Chapter 741 Bauhinia Holy City

It was night, Ye Feng stood on the top of Wushan Mountain.

Above the dim sky of the demon world, three bloody waning moons cast a hazy and strange red light.

At this time, Ye Feng is studying the abilities of the Frozen Throne.

When sitting on the Frozen Throne, in addition to improving one's combat power, the Frozen Throne can also induce the icy air in the throne to freeze all the heaven and earth within a large radius. The stronger the cultivation strength, the wider the scope of the cold air and ice.

"If the toxins secreted by the poison-eating insects can be fused with the cold air and released completely, it can be regarded as a killing move. Not only can it freeze the enemy, but the cold air also contains poisonous air, which will be harmful to the enemy. Causing a second injury..."

Ye Feng touched his chin at this time, secretly thinking of some vicious methods.

Ye Feng didn't sleep all night. He was absorbing the original power of the vast land of the demon world.

Because the demonic energy in this ancient demon world is extremely majestic, perhaps other geniuses from the hundreds of tribes who entered the demon world cannot take advantage of this pure and incomparable demonic energy.

But Ye Feng's Divine Secret of Creation can be absorbed with confidence to strengthen his own magic power.

"Buzz!"

Suddenly, a huge dragon soul emerged from Ye Feng's eyebrows.

"Sad?"

Ye Feng's eyes flashed.

Shang looked into the distance at this time and said: "Ye Feng, it's time for me to leave. Coming to the demon world was something I couldn't even imagine when I was alive. Now I only have a ray of soul left. If I can find some powerful bodies of the ancient demon clan in this demon world and get reborn, I may achieve extremely terrifying achievements, even stronger than my previous ordinary demon dragon body."

Ye Feng wanted to say something, but when he saw that his old friend Shang was leaving, he felt a little complicated.

Because Ye Feng knew very well that in just one month, no matter how lucky Shang was, he might not be able to find a satisfactory body of the ancient demon clan, which would take a long time to search.

Shang himself knew this, but this was indeed a huge opportunity that he could only meet but could not ask for. Although he was a little reluctant to let it go, he had to leave.

So Shang stretched out his dragon claw at this time, patted Ye Feng's shoulder slightly, and said: "Boy Ye Feng, there is no such thing as a banquet that lasts forever. Besides, maybe I can find a suitable body of the ancient demon clan within a month. "

Ye Feng knew that this was a rare opportunity for Shang in a thousand years, so he did not stop Shang from finding his own future.

Ye Feng was just silent for a moment, and then said with a hint of gravity in his tone: "Shang, you must be careful."

"Meow!"

The big black cat also jumped out of the spirit beast bag at this time.

There is also an underground fire dragon, which also emerged from the spirit beast bag.

They are all greedily absorbing the powerful demonic energy that spreads between heaven and earth in the demon world.

Ye Feng smiled slightly and said to Shang: "I'll leave these two guys to you. They are definitely much better in the ancient demon world than in Longyuan Continent."

"good."

Shang nodded and did not refuse.

The big black cat and the underground fire dragon are both demons, and they have come to the ancient demon world. This land of the ancient demons may be able to bring them infinite fortune, and their future will be much brighter than following Ye Feng.

"Boy, I'm leaving."

Shang finally remained silent for a moment, then left with the big black cat and the underground fire dragon.

Before leaving, the big black cat ran hard in Ye Feng's arms, and then reluctantly left.

In the end, Ye Feng gave the Ancient Demon King's Token to Shang. After all, Ye Feng probably wouldn't be able to use it now.

Shang nodded and said: "Ye Feng, wait until I become the top tyrant in the demon world, and then I will open the passage to the demon world and then look for you."

"Sad..."

Ye Feng called slightly and found that Shang had walked far away and disappeared under the dark sky in the distance.

...

the next day.

Ye Feng and the Wushan Old Demon left Wushan and walked toward the west of this wild land.

The area where the old demon of Wushan is located is actually a barbaric place in the demon world where few forces and creatures exist.

The truly prosperous places in the demon world are actually controlled by the major demon emperors.

The place where Ye Feng and Wushan Old Demon are going now is a demon kingdom controlled by the demon emperor.

"Master, the Bauhinia Holy City we are going to is controlled by Princess Bauhinia. She is the daughter of the Demon Emperor. Her cultivation is unparalleled and her talent is unparalleled. After we enter, Master had better pretend to have some demonic aura, because we There has been no human race in the demon world for many years, so the master's human identity may cause some unnecessary trouble."

On the way, the old demon from Wushan was introducing and reminding Ye Feng.

Ye Feng asked curiously: "This Princess Bauhinia is the daughter of a living demon emperor and the heir of the real ancient emperor. How powerful is she?"

The old demon from Wushan replied: "According to outsiders' speculation, the cultivation level of this Princess Zijin is at least the strength of the Nine Tribulations Quasi-Saint Peak. You must know that she is the youngest daughter of the Demon Emperor and is only seventeen years old this year. "

"Seventeen-year-old Quasi-Saint of Nine Tribulations!"

This time, even Ye Feng's eyes trembled slightly, feeling a little bit scary.

She is worthy of being the daughter of the Demon Emperor. At the age of seventeen, she has achieved the cultivation of a Nine Tribulations Quasi-Saint, and is about to become a saint. It is simply too terrifying.

I am afraid that in the entire Longyuan Continent, even among the super overlords in Zhongzhou, there are no wizards who can match this Princess Bauhinia.

At this time, Ye Feng's eyes flashed with curiosity.

The old Wushan demon said quickly: "Master, please don't provoke Princess Bauhinia. The Holy City of Bauhinia has its own laws. As long as the master buys medicinal materials honestly according to the rules, no strong man will dare to bully the master casually." ??.

Ye Feng nodded and said, "I understand."

However, Ye Feng was not very afraid in his heart.

He now has two super magic weapons, the Great Emperor's Tower and the Frozen Throne. Not to mention Princess Bauhinia, who is a quasi-sage of the Nine Tribulations. Even if the Demon Saint appears, Ye Feng is not afraid.

Even if you can't fight, it's still easy to escape.

Three days later.

Ye Feng and Wushan Old Demon finally crossed a distance of nearly millions of miles and approached the territory of Bauhinia Holy City.

This also made Ye Feng deeply feel the vastness of the demon world, which may really be vaster than the spiritual world dominated by humans.

However, the demon world is a famous interface among all the worlds, and although the spiritual world and the earth are also infinitely vast, in terms of fame, they are still not as famous as the ancient large interface like the demon world.

"Old Wushan demon, I didn't expect you to be so cowardly as to be so arrogant in such a remote place."

At this time, at the end of the vision of Ye Feng and Wushan Old Demon, a huge ancient city reaching the sky appeared.

The entire huge city is actually made of amethyst. It looks full of dreams and has an extremely luxurious and majestic look.

The Wushan old demon's eyes lit up and he said: "Master, we are here! That is the Holy City of Bauhinia!"

At this time, Ye Feng was running the Divine Art of Creation and had transformed his life breath into demonic energy.

When the two of them reached the entrance of the Holy City of Bauhinia, Ye Feng saw that this was indeed a prosperous demon civilization.

The ancient and majestic city is majestic. The whole body is made of amethyst. There are complicated networks imprinted on it, exuding a mysterious light. It feels like the entire huge city is like a magic weapon, exuding a kind of magic. A terrifying strong aura fluctuation.

Ye Feng saw at this time that there were more than a dozen people around the entire Bauhinia Holy City.

A huge road, built to be extremely wide and extending in all directions.

There were figures stepping on the road.

All are monsters.

But what surprised Ye Feng was that most of the monsters turned into human forms.

Of course, there are also some monsters who maintain their original form, such as the giant ape carrying a black iron rod on its head, which is more than ten meters tall when standing upright.

There is also a colorful leopard, whose entire body is dozens of meters tall.

At this time, Ye Feng suddenly understood why the Holy City of Bauhinia was built to be so huge. It was because some monsters' manifested bodies were too huge.

Only a majestic and huge city can accommodate so many large demon clans.

At this time, Ye Feng was a little curious and said: "Old Demon of Wushan, why do so many demon clans in your demon world have to turn into human form?"

The old demon from Wushan smiled and said: "My master doesn't know. Although there are almost no human races in our demon world, the human race is recognized as the most magical race of creatures in all the worlds. Therefore, human civilization has spread to almost all the worlds. world, and the structure of the human body has endless mysteries. Even many great demons in our demon world have lamented that the human race is the leader of all spirits and is a race favored by God. "

Ye Feng nodded slightly when he heard what the Wushan old demon said.

Although the footsteps of the human race have not traveled all over the world, civilization and some customs have spread to all major interfaces, and many races are following suit, almost unifying the aesthetics of countless races in the world.

With a slight sigh in his heart, Ye Feng stepped into the Bauhinia Holy City.

It is obviously not the first time that Wushan Old Demon has come to Bauhinia Holy City.

He smiled slightly at Ye Feng and said: "Master is here for the first time, do you want to experience the place of pleasure in our demon clan?"

Ye Feng shook his head and said: "No need, let's do business. You can take me directly to the best medicinal material trading place in the Bauhinia Holy City. I need to buy the heavenly materials and earthly treasures in the demon world. The demon world is so vast. There must be many precious medicines that have been produced."

"That is required."

The old demon from Wushan immediately smiled and said: "Master, go this way. The trading place for medicinal materials is on the Southwest Street of the Bauhinia Holy City. In addition to medicinal materials, there are also many strange treasures dug out from the depths of the ground. Most of the demons are stupid. So I don't have the ability to identify strange treasures, but the owner is a smart human race, so he might be able to come across some rare treasures and buy them at a very low price."

When Ye Feng heard what the Wushan old demon said, he became interested and said with a smile: "Let's go and have a look. I hope I can have good luck."

Chapter 742 Strange Stone

As he shuttled through the huge city, Ye Feng looked around curiously.

Ye Feng discovered that the architectural style of Bauhinia Holy City, an ancient civilized city of demons in the demon world, was very different from the architectural style of the human race in Longyuan Continent.

Many houses, inns, trading halls, etc. are built in a castle-like shape, which is somewhat similar to the elven castles in the elves.

Ye Feng saw that there were many monster creatures in strange clothes walking through the streets of Bauhinia Holy City.

Most of them have turned into human forms, but still retain some of the demon clan's original characteristics.

For example, there is a graceful fox girl with nine furry tails on her back, and a cat tribe woman with a pair of cat ears.

Of course, there are also marine demon women whose bodies are covered with scales. They look full of wildness that human women don't have, but they give Ye Feng a completely different and special visual experience.

Soon, under the guidance of Wushan Old Demon, Ye Feng came to a trading market in the Bauhinia Holy City.

On this whole street, there are stalls lined with muddy stones, which seem to have just been dug out from the depths of the ground.

Some monster monks set up stalls in this trading method and put out the things they dug out of the ground. They don't know whether these are treasures, but there are always some masters among the monsters who like these. Strange underground things.

Therefore, many of the little demon tribes who came from the barren land brought with them broken little towers covered with mud, teapots made of purple gold, unknown huge bones, broken talismans, etc.

At this time, the old demon of Wushan stared at the dark stones placed on the stalls in the market, and said with a smile: "Master, I don't know if you can identify the treasures. I heard, old slave, that Princess Bauhinia had previously After arriving here, a small purple and gold dragon as big as a thumb was dug out from a black earth stone. It seemed to be a creature from the ancient times. It has terrifying potential and may become a giant in the future.

Shenlong. "

Ye Feng nodded at this time and said: "There are still some unusual auras. Let me check it out. Maybe there is an incredible treasure."

Buzz!

At this moment, Ye Feng's soul power was emitted.

Ye Feng is a soul master, and he is suitable for exploring this kind of treasure that is invisible on the surface and is like a pearl covered in dust.

"Um?"

Ye Feng suddenly sensed something and walked up to a small vendor.

This small vendor is a monster with a tiger head and a human body. His cultivation level is not very strong, and he is only in the first holy realm.

But this demon tribe showed no restraint at all. Instead, he pulled Ye Feng to his stall very familiarly and said with a smile: "Hello, young master, my black earth and rocks are not ordinary earth and rocks. It's a kind of stone called 'strange stone'. Strange stones are all stones formed from the soil in the endless depths of the ground. There may be treasures and treasures from ancient times buried inside. Many of the strange stones that people buy from me are from stones. All kinds of rare treasures were found."

At this time, Ye Feng and Wushan Old Demon were standing together, giving the small vendor the feeling that a young master from a big family was with the old slave.

The small vendor was very good at doing business and complimented Ye Feng: "My little man, I saw that this young master has a prominent family background. This time he came to our Bauhinia Holy City to find some fresh treasures, young master. We've come to the right place, this whole street, my stall, has the highest chance of finding treasures cut from strange stones."

At this time, the Wushan old demon whispered to Ye Feng: "Master, don't be deceived by such small vendors. Although these are strange stones, their quality is very low. They are probably just dug out from some ordinary places.

It doesn't last long, so it's impossible to cut out rare treasures from it. "

"Strange stone?"

It was the first time for Ye Feng to see this kind of strange stone that might contain ancient treasures.

Buzz!

He exuded his martial arts spirit, but found that it was impossible to penetrate the surface of this strange stone.

Obviously, this kind of strange stone is very special and can actually withstand the spiritual thoughts of practitioners at the holy level.

"No wonder these strange stones can become a form of business in the Bauhinia Holy City, because no one knows in advance whether these excavated strange stones contain ancient treasures and treasures, so they are all priced at a relatively low price. When buying, if you cut into a strange stone and find a rare treasure, you will make a lot of money. If you cannot cut it out, you will only lose a small amount of money at most. "

After Ye Feng figured it out at this time, he suddenly became clear.

This is simply like gambling. It depends entirely on luck. It may make a person keep buying strange stones until all his wealth is gone, but it may also make a person cut out a unique treasure and become rich instantly.

But at this time, Ye Feng had a mysterious smile on his lips.

Because for these strange stones, I don't need to rely on luck at all.

By using his own soul power and stimulating the Divine Eye of Creation, he can detect all illusions and even see through the strange stones in front of him.

Ye Feng didn't know if he could see through all the strange stones of various grades.

But he could see through all the dozens of strange stones on the tiger demon stall in front of him.

At this time, the old demon Wushan and the little tiger demon vendor were arguing. The old demon Wushan insisted that the tiger demon vendor was a liar, but the tiger demon vendor said that his strange stones were all high-grade rare stones.

The old demon from Wushan was very angry and pointed out

Looking at the pile of dark stones on the stall, he said: "The poor appearance of the stones outside must be the strange stones you randomly picked up from some ancient mine. They are the lowest-grade strange stones."

The tiger demon vendor naturally knew that the strange stones on the stall were all low-level strange stones.

But when the tiger demon peddler saw Ye Feng's young face, he thought he might be a young man from a big family who was very easy to deceive.

That's why he talked sweetly, trying to make Ye Feng the wrongdoer, and bought more than a dozen low-level stones from his stall.

Because this little tiger-monster vendor himself knew that if he could cut out rare treasures from these dozens of low-level stones, he would be a fool.

But the man in front of me might be a young master from a big family. He is young and ignorant, so he might be able to trick someone.

In fact, the tiger demon peddler has used this trick many times. He made a lot of noise about a group of low-level strange stones, and then deceived the curiosity of some young masters and ladies from big families to buy these low-level strange stones. The result was a pile of rubble. Nothing was cut out.

The old demon from Wushan said to Ye Feng: "If the master is interested in strange stones, he can buy them from the famous stone shops in the Bauhinia Holy City that sell strange stones. Those are high-quality stones that can be cut into rare treasures. The probability is high."

When the tiger demon peddler heard what the Wushan old demon said, he immediately became anxious and was about to speak out.

"I'll buy the three strange stones from your stall."

Suddenly Ye Feng spoke up, interrupting the tiger demon vendor's words.

"Young master, you really have a good eye. Which three strange stones do you need? Just pick them."

The tiger demon peddler immediately beamed with joy and hurriedly made flattering noises.

But at this moment, the tiger demon peddler was snickering in his heart that Ye Feng was indeed an easy victim. He was definitely a rich and wealthy young man from a big family who had never seen the world. He just cajoled him, and the fish took the bait.

Chapter 743 Dumbfounded

In the eyes of this tiger demon peddler, Ye Feng was simply a real victim.

The tiger demon peddler now wished Ye Feng could buy all the low-level strange stones in his stall.

But Ye Feng said he would only buy three yuan, which made the tiger demon vendor slightly disappointed.

But if he can trick anyone, he will do it one by one, so the tiger demon vendor is still very happy at this time and wraps up the three strange stones that Ye Feng picked out.

The old demon from Wushan stood aside and saw that the surfaces of the three strange stones that Ye Feng picked were all dark and pitted, with no aura at all. He couldn't help but feel that Ye Feng had been cheated.

"Oh, as long as the master is happy."

In the end, the old demon from Wushan thought of this.

At this time, the tiger demon vendor picked up the three low-level strange stones and said with a smile: "Sir, you can just use the storage ring to put them away."

Ye Feng shook his head and said with a smile: "I'm going to drive now instead of waiting to go home. Here I can get some luck from the Holy City of Bauhinia, and maybe I can cut out some rare treasures. "

"impossible!"

The tiger demon peddler wanted to say this, but on the surface he remained calm and said with a smile: "Okay, if you want to do it on the spot, then do it on the spot. I will get the stone cutter for you."

At this time, the tiger demon vendor took a palm-sized knife with thick fingers from a step behind and handed it to Ye Feng.

Ye Feng held the first strange stone he picked and started cutting it directly.

"Look! Someone is cutting the stone on the spot!"

"Don't look at it. That tiger demon is a liar and a profiteer. The strange stones in his stall are all low-grade strange stones. They are just leftovers from strange stone mines. There is no way they contain rare treasures."

"Hmph, this young man is probably the young master of some big family. He is young and energetic, but too immature. He doesn't even know he has been tricked by the tiger demon."

At this time, many monster clans saw that Ye Feng was about to cut stones on the spot, and they all gathered around and talked in low voices.

"Crunch, crunch..."

At this moment, Ye Feng was quickly waving the knife in his hand, quickly cutting the first strange stone in his hand.

Blah blah blah!

Layers of stone chips fell off quickly.

At this time, the tiger demon vendor who sold Ye Feng Qishi looked completely indifferent.

Obviously he knew that Ye Feng couldn't cut anything at all, and there was nothing to look forward to.

However, in order to cooperate with Ye Feng, the tiger demon vendor's face still showed a cooperative look of expectation.

"when!"

Suddenly at this moment, the knife in Ye Feng's hand seemed to have hit something hard, and it made a sound like metal collision.

"Um?"

At this moment, the many monsters watching around had a strange look in their eyes.

"Did you really cut something out?"

"It's impossible. Those are the lowest-grade strange stones, scraps that no knowledgeable person would even look at."

At this time, many people were talking about it.

Curious eyes all focused on the strange stone in Ye Feng's hand.

"Crunch! Crunch!"

Accompanied by the sounds of cutting and rubbing, the first strange stone in Ye Feng's hand was finally completely cut open.

There was actually a stone emitting nine colors of light inside.

"Nine-Colored Divine Light Stone!"

"This is the legendary fairy stone that fell from the fairy world!"

At this moment, all the demon clan watching had very shocked looks in their eyes.

"What? Immortal stone?!"

The most shocked person at this moment was the tiger demon vendor.

He never thought that one day, among these low-level stones in his stall, such a precious immortal stone would be cut out!

Immortal stone, that is a stone at a higher level than the best holy stone!

It truly fell from the legendary ancient fairy world and contains extremely precious fairy energy.

"nice one!"

Ye Feng's eyes lit up, and he didn't expect to cut out a legendary fairy stone.

Even the lowest-grade fairy stone is countless times more advanced than the top-grade holy crystal.

The immortal energy contained in it is also of great benefit to practice.

"The master really cut out a rare treasure!"

At this time, the Wushan old demon also widened his eyes, feeling incredible.

At this time, Ye Feng was secretly happy. Sure enough, the vision seen by the Divine Eye of Creation was not wrong.

In fact, Ye Feng used the soul master's method and used the Divine Eye of Creation to see clearly what exactly existed in the strange stone.

But Ye Feng can see things that ordinary people can't see, that is, there are varying degrees of light emitting above some strange rocks.

"Perhaps, this is the Feng Shui mysticism that soul masters need to learn at the next level. There are no strange stones that contain rare treasures from the world. They are just ordinary stones.

Naturally, they will not reveal any Feng Shui phenomena, but strange stones that contain rare treasures. It has its own destiny, which can be expressed through Feng Shui phenomena.”

Of course, only a powerful soul master like Ye Feng can see it.

In other people's vision, these strange stones are dim and nothing can be seen.

"Crack!"

Ye Feng directly crushed the fairy stone he had just cut out in his hand, opened his mouth wide, and swallowed the wisp of fairy energy contained in the fairy stone.

A wisp of immortal energy seemed weak, but it was as heavy as a huge mountain ridge.

However, Ye Feng has a strong physique and directly uses the Devouring Mystery to refine this ray of immortal energy.

"boom!"

Even if it is just a wisp of immortal energy, it still contains infinite power of creation, and it is an aura that only immortals can absorb.

Ye Feng's whole body suddenly burst out with a new and powerful aura.

He actually made a breakthrough at this moment. Driven by a ray of immortal energy, Ye Feng successfully entered the first level of the fifth holy realm!

"Just like this, you refined the immortal energy and achieved a breakthrough?" ??

At this time, all the monsters in the room were a little stunned, and then they were deeply envious.

Immortal energy is a huge opportunity that can only be encountered but cannot be sought.

"What a loss!"

The most frustrated person at this time was naturally the profiteer, the tiger demon peddler. He was on the verge of tears.

"Second piece, continue."

Ye Feng once again took out the second strange stone he selected.

When Ye Feng observed it before, the light of luck and feng shui on this second strange stone was a little brighter than the light of the first fairy stone, and it was probably not weaker than the fairy stone.

"Crunch! Crunch!"

Ye Feng raised the knife and lowered it very fast, so fast that many of the Holy Realm monsters didn't see Ye Feng's cutting action clearly.

The expressions of many of the demon clan who gathered around became serious. This young man who seemed to be a playboy from a big family seemed not to be as simple as everyone imagined.

"when!"

There was another sound of metal collision, and Ye Feng seemed to have cut something with this second piece.

"Isn't it?"

"So lucky?"

All the demon clan watching around were shocked.

Under the expectant eyes of countless people, Ye Feng completely cut open the second strange stone.

A small jade bottle appeared.

At this time, Ye Feng's eyes moved and he opened the lid of the jade bottle.

"Buzz!"

A piece of extremely pure milky white aura emanated from the jade bottle, and a small white jade dragon briefly condensed in the space on the bottle mouth, and then quickly dispersed.

"Condensing Qi and becoming a dragon!"

"The liquid contained in this jade bottle is definitely comparable to a rare liquid like the Ten Thousand Years Stalagmite Liquid!"

The elders of the demon clan surrounded by elders couldn't help but exclaimed.

The jade bottle is not a treasure, but the liquid contained in it is definitely a unique liquid.

"Gulu!"

Ye Feng swallowed it in one gulp.

"boom!"

Suddenly, a terrifying heat that penetrated deep into the bone marrow broke out in his body.

"ah!"

Ye Feng roared in pain, and a white beam of divine light shot out from his mouth, directly penetrating the sky. \u003c

br\u003e

"Could it be poison?"

At this time, the demon clan with a dark heart sneered coldly in its heart.

"Boom!"

But at the next moment, a huge martial arts momentum burst out from Ye Feng's body.

"Fifth Holy Realm Intermediate Level!"

Everyone's expressions changed when they sensed this cultivation aura.

Another breakthrough?

Ye Feng returned to normal at this time and had completely refined the extraordinary liquid in the jade bottle.

He himself did not expect that by cutting open two strange stones at random, he would obtain two ancient treasures that were comparable to peerless elixirs, allowing him to achieve a rapid and huge breakthrough in his cultivation.

"Master, as expected of you!"

The old demon from Wushan was very excited.

At this time, the tiger demon profiteer's face was full of livid color, and his face was extremely ugly.

"The third piece."

Ye Feng took out the third strange stone at this time.

It is still a dark stone with pits and pits on the surface. An ordinary person would know that it is a waste stone at a glance.

But at this time, when Ye Feng observed with the Divine Eye of Creation, the sky above this third strange stone was shining with light that was dozens of times brighter than the first two!

"Looking at the confident look in that young man's eyes, could there be some rare treasures cut out of this third piece?"

"It would really be a disaster if three unique treasures were cut out from a pile of rubble in a row!"

At this moment, more and more monsters gathered to watch on the entire street of Trading Place City.

Everyone is eager to know whether the young man in black can cut out another treasure from the third piece.

"Crack!"

Suddenly Ye Feng took the knife.

The blade directly cut off a corner of the third strange stone.

"Buzz!"

Suddenly at this moment, a bright divine light suddenly came out from inside the stone.

This divine light actually has nineteen colors. It looks so beautiful and gives people a dreamlike feeling.

"What? I just cut a corner and a vision of divine light bloomed!"

"Nineteen divine lights of different colors? What kind of unique treasure is this!"

"It's so scary! I really had an eye-opening experience today!"

"Let me just say, this young man in black is definitely not an ordinary person!"

At this time, the entire field suddenly started to boil.

"Plop!"

The tiger demon peddler's legs and feet suddenly became weak and he fell to the ground. He was dumbfounded and his heart was sluggish.

The Wushan old demon's eyes trembled and he said in shock: "With nineteen colors of divine light, this strange stone definitely contains a peerless treasure that will drive the Demon Saint City crazy!"

Chapter 744 Innate Holy Fetus

Ye Feng only made the first cut of the third strange stone. From the crack in the stone, a divine light composed of nineteen colors came out.

When everyone saw this shocking vision, their eyes showed deep horror.

"Young man! Cut them all quickly! This stone may contain a rare treasure!"

A burly man with a leopard head spoke up, and it was obvious that everyone couldn't wait any longer.

Ye Feng nodded, smiled slightly, and said: "Okay, then cut them all!"

"Boom!" ??

Ye Feng held the knife in his hand and moved his palm quickly, cutting through the void.

"What a strong body!"

At this time, some elders with extraordinary eyesight saw that when Ye Feng's palm was waving, the space around him was trembling, as if he couldn't hold it any longer.

This level of physical strength is simply terrifying!

At this moment, the knife in Ye Feng's hand suddenly stopped.

At this time, the third strange stone in his hand had been completely cut open.

A piece of jade emitting nineteen colors of light, in the shape of a human, appeared in Ye Feng's hand.

"A piece of human-shaped jade?"

"Emitting light of nineteen colors?"

"What kind of rare treasure is this?"

There were so many monsters on the field at this time, almost none of them could recognize the origin of this treasure.

The eyes of many monster clans showed extremely doubtful looks.

"Is it just an ordinary jade accessory?"

Some old demon clan members spoke out and speculated.

"Is this true?"

Suddenly at this moment, an old man wearing a red robe looked startled, as if

It seemed like he had thought of something.

"Crash!"

The old man in red robe actually took out an ancient book from his storage ring and started reading it on the spot.

"found it!"

Suddenly, the red-robed old man stopped what he was doing and stared at a picture traced on the book. It was exactly the same as the human-shaped jade stone that Ye Feng had cut out at this time.

The red-robed old man was suddenly horrified and said: "This is a piece of innate holy fetus! It is a top-quality jade, which can only be formed by absorbing the power of heaven and earth for hundreds of thousands of years! However, it has not truly become a human form, but it is also It's equivalent to the holy fetus of an ancient saint!"

Wow!

Almost the moment the red-robed old man finished speaking, all the monsters on the field changed their expressions.

The innate holy fetus!

That is equivalent to the holy fetus shed by an ancient saint after his death.

Moreover, the innate holy fetus bred from this precious jade of heaven and earth contains even more majestic energy.

If it can be cultivated properly, maybe this innate holy fetus can continue to grow, and eventually a living ancient saint can be raised!

"I'm so at a loss...poof!!"

When the tiger demon vendor saw this scene, he spat out a mouthful of blood and fainted on the ground.

Ye Feng's eyes were strange at this time, staring at the human-shaped jade in his hand, which turned out to be the legendary innate holy fetus.

At this moment, Ye Feng could clearly feel the fiery and greedy gazes projected from his surroundings.

"It seems that this innate holy fetus is too precious and is coveted by others."

At this moment, Ye Feng actually didn't even think about it.

I was so lucky that I was able to cut out an incomparably rare and unique treasure like an innate holy fetus from this strange stone! Ye Feng only made the first cut of the third strange stone. From the crack in the stone, a divine light composed of nineteen colors came out.

When everyone saw this shocking vision, their eyes showed deep horror.

"Young man! Cut them all quickly! This stone may contain a rare treasure!"

A burly man with a leopard head spoke up, and it was obvious that everyone couldn't wait any longer.

Ye Feng nodded, smiled slightly, and said: "Okay, then cut them all!"

"boom!"

Ye Feng held the knife in his hand and moved his palm quickly, cutting through the void.

"What a strong body!"

At this time, some elders with extraordinary eyesight saw that when Ye Feng's palm was waving, the space around him was trembling, as if he couldn't hold it any longer.

This level of physical strength is simply terrifying!

At this moment, the knife in Ye Feng's hand suddenly stopped.

At this time, the third strange stone in his hand had been completely cut open.

A piece of jade emitting nineteen colors of light, in the shape of a human, appeared in Ye Feng's hand.

"A piece of human-shaped jade?"

"Emitting light of nineteen colors?"

"What kind of rare treasure is this?"

There were so many monsters on the field at this time, almost none of them could recognize the origin of this treasure.

The eyes of many demon clans showed extremely doubtful looks.

"Is it just an ordinary jade accessory?"

Some old demon clan members spoke out and speculated.

"Is this true?"

Suddenly at this moment, an old man wearing a red robe looked startled, as if

It seemed like he had thought of something.

"Crash!"

The old man in red robe actually took out an ancient book from his storage ring and started reading it on the spot.

"found it!"

Suddenly, the red-robed old man stopped what he was doing and stared at a picture traced on the book. It was exactly the same as the human-shaped jade stone that Ye Feng had cut out at this time.

The red-robed old man was suddenly horrified and said: "This is a piece of innate holy fetus! It is a top-quality jade, which can only be formed by absorbing the power of heaven and earth for hundreds of thousands of years! However, it has not truly become a human form, but it is also It's equivalent to the holy fetus of an ancient saint!"

Wow!

Almost the moment the red-robed old man finished speaking, all the monsters on the field changed their expressions.

Innate Holy Fetus!

That is equivalent to the holy fetus shed by an ancient saint after his death.

Moreover, the innate holy fetus bred from this precious jade of heaven and earth contains even more majestic energy.

If it can be cultivated properly, maybe this innate holy fetus can continue to grow, and eventually a living ancient saint can be raised!

"I'm so at a loss...poof!!"

When the tiger demon vendor saw this scene, he spat out a mouthful of blood and fainted on the ground.

Ye Feng's eyes were strange at this time, staring at the human-shaped jade in his hand, which turned out to be the legendary innate holy fetus.

At this moment, Ye Feng could clearly feel the fiery and greedy gazes projected from his surroundings.

"It seems that this innate holy fetus is too precious and is coveted by others."

At this moment, Ye Feng actually didn't even think about it.

I was so lucky that I was able to cut out an incomparably rare and unique treasure like an innate holy fetus from this strange stone!

Chapter 745 Mingshifang

At this time, the Wushan old demon whispered in Ye Feng's ear: "Master, don't worry, this is the kingdom of Ziji Demon Kingdom, and the Bauhinia Holy City has its own laws and rules. Even a demon saint-level existence can't do it." Don't dare to mess around."

Ye Feng nodded slightly and was about to put this piece of innate holy fetus into the storage spirit ring.

"This friend, the innate holy fetus you cut out does not belong to you, but to our famous Shifang."

Suddenly at this moment, a gloomy voice sounded.

"Mingshifang?"

Many monsters on the field couldn't help but look shocked when they heard this name.

Even the old demon from Wushan changed his expression and said: "Master, this famous stone shop is the largest force selling rare stones in the Bauhinia Holy City. It has a huge foundation. It has opened many famous stone shops throughout our entire Southern Realm Demon Realm. In the Fang Branch, even the Ziji Demon Emperor is very polite to this kind of large financial group. The existence of this force may not take into account the rules and laws of the Bauhinia Holy City. "

When Ye Feng heard the Wushan old demon's explanation, his eyes showed a hint of surprise.

The great emperor of the demon clan who founded the ancient kingdom of the demon clan is very polite. It seems that this famous stone workshop is indeed a super power with rich wealth.

However, Ye Feng was not a vegetarian. At this time, he stared at a young man in white robe with two crystal dragon horns on his head who was walking not far away. He smiled and said: "Oh? Who are you? This innate holy fetus. Everyone has seen that I cut it out of a strange stone with my own hands. Why do you say it is from your famous stone workshop?"

The young man in white robes with two crystal dragon horns had a cold look in his eyes. What he just said was exactly what he said.

"It's the young master of our famous Shifang branch in the Holy City of Bauhinia, Qu Yiming!"

"It turned out to be this domineering and ruthless man. It seems that the boy in black can't protect the innate holy fetus he cut out."

"match

My husband is not guilty, but he is guilty of carrying a jade. "

At this time, many demon clans around could not help but shake their heads and sigh.

This Qu Yiming is the young master of the famous Shifang.

Although the famous stone square in Bauhinia Holy City is just a branch stone square.

But its wealth base is also extremely strong. In the Holy City of Bauhinia, except for the legendary city lord Princess Zijin, no one dares to confront Qu Yiming, the leader of the young master.

There were also people who had been robbed by Qu Yiming so forcefully and wanted to compete with Qu Yiming.

But the result was that all the demon saints guarded by Mingshifang were killed on the spot, completely ignoring the rules and laws of the Bauhinia Holy City.

Therefore, in the eyes of many monster clans, no matter how much Ye Feng resisted, he could not escape the tragic end of being robbed.

The Wushan old demon also became extremely vigilant at this time. He stood beside Ye Feng and stared at the song Yiming.

At this time, Qu Yiming, the young master of the famous Shifang, smiled coldly, stared at Ye Feng, and said: "I have to say that you, a young man, are really lucky, but let me tell you, this tiger demon vendor The low-grade strange stones on the stall are all stolen from the scraps that our Mingshifang does not want, so these strange stones should belong to our Mingshifang, so the innate holy fetus you cut out now also belongs to our Mingshifang. of."

At this time, Ye Feng heard what Qu Yiming said, but he suddenly smiled and said: "Young master, since ancient times, trading is a sacred thing. I spent money to buy these three strange stones. Then these strange stones It belongs to me, and whatever you cut out is mine. If you want to settle the score in the future, you can go to the tiger demon vendor who sells this strange stone. What does it have to do with me? "

With that said, Ye Feng turned around and left.

"presumptuous!"

Suddenly Qu Yiming, the famous master of Shifang Shaofang, shouted coldly: "Boy! Don't be so shameless! The innate holy fetus in your hand is not something that a weakling like you can grasp. Hurry up and give it to me so that the innate holy fetus can be mastered." The property returns to its original owner!" Wushan Old Demon whispered in Ye Feng's ear: "Master, don't worry, this is the kingdom of Ziji Demon Kingdom, and the Bauhinia Holy City has its own laws and rules, even if you are a demon, Even saint-level beings don't dare to mess around."

Ye Feng nodded slightly and was about to put this piece of innate holy fetus into the storage spirit ring.

"This friend, the innate holy fetus you cut out does not belong to you, but to our famous Shifang."

Suddenly at this moment, a gloomy voice sounded.

Chapter 746 Demon Saint

boom!

At this time, Qu Yiming said, and he took action brazenly, simply ignoring any rules and being lawless!

He is a top genius at the level of a quasi-saint. When he takes action, his hand immediately turns into a crystal dragon claw that covers dozens of meters in the air. It has incredible destructive power, and even the void will be destroyed. Scratched to pieces.

"Get away!"

Ye Feng suddenly shouted and turned around, without any fear, he took action directly.

"Boom!"

A big star-covered hand that covered the sky and earth smashed Qu Yiming's crystal dragon claw to pieces in one fell swoop. It was so devastating that it was like a planet falling down. It directly pressed Qu Yiming, the young master of the famous stone workshop. On the earth.

"Boom!"

"Crack!"

The ground suddenly shattered, and Qu Yiming was pressed into the ruins by Xingchen's big hand. He was bleeding all over his body. He was obviously seriously injured and had no power to fight back.

"What?!"

Seeing how powerful Qu Yiming was, the young prodigy was immediately suppressed.

The eyes of all the monsters on the street became extremely horrified.

"What kind of demon bloodline does that young man in black have? Why is his body as powerful as an ancient demon!"

"Qu Yiming is the heir of the orthodox Crystal Dragon Clan. How could it be suppressed in an instant? You must know that the black-clothed young man's cultivation aura is only at the mid-level of the fifth holy realm."

At this moment, all the monsters present were shocked, with deep disbelief in their eyes.

"Ah!! Boy, how dare you take action against me!!"

Qu Yiming, the young master, was bombarded by Xingchen's big hand in the ruins. He was pressed tightly and could not move. He felt the huge shame and was roaring crazily.

Ye Feng smiled coldly and said: "You are making trouble, slandering me casually, and trying to rob me of the innate holy fetus. I didn't kill you directly. I was already giving face to Mingshifang. Don't anger me again. Yeah, I'm afraid I'll really kill you."

"you.....!"

Qu Yiming's eyes suddenly became extremely ugly.

"Buzz!"

But suddenly at this moment, a majestic and vast energy suddenly descended on the entire field from high in the sky.

At this moment, countless demon clans felt their whole bodies sinking, as if they had

A huge mountain reaches the sky and weighs down on his shoulders.

"Um?"

At this time, even Ye Feng felt his body sink and felt a sense of life and death crisis.

"The demon saint named Shifang has arrived!"

At this time, the old demon from Wushan suddenly made a sound of horror.

"The Demon Saint of the Demon Clan!"

Ye Feng's eyes changed slightly, he was indeed worthy of being in the demon world, and he just met a demon saint casually!

At this time, Qu Yiming, who was suppressed in the ruins, seemed to have seen a savior and immediately shouted to the sky: "Elder Mo! Help me quickly and kill that country boy who appeared out of nowhere! In his hands The innate holy fetus is of great use to me. If I can build a strong saint foundation, I need the innate holy fetus nurtured by the precious jade of heaven and earth!"

At this moment, Qu Yiming's tone was filled with deep murderous intent and an extreme greed.

Buzz!

The space fluctuated slightly, and a cold old man wearing a green shirt appeared next to Qu Yiming.

The old man in blue shirt blew casually, and his big star hand, which was as heavy as a planet, was immediately blown into pieces by this breath.

"As expected of the Demon Saint, he is so strong! He may be even more powerful than the Senior Killer Saint in the underworld. After all, he is an ancient saint-level existence with sufficient energy and blood in the demon world!"

Ye Feng's eyes were slightly startled at this time, and he was about to use the Great Emperor Tower to escape directly.

It's just a pity that I couldn't stay in the Holy City of Bauhinia for a while to find some peerless medicine that would help me break through to the quasi-sage.

"Didn't you expect that the senior Demon Saint of Mingshifang would also bully us young juniors? It really makes this princess a little bit uncomfortable with it."

Suddenly at this moment, a female voice with a light smile sounded.

The next moment, in the deep area of the Bauhinia Holy City, a dozen tall guards wearing purple-gold armor, carrying a noble dragon sedan, flew towards the city lord's palace in the holy city.

In the huge dragon sedan, stood a beautiful woman in red with her hands behind her back.

She was wearing a red warrior outfit. She looked heroic, but she had a perfect face that could make any man fall for her. She was even so beautiful that she was almost enchanting.

"It's Princess Bauhinia!"

"Princess Bauhinia takes action!"

At this time, the eyes of many demon clans on the field were shocked, and then they looked like they were watching a good show. boom!

"It's Princess Bauhinia!"

"Princess Bauhinia takes action!"

At this time, the eyes of many demon clans on the field were shocked, and then they looked like they were watching a good show.

Chapter 747 Invincible Land

Qu Yiming, the young master of the famous Shifang, had a deeply ferocious and ruthless look in his eyes, staring at Ye Feng opposite him.

He is the master of Shifang Shaofang. In the Holy City of Bauhinia, who dares to be so presumptuous to him?

He has always been Qu Yiming who takes things by force and is lawless. No one dares to disobey him.

But today, Ye Feng, a boy who appeared out of nowhere, dared to suppress him so miserably.

Under the gaze of everyone, Qu Yiming was suppressed in the ruins, blood spurted from his mouth, and his heart was filled with resentment.

At this time, he looked at the old man in green shirt next to him and said: "Elder Mo, you must capture this boy and imprison him. I must torture this boy to death before he can be eliminated." The hatred in my heart!"

Qu Yiming's words at this moment made many demon clans around him feel frightened.

Many demon clans are whispering, wondering if Princess Zijin can protect this young man Ye Feng.

After all, Princess Bauhinia may just think that Ye Feng is a talent, and it should be impossible for a little boy to make an enemy of the demon saint of Mingshifang.

At this time, the demon saint in green shirt of Mingshifang, with a cold look in his eyes, stared at the woman in red on the huge dragon sedan high in the sky, and said indifferently: "Princess Bauhinia, I don't know where this country girl came from. You kid, you dare to be so cruel to our young master. As the guardian elder of Mingshifang, I take action to imprison this murderous kid. Is there anything wrong? "

Ye Feng smiled coldly at this time and said: "It's your young master who wants to rob me. He wants to snatch the treasure in my hand. It's like I made the first move on him. Fortunately, you are still a demon saint." The character really confuses right and wrong and has no shame."

"Boy, you...!"

Hearing that Ye Feng dared to ridicule him like this, the green-shirted Demon Saint of Mingshifang suddenly turned extremely ugly.

Many of the surrounding demon clans also looked shocked. They did not expect that Ye Feng, an ordinary young man who appeared out of nowhere, would dare to say such insulting words to the demon saint in blue in public.

Princess Bauhinia also glanced at Ye Feng in surprise at this time, obviously not expecting Ye Feng to be so bold.

But this made Princess Bauhinia admire Ye Feng even more.

She looked at the demon saint in green shirt and said with a smile: "Senior also knows the rules of our Ziji Demon Kingdom. Although senior is a demon saint, in the Bauhinia Holy City, the basic rules must still be followed. If you are famous as stone If you go too far, who will dare to come to our Bauhinia Holy City in the future?"

Qu Yiming's face looked a little ugly at this time. He never expected that Princess Zijin, the most beloved daughter of the Ziji Demon Emperor and the genius city lord of Zijin Holy City, would be like this.

to speak for Ye Feng.

At this time, the demon saint in blue also showed a trace of anger in his eyes. He did not expect that Princess Bauhinia would stand up against him at this critical moment.

The green-shirted demon saint is a living ancient saint of the demon clan, comparable to the existence of ancient saints in the human race.

Such an existence is extremely powerful and transcendent, so it has its own majesty and dignity.

At this time, Princess Bauhinia stepped forward, which made the green-robed Demon Saint of Mingshifang a little embarrassed.

The green-robed Demon Saint hesitated for a moment, and then gave a hard look.

"boom!"

He actually took action directly and fiercely, trying to kill Ye Feng in the blink of an eye. If Princess Bauhinia wanted to say anything by then, it would be meaningless.

"boom!"

An ancient huge demonic claw appeared, like a rat claw made of steel, the size of a millstone. It actually traveled through the space and came to Ye Feng in an instant.

"Blue-shirted Demon Saint, how dare you!!"

Princess Bauhinia's beautiful eyes suddenly became extremely frightened and angry. She didn't expect that the Demon Saint in blue would be so unruly and attack in front of her.

But at this time, Princess Bauhinia was already too late. The terrifying attack at the level of the Ancient Saint had already arrived in front of Ye Feng.

"Buzz!"

But the next moment, Ye Feng's figure had disappeared from the spot, and a majestic ancient tower appeared, towering under the blue sky.

"Clang!"

The Green Shirt Demon Saint's huge Ancient Saint-level demon claws bombarded the ancient tower, only to make a roaring sound without any other damage.

"Imperial soldiers!"

Almost at this moment, the demon saint in green shirt and Princess Zijin exclaimed in unison.

The majestic giant tower is naturally the Great Emperor Tower.

At this time, Ye Feng was standing with his hands behind his back, standing in the inner space of the Great Emperor Tower.

The huge ancient tower stood in the void, with infinite weight and majesty. Even the demon saint in blue was unable to break through the defense of the Great Emperor Tower in a short time and hurt Ye Feng.

At this moment, Ye Feng hid his body deeply in the inner space of the Great Emperor Tower, looking at everything outside, almost invincible.

"This young man actually has a legendary imperial weapon in his body, no wonder he dares to be so presumptuous.

"

"Hahaha, the blue-shirted demon saint and the young master of Mingshifang are dumbfounded. This is the first time I have seen this evil young man from Mingshifang being defeated."

Many monsters around them had cold smiles on their faces and started talking.

Apparently they had watched people from Mingshifang take things by force for a long time, but no one had ever dared to resist.

Today, Ye Feng suppressed Qu Yiming in the ruins with a slap. At this time, he defeated the demon saint in green shirt and slapped Ming Shifang hard on the face. This made many demon clans around him secretly excited and clapped their hands. .

"A great emperor's inherited imperial weapon, what is the identity of this young man?"

At this moment, even the demon saint in blue showed a trace of fear in his eyes.

If there is an ancient emperor standing behind the opponent, then no matter how wealthy their name is Shifang, they cannot provoke the descendant of an ancient emperor at will.

At this time, Qu Yiming, the young master of the famous Shifang, was also shocked, with a very ugly look on his face.

Obviously he knew that his shame today was destined to be impossible to wash away.

The level of ancient saints is divided into ordinary saints, saint kings, great saints, and then quasi-emperors. Above the quasi-emperors is the ancient great emperors.

In the realm of ancient saints, each level is divided into nine stars.

The green-shirted demon saint of Mingshifang is a three-star ordinary saint.

And Ye Feng controls a great emperor's imperial weapon, which is still a defensive great emperor tower. I am afraid that even the nine-star saint will not be able to break through the defense of the great emperor tower.

Only the arrival of the Saint King can tear apart the defensive power of a defensive imperial weapon.

Thinking of this, Qu Yiming's eyes became extremely ugly.

Obviously the Green Shirt Demon Saint also knew this, and he did not take action again, because he could not break through the defense of the Great Emperor Tower, and there was no point in taking action.

"Young Master, let's go first."

The demon saint in green shirt left with Qu Yiming.

Before leaving, Qu Yiming stared at Ye Feng hatefully. Ye Feng just looked at him with cold eyes, without the slightest fear.

At this moment, the graceful and noble figure of Princess Bauhinia stepped down from the dragon sedan chair high in the sky and came to Ye Feng.

Princess Bauhinia's beautiful eyes were fixed on Ye Feng, and she said with a smile: "I didn't expect that the young master is the successor of the great emperor. My arrival is a bit superfluous."

Ye Feng smiled slightly, clasped his fists and said: "Princess's benevolence and righteousness, and her willingness to take action for this stranger really make me admire the princess's magnanimity and her concern for the Holy City of Bauhinia."

The protection of the law. "

Princess Bauhinia looked in the direction of the City Lord's Mansion not far away, and said: "Young Master is so young and possesses such great strength, and he is still a descendant of the Great Emperor. I have always liked to get to know Tianjiao. I don't know if Young Master has something urgent to do next. Would you like to I would like to sit in my city lord's mansion for a while, drink tea and talk about Taoism. It just so happens that I have something I want to ask you."

Ye Feng was silent for a moment, and then said with a smile: "Okay, since Her Royal Highness the Princess strongly invites me, I am naturally willing to go to the City Lord's Mansion to sit for a while. I also have some requests that I would like Her Royal Highness to help with."

At this time, Ye Feng said, looking at the old demon from Wushan beside him, and said: "You can take a walk around this Bauhinia Holy City by yourself. When you are done, go back to Wushan. I may not go back in the future."

The old demon from Wushan said respectfully: "Master, please be careful along the way. I must practice well, develop the Lich Sect, seek benefits for the master in the demon world, and wait for the coming of the master in the future."

"Well, do it well."

Ye Feng patted the Wushan old demon on the shoulder, then took back the Great Emperor Tower and walked toward Princess Bauhinia.

Ye Feng stepped directly into Princess Bauhinia's exclusive car, the noble dragon sedan.

"This is the car of our Princess, you are not allowed to enter without permission."

At this time, a guard wearing golden armor wanted to stop Ye Feng.

But Princess Bauhinia suddenly came over at this time, and whipped the red whip in her hand, causing the golden armored guard's face to turn red. Her eyes were majestic and she said coldly: "You are so presumptuous! How will you treat this person in the future?" Young Master, you should treat me like this princess, do you understand?"

"Yes, Your Highness Princess!"

When more than a dozen golden guards saw Princess Bauhinia getting angry, they were all frightened and immediately knelt on the ground, clasping their fists and making frightened noises.

"This young man is so beautiful and blessed that he was chosen by Princess Bauhinia."

"Hey, don't talk nonsense. If Princess Bauhinia hears you gossiping behind your back, she will definitely grab you, hang you up and beat you."

"Don't think blindly. Princess Zijin always likes to recruit talented people. In her city lord's palace, she even built a strange man's palace to recruit some extraordinary people with various powerful means for her use."

At this moment, many monster clans were talking about it on the entire street.

Many demon men looked at Ye Feng standing side by side with Princess Bauhinia on the dragon sedan chair, and felt extremely envious in their hearts.

However, they also knew that only a descendant of the great emperor like Ye Feng could make the extremely noble Princess Bauhinia look at him differently.

Chapter 748 Wanbao Conference

In the center of the Bauhinia Holy City, in the huge and towering palace of the noble city lord.

In a huge forest garden with a winding water basin, Ye Feng and Princess Bauhinia were walking together, looking at the various exotic flowers and plants planted around them.

At this time, Ye Feng was a little surprised to see that there was a small golden sun high in the sky above the entire huge City Lord's Mansion. This made the entire City Lord's Mansion area look bright and springy, not at all as bright as in many lands in the Demon World. Dark.

Princess Bauhinia obviously saw Ye Feng's surprised look, and a touching smile suddenly appeared on her beautiful and charming face, saying: "This is a huge formation buried deep under the earth of our city lord's palace, called The Solar Spiritual Array can absorb the energy between heaven and earth and condense a small sun-like blazing energy group in the sky above the City Lord's Mansion, providing sunlight and warmth to the entire City Lord's Mansion."

Ye Feng nodded, secretly sighing in his heart that these nobles of the demon tribe really know how to enjoy themselves.

After all, there are only three bloody waning moons in the sky of the entire demon world. The entire demon world is in a gloomy and dim atmosphere, which makes people very uncomfortable.

But within the confines of this small City Lord's Mansion, it was like entering a new world.

At this time, the two of them were chatting and walked to a pavilion in the forest garden.

"Master Ye, please sit down."

Princess Bauhinia laughed out loud.

"Okay, princess, please."

Ye Feng nodded slightly.

The two sat down at the table in the pavilion.

Princess Bauhinia clapped her hands, and immediately two petite fox girls, maids from the city lord's palace, came over from the forest garden not far away and made tea for the two of them.

Princess Bauhinia laughed loudly and said: "Master Ye, this tea is taken from the extremely cold place, the Dragon Pattern Nine Gods Tea that grows in the Falling Dragon Glacier. Legend has it that an ancient frost dragon fell in the Falling Glacier. Mr. Ye can have a good taste of the dragon-patterned Nine Gods tea that was spawned by the dragon's blood."

Ye Feng smiled and said: "Okay, such precious tea is hard to come by, so I would rather obey my order and have a good taste."

Ye Feng said at this time, he picked up the tea cup on the table, and he saw that the surface of the tea leaves in the tea cup actually had golden veins like dragon patterns on it, which was very magical.

At this time, Ye Feng took a sip and immediately felt an extremely rich dragon spirit. It was very refreshing. It appeared from the throat and flowed to all parts of the body, making people feel refreshed in an instant.

It was like walking through the endless glaciers in an extremely cold place. It was a bit chilly, but it was very refreshing. The spiritual platform was empty and bright, and even the restlessness in my heart suddenly dissipated.

"Good tea."

Ye Feng smiled and praised: "As expected, the tea leaves that were bathed in the blood of the ancient frost dragon really have miraculous effects."

"As long as Mr. Ye likes it, that's fine

."

Princess Bauhinia smiled slightly, then she finally hesitated for a moment and began to ask about the business, saying: "Master Ye, I heard that you were in the strange stone trading market, and you cut them out continuously from a pile of leftover stones that no one wanted. Three peerless treasures, I don't know what method the young master used. Is it really just luck, or does he have some special means?"

Sure enough, this Princess Bauhinia appeared, and she did not hesitate to make an enemy of the famous Qing Shifang Demon Saint of Shifang. She also invited herself to the city lord's palace with such a low profile and entertained her so well. She must have other purposes.

However, Ye Feng knew very well that if he had no value in the eyes of Princess Bauhinia, he probably wouldn't be able to stay any longer.

And now I want to find rare and unique medicine, accumulate strong power, and help myself break through to the quasi-sage level. This Princess Bauhinia will definitely be a huge help.

She can even get polar tea leaves soaked in the blood of the frost dragon, which is enough to show that the power behind her is extremely huge.

When talking to a person of Princess Bauhinia's level, you don't need to be humble. Sometimes, showing some of your trump cards appropriately will make you more valued by others.

So at this time, Ye Feng stared at the charming beauty in front of him, took a sip of tea, smiled slightly and said: "Your Highness, do you think you should pick out three stones from a pile of more than a dozen tattered and strange stones, and each stone Everything was cut out. If this is luck, I don't think Her Highness herself would believe it."

When Princess Bauhinia heard what Ye Feng said, her beautiful eyes suddenly lit up, and she quickly said: "So, Mr. Ye relied on his own special means?"

Ye Feng nodded slightly and said: "That's right, I followed an expert in the early years and learned some Qi-gazing techniques, and I was born with special pupils that can see through some superficial illusions, so I can see through strange stones. Does it contain any rare treasures?"

"real?"

Princess Bauhinia's eyes suddenly became extremely excited. She couldn't help but sit directly next to Ye Feng. Her pair of beautiful and charming eyes stared at Ye Feng closely, as if she had discovered something. Like a treasure.

Ye Feng immediately felt a special aroma coming to his face.

Unlike the fragrance of human women, the fragrance of demon women lacks some freshness, but is very rich and a bit intoxicating.

"Mr. Ye, have you ever heard of the Wanbao Conference?"

Suddenly Princess Bauhinia asked aloud.

"Wanbao Conference?"

Ye Feng shook his head and said honestly: "I haven't heard of it."

Princess Bauhinia explained: "The Wanbao Conference

It is a stone gambling event organized by the major strange stone families and the famous stone workshop headquarters. This time the Wanbao Conference will be held in the imperial capital of our Ziji Demon Kingdom. There will be many senior experts from the strange stone world, as well as other distinguished guests from the Demon Kingdom have come to the imperial capital of our Purple Demon Nation to participate in this stone gambling event. Therefore, I have been helping my father recruit talents during this period. I hope that our host, the Purple Demon Nation, can be here. To shine brightly in a Wanbao Conference and promote the majesty of our Ziji Demon Kingdom is also the intention of my father, the Ziji Demon Emperor. "

When Ye Feng heard what Princess Zijin said, he suddenly felt a little confused. Why would this Nine Tribulation Quasi-Saint level genius princess be so interested in such a small Fifth Saint Realm monk like herself? It turned out that she had taken a fancy to him. The art of gambling on stones.

After all, he was among a group of low-level strange stones, and even the innate holy fetus was cut out. It was really terrifying, and even Princess Bauhinia paid great attention to her.

However, Ye Feng was slightly silent at this time. He was not a demon from the demon world, he was just pretending to be a demon. His body had the spatial mark of the Ancient Demon Sealing List. There were only twenty days left in one month.

If the time is up, Ye Feng will be teleported out of the demon world by the space mark in his body in an instant.

So at this time, Ye Feng asked: "When will the Wanbao Conference be held in the imperial capital of Ziji Demon Kingdom?"

Princess Bauhinia smiled slightly and said, "Just seven days later."

"That's okay, no problem."

Ye Feng breathed a sigh of relief, and then said: "I am willing to help Her Royal Highness Princess to represent the Purple Demon Kingdom to participate in the Wanbao Conference. With my qi-gazing technique and natural divine eyes, there should be no problem." ??

Ye Feng answered extremely confidently, because his ability to gamble on stones had been verified at the tiger demon vendor's stall before, so Ye Feng was not worried at all.

"Very good!"

Princess Bauhinia immediately laughed out loud when she heard Ye Feng's straightforward promise.

This made the maids of the City Lord's Palace standing outside the pavilion look surprised.

They hadn't heard Her Royal Highness smile so happily for a long time.

At this time in the pavilion, Ye Feng looked at Princess Bauhinia sitting next to her and said, "I promise to help Her Royal Highness, but I also have some requests that I would like Her Royal Highness to help."

Princess Bauhinia waved her hand grandly and said boldly: "Master Ye, just tell me directly. As long as I can do something, I will try my best to help Master Ye complete it."

Ye Feng said with a smile: "It's not a big deal, it's just a small matter. Your Highness the Princess must have noticed that my cultivation is a bit weak now. I must use medicinal materials or heaven and earth treasures that contain huge energy to accumulate strength. , I want to break through

To the quasi-sage level. "

When talking to Princess Bauhinia, Ye Feng spoke very simply and directly, without any euphemism. He knew that Princess Bauhinia's character was a different kind of woman who could become the lord of a city.

Princess Zijin heard Ye Feng's request at this time and couldn't help but smile and said: "This is simple, but I have seen Mr. Ye take action before. At the middle level of the fifth holy realm, he can easily suppress Qu Yiming, who is accurate in one disaster." As a top prodigy at the Saint level, Mr. Ye must have a very advanced inheritance and an extremely powerful accumulation of practice. Each breakthrough must require countless times more energy than ordinary people."

Ye Feng stared at Princess Bauhinia in surprise, and sincerely praised her, saying: "Your Highness, the princess, has good eyesight and can see the uniqueness of my inheritance at a glance. Yes, every time I make a breakthrough, I need huge and boundless energy, so then I felt very worried and had to ask for help from Her Royal Highness."

Princess Zijin nodded and said: "I fully understand Mr. Ye's request. Although Mr. Ye holds an imperial weapon in his hands, with his current fifth holy realm cultivation, he can only use the power of the imperial weapon." A small part of the power can only withstand the attacks of ordinary demon saints at most. If a being at the saint king level takes action, it will break through the current defense of the Great Emperor Tower. However, if Mr. Ye's cultivation level can be improved to the quasi-sage level, I am afraid that it will not be possible anymore. By using the Great Emperor Tower to bring out more of the Imperial Soldiers' foundation, even the Great Sage, who is above the Saint King, may not be able to do anything to you, Mr. Ye."

Ye Feng smiled bitterly and nodded, then his eyes showed a deep coldness and said: "Yes, if I had the quasi-sage cultivation level, I would directly activate the power of the Great Emperor Tower today to kill that blue-shirted demon saint named Shifang. Just kill him!"

"Yeah, Mr. Ye wants to improve his cultivation quickly. This is no problem for me."

Princess Bauhinia stood up directly, and suddenly stretched out a perfect little hand like white jade, took Ye Feng's arm, and said with a smile: "I will take you to my residence. There is a treasure of the demon god in the little treasure box in my palace." A piece of divine power crystal, I think you must need it very much."

"The crystallization of the demon god's power?"

Ye Feng's eyes were startled, and he suddenly said in surprise: "Is it the crystallization of the power of the gods? You actually have such a thing?"

Princess Bauhinia affectionately pulled Ye Feng towards a certain direction, with a touching smile on her perfect face, and said: "My father, Emperor Ziji Demon Emperor, once went to capture a demon-blooded unicorn in the cemetery of gods and demons in the demon world, but the unicorn disappeared. I caught it, but I met an ancient demon god who was cultivating in the cemetery of gods and demons. The demon god thought that my father was good, so he rewarded my father with some opportunities and treasures. This crystallization of divine power was one of them. My father gave it to me on my sixteenth birthday. I can't refine such high-level energy crystals as divine power crystals myself. I usually wear them around my neck as gems. Now I will give them to Mr. Ye. is you."

Ye Feng was immediately overjoyed and said, "Thank you so much for your love, Your Highness the Princess."

Chapter 749 Scholarly Heavenly Man

Princess Bauhinia took Ye Feng's arm quite affectionately and took Ye Feng to her bedroom.

This scene was seen by many people in the City Lord's Mansion on the road.

Many people had extremely horrified looks in their eyes. Apparently they had never seen Princess Bauhinia being so intimate with a strange man.

At this time, on a tall pavilion not far away, a tall young man wearing black armor saw this scene, and his eyes suddenly revealed a hint of coldness.

The aura of cultivation on his body was extremely terrifying, and the demonic essence even flowed on his skin, emitting a chilling light that made people palpitate.

This demon is called Chu Qianshang, and he is a bodyguard sent by the Purple Demon Emperor to the Holy City of Bauhinia to protect Princess Bauhinia. His cultivation is at the level of a three-star saint.

A young guard wearing silver armor next to him knelt down on one knee and said respectfully: "Master Imperial Guard, do you want us brothers to get rid of that kid silently?"

Chu Qianshang said coldly: "No, this boy doesn't seem to be a good person. Your Highness the Princess is too simple and may have been deceived. Let me go and meet him in person."

The guard beside him immediately said: "With Lord Imperial Guard personally taking action, it will definitely be an immediate success."

Chu Qianshang's eyes were extremely cold, but there was a fire of jealousy burning in his heart.

He is the closest demon emperor guard under the Ziji Demon Emperor. He is powerful and not much weaker than those so-called powerful people.

Therefore, Chu Qianshang has always been proud in his heart.

This time, Chu Qianshang was almost overjoyed to be sent by the Ziji Demon Emperor to protect Princess Zijin.

Princess Bauhinia is the most beloved daughter of the Purple Demon Emperor, and she has entered the Nine Tribulations Quasi-Sainthood at the age of seventeen. After her transformation, she is also beautiful and beautiful, with an alluring appearance.

Therefore, Princess Bauhinia is almost the incarnation of the perfect goddess in the eyes of many people.

Chu Qianshang was no exception and had always had a crush on Princess Zijin.

At this moment he saw Duke Bauhinia

The Lord was so affectionate to a strange boy from outside. Chu Qianshang, the demon emperor guard, was naturally very unhappy.

A strong fire of jealousy and cold murderous intent were burning in his heart at this moment.

...

At this time, Ye Feng had followed Princess Bauhinia to her palace.

The bedroom is very luxurious, and the entire body is made of a kind of Purple Sun Warm Jade, which gives people a very warm and comfortable feeling. Any living creature living in it can enjoy the power of Purple Sun Warm Jade to warm and nourish the body at any time. Over time, it will have huge benefits for the improvement of the soul and the growth of cultivation.

At this time, Princess Bauhinia walked to a certain part of the palace and took out a small treasure box from a large vermilion cabinet.

"Crack!"

She opened the treasure chest and took out a purple crystal about the size of a fist.

Princess Bauhinia sent the purple crystal to Ye Feng and said with a smile: "This is the crystallization of the demon god's power that I told you about. We will go to the imperial capital in seven days. You will stay in my palace to practice in the past few days. Come on, so no one will bother you."

Ye Feng took a look at the jade bed in the palace and couldn't help but said: "I am staying in Her Royal Highness the Princess's palace, but where is Her Royal Highness?"

Princess Bauhinia smiled coquettishly and said: "I also live in the palace, let's live together, can't we? It just so happens that in the past few days, I can ask Mr. Ye about your Qi-gazing technique, which can help you find ancient treasures hidden in strange stones. , it's really shocking, can I learn?"

When Ye Feng heard what Princess Zijin said, she couldn't help but be slightly startled. It turned out that she wanted to learn her own Qi-gazing technique.

However, Ye Feng knew that his qi-gazing technique was simply made up by him on the spur of the moment. It was really the method of a soul master and the power of the Divine Eye of Creation.

able.

Ye Feng thought for a while and said: "Your Highness, my qi-gazing technique is very special. When the master taught it to me, it was because he saw that I was born with magical eyes, so only people like me can do it." Be able to practice this kind of qi-gazing technique."

When Princess Bauhinia heard what Ye Feng said, there was indeed a hint of disappointment in her beautiful expectant eyes.

But then she smiled suddenly, her big eyes turned into crescent moons, she actually stretched out her little hand, took Ye Feng's arm and shook it, seeming to be a bit coquettish and said: "Then I won't learn the art of looking at Qi, but Mr. Ye Can you teach me some other simple methods for seeing strange rocks? It doesn't require you to be very powerful, it's almost enough. It just allows me to see through some strange rocks."

Ye Feng glanced at Princess Bauhinia in front of him in surprise. He didn't expect that the daughter of the Demon Emperor could act coquettishly towards others.

But Ye Feng suddenly thought that the so-called "city lord" of the Bauhinia Holy City in front of him was actually only seventeen years old.

She has great cultivation and shows a very strong and mature side in front of outsiders.

But after all, Princess Bauhinia is only seventeen years old, and she has the mentality of a little girl, which is quite normal. .??.

Ye Feng knew that if he didn't have very powerful skills in strange stones, he would definitely not let the noble Princess Bauhinia treat him like this.

In the next few days, Ye Feng taught Princess Bauhinia some knowledge about Feng Shui fortune-telling techniques while refining the crystallization of the demon god's power.

Princess Bauhinia seemed to understand the art of Feng Shui and Luck, but Ye Feng knew that only a soul master could understand this mysterious and mysterious art of Feng Shui and Luck.

However, since he agreed to Princess Bauhinia, Ye Feng will naturally explain it to the Princess. However, Ye Feng doesn't care whether the other party can understand and learn from it. He has already done his best to be benevolent and righteous.

But no matter what, within these few days, Ye Feng has successfully deceived Princess Bauhinia.

dizzy.

At this time, in the eyes of Princess Bauhinia, Ye Feng has simply become the kind of master who studies heaven and earth.

In the demon world, most demon clans are relatively stupid.

Therefore, many demon clans have great admiration and respect for practitioners who are knowledgeable and knowledgeable about heaven and humans.

Princess Bauhinia is no exception.

During this period of time, Ye Feng not only told Princess Zijin a lot about the art of Feng Shui and luck, but also discussed a lot about the cultivation and connection between the soul and the body, which impressed Princess Zijin to the extreme.

Even at the end, Princess Zijin directly called Ye Feng "Master Ye" to express her respect.

In the past few days, Ye Feng's biggest gain was the huge benefits he gained from the crystallization of divine power.

The energy in the divine power crystal is extremely high-level and huge, and is formed by the pure divine power of a demon god.

In just a few days, Ye Feng had refined the fist-sized divine power crystals down to the size of his thumb.

And his cultivation level has also experienced a huge increase, and he has entered the fifth holy realm!

This day was Ye Feng's sixth day in Bauhinia Holy City.

He practiced in Princess Bauhinia's palace and took out the innate holy fetus that he had previously cut out of the strange stone, as well as the remaining thumb-sized crystal of divine power.

Ye Feng looked at the two treasures in front of him, his eyes fixed, and he murmured: "I hope you can help me reach the quasi-saint level."

If you go to the imperial capital of the Ziji Demon Kingdom, you will definitely encounter countless powerful people in the demon world, and even encounter super monsters like the Ziji Demon Emperor who are at the level of ancient emperors.

Therefore, before Ye Feng goes to the imperial capital, he hopes to use all means to break through to the quasi-sage level first.

In that case, with the protection of the Great Emperor Tower and the Frozen Throne, my overall strength may be comparable to that of an ordinary saint!

Chapter 750 Original Demonic Qi

At this moment, Ye Feng no longer hesitated and directly activated his devouring power.

"boom!"

A ferocious dark mouth suddenly burst out of his body, swallowing the innate holy fetus and the remaining thumb-sized crystal of divine power all at once.

"Boom!!"

Almost like a volcano erupting, Ye Feng felt an extremely powerful energy explode in his body.

That is the terrifying and majestic energy crystallized by the innate holy fetus and divine power.

The terrifying energy was transmitted to Ye Feng's limbs and bones, like the Yangtze River, filling Ye Feng's flesh and bones, making him feel endless pain.

But at this moment, Ye Feng just gritted his teeth and his eyes were extremely determined, because this was the crazy method chosen by Ye Feng himself.

It is extremely difficult to break through to a quasi-sage. Ye Feng practices the Divine Art of Creation and his martial arts foundation is too strong. It is probably countless times more difficult for him to break through to a quasi-sage than ordinary people.

So at this time, Ye Feng had no other good choice. He directly chose such a crazy method, which was to swallow all the innate holy fetuses and divine power crystals.

At the moment when these two rare treasures turned into terrifying energy, he sublimated his body and magic power in an instant, thus breaking through to the quasi-sage level in one fell swoop.

"Click, click..."

At this moment, Ye Feng felt endless pain, but he also felt a sense of relief, because he could feel that many of the shackles of cultivation in his body were being quickly broken by this terrifying energy.

Ye Feng's cultivation reached the peak level of the fifth holy realm in an instant.

Buzz!

At this moment, the entire surface of Ye Feng's body was emitting rays of bright divine light, making him look extremely sacred.

"The light of Quasi-Saint! We are about to enter the Quasi-Saint level!"

Ye Feng saw the strange phenomenon on his body and immediately

Just a look of joy on his face.

"Shang, do you think I can become a quasi-sage?" At this critical moment, Ye Feng suddenly asked subconsciously in his mind.

But the next moment, there was no response in my mind.

Ye Feng suddenly realized that Shang had left and was now somewhere in the vast land of the demon world.

"..."

Ye Feng sighed slightly. After Shang left, he had to rely on himself for everything.

At this moment, Ye Feng concentrated on guiding the majestic power in his body to quickly attack the final bottleneck and shackles.

"boom!"

"boom!"

"boom!"

The energy from the fusion of the innate holy fetus and the divine power crystallized wildly expanded Ye Feng's magic power.

But what made Ye Feng a little nervous was that he could feel the energy in his body dissipating rapidly. Every time he hit the bottleneck, a large part of this energy was consumed.

But at this moment, Ye Feng's cultivation level is still stuck at the peak of the fifth holy realm, and he has been unable to break through the bottleneck of the final quasi-sage level.

"what to do?"

"Are we going to fail?"

Ye Feng thought quickly in his mind.

Although there are still a lot of cultivation resources, elixirs, elixirs, holy stones, etc. in his storage spiritual world.

However, these ordinary training resources can only maintain normal training status.

This is the critical moment to hit the quasi-sage bottleneck. These ordinary cultivation resources have no effect on Ye Feng at this moment.

"Ye Gong

Son, the aura on your body is so chaotic. What happened? "

Suddenly at this time, the door of the palace opened, and a beautiful girl in red walked in.

It's Princess Bauhinia!

At this time, Princess Bauhinia saw at a glance that Ye Feng was at a critical moment in his cultivation. His eyes were tightly closed, and his aura was very chaotic, as if he was about to go crazy.

"It turns out there was a problem with the Quasi-Saint Impact."

Although Princess Bauhinia is only seventeen years old, she is extremely talented. She is the daughter of the Great Emperor and has extraordinary eyesight. She immediately discovered the problem with Ye Feng's cultivation at this time.

Princess Bauhinia stared at Ye Feng at this time, with a trace of struggle and hesitation in her beautiful eyes, as if she was weighing something.

"puff!"

But suddenly at this moment, Ye Feng, who was practicing not far away, spurted out a mouthful of blood and sprinkled it on the glazed ground, which was shocking.

"Master Ye!"

Princess Bauhinia's expression suddenly changed, and then she no longer hesitated. Her graceful figure moved and instantly came to Ye Feng.

"Mr. Ye, I know you can't speak now, but you should be able to sense what I'm saying through your spiritual thoughts. Don't resist next. I'll give you a mouthful of my original demonic energy, which should be able to help you break through the final hurdle. Bottleneck, fulfill your wish."

At this moment, Princess Bauhinia was speaking, and a rare rosy color suddenly appeared on her fair and charming face.

Then Princess Bauhinia bent down slightly, touched her red lips lightly, and gave Ye Fengdu a mouthful of her original demonic energy.

Princess Bauhinia is a rare genius in the Purple Demon Kingdom, with the blood of the Great Emperor flowing through her body.

She is now a Nine Tribulation Quasi-Saint, and her original demonic energy contains extremely powerful power.

Origin Demon

Qi is different from ordinary demonic energy. The original demonic energy is almost the power of the original martial arts foundation of human monks.

So almost at this moment, Ye Feng felt a huge wave of demonic energy, which helped him quickly hit the bottleneck of the quasi-sage.

"boom!!"

And at the next moment, Ye Feng was suddenly shaken all over.

The final shackles of the fifth holy realm were finally broken by Ye Feng!

At this moment, he finally entered the quasi-saint level he had dreamed of!

Ye Feng could feel at this moment that his mana and soul were rapidly increasing.

"Your Royal Highness, the Wanbao Conference is about to begin. We can prepare to leave today..."

Suddenly at this moment, a respectful voice came from outside the palace.

"Squeak!"

The door of the bedroom was pushed open.

A tall young man wearing black armor appeared outside the palace door.

It was none other than Chu Qianshang, the demon emperor guard!

He himself wanted to come and discuss with Princess Zijin about leaving the imperial capital.

But the moment he came in, he happened to see the intimate scene of Princess Bauhinia giving Ye Feng a mouthful of original demonic energy.

"What? Your Highness Princess!"

Chu Qianshang's originally indifferent and majestic eyes suddenly turned into split canthus.

The scene in front of him made Chu Qianshang's mentality explode.

He did not dare to be angry with Princess Zijin, so he could only stare at Ye Feng in the palace for a moment, his eyes were like cold knives, his face was ferocious, and he shouted: "Little brat, get out of here! In broad daylight You dare to deceive Her Highness the Princess, you are so unscrupulous, I will tear you apart and crush you to pieces to relieve the hatred in my heart!"
