

## Ancient 821

### Chapter 821 House

The scene that came into view deep in the temple at this time made Ye Feng feel a violent shock in his heart.

He never thought that this group of people would secretly unite with the recognized enemies of Longyuan Continent, the extraterrestrial demons.

It's really shocking!

Ye Feng looked at those people. His whole body was exuding a faint black aura of extraterrestrial demons, and there was a surge of demonic light in his eyes. It was obvious that he had believed in the demon god for a long time, and his whole person was transformed into a demon.

But what is shocking is that these people show no demonic aura at all in their daily lives, and ordinary people cannot see through their true colors at all.

Ye Feng quietly exited the temple and walked aimlessly in the Human Emperor's Palace. He was thinking about how to deal with everything he encountered.

"Those temple protectors, Ling Tian and others have obviously believed in the devil. I wonder if the master of the human emperor palace and the supreme elders know about this, or is it that now the entire human emperor palace, all They have all become believers of the devil..."

Ye Feng was thinking secretly, when the bald bird emerged from the spirit beast bag and said: "Go and ask the Human Emperor Bi. The Human Emperor Bi is the orthodox representative of the Ancient Human Emperor. It is impossible for the Human Emperor Bi to betray." Humanity is righteous."

Ye Feng listened to what the bald bird said, nodded slightly, and said: "Yes! The Human Emperor's Brush has its own will, and even transformed into a human being. The Human Emperor's Brush is a rare treasure of the ancient human race's fortune. As a human being, it is impossible to betray the righteousness of the Human Emperor. If I can find him, he may be able to help me deal with Ling Tian and others."

Ye Feng thought in his heart and quickly left the temple. .??.

He did not choose to attack directly in the temple, because that group of people received the will of the immortal demon god in the demon world, and the energy transferred to them from the demon world became extremely powerful, and he probably could not kill them all by himself.

So now we can't alert the snake, we must find help.

The legendary Human Emperor's Brush is definitely the best choice.

The status of the Human Emperor's Bi in the Human Emperor's Palace is even higher than that of the masters of every generation of the Human Emperor's Palace.

\u003c

br\u003e Because the Human Emperor's Bi has experienced endless years. Millions of years ago, it followed the Ancient Human Emperor to command the entire human race, conquer hundreds of tribes on the earth, and suppress savage beasts.

The Human Emperor's Pen is a powerful and rare treasure forged by the Human Emperor. It represents the rise and fall of the human race's destiny, and is the true symbol of the human race's orthodoxy on Longyuan Continent.

Therefore, the Human Emperor's pen cannot be corrupted. His spirit is eternal and represents the ultimate glory of the ancient Human Emperor.

Therefore, even the bald bird, a sacred bird, can guarantee that the Human Emperor's Pen will only be destroyed and will not be tempted to fall into the demon clan.

"Stop! This is the important place of the Holy Temple. You look so unfamiliar. Who is running it? Why don't you know the rules of our Human Emperor Temple?"

Just when Ye Feng left the temple, a woman's loud shout suddenly sounded behind him.

Ye Feng paused slightly, turned around and looked behind him, and found a beautiful girl in a light blue dress standing there not far away.

The girl is not beautiful, it can only be called fresh and pretty, but she is petite and exquisite, giving people a very cute and beautiful feeling.

"You young man, don't you know me?"

The girl in the light cyan dress is not very old herself, but at this time she pretends to be a little adult and calls Young Ye Feng, "Hey, I'm talking to you, are you deaf? Why don't you respond?" I?"

Ye Feng stared at the girl in the light cyan dress, his eyes a little surprised that he couldn't see through the girl's cultivation aura.

"Did a fool escape?"

The girl in the light blue dress walked up to Ye Feng, stretched out her hand and shook it at Ye Feng's seemingly dull eyes.

Ye Feng immediately said: "What are you doing? I'm not deaf, I just looked at you.

It's like an old friend of mine, so he is in a daze. "

The girl in the light blue dress showed a trace of disdain in her eyes and said: "Am I like an old friend of yours? Huh, you lied to me. Do all men like to lie to girls like you?"

Ye Feng was a little surprised, he didn't expect this girl to say such words.

He couldn't help but smile and said: "You really look like an old friend of mine. Her name is Chu Huanxue. I was her master for a while. You, little girl, are very similar to her."

"real or fake?"

The girl in the light blue dress had a hint of doubt in her eyes, but the next moment, she seemed to suddenly think of something, and she immediately said angrily: "What did you call me just now? Little girl? I'm not young anymore, okay! Stop it!" Call me little girl!"

The girl in the light blue dress seemed to be very sensitive to the term "little girl". She immediately screamed in anger and deliberately puffed out her chest.

At this time, Ye Feng felt that the girl in front of him was very interesting, and couldn't help but smile and joke: "You said you have never seen me, then I have never seen you, how can you prove that you are from the Human Emperor's Palace?"

"You...you actually doubt my identity?"

It seemed that this was the first time that the girl in the light cyan dress had heard someone doubt her identity.

She immediately pulled Ye Feng towards a certain direction and said, "I will take you to see my Grandpa Bi. Grandpa Bi will prove my identity."

Ye Feng was a little surprised and said: "Your grandfather's surname is 'Bi'? This surname is very rare."

The girl in the light blue dress glanced at Ye Feng with her beautiful eyes and said: "Grandpa Bi has no surname. He is transformed from a rare treasure, but he is more powerful than anyone else in the Human Emperor's Palace. People call him Human Emperor Bi, so I call him Grandpa Bi."

"Human Emperor's Brush!"

Ye Feng's eyes suddenly moved and he said: "Are you sure that Grandpa Bi of yours is called the 'Human Emperor'?"

Pen'? "

"yes."

The girl in the light blue dress nodded and said: "What? Haven't you heard of it? But seeing that you are so young, you may be the grandson of an elder in our Human Emperor Palace. You are an ignorant boy who does not know some basic common sense. It's also normal."

Ye Feng smiled and said: "At least, I am older than you."

The light green evergreen girl wrinkled her beautiful little eyebrows and said: "We are only a few years older. We are the same age. You and I go to see Grandpa Bi. He may give you some opportunities and fortunes, which will benefit you a lot." "

Hearing this, Ye Feng thought this girl was interesting, but to be able to call the Human Emperor Bi 'Grandpa Bi', it was obvious that this girl in a light cyan dress must have a very noble status in the Palace of the Human Emperor.

Ye Feng asked: "I still don't know your name yet."

The girl in the light blue dress curled her lips and said, "Say your name first."

"Ye Feng."

"What an ordinary name. My name is Yuan Xiang, and it's quite ordinary."

The girl said, pulling Ye Feng and jumping, she had already walked outside an ancient mansion.

Ye Feng's eyes narrowed slightly, and he saw a black-haired old man as tall as a pillar of heaven, wearing a sharp golden robe, with an aura as sharp as a spear, standing at the door of the house, abyss-like. His old eyes were staring at the two people walking from a distance.

Seeing the black-haired old man in gold robes with a straight face, Yuan Xiang's beautiful little face suddenly became a little frightened. He lowered his head, let go of Ye Feng's hand, and walked to the side of the old man in gold robes. He said in a voice: "Grandpa Bi, you are awake. I will never dare to run out to play while you are taking a nap again."

But at this time, Yuan Xiang suddenly saw it. She thought that her Grandpa Bi was going to scold her, but at this time, her Grandpa Bi was staring at Ye Feng, motionless.

## Chapter 822 Human Emperor's Brush

"Crack!"

Suddenly, a gap opened in the ground between the two of them, bottomless.

Ye Feng suddenly laughed out loud and said: "It is really the junior's luck to be able to see the legendary Senior Renhuangbi with one's own eyes."

The old man in golden robe shook his head and sighed: "Senior, I dare not take this position. Although you are young, your skills are so profound that even I feel very afraid. It seems that you have broken the innate shackles on this earth." Bound, you have entered the realm of a saint, and you are not an ordinary saint. Your Qi is very strong, your life fluctuates like an ancient giant beast, and your spiritual soul is made of divine iron. It is indestructible. It is really powerful. I have never seen anyone like you. Such a strong young man, you must not be from Donghuang."

"The realm of saints?"

At this time, Yuan Xiang, a girl in a light cyan dress standing aside, was shocked. Her beautiful eyes suddenly stared at Ye Feng, who was standing not far away, with an incredible look.

She never expected that the young man in black she accidentally met was actually a saint!

Such a young saint?

How incredible!

Ye Feng looked at the old man in gold robe, Renhuangbi, and said with a smile: "Senior Renhuangbi has good eyesight. I am indeed not from the Eastern Wilderness, but from the Southern Territory."

"Southern Territory?"

Human Emperor Bi's eyes moved and he said: "Since the West Desert Ten Thousand Buddhas Temple was wiped out by a demon emperor from outside the territory, the entire five regions of Longyuan Continent has been turbulent. Countless old monsters have awakened, including me. ,

began to pay attention to the general trend of the world, you are from the Southern Territory, and the only person in the Southern Territory who is as amazing and talented as you is, besides Chu Tianji, I am afraid it is the legendary leader of the Great Emperor Alliance, Ye Feng."

Ye Feng smiled slightly and said: "Does Senior Huangbi think I am Chu Tianji or Ye Feng?"

Yuan Xiang knew Ye Feng's name. Ye Feng had told her just now, but this little girl wanted to say it now but didn't dare to say it.

Renhuangbi was guessing, but suddenly at this moment, the old man took action.

"boom!"

He stretched out one hand, and it turned into a huge golden brush.

The tip of the pen was as sharp and sharp as a heavenly sword. It seemed to be able to cut through all things and cut in a certain direction to the side.

"Pfft!"

A streak of blood splashed in the void, and the next moment, a human head with an extremely frightened and angry expression rolled out of the void.

"Is there someone hiding in the void watching us?"

Yuan Xiang's pretty little face suddenly showed a look of surprise.

However, the bloody scene did not scare the little girl. It seems that she has long been used to it.

"Ancestor Fuyun?"

Ye Feng's eyes were startled. He didn't expect that what was hidden in the void was Patriarch Fuyun, the three-star saint king. He didn't even notice it, but his head was cut off by the human emperor's pen, destroying the soul and falling instantly.

Could it be that Patriarch Fuyun found himself in the temple?

So you followed yourself all the way to this house?

Ye Feng was a little surprised. Fortunately, Ancestor Fuyun didn't recognize him and was just following him in the void.

The result was tragic, he was beheaded directly by Renhuangbi.

From this we can see that the Human Emperor's Brush is really powerful.

Ye Feng said: "Thank you, senior, for killing a powerful enemy."

"An enemy?"

Human Emperor Bi smiled and said: "This person is sneaky, hiding in the void, and has bad intentions. I am the pen in the hands of the ancient Human Emperor. I judge people and decide life and death. He is also unlucky. He dares to hide in front of me and has evil intentions. Naturally, he is A dead end."

Ye Feng knew that Renhuang Bi was also showing his strong strength to him, as if he wanted to scare him not to act recklessly.

However, Ye Feng did not point out this, and just smiled and said: "I am Ye Feng. I came to the Human Emperor Palace this time to follow the team sent by Chu Tianji. They and you, the temple guardians of the Human Emperor Palace, There seems to be some ulterior secrets

Secretly, they seem to be colluding secretly with the demons outside the territory. "

Ye Feng would naturally not say that he was following the team sent by Chu Tianji in order to plot the Human Emperor's bloody battle. That would definitely make the Human Emperor's pen in front of him go crazy.

Now Ye Feng discovered that the guardians of the Temple of the Human Emperor colluded with the team sent by Chu Tianji, believed in the devil, and absorbed the secret of evil demonic energy from the demon world, which could be used as a legitimate reason for him to enter the Palace of the Human Emperor.

When Human Emperor Bi heard what Ye Feng said, his eyes changed and he said angrily: "What? Is there a traitor in our Human Emperor Palace who is colluding with demons from outside the territory?"

The Human Emperor's Brush represents the glory of the ancient Human Emperor. He is very powerful and also very violent. At this moment, he heard Ye Feng say that the temple protector colluded with the demons from outside the territory, which was simply an insult to the former glory of the Human Emperor's Palace.

Naturally, Renhuang Bi became extremely furious all of a sudden, and the huge aura on his body surged like a vast ocean, giving people a sense of huge aura and impact like the sudden rise of a tall building from the flat land.

"I'll go find them and pick them out one by one!"

Renhuangbi had a bad temper and was about to take action immediately.

But Ye Feng stopped the old man and said: "Senior Human Emperor Bi, we should not act rashly now. Those people who have obtained the power of the devil are not just joking. They need to be carefully planned to catch them all. And we have to make sure that the Human Emperor How many people in the palace have been seduced into believing in the demon god from the extraterrestrial demon clan?"

When Renhuangbi heard what Ye Feng said, he couldn't help but nodded, calmed down and said, "What you said makes sense."

The irritable old man Renhuangbi said: "Little friend Ye Feng, what do you think we should do? I have lived alone in this house for many years. I have not interfered with everything in the Renhuang Palace for decades. I also Not familiar with."

Ye Feng smiled and said: "It's very simple. Senior Renhuangbi, your status is too special. You play an important role in the Human Emperor Palace. Tomorrow you just need to hold a meeting that all

the upper echelons of the Human Emperor Palace must attend. On the surface, you will It is said that it is to discuss the future development of the Human Emperor Palace.

Zhan, secretly, I am following you, observing who has believed in the demon god and betrayed the Human Emperor Palace, and who is a loyal person who can help us eradicate the layout of the outside demon clan in the Human Emperor Palace. "

Renhuangbi's eyes lit up and he said: "This method is better because you young people have flexible minds and can turn faster. I am old and only have an indestructible metal body left with no brute strength. If it weren't for little friend Ye Feng, If you track down the extraterrestrial demons to our Human Emperor Palace, I might be kept in the dark."

Yuan Xiang stared at Ye Feng at this time and said: "Brother Ye Feng, even Grandpa Bi has lived in the Emperor's Palace for so long that he has never seen anyone believe in the devil and fall into the demon clan. How will you judge when the time comes? Do people believe in demons?"

Yuan Xiang is a very familiar little girl, and now she calls her "Brother Ye Feng" directly.

Ye Feng smiled at this time and said: "I have a pair of divine eyes of creation, which can see through all illusions, but my soul power is insufficient, and I am still unable to see through the disguises of all strong men, so I need senior Renhuangbi to help me and give me some people The blood of the Emperor has increased my cultivation and soul power, and made the power of the Divine Eye of Creation stronger."

Yuan Xiang's eyes widened when she heard what Ye Feng said, and she said, "Are you trying to deceive the Human Emperor's blood from our Human Emperor Palace?"

"Xiao Xiang'er, shut up, don't be rude to Leader Ye."

The Human Emperor's Bi immediately scolded him. He looked at Ye Feng, nodded and said: "The Human Emperor's battle blood is right. I have some stored in the main body of the Human Emperor's Pen. I can give them all to you, but Leader Ye also has to agree. Me, help me completely eradicate the demons and all the traitors outside the territory before leaving the Human Emperor Palace."

Ye Feng's eyes lit up, and then he said with a smile: "I came to the Human Emperor Palace this time to eradicate the team sent by Chu Tianji to the Human Emperor Palace. Now that I have discovered

their secret of colluding with demons from outside the territory, I naturally want to eradicate them. All the remnants of the demons outside the territory!"

Human Emperor Bi laughed loudly and said: "Okay, as long as Alliance Leader Ye can help our Human Emperor Palace to bring order to order this time and get rid of those evil obstacles that collude with the demons outside the territory, Alliance Leader Ye will be my friend and honored guest in the entire Human Emperor Palace from now on!"

Chapter 823 Descendants of Human Queens

Deep in the Human Emperor's Palace, in the courtyard.

It was already night, and the cold moonlight shone down, making a young man in black standing in the house look hazy and mysterious.

Not far away, a girl wearing a light cyan dress was sitting on a rocking chair in the house, holding her chin and looking at the boy in black, with a faint look of longing in her eyes.

The young man in black is of course Ye Feng. He temporarily stayed in the residence of Senior Human Emperor Bi and devoted all his efforts to refining the Human Emperor's war blood.

The amount of Human Emperor's battle blood in the Human Emperor's pen is not that much, only a small amount.

But when Ye Feng refined the Human Emperor's battle blood, he discovered that a drop of the Human Emperor's battle blood contained very majestic energy.

Moreover, the most important thing is not the energy, but the immortal fighting spirit of the ancient human emperor contained in the blood.

The ancient human emperor commanded countless human races, conquered the entire earth, and laid down vast mountains and lands for the human race for the survival of countless subsequent human races.

Therefore, the fighting spirit of the Ancient Human Emperor is immortal and immortal.

Refining the Human Emperor's battle blood, Ye Feng absorbed the immortal Human Emperor's fighting spirit, the great will to fight and kill, which made Ye Feng's martial arts will increase countless times.

The growth of martial arts will allowed Ye Feng's soul to become stronger, becoming as indestructible as if it were polished by divine iron.

After refining a small bottle of Human Emperor's blood, Ye Feng's cultivation finally increased to the peak state of an Eight-Star Saint.

Only one step away, you can step into the Nine-Star Saint!

What pleased Ye Feng the most was that his soul power had been greatly improved.

The soul power has skyrocketed from the previous level 137 to the current level 170.

We have almost entered the late stage of Soul Master!

The upper limit of the soul master is two hundred levels of soul power.

If it exceeds two hundred levels, Ye Feng's soul will undergo a qualitative transformation.

But now Ye Feng's soul has absorbed the immortal will from the Human Emperor's battle blood, and it has suddenly increased many times.

It directly increased to the 170th level soul power.

So at this time, Ye Feng activated the Divine Eye of Creation again, and he felt that the penetrating power of his Divine Eye of Creation was getting stronger and stronger.

Tomorrow, Renhuangbi will convene a meeting of the entire Renhuang Palace.

On that day, all the important figures in the imperial palace will arrive, and the Divine Eyes of Creation should be able to see through the disguises of all human traitors who believe in the Demon God.

Ye Feng suddenly noticed Yuan Xiang's gaze not far away.

He looked at this pretty girl in a light blue dress.

Yuan Xiang noticed Ye Feng's sudden gaze, and suddenly seemed a little shy, and quickly lowered his head slightly.

At this time, Ye Feng came over and walked in front of the girl.

Yuan Xiang lowered her head slightly, holding the hem of her skirt with her fair hands, and said shyly: "Brother Ye Feng, have you finished your cultivation?"

Ye Feng nodded and said with a smile: "After practicing, my eye skills have improved many times. Tomorrow, I will be able to see through all the high-level core figures in the Emperor's Palace, no matter how deeply they are hidden. Find it out."

"That would be great."

Yuan Xiang's face showed a look of joy. She was a member of the Human Emperor's Palace, so she naturally hoped that the Human Emperor's Palace could get back on track.

At this moment, Ye Feng suddenly saw a faint green light suddenly appear between Yuan Xiang's eyebrows.

"Buzz!"

Then Yuan Xiang's delicate and cute face suddenly became extremely ferocious and looked a little weird.

Moreover, dense green veins appeared on her body, and visions like ancient evil spirits appeared in the space around her, roaring and roaring.

"what's the situation?"

Ye Feng's eyes immediately showed a hint of shock as he looked at the girl in front of him who suddenly became ferocious.

"On a full moon night, the ancient evil spirit appears again!"

An old man in golden robes suddenly came from a distance, it was Renhuangbi. When he saw this scene, he was very frightened and angry.

At this time, Renhuang Bi strode over and said anxiously to Ye Feng: "Young friend Ye, please step back quickly. Yuanxiang is the only descendant of the Ancient Human Emperor who is still alive in the world. He contains the blood of the Ancient Human Emperor in his body." Inheritance, but the ancient human emperor spent his life fighting against countless ferocious monsters on the earth in ancient times.

During the great war, the bloodline was contaminated with countless ancient evil spirits. The Ancient Human Emperor's cultivation was so great that he could naturally suppress it. However, Xiao Xiang'er was not in the cave heaven realm and was too weak. Every full moon night, the ancient evil spirits in his body's bloodline would be triggered. I have to bear the extremely terrible pain. I see it in my eyes and it hurts in my heart, but I have no choice but to suppress it at all. I can only let Xiao Xiang'er endure the endless pain, alas! "

At this time, Renhuangbi said, sighing deeply.

He grabbed Ye Feng and pulled Ye Feng far away.

Then the Human Emperor Palace raised its hand in the direction of Yuan Xiang, and that hand suddenly turned into an indestructible golden pen, outlining threads of immortal golden energy in the void, and blocked the Yuan Xiang who wanted to run around and scream. The incense was wrapped around her, which was like sealing her away.

However, Yuan Xiang's face became more and more ferocious, and more and more ancient evil spirits emerged from his blood. They all roared and emitted sinister and harsh laughter, as if to avenge the killing of the ancient human emperor. They took revenge by torturing the descendants of human queens.

Ye Feng did not expect that Yuan Xiang was actually a descendant of the Human Queen. However, what Ye Feng never expected was that Yuan Xiang did not enjoy the benefits of powerful blood like other inheritors of powerful blood. Instead, he was constantly suffering the consequences. The pain caused by this special bloodline.

"Every full-moon night can inspire the ancient evil spirit in Yuanxiang's body, causing Yuanxiang, the descendant of the human queen, to suffer tremendous pain..."

Ye Feng murmured what Renhuangbi had just said, and he couldn't help but fall into slight contemplation.

Looking at Yuan Xiang not far away, she was originally a beautiful and lovely girl, but now her face was so tortured by the pain that she was about to be demonized.

Ye Feng stepped directly towards Yuan Xiang.

The Human Emperor Bi pulled Ye Feng and said: "Don't get close to Xiao Xiang'er. I know you can't bear to see her like this, but those ancient evil spirits were the ones who could fight against His Majesty the Ancient Human Emperor back then. The evil spirits represent the terrifying will and evil thoughts of the most powerful monsters on the earth in ancient times. Even I, as a human emperor, was almost swallowed by those terrifying evil spirits and my will was wiped out. "

Renhuangbi said quickly, not wanting Ye Feng to risk his life. After all, although Yuan Xiang promised

She suffered tremendous pain, but did not die. She had the blood of the Human Emperor and would not be corroded by those ancient evil spirits.

But in the eyes of Human Emperor Bi, Ye Feng is just an ordinary bloodline. It would be terrible if he went there rashly and was eroded by the ancient evil spirit and turned into an ancient demon.

However, Ye Feng looked at the Human Emperor's Brush at this time and said with a smile: "Senior, don't worry, I have a lot of research on souls, and although my bloodline is mortal blood, my inherited skills will make me My mortal blood has long been refined to a very high level, comparable to many powerful and special bloodlines, so senior, don't worry, maybe I can cure Yuan Xiang's pain."

Ren Huang Bi let go of Ye Feng's hand and said with some surprise: "Ye Xiaoyou can really cure Xiao Xiang'er's pain? How to cure it?"

Ye Feng smiled and said: "It's very simple, just destroy those ancient evil spirits."

"impossible!"

The Human Emperor's Brush immediately became shocked and said: "These ancient evil spirits cannot even be torn apart by the tip of my pen. Even His Majesty the Ancient Human Emperor in his heyday could not be completely eradicated. If the blood is contaminated with such evil spirits, Xiaoyou Ye, please don't treat it like this." Personal risk."

Ye Feng laughed loudly and said: "I can even destroy countless demon souls from outside the territory in an instant, let alone some small ancient evil souls, it's a trivial matter."

boom!

Almost at this moment, Ye Feng suddenly walked up to Yuan Xiang with a ferocious expression.

A gap opened between his eyebrows in an instant, and endless golden divine light shone out, which was very dazzling.

"This kind of light..."

At this time, Renhuangbi seemed to feel some terrible energy, and felt that his whole body was unable to move.

Buzz!

Ye Feng activated a ray of light from the golden elixir in his brain and released it. That golden energy was filled with a sense of supreme, immortal, majestic, vast, and endless majesty.

Even the Human Emperor's Brush, the magic pen in the hands of the ancient Human Emperor, which can cut off the fate of the people and cut off the rise and fall of hundreds of clans, all feel a

sense of panic like the power of heaven, emanating from Ye Feng at this moment. , which made him a little suffocated. He only felt that he saw the only Lord and the only light in the world. He was supreme and could only look up.

Chapter 824 The gluttonous evil spirit

And just when Renhuangbi was shocked.

The golden divine light in Ye Fengmei's heart was as bright and dazzling as the sun, and it had already enveloped Yuan Xiang's entire body.

"howl!"

"howl!"

That ancient evil spirit, which was originally a vicious one, seemed to have encountered a natural enemy. The entire body of the evil spirit was rapidly dissipating, letting out a howling sound of incomparable pain.

"What? Did these terrifying ancient evil spirits really get wiped out?"

At this time, the Human Emperor Bi who was not far away was a little shocked, and couldn't help but said in surprise: "Xiao Xiang'er has met a noble person! If the remnants of the ancient evil spirits stained in her blood can be dispelled, the Human Emperor's blood will If you are completely inspired, Xiao Xiang'er's future achievements will be limitless!"

Renhuang Bi was very excited at this time. He was the emperor who cut off the lives of the people in the hands of every generation of ancient human emperors. He had accompanied countless generations of human emperors. He had witnessed the glory of the ancient human emperors and the decline of the human emperors.

Therefore, Ren Huang Bi naturally attaches great importance to Yuan Xiang, a descendant of the Human Empress, and has huge expectations.

"Impossible! How can there be such a supreme power in this world!"

Suddenly at this moment, a ferocious voice that sounded as deep as eternity suddenly came out from Yuan Xiang's small body.

boom!

A dark evil light burst out from Yuan Xiang's small body. In the space behind Yuan Xiang's body, it suddenly condensed into a dark and ferocious giant that was several kilometers tall. It seemed to be from the ancient times. It looked like some kind of ancient evil beast, with an extremely terrifying aura.

At this time, this dark and ferocious giant was thousands of meters tall and full of endless oppression. It was like a dark emperor. It was in the state of its soul. Its red eyes stared at Ye Feng, who was as small as an ant underground, and said: "Jie Jie Jie, boy, you dare to be so unafraid of death and want to destroy the ancient evil spirit in the blood of this queen, so that I wake up from my slumber. You are so bold, you are simply seeking death!"

Not far away, Renhuang Bi's face suddenly changed, and he turned pale and said in shock: "One of the ten evils in ancient times, the Taotie evil beast! Deep in Xiao Xiang'er's bloodline, there is such a terrifying evil spirit of the ten evils hidden!"

Taotie was one of the ten evils in ancient times. In the ancient times, on that primitive and barren land, there were terrifying and vicious creatures that could almost rival the ancient gods!

Human Emperor Bi could never figure out how the evil spirit of this evil beast, one of the ten most ferocious beasts, could be hidden in Yuan Xiang's Human Emperor bloodline?

Logically speaking, even the Ancient Human Emperor back then would not dare to provoke such terrifying creatures as the Ten Fierce People of the Great Desolate World.

"Young friend Ye, get away quickly! The ferocious spirit of this gluttonous evil beast is enough to obliterate the soul of any creature under the emperor!"

As soon as the words fell, the human emperor's pen suddenly shone with light. It suddenly jumped into the sky and turned into a golden brush that penetrated the sky and the earth. The tip of the brush was as strong as a knife. It suddenly cut through the dark sky and headed towards the several thousand meters. The majestic gluttonous evil spirit was beheaded.

"Hmph, even the ancient Human Emperor in his prime state is still an ant in my eyes. Although I am just a fragment of my soul, I am still countless times more powerful than you mortals. You are just a

small interface in the hands of the Human Emperor. How dare you show off your power in front of me with just a pen?"

The gluttonous ferocious soul roared suddenly, and the terrifying dark energy, filled with a kind of pitch-black depth, suddenly bombarded the Human Emperor's pen.

"boom!"

The huge golden brush had cracks all over its body, and the golden crystal-like brush tip had a huge gap and was shattered.

\u003e "Ah!"

The Human Emperor's Brush let out a huge howl of pain, fell to the ground, and transformed into an old man in gold robes again. He coughed up blood from his mouth, and it was obvious that his soul had been severely damaged.

It has to be said that this gluttonous evil soul is very terrifying. Even in its soul state, it is just a residual thought of the evil soul. It still has extremely terrifying destructive power. Even a super powerful man like the Ren Huang Bi who is comparable to the Nine-Star Saint King is still the Ancient Imperial Bi. , all suffered heavy losses in an instant.

"Ants."

At this moment, the gluttonous evil soul standing under the dark sky made a sarcastic sound, and then his eyes with red fierce light stared at Ye Feng, who seemed to be calm and calm all the time, and said with some fun: "Weak human being, your calm performance makes me very surprised. You are just a little human saint. In my eyes, you are like a weak and pitiful creature. But why do you seem not to be afraid of me at all? ?"

Ye Feng couldn't help but smile when he heard the words of this gluttonous evil soul, and said very calmly: "If your true form comes, I'm afraid I will die if you blow your breath, but you are just a residual thought of the evil soul, then I will give you a little No need to be afraid."

"Arrogant!"

The Taotie Fierce Soul suddenly shouted loudly, and his whole body suddenly released a ferocious aura that was as fierce as the ancient times. He laughed and said: "Even the Human Emperor's pen, which possesses the immortal will of the Human Emperor, was destroyed by me with one move." Almost wiped out, you little ant, what qualifications do you have to say that you are not afraid of me? "

The gluttonous evil soul seemed to be irritated. He didn't want to talk nonsense with Ye Feng anymore, and took action directly to crush Ye Feng, the ant.

"boom!"

A dark hand containing endless evil energy bombarded down from high in the sky, like the hand of an ancient demon from the prehistoric era, traveling through the long river of time, coming from that tragic and boundless era across time and space. , has extremely terrifying oppressive power, which makes the soul shatter.

Human Emperor Bi looked at this scene in horror not far away, his eyes a little desperate, because this gluttonous evil spirit surpassed the ancient Human Emperor countless times, and was comparable to the existence of ancient gods.

But at this moment, Ye Feng suddenly raised his head, and a golden magic elixir that was spinning around suddenly transformed into a majestic golden giant with billions of feet in Ye Feng's soul world.

boom!

A big golden hand, carrying the supreme aura of domination, was instantly grabbed from Ye Feng's eyebrows, filled with endless power.

"Boom!!"

The big dark hand struck down by Taotie's majestic force was directly shattered. The big golden hand stretched out from Ye Feng's heart suddenly became as tall and broad as the sky, boundless.

Although the Taotie Fierce Soul was several kilometers tall, it was as small as an ant in front of the golden hand that covered the world.

"This is....."

Boundless fear suddenly appeared in the crimson eyes of the Taotie Fierce Soul. He looked at the big golden hand bombarding him and shouted in horror: "The breath of the Lord, the power of the Lord, this is the gem of the gods! You are the only one!" How can there be something as terrifying as the Gods' Gem on a tiny reptile-like human ant? No, no!"

Boom! !

The big golden hand suddenly fell down, as if the whole sky had collapsed, directly smashing half of the body of the gluttonous evil spirit that had been so arrogant just now.

People in the distance saw this scene

, I was so shocked that I couldn't speak.

Why was Ye Feng unable to control the power of the golden elixir at this time? He could only use a ray of golden energy surrounding the golden elixir.

But now, the gluttonous evil soul seems to have actively inspired the supreme will contained in the golden elixir. The golden elixir has transformed into a billion-foot golden giant in his soul world, which is equivalent to the golden elixir taking the initiative.

At this time, Ye Feng saw with his eyes that the billion-foot-long golden giant transformed from the golden magic pill suppressed the Taotie evil soul miserably. In the end, he captured the Taotie evil soul in his hands, and then took it into Ye Feng's eyebrow soul. in the world.

At this time, Ye Feng looked inside and could see that in the soul world of his brain, the golden elixir had returned to the state of a round bead, and next to the golden elixir, in a golden prison, the gluttonous evil soul was being locked up. Trapped in it, roaring crazily, but unable to escape.

"The gluttonous evil soul was actually imprisoned in my brain and soul world by the golden magic pill?"

Ye Feng was a little surprised, but he didn't think much about it. With the golden elixir in his mind, the Gluttonous Evil Soul couldn't make any waves.

Taotie, one of the ten ancient evils, a terrifying existence that could kill ancient gods, was actually suppressed so easily by the golden elixir.

At this time, Ye Feng couldn't help but think a little when he heard the words "Dominator Power" and "Gem of the Gods" that the Taotie Evil Soul roared before.

Could it be that the golden elixir in his mind, which his father Emperor Ye Qing had fought so hard to seize from the sky, was not an elixir at all, but a very supreme power gem? It just looks like a magical elixir, but it's not actually an elixir?

Ye Feng was puzzled. At this time, he wanted to ask the bald bird in the spirit beast bag, but when Ye Feng opened the spirit beast bag, he found that the bald bird was covering his eyes, trembling all over, and muttering to himself: "I don't know, I don't know anything..."

"Brother Ye Feng, what's wrong with me?"

Suddenly, Yuan Xiang's voice sounded, and her beautiful eyes stared at Ye Feng in front of her, a little confused.

Obviously she didn't know what had just happened.

Naturally, Ye Feng would not tell the truth, so as not to have a psychological shadow on the girl in front of him.

Ye Feng just touched Yuan Xiang's little head and said with a smile: "Nothing happened. It's just that you seemed to be sick just now and fainted from the pain."

"Ah? Brother Ye Feng, have you seen me getting sick?"

Yuan Xiang didn't know the real situation. Apparently Renhuangbi had been hiding it from her all these years. He only told her that she had a strange disease since she was a child, which would occur every full moon night and cause extreme pain.

At this time, Ye Feng smiled and said: "Xiao Xiang'er, you don't have to worry anymore. Your brother Ye Feng, I am a miracle doctor. I cured your strange disease just now when you fainted. You will never get sick again in the future." "

Yuan Xiang's face was immediately full of surprise and said: "Really? That's great!"

She suddenly stood up on her tiptoes and tapped Ye Feng's face, obviously extremely happy.

At this time, Ren Huangbi came over, first looked at Yuan Xiang with relief, then looked at Ye Feng, solemnly clasped his fists, and said: "Thank you so much, little friend Ye Feng, for being able to cure Xiao Xiang'er's disease this time." , I'm really grateful."

Obviously, Renhuangbi was not only grateful to Ye Feng for killing the ancient evil spirit in Yuan Xiang's bloodline, but also grateful to Ye Feng for not telling the truth.

After all, for a little girl,

There have always been so many terrifying evil spirits hidden in his body. This news is really shocking and frightening, and will have various shadows and negative effects on Yuan Xiang's future practice.

Ye Feng smiled, touched Yuan Xiang's little head, and said: "In the future, Xiao Xiang'er will no longer have the constraints of that strange disease, and her cultivation will definitely improve by leaps and bounds. As long as you, Senior Renhuangbi, can unlock Xiao Xiang'er's true cultivation." With the power of the Human Emperor's bloodline, it is not impossible for Xiao Xiang'er to become the master of the Human Emperor Palace and lead the Human Emperor Palace to glory again."

Human Emperor Bi nodded and sighed: "Yes, after Xiao Xiang'er returns to normal, it will be the day when her ancient Human Emperor bloodline bursts into unparalleled light."

Ye Feng looked at Yuan Xiang and said: "Xiao Xiang'er, Grandpa Renhuangbi has paid so much for you and protected you for so many years. I will practice hard in the future and I must repay your grandpa Renhuangbi."

Yuan Xiang nodded her little head vigorously and promised: "Brother Ye Feng, and Grandpa Renhuangbi, are my best relatives. In the future, I will work hard to practice and become the Queen of Women. Grandpa Renhuangbi and Brother Ye Feng will be my best relatives." To protect!"

"Hahaha, okay!"

Renhuang Bi Laohuai was delighted. Nothing made him happier than seeing the descendants of Renhuang grow up.

Human Emperor Bi looked at Ye Feng at this time and said: "Little friend Ye, after finishing the matter of the Human Emperor Palace this time, do you need me to follow you back to the Southern Territory Emperor Alliance to help you deal with Chu Tianji and the old man Fate? After all, they may be in great danger now that they are colluding with the demons from outside the territory."

Ye Feng smiled slightly and said: "As long as I can kill Ling Tian and several other powerful helpers sent by Chu Tianji, and the supply of the Human Emperor's battle blood is also terminated, then Chu Tianji will not have anything to worry about, even if he and The demons outside the territory are colluding, so I naturally have my own methods. Now that the catastrophe of the demons is approaching, it is best for Senior Human Emperor Bi to guard Xiao Xiang'er and stay in the Human Emperor's Palace. When the time comes, he will seek to break through the dragon amidst the catastrophe. This is the reason why I created the Great Emperor Alliance."

Human Emperor Bi nodded and solemnly said: "Okay, thank you very much Ye Xiaoyou for reminding you. I promise you in advance that when all the evil obstacles in the Human Emperor's Palace are removed, all the Human Emperor's battle blood will be given to you, Xiaoyou Ye, to help you break through the shackles. Moreover, this time is said to be a catastrophe for the demon clan, but in fact it is also a great opportunity for the major forces and practitioners of Longyuan Continent to break through the shackles of Longyuan Continent. I have seen it in the ancient handwriting left by the Human Emperor, saying Our Longyuan Continent is not an endless land, but an isolated island on a truly large ocean."

Ye Feng smiled and said: "Yes, Longyuan Continent should actually be called 'Longyuan Island'. It is a super large island in the endless ocean of the spiritual world, because the demons from outside the territory have cast an island that covers the entire Longyuan." The magic formation on the mainland caused the cultivation civilization of Longyuan Continent to break apart after the dark turmoil. The spiritual world is truly a complete world. It is a big world on the same level as the demon world and the devil world. It is a real world. The dimensional interface floats in the starry sky of the universe, and is surrounded by extremely strong interface barriers. If you jump into the universe and look at it, you will see that the real large interface is connected to the air of chaos at

the ends, and the top and The lower end is protected by interface barriers, which is equivalent to an endless land floating in the starry sky.”

Ye Feng said at this time, in fact, these cognitions were told to him by his father Emperor Ye Qing three thousand years ago, so Ye Feng's world view is naturally countless times broader than the creatures on Longyuan Continent.

At this time, Renhuangbi heard the words and fell into deep shock.

As for the little girl Yuan Xiang, her little face is full of yearning and curiosity. Obviously, her little heart is also full of longing for the real world outside.

Chapter 825 Gold Burns Ancient Demon

Early the next morning, Ye Feng followed Renhuang Bi and arrived at the central square of the Renhuang Palace.

Human Emperor Bi looked serious that day, standing at the top of the central square, obviously attaching great importance to uncovering the traitors in the Imperial Palace.

At this time, Ye Feng was wearing a silver mask, black clothes, black hair, and a sharp aura. He was standing next to Human Emperor Bi, giving people a mysterious and lonely feeling.

Ye Feng wore a mask, naturally to prevent Ling Tian and others from recognizing him.

Now Ling Tian is still staying in the Human Emperor's Palace with his team. Although Ling Tian is not from the Human Emperor's Palace, the Human Emperor's Bi suddenly made a noise today, causing all the core members of the Imperial Palace, and even the palace master, to Come to this conference, Ling Tian will most likely come to watch.

At this time, Ye Feng was wearing a silver mask and standing next to Renhuang Bi. Many people who saw it pointed at him, as if they were guessing Ye Feng's identity because he was able to stand next to Renhuang Bi.

In the eyes of many people, even some big shots in the Human Emperor Palace, the Human Emperor Brush, as a veteran who followed the Ancient Human Emperor in battle, is naturally the spiritual symbol of the Human Emperor Palace in many people's minds.

Therefore, in the Renhuang Palace, the Human Emperor Brush has a very special status and is the spiritual support of everyone. Even the supreme master of the Renhuang Palace, in front of the Human Emperor Brush, a weapon with hundreds of thousands of years of history, Extremely respectful.

"I wonder what Senior Renhuangbi wants all of us to come to this square this time?"

"Senior Renhuangbi has not appeared in the public eye for decades. Could it be that there is something big going on when he suddenly appears this time?"

"I heard that the demon clan is about to be in chaos. Senior Human Emperor Bi is here to discuss the future of our Human Emperor Palace with the senior officials of our Human Emperor Palace."

At this time, many people in the huge square were talking in low voices.

The high-ranking figures in the Imperial Palace were all dignified and powerful, with powerful auras of cultivation flowing from their bodies. They came to the square one after another and sat in their own seats.

At this time, Ye Feng and Renhuangbi were standing on the high platform above the square.

Buzz!

Ye Feng silently operated the Divine Eye of Creation, looking through the silver mask on his face to explore the entire field.

This investigation immediately frightened Ye Feng.

Because at this time, among the hundreds of people present in the upper levels of the imperial palace, almost half of them exuded a faint dark demonic aura.

These dark demonic energies cannot be seen by ordinary people. What ordinary people see is just a group of strong men with the energy of the Human Emperor surging in their bodies.

But among Ye Feng's Divine Eyes of Creation, nearly half of the senior officials in the Human Emperor's Palace were exuding dark demonic aura, and they obviously believed in the demon god.

"Fortunately that's not all."

Ye Feng murmured in his heart.

At this time, he looked at the human emperor pen next to him, looked at the burly old man in golden robes, and secretly said: "Half."

"half?"

At this moment, Renhuangbi's majestic old face showed a trace of shock.

In other words, the Human Emperor Palace, a behemoth in the Eastern Wasteland, the first martial arts holy land in the Eastern Wasteland, has more than a hundred saint-level experts, quasi-sage experts, and even a few saint-level experts among the upper-level core members. The ancient existences were corrupted by demons from outside the territory, believed in the demon god, and became the slave of the demon god.

"hateful!"

Renhuang Bi was very angry, with murderous intent burning in his heart. He never imagined that the Renhuang Palace, which seemed to be glorious and orthodox on the surface, had actually decayed to such an extent internally.

If Ye Feng hadn't appeared this time, and the trading team tracking Chu Tianji came to the Human Emperor Palace and discovered the secret of the traitor's collusion with the extraterritorial demons, I'm afraid that after half a year's wait, the entire upper level of the Human Emperor Palace would have been completely destroyed by the extraterritorial demons. It was corroded, so that the entire Human Emperor Palace existed in name only. At that time, no matter how powerful the Human Emperor Pen was, it would still have the intention to kill the thief, but it would be unable to save the day.

Fortunately, this big secret has been discovered in advance, and this group of hidden traitors in the Human Emperor's Palace can be caught in advance.

Renhuangbi sent a message to Ye Feng at this time, saying: "How will little friend Ye make those traitors who believe in the devil act?"

Ye Feng said in a message: "It's very simple. After I absorbed the human emperor's battle blood, my soul

My power has skyrocketed, and there is a magical treasure in my brain that can release a golden light from the center of my eyebrows. This golden light can dispel the evil demonic energy of the demons outside the territory and make all traitors act. "

Renhuangbi's eyes were startled and he said: "Is this the method you used to suppress the gluttonous evil spirit, Xiaoyou Ye?"

Ye Feng nodded slightly and said via voice: "Yes, we will join forces after everyone arrives."

"Ling Tian, he came to watch as expected."

At this time, Ye Feng's eyes suddenly glanced at a young man in white robes among the crowd outside the square. It was Ling Tian, the core figure sent by Chu Tianji to trade the blood of the Human Emperor.

Now Ye Feng's soul power has skyrocketed, and the power of the Divine Eye of Creation has become even more powerful. He couldn't see through Ling Tian's cultivation before, but now Ye Feng can see through it all at once.

This Ling Tian's cultivation has soared to the level of a nine-star saint!

You know, now Ye Feng's cultivation level has just reached the peak of the Eight-Star Saint.

It has to be said that this demon god from the extraterrestrial demon tribe has descended into the world with his immortal will. The temptation for normal monks is indeed extremely great.

Ling Tian might have been like the other prodigies in Longyuan Continent who could only be bound to the Nine Tribulations Quasi-Saint and could no longer break through.

However, after believing in the Demon God and receiving the infusion of high-level energy from the Demon World, his own cultivation level has soared to that of a Nine-Star Saint.

This kind of breakthrough speed is really scary!

"The palace master is here!"

At this time, someone among the surrounding crowd suddenly exclaimed.

Swish, swish, swish!

Swish, swish, swish!

Suddenly, one after another looked towards the distance.

A middle-aged man full of endless momentum, tall and burly like an iron tower, stepped from a distance. His eyebrows were majestic, his head was towering, and his spine seemed to contain a big gun, with an edge and momentum that could tear the sky apart. , peerless in the world, looking down upon the world.

This person is Luo Qianjue, the master of the Human Emperor Palace!

His aura of cultivation made everyone in the audience feel suffocated.

Extremely breathtaking.

It was a seven-star saint king, almost comparable to the power of the Human Emperor's Brush!

"Senior Renhuangbi."

Luo Qianjue came from a distance, raised his hand to the Human Emperor's Pen on the high platform, and then landed on the throne in the middle of the square, which represented the ultimate power.

"Qianjue, you're here."

The Human Emperor's Bi obviously values Luo Qianjue very much. Luo Qianjue is the most amazing and talented person of the previous generation in the Human Emperor's Palace. Relying on his own strength, he broke the shackles of the upper limit of cultivation and practiced for just one hundred years. In the year, he broke through to the Seven-Star Saint King. He was extremely talented and was almost the strongest person in the Eastern Wasteland.

"this....."

Ye Feng stared at Luo Qianjue, the master of the Human Emperor Palace, and was shocked in his heart.

What shocked Ye Feng was not that Luo Qianjue's cultivation was extremely powerful, but that in the vision of Ye Feng's Divine Eye of Creation, Luo Qianjue was not the majestic commander full of orthodox human emperor spirit in everyone's eyes, but a The ferocious demon clan with bared teeth and claws!

Ye Feng's Divine Eye of Creation saw through the illusion. At this time, in Ye Feng's eyes, he saw through Luo Qianjue's true body. It was a humanoid demon with golden scales all over his body. There was a third vertical eye between his eyebrows, golden. The scales are flowing with golden magic energy, and they look full of an unusually noble feeling.

"It is a very ancient royal demon in the demon world, the golden burning ancient demon! I don't know how many times more noble and powerful than the bronze burning ancient demon I encountered back then!"

At this time, Ye Feng felt a little depressed. Unexpectedly, the palace master of the Human Emperor Palace was changed. This palace master was not a human race at all, but a real super strong man among the extraterrestrial demons. He was a gold-burning ancient demon. The disguised palace master Luo Qianjue.

The real Luo Qianjue may have died at some point!

At this moment, Ye Feng sent a message to Huangbi and said: "Senior Renhuangbi, let me tell you a very bad news. The junior Luo Qianjue you admire and value is not a human race, but a golden burning ancient demon!"

"What?"

Renhuang Bi originally had a look of relief in Lao Huai's eyes. When he heard Ye Feng's words, his pupils suddenly shrank and he couldn't help but take a breath of air.

Chapter 826 Extremely Brave

Human Emperor Bi's eyes were extremely gloomy at this time, and he obviously never thought that Luo Qianjue, the supreme palace master of the Human Emperor Palace, whom he valued so much, had always been disguised as a golden burning ancient demon.

"Is everyone here?" Ye Feng asked at this time.

"We're all here."

Human Emperor Bi nodded, and a cold murderous intent flashed through his old eyes.

Ye Feng said with a cold arc at the corner of his mouth: "Now that we are all here, let's get started."

"good."

Renhuangbi nodded, and he suddenly stretched out a hand towards the entire central square.

"boom!"

A large formation shining with divine light suddenly rose up in the entire area of the square, covering everyone on the field.

"what's the situation?"

"This is the restraint formation that Senior Renhuangbi personally sketched."

"Senior Renhuangbi, why did you suddenly release such a terrifying formation and surround us all?"

At this time, everyone in the upper echelons of the imperial palace stood up from their seats one after another, with deep doubts in their eyes.

"Everyone."

Human Emperor Bi spoke out, his tone cold and sonorous: "I recently got a shocking secret from a friend about the safety of our Human Emperor Palace."

"A shocking secret?"

Many senior officials in the Human Emperor Palace looked at each other.

Human Emperor Bi spoke slowly: "This shocking secret is that nearly half of the senior officials in our Human Emperor Palace believe in the evil demon gods from the extraterrestrial demon clan and have betrayed the will of the Ancient Human Emperor and our entire society. The Palace of the Human Emperor!"

"What??"

"Believe in the Demon God and betray the Human Emperor's Palace?"

Almost at the moment when Human Emperor Bi finished speaking, hundreds of core members of the Human Emperor Palace in the entire field had expressions of deep horror in their eyes.

The expressions of the countless disciples of the Human Emperor's Palace who were watching around the square changed drastically. They never thought that the seemingly orthodox and harmonious Human Emperor's Palace had actually been eroded internally by the power of demons from outside the territory.

No one does not believe the words of the Renhuang Bi, because everyone knows that the Renhuang Bi represents the immortal will of countless generations of ancient human emperors, is a sacred object of the Renhuang Palace, and is the spiritual symbol of everyone in the Renhuang Palace.

The Human Emperor's Brush can only be destroyed, but it will never sink!

So at this moment, in the central square, many of the core and high-level figures of the Human Emperor Palace could not help but stand up from their seats, each guarding their surroundings.

An elder from the inner palace of the Fifth Saint Realm raised his fist and said, "Senior Renhuangbi, those traitors to the demon gods they believe in are hidden in our group. How should we judge?"

At this time, everyone in the entire square looked at each other. Even former friends became very wary, because no one knew that in the central square, you might have been chatting and laughing with you just now. Man, I will stab you in the next moment.

At this time, everyone's eyes were focused on the old man in golden robes on the high platform.

Renhuangbi looked at everyone's doubtful eyes and said slowly and confidently: "I have a friend who can instantly expose the true colors of all traitors who believe in the devil."

The moment he finished speaking, Renhuangbi looked at Ye Feng standing next to him.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, everyone's eyes were focused on Ye Feng.

They looked at this body

The tall and tall young figure in black clothes wears a silver mask on his face, giving him an extremely mysterious aura.

Uh-huh!

But now, Ye Feng didn't say any nonsense at all and stepped directly to the sky.

"boom!"

Almost at the next moment, a gap suddenly opened between Ye Feng's eyebrows, and a bright golden light burst out.

This bright golden light, like a small sun, burst out from the center of Ye Feng's eyebrows and illuminated the entire earth.

Buzz!

Almost at this moment, everyone in the entire central square surrounded by the formation was illuminated by this golden light.

After being irradiated, some people just feel warm all over, as if their souls are wandering in a warm ocean, and they feel very comfortable.

But some people, after being shrouded in this golden light, immediately exuded waves of extremely evil demonic black energy.

They even felt the pain and could not look up at the sacred golden light in the sky.

"ah!!"

Accompanied by violent roars, nearly half of the people in the entire central square involuntarily released dark demonic energy that made people fear and hate.

What shocked everyone the most was that the master of the Human Emperor Palace, this majestic and unparalleled commander, actually disappeared with his entire human body and turned into a complete gold-burning ancient demon.

His strong body was covered with golden scales, and his dark demon face was engraved with complicated and obscure demon patterns, giving people a very strong sense of oppression and fear.

"What?"

"Even the Lord of the Palace is a demon!!"

At this time, countless people's eyes were extremely horrified.

"Follow me and kill these traitors!"

At this time, Renhuangbi roared loudly, and the old man jumped up, and countless essences of heaven and earth surged into his body. He was high in the sky and instantly turned into a golden brush that reached the sky and the earth. It was so fierce that it seemed to be able to tear the entire sky and earth in half with one horizontal stroke and one stroke.

"Damn it, I didn't expect that the plan we had been saving for decades would be discovered by a kid like you in one day!"

After the Master of the Human Emperor Palace revealed his true identity, the eyes of this golden burning ancient demon were filled with a deep gloomy look.

He stared at Ye Feng, his tone carrying extremely terrifying murderous intent, and said: "But you discovered me too late. As long as I smash the Human Emperor's Pen and obliterate it, the entire Human Emperor's Palace will still become outside my territory." The possession of the demon clan!"

boom!

But at this moment, the Human Emperor's Pen suddenly drew a shocking edge from high in the sky, tearing towards the Golden Burning Ancient Demon.

"Bold monster! As long as I, the Human Emperor's Pen, are here today, the Human Emperor's Palace will not tolerate the arrogance of extraterrestrial demons like you!"

The Human Emperor's Brush let out an angry roar, and the golden brush drew down from high in the sky. With a bang, the Golden Burning Ancient Demon was pushed back hundreds of steps.

It has to be said that the power of the Human Emperor's Brush is very powerful, almost comparable to the peak existence among the Saint Kings.

"Brother Lingtian, you have believed in the devil. Now it's time to do something for me. You and I will kill the murderer Huangbi together!"

Suddenly the gold burned and the ancient demon roared in a certain direction.

"

Hahaha, okay, I have been looking up to the Human Emperor's Pen for a long time. If I can erase it today, it will be a big thing that will make me famous! "

Suddenly, a long laughter full of murderous intent rang out, and a handsome young man in white robes soared into the sky from the crowd, with monstrous demonic energy surging all over his body. Although he was a nine-star saint, his aura and combat power were comparable to that of a saint. High-level Saint King!

"What? There is such a powerful man hidden in the Palace of the Human Emperor. He is the unparalleled genius of the human race, but he believed in the devil and gained the most evil power in the world!"

In the melee, many masters of the Human Emperor Palace felt deep pressure.

"Ling Tian, you are really the shame of our Southern Territory. As the Holy-Level Prodigy who fought in the Hundred Dynasties War back then, you were originally the future pillar of our Southern Territory's human race, but in the end, you fell into the belief of the Demon God and became The traitor of the human race, working with the demons outside the territory, really makes me extremely disappointed!"

Suddenly at this moment, Ye Feng suddenly spoke up. He took off his silver mask and revealed his true appearance. .??.

"You are...Ye Feng!"

Ling Tian's eyes were suddenly startled, but then he laughed wildly and said: "Ye Feng, I didn't expect you to secretly come to the Human Emperor's Palace. Unfortunately, you will never know that now I have obtained How powerful and terrifying is the blessing of the devil's power? Today I will crush you to death. You were the only emperor-level genius in the Hundred Dynasties War in the Southern Region. If you die in my hands, I will surely become famous all over the world in an instant. !Hahaha!"

At this time, Ling Tian laughed, his face a little distorted.

It was obvious that he had fallen into the embrace of the devil for a long time, and his mind was about to be completely demonized.

At this moment, Ye Feng stared at Ling Tian coldly, and said indifferently: "You will not live for your own sins. Today I will do justice for God and kill you, the lackey of the extraterrestrial demon clan!"

boom!

Ye Feng activated the Divine Art of Creation, and his whole body instantly erupted with divine light. He was like a human warrior king resurrected, possessing the aura to look down on the world, and charged directly towards Ling Tian, who was full of demonic aura. go.

Ling Tian, with such great strength, is definitely the number one strongman under Chu Tianji, and is Chu Tianji's right-hand man.

If Ling Tian could be killed, it would be equivalent to cutting off one of Chu Tianji's arms.

After all, cultivating a young prodigy like Ling Tian, even with the help of demons from outside the territory, would definitely come at a huge cost.

"Ye Feng, how can you, a little boy from a remote country, fight with me? Now I have received the blessing of the devil, and I have received various high-level martial arts inheritance and secret killing techniques from that adult. You are with me. In front of me, he is like a clown!"

Ling Tian roared loudly and directly used a secret killing technique that was not inferior to those in Longyuan Continent.

"Great Soul-Destroying Claw!"

A cruel and evil voice came from Ling Tian's mouth. This was a very terrifying demon-killing technique obtained from demons from outside the territory.

At this time, Ling Tian used it, and a hand suddenly transformed into a huge black evil claw in the void. It was in the state of a soul. There were countless demon souls roaring and roaring in the evil claw. It turned out to be a very rare kind. The soul attack method can kill the soul of a living being in an instant.

"Soul Emperor Seal!"

"Great Thunder Emperor Seal!"

"The thunder shook the ghosts and gods!"

"All demons will be punished! Destroyed!"

boom!

Ye Feng naturally had no reservations at this moment. He charged in the void and used the Soul Emperor Seal. Suddenly, a statue of ten thousand meters tall came out of his eyebrows.

The ten-foot-long thunder giant, like the supreme thunder emperor in ancient legends, attracted the thunder of the nine heavens, and the light was so powerful that it directly collided with Ling Tian's great soul-destroying claw.

"howl!!"

Thunder is born with the destructive power to drive away evil spirits and suppress all demons. The countless demon souls in the great soul-destroying claws were shrouded by countless thunders, and were directly electrified to ashes, letting out painful roars.

"What?"

Ling Tian's eyes changed drastically and he said: "Ye Feng! You actually know the soul attack technique! Moreover, it is a thunder attribute soul attack! However, this cannot prevent your death!"

"Death Knell!"

Ling Tian roared loudly, and endless demonic energy surged out of his body, and ancient and huge black bells condensed in the space around him.

"Boom, boom, boom..."

There are hundreds of big black bells, which are death knells. After ringing, the black sound waves turn the entire world into a graveyard full of death.

"ah!"

"ah!"

"ah!"

Ling Tian's death knell is not a treasure, but a very strange and ancient method of killing demons, and it is a group method.

At this time, the death knell sounded. Countless strong men on the field, even saint-level beings, were trembling all over. They felt like they were being buried in a tomb and turned into a withered and silent tomb. It was dark and boundless, and there would never be daylight. You won't be able to see the sun tomorrow, and you can only go to death.

"Ten Emperors Body Strengthening Technique!"

At this moment, Ye Feng instantly activated a very ancient Human Emperor technique that he had practiced before.

"boom!"

"boom!"

"boom!"

Almost at this moment, a figure of a human emperor appeared around Ye Feng. There were ten human emperors in total, all wearing imperial robes and imperial crowns, exuding an unparalleled pressure that looked down upon the world. It was like the ten real ancient human emperors had arrived, surrounding Ye Feng, making Ye Feng descend like the Emperor of Heaven, invincible and dominating the world.

Everyone looked in the direction of Ye Feng, feeling like they wanted to worship him.

"kill!"

Ye Feng roared loudly, waved his fist made of stars, and released huge power in the direction of Ling Tian.

"boom!!"

At this moment, the phantoms of the ten ancient human emperors surrounding Ye Feng also took action. This was a very terrifying scene, and every move was full of destructive power. Ye Feng seemed to have recreated the wild land that year. , the power of the Human Emperor is unparalleled in the world, swallowing up mountains, rivers, heaven and earth, raising his hand to break the sea, destroying eternity, and hundreds of races are trembling in fear.

"Boom!"

"Boom!"

"Boom!"

Accompanied by terrifying roars, the death knells suspended in the space could not affect Ye Feng's strong will at all, but were blasted by Ye Feng's punches. This kind of terrifying combat power was really scary. !

"boom!"

Finally, Ye Feng was so brave that he smashed the Death Knell field, hit Ling Tian directly, and sent Ling Tian flying several thousand meters away with one punch.

"puff!"

Ling Tian received that terrifying punch and immediately spurted out a mouthful of blood. He felt as if his chest had been crushed by an ancient mountain and his whole body was about to burst.

"The inheritance of the Human Emperor that has been lost for many years has appeared again? So powerful!"

Everyone on the field couldn't help but exclaimed when they saw this scene.

Chapter 827 Breaking through the Nine-Star Saint

Ye Feng's explosive fighting power shocked everyone on the field.

A series of horrified eyes were focused on Ye Feng.

Obviously no one expected that this mysterious young man standing next to Renhuangbi would have such terrifying combat power.

"You...how could you be so powerful!"

Ling Tian was not far away, struggling to stand up from the ruins.

His eyes were filled with magic light, but you could see the look of horror on his face.

Obviously Ling Tian originally thought that he had been infused with the power of the demon god. Among his generation, except for Chu Tianji, he had no rival.

But now that he met Ye Feng and was suppressed so miserably, all the pride in Ling Tian's heart was shattered in an instant.

He began to doubt the power of the devil.

However, Ling Tian was stunned, and Ye Feng would not miss this opportunity.

"boom!"

He rushed over in an instant and came directly in front of Ling Tian. He pinched Ling Tian's throat with one hand, and his murderous aura was as cold as ice.

Ling Tian's eyes were lifeless, and he said: "Winning king and losing bandit, kill me."

As he spoke, he closed his eyes.

Ye Feng asked aloud: "Where is Chu Tianji?"

Ling Tian smiled, with a hint of sarcasm in his eyes, and said: "Chu Tianji is the destined person chosen by the demon god. No matter how powerful you are in combat, if there is no help from outside, you will eventually be destroyed by Chu Tianji."

Crunch!

Suddenly Ye Feng exerted such force that he almost crushed Ling Tian's throat bones. He said coldly: "I'm asking you, where is Chu Tianji?"

Ling Tian smiled miserably and said: "I don't know where he is specifically. I only know that he is not at Poseidon Academy now. He is practicing the peerless inheritance of demon gods in a very mysterious demon space with Old Man Fate. Ye Feng, you and Chu Tian If you are against the opportunity and are against the demons outside the territory, I think you will come to the underworld to accompany me soon, hahaha..."

"Crack!"

Ye Feng exerted a sudden force, and Ling Tian's neck was crushed.

Son, killed instantly.

"Swallow!"

boom!

A huge amount of energy instantly rushed into Ye Feng's body.

Even the power of the demon god, Ye Feng used the oven of creation to refine it into pure energy in an instant, making his cultivation deeper and getting closer and closer to breaking through the nine-star saint.

Ling Tian's words made Ye Feng think a little, but he didn't expect Chu Tianji to be practicing the Demon God's inheritance.

"ah!!"

Suddenly at this moment, a painful roar suddenly came from the distance.

In that high sky, the Golden Burning Ancient Demon was cut into two halves by a sharp stroke of a golden brush, staining the blue sky with blood, and died instantly.

The Human Emperor's pen transformed into an old man in golden robes, and ordered the audience: "Kill all the traitors who betrayed the Human Emperor's Palace, leaving no one behind!"

boom!

boom!

A boundless and terrifying melee broke out instantly on the field, and the entire core area of the Human Emperor Palace was boiling to the extreme.

Renhuangbi also joined the battle. When he saw a demon remnant, he cut and killed it instantly.

At this time, Ye Feng sat down cross-legged, and a huge dark swallowing vortex appeared above his head, absorbing the blood and skills of the strong men on the battlefield after they died.

You must know that the people fighting and killing in the entire central square at this time are all the core and upper-level figures in the Human Emperor's Palace.

The weakest of their cultivations are in the fifth holy realm, and there are many quasi-sages and even saints.

Although one or two of these cultivation levels are meaningless to Ye Feng, there are hundreds of strong men fighting on the battlefield now. When the skills and blood of the fallen strong men gather together, it is also Extremely terrifying energy.

"boom!"

The huge swallowing vortex actually covered the entire sky, making the entire world dim.

At this time, many people were staring at the sky in horror, feeling as if the end of the world was coming.

With the help of Ye Feng's devouring domain, those strong men who believed in the demon god were all targeted. Even though they were still alive, the power and blood in their bodies were quickly sucked out, making them suddenly extremely weak and their combat effectiveness plummeting.

"What a weird trick!"

This made many powerful people in the Human Emperor Palace show fear in their eyes.

Fortunately, this young man in black was not their enemy, otherwise I am afraid that even the Human Emperor's Pen would not be able to kill him.

For half a day, blood flowed like a river in the central square of the core area of the Human Emperor's Palace.

The overwhelming aura of killing soared into the sky, making everyone feel that this battle was very tragic.

But the surviving experts from the Human Emperor Palace and the Human Emperor Bi breathed a sigh of relief and looked overjoyed.

Because after this battle, the hidden dangers inherent in the entire Human Emperor Palace were completely eradicated.

"boom!"

At this time, a panic-like momentum suddenly appeared somewhere on the field.

"It's the young man in black! He broke through to the Nine-Star Saint!"

Someone exclaimed, obviously very shocked.

Ye Feng let out a sigh of relief at this time, and his eyes were filled with joy. He finally broke through to the Nine-Star Saint, and his combat power increased exponentially.

At this time, Ye Feng looked at the Human Emperor's Bi not far away and said with a smile: "After this battle, the Human Emperor's Palace will always be in peace."

Renhuangbi laughed and said: "This time I have to thank little friend Ye Feng."

After saying that, Renhuangbi looked at the many surviving senior officials of Renhuang Palace on the field, and said: "You should deal with the next matter carefully. After three days, I will let people

Yuanxiang, a descendant of the empress, inherited the position of the new generation of the Lord of the Human Emperor Palace. "

"Yes, Senior Renhuangbi!"

Many senior officials of the Human Emperor Palace clasped their fists and spoke respectfully.

At this time, Renhuang Bi looked at Ye Feng and said: "Young friend Ye Feng, this time you have been a great favor to our Renhuang Palace. I will take you to a place where maybe you can get some huge opportunities. Good luck can be regarded as my gratitude to you from the Human Emperor Palace."

Ye Feng was a little confused and said: "Where?"

There was a solemn look in the eyes of Human Emperor Bi, and he said: "I will take you to the tomb where generations of ancient human emperors are buried. If you practice the Ten Emperors' Bodybuilding Technique, the will of the human emperors will not attack you. On the contrary, it may give you ancient power and help you achieve great success in the Ten Emperors Body Training Technique."

Ye Feng's eyes lit up and he said: "I have always felt that the Ten Emperors' Body Training Technique was a bit unsatisfactory. If I can get guidance from many real ancient human emperors this time, maybe I can really make my Ten Emperors' Body Training Technique perfect. realm."

The Ten Emperors' Body Strengthening Technique allows Ye Feng to unleash the will and power of the Ancient Human Emperor during battle, which can bring extremely terrifying combat power. Therefore, Ye Feng is very concerned about the Ten Emperors' Body Strengthening Technique.

This time when he came to the Human Emperor's Palace, in addition to the Human Emperor's battle for blood, Ye Feng also really wanted to discuss the ancient ideas of the Ancient Human Emperor to confirm his understanding of the Ten Emperors' body-building skills.

At this time, Renhuangbi said: "The Ten Emperors' Bodybuilding Skill has disappeared for many years. I didn't expect you, little friend Ye Feng, to possess it and practice it to such a high level. I wonder if little friend Ye Feng is willing to use the Ten Emperors' Bodybuilding Technique." Give us a copy of the inherited method of the Emperor's Body Strengthening Technique to the Human Emperor Palace."

Ye Feng smiled and said: "No problem, it's just a small matter."

Seeing Ye Feng agreeing so simply, Renhuang Bi suddenly showed a look of joy on his face and said: "I will take you to the tomb of the Human Emperor first, where you can understand the Ten Emperors' body-building skills and the Human Emperor's will. Lun Dao, I will help you get the Human Emperor's battle blood again. This time you are the great benefactor of our Human Emperor's Palace. I will give all the Human Emperor's battle blood we have stored to you as repayment!"

Chapter 828 The ultimate emperor-level inheritance

The Tomb of the Human Emperor is a very mysterious and special area in the Human Emperor's Hall.

There, buried are the bones of ancient human emperors from generation to generation. It is the resting place of human emperors of all generations.

When Renhuangbi brought Ye Feng to the temple, Ye Feng saw that the demon sculpture in the temple had been demolished.

Human Emperor Bi smiled and said: "The Human Emperor's Tomb is at the deepest part of this temple. I will take you there. However, I would like to ask little friend Ye Feng to pay attention to one thing. That is, the Human Emperor's Tomb is after all the resting place of all the human emperors." The place, so little friend Ye Feng, after entering the tomb of the Human Emperor, don't make any noise, just look and feel the will of the Ancient Human Emperor with your heart. You have practiced the Ten Emperors' Body Training Technique, and you will not be afraid of the remaining gods of the Ancient Human Emperor. It shouldn't be difficult to communicate with one's will."

Ye Feng nodded slightly and said with a smile: "Senior Renhuangbi, don't worry. I know that the tomb of the Renhuang is the important place of the Renhuang Palace, and it is also a very special place. It represents the awe of everyone in the Renhuang Palace for the ancient Human Emperor. So I will definitely not disturb the rest of the ancient emperors."

With that said, Renhuangbi led Ye Feng to the deepest part of the temple.

On the ground there, there is a small six-pointed star teleportation array.

Human Emperor Bi said: "This formation leads to the mysterious space of the Human Emperor's Tomb. Little friend Ye Feng can be teleported directly by standing in the teleportation array."

"good."

Ye Feng nodded and stepped directly into the teleportation array.

Buzz!

Along with a violent space fluctuation, Ye Feng's figure has disappeared from the place.

When Renhuangbi saw this scene, he was also a little emotional, "I didn't expect that such a peerless genius would come out of the Southern Territory. This is not only a genius in a certain domain, but also a rare existence in the entire Longyuan Continent." , the first-generation descendants of the emperor who were unsealed from the holy crystal in Zhongzhou are probably not as good as this Ye Feng. I don't know how he cultivated. He was even better than the ancient human emperor when he was young. evildoer."

Renhuang Bi sighed deeply in his heart, but the next moment he thought that this little girl Yuan Xiang had completely activated the bloodline of the Ancient Human Emperor, and the ancient evil spirits had also been expelled. His future achievements would definitely be limitless. With the Renhuang bloodline, Once again, the divine light bloomed.

Thinking in his mind, the Human Emperor Bi walked towards the outside of the temple. He was now going to help Ye Feng get the Human Emperor's battle blood.

Renhuangbi knew that Ye Feng might want to attack the realm of Saint King.

"He has such a strong combat power in the Saint Realm, so after entering the Saint King, wouldn't he be able to kill the Eight-Star or even the Nine-Star Saint King immediately? Moreover, this is not Ye Feng's real method. I always feel that , This guy has even more terrifying trump cards."

Renhuangbi thought to himself, a little frightened, he left the church and walked outside.

...

And this time.

In a dark space area.

On the land here, there are towering tombstones standing everywhere.

Written on these tombstones are the names of ancient human emperors, recorded on the tombstones, telling the glory of that year.

But now, these ancient human emperors who fought on the earth and fought to create a place for survival for countless human races in Longyuan Continent only have these tombstones left.

Ye Feng was teleported here by the teleportation array at this time. On a desolate and lonely land, looking at the tombstones spreading to the end, he could not help but suddenly feel a sense of desolation in his heart.

At this time, the bald bird poked its head out of the spirit beast bag and said with some surprise: "I didn't expect that so many ancient human emperors would be born on your little Longyuan Island. It's really strange that such a person is related to If Longyuan Island, which is isolated from the world, is not surrounded by a large array of demons from outside the territory, it might really be able to give birth to existences comparable to immortal gods. This shows that your Longyuan continent is a place with great destiny. Could it be that this small There is something ancient hidden in the small Longyuan Continent, which gives the entire Longyuan Continent great luck, but it also attracts the prying eyes of demons from outside the territory..."

The bald bird seemed to have noticed something, and his eyes were a little uncertain.

But Ye Feng has no interest in taking care of this now. What he wants most now is

It is to communicate with the ancient residual will of the ancient human emperor in this tomb of the human emperor, to confirm his own ten emperors' body training skills, hoping to make his ten emperors' body training skills perfect.

Tap tap tap...

Following the sound of slight footsteps, Ye Feng walked directly to the center of this area, then sat cross-legged on the ground and began to use the Ten Emperors' Bodybuilding Technique.

Buzz buzz...

A total of ten phantoms of the Human Emperor that reached the sky and the earth walked out from Ye Feng's body and stood around him.

The ten phantoms of the Human Emperor were all majestic, exuding immortal golden light, and the strong aura of the Human Emperor illuminated the entire dark space.

"Buzz!"

"Buzz!"

"Buzz!"

At this moment, countless tombstones that were originally silent and lonely suddenly started to move.

Ye Feng saw souls with golden light coming out of the ancient tombstones.

These golden souls are the remnants of the will of the Ancient Human Emperor.

"Buzz!"

At this moment, Ye Feng released his soul mark and jumped out of his body. Ye Feng's soul body floated above his head and began to communicate with many ancient people in the entire Human Emperor Tomb. Huang Cannian was communicating and communicating.

Buzz...

At this moment, Ye Feng immediately received the moral transmission from the Zunren Emperor, and his understanding of the Ten Emperors' body-building skills became more and more complete.

What shocked Ye Feng was that at this moment, a brand new golden chapter appeared in his mind, exuding the aura of the Human Emperor that was countless times stronger than the Ten Emperors' body-building skills.

"The ancient emperor's power!"

The secret of that golden chapter is a very powerful set of ancient inheritance, a true inheritance of the human emperor's destiny that is more advanced than the Ten Emperors' Body Forging Technique.

The Immemorial Emperor's Art is at the top emperor level, and is countless times more advanced than the Ten Emperors' Body Forging Art, a set of holy-level inheritance.

The best emperor level, only the best among the ancient emperors

A peerless inheritance that can only be created by a peak existence.

What Ye Feng lacks most today is a powerful killing inheritance.

Because when Ye Feng stepped into the realm of saints, he found that many of the martial arts he had learned and practiced before, such as the Ancient Dragon Elephant Fist, the Divine Elephant Suppressing Demon Kung Fu, the Extreme Cold Great Freezing Holy Fist, etc., could no longer increase his self-esteem. The killing power.

For example, if you blast out the Ancient Dragon Elephant Fist yourself, the power is the same as if you punch it directly with your fist.

These low-level mortal martial arts can no longer add to his current powerful strength.

So at this time, I got a set of the best emperor-level killing inheritance, the Ancient Human Emperor Kung Fu. This set of skills inheritance includes many killing techniques, such as the Human Emperor's Sword, the Human Emperor's Armor, the Human Emperor's War Spear, etc. , all have very powerful killing power.

At this time, Ye Feng quickly understood the Ancient Emperor's Art. Then he stood up, hugged his fists at the tombstones of all the emperors around him, and said softly and solemnly: "Thank you for teaching me, ancestors."

After the words fell, Ye Feng's purpose of this trip was achieved and he was ready to leave.

Uh-huh!

But suddenly at this moment, the bald bird suddenly jumped out of the spirit beast bag and landed on a piece of dirt not far away. Its two small bird claws began to dig at the soil.

Ye Feng stepped forward and was a little surprised. He saw the bald bird throwing a broken brass mirror out of a piece of soil.

"Master Bird, do you like collecting junk so much?" Ye Feng couldn't help but ask.

The bald bird glanced at Ye Feng, seeming to be extremely contemptuous, and said: "Ye Feng boy, what do you know, this mirror is not ordinary, but it is mine now, so don't steal it."

Ye Feng curled his lips and said, "I won't steal a tattered one."

The bald bird ignored Ye Feng and carefully wiped the broken brass mirror clean, then took it and scurried into the spirit beast bag.

Ye Feng saw that the brass mirror seemed to have an ancient word "god" engraved on it without leaving any trace. He couldn't help but feel a slight surprise in his heart, "Could what Master Bird found be one of the three great treasures of the Human Emperor?" Let's look in the mirror..."

#### Chapter 829 Dragon of Luck

When Ye Feng came out of the Human Emperor's tomb, the Human Emperor's pen and blood from the Human Emperor's battle also came back.

"You've only been in for half an hour, and you've already successfully communicated the Human Emperor's will?"

Renhuang Bi was obviously very surprised, and there was a look of surprise in his old eyes.

"It's been successful."

Ye Feng immediately smiled and said: "In addition, I also received a set of top-grade emperor-level peerless inheritance passed down to me by the ancestors of human emperors, called the Ancient Human Emperor Technique, which is better than the Ten Emperors' Body Forging Technique. Countless times more advanced."

Human Emperor Bi looked horrified and said: "The Ancient Human Emperor Art! I remember that it was an unparalleled inheritance created by the ancestors who forged my first generation of Human Emperors. It has very incredible abilities. It can use the Ancient Human Emperor Art as the basis. Gathering the energy of the Human Emperor and transforming it into various forms of killing means is a powerful attack technique from the ancient times. "

Ye Feng smiled and said: "That's right, maybe the seniors of the Ancient Human Emperors passed on this inheritance to me in order for me to pass it on to the inheritors of the current Human Emperor Palace."

Uh-huh!

Saying that, Ye Feng pointed at the forehead of Renhuang Bi, and copied and taught Renhuang Bi the secret of the Ancient Human Emperor Kung Fu and the golden chapter.

Ye Feng said: "For me, this ancient human emperor skill is just an auxiliary method for me, but that girl Yuan Xiang has the blood of the human emperor. Senior Renhuangbi, you can teach this ancient human emperor skill again." Give it to her, and her bloodline energy will be developed to the greatest extent, and she will burst out with the glory that belongs to the ancestors of the first generation of human emperors."

Human Emperor Bi couldn't help but admire: "Ye Feng, if I hadn't known that you were from the Southern Territory, I would really have thought that you were the descendant of a certain Human Emperor from ancient times."

Ye Feng laughed and said, "Maybe it's because I have better luck."

"luck?"

Hearing this, Renhuangbi shook his head and said with a helpless smile: "If anyone believes that you can get to where you are today purely by luck, then I can only say that that person is extremely stupid."

Renhuangbi knew very well that Ye Feng's terrifying achievements were not due to some illusory luck at all, but because he came out step by step.

Moreover, Renhuangbi always felt that there might be a shocking secret hidden in Ye Feng, but he just couldn't see through it.

"By the way, this is the Human Emperor's battle blood that I got. It's all the current savings of our Human Emperor Palace, and it's all given to you."

At this time, the Human Emperor Bi took out a wine jar from his storage spirit ring. The wine jar was filled with the Human Emperor's battle blood. It was golden blood and exuded immortal aura.

Ye Feng took over the jar of Human Emperor's blood, his eyes slightly fiery.

A whole jar of Human Emperor's battle blood exuded very terrifying energy fluctuations, containing the most powerful fighting spirit and essence of power of the Ancient Human Emperor. It was a priceless treasure.

Not to mention such a whole jar, just a drop of blood, if it spreads out, it may cause a bloody storm in the entire Eastern Wasteland.

Not to mention this whole jar, it is simply priceless, something that can only be found but not sought.

Ye Feng didn't show any pretense and directly collected a whole jar of Human Emperor's battle blood into his storage spirit ring.

Then he clasped his fists at the Human Emperor Brush in front of him and said, "Senior, it's time for me to say goodbye. This time I killed Ling Tian and Ancestor Fuyun in the Human Emperor Palace.

Jin Chensha and others have all been wiped out. The news of this matter has probably spread out. Chu Tianji may be furious. I am afraid that he and Old Man Fate will directly attack the Great Emperor Alliance, so I have to rush as soon as possible. go back. "

Human Emperor Bi nodded, looked at Ye Feng, and said solemnly: "If you need my help, please inform me at any time, and I will come to the Southern Territory immediately to deal with the enemy for you."

Ye Feng smiled and said: "Okay, I remember."

Uh-huh!

After Ye Feng finished speaking, he jumped directly to the high altitude, and then shuttled through the void. In less than a second, he was far away from the entire Human Emperor Palace.

"Brother Ye Feng!"

At this time, a beautiful girl wearing a light blue dress ran over from the door of the church, but it was a pity that it was too late.

She didn't even see Ye Feng's last face.

This made Yuan Xiang, a little girl, a little melancholy. She didn't expect Ye Feng to leave so fast.

Human Emperor Bi laughed loudly and said: "Xiao Xiang'er, practice quickly. Your brother Ye Feng gave me a very powerful inheritance, the Ancient Human Emperor Art. If you practice hard, you may be able to practice in Zhongzhou next time." I meet your brother Ye Feng again in the Five Domains True Dragon Competition."

"Really?"

Yuan Xiang's fair little face suddenly showed a look of surprise.

"of course it's true."

Human Emperor Bi smiled and said: "The Five Realm True Dragon Competition is a grand event in the entire Longyuan Continent. It is jointly organized by the supreme human temple of our Longyuan Continent. It is located at the True Dragon Academy in Zhongzhou. In this grand event, there will definitely be countless forces, overlord forces, or other first-rate, second-rate, and third-

rate forces, who will go there, and our Human Emperor Palace is no exception, because this time the demons from outside the territory are fierce, and the catastrophe is coming, the human temple is all feeling the crisis, it is time to take advantage of this Five Realm True Dragon Competition to discuss the future of our human cultivators in Longyuan Continent.”

...

.....

Three days later.

Ye Feng made tens of thousands of void jumps, and finally crossed the entire Eastern Barren land from the very end of the Eastern Barren to the Chaotic Ancient Sea.

At this time, Ye Feng looked from a distance and could see a faint dragon of luck in the center of the entire chaotic ancient sea. It was huge and majestic, tens of thousands of feet long, hovering in the central area of the chaotic ancient sea.

That area is where the headquarters of the Great Emperor Alliance is located.

And when Ye Feng got closer, he could instantly feel that the aura on his body had a very close connection with the True Dragon of Luck, as if he could control the Dragon of Luck at any time. strength.

"Dragon of Luck? No one in the Great Emperor's Alliance knows this method, and I don't know this method. This involves the deep inheritance of soul masters."

Ye Feng was a little confused at first, but then he suddenly thought of something and couldn't help but murmur to himself: "Did You Lian come to the Great Emperor's Alliance?"

In Ye Feng's memory, the only person he knew who had the orthodox inheritance of a soul master was You Lian, a girl in black.

she comes from a

A very mysterious force, Soul Heaven Sect, is even more powerful than me in the methods of soul masters, but their soul power is not as strong as mine.

In the whole world, probably only the people in the Soul Heaven Sect have the ability to condense this Dragon of Luck's condensation technique.

Thinking of this, Ye Feng couldn't wait to fly towards the headquarters of the Great Emperor Alliance.

"Hello, Alliance Leader!"

When Ye Feng came to the Great Emperor Alliance area, many disciple members spoke respectfully.

Obviously, many people did not know about Ye Feng's outing this time, thinking that Ye Feng had been practicing in seclusion deep in the Great Emperor's Alliance.

Ye Feng nodded in response, and then walked directly into the central hall of the Great Emperor Alliance.

In the cold and empty hall, Ye Feng saw a familiar figure of a girl in black. Her black hair was like a waterfall, hanging loosely on her shoulders. She looked full of mysterious beauty.

"Ye Feng, my ability to condense the Dragon of Luck is okay. In the future, you can directly borrow the power of the Dragon of Luck to help you greatly improve your combat power. As long as you stay in the core area of the Great Emperor Alliance, you can be blessed by the power of the Dragon of Luck at any time."

The girl in black turned around and said with a smile.

Ye Feng stepped forward, smiled slightly, and said, "Youlian, long time no see, but I'm surprised. Did someone from the Great Emperor's Alliance find you?"

There was a hint of helplessness in her beautiful eyes, and she said: "I am a soul master, and my whereabouts are mysterious. If I don't want others to find me, no one can find me. Naturally, I came to the Great Emperor's Alliance on my own."

Ye Feng was a little surprised and said, "Did you come by yourself?"

You Lian nodded and said: "Yeah, Ye Feng, you are now the leader of the Great Emperor Alliance. You have a profound reputation. Not to mention the Southern Territory, you are a very famous existence in the entire Longyuan Continent. I am in the Northern Territory." I happened to hear about you when I was visiting the Mo Ke Shen Cult, so I couldn't wait to come over, but I was exhausted!"

Ye Feng immediately touched You Lian's black hair and said, "Thank you for your hard work. I'll let them cook a sumptuous dinner for you tonight."

"We have already entertained you."

Outside the central hall, several figures walked in. There were four people in total, none other than Murong Yunyin, Xiao He, Jian Wushuang and Luo Lingxi.

At this time, Murong Yunyin was holding an ancient sword, with a cold temperament, and said with a smile: "You Lian has been in the Great Emperor Alliance for many days, and under our persuasion, there are a group of powerful soul masters from the Soul Sky Sect behind her. They all came to settle in the Great Emperor Alliance. The Dragon of Luck is the result of the hard work of You Lian and many powerful people from the Soul Heaven Sect behind her during this period. In order to surprise Ye Feng, the leader of the alliance, the Soul Heaven Sect is here To please you."

Ye Feng was a little surprised. He didn't expect that not only You Lian would come, but also the Soul Heaven Sect would come, wanting to seek protection from the Great Emperor Alliance.

From this point of view, the Great Emperor Alliance is indeed becoming more and more powerful now.

However, Ye Feng has always maintained a sense of worry in his heart, because among the demons outside the territory, many powerful forces and powerful people from the human race have secretly infiltrated to believe in the demon god.

For example, the reason why Chu Tianji and Old Man Fate improved so quickly in cultivation and the Tianjiao Alliance also grew so fast.

On the territory of the territory, it is almost possible to compete with the Great Emperor Alliance, and there must be powerful demons from outside the territory intervening behind the scenes.

Ye Feng's eyes fell on Jian Wushuang and Luo Lingxi in the hall at this time, and he couldn't help but smile and said: "It seems that Taixuan Sword Sect and Netherworld Demon Sect have both moved here."

"Yeah, yeah."

Although Luo Lingxi has now become the new generation of female leader of the Nether Demon Sect, she still wears a light yellow dress and walks in front of Ye Feng, her little face full of joy like a little girl.

She asked the Nether Demon Sect to move here probably just so that she could meet Ye Feng every day and get along day and night.

Jian Wushuang also walked up to Ye Feng at this time, patted Ye Feng's shoulder hard, and sighed: "I never thought that one day we would stand together and fight for the same force."

Ye Feng also patted Jian Wushuang's shoulder. There were some words between the brothers, but everything was unspoken.

"By the way, I have returned from the Human Emperor's Palace this time, and I have a big secret that I need to tell you. You must be on guard and keep an eye on the movements of the Prodigy Alliance."

At this time, Ye Feng spoke up and revealed that he discovered that Chu Tianji and Old Man Fate were colluding with the demons from outside the territory in the Human Emperor's Palace.

"They actually colluded with the demons from outside the territory and believed in the demon god?"

"No wonder your cultivation strength has improved so quickly!"

Everyone in the hall had horrified expressions in their eyes. This was something they could never have imagined.

At this time, Ye Feng nodded and said: "This time I killed Ling Tian and Jin Chensha, and plundered all the blood of the Human Emperor. This will definitely make Chu Tianji furious. He may come at any time and destroy us. We must always be vigilant against sexual attacks. In order to deal with Chu Tianji and Old Man Fate, I need to retreat immediately in the next period of time to refine the blood of the Human Emperor with all my strength, hoping to step into the realm of the Saint King. Then I don't have to No fear at all!"

"Okay, Ye Feng, you can practice with peace of mind, and leave the other matters to us."

Murong Yunyin's tone was firm, as sharp as a sword, and every word was filled with killing intent.

At this time, the bald bird was pulled out of the spirit beast bag by Ye Feng. Ye Feng threw the crystal with the ancient spirit gathering array engraved on it to it and said: "Master Bird, please supervise the entire ancient spirit gathering array." After the Great Emperor Alliance area is cast, the next time is very precious. I need to let everyone in the entire Great Emperor Alliance grow as much as possible."

Master Bird drooped his head, obviously unwilling to be a coolie.

"Crack!"

Ye Feng threw out a piece of divine power crystal, a small piece leftover from his previous use in the demon world, and threw it to the bald bird.

The bald bird smelled the scent of the crystallization of divine power, and his eyes suddenly lit up, and he immediately became energetic and said: "Boy, don't worry, give me a month, the ancient spirit gathering array can be traced and cast, covering the entire emperor. alliance."

"good."

Ye Feng nodded, then glanced at everyone in the hall, and stepped directly into the secret cultivation room behind the central hall.

Before Chu Tianji and Old Man Fate took action, Ye Feng knew that he had to step into the realm of the Saint King to withstand the huge crisis that might come. Time was tight and there was no room for delay!

Chapter 830 Gemstones of the Gods

The Great Emperor Alliance, in the secret room in the central hall.

Ye Feng sat here alone, taking out the jar of Human Emperor's war blood that the Human Emperor's Pen had given him before.

The priceless human emperor's battle blood, a drop of which could cause chaos in the Eastern Wasteland, was all placed in a wine jar. Ye Feng admired the casual and free character of the emperor's pen.

Buzz!

At this moment, Ye Feng's expression showed a trace of solemnity, and he did not directly swallow the human emperor's blood in the jar.

Because the energy contained in the Human Emperor's battle blood and the immortal fighting spirit of the Ancient Human Emperor were really too majestic and terrifying.

Even if Ye Feng's physique is very strong, with his current level of cultivation, he will definitely explode and die instantly.

Therefore, at this moment, Ye Feng did not dare to raise the wine jar. Instead, he placed the wine jar in front of him, and then breathed through his nose, inhaling wisps of energy from the Human Emperor's battle blood into his body, and slowly refining it.

Buzz!

At this time, the naked eye can see that every time Ye Feng takes a breath, there is a golden divine light in the wine jar, which is sucked out and submerged into Ye Feng's breath.

"boom!"

Just a wisp of energy from the Human Emperor's battle blood entered Ye Feng's limbs and bones, and suddenly began to boil like boiling water.

Ye Feng only felt that his whole body was covered by a terrifying heat. At this moment, his cultivation, mana, and body constitution were undergoing huge transformations.

...

Cultivation takes no time.

Time is like quicksand, passing quietly through your fingers.

Three months passed in the blink of an eye.

In the past three months, the entire Great Emperor Alliance has been filled with very strong spiritual energy.

Apparently the Ancient Spirit Gathering Formation has been cast, and all members of the Great Emperor Alliance are rapidly improving in cultivation.

And on this day, an auspicious cloud emitting nine colors of light suddenly appeared in the sky above the Great Emperor Alliance.

"Nine-colored auspicious clouds, someone has become a saint king!"

"It must be the leader!"

At this moment, many people in the entire Great Emperor Alliance saw this vision with excitement in their eyes.

The last time the Senior Killer Saint of the Underworld became the Saint King, nine-colored auspicious clouds also appeared in the sky, but they were not as bright as the light in the sky at this time.

And just when many people outside were attracted by the nine-color auspicious clouds.

At this time, deep in the central hall of the Great Emperor Alliance, there was a secret cultivation room.

In the dim environment, Ye Feng was breathing heavily.

At this time, all the Emperor's blood in the wine jar in front of him had been consumed, turning it into an empty jar.

At this moment, Ye Feng's cultivation aura was extremely majestic, like a human-shaped mountain standing in the void, giving people a sense of vastness like a high mountain.

.

"Finally, I have reached the realm of the Saint King! The Human Emperor's War Blood is truly a rare treasure that can rival super treasures. It actually forced me to absorb it crazily for a whole three months. It suddenly made me reach a super level. Dakan, from a nine-star saint to breaking through that terrifying shackles, to breaking through to a one-star saint king!"

At this moment, it was impossible for Ye Feng not to be happy in his heart.

Because after entering the realm of Saint King, even if he is only a one-star Saint King, Ye Feng's strength has undergone earth-shaking changes compared to before.

What made Ye Feng feel a little relieved was that Chu Tianji's Tianjiao Alliance didn't seem to have much movement in the past three months and seemed to be recuperating.

However, Ye Feng could feel a heavy and oppressive feeling of approaching storm.

At this time, Ye Feng stepped into the realm of the Saint King. He was originally in a somewhat anxious mood, but finally relaxed a little.

At this time, he looked inside his soul world, and the gluttonous evil soul was still imprisoned in a golden prison.

At this time, Ye Feng finally had time to ask about the doubts he had always had.

Taotie is one of the ten most ferocious beasts in ancient times on the vast land of the prehistoric era.

As one of the Ten Evils, Taotie must know a lot.

For example, Ye Feng had heard with his own ears before, before the gluttonous evil soul was suppressed by the golden magic elixir, he shouted out a series of terms such as "dominance power" and "gems of the gods" that he had never heard of before.

Ye Feng's soul thought at this time condensed a form in his soul world.

The soul thought body walked to the golden prison, stared at the evil soul of Taotie who had been locked inside for several months, and asked aloud: "Taotie, one of the ten evil spirits in ancient times, tell me, what is the secret of that golden magic elixir?" What is it?"

At this time, Ye Feng's soul thought body pointed at the golden elixir floating in the center of this soul world, his face full of questions.

The gluttonous evil spirit stared at Ye Feng's thought body and made sure that Ye Feng was not deliberately playing tricks on it. It immediately showed a sneer on its face and said: "What a lucky human kid, he actually got all the things in the world." The most supreme gem of the gods in the world, and also the most mysterious 'soul gem' among the nine gems of the gods, it seems that your soul is very extraordinary."

"There are nine gems of the gods in total? Is this the most mysterious soul gem?"

Ye Feng's eyes moved and he continued to ask: "Where did these gems of the gods come from?"

The gluttonous evil spirit chuckled and said, "Why should I tell you?"

The ferocious body of the Gluttonous Fierce Soul was very huge and towering. Standing in front of Ye Feng, it looked like a giant looking at a small ant.

"Why tell me?"

Ye Feng smiled and had a sudden thought.

"boom!"

The golden elixir instantly burst into golden light, and suddenly turned into a big hand covering the sky, pinching the Taotie evil soul, and tightened it tightly, making a clicking sound.

"No!! Don't erase me!!" ??

The sneer on the face of the Taotie Fierce Soul suddenly disappeared and turned into a deep fear: "Who are you? How can you actively control the gems of the gods? This is impossible!"

Ye Feng said coldly: "Stop talking nonsense and answer my questions honestly."

The gluttonous evil spirit immediately said in fear: "Yes, yes! I will listen to you!"

Ye Feng asked: "Who cast the gems of the gods?"

The Taotie Fierce Soul was very honest this time and replied: "The gems of the gods were not cast by anyone, but the crystallization of the power of the legendary supreme master of the heavens and the world. The supreme master commands the gods and is the most powerful in the world. The existence of life, the domination of dominion, means domination of everything, supreme and incomparable greatness."

Ye Feng's eyes were surprised. He didn't expect that the golden elixir was so powerful. It was really not an elixir, but a gem, the gem of the gods.

"correct."

Ye Feng suddenly thought of something and asked suddenly: "You just said that there are nine gods' gems in total. Is this golden gem of mine the soul gem?"

The Taotie Fierce Soul nodded and said: "Yes, in the legend, the Supreme Lord liberated himself for some unknown reason. After liberation, all the power of the Lord turned into nine gems of the gods, representing the Lord's supreme and ultimate power. This The nine gems of the gods include the soul gem, the gem of destiny, the gem of reincarnation, the gem of time, the gem of space, the gem of wisdom, the gem of brute force... and other nine gems of the gods. I originally thought these were just legends, but I didn't expect them to be really used. I came across the most mysterious soul gem in legend, which represents the most profound existence of life, the soul."

At this time, Ye Feng looked at the golden elixir floating in the middle of his soul world. It turned out that it was the soul gem among the gems of the gods.

No wonder that after he was killed in his previous life, he was able to protect his fragile soul from death. It had been hazy in the long river of time for three thousand years, and he was once again reborn in the Longyuan Continent on the land of the spiritual world.

At this moment, Ye Feng thought of the bald bird's frightened look when he asked him about it before. It seemed that the bald bird also knew some secrets, but was unwilling to say more. There must be taboos.

At this time, the gluttonous evil soul suddenly smiled flatteringly and said: "Ye Feng, you are able to get one of the nine legendary gems of the gods in all the worlds. You are really lucky. Even if you are here, In the ancient world at the center of all the heavens and worlds, there are countless taboo lords who covet the gems of the gods, because among the gems of the gods, Yun

It holds the secret of eternal life. "

Ye Feng was a little surprised and said: "Is there really eternal life in this world?"

The Taotie Fierce Soul smiled and said: "The Supreme Lord is immortal. Unless the Lord wants to seek liberation, the Lord is immortal. Therefore, the nine gems of the gods all have a part of the power of immortality. The soul gem can To make your soul immortal, of course, you can only use the ray of dominance emitted from the surface of the soul gem. It is still too early to truly use the power of the soul gem. "

The Taotie Fierce Soul said at this time, staring at Ye Feng, and said: "Look, I have told you so much, just let me out. After I get out, I can take you to the spiritual world to find the secrets of the ancient powerful men." I have secret means to go to the caves of super beings and even the great world."

Ye Feng looked at the gluttonous evil spirit and naturally he would not easily believe the words of the ten ancient evils. All these ten evils from ancient times were full of evil, and they were all old foxes with many tricks.

So at this time, Ye Feng knew everything he wanted to know, and his soul and thoughts directly dissipated.

"you.....!"

When the gluttonous evil soul saw Ye Feng ignoring it, it immediately roared angrily, then looked at the gems of the gods outside the prison in fear, and then fell silent.

At this time, Ye Feng in the secret training room opened his eyes and murmured, "Dominator power, gems of gods, soul gems..."

Ye Feng knew that the "golden magic pill" in his brain was very extraordinary, but he never expected that it would be so powerful, and he didn't know how his father got it back then.

Ye Feng still remembers that three thousand years ago, before his family and country were destroyed, his father Emperor Ye Qing, who was covered in blood, stood in front of him and asked him to eat this magic pill, saying that he could live as long as the sun and the moon. .

"It seems that my father also thought that this was really a magical elixir. In other words, my father did not know that this so-called golden elixir was actually a gem of the gods that represented the power of domination! And it was the most powerful. The mysterious soul gem contains infinite soul secrets and energy."

Ye Feng secretly thought in his heart, it seems that he should pay attention to using the power of the Gods Gem in the future, otherwise if he is discovered by some super strong people in their prime, such as Taotie, one of the ten ancient evils, who knows the God Gem, Then you will be in trouble.

The fearful look that the bald bird showed before was probably frightened by the gems of the gods. Even if the bald bird was once a divine bird, it didn't want to get into trouble.

"Report to the Alliance Leader! In the ocean outside the chaotic ancient sea area, we found a large demon altar. There are countless powerful people from the Prodigy Alliance building teleportation formations. It seems that a super powerful person is coming! I'm afraid it will pose a huge threat to our Great Emperor Alliance. !"

Suddenly at this moment, a report from a disciple of the Great Emperor Alliance came from outside the secret practice room.
