Chapter 561 Secret Mission

A quarter of an hour later, Ye Feng saw Gai Wuya in the central meeting hall of his pavilion.

Gai Wuya is the first genius of Changsheng Villa and lives in the first castle in the air. He has a noble status and extraordinary temperament.

His body is not tall, but his shoulders are very broad, like two big mountains, giving people a majestic and boundless feeling.

Ye Fengzhen killed Beiming Haotian and became a celebrity in Changsheng Villa. No one dared to look down upon him.

Even Gai Wuya didn't dare to underestimate Ye Feng, even though Ye Feng was only at the fourth spiritual level of the Wanxiang Realm.

When Gai Wuya saw Ye Feng coming, he immediately laughed and said: "I finally met the legendary Brother Yu. Brother Yu's battle with Beiming Haotian that day made Brother Yu famous in the entire Changsheng Mansion. Unfortunately, Brother Yu Brother immediately announced his retreat, and many people were unable to see Brother Yu."

Nowadays, Ye Feng naturally uses the identity of Yu Haoxuan, the young prince of the Ziyang Marquis Mansion. No one except You Lian knows his true identity.

Ye Feng also smiled at this time and said: "Brother Gai is the number one genius of our Changsheng Villa. He is a powerful being in the second level of the Divine Aperture Realm. He has a powerful inheritance. He possesses a rune sword forged by an ancient alchemist. Its combat power is terrifying. You He is the real celebrity in Changsheng Mansion."

Although Ye Feng was in seclusion during this period, Bai Yu often came to visit and told him a lot of news from the outside, as well as some brief introductions to the other eight people among the Nine, such as inheritance methods, strength and cultivation, etc.

Seeing Ye Feng telling his family treasures about his inheritance and practice, Gai Wuya immediately showed a hint of solemnity in his eyes.

Obviously he knew that the young-looking prodigy in front of him was not an arrogant person like Beiming Haotian, but a thoughtful person with some wealth.

As soon as he thought about it, Gai Wuya didn't hide anything and said directly: "Brother Yu, I'm here this time to find you and invite you to participate in a secret mission."

"Secret mission?"

Ye Feng's eyes moved and he immediately said: "Is it related to Changsheng Mansion?"

Gai Wuya shook his head, first looked around to make sure he was not eavesdropping, and then he whispered very solemnly: "It has something to do with the royal family of my Lihuo Empire. In seven days, I, the Princess of the Lihuo Empire, will represent the entire The royal family went to the Wilderness Barbarian Tribe Alliance for a secret peace negotiation."

Ye Feng's eyes were startled and he said: "Your Highness the Princess is out? Are you going to enter the territory of the Barbarian Tribe Alliance?"

You must know that in the vast land of Northern Xinjiang, the dominant force of the human race is the behemoth Lihuo Empire. In addition, the vast land is controlled by ferocious barbarian tribes.

Therefore, it is definitely very dangerous to enter the territory of the barbarian tribal alliance rashly. If you are not careful, you will be killed by countless barbarian tribes.

The strong ones surrounded and killed them.

Gai Wuya was also a little confused and said: "It seems that they want to talk about some confidential matters. This is not something we can understand. I only know that the royal family attaches great importance to this matter, and the most important thing is that I will definitely be there when the time comes. The competition between the young geniuses from the major tribes of the Lihuo Empire and the Barbarian Tribe is to show the glory of the two behemoths. Therefore, Her Royal Highness the Princess is forming a team of young geniuses with strong combat power, and will follow her into the Great Wilderness Tribe Alliance. "

Ye Feng stared at Gai Wuya and said, "Does the prince know about this?"

Gai Wuya nodded and said: "The prince is so high up there that he is the number one person in our Lihuo Empire after His Majesty the Great Emperor Lihuo. Naturally, nothing can escape his eyes."

Ye Feng couldn't help but nodded when he heard this.

The Immortal King did not intervene. It seemed that the danger of entering the wilderness tribe this time would not be too great.

If there was a huge crisis, the King of Immortality would not be able to let his carefully cultivated top genius die rashly.

When Gai Wuya saw Ye Feng nodding, he immediately became overjoyed and said, "Brother Yu, you agree? Great! This time, as long as we can defeat the young masters of the barbarians, we will be rewarded by the royal family." , there will definitely be generous rewards at that time."

Ye Feng smiled and said: "Brother Gai will trouble you to remind me after seven days, lest I forget it during my retreat."

When cultivating in seclusion, a warrior's mind is empty. No information from the outside world can interfere with it, and it is easy to forget some important things.

Gai Wuya also understood, and immediately smiled and promised: "Brother Yu, don't worry, the top six geniuses among our nine will go together this time, and we will not forget you when the time comes."

After saying that, Gai Wuya exchanged a few pleasantries again and left.

Ye Feng knew that Gai Wuya probably received a direct order from the royal family to persuade them, the top geniuses of Changsheng Villa, to participate in this secret trip.

"This should be a show of force between the two overlord forces and a competition between young masters, but why did Her Royal Highness choose to go there in person? This kind of thing is usually done by princes like the King of Immortality."

Ye Feng was thinking secretly in his heart, but he stopped thinking if he couldn't figure it out.

The most important thing now is to consider how to break through the Vientiane Realm and enter the Divine Aperture Realm.

There are hundreds of orifices in the human body.

Every time a warrior opens ten orifices, it means entering the realm of divine orifices

The first level of heaven.

Therefore, if Ye Feng wants to step into the Divine Aperture Realm now, he must open the ten major acupoints in his body at the same time to achieve the first level of the Divine Aperture Realm.

But Ye Feng practices the Divine Art of Creation, and every breakthrough requires vast energy to pile up the impact.

Ye Feng initially estimated that the energy he needed to open a human acupuncture point might be a hundred times that of a normal warrior!

But once it is successfully activated, Ye Feng's combat power will be countless times more powerful than a normal warrior at the same level.

This is the characteristic of the Divine Art of Creation.

Use the strongest energy to build the strongest foundation of martial arts!

"This time I went to the Wilderness Tribe Alliance. I always felt that it was not that simple. Her Royal Highness went there in person. There must be other hidden secrets, but they are not accessible to little people like me."

Ye Feng was thinking in the pavilion.

This time, all the top young geniuses are going there, and the masters among the barbarians must also be very powerful.

After all, it is about the face of the two overlords. Both sides will definitely send the most powerful, amazing and talented masters.

Therefore, before Ye Feng goes to the Great Wilderness Tribe Alliance, he must upgrade his martial arts cultivation to the Divine Aperture Realm to be able to compete with those masters.

Because even if something unexpected happens, I still have the ability to protect myself.

Only when a warrior enters the Divine Aperture Realm can he truly be considered a first-rate master on this land.

You Lian came over at this time. The soul girl was a little worried and said: "Ye Feng, you can choose not to go. There are too many dangers in the wilderness, let alone entering those ferocious barbarian tribes. I heard that many powerful men from the barbarian tribe like to refine you young geniuses of the human race into evil barbarian corpses."

When Ye Feng heard what You Lian said, he couldn't help but smile and said: "Of course I have my reasons for going, and there are still a few days left, I will find a way to ascend to the divine orifice realm, as long as I can step into the divine orifice. Even a super strong person in the Cave Heaven Realm can't do anything to me unless a being at the level of the Martial Arts Saint Realm takes action, but those beings have ancient covenants between the major overlord forces and cannot take action easily."

Originally, Ye Feng was also thinking that he might as well not take this risk. After all, now he only needed to find the cross-domain teleportation array in the imperial city with peace of mind.

But Shang, the old demon dragon, told Ye Feng that there was an ancient Barbarian God Tower deep in the Barbarian Tribe Alliance.

The Barbarian God Tower is a mysterious giant tower that has been passed down from ancient times.

In the wilderness, many powerful barbarian tribes regard the Barbarian God Tower as their

Believe in and worship like a god.

The most important thing is that the Barbarian God Tower hides countless ancient barbarian treasures and cultivation resources.

When Ye Feng heard the news, his heart immediately became hot.

What I lack most now is the accumulation of cultivation resources.

When Ye Feng was conducting the trial mission of Poseidon Academy before, he had seen saint-level figures from the major overlord forces in the Southern Territory.

For example, Murong Yunyin, the saint-level senior sister, and the Evil Sword Master who was forcibly wiped out by him, etc.

These powerful geniuses on the Southern Realm True Dragon List are all extremely powerful, with the lowest being at the Divine Aperture Realm level.

Now I am far behind them. Although I have caught up a little bit, there is still a big gap. My cultivation level is really too weak.

Last time, Ye Feng took advantage of the power of Thunder Tribulation, risked death, and almost died together with Mr. Evil Sword.

But Ye Feng doesn't believe that he will be so lucky every time and survive a disaster.

The suffocating feeling of being on the verge of death was so depressing that Ye Feng didn't want to feel it anymore.

Therefore, Ye Feng thought in his mind that before returning to the Southern Territory, he naturally wanted to become stronger.

At the very least, he must break through to the first level of the Divine Aperture Realm!

In this case, when I return to Poseidon Academy, I will be more confident.

Moreover, Feng Jiu had said before that Ji Changkong, the young dragon master of the Dragon Palace, seemed to have some plans for Mu Xue, which was something Ye Feng decided not to allow.

However, Ye Feng also understood how huge Dragon Palace was, almost a race at the level of overlord in the Southern Territory.

In front of Dragon Palace, he, a little human boy, is nothing more than an ant.

To protect Nangong Muxue, Ye Feng naturally needs unparalleled strength. He naturally has huge pressure from Dragon Palace, a super sea race.

In addition, Master Bai Yuchen's expectations for him also make Ye Feng full of motivation.

After all, the great enemies and enemies of their master and disciple were Jin Shengxiao and Luo Qingcheng, the first ruling dynasty in the Southern Region, the emperor and queen of the Holy Ancestor Dynasty!

...

"We must enter the Immortal Pond!"

In the fifth pavilion, Ye Feng returned to his small room.

He decided that he would find a way to enter the Changsheng Pond in the Changsheng Mansion.

Now, only by entering the Eternal Life Pond and frantically absorbing the huge energy contained in the Eternal Life Pond can I reach the Divine Aperture Realm in just a few days!

Chapter 562 House

Night falls.

Uh-huh!

Ye Feng, wearing a close-fitting night suit, sprang out of the fifth pavilion like a swift cheetah.

In the dark night, Ye Feng exuded soul power, and the soul light in his eyes surged. Even in the darkness, his vision was extremely clear.

The place he wants to go tonight is naturally the area where the Changsheng Pond is located.

There were only three days left before the secret mission set off, and Ye Feng couldn't wait any longer.

He took the risk to go alone tonight to explore the area of the Eternal Life Pond, naturally in order to enter the Eternal Life Pond and swallow its power.

Because this is Ye Feng's only way to enter the divine orifice realm now.

Ye Feng chose midnight, a time when heaven and earth were silent. At this time, the guard in the entire Changsheng Mansion was the most relaxed.

Soon, Ye Feng walked out of the Changsheng Villa. He saw Jianyi, dressed in white, sitting on a stone pillar at the entrance of the Villa, seemingly keeping vigil.

Ye Feng held his breath and relied on his powerful soul power to seal off his five senses, successfully evading Jian Yi's detection.

Because after the young prodigy enters the Changsheng Villa, he is not allowed to leave until he has cultivated to a stage that satisfies the King of Changsheng.

Ye Feng left Changsheng Villa at this time and flew quickly in a certain direction.

Relying on his powerful soul power and perception, Ye Feng was really like a ghost, wandering in the darkness, and no one could find him at all.

Even high-level masters in the Divine Aperture Realm are unable to detect Ye Feng's aura.

Half an hour later, Ye Feng traveled through most of the Changsheng Mansion and finally came to the door of an old house.

"Fortunately, King Changsheng has something to do in the past few days and has gone to the palace and is not in the Changsheng Mansion. Otherwise, I would not be able to hide from the eyes of this martial arts saint."

Ye Feng murmured, with a hint of luck in his tone.

Warriors at the holy realm of martial arts are extremely powerful, both physically and spiritually.

Holy Realm Holy Realm is naturally otherworldly and a saint in the eyes of mortals.

Such a being has a clear mind, a unified spirit, and a soul that reaches the sky. It is very terrifying.

No matter how deep Ye Feng hides in the dark night, he will be seen through by a strong man in the Holy Realm at a glance.

At this time, Ye Feng stared at the ancient mansion in front of him and walked in directly.

In the past few days, Ye Feng visited many old disciples in the Eternal Life Villa and discussed martial arts practice with them. In fact, he was just listening to the location of the Eternal Life Pond.

Many of these old disciples entered Changsheng Villa more than half a year ago.

At that time, the Eternal Life Pond had not been polluted by the source of the blood demon, and these old disciples had the opportunity to go to the Eternal Life Pond for baptism.

Therefore, Ye Feng got a lot of information about the location of the Eternal Life Pond from the mouths of these old disciples.

At this time, according to the information he had gathered in the past few days, he finally arrived at a large mansion.

Ye Feng walked in the house. The air was extremely cold and the surrounding light was very dark. It seemed that even the moonlight could not enter the house. There was a strange and eerie feeling.

"According to what those old disciples said, the Changsheng Pond is deep inside the house. Why does it feel like no one is guarding it?"

Ye Feng's perception was emitted at this time, and he did not feel any life fluctuations.

In other words, there are no guards at all.

It stands to reason that the Eternal Life Pond was blocked after being contaminated by the source of the Blood Demon. There should be many experts from the Eternal Life Palace guarding it.

"Uh-huh!"

Suddenly at this moment, a strange red figure suddenly floated past behind Ye Feng and disappeared in a flash.

"what?"

Ye Feng's eyes changed instantly, and he felt it all over his body

There was a strange chill.

But when he looked behind him, all he found was the quiet and dim mansion, and the coldness in the air seemed to become even more chilly.

call!

It seemed like a gust of cold wind was blowing, especially a red figure floating and flashing past.

This time Ye Feng saw it clearly. It was a woman in a red dress, with long hair, a pale face, and no eyes. The eye area seemed to have been gouged out, leaving only two dark holes.

This scene was so weird that Ye Feng felt a little chilled all over.

There seemed to be something strange living in this dark mansion. No wonder no guards from the Changsheng Mansion appeared at night.

However, Ye Feng has experienced strong winds and waves since he started practicing. He is an expert and bold person. He directly stared at the eyeless woman in red and said, "Who are you?"

"Jie Jie Jie."

The woman in red actually let out a strange and sinister laugh. In a few flashes, she suddenly arrived in front of Ye Feng, stretched out two pale palms, her nails were sharp and long like swords, and she was about to pierce her. In Ye Feng's head.

"The Divine Eye of Creation!"

But at this moment, Ye Feng suddenly shouted loudly.

Two rays of golden light suddenly flashed out of his eyes.

It is the golden pupil that is the fusion of the Tyrannosaurus pupil and the divine pupil of creation!

Possessing the mysterious ability to resist evil spirits and pierce illusions!

"ah!!"

Almost at that moment, the eyeless woman in red was illuminated by Ye Feng's golden pupils. She immediately let out a shrill howl, and her whole body turned into flying smoke.

"It should be the source of the blood demon in the contaminated Immortality Pond. The evil thoughts derived from it come out to do evil at night and can confuse and harm the human spirit."

At this moment, Shang suddenly spoke up in his mind,

"Ye Feng, just open your golden eyes and rush directly into the Immortality Pond. It is estimated that there are no experts from the Immortality Mansion to guard this place, because no one dares to enter it in the middle of the night."

"Jie Jie Jie."

"Jiejiejie..."

At this time, deep in the house, bursts of weird laughter came from the darkness.

Ye Feng didn't have time to waste here now, he just listened to Shang's opinion directly.

"boom!"

Ye Feng circulated his soul power, and the pupils of his eyes suddenly turned into golden pupils.

Two golden beams shot out from Ye Feng's eyes, illuminating the surrounding darkness.

Any evil thoughts that hit this vast and masculine golden beam would scream and turn into flying smoke all over the sky.

Uh-huh!

At this moment, Ye Feng strode towards the depths of the house. His momentum was like a rainbow, his blood was like a dragon, and his eyes were like the blazing sun. No monsters or monsters dared to get close to him.

"Wow, wow, wow..."

Soon Ye Feng heard the sound of surging waves.

His eyes were filled with joy, that must be the place of Changsheng Pond.

"boom!"

At this time, Ye Feng punched the big iron gate in front of him into pieces, and then he immediately saw a long river sealed high in the sky deep in the house.

That is the Changsheng Pond!

However, the Eternal Life Pond was now polluted by the source of the Blood Demon, and the color it appeared was that of a river of blood, which seemed to be full of evil aura.

If an ordinary warrior is tainted with a trace of the breath of this blood demon source, he may be infected and become a demon in an instant, lose his mind, become possessed, and explode to death.

But Ye Feng was not afraid at all. He released the devouring domain, and countless dark devouring whirlpools surrounded him, making Ye Feng like a dark monarch at the moment. He flew directly towards the Eternal Life Pond.

Chapter 563 Harvest

Buzz!

The moment Ye Feng flew above the blood-red Immortality Pond.

He completely released the Devouring Domain in an instant.

"boom!"

More than two thousand dark and deep swallowing whirlpools enveloped the entire Eternal Life Pond in an instant.

Almost at this moment, huge amounts of energy were absorbed by the Devouring Domain and then injected into Ye Feng's body.

Ye Feng immediately felt an extremely abundant energy, frantically pouring into his Dantian.

"The Divine Secret of Creation!"

Ye Feng's own most essential inherited technique began to guide the huge energy towards the first acupuncture point in his body.

If you want to step into the first level of the Divine Aperture Realm, you must open at least ten acupoints before you can truly enter the Divine Aperture Realm.

The divine orifice realm is a very magical realm. Warriors in the divine orifice realm can initially begin the reorganization of flesh and blood. The human body contains hundreds of orifices, and all orifices are connected to the spirit. Each orifice is like a small world, containing the majestic life essence. Ocean of air and mana.

Therefore, every time a Divine Aperture Realm warrior opens an acupoint, his combat power will increase dramatically.

At this moment, Ye Feng frantically plundered the huge energy obtained from the Changsheng Pond to fill and activate his own acupoints.

On the other side, Ye Feng was also guiding the special life energy in the Immortality Pond to pour it all into the Immortality Tree seedling planted in his body.

"Crunch, crunch..."

Visible to the naked eye, the longevity tree saplings were originally more than one meter tall, but now they have begun to grow rapidly after absorbing that special source of life energy.

Originally, it was very difficult for the saplings of the Immortal Tree, this ancient and strange tree, to grow. It could be said to be as difficult as climbing to the sky.

But you must know that this Immortal Pond was originally a pool of water cast by Emperor Lihuo from a mature Immortal Tree.

Therefore, this kind of life energy is a great supplement to the longevity tree seedlings.

As for the blood demon energy in the Immortal Pond at this time, it could not invade Ye Feng's consciousness at all.

Not to mention that Ye Feng's brain and spirit are protected by a golden elixir.

Even the Devouring Domain can instantly disintegrate the evil blood demon energy.

"Hahaha, these blood demon energy and life energy are great things."

Shang's huge thousand-foot-long dragon body suddenly rushed out from Ye Feng's eyebrows and rushed directly into the Immortality Pond.

Although the Changsheng Pond is said to be a pond, it is actually more like a river, extremely vast.

At this time, Shang was also devouring the blood demon's energy and life force, and its soul was recovering rapidly.

For three whole days, Ye Feng stayed in the Changsheng Pond.

During the day, he lurked under the water of the Changsheng Pond, silently absorbing energy.

The guards of the Changsheng Mansion who came during the day did not dare to approach the contaminated Changsheng Pond. After all, everyone was afraid of being infected and becoming a blood demon, which would be more of a loss than a gain.

So these Changsheng Mansion guards didn't even dare to get close, let alone find Ye Feng.

At night, there are various demonic thoughts derived from the source of the blood demon. They are strange and terrifying, like undead spirits, wandering in the buildings of the entire mansion. Naturally, no one dares to come here.

This entire house is simply like a forbidden place of death.

Therefore, Ye Feng was very safe in it. Even in the end, Ye Feng no longer hid under the water during the day, and simply floated directly on the top of the Changsheng Pond, devouring it to his heart's content.

The energy in the entire immortality pool was so majestic, so for three days and three nights, Ye Feng's ten acupoints began to shine brightly.

Every acupoint is filled with monstrous mana and divine light, surging with a destructive aura.

"First level of Divine Aperture Realm!"

Ye Feng opened his eyes, and his eyes were filled with a vast, boundless, majestic, and destructive aura of power.

But at this time, Ye Feng looked down, his eyes immediately filled with astonishment.

Because he discovered that the entire Eternal Life Pond was actually exhausted.

The blood-colored pool water has dried up, leaving only the dried-up river bed and stones, weeds, etc. at the bottom of the river.

"We've gotten into big trouble."

Ye Feng suddenly felt a little dizzy.

The Immortality Pond has dried up, which is a big deal.

"Hey, anyway, the Eternal Life Pond is polluted by the blood demon's energy, and no one else can use it. I'll just devour it all. It can't be wasted."

Ye Feng thought in his heart, and suddenly thought about it again.

At this point he began to investigate his harvest.

In addition to opening up the ten major acupoints on his own, he entered the first level of the Divine Aperture Realm.

The longevity tree inside the body has grown from a height of one meter to more than ten meters.

The more than ten meters tall longevity tree is deeply rooted in the martial arts foundation of Ye Feng's body, providing Ye Feng's whole body with a steady stream of surging life energy. It has a magical effect and can instantly restore Ye Feng's health. Some minor injuries.

Therefore, Ye Feng has always attached great importance to the cultivation of longevity trees.

This time the Immortal Tree grew a lot, and Ye Feng immediately felt that his entire body became lighter, as if he was about to become an immortal.

"I wonder if when the Immortality Tree grows to a certain level, will I be able to live forever with the help of the Immortality Tree planted in my body?"

Ye Feng thought secretly in his heart, his eyes were very bright.

At this time, Shang was also full of energy and had obviously returned to his peak state. He turned into a black light and returned to the spiritual sea between Ye Feng's eyebrows.

Another night.

leaf

Feng secretly returned to the original road, left the house, and returned to Changsheng Villa.

He returned to the fifth castle in the air. You Lian did not ask Ye Feng where he had been these past few days, because she knew that Ye Feng had always been mysterious.

"You...you have entered the first level of the Divine Aperture Realm?"

However, the martial arts aura on Ye Feng still shocked You Lian to the extreme.

In just three days, Ye Feng broke through from the fourth spiritual realm of the Vientiane Realm to the first level of the Divine Aperture Realm?

This is really too fast!

It made You Lian feel unreal.

In addition, Youlian could feel that the aura on Ye Feng's body was very majestic and vast, as if it had come from the dust of history, giving people a sense of oppression like an ancient beast.

This shows that the ten major acupoints opened by Ye Feng have stored energy to an extreme level and are very powerful. They are not forcibly raised to a higher level by taking some taboo pills.

"I really doubt whether you are the descendant of the legendary god..."

You Lian murmured. She came from the ancient soul clan and was very knowledgeable. She had seen countless geniuses, but they all overshadowed Ye Feng.

The next day, Gai Wuya arrived at the fifth pavilion early and said with a big smile: "Brother Yu, today is the day to set off. Let's go to the palace first. Her Highness the Princess should be waiting for us."

Squeak!

Ye Feng opened the door and saw that besides Gai Wuya, there were four other young prodigies below, both male and female. They were all standing next to Gai Wuya. The martial arts aura on their bodies was that of the Divine Aperture Realm. .

Obviously these four young geniuses are also powerful beings among the Nine.

This time, like themselves, they all want to follow Her Royal Highness the Princess of the Lihuo Empire and enter the Great Wilderness Barbarian Tribe Alliance.

"Well, let's go."

Ye Feng was dressed in black, with a deep and unpredictable aura. He jumped from the castle in the air and joined Gai Wuya's team.

Chapter 564 Princess Lihuo

On the way, Gai Wuya introduced to Ye Feng.

The other four people were three men and one woman.

Gai Wuya pointed at a stern man in yellow clothes and said, "This is Shen Cangsheng. Brother Shen has practiced the Heavenly Slaughter Sword and has very terrifying killing power."

After he finished speaking, he looked at the two men beside Shen Cangsheng. They were both handsome and powerful, and said, "These two men are called Gu Sen and Zhao Yutang, and they are both one of the Nine."

Having said this, Gai Wuya looked at the last woman and the only woman on the field, and said with a smile: "This is Hua Qianyue, a princess from the Kingdom of Ten Thousand Flowers, who practices the Three Flowers Magic Art. The three flowers gathered at the top, like a saint descending, no matter how beautiful the person is, they are also very powerful. "

Hua Qianyue has a graceful figure, wearing a pink dress, and her skin is crystal clear, giving people a very dreamlike beauty.

Ye Feng clasped his fists one by one. After everyone exchanged greetings, they all fell silent.

Including Ye Feng, a total of six of the top young geniuses of Changsheng Villa came to the outside of Changsheng Mansion, rode on the Great Wilderness Demon Blood BMW that had been prepared long ago, and instantly turned into six rainbows and flew towards the distance.

In the imperial city, the speed of the six people was extremely fast, and countless people on the streets were shocked.

Only people from the Changsheng Mansion dare to be so unscrupulous in the imperial city.

Many young people stared at Ye Feng and the other six with admiration and awe in their eyes.

With this special thousand-mile horse containing the blood of the Great Wilderness, six people had arrived outside the palace in less than half a day.

The imperial palace of the Lihuo Empire was built with incomparable grandeur. There were huge buildings and palaces everywhere, all resplendent. There were even floating islands floating high in the sky, with groups of iron-blooded soldiers wearing black armor standing on them. , the murderous aura is cold and intimidating.

"We are here to find Her Royal Highness the Princess. We are all top geniuses in the Changsheng Mansion."

At this time, Gai Wuya took out a golden dragon-shaped token from his arms and showed it to the guards outside the palace.

"It turns out they are the adults of Changsheng Mansion. Please come in. Her Royal Highness the Princess has already ordered you to come over. She has been waiting for you for a long time."

The tall attendant outside the palace

Wei suddenly became extremely respectful and spoke quickly.

"Lead the way."

Gai Wuya immediately nodded coldly, looking like a big shot.

Obviously, the reputation of Changsheng Mansion is too loud.

It is naturally very difficult to become the top genius in the Changsheng Mansion.

So at this time, the eyes of many royal guards looking at Ye Feng, Gai Wuya and the other six people were filled with a kind of vague awe.

They know that when these young people grow up, they will definitely become famous giants.

Following the palace guard, several people passed through the vast palace land and arrived at a royal courtyard deep inside.

At this time, a woman wearing a dragon-patterned robe, with a heroic appearance and a beautiful face, was standing in the royal courtyard.

This person is none other than Emperor Lihuo's favorite daughter, Princess Lihuo!

Princess Lihuo looked at the people who had arrived, her red phoenix eyes immediately showed joy, and she quickly stepped forward and said: "You guys have finally arrived. I have been waiting for you for a long time."

Princess Lihuo's posture was very low, which made Gai Wuya, Shen Cangsheng and other young geniuses develop a good impression of Princess Lihuo in an instant.

Even Ye Feng glanced at Princess Lihuo in surprise.

Although they are the top geniuses in the Changsheng Mansion, Princess Lihuo is the most beloved princess of Emperor Lihuo. She even gave her name to this princess, which shows how noble Princess Lihuo is.

Her Royal Highness the Princess didn't need to keep such a low profile in front of a few people.

But Princess Lihuo did this, and the effect was very good. She immediately captured the favor and loyalty of several young people.

Ye Feng remained silent. He saw that Princess Lihuo was wearing a dragon-patterned robe and was dressed as a warrior. Although she was extremely beautiful, her brows were full of heroic appearance.

This person is absolutely nothing

Princess Silly Baitian is a royal princess with a broad mind and a deep palace, with a big heart that is exclusive to the royal family.

"Now that everyone is here, let's set off directly. This time we are traveling in secret, so we can't mobilize a large number of troops, so we have to give in to a few people and let's go directly on horseback."

The heroic Princess Lihuo apologized and hugged several people.

"Your Highness, you are serious. We martial arts practitioners don't like to mobilize troops and mobilize people. Riding horses and galloping in the wilderness can deepen our understanding of heaven and earth, and it is also of great use in practice."

At this time, Gai Wuya quickly said in a flattering voice, the number one genius of Changsheng Villa is obviously not only powerful in cultivation, but also very smooth in life. He has an unabashed flattery for Princess Lihuo and obviously wants to hug her. Live in the lap of the royal family.

After all, King Changsheng is just a prince after all, while Princess Lihuo is the true royal heir and the most beloved daughter of Emperor Lihuo. ??

And there are rumors that although this Princess Lihuo is a girl, she has great ambitions. She has felt that women are not weaker than men since she was a child, and she once made a grand ambition to become the first female emperor of the Lihuo Empire.

Therefore, at this time, Gai Wuya, including Shen Cangsheng, Hua Qianyue, Gu Sen, Zhao Yutang and several Changsheng Mansion geniuses, all had faces with respect and awe.

Only Ye Feng stood in the crowd, his expression did not change, he just remained silent and very inconspicuous.

Ye Feng is not interested in these things, because he can't stay in this northern land for long.

Soon he would be returning to the Southern Region Poseidon Academy, and it seemed pointless to have a good relationship with Princess Lihuo now.

Ye Feng was not interested in these things, and Princess Lihuo didn't pay much attention to Ye Feng, a young talent. She just said hello and meant it.

Princess Lihuo's main focus is still on Gai Wuya, Shen Cangsheng and Hua Qianyue, the three top geniuses in the Changsheng Mansion.

As for Gu Sen, Ye Feng and Zhao Yutang, the three lower ranked ones, she was not very enthusiastic.

"Your Highness, the Chollima is ready. We can set off directly."

At this time, an old man wearing a black robe came out.

The aura of this black-robed old man was as huge as the vast sea, giving people an epic and heavy feeling.

"A super strong man at the holy level of martial arts!"

At this time, the moment the old man in black robe appeared, Gai Wuya, Ye Feng and others' eyes were shocked.

They felt the vast and vast aura, and immediately understood that this black-robed old man was an extremely terrifying taboo powerhouse.

"The foundation of the royal family is indeed too strong."

Several people looked at each other and saw the horror in each other's eyes.

Princess Lihuo smiled at this time and said: "This is Mr. Huo, the guest elder of our Lihuo Empire royal family, and a top expert at the martial arts holy realm. This time when we go to the depths of the Great Wilderness Barbarian Tribe Alliance, it must be There is danger, so my father arranged for me to go together, so we don't have to worry about safety. "

Princess Lihuo said with a smile at this time, with a royal pride in her tone.

"With Senior Huo going with us, we can feel relieved."

Gai Wuya and others immediately shouted with joy.

This time, what they were most worried about was safety. After all, they were going to the tribal alliance of the wild barbarians.

It was deep in the wilderness and very dangerous.

But now that there is an unfathomable martial arts saint-level Huo Lao following him, there is nothing to worry about.

Saint realm powerhouses, no matter where they are in Longyuan Continent, even in the most prosperous land of Zhongzhou, they belong to the top powerhouses.

Even the hegemonic forces are unwilling to provoke a strong man in the holy realm unless they have to, because a strong man in the holy realm has heaven-reaching cultivation, and his every move can move mountains, fill seas, and roar mountains and rivers into pieces. The destructive power is too terrifying.

The Holy Realm, transcending the ordinary to become a saint, and cultivating to reach the heavens, represents a huge deterrent!

Chapter 565: Enlightenment

The wilderness area is vast and vast, surrounded by towering ancient trees and a blue sky.

However, the blazing sun hanging thousands of feet high in the sky shone down with extremely blazing light, turning the entire world into a big furnace.

"The sun in the wilderness is poisonous."

Among the group of people, Gai Wuya couldn't help but smile bitterly at this moment and said: "If we are not warriors in the divine orifice realm, we can open up the power of acupoints, connect all the orifices to the gods, and let the divine power flow through the skin at all times to resist this fiery sun. I'm afraid If we walk in this wilderness for half a day, we will be roasted alive."

"Yeah, I feel like all the moisture in my body is being dried out."

Shen Cangsheng also muttered something. He was holding a long knife that exuded the aura of massacre in his arms, and he looked a little depressed.

The other people were naturally burned to death by the scorching sun.

Only Princess Lihuo, Hua Qianyue and Ye Feng remained calm on the field. .??.

Princess Lihuo has inherited the Lihuo bloodline of Emperor Lihuo. She is a special human race with fire attributes, so she is naturally not afraid of the poisonous light of the sun.

Hua Qianyue came from the Kingdom of Ten Thousand Flowers and practiced the Three Flowers Magic Art. At this time, there were three delicate flowers suspended on her Tianling Cap. They were three flowers gathered at the top, and the sun's rays could not harm them.

As for Ye Feng, his powerful fighting body has long since made his flesh and blood like iron, his skin like steel, and his blood like mercury. The poisonous rays of the sun cannot harm him at all.

Ye Feng was very leisurely. He didn't even need to use his power to bathe in the poisonous light of the sun.

"The sun is the most magnificent ball of flame and light in the world. My Burning Sky Palm lacks the secret of the main body. If I can integrate the true fire secret of the sun into the Burning Sky Palm, maybe my Burning Sky Palm will be able to erupt even more powerfully next time. The power of terror and grandeur."

At this time, Ye Feng looked up at the sky, feeling the terrifying power of the sun.

In the wilderness, in such a quiet environment, you can get closer to the sun and better understand the most magnificent flame ball in the world.

At this moment, pieces of golden sunlight shone down and enveloped Ye Feng's body, almost turning Ye Feng into a golden young god.

"Buzz!"

The Five Elements Holy Technique also started to operate automatically at this time, and the fire-attribute mysteries began to emit. A fire-attribute halo condensed around Ye Feng, and began to absorb the light of the sun's flames.

At this moment, Ye Feng had a deeper understanding of flames.

Fire brings not only burning, destruction and disaster.

The real fire spreads from the sun to the entire heaven and earth, representing that there is still vigorous vitality.

Fire gives life and energy to all things, represents civilization, drives away darkness and cold, and drives away barbarism and wild beasts.

Ye Feng at this moment, right

Yu Huo's understanding suddenly reached an unknown level.

"What is he doing?"

At this time, everyone's eyes suddenly focused on Ye Feng.

Seeing Ye Feng with his eyes closed and his whole body bathed in golden sunlight and flames, his eyes were full of surprise.

"This is....."

Even Princess Lihuo stared at Ye Feng with her beautiful eyes slightly startled.

"He seemed to be in a state of epiphany, he was enlightening."

Huo Lao, a super being at the martial arts holy realm, descended from the sky at this time.

Even this old senior stared at Ye Feng with surprised eyes.

What Huo Lao cultivates is also an unparalleled inheritance of the fire attribute.

He has now reached the holy realm of martial arts and has an extremely deep understanding of fire.

But now, Huo Lao feels a different kind of fire attribute secret from Ye Feng, a young man in the divine orifice realm.

That kind of fire-attribute secret was something that even Huo Lao had never comprehended before. It was filled with a vast, majestic, and epic sense of vastness.

At this moment, in Huo Lao's eyes, Ye Feng seemed to have turned into a small human-shaped sun, giving people a majestic and majestic feeling.

"How can it be....."

Huo Lao's normally calm old eyes couldn't help but reveal a look of horror at this moment, saying: "This man seems to be comprehending a magnificent avenue of fire that I can't even glimpse. There is a secret... A magnificent and epic moral feeling."

"What?!"

Huo Lao's evaluation of Ye Feng shocked everyone on the field.

Even Princess Lihuo suddenly changed her beauty, and her beautiful eyes were immediately fixed on the figure of Ye Feng.

This low-ranking genius from the Changsheng Mansion, whom she had not paid much attention to, actually received praise from Mr. Huo.

No!

Huo Lao's tone was not a compliment, but a kind of heartfelt admiration!

It can make even a super being in the martial arts holy realm exclaim in admiration.

What kind of evil talent is this?

Princess Lihuo's eyes suddenly became extremely hot when she looked at Ye Feng.

As for Shen Cangsheng, Hua Qianyue, Gu Sen, and Zhao Yutang, their eyes showed shock, and then awe.

Of course, there was one person with a very ugly face, and that was Gai Wuya, the first genius of the Changsheng Mansion.

He originally thought he was the most dazzling

It is not impossible that the existence of eyes can be appreciated by Princess Lihuo, and even become the consort of Lihuo Empire in the future.

But now Gai Wuya felt a strong sense of crisis from Ye Feng.

He originally treated Ye Feng like a spring breeze and regarded him as his friend because he was stronger than Ye Feng.

But now that Ye Feng showed such an amazing talent, Gai Wuya's heart suddenly became gloomy.

Now Ye Feng is no longer a friend in Gai Wuya's eyes, but a competitor and an enemy!

Especially when she saw Princess Lihuo staring at Ye Feng, her beautiful eyes were full of surprise and admiration.

This made Gai Wuya's eyes suddenly reveal an extremely gloomy look.

"If I had known better, I wouldn't have invited him to participate in this secret mission."

At this time, Gai Wuya saw the flame halo condensed by the power of the five elements on Ye Feng.

His eyes suddenly moved: "Is it because he robbed Beiming Haotian's Five Elements inheritance that he has such heaven-defying qualifications? That must be the case! Then if I robbed it, I could become such a monster!"

At this moment, the emotions in Gai Wuya's heart changed from gloomy to sinister, and finally turned into a deep murderous intention.

It's true that people's hearts are fickle!

Maybe because of some interest issues, your original friend may stab you in the back the next moment.

At this moment, Ye Feng was unaware of the thoughts of the people around him.

He is currently bathing in the infinite light of the sun, and is rapidly strengthening his understanding of the martial arts of Burning Heaven Palm, as well as supplementing the mystical power of the fire attribute in his Five Elements Holy Technique.

"Crack!"

"Crack!"

Along with two crisp sounds, two dim acupoints in Ye Feng's body were suddenly opened, emitting a dazzling divine light.

"I didn't expect that after basking in the sun and absorbing the sun's rays, I would open up two more acupoints. Now there are twelve acupoints in total!"

Ye Feng was slightly happy, this was a huge gain.

Because he knew very well how difficult it was to open the acupoints by himself.

A few days ago, Ye Feng opened up ten acupoints in the entire Changsheng Pond.

But now that he has absorbed the blazing divine light of the sun, heaven and earth, two acupoints have been opened at once.

This shows that the power of heaven and earth is beyond the reach of ordinary people.

However, Ye Feng continues to want to absorb it now, but it is no longer possible.

Because he had entered the state of enlightenment unconsciously just now and was able to absorb some of the sun's energy

The great power contained directly opened two acupoints.

"What happen to you guys?"

At this time, Ye Feng finally noticed the strange looks from the people around him.

"They were shocked by you."

Princess Lihuo smiled at this moment.

She rode close to Ye Feng's side, stretched out a perfect, white jade-like hand, with a sweet smile on her beautiful face, and said: "This time when I enter the Great Wilderness Barbarian Tribe Alliance, I will rely on Yu. Brother, you have made me proud of the Lihuo Empire."

Ye Feng smiled slightly, stretched out his hand and shook Princess Lihuo's little white jade hand, and said: "I am a member of the Changsheng Mansion, and it is my duty to dedicate myself to the Lihuo Empire. This time, I will do my best to face the barbarians of the wilderness. With all your strength."

When Princess Lihuo heard what Ye Feng said, she immediately smiled and said: "Brother Yu, as long as you shine brightly this time, you will definitely be praised by your father. When the time comes, you come to my palace, and I will reward you well." "

Hearing what Princess Lihuo said at this time, several male disciples around him showed deep envy and jealousy.

Especially Gai Wuya, he was so jealous that he almost crushed the reins of the Chollima in his hands, and his face turned livid.

"Haha, this little brother is indeed a very rare genius. He was able to suddenly understand the advanced secrets of fire. That kind of secrets of fire makes me feel a sense of grand epic."

At this time, Huo Lao came over. The Saint Realm expert actually smiled and said to Ye Feng: "In the next journey, I wonder if my little brother is interested in discussing the knowledge of fire with me."

"What?"

At this time, Huo Lao's voice fell, and the people around him were once again shocked.

A transcendent warrior in the Holy Realm of Martial Arts, a transcendent and saintly being, actually wants to argue with Ye Feng, a little martial artist who is only in the first level of the Divine Aperture Realm?

Isn't this too exaggerated?

Simply incredible!

"Senior Huo is willing to discuss Taoism with this guy like me, and junior is naturally willing to do so!"

Ye Feng naturally would not refuse such a great thing.

You must know that this Elder Huo is the supreme guest of the royal family of the Lihuo Empire, a transcendent existence at the level of the Holy Realm.

Discussing Tao with such a powerful person will definitely be of great benefit to your current martial arts practice.

Because this is equivalent to letting Ye Feng suddenly stand on the shoulders of giants to understand and practice.

Princess Lihuo obviously didn't expect that Mr. Huo would attach such importance to Ye Feng.

After all, even she, a princess, has no right to order a guest like Mr. Huo to do anything. Mr. Huo is only responsible for protecting her.

Chapter 566 Playing

During the next few days of travel, Huo Lao and Ye Feng kept discussing the Tao.

Although Huo Lao is a transcendent existence at the holy level.

But Ye Feng suddenly realized the magnificent path of fire of the sun, and he was the son of the God Emperor three thousand years ago.

Therefore, Ye Feng's knowledge is not comparable to that of ordinary young people.

After some discussion, Huo Lao was not only not disappointed, but became more and more shocked by Ye Feng's rich knowledge.

"A learned man from heaven."

This was Huo Lao's evaluation of Ye Feng, which once again shocked everyone around him.

And Ye Feng also admires Huo Lao very much. This Huo Lao is worthy of being a super being at the martial arts holy realm.

Because Ye Feng discovered that not only the Dao of Fire, but also had his own unique insights into the practice of various other Dao.

After all, those who are strong in the Holy Realm of Martial Arts are already extraordinary and transcendent. After entering the Holy Realm, they naturally have a very vast understanding of various ways of cultivation.

Although Ye Feng's cultivation power has not improved during these short days of discussing the Tao, his state of mind and understanding of the Tao practice have improved many times compared to before.

"Here we are!"

Finally, on this day, a group of people came to an area deep in the wilderness with lush vegetation.

On the ground in the distance, there are towering tents, stone houses, many camps, fires, meat drying racks, etc.

This place is already on the edge of the wilderness barbarian tribe.

But this should be a small tribe.

At this time, Princess Lihuo, Ye Feng and a group of people came on horseback. They were all wearing luxurious clothes, with majestic equipment and overwhelming nobility. Naturally, these barbarian natives exclaimed in an instant.

"A powerful enemy invades!"

The barbarian natives screamed in horror.

Uh-huh! Uh-huh! Uh-huh!

At this moment, among the barbarian natives,

, some strong barbarian men actually threw thick iron spears at Ye Feng and others.

Each of these iron spears is as thick as an arm, glowing with a cold metallic luster, and extremely sharp. They are hundreds of times forged and forged, and they are enough to instantly pierce through a large beast the size of a small mountain.

However, these iron spears hit Princess Lihuo and her party.

Princess Lihuo snorted coldly, and a flame fan appeared in her hand, fanning it randomly in front of her.

"boom!"

The endless flames exploded, directly melting those hundred-forged iron spears into drops of molten iron, dripping down to the ground.

Princess Lihuo looked ahead and said with a cold smile: "We came all the way here, is this how you barbarians treat guests?"

"Princess Lihuo, calm down."

Suddenly at this moment, a tall young man wearing an animal skin coat walked out.

Although he looks powerful, he looks like a muscular but simple-minded barbarian.

But at this time, the young man's eyes were full of wisdom. He smiled and said: "The people in these small barbarian tribes are not civilized yet. They are like wild beasts. They have offended Her Royal Highness Princess Lihuo and deserve to die."

boom!

Almost at the moment the young man finished speaking, he stretched out his hands and grabbed the surrounding area.

Swish, swish, swish!

The barbarian natives in this small tribe were immediately attracted to this young man. There were dozens of them, including men, women and children.

"boom!"

But at the next moment, the young man's hands shook violently, and dozens of barbarian natives howled miserably and exploded into pieces.

piece.

"hiss!"

Seeing this shocking and terrifying scene, several young geniuses from the Lihuo Empire had cold eyes.

This barbarian young man is so ruthless!

Princess Lihuo muttered, "Barbarians are barbarians."

At this moment, the young man walked towards a few people and said with a smile: "The leaders of the barbarian kings from all the major tribes of our barbarian tribe have been waiting for Her Royal Highness Princess Lihuo for a long time. Please follow me."

After the young man finished speaking, he blew a whistle into the distance.

Boom!

Boom!

It was accompanied by a huge roar that shook the ground.

A huge creature, with an extremely terrifying visual shock, appeared in front of several people.

It was a wild giant elephant, a prehistoric beast, thousands of meters tall and majestic, walking out of the jungle.

Its hooves were as thick as four heavenly pillars. Every step it took made the earth shake violently. Its long nose seemed to be able to sweep across mountains and rivers and roar to the sky.

At this time, this wild giant elephant walked step by step. The huge and ferocious beast made everyone feel a sense of prehistoric and vast ferocity.

At this time, even Ye Feng felt a heavy and vast aura that suddenly enveloped his whole body, seeming to crush his body completely.

Ye Feng looked to the side and realized that he was not alone in feeling this way.

Gai Wuya, Shen Cangsheng and the others also had solemn expressions on their faces, and their soles were almost pressed into the soil for several inches.

Obviously, this young barbarian man summoned this thousand-meter majestic wild elephant at this time to give them a group of people from the Lihuo Empire.

Lihuo

A very ugly look appeared on the princess's beautiful face, and she felt very unhappy.

This time, as a princess, she came in person and was teased like this by the barbarians. It was really a huge shame.

Her Royal Highness, the most favored princess of Emperor Lihuo, had the urge to turn around and leave immediately.

But she thought of the arrangements made by the upper echelons of the royal family, and the things she wanted to secretly steal from the Barbarian God Tower this time, so Princess Lihuo endured it.

But her eyes were cold at this moment, and she suddenly raised her head and said to Gao Kong: "Old Huo, someone doesn't care about the majesty of our Lihuo Empire and is playing tricks on us like this. What should we do?"

"Then kill him."

The old voice came down from high in the sky, with a kind of wind and calmness.

"Lao Huo?"

This young barbarian man with an aloof look on his face immediately changed his expression slightly when he heard what Princess Lihuo said.

He was about to say something, but it was too late.

"Buzz!"

Suddenly at this moment, a terrifying and vast aura suddenly appeared in the entire world.

A huge flaming hand, like the hand of a god, with the majestic power to support the sky and the domineering power to tear the earth apart, suddenly struck down from high altitude, like the sun falling and stars hitting the ground.

"Boom!!"

The terrifying roar suddenly resounded through the entire wilderness.

"ah!!"

The young barbarian man with an extremely arrogant face just howled miserably, and was immediately blasted to pieces by the big flaming hand.

Even the thousand-meter majestic wild elephant was blasted into pieces.

The entire earth was burned black, revealing a huge black handprint, embedded deep under the surface.

Chapter 567: Plot

This scene was truly terrifying, and everyone was shocked.

At this time, Ye Feng finally understood how terrifying the powerful warriors at the martial arts holy realm were.

Really, every move can break mountains and rivers and change the general trend of the world!

"His name is Man Qingshan, and he is one of the most talented people in our Barbarian Tribe Alliance. You just killed him like this?"

At this time, a middle-aged barbarian man with an extremely gloomy face walked out of a huge tent not far away and said in a low voice: "Princess Lihuo, don't you think this is a bit too much?"

The aura of this middle-aged barbarian man is very powerful. At least he is a powerful being at the Cave Heaven Realm level that has surpassed the Divine Aperture Realm.

However, he did not dare to show the slightest breath at this time. He looked at the sky from time to time, his eyes full of fear and apprehension.

Obviously this middle-aged barbarian man knew that a terrifying superpower was suspended and hidden high in the sky, protecting Princess Lihuo and her party.

With a hint of coldness in her beautiful eyes, Princess Lihuo stared at the middle-aged barbarian man and said, "King Mannan, what kind of top talent do you dare to play with me like this? Isn't it normal to kill him?"

"you.....!" .??.

This Mannan King was about to get angry and curse.

Snapped!

But at this time, a strong hand pressed on his shoulder.

"Fourth brother, don't be impulsive. Princess Lihuo is a distinguished guest and represents the entire Lihuo Empire. We must be polite."

Following a steady voice, another tall figure walked out of the tent.

It was a cold, tall and strong man wearing gold and iron armor, carrying a huge butcher knife on his back, the blade stained with blood.

He stood there, like a mountain range stretching across the blue sky, full of endless majesty and vastness.

This person's cultivation level is unfathomable, his aura is vast and vicissitudes, has eternal depth, and has the ferocious murderous intention of the wilderness. He has definitely surpassed the Divine Aperture Realm and the Cave Heaven Realm.

This is a powerful man in the holy realm among the barbarians!

"This is... King Manbei!"

Princess Lihuo's eyes suddenly showed a look of awe.

\u003c

br\u003e "What? Is this the legendary Barbarian King of the North?"

"The most powerful barbarian king in the Great Wilderness Tribe Alliance!"

"King Manbei had a great battle with our Lihuo Empire's Immortal King three years ago. In that battle, the two powerful men destroyed most of the wilderness. In the end, the two were evenly matched."

At this time, several young geniuses around him couldn't help but exclaimed.

Ye Feng was secretly shocked when he heard this. To be able to tie with the Immortal King is definitely a very terrifying big shot.

However, in the martial arts holy realm, there seems to be a distinction between strong and weak.

At this time, Huo Lao came down from high altitude. King Manbei, a tall armored man who looked like a cold killing machine, actually hugged his fists towards Huo Lao and said: "Senior Huo, we said goodbye three years ago and we only saw each other today. Really. It's an honor for the juniors."

Obviously, although both of them are saint-level beings, Huo Lao is much higher than King Manbei.

The kings of Manbei all call themselves juniors.

But this Barbarian North King must also be amazingly talented.

Because at this time, Huo Lao's eyes also had a hint of sigh, and he said: "You and that child of the King of Immortality are both peerless talents that are rare to see in the history of our northern Xinjiang land. Unfortunately, we are in different camps."

Obviously, Mr. Huo was full of praise for the Barbarian King of the North.

When King Manbei heard what Elder Huo said, he didn't say much. He just smiled and said: "Senior Huo, if you get tired of staying in Lihuo Empire in the future, you can come and live in our wilderness for a while. In the wilderness, there are vast mountains and rivers, and the scenery is infinite. , high mountains and mighty rivers, very suitable for practicing and comprehending the way of saints."

When Princess Lihuo heard what the Manbei King said, her expression immediately changed. Her eyes were cold and she said: "Manbei King, my father has mentioned you many times and thinks you are very talented, and you have half of the human race." The bloodline, the Ten Emperors Body Forging Technique and the Extreme Cold Frozen Holy Fist are all top-level inheritances created by our human ancestors. Why don't you come to my Lihuo Empire? My father can promise you the position of a great general of the country. !"

Princess Lihuo heard that King Manbei seemed to be trying to win over Mr. Huo.

Her Royal Highness the Princess, who had ambitions to be an emperor, was naturally unwilling to be outdone at this time. In her words, she actually wanted to recruit the North Man King to surrender.

"Hahaha, it is said that Princess Lihuo has great ambitions to become an empress. She is different from ordinary princesses. When I saw her today, she was indeed extraordinary and majestic, and I admire her."

King Manbei laughed and suddenly said something incomprehensible: "Perhaps it won't be long before I really settle in the imperial city of the Lihuo Empire."

Princess Lihuo felt that King Manbei was teasing her, so she just smiled nonchalantly and said, "Okay, then I'll wait for King Manbei to welcome you."

But at this time, Ye Feng heard something different.

He has trained as a soul master and now has reached the realm of the Great Soul King. His sixth sense is very sharp and powerful.

Ye Feng heard something in the words of the Barbarian North King that ordinary people could not hear.

That's a lot of ambition.

That's right!

It's the feeling of ambition, plunder and killing!

"Is this Barbarian King going to plunder and kill the imperial city of the Lihuo Empire?"

Ye Feng was shocked by his thoughts. He always felt that this Barbarian King had a huge conspiracy against the Lihuo Empire.

But he didn't want to deal with this kind of thing, so Ye Feng's eyes flashed slightly and he didn't say much.

He planned to complete the mission this time. After returning to Changsheng Mansion, he lurked into the palace with You Lian, looking for the cross-domain teleportation array, and returned to the Southern Territory.

After all, the Southern Territory is his hometown, and there are many relatives, friends, and masters there. Ye Feng naturally wants to go back.

In the next few days, the group lived in a barbarian tribe alliance, each with a tent.

Every day, Princess Lihuo would take several young geniuses to a deep swamp in the center of the barbarian tribal alliance to compete with the young geniuses of the barbarians.

The winner has a huge reward, while the loser is naturally bleak.

During this period, Gai Wuya, Shen Cangsheng and others worked very hard, displaying all kinds of fancy and gorgeous martial arts moves, hoping to perform well in front of Princess Lihuo.

However, Ye Feng was ordinary and had no interest in showing any amazing abilities.

So every time it was Ye Feng's turn to play, he defeated his opponent with one sword.

Even the top genius among the barbarians could not stop Ye Feng's sword.

So in the end, Ye Feng didn't even have to play, because no one dared to compete with Ye Feng, which was tantamount to asking for trouble.

And Ye Feng's terrifying swordsmanship made Gai Wuya extremely frightened.

Originally, he wanted to wait for one night to go to Ye Feng alone to see if he could kill Ye Feng and plunder the Five Elements Holy Secret from Ye Feng.

But seeing how powerful Ye Feng was, Gai Wuya had no choice but to give up his thoughts and fell into endless despair.

This night.

In the tent where the princess lived, a figure suddenly appeared. He was dressed in black clothes, covering his whole body and face, but the black night clothes could not hide the graceful and graceful perfect figure.

Obviously, this figure in black is Princess Lihuo.

She identified the direction, quickly lurked and left the residence, and jumped into the dark forest outside.

Uh-huh!

At this moment, Ye Feng suddenly jumped out of his tent.

He was also wearing a black night suit at this time, staring at the direction Princess Lihuo left, and couldn't help but murmur.

"This Princess Lihuo came to the Great Wilderness Tribe. She really has her own private secrets. I wonder what she is planning?"

Originally, Ye Feng planned to go out and explore the Barbarian God Tower tonight to see if he could find some ancient treasures of the barbarians.

But unexpectedly, before he left the tent, he happened to encounter Princess Lihuo lurking away.

"Boy Ye Feng, this Princess Lihuo is not simple. She is probably plotting some treasure among the barbarians. Follow her and take a look. Maybe she is also going to the Barbarian God Tower."

Shang's voice sounded in his mind at this time.

"good."

Ye Feng nodded. He was also very curious as to what Princess Lihuo was planning, so that it was worthy for this rich princess to personally venture into the depths of the barbarian wilderness.

Chapter 568 Countless wealth

The Barbarian God Tower, standing in the deepest part of the Great Wilderness Barbarian Tribe Alliance, is the holy place in the hearts of the entire Great Wilderness Barbarian Tribe.

When Ye Feng followed Princess Lihuo to the deep area of the barbarians.

He immediately saw, under the moonlight in the dark night, a huge tower towering into the sky, standing among the mountains and valleys. It was extremely majestic and majestic, standing tall and upright, like an ancient giant, standing under the dark night. , can support the sky, and has infinite vastness.

"That is the legendary Barbarian God Tower!"

At this moment, Shang said excitedly in his mind: "Back then, Emperor Styx came to this Barbarian God Tower among the barbarians in the wilderness, looking for some ancient treasures left over from the war between humans and barbarians, so I have seen I have been to this Barbarian God Tower, but I didn't expect that it is still standing after so many years." .??.??

At this time, Ye Feng was a little shocked. He did not expect that the destination of Princess Lihuo's trip was really such an ancient building as the Barbarian God Tower.

"Fortunately, I followed Princess Lihuo, otherwise it would have taken me several nights to find her alone."

Ye Feng thought in his heart, and then flew towards the distance.

Ye Feng's soul power spread out, and his powerful perception immediately captured Princess Lihuo's aura.

At this time, Princess Lihuo's night-walking clothes seemed to be specially made. She actually escaped the guards of many barbarian masters and jumped directly into the Barbarian God Tower.

Ye Feng also quickly followed Princess Lihuo in. He used his soul power to activate some obscure hypnosis, allowing the strong barbarians guarding the Barbarian God Tower to let himself into the Barbarian God Tower without even paying attention.

This is another powerful ability of the soul master, hypnosis!

Ye Feng's current soul power is powerful enough to hypnotize creatures of the same level or even a higher level of cultivation for a moment.

Although it was only a moment, it was enough for Ye Feng to duck into the Barbarian God Tower.

Shang said in his mind at this time: "Boy Ye Feng, I heard that powerful soul masters were actually called hypnotists in ancient times. A hypnotist with a powerful soul can activate his soul instantly without using his hands. The power of mind can hypnotize the people around you and make others use it for you and obey any of your orders. This is very similar to the Great Purdue Technique in Buddhism. However, after the Great Purdue Technique is cast, others still have their own thoughts, but they are The person you successfully hypnotize becomes your tool."

When Ye Feng heard what Shang said, his heart suddenly moved slightly.

As his soul power continues to increase, the powerful abilities of many soul masters are gradually revealed.

Hypnosis is the most basic and most awesome ability of a soul master.

In addition to controlling enemies and making them kill each other, hypnosis can also hypnotize enemies and let them tell them everything they know.

And in addition to fighting enemies, hypnosis can also help with spiritual practice.

In the ancient times, soul masters released powerful soul power, which could influence other people's spirits, hypnotize others into sleeping, and put practitioners in a very stable sleep state. They could exorcise inner demons and stabilize their spiritual realm.

So at this time, Shang was very solemn in his confession.

Tell Ye Feng, if you have time, you must learn hypnosis well.

At this moment, Ye Feng entered the Barbarian God Tower.

He immediately saw that the first floor of the Barbarian God Tower was very spacious, with various bookshelves, tables, etc., on which were placed various ancient weapons, barbarian collections, etc.

"Collect!"

Now that he is here, Ye Feng naturally does not hesitate at all. In an instant, he collects the rows of strange barbarian treasures, books, inherited techniques, etc. in the first floor of the Barbarian God Tower into his storage. In the spiritual ring.

However, after Ye Feng's soul power was swept away just now, he found that these techniques were not advanced.

"It seems that the real treasures are all at the top."

Ye Feng thought in his mind and was about to walk towards the second floor.

"Stop."

But Shang said in his mind at this time: "I just checked and found that there are no treasures on the upper floor of the Barbarian God Tower. Instead, there are powerful barbarian beasts sleeping, especially on the top of the Barbarian God Tower. That ferocious aura makes me very afraid, it may be a terrifying beast in the wilderness. "

When Ye Feng heard what Shang said, his eyes immediately changed slightly.

The topmost floors of this Barbarian God Tower are actually locked with ferocious wild beasts.

Ye Feng just saw Princess Lihuo ducking onto the second floor.

After all, normal people think that the higher the levels of the Barbarian God Tower, the more precious the buried treasures will be.

Princess Lihuo didn't even look at the treasures on the first floor, which meant that she had traveled thousands of miles to come here and go deep into the wilderness tribe. What she was looking for must be very extraordinary and a peerless treasure.

"under!"

Shang sensed it for a while and suddenly said: "I didn't expect these barbarians to be so cunning. They hid the real treasures under the Barbarian God Tower."

With Shang's help, Ye Feng explored the first floor inch by inch, and finally found a circular metal door covering the ground in a very secret corner of the first floor.

There are grooves and lines on this metal door, and it seems that some very special barbarian methods are required to open it.

But now Ye Feng has no time to think about this. Now that he is in the Barbarian God Tower, Princess Lihuo has gone up to the second floor. She might encounter ferocious beasts, causing a sensation and attracting the attention of the powerful barbarians.

So now Ye Feng's time is very urgent.

"The Avenue of Fire, the Mystery of the Sun!"

Ye Feng couldn't care less at this moment, and just pressed one hand on the round metal door on the ground.

Then he activated the secret of the Great Way of Fire that he had suddenly realized a few days ago. His palm suddenly turned iron-red, like a soldering iron, and it melted the entire metal door.

A huge underground hole appeared.

"Amazing!"

Shang admired in his mind: "Young man Ye Feng, I didn't expect your understanding of fire to be so high. This metal door should be made of meteorite iron from the wilderness, and it is made of countless rare metals. I didn't expect it to be cast by you." One hand melted."

"The power of the sun is naturally very terrifying. Even if I can only exert it temporarily, it still has very terrifying destructive power."

Ye Feng said, leaping directly into the underground space of the Barbarian God Tower.

The underground space is extremely dark, so pitch black that nothing can be seen.

"fire."

With a thought in Ye Feng's mind, he directly activated his soul power, and the fire elements in the surrounding space immediately gathered together, forming a fierce ball of flame light, which illuminated the entire underground space in an instant.

"this....."

As the light illuminated, Ye Feng was immediately shocked by everything in front of him.

The entire underground space of the Barbarian God Tower is extremely huge and wide, almost as vast as a martial arts platform.

There is simply countless wealth stored above the ground!

There are hundreds of thousands of holy stones alone at a glance, and low-grade holy stones, medium-grade holy stones, and high-grade holy stones are all exuding an intoxicating aura under the light of the elemental fire attribute condensed by Ye Feng.

In addition, on the ground on the left, there are ancient armors placed on the ground, including metal armors, gold armors, and inexplicable stone armors.

On the right side are rows of shelves with statues of warriors hanging on them. Axes, swords, halberds, bows, etc. are all covered with dust, but each weapon exudes the vicissitudes of ancient times. Qi seems to be a sleeping dragon. Once it is released, its power will be overwhelming.

These are treasures from the ancient times of the human race. The barbarians collected them from ancient battlefields again and again. They didn't know how to use them, so they piled them all in the underground space of the Barbarian God Tower.

"The pearl is covered in dust!"

Ye Feng sighed, and then with deep joy and excitement on his face, he rushed forward and collected it quickly.

Charge!

plunder!

"It's all mine!"

At this moment, Ye Feng's heart is frantically collecting piles of huge wealth!

"There are also various ancient books, including the ancient martial arts of the human race, as well as alchemy techniques, formation catalogues, ancient weapon refining techniques, and unique taboos on alchemy..."

At this time, Ye Feng found a lot of books from a box. These books were very old and the paper was yellowed, but they were all priceless treasures and the crystallization of the wisdom of the ancient sages of the human race.

Perhaps no one would have imagined that the countless wealth in the Barbarian God Tower is buried in the underground space under the giant tower.

If Ye Feng and Shang hadn't found the metal door in the underground space after their extremely powerful soul power, and after searching inch by inch, I'm afraid the countless wealth of the human race would have been buried deep underground for who knows how many years.

At this moment, Ye Feng definitely became rich overnight!

He went from a poor boy to a rich man in an instant!

At this time, Ye Feng couldn't help but feel silent for Princess Lihuo.

Because what Princess Lihuo is about to face is not a treasure at all, but countless ferocious beasts.

"Boy Ye Feng, there is an ancient skeleton there, go and have a look!"

Suddenly Shang's urgent voice sounded in Ye Feng's mind.

At this time, Ye Feng had already plundered and collected all the countless wealth in the underground space and turned it into his own private property.

Ye Feng walked to the deepest point and found a black skeleton sitting under the tall wall at the end of the underground space.

The most eye-catching thing is that at the heart of this black skeleton, there is a dark black token. The token is engraved with unknown forms of evil beasts, making it look as if the spirit has been absorbed into it.

For a moment, Ye Feng had the terrifying feeling of being roared and trampled by countless evil beasts, monsters, ancient beasts, etc.

"Wow!"

Ye Feng clung to his spirit and immediately broke away from that fantasy.

He broke out in a cold sweat. This dark black token was so weird that he, the Great Soul King, almost fell into it.

If it were an ordinary divine orifice realm warrior, his spirit would probably be crushed by this dark black token in an instant.

"Damn! Sure enough! This must be the legendary token! Back then, my master, the old boy Emperor Styx, came several times but couldn't find it!"

Shang screamed in his mind, very excited and excited, and shouted: "Boy Ye Feng, this is the ancient demon emperor's order! The token of the demon emperor in the ancient times can command the world's demon clan's treasure. ! Take it quickly! Come here quickly!"

"good!"

Ye Feng immediately stretched out his hand, smashed the skeleton into pieces, and then collected the dark black token into the storage ring.

"Research it for me quickly!" Shang shouted.

Ye Feng nodded and sent this ancient demon emperor's order into his spiritual sea of consciousness.

Although Ye Feng has never heard of this ancient demon emperor's order, seeing Shang so excited and excited, this must be an earth-shattering treasure!

In addition, Ye Feng always felt in his heart that Princess Lihuo took such a big risk and came to the depths of the wilderness. The treasure she was plotting might be this ancient demon emperor's order.

"Huh? Who dares to break into the Barbarian God Tower and rob the wealth of my Barbarian Holy Land? How brave!"

Suddenly at this moment, a majestic and boundless sound suddenly exploded under the dark night.

This voice is the voice of King Manbei!

A super strong man at the holy level of martial arts, a terrifying existence, and his spiritual thoughts came to him all of a sudden.

Buzz!

Almost at the next moment, Ye Feng suddenly felt an extremely tyrannical will at the level of the Holy Realm, scanning towards the Barbarian God Tower where he was like a dragnet!

Chapter 569 It's impossible to escape even with wings

Buzz!

That is an extremely huge spiritual thought.

It was the voice of King Manbei, the terrifying king of the barbarians.

"boom!"

At this moment, Ye Feng suddenly burst out with a huge fighting spirit.

He shattered the entire ground in one fell swoop and rushed out of the ground.

"There are thieves from the human race who have lurked into our barbarian holy land!"

"The Barbarian God Tower was actually lurked into, and all the underground treasures were stolen! Damn it!"

At this moment, countless barbarian masters were flying towards them.

They saw that under the exploded ground, the ground under the Barbarian God Tower was already empty.

Many barbarians suddenly became extremely frightened and angry, with deep murderous intent in their eyes.

Swish, swish, swish!

Swish, swish, swish!

At this moment, countless eyes were all focused on Ye Feng.

But at this time, Ye Feng was covered in night clothes, covering his face, so no one recognized him.

"He is Yu Haoxuan! He is the genius of our Changsheng Mansion! I didn't expect him to be so bold and dare to steal the treasures of the barbarian holy land!"

At this time, a sinister laughter suddenly sounded.

At this time, many barbarians separated, and the four barbarian kings stepped over with cold expressions.

Around them, stood a figure, who turned out to be Gai Wuya, the number one genius of the Changsheng Mansion.

Gai Wuya was very familiar with Ye Feng, so he could see Ye Feng's true identity from Ye Feng's masked eyes.

Ye Feng's eyes were extremely cold as he stared at Gai Wuya. He didn't expect that this man would be so ambitious and directly revealed his identity in public.

"Hehehe, Yu Haoxuan, no matter how powerful you are, you are still going to die."

Gai Wuya was deeply jealous and jealous of Ye Feng, so he wanted Ye Feng to stand up

The horse died before his eyes.

"It doesn't matter who he is anymore. He has robbed all the countless wealth in my barbarian holy land. This has already committed a heinous crime. Killing him directly would be too easy for him. To catch this kid, every day Bake him in a furnace, make him suffer endless pain, and then die to atone for his sins."

One of the four barbarian kings spoke out. This barbarian king was wearing black animal skins. He was tall and three to four meters tall. He looked full of the aura of the wilderness, giving people a terrible sense of oppression.

This person is definitely a strong man in the cave heaven realm who has surpassed the divine orifice realm, but he has not stepped into the holy realm of martial arts.

Among the four barbarian kings of the entire barbarian tribe, only the North Man King has entered the holy realm.

"Buzz!"

At this time, King Manbei's eyes were full of coercion and judgment, and his mind as vast as the sea locked onto Ye Feng in an instant, saying: "Young people of the human race, kneel down and kowtow to the Barbarian God Tower to pray for forgiveness and peace." To atone for your sins, you may be able to save a small life, but I must destroy all of your cultivation, because you have committed a huge crime."

At this time, the atmosphere on the entire field was extremely solemn.

The four barbarian kings, together with countless barbarian masters, surrounded Ye Feng. Ye Feng had already spread his wings and could not escape.

But at this time, Ye Feng smiled and said coldly: "The wealth under the Barbarian God Tower is all the treasures that you barbarians brutally invaded our human land and plundered. They are all stained with human traces." blood, so if I snatch it now, it will return the property to its original owner, and since the wealth is already in my hands, I will definitely not hand it over. "

"presumptuous!"

A Barbarian King in the Cave Heaven Realm suddenly became furious and said: "Little brat! Don't be so shameless! Now you kneel down and kowtow to admit your mistake, and then become a slave of our Barbarians."

, this is your only choice! "

"boom!"

Ye Feng didn't speak at all, he just burst out with tyrannical fighting spirit and rushed high into the sky in an instant.

He is preparing to break out from high altitude!

"The Great Freeze Holy Fist!"

Suddenly King Manbei took action.

He punched out, displaying this ancient martial arts inheritance.

boom!

Immediately, endless cold air burst out, rushing out from King Manbei's fist. The cold air was overwhelming and bone-piercing, freezing the thousands of miles of land in an instant.

Ye Feng's figure was also frozen in an instant and became an ice sculpture.

"hiss!"

Seeing this scene, everyone on the scene took a breath of air.

Princess Lihuo, who had slipped out of the Barbarian God Tower in advance, was now standing with Gai Wuya, Shen Cangsheng, Hua Qianyue and others.

"Could it be that the treasure that my father asked me to look for was taken away by Yu Haoxuan, but now he has been frozen in an instant by a strong man in the holy realm. He must be dead, alas!"

Princess Lihuo sighed deeply.

Huo Lao stood aside at this time, looking at Ye Feng who was frozen on the field, and after thinking about it, he didn't take action.

Because although he was in the martial arts holy realm, he was a crouching tiger, hidden dragon among the barbarians. He and Ye Feng were only casual acquaintances and were not familiar with each other, so in the end Huo Lao sighed and did not take action.

"This little brat, who is in a small state of divine aperture, dares to fight against our four barbarian kings. He is really naive and childish!"

A barbarian king from the Cave Heaven Realm walked towards the ice sculpture that Ye Feng had frozen into with a sarcastic expression on his face.

He laughed wildly and said: "The human race is naive. A small first-level heavenly warrior in the Divine Aperture Realm actually has the audacity to steal the treasures and wealth in our Barbarian God Tower. Why don't we have to kill him?" one move

Destroyed! Hahaha! "

The Cave Heaven Realm Barbarian King laughed sarcastically and was about to crush Ye Feng's ice sculpture and turn it into powder.

"Pfft!"

But suddenly at this moment, a palm made of glazed crystal, like a sharp sword from the sky, stretched out from the ice sculpture in an instant, and yanked it out suddenly, like a black tiger digging out the heart, piercing the flesh and blood in an instant. He took out the heart of this cave-heaven realm barbarian king.

"ah!!"

The barbarian king who was laughing suddenly became stiff, looked at his empty chest, and suddenly howled miserably.

"What?!"

The sudden scene shocked everyone present.

"This kid is not dead!"

The other barbarian kings all had deep anger in their eyes.

Even King Manbei, a strong man in the Holy Realm, had a look of horror in his eyes.

"Die!"

A sound as cold as a knife suddenly came from the ice sculpture.

"boom!"

A dark and deep devouring realm swallowed up the severely injured Barbarian King whose heart had been ripped out.

Click! Click! Click...

The huge ice sculpture suddenly shattered. Ye Feng was intact and walked directly out of the broken ice sculpture.

The surface of his body burned with a thick layer of ink-black flames, resisting the huge cold air outside that could almost freeze everything.

"This is....."

King Manbei's eyes changed, and he suddenly exclaimed: "This is a ball of strange fire from heaven and earth! You, a small human kid in the divine orifice realm, actually found and refined a ball of strange fire from heaven and earth! And you have such a low cultivation level. Because it can dissolve the terrifying cold energy of this King's Extremely Cold Holy Fist, the strange fire of heaven and earth you refined must be a powerful flame that ranks high on the list of strange fires of heaven and earth!"

Chapter 570 Confidence

Wonderful fire in heaven and earth!

Everyone was shocked by King Manbei's words.

"The strange fire of heaven and earth? That is a flame that can only be produced in the most powerful regions of heaven and earth!"

"Or the strange fire that falls from the sky outside the territory, from the depths of the galaxy, can be called the 'wonderful fire of heaven and earth!'"

"I don't know what kind of strange fire this human boy has, but it must be terrifying. It can even withstand the extreme cold of King Barbarian North's Great Freeze Holy Fist!"

At this moment, many barbarian masters were shocked.

After the Manbei King was shocked for a moment, a sneer appeared on his face immediately, and he said: "So what if you killed a Barbarian King? He is just the weakest Barbarian King. I am a strong man in the Holy Realm. Human boy, you run away." No, you have offended our barbarian holy land, the Barbarian God Tower, and you must atone for your sins!"

"Don't talk about a barbarian holy land! It makes me tired of hearing it! I still don't believe in barbarian holy land. Will you die if you offend?"

Ye Feng suddenly became angry when he was told by the Barbarian North King. He showed a cold look in his eyes and said: "Barbarian God Tower, right! The holy land of the barbarians? Okay! I have completely offended today. Not only did I offend, I also wanted to rob him." Let's go! What can you barbarians do to me?"

boom!

Almost at the moment Ye Feng finished speaking, he immediately grabbed the huge Barbarian God Tower towering into the sky next to him.

"No!"

The surrounding barbarian kings were immediately shocked and shouted loudly.

"boom!"

But it's too late.

Ye Feng grabbed it with one hand, and the vitality of heaven and earth exploded instantly. His hand immediately expanded in the sky, and expanded into a large crystal hand hundreds of meters long, shining with immortal light and indestructible. He then grabbed the entire towering Barbarian God Tower by the waist.

"boom!"

With overwhelming strength, infinite brute force surged out of Ye Feng's palms. He roared and uprooted the huge Barbarian God Tower in an instant.

"What?!"

Everyone was shocked.

Because the scene in front of me is really shocking.

No one expected that Ye Feng could be so crazy and unruly, with every move he made full of hostility.

It is too exaggerated to directly raise the Barbarian God Tower, a sacred place in the hearts of countless barbarians!

Shang said in his mind at this time: "Hey, boy Ye Feng, this Barbarian God Tower is not only an ancient building, but also an extremely powerful treasure. The Barbarian God Tower has a total of eighteen floors, each floor They all contain very powerful ancient evil beasts. The higher the level, the more powerful the seals are.

The ancient evil beasts that are printed are more terrifying, older, and more cruel. Therefore, if you control this Barbarian God Tower, you will have almost no shortage of energy for your future cultivation. You can just devour the evil beasts in this Barbarian God Tower, or surrender. The ancient evil beasts in the Barbarian God Tower become your army to conquer the world! "

Ye Feng nodded. The reason why he raised the Barbarian God Tower directly from the ground at this time was because Shang mentioned it once before. This Barbarian God Tower is an extremely powerful ancient treasure. Legend has it that it was a barbarian at that time. The emperor's natal treasure, an ancient treasure that is even more advanced than the holy weapons.

At this time, Ye Feng looked towards the countless barbarian masters not far away. The huge crystal hand held the majestic Barbarian God Tower and slammed it down to the ground.

The terrifying force is like an ancient giant swinging a giant tower, able to smash everything, full of endless brute force and wildness.

"boom!!"

A terrifying roar sounded, and a big crater was made in the ground. Hundreds of barbarian masters were smashed into pieces and died instantly without even screaming.

"Thief! Die to me!"

King Manbei completely exploded. Just now he used the Holy Fist of Extreme Cold and Great Freeze. He just used it casually and did not take Ye Feng seriously. However, the result was a big loss. Ye Feng killed a barbarian king and sent Barbarian to his death. The sacred towers were all pulled up.

At this time, Manbei King, a strong man in the holy realm, really took action. His power was ancient and majestic, just like an ancient god of the wilderness resurrected from the tall body of Manbei King.

In the void behind King Manbei, under the dark night, ten thousand-meter-tall golden figures suddenly appeared.

Every golden figure is boundlessly majestic and majestic, wearing an emperor's robe and a golden emperor's crown. With a move of his big hand, the heaven, earth, mountains and rivers will surrender. A powerful and boundless imperial aura envelopes the entire earth in an instant.

This is the unparalleled inheritance of King Manbei, the Ten Emperors Body Forging Technique!

After cultivating to great success, you can activate the power in your body, integrate your own essence, energy and spirit, and manifest the figures of ten ancient human emperors in the surrounding area, possessing the supreme majesty and unparalleled power of the ancient human emperors.

"What a terrifying smell, I almost suffocated!"

At this moment, Princess Lihuo, Gai Wuya and others felt like they couldn't help but crawl down.

"I didn't expect that this Barbarian King of the North, a member of the Barbarian tribe, would actually practice the unparalleled Ten Emperors body-building skills of my human race to such an extent. It's really amazing."

Huo Lao also expressed his admiration at this time.

everyone

Everyone knew that if King Manbei was really angry and manifested his unparalleled inheritance, Ye Feng would definitely be dead.

When a strong man in the Holy Realm becomes angry, the mountains and rivers will be shattered, the color of the heaven and earth will change, and all things will wither and be destroyed.

Even if Ye Feng's combat power is unparalleled, he is still just a small Divine Aperture Realm warrior. There is a huge gap between him and a transcendent being at the Holy Realm level, and he will definitely die.

"You will definitely die today, in my hands."

King Manbei made a majestic sound and took one step forward. The figures of the ten-kilometer-high Human Emperor around him spoke majestically for a moment. It really seemed like the ancient Human Emperor had arrived, judging the people and deciding life and death with a single word. The sea is cold in anger.

"boom!"

The boundless power of the Human Emperor came, and the Manbei King grabbed Ye Feng with one hand. The ten Human Emperors also stretched out their hands, and the ten golden hands gathered together, and a golden light bloomed in the hands of the Manbei King. , can almost tear the entire world to pieces, and can tear apart the endless night.

The overwhelming power contained in this attack was so terrifying that even the other two barbarian kings were trembling all over at this moment, feeling the breath of death.

As for the other barbarian masters, including Princess Lihuo, Gai Wuya, Hua Qianyue and other young geniuses, they finally couldn't help themselves and fell to the ground.

Everyone's eyes were horrified. This Barbarian North King showed his true power, just like the real Human Emperor had revived. He ruled the world and looked down upon everything. Everyone must surrender and cannot resist.

"A barbarian who practices the ancient Human Emperor skills is nondescript. Perhaps in the eyes of others, you look like the arrival of the Human Emperor, but in my eyes, you are worthless! Among the wealth I robbed, there is the Ten Emperors Body Training When I succeed in my cultivation, you will know how orthodox and grand the true power of the Human Emperor is."

Ye Feng spoke coldly. Although his whole body was almost broken, his eyes were extremely bright and his fighting spirit was overwhelming. He seemed to have his own trump card.

"You dare to speak harshly when you are about to die. Even if the Immortal King comes now, he won't be able to save you!"

King Manbei spoke out word by word, his big golden hands carrying the unparalleled power of the ancient human emperor capable of crushing everything.

"Buzz!"

But just when the golden Human Emperor's big hand was about to land on Ye Feng's head, he was about to crush Ye Feng.

A huge devil's hand covered with black scales suddenly stretched out from the darkness beside Ye Feng.

This huge demonic hand is the size of a small mountain. Its fingers are like iron pillars from hell. Its skin and scales are all engraved with ancient and obscure demonic patterns, like the lord of hell.

His hand stretched out from the endless darkness and suddenly collided with the big golden hand of Manbei King.

"boom!!"

A loud noise suddenly erupted in the void, and what shocked everyone the next moment was that King Manbei's big golden hand was actually blocked.

Under the protection of the ancient giant magic hand, Ye Feng was intact. He stepped on the sky with unparalleled momentum for a moment, giving everyone and the barbarians an unfathomable sense of shock.

"Hahaha, I didn't expect that I really succeeded. I put my dragon soul into the head of the abyss troll, and I was really able to initially control this abyss troll!"

At this time, Shang's loud laughter sounded in Ye Feng's mind.

"That is....."

Under the shocked gazes of all the barbarian masters and human geniuses such as Princess Lihuo.

Behind Ye Feng, a huge figure as tall as a mountain slowly walked out of the darkness.

It was an abyss troll, its legs were like sky pillars, its body was like a sacred mountain, and its shoulders stood upright, as if it could support the entire sky.

A terrifying and suffocating ancient aura emanates from the demonic body of the abyss troll. That aura is majestic, majestic, vicissitudes of life, and powerful, like an ancient evil beast or the awakening of the Great Desolate Demon God.

"What kind of creature is this?"

All the barbarians were shocked. Even the barbarian kings felt a sense of insignificance when they saw the towering demonic body of the abyss troll supporting the blue sky.

"Is this your confidence?"

Princess Lihuo's beautiful eyes were full of horror. Originally, she wanted Mr. Huo to rescue Ye Feng, so that Ye Feng would be grateful and dedicate the Ancient Demon King's Order to her.

But now Princess Lihuo smiled bitterly, she underestimated Ye Feng too much.

"Could this be..." Huo Lao stared at the towering behemoth walking out of the darkness behind Ye Feng. He suddenly seemed to think of something, but in the end he kept silent, as if he was afraid of touching some taboo.

At this time, Ye Feng put the Barbarian God Tower into the storage ring, then jumped up onto the abyss troll and stood on the broad shoulders of the troll.

"Buzz!"

Ye Feng flipped his palm, and the defensive holy weapon of the Crystal Holy Ball appeared.

He activated the power of the crystal holy ball, and a protective shield of holy light directly surrounded Ye Feng's entire body. He suddenly shouted: "Shang, you control the abyss troll, use the troll's terrifying body, Go ahead and smash through all the bullshit barbarian kings and masters! Crush them all!"
