Chapter 5611 Willing to Surrender

At this time, Ye Feng, who was listening to the conversation between the two, showed a deep sneer in his eyes.

Because Ye Feng was not afraid of these two people at all.

At this time, after the Bull-headed Demon finished talking to the red-skirted woman, he crawled towards Ye Feng with a deep greedy look in his eyes, and the red eyes exuded a monstrous evil spirit, wanting to eat Ye Feng directly on the spot.

At this moment, the red-skirted woman not far away, who had just smiled at Ye Feng, but now revealed her true purpose, looked at everything on the field with a very cold expression.

Because the red-skirted woman knew very well that a small guard, and a new guard with low strength, could not be the opponent of the Bull-headed Demon, nor her opponent.

So today this little young guard would definitely become the Bull-headed Demon's meal.

The red-skirted woman had done this more than a dozen times before, so she had no psychological pressure for a long time, and looked at everything on the field indifferently. For her own interests, she completely treated other people's lives as a joke.

But at this moment, Ye Feng suddenly stood in the corner, laughed out loud, and said: "If you want to eat me, if you want to kill me, you have to see if you have the strength!"

Boom! !

Almost at the moment when Ye Feng's voice fell, a powerful and extremely powerful cultivation aura suddenly burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation aura was so terrifying that he was like a towering giant standing on the field, which made the red-dressed woman or the bull-headed demon present couldn't help but be shocked.

"What??"

At this moment, the red-dressed woman's eyes suddenly showed a set of astonishment, and she said aloud: "How can a little guard have such a powerful power? Who are you? You can't be a new guard at all!"

At this time, the bull-headed demon also showed a look of surprise in his eyes, as if he didn't expect that a little guard who looked so young and weak could burst out such a powerful cultivation aura, which made both of them feel a little pressure.

But the next moment, the bull-headed demon suddenly smiled coldly and said, "This cultivation is nothing, and the stronger your cultivation is, the better. After eating you, I can restore my strength to a greater extent, which is a good thing for me."

Obviously, at this moment, the bull-headed demon still did not take Ye Feng seriously, even though Ye Feng had released such a powerful cultivation aura.

At this time, the woman in the red skirt could not help but say, "Bull-headed demon, hurry up and eat this kid, otherwise something bad will happen."

Hearing what the red skirt woman said, the beef demon naturally nodded, and suddenly burst out a terrifying demon aura, instantly carrying bloody wind and rain, pressing towards Ye Feng, wanting to kill Ye Feng directly on the spot and then eat him.

At this time, Ye Feng did not hesitate at all, and instantly burst out his equally powerful power energy.

You know, after Ye Feng stepped into the new level of cultivation of the first level of Tianshou Realm, his strength has increased by hundreds of times.

So facing this bull-headed demon, Ye Feng had no fear at all.

At this moment, Ye Feng directly used the Dark Emperor's skill.

Boom!

The next moment, Ye Feng's two hands suddenly turned into the palms of the Dark Emperor. The black hands that covered the sky and the sun directly blasted the bull-headed demon and made it retreat more than ten steps.

"What?"

Seeing this scene, the red-skirted woman suddenly widened her eyes, as if she had never expected that Ye Feng's strength would be so strong.

Because the red-skirted woman knew very well that even if this bull-headed demon had not recovered its peak strength, it was still extremely terrifying. It was a powerful demon from the ancient times, but she didn't expect that it would be directly repelled by Ye Feng.

At this time, the bull-headed demon couldn't help showing astonishment in his eyes, and said aloud: "What?? The body strength of this kid is so terrifying that it can actually fight against my ancient bull demon body. This is unlikely!!"

At this moment, Ye Feng smiled coldly and said aloud; "The impossible is still behind."

Boom!

At this moment, Ye Feng directly burst out another extremely powerful inheritance that he had learned before, the Nine Cauldrons Heaven-suppressing Art.

This was the peerless inheritance of the ancient Nine Cauldrons Demon Lord that Ye Feng had learned in an ancient relic before.

At this time, Ye Feng used this set of inheritance for the first time, and Ye Feng's power immediately surged wildly, condensing a full nine slowly rotating giant cauldrons directly above Ye Feng's head.

These nine large cauldrons were condensed by Ye Feng's own power, but they had a terrifying power that shook the earth. They rotated rapidly and rushed towards the bull-headed demon in front, directly surrounding the bull-headed demon in the nine large cauldrons.

Boom!

At this moment, the bull-headed demon attacked frantically, but was directly blocked by these nine large cauldrons.

These nine large cauldrons were like an indestructible prison, trapping the bull-headed demon in a small space.

Then Ye Feng continued to use the Dark Emperor Kung Fu, and attacked crazily with his big black hands, directly hitting the bull-headed demon with punch after punch.

Click!

At this moment, Ye Feng not only beat the bull-headed demon until blood spurted out of its mouth, but even one of the horns on its head was blown to pieces by Ye Feng.

"This is impossible!"

At this moment, seeing Ye Feng's crushing scene on the field, the woman in red dress standing aside couldn't help but said in shock: "Who are you? You can't be a newcomer in our city lord's mansion. Guard!"

At this moment, Ye Feng just smiled coldly and said: "You don't care who I am, you just need to know that you are dead now."

At this moment, Ye Feng suppressed the bull-headed demon directly on the spot.

The bull-headed demon immediately couldn't help but knelt down, and screamed in horror: "Sir, I was wrong, I was wrong! I shouldn't have thought about eating you, I am willing to surrender to you, and be your master in the future. Effectiveness!"

At this moment, when Ye Feng heard the bull-headed demon say this, his eyes flickered and he stopped.

This bull-headed monster has not yet recovered one percent of its peak power, but it is so powerful that he almost has to use all his means to suppress this bull-headed monster.

It is hard to imagine how powerful and terrifying this bull-headed demon will be once it returns to its peak state.

So at this time, when Ye Feng saw this bull-headed monster, he knelt down and begged for mercy and was willing to surrender to him. Then Ye Feng naturally wanted to take this bull-headed monster as his thug.

This is an extremely powerful ancient demon, and its utilization value is still very great. It would be a pity to kill it.

At this moment, the woman in the red dress suddenly fell to her knees on the ground.

Because even ancient monsters like the bull-headed demon succumbed in front of Ye Feng, the woman in the red dress immediately knelt in front of Ye Feng. Her beautiful face was full of fear and begging for mercy, and she quickly stretched out her arms. He stretched out his plain white palm and grabbed Ye Feng's At the corner of his clothes, his face was full of frightened tears, and he begged for mercy and said aloud: "Sir, spare my life, and I am willing to surrender to you! I am willing to dedicate everything to you, as long as you are willing, I will agree to whatever you do to me, as long as you Spare my life!"

At this time, Ye Feng stared at the beautiful woman in red dress in front of him, with a trace of cold murderous intent shining in the depths of his eyes.

Chapter 5612: Lead Away

At this time, seeing Ye Feng looking at her silently, the woman in the red dress clearly felt the murderous intent in Ye Feng's eyes flash away.

The woman in the red dress knelt on the ground at this time, and immediately said aloud: "Sir, please forgive me! I am one of the top ten housekeepers in the City of Chaos. I have the power to move around at will in the city lord's palace in the City of Chaos, and you actually disguised yourself as a The new guard must have other purposes when he sneaks into our city lord's palace. I can help you accomplish your purpose at any time."

Hearing what the woman in the red dress said, Ye Feng suddenly showed a look of surprise in his eyes. He didn't seem to think that the woman in the red dress was quite smart. He knew that he must have disguised himself as a new guard and came to the city lord's mansion. , has other purposes.

At this moment, Ye Feng nodded and said loudly: "Since you are one of the top ten housekeepers in the City of Chaos, you should have the right to know about a very core thing that has happened in the city lord's mansion recently."

Hearing what Ye Feng said, the woman in the red dress immediately spoke out: "Sir, please tell me, what is it? If I know, I will tell you everything."

Ye Feng nodded and said aloud: "Half a month ago, an ancient stone tablet dropped from the sky appeared in this sea area. In the end, this ancient stone tablet should have been obtained by you people from the City of Chaos. Is it the city owner? In the mansion?"

Hearing what Ye Feng said, the woman in the red dress immediately nodded and said loudly: "Yes, I also participated in the robbery of that ancient stone tablet, and it was indeed obtained by our city lord's palace in the end."

Hearing what the woman in the red dress said, Ye Feng's eyes suddenly lit up.

Sure enough, my guess was correct. This ancient stone tablet must be in the hands of the city lord, the strongest group of people in this chaotic city.

At this moment, Ye Feng immediately asked: "Then where is this ancient stone tablet exactly?"

The woman in the red dress did not dare to hide it, and answered honestly: "After our Lord City Lord obtained this ancient stone tablet, he has been keeping it in his private residence, and he has been studying that stone tablet every day. The ancient characters engraved on it were written in unknown places and we couldn't understand it, so the city lord personally placed that stone tablet in his bedroom and studied it every day."

Hearing what the woman in the red dress said, Ye Feng's eyes suddenly lit up.

Now that the specific location of this ancient stone tablet has been determined, the next step will be easier.

Ye Feng spoke up at this moment: "How much higher is your city lord's cultivation than mine?"

The woman in the red dress said aloud: "It should be more than a dozen realms higher than your master's cultivation level."

"What?"

Hearing what the woman in the red dress said, Ye Feng's eyes suddenly showed a look of astonishment, as if he did not expect that the city lord of this chaotic city actually had such a terrifying cultivation level.

It seems that hard grabbing is not possible.

But it's normal to think about it. After all, there are many people from all religions and nine schools in this chaotic city, and many prisoners who have been exiled to this bitter cold land have settled in this chaotic city. If the city lord himself does not have an extremely powerful cultivator, because of his strength, he simply cannot suppress so many vicious beings.

At this time, Ye Feng suddenly frowned.

But at this time, Ye Feng seemed to have thought of something. He immediately stared at the woman in the red dress in front of him and said loudly: "I don't have to kill you today, but you must be worthy of being used by me. Otherwise, your This life has no meaning."

Hearing what Ye Feng said, the woman in the red dress immediately nodded and said quickly: "As long as you don't kill me, I can do anything for you."

Ye Feng nodded and said loudly: "Next, you think of a way to lure the city lord of your city lord's mansion away from his residence. I want to go to his residence privately and get the ancient stone tablet."

What Ye Feng said at this moment was very direct, because there was no need to hide anything. Once the woman in the red dress was unwilling to agree to Ye Feng, she would be killed on the spot.

Hearing what Ye Feng said at this moment, and seeing the murderous intent flashing in Ye Feng's eyes, the woman in the red dress could only nod her head and said: "Okay, then I will find a way to remove the Lord of the City from his residence. Please stay away from my residence, but you must not expose my identity, otherwise, even if I am not killed by you, I will definitely be killed by the city lord."

Hearing what the woman in the red dress said, Ye Feng immediately smiled and nodded, and said loudly: "As long as you can help me lure the city lord away so that I can enter his residence and get that ancient stone tablet, not only will I not Your identity will be exposed, and I won't continue to kill you."

Hearing what Ye Feng said, the woman in the red dress was naturally very happy and quickly made preparations.

At night, the moon is dark and the wind is high.

The woman in the red dress directly issued an emergency summons in another hall of the City Lord's Mansion, summoning all the important members of the upper echelons of the City Lord's Mansion to gather in this hall, and also invited the City Lord there.

Because the woman in the red dress lied that she had discovered something very mysterious in the sea outside, she asked everyone to go over and discuss the situation.

At this moment, Ye Feng was hiding under the cover of night and saw all the important members of the upper echelons of the City Lord's Mansion going to the hall of the woman in the red dress and gathering together, including the City Lord.

Ye Feng was naturally very happy. Taking advantage of this gap, Ye Feng took the bull-headed demon and lurked directly into the city lord's residence.

At this moment, Ye Feng came to the city lord's bedroom, and the compass in his hand suddenly emitted a brilliant light, which was brighter than before.

Obviously, the ancient stone tablet is here.

At this moment, Ye Feng looked around and saw that there was a huge mahogany shelf in the city lord's room.

Hanging on the shelf was a very ancient stone tablet, and the surface of the stone tablet was engraved with dense and incomprehensible words.

This stone tablet was obviously the ancient stone tablet placed in this sea area by Leng Qingzhu's master, and it was also the most important token of Leng Qingzhu's completion of this trial.

As long as Leng Qingzhu took this stone tablet back, it meant that she had completed this trial, and Ye Feng could also get his own reward.

At this moment, Ye Feng naturally did not hesitate at all. He took the stone tablet hanging on the mahogany shelf in his hand and prepared to take it away directly.

But just when Ye Feng picked up the stone tablet.

Boom! !

The whole room suddenly shook violently, and the sound resounded throughout the sky, alarming the entire City Lord's Mansion.

"Not good!"

Ye Feng's face changed immediately, and he said: "This is a hidden warning formation. I got this stone tablet and triggered the warning formation, which caused the entire City Lord's Mansion to move."

At this moment, Ye Feng immediately took the Bull-Headed Demon and directly operated the space wormhole, leaving the scene and the City Lord's Mansion in an instant.

But at this moment, not far away, Ye Feng had already seen that countless powerful beings in the City Lord's Mansion were chasing him.

Including the extremely terrifying super strong man, the City Lord, also locked Ye Feng with his divine thoughts in an instant, and made an angry voice: "Which thief dared to steal the treasure of this City Lord? Give me your life!"

Chapter 5613 Blockade

At this time, the city lord of this chaotic city immediately locked Ye Feng's aura with terrifying suspense, trying to catch Ye Feng, the thief who stole the ancient stone tablet, and kill Ye Feng on the spot.

At this time, Ye Feng felt this huge spiritual thought that could not be dispelled at all, and his eyes suddenly became depressed.

Because if he is locked by the city lord of this chaotic city, he will definitely not be able to escape.

At this time, the bull-headed demon standing aside suddenly said: "I'm going to fight this city lord to free him from the spiritual lock on Master Ye Feng."

Hearing what the bull-headed monster said, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect that the bull-headed monster would take the initiative to request a fight.

At this moment, Ye Feng immediately nodded and said: "Okay, if you can help me get rid of the city lord of this chaotic city, your benefits will definitely be great in the future. If I can get some recovery in the future, The cultivation resources for your cultivation will definitely be provided to you first."

Hearing what Ye Feng said, the bull-headed demon became even more motivated. He immediately nodded and said, "Thank you, sir, for the reward."

At this moment, the bull-headed demon didn't hesitate at all, and directly burst out with an extremely powerful and majestic momentum, and immediately rushed towards the direction where the city lord of Chaos City was chasing him not far ahead.

Although the bull-headed demon has not regained its strength in its heyday, it is still a demon from ancient times and is very powerful.

At this moment, the demonic energy he erupted covered almost half of the sky, sealing off the entire space, making it impossible for the city lord of this chaotic city to lock onto Ye Feng with his spiritual thoughts.

At this moment, Ye Feng continued to use the space wormhole and fled the scene in an instant.

At this time, the bull-headed demon started fighting with the city lord of Chaos City.

The city lord of Chaos City immediately spoke out very angrily: "You, an ancient demon, actually serve as a subordinate to such a weak young man. You really lose the face of the ancient demon."

The bull-headed demon was unmoved, just laughed and said loudly: "You don't understand the true potential of my lord at all."

Boom!

At this moment, a terrifying roar suddenly erupted on the field, and an extremely chaotic battle took place.

At this time, Ye Feng took advantage of the chaos and left the scene.

At this moment, after Ye Feng left the scene, he flew directly towards an inn in the city and found Leng Qingzhu directly.

When Ye Feng entered Leng Qingzhu's room, he immediately said: "The ancient stone tablet is here, I have found it."

When Ye Feng took out the ancient stone tablet, Leng Qingzhu immediately revealed a deep look of joy in his beautiful eyes. He even couldn't help but hugged Ye Feng and said loudly: "Ye Feng, You are so awesome!"

At this time, Ye Feng just said anxiously: "Don't worry about so much for now, let's grab the ancient stone tablet and leave the city of chaos overnight."

Hearing what Ye Feng said at this moment, he sensed the direction of the city lord's palace not far away, and there seemed to be a huge roar. Leng Qingzhu knew that something big must have happened and chaos had occurred.

At this time, Leng Qingzhu didn't ask any questions. He completely trusted Ye Feng and simply put the ancient stone tablet into his storage ring. Then he followed Ye Feng and left the inn, flying quickly outside the city of chaos.

But when they came to the edge of the City of Chaos, they suddenly discovered that the entire City of Chaos had been completely enveloped by a formation.

Moreover, the fully armed guards of the City of Chaos, all wearing heavy armor and holding extremely powerful black iron weapons, surrounded the entire edge of the city and did not allow anyone to leave the city.

"Um?"

Seeing this scene at this time, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that the city lord of this chaotic city would move so fast.

At this time, Ye Feng looked at Leng Qingzhu beside him and said: "If we force our way in, we will probably be discovered by the city lord of the city of chaos again. The city lord of this city of chaos is too powerful. It's simply not something we can fight at the moment."

Leng Qingzhu nodded and said loudly: "Then let's stay in the city for the time being. This city of chaos has such a large area and hundreds of thousands of residents. Even if the city lord's palace wants to search us, it will definitely take a long time, and we will find a way to get out when the time comes."

Hearing what Leng Qingzhu said, Ye Feng could only nod and followed Leng Qingzhu back to the inn.

The next day, Ye Feng naturally did not hesitate at all. He secretly wanted to contact the woman in the red dress in the city lord's mansion through his spiritual thoughts and ask the woman in the red dress to let him and Leng Qingzhu go out.

This woman in red dress is one of the top ten stewards in the entire city lord's palace, so she should have these rights.

But just when Ye Feng disguised himself as a member of the City Lord's Mansion and sneaked into the City Lord's Mansion, he suddenly discovered that the woman in the red dress had been imprisoned in the prison.

This made Ye Feng's eyes suddenly show surprise. Apparently, the woman in the red dress summoned everyone at that time and held a meeting not far away. As a result, the ancient stone tablet in the city lord's palace was stolen. Therefore, the woman in the red dress today has been suspected and temporarily imprisoned in a prison. There is no way to provide help to Ye Feng.

Seeing this scene, Ye Feng had no choice but to leave temporarily and return to the inn.

At this moment, Ye Feng walked into the room. Leng Qingzhu asked about Ye Feng's situation. Ye Feng shook his head and said loudly: "The woman in the red dress has been suspected and is temporarily imprisoned. She probably can't be counted on."

Hearing what Ye Feng said, Leng Qingzhu nodded and said, "It seems that the two of us can only stay in this inn for the time being."

After finishing speaking, Leng Qingzhu suddenly showed a relaxed smile on his face and said: "Don't worry, it will take a long time for the City Lord's Mansion to search all the residents and inns in the entire chaotic city. This period Time, we might as well study together in this inn about the peerless inheritance left by my master on the ancient stone tablets."

Hearing what Leng Qingzhu said, Ye Feng nodded, smiled and said: "Okay, since there is nothing else to do now, it is very meaningful to understand the peerless inheritance left by your master. It's okay, but I can't understand the words on that ancient stone tablet."

Leng Qingzhu smiled and said, "I can understand."

"Um?"

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes.

At this time, Leng Qingzhu smiled and said: "My master taught me this kind of writing. She said that it is a universal writing in the world and a writing that belongs to the higher world outside the territory."

Hearing what Leng Qingzhu said, Ye Feng's eyes lit up and he said: "Then let's learn it together. If we can learn more powerful inheritance, our comprehensive strength will also be improved. It will be helpful to us when the time comes. Leaving the confinement of this chaotic city also helps."

Chapter 5614 Vision Picture

At this time, Ye Feng saw it, and Leng Qingzhu took out the ancient stone tablet belonging to her master.

After Leng Qingzhu watched it carefully, he immediately translated this set of inherited texts to Ye Feng.

Immediately, there was a look of surprise in Leng Qingzhu's eyes, and he couldn't help but said: "The inheritance imprinted on the surface of this ancient stone tablet is called 'Visions of Rivers, Seas, Mountains and Rivers'. This set of inheritance is very rare. The inheritance of visions and successful cultivation can allow practitioners to gain the majestic power of rivers, seas and mountains, but this set of inheritance does not seem to be the inheritance of my master. "

Hearing what Leng Qingzhu said, Ye Feng just smiled and said: "Whatever, whether it is your master's inheritance or not, since it is your master's seal engraved on this ancient stone tablet, it means that this inheritance It must be very powerful. It must be a powerful inheritance from the world of higher cultivation dimensions in the Great Thousand World. Once we practice, we will definitely be able to greatly improve our strength. This should be the extra for this trial mission given to you by your master. Welfare."

Hearing what Ye Feng said, Leng Qingzhu immediately nodded, smiled and said: "Okay, then let's start to understand this set of strange phenomena of rivers, seas, mountains and rivers."

At this moment, Ye Feng immediately nodded and began to comprehend.

Leng Qingzhu's comprehension ability is naturally not as good as Ye Feng's, but it is still very good.

In just two days, a vision of mountains and rivers appeared behind Ye Feng, with surging rivers, roaring oceans, majestic mountains, and turbulent rivers.

This set of vision inheritance is indeed very good.

After Ye Feng succeeded in practicing, he could feel that once he used this set of inheritance of visions of rivers, seas, mountains and rivers, he would be able to gain the majestic power of nature.

At this moment, Leng Qingzhu's eyes showed sighs, staring at the strange scene of rivers, seas, mountains and rivers behind Ye Feng, and said loudly: "Ye Feng, your ability to comprehend is really amazing. I feel like I have comprehended several times." Queen Tian has only slightly grasped some of the initial secrets of this inheritance, but Ye Feng has completely mastered it, and has even been able to condense the four visions of this inheritance in the void behind you."

Hearing what Leng Qingzhu said, Ye Feng just smiled slightly and said: "I have successfully cultivated it, so you don't need to continue to study hard, I will teach it to you directly."

Uh-huh!

At this moment, Ye Feng stretched out a finger and instantly touched Leng Qingzhu's white forehead.

Buzz!

In the next moment, a huge secret of cultivation was injected into Ye Feng's mind.

At this moment, Leng Qingzhu has obtained this set of inheritance secrets that he has fully understood, and immediately Leng Qingzhu can fully display this set of strange phenomena of rivers, seas, mountains and rivers.

At this moment, the two of them used this set of visions together, condensing a huge vision map of rivers, seas and mountains, which was very powerful.

At this time, Ye Feng's eyes suddenly moved and he said loudly: "Miss Leng, do you think that after we performed this set of visions of rivers, seas, mountains and rivers together, the vision picture formed seems to be the same as the one in the exile? This area of the sea is quite similar?"

Hearing what Ye Feng said, Leng Qingzhu also had a look of surprise in his eyes.

Immediately, Leng Qingzhu also carefully watched the strange picture formed by the set of inheritance performed by the two people, and immediately said in shock: "It seems so, we have used this set of strange phenomena of rivers, seas, mountains and rivers." This vision map formed after the elephant feels like a treasure map. Could it be that this set of inheritance imprinted on this ancient stone tablet is not only a The method of cultivating visions, or a treasure map? The real purpose of my master is to give me a huge opportunity, and whether I can get this opportunity depends on whether I can get this piece of ancient times. The stone tablet, and after understanding the set of visions of rivers, seas, mountains and rivers engraved on the ancient stone tablet, my master painted the treasures in this set of inherited visions of the ancient stone tablet. "

Hearing what Leng Qingzhu said, Ye Feng nodded and said with a smile: "Your master is really a strange person. He actually took such a big detour to hide the benefits for you in this ancient

world." This set of inheritance engraved on the stone tablet I have really put a lot of thought into it. It seems that your master really values you very much and has high expectations for you. I hope you can unlock the little secrets she left behind in this ancient stone tablet. The secret is this visionary picture."

Hearing what Ye Feng said at this moment, Leng Qingzhu nodded and said: "The place where my master really wants me to go should be the final place guided by this vision map, that final place. There must be something incredible."

Ye Feng nodded, with a sigh of relief in his eyes, and said loudly: "Your master is really good at beating around the bush."

Leng Qingzhu said with a smile: "Fortunately, we were trapped in the city and had nothing to do, so we happened to practice the inheritance on this set of stone tablets. Otherwise, if we were anxious to bring the ancient stone tablets back, it might represent my trial. failed."

Hearing what Leng Qingzhu said, Ye Feng shook his head and said: "Since your master has clearly told you that as long as you bring back the stone tablet, you will complete the trial mission. It means that if you go back with the stone tablet, you should It can be considered as completing the trial, but it's just that I haven't reached the level of your master. The greatest expectation is that the final location guided by this vision map should be regarded as an extra benefit given to you by your master. It is a small thought buried by your master. You can find the best, which is an additional gain. If you find No, I guess your master won't say anything more."

Hearing what Ye Feng said, Leng Qingzhu couldn't help but nodded and said loudly: "If it weren't for you, Ye Feng, this time, even if I completed the trial, I wouldn't be able to discover the secret hidden in the stone tablet. It will also disappoint Master."

Ye Feng smiled and said: "Let's go to the place guided by the vision map of rivers, seas, mountains and rivers to see what surprises your master has left for you. I think your master comes from a higher level outside the territory. In the vast world, what she leaves behind for you in the final place must be very extraordinary."

Leng Qingzhu nodded, with a hint of expectation in his eyes.

But then, Leng Qingzhu spoke up and said: "But now the entire city of chaos is still blocked, and it is difficult for us to get out. The main function of this set of visions of rivers, seas, mountains and rivers is to provide us with a map of the final place. In fact, its power is also It's not as big as expected, and it doesn't seem to have much effect on improving our strength."

Ye Feng said out loud at this time: "It has been two days, and the people from the City Lord's Mansion have not searched the inn where we live. I think the City Lord of the City Lord's Mansion does not dare to offend all the residents in the entire city, for fear of It has caused public outrage and it is unlikely that we will search every house. Let's go out of the inn now and see what's going on outside."

Chapter 5615 Deep Sea Area

At this time, Ye Feng and Leng Qingzhu walked out of the inn cautiously, wanting to see what the situation was like outside.

When they walked outside the inn to the middle street of the city, they suddenly discovered that they did not see the guards sent out from the city lord's palace to search each house.

"Um?"

Seeing this scene, the two looked at each other and saw a look of surprise in each other's eyes.

It seemed that he didn't expect that there was not a single guard outside.

At this time, Ye Feng saw a passerby and couldn't help but asked: "Hello, may I ask, something big seems to have happened in the city lord's mansion a few days ago. House by house was searched. Why can't we see those guards coming to search now? "

Hearing what Ye Feng said, the passerby couldn't help but shake his head and smile, and said loudly: "Those people in the City Lord's Mansion are used to being domineering, do they really think that the entire city of chaos belongs to their City Lord's Mansion? It's just that a few of them are powerful and have become the controllers of the chaotic city on the surface. In fact, the entire city In the city of chaos, there are various factions and all kinds of extremely powerful wandering warriors, which are beyond the control of the city lord's palace. Therefore, their search only lasted for half a day, and they did not dare to continue the search for fear of causing public anger. Sometimes someone takes the lead in rebellion and may overthrow their city lord's palace. "

Hearing this passerby say this at this moment, both Ye Feng and Leng Qingzhu saw a look of joy in the other's eyes.

Unexpectedly, the city lord's palace sent people to search and the search had been stopped long ago.

At this time, Ye Feng and Leng Qingzhu walked directly towards the gate of Chaos City.

They found that the entire gate had returned to normal access.

Seeing this scene, Ye Feng couldn't help but smile and said: "I guess the people in the City Lord's Mansion don't dare to offend all the residents and wandering warriors in the entire chaotic city too much, for fear of their apparent status as City Lords. Everyone will be threatened, so they simply let go of the entire Chaos City's guard."

Leng Qingzhu nodded and said with a smile: "We can leave the city of chaos easily now. We don't have to think of ways to get out at all."

Ye Feng nodded, and left the city of chaos with Leng Qingzhu without any effort.

At this moment, when they walked out of the city of chaos, their eyes suddenly showed deep joy.

This time, it can be said that they found the ancient stone tablet very smoothly and left the city of chaos.

At this moment, Leng Qingzhu looked at Ye Feng in front of him and couldn't help but said: "Anyway, I still want to thank you Ye Feng this time. If it weren't for Ye Feng, you could perfectly disguise yourself as a member of the City of Chaos and sneak in." In the City Lord's Mansion, I definitely wouldn't have been able to get this ancient stone tablet so quickly. And if it weren't for Ye Feng's incredible speed in comprehending that visionary picture, we wouldn't have been able to find out what my master had done. This little surprise and little secret I left behind."

Hearing what Leng Qingzhu said, Ye Feng immediately nodded, and then said expectantly: "Let's quickly follow the direction in the vision map and head towards a certain area of this sea of exile. Fly away quickly, I am very much looking forward to you now. Master has spent so much effort and taken so many detours to specially mark a place in the inheritance vision map engraved on this ancient stone tablet. What exactly does this place have? What?"

Leng Qingzhu couldn't help but nodded, and said expectantly: "What Master left for me must be very extraordinary, and both of us can benefit from it."

At this moment, after Ye Feng and Leng Qingzhu finished talking, they immediately flew towards the sea area guided by the vision map, hoping to see what Leng Qingzhu's master had left for Leng Qingzhu as soon as possible. surprise.

The sea was extremely wide, and the two of them were very fast. They soon reached the destination guided by the set of inheritance vision diagrams engraved on ancient stone tablets.

At this moment, Ye Feng looked around and found that there was nothing around him, only the endless ocean, the sky had become a lot darker, and there was not even an island.

Ye Feng couldn't help but said: "This is already the deep sea area of the Sea of Exile. There is no one passing by around. It is inaccessible. It is estimated that the extremely powerful wandering warriors will not dare to enter this deep sea area."

At this moment, Leng Qingzhu couldn't help but nodded and said aloud: "When I flew here just now, I could occasionally see the figure of a huge sea monster with a body like a mountain, swimming deep in the ocean. However, there are even deep sea monsters here, so we must be careful."

Ye Feng nodded.

This is the deep sea area of the Sea of Exile. It is indeed very depressing. The sky is dark, the sea is endless, and the bottom of the sea is infinitely deep, giving people a very terrifying sense of depression.

At this moment, the two of them continued to use the inheritance they had learned before and condensed the vision map again.

At this time, the two of them followed the guidance of the vision map and finally arrived at the final place of the vision map.

There is a huge ocean whirlpool here, several kilometers wide, spinning rapidly, like a huge ocean abyss. Anyone who gets close to this ocean whirlpool will be sucked into it.

"Um?"

Seeing this scene, Leng Qingzhu's eyes showed a look of surprise, and he asked: "Ye Feng, I don't see anything here."

Ye Feng stared at the huge and deep ocean vortex not far away, and said: "Since your master has taken such a big detour to lead us here, it seems that you have a little surprise for you, and the opportunity for you may be under this huge ocean vortex."

Hearing what Ye Feng said, Leng Qingzhu stared at the huge ocean vortex not far away, and said: "There may be great danger under this ocean vortex."

Ye Feng smiled and said: "Anyway, since we are here, let's go down and take a look."

Swish!

Ye Feng's body strength is very strong. This kind of ocean vortex is enough to crush a sea beast in an instant, but Ye Feng is not afraid.

Ye Feng rushed directly into the ocean vortex.

Seeing this scene, Leng Qingzhu immediately released the body shield to protect himself, and then followed Ye Feng's back and rushed into the ocean vortex.

The next moment, when the two entered the ocean vortex and sank, they suddenly found that this ocean vortex was not as scary as they imagined. It did not cause much harm to the practitioners, but it looked very deep and scary.

At this moment, after Ye Feng and Leng Qingzhu sank into this ocean vortex, they came to the bottom of the sea and immediately saw a huge and dilapidated gate in the sea.

Behind this gate was a group of dilapidated ancient buildings, which seemed to be an underwater relic.

Chapter 5616 Space Vortex

Although these ancient buildings are all dilapidated, the entire seabed looks extremely dilapidated.

But it can still be seen that this place must have been a very glorious undersea civilization back then, but now it has become a ruins of undersea civilization.

At this moment, Leng Qingzhu seemed to have seen something, and couldn't help but point to a certain direction not far away, and said loudly: "Ye Feng, look, the surfaces of these dilapidated buildings are all engraved with the symbols of the ancient dragon clan. Literally, this should be the ruins of a lost dragon palace under the sea."

Hearing what Leng Qingzhu said, Ye Feng immediately nodded and said loudly: "The place your master led us to should be the ruins of the Dragon Palace that have been lost for many years. This ruins of the Dragon Palace should be There are good things, let's go in and take a look."

At this moment, Leng Qingzhu also nodded, and Ye Feng walked directly through the broken gate and entered the ruins of the ancient Dragon Palace.

Buzz!

At this moment, Ye Feng exuded his huge soul power and covered the surrounding area.

Ye Feng first sensed that there were energy fluctuations in a dilapidated building not far away.

Uh-huh!

Ye Feng flew over immediately, and Leng Qingzhu followed him instantly.

Leng Qingzhu knew very well that Ye Feng's perception was very powerful and he could often discover good things immediately.

At this moment, Ye Feng and Leng Qingzhu came to a dilapidated palace.

At this time, the energy fluctuations Ye Feng sensed were in this dilapidated palace.

At this moment, Ye Feng and Leng Qingzhu walked in directly.

The moment they walked into this dilapidated palace, they immediately saw a dragon sculpture completely carved out of crystal.

At this moment, this dragon sculpture exudes a faint light. Ye Feng can sense that this dragon sculpture should be carved from ancient ocean crystals, which contains the ocean energy of ocean crystals.

At this moment, Ye Feng directly released the Devouring Domain and absorbed the ocean spiritual energy in the sculpture.

But there is not much energy in it, and it seems that almost all of it has been lost in the distant years.

Therefore, Ye Feng's absorption of the ocean crystal energy in this sculpture did not make a qualitative breakthrough in his cultivation, but only increased his skill.

After sensing all this, Ye Feng's eyes suddenly showed a look of astonishment, and he said: "Many years must have passed here, so even the energy in this ocean crystal has disappeared a lot. "

Leng Qingzhu nodded, and then the two of them walked out of the dilapidated palace and explored other directions of the building complex.

But for the next few hours, after they almost explored the entire Dragon Palace ruins, they found no very precious treasures, only some broken artifacts left over from the past, or cast from ocean ores that had lost most of their energy. Some sculptures are of merely commemorative value.

This made both of them very stunned and confused.

Ye Feng couldn't help but said: "There doesn't seem to be any special good things in this Dragon Palace ruins, they are all very ordinary things."

Leng Qingzhu also nodded and said in confusion: "My master has spent so much effort and taken so many detours to lead us here. Is it just to give us a tour of the ruins of the Dragon Palace? I Master shouldn't be so boring."

Hearing what Leng Qingzhu said, Ye Feng also frowned and said loudly: "Your master cannot be so boring and lead us here, but your master really likes to play this kind of twists and turns. Let people solve the puzzle."

At this moment, after Ye Feng finished speaking, he seemed to have thought of something. Suddenly an idea flashed in his mind and he said: "Maybe we need to use the inherited vision on that ancient stone tablet to induce some changes. "

Hearing what Ye Feng said, Leng Qingzhu's eyes suddenly lit up, and he said loudly: "It makes sense! This inheritance vision may not only be a map that leads us here, but it may also be able to cause this dragon palace. The 'key' for a certain kind of special change in the ruins."

At this moment, after Leng Qingzhu finished speaking, he and Ye Feng began to display the vision of rivers, seas, mountains and rivers that they had learned from that ancient stone tablet.

Buzz!

At this moment, a shadow of mountains and rivers appeared behind the two of them.

And at the moment when the two people displayed this set of visions of rivers, seas, mountains and rivers.

Sure enough, the entire vision and the surrounding Dragon Palace ruins environment suddenly began to echo.

Boom!

At this moment, the entire Dragon Palace ruins began to shake rapidly under the ocean.

"Uh-huh!"

The next moment, a huge stone gate suddenly flew out from a certain area inside the ruins of the Cold Palace.

In this stone gate, a space vortex began to appear, forming what seemed to be a space passage.

"This is a space vortex!"

At this time, Leng Qingzhu's eyes immediately lit up.

Ye Feng couldn't help but said: "This space vortex should be connected to an independent space. It seems that the little surprise your master left for you is in the independent space that this space vortex leads to. among."

Hearing what Ye Feng said, Leng Qingzhu immediately couldn't help but smiled bitterly and shook his head, saying: "My master's assessment of me is not only an assessment of strength, but also an assessment of my IQ. Fortunately, I met someone like Ye Feng who not only has strength but also wisdom. Otherwise, I would definitely not be able to solve the little secret left by my master on this ancient stone tablet."

Hearing Leng Qingzhu say this at this moment, Ye Feng smiled slightly and said: "Let's go, let's enter the space vortex in the middle of this stone door and see what's inside."

Leng Qingzhu also nodded, with a look of expectation in his eyes, and followed Ye Feng, and walked directly into this space vortex.

Buzz!

When the two walked into this space vortex, accompanied by a violent space fluctuation, the two felt dizzy and subconsciously closed their eyes.

The next moment, the two opened their eyes again and found that they had come to an independent space.

This space is not large, but a huge dragon sculpture with a height of tens of thousands of meters has been built inside.

On the top of the dragon sculpture, there is a huge jade tray.

On this jade tray, there is an ancient book quietly placed.

In addition, in the bloody mouth of this huge dragon sculpture, there is a golden dragon ball emitting a dazzling light like a golden sun.

Seeing this scene at this moment, Leng Qingzhu immediately said excitedly: "Huh? This sculpture is an ancient dragon sculpture! Could it be that the ancient book is the legendary inheritance of the dragon clan!"

At this moment, Ye Feng stared at the golden dragon ball emitting a dazzling light inlaid in the bloody mouth of the dragon sculpture.

Because Ye Feng sensed that this golden dragon ball was definitely a dragon ball of an ancient dragon, which contained a terrifying dragon energy like a vast ocean!

Chapter 5617 Deep Sea Monster

At this moment, Ye Feng and Leng Qingzhu naturally took out all the books on the dragon sculpture and the golden dragon ball inlaid in the mouth of the blood basin without any hesitation.

At this moment, Leng Qingzhu looked at the book in his hand, and couldn't help but his eyes lit up, and he said loudly: "This is indeed a peerless inheritance of the Shenlong clan. It is called the Shenlong True Body Art. After it is successfully practiced, it can make us all The body instantly becomes the true form of the divine dragon, possessing the power of the ancient divine dragon. However, if you want to practice this set of inheritance, you must assist with a drop of the ancient dragon's blood and integrate it into your body before you can practice this set of inheritance. "

Hearing what Leng Qingzhu said, Ye Feng smiled slightly, pointed to the golden dragon ball in his hand, and said loudly: "Look, there are two drops of golden blood in this golden dragon ball. It should be the blood of the ancient dragon. You Master has made arrangements, give you a drop of dragon blood, give me a drop of dragon blood."

Hearing what Ye Feng said, Leng Qingzhu's eyes suddenly showed surprise, and then he couldn't help but shook his head and smiled, and said loudly: "It seems that all our actions are in my master's plan. However, since the master Zundu has planned this, so let's quickly practice this set of Shenlong True Body Techniques."

At this moment, Ye Feng nodded, and Leng Qingzhu took out a drop of golden dragon blood from the golden dragon ball, integrated it into his own body, and began to practice this set of Shenlong True Body Techniques.

With the support of a drop of dragon blood each, the two of them practiced this set of Shenlong True Body Techniques naturally very quickly.

In less than half a day, the two of them had successfully practiced this set of Shenlong True Body Techniques.

Buzz!

At this time, Ye Feng used this set of Shenlong True Body Technique, and he was directly on the spot. His entire body began to change, and it expanded directly into a golden dragon with fangs and claws, possessing the power of an ancient dragon.

At this moment, seeing that Ye Feng could turn into a golden dragon, Leng Qingzhu's eyes showed admiration and said: "I have only initially sensed the secret of this inheritance, and I should only be able to condense it for the time being. The shadow of a golden divine dragon, but I didn't expect Ye Feng to be able to turn yourself into a golden divine dragon. This is really incredible."

At this moment, Leng Qingzhu was once again amazed at Ye Feng's comprehension ability.

At this time, Ye Feng turned into his human form again, smiled and said: "This inheritance is indeed very powerful. When I turned into a golden dragon just now, I felt that I had the power of an ancient dragon. "

Hearing what Ye Feng said at this moment, Leng Qingzhu nodded and said loudly: "This is the real powerful inheritance left to us by my master, and it is the peerless skill of the ancient dragon clan."

At this moment, Ye Feng looked at the golden dragon ball in his hand and said, "This golden dragon ball also contains very rich pure dragon essence. After I swallow it, it will definitely make a breakthrough in my cultivation."

Hearing what Ye Feng said, Leng Qingzhu naturally knew what Ye Feng meant. He immediately nodded with a smile and said, "Ye Feng, just swallow this golden dragon ball. I don't need it."

Hearing what Leng Qingzhu said, Ye Feng nodded, no longer hesitated, and directly started to devour the powerful dragon essence in this golden dragon ball.

"Rumble..."

At this moment, huge amounts of high-level dragon energy were injected into Ye Feng's dantian.

Ye Feng could immediately feel that his skill had increased tremendously.

The cultivation aura on Ye Feng's body began to break through rapidly at this moment.

boom!

The second level of Tianshou Realm!

boom!

The third level of Tianshou Realm! !

At this time, Ye Feng's cultivation directly broke through two heavens on the spot and entered the third heaven of Tianshou Realm.

Ye Feng could feel at this moment that his skill had increased tremendously at this moment.

At this moment, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "It is indeed the golden dragon ball born in the body of the ancient dragon. The dragon energy power contained in it contains a trace of the ancient dragon's power. Divine power, a small dragon ball, suddenly made my cultivation reach two levels. It is really a supplement. "

At this time, Leng Qingzhu smiled and said: "Ye Feng, your talent of devouring the power of the outside world and using it for yourself is really unheard of. Even if the master knows this ability, I am afraid he will be amazed. Bar."

At this time, Ye Feng just smiled and said: "Now that everything here has been obtained, we can leave here directly."

Leng Qingzhu nodded and said loudly: "This time we came to the Sea of Exile, it has been delayed for a long time. Now that we have unlocked even the little surprise left by Master, then we have got it. It's time to go back. As long as I bring this ancient stone tablet back, I will have completed the master's trial, and I have also received the peerless inheritance left by the master, the Shenlong True Body Technique. The master will definitely treat me if he knows it. Much appreciated."

At this moment, Leng Qingzhu said that he and Ye Feng left this independent small space.

Through the space vortex, the two came to the ruins of the Dragon Palace outside.

Uh-huh!

But before they could leave the ruins of the Dragon Palace, a huge behemoth suddenly wandered over from the deep sea.

This huge creature, with black flames burning all over its body, has a dragon's head and a turtle's body. It is several thousand meters long and looks extremely ferocious.

"This is a deep-sea monster!"

At this time, Leng Qingzhu saw this huge monster and immediately showed a look of surprise in his eyes. He said aloud: "It seems to be the legendary Demon Flame Dragon Turtle, which is the well-deserved evil beast overlord in the deep sea area and has a very powerful cultivation power! However, this Demon Flame Dragon Turtle does not seem to be as huge as the one I introduced in the book. It should be a Demon Flame Dragon Turtle that has not yet entered the mature stage, but it is also very terrifying. Just the momentum emanating from its body makes me feel a sense of oppression."

At this moment, when Leng Qingzhu was talking, this Demon Flame Dragon Turtle had already swam. He swung in front of the two of them, his scarlet eyes emitting greedy light. He stared at the two of them and said, "I can sense the intoxicating scent of ancient dragon blood emanating from you. It seems that you have all obtained the treasures of the ancient dragon clan and fused with the blood of the ancient dragon. As long as I eat you, I can evolve my life level and even be reborn! Hahahaha, I have been observing this ancient dragon palace ruins for so many years and found nothing. Today, I finally waited for you two, the destined people, and obtained the blood and treasures left by the ancient dragon, but now everything will become mine!"

Chapter 5618 Suppression

At this time, after the Demonic Flame Dragon Turtle finished speaking, he directly used his huge body to suppress Ye Feng and Leng Qingzhu. He wanted to directly suppress the two people with his huge mountain-like body. And die.

boom!

At this moment, Leng Qingzhu immediately used the Void Sword Technique, and the long sword in his hand directly erupted with streaks of Void Sword Light, slashing forward, cutting large swaths of seawater into pieces.

However, these sword lights struck the body of the Demon Flame Dragon Turtle, and were all blocked by the shell of the Demon Flame Dragon Turtle, leaving no trace on the shell at all.

The shell of this Demonic Flame Dragon Turtle is as if it is made of divine iron. It is extremely strong and can withstand very terrifying damage.

"What??"

Seeing this scene, Leng Qingzhu's eyes suddenly became extremely ugly, and he couldn't help but said: "The shell of this Demon Flame Dragon Turtle is too hard, and there is no way to hurt it."

At this moment, the Demon Flame Dragon Turtle immediately burst into laughter and said loudly: "Two young people dare to fight with me? Your final fate is to be eaten by me."

At this moment, Ye Feng rushed forward and punched out hard.

Ye Feng exploded with the power of the Immortal Body of the God, and his golden fist had an indomitable and terrifying destructive power, directly colliding hard with the shell of the Demon Flame Dragon Turtle.

Boom! !

Along with a huge roar, Ye Feng was immediately shaken back more than ten steps.

But the huge body of the Demon Flame Dragon Turtle stood motionless, standing there like a mountain, unable to collapse no matter what.

The Demon Flame Dragon Turtle immediately burst into laughter and said loudly: "Boy, you and your companions should stop trying to resist. Your fate is to be eaten by me."

boom!

At this time, the Demonic Flame Dragon Turtle directly opened its bloody mouth, intending to swallow the two of them directly, and then refine the dragon's blood fused in their bodies.

At this moment, Ye Feng did not hesitate and directly used the powerful and peerless inheritance of the Dark Empire, the Dark Emperor Kung Fu.

Boom!

At this moment, Ye Feng immediately turned into a huge black giant, with the power of the first generation of ancient dark emperors.

At this moment, Ye Feng turned into a black giant, and then punched out one after another.

At this moment, Ye Feng possesses the true power of the first-generation Dark Emperor. The power of each punch is naturally terrifying to the extreme, knocking the Demon Flame Dragon Turtle back more than ten steps.

"What?"

After seeing all this, the Demon Flame Dragon Turtle's eyes suddenly widened.

This giant beast from the deep sea was shocked by the power of Ye Feng's extremely powerful body.

At this moment, the Demon Flame Dragon Turtle immediately opened its bloody mouth and spat out a black beam of light, which had extremely terrifying burning power.

At this moment, Ye Feng did not hesitate at all and directly used the unique inheritance of the Shenlong clan that he had just learned before, the Shenlong True Body Art.

Boom!

At this moment, Ye Feng turned into a golden dragon. It had a special bonus in the ocean. He stretched out a golden dragon claw that looked like it was made of gold steel and struck hard. It's onto this Demonic Flame Dragon Turtle.

At this moment, Ye Feng used this set of Shenlong True Body Techniques to suppress the deep-sea monsters like the Demonic Flame Dragon Turtle with dragon blood. He directly knocked the Demonic Flame Dragon Turtle to the bottom of the sea. among.

At this moment, the Demon Flame Dragon Turtle couldn't help but widen his eyes, and said in horror: "How is it possible?? You have succeeded in practicing the peerless inheritance of the ancient dragon clan in such a short period of time. , this is impossible!"

At this moment, the Demon Flame Dragon Turtle clearly felt that after Ye Feng used the Shenlong True Body Technique, his bloodline was naturally suppressed, and the damage to him became even greater.

At this moment, Ye Feng also had a look of surprise in his eyes. He didn't seem to expect that after using the Shenlong True Body Technique, he turned into a golden Shenlong, which would have a huge suppressive effect on the ancient evil beasts with dragon bloodline.

At this time, Ye Feng immediately burst into laughter and said loudly: "Devil Flame Dragon Turtle, this time you were smart but you were fooled by your cleverness. You wanted to eat us and fuse the dragon blood in us, but you didn't expect that you He will also be restrained by the dragon bloodline."

At this moment, Ye Feng continued to use the Shenlong True Body Technique, turning into a golden dragon with a length of tens of thousands of meters, completely inflicting heavy damage on the Demon Flame Dragon.

The Demon Flame Dragon Turtle was so frightened that it wanted to run away.

But at this time, Leng Qingzhu had already ambushed him on the escape route.

Uh-huh!

At this moment, Leng Qingzhu directly performed the Endless Void Sword Technique, and his whole body was directly integrated into a terrifying Void Sword Qi. In an instant, with a "puff", it penetrated the head of the seriously injured Demon Flame Dragon Turtle.

Although the shell of this Demonic Flame Dragon Turtle is very strong, its head is very fragile. It was seriously injured when Leng Qingzhu suddenly made a sneak attack, and its head was pierced in an instant, killing it directly.

At this moment, Leng Qingzhu looked at this huge Demon Flame Dragon Turtle with a sigh in his eyes, and said: "I didn't expect that the Divine Dragon True Body Art has a natural suppression on this ancient giant beast with dragon blood. Otherwise, we might really be eaten by this Demon Flame Dragon Turtle today."

Ye Feng just smiled and said: "That's not the case. If you really can't beat it, I will take you away without any problem."

At this moment, after Ye Feng finished speaking, he directly activated the Devouring Domain.

Buzz!

The huge black domain directly enveloped the towering body of the Demon Flame Dragon Turtle.

Then Ye Feng directly began to devour the blood energy of the Demon Flame Dragon Turtle.

"Boom!"

At this moment, Ye Feng immediately sensed a huge amount of energy from the deep-sea giant beast, and immediately injected it into his dantian.

This Demon Flame Dragon Turtle is very powerful. Ye Feng and Leng Qingzhu cooperated to display the powerful and peerless inheritance, and finally killed this Demon Flame Dragon Turtle.

Therefore, the energy brought to Ye Feng by this Demon Flame Dragon Turtle was extremely huge, and its life force was also very vigorous.

After Ye Feng swallowed and absorbed it, his cultivation aura and power once again grew rapidly and continuously.

Boom!

Tianshou Realm Fourth Level!

Boom!

Tianshou Realm Fifth Level!

Boom!

Tianshou Realm Sixth Level!!

At this moment, Ye Feng's cultivation continued to soar, directly improving by three small levels, stepping into the Tianshou Realm Sixth Level, and his strength increased greatly!

At this time, the towering figure of an unknown deep-sea beast seemed to flash past in the depths of the deep sea, wanting to come here to see what was going on.

But they smelled the death aura of the deep-sea beast such as the Demon Flame Dragon Turtle, and they were so scared that they fled in panic, and did not dare to approach here at all.

At this moment, Ye Feng looked at Leng Qingzhu beside him, smiled and said, "Let's go, we can go back to the Red Dragon Empire."

Chapter 5619: Struggle continues

Hearing what Ye Feng said at this moment, Leng Qingzhu immediately nodded, took one last look at the entire sea area, and said with a smile: "Now that everything here is over, the opportunity that Master left for me will We have already obtained it, so we have no regrets and can leave directly."

Ye Feng nodded, and Leng Qingzhu flew directly towards the outer area of the Sea of Exile.

For the two of them, this sea of exile is not a dangerous place, but it is a place full of legends.

At this moment, after the two people left this sea area, they immediately flew quickly towards the southwest plate of the dark world, towards the direction of the Red Dragon Empire.

Because now Leng Qingzhu has to go back and hand over this ancient stone tablet to his master to complete his trial mission this time.

At this time, Leng Qingzhu was still very excited on the way back and had been discussing his future plans with Ye Feng.

For Leng Qingzhu, completing this trial and being able to go to the higher worlds outside the territory to practice with her master, this is the thing she looks forward to most.

At this moment, Ye Feng just smiled and said: "I hope you can continue to shine in the world and learn your master's true peerless inheritance. In this case, if I also go there in the future In the vast world of higher worlds outside the territory, I might be able to benefit from you."

Hearing what Ye Feng said, Leng Qingzhu's beautiful eyes immediately showed a deep smile. He couldn't help but stretched out his plain white hand, patted Ye Feng's palm, and said loudly: "Of course, We are now very close partners, and we naturally want to help each other. When the time comes, I will follow my master to the Great Thousand Worlds, and I will wait for you in the Great Thousand Worlds from now on."

Ye Feng smiled and nodded without saying anything more.

The next two people moved very fast and did not encounter any danger on the way. After all, the two people's current cultivation strength is already very strong, not to mention that Ye Feng's skills have improved so much and he has practiced so many peerless skills. A strong inheritance is naturally more powerful.

Therefore, wherever the two of them passed, no robbers or monsters dared to provoke them.

After three days and three nights, Ye Feng and Leng Qingzhu finally returned to the Red Dragon Empire.

The two returned to the underground black market in the Imperial City of the Red Dragon Empire and went directly to the underground arena.

This is Leng Qingzhu's home.

At this moment, Leng Qingzhu returned here, naturally without any hesitation, he smiled and said to Ye Feng: "Ye Feng, you will stay in our underground arena for one night, and I will take care of you." The rewards and wealth I promised you will be given to you, but now I can't wait to see my master."

Hearing what Leng Qingzhu said, Ye Feng immediately smiled, nodded, and said, "Okay."

At this moment, Leng Qingzhu directly asked a maid to take Ye Feng to arrange a private room.

After Ye Feng settled in, he soon received his reward from the maid arranged by Leng Qingzhu.

Ye Feng immediately saw that these things contained many high-level elixirs, as well as many very precious high-level energy crystals.

Seeing this, Ye Feng immediately showed a smile on his face.

It seems that after Leng Qingzhu has been with him for so long, he has a very good understanding of what he needs. All the things he has given him are cultivation resources that can directly improve his skills.

It seems that Leng Qingzhu is very familiar with Ye Feng now.

At this moment, Ye Feng naturally started to devour these cultivation resources without any hesitation.

These cultivation resources are Leng Qingzhu's personal reward for thanking Ye Feng, so they are all good things carefully selected by Leng Qingzhu. Whether they are high-end elixirs or high-end energy crystals, the energy contained in them is very powerful. .

After Ye Feng swallowed it at this moment, he could immediately feel that his skill was rapidly and continuously improving.

Ye Feng's cultivation aura also increased rapidly at the same time.

boom!

The seventh level of Tianshou Realm!

boom!

The eighth level of Tianshou Realm!

boom!

Ninth level of Tianshou Realm!

boom!

Perfection in the Tenth Level of Tianshou Realm! !

At this moment, Ye Feng's cultivation realm suddenly and continuously broke through a lot, and it suddenly skyrocketed to the realm of the tenth level of Tianshou Realm, which made Ye Feng's eyes suddenly reveal a deep look of joy.

This time Leng Qingzhu really sent himself a lot of precious cultivation resources, which made his cultivation level improve so much all at once.

Ye Feng immediately understood that Leng Qingzhu took him very seriously, and actually considered him so thoughtfully and sent him so many cultivation resources that could directly improve his cultivation skills.

At this moment, Ye Feng looked outside and saw that it was already late at night.

Ye Feng was going to take a night's rest, then leave this underground arena and return to the Dark Empire.

Because Ye Feng returned to the Dark Empire, there was another very important thing, and that was the agreement he had made with the Emperor of the Dark Empire.

After Ye Feng completed the agreement with the emperor, he was ready to report directly to the Dark Court.

After all, for Ye Feng now, the three empires are located in the southwest corner of the entire dark world, which is considered a relatively remote place.

The cultivation resources in this place are limited, and they can no longer meet the energy needed by Ye Feng's increasingly high cultivation realm.

Therefore, Ye Feng must go to the Dark God Court, the top cultivation holy place in the entire dark world, to obtain more abundant cultivation resources and more information about where there are good resources in the entire dark world.

In order to pursue stronger power and strive to enter the outer world of the world with his own strength, Ye Feng naturally has to continue to struggle and move forward.

Life is endless, struggle is endless.

...

Early the next morning, Ye Feng walked out of his room, ready to find Leng Qingzhu, bid farewell to Leng Qingzhu, and return to the Dark Empire.

However, just when Ye Feng was about to find Leng Qingzhu, a beautiful figure in a green long skirt had already flown over from not far away.

It was Leng Qingzhu.

At this moment, Leng Qingzhu's beautiful face was full of joy.

Obviously, this time, she perfectly completed her trial task and received great praise from her master.

Otherwise, Leng Qingzhu would never show such happiness.

At this moment, Ye Feng saw Leng Qingzhu flying directly towards him, with a puzzled look in his eyes, and said aloud: "I was just about to look for you, but I didn't expect you to come directly. I was going to say goodbye to you and return to the Dark Empire where I am. After that, I will go to the Dark God Court, the holy place for cultivation in the dark world, to practice."

Chapter 5620 Mysterious Master

Hearing what Ye Feng said at this moment, Leng Qingzhu immediately said: "Before you leave, you come with me first. My master said that he wants to meet you, a peerless genius. I will Everything we have experienced has been told to my master in detail. My master seems to be very interested in you and said that he did not expect that in this low-level cultivation interface, a genius as evil as Ye Feng could appear. "

"What?"

Hearing what Leng Qingzhu said, Ye Feng's eyes suddenly showed a look of astonishment. It seemed that he did not expect that Leng Qingzhu's master, this mysterious and powerful person from the higher world outside the territory, would actually treat a young man from such a small place like him. Interested, and even wanted to meet him in person.

Ye Feng thought for a moment, nodded and said with a smile: "Since your master, Miss Leng, wants to meet me, then I am naturally interested in getting to know someone like your master who comes from a higher world outside the territory." The mysterious big man."

Ye Feng knew very well that Leng Qingzhu's master could travel freely between the high world outside the territory and the low world of darkness, which meant that Leng Qingzhu's master, even in the grand world of cultivation, the high world outside the territory, could not It is definitely an

existence of extraordinary status, very powerful, otherwise it would be impossible to come and go freely, and it can even bring characters from the lower world to the higher world outside the territory easily. This is very difficult.

At this moment, Ye Feng felt that knowing such a mysterious figure might be beneficial to his future, and it could also be regarded as a connection.

Since people personally said that they wanted to meet him, Ye Feng would naturally not refuse.

At this moment, Ye Feng followed Leng Qingzhu and walked quickly in a direction deep in the underground arena.

On the way, Ye Feng couldn't help but asked: "Miss Leng, seeing how happy you are, your master should be very satisfied with the results of your trial this time."

Leng Mingming immediately couldn't help but nodded, and said with a smile: "Master is very happy that I have figured out the little secrets in the ancient stone tablets, and thinks I am very smart, but I know very well that all this It's all solved by Ye Feng, you are really my lucky star."

Hearing what Leng Qingzhu said, Ye Feng just couldn't help but smile, shook his head, and said loudly: "This time I helped Miss Leng complete the trial, and I also got huge benefits. My cultivation level increased a lot, not to mention This time, Miss Leng, the reward you gave me was very generous, and it was all what I needed. It seems that Miss Leng knows me very well now."

Hearing what Ye Feng said, Leng Qingzhu immediately smiled and said: "I hope that we can make a name for ourselves in the vast extraterritorial world of the Great World in the future."

At this time, Ye Feng asked with some curiosity: "Miss Leng, I wonder which big force in the higher world outside the Great Thousand World your master comes from?"

Hearing Ye Feng's question, Leng Qingzhu couldn't help but shook his head and said: "I don't know this either. When I was young, my master had already come to our underground arena. What kind of innate talent did she say I had?" The Holy Body of the Void is very consistent with the natal inheritance she has practiced. She inherited the same lineage, so she accepted me as a disciple. Otherwise, as a young girl in a lower world, it would have been impossible for me to be regarded as a disciple by a big shot like Master from a higher world outside the territory. Taught by personal disciples."

Hearing what Leng Qingzhu said, Ye Feng couldn't help but nodded and said loudly: "It seems that your master is really a strange person. He saw your extraordinariness when you were young."

While the two were talking, Ye Feng followed Leng Qingzhu to the deepest area of the underground arena.

There are rockeries, flowing water, palaces and pavilions everywhere here, and they look very luxurious.

At this time, Ye Feng followed Leng Qingzhu to a pavilion in this area.

At this moment, a mysterious woman wearing colorful clothes and a purple veil was standing in the pavilion with her back to the two of them.

Ye Feng looked at this mysterious woman with a noble temperament and was still very curious.

After all, the other party comes from the vast world of higher worlds outside the territory, and is a very extraordinary existence among them.

At this moment, Ye Feng couldn't help but said: "Junior Ye Feng, I have met my senior."

Hearing Ye Feng's voice, the master of Leng Qingzhu, who came from the higher world outside the territory, finally turned around slightly, revealing a pair of eyes that seemed to be able to see through everything, and stared at Ye Feng.

Buzz!

At this moment, Ye Feng only felt that the Emperor Chu in his mind was about to be seen through by this cold master.

But at this moment, Emperor Chu didn't seem to want to be disturbed, and used a special power to hide himself deeply.

This Leng Qingzhu's master did not see the mystery in Ye Feng's mind in the end.

At this moment, after Ye Feng sensed all this, he was inexplicably amazed in his heart, Emperor Chu was really powerful.

You must know that Leng Qingzhu's master is a mysterious and powerful existence from the higher world outside the territory. In the low-level interface of the entire dark world, he is definitely a god-like existence, but he still managed to escape by Emperor Chu's use of some means. After investigation, this is enough to show that Emperor Chu may be more mysterious and powerful than Leng Qingzhu's master.

At this moment, when Ye Feng was thinking about it, Leng Qingzhu's master, the mysterious woman covered with a purple veil, suddenly said: "I have heard what Qingzhu said about all of you. Encounter, you are indeed a rare talent. However, your cultivation path and my lineage are not closely connected by fate, so I cannot take you to the great world with me. in the world."

"What's the meaning?"

When Ye Feng heard what Leng Qingzhu's master said, a look of surprise suddenly appeared in his eyes.

At this moment, Leng Qingzhu beside him could not help but smile and said: "Master just wanted to meet you at first, but I told you in the middle that you are very talented and wanted Master to guide you." I will directly enter the vast world to practice with you. This is a rare opportunity in a thousand years, but Master said that everyone's destiny is different, and sometimes forcing will lead to bad endings, so she needs to take a look at you to see if you are the one who is destined to be brought directly into the world by her, but it is very difficult. It's a pity that Master said that she can't take you directly to practice in the world."

Hearing Leng Qingzhu's words, Ye Feng's eyes suddenly showed a look of surprise.

It seemed that Leng Qingzhu really valued herself, and even asked her master to see if he could take her directly to the world.

At this moment, Leng Qingzhu's master spoke slowly with an empty voice: "For some people, directly entering the world is not necessarily a good thing. What seems to be one step to reach the sky, sometimes often It will bring bad luck."

Hearing Leng Qingzhu's master say such mysterious words, Ye Feng couldn't help but smile and said: "I still feel that it is more appropriate to rely on my own strength to enter the extraterritorial higher world of the Great Thousand World. My initial plan was because I didn't want to be the weakest being when I entered the world. If I could become the strongest being in the dark world, I wouldn't be too weak when I entered the world."

Hearing Ye Feng's words, Leng Qingzhu's master nodded slightly and said: "You are extremely talented and so savvy. Your achievements in the future will be limitless. Qingzhu, this girl, can compete with you at her current age." She has had some experiences and encounters, which can be regarded as a destined fate between her and you. "
