leave a place for you here."

Hearing what the Demon Empress said, Ye Feng was quite moved and immediately said, "Thank you, Senior Empress, for your attention."

At this moment, after Ye Feng finished speaking, he was ready to leave here directly and go to the outer area of the Demonic Mountains to meet the little princess.

But suddenly at this moment, the Demon Empress said: "You saved my life. I just gave you some energy from the ancient altar to help you grow in cultivation. It seems that I don't have much sincerity. Now you can follow me." Let me come and I will give you a greater opportunity."

Chapter 5527: Peerless Divine Weapon

"Um?"

Hearing what the Demon Empress said at this moment, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that before he left, this extremely powerful Demon Empress would give him a greater opportunity. good fortune.

But this is a good thing. Ye Feng is naturally looking forward to it and can't help but say: "What kind of opportunity does the empress prepare to give me?"

Hearing Ye Feng's question, the Demon Empress immediately smiled and said, "Follow me. You will know when we get there."

Uh-huh!

After saying that, the Demon Empress immediately walked towards a certain direction outside the Golden Hall.

Seeing this scene, Ye Feng's eyes were a little surprised. He didn't expect that the opportunity that the Demon Empress wanted to give him was actually outside the Golden Hall.

However, Ye Feng didn't ask any more questions, and just followed the demon empress obediently.

The golden lion was a little envious when he saw this scene, but thinking of Ye Feng's powerful strength, he didn't say much.

At this time, Ye Feng followed behind the Demon Empress and flew quickly through the deepest jungle of the entire Demon Mountain Range.

Soon, they crossed several huge mountains, climbed over mountains and ridges, and arrived at the very back of this demonic mountain range.

At this time, Ye Feng suddenly saw that a huge land of ice and snow appeared in the direction behind the demonic mountain range.

This snowfield is not very big, but there is heavy snow in the sky, and it seems to be frozen all year round.

At this time, Ye Feng saw at a glance that a huge sculpture appeared in this snowfield.

This sculpture is majestic and boundless. Even if it is just a sculpture, it feels extremely depressing, as if you are facing a god.

At this time, the demon empress who was leading the way stopped and looked at the huge sculpture not far away, with a hint of awe in her eyes, and said aloud: "This sculpture is our demon mountain

range." The sculpture built by the first generation ancestor himself. The first generation ancestor of our Demonic Mountains was extremely powerful and was one of the top superpowers in the entire dark world. However, in the end he went to the cultivation interface of higher latitudes, but he This sculpture left behind contains a piece of his soul. If a destined person can resonate with the soul in this sculpture, he will be able to obtain the peerless inheritance left by the first generation ancestors of the Demonic Mountains. "

Hearing what the Demon Empress said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Those who can practice in the ancient times and enter the world of advanced cultivation dimensions are definitely earth-shattering strong men. , I wonder if the senior empress has interacted with the soul in this sculpture and received the peerless inheritance left by the first generation ancestor?"

The Demon Empress nodded and said aloud: "I have obtained it. Otherwise, I would not have cultivated to such a powerful level now."

Hearing what the Demon Empress said, Ye Feng's eyes flashed slightly and he couldn't help but said: "Then the empress can just pass on the inheritance to me directly. Why did you bring me here and let me try to echo it?" Wouldn't it be too troublesome for the soul in this sculpture to obtain the inheritance of the first generation ancestors of the Demonic Mountains?"

Hearing what Ye Feng said, the Demon Empress smiled softly and said: "Because this is the rule of every generation of demon lords in our Demon Mountain Range. The inheritance we have learned can never be passed on to others. People, but you can bring others over to feel this sculpture in person, and let the soul of the first generation ancestor judge whether you are qualified to receive this set of peerless inheritance."

Hearing what the Demon Empress said, Ye Feng suddenly showed a rather surprised look in his eyes, then nodded and said: "Since you Demon Mountain has this rule, then I will personally sense the sculpture in it." Yuanshen, there shouldn't be any big problem."

Uh-huh!

At this moment, Ye Feng flew directly into the air, released his soul power, and tried to contact the soul of the first generation ancestor of the Demonic Mountains in this huge sculpture.

With Ye Feng's induction, Ye Feng realized almost instantly that there was indeed an unfathomable soul hidden in this huge sculpture, but it seemed to be in a deep sleep state.

Buzz!

Ye Feng tried to touch it with his soul power, and the spirit inside the sculpture was instantly revived.

Buzz!

The next moment, an extremely towering phantom of will appeared from the sculpture, standing tall against the sky and giving people an extremely terrifying sense of oppression.

When the demon empress who was observing not far away saw this scene, her beautiful eyes couldn't help showing a look of surprise, and she couldn't help but murmured: "It's so fast to sense, even if it was... It took me three days and three nights to sense the soul of the first generation ancestor. I didn't expect that Ye Feng would manifest the soul of the first generation ancestor in just a moment. This is really incredible. ”

And just when the Demon Empress felt incredible, Ye Feng had successfully resonated with the soul in this huge sculpture, and naturally obtained the peerless inheritance contained in this soul.

This set of peerless inheritance left by the first generation ancestors of the Demon Mountain Range is called the "Demon Life and Death Kung Fu". This set of inheritance is very special because it allows practitioners to understand the mysteries of life and death, and in the process of cultivation, it is very It may put the cultivator into a state of suspended animation for a period of time, but once he wakes up again, the cultivator will become stronger and have a higher level of understanding of the demon's life and death skills.

At this time, after Ye Feng obtained this set of inheritance secrets, he understood why a powerful figure like the Demon Empress would fall into a deep sleep without any resistance. It turned out to be the special feature of this set of inheritance.

At this time, Ye Feng was naturally very happy, and he had obtained a very advanced set of peerless inheritance, which naturally had unparalleled benefits for improving Ye Feng's overall strength.

At this moment, Ye Feng was about to leave here, but suddenly the entire sculpture shook rapidly.

Click, click!

The next moment, under Ye Feng's stunned gaze, the entire huge sculpture suddenly cracked from the middle.

In the cracked gap, a huge black ax appeared.

This huge black ax has dense patterns of demons engraved on its surface, with totems of thousands of different demons. Each type of demon is a very ancient clan of demons from ancient times.

The entire huge black ax gives people an extremely domineering and terrifying feeling.

On the handle of the axe, there are five ancient demonic words carved on it: "The demon opens the sky axe."

"What??"

At this moment, a peerless figure like the Demon Empress not far away suddenly lost his composure. In an instant, he flew to Ye Feng's side in horror, his eyes fixed on what was revealed in the crack in the middle of the sculpture. of this huge black axe.

The demon empress couldn't help but said in horror: "This is the peerless magic weapon forged by the first generation of ancestors, the demon's sky-opening axe. I didn't expect it to actually exist. It's not just a legend."

At this moment, Ye Feng asked in astonishment: "Has this happened to you before when you were enlightened?"

The Demon Empress immediately shook her head and said, "No, it was you who caused the change in this sculpture."

Chapter 5528 I knew it a long time ago

At this time, when Ye Feng heard what the Demon Queen said, his eyes suddenly showed a look of surprise, as if he had never thought that he, a cultivator outside the Demon Mountain Range, could actually cause such a drastic change, and even caused the sculpture of the first ancestor of the Demon Mountain Range to crack, revealing a huge axe, and it was a peerless magic weapon called the Demon Axe of Creation.

At this moment, the Demon Queen was also a little incredible, as if she did not expect such a drastic change to happen to Ye Feng.

After all, the Demon Queen had been meditating and practicing here for many years, but she never knew that this sculpture actually hid the peerless magic weapon used by the first ancestor of the Demon Mountain Range in the legend, the Demon Axe of Creation.

This is an extremely powerful weapon. If it can be refined, it will definitely allow the user to gain the power of creation, and it has terrifying lethality.

At this time, Ye Feng couldn't help but say: "Since this Demon Axe is the peerless magic weapon left by the first generation of ancestors of your Demon Mountain Range, then this weapon should naturally be used by you, the Empress."

Hearing what Ye Feng said at this moment, the Demon Empress suddenly shook her head and said: "This peerless magic weapon is a powerful weapon left by our first generation of ancestors. It has never been manifested, but when you came here, it triggered the changes in this sculpture, causing the sculpture to crack in the middle, and the Demon Axe appeared. I think this means that the Demon Axe chose you, not me."

"Hmm?"

Hearing what the Demon Empress said, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect the Demon Empress to say such a thing.

However, Ye Feng was actually a little moved by this Demon Axe, but after all, this is someone else's place, and this Demon Axe was also left by the ancestors of the Demon Empress, so it should naturally be given to the Demon Empress.

But I didn't expect that the Demon Queen would say that she wanted to get the Demon Axe of Creation. After all, the Demon Queen felt that she had never triggered the Demon Axe of Creation to appear in this ancient sculpture.

But when Ye Feng came here, he triggered the appearance of the Demon Axe of Creation.

So this means that the owner chosen by the Demon Axe of Creation is not the descendant of the Demon Queen, but Ye Feng, a cultivator from outside the Demon Mountains.

Although the Demon Queen was a little disappointed, she didn't expect that the Demon Axe of Creation would not choose her descendant, but Ye Feng, a cultivator from outside the Demon Mountains.

But the Demon Queen thought of her ancestors again, who did not die completely, but went to a higher dimensional cultivation world.

So her ancestors, perhaps giving the Demon Axe of Creation to Ye Feng, may have other mysterious intentions.

So at this time, the Demon Queen said so much, wanting Ye Feng to get the Demon Axe of Creation.

Ye Feng was naturally very happy. After all, this Demonic Axe was a peerless divine weapon left by the first generation of ancestors of the Demonic Mountain Range, and it definitely had an extremely terrifying bonus effect on his strength.

And you have to know that Ye Feng had just comprehended the peerless inheritance of the first generation of ancestors of the Demonic Mountain Range, the Demonic Life and Death Art, so if he used the Demonic Life and Death Art to activate this Demonic Axe, he would definitely be able to burst out a stronger and more terrifying power.

At this moment, Ye Feng saw that the Demonic Empress seemed very determined to give this Demonic Axe to him, so Ye Feng could only stop being hypocritical and directly accept this Demonic Axe.

Swish!

At this time, Ye Feng flew in front of the huge sculpture and stretched out his hand to grab this Demonic Axe.

Buzz!

Almost the next moment, Ye Feng could immediately sense that this axe contained endless terrifying power, which gave people a very majestic and vast feeling, just like holding a legendary divine weapon.

At this time, Ye Feng immediately understood that this Demonic Axe was definitely an extremely terrifying weapon.

At this moment, Ye Feng refined the Demonic Axe on the spot and then stored it in his body.

At this time, the Demon Queen looked at Ye Feng, and a smile suddenly appeared on her beautiful face. She couldn't help but said: "I still say that if you can't make it in the Dark Empire in the future, you can always consider coming here. I will always keep a place for you here."

Hearing what the Demon Queen said, Ye Feng immediately clasped his fists and said: "Thank you for your attention, senior. Since the matter here is over, I should leave."

Swish!

At this moment, Ye Feng left the scene without any hesitation and flew quickly towards the outer direction of the Demon Mountain Range.

Looking at Ye Feng's departing back, the Demon Queen couldn't help but murmur, "The Demon Axe of Creation and the Demon Life and Death Skill have all been learned by this Ye Feng. Could it be that the ancestors are planning something..."

At this moment, after the Demon Queen finished speaking, she immediately jumped and disappeared from the scene.

At this time, Ye Feng had already flown out of the deepest area of the Demon Mountain Range and came to the outside area.

Buzz!

At this time, Ye Feng exuded his soul power and covered the surroundings, trying to find the little princess who was probably still waiting for him.

For Ye Feng, staying in the Demon Mountain Range now is not a good destination.

Because Ye Feng knows very well that the Demon Mountain Range is so small and has limited resources, it is not that helpful to him, so he should return to the Dark Empire to obtain more cultivation resources.

At this moment, as Ye Feng uses his soul power to search, he soon finds the little princess waiting outside.

Swish!

When Ye Feng came to the little princess, she said happily: "Ye Feng, you are finally back. I have been waiting for you for a long time."

Ye Feng nodded and said: "Something happened inside, so it took so long."

Hearing what Ye Feng said, the little princess couldn't help but smile mysteriously and said: "Ye Feng, guess what good news I got during your absence?"

Seeing the mysterious smile on the little princess's face, Ye Feng became curious and asked: "Is there any good news that can make you so happy?"

The little princess couldn't help laughing and said: "While I was waiting for you here, I met a lot of us black The Dark Empire's trialists, from their mouths, I heard that the eldest prince seemed to have suffered a major blow in the deep area of the Demon Mountain Range. Not only were most of the old strong men around him killed or injured, but he himself was also seriously injured and fled the Demon Mountain Range in a hurry, suffering heavy losses. Haha, this is great news for us. "

"Huh?"

Hearing the little princess say this, Ye Feng's eyes suddenly showed an inexplicable smile, and then said aloud: "I knew it a long time ago."

"What? You knew it a long time ago?"

The little group leader saw the smile on Ye Feng's face, and his eyes suddenly showed astonishment, and then seemed to think of something, and couldn't help but said in horror: "Ye Feng, the eldest prince is so miserable, it can't be related to you, right?"

Chapter 5529 Black-clad Killer

At this time, Ye Feng smiled and said: "Yes, the fact that the eldest prince has been so miserable during this period does have something to do with me."

Hearing what Ye Feng said, the little princess immediately covered her mouth in surprise. It seemed that she never thought that the eldest prince, a young man with extraordinary grace, would be so miserable by Ye Feng.

At this moment, the little princess stared at Ye Feng and couldn't help but said: "Ye Feng, you are really my lucky star. Since I met you, everything has been going smoothly for me, and Ye Feng You are so powerful and will be of great help to me in the future in the Dark Empire."

Hearing what the little princess said, Ye Feng also nodded, and then his face suddenly became quite serious, and he said loudly: "Although I ruined the eldest prince's plan and made him so miserable, I also let him After seeing my true face, that is to say, after we return to the Dark Empire this time, the eldest prince will definitely take crazy revenge. Although he may not openly attack me directly in the imperial city, there will definitely be various assassinations. , and used his identity to make things difficult for me, and I am now the captain of the guards under you, the princess, so his crazy targeting of me will definitely affect you, the princess. I wonder if you are afraid, the princess? "

Hearing what Ye Feng said, the little princess suddenly showed a serious look on her beautiful little face. She walked directly towards Ye Feng and said very solemnly: "Ye Feng, in my heart , you have already become my best helper. I have never regarded you as my captain of the guard. I have always regarded you as my best partner and my best friend, so I don't care about you at all. If you are afraid, I will face it with you."

Hearing what the little princess said, Ye Feng immediately nodded, then suddenly his eyes flickered and he said: "In the future in the Dark Empire, I will definitely need more power and training resources to improve my cultivation. For strength, the premise is that your status, little princess, must also be higher and higher. In this case, I can enjoy more training resources, so in the future I will help you continuously improve your identity and status in the entire Dark Empire, and even It is not impossible to run for the next generation successor of the real Dark Empire in the future. Are you mentally prepared for this?"

Hearing Ye Feng's ambitious words, the little princess was a little shocked and couldn't help but said: "Ye Feng, do you really think I have hope to become the next generation successor of the Dark Empire? "

Ye Feng nodded, smiled and said: "Before you met me, there might have been no hope, but now that I am helping you, you still have hope."

Hearing what Ye Feng said, the little princess couldn't help but nodded immediately, her eyes full of expectation, and said loudly: "If Ye Feng can really help me become the next generation successor of the Dark Empire, then I will definitely I will also do my best to help you. Whatever cultivation resources you need, as long as I have the ability, I will mobilize them for you to use."

Hearing the assurance from the little princess, Ye Feng felt relieved and said with a smile: "Let's leave this demonic mountain range now."

The little princess nodded, and Ye Feng flew quickly towards the outside of the Demonic Mountains.

Next, Ye Feng and the little princess were directly preparing to return to the imperial city of the Dark Empire.

This time they came out and practiced in this demonic mountain range, but it took a long time. Now it is almost time to return to the imperial city.

But just when they left the Demonic Mountains and had not yet reached the territory of the Dark Empire, suddenly, a group of masters wearing black clothes and their faces covered with black scarves suddenly appeared in front of them.

There are more than a dozen of these black-clothed masters, and the aura of cultivation exuding from them is extremely powerful.

The man in black at the head held a serrated steel knife in his hand. He pointed in the direction of Ye Feng in an instant and said loudly: "You two are Ye Feng and the little princess of the Dark Empire. You must die today."

At this moment, seeing this group of men in black with murderous aura, the little princess couldn't help but said: "These seem to be the killers of the very mysterious killer alliance in our dark world.

They charge huge amounts of money." The reward is to take people's money and eliminate disasters for them."

Hearing what the little princess next to him said, Ye Feng's eyes revealed a look of surprise. He didn't expect that in this dark world where the dark races live, there would actually be a killer organization like the Killer Alliance.

At this moment, Ye Feng just smiled slightly, looked at the dozen black-clothed killers in front of him, and said loudly: "This place is almost close to the territory of the Dark Empire. You are here to assassinate the noble princess. Aren't you afraid to leave?" Won't you drop it?"

Hearing what Ye Feng said, the black-clothed killer opposite him immediately burst into laughter and said loudly: "As long as the reward is enough, we will even dare to hunt and kill the emperor of the Dark Empire, let alone you two. A junior figure."

Almost at this moment, the leader of the black-clothed killer looked at the dozen other killers beside him and said loudly: "Stop talking nonsense with this kid, just do it."

boom! boom! boom!

At this moment, a dozen black-clothed killers suddenly burst out with their own cultivation aura, and instantly rushed towards Ye Feng and the little princess.

Their cultivation aura is actually two or three realms higher than Ye Feng's current cultivation.

It must be said that the killers of these killer organizations are still very cautious. They sent out such a powerful group of killers to completely eliminate Ye Feng and the little princess.

But they probably never thought that Ye Feng's real combat power was much stronger than they imagined.

At this moment, Ye Feng looked at this group of killers who were only two or three realms higher than his cultivation realm. He was not panicked at all. He just smiled faintly and said, "You come to assassinate me, but you don't even know my real combat power. It seems that your so-called killer alliance is not very professional."

Boom! !

Almost at this moment, Ye Feng instantly burst out his terrifying cultivation power.

The next moment, Ye Feng didn't even use his powerful inheritance, but just stretched out a hand.

Buzz!

Ye Feng's hand immediately turned into an extremely huge black hand, with the power of the first generation of the Dark Emperor, covering the sky and the sun, and suddenly covered more than a dozen black-clothed killers, and instantly bombarded everyone.

The power of the dozen black-clad assassins was completely disintegrated at once, and then they were blasted to the ground not far away by Ye Feng's black hand. Like a broken sack, they fell to the ground one after another, spitting out blood one after another, and were seriously injured at once.

"What?"

Seeing Ye Feng's terrifying strength, he attacked and seriously injured all the dozen assassins with one move. The dozen black-clad assassins from the assassin alliance suddenly widened their eyes.

The leading black-clad assassin couldn't help but said in horror: "Not good! The trick is difficult! We misjudged Ye Feng's strength. He is too powerful. Hurry up and leave and report this situation to the upper echelons of the alliance!"

Ye Feng came to the leading black-clad assassin in an instant, stepped on the face of the black-clad assassin with a "snap", and said coldly: "Who hired you to kill me and the little princess? Answer me, or your head will be moved."

Chapter 5530 Something big is about to happen

Hearing what Ye Feng said at this time, the expression of the black-clad killer who was headed by him suddenly became extremely ugly.

Because he never expected that Ye Feng's strength would be so terrifying. Their alliance of killers really underestimated the true combat power of Ye Feng, the target of their hunt.

At this moment, seeing how strong and powerful Ye Feng was, the black-clad killer immediately gritted his teeth and said, "We are official members of the Killer Alliance and will never betray our employer."

Hearing what the leader in black said, Ye Feng suddenly grinned and said loudly: "If you don't tell me, I also know who hired you to kill me and the little princess. It must be the eldest prince of the Dark Empire. This guy, isn't he?"

"you!"

Hearing what Ye Feng said, the black-clothed killer's face immediately changed, and then he smiled coldly and said, "Since you already know, why do you still ask me?"

Ye Feng smiled faintly at this time and said aloud: "Because I want to know whether you killers from the Killer Alliance are really as tough-talking as the rumors say. Now it seems that you don't even think about it before you die. Being willing to betray your employer shows that you are very professional, but it also means that you have no use value to me."

Click!

Almost at the moment when Ye Feng finished speaking, before the leader of the black-clothed killer could react, Ye Feng directly crushed the head of the leader of the black-clothed killer with one foot, killing him completely.

"hiss!"

At this moment, the dozen or so other killers in black around them were horrified when they saw this scene. It seemed that they did not expect that Ye Feng, a young man who looked delicate and handsome, could be so cruel and decisive.

At this moment, these dozen black-clothed killers wanted to continue struggling and escaping quickly.

Uh-huh!

But at this moment, the little princess flew over quickly from behind, holding a black sword in her hand, and killed the dozen or so black-clothed killers who had been seriously injured in an instant.

Buzz!

At this moment, Ye Feng did not hesitate at all, and immediately released the Devouring Domain and began to devour the power of these dozen dead black-clothed killers.

These black-clothed killers all came from the Killer Alliance, so their cultivation skills were still very large. After Ye Feng devoured them, he immediately felt a stream of very powerful skills, which immediately converged on him.

The cultivation aura of the sixth level of Tianfu Realm that Ye Feng had just broken through before quickly broke through again.

boom!

The seventh level of Tianfu Realm!

boom!

The eighth level of Tianfu Realm!

At this moment, Ye Feng's cultivation level directly broke through two small realms on the spot, breaking through to the eighth level of Tianfu Realm, which made Ye Feng very satisfied.

After all, the cultivation realm of these black-clothed killers is only two or three realms higher than Ye Feng. Therefore, after Ye Feng absorbed the skills of more than a dozen black-clothed killers, he did not make a huge breakthrough in his own cultivation. , being able to break through two levels is already very good.

Uh-huh!

At this time, Ye Feng did not hesitate and flew directly into the territory of the Dark Empire with the little princess.

On the way back to the imperial city, the little princess couldn't help but said: "Ye Feng, it seems that the eldest prince also knows that your cultivation level is very terrifying, and he does not dare to confront you personally. Instead, he uses his accumulated experience over the years to huge wealth, hire these terrible killers to assassinate you, I guess this time If the assassination fails, the eldest prince will definitely go even crazier and spend more money to hire stronger killers. He will be targeted by such a terrifying force as the Killer Alliance, and the eldest prince will continue to squander funds behind his back. I'm afraid, Ye Feng, your situation will become more and more dangerous in the future."

Hearing what the little princess said, Ye Feng didn't show any panic on his face, but smiled lightly and said: "Those who can't kill me will eventually make me stronger. These killers come to assassinate me. Although I may be a little dangerous, if I can kill them back , I can devour the skills of these killers who have worked hard to cultivate to this day, and quickly strengthen my cultivation. It is also a cultivation resource for me. In other words, in my eyes, these killers are not here at all. The one who killed me came to give me cultivation resources."

"Forehead....."

Hearing what Ye Feng said, the little princess's beautiful little face, which was originally serious and worried, couldn't help but reveal a wry smile, and said loudly: "Ye Feng, you have a really good attitude."

Ye Feng grinned and said aloud: "You can't always look at the bad side of everything. Sometimes you should also look at the good side. Maybe you will become much more relaxed."

When he said this, Ye Feng also narrowed his eyes, with a cold look in his eyes, and said loudly: "But there is still danger. After all, I easily solved so many killers this time, and I will definitely let the eldest prince Including the people in the Killer Alliance will pay attention to it. The person who comes to assassinate me next time will definitely be a more powerful killer, so Let's capture the thief first. When we return to the imperial city of the Dark Empire, we still need to find an opportunity to kill the eldest prince, the financial supporter behind the scenes. Otherwise, a steady stream of killers will come out from the Killer Alliance to assassinate me. If the very terrifying King of Killers is really inspired to assassinate me, maybe I will really be at risk of death."

Hearing what Ye Feng said, the little princess couldn't help but said worriedly: "The eldest prince is very powerful in the Dark Empire. He is the king among the younger generation, and he is also the most beloved prince of His Majesty the Emperor today. Son, it may be very difficult for us to deal with the eldest prince. Even if Ye Feng has a very good relationship with His Majesty the Emperor,

and His Majesty the Emperor values you very much, compared with his own son, you will definitely have a lower position with His Majesty the Emperor. It's not much of a coincidence."

Hearing what the little princess said, Ye Feng nodded slightly and said: "So this depends on your identity, little princess. If you can continue to improve your status in the royal family, you can constantly suppress the eldest prince and make him surrender. , maybe we can completely solve this trouble without killing him, and if the eldest prince really offends me too much, I don't mind being a killer and killing the eldest prince through secret means."

Hearing what Ye Feng said, the little princess couldn't help but said: "If you kill the eldest prince yourself, your future in the Dark Empire will be cut off."

Ye Feng smiled slightly and said: "This is a last resort. The best way is to improve your status as the little princess to suppress the eldest prince, make him surrender, and make him a vassal. This is the royal way."

While Ye Feng was speaking, the two of them had already approached the Imperial City area of the Dark Empire.

But just when the two of them entered the Imperial City of the Dark Empire, suddenly a group of royal guards wearing silver armor flew in front of Ye Feng and the little princess, and said loudly: "Master Ye Feng, princess Your Highness, His Majesty the Emperor has something important to do. He has summoned all the princes and noble heirs to gather in the palace hall, and I ask you two to go quickly. "

After saying that, the group of royal guards wearing silver armor immediately flew quickly in other directions, apparently to inform others.

Seeing the scene in front of them, Ye Feng and the little princess looked at each other with surprise in their eyes. It seemed that something big was about to happen in the Dark Empire.
