Chapter 771 False Saint

The demon world, the wild zone.

In a wide deep water swamp area, Ye Feng was sitting cross-legged among hundreds of thousands of wild monster beasts. The dark swallowing vortex around him was spinning rapidly, absorbing the blood of the monster beasts that were as terrifying as the vast sea.

Rumble...

Waves of abundant and powerful energy are surging in Ye Feng's body and in his limbs.

Ye Feng's idea at this time is very simple, that is, to use this opportunity to break the curse and shackles that prevent living beings from becoming saints in Longyuan Continent, and step into the true ancient saint from the Nine Tribulations Quasi-Saint!

"Boom!"

"Boom!"

The surging blood energy surged in Ye Feng's body, attacking the final shackles of the saint.

For three days and three nights, Ye Feng closed his eyes tightly and performed rapid movements and impacts.

"puff!"

But in the early morning of the fourth day, Ye Feng suddenly spurted out a mouthful of blood.

Uh-huh!

The Ziji Demon Emperor came to his side all of a sudden, his eyes were startled, and he said: "Why can't you become a saint?"

At this time, Ye Feng opened his eyes. He found that he had refined the blood energy of hundreds of thousands of wild beasts, and the power in his body was countless times more powerful than before.

However, he still has not stepped into the saint level.

The Ziji Demon Emperor put a finger on Ye Feng's wrist.

Even this great emperor was a little surprised and said: "The energy in your body is so powerful that it is comparable to the energy of a nine-star demon saint. These hundreds of thousands of wild demon beasts have not been refined in vain, but they are very powerful." It's strange that your combat power has increased so much, but your cultivation is still at the Nine Tribulations Quasi-Saint. No, it cannot be said to be the Nine Tribulations Quasi-Saint. You have cultivated the holy power in your body, but you are unable to condense the holy power. Fei, your state can only be called a false saint."

"False Saint?"

Ye Feng's eyes moved slightly, and he wiped the blood from the corner of his mouth, feeling secretly alarmed in his heart.

Unexpectedly, even in the demon world, I could not break the curse of the upper limit of cultivation for practitioners in Longyuan Continent.

However, Ye Feng did not refine the hundreds of thousands of wild monsters in vain. After all, the Purple Demon Emperor also said that although he is just a pseudo-sage, the aura energy in his body is comparable to that of a nine-star demon saint!

But the realm has to be broken through, because Ye Feng has already felt that the maximum amount of energy that his current realm can contain is almost reaching the limit.

Unless the realm of cultivation continues to break through, or the star battle body undergoes further transformation, it will be able to continue to accommodate more energy.

Ye Feng encountered this situation for the first time, swallowing huge energy and unable to break through the realm of cultivation.

Ever since Ye Feng started practicing, as long as he had enough energy to devour it, his cultivation would skyrocket.

But now, for the first time, Ye Feng encountered a situation where he was unable to break through the bottleneck of his realm.

However, Ye Feng knew that this had nothing to do with him, but had something to do with the curse on the cultivation limit on Longyuan Continent.

"No wonder a being as amazing and talented as Emperor Styx back then wanted to leave Longyuan Continent and find a way to break the curse of the upper limit of cultivation. It was really a bit scary."

Ye Feng secretly murmured in his heart.

At this time, he looked at the Ziji Demon Emperor beside him and couldn't help but ask: "Senior Ziji, junior, what is going on here?"

The Ziji Demon Emperor thought for a moment and then said: "I can't really judge.

I don't know the specific reason, but I can feel that the deepest source of your life seems to be tightly locked by an innate shackle, just like the upper limit of your cultivation level. Have you ever been raped by someone when you were a child? Cast some ancient spell? "

When Ye Feng heard what Ziji Demon Emperor said, his eyes were suddenly shocked.

In this way, Longyuan Continent was really cursed by some masterminds behind the scenes, preventing future generations of practitioners from becoming saints.

Ye Feng once asked some seniors at Poseidon Academy. It is said that this curse with a cultivation limit only appeared after the dark turmoil that year.

Now after hearing the words of the Ziji Demon Emperor, Ye Feng is almost certain that the descendants of practitioners on Longyuan Continent who cannot become saints and cannot break the shackles of the upper limit of cultivation are the masterpieces of the demons from outside the territory!

It must be that after the failure of the dark turmoil that year, the extraterrestrial demon clan used some unknown means to reduce the cultivation level of all descendants of all living beings born in the entire Longyuan Continent, whether human race, demon race, or other various races. Everything was suppressed invisibly under the saint.

This method almost cut off the self-improvement path of the creatures in Longyuan Continent, and it was extremely cruel.

In other words, after the oldest group of ancient saints who survived the dark and turbulent era all die of old age, there will be no more saints in Longyuan Continent!

This is a huge conspiracy!

There is a huge crisis!

At this moment, Ye Feng desperately wanted to break the curse on the upper limit of cultivation and return to Longyuan Continent.

Ye Feng felt that the plan of the extraterrestrial demons might not only be to wither the cultivation civilization on Longyuan Continent.

What this group of extraterrestrial demons will ultimately do is wait until the entire Longyuan Continent is at its weakest, directly destroy all living creatures on the entire Longyuan Continent, and plunder all the resources on the Longyuan Continent.

As soon as he thought about this, the sense of urgency in Ye Feng's heart became stronger and stronger.

At this time, Ye Feng looked at the Ziji Demon Emperor in front of him and said: "Senior Ziji, I did grow up in an area that suffered a mysterious curse when I was a child. Therefore, all the practitioners there, no matter how talented they are, are extremely beautiful. I can't break the curse of being unable to become a saint. I wonder if Senior Ziji can help me break this innate shackles?"

When the Ziji Demon Emperor heard what Ye Feng said, he couldn't help but shook his head slightly and said: "Although I am an ancient emperor, I am only powerful in combat after all. I have almost no mysterious knowledge about curses, innate shackles, and the origin of life." I don't understand, so I really don't know how to help you."

Ye Feng didn't feel disappointed when he heard what the Ziji Demon Emperor said. After all, the ancient emperor only represented a kind of ultimate combat power, but it didn't mean he knew everything, nor was he omnipotent.

In the end, Ye Feng followed the Ziji Demon Emperor and left the wilderness, returning to the palace of the Ziji Demon Kingdom.

The moment Princess Zijin saw Ye Feng's return, she immediately became a little happy and said: "Mr. Ye, the leader of the group of monsters you asked me to find is called Xiang Wudao. I have found them. They are all too He became weaker and acted arrogantly. He hunted a large number of monsters in the wilderness in the northern territory of our Ziji Demon Kingdom. He made a lot of noise and was easily found. "

Ye Feng's eyes lit up and he said, "Where are they now?"

Princess Zijin said: "Now he is being held in a temporary prison by the imperial guards of our royal family of the Purple Demon Kingdom."

When Ye Feng heard the news, he felt a little better after being slightly disappointed that he had not become a saint.

Ye Feng immediately said: "Take me to see, these demons are my enemies, I want to interrogate them personally." The demon world is a wilderness area.

In a wide deep water swamp area, Ye Feng was sitting cross-legged among hundreds of thousands of wild monsters. The dark swallowing vortex around him was spinning rapidly, absorbing the blood of the monsters as terrifying as the vast sea.

When Ye Feng heard the news, he felt a little better after being slightly disappointed that he had not become a saint.

Ye Feng immediately said: "Take me to see, this group of monsters and I are enemies, I want to interrogate them personally."

Chapter 772 Like Ants

When Ye Feng followed Princess Zijin to a temporary prison in the palace that exuded a cold and murderous atmosphere.

He saw a familiar figure at a glance.

It's just Xiang Wudao!

At this time, the young master of the giant elephant clan looked extremely embarrassed, no longer as arrogant as before, with a bruised nose and swollen face. He was squatting in a prison. It was obvious that he had been taught a hard lesson by the imperial guards of the Purple Demon Kingdom.

At this moment, Xiang Wudao in the prison did not seem to have thought that he was just hunting wild monsters in the periphery, and actually alerted the Imperial Guards of the Ziji Demon Kingdom. This was the most powerful person in the supreme immortal demon world. The demon kingdom created by the Great Emperor.

So at this time, Xiang Wudao was detained in this prison, and he no longer had the aloofness he had back then.

Because he knew very well that his so-called identity as the young master of the giant elephant clan among the hundreds of clans in the Great Wilderness of Longyuan Continent was just an extremely humble existence in front of the Great Emperor's Guards in this demon world.

At this moment, Xiang Wudao still had not figured out why such an inconspicuous demon clan like himself could attract the attention of the Imperial Guards of the Immortal Demon King.

Until Xiang Wudao suddenly saw a young man wearing black walking in from outside the prison.

"Ye Feng!"

Xiang Wudao's face suddenly changed wildly, his eyes showed a hint of ferocity, and he said:
"You're not dead!"

"Snapped!"

But suddenly at this moment, a tall guard next to Xiang Wudao gave Xiang Wudao a slap in the face. His face was suddenly swollen and several of his teeth were broken. popped out of his mouth.

"ah!"

Xiang Wudao immediately howled miserably.

At this time, the Demon Saint-level imperial guard smiled coldly and said: "Who are you? You dare to say disrespectful words to Master Ye Feng? If you dare to be disrespectful again, I will kill you with one knife."

"What? Lord Ye Feng?"

At this moment, Xiang Wudao, including the dozen geniuses of the giant elephant clan who were imprisoned behind Xiang Wudao, all had a look in their eyes.

Extreme shock.

The Imperial Guards of the Great Emperor, the noble demon saints in this land of demon world, the Imperial Guards of the ancient emperor, are high above the world. For the giant elephant clan, they are invincible existences.

But now, these noble imperial guards actually call this boy Ye Feng "my lord"?

This is simply incredible!

"See Your Highness the Princess."

At this moment, a group of imperial guards saw Princess Bauhinia next to Ye Feng, and immediately clasped their fists and spoke respectfully.

"What? Your Highness Princess?"

"Is this the princess of the immortal demon kingdom?"

At this moment, Xiang Wudao and other giant elephant clan geniuses were completely shocked to the point where their bodies were trembling.

A princess from an immortal demon kingdom, what a noble existence is that?

But at this time, the noble princess was standing beside Ye Feng, and also stood slightly behind on the left side, obviously dominated by Ye Feng.

"Ye Feng..."

At this time, even Xiang Wudao was filled with confusion. He could no longer see clearly what kind of existence Ye Feng was in front of him.

"You all get out."

At this time, Ye Feng spoke up and said, "I want to interrogate him alone."

"Yes, Master Ye."

All the Imperial Guards clasped their fists respectfully at this time, and then left one after another.

Ever since Ye Feng cut out the Divine Emperor's edict in the Wanbao Conference, eliciting the purple energy from the sky, shocking the world.

Now in the entire Ziji Demon Kingdom, from the powerful ministers to the guards and maids, in their hearts, Ye Feng, a seemingly young boy, has become a legend.

"Gulu!"

At this time, seeing a group of high-ranking Imperial Guards being so respectful to Ye Feng, the geniuses of the giant elephant clan couldn't help but swallow hard and felt trembling.

"Mr. Ye, I will leave first. You can interrogate with peace of mind. No one will disturb you."

At this time, Princess Bauhinia smiled slightly, and then walked out of the prison.

"Bang!"

The big iron door of the huge prison was closed, and the entire prison space suddenly became a little dark.

Only one or two rays of light penetrated through the gaps in the iron stone top wall above the prison, adding an inexplicable sense of chill to the already cold prison.

"Pap, tap..."

Along with the heart-stopping footsteps, Ye Feng walked up to Xiang Wudao and a dozen other young geniuses from the giant elephant clan.

Xiang Wudao's eyes were filled with fear at this time, and he said: "Who are you? You are definitely not that Ye Feng!"

Ye Feng smiled slightly and said: "I'm not Ye Feng, who else could I be? If I weren't Ye Feng, how could I let the Imperial Guards of the Purple Demon Kingdom come to arrest you." .??.??

"What?"

The moment Ye Feng finished speaking, the faces of Xiang Wudao and other giant elephant clan geniuses suddenly changed.

Xiang Wudao even yelled in shock and anger: "You are the mastermind behind the scenes! You are too courageous! You are not afraid of my giant elephant clan..."

"boom!"

Ye Feng suddenly raised his foot, stepped on Xiang Wudao's head on the ground, and said: "Shut up!"

"ah!!"

Xiang Wudao was stepped on the ground by Ye Feng, and he immediately screamed in pain and shame.

"Fight with this kid!"

At this time, more than a dozen quasi-saint geniuses from the giant elephant clan roared and took action.

"A bunch of trash! Suppress them all!"

r\u003e Boom! !

Ye Feng waved his big hand, and a big star-like hand appeared in the void like a planet, directly blasting away more than a dozen geniuses of the giant elephant clan in an instant.

"ah!"

"ah!"

"ah!"

Along with a series of miserable howls, more than a dozen quasi-holy geniuses of the giant elephant clan hit the surrounding iron prison walls one after another. All the bones in their bodies were shattered, and blood spurted out from their mouths.

"What? How did you become so powerful now? Impossible! It's only been ten days!"

When Xiang Wudao saw this scene, his eyes suddenly became extremely frightened.

Ye Feng smiled indifferently and said: "If we had just arrived in the Demon Realm more than ten days ago, and a dozen of you giant elephant clan geniuses had joined forces, maybe I could only run away in a hurry, but now, in my eyes, you so-called geniuses of the great wilderness, They are just like a group of ants, extremely weak."

Ye Feng knelt down, stretched out his hand, and patted Xiang Wudao's face. His eyes were cold and he said with a smile, "Why don't you scream now?"

Xiang Wudao broke out in cold sweat. He finally knew that Ye Feng had become a terrifying existence that they could not fathom.

"Ye Feng, spare your life! In fact, we don't have any life-and-death hatred, so why not cooperate? I brought a big secret from the giant elephant clan. If you let me go, I will tell you."

Suddenly Xiang Wudao spoke up and immediately gave in. It was obvious that he was extremely frightened.

Ye Feng's eyes showed a sneer and said: "What big secret can you have? Are you still cooperating? Do you think I will listen to your deception?"

"I didn't lie to you! I really didn't lie to you!"

Xiang Wudao immediately said: "This big secret is related to breaking the curse shackles on our cultivation limit on Longyuan Continent!"

Ye Feng's eyes suddenly moved. He stretched out his hand and pinched Xiang Wudao's neck. His eyes were dark and he said, "Speak quickly!"

Chapter 773 Method

Xiang Wudao was frightened by Ye Feng's appearance at this time.

There was deep fear in his eyes.

At this time, he stared at Ye Feng's eyes, especially the black light blooming in Ye Feng's eyes, which made Xiang Wudao feel that the Ye Feng in front of him was no longer a person, but had become an ancient demon who wanted to choose Eat people.

"Buzz!"

At this moment, Xiang Wudao felt a little dizzy. He suddenly fell into a state of confusion and sluggishness. It seemed that he didn't know anything. However, Xiang Wudao was still struggling, trying to get out of this state. The depressed state of the soul.

The black light in Ye Feng's eyes at this time naturally activated the Divine Eye of Creation, releasing powerful soul power, and wanted to directly hypnotize Wu Dao.

Because only by hypnotizing Xiang Wudao can Xiang Wudao tell the deepest secrets in his heart. Otherwise, it is impossible to judge whether what Xiang Wudao said is true or false.

Simply, hypnotize directly! ??

Now, after Ye Feng plundered Prince Chiyan's divine fire, he integrated it into his own soul and directly opened the second mark of the Soul Emperor's Seal, the Fire Emperor's Seal.

Ye Feng's soul power level and attack have been greatly improved.

If it were a demon saint, Ye Feng might not be able to directly hypnotize him yet.

But for a quasi-sage like Wu Dao, even if he is a genius-level figure, hypnosis is very simple, and he can succeed in almost a short moment.

"Great Thunder Emperor Seal!"

Ye Feng shouted loudly at this moment.

boom!

A thunder giant with thunderous light surging all over his body instantly appeared in Xiang Wudao's spiritual world.

Xiang Wudao felt great fear at this moment.

"Rumble..."

Infinite thunder, full of terrifying destructive power, was bombarding Xiang Wudao's soul at this time, making Xiang Wudao's spiritual soul suddenly weak to the extreme.

"Fire Emperor Seal!"

And at the next moment, Ye Feng once again used the second mark of the Soul Emperor Seal, the Fire Emperor Seal.

The powerful soul power rushed into Xiang Wudao's spiritual world, and immediately a huge flame giant condensed in his boundless spiritual world of nothingness.

This flaming giant wore a red emperor's armor, and held a flaming scepter in his hand. The scepter pointed downwards, and the spiritual world of Wu Dao burned with fierce fire.

"ah!!"

Xiang Wudao let out a shrill howl, and his whole body was twisted and twitching violently. It was obvious that he was in extreme pain.

The dozen or so geniuses of the giant elephant clan beside him, both men and women, all had extremely frightened expressions in their eyes.

The violent turbulence of the soul made Xiang Wudao's consciousness suddenly become extremely weak.

"Hypnosis!"

At this moment, Ye Feng successfully hypnotized Xiang Wudao.

At this moment, Xiang Wudao's painful look disappeared, and his face became extremely gentle. He stood up, clasped his hands in front of Ye Feng, bowed devoutly, and said: "Thank you, fellow Taoist Ye Feng, for helping me get rid of the disease." The hatred and desire in my heart freed my soul."

Ye Feng had no expression on his face and just said: "How to break the shackles of the upper limit of cultivation in Longyuan Continent? Tell me everything you know."

Xiang Wudao nodded and said: "According to hundreds of years of research by an ancestor of our giant elephant clan, he discovered that since the dark turmoil in our Longyuan Continent, all the creatures born have been treated by a kind of... The extremely weird and stubborn formation talisman power is integrated into the innately grown flesh and blood, almost entering the origin of life, so it forms an innate shackles and cannot be sanctified. "

Ye Feng's eyes moved and he said: "The creatures in Longyuan Continent are so vast. How is it possible that every creature has been under the power of the formation talisman?"

Xiang Wudao smiled slightly and said: "You don't know something. According to the research of our ancestors, after the dark turmoil in our entire Longyuan Continent, several supreme demon emperors from the terrifying extraterrestrial demon clan were cultivated. , jointly arranged a taboo

magic array that enveloped the entire Longyuan Continent. This taboo magic array covered all the territory of the Longyuan Continent and isolated the Longyuan Continent from the world. As long as the creatures that appeared on the Longyuan Continent, then it must have been affected by the taboo magic array that covers the entire Longyuan Continent from the moment of birth. The power of the taboo magic array will be subtly integrated into the life source of every living thing, forming an innate shackles. "

Ye Feng was shocked when he heard Xiang Wudao tell this big secret.

Sure enough, as he had guessed, the so-called curse on the upper limit of cultivation in Longyuan Continent, the extraterrestrial demons were the real masterminds behind it.

"I didn't expect that the demon emperors from the extraterrestrial demon clan could come up with such an unprecedented and vicious method. They deployed a super magic array that covered the entire Longyuan Continent and destroyed all the creatures on the Longyuan Continent from birth. At that moment, the vicious talismanic power of the magic array was imprinted on the life source of the creature, forming an innate shackle that limited the cultivation level!"

Ye Feng sighed slightly in his heart at this time. He originally thought it was Long Yuan.

The mainland's local problems are not like this at all. Everything is the monstrous conspiracy of a few masterminds from the extraterrestrial demon clan.

"No wonder I can't break through the innate shackles and break the upper limit of a saint's cultivation even in the demon world."

Ye Feng was thinking secretly in his heart at this time.

He looked at Xiang Wudao in front of him and said, "Do you know how to break this innate shackles?"

Xiang Wudao nodded and said: "This kind of innate shackles was arranged by the demon emperors of the demon clan outside the territory. The formations and talismans are extremely stubborn and contain the power of the demon emperors. Therefore, only the emperors of the same level can use them." can be broken."

Ye Feng's eyes moved and he said: "If the ancient emperor takes action, can the innate shackles in my body be removed?"

Xiang Wudao shook his head and said: "It's not that simple. When we are born, this kind of magic spell power is imprinted into our flesh, blood, bones and the origin of life. How can it be removed so easily? But An ancestor of my giant elephant clan has developed a method that may break and shatter all these innate shackles and become a saint. This time I came to the land of the demon world and prepared to use this method. "

Ye Feng's eyes were full of excitement and he said: "What method can completely break the innate shackles in the body?"

Xiang Wudao's voice deepened slightly, and then he said slowly: "Use the blood of the Great Emperor from a complete Great Emperor's heart to wash yourself from beginning to end. You will definitely be able to get rid of the innate shackles in your body. In Longyuan Achieving the status of a saint on the mainland will be a smooth journey from now on, and there will no longer be any so-called upper limit of cultivation level!" ??

"A complete heart of the Great Emperor?"

Ye Feng suddenly looked shocked and said: "How could the ancient emperor exist? How could we get a heart of the emperor?"

Xiang Wudao said: "I have a map in my hand, which points to a city in the demon world not far from the Ziji Demon Kingdom. That city is called the 'City of Chaos'. In the city of chaos, there is a complete emperor's heart." Heart, but I don't know where it is specifically. This news was accidentally heard by several ancestors of our giant elephant family when they entered the demon world hundreds of years ago. A complete heart of the emperor is only enough for one person. Therefore, even the dozen geniuses of my clan who are traveling with me don't know this news. As the young master of the giant elephant clan, I naturally want to keep it all to myself."

Xiang Wudao spoke at this time without any concealment. It was obvious that after being hypnotized, he did not have any precautions and directly revealed any secrets hidden in his heart.

So after Xiang Wudao finished speaking, the dozen or so geniuses of the giant elephant clan beside him all looked shocked. \u003c

br\u003e

"No! Why do I feel so dizzy!"

Suddenly at this moment, Xiang Wudao's originally gentle face suddenly turned extremely ferocious. He actually let out a low roar, with a strong demonic light flashing in his pupils.

Ye Feng's eyes moved and he couldn't help but said: "Oh? I didn't expect that your will and spirit are so tenacious. You can still resist subconsciously after being hypnotized by me. But since I already know all the information I want, you don't have any use. It's worth it."

"boom!"

Ye Feng pointed his finger, and a powerful sword energy burst out, with a "puff" sound, splitting Xiang Wudao in half, killing him instantly.

Today, Xiang Wudao has long become an insignificant person in Ye Feng's eyes.

"Buzz!"

Ye Feng stretched out his hand and grabbed it, sucking Xiang Wudao's storage ring into his hand. After searching with his soul power, he immediately found a map with a red circle marking the area of the Chaos City.

At this time, Ye Feng looked at the remaining group of more than a dozen young geniuses from the giant elephant clan, his eyes filled with murderous intent, "You all already know so many secrets, so I can only kill you, the secret of the Emperor's heart is , can't let anyone spread it."

"Spare my life!"

At this time, a woman from the giant elephant clan, with a graceful figure and fair skin, immediately climbed to Ye Feng's feet. She stared at Ye Feng with a pair of beautiful eyes and prayed: "Ye Feng, don't kill me. There is still a bright future, if you spare my life, I will do whatever you want to me!"

"Pfft!"

But at the next moment, Ye Feng pointed a finger and pierced the head of this beautiful woman.

Click, click...

Blood flowed out, dyeing her beautiful face red.

"ah!"

"Run away!"

At this moment, the remaining dozen or so young prodigies screamed and fled around.

"The flood of time!"

A monstrous torrent suddenly rushed out of Ye Feng's body, covering all the more than a dozen quasi-sage geniuses of the giant elephant clan.

Almost in an instant, a dozen geniuses were washed away by the torrent of the times and turned into a dozen bones. Without even a scream, they fell from the air to the ground, and their bones were scattered all over the ground.

"Heart of the Great Emperor, City of Chaos..."

Ye Feng was holding the map at this time, and walked towards the outside of the prison with a hint of heat in his eyes.

Chapter 774 Lost

"Are you leaving so soon?"

At night, Princess Bauhinia heard about Ye Feng's decision to leave, and deep reluctance flashed in her beautiful eyes.

Perhaps the time spent with Ye Feng was the happiest time since Princess Bauhinia was born.

At this time, Ye Feng was carrying his luggage, looking at Princess Bauhinia in front of him, slightly wiping the tears from the corners of her eyes, and said: "If there is a chance, I will come back to see you, and then we will cut stones together."

Princess Bauhinia stretched out a small white hand, suddenly grabbed Ye Feng's palm, held it tightly, her beautiful eyes were full of seriousness, and said: "Okay, I'll wait for you!"

Ye Feng nodded slightly, then took out his palm and walked towards the outside of the palace.

"Master Ye!"

Suddenly at this moment, Princess Bauhinia suddenly hugged Ye Feng who turned around.

Ye Feng suddenly felt a warmth on his back, and he couldn't help but have a slightly strange look on his face.

"You must come back to me, you promised me."

Princess Bauhinia whispered this sentence.

Then she let go of her arms, quickly turned around and jumped towards the depths of the heavily guarded palace, as if she felt that if she didn't leave in advance, she would never be able to leave.

Ye Feng looked at the beautiful girl who jumped back quickly and disappeared into the prosperous palace building in the dark night. He was silent for a moment, then with a trace of determination in his eyes, he took steps towards the outside of the palace. direction.

Under the boundless dark sky, the three bloody waning moons were hidden in the dark clouds, and the whole world was pitch black.

"call....."

The cold wind howled, making people feel as if their whole bodies were being frozen. It was bitingly cold.

Ye Feng walked out of the glorious and prosperous Ziji Demon Kingdom alone and came to the wild land.

According to the map in the Xiangwudao Storage Spirit Ring, the City of Chaos is located in the Savage Land.

End area.

The City of Chaos is said to be the most special giant city in the southern realm of the demon world. It was built by more than a dozen saint kings and super strong men at the level of great saints. It has committed many heinous crimes for the entire demon world. But the criminals who don't know where to hide are the best place to stay.

Therefore, the name of the City of Chaos is also due to this reason. Ninety percent of the monster monks in it have committed crimes or provoked some very terrible enemies, so they entered the City of Chaos to take refuge.

Although there is no great emperor guarding the city of chaos, because there are more than a dozen saint kings and the tyrannical presence of the great sage, and the entire city of chaos is shrouded by the formation of a demon god, even the ancient emperor can basically I will not attack the City of Chaos.

The dozen city lords who controlled the city of chaos all had their own backgrounds, and the ancient emperor did not dare to provoke them.

Ye Feng went to the City of Chaos this time to find the Emperor's heart, which might be in the giant treasure house of the City of Chaos.

According to some ancient text marks next to the map of Xiang Wudao, some ancestors of the giant elephant clan once entered the demon world and lived in the city of chaos, and overheard the secret of the emperor's heart.

This secret is also the reason why Xiang Wudao is so confident this time.

Because if Xiang Wudao steals the heart of the emperor, then after he returns to Longyuan Continent, he will instantly become the strongest among the hundreds of tribes in the wilderness. In this way, a new overlord force will rise in the wilderness.

Unfortunately, Xiang Wudao had offended the elves before, thus offending Ye Feng, and died tragically in the prison of the Ziji Demon Kingdom.

Ye Feng was walking on the road at this time, secretly making plans.

Stealing the Emperor's heart in a place like the City of Chaos,

It is definitely an extremely dangerous thing.

If it were anyone else, they might not risk being hunted down by a dozen saint kings or great saints to steal the emperor's heart.

But if Ye Feng wants to break the upper limit of his own cultivation and get rid of the innate shackles in his body, he must take this risk.

"But there are still about ten days left for the space mark in my body to be activated. After a month, no matter where I am in the demon world, I will be teleported out instantly and directly return to Longyuan Continent. In the wilderness, in this way, as long as I can grasp the time when I am teleported out, even if I alarm the saint kings and great saints in the city of chaos when I steal the emperor's heart, I can easily escape. The level of the Sage King and the Great Sage is far from being able to break through the interface barrier and capture me."

Ye Feng thought secretly in his heart and quickened his pace. He was going to rush to the city of chaos first and plan something secretly.

And before that, Ye Feng wants to confirm whether there is really a complete heart of the emperor in the city of chaos. After all, this news was passed down by the ancestors of the giant elephant family, and hundreds of years have passed since then.

...

After one day and one night.

Ye Feng was alone in a deep swamp and had just killed a wild beast that wanted to swallow him.

It was a big, vicious spider covered in blue scales, with very long fangs, and it looked very scary.

But at this time, the vicious spider was split in half, died tragically next to Ye Feng, and was drained of all its demonic energy.

At this time, Ye Feng frowned, looked at the map in his hand, and murmured, "Looks like I'm lost. The direction pointed by this map doesn't quite match the actual route I took. Damn it."

The map in his hand was left by the ancestors of the Mammoth clan. It was drawn by hand and was actually

The geographical gap is really quite big.

Ye Feng knew at this time that he must have lost his way and could not find the correct route.

But at this time, at the end of a wilderness in the distance, a little bit of sporadic light from torches appeared in the dark night.

Ye Feng used the Divine Eye of Creation to zoom in on the distant field of vision. His gaze penetrated the night and saw a caravan spreading hundreds of meters at the end of the wilderness.

All the demon clans in the caravan have low cultivation levels. They have just stepped into the realm of magical powers and have just transformed.

"It's a caravan in the mortal realm of the demon world."

Ye Feng's eyes moved and he immediately jumped up and ran towards the caravan.

Although there are countless powerful people in the demon world, the immortal empire stands tall.

But there are also many places where weak demon clans survive, trapped in the cracks of countless powerful creatures.

Soon, Ye Feng approached the huge caravan. He looked at the tall middle-aged man sitting on a black jade horse at the front of the caravan, clasped his fists and said, "I dare to ask this old man, what is the purpose of this trip?"

The middle-aged man saw Ye Feng's handsome appearance. Although he was young, he had an extraordinary aura. He should not be an ordinary person. He immediately smiled and said: "Little brother, our trip is to the City of Chaos, in order to give those people in the City of Chaos The adults send food reserves."

Hearing this, Ye Feng's eyes suddenly lit up and he quickly said: "I am also planning to go to the City of Chaos. Unfortunately, the map in my hand is too old and I got lost in this wild area. I wonder if I can take me with you?"

Although the middle-aged man is a mortal monster with no cultivation in the supernatural realm, he is not afraid that Ye Feng is a bandit. He smiled very boldly and said: "This is a trivial matter. If you want to go with us, little brother, just find someone." Let's get on a truck. In fact, it's not far from the City of Chaos. We can arrive there in the early morning of the day after tomorrow at most."

Chapter 775 Formation Eye

The captain of this mortal caravan, the middle-aged man who generously let Ye Feng join, is called Zhao Wuji.

He is the president of the Chamber of Commerce of a mortal affiliated kingdom in the City of Chaos. He specializes in transporting food, wine, singers, etc. to the powerful monks in the City of Chaos.

Ye Feng saw the back of the caravan. Many carriages were filled with enchanting ladies, all exuding seductive charm.

"These are the singers sent to the City of Chaos for the adults to enjoy."

At this time, Zhao Wuji smiled slightly when he saw Ye Feng's eyes falling on the carriages behind him.

Ye Feng was a little surprised and said: "Brother Zhao still sells witches?"

Zhao Wuji immediately shook his head and said: "No, these bewitching girls voluntarily followed our caravan to the City of Chaos. They are able to settle in the City of Chaos. Although they are all extremely vicious people, they all have incredible strength and cultivation. Incomparably powerful, these beauties are of humble status and weak strength. If they can join some advanced adults in the city of chaos, they may be able to become noble all of a sudden, so they are all voluntary. "

Ye Feng nodded slightly, feeling a little enlightened.

At this time, Zhao Wuji suddenly whispered in Ye Feng's ear: "Brother Ye, I think you have extraordinary aura. Although you don't say it, I know that you must be a peerless genius from a big family or a big force. These beauties All of them are naturally beautiful and beautiful. We have nearly two days until we reach the city of chaos. The journey is long and lonely. If Brother Ye is interested...hehe."

Ye Feng glanced at Zhao Wuji in surprise, a little confused about whether to laugh or cry, and quickly shook his head and said: "It's not necessary anymore. I focus on cultivation now, and I'd better wait until my cultivation is complete in the future to enjoy myself. I really have no time to think about it now."

When Zhao Wuji heard what Ye Feng said, he nodded and said, "That's right. Young people should still focus on cultivation and fight for their own power before considering stability.

Hedonic, Brother Ye's state of mind, I admire him very much. "

The caravan did not move very fast, but because Zhao Wuji was an old captain, he was very familiar with the road to the City of Chaos.

Zhao Wuji originally expected to arrive at the City of Chaos in the early morning of the day after tomorrow, but in the evening of the next day, a continuous caravan arrived in front of the City of Chaos.

At this time, Ye Feng looked forward and immediately saw a huge golden city appearing in his field of vision.

This huge city, the city of chaos, is actually made of a very noble golden divine iron. The surface of the golden iron is engraved with extremely complicated patterns, which are emitting a hazy light and exuding destructiveness. fluctuations.

Now, the entire city of chaos is surrounded by a terrifying formation that even the ancient emperor cannot attack.

At this time, Zhao Wuji whispered: "Brother Ye, this City of Chaos is extremely powerful. It is said that this ancient formation in the City of Chaos was arranged by more than a dozen city lords who invited a supreme demon god. It is said that That demon god killed an extremely ferocious beast emperor hidden in the wilderness, and dug out the heart of the beast emperor as the energy supply source for the demon god formation that protects the city of chaos."

When Ye Feng heard what Zhao Wuji said, his heart suddenly moved.

The Emperor's Heart is actually used to supply the energy source for the Demon God Formation in the entire City of Chaos?

Although Zhao Wuji said this was just a legend, Ye Feng knew that this legend might be true.

Because the formation arranged by the demon god can help the dozen or so city lords at the level of the great saint to fight against the ancient

Unicron's attack.

This shows that the power of the Demon God Formation is very terrifying, and can even be called heaven-defying.

But if you want to maintain the operation of this heaven-defying formation, you will definitely need the support of a huge energy source.

The Great Emperor is almost the ultimate state of cultivation for ordinary living beings.

The Great Emperor can live for tens of thousands of years, and his vitality is unimaginable.

The heart is the most powerful organ in the body of any living being.

And the heart of a great emperor naturally has extremely terrifying activity and vitality, and can definitely beat for thousands of years without failing.

This is the energy of the ancient emperor, as vast as the ocean, endless!

At this time, Ye Feng secretly thought, "If the Emperor's heart is really the energy source that maintains the demon god's formation, then after I enter the City of Chaos, I will no longer need to risk looking for the Emperor in the treasure house of the City of Chaos. My heart is no different from finding a needle in a haystack. I just need to use the Divine Eye of Creation, use the Feng Shui Mysterious Technique of the Soul Master, and observe the Demon God Formation in the entire Chaotic City to find where the eye of the formation is, because the heart of the Emperor must be in the formation. Only in the eyes can the entire demon god formation be supplied with a steady stream of sufficient energy."

After thinking about this, Ye Feng said goodbye to the caravan captain Zhao Wuji directly after the caravan entered the city of chaos.

Ye Feng walked straight towards the central area of the City of Chaos.

There is a place where many powerful people from the City of Chaos gather. Perhaps we can find out some information about the Emperor's heart and the distribution of various forces in the city.

This information is of great use to Ye Feng in stealing the Emperor's heart.

However, there are still eight days until the space mark in his body is automatically activated, so Ye Feng is not in a hurry now.

Ye Feng knew very well that he

There is definitely no way to escape the overwhelming pursuit of more than a dozen saint kings or great saints.

Ye Feng's only hope now is to activate the space mark in his body and teleport out of the demon world instantly.

At that time, even a powerful person at the level of a great saint had no way.

So at this moment, Ye Feng came to the central area of the City of Chaos, spent some spirit stones, and stayed in one of the inns.

Ye Feng chose this inn because he had just used his soul master's skills to observe that there were a lot of luck phenomena gathered in the sky above this inn.

That kind of destiny vision cannot be seen by ordinary practitioners, even the super strong ones at the level of great saints may not be able to see it.

Only soul masters can observe it through soul magic.

Ye Feng could see that the vision of destiny gathered in the sky above the inn, and actually condensed into an ancient giant figure, exuding a terrifying pressure that made people palpitate.

However, this kind of terrifying coercion was felt in the soul. Only Ye Feng could feel it. The demon cultivators who passed by him didn't feel it at all.

"It's the Qi machine of the Emperor's heart."

Ye Feng was sure that the demon god formation in the entire chaotic city might be hidden in the sky above the inn or in the void around it.

This also means that the heart of the Great Emperor exists in the void near the inn.

It's just that I haven't been able to find the specific location yet because my soul power level is not high enough.

With this thought, Ye Feng walked into the inn, walked directly to the counter, and asked a middle-aged man with a tiger head and a body, and said: "Shopkeeper, may I ask if there is any place in the city of chaos that sells various soul-nourishing products?" Heavenly material and earthly treasure?"

Chapter 776 Soul power surges

In the next few days, Ye Feng stayed in this inn alone.

According to the innkeeper, there is a Chaos Market in the southwest of the City of Chaos, where it is possible to buy heavenly materials and earthly treasures that nourish the soul.

The City of Chaos was originally a gathering place for countless evil people, but now it has slowly become a place where many powerful forces secretly trade various taboo things. After all, this is a no-nonsense zone.

Therefore, over time, Chaos Fang Market in Chaos City has become more and more prosperous. Many taboo things that cannot be circulated openly in the demon world can be purchased here.

For example, stunningly beautiful enchantresses from various tribes, treasures buried in the tombs of ancestors of a certain big tribe, or even intimate clothes worn by some peerless and noble saints... you can buy them all here, thus satisfying some strong desires. The curiosity-seeking psychology of the reader.

Of course, Ye Feng is not very interested in these weird things. What he needs now is the treasures of heaven and earth that can enhance his soul power.

Ye Feng's current soul power level is still unable to support him to activate the stronger secret of the Divine Eye of Creation, and to see the formation of the Demon God's formation that penetrates the entire city of chaos, and to see the specific location hidden in the void around the inn.

Therefore, in the remaining days, Ye Feng must improve his soul power to find the location of the emperor's heart.

At this time, Ye Feng couldn't help but think that if Xiang Wudao came, it would be impossible to find where the emperor's heart was with Xiang Wudao's cultivation and methods.

After all, this matter made Ye Feng feel very troublesome. If he hadn't practiced as a soul master, he might be like a headless fly running around in the chaotic city.

At this time, Ye Feng was thinking in his mind and had already reached the entrance of Chaosfang City.

Ye Feng looked inside and immediately saw a huge and orderly trading market. Shops, stalls, etc. were all arranged in rows and rows in the market.

This is a bit different from the chaotic market that Ye Feng imagined, but trading is a very sacred thing. The development of the chaotic market in the city of chaos to its current prosperity must comply with the rules of fair trade.

This made Ye Feng feel slightly relieved. Before, he was still worried that if he bought a treasure of heaven and earth, he would be killed by other powerful people, and that would be a big loss.

But now it seems that the chaotic city is not as dangerous and chaotic as the world imagined. It is in order. Even the most vicious people must abide by the rules as long as they are still within the city.

Ye Feng used his soul power to cover the entire Chaosfang City, sensing treasures or elixirs that could cause soul fluctuations.

Ye Feng didn't know how much his soul power needed to be improved before he could break through the city defense formation and find the location of the Emperor's heart in the formation's eyes.

But now Ye Feng has no other better way, he can only increase his soul power level as much as possible first.

Moreover, the increase in soul power level will also have huge benefits for one's overall strength.

Ye Feng walked in the huge trading market, quickly looking for the natural materials and treasures he needed.

As long as elixirs, elixirs, treasures, etc. can cause fluctuations in one's soul, they will definitely have an effect on improving soul power.

Therefore, Ye Feng almost came across something that could enhance his soul power and bought them all.

They included a blood-colored elixir, a purple ginseng plant, and a small shrine, which seemed to contain a kind of pure soul power left behind.

Seven days later, Ye Feng's soul power had risen from the previous level of 106. During this period, Ye Feng frantically purchased spiritual materials and magical elixirs, and with nourishment, it skyrocketed to level 137!

At this moment, Ye Feng once again activated the Divine Eye of Creation, and the powerful soul power burned crazily. Ye Feng finally saw through the entire demon god formation.

In Ye Feng's eyes at this time, the entire huge city of chaos was wrapped in a large formation emitting thousands of feet of divine light.

This large formation is composed of countless space and mystical runes, which are melted into a protective formation. The structure of the formation is extremely complex and breathtaking.

At this moment, Ye Feng suddenly saw that at the eye of the entire demon god formation, there was a heart as huge as a mountain. It did not look like an organ, but instead looked like an exquisite and huge blood-red gem. It is sinking and floating in the depths of the void, beating constantly.

What surprised Ye Feng was that the dozen Saint Kings and Great Sage-level city lords in the City of Chaos must have been too confident in the Demon God Formation, so there was no strong person guarding the Emperor's heart floating in the center of the formation.

Now that Ye Feng has found the location of the Emperor's heart, as long as he rushes into the void, he can use the Emperor's Tower, the imperial weapon, to put the Emperor's heart into it in an instant.

As for why the storage ring is not used, Ye Feng feels that the vitality of the emperor's heart is too terrifying. Even though he has been dead for hundreds of years, it still beats very powerfully, as if it has eternal life, exuding extremely powerful energy. The fluctuation of life.

Ye Feng calculated the time at this time and found that there were still nearly a day and a night before the space mark in his body would be activated.

"Action tonight!"

Ye Feng made the final decision.

He has been lurking in this chaotic city for seven days and seven nights.

This last night is a good time to take action.

At this moment, Ye Feng walked back to the inn and lurked silently.

As for the entire city of chaos, it is still in a very peaceful state.

Obviously no one would have thought that tonight there would be someone with such monstrous courage that they would dare to steal the Heart of the Emperor, the core treasure of the chaotic city.

...

night.

The moon is dark and the wind is high.

"Uh-huh!"

A figure in black jumped out of a window of the inn and instantly disappeared into the void.

This figure in black is Ye Feng!

At this time, Ye Feng lurked directly into the void, turned the Divine Eye of Creation, saw through the general trend of the feng shui of heaven and earth, and found the formation eye of the Demonic God Formation.

At this time, Ye Feng was cautious, very cautious, and quickly shuttled through a bright and complex formation in the void, flying towards the center of the formation.

Finally approaching the center of the formation, Ye Feng suddenly stood in front of a spherical blood-red heart the size of a small mountain. He felt that the Emperor's heart had terrifying energy as vast as the vast ocean.

Almost at this moment, Ye Feng was sure that if he used this emperor's heart to cleanse his entire body, he would definitely be able to break all the innate shackles integrated into his flesh and blood! In the next few days, Ye Feng stayed in this inn alone.

Chapter 777 Take action

Ye Feng stood quietly in front of the emperor's heart, feeling the terrifying energy beating for eternity.

"Unfortunately, it is impossible to accurately determine the specific time when the space mark in my body was activated and I was transported out of the demon world."

Ye Feng couldn't tell the specific time, but at this moment he was ready to take action.

Otherwise, when he is suddenly teleported out of the demon world at a certain moment, and the emperor's heart has not yet been obtained, it will be all in vain.

At this moment, Ye Feng took a deep breath and directly released the Great Emperor Tower.

Originally, Ye Feng couldn't even get close to the Emperor's heart because the majesty in the Emperor's heart was too majestic.

But now, with the protection of the Great Emperor Tower, Ye Feng suddenly felt that the pressure all over his body was relieved.

He suddenly walked up to the emperor's heart and took action without any reservation.

"boom!!!"

The terrifying energy burst out instantly. Ye Feng activated the Great Emperor Tower, which suddenly became extremely towering in the void, like a great mountain, covering the entire Emperor's heart.

"Star Battle Body!"

Ye Feng did not hesitate at this moment and directly activated his powerful combat body.

Buzz!

He stretched out a hand, and that hand suddenly expanded into a star-shaped hand in the void. It had infinite hardness and strength, and it suddenly pinched the huge emperor's heart.

Then.

"Boom!"

The emperor's heart was forcefully pulled out of the formation's hole by Ye Feng.

"Wow!"

And almost at the moment when the emperor's heart was pulled out of the formation eye, the entire demon god formation immediately let out an extremely terrifying scream.

It was as if a person's heart had been ripped out, making a miserable cry.

The entire city of chaos was suddenly alarmed, the ground began to crack, and countless houses began to collapse.

"Suppression!"

Ye Feng didn't expect that such a terrifying vision would occur after the emperor's heart was pulled out by him.

Without any hesitation, he instantly used the Great Emperor Tower to envelop the entire Emperor's heart into the inner space of the Great Emperor Tower.

"boom!"

Then Ye Feng let the energy of the Great Emperor Tower envelope him and quickly flew towards the wild area outside the City of Chaos.

"who is it

Dare to steal the heart of the emperor of my chaotic city? It's so presumptuous! "

Suddenly at this moment, an extremely majestic and terrifying sound sounded.

Buzz!

A terrifying divine thought as vast as the ocean suddenly erupted from the depths of the chaotic city, like a volcano erupting, and immediately covered Ye Feng in the direction of his escape.

"Uh-huh!"

Almost at this moment, Ye Feng was immediately scanned by that terrifying divine thought.

boom!

An incomparable majesty of the Saint King suddenly descended on Ye Feng's soul, forming an old man in green with his hands behind his back.

The old man in green had angry eyes and said, "Who are you? Come back to the City of Chaos and confess your guilt. Maybe I can spare your life!"

"roll!"

Ye Feng yelled: "The Soul Emperor's Seal! The Thunder Emperor's Seal! The Fire Emperor's Seal!"

boom!

boom!

At this moment, in Ye Feng's soul world, a thunder giant with surging thunder light and a flame giant with endless flames appeared one after another, and the old man in Tsing Yi who appeared in Ye Feng's soul world suddenly appeared. His mental body was torn in half in an instant.

The Saint King's spiritual will can travel through space in an instant and enter Ye Feng's soul world.

If Ye Feng was just an ordinary quasi-sage, his soul would have been destroyed directly.

But now, Ye Feng's soul power has skyrocketed, and the power of the soul emperor's seal has also become many times stronger. He has directly obliterated the mind body of a saint king.

"presumptuous!!"

Accompanied by an extremely frightening and angry sound, a big black hand stretched out from the city of chaos, covering all the countless stars in the dark night. This shows how huge and terrifying this big black hand is. .

"boom!"

The big black hand suddenly struck down, like a mountain from the sky hitting the earth, hitting Ye Feng instantly.

"when!"

The Great Emperor's Tower blocked the attack from this big black hand, but the one who attacked was an extremely powerful Saint King after all.

Place

With that terrifying power of the Saint King, even after being weakened by the protection of the Great Emperor Tower, a trace of energy was transmitted to Ye Feng's body, which made Ye Feng's

whole body "click", and it was obvious that he didn't know that his bones were broken for a moment. How many roots.

"boom!"

But Ye Feng once practiced a very special magical power called the Sea of Blood Demon. It was a special magical power he had after refining the source of the Blood Demon.

As long as external power cannot destroy Ye Feng into nothingness and ashes in an instant, Ye Feng will not die. Even if there is only a drop of blood left, Ye Feng can be reborn, but his vitality will be severely damaged.

At this time, protected by the Great Emperor Tower, the Sage King's attack caused Ye Feng to endure the pain of broken bones all over his body, but it could not kill him.

"ah!"

Ye Feng screamed, but his blood energy exploded at this moment, and the special magical power of running the sea of blood demons, coupled with the sufficient life energy of the immortal tree in his body, he recovered from his injuries in less than a few moments. , all the bones in the body are once again as strong as ever.

"boom!"

Ye Feng's eyes were very firm, and he didn't look back at all. With the emperor's heart in mind, he ran straight towards the wild area outside the city of chaos.

"Why hasn't the time come yet?"

At this time, Ye Feng was still very anxious.

He knew that if he kept running away, he would run out of strength and die within ten minutes at most.

"Buzz!"

"Buzz!"

"Buzz!"

And at this moment, more than a dozen earth-shaking terrifying thoughts burst out from the city of chaos, locking onto Ye Feng's traces and life fluctuations.

"All the Saint Kings and Great Saints in the City of Chaos have awakened! Take action!"

Ye Feng's eyes suddenly darkened.

Among these dozens of spiritual thoughts, Ye Feng also sensed two or three extremely terrifying super powerful spiritual thoughts. They were definitely the super powerful ones at the level of the Great Sage among the dozen or so city lords.

At this moment, Ye Feng no longer held any luck in his heart and ran away quickly towards the front.

"As long as I can escape into the wilderness area, I can use the various ancient and terrifying beasts that survive in the wilderness to attract the attention of the dozen saint kings and great saints and make them kill each other."

Ye Feng secretly made a calculation in his heart and directly

Rushed into the boundless wild area.

"You can't escape! Little thief, do you think that if you enter a wilderness area, you can use the terrifying monsters in the wilderness to interfere with our sight and escape? Impossible!"

At this time, a terrifying and majestic voice sounded.

"Boom!"

Suddenly at this moment, the ground in front of Ye Feng suddenly collapsed quickly, and then the entire infinite ground turned up from all sides of Ye Feng.

It was as if the ground had become a great mountain, rolling up and forming unreachable walls around Ye Feng, imprisoning Ye Feng within them.

"The torrent of the times! Broken!"

Ye Feng roared loudly, and shot out a large river of divine light with his hands, which contained the majesty of the times and the weight of the country, and suddenly bombarded the surrounding city walls on the ground.

"Crack!"

But after the long river of divine light hit the high city wall, it shattered directly. Compared with a group of saint kings and great saints, Ye Feng's attack was too weak to break through the obstruction.

"A little ant cannot escape."

More than a dozen figures, all glowing with divine light, like a dozen high-altitude gods, looked down at Ye Feng, who was bound by the city wall, with mocking eyes, seeming to laugh at Ye Feng's incompetence. Be self-aware.

"Buzz!"

But suddenly at this moment, a very strong spatial fluctuation suddenly came from Ye Feng's body.

"Space mark!"

Suddenly, a great sage from the city of chaos exclaimed and wanted to reach out and grab Ye Feng.

But at the next moment, Ye Feng made a "swish" sound, and the whole person disappeared directly on the spot, as if he disappeared out of thin air, and every trace of life fluctuations disappeared.

"Seal all surrounding space!"

A saint king yelled with frightened and angry eyes.

"No need to waste your efforts."

A great sage in black spoke up with a gloomy look in his eyes: "That's a space mark that broke the interface barrier. Even the ancient emperor couldn't intercept it. We were negligent this time and actually lost the emperor's heart. , That thief is definitely not a creature from our demon world!"

...

Chapter 778 Unstoppable

Longyuan Continent, deep in the wilderness.

At this time, all the powerful men from the Hundred Clans of the Great Wilderness stared at the space passage on the Ancient Demon Sealing List with a hint of expectation in their eyes.

"Buzz!"

At this time, a huge black channel suddenly appeared in the sky.

This black channel is a space channel, exuding the spatial fluctuations of the interface barrier that make people very heart-stopping.

"One month is finally here!"

All the strong men among the hundreds of tribes in the wilderness looked overjoyed.

However, they also know that entering the demon world this time is very dangerous, and it is impossible for everyone to return safely.

But those who can return, after staying in the demon world for so long and surviving for a whole month, will definitely have a huge improvement in their strength, means, and even their cultivation talents.

Using the Ancient Demon Sealing List to open the passage to the demon world cost a hundred years of wealth accumulated by hundreds of tribes in the wilderness, and the price was heavy.

So this time, all the major races are looking forward to the returning geniuses, hoping that more geniuses can survive.

Buzz!

Buzz!

Buzz!

At this time, accompanied by waves of space fluctuations, a total of three to four hundred figures were teleported out of the space channel at the same time.

There is only one possibility for those who have not been sent out, that is, they have fallen and died in the demon world.

When I went there, there were thousands of young geniuses, and they were all the top geniuses among the hundreds of tribes in the wilderness.

But now that they have returned, there are only three or four hundred left, and the mortality rate is indeed very scary.

"Where is the young master!"

But at this moment, the expression of the Divine Elephant Guard, the most powerful person in the Six Tribulations Quasi-Saint, suddenly changed.

Because the hundreds of young geniuses he teleported back at the same time did not see the young master of their giant elephant clan, Xiang Wudao.

This also means that Xiang Wudao died in the demon world, and more than a dozen of the other top geniuses of the giant elephant clan have not appeared or returned.

In other words, they are all dead!

"impossible!"

The Divine Elephant Guard became furious all of a sudden, and said frantically to the hundreds of young geniuses who had returned: "You losers are not dead, how could we, the young master of the giant elephant clan, die!"

Having said this, the Divine Elephant Guard suddenly stared at a young man in black among the crowd, his eyes suddenly turned vicious and said: "Ye Feng! It must be you! Your luck points are now number one on the Ancient Demon Sealing List. , Only you have the ability to kill our young master! Tell me, did you, the little brat, kill our young master? You must die!"

At this time, Ye Feng had just teleported back from the demon world. He had just escaped from the pursuit of more than a dozen saint kings and great saints, and all the bones in his body were almost shattered.

Ye Feng is naturally not in a good mood now and is feeling depressed.

At this moment, the elephant guard suddenly asked a fierce question.

Ye Feng directly stared at the Elephant Guard, walked over in a swagger, and said: "Yes, I was the one who killed Xiang Wudao. What's wrong? He provoked me first and wanted to kill me, so I had no choice but to get rid of him. "

"you.....!"

The eyes of the Divine Elephant Guard suddenly became extremely frightened and angry, and he was about to say something.

But Ye Feng directly interrupted him and said indifferently: "I killed Xiang Wudao, and now that I'm back, I want to get rid of your entire giant elephant clan. To me now, you are a huge scourge in the wilderness. , To tell you the truth, after my Great Emperor Alliance united with the underworld and took control of the entire Chaotic Sea, the next step is to plot against you. "

"presumptuous!"

The Divine Elephant Guard suddenly shouted: "Boy, you are too courageous! Who do you think you are? You want to get rid of our giant elephant clan and control the wilderness casually? What a joke! Our giant elephant clan has been passed down for thousands of years. , and there is a quasi-sage powerful person like me, and an ancestor who is a half-step saint, what qualifications do you have to say to get rid of our giant elephant clan?"

Ye Feng smiled slightly and said: "My own strength is my qualification to say this!"

The Divine Elephant Wei smiled and said: "I'll get rid of you first! Kill you before you get the first fortune from the Ancient Demon Sealing List, and maybe you can graft the luck from the Ancient Demon Sealing List to you. On my giant elephant clan!"

Boom!

The Divine Elephant Guard took action, and the powerful momentum of the Six Tribulations Quasi-Saint broke out in an instant.

At this moment, Granny Tao, the guardian elder of the elves, immediately said urgently to Ye Feng: "Master Ye Feng, hurry up and retreat to my side. As long as I am here today, no one can harm you."

"Hahaha, Senior Granny Tao, no need. Ants like the Divine Elephant Guard can be easily crushed to death in my eyes!"

At this time, Ye Feng suddenly laughed wildly, and then stretched out a hand directly towards the Elephant Guard.

"boom!"

An extremely terrifying momentum suddenly burst out from Ye Feng's body.

That hand turned into a big hand of stars, filled with infinite majesty, and crushed all the attacks on the Elephant Guard at once.

It is simply overwhelming and unstoppable!

The Elephant Guard didn't even have time to react. His head was slapped directly into Ye Feng's stomach.

"ah!!"

An earth-shaking scream suddenly erupted from the body of the Divine Elephant Guard, and then his body fell to the ground, killing him immediately.

"What?"

"Slap him to death?"

"The Elephant Guard, this is the top powerhouse in our wilderness!"

At this moment, countless people from the Great Wilderness race standing around showed deep shock in their eyes.

Even Grandma Tao and the Elf Queen were shocked.

The elf saint Yan Ruyun who had just been teleported also had a hint of horror in her beautiful eyes.

She knew very well that when Ye Feng first entered the demon world, he always avoided it.

But now, after only one month in the demon world, he has become so powerful after coming out.

Even a sixth-level quasi-sage like Wudao was killed in one fell swoop.

At this time, the most powerful Divine Tiger King on the field had a hint of shock in his eyes.

At this time, Ye Feng saw the changes in the expressions of the hundreds of people in the wilderness around him.

Xing said directly: "Originally, I wanted to conquer the elves to slowly plot the entire wilderness, but now that I have passed through the demon world, my strength has reached a certain level, so I don't need to bother so much. "

At this time, Ye Feng looked around, looked at the entire tribe of the Great Wilderness, and said: "From now on, I announce that the Great Emperor Alliance will come to the Great Wilderness soon. I will not force all of your races to join my Great Emperor Alliance, but I have one thing. We must make it clear in advance that if we, the Great Emperor Alliance, have some conflicts of interest with the Great Wilderness races, we, the Great Emperor Alliance, will not give in or show mercy."

At this time, Ye Feng's words were extremely tough, which made many patriarchs and elders of the Hundred Clans in the Wilderness have ugly looks in their eyes.

However, Ye Feng turned a blind eye to this at all. In the demon world, he saw the magnificent land and experienced countless strong masters and taboo existences.

At this moment, Ye Feng's vision is no longer limited to the small Longyuan Continent.

Ye Feng is looking forward to his hometown, the land of the spirit world, more and more.

Now Ye Feng already knows that Longyuan Continent is a super large island floating in the endless ocean of the spiritual world. Now Ye Feng is very eager to break out of Longyuan Continent.

Originally, Ye Feng wanted to continue to lurk on the Longyuan Continent until his cultivation level was enough to fight against the unified forces in the spiritual world, the Tongtian Divine Dynasty established by Gu Tongtian, the Prime Minister of the Creation Divine Dynasty.

But Ye Feng now knows that this is impossible.

Longyuan Continent is too small. When my cultivation level has reached a level close to that of a saint, I can clearly feel that the cultivation resources, opportunities, fortunes, and various geniuses of the same age on Longyuan Continent are no longer able to let me down. He quickly became stronger.

Only the vaster land and battlefield can allow Ye Feng to continue to grow stronger at a high speed.

The real land of the spiritual world is a large and prosperous land that is comparable to the land of the demon world. The land is vast and boundless, and is home to countless powerful creatures, superpowers of the human race, and the inheritance, fortune, opportunities, relics, and heritage of countless legendary figures. A variety of advanced cultivation resources, natural and earthly treasures, inherited skills, weapons and martial arts, etc.

And the most important thing is that the Longyuan Continent now has demons from outside the territory watching eagerly, and Ye Feng feels a huge sense of crisis and urgency.

The demon world and his party made Ye Feng understand the terror and power of the ancient emperor.

So Ye Feng now has a plan in his mind, which is to quickly develop the Great Emperor Alliance. When the crisis of destruction of Longyuan Continent really comes, if he cannot resist it, he can at least use the Great Emperor Tower to destroy the entire Great Emperor Alliance. All of his friends, brothers and sisters were put into the Great Emperor Tower, and then they broke through the offensive of the demons outside the territory, rushed into the outside world, and entered the real spiritual world.

In addition, Ye Feng has now achieved some success in his cultivation. He misses some of the old sites in the spiritual world.

Ye Feng wanted to go back and take a look at the ruins of the Creation God Dynasty, and even more to find the whereabouts of his father, Emperor Ye Qing, and whether any strong men in the Creation God Dynasty had survived the prime minister's rebellion.

Although it is already three thousand years later, Ye Feng has cultivated to the current level. He already knows that three thousand years are an extremely distant time for ordinary people, and dynasties may have changed several times.

but

It is in the world of cultivation, especially the spiritual world, which is a large interface comparable to the ancient demon world. In fact, it is not too long.

A powerful ancient saint could live for thousands of years, so Ye Feng believed that after the destruction of the Divine Dynasty of Creation, there must have been strong men in the Divine Dynasty who survived that catastrophe.

There are too many strong men in the Creation God Dynasty, and Ye Feng doesn't believe that Gu Tongtian can kill them all!

At this time, Ye Feng looked at all the people in the wilderness and said, "I hope everyone will think about it carefully."

Having said this, Ye Feng suddenly looked in the direction of the giant elephant clan and said with a smile: "Next, I will let you see my true strength now."

"boom!"

Ye Feng suddenly launched the Great Emperor Tower, a majestic and boundless giant tower that suddenly rushed into the sky and then fell suddenly.

"Boom!!"

A terrifying roar suddenly sounded.

Many tribesmen in the wilderness immediately saw with trembling bodies that the headquarters of the giant elephant tribe in the distance was directly smashed into ruins by the Great Emperor Tower and collapsed several thousand meters underground.

"Ah! Little thief, you dare to destroy the roots of my giant elephant clan! I will fight with you!"

Suddenly, at this moment, an old man wearing a white robe and an immortal spirit suddenly rushed out from the ruins of the giant elephant clan, resisting an aura of divine power.

"The legendary ancestor of the giant elephant clan who is about to step into the ancient saints is still alive and seems to have already stepped into the ancient saints!"

At this moment, countless tribesmen in the wilderness felt the terrifying pressure and energy of the saint, and they all looked extremely horrified.

The ancient saint was at the peak of his combat power on Longyuan Continent!

But at this time, Ye Feng had long been used to strange things. He smiled lightly and said: "He is just a one-star saint. He is too weak. I have killed countless nine-star demon saints in the demon world."

hiss!

As soon as these words came out, there was a violent gasp of air on the field.

The ancient saint of the giant elephant clan also changed his expression upon hearing this, and immediately turned around and fled into the distance.

"late."

Ye Feng faintly uttered two words and suddenly grabbed the front with his big hand.

"Boom!"

In an instant, the endless sky darkened, countless spaces were broken, void turbulence, void thunder and lightning, etc., all kinds of energy were revealed under Ye Feng's grasp, and the ancient members of the giant elephant family were revealed. The ancestor of the saint grabbed it directly and crushed it in an instant.

"boom!"

Ye Feng opened his mouth and swallowed the power of the holy source of this ancient saint of the giant elephant clan.

"A legendary ancient saint was crushed to death like this?!"

Countless people were so shocked that they trembled all over. Even the Elf Queen of the Elf Clan, the Saint Yan Ruyu, and the Supreme Elders all had extremely dull eyes.

At this time, Ye Feng was simply ridiculously strong in their eyes, and everything that happened on the field even gave people a very unreal feeling.

But all the wild races know that everything in front of them is real, and this is not a dream!

Chapter 779 Return

At this moment, in the depths of the wilderness, all races were shocked beyond measure.

The fall of an ancient saint is no less than making everyone feel that a myth has been shattered before their eyes.

So at this time, even the leader of the most powerful race in the wilderness, the Divine Tiger King, stared at the figure of the young man in black with deep fear in his eyes.

At this time, Ye Feng swallowed the saint origin of the ancient saint ancestor of the giant elephant clan, and felt that the energy in his body became more and more powerful.

However, Ye Feng discovered that the saint origin of a one-star ancient saint could not allow him to break through and advance. His realm was still at the level of a pseudo-sage, unable to condense the holy embryo and become a true ancient saint.

Therefore, Ye Feng knew that the best way for him now was to use the blood of the Emperor's heart in his body to wash his whole body and drive away all the runes of the Demon Emperor's formation that had been imprinted on his flesh and blood and the origin of his life since childhood. Able to break through the upper limit of cultivation and break the shackles of innateness.

"Buzz!"

At this time, a huge amount of luck suddenly surged from the Ancient Demon Sealing List, rushing towards the hundreds of young geniuses who had returned such as Ye Feng, enhancing the talents and bodies of many geniuses.

This is the power of destiny of the Lord of the Wilderness. It is stored in the Ancient Demon Sealing List and is very majestic.

Ye Feng felt that his power had skyrocketed again, but his realm still had not improved. However, the power he could hold in the pseudo-sage realm was almost reaching a limit.

"It's time to go back to the Great Emperor's Alliance. I'm going to retreat to refine the Emperor's heart and break the shackles of cultivation in my body!"

At this moment, Ye Feng couldn't wait to leave.

He looked at the Elf Queen beside him and said with a smile: "When I return to the Great Emperor Alliance, I will send strong men from the Great Emperor Alliance to come to the wilderness to help your elves fight for hegemony over the entire wilderness."

At this moment, Ye Feng said these words directly in front of the hundreds of people in the wilderness. He was obviously extremely domineering and did not hide anything.

But Ye Feng said it without any worries.

The patriarchs and elders of many of the surrounding wild races were staring at Ye Feng with a hint of fear in their eyes.

Now they no longer dare to be angry at what Ye Feng said.

Because the combat power that Ye Feng showed just now was really terrifying and ridiculously powerful.

"We, the Tyrant Tiger clan, are willing to join the Great Emperor Alliance now, and from now on we will fight for the Great Emperor Alliance to dominate the wilderness area!"

Suddenly at this moment, the tall Tiger King spoke up.

This burly old man clasped his fists at Ye Feng, with a determined look of surrender on his face.

When many races in the wilderness saw this scene, they couldn't help but tremble in their hearts.

Will even the most powerful Deceptive Tiger clan surrender to Ye Feng?

"We, the fox tribe, are willing to belong to the Great Emperor Alliance and do our part to help the Great Emperor Alliance fight for hegemony in the wilderness."

"We, the Tengu clan, are also willing to belong to the Great Emperor Alliance. From now on, we will be led by Master Ye Feng and serve for generations..."

"..."

Suddenly at this moment, the clan leaders of the Great Wilderness race bowed to Ye Feng one after another, their eyes full of respect.

Ye Feng nodded with great satisfaction at the surrender of these wild races. In fact, he himself had expected it.

He wiped out the giant elephant clan with a wave of his hand, and even the ancient saint was crushed to death by his own hand, and then devoured and refined.

Such terrifying strength is almost at the peak of combat power in the wilderness. Naturally, many races in the wilderness no longer take any chances.

Of course, there are also some unconvinced tribes in the wilderness, who claim to have noble status and long heritage, and just turn around and leave without choosing to surrender.

Ye Feng didn't care about this. He looked at the Elf Queen of the Elf clan and said: "I'll leave this to you. I'll go back to the Great Emperor Alliance first. I hope that in the month I leave, the Great Emperor Alliance will have completely controlled the entire chaos. The ancient sea area, when the time comes, I will send the strong men from the Great Emperor Alliance to connect with you in the wilderness area."

Uh-huh!

After Ye Feng finished speaking, he jumped up and jumped directly

He jumped into the void and disappeared instantly.

Although Ye Feng is now in the pseudo-sage realm and has not yet become a true ancient saint, he can already use some of the saint's methods.

For example, jumping in the void can ignore any spatial distance and jump directly in the void according to the depth of one's magic power. It can pass through any tangible things in the space outside the void.

For example, there is an unattainable majestic mountain in front of Ye Feng. Using void jump, he can directly penetrate the mountain without having to go around the mountain, because the mountain is in the outside space, and the void is. A void hidden in space.

At this moment, the Elf Queen standing deep in the wilderness looked at Ye Feng's retreating back and sighed, "The little young dragon that entered Poseidon Academy has now become a huge dragon."

After sighing, the Elf Queen looked at the various races around her, without any fear on her face.

Because Ye Feng had spoken just now, everything in the entire wilderness would be left to the Elf Queen to handle.

In other words, after Ye Feng leaves, all the races in the wilderness who are willing to surrender to the Great Emperor Alliance need to listen to the orders of the Elf Queen.

The Elf Queen is not a vase. She can become the Queen of the Elf Tribe, so she naturally has her own set of management methods.

At this time, the Elf Queen issued orders one by one: "Within three days, we will recruit all the wild races that are willing to join the Great Emperor's Alliance today. Within seven days, we will kill those who choose to leave today. Within half a month, we will form an army." We must form a large army to cooperate with the powerful men coming next from the Great Emperor Alliance to occupy and massacre some taboo monsters in the wilderness other than our hundreds of tribes in the wilderness, as well as all the hidden cultivators in the wilderness. We must find them all and gather those who are willing to belong. , and those who are unwilling to belong will be killed directly. We

want to control the entire Great Wilderness in the hands of our Great Emperor Alliance, and make the entire Great Wilderness area, the land of the king, and the land of the king's ministers! "

...

At this time, Ye Feng jumped into the void, left the wilderness, and came to the edge of the ancient sea area.

The headquarters of the Great Emperor Alliance is naturally located in the extremely prosperous black market in the center of the ancient sea area.

At this time, Ye Feng came to the black market, and he immediately saw a huge palace, standing on a piece of land in the distance, surrounded by guards wearing special armors, holding long swords in their hands. patrol.

It was a powerful armor forged by the Great Emperor Alliance. Each set was priceless and could only be worn by the most elite members of the Great Emperor Alliance.

At this time, in the huge square outside the palace of the entire Great Emperor Alliance, there stood a huge sculpture. It was Ye Feng's own sculpture. It was majestic and majestic, penetrating the clouds and entering the sky, and represented the spiritual symbol of the entire Great Emperor Alliance.

"Buzz!"

Ye Feng descended from high altitude at this time and released his huge momentum, which immediately alarmed all the powerful masters in the Great Emperor Alliance.

"He is the leader of our Great Emperor Alliance!"

"The leader is back!"

"Go and notify the deputy leader, Mr. Xiao He!"

Naturally, all the powerful guards recognized Ye Feng's appearance at a glance, and they all looked excited and shouted in the direction of the palace.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, countless people filed out of the palaces and pavilions and looked towards the central square.

Among these people, Ye Feng saw many unfamiliar faces. They should be various talents recruited after the Great Emperor Alliance.

But Ye Feng doesn't care. The more talents the Great Emperor Alliance absorbs, the stronger it will be.

Every major force actually has wealth and so on, which can be easily accumulated and plundered.

But talents, especially very rare cultivation wizards, management wizards, or weapon-making and elixir-making wizards, are very important.

Any big force that wants to continue to grow cannot do without talents.

"

Is that the leader of our Great Emperor Alliance? "

"You are so young. You are worthy of being an emperor-level talent that is rare to see in our southern region for thousands of years. The aura of the leader of the alliance, I feel, is tens of thousands of times more powerful than mine!"

At this moment, every member of the Great Emperor Alliance, regardless of gender, ranging from ten years old to seventy or eighty years old, stared at the returning Ye Feng with deep admiration in their eyes.

"Brother Ye, you are finally back!"

Suddenly a very familiar voice sounded, full of deep joy.

It's Xiao He!

Xiao He was wearing a dragon-patterned robe, looking even more majestic as he walked out of the palace.

Ye Feng stepped forward, stared at Xiao He, his eyes brightened and said: "Three Tribulations Quasi-Saint? You broke through very quickly. Not bad. It seems that the Great Emperor Alliance has developed very rapidly during this period. You have absorbed a lot of luck. It's only through his strength that he has broken through to the current level."

Xiao He nodded and said: "Yes, now our Great Emperor Alliance has completely occupied the entire Luangu Sea, and also controlled the entire Southern Ocean Zone, all black market wealth, circulating funds, and ocean treasures contained in the endless sea. , all of them have become the possessions of our Great Emperor Alliance. In addition, the number one bank in the world has reached some cooperation with our Great Emperor Alliance, bringing many treasures from other four domains to our Great Emperor Alliance. wait."

Ye Feng nodded and said: "You have worked hard on these things. By the way, this time I went to Dahuang and learned some secrets. In the near future, a huge crisis may come to Longyuan Continent. We, the Great Emperor Alliance, must spare no effort to fight against it." Development, even if it means fishing from the lake, will drain all the wealth from the Southern Territory and become a force to strengthen our Emperor Alliance. There is no need to consider sustainable development, because I guess that we may leave this area in the near future. Earth."

"What?"

When Xiao He heard what Ye Feng said, his eyes were deeply shocked. He knew that Ye Feng must have discovered something terrible.

At this time, Ye Feng was thinking about what Xiang Wudao had said to him in the demon world before. The entire Longyuan Continent was being watched by several demon emperors.

It's just that there may be some other reasons in Longyuan Continent that prevent these demon emperors from taking action directly.

But the previous destruction of Ten Thousand Buddhas Temple showed that these demon emperors could no longer bear it anymore.

So now Ye Feng's sense of crisis is very strong.

Ye Feng looked at Xiao He and said: "Let's go into the palace and call all the senior officials here, and I will announce the next series of plans."

Xiao He nodded and said: "Okay, I will inform all the senior officials right away."

"correct."

Ye Feng suddenly said: "Send someone to Poseidon Academy to call all the senior officials of Human Emperor Peak, and use the cross-domain teleportation array to teleport them over. Don't waste time."

When Xiao He heard Ye Feng's words, his eyes suddenly sank slightly and said: "Huanghuang Peak has all moved to our chaotic ancient sea area. Your master Bai Yuchen, Cangqiong Taoist, Master Shengchanzi, senior sister Murong Yunyin, It's all here."

Ye Feng's eyes changed and he said, "What do you mean?"

Xiao He said: "During your absence, something happened. Chu Tianji, the number one saint of Poseidon Academy and our old rival, unexpectedly found the peerless treasure that was originally given to him from some ancient ruins. An inherited old monster, called Old Man Fate, who is suspected to have the terrifying cultivation of the Saint King, has returned to Poseidon Academy. The intelligence department of our Great Emperor Alliance learned the news in advance and asked Huangfeng to retreat from Poseidon Academy overnight, otherwise the Human Emperor Feng may have been destroyed by Chu Tianji, and now the entire Poseidon Academy can be said to belong to Chu Tianji. The strength of Old Man Fate is so terrifying that even the Holy Ancestor Dynasty is now willing to submit to Old Man Fate. "

Ye Feng's eyes suddenly became a little frightened and angry, and said: "Old Fate? King of Saints? Is there such a powerful existence in an ancient ruins on Longyuan Continent? What about Dean

Wuji? Dean Wuji just watched helplessly Seeing that the entire Poseidon Academy has been replaced?"

At this time, a middle-aged man in white suddenly walked up not far away and said: "Feng'er, Senior Brother Wuji, he is bringing Mu

Xue went to the polar region at the end of Longyuan Continent to look for the ancient lost Poseidon civilization, but he has not returned for a long time. "

The middle-aged man in white is Bai Yuchen, who has also entered the quasi-sage level and has the cultivation level of a quasi-sage in the Six Tribulations.

"Master."

Ye Feng heard Bai Yuchen's answer, nodded slightly, and said: "This old man of fate should be very scary, not only his terrifying cultivation as a saint king, but also his inheritance, the inheritance of fate, the secret of fate, I once talked with Chu Tianji has fought against each other once, and I have seen the power of fate. Fate is inextricably linked to the great destiny magic that ranks first among the three thousand avenues in the world. If I hadn't realized that it belongs to me. My own way of great power can break the shackles of fate and break the cycle of fate. I am afraid that Chu Tianji used the secret of fate to kill him at that time. "

Bai Yuchen nodded, then stared at Ye Feng and sighed: "Feng'er, after you returned from this trip to the wilderness, even I can't see through you. What state are you in now?"

After the words fell, Xiao He also stared at Ye Feng very curiously.

Ye Feng smiled and said: "I am now in the realm of a false saint. This time I entered the wilderness and got some good fortune. It is estimated that I will be able to break into the true ancient saint soon."

"real?"

When Bai Yuchen and Xiao He heard what Ye Feng said, they immediately looked overjoyed.

They knew that Ye Feng's combat prowess was unparalleled.

If Ye Feng can step into the realm of a saint, the overall strength of the Great Emperor Alliance will increase countless times.

Bai Yuchen said: "Although the Great Emperor Alliance now controls the entire Chaos Ancient Sea Region, this fertile land is coveted by countless people. Not to mention several other regions, in the Southern Region, Chu Tianji and Old Man Fate Having taken control of Poseidon Academy, the Saint Ancestor Dynasty has also united with Chu Tianji. If our Great Emperor Alliance had not been for the killing saint in the underworld who absorbed great luck some time ago and broke through to the Saint King, I am afraid that Chu Tianji and Fate The old man has already launched a massive attack on our Great Emperor Alliance."

Ye Feng nodded and said: "Yes, the situation is indeed very urgent now. Poseidon College must be recaptured. The wealth accumulated by the college for tens of thousands of years cannot fall into the hands of Chu Tianji, but we cannot act rashly now. , let's cultivate in hiding and grow silently. When I break through and become a true ancient saint, becoming the first existence in the history of Longyuan Continent to break the curse of the upper limit of cultivation, then I only need to raise my arms and affirm the rest of the entire Southern Territory. Forces, such as the Taixuan Sword Sect, as well as some big families, sects, etc., will definitely be willing to follow our Great Emperor Alliance."

Xiao He said at this time: "But if our Great Emperor Alliance wants to develop rapidly, we will definitely not be able to balance the supply by relying solely on the resources of the Ancient Sea. It turns out that the Great Emperor Alliance can also use the Human Emperor Peak to allow the resources of Poseidon Academy to circulate with us. , but now that the channel of Poseidon College has been controlled and cut off by Chu Tianji, we have lost a huge treasure house of resources almost instantly. Although the No. 1 bank in the world has given us some conveniences, it is not a long-term solution after all. It is said that the No. 1 bank in the world He also cooperates with Chu Tianji, but he is just a faggot and may betray our Emperor Alliance at any time. "

Ye Feng thought for a while and said: "When I retreat and break through the ancient saints, I will go to the Netherworld Demon Sect. It is also time to find out whether the treasure house key of the Styx Demon Sect belongs to the Wei Mo Sect that Shang mentioned. in hand."

Shang once told Ye Feng that the treasure house of the Styx Demon Sect founded by Emperor Styx contained endless wealth, but the key was in the hands of Wei Mo, a traitor of the Styx Demon Sect. This Wei Mo was once a member of the Styx Demon Sect. One of the ten imperial demon guards under Emperor He.

After Wei Mo defected from the Styx Demon Sect, he entered the Nether Demon Sect and became a supreme elder in the Nether Demon Sect.

The Netherworld Demon Sect has been able to grow into the only dominant force in the Demon Sect in the Southern Territory over the years, and a large part of its growth was due to the huge wealth of the Demon Sect that Wei Mo stole from the Styx Demon Sect.

"Ye Feng!"

From the palace not far away, a beautiful woman with heroic appearance walked out, it was Murong Yunyin.

Murong Yunyin stepped up to Ye Feng's side and whispered in Ye Feng's ear: "I have already found the place where the four demon guards of Demon Emperor Yama you asked me to find sleep. Sleeping in the ground!"

Chapter 780 Future Destiny

The four demon guards of Demon Emperor Yama are actually sleeping in the ancestral land of Netherworld Demon Sect?

Ye Feng heard what Murong Yunyin said and couldn't help but nodded slightly to her and said: "Let's go back to the palace first and gather everyone together. I will solve this matter myself."

Originally, Ye Feng was planning to go to the Nether Demon Sect to secretly inquire about Wei Mo, one of the ten emperor demon guards of the Styx Demon Sect, and see if he could find the key to the Styx Demon Sect's treasure house.

Shang once told Ye Feng that in order to unlock the key to the treasure house of the Styx Demon Sect left by Emperor Styx, two conditions must be met. The first is to practice the exclusive inheritance of Emperor Styx, the torrent of the times, and the second It's about finding a key.

Now Shang stays in the demon world, looking for his own opportunity and creation.

In the entire Longyuan Continent, Ye Feng is probably the only one who has the inheritance of Emperor Styx.

So Ye Feng is not afraid that Wei Mo will open the treasure house of the Styx Demon Sect by himself, even if Wei Mo has the key in his hand.

Without himself, the so-called successor of Emperor Styx, Wei Mo would have no way to open the treasure house.

Ye Feng was thinking about whether to go directly to the gate of Netherworld Demon Cult and use force to directly force Wei Mo to hand over the key.

But after thinking about it carefully, Ye Feng felt that this method was too impulsive.

Now Chu Tianji unexpectedly found Old Man Fate, a super strong man at the level of a saint king, who was eyeing the entire Great Emperor Alliance.

If he rashly exposed his whereabouts, he might cause Old Man Fate to take direct action and kill him alone outside.

In addition, the Netherworld Demon Sect is the only demonic overlord force in the Southern Territory. It can achieve its current status under so many original overlord forces. It is estimated that the water in the Demon Sect is also very deep. Even if it has achieved the ancient A saint cannot rush in alone.

As for the third reason, Ye Feng didn't want to alert the snake. If he paid a visit directly and openly, it might arouse the vigilance of Wei Mo, an old guy. Then Wei Mo would just run away and remain anonymous from then on. Longyuan Continent is so big, Ye Feng There is nowhere to look for it.

Before Ye Feng does something, unless he is 100% sure, he will think very carefully.

At this moment, Ye Feng thought a lot. He finally decided that it would be better to keep a low profile when going to the Netherworld Demon Sect. It would be best to sneak into the Netherworld Demon Sect without anyone noticing, investigate secretly, and hide himself in the dark. , then you will know your enemy and yourself, and you will be victorious in every battle.

But before going to the Nether Demon Sect, Ye Feng decided to see if he could refine the Emperor's heart and break the innate shackles in his body.

At this time, Ye Feng had gathered many core members of the Great Emperor Alliance into the central palace of the Great Emperor Alliance.

There are many familiar faces to Ye Feng

Kong, such as Master Bai Yuchen, Cangqiong Taoist, Shengchanzi, Lan Wangyou, Murong Yunyin, Shui Bingyan, Old Man Wanjian, the former master of the underworld, etc.

Everyone's eyes were burning at this time, staring at Ye Feng who was sitting on the throne at the top.

Obviously, today's Ye Feng has long become the spiritual symbol of the Great Emperor Alliance, and is the true leader and commander of the alliance.

Xiao He was sitting next to Ye Feng and said: "Senior Killer Saint is currently in seclusion deep in the Great Emperor Alliance and cannot come."

"It doesn't matter."

Ye Feng smiled and said: "Senior Killer Saint is now the only Saint King-level combatant in our Great Emperor Alliance. He is the biggest guarantee that our Great Emperor Alliance will not be attacked by any force. We must not delay Senior Killer Saint's practice. "

At this time, Bai Yuchen said: "Feng'er, our Great Emperor Alliance is actually still lacking some backbone forces, such as the strong masters at the holy level, who are far from being able to compete with Chu Tianji who controls the entire Poseidon Academy. There are also The Holy Ancestor Dynasty also formed an alliance with him."

Ye Feng nodded slightly and said: "I am going to the Great Wilderness this time, and I have completely controlled most of the hundreds of tribes in the Great Wilderness. It is estimated that in less than half a month, the entire Great Wasteland will belong to my Great Emperor Alliance. By then, Master, please go to the Great Wilderness in person to discuss the rights of the hundreds of tribes in the Great Wilderness with the Elf Queen, and at the same time help the Elf Queen to attack other creatures and forces in the entire Great Wilderness."

When everyone heard that Ye Feng had gone to the Great Wilderness and had made plans among the hundreds of tribes in the Wilderness, they all looked surprised and then overjoyed.

Bai Yuchen was even more excited and said: "The vast wilderness area outside the chaotic ancient sea area is comparable to the ocean area and contains countless natural treasures. If it can be controlled, it will definitely have huge potential for the Great Emperor Alliance." It has a steady source of wealth and cultivation resources."

Ye Feng nodded and said: "That's why I asked Master to go in person. There must not be any mistakes in this area of the wilderness. It must be controlled by our Great Emperor Alliance. But Master, don't worry. I have taken care of myself before leaving." I have intimidated hundreds of tribes in the wilderness. Many races are already willing to belong to me, and the Elf Queen of the Elf Tribe will fully assist you, Master, in handing over control of the power."

Bai Yuchen's eyes were impatient and he said: "That's good. I'll leave tomorrow and go with Old Man Wan Jian. We will try to control the entire wilderness area as quickly as possible, arrange a camp for the Great Emperor Alliance, and continuously mine the wilderness. resources in."

"When it comes to resource extraction, I would like to make a serious statement here with you all."

Ye Feng suddenly spoke up, his eyes were extremely serious, and he slowly said: "This time I go to the wilderness to learn from a young man from a powerful race in the wilderness."

The master learned that our Longyuan Continent was enveloped by a huge extraterrestrial demon formation. In fact, our entire Longyuan Continent was just floating in an endless ocean on the edge of a huge interface called the spiritual world. It was just a super-large Island, but there is a very terrifying demon emperor among the demons outside the territory. He has arranged a formation to isolate the entire Longyuan Continent from the world, and wants to plot all the resources and lives of the entire Longyuan Continent. "

"What?!"

Almost at the moment Ye Feng finished speaking, everyone in the entire palace couldn't help but take a breath of air.

Not to mention the younger generation, even the powerful elders, such as Bai Yuchen, Taoist Cangqiong, Old Man Wanjian, etc., could not help but look in horror.

Longyuan Continent is not a separate dimensional interface, but a super large island, floating in the endless ocean of a real dimensional interface, the spiritual world.

As for why no one can get out of Longyuan Continent, why no powerful creatures enter Longyuan Continent, is it because the demon emperor from the outside demon clan has enveloped the entire Longyuan Continent in a huge demonic formation, isolating it from the world?

And according to what Ye Feng said, the entire Longyuan Continent is now being watched by the demon emperor from the extraterrestrial demon clan at all times?

This made everyone in the palace feel a little creepy, and their bodies couldn't help but shiver.

For everyone, this was tantamount to their original worldview being severely shattered by Ye Feng. Only then did they understand the true truth of the world.

Ye Feng looked around, his eyes extremely solemn, and said: "So our biggest enemy now is not the old man Fate, or Chu Tianji, or the overlord forces in the other four domains, but the one who doesn't know when. The extraterrestrial demons will come again. This time, the demon emperors from the extraterrestrial demons may come. But for the time being, we don't know the reason why these taboo creatures from the extraterrestrial demons haven't fully taken action. Maybe we, Long Yuan, There are still some existences on the mainland that make these extraterrestrial demons extremely fearful."

At this time, Shengchanzi suddenly spoke up, with a serious tone, and said: "The Ten Thousand Buddhas Temple where I am was destroyed by a demon emperor before. It may be that the demon emperor was testing it."

"That's right."

Ye Feng nodded, looked at everyone in the palace, and said: "So the next development of our Great Emperor Alliance is all about facing off against the entire army of extraterrestrial demons and super strong men, in order to break out of Longyuan Continent. This is a small and tiny land, so in the next time, the Great Emperor Alliance needs to do everything possible to develop quickly. It doesn't matter even if it is exhausted, there is no need to consider the sustainable development of the future, because Longyuan Continent is a cursed land. , there is no future, fighting against the extraterrestrial demons and breaking out of Longyuan Continent is the only choice for all of us. "

"Yes, Alliance Leader!"

At this time, all the core members of the Great Emperor Alliance stood up one after another and clasped their fists at Ye Feng to express their highest respect.

Because the news Ye Feng brought back this time, as well as the future development of the Great Emperor Alliance, are of great significance.

This is related to everyone's future destiny!

After they learned about Ye Feng's news, they were in front of many other forces in the Southern Territory. Even other overlord forces in the entire Longyuan Continent, most of the sects may still be kept in the dark.

Ye Feng looked in a certain direction outside the palace and said: "I'm going to go to Taixuan Sword Sect to see if I can bring over my former members of the Wind God Alliance from the Hundred Dynasties War, as well as a good friend of mine. Jian Wushuang is also in the Taixuan Sword Sect. I haven't seen him for a long time. Let's see if we can get him to come to our Great Emperor Alliance."

"Jian Wushuang?"

Xiao He next to him suddenly moved his eyes and said, "Is the Jian Wushuang you are talking about an innate sword body?"

Ye Feng nodded and said: "That's right, Jian Wushuang is the direct disciple of the sword sect of the small sect of the Great Yan Dynasty that I joined back then, and he and I are old friends many years ago."

Bai Yuchen said with a smile: "That little guy Jian Wushuang is indeed very talented in the way of the sword."

Ye Feng seemed to have thought of some things in the past, his eyes showed memories, and said: "Yes, the master was very decadent back then. He remained anonymous in the Sword Sect and was still the pillar of the Sword Sect, 'Senior Long'."

Bai Yuchen laughed and said: "When I talk about this now, it really feels like a world away. In fact, it has not been a few years, but it always feels like it has been decades. The main reason is that Feng'er has made too fast progress. There were too many things that happened during this period, and the whole land was undergoing changes and disasters one after another."

Xiao He looked a little surprised at this time and said: "I got the latest news. Jian Wushuang seems to have just become the holy son of Taixuan Sword Sect. If Ye Feng, you can win your old friend to our Great Emperor Alliance, Then the entire Taixuan Sword Sect will also be biased towards our Great Emperor Alliance, but it is very likely that the senior officials of the Taixuan Sword Sect will block it, because now Chu Tianji controls the entire Poseidon Academy and is united with the Holy Ancestor Dynasty, which is even more fateful. With the support of the old man, this unfathomable ancient powerhouse, it can be said that the comprehensive power of our Great Emperor Alliance is twice as large as ours. Now many of the major sects, first-class forces, big families, etc. in the Southern Territory have been controlled by Chu Tian. The opportunity has been recruited, and now it is at its peak, at its peak."

Ye Feng's tone was calm and he said: "Anyway, I'm going to go to Taixuan Sword Sect to see the current intentions of Taixuan Sword Sect. As the only independent overlord force among the righteous sects in the Southern Territory, I must make a choice, but before that, I need to retreat for a while to see if I can break the shackles of cultivation as soon as possible and step into the true ancient saint."
