

## Ancient 601

### Chapter 601 Murderous Intent

Shen Fang was very scared at this time. He didn't expect that he would offend a senior brother in the cave heaven realm.

However, he also had deep doubts in his heart. He himself was also a Saint of Poseidon Academy, a being at the Cave Heaven level. He was definitely the top genius in Poseidon Academy.

It's impossible that you haven't heard of it?

"Is this Senior Brother Ye a peerless genius secretly cultivated by the academy, but he has never been born?"

The more Shen Fang thought about it, the more he thought it was possible. He immediately bowed respectfully to Ye Feng and clasped his fists, and then retreated outside in a very embarrassed manner.

"You stop."

Suddenly Ye Feng spoke up.

"Senior brother, is there anything else?"

Shen's heart tightened and he secretly thought that this powerful and mysterious Senior Brother Ye wanted to settle a score with him.

"Who is this young master? He has such a noble status and beats Shen Fang so badly, yet Shen Fang is so respectful and doesn't dare to get angry at all?"

At this time, the beautiful Shui Yun girl's beautiful eyes fell on Ye Feng, full of curiosity and admiration, and her heart was pounding with excitement.

Because Miss Shui Yun knew Shen Fang very well. He was a saint among the powerful overlords. He was stationed in the black market in the chaotic ancient sea area. Few people dared to mess with him. Anyone who saw Shen Fang would not give him any face. ?

But at this time, Ye Feng, who was so young and promising, gave Shen Fang a slap in the face, and Shen Fang was still trying to please him like a dog.

Shen was originally a great figure in the eyes of Miss Shui Yun, but now he is simply weak compared to Ye Feng, a mysterious young man.

Miss Shui Yun was instantly attracted by the charm that Ye Feng inadvertently exuded.

Ye Feng walked up to Shen Fang at this time and said: "Let me ask you, nothing big happened in Poseidon College in the past six months, right? I have been practicing outside for the past six months, and now I have just come back."

"As expected, he is a peerless genius secretly cultivated by the sect! He has been practicing outside, and he must be an out-and-out master."

At this time, Shen Fang more and more confirmed his guess, and he immediately replied respectfully: "No major events have happened in the college in the past six months, but if you want to talk about interesting things, there is one, about a person in our college named Nangong. Mu Xue's new female student."

Ye Feng's eyes suddenly changed slightly and said, "Tell me, what's going on?"

Shen Fang saw the change in Ye Feng's eyes, from calm and calm to a moment of terrifying murderous intent, which was so deep that it made his body tremble.

What a terrifying look and murderous look!

However, Shen Fang did not dare to ask any more questions and quickly answered honestly: "Just over a month ago, Ji Changkong, the young dragon master of the Dragon Palace, brought countless powerful men from the Dragon Palace to our Poseidon Academy to marry the man named Nangong Muxue's female student."

Click!

Suddenly, an extremely cold murderous aura surged out of Ye Feng, and all the teacups and porcelain in the entire private room shattered.

Even the strings of the guqin that Miss Shui Yun was holding in her hands snapped in an instant.

"Plop!"

Shen Fang was immediately frightened and fell to his knees, saying quickly: "Senior brother, please spare your life!"

Ye Feng had no expression on his face and said, "Keep talking."

Shen Fang nodded and continued quickly: "Originally, the dean had already agreed, and Dragon Palace's wedding team was about to arrive at the residence of the new student Nangong Muxue, but in the end, a mysterious strong man from Dragon Soul Peak took action. , directly wiped out the entire Dragon Palace wedding team with one sword, and almost killed the young dragon master Ji Changkong. The mysterious strong man seemed to be a senior who had just returned to our college. He seemed to be named Bai Yuchen. He was killed by history. The forgotten person, according to legend, was our Dean Wuji's younger junior brother back then. He was framed by others and hurt by love. He turned from an invincible strong man to a useless person and was ridiculed by everyone in the world. Unexpectedly, this senior Bai came back again. And it seems to be getting stronger again."

"Master takes action."

Ye Feng immediately breathed a sigh of relief when he heard Shen Fang say that Senior Bai had wiped out the entire wedding team in the Dragon Palace with one sword, and almost killed the young dragon master Ji Changkong.

"Hahaha!"

Ye Feng suddenly laughed.

"By the way, there's more..."

Shen Fang continued at this time: "Senior Bai also said at the time that he did not kill Ji Changkong because he wanted to give his only apprentice a training hand in the future. I heard that his apprentice was still a new student. What is it called Ye?"

Shen Fang was talking at this time, first thinking about the name, but then his eyes suddenly widened and he stared at Ye Feng in front of him.

"Ye...Ye Feng! You are the apprentice that Senior Bai said! Nangong Muxue said in front of everyone that she already has a sweetheart, a hundred times better than the Young Dragon Master of Dragon Palace, and it's you!"

Shen Fang was stunned. He never expected that he would meet the legendary Ye Feng in Tianya Haige.

Ye Feng waved his hand and said, "You can go, I understand."

With her master protecting Nangong Muxue in the academy, she felt relieved.

Now the strange poison in Master Bai Yuchen's body has been swallowed up by his poison-eating insects. Based on the master's terrifying qualifications, and after practicing for more than half a year, it is estimated that his cultivation has reached an unfathomable level.

At this time, before Shen Fang left, he said: "Senior Brother Ye Feng, let me remind you that the incident that happened more than a month ago shocked the entire Southern Territory. Your master, that is, Senior Bai, It has completely angered the entire Dragon Palace, and now there are rumors that there will be senior taboo experts in the Dragon Palace to kill Bai Yuchen. "

When Ye Feng heard this, he just smiled coldly, "Dragon Palace and the so-called Dean Wuji of our college are not good people."

When Shen Fang heard what Ye Feng said, his expression immediately changed and he said: "Senior Brother Ye, no matter how talented you are, you can't be disrespectful to the dean!"

Ye Feng stared at Shen Fang coldly and said: "Master Dean? Huh, he is a strong man of the older generation and the so-called master of that girl Mu Xue, but in the end he took the initiative to

welcome the wedding team of Dragon Palace, regardless of Mu Xue That bullshit young dragon master who wants to force Mu Xue to marry Dragon Palace due to his subjective will, is such a person worthy of my respect? "

Shen Fang heard Ye Feng's words as cold as a knife

, his face turned red immediately, but he didn't know how to refute, because what Ye Feng said was right and he couldn't refute it.

At this time, Xiao He suddenly said faintly from behind: "Ye Feng, don't worry, when I return to the underworld and become the judge, I will personally assassinate Ji Changkong, the young dragon master of that bullshit Dragon Palace, and kill him. "

When Shen Fang heard what Xiao He said, he was immediately frightened, his face became extremely horrified, and his whole body trembled.

Who are these people?

You are too brave!

Are you constantly saying that you want to kill the inheritor of a sea-dominating race like Dragon Palace?

Shen Fang only felt that he was unlucky today, as he encountered two lawless and ruthless people.

He trembled and fled from here.

Ye Feng looked at Shen Fang's leaving figure, looked at Xiao He and said, "Should we kill him? He heard our discussion."

"Need not."

Xiao He smiled and said: "I have hypnotized him just now and erased this part of his memory."

"The memory of a saint in the tenth level of the divine orifice realm was wiped out without anyone noticing?"

At this time, Miss Shui Yun and the two beautiful singers standing aside had their beautiful eyes filled with deep shock.

They stared at the two young men in the room, secretly exclaiming in their hearts that these were two great men, and their methods were incredible.

At this time, Ye Feng couldn't help but nodded when he heard the words, and then he said: "Xiao He, I won't bother you to assassinate this young dragon master Ji Changkong. He dares to board the Poseidon Academy under the public eye and force him to get married. Then He is already on my must-kill list."

Xiao He smiled slightly and said: "That's fine, I'll let Ye Feng kill Ji Changkong."

At this time, Miss Shuiyun was frightened and pale as she listened to the conversation between the two of them. The conversation between these two people was really too bold.

Ji Changkong, the young dragon master of the Dragon Palace, is the inheritor of the Dragon Palace, the dominant race in the sea. What kind of magnificent figure is he?

But now in the mouths of Ye Feng and Xiao He, it is like a cabbage on the roadside, cut off whenever you want.

The powerful underworld female killer standing behind Xiao He was a little surprised at this time, staring at Ye Feng. Obviously she did not expect that this young man who looked gentle and elegant would have such a domineering mentality and will.

"I don't know how Master Ye Feng and our Lord Xiao He from the underworld met. Logically speaking, the two of them will never get along. How can they be so close?"

The underworld female killer couldn't figure this out clearly.

"I'm ready to go back to Poseidon Academy."

Ye Feng looked at Xiao He at this time and said, "What will you do next?"

Xiao He looked at the bustling street outside the window of Yajian and said: "I haven't been back for too many years. There are also some enemies in the underworld. I have to go back and clean up. If you need help at Poseidon Academy, please contact me at any time. Our underworld is in Poseidon." There are also various secret strongholds in the territory managed by the college."

At this time, Xiao He said, looking at the black man behind him

The Yinu killer said: "Tell Ye Feng about several secret strongholds of our underworld near Poseidon College in the Southern Region."

"this....."

The female assassin in black was hesitant. She felt that Ye Feng was not a member of the underworld, but an outsider. She couldn't help but said: "Master Xiao He, according to the rules of our underworld, we cannot tell outsiders about the secret stronghold of the underworld."

"Pfft!"

Suddenly, Xiao He stretched out a hand and crushed the arm of the female killer in black, turning it into blood foam on the ground.

"ah!!"

The female killer in black immediately howled in pain. She covered her broken arm in agony.

Xiao He's originally gentle eyes were now staring at the female killer, full of cruelty, and said: "Who are you? A guard from the underworld, how dare you talk to me about any rules? My words are the rules! From now on. You must treat Ye Feng like you treat me! If you dare to disobey me or doubt Ye Feng next time, I will directly destroy you and throw you into the Nine Nether Prison in the underworld to feed the Nine Nether Demons."

"No! Master Xiao He, spare your life! Ruolan knows he was wrong!"

The female killer in black's cold eyes immediately became extremely frightened. She quickly took out a roll of animal skin from the storage ring and handed it to Ye Feng. Her voice trembled: "Ye...Ye Feng Young Master, the red circles marked on this animal skin are the locations of the hidden strongholds in the underworld near where you are at Poseidon Academy."

Ye Feng took the animal skin scroll and secretly marveled at the deep foundation and huge power of the underworld. It had placed spies and strongholds everywhere, even around the Poseidon Academy, the number one martial arts holy place in the southern region.

At this time, Ye Feng smiled slightly, took out a healing elixir from the storage ring, flicked it with his finger and gave it to the frightened female killer in black who was kneeling on the ground, saying: "This elixir is called 'White Bones Raw Flesh elixir', I found it from the treasure house under the Barbarian God Tower in the wilderness. After you swallow it, you will use your energy to heal your injuries, and your arm will grow back in a few days."

"This... is so precious..."

The cool and cold female killer in black was almost moved to tears at this moment. She quickly said respectfully: "Thank you Lord Ye Feng for the reward."

Ye Feng waved his hand and smiled nonchalantly. He looked at Xiao He and said, "I'm leaving. This time when I go back, I will ask one of my powerful senior sisters, Murong Yunyin, to concentrate on how to use the innate sword embryo I obtained before. It has been condensed into the realm of swords. In addition, my master will also take me to the Demonic Dragon Island in the West Sea to slay evil dragons and help me forge the body of a true dragon. Therefore, as expected, my cultivation will improve in the future. It has skyrocketed in a short period of time. Xiao He, you are entering the Holy Realm for the first time. It is better to be careful in the underworld. If you encounter any difficulties, you can also contact me and I will come to help you directly. "

Xiao He laughed loudly, patted Ye Feng's shoulder hard, and said: "Good brother, I know! Oh, by the way, the real dragon competition of the five regions of Longyuan Continent is almost over a year away. , I have no hope of participating at this age, but you can, Ye Feng. When the time comes, I hope to see your peerless heroic appearance that shocks the entire five regions! Become the leader of the True Dragon Competition and win the first place on the True Dragon Ranking, and you will receive rewards! This is very important for us in the Human Temple Alliance, because I heard that some of the top figures in the Human Temple Alliance already know how to break out of the Longyuan Continent and get rid of God's threats to us Longyuan Continent practitioners. Curse and imprisonment with upper limit of cultivation level!"

## Chapter 602 Tracking

Ye Feng took the big black cat away and left Tianya Haige.

After he walked out of the black market's number one place of enjoyment, he made some inquiries and walked straight towards the Poseidon Pavilion.

Poseidon Pavilion is the place where Poseidon Academy is stationed in the black market of the ancient sea area. There must be a large teleportation array inside, which can be directly transmitted to the interior of Poseidon Academy.

But at this moment, Ye Feng was walking on the street when he suddenly felt some vague attention from behind, staring at him.

An ordinary Dongtian realm warrior would not be aware of this invisible attention at all.

But Ye Feng is still a soul master. His spiritual soul is powerful and his perception is terrifying. He was aware of it in an instant.

An imperceptible sneer flashed across the corner of his mouth, and he walked across a street and walked directly into an empty alley.

"Hurry up!"

At this time, several young people watching on the street saw Ye Feng disappear all of a sudden, and immediately ducked and walked into the alley.

"you....." .??.

But these people saw it immediately. Ye Feng was standing in the middle of the alley, with his hands on his shoulders and a joking smile on his face, saying: "Who are you? Why are you following me?"

At this time, Ye Feng immediately stared at the cuffs of these people's clothes, which had a golden dragon-shaped pattern.

"It's people from the Dragon God Society! Are they actually following me? Logically speaking, Xiao He's soul has blocked the previous sea area. Could it be that the Dragon God Society has other ways to track me?"

Ye Feng thought about a lot of guesses at this moment.

At this time, those few people originally wanted to take action, but Lu Tian, the captain of their Dragon God Society's law enforcement team, had already said that the two murderers who killed the Dragon God Society's elite team might be very powerful.

So if you find their traces, you can't act rashly and you need to report them in time.

At this time, the following people immediately pretended to be innocent and said: "We are not following you, little brother, you are too wary, we are just passing by this alley."

After saying that, these people from the Dragon God Society immediately turned around and walked out of the alley.

"The Dragon God Society logos on your sleeves have betrayed your true identities. You should have discovered that I am somewhere.

The sea area destroyed an elite team of your Dragon God Society! "

Ye Feng sneered and took action instantly. He grabbed it with his big hand, and a super large cave sky, like a huge crater, containing power of various attributes, suddenly appeared above the heads of those people.

Buzz!

An extremely heavy sealing force, like a small world, suddenly enveloped all the members of the Dragon God Society.

"This kid has discovered our true identity! Then arrest him directly, or kill him directly!"

Several people from the Dragon God Society were all cave-tian realm experts. At this time, they no longer suppressed them and immediately broke out to attack.

Buzz! Buzz! Buzz! Buzz!

A total of four Dongtian realm masters all released their caves, and the four caves appeared instantly.

The first cave sky flashed with thunderous light, surging with destructive power.

There is an ancient sword floating in the second cave. The sword energy is radiating and the light pierces the sky.

In the third cave, there is a huge evil beast soul roaring and roaring, which seems to be the spirit of some kind of wild evil beast.

The fourth cave sky burned with flames as red as blood, surging with molten lava that burned everything!

"kill!"

The Dongtian realm masters of the Four Dragon God Associations instantly burst out with power, driving Dongtian towards Ye Feng.

"Give me the town!"

Ye Feng sneered, stretched out his palm in an instant, and pressed hard on his super large hole.

Boom! !

His cave sky expanded dozens of times in an instant, and it really seemed like a whole piece of heaven and earth fell down at once.

"boom!"

"Crack!!"

The four caves of the four masters of the Dragon God Society were suddenly crushed by Ye Feng's super large cave.

Boom!

The powers of different attributes in the four caves were directly swallowed by Ye Feng's super large cave, and then melted.

Got into it.

Ye Feng's super-large cave was nourished at this moment and became even bigger.

The sky was so big that it covered the entire alley, and it had the potential to block out the sky and the sun, which was very exaggerated.

"How can it be!"

"This young boy, whose martial arts aura is only at the first level of the Cave Heaven Realm, how could he condense such a huge Cave Heaven!"

"No! That's not a cave! It's just like a small world! It's too scary!"

The four masters of the Dragon God Society were so frightened that they cried out in fear, and ran away frantically out of the alley with horrified expressions on their faces.

"Buzz!"

But at this moment, Ye Feng controlled the super large cave sky high in the sky and instantly released a force of heaven and earth, directly imprisoning the four Dragon God Society masters in place.

"What?"

"We can't move!"

"Spatial confinement? Isn't this a method only available to those in the martial arts holy realm? How come this kid who is only at the first level of the Cave Heaven Realm has such an ability?"

"Impossible! It's unscientific!"

At this moment, the four Dragon God Society masters couldn't help shouting, their eyes full of horror.

Ye Feng couldn't help but smile when he heard the shouts of several people.

Although he has not stepped into the holy realm, his super-large cave is very special and is already the prototype of a small world.

He has initially been able to use the super large cave sky to gather the general trend of the world and confine a space.

Of course, for the time being, we can only immobilize warriors around the second and third levels of the Cave Heaven Realm.

Click, click...

Ye Feng walked towards the four people, his footsteps sounding like the death knell.

"Pfft!"

"Pfft!"

"Pfft!"

Ye Feng did not hesitate and directly killed three people with his sword.

There was only one person left. Ye Feng stared at him and said, "Tell me everything you know."

Buzz!

At this time, Ye Feng came from Xiao

He Nailai learned the basic hypnosis technique of the soul master and used it on this warrior who was only at the second level of the Cave Heaven Realm.

Immediately, the eyes of the master of the Dragon God Society became confused, and he said mechanically: "Lu Tian, the captain of our Dragon God Society's law enforcement team, is a strong man in the holy realm of martial arts. He used the space compass to trace the shapes and appearances of the two murderers have emerged, and now the faces of the two murderers are posted on the black market in the entire Luangu Sea, and they are wanted everywhere..."

At this time, the master of the Dragon God Society told everything he knew, without any reservation, and completely opened up all the secrets hidden in his heart.

This is the horror of hypnosis' ability to control the mind. As long as the soul power is strong enough, it can make anyone reveal the secrets they least want to reveal.

"Pfft!"

Ye Feng killed the last master of the Dragon God Society in front of him with a single sword movement, devouring the domain and absorbing the skills of the four masters.

However, the cultivation level of these people was too low, which did not allow Ye Feng to break through the level, but their strength was slightly stronger.

But as time goes by, quantitative changes lead to qualitative changes, and Ye Feng did not waste it.

At this moment, Ye Feng's eyes were a little cold, "I didn't expect that the people of the Dragon God Society still have that kind of space compass in their hands. It is really magical to be able to recreate the space scene a period of time ago..."

Ye Feng thought in his heart that for the time being, he did not want to collide with the strong men of the Dragon God Society. After all, his current cultivation level was still relatively low and he could not compete with the real strong men of the Holy Martial Arts Realm.

Uh-huh!

Ye Feng took out a set of black robes from the storage ring and covered his whole body.

He jumped up and down the roof, hoping to reach Poseidon Pavilion as soon as possible and use the teleportation array to return to Poseidon Academy.

The ancient sea area is too dangerous, the major forces are complicated, and the old gangs have deep foundations. It is better not to stay too long for the time being, and come back to settle accounts after their strength has improved.

Soon Ye Feng followed the instructions on the map he purchased and walked through the black market for several blocks before finally arriving at the gate of Poseidon Pavilion.

"Why is she here?"

However, just as Ye Feng arrived not far from Poseidon Pavilion, he saw a familiar graceful figure at the door of Poseidon Pavilion.

Chapter 603: Trapped

It was the silhouette of a beautiful woman. She was wearing a blue palace dress, her long hair was tied up, and her temperament was as cold as the moon.

"Shui Bingyan? She has only entered Poseidon Academy for more than half a year, and her cultivation aura has not yet entered the divine orifice realm. Why did this princess of the water tribe take such a big risk and come to the black market in the ancient sea area?"

Ye Feng looked at the familiar figure standing at the door of Poseidon Pavilion, and couldn't help but look surprised.

That familiar figure was none other than Shui Bingyan, the princess of the super-rich Shui Tribe who had participated in the Hundred Dynasties War with him.

He walked over and gently patted the woman's shoulder.

"who?"

Shui Bingyan, the princess of the water tribe, immediately turned around warily, and stabbed out a long blue sword in her hand.

Obviously she also knew that the black market in this ancient sea area was extremely chaotic, so she always remained vigilant.

"when!"

But the next moment Ye Feng just curled his fingers and the blue sword was broken directly.

However, this was not because Ye Feng deliberately wanted to break it, but because he did it subconsciously, because his current body was too powerful.

"My half-step holy sword was broken directly by a finger?"

Shui Bingyan was immediately startled and instinctively wanted to retreat.

But at this time, she heard a familiar voice: "Bingyan, it's me."

"This voice sounds familiar?"

Shui Bingyan looked stunned at first, then raised her head slightly and saw the extremely familiar face of a man. She couldn't help but startled her beautiful eyes and blurted out: "Ye Feng!"

"Yes, it's me."

Ye Feng wanted to say something.

Wow!

But at this time, the beautiful figure in front of him rushed into his arms.

Shui Bingyan hugged Ye Feng tightly and cried, "Ye Feng, you are finally back! There are so many people

They all say that you died in the wilderness, but we don't believe it, and neither does Senior Bai. We are all waiting for your return! "

Seeing the excitement of the water tribe princess in his arms, Ye Feng couldn't help but patted her delicate shoulder comfortingly, and said softly: "Don't cry, don't cry, what happened?"

Being able to let Shui Bingyan, the princess of the water tribe, burst into tears the moment she saw him, must have been a huge pressure.

"Sorry, I got a little excited and wet your clothes."

Shui Bingyan quickly stepped back from Ye Feng's embrace. She saw that the clothes on Ye Feng's chest were wet with her tears, and she couldn't help but smile a little apologetically.

"It doesn't matter."

Ye Feng stared at the water tribe princess in front of him and said: "Bingyan, what happened? Why are you in the chaotic ancient sea? With your current cultivation level, it is impossible for the academy to use the teleportation array for you to come to this chaotic ancient sea. of."

Shui Bingyan spoke out: "I came to this chaotic ancient sea area with Senior Sister Murong Yunyin."

"Sister Yunyin?"

Ye Feng's eyes were stunned, and then he said: "Senior Sister Yunyin is the direct disciple of Wan Jian, the master of Wan Jian Palace, and is also a saint of the academy. She is indeed qualified to use a large teleportation array to come to this chaotic ancient sea. Where is Senior Sister Yunyin?"

Upon hearing this, Shui Bingyan's eyes immediately showed a trace of urgency and said: "That's why I came here. Senior Sister Yunyin was trapped on a deep-sea island in the ancient sea area and was attacked by many vicious sea monsters. Trapped."

Ye Feng's eyes were startled and he said, "What? Tell me everything from beginning to end."

Shui Bingyan said immediately: "Since the last time the Dragon Palace's wedding team was wiped out by Senior Bai with one sword, Dragon Palace and Senior Bai have completely become mortal enemies, and the young dragon master of Dragon Palace heard that Junior Sister Mu Xue, in Wan

Under the spotlight, Ye Feng said that you are a hundred times better than him. Out of jealousy, Ji Changkong, the Young Dragon Master of Dragon Palace, used the powerful power of Dragon Palace to often embarrass everyone who was friends with Ye Feng, including Murong Murong. Powerful saints like Senior Sister Yunyin have been targeted. This time, Senior Sister Yunyin took me out for training, and was trapped on a deep-sea island by the masters of the Dragon Palace, which attracted the sea monsters lurking in the deep-sea island lair. , I was picking elixirs on another small island in the distance, so I was not affected. I am a descendant of the water tribe, so I have an innate advantage in a place like the ocean. I escaped with one yuan of heavy water and came to this black market. In Poseidon Pavilion, I want to find powerful senior brothers and sisters for help, but when everyone heard about the deep sea demon, they were so scared that they did not dare to rescue. I have sent a message to the academy, and it should come to the seniors in the academy in a few days. Strong. "

"It's Dragon Palace again!"

Ye Feng's eyes suddenly showed a deep anger.

Murong Yunyin was actually targeted by the people of Dragon Palace because of herself.

"Long Palace, Ji Changkong, you dare to touch my friend, you are too presumptuous."

Ye Feng murmured to himself, his voice was bone-chilling, with a deep edge and chill.

He looked at Shui Bingyan at this time, and directly pulled her towards the deep sea outside the black market, saying: "A few days are too long. By the time the elders and experts in the academy arrive, the cucumbers and vegetables will be cold. Senior Sister Yunyin is a swordsman with powerful attacks, but her magic power and endurance are not good enough. She can't hold on for that long. "

Shui Bingyan said urgently: "But we are all new students. There is no way to rescue us just by the two of us." .??.

boom!

Suddenly Ye Feng released a huge and boundless momentum.

Buzz!

An exaggeratedly large cave sky slowly appeared in the void behind Ye Feng.

"This is... Cave Heaven!!"

Shui Bingyan was stunned, her beautiful eyes filled with endless horror.

"In half a year, Ye Feng, you have achieved the Cave Heaven Realm?!"

Shui Bingyan's face was full of shock. She stared at Ye Feng and saw that Ye Feng's face, which she hadn't seen for half a year, lacked the childishness of a teenager and had a lot of vicissitudes of life.

"Where have you been over the past six months and what have you experienced?"

Shui Bingyan's heart trembled slightly. What kind of horrific hardships and experiences made Ye Feng grow up so much in one leap.

Stepping directly into the Cave Heaven Realm, he has almost surpassed most of the saints in Poseidon Academy.

Shui Bingyan and Ye Feng had participated in the Hundred Dynasties War together. She knew very well that Ye Feng was a peerless monster and his combat power could not be measured according to common sense.

Now that he has entered the Cave Heaven Realm, what kind of terrifying combat power should he have?

Ye Feng did not speak. After proving his cultivation strength, he directly pulled Shui Bingyan and said urgently: "Take me quickly to the deep-sea island where Senior Sister Murong Yunyin is trapped. We can't waste any time."

"good!"

Shui Bingyan immediately thought.

Buzz!

From the rice-sized blue gem dotted between her eyebrows, a drop of water flew out, which was exactly one yuan of heavy water.

"Buzz!"

The one-yuan heavy water quickly grew in size in the void and landed directly in the ocean outside the edge of the black market. It actually formed a huge heavy water spirit boat in the ocean.

"Ye Feng, we directly use one yuan of heavy water to connect to the mighty power of the ocean. The speed of this heavy water spirit boat in the ocean is absolutely comparable to the speed of a strong man in the holy realm!"

Shui Bingyan pulled Ye Feng down to the one-yuan heavy water. The heavy water spirit boat instantly turned into a piece of divine light and headed directly towards the deep sea.

Chapter 604 Rescue

Ye Feng followed Shui Bingyan on the heavy water spirit boat, almost blending into the infinite ocean, and soon arrived at the destination.

This is already a deep sea area. Although it is still within the scope of the Luangu Sea Area, it is already the most peripheral area of the sea area.

Above the blue sky, there is an unknown double-winged sea dragon flying. In the distance of the deep sea, in the depths of the blue water, there seems to be a huge black thing swimming.

The entire ocean is full of endless beauty, but also full of endless dangers.

"Senior Sister Murong Yunyin is trapped on that island."

At this time, Shui Bingyan spoke up, with a hint of panic in her tone.

Because a small island in the distance has been shrouded in black air.

There was a huge black tornado surrounding the small island, surrounding the island. .???.??

"Jie Jie Jie."

"Jie Jie Jie."

The hoarse and ferocious demonic laughter emanated from the island, making people feel extremely frightened when they heard it.

Ye Feng first observed it for a moment, and then he said to Shui Bingyan beside him: "Is this island covered by a magic array?"

"That's right."

Shui Bingyan nodded and said: "It's the demon formation arranged by the masters of Dragon Palace. I didn't expect that Dragon Palace is actually connected with the demons living in this sea area."

Ye Feng nodded slightly and said: "This is normal. The Dragon Palace is originally a dominant race in the endless ocean. It is a great demon clan. It is not surprising that it has interests in the demon clan in the sea. Many of our human clan's demonic forces are actually secretly It also has an inexplicable connection with the demons outside the territory."

Uh-huh!

At this time, Ye Feng said and rushed towards the island.

Shui Bingyan quickly shouted from behind: "Ye Feng, be careful."

"Don't worry, my current cultivation level is enough to deal with these monsters in the sea. Bingyan, you stay vigilant around. If there is any movement, send a signal immediately. I will go to the island to break the formation and rescue Senior Sister Yunyin."

Ye Feng said, but he was not worried yet because Shui Bingyan's cultivation level was too low now.

In fact, Shui Bingyan has just entered Poseidon Academy for more than half a year, and now she is about to enter the first level of the Divine Aperture Realm, which is already very good. For a newcomer, it is already very fast.

However, Ye Feng wandered in the land of Northern Xinjiang during this period and experienced a lot of hardships. Therefore, after he was promoted to the Cave Heaven Realm, he had the illusion that Shui Bingyan's cultivation was progressing very slowly.

"Shang, you control the abyss troll, lurking in the depths of the ocean. If something happens, such as a strong man from the Dragon Palace lurking around here, you kill it immediately without any nonsense."

Ye Feng will make the abyss huge

The demon's body, as well as the Titan's giant shield, were all placed into the ocean.

"Haha, don't worry, Ye Feng. The power of my soul is now comparable to the strong men in the first holy realm. With the immortal body of the abyss troll, I can kill even a strong man in the second holy realm. Down."

Shang laughed loudly at this time, flew out from the sea of consciousness between Ye Feng's eyebrows, rushed into the mind of the abyss troll, and instantly controlled the abyss troll.

"Buzz!"

The huge and towering body of the Abyss Troll lurked directly to the depths of the ocean floor, disappearing into the deep sea.

Shui Bingyan in the distance was startled by the sudden appearance of the abyss troll, this behemoth.

She thought some kind of ocean demon was born, but she didn't expect it to be one of Ye Feng's subordinates.

"Ye Feng, where have you been for the past six months, and you actually subdued an ancient troll?"

Shui Bingyan's eyes were full of disbelief. This once aloof Princess of the Water Tribe found herself increasingly unable to see through Ye Feng, who entered Poseidon Academy with her.

Boom!

Boom!

At this time, Ye Feng had already arrived in front of the island.

He was floating high in the sky and could see clearly that a huge dark tornado, like a huge black hole in the abyss, shrouded the entire island and even cut off the spiritual energy outside.

There were tall demons, who were of unknown bloodline among the demons from outside the territory. They were wearing tattered armor and holding a kind of trident-shaped warrior halberd in their hands. There were three pitch-black horns on their heads, and they were flashing from behind. Flying bloody wings.

"It's like a combination of blood demons and demons. Maybe the blood of these demons from outside the territory has been integrated with many sea monsters in the sea over the long years and assimilated."

Ye Feng thought secretly in his heart, and shouted directly at the island shrouded in the dark tornado: "Senior Sister Yunyin! Are you in there?"

Ye Feng was not afraid of these demons at all, because he did not feel any terrifyingly powerful energy.

The monsters living on this island should not be particularly powerful monsters.

So Ye Feng shouted loudly at this time, hoping to get Murong Yunyin's response.

At this moment, inside the island, under the dust of the sky, a beautiful woman in white clothes was meditating. There were more than a dozen long swords floating in the void around her, protecting her from all directions.

At this time, several demon kings from the seventh and eighth heavens of the Cave Heaven Realm were fiercely attacking him.

There were a total of three demon princes, all holding strange trident-like demon weapons in their hands. Every time they were struck, there was endless pressure to suppress them.

"Qiang Qiang Qiang..."

At this time, although Murong Yunyin used sword control skills and controlled more than a dozen war swords to defend himself, at this time, cracks had begun to appear on the body of each sword, and it was obvious that it was about to be unable to hold up.

Moreover, Murong Yunyin's power was consumed a lot by the magic array on the island. She is a sword cultivator, and what she practices is an extreme edge and a burst of power, so her defense is very low and her strength is not long-lasting. .

"hateful..."

Murong Yunyin's beautiful, cold and exquisite jade face was already very pale at this time.

She had persisted in the magic formation on this island for a whole day and night, but the power in her body was finally exhausted at this moment.

"Senior Sister Yunyin!"

But suddenly at this moment, a young voice sounded that shocked Murong Yunyin's beautiful eyes.

"This voice...is Junior Brother Ye Fengye! He is indeed not dead!"

Murong Yunyin thought about half a year ago, when she and Ye Feng were ambushed by the Evil Sword Master. Ye Feng covered her seriously injured in a dead leaf and escaped the Evil Sword Master's pursuit, while Ye Feng chose to lure away the Evil Sword Master. Young Master Jian finally disappeared into the depths of the wilderness together with Young Master Evil Sword, and did not appear again for half a year.

Countless people thought that Ye Feng was dead, but Murong Yunyin didn't believe that Ye Feng died like this.

Moreover, at this time Murong Yunyin also learned from his master Wan Jian that Ye Feng was the only emperor-level genius in the last Hundred Dynasties War!

It's just that in order to protect Ye Feng's safety, the upper echelons of the college did not announce the identity of Ye Feng's true emperor-level talent.

Murong Yunyin never thought that the young man named Ye Feng whom he met when he went to the underground world would actually have such an evil talent.

Therefore, Murong Yunyin has been feeling very guilty in the past six months. She feels that she has let down the academy and caused the academy to lose an emperor-level talent.

At the same time, she also failed Ye Feng. As a saint, she was powerless to let a young disciple lure away a master of magic like Mr. Evil Sword.

But at this moment, when she heard the familiar voice, Murong Yunyin's beautiful eyes suddenly shone brightly. She stood up suddenly, and a shocking sword intent surged from her body, which turned into a voice: "Junior brother Ye! I'm here Here! Don't come in, it's too dangerous, there are three demon kings at the top of the Cave Heaven Realm!"

Wow!

But the next moment, a young man wearing black mysterious clothes had already stepped in, broke through the formation, and entered the inner space of the island.

"Junior Brother Ye! It's really you!"

Seeing Ye Feng's familiar face, Murong Yunyin was immediately overjoyed.

Ye Feng is not dead!

It's so good!

If Ye Feng really died in the depths of the wilderness, Murong Yunyin felt that she would feel guilty for the rest of her life.

But now that she saw Ye Feng coming to her side with extraordinary momentum, she immediately felt very happy and a little touched.

There are such monsters on this island, but Ye Feng still came without hesitation.

"Ye Feng, you should go to Poseidon College to bring in reinforcements!" Murong Yunyin said anxiously as she watched Ye Feng walking into the inner space of the magic array from high above.

After all, their opponents were three powerful kings of the demon clan from the seventh and eighth levels of the Cave Heaven Realm.

Even the top saints of Poseidon Academy would find it difficult to deal with these three demon kings.

"Jie Jie Jie, here comes another human boy who is not afraid of death. Is this the hero saving the beauty mentioned in many stories of the human race? It's a pity that this boy's cultivation is too weak! He is only at the first level of the Cave Heaven Realm."

The three demon kings immediately laughed sarcastically.

But Murong Yunyin's beautiful eyes were suddenly startled, and she said: "What? Junior Brother Ye, have you entered the Cave Heaven Realm now?"

But before Murong Yunyin could finish speaking, a demon king directly held a demon trident in his hand, full of demonic energy, his eyes were red, and he rushed towards Ye Feng with bloodthirsty killing intent.

"Let's deal with your kid first! How dare a thing as big as an ant come to the rescue alone? I'm saying you are naive, or there is something wrong with your brain."

The demon king smiled ferociously, and instantly stabbed Ye Feng with the trident in his hand.

"The Great Freeze Holy Fist!"

But at this time, Ye Feng suddenly punched out, and a river of extremely cold air rushed out of his fist, freezing the entire void in an instant.

"Kacha kacha kacha..."

The demon king who was still laughing ferociously just now was frozen in the sky in an instant and turned into a crystal ice sculpture.

"What?!"

This scene immediately shocked the remaining two demon kings.

"Why are you so strong!"

Murong Yunyin, the saintly senior sister, was so shocked that her beautiful eyes were dull and she was speechless for a moment.

Chapter 605: The Battle of the General Trend

Ye Feng's casual punch caused the whole place, which was already boiling, to become silent. It was so quiet that you could hear a pin drop on the ground.

Perhaps in Ye Feng's eyes, his punch was just a simple blow of the Frozen Martial Arts Fist.

But in the eyes of Murong Yunyin and the remaining two demon kings, he was extremely powerful.

A demon king from the eighth level of the Cave Heaven Realm, this is an extremely terrifying deep-sea demon.

But now, he was frozen by a casual punch from this young-looking human boy?

What kind of monster's fighting power is this?

"Is this really a kid who has just stepped into the first level of the Cave Heaven Realm?"

The eyes of the remaining two demon kings had deep incredulity.

"It seems that another troublesome person has arrived. Let's go together and kill this kid first!"

The remaining two demon kings roared loudly, and the violent demonic energy in their bodies suddenly exploded.

"Devil's Blade!"

"Thirteen Days Demonic Dragon Hand!"

The two demon princes took action one after another. One prince grabbed it with his big hand, and suddenly a dark claw appeared in the sky. There was red lightning between the claws, which could crush everything.

On the other hand, the blood and flesh on the back of the other prince's spine squirmed, and a black magic sword made of demon bone flew out from the spine. Suddenly, a terrifying black sword light struck from the sky, with the potential to tear the sky.

"You two are no match for me."

Ye Feng didn't panic at this time and directly released his super large cave.

boom!

The cave is so huge, dozens of times the size of an ordinary cave. At this time, it is like a small dark world, directly covering the attacks of the two demon kings.

Two attacks that were terrifying enough to kill a creature at the peak of the Cave Heaven Realm were suddenly wiped out by Ye Feng's super-large Cave Heaven.

The super-large dark cave sky was like a giant beast in the starry sky. It opened its big mouth and swallowed up all the attacks.

"What?"

"What kind of cave is this? How can it have such a powerful ability!"

The eyes of the two demon princes suddenly showed extremely horrified expressions.

"Now there is only one way, and that is for the two of us to work together to activate the magic dragon clan's unique skills, the first-level holy realm martial arts, the magic dragon's sky-ripping claws!"

The two demon princes looked at each other and immediately clasped their hands together, and then together they activated a very powerful martial art that seemed to belong to the dragon clan.

Murong Yunyin's beautiful eyes changed at this moment, and she quickly shouted to Ye Feng:  
"Junior brother Ye, this is a forbidden martial arts from the overlord race Hailong clan. It is a holy

martial arts. I didn't expect the Hailong clan to be so rebellious. He actually taught his clan's inherited martial arts to these demons. The demons have profound innate skills. Their use of dragon martial arts must be extremely destructive. Junior Brother Ye, please get out of the way."

"Senior Sister Yunyin, don't worry. As long as someone from the Holy Realm doesn't come, I'm confident that I can defeat them."

Ye Feng laughed loudly at this time, his tone full of strong confidence.

He looked at the two demon kings, smiled indifferently, and said: "Dragon martial arts? It just so happened that I also learned a set of dragon martial arts from the elite team of the Dragon God Association some time ago. You demons have innate understanding. No, using dragon martial arts in front of me is simply the stupidest choice!"

The two demon kings laughed ferociously and said: "Human boy, don't be too proud. Our attack is enough to seriously injure a being who has just stepped into the holy realm, and it only takes a moment to kill you!"

"Dragon

Sky tearing claw! "

The two demon princes roared loudly and struck out a palm at the same time.

boom!

The vitality in the void boiled, and a ferocious dragon claw that covered the sky with darkness suddenly appeared. It was like an evil dragon's claw extending from the Nine Netherworld, with endless coldness and murderous intent.

"How dare you try your best to do anything in front of me! Look at me! The mighty Tianlong hand!"

Ye Feng roared loudly at this moment, and his whole body was covered with golden light.

At this moment, he also activated the Ten Emperors Body Forging Technique at the same time, and suddenly the phantoms of the ten Human Emperors appeared around him, exuding the supreme majesty of the ancient Human Emperors.

And the martial arts that Ye Feng bombarded at this moment was the third-grade holy dragon martial arts that he had collected from the captain of the elite team of the Dragon God Society, the mighty Tianlong Hand!

"The mighty Tianlong!"

"Dragon spell!"

"Kill all the bullshit princes, demons, demons and monsters! Kill! Kill them all!"

Ye Feng roared loudly, like a mad god. At this moment, the light of the Human Emperor enveloped his whole body, and he used all his strength to activate the mighty Tianlong Hand, as if a real ancient dragon emperor had arrived.

A golden mighty dragon appeared and turned into a golden dragon scale arm as thick as a mountain. It can lift mountains, fill seas, capture stars, and break rivers!

"Boom!!"

The terrifying roar resounded throughout the vast sea in an instant.

Powerful energy fluctuations, countless divine lights, fighting energy, demonic waves, and roars were all mixed together and spread throughout the entire island.

"Crack, click, click!"

At this time, what shocked Murong Yunyin who was standing below was that the magic array and dark tornado surrounding the entire island were blown to pieces by the aftermath of the battle between Ye Feng and the two demon kings.

What kind of terrifying energy aftermath is needed to be able to do this?

But what shocked Murong Yunyin the most was Ye Feng's current cultivation and combat power.

It's so surprising!

This is just over half a year.

"Unexpectedly, the little follower behind me in the land of underground demons has grown to be comparable to me, or even about to surpass me."

At this moment, Murong Yunyin's beautiful eyes flashed with a sigh of relief.

Nowadays, her cultivation level is only comparable to the sixth level of the Cave Heaven Realm, and her combat power is at most comparable to that of a normal demon king.

But although Ye Feng is now at the first level of the Cave Heaven Realm, he is able to crush three demon kings.

This is the horror of combat power!

"impossible!"

Suddenly at this moment, a loud roar suddenly sounded from the center of the battlefield high in the sky.

In the dust, a demon king quickly retreated out.

One of his arms had exploded, and his companion, now only a head with a frightened and angry expression, fell from the sky to the ground.

Ye Feng walked out of the dust. A huge blood hole was opened in his chest and blood was flowing. It was obvious that both sides were seriously injured in the battle just now.

But if it were an ordinary Cave Heaven Realm warrior whose chest was shattered with a bloody hole as big as the mouth of a bowl, he would definitely be dead.

Even Murong Yunyin was startled when she saw this scene, with a look of deep worry in her eyes.

But at this moment,

The demon king was staring at Ye Feng's chest with a horrified expression on his face.

Because just now, the blood hole penetrated by them on Ye Feng's chest was almost as big as half the body, but he saw with his own eyes that the broken bones and flesh and blood on Ye Feng's chest were being rapidly reorganized. A stream of misty blood spread over Ye Feng's wounds, repairing them quickly.

"Flesh and blood reorganization!"

This last demon king was completely shocked by Ye Feng's methods and trump cards and was speechless. He yelled in horror: "Flesh and blood reorganization! This is an ability that only the unparalleled beings in the fourth holy realm have." ! You are just entering the cave world, how can you have this ability?"

When Ye Feng heard this, he just smiled coldly and did not answer the question of the demon king.

The life energy of the Immortal Tree, coupled with the innate magical power of the Blood Demon Sea, gave Ye Feng the ability to reorganize flesh and blood almost in advance.

As long as you don't have extremely powerful power to wipe it out all at once, you won't die. You will slowly recover and regrow your bones and flesh. This is a very magical ability.

"Die!"

Ye Feng's eyes showed a trace of ferocity, and with a direct impact, he instantly flashed in front of the last demon king. With his five fingers spread out, his roots were like iron bars, and he penetrated the demon king with a "puff" and "puff". in the head.

"ah!!"

Although the Demon Lord was a Demon, he was filled with endless fear at this time. He screamed and screamed in pain, but to no avail.

"boom!"

Ye Feng rotated the Devouring Domain, and the five fingers inserted into his head directly sucked away all the skills of this demon king.

"boom!"

The next moment, Ye Feng's momentum suddenly exploded.

He actually broke through the first level of heaven at this moment and stepped into the second level of Cave Heaven Realm!

Ye Feng flew downwards and came to Murong Yunyin.

Looking at this beautiful and lonely senior sister in front of me, her eyes were filled with deep shock.

Ye Feng couldn't help but smile and said: "Senior Sister Yunyin, do you still remember me as your junior brother?"

Murong Yunyin nodded slightly, shook his head with a wry smile and said: "Junior brother Ye, senior sister, how could I have such a bad memory? I never thought that the young junior brother back then would have grown to this point now. You must have suffered a lot in the past six months, right? , where have you gone? Is Mr. Evil Sword dead?"

Ye Feng nodded and said with some regret: "I used the power of the Heavenly Tribulation to destroy Mr. Evil Sword, but I myself was seriously injured and walked to the other end of the wilderness in a daze, wandering in the northern Xinjiang. The earth..."

At this time, Ye Feng talked about his general experience. Although he did not tell all the details, it made Murong Yunyin's beautiful face full of surprise.

"You have met a peerless talent from the underworld, named Xiao He?"

Finally, Murong Yunyin asked in surprise.

"Yes, what's wrong?"

Ye Feng asked with doubtful eyes.

"fine."

Murong Yunyin shook his head and said: "It's just that the Underworld is a very special hidden force. Our college has regulations and we cannot have contact with dark killer organizations like the Underworld. Once this news gets out, maybe Dragon Palace and other people have some influence on you." Hostile enemies will use this matter to deal with you, oppress you and punish you with righteousness."

"Sanction me?"

"

There was a coldness in Ye Feng's eyes, and he sneered: "This time I returned to Poseidon Academy to directly certify the saints. Now my master Bai Yuchen has dispelled the eternal poison in his body, and his strength has returned to its peak. I am here I am not afraid of anyone at Poseidon Academy, not even the dean, no one can punish me!"

Now that Ye Feng's cultivation has become stronger, he has witnessed countless storms in the land of Northern Xinjiang, and personally joined forces with the King of Immortality to kill the Lord of the Blood Demon. He is slowly approaching the most powerful person of the Quasi-Sage level. There is no more awe.

His mentality has also undergone tremendous changes in the past six months. He has become more confident, his martial arts will is as solid as iron, and he is the only one who dominates.

Ye Feng looked at Murong Yunyin and said seriously: "Senior Sister Yunyin, to be honest, this time I return to Poseidon Academy, I no longer intend to hide my edge. Now I have Master behind me, and there are people like you like Senior Sister Yunyin. Friends of the powerful saints, I still have countless geniuses from the Wind God Alliance in the Hundred Dynasties War. As long as I speak out, many people will follow me and respond. What Dragon Palace did this time really makes me angry. There is Master's number one enemy, the Holy Ancestor Dynasty, an ambitious unified top dynasty, so I have to fight against these. I can't rely on my own strength. This time I returned to the academy, became a saint, and applied for a mountain of my own. , I will start to form my own force, and I want everyone to know that children from poor families are not just at their mercy!"

Murong Yunyin's eyes flickered as she listened to Ye Feng's talk in front of her.

Although Ye Feng's words seemed a little too arrogant, Murong Yunyin knew that Ye Feng was now qualified to say these things.

Murong Yunyin nodded slightly and said: "The people of Dragon Palace are indeed bullying others too much, and I also know a little bit about some of the grievances between your master, Senior Bai, and the emperor and queen of the Holy Ancestor Dynasty. Junior Brother Ye, you rescue me, don't you?" Is it just to get me on your pirate ship?"

Murong Yunyin was speaking at this time, with a hint of teasing smile on her beautiful face.

It was the first time that Ye Feng saw such a cold-blooded senior sister Murong Yunyin joking with him. He couldn't help but smile bitterly and said: "Senior Sister Yunyin, you are joking. I am here to save senior sister. Of course, senior sister has been kind to me." , How can I have other purposes? If senior sister doesn't want to, I won't force senior sister to form an alliance with me."

Murong Yunyin shook his head and said: "I'm just kidding. In fact, I have also been thinking about it during this time. If I can form an alliance with many powerful geniuses, maybe I can really stir up trouble in the entire Southern Territory. It can be regarded as an alternative. Practice, and this time the Dragon Palace master dared to plan to get rid of me in the chaotic ancient sea area. I was also filled with anger. It was too much. I am a saint of Poseidon Academy, and my master is the Six Great Sacred Temples of Ten Thousand Swords Palace. The master of the palace, Old Man Wan Jian, I am not a vegetarian either."

Ye Feng nodded and said: "Senior sister is right. Forming a force to fight against the overlord is actually an alternative kind of practice, and it is also a kind of struggle for the general situation. We can't let others bully us all the time, and we have to bully them back."

When Murong Yunyin heard what Ye Feng said, she couldn't help but smile and said, "You are indeed a restless element. No wonder you caused so many troubles in the six months you were in Northern Xinjiang."

boom! !

Suddenly at this moment, a huge roar suddenly came from a distant sea area.

A calm sea surface suddenly became turbulent, and a majestic troll hand suddenly stretched out from the bottom of the sea, causing endless waves.

"boom!"

The giant black hand suddenly reached into the air and grabbed a huge sea dragon covered in blue scales from a cloud.

Chapter 606 Use

"Roar!!"

The blue sea dragon that the abyss troll suddenly reached out from under the water and grabbed was a master of the Dragon Palace and a real dragon creature.

He roared angrily and let out a thunderous dragon roar, but it was of no avail. The giant palm filled with overwhelming power squeezed his entire dragon body tightly, making it impossible for him to move at all.

"Hahaha, a dragon from the Cave Heaven Realm dares to spy here. He really doesn't know how high the sky is. He must be caught by me now!"

Shang's laughter echoed in this sea area.

"Crash!"

As countless sea waves surged, a giant monster with a majestic mountain stood up from the bottom of the sea, like an ancient god, standing under the blue sky, able to support the sky and sit in the eight wastelands.

"An ancient troll? He casually captured a Dzogchen master of the Tenth Level of the Cave Heaven Realm of the Dragon Palace. This definitely has the strength of the Holy Realm!"

After all, Murong Yunyin is a powerful saint of Poseidon Academy. She has extraordinary vision. She exclaimed in a moment: "Junior brother Ye, I didn't expect that you have such a powerful helper and can actually control an abyss troll."

Obviously Murong Yunyin knew that there must be a powerful soul-state entity controlling the abyss troll's mind.

At Murong Yunyin's level, she could tell a lot of secrets in the world at a glance.

Ye Feng smiled, did not deny it, and said openly: "This is an old friend of mine. I met him when I was very low in cultivation. He helped me grow, and I can also help him regain his original self." His cultivation power is called Shang, and he is my best brother, or he can be said to be both a teacher and a friend."

Murong Yunyin nodded, with a hint of envy in his beautiful eyes, and said: "I envy you, Junior Brother Ye, for all your opportunities, and I also understand now why you have the guts to say that you want to cooperate with Dragon Palace and the Holy Ancestor Dynasty. Confrontation, and even our Poseidon Academy's Dean Wuji doesn't take it seriously, your methods and trump cards are really amazing."

At this moment, water

Bingyan also flew from not far away. When she saw that Ye Feng actually rescued Murong Yunyin, she immediately looked overjoyed.

Shui Bingyan looked at the towering Abyss Troll standing in the ocean in front of her, and couldn't help but be surprised: "Ye Feng, after you returned this time, I was originally worried that many big forces and hidden strong men would be unfavorable to you. But now that I see your endless trump cards and your own strong strength, I don't have to worry so much."

Ye Feng shook his head slightly and said: "Although my trump card is still good now, whether it is the Dragon Palace, the Holy Ancestor Dynasty, or other enemies who want to deal with me secretly, they are not simple. They have been passed down for countless years, and their background must be extremely deep, and the power relations are all over the world. All the means I have now, combined, can only deal with the strong ones in the second holy realm. Those above the third holy realm can still defeat me, but only the quasi-sage. Only the most powerful person of this level has the ability to completely kill me. No one under the Quasi-Saint can kill me."

The strong and confident manner in which Ye Feng spoke at this time made the two women beside him secretly twitch their beautiful eyes, a little surprised.

Obviously they understood from Ye Feng's words that Ye Feng had other tricks that were not revealed.

At this time, Murong Yunyin suddenly remembered that when Ye Feng fought with the two demon kings on the island, a bloody hole was opened in his chest, but his flesh and blood slowly reorganized and recovered.

This ability is really miraculous. After all, Ye Feng has just entered the cave world for the first time.

"This Junior Brother Ye seems to have many secrets hidden in him."

Murong Yunyin muttered secretly in his heart.

"Let me go! Do you know who I am?"

At this time, the blue sea dragon caught in the giant hand of the troll actually uttered human words and shouted angrily at the people below: "I

I'm from the Dragon Palace. You dare to treat me like this. It's totally treasonous! You are students of Poseidon Academy, right? Poseidon Academy can stand in the Southern Territory and become a holy land of martial arts. We, Dragon Palace, have given us great support! "

At this time, the blue sea dragon turned into a young man wearing blue clothes. He looked down at Ye Feng and the three people with aloof eyes and said: "To tell you the truth, our Dragon Palace is one of the behind-the-scenes controllers of Poseidon Academy. First, even your most powerful and

noble Dean Wuji must treat people from our Dragon Palace seriously and respectfully, and don't dare to make mistakes. If you students dare to sneak attack on me, it is simply treason!"

Snapped!

But at this time, Ye Feng suddenly slapped the young man in blue directly on the face.

"ah!"

Ye Feng's body was so powerful. Even though the young man in blue had the body of a sea dragon, his handsome face instantly swelled into a pig's head, and several of his teeth were broken and fell to the bottom. in the ocean.

He let out a shrill and shameful roar: "Little brat, what are you doing?" .??.

"Hit you, what are you doing!"

Ye Feng smiled coldly and said: "We are being treasonous when we deal with you? You are just a waste in the Dragon Palace. Who do you really think you are?"

"you.....!"

When the young man in blue heard this, his face turned livid with anger.

He is a master of the Great Perfection of the Tenth Level of the Cave Heaven Realm. Even in the Dragon Palace, he can be regarded as a person of considerable status.

But he didn't expect to be called a waste by Ye Feng now. He said angrily: "You..."

"What are you!"

Ye Feng directly interrupted him and said in a cold voice: "How dare you secretly set up a plot to murder my Senior Sister Yunyin. Senior Sister Yunyin is a saint of our Poseidon Academy, and is

the core heir of your Dragon Palace. Beings of the same level, how dare you murder a top talent like her?

What you did is truly treasonous! "

"you.....!"

The young man in blue from Dragon Palace had his eyes burning and wanted to curse.

But he didn't know what to say, because what Ye Feng just said was completely right and he couldn't refute it.

And precisely because of Murong Yunyin's noble status, he could not be killed openly.

That's why the man in blue from the Dragon Palace led Murong Yunyin to an island in the deep sea area, and united with the monsters living on the island to ambush him.

This time the ambush was almost successful, but unexpectedly, the monster Ye Feng came back and ruined all the plans.

"There is no use keeping this kind of person, I will kill him with one sword."

Murong Yunyin suddenly pulled out a long ice sword on his back and wanted to kill this Dragon Palace man with one strike.

"Senior sister, wait a minute, maybe this Dragon Palace man is of great use to us."

Ye Feng suddenly spoke up.

"Boy, what do you mean? I'm warning you, don't play tricks on me!"

Seeing the strange smile suddenly appear on Ye Feng's face, the man in blue from Dragon Palace immediately felt his heart sink.

Ye Feng did not respond. He just looked at the troll and said loudly: "Shang, you seriously injured this Dragon Palace man and left him mentally exhausted. I want to hypnotize him and make him tell the story of who sent him here. The people behind the scenes and the Dragon God Society have been hunting for me in the black market. Originally, I wanted to escape, but now I may be able to use this man from the Dragon Palace to give a severe blow to the Dragon God Society in the black market! If you leave again, you must teach the Dragon God Society an impressive lesson, hehe."

His current soul power is not yet able to hypnotize a master of the tenth level of the Cave Heaven Realm in full power, but it can seriously injure this master and put his mental state at the lowest level, thus giving him a chance to completely hypnotize him. , for your own use.

Chapter 607: Cooperate with me

"Hypnosis?"

At this moment, Shui Bingyan and Murong Yunyin, the two women around them, heard the "hypnosis" mentioned by Ye Feng, and their beautiful eyes suddenly showed surprise.

Murong Yunyin's eyes trembled and she said: "Junior Brother Ye, you said you... can hypnotize others?"

Ye Feng smiled and said: "That's right, I won't hide it in front of you two. I have shown my cards. I am not only a warrior, but I also cultivate souls and am a soul master."

"hiss!"

After hearing what Ye Feng said at this time, Shui Bingyan and Murong Yunyin couldn't help but take a breath of air.

Originally, they thought that Ye Feng had revealed enough trump cards, and they were already showing up endlessly.

But I never expected that Ye Feng was also a mysterious and rare soul master in legend.

This made both women wonder, what other shocking methods does Ye Feng have in his hands?

"What? Are you going to hypnotize me? Let me be your lackey to destroy the Dragon God Club arranged by our Dragon Palace on the black market?"

At this time, Ye Feng told the next conspiracy directly in front of him. The man in blue from Dragon Palace, who was held and imprisoned by the troll's palm, immediately turned extremely ugly.

He yelled: "You can't do this! You can't!!"

Click!

But before his roar could end, Shang took control of the abyss troll and squeezed it with his palm.

"ah!"

The man in blue from Dragon Palace suddenly howled miserably. His entire body was almost crushed to pieces, and blood flowed from his eyes, nose, mouth, ears, and other orifices.

Obviously at this moment, the man in blue from Dragon Palace suffered a heavy blow.

Although he is from the sea dragon clan, his body is very powerful.

But no matter how strong it is, it can't resist the brute force of the abyss troll.

"ah!"

The man in blue from Dragon Palace roared in pain. At this time, his body was severely injured, and his spirit was also exhausted, becoming weak and gray.

"It's now!"

Ye Feng suddenly stretched out his fingers like lightning and directly touched the eyebrows of the man in blue from Dragon Palace. He began to use his soul power through his fingers to attack the spirit of the man in blue from Dragon Palace with all his strength. Take possession!

"no, do not want!!"

The man in blue from Dragon Palace roared in terror. He could feel that his spiritual soul seemed to be being invaded and occupied by a powerful will.

He wanted to resist, but the serious injuries on his body had already made him unstable and mentally weak. In an instant, he was completely overwhelmed by Ye Feng's huge soul power. \u003c

br\u003e

Almost at the next moment, the struggling man in blue from Dragon Palace suddenly became quiet.

His eyes became dull and his face looked stiff.

"Hypnosis was successful?"

Murong Yunyin and Shui Bingyan beside them both had beautiful eyes with horror.

This was the first time they had seen the soul master's most basic and terrifying method, hypnosis.

Being able to completely control a person and become one's own puppet, and still have independent ideology, is like assimilating and becoming one's own believer. It is many times better than controlling those mechanical puppets cast with divine iron.

The soul master's hypnosis involves the most profound level, the soul level.

And those methods of controlling mechanical puppets are in the field of weapon refining, and the two are completely different.

At this time, Ye Feng looked at the man in blue from Dragon Palace, who looked a little dull in front of him, and said, "I will ask you questions next."

The man in blue from Dragon Palace nodded and said, "Yes, my master."

Murong Yunyin and Shui Bingyan saw that this master of the dragon race, who was at the tenth level of the Cave Heaven Realm, was controlled by Ye Feng in his mind and spirit. This was countless times more terrifying than controlling a person's body.

At this time, Ye Feng asked the first question: "You are planning to kill Murong Yunyin here. Who is the person behind it?"

The man in blue from the Dragon Palace said, "It's the young dragon master of our Dragon Palace, Ji Changkong."

"I knew it was him!"

Murong Yunyin was so filled with hatred that she couldn't help but ask: "Why did he plan to kill me? Is it because I have experienced in the underground demon world with Junior Brother Ye Feng?"

"Yes."

The man in blue from Dragon Palace nodded and answered mechanically: "Our Young Dragon Lord from Dragon Palace hates Ye Feng very much, so he wants to take revenge on Ye Feng. He wants to take advantage of Ye Feng before he returns to Poseidon Academy and kill everyone around Ye Feng who is related to him. All the people related to him were killed. After Ye Feng came back, he found himself alone and helpless, and felt desperate. Young Dragon Master liked to see this scene. This time, Murong Yunyin, you took over the task to come to Luangu Sea Territory. You are searching for the wonder medicine of heaven and earth on this island. In fact, it is completely false news. It was false information given to you by our young dragon master who bribed an elder in your Poseidon Academy's mission hall to issue missions."

"boom!"

Murong Yunyin's face was livid with anger. He drew his sword suddenly and split the small island in the distance into two halves. The waves rolled and the huge water hit the sky. The scene was...

It was very terrifying and represented Murong Yunyin's anger at this time.

Ye Feng's voice was a little low, and he said: "I didn't expect that Ji Changkong's energy was so great that he could bribe even an elder-level figure in a martial arts holy place like Poseidon

Academy. It seems that the rumor that Dragon Palace is one of the people behind Poseidon Academy is not true. It comes out of nowhere.”

At this time, Ye Feng thought for a while and continued to ask: "Who is the person wanted by the Dragon God Society in the black market to pursue me?"

"It's the captain of the law enforcement team of the Dragon God Society, Lu Tian. He is a martial arts saint at the level of the first holy realm. He is very powerful."

"Is he still on the black market?"

"He is one of the leaders of the Dragon God Guild. He is naturally in the black market. Even if he is wanted to hunt you down, Ye Feng, he will not leave the headquarters of the Dragon God Guild easily."

"I see."

Ye Feng turned around and looked at the two women beside him. He suddenly smiled and said, "Are you interested in hunting down a martial arts saint in the first holy realm with me? The reward is generous." ??

Murong Yunyin and Shui Bingyan were both startled, and couldn't help but say: "Ye Feng, are you trying to hunt down Lu Tian, one of the leaders of the Dragon God Society?"

Even Murong Yunyin, a powerful saint of Poseidon Academy, looked solemn and solemn at this time, saying: "Junior Brother Ye, the beings who have stepped into the Holy Realm are completely different from the warriors of the Cave Heaven Realm. Saints of the Holy Realm, even if they are the first The existence of a holy realm is also a new level of life. It is an otherworldly existence with incredible power and means. With Ye Feng, your trump card and means, it may be easy to defeat Lu Tian, but if you want to completely hunt down Killing, that's too difficult. Why is the Holy Realm so fearful to all the major forces, even the overlords? It's not easy to offend them. It's because the Holy Realm warriors are very difficult to kill. Even if it's a quasi-holy and extremely powerful person, it's very difficult to kill them. It is difficult to completely eradicate them. Once such a person escapes, his crazy revenge on the lower-level disciples of the big force will be very troublesome for the overlord force. "

Ye Feng heard Murong Yunyin's worry and smiled and said: "Although the Holy Realm is difficult to kill, as long as we can seriously injure it in an instant, we can easily kill it completely."

Ye Feng looked at the man in blue from the Dragon Palace in front of him, with a conspiratorial smile on his face, and said: "Xiao He and I once hunted down a Holy Realm Barbarian King from the Wilderness Barbarians. This time, I can do it again." Use that method to use the Dragon Palace man controlled by my hypnosis to lure Lu Tian out alone. We will hide in the deep sea and wait for Lu Tian to arrive and carry out a sure-kill sneak attack. So I need the help of the two of you and your cooperation. I."

Seeing that the two women were still worried and fearful, Ye Feng suddenly said: "Lu Tian is the captain of the law enforcement team of the Dragon God Society and one of the people in charge.

His wealth is absolutely as rich as any other country's. If you cooperate with me and kill him, I will share half of Lu Tian's wealth with you. "

"Really?"

Murong Yunyin's eyes suddenly lit up, and her heart suddenly moved.

Shui Bingyan fully supported Ye Feng and said: "But I feel that my cultivation level is too low and I can't help him in any way."

"You make the biggest difference."

Ye Feng suddenly smiled and said: "Lu Tian is a martial arts saint who has reached the first holy realm. His perception is absolutely powerful, so I need to hide all my ambush perfectly. Bingyan, you are the princess of the water tribe. The one-yuan heavy water can be integrated with the ocean, just like heaven and man are one. Your technique to control the one-yuan heavy water can perfectly hide me and my abyss troll in the depths of the ocean. Even if Lu Tian is a martial arts saint, he will definitely Can't detect our breath."

Murong Yunyin asked: "Then what should I do?"

Ye Feng smiled slightly, holding the pearl of wisdom in his hand, and said: "I will ask the man in blue from Dragon Palace to inform Lu Tian that you are trapped on the island in the deep sea area, but you have been insisting and cannot be wiped out in a short time. In order not to delay Young Dragon Master Ji Changkong's plan, Lu Tian will definitely choose to help the man in blue from Dragon Palace and come to this deep sea area to kill you, Senior Sister Yunyin. Senior Sister

Yunyin, you will pretend to be seriously injured and will not be able to support you anymore. If you look like that, then Lu Tian will definitely let down his guard. When he gets close to you, I will hypnotize the man in blue from Dragon Palace to instantly turn against Lu Tian and take action against Lu Tian. Senior Sister Yunyin, you will also take action instantly, one after the other, for sure. It can cause huge damage to Lu Tianzhen. When Shang and I rush out from the deep sea and launch a second wave of attacks, we will definitely kill Lu Tianzhen! Even if he is a martial arts saint, he will definitely not be able to escape! "

When Murong Yunyin and Shui Bingyan heard Ye Feng's plan, they couldn't help but be amazed.

"Okay, let's act quickly, otherwise things will change if we wait too long!"

Murong Yunyin immediately slapped her body hard.

"puff!"

She immediately spat out a mouthful of blood and said, "You must do some damage to yourself, otherwise you won't be able to deceive the eyes of a martial arts saint."

"Thank you, Senior Sister Yunyin, for being so dedicated."

Ye Feng couldn't help but clasped his fists. He pulled out a pure cyan long sword from the scabbard on his back, handed it to Murong Yunyin, and said: "Senior sister, this sword is called the Star-Gathering Demon-Slaying Sword. It is an ancient sword that is comparable to the level of a real holy weapon. You are in the realm of Sword Master, and you are practicing the Ten Thousand Swords Palace and inheriting the Ten Thousand Swords Heart Sutra. That Lu Tian is a sea dragon clan and a great demon. You are holding this Star Gathering Sword. The demon-slaying sword's power explodes at critical moments, and it will definitely cause huge damage to Lu Tian."

Chapter 608 The fish takes the bait

After Ye Feng finished speaking, he asked Shui Bingyan to start preparations. He used one yuan of heavy water around the island to blend the ocean atmosphere and the abyss troll controlled by Shang as much as possible to avoid the powerful perception of the martial arts saint. .

Because in this ambush, the most important combat force was the abyss troll controlled by Shang.

If you want to kill a martial arts saint, you must be fast, so fast that you can kill the martial arts saint in an instant, otherwise your side will definitely lose if it continues.

Therefore, Ye Feng had to prepare everything for this ambush.

Next, Ye Feng first asked the man in blue from Dragon Palace to return to the black market area in the center of the Luangu Sea to notify Lu Tian.

Then he took Murong Yunyin to find a small island in the nearby deep sea area.

In this island, Ye Feng's soul power spread out and he easily found a leader of the ocean monsters living on it.

This demon leader was only a third-level caveman, and he was easily captured and hypnotized by Ye Feng. Then Ye Feng asked this demon leader to control all the living demons on the island, and pretend to attack Murong Yunyin.

With these complete preparations, now it's time to wait for the fish to take the bait.

On the island, Murong Yunyin was "hardly resisting" the group of ocean monsters.

Ye Feng asked Shang to control the abyss troll and came under the water around the island, hiding in the deep sea.

Shui Bingyan activated the one-yuan heavy water to cover the surface of Ye Feng and the abyss troll with a layer of water light that was almost the same as the original aura of the ocean.

In this way, Ye Feng and the abyss trolls are almost integrated with the ocean. Even the martial arts saints can't even think of detecting their aura.

"Ye Feng, if we succeed this time, we will definitely make a lot of money."

Under the bottom of the deep sea, the abyss troll's lantern-sized red eyes were staring at Ye Feng, who was like a little ant in front of him, and said with a smile.

Shang was at the bottom of the sea, so he naturally used his soul power to communicate.

Ye Feng nodded and said through his soul: "Yes, that Lu Tian is a martial arts saint in the first holy realm, and one of the leaders of the Dragon God Society. He has a distinguished status and must have great wealth. Unfortunately, martial arts The saint's will is as iron as iron and cannot be hypnotized. I'm afraid I won't be able to do it until my soul power breaks through one hundred levels and becomes the soul master.

Has the ability to hypnotize a saint. "

Shang couldn't help but smile and said: "Ye Feng, don't think about hypnotizing the martial arts saint now. It's too difficult. If we can successfully hunt down Lu Tian this time, it will be a huge success."

Ye Feng nodded and said: "It's not just about plundering wealth. If Lu Tian dies, it will definitely be a huge loss for the Dragon God Association. A martial arts saint, even the lowest saint in the first holy realm, will Among the overlord forces, countless resources and energy have been used to cultivate them. If we kill a martial arts saint from the Dragon Palace, it will be a trauma to the Dragon Palace. "

Uh-huh!

Suddenly at this moment, Ye Feng suddenly raised his head, a layer of golden light appeared in his eyes, and his eyes suddenly seemed to be able to penetrate thousands of meters of sea water, and see the scene above the sea from the bottom of the sea.

At this time, under the blue sky, a dozen figures hurriedly shot from a distance.

The two leaders were none other than Lu Tian and the man in blue from Dragon Palace.

Surrounding the two of them, there were more than a dozen men in black following them. Their aura was full of iron-blooded killing and decisiveness. They were obviously members of the law enforcement team.

Lu Tian was also wearing black mysterious clothes at this time, with his hands behind his back. His aura was powerful, and wisps of holy realm energy came out inadvertently, as if he could turn the entire ocean upside down at any time.

At this time, Lu Tian looked at the man in blue from Dragon Palace beside him, with a smile on his face, and said: "Lan Wangyou, fortunately I am in the black market and can help you kill Murong Yunyin from Poseidon Academy, otherwise you If you mess up Young Master Long's important matter, you will probably be severely punished."

"It turns out that this Lu Tian actually knows the man from Dragon Palace, and Lan Wangyou is Lu Tian's friend!"

At this time, under the thousand-meter-deep seabed, Ye Feng was immediately shocked when he heard what Lu Tian said.

Fortunately, the soul master's hypnosis technique is countless times better than the ordinary puppet control technique, and involves the most profound soul level. Even martial arts saints like Lu Tian are unable to detect the slightest clue.

Because Lan Wangyou, who was hypnotized by Ye Feng, completely had his own thoughts and speaking tone,

His movements and demeanor were exactly the same as usual, and there was nothing wrong with him at all.

"Murong Yunyin from Poseidon Academy is worthy of being a saint-level being. He is also the direct disciple of Old Man Wan Jian, the master of Wan Jian Palace. He practiced the Wan Jian Heart Sutra and was very difficult to deal with. I seduced all the demons on the island. , cannot completely obliterate Murong Yunyin."

Lu Tian nodded and said: "I have heard of Murong Yunyin. She is a very famous female sword master in Poseidon Academy. Although she is in the third level of the Cave Heaven Realm, she has enough fighting power with her sword master realm and peerless swordsmanship inheritance. A powerful being comparable to the peak of the tenth level of the Cave Heaven Realm. Take me to see it. Now that I am here, I can kill it instantly. But now we go to see this Murong Yunyin first. Don't rush to kill her. I Now I have received the news that Ye Feng has returned to the Southern Territory, and he just appeared in the Luangu Sea. He killed an entire elite team of our Dragon God Society. It was a heinous crime. When I asked Murong Yunyin about that After hearing the news about Ye Feng, I immediately set up a dragnet to kill that boy. He dared to go against our Dragon Palace Young Dragon Master. He really didn't know the limits of the world and was looking for his own death. "

Lan Wangyou's eyes were startled and he said, "Oh? Then Ye Feng would actually appear in this chaotic ancient sea?"

"That's right."

Lu Tian nodded and said: "I have found out. I don't know what kind of luck this kid got. He actually got together with a peerless prodigy from the underworld who has disappeared for decades. That peerless prodigy is called Xiao He, and he is a martial artist. The saint is also a powerful soul master. We can't act rashly for the time being, but recently I have found out that Ye Feng and Xiao He have separated. Hum, without Xiao He, the existence that makes me extremely afraid, as long as I let If I meet that kid Ye Feng, I can kill him with just one thought."

When Lan Wangyou heard this, he immediately smiled and said: "I know Brother Lu's unparalleled cultivation. This time we will make Murong Yunyin our prisoner. As long as Brother Lu helps me suppress Murong Yunyin, My little brother, I will definitely say a few nice words to Brother Lu in front of the Young Dragon Master."

Lu Tian's eyes immediately lit up and he said quickly, "Thank you so much, Brother Lan."

Although Lan Wangyou is a tenth-level Heavenly Warrior in the Cave Heaven Realm and has not entered the Holy Realm, Lu Tian knows that Lan Wangyou is the Young Dragon Master of their Dragon Palace.

The red man next to him is very trusted by the young dragon master.

Therefore, although Lu Tian entered the first holy realm and was a martial arts saint, he was still very polite to Lan Wangyou and did not dare to be too domineering. After receiving Lan Wangyou's request for help, he immediately became furious Came to this deep sea area.

"Here we are."

At this time, Lan Wangyou took Lu Tian and a dozen other members of the law enforcement team and flew over a small island.

Lan Wangyou spoke out: "Murong Yunyin is on this island."

Lu Tian nodded and said: "I have sensed her aura. It is like a sharp sword with extremely strong edge. She is indeed a master of swordsmanship!"

He looked at the dozen law enforcement team experts beside him and said calmly: "You guys are on guard around the island."

"Yes, Captain."

A dozen men in black immediately dispersed and scattered around.

Lu Tian nodded, and he and Lan Wangyou stepped directly into the magic circle that enveloped the entire island.

Suddenly, all the scenes on the island appeared in Lu Tian's field of vision.

The demons in the sky burst out with murderous intent and were besieging a beautiful woman in white clothes sitting cross-legged in the center of the island.

"Murong Yunyin! It's indeed her!"

Lu Tian's eyes revealed a cold smile. He and Lan Wangyou landed directly on the island and walked towards Murong Yunyin.

The surrounding demons all stopped attacking after Lan Wangyou waved his hand.

A demon leader wearing golden armor, holding a demon trident in his hand, flew over directly and said respectfully: "Welcome to the Saint of the Dragon Palace."

Lu Tian nodded casually, not bothering to look at such a small character. He put his hands behind his back, with a hint of indifference and aloofness in his eyes, smiled lightly, and walked towards where Murong Yunyin was sitting cross-legged.

The demon leader didn't care, but looked at each other with Lan Wangyou. At this moment, the corners of their mouths suddenly flashed a traceless smile. They stood side by side behind Lu Tian, and followed Lu Tian towards He walked to Murong Yunyin's position.

## Chapter 609: Sneak Attack

"Murong Yunyin, you didn't expect that I would appear here."

At this moment, Lu Tian put his hands behind his back and walked towards Murong Yunyin indifferently.

He was in great power at this time, and he stared at Murong Yunyin with a superior attitude and said: "If you touch me today, you will definitely die."

Murong Yunyin struggled to stand up, her breath exhausted to the extreme, her beautiful face was stained with blood, and she said in a low voice: "You... damn... it is indeed your Dragon Palace who is harming me. As a saint of Poseidon Academy, you If this harms me, if word spreads, not even the Dragon Palace can protect you."

"Hahaha!"

Hearing what Murong Yunyin said, Lu Tian immediately revealed a trace of ridicule in his eyes and said: "Murong Yunyin, I can only say that you are too naive. I sensed your cultivation aura, and now you have You have been seriously injured beyond repair, and you have been attacked by so many monsters for so long. It is estimated that even an ordinary person with a sword can kill you. "

At this time, Lu Tian spoke with a tone full of pride. It was obvious that he had now completely relaxed his vigilance towards the seriously injured Murong Yunyin.

In fact, even if Murong Yunyin was not seriously injured, Lu Tian didn't care at all.

You know, Lu Tian is a martial arts saint in the first holy realm, and all the people following him are from his Dragon Palace.

Murong Yunyin's body was even more seriously injured now. In Lu Tian's eyes, she was already a piece of fish on the chopping board, ready to be slaughtered by him.

So at this moment, Lu Tian walked directly in front of Murong Yunyin, with a hint of mockery in his eyes, stretched out his hand to grab Murong Yunyin, smiled cruelly, and said: "The cold and cold female swordsman of Poseidon Academy? Humph? , come here, maybe I can have a taste of you before I kill you, a female swordsman, it should taste very good."

Uh-huh!

Lu Tian smiled cruelly, and he stretched out his hand very casually, not even bothering to use his power, and directly grabbed Murong Yunyin's whole body.

"boom!"

But at this moment, Murong Yunyin's body suddenly erupted with a huge sword edge.

"Qiang!"

A pure cyan long sword instantly appeared in Murong Yunyin's hand, and it stabbed out wildly. The violent and boundless sword energy and sword light poured out in an instant.

The attack of a sword master is absolutely terrifying, and it is still at such a close distance.

Sword Master, Sword Master, that is a master of swordsmanship, with a sharp edge that pierces the sky. Sword cultivators are a group of extremely terrifying beings whose attack power cannot be estimated based on common sense.

So at this time, Murong Yunyin suddenly burst out with his sword, which made Lu Tian immediately look shocked and blurted out: "You! You are still hiding your own power! You are waiting for help, you are in full strength!"

"Pfft!"

However, even though Lu Tian is a martial arts saint, he is only a saint in the first holy realm after all. He cannot avoid the pinnacle sword of a sword master who has been planning for a long time at such a close distance.

Lu Tian's chest was directly pierced by the sword in Murong Yunyin's hand, torn apart, and a cloud of blood suddenly spilled out.

"Murong Yunyin! Even if this is your long-planned pinnacle sword, you can't kill me, and it won't even do much harm to me. You are a warrior in the Cave Heaven Realm, and after all, you have a narrow understanding of the Holy Realm of Martial Arts. "For a strong man like me, after entering the Holy Realm, your body can no longer be seriously injured with just a sword, it's just a flesh wound."

Lu Tian didn't panic, suddenly laughed confidently, and directly knocked Murong Yunyin away with a palm.

"puff!"

Murong Yunyin spat out a mouthful of blood. This time he was really seriously injured, because Lu Tian was a martial arts saint.

The martial arts saint's attack, even if it is just a casual palm, is like a stormy sea, huge rocks rising into the sky, and huge destructive power.

But at this time, Murong Yunyin was struggling to get up in the distance, with a sneer on his beautiful face, and said: "Lu Tian, do you think my sword will not do you any harm? Take a good look, it will stab you." This sword, what kind of sword is it?

! "

"Hahaha, what sword in the world can hurt my true dragon body!"

Lu Tian was a real dragon in the Dragon Palace, a pure dragon with an extremely strong body and tenacious vitality. He laughed loudly and was about to pull out the pure blue ancient sword that pierced his chest.

"boom!"

But at the next moment, Lu Tian's heart ached. He couldn't pull out the ancient sword piercing his body, as if it was nailed to his body.

boom!

Moreover, at this moment, a force that has a natural suppression and destructive power against the sea monsters is crazily emanating from the pure blue ancient sword, quickly destroying Lu Tian's entire body and vitality.

"No! This sword? This is the legendary Star-Gathering Demon-Slaying Sword!"

Lu Tian's expression finally changed. He stared at Murong Yunyin who was not far away and shouted: "This sword is an ancient demon-slaying sword specially designed to kill big demons! How is it possible? I know this sword very well. Remember, how could you have Murong Yunyin in the Lihuo Empire in Northern Xinjiang!"

At this time, Lu Tian tried desperately to pull out the Star-Gathering Demon-Slaying Sword inserted into his chest, but as soon as he touched the hilt, a red divine light appeared on the hilt, as hot as a soldering iron.

Lu Tian couldn't touch it at all, otherwise his whole hand would be burned and melted.

Lu Tian immediately turned around and said to Lan Wangyou and the demon leader behind him: "My cultivation has been restricted by the Demon-Slaying Sword. You take action quickly and capture Murong Yunyin, then escort me back to the black market, and then... "

Poof!

Poof!

But before Lu Tian could finish speaking, the two people in front of him suddenly took action.

Lan Wangyou directly pierced Lu Tian's abdomen with a palm covered with blue scales, while the demon leader pierced one of Lu Tian's arms with the demon trident in his hand.

Lu Tian suddenly felt a chill in his heart. He had no defense at all against the two "own people".

He never expected

, Lan Wangyou and the demon leader will suddenly rise up and attack him.

"ah!!"

The horrific pain made Lu Tian's eyes turn red all of a sudden, and he suddenly shouted angrily:  
"What's wrong with you! You are so presumptuous!!"

boom!

An extremely terrifying holy realm aura suddenly erupted from Lu Tian's body.

"The Great Wave Palm!"

Lu Tian's expression was extremely ferocious, and his hands instantly unleashed an extremely powerful palm technique.

"Boom!"

This is a set of martial arts palm techniques created by the ancient Poseidon. The magic power and the power of the body are integrated. With one palm, thousands of waves, endless waves, impact and submerge everything, like two vast oceans, all impacting on Lan Wang Worry and the demon leader.

"Crack!"

The demon leader's cultivation level was too low, so his body was shattered by Lu Tian's palm and he died instantly.

After all, Lan Wangyou was a Dzogchen warrior at the tenth level of the Cave Heaven Realm, and he had the body of a sea dragon. He did not die immediately, but suffered heavy injuries, vomited blood at the mouth, and retreated to a distance.

I have to say that Lu Tian's cultivation is still very terrifying, and he is worthy of being a martial arts saint.

At this time, he was assassinated by Murong Yunyin with the demon-slaying sword. He was betrayed by two of his own men and assassinated in a sneak attack.

Lu Tian was covered in blood, but his momentum was getting stronger and stronger. He stared at Lan Wangyou with fierce eyes and yelled, "What are you doing? Do you dare to betray Dragon Palace?!"

Although Lan Wangyou was seriously injured and vomited blood, he laughed loudly and said: "Dragon Palace is nothing. My master is so powerful and has endless methods. Sooner or later, Dragon Palace will be destroyed by him!"

"You're crazy! You're really crazy!"

Lu Tian yelled angrily, but the next moment his face suddenly changed and he said: "No! You are being controlled by someone! And this is not a simple puppet technique control. The puppet technique is not so perfect, and it can actually keep you in your original state." Thoughts and behaviors, but the mind has completely changed. This is extremely perfect control! This is the most magical and terrifying hypnosis method of the legendary soul master!"

Chapter 610 Eighteen Million

"impossible!"

Lu Tian suddenly shouted in horror: "Of the two people who killed our elite team, Xiao He is a powerful soul master. I have determined that Xiao He has returned to the underworld and is no longer in the ancient sea!"

"Are you so sure that among the two of us, only Xiao He is the soul master?"

But suddenly at this moment, a voice with a faint smile sounded.

Ye Feng simply stopped hiding, because the assassination went smoothly and Lu Tian was dead.

So at this moment, Ye Feng walked directly out of the depths of the ocean, staring at Lu Tian with sarcastic eyes, and said: "I am also a soul master."

"What?!"

Lu Tian was immediately shocked and shouted: "Boy, I can feel that the soul fluctuations in your body are not strong. If you kill me, there will be great disaster. I am not an ordinary member of the Dragon God Society. I am a martial arts saint, and I am an extremely rare existence to Dragon Palace. If you kill me, you will be hunted endlessly."

When Ye Feng heard this, he immediately laughed and said: "Then I also tell you, it is precisely because you are an extremely rare and powerful person that I want to kill you and destroy the foundation of Dragon Palace step by step."

"you....."

Lu Tian immediately said angrily: "I already know your identity, you are Ye Feng. To be honest, you are really too young and know nothing about real power. You never know how deep the Dragon Palace is." Bottom line, do you really think that Quasi-Sage is the most powerful person?"

Ye Feng smiled indifferently and said: "I don't need you to remind me about this. Dragon Palace has already fought to the death with me. One day I will kill your young dragon master Ji Changkong."

boom!

When the words fell, Ye Feng no longer hesitated and shouted instantly: "Shang, do it!"

"Boom!"

The island suddenly collapsed, and in the darkness of the deep sea, a giant palm as big as a mountain stretched out, instantly imprisoning the land and sky.

"What? Abyss Troll? No! I am a martial arts saint! You bunch of ants can't kill me!"

Lu Tian roared loudly, and suddenly he jumped up and turned into a huge ice-blue dragon with cold scales and majestic horns, roaring up to the sky.

"Qiang!"

But Lu Tian turned into a dragon, and the great demon's aura became even more powerful. The star-gathering demon-slaying sword on his body burst out with even more terrifying pressure.

The controlling power stabbed deeply into the dragon's body.

"ah!"

Lu Tian suddenly roared in pain.

"I thought you were a smart dragon, but I didn't expect you to be so stupid. The Demon-Slaying Sword is specifically aimed at big demons. If you transform into the body of a dragon, wouldn't you be hurt even more?"

Ye Feng laughed loudly and instantly activated the Divine Art of Creation, stimulating his fourth natal talent to communicate with his future body!

This is his strongest trump card and also the most terrifying attack!

To deal with Lu Tian now, we must take advantage of his illness and kill him!

Buzz!

A huge crystal mirror appeared in the void behind Ye Feng.

"Wow!"

An ancient river of time rushed out from the crystal mirror, and a majestic figure stood at the end of the river of time and violently struck out with a palm.

This palm was simple and unpretentious, but it arrived across the endless river of time. In an instant, it turned into a big hand covering the sky in the void, and directly bombarded Lu Tian, who was imprisoned by the troll.

"ah!!!"

The strength of the future body was terrifying. Ye Feng consumed nearly half of his soul power and let the future body take action. Lu Tian howled miserably, and the entire dragon body shattered and fell into pieces. Even the holy fetus could not escape. Directly died.

"Success!"

Murong Yunyin, Lan Wangyou, Shui Bingyan and others all looked overjoyed.

Ye Feng quickly dispersed the crystal mirror. His soul power consumption was a bit serious, but it was much better than before.

In the past, every time he activated the crystal mirror to communicate with his future body, his soul power was consumed almost instantly.

But now, only half of it has been consumed.

Moreover, Ye Feng suddenly discovered that the future body at the end of the river of time burst out of the crystal mirror. His strength, as his current soul power consumption increased, the stronger the energy he exploded.

In other words, if Ye Feng consumes all his soul power at once, the attacks from his future body will also be useless.

The more powerful he becomes, he can even directly kill a Saint of the Second Saint Realm!

"Ye Feng, hurry up and swallow Lu Tian's broken dragon body after his death. This is the martial arts essence of the saint. It will greatly help and improve your cultivation. Swallow it quickly, otherwise you will suffer a big loss when the martial arts essence is dissipated! "

Suddenly at this time, Shang shouted a reminder from a distance.

"Yes! Lu Tian is a dragon at the level of a martial arts saint. He condensed the holy fetus, and the martial arts essence after it was broken is a great supplement to my cultivation!" .??.

Ye Feng immediately flew high into the sky towards the collapsed island in the distance.

The Dragon Clan and the Great Demon Clan in the sea have a huge attraction for humans.

Even in many mortal dynasties and countries of mankind, there are temples that believe in dragons, and mortals pray to dragons for rain.

This is a way for the Dragon Clan to collect the power of faith, which is to let the Dragon Clan's great magical powers go to the mortal dynasty of humans and use some water-attribute magical powers to make rainfall, so that the earth has smooth weather, and then let the mortal humans believe in the Dragon God and harvest human beings. The power of faith.

But for monks like Ye Feng who have embarked on the path of spiritual practice, these simply do not exist. They have no respect for the dragon clan at all. No matter what it is, whether it is a dragon clan or a mythical beast, anyone who stands in my way will die. This is The martial arts heart of human practitioners!

"The dragon clan who has stepped into the holy realm of martial arts will definitely be greatly nourished!"

Ye Feng directly loaded Lu Tian's broken dragon body into the creation oven, slowly refining it and casting it into his own power.

In addition, Ye Feng opened his mouth and swallowed a small ice-blue dragon that exuded divine light.

This little ice-blue dragon, which looks like it is completely composed of divine light, is the holy fetus condensed by Lu Tian. It is the synthesis of Lu Tian's martial arts essence, energy and spirit, and it is the most essence.

"boom!"

So the moment Ye Feng swallowed it, a surge of terrifying energy suddenly surged out of his body.

Bright icy blue beams of light even began to shine through every pore on Ye Feng's skin, making him look extremely divine.

Ye Feng's cultivation level is skyrocketing!

The second level of Cave Heaven Realm!

The third level of Cave Heaven Realm!

The fourth level of the Cave Heaven Realm!

The fifth heaven!

Sixth Heaven!

At this moment, Ye Feng looked up to the sky and roared, feeling the terrifying power surge in his body, and was very excited.

"Sixth level of Cave Heaven Realm!"

At this moment, the eyes of several people around were shocked. They did not expect that Ye Feng's breakthrough would be carried out in such a brutal way.

"A martial arts saint from the dragon clan was just slaughtered and refined?"

At this moment, even Murong Yunyin, a saint of Poseidon Academy, felt that what had just happened was a bit dreamlike.

A martial arts saint, even if he is in the first holy realm, is definitely a big shot in the eyes of countless ordinary practitioners. He is so high up there that the dragon cannot disobey.

But now, he died in front of his eyes, and he died very miserably. The dragon body was beaten to pieces, and the martial arts holy fetus was swallowed.

At this time, Murong Yunyin finally understood why Ye Feng's cultivation had become so terrifying and improved so quickly in the past six months.

"He grew up barbarically in the midst of blood and fire, killing and plundering..."

At this moment, Murong Yunyin suddenly felt that maybe Ye Feng could really become the first person in thousands of years to leverage the absolute dominance of the overlord force with one person's power and as a member of a poor family!

"This is Lu Tian's storage spirit ring."

At this time, Lan Wangyou, a man from the Dragon Palace and a confidant of the Young Dragon Lord, came from a short distance away and came to Ye Feng. He handed a blue storage ring to Ye Feng very loyally.

Ye Feng swept his mind and his eyes suddenly lit up.

He took out a crystal card from the land storage ring and found an astronomical number on it.

"Eighteen million spiritual stones!"

Shui Bingyan and Murong Yunyin gathered around at this moment, their beautiful eyes trembling.

Eighteen million!

This is a huge wealth that even many supreme elders of Poseidon Academy do not have.

"It seems that the Dragon God Society is really rich in the black market." Even Murong Yunyin, the aloof female sword master, couldn't help but sigh.
