Chapter 701: Gate of Hell

Under the leadership of Gu Lie, the commander of the Dragon Palace stronghold, Ye Feng and Hua Qianyu quickly arrived at a nearby Dragon Palace stronghold.

This is actually a Dragon King Temple. The building is very old. There is a huge Dragon King sculpture built inside, and various incense tables are placed below.

There are many mortals in the entire Dragon King Temple, all worshipping the Dragon King and praying for good luck. Even dignitaries and relatives of the emperor have pious expressions on their faces.

Ye Feng and Hua Qianyu both had calm faces and followed Gu Lie, the commander of the Purple Scale Army, to the back hall of the Dragon King Temple.

There is a small pavilion here. When the two of them stepped in, they immediately saw that there were several people from the Dragon Palace inside, guarding a formation that exuded space fluctuations.

"See the Commander-in-Chief!"

When these people from the Dragon Palace saw Gu Lie walking in, they immediately stood up and clasped their fists respectfully.

Gu Lie nodded, pointed at Ye Feng and Hua Qianyu who were following behind him, and said: "These two are distinguished guests of our Dragon Palace. They happened to be passing by here today. You activate the teleportation array and send them there." Luangu Sea Territory, don't waste your time."

Naturally, several people from the Dragon Palace did not dare to disobey the orders of Gu Lie, the commander-in-chief.

While they were preparing to activate the teleportation array, they were very surprised by the identities of Ye Feng and Hua Qianyu.

I don't know what kind of existence these two people are, but they even treat their commander Gu Lie with such respect.

"Buzz!"

Half an hour later, there was a violent spatial fluctuation in the pavilion deep in the Dragon King Temple.

The figures of Ye Feng and Hua Qianyu disappeared immediately.

...

At this time, in the chaotic ancient sea hundreds of millions of miles away from Poseidon Academy.

Deep in the Dragon God Club, a spanning teleportation formation suddenly lit up.

Ye Feng and Hua Qianyu appeared among them.

\u003c

br\u003e "We sincerely welcome the two adults."

At this time, several Dragon Palace disciples around the formation looked respectful.

Obviously, those who can use their Dragon Palace cross-domain teleportation array must be big shots.

Ye Feng and Hua Qianyu looked at each other and saw an inexplicable smile in each other's eyes.

Ye Feng looked at the surrounding Dragon Palace disciples at this time, pretending to be profound, and said: "The news that we have arrived in the chaotic ancient sea is a secret, please do not reveal it."

"Yes, sir!"

Several Dragon Palace disciples guarding the formation suddenly showed a look of horror in their eyes, and then they all promised to speak out and not reveal any information.

"Let's go and take a look at the underworld first."

Ye Feng smiled at Hua Qianyu and said.

Uh-huh!

Uh-huh!

The two jumped up and quickly disappeared into the Dragon God Association.

At this time, several Dragon Palace disciples were even more shocked.

Who are these two big shots?

He even casually mentioned going to the underworld to have a look.

This power is simply terrifying.

...

After Ye Feng and Hua Qianyu walked out of the Dragon God Club, they walked straight towards the base camp of the underworld.

Hua Qianyu was originally one of the three top killers in the underworld, so she was naturally very familiar with where the underworld's base camp was.

At this time, Ye Feng looked at some scattered islands around him. There were many corpses, including those from the Dragon Palace and those from the underworld.

He couldn't help but said: "It seems that the underworld and the Dragon Palace have entered a fierce battle.

, they may start fighting as soon as they encounter them. "

Hua Qianyu's beautiful eyes had a hint of gloom as she said: "Although Dragon Palace is the dominant race in the sea, our underworld is also the first killer dynasty in the Southern Territory that has been passed down for thousands of years. After so many years, Dragon Palace has no courage. Launching a war against the underworld, why are you so bold this time? Isn't the Dragon Palace afraid that all the killers from the underworld will come out and kill everyone from top to bottom of the Dragon Palace?"

Hua Qianyu spoke at this time, with a hint of doubt in her tone.

She grew up in the underworld since she was a child, and when she grew up, she became one of the three top killers in the underworld.

So Hua Qianyu knew very well how terrifying the underworld was.

In the ancient times, there were even peerless killers in the underworld who assassinated ancient saints and even succeeded.

To this day, deep in the underworld, there is a mountain made of dead bones.

At the top of the withered bone mountain lies the skull of an ancient saint who was successfully assassinated.

This represents the infinite glory of the underworld.

Ye Feng heard Hua Qianyu muttering to herself at this time, and couldn't help but reveal a hint of speculation in his eyes, saying: "Dragon Palace suddenly launched an all-out war with the underworld. It is definitely not normal. Maybe Dragon Palace has obtained some big power or existence. That's why he was so unscrupulous."

Hua Qianyu's eyes moved slightly and said: "Ye Feng, your guess may be correct. The Dragon Palace must have received strong external help, otherwise it would never dare to be so arrogant."

Although Hua Qianyu has been expelled from her home by the underworld, it can be felt from her few words that she still has deep feelings for the underworld.

After all, she grew up in the underworld and was trained by the underworld to become a terrifying top female killer.

At this time, Qianyu's charming and beautiful white face showed an icy look, and said: "It was the underworld that gave me the terrifying strength, and it was also the underworld that taught me that people's hearts are sinister and protected me. If the Dragon Palace does this this time, If it goes too far, I will go to the Dragon Palace to assassinate the descendants. Doesn't the Dragon Palace want to start a war? Then I will kill all their descendants and let them have a gap between generations. I will see how they can develop and grow in the future! "

Ye Feng didn't say anything at this time, but just walked forward and said: "Let's go to the underworld first to see what kind of trouble Xiao He has encountered. Logically speaking, he is practicing the Six Paths Magic Art deep in the underworld, isn't it? The trouble here is that there is something wrong with his cultivation?"

Thinking secretly in their hearts, the two of them soon arrived at the base camp of the underworld.

At this time, a huge ancient steel door appeared in Ye Feng's field of vision.

This ancient steel gate is the size of a mountain. It towers above the earth and penetrates the clouds into the sky, giving people a cold and serious feeling of weight and majesty.

Hua Qianyu said: "That is the gate of the underworld. The base camp of the underworld is hidden under the gate of the underworld. The underworld is just like its name. The base camp is built thousands of meters underground, just like an underground city."

Ye Feng nodded slightly and said: "You have been expelled from the underworld now, you should hide your identity first."

"good."

Hua Qianyu nodded, took out a layer of white gauze from the storage ring, and covered her whole body.

At this time, Ye Feng walked up to the gate of the underworld and said loudly: "Ye Feng, the master of Renhuang Peak in Xiahai Seminary, came to visit the underworld. I heard that my friend Xiao He encountered some problems while practicing in the underworld. I specially came here to visit the underworld. I came all the way to help him get through this difficult time."

Ye Feng didn't know how to enter the underworld, so he could only shout in a simple and straightforward voice towards the tall and wide gate of the underworld.

Chapter 702: Verifying Strength

Buzz!

Almost at the moment Ye Feng finished speaking, a vortex of light suddenly appeared in the middle of the huge gate to the underworld.

Uh-huh! Uh-huh! Uh-huh!

A series of grim figures dressed in black flew out of the whirlpool of light in an instant.

There were a dozen men in black, all masters in the underworld, with murderous intent dripping from their bodies, surrounding Ye Feng and Hua Qianyu.

The atmosphere on the entire field suddenly turned cold and chilly.

Ye Feng's eyes moved, but he didn't take action. He just smiled slightly and said to the dozen or so people in black around him: "I came to the underworld today without any hostility or any other thoughts or ideas. I want to do something." The only thing I can do is to help my friend Xiao He."

At this time, among the dozen or so men in black, a master with an aura worthy of the first holy realm came out.

His face was covered with a black scarf, only revealing a pair of sharp sword-like eyes. He stared at Ye Feng for a moment, cupped his fists and said: "We have heard of Lord Ye Feng's name a long time ago, but how can we judge whether you are Isn't it really Lord Ye Feng? Now Dragon Palace has launched a full-scale war against our underworld. We have caught several pretenders of Dragon Palace before, trying to sneak into our underworld, and almost ruined the major events in our underworld, so we are now Please be careful, Lord Ye, please forgive me for this."

When Ye Feng heard what the man in black said, he was not angry. He just smiled and said, "Since you doubt my identity, you can verify it on the spot, but I don't know how you can verify it."

The leading man in black clasped his fists slightly and said: "The best way to verify is naturally to verify your strength, Lord Ye Feng. I offended you."

Uh-huh!

Almost at this moment, a dozen men in black immediately moved towards Ye Feng to assassinate him.

"The art of combined vertical and horizontal assassination!"

"Wow!"

At this time, the dozen or so men in black were actually filled with the powerful aura of the First Saint Realm.

More than a dozen martial arts saint-level gold medal killers!

Such a lineup is really terrifying.

They drew their swords one after another, and the sword energy tore through the void, forming a dragnet that cut across the field and was extremely sharp.

At this moment, Ye Feng stood on the ground in the middle, towering and motionless.

He glanced indifferently at the dozen or so gold-medal killers who were assassinating him, and directly released the power of the Ten Emperors' Body Strengthening Technique.

The Ten Emperors Body Training Technique is a training method used by the Human Emperor in ancient times, so it is naturally in line with Ye Feng's status as the Master of the Human Emperor Peak.

Many people in the world know that Ye Feng created the Human Emperor Peak after obtaining a human emperor book.

Therefore, Ye Feng can naturally prove his identity by releasing the Qi of the Human Emperor at this time.

"boom!"

"boom!"

"..."

The Ten Emperors' body-building skills were very terrifying. Almost as soon as Ye Feng started running this set of inherited skills, ten towering and huge figures suddenly appeared in the space around him.

Buzz!

Each figure is made up of golden divine light. It is covered with the imperial robe of ten thousand dragons and a flat crown on its head. It holds the human emperor pen in its hand. With a big stroke of the pen, it can smite Fang Qiu and end the fate of all people in the world. , leading the rise and fall of the destiny of the human race.

Although every figure is composed of illusory divine light, the moment it appears at this moment, it really makes everyone feel it.

Just like ten real human emperors, they came from the vast ancient times, possessing scornful eyes.

In the world, there is unparalleled momentum.

"ah!"

"ah!"

"ah!"

Accompanied by screams, more than a dozen of the first holy realm's underworld gold medal killers, even before they got within a few meters of Ye Feng, were blown away by the terrifying human emperor's energy, and they all spat out... Blood, looking horrified.

"So strong!"

"We have more than a dozen gold medal killers assassinating us together. I'm afraid even the martial arts saints in the fourth holy realm will be in a hurry."

"But this young man in black didn't even really take action. He just burst out with his own martial arts momentum, which knocked us all away at once."

"This strength is so terrifying!"

At this moment, the eyes of the dozen underworld gold medal killers were filled with deep shock.

At this time, they finally understood that the young man in black in front of them was really the legendary emperor-level genius Ye Feng!

Because I'm afraid there will never be another person in the world who is so young, but has such a terrifying aura that can swallow up the world and encompass all the wastelands.

"Thank you Lord Ye for showing mercy, otherwise I'm afraid we would all have been seriously injured in that attack just now."

More than a dozen of the underworld gold medal killers in the first holy realm were all extremely aloof, but at this moment they came to Ye Feng respectfully, clasping their fists and making a sound.

Obviously, everyone was completely convinced at this time.

Although Ye Feng didn't even make a move, he gave everyone a heart-shaking feeling.

"Master Ye Feng!"

At this time, the leading man in black clasped his fists and said, "Please go this way, I will take you to the underground city of our underworld."

"Well, lead the way.

Bar. "

Ye Feng nodded slightly, looked at Hua Qianyu beside him, and said, "I'll bring one of my friends in, okay?"

"no problem."

The man in black immediately spoke up.

People like Ye Feng can almost be regarded as the most prestigious top talent in the Southern Region.

Just like this group of cold and ruthless killers from the underworld, they must be treated seriously and respectfully.

After all, Ye Feng's own terrifying strength, as well as the behemoth Poseidon Academy behind him, are all for the underworld to take seriously.

Buzz!

At this time, the man in black walked in front, stepped directly into the vortex of light in mid-air, and disappeared instantly.

"This is the space passage connecting our underworld to the underground city. We can just walk in." Hua Qianyu secretly sent a message to Ye Feng at this time.

Ye Feng nodded slightly, no longer hesitated, and stepped into the whirlpool of light.

...

Under the huge gate to the underworld, thousands of meters deep underground, the entire underground land with a radius of thousands of miles has been hollowed out.

A cold, dim and huge underground city, hidden underground, has a history of thousands of years.

This is where the real base camp of the underworld is, a huge underground city that is shocking!

At this time, Ye Feng and Hua Qianyu were walking through a rock passage in the underground city, followed by a black-clad killer from the underworld.

Ye Feng looked outside the rock passage and could see the general structure of the entire underground city in the underworld.

The entire cave base camp is like a huge pyramid-shaped city, built upside down underground. The bottom of the underground city cannot be seen at a glance, giving people a very shocking dark visual impact.

Chapter 703: Presumptuous

Looking at the majestic ancient underground buildings in front of him, even Ye Feng couldn't help but exclaimed, "The senior who built this huge underground city in the underworld must be a strange person."

"Master Ye Feng guessed correctly."

The killer in black who was walking at the front smiled and said: "The senior who built this huge underground city in our underworld was said to be the number one master craftsman in the entire Longyuan Continent ten thousand years ago. It is said that he hired a The mysterious and terrifying soul master in the legend used the power of Feng Shui to draw out the boundless power of ghosts and gods from the depths of the earth, and then built the vast underground city in our underworld for tens of thousands of years. There is basically no damage."

The words of the black-clad assassin from the underworld who led the way were full of pride in the underworld.

Ye Feng smiled slightly and didn't say much. He just secretly thought about when he, the soul master, would be able to step into the realm of controlling the general trend of Feng Shui.

From the depths of the earth, the vast power of ancient ghosts and gods was mobilized to build a huge underground city that was as miraculous as a miraculous craftsmanship, which can only make people marvel.

"Master Ye Feng, here we are."

Half an hour later, the black-clothed killer leading the way suddenly spoke up.

At this time, Ye Feng saw that they had arrived in front of a small stone room.

An ancient bronze door with yin and yang and eight trigrams painted on it stands in front of the stone chamber.

"Sure enough, it is the deep area of the underworld where the Earth Emperor's Book is located."

At this time, Hua Qianyu quickly sent a message to Ye Feng with a somewhat excited tone: "This is the most mysterious ancestral land in the underworld. The Samsara Valley I am talking about is somewhere in this ancestral land area."

At this time, the black-clothed killer who led the way took out a token from his arms and prepared to open the ancient bronze door in front of him.

"etc."

But suddenly at this moment, a man's voice with a hint of coldness suddenly sounded.

On the wall of the underground city not far away, a man in white came slowly.

young men.

He had his hands behind his back, and his aura was like an abyss of hell, giving people a feeling of unfathomable cultivation reaching the sky.

At this time, behind him were two beautiful female killers, both wearing purple and gold thin armor, outlining their perfectly graceful figures.

"Greetings to the Young Master!"

The moment the killer in black who led the way saw the young man in white, he immediately knelt down on one knee, clasped his fists and spoke respectfully.

"Oh no, it's Xiao Hongfei, the young master of our underworld. He and Xiao He are sworn enemies. He has always been afraid that Xiao He will steal his position as the successor of the underworld. He must be here to stop you from rescuing Xiao He!" Hua Qianyu obviously knows this young man in white. Man, send a message to Ye Feng immediately.

"Young Master Xiao Hongfei?"

Ye Feng's eyes moved, and he felt a deep dangerous aura from this young man in white.

This person is definitely a being with terrifying strength. He may be a top talent on the same level as Chu Tianji and Jin Chensha.

However, a few months ago, Ye Feng would still be very afraid of this top talent.

But now, Ye Feng's cultivation has entered the third holy realm, and his body has entered the fifth stage of the Divine Art of Creation. With his star battle body and many magical powers, he has no fear at all.

At this time, the young man in white standing not far away, with his hands behind his back, his eyes had an indifferent and lonely look, and he seemed too lazy to speak at all.

A beautiful killer behind him suddenly stared at Ye Feng and Hua Qianyu who were hidden under the gauze. He asked the black-clothed killer who was leading the way and said coldly: "Who are they? They are not from my underworld. , Dare to bring him in, it's a heinous crime! Chu Jiu, do you want to die?"

"No, this is Mr. Xiao He's friend. This

One time he came to help Mr. Xiao He. "

At this time, the black-clothed killer who was leading the way quickly spoke out in fear, with a hint of panic in his tone.

Everyone knows that Xiao Hongfei, the young master of the palace, has everything in the underworld. The two female killers beside him are also domineering, and no one dares to offend them.

"Let me tell you."

At this time, Ye Feng protected the black-clothed killer who was leading the way behind him.

He smiled slightly and did not look at the angry female killer at all. He just stared at the man in white and said: "I come to your place this time with no ill intentions. I just want to help my friend Xiao He. If there is any problem with the young master, "You can wait until I rescue Xiao He and then discuss it with Xiao He."

With that said, Ye Feng said to the underworld killer behind him: "Open the door."

"Yes, Master Ye."

This underworld killer named Chu Jiu is from Xiao He's faction. He naturally hopes that Ye Feng, an emperor-level genius, will take action to rescue Lord Xiao He who is in danger in his cultivation.

"you dare!"

A stunningly beautiful assassin wearing purple and gold thin armor suddenly burst into anger. She erupted with the terrifying aura of the Second Saint Realm. She directly held a golden sword and stabbed towards Ye Feng in an instant. Her murderous intent was boiling. , showing no mercy.

"presumptuous!"

Suddenly at this moment, Ye Feng's originally calm expression suddenly changed. He instantly stretched out his hand, and the hand turned into the color of a star, and directly "rumbling" all the fierce attacks of the stunning beauty killer. Blast to pieces.

"Crack!"

Ye Feng suddenly grabbed the snow-white neck of this beautiful killer with one hand, a cruel light flashed in his eyes, and squeezed hard.

Click!

"ah!"

This stunning beauty killer, a peerless strongman in the second holy realm, a beautiful lady, screamed in an instant, and directly

Death, with a snap, the beautiful dead body fell to the ground.

"What?!"

This sudden scene completely shocked everyone present.

Even Hua Qianyu's beautiful face hidden under the gauze was suddenly startled.

At this time, Ye Feng looked coldly in the direction of the young man in white, with a cold tone, and said: "You are so shameless, right? You dare to take action in front of me, and you don't care how much you weigh, and you What kind of young palace master is this? Don't pretend to be aloof in front of me. Do you really think that you are a peerless person with a noble status?"

"You...you are so bold!!"

Xiao Hongfei finally could no longer maintain his cold attitude. His face became extremely ugly. He stared at Ye Feng and said, "You have to know, this is the underworld, not your Poseidon Academy. If you dare to act wild, I will do it on the spot." "Kill you."

Ye Feng smiled indifferently and said, "Then you come and kill me. I'll see who dies in the end, you or me!"

"you.....!"

Xiao Hongfei's face suddenly became stiff and livid to the extreme.

His original idea was very simple, to use his identity as the young master of the palace to threaten Ye Feng and let him escape from the underworld directly.

But Xiao Hongfei never expected that Ye Feng would be so bold and lawless that he would directly kill his subordinates and confidants in the underworld.

He originally wanted to take action directly, but when he saw Ye Feng, he killed a second holy being in an instant.

To be honest, Xiao Hongfei was a little scared at this time.

But this matter cannot be let go.

Xiao Hongfei's face was a little ferocious, and he suddenly shouted to the surroundings: "Where is the law enforcement judge? Come out quickly and kill this lawless brat! Like Xiao He, he is a villain with a rebellious head and must be killed. Otherwise it will be a huge disaster for my underworld!"

Chapter 704: It's a great honor

At this time, Xiao Hongfei, the young master of the underworld, was so angry that his lungs were about to explode.

Because he was pretentious and thought that after he came in person, Ye Feng would run away in despair.

But what he never expected was that Ye Feng would be so fierce, even more murderous than their underworld killers, and he directly shot and killed a female killer under his command.

Xiao Hongfei wanted to kill Ye Feng with his own hands.

But the terrifying aura displayed by Ye Feng's instant action just now made the young master of the palace a little jealous.

Xiao Hongfei sneered coldly at this time: "I have a noble status, and I am as good as a golden branch and a jade leaf. I don't want to lose both sides with a kid like you. It's not worth it."

Ye Feng just smiled faintly at this time and simply said three words: "You are scared."

"you.....!"

Xiao Hongfei looked furious, but he never dared to take action. He just smiled coldly and said: "I have informed the law enforcement judges in our underworld. When they come, your kid will die without a burial place. But if you do it now Kneeling down and begging for mercy makes me happy, then I will consider imprisoning you for only ten years and becoming a coolie in my underworld, how about it?" ??

boom!

The moment Xiao Hongfei finished speaking, a fist shining with the light of stars had already struck.

It's Ye Feng!

He didn't say any nonsense at all and directly stated his position with his fists.

"How dare you attack me! You are so bold!"

Xiao Hongfei was shocked, but after all, he was the young master of the underworld, the top genius of the fourth holy realm.

At this moment, he shouted loudly: "Nine Extreme Demonic Skills! The Great Demon God's Strangling Wheel!"

boom!

Demonic energy as huge as an abyss surged out of the young master's body.

A large black light instantly formed a huge black wheel in front of Xiao Hongfei.

Nine sharp black sword-like horns protrude from the black wheel.

Come on, spin quickly and strangle towards Ye Feng.

Xiao Hongfei laughed loudly and said: "You dare to touch my Great Demonic Strangler directly with your body. You are really stupid. Your arms and your entire body will be instantly shattered into countless pieces. !"

"when!"

"Crack!"

But at the next moment, a scene appeared on the field that made Xiao Hongfei, the young master of the palace, stunned, and then his face turned ashen.

Because at this time, Ye Feng's palm seemed to be made of stars in the sky, with indestructible hardness and as heavy as an alien planet. He caught the rapidly rotating black wheel in an instant.

"Click, click, click..."

Ye Feng smiled coldly. The palm of the star, which was as big as a millstone, seemed to be poured with purple-blue molten iron. It exuded the cold metallic luster of the star. It possessed tremendous power and directly moved the black wheel inch by inch. It was pinched to pieces.

Click! Click! Click...

The shattering sound was so harsh that it made Xiao Hongfei, the young palace master, and the beautiful assassin guard behind him feel weak in their legs and feet.

"What kind of body is this? Even the most powerful dragons in the Dragon Palace don't have such terrifying strength and hardness, do they?"

Xiao Hongfei was completely shocked. He yelled crazily at the surroundings: "Where are the law enforcement judges? Why haven't they come yet! Do you want to watch me, the young master of the palace, die!"

"boom!"

At this moment, Ye Feng suddenly stepped forward and slapped Xiao Hongfei away with a powerful slap.

Bang!

The young master of the underworld flew out like a torn sack and hit hard not far away.

On top of a rock wall.

"Ahhhh!!!"

Xiao Hongfei's hair was disheveled and he felt huge shame.

He was still very strong. He withstood such a terrifying slap from Ye Feng without being seriously injured, only slightly injured.

But this made Xiao Hongfei's eyes suddenly turn red, and his heart was filled with deep jealousy and shame.

"Squeak!"

At this moment, the ancient bronze door deep in the underworld not far away finally opened.

Ye Feng ignored Xiao Hongfei's yelling behind him, and directly took Hua Qianyu and the killer named Chu Jiu into the underworld inheritance ancestral area behind the ancient bronze gate.

"Bang!"

The ancient bronze door was closed again, and only Xiao Hongfei's extremely angry eyes were left on the entire field outside the door.

"Young Master, are you okay?"

At this time, several old men finally flew in from a distance. The auras on their bodies were at least at the beginning of the fifth holy realm.

These old men are naturally the law enforcement judges in the underworld.

"Why are you here so late?"

Xiao Hongfei was furious, his face turned red, his eyes were full of ferociousness, and he shouted: "You guys quickly enter the inheritance ancestral land, capture that Ye Feng, cut him to pieces with a thousand knives, and put him in front of countless people Hang!"

"Young Master, this..."

Several old men hesitated.

Xiao Hongfei's eyes were frightened and angry, and he said: "You don't even follow my orders?"

A law enforcement judge smiled bitterly and said: "Young Master, please calm down first. It's not that we don't carry out your orders, it's that we don't dare to carry them out."

Xiao Hongfei said angrily: "Isn't that Ye Feng just an ordinary saint from Poseidon Academy? He is only in the third holy realm now. Just kill him!"

\u003e

Several law enforcement judges hurriedly said: "Young Master, this Ye Feng is no ordinary saint. He is the first emperor-level genius in our southern region in thousands of years, and he is the peak of the Human Emperor Peak in Poseidon Academy. Lord, many old monsters in Poseidon Academy value him very much, thinking that he can lead Poseidon Academy to glory. And according to the latest news, it seems that there is an ancient evil man named Yama Demon Emperor standing behind Ye Feng, and This Ye Feng is still a good brother of Xiao He in our underworld. We must not take action against Ye Feng! This is also the meaning of the hidden elders in our underworld. We already have a great enemy in the underworld, Dragon Palace, but we can't. To set up another enemy more terrifying than Dragon Palace, the Supreme Elders have decided to let Xiao He win over Ye Feng to see if they can help our underworld deal with Dragon Palace, because Ye Feng and Dragon Palace have a deep hostility to begin with. Shaofu Lord, the Supreme Council of Elders has issued an order, telling you not to interfere without authorization and ruin the overall situation."

"you!!"

Xiao Hongfei looked at the cowering old men in front of him and immediately shouted: "What if my female guard dies? He killed her on the spot!"

Several old law enforcement officials said: "In the face of the overall situation, these are just trivial matters. Just kill them. Who said that the young palace master's female guard is not discerning and offends someone she cannot offend? Young palace master, that Ye Feng didn't kill you in the end. He was already giving face to our underworld. It is said that in Poseidon Academy, Ye Feng killed the saints and the elders of the Law Enforcement Hall. It is said that the second inheritor of Dragon Palace was killed by this Ye Feng. , It is really lawless. He is already very respectable in our underworld. I guess this is because Xiao He is his brother. "

"You... are disgusting!!"

Xiao Hongfei felt deep despair. He suddenly spat out a mouthful of blood and fainted.

"Young Master!"

Several old men were shocked and said to the people around them: "Come quickly! Send the young palace master back to his room to rest! Watch the young palace master carefully and don't let him come out to cause trouble again. If he destroys the lives of the elders, In the grand scheme of things, that's a big sin!"

Chapter 705 The Space of Life and Death

Behind the ancient bronze gate, it is passed down to the ancestral land.

The land here is desolate.

Ye Feng looked high into the sky and saw the extremely high dome, but it was not the sky, but the top made of stone.

The top of the stone is extremely high, with almost no end visible. Ancient abstract sculptures are engraved on the surface, giving it an air of ancient vicissitudes.

At this time, Chu Jiu, the killer of the underworld, was leading the way, while Hua Qianyu showed a hint of surprise in her beautiful eyes and said: "Ye Feng, I didn't expect you to be so bold and kill the young palace master directly on the spot. A female guard beat the young palace master so badly."
"

Ye Feng shrugged nonchalantly and said, "He was the one who provoked me first. If it weren't for Xiao He's sake, I would have killed that young palace master."

When Hua Qianyu heard Ye Feng's casual words, he was ready to kill the inheritor of a hegemonic force like Underworld, and couldn't help but feel speechless for a moment.

But Hua Qianyu also knew that Ye Feng was indeed qualified to say such things.

This isn't arrogance, it's confidence.

Crazy without strength is stupid.

And the madness with strength is charm.

At this moment, Hua Qianyu's beautiful eyes were staring at Ye Feng's body, exuding a strong splendor.

"Lord Ye Feng."

At this time, Chu Jiu, who was leading the way, suddenly spoke out: "Master Xiao He is trapped in the Emperor's Book not far ahead."

At this time, Ye Feng looked towards the distance, and his eyes suddenly trembled slightly.

On that desolate land, there lay an ancient bronze book as huge as a mountain, like a giant steel beast lying on the ground, giving people an extremely strong visual impact.

"Is that the Earth Emperor's Book? One of the three legendary treasures from the ancient times of the human race?"

Ye Feng looked at the huge ancient bronze book, which was like a big mountain. It was very majestic and heavy, with a sense of vicissitudes of eternity, washing in the air, making it difficult for people to breathe.

At this time, Hua Qianyu nodded and said: "Yes, that is the land

The body of the Emperor's Book, the Legend of the Earth's Emperor's Book, is the legendary mythical underworld. The books used to record the life and death of the human race are just like the books of life and death among the mortals in the mortal country. They have unpredictable ancient powers. The three human races Although the Supreme Treasure, the Human Emperor's Brush, the Earth Emperor's Script, and the Divine Emperor's Mirror are not imperial weapons forged in the era of the great emperor, they are the three greatest treasures forged by the ancient human emperor with the power of his family. They are beyond the ranks of the holy weapons and the imperial weapons. outside. "

Ye Feng was a little curious and said: "What are the grades of these three treasures? Compared with the Ji Dao Saint Weapon or the Imperial Weapon, who is more powerful?"

"I don't know either."

Hua Qianyu shook her head and said: "There is a kind of treasure, which has been called a 'secret treasure' by countless monks since ancient times. It has no grades and is a very special treasure. The three supreme treasures of the human race belong to this kind of secret treasure, and there is no test." But who is more powerful, the Earth Emperor's Book or the Emperor's Weapon?"

At this time, Shang, the old demon dragon, suddenly said in his mind: "Ye Feng, the three most precious treasures of the human race, the Human Emperor's Brush, the Earth Emperor's Script, and the Divine Emperor's Mirror, are not world-famous for their extremely terrifying destructive power. , the most important significance of these three treasures is that they are treasures forged by the ancient Human Emperor with the countless power of the ancient human race. They represent the destiny and orthodoxy of the human race. Ye Feng, if you create the Human Emperor Peak, if you want to develop it completely , you'd better go to the Human Emperor's Palace, the overlord of the Eastern Wasteland, and see if you can snatch it away, then you'll be the orthodox!"

Ye Feng couldn't help but twitch the corner of his mouth slightly and said: "Shang, are you kidding me? No matter how crazy I am, I don't dare to snatch the treasure of the clan from an overlord."

Shang chuckled and said: "I didn't say to rob it now. When your strength and power have become strong to a certain level, then you can rob it. However, robbing will have some bad effects after all. When the time comes, You can use your own strength to threaten the Human Emperor's Palace, and at the same time give a huge amount of wealth to 'buy' the Human Emperor's Pen."

When Ye Feng heard Shang's domineering plan, he couldn't help but rolled his eyes and said, "Let's talk about it then, I have Emperor Luan Gu's

The Great Emperor's Tower of Inheritance is no worse than the three greatest treasures of the human race. It doesn't matter if you want it or not. "

Shang nodded and said: "If you insist on thinking so, you are right. And if your kid's Human Emperor Peak really grows and becomes famous all over the world, maybe the Human Emperor's Bi will automatically come to you. After all, the Human Emperor's Bi can also It needs the nourishment of the Human Emperor's Qi, and Ye Feng, your Human Emperor Peak has the Human Emperor's classics, which will be of great help to such a treasure as the Human Emperor's Pen."

Ye Feng looked surprised and said: "Can the Human Emperor's Brush come over automatically?"

"Of course, you don't know that."

Shang chuckled: "The Human Emperor's Pen is one of the three supreme treasures of the human race. It was forged by the ancient Human Emperor with countless human powers. It naturally has its own spirituality, which is higher than the spirituality of some of the emperor's soldiers. Back then, There was a time when I followed Emperor Styx to the Human Emperor's Palace in the Eastern Wasteland. At that time, I saw a young man in golden robe standing next to the headmaster of the Human Emperor's Palace. Emperor Styx and I say, that's the Human Emperor's Brush."

When Ye Feng heard what Shang said, he couldn't help but take a breath of cold air. He didn't expect that the Human Emperor's Pen was so magical. A pen could transform into a human form, which even the Imperial Soldiers couldn't do.

Shang continued: "The first sword move your Uncle Nan taught you, Iron Painting Silver Hook, was to use the sword to trace the sharp momentum of the brush. I guess your Uncle Nan also took reference to the power of the Human Emperor Brush before creating it. This is a sword move with an iron painted silver hook, because the sharpest thing in the world is not the sword, gun, sword or halberd, but the sharp edge of the pen!"

"I know this."

Ye Feng nodded and said: "Uncle Nan once told me this, the sharpest thing in the world is not the sword, but the sharp edge of the pen."

Shang's tone was majestic as he said: "Since ancient times, when the emperor was angry, he wrote imperial edicts and decrees with a stroke of his pen, which could decide the life and death of the people in the world. There are also great scholars in white who used their pens to paint and write thousands of miles of rivers and mountains, and the style of their pens vividly appeared on the paper. , with the thick ink flying, one stroke at a time, suppressing millions of demons, how majestic and surging it is, so, Ye Feng, if you have the chance, it will definitely be of great benefit to you to use the Human Emperor's Pen. "

Ye Feng was moved by what Shang said, and whispered in his mind: "I know, when I have time, I will go to the Human Emperor's Palace and see if I can get the Human Emperor's Brush back."

And while Ye Feng and Shang were communicating secretly, he had already reached the edge of the huge Earth Emperor's Book.

At this time, an old man wearing a black and white gown walked over not far away, with a trace of anxiety on his face, and said to Ye Feng: "Master Ye Feng, you are finally here, Xiao He is too risky, in order to understand The ultimate secret of the Six Paths Divine Art, the Wheel of Life and Death, he did not hesitate to let his soul enter the life and death space of the Earth Emperor's Book in order to understand the secret of life and death. However, his soul seemed to be trapped in the Earth Emperor's Book forever, and he could not escape. No, his body outside is slowly withering, which means his soul is about to be destroyed. Master Ye Feng, please think of a way to save my nephew. "

This old man is an underworld elder in the fifth holy realm. He is not only Xiao He's uncle, but also Xiao He's protector.

At this time, he was very anxious when he saw that Xiao He was about to perish and die.

"Senior, don't worry, I'll take a look."

Ye Feng's eyes darkened slightly at this time, and he walked into the ancient bronze book that was as huge as a mountain.

He immediately saw Xiao He's body, sitting cross-legged in the center of the Emperor's Book of Earth. Just as the old man in the black and white gown said, his body began to slowly wither and wither. Every second passed, the vitality was increasing. A large area will be lost, just like a tree losing water and starting to dry up.

Seeing this scene, Ye Feng's eyes couldn't help but sink. He jumped directly to Xiao He's side, stretched out a hand, spread his five fingers, and clasped Xiao He's head.

Ye Feng said in his mind: "Xiao He's soul power is almost the same as mine. They are trapped in the life and death space of the Earth Emperor's Book and cannot escape. If my soul alone enters it, it will definitely be bound, so Shang, I Now I will teach you a soul superposition technique. You will superimpose your soul power on my body, and I will go to the life and death space of the Emperor's Book to see if I can forcefully pull out Xiao He's fallen soul!"

Chapter 706: Book Spirit

Shang said in his mind: "Okay, teach me the soul superposition technique. This Earth Emperor's Book is the most bizarre treasure among the three great treasures of the human race. It is the book of life and death among mortals, and the life and death hidden in it. The space is so strange that even ancient saints may fall into it and lose their souls forever."

Ye Feng's eyes were slightly surprised and said: "So scary?"

Shang said in a rare serious voice, "So Ye Feng, are you really willing to take this risk?"

Ye Feng thought for a moment and said: "But I can't just watch Xiao He die in front of me, and my soul is protected by the golden elixir, so there shouldn't be any big problems."

Ye Feng dared to directly decide to leave his body and enter the life and death space of the Earth Emperor's Book. His greatest confidence was the golden pill in his brain.

The origin of this golden elixir is so mysterious that even ancient saints can revive it, and it can withstand all kinds of huge damage to the soul.

So at this time, Ye Feng felt that the life and death space of the Earth Emperor's Book should not be able to harm his soul.

However, to be on the safe side, Ye Feng asked Shang to superimpose all its souls on top of his own.

In this case, his soul power will skyrocket more than ten times.

Shang learned very quickly. In almost a few seconds, the old demon dragon had learned the soul superposition technique.

Shang praised: "This soul superposition technique is indeed magical. It can actually superimpose the souls of two creatures together."

Ye Feng smiled slightly and said: "This soul superposition technique was taught to me by Xiao He. Back then, we used the soul superposition technique together to kill an unparalleled powerful man among the barbarians."

At this time, Ye Feng said and directly began to accept the huge soul power transmitted by Shang.

"boom!"

It was as if his soul had suddenly expanded several times. The most direct feeling given to Ye Feng was that his soul was originally like a small sapling, but now it suddenly grew into a towering tree with incomparable majesty. Awesome power.

"boom!"

At this moment, Ye Feng's soul suddenly left his body and rushed directly into the life and death space of the Emperor's Book under his feet.

The space of life and death is a very magical and strange space contained in the Earth Emperor's Book.

This space of life and death can only accommodate the souls of living beings. It contains the mysteries of life and death and is full of endless dangers.

Buzz!

The moment Ye Feng's soul entered the life and death space of the Earth Emperor's Book, he suddenly felt that he had entered a dark and boundless world of nothingness.

This dark world of nothingness is like the beginning of the ancient world, full of chaos and without any vitality.

Ye Feng's soul body was floating in this chaotic and dark world at this time.

"boom!"

But suddenly at this moment, the entire dark and boundless chaotic world suddenly underwent huge changes.

The chaotic world suddenly split into two halves from the center. One half rose infinitely to become the sky, while the other half sank rapidly and became the vast earth.

Then the sun and moon appeared in the sky, and rain fell. The originally lifeless earth began to sprout small saplings. Gradually, these small saplings became towering trees. Then various creatures appeared one after another, a kind of The breath called "vitality" suddenly appeared in this world.

"The inner world of the Emperor's Book of Earth seems to be

In the scene of my evolution, the world first opens, and then life appears. This is the process from death to life. "

Ye Feng was like a grain of dust in the vast world at this time. Seeing the vast changes in the entire world and the beginning of chaos, he felt a deep sense of impact and spiritual shock in his heart.

At this time, he had a huge realization about the secret of life and death in an instant.

"Huh? That is?"

Suddenly at this moment, Ye Feng discovered an illusory figure sinking into the chaos not far away.

Uh-huh!

He instantly controlled his soul body and flew towards the figure.

"It's Xiao He!"

Ye Feng's eyes were filled with joy, and he immediately picked up Xiao He and flew high into the sky.

High above this world is the exit of the Earthly Emperor's Book.

"boom!"

But suddenly at this moment, a big hand covering the sky suddenly appeared on the vast sky. It was a black mass, exuding terrifying power, and instantly knocked Ye Feng to the ground.

"Click! Click..."

Ye Feng roared, feeling his whole body filled with endless pain.

At this time, he was bombarded into ruins on the ground, and his entire soul was about to be shattered.

"If Shang hadn't superimposed its soul power on my soul, I would be dead now when that hand fell just now!"

Ye Feng's eyes were filled with shock and anger. He never expected that a god-like hand would actually fall from the sky.

"Outsiders, I didn't expect you to have such a powerful soul. That's really interesting. I have lived here for many years. Time seems to me like there is no time. This world is simply It's like it's still. I'm really bored. Just stay and play with me for a hundred years."

A vicissitudes of ancient voice sounded throughout the world of the life and death space of the Earth Emperor's Book.

At this time, Shang spoke out in Ye Feng's soul: "Ye Feng, this voice is probably the book spirit of the Earth Emperor's Book. I didn't expect it to be so shameless and want to keep you here."

Ye Feng's heart sank slightly at this time. It is estimated that Xiao He's soul fell into the life and death space of the Earthly Emperor's Book because of the book spirit of the Earthly Emperor's Book.

The book spirit was so terrifying. He just casually stretched out a hand and knocked himself down to the ground. This kind of suppression of the soul was really too terrifying.

But at this time, Ye Feng suddenly stood up and shouted at the boundless sky: "Senior Shuling, we still have very important things to do outside. If our souls stay here for a hundred years, Not to mention a hundred years, just one year, our bodies will wither and die outside."

The ancient voice sounded throughout the world at this time: "Your bodies are growing old and dying outside, which has nothing to do with me. I am really lonely. I just want to keep you two little ants here to play with me." Play."

"you.....!"

Even though Ye Feng had always been kind-hearted, he was angry at this mysterious book spirit at this moment.

His eyes suddenly turned cold

Lie, carrying Xiao He on his back, he flew towards the sky.

"You, a human boy, are so ignorant."

The mysterious book spirit spoke out again: "If you are willing to give up your body, your soul can obtain eternal life in my Earth Emperor's Book."

Ye Feng smiled coldly and said: "A person lives alone in the endless darkness for eternity. What's the difference between that and death? I want to go out. There are many friends, brothers and relatives outside, and I still have unfinished responsibilities, and even if Without these fetters, I would not be able to live forever in the darkness alone. My journey is the stars, the sea, and the heavens and realms. There are so many beautiful scenery in this world, waiting for me to see them! People live for one life, and grass and trees fall for one autumn. Life does have length, but if the width of life can be infinitely expanded to a great level, it is also a kind of eternal life in a sense. Vigorous for hundreds of years, it is better than being endlessly lonely in the darkness. I think years are more meaningful, not to mention that at the peak of martial arts and at the end of practice, one can also achieve immortality, even eternal life!"

At this moment, the moment Ye Feng finished his words, the mysterious book spirit in the Earth Emperor's book fell silent for a rare moment.

Wow!

Ye Feng continued to fly at this time, but there was no sky-covering hand coming down from high in the sky.

The mysterious book spirit seems to have disappeared, or maybe it was persuaded by Ye Feng.

"Buzz!"

At this moment, two rays of soul light rushed out from outside the Earth Emperor's Book.

One entered Ye Feng's body, and the other entered Xiao He's withering body.

"boom!"

A surging vitality instantly burst out from Xiao He's withered body.

Visible to the naked eye, his body is recovering rapidly, becoming plump and shiny again.

At this time, Ye Feng opened his eyes outside, and he was still a little scared. The world of life and death that he had just entered in the Emperor's Book was quite dangerous. If the mysterious book spirit hadn't been stunned by his words at the last moment, he would probably have been stunned. I can't get out yet.

"Boom!"

Suddenly at this moment, a powerful martial arts momentum burst out from Xiao He's body.

"The fourth holy realm! The holy realm of life and death!"

Xiao He opened his eyes suddenly and stood up, his whole body filled with a terrifying and huge mana.

He was aware of everything that had just happened. Although he seemed to be sleeping, he actually still had a glimmer of consciousness.

Xiao He just walked up to Ye Feng at this time, his pupils were slightly red, he patted Ye Feng's shoulder hard, and said: "Ye Feng, you saved me again."

Ye Feng just smiled slightly and said: "When my brother is in trouble, I will naturally not stand by and watch. Fortunately, I succeeded in saving you in the end, and this time I entered the book of the Emperor of the Earth. I also gained a lot. I just watched the beginning of the world." Chaos evolved, life emerged, and I also understood some mysteries about life and death. If I have enough energy to swallow it now, it will definitely be a matter of course for me to enter the fourth holy realm of life and death. "

At this time, Xiao He didn't say any more words of gratitude. The two were already very familiar with each other and had experienced countless dangers and tribulations together, all without saying anything.

"Thank you so much, Master Ye!"

At this moment, not far away, the protector Xiao He, the old man wearing a black and white gown, came over and said sincerely

Thank you.

Xiao He is the hope of their lineage. He survived the catastrophe and returned from the land of northern Xinjiang. The seniors of this lineage naturally hope that Xiao He can become a pillar-like existence in the underworld in the future, become a big shot, and protect their lineage. convoy.

At this moment, Hua Qianyu also walked over. Although she was covered with a veil, Xiao He recognized her instantly and said in surprise: "Hua Qianyu, why are you here?"

Ye Feng smiled and said: "She came with me. She wants to find a place called Samsara Valley in the desolate land of the underworld, the ancestral land. Xiao He, do you know where it is?"

Xiao He's eyes moved and he said: "Reincarnation Valley? I know."

At this time, Xiao He stared at Hua Qianyu and said: "It seems that you want to find some treasure from the Valley of Samsara. I remember that you stayed in the Valley of Samsara for a long time

during the trial of the top killer in the underworld. You must be I found something, and I was originally going to go directly to investigate, but I didn't expect that I was trapped in the Earth Emperor's Book by practicing the Six Paths Magic Skills. This book spirit was so shameless that he almost left me and Ye Feng in the space of life and death. Humph, This revenge must be avenged. Sooner or later, I will refine the Book Spirit of the Earth Emperor's Book and ask him to call me grandpa!"

Ye Feng grinned at this time and said: "After refining, count me in, let's torture that book spirit together, so that it can't survive or die! This time it was actually quite dangerous. In the end, I relied on this mouth After convincing the book spirit, I think we brothers will really fall into darkness forever."

"Let's first think about going to Samsara Valley to explore."

Hua Qianyu spoke up at this time, and she also knew that without the help of Xiao He, the judge of the underworld, they would not be able to penetrate into the Samsara Valley in the ancestral land.

Hua Qianyu simply went straight to the point and said to Xiao He: "You are right. I did find an ancient ruins in the Samsara Valley, but I did not have time to explore it at the time, so now I am thinking, if I can come back , I must go and take a look at that ancient ruins."

With Ye Feng here, Hua Qianyu is not worried about her own safety.

She is now considered a traitor to the underworld. If discovered by the underworld, she will definitely be taken away and imprisoned.

Xiao He was also staring at Hua Qianyu at this moment and said: "I know you are a snake and scorpion woman, cruel and ruthless. My brother Ye Feng is simple and kind. Don't make plans to deceive him. Otherwise, if I find out, I will kill you on the spot."

When Hua Qianyu heard what Xiao He said, she just said coldly: "Don't worry, even if I betray the whole world, I will not betray Ye Feng. He took me in when I was most helpless, helped me heal, and gave me a place to stay." , made me feel the warmth I had never felt since I was born, and I should be with him for the rest of my life."

Xiao He glanced at Ye Feng in surprise and said, "Ye Feng, I have to advise you that this femme fatale is not trustworthy. You should have less contact with her in the future."

Ye Feng smiled and said: "Don't worry, I can make my own judgment about right and wrong, and don't you know, everyone who wants to harm me and want me to die will eventually die themselves, but I will live." You have to be fine and jump into the present."

Xiao He laughed loudly and said: "Yes! My brother is a man of great luck and has the appearance of a great emperor. Who can kill him?"

Hua Qianyu said: "We'd better go to the Samsara Valley as soon as possible. The Young Palace Master was taught a terrible lesson by Ye Feng outside. I'm afraid that the Young Palace Master will lead strong men to rush into this ancestral land to stop us."

Chapter 707: The Gate of Life and the Gate of Death

Under the leadership of Xiao He, Ye Feng, Hua Qianyu and Xiao He's old guardian walked towards the deepest area of the inherited ancestral land.

Xiao He's current status in the underworld is extremely high. Even Xiao Hongfei, the young master of the palace, may not have as much power as Xiao He.

Therefore, under Xiao He's guidance, the old monsters from the underworld hidden in the inherited ancestral land did not appear. They allowed a few people to walk towards the depths of the inherited ancestral land without stopping them at all.

A few hours later, the group arrived at the Samsara Valley smoothly.

At this time, in the field of vision of several people, a dark canyon was located on the ground in front of them.

A heart-stopping ancient aura emanated from the black canyon.

It seems that there is endless weirdness and danger hidden in it, which makes people's whole body shiver.

At this time, the old protector looked at the Samsara Valley, his eyes were a little serious, and he said: "This Samsara Valley is a forbidden place in the ancestral land of our underworld. Many masters in our underworld have died inexplicably after entering it. Now, do you young people really want to get into it?"

At this time, the tone of the old protector had a hint of solemnity.

Even this old man from the fifth holy realm in the underworld was staring at the dark canyon with a deep fear in his eyes.

Obviously, in this inherited ancestral land, what can be called a forbidden place is absolutely full of endless dangers.

But at this time, whether it was Ye Feng, Xiao He, or Hua Qianyu, their eyes were staring at the dark canyon not far away with a trace of expectation.

"Valley of Samsara"

Three large characters were carved on a stone tablet outside the dark canyon.

Xiao He looked at the old protector next to him and said, "Uncle, we must go in and take a look at the Samsara Valley. We have come here, but we are really unwilling not to go in and take a look. Moreover, there are internal and external troubles in the underworld now. We must do everything possible to improve our strength, because our current opponents are not only young geniuses, but also old monsters from the previous generation, and even hundreds of years ago."

Ye Feng nodded slightly and said: "On my way to the underworld, I also heard about the current crisis in the underworld. The Dragon Palace seems to have taken full action against the underworld. But what I am curious about is where did the Dragon Palace get the courage? They shouldn't just Because the second inheritor was killed by me and Xiao He, so we were so impulsive that we wanted to destroy the underworld."

"It's not that simple."

The old man protecting the Tao shook his head and said in a serious tone: "I heard a secret. There seems to be an ancient power in the Dragon Palace. It predicted that Longyuan Continent would usher in a huge catastrophe, so the Dragon Palace was anxious to think about it. To annex the Luangu Sea, the richest area in the sea, they want to control the wealth of the entire black market, cultivate strong men in their own clan, and increase their power base to overcome the disaster. "

Ye Feng nodded slightly and said: "Since the Ten Thousand Buddhas Temple in the Western Desert was wiped out by a mysterious alien emperor, one hundred thousand Buddhist monks died in one night. Many ethnic groups are beginning to become uneasy. Dragon Palace wants to annex the black market and bring its own heritage into a heyday. The biggest enemy is indeed your underworld. After all, the underworld has been entrenched around the ancient sea for countless years. "

The old protector nodded, smiled bitterly, and said: "Yes, it is said that this time the Dragon Palace seems to have invited powerful help from Zhongzhou. It seems that the powerful man from the Moon God Palace, the dominant force standing in the polar ice fields, has come to the Dragon Palace. , it seems that all the saints and saints from the Moon God Palace have come, and they have brought with them many powerful elders from the Moon God Palace, and there are even quasi-sage and powerful people. In the era when the ancient saints were not born, the quasi-sage is absolutely This is the most terrifying level. The overall situation of our underworld is indeed worrying. "

The dominant force in Zhongzhou, Moon God Palace?

Ye Feng's eyes flashed slightly when he heard the name of this force.

He still remembered that when he left the Great Yan Dynasty, he found a letter written to him by the eldest lady Ye Shenyue in the Ye clan.

In that letter, Ye Shenyue mentioned that an expert from the Moon God Palace passed by the Ye clan, discovered Ye Shenyue's potential, and took Ye Shenyue to Zhongzhou.

And this was also done voluntarily by Ye Shenyue, because the eldest lady of the Ye clan wanted to follow in Ye Feng's footsteps.

Because if she is a mediocre person, even if she is the first to know Ye Feng, she will only be a passerby in Ye Feng's life in the end.

But at this time, Ye Feng was standing outside the Samsara Valley, with no abnormal expression on his face.

The Moon God Palace actually intervened in the affairs of the Ancient Sea from the distant land of Zhongzhou, and even became a supporter of the Dragon Palace. I should investigate this matter if I have time.

But what Ye Feng wants to know most is the news about the eldest lady Ye Shenyue.

I don't know how far the eldest lady has practiced in the Moon God Palace. It has been two or three years and she still hasn't returned.

"Look, there seem to be traces of other living beings in the Valley of Samsara."

At this time, Xiao He suddenly spoke up, as if he had observed something unusual.

"What? Are there traces of other living beings' activities? Has someone already arrived before we came?"

At this moment, the eyes of several people present changed slightly.

Ye Feng walked directly into the Samsara Valley, and he immediately saw a lot of footprints on the ground.

In this valley, it seems that just

It had just rained, so the soil on the ground was very soft and muddy.

There were many footprints on the dirt at this time, so Xiao Hecai suddenly exclaimed.

But at this time, Ye Feng stepped forward and took a closer look. His eyes were slightly surprised and he said: "These footprints are not human footprints, but some kind of... that seem to be the footprints of a monster."

"Footprints of a monster?"

At this time, Xiao He and Hua Qianyu both looked slightly stunned and walked to Ye Feng's side.

But the old man protecting the road did not go into the canyon.

He is an older generation figure in the underworld, and he has a very respectful attitude towards this taboo area in the ancestral land of the underworld, unlike young people like Ye Feng, Xiao He and Hua Qianyu who have no taboos at all.

When Xiao He saw that the old man who was protecting the way did not come in, he couldn't help but said: "Uncle, you are quite old. You can do it without taking risks. Then you can stay outside this canyon. If Xiao Hongfei, the young master of the palace, dares to send someone, If there is trouble here, you can guard this entire canyon for me and don't let anyone in, do you understand?"

The old man protecting the Tao nodded and said, "Don't worry, I'm here and I won't let others rob you of your good fortune."

"Thank you, senior."

At this time, Ye Feng turned around, cupped his fists and said loudly to the old man protecting the road.

"Master Ye Feng made a strong statement. This is what I should do."

The old man protecting the Tao smiled slightly and returned the gesture with his fists clasped.

"Let's go in. Just follow me. I've been to this Samsara Valley before, so I'm very familiar with everything inside."

Hua Qianyu spoke up at this time. This top female killer before the underworld seemed to be unable to contain her inner expectations for the ancient ruins in the Valley of Samsara.

Ye Feng nodded and said: "There should be powerful demonic beasts bred in this ancestral land that entered the ancient ruins of Samsara Valley before us, so we'd better hurry in and don't waste time. Otherwise, it would be a big joke to be taken advantage of by those monsters with intelligence."

Xiao He agreed and immediately stood up and walked towards the depths of the valley.

Soon, the three of them, led by Hua Qianyu, walked around for a long time and finally arrived at the deepest part of the Samsara Valley.

But at this moment, there was a huge mountain wall in front of them, as high as the sky, full of a deep sense of majesty and oppression, like an ancient rock giant standing at the front, blocking their way. .

"That is....."

In the field of vision of the three people, the huge mountain wall was divided into two parts: left and right. Under the center area on the left and right, there was a huge portal on each side.

two

The portal is exactly symmetrical and the entire body is made of bronze.

A bronze door has a large Chinese character "生" written on it.

On the other bronze door, the word "death" was written.

Life and death, two big characters, were written on the two bronze doors with some kind of strange reddish-brown blood.

"The gate of life and the gate of death?"

Ye Feng and Xiao He looked at each other, and both saw the confusion in each other's eyes.

Ye Feng looked at Hua Qianyu beside him and said, "Didn't you say you've been here before? So which of these two doors should you go through?"

Hua Qianyu said: "At that time, I used a secret technique to divine a hexagram for myself. I want to go to the door of death. Maybe this has something to do with my own inheritance. My inheritance is originally related to the underworld. The world is close to death."

Xiao He stared at Hua Qianyu and said, "You are a femme fatale, don't play tricks on our two brothers."

Hua Qianyu said helplessly: "Xiao He, you are too suspicious. Everything I said is true."

"I'll tell you the fortune."

At this time, Ye Feng suddenly spoke up.

Of course he doesn't know how to tell fortunes.

But in the mind of Shang, this old demon dragon knew a lot of strange knowledge.

So at this time, the old devil dragon is telling fortunes.

Xiao He stared at Ye Feng in surprise, and said with a smile: "I didn't expect that Ye Feng, you can actually tell fortunes? I am really impressed."

Ye Feng just smiled slightly and didn't explain much.

At this time, Hua Qianyu walked directly towards the "death" door and said: "Ye Feng, after I get the inheritance and treasures I need, I will wait for you outside the valley."

"good."

Ye Feng nodded and looked at Hua Qianyu's graceful figure in red as she walked into the door of death.

The moment she entered the door of death, Hua Qianyu suddenly turned her head slightly, and glanced at Ye Feng from a distance with her charming eyes, which seemed to have an inexplicable meaning.

"I hope I can come out alive..."

She murmured.

Then Hua Qianyu no longer hesitated, stepped directly into the door of death, and disappeared in the blink of an eye.

At this time, Shang suddenly spoke in Ye Feng's mind: "Ye Feng, the Gate of Life, there is a great opportunity in the Gate of Life."

"good."

Ye Feng nodded slightly.

He looked at Xiao He beside him and said, "Let's walk through the door of life."

"Um."

Xiao He nodded. For him, it didn't matter which door he went to. Since he didn't know the art of divination himself, he would just listen to Ye Feng.

Chapter 708: Encountering the Bronze Coffin Again

When Ye Feng and Xiao He walked into the Shengmen, they immediately saw an extremely long dark stone path appearing in their field of vision.

Buzz!

A trace of cold breath permeated the air like a knife, causing pain to the person's skin.

Xiao He couldn't help but murmured: "After this gate of life, it feels more like the gate of death. The end of this stone path does not lead to a cemetery, right? Why do I feel a strong cold breath in the air? It's really disappointing." It's uncomfortable."

Ye Feng chose to believe in Shang. He laughed out loud and said: "What are you afraid of? With the current cultivation base and methods of you and me, in the entire Longyuan Continent, as long as the ancient saint does not take action, basically nothing can completely Even if the thing that kills us is seriously injured, I have the Immortal Tree, and you have understood the secret of life and death in the fourth holy realm and can reorganize your flesh and blood, so there is nothing to be afraid of." ???

"I'm not afraid. Until now, I have never known how to write the word fear!"

Xiao He was very excited and couldn't help shouting: "I think we have gone to the wrong door. I always feel that Hua Qianyu has no good intentions."

Ye Feng said: "Look over there."

"That is....."

Xiao He took a few steps forward and saw some messy footprints on the ground.

"It's the footprints of those monsters."

Xiao He's eyes flickered and he said: "In that case, those monster beasts also went to this birth gate, so there should be no problem, because if there is a problem, we will see the monster beasts die tragically and stop moving forward. , there is a monster ahead to explore the way for us, then I feel much better."

Ye Feng laughed and walked directly towards the end of the dark passage.

The two of them did not encounter any so-called dangers along the way. It was very smooth. After half an hour, they reached the end of the passage.

Then, their vision suddenly became clear!

"Oh my God! Is this?"

At this time, Xiao He's eyes were filled with shock. At the end of the passage, there was actually a huge bottomless pit.

High in the sky, there seemed to be a thick bronze iron cable hanging down from the sky.

The lowest end of the iron rope was tied to a bronze coffin, suspended in the darkness of the bottomless pit.

At this time, on the rock wall around the bottomless pit, an ancient stone staircase was built around the bottomless pit at an unknown age.

"keep your voice down!"

Suddenly at this time, Ye Feng suddenly pulled Xiao He back into the passage.

Ye Feng pointed to the position of the hanging bronze coffin at the bottom of the bottomless pit and whispered: "Look, there are more than a dozen monster beasts."

Xiao He immediately looked over and saw a dozen monster beasts with majestic bodies standing on a huge protruding stone platform at the bottom.

Although these dozen monster beasts did not turn into human form, the aura emanating from each one was

It is enough to have the third holy realm, or even the fourth holy realm.

"There are a total of nineteen monsters from the third and fourth holy realms. It's too scary. Are these monsters bred in our inheritance ancestral land in the underworld? No wonder when I entered the inheritance ancestral land to practice before, my uncle called I don't want to stay away from the area where the Earth Emperor's Book is, because the pressure of the Earth Emperor's Book can prevent these terrifying monsters from approaching me while I'm practicing."

At this time, Xiao He spoke word by word, with a hint of exclamation in his tone.

Obviously, he never expected that nineteen powerful and terrifying holy beasts would appear in this Samsara Valley.

You know, if the demon beasts at the third and fourth holy realms go outside, they can definitely be regarded as the demon kings who dominate the area.

But at this time, those nineteen monster beasts, which do not even know the art of transformation, must be creatures born and living in the ancestral land of the underworld since ancient times.

Xiao He chuckled and said: "Although these nineteen monsters are holy monsters, they can't even transform, and they probably don't know other killing techniques. They should be easy to deal with."

Ye Feng stared at the dozens of terrifying monsters on the staircase platform under the bottomless pit, shook his head, and said: "That's not necessarily true. Although these monsters may not have any killing skills, they can. Having grown up to this point, I must have practiced the true and most primitive wild killing to the extreme. Such monsters are actually the most terrifying. "

When Xiao He heard what Ye Feng said, his eyes revealed a hint of wonder, and he said, "Ye Feng, when you said that, I suddenly understood. It seems that no matter what time, you can't underestimate the enemy."

Ye Feng nodded, smiled slightly and said: "But we don't need to be too afraid. You forgot, we are all soul masters. As long as we use the soul superposition technique, we should be able to easily give the souls of these dozen monster beasts to Hypnotic."

Xiao He's eyes lit up and he said: "Yes, I have been thinking about how to kill these nineteen holy beasts, but now Ye Feng, what you said has awakened me. We can directly use hypnosis to hypnotize all these monsters, and they will become our subordinates, more than a dozen holy realm monsters, and they are not low-level holy realms, but the third holy realm, or even the fourth holy realm. Such a power is definitely comparable to the foundation of some top-notch powers. The inheritance of the ancestral land gave birth to so many terrifying monsters, but it finally fulfilled us. "

Ye Feng said: "There seems to be something strange under this bottomless pit. Let's wait first. Don't take action for the time being. First, observe the actions of the dozen monster beasts. With them checking for us in front, we just need to stay there. Just sit in the dark and reap the benefits."

Xiao He immediately smiled and agreed, and both of them lurked in the passage and observed secretly.

"boom!"

Suddenly at this time, a monster beast that had reached the fourth holy realm under the bottomless pit suddenly took action.

This is a powerful cheetah-like monster covered with purple and gold scales. It is like a golden leopard in the mortal world, but it is more than ten times larger than a golden leopard.

The pair of leopard paws, which seemed to be made of gold, possessed terrifying power and sharpness, as if they could tear an ancient evil beast into pieces.

"Clang!" .??.

The large golden leopard struck the iron rope with its huge golden claws, but it made a violent roar and left no trace at all.

"So hard!"

At this time, Ye Feng and Xiao He in the passage had a hint of horror in their eyes.

They know that the power of the giant claw of the golden leopard in the fourth holy realm can definitely tear into pieces a human martial arts saint in the fifth holy realm in an instant, or crush a seventh-grade holy weapon. .

But the iron ropes that tied the bronze coffin didn't leave a single trace on it.

In fact, the iron cable didn't even move.

At this time, the huge golden leopard actually spoke human words, and said in an exclamatory tone: "It is rumored that this iron rope fell from the sky, and the bronze coffin it is tied to may contain an ancient statue. The great emperor."

At this time, in the passage, Ye Feng heard these words and his heart moved slightly.

He also obtained a mysterious bronze coffin in his early years. At that time, he also said that the bronze coffin was a coffin that might contain an ancient emperor.

It's just that after such a long time, Ye Feng didn't find anything out about the bronze coffin in his storage ring.

So in the end, Ye Feng simply gave up research, so much so that Ye Feng almost forgot that there was a small bronze coffin somewhere in his storage ring.

At this moment, Ye Feng stared at the bronze coffin hanging in the air tied by iron ropes under the bottomless pit. It was not exactly the same style as the bronze coffin he had obtained before.

But the aura emanating from the bronze coffin made Ye Feng feel very similar. It was an ancient aura with endless vicissitudes.

Xiao He's eyes flashed slightly at the side and said: "Ye Feng, this bronze coffin may contain a very ancient and powerful being."

Ye Feng's eyes moved and he said, "What should I say? Have you ever seen this kind of bronze coffin?"

"No."

Xiao He shook his head and said: "But I have read about this kind of bronze coffin in an ancient book in the library of our underworld. According to the records in the book, this kind of bronze coffin is Coffins exist in all worlds and spaces. It is said that they are coffins that fell from the depths of the starry sky. In each bronze coffin, there is buried an ancient strong man who does not belong to our Longyuan Continent. It may be from other interfaces. The Great Emperor, or the being or powerful person in the universe."

\u003c

br\u003e Ye Feng was slightly shocked when he heard what Xiao He said.

I didn't expect that these bronze coffins were of such great origin. They actually fell from the stars in the universe, or were spread to Longyuan Continent from other interfaces.

"In each bronze coffin, there is an ancient foreign powerhouse buried."

Ye Feng murmured at this time.

His heart suddenly moved.

If you put it this way, an ancient creature was also buried in the bronze coffin that he snatched from the center of a woman's eyebrows?

Ye Feng felt a little chill in his heart when he thought of this.

Fortunately, I didn't find a way to open the bronze coffin.

Otherwise, if the powerful creature buried in the bronze coffin revives, I don't know if it is an enemy or a friend, but it is estimated that it will probably kill him.

After all, the human heart is deceitful during the journey of cultivation. Not only the human race, but also hundreds of tribes in the wild, and all the beings in the world are pursuing the pinnacle of cultivation. If they want to achieve eternal life, they will naturally use all means to get what they want.

Therefore, Ye Feng is naturally always accustomed to using the greatest malice to speculate on strangers he meets.

"Boss, what should we do now?"

At this moment, a pangolin-like beast underneath spoke to the leopard.

Although these monster beasts have not transformed, they are able to speak human words. It seems that they have encountered disciples who have entered the underworld and entered the inheritance ancestral land for trials, so they have learned the human language and use it to communicate, which is better than body language. Many times more convenient and faster.

At this time, a monster with the head of a deer and the body of an ox also made a voice. It turned out to be a female voice: "Boss, we can't break the iron ropes holding this bronze coffin. How can we get the body of the emperor in the bronze coffin?"

At this moment, Golden Leopard also fell into silence.

Ye Feng and Xiao He, who were secretly observing, were shocked. It turned out that these monsters wanted to get the body of the powerful creature in the bronze coffin.

Xiao He nodded and said: "This group of monsters has reached the current holy realm, which is almost the upper limit of their cultivation. After all, they are creatures bred in the ancestral land of the underworld, and they are not the blood heirs of ancient relics. They can It is not easy to cultivate to this point. If they want to go further, they must swallow and refine very powerful bloodline and enter it into their own bodies. It seems that they have set their sights on the ancient creatures in this bronze coffin. "

Ye Feng heard this and was about to say something.

But at this moment, the golden leopard on the platform below suddenly said: "It seems that we can only use this method. It comes from some ancient memory fragments left deep in my bloodline, which records information about this kind of thing." Some of the secrets of the bronze coffin can be used to outline a mysterious ancient blood array with my original blood. If it is imprinted on the bronze coffin, the bronze coffin can be opened and the noble body of the ancient alien creature buried in it can be obtained!"

Chapter 709: The Emperor is alive?

The Golden Leopard, the "boss" of more than a dozen monster beasts, seems to have a very mysterious and special way to open the bronze coffin tied with iron ropes.

At this moment, the huge golden leopard opened its ferocious mouth without any hesitation the moment the words fell, and spat out a mouthful of golden blood.

"The boss really went all out and vomited out all the golden blood he had worked hard to cultivate for hundreds of years."

"What do you know? This bronze coffin is too important to us. We are trapped in the ancestral land of the underworld, guarded by the hidden strong men in the underworld. If we don't break through to the quasi-sage level, we won't be able to break out at all. This is a prison."

"Yes, if we can open this bronze coffin and obtain the noble bloodline of the ancient alien creatures in it, after we devour and refine it, we can surpass the current upper limit of cultivation and step into

the quasi-sage level. By then we will reach the outside world. , live happily, wouldn't it be great to be the Demon King and Demon Lord who dominates the world?"

At this moment, more than a dozen monster beasts were all talking loudly, with huge ambition hidden in their voices.

Apparently they have been trapped in this inherited ancestral land for many years. Although they were born here since childhood, they are very yearning for the outside world.

Because this group of monsters knew very well that if they could not reach the quasi-sage level, they would not be qualified to talk to the underworld.

There may even be a day when the most powerful quasi-saints in the underworld are unhappy and may kill all the holy monsters in their inherited ancestral land.

Therefore, this group of holy realm monsters are very unwilling. If they have the opportunity to break the shackles and break out of the ancestral land of this underworld, they naturally hope to become the masters of their own destiny, instead of living all day long worrying about being harmed. Afraid of being hit.

"boom!"

At this moment, Golden Leopard has used his original golden blood to use his huge claws to outline a very complicated small formation in the void.

.

Although this formation was very small, the moment it took shape, it burst out with thousands of golden light, like a small sun, and suddenly like a spider web, it fit tightly and enveloped the bronze coffin.

Buzz!

What made many monsters look happy was that the bronze coffin, which was originally motionless, started to vibrate slightly.

"Crunch, crunch..."

The bronze coffin lid was slowly opening.

The golden leopard spurted out its original golden blood at this time, and its breath was a little sluggish.

But its huge leopard eyes were filled with deep excitement as it looked at the moving bronze coffin.

Golden Leopard said in great surprise: "I knew that the ancient memory fragments inherited from the depths of my bloodline and the ancient blood array recorded in them are really useful! The bronze coffin has really been opened!"

At this time, in the passage, Ye Feng and Xiao He both had very surprised and uncertain looks in their eyes.

They never thought that this group of seemingly stupid monsters would actually use their own special method to open the bronze coffin.

"Squeak, squeak..."

Accompanied by bursts of very heavy friction sounds, all the lids of the bronze coffin were opened.

Many monsters and beasts looked towards the bronze coffin with strong expectations.

Uh-huh!

But suddenly at this moment, a strong figure, exuding endless majesty and vicissitudes, suddenly stepped out of the bronze coffin.

"What?"

"The Emperor is alive?"

The dozens of ferocious monsters that originally looked expectant, looked at the scene in front of them, and their eyes suddenly became extremely frightened. The dozens of ferocious monsters that originally looked expectant, looked at the scene in front of them, and their eyes suddenly became extremely frightened.

Chapter 710 The fallen iron box

The figure that stepped out of the bronze coffin was a middle-aged man with gray hair. He was tall and strong. He looked like he was not an ancient alien creature, but a human being.

He had a weathered face and empty eyes. He was wearing a black shabby coat and walked out of the bronze coffin. The aura on his body was old and stale.

It feels like a heavy fragment of history has come out, with a deep sense of time and vastness.

The moment this mysterious middle-aged man with gray hair came out, his eyes were extremely confused. He seemed not to know who he was or where he was.

At this time, he just looked around in confusion, and then strode towards the bottom of the pit.

At this moment, the eyes of the dozen monster beasts, including the Golden Leopard, were filled with deep shock, but they did not dare to move or make a sound.

This middle-aged man who walked out of the bronze coffin gave them such a depressing and shocking feeling.

This must be an extremely terrifying ancient figure, maybe even an ancient emperor!

At this time, even Ye Feng and Xiao He who were lurking in the passage were shocked.

They never expected that a living person would come out of the bronze coffin.

Those dozen monster beasts have become too big!

Moreover, even their cultivation levels were unable to detect any aura of cultivation from this mysterious middle-aged man.

This middle-aged man feels like a majestic mountain. The mountain is so high that it is impossible to guess his depth.

"Is this middle-aged ancient man really a living emperor?"

Ye Feng and Xiao He both saw the horror in each other's eyes.

At this time, the middle-aged man stepped out of the bronze coffin and wanted to walk outside.

"boom!"

But suddenly at this moment, the bronze iron rope that seemed to be hanging from the sky burst into a bright light.

The huge iron rope turned into a magic sword with extremely terrifying piercing power, and it immediately stabbed the middle-aged man.

You know, this bronze chain did not leave any scratches on the sharp claws of the Fourth Saint Realm Leopard. It definitely surpassed the hardness of the Jidao Saint Soldier, and may be comparable to the toughness of the Imperial Soldier.

"when!"

At this moment, the middle-aged man with empty eyes just stretched out a finger and flicked it in response.

"Click, click!"

The chain that exuded bright divine light actually began to break apart inch by inch.

"If heaven wants to bury me, then I will bury this piece of heaven!"

At this time, the middle-aged man's empty eyes suddenly became extremely sharp, like two sharp swords that could pierce the sky.

He suddenly seemed to have gone crazy, roared loudly, and directly grabbed the bronze iron rope hanging from the sky.

"boom!"

Then the middle-aged man gave a fierce force and

This unimaginable power exploded instantly.

There was a rumble above Jiuxiao, as if the sky suddenly fell, and the bronze iron rope that spread into the endless void of Jiuxiao was pulled down instantly.

"Clang!"

A huge ancient iron box was tied to the other end of the iron chain above the sky. At this time, it was forcefully pulled down by the middle-aged man and fell to the ground.

However, the ancient iron box was not broken, but lay quietly on the ground, not knowing what was inside.

But this ancient iron box fell from the sky, it must be very extraordinary, and it may contain very rare treasures.

At this time, the middle-aged man's eyes suddenly became empty again. He didn't even see the ancient iron box. He pulled the bronze iron rope down from the sky, as if just to vent his anger.

Step, step, step...

The middle-aged man stepped into the void and disappeared at the end of the sky in the blink of an eye.

"What a terrifying power!"

"I tried my best and couldn't move the bronze iron rope, but it was shattered by this ancient figure with just a flick of my finger. The entire huge chain was even pulled down from the sky. !"

"This is definitely an ancient human race supreme figure, possibly comparable to the Great Emperor!"

More than a dozen powerful monsters at the Holy Realm level stared at the middle-aged ancient man as he walked away with deep horror in their eyes.

During the whole process, no monster dared to move, for fear of attracting the attention of the middle-aged old man with empty eyes.

A being like that could probably kill them all with just a flick of his finger.

"Although the person in the bronze coffin is alive, he also pulled down an ancient and mysterious iron box from the sky. Let's go and see what's inside the iron box."

At this time, the leader of the Golden Leopard could no longer bear it. He spent a huge price this time to open the bronze coffin, but in the end, he let a terrifying person go.

He still had to get that huge piece of iron that fell from the sky.

A dozen powerful monsters were ready to jump directly in front of the ancient iron box.

But right now.

"Whoa! Whoa!"

Two young figures jumped out from a nearby passageway, one step ahead of them, and stood next to the ancient iron box.

One of the young men in black directly picked up the ancient iron box and was observing it carefully.

"What? An outsider has come in! Has he been hiding in the dark?"

When the Golden Leopard and other monsters saw this scene, they couldn't help but see deep anger in their eyes.

"You two humans are so shameless. You hide in the dark and let us clear the way for you. In the end, you end up trying to rob us.

Take our treasures. "

The golden leopard shouted angrily, his tone full of ferocious murderous intent.

But at this time, Ye Feng held the ancient iron box, smiled faintly, and said: "What do you call your treasure? This treasure fell from the sky. Is it yours when you see it first? So now I saw you and said that you are all my beast pets, okay?"

"presumptuous!"

A pangolin-like monster immediately changed its eyes and shouted loudly: "Two young human race people dare to be so arrogant in front of our boss. They are so bold and impatient! You two, One is in the third holy realm, and the other is just entering the fourth holy realm. Although you may be regarded as the top young prodigy outside, this does not mean that you can do whatever you want in front of us. Don't you know that we have more than a dozen monsters? Is he the most powerful and top-level monster king in this inherited ancestral land? If we have more than a dozen monsters united, no one can resist us unless the quasi-sage appears!"

"That's right."

The golden leopard's red eyes were staring hard at the two young men who suddenly jumped out in the middle of the road, and said: "I advise you to let go in time and leave safely, otherwise I will let you two all go." Tear into pieces."

Xiao He smiled indifferently, without any fear on his face, and said: "What's the use of showing off your words? If you have the guts, take action! You are just some low-level monsters bred in our underworld inheritance ancestral land, there is no such thing as You have a strong bloodline and no terrifying secret skills of the demon clan. In my eyes, you are just a group of lucky beasts. It is not easy to swallow the essence of the sun and the moon to reach your current level. Why don't you surrender to us and become me? With my brother's pet, we can take you to the vast world outside to see the scenery."

"presumptuous!"

The leopard roared instantly. It couldn't bear it anymore. Its huge body suddenly jumped into the sky. The golden leopard paws were very huge, as if they were made of gold. They were extremely sharp. Zi just tore towards Xiao He.

The anger in the Golden Leopard's heart is simply burning now, and he wants to kill all the two human cubs in front of him.

"It's just the right time! I have just stepped into the Fourth Holy Realm and understood the ultimate secret of the Six Paths Divine Skills in the Earth Emperor's Book, the Wheel of Life and Death! It just so happens that today I can try my hand at a wild leopard like you!"

Xiao He's fighting spirit boiled, and he immediately burst out with endless demonic energy and rushed forward.

"Six Paths Divine Art!"

"Disaster, origin, killing, ancient chaos, thunder, eternity!"

"All merged! Transformed into the wheel of life and death!"

boom!

The terrifying six extreme powers rapidly merged and rotated in the space around Xiao He, eventually forming a huge turntable.

This is the wheel of life and death!

The huge wheel of life and death rotates high in the sky, emitting endless black energy, covering the entire sky, as if darkness has fallen, and there will never be daylight.

Every time the wheel of life and death rotates, it gives people a terrifying feeling of their soul sinking into the abyss of life and death.

\u003c

br\u003e "Click! Click! Click..."

Xiao He is still very powerful. After he stepped into the fourth holy realm, his combat power increased exponentially in an instant.

After all, he is the most amazing and talented person among the Underworld generation. Even the light of the young palace master was suppressed by Xiao He who returned.

"Boom!"

"Boom!"

The golden claws of the golden leopard, the hard giant claws that could tear the seventh grade into pieces, started to break apart the moment they touched the wheel of life and death.

"ah!!"

This caused the leopard to roar in great pain.

Fingers connected to the heart.

Its giant claws are like five human fingers.

At this time, it was suddenly crushed by Xiao He's Wheel of Life and Death, and the golden leopard naturally let out a miserable howl of pain.

"Boss!"

"We're here to help you!"

"Kill this little human brat!"

At this moment, each of the dozens of monster beasts who looked aloof and arrogant, saw the golden leopard, and their boss was stunned for a moment, and they couldn't sit still.

"Roar!!"

They roared one after another, and erupted with terrifying demonic energy. Each one of them had the power to move mountains, and rushed towards Xiao He.

"Crunch! Crunch! Crunch!"

Although Xiao He's Wheel of Life and Death is very terrifying.

But at this time, under the siege of more than a dozen holy-level monsters, it was somewhat difficult to hold on.

Buzz!

The huge wheel of life and death began to crack inch by inch at this time.

"Ye Feng! Take advantage of now!"

Suddenly Xiao He yelled.

"The art of soul superposition!"

Ye Feng, who had been waiting for this moment, suddenly used the soul superposition technique.

Xiao He's soul power suddenly blessed Ye Feng's soul.

"boom!"

Suddenly, an invisible dark soul storm enveloped the nineteen holy beasts including the golden leopard.

"Hypnosis!"

At this moment, Ye Feng's face was extremely serious and he suddenly shouted loudly.

And almost at this moment, in the soul world of the nineteen holy monster beasts, they immediately "saw" a soul giant sitting on the throne of darkness, holding a dark scepter in his hand, seemingly It was like the Dark Emperor appeared in their souls, exuding overwhelming soul power pressure.

"He is the legendary soul master among the human race!"

"He wants to enslave our souls!"

"No!!"

At this time, the golden leopard, the leader of the monster with fragments of ancient bloodline memories, immediately let out a horrified roar as if it had seen something extremely terrifying.
