

Ancient 5531

Chapter 5531 Three Great Empires

On the way to the palace hall, the little princess couldn't help but look at Ye Feng beside her, and said aloud: "I don't know how important it will be for His Majesty the Emperor to summon all the descendants of our nobles and princes to the palace hall this time. The matter to be announced is that the borderland of our Dark Empire has been invaded by other forces, so His Majesty must summon forces to defend the territory. "

Hearing what the little princess said, Ye Feng shook his head, thought for a moment, and said aloud: "If the border land is really invaded by other big forces, I think there is no need for His Majesty the Emperor to specially summon the younger generation. According to what those silver-armored guards said, His Majesty the Emperor specially summoned the heirs of various princes and nobles this time. All of them were the younger generation. I am afraid it could not be because the border land was attacked by other forces. Otherwise, he would have summoned Not only the younger generation, but also the strong older generation will definitely participate in the battle, so I think it may only be related to the younger generation."

Hearing Ye Feng's analysis, the little princess felt it was reasonable, nodded and said: "Anyway, let's rush over first and talk about it first. I hope we won't meet the eldest prince in person, otherwise it will be quite embarrassing."

When Ye Feng heard what the little princess said at this time, he grinned and said loudly: "What's so embarrassing? If this eldest prince wants to fight us, then I will make him lose ugly, and he is in the Demonic Mountains Among them, he was taught so badly by me. When he saw it in person, it was the eldest prince who felt embarrassed, not us. "

Hearing Ye Feng's confident answer, the little monarch couldn't help but nodded. He looked at Ye Feng, with a hint of admiration in his beautiful eyes, and said loudly: "I should learn from Ye Feng. With this kind of self-confidence, I used to have too much inferiority complex, and I couldn't hold my head high in front of the true heirs of the royal family, so I naturally had an inner inferiority complex."

Hearing what the little princess said, Ye Feng smiled slightly and said, "It will be okay from now on. As long as I am here, no one will look down on you."

And just as the two of them were talking, they had already arrived at the palace hall in the middle.

Ye Feng and the little princess looked at the luxurious palace in front of them and walked in without any hesitation.

When they entered the palace hall, there was a look of surprise in their eyes.

The normally empty palace hall was now overcrowded, with various young people standing everywhere.

Among these younger generations, there are not only the legitimate heirs of the royal family, but also the heirs of various princes and nobles, and even many of the aides around the heirs. As long as they are powerful, they are all here.

In other words, the entire palace hall is now filled with almost the strongest peerless geniuses among the younger generation of the entire Dark Empire. There are even many peerless geniuses whose cultivation strength and aura make Ye Feng feel a little afraid.

You know, after Ye Feng came back from the Demon Mountains this time, his cultivation strength has undergone tremendous transformation and breakthrough, and he is already very powerful.

However, there are still so many more powerful peerless geniuses in the palace of the Dark Empire, which is enough to show that the foundation of the Dark Empire is much deeper than Ye Feng imagined.

At this moment, the little princess could not help but sigh and said: "This time, all the powerful young generations of our Dark Empire have probably gathered here. I even saw many young peerless geniuses who have been in seclusion all year round. It seems that something big is going to happen this time. His Majesty the Emperor has summoned almost all the most powerful young people in the entire Dark Empire to gather here. I don't know what it is."

At this time, Ye Feng's eyes showed a thoughtful look, as if he had guessed something, but Ye Feng did not say it out loud, he just waited and watched.

At this moment, the arrival of Ye Feng and the little princess did not attract any special attention.

Because the current fame of Ye Feng and the little princess in the Dark Empire only stops at the time when they worked together to reach the top of the Dark Tower.

After so long, many people have almost forgotten about it.

As for the huge commotion caused by Ye Feng in the Demonic Mountains, it is estimated that only the eldest prince in the entire Dark Empire knows about it.

But the eldest prince will never tell this matter, because it is too embarrassing, and it is naturally inconsistent with the image of the younger generation of kings that the eldest prince has been working hard to cultivate.

At this time, while Ye Feng and the little princess were secretly discussing, and dozens of other young peerless geniuses were discussing in the entire palace hall, a towering figure suddenly appeared in the palace hall.

This majestic figure is naturally the current emperor of the Dark Empire.

At this moment, the emperor of the Dark Empire came in from the side door, his eyes full of seriousness.

Before he could speak, all the young geniuses in the entire palace hall suddenly fell silent.

At this time, Ye Feng saw that the eldest prince did not appear at the scene. He was probably still recovering from his injuries in his palace, and he might not be involved in some affairs of the dynasty for a while.

At this moment, the emperor of the Dark Empire, who was standing at the top, immediately glanced at all the young geniuses present, nodded slightly, and seemed to be quite satisfied and said loudly: "My Dark Empire has reached this point, but I didn't expect that it has already emerged. I have seen so many peerless geniuses, and I am very satisfied with your cultivation and strength, but whether I can be more satisfied next depends on your performance."

"Hmm?"

Hearing what His Majesty said, many young geniuses showed doubts in their eyes, wondering what the Emperor of the Dark Empire meant.

Seeing the puzzled expressions of the crowd, the Emperor of the Dark Empire did not keep them in suspense, but looked around the audience and said with a smile: "The fact that you were summoned here shows that you are among the best geniuses among the younger generation of our Dark Empire. I summoned you young elites here to represent our Dark Empire and go to the Red Dragon Empire to participate in a grand martial arts conference for the younger generation. You should also know that in the southwest plate of our dark world, there are a total of three transcendent forces standing on the earth. In addition to our Dark Empire, there are two other great empires, namely the Troll Empire and the Red Dragon Empire. Empire, over the years, although there have been some minor frictions between our three empires, there has been no major movement. This time, we held a martial arts conference between the three empires to let the younger generation compete with each other, which represents the strength competition of the new generation of our three empires. The stronger the comprehensive strength of the new generation of the empire, the more cultivation resources this empire can obtain in the southwest plate. This is much more cost-effective than launching a large-scale war between the three empires. It is also the default resource allocation method of our three empires, that is, through the martial arts conference once every ten years. "

"Martial arts conference!"

At this moment, many young geniuses present were shocked.

The Emperor of the Dark Empire continued to speak: "So now you should understand why I summoned all of you young people here. You are all talents among talents, elites among elites, and represent the strongest group of forces of the new generation of our Dark Empire. This martial arts conference will be held in the Red Dragon Empire. I hope that when you go to the Red Dragon Empire to participate in the martial arts conference, don't embarrass our Dark Empire. Whoever gets a higher ranking will be able to get a richer reward from the upper echelons of our Dark Empire after returning!"

Chapter 5532 The benefits are unimaginable

Martial arts conference!

At this moment, in the entire palace hall, when the Emperor of the Dark Empire finished speaking, all the young geniuses present first showed a look of surprise in their eyes, and then a look of deep anticipation and excitement.

They did not expect that this time His Majesty the Emperor of the Dark Empire would invite all their top young geniuses to come here and gather together for the purpose of going to the Red Dragon Empire to participate in the martial arts conference between the three empires.

Moreover, this martial arts conference is not only a competition between the younger generations, but also represents the distribution of interests of the empire represented by each new generation.

At this moment, all the young geniuses feel a heavy sense of responsibility, but they also feel a sense of passionate expectation.

Because if they can achieve a higher ranking in this martial arts competition, they will be able to receive generous rewards from the upper echelons of the Dark Empire.

This sentence was said by the emperor of the Dark Empire himself, so the reward will definitely be extremely generous.

At this time, Ye Feng also had a look of expectation in his eyes.

Ye Feng had been personally rewarded by the Emperor of the Dark Empire before, which was to enter the Dark Empire's treasury and choose various training resources at will. Maybe he can do the same this time.

So Ye Feng also became interested at this time.

At this moment, the little princess also had a look of surprise in her eyes. She looked at Ye Feng beside her and said loudly: "I didn't expect that the martial arts conference held once every ten years by the three empires would come so soon, and this time His Majesty the Emperor would be so... The attention paid to it has brought almost all the top geniuses together, which shows that the distribution of interests among the three empires involved in this martial arts conference is very important. Otherwise, His Majesty the Emperor will not bring all the Dark Empires together. All the top talent is gathered together."

Hearing what the little princess said, Ye Feng nodded, smiled and said: "No matter what, we will definitely participate."

The little princess nodded and said aloud: "Ye Feng, I guess the group of silver armored guards invited the two of us mainly because of your strength. I may just be there in passing."

Hearing what the little princess said, Ye Feng laughed and said: "Your Highness, your strength is also very strong, but you seem to be quite weak in front of me, but in fact you and Compared with other young geniuses, he is already at a relatively strong level."

In fact, when Ye Feng said this, he did not mean to compliment the little princess, but it was the fact.

The little princess was able to survive in the royal family to this day by relying on her own strength. In fact, her own strength is still very good.

During this period of time, the little princess followed Ye Feng to practice in the Demonic Mountains, and she also gained a lot of benefits, and her strength improved a lot.

Therefore, the strength of the little princess is actually at a relatively strong level among the younger generation of the Dark Empire. However, Ye Feng is really too defiant, so the little princess seems to be very weak.

But that's not the case, it's just because Ye Feng is too outrageous.

At this moment, while the two were discussing, the emperor of the Dark Empire spoke up: "Tomorrow there will be senior experts from our Dark Empire who will lead you to the Red Dragon Empire. I hope that each of you can give full play to your abilities." The strongest strength and state will win more benefits for our dark empire. "

Hearing what the Emperor of the Dark Empire said, all the fifty or sixty top geniuses present clasped their fists and said loudly: "Don't worry, Your Majesty the Emperor, we will definitely do our best to compete, and we will not lose our Dark Empire." face."

"Okay, they are all very energetic!"

At this time, the emperor of the Dark Empire immediately nodded with satisfaction and said loudly: "Go, prepare well, and set off for the Red Dragon Empire tomorrow."

Everyone nodded and then dispersed.

Ye Feng and the little princess are also preparing to leave.

But suddenly at this moment, the emperor of the Dark Empire saw Ye Feng's figure among the crowd in the hall, and said loudly: "Ye Feng, you stay, I have something to say to you alone."

Hearing the emperor of the Dark Empire suddenly say such words, Ye Feng's eyes suddenly showed a look of surprise.

But then Ye Feng nodded, looked at the little princess next to him, and said, "Go back first."

The little princess nodded, glanced at the emperor of the Dark Empire, then respectfully stepped back and walked towards the outside of the palace hall.

At this time, many top geniuses who had not yet left the palace looked at Ye Feng with surprise in their eyes.

Many people don't know Ye Feng, because many of the young geniuses who came to the palace this time are the top young masters.

They have been practicing in seclusion all year round, or have been practicing outside until today, and they don't know what kind of person Ye Feng is.

But at this moment, their eyes were full of surprise.

Because he was able to let such a majestic figure as the Emperor speak his name alone and stay, it shows that Ye Feng is definitely a very special talent.

At this time, although many top geniuses were arrogant, they silently remembered Ye Feng's name and appearance in their hearts.

Because they knew that this ordinary-looking young man was definitely an extraordinary guy. Otherwise, it would be impossible for him to be personally summoned by the majestic Emperor to speak alone.

And when all the young geniuses in the entire palace hall walked out, the entire palace hall became empty again.

In the slightly dim palace hall, only the emperor of the Dark Empire standing in a high position and Ye Feng standing in the center of the hall were left.

At this time, Ye Feng spoke up first and asked: "His Majesty the Emperor has left this junior alone. Is there anything special you want to give me?"

The emperor of the Dark Empire first nodded with satisfaction, looked at Ye Feng, and said loudly: "This time I went to the Demonic Mountains. I specially approved your place. It seems that I did the right thing. You are in the Demonic Mountains." The experience has been very good. Your cultivation level and overall strength have improved much compared to before. This speed of improvement is terrifying. "

Hearing the Emperor of the Dark Empire say this at this moment, Ye Feng's eyes showed a look of surprise. Could it be that His Majesty the Emperor stayed here just to praise himself?

Ye Feng smiled and said aloud: "Thank you, His Majesty the Emperor, for giving me a place to go to the Demonic Mountains for a trial. This time in the Demonic Mountains, I have indeed gained a lot of benefits and improved a lot."

The emperor of the Dark Empire nodded, and then suddenly said: "If you have the ability, don't hide your strength. In this martial arts competition held by the Red Dragon Empire, try to win the top three, because the former The three of you will not only have the rewards that I personally give you, but the top three who can enter the martial arts conference will also have other special rewards, which come from the rewards of the top three from the joint efforts of our three empires. This secret does not It will not be announced to the public. Only the emperors of our three empires know about it. But I revealed it to you in advance, so you must work hard because I value you very much. Even in the final battle, no matter what force you use You can also try your best to get into the top three in the martial arts competition by using the forbidden elixir to improve your skills. The benefits of being in the top three are unimaginable."

Hearing what the Emperor of the Dark Empire said, Ye Feng's eyes suddenly showed a look of surprise.

At this time, the Emperor of the Dark Empire couldn't help but suddenly shook his head, sighed, and said: "It's a pity that my eldest son was so unlucky. He suffered heavy losses during the trial in a small place like the Demonic Mountains, and almost the whole army was defeated." Ruin, he is really a loser. Fortunately, I treated him as my successor before and trained him. This time he was seriously injured and was in deep recuperation. He was unable to represent our Dark Empire to

participate in the martial arts competition, so all my All hope lies with you, Ye Feng. You and the eldest prince can be said to be the two strongest among the young generation of our Dark Empire."

Hearing what the Emperor of the Dark Empire said, Ye Feng smiled secretly in his heart.

Sure enough, the eldest prince did not dare to say that he was so miserable because he was tricked by Ye Feng, because it was so embarrassing that even the emperor of the Dark Empire did not know the true situation.

Chapter 5533 Timely Rain

At this time, after the emperor of the Dark Empire finished speaking, he did not say anything more, but waved his hand, allowing Ye Feng to leave directly.

Ye Feng nodded and left the palace directly.

When Ye Feng left the palace, there was still some surprise in his eyes. He did not expect that the three empires seemed to attach great importance to this martial arts conference. Being able to enter the top three would have unimaginable benefits.

Ye Feng did not know what this unimaginable benefit was.

But since even the emperor of the Dark Empire, a great figure, said that it was an unimaginable benefit, it was enough to show that the things that the top three got must be unimaginable for ordinary people.

At this time, Ye Feng was more looking forward to this martial arts conference.

At this time, Ye Feng thought of what the emperor of the Dark Empire said before, even if he took some forbidden pills to forcibly improve his skills, he had to win the top three.

This shows that he must grasp the top three.

At this time, Ye Feng strengthened his determination and must win the top three in this martial arts conference.

At this moment, Ye Feng thought secretly in his heart, and immediately flew quickly in the direction where the little princess lived.

For Ye Feng, tomorrow he will follow the old strong men of the Dark Empire and many other top talents of the Dark Empire to the Red Dragon Empire, a new dark race empire, to participate in the martial arts conference.

So Ye Feng still has time today to improve his strength as much as possible.

Ye Feng went to find the little princess, and naturally asked if there was any way to quickly improve his strength.

If the emperor of the Dark Empire did not tell Ye Feng that the top three had special rewards and unimaginable benefits, perhaps Ye Feng would not be so anxious to improve his strength.

Because Ye Feng felt that he was just participating in the martial arts conference, and it didn't matter how many places he could get. As long as he could win a relatively high ranking, he should be able to get rewards from the upper echelons of the Dark Empire.

But now that the emperor of the Dark Empire has told Ye Feng the secret about the top three, Ye Feng naturally began to really pay attention to it.

At this moment, Ye Feng soon came to the palace where the little princess lived.

But at this time, Ye Feng suddenly discovered that the little princess was not in her palace.

Ye Feng was a little confused and walked into the palace. He immediately saw a note left on a table in the little princess's palace.

Ye Feng walked over and picked up the note with confusion. When he looked at it carefully, his face suddenly changed.

Because what was written on this note was: "The little princess has been imprisoned by us. If you don't want her to die, don't make this matter public. Ye Feng, you come to the Red Lotus Palace alone."

At this moment, seeing the words written on the note, Ye Feng's face suddenly became quite ugly.

Because Ye Feng knew that the little princess was captured by the people behind Princess Honglian.

The Red Lotus Palace is where Princess Honglian lived before.

Ye Feng thought to himself that it seemed that the people behind Princess Honglian had learned through some special means that Princess Honglian was killed by him and the little princess in the Demon Mountain Range, so now they want to take revenge on him.

However, the people behind Princess Honglian seemed to know that they were very powerful, so they first captured the weakest little princess and let him go alone.

This is definitely a trap!

And it is very likely a trap that will lead to death!

But now that he knows it is a trap, Ye Feng must go and take a look.

After all, the little princess is already a friend to Ye Feng. If a friend is in danger, Ye Feng will naturally go to rescue him.

Moreover, the little princess will play a very important role for Ye Feng in the future in the Dark Empire.

Ye Feng will also rely on the identity of the royal bloodline of the little group leader to climb to the highest level of the entire Dark Empire step by step, so that he can have his own voice in the entire dark world.

Just as Ye Feng was thinking in his heart, Ye Feng took this note and walked towards the direction of the Red Lotus Palace very firmly.

Ye Feng's expression was still very solemn and dignified at this time.

Because since the other party secretly captured the little princess and let him go alone, then this trap must be very terrifying.

Moreover, the other party also knew that he was an extremely powerful genius, so the trap in the Red Lotus Palace was likely to kill him.

This was almost a dead end!

Ye Feng frowned at this moment.

Just as Ye Feng had just walked out of the little princess's residence and was about to go to the dangerous trap of the Red Lotus Palace, a familiar voice suddenly sounded in Ye Feng's ears: "Ye Feng, I'm back from the heaven. During this period of time, I have been discussing with the human upper class in the heaven about your undercover in the dark world. Let me enter your storage ring now, and we will talk in detail."

At this moment, the moment this voice sounded, Ye Feng's frowning brows suddenly relaxed.

This voice was not someone else, but Leng Rushuang's father, Leng Binghuang, a super strong man in the heaven.

He actually came to the dark world again.

But this was also Leng Binghuang's promise.

Emperor Leng Bing previously asked Ye Feng Anxin to become an undercover agent among the dark races in the dark world, so that he could help the human race in the heaven to act as a middleman when war breaks out with the dark races in the future.

The Leng Binghuang also promised to Ye Feng that he would communicate with the upper echelons of the human race in the heaven and provide various cultivation resources to Ye Feng, a great hero of the human race.

Leng Binghuang is the bridge between Ye Feng and the upper echelons of the human race in the heaven.

Therefore, Leng Binghuang must often travel back and forth between the heaven and the dark world to deliver messages to Ye Feng and the upper levels of the human race in the heaven.

But Ye Feng didn't expect that Leng Binghuang would come back so soon this time.

But this naturally made Ye Feng extremely happy.

Originally, Ye Feng thought that his life might be in danger if he went to the Red Lotus Palace, but now that Leng Binghuang, a superpower of the human race, has arrived, it is really timely.

At this moment, Ye Feng immediately nodded, looked around and said: "Senior Ice Emperor, hide in the void around you. My current storage ring space has been opened by me. You can enter at any time. in."

Uh-huh!

And the moment Ye Feng finished his words, there was a flash of light.

The figure of Leng Binghuang has flown into Ye Feng's storage ring space.

Because only in the space of Ye Feng's storage ring, Leng Binghuang could talk to Ye Feng with peace of mind, without being noticed by other super strong men of the dark race in the Dark Empire, who was the top strong man of the human race.

At this moment, before Ye Feng could say anything, Leng Binghuang immediately said: "Ye Feng, I have brought you the cultivation resources from the upper levels of the human race in heaven to support you. Take a good look at what you have." You can take whatever you need."

At this time, Ye Feng immediately spoke up and said: "Senior Ice Emperor, I will look at these cultivation resources later. I have a very important thing to do right now, and I may need you, Senior Ice Emperor, to secretly help me when the time comes. "

Hearing what Ye Feng said, Leng Binghuang immediately nodded and said: "Of course, I come to the dark world this time. In addition to sending you the cultivation resources from the upper class of the human race in the heaven to support you, I will also be here. Stay for a few days and then return to heaven. If you need me to do anything during these few days, feel free to ask."

Chapter 5534: A Deadly Situation

Hearing what Leng Bing Huang said, Ye Feng was naturally very happy, because this time Leng Bing Huang really came in time.

When Ye Feng goes to the Red Lotus Palace this time, there must be a very dangerous trap.

If Ye Feng was alone, he felt that his life might be in danger. After all, the other party came prepared. He must have prepared everything and knew his own strength very well, so the other party must be fully prepared and just wait. Go and die by yourself.

So the sudden arrival of the Leng Bing Emperor this time naturally made Ye Feng feel extremely lucky, as if he was just dozing off and giving him a pillow.

At this moment, Ye Feng nodded, but still said with some worry: "Senior Ice Emperor, you are a super strong person among our human race in the heaven. Once you attack, it is very likely to cause chaos in this dark empire. Attention of other dark race superpowers."

Hearing what Ye Feng said, Leng Binghuang immediately smiled and said: "I have special means that can transfer my power to your body in a short period of time, allowing you to possess me. This way, no one will notice my aura, but the premise is that your body is strong enough to withstand my terrifying power."

Hearing what Leng Binghuang said, Ye Feng's eyes suddenly lit up and he said: "There is such a magical way, that's great, I should be able to withstand your power, senior Lengbinghuang, because The strength of my body is definitely much stronger than my current level of cultivation."

Hearing what Ye Feng said, Leng Binghuang nodded and said: "I can sense the power of your body, which is indeed very terrifying. When the time comes, if you need my power, just inform me at any time, and I will instantly inject my power into your Dantian, allowing you to unleash part of my super power."

Hearing what Leng Binghuang said, Ye Feng naturally nodded very happily, and without any hesitation, he immediately left the area where the little princess lived and flew quickly towards the Red Lotus Palace.

When Ye Feng came to the Red Lotus Palace, he found that there was a chilling and cold atmosphere everywhere in the Red Lotus Palace.

Ye Feng understood immediately. It seemed that his guess was correct. The powerful people behind Princess Red Lotus knew that he and the little princess had killed Princess Red Lotus. Therefore, these powerful people behind Princess Red Lotus set up a terrifying trap. The trap was waiting for him to jump into in the Red Lotus Palace, and he had to jump because he couldn't just watch the little princess being killed by these people. After all, Ye Feng would still rely on the little princess in the future. Hide in the dark empire.

But at this time, Ye Feng had infinite confidence in his heart, because Leng Binghuang, a super big man, was in his storage ring, and he could also let Lengbinghuang pass on his power of Ice King to him. In this way If so, Ye Feng can burst out super powerful power at any time.

At this time, Ye Feng took a deep breath and walked slowly into the Red Lotus Palace in front of him.

The moment Ye Feng walked into the Red Lotus Palace, he immediately saw that the little princess was trapped in a formation at the back of the palace, unable to escape.

When the little princess saw Ye Feng walking in, she immediately shouted worriedly and said: "Ye Feng, please don't come in. There are terrible traps and killing methods everywhere, and there are many super strong people ambushing them." Here, they discovered the truth behind our killing of Princess Honglian and want to get rid of both of us. If you come here, you will die. Please leave quickly and I will die alone. "

Hearing what the little princess said, Ye Feng smiled slightly and said, "Don't worry, neither of us will die today. The people behind Princess Red Lotus will die."

"Hahaha! You kid is really arrogant!"

The moment Ye Feng finished speaking, several old men, both men and women, wearing luxurious clothes came out from around the entire Honglian Palace.

These old men are obviously the people behind Princess Honglian.

At this moment, the speaker was an old man wearing black clothes.

This old man does not have any senility, but gives people a very heroic feeling, like an old lion. Although he is older, he still has a vigorous and oppressive feeling.

At this time, the old man in black stared at Ye Feng, who was not far away, and said with a cold smile: "You are so brave, you actually dared to kill Princess Honglian in the Demonic Mountains, you are simply It's audacious."

At this moment, Ye Feng said very calmly: "It's Princess Honglian and her protectors who want to secretly assassinate me and the little princess. We are just self-defense, and this matter , since you did not report it to the top of the Dark Empire, it also shows that you also knew that Princess Honglian wanted to kill us first, so we fought back. You were unreasonable, so you could only use this despicable method to kidnap Xiaojun. Lord, then draw me into this trap."

Hearing what Ye Feng said, the old man in black immediately burst into laughter, and then said with a cruel look in his eyes: "Boy, I have to say, you are very smart, and we also know your true combat power. I know, it's very powerful, but since we let you come directly this time, it means that we are fully prepared, and you are destined to die."

Almost as soon as the old man in black finished speaking, Ye Feng burst out with powerful power and immediately flew towards the deepest part of the Red Lotus Palace, hoping to save the little princess first.

But at this moment, the old man in black immediately smiled coldly and said: "Since you know that this is a fatal situation, and you dare to come directly, I can only say that you are too stupid."

Boom!

Almost as soon as the old man in black finished speaking, black chains suddenly appeared in the entire Red Lotus Palace, which was a peaceful space.

These black chains immediately wrapped around Ye Feng.

In addition, the ground under Ye Feng's feet also cracked open in an instant, and terrifying flames spurted out from each gap, as if it could burn the entire sky to ashes.

It has to be said that the Red Lotus Palace has long been built by the senior figures behind the Red Lotus Princess into a terrifying place full of traps.

Any trap has terrible lethality and can kill Ye Feng instantly!

Chapter 5535: Completely crushing

Boom!

At this time, whether it was the black chain or the flames that were so terrifying that they could burn the sky into ashes, they all had terrifying lethality, as if they could wipe out Ye Feng in an instant.

At this moment, the little princess not far away saw this scene and was very worried.

But at this time, Ye Feng just laughed suddenly and said, "It's not me who is doomed to die today, but you insidious old things!"

Almost at the moment when Ye Feng's voice fell.

Boom!

Ye Feng directly notified Senior Leng Binghuang in the storage ring and asked him to temporarily transfer his power to himself.

When Leng Bing Huang heard Ye Feng's notification, he did not hesitate at all and said directly in the storage ring: "Ye Feng, get ready. I will temporarily graft my powerful power of the Ice Emperor onto you. This process may be very painful, and you need to bear it."

"Boom..."

Almost at the moment when Leng Bing Huang's voice fell, Ye Feng immediately felt a terrifying and huge ice power like the ocean, which was immediately injected into his Dantian.

At this moment, Ye Feng only felt that his limbs and bones were suddenly filled with endless ice power, as if his whole body was about to burst.

Ye Feng immediately felt a terrifying pain, as if he was quickly tearing his muscles and bones.

However, Ye Feng fully erupted the Immortal Body of the God at this time, and used the strong physique of the Immortal Body of the God to bear the ice power of the Ice Emperor grafted to him by Leng Bing Huang.

At this moment, Ye Feng felt that he had underestimated the power of Leng Bing Huang.

Leng Binghuang is indeed one of the top ten super strong men among the human race in the heavenly realm. Even if he only grafted a part of the power of the Ice Emperor to himself, he almost exploded and died.

However, Ye Feng finally withstood this terrifying pressure, and Ye Feng instantly possessed a part of the majestic power of the Ice Emperor.

At this moment, whether it was the flames gushing out from the ground or the black chains around him that were about to penetrate his body quickly, Ye Feng was no longer afraid.

Because Ye Feng felt that he was now extremely powerful and had become a super top-level strong man.

At this moment, Ye Feng laughed and said, "Today is not a dead end for me, but you old guys are the dead end."

Almost at the moment when Ye Feng's voice fell, Ye Feng directly burst out the power of the Ice Emperor.

At this moment, Ye Feng stretched out his hand and bombarded the endless flames on the ground.

In Ye Feng's palm, a terrifying long river of ice suddenly rushed out.

This long river of ice was as majestic and boundless as the ocean, and it instantly froze all the terrifying flames into a piece of ice.

The next moment, two rays of ice light flashed in Ye Feng's eyes, shattering all the black chains that were rushing around.

At this moment, after Ye Feng finished all this, he immediately flew towards the direction of the little princess.

The other old masters of the Red Lotus Palace around him suddenly widened their eyes and couldn't help but said in horror: "How is this possible?"

The black-clothed old man who had just mocked Ye Feng's stupidity suddenly became dull and shouted: "Impossible!! We have studied your strength, Ye Feng, and your strength is indeed very strong, far beyond your current realm of cultivation, but it is impossible to be strong to this level. This level of power is impossible for a young man like you to have. What is going on?"

At this moment, all the old masters in the Red Lotus Palace were dumbfounded.

Because they never expected that a young man like Ye Feng would burst out with such a terrifying super-top power.

At this moment, Ye Feng instantly flew in front of the little princess, and casually stretched out his hand to grab the terrifying formation around the little princess, which was directly crushed by Ye Feng.

At this time, the little princess was also a little dazed, and a deep shock appeared on her beautiful little face.

The little princess stared at Ye Feng, who was covered with cold air in front of her, like the King of Ice, and she admired him to the extreme.

At this time, Ye Feng grabbed the little princess's hand and immediately flew to the middle of the Red Lotus Palace, attacking other old masters in the Red Lotus Palace.

At this time, the old masters of the Red Lotus Palace immediately shouted, "Everyone, attack together! This kid may have used some forbidden technique to forcibly improve his strength in a short period of time. As long as we persist for a while, when his forbidden technique time is over, we can kill him."

At this moment, the old masters in the Red Lotus Palace immediately burst out their cultivation power crazily and fought with Ye Feng instantly.

If it were Ye Feng himself, it would be difficult to face the attacks of so many old masters, and he could not resist at all, and could only escape with the little princess.

But at this time, Ye Feng possessed the power of the Ice Emperor and fought directly with these old masters.

Boom!

The next moment, the whole field suddenly erupted with a series of terrifying roars.

Ye Feng's power, at this moment, was blessed by the power of the Ice Emperor, which was simply terrifying to an extreme.

The old masters in the Red Lotus Palace were not that strong, so they were not able to withstand a single blow when facing Ye Feng, who possessed the power of the Ice Emperor. They were instantly suppressed by Ye Feng.

The old masters in the Red Lotus Palace were desperate, and could not help but screaming in horror: "This Ye Feng is definitely a spy from a foreign race! Otherwise, he would not have such a strong power!"

At this moment, Ye Feng's eyes turned cold, and he suddenly burst out the powerful Ice Emperor power grafted to him by the Cold Ice Emperor, instantly freezing the entire venue.

The old masters in the Red Lotus Palace were also frozen in place, and instantly froze to death, freezing all their life essence, and turned into ice sculptures.

At this moment, Ye Feng finally completely killed the old masters in the Red Lotus Palace, and he was completely crushing them.

At this time, the little princess was also relieved, and once again had a new understanding of Ye Feng's strength.

At this time, Ye Feng could no longer bear the terrifying power of the Ice Emperor, so he asked the Leng Ice Emperor to temporarily take back the power of the Ice Emperor.

Buzz!

The next moment, Ye Feng did not hesitate at all and immediately released the Devouring Domain, covering all the old masters of the frozen Red Lotus Palace in his Devouring Domain, and quickly devouring the power and energy of these old masters!

Chapter 5536 Human Cultivation Resources

For Ye Feng, the elders behind Princess Honglian all have very profound cultivation skills, which are much stronger than his own real strength.

Therefore, after Ye Feng swallows it, he will naturally gain huge energy.

After all, Ye Feng was able to easily crush and kill the powerful elders behind these Red Lotus Princesses entirely because of the powerful strength of the Leng Bing Emperor grafted onto him in the storage ring.

"Boom!"

At this moment, a huge amount of skill energy was immediately swallowed up by Ye Feng and injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's skill.

Ye Feng's cultivation realm began to rapidly and continuously break through at this moment.

boom!

The ninth level of Tianfu Realm!

boom!

Perfection in the tenth level of Tianfu Realm! !

At this moment, Ye Feng's cultivation suddenly broke through to the real tenth level of Tianfu Realm. Ye Feng was naturally very happy. He was only one step away from breaking through the great realm of Tianfu Realm and entering the next brand-new cultivation level. level.

At this time, Ye Feng looked at the shattered scene of the entire Red Lotus Palace around him, and said loudly: "Your Highness, little princess, let's leave here quickly, otherwise, if others see us here, they will definitely be Doubtful."

The little princess also nodded and quickly left the Red Lotus Palace with Ye Feng.

To be on the safe side, Ye Feng took the little princess through the void so that no one could detect their arrival.

At this moment, Ye Feng took the little princess back to the place where the little princess lived.

Sure enough, just as Ye Feng expected, in less than a few hours, the shattered scene in the Red Lotus Hall was immediately discovered by other people in the palace, causing a big shock.

The entire royal family of the Dark Empire was in deep shock.

Because no one expected that almost all the elders and powerful men of the royal family in the Red Lotus Palace died, and they all disappeared mysteriously.

No one knows what's going on here.

Because only a broken Red Lotus Palace was left.

Ye Feng and the little princess naturally knew the truth of the matter, but no one disclosed the information, and no one suspected them.

And that night, when Ye Feng took the little princess back to the place where the little princess lived, he said directly: "Tomorrow we will go to the Red Dragon Empire to participate in the martial

arts conference of the three empires. I don't know what the little princess is doing." Are there any other cultivation resources that can improve my cultivation level again?"

Although this time Ye Feng has absorbed the skills of many elders of the Dark Empire royal family in the Red Lotus Palace, it would naturally be best if Ye Feng could obtain other training resources to further improve his strength.

When the little princess heard what Ye Feng said, she couldn't help but shook her head and said: "One night is really too tight. Basically, all the cultivation resource places that I know that can improve cultivation skills are It is a trial place in the territory of the Dark Empire. As for the training resources in the palace and royal family, I cannot mobilize them at all with my current status. "

Hearing what the little princess said, Ye Feng nodded.

In fact, Ye Feng was just asking. After all, the little princess's status among the royal family of the Dark Empire is still relatively low, and it is normal for her to be unable to mobilize the royal family's resources.

Ye Feng didn't say much at this time.

At this moment, the little princess suddenly said: "Ye Feng, I don't think I should go to the Red Dragon Empire to participate in the martial arts conference this time. After all, we were both invited. In fact, it was mainly because of inviting you. This time, by being kidnapped by the powerful elders of Princess Honglian and letting them set a trap for you, Ye Feng, I understand that my being with you may still delay you, and the Red Dragon Empire is originally the dark empire. There are probably many people who are unfavorable to our Dark Empire outside. It would be terrible if I went there and was used by others to frame you, Ye Feng. I might be safer in the royal family."

Hearing what the little princess said, Ye Feng's eyes flickered, then nodded and said: "Okay, since your highness, the little princess, you have decided for yourself, then you can stay in the royal family of the Dark Empire for the time being."

The little princess nodded and said loudly: "I will go to the palace where my father is located tomorrow, a prince's mansion. No one should dare to break in. And I feel that the most important thing for me now is not what cultivation resources or personal presence I need. In a life-and-death battle, the most important thing for me now is to comprehend the peerless inheritance left by the first generation of the Dark Emperor of our Dark Empire, the Dark Emperor Technique, to a perfect

state as soon as possible. In this case, my overall strength will be I have received a huge improvement. It just so happens that during this time, Ye Feng, you are going to the Red Dragon Empire, so that I can fully understand this unique inheritance among the royal family of the Dark Empire."

Hearing what the little princess said, Ye Feng nodded, smiled and said: "Okay, then I hope that the little princess can understand this set of peerless inheritance as soon as possible. This set of dark emperor skills is indeed very terrifying. When I used it before, my combat power instantly soared."

The little princess also nodded, looking forward to it.

Afterwards, the two chatted casually for a few words, and the little princess left her place of residence and flew quickly towards the palace where her father was.

Ye Feng, on the other hand, was in the little princess's residence, waiting for the next day to go to the Red Dragon Empire.

At night, Ye Feng's consciousness sank into the space of his storage ring and asked aloud: "Senior Ice Emperor, now you can take out the cultivation resources sent to me by the upper class of the human race in the heaven."

Hearing what Ye Feng said, Leng Binghuang immediately nodded and immediately took out the training resources one by one from the space of Ye Feng's storage ring.

Ye Feng observed carefully. Among these cultivation resources, there were human elixirs that exuded light in jade bottles, energy crystals that exuded colorful light, many powerful armors and weapons, and some Ancient heritage books.

Leng Binghuang said aloud: "These things are basically brought out by some old guys from the upper echelons of the human race. Each one is of high quality, but it still depends on your needs. You can take whatever you want."

Ye Feng nodded and first took out all the bottles containing the elixirs, as well as the energy crystals.

Because these things are the most important to Ye Feng and can improve Ye Feng's skills.

Other than that, Ye Feng didn't look at the weapons.

Because these weapons are human weapons, if Ye Feng uses them, his identity as a dark race will definitely be exposed.

Moreover, Ye Feng already had powerful weapons, and the Demon Sky-Opening Ax he obtained before was very powerful.

In addition, Ye Feng looked at the several sets of inheritances, and basically they were not as good as the Dark Emperor Technique that he was currently learning.

Moreover, even if Ye Feng learned the peerless inheritance of the human race, he would not be able to display it at the critical moment in this dark world.

At this time, Ye Feng said aloud: "Senior Ice Emperor, next time you return to the upper level of the human race in the heaven, try to help me get more training resources that can directly improve my cultivation skills, such as these ancient elixirs and advanced energy crystals. Shi, as for these armor weapons and inheritance, I can't use them in the dark world, so I don't need to bring them next time. Bring me as many training resources as possible that can directly improve my skills."

Hearing what Ye Feng said, Leng Binghuang immediately nodded and said: "Okay, I will remember it. Next time, I will try to let the old guys from the upper echelons of the human race give more precious ones that can directly improve their skills." I'll bring it to you when the time comes."

Chapter 5537 Leading the team and setting off

Boom!

At this time, Ye Feng naturally did not hesitate at all, and directly swallowed all the human cultivation resources he had brought, those elixirs and high-level energy crystals, which made Leng Binghuang in the storage ring see this scene, and couldn't help showing a look of astonishment in his eyes.

"Boom!!"

At this moment, Ye Feng immediately felt a very huge energy, which exploded in his dantian, rapidly strengthening his skills.

You know, these elixirs, including energy crystals, were all obtained by Leng Binghuang from the old predecessors of the upper class of the human race in the heaven, so the quality of each one is very high.

After Ye Feng swallowed it, he naturally got an unimaginable huge energy.

Ye Feng had just broken through to the bottleneck of the tenth level of Tianfu Realm, but with the help of such a terrifying energy, he broke through and directly impacted the half-step ancient saint realm above Tianfu Realm!

And this is far more than that!

Ye Feng could feel that the energy provided by those high-level elixirs and energy crystals had not been completely consumed.

With the help of the remaining terrifying energy.

Boom!

Ye Feng once again burst out with a terrifying cultivation.

At this moment, Ye Feng's cultivation broke through again and rushed directly into the real first level of the Ancient Saint Realm above the Tianfu Realm!

At this time, Ye Feng stepped into the new level of cultivation of the Ancient Saint Realm, and it was not half a step, but the complete first level of the Ancient Saint Realm. Naturally, Ye Feng's cultivation and combat effectiveness were incomparably improved.

In just half a day, Ye Feng's cultivation, since experiencing the accumulation of cultivation resources brought by the Red Lotus Palace and the Cold Ice Emperor, has undergone a qualitative transformation and entered a new and powerful realm, the Ancient Saint Realm.

This realm of cultivation is probably almost comparable to those ordinary old-generation masters in the Dark Empire Royal Family.

And Ye Feng's real combat effectiveness is far beyond the ordinary old-generation masters.

At this moment, Ye Feng was more confident about going to the Red Dragon Empire to participate in the martial arts conference held by the three empires.

At this time, Ye Feng's cultivation aura calmed down and stabilized at the first level of the Ancient Saint Realm.

At this moment, Ye Feng looked at the storage ring and asked: "Senior Ice Emperor, I will go to the Red Dragon Empire tomorrow. I wonder if you want to go with me? If you don't want to go, you can leave from my storage ring at any time and return to the heaven."

Hearing what Ye Feng said, Leng Binghuang thought for a while, and then said: "Since you are going to the Red Dragon Empire, I will follow you in the storage ring. It's just right to take a look at the various forces of these dark races in the dark world, as well as the situation of the major dark races. It will play a huge role in our heaven's future against these major forces in the dark world. It is useless, and I just came to the dark world, and I hurried back to the heaven. It is a waste of this opportunity to come to the dark world. I happen to be in your storage ring. If you encounter danger outside, I can help you at any time. Last time, my power was grafted on you, and you played very well. "

Hearing what Leng Binghuang said, Ye Feng's eyes lit up immediately, and he said: "Since Senior Leng Binghuang is willing to follow me and continue to go to the Red Dragon Empire, then I am naturally very happy."

Ye Feng is very clear that Leng Binghuang is in his storage ring, which is equivalent to having a super strong trump card.

His immortal body of the gods can fully withstand the power of the ice emperor injected into his body by Leng Binghuang, so that he can have the powerful strength of the human race super strong in a short time.

For Ye Feng, this is naturally a super powerful trump card.

Next, Ye Feng did not say anything more, but silently stabilized the new level of cultivation that he had just broken through, and felt the powerful power brought to him by this new realm.

No words all night.

...

Early in the morning of the next day, Ye Feng woke up from his residence and flew directly towards the palace of the Dark Empire.

When Ye Feng came to the square outside the palace, he saw that the fifty or sixty top talents of the Dark Empire who had gathered in the palace before were all gathered here, and everyone's face was filled with excitement.

Obviously, they were all looking forward to this martial arts conference, hoping to stand out in the martial arts conference and get the generous rewards from the upper echelons of the Dark Empire.

But Ye Feng's mood was different from everyone else's at this time. In addition to expectation, Ye Feng was also curious.

Because Ye Feng was very curious about what the emperor of the Dark Empire said, if you can get the special reward of the top three in the martial arts conference, what exactly is it?

Swish!

At this moment, Ye Feng flew into the crowd and did not attract much attention.

Because Ye Feng's current reputation in the Dark Empire is actually not very good.

Since Ye Feng came to the Dark Empire, apart from helping the little princess reach the top of the Dark Tower, he basically spent the rest of his time outside training, and did not do anything earth-shattering.

As for the fact that he suppressed the eldest prince, only the eldest prince himself knew about it, and he would never tell anyone.

So among all the top geniuses, Ye Feng is actually an inconspicuous person, and no one pays too much attention to him.

But Ye Feng is also happy and at ease, and it is best if no one disturbs him.

Shua!

At this moment, an old man in golden armor flew out of the palace hall.

Although this old man was very old, he was still wearing golden armor, and he was filled with a murderous aura. He was obviously an extremely powerful existence. He was not an ordinary old man, but a top old man. His cultivation strength was absolutely unfathomable.

The old man in golden armor looked at all the young geniuses in the audience, nodded slightly, and said: "Since you are all ready, let's set off directly to the martial arts conference of the Red Dragon Empire."

At this moment, after the old man in golden armor finished speaking, he immediately flew quickly in a direction outside the Dark Empire.

A group of young geniuses, including Ye Feng, followed him.

With this old man in golden armor leading the team, everyone felt very safe.

After all, the journey to the Red Dragon Empire is still very long, and it is very likely to encounter some dangers from external forces on the way.

But with such an old-generation strong man like a golden war god leading the way, many young geniuses naturally feel very safe.

Ye Feng followed the crowd and looked around, looking at the mountains and rivers that were rapidly retreating around him, and various landforms. He would also be able to see the landform characteristics of the entire dark world.

Leng Binghuang was in Ye Feng's storage ring, and he was also looking outside through the storage ring. He even didn't know when a piece of white paper appeared in his hand, depicting the terrain and landforms of the entire dark world. It seemed that in order to prepare for the human race in the heaven to fight against the dark world in the future, part of the map of the dark world was drawn in advance, so that they could prepare for a rainy day.

It must be said that Leng Binghuang, as a member of the human race alliance in the heaven, is really dedicated.

Chapter 5538: The First Super Genius

Time passed quickly, and three days and three nights passed in the blink of an eye.

The old man in golden armor who led the team was concentrating on the road ahead and did not say a word to the young geniuses behind him, so the speed was extremely fast.

In just three days, they had passed through the entire territory of the Dark Empire, traveled through the vast wilderness of the Dark World, and arrived at a vast new empire of the Dark Race.

This empire is called the Red Dragon Empire.

It is rumored that although the practitioners in this Red Dragon Empire are all from the dark race, their bodies contain a trace of the bloodline power of the ancient red dragon.

Therefore, they can not only possess the powerful bodies of the dark race, but also possess the dragon power of the ancient red dragon. They are very powerful and their talents are very terrifying.

Therefore, the Red Dragon Empire can be regarded as the empire with the strongest comprehensive national strength among the empires established by the three major dark races in the southwest plate of the dark world.

Otherwise, the ten-year martial arts conference would not be held frequently in the Red Dragon Empire.

As for the other two empires, whether it is the Dark Empire where Ye Feng and others are located, or another mysterious empire, the Troll Empire, their comprehensive background is quite different compared to the Red Dragon Empire.

This time, everyone came to the Red Dragon Empire, just in time to see whether this new and powerful dark race empire was as powerful as the rumors said.

At this moment, the old man in golden armor who led the team, and a group of dozens of young geniuses from the Dark Empire, including Ye Feng, soon arrived at the gate of the imperial city of the Red Dragon Empire.

Everyone immediately saw that the imperial city of the Red Dragon Empire was very huge, several times larger than the imperial city of the Dark Empire.

And everyone could clearly feel that when they arrived at the gate of the imperial city of the Red Dragon Empire, even the soldiers guarding the city were all very terrifying, which shocked everyone.

Among the crowd, there was a young genius from the Dark Empire who couldn't help but said: "The Red Dragon Empire is indeed the empire with the strongest comprehensive strength among the three empires in the southwestern part of our Dark World. Even the guards guarding the city gates are It has such great strength."

After hearing this young genius say this, everyone nodded.

The old man in golden armor who led the team didn't seem to have any fluctuations in his eyes, but said calmly: "Let's go in directly."

At this moment, everyone immediately walked quickly towards the imperial city of the Red Dragon Empire.

With the special token in the hands of the golden-armored old man who led the team, everyone entered the imperial city of the Red Dragon Empire smoothly.

The moment they entered the Imperial City of the Red Dragon Empire, everyone immediately saw that the entire Imperial City of the Red Dragon Empire was extremely prosperous, with high-rise buildings towering into the sky everywhere, and jade buildings floating in mid-air. It gives people a feeling as if they have arrived at the golden period of spiritual practice in ancient times.

At this moment, the old man in golden armor who led the team from the front spoke out: "Our Dark Empire has already rented a large single-family manor in the imperial city of the Red Dragon

Empire. All of you who participated in the martial arts conference, these days For days, I lived in that large single-family manor.”

Soon, the old man in golden armor led many young geniuses to the place closest to the west side of the Imperial City of the Red Dragon Empire.

Here, as expected, a huge manor appeared, with hundreds of rooms, enough for the young geniuses from the Dark Empire who came to participate in the martial arts conference to live and practice daily.

Obviously, the old man in golden armor who led the team was not randomly selected to lead the team. Not only was he powerful in cultivation, he also seemed to be very familiar with the imperial city of the Red Dragon Empire and knew him everywhere.

At this moment, the old man in golden armor immediately said: "I have other things to do in the Red Dragon Empire. I will leave here for a while. As long as you stay in the imperial city of the Red Dragon Empire, you will not There will be any danger, so don't leave the imperial city of the Red Dragon Empire rashly, otherwise you may be in danger.”

When he said this, the old man in golden armor suddenly looked in the direction of the entire imperial city around him and said loudly: "It should be the first time for you to come to the imperial city of the Red Dragon Empire. The martial arts conference will only start tomorrow. Morning, if you feel bored in this large manor, you can always go to the imperial city of the Red Dragon Empire. Take a look around. The imperial city of the Red Dragon Empire can be said to be the most prosperous city in the southwestern part of our dark world. There are many shops selling various cultivation resources in the entire imperial city of the Red Dragon Empire. You You can go take a look and shop around, maybe you can buy good and cheap things.”

Obviously, the old man in golden armor did not restrict all young geniuses from staying in this large single-family manor. He also encouraged everyone to go out and take a look at the imperial city of the Red Dragon Empire.

On the one hand, you can buy a lot of good things. After all, the imperial city of the Red Dragon Empire is very prosperous and there will be precious commodities from all over the place.

Some high-quality things cannot be bought in the imperial city of the Dark Empire.

At this moment, after the old man in golden armor finished speaking, he jumped directly and disappeared from the scene.

At this time, many young geniuses were eager to visit the imperial city of the Red Dragon Empire.

Ye Feng also wanted to go shopping.

After all, it was not easy to come to this extremely prosperous imperial city of the Red Dragon Empire. Ye Feng did discover along the way that the imperial city of the Red Dragon Empire was very prosperous, with many shops and places selling various cultivation resources. , maybe you can really get a lot of good things.

Because Ye Feng has the ability to devour, he has obtained good training resources, which he can use instantly to enhance his strength. This will be of great help to him in participating in the martial arts conferences of the three major empires in the imperial city of the Red Dragon Empire. benefits.

Therefore, Ye Feng and many other young geniuses from the Dark Empire were ready to leave this single-family manor and go shopping in the shops in the imperial city.

But suddenly at this moment, a young man in a blue gown suddenly flew into the air among the crowd, looked at all the young geniuses, and said loudly: "I think everyone should not wander around for the time being, let's discuss it first Let's talk about this martial arts conference. You must know that our Dark Empire has the weakest comprehensive foundation among the three empires. If I want to win a good ranking in this conference, it will naturally require mutual cooperation between us. For example, just now At the beginning, let the weakest ones take the stage to compete, consuming as much as possible the skills of the top geniuses from the other two empires, and then let the strongest geniuses like me take the stage. As the final winner, of course, I am not For my own selfish reasons, I only think about our entire Dark Empire. After all, the success or failure of this martial arts conference is related to the future distribution of our Dark Empire's territory and heaven and earth resources in the entire Southwest of the Dark World. We should focus on the overall situation."

At this moment, hearing this young man wearing a blue gown say this, many young geniuses had sneers in their eyes.

A young genius spoke up and said, "Why should we listen to you?"

The young man in a blue gown smiled slightly and said, "Because... my name is Lan Tianhe."

"What??"

"Are you actually Lan Tianhe?"

At this time, the young genius from the Dark Empire who had been sneering just now suddenly widened his eyes.

The other young geniuses around also had shocked expressions on their faces.

The young genius from the Dark Empire just now couldn't help but exclaimed: "Are you Lan Tianhe, who was hailed as the number one super genius in our Dark Empire three years ago? Even the eldest prince was defeated by you three years ago. In the hands of you? Aren't you practicing a very terrifying peerless inheritance? This time you came out of seclusion! It's hard to imagine how terrifying your strength is after three years!"

Chapter 5539: Respect the Strong

At this time, all the young geniuses from the Dark Empire present were extremely shocked.

Because they never expected that the super-top genius who ranked first in their dark empire three years ago would actually come to this martial arts conference.

Everyone understands that this year, Lan Tianhe will probably be the most powerful among all the young geniuses in their dark empire.

At this moment, many young geniuses present fell silent and did not dare to say anything more.

Because Lan Tianhe's strength is obvious to all. Three years ago, he was the number one super genius among the younger generation of the Dark Empire.

Even the eldest prince, who possesses the demeanor of a king, has been defeated by this Lan Tianhe.

Therefore, everyone understands that Lan Tianhe is revealing his identity now, probably because he wants to become the commander-in-chief among the dozens of top geniuses, and everything must be obeyed by his arrangements.

At this time, Lan Tianhe saw that everyone was silent and seemed quite satisfied. He smiled slightly and said loudly: "Now that I have retreated, I have completely understood the peerless inheritance that I have understood to a perfect state. This Once, the upper echelons of the entire Dark Empire placed high hopes on me. However, the foundation of our Dark Empire has become much weaker after all. Therefore, if we want our Dark Empire to obtain a good ranking in this martial arts competition, you must obey me. In this way, I can use the fullest advantage to win a higher ranking as much as possible, which will be of great help to our entire Dark Empire. "

Hearing Lan Tianhe say this, many young geniuses expressed their agreement.

Because they are fighting for the entire Dark Empire this time, it is most correct to put the interests of the entire Dark Empire first.

Moreover, Lan Tianhe is originally the number one super-top genius who has been famous for a long time in the Dark Empire, so many top geniuses naturally agree with Lan Tianhe's words, because Lan Tianhe has accumulated enough majesty and his reputation is throughout the Dark Empire. It is very loud among the younger generation of the empire.

And just when Lan Tianhe was preparing to arrange things for everyone, suddenly a young boy in white left the scene and walked in other directions of the imperial city without even looking at Lan Tianhe.

"Um?"

Seeing this scene at this moment, everyone's eyes were filled with astonishment, as if they did not expect that an unknown boy would dare to resist Lan Tianhe's order.

Including Lan Tianhe himself, his face turned extremely ugly at this moment, and he couldn't help but said: "Stop! Who are you? How dare you leave here directly in spite of the disapproval of the world."

Hearing what Lan Tianhe said, the boy in white suddenly turned around, and it was naturally Ye Feng.

Ye Feng just smiled coldly at this moment and said: "Who are you? Why should I listen to you?"

Hearing what Ye Feng said, many other young geniuses present had a look of astonishment in their eyes, as if they did not expect that such an unknown boy would dare to talk to Lan Tianhe like this.

Many young geniuses had sneers in their eyes, wanting to see Ye Feng's miserable end as he was taught a lesson by Lan Tianhe.

At this time, Lan Tianhe's face suddenly became gloomy, and he exuded an infinite aura.

This kind of momentum is like a vast ocean, making Lan Tianhe's entire figure become majestic like an ancient sacred mountain.

The young geniuses standing around who were relatively close to Lan Tianhe all felt the pressure of this terrifying momentum. They couldn't help but retreat quickly, feeling as if there was a heavy weight on their shoulders. Like a huge mountain, they were pressed so hard that they could not move at all.

After sensing all this at this moment, many young geniuses present had deep horror in their eyes.

Because they never expected that Lan Tianhe was so powerful. Just the momentum he exuded made the so-called top geniuses present feel terrible pressure, and even their whole bodies were unable to move.

"What kind of terrifying strength is this?"

At this time, everyone present was suddenly horrified to the extreme.

They knew that Lan Tianhe was very powerful, but they didn't expect that Lan Tianhe was so powerful.

A young genius couldn't help but said: "It seems that these three years of seclusion have caused a qualitative transformation in Lan Tianhe's strength. It is really terrifying. I feel that if we are united, we are not the same as Lan Tianhe." man's opponent."

At this time, other young geniuses couldn't help but look at Ye Feng and said loudly: "Don't be impulsive. After all, we are all young geniuses of the Dark Empire and represent the Dark Empire. We don't want to fight among ourselves now. You should listen to Lan Tianhe Senior brother, he is

the most powerful among us. We can only make some sacrifices to help senior brother Lan Tianhe win as high a ranking as possible in this martial arts competition. If we can let senior brother Lan Tianhe win Being among the top ten or even the top five in this martial arts competition will be of great benefit to our entire Dark Empire."

Hearing what these young geniuses said at this moment, Ye Feng smiled faintly and said: "I know that I am also representing our entire Dark Empire to participate in this martial arts conference, so I will naturally do my best. Go fight with the geniuses from the other two empires, but please don't hold me back morally. I will naturally contribute, but don't force me to help anyone among you."

Hearing Ye Feng say this at this moment, Lan Tianhe's eyes suddenly turned gloomy.

He immediately stared at Ye Feng and slowly walked in the direction of Ye Feng. The pressure on his body became more and more terrifying, making many top geniuses around him unable to help but retreat.

At this moment, Lan Tianhe was like an emperor who would not tolerate disobedience, staring at Ye Feng with very cold eyes, and said loudly: "Everyone listens to me, and you must listen too. I am the strongest among everyone." The strongest, I am also the most likely among our dark empire this time A peerless genius who has hit the top five. Therefore, a little-known genius like you must listen to me. Otherwise, I will have to use some means to force you to surrender, because some people are just thorny and won't give me any advice. Once you taste the pain, you won't know what it means to fear the strong."

Hearing what Lan Tianhe said at this moment, Ye Feng suddenly laughed and said, "Who are you? You are qualified to say things like respecting the strong in front of me."

"presumptuous!"

Hearing what Ye Feng said, Lan Tianhe immediately gave a cold shout. With a huge and boundless terrifying momentum, he immediately pressed towards Ye Feng and said loudly: "Today, you must obey whether you accept it or not!"

Chapter 5540: More Greed

At this time, Lan Tianhe immediately pressed towards Ye Feng, hoping to rely on his huge momentum to directly surrender Ye Feng and make Ye Feng obey his orders.

But at this moment, Ye Feng just smiled indifferently and said: "I have said it before, you are nothing in front of me."

Boom! !

Almost at this moment, Ye Feng suddenly burst out with a terrifying momentum.

Although Ye Feng's cultivation realm is several realms lower than that of Lan Tianhe, the cultivation aura released by Ye Feng is simply terrifying to the extreme, making Lan Tianhe feel a terrifying impact all of a sudden. force.

Wow!

The aura on his body was directly dissipated by Ye Feng's huge aura, and then Lan Tianhe couldn't help but take several steps back.

"What??"

Seeing this scene, everyone present widened their eyes.

Even Lan Tianhe himself suddenly showed a dull look on his face.

He never thought that Ye Feng's momentum would be so terrifying.

Lan Tianhe immediately couldn't help but exclaimed: "This is impossible!! Your cultivation level is obviously several levels lower than mine, but you actually have such a powerful cultivation momentum. This is absolutely impossible!" Yes, this is completely inconsistent with your cultivation level!"

Hearing what Lan Tianhe said, Ye Feng just smiled indifferently and said: "There are many impossible things in this world. You think it is impossible just because you have no experience."

Uh-huh!

Almost at this moment, Ye Feng turned around and left a message: "Don't provoke me again, otherwise, even if you and I are both members of the Dark Empire, I won't be polite."

At this moment, after Ye Feng finished speaking, he left the scene directly.

This Lan Tianhe is still very powerful, and Ye Feng doesn't want to take action casually for the time being. He just needs to make him fearful and not provoke him.

Otherwise, if you want to defeat this Lan Tianhe, Ye Feng's current cultivation strength will actually have to pay some price, which will be detrimental to the upcoming martial arts conference.

Seeing Ye Feng's leaving figure, Lan Tianhe's expression suddenly became extremely ugly.

He wanted to say something, wanted to do something, but he didn't dare to say or do something, because the huge momentum that Ye Feng had just exploded in an instant was too scary.

At this moment, Lan Tianhe's eyes suddenly showed a deep hesitation, because he didn't know whether Ye Feng's own strength was as strong as him.

If he attacks Ye Feng and is defeated by Ye Feng, then he will directly become a joke.

But at this time, he had other ways to smooth things over.

At this moment, Lan Tianhe looked at the other young geniuses from the Dark Empire who had dull expressions around them, and immediately said: "This Ye Feng just used his momentum to repel me. His true strength is not He must be more powerful than me. Maybe he has specially cultivated a special inheritance that can gather his own momentum, so he can have such a powerful momentum. After all, his cultivation level is several levels lower than mine, and his true strength is definitely not as good as mine. "

Hearing what Lan Tianhe said at this moment, no other young genius around believed what Lan Tianhe said.

Because many of the young geniuses of the Dark Empire present are not ordinary people, they are all first-class powerful geniuses, and their eyesight is also very vicious.

So in just a moment, they could see that Ye Feng's strength was absolutely terrifying, and he might even surpass Lan Tianhe.

At this moment, among the crowd, there were young geniuses from the Dark Empire staring at Ye Feng's leaving back, and couldn't help but said in shock: "This young man seems to be called Ye Feng, and he seems to be under the command of His Royal Highness the Princess. The captain of the guard once led the princess to the top of the Tower of Darkness."

"That's right, that's right!"

Hearing what this genius said at this moment, other geniuses in the crowd couldn't help but said: "I remember, this young man in white is Ye Feng, who once led the young princess to the dark. There was a sensation at the top of the Tower of Darkness, and he was personally summoned by His Majesty the Emperor. I guess that this Ye Feng may have cultivated the peerless inheritance of the first generation of the Dark Emperor of our Dark Empire contained in the top of the Dark Tower, so he suddenly became so powerful, otherwise, there is no way to explain why he is so powerful."

At this moment, many young geniuses started talking about it.

However, the focus of discussion was all about Ye Feng.

Lan Tianhe seemed to have been forgotten by everyone, standing alone high in the sky, his face turned extremely ugly.

But at this time, Lan Tianhe seemed to have heard something, and couldn't help but murmur to himself, "Huh? No wonder this Ye Feng is so powerful, he has cultivated the peerless inheritance of the first generation of the Dark Emperor! This set of inheritance is our Dark The strongest inheritance in the empire is much more powerful and advanced than the one I learned during my three years of seclusion. No wonder it is so powerful."

At this moment, Lan Tianhe murmured secretly, and his expression suddenly became a bit resentful and vicious.

Lan Tianhe has a vicious plan in his heart.

Originally, he did not want to provoke such a mysterious and powerful being as Ye Feng, but after hearing discussions from people around him, Ye Feng actually possessed the peerless inheritance of

the most powerful first-generation Dark Emperor in the Dark Empire, which made Lan Tianhe feel envious. Hatred arose again.

Ye Feng had embarrassed him today, which made Lan Tianhe feel very unhappy with Ye Feng.

Now that he heard that Ye Feng had the inheritance of the first generation of the Dark Emperor, Lan Tianhe felt an inexplicable murderous intention in his heart.

He wants to kill Ye Feng!

And he also wants to snatch the peerless inheritance of the first-generation Dark Emperor contained in Ye Feng!

At this moment, Lan Tianhe couldn't help but murmur secretly in his heart, "Humph, although Ye Feng, your cultivation is very strong, you don't have any background or connections, and I, Lan Tianhe, am in the southwest sector of the entire dark world. , I have connections everywhere. Even in the Red Dragon Empire, I have a lot of connections and helpers. I will gather all the most powerful connections to secretly kill you, this kid, and snatch the first generation from you. The inheritance of the Dark Emperor! If I can obtain the peerless inheritance of the first generation of the Dark Emperor, after successful training, with my strong martial arts foundation, my strength will undergo earth-shaking changes, let alone our Dark Empire's own super. You are a genius, just like all the geniuses in the three major empires in the southwest part of the dark world, I will not take it seriously! The premise is, Ye Feng, you must die!"

At this moment, Lan Tianhe was thinking, his murderous intention towards Ye Feng was getting stronger and stronger, and he was even more greedy for the peerless inheritance of the first generation Dark Emperor.
