

Ancient 5601

Chapter 5601 Blood Corpse

At this time, hearing the old man in black say this, Ye Feng's eyes revealed a look of surprise.

Then Ye Feng couldn't help but look at the old man in black and said: "Since you know that this is the tomb of a very legendary ocean thief, and you also know that this tomb may contain the very rich treasure of this ocean thief, why? You and your companions didn't come in advance to plunder the wealth here, but instead brought us enemies here to look for these wealth?"

Hearing what Ye Feng said, Leng Qingzhu who was standing by felt a little unreasonable. He immediately couldn't help but take out his bamboo sword and directly pressed the sharp tip of the sword against the throat of the old man in black. With just a slight thrust, the old man in black would die instantly.

The old man in black saw Leng Qingzhu suddenly showing murderous intent and felt the cold tip of the sword. He immediately felt that he was very close to the god of death. He couldn't help but said in horror: "My aunt, what are you going to do again?"

Leng Qingzhu said coldly: "I think Ye Feng's suspicion is very reasonable. You and your companions didn't come here in advance to look for the wealth in the tomb of this ocean robber. Instead, you brought us here now." , I think this is a conspiracy, I might as well just kill you and get it over with."

Hearing what Leng Qingzhu said, the black old man almost lost his breath in fright, and quickly said aloud: "The reason why my companions and I knew there was wealth here but didn't look for it was because we didn't have the ability to look for it. Because of this ocean pirate's Under the tomb, there are all kinds of terrible traps. Me and The reason why my companions have not been able to find the wealth here is because we don't have the strength. We plan to wait for a while to rob, and collect enough cultivation resources to make us stronger, and then search again. The wealth beneath this ocean robber's grave."

"Um?"

Hearing what the old man in black said, Leng Qingzhu's eyes suddenly showed a look of astonishment.

At this time, Ye Feng thought for a moment, and then said aloud: "Leng Qingzhu, put your sword away. Let's believe this old man in black for the time being. He doesn't look like he is lying."

Hearing what Ye Feng said, the old man in black quickly said: "Of course I won't lie. My life is in your hands now. If I lie, wouldn't I be harming myself?"

Leng Qingzhu nodded, and then said aloud: "But after we enter the tomb, we have to take this old man in black with us. If it is really the trap set by this old man in black, then he himself will die instantly."

Hearing what Leng Qingzhu said, although the old man in black was very scared and knew that there was a very terrible crisis under this tomb, he could only bite the bullet at this time, nodded, and said loudly: "Of course I will talk to you two Let's get into it together."

At this moment, Ye Feng also nodded, and walked directly to the tomb with the old man in black and Leng Qingzhu.

At this moment, the tomb looked very ordinary, just like the tomb of an ordinary person, with only a simple tombstone and a small slope.

But at this time, Ye Feng and Leng Qingzhu both saw that there was a large hidden hole behind the tomb.

This hole connects to the entire underground, and you can't see what's inside.

At this moment, the old man in black immediately spoke out: "This is a robbery hole. It was the robbery hole that my companions and I dug before to get into the tomb. But as soon as we dug out the robbery hole and went down to the tomb, we encountered When faced with terrible danger, he fled in a hurry."

Hearing what the old man in black said, Ye Feng nodded and said, "Then let's go down from this robbery cave."

At this moment, several people jumped directly into the robbery hole.

When a few people descended from the Thief Cave to the bottom, they immediately saw that they had landed in a small stone room.

This stone chamber should be an underground stone chamber among the tombs.

At this moment, the old man in black looked around and seemed to be a little scared, because they had encountered danger as soon as they came to the stone room below.

At this time, Ye Feng looked at the old man in black beside him and seemed a little panicked. He immediately asked: "Where in the tomb is this stone chamber?"

The old man in black shook his head and said loudly: "I don't know where this place is. We just dug a hole above the tomb and wanted to enter the inside of the tomb directly, because generally the wealth under the tomb is basically The above are the internal areas hidden in the tomb. We don't know exactly where the robbery cave leads to. What we thought at the time was to get down first."

Hearing what the old man in black said, Ye Feng asked again: "You said before that you and your companions dug this robbery cave and encountered terrible dangers when they entered this stone room. What dangers did you encounter at that time? In your opinion Although the strength of the two of you is not as good as that of me and Leng Qingzhu, you are still very powerful. When you encountered some terrible danger, you just escaped when you entered, and you never dared to come back again. "

When the old man in black heard Ye Feng's question, he seemed to recall some terrible past. He couldn't help but look at the dim stone room around him, and even said with a trembling tone: "My companions and I fought this at that time. Robbery Cave, entered the stone chamber under the tomb, and was about to explore it, but just as we When we were just about to explore, suddenly a very strange bloody corpse sprang out from a corner of this stone lion. This bloody corpse was very terrifying and extremely powerful. We could only run away wildly, unable to fight at all, and left. Entering this tomb, my companion almost had his arm torn off by this bloody corpse."

"Blood corpse?"

Hearing what the old man in black said, Ye Feng's eyes suddenly showed a look of surprise.

Then Ye Feng looked around and found that there were indeed traces of the previous fight in the stone room. He couldn't help but nodded. It seemed that the old man in black was not lying.

Ye Feng couldn't help but said: "A blood corpse was born in this tomb, which means that this tomb must have been there for many years. Blood corpses are something weirder than zombies."

But when Ye Feng said this, Leng Qingzhu was subconsciously afraid.

Although Leng Qingzhu is very powerful, she is a girl after all. This is basically the first time she has heard and seen the weird places in the tomb, including the weird bloody corpses, so she is a little scared and subconsciously looks towards her. Ye Feng moved closer, as if this way he could feel a sense of security.

At this moment, Ye Feng said aloud: "No matter what, we are here. We will continue to explore, but everyone remains cautious and focused to prevent danger from appearing suddenly."

The moment Ye Feng finished speaking, several people were preparing to walk in a certain direction of the stone chamber and explore the entire underground tomb.

Uh-huh!

But at this moment, in the darkness, a blood shadow suddenly flashed out.

Immediately, a corpse covered in blood rushed out. It looked ferocious and extremely scary. It turned out to be a bloody corpse!

"That's it! That's it!"

When the old man in black saw this strange and ferocious bloody corpse, he screamed in fright.

Chapter 5602: The Nether King

At this moment, the sudden appearance of this bloody corpse confirmed that the old man in black was true and that the old man in black was not lying.

At this time, Leng Qingzhu actually saw a specific bloody corpse, but he was not as scared as before.

Because what people fear is often the unknown and things they imagine.

After actually seeing the entity, I became less afraid.

Uh-huh!

At this moment, Leng Qingzhu took action directly, and the bamboo sword in his hand immediately bloomed with bright sword light and slashed forward.

boom!

The void sword energy, which could tear apart steel, directly bombarded the bloody corpse.

But the next moment, the sharp sword energy and sword light were actually crushed by the bloody corpse with a bloody palm.

"What?"

Seeing this scene, Leng Qingzhu's eyes suddenly showed a look of surprise.

The strength of this blood corpse is truly terrifying. No wonder it scared the old man in black and his companions into fleeing in panic.

At this moment, the old man in black immediately ran behind Ye Feng in fear and said loudly: "It is this bloody corpse. It is very terrifying and ferocious."

At this moment, Ye Feng saw the bloody corpses charging towards him, and he stretched out a hand and slammed it out with a slap.

Ye Feng's hand had terrifying power, and it turned into a big black hand and struck the bloody corpse.

No matter how terrifying this blood corpse was, it was of no use to an existence with an astonishing physique like Ye Feng, and was directly blown away by Ye Feng's slap.

This is how to defeat all laws with one force.

"What?"

Seeing this scene, the old man in black standing behind Ye Feng couldn't help but show a look of astonishment in his eyes, and said loudly: "My lord is really powerful!"

At this time, the old man in black understood that Ye Feng had not used all his strength in the previous battle with the two of them. Ye Feng's true fighting power was much more terrifying than the old man in black had imagined.

At this moment, the old man in black became a little curious. He didn't know where Ye Feng came from, and he had such terrifying strength at such a young age.

At this moment, the bloody corpse was blown away by Ye Feng's slap. It seemed that it was aware that the person entering the tomb this time was an extremely difficult existence. It knew that this young man was very terrifying. At this time, he did not move towards a few people. People rushed over, but wanted to leave here and ran quickly in a certain direction of the stone room.

"Huh? Escaped?"

Seeing this scene, Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "This bloody corpse seems to be different from the zombie we imagined. It seems to have given birth to its own consciousness. He actually knows how to escape."

Hearing what Ye Feng said, Leng Qingzhu said aloud: "We can't let this blood corpse escape, kill it directly, otherwise it will always be a trouble."

Ye Feng grabbed Leng Qingzhu and said, "Don't kill them all just yet. This bloody corpse has its own consciousness, so let it escape."

"Um?"

Hearing what Ye Feng said, both Leng Qingzhu and the old man in black had doubts in their eyes. They didn't understand why Ye Feng let this bloody corpse escape.

After all, this bloody corpse has always existed under the tomb and may sneak up from the darkness at any time, posing a huge threat to them.

Ye Feng explained with a smile at this time: "Since this blood corpse has its own consciousness and its own wisdom, its escape route must be very safe, because this blood corpse is under this tomb. It must have lived in the tomb for many years, and its understanding of the entire tomb is definitely far better than ours, so let's let it run away. Anyway, I have locked the breath of this blood corpse. As long as we follow the escape route of this blood corpse, it is very likely that we will be led by it into the core area of this underground tomb, and along the way you can avoid all kinds of traps in this tomb, because this blood corpse will never run into the traps. "

Hearing what Ye Feng said, Leng Qingzhu, who was standing aside, couldn't help but exclaimed in amazement: "That's right! Ye Feng, you are really smart! This bloody corpse has survived in this tomb for so many years, it must be very familiar with the entire tomb, and its escape route is definitely a very safe route. As long as we follow it, we can easily enter the core area of the tomb and obtain the wealth of the ocean robber. "

At this moment, the old man in black couldn't help but exclaimed in admiration: "Not only is your strength powerful, but your wisdom is also so outstanding! The admiration of the villain for your Majesty is as endless as the surging river!"

While the old man in black was talking, Ye Feng had already begun to quickly chase the blood corpse's escape route that he sensed.

Leng Qingzhu and the old man in black quickly followed behind Ye Feng.

Along the way, they did not encounter any terrible traps, and it was basically a very safe route.

In this underground tomb, several people turned left and right, and based on Ye Feng's induction, they finally arrived at the core area of the underground tomb.

When everyone passed through the last narrow passage, their entire field of vision suddenly became clear.

They came to a very open place in the underground tomb.

It is not as dark as before. There is a large luminous pearl inlaid above the head, emitting bright light, illuminating the entire underground tomb as if it were daytime.

Seeing the open scene in front of them at this moment, whether it was Ye Feng, Leng Qingzhu, or the old man in black, there was a deep look of shock in their eyes.

Because they saw that in this open space of underground tombs, there was a continuous and vast underground palace complex, like a miniature underground palace. Each building was decorated with carved beams and painted beams, inlaid with gold and silver. It looked like Full of atmosphere, luxury and nobility.

It shows that when this underground tomb was built, the builder did not dare to be vague at all.

All the buildings and decorations in the underground palace complex are very exquisite and luxurious.

"this....."

Seeing this scene, Leng Qingzhu's eyes suddenly revealed a look of deep surprise. He couldn't help but look at the old man in black next to him and said loudly: "Are you sure this is the underground tomb of a marine thief? A marine No matter how powerful the thief is, does he have the strength to build such a luxurious underground palace? This is simply unreasonable."

At this moment, the old man in black was also a little confused, and couldn't help but said: "This... does not seem to be reasonable. It's strange, how could such a luxurious underground palace group appear here?"

At this moment, Ye Feng's eyes were also a little confused. After all, no matter how powerful a marine thief is, does he really have the capital and ability to build himself such a luxurious underground palace?

Besides, it's not necessary.

Because the general appearance of such underground palace-like tombs indicates that the owner of the tomb was a very noble person during his lifetime, so he built this luxurious tomb to show his identity.

But it is impossible for a marine thief who has made a living by stealing wealth all year round to build himself such an underground palace-like tomb.

At this moment, when several people were confused, the old man in black seemed to have seen something, and suddenly his face turned pale with fright. He quickly pointed in a certain direction not far away and said loudly: "Look! The palace ahead is There is a stone tablet at the very entrance of the group with the words "Netherworld King" written on it! How is this possible? Is this the legendary tomb of the Netherworld King? Yes, it must be like this, only the ancient royal king. Only then are we qualified to build such a luxurious and noble underground tomb."

Hearing what the old man in black said at this moment, Ye Feng and Leng Qingzhu wanted to ask something else.

But the old man in black seemed to have figured something out, and a horrified expression suddenly appeared on his face, and then he said with a look of ecstasy: "I understand! The ocean robber back then was not dead! He was on the ground The purpose of setting up his own tomb was just to hide it from others. The ocean thief set up his own ordinary tomb on the ground just to cover up his intention to steal and dig up the real tomb of the Netherworld King here! A tomb within a tomb!"

"Tomb within a tomb?"

When Leng Qingzhu heard what the old man in black said, there was a look of surprise in his eyes, and he said loudly: "You mean, that ordinary grave on the ground was used by the Ocean Robbers as a cover-up. In fact, the Ocean Robbers were not He's not dead, he's just In order to cover up the large tomb of Netherworld King found under this isolated island, he set up his own ordinary tomb in order to buy himself enough time to safely search and steal the treasures of Netherworld King, the ancient royal king. The wealth in the tomb?"

"So that's it."

Ye Feng also had a look of admiration in his eyes at this moment, and said loudly: "It seems that this ocean thief is quite smart. If you say so, after so many years, the wealth in the tomb of the Netherworld King They are probably all gone, stolen by ocean thieves."

Hearing what Ye Feng said, Leng Qingzhu glanced around and couldn't help but said: "But everything here, including the palaces and buildings, does not look like it has been stepped on or destroyed by anyone. It looks like it's been stolen."

"Um?"

Hearing what Leng Qingzhu said, Ye Feng glanced around and felt quite strange. He nodded and said, "Indeed, it feels like no one has ever set foot here. Could it be that the ocean thieves were stealing this place back then?" Did something unexpected happen to King Netherworld when he was in the tomb? "

At this moment, hearing Ye Feng suddenly ask such a question, the old man in black seemed to have thought of something, and suddenly said with fear in his eyes: "Have you ever felt that the bloody corpse we encountered just now was wearing something like this?" The fragments of clothes look like the clothes that pirates like to wear?"

"What's the meaning?"

Ye Feng and Leng Qingzhu were stunned when they heard the sudden and inexplicable question from the old man in black.

Then Leng Qingzhu seemed to have figured out something, and couldn't help but said in shock: "You mean, when the ocean thief entered the tomb of the Netherworld King, he encountered an inexplicable accident before he successfully stole the wealth. , but he did not die, but turned into a strange blood corpse. Do you mean that the strange and ferocious blood corpse we encountered was the ocean thief back then? "

After Leng Qingzhu finished speaking, several people felt a little chill in their hearts.

If this is true, what happened to such a legendary and powerful sea pirate in the underground tomb of the Nether King that he turned into a bloody corpse. This really makes people feel a little cold in their hearts, and they feel that everything in this mysterious underground tomb of the Nether King where they are now is extremely weird.

Chapter 5603 Is it all worth it?

At this time, several people present fell into silence, feeling that there was something very strange in the tomb of the Netherworld King.

At this moment, the old man in black, even Leng Qingzhu, seemed to be a little afraid, and there seemed to be an idea in his eyes of wanting to withdraw from the tomb of the Netherworld King.

At this time, the old man in black couldn't help but said: "The Nether King is actually a very special and strange king of the ancient royal family. It is said that when the Nether King was alive, he could communicate with the legendary underworld and command the Yin soldiers. So we'd better not break into his tomb and leave as soon as possible."

Hearing what the old man in black said, Ye Feng suddenly laughed and couldn't help but said: "I'm not even afraid of the undead tribe outside the territory, so why should I be afraid of the so-called Netherworld King?"

At this time, after Ye Feng finished speaking, he looked around, and then said aloud: "What are you afraid of? As long as I am here, we will continue to move forward."

Ye Feng didn't have any excessive fear in his heart at this time. After all, Ye Feng was exposed to too many things, so this so-called weirdness was nothing in Ye Feng's eyes.

Hearing what Ye Feng said at this moment, the old man in black couldn't help but smile bitterly. He also knew that this brave young man would not back down at all.

At this moment, Leng Qingzhu also walked to Ye Feng's side and said loudly: "Since Ye Feng, you want to continue to investigate, then let's do it."

Leng Qingzhu knew very well that Ye Feng was an extremely powerful being. Since Ye Feng said that he was not afraid, then Ye Feng should have special means to restrain this kind of weirdness.

At this moment, Ye Feng nodded and said loudly: "I originally thought this was just an ordinary tomb of a sea thief, but I didn't expect that I accidentally broke into the tomb of an ancient royal king like Netherworld King, so I have to investigate even more. , the opportunities and blessings contained therein are absolutely astonishing."

At this moment, Ye Feng was walking directly towards the buildings of the underground palace.

The old man in black and Leng Qingzhu quickly followed.

Now, among them, Ye Feng has long been the leader.

At this moment, Ye Feng walked directly into the underground palace group in front.

It has to be said that when this Netherworld King was alive, he must have had great power and status, so after his death, he built such an underground palace-like underground tomb, full of vastness and atmosphere, which made everyone feel it. A deeply shocking feeling.

At this moment, Ye Feng was walking among the surrounding underground palaces. This palace complex contained various ancient buildings of different shapes, which should all be the architectural style of the Netherworld King's era.

At this time, Ye Feng directly exuded his soul power, spreading towards the surroundings, and could sense danger at any time.

At this moment, the old man in black and Leng Qingzhu were following Ye Feng, always alert to possible dangers around them.

At this time, Ye Feng seemed to have noticed something. Suddenly his eyes moved slightly and he said, "I sensed the specific aura of that bloody corpse. It seems to be in the palace not far away."

"Um?"

Hearing what Ye Feng said, Old Man Hei Ye and Leng Qingzhu both had a look of surprise in their eyes.

Leng Qingzhu immediately showed a look of joy in his eyes and said quickly: "Since Ye Feng has sensed the aura of that bloody corpse, let's hurry over and take a look. If we can catch that bloody corpse, After careful questioning, we will know whether the bloody corpse is the ocean thief who entered the tomb of the Netherworld King."

At this time, Ye Feng also nodded, without any hesitation, and flew directly towards the palace he sensed.

When Ye Feng arrived at this palace, several people entered it, and there was a look of surprise in their eyes.

The palace was completely empty, except for an ancient statue of a god made of gold, standing in the palace.

And in front of this ancient statue that looked very sacred, there was actually a bloody pool of water that looked very evil.

At this moment, the bloody corpse that the few people encountered just now was actually soaking in this blood pool, and seemed to be using the power of the entire blood pool to recover from his injuries.

"What? You..."

At this time, when they saw Ye Feng and others rushing directly into the hall, soaking in the blood corpse in the blood pool, their eyes suddenly showed a look of astonishment, and they said loudly: "How is this possible? There are twists and turns inside, and the terrain is complicated. How could you have found this place?"

The blood corpse at this moment obviously has its own consciousness and can actually speak human words, which shows that this blood corpse is not a completely pure zombie, but just a practitioner living in the state of a blood corpse.

At this moment, Ye Feng smiled coldly and did not explain anything at all. Instead, he said loudly: "You can indeed speak for yourself and have self-awareness. Are you the ocean pirate back then?"

"Um?"

Hearing Ye Feng suddenly ask such a question, the blood corpse seemed to recall a long-standing memory in his mind, and he couldn't help but said in horror: "How do you know my true identity??"

"What? Is this bloody corpse really the ocean robber from back then?"

At this time, the old man in black standing next to Ye Feng suddenly widened his eyes. Unexpectedly, his guess came true.

This strange-looking bloody corpse is really the legendary ocean thief from back then.

At this moment, even Leng Qingzhu and Ye Feng were quite shocked.

It seems that he did not expect that a generation of legendary ocean robbers would be reduced to such a level, turning into a muddle-headed bloody corpse.

At this time, the old man in black couldn't help but said: "The legendary ocean thief who was so famous back then asked the people, why did he become such a terrifying look?"

Hearing what the old man in black said, and even his own name, the bloody corpse soaking in the blood pool suddenly showed a trace of memory in its eyes, and then another look in its eyes. There was an inexplicable look of resentment, and then his eyes turned into a look of intoxication and greed, and he suddenly stared at The ancient golden statue of a god who lived in this hall said aloud: "Although I have become such a so-called ugly look, I have gained eternal life. As long as I return to this place every once in a while. Just soaking in the blood pool will give me a steady stream of life that I can squander."

Hearing what this bloody corpse said, several people present had a look of surprise in their eyes.

Ye Feng was silent for a moment and then said: "But the price you pay is to become this kind of blood corpse that is neither human nor stiff, and you will never be able to leave this tomb. Otherwise, you would have left long ago. How do you feel about all this?" , is it all worth it?"

Chapter 5604: Killing God

"Is it all worth it..."

When Ye Feng asked this, the blood corpse first showed a trace of confusion in his eyes, and then suddenly laughed crazily and said: "Of course it is worth it! This is eternal life! And the Supreme God just told me that as long as I kill you guys and put you in the blood pool as a sacrifice to the God, the God will help me regain my freedom and let me leave this underground tomb and return to the world."

"What?"

Hearing this blood corpse say this, Ye Feng didn't say much, Leng Qingzhu's beautiful face showed a look of disgust, and immediately said coldly: "The Supreme God you are talking about is just lying to you. He just wants to use you to kill us and let him get our vitality. You have become a slave of the God you are talking about. Is the God you are talking about in this statue?"

Hearing Leng Qingzhu say this at this moment, the blood corpse suddenly became furious and roared: "I don't allow you to insult the Supreme God in my heart!"

Boom!

At this moment, the blood corpse burst out with blood. In the blood pool of the palace, his power seemed to be greatly enhanced. He directly set off a bloody storm and rushed towards Ye Feng and his companions.

At this time, Ye Feng naturally did not hesitate at all and punched out fiercely.

Ye Feng's punch had the solidity of the immortal body of the gods and the power of the Dark Emperor.

Ye Feng's fist immediately turned into a huge black fist with a terrifying pressure. It directly blasted the blood corpse backwards and hit the palace wall not far away, lying on the ground.

It must be said that Ye Feng's body power is getting stronger and stronger. Even if this blood corpse gets the blessing power of the entire blood pool, it can't resist Ye Feng.

At this time, Leng Qingzhu said coldly: "Kill this muddleheaded thing!"

But suddenly at this moment, the statue of the god in the whole palace suddenly vibrated rapidly.

Buzz!

Almost at the next moment, a huge and majestic phantom of a god appeared in this ancient statue, full of endless majesty and oppression.

The blood corpse that the sea pirate turned into suddenly knelt on the ground at this moment, kowtowed and said: "Great God! Save your believers quickly! Kill all these outsiders!"

At this moment, the phantom of the god that appeared in the ancient statue directly faced Ye Feng and others, and issued a majestic voice like a god: "You ants, facing the majesty of this god, why don't you kneel down and admit your mistakes?"

Plop! Plop!

Almost at the moment when the phantom of the god finished speaking, both the old man in black and Leng Qingzhu could not bear the terrifying pressure from the spirit and body, and were forced to kneel on the ground one after another, wanting to kowtow to this phantom of the god.

But at this time, Ye Feng roared: "Playing tricks! It's just a shadow of the will of an ancient strong man, attached to this statue of a god, why are you pretending to be so powerful?"

Boom!

Almost at the moment when Ye Feng's voice fell, Ye Feng directly burst out his terrifying soul power.

Boom!

At this moment, Ye Feng's huge soul power directly condensed into an extremely huge black giant in the void behind Ye Feng.

This black giant is completely in the state of soul, and is the embodiment of Ye Feng's own will power.

At this time, when the soul giant behind Ye Feng appeared, all the pressure on the entire field immediately dissipated a lot.

The soul giant condensed by Ye Feng directly offset the pressure emitted by the so-called shadow of the god.

At this moment, the old man in black and Leng Qingzhu were able to stand up from the ground immediately.

But at this time, the eyes of both of them were full of deep shock.

Unexpectedly, this seemingly ordinary ancient statue of a god actually contained such a powerful shadow of will.

At this time, what shocked the two even more was that Ye Feng was not only a practitioner, but also a legendary soul master.

Ye Feng was able to condense his own soul giant to fight against this ancient will shadow.

Just when the two were shocked, Ye Feng roared instantly and rushed directly towards the direction of the ancient statue.

The dark soul giant behind him also rushed with Ye Feng, merged with Ye Feng, turned into a pure soul giant, and began to fight with the shadow of the statue.

At this moment, the shadow of the will of the god that appeared in the ancient statue immediately issued a majestic voice: "You, a small mortal ant, dare to attack the great god? This is simply blasphemy! It is a great presumption!"

Ye Feng immediately laughed and said, "I will attack the god today, I will kill the god, so what?"

Boom!

At this time, Ye Feng roared loudly, without holding back, and frantically activated his Soul Giant to fight the phantom of the god in the ancient statue.

Boom!

The entire field was suddenly filled with a huge roar.

It must be said that Ye Feng was still very fierce, and the power of the Soul Giant was also very strong.

"Crack!"

Finally, Ye Feng smashed the phantom of the god with a punch, and then Ye Feng himself flew forward quickly, and with a bang, smashed the ancient statue of the god in the palace not far away.

Ye Feng not only destroyed the phantom of the god, but also smashed the ancient statue.

"What?"

Seeing this scene at this time, the blood corpse that the sea pirate turned into suddenly felt that his faith collapsed. It seemed that he did not expect that the god with supreme power in his mind was actually destroyed by Ye Feng, a young man.

Snap!

At this moment, when Ye Feng smashed the statue of the god, a dark green round bead rolled down from it, exuding an inexplicable cold breath of the underworld.

When Ye Feng saw this scene, his eyes moved immediately and he said, "This is not a god at all, but a ghost from the underworld. This dark green round bead should be the core of that ghost."

At this moment, seeing Ye Feng possess such a powerful force, the old man in black not far away was deeply shocked.

Ye Feng's various methods and strong courage were really shocking.

At this time, the old man in black was simply following Ye Feng wholeheartedly, and he dared not have any other thoughts.

Swish!

Leng Qingzhu flew forward at this time, and before the blood corpse could speak, he directly cut off its head and killed it instantly.

Swish!

And Ye Feng stretched out his hand and grabbed the dark green round bead that fell from the ancient statue after it was broken, absorbed it into his hand, and began to devour it directly. This is a good thing, with pure energy.

Chapter 5605 Perfect Body

Boom!

At this time, as Ye Feng swallowed, the energy in the dark green round bead was immediately absorbed and swallowed by Ye Feng, and directly injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's power.

For Ye Feng, Ye Feng can directly swallow the power of thousands of attributes under the sky, including this very strange underworld energy.

At this moment, as Ye Feng swallowed, the dark green round bead in Ye Feng's hand also turned into ashes. Obviously, the energy has been sucked dry and completely became Ye Feng's power.

Boom!

At this moment, Ye Feng's cultivation also broke through, directly breaking through the first level, stepping into the seventh level of the Star Acupoint Realm above the sixth level of the Star Acupoint Realm, and his power was greatly increased.

After all, for Ye Feng now, Ye Feng's cultivation is already very high, so even if it is only a small level of breakthrough, it can also make Ye Feng's power increase fully.

Seeing this scene at this time, both the old man in black and Leng Qingzhu showed surprise in their eyes.

Especially the old man in black, he couldn't help but say: "Your methods and abilities are really magical. You can even directly use this very strange energy from the core of the underworld and transform it into your own skills. This ability is really incredible. I have been walking around for many years and have never seen such a magical ability."

At this time, hearing the old man in black say this, Ye Feng just smiled faintly and didn't say much.

Because Ye Feng's devouring ability is indeed unique.

At this moment, Ye Feng and his companions continued to prepare to explore the underground buildings in this underground tomb.

Because since we know that this is the underground tomb of the ancient royal king, the Nether King, in the legend, it must contain great opportunities and fortune.

Next, Ye Feng continued to release his huge soul power and sensed the surroundings to see if there were any good things in other underground buildings.

Sure enough, when Ye Feng released his soul power, he immediately sensed that there seemed to be energy fluctuations in a palace not far away.

Swish!

Ye Feng immediately flew over quickly.

When several people entered the palace, they immediately saw that there was a huge alchemy furnace inside the palace.

In this alchemy furnace, there were still a few ancient pills left.

Each pill was the size of a fist, looked very large, and very old, and still exuded the fragrance of medicine.

"Huh?"

Seeing this scene, both the old man in black and Leng Qingzhu showed surprise in their eyes, as if they had not expected that there would be such an ancient alchemy furnace in such an underground tomb, and there were still a few pills left.

Ye Feng naturally did not hesitate at this time, and directly accepted it with a smile, swallowing the several fist-sized pills left in the alchemy furnace directly into his stomach.

Boom!

At this moment, Ye Feng got another energy of the elixir, and his cultivation continued to break through, breaking through the first level again and entering the eighth level of the Xingqiao Realm!

At this time, Leng Qingzhu said: "This alchemy furnace should be an ancient high-level alchemy furnace, which is very precious. I want to take it back to our underground arena. Maybe it can help the alchemists in our underground arena to improve the quality of the elixir they refine."

Ye Feng smiled and nodded, and said: "Okay, you can take it back. This thing is not of much use to me."

At this moment, Ye Feng continued to explore in other directions of the underground building complex.

But then, Ye Feng did not find any special energy fluctuations.

It seems that many buildings in this underground tomb are just decorative, not really practical.

Finally, several people finally came to the central area of this underground tomb.

This should be the core of the entire underground tomb.

If the Nether King is dead, he should be buried here.

At this moment, when several people came here, they saw a black coffin made of pure iron, placed on a bone altar in the middle of this underground tomb.

This altar looked very strange, made entirely of bones, and each bone was engraved with ancient underworld characters, which looked like an altar from the underworld.

At this time, the old man in black couldn't help but tremble and said: "As expected of a strange ancient emperor like the Nether King, he must be related to the underworld. His tomb is just like coming from the underworld."

At this moment, Ye Feng didn't think so, and said: "See if the body of the Nether King is inside."

At this time, several people were ready to approach the iron coffin.

But just as they approached the iron coffin.

"Crack, crack..."

Accompanied by a tooth-grinding friction sound, the lid of the iron coffin slowly moved by itself, as if it was about to open automatically.

"What?"

Seeing this scene, the old man in black was frightened and stepped back several steps.

Ye Feng and Leng Qingzhu also showed vigilance in their eyes and quickly retreated.

But the expected danger did not happen. After the lid of the entire iron coffin opened by itself, there was no movement.

"Um?"

Ye Feng and others looked at each other for a few times, and they all saw the confusion in each other's eyes. They hurriedly stepped forward and found that the iron coffin was empty. There was nothing, no body, and nothing else left behind. something.

"how so?"

At this time, the old man in black suddenly showed a look of astonishment in his eyes, and said loudly: "How come there is an empty coffin in the core of the underground tomb of the Netherworld King? Where is the body of the Netherworld King?"

Hearing what the old man in black said, Ye Feng and Leng Qingzhu were also very surprised in their eyes. They seemed not to have expected that this underground tomb was built so luxuriously and grandly, but as a result, the core area was dedicated to storing corpses. The body was gone and only an empty coffin appeared, which was a bit too unexpected.

However, just when these people were very confused, at some point, strong green gas slowly emerged from the ground of the entire underground tomb.

No one noticed this strong green gas when it first appeared, but by this time, the green gas had become very rich.

The old man in black took a breath, and his face immediately turned blue. He seemed to feel that he couldn't breathe, so he quickly closed his respiratory tract to prevent himself from breathing for the time being.

At this moment, Ye Feng's eyes changed slightly. He looked at the green gas coming out from under the ground, frowned and said, "This is the gas from the underworld. How come so much of it suddenly came out here?" The gases of the underworld?"

Leng Qingzhu felt something was wrong and said aloud: "Let's leave here as soon as possible. Since the coffin here is empty, there is no need for us to linger any longer."

Ye Feng nodded and said aloud: "It's really weird here, let's leave as soon as possible."

But the moment Ye Feng finished speaking, the ground not far away suddenly exploded.

Boom!

Immediately, a more dense and majestic underworld gas suddenly burst out from the depths of the underground, and a towering and boundless Yin Qi giant condensed directly in the entire underground tomb, and made an ancient voice: "Finally, the perfect body has arrived. The King of the Underworld's prediction was accurate. Today, your perfect body has finally arrived. You have given me the best gift, which is your body."

At this moment, the Yin Qi giant was talking and his eyes were staring straight at Ye Feng.

Chapter 5606 Destroyed

"Perfect body?"

At this moment, seeing this giant made of Yin Qi staring at him, Ye Feng suddenly felt a deep greed.

This giant made of Yin Qi seemed to be very greedy for him.

Ye Feng couldn't help but said in surprise: "I am the perfect body you said?"

At this moment, whether it was Leng Qingzhu or the old man in black, looking at this giant made entirely of Yin Qi, they all showed surprise in their eyes, as if they didn't expect that such a weird giant made of Yin Qi from the underworld would appear here.

At this time, Ye Feng smiled coldly and said, "You, a giant made entirely of Yin Qi, should be the master of this underground tomb, the Nether King. You seem to have abandoned your body and turned yourself into a state of Yin Qi that is connected to the underworld."

Hearing what Ye Feng said, the giant made of Yin Qi immediately smiled and said, "You are very smart, and you are indeed a perfect body. However, your arrival this time has been destined, and your life trajectory will end here, because next, your perfect body will be used by me and become my new body."

At this moment, the purpose of this Yin Qi giant was exposed at once, that is, he seemed to have been waiting for Ye Feng's perfect body here for a long time. Now Ye Feng's arrival made him reveal his true face and wanted to get control of Ye Feng's body.

At this moment, hearing what the Yin Qi giant said, both the old man in black and Leng Qingzhu showed a look of astonishment in their eyes, as if they had not expected that this ghost king had predicted many years ago that Ye Feng might come here.

The King of the Underworld mentioned by the Nether King just now, who is he? He actually has the ability to predict the future. This involves the legendary destiny and the mystery of time, which is very obscure and not understandable to ordinary people.

At this moment, Ye Feng's eyes were very cold. He stared at the giant of Yin Qi and said, "You want to get my body, which is impossible. If you are the King of the Underworld, I may not be able to fight against you, an ancient strongman, but you abandoned your body and associated with the underworld, making yourself a Yin Qi-like existence. Ordinary creatures may be most afraid of your existence, but I am not afraid of your existence, because I happen to have something to restrain you."

Boom!

Almost at the moment when Ye Feng's voice fell, Ye Feng directly used the Gate of Heaven.

Buzz!

At this moment, above Ye Feng's head, in the void, a huge white light door immediately appeared.

This portal emitting white light is the Gate of Heaven!

This Gate of Heaven, when Ye Feng got it, did not have much effect.

But now, with the continuous improvement of Ye Feng's cultivation, the power of the Gate of Heaven is getting stronger and stronger. It can not only restrain demons and underworld things, but also exert tremendous attack power.

At this moment, the Yin Qi giant saw Ye Feng using the Gate of Heaven, and immediately showed a look of surprise in his eyes, and said aloud: "What a pure treasure of light attribute, how did you, a young man, get it?"

At this time, Ye Feng just smiled coldly and said aloud: "You don't know who this portal is. Do you think it is just a simple treasure of light attribute? Then you are wrong! Come out, God of Light!"

At this moment, Ye Feng roared and directly used all his strength to drive his huge mana, and madly poured it into the Gate of Heaven.

Boom!

At this moment, a terrifying white light immediately burst out from the Gate of Heaven, and suddenly in the void behind the Gate of Heaven, a magnificent light shadow with a length of tens of thousands of meters was condensed.

This bright shadow is exactly the shadow of the great will of the God of Light contained in the gate of heaven!

At this time, the Yin Qi giant transformed by the Nether King clearly felt a terrible sense of destruction. He hurriedly wanted to drill underground, as if he wanted to leave here temporarily.

But at this moment, Ye Feng laughed and said: "Aren't you going to take over my body? Come and take over!"

Boom! !

At this moment, Ye Feng burst into a dazzling white light all over his body, like a young god, directly under the cover of the entire shadow of the will of the God of Light, rushed into the underground, found the will of the Nether King in the endless Yin Qi, and completely destroyed it.

"Ah!!"

At this moment, a shocking scream immediately sounded in the entire underground space.

That was the scream of the Nether King!

The Nether King had waited for so many years, trying to be resurrected, and waited for Ye Feng's perfect body.

Unexpectedly, Ye Feng's trump card was too evil, and the Nether King had no way to resist and was directly destroyed.

Almost at the moment when the Nether King was destroyed, the empty iron coffin not far away actually "clicked" and split in the middle.

The next moment, an underground staircase appeared in the crack, and it was unknown which space it led to.

Swish!

At this moment, Ye Feng immediately flew into the iron coffin, and walked down the stairs with the old man in black and Leng Qingzhu.

When they reached the bottom, they immediately saw a vast underground stone chamber.

This huge underground stone chamber is filled with all kinds of ancient cultivation resources and wealth.

There are ancient weapons and armors, ancient inheritances, many mineral vein resources from ancient times, many boxes of pills, and a lot of mess, even some people present don't know much about them, only ancient Something that only existed in the era.

Seeing such a large amount of wealth piled up in this underground stone room, not to mention the old man in black, even Leng Qingzhu, the eldest lady of the underground arena, as a rich second generation, were a little shocked at this moment.

The wealth here is really huge!

Ye Feng's eyes suddenly lit up at this time, and he couldn't help but say: "This should be the place where King Netherworld stored his wealth. I estimate that after he attempts to be resurrected, he will return to the world with this wealth."

At this time, Leng Qingzhu looked at Ye Feng and said loudly: "Ye Feng, you should use the wealth here to improve your strength. This is what you deserve."

Ye Feng nodded without being pretentious, and could not hide his excitement. Because the wealth here was so huge, Ye Feng directly began to choose the cultivation resources he needed.

Chapter 5607 Divine Land

At this time, Ye Feng released his huge soul power, and instantly covered the entire underground space.

Ye Feng naturally wanted to find the cultivation resources that he needed most as soon as possible, which could directly devour and improve his skills.

At this time, with the coverage and exploration of soul power, Ye Feng finally chose several very precious things.

They were boxes of ancient pills of different colors, each of which exuded a strong medicinal fragrance. They should be powerful pills refined by the Nether King in the past, and they have very precious value.

The medicinal power contained in each pill is very powerful and magnificent.

In addition, Ye Feng also found a dragon leg of the ancient dragon clan frozen in a jar.

This dragon leg was sealed in ice and looked very fresh.

In addition, Ye Feng also found a big tree full of red fruits.

This big tree seemed to be not dead yet, and the red fruits on it were still very fresh, exuding a strong fruity fragrance, and containing very rich fruit energy.

In addition, Ye Feng also found a bag of heavy demon pills and beast cores of ancient demon beasts, which are also of great value to Ye Feng.

Then, Ye Feng found an ancient scepter inlaid with an energy gem the size of a human head.

This ancient scepter should be a very powerful treasure refined by the Nether King back then.

However, the reason why Ye Feng took this ancient scepter was not to use this treasure, because Ye Feng did not need any particularly powerful treasures. What Ye Feng needed was the energy gem the size of a human head inlaid on this ancient scepter. The pure energy contained in it, after being absorbed by Ye Feng, can definitely greatly improve Ye Feng's skills.

In addition, Ye Feng also found a holy grail. This ancient holy grail was filled with the water of the ancient spiritual spring of heaven and earth, exuding extremely rich life energy, which is also of great use to Ye Feng.

Finally, Ye Feng also found a pile of golden sand.

These golden sands look very mysterious, but they do not contain energy.

The reason why Ye Feng found this pile of golden sand was because Ye Feng sensed that there was a very rare divine substance hidden in this pile of golden sand.

This seems to be the legendary divine soil!

It contains divine substances that can make Ye Feng's immortal body evolve.

So many precious things made Ye Feng extremely happy.

This time it was really a huge harvest, no less than making a small fortune.

At this moment, Ye Feng naturally did not hesitate at all and directly began to devour these precious cultivation resources he had chosen.

"Boom!"

A stream of energy of different attributes was immediately injected into Ye Feng's Dantian.

There was the medicinal power of the elixir, the blood energy in the dragon legs of the ancient dragon clan, the fruit power in the red fruit, the demon beast energy in the demon pill and beast core of the ancient demon beast, the energy in the energy gem, and the spiritual spring power of the spiritual spring water of heaven and earth in the holy grail, all of which were injected into Ye Feng's Dantian at this moment.

Ye Feng's cultivation power immediately improved at an incredible speed.

Boom!

Star Acupoint Realm Ninth Heaven!

Boom!

Star Acupoint Realm Tenth Heaven Great Perfection!!

At this moment, Ye Feng's cultivation can be said to be unhindered, and it directly increased to the Star Acupoint Realm Tenth Heaven Great Perfection.

And at this time, the energy obtained by Ye Feng has not been refined yet.

Ye Feng is in the process of rapid transformation at the bottleneck of the Star Acupoint Realm Tenth Heaven Great Perfection.

Suddenly at a certain moment.

"Boom!"

A terrifying and powerful aura burst out from Ye Feng's body.

Ye Feng's cultivation once again broke through the bottleneck of the Star Acupoint Realm Tenth Heaven Great Perfection, and stepped into a new realm above the Star Acupoint Realm, the first heaven of the Tianshou Realm!

At this time, Ye Feng's eyes naturally showed deep excitement.

Tianshou Realm, this is a new and extremely powerful level. After entering this realm of cultivation, it means that the cultivator is no longer an ordinary mortal, but competes with the sky for life, and slowly evolves towards a transcendent existence that can coexist with heaven and earth.

At this time, Ye Feng clenched his fists and could feel that after entering the first level of Tianshou Realm, his combat power and skills have increased by hundreds of times.

It must be said that this new level of cultivation is indeed very powerful.

At this moment, Ye Feng did not hesitate at all, and immediately looked at the last pile of golden sand.

This pile of golden sand is the legendary divine soil, which contains very pure divine substances.

Ye Feng did not hesitate at this time, and directly activated the immortal body of the gods and began to absorb the golden divine substances in this pile of divine soil.

At this moment, along with the absorption, Ye Feng's immortal body of the gods was slowly strengthened.

Finally, Ye Feng's immortal body of the gods directly evolved from the sixth level of the seventh stage to the eighth level of the seventh stage, which made Ye Feng's body strength improve greatly.

You know, Ye Feng's immortal body of the gods has not been improved for a long time, mainly because Ye Feng has not found the divine substance.

After all, the Celestial Gods also come from the higher worlds outside the domain. Divine substances are probably only common in the higher worlds outside the domain. It is difficult to encounter them in these lower worlds.

Therefore, the improvement of Ye Feng's Celestial God Immortal Body has always been very slow.

This time, he was able to find such a pile of divine soil in the treasure house of the Nether King, which allowed his natural immortal body to be upgraded by two levels and entered the seventh stage and the eighth level. This is already a very good harvest.

At this moment, Ye Feng's body strength has been greatly improved, and his cultivation skills have also been greatly improved, entering a new Tianshou realm.

Ye Feng's comprehensive strength is many times stronger than before.

At this moment, Ye Feng was naturally very happy. Looking at Leng Qingzhu and the old man in black around him, he said: "You can pick whatever is left in this treasure house. I don't need it."

Hearing Ye Feng say this, Leng Qingzhu also gave priority to selecting a lot of powerful treasures and some special ancient equipment, etc.

And even if the old man in black just drank a little soup behind the two of them, it was like the old man in black got a treasure.

After all, the things left by the Nether King were not valued by Ye Feng and Leng Qingzhu, and they were definitely very valuable.

In the eyes of the old man in black, they were already very high-end and good things.

At this moment, Ye Feng said, "Let's leave here."

Chapter 5608 City of Chaos

When Ye Feng said this, the old man in black and Leng Qingzhu nodded.

It's really time for them to leave here.

After all, they had already obtained all the treasures in this underground tomb, and there was no point in staying any longer.

Uh-huh!

At this moment, Ye Feng and the others flew directly towards the exit of the underground tomb.

They left the underground tomb space from the previous robbery hole and returned to the ground again.

At this time, Ye Feng glanced at the entire island, couldn't help but reveal a rather sighing look in his eyes, and said loudly: "Unexpectedly, we originally just wanted to find the treasure of a sea thief, but in the end we accidentally broke in. It's really a bit unexpected to accidentally enter the scene of the ancient royal king Netherworld."

Leng Qingzhu couldn't help but nodded at this moment, with a look of sigh on his beautiful face, and said loudly: "If it weren't for Ye Feng's many tricks this time, I guess you would have been really beaten by that Netherworld King. Back to life."

Hearing what Leng Qingzhu said, Ye Feng nodded slightly and said loudly: "This Netherworld King is indeed a character. He has been dormant here for so many years. The purpose is to seize a perfect body and return to the human world. It's a pity he met me."

At this moment, Ye Feng suddenly looked at the old man in black beside him and asked: "By the way, there is one thing I need to ask you. Is there any news about ancient stone tablets appearing in this sea area recently?"

Ye Feng asked the old man in black at this time, naturally to help Leng Qingzhu complete her trial task.

After all, since the two of them came to this sea of exile, they have experienced so many things, but they have never dealt with Leng Qingzhu's trial mission in particular.

So at this time, Ye Feng naturally wanted to inquire carefully.

The old man in black is a local snake in the entire sea area and has lived here for decades, so he should know the news.

At this moment, as expected, the moment Ye Feng finished speaking, the old man in black suddenly showed a look of surprise in his eyes and said loudly: "The two adults just came to this sea area, and they actually know about the ancient stone tablet." It's really amazing. Yes, just half a month ago, we In the Sea of Exile, there are several forces competing for an ancient stone tablet that fell from the sky. This ancient stone tablet is very special and very ancient. Some people think it is a precious stone tablet that fell from a higher world outside the territory, so the entire sea area Several major forces fought fiercely."

"Um?"

Hearing what the old man in black said, Leng Qingzhu stood aside and couldn't help but his eyes lit up.

Sure enough, Ye Feng made the right choice by leaving the old man in black alive.

The contribution this old man in black made to them was really not small.

At this moment, Ye Feng immediately continued to ask: "Which force got the ancient stone tablet in the end?"

The old man in black shook his head and said aloud: "I don't know about this, because there were many wandering warriors and forces in the entire sea area at that time, participating in the fight for the ancient stone tablet, but I think the last ancient stone tablet, It should eventually fall into the hands of one of the three recognized forces."

Ye Feng asked aloud: "What are the three major forces?"

The old man in black answered honestly and said: "They are the three top forces in our sea area, namely Demon Island, Dragon King Palace and City of Chaos."

Hearing what the old man in black said, Leng Qingzhu couldn't wait to speak out: "Ye Feng, let's confirm quickly and see which force the ancient stone tablet my master placed in this sea area belongs to. ?"

Ye Feng nodded and said aloud: "It seems that we can only go to every place. Then we will observe which force the compass in our hands will glow near."

Leng Qingzhu nodded and said, "Yes, as long as the compass in my hand shines near a certain force, then that ancient stone tablet will definitely fall into the hands of that force."

At this moment, Ye Feng and Leng Qingzhu naturally flew towards the first nearest force without any hesitation.

They were not familiar with this sea area, but it was naturally much more convenient to have a practitioner like the old man in black who had lived here for a long time to lead the way.

First, they came to Mosha Island.

Mosha Island is a huge island, standing in the southwest of this sea area.

The entire island is very large, just like a continental plate, floating on the ocean. The entire island is surrounded by a thick demonic aura, like a piece of demonic soil, and the evil aura is so strong that ordinary people cannot Don't dare to approach.

At this moment, Ye Feng and Leng Qingzhu came to the vicinity of Mosha Island and took out the compass. After turning it around, they found that the entire compass did not glow.

Seeing this scene, Ye Feng said aloud: "It seems that the ancient stone tablet is not on Mosha Island. Let's leave."

Leng Qingzhu nodded, naturally not wanting to stay here any longer, and continued to fly quickly towards the Dragon King Palace, the second major force.

When the two of them arrived at the Dragon King's Palace, they saw a grand palace that exuded golden light, floating on the sea. It looked like the palace of the legendary gods, with dragons patrolling around it.

Seeing this scene, Ye Feng did not alarm the snake. He just followed Leng Qingzhu and approached the Dragon King Palace and found that the compass still did not glow.

The two left directly.

Flying quickly towards the third major force, the City of Chaos.

The City of Chaos is a city built by wandering warriors. There are not only many wandering practitioners, but also many prisoners who have been exiled in this bitter cold land. They will all be stationed in the City of Chaos, so the whole city is very Chaos, there are so many people from three religions and nine streams.

Therefore, this city is called the City of Chaos.

When Ye Feng and Leng Qingzhu arrived at the gate of the City of Chaos, the compasses in their hands actually emitted a strange light blue light.

"This is it!"

Seeing this scene, Ye Feng's eyes suddenly lit up.

Leng Qingzhu also nodded excitedly and said aloud: "The ancient stone tablet left by Master is in this city of chaos. If we get the ancient stone tablet and take it back, I can complete my mission."

After completing the trial mission, my master and I can go to the higher world outside the territory to practice!"

At this moment, Leng Qingzhu finally found the whereabouts of the ancient stone tablet, and was naturally extremely excited.

After all, the success of this trial mission is related to her future and future development.

At this moment, Ye Feng nodded and said: "Let's quietly enter this chaotic city first and see if we can find the specific location of the ancient stone tablet."

Chapter 5609: Sneaking into the City Lord's Mansion

At this time, Ye Feng did not hesitate and followed Leng Qingzhu directly into the chaotic city in front of him.

In their impression, this city of chaos was very chaotic.

But when they entered the city, they saw every building standing on the street in a very orderly manner.

Although most of the pedestrians who came and went may have evil spirits on their bodies, they were basically calm, and no conflicts broke out, nor did they curse in the street.

"Um?"

Seeing this scene, Ye Feng grinned and said loudly: "It seems that this chaotic city is not as chaotic as imagined."

Leng Qingzhu nodded, couldn't help but smile, and said aloud: "Since it is a regular city, it naturally has the rules of this city. After all, there should be several city lord mansions in this chaotic city. It is composed of very powerful people who can intimidate all the residents in the entire City of Chaos and keep them safe and sound in the city. If people can kill and set fire everywhere, then no one will come to the entire City of Chaos. "

Hearing what Leng Qingzhu said, Ye Feng nodded, and then said loudly: "Look at the compass in your hand. Does it point to the direction of the ancient stone tablet?"

Hearing what Ye Feng said, Leng Qingzhu nodded and took out the compass from his storage ring.

But at this time, Leng Qingzhu suddenly discovered to his surprise that the Lou Compass in his hand could no longer emit light.

In other words, entering the city of chaos, this compass cannot guide the specific direction of the ancient stone tablet.

Seeing this scene, Leng Qingzhu was a little dumbfounded and said, "It seems like this compass is broken?"

Ye Feng shook his head and said: "Since this compass was given to you by your master, and it is specially used to locate the location of the ancient stone tablet, it should not be broken suddenly, and your master should not be able to I think the greater possibility of this kind of glitch is that the ancient stone tablet was sealed in a special way by the group of people in this chaotic city who obtained the ancient stone tablet, so that your compass cannot sense the specific location. "

Hearing Ye Feng's guess, Leng Qingzhu couldn't help but asked: "What should we do now? The top experts in this chaotic city are still very powerful. We are no match at all. If we directly break into this chaos Searching for ancient stone tablets in some important places in the city is definitely not feasible, and there is no way to find anything hard."

Ye Feng nodded and said aloud: "The moment I entered this chaotic city, I did sense that there were many powerful people in it. Many of them have terrifying abilities. I am indeed no match."

Hearing what Ye Feng said, Leng Qingzhu also nodded and fell into silence.

Ye Feng thought for a moment and suddenly said: "Since the ancient stone tablet was obtained by the City of Chaos, it is estimated that only the City Lord's Mansion is qualified to obtain this ancient treasure. We can only choose to sneak in." Go to the city lord's mansion to find out the specific information."

When Leng Qingzhu heard what Ye Feng said, his eyes suddenly showed a look of distress, and he said: "But we have just arrived in the City of Chaos. For the City Lord's Mansion in the entire City of Chaos, we are absolute outsiders. It's impossible to sneak into a core place like the City Lord's Mansion easily."

Hearing what Leng Qingzhu said, Ye Feng smiled slightly, with a very confident expression on his face, and said loudly: "But I have the ability to perfectly disguise myself as a member of the City Lord's Mansion, and then sneak into the City Lord's Mansion. "

Hearing what Ye Feng said, Leng Qingzhu suddenly remembered that Ye Feng seemed to be able to disguise himself as a power of any attribute, and then add a little bit of disguise skills to successfully sneak into the city lord's mansion.

Leng Qingzhu immediately said excitedly: "Then I will trouble you, Ye Feng, this time."

Ye Feng immediately laughed and said: "I followed you to this sea of exile this time just to help you complete your trial mission. In this case, I will also get a huge reward, and I will naturally help you with all my strength. It's your business."

At this moment, after Ye Feng finished speaking, he suddenly stretched out his hand and said: "Miss Leng, give me the compass in your hand. I will sneak into the city lord's palace alone to find the specific whereabouts of the ancient stone tablet. I hope I can go smoothly. I'll find the ancient stone tablet. When the time comes, I'll bring the ancient stone tablet back to you. You can stay at any inn in this chaotic city and wait quietly for my news."

"Do you really want to go alone?"

Hearing what Ye Feng said, Leng Qingzhu seemed to have a worried look in his eyes, and said loudly: "The city lord's palace in this chaotic city is a place of crouching tigers, hidden dragons, and it is possible to establish a city in such a chaotic place. , Those guys in the City Lord's Mansion must be very vicious, and if your identity is exposed, Ye Feng, you will most likely encounter something unexpected."

Hearing Leng Qingzhu's worry, Ye Feng smiled and said: "Don't worry, I am confident that I can perfectly hide the people who become the city lord's palace, and my identity will not be exposed. This time, I am here to help you find the ancient stone tablet." , To complete the trial mission, I naturally have to give full play to my advantages. Only I can do this. "

Hearing Ye Feng's affirmative answer, Leng Qingzhu had no choice but to nod. After all, this was the only way now.

At this moment, Leng Qingzhu directly handed the compass in his hand to Ye Feng, and then found an inn in the God of Chaos, and said: "Ye Feng, if there is really any danger, you must hurry out of the City Lord's Mansion. I am in this inn in this city and will pick you up at any time."

Ye Feng nodded, took the compass in his hand, and left the inn directly.

Next, Ye Feng quickly came to the outside of the City Lord's Mansion. Looking at the majestic and noble buildings not far away, Ye Feng's eyes showed an expectant look.

The ancient stone tablet should be in the City Lord's Mansion.

At this moment, Ye Feng came to a remote place at the gate of the City Lord's Mansion and stared at a guard of the City Lord's Mansion.

The guard of the City Lord's Mansion was patrolling outside, but was knocked unconscious by Ye Feng in an alley. Then Ye Feng put the guard into his storage ring and told him not to come out for the time being.

Then Ye Feng put on the armor of the guard and went directly into the City Lord's Mansion.

At this time, Ye Feng didn't even need to disguise himself as the guard of the City Lord's Mansion.

Because Ye Feng found that there were many guards in the entire City Lord's Mansion, and there were guards patrolling everywhere. It is estimated that people don't know what a specific guard looks like.

At this moment, Ye Feng wore the armor of the guard of the City Lord's Mansion and walked directly into the City Lord's Mansion.

With the token on the guard of the City Lord's Mansion, Ye Feng easily entered the City Lord's Mansion, holding a compass in his hand, and began to wander around to see when the compass glowed and reacted, which meant that the ancient stone tablet was nearby.

Chapter 5610 Dark Corner

At this moment, Ye Feng was holding a compass in his hand, wandering around the entire City Lord's Mansion quickly, to see when the compass in his hand could glow, so that he could find the specific location of the ancient stone tablet.

But after Ye Feng walked around, he found that the compass in his hand did not react or glow.

This made Ye Feng a little confused. Could it be that the ancient stone tablet was not in the City Lord's Mansion?

However, there were some places that Ye Feng did not visit, that is, the core of the City Lord's Mansion, such as where the city lord lived, or some places where the City Lord's Mansion was heavily guarded.

These places, even if Ye Feng was now disguised as a guard of the City Lord's Mansion in this chaotic city, could not be easily approached.

Ye Feng could only wait until night to see if he could sneak past.

But just when Ye Feng was about to leave, suddenly a beautiful woman in a red dress came not far away.

The woman in the red skirt called Ye Feng and said, "You look so young as a guard. Have you just joined the City Lord's Mansion in our Chaos City?"

Ye Feng nodded immediately and said, "My Lord, I have just joined the City Lord's Mansion and become a guard."

Hearing what Ye Feng said, the woman in the red skirt nodded immediately.

Ye Feng guessed that the woman in the red skirt should be a person of high status, otherwise, it would be impossible for her to move around the City Lord's Mansion without being restrained by anyone.

At this time, Ye Feng was about to leave.

But suddenly, the woman in the red skirt said, "Wait a minute."

"Hmm?"

Hearing what the woman in the red skirt said, Ye Feng's eyes suddenly showed a cold look.

Has his identity been discovered by the woman in the red skirt?

However, at the moment when Ye Feng turned around, the woman in the red skirt obviously did not see through Ye Feng's identity. She just said: "Since you have just joined our City Lord's Mansion, you should know that the guards in our City Lord's Mansion are ready to do things for us, the supervisors of the City Lord's Mansion, at any time."

Ye Feng nodded and asked: "What do you need me to do, sir?"

The woman in the red skirt said: "You are so young and full of blood, you should be very strong. Now follow me to our City Lord's Mansion warehouse and help me move a very heavy thing. These hard work, people of my status are not willing to do."

Hearing the words of the woman in the red skirt, Ye Feng's eyes immediately showed a look of surprise. He didn't expect that the other party would go around and around and actually let him help with hard work.

Ye Feng nodded. In order not to expose his identity, he could only follow the woman in the red skirt to the warehouse of the City Lord's Mansion.

After all, Ye Feng still needs to carefully investigate the exact location of the ancient stele in the City Lord's Mansion, so now he can only follow the other party's request.

And this red-skirted woman wants to take him to the warehouse of the City Lord's Mansion. It just so happens that Ye Feng has not been to the warehouse just now, so it's just right to see if the ancient stele is placed in the warehouse.

After all, the warehouse of the City Lord's Mansion is also guarded by many powerful strong men of the City Lord's Mansion, and Ye Feng, a small guard, cannot enter it.

But the red-skirted woman can, which means that this red-skirted woman is indeed a very important figure in the City Lord's Mansion, and is definitely a powerful figure in the City Lord's Mansion.

At this moment, when Ye Feng was thinking secretly in his heart, Ye Feng followed the red-skirted woman and came to the outside of the warehouse of the City Lord's Mansion.

At this time, outside the warehouse of the City Lord's Mansion, there were several strong men of the City Lord's Mansion wearing heavy armor guarding.

After the red-skirted woman arrived, these warehouse guards wearing heavy armor immediately clasped their fists respectfully, and then opened the door of the entire warehouse.

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

It seems that his guess is correct. The status of this woman in red skirt must be very high in the City Lord's Mansion.

Even if she is not in power, she is definitely a supervisor-level figure.

At this moment, Ye Feng followed the woman in red skirt into the warehouse.

Ye Feng asked: "Sir, what do I need help moving?"

The woman in red skirt did not speak, but just said: "Just follow me."

Although Ye Feng was confused at this moment, he still followed the woman in red skirt and walked towards the depths of the warehouse.

On the way, Ye Feng secretly glanced at the compass hanging around his waist and found that the compass did not glow.

This made Ye Feng's eyes show a look of disappointment.

It seems that the ancient stone tablet is not in the warehouse of this City Lord's Mansion.

At this moment, the two have walked to the deepest part of this warehouse.

This place is very far from the gate of the warehouse.

At this moment, Ye Feng asked again: "My Lord, what exactly do you need me to move? This is already the deepest part of the warehouse, and there seems to be no more goods around."

The woman in the red skirt didn't even look at Ye Feng when she heard him ask this.

Her beautiful eyes were just staring at a dark direction in the deepest part of the warehouse. She ignored Ye Feng and said to the dark corner: "This is the thirteenth guard I brought to you this month. After you eat it, remember what you promised me. Don't break your promise, otherwise our cooperation will end directly."

"What?"

Hearing what the red-skirted woman said, Ye Feng's eyes suddenly showed a look of astonishment.

Unexpectedly, the red-skirted woman did not ask her new guard to find something, but was going to give herself to a terrible monster in the dark as food!

At this moment, Ye Feng's eyes suddenly showed a look of shock. Sure enough, this chaotic city was very chaotic, and there was such a cruel woman in the city lord's mansion.

At this moment, Ye Feng was about to say something, but suddenly a terrifying monster crawled out of the dark corner of the next warehouse.

This monster has a huge bull head and a human body.

This is a monster with a bull head and a human body. Its eyes emit red light, and its body is full of evil spirits. It feels like a bull-headed demon from hell.

Obviously, this is a very scary bull-headed demon, and the evil spirit and demon spirit on its body are extremely strong.

At this moment, this bull-headed demon crawled out of the darkness. Although its breath was very weak, it gave people a terrifying and extremely oppressive feeling.

Obviously, this bull-headed demon was definitely a very terrifying top demon strongman in the past, but now he has suffered a heavy blow and can only linger here, as if he has reached a deal with the red-skirted woman.

At this moment, the bull-headed demon stared at the red-skirted woman, and in his scarlet eyes, he showed a greedy expression and said: "Don't worry, as long as I eat this last young cultivator and get his fresh blood energy and vitality, I can recover 1% of my peak strength. At that time, I will definitely do what I promised you. I will definitely help you seize the position of the city lord of the City of Chaos, and pass on the inheritance of our ancient bull demon clan demon god to you, so that you can become very powerful!"

At this moment, the two people's conversation ignored Ye Feng at all, because in the eyes of the red-skirted woman and this bull-headed demon, Ye Feng, a small new guard, was just a lamb to be slaughtered and had no right to speak at all.
