Chapter 591 The Kingdom of Darkness

The battle in the sky was very terrifying, a horrific fight at the quasi-saint level.

The King of Immortality is known as the first person among the quasi-sages on the land of Northern Xinjiang. It must be said that his combat power is extremely powerful.

Although the Blood Demon Lord seemed to have suffered heavy losses, he was after all a powerful being at the quasi-saint level.

Every time he attacks, large blood clouds covering the sky are bombarded, as if the entire sky collapses, crushing the Immortal King to death.

But although the Immortal King is not a quasi-sage, he is a strong man in the fourth holy realm, and his combat power is unparalleled. He is the top existence among the younger generation in Northern Xinjiang, and can fight beyond the ranks.

The battle map of the Great Desolation surrounds the King of Immortality, like a Great Desolation robe, with infinite power of the Great Desolation flowing out from it, causing the King of Immortality to erupt with earth-shattering power.

Swish, swish, swish!

Boom boom boom!

Two majestic figures like gods collided and fought rapidly in the entire sky. The divine light splashed, the fighting spirit roared, and the terrifying destructive power and combat power fluctuated, making the entire sky tremble and making the earth tremble. The mountains are collapsing.

"It's too scary! This is the battle between the real strongest ones!"

"In this war, I'm afraid all hope is pinned on these two strongest men."

"I hope the Immortal King can win this battle, otherwise our Lihuo Empire will fall into a place of eternal disaster!"

At this time, all the soldiers, ministers, royal nobles, etc. in Lihuo Imperial City looked at the battle in the sky with fear in their eyes, but at the same time with a kind of hope.

"The power at the Quasi-Saint level is indeed full of infinite destructive power, which makes people feel frightened."

At this moment, Xiao He, who was presiding over the Nine Heavens Galaxy Formation, felt a little bit suffocated in his heart when he saw the terrifying battle in the sky. However, watching this kind of battle between the strongest would have a huge impact on Xiao He's early entry into the Holy Realm. s help.

He murmured, "Ye Feng, you must succeed. If you capture the source of the Blood Demon, it will be of infinite benefit to you in the future."

Uh-huh!

At this time, under the protection of the white-haired old man, a strong man in the holy realm, Ye Feng came to the edge of the battlefield between the Immortal King and the Blood Demon Lord.

The white-haired old man's eyes were full of solemnity at this time, and he said: "Master Ye, the battle between the Immortal King and the Blood Demon Lord is really frightening. I will try my best to protect you later, Li Huo The rise and fall of the empire all depends on you and the Immortal King!"

The white-haired old man spoke from the bottom of his heart, with a deep sigh.

The powerful and prosperous Lihuo Empire would actually face a moment of life and death. This was something no one expected.

Moreover, the fall of Emperor Lihuo made Saint Realm powerhouses like the white-haired old man feel a deep sense of powerlessness and despair.

Although Ye Feng is just a god

The aperture realm, in the gray-haired old man's subconscious, may not be of any help at all, it is just an ant.

But since the King of Immortality has said that, in this decisive battle, Ye Feng, a small warrior in the Divine Aperture Realm, may be of great use.

Therefore, the white-haired old man could only choose to blindly believe in the King of Immortality at this moment, and he would do his best to protect Ye Feng's safety.

"Send me to the vicinity of the Blood Demon Lord and lurk away secretly. Now the Blood Demon Lord himself is seriously injured, and the Immortal King has restrained most of his energy. We lurk away secretly and hide in the void. , maybe he won't find out."

At this time, Ye Feng faced the overwhelming pressure that might destroy him in one fell swoop. Instead of panicking, he analyzed it very calmly.

This made the white-haired old man secretly admire in his heart. This boy is indeed the one favored by the King of Immortality. Even though he is an ant, looking up at the battle between the gods, he is still unhurried and calm as iron, which makes people admire his strong mentality. .

"Buzz!"

The white-haired old man has his own holy realm, called the Cloud Sky Realm, where he can merge himself with the clouds in the sky.

This is a very healthy practice inheritance, but it is really of great help at this moment.

Because at this time, the white-haired old man and Ye Feng merged into the white clouds high in the sky, and the Blood Demon Lord did not notice these two people at all.

Perhaps the Lord of the Blood Demons has noticed it, but this quasi-sage demon of the Blood Demon clan doesn't care about these two humble existences at all.

The white-haired old man had just entered the First Saint Realm for the first time, while Ye Feng was even smaller. He had not yet entered the Divine Aperture Realm, and had not even entered the Cave Heaven Realm.

In the eyes of the Blood Demon Lord, the two of them are naturally like little ants on the ground, they can be killed by a sneeze.

Therefore, the biggest enemy in the eyes of the Blood Demon Lord at this time is the Immortal King. In the entire Lihuo Empire, as long as the Blood Demon Lord kills the Immortal King, it means that the Lihuo Imperial City will collapse without attack.

"boom!"

Suddenly at this moment, the Blood Demon Lord suddenly released two Blood Demon Light Pillars, which instantly bombarded the Immortal King.

"puff!"

The Immortal King did not resist for a moment, and was pushed back several steps, and then a trace of blood spurted out of his mouth.

"Oops!"

When countless people in the audience saw this scene, they couldn't help but sweat in their hearts for the Immortal King.

"You are dead!"

The Lord of the Blood Demon laughed wildly and instantly transformed into a young man wearing a blood robe. He rushed directly in front of the Immortal King and stretched out a

A bloody claw was about to crush the Immortal King to death.

"After fighting for so long, you finally manifested yourself from the endless sea of blood!"

The Immortal King suddenly raised his head at this moment, and the dejected look on his face that had been seriously injured suddenly disappeared. Instead, a cold smile suddenly flashed across the corner of his mouth.

"What? Did you get hurt by me on purpose just now? Was it just to draw me out?"

The Blood Demon Lord suddenly showed a hint of panic on his face.

"Jiulong Zhentian Cauldron!"

"Great Wilderness Battle Map!"

"Lend me your divine power! Great Wild Dragon Monument Bearer!"

The King of Immortality made a violent sound at this moment, and nine golden dragon auras rushed out from the Lihuo Empire's country-suppressing weapon, the Nine-Dragon Heaven-Suppressing Cauldron, which turned into nine giant dragons and entangled in the palm of the King of Immortality.

At this moment, he displayed his most powerful martial arts, the Great Wild Dragon Monument Hand!

"Boom!"

The void was shattered. A big dragon-shaped hand, holding a vast ancient monument, poked out from the void. It looked like a great lord of the wilderness, grabbed from the ancient time and space, possessing infinite weight and pressure. .

And at this time, it was blessed by the power of the nine dragon veins of the Nine Dragons Zhentian Cauldron, the most important weapon of the Lihuo Empire.

At this time, the Immortal King's blow cast infinite divine power and gathered so much mad power that the void was shattered. This blow was extremely terrifying.

"boom!!!"

A sky-shaking roar sounded, and the Blood Demon Lord screamed. His entire body was instantly shattered, turning into streaks of blood that merged into the sea of blood high in the sky.

"So strong!"

At this time, everyone on the field couldn't help but exclaimed, and everyone's eyes finally showed the light of joy.

"Damn it! Damn it! I was actually tricked by a boy like you, King of Immortality! The blood demon body I finally condensed was shattered once again!"

Accompanied by the furious voice of the Blood Demon Lord, the sea of blood clouds in the sky shrunk more than ten times visibly to the naked eye.

The Immortal King's breath was a little exhausted at this moment. The blow just now caused extremely strong damage to the quasi-sage, but it also caused the Immortal King to use up almost all the remaining power in his body.

At this time, his majestic face like a knife became extremely pale, and his body even swayed a little. It was obvious that he had paid a huge price to destroy the Blood Demon Lord, the quasi-holy body of the Blood Demon. .

"Hahaha, I am an innate blood demon, possessing the magical talent of the blood demon sea. Even if you smash my body to pieces, I will never die if I enter the blood demon sea!"

At this time, many emperors

The masters and strongmen in the city flew high into the sky and attacked the sea of blood, but they were all submerged by the sea of blood and had no effect at all.

"Oops! This blood demon lord is too terrifying. The demon clan from outside the territory owns the sea of blood demons. Even Emperor Lihuo failed to destroy it before he died, and the Immortal King has no hope..."

At this moment, many old people in the imperial city sighed deeply, and a feeling of despair began to spread in everyone's heart.

Terrifying and invincible men like the Immortal King are unable to completely obliterate the Blood Demon Lord.

However, a smile suddenly appeared on the pale face of the Immortal King at this time, "Lord of the Blood Demon, you came here with a seriously injured body. Just now, I completely destroyed the Blood Demon's body. Haven't you noticed that the area of your Blood Demon Sea is getting smaller and smaller? It is so small that even the martial arts field of the Divine Aperture Realm warrior can cover your Blood Demon Sea."

The Blood Demon Lord laughed loudly, with a tone full of disdain, and said: "No matter how small the area of my Blood Demon Sea is, as long as there is a drop of blood, I can re-condensate the Blood Demon's body. Ku, I am immortal. In your human race, powerful monsters such as the Immortal King yourself cannot crush my sea of blood demons. That old man, Emperor Lihuo, who is himself a fire from heaven and earth, cannot completely burn me. The Sea of Blood Demons, now that your divine power is exhausted, no one in the Lihuo Empire can fight with me, let alone wipe out my Sea of Blood Demons! You are completely in despair!"

The Lord of Blood Demon let out a disdainful laugh. It suddenly gathered the entire sea of blood and rushed towards the weak King of Immortality: "King of Immortality, you are indeed a rare genius in the human race for thousands of years. Even the Great Wilderness Battle Map Such extreme holy soldiers are willing to follow you, but today the legend is coming to an end. I will not kill you directly. It would be a pity to kill you. I will cover you with the sea of blood and use the source of the blood demon to kill you. Transform into my blood demon puppet, expand the territory for me, and conquer the world! Hahaha!"

"Buzz!"

But at the moment when the Blood Demon Lord was about to kill the Immortal King directly.

A large area of darkness suddenly enveloped the sea of blood demons where the blood demon lord was.

This is a dark realm, deep, void, like an abyss or a prison.

It's like a kingdom of darkness has descended!

But the most frightening thing is that in this dark kingdom, groups of terrifying swallowing whirlpools, like black holes in the starry sky, appear everywhere in the Sea of Blood Demon, and begin to crazily absorb and devour the blood of the Blood Demon. The energy of the sea.

"Ah! What is this?! My power is passing violently! Impossible! Impossible! How can there be such power in the world, ignoring the invasion of my blood demon source and blood demon energy?"

The Blood Demon Lord's originally triumphant voice suddenly became extremely frightened at this moment.

Chapter 592: Plunder

Ye Feng jumped out of the void at the critical moment and directly released his Devouring Domain.

More than three thousand swallowing vortexes were launched with all their strength, and like tarsal insects, they all adhered to the surface of the Blood Demon Sea and crazily devoured the energy of the Blood Demon Sea.

Perhaps for ordinary monks, even for beings like the Immortal King, if they are contaminated with some blood demon energy, they will be instantly demonized and become human demons, insane and possessed.

But for Ye Feng himself, these do not exist.

The divine art of creation he cultivated, and the human combat body he forged, could resist all evil spirits.

He can even assimilate it and smelt it in the oven of creation to become the nourishment for growing his own strength.

So at this time, the Blood Demon Lord finally felt the emotion of fear.

He possesses the Sea of Blood Demons, and is a quasi-holy level super demon among the extraterrestrial demons. He is a demon lord-level existence, and is equivalent to the emperor of the blood demon clan.

The Lord of Blood Demon has always been self-centered and has no scruples, because he has a sea of blood and is almost immortal.

Even Emperor Lihuo's counterattack before his death, the fire connecting heaven and earth, burning all things, and the void was burned and collapsed, but they were unable to obliterate him. ??

Therefore, when the Blood Demon Lord came to Lihuo Imperial City, he immediately took action in a large-scale and lawless manner. There was no taboo at all, because it was absolutely impossible for anyone in the northern Xinjiang land to obliterate his existence.

But now, the Blood Lord is lost in the realm of darkness.

He suddenly panicked, and what frightened the Blood Demon Lord the most was that the Blood Demon Sea, which he was so proud of, was being swallowed by thousands of vortexes, sucking energy crazily.

His Sea of Blood Demons, his biggest trump card, is rapidly drying up.

"Buzz buzz!"

At this moment, Ye Feng, who was standing at the top of the Dark Kingdom, felt an incomparable surge of energy pouring into his body.

The sea of blood demons is blood demons

The essence of power condensed by a quasi-holy demon lord like the Lord is extremely pure, and is somewhat more powerful than the luck of the Lihuo Empire.

So even though the Blood Demon Sea has shrunk by more than ten times and is only the size of a small pond, the Blood Demon energy absorbed at this time is as majestic as the ocean for Ye Feng, who is currently at the Divine Aperture Realm.

"Boom! Boom! Boom!..."

At this moment, the acupuncture points in Ye Feng's body were rapidly filling up with energy, becoming terrifying and powerful.

Ye Feng used the energy of the Blood Demon Sea to quickly open up his own acupoints.

The eighty-first acupoint was opened successfully!

The eighty-second acupoint was opened successfully!

Eighty-three, eighty-four, eighty-five, eighty-six...

Ye Feng couldn't help but look up to the sky and roar, his power was rapidly becoming huge, and waves of terrifying aura gradually rose up from his body.

"Ahhhh..."

But at this moment, the Blood Demon Lord was in a miserable state. His Blood Demon Sea was becoming increasingly depleted, shrinking from the size of a small pond to only a small puddle, and finally to no bigger than the mouth of a bowl.

But in the end, it shrank into this sea of blood demons as big as a bowl, but it bloomed with a dazzling red light.

At this time, Ye Feng's cultivation level has skyrocketed to the ninth level of the Divine Aperture Realm, and ten more acupoints have been opened, for a total of ninety acupoints, emitting strong divine light and energy.

"Ye Feng, the last sea of blood that is very difficult to refine is the source of the blood demon!"

Xiao He's voice suddenly sounded in Ye Feng's heart: "Ye Feng, I have just passed on a secret formula to you with my soul. You quickly enter the dark kingdom to snatch the source of the blood demon! The blood demon lord's The Sea of Blood Demon contains the precious source of Blood Demon, which not everyone knows

, I am afraid that even the King of Immortality does not know this secret. I studied the Blood Demon clan for a period of time in the underworld, and only then did I know this secret. "

Xiao He is now using the soul master method to communicate with souls from thousands of meters away. It is not simply condensing energy to transmit sounds in the ears.

Therefore, no matter how powerful everyone else present, including the Immortal King, they are warriors and do not understand the soul master, they cannot hear the voice of Xiao He's soul.

"good!"

At this time, Ye Feng also knew how rare and precious the source of the blood demon was. It was refined into the body of a warrior and could actually help the warrior possess the innate magical power of the sea of blood demon. This was really precious.

I'm afraid that the King of Immortality will be moved if he finds out.

Before, the Lord of the Blood Demon was still alive, and the Immortal King needed Ye Feng and Xiao He, so he was so polite and didn't even care about Ye Feng refining the Immortal Pond in the Immortal Mansion.

But now that the Blood Demon Lord is destined to die, the Immortal King may have other ideas.

Ye Feng naturally understands this, so when he plunders the source of the Blood Demon, he must not let others know about it, especially the Immortal King.

So at this time, Ye Feng pretended to frown, with an ugly look on his face.

When the King of Immortality saw Ye Feng like this, his eyes immediately darkened and he asked, "What's wrong? What happened?"

Ye Feng said: "The Blood Demon Lord is worthy of being a demon lord of the Blood Demon clan. I am controlling the Devouring Domain of his Blood Demon Sea from outside. I cannot completely engulf it and obliterate it. I need to go there in person to kill it." Kill!"

The Immortal King said anxiously: "Then go quickly and suppress it, be careful!"

"good."

Ye Feng nodded, with a look of death on his face, and stepped out of the way, stepping into the dark country, and immediately disappeared in the dark realm.

The Immortal King and many Lihuo Empires around him

When the strong masters saw this scene, they couldn't help but trembled, and a tragic and touching emotion rippled in everyone's hearts.

The King of Immortality even sighed: "It would be great if he were from my Lihuo Empire. I will definitely train him to be the patron saint of our Lihuo Empire!"

At this moment, after Ye Feng stepped into his Devouring Domain and entered this dark country that was isolated from the outside world, the heavy and tragic look on his face immediately disappeared.

Ye Feng's face showed a trace of passion and expectation, and he instantly flew to the center of the Devouring Domain.

There, a sea of blood as big as the mouth of a bowl was surging.

The voice of the Blood Demon Lord came from inside: "Ah! Boy, who are you! Who are you! How can you swallow the original energy of this Blood Demon without any problem? Even the Great Sage Emperor Heirs, don't dare to be contaminated by my blood devil's original energy! They will go crazy in an instant and become a big demon of chaos!"

The Blood Demon Lord wanted to say something more, but Ye Feng directly grabbed the bowl-sized Sea of Blood Demon, or the source of the Blood Demon, with one hand, and squeezed it hard, hiding the Blood Demon Lord in it. His soul was almost crushed, and he immediately let out a miserable howl of pain.

At this time, Ye Feng showed a controlling smile on his face and said: "Lord of the Blood Demon, originally, a quasi-sage like you is a superior god to me. I am just like an ant, but it is a pity that the tiger falls on the plain. Being bullied by a dog, the source of your blood demon is mine!"

"No!!!"

The Blood Demon Lord roared in extreme horror and rage, but to no avail.

At this time, Ye Feng followed the secret technique that Xiao He had just passed on with his soul, opened his mouth and swallowed it, directly plundered the source of the blood demon, and sealed it in his body.

When this war is over, Xiao He will use the six ultimate powers of his Six Paths Magic to help him smelt the source of the Blood Demon and completely achieve the innate magical power of the Sea of Blood Demon!

Chapter 593 The Great Hero

High in the sky, the kingdom of darkness slowly retreated, and Ye Feng stepped out from inside with his hands behind his back.

"Lord of the Blood Demon..."

"died!"

When the Immortal King was about to ask, Ye Feng answered with two words in the affirmative.

"Very good!"

"The Great Demon Lord, the Blood Demon Lord, is finally dead!"

"The biggest enemy is dead, and the foundation of our Lihuo Empire has been saved!"

At this time, all the masters and strong men in the entire imperial city showed deep excitement in their eyes.

Xiao He, who was controlling the formation not far away, breathed a sigh of relief when he saw this scene, knowing that Ye Feng should have succeeded.

"He...really completely wiped out the Blood Demon Lord?"

At this moment, Princess Lihuo's beautiful eyes were also deeply shocked.

She originally felt desperate because of the fall of Emperor Lihuo. The Blood Demon Lord was a super being that even her invincible father could not completely obliterate.

But now, Ye Feng has eradicated the Blood Demon Lord. He is truly amazing and brilliant, shocking the world.

Ye Feng saw everyone's shock, and just smiled slightly and said: "Everything is the credit of the Immortal King. If the Immortal King had not destroyed the blood demon body of the Blood Demon Lord and seriously injured the Blood Demon Lord, I would not have succeeded. of."

The Immortal King was also extremely happy at this time, and laughed loudly: "Don't be humble. If it weren't for the incomparable magical ability of your final Devouring Domain, I'm afraid this Blood Demon Lord would really be unable to die and escape in the end. It caused a catastrophe, but now the Blood Demon Lord is completely dead, great! "

With the fall of the Blood Demon Lord, countless warriors of the two tribes of barbarians and demons on the battlefield felt trembling with fear, their eyes full of fear.

The human warriors on the side of the Lihuo Empire were all invigorated, their blood was burning, and their killing charges became even more brave.

The armies of the two barbarian demon clans are retreating steadily!

At this time, the King of Immortality suddenly held his breath and shouted to the entire battlefield outside the imperial city: "Barbarians and demons, your high priests and demon emperors have all been seriously injured and died. The blood demon lord is also dead now. This time You lost the war!"

Wow!

The moment the Immortal King finished speaking, the momentum of the two armies of the barbarian monsters once again declined.

Fighting is all about making a strong effort, then weakening, and finally exhausting yourself.

This is what happened to the two armies of the barbarian monsters at this time, and now their entire morale has completely declined.

Moreover, the destructive power of the large formation controlled by Xiao He was too terrifying. They could never break into the imperial city. There were also elite royal soldiers from the Lihuo Empire who charged into the formation, whether alive or dead. In addition, the abyss trolls controlled by Shang were huge. The three evil beasts of the wilderness were torn into pieces, and the blood of the beasts dyed the entire endless wilderness red.

"retreat!"

At this time, deep in the wilderness, there was a sudden sound

An urgent order was issued.

Boom!

Boom!

Immediately, countless armies of the two barbarian demon tribes began to collapse. They abandoned their helmets and armor and ran madly towards the depths of the wilderness.

Obviously, that was a helpless order just now, asking their entire army to withdraw from the battle, otherwise they would most likely be wiped out by the restored Immortal King.

High in the sky, Ye Feng and King Changsheng landed on the city wall.

Looking at the defeated armies of the two barbarian demon clans below, Ye Feng breathed a long sigh of relief, finally preserving the foundation of the Lihuo Empire.

The Immortal King's eyes remained serious as he said: "Many areas of the Lihuo Empire have fallen, and the ten main cities have been captured by the strong men of the two barbarian demon clans. Although the imperial city has been defended, the road to recovery will be difficult. , it's still a long time."

Ye Feng glanced at the King of Immortality and said: "This depends on you, the Royal Family of the Lihuo Empire, but the most powerful enemy has been eliminated. Under your leadership, King of Immortality, regaining the lost territory is just a matter of time." It's a matter of time."

"You're right."

The Immortal King's tone was not weak at all at this time, but was full of strong confidence: "And I believe that after this bloody rebirth, I, the Lihuo Empire, will definitely be stronger than before."

Ye Feng secretly thought to himself, it is good to be strong. The stronger the Lihuo Empire is, the more and more powerful power of destiny he will be able to steal from the National Luck Stone.

Princess Lihuo came over at this time. This beautiful imperial princess first bowed deeply to Ye Feng and said gratefully: "Thank you so much, Mr. Ye, for helping me this time, otherwise I might really have to go to Lihuo Imperial City." Destroyed."

Ye Feng quickly helped Princess Lihuo up and said with a smile: "This is what it should be. Although I am not from Northern Xinjiang, I am a member of the human race after all. As long as my ability allows, it is what I should do to resist the invasion of aliens, and I will live forever." The king has given me such a great benefit, allowing my life soul to enter the national destiny stone and share the destiny power of the Lihuo Empire. Naturally, I will do my best to protect the foundation of the Lihuo Empire. "

Princess Lihuo nodded, smiled sweetly and said, "Anyway, I'm grateful."

At this time, Princess Lihuo suddenly looked at the Immortal King who was standing aside, with a hint of sadness on her beautiful face, and said: "Brother, my father is dead, and now the entire Lihuo Empire needs an unparalleled power." Come and lead us towards revival. Brother, you are the first person among the quasi-sages, and you are also a legend in our Lihuo Empire. Please call yourself emperor."

After Princess Lihuo finished speaking, the expressions of many royal nobles, princes and ministers around her changed.

The expressions of many princes suddenly became gloomy.

Even some ministers couldn't help but stepped forward to admonish: "Your Highness, Princess, think twice, King of Immortality"

Although he is the most powerful person in the world, he has been crowned king by His Majesty the Great Emperor. According to tradition, he cannot be called emperor. "

Obviously, these ministers knew that the Immortal King was an illegitimate son of Emperor Lihuo and had no status at all.

When Ye Feng saw this scene, he couldn't help but feel slightly indifferent. Sure enough, the imperial city had just been defended, and the people of the royal family began to fight for power.

However, this is a private matter of the Lihuo royal family, and Ye Feng can't interfere that much.

Whether the Changsheng King proclaims himself emperor or another prince succeeds to the throne, it has nothing to do with him.

As long as he can continue to steal luck from the National Luck Stone, he doesn't care about other things.

Ye Feng walked towards the crowd at this time, and he saw an acquaintance.

It was Bai Yu, the former genius of Changsheng Mansion, who came to the imperial city with him.

Bai Yu obviously didn't know that Ye Feng was Yu Haoxuan, and Ye Feng didn't intend to tell the truth to avoid trouble.

He came to Bai Yu to ask something.

"Look, that big hero is coming!"

At this moment, Ye Feng walked into the crowd, which immediately made many people around him scream in surprise, causing the crowd to burst into excitement.

After all, in the high-altitude battle that just decided the fate of the Lihuo Empire, everyone saw the young man Ye Feng fighting side by side with the King of Immortality, playing a crucial role in this battle.

So at this time, Ye Feng is definitely synonymous with mystery and power in the eyes of everyone in Lihuo Imperial City.

Ye Feng walked directly into the crowd and walked towards Bai Yu.

Bai Yu, the number one kendo prodigy in Giant Sword City, was a little dumbfounded at this time.

what's the situation?

Why is that great hero walking towards me?

Does he know himself?

Ye Feng walked up to Bai Yu, smiled slightly, and asked, "Brother, I want to ask you something."

"Brother...brother?"

Bai Yu was frightened by Ye Feng's name, and his face suddenly showed an extremely excited look.

This great hero who saved the entire imperial city actually called himself brother?

This is a great honor for Bai Yu!

Bai Yu quickly and excitedly said intermittently: "You...please ask."

Ye Feng nodded and said: "There is a girl named You Lian in the Changsheng Villa in the Changsheng Mansion. Is she still in the Changsheng Mansion now?"

"You Lian?"

Bai Yu immediately moved his eyes and said: "You Lian is a friend of a friend of mine, but she left half a month ago before the war between the barbarian and demon clans started. It seems that my friend is in the depths of the wilderness. He stayed for too long, so You Lian left alone. "

At this time, Bai Yu naturally told everything he knew clearly.

"Left alone?"

Ye Feng's eyes flashed slightly, nodded, and said nothing more.

"Oh, right!"

Suddenly at this time, Bai Yu seemed to have thought of something again, and said quickly: "You Lian once asked me to tell my friend named Yu Haoxuan that if he comes back, tell him to go to Zhongzhou by himself. "

"Okay, I know."

Ye Feng patted Bai Yu's shoulder and said with a smile, "Thank you, brother."

After the words fell, Ye Feng jumped up and disappeared into the crowd.

At this time, everyone was staring at Bai Yu with envy in their eyes.

Bai Yu touched the area on his shoulder where Ye Feng had patted him, and murmured, "This piece of clothing can't be washed. It will have to be kept at home in the future!"

People around: "..."

...

On the ancient city wall, Ye Feng found Xiao He.

Xiao He seemed to have a hint of expectation and asked in a low voice: "How is it?"

Ye Feng blinked at Xiao He and said with a smile: "I have obtained the source of the blood demon, but I feel that the source of the blood demon is rioting in my body and may leave me at any time."

"rest assured."

Xiao He said: "Now that the war here is over, let's go to the palace to find a quiet place. I will help you refine the source of the blood demon. Moreover, this war has made me realize a lot. I think I can It's almost time to achieve the holy realm."

Uh-huh!

At this time, a dragon-shaped black light flew from the endless wilderness outside the imperial city, and suddenly rushed into the sea of spiritual consciousness between Ye Feng's eyebrows.

It was Shang, who immediately shouted in Ye Feng's mind: "Hahaha, this time I absorbed countless battlefield souls. My dragon soul has been greatly replenished. Now my strength is enough to compete with the real ones." A battle between the strongest men in the first holy realm! Ye Feng, I can protect you from now on!"

"What? Shang, your strength recovered so quickly?" Ye Feng's eyes were shocked.

"Of course, how many warriors from the human race and the barbarian demon race died in this war, the number is hundreds of thousands!" Shang immediately laughed and said.

Xiao He said to Ye Feng: "Without further delay, let's leave here first."

"Wait a minute."

But at this time, Ye Feng turned around and looked at the entire tragic battlefield in the endless wilderness outside the imperial city, and suddenly said: "This is indeed a rare and incomparable battle between overlord forces. Xiao He, please go back to the palace first to reflect. Holy Realm Mystery, this is your opportunity, be sure to seize it, don't delay and miss it. I am going to the battlefield below now. This battlefield may help me successfully open up all the orifices in my body, and completely destroy it. The divine orifice realm is perfect!"

Chapter 594: All Apertures Awakening to God

Uh-huh!

Ye Feng jumped up and jumped directly into the tragic battlefield below.

At this time, many soldiers from the Lihuo Empire were already cleaning the battlefield.

The purpose of cleaning the battlefield is simple, to collect the abandoned weapons and armor, and to kill the soldiers of the two tribes of barbarians and monsters who are not completely dead.

At this moment, King Changsheng, Princess Lihuo and all the descendants of the royal family have left the city wall area and returned to the palace to discuss the next important matter of inheritance of the Lihuo Empire.

After the battle just now, many powerful masters from the Lihuo Empire were filled with awe for Ye Feng, an ordinary-looking young man.

At this moment, Ye Feng stepped into the vast battlefield and felt the incomparable surging blood surging throughout the battlefield.

In addition, there are also many souls of death traveling in space.

These are things that ordinary warriors cannot see or touch.

But for Ye Feng, it is all extremely precious and majestic energy.

Blood energy and soul have a huge supplementary effect on Ye Feng.

"The oven of creation!"

With a thought in Ye Feng's mind, he stepped high into the sky.

Bang!

A huge and simple furnace appeared in the void behind Ye Feng in an instant. It floated up and down. The lid of the furnace was opened, quickly absorbing the blood and remaining soul power from the entire battlefield.

"Boom boom boom boom..."

Suddenly, streams of extremely abundant blood and soul energy began to be melted into pure power by the oven of creation, and injected into Ye Feng's limbs and bones.

Ye Feng opened his hands and stepped into the sky. The endless blood energy formed a tornado and swept around him, making him look like a king of the battlefield, possessing unparalleled majesty.

Many of the Lihuo royal guards who were cleaning up the battlefield looked at the mysterious scene high in the sky in the center of the battlefield with awe in their eyes.

At this moment, Ye Feng only felt that the mana and soul power in his body were increasing rapidly.

"boom!"

"boom!"

With the majestic blood energy in the entire vast battlefield, Ye Feng's acupoints are being rapidly filled and opened up.

Each of the acupuncture points, which were originally dim, were being lit up by the majestic and abundant energy.

Visible to the naked eye, the dead bodies of many tall barbarian warriors and monster warriors on the battlefield are rapidly losing their vitality and becoming shriveled up.

This strange scene horrified many of the royal guards who were cleaning the battlefield.

But no one dares

Doubt anything, because Ye Feng, who was high in the sky, saved the entire Lihuo Imperial City and is now the great hero of the Lihuo Empire.

No one dares to say anything nonsense.

The devouring and refining lasted for a whole day.

When the sun sets in the sky and darkness falls.

Ye Feng finally opened his eyes.

In his eyes, dazzling golden light surged.

The aura on his body was simply majestic to the extreme!

As tall as a mountain and as deep as the sea!

"Open all the body's orifices!"

"Everything is divine!"

"I have finally reached the peak of the tenth level of the Divine Aperture Realm!"

"And my soul power has also been absorbed and refined by many residual souls in the battlefield. It has grown to the fifty-fifth level, and I have been promoted from the Great Soul King to the Great Soul Emperor!"

Ye Feng's eyes showed deep excitement.

Even now he has returned to the Southern Region and Poseidon Academy.

With his martial arts training alone, he is definitely considered a top-notch master among the students in the academy.

In addition to those top-level Cave Heaven Realm saints, Ye Feng is definitely one of the extremely powerful beings in Poseidon Academy.

Even in the entire Longyuan Continent, although Ye Feng is not considered a genius on the first level, he is definitely the pinnacle of the second level.

At this time, Ye Feng raised his head slightly, looked at the starry night sky, and suddenly sighed.

Although this time he lived in northern Xinjiang, he experienced numerous dangers of life and death, and even experienced a huge war between the two races, the Lihuo Empire and the Barbarian Demon, and witnessed the rise and fall of an empire.

But amidst these dangers, Ye Feng also gained huge benefits.

Every time he breaks through, he requires huge amounts of energy. The one hundred acupoints in the Divine Aperture Realm make Ye Feng a little desperate.

But now, he has mastered all the skills and successfully opened them all. The next step is to start condensing his own small world of cave heaven and become a strong man in the cave heaven realm.

Ye Feng knew very well that if he practiced step by step in the academy, it would probably take several years, or even more than ten years, to get to this point.

But now, in just over half a year, I have reached the Great Consummation of the Divine Aperture Realm.

"boom!"

Suddenly at this moment, in the palace of the Lihuo Empire, two sky-reaching light pillars burst out from the depths of the palace, straight into the sky, and dyed the entire dark night sky.

A majestic aura that made countless people's hearts throb suddenly spread from the depths of Lihuo Imperial City to all directions.

"Two beams of light reach the sky, one is as red as flames, and the other is as cold as the moonlight. This is the power of yin and yang, the holy energy reaches the sky!"

In Ye Feng's mind, Shang laughed and said: "Ye Feng, it seems that Xiao He has penetrated the mystery of the Holy Realm, successfully inspired the Yin and Yang Holy Power in his body, and stepped into the first Holy Realm, the Yin and Yang Holy Realm. , has become a powerful person in the Holy Realm, and can be regarded as a true so-called strong person in this land. "

"Xiao He has entered the first holy realm!"

Ye Feng's eyes were filled with joy, and he was sincerely happy for his friend.

The stronger Xiao He's strength is, the more beneficial it will be for Ye Feng.

Because Xiao He had been trapped in Storm Canyon for decades, Ye Feng was worried that after Xiao He returned to the Southern Territory, his contacts from decades ago, his family status in the underworld, etc. would be affected.

But now he breaks through and stands up again, accumulating thick and thin, and finally breaks through to the holy realm.

Although it is only the first holy realm, for a peerless genius like Xiao He, once he steps into the first holy realm, his combat power will definitely be comparable to that of ordinary holy realm beings in the second holy realm or even the third holy realm.

After Xiao He returns to the Southern Territory, he will definitely be taken seriously by the Lords of the Underworld.

It is even possible to directly become the judge of the underworld, and suddenly have huge power.

Ye Feng's eyes were filled with joy. This time, the two brothers had received huge benefits. It would not be an exaggeration to call them completely transformed.

"I rushed over to congratulate Xiao He, and it's time to leave Northern Xinjiang. I have been in Northern Xinjiang for more than half a year. I don't know how that girl Mu Xue is doing in Poseidon Academy. Before I leave, I once told Master to help me keep an eye on Mu Xue secretly. With Master at Poseidon Academy, the Dragon Palace gang should not mess around. "

Ye Feng thought secretly in his heart and shot towards Lihuo Imperial City.

Uh-huh!

But suddenly at this moment, a fat black cat suddenly sprang out from some grass on the battlefield, stretched out its paws, and hugged Ye Feng's thigh.

"what?"

Ye Feng's eyes were startled, and he was about to push away the thing that suddenly rushed to his leg with one hand.

But the next moment, he saw the "thing", which turned out to be a fat, big black cat. It was hugging his thigh, with a pair of cat eyes that were a little confused and looked silly.

"This cat..."

Ye Feng saw the big black cat's eyebrows and cracked

A gap opened and blood dripped out.

The blood turned out to be purple.

"Purple demon blood, this is the emperor of the demon clan. Only the emperor possesses this kind of purple blood."

Ye Feng stared at the big black cat with a bit of uncertainty in his eyes.

He once heard King Changsheng say that among the three powerful quasi-sages that Emperor Lihuo fought, the fallen Demon Emperor seemed to be a Nine Nether Black God Cat.

Ye Feng had a shocking guess in his heart. He grabbed the silly big black cat and put it on his shoulder, then quickly flew towards Lihuo Imperial City.

When Ye Feng met Xiao He, Xiao He, who had already become a saint, looked extremely ethereal, giving people a sense of sacred vastness and unfathomable.

Xiao He immediately stared at the slightly confused big black cat on Ye Feng's shoulder, and saw the cracked gap in the big black cat's forehead dripping with purple blood.

Ye Feng first congratulated Xiao He for entering the Holy Realm, and then told him his guess about the big black cat.

Xiao He looked a little solemn and said: "This big black cat is most likely the demon emperor of the demon clan. He was just severely injured by Emperor Lihuo. He did not fall. Instead, the emperor's bones were broken, his memory was lost, and he was completely destroyed. , became an ordinary mortal cat."

Ye Feng was a little confused and said: "I guessed the same, but this big black cat has lost its consciousness, just like an ordinary cat. Why did it find me and jump on me?"

Xiao He was silent for a moment, and then guessed: "It may have something to do with the ancient demon emperor's order on your body. The ancient demon emperor's order is the original order card of the demon emperors who achieved the realm of the ancient emperors in the ancient times. They have The supreme aura of the demon clan, although this big black cat has turned into a mortal cat, it was once a demon emperor after all. It probably smelled the aura of the demon emperor's order on you, so it is very close to you. "

At this time, Xiao He said, his face turned into a smile, and he held the fat black cat in his arms.

Uh-huh!

But the big black cat let out a very dissatisfied "meow" and jumped onto Ye Feng's body again, lying on Ye Feng's shoulder, squinting his eyes and falling into a state of doze.

"Hahaha."

Xiao He and Ye Feng looked at each other and couldn't help laughing.

Ye Feng couldn't help but said: "Whether this big black cat is a fallen demon emperor as you and I guessed, since it has found me, it is destined to be with me."

Ye Feng gently stroked the silly big black cat on his shoulder and said with a smile: "Big black cat, just follow me from now on. Maybe I can open up your chaotic mind and let you step into the world again." A journey of practice."

Chapter 595: Chaotic Ancient Seas

Deep in the palace of Lihuo Empire, in front of a huge teleportation array.

King Changsheng and Princess Lihuo watched the two young figures disappear in the teleportation array.

The Immortal King smiled and said: "When these two people return to the Southern Territory, I am afraid that the Southern Territory will not be peaceful from now on."

Princess Lihuo smiled sweetly and said: "Even if there is no peace in the Southern Territory, these two people will definitely be able to get along well. Brother, if you support me as the next generation empress of the Lihuo Empire, we should think about it first. Let's deal with this ambitious guy like the eldest prince..."

...

The central junction of the three major regions, the Southern Territory, the Eastern Wasteland and the Northern Territory, is an extremely chaotic sea area with countless small islands and large islands standing in this sea area.

This is a no-nonsense zone, and neither the overlord forces nor the tentacles of the overlord race in the sea area can reach here.

This sea area is called the "Ancient Sea Area", and it is a place like a black market.

On each island, there are many wandering warriors, fierce mercenaries, as well as many bandits, thieves, gangs, etc.

The chaotic ancient sea area with no rules and the characteristics of chaos and killing have also created the prosperity of the "black market" in the chaotic ancient sea area.

Countless powerful masters from the Southern Territory, Eastern Wasteland and Northern Territory, disciples of small sects, heirs of large families, geniuses of first-rate forces, and even powerful men of overlord forces, will come here from time to time.

Because there are countless taboo elixirs, magic weapons, magic weapons that are not found in other places in the ancient sea area, and there are even slaves sold by demons from outside the territory, and there are also many beauties of the elves, fox demons, etc., which are traded to satisfy everyone. The special needs of young people.

In addition to the Southern Territory connected by the Luangu Sea, the Eastern Wasteland and the Northern Territory, Buddhist monks from the Western Desert and nobles from Zhongzhou will also appear in the Luangu Sea, the largest chaotic zone in Longyuan Continent, from time to time, looking for the treasures they need. and stuff.

In a word, the ancient sea area is a place full of chaos, darkness, and blood, but it also hides huge wealth and interests. There is no rule constraint by big forces here. Fighting and fighting are just a matter of thoughts, and there will be old things every day. Powers collapse and new ones rise.

However, there are also many great forces stationed in the chaotic ancient sea area, and ordinary people would not dare to offend them.

For example, one of the Lihuo Empire's campsites is a golden palace on a small island in the Chaotic Sea.

Outside the hall were guarded by two powerful guards wearing golden armor.

At this time, in this golden hall, there is a super large cross-region teleportation array connected to the imperial city of the Lihuo Empire, which facilitates the exchange of interests that the Lihuo Empire can gain in the chaotic ancient sea.

The ancient sea area is a piece of cake in the eyes of countless powerful forces. It gathers the black market wealth of the entire three major areas, as well as endless marine resources, minerals, sea beasts, strange stones, treasures, etc., all of which are extremely rich, but no matter how powerful they are, No one can completely control this place.

Rumor has it that the Chaos Sea was the place where an ancient emperor attained enlightenment hundreds of thousands of years ago. That ancient emperor was called Luan Gu. This is why this Chaotic Sea was named after "Luan Gu". reason.

"Buzz!"

At this time, in the golden hall, a huge teleportation array suddenly lit up on the ground.

Two figures slowly appeared in the middle of the hall.

They were a young man with a big black cat lying on his shoulder, and a young man wearing a blue gown.

It was Ye Feng and Xiao He.

At this time, they traveled through the void passage across the teleportation array for nearly half an hour before finally arriving at the Lihuo Empire, a stronghold in the southern region.

"This should be the ancient sea area." Xiao He walked out of the golden hall, looked around and said.

"Chaos Ancient Sea Area?"

Ye Feng's eyes moved and he said: "Is it the chaotic place where the three people are not known and is known as the largest black market in Longyuan Continent?"

He had learned some information about the chaotic ancient sea area from the Poseidon Academy's new student manual.

"That's right."

Xiao He nodded and led Ye Feng towards a certain direction. Soon they came to the edge of this small island.

Surrounded by a piece of blue ocean water, this is the first time Ye Feng has seen such a vast sea, giving people a feeling of unfathomable depth and boundless sea.

At this time, Ye Feng stood on the edge of the island, facing the sea, standing like the sea, and felt that his whole body and mind were integrated into the infinite ocean.

Xiao He smiled and said: "Ye Feng, this should be the edge of the Luangu Sea. Let's go to the central island of the Luangu Sea first and buy a map. I want to see where our stronghold in the underworld is now, and where is it? At the original location, your Poseidon Academy should also have a special stronghold here. There is a teleportation array at the stronghold. You can teleport directly to Poseidon Academy by spending a certain amount of holy stones."

Ye Feng nodded and said: "Let me buy a map with you. I have never been to this chaotic ancient sea area, so I can just take a look around."

A rather mysterious smile appeared on Xiao He's face, and he said: "This prosperous area in the center of the chaotic ancient sea area has many places for people to enjoy. There are beauties from the fox tribe, female elves, etc., who perform various performances. You want to Don't you want to take a look? If you have enough wealth, you can take it with you."

Ye Feng looked at Xiao He with a smile on his face. He couldn't help but twitch the corner of his mouth slightly and said, "I'm not very interested in this."

Xiao He pulled Ye Feng and said: "Let's go, let's practice. You have to be relaxed and relaxed. If you keep tightening the string, it will break. You have to relax occasionally."

After Xiao He stepped into the Holy Realm, Ye Feng found that he was more unrestrained. The Holy Realm seemed to be a realm where he pursued his true heart and let go of his nature.

Because the end point of spiritual practice is to pursue absolute freedom, and heaven and earth can no longer restrain oneself.

At this thought, Ye Feng had some small realizations in his heart, and his state of mind underwent a transformation.

Buzz!

In Ye Feng's body, a vague cave was slowly condensing.

"We are about to enter the cave world."

Ye Feng's eyes were filled with joy.

At this time, Ye Feng was pulled by Xiao He and had traveled through many small islands and came to Chaos.

On several large islands in the center of the ancient sea area.

These large islands are extremely vast in area. They are as big as hundreds of martial arts arenas, so they are very vast.

At this time, Ye Feng suddenly thought of a passage he had seen at the end of the Poseidon College New Student Handbook. It was the speculation of many sages of the college, that is, the Longyuan Continent is also a huge island, standing in the endless In the ocean.

But it is a pity that no one has ever confirmed this. Many ancient powerful men at the powerful level have gone through untold hardships and reached the edge of Longyuan Continent, but they could not get out of the endless ocean.

Because not long after these ancient sages stepped out of the ocean, they would encounter countless terrifying ocean creatures hunting and killing them, as well as various deep-sea whirlpools, deep-sea monsters, natural chasms, etc. Even the most powerful people at the quasi-sage level could not get out at all. .

Unless you are an ancient saint, whose cultivation reaches the heavens, the power of nature can no longer restrain such a being, and you can leave the Longyuan Continent.

But today's Longyuan Continent seems to have been cursed by God. Whether it is human race, demon race, or other races, barbarians, elves, Silver Moon tribe, etc., the upper limit of cultivation is quasi-sage, and they cannot become true saints. saint.

"You two boys stop!"

Suddenly, when Ye Feng and Xiao He were traveling across a vast ocean in the ancient sea area, a huge black masted sailboat suddenly appeared on the distant sea, blocking their way.

On the deck of this huge sailing ship, there were more than a dozen fierce-looking men standing, and the aura of cultivation on their bodies was astonishingly that they were Cave Heaven Realm beings.

But at this time, these people turned into bandits and became bandits in the sea.

The young man who was leading the group at this time was holding a long red sword with blood patterns in his hand and his eyes were disdainful.

He glanced at Ye Feng and Xiao He, two young men who looked harmless to humans and animals, and said calmly: "If you want to pass through our Jialiuhai, you have to pay the toll. Judging from your dress and temperament, you should be from a big family. My dear children, hurry up and offer some treasures and holy stones to honor us. We won't rob you. It's not a sin to offer them yourself. It's not a sin to take the initiative."

Chapter 596 Dragon God Meeting

On the sailboat, a dozen fierce-looking pirates stared at Ye Feng and Xiao He with joking eyes.

Young people like Ye Feng and Xiao He are probably young boys who ran away from some big family or big power. They don't know the heights of the sky and the earth. They come to this chaotic ancient sea area to find opportunities and fortune. Unfortunately, they often end up in trouble. They were all very miserable, being robbed and reduced to paupers.

At this time, the leading man on the pirate ship saw that Ye Feng and Xiao He were not moving. He suddenly became impatient and warned: "Hurry up and donate all your wealth, or I will kill you later." Okay, do you really want to force me to take action? "

At this time, the man said, flashing the ferocious long serrated knife in his hand.

The blade was engraved with blood lines, which looked very scary.

But at this time, Ye Feng and Xiao He looked at each other and couldn't help but smile.

Sure enough, this is the characteristic of the ancient sea area. Just after taking a few steps, I encountered the ocean pirates.

Xiao He took a step forward slightly at this time, looked at the dozen Cave Heaven Realm pirates, and said: "It seems that you have plundered a lot of wealth in this area, it is worth my taking action."

"What did you say?"

Among the pirates, the leader's face suddenly darkened. He didn't expect this young man to be so crazy.

"You two are really tired of living, so go die!"

The leading man slashed out the long serrated knife in his hand, and a terrifying sword light that could tear apart the ocean suddenly erupted from the bloody blade.

It has to be said that although this person is a rogue, his cultivation is extremely powerful and he is a powerful being in the sixth level of the Cave Heaven Realm.

Buzz!

But at this critical moment, Xiao He smiled faintly and stretched out a finger to point.

The entire space suddenly stopped. The sword that the leading man slashed out was immediately imprisoned in the void, and he could not move forward at all, as if he was stuck in a quagmire.

"What? Space confinement?"

The dozen or so other pirates on the sailboat immediately had horrified expressions on their faces.

Space confinement!

What terrifying methods can only be possessed by a being at the level of this holy realm!

Therefore, in the eyes of those who are strong in the Holy Realm, warriors under the Holy Realm, even powerful beings in the tenth level of the Cave Heaven Realm, are just ants.

Because a strong person in the Holy Realm can control a part of the space around him and form a spatial confinement, warriors under the Holy Realm cannot get close to the existence of the Holy Realm.

If you can't even get close, how can you fight?

"Lord Holy Land! I was wrong! I was wrong! Please forgive me! I won't dare to do it again next time!"

At this time, the leading man who was fixed in the space immediately showed a look of horror on his face. He yelled crazily, his voice full of fear and regret.

"late

."

But Xiao He is not a good man and a believer. He comes from the underworld and practices magic. He is originally a big devil with no scruples. He is just close to brother Ye Feng, so he usually looks very gentle.

Xiao He smiled at this time and turned his palm slightly.

"ah!"

Suddenly, the pirate-led man who was fixed in the space in front of him felt as if he had been crushed by a large invisible millstone. His whole body shattered and he died instantly.

"hiss!"

Seeing the leader dying so miserably, the other dozen pirates all screamed in horror.

"boom!"

"boom!"

They wanted to escape, but Ye Feng instantly pulled out the Star-Gathering Demon-Slaying Sword on his back at this time, and directly released a dozen indestructible star sword lights, killing the dozen first-level pirates of the Cave Heaven Realm in an instant. It's been killed.

These dozen pirates were really seeking their own death when they provoked two geniuses, Ye Feng and Xiao He.

"This sailing ship contains a lot of wealth. Let's share half of it equally. In this chaotic ancient sea, money can buy almost everything."

Xiao He is obviously very familiar with the ancient sea area. He must have come to this ancient sea area often before.

boom!

Xiao He clapped his big hand, and an invisible force suddenly shattered all the decks on the huge black sailboat.

The huge cabins are filled with various bottles of elixirs, as well as sparkling spiritual stones, holy stones, etc. After a rough scan, it is estimated that they are worth several million spiritual stones.

"Spiritual stones are the hard currency in the ancient sea, and they are the existence of currency."

Xiao He said with a smile at this time: "Because holy stones are still very rare, and many people don't know how to judge the quality of holy stones, so in the ancient sea area, even if you have holy stones or other valuable wealth, Pills, armors, soldiers, elixirs, etc. all need to be exchanged for top-quality spiritual stones in order to purchase the various things you need."

At this time, Xiao He was spreading some basic common sense to Ye Feng about the chaotic ancient sea area.

"Who are you? Did you kill these pirates?"

Suddenly at this moment, several young men and women wearing dragon-patterned golden robes in the distance flew here in a huge spiritual boat.

These young men and women are all very noble, and the fluctuations in their cultivation levels are also extremely powerful. At least they all have the cultivation level of the seventh level of the Divine Aperture Realm, which is already very powerful.

You know, the saints of Poseidon Academy only need to step into the divine orifice realm to be certified as saints.

Therefore, these young men and women must all be young geniuses in some big force. This can be seen from their

It can be seen that they can drive such a noble spiritual boat.

This kind of huge spiritual boat is very difficult to cast. Each one is expensive to build. Only powerful forces with profound knowledge are qualified to purchase and use it.

"He's from the Dragon God Society." Xiao He suddenly used his soul to communicate with Ye Feng.

"Dragon God Society?" Ye Feng's eyes moved. He had never heard of it.

Xiao He explained: "Although the chaos in the ancient sea area is extremely chaotic, there are also several extremely powerful gangs standing there. The Dragon God Society is one of the top gangs, controlling nearly one-tenth of the black market in the center of the entire ancient sea area. Almost no one dares to mess with wealth in the black market, because behind this Dragon God Society is the most dominant race in the sea, Dragon Palace!"

Ye Feng's eyes immediately changed slightly and he said: "Behind the Dragon God Society, there is a huge dragon palace standing. No wonder it can occupy a place in this chaotic ancient sea."

Although it was said that many big forces in the Luangu Sea could not intervene, Ye Feng did not believe that the Luangu Sea was a place where countless wealth was buried. How could those big forces not intervene?

They definitely secretly formed their own agents in the big black market of the ancient sea, such as Dragon Palace, which formed the Dragon God Society to dominate the ancient sea.

At this time, the several young men and women from the Dragon God Society on the spirit boat were indeed exuding a majestic and noble dragon aura.

Obviously, even if they are not pure dragons, they are still mixed dragons. They have strong talents and terrifying strength. Otherwise, they would not be able to hold important positions in the Dragon God Society.

"Both of you."

At this time, a young man wearing a gold-patterned robe on the spirit boat spoke up: "These dozen pirates have been doing a lot of evil in this sea area. We, the Dragon God Society, have been pursuing them for a long time. Unexpectedly, they were killed by two friends, but the wealth in this pirate ship was the wealth they plundered from our Dragon God Society members before, so we need to take it back now."

As the young man spoke, he emphasized the words "Dragon God Society" several times in order to make Ye Feng and Xiao He afraid.

There are powerful men in the Holy Realm sitting in the Dragon God Association, and behind them they have the support of the entire overlord race Dragon Palace, so they are naturally used to being domineering, and now they are telling lies with their eyes open, saying that the wealth on this pirate ship is all Their Dragon God Society.

Ye Feng's expression suddenly changed. He smiled coldly and said, "It is said that there are no rules in the ancient sea, it is extremely chaotic, and the strong dominate. I have seen it today."

The young man thought that Ye Feng was incapable of fighting them, so he said some harsh words to relieve his anger.

The young man didn't care, just smiled lightly and said: "As long as you know the chaos in the ancient sea area, you two can leave now. We must take back the wealth of this pirate ship."

As he spoke, he ordered the man and woman behind him: "Lu Ming, Qiu Kui, go down and pack the elixirs, spirit stones, etc. in the cabin.

Let's go to the next location. "

"Yes, senior brother."

After receiving the order, the man and woman behind him immediately jumped off the spirit boat with joy in their eyes and flew towards the cabin, preparing to collect the wealth and treasure worth millions.

"Did I tell you to pretend?"

But suddenly at this moment, Ye Feng's cold voice suddenly sounded.

The force behind the Dragon God Guild was Dragon Palace. Ye Feng was originally hostile to Dragon Palace. Now that he saw how arrogant these Dragon God Guild people were, he immediately didn't bother to say anything.

"boom!"

Ye Feng slashed out with his sword, and the terrifying sword energy instantly cut off the path of Lu Ming and Qiu Kui.

"What are you going to do?"

The man and woman from the Dragon God Society who were preparing to collect the wealth suddenly made a sound of shock and anger.

If they hadn't reacted quickly just now, they would have been killed by Ye Feng.

Ye Feng smiled indifferently and said: "What am I going to do? Of course, I want to prevent you from taking my treasure! I don't know if the wealth in this cabin was plundered by these pirates from the members of your Dragon God Society, but now Since I killed these pirates, the wealth is mine, and I will kill anyone who dares to steal it in front of me. "

"you.....!"

The young man standing on the spirit boat immediately smiled coldly and said: "Young man, don't be young and ignorant, and be too impulsive. Go back and ask your elders. Who dares to disobey our Dragon God Guild in the chaotic ancient sea?"

The young man seemed to be very afraid of Xiao He standing next to Ye Feng. From Xiao He's body, he felt an unfathomable aura.

Otherwise, the young man, a strong man in the seventh level of the Cave Heaven Realm, would have killed Ye Feng long ago.

"Boy, in view of the friend beside you, I won't blame you for taking action this time. If you dare to be rampant again, you will definitely die without a burial place. Believe me, what I said is true. You really will die miserably."

The young man from the Dragon God Society, who was standing on the spirit boat with his hands behind his back, spoke in a cold voice. Then he looked at the two people below and said, "Quickly, collect the wealth in this cabin! I guarantee that this kid will not dare to do anything again..."

"puff!"

"puff!"

But before the young man from the Dragon God Society could finish all his words.

Two sword lights tore through the void in an instant. The heads of the two Dragon God Society members named Lu Ming and Qiu Kui were cut off instantly, and their bodies fell into the ocean.

"What?!"

Seeing this sudden scene, the young man from the Dragon God Society on the spirit boat immediately became horrified.

Then his eyes suddenly surged with deep murderous intent, and he shouted in fright and anger:
"Boy! I want you to die!!"

Chapter 597 Super Large Cave

A huge golden dragon soul suddenly appeared on the body of this Dragon God Society man, soaring above his head with infinite power.

"Die, boy! You dare to be so rebellious and kill members of my Dragon God Society, then you are an unpardonable sinner!"

The man from the Dragon God Society jumped down from the spirit boat and grabbed it instantly with his big hand.

The golden dragon soul above his head also merged into this hand in an instant.

This hand immediately turned into a golden dragon claw, full of infinite ferocity and vigor.

He immediately grabbed Ye Feng and wanted Ye Feng to tear him apart.

"Is it an unpardonable crime to kill a member of your Dragon God Guild? Hahaha! Are your members of the Dragon God Guild a god? So noble? I will kill you to show you!"

At this time, Ye Feng laughed out loud when the man who headed the Dragon God Society spoke.

He did not directly resist the golden dragon claw, but held the Star-Gathering Demon-Slaying Sword and headed towards the spirit boat to kill it.

"Since you, the Dragon God Society, are so arrogant and always trying to rob me of the wealth that belongs to me, then I will also come to experience the chaotic rules of the ancient sea area today. I have decided that I will take away all the wealth of all of you in the spirit boat. All robbed."

Ye Feng's voice echoed in this sea area, making the dozen or so young men and women from the Dragon God Society standing on the spirit boat look extremely embarrassed.

"Since this kid is looking for death! Then kill him!"

"Let's go together! Kill this kid and all his friends!"

"If you dare to offend our Dragon God Society, doesn't he know that the power behind us comes from the Dragon Palace?"

"Boy, we are Dragon Palace's agents in the chaotic ancient seas. Now kneel down and admit your mistake. Maybe we can let you live!"

A group of members of the Dragon God Society on the spirit boat who were at the peak of the Divine Aperture Realm and the first and second realms of the Cave Heaven Realm all yelled at him.

"Pfft!"

"Pfft!"

But Ye Feng didn't bother to respond to them at all, and directly slashed out with his long sword. The sharp sword light instantly killed the two members of the Dragon God Guild.

"presumptuous!"

"Damn it! Kill that kid!"

The remaining dozen members of the Dragon God Society immediately launched their own methods to surround and kill Ye Feng.

They sensed that the martial arts aura in Ye Feng was only at the tenth level of the Divine Aperture Realm, and had not even entered the Cave Heaven Realm.

On their side of the Dragon God Society's spirit boat, there are four or five cave-heaven realm experts!

"Okay, you guys come together and kill this kid, and I'll restrain his friends."

The man who was the leader of the Dragon God Association just now, a master of the seventh level of the Cave Heaven Realm, shouted loudly at this time.

Uh-huh!

He jumped up and stood not far from Xiao He in an instant, staring at Xiao He warily.

From Xiao He, the man headed by the Dragon God Society felt an unfathomable feeling.

So what he was most afraid of at this time was Xiao He, but he felt that

Without Xiao He's martial arts aura, I don't know what level of power he is.

The leading man stared at Xiao He and said coldly: "Don't act rashly, otherwise I will use my taboo trump card to kill you directly. After that boy is killed by my companions, as long as you don't cause trouble, I will let you go." Leave safely."

Xiao He heard the words of the leading man and just smiled lightly and said: "You will know when you look back. What you said is very ridiculous."

"What's the meaning?"

The leading man's eyes flickered, and then he turned around sharply.

"What?!"

The next moment the man saw a very terrifying scene.

At this moment, almost all members of the Dragon God Society on the entire spirit boat were dead.

There was only the last woman left in the second level of the Cave Heaven Realm. The moment the leading man turned around, she was also struck by Ye Feng's sword.

"This kid is only at the tenth level of the Divine Aperture Realm, and has not even entered the Cave Heaven Realm. How can he have such a powerful combat power? I don't believe it!"

Of the entire team from the Dragon God Society on the spirit boat, only the leader, a master of the seventh level of the Cave Heaven Realm, was left.

Xiao He was about to take action, but Ye Feng, who had just killed a group of people on the spiritual boat in the distance, suddenly said: "Xiao He, leave this person to me."

Xiao He was a little hesitant. Although Ye Feng was powerful in battle, the captain of the Dragon God Society was a master of the seventh level of the Cave Heaven Realm. It had to be said that he was still very powerful.

Ye Feng saw Xiao He's hesitation and said with a smile: "My current combat power is comparable to that of a high-level warrior in the Cave Heaven Realm. The group of people in the spirit boat just now had no resistance at all. They were defeated by me." They were all defeated in three or two strokes. This team leader has a powerful cultivation level at the seventh level of the Cave Heaven Realm, which can just allow me to fight an evenly matched battle. I have a premonition that I am

about to break through the Cave Heaven Realm. This person who is the leader of the Dragon God Association , maybe I can hone my martial arts in battle and let me successfully understand the mysteries of the Cave Heaven Realm.”

After hearing Ye Feng's words, Xiao He immediately nodded and said with a smile: "That's fine. If you want to step into the Cave Heaven Realm now, you really need a close battle. This person is very suitable for you."

"you....."

When the last leading man heard Ye Feng and Xiao He openly saying such contemptuous words in front of him, he immediately got angry and said: "What do you two think of me?!"

The leading man was extremely furious. He laughed in anger and shouted at Ye Feng: "Boy, I don't know who gave you the confidence to talk to me like this, but you want me to be your whetstone." , then you are totally wrong, I will kill you in an instant!"

"Roar!"

The leading man rushed towards Ye Feng in an instant. The golden dragon on his body was the powerful martial spirit he had awakened, possessing unparalleled destructive power.

"boom!"

But at this time, Ye Feng did not dodge, he directly stretched out his hand to make a fist, and blasted out with great force. The glazed crystal-colored fist instantly hit the head of the golden dragon.

"sensation!"

Extremely terrifying brute force suddenly burst out from Ye Feng's fist.

"boom!" .??.

The giant golden dragon let out a mournful cry and was knocked down into the ocean by Ye Feng's punch.

"What?!"

The leader of the Dragon God Society almost made his eyes fall out.

This giant golden dragon of his was the condensed spirit of his martial arts. It once killed a seventh-level master of the Cave Heaven Realm who was in the same realm as him.

But today, he encountered a peerless evildoer, who knocked his martial spirit golden dragon into the ocean with one fist.

"What kind of terrifying body-refining techniques have you practiced? How can you have the power of a wild dragon!"

The leading man's eyes were filled with surprise and uncertainty. At this time, Ye Feng was already approaching, and he directly used the Divine Elephant Suppressing Demon Technique, and the Ancient Dragon Elephant Fist was instantly launched.

"Boom!"

At this moment, the leading man's body felt as if it had been trampled by thousands of dragons, elephants and evil beasts. He was suddenly bombarded and spat out a mouthful of blood, retreating crazily.

Click click click...

At this moment, the purple gold heart mirror in the chest of the leading man was a treasure, but it was broken into pieces and fell into the ocean below.

The extremely frightened and angry look in his eyes was shocked by the brute force of Ye Feng's body. If it weren't for this purple gold heart mirror and the punch just now, his heart would have been shattered by Ye Feng and he would have died completely.

"You are forcing me! Okay! Even if you risk your cultivation level regressing, I will kill this hateful boy completely!"

The leading man suddenly took out a small transparent bottle from his arms.

This small transparent bottle contains a drop of golden blood.

Buzz!

At this time, the bottle cap was opened, and a terrifying aura that made people palpitate was immediately released.

"This is a drop of real pure dragon blood!"

Ye Feng's eyes jumped slightly, and he felt a destructive aura.

"Crack!"

At this moment, the leading man had already swallowed this drop of golden dragon blood into his stomach.

"ah!"

The veins on his face were suddenly exposed, and he let out a horrifying roar in pain that was not human-like.

"Crunch, crunch..."

What was extremely shocking was that at this time, the entire right arm of the leading man began to swell and mutate.

The skin of the entire arm was stretched open, and golden scales grew out. The five fingers of the palm also turned into a golden dragon claw, which looked ferocious and full of power.

"Although I wasted a drop of dragon blood, as long as I kill you kid and rob you

The wealth and body-training skills on his body are enough to pay back his original investment! "

This Dragon God Society man's eyes turned into golden dragon pupils at this time, full of a cold and bloodthirsty meaning.

"The mighty Tianlong hand!"

The Dragon God Society man roared, and with the help of the power of his right arm that turned into a golden dragon claw, he displayed a very powerful dragon martial arts.

Dawei Tianlong hand!

"boom!"

Visible to the naked eye, the mutated arm of the man from the Dragon God Society suddenly expanded dozens of times in the sky, turning into an extremely powerful towering dragon claw.

It was as if a real dragon had revived. The scales on the dragon's claws all seemed to be made of the strongest golden divine iron in the world. They suppressed the brilliance of the sun in the sky and were indestructible.

The sharp claws, ferocious and powerful, seem to be able to scratch the entire sky!

"It's an honor for you to die under my attack."

The man from the Dragon God Society smiled arrogantly.

It looked like a golden dragon's claw pressed down by a mountain ridge, giving it a terrifying sense of heaviness and depression.

Ye Feng's whole body was trembling at this time, as if an ancient mountain was pressing down on his shoulders, and his entire body was about to be broken.

"Okay! What I want is this kind of oppression of life and death!"

Ye Feng shouted: "My cave! Gather it for me!!"

boom!

A terrifying energy of heaven and earth appeared around Ye Feng.

A huge dark cave, like a volcano crater, finally appeared in front of Ye Feng.

This cave has an area dozens of times that of an ordinary cave. It is so big that it is a bit exaggerated. There are all kinds of energy surging in it, including devouring energy, thunder and lightning energy, the power of the five elements, the edge of the sword, the power of the gods...etc. !

All the energies of different attributes that Ye Feng had cultivated were gathered together at this time, and such a super-large cave was created.

The moment this super-large cave appeared, Ye Feng's hands grew larger. Two small crystal hands the size of hills lifted the entire cave at once, and then pushed it towards the sky.

"Boom!!"

The terrifying power of heaven and earth crushed the sky, and the super-large cave sky and the golden dragon claws collided.

Divine light flew, fighting spirit roared, and the aftermath almost destroyed the entire ocean area within a kilometer radius.

Many sea monsters, fish, etc. in the depths of the ocean were shocked to death, and their bodies floated to the surface of the sea.

"How is it possible?! The Dongtian you just condensed should be very fragile. How can it have such terrifying power of heaven and earth, and even be able to accumulate the general trend of heaven and earth and use it for yourself? It is simply more mature than a strong Dongtian who has practiced for many years. Even more tyrannical!"

Almost at the next moment, the man from the Dragon God Society saw Ye Feng's cave, and actually used his mighty Tianlong hand to block the golden dragon claw in the air. He suddenly showed a deep look in his eyes. With a look of horror, he couldn't help shouting.

Chapter 598 Crystal Card

"Nothing is impossible in this world!"

Ye Feng smiled coldly, and a hundred acupuncture points in his body suddenly bloomed with infinite divine light. In an instant, his arms surged with tremendous force, and he pushed his super-large hole hard.

"boom!"

"Crack!!"

"ah!"

The man from the Dragon God Society immediately screamed. The huge golden dragon arm and claw he had manifested was instantly crushed by Ye Feng's super-large cave. It cracked inch by inch and countless blood spilled out. ocean.

Xiao He stood not far away, and his eyes couldn't help but show a hint of shock at this time: "I thought of Ye Feng that you actually condensed such a powerful cave. Although it is only a cave, it is dozens of times larger than our ordinary cave. It contains so much. With all kinds of attribute power, it's like integrating all the ways of the heavens into one furnace, it's really powerful."

"you....." ??

At this moment, one of the Dragon God Society man's arms had exploded, and it was the arm that turned into a huge golden dragon claw.

"Damn it! Why do you have such a terrifying cave! Such a super large cave should not exist in this world!"

The Dragon God Society man's face was extremely frightened and angry, full of deep fear.

He was holding his broken arm and watching Ye Feng slowly walking over. Although his face was very frightened, he still mustered up the courage to say in a cold voice: "Boy, you can't kill me. I am the captain of the elite team of the Dragon God Society." , I am already qualified to brand my life card in the Dragon God Association. As long as I die, the life card will capture the breath of the person who killed me. You will not be able to escape no matter how you escape. By then, the powerful people in the entire Dragon God Association will be dispatched, and you will be trapped in an endless pursuit. Your life will be worse than death, and you will live in fear every day."

Xiao He came over and said calmly: "Ye Feng, kill him. Don't worry about the life card recording the breath. After I stepped into the holy realm, my soul power also surged to 101 levels. I became a soul master. I have already With the means to block the soul fluctuations in a space, his life card cannot record your breath."

When the man from the Dragon God Society heard Xiao He's words, he was immediately horrified and said: "You...are you a strong man in the holy realm, or a mysterious soul master? What kind of existence did I encounter? I regret it..."

"Pfft!"

But the man never had a chance to regret it, because Ye Feng had already cut off his head with a sword.

"Search for the storage rings on these people, and you should find a lot of wealth."

Xiao He spoke out and began to search for wealth.

Ye Feng also stepped onto the huge spirit boat and searched all the dozen or so people from the Dragon God Guild that he had killed before.

"What? It's empty?"

But let Ye

Feng was extremely shocked that there were almost no spiritual stones among the storage spiritual rings carried by these dozen people.

These people are all powerful beings at the pinnacle of the Divine Aperture Realm and the Cave Heaven Realm, and they are also from a big gang in the Chaos Ancient Sea, the Dragon God Guild. How can they be so poor?

"Because their wealth is stored in crystal cards."

At this time, Xiao He smiled slightly and took out a purple crystal card from the storage ring of a Dragon God Society man.

"Crystal card?"

Ye Feng's eyes were stunned, and he searched again, and sure enough, he found more than a dozen crystal cards from more than a dozen people.

However, there are different numbers on different crystal cards, which are numbers composed of auras. They are 200,000, 300,000, 600,000, 1.08 million...and so on.

Xiao He said with a smile: "By the way, I almost forgot to tell you that in the ancient sea area, there are many big forces, and many people can't carry so many huge amounts of spiritual stones with them. It's just as big as a small mountain. It's really troublesome. So, the largest bank in Longyuan Continent, Crystal Bank, gathered many refiners and alchemists and developed a crystal card that can record the amount of wealth in real time. Crystal Bank is recognized by Longyuan Continent. The First Bank has a very good reputation, and the bank has branches in all major areas of Longyuan Continent, so many powerful people are willing to use crystal cards, which are very convenient small recording cards, to replace the large mountains. Piles of spiritual stones will make transactions in the ancient sea more convenient. "

At this time, the crystal card found in Xiao He's hand from the storage ring of the captain of the Dragon God Society contained more than three million yuan, which was more than the wealth in the pirate ship.

"The Dragon God Society controls one-tenth of the wealth in the black market. It robs countless people of their wealth every day. Its ability to attract money is so powerful that even a team leader is so rich that he just carries hundreds of dollars with him. A crystal card worth ten thousand spirit stones."

Xiao He sighed with emotion and asked Ye Feng to bring over the dozen crystal cards. He injected a trace of mana into the other crystal cards, and then the wealth was concentrated on two crystal cards, each worth 2.6 million yuan.

Xiao He handed a crystal card worth 2.6 million to Ye Feng and said: "We each have half of it. The amount of 2.6 million is enough to buy a lot of treasures in the black market of the ancient sea. There are also auctions in the black market. Yes, there are also various trading markets and stalls. Now that we have money, we can go and have a look. "

Ye Feng nodded, finding such a novel thing as a crystal card very convenient.

He grabbed it with his big hand and pulled the sea under the ground

The elixirs and spiritual stones in the stolen ship's cabin were all collected into the storage ring.

"Crack."

At this time, Xiao He threw over an ancient book, "This is the inherited martial arts of the mighty Tian Longshou, and it is the martial arts of the Dragon Clan. However, Ye Feng, you can cultivate the power of various attributes, so you should be able to practice it, but I can't. Take it and comprehend it. A set of third-grade holy martial arts is very powerful. Then we will go to the black market in the center of the ancient sea area to see if we can buy some dragon blood to temper your body. There are also huge benefits in cultivating the mighty Heavenly Dragon Hand."

Ye Feng looked at the ancient book inherited by the powerful Tianlong in his hand, and his eyes couldn't help but feel slightly happy. Unexpectedly, this time he not only gained 2.6 million spiritual stones, but also got a set of third-grade holy-level martial arts, the power of the dragon clan. inherited.

"Can we use this spirit boat?"

Ye Feng looked at the huge spiritual boat floating in the sky and couldn't help but ask.

"This spirit boat has the special aura brand of the Dragon God Society on it. We don't want to use it. We should install it first and sell it directly on the black market. Although it is not worth much,

mosquito legs are still meat no matter how small they are. In the black market of the ancient sea area In this kind of place, money flows like water, and we need to continue to accumulate wealth.”

Xiao He was very knowledgeable. At this time, he stretched out his hand to grab the spirit boat and put it into his storage spirit ring.

Xiao He said: "When we go to the black market this time, we also need to buy some rare materials. In order for the source of the blood demon to be fully integrated into Ye Feng's martial arts foundation, so that you can have the innate magical power of the sea of blood demon, we need to prepare a lot of things. , these all require spirit stones, and spirit stones are money." .???.??

Ye Feng nodded and said: "During the trip to Northern Xinjiang, I also have a lot of weapons in my storage spirit ring. I will no longer use them for inheritance of skills. When the time comes, I will sell them all on the black market and replace them with money, and then use it to improve your own strength.”

"The awareness is very good."

Xiao He smiled and said: "The more I practice to the end, the more I realize that money and treasures are all external possessions, and they are all worthwhile if they can be used in exchange for opportunities to improve one's strength. Only when one's own cultivation is strong can we truly have confidence." , is the greatest wealth. Let's go and go directly to the black market. Well, I have decided to go to the number one romantic place in the black market, the Tianyhai Pavilion, to relax, watch the singing and dancing, and listen to the moving singer. , there are many beautiful women from the three major regions of Southern Territory, Eastern Wilderness and Northern Territory gathered there, not only our human beauties, but also many other races, such as the Fox Tribe, the Elf Tribe, and even the Dark Witch. In it, music is played and dances are performed, and the sound is overwhelming.”

Ye Feng couldn't help but be a little stunned when he heard Xiao He talking about such things.

Not long after Ye Feng and Xiao He left this sea area.

...

r\u003e Swish, swish, swish!

Swish, swish, swish!

More than a dozen men in black with powerful auras and stern expressions flashed onto the ocean.

The cuffs of these dozen men in black were all embroidered with a golden dragon.

These dozen or so people are all masters of the Dragon God Society, and each of them has a tyrannical cultivation level at the ninth level of the Cave Heaven Realm or the tenth level of the Cave Heaven Realm.

The leading man in black had a ferocious scar on his face that spread from his eyes to his neck.

The aura on him is the most powerful, and he is actually a powerful being at the holy level!

This person is called Lu Tian, and he is a core figure in the Dragon God Society. He has great power and controls the law enforcement power of the Dragon God Society.

At this time, Lu Tian looked at the blood-stained water on the sea, his eyes were suddenly shocked, and he said: "How dare someone dare to wipe out the entire elite team of our Dragon God Society? My brother Lu Ming is also here Someone in the elite team was also killed!"

There was a look of shock and anger on Lu Tian's face. These elite teams are all young masters who have been trained by the Dragon God Society for many years. They are all extremely talented and have been trained at a great cost by the Dragon God Society. Now all of them are If it is destroyed, it will definitely be a huge loss to the Dragon God Society.

"Take out the space compass."

Lu Tian said coldly to a man in black behind him.

"Yes, Captain."

A woman in black respectfully took out a palm-sized black gold compass from the storage ring. The compass was engraved with obscure spell symbols and looked very mysterious.

"Reappear."

Lu Tian dropped a drop of his holy blood into the space compass.

Buzz!

At this moment, a large piece of blue divine light was released from the space compass, scanning the entire ocean area where the battle took place.

"Buzz! Buzz!"

The next moment, two figures composed of blue light appeared in the field of vision of Lu Tian and other Dragon God Society masters.

Although these two figures are composed of blue divine light, their shapes and faces are very clear. They are the figures of Ye Feng and Xiao He.

Lu Tian stared at the two figures and said in a cold tone: "Notify the headquarters of the Dragon God Association and send out enough strong men to secretly search for these two people in the black market. You must be careful to shield the soul fluctuations of the life cards. The two of them will There must be a powerful and mysterious soul master among the people, but no matter who they are, they are dead! Let's take action!"

"Yes, Captain!"

Behind Lu Tian, a dozen men in black took orders and immediately dispersed around.

Chapter 599: Start refining

Walking in the black market, Ye Feng saw a prosperous scene.

On the huge island in the center of the chaotic ancient sea area, the streets are extremely wide, surrounded by palaces, pavilions, shops and inns.

There are people coming and going on the road, including humans, monsters, barbarians, and even the Wild Feather Clan with wings on its back, the Sea Clan with animal horns, the Elf Clan, etc., you can see them everywhere.

This place is simply more prosperous than the imperial city of Lihuo Empire!

"I didn't expect that the center of this rumored black market would be so coordinated and prosperous. It's really unexpected."

Ye Feng was walking through the streets in the black market and couldn't help but sigh.

Xiao He also nodded at this time and said: "Although the Chaos Ancient Sea is a super black market, and many major sects have explicitly banned their disciples from coming here, there are all kinds of forbidden elixirs, demon bones, demon blood, Contraband items such as sea dragon blood are prohibited from being traded outside, so they have attracted countless experts and experts from various major forces, causing the place to become more prosperous day by day. "

Ye Feng's eyes moved slightly and said: "There are so many contraband items in the black market in the ancient sea area that are obviously not dare to be traded, and it is true that many experts flock to it. Isn't there anyone who cares about the chaos here?"

Xiao He said: "I can't control it. There are many big forces in this chaotic ancient sea area, even in the eyes of the overlord forces. Many forces have sent secret hands and agents in an attempt to control the black market in the entire chaotic ancient sea area and control the rich and powerful countries." Wealth, but no force has succeeded, because in this small sea area, there are countless powerful nobles, people of three religions and nine streams. There are too many forces, large and small, and they are intertwined. Even the overlords of the sea like Dragon Palace The race just installed a Dragon God Society and occupied one-tenth of the black market share. "

When Ye Feng heard what Xiao He said, he couldn't help but feel a little solemn in his heart. It seemed that this chaotic ancient sea area was not as simple as he imagined.

But chaos is good, so that a lone traveler like me will have an opportunity to fish in troubled waters.

"Let's go to Tianya Hai Pavilion to have a rest first, and then go to some large pawn shops to buy Ye Feng.

Exchange all the unnecessary weapons, elixirs, inherited skills, etc. into spiritual stone currency to buy various rare materials, find a training room, and I will use the Six Paths Divine Skill to help you refine the source of the blood demon! "

Xiao He said, leading Ye Feng to walk in one direction, where there was an extremely luxurious nine-story huge vermilion pavilion, standing in the most prosperous area of the black market.

The Tianya Hai Pavilion is indeed the most romantic place in the black market. There are singing and dancing, graceful beauties, and stunning beauty. Countless celebrities gather here, recite poems, write poems, and spend a lot of money just to win the beauty's smile.

It has to be said that in the Tianya Hai Pavilion, Ye Feng felt as if he was far away from the hustle and bustle of the world, and he was happy to drink and listen to music, chat with beauties, play music and dance, and sink into the world of mortals.

However, in this environment, Ye Feng was temporarily away from killing and practicing. His state of mind was also undergoing an inexplicable transformation, and he was moving toward the direction of the holy realm.

Xiao He was obviously a frequent visitor. Although he had not appeared for decades, he still used his connections in the underworld and soon had mysterious powers like Tianya Haige arrange a separate Accord for him.

"I have used my contacts to collect and purchase all the materials these days. Now I can help you refine the source of the blood demon."

In Tianyahai Pavilion, there is a very quiet single room.

Xiao He waved his hand and asked the beautiful singers and dancers around him to step aside.

"Squeak."

The door of the private room opened, and a man shrouded in black walked in, knelt on one knee, and handed an exquisite storage spirit ring to Xiao He.

This man in black is naturally an elite killer in the underworld. Xiao He seemed to be drunk and having fun in Tianyahai Pavilion during this period, but in fact he had secretly contacted his people in the underworld.

Pulse, one order after another was dispatched in an orderly manner.

Ordinary Cave Heaven Realm experts may need to search for materials for several months, but Xiao He used his contacts in his local government to find and purchase them in just a week.

These precious materials are all for Ye Feng to refine the source of the blood demon and achieve the special talent of the sea of blood demon.

So Ye Feng naturally paid for it with his own money. The 2.6 million in his crystal card, but in order to buy these materials for refining the source of the blood demon, his wallet was completely dried up, leaving only 1 million.

"You will come back after all your wealth is gone, Ye Feng. If your wealth is gone, you can make it again. If you don't improve your strength, you will be killed and your life will be gone, then you will really have nothing."

Xiao He patted Ye Feng's shoulder and said to the man in black in front of him: "Wait at the door. Don't let anyone in without my order." ??

"yes."

The man in black was a female killer in black. Her temperament and voice were cold and solemn. She nodded, stood up and walked out of the private room.

"Who is this young man? Master Xiao treats him like his own brother."

The female killer in black showed a hint of surprise and confusion in her eyes, but she didn't ask any more questions because the hierarchy in the underworld was very strict.

"boom."

The door to the private room was closed.

Ye Feng placed the fat black cat on his shoulders on the soft cushion aside, then he took a deep breath and said, "Let's get started."

Xiao He nodded, and instantly activated the Six Paths Divine Art, and six extreme auras suddenly appeared, namely disaster, origin, killing, ancient chaos, thunder, and eternity.

The six terrifying extreme powers all gathered together at this time, forming a seal as hard as iron, which was directly applied to Ye Feng's body.

Ye Feng felt his body sink, as if a huge mountain of great weight was pressing down on him.

"Invoke the source of the blood demon!"

Xiao He

At this time, a low voice sounded in Ye Feng's ears.

He has fought against the source of all evil in the Altar of All Saints for decades, and knows better than anyone else the refining and fusion of this demonic source.

"boom!"

At this moment, Ye Feng no longer suppressed the source of the blood demon in his body. Suddenly, a terrifying blood demon energy came out from the pores of his body. Ye Feng's eyes turned into red blood at this moment.

"Six Paths Divine Art!"

"Suppression!"

Xiao He shouted loudly, and immediately stretched out a hand and pressed it directly on the top of Ye Feng's head.

"Ye Feng, next I will cast a powerful spell from our underworld to help you obliterate the last evil thought in the source of the blood demon. What you have to do is to try your best to swallow the source of the blood demon, but don't swallow it. Converting it into mana would be a waste of natural resources. When you devour it, you must retain the integrity of the source of the blood

demon. Do not destroy its essence. You must integrate it into your martial arts foundation bit by bit and imprint it on you. With your martial arts will, this source of blood demon will completely become your innate magical power!"

Xiao He's voice sounded, guiding him word by word. At this moment, he suddenly recited an extremely complicated ancient spell.

"Yin Yang God King Curse!"

"town!"

"kill!"

"Destroy!"

This is a very rare spell inheritance called the Yin-Yang God King Curse. Only the core inheritors of the underworld master lineage can learn it.

At this time, the center of Xiao He's palm that was pressed on Ye Feng's head suddenly burst out with spell marks composed of yin and yang light, rushing into Ye Feng's body, suppressing the boiling demonic thoughts in the source of the blood demon with all his strength.

"The oven of creation!"

"Devouring the Realm!"

Ye Feng was also concentrating at this time, trying his best to use his devouring power.

Whether you can possess the magical power of the Blood Demon Sea, success or failure depends on this!

Chapter 600: Miss Shui Yun

With the help of Xiao He's Six Paths Divine Art, Ye Feng's process of refining the source of the blood demon went smoothly.

After all, Xiao He has now entered the Holy Realm, and there is a Holy Realm strongman assisting him in his cultivation. This is a supreme treatment that even the inheritors of many major forces cannot enjoy.

"Wow!"

At this moment, Ye Feng took back all his power.

As he thought, a sea of blood suddenly appeared in the void behind him.

Ye Feng's body moved, and his whole body suddenly merged into the sea of blood.

The area of this sea of blood is still very small, but as Ye Feng's cultivation becomes stronger and improved, this sea of blood will become larger and larger.

Even in the end, it can really become a vast ocean, endless, and it is truly immortal. .??.

Xiao He was very happy and said with a smile: "Ye Feng, from now on you will be a blood-stained and immortal being."

Ye Feng had a thought at this time, walked out of the sea of blood, and took the sea of blood into his body.

Ye Feng couldn't help but smile bitterly and said: "The sea of blood demons, this kind of innate magical power belongs to the blood demon clan outside the territory. Under normal circumstances, I cannot use it casually, otherwise I will definitely be hunted down by the people in the world as a demon."

Xiao He couldn't help but nodded when he heard the words, and said solemnly: "You are right. After you step into the holy realm and have the strength to protect yourself, it will not be too late to show it. Now you can just use it as a means to save your life. , In any case, Brother Ye Feng, you have got a huge trump card. This time, your strength and mine have skyrocketed. After a great battle, I have entered the Holy Realm, which is worthy of celebration!"

Xiao He laughed loudly, feeling proud of the spring breeze, and immediately shouted outside the private room: "Let the singer come in, continue playing music, and continue dancing."

"Yes, sir."

The respectful voice of the Tianyahai Pavilion boy came from outside the door.

Squeak!

The door opened, and three beautiful young singers with graceful figures appeared immediately.

Playing music on the harp, they began to dance in the elegant room with charming postures.

"Get out of my way! Miss Shuiyun is my confidante. She sings and dances for me every time I come here. Why do you want me to wait this time? Don't you know that Miss Shuiyun is my exclusive singer?" ?"

Suddenly at this moment, a young man's cold shout suddenly sounded outside.

Bang!

The door of the elegant room where Ye Feng and Xiao He were was suddenly kicked open by a young man.

This young man was wearing a brocade robe and had handsome features, giving him an air of nobility.

"People from Poseidon Academy?"

Ye Feng saw at a glance that there was a jade identity token hanging on this young man's waist. It was the identity token of Poseidon Academy.

"It seems that this person should be a disciple of Poseidon Academy stationed in the Poseidon Pavilion in the black market of the ancient sea area. He has a cultivation level of the tenth level of the Divine Aperture Realm. He is a saint-level disciple in the academy. He has a high status, but he is a little arrogant. "

Ye Feng's eyes flickered at this time, and in an instant, he already had a basic understanding of the identity of the young man in front of him.

Ye Feng actually guessed this person well. He is a resident disciple in Poseidon Pavilion. His name is Shen Fang. He is a master of the tenth level of the Divine Aperture Realm. He is also a saint of Poseidon Academy. Naturally, he has always been Tianyahai. VIP level person in the pavilion.

At this time, in the elegant room where Xiao He and Ye Feng were, the gentle and beautiful woman who was playing the piano was the Shui Yun girl that Shen Fang mentioned.

Miss Shui Yun obviously has a very good relationship with Shen Fang.

When she saw Shen Fang come in, she immediately stood up in a panic and apologized to Ye Feng and Xiao He, "Master Shen Fang, please

I must have drunk too much. Please forgive me, two distinguished guests. "

When Shen Fang saw this scene and saw the goddess in his heart, she apologized like this.

He immediately felt unhappy and wanted to show off his charm.

Shen Fang immediately glanced sideways, staring at Ye Feng and Xiao He who were sitting in the private room, and said: "Who are you two? You dare to point at my young master's confidante, Miss Shui Yun. You are so bold. Don't you know Shui Yun?" Miss Yun, am I the only one qualified to order?"

As he spoke, Shen Fang deliberately flashed the identity token on his waist, which had the word "Poseidon" engraved on it, to reveal his noble identity.

Xiao He stood up and suddenly smiled, but the smile was very cold, and said: "Where does this clown come from, dares to pretend in front of me?"

"Qiang!"

Almost at this moment, a figure of a female killer in black appeared in front of Shen Fang. Without saying a word, she held a long sword with a cold light in her hand. The cold tip of the sword was already touching Shen Fang. Put it in front of your throat. .??.

"Gulu!"

Shen Fang's proud face suddenly changed in surprise when the coldness on his neck suddenly changed.

His eyes were a little frightened, and he didn't even see when the masked woman in black clothes and long hair appeared in front of him.

This long-haired woman in black clothes is naturally the female assassin from the underworld. Her cultivation level is at the seventh level of the Cave Heaven Realm. She is very powerful and her assassination skills are also proficient.

Xiao He waved his hand and asked the female killer to put down her sword.

"yes."

The female killer immediately sheathed her sword and stood behind Xiao He, her eyes cold and emotionless.

At this time, Xiao He looked at Ye Feng beside him and said with a smile: "Ye Feng, you are also a disciple of Poseidon Academy. You can handle this matter yourself."

Xiao He said this, obviously to give face to his brother Ye Feng.

Otherwise, according to his style, this Shen Fang would have been killed long ago.

At this time, Shen Fang's eyes lit up. He immediately stared at Ye Feng and saw the identity token hanging on Ye Feng's waist, which was also from Poseidon Academy.

"It turns out you are also a disciple of our Poseidon Academy!"

Shen Fang couldn't sense Ye Feng's aura, but he saw that Ye Feng was so young, only eighteen or nineteen years old. In Poseidon Academy, basically all newcomers in this age group were newcomers.

Generally speaking, Shen Fang knows the more powerful disciples.

This Ye Feng is so indifferent, he is definitely not that powerful.

At this time, Shen Fang immediately spoke out in a high-spirited manner like a senior brother: "Your name is Ye Feng? It seems that you are a new student who has entered our Poseidon Academy. This friend of yours is really too presumptuous. Could it be that you Shouldn't we talk about him?"

Snapped!

But the next moment, Ye Feng slapped Shen Fang away.

Bang!

Shen Fang's body hit the door hard, and his handsome face suddenly swelled into a pig's head, looking miserable.

"Ah! Ah! What are you doing? How dare you hit me?!"

Shen Fang was beaten so low in front of his goddess Shui Yun that he immediately felt huge shame.

"Who are you? How dare you put on airs like a senior brother in front of me? Are you worthy?"

Ye Feng suddenly stepped over, a majestic and sinking aura surged from his body, full of endless depression.

"Dong... Cave Heaven Realm!"

The expression on Shen Fang's face immediately changed. He immediately kowtowed and begged for mercy: "It turns out that Senior Brother Dongtian is here. I was wrong! I was really wrong! I disturbed your enjoyment, Senior Brother. This girl Shui Yun is absolutely beautiful. It's moving, please take your time to appreciate it! I'm leaving now!"
