Chapter 681 Fate

Boom!

Boom!

Boom!

High in the sky, two young god-like figures were fighting rapidly.

The roar resounded throughout the dark sky, causing the entire ruins to shake violently.

"Death to the Gods!"

Suddenly Ye Feng made a sword move. This was the third sword move, which was extremely terrifying.

Buzz!

A terrifying sword energy of great vastness, great turmoil, great decay, and the destruction of heaven and earth appeared.

"Pfft!"

Almost at this moment, Chu Tianji didn't even react. One of his arms was torn into pieces and turned into blood foam.

"Ah! What? What kind of swordsmanship is this?"

Chu Tianji yelled in fright and anger. He originally thought that he was going to kill this man in black robe.

But he never expected that this black-robed man was not only a true dragon body, but also had a terrifyingly powerful body.

The sudden strike of the sword was shocking to the extreme.

Under the momentum of the sword just now, Chu Tianji felt that the world would be destroyed forever, and everything would wither, which was a very shocking horror.

"boom!"

Chu Tianji shouted loudly, and the energy and blood in his body were running wildly. The flesh, flesh, tissue and bones of his torn arm were rapidly reorganizing.

Soon a brand new arm grew.

Ye Feng looked through the black robe and saw this scene, his eyes darkened.

The strong men in the fourth holy realm are indeed very difficult to kill.

But at this time, Chu Tianji's face turned a little pale.

Obviously, the cost of using the ability to reorganize flesh and blood is definitely not small, and it consumes a lot of original energy and blood.

Chu Tianji's eyes were a little gloomy at this time. He stared at the man in black robe not far away and said coldly: "You must die today."

Buzz!

At this moment, Chu Tianji suddenly stretched out a finger.

That's right.

Just a simple finger.

But it was the moment when this finger stretched out.

A kind of fateful atmosphere that enveloped the world suddenly appeared.

"Everyone in the world thinks that the inheritance I received from the Great Sage of the Void is my ultimate method. However, my real killer trick is many times more mysterious than that of the Great Sage of the Void."

Chu Tianji smiled sadly, "It seems that you are definitely a hidden descendant cultivated in the Dragon Palace. You have awakened the True Dragon Holy Body. You are really a peerless evildoer. However, you will die in the next moment. "

At this time, Chu Tianji stretched out a finger and displayed a panic-like secret of inheritance. His tone was like an eternity: "Destiny controls you, and I control destiny. My true ultimate inheritance is the dragon." The inheritance of the oldest and most mysterious Fate Old Man in the Abyss Continent, this finger is called the Fate Divine Finger, and the secret of Fate is derived from the first and most mysterious Great Destiny Technique among the three thousand avenues in the world!"

At this time, Chu Tianji's voice was extremely vast, distant, and aloof, like a master of the Nine Heavens who could change the fate of others with just one word.

Buzz!

The divine finger of destiny spreads out, and with one point, stars move, heaven's secrets burst out, the huge wheel of fate rotates on the sky, and a mysterious flavor of destiny exudes, filling the entire vast world.

"Buzz!"

At this moment, Ye Feng felt that his whole body was enveloped by a great aura of terror.

He felt that his life was passing by, that his soul was withering. He felt that in the furnace of fate, human beings are as small as ants, as weak as dust, and their fate can only drift with the tide and eventually wither.

Shang was shocked in his mind and yelled: "What? This Chu Tianji has been inherited by the old man Fate? Fate God's Finger, the secret of Fate, and the most supreme and mysterious Great Fate Technique are greatly involved. It's too terrifying. ! The power and mystery of fate, this is the most terrifying mystery in history! "

At this time, Ye Feng was enveloped by the power of fate, and his consciousness was hazy. He only felt that the five powers of heaven and man were declining, and he felt a deep sense of insignificance and powerlessness in the face of fate.

Visible to the naked eye, Ye Feng's entire body was rapidly drying up.

This is where the soul is

withered!

This is the body declining!

Being shrouded in the strange and mysterious power of fate, my whole body suddenly withered away, unable to produce any sense of resistance.

You must know that Ye Feng has experienced many great sufferings since he started practicing, and his combat power is comparable to the terrifying powerhouses in the Fourth Holy Realm.

But now, he was suddenly tricked and fell into endless confusion.

It can be seen from this that the inheritance of Chu Tianji, the fateful old man, and mastering the secret of fate is a terrifying method.

Chu Tianji smiled coldly: "When fate comes out, every living being will fall into his own destiny. Even the most powerful quasi-sage will be afraid of my move. If I become a quasi-sage, the ancient saints will also be afraid of my move." Will be obliterated by my destiny."

"Buzz!"

But suddenly at this moment, in Ye Feng's mind, the golden elixir that had been floating in his mind for a long time without any movement suddenly bloomed with a bright golden light.

This golden light instantly cheered up Ye Feng's hazy consciousness.

"Fate? Destiny? No! What kind of bullshit fate, I don't believe in fate! I only believe in myself! I only believe that man can conquer nature! What kind of bullshit destiny, under the absolute power, will all be destroyed by me!!"

Ye Feng's eyes suddenly glowed with golden light, and he roared violently.

"My way, the way of great power! Use power to shatter everything!"

Ye Feng punched out. This punch melted all of Ye Feng's energy and spirit, and forged the pure secret of great power that he believed in all his life!

"Boom!"

"Crack! Click!"

What horrified Chu Tianji was that the realm of destiny constructed by his finger of destiny was rapidly shattering.

It was shattered by Ye Feng's indomitable strength and pure power.

"impossible!"

Chu Tianji yelled: "Fate, fate, is the number one great destiny technique among the three thousand avenues in the world! How can you understand the secret of the great destiny technique that can surpass the number one one!"

Ye Feng smiled coldly and said: "First? That is the former

Ranking given by people! My way of strength is a new way that I have learned by myself! It does not belong to any of the three thousand great avenues of the heavens! It's no use even if you rank first in the Great Fate Technique, you can't suppress me! "

"The flood of time!"

Ye Feng broke through Chu Tianji's most mysterious trump card, the realm of destiny.

At this moment, he directly released the inheritance of Emperor Styx and the torrent of the times.

Boom! !

Immediately, Ye Feng used his magic power to describe the weight and majesty of the era, turning it into a monstrous torrent of era, capable of washing and shattering everything, and directly bombarded Chu Tianji.

"ah!!"

"impossible!!"

Chu Tianji howled miserably, spurted out a mouthful of blood, and was blasted to the ground.

However, he only suffered some minor injuries. I have to say that Chu Tianji is really strong.

"Light of the Great Emperor!"

But at this moment, Yan Ruyu's screams suddenly came from the Great Emperor Tower.

"boom!"

A kind of light belonging to the Great Emperor burst out from the Great Emperor Tower and washed directly onto Chu Tianji.

"ah!!"

Chu Tianji screamed in horror, and half of his body was directly shattered by the Emperor's light at this moment.

Only half of the blood-stained body was left, even the internal organs could be seen, stepping on the ground.

"I will find your true identity! You will definitely die miserably!!"

Chu Tianji suddenly fled towards the distance. Although he felt endless unwillingness in his heart, he smelled the danger of death and had to escape.

"The power of the Great Emperor is indeed terrifying. Just a wisp of energy, turned into a ray of light, instantly seriously injured Chu Tianji, a top talent in the Fourth Holy Realm."

Ye Feng did not chase Chu Tianji, but went directly to the Great Emperor Tower and saw that the Ancient Emperor Talisman in Yan Ruyu's hand was glowing.

"I'll refine it!"

Ye Feng sat down cross-legged, started to use the Divine Art of Creation, and began to refine the formations in the inner space of the Great Emperor Tower with all his strength, striving to gain control of the entire Great Emperor Tower as quickly as possible.

Chapter 682 Join you

Under the dim sky.

In the middle of the dilapidated ruins.

In the ancient giant tower, Ye Feng was rapidly refining the inner space of the Great Emperor Tower.

Ye Feng is running the Divine Art of Creation and has the ability to accommodate various attribute powers. .??.

Buzz!

At this time, the Great Emperor Tower was trembling rapidly, and the control formation of the internal space was about to be refined by Ye Feng.

It has to be said that Ye Feng's refining speed is many times faster than Chu Tianji.

Yan Ruyu looked on from the side with deep urgency in her eyes.

Because she sensed that a monstrous demonic energy was coming from a certain direction in the distance.

Obviously, the old golden devil who was suppressed in the ruins seems to be coming back soon.

"Ye Feng, hurry up!"

Yan Ruyu was urging urgently.

At this time, Ye Feng suddenly opened his eyes and said: "Okay!"

With the help of the Ancient Emperor Talisman, Ye Feng's refining speed was very fast.

In almost a short moment, he had successfully refined the internal formation in the Great Emperor's Tower.

At this moment, Ye Feng and Yan Ruyu walked out of the Great Emperor Tower.

Then Ye Feng suddenly grabbed the huge black tower in front of him.

"Buzz!"

The huge ancient tower towered into the sky, but at this moment it quickly reduced to the size of a palm, and was held in Ye Feng's hands.

"boom!"

At this time, Ye Feng slightly activated the Great Emperor Tower, and a ray of Emperor Qi burst out like a flying knife, instantly shattering a majestic mountain thousands of feet in the distance.

This kind of destructive ability is really terrifying to the extreme.

"As expected of an imperial soldier! Such terrifying energy!"

Ye Feng's eyes were very surprised.

Yan Ruyu, a saint from the Elf clan, was also very envious and said: "We, the Elf clan, have been passing down the inheritance for so many years, and we only have one broken Half-Emperor weapon."

Ye Feng said: "However, my current cultivation level is far from being able to exert the true power of the Great Emperor Tower. But with the Great Emperor Tower in my hand and using my extremely strong magic power, I can definitely kill a fifth-level saint." Exists! Even first time admission

I am no longer afraid of the most powerful saint. With the imperial soldiers protecting me, even the most powerful quasi-sage cannot kill me. "

Uh-huh!

Suddenly at this moment, a young man suddenly flashed from a certain direction in the distance.

It was Xiao He.

He hurried over and saw the Great Emperor Tower in Ye Feng's hand, and immediately said in surprise: "You successfully refined the Great Emperor Tower? That's great!"

Ye Feng said quickly: "Are you okay?"

Xiao He said with a smile: "It's okay, we overestimated that golden old devil. He has just escaped from trouble now and is not strong at all. I was not even injured, so I just played around with that old devil. Times have changed, that old devil All the devil's martial arts knowledge, including combat skills, are outdated and cannot compare with our era tens of thousands of years later."

Ye Feng secretly breathed a sigh of relief when he saw that Xiao He was fine.

Buzz!

And suddenly at this moment, a tall figure covered with golden scales suddenly descended from the sky.

It was the golden old devil who had been suppressed in the ruins for tens of thousands of years.

At this time, the old devil's eyes were very ugly, because he was being fooled around by a kid from the Second Saint Realm.

The old devil was about to say something, but at this moment, his eyes focused on the palm-sized black ancient tower in Ye Feng's hand.

"Great Emperor Tower!"

The golden old devil's eyes changed violently, and then he smiled sinisterly and said: "It seems that Chu Tianji is unlucky. The Great Emperor Tower that he was about to get was cut off by you guys."

The golden old devil stared at Ye Feng among the three and asked, "Who are you?"

Ye Feng smiled and said: "My name is Ye Feng. Like Chu Tianji, I am also the top genius in the Southern Territory. However, I don't have any big power. I am also a rival of Chu Tianji. Now I have obtained the Great Emperor Tower. Don't even think about going back, leave immediately, or I will kill you directly."

"Hey hey hey."

The golden old devil let out a sinister laugh and said: "You have obtained the Great Emperor Tower, and you are the one enveloped by fate. I want to join you and help you, as long as you promise to take me out, and stay with me. Just protect me while I'm recovering from my weakness and don't let the strong men outside kill me. When I regain my strength, I'll help you conquer the world. How about that?" Under the dim sky.

In the middle of the dilapidated ruins.

In the ancient giant tower, Ye Feng was rapidly refining the inner space of the Great Emperor Tower.

When I regain my strength, I'll help you conquer the world. How about that?"

Chapter 683 Soul Mark

After the golden old devil finished speaking, Ye Feng, Xiao He and Yan Ruyun who were present all fell into silence.

All three people know that, although this old devil doesn't seem to be very strong now.

But after all, this was a great demon who was suppressed by the Emperor Luan Gu tens of thousands of years ago.

He has not died for tens of thousands of years, and even the Luangu Emperor could not kill him.

It can be seen from this that this golden old devil is definitely an ancient figure at the level of an eternal old devil!

Such a being, once he recovers his cultivation, will definitely be a huge help.

Xiao He whispered in Ye Feng's ear: "Ye Feng, why don't you take in this old monster? If you want to dominate the world in the future, there will definitely be old monsters from all major forces appearing to stop you, so you also need to have A very scary old antique-level strong man is supporting you behind your back. Although this old devil is very devilish and has conspiracies hidden in his heart, now we have no choice but to hold our noses and admit it. After all, it is better than nothing. good."

Ye Feng thought for a moment, then nodded, looked at the golden old devil, and said, "What was the level of your senior's cultivation back then?"

The golden old devil chuckled and said: "Even Emperor Luan Gu can't kill me, he can only suppress me. What level do you think I am?"

"The Great Ancient Emperor?!" ??

Yan Ruyu and Xiao He both took a breath of air.

"I haven't stepped into the ancient emperor yet."

The golden old devil shook his head and said: "Having only half stepped into the level of the ancient emperor, he can only be regarded as a quasi-emperor."

"Quasi-Emperor? That's a big shot that can shake the world."

Ye Feng thought secretly in his heart.

A quasi-emperor-level existence, even in the spiritual world three thousand years ago, could be named a minister or prince by the divine dynasty to suppress one side.

I have to say that this golden old demon is indeed very ancient and powerful.

Ye Feng was a little moved and said: "Okay, I promise to let you join me, but you also have to make me feel at ease with you. You

You need to let me capture a soul mark of yours. I control a soul mark of yours. I cannot directly control you or kill you, but I can sense at any time whether you have murderous intentions towards me or whether you really want to help me. This condition it should be no problem? "

The golden old devil smiled and said: "No problem, but capturing soul marks is a method of soul masters. Do you have soul master friends?"

Ye Feng said slightly: "I am a soul master myself."

The golden old devil's eyes moved, and he said in slight surprise: "fellow soul martial artist? He is quite a genius."

At this time, the golden old devil said: "By the way, my name is 'Demon Emperor of Yama'. Although I have taken refuge with you, you must still call me Senior Yama in the future."

Ye Feng smiled and said: "That's natural. As long as Senior Yama can concentrate on helping me, I will naturally not treat him badly. I will definitely let him have a safe environment to practice and recover."

Demon Emperor Yama nodded and said: "That's good. You have a big mind and a lot of luck. Following you may be good for me."

At this moment, Demon Emperor Yama spoke and directly opened his soul.

Ye Feng turned the Divine Eye of Creation, and two rays of soul light instantly penetrated into the soul world of Demon Emperor Yama.

In the soul world of this old demon, Ye Feng saw a majestic golden ancient demon giant several thousand feet high, floating in a dark and boundless space.

"It seems that this is the real ancient demon of Yama Demon Emperor. It is indeed an ancient ancient demon, a real demon clan. It seems to be a clan of golden-scaled giant demons. It has such powerful demonic energy and origin."

Ye Feng murmured in his heart, and then quickly grabbed a soul mark of Demon Emperor Yama and held it in his hands.

Although this soul mark cannot control Demon Emperor Yama, it allows Ye Feng to sense whether Demon Emperor Yama is good or bad to him at any time.

This is enough.

Because Ye Feng knew that with his current cultivation and identity, it was impossible for the Demon Emperor of Yama to be completely loyal to him, so everyone just got what they needed. After the golden old devil finished speaking, Ye Feng, Xiao He and Yan Ruyun who were present all fell into silence.

All three people know that, although this old devil doesn't seem to be very strong now.

The golden old devil chuckled and said: "Even Emperor Luan Gu can't kill me, he can only suppress me. What level do you think I am?"

"The Great Ancient Emperor?!"

Yan Ruyu and Xiao He both took a breath of air.

"I haven't stepped into the ancient emperor yet."

The golden old devil shook his head and said: "Having only half stepped into the level of the ancient emperor, he can only be regarded as a quasi-emperor."

At this moment, Demon Emperor Yama spoke and directly opened his soul.

Ye Feng turned the Divine Eye of Creation, and two rays of soul light instantly penetrated into the soul world of Demon Emperor Yama.

In the soul world of this old demon, Ye Feng saw a majestic golden ancient demon giant several thousand feet high, floating in a dark and boundless space.

"It seems that this is the real ancient demon of Yama Demon Emperor. It is indeed an ancient ancient demon, a real demon clan. It seems to be a clan of golden-scaled giant demons. It has such powerful demonic energy and origin."

Ye Feng murmured in his heart, and then quickly grabbed a soul mark of Demon Emperor Yama and held it in his hands.

This is enough.

Because Ye Feng knew that with his current cultivation and identity, it was impossible for the Demon Emperor of Yama to be completely loyal to him, so everyone just got what they needed.

Chapter 684 Guidance

The Demon Emperor of Yama stared at Ye Feng's eyes and asked with some surprise: "Are you born with divine eyes?"

Ye Feng nodded and said: "I have an innate talent, it's considered innate."

The Demon Emperor of Yama looked at Ye Feng carefully and said with a tsk: "Is Longyuan Continent ushering in a golden age now? Why are so many young monsters appearing? Chu Tianji can't see it. Toru, I can't see through you Ye Feng."

Yan Ruyu next to her suddenly said: "Senior Yama, these two are the two rarest top geniuses in our Southern Territory, so you don't have to be surprised. Apart from them, the other geniuses in the Southern Territory are also very ordinary, such as me and Xiao He." .??.

The Demon Emperor of Yama smiled, stared at Xiao He, and said: "The inheritor of the Six Paths Divine Art, it seems that you are the bloodline descendant of that boy, the Demon Lord of the Six Paths. It is probably countless generations later, but you are still pretty good, the Six Paths Divine Art You are practicing well, and your Jiuli bloodline has awakened a lot. When you understand the ultimate secret of the Six Paths Divine Art, the Wheel of Life and Death, maybe you can become a giant. "

Xiao He immediately clasped his fists and said: "Thank you, Senior Yama, for your advice. It turns out that the ultimate secret of the Six Paths Magic is the wheel of life and death. No wonder I have been using the Six Paths Magic recently. I always feel that the six extreme powers can be integrated to form a very terrifying energy." , now after Senior Yama's guidance, the junior is really enlightened, and the junior's admiration for the senior is like a torrential river, continuous..."

"Stop flattering me, aren't you just afraid that I will hold you accountable for what you did to me just now?"

The Demon Emperor of Yama stared at Xiao He and said: "For Ye Feng's sake, I am too lazy to argue with you, and I will even point you out. The Earthly Emperor's Book among the three greatest treasures of the human race should be in your Jiuli bloodline." Under the control of the tribe, the Earth Emperor's Book is of great help in practicing the Six Paths Magic."

Xiao He's eyes were startled and he said: "The Earthly Emperor's Book is indeed in our underworld. It is a treasure that suppresses the underworld's foundation. I didn't expect that it can assist in the

practice of the Six Paths Divine Art? I will ask the master of the palace this time when I go back to let me enter the place where the Earthly Emperor's Book is. Practice deep in the underworld.”

Demon Emperor Yama nodded, then looked at Ye Feng and said, "I can sense that you exude the aura of the Human Emperor. It seems that you have practiced the ancient Human Emperor's techniques."

Ye Feng said: "Yes, I practiced the Ten Emperors Body Training

Gong, but it is difficult to grow because it requires a huge amount of emperor's energy. "

Demon Emperor Yama smiled and said: "The three most precious treasures of the ancient human race are the Human Emperor's Brush, the Earth Emperor's Script and the Divine Emperor's Mirror. As long as you get the Human Emperor's Brush, your Ten Emperors' body-building skills will be greatly improved. , it will have a huge improvement effect on your cultivation.”

Yan Ruyu, a saint from the elf tribe, suddenly moved her beautiful eyes and said: "I have heard of the Human Emperor's Brush, this kind of treasure. It should be in the Palace of the Human Emperor, the dominant force in the land of Zhongzhou. I guess it is impossible to get it. "

"Nothing is impossible in this world."

Demon Emperor Yama smiled coldly and said: "Ye Feng, I can see that you are a person who wants to do big things, so there are some things you must need, and you have to grab them."

Ye Feng was silent for a moment, then said: "Let's talk about this later. What we are thinking about now is how to get out. After Chu Tianji escaped, he must have gone to join Jin Chensha. Based on his character, I can guess that, He will definitely accuse me of killing Ji Changkong."

Xiao He didn't care and said: "When you fought with Chu Tianji, you were wearing a black robe. He didn't know you at all. Even if he slandered you, he could only say that it was a mysterious man in black robe who killed Ji Changkong."

Ye Feng said: "In any case, the entire Tianjiao Alliance must now know that there are spies among them. When we leave the small world, they will definitely screen us one by one. Moreover, we are still taking Senior Yama with us."

Yan Ruyu suddenly spoke up: "Perhaps, we can stay in this small world of tombs for a while, and I will try to contact the elders of our elven clan and ask them to protect us when we get out."

Xiao He said with some admiration: "The saint is still smart. She knew that she left some messages before setting off to inform the older and stronger people in her clan. Why didn't I think of that? What I was thinking at the time was that I couldn't tell anyone about the chaos. News about the entrance to the ancient emperor's tomb."

Ye Feng smiled and said: "Then let's stay in this small tomb world for a while. We can use this time to distribute the treasures and wealth in the Great Emperor's Tower, and there are a lot of cultivation resources in my Great Light Holy Ship. , you can let Senior Yama absorb and recover first. Anyway, now that the Great Emperor Tower is in hand, there is no need to worry. It is estimated that the people of Chu Tianji and the Tianjiao Alliance are already furious." Demon Emperor Yama was staring at Ye Feng at this time. His eyes looked a little surprised: "Are you born with divine eyes?"

Ye Feng nodded and said: "I have an innate talent, it's considered innate."

The Demon Emperor of Yama looked at Ye Feng carefully and said with a tsk: "Is Longyuan Continent ushering in a golden age now? Why are so many young monsters appearing? Chu Tianji can't see it. Toru, I can't see through you Ye Feng."

No wonder I have been using the Six Paths Magic recently. I always feel that the six extreme powers can be integrated to form a very terrifying energy." , now after Senior Yama's guidance, the junior is really enlightened, and the junior's admiration for the senior is like a torrential river, continuous..."

"Stop flattering me, aren't you just afraid that I will hold you accountable for what you did to me just now?"

The Demon Emperor of Yama stared at Xiao He and said: "For Ye Feng's sake, I don't bother to argue with you, and I will even point you out. The Earthly Emperor's Book among the three greatest treasures of the human race should be in your Jiuli bloodline." Under the control of the tribe, the Earth Emperor's Book is of great help in practicing the Six Paths Magic."

Xiao He's eyes were startled and he said: "The Earthly Emperor's Book is indeed in our underworld. It is a treasure that suppresses the underworld's foundation. I didn't expect that it can assist in the practice of the Six Paths Divine Art? I will ask the master of the palace this time when I go back to let me enter the place where the Earthly Emperor's Book is. Practice deep in the underworld."

Demon Emperor Yama nodded, then looked at Ye Feng and said, "I can sense that you exude the aura of the Human Emperor. It seems that you have practiced the ancient Human Emperor's techniques."

Ye Feng said: "Yes, I practiced the Ten Emperors Body Training

Gong, but it is difficult to grow because it requires a huge amount of emperor's energy. "

Demon Emperor Yama smiled and said: "The three most precious treasures of the ancient human race are the Human Emperor's Brush, the Earth Emperor's Script and the Divine Emperor's Mirror. As long as you get the Human Emperor's Brush, your Ten Emperors' body-building skills will be greatly improved. , it will have a huge improvement effect on your cultivation."

Yan Ruyu, a saint from the elf tribe, suddenly moved her beautiful eyes and said: "I have heard of the Human Emperor's Brush, this kind of treasure. It should be in the Palace of the Human Emperor, the dominant force in the land of Zhongzhou. I guess it is impossible to get it. "

"Nothing is impossible in this world."

Demon Emperor Yama smiled coldly and said: "Ye Feng, I can see that you are a person who wants to do big things, so there are some things you must need, and you have to grab them."

Ye Feng was silent for a moment, then said: "Let's talk about this later. What we are thinking about now is how to get out. After Chu Tianji escaped, he must have gone to join Jin Chensha. Based on his character, I can guess that, He will definitely accuse me of killing Ji Changkong."

Xiao He didn't care and said: "When you fought with Chu Tianji, you were wearing a black robe. He didn't know you at all. Even if he slandered you, he could only say that it was a mysterious man in black robe who killed Ji Changkong."

Ye Feng said: "In any case, the entire Tianjiao Alliance must now know that there are spies among them. When we leave the small world, they will definitely screen us one by one. Moreover, we are still taking Senior Yama with us."

Yan Ruyu suddenly spoke up: "Perhaps, we can stay in this small world of tombs for a while, and I will try to contact the elders of our elven clan and ask them to protect us when we get out."

Xiao He said with some admiration: "The saint is still smart. She knew that she left some messages before setting off to inform the older and stronger people in her clan. Why didn't I think of that? What I was thinking at the time was that I couldn't tell anyone about the chaos. News about the entrance to the ancient emperor's tomb."

Ye Feng smiled and said: "Then let's stay in this small tomb world for a while. We can use this time to distribute the treasures and wealth in the Great Emperor's Tower, and there are a lot of cultivation resources in my Great Light Holy Ship. , you can let Senior Yan Luo absorb and recover first. Anyway, now that the Great Emperor Tower is in hand, there is no need to worry. It is estimated that Chu Tianji and the Tianjiao Alliance people are already furious. "

Chapter 685: Distribution of Benefits

For Ye Feng, now that he has obtained the Great Emperor Tower, he is already the biggest winner this time.

At this time, several people left the ruins and walked toward the outskirts of the small world of the tomb.

Because Yan Ruyu wanted to communicate with the elders of their elven clan, she had to get close to the entrance to the small world of the tomb.

When a few people arrived at the entrance to the small world of the tomb, they saw that many people were already standing there, guarding.

Those people are naturally members of the Tianjiao Alliance.

However, Ye Feng and others did not see the two commanders, Jin Chensha and Chu Tianji.

Xiao He guessed that these two commanders might still be in the small world of tombs, looking for other opportunities.

Ye Feng looked at the entrance and said, "A hundred experts from the Prodigy Alliance are guarding the entrance. They are really giving me face."

Demon Emperor Yama smiled coldly and said: "If I hadn't been suppressed for too long, and my strength, energy and blood were almost gone, how could there be more than a hundred so-called geniuses? I would have killed them all with one slap."

"Let's go, find a secluded place, and digest the wealth gained this time first."

Ye Feng said something, turned around and walked away.

Demon Emperor Yama, Xiao He and Yan Ruyu also quickly followed.

night.

Several people found a small cave and lived in it.

In this small cave, there lives a huge golden pangolin monster.

However, a few people casually released the aura of the Martial Arts Saint Realm, and the golden pangolin was scared away.

Under the dark sky, Ye Feng, Xiao He, and Yan Ruyu gathered around a fire and grilled several beasts.

Yan Ruyu is very exquisite, and the storage ring actually contains some seasonings from the mortal world.

After sprinkling it, the aroma of meat is so fragrant that it makes people drool.

The burly old man, Demon Emperor Yama, was very cold. He stood on a dead tree not far away, looking up to the sky and closing his eyes.

He seemed to be absorbing the essence of the sun and moon, regaining vitality and strength.

"I'll start first!"

Xiao He couldn't help it, he mixed down a huge roasted bear leg and ate it.

Yan Ruyu took out the dinner plate and knife from the storage ring, cut off the meat from the calf of a roast rabbit piece by piece, and chewed it slowly, very elegantly.

Ye Feng was surprised and glanced at Yan Ruyu, a saint from the Elf clan, and smiled and said: "I didn't expect Miss Yan to live such an exquisite life. She came to such a dangerous place like the tomb of the ancient emperor, and she still carried seasonings and Cutlery for eating."

Yan Ruyu shrugged her shoulders and said, "All members of our elven clan are like this. No matter what environment we are in, we must maintain a refined life."

Ye Feng smiled and didn't say anything else. He directly picked up a roast suckling pig. The skin was charred and the meat was smooth, and the aroma was filled. He started to eat it without worrying about the image.

"I have wine!"

Xiao He took out two jars of wine from the storage spirit ring, threw one jar to Ye Feng, and said: "This is the monkey wine that I have treasured for many years. It is made of ninety-nine and eighty-one kinds of elixirs and spirits of the monkey clan. The brew made from miraculous fruits is not only very powerful, but also has great benefits for spiritual practice after drinking it."

Yan Ruyu's beautiful eyes flashed and she said, "You won't give me a jar?"

Xiao He was a little surprised and said: "The saint also drinks?"

Yan Ruyu said: "Everyone in my elven clan is a god of wine. Next time you go to my elven clan and sit down, I will give you a taste of the wine brewed with the iceberg snow lotus and the Great Wilderness Golden Centipede.

Wine, you will absolutely love it. "

"The Great Wilderness Golden Centipede?"

Xiao He's mouth twitched, but without saying anything, he took out a jar of monkey wine and threw it to Yan Ruyu.

Xiao He chuckled and said, "Don't drink too much, Saint, otherwise I'm afraid my brother Ye Feng won't be able to bear it tonight."

Ye Feng glared at Xiao He fiercely and said, "Now that we are all friends, you are still talking nonsense. Are you afraid that Miss Yan will be angry and want to kill you again?"

But what surprised both Ye Feng and Xiao He was.

At this time, Yan Ruyu drank some monkey wine, and her beautiful face became rosy.

The Elf Saint was not angry. Instead, she stared at Ye Feng with a pair of intoxicating eyes and said, "If he has the ability, he will come."

Xiao He was shocked and opened his mouth.

Ye Feng shrugged helplessly and said: "Your monkey wine is really strong, drink too much."

In the darkness not far away, Demon Emperor Yama, who was standing on a dead tree and practicing hard, looked at the three young people beside the campfire not far away.

There was a hint of sigh in the old devil's eyes, "It's better to be young..."

...

The next half month.

Ye Feng and his party were practicing in seclusion in this small cave.

The treasures in the Great Emperor's Pagoda are indeed hidden in the inner space of the pagoda just as Demon Emperor Yama said.

But what makes Ye Feng a little dazed is that as the owner of the Great Emperor Tower, his cultivation level is too low and he can only open part of the space.

But even though it is only a part of the space, the countless treasures, spiritual materials, elixirs, weapons, martial arts, etc. stored in it are dazzling.

"Get rich."

Xiao He's eyes widened.

"Indeed

Really made a fortune. "

Yan Ruyu, the elf saint, was no longer calm. Her beautiful eyes were staring blankly at the treasures and wealth in the Great Emperor's Tower.

Ye Feng smiled and said: "According to the previous distribution, Xiao He and I will share 40% of these treasures and wealth, a total of 80%, and the remaining 20% will be given to Miss Yan, no problem."

"no problem."

Xiao He and Yan Ruyu both nodded.

Demon Emperor Yama came over at this time and said: "Do I have a share?"

Xiao He and Yan Ruyu looked at the old devil and said in unison: "No."

Ye Feng smiled and said: "Senior Yama, don't worry. Once you leave this small world of tombs and return to Human Emperor Peak, there will be countless resources waiting for you as long as senior needs it."

"Ye Feng, you are still reliable."

Demon Emperor Yama glanced at Xiao He and Yan Ruyu and said, "I have been giving you two little advice for nothing in the past half month. You are so greedy."

Ye Feng had already distributed the benefits at this time.

Brothers settle accounts clearly.

In terms of distributing wealth, Ye Feng will not monopolize it or get an extra point.

Take as much as you should take.

This is where the integrity of collaboration lies.

"The inheritance of the Luangu Emperor has not been found. It is probably still in the sealed space inside the Emperor's Tower that has not been opened."

Ye Feng thought secretly in his heart, but he was not in a hurry. He did not lack a powerful inheritance now.

"Uh-huh!"

Suddenly at this moment, a stream of light suddenly flew from the distance.

Yan Ruyu's eyes were filled with joy and she quickly said: "That's the transmission talisman of my elders from the Elf clan. We finally made contact and intercepted the transmission talisman. Let's quickly listen to what they said."

Chapter 686: Sense of Urgency

At this time, Yan Ruyu directly intercepted the transmission note.

"Crack!"

The transmission note immediately exploded, and an old woman's voice came from inside: "Holy Girl, you and your friends can just walk out from the entrance. Now many powerful men from big forces have arrived. You let your Friends, just pretend to be elves, we old guys will be waiting for you outside the entrance."

The moment the voice fell, Yan Ruyu's eyes immediately lit up with joy.

Ye Feng nodded and said: "Yes, there are elders and strong men from the elves to guide us, so we don't have to be afraid. No matter how powerful the Tianjiao Alliance is, after all, it is just a force formed by a group of young people. They are not yet able to compete with the major The elders in power compete with each other."

At this time, Yan Ruyu took out some elven clothes from her storage spirit ring and asked Ye Feng, Xiao He and Demon Emperor Yama to wear them.

The old demon, Demon Emperor Yama, was very unhappy at first, but in order to successfully walk out of the small world of the tomb, he could only put on elf clothes.

Soon, a group of four people arrived at the entrance to the small world of the tomb.

They saw, just like half a month ago, more than a hundred members of the Tianjiao Alliance were guarding the entrance, checking everyone coming and going.

But this time, Jin Chensha and Chu Tianji were among them, standing there with their eyes like cold eagles, staring at the passing crowd.

"Let's go. The only thing Chu Tianji remembers is the Qi Ji I revealed when I fought with him before."

Ye Feng said in the ears of several people at this time: "I was covered in black robes at that time. Xiao He led away Senior Yan Luo again. Miss Yan stayed in the Great Emperor Tower, so Chu Tianji couldn't know us, and I was exposed It is the True Dragon Holy Body. Chu Tianji and the others must have thought that the man in black robe was a hidden inheritor in the Dragon Palace and would not suspect us."

Several people walked towards the entrance. Yan Ruyu pointed at the old women outside the entrance and said: "Those are the supreme elders of our elven clan. Each of them has the strength of the fifth holy realm. The one standing in the middle is the Supreme Elder, a quasi-sage and powerful man. Unexpectedly, she

Here too. "

The few people walked outside and were quickly led out by several elven elders.

The people in the Tianjiao Alliance thought that these people were all members of the elves.

Ye Feng saw Chu Tianji glance at him, but quickly changed his gaze.

Obviously, Chu Tianji didn't know that the man in black robe was him, and even Chu Tianji didn't recognize him.

Because Ye Feng did not pretend to change his appearance at this time.

"It seems that in the eyes of Chu Tianji, the first saint of Poseidon Academy, I, the so-called imperial genius, is just a newcomer who has just emerged. He doesn't care at all. He doesn't even know what I look like. In fact, It's a bit contemptuous of me, but it's a good thing, lest he recognizes me as Ye Feng, and he might kill me on the spot. "

Ye Feng thought in his mind and followed Yan Ruyu out of the small world of the tomb.

"Saint, are you okay?"

An old woman walked up and asked.

"fine."

Yan Ruyu looked at the people behind her and said, "Would you like to visit my Elf clan?"

"No."

Xiao He looked at a few people and said: "I'm leaving first. I want to go back to the underworld to digest the inherited treasures I got this time. I also want to find the master of the palace and ask him to help me enter the area deep in the underworld where the Earthly Emperor's Book is. I must hurry up and perfect the Six Paths Divine Art. The entire Southern Territory and Luangu Sea Territory will be turbulent, and we must all improve our strength as soon as possible."

"good."

Ye Feng nodded, patted Xiao He's shoulder, and said through his soul: "When I unlock the remaining sealed space in the Great Emperor's Tower and obtain the secret inheritance of the ancient Emperor, I will go to the underworld. Let's learn together."

"good!"

Xiao He

He patted Ye Feng on the shoulder hard and said with a smile: "The most honorable thing in my life is to get to know you, Ye Feng, a brother who saved me from the cave of death and was so generous!"

Ye Feng laughed and said: "Xiao He, you have helped me a lot, let's work hard together."

Xiao He finally left.

Yan Ruyu stared at Ye Feng with her beautiful eyes, and said with a smile: "Ye Feng, what are your plans?"

Ye Feng looked in the direction of the chaotic ancient sea area and said: "I am going back to Poseidon Academy. I have gained a lot this time. I will use these gains as soon as possible to strengthen my cultivation and improve the foundation of Human Emperor Peak. This time Chu Tianji and Tianjiao will join forces. The loss was heavy. Losing his wife and losing his troops will definitely speed up the annexation of the Southern Territory and the Luangu Sea Territory, so I have to go back and make early plans. I guess that Chu Tianji will definitely attack me directly after returning to Poseidon Academy this time. Take action."

Yan Ruyu nodded, with a beautiful and moving smile on her face, and said: "Perhaps I will go to Poseidon Academy to practice for a period of time with the Queen soon, and then I will go to your Human Emperor Peak to have a look."

Ye Feng smiled and said, "You are always welcome."

After finishing his words, Ye Feng looked at Demon Emperor Yama beside him and said: "Senior Yama, let's go."

Demon Emperor Yama nodded and said nothing. At this time, the old demon was curiously looking at the surrounding scenery.

On the way, Ye Feng and Demon Emperor Yama flew over the boundless ocean and rushed towards the chaotic ancient sea.

"The breath of freedom is so good..." Demon Emperor Yama closed his eyes slightly, blowing the sea breeze, and said aloud.

Ye Feng looked at the old demon beside him and asked: "Senior Yama, I wonder how you broke through to the quasi-emperor level tens of thousands of years ago?"

Demon Emperor Yama smiled and said: "In the Longyuan Continent at that time, the rules of heaven and earth were still very complete. The practitioners living on the Longyuan Continent did not have what you call a curse now, and there was no upper limit for cultivation. That's why such things as These tyrannical ancient emperors."

leaf

Feng nodded slightly and thought aloud: "So, before the dark turmoil, there was no problem in Longyuan Continent. After the dark turmoil, everything seems to have changed. The rules of the world of cultivation have withered. Will it happen? Is there someone behind the scenes who has changed the rules of the entire Longyuan Continent? "

Demon Emperor Yama shook his head and said: "It is impossible for even the peak ancient emperor to change the rules of heaven and earth in such a huge area as Longyuan Continent. However, the dark turmoil you just mentioned reminded me that Longyuan The current rules of the mainland are incomplete, which may be related to the demons outside the territory. "

Ye Feng glanced at Demon Emperor Yama in surprise and said, "Isn't Senior Yama also an outsider demon?"

"Shit!"

The Demon Emperor of Yama glanced at Ye Feng and said angrily: "There are thousands of different branches of demons in all the worlds, the universe and the starry sky. The extraterrestrial demons mentioned by the practitioners of Longyuan Continent are just demons." They are just a few branches among the thousands of races in the clan. Although I am a demon clan, I am not the extraterrestrial demon clan that launched the dark turmoil. I am the golden-armored royal family among the noble trolls. I am better than you, Ye Feng, you. The abyss troll in the storage ring is many times more noble, and your abyss troll is just a member of the ordinary troll clan."

"I see."

Ye Feng nodded suddenly, and then said: "Now I am sure that the so-called curse on Longyuan Continent must be related to those extraterrestrial demons. It seems that sooner or later, it is inevitable to have a relationship with those extraterrestrial demons. A battle of horrors!"

At this time, Ye Feng recalled that he had seen a big hand covering the sky in the Western Desert before. It was a taboo creature that was suspected to be an emperor from the extraterrestrial demon clan. It suddenly removed the Ten Thousand Buddhas Temple from this land. It was wiped off the ground, leaving endless ruins that spread hundreds of thousands of meters.

Every time he thought of this scene, Ye Feng felt that his heart was filled with a deep chill and a sense of urgency.

You have to become stronger!

We must hurry up and become stronger so that we can withstand all crises!

Chapter 687 Dragon of Luck

When Ye Feng and Demon Emperor Yama returned to the black market in the chaotic ancient sea.

The two went directly to Poseidon Academy's stronghold in the black market and used the cross-domain teleportation array.

"Buzz!"

Following a violent spatial fluctuation, Ye Feng and Demon Emperor Yama arrived at the area of Poseidon Academy.

At this time, Ye Feng led Demon Emperor Yama out of the teleportation hall.

Ye Feng looked at the entire college and found that the college was still beautiful with beautiful mountains and clear waters, pavilions, palaces, pavilions and rockeries, creating a peaceful environment.

This and the dangerous killings in the chaotic ancient sea are completely two extremes.

At this time, Demon Emperor Yama was no longer the tall man covered with golden scales as before. Instead, he transformed into a majestic old man wearing a golden robe, who looked very powerful.

Demon Emperor Yama observed it slightly at this time and said: "Poseidon Academy, it seems that there was no such force tens of thousands of years ago. The era I was in was too ancient. Now the entire Longyuan Continent has changed greatly, and many forces have disappeared. Yes, I remember that back then, the most powerful sect in the Southern Territory seemed to be a sect called Panwu Sect. There was a Venerable Panwu, and I had a discussion with him. "

"Pan Wuzong? Master Pan Wu?"

Ye Feng's eyes moved. He once encountered an ancient soul who claimed to be Lord Panwu in a mysterious golden dungeon. He once taught him a very powerful soul attack technique called "Panwu Great Magic Hand". .

Moreover, he also promised that Venerable Panwu, if he had grown to a certain level and gained great strength, he would go to the Demon Realm on the coast of the North Sea to find a golden demon named 'Agu' and find his daughter.

Ye Feng had almost forgotten this incident. After all, he had experienced too much along the way, and many things had almost disappeared from Ye Feng's memory.

But at this time, Demon Emperor Yama suddenly mentioned the terms "Panwu Sect" and "Panwu Venerable", and the long-standing memory reappeared in Ye Feng's mind.

But Ye Feng didn't say it out loud, he just thought secretly in his heart.

If you have time, I'd better go to the Demon Realm.

After all, I did receive the care of Venerable Panwu and got the magic hand of Panwu to help me survive many dangers.

She is just the daughter of Venerable Panwu.

It seems to have been frozen by Master Panwu for tens of thousands of years, and I don't know whether he is dead or alive now.

At this time, Ye Feng led Demon Emperor Yama towards the Human Emperor Peak.

From a distance, Ye Feng could see a very large mountain, several times larger than any saint's mountain.

It is even bigger than Poseidon Mountain, the center of Poseidon Academy, standing in the inner area of Poseidon Academy.

This is a very eye-catching landscape.

Demon Emperor Yama saw it at a glance and couldn't help but smile and said: "Ye Feng, I didn't expect you to be quite courageous."

Ye Feng looked towards the Human Emperor Peak at this time. His divine eyes of creation could see things that ordinary people could not see.

The entire Human Emperor Peak is now shrouded in a golden aura that ordinary people cannot see.

That golden aura even formed a majestic golden air dragon, with a huge dragon body, circling around the entire Human Emperor Peak.

"This is the Dragon of Luck! It represents the general trend of Human Emperor Peak, which is becoming more and more majestic!"

Ye Feng's eyes were filled with joy.

At this time, Shang chuckled in his mind and said: "After a soul master reaches a certain level, he can see many things that ordinary people can't see, such as the Dragon of Fate. In the eyes of ordinary practitioners, even the Demon of Yama The Imperial Capital cannot see it, but Ye Feng can see it. The golden energy condenses into a majestic dragon, circling around the entire Human Emperor Peak. Among soul masters, this is called the 'Feng Shui Technique', a powerful soul master, in ancient times, could find caves in mountains at will, capture Feng Shui dragon veins, change the general trend of heaven and earth, and determine the rise and fall of a land and water."

Ye Feng's eyes moved and he couldn't help but said: "So magical?"

Shang smiled and said: "That's natural. The first strange ability of a soul master is 'hypnosis', and the second strange ability is 'Feng Shui General Trend'. But for the time being, you are still not as good as those ancient Feng Shui masters." It's too far, let's raise your soul power to three or four hundred levels first."

Ye Feng nodded slightly, and now the real method of soul cultivation has been opened in the Black Soul Art: the Soul Emperor Seal. Ye Feng believes that his soul power will be improved quickly.

If you mastered the Feng Shui general trend technique, how majestic and powerful you would be. If you disagree with one word, you can instantly change the Feng Shui general trend of the place where a big force is located, and make a big force turn from prosperity to decline in an instant. When Ye Feng and Demon Emperor Yama returned to the black market in the chaotic ancient sea.

The two went directly to Poseidon Academy's stronghold in the black market and used the cross-domain teleportation array.

Chapter 688: Mu Xiu Yu Lin

"Meet the Peak Master!"

When Ye Feng brought Demon Emperor Yama to the Human Emperor Peak.

Groups of Human Emperor Peak disciples wearing silver armor, like the most loyal soldiers, immediately bowed to Ye Feng and saluted.

Obviously, the top management of Human Emperor Peak has cultivated many loyal members.

A special team was even set up to protect the entire Human Emperor Peak.

"Not bad, very good."

Ye Feng smiled slightly and nodded, very satisfied with the current development of Human Emperor Peak.

It seems that Nangong Muxue, Shui Bingyan and Murong Yunyin are developing very well in management.

It has to be said that sometimes women are more careful than men and have greater advantages in managing power and keeping everything in order.

Ye Feng showed up at this time, and the entire Human Emperor Peak was boiling.

Everyone stared at the peak master of their Human Emperor Peak with excited eyes.

There are many members here who have just joined.

Therefore, they are very curious about the person who controls the Human Emperor Peak, the emperor-level genius who is said to be rare in a thousand years at Poseidon Academy.

You know, now Ye Feng's name has spread not only throughout the Poseidon Academy, but also throughout the Southern Territory, and even the adjacent lands of Donghuang and Northern Border in the Southern Territory.

Everyone knows that there is an emperor-level genius who is rare to see in a thousand years in the Southern Territory, named Ye Feng.

Ye Feng saw everyone's excitement, but he felt a sense of urgency.

Because his name has spread, it means that he may have to face greater challenges.

Even if the trees are beautiful in the forest, the wind will destroy them.

Ye Feng knows this truth very well.

My original self may have been very weak and not very famous, so some powerful beings didn't even bother to pay attention to me.

But now, he is becoming more and more powerful, and has even established a huge force like Human Emperor Peak.

It is estimated that Poseidon Academy and even some other overlord forces in the Southern Territory are secretly keeping an eye on him.

Ye Feng knew that his threats came not only from Chu Tianji, the number one saint in the academy, but also from Dragon Palace, the dominant race in the sea.

In addition, the Holy Ancestor Dynasty and itself have also had grievances for a long time.

"We must once again enhance the strength of Human Emperor Peak."

Ye Feng stepped onto the top of the Human Emperor Peak and came to a dark golden hall.

He suddenly opened his mouth and uttered a sentence, and his voice was like thunder, which instantly resounded throughout the entire Human Emperor Peak: "All members of the Human Emperor Peak obey the order and come to the summit to gather. I am back today. You have been busy for so long, so you should get something." Rewarded."

The moment the words fell, everyone in the entire Human Emperor Peak heard the voice.

"Senior Brother Ye Feng is back!"

"Peak Master is back?"

"Hurry and gather at the peak to meet Senior Brother Ye Feng!"

Thousands of Huangfeng disciples all looked excited at this time, and they gathered towards the top of Human Emperor Peak.

"What, Ye Feng is back?"

"He actually wants to reward all the disciples of Human Emperor Peak. Those are thousands of geniuses. Where did he get so much wealth?"

"Let's go and take a look. Ye Feng's reputation in the entire Poseidon Academy is second only to Senior Brother Chu Tianji."

At this moment, not only the members of Human Emperor Peak, but also many students from Poseidon Academy heard Ye Feng's voice and gathered towards Human Emperor Peak.

They wanted to see where Ye Feng, a relatively new student, had the confidence to announce that he would give thousands of Huangfeng members huge rewards.

Many elite students and other saints gathered at this time, thinking that Ye Feng was just bragging, so they all ran around the Human Emperor Peak, waiting to see the joke.

At this time, on the top of the Great Mountain of Human Emperor Peak.

Ye Feng took advantage of the time he was waiting for others to communicate about the national luck stone placed in the main hall behind him.

"boom!"

Suddenly, a huge and terrifying torrent of luck rushed out of the National Luck Stone and poured directly into Ye Feng's body.

Ye Feng's eyes were startled, and he couldn't help but murmured: "It seems that during this period, the members of Human Emperor Peak have built many sculptures and temples of mine in the mortal realm, and they have harvested such a majestic ocean-like Qi all at once. The power of luck, this power of luck is so majestic, maybe it can allow my Divine Art of Creation to undergo the final stage of transformation!" "See Peak Master!"

When Ye Feng brought Demon Emperor Yama to the Human Emperor Peak.

Groups of Human Emperor Peak disciples wearing silver armor, like the most loyal soldiers, immediately bowed to Ye Feng and saluted.

Obviously, the top management of Human Emperor Peak has cultivated many loyal members. .??.??

A special team was even set up to protect the entire Human Emperor Peak.

"Not bad, very good."

Ye Feng smiled slightly and nodded, very satisfied with the current development of Human Emperor Peak.

It seems that the management of Nangong Muxue, Shui Bingyan and Murong Yunyin is developing very well.

It has to be said that sometimes women are more careful than men and have greater advantages in managing power and keeping everything in order.

Ye Feng showed up at this time, and the entire Human Emperor Peak was boiling.

Everyone stared at the peak master of their Human Emperor Peak with excited eyes.

There are many members here who have just joined.

Therefore, they are very curious about the controller of Human Emperor Peak, the emperor-level genius who is said to be rare in a thousand years at Poseidon Academy.

You know, now Ye Feng's name has spread not only throughout the Poseidon Academy, but also throughout the Southern Territory, and even the adjacent lands of Donghuang and Northern Border in the Southern Territory.

Everyone knows that there is a rare emperor-level talent in the Southern Territory called Ye Feng.

Ye Feng saw everyone's excitement, but he felt a sense of urgency.

Because his name has spread, it means that he may have to face greater challenges.

Even if the trees are beautiful in the forest, the wind will destroy them.

Ye Feng knows this truth very well.

My original self may have been very weak and not very famous, so some powerful beings didn't even bother to pay attention to me.

But now, he is becoming more and more powerful, and has even established a huge force like Human Emperor Peak.

It is estimated that Poseidon Academy and even some other overlord forces in the Southern Territory are secretly keeping an eye on him.

Ye Feng knew that his threats came not only from Chu Tianji, the number one saint in the academy, but also from Dragon Palace, the dominant race in the sea.

In addition, the Holy Ancestor Dynasty and itself have also had grievances for a long time.

"We must once again enhance the strength of Human Emperor Peak."

Ye Feng stepped onto the top of the Human Emperor Peak and came to a dark golden hall.

He suddenly opened his mouth and uttered a sentence, and his voice was like thunder, which instantly resounded throughout the entire Human Emperor Peak: "All members of the Human Emperor Peak obey the order and come to the summit to gather. I am back today. You have been busy for so long, so you should get something." Rewarded."

The moment the words fell, everyone in the entire Human Emperor Peak heard the voice.

"Senior Brother Ye Feng is back!"

"Peak Master is back?"

"Hurry and gather at the peak to meet Senior Brother Ye Feng!"

Thousands of Huangfeng disciples all looked excited at this time, and they gathered towards the top of Human Emperor Peak.

"What, Ye Feng is back?"

"He actually wants to reward all the disciples of Human Emperor Peak. Those are thousands of geniuses. Where did he get so much wealth?"

"Let's go and take a look. Ye Feng's reputation in the entire Poseidon Academy is second only to Senior Brother Chu Tianji."

At this moment, not only the members of Human Emperor Peak, but also many students from Poseidon Academy heard Ye Feng's voice and gathered towards Human Emperor Peak.

They wanted to see where Ye Feng, a relatively new student, had the confidence to announce a huge reward to the thousands of members of Huangfeng.

Many elite students and other saints gathered at this time, thinking that Ye Feng was just bragging, so they all ran around the Human Emperor Peak, waiting to see the joke.

Ye Feng took advantage of the time he was waiting for others to communicate about the national luck stone placed in the main hall behind him.

The power of luck, this power of luck is so majestic, maybe it can allow my divine art of creation to undergo the fourth stage of final transformation!"

Chapter 689 The fifth stage

At this time, Ye Feng felt the overwhelming power of luck, which was a pure and incomparable power of faith.

At this moment, Ye Feng seemed to see some scenes that he had never experienced personally in the power of these lucks.

He saw countless mortal countries, ranging from ordinary people to dignitaries, royal relatives, and relatives, all worshiping in huge temples.

The sculptures built in the magnificent and huge temples are exactly his own face.

Formations are imprinted on these sculptures.

If mortals come to worship, pray for good weather, and pray for the slaying of demons, some Huangfeng disciples will receive these messages, and then go down the mountain to cast spells to help dynasties, kingdoms, etc. in the mortal realm.

Many of the disciples at Human Emperor Peak are at least at the Vientiane Realm, and may not be outstanding among Poseidon Academy.

But when he came to the mortal realm, compared with some mortal warriors, he was really a living god. ??

Over time, everyone felt that the prayers in this temple were very effective, and they began to worship sincerely, eventually forming a huge power of faith.

Faith is the power of the wishes of all living beings and is a kind of power of luck.

At this moment, Ye Feng gradually understood where the power of faith came from.

His whole body was shrouded in the power of faith. The huge and pure power caused Ye Feng's body to undergo a huge transformation.

"The Divine Secret of Creation!"

At this moment, Ye Feng felt that deep inside his body, the essence of life had undergone a transformation.

"Stage 5!"

Almost naturally, Ye Feng's Divine Secret of Creation transformed directly from the fourth stage of Dacheng state to the fifth stage.

He has stayed in the fourth stage for too long, and has accumulated a very solid foundation.

Now, relying on such a huge force of pure faith, it has directly broken through the final bottleneck and officially entered the fifth stage of the Divine Art of Creation!

"Buzz!"

Ye Feng felt that his physical strength had suddenly increased by nearly ten times.

At this moment, he was running the Divine Art of Creation, stimulating the human race's fighting body.

Buzz!

Buzz!

Along with a burst of dazzling light, every inch of skin, flesh, bones, and even hair and pupils on Ye Feng's body turned into a star-like color like a blue aurora.

"At the beginning of the fifth stage of the Divine Art of Creation, my body transformed from a glazed battle body to a star battle body!"

"The whole body, from flesh and blood to bones, down to the cells, is like it is composed of mysterious and unpredictable stars in the nine heavens. It is indestructible, deep and majestic, with the weight and strength of stars."

"The moment I entered the early stage of the star battle body, the strength of my body was not only more than ten times higher than that of the Liuli battle body, but after I activated the star battle body state, I could also draw the energy of the stars from the sky. Strength, strengthen my fighting power..."

At this time, Ye Feng was feeling the changes all over his body and couldn't help but murmur.

"Huh? However, the talents associated with my fifth stage have not been awakened yet. It seems that it will take some time to fully unlock the talent treasure of the fifth stage of my incarnation."

Ye Feng thought secretly in his heart, and then he took back the power of his Divine Creation Secret.

The state of his star battle body is also

It quickly converged.

The strength of his body had entered the fifth stage of the Divine Art of Creation, and Ye Feng felt that his combat power had risen to an extremely terrifying level in an instant.

When the Liuli Battle Body was fully developed, Ye Feng was already able to defeat first- to third-level holy soldiers with his bare hands.

Now Ye Feng only feels that he can directly smash the fourth to sixth level holy soldiers with just two pairs of fists!

At this time, the Demon Emperor of Yama standing next to Ye Feng showed a look of surprise in his eyes and said: "Ye Feng, you are not just the True Dragon Holy Body, your body essence seems to be very terrifying and powerful. It feels like The origin of life is more advanced and noble than the body of this giant demon in golden armor. How is this possible?"

Hearing what Demon Emperor Yama said, Ye Feng just smiled and didn't say much.

"Ye Feng! You're back!"

"Feng'er, I didn't expect you to come back so quickly this time."

At this moment, thousands of disciples from Human Emperor Peak have arrived, and several core members have also arrived.

Not far away, Bai Yuchen, Cangqiong Taoist, and Shengchanzi were all flying in.

Murong Yunyin's aura became even fiercer. He was dressed in white and had a heroic appearance. He was like an unsheathed divine sword, flying from a distance.

Ye Feng asked: "Where are Mu Xue and Bingyan?"

Murong Yunyin smiled with her beautiful eyes and said: "Mu Xue entered the Poseidon Space in Poseidon Mountain a few days ago. The dean realized that a catastrophe was coming, and wanted to let Mu Xue accept and refine all Poseidon's inheritance in advance."

Ye Feng nodded and said: "That's good. Mu Xue, this girl, is indeed more lucky than me. She is really lucky to have received the inheritance of a god."

Murong Yunyin continued: "Shui Bingyan was also taken away by a Supreme Elder of the Shui Tribe behind her some time ago. It is said that she will return to the Water Tribe to receive the supreme inheritance and resist the upcoming catastrophe. The Ten Thousand Buddhas Temple was wiped out by the alien emperor. All the major forces in Longyuan Continent feel a sense of urgency and tension."

Ye Feng nodded slightly and said: "We, Human Emperor Peak, must also develop quickly."

"Who is this senior?"

The whole time, Taoist Cangqiong and Shengchanzi saw the Demon Emperor of Yama next to Ye Feng.

Even if they were in the Fourth Holy Realm or the Fifth Holy Realm, staring at Demon Emperor Yama at this moment, they only felt like they were seeing an abyss and could not see through the depth of Demon Emperor Yama.

Ye Feng smiled and said: "This is Senior Yama, an ancient powerful man I brought out from an ancient ruins."

The Demon Emperor of Yama was a quasi-emperor tens of thousands of years ago. Such an invincible Demon Emperor naturally just nodded indifferently and said nothing.

Demon Emperor Yama didn't care at all about a small place like Human Emperor Peak. Even the entire Poseidon Academy, Demon Emperor Yama had an indifferent attitude and looked down upon it at all.

What he was interested in was Ye Feng, a human monster with unlimited potential.

At this time, Bai Yuchen looked at Ye Feng and said: "Feng'er, now the dean has given an order that as long as you have enough contribution points, you can practice in the Dragon Transformation Pond for an unlimited period of time. Feng'er, your true dragon body, I hope you can Be able to improve quickly and strive to enter the intermediate or even high level when the catastrophe is approaching to resist the crisis. "

Ye Feng nodded and said: "Master, don't worry. This time I have gained countless wealth from an ancient ruins. The Human Emperor Peak will definitely grow tremendously. In the next six months, there will be a real dragon competition in the five domains of the human race." , I hope that the entire Human Emperor Peak can grow to have the foundation and strength of Tianji Peak." At this time, Ye Feng felt the incomparable power of destiny, which was a pure and incomparable power of faith.

At this moment, Ye Feng seemed to see some scenes that he had never experienced personally in the power of these lucks.

He saw countless mortal countries, ranging from ordinary people to dignitaries, royal relatives, and relatives, all worshipping in huge temples.

Chapter 690 A big deal

Let Renhuang Peak grow to be comparable to Tianji Peak in half a year?

The moment Ye Feng finished speaking, everyone around him showed traces of shock on their faces.

Tianji Peak was founded by the legendary figure Chu Tianji, the First Saint, and has been developing for more than ten years.

But Ye Feng's current position at Human Emperor Peak has only been around for about half a year.

But Ye Feng has already planned for Human Emperor Peak to surpass Tianji Peak in the next six months?

This difficulty is really too great. ??

Even an impossible task.

At this time, Demon Emperor Yama looked at the unconfident expressions on the faces of the people around him and immediately sneered and said, "You guys underestimate your peak master too much."

Ye Feng smiled slightly at this time and said: "I know everyone's worries. The most important thing for developing power is wealth. Why does Tianji Peak develop so fast? Isn't it because Chutian Jiji is the first saint and has huge wealth? I can make countless powerful masters squeeze their heads to enter Tianji Peak, but now, the wealth in my hands is far greater than you can imagine. "

Ye Feng's voice was not deliberately concealed, and countless students from Poseidon Academy outside Human Emperor Peak heard it.

Everyone had sneers on their faces. Obviously no one believed that Ye Feng, a young boy who was just starting out, could have such a huge fortune.

Some saints from Tianji Peak smiled coldly and said mockingly: "I admit that Ye Feng is indeed extremely talented in his own talent, but huge wealth cannot be accumulated overnight. It takes several years, or even more than ten years. Only through decades of continuous accumulation can we become bigger and stronger."

Another Poseidon Academy elder also echoed: "Yes, if you want to develop a big force of your own, you really need too much wealth. To train disciples and masters in the force, you need countless kinds of things." He has exhausted all his training resources, this Ye Feng is too naive, it's okay, we can just wait and see his good show."

Everyone's jeers were not concealed at all, and the whole field was filled with such sounds.

At this time, Bai Yuchen, Murong Yunyin, and thousands of members of Huangfeng all focused their attention on Ye Feng.

At this time, under the spotlight, how should Ye Feng respond?

In the minds of many people, Ye Feng's words were probably just to boost morale.

But now they are being taught by many Poseidon Academy students with malicious intentions outside the Human Emperor's Peak.

The staff member misrepresented it and wanted to embarrass Ye Feng, but he couldn't get off the stage.

Many members of Human Emperor Peak are a little anxious.

But now that Ye Feng's words have been released, they are like water that has been thrown out and can never be taken back.

But at this time, the expression on Ye Feng's face was extremely calm.

He looked around and saw the expectant looks of countless disciples from Human Emperor Peak, as well as the sarcastic sneers from many other Poseidon Academy students outside.

Ye Feng smiled slightly and said: "Since I have the courage to say such things, then I must have my own confidence!"

Ye Feng has many cultivation resources on his body, such as the resources in the Great Light Holy Ship and the cultivation resources in the Great Emperor Tower.

Ye Feng's plan is to directly supply all of these cultivation resources to the entire Human Emperor Peak.

Ye Feng's original plan was to directly refine these resources himself.

However, he found that as his cultivation level improved and his life level transformed to a higher level, these cultivation resources had little effect on him. They were really too low-level.

For example, spiritual stones, ordinary low-grade holy stones, and some ordinary holy-grade elixirs, spiritual materials, etc., are no longer of much use to improving one's own cultivation strength.

For example, when a tree is still a sapling, fertilizing the sapling only requires some low-level fertilizer, and the sapling will grow quickly.

But when the sapling gradually grows into a towering tree, the ordinary fertilizer used is of no use.

If you want the towering trees to continue to grow rapidly, you need to use higher-grade fertilizers.

Now, for Ye Feng, the power of faith is the high-grade fertilizer he needs.

The cultivation resources he plundered were of little use to himself, but to the countless ordinary disciples in the Human Emperor Peak, they were definitely a magical elixir and a treasure to improve their cultivation.

So now Ye Feng is very willing to use these cultivation resources that are of little use to him to train countless members of the Human Emperor Peak.

After these members become stronger, they can recruit more disciples into the

Enter the Emperor's Peak, expand your temple of faith in the mortal world, and harvest more power of faith.

These increasingly powerful powers of faith can in turn feed Ye Feng himself.

So this is a deal that won't lose you money at all.

Therefore, Ye Feng is very attentive to the growth and expansion of Human Emperor Peak's power.

Because this is the fastest way to grow and become stronger quickly.

In fact, deep down in Ye Feng's heart, he doesn't have much feelings about establishing a power of his own.

This can be seen from the fact that Ye Feng disbanded the Wind God Alliance during the Hundred Dynasties War.

Because Ye Feng knew very well that his final destination was not here.

He has to leave eventually, and everything in Longyuan Continent is his own experience.

His true destination is the spiritual world.

Everything Ye Feng is doing now, including the power he wants to create, is just a way to do his best to quickly strengthen himself.

At this time, Ye Feng looked at the thousands of Huangfeng members in front of him and waved his hand suddenly.

"Crash!"

"Crash!"

Suddenly, countless top-quality spiritual stones and holy stones flashing with spiritual light formed like a "rain of spiritual stones", pouring out crazily from Ye Feng's storage spiritual ring, all sprinkled on the entire Human Emperor Peak.

"Oh my god! So many spiritual stones and holy stones!"

"All of them are the cultivation resources of the disciples of Human Emperor Peak?"

"In just these few minutes, Ye Feng has already spilled almost hundreds of thousands of spirit stones!"

This shocking scene on the field made everyone stunned.

"Thank you Senior Brother Ye Feng for the reward!!"

"Senior Brother Ye Feng is indeed an emperor-level genius who is rare to see in a thousand years! The future is endless!"

At this moment, all the thousands of disciples in the Human Emperor Peak were excitedly putting the spiritual stones sprinkled from the sky into their arms.

Originally, ordinary Poseidon Academy students could only receive dozens of top-quality spiritual stones or holy stones for cultivation in a month.

But now in just a few minutes, Ye Feng has rewarded each of them with hundreds or even tens of thousands of spirit stones.

With these repairs

By refining resources, their growth rate is absolutely extremely fast.

But it's not over yet.

"Next is the elixir!"

Ye Feng's voice sounded again.

Wow!

With a wave of his hand, countless pills were sprinkled down.

"too crazy!"

"Why is this Ye Feng so rich now!"

"Even if he is the richest man in the world, he is nothing more than this!"

At this moment, countless people outside Human Emperor Peak were dumbfounded.

Everyone was trembling with excitement and yelling crazily: "I want to join the Human Emperor Peak too!"

There were even saints and the inner dean elders who couldn't help shouting: "Master Ye Feng, we are also willing to follow you!"

At this moment, Ye Feng was indeed showing off his generosity in front of countless people.

This made many masters and strong men, even the inner dean of the Third Holy Realm, extremely excited and wanted to join the Human Emperor Peak.

Many Tianji Peak experts who were originally sarcastic had extremely ugly expressions on their faces at this moment.

Murong Yunyin, Bai Yuchen and others were staring at Ye Feng in extreme shock.

Shengchanzi, a Buddhist master in the fourth holy realm, couldn't help but clasped his hands and said: "Amitabha! Ye Feng, haven't you robbed the treasure house of an overlord?"

Obviously these friends who were very familiar with Ye Feng were shocked by Ye Feng's luxury.

Ye Feng just smiled at this, and then shouted to the entire Human Emperor Peak: "I am not short of money, and I am not short of training resources. As long as everyone follows me and works hard to build Human Emperor Peak and expand our power, everyone will You can drink spicy food! ”

The moment the words fell, countless Human Emperor Peak disciples, both male and female, looked at them with admiration, their eyes were fanatical, and they shouted:

"Senior Brother Ye Feng is invincible!"

"Always follow Senior Brother Ye Feng!"

...

At this time, many powerful elders watched this scene in the depths of Poseidon Academy.

Many old people nodded slightly and said: "This boy has achieved great success, but he is too powerful and has offended too many forces. I don't know whether it is good or bad for our Poseidon Academy."
