

Ancient 581

Chapter 581 Great Opportunity

Seeing Xiao He's irritable look, Ye Feng just smiled and said consolingly: "Xiao He, your past decades are not a waste, but an accumulation. You spent decades to finally refine the magic source and let your life essence Your martial arts foundation has evolved to a very advanced level, and you have persisted for decades without giving up, and your martial arts will has become as hard as steel. I assert that your achievements will be very high in the future. I think this is very worthwhile. , many people who want to have this kind of opportunity still can't get it, and we are still young and don't have to worry about the end of our life for the time being. "

After a warrior enters the Divine Aperture Realm, all his orifices are connected to the spirit, and his body and life undergo a huge transformation. As long as he is not seriously injured and his life is in danger, under normal conditions, he can live for two to three hundred years.

When Xiao He heard what Ye Feng said, he immediately calmed down. He nodded and said: "Ye Feng, what you said is reasonable, but I found that after I refined the magic source, the killing and demonic thoughts in my heart did become more and more profound. I get angry at every turn and have murderous intentions. This is actually not good for my practice. It can easily cause me to have inner demons, and I have always turned into a human demon. Fortunately, my six-path magic is so wonderful that my six ultimate powers can suppress my inner demons for the time being. However, I plan to return to the Southern Territory this time. Once I have recovered my cultivation, I will use the teleportation array in the underworld to go to the Ten Thousand Buddhas Temple in the Western Desert to seek some Buddhist treasures to purify and refine my soul. Mo Nian, Ye Feng, you can come with me when the time comes. It is said that there are many Buddha relics in the Ten Thousand Buddhas Temple, which can greatly enhance the soul power of our soul master."

The Western Desert is the most mysterious land among the five major living areas of the human race in Longyuan Continent.

The entire land there is covered with barren desert, and you can't see any human habitation even if you travel for thousands of miles. However, in the depths of the Western Desert, there is a very mysterious and powerful overlord force, which is the Ten Thousand Buddhas Temple.

There are countless ancient Buddhist practitioners, ancient monks, Buddhas, holy masters, etc. in Wanfo Temple. It is a peaceful and peaceful overlord force. Since ancient times, it has always been in a state of seclusion, without fighting against the world, and will never go anywhere. Actively participating in any ambition or war is more Buddhist than the three major colleges on Longyuan Continent.

"It's them!"

Suddenly, Ye Feng saw several people in the tribe not far away being lifted out by barbarian soldiers.

These people were all tied up with five flowers, and their auras were sluggish. It was obvious that their cultivation had been blocked by a secret technique, and they had no power, just like ordinary people.

These people turned out to be the same people who came to the Dahuang tribe with Ye Feng before, namely Princess Lihuo, Shen Cangsheng, Hua Qianyue, Gai Wuya and others.

And it shocked Ye Feng the most

What's strange is that Huo Lao, a strong man in the martial arts holy realm of the human race, was also tied up. The old man was thrown to the ground like a slave by several barbarian soldiers. He was already half dead. He had obviously suffered huge injuries and looked very... The embarrassment.

"Even a martial arts saint like Mr. Huo was suppressed and became a prisoner of the barbarians. It is really miserable. There are so many hidden powers among the barbarians. Mr. Huo is a transcendent existence."

Ye Feng's eyes showed the slightest shock. It was really shocking that Huo Lao was captured.

It is a big deal that a strong man from the Holy Realm of the human race was imprisoned so miserably. It seems that the barbarians are really going to break up with the Lihuo Empire and have a decisive battle.

In the bushes, Xiao He's eyes suddenly moved at this time and he said: "It seems that the barbarians are not only a strong martial arts saint like King Manbei, but now there are three more holy level demon kings. This time we are hunting To kill the Barbarian North King, we must be extremely careful. If we fail, we will run away immediately without any hesitation or luck. We hope we can succeed, then we will be prosperous."

And at this time, the strong demon king from the Great Wilderness tribe in the distance spoke up, with deep disdain in his tone, saying: "King Manbei, these human ants have been killed directly, what are they still doing? "

King Manbei smiled slightly and said: "These human races are all very extraordinary. Among them are the top geniuses of the Changsheng Palace, the most beloved daughter of Emperor Lihuo, Princess Lihuo, and the old man of the Holy Realm, Mr. Huo. Senior, it will be of great use in our decisive battle with the Lihuo Empire, and it can make the Lihuo Emperor throw a rat weapon."

Among the three demon emperors, the female demon emperor of the fox clan spoke up and said with a soft smile: "King Manbei is indeed very thoughtful. He is indeed the most brave and skilled barbarian general among the barbarians. It seems that it is rumored that His Highness Manbei King After studying countless ancient military books of the human race, the rumors are true, but our most important thing now is to deal with the Immortal King and kill him completely. Emperor Lihuo and the Supreme Elders in the royal family, our Lord Demon Emperor, plus the great barbarians The senior priest and the Lord of the Blood Demon hidden in Emperor Lihuo's imperial city. The three big figures have already made plans. They can definitely kill all the powerful men in the Holy Realm of Lihuo Empire in an instant, but the Immortal King is Lihuo. The most powerful man under the emperor is the illegitimate son of Emperor Lihuo. He has entered the fourth level of the holy realm of martial arts, the holy realm of life and death. If we join forces, we will definitely defeat the King of Immortality.

It is stable, but it is very difficult to kill him completely. "

The female demon queen of the fox clan was talking at this time, and the demon emperor next to her who looked like a wise scholar smiled and said: "King Manbei, I know you want to kill the eternal enemy, King of Immortality, and seize the king of immortality. The Great Desolation Battle Map in your hand is a ninth-grade Ji Dao Saint Weapon, but you promise us not to forget it. The ancient Demon Emperor ordered you to give it to us. "

King Manbei's eyes were deep and he said: "I have already said that the ancient demon king's order was stolen by a human boy. He died in Storm Canyon. When this decisive battle is over, we will divide the wealth of the Lihuo Empire. And the territory, I will take people to search for it in Storm Canyon personally."

The strong man among the three Demon Emperors, the Demon Emperor, held the giant ax in his hand, stared at the imprisoned humans, and said with a ferocious smile: "King Manbei, I have a request. This Princess Lihuo looks very... Yes, I'll enjoy it tonight."

"brute!"

Princess Lihuo's charming face changed, and she immediately cursed in great anger. ??

King Manbei's expression remained unchanged. He looked at the strong Demon Emperor and said, "Whatever you want, just don't kill Princess Lihuo. She is still useful. As for the others, you can deal with them as you like. Anyway, except for Lihuo Princess, the other people are not of much use anymore."

The Fox Clan Banshee Queen stared at Old Huo at this time, and said with a charming smile: "Although this Old Man Huo is an old man from the human race, he is a strong man from the human race in the holy realm. He has profound skills and is a great tonic. Today I want him later, I want to suck all the holy power out of him."

The Fox Clan Banshee Queen was speaking at this time, her beautiful face charming all living beings, but her tone had a strange and frightening tone.

At this time, the scholar demon emperor looked at Hua Qianyue and said: "This girl is from the Kingdom of Ten Thousand Flowers. She practices the Three Flowers Magic Art and can gather three flowers at the top. She has very good qualifications. I will accept you as my disciple, but the price is swallowing The next demon core is to become a demon, are you willing?"

"I do!"

Hua Qianyue, the top female genius before the Changsheng Mansion, thought that she would definitely die, but she didn't expect that the scholar demon emperor took a fancy to her qualifications. Hua Qianyue immediately nodded excitedly.

Although he wants to become a monster, it is better than death. This is Hua Qianyue's inner thought. As long as he is alive, there is unlimited hope.

"Hahaha, I want to have a taste of what a noble princess of the human race like Princess Lihuo tastes like."

The strong demon king suddenly pinched Princess Lihuo's neck with his palm as big as a cattail leaf fan.

Drag her towards his room.

"boom!"

But suddenly at this moment, Princess Lihuo's entire body suddenly exploded, but no flesh and blood flew everywhere.

"This is....."

Everyone was shocked, even King Manbei's expression changed.

At this time, the strong demon emperor held a broken doll in his hand, and the figure of Princess Lihuo disappeared.

"This is a scapegoat! It is a heaven-defying treasure that can only be refined by a true ancient saint. It can protect the user from a murder! It must be a treasure left by the ancestors of the Lihuo Empire!"

The strong demon king's rough face was very ugly. Unexpectedly, the fat sheep he got flew away.

But at this time, the scholar demon emperor was slightly surprised, and then said with a smile: "This Princess Lihuo is a person, worthy of being the daughter of Emperor Lihuo. She can endure endless pain, directly explode her Dantian, and kill herself. , and then activated the magical power of the scapegoat in the body and resurrected it in another place."

At this time, King Manbei shouted to the surroundings: "Barbarian guards, listen to the order. Although the scapegoat can resurrect the user, it cannot be resurrected from a distance, so Princess Lihuo must still be in the area of our Barbarian Tribe Alliance. Moreover, she used a scapegoat, which cost a lot, and she must be very weak now. Go search and dig three feet deep to find Princess Lihuo!"

Princess Lihuo is the biggest trump card of King Manbei. Princess Lihuo is the biological sister of King Changsheng. She can threaten King Changsheng and make King Changsheng throw a rat weapon.

But now Princess Lihuo disappeared, making King Manbei extremely angry.

"The opportunity has come."

Xiao He, who was in the bushes in the distance, suddenly brightened up at this moment and said, "Didn't we think of a way to lure out King Manbei alone? Now we have it!"

Ye Feng's eyes moved and he said: "Xiao He, you mean... we use the news about Princess Lihuo to lure out King Manbei."

"That's right."

Xiao He immediately pulled Ye Feng towards the outer area, his eyes excited and said: "God has given us this great opportunity, we must take advantage of it! There is a set of formation flags and materials in my storage spirit ring, which can be used to set up a large formation. It's called the 'Nine Heavens Galaxy Formation'. It can gather the power of countless stars above the nine heavens at night and trap powerful beings. Let's choose a suitable place to set up the formation in advance, and then lure King Manbei out at night and attack him. Suppress and kill!"

Chapter 582 Barren Mountain

Deep in the barbarian tribe alliance, in a large tent.

King Manbei was sitting on one of the thrones made of huge stones with his big horse and golden sword.

His shoulders were extremely broad, as if they could support two mountains, giving people a sense of majesty, depth, and power.

But at this time, you can see that King Manbei has some anxiety in his eyes, because Princess Lihuo is lost.

This time, the Blood Demon Lord, the Demon Emperor, and the Barbarian High Priest, three quasi-holy figures, joined together to attempt to break through the Lihuo Empire's imperial city, tear apart the Lihuo Emperor's rule, and rob the Lihuo Empire of millions of miles of vastness. territory.

As the most powerful being under the quasi-sage of the Lihuo Empire and the number one person in the holy realm, the Changsheng King of the Changsheng Mansion has naturally become a thorn in the side of the barbarian and demon tribes who are strong in the holy realm.

This time King Manbei took the initiative to invite Ying and united with the three demon kings of the demon clan to completely kill the Immortal King.

Not only was the King of Immortality the old enemy of King Manbei, but the supreme treasure on King Changsheng, the Battle Map of the Wilderness, was very coveted by King Manbei.

If he could seize the Great Wilderness Battle Map, refine this Great Wilderness treasure, and understand the secrets of the Ultimate Saint Weapon in it, Manbei King would be confident that in the next ten years, he would be able to break into the Martial Arts Holy Realm. The fifth holy realm, the holy realm of reincarnation.

With Manbei King's powerful inheritance of the Ten Emperors' body-building skills from the human race, as long as he steps into the fifth holy realm of reincarnation, Manbei King is even qualified to challenge a quasi-sage.

"Damn it, Princess Lihuo actually has an ancient treasure like a scapegoat that can reverse life and death. It seems that Emperor Lihuo gave it to her to save her life."

King Manbei was very anxious at this time, because he knew very well that without Princess Lihuo as a condition to blackmail King Changsheng, they would not be able to kill King Changsheng at all.

According to the news received by King Manbei, the King of Immortality has now reached the fourth holy realm, the holy realm of life and death, by relying on the abundant resources in the Great Wilderness Battle Map, and has understood the secret of life and death in the reorganization of flesh and blood.

For example, if you cut off an arm of the Immortal King, or cut off his head, the Immortal King will not die immediately, but can consume his own magic power to let the flesh and bones grow again, and grow an arm or head again.

Therefore, when a warrior enters the fourth holy realm of life and death and understands the secret of life and death, it will be difficult to kill. The entire body must be destroyed and destroyed in order to completely eliminate the existence of the holy realm of life and death.

"Reporting to Lord Beiwang, we have found traces of Princess Lihuo in a cave in a barren mountain 7,600 meters southeast. However, we did not dare to enter directly for fear of disturbing the situation, so we sealed off the barren mountain. , my subordinates came back urgently to report to Lord Beiwang, asking Lord Beiwang to capture Princess Lihuo himself. "

At this time, a barbarian warrior hurriedly walked in from outside the big tent, bowed and clasped his fists.

"Man Hai, you have done a good job. Princess Lihuo is extremely smart and has a lot of energy on her body.

You have all kinds of trump cards, but your cultivation level is too low. If you catch her directly, you will really scare the snake and let Princess Lihuo escape. "

King Manbei had complete trust in the barbarian warrior in front of him because he was a confidant under his command. He had helped King Manbei solve many problems over the years.

"Take me to that barren mountain and let's go."

King Manbei followed Manhai across thousands of meters of land and came to a barren mountain.

"Lord Beiwang, Princess Lihuo is in that cave, and there has been no movement so far." Manhai clasped his fists and bowed.

"Okay, I'll go take a look."

King Manbei nodded, with a hint of urgency in his eyes, because Princess Lihuo was so important to him.

"Something's wrong."

But just when Manbei King stepped outside the cave, his eyes suddenly moved, and he turned around and said: "Manhai, you said you led many people to blockade this place. Where are the others? How can I survive?" In fact, you didn't even feel it?"

Man Hai finally raised his head at this time, the respectful look on his face disappeared, and instead showed a strange and sinister smile: "Master Bei Wang, Princess Lihuo has not been found at all. I am the only one from the beginning to the end. , my mission is to lure you out of the tribe, I deceived you."

"Buzz!"

Suddenly at this moment, in the entire barren mountain where King Manbei and Manhai were located, spiritual patterns suddenly lit up on the ground, and a huge formation appeared directly.

"This is a hidden killing array! Has the entire barren mountain been sacrificed?"

King Manbei's eyes darkened, but after all, he was a strong man in the second holy realm of martial arts, so he was very calm at this time.

"Man Hai, you are my confidant, my loyal minister, why would you betray me?"

King Manbei suddenly grabbed hold of Manhai with his huge hand, and a huge vitality hand directly grabbed Manhai's entire body. He was extremely angry.

But at this time, Manhai was completely indifferent to King Manbei's angry roar. He just laughed like a fool, looking very weird.

"Has your mind been invaded by another strong person?"

King Manbei's eyes changed, and a powerful will rushed into Manhai's mind. He couldn't help but said angrily: "Manhai, you have been hypnotized! You have become someone else's puppet! What is hypnosis? With the means that only soul masters have, how can there be such a powerful soul master in our wild barbarian region?"

"King Manbei, it's me, I'm back."

Suddenly at this moment,

Outside the barren mountain formation, Ye Feng stepped forward with his hands behind his back, his eyes filled with a hint of coldness.

"It's you!"

Although Ye Feng has now restored his true appearance and voice, King Manbei is a strong man in the second holy realm. He felt a familiar martial arts aura from Ye Feng's body in an instant.

"You are... the human thief who robbed the Barbarian God Tower more than a month ago!"

King Manbei's face suddenly showed a look of shock and anger, but then his eyes burst into murderous intent, and he said in a cold voice: "Boy, I didn't expect your life to be so long. You didn't die even if you fell into the Storm Canyon." , has come out now, and your cultivation seems to be improving. It seems that you have had some adventure, but if you think that you can kill this king just by relying on this so-called small killing array, then I can only say that you too naive."

Ye Feng smiled faintly and said: "Of course I am not that naive. King Manbei, you are like the god of war of the barbarians. I will not come to die. If I am not absolutely sure, I will not fight against you."

When King Manbei saw Ye Feng being so indifferent, his heart sank slightly, but on the surface he was extremely calm and said in a deep tone: "Just use whatever means you have, and wait until I break this great formation." , I will kill you completely and take back all the treasures of our barbarians on you!"

"boom!"

After King Manbei finished speaking, he took action directly.

In the past month or so, in order to prepare for the war against the Lihuo Empire, he had also used various cultivation resources to raise his cultivation to a peak.

He is now at the pinnacle level of the Second Holy Realm, the Holy Realm of Creation. The blood in his body bursts out like a raging flame, and the blood-red light illuminates the entire night in an instant.

"Kacha kacha..."

The entire barren mountain ground was destroyed by the terrifying martial arts momentum of the Barbarian King at this time, and terrifying huge gaps were opened. It seemed that the entire barren mountain would completely collapse in the next moment.

It has to be said that the Barbarian North King's cultivation is indeed very powerful, and he is worthy of being able to fight with the Immortal King. His barbarian body and barbarian blood are extremely terrifying.

"Boy, if I were you and survived the disaster, I would run far, far away instead of coming back to die."

King Manbei spoke with incomparable confidence, possessing the majesty and confidence of an unparalleled powerhouse.

He stretched out a hand, and a large ice crystal hand appeared directly in the void, exuding an extremely cold aura, as if it could freeze the void.

This is the vision of the Great Freeze Holy Fist that has been fully comprehended. There is no need to use this martial arts inheritance at all. Just stretch out your hand, and the cold air of the Great Freeze bursts out from all the orifices in the body and condenses in an instant. The big ice hand is like the ice giant from ancient times resurrected, only

Cover the sky with your hands and break everything.

Boom!

At this moment, the entire formation became extremely unstable, and it seemed that it would be broken in the next moment.

But at this moment, a firm voice suddenly sounded.

"Nine Heavens Galaxy Formation!"

"Hand of the Galaxy!"

Buzz buzz!

Suddenly, the endless starlight from the nine heavens shone down, and all of it condensed into the formation, forming a big hand of stars, like a towering planet bombarding down, and directly collided with the giant ice palm of the Barbarian North King.

"Boom!!"

The terrifying roar suddenly resounded throughout the night sky.

Kick, kick, kick!

At this moment, King Manbei was pushed back several steps before he regained his balance.

King Manbei's eyes were shocked and he said suddenly: "This formation can actually use the power of the stars in the sky to condense attack energy. I am going against the sky!"

"What you said is very good, but you are going against heaven!"

Xiao He, wearing an elegant blue gown, descended from the night sky at this moment, floating above the eyes of the Nine Heavens Galaxy Formation, staring coldly at the Barbarian North King below.

"Who are you? Why do you collude with this boy to deal with me?"

King Manbei was shocked. This young man in blue was much more powerful than Ye Feng's martial arts aura, including his soul power. King Manbei felt a sense of fear.

"My name is Xiao He. Decades ago, I came from the Southern Territory to the Northern Territory to look for opportunities, and accidentally fell into the barbarian tribe. You wanted to kill me indiscriminately and plunder my inheritance and treasures. Now we meet again. "

Xiao He's words made King Manbei's eyes move, and then he seemed to recall a scene in his long memory. He suddenly said: "You are the same person back then! But, why is your cultivation progressing so slowly?"

Xiao He sneered and said: "Back then I was seriously injured by the elder of your barbarian tribe. If I hadn't been injured, I wouldn't have been trapped in the altar in Storm Canyon. For decades, how much resentment has been in my heart. Save it, my brother and I are here today just to settle old scores and new grudges with you!"

Buzz!

At this time, a giant as tall as a mountain also appeared next to Ye Feng.

Ye Feng suddenly jumped to the top of the troll's head, and slowly pulled out the rusty long sword on his back. The sword energy soared into the sky, pointing directly at the Manbei King not far away. His voice was cold and ruthless, and he said: "Manbei King, you have done many evil things and provoked people you shouldn't have provoked. Tonight is your death, and this barren mountain will be dyed red with your blood!"

Chapter 583 Conspiracy

At this time, three powerful beings were confronting each other on the entire barren mountain.

Xiao He's own cultivation level has returned to the sixth level of the Cave Heaven Realm. He has practiced the Six Paths Divine Art, a peerless inheritance, and condensed the six cave heavens. At this time, he still controls the entire Nine Heavens Galaxy Formation. With the help of the power of the stars in the sky, he is enough to fight against The King of Barbarian North is shoulder to shoulder, with a tough front.

"Boom!"

"Boom!"

Xiao He didn't say any nonsense. He directly raised his hands to the sky and used all his strength to activate the Nine Heavens Galaxy Formation and absorb the power of the stars in the sky.

Tonight, there are no dark clouds in the sky, and the sky is full of stars, like exquisite diamonds set in the boundless night.

Wow!

Wow!

The stars all over the sky are shining down pieces of starlight, like a waterfall impacting down from the nine heavens. It is very shocking, and they are all integrated into the nine-day galaxy formation.

The big hands of stars condensed out as if for free, like a star giant resurrected, and continuously bombarded King Manbei, like stars from outside the territory falling to the earth, capable of smashing everything.

"boom!"

"boom!"

"..."

The terrifying bombardment force makes even the second holy realm unparalleled powerhouse like King Manbei a little unable to withstand it, because the power of the stars above the nine heavens is endless, and human power has an end.

"ah!!"

King Manbei was hit by the ninth star's big hand, which almost shattered his whole head. It was so thrilling that King Manbei was extremely angry: "Xiao He, you come from the Southern Territory, who are you?" , how could such a terrifying galaxy array be arranged?"

Xiao He stepped into the night sky, stared at the Barbarian King in the formation, and said coldly: "It doesn't matter who I am, what matters is that you are going to die tonight!"

King Manbei yelled: "Decades ago, there were just some small grudges between us. Why do you have to be so heartless? Let me tell you a secret. This kid who cooperated with you has robbed countless of our barbarian tribesmen." Wealth and the Barbarian God Tower have been robbed by

him. His cultivation is so weak and he has such a huge wealth hidden in him. Are you not tempted?"

Xiao He seemed to be persuaded, and actually stopped attacking. His eyes were a little confused, and he said to King Manbei: "He robbed all the wealth of your barbarians? Has the Barbarian God Tower been robbed?"

When King Manbei saw Xiao He like this, he was immediately overjoyed.

"Hey, I don't believe you are not tempted by the treasures and treasures of the barbarians. I want you to kill each other, and then I will reap the benefits. No one can take away the treasures and treasures of the barbarians!"

King Manbei thought secretly in his heart.

But on the surface, he looked sincere and said to Xiao He: "Yes, I saw with my own eyes that this boy robbed countless barbarian wealth. I don't ask you to let me go now. I will stay in the formation." Come on, you can force this kid."

After saying that, King Manbei immediately revealed a hint of conspiracy in his eyes.

Soldiers never tire of deceit. This is what King Manbei learned from the ancient human art of war book. Now he uses

He used the treasures and wealth of the barbarians against his enemies in an attempt to create a gap between Xiao He and Ye Feng.

Because King Barbarian North did not believe that there was anyone in the world who could refuse the temptation of countless wealth from the barbarians.

Sure enough, Xiao He was fooled, and King Manbei immediately showed a look of watching a good show.

Ye Feng stared at Xiao He fiercely at this time, seeming a little nervous, and said quickly: "You...don't listen to the nonsense of this Barbarian North King! I ran away in embarrassment and did not rob the barbarian treasure."

"Boy, stop lying!"

King Manbei immediately shouted loudly.

At this time, Xiao He seemed to think for a moment, and then he suddenly enveloped Ye Feng with all his murderous intentions, "Brother Ye Feng, I trust you so much, but you didn't even tell me about the barbarian wealth and treasures you have."

After saying that, Xiao He waved his hand violently towards the large formation below.

Buzz!

A light gate composed of the light of stars suddenly appeared in the formation. Xiao He said to King Manbei: "Ye Feng has the Abyss Troll. I am not his opponent. This gate is the birth gate of the Nine Heavens Galaxy Formation." , you can just come out, we will deal with Ye Feng together, but after killing Ye Feng, I need to get half of the barbarian wealth. "

At this time, Xiao He said, with deep greed in his tone.

King Manbei was originally very calm and witty. After all, he was familiar with the ancient art of war of the human race.

But at this moment, listening to Xiao He's voice, his calm spirit seemed to be affected by a mysterious soul power.

King Manbei himself did not notice this change. Now he just felt that his conspiracy had succeeded, so he immediately became complacent.

King Manbei laughed loudly and said: "Xiao He, those who know the current affairs are heroes. Let's work together to kill Ye Feng. When the time comes, you can join our Barbarian tribe. I promise to give you the position of the leader of the Barbarian tribe."

Xiao He also laughed and said: "Okay, then come out quickly, we will start immediately."

King Manbei was extremely happy and immediately walked towards the birth gate of the Nine Heavens Galaxy Formation.

"boom!"

"boom!"

"boom!"

But the moment King Manbei stepped into the door of life, an extremely rich aura of death burst out immediately.

A total of nine star lightsabers were instantly derived from the formation, and directly "puff" and "puff" penetrated the entire body of the Manbei King, pinning him to the ground.

"ah!!"

The bone-chilling, terrifying pain immediately woke King Manbei out of his complacent mood. He roared in pain, his eyes filled with anger.

At this time, he saw that Xiao He and Ye Feng, who were originally at odds with each other, came together again. Both of them stared at him with sneers on their faces.

Be nine

King Manbei, who had penetrated the starlight sword, said angrily: "Xiao He! What are you doing? How dare you deceive me! That is not the gate of life at all, but the gate of death of the formation. Entering it, you will be directly killed by the core of the formation. The power is locked! Why? We are allies!"

"Shit allies!"

Xiao He immediately cursed, and then his eyes showed a conspiratorial smile, and said: "You barbarian, really think that you can so easily separate the life and death friendship between Ye Feng and me? You think too much! Ye Feng gets the barbarian tribe I have known about the wealth and

the Barbarian God Tower for a long time. We were just acting in front of you. And although I do not have the ability to directly hypnotize you, a strong man in the martial arts holy realm, I can use some hypnosis techniques to subtly make you energetic. Relax and feel that your conspiracy has succeeded. It is very simple to let you relax your vigilance. All this is to let you enter the death door of the Nine Heavens Galaxy Formation. If you are locked up early, we can safely use the power of soul superposition. Technique!"

King Manbei heard the term "Soul Superposition Technique". Although he didn't know what it was, a terrifying emotion suddenly arose in his heart.

King Manbei yelled: "You two human ants! How dare you kill me, a barbarian saint! You are committing a heinous crime!"

This God of War in the Wilderness Barbarian Tribe Alliance was extremely panicked.

Originally, King Manbei's battlefield was in the Changsheng Mansion of the Lihuo Empire, but what he never expected was that he would be trapped in his own territory in advance.

"Crack!"

Suddenly, a piece of animal bone hanging around King Manbei's neck shattered, and a mysterious message power was transmitted all at once.

"The divine beast bone talisman! A magical talisman that can transmit messages thousands of miles away in an instant! It is the core casting technique mastered by the barbarians of the wilderness!"

Xiao He's eyes suddenly changed. He had extraordinary eyesight and quickly exclaimed.

"Hahaha, yes, this is a divine beast bone talisman!"

King Manbei laughed ferociously: "Now someone in my Barbarian tribe is reporting the news that I am trapped. In a little while, in less than half a minute, countless strong masters from our Barbarian tribe alliance will arrive. , and three powerful Holy Realm Demon Emperors will come. You two human boys are dead. But now I give you a chance to surrender to me and become my eagle dog. I will spare your life. , granting you supreme power."

Ye Feng laughed loudly and said: "King Manbei, today is definitely the day you die. Don't waste your efforts tempting us. Half a minute is enough for us to kill you!"

King Manbei said with a fierce voice: "You are really stubborn. This king has entered the second holy realm, the holy realm of creation. There is creation in his body, and his body is almost indestructible. Even this Nine Heavens Galaxy Formation is also invincible. Or your Abyss Troll puppet, they can't destroy me within an hour!"

Xiao He and Ye Feng sneered while forming seals: "Who said we were going to destroy your body? Didn't you hear clearly just now? What we are going to use is the soul superposition technique! You are going to die anyway, tell me

It doesn't matter to you, soul superposition can make Ye Feng and I's spiritual soul power superimpose together in an instant, bursting out several times the destructive power! "

"What?"

King Manbei was immediately shocked and said in horror: "You two are not only warriors, but also soul masters? You are both human monsters who are fellow practitioners of the legendary soul martial arts!!"

Fellow Soul Martial Arts practitioners, this is just a legend that only appeared in the ancient golden age of cultivation.

King Manbei's heart suddenly sank. He never thought that he would be so unlucky to meet two monsters who were fellow Soul Martial Arts practitioners!

"Soul superposition!"

"destroy!!"

Suddenly, it seemed that at this time, Ye Feng and Xiao He had completed forming seals, and they both roared.

"boom!!"

Almost instantly, visible to the naked eye, two mighty rivers of souls rushed out of Ye Feng and Xiao He's Tianling Caps, and condensed together in the void, exuding a heart-stopping horror of destruction. The aura directly impacted the Manbei King.

"ah!!"

King Manbei suddenly let out an earth-shaking howl.

His soul, which had become extremely strong after entering the holy realm of martial arts, was being rapidly washed away and destroyed in the mighty river of soul superposition.

"Ah ah! Even if I die, I won't let you go!!"

King Manbei let out a shrill roar.

"Hmph, your soul has been destroyed by our joint efforts. After your death, you will not even have the chance to become an evil spirit. You will completely disappear in this whole world, and there will be no reincarnation!"

Xiao He sneered and rushed directly to the Nine Heavens Galaxy Formation with Ye Feng.

At this moment, the Manbei King's soul had been destroyed and he was dead. No injuries could be seen on his body, but he was indeed dead.

"Pfft!"

Xiao He was very familiar with it, so he took out a knife and cut open King Manbei's huge body.

"boom!"

A group of energy villains exuding bright light, exactly like King Manbei, but shrunk several times, rushed out in an instant.

"That's King Manbei's holy fetus! Capture it quickly!" Xiao He yelled immediately.

"Hey, don't worry, this holy fetus can't escape!"

Shang's voice rang out, and the abyss troll stretched out a sky-shielding demonic hand and captured the holy fetus of the Barbarian North King.

"Uh-huh!"

Ye Feng rushed forward and collected the Holy Fetus directly into the storage spirit ring.

Xiao He flew over and said in an excited tone: "Ye Feng, the strong men from the barbarian tribe alliance are coming soon. I also feel the terrifying demonic aura of the three demon kings. Let's leave here quickly and find a safe place." The place has refined the Holy Fetus, and our strength will skyrocket!"Chapter 584 Escort

Ye Feng and Xiao He finally stayed away from the entire Great Wilderness Tribal Alliance. They only heard the screams of countless barbarians in the distance, mourning the death of a barbarian saint.

In a dense jungle, Ye Feng took out the holy fetus of King Manbei.

The Holy Fetus is an energy-transparent villain that shines brightly.

At this time, Ye Feng's palm was vibrating rapidly, as if he wanted to escape.

But he was tightly squeezed by Ye Feng's palm and couldn't get out of the trap at all.

Xiao He took a deep breath and said with excitement in his eyes: "What a rich holy power. This Barbarian King is at the peak of the second holy realm. The holy fetus is naturally very powerful and contains majestic holy power. Let's share it equally." "

Ye Feng nodded and pinched hard, and the energy villain was split into two halves in an instant.

"Buzz!"

"Buzz!"

At this moment, the two of them sucked in suddenly, and each of them sucked half of the energy villain into their bodies, turning them into two energy beams.

"boom!"

Almost at this moment, Ye Feng suddenly felt a huge holy power exploding in his body.

The same was obviously true for Xiao He. He quickly said: "I'm going to a place to retreat and refine. See you in half a month."

"good."

Ye Feng nodded. Although his devouring power was powerful, this was the holy fetus of half the powerful saints.

Therefore, Ye Feng felt that it would take him almost half a month to devour and refine it.

For the next period of time, the two of them hid in the jungle, silently refining the Holy Fetus, accumulating their own cultivation and strength.

"Howl!"

Suddenly one day, Xiao He roared and came from the distant jungle.

At this time, the martial arts aura on his body was already at the ninth level of the Cave Heaven Realm!

"I have finally returned to my previous peak state. I am only one step away from entering the Holy Realm."

Xiao He saw Ye Feng walking up the slope of a hill not far away.

He immediately laughed and said: "I have been comprehending the secrets of the Holy Realm decades ago, so now that I have returned to the ninth level of the Cave Heaven Realm, it is only a matter of time before I step into the Holy Realm."

Ye Feng said with a smile: "Congratulations, the holy fetus of this holy warrior is indeed huge in energy. After I devoured and refined it, I directly opened up thirty more acupoints. Now I have opened up a total of seventy acupoints. I Now it's the seventh level of the Divine Aperture Realm."

If Ye Feng now returns to Nanyu Poseidon College, he will definitely be certified as a saint of the college immediately!

At this time, Ye Feng's words made Xiao He's eyes startled, and he couldn't help but say: "Half a holy fetus contains enough energy to allow dozens of ordinary warriors to open a hundred acupoints at the same time and step into the cave world. I didn't expect that Ye Feng would only be able to open thirty acupoints for you. How strong is your martial arts foundation? The energy that one acupoint can hold may be dozens of times that of an ordinary divine aperture realm warrior! "

Xiao He was deeply amazed by Ye Feng's solid martial arts foundation, and was very envious of Ye Feng's ability to have such a solid foundation when he was at a low level.

This means the potential for the future is endless.

"We should go to Lihuo Empire now. We have been practicing in seclusion for half a month. Maybe Lihuo Empire has fallen into chaos."

Ye Feng took out a map from his arms. When he followed Princess Lihuo to the wilderness area, he secretly bought the map of the wilderness from the Imperial City of Lihuo Empire in case of emergency. He didn't expect that it would be real now. Used.

"Huh? Who's spying?"

Suddenly at this moment, Xiao He's eyes suddenly turned cold.

He instantly stretched out his hand and grabbed it into a dense forest not far away.

"boom!"

The powerful force instantly shattered countless ancient trees.

A big demonic hand directly pinched a figure hidden in the dense forest.

That's a stunning beauty with skin like snow

The lady, wearing a long skirt with gold patterns, has a graceful figure and an alluring look.

"I...I have no ill intentions towards you!"

The beautiful woman immediately spoke in panic.

But at this time, Xiao He's eyes did not show any pity, but his murderous intent was as cold as ever, and he said coldly: "Answer me, why are you spying on us?"

"Xiao He, stop, this is Princess Lihuo."

Ye Feng suddenly spoke out, staring at the beautiful woman with a hint of interest in his eyes.

That's right, this woman who suddenly appeared and was spying on them in secret was none other than Emperor Lihuo's favorite daughter, Princess Lihuo, who had great ambitions. .??.

But she looks very embarrassed now. It seems that after using the scapegoat, the price was really high and she suffered heavy losses.

"Oh? She is Princess Lihuo?"

Xiao He had a look of surprise in his eyes, dissipated the magic power, and put Princess Lihuo down.

At this time, there was deep horror in Princess Lihuo's beautiful eyes. She did not expect that Ye Feng would have such a terrifying and powerful man next to him, and he was also so young.

The moment Xiao He took action, Princess Lihuo felt that a great demon had awakened, covering the whole world.

That kind of power is as vast as the sea, making people terrified.

She is the princess of the Lihuo Empire. She has aspired to become an empress since she was a child. Her cultivation is naturally extremely powerful. She is a ninth-level existence in the Divine Aperture Realm.

But in front of Xiao He, he was still as small as an ant.

Princess Lihuo's eyes were a little complicated at this time. She stared at Ye Feng and said, "I saw you killing the North Man King that night in the distance beyond the barren mountain."

Ye Feng nodded and said: "So now you know that I am the disguised young prince of Ziyan Hou Mansion. I will also tell you the truth. My true identity is a student of Poseidon Academy in the Southern Territory. My name is Ye Feng. I'm not very interested in matters in Northern Xinjiang."

Seeing Princess Lihuo like that, Ye Feng guessed that this

Princess Lihuo probably wanted to ask herself and Xiao He to go to the Lihuo Empire to help resist the attacks of the Barbarian Demon Clan and the Blood Demon Clan.

This is really a very dangerous thing. Although Ye Feng is now considered a master, he is still far behind those powerful people in the cave heaven realm, as well as the real strong men in the holy realm, and quasi-sage figures. The difference in cultivation strength is too far.

So Ye Feng spoke directly now and refused in advance some of Princess Lihuo's possible requests.

Princess Lihuo was obviously guessed by Ye Feng. When she heard Ye Feng's merciless early rejection, her face suddenly became a little ugly.

It turned out that she had spied on the terrifying strength and methods of the two of them, and they were able to kill even such powerful men in the Holy Realm as King Manbei.

Therefore, Princess Lihuo thought that she might seek help from Ye Feng and Xiao He to guard the entire imperial city of Lihuo Empire.

This time the barbarians and monsters united, and the blood demon lord was hiding in the imperial city, secretly causing trouble, so Princess Lihuo was very worried.

At this time, Ye Feng was talking, but Xiao He didn't say anything. It was obvious that he was focusing on Ye Feng.

Princess Lihuo bit her silver teeth and suddenly said: "Ye Feng, if you and your powerful friend are willing to escort me back to the imperial city, I can make the decision to open the Lihuo Empire's treasury to you, and you can enter it. A person can choose two treasures or two powerful inheritances at will."

Ye Feng's eyes moved and he said: "I just escort you into the imperial city and don't help you with other things?"

Princess Lihuo nodded and said: "Yes, because I am relying on myself now, I will probably be killed by the strong ones among the monsters and barbarians on the way back to the imperial city of Lihuo Empire."

Xiao He became interested and said: "Okay, there are still a lot of good things in the Lihuo Empire's treasury, but you have agreed on your own that I will only escort you back to the imperial city, and we two brothers will not interfere with anything else. "

Princess Lihuo's beautiful eyes showed a solemn look, and said: "Don't worry, I am a princess, and I keep my word. If I don't fulfill my promise, you can kill me at any time with your methods."

Chapter 585 National Fortune Stone

Ye Feng and Xiao He originally wanted to lurk into the imperial city of the Lihuo Empire, looking for someone who could cross the teleportation array and return to the Southern Territory.

So at this time, Princess Lihuo actually offered to escort her back to the imperial city of Lihuo Empire, and the two of them naturally agreed very much.

Along the way, the three of them saw a different scene than usual. The originally prosperous land was a chaotic and broken scene. This was the result of the war. Countless people of the Lihuo Empire were displaced and the country was stained with blood.

Princess Lihuo was very heartbroken when she saw this scene, and her noble eyes turned red.

Ye Feng also fell silent. He really saw so many dead people lying on the ground. Countless human cities and small towns were all trampled and killed by the armies of barbarians and monsters.

The whole scene made every human race feel very chilled when they saw it.

Xiao He's voice was a little low, and he said: "I didn't expect this group of barbarians and monsters to be so cruel. They even killed ordinary people who had no power to restrain a chicken. This is to eradicate the roots and destroy the foundation of our human race."

Princess Lihuo nodded and suddenly spoke: "When I was born, I experienced a cruel war. Therefore, although I was born as a girl, I made great ambitions to become an empress. The great wish is to make all the people of the Lihuo Empire strong, just as the sages in the ancient scriptures of the Human Emperor expected, in the vast world, everyone is like a dragon, so that the light of the human race can shake up the entire world. The starry sky on the other side."

Ye Feng finally took a serious look at Princess Lihuo. He never expected that such majestic words could be spoken from the mouth of a woman named Princess Lihuo.

Ye Feng thought for a while and said: "In the wide world, everyone is like a dragon. This is indeed a great ambition. You may not be able to realize it even if you work hard for a lifetime."

The Lihuo royal family's surname is Jun, and the Lihuo princess is called Jun Qianxi. It is a very beautiful name that symbolizes a woman, but it also contains a grand desire to have the world in mind and make everyone like a dragon.

Jun Qianxi smiled at this time and said to Ye Feng: "I know that if you work hard all your life, you may not be able to realize this great ambition, but in this world, there are always people who like to do stupid things, whether it makes sense or not, this is my way. , is also the path I am destined to take in the future."

Hearing Princess Lihuo Jun Qianxi say this, Ye Feng and Xiao He both fell silent.

The three of them moved very quickly, passing through many large and small battlefields, and finally arrived outside the imperial city of the Lihuo Empire.

Although she encountered many interceptions and attacks from barbarians and monsters along the way, with the two masters Ye Feng and Xiao He, Jun Qianxi, Princess Lihuo, was not in the slightest danger.

"Buzz!"

At this time, in the field of vision of the three people, the entire imperial city of the Lihuo Empire was enveloped by a huge transparent light shield.

That light shield exudes strong spatial fluctuations, and even a strong person in the Holy Realm cannot break through it.

in.

A huge ancient tripod, with nine divine dragons carved around it, flew across the sky and was floating in the sky above the entire imperial city of the Lihuo Empire.

"Jiulong Zhentian Cauldron!"

Jun Qianxi's beautiful eyes changed slightly, and she couldn't help but exclaimed: "My father has even used the Nine Dragons Suppressing Heaven Cauldron. It seems that the situation in the imperial city has really reached a critical point. Is it possible that even an invincible strong man like my father has reached a critical point?" , can't you resist it?"

At this time, Jun Qianxi, Princess Lihuo, was very anxious, because the sons of Emperor Lihuo were all incompetent. Among the entire royal family, only the illegitimate son Changsheng King and Princess Jun Qianxi had great ambitions and thought about the entire empire.

"Let's go in quickly and see what's going on?"

With Jun Qianxi leading the way, Ye Feng and Xiao He quickly entered the palace of the imperial city.

In the central hall of the palace, they saw the ministers and a group of princes, but standing in the middle was a young man in white.

This young man, with his hands behind his back and his head slightly raised, exudes a sense of ethereal life. His eyes are filled with divine light, giving people a sense of the infinite depth of the starry sky.

This person is none other than the King of Immortality, Jun Wuji!

Obviously, the situation in the entire palace was extremely tense at this time. Even the King of Immortality came to the palace in person to preside over the overall situation.

"Her Royal Highness is back!"

"There are two young men accompanying the princess. The young man in blue clothes has a terrifying aura. He must be a peerless strong man."

At this moment, many people and ministers on the field spoke out one after another, with joy in their eyes.

What they fear most now is that the barbarians use Lihuo Princess Jun Qianxi to threaten their royal family. Now that the princess has returned safely, many people feel relieved.

Jun Qianxi walked directly towards the Immortal King Jun Wuji and said, "Brother, what happened? Where did my father go?"

At this moment, Jun Qianxi was in the palace and did not sense the terrifying aura of the ancient giant beast.

The King of Immortality turned his head slightly at this time and looked at Jun Qianxi. This prince, who had always been calm and collected, looked a little heavy at this time and said: "His Majesty the Emperor was hidden in the imperial city for a long time at the critical moment of his cultivation. The Blood Demon Lord was seriously injured. Now, in order not to destroy the entire imperial city,

His Majesty the Great Emperor, he lured away the Blood Demon Lord, the Barbarian High Priest and the Demon Emperor to a very distant place to fight. It has been more than half a month. , and there has been no result so far.”

"What?"

When Jun Qianxi heard what the Immortal King said, she immediately

His face became a little pale.

The King of Immortality looked at the two people beside Jun Qianxi and said: "You two are probably not from our Northern Territory. The aura of your martial arts and the inheritance of the major forces in our Northern Territory cannot be matched. "

When Ye Feng and Xiao He heard what the Immortal King said, they were both shocked. They didn't expect that the Immortal King had such sharp eyesight, and they could tell at a glance that they were not from Northern Xinjiang.

Jun Qianxi hurriedly said: "This time I was trapped in the depths of the wilderness. I was able to return safely along the way, thanks to the protection of Ye Feng and Xiao He."

Ye Feng spoke up at this time: "Your Highness, what we have to do has been done, now we should leave."

Ye Feng just came in from the imperial city outside and saw that the entire Lihuo Empire was really covered in black clouds and was about to be destroyed.

Moreover, Emperor Lihuo, a powerful quasi-sage, was also besieged by the three quasi-sages. He didn't know where he went, and he was probably going to die. The Lihuo Empire was now a very dangerous place. ??

The Immortal King stared at Ye Feng and said, "You must be Yu Haoxuan, or in other words, you are the real you now."

Ye Feng's expression was normal, and he was not shocked that the King of Immortality saw through his identity.

After all, King Manbei, a person in the second holy realm, could see through his identity in an instant.

The King of Immortality is the first person in the Holy Realm in the entire Northern Xinjiang, and the top expert in the Fourth Holy Realm of Life and Death. It is not surprising to see through his identity.

Therefore, Ye Feng was neither humble nor arrogant at this time, and said with a slight smile: "His Royal Highness, the Immortal King, indeed has extraordinary eyesight. I am indeed Yu Haoxuan in disguise, but I entered the Immortal Mansion with no other malicious intentions. I just wanted to use the power of the Lihuo Empire. Just cross the teleportation array and return to the Southern Territory. I will pay for all the holy stones needed to cross the teleportation array."

The King of Eternal Life suddenly said: "Is it you who refined the Eternal Life Pond in the Eternal Life Mansion?"

Ye Feng's eyes changed slightly, knowing that he couldn't hide it anymore, and said: "The Eternal Life Pond has been polluted by the source of the blood demon anyway, and no one else can use it. I passed by by chance, and I didn't expect it to be so uncontrollable, so I just refined it. It just dried up."

Just refining it and it dries up?

Even though the Immortal King is a top powerhouse in the Fourth Holy Realm with supreme majesty, when he heard Ye Feng say this, he couldn't help but his eyelids twitched, and he seemed to be helpless.

"Ye Feng, you swallowed up all the Changsheng Pond in the Changsheng Mansion!"

Xiao He secretly communicated with Ye Feng through his soul power. He knew that Ye Feng practiced the Devouring Domain and swallowed everything in the world. He couldn't help but said: "This is a bit troublesome. This Immortal King knows that you secretly swallowed the Immortal Pond. Maybe he will use this to blackmail you."

Ye Feng also felt a little bit in his heart.

Shen, he didn't expect to see the Changsheng King in the palace. If he had known, he would not have escorted Princess Lihuo Jun Qianxi back to the palace.

At this time, Jun Qianxi stepped forward and whispered a few words in the ear of the Immortal King.

What made Ye Feng breathe a sigh of relief was that the Immortal King didn't seem to care about this matter. He just stared at Ye Feng and Xiao He beside Ye Feng, and said: "Qian Xi told me just now that you actually joined forces to kill him." The King of Manbei seems to have powerful means, comparable to a strong man in the Holy Realm who is not weak."

Xiao He smiled slightly and said: "It's just a fluke."

The King of Immortality suddenly said: "I have received the news that in three days, the Blood Demon Clan, the Demon Clan, and the Barbarian Clan will unite to attack the imperial city of our Lihuo Empire. As long as we capture the imperial city, we will be free from the Lihuo Empire." The Fire Empire has been completely destroyed. To be honest, no matter how strong I am, I can't defeat four people with just two fists. Therefore, I hope you two can stay for the time being and help us defend the imperial city against the final attack in three days."

Ye Feng and Xiao He both fell silent when they heard this.

Princess Lihuo also looked at the two of them expectantly. That night, she saw with her own eyes the shocking scene of the two of them joining forces to suppress King Manbei.

Moreover, Xiao He is very familiar with the ancient formations and plays a huge role in protecting the entire imperial city.

Although Ye Feng's own cultivation is not too strong for the time being, the Abyss Troll he possesses is definitely a war weapon that charges into battle and crushes everything!

"I can promise you great benefits."

Suddenly, the Changsheng King said with a trace of solemnity: "If you are willing to stay and defend the entire Lihuo Imperial City, I can use the imperial authority on behalf of His Majesty the Great Emperor to inject your two souls into the national destiny of my Lihuo Empire. Shi Zhong

can share the nourishing fortune of the entire Lihuo Empire with the core royal members of our Lihuo Empire!"

"What? The National Luck Stone?"

Ye Feng had never heard of it, and his eyes were confused, but Xiao He's expression changed drastically at this time, and then he was deeply horrified, and said: "King of Immortality, are you sure you have the right to save the lives of my two brothers and me?" Soul, inject it into the national destiny stone of your Lihuo Empire?"

The King of Immortality nodded slightly and said: "Now that the entire Lihuo Empire is in ruins, I naturally have the right to decide everything."

"National Luck Stone!"

At this time, when the entire palace hall, including Princess Lihuo, all the ministers, princes, princesses and other royal nobles heard what the Changsheng King said, their eyes were shocked, as if they had heard something incredible. Same.

Ye Feng was even more curious. What on earth was the National Luck Stone that could allow people to share the luck of an empire?

Chapter 586 Grand Plan

Ye Feng was very curious and began to have soul communication with Xiao He.

Both of them are soul masters, so when there is soul communication, even the Immortal King cannot spy on it.

After Xiao He's explanation, Ye Feng finally understood what the National Fortune Stone was.

It turns out that the National Luck Stone is a rare stone from heaven and earth that carries the entire destiny of the Lihuo Empire. It is a special stone that fell from the nine heavens that can be used to cast the National Luck Stone as a container to absorb the entire empire's destiny.

The life soul that the National Fortune Stone can hold is very limited, so in the Lihuo Empire, only the Lihuo Emperor, the Immortal King, the Lihuo Princess, and some generals who hold great

power and military power, and the feudal officials have the opportunity to A trace of his life soul was integrated into the national luck stone, nourished by the luck of the entire empire.

The reason why the Immortal King has made such rapid progress in cultivation is not only because he obtained the Great Desolate Treasure and the Great Desolate Battle Map.

There is another important reason, and that is that he was nourished by the imperial fortune in the Lihuo Empire's important national treasure and national fortune stone.

You must know that a few years ago, the cultivation levels of the Immortal King and the Manbei King were the same, and they were both in the Yin-Yang Holy Realm, the first holy realm.

But now, a few years later, the Immortal King has understood the secret of life and death and entered the fourth holy realm of life and death.

The Manbei King has just stepped into the second holy realm, the Holy Realm of Creation. If the Manbei King, like the Changsheng King, is a strong man in the Holy Realm of Life and Death, then Ye Feng and Xiao He joining forces will not be able to kill the Manbei King at all.

So it can be seen from this how great the role of the National Fortune Stone is for a warrior.

Xiao He used his soul to communicate with Ye Feng at this time and said: "Ye Feng, the National Luck Stone is an extremely sacred thing for the billions of people in the entire Lihuo Empire. The mysterious power of Luck is just like faith. The reason why gods are immortal is because they have infinite power of faith. Therefore, if we can integrate a trace of life soul into the Lihuo Empire's national luck stone, it will definitely make a lot of money, and it will have huge benefits for future martial arts practice. You must know that our first dynasty in the Southern Region, the Holy Ancestor Dynasty, does not have a national luck stone. It has to be said that this Lihuo Empire is so lucky to have a national luck stone as an important weapon for the country. "

At this time, Xiao He said that Ye Feng was also a little moved.

Moreover, there was a trace of planning in Xiao He's eyes at this time. He stared at Ye Feng and continued to communicate with his soul: "And our brothers are both soul masters. This is something that neither the King of Immortality nor Princess Lihuo knows. I have mastered a soul master's secret technique, which can inadvertently inject a trace of our independent soul consciousness into the Lihuo Empire's national destiny stone, which is something that no warrior can do."

Ye Feng's eyes moved and he communicated with his soul: "Shang also told me just now that the National Luck Stone passively shares a trace of the Empire's luck to the soul of life in the National Luck Stone."

"That's right."

Xiao He suddenly smiled sinisterly and spoke in Ye Feng's soul. His tone was greedy and calculating, and said: "Let the destiny injected into the national destiny stone have independent consciousness. For warriors, even quasi-sages can't do it, but both of us can't." He is a soul master, but he can do this. Once our destiny soul with independent consciousness enters the National Luck Stone, there is no need for the National Luck Stone to passively share the power of destiny with us. Our destiny soul will be greatly affected. Absorbing the power of luck several times or even ten times that of others."

Ye Feng's eyes were startled and he couldn't help but said: "Xiao He, what you mean is... we are like poisoning the Lihuo Empire's national destiny stone. This poison is our life soul with independent consciousness, and its energy is endless. , and steal a huge amount of the empire's destiny from the national destiny stone!"

Xiao He smiled secretly and said: "Yes, that's what it means, and even a quasi-sage cannot detect this abnormality. Only the holy soul of an ancient saint can detect it, but there cannot be an ancient saint in the Lihuo Empire."

"Very good!"

Ye Feng was also excited at this time. If Xiao He really said that, then his future cultivation would be like having the help of a big empire behind him!

The power of luck is essentially the same as the power of faith. It is the pure thought of countless living beings. It is the purest energy power in the world. It is useful for warriors to cleanse their souls, improve their martial arts state of mind, strengthen their cultivation, and understand the holy way. It has huge benefits.

At this time, Shang spoke up in Ye Feng's mind: "Hey, Ye Feng, this Xiao He boy does know a lot, but one thing he doesn't know is that once a trace of your independent life soul is swallowed up in the National Fortune Stone, countless Once Qi Luck grows up, you may even directly control the entire National Luck Stone. The National Luck Stone is a strange stone in the world and has its own

spirituality. Ye Feng, this is a huge opportunity. The inheritance of your cultivation is too great. It is special and requires a huge amount of energy. In the future, it will be hundreds of times more difficult for you to break through the holy realm than for normal people, requiring endless majestic power. But this time you seized the opportunity and grew into the weapon spirit of the National Luck Stone. You At that time, we can steal the national destiny of the entire Lihuo Empire, realize the will of heaven in one fell swoop, and rush into the holy realm of martial arts!"

"call....."

Ye Feng heard Shang's plan and let out a long breath.

Shang's plan was a hundred times more terrifying than Xiao He's. It actually let him silently devour the spirit of the National Destiny Stone, steal the Lihuo Empire's national destiny, and prepare for entering the Holy Realm in the future.

Because practicing the Divine Secret of Creation requires too much energy, and it is so difficult in the Divine Aperture Realm, which makes Ye Feng feel a little desperate for the Holy Realm, as it is difficult to reach the sky.

But now that the destiny of a super empire is before his eyes, he can arrange his chess pieces now, steal the destiny of the Lihuo Empire in one fell swoop, and achieve the supreme holy realm!

This is a terrifying and grand plan!

Ye Feng himself felt a little frightened.

"This is a once-in-a-lifetime opportunity, I must seize it!"

Ye Feng can't control so much at the moment. He must arrange the chess piece in front of him. No matter whether it can be used in the future, this is a huge guarantee.

If you don't enter the holy realm, you will always be an ant.

Ye Feng naturally longs for the holy realm.

"Okay, we promise you."

At this time, Ye Feng and Xiao He both raised their heads and said to the Immortal King.

Naturally, the King of Immortality didn't know that the two had the skills of soul masters, and he didn't know that Ye Feng, a little divine orifice realm warrior, was already thinking about arranging chess pieces to steal the future national destiny of their Lihuo Empire.

"Come with me, I will take you to the place where the National Luck Stone is placed. This time the Barbarians, Monster Tribes and Blood Demons have united to attack our Lihuo Empire in order to seize the unique National Luck Stone. The National Luck Stone is I hope the two of you won't tell anyone about it. Poseidon Academy, the number one martial arts holy place in the Southern Region where you two are located, probably doesn't have this kind of treasure."

Ye Feng smiled at this time and said: "Don't worry, Your Majesty, we will not reveal any information about the National Fortune Stone. Once we reveal it, we will definitely be hunted down by countless powerful people and cause huge disasters."

Naturally, Ye Feng would not casually say that the National Luck Stone was in the Lihuo Empire. On the contrary, he now very much hoped that the Lihuo Empire would become stronger and stronger and protect the National Luck Stone, because this was the foundation for whether he could achieve the Holy Realm in the future. !

Xiao He also nodded slightly and said: "Don't worry, Your Majesty the Immortal King, since we have enjoyed the national luck stone of your Lihuo Empire, we will naturally do our best to help the Lihuo Empire resist the attacks of the Barbarian Demon Clan and the Blood Demon Clan. Don't worry, I will take over Various powerful formations will be deployed in Lihuo Imperial City. As long as the Quasi Saint does not take action, the Imperial City will be absolutely safe."

Ye Feng also said at this time: "We will do our best to help the Lihuo royal family."

In fact, Ye Feng is not really afraid of staying. If he really can't resist it, he will run away with Xiao He directly. Even a quasi-sage will not be able to catch himself and Xiao He joining forces.

In addition, Ye Feng also has a trump card in his hand, which is the Ancient Demon King's Order, which has a huge restraint effect on the demon clan.

However, Ye Feng did not say it out now because he was afraid that the King of Immortality would covet him.

The next thing is simple,

The King of Immortality took Ye Feng and Xiao He to the depths of the palace. When the two of them injected a trace of their life souls into the national luck stone, Xiao He secretly used a spiritual brand to teach Ye Feng the secret technique of generating autonomous conscious life souls through the soul. wind.

As a result, the souls of life that the two people injected into the National Luck Stone both had autonomous consciousness, just like two bugs with human thoughts entering a huge hive. They must be the wind and water that can mix in the National Luck Stone. rise.

However, Xiao He secretly told Ye Feng not to make any changes for the time being, so as not to disturb the life soul of Emperor Lihuo in the National Fortune Stone.

Emperor Lihuo is a high-level existence among quasi-sages. He will definitely investigate the two strange life souls that have recently entered the National Luck Stone. Only after confirming that there are no problems will the life souls of Ye Feng and Xiao He be completely integrated into the National Luck Stone. in the "big family".

"In a day and a night at most, we can try to make that trace of life soul start to double the destiny of the Lihuo Empire in the national destiny stone. The destiny of the entire empire is so huge, like the ocean, take it It's inexhaustible, we are prosperous!" On the way back, Xiao He was very excited.

Ye Feng also felt at this moment, a kind of pure power in the dark, that is, the power of luck and the power of faith, pouring out from the void, constantly washing his body and soul, and improving his martial arts perception. .

I feel like I am immersed in an ocean of energy every moment, and the cultivation level in my body is growing rapidly. With the blessing of luck, it is like adding a cultivation accelerator to my body. That kind of moment is controlled by luck. The feeling of bathing is very magical.

After returning to the palace hall, Princess Lihuo was the only one left waiting there.

King Changsheng said to Princess Lihuo: "Next, you take Xiao He to set up guard and attack formations throughout the imperial city. Whatever materials Xiao He needs, use the power of the treasury to satisfy him. We will have a battle in three days. It's a life and death battle, so don't hold anything back."

"Okay, brother."

Princess Lihuo nodded, her beautiful eyes solemn. She did not dare to waste time and led Xiao He out of the palace hall.

At this time, the entire palace was empty, with only the Changsheng King and Ye Feng remaining.

Ye Feng could feel a towering and terrifying aura from the Immortal King. This was the energy of a top powerhouse. It seemed that with the slightest movement, it was like a volcano erupting, capable of turning the world upside down and destroying all life.

The Immortal King was silent for a moment, then turned to stare at Ye Feng, and suddenly said: "Emperor Lihuo, my father... has fallen."

"What?!"

Almost as soon as the Immortal King finished speaking, Ye Feng's expression suddenly changed.

Chapter 587 Devouring the Realm

Did Emperor Lihuo fall?

The words of the Immortal King at this time shocked Ye Feng.

Ye Feng's face immediately turned ugly and said: "King Changsheng, you know this bad news and you still let us stay, is it to die with you?"

You must know that the reason why the Lihuo Empire can still persist in the imperial city this time is because of the top powerhouse King Changsheng.

If Emperor Lihuo dies and the three quasi-sages who besiege him return, the imperial city of Lihuo Empire will collapse in an instant.

"Don't worry."

The Immortal King said without any fluctuations in his tone: "His Majesty Emperor Lihuo died, but it also caused the death of the Demon Emperor of the Demon Clan. The Barbarian High Priest was also half-dead. There was only one Blood Demon Lord who escaped with his life by relying on the Sea of Blood Demon. But it's also a serious injury."

The Immortal King didn't know where he got the news from. He stared at Ye Feng and continued: "So our situation is not particularly bad now. Among the three most powerful people at the quasi-sage level, only The seriously injured Blood Demon Lord may attack our imperial city in the decisive battle three days later. At that time, our biggest enemy will be the Blood Demon Lord. "

Ye Feng spoke solemnly and said: "Even if the Lord of the Blood Demon is seriously injured, he is still a quasi-sage. A skinny camel is bigger than a horse. Are you sure you can stop him?"

The King of Immortality shook his head and said: "I can't stop it by myself, but I still have you."

Ye Feng looked puzzled and said: "And me? What do you mean? I am a small divine orifice realm warrior, how can I help in the battle between the holy realm and the quasi-saint level?"

The King of Immortality said: "You are not even afraid of the source of the Blood Demon in the Immortality Pond. You directly refined the Immortality Pond. You must have a trump card to restrain the Blood Demon Clan. I hope to use your trump card to deal with it." The seriously injured Blood Demon Lord may even have a chance to completely kill the Blood Demon Lord."

"this....."

Ye Feng heard

When King Changsheng said this, he immediately understood why he wanted to leave him alone in the palace hall to tell him such a big secret about the death of Emperor Lihuo.

It turns out that the Immortal King hopes to rely on his own trump card to restrain the blood demon clan to deal with the blood demon lord.

Ye Feng pondered for a while. He actually didn't have any trump cards to restrain the blood demon clan. It was just because the divine art of creation he practiced was very special, allowing him to devour energy of any attribute in the world, and the extraterrestrial demon clan was no exception.

Ye Feng thought for a while and said truthfully: "King of Immortality, I actually don't have any special trump card that can restrain the blood demon clan. I can refine the entire polluted immortality pool without fear of the source of the blood demon. That is Because I have cultivated a devouring domain that can devoure energy of all attributes."

Instead of lying, it is better to speak directly and let the King of Immortality know the truth, so as not to make the King of Immortality feel that he does not want to help.

Sure enough, when he heard what Ye Feng said, the Immortal King immediately darkened his eyes and said, "Didn't you use some treasure to drive away the source of the blood demon?"

"no."

Ye Feng shook his head and said, "So I have to make it clear to you in advance."

The Immortal King was silent for a while, but then he suddenly thought of something and said suddenly: "You said that the Devouring Domain you cultivated can swallow all energy attributes, and even the Blood Demon Qi of the Blood Demon Clan can be swallowed directly. Lose?"

Ye Feng nodded and said, "Yes, what's wrong?"

The Immortal King's eyes suddenly lit up and he said: "You release your Devouring Domain, and I'll take a look."

Buzz!

Ye Feng

There was no rejection and the Devouring Domain was released directly.

Immediately, the entire palace hall was enveloped by groups of dark and deep swallowing vortexes. As Ye Feng's cultivation level improved, the swallowing vortexes he was able to condense now increased from more than two thousand before to the current one. More than three thousand regiments.

"What a strong devouring power!"

Even if the Immortal King is a top expert in the Fourth Holy Realm, his eyes show a trace of alarm at this time.

This was the first time he had seen this devouring realm. It gave people a terrifying feeling of being swallowed into boundless darkness and falling into a black hole of death.

"Buzz!"

At this time, the Immortal King flicked his finger, and more than a dozen rays of light emitting different colors rushed towards Ye Feng. .??.

But at the next moment, the Devouring Domain came over and swallowed up all the dozens of rays of light with different attributes.

Ye Feng immediately felt a kind of pure energy fed back into his body.

Obviously, the dozen or so attacks of the Immortal King with different attributes are just tentative attacks and have no power or lethality.

But after all, these dozen rays of power contain the holy power of a strong person in the Fourth Holy Realm like the Immortal King. Therefore, Ye Feng's body was shocked at this moment, and he directly opened up by devouring the holy power contained in these dozen rays of light. One acupoint, seventy-one acupoints.

"Okay! Great! Your devouring domain is really amazing. If you follow me to deal with the Blood Demon Lord, it will definitely come in handy!"

The Immortal King laughed loudly, his tone filled with unparalleled strength and confidence.

Ye Feng remained skeptical and said: "King of Immortality, I don't want to die."

"Will not."

The King of Immortality said: "I

There is no need for you to fight the Blood Demon Lord directly. The Blood Demon Lord has been seriously injured. If he dares to attack the imperial city, I will fight him personally. He is not my opponent. The Blood Demon Lord relies most on his ability to transform into The sea of blood fills the sky. The sea of blood is huge and almost immortal. But Ye Feng, you have the devouring domain. When the blood demon lord is hurt and turns into a sea of blood, you will release the devouring domain and devour his sea of blood. , forcing him to reveal his true form, and I will attack and kill him. This is a perfect cooperation! "

When Ye Feng heard what the King of Immortality said, his expression immediately changed slightly. It seemed that this was indeed a good method.

"Then it's settled. When the time comes, I will send an old senior from the royal family to the holy realm to protect you. All you have to do is use your Devouring Domain."

King Changsheng said at this time, walking towards the outside of the palace hall, "I will look for you in three days, and about the death of Emperor Lihuo. Don't tell anyone, lest countless people in the imperial city lose confidence, the entire Only you and I know about Lihuo Empire."

The Immortal King left, and Ye Feng asked in his mind: "Shang, do you think the Immortal King's plan is reliable?"

Shang chuckled and said: "Didn't the Immortal King say that you should find an old man from the royal family to protect you? Then you basically don't have to worry about safety issues. As for whether the Devouring Domain can work, I can't judge this, but it should be It can restrain the Blood Demon Lord's trump card, which turns into the Sea of Blood Demon. When the time comes, Ye Feng, you can swallow the Blood Demon's energy to your heart's content, which will be of great help in opening up your acupoints."

"yes!"

Ye Feng's eyes lit up: "The Blood Demon Lord is a quasi-saint-level existence. He turns into a sea of blood. Even if I swallow a tiny bit of the sea of blood, I will gain immense energy and strengthen my cultivation."

Thinking of this, Ye Feng was hesitant at first, but now he is eager to deal with the Blood Demon Lord together with the Immortal King. Chapter 588 Immortality

After Ye Feng left the palace hall, he went directly to find Xiao He.

He saw Xiao He and Princess Lihuo setting up formations.

At this time, Ye Feng walked over and said to Princess Lihuo with a smile: "Your Highness, I wonder if your promise to let us enter the Lihuo Empire's treasury and select two treasures or two sets of inheritances counts? "

Hearing this, Princess Lihuo couldn't help but smile bitterly and said: "I just heard from my elder brother that you are the key to this duel. If you want me to meet all your requirements, I naturally dare not break my previous promise, otherwise you will run away." What should we do if we leave the Fire Empire?"

Xiao He was a little surprised when he heard what Princess Lihuo said. He glanced at Ye Feng and knew that the King of Immortality and Ye Feng must have secretly said something after he left.

But Xiao He didn't ask any more questions. He knew that if Ye Feng wanted to say something, he would definitely tell him.

"The formation is almost ready." .??.

Xiao He arranged the last formation base and said to Princess Lihuo: "Next, you ask the guards in the palace to put all the holy stones into the grooves of each formation base, and then send at least 10 gods. Experts at the Aperture Realm level guard every formation base. If nothing unexpected happens, this super large Nine Heavens Galaxy Formation will definitely be able to withstand thousands of attacks from the Lihuo Imperial City as long as the most powerful person who is not at the quasi-saint level comes to attack. With thousands of troops, those barbarians and monsters can't attack."

Xiao He's tone was strong and confident. This super large Nine Heavens Galaxy Formation took him half a day, which shows how complicated it is.

"Thank you very much, Mr. Xiao!"

Princess Lihuo immediately hugged Xiao He and expressed her gratitude.

Next, Princess Lihuo arranged for a royal guard to take Ye Feng and Xiao He to the treasury in the Lihuo Palace.

The two followed the royal guard, passed through many royal courtyards and pavilions, and came to a huge metal palace.

"Two adults, this is my royal treasury. According to the instructions of Her Royal Highness, the two adults can each choose two treasures or inheritance."

The tall royal guard spoke respectfully and handed the key to Ye Feng.

"good."

Ye Feng nodded, opened the door of the metal hall, and walked in with Xiao He.

"what's the situation?"

At this time, Xiao He suddenly asked. He knew that Ye Feng had brought him to the treasury in a hurry, and something big must have happened.

"Emperor Lihuo has fallen."

Ye Feng told Xiao He everything he heard from the King of Immortality. Now in the entire Lihuo Empire, of course, Xiao He is the one he trusts the most.

When Xiao He heard what Ye Feng said, he couldn't help but be shocked, but then he calmly analyzed: "But the barbarian high priest is half dead, the demon emperor has fallen, and there is only one seriously injured blood demon lord, the Immortal King." This kind of young prodigy with unparalleled fighting power should be able to stop it. This is also a chance creation for you, Ye Feng. Let me tell you, the Lord of the Blood Demon is a quasi-holy being, and he is an

extraterrestrial demon. He must have been born in his body. I have found the real source of blood demon, which is the same as the source of all evil that I refined at the Altar of All Saints. If you can seize it, I can use my six-path magic to help you, Ye Feng, integrate the source of blood demon into your body, you are an ancient battle body of the human race. Like my ancient Jiuli bloodline, you ignore the assimilation of the demonic energy. If you refine the source of the blood demon, you will have the innate magical power to turn into the sea of blood demon. , It is almost immortal! It is more magical and powerful than the flesh and blood reorganization in the fourth holy realm of life and death."

When Ye Feng heard what Xiao He said, he was immediately horrified and said: "Are you sure you can succeed?"

Xiao He nodded, patted Ye Feng's shoulder, and said: "As long as you can get the source of the blood demon, the six ultimate powers of my six-path magic can definitely help you integrate the source of the blood demon into your body. , allowing you to have the same innate magical powers as the Lord of Blood Demons. At critical moments, you can turn into a sea of blood demons. No one can cause harm to an ocean. As long as you don't encounter a super strong person, you are almost immortal."

Ye Feng immediately nodded fiercely and said: "I will try my best."

I have to say that Xiao He is indeed a good brother. When he heard what Ye Feng said, not only was he not greedy at all, but he was also willing to help Ye Feng integrate the source of the blood demon and tell all the secrets.

Although Xiao He is a killer in the underworld and practices magic skills, he is indeed a friend who values friendship and friendship. Demonic ways are not real demons, but demons also have their own ways.

Ye Feng suddenly asked: "By the way, since Emperor Lihuo is dead, we can now control that trace of independent life soul and absorb a huge amount of luck from the national luck stone."

Xiao He nodded and said with a smile: "Of course. In fact, I have sensed before that the consciousness of the ruler of the National Fortune Stone, Emperor Lihuo, is very weak and almost non-existent. So I have long guessed that Emperor Lihuo has fallen. Yes, now I have your confirmation from Ye Feng."

"boom!"

At this time, Xiao He pointed at the center of Ye Feng's eyebrows and told Ye Feng the method of controlling the independent soul to steal the luck of the country.

"Buzz!"

Ye Feng moves slightly

After a moment, a space gap suddenly opened above his head. In that gap, huge streams of imperial destiny poured down like a waterfall, rushing into Ye Feng's entire body, tempering his flesh and bones. Strengthen your magic power.

This is an incomparably huge power of luck, more than ten times more powerful than what the National Luck Stone actively shared before!

Almost at this moment, Ye Feng suddenly felt that the remaining dozens of dim acupoints in his body were like black holes, rapidly absorbing the power of luck.

"What a huge amount of luck energy! This is equivalent to a top-level powerhouse at the holy level, empowering me to cultivate my power all the time!"

Ye Feng's eyes were extremely bright.

Xiao He also nodded and said with some expectation: "We are just opening up a crack in the luck space of the national luck stone. It is said that after warriors enter the quasi-sage level, they have great abilities and can communicate directly. I don't know the specific details. What advanced energy from different dimensions in distant time and space, such as the legendary dragon world, the undead world, the demon world, the hell world, the angel world, even the legendary fairy world, the god world, etc., among these advanced interfaces, there are very pure. With advanced energy, the quasi-sage can open a dimensional crack channel at any time to absorb those advanced energies and strengthen his own cultivation."

Ye Feng nodded. He was very familiar with this. Back then, his father, Emperor Ye Qing, had communicated with the dimensional channel of the dragon interface, absorbed dragon energy, and bathed himself, who was a cursed body at the time, in the hope of extending his lifespan. .

But what Ye Feng didn't know was that it turned out that creatures at the quasi-sage level could begin to communicate and open up dimensional rifts to absorb the energy of the advanced interface.

Ye Feng knew very well that not to mention Longyuan Continent, even the entire spiritual world was only a medium interface in the infinite universe of stars.

Throughout the universe, there are heavens and realms, many mysterious interfaces, supercontinents, etc., and countless civilizations and advanced beings.

Even Emperor Ye Qing, who had reached the pinnacle level of the Ancient Emperor, did not dare to go deep into the starry sky above the nine heavens, because above the sky is a forbidden place for life from the spiritual world to the cosmic starry sky.

"boom!"

At this time, Xiao He also received more than ten times the luck of the Lihuo Empire and bathed his whole body.

His current cultivation level has already reached the ninth level of the Cave Heaven Realm, and he is only one step away from entering the true Holy Realm level.

In fact, if Xiao He hadn't been trapped in Storm Canyon for decades, he would have been a powerful being at the holy level.

so

Now after decades of accumulation, Xiao He can directly step into the holy realm as long as he is given an opportunity.

"Perhaps this battle in the imperial city of the Lihuo Empire will be an opportunity for me to advance to the holy realm of martial arts. The war will bring people thinking. When I watch the tragic battlefield, countless humans and barbarians and monsters are fighting, it will give me a Understanding the great way of heaven and earth, understanding the holy way, has huge benefits."

Xiao He spoke at this time, his tone was vague, giving people an unpredictable feeling.

Ye Feng guessed that Xiao He's current state was already infinitely close to the holy state, and there was only one opportunity left.

Xiao He said: "Ye Feng, now the so-called inheritance and treasures in the Lihuo Empire's treasury are of little use to me. I only need to use this imperial war to realize that entering the holy realm will be complete. Therefore, I gave you two opportunities to select treasures for inheritance. Your cultivation is still very weak and you need a huge accumulation of cultivation resources. The Southern Territory is not as simple as you think. The Holy Ancestor Dynasty is very ambitious. It is said that the Holy Ancestor is very ambitious. Jin Shengxiao, the emperor of the dynasty, has inherited the inheritance of a real ancient emperor. His cultivation is unfathomable and he is trying to seize the entire southern world. Your master Bai Yuchen and him are life and death enemies. You are in great danger. In addition, Netherworld The Demon Sect has absorbed half of the legacy of the Styx Demon Sect, and is always looking for the inheritance of the Styx Emperor. You are in many dangers. "

When Ye Feng heard what Xiao He said, he nodded with heavy eyes. This time the Lihuo Empire encountered a huge crisis, and the royal family was asking for help from him. This was also a huge opportunity for him to improve his cultivation strength.

"By the way, Xiao He, do you know the Southern Dragon Palace?" Ye Feng suddenly asked.

Xiao He's eyes showed a trace of solemnity and said: "Dragon Palace is the dominant race in the sea area. It has the blood of ancient dragons and is an extremely powerful race of creatures. Although our underworld is the number one killer dynasty, there are three things we don't kill. First, we don't kill the opponent. People who have made great contributions to the human race, secondly, do not kill people from the Temple Alliance, and thirdly, do not easily kill the creatures of the overlord race, Dragon Palace is just a creature of the overlord race in the sea. "

Xiao He spoke at this time, with doubts in his eyes, and said: "Ye Feng, you are a student of Poseidon Academy, so you should know Dragon Palace very well. Dragon Palace is one of the major behind-the-scenes controllers of Poseidon Academy. It has a very strong foundation. Even Our Human Temple Alliance in Longyuan Continent has great respect for the overlord race like Dragon Palace."

Ye Feng said indifferently: "Ji Changkong, the young dragon master of Dragon Palace, covets the girl in my heart very much."

Xiao He looked stunned at first, then his eyes turned cold, and said: "Young Dragon Master Ji Changkong? How dare you covet your younger siblings? Then you must kill them! When I return to the Southern Territory, the killers in the underworld will not dare to take action, but we can find opportunities to kill them. he."

Chapter 589: The Power of the Divine Elephant

Ye Feng got four opportunities to choose treasures. He wandered around the treasury and saw many good treasures, which made him drool a little.

But Ye Feng knew that he could only follow the rules and take only four things.

Because Princess Lihuo once told them that there is a mysterious and powerful being guarding the treasury of the Lihuo Empire. It is definitely a holy level being. If it is stolen, it will definitely be brutally attacked.

Ye Feng finally chose a set of inheritance, two kinds of natural materials and earthly treasures, and a warrior.

One set of inheritance is the Divine Elephant Demon Suppression Kung Fu, which is actually a peerless martial art passed down from the same line as the Ancient Dragon Elephant Fist.

This is a set of holy-level martial arts inheritance. A so-called "Giant Elephant Saint" once observed the ancient dragon elephant, and thus connected with the vast interface of divine elephants between heaven and earth, and finally created this set of divine elephant demon-suppressing skills. .

Once practiced, the warrior will possess the power of divine elephants!

Divine Elephant, in ancient times, was a tyrannical existence that could suppress countless ancient demons in hell. It was as powerful and supreme as the gods.

Therefore, this set of inheritance and the Ten Emperors' body-building skills will be able to greatly temper Ye Feng's fighting body.

In addition, when Ye Feng possesses the power of the divine elephant, the power of the Ancient Dragon Elephant Fist will become even greater and more powerful.

As for the two treasures of heaven and earth, they are a Yin Yang Dragon Snake Fruit and a Nine Heavens Chenguang Flower.

They all contain very powerful medicinal power and are of great benefit to the opening of acupoints in the human body.

As for the fourth opportunity, Ye Feng chose an exaggeratedly large weapon, a half-step holy weapon, which was very precious.

Of course, this weapon was not used by Ye Feng himself, but was chosen for the Abyss Troll.

Now, with the recovery of Shang, the soul of this old demon dragon has taken possession of the abyss troll, and he has become more and more skillful in controlling the abyss troll to fight against the enemy.

The most powerful method of the abyss troll is naturally to use the immortal and terrifying troll body to crush everything and smash everything, violent and savage.

Therefore, Ye Feng specially used this opportunity to select a very suitable weapon for the Abyss Troll from the Lihuo Empire's treasury.

It was a huge shield, as big as a hill, heavy and towering. There was a strong man like a giant spirit god engraved on the shield, exuding an ancient and profound power.

This shield is called the Titan Shield. It is a terrifying shield cast by the ancient giant race Titan. The whole body is made of a very special extraterritorial mithril. It shakes violently, as if it can tear the entire earth apart.

The Abyss Troll possesses this exaggeratedly large Titan shield, which can be used for defense or as a weapon.

Ye Feng could even imagine that the troll wielding the Titan shield and charging on the battlefield was definitely a killing weapon that shocked countless people!

"I've made my choice, let's go."

With great protection, Ye Feng walked to the door of the treasury,

He spoke to Xiao He who had been waiting for a long time.

"Qiang!"

But suddenly at this moment, a sword light suddenly flashed from a distance and rushed behind Ye Feng in an instant.

It turned out to be a pure cyan ancient sword. At this time, it automatically flew from an unknown corner of the treasury and automatically entered the scabbard on Ye Feng's back.

"What's happening here?"

Ye Feng's face suddenly showed a look of extreme astonishment.

Uh-huh!

Suddenly at this moment, an old man wearing a gray gown appeared in front of Ye Feng.

This old man appeared suddenly, as if he came out of the void. He was obviously a very terrifying existence, and should be a strong man in the holy realm.

He stared at Ye Feng's back with some strangeness and said: "This Star-Gathering Demon-Slaying Sword hasn't moved for a long time. I didn't expect to be attracted by a young man like you. Forget it, you can take it away."

Star-Gathering Demon-Slaying Sword?

Xiao He's eyes moved at this time, and he said: "The Star-Gathering Demon-Slaying Sword is the sword of the legendary demon-slaying saint. With one strike, it can absorb the power of the stars in the sky and earth and kill any big demon. It once caused a stir in the demon clan back then. In such a bloody time, I never expected that this ancient sword, which was about to disappear into the dust of history, would appear here. "

Ye Feng's face was slightly happy and said: "Xiao He, you mean, this is a sword used by a saint, is it a holy sword?"

Xiao He nodded and said: "Yes, it seems that Ye Feng really has great luck, and you were selected by the Holy Sword unconsciously."

The white-haired old man had disappeared at this time.

"Qiang!"

Ye Feng suddenly pulled out the Star-Gathering Demon-Slaying Sword and looked at the pure cyan sword body, with the images of stars engraved on it.

Although the aura is old, the sword body contains a very terrifying energy.

This is definitely a very terrifying sword!

However, Ye Feng felt at this time that it was not because of his good luck, but because the sword chose him, it probably had something to do with the iron sword in his scabbard.

This iron sword was a rusty long sword that Uncle Nan gave to Ye Feng back then. Now the rust has fallen off and it looks like an ordinary iron sword.

But Ye Feng knew very well that this ordinary-looking iron sword, once activated, would release a thunderbolt with extremely terrifying destructive power. It was a very mysterious weapon. sword.

Ye Feng felt that the Star-Gathering Demon-Slaying Sword's initiative to enter the scabbard had a huge relationship with the iron sword containing infinite thunder.

But no matter what, I got a sword used by a saint for no reason.

I am still very happy to wear a sword.

Ye Feng hummed a little tune and walked out of the treasury with Xiao He.

In the next three days, Ye Feng and Xiao He returned to their respective residences and practiced with peace of mind.

There will be a huge decisive battle in three days. In order to protect the National Fortune Stone, Xiao He will use the power of the formation to help protect Lihuo Imperial City.

And Ye Feng has a huge task. He must help the Immortal King deal with the Blood Demon Lord, and he must also find a way to plunder the source of the Blood Demon that was bred in the Blood Demon Lord's body.

Therefore, Ye Feng had no time to rest at all. He told the maid sent by Princess Lihuo to serve him that no matter how big things happened in the past three days, no one should disturb his practice.

In the secret practice room, Ye Feng first took out two heavenly materials and earthly treasures selected from the treasury, and opened his mouth to inhale them.

"boom!"

"boom!"

The two elixirs in his hands immediately turned into two huge medicinal powers, containing powerful power, and were swallowed by Ye Feng.

Boom boom boom!

Boom boom boom boom!

Almost at this moment, nine roars suddenly sounded from Ye Feng's body.

It was the sound of the successful opening of nine acupoints in the body!

"The eighth level of the Divine Aperture Realm!"

"There are still twenty acupoints left!"

Ye Feng let out a long breath, and finally his cultivation level was about to reach the peak level of the Divine Aperture Realm.

It has to be said that after having the training resources, Ye Feng's cultivation breakthrough was indeed extremely fast.

And don't underestimate the opening of eight acupoints. For a monster like Ye Feng who practices the God of Creation, even if he successfully opens one acupoint, his combat power will skyrocket.

Now Ye Feng has opened eight more acupoints in succession, and his combat power has increased several times compared to before.

There are now a total of eighty acupoints in Ye Feng's body, which have been successfully opened.

Each one is blooming with brilliant divine light, like a powerful engine, providing Ye Feng with a steady stream of terrifying power.

Once it breaks out, it will be earth-shattering and overwhelming!

"The magic of divine elephants to suppress demons."

Next, Ye Feng took out another yellowed ancient book, which was the powerful saint's inheritance of the Divine Elephant Suppressing Demon Technique.

Ye Feng had already practiced the Ancient Dragon Elephant Fist before, and the Divine Elephant Demon Suppression Skill was a sublimation of the Ancient Dragon Elephant Fist.

Therefore, after Ye Feng practiced, his original dragon-elephant power directly evolved into the divine elephant power.

In ancient legends, the divine elephant is a divine beast in heaven. It is as powerful as the gods. It has the body of an elephant and the head of a white jade scepter. It can suppress demons when entering hell. Countless demon lords tremble and dare not move.

Ye Feng practices the magic of divine elephants to suppress demons. He

The entire body began to emit a divine light like a god, and the phantom will of a huge and towering divine elephant slowly condensed in the void behind him.

"This Divine Elephant Suppressing Demon Technique is indeed a peerless skill created by an ancient saint who opened up a dimensional passage to heaven. After observing the legendary divine elephant, I feel that my whole body, soul, etc., are all calm after practicing it. Sublimated, life and breath become greater."

At this time, Ye Feng could even feel that his glazed combat body was slowly growing, strengthened by the power of the divine elephant, a high-level energy.

This is a set of powerful body training inheritance that is no less than the Ten Emperors' body training skills. It can greatly enhance one's combat power and temper one's ancient human race fighting body.

For three whole days, Ye Feng was practicing the Divine Elephant Demon Suppression Technique. Originally, he wanted to devour the evil beast trapped in the Barbarian God Tower.

But just after Ye Feng opened the sealing spiritual formation on the second floor of the Barbarian God Tower, a monster claw as big as a millstone stretched out from the Barbarian God Tower and almost tore his throat into pieces.

This made Ye Feng quickly seal off the entire Barbarian God Tower again, not daring to open it again.

There are a total of eighteen floors in the Barbarian God Tower. The wild beasts blocked on the second floor cannot be covered by Ye Feng for the time being.

"I'm afraid we can only wait until we step into the Cave Heaven Realm to see if we can swallow the wild beasts on the second level."

Ye Feng murmured helplessly, holding the Barbarian God Tower in his hand, as if he was guarding a treasure and could not use it, which made Ye Feng very depressed.

However, in the past few days, Ye Feng discovered that he was able to draw more of the power of luck from the national luck stones, which was considered a good thing.

Bathed in the pure power of the power of luck, Ye Feng was about to step towards the ninth level of the divine orifice realm.

However, Ye Feng could clearly feel that the total luck contained in the entire National Luck Stone was rapidly depleting.

This shows that the battle in the territory of the Lihuo Empire has reached an extreme level of ferocity. It is certain that many cities and territories have been conquered and occupied by the two barbarian demon tribes.

"In order to steal the national destiny from the national destiny stone, it seems that this time we really have to do our best to protect the foundation of the Lihuo Empire!"

Three days later, Ye Feng walked out of the secret training room and walked towards the palace hall.

"Dong dong dong..."

At this time, the horn of war had already sounded in the imperial city.

The real decisive battle, the battle that determines the rise and fall of the Lihuo Empire, has finally arrived.

The storm was about to come, and the atmosphere in the entire imperial city suddenly became extremely tense and depressing.

A thick blood cloud dyed the entire sky of the Imperial City bloody, causing many people to look up to the sky with fear.

"The Lord of the Blood Demon is indeed here..."

Ye Feng felt the seriousness of the matter, and he quickened his pace and walked towards the palace hall.

Chapter 590 Quasi-Saint

When Ye Feng walked into the palace hall, he found that only the King of Immortality was standing there in the entire palace.

When the King of Immortality saw Ye Feng's appearance, his eyes immediately lit up with joy and he said, "You are finally out of seclusion. The two barbarian demon clans have launched a siege battle."

"So fast?"

Ye Feng's eyes were slightly startled, but at this time he carefully used his ears and could indeed hear countless roars and shouts of death coming from the distance outside the imperial city.

Obviously the war has begun and the army has arrived at the city.

"I'll take you to see it."

The King of Immortality grabbed Ye Feng, and with his unparalleled cultivation, he crossed tens of thousands of meters in one step. The space flickered directly, and he stepped onto the ancient city wall.

At this time, Ye Feng looked towards the outside of the city and was immediately shocked by the scene in front of him.

Countless barbarian soldiers and monster soldiers were like locusts, densely packed, roaring from all directions of the imperial city.

The blood and demonic energy soaring into the sky boiled into the sky, giving people an epic feeling of a vast war.

"Boom!"

"Boom!"

At this time, on the huge city wall of Lihuo Imperial City, each of the royal guards of Lihuo Empire loaded thigh-thick steel repeating crossbows into siege ballistas.

Every time the steel crossbow blasts out, it is a fierce soldier who can instantly penetrate more than a dozen beasts and monsters.

In addition, the most powerful thing is the super large Nine Heavens Galaxy Formation arranged by Xiao He.

Although it was daytime at this time, there was still endless star power drawn down from the sky.

Xiao He was alone, stepping high in the sky.

He blasted out with one palm after another towards the endless wilderness outside the imperial city.

boom!

boom!

Suddenly, there was endless spiritual energy and star power in the Nine Heavens Galaxy Formation, condensed into super large starlight palms, and bombarded away from below.

Just like ancient giants bombarding the earth and shattering mountains, every big hand struck down, instantly crushing hundreds of barbaric monster armies.

However, this seems to be somewhat useless, because at this time, there are dense armies of barbarian demons in all directions of Lihuo Imperial City. They are not afraid of death at all. There are millions or even tens of millions of soldiers, which is really terrifying.

This was a world away from the invasion of hundreds of thousands of barbarian troops that Ye Feng had encountered in a small kingdom.

This is the real war between the overlord forces, the fierce battle between the human empire and the wilderness race. The fighting spirit tears the sky and the blood stains the mountains and rivers.

At this moment, Shang was anxious in Ye Feng's mind and shouted quickly: "Ye Feng, let me out quickly. This kind of vast battlefield is exactly what I need now. There are endless souls of death that can be swallowed up." , My Dragon Soul is definitely

You will get huge nourishment, as well as the spirit of war, which will be of huge benefit to the improvement of the abyss troll. "

Ye Feng nodded and said: "Actually, I want to enter this battlefield and fight to my heart's content. I can devour blood and broken souls and increase my soul power, but I have more important things to do now."

The Immortal King was standing not far from Ye Feng, looking up at the sky, as if catching the breath of the Blood Demon Lord.

"Abyss Troll, come out."

Ye Feng released the abyss troll at the next moment.

Uh-huh!

Shang also emerged from Ye Feng's eyebrows, and a huge demonic dragon soul entered directly into the head of the abyss troll, directly controlling this behemoth.

"Boom!"

The terrifying and majestic body of the abyss troll suddenly stood on the battlefield. It stepped on the endless wilderness, standing tall with the sky and the ground, its shoulders towering like a god. It had endless majestic energy, giving people an extremely strong vision. Shocking.

"Shang, don't forget the Titan shield!"

Ye Feng shouted and threw a mithril shield as heavy as a mountain.

"boom!"

The abyss troll directly grabbed the Titan shield with one hand, like the unparalleled god of war of the ancient giant clan. He held the big shield in his hand and was indestructible. It made countless people feel even more majestic and terrifying.

"Hahaha! This vast battlefield is indeed a good place. There are so many dead souls. I will swallow them all to increase my strength. Then I will be able to protect Ye Feng when he returns to the Southern Territory!"

Shang screamed and controlled the abyss troll to trample and tear apart everything in the entire battlefield.

As for Shang, although he has always been heartless, he still feels a little guilty in his heart for his failure to protect Ye Feng.

So this time Shang wants to control the abyss trolls, gain huge benefits from this rare war between overlord forces in a thousand years, and suddenly increase his own power.

The appearance of the behemoth Abyss Troll suddenly reversed the situation on the battlefield.

Originally, the imperial city was in danger, but Shang controlled the abyss trolls to charge and trample madly, causing the armies of the two barbarian demon tribes to retreat steadily.

"Oh! My God! What is that behemoth? Is it the giant of the human race that has revived?"

"Is that the legendary troll? It's too scary!"

"How could this ancient troll that disappeared into the dust of history appear? And also help the human race fight?"

At this moment, countless demon clans and barbarians

The clan members all had frightened expressions in their eyes.

"Roar!!"

But at this moment, several evil beasts rushed out of the wilderness, and they were also hundreds of meters tall.

They were an eight-armed silver-armored evil beast, a golden-armored crocodile the size of a small mountain, and a red crab-like evil beast dozens of meters tall.

Three huge wild beasts rushed towards the abyss troll in an instant.

"Hahaha! Well done! You powerful beasts of the wilderness, your souls must be even more powerful and majestic!"

Shang laughed loudly, not afraid at all, and just fought with the three wild beasts that suddenly appeared, and the entire battlefield suddenly became more chaotic.

I am afraid that even if a master of the Divine Aperture Realm enters this chaotic battlefield, he will fall without paying attention.

"coming!"

Suddenly on the city wall, the Immortal King suddenly opened his eyes and suddenly made a sound.

"boom!"

The Immortal King seemed to have also practiced a kind of pupil technique. Two red lasers suddenly shot out from his eyes and instantly pierced the blood cloud in the sky.

"Jie Jie Jie, the King of Immortality, he is worthy of being the first master of the holy realm among the quasi-sages in the land of Northern Xinjiang. You discovered me just after I arrived. It seems that you have been waiting for me for a long time."

Suddenly at this moment, a sinister laughter that contained the vicissitudes of eternity resounded throughout the entire sky.

Buzz!

A majestic breath that makes people feel suffocated, like a mountain, like a sea, like an abyss, like hell, with endless depth and vicissitudes, as well as the feeling of eternity, permeates the entire world at once.

"This kind of aura? It is definitely an existence beyond the holy realm!"

"The most powerful quasi-saint has appeared!"

"Look at the blood clouds in the sky, could it be that the Lord of Blood Demon has returned?"

At this moment, countless powerful masters in Lihuo Imperial City suddenly became extremely frightened and their bodies trembled.

To a quasi-sage, these humans in the Vientiane Realm, the Divine Aperture Realm, and the Cave Heaven Realm are nothing more than ants.

Below the saints are all ants!

For the quasi-sages, they are already the most powerful ones who are infinitely close to the ancient saints, and they are the true pinnacle of combat power on this land.

So now that they felt the overwhelming quasi-saint aura of the Blood Demon Lord, everyone was in despair.

"What happened? Why is the Blood Demon Lord here?"

Countless powerful men in Lihuo Imperial City made horrified sounds.

"Jie Jie Jie, yes, your Majesty the Great Emperor has fallen and died in my hands. I

He personally beheaded Emperor Lihuo! "

The Blood Demon Lord's laughter echoed throughout the sky, leaving countless people completely stunned.

"Father...is dead?"

Princess Lihuo, who was actively guarding the imperial city at this time, suffocated, her vision almost went dark, and she fainted on the ground.

"Everyone is guarding the imperial city with all their strength! This Blood Demon Lord is not something to be afraid of. He has already been seriously injured. I am standing on this city wall today just to kill this Blood Demon Lord!"

Suddenly the King of Immortality roared loudly. He performed a special roaring skill and added a kind of holy-level will to his voice. The fear in the hearts of those who were originally afraid in the entire imperial city was immediately dispelled. , but full of excitement and burning blood.

"This Immortal King has such amazing cultivation! Even I feel like the blood in my body is about to boil. I can't help but rush into the battlefield and fight desperately!"

At this moment, Ye Feng's soul power was so powerful that he was infected by the voice of the Immortal King.

Obviously, this Immortal King also has certain attainments in the spiritual and spiritual aspects. He should have practiced a special and incomparable sound attack method, and now it has become a secret technique to boost the morale of the entire army.

"Ye Feng, let's go!"

The Immortal King knew that the longer the delay, the faster the Blood Demon Lord would absorb the blood in the battlefield below and recover.

In fact, the Blood Demon Lord originally lurked here secretly in order to absorb more blood energy generated by the fighting in the vast battlefield and restore his seriously injured body.

However, his plan was immediately discovered by the King of Immortality, who used red laser eyes to force him out from high in the sky.

"Uh-huh!"

At this time, a white-haired old man in gray clothes suddenly came to Ye Feng's side and said: "Young man, I will guard your side. I hope you can assist the Immortal King to completely obliterate the Blood Demon Lord."

Ye Feng glanced over and found that the old man in gray clothes and white hair was the strong man in the holy realm who had previously guarded the treasury.

Obviously, this old man is the powerful man from the Holy Realm sent by the King of Immortality to protect him.

Being protected by a strong man in the holy realm, I have to say that this treatment is extremely noble.

But Ye Feng knew that his task was extremely arduous, and if he was not careful, he might be directly obliterated by a quasi-holy being like the Blood Demon Lord.

"For the source of the Blood Demon! For the innate magical power of the Blood Demon Sea! For immortality! Fight!"

Ye Feng roared in his heart. He looked at the white-haired old man beside him and said, "Senior, let's go straight up!"

Boom!

At this time, the Immortal King had already rushed into the sky, sacrificed the Great Wilderness Battle Map, and a huge battle had broken out with the Blood Demon Lord.
