Chapter 731 Colossus God

Ye Feng's brave move shocked everyone on the field.

Especially Elf Clan Leader Zhu Hai, his heart was full of panic at this time.

He was shocked to find that his terrifying cultivation level at the Fifth Saint Realm was considered to be the top master in the wilderness.

But in front of this human boy, he was as weak and powerless as an ant.

This human race boy's terrifying martial arts aura made him bow down and not dare to move at all.

Because the Elf Clan Leader felt an extremely strong killing intent from Ye Feng's body.

That kind of murderous intention was so terrifying that the Elf leader felt that large mountains of corpses and seas of blood appeared in his mind, and he was extremely frightened.

At this moment, Ye Feng saw the frightened expression on the face of the elf clan leader, and couldn't help but feel very satisfied.

When he used his huge martial arts aura to suppress Zhu Hai, the elf clan leader, he also invisibly integrated the power of his soul into his own aura.

Therefore, the reason why Zhu Hai, a strong man in the fifth holy realm, knelt down so quickly was that he was so oppressed that he did not dare to raise his head.

In addition to Ye Feng's terrifying aura and coercion, which was as terrifying as an ancient behemoth, there was also the double oppression from his soul.

At this moment, Ye Feng stared at the Elf Queen beside him and said: "How to deal with it next, you just tell me directly, no one can stop it."

"good!"

When the Elf Queen saw how powerful Ye Feng was, she couldn't help but feel that she had a backer and a very strong sense of security.

So at this time, the Elf Queen ignored Zhu Hai's ugly face and ordered to the Elf guards around her: "Now activate the guardian formation of our Elf clan to protect the entire Elf castle, and then follow me immediately. Go inside the clan and kill the few strong men of the giant elephant clan who remain in our clan. They are guarding the clan stone, right? Huh, they must kill the will of the giant elephant god in the clan stone! Find a way to get rid of it!"

At this time, the Elf Queen has the support of Ye Feng, so naturally she no longer has any scruples in doing things and acts resolutely!

Orders were issued one after another, and many of the elf guards looked excited and dispersed around to start doing their own things.

At this time, the group of elven elders following Zhu Hai, the elf leader, including the skinny elf man who had mocked the elf queen before, all looked panicked.

They all angrily shouted: "Elven Queen, you dare to do such a rebellious thing. The giant elephant clan is one of the top three powerful races among the hundreds of tribes in our wilderness. By doing this, you have angered the giant elephant clan and will destroy us." The entire elven clan."

At this time, the group of elders were talking. Among them, the skinny elf man who had ridiculed the elf queen from the beginning stared at Ye Feng and said with a stern look: "Especially this human kid, he dared to kill the giant spirit guard. He Tianleiwei, now we should suppress and imprison this kid, and then send it to the giant elephant clan, in order to pray that the giant elephant clan will forgive our elves' mistakes, so that our elves can be ranked among the top three of the giant elephant clan. The giant race."

"What did you say?"

Ye Feng immediately stared at the skinny elf man and grabbed him with one hand, "How dare you say such a thing? Well, I will kill you directly to scare the monkeys and see who else dares." Challenging my majesty?"

\u003c

br\u003e Boom!

Ye Feng stretched out a hand, and the hand immediately expanded into a starry hand in the void, and he grabbed it directly towards the skinny elf man.

"quick!"

"Protect the Great Elder!"

At this moment, the dozen or so young elder group elves around them, all of whom were strong in the Holy Realm, burst out with strength, trying to compete with Ye Feng.

"Get away!"

Ye Feng shouted loudly, and with a flick of his finger, the huge star finger, which contained the majesty and weight of the planet, blew away a dozen holy realm elven elders at once.

"puff!"

"puff!"

More than a dozen holy realm elven elders all spat out blood miserably and suffered heavy injuries.

In an instant, Ye Feng blew away the entire group of elders of the Elf clan and suppressed them to pieces.

"What a terrifying strength!"

"Is he really just a human boy from the Fourth Holy Realm?"

"Why do you feel like a quasi-saint and powerful person among the human race!"

At this moment, when many elves saw the scene on the field, their eyes were full of shock.

At this time, Ye Feng looked at the dozen elves who had been blown away by the elder group, and just said indifferently: "You don't overestimate your capabilities."

He immediately stared at the skinny elf man and said: "You have been talking behind my back, hindering the elf queen's plan, and you want to suppress me and give it to the giant elephant clan? Why don't you just die!"

boom!

Ye Feng grabbed it with his big hand, and the star's big hand smashed down like a planet, directly killing the so-called great elf elder amidst the screams of the skinny elf man.

Blood splattered on the spot!

"hiss!"

At this moment, all the elves on the field couldn't help but gasped.

Even the dozen or so holy realm elven elders of the elder group who had clamored to save the great elder, all shut their mouths and did not dare to say another word.

They can now see that the human boy brought back by the Elf Queen is simply a murderer!

He looks ordinary, harmless to humans and animals, young, elegant and gentle.

But once he took action, it was like lightning, thunder and iron-blooded killing!

At this moment, the Elf Queen took a deep breath and said: "Let's go to the location of the clan stone."

"Yes, Your Majesty the Queen!"

Countless elves spoke respectfully.

Even the dozen or so holy realm elven elders did not dare to disobey and bowed one after another to express their submission.

At this time, the Elf Clan Leader Zhu Hai also escorted everyone towards the clan.

"Ye Feng, thank you."

Yan Ruyu walked to Ye Feng's side, with a hint of gratitude on her beautiful face.

"It doesn't matter."

Ye Feng shook his head and said: "I will come this time

I came to the Great Wilderness just to help you and the Elf Queen. The higher your elves' status in the Great Wilderness and the stronger your strength. After joining our Great Emperor Alliance, the Great Emperor Alliance's control over the Great Wasteland will be stronger. "

The Great Emperor Alliance is now in the inland of the Southern Territory, backed by the Human Emperor Peak, with underworld assistance in the dark, controlling the chaotic ancient sea along the coast, and extracting and plundering deep-sea treasures.

So now that Yan Ruyu has a relationship with the Elf Queen, Ye Feng naturally hopes to absorb the elves into the Great Emperor Alliance.

In this case, the Great Emperor Alliance can place a chess piece in the wilderness to spy on the entire wilderness area.

The Great Wilderness is originally a place that contains countless treasures, spiritual materials, ancient ruins, etc. that were created by heaven and earth. It is as rich a place as the deep sea area.

Therefore, Ye Feng felt that if the Great Emperor Alliance could annex the entire Great Wilderness and make all the tribes of the Great Wilderness surrender, it would definitely expand the power of his Great Emperor Alliance to an extreme.

And just as Ye Feng was secretly planning in his heart, everyone had already arrived at the inner area of the elves.

At this time, at the top of a huge castle in the distance, on a jade pillar reaching the sky, there was a stone shining with nine colors of light.

This stone exudes a strong power of luck, making people feel like they are worshipping it.

This stone is the clan stone of the Elf clan, the inherited clan stone that inherits the destiny of the clan!

"Queen of Elf! Are you back?"

At this time, at the gate of the castle, two tall masters of the giant elephant family were at the beginning of the fourth holy realm and the great master of the fourth holy realm.

Their eyes were shocked, and they didn't expect the Elf Queen to be back.

When the two masters of the giant elephant clan were about to say something.

"Pfft!"

"Pfft!"

Two sword energy suddenly burst out from a distance, directly piercing the heads of the two giant elephant masters.

Swish, swish, swish!

Almost at this moment, a series of horrified eyes focused on Ye Feng.

Ye Feng killed these two giant elephant clan masters, and there was no emotion on his face at all. He just said: "Let's go in and see how your Elf clan's clan stone is doing?"

Many members of the Elf clan now felt that this human boy was simply ridiculously strong.

Killing a strong person in the Holy Realm is like slaughtering a pig or a dog.

This kind of strength is simply terrifying!

Next, everyone climbed onto the huge castle in front and reached the top of the castle.

At this time, the Elf Queen looked at the clan stone shining with nine colors of light, folded her hands on her shoulders, and said with a very pious attitude and deep reverence in her eyes: "God of the Elf clan, if you can Hear my request, please manifest your power and let me drive away the alien gods from the clan stone."

At this time, the Elf Queen said, a white and slender hand directly pressed on the clan stone.

"boom!"

Suddenly, a sacred light emanated from the Elf Queen's body, and a tall white light figure condensed out of it. It had wings on its back, holding a scepter in its hand, and pointed the scepter directly on the clan stone.

"It belongs to the god of our elves.

Manifested! "

"Our Queen is indeed the person chosen by God. She has actually communicated with the God of our elves. It is really great. God bless my elves!"

At this moment, countless elves around saw this magical scene, with deep excitement in their eyes.

"boom!"

But at this moment, a huge figure with human body and elephant head, which was several thousand feet tall and towering, suddenly stepped out from the clan stone and appeared under the sky.

Buzz!

A heavy and vast aura suddenly spread throughout the void.

"Plop!"

"Plop!"

The terrifying pressure immediately caused many members of the elven clan with weak cultivation to lie on the ground, feeling the irresistible power.

"It's the elephant god!"

"The god of the giant elephant clan has also manifested!"

The expressions of countless elves became extremely frightened.

Suddenly at this moment, the giant elephant god took action.

He just stretched out a hand, and that hand immediately manifested into a huge elephant hoof under the blue sky, like an ancient sacred mountain trampling down, and the void collapsed.

"Crack!"

"boom!"

The god of the elves, the sacred white light figure with wings growing on his back and holding a scepter in his hand, was suddenly blasted to the ground, and his body was torn into pieces, as if it would be completely shattered in the next moment.

"What?"

"The god of the giant elephant clan defeated our elven god with one move?"

Countless elves felt deep powerlessness and despair at this moment.

"puff!"

The Elf Queen also spurted out a mouthful of blood at this moment, her eyes shocked.

"Your Majesty, are you okay?"

Saint Yan Ruyu immediately stepped forward anxiously and supported the trembling Elf Queen.

The Elf Queen had obviously suffered a heavy blow at this time, and her spirit and soul were severely damaged.

With a hint of fear in her expression, she said: "The gods of the giant elephant clan are too terrifying. Just a trace of the gods' thoughts made me feel boundless and heavy. I couldn't resist it at all. The gods of our elf clan can't compete with them." The elephant god contends."

At this time, the patriarch Zhu Hai laughed ferociously and said: "Hahaha, Elf Queen, don't waste your efforts. You have also seen that the gods of our Elf clan are too weak. What reason do we have to believe in every day?" Wouldn't it be more beneficial for our gods to attach themselves to the giant elephant clan and enjoy the majesty of the giant elephant god?"

Ye Feng said indifferently at this time: "A trace of the will of the gods is nothing, I will solve it."

At this time, under the horrified eyes of everyone, Ye Feng stepped directly to the top of the castle and faced the shadow of the giant elephant god standing under the blue sky, which was several thousand feet tall.

"What is he going to do?"

"You are provoking the gods as a mortal!"

Everyone was shocked and felt a huge impact.

Chapter 732 Thunder comes

Using a mortal body to challenge the gods!

At this moment, Ye Feng shocked everyone so much.

Countless eyes were focused on that young and tall figure.

Ye Feng stood alone on the castle, facing the shadow of the towering elephant god under the blue sky, as small as a tiny ant. ??

But at this moment, Ye Feng's eyes were filled with a monstrous fighting spirit.

"Courage is admirable, but it is too stupid!"

After a brief shock, the elf leader Zhu Hai made a cold and sarcastic voice: "The Colossus God is the most powerful god at the top level in the legends of hundreds of tribes in the wilderness. Even though the ancient gods have fallen in the prehistoric era, but This remaining trace of divine will can definitely kill the soul of an ancient saint in an instant. Human boy, if you dare to fight against the will of the giant elephant god and provoke the wrath of the god, the entire elven clan will be buried because of you!"

At this moment, the moment the Elf leader finished speaking, the faces of many Elf clan members on the scene could not help but change.

Even the Elf Queen and the Saint's beautiful Yan Ruyu had extremely ugly expressions on their faces.

Although what the Elf Clan Leader Zhu Hai said was very annoying.

But what he said was correct.

If the will of the gods is offended and the gods unleash their wrath, the entire elven clan may indeed be destroyed.

"Ye Feng..."

At this time, the Elf Queen suddenly spoke up, as if she wanted to say something.

"No need to say anything, just watch me slay the gods."

But at this moment, Ye Feng suddenly uttered a sentence.

Watch me slay the gods!

Almost the moment Ye Feng finished speaking, the entire field was in an uproar.

Everyone's eyes became incredulous and they stared at Ye Feng.

At this time, the elf leader Zhu Hai's face became extremely ferocious, and he shouted: "Elf Queen! Look what you have done? You have brought back a huge disaster! He has angered the giant elephant clan. As a god, our elves will definitely be buried with him. You, the elf queen, are the eternal sinners you say!"

"Buzz!"

And suddenly I felt that at this time, the world suddenly became extremely cold, and the water vapor in the air suddenly condensed into ice crystals, falling down from the high altitude.

At this moment, everyone felt that their body's energy and blood were about to be frozen, and they were trapped in permanent ice.

Even the Queen of Elf and the leader of the Elf clan, who are the top experts in the Fifth Holy Realm, feel like they have fallen into an ice cellar at this moment, feeling that their souls are chilling and about to be annihilated.

"The elephant god is angry!"

"When the gods are angry, heaven and earth will change!"

"Are our elves really going to be destroyed?"

At this moment, all the elves were murmuring in horror.

Obviously, they all felt a trace of the divine will of the Colossus God, and they were really angry. They wanted to punish God. God's punishment was extremely terrifying and could destroy the entire Elf Castle in an instant.

"The ancient times have fallen, and there is only a faint trace of God's will left. How dare you

You are a domineering person in front of me, you are a trivial person, you really don't know the heights of the world, watch me destroy you! "

Ye Feng suddenly shouted loudly at this time.

"Boom!"

An extremely terrifying blood energy beam rushed out from his Heavenly Spirit Cap in an instant and penetrated the sky.

Wow!

Almost at this moment, the blood energy light beam emitted terrifying heat, and it suddenly dispersed all the icy air in the entire world.

Like an endless glacier, a volcano suddenly erupted, melting everything and bringing endless heat to life.

"What a terrifying blood!"

"It feels like an ancient dragon bursting with vitality!"

"The body is like a furnace, smelting all things, and the energy and blood are like the blazing sun, shining on the world. He actually instantly dispelled the cold death energy descended by the gods. Is this human boy... really a human?"

At this moment, countless people exclaimed in amazement.

Even Zhu Hai, the elf clan leader, was dumbfounded.

His originally sarcastic look was suddenly shaken, revealing a horrified look.

"Soul Emperor Seal!"

"Great Thunder Emperor Seal!"

boom!

Ye Feng shouted loudly and suddenly stepped into the sky.

He formed seals with his hands and used his immense soul power to communicate with the vast sea of thunder between heaven and earth.

"Buzz!"

A huge dark soul giant appeared behind Ye Feng. At this time, the dark soul giant's body was shrouded in endless thunder, like a thunder god from the ancient times descending.

This is the ultimate secret of the Great Soul Emperor Seal, the Great Thunder Emperor Seal, which manifests the will of the Thunder Emperor from ancient times!

At this moment, Ye Feng's soul power and Ye Feng's brain seemed to have broken through the barrier above the nine heavens and jumped into the depths of the boundless starry sky. He meditated on thousands of thunders, his mind and soul and the thunder of heaven and earth. Blended, the thunder shook the ghosts and gods.

"Thunder comes!"

Ye Feng suddenly opened his eyes at this moment and pointed at the vast sky with one finger.

"boom!!"

Suddenly, a huge thunderbolt as thick as a bucket, flashing with blue-purple light and full of the aura of destruction, descended from the nine heavens in an instant and directly bombarded the Colossus God's divine will.

"Crack!"

A series of terrifying cracks suddenly appeared on the body of the Colossus God, a shadow of the divine will.

"Great Thunder Emperor Seal!"

"Thunder God is angry! Heaven and earth are shocked!"

"Destroy me!"

Ye Feng roared, and the soul dark giant behind him, with infinite thunder power surging all over his body, transformed into the Thunder Emperor of ancient times, and suddenly rushed towards the Colossus God with big strides.

"Boom!"

Dark Thunder Giant

, he held his hand in the void, and suddenly a thunder war spear with a length of several thousand meters appeared. With a "pop", the huge thunder war spear pierced directly into the body of the Colossus God.

"howl!!"

At this moment, under the horrified and shocked eyes of countless people, the will of the Colossus God, full of endless majesty, actually made a painful sound like a howl.

"The oven of creation!"

"swallow!"

And at the next moment, Ye Feng instantly activated the first talent associated with the awakening of his Divine Art of Creation, the Creation Oven.

The Devouring Domain understood from the Great Furnace of Creation can currently only devour the skills and blood of living beings, but cannot yet plunder and devour souls or the will of powerful beings.

But the body of the Creation Oven can! It can swallow up everything in the world and countless energies!

"Clang!"

At this moment, above the head of the Colossus God, an ancient furnace as huge as a mountain suddenly appeared. At this time, the furnace lid was opened wide, and this trace of the divine will of the Colossus God was immediately put into the furnace of creation. furnace, and then the furnace lid is closed directly.

"sensation!"

"sensation!"

In the oven of creation, a trace of the divine will of the Mammoth God was roaring crazily, as if it was about to crush the oven.

However, the will of the giant elephant god had just been bombarded by a thunderbolt from above the nine heavens, and was stabbed by a dark soul giant who had turned into an ancient thunder emperor. It had been severely damaged.

So at this moment, Ye Feng was very bold and directly used the oven of creation to load and imprison the will of the giant elephant god.

Maybe I don't have the ability to refine it now, but in the future when my cultivation level becomes stronger, I can refine it, which will definitely have endless benefits.

"The giant elephant god was suppressed by this human boy?"

At this moment, not to mention the ordinary members of the Elf clan, including the Elf Queen, Saint Yan Ruyu, a group of elders, and even the Elf clan leader Zhu Hai who just mocked Ye Feng, their mouths were opened wide at this moment, almost... His eyes dropped in horror.

"He...actually killed the gods!"

Although it is just a hint of the hazy will of the giant elephant god, it is also a terrifying thing that even the ancient saints did not dare to challenge.

But at this moment, Ye Feng used terrifying methods that ordinary people could not understand, and forcibly suppressed the giant elephant god that even the elves and gods could not resist.

And just now Ye Feng stepped high in the sky and just roared, endless thunder descended from the nine heavens, and the dark giant with the light of thunder surging all over his body...

All the methods were used to make everyone unable to understand and find it unbelievable.

"Could this human boy be the descendant of a human god?"

At this time, many members of the Elf clan had such speculations in their minds.

All of a sudden, everyone, including the group of elven saints in the elder group, focused their revered eyes on Ye Feng.

Bang!

At this moment, Zhu Hai fell to the ground all of a sudden, as if he had lost all strength. He knew that he was completely defeated and would become a prisoner.

Buzz!

And suddenly at this moment, the divine will of the elven clan that had been bombarded in the ruins in the distance, that sacred figure made of white light with wings on its back, flashed from a distance and stood there. In front of Ye Feng.

It actually bowed slightly to Ye Feng, as if to express its gratitude, and then stepped into the clan stone of the Elf clan.

"Our elven god is thanking that human boy!"

When many members of the Elf clan saw this scene, especially some old people, they were moved to tears.

Plop!

Plop!

...

They all knelt down and kowtowed to Ye Feng's place, saying gratefully: "Thank you, sir, for your help!"

Even their beliefs and gods bowed to Ye Feng. It was natural for these elves to kowtow to Ye Feng.

At this time, both the Elf Queen and Yan Ruyu were shocked.

They never expected that Ye Feng had so many incredible and powerful methods hidden in him.

At this moment, Yan Ruyu stared at Ye Feng, a little suspicious, and couldn't help but whisper: "Ye Feng, is the blood of God flowing in your body?"

The Elf Queen also asked in amazement: "Ye Feng, I didn't expect that even the gods of our Elf clan would bow to you. This time, it seems that I don't even need to convince all the Elf clan members. They will definitely be willing. Follow yours."

At this time, Ye Feng was exploring the will of the Colossus God in the furnace of creation within his body, and responded somewhat perfunctorily: "That's good, by the way, provide me with a quiet place, I need to study the divine will of the Colossus God. "

The Elf Queen immediately nodded and said to Yan Ruyu: "Take Ye Feng to live in your Saint's Palace. It is the quietest there. You must satisfy Ye Feng's requirements at any time."

At this moment, in the eyes of the Elf Queen, Ye Feng is not only her great benefactor, but has also become the object of worship for everyone in the Elf clan.

At this time, an old man from the Elf clan came out. First, he bowed respectfully to Ye Feng, and then the old man said to the Elf Queen: "The saint should be allowed to offer her body to this human master. , in order to express the gratitude of our entire elven family, this is the tradition of our elven family."

When Yan Ruyu heard the old man say these words, she was not as resistant and angry as when she knew she was going to marry the young master of the giant elephant clan.

Instead, she secretly glanced at Ye Feng, and her flawless face suddenly turned red.

Ye Feng was a little surprised and stared at the old man from the Elf clan who spoke. He didn't expect that the Elf clan still had such a tradition.

"Ye Feng, don't listen to Elder Mo's nonsense. Let's go. I'll take you to the Saintess' Hall to rest."

Yan Ruyu stretched out a small white hand, took Ye Feng's palm, and trotted away in a certain direction within the elves.

Chapter 733 Demon Realm

Yan Ruyu took Ye Feng and quickly passed through many elven castles and reached the deepest area.

On the green grass in the distance, a very exquisite palace was built.

This temple is not large in area, but it gives people a very sacred feeling.

"Saint's Temple" .??.

Three large characters are engraved on the plaque directly above the temple.

At this moment, Ye Feng suddenly felt a very pure and noble aura, emanating from every inch of the entire Saintess Hall.

Ye Feng's eyes couldn't help but be a little surprised, and said: "This entire Saintess Temple should be a powerful magic weapon."

Yan Ruyu's beautiful eyes flashed, she stared at Ye Feng, showed a charming smile, and said: "I have very good eyesight. This Saintess Temple is indeed a powerful magic weapon. It ranks among the ultimate holy weapons and is the oldest of our elves. It has been passed down from the past. By the way, the divine blood of the elves' gods that you need is also stored in this Saintess' Temple. I will get it for you."

Yan Ruyu said, and with a movement of her body, the graceful figure entered the Saintess' Hall first and disappeared.

Ye Feng knew that Yan Ruyu was afraid that he would know where the divine blood was placed.

After all, divine blood is probably more important to the elves than clan stones.

Ye Feng didn't care, just stood on the green grass and looked at the surrounding environment.

It has to be said that the territory of the elves is really like a paradise in the wilderness.

Ancient castles are located one after another, just like some human tribes on the edge of the wilderness, living a life without competing with the world.

If it hadn't been for this secret trial by the Lord of the Wilderness, all the tribes of the Wilderness were ready to take action, and I'm afraid the Elf Clan wouldn't have had such a big change.

"The Lord of the Wilderness, that is a legendary figure. He is probably on par with the Luangu Emperor. One is the emperor of the Luangu Sea, and the other is the master of the Endless Wilderness."

At this time, Ye Feng secretly murmured in his heart.

This time, although it is said that it is to help the elves to win the top ten rankings in the secret trial of the Lord of the Wilderness, in order to compete for more possessions of the wilderness territory for the elves.

But Ye Feng himself is also looking forward to the secret trial left by a legendary ancient figure like the Lord of the Wilderness. Perhaps, he can grow from that secret trial.

"Now that I have understood the secrets of life and death and reincarnation, all I need is the accumulation of energy..."

Ye Feng murmured secretly. He saw Yan Ruyu walking out of the Saintess' Hall not far away, holding a small transparent crystal bottle in her hand.

In that small bottle, there was nearly half a bottle of purple liquid, which was emitting nine colors of light and looked extremely magical.

Yan Ruyu walked up to Ye Feng, handed the small bottle to Ye Feng, and said: "Here, all the divine blood currently worth about a dozen drops will be given to you. This time you will help our elves to save the world." This is what Her Royal Highness the Queen means after overcoming the great difficulty."

Ye Feng's eyes were filled with joy, and without any politeness, he directly took the small half-bottle of elven divine blood.

At this moment, he could feel a very terrifying and majestic energy from this small crystal bottle.

That small half bottle of purple divine blood gave Ye Feng the feeling of being boundless.

The world's ocean is contained in this bottle.

But then Ye Feng was a little surprised and said: "As a clan of elves, do you only have these dozen drops of divine blood left?"

Yan Ruyu sighed slightly and said: "The formation and collection of divine blood is very slow. We, the elves, need to spend a huge price to hunt down evil beasts of the wilderness and worship the sculptures of the elven gods. It takes a year and a half to get only one drop of divine blood. If the reward was as easy as you think, Ye Feng, our elves would have dominated the entire wilderness long ago."

Ye Feng's eyes moved and he said: "Then these dozen drops of my divine blood are the hard work of your elves, the whole clan, and more than ten years of hard work?"

Yan Ruyu nodded and said: "That's right, but you can accept them all so that you can refine them quickly. This time the Lord of the Wilderness's secret realm trial, I just heard the guardian mother-in-law in the Saintess' Hall say, maybe our Wilderness Hundreds The tribes will join forces to use a treasure of the Lord of the Wilderness, the Ancient Demon Sealing List, and use the power of the hundreds of tribes of the Wilderness to open up the passage to the ancient demon world. The place where we will be tested in half a month will be in that strange and ancient demon world. "

"Demon Realm!"

At this time, Shang suddenly spoke in Ye Feng's mind: "Ye Feng, the demon world is a very vast interface in the legend. It is boundless and vast. All the people living in the demon world are all kinds of powerful ancient demon clans. Powerful Incomparably, this trip may be dangerous, but since the hundreds of tribes in the wilderness are going to send their young people into the demon world for trial, the demon world area they must enter is a relatively remote area in the demon world,

and it will not be too dangerous, otherwise they will encounter What kind of terrifying ancient demon can devour all of you who are on trial, or the Great Wilderness race, in one bite!"

What Shang said at this time was very serious and scary.

But Ye Feng knew that this was true.

Because Ye Feng also knew a little about the legends about the demon world.

The demon world is almost a vast interface at the same level as the demon world, and it is an interface at the same level as the spiritual world. It is vast and endless, countless times larger than the Longyuan Continent.

After all, Longyuan Continent, in the spiritual world, is just a super-large island floating in the endless ocean.

Yan Ruyu spoke solemnly at this time and said: "Ye Feng, this time we are at odds with the giant elephant clan. In the trial of the demon world, I am afraid that the giant elephant clan will all brutally hunt our elves. No, No mercy."

Ye Feng nodded slightly and said: "Actually, for me, the hunting from the giant elephant clan is just a small problem. The most important thing is the terrible threat from the local creatures in the demon world."

Yan Ruyu said: "I also heard the guardian mother-in-law say this. The demon world is a very vast ancient interface. It is boundless. There are countless ancient taboo creatures living there, and even legendary prehistoric demons who can fight against those in the nine heavens. God, but Ye Feng, don't worry too much. The passage to the demon world opened by our tribes in the wilderness leads to a trial area that is only a small and remote area in the demon world. The possibility of the emergence of such an irresistible taboo demon is very low. "

Ye Feng nodded and walked towards the Holy Girl's Hall, saying: "There's still half a month, right? During this time, I will practice in seclusion and let no one disturb me. As for the giant elephant clan, if there is a powerful person who comes to cause trouble, , just let me know."

After the words fell, Ye Feng's figure had disappeared into the Saintess' Hall.

At this time, Yan Ruyu was also rushing in a certain direction. Obviously she also wanted to make good use of the remaining half a month of intense time to prepare well. Yan Ruyu took Ye Feng and quickly passed through many elven castles and reached the deepest area.

On the green grass in the distance, a very exquisite palace was built.

This temple is not large in area, but it gives people a very sacred feeling.

"Saint's Temple"

At this time, Ye Feng secretly murmured in his heart.

This time, although it is said that it is to help the elves to win the top ten rankings in the secret trial of the Lord of the Wilderness, in order to compete for more possessions of the wilderness territory for the elves.

But Ye Feng himself is also looking forward to the secret trial left by a legendary ancient figure like the Lord of the Wilderness. Perhaps, he can grow from that secret trial.

"Now that I have understood the secrets of life and death and reincarnation, all I need is the accumulation of energy..."

Ye Feng murmured secretly. He saw Yan Ruyu walking out of the Saintess' Hall not far away, holding a small transparent crystal bottle in her hand.

In that small bottle, there was nearly half a bottle of purple liquid, which was emitting nine colors of light and looked extremely magical.

Yan Ruyu walked up to Ye Feng, handed the small bottle to Ye Feng, and said: "Here, all the divine blood currently worth about a dozen drops will be given to you. This time you will help our elves to save the world." This is what Her Majesty the Queen means after overcoming a huge difficulty."

Ye Feng's eyes were filled with joy, and without any politeness, he directly took the small half-bottle of elven divine blood.

At this moment, he could feel a very terrifying and majestic energy from this small crystal bottle.

That small half bottle of purple divine blood gave Ye Feng the feeling of a boundless world.

The world's ocean is contained in this bottle.

But then Ye Feng was a little surprised and said: "As a clan of elves, do you only have these dozen drops of divine blood left?"

Yan Ruyu sighed slightly and said: "The formation and collection of divine blood is very slow. We, the elves, need to spend a huge price to hunt down evil beasts of the wilderness and worship the sculptures of the elven gods. It takes a year and a half to get only one drop of divine blood. If the reward was as easy as you think, Ye Feng, our elves would have dominated the entire wilderness long ago."

Ye Feng's eyes moved and he said: "Then these dozen drops of my divine blood are the hard work of your elves, the whole clan, and more than ten years of hard work?"

Yan Ruyu nodded and said: "That's right, but you can accept them all so that you can refine them quickly. This time the Lord of the Wilderness's secret realm trial, I just heard the guardian mother-in-law in the Saintess' Hall say, maybe our Wilderness Hundreds The tribes will join forces to use a treasure of the Lord of the Wilderness, the Ancient Demon Sealing List, and use the power of the hundreds of tribes of the Wilderness to open up the passage to the ancient demon world. The place where we will be tested in half a month will be in that strange and ancient demon world. "

"Demon Realm!"

At this time, Shang suddenly spoke in Ye Feng's mind: "Ye Feng, the demon world is a very vast interface in the legend. It is boundless and vast. All the people living in the demon world are all kinds of powerful ancient demon clans. Powerful Incomparably, this trip may be dangerous, but since the hundreds of tribes in the wilderness are going to send their young people into the demon world for trial, the demon world area they must enter is a relatively remote area in the demon world, and it will not be too dangerous, otherwise they will encounter What kind of terrifying ancient demon can devour all of you who are on trial, or the Great Wilderness race, in one bite!"

What Shang said at this time was very serious and scary.

But Ye Feng knew that this was true.

Because Ye Feng also knew a little about the legends about the demon world.

The demon world is almost a vast interface at the same level as the demon world, and it is an interface at the same level as the spiritual world. It is vast and endless, countless times larger than Longyuan Continent.

After all, Longyuan Continent, in the spiritual world, is just a super-large island floating in the endless ocean.

Yan Ruyu spoke solemnly at this time and said: "Ye Feng, this time we are at odds with the giant elephant clan. In the trial of the demon world, I am afraid that the giant elephant clan will all brutally hunt our elves. No No mercy."

Ye Feng nodded slightly and said: "Actually, for me, the hunting from the giant elephant clan is just a small problem. The most important thing is the terrible threat from the local creatures in the demon world."

Yan Ruyu said: "I also heard the guardian mother-in-law say this. The demon world is a very vast ancient interface. It is boundless. There are countless ancient taboo creatures living there, and even legendary prehistoric demons who can fight against those in the nine heavens. God, but Ye Feng, don't worry too much. The passage to the demon world opened by our tribes in the wilderness leads to a trial area that is only a small and remote area in the demon world. The possibility of the emergence of such an irresistible taboo demon is very low. "

Ye Feng nodded and walked towards the Holy Girl's Hall, saying: "There's still half a month, right? During this time, I will practice in seclusion and let no one disturb me. As for the giant elephant clan, if there is a powerful person who comes to cause trouble, , just let me know."

After the words fell, Ye Feng's figure had disappeared into the Saintess' Hall.

At this time, Yan Ruyu was also rushing in a certain direction. Obviously she also wanted to make good use of the remaining half a month of intense time to prepare well.

Chapter 734 Dreaming into the Wilderness

Saintess' Hall, in an elegant room.

Ye Feng sat cross-legged with two small transparent bottles on the ground.

A bottle was filled with golden blood, and the faint sound of ancient dragon roars could be heard.

The other one was a small half-filled bottle of purple blood, exuding nine colors of light.

These two bottles are the holy blood of the Dragon Palace saint and the blood rewarded by the gods of the elves. ??

The divine blood of the elves is not the blood dripping from the real god, but the "divine blood" rewarded by the god through worship.

In any case, Ye Feng could sense that even just a dozen drops of the elves' divine blood was countless times more powerful than the full bottle of Dragon Palace Saint's blood next to him.

"Crack!"

Ye Feng exhaled directly and turned into two air swords in one breath, instantly cutting open the mouths of the two small bottles in front of him.

"boom!"

Suddenly, a small dragon with golden light rushed out from the bottle of the blood of the Dragon Palace Saint, roaring and roaring.

"Wow!"

But at this time, Ye Feng just took a deep breath and swallowed the entire bottle of Dragon Palace Saint's blood in an instant.

"boom!!!"

A terrifying energy, as majestic as the sea and as powerful as the abyss, suddenly exploded in Ye Feng's body.

At this moment, Ye Feng felt that the ball of saint's blood was like a volcano erupting.

The terrifying impact and energy made Ye Feng's skin turn very red and glow red, as if his whole body had turned into a red-hot iron.

At this moment, Ye Feng suddenly felt that the sea of mana in his dantian was rapidly colliding and growing.

"boom!"

Ye Feng's cultivation level has broken through.

Stepped directly into the fourth holy realm intermediate level.

"boom!"

Another burst of martial arts aura erupted.

The fourth holy realm high level!

"boom!"

The Fourth Holy Realm is completed!

"boom!"

The fourth holy realm is completed!

Finally, the martial arts momentum on Ye Feng's body stopped.

Ye Feng could feel that not only his own cultivation had made a huge breakthrough.

The saint's blood now flows into the limbs and bones, lurking in the flesh and bones, and has not yet been fully utilized.

A saint is a great being who transcends ordinary beings.

The blood of a saint is rarer and more valuable than any elixir in the world.

The energy of the saint's blood not only greatly improved Ye Feng's cultivation, but also subtly helped Ye Feng strengthen his overall physical fitness.

"Divine blood!"

Ye Feng struck while the iron was hot. Without any hesitation, he opened his mouth and swallowed the dozen drops of divine blood.

If other elves saw this scene, they would definitely be scared to death.

Because even if the top elf elders in the fifth holy realm get a drop of divine blood, they will slowly absorb the charm and divine energy, and slowly refine it, which may take ten days and a half.

But now Ye Feng swallowed more than a dozen drops of divine blood in one breath.

Ye Feng's body is like a big oven of heaven and earth, able to withstand and smelt any power of any attribute.

At this moment, a dozen drops of elven blood entered the body.

Ye Feng suddenly felt hot all over his body, a terrifying burning sensation that made Ye Feng feel like he was being roasted on a fire.

.

"So hot!"

Ye Feng couldn't help but roared, and rushed out of the room, running towards the outside of the Saintess' Hall.

He came to a big river in the area of the Elf Clan's castle, and jumped into it with a "pop" sound.

"Ah! Rogue!"

A dozen beautiful female elves who were swimming in this river of elves immediately screamed in surprise.

They quickly went ashore, but saw Ye Feng's figure jumping up and floating in the middle of the river.

"Huh? It's the legendary master who suppressed the elephant god!"

A female elf's beautiful eyes were startled, and she couldn't help but speak out.

"It seems like it's really that young adult!"

"Wow, we are so lucky to be able to see that adult so close."

The dozen or so other female elves all had their beautiful eyes lit up, and they all stared at the figure of the young man floating in the middle of the river.

"Buzz buzz!"

"Buzz buzz!"

At this time, Ye Feng had no time to pay attention to the dozen beautiful elf women on the shore.

He was rapidly running his devouring power, quickly devouring the terrifying energy provided by the dozen drops of elven blood.

At this moment, the furnace of creation was suppressing the will of the Colossus God, unable to refine the divine blood for Ye Feng.

Now Ye Feng can only treat his body as a big oven to accommodate and absorb the terrifying power in the divine blood.

If Ye Feng hadn't achieved the star battle body, he even suspected that the moment he swallowed the elven blood just now, he would immediately melt into a pool of blood.

"Don't be so impulsive next time, but this time it's because time is urgent and there's no other way."

Ye Feng muttered in his heart, and quickly transferred all the useless heat through his flesh and skin to the cold river water outside.

Gulu!

Gulu!

A whole river of cold water began to boil under the terrifying heat transmitted from Ye Feng's body.

The whole river, which was probably several kilometers long, was boiling because of Ye Feng.

It has to be said that Ye Feng's whole body at this time had an extremely terrifying high temperature.

If Ye Feng hadn't been wearing special robes, the clothes of a practitioner, he would have been burned to ashes.

"Sir, are you practicing a magical skill?"

The dozen or so female elves on the shore all looked with admiration in their eyes, staring at the vision of the entire river boiling.

"What a masculine and strong body that must be."

Several older and beautiful elves, with their eyes shining brightly, stared at Ye Feng who was practicing, wondering what they were thinking.

...

Seven days later.

The water in the entire river was evaporated.

Ye Feng was sitting cross-legged on the dry river bed. His cultivation had reached the peak level of the fourth holy realm, and he had stepped into the fifth holy realm with one foot.

It's half a step to the fifth holy realm!

What surprised Ye Feng the most was that under the great influence of the elves' divine blood, his fifth companion talent, which he had not awakened for a long time, was finally activated.

At this moment, Ye Feng's thoughts moved, and a statue slowly appeared in the void in front of him.

Ancient stone monument.

The front and back of this ancient stone tablet are engraved with the characters "Hong" and "Huang" respectively.

"Old Monument?"

There was a hint of confusion in Ye Feng's eyes. His fifth companion talent actually awakened a physical stone tablet?

However, it seems that there is no strong power, and there seems to be no increase in combat power.

"What is the use of this prehistoric stone tablet?"

Ye Feng was puzzled and decided to reach out and put away this ancient monument first.

"Buzz!"

But the moment Ye Feng's fingers touched this ancient stone tablet, his brain went "boom", and the stars moved. He felt that his soul had suddenly traveled through endless time and space, and came to a vast expanse of vastness. earth.

Ye Feng looked around at this moment and saw that he was standing on an endless barren land at this moment.

There are actually ten huge scorching suns in the sky!

Moreover, every grain of sand in this land is as hard as cast steel, and the space is also extremely tough.

At the end of the earth in the distance, there are continuous mountains, towering tall and majestic.

"Boom!"

Not far away, a golden centipede that was several kilometers long, with scales all over its body like gold, and claws as ferocious as heavenly knives, crawled out from a huge crack in the earth.

In the other direction, there is another three-headed giant with a body as majestic as a mountain, carrying a thousand-meter-long dark iron rod like a pillar of heaven on its shoulders, walking from the endless depths of the wilderness. Every time his footsteps fall, the earth is Violent tremors occur.

"Chirp!"

High in the sky, a huge bird that covered the sky flew by, its body burning with terrifying flames. When it opened its mouth, it could spit out endless flames, destroying and slaughtering a mortal country in an instant...

"Gulu!"

Ye Feng swallowed, looked at his hands, and found that he was in a soul state.

"The vast and solid wild land, ten suns hanging in the sky, golden centipedes thousands of meters long, three-headed giants walking thousands of feet tall, giant birds covering the sky like flaming phoenixes..."

"Could it be that the prehistoric stone tablet was the passage to this strange world that allowed my soul to enter this world? Is this shocking land a prehistoric world that has disappeared in the long river of history?"

"But the prehistoric era has long since disappeared in the long river of history..."

At this moment, Ye Feng fell into endless shock.

This is a prehistoric land that is countless times vaster than the land of the spirit world, and is home to countless ancient, terrifying and taboo creatures!

"Huh? My soul power and martial arts conception are improving so fast in this world! I don't even have to practice and comprehend by myself, my soul power and martial arts conception are growing rapidly!"

Ye Feng suddenly discovered the huge benefits of entering this mysterious land for his soul.

He was getting ready to practice hard.

"boom!"

Suddenly, the giant bird that covered the sky and looked like a phoenix suddenly stared at Ye Feng below.

"Buzz!"

Almost at this moment, Ye Feng felt an infinite ferocity and eternal murderous intention, covering his whole body.

"This world, is it really

It's still fake! The prehistoric era has disappeared in the long river of history. It is the land of the previous era. However, the moment I was stared at by the giant bird, the strong ferocity and murderous intent, why was it so real! "

Almost at this moment, Ye Feng's entire soul shivered, as if falling into an ice cellar.

"Wow!"

Ye Feng felt his soul become weak, and his soul body immediately disappeared.

The next moment, the world was spinning. Ye Feng opened his eyes and found that in front of him was the dry riverbed from before.

The ancient stone tablet with the word "primordial" engraved on it was floating quietly.

"Was it just a dream, or did the soul really travel to another ancient land where all civilizations originated in legend?"

Ye Feng's dream was like a dream in the wilderness, and he felt as if all his strength had been drained away.

But at the next moment, Ye Feng suddenly felt that his martial arts artistic conception and soul power had grown tremendously.

His soul power increased directly from level 103 to level 106!

"What a terrifying speed of improvement. My soul only stayed in the dream world in that ancient stone monument for just a few minutes."

Ye Feng's eyes were excited. He continued to touch the stone tablet at this time, wanting to continue dreaming into the wilderness.

But the stone tablet didn't respond at all.

"What happened? Is this prehistoric stone tablet malfunctioning? Can it only be used once? Probably not. Maybe simulating that prehistoric space requires a huge amount of power. Now that the stone tablet has exhausted its energy, it will take a while."

Ye Feng secretly guessed.

Possessing a treasure that simulates the earth's environment in ancient times, Ye Feng has also encountered it. With a wilderness mirror, he can depict the primitive wilderness environment, allowing his soul power to enter that simulated environment and quickly improve.

Obviously, the prehistoric stone monument that he is now awakening to can simulate the original virtual world is even broader. It is actually the origin continent of countless civilizations in the world, the prehistoric land.

At this time, Yan Ruyu suddenly walked up not far away and shouted from a distance: "Ye Feng, the trial time for the demon world has started early. Follow me quickly and we will participate in the opening ceremony of the demon world passage."

"good."

Ye Feng responded and immediately stood up and walked towards Yan Ruyu's direction.

And at this time.

...

In a certain mysterious dimension of time and space, the center of the universe is where coldness and darkness coexist.

An endless vast continental plate floats in it, connected to the infinite boundaries of the universe on all four sides, just like the center of the heavens and worlds.

At this time, in a certain wild land on the vast continental plate of the universe in the center of the heavens.

A huge flaming bird that covered the sky and the sun originally wanted to prey on the soul of a small human creature underneath.

But at the next moment, the human creature disappeared in front of the flaming giant bird without any warning, which made the flaming giant bird look suspicious in its ferocious eyes.

It is the supreme creature in this wilderness. In the entire boundless wild world, even the gods of some weak races cannot escape its prey.

But the human creature that suddenly disappeared just now, and whose aura seemed as weak as an ant, disappeared in an instant.

This made this supreme-level ferocious bird capable of hunting gods arouse a deep curiosity in its heart...

Chapter 735 Xiang Wudao

Ye Feng followed Yan Ruyu and soon arrived at the gate of the Elf Castle.

At this time, many powerful masters from the elves have gathered at the door.

The Elf Queen also stood among them.

Moreover, at this time, there was an old woman with wrinkles standing next to the Elf Queen. ??

Yan Ruyu immediately introduced in a low voice: "Ye Feng, that old senior is the guardian mother-in-law of our elf clan. She is a high-level quasi-sage existence."

Ye Feng's eyes flashed slightly, and he immediately looked towards the old woman.

He instantly felt an unfathomable aura, hidden in that seemingly old and decaying body, giving people a feeling like an abyss and a prison.

However, for the other heads of the Elf clan, and even for the Elf Queen of the Fifth Holy Realm, this old woman is a supreme being and an unfathomable and powerful person.

But now, with the help of the blood of saints and the blood of elves, Ye Feng's cultivation and strength have grown by leaps and bounds.

Ye Feng, who now has one foot in the fifth holy realm, can clearly sense that the old woman's true cultivation level should be in the Six Tribulations Quasi-Saint.

When a practitioner reaches the level of quasi-sage, he will need to survive nine terrifying tribulations before he can finally reach the level of an ancient saint.

The more heavenly tribulations a quasi-sage has passed through, the stronger his strength is, and the closer he is to the realm of the ancient saints.

At this time, Ye Feng followed Yan Ruyu and came over.

He cupped his fists slightly at the old woman and said, "Senior."

"Young master, you're welcome."

The old woman's wrinkled face showed a slight smile, and she said very politely: "Master, just call me Grandma Tao. This time, Master has turned the tide for my elves, and even rescued the will of the gods of my elves. We The entire Elf Tribe is very grateful to Mr. Ye. I have already discussed it with Her Royal Highness the Queen and all the tribesmen during this period. After this trial, our Elf Tribe will announce that we will join Mr. Ye's Great Emperor Alliance. Help Mr. Ye to annex the entire wilderness."

Ye Feng's eyes lit up. He didn't expect that this old Granny Tao, an old woman, could speak so directly and forcefully.

Ye Feng immediately smiled and said: "Of course I am very satisfied with everything Grandma Tao said. Don't worry, as long as the elves declare that the world will join my alliance, there will definitely be generous resources poured into your elves. In the future With the support of the Great Emperor Alliance, it is not impossible for your elves to become the first overlord race in the entire wilderness."

After Ye Feng finished speaking, Granny Tao, a quasi-sage, immediately smiled happily.

When the Elf Queen and Saint Yan Ruyu, as well as the dozen or so Holy Realm powerhouses from the Elf Elders standing around, heard what Ye Feng said, their eyes showed excitement.

If Ye Feng said this in the past, they must have thought that Ye Feng was just bragging and it was not unrealistic at all.

but

Now, they don't dare to think so.

Because now Ye Feng is simply a god-like existence in the eyes of all the elves.

Even the will of the giant elephant god can suppress and capture, and the elven gods believed in by the elves all bowed to Ye Feng and expressed their gratitude.

All of this has brought Ye Feng's prestige among the entire elven clan to its peak.

Although they offended the giant elephant clan this time, with the help of Ye Feng, many elven clan leaders now know that Ye Feng is the leader of the Emperor Alliance that shocked the world, and all the elven clan leaders are full of confidence.

Even if they are at odds with the giant elephant family, they are not afraid anymore.

As long as the elves join the Great Emperor Alliance in the future, with the behemoth of the Great Emperor Alliance behind them, let alone the giant elephant clan, even the entire tribe of the Great Wilderness will not dare to take action against the elves.

At this moment, Ye Feng looked at the people around him and said: "This time when I enter the demon world for trial, you don't want to reveal my identity for the time being. I'm afraid that all the tribes in the wilderness will feel a sense of crisis and join forces to hunt. Me and the elves."

Grandma Tao said: "Don't worry, Alliance Leader Ye, your identity is only known to the upper echelons of our Elf Clan. Neither the Giant Elephant Clan nor the other tribes in the wilderness know your identity."

Ye Feng nodded and said: "That's good. After all, I haven't stepped into the true quasi-sage level yet. It's not wise to become the enemy of all the tribes in the wilderness. I hope this trip to the demon world can help me break through to the quasi-sage level." At the saint level, as long as the ancient saints don't appear, there will be no rivals in the world."

At this moment, Ye Feng finished speaking, and the eyes of everyone around him were shining brightly.

They knew that when Ye Feng was only at the beginning of the Fourth Holy Realm, he could instantly kill the strong men of the Fifth Holy Realm, and his strength was comparable to that of ordinary quasi-saints.

Once Ye Feng steps into the quasi-sage level, even if he is only a quasi-sage of one calamity, his combat power will probably be comparable to that of a quasi-sage at the peak of eight calamities or even nine calamities.

Everyone thought this and felt a faint shock.

"Let's go. If we miss the time, we won't be able to enter the demon world."

Grandma Tao made a sound, and she suddenly waved her scepter high in the sky.

"boom!"

A huge teleportation array light gate immediately appeared in mid-air.

"let's go."

Grandma Tao took the lead and walked towards the light door. The Elf Queen, Yan Ruyu, Ye Feng, as well as a group of young geniuses from the Elf clan and the elders all followed.

On the way, Ye Feng asked the Elf Queen, "How are you doing with the bloodline collection of the hundreds of monsters I asked you to collect?"

The Elf Queen said: "How can it be so fast? I have already sent many elves to

The masters are collecting them, and it is estimated that they will be able to collect them all after the trial is over. "

Hearing this, Ye Feng nodded.

But at this time, Shang said in his mind: "Ye Feng, after entering the demon world this time, let's see if we can find some ancient dragon blood creatures. If we can find the bodies of some ancient dragon beasts, let me If I become the master, maybe after my rebirth, I will have greater achievements than before. Even Emperor Styx never had the opportunity to enter the demon world. "

Ye Feng nodded slightly and said in his mind: "Okay, but I have also collected the demon blood of hundreds of tribes in the wilderness. It is a two-pronged preparation. It is better to find a more powerful and ancient demon body in the demon world. If you can't find it, just Return to the wilderness and use the blood of hundreds of demon clans to create a new body for you."

Shang smiled excitedly and said: "When you enter the demon world, you can help the elves to plunder resources. I will go find the body alone."

Ye Feng was a little worried and said: "The demon world is extremely dangerous. Are you sure you want to go out alone?"

Shang's tone was firm and he said: "This is a rare opportunity for me. I must seize it. After hiding in your kid for so long, it's time for me to be independent."

After the words fell, Shang stopped speaking. He seemed to be recuperating and preparing to enter the demon world to find the body of the ancient demon clan.

Ye Feng didn't try to persuade him anymore. After all, this was Shang's own decision, and Ye Feng respected Shang's decision.

"Buzz!"

When everyone passed through the huge teleportation array light gate, a huge and majestic mountain towering into the sky suddenly appeared in everyone's field of vision.

"This is the Huangyue in the center of our wilderness. It is said that the Lord of the Wilderness once attained enlightenment and became an emperor on the top of this deserted mountain. However, that happened tens of thousands of years ago and has long become a legend."

Grandma Tao stared at the majestic giant mountain like a heavenly sword and couldn't help but sigh.

In the ancient times, the wilderness was a forbidden land for countless creatures on the Longyuan Continent.

But with the fall of the Lord of the Wilderness, now the entire Longyuan Continent has been cursed by the inability of future generations of practitioners to become saints, and the entire tribe of the Wilderness has gradually declined.

Even now, the combined strength of the hundreds of tribes in the wilderness is not as good as that of a dominant force outside.

I have to say, this is the tragedy of the wilderness.

This time, the Hundred Clan of the Wilderness did not hesitate to spend a huge price to activate the treasure left by the Lord of the Wilderness, the Ancient Demon Sealing List, in order to select the most powerful genius among the most amazing and talented young geniuses among the hundreds of tribes of the Wilderness. , thereby getting the luck blessing from the Lord of the Wilderness in the Ancient Demon Sealing List, and seeing if he can break the curse of heaven and earth and become an ancient saint.

As long as a demon saint appears in the wilderness, the wilderness will rise again and become a taboo place that no one in Longyuan Continent can ignore.

At this time, Grandma Tao said to Zhou

Wei Yefeng, Yan Ruyu, and a group of elven geniuses said: "When the time comes, our hundreds of tribes will work together to activate the Ancient Demon Sealing List and open the passage to the Ancient Demon Realm. The moment you enter, including Leader Ye, you will automatically be marked with the imprint of the elven clan in the Ancient Demon Sealing List. The more monsters you kill in the demon world, or even the more members of other tribes in the wilderness, the Ancient Demon Sealing List will show your luck. The more, and for a total of one month, whoever has more luck in the end will have more luck blessings from the Lord of the Wilderness from the Ancient Demon Sealing List. When the time comes when the resources of the Wilderness are allocated, the one with more luck will be allocated more resources. The more races the people represent, the more resources and land they will be allocated."

Ye Feng's eyes were filled with doubts, and he said, "Grandma Tao, then this Ancient Demon Sealing List won't recognize that I am a human race?"

Granny Tao smiled and said: "Of course it will, but our tribes in the wilderness have regulations. Each major race can seek help from young practitioners under the age of fifty from outside the wilderness. The Ancient Demon Sealing List treats all living beings equally, but if some people dare to hide their age, the Ancient Demon Sealing List will instantly detect it and the power of the Huang Emperor will come directly to the Lord of the Wilderness and kill them instantly, so Leader Ye can rest assured that no old powerful person will enter the demon world this time. "

When Ye Feng heard Granny Tao say this, he just nodded slightly.

However, in Ye Feng's heart, he was just skeptical about the statement that strong men of the older generation would not enter the demon world.

After all, when Ye Feng participated in the Hundred Dynasties War, he naively thought that it would only be a competition among the younger generation. Unexpectedly, many sects and families had clan elders who used special means to seal their cultivation and entered. The War of Hundred Dynasties.

Ye Feng believes that among these powerful tribes in the wilderness, there are some powerful and top-ranked races, such as the giant elephant tribe, which is among the top three powerful races. There will definitely be a way for the older generations to seal their age and avoid the ancient times. Exploration of the Demon Sealing List.

But no matter what, Ye Feng has refined the blood of saints and the blood of elves during this period, and his strength has skyrocketed, so he is not afraid.

Anyone who dares to offend him will be killed!

"Are you the human boy who helped the Elf Queen kill the Giant Spirit Guard and the Sky Thunder Guard under my command? A half-step cultivation aura in the fifth holy realm? Your cultivation is not weak, but it's a pity that you don't know how to fight against our Giant Elephant Clan. , How serious are the consequences? He is not young, but he is very courageous!"

Suddenly at this moment, a group of menacing teams came from the other side of Dayue not far away.

The leading figure is a young man wearing a white robe and a tall head. It is this young man who speaks.

He was burly, tall and majestic, with a heavy and majestic aura that was as heavy as an epic, but the eyes staring at Ye Feng had a deeply ferocious and cruel look.

"The young master of the giant elephant clan, Xiang Wudao!"

At this time, the faces of many people in the Elf clan changed slightly when they saw this burly young man, and they subconsciously showed fear.

Chapter 736 The Ancient Demon Sealing List

The moment Xiang Wudao walked over, everyone immediately felt a sense of terrifying pressure from Dayue Volley, sweeping over crazily.

"Quasi-saint level!"

At this time, the expressions of all the powerful elves changed greatly.

This young master of the giant elephant clan has actually broken through to the quasi-sage level!

"It is worthy of being one of the top three giant races among the hundreds of races in the wilderness. Wudao's talents and achievements may not even be matched by many of the top geniuses who dominate the five domains of the human race."

At this time, even the Elf Queen couldn't help but say, "If such a person appears in our Elf clan, then why not be unhappy?"

At this time, Yan Ruyu lowered her head slightly, with a firm look in her beautiful eyes, deciding that this time she entered the demon world, she must achieve great growth and open up a glorious future for the elves.

Because Yan Ruyu is a saint of the elven clan, the future and hope elected by countless elven clan leaders.

Therefore, she has a very heavy responsibility, shouldering the mission of reviving the elves.

At this moment, Yan Ruyu looked slightly at Ye Feng beside her, and began to admire this inexplicable friend more and more.

Yan Ruyu herself is a saint of the elf clan, and she can deeply feel how incredible it is for Ye Feng to achieve what he has achieved today.

At this time, Xiang Wudao stared at Ye Feng, smiled coldly, and said: "You are very brave. You actually dare to come to this deserted mountain with people from the Elf clan. I will kill you on the spot!"

This time, the Giant Spirit Guard and the Heavenly Thunder Guard were killed, and Yan Ruyu, a saint from the Elf clan, directly rejected Xiang Wudao's proposal, causing Xiang Wudao to lose all face in the entire wilderness.

So at this moment, Xiang Wudao, the young master of the giant elephant clan, hated Ye Feng and his group to the extreme.

"The giant elephant shakes the sky!"

Xiang Wudao actually took action directly, and all of a sudden he performed a very powerful killing technique.

boom!

The majestic and terrifying demon energy and demon essence burst out from his body. The frenzy of power was so terrifying that it swept towards Ye Fengshi who was standing in the crowd.

Buzz!

In the frenzy of power, a huge and majestic ancient elephant appeared. Like a divine elephant in myths and legends, its whole body exuded infinite divine light, illuminating the entire nine heavens and ten earths, even dangerous and dark places like hell and demon world. Can suppress them all.

"This is the bloodline of the divine elephant!"

Some elders of the elves made a sound of horror.

Divine elephants are creatures that are more powerful than ordinary gods.

In ancient legends, the almighty Emperor of Heaven was angered by the demons in hell, so he sent his most powerful general, the divine elephant, to suppress them in hell.

Therefore, the power of the divine elephant is simply extremely terrifying. Even in ancient times, it was an extremely powerful and terrifying bloodline.

At this moment, I didn't expect that Xiang Wudao would awaken this kind of divine elephant.

Bloodline, then his future achievements may be more terrifying than everyone imagines.

"Xiang Wudao enters the demon world to try again this time. If he wins the first place and enjoys the power of luck of most of the Lords of the Wilderness in the Ancient Demon Sealing List, will he really become the Lord of our Wilderness? Become the first demon saint in history!"

At this time, around the entire Huangyue, other races from the Hundreds of Wilderness tribes arrived one after another. They all saw this scene on the field and were deeply shocked by Xiang Wudao's terrifying talent.

"This son has the heroic appearance of the Lord of the Wilderness back then!"

A great holy monster with a tiger head and body sighed.

boom!

But at this moment, Xiang Wudao's concentrated attack was about to hit Ye Feng.

"Xiang Wudao, you are too presumptuous. With me here, you can't even think of being so presumptuous to the distinguished guests of my elf clan."

Grandma Tao suddenly spoke up.

She slightly pointed the scepter in her hand towards the ground.

"boom!"

Suddenly, a very powerful wave of white light energy spread out in all directions with the scepter as the center.

"Crack!"

The huge phantom of the idol was instantly shattered by this energy wave.

Kick, kick, kick!

Even Xiang Wudao couldn't help but take several steps back.

Obviously, Granny Tao is the strongest among the elves and the guardian of the elves. Her strength is undoubtedly powerful.

If the elves did not have a high-level quasi-sage like Granny Tao, they would have been wiped out or annexed by other races in the wilderness long ago.

"An old man who has lived for hundreds of years dares to take action against our young master. He really doesn't want any face at all, so he only knows how to bully the younger generation?"

Suddenly at this moment, a tall middle-aged man wearing a purple robe appeared next to Xiang Wudao.

There was a mysterious halo floating behind this middle-aged man's head, and his every move gave people the feeling that a great mountain was vibrating in the void.

This man's cultivation is truly unfathomable, many times more powerful than Xiang Wudao. Even Grandma Tao's strength was suppressed by the aura of this middle-aged man.

"The most powerful bodyguard of the giant elephant clan, the Divine Elephant Guard!"

Grandma Tao spoke coldly, but there was a hint of fear in her tone.

Although both of them have the cultivation level of Six Tribulations Quasi-Saints, they stand together and make judgments.

The cultivation aura of that divine elephant guard was much stronger and more ferocious than Granny Tao.

This is the difference between bloodline and inheritance.

The elven clan that Granny Tao belongs to is originally a small race that ranks relatively low among the big clans.

Therefore, the bloodline and inheritance of the elves are naturally inferior to those of the giant elephants.

Moreover, the bloodline of ancient divine elephants already flows in the body of this divine elephant guard, which is even more terrifying than the acquired divine elephant bloodline like Wudao.

Therefore, although the Elephant Guard is said to be the bodyguard of the giant elephant clan, he is a super powerful person second only to the clan leader.

At this time, the deep eyes of the Elephant Guard became as sharp as knives, staring at Ye Feng who was standing among the elves. He smiled coldly and said: "It was you, a young man from the human race, who helped the Elf Queen kill the Giant Spirit Guard and Tian Lei. Wei, you are very brave, but you will die soon."

Faced with the threat of such a powerful person, Ye Feng just shrugged and said very casually: "If you want to kill me, then just come. Why don't I just stand here?" .??.

"You're looking for death!"

The Divine Elephant Guard suddenly made a sound, and a very terrifying aura suddenly surged from his body, like a boundless sea and a torrential downpour.

"Okay! Stop fighting! If there is any conflict, let the young people enter the demon world to fight on their own. Let's work together to open the Ancient Demon Sealing List first."

Suddenly a majestic and deep voice sounded.

In the distance, a group of strong men walked over, surrounded by a tall old man wearing golden armor.

"Meet the Divine Tiger King!"

At this time, everyone on the field saw the old man in golden armor and spoke respectfully.

Even Xiang Wudao, Shen Xiangwei, and Granny Tao couldn't help but bow slightly.

Ye Feng looked at the old man in golden armor and felt that his soul was hallucinating. In his field of vision, the old man in golden armor seemed to have suddenly turned into a majestic giant that was several kilometers tall. The golden Decepticon roared under the blue sky, possessing the power of the king of beasts.

Yan Ruyu came close to Ye Feng's ear at this time and whispered: "Ye Feng, this old man wearing golden armor is the only great demon in our wilderness who has reached the peak of the Nine Tribulations Quasi-Saint. He is called the Divine Tiger King. , is the leader of the Decepticon Tiger Clan, even the Giant Elephant Clan is very afraid of the Decepticon Tiger Clan. "

"The Divine Tiger King? The Tyrant Tiger Clan?"

Ye Feng's eyes moved slightly, nodded, and said with a smile: "No wonder even Xiang Wudao and Shenxiang Guard, two arrogant guys, suddenly became so fearful. They turned out to be at the Nine Tribulations Quasi-Saint level. A strong man has arrived, an existence second only to the ancient saint, and even among the overlord forces, he is comparable to a super figure like the headmaster. "

Yan Ruyu nodded and said: "Yes, the Divine Tiger King can be said to be the most powerful person in our wilderness. The Decepticon Tiger clan to which he belongs is also the race with the highest comprehensive heritage in our wilderness. However, the giant elephant clan is now With the emergence of a peerless genius like Xiang Wudao, it is very likely that he will surpass the Decepticon Tiger clan in the future. It is estimated that this time

After entering the demon world, the Decepticon Tiger clan will start hunting Xiang Wudao. "

Ye Feng nodded and said: "The enemy of my enemy is my friend. This time after we enter the demon world, we can move around more with the Decepticon Tiger Clan. Maybe we can get their help and kill all the Giant Elephant Clan."

A wry smile appeared on Yan Ruyu's beautiful face, and she said: "Our Elf clan's status in the wilderness is too low. It is estimated that the Decepticon Tiger clan may not pay attention to us, but now Ye Feng, you have joined us, If you show great strength during the Demon Realm Trial, you may attract the attention of the Decepticon Tiger Clan."

While Ye Feng and Yan Ruyu were talking secretly, the Divine Tiger King in golden armor shouted: "Get up!"

boom!

Visible to the naked eye, the Divine Tiger King, who was originally a tall old man, began to expand all over, and eventually turned into a golden tiger that was several kilometers tall.

The terrifying demonic power spread from the body of the Divine Tiger King, making countless demon clans around him unable to help but want to worship him.

That kind of terrifying aura is as deep as eternity and as majestic as the sea, making people feel suffocated even if they breathe.

Boom!

At this moment, the golden tiger that was several kilometers tall stood upright. With two huge tiger claws, it suddenly grabbed Huang Yue in front of it, and then broke it off with force.

"Crack!"

The majestic mountains were suddenly split open by the Divine Tiger King.

At this time, countless eyes were focused on the center of the mountain.

A huge iron-cast dragon sculpture appeared in everyone's sight, emerging from the depths of the mountain. It was majestic and majestic.

In the dragon's mouth of the steel blue dragon sculpture, there is a huge roll of cloth in its mouth. The cloth is extremely ancient and exudes the vicissitudes of eternity.

"That's the Ancient Demon Sealing List!"

The strong men among the hundreds of tribes in the wilderness all have excited eyes.

However, Ye Feng, who was standing in the crowd at this time, sensed something in his storage ring that was trembling rapidly.

That's a dark black token!

At this time, it seemed that he was attracted by the aura of the Ancient Demon Sealing List, and he was running up and down in Ye Feng's storage spirit ring.

"It's the ancient demon emperor's order that I got from the storage room under the Barbarian God Tower..."

Ye Feng's eyes flickered slightly, and he suddenly thought that his storage ring also had such a treasure of the demon clan. If the power in it was stimulated, he could command countless demon clans.

"Perhaps, after entering the demon world this time, this token will be of great use to me."

At this time, Ye Feng remained calm and input some mana into the storage spirit ring, calming down the scurrying ancient demon emperor's order.

Chapter 737 Entering the Demon Realm

When that iron sculpture of a black dragon appeared.

The Divine Tiger King, who had turned into a giant golden tiger several thousand meters tall, immediately roared: "Head of the hundreds of clans in the wilderness, offer a drop of your clan's original demon blood to open the Ancient Demon Sealing List and open the demon world. Space channel!"

"Yes, the Divine Tiger King!"

"Yes, the Divine Tiger King!"

"..."

All the clan leaders of the hundreds of tribes in the wilderness spoke out one after another at this time.

They all cut one of their fingers and used their skills to force out a drop of their original demon blood.

Among the elves, the Elf Queen is performing a grand ceremony.

Uh-huh! Uh-huh! Uh-huh!

At this moment, streams of original demon blood emitting various lights flew high into the sky in an instant.

"Crack!"

"Crack!"

The original demon blood drop by drop is the original demon blood of the fifth holy realm strongman at the level of the chief among the hundreds of tribes in the wilderness. At this time, they all gathered together, and dripped on the iron-cast blue dragon sculpture. superior.

"Buzz!"

And almost at this moment, the iron-made blue dragon suddenly came to life, looking up to the sky and letting out a terrifying dragon roar.

Wow!

The roll of cloth held in the iron-cast dragon's mouth suddenly floated high into the sky, and then burst into thousands of demonic lights.

"Boom!"

Under the shocked gazes of countless tribesmen in the wilderness, golden words jumped out from the Immemorial Demon Sealing List.

That's an ancient demon text!

It contains power that ordinary people cannot understand.

At this time, countless ancient demon texts gathered together quickly, and actually formed a golden portal.

"Squeak!"

The golden portal spelled out by countless ancient demon texts suddenly opened.

Waves of boundless ancient demonic energy overflowed from the other side of the golden portal in an instant.

On the other side of the golden portal, there seemed to be a huge interface that was strange and boundless.

"The passage to the ancient demon world has been opened!"

The Divine Tiger King roared and said immediately: "All the young geniuses participating in this trial, hurry up and go in. In a total of one month, the more monsters you kill in the monster world, the higher the number on the Ancient Demon Sealing List will be." It will reveal the light of your destiny. Whoever has a stronger light of destiny will get more rewards in the end. When you come out of the demon world in a month, you will be able to obtain the wilderness left by the Lord of the Wilderness. The power of the emperor's luck, by the way, I would like to remind all of you that one month later, the Ancient Demon Sealing List will activate the spatial marks on your bodies. You do not need to gather at any designated place. No matter where you are in the demon world, you They will all be teleported back instantly by the space marks in their bodies, so feel free to explore the demon world boldly! The future of our tribes in the wilderness depends on you young people!"

Swish, swish, swish!

Swish, swish, swish!

Almost at the moment when the Divine Tiger King finished speaking, one by one the young figures participating in the demon world trial flew high into the sky, passed through the golden portal, and then entered the unfamiliar interface on the other side.

"Let's go too."

At this time, Ye Feng, the saint Yan Ruyu, and a dozen of the top geniuses of the elves also entered the golden portal.

After everyone passed through the golden portal, they found themselves in a vast and desolate land.

There is no sun in the sky here, but three bloody waning moons hanging on the sky, emitting a scarlet light on the dim sky, which makes people feel very strange.

After everyone came in at this time, they were not randomly transported to various places.

There are thousands of young geniuses among the hundreds of tribes in the wilderness, and they are all standing somewhere on this deserted demon world.

Buzz!

Suddenly at this time, the golden portal behind them slowly dissipated.

Everyone was really completely abandoned in this strange demon world!

"This should be a volcanic land where no living creatures live. The ground is scorched black everywhere."

At this time, Ye Feng looked around and made something like this

judgment.

Not far away, Xiang Wudao came towards Ye Feng with a group of geniuses from the giant elephant clan.

However, he did not take action. He just stared at Ye Feng fiercely and said: "I am not in a hurry to kill you now. After you kill enough ancient demon clans in this demon world, you will gather the magic of the ancient demon sealing list on your body." With the power of luck, I will come to kill you again and plunder all the luck from you. Hum, boy, enjoy the rest of your life."

Xiang Wudao smiled coldly, then turned around and flew away in a certain direction in the distance with a group of geniuses from the giant elephant clan.

Yan Ruyu's beautiful eyes darkened slightly at this time and said: "Ye Feng, this Xiang Wudao is really too arrogant, but I didn't expect that he activated the bloodline of the divine elephant and actually broke through to the level of a quasi-sage. A peerless genius like him, Although he is a one-kalpa quasi-sage, his combat power is probably comparable to that of an ordinary four-kalpa quasi-sage, or even a five-kalpa quasi-sage. It is too powerful."

Ye Feng nodded slightly and said: "This Xiang Wudao is really powerful, but he wants to kill me. That is just a daydream. But having said that, I can't kill him now even if I want to. I have exhausted all my cards now. I guess I can only draw a tie with him. There is still one month left. I have to grow up quickly and strive to kill Xiang Wudao in this demon world and solve this big disaster for your elves. He Xiang Wudao wants to rob me. His luck, why don't I want to rob him of his luck, huh!"

Ye Feng said at this time, looked around, and found that the thousands of young geniuses from the wild tribes who came in all left in a certain direction, obviously not wanting to waste time.

After all, the Immemorial Demon Sealing List can only allow them to stay in this ancient demon world for just one month.

At this time, Yan Ruyu took out a roll of maps from her arms and said, "This is an ancient map that Grandma Tao gave me before I left. Their generation also entered this demon world, but it was hundreds of years ago." But having a map is better than not having one at all. Let's first use this map to see if there are any habitats of forces in the demon world around us. We'll first find a small force and destroy it as a place for us to live for a month."

Ye Feng nodded, agreed, and said: "One month is not long, but it is not short either. Find a shelter to live in, which is better than me."

It is much safer for our group to wander outside, and let me tell you in advance, I cannot protect you elves all the time. You also need to hunt independently, so that you can grow in blood and fire. , so let's find a shelter first. As a base camp, if anything happens in the future, we can gather there. "

"good."

The dozen or so elven geniuses behind Yan Ruyi all nodded at this time.

An Elf genius clasped his fists and said gratefully: "Master Ye Feng can follow us in this time. We, the Elf clan, are already grateful. Moreover, Master Ye Feng, the space mark on your body also represents our Elf clan. If you get We have a lot of luck. When we go out in a month, the ranking of our elves will naturally rise. The distribution of various resources and territories in the wilderness among the hundreds of tribes will be based on the luck of those who enter the demon world this time. The sum is closely related."

Yan Ruyi looked at Ye Feng and said: "Ye Feng, I really have to ask for your help this time. The more luck you have, the more points our elves will gain in this demon world trial. Next, our elves will How much resources and territory a clan can receive in the future will be allocated based on the racial ranking after this trial."

Ye Feng smiled and said: "Don't worry, you elves will join our Great Emperor Alliance. In order for the Great Emperor Alliance to strive for hegemony in the entire wilderness, I will definitely hunt more ancient monsters this time and gain enough luck. And If my luck points can enter the top three, I can also get the power of the Desolate Emperor's luck left by the Lord of the Wild from the Ancient Demon Sealing List, which will also be of huge benefit to my cultivation. "

At this time, the group of people nodded and quickly rushed in a certain direction based on the ancient map in Yan Ruyi's hand.

Yan Ruyi pointed to a certain marked point on the map and said: "If the map is correct, we only need to walk a few hundred miles more to reach a mountain range called 'Wushan'. There are people living in Wushan An old demon from Wushan founded the Lich Sect. The Lich Sect is not big, it is just a small force in the demon world. We can find a way to occupy the Lich Sect as our shelter this month."

Chapter 738 Wushan Old Demon

Wushan stands among the vast mountains.

It is said that the ancient Lich King became an emperor here and became a legendary figure among the demon clan.

However, that was a legend hundreds of thousands of years ago.

Today, Wushan has gradually become a marginal wild mountain and has little popularity.

Wushan is now only occupied by a small Lich Sect. The leader is a half-step quasi-saint level demon called Wushan Old Demon. It is said that he has the blood of the Lich King and is still very powerful within a radius of thousands of miles. Deterrent.

However, the ancient demon world is extremely majestic. It is a relatively advanced interface among all the worlds. It may be wider than the spirit world, with tens of thousands of Longyuan continents as big as them.

Therefore, the old demon of Wushan controlled a thousand-mile radius, and now he could be regarded as the overlord of the Longyuan Continent.

But in the vast and majestic land of the demon world, even though he is a half-step quasi-sage, he is still an insignificant person and can only show off his power in his own one-third of an acre.

However, the old demon of Wushan also feels free and comfortable in this kind of life. Being a mountain king is quite good and carefree.

But today, the old demon of Wushan was drinking tea on the top of Wushan Mountain where the Lich Sect is located.

In front of him, a dozen uninvited guests appeared.

"who are you?"

The old demon from Wushan felt a slight sense of crisis.

Especially the young man in black who is the leader of these dozen uninvited guests seems to be a human race that has not appeared in the demon world for a long time. Although the aura exuding

from his body is that of the fourth holy realm, it gives the old demon Wushan a deep feeling. A feeling of uncertainty and fear.

At this time, a very beautiful woman beside the young man in black spoke up: "Senior Wushan old demon, we are not here to fight, but just to have a place to stay. I don't know if we can be in your witchcraft." Live in the Demon Sect for a while."

Although the Wushan old demon was afraid of the black-clothed human youth, he felt that he was a half-step quasi-sage.

So at this time, the old demon from Wushan had a hint of coldness in his eyes, and his face even showed a ferocious and bloodthirsty look, saying: "You all came to my territory so blatantly, and stood directly in front of me, how dare you It's really a bit big. Don't you know that this is my place, the old demon from Wushan? You guys are so brave, but you came here just to bring me food. I want to devour you all. "

"us....."

At this time, the beautiful woman wanted to say something else.

But the young man in black beside him said indifferently: "Stop talking nonsense with this old Wushan monster, just suppress him and control him."

boom!

Almost as soon as the young man in black finished speaking, he stretched out a hand. In an instant, the hand turned into a big star hand and grabbed the old demon from Wushan.

The boy in black is naturally Ye Feng. Now he has reached the peak of the fourth holy realm and has one foot in the fifth holy realm.

Ye Feng's combat power has skyrocketed to a very terrifying level.

Ye Feng can easily suppress any existence under the Quasi-Saint.

At this time, he faced a half-step quasi-sage, and without any nonsense, he took action instantly.

"You dare to attack me? I am not someone to be bullied!"

The old Wushan demon roared loudly, and nine big snakes composed of black gas suddenly appeared all over his body. He opened his ferocious snake mouth and spit out streams of violent poisonous gas.

The body of this Wushan old demon seems to be a nine-headed snake, which is very terrifying.

But these are nothing to Ye Feng.

A group of buzzing black gold bugs flew out of his body immediately.

It's the poison-eating insect!

"Gulu!"

"Gulu!"

The poison-eating insect was originally the 37th powerful poisonous insect on the list of ancient spiritual insects. It has followed Ye Feng for such a long time and has entered the growth stage from its infancy.

Now, each of these poison-eating insects can instantly poison a strong man in the fifth holy realm.

But the most powerful thing about poison-eating insects is the poisonous gas they eat.

Even if it is the most powerful poison in the world, don't try to poison the poison-eating insects to death. On the contrary, the stronger the poison, the faster the poison-eating insects will grow.

At this time, a group of poison-eating insects flew out quickly and swallowed up all the poison sprayed from the nine snake heads of Wushan Old Demon in an instant.

"What? Ancient poison-eating insects? How come you have such a thing on your body!"

The old demon from Wushan suddenly became extremely frightened.

"Boom!"

But at this time, a huge and towering hand of stars had slammed down.

"Crack!"

"ah!"

The Wushan old demon screamed, and his whole body was bent down by the heavy hand. He could not move at all, and all the bones in his body were about to be broken.

"So strong!"

At this time, Yan Ruyu's beautiful eyes showed deep brilliance, "He is stronger than before, a powerful half-step quasi-sage, and he suppressed it with just a raise of his hand..."

Yan Ruyu knew that Ye Feng suppressed the Wushan old demon so easily.

In fact, the old demon of Wushan, a big demon in the demon world, is very difficult and terrifying.

If Ye Feng were not here, their entire elf team would probably be wiped out by the old demon from Wushan.

So at this time, the old demon of Wushan was suppressed by Ye Feng with his hand. It gave Yan Ruyu and others the impression that the old demon of Wushan was very weak, but in fact this was not the case, just because Ye Feng was really ridiculously strong.

At this time, Ye Feng's huge star hand pressed down on the Wushan old demon and shouted: "Look into my eyes!"

The Wushan old demon subconsciously looked towards Ye Feng.

The Divine Eye of Creation!

launch!

"boom!"

An extremely powerful light of soul rushed out from Ye Feng's eyes in an instant, and directly shot into the pupils of Wushan Old Demon, directly hitting the soul!

"ah!!"

The old demon from Wushan suddenly saw the extremely terrifying

scene.

He saw that Ye Feng in front of him suddenly swelled from a person to a majestic three-eyed demon with a height of tens of thousands of feet, roaring at him.

"The fear of the soul, I didn't expect it to be useful to even a half-step quasi-sage. It seems that the last time I dreamed of entering the prehistoric world in the ancient stone tablet, my soul power increased sharply, and it became even more terrifying."

Ye Feng thought in his heart that he didn't know what he had become in the eyes of the Wushan old demon at this time.

But that must be the most terrifying scene in the old demon Wushan's heart.

Soul fear is a soul attack method that Ye Feng has understood before. It can release the most fearful thing in any living being's heart, becoming fear himself and causing the opponent's soul to lose.

At this time, through the horrified expression of the old demon Wushan, Ye Feng had already judged that the old demon Wushan had lost his soul.

"Hypnosis!"

Ye Feng shouted loudly in his soul.

Click!

Immediately, the Great Thunder Emperor Seal was activated, completely defeating Wushan Old Demon's soul and breaking his final soul defense line.

A half-step quasi-sage was immediately hypnotized.

"Plop!"

Suddenly at this moment, the old demon from Wushan knelt down in front of Ye Feng.

The face of the old Wushan demon was originally full of murderous intent and coldness, but now it was full of submission.

He even showed a kind smile at this time, and said respectfully to Ye Feng: "Thank you, master, for purifying the old slave's heart. From now on, the old slave is willing to go through sword mountains and fire seas, and go through fire and water for his master, no matter what." "

"hiss!"

Seeing the Wushan old demon suddenly become like this, it was like changing from a ferocious wolf to a loyal dog slave.

This sharp contrast made Yan Ruyun and other elven geniuses feel a little weird.

They were staring at Ye Feng at this moment. Even though they knew that Ye Feng was a friend, they still felt a chill in their hearts.

At this time, Ye Feng didn't care about the eyes of the people around him. He looked at the old Wushan demon in front of him and said, "Get up."

"Thank you, Master."

The Wushan old demon suddenly stood up, his aura calmed down, he became kind-hearted, and stood respectfully in front of Ye Feng, with his hands hanging down, waiting for instructions.

Ye Feng said: "Don't publicize our arrival. You are still in charge of the Lich Sect. Just run it as usual. We just live in the Lich Sect."

The old demon of Wushan looked at Yan Ruyu and a dozen other elven geniuses beside Ye Feng, and immediately smiled and said: "You are all friends of the master, and naturally you are also my distinguished guests. You are the distinguished guests of the Lich Sect. I will arrange for all of you to be distinguished guests." Stay in the best guest room in the Lich Sect for as long as you like."

Although Yan Ruyu didn't know what methods Ye Feng used to make the Wushan old demon become so obedient.

But seeing that there seemed to be no problem with Old Demon Wushan's consciousness, she still clasped her fists and said, "Thank you very much, Senior Wushan Demon."

The Wushan old demon immediately waved his hand and said with a kind smile: "

The girl is too polite. "

At this time, the gentle and charitable smile on Wushan Old Demon's face was completely different from the ferocious and ferocious look just now.

If everyone hadn't seen the ferocious appearance of the Wushan old demon before, they might really think that the old man in front of them was a kind man.

Next, the old demon of Wushan arranged for his subordinates to take Yan Ruyu and the other elves to live in the guest room of the Lich Sect.

Before leaving, Yan Ruyu asked Ye Feng: "Next, my elves and I will go to some nearby monster gathering points to hunt according to the map in our hands. What about you, Ye Feng, what are your plans?" ? With us?"

Ye Feng shook his head and said: "The luck accumulated from hunting ordinary monsters is not much, and it is of no use to me. Now, only the quasi-sage can allow me to refine and quickly accumulate skills. It is only useful for powerful monsters of a certain level, or they can find some rare treasures and peerless medicines in this monster world."

The old Wushan demon's eyes moved and he immediately spoke: "I'm telling you, master, there is an ancient city thousands of miles away from our Wushan, called Bauhinia Holy City. The owner of Bauhinia Holy City is the daughter of a demon emperor, named Princess Bauhinia, controls the entire Bauhinia Holy City. The Bauhinia Holy City is extremely huge, and there are also many powerful monsters living there. There are also many caravans, adventurer groups, etc. coming and going on this land. The master may be able to... I encountered some precious and rare elixirs in the Holy City of Bauhinia, which can help the master achieve breakthroughs in cultivation. "

Ye Feng's eyes showed a look of surprise and said: "Bauhinia Holy City? Caravan? Do the ancient demon clans in the demon world also do business like the human race?"

The old demon from Wushan immediately smiled and said: "My master doesn't know anything. Our demon world is vast and boundless. It has been countless years since the demon civilization appeared. Naturally, it has long been separated from the era of turmoil and killing. Nowadays, many demon emperors are The demon kingdoms have been established one after another, with strict laws and regulations, similar to the human civilizations in other interfaces."

Obviously, this old Wushan demon has lived for many years and has read many books, so this matter makes perfect sense.

Ye Feng nodded, somewhat interested, and said: "Okay, we will set off tomorrow. Old Demon Wushan, please take me to the Bauhinia Holy City to take a look. I am very curious about what the demon city in the demon world looks like." Maybe there are really rare treasures. I have many powerful weapons and treasures that the monsters in the demon world have never seen. I can definitely exchange them for huge wealth, and I will definitely have enough money to buy medicine. "

Yan Ruyu heard that Ye Feng actually wanted to follow the old demon Wushan to the country and city established by the demon emperor. That kind of place was a prosperous place in the demon

world. There must be countless great demons, and there might even be a real demon saint. A terrifying strong man.

However, Yan Ruyu also knew that Ye Feng was definitely not willing to have a small fight with their elven clan in this wilderness fringe area.

So at this time Yan Ruyu could only say: "Ye Feng, be careful."

As soon as the words fell, Yan Ruyu left the top of Wushan Mountain.

At this time, when Yan Ruyu also left, the old demon from Wushan suddenly approached Ye Feng and said mysteriously: "Master, this old slave has a treasure that he wants to contribute to the master. The treasure is buried under Wushan Mountain." , was forged and left behind by my ancestor the Lich King. It is an ancient throne that can bestow powerful divine power on those who use it!"

Chapter 739 The Power of Creation

When Ye Feng heard what the old demon from Wushan said, his eyes immediately showed a trace of surprise.

Obviously, he never expected that this old Wushan demon really didn't care about him at all, and wanted to dedicate all the treasures left by his ancestors to him.

"Hypnosis becomes one's own believer. It is indeed very scary. No wonder in ancient times, all races in the world and countless ancient creatures were very afraid of mysterious cultivators like soul masters and kept it secret."

At this moment, Ye Feng himself couldn't help but sigh.

Ye Feng looked at the old Wushan demon in front of him, nodded with great satisfaction, and said: "You are very good, I am very happy. Now take me to see the treasure left by your ancestor, the Lich King."

Ye Feng has naturally heard of the Lich King. He is a well-known demon emperor in the vast land of the ancient demon world. He may have reached a level beyond the ancient emperor back then.

Therefore, such a treasure left by the Great Emperor of the Demon Clan must be a treasure, perhaps a precious treasure comparable to the Great Emperor's Tower.

At this moment, Ye Feng was in the demon world, and he knew very well that if he could have more treasures to protect him, his safety would be greatly improved.

After all, the place where he is now is not the Longyuan Continent, but a land comparable to the spiritual world, and even the ancient demon world that is vaster than the spiritual world.

There are countless ancient beings living here, including demon saints, demon emperors who dominate, and even gods.

Therefore, in such a dangerous place where countless taboo creatures live, Ye Feng naturally has to be more careful.

However, with the Great Emperor Tower on his body, Ye Feng felt more confident.

Even if the Demon Saint takes action, even if Ye Feng cannot defeat him, he can still escape calmly by running the Great Emperor Tower.

This trip is going to the Holy City of Bauhinia. Ye Feng knows that there are countless tyrannical demon clans there. It is a big city in the demon world, and he must be fully prepared.

At this moment, the old demon of Wushan led Ye Feng towards the depths of Wushan.

Soon they came to the foot of the mountain,

On the cliff in the distance, there is a small stone cave.

"Master, the treasure is within this mountain."

The Wushan old demon said to Ye Feng with a very respectful look on his face.

Ye Feng nodded. Now that the old Wushan demon was hypnotized by him and became his most loyal believer, it was naturally impossible for him to harm him.

So Ye Feng didn't have any worries at all and just walked in.

You know, your own believers don't have to worry about betrayal at all.

Because believers have already dedicated their hearts and souls to themselves.

Therefore, his followers are more sincere than even his closest friends.

At this time, Ye Feng and the Wushan Old Demon walked into the cave and walked through a winding stone path.

The stone path was very narrow at first, but after walking for a while, their vision soon became clearer.

A huge grotto inside the mountain suddenly appeared in front of Ye Feng.

At this time, there was a huge sculpture standing in the grotto.

This sculpture is thousands of meters tall, with a majestic body and a towering figure.

Even though it is made of stone, you can still vaguely feel the earth-shattering, world-shaking momentum and power of this existence back then.

The old demon from Wushan said with a hint of respect in his eyes: "This one is my ancestor, the Lich King. He was a famous figure in the entire ancient demon world. It's a pity that in my generation, he can't awaken. The Lich King's imperial blood can only dominate the mountain and become the king. It's really frustrating to be a little monster in such a remote place."

Ye Feng just nodded slightly and said: "Don't worry, since you believe in me now and have become my believer, I will definitely spare no effort to cultivate you. The blood of the Lich King flows in your body. Although you have not awakened, But it has

I will help you awaken your extremely terrifying talent potential. Just help me fight in this demon world. "

As for the Wushan old demon, Ye Feng's original idea of hypnotizing him was just to use the place where he lived.

But now that he saw how vast the demon world was, Ye Feng had an inexplicable idea in his mind. Maybe he could cultivate the old demon from Wushan and activate the emperor's blood in his body.

If the old demon of Wushan awakens the blood of the Lich King in his body, his strength will definitely skyrocket. In the vast interface of the demon world, he may become a demon emperor in the future.

At this moment, Ye Feng asked in his mind: "Shang, can the power of faith cross the interface barrier and be transmitted to me?"

Shang was silent for a while, then said: "I don't know much about this, but believers of ancient gods are spread all over the world. They absorb the power of faith and cross many interface barriers. Therefore, the mystery of faith is The power should be able to cross the interface barrier and be transferred to you from the void channel, but it is not necessarily possible because your current cultivation level is still too low. "

Ye Feng nodded and said: "Anyway, if I can arrange a chess piece like the old demon of Wushan in the demon world, no matter whether he is useful to me now or not, he might be able to use it in the future. Cunning rabbits have three caves. Prepare for a rainy day. Sometimes you can see It seems that the meaningless things I do may become a key factor in helping me in the future, so now I just promote the old demon of Wushan, no matter whether it will be useful in the future, it doesn't cost much anyway. "

At this time, Ye Feng was thinking in his heart, and instantly said to the Wushan old demon: "Come here, and I will see if I can activate the emperor's blood in your body."

"Yes, Master!"

The Wushan old demon's eyes were filled with ecstasy and he immediately came over.

Although he was hypnotized by Ye Feng and became Ye Feng's believer.

But this is the hypnosis method of the soul master. It is many times more advanced and magical than some puppet techniques in the magic way that control people and make people stupid.

The soul of the old demon from Wushan believed in Ye Feng, but it did not affect his original thoughts. He was also a living person.

The creatures have their own joys, sorrows and joys.

So when the old demon from Wushan heard Ye Feng say that there was a way to activate the emperor's blood in his body, the old demon was naturally extremely excited, even extremely happy.

The old demon from Wushan walked quickly and walked directly in front of Ye Feng.

"I will use a mysterious power later to help you activate the ancient blood in your body, so don't resist and accept my power wholeheartedly."

Ye Feng instantly stretched out his hand, spread his fingers, and immediately grasped the old demon Wushan's head.

"The Divine Secret of Creation!"

At this moment, Ye Feng was running his ultimate inheritance of the Divine Art of Creation.

boom!

In an instant, a huge force of creation rushed out from Ye Feng's palm and poured into Wushan Old Demon.

The power of creation cultivated through the Divine Art of Creation can not only improve Ye Feng's own body origin and life level.

In addition, the special power of creation that Ye Feng has cultivated can also help other beings break their inner genetic shackles.

Therefore, the Divine Secret of Creation is very magical. Back then, Ye Feng heard his father, Emperor Ye Qing, say that this Divine Secret of Creation was an inheritance that should not exist in the world and came from the Nine Heavens.

But whenever Ye Feng asked where he got the Divine Secret of Creation, Emperor Ye Qing, the divine emperor of the Divine Dynasty of Creation and the strongest human being in the spiritual world at that time, had a pair of world-shaking eyes. There was even a hint of sadness that Ye Feng couldn't understand.

Many years passed, and Ye Feng suddenly realized that maybe it had something to do with the mysterious queen he had never met.

"boom!!"

At this moment, under the transformation of Ye Feng's powerful and violent force of creation.

The Wushan old demon's whole body suddenly erupted with patches of black light.

"Buzz!"

A mysterious ancient power that has been dormant in his blood for thousands of years is slowly beginning to revive...

Chapter 740 Treasure

Buzz!

At this time, under the infusion of Ye Feng's power of creation, the bloodline of the Lich King in the old demon Wushan's body was slowly recovering.

A kind of genetic shackles that had imprisoned him for thousands of years was slowly being shattered with the help of Ye Feng.

An ancient and vicissitudes of power gradually emanated from the old demon of Wushan.

Even Ye Feng saw at this time that the soul world of Wushan Old Demon was originally chaotic, but now there was a ray of light that seemed to open up the world.

A tall figure sitting on a majestic throne, dressed in black gold armor, holding a dark giant sword in his hand, floating in the sky, like the tall emperor, overlooking the people and the world.

"That should be the will of the Lich King that comes from the bloodline of the old demon from Wushan. It has finally awakened."

Ye Feng murmured at this time, and then took back his power.

At this time, the old demon of Wushan also woke up from his cultivation state.

At this time, his whole body was filled with a different aura of confusion than in the past, making him look even more profound and vicissitudes of life.

"boom!"

Even at this time, under the influence of the Lich King's bloodline, the old demon Wushan suddenly burst out with a new and powerful aura.

That is the qi machine of the quasi-sage's cultivation!

The old demon of Wushan was trapped in the Half-Step Quasi-Sage for hundreds of years.

But once the ancient bloodline awakens, the shackles are broken, the shackles of the martial arts holy realm are broken, and the quasi-sage level is broken!

"Boom!"

A majestic and majestic demonic energy burst out from the Wushan Old Demon in an instant, causing the entire mountain to shake slightly.

At this moment, the Wushan old demon only needs to survive one heavenly tribulation to officially become a quasi-sage. Even in this vast demon world, even if he cannot be called a big shot, he is still a well-known figure.

"Plop!"

The old demon from Wushan knelt down in front of Ye Feng and said respectfully: "Thank you master for the huge reward, which allowed me to awaken the blood of the Lich King that has been dormant for thousands of years. From now on, my cultivation will definitely improve greatly." Ascension, Master, rest assured that I will definitely fulfill Master's orders, fight on this land, build sculptures for Master, and provide him with huge power of faith in the future."

At this time, Ye Feng asked the Wushan old demon to stand up and said in surprise: "You also know the power of faith?"

The old demon from Wushan nodded and said: "Reporting to the master, I once read in an ancient book left by my ancestors that when the master reaches a certain height, the power of faith can break down the barriers of any interface and transform from nothingness to nothingness. passed to the owner through the passage."

Ye Feng listened to what the Wushan old demon said and couldn't help but nodded slightly.

What Wushan old demon He Shang said before is true.

The strange consensus is that after looking at this chess piece of my own, it is still possible to bury it. Maybe it will really have a huge effect in the future.

But what Ye Feng is most interested in at this time is the treasure left by the Lich King.

The old demon from Wushan walked to the bottom of the huge sculpture on the mountain.

Then he cut his finger and dropped a drop of blood on the huge sculpture.

"Boom!"

Suddenly at this moment, the huge sculpture suddenly made a violent roar.

Click, click, click...

Suddenly, huge cracks appeared on the surface of the sculpture.

As the broken soil outside the layers of sculptures peeled off, a huge throne slowly appeared inside the huge sculpture in front of the two people's field of vision.

This huge throne was actually made of a kind of black ice. At this moment, the huge ice throne was revealed, and instantly spread out towards the surroundings, as if it could bring down the martial arts saints. The terrifying cold air that froze everything into ice slag.

Crunch, crunch...

At this time, a layer of ice quickly condensed on the entire internal surface of the huge mountain.

Ye Feng's eyes were fixed on the largest ice throne. The extremely cold power made the stars and battle bodies tremble. It was obviously terrifying to the extreme, and they were definitely at least at the level of imperial soldiers.

The old demon from Wushan hurriedly introduced: "Master, this is the inherited treasure left by my ancestors, the Frozen Throne that was the Lich King's car back then! According to our family's ancestral records, our ancestor the Lich King sat on On top of the Frozen Throne, with just a thought, endless cold energy rushed out of the Frozen Throne, directly freezing a country that covered an area of hundreds of millions of miles and became one in an instant. In the Frozen Kingdom, since that battle, the name of our ancestor Lich King has completely become famous in the entire demon world. However, at that time, our ancestor still had an abyss giant sword and a set of ancient witch armor, which were all used in the endless battle. It was lost in the years, and I don't know where it ended up. It's also a pity."

At this time, Ye Feng had no longer heard what Wushan Old Demon was saying. He just stared straight at the huge and towering Frozen Throne.

This kind of Frozen Throne is very similar to the Throne of Luck condensed by using the Crown of Luck when Ye Feng participated in the Hundred Dynasties War. It can allow the living beings sitting on it to master extremely powerful ancient power in an instant.

But unlike the Throne of Luck, this Frozen Throne is a real physical throne!

This magical casting method is a very ancient casting technology. I am afraid that even in today's demon world, it has already been

Lost.

As for Longyuan Continent, this rare casting technology may not have appeared at all.

Uh-huh!

Almost at this moment, Ye Feng couldn't help but want to give it a try.

He stepped directly to the sky and sat on the Frozen Throne.

"boom!"

Almost at this moment, a vigorous and terrifying cold air burst out from the inside of the Frozen Throne, like a long river of ice, directly wrapping Ye Feng.

When the Wushan old demon saw this scene, he was a little horrified and said: "Master, be careful, the terrifying will of our ancestors is still hidden in this Frozen Throne. Master, come down quickly, otherwise you will be frozen into pieces by the extreme cold air in the Frozen Throne." Dead body."

"Hahaha! What I'm not afraid of the most is will attacks. Even if it's the will of the gods above the nine heavens, I can suppress it with just a raise of my hand!"

Ye Feng's loud laughter suddenly sounded from high in the sky.

Although the will of the giant elephant god was originally the will of the gods, it was only a trace, so Ye Feng could suppress it by using the Soul Emperor Seal.

But at this time, Ye Feng can feel that the will of the Lich King in the Frozen Throne is very majestic and strong. To be on the safe side, it is better not to use the Soul Emperor Seal impulsively, otherwise it will be a loss if you damage your soul.

"boom!"

At this moment, Ye Feng's hand touched the Ice Throne, directly pulling the golden elixir in his mind.

"boom!"

A vast and terrifying wave of will energy appeared.

At this moment, in the inner space of the Frozen Throne, which is a cold land covered with ice, a tall figure like a black warrior wearing black gold armor and holding a black giant sword is standing in this endless ice. In the kingdom.

This is the terrifying will of the Lich King, which is contained in the inner ice world of the Frozen Throne. At this time, he wants to kill Ye Feng, an uninvited guest.

But at this moment, Ye Feng's supreme will, which pulled the golden elixir in his mind, suddenly descended into the inner world of the Frozen Throne.

"boom!"

On the endless cold land, a golden giant that was hundreds of millions of miles tall and majestic suddenly stood up. It was the supreme will transformed by the golden magic pill, giving people a sense of terror that they could not resist at all.

Even the ancient soul will left behind by the Lich King fell to the ground in an instant, his whole body shattered, and he couldn't even withstand the power of the golden giant manifested by the golden magic elixir for a second.

At this time, Ye Feng also felt more and more that the golden elixir in his mind was actually an elixir, or was it another extremely mysterious and powerful magic weapon?

At this moment, huge

inside the mountain.

Ye Feng sat on the Frozen Throne, and the river of ice around him that wanted to kill him suddenly dissipated.

Buzz!

At this moment, an extremely cold air burst out of the Ice Throne, condensing into a huge ice crown that floated above Ye Feng's head.

"What? The Ice Crown? The master has taken control of the Ice Crown in an instant?"

When the Wushan old demon saw this scene, his face changed drastically, and he was obviously frightened.

Then he lay deeply on the ground, kneeling in the direction of Ye Feng and said with more respect: "The master is invincible and has unrivaled means. He actually took control of the Ice Throne in an instant. It was like letting this old slave. It's amazing that the old slave's admiration for his master is as endless as a surging river!"

Ye Feng was feeling the power of the Frozen Throne at this time.

He could deeply feel that the interior of the Frozen Throne was like storing a vast world of ice, which was simply inexhaustible.

Sitting on the Frozen Throne, Ye Feng felt that his combat power could be increased by two or three times.

Ye Feng's original combat power is very terrifying. If it is increased by two or three times, it will be absolutely terrifying.

And this is far from the limit of the Frozen Throne.

Ye Feng knew that as his cultivation level improved and his control over the Frozen Throne became stronger and stronger, the power that the Frozen Throne would give him would become more and more powerful.

"No wonder the Lich King was able to make a name for himself in such a vast interface as the demon world. This Frozen Throne should have given him a lot of help, but now I have obtained it. But with such a treasure, be careful Use it, because even in this vast demon world, the Frozen Throne is probably an extremely high-level magic weapon, and it may arouse the covetousness and greed of super powerful people."

Ye Feng thought secretly in his heart, and walked down from the Frozen Throne and walked to the ground.

Buzz!

At this time, Ye Feng thought, and the huge Frozen Throne quickly became smaller in an instant, and finally turned into a stream of light, rushed into his body, and floated in the sea of dantian mana. Ye Feng could call it out again at any time. .

"Get up."

Ye Feng looked at the old Wushan demon kneeling on the ground and said: "Get ready. We will set off to the Bauhinia Holy City early tomorrow morning. We hope to encounter some peerless medicine in this large city of the demon clan. As long as If I can step into the fifth holy realm, there will be no suspense about killing Xiang Wudao, the young master of the giant elephant clan. Even after leaving the demon world, all the strong men of the divine elephant guard and the giant elephant clan will not be able to do anything to me. Of course, I If I can attack a Quasi-Saint in the demon world, even the lowest level of One-Tribulation Quasi-Saint, my combat power will undergo earth-shaking changes. By then, I will no longer be invincible in the wilderness except for the Divine Tiger King who is at the peak of Nine-Tribulation Quasi-Saint. hand."
