Chapter 751 Then fight

The murderous intention in Chu Qianshang's heart at this moment had long been accumulated to an extreme.

He followed Princess Bauhinia to the Holy City of Bauhinia and has been guarding it silently for several years.

In Chu Qianshang's mind, he had long regarded Princess Bauhinia as his own, and no one could take Princess Bauhinia away from him.

But Ye Feng's sudden appearance ruthlessly broke all Chu Qianshang's beautiful illusions.

Only then did he realize that Princess Bauhinia could leave him at any time.

This feeling first brought frustration to Chu Qianshang, then anger, and finally jealousy, and now it has completely evolved into a deep murderous intention.

The only thing Chu Qianshang wanted to do at this time was to completely kill the young man in black in the palace!

Ye Feng also woke up from his cultivation state at this time.

He understood instantly what was happening.

However, Ye Feng was also a little speechless. He had not done anything to Princess Bauhinia at all, let alone any so-called deception.

Ye Feng's eyes darkened, he stood up, stared at Chu Qianshang who was standing at the door of the palace, and said: "My friend, I think you must have misunderstood. I have never deceived Her Royal Highness Princess Bauhinia. You are petty. Don't spread the flames of incompetent and furious jealousy to me."

"Incompetent rage?"

At this time, hearing Ye Feng's merciless and biting words, Chu Qianshang's murderous intention was completely detonated like gunpowder.

"I'll kill you little pretty boy!!"

Chu Qianshang was tall, and when he roared loudly, his whole body expanded into a giant ape that was more than ten meters tall. He was holding a huge iron rod in his hand, which seemed to be able to smash everything.

This Chu Qianshang's true form turned out to be an ape, and he became a demon saint through cultivation, very powerful.

But at this time, Princess Zijin suddenly spoke angrily: "Chu Qianshang, you are so brave, you dare to act wild in my princess's palace!"

The huge ape that Chu Qianshang transformed into roared: "Your Highness, I was sent by His Majesty the Demon Emperor to protect you. Now you have been confused by this kid who doesn't know what means he used, and you have lost your basic judgment." Li, I'm here to rescue you, princess!"

Chu Qianshang is a three-star demon saint, and his strength is undoubtedly unparalleled.

At this time, he burst out with murderous intent and momentum, and even Princess Zijin, the Nine Tribulations Quasi-Saint, was a little unable to resist.

\u003e

"you.....!"

Princess Zijin was extremely angry at this time. She did not expect that the guard Chu Qianshang would dare to disobey her.

But Chu Qianshang is a true demon saint, and he is almost the most powerful in the Bauhinia Holy City.

"Let me do it."

But at this time, Ye Feng suddenly stretched out a hand and pressed it on Princess Bauhinia's shoulder.

He walked up to Princess Zijin, blocked her behind, looked at Chu Qianshang outside the palace not far away, and said indifferently: "Since you want to fight, then fight!"

boom!

A huge and boundless momentum burst out from Ye Feng's body.

At this moment, in the eyes of Princess Zijin, Ye Feng in front of her seemed to have suddenly transformed from an ordinary boy into an earth-shattering and unparalleled monster. His majestic appearance made people feel infinitely majestic.

Princess Bauhinia was so shocked that she couldn't help but murmur, "Which great emperor in our demon world is Mr. Ye the inheritor of? What kind of peerless skills does he practice? He actually possesses such power at the moment he breaks through to the quasi-sage level." The terrifying momentum is comparable to that of a real demon saint!"

The Divine Art of Creation practiced by Ye Feng has long turned his original power into demon essence.

So at this time, when he burst out with his own power aura, the demon race couldn't even detect that he was actually a human race.

That's why Ye Feng dared to unleash his strength unscrupulously at this time, without the need to hide at all.

During this period, Ye Feng spent a huge price and finally broke through to the realm of quasi-sage.

From the holy realm of martial arts to the quasi-sage, this is a qualitative leap.

Therefore, Ye Feng's current cultivation level and combat power are also many times stronger than before.

But at this time, Chu Qianshang's eyes were extremely cold, and he showed a sarcastic smile, saying: "Hmph, you have just entered the Quasi-Saint level, no matter how powerful you are, how can you fight against a strong Demon Saint like me? I will It's enough to kill you!"

"Without further ado."

Ye Feng smiled indifferently, jumped up, shuttled through the palace in an instant, flew to the top of the city lord's palace, looked down, and said: "Come up and fight, don't disturb Her Highness the Princess.

peaceful. "

Chu Qianshang said angrily: "You are about to die, but you still dare to say some sweet words to the princess to coax the princess's heart. You are a glib person like you. I will kill you today!"

boom!

Chu Qianshang revealed his true form at this moment. A majestic giant ape that was more than ten meters tall rushed directly into the sky. The aura of the demon saint emanating from his body spread to the entire world, almost alarming the entire city lord's palace.

Even the entire Bauhinia Holy City was alarmed by the terrifying demon saint aura.

Demon Saint, that is almost the peak level of combat power in this area of Bauhinia Holy City.

The young master of the famous Shifang branch in the Bauhinia Holy City was so arrogant, not because there was a green-robed Demon Saint standing behind him, who had a huge intimidating power.

At this moment, Chu Qianshang in the city lord's palace released the spirit of the demon saint, causing the entire Bauhinia Holy City to boil.

Princess Bauhinia was standing underneath, with a hint of worry in her beautiful eyes.

After all, in Princess Zijin's eyes, although she knew that Ye Feng was powerful in battle, what Princess Zijin valued more was Ye Feng's ability to look for energy.

In the eyes of this princess, Ye Feng is scholarly and knowledgeable. This is why Princess Bauhinia truly respects Ye Feng, and is even willing to give her precious first kiss and not hesitate to transfer the original evil spirit to Ye Feng. reason.

Princess Bauhinia felt a little nervous in her heart, her beautiful eyes were firm, and she couldn't help but murmured: "When Mr. Ye can't hold on any longer, I will go up and save him."

In Princess Bauhinia's mind, the reason why Ye Feng took the aggressive action was probably to save face.

But Princess Bauhinia was wrong.

Now Ye Feng has rushed from the martial arts holy realm to the quasi-sage level, and his strength has made a qualitative leap.

Moreover, Ye Feng possesses the Great Emperor Tower. With the power of the Great Emperor Tower, he is enough to fight a real demon saint!

"what happened?"

"It's the aura of the Demon Saint! It's Lord Chu Qianshang from the City Lord's Mansion who took action!"

"Who is he fighting against? That young man in black looks so familiar. I seem to have seen him somewhere."

"Isn't that boy in black the stone-gambling genius who shocked our entire Holy City a few days ago? He cut out three ancient treasures from a pile of low-grade leftover stones!"

r\u003e

At this moment, the eyes of countless monsters from the Redbud Holy City were attracted.

Ye Feng's stone-cutting process a few days ago attracted the attention of almost all the demon clan in the city, so almost 90% of the demon clan knew him at this time.

"Why did Lord Chu Qianshang get into a fight with this stone betting genius?"

"Is it because of Her Highness Princess Zijin? I heard that Lord Chu Qianshang has always been very attracted to Her Highness the Princess."

"Huh? What you said is very possible! That stone gambling genius is superb, his skills in selecting and cutting stones are amazing, and he is also handsome. This kind of person is most attractive to young girls who have just begun to have a love affair. Her Royal Highness Princess Bauhinia may be attracted by that gambling genius. Shi Tiantian was attracted."

Many demon clans who came to watch were talking and talking.

At this time, Chu Qianshang didn't care about the gazes of countless demon clans below. He just stared coldly at Ye Feng opposite him, smiled cruelly, and said: "I haven't made a move for a long time. In fact, for a weak person like you who has just entered the quasi-sage, I really have no interest in taking action, but for the safety of Her Royal Highness, I can only show off the power of the Demon Saint and kill you, the clown."

Ye Feng's eyes were cold, and he did not show any fluctuation due to Chu Qianshang's sarcasm. He just said indifferently: "If you really think about the safety of Her Royal Highness, you can just commit suicide, because people like you can only be incompetent, furious, and forceful." Those who slander others will one day break the shackles of sin in their hearts and do evil to Her Royal Highness."

"Boy, you are looking for death!!!"

Chu Qianshang roared loudly, his eyes full of ferocious color.

"boom!"

He took action in an instant, and the huge iron rod in his hand suddenly swung down in the air, carrying endless weight and power. The space was collapsed, making a cracking sound.

"What a terrifying power!"

"This Chu Qianshang is indeed the leader of the powerful demon ape clan. This attack can probably smash a strong man who has just become a demon saint in an instant!"

"Although the young man in black practices strange techniques and can cut out ancient treasures at will, his cultivation level is too low after all. He has only become a quasi-sage for the first time. He has not even survived the first heavenly tribulation. This iron rod Knock it down and he will definitely be dead."

High in the sky, countless monsters watching the battle shook their heads.

Chu Qianshang's power was so terrifying that no one thought Ye Feng could survive this blow.

Chapter 752 The Blood of the Ancient Divine Ape

boom!

At this moment, Chu Qianshang's temper was extremely violent, and he took action directly in front of everyone's attention.

The huge iron rod in his hand was like a pillar supporting the sky. It struck down all of a sudden, shattering the space and making people tremble. The power of the demon saint made thousands of demons in the holy city tremble.

"Great Emperor Tower!" ??

Ye Feng stepped into the sky, and at this moment, the power of the Emperor of the Emperor Tower was activated.

Buzz!

A powerful force flowed out from the Great Emperor Tower floating in Ye Feng's dantian, covering his whole body.

At this moment, an ordinary iron sword appeared in Ye Feng's hand.

"boom!"

He held an iron sword in his hand and fired an extremely terrifying bombardment towards the front.

Sizzle!

Sizzle!

Streams of terrifying thunder light erupted from the iron sword in Ye Feng's hand in an instant.

The huge thunder sword light directly collided with Chu Qianshang's iron rod.

"Boom!!"

The entire field suddenly emitted a roar that shook the sky.

The sword that Uncle Nan gave to him back then, Ye Feng had learned through the investigation of the Human Emperor Peak Intelligence Department that it was most likely the sword of the Thunder Emperor in the Thunder Emperor Palace in Zhongzhou, Longyuan Continent.

It's a sealed sword of the Great Emperor!

Contains infinite thunder power!

At this time, with the blessing of the power of Ye Feng and the Great Emperor Tower, the long sword in his hand burst out with bright thunderous light, and suddenly turned into thousands of thunder swords in the void.

"Qiang!" "Qiang!" "Qiang!"...

This is the Wanjian technique that Ye Feng learned from the old man Wanjian. At this moment, he slashed out with one sword, and tens of thousands of swords appeared. Each sword was blooming with the light of thunder, hiding the terrifying sword energy. It seems to be able to pierce the sky.

"sensation!!!"

What shocked countless monsters on the field was that Chu Qianshang's angry stick and the monster saint's terrifying blow were actually blocked by Ye Feng's ten thousand thunder swords.

There was a huge roar and explosion high in the sky, and the sky was filled with divine light. Everyone was so shining that they could hardly open their eyes.

"blocked!"

All the demon clan watching were shocked.

Even Princess Bauhinia was startled.

Obviously they didn't expect that Ye Feng, who had just become a Quasi-Saint, successfully withstood Chu Qianshang's attack!

This is simply incredible!

Because the difference in cultivation between the two is really too big, but in the end, their fighting power is evenly matched.

The battles and fights at high altitude were so brilliant and earth-shattering that they made all the demon clan tremble in their hearts.

Chu Qianshang's face looked a little ugly at this time, but then he saw through something, smiled coldly, and said: "It turns out that there is an ancient imperial weapon in your body, giving you strength, no wonder you can resist one of my moves. "

Ye Feng said indifferently: "If you and I were in the same realm, let alone the imperial soldiers, I wouldn't even need to use the holy soldiers, I could crush you to death instantly with one hand."

Chu Qianshang roared angrily: "Words are like daggers, and your mouth is powerful, but it's no use! Although you can compete with me now with the imperial soldiers, you are only a newbie to the Quasi-Saint. How many times can you use the power of the imperial soldiers?" Within a hundred moves, your strength will be exhausted!"

It has to be said that Chu Qianshang is indeed a young demon saint. His eyesight is very terrifying. He can tell in an instant when Ye Feng will run out of power.

However, at this time, Ye Feng's expression did not change much, but he said calmly: "Then I will kill you within a hundred moves."

It has to be said that Ye Feng's words at this time were full of extremely powerful confidence.

Chu Qianshang just smiled coldly and said: "With the power of words, you will definitely be the one who dies in the end!"

boom!

Infinite holy power surged out of Chu Qianshang's body, and his entire body became even more majestic, truly turning into a primitive and powerful demon ape.

"Nine-pole Demonic Armor!"

boom!

The entire surface of Chu Qianshang's body was suddenly covered with a thick layer of black gold armor. Each piece of armor was engraved with ancient demonic characters.

"Magic gun!"

Chu Qianshang shouted loudly. He held his palm in the air, and an ancient monster character on the armor burst out and jumped into his hand. It suddenly turned into a pitch-black spear, spitting out terrifying words. Edge.

"The Rune Demonic Armor of the Jiuji Demon Emperor!"

Some of the demon elders in the Holy City of Bauhinia recognized this very strange set of armor and couldn't help but exclaimed in surprise.

Every ancient monster character on Chu Qianshang's armor seems to represent a kind of weapon imperial power, which can transform into powerful weapons and release terrifying ancient power.

"Boom!"

At this moment, the magic gun in Chu Qianshang's hand was thrust out in the direction of Ye Feng. All of a sudden, tens of thousands of magic gun lights and shadows appeared, like a dragnet, assassinating Ye Feng from all directions.

The terrifying murderous intent gathered together, making the void boil, filled with a huge sense of destruction.

At this moment, all the demon clans in the entire holy city were feeling cold. Even though they were so far apart, they all felt the terrifying and destructive energy from this attack.

"I'm afraid even if the green-robed demon saint from the famous Shifang branch in our Bauhinia Holy City comes, he won't be able to withstand Chu Qianshang's terrifying killing power!"

At this moment, many demon clans were amazed.

"kill!"

But at this time, Ye Feng had no fear. His eyes were as bright as the stars in the sky, and a burst of starlight suddenly erupted from his body.

At this moment, Ye Feng's whole body seemed to be made of star iron. Even his skin and hair turned into the color of stars at this moment.

The star battle body explodes in full force!

Moreover, the light of imperial power from the Great Emperor Tower flows on every inch of Ye Feng's body, making Ye Feng's body indestructible at this moment.

"boom!"

Under the horrified gazes of countless monster clans, Ye Feng's whole body burst into divine light, like an ancient god of war, and rushed directly into the light and shadow of Chu Qianshang's thousands of demonic spears.

"when!"

"when!"

"when!"

The sharp points of the spears stabbed Ye Feng's body, but they made bursts of sounds like metal clashing.

Ye Feng's entire body was like a copper wall. Those spear lights that could tear apart an ordinary one-star demon saint couldn't even pierce his skin.

"What?!"

This horrifying scene shocked all the demon clan watching the battle in an instant.

Even Princess Bauhinia was shocked and couldn't help but said: "What race is Mr. Ye? Why is he so strong? Is he the descendant of some ancient forbidden demons?"

Chu Qianshang's eyes were also frightened and angry at this moment, and he shouted: "Impossible! My magic spear is enough to tear a demon saint of the same level into countless pieces, but it can't even pierce your skin. How is this possible! I don't believe it!"

On Chu Qianshang's black armor, ancient monster characters burst out one after another, and different ancient weapons actually appeared in the space in front of him.

There are magic spears, magic swords, magic knives, big bows, magic dragon maces, giant hammers, etc., all of which exude strong magic light and contain ancient attack and killing power.

"Ten thousand soldiers attack! Tear everything apart!"

Chu Qianshang looked up to the sky and roared, finally bursting out with all his strength.

boom!

boom!

boom!

The dozens of weapons manifested in the ancient demonic characters in the armor on his body all erupted with terrifying magic light and murderous aura, exuding terrifying fluctuations that would destroy the world. They were extremely violent and furiously bombarded Ye Feng. go. .???.??

Chu Qianshang laughed ferociously: "Boy, even if you are the descendant of the ancient true dragon, you will be smashed to pieces by all my thousands of soldiers. You will die, turn into ashes, and disappear in this world!"

"The flood of time!"

At this time, Ye Feng also felt the terrifying destructive power. He showed great importance in his eyes, and finally displayed a set of terrifying secret techniques of attack and killing.

It is the peerless secret inherited by Emperor Styx, the torrent of the times!

"Chu Qianshang, your attack contains the secret of destroying the world, so I will do the opposite. This move of mine is called the torrent of the times. I will use my own power to bring this chaotic era back on track. !"

Ye Feng shouted loudly, and infinite momentum burst out from his body. The weight and majesty of the era were traced out with magic power. In front of Ye Feng's entire body, it turned into a huge torrent of the era, like a god in the sky. Like a river, it shines as brightly as the sun, penetrating the entire sky and earth, bursting out with infinite power.

"boom!!"

A terrifying roar occurred, and the torrent of time and the endless killing weapons collided, making the entire dim sky of the demon world bright as daylight at this moment.

"You can't stop the tide of the times!"

Ye Feng's cold shout rang out, and at this moment Ye Feng suddenly slashed forward with an unparalleled sword.

"Death to the Gods!"

This sword is not a complete sword move, but a hazy sword rhyme.

But just this kind of kendo charm is amazing forever.

At this moment, Ye Feng slashed out the Gods of Shang with a sword, and the terrifying collapse enveloped Chu Qianshang.

"Click, click..."

The black armor on his body was shattered rapidly, cut and disintegrated by a terrifying sword energy.

"No!!!"

For the first time, Chu Qianshang showed a look of fear. He felt a terrifying realm of swordsmanship, which enveloped his entire body and even his soul, making it impossible to escape.

"Death to the Gods!"

Ye Feng struck out with his second sword at this moment, and it was still the stunning sword charm of this move.

He struck out with the second sword, and his face turned pale for an instant, obviously at a huge cost.

But the result was remarkable.

"ah!!"

Chu Qianshang, the demon saint, immediately let out an extremely painful roar.

Under the horrified eyes of countless monsters watching the battle, Chu Qianshang's entire body actually collapsed as the armor on his body collapsed.

That set of black armor with ancient demonic writings quickly shattered under the terrifying sword rhyme of the Gods of War.

Chu Qianshang's entire body seemed to be pierced by thousands of sword lights at this moment. It collapsed and fell into pieces in an instant.

"died?"

"A demon saint has fallen?"

Countless monsters watching the battle below all let out incredible exclamations.

Ye Feng also stepped high into the sky, using his long sword to support his tired body.

This battle is very difficult.

"As expected of a demon saint who is comparable to the ancient saints of the human race, it is too terrifying. I used the power of the Great Emperor Tower and inspired countless means to bring him down.

Its rout! "

Ye Feng couldn't help but murmur at this time.

"Boy, you are happy too early."

But suddenly at this moment, Chu Qianshang's voice suddenly sounded from somewhere high in the sky.

"What?"

Swish, swish, swish!

Almost at this moment, eyes full of surprise were all focused on a certain place high in the sky.

Chu Qianshang's body had been completely shattered by the destructive sword energy of the Gods of Shang.

But at this moment, there is still a drop of blood emitting golden light in the void.

At this time, the golden blood was squirming rapidly, and finally a new tall figure grew out, it was Chu Qianshang!

"Resurrected!"

"Is that drop of golden blood the legendary divine blood?"

"Ordinary divine blood cannot regenerate a creature intact! Unless it is the high-level divine blood of the ancient forbidden demon!"

At this time, every monster clan made a sound in shock.

The green-robed demon saint from the Mingshifang branch who was standing in the crowd thought for a moment, and then said with a startled look: "It is rumored that Chu Qianshang could become a demon saint at a young age because he was in an ancient ruins when he was young. When he was training, he was rewarded by an ancient beast king from his ancestor of the powerful demon ape. That ancient beast king was an extremely powerful ancient ape who lived in a restricted area of life and was an earth-shattering demon god. "

"In other words, that drop of golden blood that resurrected Chu Qianshang was the divine blood of the ancient divine ape!"

At this moment, countless demon clans could not help but gasp.

Even Princess Bauhinia couldn't help shouting to the sky: "Master Ye, you are injured, stop fighting, come down quickly!"

Uh-huh!

Princess Bauhinia said at this time, she jumped directly and wanted to fly high into the sky to take Ye Feng away.

"Your Highness, this boy actually wasted a drop of my divine ape blood. He must die today to make up for the sin he committed!"

Chu Qianshang consumed this drop of extremely high-level ancient divine ape blood and was resurrected. He was now stronger and blasted away into the distance with one hand.

"Clang!"

A huge Holy Power Prison appeared, instantly enveloping Princess Bauhinia, who flew up to rescue Ye Feng, and trapped her in place.

However, although Ye Feng's face was pale at this time, his momentum was not half weaker. He stared at Chu Qianshang not far away, grinned, and said: "You are resurrected, then I will kill you again! See if you can survive Resurrection!"

Chu Qianshang's eyes showed a ferocious smile, and he said cruelly: "Boy, I admit that you are indeed very strong and a rare talent that is rare in ten thousand years, but you are dead today! You will no longer have the strength to resist me. ! Because I burned a drop of the blood of the ancient divine ape and paid such a huge price, I can only make up for my loss by letting you die and refining your terrifying body!"

"Beast King Transformation!"

Three shocking words burst out from Chu Qianshang's mouth.

Boom!

Almost at this moment, Chu Qianshang's entire body quickly grew in size, becoming majestic and tall, and finally turned into a giant ape several thousand meters tall, wearing a set of golden armor, wearing a crown on his head, and holding a thousand-meter-long Fangtian painted halberd in his hand, like an ancient ape fighting against the heavens and the earth revived!

"Beast King Transformation!"

"It was that drop of the divine blood of the ancient divine ape that allowed Chu Qianshang to briefly possess part of the power of the ancient divine ape!"

"This kind of momentum is so terrifying, I'm afraid it's already comparable to a nine-star peak demon saint!"

At this moment, countless demon clans were screaming in surprise, and even the green-robed demon saint in the Mingshifang branch had a look of shock and fear in his eyes.

Chapter 753 Dark Power

Buzz!

At this moment, Chu Qianshang, relying on that drop of the ancient ape's blood, had infinitely stimulated his body's potential, turning into an ancient giant ape that was several kilometers tall and majestic.

Moreover, this majestic ancient giant ape, wearing golden armor and holding a square-shaped halberd more than a thousand meters long in his hand, really gives people an extremely strong visual impact and makes people's hearts tremble.

"Boom!"

The Fangtian painted halberd held in the ancient giant ape's hand slammed down against the ground. The terrifying force exploded instantly, and thousands of meters of ground was destroyed in an instant.

"when!"

But at this moment, a huge tower suddenly appeared in the space where Ye Feng was standing.

It's the Great Emperor Tower! .??.

At this time, the ancient power of the Emperor was flowing on the Great Emperor Tower, and it instantly withstood the Fangtian Painted Halberd of the ancient giant ape.

"The imperial soldiers are useless!"

The ancient giant ape roared and roared, and the Fang Tian painted halberd in his hand struck down again.

"Boom!"

The Great Emperor Tower immediately sank high in the sky.

Ye Feng was standing in the Great Emperor Tower at this time, mentally connected with the Emperor Soldier.

At this time, the Great Emperor Tower was bombarded wildly, and Ye Feng suddenly turned pale.

After all, Chu Qianshang, who has now transformed into an ancient giant ape, has become an existence comparable to the peak of the Nine-Star Demon Saint in a short period of time. Every move he makes has terrifying power that can move mountains and reclaim seas.

"Boom!"

Another halberd crashed down, and the Great Emperor's Tower creaked in the space. Ye Feng's body was shaken all of a sudden, and he felt the terrifying power pressing down on his whole body, and his blood surged.

"No! We can't be so passive defensive anymore!"

Ye Feng's eyes were fixed on the majestic ancient giant ape thousands of meters away, and he roared suddenly.

"boom!"

Ye Feng walked out of the Great Emperor Tower in one step, and layers of halos suddenly lit up behind him.

It is the ancient divine ring!

These ancient divine rings are the accompanying talents of Ye Feng's awakening. When they are activated at this time, Ye Feng's combat power is greatly increased in an instant.

"boom!"

But the majestic ancient giant ape, which was thousands of meters tall, wielded a great halberd and struck down. The power was so terrifying that it directly bombarded Ye Feng to the ground, shattering the ground for thousands of meters.

"Hiss! Too strong!"

"Who can stop this Beast King transformation?"

At this moment, countless monsters watching the battle were shocked with fierce eyes.

Princess Bauhinia's beautiful face was full of worry, and she called to the ruins in the distance:  
"Master Ye, stop fighting, run away! Run away!"

"boom!"

But at this moment, Ye Feng just stood up from the ruins.

A huge euphorbia crack appeared on his chest, and blood flowed out, dripping to the ground.

But Ye Feng just smiled coldly: "The improvement in combat power is not enough."

"Looks like I have to use the backbone of Death..."

Ye Feng murmured.

In his own backbone, an extremely terrifying death backbone was forged.

The backbone of the god of death is the immortal master of the kingdom of death

The backbone represents endless power.

The backbone of the God of Death was forcibly pulled into the backbone by the unknown force in Ye Feng's body.

Ye Feng has never used the power of something as weird and terrifying as the Death God's Backbone, because Ye Feng is afraid that he will be assimilated by the God of Death.

But today, Ye Feng's fighting spirit was so fierce that he could no longer care about so much.

"Death's backbone!"

At this moment, Ye Feng unsealed the seal on his spine, which was like a dark dragon.

boom!

Suddenly, an endless and terrifying power of death burst out from the spine of Ye Feng's body.

"boom!"

At this moment, Ye Feng's whole person was immediately enveloped by endless dark magic flames.

At this moment, both of his pupils suddenly turned into black pupils, and his skin and hair were burning with a dark power that ordinary people could not understand.

"Uh-huh!"

At this moment, Ye Feng felt infinite energy erupting in his body. It felt like he was the master of the world, with every move he made, energy burst out like a vast ocean.

Ye Feng rushed to the sky in an instant, with a layer of raging black flames burning all over his body, and black lines appeared on his face, making him look like a demon had descended.

He stared at the ancient giant ape several thousand meters high not far away, showed a ferocious smile, and said: "Chu Qianshang, today I will let you know what real power is."

"boom!"

Ye Feng took action in an instant, grabbing the sky and the earth with his big hand, and suddenly a death palm burning with black flames appeared high in the sky, blocking out the sky and the sun, and filled the sky with evil energy.

"Boom!"

The huge black palm of death suddenly fell, and the majestic ancient giant ape that was several kilometers away was suddenly bent down.

"Boy, where did you get this terrifying energy?"

The ancient giant ape made a horrifying sound.

Originally, Chu Qianshang thought that he could crush Ye Feng to death at will by performing the Beast King Transformation and becoming a huge monster beast like an ancient ape.

But what he never expected was that Ye Feng also had a powerful trump card in his hand. At this moment, Chu Qianshang found that he could not resist this dark power that frightened everyone.

"Is this also the power of a god?"

Chu Qianshang asked.

But at this time, Ye Feng didn't respond at all. Instead, he smiled cruelly. The magic lines on his face, combined with the smile, looked extremely evil. He said coldly: "Die!"

boom! !

Ye Feng suddenly flashed above Chu Qianshang's head.

He instantly stretched out a hand and stabbed underneath.

"Hand of Death!"

At this moment, Ye Feng's palm suddenly turned into a huge black awl, like the tentacle of the god of death, which suddenly hit the top of the ancient giant ape's head.

"Pfft!"

The hand of death contains infinite power and sharpness, like a rod of steel

Like the spear he made, it instantly pierced the head of the ancient giant ape that Chu Qianshang transformed into.

But it's not over yet.

"Puff, puff, puff..."

At this moment, Ye Feng's death hand was still lengthening, and it pierced the entire body of the ancient giant ape directly from its head, directly to the soles of its feet, and struck the ground.

"ah!!!" .??.

Chu Qianshang's entire body was pierced, and he immediately let out an earth-shaking howl.

"What?!"

At this moment, the countless monsters watching on the field all had deep horror in their eyes.

They never thought that Ye Feng's death could almost be foreseen, but at this critical moment, Ye Feng seemed to be favored by God, and suddenly burst into an extremely terrifying state that no one could understand. of dark power.

Especially in the end, Ye Feng's palm turned into the hand of death, and turned into a huge black awl, which suddenly pierced the majestic ancient giant ape thousands of meters away from head to toe. The sound of the piercing friction made everyone present. Countless monsters felt chills in their hearts and felt a kind of creepiness.

"Swallow!"

Ye Feng suddenly roared at this time, and the hand of death immediately released an extremely terrifying devouring power, frantically plundering all the demonic essence and skills of the ancient giant ape that Chu Qianshang had transformed into!

"Ah! My power is fading fast! Boy, what kind of magic are you practicing?!"

The majestic ancient giant ape, which was thousands of meters tall, was shrinking rapidly under the horrified gazes of countless demon clans. Its body shriveled up, as if its energy and energy had been drained instantly.

At this time, Ye Feng, who was stepping in the sky, had a look of great enjoyment on his face.

"He's devouring the ancient giant ape!"

The green-robed Demon Saint from the Mingshifang branch was horrified, his eyes widened, and his heart felt a little chilly.

"No!!!"

Finally, amid Chu Qianshang's horrified roar, all his energy, blood and skill were swallowed up by Ye Feng.

At this moment, Ye Feng's cultivation aura instantly broke through.

"Boom!"

Above the sky, patches of thunderclouds began to gather, making a muffled rumble.

"The Quasi-Saint Heavenly Tribulation is coming. Every time I survive a Heavenly Tribulation, my strength will increase dramatically."

Ye Feng looked at the sky at this moment, fearless at all, and rushed forward to overcome the disaster.

"Boom!"

"Boom!"

Bolts of thunder light as thick as buckets struck down from the thunder clouds in the sky, all pouring onto Ye Feng.

But Ye Feng didn't feel any pain at all. His current body strength had reached a very terrifying level.

The first Quasi-Saint Heavenly Tribulation could not cause any harm to Ye Feng.

Under the horrified eyes of countless monsters, Ye Feng easily survived the first heavenly tribulation and successfully stepped into the first calamity quasi-sage!

"Too fierce!"

At this moment, countless demon clans looked in the direction of Ye Feng, with unconscious expressions on their faces.

A look of fear.

Even the green-robed demon saint from the Mingshifang branch lowered his head slightly at this moment, feeling a chill.

This Ye Feng is really too cruel.

At this moment, Ye Feng withdrew the power of Death's spine.

He felt that his mind became extremely murderous and evil the moment he accepted that dark power.

This made Ye Feng Weiwei feel a little wary.

From now on, the Death Backbone should be less unblocked and cannot be used at will, otherwise Ye Feng is afraid that he will really go crazy.

Fortunately, this time it was only used for a while and it didn't have much impact.

Uh-huh!

Ye Feng descended from a high altitude, looked at Princess Bauhinia, who was trapped in the Holy Power Prison, and slapped her palm, causing the Holy Power Prison to shatter into pieces.

Princess Bauhinia's beautiful eyes were filled with incredulity at this time. She stared at Ye Feng and exclaimed: "Master Ye, I didn't expect that you are so powerful!"

Ye Feng shook his head and said: "I just relied on a lot of external forces. My own cultivation is still relatively weak. By the way, killing Chu Qianshang, the demon emperor guard, shouldn't be a problem, right?"

Princess Bauhinia's pretty face immediately showed a cold and angry look, and said: "There is no problem. What I said is that this Chu Qianshang has gone too far! Even if he is my father's personal bodyguard, he deserves to die this time. , I return to the imperial capital this time to report the grave crime of my father, Emperor Chu Qianshang, and all his nine clans will be killed because of him!"

Princess Bauhinia was not a good person either. She was talking about killing the nine tribes with a ruthless tone.

Ye Feng didn't care so much and just nodded slightly. The next trivial matters were for Princess Bauhinia to handle.

"Ye... Mr. Ye..."

Suddenly at this moment, a familiar voice sounded not far away.

Ye Feng looked over and found that the person speaking was the demon saint in blue shirt from the Mingshifang branch.

At this time, the Green-shirted Demon Saint and Qu Yiming, the young master of the famous Shifang branch of the Bauhinia Holy City, walked up to Ye Feng.

However, these two people were timid, and they actually showed a flattering smile and said: "Mr. Ye, we offended you last time. I hope Mr. Ye will not remember the faults of villains and don't take this matter to heart."

"Snapped!"

Qu Yiming slapped himself in the face, and said with a condescending smile: "Young Master Ye, you have a lot. At first, I was blinded by the treasure of the innate holy fetus and fell into the vortex of greed. Now I I admit my mistake, I deeply admit my mistake!"

When Ye Feng saw the performance of the two of them, he immediately understood. It seemed that he had just killed Chu Qianshang forcefully and even devoured him into a shriveled monster corpse, which frightened the two of them.

Ye Feng was about to say something to send these two people away, but he was too lazy to talk nonsense with them now.

But at this moment, the demon saint in blue said with a flattering smile: "In order to show our sincerity in admitting our mistakes, we hope that Mr. Ye can come to our branch of Mingshifang and randomly select ten high-grade rare stones, all for free. Whatever is cut out belongs to Mr. Ye and is considered a gift of apology."

Ye Feng was too lazy to pay attention to these two people, but when he heard what the green-robed Demon Saint said, his eyes suddenly lit up, and he grabbed their hands and said, "Really or not? Let's go, let's go now! "

Chapter 754 Silkworm Baby

Ye Feng followed Qu Yiming and Qingshan Demon Saint to the famous stone workshop branch in Bauhinia Holy City and selected ten strange stones.

When Ye Feng cut out rare treasures one after another from ten strange stones, everyone was shocked.

"You are worthy of being a stone betting prodigy! He is simply born for strange stones!"

Some powerful elders from the demon clan sighed like this.

And seeing Ye Feng actually cutting out ten rare treasures, including immortal stones, purple-gold ginseng, and ancient strange insects...etc., Qu Yiming and the Qingshan Demon Saint could only

smile bitterly. They, the Bauhinia Saint, The Mingshifang branch in the city suffered a big loss this time.

But no matter what, seeing Ye Feng's happy expression, Qu Yiming and Qingshan Demon Saint could only sigh secretly in their hearts, as long as this monster is happy.

Before leaving, Qu Yiming asked cautiously: "Is Mr. Ye satisfied now?"

Ye Feng left with the treasure and said with a smile: "I'm quite satisfied."

After the words fell, Ye Feng's figure had disappeared at the end of the street.

The green-robed Demon Saint nodded and said to Qu Yiming, "It's fine as long as he's happy, as long as he doesn't find fault with us."

At this time, Ye Feng had returned to the city lord's mansion in the Bauhinia Holy City.

He saw that the previous fight between him and Chu Qianshang had almost destroyed most of the city lord's palace, and now many people were repairing it.

At this time, a demon maid came respectfully from the side, holding a brocade box in her hand, handed it to Ye Feng, and said respectfully: "Master Ye, this is what the princess asked the slave to give to you. "

"what?"

Ye Feng was a little confused and took the brocade box in his hand.

Click!

He opened the brocade box and immediately saw a small jade bottle lying in the box.

The jade bottle contained a drop of golden blood, exuding an ancient and terrifying aura that made people palpitate.

"This golden blood is...the blood of the ancient divine ape!"

Ye Feng's eyes suddenly changed, and then he murmured to himself in surprise: "I devoured the ancient giant ape before, but I never found this drop of blood of the ancient ape. I didn't expect that Princess Bauhinia didn't know what special thing she had used. This method was used to extract the blood of the ancient divine ape from Chu Qianshang's shriveled demonic body!"

"Master Ye, how about this gift?"

Suddenly at this moment, Princess Bauhinia's smart voice sounded.

Not far away, the beautiful and charming Princess Bauhinia in red came over slowly.

After this battle, Princess Bauhinia paid more and more attention to Ye Feng.

Ye Feng's fighting power is simply the most evil creature Princess Zijin has ever seen since she was born. It is almost beyond Princess Zijin's imagination.

So at this time, Princess Bauhinia naturally used various means to tie Ye Feng to her side.

This drop of the ancient divine ape's blood is a great gift from Princess Bauhinia.

She paid a big price

, from the shriveled body of the ancient giant ape, this drop of the blood of the ancient ape that had not been consumed by Chu Qianshang was extracted.

The ancient divine ape is one of the ten ancient evils in the ancient wilderness. It specializes in hunting ordinary gods, devouring them and refining them.

Therefore, even a drop of the ancient divine ape's blood is a priceless treasure and a very high-grade divine blood.

The elves' divine blood that Ye Feng had obtained from the hundreds of tribes in Longyuan Continent were all very low-level blood of faith, not the blood flowing from real gods.

Ye Feng stared at Princess Zijin at this time and said with a smile: "Thank you for your love, Your Highness. By the way, I wonder if Your Highness has the secret to Chu Qianshang's Beast King Transformation?"

Princess Bauhinia smiled movingly and said: "I am here now to give you the secret of the Beast King Transformation. As long as Mr. Ye refines the blood of the ancient ape and operates the Beast King Transformation, you can be like Chu Qianshang before." In that way, the divine power in the divine blood is used to construct the body of an ancient divine ape, and in an instant it possesses the power of an ancient giant beast, capable of overturning rivers and seas, and breaking the sky."

Ye Feng's eyes lit up and he immediately took the volume in Princess Bauhinia's hand.

Ye Feng had seen the power of the Beast King Transformation before, and it was very terrifying.

After transforming into the body of an ancient giant ape, he has a trace of the majestic power of the ancient divine ape, one of the ten most ferocious beasts in the ancient wilderness.

Princess Bauhinia continued at this time: "This Beast King Transformation is actually a very magical method of our demon clan. It can not only activate the blood of the ancient divine ape and transform into the body of the divine ape, but also if Young Master Ye obtains other The original blood of the ancient behemoth can also use the Beast King Transformation to transform into an ancient behemoth, possessing monster power as powerful as the heavens and the earth. "

Hearing this, Ye Feng couldn't help but nodded, and said with some gratitude: "Princess Bauhinia is really kind to me. I will definitely try my best to help Princess Bauhinia in this Wanbao Conference."

Princess Zijin smiled slightly and said: "Thank you in advance, Mr. Ye. This Wanbao Conference is not only for myself, but also for the face of our entire Ziji Demon Kingdom."

The next time, Ye Feng returned to a house in the city lord's mansion and lived there.

Tomorrow is the day to leave for the imperial capital. Ye Feng's cultivation has now reached the Quasi-Saint level, and Ye Feng feels a little relieved.

...

night.

Ye Feng poured out the drop of golden blood of the ancient ape from the jade bottle and started refining it directly.

"Buzz!"

An incomparable ancient charm immediately emanated from the blood of the ancient divine ape.

"Roar!!"

Even at this time, Ye Feng could see that there seemed to be a small world in this drop of golden blood of the ancient divine ape. Inside it was a man wearing golden armor and holding a Fangtian painted halberd.

The giant ape is roaring and roaring towards the sky.

"Refining!"

Ye Feng no longer hesitated, opened his mouth and swallowed the drop of the advanced divine blood of the ancient divine ape into his body, and began to run the Divine Art of Creation and refine it.

If it were an ordinary human race, it would probably be impossible to refine the divine blood of such an ancient beast.

However, the Divine Art of Creation practiced by Ye Feng allowed his body to accommodate all things in the world and refine the energy of any attribute in the heavens and worlds. It was like a huge body oven, which was very terrifying.

So even though Ye Feng is from the human race, he can still refine the divine blood of this ancient divine ape and practice the Beast King Transformation.

And this is why after Ye Feng came to the demon world, any demon clan he met around him never thought of suspecting that Ye Feng was not a demon clan.

Because Ye Feng can change his own power and even the origin of his life at any time.

This ability is very miraculous, because the power of creation obtained through the cultivation of the Divine Art of Creation is a level higher than the power of creation.

What is creation?

That's the power of nature's evolution.

The power of creation is the most mysterious and unpredictable force in the entire universe.

It can even be said that the source of any attribute power comes from the power of creation.

"It is indeed the blood of the ancient divine ape, such a majestic energy."

Ye Feng's process of refining the blood of the ancient divine ape went smoothly. He could feel it all the time. A majestic and violent energy was stored in that drop of golden blood. Once released, it would definitely be able to turn the world upside down and shatter the world!

At this moment, Ye Feng did not directly test the Beast King Transformation, because once he uses the Beast King Transformation, he will directly expand and become a thousands-meter-tall ancient divine ape. By then, the entire City Lord's Mansion has just been built. It would be bad if the pavilion and bedroom were once again burst and destroyed.

At this time, Ye Feng took out the ten rare treasures that he had cut out from the Mingshifang Branch of the Holy City of Bauhinia during the day.

Among the ten ancient treasures cut out of strange stones, four are weapons, all of which are at the level of Ji Dao Saint Weapons, second only to Imperial Weapons.

The other six rare treasures are two fairy stones, a purple golden ginseng, an emerald green sapling, and two silkworm babies of the ancient divine silkworm family.

At this time, Ye Feng directly started to consume and comprehend, and began to absorb the immortal energy in the immortal stone. As for the purple golden ginseng and the green saplings, they were spiritual plants from the ancient times and had a very ancient plant atmosphere.

A small immortal tree tentacle grew out of Ye Feng's palm, touching the purple ginseng and the emerald green saplings, and immediately absorbed the plant energy from these two ancient plants.

Ancient plants are a great tonic and precious nourishment for the longevity tree in Ye Feng's body.

So at this time, Ye Feng looked inside and saw that the Immortal Tree had magical power in his Dantian.

In the ocean space, after absorbing the life energy of ancient plants from the purple ginseng and the emerald green saplings, it grew directly from the original height of more than ten meters to more than 20 meters in height.

Buzz!

An increasingly strong green energy of life surged out from the longevity tree and spread throughout Ye Feng's entire body.

At this moment, Ye Feng suddenly felt that he was rapidly recovering and making amends from the serious injuries he had suffered during the fight with Chu Qianshang during the day.

It was even visible to the naked eye at this time that the huge wound on Ye Feng's chest caused by the ancient divine ape Fang Tian's painted halberd that Chu Qianshang transformed into was quickly disappearing, and finally it was intact and the scar disappeared.

"It seems that the longevity tree is not far away from maturing. When the longevity fruit grows on the longevity tree, it will be a truly peerless rarity. At that time, not only can I refine the longevity fruit myself, but I can also use the longevity fruit to win over some people. A strong old man who is about to die."

Ye Feng thought secretly in his heart, and then cast his eyes on the two silkworm babies of the ancient divine silkworm family.

After the two silkworm babies were cut out of the strange stone by Ye Feng, they were not dead yet. They maintained a trace of vitality and came back to life under the nourishment of the demonic aura from the outside world.

However, these two silkworm babies are obviously still in their infancy and have weak vitality.

Ye Feng touched his chin, stared at the two silkworm babies, and murmured, "The ancient divine silkworm family is the thirty-sixth-ranked insect on the ancient spiritual insect list, ranking one higher than the poison-eating insect. The poison-eating insect is only ranked 37th, but the silkworm baby is only in its juvenile stage. The cultivation period of this kind of insect is too long. It is estimated that it will take hundreds of years to enter the growth stage. As for entering the mature stage, it is estimated to take a thousand years, which is a bit It's too useless, why don't we just feed these two silkworm babies to the poison-eating insects, which can promote the growth of the poison-eating insects."

The thought of feeding flashed through Ye Feng's mind, but then he remembered the records about the divine silkworm family in ancient books.

Once the silkworm babies of the Ancient God Silkworm grow up and enter the mature stage, they will be able to possess the strange ability to drill holes and build nests in space.

In other words, if you can have a mature ancient divine silkworm, you can use the special ability of the divine silkworm at any time to open up space channels at will, or even forge a space kingdom in the void and hide yourself in space. As long as you master the ancient divine silkworm, you can Divine Silkworm, there is no need to fear the turbulence of the void, because the Ancient Divine Silkworm can quickly open a perfect and stable space channel in space.

Think about it and you will know that if Ye Feng can use the ancient divine silkworms to open up countless stable space passages when fighting the enemy, he will not have to worry about being swallowed by the void turbulence and hide himself in the endless space maze. For the enemy, it is simply a nightmare.

Thinking of this, Ye Feng gave up the idea of feeding the two silkworm babies to the poison-eating insects.

He temporarily put the two ancient silkworm babies into the spirit beast bag and fed them first. They might be of great use in the future.

...

#### Chapter 755 Golden Sword Demon Lord

In the early morning of the next day, Ye Feng followed Princess Zijin and set off directly towards the imperial capital of the Ziji Demon Kingdom.

At this time, there were still two or three days before the Wanbao Conference, and Princess Bauhinia did not choose to go to the imperial capital in her noble dragon sedan.

There are two reasons in total. The first reason is that Princess Bauhinia does not want to be so eye-catching. After all, even within the territory of the Ziji Demon Kingdom, there may be very powerful and ferocious enemy powers lurking. If she is attacked by some ferocious enemy nations, If the strong men of the demon clan were wiped out, it would be a huge loss.

The second reason is because Princess Zijin learned that Ye Feng has never been to the Ziji Demon Kingdom, but only lurks and practices in a very remote wild land outside. Therefore, Princess Zijin just took advantage of these two days to get together with Ye Feng traveled through the territory of the Ziji Demon Kingdom, and it happened to take Ye Feng to appreciate the customs and customs of the Ziji Demon Kingdom.

Princess Bauhinia had a very strange feeling about Ye Feng. She felt that being with Ye Feng gave her a very comfortable and safe feeling.

So this time Princess Bauhinia proposed to set off alone with Ye Feng to the imperial capital, and she also hid a little bit of Princess Bauhinia's own selfishness.

Of course, Princess Bauhinia did not tell Ye Feng this, she only explained the first two reasons.

Ye Feng naturally had no objections to Princess Zijin's arrangement. It just so happened that he also wanted to take a look at the Purple Demon Kingdom created by a peerless demon emperor in the demon world.

At this moment, Ye Feng was even more convinced that his father's cultivation back then was not just as simple as the ancient emperor.

Because the Divine Dynasty of Creation back then almost ruled the entire human area on the spiritual world. .??.

The demon world is about the same size as the spirit world, probably just a little bigger than the spirit world.

In this land of demons, an ancient demon emperor only had the ability to create a small demon kingdom.

"It seems that my father must have surpassed the level of the ancient emperor..."

Ye Feng murmured at this time.

At this time, Ye Feng and Princess Zijin had already left the Holy City of Bauhinia and were traveling throughout the vast territory of the Ziji Demon Kingdom.

During the day, they passed by green mountains and green waters and saw picturesque views of the country.

At night, the two of them went boating on the lake and saw the prosperity of all the major cities in the Ziji Demon Kingdom.

In just a few days, Ye Feng felt that his mood had improved a lot.

In the early morning of this day, Ye Feng woke up in a wing of the inn. He stood up, walked to the window, and opened it.

At this time, the sky outside is still bright, and there is a huge river in the field of vision. The lanterns are spread on the river with the smoke, which looks extremely spectacular and gorgeous.

This is a huge river that runs through the entire land of the Ziji Demon Kingdom, called the "Ziji River", and has given birth to countless demon people in the Ziji Demon Kingdom.

The inn where Ye Feng lives can see the whole scene on the river when he opens the window. It is a River View Inn and the price is very expensive.

\u003c

br\u003e But Princess Zijin is the princess of the Purple Demon Kingdom, so these small expenses are naturally a drop in the bucket for her.

"Dong dong dong."

Suddenly there was a knock on the door.

Ye Feng turned around and opened the door, and saw Princess Bauhinia wearing a long emerald blue dress, with a perfect figure and a graceful figure, standing outside the wing.

Princess Bauhinia's eyes flashed slightly and she said with a smile: "Young Master Ye, you slept well last night."

Ye Feng pointed to the Ziji River outside the window and said, "It's very beautiful to fall asleep with the sound of the river's tide."

Princess Bauhinia's beautiful eyes lit up, and she immediately said: "Then I will pay to buy the entire Jiangjing Inn. If Mr. Ye wants to visit Jiang in the future, he can stay here immediately without worrying about not having a room."

Ye Feng was stunned for a moment, then said with a wry smile: "Your Highness, there is no need for this. Let's leave early. The Wanbao Conference should start soon."

When it came to business, Princess Zijin immediately nodded and said: "Let's go to the Ziji River now and take a huge ship. It only takes half a day to reach the port of the imperial capital of our Ziji Demon Kingdom."

With that said, the two of them went downstairs, had some breakfast at the inn downstairs, and then walked towards the Ziji River.

The Ziji River is nearly tens of meters wide and infinitely long. The end of the river cannot be seen. It looks like a giant dragon lying on the earth, giving people a very majestic feeling.

Ye Feng and Princess Zijin quickly found a huge ship heading to the imperial capital of the Purple Demon Kingdom, bought the ticket, and boarded it directly.

On this giant ship, there are demon cultivators with powerful auras, many of whom even Ye Feng cannot see through.

Ye Feng couldn't help but asked curiously: "Your Highness, these monks are so powerful in cultivation, and they should have various high-level magic weapons. Why don't they release their cultivation and quickly cross the river?"

Princess Zijin smiled and said: "Because our Purple Demon Kingdom has laws and regulations, within a few thousand miles of the imperial capital, any monk is prohibited from using magic weapons or flying at high altitudes. It is equivalent to a kind of 'no air order'. If all the monks are allowed to fly around, use magic weapons wantonly, or release their cultivation power at every turn, it will definitely have various bad effects on our entire imperial capital of the Purple Demon Kingdom, and even cause various kinds of disasters. This huge destruction and chaos was strictly stopped by my father, Emperor Ziji Demon Emperor."

When Ye Feng heard Princess Zijin's explanation, he was a little enlightened and couldn't help but said: "No wonder, I think even some powerful people at the Demon Saint level are so well-behaved and honest."

Princess Zijin nodded and said: "The Wanbao Conference will begin in the next few days, and there will be many powerful people from all the major forces in the Purple Demon Kingdom.

, even nobles from other demon kingdoms, as well as some experts from the ancient families who specialize in pupil skills, will come to the Wanbao Conference. Therefore, during this period, our Ziji Demon Kingdom naturally has very strict control, and no one dares to get into trouble at this time. Yes, my father is a deterrent. "

Ye Feng nodded slightly and agreed. There was nothing more intimidating than a living ancient emperor.

At this time, Ye Feng couldn't help but think of Longyuan Continent.

If the ancient emperor of the human race still survives on the Longyuan Continent, those extraterrestrial demons will never dare to act impudently.

"sensation!"

Suddenly at this moment, the huge hull of the ship that everyone was riding on suddenly shook violently, as if it had hit some hard object.

"Wow!"

Before everyone on the giant ship could react, at the very front of the ship, amid the endless waves of the river, a huge figure with a majestic height of several kilometers suddenly stood up slowly.

This majestic huge figure turned out to be a humanoid creature, covered with layers of green scales. Each scale seemed to be made of green iron, densely packed and shining with a cold metallic luster.

The giant ship that everyone was riding in just now hit this huge humanoid creature, causing it to wake up, stand up suddenly, and stand under the sky, looking very frighteningly depressing.

"It's the ancient bronze demon under the ground!"

At this time, on the giant ship, some elder monks from the demon clan spoke up, with a trace of shock in their eyes.

"I didn't expect that we actually encountered a sleeping underground bronze ancient demon. We'd better run away quickly."

Many demon monks on the hull were preparing to escape.

Ziji River is a very ancient and huge river. The river is bottomless, and various powerful ancient creatures often appear in it.

It can only be said that the demon monks who took the boat today were all very unlucky.

Buzz!

At this moment, the gigantic bronze ancient demon, several kilometers tall, stretched out a hand directly towards the giant ship and made an indistinct voice, "Food, food, so hungry..."

"boom!"

"boom!"

At this moment, many demon saints took action directly, releasing powerful weapons one after another to attack the ancient bronze demon.

"Dang! Dang! Dang..."

But that huge bronze ancient demon was extremely powerful, and its body scales were so hard that even the attacks of ordinary demon saints could not cause any damage to it.

"Crunch!"

Instead, a six-star demon saint didn't pay attention and was caught by the giant bronze ancient demon's demonic hand. He put it into the bronze ancient demon's mouth and chewed it up directly.

"Run!"

Everything on the giant ship

All the demon monks felt chilled in their hearts and extremely unlucky. At this time, they dispersed and prepared to escape.

"Demon! Damn it!"

But suddenly at this moment, an angry and majestic voice suddenly came from the far end of the horizon.

"boom!"

Accompanied by an earth-shattering vast demonic power and aura, a young man wearing a white robe, with a tall and burly body, holding two bright yellow golden giant swords, arrived instantly.

"So hungry, so hungry..."

The ancient bronze demon still made an indistinct sound, and stretched out a huge demonic hand to grab the young man in white robe who had just arrived.

"Devil crawling out from the depths of the earth, die!"

The young man in the white robe was very brave. He waved the two exaggeratedly large golden giant swords in his hands. In an instant, he carried huge power and slashed directly at the ancient bronze demon!

"Crack!"

"howl!!"

Accompanied by a sound of broken flesh and blood, the huge body of the ancient bronze demon was directly split into three halves by two golden giant swords. It instantly let out a miserable howl, and the fragments of the demon body fell directly onto the river and sank into the river. To the bottom of the endless river, dead.

"So strong! Definitely a Saint King level powerhouse!"

At this moment, Ye Feng, who was standing on the hull, was shocked when he saw this scene.

If the huge bronze ancient demon just appeared on Longyuan Continent, it would probably cause a disaster that would sweep the entire land.

But here, he was killed by a strong demon clan who suddenly appeared.

On the land of the demon world, there are really countless strong people, and they have given birth to an extremely splendid demon cultivation civilization.

"White robe, golden giant sword, master of double-sword style swordsmanship..."

"Could this be one of the top ten guardians in the Ziji Imperial Capital, the Golden Sword Demon Lord!"

At this moment, many demon monks on the huge hull stared at the young man in white robe holding two golden giant swords in the sky, and they couldn't help but exclaimed.

But at this moment, the Golden Sword Demon Lord suddenly looked in the direction of the giant ship below, and actually smiled slightly and said: "Your Highness, on the orders of His Majesty the Demon Emperor, I am here to take you back to the palace."

"your Highness?"

Almost at the moment when the Golden Sword Demon Lord finished speaking, countless demon monks on the entire giant ship all stared in shock, showing shock.

Her Royal Highness Princess Zijin of the Purple Demon Kingdom is actually in the same boat as them?

At this time, Princess Bauhinia, who was standing somewhere on the giant ship, suddenly took Ye Feng's hand and walked forward. She smiled at the sky and said, "It turns out that Uncle Jinjian is here. That's great." Now, we don't have to go to the capital by boat so much."

Chapter 756 Peerless Master

"Uncle Jinjian?"

At this time, when the girl on the boat called the Golden Sword Demon Lord, countless eyes immediately focused on her.

Of course, many eyes also fell on the young man in black she was pulling.

The girl who is qualified to call one of the ten guardians like Golden Sword Demon Lord "uncle".

There is no doubt that she must be the legendary and proud daughter of the Ziji Demon Kingdom.

Seventeen-year-old Nine Tribulations Quasi-Saint, Princess Bauhinia!

"How could she, such a noble being, take a boat to the imperial capital like us?"

"Could it be to accompany the young man in black she pulled? Who is that young man in black who allows Princess Bauhinia to be so intimate?"

At this moment, many demon monks were speculating on Ye Feng's identity, and their eyes showed uncertainty and shock. ??

You know, Princess Zijin is the most beloved daughter of Demon Emperor Ziji.

Moreover, Princess Bauhinia not only has a distinguished status, but also has a talent that is rare to see in a thousand years.

However, at the age of seventeen, she became a Nine Tribulations Quasi-Saint. It is said that this Princess Bauhinia usually does not like to practice very much.

How much talent must the young man in black have to be able to attract such a proud girl like Princess Bauhinia, and even behave so intimately, so that he can be treated like this by Princess Bauhinia?

Suddenly, a series of curious and surprised looks were focused on Ye Feng.

Ye Feng didn't care much about these looks. After all, he did not belong to the demon world, and he would be forcibly transported out of the demon world in more than twenty days.

Therefore, when Ye Feng came here, he was not afraid of making enemies or being jealous.

He followed Princess Zijin to the imperial capital of Ziji Demon Kingdom mainly for two considerations and reasons.

the first is

In order to repay Princess Bauhinia's kindness to him.

The second is to see the customs and customs of this ancient demon country, as well as various powerful masters.

This is of great benefit to your own practice.

After all, for other people, not to mention the people on Longyuan Continent, even the descendants of some ancient tribes on the spiritual world, there may not be much opportunity in their lifetime to enter an advanced interface like the demon world and experience it.

Therefore, Ye Feng somewhat admires the Lord of the Wilderness, the ancestor of the Hundreds of Wilderness Clans on Longyuan Continent.

Unexpectedly, he would be able to allow his descendants to pass through the Ancient Demon Sealing List, break through the interface barriers of the demon world, and open up an interface space channel.

Although he was only able to stay in the demon world for only a short month, it was still very impressive.

You know, many superpowers in the spiritual world are unable to do this.

Because the interface barriers of high-level large interfaces such as the demon world and the demon world are very strong, even the ancient emperors cannot penetrate or travel through them.

At this time, when Ye Feng was secretly thinking about his thoughts, the Golden Sword Demon Lord had already walked down from high in the sky.

At this time, Ye Feng quickly put away his mind, clasped his fists slightly, and said: "Junior has met senior Jinjian."

The Golden Sword Demon Lord just saw the very intimate scene of Princess Bauhinia holding Ye Feng's hand.

However, he did not have any hostility towards Ye Feng. He just warned in a meaningful way: "Young man, I hope you are not approaching our princess for power or other bad intentions. Otherwise, the consequences will be serious."

The Golden Sword Demon Lord talks like he fights, very simple and crude.

At this time, Princess Bauhinia's beautiful eyes showed a hint of worry, and she quickly said: "Uncle Jinjian, what are you talking about? Mr. Ye is my best friend. He also saved my life in the Holy City of Bauhinia. Help me get rid of it." Chu Qianshang lost a huge disaster."

"Chu Qianshang?"

The Golden Sword Demon Lord looked puzzled and said: "Isn't he a Demon Saint bodyguard of His Majesty the Demon Emperor? He is a peerless talent and ranks among the top ten among the younger generation in our imperial capital. What's wrong with him?"

Princess Zijin's pretty face turned a bit cold as she said: "This Chu Qianshang has evil intentions and has been coveting me. He is lurking in the dark and ambitious. If it weren't for the appearance of Mr. Ye, Chu Qianshang revealed the dark side of his heart. I don't even know that one day Chu Qianshang will be unable to suppress the darkness and ferocity in his heart, and he will reach out to me..."

At this moment, Princess Bauhinia told all the battles that took place in the Holy City of Bauhinia.

After hearing this, the face of the Golden Sword Demon Lord suddenly became extremely angry, with murderous intent surging in his eyes: "Damn Chu Qianshang! I was very optimistic about this young man before, but I didn't expect his character to be so dark. This time when I go back, all nine of his clans will be killed. I will kill them all myself!"

The Golden Sword Demon Lord spoke at this time, his tone full of a monstrous murderous intention.

Obviously he also loves Princess Zijin very much. After all, the top ten guardians of the imperial capital and the Ziji Demon Emperor were brothers who fought together through life and death to conquer the world.

For Princess Zijin, the youngest daughter of the Purple Demon Emperor, all the elders doted on her very much.

That's why the Golden Sword Demon Lord said such a warning to Ye Feng before.

leaf

Feng nodded slightly at this time, but he understood the Golden Sword Demon Lord.

At this time, Princess Zijin secretly approached Ye Feng's ear and whispered: "Several of my uncles are like this. Like my father, they are all warriors who don't know how to read and reason, and they are not like you, Mr. Ye. He is elegant and easy-going and has a high-spirited attitude. Mr. Ye, please don't be angry. My uncle Jin Jian is actually doing it for my own good and has no hostility towards you."

Ye Feng smiled and said: "I'm not angry. I quite understand that the elders have special concern for the younger generation, especially girls who have not grown up like you. This is human nature, and the same goes for demons."

When the Golden Sword Demon Lord heard what Ye Feng said, he stared at Ye Feng in surprise and said: "Although your boy speaks in a formal manner, I still feel comfortable with what you say. Moreover, you are virtually saving the world in the Bauhinia Holy City." If you have killed this girl once, you probably don't have any bad intentions. Let's go, I will take you directly to the imperial capital."

After Golden Sword Demon Lord finished speaking, he looked at Princess Bauhinia and said, "I'll give you a city to play in. I didn't expect you to take root in the Holy City of Bauhinia. You haven't come back to see me for more than half a year. Your Majesty the Demon Emperor and the Empress." I miss you so much, girl."

Princess Zijin immediately said with a smile: "I know, I know, I know it all! By the way, this time I came back, but I brought back a peerless master to my father and mother, who will preach to us, the Purple Demon Kingdom, in the Wanbao Conference Royal majesty helps tremendously."

"Oh? A peerless expert?"

The Golden Sword Demon Lord was stunned for a moment, then looked around and said, "Where is it?"

Princess Bauhinia smiled and pushed Ye Feng in front of the Golden Sword Demon Lord, and said proudly: "Young Master Ye is the peerless master I brought back!"

The Golden Sword Demon Lord was suddenly startled, then glanced sideways at Ye Feng and said, "A peerless master? Is this the guy?"

Chapter 757 Bet

The suspicious gaze of the Golden Sword Demon Lord was very conspicuous, without any cover-up, and the sideways glance was very worthy of a beating.

Ye Feng just smiled slightly at this time and said: "It's just the princess who promoted me. In fact, all I know is some small methods for observing strange rocks."

"A small way to observe strange rocks?"

The Golden Sword Demon Lord's eyes moved, and he seemed to be interested. He couldn't help but ask: "What are the methods?"

Princess Bauhinia immediately said as if taking credit: "Master Ye's stone viewing skills are very powerful. I once saw with my own eyes that Master Ye selected three strange stones from a pile of low-grade leftover stones. Rare treasures were cut out, and even an innate holy fetus was cut out. In the famous stone workshop branch of our Bauhinia Holy City, Mr. Ye selected ten strange stones, and all kinds of ancient and strange stones were cut out. Jane, there are two cute ancient silkworm babies!"

"real or fake?"

The Golden Sword Demon Lord immediately stretched out his hands and held Ye Feng's shoulders, staring at Ye Feng with rough eyes, a little fiery.

Ye Feng only felt that his shoulders were being pressed down by two great mountains, as heavy as the sky. He couldn't help but his eyelids twitched slightly and said: "Senior Jinjian, what do you want to do?"

"Ahem!"

The Golden Sword Demon Lord immediately coughed slightly and let go of Ye Feng, but still stared at Ye Feng with a very hot face and said: "What about that? Mr. Ye, can you do me a small favor?"

"Master Ye?"

Princess Bauhinia felt a little incredible when she heard that the Golden Sword Demon Lord, a powerful and powerful warrior, actually called Ye Feng "Master Ye".

Ye Feng was also a little surprised and said: "Senior Jinjian, what's the small favor? You tell me first and I'll listen. Senior Jinjian, you are a super strong man. What other favors do you need for me, a small quasi-sage like this?" Help?"

The Golden Sword Demon Lord had a smile on his big and arrogant face, and said: "Yes, yes. Only Mr. Ye can help me with this task. To be honest, you are the only one who can help me."

You said, I have a bet with that old boy, Ninth Prince. We have to pick out any strange stone from a pile of random strange stones, and then cut it into pieces. Whoever cuts out a rare treasure with greater value will win. "

Princess Zijin's eyes widened and she said, "Uncle Jinjian, why are you gambling with Uncle Ninth again? Have you forgotten the lesson you learned last time?"

"hey-hey."

The Golden Sword Demon Lord laughed dryly and said: "It's not like that old boy, the Ninth Prince, insists on betting with me. A small bet will make you happy, but a big bet will harm your health.

This is just a small bet, and the stake is not big. My bet is a painting." Sword Emperor's calligraphy and painting, the Ninth Prince is a crystal of divine power the size of a human head."

Princess Bauhinia immediately couldn't help but said in surprise: "Isn't this a big bet? The Sword Emperor's calligraphy and painting are the treasures that Uncle Jinjian learned when you first entered the Sword Master. You just used it as a bet? And so does Uncle Ninth. Yes, this crystal of divine power the size of a human head is simply a priceless treasure, but it is used as a bet. You two are so angry!"

The Golden Sword Demon Lord smiled quickly and said: "Zijing girl, don't be angry with us big bosses. These bets are really not big, they are just trivial... Well, you can't say trivial. It seems a bit crazy to say trivial. It's average."

Medium meaning?

The corner of Ye Feng's mouth twitched slightly, so to speak... he seemed even crazier, right?

Ye Feng couldn't help but sigh in his heart, "He is worthy of being a super strong man at the level of a saint king. The brothers of the Ziji Demon Emperor are indeed extremely rich."

Snapped!

Suddenly at this moment, the Golden Sword Demon Lord stretched out his thick arms and hugged Ye Feng's shoulders. He came over with his big and rough face, smiled and said: "Master Ye, please help me with this little favor." Well, that old boy, Ninth Prince, seems to have found an expert from the Strange Stone family who specializes in the study of strange stones.

Help, I can't give up easily, Mr. Ye, let's do this, if you help me win this bet, I will not only give you my set of Sword Emperor paintings and calligraphy, but also the head of the old boy I won, the Ninth Prince. How about giving you all the crystals of divine power, big and small? These treasures are nothing to my current level. All I want is face, and that is to win! "

Ye Feng was a little embarrassed at first, but when he heard what the Golden Sword Demon Lord said, his eyes suddenly lit up and he said: "Okay, it's settled."

Princess Bauhinia immediately stared at Ye Feng and said: "Mr. Ye, you..."

Ye Feng smiled slightly and said: "A demon is not a sage, how can he have no fault? A small gamble will make you happy, but a big gamble will harm your body. Senior Jin Jian, this is just a small gamble. Besides, with my help, there is no big problem."

"Yes, yes!"

The Golden Sword Demon Lord immediately laughed and said, "Young Master Ye is right!"

Princess Bauhinia couldn't help but shook her head, then smiled bitterly and said: "Okay, it's up to you."

"Let's go to the Imperial Capital!"

The Golden Sword Demon Lord was very happy. He immediately grabbed Ye Feng and Princess Bauhinia with both hands and jumped up.

boom!

In an instant, the vision of several people changed, and they crossed thousands of miles of rivers and arrived at the edge of the port of the imperial capital of the Purple Demon Kingdom.

boom!

The Golden Sword Demon Lord jumped again, and the three of them had arrived at the palace of the Ziji royal family.

"Space jump!"

Ye Feng's eyes were shocked. The Saint King was able to control such a powerful space jumping method. One jump could span a thousand miles. It was really amazing.

At this time, Princess Zijin sneaked up to Ye Feng and whispered in his ear: "Uncle Jinjian is very powerful. He is strong enough to rank among the top ten guardians of our imperial capital. With his

cultivation, he is almost on the verge of stepping on the throne." Entering the level of the Great Sage, Mr. Ye, you and Uncle Jin Jian are together.

Blocks, no need to worry about safety issues. "

Ye Feng nodded slightly. He looked at the Golden Sword Demon Lord next to him and said, "Senior Jin Jian, when will the bet between you and the Ninth Prince begin?"

The Golden Sword Demon Lord said: "Tonight, and in my Golden Sword Mansion, Mr. Ye, you will stay here first, and in the evening you will go with me to meet that old boy, the Ninth Prince."

Princess Zijin spoke up at this time: "Uncle Jinjian, please entertain Mr. Ye well. I will go to Ziji Palace to find my father and empress. By the way, I will tell them about Mr. Ye's participation in the Wanbao Conference."

The Golden Sword Demon Lord immediately smiled and said: "Go, go, Mr. Ye is my savior now. I will definitely entertain you well and give you whatever you want, including beauties from all races."

"you dare!"

Princess Bauhinia's beautiful eyes immediately became angry, and she stared at the Golden Sword Demon Lord and said: "Young Master Ye is elegant and noble, has good conduct, is familiar with hundreds of classics and history, and is a scholar of heaven and earth. You, a big old man, don't act blindly!"

The Golden Sword Demon Lord immediately smiled and said: "I'm just kidding, look at you, why are you so anxious? Don't worry, girl, I won't lead your lover away."

"What nonsense are you talking about?"

Hearing what the Golden Sword Demon Lord said, Princess Bauhinia immediately blushed.

Her eyes were wandering, and she glanced at Ye Feng beside her, and said in a voice as shy as a mosquito, "Mr. Ye, I'll leave now. We'll see you tomorrow."

Princess Bauhinia said quickly, her graceful figure moved, and she immediately trotted out.

When Ye Feng saw this scene, there was just a look of helplessness on the corner of his mouth, and he shook his head slightly without saying anything more.

At this time, Ye Feng looked at the Golden Sword Demon Lord and said: "To be honest with you senior, I also practice swordsmanship, but the progress of swordsmanship has been slow recently, so I don't know if the Sword Emperor calligraphy and painting in the hands of senior Jin Jian can be used in advance." Let the juniors watch and learn?"

#### Chapter 758 The Way of Sword

The moment Ye Feng finished speaking, the Golden Sword Demon Lord immediately smiled and said: "Of course, I will take you there now. I didn't realize that Mr. Ye Wenwen is weak and I didn't expect to practice swordsmanship."

Wenwen is weak?

Ye Feng shook his head and smiled. His most powerful thing was his extremely tough body.

However, Ye Feng didn't say much. He just followed the Golden Sword Demon Lord towards the depths of the mansion.

It has to be said that the Golden Sword Demon Lord is worthy of being one of the top ten guardians of the Imperial Capital of the Purple Demon Kingdom.

His mansion was built with incomparable grandeur, with glazed jade tiles and gold floors.

The walls were inlaid with luminous pearls, and each pillar was made of cold iron from the Tianshan Mountains. They were extremely noble, perfectly in line with the temperament of this Golden Sword Demon Lord.

Soon, the Golden Sword Demon Lord brought Ye Feng to a small secret room.

This is the place where the Golden Sword Demon Lord usually practices in seclusion. It is very simple and forms a very strong contrast with the splendor outside.

Ye Feng nodded slightly. It seemed that the Golden Sword Demon Lord still had a strong Taoist heart and was able to insist on setting up such a simple and ancient secret practice room in the place of practice.

"Crack!"

But at the next moment, the Golden Sword Demon Lord suddenly pressed on a stone at the entrance of the small secret room.

"Crunch, crunch, crunch..."

Suddenly at this moment, the entire small and simple secret room suddenly expanded ten times the space around it.

Moreover, the wall that was originally made of blue bricks and tiles turned over piece by piece and turned into golden stones.

There are even pieces of amethyst inlaid on the surface of the golden stones.

"this....."

Ye Feng was dumbfounded when he saw the gorgeous scene that suddenly changed in front of him.

At this time, the Golden Sword Demon Lord patted Ye Feng and said proudly: "Master Ye, how come

How about it? Is my secret practice room okay? "

Ye Feng could only smile bitterly and nod, saying: "Okay, that's great."

Ye Feng followed the Golden Sword Demon Lord towards the depths of the secret cultivation room.

Soon, they came to a huge treasure room in the deepest part.

The Golden Sword Demon Lord said: "This is my treasure hiding place. I have killed enemies on expeditions over the years, and the treasures sold at auctions are all stored here. That piece of Sword Emperor's calligraphy and painting is mine. What I accidentally obtained from an ancient ruins was not the sword emperor of our demon clan, but a sword emperor of the human race. It seemed that he fought with a demon god in the ancient war. That ancient war broke the interface barrier, and in the end, that sword emperor A human sword emperor fell in the starry sky and fell to our demon world. "

Ye Feng couldn't help but look solemn after hearing the words of the Golden Sword Demon Lord. He fought with the Demon God in the starry sky and fell into the demon world. How heroic that must be.

At this moment, the Golden Sword Demon Lord led Ye Feng to a bookcase and said: "The Sword Emperor's calligraphy and paintings are in this bookcase. Be careful when you open it, you may be injured by countless swords." Your soul."

Ye Feng nodded when he heard this and said: "Okay."

Crunch!

Ye Feng took a slight breath and then opened the bookcase in front of him.

"boom!"

Almost at this moment, a huge and boundless sword intent suddenly burst out from the bookcase.

Ye Feng saw that there was a quiet painting and calligraphy hanging in the bookcase.

There are no patterns or words on this calligraphy and painting, just a sword mark-like handwriting.

But just like the great road to simplicity, this stroke of handwriting

Although it was simple, the moment Ye Feng saw it, thousands of sword lights erupted from it.

These terrifying sword lights are not physical sword lights, but an illusory sword light in the spiritual soul.

"Boom!"

At this moment, Ye Feng felt that a huge lightsaber suddenly appeared in his soul, killing him towards the core of his soul.

"Sword Intent!"

At this moment, Ye Feng mobilized the sword intention he had comprehended, condensed it into an invisible sword, and slashed towards the huge lightsaber.

"Crack!"

But what shocked Ye Feng was that the lightsaber condensed in the Sword Emperor's calligraphy and painting tore his sword intention into pieces in an instant.

At this time, the Golden Sword Demon Lord was a little anxious outside and said: "Young Master Ye, blame me for being too impulsive. Your level of swordsmanship is that of a junior sword master. You have not yet understood the rules of the sword at the sword master level. This is what the Sword Emperor's calligraphy and paintings say. The sword intention contains a hint of the sword's way, which can only be comprehended by the sword emperor who has surpassed the sword master. Although it is only a hint of the sword's way, it requires the sword master's sword rules to resist it. Mr. Ye, please retreat quickly. I'll help you resist!"

At this time, the Golden Sword Demon Lord said that he quickly wanted to release the power of the sword rules at the level of the Sword Master to help Ye Feng compete with the trace of the Sword Emperor's sword path in the Sword Emperor's calligraphy and painting.

But at this moment, a very strong golden light suddenly burst out from Ye Feng's head.

"This is?"

And almost at the next moment, the Golden Sword Demon Lord saw it.

A golden elixir appeared between Ye Feng's eyebrows.

The round bead holding half of a golden magic elixir suddenly turned into a golden little man. He stretched out a golden hand and pressed it hard against the Sword Emperor's calligraphy and painting.

"boom!"

The entire Sword Emperor calligraphy and painting suddenly burst out with a huge and ancient majesty of the Sword Emperor.

An ancient phantom of the Sword Emperor instantly appeared in the Sword Emperor's calligraphy and painting.

"Buzz!"

Suddenly, the little golden figure in Ye Fengmei's heart made a sound that ordinary people could not understand. It was extremely loud and full of sacred and supreme aura.

"Plop!"

Hearing this loud sound, the Golden Sword Demon Lord did not even react. The most primitive life instinct deep in his body subconsciously made the Golden Sword Demon Lord kneel down towards the golden villain.

Moreover, what shocked the Golden Sword Demon Lord the most was that the shadowy will of the ancient Sword Emperor revealed in the Sword Emperor's calligraphy and paintings actually knelt down towards the golden villain and knelt in the calligraphy and painting.

Immediately, the little golden talent turned into a golden magic elixir and disappeared into the depths of Ye Feng's eyebrows again.

And at this moment.

Buzz!

The handwriting in the Sword Emperor's calligraphy and painting that represented a trace of the Dao of Sword flew out of the calligraphy and painting in an instant and merged into Ye Feng's body.

At this time, the handwriting on the Sword Emperor's calligraphy and painting disappeared, turning into a blank scroll.

At this time, Ye Feng didn't know what happened. He just saw that the golden elixir in his mind turned into a golden villain, and instantly shattered the Sword Emperor calligraphy and painting that rushed into his body. A giant lightsaber in the soul.

Then Ye Feng suddenly opened his eyes, with a look of surprise on his face. At this moment, he felt that his kendo artistic conception had experienced a huge surge.

But what shocked Ye Feng the most was that in front of him, the Golden Sword Demon Lord was kneeling on the ground.

Ye Feng quickly said in surprise: "Senior Jinjian, what's wrong with you? Why are you kneeling on the ground?"

Chapter 759 Junior Sword Master

The Golden Sword Demon Lord's eyes now showed a trace of fear and uncertainty.

He stood up all of a sudden, feeling sincerely afraid of the young man in black in front of him.

Originally, the Golden Sword Demon Lord just thought that Ye Feng was just an ordinary boy who knew some Feng Shui and mystical arts brought back by their little princess from the Purple Demon Kingdom.

But now, the Golden Sword Demon Lord recalled the little golden man transformed from the golden magic pill that appeared in the center of Ye Feng's eyebrows before when Ye Feng closed his eyes. The aura exuded was invincible.

That little golden man looked very small, but the terrifying aura he exuded at that moment was like that of a superior ruler. He was majestic, vast, and boundless like the controller of the heavens and the universe. Even the ancient Sword Emperor An ancient strong man who is comparable to the

gods, a powerful being who can fight with the devil in the starry sky, all have to pay homage to the golden little man in Ye Fengmei's heart.

How shocking is this?

But at this time, the Golden Sword Demon Lord saw Ye Feng's doubtful eyes, which didn't seem to be fake.

The Golden Sword Demon Lord couldn't help but secretly thought, it seems that Mr. Ye doesn't know what terrible thing happened just now.

"What is the identity and origin of Mr. Ye? Why is there such a terrifying thing hidden in his head? Even the demon god I encountered during the battle with His Majesty did not give me such a strong and terrifying feeling."

The Golden Sword Demon Lord murmured secretly in his heart.

Just now, he subconsciously knelt down in front of the golden man, almost as an instinct of his body.

This made the Golden Sword Demon Lord extremely horrified.

You must know that he is a saint king, a super strong man who is about to step into the level of a great saint even with half a foot.

However, the Golden Sword Demon Lord saw that Ye Feng didn't seem to know what had just happened.

Therefore, the Golden Sword Demon Lord did not say it at this time, because he felt that it was a taboo thing, and it might be disrespectful if he said it.

The Golden Sword Demon Lord looked at Ye Feng's confused eyes, stood up slowly, and said, "My legs were a little sore just now, so I knelt on the ground to rest."

Rest for a while. "

Ye Feng: "..."

Ye Feng naturally didn't believe the answer given by the Golden Sword Demon Lord.

However, Ye Feng didn't ask any more questions. He just looked at the Sword Emperor's calligraphy and painting in front of him and suddenly asked in surprise: "Why did the handwriting on this calligraphy and painting disappear?"

The Golden Sword Demon Lord chuckled and said, "You have been absorbed by Mr. Ye."

"Absorbed by me?"

Ye Feng's eyes were stunned for a moment, and then he began to feel the artistic conception of his sword.

"Junior Sword Master!"

Almost at the next moment, Ye Feng suddenly showed a look of horror on his face.

The realm of the Sword Master, comprehend the realm of the sword.

The realm of the Sword Master is the transition from the realm of swords to the incomparably mysterious rules of the sword.

As for the invincible sword emperor above the sword master, that is the legendary avenue of swords.

The Sword Emperor is able to resonate with the great avenue of heaven and earth with just one sword.

What a terrifying state that must be?

However, even if many ancient emperors who practiced swordsmanship reached the realm of ancient emperors, their understanding of swordsmanship would not allow them to enter the realm of the Sword Emperor.

Therefore, the Avenue of Swords is a very difficult artistic conception of swordsmanship.

At this time, the Golden Sword Demon Lord sighed and said: "Master Ye is indeed a genius. He has even absorbed a trace of the ancient Sword Emperor's sword technique in this Sword Emperor calligraphy and painting, and directly broke through to the first-level Sword Master. I'm really envious."

Ye Feng's eyes were startled and he said, "Have I absorbed all the Sword Emperor's handwriting in this Sword Emperor's calligraphy and painting?"

The Golden Sword Demon Lord glanced at Ye Feng and said: "That is inevitable. I saw it with my own eyes. Otherwise, how could you have broken through the realm of swordsmanship so quickly and incorporated a trace of the sword?"

The Emperor's Sword Way directly transformed you from a sword master to a junior sword master. Alas, you are indeed a monster. No wonder Her Highness the Princess is so obsessed with you. You are a talented man and your charm is indeed very strong. Even I am attracted to you. I can't help but admire you a little. "

At this time, the Golden Sword Demon Lord was speaking, and then sighed and said: "Back then, I was sitting in front of the Sword Emperor's calligraphy and painting, and after studying it for several years, I stepped from the Dacheng Sword Lord to the junior sword master, and... I still have to be a very powerful swordsman to do this. Many ordinary swordsmen may spend their entire lives meditating in front of the Sword Emperor's calligraphy and paintings, but they still can't comprehend the realm of the Sword Master. Mr. Ye, you'd better just put the Sword Emperor's calligraphy and painting into it. The trace of the secret of the sword was swallowed up and integrated into your body, instantly breaking through to the junior sword master."

At this time, the Golden Sword Demon Lord seemed a little aggrieved as he spoke, and glanced at Ye Feng with some resentment.

Ye Feng heard what the Golden Sword Demon Lord said and saw the resentful eyes of the Golden Sword Demon Lord, and couldn't help but feel a little funny.

This super strong man at the Saint King level would actually show such a look.

However, when I thought that I had unknowingly swallowed up the core of the Sword Emperor's calligraphy and painting, the secret of the Dao of Sword, I have to say that it was indeed a little too outrageous.

Ye Feng stared at Demon Lord Jin Jian at this time, cupped his fists and said: "Senior Jin Jian, I'm really sorry. I just wanted to observe and learn, but I didn't expect to swallow the core of Sword Emperor's calligraphy and painting. Now Sword Emperor's calligraphy and painting are just blank pieces of paper."

"It doesn't matter."

How could the Golden Sword Demon Lord dare to blame him? He just said with a twitching corner of his mouth: "Master Ye, just help me win the bet tonight."

"good."

Ye Feng nodded and said: "By the way, Senior Jin Jian, I have just broken through to the primary sword master. I want to test my current swordsmanship strength. Can Senior Jin Jian help me test it?"

The Golden Sword Demon Lord was a little surprised and said: "You mean, fight me?"

"Excuse me

Not to mention. "

Ye Feng immediately shook his head and said: "I just fired a few swords, please ask Senior Jin Jian to evaluate the current lethality of my sword for me."

The Golden Sword Demon Lord smiled and said: "Okay, just use all your strength to use your sword against me. Let's go to a place where we can unleash our full strength."

Uh-huh!

The Golden Sword Demon Lord stretched out a hand to grab Ye Feng's arm and immediately jumped in space.

"boom!"

Almost at this moment, Ye Feng felt that his field of vision had changed, and they had arrived in a wild jungle hundreds of miles away from the imperial capital of the Ziji Demon Kingdom.

At this time, Ye Feng and the Golden Sword Demon Lord were standing on a majestic mountain that penetrated the clouds and reached the sky, facing each other.

"Senior, I draw my sword."

Ye Feng made a "clang" sound and pulled out the long sword from the scabbard behind his back.

"Iron painting and silver hook!"

Ye Feng struck out with the first sword, which was the first of the three sword moves taught to him by Uncle Nan.

"Qiang!"

The dazzling sword light lit up in the void. As soon as the sword was released, the long sword in Ye Feng's hand seemed to turn into a large pen. The sharp edge of the pen could cut through eternity and cut through the long river of history.

"Um?"

The casual look on the Golden Sword Demon Lord's face suddenly changed, and a slight smile appeared in his eyes, saying: "This sword is a bit interesting."

Obviously, at first, the Golden Sword Demon Lord saw that Ye Feng's cultivation level was only at the Quasi-Saint level, and he had just become a Sword Saint. Compared with him, a Dacheng

Sword Saint, whose cultivation level was even more like that of a Saint King, Of course, ants shake the tree.

But now, when Ye Feng actually drew his sword at him, the Golden Sword Demon Lord felt the secret hidden in this sword. The powerful momentum of cutting off eternity with a big stroke of the pen immediately made this saint The super strong men at the king level were all mentioned with the slightest interest.

Chapter 760 You will definitely lose

"boom!"

The huge sword light condensed into a large pen in the sky. The pen was sharp and could cut through eternity, and it instantly cut towards the golden sword demon king opposite.

"Ding!"

But at this moment, the Golden Sword Demon Lord just slightly stretched out a finger and pointed at the sword light.

In an instant, the terrifying sword light and sword energy all over the sky dissipated.

"How terrifying! Unfathomable!"

Only then did Ye Feng understand how terrifying the Golden Sword Demon Lord was.

You know, Ye Feng has now entered the realm of junior sword master.

Moreover, his cultivation and combat prowess are also extremely unparalleled.

But even so, the Golden Sword Demon Lord still casually dispersed the destructive sword energy that filled the sky.

"Senior, look at my second sword!"

Ye Feng directly used the second sword move "Iron Lock Hengjiang" that Uncle Nan taught him.

boom!

A terrifying sword intent that locked the heaven and earth suddenly erupted from the long sword in Ye Feng's hand.

At this moment, the Golden Sword Demon Lord said "Hey".

Because under this sword, the powerful demonic energy in his body felt slightly sluggish for a moment, as if all the power in his body was locked.

"Master Ye, it seems that there is a swordsman master behind you who has taught you. The secrets of your two swords are enough to be recorded in the history of the world of swordsmanship."

At this time, the Golden Sword Demon Lord said, and struck the sky with his big hand, and the chains of sword light in the sky were shattered inch by inch.

Ye Feng was gasping for air at this time and shouted: "Senior, watch my third sword!"

"boom!"

An extremely violent and terrifying force and momentum burst out from Ye Feng's body in an instant.

At this moment, he has just broken through to the rules of the sword of the junior sword master, and is crazy

Earth poured out from Ye Feng's sword heart.

"Wow!"

At this moment, all the thunder power in the iron sword was released uncontrollably, forming a huge and bright sword light outside the sword body.

"public"

"god"

"Of"

"Sad!"

Four words as heavy as a mountain came out of Ye Feng's mouth.

boom!

Suddenly, a kind of great destruction, great terror, great vastness, and the sword rhyme of great years enveloped the entire world.

"Crack, click, click!"

At this moment, the entire wild jungle, countless mountains, trees, and creatures are rapidly collapsing, withering, and becoming the dust of history.

This sword is almost Ye Feng's most powerful move now.

At this time, Ye Feng used all his strength to slash out the sword of the gods, which was simply shocking to the heavens and the earth!

"boom!"

Suddenly at this moment, the Golden Sword Demon Lord stretched out a hand and grabbed the entire world.

Boom!

The sky suddenly became dim, and then the terrifying shroud of the Gods' Sorrow disappeared.

"Bang!"

Ye Feng suddenly landed on the top of Dayue, his face pale, and the sword just now exhausted almost all his strength.

This is Ye Feng's true pinnacle sword after he became a junior sword master.

“Eternally stunning.”

At this time, the Golden Sword Demon Lord put his hands behind his back and only said these four words.

Ye Feng was very shocked

Dong Dong said: "Senior Jinjian, you are really amazing."

The Golden Sword Demon Lord nodded slightly and said nothing more.

But what Ye Feng didn't see at this time was that the hands of the Golden Sword Demon Lord were behind his back. One of his hands had a open wound and blood was flowing...

Half an hour later.

Ye Feng's strength was restored, and he walked up to the Golden Sword Demon Lord and asked curiously: "Senior Jin Jian, my last sword attack just now is almost my strongest sword attack now, and it can probably rival What level of power is there?"

The Golden Sword Demon Lord said: "Your last sword is enough to kill an ordinary demon saint of about three stars."

"real?"

Ye Feng suddenly looked happy. .??.

You know, when I was fighting Chu Qianshang, a three-star demon saint, I used the Great Emperor Tower, the Ancient God Ring, the Death Spine and other blessing methods to finally kill Chu Qianshang.

But now, Ye Feng does not need to use various secret skills. He can really rely on his most primitive strength and use the power of the sword of the Gods' Sword to kill a three-star saint level existence.

This kind of strength is already terrifying.

Ye Feng felt that if his cultivation level could be further improved, perhaps he would no longer have to fear ordinary ancient saints after returning to Longyuan Continent.

"It's getting late."

The Golden Sword Demon Lord slightly raised his head to look at the sky. Night was about to fall, and three bloody waning moons began to appear in the sky thousands of feet high.

"let's go."

The Golden Sword Demon Lord grabbed Ye Feng's shoulders and jumped in one space. The field of vision changed drastically. They had traveled hundreds of miles and came to the Golden Sword Demon Lord's mansion again.

\u003e At this moment, just when the two of them had just returned, two people were already walking towards the gate outside the mansion.

They were a middle-aged man wearing a golden python robe, and a graceful young woman with a purple gauze covering her face. Her aura was ethereal, like a fairy above the nine heavens, making it unpredictable.

The middle-aged man wearing a golden python robe is the Ninth Prince who is betting against the Golden Sword Demon Lord tonight.

The moment the Ninth Prince walked into the mansion, he immediately smiled at the Golden Sword Demon Lord and said, "Jin Jian, you will definitely lose tonight. I have invited the most talented member of the Shangguan family, the number one strange stone clan in our Ziji Demon Kingdom. Female Shangguan Qingwan, you will definitely lose! Hahaha!"

The Golden Sword Demon Lord's eyes changed slightly at this time, and he stared at the veiled woman in purple standing next to the Ninth Prince.

He couldn't help but look startled, and secretly whispered in Ye Feng's ear: "Master Ye, this Shangguan Qingwan is very powerful. She is the proud daughter of the Qishi family. It is said that like you, she is also born with strange eyes and knows how to read Qi. With his skill, he once cut out a young black jade unicorn from a strange stone. The sky sent down colorful auspicious lights, which shocked the entire Ziji Demon Kingdom.
