

Ancient 5591

Chapter 5591 Can be refined

Hearing what Ye Feng said at this time, the archangel couldn't help but nodded and said: "Yes, this kind of curse from the undead tribe is too advanced. Even I don't know what to do about it." It can be solved, so I'm afraid you really have to wait until you enter the world of higher cultivation dimensions and enter the real world before you can find a way to remove the curse of the Necrons on you. "

At this moment, Bingyue also walked over, and couldn't help but said apologetically: "Ye Feng, I'm really sorry that you were chosen by the curse of the Necromancer tribe this time, so that you may have huge consequences in the future. crisis."

Hearing what Bingyue said, Ye Feng immediately grinned and said: "It's no big deal. Since I entered the journey of cultivation, I don't know how many life and death hardships I have experienced, and I don't know how many so-called horrific curses I have suffered. , even if I was hit by the most vicious and strange curse that made me grow black hair at any time, it didn't kill me. My life was very big. "

Hearing Ye Feng's relaxed tone, Bingyue couldn't help but relax a little. A smile suddenly appeared on her beautiful face, and she said loudly: "Anyway, I really want to thank you Ye Feng this time." , because if it weren't for you, relying on my own strength, even if I have the nine god-level cauldrons left to me by my father, I still wouldn't be able to destroy the descendants of the emperor of the undead tribe in this nest of the undead. "

Ye Feng smiled slightly and said aloud: "Your Jiuding Sect made such great efforts to fight against the Necrons and prevent the Necrons from destroying the entire dark world and the entire major interfaces of the lower cultivation latitudes. I... The younger generation should contribute a little and help out now, and I also got a lot of good things this time, and my skills have greatly increased, which can be considered a full harvest. "

Bingyue nodded immediately, and then said loudly: "In any case, I am very grateful to you."

When she said this, Bingyue seemed to have made up her mind. She suddenly walked up to Ye Feng, stared at Ye Feng with her beautiful eyes, and suddenly stretched out a green-white finger and touched Ye Feng's forehead. , said aloud: "Ye Feng, I am now passing on to you the super inheritance of my father Jiuding Demon Lord, Jiuding Tianzhen Jue. I hope it will be beneficial to your strength. I also hope that you can pass on this set of inheritance in the future. Carry forward."

Buzz!

Almost at this moment, Ye Feng immediately sensed that a mysterious inheritance secret was immediately transmitted from Bingyue's hands and injected into his mind.

It is the peerless inheritance of the Jiuding Demon Lord, the Jiuding Heaven-Suppressing Technique!

It has to be said that this set of inheritance is very powerful, and its meaning is also very profound. Just by feeling this huge meaning, Ye Feng can also feel that this set of inheritance is absolutely terrifying to the extreme.

But it's normal to think about it.

You must know that Demon Lord Jiuding was one of the top strong men in the ancient times of the entire dark world, and was one of the best in the entire dark world. His true inheritance is naturally very terrifying, and it is of great value for improving combat effectiveness. .

At this time, Ye Feng was naturally very happy. He did not expect that Bingyue would personally teach Jiuding Demon Lord, the ancient superpower, the peerless inheritance.

With this set of Jiuding Heaven-Suppressing Technique, Ye Feng can clearly feel that if he can fully understand this set of inheritance to a perfect state, his combat effectiveness will be strengthened like never before.

At this time, Ye Feng couldn't help but clasped his fists and said, "Thank you Miss Bingyue for the gift."

Bingyue immediately shook her head and said loudly: "You have helped me more, and this is what you deserve."

At this moment, Ye Feng suddenly asked: "What plans does Miss Bingyue have for the future?"

"future?"

Hearing Ye Feng's question, Bingyue's expression suddenly became a little confused, and her beautiful face showed an expression of not knowing where the future would be.

Because Bingyue, as a person from the previous era, is very unfamiliar with today's world, I'm afraid she doesn't have any friends or relatives between heaven and earth.

Moreover, her mission was now considered completed. She suddenly lost her goal and had no friends or relatives in the world, so Bingyue was naturally a little confused.

At this time, Bingyue suddenly showed a firm expression in her eyes and said loudly: "In the future, I should look for the whereabouts of my father, the Jiuding Demon Lord."

"Um?"

Hearing what Bingyue said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but asked: "Didn't Senior Jiuding Demon Lord die?"

Bingyue shook her head and said loudly: "Although my father fought with several super strong men of the Necromancer tribe back then, fighting to a very tragic point, and finally disappeared at the end of the world, but after I wake up now, I can pass through us. The family's bloodline can sense that my father is not dead yet. He should not have completely fallen back then, but I don't know where he is now. Based on these senses in the bloodline, I might be able to find my father. "

Hearing what Bingyue said, Ye Feng immediately nodded. After all, everyone has his own ambitions.

Originally, Ye Feng hoped that Bingyue could follow him back to the dark world.

But now Ye Feng doesn't give much advice, because everyone has their own goals and ideas, and there is no need to force it.

At this time, Ye Feng nodded, showing respect for Bingyue's choice.

At this moment, Bingyue suddenly walked in front of Ye Feng, and the fragrance came to her face. She actually hugged Ye Feng, and then Bingyue took a step back and said with a smile: "I am very happy to meet you, Ye Feng, as a friend. Thank you. If we are destined to meet again in the future, we will meet again."

Swish!

After the voice fell, Bingyue no longer hesitated, jumped up, and her beautiful figure disappeared in this ancient ruins.

Looking at the other person's back as he left, Ye Feng's eyes flashed with an inexplicable look, and then he nodded slightly, as if saying to Bingyue who was leaving: "See you again if we are destined to meet again."

At this moment, Ye Feng turned around and looked at the Undead Nest not far away, and couldn't help but said: "Archangel, should we destroy this Undead Nest? Otherwise, there might be some problems in the future."

When the Archangel heard what Ye Feng said, he looked at the entire Undead Nest carefully, and suddenly said: "There is no need to destroy it. The descendants of the Undead in the Undead Nest have been wiped out by you, so a single Undead Nest, There is no big danger, and the Death Nest is a treasure of the Death Clan. Although it is not as important as the Gate of Heaven among the Angels of the Light Realm, it is also a very good treasure. Ye Feng, your power can contain all kinds of power under the sky, and you can completely refine this Death Nest for your use. "

"Hmm?"

Hearing the archangel say this, Ye Feng's eyes immediately showed a look of surprise, and he said aloud: "Is this Death Nest itself a magic weapon? What's the use of refining it? It seems that this Death Nest is a container specifically for cultivating the descendants of the Death Clan, and it should not have much power. "

Chapter 5592 Regained consciousness

Hearing Ye Feng say this, the archangel immediately shook his head and said: "You don't know, this nest of the undead is very special among the undead tribe, it is specially used to breed the undead tribe. It is a descendant of the emperor, so it can be seen that it is very unusual. After you refine it, you may be able to cultivate undead souls that obey your orders in the nest of the undead. "

"What?"

Hearing what the Archangel said, Ye Feng's eyes suddenly showed a look of astonishment, and then he said in surprise: "You mean, if I can refine and control this Nest of the Dead, I will Can you control this nest of undead and breed undead souls for my use, which is equivalent to becoming my puppet? "

The archangel nodded and said loudly: "Yes, but the undead souls cultivated are definitely not as powerful as the descendants of the emperor."

Ye Feng immediately smiled and said: "Even if they are not as powerful as the descendants of the emperor of the Necromancer clan, being able to cultivate ordinary Necromancers from the Necromancer clan is still a great helper to me. After all, the Necromancer clan But if the creatures from the advanced spiritual world can cultivate ordinary undead, they will also be extremely terrifying opponents for the enemies in the dark world where I am now. "

At this moment, Ye Feng naturally no longer hesitated, and directly stretched out his hand and pressed it on the Nest of the Dead, and began to refine the Nest of the Dead.

For Ye Feng, refining this kind of treasure with different attributes and powers is very simple and easy.

Because Ye Feng's power is very special, his skill can be converted into power of any attribute at any time.

At this moment, Ye Feng transformed his power into the power of the undead, and directly began to input it into the nest of the undead.

As Ye Feng input his mana and entered the Nest of the Dead, Ye Feng could immediately feel that this huge nest was much vaster than he imagined.

Ye Feng spent nearly three hours refining before finally refining and controlling the Nest of the Dead.

Buzz!

At this moment, Ye Feng thought, and the huge nest of the undead immediately began to rumble and shake.

Immediately, the entire huge nest of the undead quickly became smaller, and finally turned into a point of light and disappeared into Ye Feng's dantian.

At this moment, Ye Feng has completely controlled the nest of the undead and nurtured it in his Dantian. He can absorb the Yin Qi from the world at any time, gather it in the nest of the undead, and train it to obey his orders. of the undead to deal with the enemy.

At this time, after Ye Feng refined and controlled the Nest of the Dead, he also relieved the Nest of the Dead's control over Xue Wuya and the Feathered King not far away.

At this moment, after the control of the Nest of the Dead was disconnected, Xue Wuya and the Feathered King finally woke up completely.

At this moment, Xue Wuya and Yuhua Wang seemed a little confused. They got up from the ground and couldn't help but said in confusion: "What happened? Why do we feel that we have experienced a very tragic battle, but we Don't have any memory?"

Hearing what the two said, Ye Feng immediately walked over and couldn't help but smile and said: "You have just experienced a life and death situation. You came to the middle area of this ancient ruins and encountered the undead." The control of such a terrifying and dangerous thing."

"What?"

Hearing Ye Feng say this at this moment, both Xue Wuya and Yuhua Wang showed deep horror in their eyes.

Then they seemed to have thought of something, and immediately couldn't help but nod, and said loudly: "Yes, yes, I remembered it. When we came to the central area of this ancient ruins, we saw a huge nest and thought it was... There is some treasure inside, but before we got close to this nest, a very terrifying and cold underworld breath appeared, shrouding us, and then we completely lost our memory. Could it be that what we did next Everything you do is controlled by that nest of the undead you call?"

Ye Feng nodded and said: "It's okay now. I have completely solved the Nest of the Dead, and you have regained consciousness."

After hearing Ye Feng say such a situation, Xue Wuya and Yuhua Wang both had a look of fear on their faces.

Then, whether it was Xue Wuya or the Feather King, these two top geniuses in the southwest sector of the dark world, at this moment, their faces suddenly showed a very grateful look, and they came to Ye Feng very solemnly and hugged him. He cupped his fists and said loudly: "Thank you Brother Ye Feng for being able to save the two of us. Otherwise, we would have been controlled by that weird thing, and it would be over."

Hearing what the two said, Ye Feng smiled slightly and said, "It's just a little effort."

At this moment, Ye Feng did not tell the two people all the truth. He only said that the two were controlled by the Nest of the Dead, and Ye Feng did not say anything else.

Whether he met Bingyue, the daughter of the Jiuding Demon Lord, or received the peerless inheritance of the Jiuding Demon Lord, Ye Feng did not tell the two of them because there was no need.

There is no use in talking more.

Sometimes speaking too much can cause unnecessary trouble.

At this moment, Ye Feng just said aloud: "Since there are no treasures and inheritance left by the Jiuding Demon Lord in the core of this ancient ruins, there is only a strange nest of the undead, then we should leave here, here There's nothing left to explore."

Hearing what Ye Feng said, Xue Wuya and Yuhua Wang also nodded, and then said in disappointment: "We thought that we could get the inheritance of Jiuding Demon Lord by coming directly to this central area, but we didn't expect to encounter such a strange and terrible dead spirit nest. It seems that the sect where Jiuding Demon Lord was located was invaded by the ancient dead spirits. Otherwise, it would not have become such a ruin, and all the treasures disappeared. I'm afraid they were destroyed in the huge turmoil that year."

Ye Feng nodded and didn't say much.

At this moment, Xue Wuya and Yuhua Wang no longer entangled in anything, but flew quickly with Ye Feng to the ancient ruins of the Jiuding Demon Lord Sect.

Half an hour later, they passed through a large area of ruins and came to the place where they entered the ancient ruins before, and a space door appeared.

Buzz!

The three people walked directly into the space door and disappeared in an instant.

Accompanied by a violent space fluctuation, the figures of the three people immediately appeared outside.

At this moment, when the three people walked out of the space portal, the old man who presided over the martial arts conference was still waiting outside.

Seeing the three people coming out, the old man who presided over the martial arts conference could not help but ask in anticipation: "What was the harvest? Did you find the peerless inheritance and treasure of the Nine Cauldron Demon Lord?"

Chapter 5593: Royal family summons

At this moment, when the old man who presided over the martial arts conference asked this question, Ye Feng, Xue Wuya and Yuhua Wang who were present all couldn't help but smiled bitterly and shook their heads.

Xue Wuya immediately spoke out and said: "We did not find the peerless inheritance of the Jiuding Demon Lord. Instead, in the middle area of this ancient ruins, we encountered the Necromancer left by the Necromancer from a higher spiritual dimension. Nest, we almost died in it."

"What?"

Hearing what Xue Wuya said, the old man in charge of the martial arts conference suddenly widened his eyes, and couldn't help but said in horror: "How could there be someone from a new era among the ancient ruins of the Jiuding Demon Lord?" The things of the undead clan in the advanced spiritual dimension? They are very dangerous and terrifying existences. How did you survive?"

Even the old man who presided over the martial arts conference felt very frightened when he heard the powerful and terrifying things coming from the advanced spiritual dimension, and felt that the three of them could not survive.

At this time, the Yuhua King immediately couldn't help but said: "Thanks to Ye Feng this time."

"Um?"

The old man who hosted the martial arts conference immediately couldn't help but look at Ye Feng among the three, and asked with some surprise: "How did Ye Feng help you?"

Xue Wuya immediately spoke out at this time: "This time I am completely convinced by Ye Feng. Ye Feng has very powerful means to rescue us from the control of the Nest of the Dead, so we quickly If you leave the ancient ruins, you may encounter greater dangers."

At this moment, hearing that Xue Wuya and King Yuhua praised Ye Feng so much, the old man who hosted the martial arts conference immediately understood that it was probably because of Ye Feng that the three of them were able to come back alive this time.

At this time, the old man who presided over the martial arts conference had an even higher opinion of Ye Feng. Unexpectedly, Ye Feng not only won the first place in this martial arts conference and won countless attention, but he also had so many methods to be able to practice in advanced dimensions. Among the dangerous things left by the powerful races in the world, Xue Wuya and the Feathered King were rescued.

At this time, the old man who hosted the martial arts conference couldn't help but nodded. He looked at Ye Feng with a smile on his face and said loudly: "This is a great achievement, because if Xue Wuya and the Feathered King fall, Among them, I can't escape the blame. Thank you very much."

Ye Feng immediately smiled and said: "It's just a little effort. We are all the top geniuses of the three empires in the southwest plate, and there is no grudge against each other. Since I have the ability to rescue Xue Wuya and the Feathered King, naturally Will take action."

Hearing what Ye Feng said, both Xue Wuya and Yuhua Wang showed a look of gratitude in their eyes, and their impressions of Ye Feng also changed a lot.

At this moment, the old man in charge was actually a little disappointed that the three of them had not received the peerless inheritance of the Jiuding Demon Lord, but there was nothing he could do about it. After all, the three of them had experienced such a dangerous situation, and it would be great to be able to come back safely. Lucky for you.

At this time, the old man in charge immediately said: "There are things from the undead tribe in the higher dimensional world appearing in this ancient ruins. I will report this matter to the upper levels of the three empires as soon as possible and let them decide what to do. To deal with this danger, you should hurry up and get out of here, I will escort you."

At this moment, Ye Feng secretly smiled when he heard the old man who hosted the martial arts conference say this.

The danger of the Nest of the Undead has already been completely resolved by himself.

But Ye Feng didn't say much.

At this moment, Ye Feng, Xue Wuya and Yuhua Wang immediately followed the old man who hosted the martial arts conference and flew quickly towards the mountains and forests.

They flew back to the territory of the Red Dragon Empire and flew quickly towards the imperial city of the Red Dragon Empire.

At this moment, on the way, Xue Wuya suddenly couldn't help but said: "Senior, since the martial arts conference and the rewards from the martial arts conference have ended this time, I want to return directly to the forces behind me."

Hearing that Xue Wuya was about to leave halfway, the old man in charge of the martial arts conference couldn't help but said: "Wait a moment, then the upper echelons of the royal family of the Chilong Empire will summon you three to go to the palace hall. "

"oh?"

Hearing what the old man in charge of the martial arts conference said, the three people present had a look of surprise in their eyes.

Whether it is Ye Feng, Xue Wuya or the Feathered King, they are all a little curious. They don't know that the martial arts conference has ended. What is the purpose of the Red Dragon Empire's royal family summoning them?

But at this time, the three of them did not refuse.

Ye Feng originally wanted to return to the Red Dragon Empire, because Ye Feng also had a promise, which was to help Leng Qingzhu, the daughter of the big boss behind the underground black market of the Red Dragon Empire, to complete the training mission given to him by her master.

Ye Feng is going back to the Imperial City of the Red Dragon Empire anyway, so it doesn't matter. Then he goes to meet the upper echelons of the royal family of the Red Dragon Empire and see what they have going on.

At this moment, King Yuhua didn't say much. After all, he was originally a prince in the Red Dragon Empire.

At this time, Xue Wuya immediately nodded and said: "Okay, since the royal family of the Red Dragon Empire has specially invited us to summon us, let's go and take a look."

At this moment, the three of them were not talking, but followed the old man who hosted the martial arts conference and continued to fly quickly towards the imperial city of the Red Dragon Empire.

The speed of the group was very fast and their cultivation was very strong. Naturally, no one dared to cause trouble along the way, so they returned to the Red Dragon Empire's imperial city smoothly.

At this time, the old man who presided over the martial arts conference directly brought Ye Feng and the other two to the entrance of the palace hall in the middle of the Red Dragon Empire's imperial city.

After Ye Feng, Xue Wuya and Yuhua Wang walked into the palace hall, they all showed a look of surprise in their eyes.

Because they saw that there were many other young geniuses in the entire palace hall.

These young geniuses were all members who participated in the martial arts conference this time.

There were also many familiar faces, such as the prince of the Troll Empire, Mo Wudao, the prince of the Red Dragon Empire, Chi Jiutian, and the fifth genius of the Red Dragon Empire, Gu Hai, etc. Most of them were young geniuses who performed extremely well in the martial arts conference this time, and they all gathered here.

At this moment, on the top floor of the imperial palace, in addition to the royal upper echelons of the Red Dragon Empire, there were two figures that Ye Feng was quite familiar with. They were the two representatives of the Dark Court, namely the Son of God of the Dark Court, and Zi Yue, who Ye Feng felt must be the second lady Ye Ziling. Now that her memory was blocked, she was currently the goddess of the Dark Court.

Chapter 5594 Three months later

At this time, Ye Fengxue Wuya and Yuhua Wang, seeing this scene on the field, immediately understood at the same time that it seemed that the royal family of the Red Dragon Empire summoned these top talents to return in order to let the people of the Dark God Court recruit them.

At this moment, after the three people came in, almost all the eyes of the people in the field were focused on the three people.

There was awe and envy in these eyes.

Obviously, the top three top talents ranked in this martial arts conference naturally received the attention and awe of all other geniuses.

At this time, even the person in charge of the Dark God Court, an old man in a black robe with the symbol of the Dark God Court, could not help but nod with satisfaction, looked at Ye Fengxue Wuya and Yuhua Wang, and then said: "Since everyone is here, I will make it clear on behalf of the entire Dark God Court. That is, our Dark God Court, as one of the three major cultivation holy places in the dark world, wants to invite you, the most outstanding talents in the southwest plate, to join our Dark God Court and practice in our Dark God Court. In the future, our Dark God Court will provide shelter for the three major empires behind you, and you will also get more advanced cultivation resources and a broader stage in our Dark God Court. In the future, you will definitely shine in the entire dark world, and you don't have to stick to a small southwest plate. "

Hearing this black-robed old man in charge of the Dark God Court say this, the many young talents present were naturally very excited, and none of them refused.

Because no one is unwilling to join the Dark God Court, which is the top cultivation holy place in the entire dark world.

You know, the three empires are three giants in the southwest plate, but the southwest plate is just a very remote place in the entire dark world.

If they can all join the Dark God Court, even if they just become ordinary disciples and members of the Dark God Court, it will be much more promising than living in this small southwest plate.

After all, in the Dark God Court, they can see the most powerful geniuses in the entire dark world, appreciate the most advanced cultivation theory in the entire dark world, and get the top inheritance in the entire dark world, explore the top secret realm, and get the top cultivation resources.

So at this time, almost all the young geniuses present nodded in agreement and were willing to join the Dark God Court.

Moreover, their joining the Dark God Court is also of great help to the forces and empires behind them, because the Dark God Court can completely protect the forces behind them.

At this moment, Ye Feng, Xue Wuya and Yuhua Wang naturally did not refuse at all, and nodded in agreement directly.

Seeing that all the young geniuses agreed, including the top three in the martial arts conference, the black-robed old man in charge of the Dark God Court was naturally very satisfied.

However, he also expected that everyone would actively agree.

After all, the geniuses in this small place in the southwest plate can have the opportunity to join the Dark God Court, even if they join the Dark God Court as ordinary disciples, which will definitely attract young geniuses from these small places.

At this moment, the black-robed old man in charge of the Dark God Court immediately said: "Since everyone agrees, I will issue a token to all of you. Each of these tokens will hold one. At that time,

you can directly leave your southwest plate and report to the headquarters of the Dark God Court in the middle area of our dark world to become a formal disciple of our Dark God Court. The deadline is three months. I hope that within these three months, you can return to the forces and empires behind you, say goodbye to your relatives, and deal with your own affairs. At that time, you can practice wholeheartedly in our Dark God Court, because this time, you may not be able to come back for many years."

Hearing the black-robed old man in charge of the Dark God Court standing at the top, everyone nodded.

At this time, the black-robed old man in charge of the Dark God Court standing at the top also waved his hand.

Swish! Swish! Swish!

I saw black tokens flying in front of every young genius present in the palace hall.

At this time, every young genius took the token in front of him.

Ye Feng also had a token in front of him at this time.

However, Ye Feng observed and found that the tokens of himself, Xue Wuya and Yuhua Wang seemed to be a little different from the tokens floating in front of other young geniuses.

Because the tokens floating in front of other geniuses did not emit light, but the tokens of the three of them actually emitted a faint light. Maybe this has something to do with them being the top three in this martial arts conference.

Maybe they joined the Dark God Court and had special treatment with this different token.

But this is also Ye Feng's guess. Ye Feng doesn't care. After all, as long as he can enter the Dark God Court, one of the top three holy places in the dark world, Ye Feng is confident that as long as he gives himself time and enough training resources, as well as high-level inheritance, he will definitely be able to grow very fast.

Even though he had just joined the Dark God Court and was just an ordinary member or disciple, Ye Feng believed that he would be able to rise within a short period of time.

After all, Ye Feng's true vision is not limited to the entire dark world, but he wants to impact the higher-level high-level cultivation dimension world, that is, the world of the universe. After all, his parents are still there, and he wonders how his parents are living in the world of the universe now.

At this moment, Ye Feng thought secretly in his heart.

Suddenly, in the eyes of everyone who was very surprised, the beautiful and noble goddess Zi Yue of the Dark God Court actually walked towards Ye Feng.

"What?"

When everyone saw this scene, they suddenly showed a deep dull look in their eyes.

Even Xue Wuya and Yuhua Wang, who were standing next to Ye Feng, couldn't help but look at Ye Feng, and their eyes showed an expression of "you are really awesome".

At this moment, Ye Feng couldn't help but smile when he saw Zi Yue coming over, and said, "Hello, Goddess Zi Yue."

At this moment, Zi Yue's eyes showed a trace of admiration, and she said, "We met in the underground black market before, and I didn't expect that we were so destined. In the future, we will all be disciples of the same sect. You don't have to call me Goddess, you can just call me Sister Zi Yue."

After hearing what Zi Yue, the Goddess of the Dark God Court, said, Ye Feng hadn't said anything yet, and the other young geniuses around him all showed expressions of envy and jealousy on their faces.

Someone couldn't help but say, "It's really great to win the first place in the martial arts conference, and let the noble and mysterious Goddess of the Dark God Court personally meet and even personally establish a relationship."

But what everyone didn't know at this moment was that if it was just a simple first place in the martial arts conference, it would not be worthy of the Goddess of the Dark God Court to chat in person, because it was not worthy.

The reason why Zi Yue had a special attitude towards Ye Feng was mainly because she still had an inexplicable feeling about Ye Feng, thinking that Ye Feng was an acquaintance she hadn't seen for a long time.

This inexplicable sense of familiarity naturally made Zi Yue feel inexplicably close to Ye Feng.

At this moment, the son of God standing at the top of the Dark God Court saw this scene, and his face became even gloomier.

However, he seemed to have thought of something, and a sinister smile appeared in the corner of his eyes. He stared at Ye Feng from a distance, like a poisonous snake in the dark, waiting for an opportunity to move, and did not say much.

At this moment, Zi Yue looked at Ye Feng and said with a smile: "Then wait three months later, we will meet in the Dark God Court. If you need anything at that time, you can always find me, and I will do my best to help you."

Hearing Zi Yue say this, Ye Feng immediately nodded, clasped his fists and said: "Thank you for your attention, Senior Sister Zi Yue."

For Ye Feng, Zi Yue in his eyes is very likely his old friend, the second lady Ye Ziling.

But at present, Ye Feng has no ability to unlock the sealed memory in Zi Yue's head, so he can only wait until he has the ability to unlock that seal in the future to see if the current Zi Yue in front of him is the second lady Ye Ziling who has disappeared for many years.

At this moment, Zi Yue talked to Ye Feng for a while and returned to the Dark God Court.

At this time, everyone in the hall was dispersed one after another, and basically had to return to their respective forces and empires behind them, make good preparations, and report to the Dark God Court in three months.

At this moment, Ye Feng also left the palace hall, but did not return directly to the Dark Empire, but flew directly to the underground black market in the imperial city of the Red Dragon Empire, ready to find Leng Qingzhu, the daughter of the big boss behind the underground arena in the black market, to fulfill his previous promise to her and help Leng Qingzhu complete her master's training task for him.

This is also a huge benefit for Ye Feng.

After all, Leng Qingzhu also promised Ye Feng that as long as he could help her complete the master's training task this time, he could give Ye Feng a very generous reward.

Moreover, during the training process, Ye Feng might also be able to obtain good resources.

This is a good thing that kills two birds with one stone, and Ye Feng naturally does not want to refuse.

Moreover, Ye Feng knew before that the master of Leng Qingzhu, the daughter of the big boss behind the underground arena, came from the high-level cultivation dimension, the Great Thousand World.

So in the future, Leng Qingzhu will definitely follow her master to the Great Thousand World to practice.

Ye Feng is now helping Leng Qingzhu in advance, which can be regarded as accumulating a good network of contacts for himself in advance.

Maybe after entering the Great Thousand World in the future, he can let the other party help him in return.

Chapter 5595 Enlightenment

Ye Feng was very fast at this time, and in a blink of an eye he was in the black market of the Red Dragon Empire.

After Ye Feng entered the black market, he quickly flew towards the underground arena in the black market, trying to find Leng Qingzhu, the daughter of the big boss behind the underground arena.

When Ye Feng came to the underground arena, he was immediately stopped by two people.

Ye Feng smiled and said aloud: "I am friends with your eldest lady Leng Qingzhu. This time I am here to find her. Please inform her that a friend named Ye Feng is looking for you. "

Hearing what Ye Feng said, the two guards suddenly showed respectful expressions on their faces, and quickly clasped their fists and said: "It turns out that you are Mr. Ye Feng that the eldest lady said. The eldest lady has asked us to wait here for a long time. , Mr. Ye Feng, you are finally here, come in with us."

At this moment, Ye Feng's eyes suddenly showed a look of surprise. Unexpectedly, Leng Qingzhu had already arranged for the guards to wait for him here.

At this moment, Ye Feng naturally didn't say much, but nodded, smiled and said: "Okay, then you can lead the way."

At this time, Ye Feng followed the two underground arena guards and entered the underground arena mansion, seeing various luxurious decorations and buildings along the way.

Obviously, Leng Qingzhu, as the daughter of the boss behind the entire underground arena, lived in an extremely luxurious environment.

But it's normal to think about it. Leng Qingzhu's father is qualified to be the big boss behind the underground arena. He controls an industry with huge profits like the arena in the underground black market. Naturally, his status is very noble.

However, Ye Feng still admires the big boss behind this underground arena at this time. He actually thought of investing in his daughter in advance and contacted a mysterious strong man from the world of advanced spiritual cultivation to let her accept his daughter. If their daughter is their disciple, in the future, relying on their daughter, they may be able to directly ascend to the world of higher cultivation dimensions, which is the world of the universe.

After all, not everyone is qualified to enter the world, but the big boss behind this underground arena does not start from himself, because he definitely knows that he does not have this ability, so he invests in his own descendants, so that opportunities in the future can Follow your descendants, enjoy the dividends brought by your descendants, and enter the world.

At this moment, while Ye Feng was thinking secretly in his heart, the two guards leading the way had already brought Ye Feng to a certain palace in this underground arena mansion.

At this moment, Ye Feng saw that a palace completely made of amethyst appeared in front of him. It looked beautiful and very precious.

At this time, Ye Feng naturally walked in without any hesitation.

When Ye Feng walked into the purple palace, he saw the familiar and beautiful figure of Leng Qingzhu, standing not far away, holding a bamboo sword in her hand, seemingly practicing her own inheritance of the Void Way, including kendo.

Ye Feng had fought with Leng Qingzhu before, and Leng Qingzhu's way of the void and her sword were still very powerful.

Of course, Leng Qingzhu couldn't defeat Ye Feng when he encountered the monster Ye Feng.

However, Leng Qingzhu is already regarded as a peerless talent in the southwest sector of the entire dark world, and she definitely belongs to the level of female genius.

But if Ye Feng wasn't stronger than Leng Qingzhu, Leng Qingzhu wouldn't have invited Ye Feng to help her complete the training mission her master had given her.

At this moment, after sensing Ye Feng's arrival, Leng Qingzhu turned around in an instant. When he saw Ye Feng's familiar figure, a happy smile appeared on his beautiful face, and he couldn't help but burst out. He said in a loud voice: "Finally, Master Ye Feng has arrived as promised."

At this moment, Ye Feng smiled and said: "I will naturally complete the promise between friends. Now that my matter is over, I will naturally come to help you."

Hearing what Ye Feng said, Leng Qingzhu immediately nodded and couldn't help but smile and said: "Master Ye Feng's name has now spread throughout the southwestern plate. Now everyone knows that there is someone in the Dark Empire." A super powerful genius named Ye Feng won the first place in the martial arts competition of the three major empires in the southwest sector. He attracted the attention of countless people. I can invite a peerless talent like Mr. Ye Feng to test for me. It is my luck to be escorted on this mission."

Hearing what Leng Qingzhu said, Ye Feng smiled slightly and said: "Don't worry, since I have promised you to help you fulfill your master's power to you, then I will definitely do my best to help you. , after all, Miss Leng also promised to give me generous rewards."

Hearing what Ye Feng said, Leng Qingzhu immediately smiled and said: "Of course, as long as Young Master Ye Feng can help me and complete the trial task my master has given me, I will be qualified to follow my master to To practice in the higher worlds outside the territory, before I leave, I will definitely use the rich financial resources of our arena to give you, Mr. Ye Feng, enough huge rewards. We have already agreed on this before, and I will definitely not let it. Mr. Ye Feng, you will suffer a loss."

Hearing what Leng Qingzhu said, Ye Feng nodded immediately, and then seemed to think of something, and said in surprise: "As long as you complete the trial task your master has given you this time, you can follow Your master is going to a world of higher cultivation dimensions outside the territory. It seems that Miss Leng has a very high level of consciousness and knows that the end of her future practice will be to a world of higher cultivation dimensions outside the territory. "

Hearing what Ye Feng said, Leng Qingzhu's eyes suddenly became a little complicated, and then he spoke with an inexplicable deepness in his tone: "The low-dimensional world we are in now seems to have many cultivation interfaces. It is very vast and vast, but in fact, each of these lower dimensional world interfaces is a prison, holding thousands of Practitioners and living beings are trapped in it. No matter how powerful they are in the lower dimensional world, these lower dimensional worlds may collapse at any time, causing the practitioners in them to perish instantly. Only by entering a higher dimensional world like the Great Thousand World Among them, there is true safety and peace of mind, and you will never worry about the collapse of the whole world."

Hearing what Leng Qingzhu said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect Leng Qingzhu to think so much.

However, Ye Feng also agreed with this.

Because Ye Feng had just experienced the destruction of Jiuding Demon Lord's entire vast sect. It was because of the arrival of several undead tribes from the higher world outside the territory that he destroyed Jiuding Demon Lord's extremely glorious ancient sect overnight. It was destroyed in time.

And once the descendants of the king of the Necrons are hatched, the entire dark world, even the heaven next to the dark world, will collapse.

At this time, Ye Feng immediately nodded and said loudly: "Miss Leng's realization is right. In the future, I will definitely go to the higher dimensional world outside the territory and enter the world."

Chapter 5596: Sea of Exile

"Um?"

Hearing what Ye Feng said at this moment, Leng Qingzhu also showed a look of surprise in his eyes, and then smiled and said: "With a peerless talent like Mr. Ye Feng, even without the help of anyone else, the future will definitely be better." able to rely on one's own abilities When I went to the higher world outside the territory, I didn't expect that Young Master Ye Feng also knew that the real name of the higher world outside the territory was the Great Thousand World. It seemed that Young Master Ye Feng had already had plots and plans for the Great Thousand World. Otherwise, it would be impossible to understand it so clearly. "

Hearing what Leng Qingzhu said, Ye Feng laughed and said: "I also heard from my friends that the higher world outside the territory is called the Great Thousand World, and around the Great Thousand World, there are three thousand small worlds , there are three thousand different races living there, which are called three thousand alien races."

"What?"

Hearing what Ye Feng said, Leng Qingzhu was even more shocked. He couldn't help but said: "Only Master accidentally revealed some of this secret information to me. I didn't expect Master Ye Feng to know so much." 's clear."

Seeing the shocked look on Leng Qingzhu's face, Ye Feng secretly smiled in his heart and didn't say much.

At this moment, Ye Feng just said aloud: "We can now go directly to the place where your master asked you to practice? After all, I still need to go to the Dark Court to practice in three months, so I will help you complete it. After the training, I still need to go back to the Dark Empire to deal with the affairs of the Dark Empire before I can go to the Dark Court. I am really pressed for time. If we can leave, we should leave as soon as possible. "

Hearing what Ye Feng said, Leng Qingzhu immediately smiled and nodded, and couldn't help but said: "Master Ye Feng is really a busy man. Don't worry, I have prepared everything. Let's go directly You're good to go."

At this moment, Leng Qingzhu immediately flew into the air with Ye Feng, and then flew quickly towards the outside of the Red Dragon Empire.

Ye Feng asked aloud: "Where is the place where your master asked you to practice?"

Leng Qingzhu said aloud: "The training place that Master asked me to go to is in the southernmost part of the southwest plate of our dark world. There is a sea with no end in sight. This sea is called the 'Sea of Exile', which is the southwest part of our world. It is a bitter cold place where the three major empires and major forces of the plate specially exile prisoners. In addition, there are also many very powerful people living in this sea of exile. Sea beasts and ferocious sirens, so it is a very dangerous place, so my master allowed me to invite a young man of about the same age as me to help me with my trial. This time I can meet you, Mr. Ye Feng. I am really lucky that such a powerful young man is even as strong as some elders. Otherwise, I would really have no confidence in this trial. "

Hearing what Leng Qingzhu said, Ye Feng nodded slightly.

Since the trial is in a dangerous and cold place like the Sea of Exile, it shows that Leng Qingzhu's master is also quite strict and will not let Leng Qingzhu complete the trial easily. In that case, Leng Qingzhu's training will be very difficult. It doesn't do any good, it shows that her master is quite strict and it's not just a formality.

At this moment, Ye Feng naturally nodded and said with a smile: "No matter what, I will definitely do my best to help you complete the trial. After all, Miss Leng promised me the reward, and I am very excited. "

Leng Qingzhu said with a smile: "Although the Sea of Exile is a bitter cold place dedicated to exiled prisoners, there must be good opportunities and good luck in the sea, as well as various heaven and earth cultivation resources. Maybe when the time comes, Young Master Ye Feng will also be able to get good opportunities while helping me practice."

Ye Feng nodded, and then asked aloud: "Your master asked you to go to the Sea of Exile to experience. Didn't he give you any goals? What goals can you complete to be considered as passing your master's test?"

When Leng Qingzhu heard Ye Feng's question, he immediately nodded and said, "Young Master Ye Feng has got the point right. Master told me half a month ago that she was in the Sea of Exile half a

month ago. Deep in the sea, an ancient piece of Stone tablet, this ancient stone tablet is engraved with my master's peerless inheritance. As long as I can find this ancient stone tablet, bring it back to the underground arena of the Red Dragon Empire, and deliver it to my master's hands, then I will be done. This time the trial is However, my master said that this ancient stone tablet would emit a strange light, so when she dropped this ancient stone tablet half a month ago, it would definitely trigger a fight among the major forces in the entire Sea of Exile. This is what my master did on purpose. In order to increase the difficulty of my trial, that is to say, I not only have to find the specific location of this ancient stone tablet, but also probably need to fight with the major forces or powerful sea monsters in the Sea of Exile for it. This ancient stone tablet."

"Um?"

Hearing Leng Qingzhu's explanation, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but chuckle and said: "It seems that your master is really good at testing people. It's such a hassle."

Hearing what Ye Feng said, Leng Qingzhu showed a wry smile on his beautiful face, and said loudly: "My master is indeed very strict. This test and trial of me is not a casual one." Human, it really wants to test my ability, of course, this time with the help of a genius like you, Mr. Ye Feng, I am much more confident, so for the sake of my future, Mr. Ye Feng, you must work harder. I will definitely remember your kindness in the future, if I have the opportunity. I will definitely repay you well!"

Hearing what Leng Qingzhu said, Ye Feng nodded, and then asked aloud: "When we arrive at the Sea of Exile, how will we locate the specific location of the ancient stone tablet? We can't just wander around and look for it in the vast ocean. Well, that's like looking for a needle in a haystack."

Hearing what Ye Feng said, Leng Qingzhu immediately smiled and said: "My master gave me a special compass. When approaching the ancient stone tablet within a certain range, this compass will shine brightly and guide the general direction." direction."

After finishing speaking, Leng Qingzhu took out a small golden compass from his storage ring.

However, the current compass does not glow, and it is obviously still very far away from the ancient stone tablet.

At this moment, Ye Feng nodded and said aloud: "It seems that after we arrive at the Sea of Exile, we will first have a rough tour of the entire sea area, and then use this compass to determine the ancient stone tablet. Within a specific small range, then search carefully."

Leng Qingzhu nodded and said aloud: "That's right, so this trial is still more difficult and time-consuming."

Ye Feng smiled and said: "Don't worry, as long as I can determine the specific approximate range of the ancient stone tablet through this compass, I can use my powerful perception to sense the specific location of the ancient stone tablet." place."

And just as the two were discussing how to complete this trial mission, they had already flown to the southernmost area of the southwest plate of the entire dark world.

Ahead, the two people immediately saw a blue sea with no end in sight. The sea was vast and rolling, but it was filled with a bitter cold air and evil spirit everywhere.

Obviously, this is a very unstable sea, and it is called the Sea of Exile, and it deserves its name.

Here, not only do we have to face the ferocious sea monsters and sea beasts, but also the many prisoners and wandering practitioners who are exiled in this bitter and cold place. It can be said that there is a crisis at every step.

Chapter 5597: Sea Monster

At this time, after Ye Feng and Leng Qingzhu arrived at this sea area, they naturally did not hesitate and flew directly into this ocean.

Because the area of this exiled sea is too large and magnificent.

You know, Leng Qingzhu's master still doesn't know where to put the ancient stone tablet in this sea area.

So even if the two people have a compass that can sense the ancient stone tablet, they must first walk around most of the area in this sea area before they can narrow the search range.

This time, Ye Feng came to help Leng Qingzhu and complete the trial task given to her by the master. Naturally, he wanted to complete it as soon as possible, so that he could get a generous reward.

At this moment, Ye Feng naturally did not hesitate at all. He took Leng Qingzhu and flew directly to the ocean of this exiled sea, ready to go around the entire sea area first to see which area the compass in his hand glowed, and then continue to narrow the range from the glowing area and continue to look for the ancient stone tablet.

Buzz!

At this time, the two were flying over the sea and saw many islands.

Among these islands, there were many practitioners who stopped to practice.

The auras of these practitioners were quite fierce.

Leng Qingzhu couldn't help but say: "This exiled sea has many prisoners exiled by the three empires. I guess in this sea area, many practitioners are basically prisoners with serious sins, so the auras of each of them are quite fierce."

Ye Feng nodded immediately after hearing Leng Qingzhu say this, and said: "It's okay, as long as we don't provoke others, others should not easily provoke us. The most important thing for us now is to find the ancient stone tablet, don't worry about other people practicing around."

Hearing Ye Feng say this, Leng Qingzhu nodded immediately and said: "I'm not used to this kind of fierce and bitter cold place anyway, so I'd better find the missing ancient stone tablet as soon as possible, bring it back to my master, and complete this trial mission."

At this moment, as the two were talking, they flew to a vast sea surface.

The sea was very calm, without even a wave.

But suddenly at this moment.

Boom!

Accompanied by a huge roar, the entire sea surface suddenly began to surge.

Then a bloody mouth suddenly bit up from under the sea, trying to swallow the two people flying in the air.

This turned out to be a huge crocodile covered with golden scales!

This huge crocodile was several thousand meters long and looked like a mountain covered with golden scales.

Leng Qingzhu couldn't help but say: "This is an extremely powerful crocodile mermaid!"

At this moment, Ye Feng hadn't made a move yet, and Leng Qingzhu made the first move.

Swish!

In her hand, the bamboo sword she often used suddenly appeared, and she chopped directly towards the bottom.

Boom!

The bamboo sword in Leng Qingzhu's hand suddenly burst out with a dazzling sword light.

This sword light bombarded the golden crocodile, but it couldn't break the scales of the golden crocodile.

However, the powerful sword energy made the golden crocodile retreat, as if it realized that the two young men were not as simple as imagined.

At this moment, Leng Qingzhu's beautiful eyes suddenly showed a look of astonishment, and she couldn't help but say: "The bamboo sword in my hand is a powerful weapon made of purple gold thunder bamboo. The sword energy that bursts out is the sword energy I have accumulated for many years. It is very powerful, enough to cut through steel and tear the void. I didn't expect that even the scales of this golden crocodile couldn't be broken. This golden crocodile is so powerful? It seems that there are many powerful and ferocious sea monsters living in this exiled sea."

At this time, Ye Feng's eyes also showed a look of surprise, as if he didn't expect that he would be stared at by a powerful sea monster in the ocean just after arriving in this exiled sea.

At this moment, Ye Feng instantly blasted out with one hand, trying to kill the golden crocodile.

But the next moment, the golden crocodile seemed to know that the two young men were very difficult to deal with, and it retreated quickly.

Then suddenly, the golden crocodile actually spoke human words and shouted to the people around: "It's a tricky idea, come out and help me!"

At this moment, the moment the golden crocodile finished speaking.

Boom!

The surrounding sea area suddenly surged, and then two equally powerful sea monsters rushed over.

One was a black water snake that was tens of thousands of meters long, covered with black scales, and looked like a black dragon, swimming from the depths of the deep sea.

The other sea monster was a huge eagle, hundreds of meters long, and every feather on its body was like a piece of steel, very sharp, as if it could cut metal. Under the sunlight, it flashed with a cold metallic luster, the eagle's eyes emitted a red light, and the eagle's beak was like a spear made of steel, which looked very scary.

At this moment, including the golden crocodile before, three powerful sea monsters suddenly appeared around, surrounding Ye Feng and Leng Qingzhu from the water and the sky respectively.

Obviously, these three powerful sea monsters are ready to eat the two of them.

At this moment, the golden crocodile immediately laughed and said, "You two young men have such powerful cultivation. You must be senior disciples from the powerful sects outside the Sea of Exile. The blood and energy in you young people are very high-level. After we sea monsters devour them, our vitality will definitely be greatly evolved."

At this moment, Leng Qingzhu showed a sigh of admiration in his eyes and said, "It is worthy of being the Sea of Exile. Not only are there many prisoners exiled here, but many powerful sea monsters live here, all of whom are extremely vicious. It seems that we can't leave today. We can only have a good fight with these three sea monsters."

At this moment, Leng Qingzhu was not so afraid of these three powerful sea monsters.

Because these three sea monsters, although very powerful, are not enough to threaten the two of them.

After all, Leng Qingzhu herself is very powerful, not to mention that there is a Ye Feng who is even more powerful than her.

At this moment, Ye Feng nodded slightly and said, "These three sea monsters are ancient sea beasts, and they are all very valuable. Since they are so foolish as to dare to provoke us, we will kill them all!"

Chapter 5598: Exile of Prisoners

Hearing what Ye Feng and Leng Qingzhu said at this moment, the eyes of these three powerful sea monsters suddenly showed deep astonishment.

Especially the leading golden crocodile, he immediately couldn't help shouting and said: "You two young people are really arrogant! Surrounded by three of our powerful sea monsters, how dare you say such a bold thing? If it's serious? It seems that we can only eat you on the spot to make you realize that you are now a sheep in a tiger's mouth, so stop talking about it. "

boom!

Almost at this moment, the golden crocodile launched its attack first.

His entire body, as huge as a mountain, pressed directly in the direction of Ye Feng and Leng Qingzhu, as if he wanted to use a rampage method to seriously injure the two of them first.

At the same time, the steel eagle high in the sky also grabbed the bottom in an instant, its sharp claws seemed to be able to tear everything apart.

As for the black water snake, it was hovering around, making it impossible for the two of them to escape.

Because the body of this black water black snake is tens of thousands of meters long, it hovers above the sea, just like forming a steel prison.

However, at this time, the three sea monsters obviously underestimated the strength and determination of Ye Feng and Leng Qingzhu, because Ye Feng and Leng Qingzhu had no intention of escaping.

At this moment, Leng Qingzhu held the bamboo sword in her hand and directly used the method of the void that she was proud of.

She directly used the Void Sword and slashed towards the steel eagle high in the sky.

Click!

The Iron Eagle is not as hard as the Golden Crocodile at all, and this time Leng Qingzhu also applied the Way of the Void to her bamboo sword, causing her sword energy to produce the power of void splitting. So at this moment, the Iron Eagle's The claws were cut off by Leng Qingzhu's sword.

The next moment, Ye Feng also used the Dark Emperor Technique. Ye Feng immediately turned into a huge dark giant, with the majestic power of the first generation of ancient dark emperors, even bigger and towering than this golden crocodile. , a huge blood hole appeared in the body of the golden crocodile that was directly punched.

"ah!!"

Almost at the next moment, two screams suddenly rang out from the entire field.

Almost in the same encounter, whether it was the menacing golden crocodile just now or the sharp eagle and sea monster as sharp as steel, they were all severely injured by Ye Feng and Leng Qingzhu in an instant.

The Black Water Black Snake originally wanted to watch, but almost at this moment, he saw this terrifying scene on the field. Even this Black Water Black Snake's eyes widened suddenly, and he couldn't help but be horrified. Jue said loudly: "What? How is this possible?"

At this moment, this black water snake is about to join the battle.

But at this moment, Ye Feng smiled coldly and said: "Three sea monsters who overestimate their capabilities dare to attack top geniuses like us. We are not ordinary young people. Our fighting power is comparable to The strong old man."

Boom!

Almost at this moment, without any hesitation, Ye Feng transformed into a dark giant and charged towards the Blackwater Black Snake again. He directly stretched out a big hand that covered the sky and wiped out the Blackwater Spring Snake's body. The head was pinched directly, and then the other hand grabbed the seven inches of the Black Water Black Snake.

Then Ye Feng exerted a fierce force, and with a "squeak" sound, he directly tore the tens of thousands of meters long black water black snake, tearing its huge body into two halves.

"howl!!"

Almost at the next moment, the huge black water black snake let out a miserable howl.

At this moment, Ye Feng didn't hesitate at all and immediately punched out one punch after another.

Whether it was a golden crocodile, a black water snake, or a high-altitude steel eagle, they were basically all killed on the spot by Ye Feng's terrifying huge black fist that covered the sky and the sun.

At this moment, Leng Qingzhu couldn't help but said: "Master Ye Feng, you are much stronger than when you fought with me in the underground arena. Now even if I have revealed all my cards, I'm afraid I'm no longer your opponent."

Hearing what Leng Qingzhu said, Ye Feng grinned and said, "People are always making progress."

At this moment, without any hesitation, Ye Feng directly released the Devouring Domain and began to devour these three extremely powerful sea monsters.

In fact, these three sea monsters are very powerful. They often gather here to kill passers-by, and they must often succeed.

But this time they messed with the wrong person.

Both Ye Feng and Leng Qingzhu were top geniuses with terrifying strength and powerful trump cards. No matter how powerful these three sea monsters were, they were of no use and they were all killed.

At this moment, Ye Feng was directly devouring the power of these three powerful sea monsters.

Boom!

At this moment, streams of very pure siren energy were immediately absorbed into Ye Feng's Dantian, rapidly strengthening Ye Feng's power.

At this moment, Ye Feng's cultivation aura began to rapidly and continuously improve.

boom!

Star Aperture Realm Fifth Heaven!

boom!

Star Aperture Realm Sixth Heaven!

At this time, Ye Feng's cultivation level suddenly broke through the second level of heaven, directly breaking through to the sixth level of Star Aperture Realm.

At this moment, sensing the improvement of his power, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said aloud: "I didn't expect these three sea monsters to provide me with so much energy."

Leng Qingzhu smiled slightly and said aloud: "The Exiled Sea is originally a very vast ocean area with abundant spiritual energy. The sea monsters born in this ocean are naturally very pure and of high quality. For practitioners like Ye Feng who can directly use the essence of monsters, this sea area can be said to be of great help to you. Even if there are only three sea monsters that are not too powerful, the sea monster energy they provide is absolutely huge and pure, which is of great benefit to cultivation."

Hearing Leng Qingzhu's words, Ye Feng nodded immediately, and couldn't help grinning, saying aloud: "This time we really came to the right place."

At this moment, after the two killed these three extremely powerful sea monsters, the surrounding sea area suddenly became calm.

In fact, when the two were fighting with the three sea monsters just now, there were many other sea monsters and deep-sea beasts in the depths of the surrounding oceans secretly observing, as if they wanted to reap the benefits.

But seeing that the two had killed the three powerful sea monsters so cleanly and neatly, the other sea monsters who were secretly observing and wanted to get some profits were naturally scared and fled in panic, and did not dare to stay any longer. The surroundings suddenly became much calmer.

At this time, Ye Feng smiled and said, "Let's continue to set off. Let's go around the entire Exiled Sea first and see when the compass in your hand will light up."

Leng Qingzhu nodded and continued to fly in this ocean with Ye Feng.

But just after they had flown for a while, suddenly, both Ye Feng and Leng Qingzhu were surprised to find that an ice-blue light curtain appeared around them, blocking their way.

Ye Feng's eyes suddenly showed a look of surprise, and he said, "We seem to have mistakenly entered a water-attributed formation?"

"Huh?"

Hearing what Ye Feng said, Leng Qingzhu's eyes also showed a look of astonishment, and he said, "Is this exiled sea so chaotic? We just encountered the siege of three sea monsters, and we didn't expect that we seemed to fall into another trap?"

While the two were talking, two figures appeared outside the water-attributed formation that trapped the two.

They were an old man in black and an old man in white.

The word "prisoner" was engraved on their faces.

Obviously, these two old men were prisoners exiled here by the three empires. They were exiled in this sea area and probably specialized in doing such bad things as robbery.

At this moment, the white-clothed elder stared at Ye Feng and Leng Qingzhu who were trapped in the formation, and immediately laughed and said, "You two look very noble, probably from big families. Don't panic, just hand over most of your wealth, and we can let you two leave here safely. Of course, if you two are unwilling to hand over your wealth, then I will have to use some cruel means to make you suffer."

Chapter 5599: Leave one person alive

When they heard the old man in white say this, both Ye Feng and Leng Qingzhu had a look of surprise in their eyes, as if they did not expect that they would be robbed by the prisoners exiled in this sea area so quickly.

At this moment, Ye Feng sensed the cultivation aura of the old man in white. He was actually quite powerful, two or three levels higher than himself. No wonder these two old men dared to rob them suddenly.

At this time, the old man in black among the two also formed a circle with the old man in white, trapping Ye Feng and Leng Qingzhu in the formation. He smiled coldly and said: "Although you are of noble birth, your cultivation is We are not as powerful as us. If you encounter us in this chaotic sea, you are lucky, because we will not kill you. We only want wealth. As long as you hand over your wealth, we can leave peacefully. "

Hearing what another old man in black said, Leng Qingzhu's eyes suddenly revealed a cold look, and he said loudly: "If you want to rob us, you have to see if you have the strength."

Boom!

Almost at this moment, the bamboo sword in Leng Qingzhu's hand immediately burst out with a terrifying sword energy, and merged with his own void power.

boom!

However, the moment Leng Qingzhu bombarded the water attribute formation with his sword energy, a terrifying roar erupted, but it did not destroy the formation.

"Um?"

Seeing this scene, Leng Qingzhu's eyes suddenly showed a look of surprise. It seemed that she did not expect that this formation was so powerful that even her Void Sword Technique could not be destroyed.

Seeing this scene at this moment, the old man in white among the two old men immediately laughed, with a rather sarcastic expression in his eyes, and said loudly: "Don't waste your efforts, this formation is our connection. The formation is forged by all the water attribute power in the entire ocean, so you are right. Fighting against this formation is equivalent to fighting against the power of the entire ocean. How can human power fight against the majestic power of nature? So you just give up on this. You can't break out of this formation, even if you do. This formation, the strength between me and my companions is not something you can contend with."

But the moment the old man in white finished speaking, Ye Feng suddenly took Leng Qingzhu's hand, and then walked out of the water attribute formation openly.

"What?"

Seeing this scene, the old man in white immediately showed deep astonishment in his eyes. He seemed to have never expected that Ye Feng could leave this formation without any trouble. This is really incredible.

At this time, even Leng Qingzhu himself had a look of astonishment in his eyes, staring at Ye Feng beside him.

Just now, she saw with her own eyes how powerful this formation was, and her Void Sword Technique was unable to destroy this formation.

But I didn't expect that Ye Feng just held her hand and left the shackles of this battle so easily. This is really incredible to the extreme.

At this time, Ye Feng didn't hesitate at all. He looked at the shocked old man in white not far away and said with a smile: "Now you have nothing to say."

The old man in white suddenly showed a look of horror in his eyes, but the next moment, a terrifying aura of cultivation suddenly erupted from the old man in white. All of a sudden, he and the old man in black, one after the other, came towards him. Ye Feng and Leng Qingzhu rushed away.

Leng Qingzhu immediately said: "I will deal with the old man in black."

Ye Feng nodded and charged towards the old man in white.

Boom!

At this moment, Ye Feng showed his powerful strength without any hesitation and activated the Dark Emperor Kung Fu.

The current Dark Emperor Technique can be said to be Ye Feng's strongest inheritance at present. To deal with these vicious prisoners, Ye Feng naturally unleashes his full strength.

At this moment, Ye Feng used the Dark Emperor Kung Fu, and his whole body immediately expanded rapidly, directly expanding into a majestic dark giant tens of thousands of meters tall, and directly collided with the old man in white.

Boom!

At this moment, Ye Feng turned into a dark giant, possessing the majestic power of the first generation of dark emperors. He actually blasted the old man in white and flew backwards.

The old man in white immediately couldn't help but screamed in horror and said: "How is this possible?? Your cultivation level is so much lower than mine, and you are still a young boy with such strong strength? This is absolutely impossible!!"

At this moment, the old man in white was extremely frightened, and immediately couldn't help but yelled: "Heaven and Earth Sword Control Technique!"

Almost at this moment, the old man in white performed an extremely powerful and peerless inheritance.

Wow!

All the seawater around him was attracted by the old man in white and surged to the top of his head.

Then tens of thousands of tons of sea water were directly refined and condensed into long swords made entirely of water, all of which were directed toward Ye Feng to assassinate him.

At this moment, Ye Feng was not afraid at all, because Ye Feng's current body was the Immortal Body of the God, which was very strong, not to mention that Ye Feng was now using the Dark Emperor's True Form.

At this moment, Ye Feng turned into the giant body of the Dark Emperor, possessing an indestructible force. He had no fear at all and rushed forward directly.

Boom!

Boom!

The long sword formed by the thousands of seawaters hit Ye Feng's body, but it could not cause any harm to Ye Feng at all.

Ye Feng still moved forward bravely. In the horrified eyes of the old man in white, Ye Feng slapped the old man's head into his stomach with a "puff", instantly turning him into a headless corpse, falling from a high altitude, falling on the ocean, and completely died.

"What?"

Seeing this scene, the old man in black who was fighting with Leng Qingzhu not far away was so scared that he trembled all over and his face turned pale. It seemed that he had never thought that Ye Feng had such a strong strength.

After all, Ye Feng looked like an ordinary boy, but he didn't expect that once he burst out with power, he would be so devastating, which was simply terrifying to the extreme.

At this moment, Leng Qingzhu wanted to use his terrifying inheritance to kill the old man in black, because the old man in black had lost his fighting spirit and was retreating step by step.

But at this moment, Ye Feng suddenly said, "Don't kill this old man in black first, leave him alive! I'm useful!"

Chapter 5600 Isolated Island

Hearing what Ye Feng said at this time, Leng Qingzhu's eyes suddenly showed a look of surprise, and said loudly: "Each of these two old men are extremely vicious people, and they are prisoners who were exiled in this sea area. Back then, He must have committed a huge crime to be exiled here, why should he be spared? Just kill him and it will be over."

Ye Feng smiled slightly at this time and said aloud: "We are unfamiliar with this sea of exile, so of course we need a guide. Otherwise, we will look for the ancient stone tablet left by your master to complete Your trial mission may be delayed for a long time. , this old man in black has been in this ocean for so long, he must be very familiar with this ocean. Keeping such a person alive can make him our guide. In this way, we can be in this ocean. Not wandering around like a headless fly."

Hearing what Ye Feng said, Leng Qingzhu's beautiful eyes suddenly brightened up, and he said loudly: "Yes, Ye Feng, you are really smart. These two old men will definitely survive in this sea of exile." I have been there for many years and often rob people, which shows that They must be the most experienced people in this sea area, and they often do some sneaky things, but it is precisely this kind of sneaky people who are often the local snake-like figures in each area, and they must be very familiar with this sea area. "

At this moment, Leng Qingzhu simply took back his bamboo sword.

Seeing Leng Qingzhu take back his sword, the old man in black breathed a sigh of relief, knowing that these two people must have other plans for him.

The next moment, the old man in black suddenly saw a scene that frightened him to the extreme.

Not far away, Ye Feng reached out and sucked up the corpse of his companion, turning it into a mummy.

"this.....??"

Seeing this horrific scene, the old man in black couldn't help but gasped, and then he couldn't help but think in fear, wouldn't this young man want to suck him alive?

At this moment, the old man in black was frightened to the extreme. He immediately knelt on the sea, kowtowed crazily and said: "Sir, please forgive me, my lord, please spare your life! As long as the lord doesn't kill the villain, the villain can take two others with him." My lord, go find a treasure place in the sea."

"Um?"

When they heard the old man in black say this, both Ye Feng and Leng Qingzhu had a look of surprise in their eyes.

At this time, after Ye Feng devoured the power of the old man in white, his own cultivation realm did not achieve a breakthrough, which made Ye Feng secretly cursed a waste in his heart.

At this moment, Ye Feng flew directly in front of the old man in black and said with interest: "You just said that you can take the two of us to find a treasure in this sea area. What treasure is that? Don't lie to us, otherwise, I will make your death ugly."

Hearing what Ye Feng said, the old man in black was scared out of his wits and said quickly: "Of course I don't dare to lie to the two adults. The treasure is definitely very rich, but my companion and I have never had time. Go explore that treasure. Now is the time to take two adults to share that treasure."

Hearing what the old man in black said, Ye Feng nodded slightly.

At this moment, Leng Qingzhu said aloud: "How many years have you been in this sea of exile?"

The old man in black immediately said honestly: "My companions and I have been here for nearly decades."

"Decades?"

Hearing what the old man in black said, Leng Qingzhu's eyes suddenly showed a look of surprise, as if he didn't expect that this old man had stayed in this bitter cold place for so many years.

At this moment, Leng Qingzhu couldn't help but nodded, glanced at Ye Feng beside him, and couldn't help but give Ye Feng a thumbs up.

Such an older person who has been in this sea area for so many years must be very familiar with the entire ocean.

Ye Feng looked at Leng Qingzhu and said with a smile: "Since we have accidentally encountered a treasure land, let's follow this old man in black to have a look. If we can get some good luck, then it can be considered an unexpected gain for us. After we finish searching for this treasure, we won't waste much time searching for the ancient stone tablet left by your master."

Hearing what Ye Feng said, Leng Qingzhu immediately nodded and said: "Okay, anyway, we don't have any clue about the ancient stone tablet that Master left in the ocean. Let's go and see that treasure place first. Bar."

At this moment, Ye Feng stared at the old man in black in front of him and said loudly: "Let's go, take us directly to the treasure place you mentioned."

The old man in black nodded quickly and flew into the air, flying quickly towards a certain direction in this sea area.

Along the way, Ye Feng and Leng Qingzhu looked at the vast ocean with sighs in their eyes, not knowing where the end of the ocean was.

And while on the road, Ye Feng and Leng Qingzhu were also observing the movement of the compass in Leng Qingzhu's hand.

However, the compass has not been shining. It seems that it will take some time to complete the task assigned to her by Master Leng Qingzhu this time.

However, this time the trial mission was set by Leng Qingzhu's master for her apprentice. Once completed, Leng Qingzhu would be qualified to go to the outer world of the higher world to practice with her master, so this trial would not be so easy.

At this moment, when the two were thinking secretly in their hearts, the old man in black who was leading the way suddenly said, "We are here."

At this time, Ye Feng and Leng Qingzhu looked forward and saw a lonely island standing on the sea not far away.

This is an isolated island. There are no other islands around, and the surrounding ocean is calm, as if this is a very ordinary island.

But the old man in black couldn't help but say, "The treasure place I mentioned is on this island."

Ye Feng and Leng Qingzhu both looked surprised and landed on this isolated island.

The moment they arrived on this isolated island, they actually saw a small tomb hidden in a bush.

If you don't pay attention, you can't find it at all.

It is estimated that many practitioners and powerful sea monsters passing by would not even take a second look at this seemingly ordinary island.

At this moment, the old man in black showed a hint of excitement and said, "This small tomb is not ordinary. It is the tomb of a very legendary sea pirate in our Exiled Sea. It must contain the wealth that the sea pirate had plundered throughout his life. He is definitely rich enough to rival a country."
