Chapter 5581: You can't force it

At this time, after hearing King Yuhua say this, Ye Feng and Xue Wuya looked at each other, and both saw a look of surprise in the other's eyes.

At this moment, Xue Wuya couldn't help but asked: "King Yuhua, do you know this Jiuding Demon Lord very well?"

King Yuhua nodded and said aloud: "In the ancient books of our Red Dragon Empire, there have been records of various amazing and legendary figures in our dark world. They have been recorded for tens of thousands of years, and this Jiuding The Demon Lord was a legendary figure in our dark world three thousand years ago. His peak strength could definitely rank among the top five in the dark world's combat power list at that time, and he was among the well-known figures in the dark world throughout the ages. "

"What?"

Hearing King Yuhua say this at this moment, Ye Feng and Xue Wuya both had a look of surprise in their eyes, followed by a look of deep ecstasy.

Unexpectedly, as the top three in this martial arts competition, they would be qualified to enter the ancient ruins of the Jiuding Demon Lord.

You must know that Jiuding Demon Lord was a well-known figure in the dark world three thousand years ago, and the relics of the sect he founded must contain a lot of huge wealth left over from that time.

But at this time, the three of them also knew that they were the younger generation after all, and the ancient ruins of the Jiuding Demon Lord's founding sect had long been mined by the three empires in advance. It was estimated that they could only drink some soup.

But these young people are very satisfied if they can drink some soup behind the backs of the upper echelons of the three empires.

At this moment, Xue Wuya couldn't help but said: "Senior, can we now directly enter the ancient ruins where the Jiuding Demon Lord founded the sect?"

Hearing what Xue Wuya said, the old man in charge nodded and said: "The most famous figure in the dark world, the Jiuding Demon Lord, is very famous even in the entire dark world, let alone in our southwest region. Superpowers are terrifying beings from the ancient era, so you must keep the secret of this ancient ruins secret. Otherwise, if the news leaks out, the three empires in our southwest sector may not be able to protect this Nine Cauldron Demon. The ancient ruins of Zun."

Hearing what the old host said, the three of them couldn't help but nodded, promising not to leak this secret.

Immediately, the old man who presided over the martial arts conference said: "Our three empires have been developing the ancient ruins of the Jiuding Demon Lord for some time, but they have not yet fully explored it, especially the ancient ruins where the Jiuding Demon Lord founded the sect. The core place, we have not entered the core place until now, because it is too dangerous, but this time, the three of you are the three most amazing geniuses among our three empires. Perhaps if you enter the core of the ancient ruins where the Jiuding Demon Lord founded the sect, you may have special powers. Luck can allow you to obtain the real treasures left by the Jiuding Demon Lord, including the unique inheritance of the Jiuding Demon Lord."

Hearing what the old man in charge of the martial arts conference said, Ye Feng, Xue Wuya and Yuhua Wang all brightened their eyes.

It turns out that the real core of the ancient ruins of the Jiuding Demon Lord has not been completely mined. This is naturally great news for the three of them.

At this moment, the old man in charge continued to speak: "What you can get from the ancient ruins of the Jiuding Demon Lord depends on your own luck. This is also the biggest reward for the top three in this martial arts conference. That means you have the opportunity to enter the core of the Jiuding Demon Lord's ancient ruins and obtain the Jiuding Demon Lord's secrets. The supreme inheritance and huge treasures left behind, it is even possible that you can get the peerless magic weapon left by the Jiuding Demon Lord. Those are the nine divine cauldrons. Each divine cauldron can suppress mountains and rivers. When the nine cauldrons are united, the world will be conquered. Invincible, we haven't found it yet, but maybe you can. This kind of thing is destined, and sometimes you can't force it."

Hearing what the old man in charge of the martial arts conference said, the three people in front of him naturally became more and more excited.

At this moment, Ye Feng's eyes also had a hint of surprise. He seemed to have never expected that such a powerful and peerless figure in the dark world would actually leave behind such an ancient relic that founded a sect in such a remote place. The three empires have discovered this, which is really a huge benefit to the three empires in the entire southwest plate.

At this moment, the old man in charge no longer hesitated, and directly took Ye Feng, Xue Wuya and Yuhua Wang, and the three of them flew to the deepest part of the deep mountains and old forests.

Uh-huh!

They landed under a huge cliff, and in front of them was a towering cliff like a chasm, which seemed to divide the entire world into two halves and connect them together.

At this moment, after the old man who presided over the martial arts conference explained the situation to several core powerhouses from the three empires guarding this cliff, Ye Feng and the others immediately saw the three empires standing on this cliff guarding them. Several core experts took out an ancient token.

The next moment, they put all the ancient tokens together. After these ancient tokens were combined together, they turned out to be a very ancient-looking compass, and a bright sky suddenly bloomed. The light shines on the cliff ahead.

Buzz!

Almost at this moment, ancient symbols appeared on the cliff, which was originally calm and peaceful. These ancient symbols began to move quickly like tadpoles and insects.

At this moment, all the symbols condensed in the same place, and directly on this cliff, a huge space gate condensed.

At this time, the old host looked at the three young people beside him, smiled slightly and said: "This space gate on the cliff leads to the ancient ruins where the Nine Tripod Demon Lord founded his sect. You must be careful. There may be great dangers, but there are also great opportunities. Everything depends on your own luck."

Hearing what the old host said, Ye Feng, Xue Wuya and Yuhua Wang all nodded, and rushed into the space gate in front of them excitedly and disappeared.

Seeing the three people enter, the old man who presided over the martial arts conference could not help but nod his head and said with emotion: "For this martial arts conference, the upper echelons of the three empires really spent a lot of money. They actually let such young people enter such precious ancient ruins of the Nine Cauldrons Demon Lord. It seems that the three empires have also felt the crisis from outside the southwest plate, and want to train a super top-level peerless powerhouse as soon as possible to support the stability of the southwest plate of the entire dark world."

#### Chapter 5582: The Alchemy Room

At this moment, accompanied by a violent space fluctuation, when Ye Feng and the others opened their eyes again, they found that they had appeared in a vast expanse of ruins.

There is no end as far as the eye can see here, and there are dilapidated buildings everywhere, giving people a feeling as if they have arrived at the end of the world.

At this moment, looking at the dilapidated and desolate area around them, Ye Feng, Xue Wuya and Yuhua Wang all had a trace of surprise in their eyes.

King Yuhua couldn't help but said with emotion: "I didn't expect that Jiuding Demon Lord, such a powerful super figure, would end up in such a situation in the end. The place where he established his sect has become such a desolate place. It's such a ruin."

Hearing King Yuhua's emotion, Xue Wuya chuckled and seemed not to care. He just said, "Let's go directly to the central area of this ancient ruins and see if there are any unexploited central areas." If we get the peerless inheritance of Jiuding Demon Lord, this super big man, we will definitely be treated as guests in the southwest sector of the entire dark world in the future, and we will be regarded as the pillar figures of the entire southwest sector. nourish."

Hearing what Xue Wuya said, the Yuhua King's eyes flickered.

In fact, King Yuhua also knew very well that this time the three empires spent a lot of money to bring their three strongest geniuses to this ancient ruins, just so that they could rely on their own luck and chance to find the Jiuding Demon Lord. The peerless inheritance of this super strong man.

Because many of the peerless inheritances of super powerful people, including the magical weapons and treasures left behind, can only be found by those who are destined to find them. The powerful people of the three empires have forcibly mined them, but they still can't find them.

This is a mysterious and mysterious situation in many spiritual circles.

So at this time, both Xue Wuya and Feather King were very clear that the three empires had invested their future in one of the three of them.

If anyone can obtain the peerless inheritance of the Jiuding Demon Lord, then he will definitely be the most valued figure in the three major empires of the entire southwest plate in the future.

At this moment, Xue Wuya and Feather King were no longer wasting time and flew quickly towards the area in the center of the ruins.

At this time, Ye Feng watched the two people heading straight to the central area of the ruins, and was ready to follow them.

But suddenly at this moment, the little fox that had been lying on Ye Feng's shoulder, the thousand-year-old fox demon that Ye Feng had accidentally rescued before, suddenly opened his eyes and said loudly: "Don't follow them. The central area is extremely dangerous, and the peerless inheritance of the Jiuding Demon Lord may not be in the central area."

"Um?"

At this moment, when Ye Feng heard the thousand-year-old fox demon on his shoulder suddenly speak, a look of surprise suddenly appeared in Ye Feng's eyes.

All this time, this thousand-year-old fox demon turned into a little fox, lying on Ye Feng's shoulder, never making a sound or getting too involved in Ye Feng's affairs.

Unexpectedly, this time, the thousand-year-old fox demon actually took the initiative to remind Ye Feng.

Ye Feng couldn't help but asked: "Why are you so sure?"

Hearing Ye Feng's question, the thousand-year-old fox demon smiled slightly and said: "Because I personally visited the place of the sect founded by Demon Lord Jiuding back then. This ancient ruins has not yet turned into ruins. Before."

"What?"

Hearing what the thousand-year-old fox demon said, Ye Feng's eyes suddenly showed a look of astonishment, and then he became deeply ecstatic. He couldn't help but said aloud: "Senior Fox Demon and Jiuding Demon Lord were figures of the same era back then. "

The thousand-year-old fox demon nodded and said loudly: "Yes, when I was practicing, it was exactly three thousand years ago when Demon Lord Jiuding first founded this sect. We were in the same era, and by chance, I I have been invited to visit the sect founded by Demon Lord Jiuding, so I am quite familiar with the ruins of the sect founded by Demon Lord Jiuding. "

"Very good!"

Hearing what the thousand-year-old fox demon said, Ye Feng's eyes suddenly revealed a look of deep joy, and he said loudly: "Senior Fox Demon, then I will listen to you. You can take me directly to this area." The ancient ruins were the place where the Jiuding Demon Lord stored treasures."

Hearing what Ye Feng said, the thousand-year-old fox demon nodded and said, "Let me think about it."

At this moment, Ye Feng was naturally waiting quietly.

Ye Feng knew very well that this ancient ruins not only contained treasures in the central area, but also in such a huge sect land around it, there must be all kinds of good things that ordinary people could not discover.

At this moment, the thousand-year-old fox demon lying on Ye Feng's shoulder suddenly said: "I will take you to the alchemy room of this sect first. Maybe there will be many good elixirs after the alchemy room was reduced to ruins." The medicine is buried and cannot be found by ordinary people."

"Um?"

Hearing what the thousand-year-old fox demon said, Ye Feng's eyes suddenly lit up and he immediately nodded, letting the thousand-year fox demon guide his path.

At this moment, Ye Feng quickly followed the guidance of the thousand-year-old fox demon and came to a place of ruins.

At this time, Ye Feng saw the ruins and couldn't help but asked: "Senior Fox Demon, is the alchemy room of the Jiuding Demon Lord Sect you mentioned back then right here?"

The thousand-year-old fox demon nodded and said, "I remember it very clearly. This is the area where the alchemy room of this sect was located. But now it has become a ruin. You can dig and see if you can dig out something good."

Hearing what the thousand-year-old fox demon said, Ye Feng nodded, took out an axe from his storage ring, and immediately began to dig the ruins on the ground.

Boom!

As Ye Feng dug, the whole ground cracked rapidly, and a huge deep pit appeared.

And in the end, Ye Feng was quite surprised to find that under this piece of ruins, three ancient alchemy furnaces were dug out.

These three ancient alchemy furnaces seemed to be well preserved. They should have been buried by the ruins at the moment when this sect was destroyed. So no one knew that there were three complete alchemy furnaces under this piece of ruins.

At this moment, Ye Feng said expectantly: "I wonder if there are any elixirs from those days in these three alchemy furnaces?"

The thousand-year-old fox demon said: "Open them and take a look. The sect founded by the Nine-Tripod Demon Lord was very large and prosperous. If you can find the elixirs in the alchemy furnaces of this sect, they are definitely first-class high-level elixirs, which will be of great help to improve your skills."

Chapter 5583 What happened?

At this time, when Ye Feng heard what the thousand-year-old fox demon said, a look of expectation suddenly appeared in his eyes.

At this moment, Ye Feng stared at the three ancient alchemy furnaces in front of him.

The first alchemy furnace was dyed red.

At this moment, Ye Feng opened the first red alchemy furnace without any hesitation.

The next moment, Ye Feng saw that the red alchemy furnace contained dozens of pills.

These dozens of elixirs all have a faint layer of flames burning on their surfaces. They are obviously elixirs with special flame properties.

At this time, Ye Feng opened the second alchemy furnace.

This second alchemy furnace is a blue alchemy furnace.

After Ye Feng opened it, he could immediately feel that a terrifying cold air spurted out of the alchemy furnace, almost freezing Ye Feng's palms.

At this time, Ye Feng suddenly understood that the elixirs in the second blue elixir furnace were all ice-type elixirs.

Then Ye Feng looked at the third alchemy furnace.

The third alchemy furnace was black. When Ye Feng opened it, a black breath immediately diffused from it, giving the impression that it was a pill with highly toxic properties.

But no matter what attribute the ammunition was in, Ye Feng didn't care what effect it had. He just swallowed all the ammunition in the three alchemy furnaces, just like eating fried beans, and poured them all into his mouth. .

"Um?"

Seeing this scene at this time, the thousand-year-old fox demon lying on Ye Feng's shoulder suddenly showed a look of astonishment in his eyes. It seemed that he did not expect that Ye Feng was so ferocious and found the ancient elixir in these three ancient alchemy furnaces. Medicine, no matter what effect the elixir has or whether it is toxic, he simply swallowed all the elixirs.

The thousand-year-old fox demon immediately couldn't help reminding him and said: "The ancient elixirs in these three alchemy furnaces were all refined by this powerful sect back then. The elixirs in the third alchemy furnace were obviously It has highly toxic properties. Are you sure if you swallow all these pills now, will there be serious consequences for you? "

When Ye Feng heard the reminder from the thousand-year-old fox demon, he immediately grinned and said: "It's okay, what I need is the power of these elixirs. As for the special effects and properties of these elixirs, for me There is no difference."

At this moment, after Ye Feng swallowed all the ancient elixirs.

"Rumble..."

At this moment, Ye Feng immediately felt a huge amount of energy, which exploded in his body and spread throughout Ye Feng's limbs.

At this moment, Ye Feng could feel that all the elixirs in these three ancient alchemy furnaces were of very high quality.

After Ye Feng swallowed it, he could immediately feel that his skill had skyrocketed.

My own cultivation aura also began to rise rapidly in an instant.

Ye Feng's previous cultivation had reached the second level of the Immortal Realm, and he had not continued to improve for a long time.

But this time, after Ye Feng swallowed dozens of pills with different attributes, he refined the energy of all the pills and immediately began to make rapid breakthroughs in his cultivation.

boom!

The third level of the Immortal Realm!

boom!

The fourth level of the Immortal Realm!

boom!

The fifth level of the Immortal Realm!

boom!

The sixth level of the Immortal Realm! !

At this time, after Ye Feng's cultivation reached the sixth level of the Immortal Realm, he finally stopped completely.

At this time, Ye Feng could feel that his skill had greatly increased.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise, and he couldn't help but say: "The sect founded by Demon Lord Jiuding is indeed a powerful sect in ancient times, even if it is the remaining The elixirs in these alchemy furnaces also have such terrifying power that my cultivation skills increased so much in an instant."

Hearing what Ye Feng said, the little fox lying on Ye Feng's shoulder, this thousand-year-old fox demon immediately couldn't help but said: "Of course, the Jiuding Demon Lord was the most famous in the entire dark world back then. A super strong man, the sect he founded is naturally very prosperous. Even though I was quite noble back then, when I came to the sect founded by Jiuding Demon Lord, I still felt that I was compared with Jiuding Demon Lord. , the gap is still too far."

Hearing what the thousand-year-old fox demon said, Ye Feng showed a rather puzzled look in his eyes, and couldn't help but said: "Since the Jiuding Demon Lord himself was one of the top

superpowers in the entire dark world at that time, he founded The sect was also so prosperous, but why did the entire sect suddenly collapse and turn into ruins? Logically speaking, it is impossible for any major force in the entire dark world to destroy what Jiuding Demon Lord founded? This ancient sect was destroyed instantly."

Hearing Ye Feng's question, the thousand-year-old fox demon couldn't help but shook his head and said: "I don't know this very well. The super powerful forces in the entire dark world at that time were indeed incapable of destroying the demon king Jiuding. Sect, but now it is indeed in ruins, and no one knows what happened back then. "

Hearing what the thousand-year-old fox demon said, Ye Feng nodded immediately and said with a smile: "No matter how much, the most important thing now is that I can find enough cultivation resources in this ancient sect."

After Ye Feng got the benefits at this time, he was indeed not in a hurry to go to the most central area of this ancient ruins to find the inheritance of the Nine Tripod Demon Lord.

Because according to the thousand-year-old fox demon, there must be great danger there.

It is also good for Xue Wuya and Yuhua Wang to explore the central area in advance, which may be of great help to him in the next trip to the central area.

And now, he should first search for the cultivation resources in other places of the sect founded by the Nine Emperors Demon Lord.

After all, there is the thousand-year-old fox demon, an old generation who is familiar with this sect. For him, it is definitely like an excellent guide who can help him find various places for cultivation resources.

At this moment, the thousand-year-old fox demon said, "Let's go to the next place. Let's go to the place where the sect founded by the Nine-Tripod Demon Lord specializes in growing spiritual medicines. There is a large field of spiritual medicines there. I visited it before. The area is very large and vast. I just don't know if there are any precious spiritual medicines still alive now."

Chapter 5584 Cellar

Hearing what the thousand-year-old fox demon said at this time, Ye Feng immediately grinned and said: "Anyway, go and have a look."

At this time, the thousand-year-old fox demon immediately nodded and began to guide Ye Feng in the direction.

Next, Ye Feng walked through a large area of ruins and dilapidated buildings while sighing at how glorious the sect established by the Jiuding Demon Lord was. The ruins left behind gave people a shocking feeling. On the one hand, it also filled his heart. I was quite shocked. I didn't expect that such a glorious ancient sect would turn into such a ruin overnight. It was really strange and terrifying to the extreme.

At this moment, Ye Feng quickly arrived at the location mentioned by the thousand-year-old fox demon.

At this time, Ye Feng suddenly saw a small hill rising from the ground in front of him.

The entire hillside is very large, but it's all fields.

At this moment, the little fox lying on Ye Feng's shoulder, the thousand-year-old fox demon, immediately couldn't help but said: "When I came here, all the things planted on this hillside were densely packed with spiritual beings. Medicine and fruit, but I didn't expect that it would now become a deserted land."

At this moment, Ye Feng also saw that the land on this hillside had been barren for many years. Not to mention the elixirs and fruits, there were no weeds at all.

Uh-huh!

At this time, Ye Feng was a little unwilling and flew directly to the hillside and began to search carefully.

Finally, Ye Feng dug out fruits that were glowing red from the soil. Each fruit was about the size of a fist.

"This is....."

Seeing this scene, the little fox lying on Ye Feng's shoulder immediately couldn't help but said in surprise: "This seems to be the elixir fruit buried in the ground. The elixir on the ground has been

destroyed." However, the things underground have not been destroyed yet. This seems to be a very special elixir fruit of the Jiuding Demon Lord, which was specially grown under the soil. "

Hearing what the thousand-year-old fox demon said at this moment, Ye Feng's eyes suddenly showed a look of surprise, and he quickly started to continue digging.

Next, Ye Feng dug out dozens of elixir fruits from the entire underground soil. Each elixir fruit exuded a very strong medicinal fragrance.

Ye Feng naturally did not hesitate at this time and swallowed all the dozens of elixir fruits.

Boom!

At this moment, a huge amount of energy from the elixir fruit began to increase Ye Feng's skill.

Ye Feng's cultivation aura grew rapidly again after his breakthrough.

boom!

The seventh heaven of the Immortal Realm!

boom!

The eighth level of the Immortal Realm!

boom!

The ninth level of the Immortal Realm!

boom!

Great Perfection in the Ten Heavens of the Immortal Realm! !

At this time, Ye Feng's cultivation finally broke through to the tenth level of the Immortal Realm, and he could feel that his skill reserves had increased dozens of times.

Ye Feng was naturally very happy at this time. He immediately urged the thousand-year-old fox demon on his shoulder and said loudly: "You can continue to take me to the next place where there may be cultivation resources. This is really a treasure. This kind of cultivation resource is so advanced that it can make my cultivation realm greatly improve and achieve breakthroughs every time."

Hearing what Ye Feng said, the thousand-year-old fox demon immediately smiled and said, "I have helped you so much this time. If I need to regain my strength in the future, remember to help me too."

Hearing what the thousand-year-old fox demon said, Ye Feng naturally grinned and said: "Of course, we are helping each other now. Don't worry. If you need any resources or things to restore your strength in the future, you can always tell us I, I will do my best to help you get it back."

Hearing what Ye Feng said, the thousand-year-old fox demon immediately nodded, and then said loudly: "The entire sect founded by the Jiuding Demon Lord back then had cultivation resources. In fact, it only had alchemy rooms and cultivation of elixirs. place."

"What?"

Hearing what the thousand-year-old fox demon said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Are these two places the only places where such a large sect has cultivation resources? "

Hearing what Ye Feng said, the thousand-year-old fox demon thought for a moment, and then suddenly said: "By the way, there is another place that may have good cultivation resources. I will take you there now."

Ye Feng nodded and followed the thousand-year-old fox demon.

Soon, Ye Feng came to the place where the thousand-year-old fox demon was.

But at this moment, there was only a cellar in front of Ye Feng, which looked ordinary and even a little dilapidated.

"Um?"

Looking at this small cellar, Ye Feng's eyes suddenly showed a rather astonished look, and he couldn't help but asked: "Senior Fox Demon, this small cellar looks so dilapidated, what's inside?" There could be something good, did you remember the wrong location?"

When the thousand-year-old fox demon heard what Ye Feng said, he immediately shook his head and said loudly: "When I visited the Jiuding Sect, I was invited to visit this place, so I remember it very clearly, and I definitely remember it correctly. Although this cellar looks ordinary and unremarkable, in fact, this seemingly ordinary cellar is the home of the Jiuding Sect back then. Members of the cellar are specially used to store various high-grade medicinal materials and heaven and earth spiritual fruits, because there is a natural ice spring vein under this cellar. This ice spring vein can release cold gas and form very high-grade ice. , these ices can store various elixirs and fruits for a long time, keeping the elixir fruits fresh without losing their medicinal power. "

"Um?"

Hearing what the thousand-year-old fox demon said, Ye Feng's eyes suddenly lit up, and he couldn't help but say: "If this cellar is really a place specially used to store high-grade elixirs and fruits, then after so many years, Yes, those elixirs and fruits must still be here, because I see in the ruins of the sect founded by the Jiuding Demon Lord, most of the buildings have collapsed, and everything on the ground has been destroyed, but underground Nothing was destroyed."

Uh-huh!

At this moment, after Ye Feng finished speaking, he no longer hesitated and jumped directly into the cellar in front of him, ready to explore and see if there was any ice that had frozen the Jiuding Demon Lord in the cellar. The elixirs and fruits of heaven and earth stored here by the members.

And when Ye Feng jumped into the cellar, he immediately looked overjoyed.

Because Ye Feng could see at a glance that there were actually elixirs and fruits of heaven and earth frozen in the ice under the cellar, and they all looked very fresh.

Chapter 5585 Activating the Soul

At this time, Ye Feng looked at the very fresh spiritual medicines and fruits frozen in the ice in the entire cellar, and his eyes suddenly showed deep surprise.

At this moment, Ye Feng did not hesitate at all, and immediately smashed all the ice in front of him one by one.

Crack!

Crack!

As Ye Feng smashed the ice, the spiritual medicines and fruits in the ice were immediately taken out by Ye Feng.

The next moment, Ye Feng naturally did not hesitate at all, and began to chew these spiritual medicines and fruits one by one and ate them directly.

As Ye Feng ate the spiritual medicines and fruits one by one, the energy in these spiritual medicines and fruits immediately turned into a stream of very pure medicinal energy, which was directly integrated into Ye Feng's entire body, and quickly strengthened the power in Ye Feng's Dantian.

Ye Feng's cultivation power immediately began to rise step by step at this moment.

Ye Feng's cultivation realm also began to break through rapidly at the same time.

Boom!

At this moment, Ye Feng's cultivation bottleneck of the tenth level of the Immortal Realm was broken through, and he stepped into the half-step Xingqiao Realm above the Immortal Realm!

Boom!

Xingqiao Realm First Level!

Boom!

Xingqiao Realm Second Level!

At this moment, Ye Feng's cultivation broke through the three levels, which made Ye Feng's eyes suddenly reveal a deep surprise.

The spiritual medicines and fruits left by the sect where the Nine Cauldron Demon Lord was in the past were indeed much more advanced than he had imagined, allowing his cultivation to break through so much at once.

After all, you have to know that Ye Feng's current cultivation is already at a relatively high level, and every breakthrough requires a huge amount of energy accumulation.

But after Ye Feng ate these spiritual medicines and fruits, he still broke through the three levels of cultivation at once.

This is already a great improvement.

It shows that these spiritual medicines and fruits are very advanced.

And it can be said that Ye Feng is very lucky to be able to be preserved by these ices until today and let Ye Feng eat them.

Of course, the most important thing is that this time, there is a thousand-year-old fox demon, an old figure from that era, to guide him. Otherwise, Ye Feng would never have found such a secret place.

At this moment, Ye Feng did not hesitate at all and continued to dig the surrounding ice to see if there were any other spiritual medicines and fruits sealed under the ice.

As Ye Feng dug, he was quite disappointed that there were no other spiritual medicines and fruits under the ice.

All the spiritual medicines and fruits frozen here had been eaten by Ye Feng just now.

But just when Ye Feng was about to leave, suddenly, with Ye Feng's last digging, Ye Feng suddenly saw that a mysterious figure appeared at the bottom of this piece of ice, just like a human figure.

"Huh? This is..."

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment.

In order to prove that he was not wrong, Ye Feng did not leave for the time being, but continued to dig carefully.

At the end of the digging, Ye Feng's eyes suddenly showed a look of shock.

Sure enough!

I was not wrong!

At the bottom of the ice layer in this cellar, there is a mysterious figure frozen in the ice.

This mysterious figure is a very young woman, like a sleeping beauty, lying in the deepest ice layer under this cellar, giving people a very mysterious and beautiful feeling.

At this time, even the little fox lying on Ye Feng's shoulder, this thousand-year-old fox demon, couldn't help staring at this beautiful woman like Sleeping Beauty, watching her lying quietly in the ice layer, frozen until now.

At this moment, Ye Feng immediately showed a look of astonishment in his eyes.

If Ye Feng hadn't dug up all the spiritual medicine fruits, he would never have discovered that in the deepest layer of ice under this small and ordinary cellar, there was such a mysterious Sleeping Beauty frozen in the ice.

Ye Feng immediately showed deep curiosity in his eyes. He couldn't help but look at the little fox on his shoulder and asked, "Senior Fox Demon, who is this person? Is he a figure in the sect founded by the Nine Tripod Demon Lord?"

The thousand-year-old fox demon also showed a puzzled look in his eyes at this time, and said, "I don't know, but this is very normal. I was just invited to visit the sect founded by the Nine Tripod

Demon Lord. I don't know much about the figures in the sect founded by the Nine Tripod Demon Lord."

Hearing what the thousand-year-old fox demon said, Ye Feng nodded slightly and said, "Anyway, we now see this young woman who is mysteriously frozen here, so let's rescue her, because I can feel that this mysterious woman who is frozen in the ice seems to have a breath of life. Although this breath of life is very weak, she should not be completely dead."

At this moment, Ye Feng was very curious about the identity of this mysterious woman.

And if this mysterious woman is really a member of the sect founded by the Nine-Tripod Demon Lord, if she is saved, maybe he can learn more about the place where the cultivation resources are stored in this sect.

So Ye Feng is naturally ready to take action directly to rescue this mysterious woman who is frozen in the ice.

At this moment, Ye Feng did not hesitate at all, and continued to dig, clearing all the surrounding ice layers, and finally dug this mysterious woman out of the seal of the ice layer.

At this moment, Ye Feng hugged this mysterious woman with both hands and took her out of the ice layer.

At this time, Ye Feng could feel that this mysterious woman was all cold, like a dead person.

But Ye Feng's strong perception could feel that this mysterious woman was not completely dead, and there was still a trace of life.

Ye Feng immediately understood that this mysterious woman should not have been frozen here after death. She might have been frozen here alive voluntarily, or perhaps to escape the disaster. Otherwise, it is impossible to explain why she was frozen in such an ordinary-looking ice cellar. I am afraid it was to avoid the enemy's tracking.

Of course, these are just Ye Feng's inner guesses at this moment.

Who is this mysterious woman?

Why was she mysteriously frozen here?

All this still needs to wait for this mysterious woman to be awakened.

At this moment, Ye Feng did not hesitate at all. He directly stretched out a finger and tapped the white forehead of this mysterious woman. He wanted to use his huge soul power to activate the weak life breath and the soul in the mind of this mysterious woman, so that this mysterious woman could wake up by herself, and then let her whole body of true qi start to circulate, so that she could recover by herself.

So the most important thing is to use soul power to awaken the soul of this mysterious woman, so that she can circulate her own blood and true qi and recover by herself.

Chapter 5586: Responsibility spanning a thousand years

At this time, as Ye Feng inputted his huge soul power, he entered the mind of this mysterious woman.

Ye Feng immediately felt that the soul in this mysterious woman's mind had been completely awakened and activated by him.

Buzz!

Almost at the next moment, the beautiful and mysterious woman in front of her suddenly opened her eyes, revealing a pair of sapphire-like eyeballs.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

It seems that the identity of this mysterious woman is very unusual. Even her eyeballs are not black, but blue.

At this moment, this mysterious and beautiful woman has not yet spoken, but Ye Feng quickly explained: "I accidentally encountered you frozen in the ice in this cellar, but I sensed that you were

still there. There is a breath of life, so I want to awaken your soul so that you can recover on your own."

Hearing what Ye Feng said, this mysterious and beautiful woman didn't say anything more and just nodded slightly.

Then Ye Feng retracted his fingers.

After this mysterious and beautiful woman's soul awakened, she could directly control the true energy and blood energy in her body, and began to quickly circulate in her body, limbs, bones and various meridians.

With the operation, this mysterious and beautiful woman can finally move freely.

At this moment, this mysterious and beautiful woman walked up to Ye Feng and couldn't help but said with great gratitude: "Thank you for waking me up from thousands of years of sleep. Not only do I want to thank you, but the whole world All living beings will thank you."

"Huh? What do you mean?"

Hearing what this beautiful and mysterious woman said at this moment, Ye Feng's eyes suddenly revealed a look of surprise, and he couldn't help but ask: "Why are all the creatures in the world thanking me?"

This mysterious and beautiful woman immediately spoke out: "Because after I wake up, I have a very important task to complete. This task is related to the safety of all living beings in the world."

"What?"

Hearing what this mysterious and beautiful woman said, Ye Feng's eyes suddenly showed a look of surprise.

At this moment, Ye Feng didn't ask any more questions, because he knew that this mysterious and beautiful woman would definitely explain it to him.

Sure enough, at the next moment, the eyes of this mysterious and beautiful woman showed a sense of vicissitudes and history that was not for her age, and then she slowly said out loud: "I am the daughter of Demon Lord Jiuding."

"What?"

First of all, the first words of this beautiful woman completely shocked Ye Feng, including the little fox lying on Ye Feng's shoulders, whose eyes showed astonishment.

They never thought that this mysterious and beautiful woman they accidentally rescued was the daughter of a super big man like the famous Jiuding Demon Lord. This was really incredible.

At this time, Ye Feng's eyes suddenly showed a sigh of relief. He didn't expect that he had accidentally dug out the daughters of Demon Lord Jiuding.

Sure enough, in the world of spiritual practice, sometimes all a person's experiences are related to destiny.

In the world of spiritual practice, some things are really mysterious and mysterious, and fate is so wonderful that it is beyond words.

Ye Feng didn't say anything at this moment and continued to listen to this beautiful and mysterious woman.

The next moment, this beautiful and mysterious woman continued to speak: "My name is Bingyue, and I am the daughter of the Jiuding Demon Lord. Back then, our entire Jiuding Sect suffered a devastating disaster and blow. Everything was destroyed. Even the... My father's whereabouts are unknown, and in order to survive, I can only endure the humiliation and live an ignoble existence. At the bottom of the ice in this small cellar, I am actively frozen. In this case, there may be hope of survival and I can be awakened by the destined person in the future. And I must wake up because I am still carrying a lot of burdens. The responsibility that spans thousands of years is to eliminate the source of the disaster. "

Hearing Bingyue, the daughter of Jiuding Demon Lord, say this, Ye Feng's eyes revealed a look of doubt, and he couldn't help but ask: "Miss Bingyue, what happened here back then? Why was it so glorious? The huge sect founded by Senior Jiuding Demon Lord was destroyed overnight? And is the source of the disaster you just mentioned the main culprit for the destruction of your sect?"

Hearing what Ye Feng said, Bingyue nodded, her eyes glowing blue, showing a look of hatred but fear, and said loudly: "The disaster that destroyed our entire Jiuding Sect back then The source comes from the extraterritorial advanced race in the world of higher dimensions, the Necrons."

"What?"

Hearing Bingyue say this, not to mention Ye Feng, even the little fox lying on Ye Feng's shoulder, this very powerful thousand-year-old fox demon, all suddenly showed deep shock in their eyes.

Because once it involves the extraterritorial higher world, it will definitely be a very terrifying situation.

Because the races in the higher worlds outside the territory, that is, the races in the vast world, are definitely a dimensionality-reducing blow to the practitioners in the low-dimensional worlds such as the dark world.

At this moment, Ye Feng suddenly fell silent.

Bingyue continued to speak: "For some reason, several powerful men from the Necromancer tribe suddenly fell from the sky and came to our Jiuding Sect, and brought a very strange thing called the 'Death of the Necromancer'. They want to use the vitality of the hundreds of thousands of practitioners in our entire Jiuding Sect to breed the people they lead. He came to the Nest of the Undead in an attempt to hatch the descendants of the emperor of the undead clan in the nest of the undead. If the descendants of the emperor of the undead clan were successfully hatched, this terrifying descendant of the emperor would not only be completely wiped out. Our Jiuding Sect will even bloodbath the entire dark world, causing hundreds of millions of creatures in the entire dark world to be completely destroyed."

Hearing Bingyue say this at this moment, even the archangel following Ye Feng, a high-ranking angel from the world, suddenly showed surprise in his eyes, and couldn't help but say: "No. I thought there would be a nest of the undead here, yes, among the undead clan, the Nest of the Necromancer is specially used to breed the descendants of the emperor of the Necromancer clan. Once they are conceived, the descendants of the emperor of the Necromancer clan will definitely cause great disasters. The Necromancer clan is also one of the three thousand little ones around the world. The race in one of the worlds, the 'Dead World', is one of the three thousand alien races."

At this moment, when he heard the archangel beside him say this, Ye Feng's eyes showed a solemn look, he looked at Bingyue in front of him, and said loudly: "Do you know where the Nest of the Dead is now? Has it hatched yet? Descendants of the emperor from the undead clan?"

Bingyue immediately nodded and said aloud: "I know where the Nest of the Dead is. My father fought to the death and killed several strong men of the Dead who came here, but my father's life and death are also unknown. , because they fought so fiercely that they even fought to the edge of the world and left here far away. The descendants of the emperors of the Necromancer clan in the Nest of the Necromancer , it should not be completely hatched yet, otherwise, today's dark world will definitely be devastated, so we must hurry up now to stop the nest of the undead and completely eliminate the descendants of the emperor of the undead tribe that have not yet been successfully bred. , otherwise, when the descendants of the emperor of the Necromancer clan are born, the dark world, and even the entire lower cultivation dimension world, will be in danger!"

Chapter 5587: Controlled

At this time, hearing Bingyue's words, Ye Feng's eyes showed a hint of shock.

Unexpectedly, the situation turned out to be so critical.

It seems that things are much more dangerous and critical than I imagined.

If the nest of the undead was left alone, it might really be able to give birth to the descendants of the emperor of the undead clan in the long years.

At that time, once such a demonic existence is born, it will cause huge disasters to thousands of creatures in the entire dark world, and even cause the death and disaster of countless creatures in all major interfaces in the entire lower dimensional world.

Realizing the seriousness of the matter at this moment, Ye Feng naturally said quickly: "Then let's go to the nest of the undead to take a look and see if there is a way to destroy the nest of the undead."  
"

Hearing what Ye Feng said, Bingyue, the daughter of the Jiuding Demon Lord, who was standing in front of Ye Feng, had a look of surprise in her eyes. Then she couldn't help but shook her head and said aloud: "This is me The responsibility has nothing to do with you. Your ability to wake me up is already the greatest help to us. If I let you go there together, I can't bear to put you in danger. "

Hearing what the Jiuding Demon Lord's daughter said, Ye Feng smiled slightly and said: "Girl Bingyue, back then your entire Jiuding sect perished in order to fight against the undead clan and

protect the entire dark world. This is worthy of me. I admire you, and as a cultivator in the dark world, I naturally I also have great expectations. I can work with a legendary figure like Bingyue Girl to stop the conspiracy of the Necrons, destroy the nest of the Necrons, and prevent the birth of the terrifying descendants of the Necrons. This is my own choice. , Miss Bingyue doesn't need to feel that this is a responsibility imposed on me."

When Ye Feng said it was his choice, Bingyue hesitated for a moment, then nodded and said, "Then let's go there together."

At this moment, the archangel standing next to Ye Feng, shrouded in black robes, couldn't help but whisper: "Ye Feng, the sacred object of our light world, the Gate of Heaven, that you possess, is very important to this undead tribe. It also has natural restraint and may be able to play a huge role in destroying the Nest of the Undead."

Hearing what the archangel beside him said, Ye Feng's eyes suddenly showed a look of surprise.

Unexpectedly, the Gate of Heaven that I obtained many years ago would be able to play a huge role at this time.

At this moment, Ye Feng became more confident.

Uh-huh!

At this time, Bingyue flew high into the sky and flew quickly towards a certain direction of this ancient ruins.

Ye Feng quickly followed.

The place where the two of them are going at this moment is exactly where the Necromancer clan brought the Nest of the Necromancer and settled it.

At this moment, looking at the vast ruins below, Bing Yue's beautiful eyes flying high in the sky suddenly revealed traces of memories and complexity.

At this moment, Bingyue couldn't help but said aloud: "I didn't expect that such a glorious sect founded by my father would now turn into such a desolate and dilapidated ruin."

When Ye Feng heard what Bingyue said, he couldn't help but nodded and said aloud: "This undead tribe from the world of advanced cultivation is indeed too terrifying. Just a few strong men can kill them all back then." Such a powerful super sect in the dark world has been destroyed."

Bingyue nodded and said aloud: "So now we must do whatever it takes to prevent the Nest of the Dead from resurrecting again."

And just as the two of them were talking, they had arrived at their destination.

Ye Feng saw that a group of ancient palaces appeared in front of him.

Bingyue couldn't help but said: "The Nest of the Dead is located in the deepest part of this ancient palace complex."

Ye Feng nodded, and Bingyue flew directly into this ancient palace complex.

The archangel was following Ye Feng at this time, and couldn't help but said: "I have sensed the aura of the undead clan, which is lurking in this palace complex. The nest of the undead definitely still has vitality. , perhaps still giving birth to the descendants of the king of the undead clan."

Ye Feng nodded, with a firm look in his eyes, and said loudly: "We must stop this from happening."

And the moment Ye Feng Bingyue and Archangel landed in this palace complex, Ye Feng suddenly saw a shocking scene.

Ye Feng immediately saw two very familiar figures. They turned out to be Xue Wuya and Yuhua Wang who had entered the ancient ruins of Jiuding Sect with Ye Feng before.

But at this time, Ye Feng was surprised to find that Xue Wuya and Yuhua Wang were filled with a kind of green gas that seemed to be from the underworld, and their eyes seemed to be lifeless. Like the walking dead, they were actually hunting down various beasts that lived in this ancient ruins, and then threw the bloody corpses of these beasts into a huge insect nest not far away. In the lair.

Seeing this scene at this time, Bingyue, who was standing next to Ye Feng, suddenly showed a cold look in his eyes and said loudly: "These two people have been controlled by the Nest of the Dead, and they are hunting all kinds of people." I want to use the blood and energy of these beasts to reactivate the Nest of the Dead, and to revive the descendants of the King of the Dead in the Nest of the Dead."

Hearing Bingyue's words, Ye Feng's eyes suddenly showed a look of astonishment, and he couldn't help but say: "This Xue Wuya and Yuhua Wang are powerful young geniuses who entered this ancient ruins with me. Their willpower should be very strong. How could they be suddenly controlled by the Undead Nest?"

Hearing Ye Feng's words, Bingyue's eyes showed a trace of solemnity, and said: "If it is a powerful genius of the same level as you, then it will be a bit difficult to deal with. If their own combat power is similar to yours, even if it is a little worse than yours, they are now controlled by the power of the Undead Nest. They can get the blessing of the undead power in the Undead Nest. Their combat power will increase by hundreds or even thousands of times."

"What?"

Hearing Bingyue's words, Ye Feng's eyes suddenly showed a look of astonishment.

At this time, Ye Feng couldn't help but say: "No matter what, we must stop the Death Nest from controlling them."

At this moment, Ye Feng naturally didn't hesitate at all, and immediately rushed towards Xue Wuya and Yuhua Wang, wanting to use his huge soul power to awaken the consciousness of these two people.

And Bingyue rushed directly towards the Death Nest not far away.

Her primary task and goal was to destroy the Death Nest and prevent the resurrection of the descendants of the Death Clan King in the Death Nest.

Chapter 5588: Nine Cauldrons to Suppress the People

Uh-huh!

At this time, Ye Feng immediately rushed in front of Xue Wuya and the Feathered King, and shouted directly: "You have been controlled by the Nest of the Dead, hurry up to restore your own consciousness, and escape from the Nest of the Dead. Break free from the control!"

At this time, Ye Feng roared loudly, using his soul power in his voice, so that his voice could penetrate the souls of Feather King and Xue Wuya, hoping to awaken these two top geniuses in the southwest sector of the dark world. of one's own consciousness.

However, Ye Feng underestimated the control power of the Nest of the Dead. Ye Feng used his voice and fused his soul power to completely awaken Xue Wuya and the Feathered King.

Obviously, these two people were controlled too deeply by the Nest of the Dead, and there was no way to easily rescue them from the control state.

boom!

boom!

At this moment, both Xue Wuya and Feather King suddenly burst out with their extremely powerful power and attacked Ye Feng. Obviously, these two people regarded Ye Feng as an enemy and did not discriminate at all. , Ye Feng, an outsider who broke into the Nest of the Dead, was to be suppressed on the spot.

At this moment, Ye Feng did not hesitate at all, and immediately burst out with his extremely powerful power, and even directly displayed the Dark Emperor Technique.

Buzz!

Behind Ye Feng, a black giant of the first generation Dark Emperor immediately appeared and collided with the two of them.

Boom!

The next moment, accompanied by a terrifying roar, Ye Feng immediately felt that he was instantly bombarded by a terrifying and huge force.

The dark giants of the first generation of Dark Emperors condensed by Ye Feng couldn't help but take several steps back.

Even Ye Feng himself was sent flying backwards by this terrifying and huge force.

"What?"

After seeing this scene, Ye Feng's eyes suddenly revealed a look of deep astonishment.

You know, during the martial arts conference before, Ye Feng was completely confident that he could suppress Xue Wuya and Yuhua King at the same time with his own power.

Although Xue Wuya and Feather King are both super-top geniuses among the three major empires in the southwest sector of the dark world, compared with Ye Feng, their actual combat effectiveness is still far behind.

But now, Ye Feng was blown away by the two people.

At this moment, Ye Feng immediately remembered what Bingyue, the daughter of Jiuding Demon Lord, said before. Now Xue Wuya and Feather King have been completely controlled by the Nest of the Dead, and their power is also With the blessing of the power of the world from the advanced spiritual dimension such as the Nest of the Dead, the combat effectiveness has been increased hundreds or even thousands of times.

Ye Feng is now unable to fight against these two people, which is quite normal.

After all, Xue Wuya and the Feathered King were both blessed by the higher powers of the undead clan.

Uh-huh!

At this moment, the archangel flew to Ye Feng's side and said quickly: "Leave these two walking corpses controlled by the Nest of the Dead to me. My angelic power can deal with them." The power of the undead blessed by you creates suppression. Go and use the Gate of Heaven to help

Bingyue destroy the nest of the undead. As long as you can completely destroy the descendants of the emperor of the undead tribe who are being nurtured in the nest of the undead. Erase it, then all crises will be resolved.”

Hearing what the archangel said, Ye Feng immediately nodded. He did not try to be brave and stopped fighting Xue Wuya and the Feathered King. Instead, he quickly flew towards the direction of the Nest of the Undead not far away.

Because Ye Feng knows very well that the Nest of the Undead is the key to everything. As long as the power in the Nest of the Undead can be destroyed, no matter it is the crisis of the descendants of the emperor left by the Undead tribe, or the controlled blood Wuya and the Feathered King will lose their source of power in an instant, and they will no longer pose any threat.

So at this time, Ye Feng asked the Archangel to stay where he was and continue to fight against the controlled Xue Wuya and the Feathered King, while Ye Feng flew to the vicinity of the Nest of the Undead.

Ye Feng discovered that Bingyue was attacking the Nest of the Dead.

boom!

But suddenly at this moment, in the nest of the undead, a terrifying undead energy spurted out, and a huge undead claw was condensed, like a creature from the underworld. It was as if it had broken its claws, and it was extremely terrifying. In an instant, Bingyue, the daughter of the powerful Jiuding Demon Lord, was sent flying backwards, and a mouthful of blood spurted out in an instant.

"hateful!"

Bingyue immediately couldn't help but said in horror: "The descendants of the King of the Dead in the Nest of the Dead are almost ready to take shape. This claw is definitely that of the King of the Dead in the Nest of the Dead. The claws condensed by the descendants of the ancestors have extremely terrifying power, and I can't resist it at all."

Ye Feng didn't hesitate at this time and immediately flew to Bingyue's side and said loudly: "I'm here to help you!"

Buzz!

Almost at this moment, Ye Feng turned the door of heaven, and a portal exuding the power of bright light immediately appeared above Ye Feng's head, just like a sun appeared, the power of light shining in all directions, the surrounding undead energy began to melt.

The archangel not far away was illuminated by the power of light emanating from the Gate of Heaven, and his strength increased a lot in an instant.

Obviously, as a sacred object among the angels in the light world, the Gate of Heaven emits light that empowers the angels and makes them stronger.

At this time, the archangel could completely suppress Xue Wuya and Feather King who were controlled by the Nest of the Dead, ensuring that they would not disturb Ye Feng and Bingyue's actions.

At this moment, Bingyue did not hesitate at all, and shouted directly: "Jiuding suppresses the common people!"

Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, small tripods flew out from Bingyue's head.

There are nine small cauldrons in total. Each small cauldron swells in the wind and becomes as big as a mountain.

The towering cauldron, which was as big as nine mountains, immediately suppressed the huge undead claw.

That undead claw bombarded the nine surrounding cauldrons, and would be unable to harm the bodies of Ye Feng and Bingyue for a while.

At this time, Ye Feng's eyes showed a look of surprise, and he said loudly: "This is the divine weapon of the Nine Cauldron Demon Lord, the Nine God-level Cauldron!"

Bingyue nodded and said aloud: "I caught the attack of this undead claw, Ye Feng, you hurry up and use your gate of heaven to directly attack the main body of the undead nest!"

Chapter 5589 Semi-finished Product

At this time, Bingyue's strength was still very strong. The nine god-level halls that her father left to her released by her had extremely terrifying suppressive power, temporarily entangling the undead claws. .

At this time, Ye Feng naturally did not hesitate at all. He immediately nodded and fully activated the power of his Heaven's Gate.

Boom!

At this moment, a bright white divine light burst out from the gate of heaven.

Then Ye Feng became cruel and directly used the Gate of Heaven itself to actively bombard the Nest of the Dead.

Boom!

At this moment, when the Gate of Heaven bombarded the Nest of the Dead, the Nest of the Dead was not smashed to pieces, because the Nest of the Dead was also a sacred object among the Dead and was very strong, even if the Gate of Heaven Door, there is no way to smash the Nest of the Dead for a while.

But as the Gate of Heaven attacked the main body of the Nest of the Dead, the light power in the Gate of Heaven was instantly transmitted to the interior of the Nest of the Dead.

"ah!!"

Almost at the next moment, a scream came from inside the Nest of the Dead.

"Um?"

Hearing this scream, Ye Feng's eyes suddenly showed a bright color.

It seems that the descendant of the undead emperor in the Nest of the Undead who has not yet been fully conceived was injured by the light power of his own Heaven's Gate. Otherwise, it would be impossible to scream.

At this time, Ye Feng couldn't help but sigh, the Gate of Heaven is indeed a sacred object in the world of light, and it is indeed extremely powerful.

At this time, the undead claws suppressed by Bingyue also dissipated in an instant.

Seeing this scene, Bingyue couldn't help but asked with some doubts: "Has the descendant of the emperor of the undead tribe in the nest of the undead been completely obliterated?"

Boom!

But the moment Bingyue finished speaking, the whole world suddenly seemed to shake.

The next moment, under the shocked gazes of Ye Feng and Bingyue, a skeleton with a chest of tens of thousands of meters suddenly appeared from the nest of the undead not far away.

This huge skeleton, with its whole body burning with green flames, gives people the impression of a giant skeleton standing tall and towering, very majestic and terrifying.

At this moment, the giant skeleton stretched out a big bone hand and grabbed the door of heaven in his big bone hand.

boom!

At this moment, the skeleton giant was frantically running his necromantic energy and injecting it into the Gate of Heaven, seeming to want to corrode the light power of the Gate of Heaven.

At this moment, Ye Feng was surprised to find that his palms were covered with a layer of green undead aura.

Obviously, Ye Feng is the controller of Heaven's Gate. Now that the body of Heaven's Gate has been corrupted by this skeleton giant, then Ye Feng, the controller, will also be implicated. Ye Feng's entire body is also being corrupted by the power of the dead. The air erodes.

Seeing this scene at this moment, Bingyue couldn't help but said in surprise: "This skeleton giant is definitely the descendant of the emperor of the Necromancer tribe that the Nest of the Dead wanted to breed back then. It is really terrifying. However, the birth was not successful, the real body was not born, only a skeleton was born. We have succeeded, destroying the descendants of the Necromancer King to truly grow into a complete body. Now he only has This skeleton can only be regarded as a semi-finished product."

At this moment, Bingyue didn't hesitate at all, and immediately controlled the nine god-level cauldrons, blasting directly towards the skeleton giant, and shouted loudly: "Hurry up and let go of the gate of heaven, don't hurt Ye Feng." !"

Boom!

But at this moment, the skeleton giant stretched out another big bone hand, and suddenly knocked nine large mountain-like cauldrons flying backwards.

Even Bingyue, the daughter of Demon Lord Jiuding, was suddenly shrouded in a terrifying aura of death at this moment.

Bingyue was also shrouded in the air of death at this moment and was being corroded.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of anxiety, and he quickly activated his devouring power and began to directly devour the undead energy in his body.

"Um?"

At this moment, seeing Ye Feng dissolve the green undead aura on his body, the skeleton giant not far away suddenly showed a look of astonishment in his eyes, and said loudly: "What? How is this possible? How can you possibly accommodate the special power of our Necrons? The undead energy of our Necrons is as poisonous to creatures of any other race. You, this kid, can actually resolve the death of our Necrons. Spiritual Qi, this is impossible!"

Ye Feng smiled coldly at this moment, without explaining anything at all, but instead unleashed all his cultivation skills.

Although Ye Feng is a younger generation, and his cultivation level does not seem to be very high, Ye Feng's skill reserve is definitely far beyond his current level.

So at this moment, Ye Feng fully unleashed all his skills and continued to fully activate the Gate of Heaven.

Boom!

At this moment, the Gate of Heaven, which was already about to be corroded, received the blessing of the master Ye Feng's powerful skills. It once again burst out with bright light power, and it actually came to a stalemate with the necromantic energy of this skeletal giant of the necromantic tribe. Together, no one can do anything to anyone.

At this moment, the skeleton giant of the Necromancer clan couldn't help but said in horror: "You, an ant-like boy, can actually get the sacred objects of the light world, and you also have such terrifying and weird power. The power of the undead that can dissolve our undead tribe Qi, who are you, kid? You can't be a practitioner in this low-dimensional world. You must also be from the great world and be a descendant of a wealthy family, right? Otherwise, it's impossible to have such a thing? What an incredible means."

Ye Feng laughed loudly at this time and said aloud: "I am not a cultivator from a higher-dimensional world. I am really just a very ordinary young man from a lower-dimensional world. The reason why you think I am different There are so many ways to do it. If you think everything is impossible, it's because your knowledge is too low."

"presumptuous!"

Hearing what Ye Feng said, the skeleton giant immediately screamed angrily, and then attacked Ye Feng in an instant, hoping to kill Ye Feng, the controller of the Gate of Heaven.

"ah!"

But suddenly at this moment, a scream came from not far away. It turned out that the archangel defeated Xue Wuya and Feather King who were controlled by the Nest of the Dead, causing these two controlled top geniuses to suffer heavy losses. Fell to the ground.

At this time, the archangel immediately rushed towards Ye Feng, wanting to support Ye Feng.

Chapter 5590 Curse Symbol

Shua!

At this time, the archangel rushed over quickly, and the brilliant light power burst out all over his body. He came to Ye Feng's back, and then stretched out his hands and pressed on Ye Feng's back.

Boom!

At this moment, Ye Feng immediately felt that the archangel released a powerful angel power and injected it into his dantian.

Ye Feng immediately felt a huge light power surging in his body. Obviously, this was the powerful power that the archangel gave to Ye Feng, wanting Ye Feng to have more power to activate the power of the entire Gate of Heaven.

At this moment, Ye Feng got the help of the archangel's power, and naturally he was more confident, and he immediately input more huge energy into the Gate of Heaven.

Boom!

At this moment, a dazzling and sacred white light suddenly burst out from the entire Gate of Heaven.

Even around the Gate of Heaven, these white lights condensed into a huge phantom like the God of Light.

Seeing this scene, even the archangel couldn't help but kneel down in front of the Gate of Heaven.

The archangel said with great reverence: "This is the will shadow of the great God of Light. I didn't expect to see it again."

Seeing this scene at this moment, Ye Feng's eyes showed a look of surprise. It seems that he didn't have enough power to use the Gate of Heaven before, so he couldn't play the real power of the Gate of Heaven. He could only use the light power of the Gate of Heaven to restrain some evil and dark forces.

Unexpectedly, with his own strength getting stronger and stronger, coupled with the huge light power that the archangel lost to him this time, he directly activated the real power of the Gate of Heaven, which is to condense a will-absorbing shadow of the God of Light, which has a terrifying power.

At this moment, as expected, at the moment when the Gate of Heaven condensed the will shadow of the God of Light, this huge shadow of the God of Light rushed directly to the front of the skeleton giant just now, and stretched out a big hand of light, and directly smashed the bone palm of the skeleton giant.

At this moment, the skeleton giant of the Undead race immediately said in horror: "Impossible! This is absolutely impossible!"

At this time, the skeleton giant of the Undead race stared at the phantom of the God of Light that stood tall and towering for more than 100,000 meters, and felt unprecedented fear.

He never feared anyone, but facing the phantom of the will of the God of Light in the World of Light, he naturally had a fear that came from the origin of life.

At this moment, the skeleton giant madly burst out his extremely powerful undead spirit, but it was useless.

Under the attack of the God of Light, the skeleton giant's body was immediately shattered, completely disintegrated, and completely killed.

Snap!

Then at this moment, after the skeleton giant was shattered, a green crystal stone as big as a human head fell down.

Seeing this scene, the archangel said: "This is the dead soul core of the dead soul clan. Even if this skeleton giant is just a semi-finished product bred by the dead soul nest, it has the blood of the descendants of the dead soul clan emperor after all, so this dead soul core should be very advanced."

Ye Feng's eyes naturally lit up at this time.

This dead soul core contains the pure power of the descendants of the dead soul clan emperor. It is naturally a great tonic for himself. After all, Ye Feng can accommodate the power of thousands of attributes under the sky, and the dead soul energy can naturally be used directly.

This ability, let alone the skeleton giant, even the archangel who has followed Ye Feng for so long, can't help but show a look of amazement and complexity in his eyes when he sees this scene.

Originally, he thought that Ye Feng was just a lucky young man who accidentally got the recognition of the Gate of Heaven, but now that he has seen Ye Feng's incredible abilities, the archangel feels more and more that Ye Feng is definitely an extremely special existence.

At this moment, Ye Feng did not hesitate at all. He swallowed the dead soul core directly in front of Bingyue's very surprised eyes not far away.

Swish!

At this time, Bingyue flew over from not far away. Seeing this scene, she couldn't help but came to Ye Feng and said with some worry: "Ye Feng, this dead soul core is full of very strong dead soul energy. Are you sure that you won't hurt your body after swallowing it?"

Ye Feng grinned and said: "It's okay. I have eaten a lot of things with different attributes. A dead soul core is nothing."

Boom!

At the moment when Ye Feng's voice fell, the dead soul core was swallowed and digested in Ye Feng's body.

A huge energy of dead soul energy exploded in Ye Feng's dantian, which made Ye Feng's skill grow rapidly.

Ye Feng's cultivation realm also began to break through at this moment.

Boom!

The third level of Xingqiao Realm!

Boom!

The fourth level of Xingqiao Realm!

At this moment, Ye Feng's cultivation broke through two levels at once, causing Bingyue, who was standing aside and a little worried about Ye Feng, to widen her eyes, revealing a deep look of astonishment in her beautiful eyes.

The archangel also said with a complicated look and sighed: "Ye Feng, this guy, really can't be viewed according to common sense."

At this moment, Ye Feng was just very happy. He didn't expect that a small dead soul core could actually increase his power so much, and his cultivation level even broke through two levels.

At this moment, Ye Feng immediately looked at Bingyue beside him, and said with a smile: "The crisis is finally resolved. Miss Bingyue, your responsibility that spanned a thousand years has been completely completed. You are also free and can leave here safely."

At this moment, hearing Ye Feng say this, Bingyue's beautiful eyes also showed a trace of sighing, and she was about to say something.

"Boom!"

But suddenly at this moment, accompanied by a terrifying roar, suddenly an ancient symbol emitting a faint green light flew out of the dead soul nest not far away. It has an evil and dark

power, and it rushed directly in front of Ye Feng, sank into Ye Feng's top of the head, and disappeared.

"Not good!"

At this moment, the Archangel's face suddenly changed, and he quickly grabbed Ye Feng's palm, sensed it and said: "This is the curse symbol of the dead souls. I didn't expect it to disappear in your body. It seems that you have been cursed by the dead souls, and there may be a huge crisis in the future."

Ye Feng's face also changed slightly at this time. Just now, Ye Feng had no time to react. The speed was too fast, and it was simply impossible to defend.

At this moment, Ye Feng sensed it slightly and couldn't help but say: "I didn't sense anything. Where did the curse symbol of the dead soul disappear in my body?"

The Archangel shook his head and said: "I don't know this either. I only heard that the dead souls have a very strange curse symbol. Once it enters the body of a certain creature, it may cause that creature to encounter a huge crisis in the future."

Hearing the Archangel say this, Ye Feng's eyes suddenly sank slightly. He didn't expect that he would be cursed by the dead souls in the end.

Ye Feng said, "It seems that we can only find a solution when we go to a higher dimension world and enter the universe in the future. I am afraid that we can't solve the curse of the dead in this low-level cultivation dimension world where we are now."
