

Ancient 5571

Chapter 5571 So Fierce

At this moment, Ye Feng's extremely powerful performance naturally shocked the whole audience, and many people began to pay attention to Ye Feng, a seemingly unknown young man.

In the audience, someone couldn't help but ask: "Why didn't Lan Tianhe, the most powerful in the Dark Empire, and the eldest prince come this time?"

Although everyone had doubts, they didn't say much. After all, there were too many young geniuses present. Although Ye Feng's performance this time was very shocking, Ye Feng's opponent was just a young genius who was not in the mainstream after all, so it didn't attract much attention, but everyone remembered this young man who defeated the enemy with one move.

At this moment, Ye Feng walked down from the arena to the audience.

In the arena, the old man who hosted the martial arts conference continued to start the next fight between the young geniuses.

Ye Feng was also watching in the audience, especially watching the top geniuses in the major forces, to see how strong they were.

In Ye Feng's observation, the top geniuses in the major forces were basically able to defeat their opponents with one move like Ye Feng.

These top talents include Xue Wuya, the disciple of the Blood Demon Ancestor of the Blood Demon Clan, who is also the top talent in the Blood Demon Clan.

There is also Xiao Qianshang, the true disciple of the Master of the Ten Thousand Demons Cult, who is also the most powerful peerless talent in the Ten Thousand Demons Cult.

The top talent ranked first in the Red Dragon Empire is not the Crown Prince Chi Jiutian of the Red Dragon Empire, but a young prince named Yuhua Wang.

The Crown Prince Chi Jiutian of the Red Dragon Empire can only rank second among the young generation of the entire Red Dragon Empire.

As for the first talent of the Troll Empire, it is naturally his brother Mo Wudao, who was introduced to Ye Feng by Mo Ling'er before, and is also the Crown Prince of the Troll Empire.

In the whole process of the fight, Ye Feng also almost understood the most powerful young talents in the three empires and two sects in the southwest region of the entire dark world.

Ye Feng knew that his real opponents were them.

And then, this martial arts conference entered the second round.

Ye Feng came on the field in the second round, and still easily defeated the opponent with one move, which shocked many people present.

In the third round of the battle, Ye Feng still defeated the opponent with one move.

Including the fourth round, the opponent became stronger and stronger, but Ye Feng always used one move, one hand stretched out and turned into a black big hand, and then suppressed the opponent strongly.

With round after round of battles, Ye Feng defeated the opponent with one move every time, no matter whether the opponent was strong or weak.

This made everyone really pay attention to Ye Feng, and even treated Ye Feng as the strongest young genius of the Dark Empire.

And just three hours later, the entire martial arts competition came to the fifth round.

This time, Ye Feng met a young genius from the Red Dragon Empire named Gu Hai.

This Gu Hai was very majestic, tall, wearing a golden armor, and looked majestic.

Someone in the audience immediately said, "Ye Feng from the Dark Empire has met his match this time. Gu Hai is the fifth-ranked super genius in the Red Dragon Empire. He is very powerful. I think it will be difficult for Ye Feng to win this time."

At this moment, everyone did not believe that Ye Feng could defeat Gu Hai, a well-known figure, with one move.

And the next moment, Gu Hai stared at Ye Feng and said, "I have watched every battle of yours. You are very powerful. But this time you met me, and I am equally powerful. I hope I can fight you for a few more moves before you lose again."

At this moment, Gu Hai's words were very confident.

Boom!

Almost in the next moment, Gu Hai instantly burst out his own cultivation aura, which was two or three realms higher than Ye Feng's current cultivation.

It must be said that the foundation of the geniuses in the other two empires is indeed deeper than that of the Dark Empire. Their cultivation realm alone is two or three realms higher than the overall genius of the Dark Empire.

Swish! Swish! Swish!

At this moment, nineteen ancient flags emitting black light suddenly rushed out from Gu Hai's body.

These nineteen ancient flags seemed to be the weapons of a super-powerful person in the dark world of ancient times. They had terrifying piercing power and were extremely sharp. They stabbed Ye Feng in an instant, almost tearing the entire void apart.

At this time, Ye Feng still stretched out one hand in the face of Gu Hai's violent attack.

This time, Ye Feng did not use the power of his body in an ordinary way, but secretly stimulated the peerless inheritance of the first generation of Dark Emperor that he practiced, the Dark Emperor Gong.

Buzz!

The next moment, Ye Feng's palm immediately expanded rapidly, and directly expanded into a majestic black hand with a length of more than 10,000 meters, with a towering and boundless oppressive force, directly like an ancient mountain, bombarding forward.

Boom!

When Gu Hai's 19 black ancient flags attacked Ye Feng's black hand, they could not penetrate Ye Feng's black hand at all. Instead, they were shaken by Ye Feng's black hand, and the 19 black ancient flags were directly shattered into pieces with a "crack, crack" sound.

"What?"

Seeing Ye Feng smashing his own weapon so easily, Gu Hai, the fifth genius of the Red Dragon Empire and a well-known figure, suddenly showed a horrified expression on his face.

Gu Hai couldn't help but said in disbelief: "These nineteen ancient flags are the natural weapons of the ancient dark overlord, a super powerful man. After being refined by me, they are enough to kill one or two people higher than me." A super strong person in the great realm, Ye Feng, your cultivation level is lower than mine. Why are you so powerful in combat? This is impossible! How could the Dark Empire have such a powerful inheritance and bless a young man like you with such power? I don't believe it!"

At this moment, Ye Feng just smiled slightly and said loudly: "Nothing is impossible in this world."

Boom!

I almost remember the next moment, Ye Feng's big black hand continued to suppress, and in an instant, Gu Hai was sent flying backwards, fell to the bottom of the competition platform, and suddenly spurted out a mouthful of blood.

Gu Hai's confident expression at this moment suddenly became extremely ugly. Then he couldn't help but shook his head with a wry smile and said: "Everyone in the world has underestimated you, Ye Feng. Your strength is really too great." Stronger."

At this moment, Gu Hai only felt that when he faced Ye Feng, he felt like he was facing the top genius. This made Gu Hai horrified. He did not expect that among the dark empire, the weakest empire, Such a fierce young genius like Ye Feng emerged.

Chapter 5572 I give up

At this moment, everyone present saw this scene on the field. All the spectators in the auditorium couldn't help but stood up and their eyes widened.

Because the Gu Hai who fought Ye Feng just now is not an unknown figure, but a top genius who is enough to rank among the top five in the Red Dragon Empire, and is almost on the verge of touching the top genius group.

Unexpectedly, Ye Feng still used one hand to deal with Gu Hai in just two moves, and defeated him powerfully.

Gu Hai even used the extremely powerful weapon of the ancient dark overlord on the spot, but he was still suppressed by Ye Feng with one hand.

So at this moment, the entire field was shocked to the extreme.

No one seems to have thought that the Dark Empire, which has always been very weak in everyone's minds and has no top geniuses, would actually have such a terrifying young genius in this martial arts conference. His combat power is so powerful that it is so powerful. It feels incredible.

At this moment, in the auditorium where the young geniuses from the Dark Empire were, many young geniuses from the Dark Empire saw Ye Feng forcefully suppressing one after another super geniuses from other empires and sects, their eyes were full of excitement. Deeply shocked.

They knew that the previous Lan Tianhe would never be able to do this, but Ye Feng was too strong.

At this moment, even the old man who led the team of the Dark Empire before, this powerful older man, couldn't help but sigh with a sigh in his eyes.

Ye Feng killed Lan Tianhe before and said that he alone was enough. Now it seems that what Ye Feng said was not a big lie. Ye Feng really has this strength.

The entire Dark Empire's performance in the martial arts competition was indeed held back by Ye Feng alone.

At this time, after Ye Feng won the competition, he walked down from the competition stage and walked back to the auditorium.

At this moment, many young geniuses from the Dark Empire could not help but stare at Ye Feng, their eyes filled with deep awe.

There were even many young geniuses from the Dark Empire who quickly clasped their fists and said: "Senior Brother Ye Feng is indeed extremely powerful. This time our Dark Empire will definitely have a place in the entire martial arts conference. This will be a great influence on the future of our Dark Empire." The empire's interests in the entire southwest sector of the Dark World have huge benefits."

Everyone knows that this martial arts conference is not only a competition between the younger generations of the major empires and forces, but also includes the division of interests between the major forces.

Therefore, the higher Ye Feng's ranking, the greater the future benefits for the Dark Empire in the entire southwest region of the Dark World.

This is not only a contest between the younger generation, but also a contest between the comprehensive theories of the major empires.

And Ye Feng made the Dark Empire, which had always been in a weak state, glow with new vitality this time, making everyone start to face up to the so-called weak empire of the Dark Empire.

Because sometimes, the emergence of a peerless genius is very likely to make the empire behind him become extremely powerful.

At this moment, even the old man who led the team couldn't help but look at Ye Feng and said excitedly: "This time you can definitely enter the top ten."

When Ye Feng heard what the old man who led the team said, he suddenly shook his head, smiled, and said, "My goal is to be in the top three."

"hiss!"

Almost as soon as Ye Feng finished speaking, many of the young geniuses from the Dark Empire couldn't help but gasp.

The old man who led the team had a look of astonishment in his eyes, and then he couldn't help but smiled bitterly, shook his head and said: "If you can enter the top ten, it will be of great help to our Dark Empire, and if you can enter the top five would be a huge surprise. I guess it would be difficult to be in the top three. You must know that those competing for the top three are the top talents among the major empires and forces. "

Hearing what the old man who led the team said, Ye Feng just smiled and said, "Let's wait and see."

Seeing Ye Feng's confidence, many young geniuses from the Dark Empire seemed to be infected, and they all said excitedly: "I believe that Senior Brother Ye Feng will definitely be able to compete for the top three. Let these people know, Our Dark Empire's foundation is not weak either, and we can also produce peerless geniuses!"

At this moment, hearing the excited words of many young geniuses from the Dark Empire around him, the old man who led the team couldn't help shaking his head and smiling bitterly, and said loudly: "Of course I also hope that Ye Feng can reach the top three. That will be very important to our Dark Empire generals." It's unprecedented help, but it's really difficult. You are still young and don't know how terrifying those top geniuses who have been famous for a long time are."

At this moment, the old man leading the team is a strong man after all. Unlike so many young geniuses from the Dark Empire who are easily infected, he still has reservations about Ye Feng's words, but in his heart he hopes that Ye Feng can compete for it. The top three, because this will greatly enhance and help the interests of the entire Dark Empire.

But this is really too difficult, as difficult as climbing to the sky.

Over the years, Dark Empire has never had a top talent that can compete for the top three.

Even the top five have never appeared.

At this moment, while everyone was discussing, many young geniuses from other forces around seemed to have heard Ye Feng's words, and suddenly someone couldn't help but sneered and said: "This Ye Feng Although powerful, it can only stop here at most, because the people he encounters next are basically the top geniuses among the major forces, and they are all super geniuses ranked first or second among the major forces. , this Ye Feng will definitely lose in the future, there is no way he will have such good luck. "

Hearing the ridicule and sneers from many people around him, Ye Feng just smiled indifferently and didn't bother to explain anything.

At this time, another battle began.

After this game is over, the battle for the top five will begin.

Therefore, everyone is paying close attention to this key competition that determines the top five.

Everyone is looking forward to seeing which young talents will compete for the top five this year.

At this moment, the old host on the competition stage once again asked the dozen young geniuses who had won so far to go directly to the stage and start drawing lots.

The number Ye Feng drew turned out to be No. 1, which meant that Ye Feng would be the first batch of geniuses to take the field in this crucial competition.

Ye Feng was quite looking forward to it. He didn't know who his opponent would be in this crucial competition that would determine the top five in the future.

At this moment, the old man in charge said aloud: "Please invite the genius who has drawn number one at the same time to come to the stage to compete."

At this moment, Ye Feng naturally took the tag in his hand and immediately flew onto the competition stage.

And at the next moment, a young man wearing a golden robe flew to the competition stage and stood opposite Ye Feng.

"Um?"

Ye Feng looked over and was stunned for a moment.

His opponent in this match turned out to be Chi Jiutian, the crown prince of the Red Dragon Empire.

Chi Jiutian also drew number one.

At this moment, when everyone present saw this scene, they suddenly became excited.

Because Chi Jiutian is really famous.

Although Chi Jiutian is not the top-ranked super genius in the Red Dragon Empire, he can definitely be ranked second, and his identity is the prince of the Red Dragon Empire. He has a natural aura, which naturally makes everyone in awe.

Someone immediately couldn't help but said: "Ye Feng will definitely lose this time. He is facing the second most famous genius of our Red Dragon Empire, Prince Chi Jiutian. Chi Jiutian is definitely qualified to compete for the top five. With his existence, Ye Feng will definitely be eliminated in this game."

At this time, Gu Hai, the fifth genius of the Red Dragon Empire, who had been defeated by Ye Feng in one or two moves, suddenly shouted excitedly in the audience: "Your Highness, suppress this Ye Feng severely. Find a place for me!"

But suddenly at the next moment, among countless people who almost stared at him, Chi Jiutian slowly glanced at Ye Feng, and suddenly said: "I will admit defeat in this game."

"What??"

Almost at the moment Chi Jiutian finished speaking, everyone was stunned.

The entire field suddenly fell into a dead silence.

"What's going on??"

Countless people stared wide-eyed, unable to believe what their ears heard.

Chapter 5573 Byes

Silence!

Deathly silence!

At this moment, the whole place was in deep silence.

Because no one expected that the prince of the Red Dragon Empire, Chi Jiutian, would admit defeat on the spot.

This was beyond everyone's expectations.

Even the top geniuses ranked first among the major forces could not help but show a look of astonishment in their eyes.

Because Chi Jiutian was the prince of the Red Dragon Empire and the second-ranked super genius of the Red Dragon Empire, second only to the first genius of the Red Dragon Empire, Yuhua Wang.

So everyone had great expectations for Chi Jiutian, believing that Chi Jiutian was qualified to compete for the top five, or even the top three.

There were even people shouting from afar, asking Chi Jiutian to suppress Ye Feng on the spot, so that everyone would know that their Red Dragon Empire was the strongest.

But what no one expected was that Chi Jiutian, the prince of the Red Dragon Empire, actually admitted defeat on the spot.

At this moment, let alone the ordinary people in the surrounding audience seats, even the royal family members of the Red Dragon Empire who had been sitting at the highest point, including the VIPs of the Dark God Court, one of the three holy places in the dark world, could not help but show a look of surprise in their eyes.

At this moment, the old host flying high in the sky also asked in surprise: "Your Highness, are you serious? Are you really not joking to liven up the atmosphere?"

Chi Jiutian glanced at the old host in the sky, nodded slightly, and said: "I'm not joking, I'm serious, I admit defeat directly."

After the voice fell, before the old host said anything, Chi Jiutian suddenly looked at Ye Feng and said slowly: "You are getting stronger and stronger."

Almost at the moment when Chi Jiutian's voice fell, Chi Jiutian walked down from the duel stage in the astonished eyes of everyone and returned to the audience.

Chi Jiutian, the prince of the Red Dragon Empire, actually admitted defeat on the spot!

At this moment, countless people were in deep shock.

Because no one dared to imagine that Chi Jiutian, such a powerful peerless genius, would voluntarily admit defeat in front of Ye Feng and didn't even want to fight.

Everyone showed deep doubts on their faces, not knowing why.

At this moment, Ye Feng had always been very calm, standing on the stage, watching everything quietly, and didn't say much.

Because of Chi Jiutian's choice, Ye Feng didn't feel strange.

Before, Ye Feng had defeated Chi Jiutian, the prince of the Chilong Empire, in the imperial city of the Chilong Empire, and suppressed him on the spot.

Now that his cultivation has broken through so much, Chi Jiutian can naturally feel it, so Chi Jiutian knows that he can't be Ye Feng's opponent at all, it's better to admit defeat on the spot, so as not to be defeated by Ye Feng in the process of fighting, which will be very embarrassing.

At this moment, what everyone doesn't know is that Ye Feng had completely suppressed and defeated Chi Jiutian in the imperial city before the martial arts conference, so Chi Jiutian took the initiative to admit defeat.

So at this moment, the whole place was in a state of excitement, and everyone was talking about it, wondering why such a thing happened.

At the same time, the top talents ranked first among the major forces also began to focus on Ye Feng.

Because Ye Feng has always been unknown, but Ye Feng has almost won all the way to the present in the martial arts conference, and can even directly enter the top five now. This really made everyone unexpected that the Dark Empire had such a huge dark horse and made it all the way to the present.

From being unknown to now, the whole audience is paying attention, which is really incredible and a legendary deed.

At this moment, the old host saw Chi Jiutian really walked down from the duel stage, so he could only sigh helplessly and said, "Ye Feng from the Dark Empire wins this duel."

At this moment, the young geniuses of the Dark Empire in the audience shouted excitedly, "Brother Ye Feng, you are so awesome!"

At this time, the old men leading the Dark Empire couldn't help but show a look of astonishment in their eyes. It seemed that they didn't expect that the prince of the Red Dragon Empire, such a lonely and arrogant peerless genius, would admit defeat on the spot. It was really unimaginable.

If Chi Jiutian was not the prince of the Red Dragon Empire and had a noble status, the old man leading the Dark Empire couldn't help but wonder if Ye Feng had secretly paid money to bribe his opponent.

But Ye Feng's opponent at this time was Chi Jiutian, the prince of the Red Dragon Empire. It was absolutely impossible for Ye Feng to pay money to bribe the other party, because the other party was originally rich.

At this moment, Ye Feng walked down from the arena, ignoring the countless attention and discussions of the people around him, and just sat in his seat calmly, waiting for the next top five battle.

At this moment, the old man presiding over the arena continued to announce the next battle of young geniuses.

Next, as expected, the winners were almost all the top-ranked super geniuses who had been famous for a long time among the major forces.

They were Xue Wuya of the Blood Demon Clan, Xiao Qianshang of the Ten Thousand Demons Cult, Prince Mo Wudao of the Troll Empire, and Yuhua King of the Red Dragon Empire.

The four of them, together with Ye Feng who won the first battle, a total of five people, five top-level peerless geniuses, will compete for the top three next.

At this time, the whole audience was looking forward to it, wondering who the strongest person would be.

At this time, the old host asked the five winners to gather directly on the entire duel stage, then took out a box and said, "There are five of you in total, but you only need to fight twice to select the top three. In other words, the five of you will draw lots together now, and then fight in pairs. The one who is bye can directly enter the top three without having to fight again."

"What?"

Hearing what the old host said, many people around couldn't help but show a look of surprise in their eyes. It seems that they didn't expect that there would be a lucky person in the final choice of the top three. There is no need to fight, just watch the other four people fight each other.

At this moment, everyone started to draw lots.

Next, Xue Wuya of the Blood Demon Clan said, "I drew number one."

After the words fell, the prince of the Troll Empire, Mo Ling'er's elder brother, Mo Wudao, also slowly said, "I also drew number one. It seems that there will be a battle between Xue Wuya and me."

Xue Wuya grinned and said, "Okay, I will see to what extent you, the first genius of the Troll Empire, have cultivated the peerless inheritance of the Troll Empire, the Troll God Technique, and see if the infinite blood sea magic of my Blood Demon Clan can defeat your indestructible body of the Troll."

At this time, Xiao Qianshang, the first genius of the Ten Thousand Demons Sect, suddenly said, "I drew number two."

After the words fell, the Yuhua King, the youngest prince of the Red Dragon Empire and the youngest brother of the current Red Dragon Empire Emperor, who was standing aside, slowly said, "I also drew number two."

Obviously, the second battle will take place between Xiao Qianshang of the Ten Thousand Demons Sect and the Yuhua King of the Red Dragon Empire.

At this time, hearing the four people around him say so, Ye Feng just looked at the label in his hand with some surprise, on which the words "bye" were written.

This means that Ye Feng does not need to fight with others in this battle between five people for the top three, and can directly enter the next battle between the top three. No matter how bad he is, he can still get the third place.

"This..."

Seeing this scene, Ye Feng himself was quite surprised. He didn't expect that his luck was so good.

At this moment, seeing this scene on the field, all the audience were boiling.

Suddenly, someone couldn't help but exclaimed: "This Ye Feng actually drew the bye label. His luck is really too good. He doesn't need to fight at all. At the very least, he can be the third place."

Everyone was a little speechless at this time. They didn't expect that Ye Feng, the least famous person, was so lucky.

Someone couldn't help but say, "If Ye Feng had drawn the tag to fight, he would have stopped at the top five and wouldn't have been able to enter the top three. Damn it, this kid is so lucky that he could enter the top three without even lying down."

At this moment, when Ye Feng came down from the arena, even the people of the Dark Empire couldn't help but exclaim, "Ye Feng, your luck is so good."

The old man who led the Dark Empire also said in astonishment, "I didn't expect to enter the top three so easily."

Ye Feng was slightly He smiled and said, "My goal is not just the third place."

"What?"

Hearing what Ye Feng said, the old man standing beside him couldn't help but said in shock, "When this battle is over and you compete for the top three, don't you just admit defeat? Want to fight with those top talents? That is extremely dangerous and will cause you heavy damage. It is better to admit defeat and get the third place safely."

When Ye Feng heard what the old man said, he just shook his head slightly and was too lazy to say anything more.

Chapter 5574: Judge

Obviously, let alone other people at this moment, even the old man who led the Dark Empire with Ye Feng did not believe that Ye Feng could continue to excel and win in the top three competitions.

However, Ye Feng didn't bother to explain anything at this time, and just sat in his auditorium, closing his eyes and relaxing.

And at this time, just when everyone was envious of Ye Feng's good luck and felt that Ye Feng did not need to meet other top geniuses to be amazed, suddenly in the audience in the direction of the Chilong Empire, Chijiutian, the Chilong The prince of the empire suddenly said: "Ye Feng got a bye this time. This is not Ye Feng's good luck, but the good luck of the other four top geniuses."

"What?"

Hearing what the Crown Prince of the Red Dragon Empire said, everyone present was shocked to the extreme.

Because Chi Jiutian said such words, it meant that Chi Jiutian felt that Ye Feng was the most powerful among the remaining five top geniuses.

"This is absolutely impossible."

At this moment, someone in the crowd suddenly said with disdain: "I think Chi Jiutian, the crown prince of the Red Dragon Empire, was frightened out of his courage by Ye Feng. If you are proud of yourself."

There were other people in the crowd who immediately nodded in agreement and said loudly: "This Chi Jiutian is not worthy of being the prince of the Red Dragon Empire at all. He is so afraid of Ye Feng and thinks that Ye Feng is the strongest among the five people. This is simply unbelievable. It's just nonsense."

At this time, everyone was talking one after another, and even the tone seemed to be abusive towards Chi Jiutian.

But Chi Jiutian's expression was very indifferent and he didn't respond much at all.

At this moment, Ye Feng was sitting in his auditorium and looked at Chi Jiutian who was in the auditorium of the Red Dragon Empire not far away with a rather surprised look.

Because even Ye Feng himself didn't think that Chi Jiutian was really scared out of his wits last time? He actually said such words.

At this moment, not far away, Mo Ling'er, the daughter of the Demon Emperor of the Troll Empire, walked towards Ye Feng's position and couldn't help but smile and said: "Ye Feng, I feel like before In the imperial city, you suppressed this guy Chi Jiutian so badly that you left him with a psychological shadow, so now he respects you to the extreme. "

When Ye Feng was in the imperial city to teach and suppress Chi Jiutian, the prince of the Red Dragon Empire, Mo Ling'er witnessed all of Ye Feng's attacks at that time. They were so fierce that Chi Jiutian didn't even have a chance to resist.

At this moment, Ye Feng looked at Mo Ling'er who walked beside him, couldn't help laughing and said: "It seems that Chi Jiutian really convinced me from the bottom of his heart. It seems that sometimes Facing such an arrogant genius, it really takes ferocious attacks and suppression to convince the other party. Just talking is of no use. "

While Ye Feng and Mo Ling'er were talking, everyone in the audience still felt that Ye Feng was lucky. This time he had a bye, and at worst he could get into third place.

They didn't think what Chi Jiutian said was right. They felt that Ye Feng could not possibly be a match for the other four top geniuses. Ye Feng was just lucky.

Ye Feng didn't care about this. He just sat in his seat, chatting with Mo Ling'er while watching the most critical battle on the field.

At this moment, everyone in the entire audience was staring nervously at the upcoming battle.

Because the next battle will definitely be a battle between the top geniuses in the southwest sector of the entire dark world.

At this moment, the old host in the sky suddenly said: "Okay, now that everyone is ready, let's start the first battle for the top three. The first battle is from the Blood Demon Clan. The Xue Wuya fights with Mo Wudao from the troll empire."

Uh-huh!

Uh-huh!

At this moment, after the old man in charge finished speaking, Xue Wuya and Mo Wudao flew to the competition stage in an instant.

And everyone's eyes were focused on the two of them.

Even the elders and powerful men watching around them stared at these two young geniuses with anticipation in their eyes.

Because those fighting at this time are all from major forces and empires. The existences currently ranked number one among the younger generation are all well-known figures who have been famous for a long time, and naturally they have attracted much attention.

At this time, when he saw his brother on stage, Mo Ling'er in the audience below couldn't help but look at Ye Feng beside him and said loudly: "Ye Feng, you are so powerful, can you judge my brother?" Can you win this competition and enter the top three? "

When Ye Feng heard what Mo Ling'er said next to him, he shook his head slightly and said loudly: "I can't predict this, because I have no idea about the strength and methods of Xue Wuya and your brother Mo Wudao. I don't know much about it, so it's hard to judge, but I feel that Xue Wuya has a higher chance of winning, because this Xue Wuya comes from the Blood Demon Clan, a kind of very divine being from the Blood Demon Clan. The strange talent of the Sea of Blood Demon makes Xue Wuya almost difficult to defeat. I met the young genius of the Blood Demon Clan before, and the young genius of the Blood Demon Clan released the Sea of Blood Demon, allowing him to He cannot be defeated or killed at all, because the Blood Demon Sea can continuously let the user obtain the power of the Blood Demon Sea, which is equivalent to a blood pool with extremely strong recovery power."

Hearing what Ye Feng said, Mo Ling'er immediately couldn't help but said: "But before I saw Ye Feng, you easily shattered the sea of blood demons of that young genius of the blood demon clan."

Ye Feng shook his head with a smile and said: "Because my strength is far superior to him, I can easily crush his Sea of Blood Demon. This is the special talent of the Blood Demon clan. The Sea of Blood Demon They are equivalent to a kind of domain inheritance. Only a huge disparity in power can suppress and break the blood demon sea. But your brother Mo Wudao and this Xue Wuya , their strength is equal, they are both top geniuses, so when their strength is equal, no matter how powerful your brother Mo Wudao's attack power is, it is estimated that it will be difficult to completely crush the sea of blood demon released by Xue Wuya. With the blessing of the Blood Demon Sea, I estimate that it will be difficult for Xue Wuya to lose, and it is very likely that your brother Mo Wudao's power will eventually be exhausted, causing him to lose."

At this moment, after hearing Ye Feng's analysis, Mo Ling'er felt that it made some sense, but he still couldn't help but said: "My brother also has powerful magical powers, and he is a troll who has cultivated our troll empire. The body is indestructible, the attack power is terrifying, and the defense

power is also amazing. With the physical strength of an ancient troll, I think my brother still has the possibility of victory. "

Chapter 5575 Top Three Positions

At this moment, while Ye Feng and Mo Ling'er were talking, the battle on the field started instantly.

Sure enough, as Ye Feng said, Xue Wuya first released his extremely powerful racial talent, the Sea of Blood Demon.

Buzz!

At this moment, a bloody sea immediately appeared in the void around Xue Wuya.

Xue Wuya's whole body was exuding a bright light, and his whole body seemed to be integrated into this vast sea of blood, giving people a feeling of vastness and vastness.

At this moment, Mo Ling'er's brother Mo Wudao, the prince of the Troll Empire, had very aggressive eyes and said directly: "Xue Wuya, I didn't expect you to use your ultimate move right away. I have released my own magical talent, and it seems that I can't hold it back."

At this moment, Mo Wudao immediately burst out his own powerful inheritance, the troll's indestructible body.

boom!

Almost at the next moment, everyone saw that Mo Wudao immediately began to expand rapidly. His entire body suddenly expanded into a huge black giant, as if an ancient troll had awakened. Same.

At this moment, the ancient troll transformed by Mo Wudao rushed towards Xue Wuya in an instant. It had extremely terrifying power and punched forward one after another. In an instant, it blasted Xue Wuya away. Pieces of debris were blasted out from the sea of blood demons around Ya Ya.

But in the next moment, Xue Wuya activated his power and quickly restored the Blood Demon Sea.

At this time, Xue Wuya laughed loudly and said: "My blood demon sea has been cultivated to an extremely skilled level. If you don't have overwhelming power against me, you will not be able to break my blood demon sea." Protected by the sea, you can't break through my defense, but I can break through your defense."

Boom! !

Almost at this moment, a huge red bow appeared in Xue Wuya's hand.

Immediately, Xue Wuya pulled the bow string suddenly, and the blood in the surrounding blood demon sea quickly condensed towards the crimson bow in his hand, and suddenly a There are huge red arrows that are more than ten meters long.

Uh-huh!

Immediately, Xue Wuya loosened the bow string in his hand, and the huge crimson arrow tore through the void in an instant, and shot directly into Mo Wudao's body.

"Boom!"

This blood-red arrow had an extremely terrifying impact, causing Mo Wudao to feel a severe pain in an instant.

However, this blood-red arrow did not actually pierce Mo Wudao's indestructible troll body. After all, Mo Wudao has now become an ancient troll and also possesses extremely terrifying defense power.

But before Mo Wudao could be happy at this time, Xue Wuya continued to draw the bow. Each time he drew the bow, he could condense a crimson arrow with terrifying impact and attack Mo Wudao crazily. got up.

In the end, as Ye Feng expected, Mo Wudao could not break through the defense of Xue Wuya's Sea of Blood Demon. However, Xue Wuya could indeed use this special power crazily under the defense of the Sea of Blood Demon. The big bow condensed bows and arrows, constantly hurting Mo Wudao, and finally exhausted Mo Wudao's power, causing Mo Wudao to fall under the competition platform, and even suffered some injuries.

"elder brother!"

At this moment, Mo Ling'er immediately flew forward, quickly took out healing pills from his storage ring, and handed them to Mo Wudao.

At this moment, Mo Wudao's eyes were quite downcast, as if he did not expect that he would be defeated by Xue Wuya's hands.

However, the natal magical power released by Xue Wuya, the Sea of Blood Demon, is indeed somewhat inexplicable.

If it weren't for the overwhelming power, there would be no way to break through his defense.

At this moment, the old host announced: "In the first game, the victory of Xue Wuya from the Blood Demon Clan will enter the next top three battles."

At this moment, Mo Wudao walked back to the audience with a rather gloomy expression.

When Mo Wudao passed by Ye Feng, he couldn't help but glance at Ye Feng, and then said slowly: "Ye Feng, I know you are very strong, and I also know that you will never be willing to rely on luck. , being in third place is enough, so you will definitely participate in the competition for the first place, and you will definitely be able to meet the opponent Xue Wuya. You must be careful of his Sea of Blood Demon, the defense is really too strong It's terrifying, and it gives Xue Wuya endless attack power."

Hearing Mo Wudao's reminder, Ye Feng nodded slightly and said, "Thanks for the reminder, I will pay attention."

At this moment, the old man in charge of the competition stage continued to announce: "The second competition will be between Xiao Qianshang from the Ten Thousand Demons Cult and the Feathered King of the Red Dragon Empire."

At this moment, everyone present was excited and began to pay attention to the battle on the field.

Ye Feng also looked over.

Whether it is Xiao Qianshang of the Ten Thousand Demon Sect or the Feathered King of the Red Dragon Empire, they are basically the number one super geniuses among the major forces.

Their battle, like Xue Wuya and Mo Wudao, attracted everyone's attention and was absolutely exciting.

Next, under the spotlight of everyone, Xiao Qianshang and King Yuhua fought for nearly half an hour before finally deciding the winner.

In the end, the Yuhua King used a peerless inheritance that was not part of the Red Dragon Empire, called the Yuhua Feitian Technique, which allowed the Yuhua King to hide directly between heaven and earth, and merged with the entire world. It seemed as if he had transformed into an immortal. Using the majesty and pressure between heaven and earth, he defeated Xiao Qianshang.

This made Ye Feng's eyes suddenly show a look of surprise. This feathered king of the Red Dragon Empire is indeed a very mysterious and powerful guy. He can actually integrate himself into the general trend of heaven and earth, causing a terrifying threat to his opponents. Pressure and attack.

At this moment, the old man in charge immediately announced: "In the second battle, Xiao Qianshang was defeated and the feathered king won. So far, the top three positions have been revealed, and they are from the blood demon clan. Wuya, the Feathered King from the Red Dragon Empire, and Ye Feng from the Dark Empire."

Almost at the moment when the old host finished speaking, everyone in the audience stared at these three top geniuses.

At this moment, some people are even starting to bet on the final winner.

Someone couldn't help but said: "I bet on the Feathered King with 10,000 black stones. I believe that the Feathered King is the ultimate king and can become the first."

There are also people who believe even more in Xue Wuya, the top genius of the Blood Demon Clan, because Xue Wuya's natal magical power is really too evil, making it impossible for people to do anything about it.

However, everyone basically either bets on the Feathered King to be number one, or bets on Xue Wuya to be number one. No one would bet on Ye Feng, a guy who relied on luck and got a bye into the top three.

Chapter 5576: Eliminated in Advance

While everyone was discussing, the old host on the field had already begun to announce the rules of the next battle for the first place.

At this moment, in the eyes of countless people who were quite stunned, the old host on the field immediately announced: "The rules for the final battle for the top three are that the three top talents will go to the battle stage together and fight in a melee. The winner must be decided within an hour. If no one takes action within an hour, or the winner has not been decided, all three of you will be eliminated and will not get the top three rewards. The only person who can stand on this battle stage in the end is the first place."

"What?"

At this moment, everyone was quite surprised to hear the old host say that the rules for the final battle for the top three were actually the rules of a melee. It seems that they did not expect that the final battle for the first place in this year's martial arts conference would be a melee between three people.

You know, the previous martial arts conferences were all fought in pairs, and the first place was finally decided.

But this time, the martial arts conference actually let three people fight together, which is probably to test the three people's melee experience.

Moreover, being able to defeat two other top talents in a row within an hour can indeed be the well-deserved first place, and it is easier to convince everyone.

At this moment, everyone's eyes suddenly showed deep curiosity, watching the final battle of the three young talents on the field.

Because the first place of this martial arts conference will be selected from these three people.

Everyone is very much looking forward to who will be the first place in this grand martial arts conference.

After all, if anyone can win the first place in the martial arts conference, it will definitely be instantly famous in the southwest plate of the entire dark world, and will definitely be named a guest of honor anywhere.

And whoever can become the first place, the big force or empire behind him also means that he can obtain more benefits and cultivation resources in the southwest plate of the entire dark world.

At this moment, under the attention of the crowd, Yuhua Wang, Xue Wuya and Ye Feng all stepped onto the fighting stage.

Countless people's eyes are focused on the three people.

Most people basically think that the final first place will be either Yuhua Wang or Xue Wuya. Although Ye Feng, a genius from the Dark Empire who entered the top three completely by luck, is also very powerful, everyone thinks that he can never be a rival to super-top geniuses like Yuhua Wang and Xue Wuya.

And at this moment, Xue Wuya himself also thinks so.

Because after Xue Wuya stepped onto the arena, he didn't even look at Ye Feng. He just stared at Yuhua Wang on the other side, and then slowly said: "Yuhua Wang of the Red Dragon Empire, you have been famous for a long time, and your inheritance is not the inheritance of the Red Dragon Empire. It is said that your peerless inheritance, Yuhua Feitian Jue, comes from a mysterious peerless strongman, who seems to come from a higher-level cultivation dimension world, so you are the only opponent I value in this martial arts conference."

At this moment, after Xue Wuya finished speaking, he suddenly looked at Ye Feng on the other side, with a look of disdain on his face. He smiled faintly and said: "Ye Feng Right? You come from the Dark Empire, and you are extremely lucky to have come this far, but now everything and your good luck have come to an end, because you are facing the two strongest geniuses in the southwest of the entire dark world, so before I really fight with the Yuhua King, I will first deal with you, a small fish. Now I give you a chance to step down decently and admit defeat directly, or I will help you to be decent, but it is best not to let me do it myself, otherwise, you may be seriously injured, I will not be measured. "

At this moment, Xue Wuya's words were full of extreme domineering.

At this moment, hearing Xue Wuya's domineering words, Ye Feng's face did not move, but a faint smile appeared in his eyes, and he said: "Then you do it yourself."

"What?"

Hearing Ye Feng's words, Xue Wuya's face immediately became a little surprised, and then suddenly smiled and said: "Okay, since you don't move, your courage is commendable, but courage does not represent strength. You just rely on luck to get to this point. Do you really think you are a top genius? Well, I will take action first, use you to move around and warm up, just so that you can see what a real top genius is."

At this moment, after Xue Wuya's voice fell, the audience in the surrounding Many people also showed a rather sarcastic smile on their faces and said aloud: "This Ye Feng of the Dark Empire really thinks of himself as a top genius, thinking that he can rival the super top geniuses like Xue Wuya and Yuhua Wang. I think this Ye Feng may not be as good as Xiao Qianshang and Mo Wudao who were defeated before. Now this Ye Feng actually let Xue Wuya take action himself. It seems that this Ye Feng will lose miserably." Some people couldn't help but say aloud: "In fact, I also guessed that the battle between Yuhua Wang and Xue Wuya would definitely not allow others to interfere, so they would definitely eliminate Ye Feng, the weakest genius, in advance, and then Yuhua Wang and Xue Wuya would be able to let go and fight for the final first place."

At this moment, the Dark Empire's position in the audience, the Dark Empire's leader, seeing that Xue Wuya was really going to attack Ye Feng, could not help but shout to the arena: "Ye Feng, you should take the initiative to admit defeat. It is already very good that you can become the third place. It is of great help to our Dark Empire. Xue Wuya is a terrible genius among the Blood Demon Clan. His strength is too terrifying. If he really attacks you, even if the martial arts conference does not allow mutual killing, but Xue Wuya's power, if it is not controlled a little, it may seriously hurt you, Ye Feng, Ye Feng, you should take the initiative to step down."

At this moment, even the leader did not believe that Ye Feng could fight against Xue Wuya.

Because Xue Wuya's strength is too strong, and he is a long-established super-top genius with a very high prestige.

The leader was also afraid that Ye Feng would be hurt, which was not worth the loss.

At this moment, Ye Feng would not be affected by the discussion of the people in the audience at all.

Ye Feng just stood there quietly, waiting for Xue Wuya's arrival.

At this moment, Xue Wuya saw that Ye Feng really couldn't go down, so he immediately attacked.

Swish!

He turned into a blood shadow and flashed towards Ye Feng. One of his hands turned into a bloody giant claw and directly hit Ye Feng's head, with terrifying killing power.

Chapter 5577: Random Attack

At this moment, Xue Wuya's attack was very fast and violent, hitting directly in front of Ye Feng. His bloody claws condensed to knock Ye Feng off the fighting platform in an instant.

At this time, Ye Feng stood there, not moving at all.

"Um?"

Seeing this scene, everyone in the surrounding auditorium suddenly showed sarcastic looks in their eyes, and couldn't help but laugh and said: "Sure enough, after this Ye Feng faced a super-top genius like Xue Wuya, He was stunned for a moment, probably because he was shocked by Xue Wuya's attack and momentum, so he couldn't even move at all. "

At this time, Xue Wuya saw that Ye Feng had not moved, and a hint of sneer appeared in his eyes, and he said loudly: "You better hurry up and eliminate you, so that I can be with you." The real opponent, the Feathered King, fights in an upright manner."

At this moment, just when Xue Wuya's blood-red giant claw was about to touch Ye Feng, Ye Feng suddenly stretched out a hand.

Ye Feng's hand immediately turned into a big black hand.

At this moment, Ye Feng directly activated his extremely powerful peerless inheritance, the Dark Emperor Art.

This is the peerless inheritance of the first generation of the Dark Emperor of the Dark Empire, which is very powerful.

So at this moment, after Ye Feng displayed the Dark Emperor Kung Fu, Ye Feng's hand immediately possessed the majestic power of the first-generation Dark Emperor, and instantly blasted Xue Wuya's bloody giant claw. Broken.

boom! !

The next moment, under the horrified eyes of countless people, Ye Feng's big black hand blew Xue Wuya away in an instant.

"What??"

Seeing this scene, countless people present suddenly widened their eyes, with deep shock in their eyes.

No one expected that Ye Feng would take action directly and brazenly at the critical moment, blowing away Xue Wuya, a powerful top genius, in an instant with one hand.

This is incredible!

At this time, Xue Wuya was directly blasted to the competition platform not far away. He did not fall off the competition platform, but fell to the ground.

At this moment, Xue Wuya was not seriously injured. After all, he was a super genius and his cultivation strength was still very strong.

At this moment, Xue Wuya couldn't help but said in horror: "How is this possible? How can your cultivation strength be so strong?"

At this moment, even the Yuhua King not far away had a look of surprise in his eyes and couldn't help but look over.

Because King Yuhua originally thought that Ye Feng was just an insignificant person, he acquiesced that Xue Wuya would attack Ye Feng first. First, he would deal with Ye Feng, an insignificant person, and then the two super-top geniuses would truly of a battle.

But now I didn't expect that Ye Feng suddenly took action and burst out with such terrifying power. This was really unexpected by everyone.

Even King Yuhua, the number one genius in the Red Dragon Empire, could not imagine it.

At this moment, Ye Feng smiled slightly and said: "I have said before, the reason why I am still standing here is because I have this ability, not because I am arrogant."

Hearing what Ye Feng said at this moment, Xue Wuya's eyes suddenly showed deep anger.

Because Xue Wuya really lost face this time.

After all, Xue Wuya had just vowed that he was many times stronger than Ye Feng.

Unexpectedly, he was instantly knocked away by Ye Feng's hand.

This was completely unacceptable to Xue Wuya.

At this time, the whole place was in a state of excitement.

Countless people were in disbelief. They didn't expect Ye Feng to be able to burst out with such powerful power.

At this time, Xue Wuya suddenly got up from the ground, yelled angrily: "This is impossible! I don't believe it! You guy's cultivation level is so much lower than mine, and I have been famous for a long time. Well-known young top talent, how could you have such a strong Power? It must have been your sneak attack just now that caught me off guard. I didn't use all my power just now. I just attacked casually, and you must have planned the strongest attack for a long time, so I He was repelled, that's right!"

At this time, Xue Wuya forced himself to believe in this concept.

Immediately, Xue Wuya unleashed his immense power with all his strength.

Boom! !

At this moment, Xue Wuya's body suddenly burst out with extremely terrifying power, directly forming a towering and boundless sea of blood around his body.

This is Xue Wuya's strongest racial talent, his Sea of Blood Demon.

At this moment, some people in the surrounding audience couldn't help but said: "Xue Wuya now seems to have really unleashed his powerful power, using his most powerful magical power, the Sea of Blood Demon, They were all released. It seems that Ye Feng is bound to be defeated. After all, even the trolls were defeated before. The prince Mo Wudao of the empire was unable to break through the blood demon sea of Xue Wuya. I felt that Ye Feng must have deliberately carried out the strongest blow just now, but he caught Xue Wuya off guard. Now Xue Wuya is If Wu Ya fully unleashes his power, Ye Feng will probably lose soon."

At this moment, Xue Wuya on the fighting stage couldn't help but say: "Ye Feng, this time I have fully exerted my full strength, and my innate magical power, the Blood Demon Sea, has also been fully activated by me. This time you will definitely lose. I will not take it lightly and let you sneak attack."

"Hahaha!"

When Ye Feng heard what Xue Wuya said, he suddenly laughed and said: "It's useless for you not to take it lightly, because just now it was not the strongest attack I had planned for a long time. I just made a random move just now."

"Arrogant!"

Hearing what Ye Feng said, Xue Wuya immediately roared, and then activated the Blood Demon Sea, and madly crushed towards Ye Feng.

Even Xue Wuya still had the red bow in his hand, and he also condensed it against Mo Wudao before. He pulled the bowstring frantically, condensing one red arrow after another, bombarding Ye Feng, trying to repel Ye Feng.

At this time, Ye Feng faced Xue Wuya's real terrifying attack. Seeing that Xue Wuya really burst out with all his strength, Ye Feng did not hold back and directly used the peerless inheritance of the first generation of the Dark Emperor, the Dark Emperor's Art.

Boom!

At this moment, a huge and boundless shadow of the Dark Emperor's will immediately appeared behind Ye Feng. It was majestic and terrifying, making everyone in the audience feel a sense of oppression.

"Is this... the legendary Dark Emperor's Art?"

In the audience, someone recognized Ye Feng's inheritance, and immediately showed a deep shock in his eyes, saying aloud: "Who is this Ye Feng in the Dark Empire? He even learned the long-lost peerless inheritance of the first generation of the Dark Emperor. It seems that this battle is really far from as simple as we imagined. This Ye Feng definitely has the strength to compete with a super-top genius like Xue Wuya. This battle is definitely very exciting!"

Chapter 5578 Everyone will lose

At this time, just as everyone was talking about it, Ye Feng suddenly flew high into the sky, and actually condensed with the shadow of the will of the first-generation Dark Emperor who appeared behind him, and directly turned into a physical body. Like a dark giant, it has a terrifying and majestic aura, as if it has the power of a god, making everyone present feel a great sense of psychological depression, and it feels like Ye Feng has turned into an ancient dark god.

boom!

At this time, Ye Feng burst out with the terrifying power of the dark giant and bombarded directly forward. In an instant, he attacked the sea of blood demon around Xue Wuya.

At this moment, every time Ye Feng punched out, he was able to blast out a piece of the blood demon sea around Xue Wuya.

Seeing this scene, Xue Wuya didn't panic at all, but laughed loudly and said: "Ye Feng, no matter how powerful you are, no matter how powerful you are now that you have transformed into a dark giant, you will eventually have all your power exhausted. At that moment, you will not be able to break my sea of blood demons at all, and I will defeat you instantly."

At this time, Xue Wuya obviously still made full use of the powerful defense and vast area of his Blood Demon Sea to continuously resist Ye Feng's attacks. He also opened the crimson bow in his hand and condensed one after another. The red arrows shot towards Ye Feng, trying to defeat Ye Feng.

He did it exactly according to the method he used to deal with the troll empire prince Mo Wudao.

At this time, Mo Wudao in the audience couldn't help but said nervously: "I'm afraid it will be very difficult for Ye Feng to defeat Xue Wuya. I have also faced this scene. His sea of blood demons can't be used at all." I can't completely crush them all. I only destroyed a small half of the Blood Demon Sea, and my strength has been completely exhausted, and I have no ability to continue fighting."

When Mo Ling'er heard what his brother Mo Wudao said, there was a look of worry in his eyes.

But at this time, Mo Ling'er's eyes were still full of determination when she looked at Ye Feng, because she believed that Ye Feng was a person who could create miracles.

As for Uncle Scar's disguise as the mighty general of the Troll Empire, he sat leisurely in the audience next to Mo Ling'er and Mo Wudao, crossing his legs and watching the battle on the field.

Because he knew very well that Ye Feng was a defiant young man who could not be guessed by ordinary people. There was no need to worry about Ye Feng. Ye Feng could always suppress everything and turn danger into good fortune.

At this moment, after Ye Feng turned into a dark giant on the field, he frantically attacked the sea of blood demons around Xue Wuya.

At this moment, Xue Wuya laughed loudly and said loudly: "Ye Feng, it's better to admit defeat as soon as possible. You can't attack my body."

At this time, Xue Wuya was obviously very confident, but he could be said to have completely misjudged his opponent at this time.

His opponent is now Ye Feng, not Mo Wudao, the prince of the troll empire.

Ye Feng is more mysterious and powerful than Mo Wudao.

Ye Feng's defensive power and Ye Feng's skill reserves are definitely far beyond what most people can imagine.

Therefore, Ye Feng's continuous combat ability is extremely terrifying.

At this time, Ye Feng didn't bother to say a word at all, but punched out frantically one after another.

Half an hour later, Xue Wuya finally felt something was wrong.

Because Ye Feng did not lose strength like Mo Wudao. Instead, Ye Feng seemed to be getting stronger and stronger as he fought.

At this time, Xue Wuya suddenly discovered that a dark field appeared around Ye Feng, which was able to continuously swallow his sea of blood demons.

Every time Ye Feng shatters a part of the Blood Demon Sea, he can absorb the shattered part into his own devouring domain, thereby continuously consuming the power of Xue Wuya.

As long as Xue Wuya's skill reserve is not as good as Ye Feng's, he will be exhausted by Ye Feng sooner or later.

"What?"

After sensing all this, Xue Wuya immediately said in horror: "What kind of terrifying ability is this black realm like yours that can actually absorb the power of my Blood Demon Sea? This is impossible!!"

At this time, Ye Feng showed a faint smile in his eyes. His Devouring Domain was naturally capable of restraining the so-called Blood Demon Sea like Xue Wuya, and Ye Feng's power was almost endless.

In the end, Ye Feng smashed all the blood demon sea around Xue Wuya.

Then, under the shocked eyes of countless people, Ye Feng punched out with a fierce fist, sending Xue Wuya flying directly to the stage, completely defeating him.

boom!

At this time, Xue Wuya spat out a mouthful of blood and fell to the ground, unable to get up again.

Because at this moment he suffered a heavy blow. Not only was the Blood Demon Sea assimilated by Ye Feng, but he himself was hit by Ye Feng's fist. For a while, he couldn't even stand up.

"hiss!"

Seeing this scene at this moment, countless people in the audience couldn't help but gasp.

No one expected that Xue Wuya would be defeated by Ye Feng in the end.

This long-established top genius was defeated by an unknown figure like Ye Feng, which really shocked everyone.

At this time, Xue Wuya was lying under the competition platform, his eyes full of despair.

Because he could no longer get up, he suffered a serious injury.

At this time, Xue Wuya finally understood that Ye Feng's attack that knocked him away just now was not the strongest attack that had been planned for a long time. It was really a casual attack by Ye Feng.

After Xue Wuya exhausted his powerful talents and all means, he was still no match for Ye Feng and was suppressed by Ye Feng.

At this time, Xue Wuya felt deeply ashamed.

Because just now, under the attention of the crowd, he vowed that Ye Feng was just an insignificant person and he only regarded Yuhua Wang as an opponent.

But unexpectedly, he was finally crushed by such an inconspicuous boy like Ye Feng, which really made Xue Wuya extremely embarrassed.

At this moment, everyone in the audience was also shocked.

Everyone understood Ye Feng's strength. He was really strong. Xue Wuya was not defeated by sneak attacks at all.

In a head-on battle, with all means, Xue Wuya was still not Ye Feng's opponent.

Ye Feng's continuous advancement, including the bye in the top three, was not due to Ye Feng's good luck, but the good luck of several other top talents.

As the Red Dragon Empire's Crown Prince Chi Jiutian said before, Ye Feng's bye should be the luck of other top talents, because whoever faces Ye Feng will lose!

Chapter 5579 Special Reward

At this moment, when everyone was shocked by Ye Feng's fighting power, Ye Feng no longer cared about Xue Wuya who fell off the stage, but looked at the last super top genius standing on the other side of the stage, that is, the first genius of the Red Dragon Empire, Yuhua Wang.

This Yuhua Wang was very mysterious, and his cultivation aura was very powerful. Even Ye Feng could not guess how powerful this Yuhua Wang was.

At this time, Ye Feng's eyes immediately stared at Yuhua Wang and said, "Next, it's our turn to fight and compete for the last first place."

However, at the moment when Ye Feng's voice fell, Yuhua Wang suddenly said directly, "I admit defeat, I am not your opponent."

"What??"

At this moment, everyone who heard Yuhua Wang's words showed deep shock in their eyes.

No one expected that Yuhua Wang, this mysterious and powerful genius, actually admitted defeat in front of Ye Feng, and was even unwilling to fight.

At this time, even Ye Feng himself showed a look of surprise, as if he had not expected that Yuhua Wang, a top genius who even he felt very mysterious, would admit defeat directly.

At this time, the whole audience was once again deeply shocked.

At this moment, before Ye Feng or the audience could say anything, Yuhua Wang flew down from the arena, obviously announcing his voluntary surrender with his actions.

Seeing this scene at this moment, the old host was stunned for a moment, and then came back to his senses and began to announce: "The final winner of this martial arts conference is Ye Feng from the Dark Empire, who has become the real first place."

"Wow!"

Almost at the moment when the old host's voice fell, the whole audience suddenly boiled up.

Especially the many young geniuses in the audience of the Dark Empire, including the old man who led the team of the Dark Empire, all showed deep shock on their faces, and then ecstasy.

Because Ye Feng won the first place in this martial arts conference for their Dark Empire, it means that the Dark Empire represented by Ye Feng has a great advantage in the distribution of power and land resources in the southwest plate of the Dark World.

At this time, all the young geniuses of the Dark Empire were shouting for Ye Feng, saying: "Brother Ye Feng is so amazing that he can win the first place in this martial arts conference. In the history of

our Dark Empire, there has never been such a powerful genius. Brother Ye Feng is indeed a peerless genius and worthy of our worship!"

At this moment, when everyone was boiling, Mo Ling'er couldn't help cheering: "I knew that Ye Feng would definitely be able to turn danger into safety and turn danger into good fortune. He even defeated Xue Wuya!"

At this time, Mo Wudao, who was standing next to Mo Ling'er, also showed a look of surprise in his eyes, as if he didn't expect that he couldn't do it, but Ye Feng did it.

Ye Feng really defeated Xue Wuya, a top genius with the terrifying talent of the Sea of Blood Demons, and made Yuhua Wang admit defeat. This is definitely a powerful strength that can do this and become the recognized first place.

Uncle Scar stayed beside Mo Ling'er and Mo Wudao. He had been sitting in the audience, crossing his legs, and seemed to be unconcerned, because he knew that a guy as powerful as Ye Feng would definitely get the first place, without a doubt.

At this moment, standing in the VIP seat at the top of the audience, Zi Yue from the Dark God Court couldn't help but light up her beautiful eyes. It seemed that she didn't expect that the boy she met by chance at that time would become the first in this martial arts conference.

Moreover, Ye Feng's powerful strength made Zi Yue feel deeply surprised. She didn't expect that such a powerful genius would appear in the small southwest plate.

In the crowd, the son of the Dark God Court had some small conflicts with Ye Feng. At this moment, the son of the Dark God Court stared at Ye Feng, and some dark colors seemed to flash in his eyes.

At this time, no matter what everyone thought, Ye Feng had already become the first in the real martial arts conference.

At this moment, everyone knew that Ye Feng's name would definitely spread throughout the southwest plate of the entire dark world within the next day. Everyone knew that a super-top genius named Ye Feng appeared in the southwest plate, from the Dark Empire.

At this moment, as everyone left, the old host suddenly said: "The top three, gather in front of me immediately."

"Hmm?"

Hearing the old host say this, many of the audience who had not left yet showed surprise in their eyes, and then envy.

Because they knew that the old host suddenly summoned the top three of this martial arts conference, and they must have given the top three generous rewards, which others could not enjoy, and everyone could only leave the scene with envy.

At this moment, Ye Feng, Xue Wuya and Yuhua Wang, the top three, came to the old host one after another.

At this moment, the three stood together, and Xue Wuya and Yuhua Wang's eyes were fixed on Ye Feng.

Because they never imagined that the first place in this martial arts competition would be such a powerful genius.

Even Xue Wuya and Yuhua Wang did not expect that the first place in the end would be a young man from the Dark Empire who was not well-known before.

At this time, the old host looked at the top three in front of him, smiled slightly and said: "I think you should know the purpose of calling you here, that is, those who can win the top three in this martial arts conference can get special rewards."

Hearing the old host say this, Ye Feng's eyes flickered slightly.

At this time, Ye Feng thought of the emperor of the Dark Empire who had left him alone before leaving the Dark Empire, and solemnly told him that even if he took some forbidden pills that temporarily increased his cultivation, he must enter the top three of this martial arts conference at all costs.

Because the top three of this martial arts conference have extremely special and generous rewards, which are much higher than the rewards of every previous martial arts conference.

However, Ye Feng did not know what this reward was, and now it seems that the mystery is about to be revealed.

At this moment, the old host did not say anything, but just said: "Follow me, I will take you to the place where you will be rewarded."

Swish!

At this moment, after the old host finished speaking, he immediately flew out of the imperial city of the Red Dragon Empire.

Ye Feng and the Xue Wuya Yuhua King beside him looked at each other, and saw the puzzled look in each other's eyes. They didn't know where the old host would take them, and he didn't even tell them in advance.

"It's so mysterious. It seems to be a very important place that can't be leaked casually."

Xue Wuya said, then flew directly into the air and chased in the direction of the old host.

Chapter 5580 Nine-Tripod Demon Lord

At this moment, seeing Xue Wuya flying towards the direction of the old man in charge, King Yuhua quickly followed after saying something to the many relatives and elders of his Red Dragon Empire.

Ye Feng was about to follow him at this time, but Mo Ling'er and Uncle Scar immediately flew over from a short distance, including Mo Ling'er's brother, Mo Wudao.

At this time, Mo Wudao stared at Ye Feng, his eyes seemed to become very solemn, and he said loudly: "You are indeed much more powerful than I thought."

Ye Feng smiled slightly at this time and didn't say much.

At this time, Mo Ling'er asked with some curiosity: "The old host has summoned all three of you. It seems that he wants to give you a special reward for the top three."

Hearing what Mo Ling'er said, Ye Feng nodded and said with a smile: "I don't know what the specific reward is. Anyway, whichever direction the old host is flying in, I will just follow him. "

Demon Ling'er nodded and couldn't help but smile and said: "After you finish your work here, remember to come to our troll empire and come and play with me, okay?"

Hearing what Mo Ling'er said and seeing that the other person's eyes seemed to be looking forward to it, Ye Feng immediately nodded and said with a smile: "Okay, if I have time after I finish my work here, If so, I will definitely go to your troll empire and catch up with my old friends."

At this time, Ye Feng looked at Uncle Scar next to Mo Ling'er, grinned, and said, "We are destined to meet again."

Ye Feng was very familiar with Uncle Scar. After all, they had met each other in the very beginning of the smallest dynasty, and they still met each other until today. This was definitely a great fate.

At this moment, Uncle Scar also grinned, couldn't help but patted Ye Feng's shoulder, and said loudly: "Let's all hang out and see you again when we are destined."

"good."

At this moment, Ye Feng quickly chased in the direction of the old man in charge.

At this time, Mo Ling'er looked at the top of the auditorium where the people of the Dark Court were with some doubts.

Mo Ling'er said with some confusion: "This time, the behemoth of the Dark Court, one of the three top holy places in the entire dark world, came here. It seems that no special talents were selected to invite into the Dark Court."

Hearing what Mo Ling'er said, Mo Wudao shook his head and said loudly: "The person they wanted to invite has been summoned secretly, and I received the summons."

"What?"

Hearing what Mo Wudao said, Mo Ling'er's eyes suddenly showed a look of surprise. It seemed that he did not expect that the Dark Court had begun to recruit outstanding figures in this martial arts competition, including his brother Mo Wudao, that is, the crown prince of the Troll Empire.

Mo Ling'er couldn't help but feel a little discouraged and said aloud: "I did not receive a secret message. It seems that I am not worthy of their eyes and not qualified to join the Dark Court."

When Mo Wudao heard what Mo Ling'er said, he immediately smiled and said: "Don't worry, when your brother and I reach a strong enough level and status in the Dark Court, I will take you into the Dark Court, so that you can also enjoy the resources and training of the top cultivation holy land in the entire dark world."

Hearing what Mo Wudao said, Mo Ling'er immediately nodded in surprise.

Then Mo Ling'er looked at the direction where Ye Feng left, and couldn't help but said: "I'm afraid that after Ye Feng returns with a special reward this time, he will be invited by the Dark Court to join the Dark Court. As long as this martial arts The top ten in the conference will probably be recruited by the Dark Court."

Mo Wudao nodded, looked in the direction of Ye Feng's flight, looked at Ye Feng's back, and said loudly: "This is a powerful opponent worthy of attention."

Mo Ling'er immediately smiled and said, "They are just friends."

At this time, while several people were discussing, Ye Feng had already caught up with the old man in charge, Xue Wuya and the Feathered King.

At this moment, Ye Feng, Feather King and Xue Wuya were all standing side by side, flying behind the old man in charge.

At this moment, the old man who presided over the martial arts conference was already flying high in the sky, leaving the entire imperial city of the Red Dragon Empire and flying quickly towards other areas of the Red Dragon Empire.

"Um?"

Seeing that the old man in charge had even left the entire imperial city of the Red Dragon Empire, Ye Feng's eyes suddenly showed a look of surprise.

Xue Wuya and Yuhua Wang also had deep doubts in their eyes. They didn't know why they had to run outside the imperial city of the Red Dragon Empire to receive a reward for the top three.

At this time, Ye Feng couldn't help but asked: "Senior, where are you taking us? We are only receiving the rewards for the top three in this martial arts competition. Do we have to go to a special place to receive them??"

At this time, when Ye Feng asked this question, the old man who hosted the martial arts conference was not impatient. He just smiled and said: "This time your special reward is not a specific thing, but to go to a very special place." It's a mysterious place, you'll know it when you get there."

Hearing what the old man in charge of the martial arts conference said, Ye Feng and the three of them looked surprised. They seemed not to have thought that the rewards for the top three in the martial arts conference this time were not specific treasures or training resources, but Travel to a mysterious place.

At this moment, the three of them no longer asked any more questions, but concentrated on following the old man in charge and on their way.

Their speed was very fast, but they still flew for three days and three nights.

After three days and three nights, Ye Feng and the others followed the old man in charge and finally flew across more than half of the entire Red Dragon Empire and arrived at the southwest borderland of the Red Dragon Empire.

At this time, the three of them immediately saw a deep mountain forest outside the border.

At this time, the old man in charge was flying quickly towards the deep mountains and old forests outside this territory.

This made the three people even more surprised. They did not expect that the place the host old man wanted to take them to was not only outside the imperial city of the Red Dragon Empire, but even outside the borders of the entire Red Dragon Empire.

And just when they followed the old abbot to the deep mountains and old forests outside the border, the three of them suddenly saw soldiers wearing heavy armor densely stationed in this deep mountains and old forests.

And the three of them also saw that these soldiers were not only soldiers from the Red Dragon Empire, but also soldiers from the other two empires in the southwest plate, the Dark Empire and the Troll Empire.

Soldiers from the three empires were mixed together and stationed in this deep mountain and old forest.

This scene made Ye Feng, Xue Wuya and Yuhua Wang feel very shocked.

What on earth are the three empires going to do in this inaccessible deep mountain and old forest?

There are so many soldiers stationed here to guard it.

And the place they want to go to is here.

Uh-huh!

At this moment, the old man who presided over the martial arts conference descended from a high altitude into this deep mountain and old forest, and said loudly: "Soldiers from our three empires have united together and stationed in this deep mountain and old forest to protect a mysterious and very special place. important place."

At this time, Xue Wuya finally couldn't help but asked: "What on earth is this place? What are we doing here? Does this have anything to do with the rewards given to us for the top three in this martial arts conference?"

The old man who presided over the martial arts conference smiled slightly and said unhurriedly: "This is not an ordinary place, but a legendary figure in our dark world, the Jiuding Demon Lord,

who was jointly discovered by investigators from our three empires. , the place where the sect was established thousands of years ago.”

"What? Demon Lord Jiuding?!"

At this time, Ye Feng and Xue Wuya had no reaction because they had never heard of this person, but the Yuhua King, who had always been relatively silent and mysterious, suddenly widened his eyes slightly and looked very moved.

King Yuhua couldn't help but said in horror and excitement: "It turns out to be the ruins of the legendary figure Jiuding Demon Lord!"
