

## Ancient 611

### Chapter 611 Plan

Ye Feng continued to count Lu Tian's storage spiritual rings, which also included a lot of various inheritances, martial arts, bottles of elixirs, and some secret information about the Dragon God Society.

But among these things, what attracted Ye Feng the most was a small transparent bottle containing a drop of golden blood.

Buzz!

At this time, Ye Feng opened the cork of the bottle, and suddenly a small golden dragon soul as thick as a finger rushed out of the bottle mouth from the drop of golden blood, turning and roaring in the space around the bottle mouth, making bursts of dragon roars.

"This is a drop of pure holy dragon blood."

Lan Wangyou came over at this time and explained aloud: "There are many alchemists in the Dragon God Society. They have been excavated from the depths of the ocean from various sea dragons that have been dead for thousands of years, or from the bodies of dragon sea monsters. Being able to extract the blood of the Holy Dragon, which has the original power of the Holy Dragon, is of great benefit to us dragons, or practitioners of other races. A drop of the blood of the Holy Dragon can be auctioned for almost sky-high prices on the black market. "

Murong Yunyin came over at this time, stared at the golden blood in the bottle in Ye Feng's hand, and said: "I have also heard that the blood of the Holy Dragon is the foundation of the Dragon God Association. The reason why the Dragon God Association is Being able to make money quickly in the black market in the chaotic ancient sea is because of this unique blood of the holy dragon. Only the Dragon God Guild has this technology to extract the blood of the holy dragon from the corpse of the ancient dragon demon. "

Ye Feng nodded and said: "This is a good thing, I will accept it."

At this time, Ye Feng looked at Murong Yunyin and Shui Bingyan and said: "Bring your crystal cards, I will give you half of the wealth. I always keep my word and I will not make promises

easily, but once If you make a promise, you will definitely keep it. Keeping your word is the foundation of a person. "

As he spoke, he transferred 4.5 million of the 18 million in Lu Tian's crystal card to each of Shui Bingyan and Murong Yunyin.

Ye Feng himself has nine million left, which is also a huge fortune.

"That's how you got four and a half million?"

At this moment, Murong Yunyin and Shui Bingyan both had beautiful eyes with a strong luster.

"Thank you so much, Junior Brother Ye!"

Murong Yunyin expressed her gratitude to Ye Feng.

"Thank you Ye Feng."

Shui Bingyan, the princess of the water tribe, was also surprised and bowed slightly to Ye Feng.

Ye Feng laughed and said: "You two have worked hard to hunt Lu Tian these days. This is the reward you deserve. You two also know a lot of my secrets. The reason why I am like this in front of you Showing my trump card without scruples actually means I trust you very much. I hope you two can help me well after returning to Poseidon Academy this time."

Although Shui Bingyan and Murong Yunyin are both women, they are extremely talented.

One is a descendant of a super wealthy family with unlimited potential, and is supported by a super wealthy family behind him.

One is a female sword master, who has received the inheritance of Wan Jian Palace, the Wan Jian Heart Sutra, and is the direct disciple of a big figure like the master of the palace, Wan Jian Old Man. Her own cultivation strength is already terrifying.

If they can get the full help of the two, whether it is their own potential or their

Ye Feng is very clear about the background behind it. The force he wants to create will definitely grow very quickly.

Murong Yunyin thought for a moment, then nodded solemnly, and said: "It's almost the next ten years, and the Five Realm True Dragon Competition in Longyuan Continent is coming soon. By then, not only the entire Southern Region, but also the entire human race in Longyuan Continent will be here soon." Things are changing in the five regions, and I heard from my master that big figures in our human temple alliance are worried. The demons from outside the region who were sealed in the dark space are starting to make moves again. Last time we went to the underground world to investigate the arrival of the demon. The incident is an omen, so in the future, the entire land may be in flames of war, chaos is coming, and the overlord forces may be turbulent. If we have a force of our own, it will be a foundation for us to stand on this land in the future. In the general trend in the battle, no matter how powerful one person is, he cannot stir up the storm."

Ye Feng nodded and said, "Only when we help each other can we quickly improve ourselves."

Since meeting Xiao He, Ye Feng has found that there are people around him who help each other, which is of great help to his own improvement. Sometimes it is much better than cultivating alone.

Therefore, after returning from wandering in the Northern Territory this time, Ye Feng has urgent hopes to establish his own power in Poseidon Academy and occupy a place in the Southern Territory.

At that time, whether it is to deal with threats from major enemies, the Holy Ancestor Dynasty, Dragon Palace, Demons, etc., or to strengthen one's own cultivation, it will be of great benefit.

Since enjoying the magical power of luck in the Lihuo Empire, Ye Feng has discovered that establishing a force of his own and harvesting the power of faith has huge benefits.

At this moment, Shang suddenly spoke in his mind: "Hey, Ye Feng, boy, in fact, there are still real ancient saints in Longyuan Continent."

"What?"

Ye Feng's eyes were slightly startled.

Shang continued: "However, most of these ancient saints have their cultivations sealed and are sleeping in the ancient space. They are likely to have survived the previous era, not this era, because in this era, Beings as stunningly talented and beautiful as Emperor Styx cannot break the shackles of heaven and earth and become a true ancient saint, so Ye Feng, you don't have to worry too much. Once the ancient saint takes action, he will reveal his origin as a saint, and the gain will not be worth the loss. It will greatly accelerate their death and longevity."

Ye Feng's eyes were a little solemn and he said: "There may be ancient saints in Dragon Palace."

"It's not that maybe there is, it's definitely there."

Shang smiled slightly and said in a very affirmative tone: "So Ye Feng, after you return to Poseidon Academy this time, you should hurry up and inherit the inheritance of Emperor Styx, and then find a way to get the Demon Sect's treasure house of Styx Demon Sect. The wealth that Emperor Styx has accumulated throughout his life will be of great benefit to you in improving your personal cultivation, cultivating your own confidants, and strengthening your own power."

Ye Feng nodded, with firm eyes, and said: "Okay, I understand. There are two necessary conditions for opening the Demon Sect's treasure house. The first is to practice Ming Dynasty well.

The second inheritance of Emperor He is to obtain the key to the Demon Sect's treasure house. That key, as you said before, was in the hands of a traitor from the Demon Sect of Styx. "

"That's right."

Shang spoke with gritted teeth: "The traitor's name is Wei Mo. He was once one of the ten demon guards under Emperor Styx. Unfortunately, after Emperor Styx disappeared for a few years, he was the first to take the lead in defecting from the Styx Demon Sect. He also stole more than half of the sect's heritage from the Styx Demon Sect and joined the Nether Demon Sect. The reason why the Nether Demon Sect is now one of the demon overlords in the Southern Region is not because of the legacy left by the Styx Demon Sect. More than half of it! Humph, I really want to kill the traitor Wei Mo with my own hands, but what you need to know, Ye Feng, is that Wei Mo must be extremely powerful in the Netherworld Demon Cult now, and after so many years, his cultivation must be strong. To an extreme."

Ye Feng nodded slightly and heavily and said: "Don't worry, give me time. What I lack now is time. As long as you give me enough time, I will be able to grow enough to make the entire Longyuan Continent tremble!"

"I'm afraid you don't have much time." .??.

Murong Yunyin stood next to Ye Feng and said in a serious tone: "When you return this time, you no longer hide your edge. Your status as an emperor-level genius has been spread among many high-level officials. You must have some intentions." The person deliberately wants to push you to the forefront and destroy you completely. "

Ye Feng nodded, looked at Lan Wangyou and said, "Tell me about Ji Changkong, the Young Palace Master of the Dragon Palace, and his series of relationships."

Lan Wangyou is Ji Changkong's confidant, and he must know Ji Changkong very well.

Even though Lan Wangyou believed in Ye Feng very much at this time, he had his own thoughts. At this time, he looked solemn and said: "Master, Ji Changkong, the young dragon master of our Dragon Palace, is a powerful genius in the third holy realm. He The friends around me are also very powerful, and the most famous among them is the number one saint of your Poseidon Academy, Chu Tianji."

Murong Yunyin also nodded at this time and said: "Chu Tianji is very scary. It is rumored that he has received the peerless inheritance from an ancient saint called the Great Sage of the Void. He also possesses the Ultimate Saint Weapon of the Void Realm. There seem to be other A more terrifying and mysterious inheritance, but I don't understand it either."

Ye Feng's eyes darkened slightly. He didn't expect Chu Tianji, the number one saint of Poseidon Academy, to be friends with Ji Changkong, the Young Dragon Master of Dragon Palace.

If you put it this way, if Ji Changkong wanted to deal with him, he didn't need to do it himself. He only needed to say hello to Chu Tianji in Poseidon Academy.

Murong Yunyin said: "Ye Feng, don't put too much pressure on yourself. Poseidon College has its own rules. As long as you return to the college, even if Chu Tianji is the first saint, you can't mess around. He doesn't dare to do it himself. Kill you, the first emperor-level prodigy to appear in thousands of years. Among the upper echelons of Poseidon Academy, in addition to your master,

Senior Bai, there are also many supreme elders who are secretly paying attention to you, admiring and liking you very much. Protecting you secretly."

Murong Yunyin said these words at this time, naturally because he was afraid that Ye Feng would defect from Poseidon College, which would definitely be a huge loss to the college.

Ye Feng smiled and nodded, saying: "Sister, don't worry, I haven't been forced to that step yet, and there is a master in the academy, I don't believe it

Those people dare to mess around. "

With Bai Yuchen in the academy, Ye Feng still has his own support.

And even the master can't stop him, he still has Uncle Nan.

At this time, Ye Feng suddenly had the urge to return directly to the Great Yan Dynasty and invite Uncle Nan to live in Poseidon College. Then he would really have nothing to fear.

However, Ye Feng felt that Uncle Nan would not come.

Uncle Nan is a mysterious old man who seems to want to live in seclusion.

Ye Feng didn't do it as a last resort, and he didn't want to ruin Uncle Nan's peaceful retirement life.

"I wonder who is more powerful, Uncle Nan or the real ancient saint?"

At this moment, Ye Feng suddenly had this idea in his mind.

It wasn't that Ye Feng was deliberately bragging about Uncle Nan.

Because just from the fact that Uncle Nan was able to create the Sword of the Gods, a move that shocked the world and made ghosts cry, Ye Feng already knew that Uncle Nan must be a terrifying existence that shook the world, but now he is old and very Buddhist.

At this time, Ye Feng looked at Lan Wangyou in front of him and said: "You are Ji Changkong's confidant. You should go back to the Dragon Palace now. Don't follow me. If you continue to stay in the Dragon Palace, I will place you in the Dragon Palace." A chess piece in the game, cooperate with me inside and outside, and report news to me at any time. My goal is not just to deal with Ji Changkong, the entire Dragon Palace is in my appetite. Lan Wangyou, you are originally from the Dragon Palace, if you can do it If you are good, I can use my means to vigorously train you, not much worse than Dragon Palace, and I will even make you become the new generation of Dragon King of Dragon Palace and control the dominant race in the entire Dragon Palace sea area. This is not impossible. "

Lan Wangyou had his own thoughts, as well as joy, anger, sorrow, and joy. He said happily: "Thank you for your attention, Master! I will definitely find out everything for Master, be a good chess piece for Master, and dedicate everything to Master!"

Ye Feng nodded and said, "Well, let's go."

"yes."

Lan Wangyou jumped up and disappeared directly to the end of the distant sea.

Murong Yunyin was slightly worried at this time and said: "Ye Feng, you told Lan Wangyou all about our plan. Are you sure he won't rebel?"

Ye Feng smiled and said: "This Lan Wangyou was not only deeply hypnotized by me, but also planted the seeds of faith by me. This is another method of the soul master. Xiao He taught me before, and even the ancient saints could not detect it. So even if you and Shui Bingyan betray me, Lan Wangyou will not betray me."

"How could we betray you!"

Shui Bingyan and Murong Yunyin immediately laughed and cursed.

Ye Feng also laughed and said: "I was just kidding. Don't worry, Lan Wangyou will dedicate everything he has to me. Let's go back to Poseidon Academy as soon as possible. Lu Tian, one of the leaders of the Dragon God Association, Once he dies, the fall of a martial arts saint may cause great disturbances. The ancient sea area will definitely not be peaceful in the future, and there will be bloodshed. Let's leave as soon as possible."

At this time, Ye Feng said, taking Murong Yunyin and Shui Bingyan with him, he quickly left the deep sea area and flew towards the Poseidon Pavilion, the academy's stronghold in the black market.

Chapter 612 Everyone knows

When Ye Feng brought Murong Yunyin and Shui Bingyan to the Black Market Poseidon Pavilion, it was Shen Fang who received them.

"Senior Brother Ye, you are here!"

Shen Fang is very enthusiastic. Since he has experienced everything in Tianya Haige, he knows that Senior Brother Ye, who is much younger than himself, has very terrifying cultivation. Even a saint like him must be respectful.

Murong Yunyin and Shui Bingyan both had a look of surprise in their eyes.

Because the saints like Shen Fang who guard the Poseidon Pavilion are all very arrogant because they control the teleportation array.

But I didn't expect Shen Fang to be so respectful to Ye Feng now, not daring to be presumptuous at all, and keeping a very low profile. .???.??

"Do you know this Shen Fang?"

Murong Yunyin came over and whispered in Ye Feng's ear: "Junior brother Ye, this Shen Fang is the grandson of the elder of our Poseidon Academy. He has a noble status and strong strength. He never puts anyone in his eyes. I didn't expect that he would You are so polite."

Ye Feng smiled and said: "I beat him up a few days ago, and he is honest now."

Murong Yunyin: "..."

Shui Bingyan was also a little dumbfounded at this time.

However, when the two women thought about it, they couldn't help but smile. This seemed to be in line with Ye Feng's style.

"Buzz!"

In a burst of light, the three figures disappeared into the teleportation array.

When they opened their eyes again, the three of them were already standing in a palace deep in Poseidon Academy.

"Please also ask the three of you to pay for the cost of this large teleportation array. The three of you have a total of 300,000 spirit stones."

A tall female student wearing a blue robe stood behind a high platform on one side of the palace, smiling at the three of them and saying.

"Three hundred thousand, let me do it."

Ye Feng took out his crystal card and handed it to the tall female student.

This crystal card in the chaotic ancient sea was issued by Crystal Bank, the first bank in Longyuan Continent. Crystal Bank has a high reputation, so crystal cards are basically universal among all major forces.

At this time, the tall female student smiled slightly, took Ye Feng's crystal card, and transferred the amount of 300,000 to the palace's public crystal card. This is the property of the college. Obviously, this tall and beautiful student is here to guard the teleportation array and earn some spiritual stones.

In Poseidon Academy, there are many idle positions, which are open to all students, such as guarding the palace, guarding the medicine garden, guarding the mountain gate array, etc., all of which have good rewards, because not everyone is like Ye Feng and Murong Yun. The Yin people like to go out on adventures, and some people are very precious about their lives after finally entering Poseidon Academy.

"Oh my god, the amount of nine million..."

\u003e

At this moment, the tall and beautiful student was staring at the numbers on Ye Feng's crystal card, her eyes straightened, and she was simply stunned.

It was the first time she met a young student with such a huge fortune.

This tall and beautiful student comes from a small family and has never seen so much wealth at once.

At this moment, she stared at Ye Feng in front of her. He was as handsome as jade, very young, and had an extraordinary temperament. This made her heart beat slightly.

"This young junior brother definitely comes from one of those super wealthy families..."

At this time, the tall female student couldn't help but said: "I don't know what your junior brother's name is. Senior sister, can I get to know you?"

The tall and beautiful student stretched out a jade-like hand, and there was a hint of shyness on her beautiful face.

"My name is Ye Feng."

Ye Feng slightly stretched out his hand and shook it, then returned it as soon as he touched it, took back the crystal card, and then left the teleportation palace with Murong Yunyin and Shui Bingyan.

"It turns out he is that Ye Feng!"

Looking at the backs of the three people leaving, this tall and beautiful student seemed to have heard of Ye Feng's name. She couldn't help but widen her beautiful eyes slightly. She didn't expect that she was so lucky to be with an emperor who could only meet once in a thousand years. The super genius shook hands, which was really exciting.

At this time, Ye Feng, Murong Yunyin and Shui Bingyan had already walked out of the teleportation palace.

On the road, many people were pointing and their eyes were focused on Ye Feng.

"Look, that boy is Ye Feng, the legendary emperor-level genius!"

"What? Where is it? Is it the boy in black? He looks so young!"

"Emperor-level genius? Is he really that powerful? No matter how I look at him, he looks ordinary."

...

At this moment, the whispers of many students around him reached the ears of Ye Feng and the others.

Shui Bingyan was a little strange, and said with beautiful eyes: "No one seemed to discuss Ye Feng like this before Senior Sister Yunyin and I left. How come we only left for a few days, and everyone in the entire college knew Ye Feng, and also Do you know that Ye Feng is the only emperor-level genius in the Hundred Dynasties War?"

Murong Yunyin's eyes were cold and he said: "I'm afraid it's not that simple. Someone must be secretly pushing everything, but how did the person behind the scenes make everyone in the academy know Junior Brother Ye?"

Ye Feng looked calm at this time and pointed slightly at the pictures on the pillars not far away.

The portrait in the painting turned out to be exactly his own face.

Moreover, the most bizarre thing is that there are a few big words written on the white paper next to the portrait: We sincerely welcome the return of the emperor-level prodigy Ye Feng, Tianji Peak.

"Tianji Peak! It is the exclusive peak of the First Saint Chu Tianji! These pictures must be Chu Tianji's tricks! It's so disgusting!"

Murong Yunyin immediately became furious and his tone was full of dissatisfaction.

"Chu Tianji's level would not use such despicable methods."

Ye Feng shook his head and said: "It is estimated that the person behind the scenes used the name of Tianji Peak to use this method to make me angry, and then provoked Chu Tianji and asked Chu Tianji to kill me. However, after experiencing so much, I am not so easily angered, and there is nothing wrong with my identity being known to everyone. This time I came back to establish my own power. The person behind the scenes wants to frame me and push me aside. When it comes to the storm, I still have to thank him."

At this time, Ye Feng smiled slightly, without the slightest anger, but walked to the top of the hall very calmly, facing everyone.

At this time, countless Poseidon Academy students had gathered in front of Ye Feng, because these pictures seemed to be plastered all over the Poseidon Academy overnight.

Moreover, after experiencing the last time the Dragon Palace forced a bride to marry, he was killed by Senior Bai with a sword. A peerless figure like the Young Dragon Master Ji Changkong escaped in embarrassment, which shocked the entire world in the Southern Territory, including Nangong Muxue who talked about her Ye Ye in front of everyone. Brother Feng is a hundred times better than Ji Changkong, and Ye Feng is the first emperor-level genius in the Southern Territory in thousands of years...

All of this has raised Ye Feng's popularity to a level that is well known to everyone.

Even though Ye Feng disappeared for more than half a year, the stories and legends about him became more and more famous. Not only the Poseidon Academy, but also other overlords in the Southern Territory were spreading rumors.

So at this moment, the appearance of Ye Feng instantly ignited the atmosphere of the entire Poseidon Academy. As one student passed it on, the square in front of the palace where Ye Feng was standing was already crowded with people. There is a huge crowd of people, ranging from low-level students to elite students, and even saints.

"He's back." Nangong Muxue was watching from a distant mountain peak, her delicate and beautiful little face full of excitement.

"Let's see how Feng'er handles this matter." Next to Nangong Muxue stood Bai Yuchen.

Bai Yuchen was swallowed by poison-eating insects and dispelled the eternal poison in his body. In the past six months, his cultivation level has returned to a very terrifying level. Otherwise, he would not have been able to kill the Dragon Palace wedding team with one sword that day.

, you must know that in the wedding team, there were many powerful men from the Dragon Palace in the second and third holy realms, but none of them were spared. They were all killed with one sword, leaving only Ji Changkong, the young dragon master, and Bai Yu. Chen was afraid and did not kill him.

"I believe brother Ye Feng, he will definitely be able to handle it!" Nangong Muxue couldn't help but go to see Ye Feng, but she knew that she couldn't go out and disturb Ye Feng now.

Ye Feng was standing on the high steps of the palace at this time, obviously having his own plan.

"Let's see how this kid dies this time! It is said that many hidden saints have been bribed by our young dragon master. On the grounds of challenging the emperor-level genius, this time they will directly defeat Ye Feng in front of everyone's attention, and even... Abandoned, hehe, it must be interesting to witness the death of an emperor-level talent."

At this time, several students from Poseidon Academy were hiding in the crowd and letting out cold laughter. They were from Dragon Palace and were apprentices at Poseidon Academy.

Poseidon Academy is the number one martial arts holy land in the Southern Region, and there are still many people from other big clans or sects practicing there. There are naturally many people from Dragon Palace in Poseidon Academy.

"What is he going to do?"

Murong Yunyin looked at Ye Feng on the high platform with some doubts in her beautiful eyes, "Does Junior Brother Ye not know that the mastermind behind the scenes made such a big fuss just to put him at the forefront of the storm, and then send strong men to defeat him? , completely destroying Junior Brother Ye's martial arts heart and image in the eyes of countless people."

Murong Yunyin was very smart, and she guessed the intention of the mastermind in an instant, but Ye Feng actually followed the mastermind's intention and directly exposed himself to countless people's eyes.

Shui Bingyan murmured in a low voice at this time: "Since Ye Feng did this, he must have his own plan. This time is a good opportunity to build momentum."

Murong Yunyin nodded and said: "I know this, but some saints are still very powerful. I am now worried that Ji Changkong bribed many of the top saints who practiced in seclusion in our Poseidon Academy, under the pretense of challenging the first emperor in thousands of years. The reason for the super genius to deal with Ye Feng and kill him. "

When Shui Bingyan heard what Murong Yunyin said, her beautiful face suddenly changed color and she said, "Ah? Is it so serious?"

At this time, Murong Yunyin slightly kneaded a magic formula and said: "Don't worry, I have secretly informed my master, the old man Wan Jian, that he will rescue Junior Brother Ye when necessary. However, Junior Brother Ye has been able to reach this day after experiencing strong winds and waves. He faced countless dangers of life and death. Even martial arts saints like Lu Tian were killed by him, and Lan Wangyou was also controlled. He shouldn't be so impulsive and reckless. Maybe he has his own confidence. Let's wait and see. "

#### Chapter 613 Conspiracy

At this time, under the spotlight.

Ye Feng looked calm, standing on the high steps of the palace, looking at the eyes of countless people below.

He spoke slowly: "I don't know who posted these pictures in the entire academy, but I admit that I did become an emperor-level genius in the Hundred Dynasties War."

"Wow!"

The moment Ye Feng's words fell, the entire field suddenly fell into a boil.

"He is truly an emperor-level genius!"

Although this incident caused quite a stir, many people still felt that it was a bit illusory, because after all, emperor-level geniuses were so rare that it was rare to see one in a thousand years.

But when they heard Ye Feng admit it personally, everyone still felt deeply shocked.

At this moment, countless eyes full of surprise and horror were focused on Ye Feng.

Even many people who secretly wanted to murder Ye Feng could not help but feel shocked at this time.

Because they originally thought that Ye Feng would deny it vigorously in order to save his own life and hide his clumsiness.

But what they never expected was that Ye Feng would admit it directly and generously.

And at this moment, Ye Feng continued to speak: "When I come back this time, I have no intention of hiding anymore, because my strength is enough to become a saint of our Poseidon Academy. I will certify the status of a saint from now on. I have obtained a mountain and territory of my own in the academy, and I am planning to create a disciple force. All the virtuous people, whether they are senior brothers or sisters, or junior brothers and sisters, I am willing to accept them, and pass on to you a powerful inheritance, as well as generous rewards. Practice resources."

Wow!

The moment Ye Feng finished speaking, the entire field once again fell into a violent boil.

No one would have thought that Ye Feng's words were so direct and simple, and he stated all his goals directly and openly.

"It's good to use conspiracy to defeat the conspiracy."

At this time, on a mountain peak in the distance, Bai Yuchen smiled slightly and nodded approvingly.

Nangong Muxue, who was standing next to him, had a pair of beautiful eyes showing a trace of worry at this time, saying: "Senior Bai, although brother Ye Feng used his scheming to defeat the conspiracy, even the pictures posted by those behind the scenes are still there. I'm trying to build momentum for Brother Ye Feng in disguise, but there may be powerful saints who challenge Brother Ye Feng. Compared with those old saints, Brother Ye Feng's cultivation base is still far behind."

Bai Yuchen smiled and said: "Girl Mu Xue, you are very smart, but what you can think of, how could Feng'er not think of it? He must have his own confidence to do this."

Bai Yuchen smiled slightly at this time and was very confident in his apprentice Ye Feng.

Sure enough, just a few minutes after Ye Feng finished speaking.

A cold man in white clothes suddenly emerged from the crowd

The group came out.

He put his hands behind his back and looked proud. At this moment, he stared at Ye Feng on the high platform and said lightly: "You are crazy. I want to see if the emperor-level genius who is said to be rare in a thousand years is really as good as the rumors." What is the difference between terror and is it really invincible?"

Ye Feng smiled silently and said: "Everything I said is true, I am not crazy, and I have never said that I am invincible. You should be the person from the lineage of the Young Dragon Lord Ji Changkong who was sent to think You must be trying to dismantle me."

"you.....!"

This cold man's face immediately turned ugly.

He didn't expect that Ye Feng would be so direct in his speech. He directly said what was on his mind without any concern for so many people standing at the scene.

At this time, many people were talking about it. In fact, many people knew that Ye Feng and Long Gong Ji Changkong had a huge grudge.

But they didn't expect that Ye Feng didn't hesitate at all and openly said these words that should have been hidden in his heart in front of everyone.

"This is a conspiracy."

There are also smart people in the crowd, he actually whispered.

"Knowing that posting pictures and pushing himself to the forefront is all a conspiracy by the mastermind behind the scenes, Ye Feng did not hide at all and directly announced in public that he was an emperor-level genius and stood at the forefront of the storm. He even directly said that Ji Changkong was always against him, and everything was a conspiracy to deal with the conspiracy. Although this method is not a perfect method, it is indeed the most suitable method now. "

Many students from Poseidon Academy were talking in low voices.

However, some people sneered: "Huh, Yang Mou is good for dealing with conspiracies, but he also needs to have the strength to stand at the forefront, otherwise there will only be one end, and that is the fall of the genius, and he will disappear from the world."

At this time, Ye Feng's indifferent performance made the cold man who wanted to find fault completely unable to get off the stage.

Because his purpose was directly revealed by Ye Feng in public, he didn't know what to say at this moment.

"I won't say any more nonsense."

The cold man thought of his mission, which was to defeat Ye Feng today.

He immediately said loudly: "Ye Feng, now that the words have been spoken, I won't hide anymore. You are so crazy today. Naturally I am not convinced. I want to see what you, the so-called emperor-level genius, have." Not qualified to be the center of attention!"

"boom!"

Almost at the moment the cold man finished speaking, a huge martial arts aura suddenly erupted from his body.

"The tenth level of the Divine Aperture Realm!"

Everyone exclaimed.

Beings who have entered the divine orifice realm are all amazing geniuses in Poseidon Academy and can already be certified as saints.

At this time, this cold and cold man looked unremarkable, but he didn't expect to be a master of the tenth level of the Divine Aperture Realm.

This kind of cultivation strength is considered a first-rate master even among saints.

"It seems that this person is an older generation saint who is cultivating in the academy!"

At this time, some students around him couldn't help but exclaimed in surprise.

Poseidon Academy is extremely large, with millions of students. Even the saints have tens of thousands.

Many truly powerful saints are not well-known, practicing in the small world deep inside the academy, or practicing in the wilderness outside, fighting with demons.

"Ye Feng, don't blame me for bullying the small. You really shouldn't be so arrogant and arrogant. Sometimes it only brings destruction!"

The cold man smiled chillingly. He held his palm in the void and pulled out a long knife burning with flames from the void, and slashed at Ye Feng in an instant.

"The sword intention condensed into a tangible flaming sword in the void!"

"This person is not only a powerful saint in the tenth level of the Divine Aperture Realm, but also a master of the sword. He may be about to touch the realm of the Sword Master!"

Everyone was shocked by the scene in front of them. They felt that Ye Feng was really in danger.

Although Ye Feng is now the center of attention and is an emperor-level talent, many people know that Ye Feng is just a new student who has just entered the academy.

Even if he is an emperor-level genius, he has not grown up in just half a year. Now, fighting against an old and powerful saint is no different from seeking death.

But at this time, Ye Feng's face was extremely calm. He stared at the cold man rushing in front of him and said indifferently: "We are competing with each other, and you actually used the half-step sword master's sword intention to condense the flames of heaven and earth with the long sword. This It's a killing move, not a temptation at all, so you have murderous intentions towards me."

The cold man smiled cruelly and said: "Martial arts is full of blood and fire. Doesn't Junior Brother Ye Feng still know this common sense to this day?"

Ye Feng nodded slightly and said, "I know, so you are going to be unlucky today."

boom!

Almost at the moment Ye Feng finished speaking, he didn't use any martial arts moves, he just stretched out his hand to grab in front of him.

"boom!"

Almost at this moment, the vitality of heaven and earth rioted, and an invisible big hand filled the air with energy.

Full of endless pressure, it was like an ancient sacred mountain bombarding the void, instantly shattering the cold man's flaming sword.

"What?!"

The sudden scene shocked everyone present.

"impossible!"

That cold man, this veteran master among the saints, actually changed his face suddenly, and his eyes were filled with deep fear.

At that moment, the cold man felt it clearly. Ye Feng just stretched out a hand casually, and the world seemed to be at his disposal instantly. The sky was the back of his hand, the earth was the palm of his hand, and the whole world seemed to belong to Ye Feng. Turning over, it was really terrifying.

"This child is indeed a being that Ji Changkong has to deal with. He is indeed a monster. We cannot speculate based on common sense! You cannot mess with him!"

The cold man noticed the horror of Ye Feng in an instant. His face was livid, and he quickly retreated towards the back, saying: "Brother Ye is worthy of being an emperor-level genius! I am willing to show my favor! I will not play with Brother Ye today. gone!"

"What?"

"Run away now?"

At this moment, everyone on the field was in disbelief when they saw this scene.

Why did Ye Feng just take action and this powerful and cold man ran away?

"Want to run?"

But at this time, Ye Feng's originally calm face suddenly turned cold.

A cruel smile appeared in his eyes. Looking at the direction where the cold man was running away, he was full of anger and said: "Senior brother, if you don't want to play, can you stop playing? Come back!"

boom!

At this moment, Ye Feng suddenly burst out with an incomparable power and momentum.

At this moment, he was standing on the high platform of the palace. In the eyes of everyone, he seemed to have become hundreds of times more majestic.

Ye Feng grabbed it suddenly, and the hand instantly turned into a big crystal hand, like the palm of a giant, and he immediately pinched the cold man who was running away!

"No!"

The cold man yelled: "Fire Yang Sky-Tearing Blade!"

He roared crazily, and a terrifying and boundless flame sword light erupted from his body, even the space was torn apart, but it was unable to tear Ye Feng's crystal hand apart.

"What?"

"A powerful saint from the tenth level of the Divine Aperture Realm, bursting out with all his power, couldn't break through the restraints of one of Ye Feng's hands?"

"How is this possible! It's too exaggerated!"

Countless people on the field stared with wide eyes. Even the many Dragon Palace disciples who were hidden in the crowd to watch the show had extremely ugly expressions at this time.

Chapter 614: No need to think about it

Looking at the cold man struggling and roaring in his hands but helpless, Ye Feng suddenly realized that he was now very strong among his peers even in Poseidon Academy.

Although this cold man was imprisoned by Ye Feng with one hand and unable to escape, he was as weak as an ant.

But in fact, in the eyes of countless people, the cold man was not weak at all.

In Poseidon Academy, those who step into the first level of the Divine Aperture Realm can be certified as saint students, representing the most powerful group of students in Poseidon Academy.

And this cold man is a saint in the tenth level of the Divine Aperture Realm. He is only one step away from reaching the Cave Heaven Realm. His cultivation level is comparable to that of many elders from the outside world.

So this cold man is very strong, very powerful, not an ordinary character, but now compared with Ye Feng, he looks very weak and mediocre.

At this moment, everyone on the field showed such surprised expressions for a moment, which also illustrates this point.

"Unknowingly, I have grown to this point?"

Ye Feng felt a little emotional at this time. He still remembered that when he first entered the academy half a year ago, he was just certified as a low-level student. He was very envious of the saints who had their own mountain territory and were so high up there.

But now, even top-notch saint masters are as weak as ants in their own hands and can be ravaged by them at will.

At this time, Ye Feng suddenly understood the mentality of those top strong people. In the eyes of these top strong people, weak people are indeed like ants, and they do not consider the feelings of ants at all.

But Ye Feng is different from those people. He will not regard himself as a noble and despise others just because he is strong. He will not bully the weak and kill at will for no reason.

Ye Feng has his own judgment on right and wrong, friends and enemies.

However, this cold man Ye Feng would not let him go at this time.

Ye Feng never shows mercy when dealing with enemies.

With gentlemen, you can still be reasonable.

But there is no way to reason with bad people.

There is only one way, and that is to fight tooth for tooth!

"Crack!"

Ye Feng directly squeezed the cold man's bones with his big hands, making them crackle.

"ah

! Spare me! "

The cold man was a powerful saint, but at this time, his face was full of panic and he shouted: "Ye Feng, I was wrong! I shouldn't have received a little bribe and came to deal with you. I didn't know Anyway! I deeply apologize to you!"

"Apologize?"

Ye Feng's eyes were cold and he smiled indifferently: "If apologizing is useful, then what's the point of pursuing power?"

When the cold man heard what Ye Feng said, his face immediately changed color and he said angrily: "Ye Feng, I have already given you face and stepped down the steps for you, but you don't appreciate it! What on earth do you want to do?"

"What?"

Ye Feng suddenly smiled and said: "The blow you just made contained a deep killing intent. Do you think I didn't sense it? So you should know very well what I want to do now. All I want to do is kill." you!"

Wow!

Almost as soon as Ye Feng finished speaking, the entire venue was in a state of excitement.

Kill the saints!

That is a great sin!

Even Chu Tianji, the number one saint of Poseidon Academy and the top genius of the third holy realm, did not dare to do this blatantly.

But this Ye Feng dared to say such words.

The cold man immediately shouted in horror: "Even Senior Brother Chu Tianji doesn't dare to kill the saint, you dare to kill me?"

Ye Feng laughed loudly, his eyes full of anger, and said: "Chu Tianji? If he doesn't dare, must I not dare? Hahaha! Who stipulated this? No one in this world can define me! It's me! Everything I do doesn't need to be compared to anyone else!"

"boom!"

At this time, Ye Feng said, suddenly increasing his strength, and the cold man's entire seven orifices began to bleed.

"ah!!"

He let out a shrill howl, making everyone on the field feel extremely frightened.

"Ye Feng, you are simply lawless!"

Suddenly at this moment, a

An old man in a robe suddenly arrived.

"It's Elder Gu Yun from the inner courtyard!"

"He is one of the honorary guests of Tianji Peak. This cold man is probably a member of Tianji Peak, under the command of Senior Brother Chu Tianji."

"Then it makes sense. No matter how powerful Ji Changkong, the young dragon master of Dragon Palace, is, no matter how much wealth he is given, he cannot persuade a powerful saint to provoke Ye Feng. Chu Tianji is Ji Changkong's friend. , Chu Tianji may have been involved behind the scenes."

At this moment, many people saw Elder Gu Yun arriving, and they couldn't help but speculate.

The moment Elder Gu Yun arrived, three caves appeared around him.

In every mouth of the cave, there is a cold air that seems to be able to freeze everything, and ice flames are burning.

"That is the innate ice flame taken from the depths of the extreme northern ice field. It was actually smelted by Elder Gu Yun into his own cave. It is really amazing!" A young male student couldn't help but exclaimed. Make a sound.

Another male student next to him had extremely envious eyes and said, "Elder Gu Yun doesn't have this kind of ability. It must be the innate ice flame that was gifted to Elder Gu Yun by Senior Brother Chu Tianji. After all, Elder Gu Yun has an inner body. The dean is a super strong man in the ninth level of the Cave Heaven Realm, second only to the legendary martial arts saint. He is Chu Tianji's right-hand man, so Chu Tianji will naturally train him well."

Many people around felt the terrifying aura and coercion falling on them.

Elder Gu Yun is an existence at the peak of the ninth level of the Cave Heaven Realm. At this time, he deliberately revealed his strength and released all the three caves he had condensed, surrounding himself, giving people an extremely powerful suppression. feel.

Everyone couldn't help but retreat. It was obvious that Elder Gu Yun was a heavyweight, even in Tianji Peak.

Elder Gu Yun's eyes were extremely indifferent as he stared at Ye Feng and said: "Ye Feng, let go of the members of Tianji Peak. Tianji Peak was founded by Chu Tianji. You know what will happen if you offend Chu Tianji. "

Elder Gu Yun's words were very indifferent. He looked down at Ye Feng and looked down from above. He was not compromising at all, but giving orders.

Ye Feng suddenly smiled and said, "An old dog of Chu Tianji's? Is he worthy of teaching me a lesson?"

"You...! Presumptuous!"

The color of Elder Gu Yun's face immediately changed. His originally indifferent face suddenly turned into a ferocious one, and he said, "Little brat, what did you say?"

Ye Feng suddenly yelled: "I said you are an old dog! Now you hear it!"

Ye Feng's roar was so loud that it almost spread thousands of kilometers around the entire palace.

All the people gathered on the field heard it, and everyone was shocked.

"What? Is this Ye Feng so brave? How dare he say in public that Elder Gu Yun is an old dog of Chu Tianji's?"

"Hmph, this Ye Feng is dead! It's enough to teach a saint a lesson, but he dares to offend a big shot in Tianji Peak."

"Hehe, I think Ye Feng is right. Isn't Elder Gu Yun just an old dog under Chu Tianji? As the elder of the Law Enforcement Hall, he has never ignored the rules of the academy, favored the members of Tianji Peak, and acted in a domineering manner. As a blessing, many students are miserable."

Discussions immediately broke out among the crowd.

Some people think Ye Feng is too arrogant, but others think Ye Feng's words are very relieving.

"Baby, you are looking for death!"

Elder Gu Yun suddenly burst out with extremely violent murderous intent. He stared at Ye Feng with his eyes and said coldly: "Don't be so arrogant. I have noticed your cultivation a long time ago. You are indeed amazing and stunning. Short-term." You have entered the Cave Heaven Realm in just half a year, but I can feel that your cultivation is just the first time you have entered the Cave Heaven Realm, while I am a peak existence of the ninth level of the Cave Heaven Realm! Moreover, I am the elder of the Law Enforcement Hall, so you are attacking the saints! , you even dare to insult me in public, disrespect the law, and break the rules of the academy. I have the right to kill you on the spot! But I will give you a chance to let go of the people in your hands. Maybe this elder will consider..."

"Don't think about it."

Ye Feng suddenly made a sound. He suddenly squeezed his palm fiercely, and with a "poof" sound, the cold man imprisoned in the big crystal hand, a powerful saint in the tenth level of the Divine Aperture Realm, was instantly crushed. He was so useless that he was squeezed to death by Ye Feng.

Chapter 615: Slander

"Pinched...crushed to death?"

At this time, everyone was stunned when they saw the sudden scene of the cold man being crushed into pieces.

Even Elder Gu Yun's old face suddenly became dull. He obviously didn't expect Ye Feng to be so lawless and actually killed a saint directly.

"Too cruel!"

Everyone who had come to their senses at this time was extremely shocked.

Killing a saint in public in the academy is something that no one has ever dared to do. Ye Feng was the first!

"Even if Ye Feng wants to establish his authority, he is going too far! This time he must have completely offended Tianji Peak!"

"Not only that, he also completely violated the laws of our Poseidon Academy. This kid was fooled. He didn't have enough patience. He really killed that cold man."

"A small impatience will mess up a big plan. It seems that this Ye Feng is not a big deal."

At this time, some people in the surrounding crowd couldn't help but sneer.

"A small leak will sink a great ship?"

Ye Feng's eyes suddenly turned cold, and his soul power burst out in an instant, locking onto the person in the crowd who said this.

It was a man from the Dragon Clan who was born with two horns and was from the Dragon Palace. He was standing in the crowd, hiding in the crowd, secretly speaking mocking words to Ye Feng.

"Do I count as a person? Who are you, and you dare to judge me? You are from Dragon Palace, right? I heard you say mocking words to me several times just now, and you just stood in the crowd, not daring to show your head. , The villain in the dark has a very vicious mouth, do you think you are innocent of what you say? No! I will catch you with my own hands, and you will pay for what you said!"

Ye Feng spoke out word by word, his tone full of hostility.

"boom!"

He immediately took action and grabbed the person from the Dragon Palace. In an instant, he pinched the person from the Dragon Palace and directly destroyed his cultivation.

"ah!"

The man from the Dragon Palace screamed in agony, his eyes extremely desperate.

hiss!

When everyone saw this scene, they were all shocked by Ye Feng's ruthless methods.

"Ye Feng, you are too presumptuous! Do you still take this elder seriously? Do you take the rules of the college seriously?"

Elder Gu Yun's anger finally reached the extreme, and he roared instantly: "It's frozen for thousands of miles!"

boom!

In the three holes floating in the sky behind Elder Gu Yun, the innate ice flames suddenly shined brightly, and instantly rushed out of three long rivers of ice, heading towards Ye Feng's cover.

This is the innate ice flame that Elder Gu Yun cultivated in his cave. It has extremely terrifying ice energy. Although it looks like a flame, it is actually a terrifying cold energy that can freeze and wither a person's life in an instant.

"Elder Gu Yun is showing off his power, hurry up and retreat!"

No

The academy saints at the Shaodong Heaven Realm level could not help but change their colors at this time.

Elder Gu Yun himself is a being at the pinnacle of the cave heaven realm, and he has even cultivated the cave heaven of innate ice flames. At this time, when a long river of cold energy breaks out, it really seems to be able to freeze everything.

Ye Feng sneered and said: "I am so crazy today, not because I am brave and foolhardy, but because I have this strength! Today, I will let you see, let me hide in the crowd, or hide in this palace square. All the people in the dark around who want to deal with me, see if you have such courage and confidence before you deal with me!"

boom!

A terrifying and huge aura suddenly rose from Ye Feng's body, almost penetrating the nine heavens, covering the sun and moon, and the entire world was dimmed for an instant, giving everyone a sense of terror as the world was turned upside down and the rivers changed color.

"Elder Gu Yun, do you think you can suppress and kill me easily? Impossible! Although your innate ice flame is powerful, do you know that I understood the sun in the sky a few months ago? Really, this palm of mine is called Burning Heaven Palm, let's see if I can defeat you."

Ye Feng laughed loudly, and slapped his other hand directly in the direction of Elder Gu Yun's attack.

This palm is the Burning Heaven Palm, which melts the true meaning of the sun.

"Boom!"

In an instant, a small golden sun burst out from Ye Feng's palm, exuding a strong and dazzling sun light, forming a big flaming hand in the void.

It was as if the ancient Sun Saint King had revived, and he grabbed it with one hand. It was as if a real sun had struck down from the nine heavens. The momentum was so terrifying that it was about to burn up the eternal blue sky and destroy eight wastelands and ten lands.

"What? At such a young age, you actually understood the true meaning of the sun and incorporated it into your own martial arts? Specifically to restrain the cold energy of my innate ice flame?"

Elder Gu Yun was immediately shocked. He saw the mighty hand of flames, like the sun coming down, burning in all directions. Nothing could stop it. Everything could only be burned, destroyed, burned to ashes, and scattered in the wind.

"ah!"

Elder Gu Yun roared at this time, and his long river of innate cold energy was instantly evaporated by the terrifying hand of the sun's flames. He screamed, because Elder Gu Yun's whole body was also ignited, and he became a burning man. , burning crazily, unable to extinguish the flame.

Ye Feng's Burning Heaven Palm has obviously reached a very terrifying level now. When the palm is blasted out, it is like the flames of the sun falling from the nine heavens, burning the earth and destroying everything. Even Elder Gu Yun, who is in the Cave Heaven Realm, The veteran strong men of the Tenth Heaven were unable to resist, their whole bodies were ignited with flames, and they howled miserably.

"hiss!"

Countless people around saw this scene, and their scalps were numb with horror!

This Ye Feng is too powerful!

He had only disappeared for half a year. After his return, his cultivation strength had actually improved to such an extent that even an established peak powerhouse in the Cave Heaven Realm like Elder Gu Yun was unable to fight against him and was suppressed miserably by him.

"Ye Feng! You were only in the life-threatening realm half a year ago. In just half a year, you have broken through to the cave-heaven realm! This is absolutely impossible! You have disappeared into the wilderness in the past six months. Have you been invaded by demons and become a demon? The puppet has become so powerful, it must be like this!"

Elder Gu Yun roared loudly at this time, his eyes full of resentment.

At this time, his whole body was burned beyond recognition by the true fire of the sun, and his hair was all burned away. He was very miserable.

"Am I the demon's puppet?"

Ye Feng laughed loudly: "Elder Gu Yun, you can't beat me and you want to frame me? Fortunately, you are still the elder of the Law Enforcement Hall. I think you can't even distinguish the most basic things. What qualifications do you have to be an elder of the Law Enforcement Hall? ? So for the sake of all the students in the academy, and for the sake of fairness and justice, I will act on behalf of Heaven and kill you, the ambitious Elder Gu Yun!"

boom!

Ye Feng took a sudden step, and his whole body instantly crossed the distant space and stood directly in front of Elder Gu Yun.

"Ye Feng, what are you going to do?"

When Elder Gu Yun saw Ye Feng suddenly appearing in front of him, he was immediately shocked and shouted to the people around him: "This Ye Feng has gained such a powerful strength in just half a year, which is equivalent to that of others in ten years or even several decades." After ten years of hard training, normal people cannot achieve this. He must have been controlled by some ancient demons in the wilderness! Otherwise, no matter where he went in the past six months, he would not have achieved such an achievement!"

At this time, Elder Gu Yun said this, which immediately aroused the doubtful eyes of many people around him.

"Yes, this Ye Feng, even though he is an emperor-level genius, has the strength to rival the veteran powerhouse in just six months. It is really strange."

"That's right. I also think Elder Gu Yun is right. This Ye Feng disappeared in the wilderness for half a year. He was probably controlled by the demons of the wilderness. He used the demon's energy to empower his cultivation and became like this. sharp."

"I agree with your statement. Ye Feng dared to kill the saints in the academy in public without any taboos. He must be possessed by a demon to become so bloodthirsty!"

At this time, many thoughtful people on the field were talking and talking, and then everyone in the field was led into a rhythm and yelled, and the whole scene suddenly became a little out of control.

Elder Gu Yun stared at Ye Feng fiercely at this time, and said with a cold smile: "Little brat, you have a demon in your body. You are no longer a human race, but a lackey of the demon in the wilderness. You are full of evil demons." I've noticed it a long time ago, don't think you can hide it from everyone if you hide it deeply!"

At this moment, Elder Gu Yun smiled ferociously. These words were completely slanderous.

Kill people and kill your heart.

But now the entire field has become chaotic. No one cares about who is right and who is wrong. Everyone has been deceived by Elder Gu Yun's words.

"A demon has entered the body?"

Ye Feng suddenly grinned and said: "Okay! Elder Gu Yun, just open your dog eyes and take a good look to see if I am a demon!"

boom!

At this moment, Ye Feng directly activated the Ten Emperors Body Training Technique. The noble ancient human emperor's aura burst out directly from his body. The ten majestic human emperors' phantoms stood around Ye Feng, filled with energy. Infinite power.

At this moment, the power bursting out of Ye Feng's body was pure and masculine, vast and boundless. The blood of the human race was boiling, and the power of the emperor was shocking.

"This is the legendary Ten Emperors body-building technique! And this is the purest energy of the Human Emperor!"

"Only the unparalleled geniuses in our human race can cultivate the purest human emperor's energy and human battle blood in the Ten Emperors Body Forging Technique. Ye Feng can never be a demon!"

"That's right! He is a true emperor-level genius! He is a true eternal genius of our human race!"

At this moment, everyone was conquered by the pure spirit of the ancient human emperor in Ye Feng.

No one doubted that Ye Feng was possessed by the Great Wilderness Demon anymore, and Elder Gu Yun's words became a complete slander.

"How could this happen? The Ten Emperors' Body Forging Technique? Hasn't this inheritance been lost for countless years? Why does this kid possess the Ten Emperors' Body Forging Technique?"

Elder Gu Yun's cold and proud expression suddenly became stiff.

"ah!!"

But before Elder Gu Yun could think anything, a cold crystal palm, like a war spear, instantly pierced Elder Gu Yun's body and chest with a "pop" sound.

"No?!!"

Elder Gu Yun suddenly let out an earth-shattering roar: "Little brat, you dare to kill me?!"

"A person like you will only be a scourge in this world and a shame to our Poseidon Academy. As a saint and a proud human being, I have the responsibility to kill you. I am just cleaning up the school!"

Ye Feng smiled coldly, and his eyes were like knives, piercing people's hearts and directly activating the true sun fire.

"ah!"

Elder Gu Yun's whole body burned in an instant. This time he could no longer resist the true fire of the sun, and was burned to ashes amidst bursts of chilling howls.

"hiss!"

Countless people around him couldn't help but gasped when they saw this scene.

"This son is worthy of being an emperor-level genius!"

At this time, many people finally couldn't help but sigh.

What Ye Feng did today was really shocking, and everyone was really shocked.

Chapter 616 Chu Tianji arrives

quiet!

Deadly quiet!

At this time, the entire field fell into a dead silence.

Everyone looked at Elder Gu Yun being burned to ashes, and their hearts felt extremely cold.

Because Elder Gu Yun is not an ordinary person.

He is the distinguished elder of the Law Enforcement Hall, and his cultivation is at the peak of the ninth level of the Cave Heaven Realm.

Only one step away from entering the legendary holy realm of martial arts!

Therefore, such a strong person, even in Poseidon Academy, is still unattainable in the eyes of countless talented students.

On weekdays, when seeing such a powerful being, I would probably not even dare to say a word.

But now, they saw the fall of a great man with their own eyes.

And it was a complete death, burned directly to ashes, which was very miserable.

"I'm afraid this Ye Feng has completely offended Tianji Peak. Killing a saint and an elder of the Law Enforcement Hall in Tianji Peak all at once is really a big move."

At this time, many people were extremely horrified.

Even the academy saints standing in the crowd were shocked by everything that happened today.

If there had been internal fighting in the academy before and a few elite students from the Vientiane Realm died, it would have been enough to shake up the entire academy.

But today, Ye Feng returned after half a year. Someone behind the scenes set up a conspiracy to secretly destroy Ye Feng, the emperor-level talent. However, in the end, Ye Feng was very iron-blooded and directly killed all those who stood in his way.

This is definitely a huge shock to the entire academy!

"Buzz!"

Suddenly at this moment, a terrifying aura appeared that made people extremely frightened.

It descended from the nine heavens and enveloped the entire place in an instant.

"What a terrible sense of depression!"

At this moment, everyone felt that their bodies could not move.

a body

The young man in white walked down from the clouds in the sky.

He stepped in the air and walked down from high altitude, as if he were walking on an invisible void staircase. His footsteps were ethereal, giving people the feeling of a flying fairy.

"Chu Tianji!"

When everyone saw the figure of the young man in white, their eyes were extremely shocked.

Unexpectedly, this divine dragon appeared without seeing its head or tail.

Chu Tianji is one of the most amazing and talented people in the Southern Territory in this era. He is good friends with Ji Changkong, the Young Dragon Master of the Dragon Palace, and there are many top geniuses from the overlord forces who have a deep relationship with Chu Tianji.

From this terrifying network of relationships, it can be seen that Chu Tianji is an extremely tyrannical being.

It is rumored that he entered the holy realm of martial arts three years ago, and obtained all the wealth and inheritance of the great sage of the void from an ancient ruins. He holds the ultimate holy weapon in the void realm, and under the blue sky, the void is revered. , the methods were terrifying to the extreme.

The Great Sage is a high-level saint among the ancient saints. Even in the ancient golden age of cultivation, he was an unrivaled figure.

Therefore, in the past three years, Chu Tianji's cultivation level has skyrocketed and he has made breakthroughs one after another. His current strength is even more unfathomable. Some people say that he is about to enter the fourth holy realm. It is really amazing to see his good fortune and peerless talent.

It is said that Chu Tianji has recently joined forces with Ji Changkong, the young master of the Dragon Palace, as well as the devils of the Nether Demon Sect, Jin Chensha, the eldest prince of the Holy Ancestor Dynasty, and the young master of the Taixuan Sword Sect. , formed some kind of Southern Territory Prodigy Alliance.

This Southern Territory Prodigy Alliance includes all the first-class and top geniuses in the entire Southern Territory. They have great ambitions and want to unify the entire human cultivation world in the Southern Territory.

Chu Tianji is now the deputy leader of the Southern Territory Human Race Prodigy Alliance, with great power.

He is a high-ranking figure not only in Poseidon Academy, but everywhere in the Southern Territory.

Chu Tianji's Tianji Peak has attracted countless strong men and masters from the academy, and even many powerful elders have joined.

In the eyes of many people, Chu Tianji is simply a legend.

Not only the legend of Poseidon Academy, but also the legend of the entire Southern Territory!

So at this time, Chu Tianji suddenly arrived, and everyone couldn't help but stare at Chu Tianji in horror.

The recognized No. 1 saint of Poseidon Academy, his cultivation and strength are already comparable to those of many elders in the academy.

There are even rumors that Chu Tianji once went to the small world deep in the academy and defeated a supreme elder in the third holy realm.

Although I don't know if this rumor is true or not, it can be seen that Chu Tianji is very powerful and his cultivation is as profound as the abyss of the ocean.

No one knows how powerful he is, no one knows where his limits are.

Chu Tianji even asked the masters and strongmen in Tianji Peak to leave Poseidon Academy and enter the mortal world to build Tianji Temple and build their own sculptures.

These powerful people from Tianji Peak have used their magical powers to bring down rain or lift the winter ice and snow in mortal countries, allowing mortals to believe in Chu Tianji and reaping the power of countless faiths. Therefore, with the help of this power of faith, Chu Tianji has become more and more powerful. The stronger.

In fact, the way of cultivation of ancient saints often relied on harvesting the power of mortals' faith.

Because faith is the purest energy in the world, without any impurities, very pure and transparent.

Ye Feng is very clear about the benefits of the power of faith. He once enjoyed the baptism of the power of faith in the Lihuo Empire.

And even though Ye Feng has now returned to the Southern Region, he can still receive the power of faith from the Lihuo Empire to cleanse his body every day and night.

Strengthen his cultivation because Ye Feng's life soul has been integrated into the Lihuo Empire's national luck stone.

"Are you Ye Feng, an emperor-level genius who is rare to see in a thousand years in our southern region?"

Chu Tianji was standing high in the sky with his hands behind his back. He looked like a young man in white, but that did not represent his age. It was just that after cultivators reached the holy realm, they could change their appearance and rejuvenate their youth.

At this time, Ye Feng felt huge pressure on his shoulders, like two mountains pressing down.

"Kacha kacha..."

At this time, the jade steps under Ye Feng's feet were cracked with cracks, which was enough to show what kind of terrifying pressure Ye Feng was under at this time.

However, now that Ye Feng faces the martial arts saint, he is no longer the ant-like existence he was back then.

Ye Feng stood with his head held high, neither humble nor arrogant, proud and straight, with a big spine like a big gun, standing proudly under the sky, as if it could pierce the sky.

Ye Feng looked at Chu Tianji high in the sky, his expression calm as usual, and said: "Yes, I am Ye Feng, the emperor-level genius in the Hundred Dynasties War. I wonder what senior brother Chu Tianji does?"

Many people saw that Ye Feng was neither humble nor arrogant, calm and calm when facing a legendary figure like Chu Tianji, and they couldn't help but secretly admire him in their hearts.

If they had faced Chu Tianji, their legs and feet would have become weak.

Chu Tianji's authority in Poseidon Academy was very profound.

Even many powerful elders in Poseidon Academy must be respectful when meeting Chu Tianji, the number one saint.

"You are so brave, you dare to ask me why I am here now?"

Chu Tianji suddenly smiled, very coldly, and said lightly: "What are you doing? You killed two members of Tianji Peak in public. This is a serious crime. Do you know, it is enough to make you die ten thousand times. "

Chapter 617 Three months

At this time, Chu Tianji spoke with an extremely heavy tone. His cultivation level was indeed terrifying. As soon as his words became cold, the weather in the surrounding world suddenly became colder.

The temperature between the entire sky and the earth suddenly dropped below the freezing point. In the sky where the sun was shining brightly, heavy snow fell like goose feathers.

"With a thought, the world changes, and with a word, snow falls on the sky and the earth. What kind of terrifying cultivation is this!"

Everyone looked at the snow falling in the sky with extremely shocked eyes.

Many old people who were secretly observing in the academy couldn't help but exclaimed: "This Chu Tianji used to be infinitely close to the emperor-level genius. Now he has received the inheritance of the Great Sage of the Void, and seems to have also obtained the wealth of other big shots. I'm afraid. His qualifications have reached the level of an emperor's genius!"

At this moment, Ye Feng instantly felt an icy-chilling murderous intent that poured down from the sky crazily and landed on him.

At this moment, Ye Feng felt that all the energy and blood in his body was about to freeze. Even if he was running the Divine Art of Creation, his flesh, flesh and bones were being destroyed rapidly.

"This Chu Tianji is worthy of being the number one saint in a martial arts holy place like Poseidon Academy! What a terrifying cultivation level!"

Ye Feng was secretly shocked. In fact, he also guessed that Chu Tianji had such strength.

But Chu Tianji wanted to kill him in Poseidon Academy, which was simply a delusion.

Buzz!

At this moment, a young man wearing cyan black clothes stood in front of Ye Feng.

Bai Yuchen turned back slightly, smiled and said: "Feng'er, you are back after all. The world said that you died in the wilderness, but Master knows that you will not fall so easily."

Ye Feng felt the pressure all over his body relax, and he immediately raised his hands and said, "Disciple, pay homage to master."

"Brother Ye Feng."

At this moment, a graceful and beautiful figure rushed over from not far away and immediately fell into Ye Feng's arms.

Nangong Muxue leaned her little head on Ye Feng's arms and whispered: "Ye Feng

Brother Feng, you are finally back, Xueer was worried about you to death, you are finally back..."

Holding Qianying in his arms, Ye Feng finally felt a warm feeling after wandering for so long.

Ye Feng was holding Nangong Muxue at this time. He was not as excited or satisfied as he had imagined, but instead felt a silent sense of happiness and security.

I don't know when, this girl Muxue has become my warm harbor.

"It turns out that Junior Brother Ye likes cute girls." In the crowd, Murong Yunyin couldn't help but said in surprise.

She stared at Shui Bingyan beside her with her beautiful eyes, and happened to see Shui Bingyan looking at the figure of Ye Feng and Nangong Muxue hugging not far away. There was actually something in the beautiful eyes of this water tribe princess. There was a sense of happiness, as if he was the one being embraced by Ye Feng.

Murong Yunyin sighed softly and said slightly: "Junior Sister Bingyan, Senior Sister will give you a piece of advice. If you want something, take it yourself. Nothing in this world is fixed, especially things like feelings."

Shui Bingyan shook her head, a bitter smile appeared on her beautiful face, and said: "I am very satisfied that I can quietly watch Ye Feng's happiness from a distance. I don't want to ruin their relationship unless When one day Ye Feng stops loving Junior Sister Mu Xue, maybe I will appear next to Ye Feng, waiting for him to love me again..."

Murong Yunyin stared at Shui Bingyan in surprise, as if she didn't expect that this princess of the water tribe who was so cold in the eyes of countless people could actually have such an infatuated side.

However, Murong Yunyin looked at Ye Feng, who was not far away and was blooming with endless brilliance under the spotlight. Beauties love heroes. It seemed that Ye Feng also had the qualifications to move so many proud girls.

At this time, on the steps of the palace.

Bai Yuchen stood in front of Ye Feng and Nangong Muxue, blocking all wind and rain for the two young people.

He stared at Chu Tianji high in the sky and said calmly: "Chu Tianji, if your true form comes, maybe I will still be wary of you, but now you are just a spiritual clone coming, so don't make yourself look like No. 1 in the world, I'm standing here today, so don't try to take action against my disciple Ye Feng."

What?

Is the Chu Tianji in front of me just a spiritual clone?

Hearing Bai Yuchen's words at this time, everyone around him couldn't help but look shocked.

How far had Chu Tianji's cultivation reached now that a single spiritual clone could make tens of thousands of people on the field breathless at the same time?

It's too scary!

Many people suddenly mourned for Ye Feng at this time, offending Chu Tianji, which was a disaster.

Chu Tianji stood high in the sky. At this time, he stared at Bai Yuchen below. He stared coldly for a while, and then said indifferently: "Although you are my master, Dean Wuji's younger brother, I should call you Uncle Master, but I am about to enter the fourth holy realm now, and my cultivation level is even stronger than yours, so you are not qualified for me to call you Uncle Master. I will give you Bai Yuchen a face this time, but wait until I retreat for three more days. In a few months, when I step into the fourth holy realm, my strength will make even the quasi-sage no longer afraid. At that time, this Ye Feng will die. At that time, Bai Yuchen, if you dare to stop me, I will I will kill you directly. You are the top genius of the previous generation and once amazed the entire Southern Territory. However, you have been disabled for decades. Now even if you find a way to get rid of the poison in your body and restore your cultivation, you will not be able to do it again. He will never be able to return to the glorious achievements of the past. The same goes for your apprentice Ye Feng. Although he is extremely talented, his background is too weak. Like an ant, if he cannot get up, he will be strangled by many powerful enemies. This era will only be controlled by me. "

Chu Tianji's words were full of monstrous edge and domineering. He was like the aloof, the only supreme being in the nine heavens.

After saying this, Chu Tianji's figure slowly dissipated high in the sky.

At this time, everyone could finally breathe a long sigh of relief. \u003c

br\u003e

"Ye Feng's next journey of cultivation will probably be extremely bumpy."

Many people's eyes were full of regret.

"Although this Ye Feng is an emperor-level genius, he has not grown up after all. Today he has completely offended Chu Tianji. Even if Chu Tianji has to stay in seclusion for three months, in three months, Ye Feng will not be able to make a breakthrough no matter how fast he is. Can't fight against Chu Tianji."

"And in the future, there will definitely be many masters and strong men from Tianji Peak who will secretly trip up Ye Feng and kill him. His road will be bumpy."

Many old people in the academy couldn't help but sigh and left one after another.

No one thought that Ye Feng could compete with a terrifying figure like Chu Tianji.

What's more, Ye Feng's enemies are not only Chu Tianji, but also Ji Changkong, the young dragon master of Dragon Palace, who is extremely jealous of Ye Feng and wants to get rid of him at any time.

"There are internal and external troubles."

Even Bai Yuchen murmured in a low voice at this time.

He looked at Ye Feng and Nangong Muxue behind him and said, "Go to my place first. Don't worry, Feng'er. As long as Master is with you, you will be safe. Anyone who wants to kill you must step over Master's body."

Bai Yuchen's tone of voice was very plain, but it was precisely because of this plainness that the promise seemed real and reliable.

Ye Feng's eyes showed a hint of warmth. Such a master deserves his respect.

But then he suddenly said: "Master, don't worry too much. Since I dare to be so crazy and confront Chu Tianji this time, I naturally have my own methods and plans. Master, I will go to your place first, and I will tell you what I am doing." After what I have experienced in the past six months, you will know why I dare to come back at the cusp of such a storm."

Seeing Ye Feng's strong and confident look, Bai Yuchen couldn't help but smile and said: "Okay, let's leave here first and then go to my Dragon Soul Peak. The people in the Law Enforcement Hall don't dare to arrest you. Feng'er, you are where you are now." level, you already have the qualifications and rights to break some college rules without being punished."

Chapter 618 Origin

On Dragon Soul Peak, in an antique pavilion.

Bai Yuchen was sitting opposite Ye Feng.

Nangong Muxue was making tea for the master and apprentice.

The top of the mountain is surrounded by clouds and mist, surrounded by green mountains and green waters, towering above the clouds. There is no secular noise, which makes people feel relaxed and happy.

"Senior Bai and Brother Ye Feng, please have some tea."

Nangong Muxue poured the brewed tea into the ceramic cups on the table in front of them, and then sat down on the left side of Ye Feng very obediently and quietly.

At this moment, in the eyes of this girl Mu Xue, Ye Feng is the whole world.

Now that Ye Feng has returned safely, nothing makes Nangong Muxue happier than this.

Ye Feng looked around and felt relaxed and happy. He felt that his whole heart suddenly calmed down.

He couldn't help but smile bitterly and said: "Master, I didn't expect your old man's living environment to be so good. I'm really envious. I've been living on the move for the past six months and I'm really tired."

Bai Yuchen took a sip of the tea in the cup and smiled: "Where have you been in the past six months?"

"Northern Xinjiang."

"Northern Xinjiang?"

Bai Yuchen's hand holding the teacup froze, and he asked in surprise: "How did you get to the land of Northern Xinjiang?"

Ye Feng recalled that day and said: "I was fighting with Mr. Evil Sword at that time. I used Thunder Tribulation to destroy Mr. Evil Sword, but I myself also suffered huge injuries and ran to the other side of the wilderness in a daze. , fell into the Longyuan River..."

Bai Yuchen's eyes moved at this time, and his eyes seemed to have memories, and he said: "I didn't expect Feng'er that you would live in the land of Northern Xinjiang. But having said that, I once had a friend in the land of Northern Xinjiang. His name is Jun Wuji. He was the illegitimate son of Emperor Lihuo of the Lihuo Empire, the dominant force in Northern Xinjiang. That was decades ago. We participated in the Five Domains True Dragon Competition of Longyuan Continent together and experienced together in the ancient ruins. Unfortunately, we haven't seen each other for a long time. No. Do you know how he is now, whether he has been accepted by the Lihuo Empire."

"What? Jun Wuji? Isn't that the Immortal King! Master, you and he were friends who fought together?"

Ye Feng's eyes showed deep surprise. He never thought that the Immortal King far away in the northern land was actually an old friend of his master Bai Yuchen.

Bai Yuchen also looked happy and said: "King of Immortality? That guy Jun Wuji has now become the prince of the Lihuo Empire? It seems that the senior Emperor Lihuo finally accepted brother Wuji, Feng'er, you don't know , I helped him grab the treasure of the Great Wilderness Battle Map in Jun Wuji's hands. Of course, he also helped me kill a Great Wilderness Dragon in the northern Xinjiang land, allowing me to take the final step of forging the body of a true dragon. "

Ye Feng took a deep breath. Unexpectedly, he

There is still such a connection between Master Ji and the Immortal King Jun Wuji.

But it's normal to think about it. Master Bai Yuchen and Changsheng Wang Junwuji were figures of the same era. At that time, Bai Yuchen was the top talent in the Southern Territory, and Changsheng

Wang Junwuji was the top talent in the Northern Territory. The two met each other, but it turned out that It's not surprising, I just didn't expect the two of them to have such a good relationship.

"If I had known earlier, I would have reported my name as master and started a relationship. Maybe the King of Immortality can give me some more benefits."

Ye Feng couldn't help but sigh secretly in his heart.

"Now that you, Feng'er, have met Jun Wuji, how is he doing now?"

Bai Yuchen couldn't help but asked with great interest when he heard about his old friend.

"The King of Immortality is a man of great talent and strategy, and is already the most legendary figure in the Lihuo Empire."

Ye Feng said aloud: "However, great changes have taken place in the Lihuo Empire..."

Next, Ye Feng recounted everything he experienced in the Lihuo Empire.

The girl Nangong Muxue was frightened when she heard this. She didn't expect that Ye Feng would actually witness the rise and fall of a great empire and the war between three clans in the land of northern Xinjiang.

Bai Yuchen heard about the death of Emperor Lihuo, the disintegration of the Lihuo Empire, the final battle to defend the imperial city, and the final confrontation between Ye Feng and the King of Immortality in the Great Wilderness against the Barbarians, Monsters and Blood Demons. Even Bai Yuchen, An old man felt a little frightened.

Finally, Bai Yuchen took a deep breath and said: "Feng'er, I have to say that you are really lucky that you didn't die, but that guy Jun Wuji didn't treat you badly, and he actually let you risk your life." It is imprinted in the National Luck Stone and can be blessed by the Lihuo Empire's luck, which is of great benefit to cultivation. "

Ye Feng nodded slightly, and with a thought in his mind, suddenly a space above his head split open, and a large amount of Li Fire Empire's luck poured down, bathing Ye Feng's entire body.

Ye Feng said: "The luck shared with me by the National Luck Stone is getting stronger and stronger. It seems that the next war in the Lihuo Empire is going well. It should be that the two barbarian demon tribes have been driven away and a lot of rivers and mountains have been recovered. "

Buzz!

Bai Yuchen stretched out his hand slightly, grabbed some of the power of luck pouring down from Ye Feng's head, and studied some of it carefully.

He smiled and said: "That guy Jun Wuji will probably become emperor."

Ye Feng shook his head and said: "No, when I finally left the Lihuo Empire, the Changsheng King had announced that he would fully assist Princess Jun Qianxi of the Lihuo Empire. Jun Qianxi might become the most powerful princess of the Lihuo Empire.

The first female emperor in all ages. "

Bai Yuchen nodded and said: "Jun Wuji is a cultivator and a martial arts fanatic. He did not proclaim himself emperor, but instead assisted his sister to ascend to the throne of God. It is reasonable and not an exception."

At this time, Nangong Muxue suddenly spoke up and asked: "Brother Ye Feng, that Princess Lihuo can actually become the empress. She must be so magnificent that she will conquer the country and the city."

Ye Feng glanced at the girl in white clothes and snow next to him in surprise. He didn't expect Nangong Muxue to ask such a question.

However, Ye Feng still nodded and said truthfully: "Although Princess Lihuo is born as a girl, she is talented and has great ambitions. Her ambition is to make everyone in the world like a dragon, strong and self-reliant. She is indeed A woman of astonishing talent and beauty..."

"Ahem!"

Suddenly Bai Yuchen coughed slightly, interrupting Ye Feng's words.

Ye Feng was a little confused and asked: "Master, what's wrong with you? Drink some tea to moisten your throat."

At this time, Bai Yuchen winked at Ye Feng, then looked at Nangong Muxue and said: "Girl Mu Xue, you have awakened the bloodline and martial spirit of the ice and snow dragon, and have been accepted as a disciple by my senior brother, Dean Wuji. Your future is also bright. There is light."

Ye Feng suddenly turned his head and saw Nangong Muxue's little expression that looked like a smile but not a smile. He couldn't help but realize that he seemed to have praised Princess Lihuo too much.

But Ye Feng didn't think anything of it. After all, the two people in front of him were his closest people, so it didn't matter if he showed his true nature.

"By the way, when it comes to Dean Wuji, I remember it."

Ye Feng looked at Bai Yuchen and said with some solemnity: "Master, the last time Ji Changkong of Dragon Palace came to welcome the bride, I heard others said that your senior brother, Dean Wuji, did not object, but directly let Ji Changkong's wedding team come in, If you weren't in the academy, Master, the consequences might have been disastrous."

Bai Yuchen's face also turned cold, and he said: "Since my senior brother became the dean of Poseidon College, he has become different from before. I don't know that someone in a high position would be like this, but senior brother, he has indeed changed. He has changed." Much more tactful and ruthless."

Nangong Muxue remained silent at this time. Although she was a registered disciple of Dean Wuji, she did not get any support from her master.

Ye Feng thought for a while and said to Nangong Muxue: "Xue'er, why don't you just quit Dean Wuji's door and join my master's staff."

Bai Yuchen shook his head and said: "Mu Xue, this girl has awakened the extremely rare Ice and Snow Dragon bloodline and martial spirit. She has unlimited potential. It's better than Feng'er you."

Her potential is actually even greater, so her best choice now is to still worship under my senior brother, because my senior brother has the right to take Xue'er into the Poseidon Space of Poseidon Academy and receive the baptism of the ancient Poseidon. If everything goes well, this girl Mu Xue may very well have the opportunity to obtain the inheritance of the ancient Poseidon from the Poseidon space. female! "

Ye Feng nodded and said: "Such a great opportunity cannot be wasted easily. Then Xue'er, you should become a disciple and practice first. The master is here, and now I am back, ready to establish my own power. No one dares to challenge me." How are you, Xue'er?"

Bai Yuchen said: "Feng'er, actually you don't have to think of my senior brother, Dean Wuji, as a big evil person. As the dean of Poseidon College, he needs to command everything in the entire college. He has a lot to consider in his position. So he won't be partial to anyone, he will only look at everyone's achievements to determine the weight of that person in his mind. For example, Chu Tianji is definitely the person my senior brother is trying to protect now, Dragon Palace Young Dragon Master Ji Changkong, my senior brother will not be offended. If Feng'er has grown to the level of Chu Tianji and Ji Changkong, and you are a student of our Poseidon Academy, my senior brother will definitely pay great attention to you, so now, you The most important thing is to do everything possible to improve his cultivation strength within three months. That Chu Tianji is really powerful, an eternal wizard, and has been inherited by the Great Sage of the Void. What I also know is that Chu Tianji seems to be There is also a more terrifying trump card, which seems to be related to the legendary old man Fate. Mastering fate, that is, the power of fate, is very difficult to deal with. You need to become stronger quickly, otherwise you will really be in crisis in three months. "

Ye Feng nodded and said: "Master, don't worry, three months is enough. I now have Xiao He, the judge of the underworld, as a friend. I can buy many forbidden elixirs that are not available on the market from him. Practicing secret arts, etc. In addition, I killed Lu Tian of the Dragon God Society and got a huge fortune, which can be exchanged for a huge amount of contribution points in the academy, which allows me to have enough contribution points to use the academy at will. Various special training places in the world, and this time I powerfully killed a saint, an elder of the Law Enforcement Hall, and forced Chu Tianji away. This time my reputation is so great that as long as I raise my arms, there will definitely be many in the academy. People have taken refuge in me and have their own power and background. Even if Chu Tianji wants to touch me in three months, he still has to consider the consequences. "

Bai Yuchen nodded and said with a very pleased smile: "Feng'er, you have really grown up now and can consider many things thoughtfully. Then my master, I can rest assured. Now hurry up and go to certify the saints of the academy and get your own Mountain Peak Territory, in seven days, I will take you to the Demonic Dragon Island in the West Sea, and I will use the blood of countless evil dragons to help Feng'er build a powerful true dragon body!"

## Chapter 619 Listening to Taoist Sounds

After Ye Feng left Dragon Soul Peak, he walked directly towards the central student hall of Poseidon Academy.

Certification to become a saint of the college is in the central student hall.

What made Ye Feng breathe a sigh of relief was that Tianji Peak's power was still unable to reach the central student hall.

In the central student hall, he directly revealed his cultivation in the Cave Heaven Realm and was immediately certified as a saint of Poseidon Academy.

"Congratulations, you have become a saint of our Poseidon Academy. From now on, you will be a noble existence in Poseidon Academy."

A sweet-looking female elder handed Ye Feng's identity token to Ye Feng. At this time, the identity token had been engraved with the word "saint", which represented the extremely noble status of a saint.

Ye Feng smiled and asked: "After becoming a saint, are there any benefits in the academy?"

The sweet female elder looked at the young man in front of her in surprise at this time, and couldn't help but smile slightly: "You are now a strong man in the cave heaven realm. Don't you still know the benefits of becoming a saint?"

Ye Feng shook his head and said truthfully: "I just returned to the academy. When I first entered the academy half a year ago, I was only a low-level student in the fatal realm, so I really don't know. Please, beautiful elder, can you follow me?" introduce."

This sweet-looking female elder seemed to be very impressed by Ye Feng's words "beautiful elder".

She stared at Ye Feng with her beautiful eyes and said with a smile: "Okay, let me tell you. You should know that our Poseidon Academy has hundreds of thousands of disciples, but there are only a few thousand saints, so each saint Disciples are the most precious wealth of our Poseidon Academy. They all have extremely high talents to become saints. Therefore, saints in our academy, whether they enter the Holy Qi Cultivation Tower or the underground Burning Heart Palace, are

also Or other training places, such as Dragon Pond, Heart Demon Palace, etc., the contribution points consumed will be halved, and when using the small teleportation array in the academy within the southern region, there is no need to pay any spiritual stones, it is free to use , In addition, once a month in the central lecture hall of Poseidon College, a quasi-sage-level Supreme Elder will explain the practice of the holy way. Only saints are eligible to participate, and other disciples are not allowed to enter. "

"A quasi-sage-level Supreme Elder is giving a lecture? Explaining the practice of the holy way?"

Ye Feng's eyes moved, this benefit is very good.

Being able to listen to the lectures of a quasi-sage elder will have a profound impact on your own martial arts practice.

, definitely has huge benefits, it's like standing on the shoulders of giants.

And this is one of the reasons why many casual cultivators want to enter a big force.

Because only by entering the overlord force, there is a very simple and direct way to listen to the lectures of the most powerful quasi-sage.

This is like a saint preaching, something you can meet but cannot seek.

"correct!"

Suddenly at this time, the beautiful elder seemed to have thought of something, and immediately said: "Today seems to be the day when a quasi-sage elder will give a lecture. It only happens once a month. You should hurry up and don't miss it."

"Okay, thank you elder for the reminder!"

Ye Feng's eyes were filled with joy, and he immediately galloped away into the distance.

After finding his direction, Ye Feng moved very quickly and quickly passed through many buildings in the college, finally stopping in front of a magnificent palace.

Buzz!

Buzz!

Buzz!

At this time, the old man's voice came out from the palace. The old man's strength has definitely reached an extremely terrifying level, and his cultivation level is as high as the sky.

At this time, his voice came out from the hall, and even turned into golden sound symbols in the void. Like the sound of the avenue, the sounds turned into tangible golden symbols.

This kind of vision is really astonishing, and it makes people extremely shocked when they see it.

"Hurry up and take a look and listen to the sermons of the most powerful quasi-sage. This is a rare opportunity."

Ye Feng has been killing too much during this period. Entering the temple to listen to the sermons of a quasi-sage and powerful person can cleanse the soul and make the Taoist heart more pure.

When Ye Feng walked into the palace, he immediately saw an old man with an immortal air, sitting cross-legged and suspended in the sky at the top of the palace.

At this time, as he spoke, golden sound talismans flew out from his mouth, turning into golden talismans that filled the sky, floating in the space around hundreds of saints in the temple.

If any saint realizes the Tao, those golden Tao talismans will instantly rush into the saint's body, strengthening their Taoist heart and strength.

So at this moment, hundreds of saints had their eyes closed, listening intoxicatedly, and did not even notice Ye Feng walking in from outside the temple.

At this time, Ye Feng saw that at the other entrances of the temple, some saints also came in, but they did not speak. They sat quietly on the seats in the temple, closed their eyes, and listened to the Taoist sounds. .

At this time, Ye Feng also walked gently to a seat, closed his eyes, and began to listen.

Ye Feng immediately felt his own spirit, wandering in the ocean of cultivation of the quasi-sage and the most powerful person.

Swish, swish, swish...

At this moment, many golden Taoist symbols flew towards Ye Feng's body and merged into his body.

At this moment, Ye Feng's martial arts heart is rapidly becoming stronger and more powerful.

The cave in his body was also spinning rapidly, surging out waves of powerful energy. .??.

The quasi-sage and the most powerful person are absolutely terrifying existences. At this time, Ye Feng absorbed those golden sound talismans and felt that his magic power was growing rapidly, and his cultivation level was also continuing to skyrocket.

Soon we will step from the sixth level of the Cave Heaven Realm to the seventh level!

"boom!"

The seventh level of the Cave Heaven Realm has been broken through!

A powerful momentum surged out from Ye Feng's body.

"Someone broke through!"

At this time, many saints around Ye Feng opened their eyes and stared at Ye Feng's figure with envy in their eyes.

Listening to the holy voice in this sermon hall and achieving a breakthrough in cultivation is not unheard of, but it is very rare.

Because this shows that in this sermon, I really realized something.

"This ends my sermon today. I will continue to preach here on the same day next month."

Suddenly, the quasi-sage elder who was suspended above the high platform of the hall spoke out.

The next moment, this quasi-sage elder had disappeared into the main hall.

middle.

The golden Tao sound symbol that spread throughout the hall also disappeared all of a sudden.

"Let's go, the sermon is over, I'm looking forward to the sermon next month."

"I feel like I have learned a lot this time. I estimate that I will be able to break through to the Cave Heaven realm after I go back to retreat for half a month."

At this time, many saints were discussing in low voices and left the preaching hall.

Ye Feng also opened his eyes at this time and stood up, feeling a little surprised that he had broken through to the first level.

Unexpectedly, his devouring domain could absorb even the Tao sound symbols spoken by the quasi-sage and turn them into his own power. Not only did his cultivation and mana break through, but his martial arts heart became more condensed and stronger.

This time I came to this sermon hall, but I gained a lot. In a few days, I will follow Master Bai Yuchen to the Demon Dragon Island in the West Sea. It is a very dangerous place, so Ye Feng will not let go of anyone who can improve his strength. Opportunity.

"You are worthy of being an emperor-level genius. You broke through the first level within a few hours of coming to the Taoist Hall. It is indeed amazing. However, your breakthrough just now disturbed our practice. Please tell me how to make up for it. Let us beat you up." , or should you kneel down and admit your mistake and hand over tens of thousands of contribution points? "

Suddenly at this moment, an extremely frivolous and cold voice sounded.

Not far away, several saints with evil faces, all carrying the aura of strong men who had cultivated themselves to the tenth level of the Cave Heaven Realm, or even the Half-Step Holy Realm, were walking towards Ye Feng fiercely.

"What? That boy is the legendary Ye Feng?"

"I didn't expect him to appear in the preaching hall. Doesn't he know that there are many members of Tianji Peak in every preaching hall?"

"Ye Feng is in a terrible situation now. He actually met several experts from Tianji Peak, all of whom are at the tenth level of Cave Heaven Realm or half-step Saint Realm. It seems that Ye Feng is going to be severely beaten."

"Hmph, who dares to offend Senior Brother Chu Tianji? A newcomer is really bold. He is destined to have a hard time anywhere in the academy. There must be many people who want to teach such a popular newcomer a lesson, secretly or openly. "

At this time, many saints in the preaching hall who were about to leave stopped one after another, with expressions of watching a good show on their faces.

Chapter 620: One Thousand Two Hundred Times

There were three people in total, all saints of Tianji Peak, two men and one woman.

The martial arts auras of these three people are all extremely powerful, and the weakest one is a perfect being at the tenth level of the Cave Heaven Realm.

The most powerful one is the man in green standing in the middle. His martial arts aura is that of a half-step saint, giving people a suffocating and depressing feeling.

But just when the three people were about to take action, suddenly a ghost-like old man in white flashed into the preaching hall.

He stared at everyone coldly and said: "The preaching hall is extremely sacred and no fighting is allowed."

"See the Supreme Elder!"

When many saints saw this old man in white, they immediately spoke in awe.

Even the three Tianji Peak masters who wanted to cause trouble for Ye Feng fell silent for a while, not daring to make any mistakes.

Uh-huh!

After the old man in white finished speaking, his body moved slightly and immediately disappeared into the hall.

At this time, the man in green clothes in the middle stared at Ye Feng coldly and said: "If you have the guts, come to a life-or-death duel with me."

Ye Feng turned around and heard a voice: "I don't have time to play such a childish duel with you."

The moment he finished speaking, Ye Feng jumped up and his figure had disappeared at the end of the road outside the lecture hall.

"hateful!"

This man in green from Tianji Peak, who was in the Half-Step Saint Realm, looked livid. He didn't expect Ye Feng to just walk away like that.

At this time, the woman beside him suddenly whispered: "It seems that this Ye Feng knew that we deliberately delayed his time and did not let him grow up. He did not duel with us like a few days ago, but left directly. There should be more important things. Before we go into seclusion for three

months with Senior Brother Chu Tianji, we must kill this Ye Feng in order to be appreciated by Senior Brother Chu Tianji. In the future, we can also be in Tianji Peak. step up."

The man in green smiled coldly and said, "Don't worry, Ye Feng can't escape. We will go to his residence tomorrow and block his door."

, I see if this Ye Feng has any other ways to escape. "

...

But the next day, when the three people came to Ye Feng's residence, Ye Feng never came back at all.

There was only a fat, big black cat, eyes narrowed, sleeping on the door.

"Senior brother, Ye Feng went to the Devil's Heart Palace and seems to be sharpening his martial arts skills in order to achieve a breakthrough."

A Tianji Peak disciple stood in front of the three people, clasped his fists and said.

"Let's go to the Devil's Heart Palace."

The man in green's eyes darkened and he spoke immediately.

An hour later, they arrived at the special training place of Demonic Heart Palace.

But Ye Feng was still not seen.

At this time, another Tianji Peak disciple came to report: "Reporting to all brothers and sisters, someone saw Ye Feng absorbing dragon essence in the Dragon Transformation Pond."

"hateful!"

The man in Tsing Yi finally couldn't help it anymore and said angrily: "Where did this boy get such a contribution? He can actually support him to practice in so many places. Even though I have been in the academy for so long and have the support of a big family behind me, I can't help it." How dare you be so extravagant."

A woman next to him sneered: "Maybe he thinks that he will die in three months, so now he is going crazy and wants to spend all his wealth and pray for a breakthrough. Little does he know how ridiculous his behavior is in our eyes. Senior Brother Chu Tianji is so amazing and talented, and his cultivation is as high as the sky. It is not something that a newcomer like an ant can resist. His end is destined to be death. We should not waste our efforts to find Ye Feng and let him grow up. , no matter how he grows, he will die in three months."

...

At this time, Ye Feng spent countless contribution points and almost exhausted himself

All the wealth was exchanged for contribution points, and he went to practice in all the special training places in Poseidon Academy.

His martial arts cultivation has skyrocketed to the tenth level of the Cave Heaven Realm, Great Perfection!

At this time, only three days had passed since the last time he broke through to the seventh level of the Cave Heaven Realm in the Lecture Hall.

In these three days and three nights, Ye Feng exhausted all his wealth. All the nine million on the crystal card were used to buy contribution points.

But the effect was very significant. In just three days, he broke through the third level of heaven and directly entered the state of perfection in the tenth level of cave heaven.

"The next step is to gain enlightenment and enter the Holy Realm! As long as I enter the Holy Realm, I am not afraid of that Chu Tianji!"

But Ye Feng also knows that it is very difficult to enter the holy realm.

You must know that among the saints of Poseidon Academy, there are hundreds of people who are in the Great Perfection of the Cave Heaven Realm or the Half-Step Holy Realm. However, those who can finally step into the Holy Realm of Martial Arts and truly become top masters are Not many.

"It is very crucial to go to the Demonic Dragon Island in the West Sea this time."

On the way to the central hall of the sect, Ye Feng thought to himself, because he urgently needed huge amounts of energy and blood to build the foundation for him to enter the holy realm.

Ye Feng has been trying to improve his cultivation as much as possible these days, even at the expense of spending all his wealth to reach the Great Perfection of the Cave Heaven Realm. In fact, his plan is to prepare for going to the Demonic Dragon Island in the West Sea.

Whether it is to enter the final holy realm of martial arts or to be able to protect himself in the Demon Dragon Island, Ye Feng is indeed very busy these days.

Three days have passed, and Ye Feng now has time to apply for his own mountain territory.

But when Ye Feng came to the central hall, he was told that if he wanted to get a mountain territory, he had to spend 100,000 contribution points to invite the mountain-moving giants in Poseidon Academy to let them move a mountain from the wilderness. .

"But now I have

Not a penny is gone! All the contribution points have been used up in the past few days! "

Ye Feng was a little anxious, but at this moment he suddenly thought of a place where he could quickly earn contribution points.

...

Gravity Mountain, climb the ladder to heaven!

At this time, Ye Feng walked under a huge staircase that went nine kilometers into the sky.

Half a year ago, when Ye Feng first entered the academy, he came here once.

That time, he was still a low-level student, only climbed the 200th step and received 20,000 contribution points.

It is said that the ladder on Gravity Mountain has a total of 9999 steps.

Every time you climb a step, the force of gravity on your body doubles.

But for every hundred steps you climb, you can get ten thousand contribution points.

This is a very grueling place and a place where you can quickly earn contribution points.

"I've climbed the 200th step before. I can't get the reward of contribution points for the first 200 steps because I can only get the reward once. So this time if I want to get 100,000 contribution points, I have to log in all at once. Climb the 1,200th step!"

Twelve hundred stairs!

That means it has to withstand 1,200 times the force of gravity!

"A bit scary..."

Even Ye Feng himself felt a little weak at this time.

One thousand two hundred times gravity, how terrifying that is.

I'm afraid even a martial arts saint would be crushed into countless pieces in an instant.

Even the flesh and bones of a martial arts saint will be instantly turned into powder under a gravity of more than a thousand times.

"I hope my fighting body can withstand it. There is no other way now!"

Ye Feng took a deep breath, glared hard, exploded with strength, and instantly rushed towards the ladder to the sky.
