

## Ancient 721

### Chapter 721 Plan

The Dragon Palace, guarded by the Nine-Colored Spiritual Dragon Formation, is like a solid fortress and cannot be attacked at all.

At this time, Ye Feng nodded slightly and said: "Now the entire Dragon Palace is surrounded by this powerful defensive formation. We can't break through it from the outside. If we want to take it by surprise and cause heavy damage to the Dragon Palace, this is our only chance. It's an attack from within."

"Insider attack?"

Xiao He's eyes flashed slightly and said: "Ye Feng, what does it mean to attack from the inside?"

At this time, everyone around them cast doubtful eyes on Ye Feng, obviously not understanding what Ye Feng meant by attacking from within.

Ye Feng smiled slightly and said: "As the name suggests, what I said about attacking from the inside does not have any special meaning. It means just what it means on the surface. We will transfer all the troops directly to the internal area of the Dragon Palace to attack. As long as we can figure out The way is to pass through the nine-color spirit dragon array guarding the outside without anyone noticing."

"Even the ancient saints cannot break through the nine-color spirit dragon formation. How can we break through it? It is simply impossible."

Although everyone around him believed Ye Feng at this time, what Ye Feng said now was really unbelievable and felt very stupid.

However, Xiao He's eyes moved at this time and said: "Ye Feng, since you have said such words, you must have your own plan in your heart. We people are stupid and not as smart as you. Please tell us your plan." What's the plan?"

Ye Feng smiled and said: "Actually, the method is very simple, but I think only I can do it. If I didn't come today, there would definitely be no way."

At this time, Ye Feng sacrificed the ancient Emperor's inheritance, the Emperor's Tower, from his body.

Ye Feng said: "In this world, I am afraid that only super powerful imperial soldiers like the Great Emperor Tower can have enough space inside to accommodate tens of thousands of people."

An army of monks. "

Xiao He's eyes were filled with joy and he said: "Ye Feng, what you mean is to use the Great Emperor Tower to put us all in, hide us, and then find a way to let the people from the Dragon Palace take the Great Emperor Tower back. We will directly follow the Great Emperor Tower and enter." The inner area of the Dragon Palace."

"That's right."

Ye Feng nodded and said, "Isn't it very simple?"

"yes!"

"Master Ye Feng is truly a great talent!"

At this moment, everyone around him couldn't help but look overjoyed.

"Sometimes using your brain is really useful."

At this time, even the Lord of the Underworld couldn't help but praise.

Xiao He suddenly asked: "How can we make the Great Emperor Tower discovered by the people of Dragon Palace and take it back on their own initiative?"

Ye Feng smiled and said: "It's very simple. As long as I secretly use some magic power to make the Great Emperor Tower emit some light and produce some strange phenomena, it will definitely attract people in the Dragon Palace. They will then feel that the Great Emperor Tower may be the one in the sea. Whether we bring the unexpected treasure back to the Dragon Palace as a gift or

keep it ourselves, as long as it passes through the Nine-Colored Spiritual Dragon Formation, our plan will be considered successful."

Saying that, Ye Feng directly grabbed the Great Emperor Tower with his big hand and swept it at the people around him.

Buzz!

In an instant, a strong and huge power of space was emitted.

Tens of thousands of masters from the underworld, including Bai Yuchen and others, were all packed into the inner space of the Great Emperor Tower.

"Let's go in too."

The Lord of the Underworld and Old Man Wan Jian

The two most powerful quasi-sages also stepped into the Great Emperor Tower.

At this time, Ye Feng himself took the Great Emperor Tower and flew to a place not too far from the Dragon Palace.

Ye Feng saw at a glance a small Dragon Palace guard, dozing off, guarding a gate inside the formation of the Dragon Palace main courtyard.

Ye Feng thought for a while, then a smile flashed across his lips, and he entered the Great Emperor Tower.

Then he controlled this pagoda in the Great Emperor Tower and fell into the deep sea water.

Then, Ye Feng used his magic power to make the Great Emperor Tower emit layers of bright divine light.

The divine light passed through the water and soon shone above the water.

"Um?"

The vision of divine light indeed instantly attracted the Dragon Palace guard who was watching the gate. ??

The Dragon Palace guard's eyes lit up. He looked around and found no one, so he secretly ran out of the formation and stared at the water that was emitting a mysterious light.

"Why did this ocean suddenly start to shine with light? Is there a strange treasure under the water?"

This Dragon Palace guard is just a small guard watching the gate, so naturally he is not wary.

"Is my chance coming soon?"

Although this Dragon Palace guard has a low status, he also has a big dream in his heart, that is, to become powerful and become a master in the Dragon Palace.

It's a pity that his blood level is too low and his cultivation talent is extremely mediocre, which has always made this Dragon Palace guard feel very confused and desperate.

But now an ocean area filled with divine light suddenly appeared in front of him. Based on the dragon palace guard's many years of experience and the stories and legends he heard, he was sure that under this ocean, there must be

An extremely precious treasure has been born.

The Dragon Palace guard's first reaction was to report the news to the higher-ups of the Dragon Palace.

"No! If the higher-ups find out about this, that rare treasure will definitely not belong to me. Maybe my destiny will change because of this rare treasure. I need to keep it for myself!"

The little Dragon Palace guard made up his mind to monopolize this opportunity that belongs to him.

He stared at the shining ocean surface, and suddenly he seemed to be possessed. His eyes exuded a deep greed, and he walked towards the ocean.

He is a guard of the Dragon Palace, so the Nine-Colored Spiritual Dragon Formation will not have any impact on him at all.

The Dragon Palace guard walked out directly, and then jumped directly into the ocean with a "pop".

"It is indeed a treasure!"

He was in the water at this time, and he immediately saw a small ancient tower lying under the deep seabed among the gravel and mud.

At this time, the small ancient tower was emitting a strong light, and the light even shone throughout the depths of the ocean, looking extremely shocking.

The Dragon Palace guard's eyes became extremely fiery. He instantly used the power in his body and sank directly to the bottom of the sea.

"Buzz."

He stretched out his hand and picked up the small ancient pagoda.

Seeing the intoxicating light emitting from the ancient tower, the Dragon Palace guard directly put the ancient tower into his storage ring, then jumped out of the ocean.

He walked out of the ocean area, passed through the nine-color spirit dragon formation guarding the Dragon Palace base camp, and returned to the gate of the Dragon Palace. He suppressed his inner excitement and prepared to study the depths of the seabed when he returned to his place of residence at night. The mysterious little tower.

Chapter 722 Lurking in the Night

That night.

Under the endless dark sky, the sea is very calm.

The entire island group where the Dragon Palace headquarters is located, the magnificent buildings, pavilions, palaces, palaces, etc., all dimmed in the dark night.

Everyone in the entire Dragon Palace base camp seemed to have fallen asleep.

The reason why they are so comfortable is because of the nine-color spirit dragon formation that surrounds countless buildings in the entire Dragon Palace.

This formation is an ancient formation that was forged after the dragon scales of an ancestral dragon were sacrificed to become the formation eye.

It is said that the nine-color dragon scale that became the eye of the formation was the reverse scale of an ancestor of the Dragon Palace.

That ancestor of the Dragon Palace was an ancestral dragon from the ancient times. He was more terrifying than the ancient emperor. It was said that he could fight the gods and demons of the ancient times.

Therefore, this nine-color spirit dragon formation is very strong and can resist the attack of the ancient saint, and can even resist the attack of the ancient emperor in a short period of time.

So at this night, the entire Dragon Palace was very quiet, and everyone fell asleep.

Because they all believed in the horror of the Nine-Colored Spiritual Dragon Formation.

It is impossible for any enemy to break through the protective formation of their Dragon Palace.

At this moment, there is a small corner in the Dragon Palace base camp.

In a small wooden house.

A little dragon palace guard who was no more than a supernatural power realm finally returned to his residence.

He couldn't wait to take out the small ancient pagoda he had picked up from the depths of the sea during the day.

At this time, in the small room, under the dim light, the small ancient tower seemed to be made of black copper, exuding a faint spiritual light, which was very magical.

The Dragon Palace guard's eyes were greedy and fiery, and he murmured, "I don't know what level of ancient treasure this is. Books say that such rare treasures from the ancient era require a drop of blood to identify the owner. Let me give it a try." ”

At this time, the Dragon Palace guard murmured, and then actually took out a small dagger, cut his finger, and prepared to shed blood to identify the master.

"boom!"

But at this moment, a sharp sword suddenly thrust out from the small ancient tower.

Poof!

The Dragon Palace guard's heart was instantly pierced.

"ah....."

He howled in agony.

However, what horrified the Dragon Palace guards was that strong men wearing black clothes, each with a powerful and terrifying aura, came out of the small tower one after another.

"These uniforms are... killers from the underworld!"

The Dragon Palace guard's eyes were extremely horrified at this time, and there was a huge wave in his heart.

It turns out that the small tower he picked up was not a coincidence at all, but a huge conspiracy and disaster.

"I....."

The Dragon Palace guard wanted to shout loudly to alert everyone in the Dragon Palace, but he had no chance.

"Pfft!"

A master from the underworld flashed his sword, and his head flew up, then hit the ground hard.

"Buzz!"

At this time, space portals appeared in front of the Great Emperor Tower.

Each underworld killer was wearing night clothes and walked out of it.

Ye Feng, Xiao He, Bai Yuchen, Cangqiong Taoist and others, as well as the quasi-sage-level Underworld Master and Old Man Wanjian, all came out.

At this time, everyone's eyes were extremely excited.

I didn't expect that I would actually enter the interior of the Dragon Palace.

Although the Nine-Colored Spiritual Dragon Formation is as hard as a turtle shell.

But now they have entered the inner area of the Dragon Palace's base camp, which is truly deep into the hinterland.

"This move is wonderful, wonderful!"

At this moment, even the Lord of the Underworld gave Ye Feng a thumbs up.

The eyes of this quasi-sage figure in the underworld were full of admiration.

A peerless evildoer really came out of Poseidon Academy.

Not only are they strong in martial arts, they are also resourceful and extremely intelligent. This is a true genius. Their comprehensive abilities are many times more powerful than those so-called geniuses who are so brave and foolhardy.

At this time, Ye Feng said to everyone around him: "I will release the powerful men from the underworld in the Great Emperor's Tower one by one. Everyone is now scattered to various areas of the Dragon Palace. The moon is dark and the wind is high, so it is a good time for assassination. Tonight, we need to assassinate nearly half of the masters in Dragon Palace at once, so that we can be sure of victory."

"Yes, everything will be subject to Master Ye's arrangements."

At this moment, all the masters and masters of the underworld around him were truly convinced by Ye Feng.

This is definitely a very terrifying genius.

At this time, many powerful masters from the underworld were suddenly very happy. Fortunately, Ye Feng and Xiao He from the underworld were good friends and were on the same side as the underworld. Otherwise, the consequences would be disastrous.

At this moment, all the masters of the underworld were using their assassination techniques, lurking into the long night, looking for their assassination targets in the Dragon Palace's base camp.

Every underworld killer is naturally interested in the art of assassination.

Incomparable mastery.

Moreover, these are all a group of terrifying killers whose weakest are all in the Vientiane Realm.

Ye Feng had already predicted that countless experts would die in Dragon Palace in an instant without anyone noticing in the next time.

For Dragon Palace, this was definitely a huge blow all at once.

At this time, Ye Feng looked at the Lord of the Underworld and Old Man Wan Jian, and said: "The two seniors should also go and assassinate. At least we can kill one or two quasi-sages of the Dragon Palace before the Dragon Palace is alerted. Then we will be safe."

"good."

Old Man Wan Jian and the Lord of the Underworld both nodded.

Suddenly after the meeting, Ye Feng spoke to the Palace Master of the Underworld: "Master Palace Master, there should be an ancient saint sleeping in the Dragon Palace..."

"rest assured."

The Lord of the Underworld Palace smiled coldly and said: "His Dragon Palace has the foundation of an ancient saint, and I also have it in the Underworld. Don't worry, Ye Feng. I will definitely make the entire Dragon Palace die without a burial place this time!"

Buzz! Buzz!

The moment the words fell, the Underworld Master and Old Man Wan Jian both jumped up and disappeared into the night.

At this time, Bai Yuchen and others were also lurking outside, trying their best to kill some of the backbone forces at the Holy Realm level of Dragon Palace before Dragon Palace discovered anything unusual.

At this time, only Ye Feng and Xiao He were left in the entire small house.

Xiao He said with strong excitement on his face: "The tens of thousands of killers in my underworld have all lurked and infiltrated into every part of the Dragon Palace base camp. This battle has been

stabilized. Even if the Dragon Palace cannot be destroyed, it will definitely be able to severely damage the Dragon Palace and let the Dragon Palace suffer." Become a third-rate small force and completely withdraw from the big stage of the Chaotic Sea."

Ye Feng nodded slightly and said: "I also want to go to a certain place in the Dragon Palace to take a look. I have a member of my clan in the Moon God Palace. I need to confirm whether that person is supporting the Dragon Palace in the Moon God Palace this time. In the team, if she is there, I will find her in advance and not let the strong men from the underworld accidentally kill her. "

Xiao He's eyes moved and he said: "Oh, yes, I remembered it. When you were chatting with me before, you said that it was the eldest lady of your former family, the Ye clan, named Ye Shenyue, right?"

"That's right."

Ye Feng glanced at Xiao He in surprise and said, "I didn't expect that you have a good memory. When I was in Northern Xinjiang, I only mentioned it to you occasionally."

Xiao He said with a smile: "I just have a good memory. Don't worry. I have sent spies from the underworld to investigate before. This time I came to the Moon God Palace of the Dragon Palace. Including the saints and saints, they are all martial arts." Your eldest lady, Ye Shenyue, who is at the level of the Holy Realm, is not in this team."

Ye Feng nodded slightly and said: "Anyway, I'm going to investigate. You summoned all the people in the underworld."

After the killer was lurking, he took action in the middle of the night, all at once, catching the Dragon Palace by surprise. "

"good."

Xiao He nodded, stepped out of the room, and disappeared into the darkness.

Ye Feng now identified a direction and stepped away.

Buzz!

His soul power spread out, and he soon noticed the aura that was not from the Dragon Palace clan.

Those must be the strong men from the Moon God Palace, the dominant force in Zhongzhou, invited by the Dragon Palace this time.

It was located on an island in the southwest corner of Dragon Palace Base Camp.

The island is not big, but it is enough to accommodate hundreds of people.

Very luxurious manors and houses were built throughout the island.

Ye Feng sensed it at this time and found that there were terrifying auras of the Holy Realm powerhouses. There were more than twenty Holy Realm powerhouses, and the rest were all Cave Heaven level masters.

"It seems that all the people living on this island are members of the Moon God Palace. I just want to go and have a look."

Ye Feng thought in his mind and lurked directly into the residence on the island.

Uh-huh!

Ye Feng landed from high altitude, looked at the surrounding buildings, and couldn't help but murmured, "I don't know how long it will take to find them one by one. This time, there are hundreds of people in the Moon God Palace team, which is the most important thing for the entire team." It is clear that they should be the leaders, that is, the Saint Son and Saint Lady of the Moon God Palace. If you can hypnotize one, just ask him if the eldest lady is in the team. "

The saints and saints of the Moon God Palace are probably at least the top geniuses in the third holy realm, or even the fourth holy realm, or the fifth holy realm.

Ye Feng thought for a while and said in his mind: "Shang, after I find the Holy Son or Holy Girl later, you can use the soul superposition technique to directly add your soul power to my soul. , I estimate that my soul power can surge to more than 200 levels in an instant. That is the soul power

that only ancient saints can have. It should be able to temporarily hypnotize people at the level of saints and saints. I just want to ask you something. No need. Permanent hypnosis, just a short hypnosis to ensure that the eldest lady will not be accidentally killed. "

Shang said in his mind at this time: "Ye Feng, don't worry, my soul power has recovered a lot during this period, and when it is added to your soul, it is enough to temporarily hypnotize a fourth-level holy being in an instant. No need to worry."

Ye Feng nodded and prepared to find the Saint Son or Saint Lady of Moon God Palace.

But suddenly at this moment, not far from where he landed, on the corridor of a pavilion, two beautiful maids walked over from a distance, walked to the door of a room, and spoke respectfully: : "My Lady Saint, it's time for you to take a shower and change clothes."

Chapter 723 Mu Qianshang

"Lord Saint?"

Ye Feng was about to leave, but unexpectedly heard the voices of the two maids.

He couldn't help but froze for a moment, he landed just outside the room where the Saint of the Moon Palace lived?

Thinking of this, Ye Feng lurked directly towards that room.

After the two maids entered the room, Ye Feng came to the door of the room and his soul power spread out.

Suddenly, through the Divine Eye of Creation, he was able to briefly see through the barriers of doors and windows and see the scene in the room, just like the legendary "clairvoyance eye".

In the room, separated by a thin layer of red gauze, a stunningly beautiful young woman with an alluring face was preparing to take a bath and change clothes under the service of two maids in the room.

"Uh-huh!"

Ye Feng did not hesitate. He was very simple and direct. He kicked open the door in an instant, and then released all his huge soul power that had been blessed by Shang.

"boom!"

The whole room suddenly fell into a soul field.

Bang!

Bang!

The two maids with low cultivation levels simply couldn't bear the impact of the terrifying soul power, and they instantly fainted with bleeding from their orifices.

"who?!"

But at this time, the stunningly beautiful Saint of the Moon God Palace suddenly lost her beauty.

She was a powerful genius in the third holy realm, but at this moment she felt a terrifying power from her soul that she could not resist.

It was like the big hand of fate that suddenly grabbed her throat, making her unable to speak.

"Hypnosis!"

Ye Feng shouted loudly, and the voice shook like thunder. He used the Great Thunder Emperor Seal, which impacted the soul and spirit of the Saint of the Moon God Palace, causing her to be hypnotized for an instant.

However, this Saint of the Moon Palace is a strong human being at the peak of the third holy realm. Ye Feng knows that it is impossible to hypnotize her permanently, which is much more difficult than hypnotizing a holy beast with low intelligence.

But after a few minutes of hypnosis, there was still no problem.

"Uh-huh!"

At this time, the Saint of the Moon God Palace was only wearing a thin red gauze, and her graceful figure was vaguely visible.

She was

Instantly hypnotized, he knelt on one knee in front of Ye Feng, his beautiful and charming face full of numbness.

Ye Feng asked: "What is your name and what is your identity?"

She said aloud: "My name is Mu Qianshang, and I am the saint of the Moon God Palace."

Ye Feng continued to ask: "Do you know a person named Ye Shenyue? Has she come to the Dragon Palace this time?"

Mu Qian Shang's beautiful eyes were dull and she said: "I know Ye Shenyue is my junior sister. This time she did not follow us. She is training with her master in the Eastern Wasteland. Ye Shenyue is her master. The direct disciple brought back from a small place in the Southern Territory years ago has an innate Taoist body, a body of ice muscles and jade bones, and has a strong talent for cultivation. "

Ye Feng's eyes moved. It seemed that the eldest lady was practicing well in the Moon God Palace, so he felt relieved.

"I just don't know if the second lady disappeared in the Hundred Dynasties War, whether she is dead or alive..."

Ye Feng thought in his mind.

Then he looked at the Saint of the Moon God Palace in front of him and thought to himself, so to speak, this Mu Qianshang is the eldest lady's senior sister.

Ye Feng was about to continue speaking, and wanted to ask how many powerful people came to the Moon God Palace this time.

"Buzz!"

But suddenly at this moment, a crimson flying sword suddenly emerged from the cinnabar between Mu Qianshang's eyebrows and stabbed Ye Feng instantly.

"when!"

Ye Feng instantly stretched out two fingers, which turned into the color of stars, and clamped the red flying sword at once.

At this time, Mu Qianshang's consciousness suddenly recovered and she broke out of the hypnotic state.

She obviously forgot what happened just now, but saw two maids nearby who were bleeding and fainting. Then she instantly stared at Ye Feng in front of her, and said in shock: "Who are you?"

Ye Feng held the red flying sword that was vibrating violently at this time, smiled slightly and said: "For the sake of your senior sister, who is a friend of mine, it doesn't matter who I am, I just want to remind you that later Go quickly and leave the Dragon Palace, a place of right and wrong. You are not allowed to interfere in the Southern Territory.

of. "

After the words fell, Ye Feng threw the red flying sword directly into the distance, jumped up, and disappeared under the dark night sky in the distance in the blink of an eye.

"boom!"

At this moment, a tall young man in a blue robe rushed in from outside the door and said in shock: "Saint, are you okay?"

This person's name is Gu Changsheng, he is the Holy Son of the Moon God Palace, and he has a powerful cultivation level in the fourth holy realm. ??

At this time, Mu Qianshang had already put on her clothes. She said coldly: "A little thief wanted to spy on me, but he has escaped now."

Obviously, the Saint of the Moon God Palace did not believe what Ye Feng said just now.

"Boom!"

"Boom!"

And suddenly at this moment, there was a violent roar in the entire Dragon Palace base camp.

"what happened?"

Gu Changsheng and Mu Qianshang, the holy sons and saints of the two-month palace, immediately rushed out of the house.

"That is....."

Their eyes became a little shocked, even horrified, and they immediately saw that in the Dragon Palace base camp in the distance, countless ancient buildings were on fire.

Countless screams sounded in this sea area in the dark night.

The Dragon Palace base camp, which was originally peaceful and peaceful, suddenly became chaotic.

"Boom!"

Suddenly, the towering Dragon King's Hall, located in the center of the Dragon Palace in the distance, was split in half by a terrifying sword light and instantly turned into ruins.

"The Dragon King's Palace has been smashed to pieces!"

Gu Changsheng and Mu Qianshang, the holy sons and saints of the shrine these past two months, both had their faces twitching fiercely.

So cruel!

Gu Changsheng was a little scared and couldn't help but said: "Holy girl, why don't we run away? The Dragon Palace is probably invaded by outsiders, and these outsiders are too cruel. I'm afraid we will be killed indiscriminately if we don't leave. "

Mu Qianshang, the saint of the Moon God Palace, suddenly remembered the words of the young man in black who had just left.

The Southern Territory is not a place where you can interfere.

If you interfere, you will be buried with him.

Thinking of this, Mu Qianshang's body trembled slightly.

She said loudly: "Let's leave! Anyway, we are here just to give Dragon Palace a face. Who knew that Dragon Palace was so unbearable that it was attacked by foreign thieves in the middle of the night. I guess many experts in Dragon Palace are still confused. Dragon Palace is doomed."

Mu Qianshang's beautiful eyes stared at the blazing and chaotic scenes of countless island groups in the distance. She sighed and said: "There are talented people in the Southern Territory. We cannot reverse the overall situation. Let's go."

"good!"

Gu Changsheng, as if he had been pardoned, immediately trotted out and summoned the powerful men from the Moon God Palace to escape from this chaotic place.

At this time, Mu Qianshang, the saint of the Moon God Palace, recalled Ye Feng's figure and face in her mind. She suddenly felt a little curious. The young man reminded herself that he was helping her secretly. A handful.

"Why did he help me?"

Mu Qianshang felt a little confused and curious.

...

At this time, the most central area of the Dragon Palace.

When the central Dragon King Palace, which represents the face of the Dragon Palace, was split into two halves.

"boom!"

A monstrous force erupted from the ruins of the Dragon King Palace.

A burly old man wearing a golden robe shot out from the ruins and stepped into the sky.

He stared at the tragic scene of the shattered and burning Dragon Palace around him, and his eyes suddenly became extremely frightened and furious. He was furious and yelled: "Who is it? Who is attacking our Dragon Palace! All the sons of the Dragon Palace will obey my order and take action to kill the enemy. !"

"It's too late."

The figures of Ye Feng and Xiao He came from a distance, staring at the figure in golden robe.

Xiao He smiled indifferently at this time, stared at the old man in gold robes, and said with a chill: "Dragon King, stop yelling, your sons and sons have already died in their sleep. During this time, your Dragon Palace destroyed our underworld. There are so many strongholds and 30,000 killers in my underworld are carrying out revenge assassinations in every corner of the Dragon Palace. Today, you, the Dragon King, will die too! After this night, the Dragon Palace is destined to cease to exist!"

## Chapter 724 Suppressing the Dragon King

The Dragon King, the master of the Dragon Palace in a golden robe, stared at the two young men Ye Feng and Xiao He standing in front of him with deep anger in his eyes.

He never thought that the chaos that the Dragon Palace was in at this time would actually be shattered under the leadership of these two young people.

The Dragon King was exuding an extremely terrifying martial arts aura at this time.

His cultivation level is impressively at the peak of the fifth holy realm, and he is almost a half-step quasi-sage.

"kill!"

"kill!"

At this time, in the entire Dragon Palace base camp, many Dragon Palace disciples were finally awakened and killed.

"kill!"

The masters and masters of the underworld also released powerful fighting spirit at this time, and the weapons in their hands shone with divine light, fighting desperately in the dark night. ??

"Boom!"

"Boom!"

In the distance, three powerful beings were fighting. Their auras were earth-shattering. The islands in the sea were shattered. The scene was extremely scary.

The voice of the Lord of the Underworld came from a distance at this time: "Ye Feng, Xiao He, you hold the Dragon King. Brother Wan Jian and I will kill this quasi-sage ancestor of the Dragon Palace, and then we will help you kill the Dragon King. Yue Everyone in the shrine ran away, and so did their quasi-sage!"

"What?"

The Lord of the Underworld's words at this time were not covered up in any way.

So everyone on the field heard his words at this time.

"The people from Moon God Palace ran away?"

"How is that possible! They are a powerful force in Zhongzhou, how can they be afraid of thieves like the underworld?"

At this moment, countless Dragon Palace disciples widened their eyes and felt despair.

Originally, the reason why they were so arrogant was because the Dragon Palace itself was extremely terrifying.

There is another reason, naturally it is because of the arrival of the powerful men from Moon God Palace.

But now the powerful men of the Moon God Palace actually ran away collectively.

This news made everyone in the Dragon Palace feel a sense of deep nervousness and panic.

"hateful!"

At this time, the Dragon King looked towards the island where the Moon God Palace lived. Sure enough, he found that the building was empty. The Lord of the Dragon Palace suddenly became furious.

The Dragon King's eyes were like daggers, bone-piercingly cold, and he stared hard at Ye Feng and Xiao He who were high up in the sky opposite, and said coldly: "As long as I kill you two young men, the underworld will be destroyed!" "

Although the Dragon King didn't know who Ye Feng and Xiao He were at this time, he knew that these two young men might be the most terrifying and troublesome existence in the entire field, except for the elders and strong men.

"Come out, nineteen holy beasts!"

Suddenly Ye Feng waved his hand and released all nineteen holy beasts including the golden leopard.

He said to the nineteen monster beasts: "Surround everyone here and don't let anyone get close. We will kill this Dragon King today. Even the Dragon God can't save him. I said so!"

"Yes, Master!"

Nineteen holy realm monsters spoke out one after another. They did not take action against the Dragon King and directly blocked the surrounding area. Anyone who dared to come close to help the Dragon King would be stopped and killed by all of them.

The Dragon King suddenly fell into isolation.

But there was no fear in the Dragon King's eyes. Instead, he said with a deep sarcasm, "Young people today are really arrogant. You

There are two of you, one in the third holy realm and the other in the fourth holy realm. Do you know how big the gap is between you and this king, a half-step quasi-sage? I can crush you to death with one hand! "

boom!

Almost as soon as the Dragon King finished speaking, the Lord of the Dragon Palace immediately took action.

"Boom!"

The Dragon King is worthy of being a half-step quasi-sage. As soon as he takes action, a huge amount of violent power surges out from his entire body.

The ocean below was swept up by huge waves, which were rolled up several thousand meters high. The scene was very terrifying.

"Stab the Sky Halberd!"

The Dragon King roared, and a heavy golden halberd appeared in his hand, and he stabbed it fiercely. The golden halberd shredded the sky, and almost the entire ocean was pulled by the power of the halberd. It started to boil all of a sudden.

"Let's take action together!"

"good!"

Ye Feng and Xiao He roared loudly, releasing their terrifying inheritance.

Xiao He didn't hold anything back at all, and directly ran the Six Paths Divine Art crazily, releasing the ultimate secret of the Wheel of Life and Death. Suddenly, a huge black wheel of life and death appeared in front of him, covering the entire sky, spinning rapidly, every time it's spinning like the sky, the earth, the sun and the moon are dimming.

Ye Feng also inspired the ultimate secret of the star battle body. His whole body suddenly expanded hundreds of times, and directly expanded into a human giant more than a thousand meters high in the sky.

This human giant is very towering. Every inch of its body and skin looks like it is made of the stars in the sky. It has the terrifying hardness and toughness of an alien planet.

At this moment, Ye Feng transformed into a star giant, and his huge slap suddenly hit the Dragon King's golden halberd.

"when!"

Suddenly, a thunderous roar resounded throughout the vast sea area, like two metal mountains bombarding together, with overwhelming force.

"What? My king's golden dragon halberd was forged from the dragon horn on the head of an ancient saint-level ancestor. Its hardness, power and lethality are absolutely comparable to that of a ninth-grade holy soldier! Even a quasi-sage wouldn't dare to use it hard. How could you, a young man, resist my king's golden dragon halberd with just your hands? How could you become a thousand-meter-tall human giant? "

The Dragon King was shocked and shocked at this time. He never expected that his powerful attack would be blocked by Ye Feng head-on, and he still fought with his bare hands.

"The flying dragon is in the sky!"

Suddenly, the Dragon King once again performed his killing move, and a total of ten thousand golden dragon lights burst out from his body, like ten thousand divine swords bursting out in an instant, tearing crazily towards the surrounding void.

"The wheel of life and death!"

At this time, Xiao He arrived, and the huge black wheel of life and death suddenly enveloped the Dragon King.

The Dragon King seemed to fall into a dark abyss all of a sudden, as if his body suddenly floated in a black hole, and everything around him was shrouded in darkness.

His thousands of golden dragon lights pierced directly into the dark void without any reaction at all, as if they fell into the sea and could not make any waves.

"The wheel of birth and death! It's actually the underworld

The highest secret in the world! who are you? "

The Dragon King was horrified, watching the dark wheel of life and death around him spinning rapidly, almost swallowing him.

At this moment, the aloofness in the Dragon King's heart finally disappeared.

He knew that the two young men he met could not be treated according to common sense, because their methods and strength were too terrifying.

"The flood of time!"

At this time, Ye Feng did not give the Dragon King any time to breathe, and directly launched a set of terrifying and powerful killing techniques.

This set of inheritance is the strongest inheritance of Emperor Styx. It does not belong to techniques or martial arts. It belongs to an attack momentum that can integrate and enhance any attack method.

At this moment, Ye Feng used the torrent of the times and integrated it into his own fist. The star's big hand clenched into a fist, like an extraterrestrial planet that crashed onto the earth. It hit the Dragon King all at once, solidly The bombardment hit.

"Wow!"

The Dragon King immediately spat out a mouthful of blood, and one of the two purple-gold dragon horns on his head was shattered, and blood dripped.

"What a terrifying power!"

Even though the Dragon King is a half-step quasi-sage level unparalleled powerhouse, at this time he endured Ye Feng's punch, and felt that it was not a person's fist, but a planet smashed down, the power was too vast.

"Huh? You didn't get punched to death by me?"

Ye Feng stared at the Dragon King in surprise and said: "I thought that my punch forged the torrent of the times, and the Dragon King would be directly smashed by me. Unexpectedly, I only broke a dragon horn. I am worthy of being the Lord of the Dragon Palace. I am worthy of being the Lord of the Dragon Palace." A half-step quasi-sage, his body is indeed very strong."

"You are so presumptuous! You, a junior, dare to insult me like this! How presumptuous!"

The Dragon King was furious and shouted: "True Dragon Holy Body! Transform into the true body!"

boom!

The Dragon King's whole body expanded rapidly, and he immediately turned into a majestic and tall golden dragon high in the sky. The dragon's whiskers were tens of meters long, the dragon's horns were as huge as the pillars of heaven, and the dragon's body was majestic. Like mountains, it gives people a very shocking feeling.

"It turned out to be the realm of the True Dragon Holy Body. No wonder the body is so hard. My star battle body and the mysteries of the torrent of the times cannot be smashed."

Ye Feng's eyes showed a deep fighting spirit and said: "Then you will punch me again!"

"Taikoo Dragon Elephant Fist!"

At this moment, Ye Feng punched out, and his huge fist turned into a huge ancient dragon elephant that was several thousand feet tall. It roared, the beast was furious, and its thick hooves were like gods in the sky. Pillars can trample and break everything.

Boom!

Boom! !

The ancient dragon elephant, roaring ferociously, the golden dragon, looking up to the sky and chanting, two behemoths that only appeared in the ancient times, the creatures standing on the top of the pyramid, suddenly collided together, the void collapsed, the mountains and rivers were broken, There was no light from the sun or the moon, and all the eight wastelands were destroyed by the impact.

Countless islands all around collapsed in an instant. All the ocean water in this sea area was evaporated instantly, and a huge ocean hole appeared.

The scene was very scary, and everyone's eyes were drawn to the battlefield between Ye Feng and Dragon King.

Even Xiao He was stunned. He didn't expect Ye Feng to be able to burst out with such terrifying power.

He couldn't help but twitch the corner of his mouth and murmured: "Ye Feng, I really don't know how you cultivated your body. It's comparable to the wild beasts of the ancient times. It's so terrifying."

The Dragon King was indeed terrifying, but Ye Feng unleashed a stronger and more terrifying attack, turning the tide and suppressing the Dragon King forcefully.

"ah!"

At this moment, a miserable howl suddenly came out from the chaotic fighting spirit of the battlefield.

It's the Dragon King's miserable howl!

At this time, the divine light dissipated, and everyone was immediately shocked to see Ye Feng's majestic star giant, which was a thousand meters tall. He grabbed seven inches of the golden dragon with his big hands and was frantically smashing the golden dragon to the ground. It is full of a wild sense of power!

"What?"

"Our Dragon King was suppressed by a kid from the human race?"

"What human boy? You see clearly, that is Ye Feng, the emperor-level genius of the Southern Region! This time the underworld actually got his help, no wonder our Dragon Palace lost so miserably!"

The eyes of countless Dragon Palace disciples were filled with deep despair.

They knew that in this battle, Dragon Palace was caught off guard, and then encountered a head-on fight from so many strong men. It was truly in ruins.

Even if it can survive, it will completely fall from the stage of the hegemonic power, and may be reduced to a third-rate small power from now on.

"Great Emperor Tower!"

Ye Feng shouted loudly, activating a trace of the energy of the Great Emperor Tower.

boom!

A wisp of emperor's energy burst out from the emperor's tower, and instantly shattered half of the head of the golden dragon, the Dragon King, with a "puff".

"ah!!"

The Dragon King's pitiful howl resounded throughout the dark sky in an instant.

"Boom!!"

And at this time, in the mountains in the distance, a giant purple-gold dragon with a body of tens of thousands of feet also let out a miserable howl.

It was the Lord of the Underworld and Old Man Wan Jian who seriously injured the quasi-holy dragon in the Dragon Palace.

"The Dragon Palace is over!"

Everyone knows that Dragon Palace, the dominant race in the sea, is completely finished this time.

"Buzz!"

But at this moment, a vast and earth-shaking energy aura suddenly emitted from a hidden place deep in the Dragon Palace.

A life force as strong as an ancient giant beast instantly covered the entire Dragon Palace base camp. Everyone felt it, and they felt that an eternal mountain was suddenly pressed on their bodies, so heavy that they could not move at all.

A burst of energy can suppress all the tens of thousands of powerful monks on the field.

This simply gave everyone chills in their hearts.

"The ancient saint!"

"It is definitely the Qi machine of the ancient saint!"

Countless Dragon Palace disciples, or killers from the underworld, all had this idea in their minds at this moment.

"I have been sleeping for too long, so long that a group of young boys dared to bully Dragon Palace to this extent?"

A voice full of endless vastness and ancient sounds sounded under the dark sky. The tone sounded calm, but it was full of an extremely cold and murderous intention.

Chapter 725: Underneath the saints are all ants

The sudden appearance of an ancient and vast voice shocked everyone present.

No one thought that a legendary ancient saint really slept deep in the Dragon Palace.

In today's era where it is impossible to break through to the ancient saints, everyone's feelings towards the ancient saints are a kind of awe, worship, and fear that originate from the heart.

Nowadays, the major overlord forces are able to become overlord forces. No one dares to challenge the majesty of the overlord forces. The main reason is that the overlord forces have ancient saints who survived the ancient times.

At this time, everyone felt the vast coercion. In an instant, a ray of energy shook the entire vast sea. Only the existence of an ancient saint who surpassed the quasi-sage could have power.

At this time, the half-dead Dragon King suddenly shouted in surprise: "Ancestor, save me! Ancestor, please save me!"

"Ancestor?"

After receiving the Dragon King's confirmation at this time, all the people in the Dragon Palace were demoralized and despaired.

But at this time, all the Dragon Palace disciples became excited again, filled with fighting spirit and full of hope.

Because, behind them, an ancient saint appeared.

Just a ray of energy inspired nearly tens of thousands of powerful monks in the entire field. This is the profound majesty of the ancient saint.

Buzz!

Suddenly, a huge crystal cube, in the shape of a rectangular parallelepiped, flew out from the depths of the ruins of the Dragon Palace and floated high in the sky.

At this time, everyone saw that in the center of the crystal cube, there was a standing old man in gold robes, with long eyebrows that reached his feet.

His body was extremely thin. He stood in the crystal cube and seemed to have been sealed for a long time. Although his eyes were closed, there was a vast and sea-like aura, terrifying and earth-shaking. What was sealed in this crystal cube It emanated from the old man.

"He is truly an ancient saint!"

At this time, many people on the field exclaimed.

Some old seniors in the underworld couldn't help but say: "That is the legendary holy crystal that is more advanced than the holy stone! It can be used as a sealing stone to seal the vitality of a powerful creature and prevent it from flowing away. This is how the ancient saint of Dragon Palace changed from the previous one. The era survives!"

Wow!

The moment this old man from the underworld finished speaking, the entire venue suddenly

It fell into a boil.

It turned out to be just a rumor that an ancient saint was sleeping in the Dragon Palace.

After all, no one has ever seen what a real ancient saint looks like.

But today, everyone has seen the true appearance of the ancient saint.

In the huge holy crystal, a skinny old man was sealed inside, with his eyes closed, looking lifeless and decayed.

But waves of majestic energy, blood and energy, as majestic as ancient behemoths, were constantly spreading out from the skinny old man inside the holy crystal, shocking everyone on the field.

"He is truly an ancient saint!"

At this moment, Ye Feng and Xiao He looked at each other, and both saw the alarm in each other's eyes.

At this time, in the huge holy crystal, although the dragon saint had his eyes closed, he could still make an old and majestic voice: "You two human boys are so bold, and you hell, you really dare to

risk the world like this." It is really an unforgivable crime for Dabu Wei to attack our Dragon Palace headquarters and destroy the foundation of our Dragon Palace!"

"Riding the great injustice of the world?"

Xiao He's eyes were lawless. Even if the other person was an ancient saint, he still smiled evilly and yelled: "You old man, times have changed. The world is like my generation. There is nothing in the world that is not us young people." Don't dare to do it!"

Ye Feng's eyes were extremely indifferent at this moment, and he was not frightened by facing an ancient saint.

He just stared at the skinny old man in the holy crystal and said: "Dragon Saint, we don't want to be enemies with you, but your Dragon Palace bullies people too much and massacres the underworld strongholds in the southern region. I saw my friend die with my own eyes. He was killed by the Dragon Palace soldiers, so this battle is inevitable. "

"Ha ha ha ha!"

Suddenly the dragon saint laughed loudly.

The skinny old man was sealed in the holy crystal, with his eyes and mouth closed, but laughter came from it. This scene was really weird.

The voice of the dragon saint rang out: "You two juniors are too young. You have never experienced the age of saints, and you don't understand.

What kind of terrifying existence is this saint you are talking to? "

Buzz!

Suddenly at this moment, the dragon saint in the holy crystal actually stretched out a hand in the holy crystal and stretched out the crystal.

boom!

Just one hand was exposed, and the vitality of the entire world suddenly began to boil violently. Because of this exposed palm, the entire world began to boil like boiling water.

"The ancient saint is indeed terrifying!"

At this moment, everyone saw this scene with deep shock in their eyes.

The saint just stretched out a hand from the holy crystal, and the whole world suddenly boiled like water, which was really scary.

"boom!"

And almost at the moment when the dragon saint stretched out his hand, the whole world was suddenly enveloped by a majestic aura like the sea.

Everyone, including Old Man Wanjian and the Lord of the Underworld, two quasi-saints and the most powerful, were suddenly froze, feeling an irresistible and huge force that enveloped their bodies.

The power of the ancient saints is like the general power of heaven and earth, powerful and boundless, vast and deep, like the deep sea, like the giant mountains in the sky. People are unable to resist, and they can only look up at the mountains, feeling small and boundless.

That kind of momentum was too fierce, too fierce. With a slight grasp of that hand, the world turned into an ancient evil beast, opening its bloody mouth and swallowing towards Ye Feng and Xiao He.

At this time, Ye Feng and Xiao He suddenly felt that their five senses had disappeared. Their eyes seemed to be blind, his ears seemed to be deaf, and their perception also dissipated, becoming two completely different people. "Crippled Man".

"The ancient saint was so terrifying. His methods were so powerful that he blocked the five senses of living beings in an instant. All his moves and martial arts were pale and powerless, like a dimension-reducing blow. A summer insect cannot speak of ice."

"Below the saints are all ants, this sentence is not wrong at all!"

At this moment, Ye Feng and Xiao He were both fish on the chopping board, ready to be slaughtered.

"My ancestor is invincible in the world!"

The Dragon King laughed loudly and said in a ferocious tone: "You are all dead! You all have to die!!"

"Crack!"

But suddenly at this moment, a long sword as black as ink suddenly appeared in the endless dark void, and it suddenly split open the chaos of the world, allowing Xiao He and Ye Feng to regain all their senses in an instant.

"What?"

At this moment, all the Dragon Palace experts on the field, including the excited Dragon King, were suddenly shocked.

At this moment, everyone's eyes showed deep shock.

At this time, in front of Ye Feng and Xiao He, a long sword as black as ink appeared in the void, and a man in black with a long sword in his hand also walked out of the void.

This is a young man in black with sword-shaped eyebrows and starry eyes. His eyes are like two abyss, unfathomable and boundless. He controls the mountains and rivers of the world. His murderous intention is as cold as the sun and the moon.

"Ancestor!"

"You're finally here!"

At this moment, countless powerful people in the underworld, whether junior or senior, all looked overjoyed.

Xiao He even clasped his fists and said respectfully: "Welcome Grandpa!"

At this moment, Ye Feng's eyes moved and he suddenly stared at the young man in black with sword-shaped eyebrows and starry eyes holding a long sword in front of him.

Naturally, he had heard from Xiao He that this person was the only ancient saint alive in the underworld. He was a killing saint in the era of saints, and he was very terrifying.

Although he looks like a young man, he has actually lived for tens of thousands of years. Like the Saint of Dragon Palace, he has been sealing his life in the Holy Crystal. He was only awakened in the past few days to participate in the earth-shattering event of killing Dragon Palace. In big things.

Ye Feng also quickly clasped his fists and said: "Greetings to Senior Killer Saint."

This time Ye Feng and Xiao He dared to attack the Dragon Palace directly, and even dared to challenge the Dragon Palace Saint face to face, mainly because they knew that the Killer Saint of the Underworld was hiding in the void, waiting for the Dragon Palace Saint to appear and take action.

At this moment, when the Killing Saint comes out, the whole world becomes silent!

The entire sea area was instantly shrouded in an extremely cold and eternal murderous intent.

The black-clothed young man from the underworld suddenly stared at the Dragon Palace Saint with his eyes closed in the holy crystal not far away. He made an old voice that did not belong to his young appearance and said coldly: "Ji Taixu, you see?" Come to me, why don't you wake up?"

Chapter 726 The Alliance of Great Emperors

Ji Taixu?

The voice of the black-robed killer fell, and Ye Feng's eyes suddenly moved.

It seems that the killer saint of the underworld is the old ancient saint who knew Dragon Palace.

"Zhang Beiling, I didn't expect that you are not dead yet and have lived to this era..."

The voice of the Dragon Palace Saint also sounded.

At this moment.

"Click, click..."

The huge holy crystal actually began to shatter inch by inch.

An overwhelming force, like a volcanic eruption, surged out from the seal of the holy crystal.

At this moment, the Dragon Palace Saint finally opened his eyes and stepped out of the Saint Crystal.

In the astonished gazes of everyone, the sage from the Dragon Palace's originally rotten and hunched body suddenly became extremely plump.

He actually began to rejuvenate, and finally became a tall and towering young man, with a body as tall as jade, a face as sharp as a knife, and divine light pouring out from his eyes when he opened and closed them, which could illuminate the rivers and mountains of the world and cover hundreds of millions of earth nations.

This Dragon Palace Saint truly stepped out of the Holy Crystal, making everyone on the scene feel a majestic and majestic feeling like the heaven, earth, sun and moon.

If the Killing Saint of the Underworld gives people the impression that he comes from the Nine Nether Abyss, his sharp edge is profound and unpredictable.

The saint in the Dragon Palace comes from the sky, the sun and the moon, and is clothed in divine light. Like the Great Sun Tathagata, it shines all over the world.

"This battle is inevitable."

The Underworld Killer Saint repeated what Ye Feng said before.

"Uh-huh!"

He instantly held the killing sword in his hand and charged towards the Dragon Palace Saint, causing a series of sonic booms that tore apart the space.

"Heaven sends murderous intent, and the mountains and rivers are shattered!"

"The murderous intention of a man is as fast as the stars are changing!"

"This sword of mine is a sword that I have learned from observing the movements of the sun, moon and stars for thousands of years!"

"Ji Taixu, see if you can catch it!"

The black-clothed young man from the underworld, the Killer Saint, spoke out, and stabbed fiercely from high in the sky with the long sword in his hand.

"boom!"

The sky, the earth, the sun and the moon immediately began to rotate abnormally, and countless meteors fell from the sky, as if the end of the world had come, with energy rushing into the stars and rivers, and divine power unparalleled.

This sword is truly stunning for all eternity. It is worthy of being an ancient killing saint in the underworld. Even if it is not an assassination, it is full of infinite terrifying power.

"The Holy Power of the Dragon Emperor!"

Suddenly the Saint of the Dragon Palace spoke up and unleashed a very terrifying inherited killing technique of the Dragon Clan.

A huge golden dragon soul suddenly appeared in his tall and muscular body.

Almost in the next moment, the golden dragon soul transformed into a majestic figure with a dragon head and body tens of thousands of feet tall. Standing around the saint of the Dragon Palace, he was like a legendary dragon emperor, with powerful and powerful powers. The terrifying momentum of the universe.

"Boom!!"

At this time, the terrifying sword energy and eternal murderous energy of the Underworld Killing Saint touched the body of the Dragon Palace Saint, and was immediately bounced back by a terrifying golden Dragon Emperor's energy, exploding directly in the void, and the entire ocean was covered by The battle between the two ancient saints caused thousands of waves.

At this moment, countless people retreated, fearing that they would be affected by the battle between the two saints.

Even the most powerful person at the quasi-saint level is retreating quickly at this moment. If he is affected, he will definitely die instantly.

Two ancient saints woke up from ten thousand years of slumber and started a shocking fight!

At this moment, the ancient saints who were sleeping in many ancient spaces throughout the Southern Territory were awakened.

Apparently, they all felt the fluctuation of the Holy Fighter power that only belonged to the ancient saints.

This has not happened in the entire Southern Region, or even in the entire Longyuan Continent, for a long, long time.

"kill!"

The black-clothed young man from the underworld, the Killer Saint, was covered in demonic light at this moment. He waved the battle sword in his hand and struck out one sword after another.

The sun and the moon were dim, and one meteor after another, and the grand vision of the sun and the moon falling, appeared in the light of his sword, and they all crashed down, as if they could sink the entire sea area.

"The Ancient Dragon Emperor!"

"Ten thousand dragons ascend to heaven!"

Boom! !

The Saint of the Dragon Palace let out a terrifying roar. He raised his hands to the sky. The mountains, islands, and huge waves under his feet all rumbled up from the ground. They were actually fused together with the phantom of the Dragon Emperor on his body. , forming majestic dragons.

There were tens of thousands of giant dragons, and they attacked directly from the depths of the earth. They simply moved mountains and reclaimed seas, and rebuilt mountains and rivers. They collided with the swords of the stars, sun and moon that killed the saints in the underworld, and sent out a series of shocking waves. loud noise.

Boom! !

Boom! !

Mountains and rivers collapsed, the earth was broken, and countless islands were destroyed.

The space was torn apart, and streams of void turbulence, void flames, thunder, and void magnetic fields all spewed out.

This horrifying sight made everyone present take a breath.

At this time, everyone finally saw how terrifying the power of the real ancient saint was.

"Kill!"

Suddenly, the black-clothed young killer saint from the underworld spoke out amid countless turbulent flows of power. His whole body turned into a ray of light in the darkness, as if he was creating the world and rebuilding the world. He suddenly split open the defense of the dragon palace saint with a single sword strike. Cut off one of the arms of the Dragon Palace Saint.

"Ah! My dragon arm!!"

The Saint of Dragon Palace let out a painful roar: "Zhang Beiling, you are willing to consume the saint's origin and perform this kind of killing swordsmanship. Don't you want to live?"

The Underworld Killer Saint appeared in a certain space. Although he still looked like a young man, his black hair had turned a lot white after using the sword just now. It was obviously very damaged. .

However, the young man in black just smiled coldly and said: "Ji Taixu, this battle is related to the future destiny of my underworld. Even if I die, I will fight for eternal glory for the underworld!"

"Kill!"

The Underworld Killer once again used this sword fiercely.

Click!

The void was cut into pieces, and the Dragon Palace Saint looked horrified. At this moment, he felt the infinite cold, attacking from the surrounding void, as if there were millions of sharp blades tearing from thousands of directions, but he But I can't tell which one is true.

"Pfft!"

In a flash of cold light, the other arm of the Dragon Palace Saint was cut off.

"Ancestor!!"

All the powerful men in the Dragon Palace, including the Dragon King, exclaimed and panicked.

They never thought that this black-clad killer in the underworld would actually practice such a terrifying killing technique.

"Kill!"

Another voice suddenly sounded.

"Ahh! I don't want to bear this fear anymore! Ultimate shattering! Die to me all!"

The Dragon Palace Saint let out a ferocious roar, and countless golden scales suddenly shot out from his body in all directions. Each golden scale was like a golden sword, capable of tearing and cutting almost everything.

"Pfft!"

But his final move was in vain. The ultimate killing technique practiced by the black-clothed killer saint in the underworld is one of the most ultimate ancient assassination inheritances in the underworld. The void ultimate killing technique is hidden in the void and cannot be judged at all. Where.

"Qiang!"

A terrifying edge flashed through, and the Dragon Palace Saint's head was cut off at once. A terrifying sword energy instantly destroyed the vitality in the entire body. The Dragon Palace Saint suddenly became stiff, and his body crashed into the ocean. , in an instant, tens of thousands of meters of sea water were dyed blood red.

"Hoo ho ho!"

"Hoo ho ho!"

Almost at this moment, heavy snow suddenly fell from the dark sky, drifting down, and the sky and the earth were filled with chill.

"The saint fell and it snowed heavily!"

"It is rumored that the death of the ancient saint will make God cry, causing strange phenomena in the heaven and earth, and heavy snow falling thousands of miles away. I didn't expect the legend to be true!"

At this moment, countless powerful masters from the underworld exclaimed in amazement.

"Plop!"

"Plop!"

"..."

At this time, each of the Dragon Palace disciples' legs and feet suddenly became weak and fell to the ground, as if all their strength had been drained from their bodies in an instant. ??

Obviously, the fall of the Dragon Palace Saint caused countless disciples of the Dragon Palace who were already desperate to completely lose their faith and resistance.

"No!!!"

At this time, the Dragon King's eyes were also full of tears, and he roared unwillingly.

"Pfft!"

But at this time, Xiao He stepped directly over and cut off the Dragon King's head with one knife.

Dragon King, die!

"Buzz!"

At this moment, the Underworld Killer appeared next to Ye Feng and Xiao He.

"Ancestor!"

"senior!"

Ye Feng and Xiao He's eyes were startled. They saw that the originally handsome young killer in black now had black hair that turned into white hair.

"It doesn't matter."

The black-clothed young man killed the saint and said: "I exhausted the saint's origin before I could kill the dragon palace saint so quickly. I can win this time because the dragon palace saint is too old. Even the saint's origin has faded over the years." The victory has passed, otherwise the outcome is really uncertain, but no matter what, we won."

"Yes, we won!"

At this moment, Ye Feng and Xiao He looked at each other and saw the excitement in each other's eyes.

Because at this moment, all the disciples in the entire Dragon Palace, as well as the elders and strong men of the older generation, all lost their faith at the moment when the Saint of the Dragon Palace fell, fell to the ground, and became prisoners.

Xiao He said to an underworld killer next to him: "Kill them all!"

"etc."

Ye Feng suddenly spoke up and said: "Leave these Dragon Palace prisoners to me, I will be of great use."

"good."

Xiao He nodded.

To him, it doesn't matter whether he kills the remaining tens of thousands of Dragon Palace dragons.

Anyway, now the Dragon Palace has ceased to exist in name only, and the underworld will no longer have any rivals in the entire chaotic ancient sea area!

At this time, Ye Feng suddenly said to someone in the crowd: "Lan Wangyou, it's time to fulfill what I promised you before."

Uh-huh!

A young man in blue suddenly jumped in front of Ye Feng, bowed and clasped his fists.

It was Lan Wangyou who had been hypnotized by Ye Feng and became his loyal subordinate.

This battle was so brutal that Ye Feng had just used his soul power to contact Lan Wangyou.

At this moment, Ye Feng stared at Lan Wangyou in front of him and said: "There are still 10,000 or 20,000 people in the Dragon Palace. Although it is not many, it is still a huge force. I will leave it to you to be the commander. From now on, you will be this I am the Dragon Emperor of the remnants of the Dragon Clan. I will give you one month to make the remnants of the Dragon Palace obey me and join our Human Emperor Peak. I will give you the right to establish a Dragon Palace branch, and then let all the Dragon Clan believe in me, and for I provide the power of faith."

Lan Wangyou immediately clasped his fists respectfully and said, "Yes, Master, this subordinate will definitely complete the mission."

Ye Feng looked at Lan Wangyou's retreating figure with a satisfied smile on his face.

The Dragon Clan is one of the most powerful races in the world. If they provide themselves with faith, the essence of the power of faith will definitely

It's very advanced.

At this moment, Xiao He was already ordering everyone in the underworld to search for the wealth of the entire Dragon Palace.

Dragon Palace is a hegemonic force, and ordinary people may not dare to imagine how rich its wealth is.

Xiao He's eyes were extremely excited and he said: "Ye Feng, the two of us will divide the wealth of the Dragon Palace together. In the next period of time, both the Underworld and the Human Emperor's Peak will develop under this strong wealth. Extremely fast."

Ye Feng smiled slightly and said: "Yes, Dragon Palace is the dominant race in the sea area. They must have accumulated countless wealth in the black market over the years, and with the ocean at their back, they must have dug a lot of treasures in the deep sea area."

Xiao He nodded, and then said with some confusion: "I don't know why Chu Tianji and Jin Chensha's group of Tianjiao Alliance people are not in the Dragon Palace this time. I thought they would help the Dragon Palace fight against our underworld."

Ye Feng was also a little surprised, and then said: "Maybe Chu Tianji's murder of Ji Changkong has been exposed."

"possible."

Xiao He nodded, and then he no longer discussed this topic, but his eyes were slightly excited and said: "After this battle, the Luan Gu Sea Territory will completely become the palm of my hand in the underworld, but the Luan Gu Sea Territory is the most popular thing. Of course, I want to share it with you Ye Feng. Now is the time to start the grand plan of our brothers. We must join forces and form an alliance. "

Ye Feng's eyes also lit up and he said: "I had this idea a long time ago. This time we only came to Yue Yue Shen Palace, so we were scared away. Next time, if several overlords from Zhongzhou or Donghuang come, The forces, relying on the strength of one of our forces, cannot be resisted at all. The Luangu Sea Region is adjacent to the three major regions, the Southern Region, the Northern Border and the Eastern Wasteland. Especially the Eastern Wilderness, a place where martial arts flourishes, has countless overlord forces, and the number is almost Our southern region is several times larger. We must act quickly, quickly form an alliance, and quickly become the mastermind behind the entire chaotic ancient sea area."

Xiao He said: "I will announce in a few days that the Underworld and the Human Emperor Peak will unite to form an alliance. However, what will be the name of our alliance? Chu Tianji and Jin Chensha are the Prodigy Alliance, why don't we call it the Disha Alliance? "

"That would make them weaker."

Ye Feng shook his head, thought for a moment, and said: "I got the Emperor's Tower of Luan Gu, and everyone in the Luan Gu sea area has a sense of belonging to Luan Gu, so I decided that we are called the Emperor Alliance. The ancient sea area also has huge benefits."

"Great Emperor Alliance!"

Xiao He's eyes lit up and he said: "Okay! Ye Feng, you read a lot and are educated. I never thought of such a domineering title!"

...

Three days later, the Dragon Palace was destroyed, and the news spread that the underworld controlled the ancient sea area, and the whole world was shocked.

...

Seven days later, the Underworld announced an alliance with the Human Emperor Peak of Poseidon College, collectively known as the "Great Emperor Alliance", once again shocking the world, and countless people remembered the names of these two legendary young men, Ye Feng and Xiao He.

...

On this day, in the Tianya Hai Pavilion in the chaotic ancient sea area.

In an antique elegant room on the highest floor.

Ye Feng and Yan Ruyi, the holy lady of the Elf clan, sat opposite each other, drinking tea and listening to music.

Yan Ruyu is still wearing the pale white elegant dress, which outlines her perfect figure and is full of a holy and noble temperament.

At this time, the Elf Saint stared at Ye Feng with a pair of ice-blue eyes, smiled movingly, and said: "Leader Ye, don't be anxious, Her Royal Highness the Queen will be here soon. This time our Elf Alliance and your Great Emperor Alliance have joined forces. Her Highness the Queen has agreed to this matter, but we need you, Ye Feng, to follow us to the wilderness. This time, we, the hundreds of tribes in the wilderness, and countless strong men, are going to fight in the secret realm of the lord of the wilderness. You have to help us, the elves. Entering the top ten."

Ye Feng nodded slightly and said: "Don't worry, since I'm here, I will naturally agree to your request. However, you elves want to announce it to the world and join our emperor's alliance. In addition, the gods passed down from ancient times among the elves Blood, I need a share to help me build the strongest foundation of the Holy Realm."

#### Chapter 727 The Giant Elephant Clan

At this time, hearing that Ye Feng wanted the divine blood of their elves, Yan Ruyu couldn't help but smile and said: "This time your alliance of emperors destroyed the Dragon Palace and killed an ancient saint. Isn't the blood of the saint you got enough?"

Ye Feng shook his head and said: "In that battle, the black-clothed Killer Saint of Hell lost almost all his saint origin, so for the body of the Dragon Palace Saint, I only need a small bottle of holy blood, and the rest needs to be given to Senior Killer Saint. It is used to recover from injuries, otherwise Senior Killer Saint will most likely perish. If the Great Emperor Alliance is not protected by saints, it will not be able to resist the overlord forces in other domains. "

Yan Ruyu nodded slightly and said: "This is true. If the Great Emperor Alliance does not have that ancient saint from the underworld to protect you, it is estimated that the moment the underworld and the Human Emperor Peak merge, there will be countless powerful people from ancient taboos taking action. Split you apart or destroy you, because some overlord forces cannot just watch the emergence of higher-level and larger forces than them. This is the default rule of the cultivation world, but you have broken it invisibly, but the underworld killer Holy, it's really powerful and scary."

Ye Feng smiled slightly and said: "Senior Killer Saint killed the Saint of Dragon Palace by himself. He paid a huge price. Naturally, the body of Saint Dragon Palace was left to him. Senior Killer Saint can give me a bottle of saint's blood. I'm already very grateful. That guy Xiao He only got three drops of saint's blood, and he was so happy that one bottle of saint's blood was not enough for me. That's why I agreed to join forces with your elves, and You go to the wilderness and help your elves win the top ten."

Yan Ruyu nodded and said: "Okay, I promise you. As long as you can help our elves win the top ten in the secret realm of the Lord of the Wilderness and obtain enough training resources, then our elves will not only declare the world, but also join you." The Great Emperor Alliance will also give you three drops of God's blood personally."

"make a deal."

Ye Feng immediately laughed out loud.

"Ye Feng, in just over half a year, you have grown to where you are now. This is something I never expected before."

Suddenly at this moment, a mature woman's voice with a slight smile suddenly sounded outside the private room where the two of them were.

"Squeak!"

The door was pushed open, and a mature and graceful lady-like woman in her thirties appeared. She was dressed in palace attire and seemed to have a touch of nobility.

"Her Royal Highness the Queen!"

"Meet the Palace Master!"

At this moment, Ye Feng and Yan Ruyu both clasped their fists hurriedly.

This person is the Elf Queen!

He is also the honorary master of the Sun and Moon Palace of Poseidon Academy.

The Elf Queen stared at Ye Feng at this time, smiled very kindly and said: "Back then, you just entered the Poseidon..."

When we were in the academy, the masters of our six major halls summoned you alone that night. It seemed like yesterday that you were only at the level of a small magical power. I didn't expect that in less than a year, you had grown to such a level. , and even attracted the underworld to form the Great Emperor Alliance, which shocked the world. After Chu Tianji returned to Poseidon Academy from the Holy Ancestor Dynasty these days, he stayed in Tianji Peak and did not come out. He seemed to be stimulated. "

"Chu Tianji has gone back?"

Ye Feng's eyes moved and he said: "The strong men from Human Emperor Peak have also returned. Now that Senior Wan Jian has joined Human Emperor Peak, and the majesty of Senior Killer Saint of Hell, I guess even if that guy Chu Tianji wants to find trouble, he can't. Don't dare to attack Renhuang Peak, you will only find fault with me personally."

The Elf Queen smiled and said: "Ye Feng, I heard that Chu Tianji and Jin Chensha, the prince of the Holy Ancestor Dynasty, also established an alliance. It is said that your master Bai Yuchen's old enemy is Jin Shengxiao, the prince of the Holy Ancestor Dynasty. We have secretly united with many powerful forces in the Eastern Wasteland to deal with Poseidon Academy, Taixuan Sword Sect, and your Great Emperor Alliance in an attempt to annex the entire Southern Territory and establish the unification of the Holy Ancestor Dynasty. "

"hehe."

Hearing this, Ye Feng just chuckled and said: "If he had had this idea earlier, it might have been possible to succeed, but now that our Emperor Alliance has become a success, no one can stop me."

When the Elf Queen heard what Ye Feng said, she didn't say much. After all, she could see that the Great Emperor Alliance was indeed in full swing now.

Yan Ruyu said at this time: "Your Highness the Queen, when will we set off to the wilderness?"

The Elf Queen said: "Let's go now. I've been staying at Poseidon Academy for a long time, and it's time to go back to the clan to take a look."

Ye Feng didn't say anything, he could leave anytime.

...

the next day.

Outside the Tianya Hai Pavilion, the Elf Queen, Yan Ruyu and Ye Feng were very low-key and just rode an ordinary carriage out of the ancient sea area.

And just when the carriage had just left the edge of the Chaotic Sea.

"Wow!"

That majestic BMW instantly spread a pair of huge wings on its back and flew into the sky.

The entire carriage, which was originally a simple one, turned into a huge chariot made entirely of white jade and diamonds in a burst of light.

Ye Feng

He opened the curtains of the carriage and looked outside. He saw the rapidly retreating sea below and couldn't help but exclaimed in admiration: "Is this the Pegasus Seven Fragrance Carriage that only Her Royal Highness can ride on in the legend of the elves?"

In the huge carriage, the Elf Queen smiled slightly and said: "You should feel honored to be able to ride in my Queen's car. You are the first man to be able to sit in the Pegasus Qixiang Car. You must know that over the years, only one who has become the Elf King can Only a man can ride in this Qixiang car."

At this time, the Elf Queen said, staring at Ye Feng with a pair of charming mature eyes, with a hint of teasing smile.

Yan Ruyu pursed her lips and smiled, showing a moving smile.

Ye Feng looked at the two beauties in front of him, one big and one small. He couldn't help but smile bitterly and said, "Master, please stop teasing me. Aren't you afraid that others will gossip? That's not good."

The Elf Queen was very tough and she immediately sat down in front of Ye Feng. Regardless of the surprised look from Yan Ruyu, a saint, she directly put her arms around Ye Feng's neck and said, "This Queen is never afraid of people gossiping."

Ye Feng suddenly felt a softness. He coughed, stepped back a little, and said: "Let's discuss business first. Which races are powerful among the hundreds of tribes in the wilderness? You can tell me in advance. I will tell you more then. Just pay attention to those powerful races, after all, you elves are not weak in the wilderness."

The Elf Queen nodded slightly, retreated to her original position, and returned to her former aloof state. She said: "In the wilderness, our elves' strength is estimated to be in the twentieth dozen. This time we enter the wilderness. In the secret realm of the Lord, there are regulations for the quasi-sages of hundreds of races. Only young people under the age of fifty are allowed to participate. Even if they can find foreign aid, whether they are human race or other races, they must only have practiced for five years. People within ten years."

Ye Feng couldn't help but said: "You are still called a young person under the age of fifty?"

The Elf Queen glanced at Ye Feng and said: "In the world of cultivation, powerful beings can live for hundreds of years, and quasi-sages can live for thousands of years. Fifty years old is naturally considered very young. You can't just have ordinary things. Mortals with a lifespan of a hundred years define the word "young". For example, although I have been practicing for more than sixty years, among the elves, I am considered a very young elf." ??.

Ye Feng nodded slightly and said: "That's true. After all, a monster like me is just an exception, but he became a holy warrior at the age of eighteen or nineteen."

Yan Ruyu, a saint from the elf clan, couldn't help but laugh and said: "Ye Feng, I didn't realize it. You are really narcissistic."

Ye Feng smiled slightly and was about to say

something.

"sensation!"

But suddenly at this moment, the huge Qixiang car shook violently, as if it had suffered a huge impact outside.

"what's the situation?"

At this time, the Elf Queen's eyes turned cold, and with a wave of her hand, the door of the Qixiang Carriage opened immediately.

They immediately saw that the double-winged Pegasus pulling the Qixiang Car was beheaded by a strong man holding a steel axe, and his blood was scattered in the sky.

This strong man holding a big ax stood in front of the Qixiang Car, just like a giant spirit god standing there, giving people a majestic and boundless feeling.

Waves of extremely strong demonic energy spread in all directions from the strong man's body, unfathomable.

"The giant spirit guard of the giant elephant clan!"

The Elf Queen's eyes were very cold, and she shouted coldly: "Giant Spirit Guard, how dare you intercept and kill me in the middle of the road? Even though your giant elephant clan is one of the top three powerful races in the wilderness, you openly attacked me like this, destroying the quasi-saint. Agreement, aren't you afraid that the quasi-sages of my Elf clan will launch a devastating attack on your giant elephant clan?"

"Hahaha!"

Suddenly, the giant spirit guard laughed loudly and said in a sarcastic tone: "Elven Queen, you have been gone for so long, and you have long lost control of the elves. Now your elven clan leaders have surrendered to our giant elephant clan. , to become a vassal race of the Mammoth Clan, your Elf Clan leader also said that he would dedicate the most beautiful saint of the Elf Clan to our young master of the Mammoth Clan. I am not here to kill you, the Elf Queen in name only, but to welcome you. Our young master's future wife is coming home!"

At this time, the giant spirit guard stared at Yan Ruyu in the carriage, and said with a hint of unquestionable command in his tone: "Your Highness the Saint, come back to the giant elephant clan with me, our young master can't wait to see you, sir. The marriage has been notified to all the

tribes in the Great Wilderness. When the time comes, Her Royal Highness the Saint will become the wife of my young master, the Giant Elephant Clan, and her status will definitely become extremely high in an instant, and she will be able to enjoy endless wealth and power."

"roll."

But the next moment, Yan Ruyu just said this word coldly.

"you.....!"

The giant spirit guard was furious and said: "You are toasting and drinking as a penalty. Okay, I will personally take action and escort you back. We, the young master of the giant elephant clan, must get what we want, and no one can stop it!"

Buzz!

Almost at this moment, a half-step quasi-sage's monstrous demonic energy burst out from the body of the giant spirit guard, covering the sky and the earth.

Chapter 728 It turns out to be him

"Half-step quasi-saint!"

In the Qixiang Car, Yan Ruyu's beautiful eyes suddenly sank slightly.

The Elf Queen also looked very ugly at this time.

They never expected that their lineage of Elf Clan Chiefs would surrender to the Giant Elephant Clan without any regard for her lineage of Queen Saint.

He even decided without authorization to marry the Elf Saint Yan Ruyu to the young master of the Giant Elephant Clan as his concubine.

This is really intolerable!

"The Giant Elephant clan is indeed worthy of being ranked among the top three among the hundreds of clans in the wilderness. Their background is indeed terrifying. They are just a giant spirit guard, but they have the powerful strength of a half-step quasi-saint."

At this time, Ye Feng also stood up from Qixiang's car, with a hint of surprise in his eyes.

At this time, the Elf Queen stepped out of the Qixiang Car, stared at the giant spirit guards outside, and said: "You giant elephant clan are too brave and openly intercepted this queen. Then I will let you see it and make me angry. How terrible is my fate?"

boom!

The Elf Queen is very powerful. Although she is at the level of the six hall masters, she is still far from becoming a true quasi-saint.

The Elf Queen is also a half-step quasi-saint level existence.

At this time, she walked out, stretched out her jade hand, and a purple crystal sword appeared immediately. The sword body exuded a strong purple light, and it rushed towards the giant spirit guard in an instant.

"boom!"

The giant spirit guard roared, and raised the giant ax in his hand. With the huge power to break mountains, it struck down instantly.

"when!"

The giant ax and the crystal sword collided with each other, causing a thunderous roar.

I have to say that the Elf Queen is indeed very powerful.

Facing the powerful giant spirit guards of the giant elephant clan, they were not at a disadvantage at all.

Uh-huh!

But just as the two were having a huge battle in the distance.

A young man wearing a blue robe appeared, holding a blue-purple Dragon Mace in his hand, and thunder surged from the Dragon Mace.

This person's cultivation aura is that of the fifth holy realm, which is very terrifying.

"What?"

The Elf Queen, who was fighting with the Giant Spirit Guards in the distance, saw this young man in blue robe appearing outside Qixiang's car. She was immediately shocked and said: "Tian Lei Guards! The three most powerful guards of your Giant Elephant clan are here. Two!"

"Hahaha!"

The giant spirit guard struck down with an axe, and sneered: "Elven Queen, I advise you to surrender as soon as possible and run away. Now that the thunder guard has appeared, the elven saint is destined to be plundered by us. You can't change her." It is her destiny to be our young master's concubine. It is her blessing. By the way, you should also consider whether you want the elf queen. My young master also treats you..."

"Shut up!"

The Elf Queen's face was as cold as ice, and the crystal sword in her hand suddenly burst out with thousands of rays of light, immediately surrounding the Giant Spirit Guard.

For an instant, the giant spirit guard's whole body seemed to be stabbed by thousands of sharp knives.

Wearing the body.

The horrific pain caused the strong man to roar like a wild beast.

"The strong wind chops the ax!"

"Dominate the world!"

The giant spirit guard roared, and the giant ax in his hand suddenly slashed at the space quickly, tens of thousands of times in an instant.

"boom!"

The crystal sword in the Elf Queen's hand was struck by such arrogant and huge force, with broken gaps appearing on the sword body.

The giant spirit guard of the giant elephant clan has the body of a giant elephant and is extremely powerful. It is a terrifying physique in ancient times.

It is precisely because of such power that he can become one of the three most powerful guards of the giant elephant clan.

And at this time.

The Tianlei Guards who suddenly appeared around the Qixiang Car also slammed down the Dragon Mace in their hands.

"Wow!"

He has the body of thunder, and at this moment, the powerful dragon mace struck down, triggering the terrifying thunder above the sky. All of a sudden, endless thunder and lightning poured down, like a nine-sky galaxy, instantly bombarded the Qixiang Car.

"Wow!"

Even though the Qixiang Car was the vehicle of the Elf Queen, it couldn't withstand such a terrifying thunder river, and it was instantly shattered by the bombardment.

Swish!

Two figures flashed out from it, naturally Ye Feng and Yan Ruyu.

Yan Ruyu's eyes were extremely downcast. She never thought that the giant elephant clan would dispatch two powerful guards in order to capture her, an elf saint.

Ye Feng's eyes were also flickering. He originally thought that there was no powerful existence among the hundreds of tribes in the wilderness.

But now he has seen that the top three giant elephant clans still have good masters.

For example, this Heavenly Thunder Guard could actually use the Dragon Mace in his hand to directly trigger the thunder and lightning from the nine heavens, and descend the terrifying river of thunder. It has extremely terrifying destructive power, which is really shocking.

At this time, the Tianlei Guards focused on Yan Ruyu and directly ignored Ye Feng, a human kid who was only in the third holy realm.

In his eyes, Ye Feng, a human boy who was only in the third holy realm, was just a weak ant, and he didn't bother to care at all.

The Tianlei Guard glanced at the Elf Queen who was at a disadvantage not far away, then stared at Yan Ruyu, smiled indifferently, and said: "Elven Saint, you really don't have to think about resisting or struggling anymore, because there is nothing at all. The meaning of this is that you, the elves, have already surrendered. Why should you, a chosen saint, resist anymore? It is your best choice to surrender to our giant elephant clan and become the concubine of our young master, the giant elephant. With your choice, perhaps in this trial of the Lord of the Wilderness, you can admire the power of my young master, the giant elephant, and gain great opportunities in the secret realm."

Yan Ruyu smiled coldly, her beautiful face

There was simply a look of disdain on the egg.

She said coldly: "Even if I die in battle, I will never surrender."

boom!

Yan Ruyu has a powerful cultivation level in the fourth holy realm. During this time, she secretly refined a drop of the elves' divine blood, and her strength improved rapidly.

"Uh-huh!"

A pair of faint transparent white light wings suddenly spread out from behind Yan Ruyu, and they flew through the space and flashed directly in front of the Tianlei Guards.

A white jade holy sword appeared in her hand, and she struck it directly at the Thunder Guard.

"when!"

The Heavenly Thunder Guard raised the crossbar of the Dragon Mace, and then shouted loudly: "The Heavenly Thunder Technique! The Dragon Spirit Appears!"

boom!

The Dragon Mace in his hand instantly released a large amount of thunder, forming a ferocious blue-purple thunder and lightning dragon. It roared and roared like an ancient thunder dragon descending, and instantly blew away Yan Ruyu.

"puff!"

Yan Ruyu spat out a mouthful of blood and was directly knocked to the ground.

"Hmph, weakling!"

Tianlei Wei just smiled coldly.

At this time, the Giant Spirit Guard not far away laughed even more wildly, and shouted at the Elf Queen not far in front of him: "You lost, and you didn't run away, then this time we won't even let

you, the Elf Queen, escape." Capture them together and present them to the young master, and you will definitely receive a huge reward, hahaha!"

The Elf Queen's eyes were extremely ugly at this time, but she did not panic after all. Instead, she suddenly looked at Ye Feng who was walking high in the sky in the distance, and said: "Ye Feng, help us kill these two giant elephants. Guard, we promised you three drops of divine blood before. If you help us kill these two powerful guards, I will give you two more drops of divine blood, for a total of five drops of divine blood!"

"good."

Ye Feng suddenly spoke up, with a faint smile on his face.

"What?"

"You actually want a kid from the human race who is no more than the Third Saint Realm to kill us?"

"Elven Queen, are you sure your brain is not broken? It's so ridiculous! Are you kidding?"

"Ha ha ha ha!"

At this moment, both the Giant Spirit Guard and the Heavenly Thunder Guard were slightly startled, and then laughed wildly. The laughter was filled with a deep disdain.

"Everyone..."

"god..."

"Of..."

"sorrow"

Suddenly at this moment, four words full of weight came out of Ye Feng's mouth.

Buzz!

And almost at this moment, Tian Leiwei's laughter stopped abruptly.

His wanton and disdainful smile suddenly solidified on his face.

At some point, a sword mark split open on his chest.

The sword mark was extremely deep, piercing into flesh and bone.

The blood flowed out and the heartbreaking pain made Tianlei Wei's eyes become extremely frightened.

He felt that his vitality was rapidly passing away and was irreversible...

At this time, Ye Feng had just pulled out a very ordinary-looking iron sword on his back.

"How can it be....."

The Tianlei Guards didn't even know when Ye Feng drew the sword, nor did they know how Ye Feng tore his chest into pieces.

"Ye Feng, Ye Feng...Ye Feng? Could it be?"

Suddenly at this moment, Tianlei Wei, who was on the verge of death, suddenly remembered the name of the young human race that the Elf Queen had just called.

He suddenly thought of the deeds of a legendary figure.

Dragon Slayer Palace!

Merge the underworld!

Take control of the chaotic ancient sea!

Create the Great Emperor Alliance!

The world is so powerful that hundreds of tribes are trembling.

"It turns out to be him!"

Tianlei Wei looked completely dead with fear in his eyes.

At the last moment of his death, he finally understood that the young man from the third holy realm human race who looked harmless to humans and animals was actually that terrifying existence...

"What!"

At this moment, the Giant Spirit Guard not far away suddenly became extremely frightened.

He never thought that Tianlei Wei, a powerful being who was a fifth-level Saint Realm master, possessed the body of Heavenly Thunder, and wielded the Dragon Mace, a ninth-grade holy weapon, would die like this.

He was killed by the young man in green shirt in the distance with one sword.

What kind of terrifying power is this?

He is only the third holy level!

How could it have such terrifying combat power?

At this moment, even though the giant spirit guard was a half-step quasi-sage, he felt a deep sense of fear.

The Giant Spirit Guard originally thought that Ye Feng, an ordinary-looking young man, was just a human servant following the Elf Queen and the Elf Saint.

But what the strongest guard of the giant elephant clan never expected was that this young man from the human race was so powerful that it was simply terrifying!

"What a terrifying sword. It turns out that his sword skills are also so powerful. He is simply an all-around martial arts wizard..."

In fact, at this time, even the Elf Queen and Saint Yan Ruyu had wonder in their beautiful eyes.

Especially the Elf Queen, she knew that Ye Feng, who seemed to be in the third holy realm, was actually very strong. He and Xiao He had worked together to kill the Dragon King of the Dragon Palace.

But the Elf Queen is still a little vague about how strong Ye Feng is.

But at this moment, she understood how strong Ye Feng was.

"With one sword, I killed a Heavenly Thunder Guard who had reached the fifth holy realm. It was simply incredible. It was ridiculously strong..."

The Elf Queen sighed in admiration.

At this time, she suddenly stared at the giant spirit guard in front of her, and said to Ye Feng in the distance: "Ye Feng, you and I join forces to kill this giant spirit guard. He is the body of a giant elephant, and his body contains the power of a giant elephant. Blood is of great benefit to your human battle body training!"

Chapter 729 The Fourth Holy Realm

"You are Ye Feng, the leader of the Great Emperor Alliance!"

At this moment, the giant spirit guard stared at Ye Feng and suddenly reacted.

His eyes suddenly became very fearful.

The most shocking event in the entire southern region right now is that the Dragon Palace was destroyed some time ago, and the Underworld and Human Emperor Peak merged to form the Great Emperor Alliance.

And now the most famous people in the entire Southern Territory are Ye Feng and Xiao He, the two young men who founded the Great Emperor Alliance.

"No wonder, no wonder you are qualified to sit in Qixiang's car."

The giant spirit guard's eyes were filled with shock as he said: "Elven Queen, you secretly brought a monster like Ye Feng to the wilderness. Do you want Ye Feng to sneak into the trial of the Lord of the Wilderness' Secret Realm and help your elven clan?" Stealing cultivation resources and the status of the Great Wilderness Clan? No! I must inform the top of the Giant Elephant Clan about this!"

Wow!

The giant spirit guard quickly turned into an axe, splitting the road ahead, and his burly body fled directly into the distance.

"We can't let him escape!"

The Elf Queen immediately shouted loudly and threw the crystal sword in her hand high into the sky.

"boom!"

The crystal sword suddenly bloomed with nine-colored divine light in the sky, and turned into nine huge crystal-colored lightsabers in an instant. It was inserted into the ground with a bang, and the escaping giant spirit guards were surrounded. .

"Crush it for me!"

"boom!"

Huge power surged out from the giant spirit guard's arms, and the giant steel ax in his hand struck out violently.

"when!"

However, the giant ax could not break through the nine crystal lightsabers surrounding him, and only made a hissing sound of metal delivery.

"Suppression!"

At this time, Ye Feng had already arrived above the Giant Spirit Guard.

He directly extended a hand.

Buzz!

Immediately, the hand began to expand, and eventually it expanded into a big hand of stars that covered the sky and the sun. It had the majesty and weight of a planet in the universe, and it was suppressed instantly.

"Boom!!"

The giant spirit guard was directly hit by the huge star palm. Suddenly the whole earth shook violently, and a huge palm print appeared, deeply embedded in the earth.

At this moment, Xingchen raised his big hand, and Ye Feng was a little surprised to find that the giant spirit guard turned into a giant elephant covered in scales, hundreds of meters tall, standing in the ruins, roaring to the sky, and making a terrifying sound. The evil spirit and evil power.

"Oh? Pretty hard?"

A cold smile flashed across Ye Feng's lips, and he slapped him again.

"If once is not enough, then two, three times!"

Boom! !

There was a violent roar, and another big hand of stars crashed down like a huge and heavy planet.

The earth collapsed again, the foundations were shattered, and the scene was very

The score is appalling.

"ah!!"

The giant spirit guard immediately roared in pain.

Even though he was a half-step quasi-sage and had the body of an ancient giant elephant, he was horrified to find that he was unable to resist Ye Feng's majestic power.

After Ye Feng absorbed the Dragon King's energy, his True Dragon Holy Body entered the Great Perfection. Although his cultivation level has not improved, his strength is many times stronger than it was half a month ago.

"His combat power is absolutely comparable to that of a Quasi-Saint."

The Elf Queen's eyes revealed a deep brilliance.

Those who have reached the third holy realm can have super combat power to fight against quasi-sages.

This is enough to show how strong Ye Feng's martial arts foundation and heritage are. It is simply too shocking.

"Boom!!"

In the distance, the land bound by the nine crystal lightsabers has been completely shattered.

In the ruins, after enduring seven bombardments from Ye Feng's big hand of stars, the Giant Spirit Guard finally couldn't hold on any longer.

The scales on his tall giant elephant body were all broken. The entire huge body was trembling, and he knelt on the ground all of a sudden, without any breath of life.

This powerful giant spirit guard was hammered to death by Ye Feng with his big star hand!

"Swallow!"

Ye Feng released the Devouring Domain, a large vortex of darkness that instantly enveloped the bodies of the Giant Spirit Guard and Sky Thunder Guard underground.

An extremely powerful devouring force is rapidly absorbing the huge original bloodline and demonic skills from the bodies of the two strongest guards of the giant elephant clan.

A powerful person in the fifth holy realm.

A half-step quasi-sage with the body of a giant elephant.

These are two huge energies.

Moreover, the original bloodline and energy of the Giant Spirit Guard's giant elephant body possess the wonderful ability to strengthen other creatures and forge a tough body.

So at this moment, Ye Feng suddenly achieved a breakthrough in cultivation.

"The fourth holy realm!"

Ye Feng has long understood the secrets of life and death and the secrets of reincarnation.

So after devouring the powerful skills of the Giant Spirit Guard and the Heavenly Thunder Guard at this moment, it was almost a matter of course that his cultivation level broke through to the beginning of the fourth holy realm.

At this time, the fifth stage of Ye Feng's Divine Art of Creation transformed into a star battle body. At this moment, it was injected with the original blood and energy of the giant elephant body, and it also evolved again, from the initial star battle body to the mid-stage star battle body. War body.

The strength of his body suddenly increased more than ten times at this moment.

"It's a pity that the natal companion talent of the fifth stage of the Divine Art of Creation has not yet been

There is an awakening, it's strange, what exactly is the problem..."

Ye Feng couldn't help but murmur at this time: "I hope the divine blood of the elves can help me awaken the fifth-stage accompanying talent."

Ye Feng came to the wilderness this time. In addition to increasing his cultivation strength, his other purpose was to see if he could use the divine blood of the elves to stimulate the fifth-stage accompanying talent that he had not actively awakened for a long time.

"Ye Feng, I didn't expect that your current strength has become so terrifying. You are probably dozens of times stronger now than when we went to plunder the Great Emperor Tower together."

At this time Yan Ruyu came from not far away.

There was a hint of surprise in her expression, and she was obviously shocked by the terrifying combat power that Ye Feng had displayed just now.

The Elf Queen smiled at this time and said: "It's a good thing that I brought Ye Feng back to the wilderness this time, otherwise Ruyu and I would have died in the wilderness today."

At this time, the Elf Queen and Yan Ruyu glanced at the Giant Spirit Guard and Tianlei Guard who had turned into mummies on the ground. Their hearts were full of Ye Feng's inheritance and methods, and they felt a chill for the first time.

At this time, the two of them began to understand why Ye Feng was able to grow so fast.

This is simply weirder than some magic skills.

But neither the Elf Queen nor Yan Ruyu said anything.

After all, now that Ye Feng has become a leader, they don't dare to gossip.

At this time, Ye Feng clearly noticed an undetectable look of fear in the eyes of the Elf Queen looking at him.

He couldn't help but sigh.

Do the big figures at the master level of the six major halls of Poseidon Academy need to be cautious in their words and deeds in front of me now?

"It turned out that without even realizing it, I had grown to this point..."

Ye Feng sighed in his heart.

A year ago, facing someone of the Elf Queen's level would have been like looking at the sky like an ant.

But now, a palace master-level figure like the Elf Queen has to act based on her own face.

Moreover, if the giant spirit guard, a terrifying monster from hundreds of tribes in the wilderness, reaches the human race area, it will become a lawless super monster.

But now, I can easily suppress this kind of super monster and kill it directly.

Shang smiled in his mind at this time and said: "When Emperor Styx was your age, he was not as evil as you. I have to say that Ye Feng, your boy's fighting power is really ridiculously strong. I think, you After becoming a quasi-sage, you might be able to challenge a true ancient saint."

Ye Feng couldn't help but smile when he heard Shang's voice in his mind, and didn't say anything more.

He said in his mind

: "Shang, this time when I enter the wilderness, I can collect the blood of hundreds of tribes in the wilderness, build a real body for you, and let you be reborn."

Let Shang be reborn, which has always been a silent promise in Ye Feng's heart.

Ye Feng knew very well that Shang lived in his mind. In the darkness, he was absolutely lonely and bound.

Shang heard Ye Feng say these words at this time, and he suddenly became very excited, saying: "I have finally waited for this day! Your kid has finally grown up! Hahaha! My efforts have not been in vain!"

Ye Feng walked towards the Elf Queen and Saint Yan Ruyu at this time, and said: "I need to build a powerful demon body for an old friend of mine so that his soul can be resettled, so this time I will return to the Elf with you. clan, I hope that the master of the Elf Queen Hall can help me collect the blood and demon bodies of hundreds of clans in the wilderness."

The Elf Queen's beautiful eyes moved, and she said: "Do you need a monster body from hundreds of tribes in the wilderness with strong cultivation and extraordinary talents?"

Ye Feng said: "This is not necessary, as long as you can collect the demon blood of a hundred different demon bodies."

At this time, Ye Feng followed the information Shang said in his mind and repeated it to the Elf Queen.

The Elf Queen nodded and said: "I only need the demon body and demon blood of the ordinary demon clan. That's easy. Leave this matter to me. Don't worry. When the time comes for my clan, I will need your help to unify it." My clan actually dared to voluntarily surrender to the giant elephant clan. It really disappoints me. I have no backbone at all!"

Saint Yan Ruyū stared at Ye Feng at this time, and said with a hint of solemnity in her tone: "Ye Feng, we killed the Giant Spirit Guard and the Heavenly Thunder Guard. I guess we can't hide this matter. We will definitely do it when the time comes." Be careful of other masters and strong men in the giant elephant clan. It is said that the number one among the three most powerful guards of the giant elephant clan is called the Divine Elephant Guard. It contains the blood of ancient divine elephants in its body. The descendants of the blood of the gods are very terrifying and powerful. , it is said that his cultivation has survived three heavenly tribulations, and he is at the quasi-saint level of the three tribulations. However, our hundreds of tribes in the wilderness have a quasi-saint agreement. Beings at the quasi-saint level cannot take action easily. After all, my elven clan also has a quasi-saint ancestor sitting in charge, but Ye Feng, you still have to be careful, I'm afraid that the Divine Elephant Guard will hide himself in the upcoming trial of the Lord of the Wilderness, and then hunt us."

Ye Feng nodded slightly, with a cold look in his eyes, and said: "If he dares to come, I will kill him. The blood of the divine elephant has a great assisting effect on my ancient dragon elephant fist and the divine elephant's demon-suppressing skill. He came just in time." "

After hearing Ye Feng's fierce words, Yan Ruyū couldn't help but smile bitterly. Now she really couldn't keep up with Ye Feng's fighting thinking.

But that's a good thing.

Moreover, Ye Feng's power and terror also made the Elf Queen and Saint Yan Ruyū more determined to merge and join the Great Emperor Alliance.

At that time, with the care and help of the Great Emperor Alliance, their elves will no longer have to worry about being bullied in the wilderness, and may even become the king race among the hundreds of tribes in the wilderness!

Chapter 730 Tough

Next, the three of them chose to fly directly on foot, crossing the endless wilderness. They traveled through large tracts of wild forests.

Finally, in the early morning of the third day, the three of them arrived at the territory of the elves in the wilderness.

This place is already very deep in the wilderness, surrounded by towering ancient trees.

The forest is filled with faint roars, making people feel a wild call from nature.

At this time, Ye Feng, following the Elf Queen and Saint Yan Ruyu, had arrived outside a huge ancient castle.

Ye Feng looked forward at this time. In the jungle in the distance, huge castles suddenly appeared, exuding an ancient atmosphere.

These ancient castles are where the elves are located.

"Sure enough, there is the aura of the giant elephant clan!"

At this time, the Elf Queen sensed that there was the aura of the powerful Elephant clan in the castle of their Elf clan.

Her eyes immediately showed deep shock and anger.

It seems that the giant spirit guard is not deceiving her. She is a member of the elven clan. Sure enough, under the leadership of the clan leader, she surrendered to the giant elephant clan and became a subsidiary race of the giant elephant clan.

In other words, it is also true that the clan leader said that he wanted to marry Yan Ruyu, a saint, to the young master of the giant elephant clan.

"A bunch of spineless losers!"

The Elf Queen was very angry when she thought of this, and walked directly towards the area of the Elf Castle.

Ye Feng and Yan Ruyu followed immediately.

Yan Ruyu, a saint from the Elf clan, also had a trace of anger on her face at this time.

Obviously she never expected that a member of her clan whom she trusted so much would marry her to the giant elephant clan without her consent, and would also make her a concubine to the young master of the giant elephant clan.

This simply made Yan Ruyu feel a deep chill in her heart. Sure enough, in order to please the giant elephant clan, she obtained training resources in the next trial of the Great Wilderness Lord's secret realm. What the elves and their own clan did was simply too chilling.

"The Queen is back!"

And the moment the Elf Queen, Yan Ruyu and Ye Feng appeared in the Elf Castle, voices full of surprises immediately sounded in the castle.

At this moment, every member of the Elf clan came out.

Ye Feng saw that among the elves, there were not only women but also men, but the number of men was relatively small.

The elves are indeed a clan favored by God. All female elves are born with beautiful faces and graceful figures.

And all the male elves are tall, as rich as jade, and their eyes are

Deep and extremely handsome.

At this time, they all walked out of the ancient stone castles one after another, staring at the returning Elf Queen with excitement in their eyes.

When Ye Feng saw this scene, his eyes showed a hint of surprise.

It seems that not all the elves are willing to surrender to the giant elephant clan, it must only be a small part.

Otherwise, it would be impossible for these ordinary elves to have such expectant and excited expressions in their eyes when they saw the Elf Queen coming back.

The Elf Queen obviously noticed this at this moment.

She suppressed her anger at this moment and asked the people around her: "What happened during my absence? Who decided to make our entire elven clan surrender to the giant elephant clan? This is simply a huge shame!"

"Her Royal Highness the Queen..."

At this time, some elves who came out of the castle were about to say something.

But at this time.

A group of menacing people suddenly came from a distance, causing many of the surrounding elven clansmen to look frightened and suddenly shut their mouths.

"Her Royal Highness, you are back."

Among the group of people, a thin elf man wearing a white robe immediately said with a sinister smile: "It seems that you already know what happened, but everything is already too late. Our elves are already under the leadership of the clan leader." Next, the will of the giant elephant clan's shrine is imprinted in the clan stone."

"What?"

Almost the moment the elf man finished speaking, the elf queen suddenly became extremely frightened and angry.

She stared at the handsome young man next to the elf man and said: "Zhu Hai, you dare to imprint the will of the giant elephant spirit in the shrine of the giant elephant clan into the clan stone of our elf clan. Among them, you are destroying the foundation of our elves, you are the eternal sinner of our elves!"

The Elf Queen's eyes were filled with deep shock and anger.

Especially when I heard that the clan stone of the elves was branded to guide the will of the giant elephant god in the shrine of the giant elephant clan.

This is tantamount to abandoning the gods of the elves and letting the giant elephant god take over the elves' clan stone.

This is the sin of treason!

Therefore, the Elf Queen was very shocked and angry at this time. She did not expect that the Elf Clan Leader Zhu Hai would dare to do such a betrayal of the race.

"It's over, it's over..."

At this time Yan Ru

Jade, a saint from the Elf clan, also murmured, with a deep despair in her tone, "It's easy to ask for a god, but it's hard to send him away. The Colossus God is a very powerful ancient god among the hundreds of tribes in the wilderness. The Colossus God has moved in." Among the clan stones of our elves, it represents the spiritual decline and destruction of our elves."

Mammoth God?

Ye Feng's eyes flashed slightly at this time, no one knew what he was thinking.

At this time, the Elf Queen stared at the clan leader Zhu Hai and said: "Zhu Hai, you are the eternal sinner of our Elf clan!"

"Sinner?"

Zhu Hai, the leader of the Elf Tribe, smiled coldly and said: "All the Elf Gods among the clan stones of our Elf Tribe have fallen away for a long time. This has led to the deterioration of our Elf Tribe's luck, and we are about to become the worst among the hundreds of tribes in the wilderness. We are the bottom race. This time, the adults of the Mammoth clan are willing to accept us, the Elf clan, and share the protection of the Mammoth God's will with us. This is simply a great opportunity. I do all this for the future of the Elf clan! "

At this time, Yan Ruyu suddenly said: "Clan leader, you are betraying your own race, your ancestors, and your beliefs. What's more, you married me to a young man from the giant elephant clan without my consent. As my concubine, what right do you have to choose my future for me?"

Zhu Hai's eyes were extremely indifferent and he said: "You are the saint selected by everyone in our Elf clan. Naturally, everything needs to be for the future of the Elf clan. At a certain time, you must have the intention of dedicating yourself to the Elf clan. , and the young master of the giant elephant clan is young, accomplished, and extremely talented. He is an unparalleled genius in the wilderness. If you marry him as a concubine, it will not be considered a disgrace to your status. Do you know how many women from other clans, such as the fox clan, civet cat clan, etc. Wait, I want to marry the young master of the giant elephant clan as a concubine, but she is not willing yet. "

"you.....!"

Hearing Zhu Hai's ruthless words, Yan Ruyu felt completely disappointed with the clan leader.

"Huh?"

Suddenly Zhu Hai frowned and said: "Logically speaking, the two most powerful guards sent by the young master of the giant elephant clan, the Giant Spirit Guard and the Tianlei Guard, have already gone over to pick you up halfway. Where are they?"

"died."

Suddenly, a young boy's voice sounded.

"died?!"

Almost as soon as the young man finished speaking, the entire field fell into a dead silence.

Zhu Hai was even more frightened. He stared at the strange young man and said in horror: "Boy, what did you say? The Giant Spirit Guard and the Heavenly Thunder Guard are dead? How did they die? Answer me!"

Ye Feng raised his head slightly at this time, stared at Zhu Hai who was looking at him, and twitched the corner of his mouth.

, smiled and said: "How did he die? Haha... I killed him."

"Did you kill him?!"

Swish, swish, swish!

Almost at the moment Ye Feng finished speaking, everyone's eyes in the entire field were instantly focused on this strange young man, with deep shock and horror.

"Ye Feng! Why did you say it directly?"

At this moment, both the Elf Queen and the Saint Yan Ruyu were startled, and they quickly spoke nervously.

You know, this is not a human area, but deep in the wilderness, the territory of the people of the wilderness.

Ye Feng glanced at the two girls, with a trace of impatience in his eyes, and said: "Because I am too lazy to look at these trivial things of your elves and waste my time, so I simply solved them all at once. "

boom!

Almost at the moment Ye Feng finished speaking, his entire body suddenly released a huge and terrifying aura.

"Crack!"

That kind of terrifying aura, like an ancient giant beast, instantly descended on Zhu Hai, the leader of the Elf clan.

"ah!"

Zhu Hai's majestic face immediately turned to pain. He howled miserably, and was directly suppressed by Ye Feng's terrifying aura, causing him to kneel on the ground with a "pop".

His legs were directly crushed and fractured, making everyone around him look shocked and their expressions changed dramatically.

"boom!"

Ye Feng came to Zhu Hai in an instant, stared at the leader of the Elf clan, condescendingly, and said calmly: "Don't talk nonsense, I didn't come to the Elf clan to watch a show, I came to solve problems, my method has always been simple and crude. If you don't accept it, I'll beat you until you do."

Ye Feng was very brave, and directly pulled the Elf Queen to his side, saying: "Tell me, what to do, I'm here, don't be afraid, I will kill anyone who dares to stop me, the quasi-sage of the giant elephant clan is here. It's useless, I'll just kill him!"

Not to mention that Ye Feng's own strength is already comparable to that of an ordinary quasi-sage. He also has countless terrifying trump cards that are beyond ordinary people's knowledge.

Not to boast, Ye Feng really has nothing to fear among the hundreds of tribes in the wilderness.

After all, the hundreds of tribes in the wilderness are not on the same level as the overlords. They do not have the suppressive background of the ancient saints, and the strongest ones are the quasi-sages. This makes Ye Feng act unscrupulously without the slightest flinch.

"Who is this child? He is so powerful!"

At this time, Ye Feng stepped on the elf clan leader and held the elf queen's hand. In the eyes of countless people around him, he looked extremely tough!
