Chapter 671 Breakthrough

Ye Feng's voice at this time was filled with a cold murderous intent.

Xiao He, the underworld judge who himself practiced the art of underworld assassination, also had a trace of a sinister smile on his face.

Xiao He said: "Ye Feng, you are right. Entering the tomb of the Luangu Emperor is indeed a great opportunity for us to hunt down the members of the Prodigy Alliance one by one and greatly reduce the number of Chutians." Ji, Ji Changkong and others' power background."

Ye Feng's eyes were cold and stern, and he said: "They are unkind to me, so don't blame me for being unjust. The members of the Tianjiao Alliance are all fanatical followers of Jin Chensha, Chu Tianji and Ji Changkong. Must kill."

Xiao He chuckled and said: "Let the three of them become lonely, the scene will be very interesting."

Ye Feng nodded at this time. He looked at the group of top talents in the Tianjiao Alliance, and said with a hint of coldness in his tone: "The masters in these Tianjiao Alliance are all the best among the younger generation in the Southern Territory. "

Xiao He also showed excitement on his face and said: "That's right! I almost forgot that Ye Feng, you have developed the terrifying talent of devouring the field. Okay, let's join forces. You will devour your skills and strengthen your cultivation. I will plunder their property." ,The accumulation of wealth!"

Perhaps when he was with other people, even with his master Bai Yuchen, Nangong Muxue and others, Ye Feng was unwilling to directly reveal his plan to devour other people's skills.

But in front of Xiao He, Ye Feng showed no scruples and completely revealed his inner ambition.

It's not that I don't trust Master Bai Yuchen, or Nangong Muxue and others, I just feel that they are not the type of people who like to devour this kind of magic power.

But with friends like Xiao He, Ye Feng has no scruples. He can talk about all his ambitions and magical powers.

"Let's go! Spread out! Look for the inherited treasure of Emperor Luan Gu!"

At this moment, gold

Chensha led a dozen members of the Prodigy Alliance towards a certain direction in the small world under the deep sea.

Chu Tianji and Ji Changkong also left with a group of people.

There were still two to three hundred people left, and they all walked in groups of twos and threes with their close friends, heading in their own directions.

There is only one treasure inheritance of Emperor Luan Gu, and everyone knows that it is destined to belong to Jin Chensha and the three commanders Chu Tianji and Ji Changkong.

They, ordinary members of the Prodigy Alliance, should just look for other opportunities and fortunes in this small world, which are more reliable.

At this moment, Ye Feng and Xiao He were silently following a team of more than a dozen people in the direction they were going.

Yan Ruyu saw the sneaky figures of the two people and seemed to have guessed their plan.

However, she didn't say much, and just sent a message to Ye Feng: "The Luan Gu Emperor Talisman is in your hands. When I find the Luan Gu Emperor's ultimate inherited treasure, I will inform you. If you find it first, you must inform me and agree to give me 20% of the profit distribution. Don't forget, I hope we can cooperate happily. In the end, if there are strong men from the older generation coming in, I can let the strongest men from the elves protect you."

Ye Feng nodded in the direction of Yan Ruyu and said: "Don't worry, we will not go back on our promise before, but you must also ensure that in the end, the most powerful ones from the elders will come. The most powerful people from the elves, We must be protected."

A touching smile appeared on Yan Ruyu's fair face, and she said: "You don't need to worry about this. Before I left, our Elf Queen asked me to take good care of you."

After the words fell, the graceful figure of the elf saint moved, jumped up, and disappeared somewhere in the distance.

direction.

At this time, Ye Feng and Xiao He turned around and quickly followed the dozen or so people from the Prodigy Alliance.

...

Three days later.

In a hidden canyon.

The corpses of more than a dozen experts from the First Saint Realm's Prodigy Alliance were lying on the ground, their bodies already withered.

All their skills were swallowed up by a young man in black standing next to the corpse.

Ye Feng let out a long breath, his eyes revealed a joyful look, and said: "Second Holy Realm, Intermediate Level!"

Ye Feng and Xiao He have been following these dozen or so experts from the Prodigy Alliance for several days.

This time they finally chose to take action in this hidden canyon.

More than a dozen experts from the Prodigy Alliance in the First Holy Realm, although they are all top-notch geniuses from the Southern Territory, have powerful combat prowess and extraordinary methods.

But under the siege of Ye Feng and Xiao He, two men from the Second Holy Realm whose combat power was so terrifying, they couldn't resist for long, and they all fell directly.

Xiao He searched for the resources and property in the storage ring, and after making a list, he gave half of it to Ye Feng.

These members of the Prodigy Alliance are all extremely rich.

At this time, Xiao He stared at Ye Feng, feeling the burst of martial arts momentum on Ye Feng's body, and was very envious.

"The breakthrough is really fast."

Xiao He shook his head and exclaimed: "In fact, we demon cultivators also have the Devouring Demon Skill, which can devour other people's skills, but at most it can only devour the skills of original warriors of the same attribute. But Ye Feng, your Devouring Domain can swallow It's really amazing that the skills of various attributes can be integrated into one and used for one's own purposes without going crazy."

At this time, Ye Feng retracted the aura that he had just broken through, and couldn't help but smile and said: "I didn't expect the skills of these dozen geniuses from the Prodigy Alliance."

The quality is so high, just devouring a dozen of the skills of the first holy realm allowed me to break through to the intermediate level of the second holy realm. "

"That's for sure."

Xiao He couldn't help but said: "Every member of the Tianjiao Alliance is carefully selected. Not only must they have high strength, but they also come from major forces and ancient families. Their inheritance is naturally It is a very top-notch technique, and the skills gained from it are naturally many times more pure and powerful than those of the same level."

When Ye Feng heard what Xiao He said, he nodded slightly, with a hint of fire in his eyes, and said: "Keep hunting! This time in the small world of the tomb of the Luangu Emperor, not to mention catching all the Tianjiao Alliance people, But cutting them in half is still about the same."

Xiao He also laughed loudly: "Hahaha, good! It's so fun! These two little brats Chu Tianji and Ji Changkong must make them bleed this time! Anyone who dares to hinder the future of our two brothers will be killed!" Destroy it!"

Xiao He was speaking like a fanatical murderer at this time.

He comes from the underworld, and he is free to grudge and grudge freely.

Therefore, Xiao He's murderous intention is very serious.

Xiao He seemed to be aware of this and sighed: "Originally, I was planning to go to the Ten Thousand Buddhas Temple in the Western Desert in a while to seek an enlightened monk to help me purify my murderous heart. I didn't expect such a huge change to happen. The Ten Thousand Buddhas Temple was wiped out from the world by a terrifying being who was suspected to be a foreign emperor. A great chaos is really coming. "

Ye Feng nodded and said: "It doesn't matter, we have a master of Shengchanzi in Human Emperor's Peak, who is profound in Buddhism. When you have time, you can go directly to Poseidon Academy and come to our Human Emperor's Peak, and I will let Master Shengchanzi cleanse your murderous intention." , to help you exorcise your inner demons."

Xiao He's eyes lit up and he said in surprise: "Has a master from the Ten Thousand Buddhas Temple survived? That's great! After leaving the small world of Emperor Luan Gu's tomb this time, I might as well go back to Human Emperor Peak with you."

Chapter 672: Ruins

In the next few days, Ye Feng and Xiao He were looking for and hunt the masters of the Tianjiao Alliance.

During this period, they also misjudged several times, were surrounded by dozens of powerful men from the Prodigy Alliance, and almost died.

But in the end, both Ye Feng and Xiao He were very tenacious and escaped the danger of life and death.

At this time, it was on the grass on the top of a hill in the small world of Emperor Luan Gu's tomb.

Ye Feng lay on the ground, looked at the blue sky, and said: "After hunting down 1,670 members of the Prodigy Alliance, my cultivation finally broke through to the second level of the Holy Realm."

Xiao He was sitting aside with a piece of grass in his mouth. He also grinned and said: "This hunting is really exciting. We have directly cut off half of the foundation of the Tianjiao Alliance. Now I see Chu Tianji and Ji Changkong's group will definitely have very exciting expressions after they gather together again."

Ye Feng smiled and said: "If we can destroy them and seize the inherited treasure of Emperor Luan Gu, then they will really lose their wives and troops this time."

Xiao He was currently counting the spoils of the past few days. Although his face was bruised and bruised, he was obviously in danger of various attacks in the past few days.

But he still smiled brightly and said: "The wealth of more than a hundred members of the Tianjiao Alliance is simply too profitable. They became rich instantly. However, during this time, the members of the Tianjiao Alliance also noticed that something was wrong, so it may be difficult for us to take action now. "

Ye Feng smiled and said: "We have cut off half of the members of the Tianjiao Alliance and caused them heavy losses. This is enough, almost beyond my expectations. If we want to completely eliminate them, we are not yet capable. "

Xiao He said: "That's right, as long as you make money, by the way, a few days ago Yan Ruyu sent us a message using a transmission note, saying that the small world of tombs under the deep sea has been discovered by some elders and powerful people outside. Many big forces Everyone is rushing here

, not only our southern region, but also the Eastern Wasteland and Northern Xinjiang lands adjacent to the Luangu Sea Region, many powerful people came after hearing the news and wanted to get a share of the pie. "

Ye Feng's eyes were calm and he said: "It doesn't matter, we have been ahead for nearly half a month. Now we are in a very deep place in this small tomb world. Those big forces outside want to

go deep here." , It will take another half a month, I think, by that time, the inheritance treasure of Emperor Luan Gu will have been revealed. "

"Uh-huh!"

Suddenly at this moment, a figure flashed over in the distance.

It was Yan Ruyu, a saint from the Elf clan.

She was wearing a pale white dress that was stained with mud at this time, like a fairy who had fallen into the mortal world.

Obviously, she has encountered many dangers during this period of time.

Yan Ruyu looked a little anxious and said directly: "You two are still here leisurely? Chu Tianji and Ji Changkong found the ancient map from nowhere, and they were faster than Jin Chensha, the leader of the alliance. The two of them have already Went to the ruins at the end of this small world of tombs, and seemed to be trading with a mysterious being in the ruins. The inherited treasure of the ancient Emperor was not buried somewhere, but with a person in the ruins. In the hands of a mysterious being."

"What?!"

When Ye Feng and Xiao He heard the news about Yan Ruyu, their eyes changed slightly.

"This small tomb world has been buried in the deep sea for endless years, and there are still mysterious beings living in it?"

"We must destroy their deal! If Chu Tianji and Ji Changkong get the inherited treasure of Emperor Luan Gu, the consequences will be disastrous!"

At this moment, Ye Feng and Xiao He's tone was extremely determined and cold.

Yan Ruyu nodded and said: "I will take you to the ruins! Hurry up, otherwise it will be too late!" In the next few days, Ye Feng and Xiao He were looking for the masters of the Tianjiao Alliance to hunt.

Chapter 673: Snooping

Ye Feng and Xiao He, following Yan Ruyu, a saint from the Elf tribe, quickly traveled through a large area of mountains and arrived at the end of the small world of the tomb of the ancient emperor.

That's right!

This is the end of the small world!

In the distance is a deep mountainous area, with huge mountains towering everywhere, and high mountains and ridges, giving people a very depressing and profound feeling.

At this time, Yan Ruyu was leading the way, and Ye Feng and Xiao He were walking behind.

At this time, Xiao He's soul sent a message to Ye Feng beside him, saying: "Ye Feng, do you think this Yan Ruyu is so anxious, is she trying to lure me into a trap? I always feel that this woman is not reliable."

Ye Feng smiled and said: "No, Yan Ruyu is very aware of my status in Poseidon Academy, and she told me before that the Elf Queen asked her to take good care of me, so it is impossible for her to frame the two of us. , and there is no need for her, because what good can she gain by harming us? "

Xiao He made some guesses: "But it cannot be ruled out that she will join forces with Chu Tianji and Ji Changkong."

Ye Feng said: "Chu Tianji and Ji Changkong are both the top geniuses in the Southern Region. Yan Ruyu, a saint from the Elf clan, will not be stupid enough to cooperate with two people who are much more powerful than her, because Chu Tianji and Ji Changkong He is originally a hero with a

very bad reputation. If Yan Ruyu cooperates with them, is he not afraid that he will be taken advantage of and then be killed directly by those two people? "

Xiao He nodded and said with a smile: "That's right."

And the facts proved that Ye Feng was right.

When the three of them arrived at their destination.

Yan Ruyu pointed in the direction of the deep mountain area.

Sure enough, Chu Tianji and Ji Changkong were standing on the third floor of a huge ancient pagoda in the distance.

layer.

They seemed to be saying something into the dark abyss underground in front of them.

At this time, Ye Feng and the others were lying behind a mountain peak several thousand meters away from the ancient pagoda, staring at this scene.

Yan Ruyu whispered: "You see, there is a mysterious creature living in the dark abyss at the bottom of the ancient tower. It should be very powerful. Chu Tianji and Ji Changkong seem to be negotiating with that creature. I use the secrets of the elves to Shu, I heard some news about the conversation. It seems that the mysterious creature living in the abyss has something in its hands that has been inherited by the ancient emperor. "

Ye Feng nodded slightly at this time and said: "It seems that the creature living in the abyss is very extraordinary. Even Chu Tianji and Ji Changkong did not directly suppress it. It must be extremely powerful. Let's not take action first. Xiao He and I Go find out."

At this time, Ye Feng looked at Xiao He. Xiao He immediately understood what Ye Feng meant. The two of them jumped up and lurked in the direction of the huge black ancient tower in the distance.

Yan Ruyu did not move at this time. She knew that her skills and cultivation were not as good as Ye Feng and Xiao He, so in order not to hold back, she temporarily lurked behind the mountain peak.

At this time, Ye Feng and Xiao He sneakily approached the location of the ancient pagoda.

The two of them used a collapsed wall as a cover and hid nearby.

At this time, Xiao He looked at Ye Feng and said, "What are your plans?"

Ye Feng said: "Let's first find out what Chu Tianji and Ji Changkong are saying to the creatures in the abyss."

Xiao He nodded and said: "Okay, the soul power of any one of us alone is not enough to detect such a distance, but the two of us use the soul superposition technique, that is enough. Let's find out what they are talking about first, and then we will I know what to do next." Ye Feng and Xiao He, following Yan Ruyu, the elven saint, quickly traveled across a large mountain range and arrived at the end of the small world where the ancient emperor was buried.

Chapter 674 The Old Devil

At this time, Ye Feng and Xiao He used the soul superposition technique, and their soul powers were immediately superimposed together, forming a very huge soul power field.

Buzz!

At this moment, Ye Feng and Xiao He's perception increased exponentially.

Streams of huge soul power spread invisibly towards the ancient tower in the distance where Chu Tianji and Ji Changkong were.

Even though they were still more than a thousand meters away from the ancient pagoda, the two of them were enough to hear the conversation at that location.

The two of them could even see what the creatures living in the abyss in front of Chu Tianji and Ji Changkong looked like.

In the darkness, there was a tall humanoid creature.

His whole body is covered with golden scales, and each scale is born with a very complicated pattern, which looks full of a mysterious, ancient and vicissitudes of life.

This tall creature seemed to be an extraterrestrial demon, with golden scales covering its body.

He was sitting on a bone throne in the darkness. He looked like a king in the darkness, giving people the feeling that he couldn't help but worship him when he saw it.

At this moment, this golden humanoid creature stared at Chu Tianji and Ji Changkong standing outside the ancient tower, smiled faintly, and said: "I have been suppressed by Emperor Luangu in this deep world for tens of thousands of years. "

At this moment, Ye Feng and Xiao He, who were lurking behind a ruined wall a thousand meters away, couldn't help but look in deep surprise when they heard these words.

They never thought that deep in the small world of the ancient emperor's tomb, there was still an ancient creature that had lived for tens of thousands of years.

Ye Feng guessed at this time: "This should be a very terrifying big demon from the extraterritorial demon clan that Emperor Luan Gu suppressed back then. He has been trapped and locked in the darkness under the ancient tower in the deepest part of this small tomb world. There's no way out."

The moment Ye Feng finished speaking, his guess was immediately confirmed.

because

At this time, the golden demon under the ancient tower spoke up: "As long as you two can release me, I will not only take you to find the inherited treasure of the Luangu Emperor, but also help you fight for hegemony and rule the entire Longyuan Continent. ,how?"

The words of this tall golden demon were full of domineering power, and he could rule the entire Longyuan Continent at every turn.

It seems that this ancient existence must have been a very terrifying existence in Longyuan Continent at that time.

At this time, Chu Tianji and Ji Changkong were hesitant.

They knew very well that this tall golden creature that looked like an extraterrestrial demon was definitely not an ordinary person.

He was suppressed by Emperor Luan Gu and survived for tens of thousands of years. His strength must have reached an extreme level.

If he is released, it may be a huge disaster for Longyuan Continent.

But the words of this tall golden creature made the two of them very excited.

Although Chu Tianji and Ji Changkong are deputy leaders of the Tianjiao Alliance, they are still deputy leaders.

The two of them have always coveted the position of Jin Chensha, the prince of the Holy Ancestor Dynasty.

The Tianjiao Alliance is a powerful alliance that they have worked hard to form.

Naturally, Chu Tianji and Ji Changkong wanted to take complete control instead of being subordinate to others.

At this time, Chu Tianji looked at Ji Changkong and said through a message: "With the strength of you and me, we should be able to suppress this old devil whose power has elapsed for tens of thousands of years."

Ji Changkong thought for a while and then said via voice: "I also think we can give it a try. We must get the inherited treasure of Emperor Luan Gu, and we will understand it together when the time comes."

"good."

Ji Changkong nodded.

"Have you two discussed it?"

In the darkness of the abyss, the tall golden creature suddenly spoke, "If you want to get the inheritance treasure of Emperor Luan Gu, you must let me out. Only I know where Emperor Luan Gu buried his inheritance." At this time, Ye Feng and Xiao He used the soul superposition technique, and their soul powers were immediately superimposed together, forming a very huge soul power field.

In the darkness of the abyss, the tall golden creature suddenly spoke, "If you want to get the inheritance treasure of Emperor Luan Gu, you must let me out. Only I know where Emperor Luan Gu buried his inheritance."

Chapter 675: Calculation

"Two fools!"

At this time, Chu Tianji and Ji Changkong were in the ancient tower in the distance, destroying the formation that sealed the golden old devil. This scene made Xiao He, who was hiding behind the broken wall not far away, couldn't help but curse.

Obviously, for Xiao He, the golden old devil was a disaster. How could he be released so easily?

Ye Feng's eyes moved slightly and said: "I guess these two people also have their own back-ups. Let's take a look at the situation first. After all, no one knows where the inherited treasure of Emperor Luan Gu is, so this golden old devil What the head said is naturally very tempting."

Xiao He nodded slightly, with a sneer on his face, and said: "If you say so, I hope these two fools will release the golden old devil. Anyway, we are lurking in the dark and can wait for opportunities to strike at any time. They are the most likely to fight. alright."

At this time, the underground of the ancient pagoda.

Chu Tianji and Ji Changkong sacrificed their soldiers one after another.

Chu Tianji is a bronze mirror, which is the treasure inherited by the ancient Great Sage of the Void, the Void Mirror.

Ji Changkong, on the other hand, has golden flags, like extremely sharp war spears.

"Boom!"

"Boom!"

The weapons of both of them were very ancient and powerful. At this time, they attacked a big bell at the top of the ancient tower, making a terrifying roar of "dang, dang, dang, dang, dang, dang, dang, dang."

The big bell hanging above the ancient tower is the formation eye of the golden old devil in the abyss under the seal.

As long as the big bell is broken, the golden old devil will be able to escape.

At this time, the golden old devil stared at the big clock with a pair of dark pupils, his eyes full of desire and greed.

Obviously, he has lived in this abyss for tens of thousands of years, which is too long.

This time there was a chance to escape, and the golden old devil was naturally extremely excited.

But at this time, Chu Tianji and Ji Changkong suddenly stopped attacking.

The big bell was about to break at this time, but the two of them stopped attacking.

"You guys keep attacking! The formation is about to break!"

\u003e The golden old devil in the abyss suddenly roared.

"senior."

Chu Tianji spoke up, with a hint of calculation in his eyes, and said: "Although I really hope to let you out, how do we know that after we let you out, senior will keep his promise and tell the story of Emperor Luan Gu?" The place where the heritage treasure is located."

The golden old devil's eyes darkened and he said, "What do you mean?"

Ji Changkong also stopped the attack at this time and said with a smile: "Brother Chu's meaning is very simple, that is, senior first tell us where the inheritance treasure is and how we can get it, then we will continue to attack and let senior come out." "

The golden old devil couldn't help but show a hint of gloom on his face when he heard what the two said.

However, people had to bow their heads under the eaves, and finally he said: "I can tell you some news in advance, otherwise you will really think that I am lying to you."

At this time, the golden old devil suddenly took out a golden talisman from his arms. The golden talisman was engraved with imperial inscriptions.

Chu Tianji and Ji Changkong both looked surprised and said, "Is this?"

The golden old devil smiled and said: "This talisman is the talisman of Emperor Luan Gu. There is only one in the world. It is the only 'key' to unlock the treasure inherited by Emperor Luan Gu. Now I will use this talisman." I'll give you the Luangu Emperor Talisman first, now you should trust me."

Chu Tianji's eyes were filled with joy and he said: "Leave it to me now, and I will believe in your senior's sincerity. Once you rescue your senior, you can join our Prodigy Alliance, become a guest of our alliance, and enjoy countless rights."

"Very good, I'm very interested."

The golden old devil smiled slightly at this time, and then said: "In front of Emperor Luan Gu, I have only refined one Luan Gu Emperor Talisman in my life. You have to pick it up. This Emperor Talisman is very important."

But at this time, Xiao He, who was lurking behind a ruined wall not far away, looked puzzled and said: "The only Chaos Ancient Emperor Talisman? Is the Chaos Ancient Emperor Talisman in our hands? Why is that golden old demon Do you still have one in your hand?"

Ye Feng's eyes were slightly startled at this time, and he said: "I understand, the Ancient Emperor Talisman in the hands of the golden old devil is definitely fake! The old devil is plotting against the two of them!" "Two of them!" Fool!"

At this time, Chu Tianji and Ji Changkong were in the ancient tower in the distance, destroying the formation that sealed the golden old devil. This scene made Xiao He, who was hiding behind the broken wall not far away, couldn't help but curse.

Obviously, for Xiao He, the golden old devil was a disaster. How could he be released so easily?

Ye Feng's eyes moved slightly and said: "I guess these two people also have their own back-ups. Let's take a look at the situation first. After all, no one knows where the inherited treasure of Emperor Luan Gu is, so this golden old devil What the head said is naturally very tempting."

Xiao He nodded slightly, with a sneer on his face, and said: "If you say so, I hope these two fools will release the golden old devil. Anyway, we are lurking in the dark, waiting for opportunities to take action at any time. They are the most likely to fight. alright."

At this time, the underground of the ancient pagoda.

Chu Tianji and Ji Changkong sacrificed their soldiers one after another.

Chu Tianji is a bronze mirror, which is the treasure inherited by the ancient Great Sage of the Void, the Void Mirror.

Ji Changkong, on the other hand, has golden flags, like extremely sharp war spears.

"Boom!"

"Boom!"

The weapons of both of them were very ancient and powerful. At this time, they attacked a big bell at the top of the ancient tower, making a terrifying roar of "dang, dang, dang, dang, dang, dang, dang, dang."

The big bell hanging above the ancient tower is the formation eye of the golden old devil in the abyss under the seal.

As long as the big bell is broken, the golden old devil will be able to escape.

At this time, the golden old devil stared at the big clock with a pair of dark pupils, his eyes full of desire and greed.

Obviously, he has lived in this abyss for tens of thousands of years, which is too long.

This time there was a chance to escape, and the golden old devil was naturally extremely excited.

But at this time, Chu Tianji and Ji Changkong suddenly stopped attacking.

The big bell was about to break at this time, but the two people stopped attacking.

"You guys keep attacking! The formation is about to break!"

Chapter 676: No Emotions

"Is the golden old devil plotting against those two people?"

Xiao He's eyes changed slightly, but then he suddenly said: "Yes, this golden old devil is an ancient figure who has lived for tens of thousands of years. How could he casually give away something as precious as the Luangu Emperor Talisman?" Going out."

Ye Feng nodded and said: "But if we can react, Chu Tianji and Ji Changkong may not be able to react."

Xiao He said: "Logically, the two of them should not be so stupid."

Ye Feng smiled and said: "Both of us are bystanders, so we are calmer and can analyze this matter more rationally. Moreover, we also have a real Chaotic Ancient Emperor Talisman in our hands. The golden old devil said There is only one Luangu Emperor Talisman in the world, so he must be telling lies, but Chu Tianji and Ji Changkong don't know that."

Xiao He laughed and said: "Yes, that Ji Wuhen got the Ancient Emperor Talisman and secretly hid it on his body without telling his brother. Naturally, Chu Tianji didn't know either."

Just when Ye Feng and Xiao He were discussing.

The ancient pagoda area not far away.

Chu Tianji stared at the Ancient Emperor Talisman in the golden old devil's hand, and said, "Senior, since you are so sincere, give me the Ancient Emperor Talisman first."

The golden old devil smiled and said, "I can't give it to you directly."

At this moment, the golden old devil suddenly stretched out his hand, but he had not yet touched the space outside the abyss.

"Wow!"

On the surface of the entire abyss, silver chains of light suddenly appeared out of thin air, and slapped the old devil's body hard, making the old devil scream in pain.

The golden old devil yelled: "Did you see it? I can't hand over the Ancient Emperor Talisman myself."

Chu Tianji and Ji Changkong looked at each other, and then Ji Changkong said: "I'll get it myself."

After speaking, Ji Changkong stretched out a hand, and that hand immediately turned into a huge and ferocious purple-gold dragon claw, which stretched directly into the abyss.

The formation did not cause any harm to Ji Changkong, and seemed to only target the golden old devil in the abyss.

At this time, Ji Changkong immediately grabbed the one in the golden old devil's hand.

Chaotic ancient emperor talisman.

During the whole process, the golden old devil did not take any action, but just watched quietly.

"call!"

After getting the Ancient Emperor Talisman in his hand, Ji Changkong let out a long breath.

He smiled at the golden old devil in the abyss and said, "Senior is indeed sincere."

At this time, Chu Tianji took the Chaos Ancient Emperor Talisman in his hand and wanted to check it.

"You are still too young."

But suddenly at this moment, a strange smile suddenly appeared on the scaly face of the golden old devil in the abyss.

"Buzz!"

And almost at this moment, a strong red light suddenly emerged from the Luan Gu Emperor Talisman in Chu Tianji's hand.

"No! This is not the ancient emperor talisman of chaos! It is an ancient talisman of explosive flames!"

Chu Tianji felt the terrifying energy and destructive aura pouring out of the talisman in his hand in an instant.

He was immediately frightened, but now he could no longer escape. The destructive energy coming out of the talisman could almost instantly destroy a quasi-sage and the most powerful person within a kilometer radius!

In such a short period of time, Chu Tianji knew that he could no longer escape from such a huge explosion range.

"Brother Ji, you and I have been brothers for so many years, and I have saved you countless times. So this time, it's your turn to save me!"

At almost a thousandth of an instant, before Ji Changkong could react, Chu Tianji smiled evilly, pinched Ji Changkong's neck, and stuffed the terrifying talisman that was about to explode into Ji Changkong's body. In the throat of the sky.

Bang!

Then he slapped Ji Changkong's throat with his hand, causing Ji Changkong to swallow it directly.

"you.....!"

Ji Changkong's eyes instantly became extremely frightened and angry.

At this time, Chu Tianji retreated and said emotionlessly: "Your true dragon body has been fully developed, and it will definitely be able to withstand most of the damage caused by this talisman. Don't worry, after you die, I will tell you that you are If Jin Chensha kills him, I will cooperate with Dragon Palace to kill Jin Chensha and command the entire Tianjiao Alliance to conquer the continent and fulfill our ambition. "Is the golden old devil plotting against those two people?"

Xiao He's eyes changed slightly, but then he suddenly said: "Yes, this golden old devil is an ancient figure who has lived for tens of thousands of years. How could he casually give away something as precious as the Luangu Emperor Talisman?" Going out."

Chapter 677: Great Emperor Tower

Chu Tianji's sudden series of attacks, not to mention Ji Changkong, even Ye Feng and Xiao He, who regarded Chu Tianji as their enemies, never expected it.

They never thought that Chu Tianji could be so ruthless!

At the critical moment, Chu Tianji was so decisive that he directly sacrificed Ji Changkong's life in exchange for his own safety.

"It's really cruel to use Ji Changkong's great true dragon body to resist the explosive talisman of the golden old devil!"

At this time, even Xiao He, the underworld killer, was stunned.

Ye Feng's eyes became even colder and he said: "This Chu Tianji is becoming more and more difficult to deal with. He is too calm and cruel!"

And at this time.

"Boom!!"

A huge roar instantly exploded in the ancient tower area in the distance.

Ji Changkong's eyes were extremely frightened. He felt a terrifying explosive energy being released from his body.

Layers of red light of destruction emanated from the surface of his body.

"ah!!"

An extremely terrifying pain appeared in every inch of Ji Changkong's body, causing Ji Changkong, the young dragon master of the Dragon Palace, to have an extremely distorted face.

He yelled crazily: "Chu Tianji! I curse you! I curse you to die miserably! You must die miserably! You must die miserably!"

Boom! !

A huge roar sounded.

The entire ancient pagoda area was suddenly enveloped in a dazzling red light.

The entire ground within a kilometer radius of the ancient pagoda was suddenly shattered inch by inch.

"Boom!"

"Boom!"

It was a big explosion, filled with endless destruction.

But in the end, Ji Changkong's Dacheng True Dragon body was able to withstand part of the explosion's destructive energy.

Ji Changkong died, no scum was left, and the storage rings were destroyed.

But Chu Tianji survived at this time, and his figure appeared not far away.

He was wearing a blood-stained white cloth, like a shroud.

But on the blood-stained white cloth, those things had already

The dried blood now emits mysterious and powerful energy, actually resisting the destructive energy of the explosion.

Chu Tianji's body was a little unstable, his hair was messy, and he looked a little embarrassed.

But he didn't die, he survived, and his injuries weren't even serious.

"Click, click, click..."

But at this moment, the big bell hanging on the ancient tower and the formation eye that sealed the golden old devil suddenly shattered.

"Hahaha, it's been tens of thousands of years, tens of thousands of years! I'm finally out!"

Accompanied by a ferocious laughter that lasted for eternity, a tall golden humanoid figure, covered with golden scales, stepped out of the abyss.

The golden old devil suddenly opened his mouth and sucked.

Buzz!

Suddenly, the vitality of heaven and earth within a radius of several kilometers was sucked into his body.

The entire kilometer-wide space turned into a vacuum for a brief moment!

"What a terrifying cultivation level!"

At this time, Ye Feng and Xiao He, who were lurking in the distance, looked at each other and saw the horror in each other's eyes.

This golden old devil is definitely a very terrifying ancient figure.

The golden old devil's deep black eyes immediately stared at Chu Tianji who was not far away, with a look of surprise on his face: "Oh? The blood-stained cloth on your body should be the god's blood cloth, right? According to legend, The shroud stained with divine blood has incredible power. You are ruthless enough and have endless treasures on your body. I don't want to kill you anymore."

Chu Tianji smiled indifferently at this time and said: "Although my senior is an ancient figure, his strength and life are now severely consumed. You can't kill me even if you want to. Why don't we join forces and get the treasure inherited by the ancient Emperor? If you go out, I can make you the supreme guest of the Tianjiao Alliance and enjoy countless rights. After all, we have no life-or-death enmity."

The golden old devil showed a cold smile and said: "You, a young human race, make me feel dangerous. It seems that you have other methods. Okay, I will shake hands with you and make peace for the time being. I will also tell you directly that the inherited treasure of Emperor Luan Gu is actually in that ancient pagoda. That ancient pagoda is the inherited imperial weapon of Emperor Luan Gu back then. It is called the 'Great Emperor Pagoda'. The inheritance and treasure of Emperor Luan Gu. In fact, they are all sealed in the internal formation space of the Great Emperor Tower." Chu Tianji's sudden series of attacks, not to mention Ji Changkong, even Ye Feng and Xiao He, who regarded Chu Tianji as their enemies, never expected it.

They never thought that Chu Tianji could be so ruthless!

This golden old devil is definitely a very terrifying ancient figure.

It is called the 'Great Emperor Pagoda'. The inheritance and treasure of Emperor Luan Gu. In fact, they are all sealed in the internal formation space of the Great Emperor Tower."

Chapter 678 The overall situation has been decided

"That ancient tower is the inherited imperial weapon of the Luangu Emperor, the Great Emperor Tower?"

At this moment, when the golden old devil finished speaking, not only Chu Tianji, but also Ye Feng and Xiao He who were lurking in the distance were startled.

At this time, their eyes were all focused on the ancient tower that suppressed the golden old devil.

The ancient giant tower stood in the middle of this desolate ruins. Despite the terrifying destructive power of the explosion just now, it did not collapse, and not even a trace was left.

Chu Tianji's eyes showed a fiery look and he said: "Very good, then how should I collect this Great Emperor Tower?"

The golden old devil said: "It's very simple. You enter the inner space of this Great Emperor Tower and directly refine the internal formation to control this Great Emperor Tower. However, I can't help you because the Great Emperor Tower has a deep influence on me." hostility, so if I go in, I will be killed directly by the Great Emperor Tower."

The golden old devil chuckled, stared at Chu Tianji, and said: "You, a human boy, are taking advantage of me. If I hadn't been able to refine the Great Emperor Tower myself, how could I have given the Great Emperor Tower to you? You refined it first. After refining, I need half of Emperor Luan Gu's treasure inside. The old boy Luan Gu has suppressed me for tens of thousands of years, so it's time to collect some interest and come back."

"good."

Chu Tianji nodded immediately.

His eyes were greedy, staring at the Great Emperor Tower in the distance.

What Chu Tianji needs is the inheritance of the Luangu Emperor. As long as all the treasures and wealth stored in the inner space of the Emperor's Tower can be given to the golden old devil.

Anyway, Chutian Jiji is the number one saint of Poseidon Academy and the deputy leader of the Prodigy Alliance. He has no shortage of training resources at all.

What Chu Tianji lacks is a powerful inheritance that can determine the upper limit of his cultivation level.

The Luangu Emperor was an ancient emperor who was very amazing and talented in ancient times. His inheritance must be very terrifying.

Uh-huh!

At this time, Chu Tianji jumped and flew directly to the Great Emperor Tower towering into the sky, and began to use his skills to refine the Great Emperor Tower, the inherited imperial weapon of the ancient emperor.

"Not good! Chu Tianji is actually starting to refine the Great Emperor Tower!"

Behind the ruins of the wall in the distance, Xiao He saw this scene and couldn't help but have a look of worry on his face.

Ye Feng's eyes also darkened slightly.

He didn't expect that Chu Tianji would eventually cooperate with the golden old devil.

Ye Feng stared at the anxious Xiao He and said: "We must not let Chu Tianji refine the Great Emperor Pagoda. He was originally the number one saint of Poseidon Academy, with countless powerful inheritances and profound foundations, and then let him obtain the Luangu Great Emperor." With the inherited treasure, I'm afraid no one in the entire Southern Territory can stand up to Chu Tianji."

Xiao He looked very ugly and said: "I originally thought that the golden old devil and Chu Tianji could kill each other and we would reap the benefits, but we didn't expect that Chu Tianji was so strong that the golden old devil didn't even dare to do it. We can only choose to cooperate with Chu Tianji. In this case, we have almost no chance to take action. Even if the golden old devil has just escaped from trouble, he probably has the strength of the fourth holy realm and the fifth holy realm. Once we take action, If he finds out, he will definitely kill us."

Ye Feng was also a little anxious at this moment, and the situation in front of him was in a dead end.

Chu Tianji himself is very powerful, and now he has a terrifying golden old devil who is protecting him while refining the Great Emperor Tower. This is even more powerful.

It's difficult.

"correct!"

Suddenly at this moment, Ye Feng seemed to have thought of something, and said suddenly: "There is only one way now, and that is to make a desperate move. I will lure away the golden old devil. Xiao He, you are the judge of the underworld, proficient in the ultimate assassination method, you go Assassinate Chu Tianji and seize the Great Emperor Tower!"

Xiao He said quickly: "No, your background is too weak to be the opponent of the golden old devil. Although you and I have similar cultivation levels, I have accumulated decades more experience in life and death than you, and we practitioners in the underworld are even more powerful. I am proficient in the means of not killing in one hit and escaping thousands of miles away. I am the best at escaping. I will lure away the golden old devil while you assassinate Chu Tianji. Ye Feng, the technique you practice is also very special and can accommodate all kinds of Power, if I go to

assassinate Chu Tianji, even if I succeed, the magic power I practice will not be able to refine the Great Emperor Tower quickly, but you, Ye Feng, can."

When Ye Feng heard what Xiao He said was reasonable, he immediately nodded and said: "Okay, there is no time to hesitate now. Xiao He, please be careful and distract the golden old devil. I will go find Yan Ruyu and ask her to help me destroy Chutian." The refining of the machine depends on success or failure. Although it is risky, we have no choice. "

"good."

Xiao He immediately jumped up and flew in a certain direction.

...

Half an hour later.

"Boom!!"

There was a roar in the distance.

Along with this roar, Xiao He's voice came from far away from that direction: "Leader of the Jinchensha Alliance! Not far ahead is the ruins! According to the map in our hands, the legendary Great Emperor Tower is at that location. !"

And almost at the moment the sound sounded in the distance.

At this time, Chu Tianji, who was working hard to refine the Great Emperor Tower in the ruins, changed his eyes.

He immediately shouted to the golden old devil who was protecting the law outside: "Oh no! How did Jin Chensha discover this place so quickly? No, we can't let him come! Senior, that Jin Chensha belongs to our Prodigy Alliance Leader, I have always wanted to replace him, and I must not let him come here. I also ask senior to go in that direction and stop Jin Chensha! Don't let him see me taking over the Great Emperor Tower!"

The golden old devil nodded lightly, walked in that direction, and said: "Don't worry, since I cooperate with you, you will definitely be able to successfully refine the Great Emperor Tower. I will destroy that gold right now." Dust."

After saying that, within a few steps of the golden old devil, the tall figure had disappeared into the distance.

When Chu Tianji saw this scene, he immediately breathed a sigh of relief and began to concentrate on refining the Great Emperor Tower.

In Chu Tianji's view, Ji Changkong was dead in this small tomb world, and now only Jin Chensha could pose a threat to him.

Now that Jin Chensha is blocked by the old devil, there will basically be no crisis.

"The overall situation has been decided."

Chu Tianji was standing in the Great Emperor Tower at this time, refining with all his strength. A lonely smile appeared on the corner of his mouth, and he murmured to himself: "I hope the old devil can kill Jin Chensha, or seriously injure him, etc." I refined the Great Emperor Tower. My master once taught me a formula that can temporarily borrow part of the ancient imperial power of the ancient emperor in the Great Emperor Tower. Hehe, the old devil probably never thought that I would have such a method. When the time comes, I directly used the imperial power of the Great Emperor Tower to kill the old devil, and then destroyed Jin Chensha. Hum, by then I would control the entire Tianjiao Alliance, and also swallow up all the inherited treasures of Luangu Emperor, and the entire Southern Territory, Who else can resist me? Those who follow me will prosper, and those who oppose me will perish! ""That ancient tower is the inherited imperial weapon of the ancient Emperor, the Great Emperor Tower?"

At this moment, when the golden old devil finished speaking, not only Chu Tianji, but also Ye Feng and Xiao He who were lurking in the distance were startled.

At this time, their eyes were all focused on the ancient tower that suppressed the golden old devil.

The ancient giant tower stood in the middle of this desolate ruins. Despite the terrifying destructive power of the explosion just now, it did not collapse, and not even a trace was left.

Chu Tianji's eyes showed a fiery look and he said: "Very good, then how should I collect this Great Emperor Tower?" ??

The golden old devil said: "It's very simple. You enter the inner space of this Great Emperor Tower and directly refine the internal formation to control this Great Emperor Tower. However, I can't help you because the Great Emperor Tower has a deep influence on me." hostility, so if I go in, I will be killed directly by the Great Emperor Tower."

The golden old devil chuckled, stared at Chu Tianji, and said: "You, a human boy, are taking advantage of me. If I hadn't been able to refine the Great Emperor Tower myself, how could I have given the Great Emperor Tower to you? You refined it first. After refining, I need half of Emperor Luan Gu's treasure inside. The old boy Luan Gu has suppressed me for tens of thousands of years, so it's time to collect some interest and come back."

"good."

Chu Tianji nodded immediately.

His eyes were greedy, staring at the Great Emperor Tower in the distance.

What Chu Tianji needs is the inheritance of the Luangu Emperor. As long as all the treasures and wealth stored in the inner space of the Emperor's Tower can be given to the golden old devil.

Anyway, Chutian Jiji is the number one saint of Poseidon Academy and the deputy leader of the Prodigy Alliance. He has no shortage of training resources at all.

What Chu Tianji lacks is a powerful inheritance that can determine the upper limit of his cultivation level.

The Luangu Emperor was an ancient emperor who was very amazing and talented in ancient times. His inheritance must be very terrifying.

Uh-huh!

At this time, Chu Tianji jumped and flew directly to the Great Emperor Tower towering into the sky, and began to use his skills to refine the Great Emperor Tower, the inherited imperial weapon of the ancient emperor.

"No! Chu Tianji is actually starting to refine the Great Emperor Tower!"

Behind the ruins of the wall in the distance, Xiao He saw this scene and couldn't help but have a look of worry on his face.

Ye Feng's eyes also darkened slightly.

He didn't expect that Chu Tianji would eventually cooperate with the golden old devil.

Ye Feng stared at the anxious Xiao He and said: "We must not let Chu Tianji refine the Great Emperor Pagoda. He was originally the number one saint of Poseidon Academy, with countless powerful inheritances and profound foundations, and then let him obtain the Luangu Great Emperor." With the inherited treasure, I'm afraid no one in the entire Southern Territory can stand up to Chu Tianji."

Xiao He looked very ugly and said: "I originally thought that the golden old devil and Chu Tianji could kill each other and we would reap the benefits, but we didn't expect that Chu Tianji was so strong that the golden old devil didn't even dare to do it. We can only choose to cooperate with Chu Tianji. In this case, we have almost no chance to take action. Even if the golden old devil has just escaped from trouble, he probably has the strength of the fourth holy realm and the fifth holy realm. Once we take action, if he finds out, he will definitely kill us."

Ye Feng was also a little anxious at this moment, and the situation in front of him was in a dead end.

Chu Tianji himself is very powerful, and now he has a terrifying golden old devil protecting him while refining the Great Emperor Tower. This is even more powerful.

It's difficult.

"correct!"

Suddenly at this moment, Ye Feng seemed to have thought of something, and said suddenly: "There is only one way now, and that is to make a desperate move. I will lure away the golden old devil. Xiao He, you are the judge of the underworld, proficient in the ultimate assassination method, you go Assassinate Chu Tianji and seize the Great Emperor Tower!"

Xiao He said quickly: "No, your background is too weak to be the opponent of the golden old devil. Although you and I are similar in cultivation, I have accumulated decades more experience in life and death than you, and we practitioners in the underworld are even more powerful. I am proficient in the means of not killing in one hit and escaping thousands of miles away. I am the best at escaping. I will lure away the golden old devil while you assassinate Chu Tianji. Ye Feng, the technique you practice is also very special and can accommodate all kinds of Power, if I go to assassinate Chu Tianji, even if I succeed, the magic power I practice will not be able to refine the Great Emperor Tower quickly, but you, Ye Feng, can."

When Ye Feng heard what Xiao He said was reasonable, he immediately nodded and said: "Okay, there is no time to hesitate now. Xiao He, be careful and distract the golden old devil. I will go find Yan Ruyu and ask her to help me destroy Chutian." The refining of the machine depends on success or failure. Although it is risky, we have no choice. "

"good."

Xiao He immediately jumped up and flew in a certain direction.

...

Half an hour later.

"Boom!!"

There was a roar in the distance.

Along with this roar, Xiao He's voice came from far away from that direction: "Leader of the Jinchensha Alliance! Not far ahead is the ruins! According to the map in our hands, the legendary Great Emperor Tower is at that location !"

And almost at the moment the sound sounded in the distance.

At this time, Chu Tianji, who was refining the Great Emperor Tower in the ruins with all his strength, changed his eyes.

He immediately shouted to the golden old devil who was protecting the law outside: "Oh no! How did Jin Chensha discover this place so quickly? No, we can't let him come! Senior, that Jin Chensha belongs to our Prodigy Alliance Leader, I have always wanted to replace him, and I must not let him come here. I also ask senior to go in that direction and stop Jin Chensha! Don't let him see me taking over the Great Emperor Tower!"

The golden old devil nodded lightly, walked in that direction, and said: "Don't worry, since I cooperate with you, I will definitely let you successfully refine the Great Emperor Tower. I will destroy that golden thing now." Dust."

After saying that, within a few steps of the golden old devil, the tall figure had disappeared into the distance.

When Chu Tianji saw this scene, he immediately breathed a sigh of relief and began to concentrate on refining the Great Emperor Tower.

In Chu Tianji's view, Ji Changkong was dead in this small tomb world, and now only Jin Chensha could pose a threat to him.

Now that Jin Chensha is blocked by the old devil, there will basically be no crisis.

"The overall situation has been decided."

Chu Tianji was standing in the Great Emperor Tower at this time, refining with all his strength. A lonely smile appeared on the corner of his mouth, and he murmured to himself: "I hope the old devil can kill Jin Chensha, or seriously injure him, etc." I refined the Great Emperor Tower. My master once taught me a formula that can temporarily borrow part of the ancient imperial power of the ancient emperor in the Great Emperor Tower. Hehe, the old devil probably never thought that I would have such a method. When the time comes, I directly used the imperial power of the Great Emperor Tower to kill the old devil, and then destroyed Jin Chensha. Hum, by then I would control the entire Tianjiao Alliance, and also swallow up all the inherited treasures of Luan Gu Emperor, and the entire Southern Territory, Who else can resist me? Those who follow me will prosper, and those who go against me will perish!"

Chapter 679 Take action

Just when Chu Tianji was refining the Great Emperor Tower with all his strength.

Ye Feng found Yan Ruyu who was also lurking nearby.

The Elf Saint saw Ye Feng arriving at this time and couldn't help but ask immediately: "How are you observing from the front? I just heard a terrifying roar. Did you take action?"

"no."

Ye Feng shook his head and quickly said everything that had just happened.

Yan Ruyu looked very shocked and said: "Chu Tianji can be so ruthless. Fortunately, I used to think that this person is a great and upright man. I didn't expect that he would betray even his brothers and friends. It is really abominable."

Ye Feng nodded and said anxiously: "If Chu Tianji gets the Great Emperor Tower, I'm afraid the entire Southern Territory will belong to him alone. Under this kind of rule, think about what the Southern Territory will become in the future. What a bad look."

Yan Ruyu also nodded at this time and said: "We must destroy the Chutianji Refining Emperor Tower. You just said that Xiao He lured the old devil away, so let's do it immediately."

Ye Feng said: "I came to you just to ask for your help. I will leave the assassination task to myself. What you have to do is to use the Ancient Emperor Talisman in our hands to see if we can communicate with the Great Emperor Tower. Inspire a trace of Luan Gu Emperor's power to help me deal with Chu Tianji."

"good." ??

Yan Ruyu immediately nodded and said: "I am a saint from the elven clan, with the blood of gods flowing in my body. I have my own advantages in communicating with ancient powers."

Ye Feng handed the Ancient Emperor Talisman to Yan Ruyu and said, "Let's go."

Uh-huh! Uh-huh!

The two of them instantly turned into an afterimage, and soon arrived at the center of the ruins.

At this time, they saw that Chu Tianji seemed to have been refined to the most critical moment.

The entire Great Emperor Tower, the huge black tower, was trembling slightly.

"There's no time, I'll take action immediately!"

When Ye Feng saw that the Great Emperor Tower was about to be completely refined, his eyes were startled and he immediately took action.

"Whoops!"

Almost at this moment, Ye Feng took out a set of black robes from the storage ring and covered himself, hiding his figure and face.

Ye Feng knew that it was best not to reveal his true face for the time being.

Because this assassination was just to destroy the Chu Tianji Refining Emperor Tower.

Ye Feng knew that with his current level of cultivation, it was almost impossible to kill Chu Tianji.

What he has to do now is to drive Chu Tianji away, preferably with serious injuries.

Therefore, Ye Feng had to cover his face, otherwise it might be detrimental to him after leaving this small world of tombs.

Because even if he wins the Great Emperor Tower, it will still take some time for him to settle and grow in Poseidon Academy.

Dawei Tianlong hand!

From a distance, Ye Feng directly operated the True Dragon Holy Body and displayed this extremely powerful dragon martial arts.

He was wrapped in a black robe, and he started to use dragon martial arts, even revealing the true dragon body. The purpose was to confuse Chu Tianji and make him feel that he was a member of the dragon clan. He could not let Chu Tianji do it no matter what. Tianji thought that the person under the black robe was himself, the emperor-level genius of Poseidon Academy.

Buzz!

Above the dark sky, a huge golden dragon claw suddenly appeared and grabbed Chu Tianji in the Great Emperor Tower. It was as tall as a mountain and contained infinite power, as if it could collapse the void. .

"What? Dawei Tianlong Hand?"

Chu Tianji recognized this martial arts at a glance. If he hadn't seen Ji Changkong dying with his own eyes, he would have thought that Ji Changkong was resurrected.

Chu Tianji's eyes were frightened and angry, he stared at the black-robed figure stepping high in the sky outside the Great Emperor Tower, and shouted: "Who are you, sir? I am Chu Tianji, the number one saint of Poseidon Academy, the Prodigy Alliance. Deputy leader, please give me Chu Tianji some face."

But at the next moment, Ye Feng didn't hold back at all. He changed his voice and turned into the rough voice of a middle-aged man. He came out from under the black robe: "I didn't expect you to kill the young dragon master of our Dragon Palace. Ji Changkong, I am the protector of the Young Dragon Lord, and the person I want to kill today is you, Chu Tianji!" Just when Chu Tianji was refining the Great Emperor Tower with all his strength.

Ye Feng found Yan Ruyi who was also lurking nearby.

The Elf Saint saw Ye Feng arriving at this time and couldn't help but ask immediately: "How are you observing from the front? I just heard a terrifying roar. Did you take action?"

"no."

Ye Feng shook his head and quickly said everything that had just happened.

Chapter 680 Fighting

Buzz!

The moment Ye Feng finished speaking, the mighty heavenly dragon's hand, the huge dragon claw as golden as a mountain, not only did not slow down, but instead became faster, and it crashed down in an instant.

"Damn it! Ji Changkong's protector? I don't believe it! His protector is clearly waiting for us outside the ruins, how could he come here!"

When Chu Tianji heard the voice, his face was full of surprise and uncertainty.

But at the next moment, he sensed Ye Feng's cultivation aura.

The second holy realm of great achievements!

"Are you only in the second holy realm? Hahaha! You dare to pretend to be Ji Changkong's protector? You are just a young person. You are ambushing me around and want to sneak attack and assassinate me while I am refining the Great Emperor Tower. What do you think? Capture the Great Emperor Tower? Impossible, you have no chance in front of me!"

Chu Tianji suddenly laughed out loud.

He is a powerful being in the Fourth Holy Realm, the top genius in the Southern Region.

Now a man in black robe who is no more than the second holy realm dares to assassinate him?

It's just a piece of cake, nothing worth mentioning.

"Die!"

While Chu Tianji was refining the Great Emperor Tower, he casually stretched out a hand to smash the golden dragon claw into pieces.

After all, a weak person in the second holy realm is just an ant in Chu Tianji's eyes.

"If I weren't refining the Great Emperor Tower, a weak person like you would die if I blew my breath."

Chu Tianji's words were full of strong self-confidence.

"Crack!"

But the moment he casually stretched out a hand and touched the mighty dragon and the golden dragon claws.

Suddenly there was a sound of fracture.

The one that was broken was not the golden dragon claw.

It was the five fingers of the hand that Chu Tianji stretched out.

At this time, all the bones were broken, and they were directly pressed by the golden dragon claws.

It had to bend in the opposite direction and then broke.

"ah!"

This was huge pain, and Chu Tianji suddenly took a breath.

However, he has entered the fourth holy realm of life and death, unlocked the genetic lock of the talent of flesh and blood recombination in the human body, and has the ability to reorganize flesh and blood.

So the next moment, Chu Tianji just circulated his own energy and blood, and his five broken fingers suddenly recovered.

It has to be said that the martial arts saints in the fourth holy realm are indeed very difficult to kill.

However, Chu Tianji's eyes showed a trace of uncertainty as he said: "One of my hands is enough to kill the strong men in the third holy realm, but you are not in the second holy realm. If you use the powerful Tianlong hand, your The dragon's claws were able to blast my fingers to pieces. It's unbelievable. The power of your body is so terrifying. It's stronger than Ji Changkong's true dragon body. Only the most advanced true dragon body in the dragon clan can It has this level of hardness and toughness."

It had to be said that Chu Tianji was not only highly skilled in cultivation, but also very knowledgeable in martial arts. He could tell at a glance that the man in black robes opposite him was the True Dragon Holy Body.

"True Dragon Holy Body? Who are you? There has never been a high-level physique like the True Dragon Holy Body in the Dragon Palace. Are you a secretly cultivated heir of the Dragon Palace?"

Chu Tianji's eyes were filled with uncertainty.

Among some major forces, in addition to the apparent inheritors, there are also some hidden inheritors who have not been born.

Chu Tianji now suspected that the man in black robe in front of him existed like this.

Ye Feng, covered in black robes, just smiled indifferently and said: "It doesn't matter who I am in the Dragon Palace. The important thing is that you killed Ji Changkong. I will tell the world about this news. When the time comes, the Dragon Palace will definitely I'm not in a good position with you, Chu Tianji.

Two sides! "

Chu Tianji was not afraid at all, and said with a lonely smile: "As long as I kill you, the news will not spread, and even if the news spreads, I will get the Great Emperor Tower, have the help of the old devil, and control the entire Tianjiao Alliance, who dares to disobey my majesty?"

Ye Feng said coldly: "I will not die today, and the inherited treasures of the Great Emperor Tower and Luangu Emperor will not be in your hands!"

"boom!"

Chu Tianji stepped out of the Great Emperor Tower at this time, with a destructive energy surging in his body!

He actually stopped refining the Great Emperor Tower, his eyes filled with terrifying killing intent, staring at the man in black robe opposite him, and said: "I'll kill you first! Let's see who you are!"

"Void Realm!"

Chu Tianji shouted, and an ancient bronze mirror suddenly appeared in the void behind him.

"boom!"

A large swath of void light, as if it could tear the sky apart, burst out of the void in an instant.

The Void Realm is the natal magic weapon of the ancient Great Sage of the Void, and it is a ninth-grade holy weapon level existence.

In the entire Southern Region, and even the entire Longyuan Continent, it can be regarded as a treasure.

And this void mirror is also the treasure that Chu Tianji relies on to become famous.

The lethality is terrifying!

"Crack!"

Ye Feng dodged past, and the light of the void that rushed out of the void illuminated an iron and stone mountain behind him.

Suddenly, the iron and stone mountain looked like an entire kilometer-long mountain made of molten iron. It was as if it had been cut into pieces by countless space cracks and turned into small pieces of gravel.

This kind of attack is terrifying to the extreme!

If you are exposed, it will be like falling into a sea of swords, and you will have to bear it all the time.

With endless sharp cutting.

"Taikoo Dragon Elephant Fist!"

Ye Feng was extremely fast, and in a blink of an eye he was beside Chu Tianji and punched out directly.

The Ancient Dragon Elephant Fist was bombarded by Ye Feng's second holy realm cultivation.

Boom!

Boom!

The endless light and shadow of the ancient evil beast, dragon elephant, rushed out from Ye Feng's fist, and turned into a huge dragon-elephant army at high altitude. The evil beast roared and roared, as if it could crush everything.

"Great Void Palm!"

Chu Tianji roared fiercely, and he blasted out with one hand, and suddenly a large black handprint appeared in the void, smashing the countless dragon elephants and collapsing into the turbulent flow of the void.

Chu Tianji's fighting power was really fierce.

The two of them were covered in light at this time, like two gods fighting hard in the sky.

At this time, Yan Ruyu received a message from Ye Feng: "You lurk in the Great Emperor Tower and use the Ancient Emperor Talisman to communicate the will of the Emperor in the Tower. Let the Emperor manifest the power of the Emperor and help me seriously injured." Chu Tianji, I can only fight with him, I can't hit him hard, we have to get rid of him quickly! Otherwise, when Xiao He can't hold on anymore and the golden old devil returns, we will be in trouble!"

"good."

Yan Ruyu also knew the urgency of the situation. She immediately nodded and lurked in the direction of the Great Emperor Tower.

At this time, the elf saint looked at the two figures fighting in the sky in the distance, and her heart was extremely shocked. "I didn't expect that Ye Feng could actually fight Chu Tianji head-on in the second holy realm, and During the life-and-death battle, he actually still had time to send messages to me. He is really a monster. No wonder he can become an emperor-level talent that is rare in Poseidon Academy for thousands of years. Fortunately, he and Chu Tianji are enemies, otherwise

there are these two monsters in Poseidon Academy. It is probably only a matter of time before we can unify the entire Southern Territory.”
