Chapter 5541 Jade Round Beads

At this time, Ye Feng did not know that Lan Tianhe, the number one super genius of the Dark Empire at that time, had deep envy, jealousy and hatred towards him. He even wanted to kill Ye Feng and seize the power of the first generation Dark Emperor from Ye Feng. Peerless inheritance.

But even if Ye Feng knew about it, he probably wouldn't be too afraid.

After all, although this Lan Tianhe is very powerful, even if Lan Tianhe finds some helpers, he will definitely not be Ye Feng's opponent.

Because in Ye Feng's storage ring, Leng Binghuang, the super strong man of the human race, is always in it.

If Ye Feng really encounters some irresistible danger to his life, he can let Leng Binghuang continue to input his Ice King's power into his Dantian, allowing him to gain the extremely powerful Ice King's power in a short period of time. , in a short period of time, the terrifying strength of the human race's superpower exploded.

At this moment, Ye Feng didn't pay much attention to this matter. After dismissing Lan Tianhe, he went directly to the inner streets of the imperial city of the Red Dragon Empire.

It must be said that the imperial city of the Red Dragon Empire is indeed a very prosperous city, filled with all kinds of lively shops everywhere.

Throughout the imperial city of the Red Dragon Empire, various characters were walking in the streets and alleys. Most of the characters basically came from all over the world.

Obviously, many of the characters in the Imperial City of the Red Dragon Empire are not local figures in the Red Dragon Empire, but come from the outside world and come specifically to the prosperous imperial city of the Red Dragon Empire to trade various cultivation resources. .

At this moment, Ye Feng was also secretly observing where there were training resources that could quickly improve his skills.

After all, Ye Feng came to the martial arts conference this time to compete in the top three.

And Ye Feng knew very well that it would still be difficult for him to win the top three in the martial arts conference.

Therefore, Ye Feng knew that he still needed to continue to improve his cultivation. The more his skills improved, the greater his chance of winning the top three.

At this moment, Ye Feng suddenly saw a free trading market not far away.

These markets are not independent shops, but small stalls set up by businessmen from various places. There are also some wandering warriors who get some special good things from some wild mountains. We set up a stall here to sell, hoping to get a good price.

At this moment, Ye Feng came to this market filled with stalls, exuded his soul power, and began to search for the cultivation resources he needed.

First of all, Ye Feng locked a stall.

Ye Feng came to this stall and immediately saw the stall owner, an old man wearing black clothes.

This old man only had one eye left, and he looked very fierce.

But seeing Ye Feng coming here, the one-eyed old man suddenly showed a very charitable smile and said loudly: "This little brother, you can tell at a glance that he is a man with amazing bones and outstanding talents. I have taken a fancy to him." Did you buy something from Laochan's stall? Laochan can give you a discount directly."

Hearing what the familiar one-eyed old man said, Ye Feng couldn't help but shake his head and smile. He didn't expect that this one-eyed old man who seemed quite fierce would be such a familiar old man.

At this moment, Ye Feng looked directly at the one-eyed old man's stall, looked at it carefully, then selected an emerald-colored bead and said loudly: "I don't want anything else, I just want it." This jade bead."

Hearing what Ye Feng said, the one-eyed old man suddenly showed a look of surprise in his eyes. It seemed that he did not expect that Ye Feng would choose such an inconspicuous jade bead.

In fact, the one-eyed old man didn't know the identity of this jade ball.

Because he accidentally obtained this jade ball from an ancient ruin in a deep mountain, but he never knew what it was like, so he just took it out and sold it in his stall. Unexpectedly, Ye Feng only took a fancy to him, the jade ball.

At this moment, the one-eyed old man couldn't help but said: "What on earth is this jade ball?"

Ye Feng smiled slightly and said loudly: "I don't know what it is, and you don't even know what you are selling. How do I know? You just decide whether to sell it or not, and at what price."

The one-eyed old man said aloud: "This emerald round bead is a treasure I accidentally obtained from an ancient ruins deep in the mountains. Although I don't know its specific function, it must be very extraordinary. Since you want it, little brother, Then I'll sell it to you cheaper, it's a matter of fate, how about one thousand black stones?"

Black stone is a currency-like thing recognized in the dark world, which contains special dark energy.

However, the dark energy in the black stone is very weak. Generally, practitioners of the dark race rarely absorb the dark energy in the black stone directly, and usually only use it as currency.

At this time, Ye Feng heard what the one-eyed old man said, nodded and said, "Okay, one thousand black stones."

At this moment, Ye Feng didn't hesitate at all. He took out a thousand black stones from his storage ring and handed it to the one-eyed old man.

Ye Feng came to the Dark Empire in the Dark World and has been around for a long time.

And you have to know that in the dark world until today, Ye Feng has killed many strong men from the dark race and plundered a lot of black stones, so he still has a lot of wealth.

At this time, Ye Feng took the jade round bead in his hand, and the one-eyed old man accepted a thousand black stones, and then couldn't help but say: "There are still many high-level pills that I personally refined in my stall. Doesn't this young man need them?"

Ye Feng smiled and said: "These pills are too low-level and don't have much effect on me."

After the voice fell, Ye Feng turned around and left.

When Ye Feng left the stall, he began to carefully observe the jade round bead in his hand.

In fact, Ye Feng didn't know what this jade raw bead was.

But when Ye Feng used his soul power to explore just now, he clearly felt that there was a very inexplicable mysterious power surging in this jade round bead.

Ye Feng didn't hesitate at this time, and directly opened his mouth and swallowed the jade round bead.

No matter what this jade bead is, as long as it contains energy, Ye Feng can directly digest, devour, and absorb it.

At this moment, after Ye Feng swallowed this jade bead, he immediately felt a huge burst of energy from the jade bead.

The devouring power in Ye Feng's body seemed to melt the seal engraved on the surface of the jade bead, causing the energy in the jade bead to burst out in Ye Feng's stomach in an instant.

A terrifying wave of energy immediately rushed towards Ye Feng's limbs and bones, rapidly strengthening Ye Feng's skills.

And at the moment when Ye Feng absorbed the power of the jade bead, suddenly a crisp female voice sounded in Ye Feng's stomach: "Who unlocked the thousand-year seal of the mountain and sea bead? I, a thousand-year fox demon, was released. Well, well, I finally got out, but I am too weak now and need fresh blood to restore my strength. No, where is this place?"

Chapter 5542: Taking by force

At this moment, hearing the voice of the woman in his stomach, Ye Feng's eyes also showed a trace of astonishment, as if he had not expected that there would be a guy who claimed to be a thousand-year-old fox demon in his stomach.

At this moment, the jade round bead that Ye Feng suddenly thought of, could it be the container that sealed this thousand-year-old fox demon?

It's just that by mistake, he swallowed and absorbed the sealing power in the jade round bead, so he accidentally unlocked the seal and released this thousand-year-old fox.

At this time, Ye Feng couldn't help but say: "Yes, you are in my stomach."

When the thousand-year-old fox demon heard Ye Feng's voice, he was stunned for a moment, as if he had not expected that he was actually in the stomach of a living being.

At this moment, the thousand-year-old fox demon immediately couldn't help but say: "Since you saved me, then I will definitely repay you and won't hurt you. Open your mouth now."

Ye Feng nodded and opened his mouth directly.

Swish!

Almost in the next moment, a ray of light suddenly flew out of Ye Feng's stomach, through Ye Feng's esophagus, and directly from Ye Feng's mouth.

At this time, the moment this ray of light appeared, it directly turned into a beautiful mature woman wearing a red long skirt, looking elegant and luxurious.

This person should be the thousand-year-old fox demon.

At this time, the thousand-year-old fox demon stared at Ye Feng in front of him, with a look of surprise in his eyes, and said aloud: "I didn't expect that the one who unlocked the seal of Shanhai Pearl was a boy like you who looked so young. How did you unlock the seal of Shanhai Pearl? This seal is very old, and it is difficult to unlock it even in my peak period."

Ye Feng couldn't help but smile slightly at this time, and said aloud: "Maybe many years have passed, so this seal has become weak, so I unlocked it."

Hearing Ye Feng say this, the thousand-year-old fox demon nodded and said aloud: "It seems that your luck is still very good. You saved me, and I will definitely repay you, but I also need your help now, because I have been trapped in Shanhai Pearl for so many years, and my strength has been consumed a lot, so I now need a person to protect my safety and let me recover my strength."

Hearing the thousand-year-old fox demon say this, Ye Feng immediately nodded and said aloud: "Senior can be by my side, I am currently in a very safe place."

Hearing Ye Feng say this, the thousand-year-old fox demon nodded.

Buzz!

The next moment, this mature woman in a red dress, elegant and graceful, turned into a palm-sized fox in a ray of light, and flew directly to Ye Feng's shoulder, lying on Ye Feng's shoulder, and fell asleep.

Seeing this scene, Ye Feng's eyes immediately showed surprise.

Unexpectedly, such an elegant and magnificent thousand-year-old fox demon, like a peerless queen, turned into such a cute little fox, lying on his shoulder, which was really lovable.

But Ye Feng did not dare to underestimate this cute little fox.

Because this little fox is a thousand-year-old fox demon who has practiced for many years, very terrifying, and an extremely powerful super strong.

At this moment, Ye Feng was somewhat fortunate in his heart. He did not expect that he had accidentally saved such a powerful thousand-year-old fox demon, and he also had a powerful trump card.

After all, you have to know that Leng Binghuang can't stay in Ye Feng's storage ring forever. Leng Binghuang is just a figure between Ye Feng and the upper class of the human race in the heaven. Leng Binghuang will leave the dark world sooner or later.

So now Ye Feng has the help of a thousand-year-old fox demon, which is equivalent to the protection of an old strong man, which naturally makes Ye Feng very happy.

At this moment, Ye Feng continued to devour the energy in the mountain and sea pearl, and the aura of his cultivation immediately began to break through.

Boom!

The second level of the ancient saint realm!

Boom!

The third level of the ancient saint realm!

At this moment, Ye Feng's cultivation obtained the remaining energy in the mountain and sea pearl, which directly allowed Ye Feng's cultivation realm to break through two small levels and step into the third level of the ancient saint realm.

At this moment, Ye Feng clenched his fists and felt that his strength had increased dozens of times.

This made Ye Feng very happy. After all, he only used one thousand black stones to buy such a precious mountain and sea pearl, and he also picked up a bargain for nothing and got the help of a super strong man like a thousand-year-old fox demon. This is really a big profit.

At this time, Ye Feng continued to emit soul power, searching quickly among the small vendors, trying to find other good things with good quality and low prices.

However, just as Ye Feng was silently searching in this stall, a noise suddenly sounded not far away.

Ye Feng immediately saw a young man wearing red dragon-patterned clothes, who directly overturned a stall and said coldly: "No one dares not give me what I want!"

At this moment, Ye Feng walked over and found that the owner of the stall was a lonely grandfather and granddaughter.

At this moment, the little granddaughter was only seven or eight years old and fell to the ground.

The owner of this stall, the old man, knelt on the ground, kowtowed fiercely and said loudly: "Sir, please forgive me, my granddaughter is so ignorant, but that red jade pendant is really my granddaughter. Please don't take things that have been passed down from generation to generation. If you can return them to my granddaughter, I can give you everything else except this red jade pendant."

At this time, the little girl who looked to be only seven or eight years old was holding back her tears and stared at the young man wearing a red dragon pattern with angry eyes, but she could not resist and could only whisper in a low voice. Said: "That is my mother's only The thing left to me is the inheritance of our family. You can't just give me a hundred black stones and snatch it away. It is priceless to me, even if you are from the prince's palace of the Red Dragon Empire. , and cannot do such plundering things."

Hearing the words of the grandfather and granddaughter at this moment, everyone onlookers had a look of surprise in their eyes, staring at the young man in a red gown who had just kicked over the stall. They did not expect that this person turned out to be them. The people in the Prince's Mansion of the Red Dragon Empire are most likely masters under His Royal Highness the Crown Prince. No wonder they are so bold and dare to rob the imperial city of the Red Dragon Empire.

At this moment, the master of the prince's residence also showed a gloomy look in his eyes.

He looked at the people around him pointing, and immediately said coldly: "I am a staff expert under His Royal Highness the Crown Prince in the Prince's Mansion. The grandpa and granddaughter are of low status, and they don't have anything good in their hands at all. That piece of red jade Pei, I can give them one hundred black stones, which is pretty good. They are just deliberately mistreating me and trying to extort my money. I want to arrest the grandfather and granddaughter now in the prison of our Red Dragon Empire. Among them, let's see who dares to stop me!"

At this moment, the master of the prince's residence immediately walked towards the grandfather and granddaughter.

"stop!"

But suddenly at this moment, a voice suddenly sounded.

The next moment, everyone immediately saw two figures walking out of the crowd.

One is a beautiful woman in a purple dress, and the other is a burly man standing next to the woman in a purple dress. He is wearing black armor with a troll pattern on it. He looks majestic and unfathomable.

"Why is he here??"

At this time, Ye Feng stood in the crowd and saw one of the two people. His eyes widened slightly, with a look of astonishment on his face.

Chapter 5543 The Demon King's Daughter

"Who are you? You dare to stop me?"

At this time, the master from the Prince's Mansion immediately stared at the young woman in the purple dress who wanted to stand out, with a look of disdain on his face.

At this moment, the beautiful young woman in the purple dress who appeared immediately said coldly: "I didn't expect the people in the Red Dragon Empire's crown prince's residence to be so arrogant. I have learned a lot today, but today Now that I have encountered you forcibly oppressing such a lonely grandfather and granddaughter, as the daughter of the Demon Emperor of the Troll Empire, I, the Demon Ling'er, naturally have to take good care of them!"

"What??"

"He turns out to be Demon Ling'er, the daughter of the Demon Emperor of the Troll Empire!"

"This is a person comparable to the princess of our Red Dragon Empire!"

At this moment, people around him couldn't help but exclaimed.

At this moment, the master at the Red Dragon Empire's crown prince's residence also widened his eyes slightly, as if he did not expect that a noble young figure like Demon Ling'er, the daughter of the Demon Emperor of the Troll Empire, would appear here.

At this time, Ye Feng, who was standing in the crowd, paid no attention to the disputes here, but stared blankly at the burly and strong man standing next to Demon Ling'er, the daughter of the Demon Emperor of the so-called Troll Empire. Chinese.

This burly man wearing black armor with a troll pattern had a deep scar on his face and looked rough.

The reason why Ye Feng was shocked was because this person turned out to be an old friend he hadn't seen for many years, Uncle Scar.

I didn't expect to appear here.

He also inexplicably became a member of the Troll Empire.

Ye Feng never expected this.

You must know that the fate between Ye Feng and Uncle Scar has a long history. It can be traced back to a small dynasty in Longyuan Continent, the lowest level where Ye Feng just practiced.

It had been so long since he last met and separated from Uncle Scar that Ye Feng had almost forgotten his old friend.

But he didn't expect that in this dark world that was so far away and unfamiliar, Ye Feng would meet Uncle Scar again.

The familiar face and figure made Ye Feng very sure that this burly man who seemed to come from the Troll Empire was definitely his old friend, Uncle Scar.

This is truly like meeting an old friend in a foreign land, with the eyes filled with vicissitudes of life.

At this moment, Ye Feng slowly walked towards Uncle Scar among the crowd, wanting to carefully check whether this person was really his old friend from back then, or whether this person came from The burly man from the Troll Empire just looks a little similar to his old friend Uncle Scar.

In any case, Ye Feng needs to investigate carefully first.

And just when Ye Feng wanted to identify whether this burly man was his old friend Uncle Scar.

Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire, had already walked up to the grandfather and granddaughter just now and said, "Don't worry, no one can do this with me, Mo Ling'er, today." The big one bullies the small ones."

At this moment, the expression on the face of the master in the Prince's Mansion of the Red Dragon Empire was extremely ugly.

Because he never thought that the daughter of the Demon Emperor, another noble figure from the Troll Empire, would happen to be passing by and insist on intervening in this matter.

At this moment, Mo Ling'er's cold eyes were fixed on the master of the Red Dragon Empire's crown prince's residence, and he said indifferently: "Hurry up and hand over the scarlet jade pendant that is the inheritance of this girl's family. I, and you have to apologize to me and my grandson, and then I will let you go."

Hearing what Mo Ling'er said at this moment, the master of the Prince's Mansion in the Red Dragon Empire suddenly turned his eyes extremely gloomy, as if he didn't expect that Mo Ling'er actually wanted to take care of this matter.

At this time, Mo Ling'er first helped up the little girl who fell to the ground, then stared coldly at the master in the Red Dragon Empire Crown Prince's Mansion, and said loudly: "Take this little girl's inheritance that should belong to her Hand it over, otherwise, don't blame me for taking action myself."

Buzz!

At this time, Mo Ling'er's body immediately exuded a huge and terrifying aura, making everyone present feel a great pressure.

I have to say that this Demon Ling'er is indeed the daughter of the Demon Emperor from the Troll Empire. I am afraid she is also here to participate in this martial arts conference. Her cultivation strength is still very terrifying. She is definitely a king-level existence among the younger generation. , more powerful than many older figures.

So at this moment, after the demon Ling'er exuded his cultivation momentum, the young master who was still arrogant just now in the residence of the Red Dragon Empire Crown Prince suddenly felt a kind of terrifying pressure, like a mountain. Pressing on his shoulders, his whole body began to tremble, and he almost fell to his knees.

boom! !

But suddenly at this moment, another equally terrifying aura suddenly struck from behind the young master in the prince's residence, instantly overwhelming the huge aura exuding from the demon Ling'er. Fragmented.

At this moment, even Mo Ling'er couldn't help but take a few steps back. His expression suddenly changed. He looked in the direction behind the young master of the Prince's Mansion and said loudly: "Who is it?"

At this moment, everyone looked over.

The next moment, a young man in a golden robe, with deep eyes and a prominent appearance, came out from behind.

He put his hands behind his back, and a domineering smile appeared on his handsome face. He said: "Mo Ling'er, this is not your Troll Empire, this is the imperial city of our Red Dragon Empire. When will it be your turn to teach us a lesson? It's so presumptuous! You so-called geniuses from outside, come to my Red Dragon Empire to participate in the martial arts conference, just stay here for a few days, otherwise you will get into trouble and end up miserably."

At this moment, after these domineering words fell, someone present immediately recognized the identity of the young man in a golden robe. He was the prince of the Red Dragon Empire, Chi Jiutian!

While the two sides were looking at each other, Ye Feng had sneaked to the front of the crowd and stood next to the burly man in black armor who had just followed Mo Ling'er.

Ye Feng suddenly asked in a voice that only the two of them could hear: "Uncle Scar, is that you?"

"Hmm?"

Almost at the moment when Ye Feng finished speaking, the burly man wearing black armor with the troll pattern of the Troll Empire turned around incredibly and stared at Ye Feng. The scarred face could no longer maintain the previous mystery and depth, but revealed a deep look of astonishment. He stared at Ye Feng in an instant and couldn't help but say: "Ye... Ye Feng boy! Why... why are you here?"

Sure enough, this person turned out to be Uncle Scar!

Chapter 5544: Reminiscing about the past

At this time, Ye Feng never thought that this person was actually his old friend, Uncle Scar.

Ye Feng immediately felt a very cordial feeling, but at the same time he was very confused and couldn't help but asked: "Uncle Scar, how did you become a member of the Troll Empire, and your status seems to be not low, you have been following Next to the daughter of the Demon Emperor of the Troll Empire."

Hearing what Ye Feng said, Uncle Scar couldn't help but said: "Didn't you become a super genius of the dark race of the dark empire? He is really awesome."

At this time, both of them started to praise each other.

However, Ye Feng still admires Uncle Scar very much.

You must know that Ye Feng has innate talents and can disguise himself as the power and life source of various races, so he can blend into the dark race groups in this dark world very smoothly.

But Uncle Scar has always had a human body. It was definitely very difficult to get into the troll empire, but Uncle Scar still did it.

Ye Feng couldn't help but asked: "Uncle Scar, if you sneak into this troll empire, you definitely don't want to stay in this troll empire safely, right?"

Hearing Ye Feng's question, Uncle Scar immediately grinned and said: "Of course, I have my own plan. I have something special to look for in the Troll Empire, but until now, I haven't found it yet." I found it, but in the process of searching, maybe I was too good, I have now become the powerful general of the Troll Empire, so I am qualified to follow the daughter of the Demon Emperor of the Troll Empire, Mo Ling'er, to the Red Dragon Empire to participate in the martial arts conference. The upper echelons of the Troll Empire seem to it's really shameful to want to train me to be the next generation pillar of the troll empire."

Hearing what Uncle Scar said, Ye Feng's eyes suddenly showed a look of astonishment. He dared to think that Uncle Scar was doing better than himself in the Dark Empire, and he actually became a general with the title of the Troll Empire. This is He has a very high status and is definitely a powerful person in the entire troll empire. He is a prince-like existence and can probably command millions of elite soldiers and generals.

At this moment, Ye Feng immediately gave a thumbs up and said loudly: "Uncle Scar, I feel that you are better than me."

Uncle Scar immediately couldn't help but shook his head and said loudly: "We are the same as each other."

When Ye Feng heard Uncle Scar say this, he couldn't help but shake his head and smile.

In fact, Ye Feng still has some emotions in his heart. After all, for Ye Feng, he has been cultivating all the way, and many of his companions at that time either couldn't keep up with his pace, stayed in the same place, or disappeared without a trace.

But Uncle Scar is almost the only one who can catch up with his own strength, and has always been popular in various places. Apart from his rough appearance and older appearance, Uncle Scar is definitely a first-class talent.

After all, when the two met for the first time in Longyuan Continent, Ye Feng knew that Uncle Scar looked like a middle-aged man, but in fact he was only ten years older than him, but he looked more prominent. Just old.

While the two were discussing silently, Mo Ling'er not far away and Chi Jiutian, the prince of the Red Dragon Empire who suddenly appeared, were already fighting.

Boom!

Boom!

The battle between the two super geniuses was naturally very terrifying, and the scene was so frightening that everyone couldn't help but retreat quickly.

At this time, Uncle Scar smiled slightly and said loudly: "Who do you think will win?"

Ye Feng watched the battle between Mo Ling'er and Chi Jiutian, thought for a moment, and then said aloud: "Although Mo Ling'er, the daughter of the Demon Emperor of the troll empire you are in now, is indeed very good in cultivation, But he shouldn't be a match for Chi Jiutian, the Crown Prince of the Red Dragon Empire, because I feel that the Crown Prince of the Red Dragon Empire, Chi Jiutian, has not shown his true strength until now."

Uncle Scar also nodded at this time and said aloud: "Actually, among the super geniuses sent by the Troll Empire to participate in the martial arts conference this time, the strongest one is not Mo Ling'er, the daughter of the Demon Emperor, Mo Ling'er's Among the super geniuses sent by the Troll Empire, their strength can only be considered to be at the upper-middle level. The real top geniuses in the Troll Empire are much stronger than Mo Ling'er."

"oh?"

Hearing what Uncle Scar said, Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "From this point of view, the foundation of the Troll Empire is indeed very deep. The strength of this Demon Ling'er , among the young geniuses in the Dark Empire where I am now, I can definitely be ranked in the top three, but I didn't expect that among the young geniuses in the Troll Empire, I can only be regarded as an upper-middle level, and it is estimated that I will even be in the top ten. Don't go."

Uncle Scar nodded slightly, then suddenly looked at Ye Feng beside him, grinned, and said loudly: "But it's enough for the Dark Empire to have a guy like you, even though I can't see through your true strength now. No matter what, but I know that since you have come to this martial arts conference, you must be rushing to be among the top three. "

Although Uncle Scar has always been successful and very capable, he knows very well that Ye Feng is definitely a person who cannot be viewed with ordinary eyes. This is an extremely unnatural person. existence.

Scar Uncle is very familiar with his old friend, because Scar Uncle has almost watched Ye Feng rise to where he is today.

Scar Uncle showed a trace of sigh in his eyes at this moment, and said: "Who would have thought that a young man from such a low-level and remote mortal dynasty could reach the current level and cultivate such a powerful cultivation in just a hundred years. I am afraid no one could have imagined it at the time."

Just when the two were sighing about the past, a huge roar suddenly sounded in the sky.

Boom!

The next moment, Mo Ling'er immediately fell from the sky, but stood steadily on the ground.

And Chi Jiutian was still standing in the sky.

At this time, Chi Jiutian was burning with red flames all over his body. These flames even condensed around him in the shape of red dragons, flying around Chi Jiutian, making Chi Jiutian just like a flame dragon god.

Chi Jiutian stared at Mo Ling'er below, laughed loudly, and said: "Mo Ling'er, although you are the daughter of the Demon Emperor, you are too young and have not really grown up. Your cultivation is too weak. Let other young geniuses in your Troll Empire compete with me. You are not good enough."

Chapter 5545: Not very optimistic

At this time, listening to Chi Jiutian's sarcastic words, Mo Ling'er, the daughter of the Demon Emperor from the Troll Empire, suddenly showed a trace of ugly color on her delicate and beautiful little face.

Because Mo Ling'er's identity is very noble, but he has not fully grown up, it is normal that he cannot defeat Chi Jiutian.

But in this large public, being ridiculed by Chi Jiutian naturally made Mo Ling'er feel very embarrassed.

At this moment, Uncle Scar suddenly walked out of the crowd. Looking at Chi Jiutian, the prince of the Red Dragon Empire, in the sky, he immediately said in a very domineering voice: "Bullying a little girl is nothing. If you have the ability, fight with me."

boom!

At this moment, Uncle Scar's body suddenly burst out with a huge aura of cultivation, which was like a towering mountain, making Chi Jiutian's aura become a little weaker.

At this moment, Chi Jiutian's eyes immediately became serious, because he could clearly feel that Uncle Scar's strength was very terrifying and absolutely unfathomable.

At this moment, Chi Jiutian immediately smiled coldly and said loudly: "It is meaningless to compete with an older and stronger person like you. Your troll empire is just bullying others with your older generation."

"What? You said I am an older person??"

At this time, Uncle Scar's face suddenly fell down, and he couldn't help shouting: "I'm not old! I just look old!"

But at this time, no one here believed what Uncle Scar said, because Uncle Scar looked like a middle-aged man who had gone through many changes, and he was not in the same age group as the younger generation geniuses like Chi Jiutian Mo Ling'er.

But suddenly at this moment, another voice sounded: "Since you think he is an older person who bullies others, how about you fight with me?"

At this moment, the owner of this voice is naturally Ye Feng.

Ye Feng saw that his good brother Uncle Scar was being ridiculed, so he was naturally ready to take action.

At this time, everyone immediately saw that Ye Feng looked very young and delicate, and even looked a little younger than Mo Ling'er and Chi Jiutian.

At this moment, Uncle Scar immediately burst into laughter and said loudly: "This is my good brother Ye Feng. You must know that I am only ten years older than him, so I can definitely be regarded as the younger generation."

Someone in the crowd immediately said: "Uncle with the scar on your face, you really look like an older person. In addition, I feel that you are thirty or forty older than this young man named Ye Feng." age."

"What??"

At this time, when he heard someone in the crowd say this, Uncle Scar's face suddenly became even more depressed.

At this time, Ye Feng slowly walked to Uncle Scar and Mo Ling'er, blocking them all behind him, including the grandfather and granddaughter who were bullied just now.

Ye Feng stared at Chi Jiutian in the sky, smiled faintly, and said aloud: "My name is Ye Feng, from the Dark Empire. This time I also came to the Red Dragon Empire to participate in the martial arts conference. I just happened to see the strength of the Crown Prince of the Red Dragon Empire in advance. , but it's also a very interesting thing."

Hearing what Ye Feng said at this moment, Chi Jiutian immediately smiled disdainfully and said: "I don't even bother to do anything to you. Your cultivation level is much lower than mine. I don't even bother to take action against you, lest anyone say anything." I bully the small ones. Since your Dark Empire wants to stand up for the Troll Empire, let Lan Tianhe, the number one super genius in your Dark Empire, come over. He is still qualified to compete with me."

Hearing what Chi Jiutian said, Ye Feng suddenly laughed and said, "Are you afraid of me because you talk so much nonsense?"

"What?"

Hearing what Ye Feng said, Chi Jiutian was stunned for a moment, then burst into laughter and said sarcastically: "Okay, since you are so arrogant, I will let you know what the real top level is. Genius, if you're going to be beaten to pieces by me, don't kneel down and beg me for mercy."

Ye Feng just smiled indifferently and said, "You will definitely be the one who kneels down to beg for mercy later."

"presumptuous!"

boom!

Hearing what Ye Feng said, Chi Jiutian immediately burst out with his huge power and charged towards Ye Feng from high altitude.

At this moment, Ye Feng was standing on the same spot, not moving at all.

When someone around saw this scene, they immediately showed a look of pity in their eyes and said loudly: "This young man seems to be quite good, and he is willing to take action for his companions. Unfortunately, his cultivation strength is a bit poor. How could he be?" I estimate that the opponent of the Red Dragon Empire Crown Prince will be taught a terrible lesson by Chi Jiutian."

At this time, not only the surrounding audience felt that Ye Feng was not good, but also the daughter of the Demon Emperor of the Troll Empire, Demon Ling'er, who was standing next to Uncle Scar, couldn't help but said with some uncertainty. : "General Shenwei, are you sure he didn't put himself in danger? Chi Jiutian is very strong. I just fought him a few times, and I feel like he hasn't even shown his true strength yet. I was defeated. As expected of the Crown Prince of the Red Dragon Empire, he is indeed powerful. If your friend forced himself to stand up, he might be seriously injured, which might affect his performance in the martial arts competition. Of course, I am very grateful that he is willing to stand up for us. , but I really don't think much of his own strength. If you pull him back and don't let him suffer a heavy blow, it will make me feel bad."

Hearing what Mo Ling'er said, Uncle Scar smiled slightly and said, "Princess, don't worry. My friend looks very young, and his strength doesn't seem to be very good. His cultivation is very low, but his real strength is very terrifying, and will surprise your Highness."

"Oh?"

Hearing what Uncle Scar said, Mo Ling'er's beautiful and delicate face immediately showed a look of surprise, as if she didn't expect Uncle Scar to have such a high evaluation of Ye Feng.

However, Mo Ling'er didn't say anything more, but nodded slightly.

Because the one who was speaking at this time was the mighty general of their Troll Empire, he shouldn't brag casually.

At this time, Mo Ling'er looked at Ye Feng not far away, looking at Ye Feng's ordinary figure, her eyes showed curiosity, wondering if this ordinary boy was really as powerful as the mighty general of their Troll Empire said, a top genius.

If so, Mo Ling'er thought, since he is a friend of the mighty general of their Troll Empire, she could try to win him over in the future.

Chapter 5546: Scalp tingling

Just as Mo Ling'er was thinking secretly in her heart, the prince of the Red Dragon Empire, Chi Jiutian, was already carrying a terrifying power surge, and was about to suppress Ye Feng's head.

At this moment, Ye Feng stood in place, still without moving.

Seeing this scene, everyone around couldn't help but show astonishment in their eyes.

Some people even couldn't help but say: "This young man named Ye Feng is from the Dark Empire, but I have never heard of the name Ye Feng. It seems that he is just an unknown genius in the Dark Empire. He forced himself to stand up for his companions, but in return he was suppressed by Chi Jiutian. Look at him standing there now, as if he was stupid. It is estimated that he has been shocked by the power surge that Chi Jiutian erupted. He can't speak at all, and he doesn't even dare to move."

At this moment, many people around are extremely disappointed with Ye Feng.

Originally, they thought that Ye Feng suddenly stood up and might be a hidden super genius.

But now seeing Ye Feng not moving at all, they were all disappointed, thinking that Ye Feng was shocked by Chi Jiutian's power.

At this moment, Chi Jiutian's eyes also showed a trace of contempt, staring at Ye Feng who was standing still below, and said indifferently: "I thought he was a hidden super genius, but it turned out to be just a mediocre person, who was shocked by my kingly aura and couldn't move."

But at this moment, just when Chi Jiutian was about to attack Ye Feng, Ye Feng suddenly made a move.

Boom! !

At this moment, Ye Feng suddenly burst out his huge mana, and operated the Dark Emperor Gong, the extremely powerful and peerless inheritance of the Dark Empire.

Buzz!

The next moment, in the void behind Ye Feng, the majestic Dharma image of the first generation of the Dark Emperor suddenly appeared, and directly stretched out a black hand that covered the sky and the sun, and slammed towards the sky fiercely.

Ye Feng instantly burst out his strongest power, the Dark Emperor Technique, which caught Chi Jiutian off guard.

The next moment, Chi Jiutian had almost no time to react, and was directly attacked by the Dharma image of the first generation of the Dark Emperor condensed by Ye Feng, and flew backwards and fell heavily on the ground not far away.

"What?"

Seeing this scene, everyone present was dumbfounded.

Because no one expected that Ye Feng, an unknown boy, actually had such a strong strength, which was really incredible.

"One move defeated Chi Jiutian?"

"What? How is this possible?"

At this moment, even Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire, showed deep shock in her beautiful eyes.

Because she never thought that Uncle Scar, a friend who looked young, actually had such a terrifying strength.

At this time, Ye Feng did not hesitate at all and rushed towards Chi Jiutian immediately. Naturally, he wanted to take advantage of Chi Jiutian's inability to react and attack him continuously and fiercely.

Because Ye Feng had just played a trick, deliberately not attacking first, just to treat the enemy as weak and let Chi Jiutian not have time to react.

Because Chi Jiutian was very contemptuous of Ye Feng just now, Chi Jiutian did not fully burst out his true strength.

But Ye Feng burst out his strongest power in an instant, so he caught Chi Jiutian off guard.

In fact, as the prince of the Red Dragon Empire and a powerful genius ranked at the top of the young generation of the entire Red Dragon Empire, Chi Jiutian's strength is still very terrifying. Ye Feng would not be able to knock Chi Jiutian away with one move.

It was just because Ye Feng played a trick.

But the trick played by Ye Feng can be said to have established Ye Feng's prestige.

At this time, not to mention the ordinary people watching around, even Mo Ling'er, the daughter of the Demon King of the Troll Empire, looked at Ye Feng with a look of uncertainty and suspicion, which suddenly changed to deep surprise.

At this moment, Ye Feng quickly rushed to Chi Jiutian, and took advantage of the other party's stunned state to attack him fiercely.

Boom! !

Chi Jiutian was attacked fiercely by Ye Feng again, and his body was like a broken sack and flew far away, and even spit out blood in the end.

Chi Jiutian immediately roared angrily: "What a cunning boy!"

At this moment, Chi Jiutian directly burst out his extremely powerful blood of the Red Dragon Empire.

Buzz buzz buzz!

At this moment, Chi Jiutian's whole body suddenly grew pieces of red scales all over his body, as if he had turned into a dragon blood warrior.

Chi Jiutian had obviously completely activated the powerful blood of his Red Dragon Empire at this time. The blood of the red dragon was covered with red scales, which turned Chi Jiutian into a dragon blood warrior. His combat power was greatly improved, and he collided with Ye Feng in an instant.

However, Ye Feng's immortal body was not a vegetarian.

Even though Ye Feng's current cultivation was several realms lower than Chi Jiutian, his actual combat ability was definitely not inferior to Chi Jiutian.

And just now, Chi Jiutian was hit hard by a series of blows from Ye Feng.

So even if Chi Jiutian now fully stimulated the power of the royal bloodline of the Red Dragon Empire, he could not beat Ye Feng for a while, and was beaten up by Ye Feng.

Under the watchful eyes of the crowd, the prince of the Red Dragon Empire was beaten up by a young man from the unknown Dark Empire, which opened the eyes of everyone present.

"Ah!!"

Chi Jiutian felt a huge humiliation and shouted angrily, but there was nothing he could do.

Because he was already at a disadvantage, he could not beat Ye Feng at all, because Ye Feng had taken the initiative.

At this moment, Ye Feng just smiled faintly and said: "Chi Jiutian, I think you, the prince of the Red Dragon Empire, are not as powerful as the rumors say. I, a young man who is unknown, beat you so hard that you can't even lift your head."

"You...!"

Chi Jiutian was so angry when he heard Ye Feng's joke that he spit out a blood mist.

"What a strong strength!"

At this moment, everyone finally understood that what Ye Feng said just now, that Chi Jiutian would kneel down and beg for mercy, was not an arrogant remark, nor a joke, but that Ye Feng really had the strength to do so.

Someone in the crowd exclaimed in shock: "Ye Feng's name will probably be heard throughout the three empires after today, and he will become a legendary figure in the southwest plate of our dark world."

To become famous, one battle is enough!

At this moment, Ye Feng had beaten Chi Jiutian without any chance to fight back.

Swish!

In the end, Ye Feng directly stepped on Chi Jiutian to the ground, which shocked everyone to the extreme.

The prince of the Red Dragon Empire, the noble and peerless figure, the shining pearl of the Red Dragon Empire, was stepped on the ground by Ye Feng in a very miserable way at this time. It was too shocking, and everyone present was shocked to the point of numbness!

Chapter 5547 Small Treasure House

At this time, everyone present was shocked to the extreme, because the majestic prince of the Red Dragon Empire, such a distinguished and distinguished figure, was stepped on by Ye Feng at this moment, which really made everyone feel... I had an incredible feeling, as if everything in front of me was like a dream and not real.

But everyone knows that all this is true, and this is not something that only occurs in dreams.

At this moment, Ye Feng stared at Chi Jiutian, the crown prince of the Red Dragon Empire, and smiled slightly and said, "It's not too late to beg for mercy now."

"you.....!"

Hearing what Ye Feng said, Chi Jiutian, the crown prince of the Red Dragon Empire, suddenly showed deep anger in his eyes.

But now he knew very well that if Ye Feng really exerted force with the sole of his foot, his whole body would be crushed.

Chi Jiutian could only remain silent at this moment, because Ye Feng could completely kill him at any time.

Chi Jiutian didn't dare to bet on whether Ye Feng was a lunatic.

Chi Jiutian knew that he had a noble status and had a bright future. It would be such a loss if his life was directly ruined because of temporary gains and losses.

At this time, Chi Jiutian could only grit his teeth and say, "I lost, and I beg for mercy."

"What??"

"hiss!"

At this moment, everyone present was shocked to the extreme.

Because no one could have imagined that the arrogant Chi Jiutian, the prince of the Red Dragon Empire, would actually beg for mercy from Ye Feng under the spotlight. This was really unbelievable.

Even Demon Ling'er, who saw this scene not far away, couldn't help but said: "General Shenwei, this is simply an incredible scene. I know very well that Chi Jiutian is a very arrogant guy. , he would actually surrender to your friend Ye Feng, or even beg for mercy on the spot, this is simply impossible. "

Hearing what Mo Ling'er said, Uncle Scar couldn't help but grinned and said loudly: "If it were you, the princess, who stepped on Chi Jiutian to the ground now, I guess Chi Jiutian would not beg for mercy, but The person stepping on him now is Ye Feng, who is barefoot and not afraid of wearing shoes. Chi Jiutian knows very well that Ye Feng is a character without any background, but it is precisely because he has no background that it makes Chi Jiutian more frightened, because Ye Feng can kill Chi Jiutian regardless of any scruples. At worst, the sky will be high and the sea will be wide, and he can wander around everywhere. , so Chi Jiutian is most afraid of desperadoes like Ye Feng."

At this moment, hearing that Uncle Scar actually called his friend a desperado, Mo Ling'er's beautiful and delicate face suddenly showed an inexplicable smile, staring at Uncle Scar beside him, He said aloud: "General Shenwei, this friend of yours is really interesting, and the relationship between you and your friend also makes me feel very interesting. You actually directly call your friend a desperado. This It's not easy to hear this kind of comment from a friend."

Hearing what Mo Ling'er said, Uncle Scar grinned and said, "Because I'm so familiar with him."

Mo Ling'er asked curiously: "General Shenwei, you have been serving in our troll empire. When did you have a friend from the dark empire? How come I have never heard of it. "

When Uncle Scar heard Mo Ling'er ask this question, he immediately understood that Mo Ling'er might be doubting whether he had any connection with the Dark Empire.

Uncle Scar naturally laughed loudly and said aloud: "Ye Feng, I have known him a long time ago, but I didn't expect that he would now become a peerless genius in the Dark Empire, and even represent the Dark Empire. The group came to the Red Dragon Empire to participate in this martial arts conference. I didn't expect this. I haven't contacted Ye Feng for a long time since I joined the Troll Empire. I didn't expect to meet here today."

Hearing what Uncle Scar said, Mo Ling'er wanted to ask something else, but when he saw Uncle Scar turned his face away and seemed not to want to answer any more, Mo Ling'er had no choice but to give up.

Although Mo Ling'er is the daughter of the Demon Emperor in the Troll Empire and is a princess-level existence, Uncle Scar's status in the Troll Empire is also very high. He is a mighty general who commands millions of giants. The team in the Demon Empire is naturally a powerful figure.

Even Demon Ling'er can't order Uncle Scar.

This time, Uncle Scar followed Mo Ling'er to the Red Dragon Empire. His main task was to protect Mo Ling'er, but Mo Ling'er had no right to order Uncle Scar, a powerful general, to do anything.

So at this time, Mo Ling'er saw that Uncle Scar didn't want to continue talking, so he didn't say anything more.

But Mo Ling'er was still very curious and said: "Although this Ye Feng just played a trick and caught Chi Jiutian by surprise, it is impossible to do it without strong strength. Therefore, this Ye Feng, I'm quite interested. If you have time later, General Shenwei, please invite this friend of yours to the most famous restaurant in the Red Dragon Empire. I'll treat him to tea and a chat. "

Hearing what Mo Ling'er said, Uncle Scar who was standing aside just nodded slightly and said nothing more.

At this moment, Ye Feng looked at the Crown Prince Chi Jiutian of the Red Dragon Empire who was begging for mercy, and smiled slightly, saying: "Just begging for mercy is not enough. The price of my attack is very expensive. You can use your storage ring as the price to pay."

At this moment, after Ye Feng finished speaking, before Chi Jiutian could say anything angrily, Ye Feng directly used great force to take off the storage ring on Chi Jiutian's hand.

"You... damn it!"

At this moment, Chi Jiutian couldn't help but shout out in anger.

But it was useless.

Snap!

Ye Feng kicked Chi Jiutian away like a dead dog, and he fell to the ground not far away.

Then Ye Feng held Chi Jiutian's storage ring in his hand, smiled and said: "Be more careful in the future, don't mess with people you shouldn't mess with."

At this moment, after Ye Feng's voice fell, Chi Jiutian wanted to say something angrily, but seeing Ye Feng's extremely terrifying murderous eyes, full of infinite coldness, Chi Jiutian suddenly felt like he was stared at by a prehistoric beast. The words that were about to come out of his mouth stopped abruptly, and he didn't dare to say anything more, but left the scene in disgrace.

Buzz!

At this time, Ye Feng slightly explored the storage ring space of Chi Jiutian, and his eyes suddenly lit up.

This Chi Jiutian is worthy of being the prince of the Red Dragon Empire. The wealth in the storage ring is really huge! No less than getting a small treasure house!

Chapter 5548: Get a piece of the pie

At this time, the whole place fell into a dead silence.

Because no one thought that Chi Jiutian, the aloof and noble prince of the Red Dragon Empire, would actually beg for mercy in front of Ye Feng, and did not even dare to yell at Ye Feng.

At this time, everyone understood that Ye Feng would definitely shine in this martial arts conference jointly organized by the three empires!

At this moment, Uncle Scar walked up to Ye Feng, laughed loudly, patted Ye Feng on the shoulder, and said loudly: "I knew your kid would be fine."

Uncle Scar's eyes were full of emotion at this time, because he knew very well how difficult it was for Ye Feng to go from that small and remote place to the current level.

But hard work will pay off in the end, and Ye Feng has successfully grown to such a powerful level today.

At this moment, Ye Feng just smiled slightly and said: "You are also very powerful now."

At this time, Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire, suddenly walked over, with a hint of curiosity on her beautiful and delicate face, staring at Ye Feng and saying: "Ye Feng, right? My name is Mo Ling'er. I'm glad to meet you. I want to make friends with you, okay?"

At this moment, Ye Feng saw Mo Ling'er's little white hand stretched out, and immediately stretched out his hand to shake it, and then said with a smile: "I have heard about the daughter of the Demon Emperor of the Troll Empire."

Hearing what Ye Feng said, Mo Ling'er's beautiful and delicate face suddenly showed a smile, and said loudly: "I didn't expect that the Dark Empire would have a super genius like you, Ye Feng, with your strength. , I estimate that it has surpassed the number one super genius Lan Tianhe and the eldest prince of the Dark Empire that we were familiar with before. This time the Dark Empire has a peerless genius like Ye Feng sitting here to participate in the martial arts conference and win the top three. It's very possible."

Hearing what Mo Ling'er said, Ye Feng smiled slightly and said, "I am indeed here to be in the top three."

"Forehead?"

The moment Ye Feng finished speaking, Mo Ling'er's eyes suddenly showed a look of surprise, as if he didn't expect Ye Feng to be so confident.

Just now Mo Ling'er was just saying something for the occasion, but he didn't expect Ye Feng to actually say that he really wanted to come for the top three.

I have to say that this Ye Feng is the most confident young generation figure that Mo Ling'er has ever seen, but he is indeed very powerful.

Mo Ling'er couldn't help but said: "Since you are friends with General Shenwei of our Troll Empire, then we can also be considered friends. Why don't we go to the largest restaurant in the Red Dragon Empire and have a good chat? ,how?"

Although Mo Ling'er looks like a very delicate and beautiful girl, she is very communicative and very sophisticated and tactful in her speech.

When Ye Feng heard what Mo Ling'er said, he glanced at Uncle Scar who was standing next to Mo Ling'er, smiled slightly, and said: "Okay, no problem, I just want to be with my good friend. Let's have a good chat, friends."

At this moment, the three people simply left the scene.

Soon, they arrived at the largest restaurant in the imperial city of the Red Dragon Empire.

Mo Ling'er directly ordered a private seat, very skillfully.

Obviously, Mo Ling'er has been to the imperial city of the Red Dragon Empire many times and is familiar with everything. Unlike Ye Feng, who came to the imperial city of the Red Dragon Empire for the first time, Ye Feng is relatively familiar with everything. strangeness.

At this time, in the elegant seats, Mo Ling'er, Ye Feng and Uncle Scar all sat down one after another.

At this moment, Ye Feng really wanted to ask Uncle Scar why he disguised himself as the so-called mighty general in the troll empire.

But now that Mo Ling'er is here, it's hard to ask.

At this time, Mo Ling'er suddenly smiled and asked aloud: "Ye Feng, are you a super genius secretly cultivated by the Dark Empire? I have never heard of your name."

Ye Feng smiled and said: "I used to be an ordinary guard in the Dark Empire. Fortunately, I was spotted by the little princess of our Dark Empire and was selected as her guard captain. With the help of the little princess, I His Highness's resources and status have allowed him to grow up to where he is today step by step."

"oh?"

Hearing what Ye Feng said, Mo Ling'er suddenly showed a look of surprise in his eyes. It seemed that he did not expect that Ye Feng's origin was actually a small guard in the Dark Empire.

This is really a bit unbelievable.

It is simply incredible that a small low-level guard can grow to the level he is today.

But at this time, Uncle Scar, who was sitting not far away, couldn't help but twitch the corner of his mouth when he heard Ye Feng's serious nonsense.

He knows very well that Ye Feng is basically a human race from the heaven, but he has used tricks to disguise himself as a dark race in the dark empire. I am afraid that he has been lurking in the dark empire for some special purpose.

At this moment, while Mo Ling'er lamented Ye Feng's talent and luck, he couldn't help but said: "Ye Feng, the participants in this martial arts conference are not only the three major empires in our southwest region, but also There is the largest clan in the southwest region of our dark world, the Blood Demon Clan, and the largest cultivation sect in the southwest region of our dark world, the Ten Thousand Demons Sect."

"The Blood Demon Clan and the Ten Thousand Demons Cult?"

Hearing what Mo Ling'er said at this time, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that forces outside the empire would participate in this martial arts conference.

After all, Ye Feng had always thought that only young people from the three major empires in the southwest region of the dark world, the Dark Empire, the Troll Empire and the Red Dragon Empire, would participate in this martial arts conference.

At this moment, Mo Ling'er stared at Ye Feng, smiled slightly, and said loudly: "So the competition this time is very fierce. Not to mention that there are many super geniuses in our three empires. It is said that among the Blood Demon clan The disciple of the strongest blood demon ancestor, Xue Wuya , this time is also out of seclusion, and he is going to participate in this martial arts conference, and Xiao Qianshang, the true disciple of the Master of Ten Thousand Demons, will also appear in this martial arts conference. This martial arts conference is really It's more intense and involution than ever before."

Hearing what Mo Ling'er said, Ye Feng immediately smiled and said, "Princess Ling'er has said so much. It seems that she is not very confident in what I said before about wanting to hit the top three."

Hearing what Ye Feng said, Mo Ling'er immediately smiled and said: "Of course not, I believe in your strength, Ye Feng, because it is absolutely extraordinary to be the friend of the legendary General Shenwei of our troll empire. , but there are too many evil geniuses participating in this martial arts conference. If Ye Feng wants to hit the top three, your current cultivation level may not be enough, but maybe I can help you in a short time. Within, quickly improve your cultivation base."

"oh?"

Hearing what Mo Ling'er said, Ye Feng's eyes suddenly became curious, and he said: "This martial arts conference seems to be really intense. I really need to make more preparations. The reason why I am here I walk around the imperial city of the Red Dragon Empire in order to find various cultivation resources that can quickly improve my cultivation. I don't know if there is anything Princess Ling'er can do to help me. If it can help me improve my cultivation quickly. , I'm definitely grateful."

For Ye Feng, the main purpose of participating in this martial arts competition is to compete for the top three.

Because before leaving the Dark Empire, the Emperor of the Dark Empire had clearly told Ye Feng that he must get the top three at all costs, which has unimaginable benefits.

Many people may not know this secret, but Ye Feng knows it, so Ye Feng naturally has to be fully prepared.

Although this Demon Linger's own strength does not seem to be too powerful, she is the daughter of the Demon Emperor of the Troll Empire after all. Maybe she really has a special way to continue to rapidly improve her cultivation.

And now that Uncle Scar is hanging around in the Troll Empire, it is actually of great benefit to have a good relationship with Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire.

Because Ye Feng was going to ask Uncle Scar privately later, what on earth did he want to do in the Troll Empire?

If Uncle Scar is planning some huge opportunity, maybe Ye Feng can also go to the Troll Empire to get a share of the pie.

Now that he has met Uncle Scar, Ye Feng will naturally not miss this opportunity.

At this moment, Ye Feng glanced at Uncle Scar who was silent not far away, and his eyes immediately showed an inexplicable smile, which made Uncle Scar's mouth twitch slightly.

Because Uncle Scar knew very well that Ye Feng's smiling eyes probably meant that he wanted to share a piece of the troll empire with him. This was a tacit understanding between the two of them that they had known each other for many years.

Chapter 5549: Space Gate

At this moment, after Ye Feng glanced at Uncle Scar, he looked directly at Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire in front of him, and asked with a smile: "Since Princess Ling'er has a way for me to be here... I don't know what Princess Ling'er can do to quickly improve her cultivation skills in a short period of time. I'm very curious. After all, this is not the Troll Empire, but the Red Dragon Empire. Princess Ling'er has many talents in the Troll Empire. I probably won't be able to use my connections."

Hearing what Ye Feng said, Mo Ling'er immediately smiled and said: "As a royal member of the Troll Empire, I often come to the Imperial City of the Red Dragon Empire, because the Imperial City of the Red Dragon Empire is in The entire southwest region is the most prosperous city, so I often come here to buy some things or do business with others, so I am very familiar with some of the more special places in the Red Dragon Empire, such as the underground black market. "

"Um?"

Hearing what Mo Ling'er said, Ye Feng's eyes suddenly showed a look of surprise.

At this moment, Mo Ling'er immediately took out several sets of black robes from his storage ring, threw them to Ye Feng and Uncle Scar respectively, and said loudly: "When entering the underground black market, you must take care of yourself. The appearance and identity must be hidden, otherwise, it is very likely to cause some trouble. As for how to enter the underground black market, just follow me. "

At this moment, after Mo Ling'er finished speaking, he directly put on a set of black robes, wrapping himself in the black robes. He couldn't see his face clearly, and he didn't know what it looked like inside.

Seeing this scene, Ye Feng and Uncle Scar looked at each other, and both put on black robes.

The three of them were wrapped in black robes and quickly left the restaurant.

Walking in the imperial city of the Red Dragon Empire, the three people's outfits attracted the attention of many passers-by on the imperial city road, but no one said anything.

After all, the Imperial City of the Red Dragon Empire, as the venue for the entire martial arts conference, has been visited by many people from out of town recently. The local residents in the Imperial City are not surprised to see some practitioners in weird clothes.

At this time, Ye Feng and Uncle Scar followed Mo Ling'er, turning left and right in some alleys throughout the imperial city, and finally came to a very mysterious place.

There turned out to be a small park that looked very quiet.

This small park is in stark contrast to the prosperity of the Imperial City of the Red Dragon Empire.

The entire Imperial City of the Red Dragon Empire was bustling with activity, prosperity, and people everywhere.

But the small park here gives people an extremely quiet feeling.

At this moment, Mo Ling'er was completely hidden in the black robe and whispered: "You will follow me later and don't say anything."

Ye Feng and Uncle Scar both nodded and followed behind Mo Ling'er.

At this moment, Mo Ling'er suddenly took out a token made of black iron from his storage ring.

Buzz!

Almost the moment she took out the token, the space in the small park fluctuated, and a door made entirely of light appeared on the spot.

When Ye Feng saw this scene, he couldn't help but said in surprise: "Is this a space formation? What a magical space formation, even I didn't sense it."

At this moment, Uncle Scar was also quite curious. After all, it was his first time to come to the underground black market of the Red Dragon Empire.

Unexpectedly, if you want to enter the underground black market, you need a special token to open the space door of this underground black market.

At this time, Mo Ling'er took Ye Feng and Uncle Scar directly into the door of this space that was completely composed of light.

Buzz!

When the three people passed through this space door, the light door in the small park also dissipated instantly.

The entire small park once again returned to a deserted state, empty and without a single person.

At this moment, after the three people crossed the space door, they immediately saw a huge dungeon-like space appearing in front of them.

Ye Feng saw this huge dungeon, with many levels in total, and there were walking practitioners everywhere. Most of them were basically dressed the same as the three of them, covering themselves with black robes, preventing them from letting go. Others discover what they look like and who they are.

Of course, there are also some characters who may be more confident in themselves, but completely expose themselves to everyone's eyes.

Ye Feng even saw some powerful people in the Dark Empire, which he accidentally saw when he was in the palace hall before. However, Ye Feng has a very strong memory, so he did not expect them to remember the powerful people in the Dark Empire. They are here, and they have not hidden their identity and appearance, which shows that they are very confident in their own strength and are not afraid of others coming to trouble.

At this moment, Ye Feng looked at Demon Ling'er who was wrapped in a black robe beside him, and said loudly: "This underground black market of the Red Dragon Empire is indeed a quite magical place. I didn't expect that the entire underground black market is so... It's huge, and it's incredible that such a huge underground city is hidden in such a small park. The founder of this underground black market must be an extraordinary being."

Hearing what Ye Feng said, Mo Ling'er immediately nodded. The beautiful and delicate little face shrouded in black robe also showed a look of awe, and said loudly: "There are rumors about this underground black market. The founder is a great and mysterious figure in the entire Red Dragon Empire. It is said that the Red Dragon Emperor of the Red Dragon Empire does not dare to offend this underground black market too much. Founder, that's why this underground black market can exist in the imperial city of the Red Dragon Empire to this day. However, the existence of this underground black market can be regarded as attracting a lot of customers to the entire Red Dragon Empire, which is why the entire Red Dragon Empire The Imperial City is very prosperous, because in this underground black market, almost everything everyone wants is sold, including some taboo items. "

After Mo Ling'er finished speaking, he pointed to a certain direction in this underground black market and said loudly: "Time is limited, so I won't take you to visit more. After all, the martial arts conference will start tomorrow. Ye Feng, I will use my own The purpose of bringing you to this underground black market is to take you to a very special place in this underground black market. There, even for just one night, you may be able to use your cultivation skills. Completely improved."

"Oh? Is there really such a magical place?"

Hearing what Mo Ling'er said, Ye Feng's eyes suddenly showed a look of surprise, and asked:
"Where can I fully improve my cultivation skills in one night?"

Ye Feng became a little curious at this time.

Chapter 5550: Warcraft Lion

At this moment, seeing the curiosity in Ye Feng's eyes, Mo Ling'er just smiled slightly and said,
"You will know after you follow me."

At this time, Mo Ling'er immediately walked quickly in a certain direction of the underground black market.

Ye Feng and Uncle Scar glanced at each other and followed suit.

Ye Feng immediately understood at this time. It seemed that Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire, must have come to this underground black market from time to time, otherwise she would not be so familiar with it.

And just when Ye Feng was thinking secretly in his heart, Mo Ling'er, who was leading the way, had already arrived at a relatively remote corner of this underground black market.

There are seemingly huge underground arenas here.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly revealed a look of astonishment, and he said, "Princess Ling'er, do you want me to participate in these brutal battles in underground arenas?"

After Ye Feng finished speaking, Mo Ling'er pointed to the underground arenas and said with a smile: "That's right, Ye Feng, you are so powerful. If you don't come to fight in this underground black market arena, it would be too much." It's a waste of your great strength. After all, you are a powerful being that can even defeat Chi Jiutian, the crown prince of the Red Dragon Empire. Your combat power definitely occupies a huge advantage in the underground arena of this underground

black market, and in this underground Fighting in the arena, as long as you can win one game, then you can get generous rewards, and I can bet on you to win, and I can also make a lot of money. This can be regarded as us creating benefits for each other. After all, I want to To participate in this underground arena, you need to be a senior member of the underground black market. Most people cannot participate, but I happen to be a senior member of this underground black market. I can definitely let you participate in the competition in this underground arena. "

Hearing what Mo Ling'er said, a look of astonishment suddenly appeared on Ye Feng's face. It seemed that after seeing that he had defeated the crown prince of the Red Dragon Empire, Mo Ling'er had already made up his mind to come to this place. The idea of underground black market underground arena fighting.

Everyone can benefit from each other.

Mo Ling'er used Ye Feng's powerful strength to earn bets, while Ye Feng could use Mo Ling'er's extraordinary identity and qualifications in this underground black market to carry out various activities.

At this moment, Ye Feng nodded, smiled and said, "It seems I don't have to sleep tonight."

At this moment, after Ye Feng finished speaking, Mo Ling'er also smiled slightly and led Ye Feng quickly towards a certain arena in this underground arena.

Soon, Mo Ling'er found the person in charge of the underground arena. After taking out Mo Ling'er's own senior membership token, he asked Ye Feng to jump directly into the underground arena.

Uncle Scar told the two of them that he was in this underground black market and wanted to go shopping elsewhere to see if he could harvest some good things.

At this moment, seeing Ye Feng jumping into the underground arena below, Mo Ling'er suddenly noticed a cute little fox lying on Ye Feng's shoulder, and couldn't help but said: "Ye Feng, you are participating. In this dangerous battle, the cute pet on your shoulder can follow me in the audience, otherwise it will be too dangerous for it."

"Forehead?"

Hearing what Mo Ling'er said, Ye Feng immediately grinned and said, "It's okay, it's not afraid."

What Mo Ling'er didn't know was that the little fox sleeping on Ye Feng's shoulder was not a cute pet, but a thousand-year-old fox demon with extremely terrifying cultivation.

At this time, Mo Ling'er, with eyes full of expectation, sat down in the surrounding auditorium and quietly watched Ye Feng's performance.

Mo Ling'er put almost all his wealth on Ye Feng.

However, many spectators around this underground arena felt that Ye Feng, a sudden arrival, might not necessarily be that powerful, so they were betting more on Ye Feng's opponents.

And just when Ye Feng was thinking about it, Ye Feng's opponent appeared on the other side of the underground arena where he was.

"This is?"

The next moment, Ye Feng's eyes suddenly revealed a look of astonishment.

Because Ye Feng discovered that his opponent in this underground arena was not a cultivator, but a powerful monster with black wings on its back.

This Warcraft looks like a black lion, but it has black wings on its back. It seems to be a very noble race among Warcraft, the two-winged lion clan.

At this moment, Ye Feng couldn't help but look at Demon Ling'er in the audience, and said with some surprise: "Why is there such a sane monster participating in the underground arena?"

Mo Ling'er immediately sent the message back and said: "This is the special thing about the underground black market of the Red Dragon Empire. In this underground arena, any living being can come and participate in the battle. This double head The winged monster lion should be the guardian evil beast of a certain big family. This big family uses this guardian evil beast to To earn money, let this guardian beast participate in this kind of underground competition. This kind of battle pet is generally called a 'war pet' and is very aggressive. Please pay attention to your safety

later, because this kind of war pet Once you enter the fighting state, you will almost always fight ferociously and without fear of death. You will not be afraid of death like a practitioner."

Hearing what Mo Ling'er said, Ye Feng was enlightened. It was the first time for him to encounter such a controlled beast that could participate in the battle between the arenas.

However, at this time, Ye Feng had no time to think about it, because with the order of the person in charge of the underground arena, the lion with black wings on its back roared and rushed towards Ye Feng fiercely.

This magic beast lion stretched out two huge lion claws, each claw seemed to be made of black metal, with cold light flashing and extremely sharp, as if it could tear the strongest thing in the world in an instant, and wanted to disembowel Ye Feng on the spot.

At this moment, Ye Feng naturally did not hesitate at all, and directly blasted out with one hand.

This black double-winged magic beast lion, in the eyes of many people in the surrounding arena, is very ferocious and extremely brutal, but in Ye Feng's eyes, it is actually nothing.

Because this black double-winged magic beast lion has the same level of cultivation as Ye Feng.

Therefore, Ye Feng's fighting power almost crushed this black double-winged magic beast lion.

At this moment, Ye Feng stretched out a hand, and Ye Feng's hand immediately turned into a black big hand.

Ye Feng's random attack at this moment contained the power of the first generation of the Dark Emperor of the Dark Empire.

Ye Feng's black big hand covered the sky and the sun, full of terrifying solidity and oppression, and directly suppressed the black double-winged magic beast lion in front of him, which looked ferocious, and pressed the black lion to the ground, and there was no way to move.

"Roar!!"

The lion roared angrily, but it was useless. Ye Feng's black big hand was like the Five Finger Mountain, and it was pressed to the ground fiercely, and it couldn't move at all.

"What??"

"It's so powerful??"

At this moment, many audiences in the audience seats of the entire underground arena around them widened their eyes at once, as if they didn't expect Ye Feng, a newcomer, to have such a powerful strength.

Moreover, everyone saw that Ye Feng completely suppressed this black double-winged magic beast lion with the strength of his own body. What a terrifying physical strength this must be!

At this moment, someone couldn't help but speculate: "I don't know which super family or super power this contestant covered in a black robe came from. He actually cultivated such a terrifying physical strength that could suppress this extremely ferocious double-winged magic beast lion!"
