Chapter 811 Tianji Pavilion

Ye Feng spent the next seven days in seclusion.

He was trying his best to refine the power of the old man in black from the Thunder Emperor Palace and the surging life essence of the Saint King.

Seven days later, Ye Feng walked out of the secret training room.

At this time, he frowned slightly, because after devouring and refining a three-star saint king, he didn't even break through a level.

It's just that from the early stage of the Seven Star Saint Realm, it is almost reaching the late stage of the Seven Star Saint Realm.

He was still one step away from becoming an Eight-Star Saint, but in the end he failed to cross that hurdle and enter the level of Eight-Star Saint.

"I didn't expect that the three-star saint king's skills would prevent me from breaking through even one star. It seems that after I stepped into the seven-star saint, my strength and combat power increased dozens of times, but the energy needed for me to break through again has also increased. Dozens of times."

Ye Feng murmured and walked towards the central hall of the Great Emperor Alliance.

Some subordinates from the Great Emperor Alliance reported some situations to Ye Feng.

Sure enough, Ye Feng's killing of the old man in black from the Thunder Emperor Palace was exposed within a day and spread throughout the Longyuan Continent.

Many of the overlord forces on Longyuan Continent were waiting for a good show, waiting for the Thunder Emperor Palace to be furious and directly attack the Great Emperor Alliance.

But the result was that Ye Feng was a little surprised at this time.

The subordinate in front of him said: "Just three days ago, the Thunder Emperor Palace directly announced that the old man in black had nothing to do with the Thunder Emperor Palace, and apologized for the old man in black for offending the Great Emperor Alliance. I hope the Great Emperor Alliance will not bear grudges against the Thunder Emperor. palace."

This news made Ye Feng very surprised.

However, thinking about their own strength and the growing strength of the Great Emperor Alliance, even the dominant forces in Zhongzhou feel extremely fearful and do not dare to offend the Great Emperor Alliance again.

Even when a saint king died, he had to swallow his anger, not daring to get angry, and could only compromise.

Ye Feng suddenly felt relieved at this moment, and his efforts were not in vain.

I am afraid that after this battle, no one in Zhongzhou will dare to reach out to the Southern Territory.

At this time, Ye Feng spoke to the void, but he was actually transmitting a message to senior sister Murong Yunyin.

Uh-huh!

Murong Yunyin's heroic and beautiful figure soon arrived at the central hall.

The moment she saw Ye Feng, Murong Yunyin's eyes showed wonder.

In her eyes, Ye Feng seemed to be a very ordinary boy sitting there, but when Ye Feng breathed, even the space was trembling, giving Murong Yunyin the feeling that he was like an ancient giant beast sitting there. Swallowing heaven and earth, it has infinite power.

When Ye Feng saw Murong Yunyin arriving, he immediately stood up and said with a smile: "Senior sister, you are in charge of the intelligence department of our Great Emperor Alliance. I want to ask you something. Are Chu Tianji and Old Man Fate at Poseidon Academy now?"

Murong Yunyin shook his head and said, "I only know that Old Man Fate and Chu Tianji recently left Poseidon Academy and went to who knows where. Why do you ask?"

Ye Feng's eyes showed a hint of murderous intent and said: "I want to find Chu Tianji and see if I can kill him alone. Then I can deal with the old man Fate. It will be much easier."

"Are you going to assassinate Chu Tianji?"

Murong Yunyin's eyes showed a trace of alarm and said: "I heard the news. Chu Tianji received great help from the old man Fate. Like you, he also broke the shackles of the upper limit of cultivation and stepped into the realm of saints. Moreover, He has a huge accumulation of resources from Poseidon Academy, and may have grown to an extremely powerful level now. In addition, Chu Tianji also has a very mysterious and strange inheritance, the secret of destiny, and is very dangerous. "

Ye Feng's eyes moved slightly and said: "Even if he breaks the shackles of the upper limit of cultivation and breaks through to the realm of a saint, I will not be afraid. Now in the entire Southern Territory, the only thing I am afraid of is the fateful old man, Chu Tianji. , I'm no longer afraid of him."

Having said this, Ye Feng stared at Murong Yunyin and said, "Can't even your intelligence department find any trace of Chu Tianji?"

Murong Yunyin shook her head, but then she suddenly thought of something and said: "On the Eastern Wasteland adjacent to our Chaotic Sea Territory, there is a very special force called Tianji Pavilion.

, which contains all kinds of news from the world, including the secrets of many controllers of overlord forces in Zhongzhou. Perhaps the current whereabouts of Chu Tianji can be obtained there, but it will cost a lot of money to buy. "

"Tianji Pavilion in Donghuang?"

Ye Feng nodded slightly and said, "I understand. I will go to Donghuang to see if I can find out any news about Chu Tianji."

Murong Yunyin immediately said: "I will go with you. Although I am a Nine Tribulations Quasi-Saint now and cannot break through to the realm of a saint, my swordsmanship realm is already that of a Dacheng Sword Master. To deal with a high-level saint, Still no problem."

It has to be said that Murong Yunyin's swordsmanship talent is indeed very terrifying. He has actually reached the realm of Dacheng Sword Master, and his combat power is also very terrifying.

It's just a pity that her cultivation level, with the accumulation of countless resources from the Great Emperor Alliance, after reaching the Nine Tribulations Quasi-Saint level, she was unable to continue to break through because of the shackles of the upper limit of her cultivation level.

"What an extraordinary little girl."

At this time, the bald bird stretched out a bald head from the spirit beast bag on Ye Feng's waist and murmured in a low voice, seeming to see something incredible about Murong Yunyin.

At this time, Ye Feng stared at Murong Yunyin and said very solemnly: "I can go alone this time. Moreover, my departure from the Great Emperor Alliance must be kept secret and cannot be known to the outside world. Senior Sister Yunyin, just stay here." In the Great Emperor Alliance, although the Great Emperor Alliance is becoming more and more powerful, it will also arouse the covetousness of many major ancient forces from Longyuan Continent. Therefore, the Great Emperor Alliance seems to be prosperous, but in fact, there is a huge crisis hidden secretly. , Walking on thin ice, at this critical moment, the Great Emperor Alliance's base camp cannot be too empty. Senior Sister Yunyin, I feel more at ease if you stay in the alliance."

Murong Yunyin knew the importance of the overall situation, and she said with some worry: "Okay, I'll stay, but Ye Feng, you must be careful. It is said that the old man Fate is a monk from the ancient times, with the peak cultivation level of the Nine-Star Saint King, and now he has absorbed With the endless luck of the Tianjiao Alliance established by Chu Tianji, it is even close to reaching the level of the Great Sage, which is very terrifying. "

Ye Feng smiled and said: "Don't worry, I won't face the fateful old man head-on for the time being.

This time I just want to find out the whereabouts of Chu Tianji. As long as Chu Tianji dies, the Tianjiao Alliance will be dispersed. At that time, it will be the opportunity for our Great Emperor

Alliance to integrate countless forces in the entire southern region. Old man Fate, I will have my own way in the end. deal with. "

Ye Feng thought in his mind that this time he went to Donghuang to see if he could buy all kinds of saint-level and emperor-level elixirs and spiritual materials, and accumulate a huge amount of energy so that he could break through to the saint king level as soon as possible.

Ye Feng suddenly spoke up: "By the way, Senior Sister Yunyin, if you have time, send someone to the Ye Clan of the Great Yan Dynasty and invite an old man named Uncle Nan from my Ye Clan to come to the Great Emperor Alliance."

"Great Yan Dynasty, Ye Clan, Uncle Nan?"

Murong Yunyin couldn't help but be curious when she saw Ye Feng being so respectful to an old man from a small mortal clan, but she still nodded and said, "Okay, I'll do it right away."

"never mind!"

Suddenly Ye Feng spoke again, thought for a while and said: "Don't do this for now. After I come back from Donghuang Tianji Pavilion, I will go back to the Ye Clan in person to invite Uncle Nan. Others may disturb Uncle Nan. Qingxiu, just wait until I come back and go on your own."

After saying that, Murong Yunyin nodded and left the central hall directly.

At this time, the bald bird asked curiously: "Ye Feng boy, from your tone, you are very respectful and solemn to Uncle Nan. Is an old man from a small ordinary family worthy of you?"

Ye Feng smiled and said: "Uncle Nan is mysterious and unpredictable. I still can't see through it. Moreover, Uncle Nan is a member of my own clan and my elder. It is also etiquette for me to respect him. Well, in my early days, When I started practicing, Uncle Nan helped me a lot. My kendo practice was basically taught by Uncle Nan step by step, or he couldn't preach. He just practiced for me, and I practiced it myself from a few moves he practiced. I have realized the current level of the Beginner Sword Master."

The bald bird was shocked and said: "So powerful?"

Ye Feng nodded slightly, with a smile in his eyes, and said: "It's very impressive. If Uncle Nan is willing to come to the Great Emperor Alliance, then I don't have to worry about any safety of the Great Emperor Alliance."

With that said, Ye Feng stepped into the void, performed a void jump, and rushed towards Donghuang.

Chapter 812 A group of people

With Ye Feng's current level of cultivation, he did not need to use the cross-domain teleportation array at all to perform a void jump. He quickly traveled from the ancient sea area to the border of the Eastern Wasteland and arrived on the Eastern Wasteland.

Among the five human realms of Longyuan Continent, in addition to Zhongzhou, which is the most beautiful place in the world and has given birth to countless peerless talents and overlord forces, and is synonymous with prosperity, Donghuang can be regarded as the second most prosperous place.

After Ye Feng came to the Eastern Wasteland, he found that there were very few deserts, barren lands, Gobi, and other areas on the earth. Most of them were endless grasslands, forests, lakes, etc., full of vitality and rich spiritual energy.

Looking at the map of Donghuang in his hand, Ye Feng did not waste any time and flew directly towards Tianji Pavilion.

Along the way, Ye Feng was also studying the four undead demon guards of Demon Emperor Yama in the storage spirit ring. However, after studying for several days, Ye Feng still had no clue and could only give up temporarily.

Maybe after this incident is over, go to the Ye Clan and ask Uncle Nan. Uncle Nan might know.

In Ye Feng's mind, Uncle Nan is not only powerful but also an encyclopedic old man.

...

On this day, Ye Feng came to a prosperous and huge dynasty. This dynasty was a spiritual dynasty, which was very magical. Even the low-ranking people in the dynasty were not ordinary people, but warriors.

Ye Feng was a little amazed. He didn't expect that such an extremely special cultivation dynasty would be born in the Eastern Wasteland. It was really eye-opening.

According to what Murong Yunyin said before, the Tianji Pavilion, which can buy any secret information in the world, is in the royal city of the Cultivation Dynasty.

Ye Feng flew in directly without a high profile, because this time he came out to hide his identity. If his identity was leaked, it might have a negative impact on the Great Emperor Alliance.

So at this time, Ye Feng walked into this cultivating dynasty very low-key. He could feel the extremely surging spiritual energy hovering in the entire royal city, allowing everyone to bathe in it. Over time, it could subtly transform the royal city. The warrior's body becomes stronger.

At this time, the bald bird poked its head out of the spirit beast bag on Ye Feng's waist. The bird blinked and said, "No wonder, it turns out that there is a huge ancient spirit gathering formation buried under the entire royal city. But this The spirit gathering array is very ancient. Not to mention your Longyuan Island, there are very few formation masters in the spiritual world who can arrange it. It seems that the ancient spirit gathering array under the royal city may be left over from ancient times. Then gradually turned this secular dynasty into a spiritual dynasty, which is really a great blessing. "

Ye Feng heard what the bald bird said and couldn't help but be surprised: "Master Bird, I didn't expect you to know ancient formations?"

The bald bird raised its head slightly and said quite proudly: "I have basically dabbled in all the ways of the heavens and know a little bit about them all."

\u003e

Ye Feng's eyes lit up and he pulled the bald bird out of the spirit beast bag.

The bald bird immediately shouted: "Boy, what are you doing?"

Ye Feng stared at the bald bird and said: "Master Bird, can you trace the ancient spirit gathering formation under the Cultivation King's City, and then give me the tracing? After I return to the

Great Emperor Alliance, I will also go to the Great Emperor Alliance's headquarters. Forging such an ancient spirit-gathering array, the chaotic ancient sea area is close to the ocean, and the spiritual energy is extremely rich. If such an ancient spirit-gathering array is added to assist, the spiritual energy of the entire ocean can be absorbed, and one can practice in it, and his cultivation will progress. It's definitely a leap forward."

The bald bird muttered and said: "Okay, I'll give it a try. It just so happens that I also need the core of this ancient spirit gathering array."

The bald bird said, his small body rushed into the crowd, and disappeared in the blink of an eye.

Ye Feng walked towards the center of the Cultivation King City, and soon he came to the gate of a magnificent and huge palace.

This huge palace is very luxurious, even more luxurious and prosperous than the palaces of the Cultivation Dynasty. The walls are inlaid with fragments of gold carvings, and the ground is paved with emeralds and agates. It is luxurious all the way to the end. Extremely.

"Tianji Pavilion"

Three large characters, iron painted with silver hooks, vigorous and majestic in writing, are engraved on the plaque of this palace.

Ye Feng walked directly in. There was a sea of people inside. It seemed that the trading information was very popular here.

Ye Feng walked to a counter and said to a pretty woman behind the counter: "Hello, I need to purchase an important piece of news."

The woman stared at Ye Feng with her beautiful eyes, and then said: "What kind of news?"

Ye Feng lowered his voice and said: "News about a person's whereabouts."

The woman nodded, handed over a piece of white paper and a pen, and said to Ye Feng: "Write the name and identity of the person you need to find on it. We must first determine whether our Tianji Pavilion has this person. Today's news."

Ye Feng nodded and said, "Okay."

He took the paper and pen, wrote Chu Tianji's name and identity, and then handed it to the woman.

The woman nodded and said, "Just wait a moment, we will evaluate the value of this person's information, and then you can pay enough wealth."

Ye Feng nodded, sat down on a stool in front of the counter, and waited.

After a while, the woman seemed to have received some news. She smiled at Ye Feng and said, "Young Master needs to know.

That person has an extraordinary identity and his whereabouts are very secretive, but our Tianji Pavilion knows his whereabouts, but we need a huge reward to buy this information. "

boom!

Ye Feng directly threw out a storage ring and said calmly: "Is this number enough?"

The pretty woman in front of the counter took the storage spirit ring, looked into it with her spiritual mind, and immediately saw that the storage spirit ring contained tens of millions of top-quality spiritual stones!

"Enough! Enough!"

The woman immediately walked out of the counter and led Ye Feng towards the back hall of Tianji Pavilion with great respect. She said, "Master, please come here. Our distinguished elders of Tianji Pavilion will tell you all the news you need to know."

Ye Feng's eyes flashed slightly, but he didn't say anything. He just nodded and followed the woman towards the back hall of Tianji Pavilion.

The back hall of Tianji Pavilion is also very luxurious, but no one else can be seen here.

"boom!!"

Suddenly at this moment, a sharp sword suddenly appeared in the hand of the woman beside Ye Feng, and she instantly stabbed Ye Feng.

The woman is a strong person in the fifth holy realm, and the sharp sword in her hand is an extremely holy weapon. The sudden burst of killing power is enough to seriously injure an ordinary saint.

"when!"

But when the Ji Dao Holy Sword in her hand pierced Ye Feng's body, the woman suddenly despaired, because the Holy Sword in her hand just made a "dang" sound and did not even pierce Ye Feng's skin.

"boom!"

Ye Feng clapped his big hand and smashed the entire sword into pieces.

"You brought me to the back hall of Tianji Pavilion. You really had a plan. Unfortunately, you are too weak and you can't even hurt me."

Ye Feng made a cold sound, then flicked out a finger and directly hit the pretty woman's head, shattering her head and killing the woman instantly.

"Buzz!"

But at this moment, a huge killing array suddenly lit up in the entire back hall space, covering the sky and the earth, and suddenly enveloped Ye Feng.

This killing array is very advanced. The moment it appears, the world inside the array has been changed. From a luxurious backstage pavilion area, it has become a swamp full of poisonous gas, with colorful scorpions, Spiders, centipedes and other poisonous creatures were all very big. They roared, emerged from the swamp on the ground, and rushed toward Ye Feng.

This is obviously a poisonous killing array that has been set up a long time ago. It contains very terrifying poisonous gas, which can transform various poisons and kill the creatures trapped in the poisonous array.

"boom!"

But at this time, Ye Feng's body

Suddenly, a powerful momentum surged around him, like layers of hurricanes surrounding him. It roared rapidly, blowing away all the poison gas, poisons, etc. in the poison array, making it impossible to get close to Ye Feng's body.

At this time, Ye Feng saw a group of five or six people coming from a distance. There were men and women. They were all wearing the clothes of the upper-class figures of Tianji Pavilion. They were surging with quasi-sages, and there was even a statue of an ancient saint. The cultivation aura walked outside the poisonous formation that trapped Ye Feng.

Ye Feng's eyes were cold and he said: "I just came to Tianji Pavilion to buy information. Why do you want to kill me? I seem to have never offended your Tianji Pavilion."

The top few powerful men of Tianji Pavilion outside the Poison Formation were led by a middle-aged man with sword marks on his face. He was the only ancient saint among them, and he was very powerful.

At this time, the middle-aged man smiled coldly, stared at Ye Feng, and said: "When you came to my Tianji Pavilion to buy the news about Chu Tianji, I knew that you must be from the Great Emperor Alliance, right? "

Ye Feng said indifferently: "Even if I am a member of the Great Emperor Alliance, why does your Tianji Pavilion target me?"

"Hahaha!"

Several people suddenly laughed.

The middle-aged man in the saint realm smiled coldly and said: "The family behind my Tianji Pavilion is Chu Tianji's family. Now you should understand."

Ye Feng looked surprised and said: "What? Tianji Pavilion is actually a force created by the family behind Chu Tianji. I originally thought that Tianji Pavilion and Chu Tianji were just very similar in name, but I didn't expect that they were actually the same group. "

The middle-aged man in the Saint Realm sneered: "No matter who you are from the Great Emperor Alliance, if you happen to be discovered by our Tianji Pavilion, then you must die. Just now, a strong female from the Fifth Saint Realm didn't even attack you." You succeeded and were killed. It seems that your cultivation level is not low. He is definitely a high-level core figure in the Great Emperor Alliance and has a high status. If we kill you, we are destroying the foundation of the Great Emperor Alliance. Chu Tianji is our Young Master of Tianji Pavilion, we will naturally deal with you, it's too late for you to know the whole truth now!"

Hearing this, Ye Feng had a faint smile on his lips and said, "I think it's not too late now that I know."

boom!

Almost at this moment, Ye Feng suddenly stretched out a hand, a vast hand that was as if it were cast from the stars in the nine heavens. He immediately broke the shackles of the poisonous formation and came to the front of the saintly middle-aged man. The man's entire body was directly pinched, and he couldn't move. He was as weak and weak as an ant.

"What?"

"How can this be!"

Several other high-level quasi-sages of Tianji Pavilion, when they saw Ye Feng's powerful power, they were trembling with fear, their eyes were trembling, and they were extremely horrified. It was simply unbelievable and unbelievable!

Chapter 813 Ancestor of Chu Clan

"Ah! How could you be so powerful?"

The middle-aged man from Tianji Pavilion who was pinched tightly by Ye Feng's big star hand suddenly made a sound of great fear.

He stared at Ye Feng who was not far away and shouted: "Who are you? How can you have the strength to crush a saint at such a young age?"

Ye Feng smiled lightly and said, "My name is Ye Feng."

"What?!"

"You are that Ye Feng!"

"The leader of the Great Emperor Alliance!"

At this time, everyone standing in the back hall of Tianji Pavilion had deep horror in their eyes.

They never thought that Ye Feng, the leader of the Great Emperor Alliance, would actually come to the Eastern Wasteland in person and come to their Tianji Pavilion to purchase information about Chu Tianji's whereabouts.

"It is said that this Ye Feng killed a guardian elder of the Thunder Emperor Palace. That guardian elder was a three-star saint king level super strong man. Then his combat power must be so terrifying."

At this moment, several upper-level figures in Tianji Pavilion showed great fear in their eyes.

"Run away!"

"Inform our Chu clan of this news and ask the ancestors of the clan to take action and use the imperial soldiers to resist!"

At this moment, several Tianji Pavilion experts knew that Ye Feng was too powerful and could not be shaken.

"Go to your clan and inform your ancestors, and prepare your defenses to resist the big demon Ye Feng! I'll make the final stand against him and help you buy time!"

At this time, the saint of Tianji Pavilion who was pinched by Xingchen's big hand actually began to burn his own life and his saint origin.

Buzz!

Groups of terrifying flames suddenly appeared all over his body, which were red, representing the burning of life.

"boom!"

"Crack!"

At the limit of burning his life, the saint of Tianji Pavilion suddenly burst out with infinite divine light and power, and actually broke free from Ye Feng's big star hand.

"I want to die with you!"

The saint of Tianji Pavilion roared loudly, his eyes filled with infinite madness.

boom!

He was like a burning meteor, rushing towards Ye Feng in an instant. An infinite divine light quickly condensed in his dantian, and then exploded.

"Boom!!"

The saint of Tianji Pavilion suddenly self-destructed. The self-destruction of a saint was extremely terrifying, and even the surrounding poison array was blown to pieces.

Uh-huh! Uh-huh! Uh-huh!

At this time, several other Tianji Pavilion senior officials who had come with the Tianji Pavilion saints all ran outside in an instant.

"You can't escape."

Ye Feng's voice came out from the explosion of divine light, with infinite coldness and majesty.

"What?!"

Several senior figures in Tianji Pavilion were suddenly shocked.

Because they saw that Ye Feng was unscathed and walked out of the core area of a saint's explosion without any injuries.

"How powerful is this Ye Feng?"

"He has achieved the realm of a saint. Why does it make me feel scarier than an ordinary saint king?"

At this time, the senior officials of Tianji Pavilion all shouted with frightened eyes.

"boom!"

But Ye Feng would not talk nonsense to them, and directly attacked with force. A powerful force burst out instantly, forming a series of death beams, which directly "puff" and "puff" pierced through all the senior officials of Tianji Pavilion who wanted to escape. The body was killed instantly.

Perhaps in the eyes of ordinary people, the high-level people in Tianji Pavilion, the quasi-holy monks, are the most powerful ones.

But in Ye Feng's eyes now, they are just ants that can be killed easily.

Ye Feng took a big breath and directly absorbed and swallowed the power of a saint and several quasi-sages in front of him.

Several strong men suddenly turned into white bones and fell from the sky, their bones scattered on the ground.

"There is too little energy, and my cultivation and mana have only increased a little."

Ye Feng was a little depressed. Unexpectedly, he came all the way to Donghuang Tianji Pavilion. He didn't get any information about Chu Tianji's whereabouts. He killed several saints and quasi-sages, and his cultivation level didn't increase much.

"No, Tianji Pavilion was founded by the family behind Chu Tianji and cannot be kept. And according to what the saint just said, it seems that the family behind Chu Tianji is very extraordinary. What other ancestors can deal with me? Humph, I want to find out the family behind Chu Tianji, anger Chu Tianji, and let him jump out on his own, just in time to plunder the cultivation resources of the family behind Chu Tianji. I am too short of resources and energy accumulation now!"

Ye Feng thought in his mind and walked directly towards the back hall of Tianji Pavilion.

The battle here, because it was previously covered by the poisonous formation, hardly alerted anyone else.

At this time, Ye Feng walked to the deepest part of the back hall, which is the main area of Tianji Pavilion and a service hall.

At this time, several old men were waiting anxiously in the service hall.

When these old men saw Ye Feng coming, they were immediately frightened. Obviously they knew that there was a strong man who wanted to ambush Ye Feng.

At this time, Ye Feng stared at these old men at a glance and said: "Are you people hired by Tianji Pavilion, or are you from the Chu Tianji family?"

"presumptuous!"

An old man immediately yelled: "This is the important place of our Tianji Pavilion. You are an outsider, so hurry up and leave. This is not the place you should be!"

"Isn't this where I should be?"

Ye Feng smiled and said coldly: "I have killed all of you upper-level Tianji Pavilion people who ambush me. You old guys, who are only at the fifth holy realm, dare to shout in front of me. Xiao Jing? Forget it, it's more convenient for me to hypnotize you directly and ask questions."

"What? Hypnosis?"

Several old people suddenly looked horrified and wanted to run away.

"boom!"

But at the next moment, a huge soul force instantly covered the entire office hall.

Plop!

Plop!

The old men who were about to escape suddenly froze in place and knelt down to Ye Feng uncontrollably.

At this time, a thunder soul giant and a flame soul giant appeared in their souls, directly carried out devastating destruction, and then took control of their souls.

Now Ye Feng's realm and soul are so powerful that he hypnotized several old people in the fifth holy realm in an instant.

Ye Feng asked: "Are you all employees of Tianji Pavilion, or are you members of the family behind Chu Tianji?"

An old man wearing a white robe had dull eyes and replied dully: "They are all employed by Tianji Pavilion, and I am a member of the Chu tribe."

Ye Feng asked: "Where are your Chu people?"

The white-robed old man said numbly: "The royal family of the practicing dynasty where Tianji Pavilion is located is our Chu people. Our Chu people are the royal family of a practicing dynasty in the Eastern Wasteland."

Ye Feng's eyes were slightly surprised. He didn't expect that the Chu people behind Chu Tianji were actually the royal family of this cultivating dynasty and were so noble.

Ye Feng continued to ask: "What is the cultivation level of the most powerful being in your Chu clan?"

The white-robed old man replied: "It is our ancestor of the Chu tribe, an ancient strong man who survived before the dark turmoil. He has always sealed himself in a huge holy crystal to keep his life and longevity from passing away. He has The terrifying cultivation of the Five-Star Saint King, apart from our Chu ancestors, there are also three ordinary saints, nine quasi-sages, and then there are the holy monks."

Ye Feng couldn't help but be slightly surprised when he heard the answer of the white-robed old man. He didn't expect that this Chu tribe had such a strong background. No wonder Chu Tianji had great luck. He had been a peerless genius since he was a child and became the number one student in Poseidon Academy. saint.

Ye Feng murmured, "The ancestor of the Chu tribe actually has the powerful cultivation of the five-star saint king. That must contain very strong skills and the original essence of the saint king. Maybe it can allow me to break through the bottleneck of the seven-star saint!"

Ye Feng's only interest in the Chu Clan at this time was this Chu Clan ancestor.

He walked directly towards the outside of Tianji Pavilion, aiming directly at the ancestors of the Chu clan!

Chapter 814 Breaking into the Palace

At this time, Ye Feng walked out of Tianji Pavilion and walked directly towards the palace of this cultivating dynasty.

Soon, Ye Feng arrived at the gate of the palace alone.

There is a vermilion gate in front, exuding an extremely noble aura, standing directly in front of the palace, with a kind of royal majesty.

Ye Feng walked directly towards the palace.

"He who comes is stopped!"

A tall royal guard wearing golden armor, holding a knife, came forward menacingly and stopped Ye Feng.

This is a strong man in the Cave Heaven Realm. If he were in Poseidon Academy, he would be considered an elite student, but in this cultivation dynasty, he is just a palace guard.

It has to be said that the cultivation dynasty established by the Chu people has a very profound foundation. If there were more monks at the holy level, this cultivation dynasty would be comparable to a dominant force in the southern region.

To be honest, the strength of the Eastern Wasteland is second only to that of Zhongzhou, and it is very prosperous.

From this point of view, the Southern Territory lags far behind Donghuang in terms of overall strength.

They are also overlord-level forces, but the overlord forces in Donghuang have a much deeper foundation and more powerful people than many overlord forces in the southern region.

However, Ye Feng is not afraid at this time, because now he can kill ordinary saint kings when he encounters them. Those under five stars can be killed directly. If he encounters powerful and advanced saint kings, such as seven-star, eight-star, or nine-star saints Wang Dingfeng, or the Great Sage, can always escape if he can't defeat him.

Moreover, Ye Feng had also asked clearly from the white-robed old man in Tianji Pavilion before that the most powerful person of the Chu Clan is the Chu Clan's ancestor, a five-star saint king, and the others are not of concern. This is why Ye Feng is not bothered at all. Lurking into the palace of this cultivating dynasty is directly preparing to break into it.

At this time, Ye Feng stared at the royal guard blocking the road in front of him, and just said indifferently: "I'm here today.

The purpose here is to find the ancestor of your Chu clan. Go and report that someone is looking for him. "

The royal guard immediately smiled sarcastically and said: "Boy, you are young and your brain is broken? Are you the only one who wants to see our Chu ancestors? Our Emperor is not qualified to see our ancestors. Who are you?" Get out of here!"

"You want me to get out?"

Ye Feng smiled, and then a fierce light suddenly flashed in his eyes. With a "snap" sound, he slapped the royal guard's head into his stomach, turning it into a headless body. The scene was a bit strange.

"ah!"

An earth-shaking howl suddenly erupted from the body of this royal guard, and then his entire tall body crashed to the ground. The heavy gold armor smashed a hole in the ground.

"What?"

"Kill the royal guards!"

"Come quickly! Someone is going to attack the palace!"

At this moment, all the guards gathered outside the entrance of the palace, staring at Ye Feng who was walking towards them with strong vigilance and vigilance.

"Your Excellency is a strong man, but in our Chu Dynasty, we can't be so presumptuous."

A tall middle-aged man flew over from the depths of the palace. He was wearing a gold chain mail armor and holding a spatula more than two meters long in his hand. His body was powerful, his

features were majestic, and he was covered with a very strong iron blood. Evil spirit, this is a true tiger and wolf general!

"See the Commander-in-Chief!"

"See the Commander-in-Chief!"

At this time, a group of royal guards outside the palace gate,

The moment they saw this middle-aged man, they all clasped their fists and spoke respectfully.

The aura of this royal commander is very extraordinary, extremely rich, heavy and towering, with an epic and boundless aura. He is obviously a truly strong man.

Ye Feng glanced at it and instantly saw through the details of this royal commander. He was a Nine Tribulations Quasi-Saint and the most powerful person, with a strong body, extraordinary energy and blood, and a faint silver divine light. In this royal commander His eyebrows surged, and he obviously had a very special bloodline, allowing him to have strength comparable to that of a saint.

But this is not enough. .??.

"boom!"

A terrifying aura as huge as an ancient evil beast burst out from Ye Feng's body in an instant, giving everyone the feeling that it was like a vast ocean, bursting out of the void, spreading across the wasteland, and sweeping across the sky. , able to scatter everything and drown endlessly.

"Deng Deng Deng!"

Almost at this moment, the royal commander flew out from the depths of the palace, a very powerful iron-blooded killing general. His tall and majestic body could not resist the momentum, and he couldn't help but take several steps back.

"So strong!"

The royal commander's eyes suddenly revealed a look of deep horror. He stared at the young man in black who suddenly appeared outside the palace, and he immediately felt a huge wave of shock in his heart.

The royal commander immediately clasped his fists and said: "Are you looking for the ancestors of our Chu Dynasty? Yes, I will report to your majesty immediately and let your majesty open the small world deep in the palace."

"What?"

"Commander, are you just going to give in?"

All the royal guards around felt deeply incredulous.

The boy in black

, is it really that powerful?

The commander who made them invincible surrendered in an instant?

At this time, after the royal commander finished speaking, he lowered his head slightly, but a fierce look suddenly flashed deep in his eyes.

In fact, he knew from the fact that Ye Feng directly killed one of their royal guards that the person who came was evil.

But the cultivation level of this young man in black was really terrifying, and he couldn't resist it at all.

So now the Royal Commander-in-Chief can only adopt a slow-down strategy and let the young man in black wait outside the palace. He will immediately report to His Majesty the Emperor, gather all kinds of powerful men from the palace, arrange a huge killing array, and kill this black man. The boy in clothes was killed.

But just when the royal commander turned around, Ye Feng's voice sounded from behind: "You don't need to report it, it's too troublesome. I came here today specifically for your ancestors, so I went to find him directly." Bar."

"What?"

The royal commander's eyes immediately changed.

Ye Feng walked directly towards the palace at this time.

"Shameless! You are too arrogant! Our Chu Dynasty is not an ordinary dynasty, but a spiritual dynasty, comparable to half of the overlords in the Eastern Wasteland!"

The royal commander's face immediately turned as cold as ice, and he shouted to the people around him: "Everyone will attack with me and kill this kid on the spot!"

"Yes, Commander-in-Chief!"

"Yes, Commander-in-Chief!"

Hundreds of royal guards immediately roared with excitement.

Obviously they all felt that the performance of the royal commander just now was too aggrieved.

A boy in black, only eighteen or nineteen years old, no matter how powerful he is, how powerful can he be?

Chapter 815 So much nonsense

boom!

At this time, under the order of the royal commander, with him as the core, dozens of royal guards surrounded him, instantly forming a killing array of golden armored soldiers.

"Bloodline activated!"

The royal commander roared loudly, and his whole body suddenly began to swell, stimulating the oldest blood in his body, and suddenly turned into a little silver giant with silvery skin, holding a huge spatula in his hand, and seemed to have boundless power. Destructive power.

"kill!"

Dozens of strong men rushed towards Ye Feng. The royal commander activated the blood in his body and turned into a silver little giant, which brought boundless confidence to all the royal guards.

They once used this formation to gather their strength together, and once defeated a Seven-Star Saint, which was an extremely glorious achievement.

So at this moment, every royal guard is filled with boundless confidence.

"A bunch of miscellaneous fish dare to block my progress? They are seeking death!"

Ye Feng just smiled coldly, grabbed it with his big hand, and suddenly the whole world was in turmoil, and boundless vitality exploded. A star-like big hand, carrying the ancient majestic energy, bombarded it instantly.

"Boom!!"

Like a star falling from the sky, the huge palm suddenly fell. Dozens of ordinary royal guards didn't even have time to scream. Their bodies exploded like watermelons one by one, stained with blood mist. The entire ground outside the palace turned red.

"Crunch!!"

But at this time, only the little silver giant, the royal commander, was suddenly bent over. The big hand of stars pressing down on him felt like it had a huge weight, and it really seemed like a star was bombarding him. On his body, his whole body was about to shatter.

"ah!!"

Finally, the royal commander could no longer hold on, and was suddenly hit to the ground by the star's big hand. His whole body was shattered in an instant, and he died immediately.

"hiss!"

Seeing this tragic scene, many royal powerful men who came one after another from the depths of the palace took a breath of air.

Even the wise and mighty royal commander in their minds, the most powerful person in the inner palace, died in an instant at the hands of the young man in black outside. It was really terrible.

"Incredibly powerful!"

Everyone was deeply afraid of the young man in black.

"The Emperor has arrived!"

Suddenly I felt that at this time, someone made a sound deep in the palace.

Swish, swish, swish!

In an instant, countless eyes looked towards the back.

At this time, an elegant man wearing a golden dragon robe walked out of the palace.

Behind him were hundreds of people, all civil and military officials of the Chu Dynasty.

He looked at Ye Feng outside with extremely frightened and angry eyes, and said: "Who are you? Why did you kill the royal guards of my Chu Dynasty for no reason?"

? "

Ye Feng smiled indifferently and said: "I told them a long time ago that I came here just for the sake of the Chu ancestors and asked them not to stop me. It's a pity that they didn't listen. They insisted on stopping me and formed a killing formation to kill me. I, then I can only kill them all."

"you.....!"

The emperor was very angry, but even he did not dare to take action against Ye Feng at this time. He could only suppress his inner anger and said with a gloomy face: "It seems that our Chu Dynasty has never provoked you."

Ye Feng smiled slightly and said: "Chu Tianji is my enemy, so the family behind him, your Chu dynasty, is naturally my enemy, and I did not intend to attack your Chu family. After all, the harm will not harm the clan members." , but you, the powerful men of the Chu clan, actually want to ambush me directly in Tianji Pavilion, so I don't have to be polite to you, you are asking for it. "

Having said this, Ye Feng's eyes were filled with coldness and he said: "Get away, all of you! What I'm looking for is your ancestors of the Chu clan. If you mortals dare to mess with me again, I will slaughter your entire Chu dynasty." "

boom!

Ye Feng's whole body bloomed with divine light, and his eyes were like cold lightning, shooting out into the void, tearing apart everything, so that no one dared to look at him.

Even the ninth-five-year-old Emperor Chu, who was aloof, suddenly felt boundless fear coming over him, covering the sky and the earth, making people unable to breathe and feeling suffocated to the extreme.

"Step aside!"

Ye Feng yelled in front of him.

"Wow!"

Suddenly, all the civil and military officials, including the Emperor Chu, and the powerful royal men were so frightened that they subconsciously moved out of the way.

Ye Feng walked directly into the palace. The eyes of everyone around him showed horror and fear.

Even the few powerful saints hidden in the crowd did not dare to take action at this moment, and were very afraid.

"Who is acting so arrogantly in the important place of my palace?"

Suddenly at this moment, the entrance to a small world opened in the deepest part of the palace.

A purple holy crystal the size of a small mountain, exuding rich holy energy, flew out from the entrance of the small world and floated high in the sky.

At this time, it can be seen that in the middle of this huge Holy Crystal Mountain, there is a burly old man, wearing a purple gold armor, holding a purple gold sledgehammer in his hand. Although his head is full of white hair, but the old body is full of energy. Waves of majestic life fluctuations as vigorous as ancient behemoths.

"It is indeed a five-star saint king!"

Ye Feng felt the terrifying vitality fluctuations, and his eyes suddenly lit up.

This is a super terrifying ancient powerhouse.

But if it is swallowed and refined, it will definitely make a huge breakthrough in one's cultivation.

Now on the Longyuan Continent, ordinary cultivation resources can no longer satisfy Ye Feng's devouring and refining.

Higher-level elixirs, elixirs, etc. are only available in the nineteen states that are truly prosperous in the spiritual world.

Therefore, Ye Feng is temporarily trapped in the Longyuan Continent. He can only continue to search for ancient leftover resources in ancient ruins, or to find the life source of the ancient saint

king and strong man in front of him, so that he can accumulate strength and obtain huge benefits. Improvement and breakthrough.

"Click, click."

At this time, the huge purple holy crystal mountain suddenly cracked.

The ancestor of the Chu clan suddenly opened his eyes, and two rays of electricity burst out from the depths of his pupils, shattering the space and cutting through the boundless darkness. It made people feel like an ancient demon god had revived.

Buzz!

A terrifying and boundless ancient power has resurrected from the ancestors of the Chu people. It is majestic and majestic, more majestic and ancient than the aura on Ye Feng, and makes people worship it.

This is a five-star saint king, a true peak powerhouse!

"Ancestor, you finally woke up!"

"This boy, my ancestor, dared to kill so many guards of our Chu royal family, and also killed the general. He must be suppressed, imprisoned, and allowed to die in endless pain!"

At this time, countless royal families of the Chu clan knelt down before the ancestors of the Chu clan.

Even the Emperor of the Chu family, in front of the ancestors of the Chu clan, knelt down like a minister with a pop, his face full of deep respect and awe.

Although the ancestors of the Chu people are old, their bodies are very tall, majestic, majestic and majestic, giving people an epic feeling.

He walked out of the Holy Crystal, floating in the void, his eyes were like lightning, staring at Ye Feng across from him, and said: "It seems that you are from the Great Emperor's Alliance. In the

Great Emperor's Alliance, as young as you are, The one who possesses such terrifying combat power, I think, is Ye Feng, the first emperor-level genius in the Southern Territory."

After the words fell, the Chu ancestor's eyes suddenly became fierce and cold, and said: "You are Chu Tianji's old enemy. I will get rid of you, this big disaster for Chu Tianji today. I have to say, Ye Feng You are so bold that you dare to leave the Southern Territory alone, come to the Eastern Wasteland, come to the Chu Palace, and face me directly, but unfortunately, you are going to die. "

boom!

Suddenly Ye Fengfeng made a move, his palm turned into a claw, and he suddenly grabbed the Chu ancestor. The torrent of the times rushed out of his palm, and such a huge killing move suddenly burst out.

"Pfft!"

The ancestor of the Chu tribe was still pretending to be majestic and threatening, but at the next moment, the torrent of the times directly broke through the defense, and then Ye Feng's claws and three fingers pierced his throat directly, and blood spurted out. His throat was crushed, and so was his soul.

"ah!!"

The ancestors of the Chu people didn't even have time to take action. Just now

After saying this, he was killed, and he let out an earth-shattering roar, but Ye Feng had already crushed his throat, and his life force dissipated instantly, and he died directly.

Ye Feng smiled coldly and said, "There's so much nonsense."

"What?!"

"The ancestor was killed so soon?"

"How can it be!"

"Is that boy in black a god?"

At this moment, countless people in the palace below were trembling and their eyes were wide open, as if they didn't believe what they were seeing.

"boom!"

At this time, Ye Feng released the Devouring Domain, and countless dark whirlpools appeared, directly forming a huge black hole and directly swallowing the dead ancestors of the Chu clan.

Buzz!

The energy in Ye Feng's body suddenly exploded. The five-star saint king's power was so huge that it broke through Ye Feng's bottleneck instantly.

"Finally stepped into the Eight-Star Saint!"

"boom!"

A terrifying aura spread out from Ye Feng's body in an instant, blowing away countless buildings in the magnificent Chu Family Palace underground, leaving the ground in a mess.

"Spare your life! Spare your life!"

At this time, Emperor Chu was completely frightened when he saw this scene. He quickly kowtowed to Ye Feng, who was like a god, and begged for mercy.

"emperor!!"

"How can you kowtow to a thief?"

At this time, all the civil and military officials around were shocked and extremely angry.

"Huh? Thief?"

Ye Feng's eyes were fixed on those civil and military officials, and he exhaled directly. The breath immediately formed a hurricane in the void, with terrifying power, sweeping down.

"boom!"

"boom!"

"boom!"

The bodies of all the civil and military officials exploded and turned into ashes.

"ah!!"

Countless guards and maids around him all turned pale with fright and suddenly fainted.

At this time, the Emperor Chu was the only one left in the entire field.

The Emperor Chu saw all the civil and military officials around him exploded into blood mist, and he suddenly became even more frightened.

He immediately said in a hurry: "Leader Ye, please spare me. I am just a puppet emperor pushed by the Chu family. I have no sense of belonging to the Chu family at all. As long as you, Union Leader Ye, spare me, The villain told Leader Ye a big secret about Chu Tianji."

"Oh? The big secret about Chu Tianji?"

Ye Feng descended from a high altitude, staring at the Emperor of the Chu family with some interest in his eyes, and said: "Tell me, what is the big secret? If you lie to me again, I will kill you directly."

Chapter 816 The Human Emperor's Blood War

Emperor Chu immediately spoke in awe: "Don't worry, Alliance Leader Ye, it's definitely a big secret. How dare a villain deceive you now, Alliance Leader Ye? After all, falling heads is not a joke. I still want to live a little longer." "

Ye Feng smiled and said: "You are right. As long as you bring me help, I will not kill you for the time being."

At this time, the Emperor of Chu nodded vigorously, then lowered his voice and said: "Chu Tianji recently issued a secret order, asking our Chu clan headquarters and Jin Chensha, the prince of the Holy Ancestor Dynasty, to go to our Donghuang Hall with a very famous man. The overlord force, the Human Emperor Palace, seems to be going to the Human Emperor Palace to exchange for some ancient human emperor battle blood with a human emperor peak stained with the aura of the human emperor. Chu Tianji now needs this precious human emperor in his cultivation. War blood."

Ye Feng's eyes suddenly moved, and he was immediately alarmed: "He wants to plot the blood of the Ancient Human Emperor in the Human Emperor's Palace?"

Although Ye Feng lives and practices in the Southern Territory, he has long heard of the name of the Eastern Barren Human Emperor Palace.

The only major force in the Eastern Wasteland that can make those high-class people in Zhongzhou feel awe, is probably the Palace of the Human Emperor.

Although today's Human Emperor's Palace has long lost the glory of the ancient Human Emperor who unified the human race of Longyuan Continent.

But after all, the Human Emperor Palace is the orthodox inheritance force of the ancient Human Emperor. Its foundation is many times deeper than that of ordinary overlord forces.

Just like the ancient human emperor's battle blood, it is a precious thing in the human emperor palace that is coveted by everyone in the world.

The Human Emperor's blood is when each generation of elderly emperors are about to reach the end of their lifespan and die of old age, they condense their own blood and store it in a precious container to pave the way for the cultivation of future generations.

There is no way to verify the cultivation strength of the Ancient Human Emperor. Some people say that he is much stronger than the Ancient Emperor, but others say that he is in the same realm as the Ancient Emperor and the Ancient Emperor.

No matter what the guess is, the Ancient Human Emperor was able to unify the entire human race of Longyuan Continent in that ancient era. It can be seen that his cultivation level is probably terrifying to the heavens, and is definitely not weaker than the ancient emperor.

The human dynasty controlled by the ancient Human Emperor back then had been torn apart by turmoils on the earth.

The Human Emperor died of old age, major overlords rose up, and now only an orthodox Human Emperor Palace remained.

However, in the eyes of many human cultivators in Longyuan Continent, the Human Emperor Palace still exists like an ancestral temple and is the origin of the human cultivating civilization in Longyuan Continent.

Many monks from the great forces of the human race even make pilgrimages to the Human Emperor's Palace every year to pay homage to the splendor and glory of the ancient Human Emperor.

However, some people are disdainful, such as the three major colleges on Longyuan Continent, Poseidon College in the Southern Territory, True Dragon College in Zhongzhou, and Taichu College in the Eastern Wasteland.

The founders of these three major colleges felt that the legend and glory of the Ancient Human Emperor had long ago ended in the long river of history. Their three major colleges were the origin of the true cultivation civilization of Longyuan Continent and the source of all cultivators. The Holy Land of Martial Arts.

However, the Human Emperor Palace never responded to this, so Ye Feng was a little surprised when he heard that Chu Tianji actually cooperated and was related to the Human Emperor Palace.

Although the Palace of the Human Emperor has declined, it is still the inheritor of the Ancient Human Emperor and must have a very terrifying secret hidden behind it.

If Chu Tianji really got help from the Human Emperor Palace, he would really be a bit of a threat.

It had to be said that this was the first time Ye Feng encountered an enemy that was as good as his own, Chu Tianji.

\u003c

br\u003e This person also has a great opportunity. Not only did he get the support of the old man Fate, he also surrendered the Holy Ancestor Dynasty. Behind him was the support of a cultivating dynasty family. Now he has a cooperative relationship with the ancient Human Emperor Palace. , is indeed a very difficult enemy.

Ye Feng stared at the Emperor Chu in front of him and asked: "It is said that Chu Tianji also broke the shackles of the upper limit of cultivation level. What level of cultivation level is he now?"

Emperor Chu quickly said: "According to the news I received three months ago, Chu Tianji is probably still close to breaking through to the Saint King."

"What?"

Ye Feng's eyes were shocked, and then his face became a little gloomy, and he said: "This Chu Tianji can break through so fast?"

Ye Feng knew very well that the profound meaning of fate that Chu Tianji cultivated made his combat power very terrifying.

If Chu Tianji stepped into the realm of the Saint King, it would be no less of a threat to him than the fateful old man.

"It seems that the Longyuan Continent is turbulent now. Under the general strife, I am not the only one who is making progress. Many people are defying the will of heaven and taking their lives, breaking the shackles and achieving glory."

Ye Feng murmured, then stared at the Chu Emperor in front of him, and said: "Chu Tianji actually wanted to exchange the Human Emperor Peak for the ancient human emperor battle blood in the Human Emperor Palace. Humph, that Human Emperor Mountain Peak must be the one in Poseidon

Academy. I discovered the Human Emperor Peak, and now Chu Tianji has forced the members of the Human Emperor Peak away from Poseidon Academy, occupied the Magpie Nest, and wants to sell my Human Emperor Peak, which is really abominable.”

The emperor of the Chu family immediately said in a flattering voice: "This time Chu Tianji sent the prince Jin Chensha of the Holy Ancestor Dynasty, and an ancestor of my Chu family, called Ancestor Fuyun, who not only led people Huangshan Peak also brought many other rare treasures, and wanted to exchange the blood of the Ancient Human Emperor with the Human Emperor Palace to help Chu Tianji break through his cultivation level and attempt to break into the realm of the Saint King. "

Ye Feng nodded slightly and said, "The Human Emperor Palace is not an ordinary big force. If it really joins forces with Chu Tianji, it is really a big enemy. I need to investigate the situation, eliminate all hidden dangers, cut off Chu Tianji's supply source, and make him a lonely man. Only in this way can I anger Chu Tianji, destroy his cultivation state of mind, and force him to attack my Great Emperor Alliance, and then I will kill him!" Ye Feng said, and every word made the Chu Emperor tremble with fear, "This Ye Alliance Leader, wouldn't want to go to the Human Emperor Palace to cause trouble." Swish! Ye Feng flashed to the depths of the palace and said, "Everything that happened in the palace today must be blocked. Take me to the treasury of your Chu Palace where the cultivation resources are stored. I need all the cultivation resources." The Chu Emperor had a painful look on his face. Ye Feng actually wanted to plunder the treasury treasures of their Chu Dynasty. But Ye Feng was too powerful, and the Chu Emperor had no choice. If he didn't obey Ye Feng now, he would die. "Forget it! Let's save my life first! Family and stuff, it doesn't matter, I just want to stay alive."

The Chu Emperor made up his mind that everything would make Ye Feng happy. If Ye Feng was happy, he wouldn't be killed.

It must be said that Ye Feng's strong killing completely defeated the psychological defense of the Chu Emperor.

Chu Tianji probably never thought that Ye Feng secretly attacked the Chu family behind him and plundered all the wealth accumulated by his Chu family's cultivation dynasty for thousands of years.

And the most terrifying thing is that the emperor chosen by the Chu family this generation is a coward. In order to survive, he betrayed his family and leaked secrets. He can do anything! Emperor Chu immediately said in awe: "Don't worry, Master Ye, it is definitely a big secret. How dare I deceive you now? After all, it's not a joke to lose your head. I want to live a little longer."

Ye Feng smiled and said: "You are right. As long as you help me, I will not kill you for the time being."

At this time, Emperor Chu nodded vigorously, then lowered his voice and said: "Chu Tianji recently issued a secret order to let our Chu clan headquarters and the prince Jin Chensha of the Shengzu Dynasty go to a very famous overlord force in our Donghuang Palace, the Human Emperor Palace. It seems that he wants to use a Human Emperor mountain stained with the aura of the Human Emperor to exchange some ancient Human Emperor war blood from the Human Emperor Palace. Chu Tianji needs this precious Human Emperor war blood for cultivation now."

Ye Feng's eyes moved suddenly, and he was shocked and said: "He wants to plot the ancient Human Emperor's war blood in the Human Emperor Palace?"

Although Ye Feng lives and practices in the South Region, he has long heard of the name of the East Wilderness Human Emperor Palace.

The only great power in the East Wilderness that can make those self-respecting superiors in Zhongzhou feel awed is probably the Human Emperor Palace.

Although the current Human Emperor Palace has long lost the glory of the ancient Human Emperor who unified the human race of Longyuan Continent.

But after all, the Human Emperor Palace is the orthodox inheritance of the ancient Human Emperor, and its foundation is many times deeper than that of ordinary overlords. .???.??

Just like the ancient Human Emperor's blood, it is a precious thing that the people of the world covet in the Human Emperor Palace.

The Human Emperor's blood is the blood of each generation of old people when their lifespan is about to end and they die of old age. It is condensed and stored in a precious container to pave the way for the cultivation of future generations.

The cultivation strength of the ancient Human Emperor is now impossible to verify. Some people say that he is much stronger than the ancient emperor, but some people say that he is at the same level as the ancient Human Emperor and the ancient emperor.

No matter what the speculation is, the fact that the Ancient Human Emperor was able to unify the entire human land of Longyuan Continent in that ancient era shows that his cultivation is probably terrifying and absolutely not inferior to the ancient emperor.

The human dynasty controlled by the Ancient Human Emperor has been torn apart in the chaos of the earth.

The Human Emperor died of old age, and the major overlords rose up. Now there is only one orthodox Human Emperor Palace left.

However, in the eyes of many human cultivators in Longyuan Continent, the Human Emperor Palace is still an ancestral temple, the origin of the cultivation civilization of the human race in Longyuan Continent.

Many cultivators in the major human forces even go to the Human Emperor Palace for pilgrimage every year to admire the glory and honor of the Ancient Human Emperor.

However, there are also people who disdain it, such as the three major colleges on Longyuan Continent, the Sea God College in the South Region, the True Dragon College in Zhongzhou, and the Taichu College in the East Wilderness.

The founders of the three academies felt that the legend and glory of the ancient emperor had long ended in the long river of history. Their three academies were the origin of the real cultivation civilization of Longyuan Continent and the martial arts holy land of all practitioners.

However, the Emperor Palace never responded to this, so Ye Feng was a little surprised when he heard that Chu Tianji actually had cooperation and connection with the Emperor Palace.

Although the Emperor Palace has declined, it is the inheritor of the ancient emperor after all, and it must have a very terrible background.

If Chu Tianji really got the help of the Emperor Palace, it would be a bit threatening.

It must be said that this is the first time that Ye Feng has encountered an enemy who is comparable to his own opportunity, Chu Tianji.

\u003c

\u003e This person also has a great opportunity. Not only did he get the support of the old man of fate, but he also subdued the Shengzu Dynasty. Behind him is the support of a cultivation dynasty family. Now he has a cooperative relationship with the ancient Emperor Palace. It is indeed a very difficult enemy.

Ye Feng stared at the Emperor Chu in front of him and asked: "It is said that Chu Tianji also broke the shackles of the upper limit of cultivation level. What level of cultivation level is he now?"

Emperor Chu quickly said: "According to the news I received three months ago, Chu Tianji is probably still close to breaking through to the Saint King."

Ye Feng said, and every word he said made the Chu Emperor tremble with fear, "This Leader Ye, doesn't want to go to the Human Emperor's Palace to cause trouble?"

Uh-huh!

Ye Feng ducked into the depths of the palace and said: "Everything that happened in the palace today must be blocked. You take me to the treasury of your Chu family palace that stores training resources. I need all the training resources."

The emperor of the Chu family had a look of pain on his face, Ye Feng actually wanted to plunder the treasury treasures of their Chu family dynasty.

But Ye Feng is too powerful, and the Emperor Chu has nothing to do. If he doesn't obey Ye Feng now, he will die.

"Forget it! Let's save my life first! It doesn't matter what my family is, I just want to survive."

Emperor Chu made up his mind to do everything to make Ye Feng happy. If Ye Feng is happy, he will not be killed.

It has to be said that Ye Feng's powerful attack completely defeated the Chu Emperor's psychological defense.

Chu Tianji probably never imagined that Ye Feng would secretly invade the Chu family behind him and plunder all the wealth accumulated by his Chu family cultivation dynasty for thousands of years.

And the most terrifying thing is that the emperor elected by the Chu family this generation is a weakling. He will do anything to survive, betray the family, leak secrets!

Chapter 817 Departing from the Human Emperor Palace

In the cold palace and treasury of the Chu Dynasty, Ye Feng walked in under the leadership of the Chu Emperor.

This is a huge palace, and countless cultivation resources are accumulated in the palace.

But most of them are relatively low-level elixirs, elixirs, etc.

Nowadays, there are many useful things to enhance Ye Feng's magic power. There are a total of nineteen holy-level elixirs, thirty-six holy-level elixirs, and an emperor-level elixir refined by an emperor-level alchemist.

If the bald bird were here, he would definitely rob it.

However, the bald bird is still under the ground of this Cultivation King City, tracing the ancient spirit gathering array.

So now Ye Feng walked directly in, stepped directly into the air, and began to release swallowing vortexes one by one. .??.

Previously, Ye Feng's swallowing vortex could only release a few thousand at a time.

But now as his cultivation level improved, at this moment, more than 10,000 dark swallowing whirlpools suddenly appeared in the space around Ye Feng.

Each swallowing vortex is like a black hole in the starry sky. It is so deep that when you look at it at a glance, you feel as if your entire soul is being sucked into it, sinking completely.

"boom!"

More than 10,000 dark swallowing vortexes appeared, slowly rotating around Ye Feng, and a terrifying and boundless swallowing power suddenly burst out.

At this time, all the elixirs in the entire treasury, whether they were holy elixirs or elixirs, were drained of their medicinal power and energy in an instant and turned into ashes.

And those energies turned into streams of energy, flowing out of Ye Feng's body, like the sea embracing hundreds of rivers.

This scene is full of shocking visual impact.

At this time, Emperor Chu who was watching at the gate of the treasury looked at this scene, and the fear in his eyes became more and more intense.

"What kind of inheritance does this Ye Feng get? It is so terrifying that he can seize the creation of all things in the world and strengthen his own life source."

Although Emperor Chu is a weakling, this does not mean that he is mediocre. He has the powerful cultivation of the Nine Tribulations Quasi-Sage, and his eyesight is naturally very extraordinary.

At this moment, Emperor Chu looked at Ye Feng, who was floating in the air and sitting in the center of countless dark vortexes, as if he was facing a dark king. The feeling was too dark and terrifying.

"Crack!"

"Crack!"

At this moment, in the entire Chu Dynasty's treasury, all the elixirs, elixirs, heavenly materials and earthly treasures that were originally shining with spiritual light began to change under Ye Feng's devouring vortex. It became dim, and all the inner spirituality and energy was sucked away. Each surface became dull, and then cracked and shattered.

...

Three days and three nights later.

Ye Feng swallowed up the entire Chu dynasty's treasury.

The Chu dynasty's thousands of years of accumulation were all devoured by Ye Feng in a few days.

His cultivation level surged directly from the early stage Eight Star Saint that he had just broken through to the later stage of Eight Star Saint.

It only takes one final kick to break through and enter the Nine-Star Saint.

This is equivalent to Ye Feng directly swallowing and refining the power of a five-star saint king.

It has to be said that the Chu Dynasty, a cultivating dynasty, still has a very strong wealth base in the treasury.

But now, it was all achieved by Ye Feng alone.

"Congratulations to Leader Ye for your great achievement!"

At this time, the Emperor of the Chu family came in from outside the treasury and immediately spoke respectfully.

He took a slight look at the entire treasury, which had gone from being filled with countless elixirs and elixirs to being empty now. He was very frightened in his heart. He felt that Ye Feng did not look like a human being at all, but the incarnation of an ancient evil beast, capable of swallowing food from the sky. land.

Ye Feng withdrew the swallowing vortex and landed from high altitude. He just glanced at the Chu Emperor and said: "It's still early to achieve the great feat of magic, it's just a slight increase."

At this moment, Ye Feng stared at the Emperor of the Chu family and said: "The prince Jin Chensha of the Holy Ancestor Dynasty you mentioned before and the ancestor Wang Fuyun, a three-star saint of your Chu family, went to the Human Emperor Palace in the Eastern Wasteland together. In exchange for the ancient human emperor's battle blood, right?"

Emperor Chu immediately smiled respectfully and said, "Yes, Leader Ye."

Ye Feng said: "When did they set off?"

Emperor Chu immediately replied: "Just half a month ago, I and all the civil and military officials of the royal family saw him off together."

Ye Feng's eyes flashed and he said: "How did they get there? How long will it take to arrive at the Human Emperor's Palace?"

Emperor Chu said: "They have brought a lot of precious treasures and cultivation resources, and the storage spirit ring cannot hold so many. After all, they want to exchange the Human Emperor's battle blood with the Human Emperor Palace, but it is so simple and requires a lot of treasures and resources, so they finally chose to use a huge cargo ship to transport it by water. It should take a month to reach the Human Emperor Palace. "

Ye Feng's eyes showed a cold meaning and said: "If Chu Tianji gets the blood of the Ancient Human Emperor, his strength will definitely be greatly improved. He must not be allowed to get the blood of the Human Emperor."

Emperor Chu said: "Leader Ye, I have a way, that is, we catch up with Jin Chensha and Ancestor Fuyun and kill them both. Among them, Jin Chensha is not a big concern. Although he is the prince of the Holy Ancestor Dynasty, he has not even entered the realm of saints. Although Patriarch Fuyun is a three-star saint king, you, Alliance Leader Ye,

With his strength and means, it would definitely be easy to kill him. "

Ye Feng shook his head and said: "I don't want to ruin this deal, because I also need the Human Emperor's blood. The Human Emperor's blood contains the core power of the ancient Human Emperor from ancient times. If I get it, It is of great benefit to my cultivation."

Emperor Chu hesitated a little and said: "Leader Ye, do you mean that after they finish the transaction, we will snatch the human emperor's blood from their hands?"

Ye Feng smiled slightly and said: "I want all the Human Emperor's war blood in the Human Emperor's Palace. The small amount of Human Emperor's war blood they trade is not enough for me."

"That's impossible."

The Emperor of the Chu family suddenly shook his head like a rattle and said: "I don't know the reason why the Renhuang Palace, which has always been independent of the world, unexpectedly united with Chu Tianji, but even if the Renhuang Palace is willing to surrender to Chu Tianji, it is impossible to sell all the Human Emperor's war blood. The Human Emperor's war blood is the most precious thing in the Human Emperor's Palace. It is the cornerstone for cultivating generations of young heirs in the Human Emperor's Palace. At most, only a small part of the Human Emperor's blood can be traded. War blood."

Ye Feng's smile was a little cold at this time, and he said: "I have told you a long time ago that Chu Tianji and I were competing with each other in the Southern Territory. I wanted to kill Chu Tianji a long time ago, but now I don't know if he can get it." What a great opportunity to grow so fast. Among the group of young talents of the same level in the entire Southern Region, Chu Tianji and I are probably the two most powerful now, so Chu Tianji is the one in my eyes. I must get rid of this huge threat. Chu Tianji's friends are my enemies. If the Human Emperor Palace dares to help Chu Tianji, in my eyes, it is already considered a hostile force. "

When the Emperor of the Chu family heard what Ye Feng said, his eyes suddenly changed, and he said with some horror: "Master Ye, you mean that you went there this time not only to destroy the deal between Jin Chensha and Ancestor Fuyun to trade the blood of the Human Emperor, and still want to deal with the Human Emperor Palace?"

Ye Feng nodded slightly, which made the Emperor Chu's face immediately look horrified and his body was trembling.

The Human Emperor's Palace, in the entire Eastern Wasteland, is simply the origin of the entire human civilization.

Emperor Chu immediately advised: "Leader Ye, this is absolutely impossible to do. Even if there is something wrong with the Human Emperor Palace, it cannot be used against the Human Emperor Palace. The Human Emperor Palace is the origin of our human civilization, and it is extremely sacred. "

Ye Feng smiled coldly and said: "That's bullshit about the origin of human civilization. To tell you the truth, Longyuan Continent is just a super large island in the endless ocean on a large interface called the spiritual world. Martial arts practice on Longyuan Continent The origin of civilization comes from the land of the spirit world. Huh, what is the Human Emperor Palace? It dares to claim

to be the origin of human civilization. I am not afraid of Feng Da's tongue. At most, I will deceive you who were born after the Longyuan Continent was isolated from the world. people.”

Emperor Chu's eyes were horrified when he heard Ye Feng say these words, such as the spiritual world, such as Longyuan Continent is just a big one on an endless ocean.

Islands, these caused Emperor Chu's worldview to undergo huge changes, even collapse.

Ye Feng looked at the stunned Emperor Chu and said directly: "I'll think about it again if I want to deal with the Human Emperor Palace. After all, I don't know if there is an ancient peak saint king or a powerful saint in the Human Emperor Palace. Let's first Let's set off to follow the team of Jin Chensha and Ancestor Fuyun, and we'll make other plans later. Anyway, now that I know the news, that Human Emperor Zhanxue belongs to me, and Chu Tianji can't even get it!”

After the words fell, Ye Feng became more and more passionate about improving his cultivation and strengthening his strength to the realm of the Saint King.

If you step into the Saint King level, use the various means you have, and all kinds of powerful imperial weapons, and master the best imperial weapons like War City, you can really sweep across the human land of Longyuan Continent. Everything is over, even the Great Sage is no longer afraid.

At this time, Ye Feng was thinking in his heart that he must get the Human Emperor's battle blood from the Human Emperor Palace!

Emperor Chu was a little scared at this time, but he thought that Ye Feng might kill him at any time with a thought.

He gritted his teeth and said: "Okay, I will take you, Leader Ye, to chase Jin Chensha and Ancestor Fuyun's team, but Leader Ye, you have to promise me that when you catch up with their team, you will let me go. I really don't want to die.”

Ye Feng glanced at the Chu Emperor and said, "Okay, I promise you, I will let you go if we catch up with the team Chu Tianji sent to the Human Emperor Palace to trade the Human Emperor's blood.”

Emperor Chu was very happy and said: "Okay, I will take you there right away! There is a sea-going ship called Wind and Waves in my Chu family's palace. The whole body is made of meteorite

iron from outside the territory. The entire hull of the sea-going ship is engraved. The speed-attributed holy-level spiritual formation can travel thousands of miles a day, and we can catch up with that cargo ship team in less than three days."

Ye Feng was a little surprised and said: "Why didn't they use this or something like the Wind and Waves? After all, it was so fast."

Emperor Chu said with a smile: "Because this ship is very small and can only accommodate a few people. It cannot hold so much trading goods. Their cargo ship is very huge, but the speed is relatively slow."

Ye Feng nodded and said, "Go ahead and get ready. When we are ready, we will set off directly."

"Okay, I'll do it right away."

Emperor Chu left and went to do things in high spirits.

This time Ye Feng agreed to let him go, which made Emperor Chu very happy.

Ye Feng didn't care about this. The emperor of the Chu family was just a nobody, and he betrayed the Chu family. Even if he let him go, he might be killed by Chu Tianji's subordinates the next day. Now he just wanted to use up his remaining Lower utilization value.

At this time, Ye Feng spread the message to the entire royal city area and said: "Master Bird, have you traced your ancient spirit gathering array? I will leave this Cultivation King City soon and set off for the Human Emperor Palace."

Chapter 818 Gale Emperor Seal

Ye Feng's voice spread throughout the royal city, so the bald bird heard the voice quickly, and then walked into the palace from the outside.

The bald bird looked at the empty palace and said with some confusion: "I can hear countless souls wailing here. There was a tragic killing here."

Ye Feng just asked: "How is the ancient spirit gathering array I asked you to trace?"

The bald bird took out a piece of crystal and said: "I took action, and it was naturally done. I have reduced the core pattern of the ancient spirit gathering array and traced it in this space crystal. Ye Feng, you can take it. Just let the formation master expand and cast it."

With that said, the bald bird threw the crystal to Ye Feng.

Ye Feng held the crystal, penetrated it with his spiritual mind, and ran the Divine Eye of Creation. He immediately saw that inside this small crystal, which was no more than the size of a palm, there was a huge mustard space, in which the spiritual lines of light were densely packed. A very complex and complicated route formed a huge ancient spirit gathering array.

At this time, Ye Feng was a little surprised and said: "The formation is really magical. The vitality of the world is entangled with spiritual threads to form a special field with special effects, which is also called the formation." Law'."

The bald bird glanced at Ye Feng, smiled proudly, and said: "Boy Ye Feng, if you have time, you can study formations, alchemy, weapon casting, etc. It will also be of great benefit to your martial arts practice. You can worship me. As a master, I have good attainments in formations, alchemy, weapon refining, talisman making, etc. I am not a master, but I am definitely an expert."

Seeing the bald bird's triumphant look, Ye Feng couldn't help but smile and said, "Let's talk about it later when we have time. When I'm not busy anymore, I might take the time to study formations, alchemy and other side theories, but now I feel that I It's better to focus on improving your cultivation strength. If you can't even survive anymore, how can you talk about formations and alchemy?"

The bald bird looked at the sky and said: "Dark clouds are pressing down on the sky, and a catastrophe is coming. I don't know what is so strange about this small so-called Longyuan Continent, which is just a big island in the endless ocean of the spiritual world. This place is actually worthy of the deployment of those demons from outside the territory for so many years, but fortunately, for the time being, I can only feel the demons at the imperial level, the truly powerful and immortal demons.

If it doesn't come, it can be considered a blessing for you, Longyuan Continent. "

Ye Feng spread his hands and said: "Not to mention demon gods, even the demon emperor-level extraterrestrial demons are already so oppressive to me and all the human cultivators in Longyuan Continent that I can't breathe. "

Ye Feng said at this time, suddenly stared at the bald bird, and said: "What is the realm above the ancient emperor? Is it a god?"

The bald bird glanced at Ye Feng and said: "We are still too far away from God. You have to know that the so-called ancient emperor of Longyuan Continent is not weak in the spiritual world, but he is not particularly strong either. He belongs to At the level of the Imperial Realm, there are ten heavens in the Imperial Realm. Above the ten heavens are the nine super secret realms for seeking immortality. Only by surpassing the nine secret realms can one ascend to the Immortal Gate and become a fairy-like immortal existence with a long history. Shou Yuan, above all immortals, is the god!"

The tenth level of the Imperial Realm!

Nine super secret realms!

Above the immortals, there is God!

At this moment, listening to the bald bird's explanation, Ye Feng's heart was shocked.

The road to martial arts is still far away.

He once thought that the ancient emperor was the end of martial arts practice. His father, Emperor Ye Qing, who claimed to be the "God Emperor of Creation", was the ancient emperor.

But now, with the improvement of his cultivation, the broadening of his horizons and the accumulation of martial arts knowledge, Ye Feng realized that his previous knowledge was a little too taken for granted.

The ancient emperor was the most powerful being on the Longyuan Continent, but on the real land of the spiritual world, he was not particularly powerful. Only practitioners of the nine super secret realms who had surpassed the imperial realm were considered to be in the spiritual world. Mainstay.

At this time, Ye Feng smiled slightly. Although he was the prince of the divine dynasty who created the divine dynasty three thousand years ago, he was unable to practice due to the cursed body he was born with. His life span was only more than ten years. He was locked in the palace and was in a

state of chaos. Under his protection, he is like a bird in a cage or a fish in a tank, with almost no knowledge of martial arts practice.

Fortunately, this

This life can make up for all regrets!

When Ye Feng thought about this, his thoughts about improving his strength and taking control of his own destiny became more and more intense.

"Go to the Human Emperor's Palace this time. If you find out that the Human Emperor's Palace is really secretly helping Chu Tianji, then kill them directly. This will just happen to plunder all the Human Emperor's battle blood and cut off Chu Tianji. A huge helper."

Ye Feng thought secretly in his heart and let the bald bird enter the spirit beast bag.

It happened that at this time, the Emperor of the Chu family hurriedly walked out from the depths of the palace.

When he saw Ye Feng, he immediately smiled and said: "I have taken the fast sea ship and put it in the storage ring. Let's set off directly."

Apparently, the news that Ye Feng had promised Emperor Chu to let him go made Emperor Chu very happy.

Ye Feng nodded and followed the Emperor Chu. The two of them quickly left the Cultivation Dynasty and came to a huge lake on the edge of the Dynasty in a very low-key manner.

A big river runs through the entire land and mountains, with no end visible at a glance. The water and sky are the same color, and it is very vast and broad.

Emperor Chu pointed to the distance and said: "This lake leads to a sea area, which is exactly the route Jin Chensha and Ancestor Fuyun took to go to the Human Emperor's Palace. It only takes a few days for us to catch up." their fleet."

As he spoke, the storage ring in Emperor Chu's hand flashed, and a small and exquisite ship suddenly appeared on the lake.

The entire ship was made of meteorite iron from outside the region, glowing with a cold metallic light above the lake.

At this time, Ye Feng and Emperor Chu stepped directly onto the boat.

"boom!"

The Emperor of the Chu family input strong mana on the rudder, and at the end of the entire metal boat, a wind-attribute formation composed of speed spirit patterns appeared, and an extremely powerful hurricane force burst out.

"Wow!"

Almost at that moment, the heavy metal boat turned into a dragon in the water, creating a huge wave and moving rapidly towards the distance.

As we advance, the surrounding scenery and mountains are retreating rapidly, giving us the feeling of riding a long wind and breaking thousands of miles of waves.

Ye Feng stood firmly in front of the bow of the metal boat, closing his eyes and feeling the rhythm of this extremely fast hurricane.

At this moment, Ye Feng's Soul Emperor Seal slowly started to operate automatically.

At this moment, in Ye Feng's soul world, in the dark space, next to the Great Thunder Emperor Seal and the Fire Emperor Seal, a mark belonging to the origin of the wind attribute was slowly condensing and appearing.

"The third imperial seal of the Soul Emperor Seal, the Gale Emperor Seal!"

"Using the sky and the earth as the sea, using the soul as the boat, traveling throughout the entire void and universe is the essence of wind's power."

"My father named me 'Wind' back then. I'm afraid he also hoped that I could be like the free wind, traveling around the endless world without restraint. Unfortunately, I was born with a cursed body and am a sickly child..."

Ye Feng had a clear understanding in his heart. At this moment, he suddenly opened his eyes, opened his mouth, and swallowed the world.

"Buzz!"

The endless hurricane was swallowed into his mouth, and the vitality and wind in the entire space in front of him disappeared instantly, turning into a vacuum for a moment. The metal boat unexpectedly fell deeply into the depths of the lake in the vacuum.

"call!"

But at the next moment, before Emperor Chu could make a sound in horror, Ye Feng opened his mouth and spat out, and a huge gust of wind blew the metal boat from the bottom of the lake to high in the sky, and then landed on the lake with a "snap" sound. .

"Leader Ye! What magical skills are you practicing?" The Emperor of the Chu family was horrified.

Just now, Ye Feng opened his mouth and vomited, and there was a sense of earth-shaking changes, which shocked people extremely.

Ye Feng did not explain, but just said: "You continue to activate the wind attribute formation on the boat, keep moving forward, and don't worry about me."

Although Emperor Chu was surprised, he was too embarrassed to ask any more questions and just said respectfully: "Okay."

But in his heart, the Emperor of the Chu family felt inscrutable and even more in awe of Ye Feng, a boy who looked to be only eighteen or nineteen years old.

Chapter 819 Tracking

Driven by the wind attribute spiritual formation, the metal boat was like a dragon in the sea, moving very fast.

In less than a few days, they had traveled far away from the area where the Chu Dynasty was located, traveling from the inland lakes and rivers to the boundless ocean surrounding the Eastern Wasteland.

In the past few days, Ye Feng has been standing at the front of the metal boat, feeling the rhythm of the roaring hurricane, so as to understand the third seal of the Soul Emperor Seal, the Gale Emperor Seal.

The awakening of the Gale Emperor's Seal was a complete accident. Even Ye Feng himself did not think that perhaps it was the improvement in his mood at that moment that allowed his soul to swim around the world like the wind, thus deriving the Gale Emperor's Seal.

At noon on the fourth day, the sun was shining brightly on the ocean, and the seawater exuded a faint salty smell. At this time, the Emperor Chu, who was sitting on the back of the metal boat, suddenly exclaimed: "Leader Ye, we have caught up. ! Look in that direction!"

Ye Feng looked in the direction of Emperor Chu's finger, and immediately saw a huge six-pole cargo ship, like a huge ocean beast, driving in the distance.

This six-rod cargo ship exuded a faint spiritual light, and Ye Feng could feel a very strong destructive wave from it.

Obviously, in addition to having a huge space and transporting countless resources and wealth, this six-rod cargo ship is also a war ship that can release destructive attack power at any time.

The Emperor Chu immediately spoke out: "The ancestors Jin Chensha and Fuyun who traded the blood of the Human Emperor this time with the Renhuang Palace must be on that huge cargo ship. I personally led the civil and military officials more than half a month ago. , there is absolutely nothing wrong with sending them away from the Chu Dynasty's Dahu Port."

Ye Feng nodded, looked at the Chu Emperor, and saw the expectant look in the Chu Emperor's eyes.

Ye Feng couldn't help but smile and said, "Let's go."

Emperor Chu's eyes were very surprised and he said: "You really just let me go?"

Ye Feng said: "Otherwise?"

A fearful smile appeared on Emperor Chu's face, and he said: "I thought you would kill me directly before letting me go because of the lies you told me. Many big shots would do this."

The corners of Ye Feng's mouth curved and he said: "If I wanted to kill you, I wouldn't give you a promise to let you go. I would either kill you directly or give you a promise, and I would definitely do it. I have always been very strict in my behavior. Who would trust someone who changes his orders every day?"

The Emperor of the Chu family bowed his hands to Ye Feng with great admiration and said sincerely: "Thank you, Leader Ye, for keeping your promise. I'm leaving."

"etc."

Ye Feng suddenly spoke up, staring at the confused look on Emperor Chu's face, and said: "You can choose to stay and work for me. You have betrayed Chu Tianji now. Even if you leave me, you will still be betrayed by Chu Tianji." Chase."

Emperor Chu smiled slightly and sighed: "I will not enter the world of spiritual practice again. Maybe I will seek a secular place to meditate for the rest of my life. In this life, I have experienced being young and promising, fighting for power, seizing the throne, and then betraying the family. Becoming a lonely person... Haha, I don't want to be so thrilling anymore."

Having said this, the Chu Emperor solemnly clasped his fists at Ye Feng and said, "Leader Ye, take your leave."

As soon as he finished speaking, the Chu Emperor jumped up and turned into a rainbow of light, disappearing at the far end of the ocean.

Ye Feng watched Emperor Chu go away without saying anything else.

He looked towards the huge cargo ship in the distance, then put the metal boat into the storage ring and lurked over there alone.

There is a layer outside the cargo ship

Guarded by the light blue spiritual array, Ye Feng found that he could not lurk inside the cargo ship.

He could only stay in the ocean and slowly follow this huge cargo ship.

From the cargo ship, Ye Feng felt that in addition to the cultivation aura fluctuations of a three-star saint king, there was also a mysterious aura that even he felt a little afraid of. It might be a hidden strong man.

"It seems that Chu Tianji attaches great importance to this trip to the Human Emperor Palace to trade the Human Emperor's war blood. In addition to Ancestor Fuyun, the three-star Saint King, there are actually stronger beings following him. It seems that I can't make a move rashly for the time being. So as not to alert others, let them trade first, don't be in a hurry."

Ye Feng thought in his heart, just like a ghost in the ocean, following the huge cargo ship. .??.

Half a month later, the huge cargo ship finally arrived at a huge port.

At this moment, Ye Feng suddenly flashed his figure and jumped to the port one step ahead. He restrained his aura and became an ordinary person, pretending to be walking around the port.

His eyes were always fixed on the cargo ship. At this time, after the cargo ship docked, several figures walked directly off the cargo ship.

The leaders were three people.

A tall young man wearing a golden imperial robe, whose cultivation aura is that of the Nine Tribulations Quasi-Saint, is none other than Jin Chensha. This peerless genius in the Southern Region who was originally on the same level as Ye Feng and Chu Tianji, obviously does not have

After breaking the shackles of the upper limit of cultivation, his cultivation still stayed at the quasi-sage level, lagging behind the two of them countless times.

Next to Jin Chensha, stood a burly old man wearing a long robe. On the long robe were painted evil beasts of various shapes, just like the robe of ten thousand beasts, exuding a ferocious feeling of deep mountains and wild forests. Qi, this person's cultivation fluctuates and he is a three-star saint king. Ye Feng guessed that he should be the Ancestor Fuyun.

However, the two people standing on both sides were led by a young man in the middle. Ye Feng actually knew that young man. He was a peerless genius named Ling Tian who had participated in the Hundred Dynasties War with him.

Ye Feng still remembers that after the Hundred Dynasties War, this Ling Tian was judged to be the pinnacle saint-level genius, second only to himself, the emperor-level genius, so Ye Feng had some impressions of him. He remembered that Ling Tian finally joined the Saint Ancestor. The dynasty was the dominant force in the southern region.

Unexpectedly, Ling Tian secretly grew up so fast now. The fluctuations in his cultivation aura made Ye Feng feel a little afraid of the cold.

This Ling Tian seems to be a person with great luck. Like Chu Tianji, as a late star, he broke the shackles of the upper limit of cultivation. This is something that Jin Chensha has not been able to do. No wonder Jin Chensha is now the saint ancestor. The princes of the imperial dynasty must follow Ling Tian and follow his lead.

"It seems that this Ling Tian is a bit tricky. His cultivation aura seems to be hidden by a very special method. Even my Divine Eye of Creation can't see through it for the time being. There are still peerless evildoers in this world, and I'm not the only one. One person and many people are making progress and becoming stronger. There are people outside the world. "

Ye Feng murmured in his heart, but he was not too afraid. Like himself, this Ling Tian was not a strong man of the older generation, but a younger generation. Even though his cultivation was blocked by special means and could not be detected, Ye Feng felt that, This Ling Tian definitely has not stepped into the Sage King, otherwise how could he submit to Chu Tianji and work for Chu Tianji.

However, peerless prodigies like Ling Tian and Chu Tianji, like himself, even though they have not reached the Saint King level in cultivation, are certainly very powerful, and are even greater threats than the three-star Saint King of Fuyun Patriarch.

Thinking of this, Ye Feng was even more glad that he didn't take action rashly. Now he could observe first and then make plans.

Chapter 820 Frightened and Furious

Ye Feng was lurking among the ordinary people at this time, watching Ling Tian, Jin Chensha and Ancestor Fuyun walking towards the center of this area.

There is a magnificent tower in that direction. It is rumored that it is an ancient warrior called the "Human Emperor Tower". It contains the power and glory of the ancient Human Emperor and has incredible power.

But now that giant tower is the headquarters of the Human Emperor Palace. The Human Emperor Palace has stood in this area for countless years, and no one has ever dared to offend it.

Ye Feng restrained his own cultivation and aura fluctuations, like a ghost, flickering in the crowd, erratic, followed Ling Tian, Jin Chensha and Fuyun Ancestor to the entrance of the Human Emperor Palace, the most sacred overlord force in the Eastern Wasteland. at.

"Hahaha! Dear guests, the master of the palace has been too busy recently to come in person, so we can only welcome a few of us temple guardians. I feel sorry for not being able to welcome you from afar." .??.

At this time, a group of strong men wearing golden shirts came out of the Human Emperor's Palace. There were men and women. Their cultivation auras were very powerful. They were obviously big shots in the Human Emperor's Palace. They came out specially to greet Ling Tian and Jin. The three ancestors, Chensha and Fuyun.

Ye Feng's eyes darkened slightly. It seemed that Chu Tianji sent these three people this time not just to trade the human emperor's blood. They had such a good relationship, so they must have a deeper cooperation.

In other words, Chu Tianji actually found a way, and everyone in the imperial palace silently supported him.

No wonder he was able to continuously conquer every first-class power in the Southern Territory. Even the Holy Ancestor Dynasty had to submit to Chu Tianji and become a minister of Chu Tianji's Prodigy Alliance.

At this time, in front of the Human Emperor's Palace, Ling Tian's eyes were very cold, and he seemed to have a sense of aloofness. He said slowly: "We came to the Human Emperor's Palace today, in addition to exchange for the Human Emperor's battle blood, we also brought you the The oracle of existence, let's talk about this later."

"Okay, okay."

The several temple guardians who came out to greet them from the Human Emperor's Palace were startled when they heard the "that being" mentioned by Ling Tian, and then they politely welcomed the three of them into the Human Emperor's Palace.

"That existence? Who is it? Old Man Fate? But no matter how powerful Old Man Fate is, he cannot let him

Isn't the Human Emperor's Palace, the first holy land in the Eastern Wasteland, so polite? A little weird. "

Ye Feng's heart was full of doubts, but now he had heard from the eavesdropping. It seemed that Chu Tianji's ability to get the support of the Human Emperor Palace must be closely related to the "being" that Ling Tian just mentioned.

It is very likely that there is a big man behind the scenes between the two parties, who brokered the deal and allowed the two parties to reach a cooperative relationship.

"It seems that it is necessary to enter the Human Emperor's Palace to investigate and plot the blood of the Human Emperor."

Ye Feng secretly planned in his heart, preparing to wait until dark and sneak into the Human Emperor's Palace.

After all, the Human Emperor's Palace is different from the Chu Dynasty, a small cultivating dynasty. A direct attack would not only frighten the enemy and allow important figures to escape, but may also encounter an irresistible blow.

The Human Emperor's Palace is the most sacred place of martial arts in the Eastern Wasteland. It is rumored that the ancient Human Emperor's first offensive weapon, the Human Emperor's Brush, has transformed from a weapon into a human being. He is suppressing the secrets in the Human Emperor's Palace. Ye Feng knows the priorities. Naturally, he will not act rashly.

Being brave does not mean being irrational. On the contrary, Ye Feng is very rational and calm.

...

late at night.

On the endless dark sky, there are stars.

Like bright diamonds set in the sky.

At this time, under the hazy and cold moonlight, the entire area of the Human Emperor's Palace had become extremely quiet.

However, at the entrance of the Human Emperor's Palace, there were groups of guards wearing golden armor.

Each of the guards is tall and brave, with energy and blood in their bodies like a frenzy. They are all strong men at the level of the Holy Realm!

It has to be said that it is amazing how deep the foundation of the Human Emperor's Palace, the first holy land of cultivation in the Eastern Wasteland, is.

"Buzz!"

At this time, Ye Feng came to the side of the Human Emperor's Palace

In front of the tall and majestic wall, jump directly into the void.

Ye Feng could use the Saint King's methods even in the Saint realm, which provided him with great convenience.

"Buzz!"

Visible to the naked eye, Ye Feng stepped into the void in one step, and then walked out of the void on the inside of the wall, perfectly "passing" the huge and majestic thick wall without disturbing anyone.

The many powerful golden-armored guards guarding the entrance to the Human Emperor's Palace were still standing there with proud faces and were heavily guarded. Little did they know that someone had already sneaked in.

It has to be said that as his cultivation level has improved and his methods have become stronger, Ye Feng has been able to use various secret magical powers to go wherever he wants. These ordinary monks would never have imagined that he has such power. latent means.

Soon Ye Feng shuttled through a large area of buildings in the Human Emperor's Palace, looking for the scent of Ling Tian and his party.

With huge soul power spreading out, Ye Feng easily captured the unique auras of Ling Tian, Jin Chensha and Fuyun Ancestor from before.

Uh-huh!

Uh-huh!

Ye Feng galloped away in a certain direction. The Gale Emperor Seal could even emit tangible power from his soul, forming a small cyclone around Ye Feng.

These cyclones were very tiny, with tens of thousands of them, making Ye Feng feel as if he had turned into the unpredictable wind, with a light body and extreme speed.

After quickly traveling through various buildings, areas, pavilions, etc. in the headquarters of the Human Emperor's Palace, Ye Feng finally stood in front of a huge and magnificent building. .

This building is circular in shape and looks like an ancient Buddhist temple, but it also looks like a temple. The walls are carved with a figure of an ancient human emperor, and it has an antique and huge momentum.

Anyway, the whole building gave Ye Feng a very strange feeling. The word "sacred church" was traced and carved on the plaque of this huge temple.

"This is the Human Emperor

The temple within the temple? It seems that the Palace of the Human Emperor is a very secret and sacred place. Are they trading the blood of the Human Emperor? "

Ye Feng thought in his heart, and his eyes became a little hot. He immediately jumped up, radiated his soul power, and made sure that there was no protective formation, and rushed directly into the temple.

What surprised Ye Feng was that there were no guards in this huge temple. It seemed that they had dismissed everyone on purpose.

At this time, Ye Feng was secretly lurking in a corner of the temple, looking toward the center.

But just this look shocked Ye Feng's heart.

At this time, there was a huge sculpture placed in the center of the church.

But that sculpture is not the sculpture of the Human Emperor, but a sculpture of a devil with a ferocious face, exuding an extremely evil and dark demonic energy!

At this time, under the demon sculpture, Ling Tian, Jin Chensha, Fuyun Ancestor, and the upper level of the Human Emperor Palace and the Temple Protectors who greeted the three of them that Ye Feng saw before were actually paying homage to the demon sculpture!

The Holy Church is originally an extremely sacred place, representing the glory of the Ancient Human Emperor.

But probably no one would have thought that the sculpture placed deep in the temple at this time turned out to be an evil demon sculpture.

Moreover, Ling Tian and the others, as well as several high-ranking figures from the Human Emperor Palace, actually paid homage to the Demon God together.

"Demon God above, please allow us to offer sacrifices and receive your great and immortal power, so that we can achieve higher cultivation and strength..."

At this moment, a group of people in the church were praying while speaking piously.

At this time, Ye Feng, who was hiding in the corner, his eyes suddenly became extremely frightened and angry, and his heart became cold.
