

## Ancient 661

Chapter 661 Really awesome

Hearing what Xiao He said, Ye Feng was naturally a little surprised, and couldn't help but ask: "Being able to create Tianya Hai Pavilion, and allowing Tianya Hai Pavilion to stand in such a chaotic place as the black market, and it has not collapsed for decades, This kind of person must have a noble status and a huge background, would I know him?"

Xiao He chuckled and said: "I really didn't lie to you. You may really know Ye Feng, the pavilion master of Tianyahai Pavilion. Let me tell you directly. The master of Tianyahai Pavilion is the Chinese and Japanese in the six halls of your Poseidon College. The Lord of the Moon Palace, the Elf Queen!"

"What?"

Ye Feng was stunned and said: "Elf Queen? I do know the master of the Sun and Moon Palace. When I first entered Poseidon Academy, I was summoned by the masters of the six major halls alone. The master of the Sun and Moon Palace is indeed The queen of the elves once tempted me and said that if I became her disciple, she would marry the most beautiful woman in the elves to me. I don't know if it was true or not."

When Xiao He heard what Ye Feng said, the expression on his face was very exciting, and he said in shock: "What? You and the Elf Queen actually talked in person? I thought you had only heard of her in Poseidon Academy."

Speaking of this, Xiao He's eyes showed an inexplicable smile and said: "Ye Feng, it seems that the Elf Queen appreciates you very much, but that's right, you are the first emperor-level genius in our southern region in thousands of years. "

Ye Feng was a little surprised and said: "How come you even know that I am an emperor-level genius?"

Xiao He glanced at him and said: "This is no longer a secret. Under the deliberate spread of some thoughtful people, the entire Southern Territory, no! Even the Eastern Wasteland, basically all the people on the Northern Territory are ranked... The overlord forces, top forces, first-rate to third-rate forces, have all heard that there is a thousand-year emperor-level genius named Ye Feng in Poseidon Academy."

Ye Feng couldn't help but feel speechless when he heard what Xiao He said. He didn't expect that he would be so famous now?

At this time, Xiao He suddenly said in a treacherous voice: "Ye Feng, listening to what you just said, the Elf Queen seems to appreciate you very much. The Elf clan is in the wilderness, but it is a super rich clan. Although its background is not comparable to that of the Dragon Palace. The overlord race, but it is definitely a top-level clan, only a little worse than Dragon Palace, and this is why no one dares to touch Tianya Hai Pavilion until now. Ye Feng, since the Elf Queen appreciates you so much, why don't you just go directly Forget about marrying into the Elf clan and becoming the son-in-law of the Elf clan. The Elf clan has countless beauties and is a race of beauties recognized by the world. Each female Elf must have a good figure and good looks, and you won't be at a loss, brother."

"Go to hell!"

Ye Feng rolled his eyes at Xiao He and said: "Do I look like a freeloader? Chu Tianji, Ji Changkong and others are nothing. I have never seen any big winds and waves. This time we are secretly following and lurking. We must let people They suffered a big loss!"

Having said this, Ye Feng stared at Xiao He and said, "And this time, brother, I went to the Western Desert and got a great blessing!"

Xiao He's eyes were startled and he said: "Oh? If you can be called a great fortune by Ye Feng, it must be very extraordinary. What is it?"

Ye Feng came close to Xiao He's ear and said: "During this period, you will provide a residence and a place for training, as well as track the progress of Chu Tianji and others in finding the tomb of Luan Gu Emperor. I will provide training resources, and we will improve as much as possible together." "Cultivation."

Xiao He's eyes were filled with joy and he said: "It seems that you really got something good. Tell me what it is."

Ye Feng smiled mysteriously and said: "Guess, besides the destruction of the Ten Thousand Buddhas Temple by a mysterious alien emperor in the Western Desert, have any other major events happened recently?"

"

Xiao He frowned and thought for a while, then suddenly his eyes moved and said: "If it's about big things, then I remembered one thing. It is said that Lord Di Keqing of the No. 1 bank in the world is speechless. The richest man in the world, I lost my Great Light Holy Ship and half of my wealth, and it seems that I am on Demon Dragon Island..."

Having said this, Xiao He suddenly stared at Ye Feng, who was smiling in front of him, and his expression suddenly turned horrified, saying: "By the way! Didn't you go to the Western Desert just to hunt evil dragons on Demon Dragon Island? Are you forging the body of a true dragon? You are also on Demon Dragon Island. Could it be that the Holy Ship of Light is you..."

"That's right."

Ye Feng nodded and said: "I got the Great Light Holy Ship. No one knows about it except myself. You, Xiao He, are the first one."

Xiao He helped Ye Feng a lot before, so now Ye Feng naturally shared the news about himself.

After all, if Xiao He hadn't told him about the situation of the Southern Territory Prodigy Alliance, maybe he would still be practicing in seclusion at the Human Emperor Peak of Poseidon Academy.

When Chu Tianji, Ji Changkong and others snatched away the inheritance of Emperor Luan Gu, all the fruits and vegetables were really gone.

Therefore, Xiao He confided in Ye Feng, and Ye Feng naturally would not hide it. The two had already established a profound friendship in the land of Northern Xinjiang.

Xiao He was listening to Ye Feng's eloquent talk at this time, and his face was extremely shocked.

He was frightened and wanted to say something, but he didn't know what to say at the moment.

He even dared to steal the Holy Ship of Light from the richest man in the world, and he even came back alive from the Demon Dragon Island with great arrogance.

I have to say, it's really awesome!

Xiao He could only give Ye Feng a deep thumbs up at this time and said: "With the accumulation of resources of the Great Light Holy Ship, we brothers can indeed improve a lot in a short period of time. During this time, we will live in At Tianya Hai Pavilion, we are practicing in seclusion in Room Tianzi No. 1. No one will disturb our practice. The headquarters of the underworld is in the Luangu Sea. I can use my connections in the underworld to find any materials needed for practice at any time. Now that I am the judge of the underworld, I still have this right."

Ye Feng nodded and said: "If we want to deal with Chu Tianji and others, even if we are all soul masters, it is not enough. This period is our growth period."

Xiao He nodded and agreed, but suddenly at this moment, Xiao He suddenly said: "I heard that the top assassin in the underworld failed in his mission to assassinate you. The King of Seven Killers is dead, and the woman Hua Qianyu fled in fear of crime."

Ye Feng's heart moved and he asked with some doubts: "Hua Qianyu would actually abscond in fear of crime in order not to assassinate me?"

Xiao He's eyes suddenly became horrified and he said: "What are you talking about? Hua Qianyu fled out of fear of crime because of you? We all in the underworld thought that she had a grudge against the Seven Killers, so we deliberately tricked and killed the Seven Killers. "

Having said this, Xiao He stared at Ye Feng with more admiration and said: "Brother, you are simply a role model for our generation. Why do all women admire you so much? The three major goddesses of Poseidon Academy are taken under your command, the Elf Queen I am willing to accept you as my disciple, and even want to marry you the most beautiful saint of the elves. I also heard that Luo Lingxi, the most beloved daughter of the leader of the Netherworld Demon Cult, also had an affair with you in a small dynasty. I have gone through some indescribable experiences and things, and now even a cold-blooded femme fatale like Hua Qianyu is willing to be punished by the underworld for you. Tsk tsk tsk, invincible, really invincible."

Ye Feng: "... "Hearing what Xiao He said, Ye Feng was naturally a little surprised and couldn't help but ask: "How can we create Tianya Haige and let Tianyahai Pavilion stand in such a chaotic place as the black market?" He has not failed in ten years. Such people must have noble status and great background. Will I know them? "

Xiao He chuckled and said: "I really didn't lie to you. You may really know Ye Feng, the pavilion master of Tianyahai Pavilion. Let me tell you directly. The master of Tianyahai Pavilion is the six major halls of your Poseidon Academy. The Lord of the Moon Palace, the Elf Queen!"

Ye Feng couldn't help but feel speechless when he heard what Xiao He said. He didn't expect that he would be so famous now?

Ye Feng: "..."

Chapter 662: Distinguished Guest

Half an hour later, Ye Feng and Xiao He arrived at Tianya Hai Pavilion in the black market.

Xiao He is obviously already a VIP person in Tianyahai Pavilion.

So the moment the two of them entered Tianyahai Pavilion, a beautiful singer immediately greeted them.

The singer smiled charmingly and said: "Master Xiao is here, would you like to arrange two new teas from our Tianya Hai Pavilion for you and your friend? They are both stunningly beautiful."

Xiao He smiled and said: "There's no need for that. My brother and I are not here to have fun this time, but to practice in seclusion. Take us directly to Room No. 1 Tianzi and don't let anyone disturb us. "

"this....."

But at this moment, the beautiful singer in front of her looked hesitant.

Xiao He's eyes turned cold and he said, "What's wrong?"

Xiao He is now a powerful being in the second holy realm, and he is also a martial arts saint who is a fellow practitioner of Soul Martial Arts.

His eyes turned cold, and the atmosphere around him suddenly became as cold as iron.

The beautiful singer immediately trembled with coldness, and quickly said with a pale face: "Master Xiao! Room Tianzi No. 1 is currently occupied by someone else. You may have to wait..."

"What?"

Xiao He's eyes suddenly became extremely cold. He was originally the judge of the underworld, lawless and violent.

But in front of Ye Feng, Xiao He seemed to be very gentle. That was because Xiao He was facing Ye Feng.

But for others, Xiao He was not so easy to talk to.

"boom!"

Xiao He instantly stretched out a hand and pinched the neck of the singer in front of him like iron pliers.

His eyes were cold and he smiled cruelly and said, "What did you just say? Say it again."

"Spare... spare my life!"

This beautiful singer's face was filled with a deep fear.

She turned pale and begged for mercy crazily: "This is not something I can decide. Room Tianzi No. 1 was bought by Mr. Xiao, but the guest who came today is too noble and has huge wealth, so Only the steward of Tianyahai Pavilion agreed to temporarily give Room No. 1 to that gentleman.

Used by distinguished guests. "

Ye Feng stood aside and suddenly said: "Let this singer go and let her take us to see who is the distinguished guest worthy of Tianya Haige breaking his promise and giving up the Tianzi No. 1 room."

"Crack."

Xiao He nodded and let go of his hand, letting the singer out of his control.

"Thank you, sir! Thank you, sir!"

The singer immediately expressed gratitude to Ye Feng.

Then she looked at the two of them and said with some fear: "The identity of that distinguished guest is very extraordinary. He seems to be the most powerful overlord race in our sea area and the inheritor of the Dragon Palace."

Ye Feng's eyes moved and he said: "The inheritor of Dragon Palace? Ji Changkong? Is he in Room No. 1 of Tianzi now?"

Xiao He immediately shook his head and said: "It's impossible. Ji Changkong is clearly in the Tianjiao Alliance and looking for opportunities in the sea. How could he appear in the Tianya Hai Pavilion in this black market?"

The singer immediately spoke out: "It's not the young dragon master, but the younger brother of the young dragon master of the Dragon Palace, Ji Wuhen. He is currently discussing important matters with Yan Ruyü, the saint of the elf clan, in the Tianzi No. 1 room. The stewards are all Ordered, no one can disturb them."

When Xiao He heard this, he immediately became happy. He sneered and said, "Can't you even disturb me, the owner of Room No. 1?"

"this....."

The singer in front of her immediately had a look of bewilderment on her face.

At this time, Xiao He looked at Ye Feng beside him, smiled and said: "Ye Feng, that is the saint of the elf clan. She was supposed to be your daughter-in-law. After all, you are the one who is favored by the elf queen. Now But your wife was having a tryst with another man in the Tianzi No. 1 room, and she was also from Dragon Palace. Ji Wuhen, Ji Changkong's younger brother, seems to be quite famous. I have heard that it seems to be organized by Dragon Palace in the black market. The vice-president of the Dragon God Society has attained the second level of the Holy Realm. He is very extraordinary and can be regarded as the top being among the young generation in the ancient sea, second only to Chu Tianji and Ji Changkong. "

Ye Feng heard Xiao He say this,

He actually said that Yan Ruyü, a saint of the Elf clan, was his wife, which left Ye Feng speechless.

However, an inexplicable smile appeared on Ye Feng's face at this time, and he said: "Let's go and have a look. Room Tianzi No. 1 was originally what we needed, but now it is occupied by someone. This is Tianya Haige's breach of trust. You actually gave Xiao He your room to others, this place needs to be recovered. "

Now that he has entered the holy realm of martial arts, Ye Feng gradually has no taboos anymore.

With his current cultivation level and various trump card methods, even a strong man in the third holy realm can give it a try.

There is no need to hide your clumsiness, there is no need to be afraid at all.

At this time, Xiao He was also eager to try, saying: "Let's go! Go and steal your wife!"

Ye Feng: "..."

Xiao He pulled Ye Feng and immediately walked towards Room No. 1 of Tianya Hai Pavilion.

The singer who was standing on the spot had her beautiful eyes widened.

She never expected that when the two heard the names of the two big figures in the Tianzi No. 1 room, they not only showed no fear at all, but actually became even more excited and wanted to provoke them.

How brave is this?

"Hey, wait a minute, what did Mr. Xiao call the young man next to him just now? Ye Feng? Ye... Feng! Could it be that legendary emperor-level genius!"

Suddenly at this moment, the singer who was standing on the spot seemed to think of something, and was immediately shocked.

...

And at this time.

In Room No. 1 of Tianzi in Tianyapai Pavilion.

Antique elegant room with a large area.

More than a dozen beautiful singers were playing and dancing among them.

At this time, next to a small vermilion tea seat, two figures were sitting opposite each other.

On one side of the tea seat, there was a beautiful maid pouring tea for the two of them.

These two people are a man and a woman.

The man was wearing a blue robe, with his hair hanging loosely on his shoulders. He was as rich as jade, and his brows had a hint of majesty. He looked both free and easy, and also had an invisible pressure.

\u003e

This man is the younger brother of Ji Changkong, the young dragon master of the Dragon Palace, Ji Wuhen, who is also a powerful figure in the chaotic ancient sea.

He is not only the vice-president of the Dragon God Association, but also one of the top geniuses in the Tianjiao Alliance. He has a tyrannical cultivation level of the second holy realm and is stronger than many elders.

And sitting opposite him at this time, the graceful figure with stunning beauty was naturally the saint of the elves, Yan Ruyu.

I have to say, he lives up to his name.

Yan Ruyu, a saint from the Elf clan, has thick black hair, skin like snow, and a pale white dress that outlines her perfect figure.

Different from the normal dark eyes of the human race, this elven saint has a pair of ice-blue eyes, and exudes the life energy of nature that makes people want to get close.

Her entire body seemed to be made from nature, like a treasure gifted to the world by God, a peerless beauty, unable to find any flaws, and extremely perfect.

"Holy girl, I wonder what the deal I just mentioned is like? That is the inheritance place of the Luan Gu Emperor. I have the secret of an imperial talisman of the Luan Gu Emperor in my hand. My brother and Chu Tianji's group of genius alliances The top powerhouses don't know that I can secretly control some of the Emperor's formations in the tomb of the Ancient Emperor through the

Ancient Emperor Talisman. If you and I join forces, we may be able to monopolize the inheritance and treasures of the Ancient Emperor!"

"This matter involves too much and may offend many people. Moreover, the blood of the elves and gods you want is so precious that even our Queen has a very hard time getting it, not to mention that I am just a saint. Female, so I need to think about this deal."

The voice of the elf saint Yan Ruyu is like the sound of nature, as ethereal as the holy voice.

The two people's speech and behavior at this time were very elegant, and they seemed to be discussing something important.

A group of singers were playing and dancing around, and the atmosphere in the entire Tianzi No. 1 room was like mountains and flowing water, elegant and peaceful.

"Is the elf saint Yan Ruyu here? Your man Ye Feng is here to find you! Come out quickly! My brother said he wants to meet his future wife!"

But suddenly at this moment, a very indecent rough roar suddenly sounded outside the room of Tianzi No. 1, which was incompatible with the atmosphere in the room of Tianzi No. 1.

Chapter 663 Let's watch a show together

The sudden roar was very loud.

Not only everyone around Tianzi No. 1 room, but also the entire huge Tianya Hai Pavilion heard it.

There was no concealment in this rough roar, he directly called her by name, calling to Yan Ruyu, the saint of the elves, and said that her man was here.

The words were chosen without any consideration, simple and crude.

"What? In the room of Tianzi No. 1, Yan Ruyu, the legendary number one beauty of the Elf clan, is there?"

"Is what that person said true or false? The Elf Saint actually has a man?"

"Who are those two young men standing outside the room at Tianzi No. 1? What are their identities? Why are they so brave and dare to say such things?"

Almost in just a short moment, the eyes of countless people in Tianyapai Pavilion were all focused in the direction of Room No. 1, Tianzi, at the top of the pavilion.

Everyone's expressions were shocked, staring at Xiao He who was shouting at this time.

Ye Feng and Xiao He have not been high-profile in the black market, so almost no one knows them.

And precisely because of this, everyone in Tianyapai Pavilion was surprised.

Because these two young people seem to be two minor characters with little reputation.

Where did they get the courage to provoke the beings in Room Tianzi No. 1?

At this time, the faces of the elf saint Yan Ruyu and Ji Wuhen who were talking in the Tianzi No. 1 room changed slightly.

Even though the voice just now was extremely rude, Yan Ruyu, a saint of the elf clan, did not immediately become angry.

There was a hint of curiosity in her blue eyes.

After all, this was her first time encountering such a situation of being slandered in public, so she was a little curious.

At this time, Ji Wuhen, the second inheritor of the Dragon Palace, his face suddenly turned gloomy.

The negotiation between him and Yan Ruyu had just reached the most critical moment, and someone came to deliberately disturb them.

And what those words said made Ji Wuhen extremely angry.

What kind of man is Yan Ruyu here?

Yan Ruyu, a saint from the elven clan, is an extremely perfect woman and is the goddess in the hearts of all young heroes.

Ji Wuhen is naturally no exception, and he admires Yan Ruyu in his heart.

This time he secretly came to Tianya Hai Pavilion, holding an Ancient Emperor Talisman in his hand, and only shared the news with Yan Ruyu.

Ji Wuhen wanted to exchange for the divine blood left by a god from the elven clan.

There is another purpose, which is to get closer to Yan Ruyu, the elf saint.

The Elf Saint is the most beautiful elf girl in the Great Wilderness Elf Clan.

In addition, Yan Ruyu is an elf saint, with the blood of the elf gods flowing in her body. Her cultivation talents and strength methods are also mysterious and powerful.

And if a man can marry an elf saint, it means that this man may have a chance to become the king of the elf clan in the future and will receive support and help from the entire elf clan.

Ji Wuhen has extraordinary talent and is the second inheritor of Dragon Palace. He is ambitious and wants to become the Dragon King in the future of Dragon Palace.

So he voluntarily left the safe and comfortable Dragon Palace to come

Go to this chaotic ancient sea, help establish the Dragon God Society in the black market, become the vice president of the Dragon God Society, and fight for your own world.

So Ji Wuhen is a very ambitious person. He has endless desires and wants to get everything he wants.

Yan Ruyu is Ji Wuhen's breakthrough point. If he can monopolize the Luan Gu Emperor's treasures and inheritance this time, Ji Wuhen doesn't believe that Yan Ruyu won't fall in love with him.

So everything is going according to his plan.

But he did not allow anyone to destroy his plans and ambitions.

At this time, Ji Wuhen simply couldn't stand others saying such slanderous words to Yan Ruyu, an elf saint.

"However, this may also be an opportunity to express myself in front of the saint."

Ji Wuhen thought of this, his eyes flashed, he stood up suddenly and walked out of the room of Tianzi No. 1.

His confident voice sounded: "Holy girl, some young people dare to slander you in public. Leave this matter to me. I will make those two boys kneel in front of you and beg for mercy later."

The moment he finished speaking, Ji Wuhen opened the door of Tianzi No. 1 room and stepped out.

At this time, Yan Ruyu, a saint from the Elf clan, also showed curiosity in her beautiful eyes, stood up slightly, and said: "I'll go out to take a look too. I'm very curious. Now that you know my identity, you still dare to talk to me like this. Without any fear, who is this person?"

...

At this moment, in Tianyahai Pavilion.

"Squeak!"

Under the gaze of countless people, the door of Tianzi No. 1 room suddenly opened.

An elegant young man wearing a blue robe walked out.

At this time, he glanced at the whole crowd indifferently, and then his eyes suddenly focused on the two young people standing outside the room of Tianzi No. 1.

Ji Wuhen's eyes showed an indifferent aloofness as he said, "You two untouchables dare to slander the noble Elf Saint in public? What crime should you deserve!"

"It's Ji Wuhen!"

"Turns out to be the second inheritor of Dragon Palace!"

"He is also the vice-president of the Black Market Dragon God Association. He has great power. He once made an old man from the third holy realm kneel in front of him to admit his mistake!"

At this time, everyone in Tianyapai Pavilion was shocked.

Ji Wuhen is obviously a big shot in the black market, very famous, and almost everyone knows this powerful genius who has never seen the beginning or end of the dragon.

If Chu Tianji, Ji Changkong, Jin Chensha and others are the top talents on the first level of the Southern Territory.

Then Ji Wuhen can definitely be regarded as the pinnacle of the second ladder.

"Squeak!"

At this moment, the door of Tianzi No. 1 room was opened again.

A flawless and beautiful figure walked out of the room.

It is Yan Ruyi, the saint of the elves.

"Look! What a beautiful woman! She looks like a fairy above the nine heavens!"

"What do you know? This

She is the legendary saint of the elves! "

"She is indeed the most beautiful woman among the elves. Even if she only looks at me, I feel that my life is worth it."

"There are indeed extremely noble beings in Room Tianzi No. 1. I don't know the identities of the two young people who suddenly arrived. They know that there are tigers in the mountains, so they prefer to go to the tiger mountains."

"Haha, I guess these two young men want to use this method to attract the attention of the Elf Saint. But the end will probably be tragic. You didn't realize that the murderous intention on Ji Wuhen's body has been clearly revealed. ?"

...

At this moment, everyone in the ends of the earth was whispering, with expressions of watching the show on their faces.

Ye Feng looked at the Elf Saint and said, "Miss Yan, I didn't say that I wanted to take you home as my wife. It was Xiao He who said it nonsense. Please forgive me."

Yan Ruyu's beautiful eyes were fixed on Ye Feng, trying to see through this young man, but found that she couldn't see through it.

She couldn't help but smile and said: "I'm not angry, I just think that what your friend said should be adjusted according to the occasion, and you can't talk nonsense, so as not to cause a big trouble and die without knowing what happened. "

Xiao He didn't seem to care at all about Yan Ruyu's threatening words.

He was like meat on a hob, grinning broadly, and said: "The Saint of the Elf Tribe is really beautiful and fragrant, and even I can't help but be tempted. But as the saying goes, a friend's wife should not be deceived. You are my brother Ye Feng's destined one." Woman, I think you should follow my

brother Ye Feng and go home to give birth to your child. Don't always be with people with evil intentions, such as this Ji Wuhen. Be careful of being plotted against others. "

"What?!"

"Go home and have the baby?"

"Being a husband and godson?"

Almost at the moment Xiao He finished speaking, everyone on the scene was dumbfounded.

Even Ye Feng couldn't help but twitch the corners of his mouth slightly.

Xiao He's words were too harsh.

You must know that Yan Ruyu is a saint of the elves, a gift from heaven, a peerless beauty, and the goddess in the hearts of countless people.

Why does it seem so... strange when Xiao He says this?

No matter how good-tempered she was at this moment, Yan Ruyu, a saint from the elf clan, suddenly turned cold. She stared at Xiao He and said, "You are too presumptuous to talk such nonsense again and again."

But who is Xiao He?

He grew up in the underworld.

He was not afraid of anything.

Not to mention Yan Ruyu, a saint, I am afraid that even if the queen of the elves comes, he can tell her the flowers.

So Xiao He waved his hand and said carelessly: "Yan Ruyu, just accept your fate. The queen of your elven clan has already betrothed you to my brother Ye Feng, but you don't know it yet. If you don't believe me, ask yourself. The Elf Queen, is she going to marry the most beautiful woman in the Elf clan..."

"shut up!"

Yan Ruyu became angry, and a terrifying white light suddenly emerged from her body, with an unfathomable energy flowing in it.

At this time, Ji Wuhen couldn't bear it any longer.

With a deep evil look in his eyes, he suddenly stared at Ye Feng next to Xiao He, and said with a cruel smile: "You are pushing him into the fire pit by praising your brother like this. Okay, I will make it happen." You, kill this brother of yours on the spot, then divide him into pieces and cut him into pieces with a thousand cuts!"

"hiss!"

Ji Wuhen's words caused everyone in the audience to take a breath of air.

"It's over, Ji Wuhen is completely angry!"

"These two young boys who came out of nowhere dare to be so showy. They are really looking for death."

"It is estimated that the aftermath of today's incident cannot be dealt with. The blood of those two young men will probably be scattered all over the world."

Many people couldn't help but shook their heads and said, "Why do you risk your life just to attract the attention of a beauty?"

"You want to kill my brother?"

Xiao He suddenly smiled at this time. In the eyes of everyone, he seemed not to know what fear was at all.

Suddenly the grin on Xiao He's face disappeared, and instead he said with a deep gloom: "Ji Wuhen, who are you? You occupy my Tianzi No. 1 room, and you also want to do evil to my brother's woman. , I will go on a killing spree today and kill you, the thousand-year-old second-in-command of the Dragon Palace, and let me see who dares to occupy my Tianzi No. 1 room!"

Xiao He was from the underworld and had no good impression of the people from the Dragon Palace.

Moreover, the upper levels of the underworld have also issued the highest order. If they can cause heavy damage to the Dragon Palace, they will be rewarded greatly.

So at this time, Xiao He's seemingly mindless provocations not only wanted to vent his anger, but also had another purpose, which was to make Ji Wuhen lose his mind in rage and attack him, so that he could kill him openly. kill.

"The second child of a thousand years?"

What Ji Wuhen hated most in his life was that others called him the second child of a thousand years, which meant that he was not taken seriously in the Dragon Palace and was always overshadowed by Ji Changkong.

Ji Wuhen immediately yelled angrily: "You are really audacious! You and your brother are going to die today!"

At this time, Ye Feng ducked to Yan Ruyu's side.

Yan Ruyu's beautiful face suddenly showed a look of vigilance, saying: "What do you want to do?"

Ye Feng never said anything rude from beginning to end, so the Elf Saint didn't have any hostility towards him.

Ye Feng smiled and said, "I don't have any evil intentions towards you. Let's just watch the show together."

A look of surprise appeared in Yan Ruyu's blue eyes, and she said: "Ji Wuhen is an existence of the Second Saint Realm, and he has a fierce reputation in the entire ancient sea. Are you not worried about your friend at all? "

Ye Feng shrugged, as if he really didn't care about Xiao He's life or death at all, and said: "You cause trouble by yourself and solve it by yourself. The friendship between gentlemen is as light as water. I don't want to take the blame with him."

When Yan Ruyu heard what Ye Feng said, she couldn't help but look at the young man next to her in surprise.

This young man was different from any man she had met before, and his words made people find him very interesting.

"Who is he?"

Suddenly, Yan Ruyu's inner curiosity was aroused by Ye Feng's few words.

Chapter 664 Tit for tat

At this time, no one in Tianyahai Pavilion would have thought that Ye Feng and Elf Saint Yan Ruyu, who were supposed to be facing each other today, would actually stand together and watch a show together.

Xiao He and Ji Wuhen, two seemingly unrelated people, actually started fighting.

"boom!!"

At this time, in the huge venue of Tianya Hai Pavilion, Xiao He and Ji Wuhen were facing each other tit for tat.

Ji Wuhen's eyes were full of gloom at this time. He had a good conversation with the Elf Saint, but in the end, two reckless boys came out and ruined his important event. ??

So at this time, the murderous intention in Ji Wuhen's heart was already boiling and could not be suppressed.

Xiao He also had a sneer on his face. He had been provocative to this point just to get Ji Wuhen to take action against him.

"You're really looking for death."

Ji Wuhen spoke up, his tone full of murderous intent, and said: "I will kill you first, and then kill your friends with a thousand cuts, so that I can wash away the mistakes you just committed. "

boom!

Ji Wuhen no longer wanted to talk nonsense at this time, and a golden dragon's energy suddenly took off from his body.

"boom!"

He was very disdainful of Xiao He, an unknown young man, and simply extended a hand.

Buzz!

His hand in the void suddenly expanded into a majestic and powerful purple-gold dragon claw, which seemed to be made of steel. The space was sizzling, as if it was about to be crushed.

"What a terrifying power!"

At this time, everyone in the audience couldn't help but exclaimed.

But Xiao He didn't have the slightest fear and directly used his most powerful attack method, the Yin-Yang God King Curse!

Boom boom boom...

Suddenly, spell runes that looked like they were made of black gold appeared, covering Xiao He's entire body in an instant, forming a set of spell armor.

"God King's Dominance Fist!"

Xiao He roared loudly, and his power exploded infinitely. His fist was wrapped in spell armor, and it instantly collided with Ji Wuhen's purple-gold dragon claw.

"when!!"

A loud noise suddenly sounded, and the entire Tianyhai Pavilion seemed to be shaking and about to collapse.

"Huh? You are also an existence in the Second Holy Realm! And you seem to have a very mysterious spell inheritance!"

When Ji Wuhen saw Xiao He blocking his purple-gold dragon claw, a look of deep surprise immediately appeared on his face.

"What? That little-known young man is actually a martial arts saint at the second holy realm?"

At this moment, many people around had a trace of shock on their faces.

Obviously, he didn't expect that Xiao He, the young man who just talked nonsense, was originally

Everyone thought he was just a gangster, but they didn't expect that he turned out to be a powerful martial arts saint!

Yan Ruyu's beautiful face also showed a trace of surprise. She looked at Ye Feng who was standing next to her, exhaled like a blue breath, and said: "The identity of your friend is very extraordinary. The method he just used should be It is a very mysterious inheritance in the underworld, the Yin Yang God King Curse. I have learned that this is a very ancient and mysterious spell secret technique. It can not only form a spell armor on the surface of one's body, but also has powerful and invincible defense power. , and can also curse the enemy, causing the enemy's inner demons to suddenly arise, causing them to be in a hurry, which is very magical. "

Ye Feng also glanced at Yan Ruyi beside him in surprise, then smiled slightly and said: "Miss Yan is worthy of being a saint of the elves. She really has extraordinary eyesight. She can tell at a glance that my brother is from the underworld."

Yan Ruyi smiled charmingly and said: "Actually, I am more interested in your identity. When Xiao He was talking nonsense just now, he said your name is Ye Feng. I have also heard of a person named Ye Feng, who is from Poseidon College. The emperor-level genius is famous all over the world. He dares to confront the top geniuses of the Southern Territory Tianjiao Alliance, and even kills elder-level figures at will in Poseidon Academy, which is lawless. "

Ye Feng rolled his eyelids and said: "This Ye Feng you are talking about, is he really that arrogant?"

Yan Ruyi smiled slightly and said: "It's very arrogant, but I know you are not him, because how could the proud son of Poseidon Academy mix with the demonic killer in the underworld."

Ye Feng shrugged and said, "That's really an honor. I have the same name as that emperor-level genius."

Boom!

At this moment, Xiao He and Ji Wuhen showed real fire in the sky.

Ji Wuhen's eyes were filled with anger, and some were even furious.

Originally, he wanted to perform well in front of Yan Ruyi, the holy lady today.

Unexpectedly, after taking action, he could not even gain the upper hand, let alone suppress Xiao He.

At this moment, Ji Wuhen couldn't help but feel aggrieved.

"Xiao He! You forced me to do this! I want you to die now!"

Ji Wuhen suddenly roared, and banners suddenly shot out from his body. Each banner was emitting strong golden light. Thousands of banners were shaking in the void, sending out a series of banners. The terrifying dragon roar exuded strong waves of destruction.

"Ten Thousand Dragons Battle Flag!"

Someone around them exclaimed: "This is a powerful treasure in the Dragon Palace, a third-grade holy weapon!"

Xiao He laughed loudly: "Ji Wuhen, you have a treasure, am I going to lose it?"

"Buzz!"

Xiao He held his hand in the void and pulled out a magic sword exuding a strong dark energy from the space.

"Hell Sword!"

During this period of time, Xiao He found this sword of a lost civilization from the ancestral land deep in the underworld.

Jiuli's blood flows in his body, and he can control the Hell Sword, a very terrifying ancient demon weapon, without being assimilated by the demonic energy.

"boom!"

Xiao He held the sword of hell in his hand, and struck down with a sudden blow. ??

Wow!

From the sword of hell, the roars of demon gods suddenly came out, and a terrifying sword light, like a long black river of hell, traversed the world, and suddenly struck in front of Ji Wuhen.

"Boom!!!"

There was a huge collision between the Hell Sword and the Ten Thousand Dragons Battle Flag.

The dark demonic energy intertwined with the dragon clan's golden divine light, causing a terrifying wave of destruction.

"Six Paths Divine Art!"

At this moment, Xiao He tried his best to use his terrifying inheritance, the Six Paths Divine Art, and the six ultimate powers and auras were immediately released.

Catastrophe, origin, killing, ancient chaos, thunder, eternity!

The six extreme powers exploded crazily at this time, spinning rapidly around Xiao He, forming a kind of wheel of life and death, which suddenly covered Ji Wuhen's head.

"Click! Click! Click..."

What shocked everyone in the audience was that the Ten Thousand Dragon War Flags standing in the space around Ji Wuhen were shattered inch by inch, and the wails of the dragons continued to sound.

"What?"

Ji Wuhen's eyes finally showed a look of fear. He stared at Xiao He and shouted: "This is the Six Paths Magic! This kind of inheritance can only be inherited by the direct descendants of the master of the first assassin dynasty. If you can practice, who are you?"

Xiao He's eyes were cold and solemn at this moment, with strong killing intent flashing in his pupils: "It doesn't matter who I am, what matters is that you must die today!"

Boom!

The six extreme powers rotated rapidly around Xiao He and began to destroy all the defenses around Ji Wuhen.

"Spring and Autumn Royal Robe!"

Suddenly Ji Wuhen shouted loudly, and the blue robe on his body exploded, revealing a black and white robe underneath.

This is an extremely powerful robe, the robe of a super powerful man in ancient times called the Master of the Spring and Autumn Sect.

The Spring and Autumn King's robe contains the fighting spirit and fighting spirit of the ancient strong men. A strong and huge energy burst out from it, instantly forcing Xiao He back.

At this time, Ji Wuhen was wearing the royal robe of Spring and Autumn Period, really

Just like an overlord who unified the Spring and Autumn Period, powerful enemies were wiped out in ashes while talking and laughing, full of terrifying momentum that I am invincible.

Xiao He wiped a trace of blood from the corner of his mouth and said with a cold smile: "As expected of the thousand-year-old second child in the Dragon Palace who can only follow Ji Changkong to pick up leaks. He has quite a lot of treasures on his body."

"shut up!"

Ji Wuhen's eyes were full of murderous intent, and the Spring and Autumn King's robe on his body exuded a huge aura. He was like an ancient king, condescending, and said: "It seems that you must be a very noble person in the underworld, then if I kill you, you will definitely be able to win in the Dragon Palace." Get huge rewards!"

"Eight Holy Fists!"

"The holy dragon roars!"

boom!

Ji Wuhen took action again. He used an extremely ferocious dragon martial art, the Eight Holy Fists. With one punch, eight heavenly dragons formed in the void, roaring and roaring, with extremely terrifying power. The space is about to be shattered.

"Yin Yang God King Curse!"

"The ultimate curse!"

Xiao He also got angry, spitting out a mouthful of blood essence, and quickly drew a profound and mysterious spell in the void with his fingers, which immediately tore through the sky and landed on Ji Wuhen's body.

"puff!"

Ji Wuhen instantly spurted out a mouthful of blood. His face turned red, and he felt that the demon in his heart was suddenly rising, and the power in his body began to riot.

"Damn it! The Yin-Yang God King Curse of the underworld! The way of cursing is so weird!"

Ji Wuhen's strength was in chaos at this time, and the power of the Eight Holy Fists was reduced many times in an instant.

"Hell Sword!"

"One Sword Senluo Palace!"

Xiao He held the Sword of Hell in his hand, and the wheels of life and death formed by the six magical skills around him were spinning crazily. His whole body suddenly turned into a forest hell, and a realm enveloped Ji Wuhen, and endless murderous intent broke out in an instant.

"ah!!!"

Ji Wuhen seemed to see a very horrifying scene in that hell realm. He roared miserably, burst out the dragon's true energy in an instant, and jumped out of that realm in an instant.

But at this time, he looked extremely embarrassed, his Spring and Autumn King's robe was in tatters, and his hair was messy. Now he didn't even care to say anything to Yan Ruyu, a saint from the Elf clan, and ran madly towards the outside of Tianya Hai Pavilion. It was obvious that his life was in danger.

At this time, Xiao He's breath was exhausted to the extreme. It was obvious that the move just now consumed countless of his strength.

But he suddenly walked out of the field and weakly conducted a secret soul exchange with Ye Feng: "Ye Feng, hurry up! Kill him quickly! This Ji Wuhen actually has the Ancient Emperor Talisman on his body. He just used it Once, otherwise he will die in my hell realm, you hurry up and snatch it, the Luan Gu Emperor Talisman can give us a huge advantage in the tomb of Luan Gu Emperor!"

Chapter 665: So what if I kill you?

Xiao He communicated with Ye Feng through the soul master method, so no one heard his words.

"Chaos Ancient Emperor Talisman!"

Ye Feng's eyes lit up and he set off immediately.

This is good stuff!

Moreover, this Ji Wuhen was from the Dragon Palace, and it was just right to kill him. He would not miss any opportunity to reduce the foundation of the Dragon Palace.

"Buzz!"

Ye Feng took a step forward and immediately grabbed one hand at Ji Wuhen who was running away.

boom! ??

A big hand made of glazed crystal suddenly appeared in the sky. It was towering and concentrated, like a mountain, and it was so heavy that it was photographed directly, giving it a very terrifying sense of depression.

"Who are you, a boy with no hair on his head, and you dare to stop me?"

Ji Wuhen roared loudly and stretched out his hand in an instant. The hand immediately turned into a purple-gold dragon claw and fought towards Ye Feng, as if he wanted to tear Ye Feng into pieces.

"Crack!"

But at the next moment, when Ji Wuhen's purple-gold dragon claw touched Ye Feng's crystal hand, the ferocious-sharp purple-gold dragon claw, as sharp as steel claws, suddenly shattered inch by inch, looking very tragic.

"ah!!"

The terrifying pain immediately made Ji Wuhen scream.

He stared at his broken and bloody dragon claws, his eyes filled with deep shock and anger.

Ji Wuhen never expected that Xiao He was already powerful enough, and that the gentle and elegant young man next to him could be so powerful, even tougher and stronger than his real dragon body.

Ye Feng smiled indifferently. Not to mention that his martial arts cultivation has already entered the first holy realm. Even if he has not stepped into it, if the True Dragon Holy Body and the Dacheng Glazed Battle Body can forcefully shake the body, it is not Ji Wuhen. Can resist.

"run!"

At this moment, Ji Wuhen really felt a deep life and death crisis, and he instantly ran towards the outside of Tianyhai Pavilion.

"It's now, and you're still thinking about escaping. Do you think you still have a chance?"

Ye Feng's cold voice sounded, without any emotion.

"Buzz!"

Dawei Tianlong hand!

This is the Dragon Clan weapon of a strong man from the Dragon God Society that Ye Feng once plundered.

study.

Now Ye Feng has achieved the True Dragon Holy Physique. Once he displays this set of dragon martial arts, it is more powerful and terrifying than Ji Wuhen's Eight Holy Fists.

"boom!"

A golden and powerful dragon has appeared, capable of uprooting mountains, filling seas, capturing stars, and breaking rivers!

"Boom!"

Ji Wuhen's whole body was hit in an instant, and he was knocked down directly from the sky and hit the ground hard.

The ground paved with crystal diamonds in Tianya Hai Pavilion was smashed into a large piece.

"ah!"

Ji Wuhen roared in pain, lying in the ruins, with countless broken bones, blood foam pouring out of his mouth, and his facial features began to distort.

"hiss!"

Seeing this miserable scene at this time, everyone on the scene couldn't help but take a breath of air.

Ji Wuhen, the second inheritor of the dignified Dragon Palace, the top genius in the chaotic ancient sea, and the vice president of the Dragon God Society, was beaten so badly today?

"Take advantage of his illness to kill him!"

Ye Feng's eyes turned cold, and he instantly shot towards Ji Wuhen who was lying in the ruins on the ground, intending to kill him.

"Uh-huh!"

But at this moment, Yan Ruyu's beautiful and graceful figure suddenly stopped Ye Feng who was about to take action.

"You want to stop me from killing Ji Wuhen?" Ye Feng said, his eyes turned cold.

"That's right."

Yan Ruyu nodded lightly, and an inexplicable look appeared on the beautiful face of the Elf saint, saying: "Ji Wuhen's identity is too special, and he is still in our Tianya Hai Pavilion, so I can't just watch him. If he dies, you'd better not kill him. If you kill him, there will definitely be endless troubles."

Ye Feng stared at Yan Ruyu, suddenly smiled and said, "Do you think you can stop me?"

"you....."

Yan Ruyu was about to say something.

Clang!

Suddenly at this moment, Ye Feng

In the space around him, a terrifying sword light suddenly rushed out from the void, like a flash of coldness in the darkness, instantly transcending the constraints of space and landing directly in front of Ji Wuhen on the ruins below.

"Sword Master Domain? You are still a Sword Master! No!"

Yan Ruyu's expression immediately changed and she shouted loudly.

"Pfft!"

But at the next moment, the sword fell instantly, and with the sound of broken blood and bones, Ji Wuhen's head was cut off directly.

Snap!

The head rolled to the ground, causing everyone's bodies to tremble violently.

"died!"

"Really killed?"

Countless people stared at the tragic scene with extremely shocked eyes.

Ji Wuhen, a prominent figure in the black market, died like this?

"You are in big trouble." Yan Ruyu stared at Ye Feng with her beautiful eyes and said suddenly.

Ye Feng smiled faintly and said: "I dare to kill even the elders of Poseidon Academy. You have already said that I am lawless. Ji Wuhen, so what if I kill him?"

Uh-huh!

As soon as the words fell, Ye Feng flew directly to the ground, walked to Ji Wuhen's side, and openly plundered the storage spirit ring from Ji Wuhen under the horrified eyes of countless people.

Xiao He also walked over at this time and laughed loudly: "Great! Finally got it!"

Well...well done?

At this time, countless people in Tianyhai Pavilion stared at the young brothers Ye Feng and Xiao He, and the corners of their mouths twitched fiercely, feeling that these were really two ruthless people.

Even Ji Wuhen, a distinguished inheritor of the Dragon Palace, dared to kill.

At this moment, Yan Ruyu, who was standing outside Tianzi No. 1 room, heard what Ye Feng had just said. Her beautiful eyes were slightly startled and she murmured: "Are you really that emperor-level genius? Are you that Ye Feng?"

At this time, Xiao He stood next to Ye Feng and whispered in surprise: "I didn't expect that Ji Wuhen had the Ancient Emperor Talisman on his body. I guess he didn't tell his brother Ji Changkong or the group of genius alliance members. Man, this is a mess now

The Ancient Emperor Talisman fell into the hands of our brothers. That is really great luck. The Luangu Emperor Talisman is in the tomb of the Luangu Emperor. It is definitely a life-saving talisman. We will have an innate advantage. "

Ye Feng nodded, also a little happy, and said: "Now it is estimated that the only people who know about this chaotic ancient emperor talisman are Yan Ruyu, the saint of the elves. Didn't you say before that the strength of the two of us is not enough to fight against the genius? Masters of the alliance, why don't we drag Yan Ruyu on board our pirate ship? She is an elf saint, with powerful cultivation and mysterious methods. She makes me feel a little dangerous, and she will definitely be a huge help. "

Xiao He thought for a moment and said: "I think it's okay. By the way, Ye Feng, are you really not interested in a beauty like Yan Ruyu? She is the most beautiful woman in the Elf clan. You might as well become the Queen of Elf as your teacher, and you can marry the matchmaker directly. Yan Ruyu, the elf saint."

Ye Feng shook his head and said: "I already have a master, how can I accept the Elf Queen as my master again?"

"makes sense."

Xiao He thought for a while, then suddenly laughed and said: "Then you should just work hard and take over the Elf Queen as well. It is said that the Elf Queen is also a great beauty, and she is still single. She must be in great need to command the entire Elf Clan. A reliable man, Ye Feng, you are a saint of Poseidon Academy and an emperor-level genius who is rare in a thousand years. I think you have the qualifications. If you take in all the Elf Queen and Elf Saint, you will not only have a large number of A couple of beauties can still control the power of the entire elven clan. This is like killing three birds with one stone!"

Ye Feng rolled his eyes at Xiao He and said, "Stop talking nonsense. Now think about how to win Yan Ruyu over. I guess that Ji Wuhen met Yan Ruyu privately this time for this matter."

When it came to business, Xiao He also put away his playful smile. He nodded and said: "It is actually very simple to win over Yan Ruyu. There is no one who will not be tempted by the inheritance and treasures of Emperor Luan Gu. All we have to do is promise Yan Ruyu a benefit. She Absolutely agree, if not, we will join forces to kill her, and we must not let the secret that we have the Ancient Emperor Talisman spread out!"

At this time, Xiao He's tone was extremely cold. Ye Feng knew that Xiao He was not joking. If Yan Ruyu did not join them, Xiao He would really kill Yan Ruyu, the elf saint!

Chapter 666 Joining

Yan Ruyu, a saint from the Elf clan, was a little confused at this time.

She never thought that Ye Feng and Xiao He would actually kill Ji Wuhen in public.

At this time, Ji Wuhen was in very miserable condition, with his headless body lying among the ruins on the ground.

A top prodigy from the chaotic ancient sea was killed on the spot.

It's so sad!

"What are you thinking?"

At this time, Yan Ruyu saw Ye Feng and Xiao He walking towards her.

Moreover, Xiao He's eyes flashed with a hint of cold murderous intent from time to time, without any concealment.

"They two don't want to kill me too, do they?"

Even though Yan Ruyü was a saint from the Elf clan, her heart sank slightly at this moment.

These two ruthless men even dared to kill Ji Wuhen. There might be nothing in this world that they couldn't do.

Ye Feng took a step forward and walked up to Yan Ruyü, smiling and saying: "This time I want to talk about a cooperation with you, which is what Ji Wuhen talked about with you before."

Yan Ruyü glanced at Ye Feng and said, "You must be afraid that I will tell you that you robbed Ji Wuhen of the Ancient Emperor Talisman."

Ye Feng nodded and admitted: "Yes, this matter is too involved, and you also know that we and the Southern Territory Prodigy Alliance are sworn enemies. This time they are looking for the tomb of the Ancient Emperor in this chaotic ancient sea. Once we find the land, we will definitely steal the inheritance and treasure from them secretly."

Yan Ruyü smiled slightly and said: "You two brothers and I have no grievances. I will definitely not reveal this matter. It will not do me any good."

Xiao He spoke very directly at this time, saying: "Although you say so, we don't believe you. I will only believe you if you join us."

When Yan Ruyü heard what Xiao He said, there was a strong compulsion in her tone. The beautiful brows of this Elf saint could not help but twitch slightly.

wrinkle.

At this time, Ye Feng smiled and said: "If Miss Yan doesn't want to join us, that's fine, but you must swear a martial arts oath not to reveal the secret of the Ancient Emperor Talisman, and we won't force you."

Xiao He nodded and said: "Elven Saint, you might as well join us. Anyway, you are destined to become my brother Ye Feng's woman in the future, so why not cultivate your relationship early."

Yan Ruyu stared at Xiao He and said, "If you dare to talk nonsense again, I will really cut out your tongue."

Xiao He looked like a man with a knife, and said carelessly: "Brother and sister, how can you be so cruel?"

"Brother...brother and sister?"

Yan Ruyu was completely dumbfounded by what Xiao He said.

Ye Feng also twitched the corners of his mouth slightly.

After not seeing each other for a few months, Xiao He's mouth really became more and more powerful.

"snort."

Yan Ruyu snorted coldly, not bothering to argue, and just said: "Although the tomb of the Luangu Emperor is extremely dangerous, it may also contain the emperor's inheritance and treasures. Naturally, I am also very excited, but how will the benefits be distributed then? I How about half the wealth?"

Xiao He said: "You are so brave, asking for half of the wealth directly. Then I might as well kill you directly and finish everything."

As he said that, six kinds of extreme power really appeared on Xiao He's body, spinning in the void and turning into a kind of wheel of life and death, trying to kill Yan Ruyu directly.

Yan Ruyu just smiled softly and said: "This is Tianyapai Pavilion, the territory of my Elf clan. Believe it or not, if I just shout a word now, there will be the fifth holy realm powerhouse of the Elf clan, even the quasi-saint. The killer appears and kills you all. I think the two of you

There shouldn't be any resistance. "

Xiao He's eyes narrowed and he immediately dissipated the murderous intention from his body.

What Yan Ruyu said is actually true. Xiao He has stayed in Tianya Hai Pavilion for so long, and he knows the details of Tianya Haijiao.

However, when he showed murderous intent just now, he just wanted to scare Yan Ruyu, the elf saint, and he didn't really want to take action.

After all, this is Tianya Hai Pavilion, and Yan Ruyu is in an invincible position.

Yan Ruyu snorted coldly and said: "I think you two are quite sincere, otherwise I don't want to talk nonsense with you, I will just arrest you and search out all the treasures on you."

Ye Feng smiled and said: "Miss Yan is a saint of the elf clan, I don't think she will be so rude. By the way, your elf queen is one of the six hall masters of our Poseidon Academy. Is she here? I'd like to meet you."

At this time, Ye Feng pointed out that the Elf Queen was trying to build a relationship and make Yan Ruyu feel that he was one of his own.

Sure enough, Ye Feng, the saint of Poseidon Academy, is more effective and more reliable than Xiao He, the killer of the underworld.

Yan Ruyu looked at Ye Feng, smiled softly and said: "Master Ye, if you weren't here, I would have arrested this Xiao He long ago. I really can't understand that you would actually become a bastard with a gangster from the underworld. brother."

Xiao He glared and said: "Who are you calling a scoundrel? Ye Feng, although this is a younger brother and sister, you must remember to discipline her in the future. Don't let her be too wild. A girl's family doesn't understand the three principles and five principles. Virtue, at least you should be knowledgeable and sensible, don't just yell at others, it's really rude. "

Yan Ruyu was dumbfounded. She didn't expect Xiao He to say such shameless words.

She wanted to get angry, but Ye Feng stepped forward quickly and stopped her.

Yan Ruyu, who was about to take action, said: "Since Miss Yan is interested in the inherited treasure of Emperor Luan Gu, that would be great. However, we cannot give you 50% of the benefits. That is too exaggerated. You are indeed a lion. Open your mouth and we'll give you 10% at most, how about that?"

Yan Ruyu said: "10%? At least 20%, okay! Although I am a woman, in terms of cultivation and skills, I am not much weaker than you! Maybe after entering the tomb of Luan Gu Emperor, you may still have to rely on me. Woolen cloth."

Ye Feng nodded and said: "I agree to the 20%. It's a deal. Xiao He and I each have 40%, which is okay."

Xiao He also nodded and said: "This is true."

Yan Ruyu looked at Ye Feng, with an inexplicable smile in her beautiful eyes, and said: "You just called Her Majesty the Queen 'old man'. I suggest you stop calling her like that in the future. Her Majesty the Queen hates hearing such words, and Her Majesty The Queen herself It's so beautiful, how can it be called an old man?"

At this time, Xiao He secretly poked Ye Feng's arm and chuckled softly: "Ye Feng, I have seen the Elf Queen once from a distance. She is mature and beautiful. Maybe you can use my previous suggestion of killing three birds with one stone. think about it."

Yan Ruyu was a little curious and said, "What's the suggestion of killing three birds with one stone?"

"nothing!"

Ye Feng immediately spoke up and quickly changed the topic, saying: "The Tianjiao Alliance still doesn't know when we will find the burial place of Emperor Luan Gu. During this time, we need to concentrate on training in the corners of the world to improve our strength. If Miss Yan doesn't If you mind, you can practice with us."

A touching smile appeared on Yan Ruyu's beautiful face, and she turned around and left, "Although I have joined your camp now, it does not mean that I will loyally solve your problems. If you kill Ji Wuhen, then The president of the Dragon God Society has arrived, you should first think about solving the immediate troubles."

Chapter 667: Crazy Cultivation Method

Next, Ye Feng and Xiao He moved into room No. 1 of Tianzi.

Xiao He said: "The fight between us and Ji Wuhen is a fight between the younger generation. This is an implicit rule between the major overlord forces. Older people cannot interfere. If there are older people in Dragon Palace who dare to intervene, If so, the underworld behind me will also dispatch powerful and terrifying people, so we are safe."

Ye Feng nodded and said with some regret: "However, this implicit protection rule is only effective for the younger generation under the overlord force. If the person who killed Ji Wuhen today was a young casual cultivator or someone from a small force, Young man, the Dragon God Society or the Dragon Palace will probably send out the top elders in an instant to kill the young man directly, and even the forces behind the young man will suffer. "

Xiao He smiled slightly and said: "You are right, that's why there are so many young people trying their best to enter the overlord's power. There are so many privileges that they can enjoy, and the safety of training outside will also be significant. To improve, as long as you have strength, you will never be bullied. Unlike some family members in small forces, even if they are bullied by their peers in the overlord force, they dare not fight back if they have strength, for fear of causing trouble. , but you and I are the overlords behind us, so we don't have to be so scrupulous."

Ye Feng nodded slightly and said: "But we still have to be careful after all. Although we are now in Tianyahai Pavilion, under the spotlight of everyone, the top elders in the Dragon God Association dare not take action openly. But once we leave Tianya Haige and enter some uninhabited sea areas, there may be powerful people who will immediately take action to kill us. Anyway, there will be no evidence. "

Xiao He said: "Don't worry, there are spies from our underworld in the entire chaotic ancient sea area, and my eyes are all over the black market. Even if someone is out, lurking in the dark, and wants to kill us in a deserted place, I can get the news in advance." , If we can quickly improve our cultivation and achieve huge growth during this period, we may be able to fight back against those self-righteous elders. "

"That's right."

Ye Feng said at this time, "Let's start practicing. In this Tianya Hai Pavilion, with Yan Ruyun here, no one should disturb us."

Buzz!

At this time, Ye Feng's thoughts moved slightly, and a huge holy ship, whose whole body seemed to be made of white jade, exuding a vast power and majestic atmosphere, rushed out from his dantian.

It is the Great Light Holy Ship!

At this time, the huge hole that was pierced in the hull of the Great Light Holy Ship has been almost repaired by Ye Feng's cultivation in the Dantian Mana Sea for so many days.

This is a supreme holy weapon second only to the imperial weapon!

And it is also a very rare treasure of the war holy ship type!

Very noble!

"Is this the legendary Great Light Holy Ship?"

At this time, Xiao He's eyes were fixed on the Great Light Holy Ship, feeling the vast aura, and his eyes were extremely excited.

He couldn't help but said: "This great bright holy ship, but the richest man in the world can't say anything. It cost a lot of money."

It was built with one billion top-quality spiritual stones, and the best casters in the entire Longyuan Continent were invited. It took decades to finally build such a big bright holy ship. All the materials of this hull are The extremely precious Holy Stone of Great Light has the ability to automatically repair itself. It is very rare and rare. "

Ye Feng smiled and said: "But now that I have the Great Light Holy Ship, I dare not use it directly in public."

Xiao He nodded and said: "You really can't use it directly now, otherwise Yan will not know about it. He will definitely be furious by then. The richest man in the world has an extremely huge network. Maybe he can directly use it just by saying a word. Even if we destroy you now, Poseidon Academy will not be able to protect you."

Ye Feng said: "I know this very well, but there are countless wealth and cultivation resources stored in this great light holy ship, which can be used by me."

Xiao He stared at the resources stored in each cabin of the Great Light Holy Ship.

There is a top-quality holy stone that exudes nine-color light.

There are also golden pills that emit the roar of dragons and tigers.

As well as baskets and baskets of heavenly materials and earthly treasures, peerless elixirs, etc...

"Wow!"

Ye Feng grabbed a dozen golden nine-turn elixirs directly from a cabin, and then swallowed them directly into his stomach.

"boom!"

Suddenly, a huge amount of energy exploded in Ye Feng's body and began to flow into his limbs, growing his strength crazily.

The next moment, Ye Feng was still unsatisfied, and ate a golden ginseng that had been growing for five hundred years, bite by bite, like nibbling a radish.

The golden ginseng holy power now even penetrated Ye Feng's skin, emitting golden light.

"What a big eater!"

Xiao He was shocked by Ye Feng's "cultivation method".

At this time, he just took a pill and put it in his mouth.

Xiao He ran his own skills, slowly digesting and absorbing the power of the elixir.

Xiao He didn't dare to be as crazy as Ye Feng, because he believed that he would definitely explode and die in an instant.

Buzz!

Buzz!

At this moment, Ye Feng's cultivation aura was continuously rising.

The resources in the Great Light Holy Ship are almost half of the wealth of the richest man in the world.

Elixirs, treasure pills, holy stones, etc., accounted for almost half of the items.

Therefore, the entire Great Light Holy Ship is filled with half of the cabin with resources that can be used to devour and strengthen the cultivation base.

Ye Feng finally had time to calm down.

, constantly devouring it, growing in strength crazily.

The first night.

"boom!"

First Holy Realm Intermediate Level!

.....??.

Early morning on the third day.

"boom!"

The first high-level holy realm!

.....??.

The afternoon of the sixth day.

"boom!"

The first holy realm has been completed!

Late at night on the ninth day.

"boom!"

The first holy realm is completed!

The twelfth day.

"boom!"

The pinnacle of the first holy realm!

The morning of the fifteenth day.

"Boom!"

A huge and unparalleled aura suddenly burst out from Ye Feng's body.

This momentum spread in all directions, and the walls of the entire Tianzi No. 1 room were almost blown away by the momentum.

"The second holy realm! The holy realm of creation!"

Ye Feng opened his eyes, and the golden divine light in his pupils pierced the void like a sharp sword, which could tear a person's soul into pieces.

Although every time Ye Feng breaks through, the energy required is extremely huge.

But the resources in the Great Light Holy Ship are too abundant.

Relying on constantly swallowing pills, spiritual materials, and holy stones, Ye Feng's breakthrough speed in the past half month was as fast as a rocket.

Xiao He was shocked and couldn't help but said: "Oh my god! Your breakthrough speed is too fast! A top genius like me with unparalleled talent has also used it to step from the first holy realm to the second holy realm. It took a full three or four months, and during this period, my quasi-sage ancestor gave me a huge amount of cultivation to achieve this! Ye Feng, you are simply a monster! This is a rare emperor in a thousand years! Super genius? It's amazing!"

In the past half month, Xiao Hecai refined more than a dozen holy-level elixirs, and his cultivation level went from the beginning of the second holy realm to the high level of the second holy realm.

And how much did Ye Feng refine?

Xiao He has lost count.

He must have taken thousands of holy-level pills!

It also absorbed hundreds of thousands of years of precious medicinal herbs!

At this time, Ye Feng looked at the Great Bright Holy Ship and found that nearly a quarter of the resources in the cabin were empty.

This scene made Ye Feng's mouth twitch slightly.

It turned out that I had consumed so many cultivation resources without even realizing it.

"However, my cultivation level has skyrocketed this time. My cultivation level and foundation have almost caught up with the top group of young geniuses in the Southern Territory."

Ye Feng stood up and shook his hands

Fist, his strength has definitely increased dozens of times compared to before.

Moreover, his cultivation requires such a huge amount of resources, and the martial arts foundation he has condensed after his breakthrough is also extremely powerful.

Xiao He stared at Ye Feng at this time and said very solemnly: "I estimate that your power aura now is comparable to dozens of ordinary martial arts saints at the beginning of the second holy realm. Your inheritance is too terrible, let you The martial arts foundation you have laid is really strong. The stronger the martial arts foundation, the higher your future achievements will be. Ye Feng, I think you really have the potential to become an emperor, but this world has a curse on your cultivation level. "

Speaking of this, Xiao He's eyes became as deep as the eternity, and said: "The more we practice to the end, the more we feel the deep binding of the realm breakthrough. This world is like a chain, binding our cultivation Locked tightly."

Ye Feng nodded and said: "Actually, after I reached the holy realm of martial arts, I also felt a sense of imprisonment between heaven and earth. I finally understood why those super strong people who had reached the pinnacle of quasi-sage back then They, such as Emperor Styx, even gave up the huge power they established on Longyuan Continent, and entered the endless ocean alone to find a way to break through the shackles of Longyuan Continent and leave Longyuan Continent. , disappeared into the world."

Xiao He said in a deep tone: "When one's cultivation reaches an upper limit and cannot continue to break through, it is definitely the most confusing and difficult moment for a cultivator. As the end of

life slowly approaches, the shadow of death arrives, what power and Wealth is meaningless. At that time, the only thought was to break the shackles of heaven and earth, break out of the Longyuan Continent, and find a higher level of earth and sky, so that the cultivation can be released, continue to break through, and gain a long life. "

When Ye Feng heard what Xiao He said, he felt an inexplicable sense of urgency in his heart.

When he was weak in cultivation, he didn't feel this way.

But as his cultivation level rose to the martial arts holy realm, approaching the level of the ancient saint.

Ye Feng did feel it immediately.

The whole world felt very uncomfortable with the feeling of being restrained by the cultivation of the creatures on Longyuan Continent.

Like shackles, locked firmly in the deepest part of the body.

Ye Feng said firmly, "No matter what, let's resolve the immediate crisis first, and then think about it when we finally get to that point. There's no point in thinking about it now."

Ye Feng secretly decided at this time that after all the matters in front of him were dealt with, he decided to return to the Great Yan Dynasty.

He was going to the Ye Clan's ancestral hall to ask Uncle Nan about the curse of Longyuan Continent.

Perhaps a mysterious existence like Uncle Nan can give him some answers.

"Inform Mr. Xiao He that the group of Tianjiao Alliance found the entrance to the tomb of Emperor Luan Gu in the deep sea area. They are now attacking the protective formation of the tomb."

Suddenly at this moment, a voice came from outside Tianzi No. 1 room.

Chapter 668 Departure

The sudden sound outside the door made Ye Feng and Xiao He's eyes brighten.

"Have you finally found the people from the Tianjiao Alliance?"

Xiao He murmured, and then said to the outside: "Go and invite the elf saint Yan Ruyu to our room at Tianzi No. 1."

"Yes, Master Xiao He!"

The underworld spy outside immediately clasped his fists and shouted, turned around and walked towards the top floor of Tianyahai Pavilion.

At this time, Ye Feng showed a smile on his face and said: "They discovered it at the right time. Now the cultivation level of our two brothers has skyrocketed, especially me, who has entered the third level." After reaching the Second Saint Realm, I only feel that my combat power is enough to compete with the martial arts saints at the Third Saint Realm."

Xiao He smiled and said: "That's right, this time you and I have greatly improved our cultivation. This time we follow those people from the Prodigy Alliance and enter the tomb of the Luangu Emperor. We will be more confident to snatch the treasure." "

"Have the people from the Tianjiao Alliance found the entrance to Emperor Luan Gu's tomb?"

Accompanied by an ethereal female voice, the door of Tianzi No. 1 room opened. ??

Yan Ruyu appeared in a pale white dress, her stunning figure appearing.

At this time, the beautiful eyes of this Elf Saint were also flashing with a little bit of anticipation and excitement.

After all, it was the burial place of the legendary figure in the Luangu Sea and the Luangu Emperor.

Ye Feng nodded and said: "Without further delay, let's set off directly."

Xiao He and Yan Ruyu both followed Ye Feng directly towards the outside of Tianyahai Pavilion.

"In the past few days, the powerful elders of the Dragon God Society have been guarding the gate outside Tianyahai Pavilion. Let's just sneak out through the back door of Tianyahai Pavilion and don't waste time entangled with those people."

At this time, Yan Ruyu took Ye Feng and Xiao He and walked out towards the secret passage at the back door of Tianyahai Pavilion.

.

Xiao He's eyes showed a cold light and said: "After we successfully capture the treasure of Emperor Luan Gu, we will come back and have fun with this group of Dragon Palace people. Now that chaos is coming, it is time for the black market to be reshuffled again."

Ye Feng also nodded slightly, with a trace of ambition in his eyes, and said: "The catastrophe is coming, and even the overlord forces cannot escape this catastrophe, so we all need to strengthen our strength as soon as possible. This time After returning, I will completely defeat Chu Tianji and others, and then the forces of Human Emperor Peak will join forces with the underworld forces controlled by Xiao He to lay out the entire chaotic ancient sea area. The chaotic ancient sea area is a fertile place. There is countless wealth gathered in this land. If it can be controlled secretly, it will definitely be a money-making machine. "

Yan Ruyu also glanced at the two of them in surprise at this time. She did not expect that Ye Feng and Xiao He had such a big plan.

Xiao He smiled and said: "Elven Saint, if you think my brother is a domineering man who only meets once in a thousand years, just obey him."

At this moment, Yan Ruyu was not as angry as before. She just snorted coldly. Her beautiful face was extremely cold and she said nothing.

Ye Feng looked at Yan Ruyu and said, "Miss Yan, you must have prepared a lot of backup moves in the past half month."

"That's right."

Yan Ruyu nodded and said: "The inheritance of Emperor Luan Gu is really too involved. Some of the big forces who secretly pay attention to the Luan Gu sea area, as well as the old monsters, cannot possibly not know about this matter, so this time we Although we have taken the lead and entered the tomb of the Luangu Emperor together with the Tianjiao Alliance, there is no guarantee that we will be able to sit back and relax. There will definitely be countless strong masters swarming in the future, so our speed must be

Hurry, grab the maximum benefits as soon as possible before the news of the appearance of the Luangu Emperor's tomb is leaked out and attracts countless people. "

Ye Feng glanced at the elf saint next to him and said, "I didn't expect that Miss Yan also has a lot of thoughts. Have you notified the high-ups of the elf clan about the news?"

Yan Ruyu smiled slightly and said: "There is no notification yet. If we are notified now, what will happen to us? I will temporarily store the news in a jade talisman, and it will be opened in half a month. Then Not to mention our elves, I'm afraid all the major forces in the entire Chaotic Sea region will know the news."

Ye Feng nodded and said: "Indeed, the news of the opening of the tomb of Emperor Luan Gu will definitely not be hidden for too long. Miss Yan, your approach is very correct. When the superpowers of the elves come, they may be able to help." We're a little busy."

And just when the three of them were talking about each other.

They had left the black market area and arrived at a deep sea area east of the Luangu Sea Area.

Wow!

Wow!

The endless waves were rolling and roaring horribly.

In this deep sea area, the sky has turned gray-blue.

The three of them could faintly hear thunder flashing in the distant sky, as if a thunderstorm was about to come.

"This is already a deep sea area. If you go outside again, you will enter the ancient sea. That is a place where even the quasi-sage peaks dare not set foot."

Xiao He spoke up at this time, with a hint of solemnity in his tone.

At this time, Ye Feng was just looking towards the end of the sea, unable to see beyond.

The ocean and sky in the distance seem to be connected together, with dark clouds, roaring thunderstorms, and flashing blue-purple thunder.

Electric light.

The atmosphere in the entire deep sea area feels like the end of the world is coming, full of extreme depression.

At this time, a figure in black jumped from the sea in the distance.

This is an underworld spy who has been lurking in the Tianjiao Alliance for many days.

At this time, he was holding three pieces of clothing in his hands, which were the exclusive uniforms of the Tianjiao Alliance.

The underworld spy came to the three of them, immediately knelt down on one knee, and said to Xiao He: "Report to the judge, the three adults' disguised subordinates have been prepared, and these three uniforms are all They have the aura of fate of the three official members of the Tianjiao Alliance. The people of the Tianjiao Alliance come from all over the world, so the upper management of the Tianjiao Alliance will never know the identity of the three adults. "

"very good."

Xiao He immediately became delighted and took the three uniforms over.

"My subordinates resign."

The underworld spy immediately jumped up and disappeared into the surrounding ocean.

"Put it on."

Xiao He threw one to Ye Feng and another to Yan Ruyu.

"Uh-huh!"

Yan Ruyu took the uniform, moved her body, and disappeared directly from the spot.

When she came back, she was already wearing the uniform of the Prodigy Alliance, with her face covered and a bamboo hat, making it difficult to see her face clearly.

At this time, Xiao He and Ye Feng also changed into the clothes of the Tianjiao Alliance.

He also covered his face with a purple scarf and wore a bamboo hat, all dressed up like a prodigal from the end of the world.

"Let's go."

The three people jumped up and turned into three afterimages, quickly disappearing at the end of the deep sea area.

Chapter 669 Deep Sea Passage

When Ye Feng and the other three shuttled through a large area of deep sea.

In their field of vision, a huge deep sea cliff appeared.

Rumble...

The endless huge waves flow from the sea to the cliff, giving people an extremely shocking visual impact.

Xiao He spoke up: "According to what my spies in the underworld said, everyone in the Tianjiao Alliance is under this deep sea cliff."

Ye Feng nodded and said: "We have now put on this special uniform, and we also have identity cards on our bodies, exuding the energy fluctuations of full members. As long as we do not take action without authorization, revealing the attribute power fluctuations of our original skills, Those people won't notice anything unusual about us, after all, the three of us pretending to be members of the Prodigy Alliance are the most inconspicuous ones at the bottom."

At this time, the three of them all jumped towards the deep sea cliff, and soon arrived at the dark ocean area under the cliff.

This place is already infinitely close to the extremely dangerous ancient sea area. ??

At this time, the three of them landed, and they immediately saw a charred black island below, with many people standing there, including hundreds of people.

This group of people all had their backs to Ye Feng and the other three, and were looking at a huge undersea rock wall at the front of the island.

The ancient rock walls were carved with extremely complex imperial symbols, and were now shrouded in a large formation of bright divine light.

At this time, a group of members of the Prodigy Alliance, led by three young men with strong auras in front, were constantly bombarding the ancient formation guarding the rock wall.

"Fortunately, they were breaking the formation and had no time to pay attention to everything around them."

At this time, Ye Feng, Xiao He and Yan Ruyu, hiding their auras, immediately sneaked in from a distance.

The three of them stood directly in the back row among hundreds of people, and no one else noticed them at all.

Hundreds of members of the Tianjiao Alliance are all wearing uniforms, with purple scarves covering their faces and a bamboo hat on their heads. They look very uniform.

At this time, the three of them easily blended into the countless members of the Tianjiao Alliance.

They also followed together to attack the ancient formation guarding the rock wall.

r\u003e

At this time, Ye Feng looked towards the front and immediately saw three powerful figures shrouded in holy light.

Those three people were the leader and two deputy leaders of the Southern Territory Prodigy Alliance.

They are Jin Chensha, the crown prince of the Holy Ancestor Dynasty, Chu Tianji, the number one saint of Poseidon Academy, and Ji Changkong, the Young Dragon Lord of Dragon Palace, the dominant race in the sea area.

The aura of the three of them was like three towering mountains, giving people a sense of vastness as if they were mountains. Their strength was definitely comparable to those of the top elders.

Among them, Jin Chensha has the strongest cultivation level, and with surging mana fluctuations, he is the fifth holy realm, the highest level of the martial arts holy realm, the holy realm of reincarnation!

As for the two deputy leaders, Chu Tianji has entered the fourth holy realm, and Ji Changkong has reached the third holy realm. With the body of a true dragon, he is on par with Chu Tianji and Jin Chensha.

Xiao He stood next to Ye Feng at this time and whispered: "I have heard of the names of these three people a long time ago, and today I saw them and they are indeed well-deserved. Although our cultivation has improved a lot during this period, we are still far away from the three of them. There is still a long way to go, but we still have the soul master skills to lurk in the dark and peek at the best opportunities. We may still become the final winner in the tomb of the ancient emperor. "

Ye Feng nodded and said, "Look, Yan Ruyu went to another place and is no longer standing with us. She may want to act alone."

Xiao He smiled coldly and said: "Then just let her act alone. It is more convenient for us two brothers to work together. This Yan Ruyu has a deep mind and is not a simple woman. It is better if she is not around, so as not to be there all the time." Knife us in the back."

At this moment, Ye Feng suddenly saw a familiar young man in blue standing at the front of the crowd.

It's Lan Wangyou!

This confidant of Ji Changkong had been deeply hypnotized by Ye Feng a few months ago and became a trump card of Ye Feng in the Dragon Palace.

At this time, Lan Wang seemed to have sensed Ye Feng's gaze.

You turned around slightly, showed an inexplicable smile to Ye Feng, who was very inconspicuous in the crowd, and nodded.

Boom!

Boom!

In front of the deep-sea rock wall at the front of the island, three top geniuses were attacking crazily.

Behind Chu Tianji, a huge bronze mirror floated in the void. The bronze mirror released streams of void light, which were so sharp that they almost tore the space into pieces. It was the magic weapon of the ancient Great Sage of the Void. Void mirror!

Ninety-nine and eighty-one golden flags were rotating around Ji Changkong. Each flag was like a sharp ancient war spear, extremely sharp, and was frantically bombarding the formation.

Jin Chensha, the crown prince of the Holy Ancestor Dynasty, wore a nine-headed python robe and had an air of nobility like a royal aristocrat.

He holds a big seal in his hand. Every time the big seal is blasted, the four holy spirits of Qinglong, White Tiger, Xuanwu, and Suzaku will appear, roaring and roaring around him, as if the Emperor of Heaven has descended to patrol the world, full of joy. Infinite power.

"Click! Click..."

Under the attack of the three top geniuses and hundreds of members of the Genius Alliance, the formation guarding the deep sea rock wall was finally shattered inch by inch.

"The entrance is finally open!"

All the members of the Tianjiao Alliance showed ecstasy in their eyes.

"boom!!"

"Crack!"

Finally, the huge deep-sea rock wall was shattered, but an extremely deep deep-sea passage was revealed, leading to an unknown area of the deep sea.

"The Emperor Luan Gu actually buried his own emperor's tomb under the endless ocean. It was really a generous act. How on earth was this done?"

Countless people had surprised eyes as they followed the three top geniuses at the front and walked towards the deep sea channel.

Ye Feng and Xiao He also immediately followed the crowd and walked into the deep sea channel.

The entire deep sea passage was very dim, making people feel a biting chill.

But the Tianjiao Alliance

The members of the alliance are all top-notch young geniuses in the Southern Territory. The weakest of them all are powerful beings in the tenth level of the Cave Heaven Realm. Every one of them is a young and strong man, so naturally they will not shrink back in any way.

No one would be tempted by the burial place of an ancient emperor.

This time Jin Chensha, Chu Tianji and Ji Changkong obviously did not notify the upper management behind their respective forces, and they wanted to keep it all to themselves.

Because the land of Southern Territory is now dominated by the younger generation!

Jin Chensha, Chu Tianji and Ji Changkong were walking at the front, very vigilant.

Even if the three of them are top martial arts saints, they must be cautious in the tomb of an ancient emperor.

"Roar~"

"Roar~"

Suddenly at this moment, a series of harsh low roars suddenly sounded from the end of the deep sea channel.

In the shocked eyes of everyone, a tall evil wolf with black scales on its head and body stepped from the end of the deep sea channel.

A pair of green wolf eyes were filled with bloodthirsty and killing light, looking extremely scary in the darkness.

"The ancient emperor's tomb space has incredible power of creation. It may have become a small world of its own. These scaly wolves should be the creatures that were bred in the tomb. Let's go straight forward and take them out. Behead!"

Jin Chensha was the first to speak out. As the leader of the Tianjiao Alliance, he was filled with divine light, and the will of the four Holy Spirits roared around him in the space around him.

"kill!"

He was like an ancient emperor with terrifying power. He took the lead and rushed toward the other end of the deep-sea passage. With a wave of his hand, a large wave of energy light burst out, directly smashing a dozen powerful ancient scales. Wolf, very powerful.

"kill!"

"kill!"

"For the treasure!"

"Come on!"

At this moment, Chu Tianji, Ji Changkong, and hundreds of members of the Tianjiao Alliance all burst out with strength and charged forward.

Chapter 670: Hunting the Prodigy

"Pfft!"

"Pfft!"

Following the bursts of terrifying energy, all the vicious scaly wolves were killed.

Although each of these evil wolves is a powerful monster at the level of a great demon.

But you must know that the hundreds of people entering this deep sea channel are all the most powerful and powerful geniuses in the Southern Region gathered together.

I'm afraid nothing can stop such a torrent of steel.

At this moment, all the scaly wolves in the deep sea channel have been wiped out, leaving corpses everywhere.

Tap tap tap!

Tap tap tap!

The sound of rapid footsteps sounded, and a group of members of the Prodigy Alliance walked to the end of the deep sea passage. .??.

A vast sky suddenly appeared in their field of vision.

"It is indeed a small world! After the death of Emperor Luan Gu, he created a small world, buried himself, and used heaven and earth as a coffin. It was really a generous act! He is indeed the Great Emperor of Ancient times!"

At this moment, Jin Chensha, the crown prince of the Holy Ancestor Dynasty, who was standing at the front, couldn't help but sigh in admiration.

Chu Tianji and Ji Changkong looked at each other at this moment, and then said to Jin Chensha: "There may be the treasure of Emperor Luan Gu buried in this small world. Let's search separately. The news of the opening of the entrance to Emperor Luan Gu's tomb, I think it won't be hidden for too long, at most half a month, and it will be discovered by the older experts who are paying attention to this deep sea area. We need to be faster."

"good."

Jin Chensha nodded and said to the hundreds of Tianjiao Alliance members behind him: "Everyone spread out and look for it. There may be other opportunities in this small world. This time, everyone should look for it carefully to quickly strengthen their foundation and improve their strength. , when we raid the tomb of the Luangu Emperor this time, the foundation of our Prodigy Alliance will expand to an extremely terrifying level. When we go out again, we will unify the entire Luangu Sea Area, and even

The entire southern region will be controlled by us, and then it will radiate to the entire Longyuan Continent. Our future will be the entire five human regions, and even the endless wilderness! "

Jin Chensha's voice was full of deep ambition.

"Always follow the leader!"

"Always follow the leader!"

At this time, countless members of the Prodigy Alliance shouted excitedly.

Jin Chensha is the prince of the Saint Ancestor Dynasty, Chu Tianji is the first saint of Poseidon Academy, and Ji Changkong is the Young Dragon Master of Dragon Palace.

Under the leadership of such three top geniuses, the entire Tianjiao Alliance members are naturally confident and have a high sense of honor.

Ye Feng and Xiao He, who were standing in the crowd at this time, looked at each other and saw the gloomy look in each other's eyes.

This genius alliance is indeed very terrifying.

"This time we must not allow Jin Chensha, Chu Tianji and Ji Changkong to obtain the final inheritance of Emperor Luan Gu, otherwise the entire Southern Territory and the Luan Gu Sea Territory will no longer have room for our two brothers. "

At this time, Xiao He used the soul master method to conduct soul transmission with Ye Feng.

"Yes, their foundation is already very strong. Even without the treasures and inheritance of Emperor Luan Gu, this Prodigy Alliance probably has no rivals in the entire Southern Territory, but this time may be our chance. "

Ye Feng's soul was transmitting sound at this time, his eyes showed a trace of conspiracy, and said: "Xiao He, since this group of genius alliance has decided to spread out and look for the inheritance of Luan Gu Emperor, then we have a chance."

Xiao He's eyes moved and he said, "Ye Feng, what do you mean?"

Ye Feng said coldly: "Destroy them one by one, hunt down the geniuses, and strive to weaken the entire genius alliance as much as possible in the tomb of the ancient emperor. Otherwise, after Chu Tianji and others have achieved success, we will Both of them will die miserably." "Pfft!"

"Pfft!"

Following the bursts of terrifying energy, all the vicious scaly wolves were killed.

Although each of these evil wolves is a powerful monster at the level of a great demon.

But you must know that the hundreds of people entering this deep sea channel are all the most powerful and powerful geniuses in the Southern Region gathered together.

Under the leadership of such three top geniuses, the entire Tianjiao Alliance members are naturally confident and have a high sense of honor.

Ye Feng and Xiao He, who were standing in the crowd at this time, looked at each other and saw the gloomy look in each other's eyes.

This genius alliance is indeed very terrifying.

"This time we must not allow Jin Chensha, Chu Tianji and Ji Changkong to obtain the final inheritance of Emperor Luan Gu, otherwise the entire Southern Territory and the Luan Gu Sea Territory will no longer have room for our two brothers. "

At this time, Xiao He used the soul master method to conduct soul transmission with Ye Feng.

"Yes, their foundation is already very strong. Even without the treasures and inheritance of Emperor Luan Gu, this Prodigy Alliance probably has no rivals in the entire Southern Territory, but this time may be our chance. "

Ye Feng's soul was transmitting sound at this time, his eyes showed a trace of conspiracy, and said: "Xiao He, since this group of genius alliance has decided to spread out and look for the inheritance of Luan Gu Emperor, then we have a chance."

Xiao He's eyes moved and he said, "Ye Feng, what do you mean?"

Ye Feng said coldly: "Destroy them one by one, hunt down the geniuses, and strive to weaken the entire genius alliance as much as possible in the tomb of the ancient emperor. Otherwise, after Chu Tianji and others have achieved success, we will Both will die miserably."
