

Ancient 831

Chapter 831 Who rules the ups and downs?

Uh-huh!

Ye Feng walked out of the secret training room at this time, looked at the disciples who were reporting outside, and said, "Are you sure those are members of the Tianjiao Alliance?"

The disciple hurriedly said: "Leader, don't worry, the news is absolutely correct. In the coastal areas outside the Luangu Sea, many strong men are setting up countless demon altars, and they seem to be setting up a super teleportation array. We have determined that they are all People from the Tianjiao Alliance."

Ye Feng's eyes flashed slightly. It seemed that Chu Tianji couldn't wait any longer and was about to take action against his Great Emperor Alliance.

"Inform everyone and ask them to gather in the central hall. If the strong men of the Prodigy Alliance dare to come, then our Emperor Alliance will dare to challenge!"

Ye Feng's tone was full of edge and boiling murderous intent.

I have been waiting for this day for a long time.

...

At this time, the eyes of many major forces in the other four regions of Longyuan Continent were focused on such a small place as the Southern Region and the Luangu Sea Region.

Obviously, the Tianjiao Alliance is making a lot of noise, and the sudden turmoil naturally attracts the attention of many big forces.

In particular, Ye Feng asked Huang Bi to pass through some secret channels to spread the news that Chu Tianji and Old Man Fate were colluding with the demons outside the territory, which made everyone pay great attention to the battle in the Southern Territory.

At this time, all the major forces in Longyuan Continent were spreading the news rapidly.

"It is said that Chu Tianji and the old man Fate, who have obtained the power of demons from outside the territory, are building demon altars and forming large teleportation arrays near the Luangu Sea. If they want to teleport strong ones, they may cause a devastating blow to the Great Emperor Alliance."

"Hmph, don't be too confident. I heard that Ye Feng from the Great Emperor Alliance is not a common man. It is said that Ye Feng secretly helped the Human Emperor's pen to quell the civil strife in the Human Emperor's Palace, the first martial arts holy land in the Eastern Wasteland. Moreover, he has gained the blood of the Human Emperor, and his current cultivation level must be very terrifying."

"In any case, I am more optimistic about Chu Tianji's Tianjiao Alliance. In the Great Emperor Alliance, there is only an ordinary underworld saint king who can get on the stage. The rest are almost all supported by Ye Feng. And Tianjiao In the alliance, in addition to the unparalleled genius Chu Tianji, there is also a mysterious and terrifying ancient existence like the Fateful Old Man. They are also blessed by the power of the devil and even have the help of powerful demons from outside the territory. I am afraid it will be very dangerous. "

...

At this moment, countless people among the major forces are discussing in secret.

Now, almost the entire Longyuan Continent's attention is focused on the Southern Territory.

At this moment, outside the Luan Gu Sea Area, it was not too far away on the edge of the Southern Territory.

This is a wild land close to the sea.

At this time, on the earth, the demon altars were tall and majestic, towering under the blue sky.

These demon altars eventually formed a teleportation array, which seemed to be able to connect a very distant space area.

At this time, the disciples of the Tianjiao Alliance are working hard to build and cast the spiritual stones piece by piece according to the formation and the position of the magic array altar.

Many disciples of the Tianjiao Alliance were talking while working.

"When we destroy the Great Emperor Alliance, the entire Southern Territory and the endless ocean resources will become the possessions of our Prodigy Alliance."

"But I seem to have heard that our alliance leader Chu Tianji obtained the power of the devil and betrayed the spirit of the human race. Is it true or false?"

"Humph, no matter what, the winner is the king, the loser is the bandit, and if others do not serve themselves, they will be destroyed by heaven and earth. As long as the leader of our Prodigy Alliance becomes stronger and can lead us to glory and dominate the entire southern land, we will all become masters. , no matter where he gets his strength."

"You are right to say that. We don't need to worry about this anyway. We just need to do what we should do."

All the disciples of the Tianjiao Alliance were whispering and discussing in low voices.

Obviously they all knew that the large teleportation array formed by these demon altars they had built at this time was to welcome the arrival of Chu Tianji, the leader of their Prodigy Alliance.

Chu Tianji is now cultivating peerless inheritance in a mysterious demon space. It is said that his cultivation has been raised to an extremely terrifying level.

And in this small sea area, many big forces in the entire Longyuan Continent, and the masters of the overlord forces are strong.

The leaders and elders are all hiding in the void. They want to see who is in charge of the rise and fall of the Southern Territory in the future?

...

At this time, in the center of the chaotic ancient sea area, the Great Emperor Alliance was also heavily guarded.

Countless people took action, forging powerful defensive formations to prepare for the next terrifying battle.

Ye Feng did not choose to send troops now to destroy the demon altar and the large teleportation array.

Because he knew that this battle was inevitable.

If he had not broken through to the realm of the Saint King before, Ye Feng would definitely attack and destroy those teleportation arrays and prevent Chu Tianji and many powerful men from the Prodigy Alliance from coming.

But now, Ye Feng has absorbed a whole jar of Human Emperor's battle blood, and his cultivation has finally broken through to the realm of Saint King.

At this time, Ye Feng is no longer afraid of the Tianjiao Alliance.

Even if Chu Tianji is infused with the power of the devil, no matter how powerful Ye Feng is, he still has the confidence to fight against him. Even the old man Fate, Ye Feng is no longer afraid.

Moreover, this battle is related to who will rule the entire Southern Territory in the future, so Ye Feng knows that there must be countless powerful forces in Longyuan Continent secretly watching.

In this battle, Chu Tianji must be completely defeated and killed, in order to deter all those who want to plot evil against the Great Emperor Alliance.

Ye Feng was now standing on the central square of the Great Emperor Alliance. He threw the Great Emperor Tower into the sky.

Buzz!

The Great Emperor Tower suddenly grew in size in the sky and became a thousand-meter majestic giant tower. Wisps of the Emperor's energy fell down, covering and protecting the entire base camp of the Great Emperor Alliance.

After having the best imperial weapon in War City, the Great Emperor Tower is basically useless for Ye Feng. It can be used to protect the base camp of the Great Emperor Alliance and prevent sneak attacks by people from the Prodigy Alliance.

In addition, Ye Feng also rewarded Murong Yunyin and Jian Wushuang with his two low-grade imperial weapons, the Abyss Demonic Sword and the Thunder Emperor Sword.

Now that Ye Feng has practiced the Ancient Human Emperor Art, he can condense the Human Emperor Sword at any time, and its sharpness is comparable to the best imperial weapons, which is very terrifying.

Abyss Demonic Sword and

The Thunder Emperor Sword is not very useful, but after all, these two swords are imperial weapons. If they are used by Murong Yunyin and Jian Wushuang, their overall strength will be greatly improved.

Both of them are powerful sword cultivators. After possessing an imperial sword, they can definitely explode with monstrous edge.

At this time, figures one after another, all surging with powerful cultivation aura, appeared behind Ye Feng and lined up.

They are the core powerful figures of the Great Emperor Alliance, Murong Yunyin, Xiao He, Jian Wushuang, Luo Lingxi, and You Lian. They are all peerless geniuses with powerful strength and their own trump cards, which can unleash terrifying lethality.

As for Master Bai Yuchen, Old Man Wanjian, Taoist Cangqiong, Shengchanzi, Elf Queen and other older generation figures, they command each disciple member on the ground of the Great Emperor Alliance to guard the entire base camp of the Great Emperor Alliance.

Everyone's faces, looking toward the direction of the construction of the Demon God's Altar in the distance, were full of determination and murderous aura.

"That girl Mu Xue followed Dean Wuji of Poseidon Academy to search for the lost Poseidon civilization. Master said that they may have left Longyuan Continent through some ancient ruins passages. This is a good thing. At least I On Longyuan Continent, there is no need to worry about anything."

Ye Feng secretly thought in his heart that if Nangong Muxue was here, he might still worry about this girl's safety and not be able to concentrate on fighting to the death.

But having Dean Wuji guard Nangong Muxue, entering the lost Poseidon Civilization, and possibly even leaving Longyuan Continent, a land of right and wrong, and going to the real spiritual world, Ye Feng felt a lot more relieved.

Ye Feng hopes that Nangong Muxue can stay with him, but he even hopes that this girl Muxue can be safe.

"boom!"

Suddenly at this moment, on the coastal land outside the Luan Gu Sea Area, a pillar of spiritual light that was ten thousand feet high rose up from the ground and penetrated the sky.

"The large teleportation array established by the Demon God Altar has been activated!"

At this time, in the surrounding void, there were many strong men from big forces with frightened expressions in their eyes.

Is the war about to begin...

Who is in charge of the ups and downs of the southern land?

Chapter 832 Little hope

Buzz! Buzz! Buzz!

At this time, in the wild land along the coast, the huge demon altars made of spiritual stones began to glow, and the black patterns imprinted on the surface began to glow, and then formed a sky-reaching light pillar, penetrating the sky.

Uh-huh! Uh-huh! Uh-huh...

Almost at the next moment, six superpowers who exuded the aura of the Saint King came out of the large teleportation formation.

Although these six figures are all wrapped in black robes, the powerful men from various major forces hidden in the surrounding void can see that these six figures are definitely demon lords among the demon clan, with the characteristics of the saint king. Terrifying cultivation.

"Six Saint Kings!"

"It's too scary. It seems that the Prodigy Alliance has really received strong support from the demons from outside the territory."

"Except for the alliance leader Ye Feng, the Great Emperor Alliance killed a Saint King in the underworld. This disparity in strength is too great. How can we resist and fight?"

At this moment, the powerful men from all the major forces hidden in the void all screamed in surprise. ??

Obviously, after a total of six super powerful demon saint kings came out of the Tianjiao Alliance's teleportation array, everyone felt that the Tianjiao Alliance's foundation was too strong.

Although the Great Emperor Alliance has gathered many overlord forces in the Southern Region, it is still too weak among the high-end combat power at the Saint King level.

"I've been waiting for this day for a long time."

Suddenly at this moment, a voice filled with deep murderous intent and domineering power suddenly sounded in the large teleportation array.

Buzz!

Along with a violent spatial fluctuation, a tall and majestic young man walked out of the sky-reaching light pillar of the large teleportation array.

He was wearing a magic-patterned robe, with a handsome face, as rich as jade, and shoulders as tall as two mountains. Standing there, he exuded a vast and vast aura, giving people the feeling that he was seeing the arrival of a god. Same.

This person is Chu Tianji who has disappeared for a long time!

The number one genius in Poseidon Academy back then!

Now Chu Tianji has received the help of the old man Fate, and has been connected with the demons outside the territory. He has been blessed by the power of the demon god, and he has cultivated in the mysterious space of the demons.

After more than half a year, now he has arrived again, and his martial arts cultivation has reached the level of Six-Star Saint King.

"What? With this martial arts aura, is he a six-star saint king?"

"It's too scary. Could it be that this Chu Tianji received the personal power initiation from the Demon God? Otherwise, why would his cultivation level soar to such an extent all of a sudden?"

"Chu Tianji is really lucky, and he was favored by the demon god from outside the territory!"

At this time, many powerful men from various major forces hidden in the void throughout the sea area had horrified eyes and extremely shocked hearts.

Obviously they never thought that Chu Tianji would become so powerful and terrifying now.

At this time, Chu Tianji stood in front of the six demon saint kings. His aura was like that of a god. The power and pressure of one person eclipsed the six saint kings. One can imagine how terrifying his strength was. .

At this time, as soon as Chu Tianji arrived, the tens of thousands of disciples and powerful men of the Prodigy Alliance who were waiting outside the teleportation array shouted with great respect: "Welcome the leader of the alliance to come! Unify the Southern Territory for thousands of generations!"

Chu Tianji laughed loudly, with unparalleled confidence, and said: "Unify the Southern Territory for thousands of generations? No, what I want to unify is the entire Longyuan Continent! Even the truly vast and prosperous spiritual world outside Longyuan Continent. , that's what I want to plot!"

It has to be said that Chu Tianji has now entered such a powerful realm of cultivation and has become very inflated. His words are full of unparalleled domineering and ambition.

A disciple of the Tianjiao Alliance knelt down on one knee, cupped his fist and said, "Master Alliance Leader, the Great Emperor Alliance seems to be aware of your arrival and is now on alert. How are we going to attack?"

"How to attack?"

Chu Tianji smiled coldly and said with great disdain: "The Great Emperor's Alliance? It's just a poor man's stubborn resistance before his death. It's nothing at all. This time when I come, I will be the first to attack the Great Emperor's Alliance. Humph, this kid Ye Feng actually dared to go against me, and even teamed up with Renhuangbi to kill Ling Tian and

Jin Chensha is really seeking death. I will go over now and kill him directly. I will see who dares to disobey my supreme will in the future. "

Chu Tianji spoke with an extremely firm tone, full of endless killing and domineering. He was like the only emperor who would judge anyone's life and death with just a few words.

boom!

After Chu Tianji arrived, he directly led countless powerful experts from the Tianjiao Alliance to stride towards the direction of the Great Emperor Alliance.

In the distant void of the sea, the powerful men from various major forces hidden in the sky were all shocked. Unexpectedly, Chu Tianji had no plan at all and directly attacked the Great Emperor Alliance.

However, considering Chu Tianji's current terrifying strength and the help of six demon saint kings, it is reasonable to attack directly. ??

"The Great Emperor Alliance is in danger."

Many old people in the big forces sighed.

After all, compared with the forces supported by Chu Tianji, an extraterritorial demon who believed in the demon god, they hoped that the alliance between Ye Feng and the Great Emperor could win the final victory.

However, there is little hope.

...

"Today I will let everyone and all the forces in Longyuan Continent know that there is only one outcome for opposing me, and that is destruction and complete death!"

Chu Tianji was speaking coldly to the void in the distance of this sea area at this moment, obviously knowing that many big forces in Longyuan Continent were secretly watching.

But Chu Tianji still said such domineering and arrogant words, as if he wanted to provoke the forces of the entire Longyuan Continent.

This may seem arrogant, but Chu Tianji now has this strength and confidence.

Because even the current controllers of many hegemonic forces in Zhongzhou are no match for Chu Tianji.

Many powerful leaders who were hiding in the void and watching the battle, facing Chu Tianji from afar at this time, all felt a strong sense of oppression coming from their spiritual souls.

"Chu Tianji's current combat power and terrifying momentum make me feel like I'm facing a giant..."

Just like the most powerful person at the holy level! "

In the depths of the void, a leader of a powerful force couldn't help but utter a low voice, feeling great fear.

At this time, the six demon saint kings who were following Chu Tianji also released huge demonic energy that had been vicissitudes of eternity, covering the sky and the sun, and the entire sky was darkened.

Each of these six saint kings is not an ordinary saint king, but a high-level saint king.

At this time, the leader of the demon clan, the Saint King, laughed loudly and said in a very casual tone: "Chu Tianji, you have received the blessing and blessing of our demon god's divine power, and you have also received the power empowerment of several demon emperors. Not only has your cultivation become extremely advanced, but your life source level has also undergone transformation. It is no longer the weak physique of a mortal, but the powerful physique of a noble demon king. To deal with that alliance between Ye Feng and the Great Emperor, we Just crush it, there is no doubt about the result."

These demon saint kings are all full of self-confidence, and they obviously have a deep disdain for Ye Feng, an indigenous practitioner on Longyuan Continent.

Chu Tianji also smiled coldly, and said aloofly: "What you have to do later is to surround the entire Great Emperor Alliance, especially this boy Ye Feng, and just don't let him escape. I want to do it myself." Kill him!"

The six demon saint kings all nodded, acting extremely relaxed.

"correct."

Chu Tianji suddenly asked: "The human temple on Longyuan Continent won't take action, right?"

A demon saint king smiled and said: "Don't worry, just kill the people of the Great Emperor Alliance. We, the demon emperors, have secretly restrained the human temple, and no one will stop you."

"That's good."

Chu Tianji's eyes showed a fierce light and said: "Then Ye Feng is dead, and the Great Emperor Alliance will also be destroyed. By the way, we can't kill Ye Feng directly later. It will be too easy for him. I have to suppress him first. Destroy Ye Feng's cultivation and let him watch the Great Emperor Alliance that he built with his own hands, as well as his friends, brothers, and confidants, all be slaughtered by me, all die in front of his eyes, hahaha, let him feel What does despair mean?"

Chapter 833 Fighting between Dragon and Tiger

At this moment, everyone in the Great Emperor Alliance is on standby.

Beside Ye Feng, many people looked at the ocean in the distance, which was filled with darkness and surging demonic energy, covering it, giving people an extremely suffocating feeling as the black clouds overwhelmed the city.

Xiao He's eyes were extremely cold at this time, and he said: "So many big forces in Zhongzhou are all righteous forces of our human race, but no one is willing to help us to jointly resist Chu Tianji, a lackey of the demon race who believes in the demon god!"

Ye Feng had no expression on his face and just sneered: "The destruction of the West Desert Ten Thousand Buddhas Temple has made these powerful forces in Zhongzhou extremely fearful. They are afraid that the great emperor from the demon clan outside the territory will take action and wipe them out, so naturally they will not take action. Help us, even if the Southern Territory falls and becomes the base of the demons outside the territory, it has nothing to do with Zhongzhou. "

Xiao He nodded slightly and said: "Senior Killer Saint just told me that the emperor among the demons outside the territory will not take action rashly, because there are ancient existences in the most mysterious human temple in our Longyuan Continent, threatening the demons. Great Emperor, I can only say that those powerful forces only know how to be selfish and don't think about issues from the perspective of humankind's justice, but we don't need it either. It's better to rely on ourselves than to seek help from others."

Ye Feng nodded, and then looked at the dark mass of people on the ocean in the distance. It was the Tianjiao Alliance that was attacking.

He immediately shouted: "All the warriors of the Great Emperor Alliance, follow me out of the city to resist the powerful enemy and kill all these traitors who have betrayed the martial arts spirit of the human race and the demon lackeys who believe in the demon god!!"

Wow! !

In an instant, the entire Great Emperor Alliance headquarters was boiling with excitement.

Perhaps on the eve of the war, they were still a little scared.

But when it comes to fighting, these powerful disciples from the Great Emperor Alliance no longer have any fear.

They have only one thought in their minds now, which is to kill the enemy crazily and defend their territory.

They can't retreat because behind them, there are countless relatives and friends they want to protect!

"kill!"

At this time, on the ocean outside the Great Emperor Alliance, Chu Tianji and the six demon saint kings led tens of thousands of powerful people from the Tianjiao Alliance. There were more than a dozen saints, hundreds of powerful people in the Holy Realm, and peak monks in the Cave Heaven Realm. There are countless more.

Countless powerful monks screamed to kill, and the fighting was many times more tragic and terrifying than the war in a mortal country.

The sky, which was originally a blue sky, was now dyed with a tragic black evil spirit. The sun was covered and dimmed, as if the end was coming.

"Everyone, follow me to kill the demons! Chu Tianji has become the biggest demon. I must kill him today. There are also six demon saint kings. I have my own way to deal with them!"

Ye Feng roared loudly at this time, his voice full of unparalleled courage: "Come out, the four undead demon guards, and Senior Human Huangbi, you can also come out and help me kill these demons!"

Buzz!

Almost at this moment, around Ye Feng, in addition to the Saint King, the Underworld Killer Saint, five more powerful beings at the Saint King level appeared.

They are the four undead demon guards, all wrapped in white cloth. At this time, inspired by You Lian's profound soul skills, they have awakened from their slumber, possessing the terrifying combat power of the Saint King.

Moreover, in the past few months, Ye Feng also notified Senior Renhuangbi in the Human Emperor Palace that he had arrived in the Great Emperor Alliance and had been lurking. At this moment, his true identity was finally revealed.

The Human Emperor Brush is very powerful. It has also practiced the Ancient Human Emperor Art during this period, and its power has skyrocketed, almost reaching the peak level of the Nine-Star Saint King.

As a result, Ye Feng's Great Emperor Alliance also has six saint kings in combat power, which is on par with Chu Tianji's lineup of six demon saint kings.

This scene made the faces of all the spectators of the major forces hidden in the void far away in the sea appear deeply shocked.

"What? This Ye Feng suddenly turned out to be five super strong men at the Saint King level like magic!"

"That's amazing! I would say that this Ye Feng is not an ordinary person, but he actually has such a background. Even the Human Emperor's Bi from Donghuang was invited to come over to suppress the battle. It's really impressive."

"I originally thought that the Great Emperor Alliance would be instantly crushed by the Prodigy Alliance, but now it seems that this is a battle between dragons and tigers."

"Chu Tianji has obtained the power of the devil after all, and mortals may not be able to compete with it."

A series of discussions sounded in the void far away in the sea area, and the strong men of the major forces were shocked.

"Bai Yuchen, we haven't seen each other for a long time!"

At this time, in the sky above the chaotic ancient sea area, among Chu Tianji's army, Jin Shengxiao, the emperor of the Holy Ancestor Dynasty, was staring at Bai Yuchen in the Great Emperor Alliance.

Bai Yuchen was the number one prodigy in the Southern Territory back then, but he was harmed by Jin Shengxiao and a vicious woman. He was poisoned by an eternal poison and became extremely mediocre.

Fortunately, Ye Feng used poison-eating insects to swallow up the eternal poison in his master Bai Yuchen's body, allowing Bai Yuchen to regain his former glory.

So these two are rivals.

At this time Bai Yuchen saw

Jin Shengxiao's eyes also showed deep murderous intent, and he said in a cold voice: "Hmph, I didn't expect that the arrogant and arrogant emperor of the Holy Ancestor Dynasty would also become Chu Tianji's lackey."

When Jin Shengxiao heard what Bai Yuchen said, he didn't get angry. He just said coldly: "Those who know the current affairs are heroes. Chu Tianji is the messenger chosen by the devil. He has been given infinite power by the devil. I have become his subordinate, and I will definitely do it in the future." To achieve glory, the demons control the entire Longyuan Continent. This is a general trend that cannot be reversed. If you, the Great Emperor Alliance, dare to go against the general trend, there will only be one outcome, which is to be directly destroyed. "

"kill!"

Bai Yuchen was too lazy to talk nonsense at this time. When his enemies met, he was extremely jealous. He directly inspired the body of the Dacheng True Dragon, transformed into a golden dragon, and killed Jin Shengxiao.

"Bai Yuchen, even if you have recovered your cultivation now, you are still no match for me. You have no idea how advanced and terrifying the power gifted by the demon god is."

Jin Shengxiao, the emperor of the Holy Ancestor Dynasty, roared, and his whole body expanded and turned into a ferocious demon several hundred meters tall. It exuded an extremely strong demonic energy and blocked the sky and the sun. The two of them fought instantly. together.

"kill!"

At this time, the strong men on both sides charged instantly, bursting out with shocking fighting power. Their fighting spirit boiled into the sky, and their roars pierced the sky. The two sides fought fiercely, and the entire ocean seemed to be turned upside down. .??.

Boom!

Boom!

The crazy collision of terrifying murderous intent and combat power shattered the earth, countless seawater evaporated, and even the underground in the depths of the ocean cracked. Countless underground molten magma spurted out, the space shattered, and the turbulent flow of the void poured out. It came out, carrying countless lightning and thunder in the void... chaos!

At this time, it was at the top of the sky.

Ye Feng and Chu Tianji were both walking in the air, facing each other from a distance.

Ye Feng's eyes were cold and he said: "Where is your backer, Old Man Fate?"

Chu Tianji smiled coldly and said: "Backer? Now my strength is almost surpassing that of Old Man Fate. To tell you the truth, there are rumors outside that Old Man Fate is my master. Humph, in fact, the two of us just take what we have from each other. It's just my ambition. Ye Feng, a native like you, will never imagine it, and you will never understand what the real power is. As for the old man

Fate, haha, you won't be able to see him, because I will be able to do it easily later. I'll crush you to death."

Ye Feng stared at Chu Tianji and watched him talk. He just smiled indifferently and said: "I really thought that I had the support of the demons from outside the territory and the so-called divine power of some demon gods.

Do you think you are invincible? This world is far bigger and more incredible than you imagine! "

boom!

Almost at this moment, Ye Feng directly chose to take action.

Without any hesitation, he directly punched out the torrent of the times.

Boom!

A long river of time appeared on Ye Feng's fist, and it impacted out. It was a vast, white mass, like a river of stars above the nine heavens, containing the terrifying weight of the time, and it hit Chu Tianji directly. .

"Ye Feng, I have to admit that you are also a person with great opportunities and great luck, and you have received a lot of inheritance, but these inheritances of yours are nothing in my eyes. I will let you know today, what is God's inheritance!"

boom!

Chu Tianji roared loudly, and the bones on his back grew. Two huge black arms and claws suddenly grew out, as if they were made of dark magic iron. The claws suddenly blasted Ye Feng out of the torrent of the times. It was torn apart and turned into fragments all over the sky.

"Hahaha!"

Chu Tianji laughed loudly, his eyes filled with magic light: "This is an externally enchanted demon bone given to me by the Demon Emperor. It is cast from the bones of ancient emperor-level demon

beasts in the demon world. I have refined them all into my The bones in your back are indestructible and have surpassed the imperial soldiers. You will be torn into countless pieces by my claws!"

At this time, the huge dark arms and claws growing out of Chu Tianji's back were really ferocious to the extreme. They were like the two monstrous claws of an ancient demon god, capable of tearing apart the entire mountains, rivers and earth, exuding an extremely ferocious aura. The spirit of evil!

However, Ye Feng could only smile coldly at this time and said: "You have surrendered yourself to such a degenerate state that you are neither a human nor a demon. Your pursuit of martial arts power has gone astray."

Chu Tianji smiled ferociously and said cruelly: "Who are you, worthy of teaching me a lesson? All I know is that I have gained an extremely powerful power that can satisfy all my ambitions and kill everyone who hinders me! Ye Feng , you shall die!"

boom!

Thousands of demonic lights erupted all over Chu Tianji's body, and behind him were two huge claws that looked like ancient demon lords. The externally enchanted bones smelted from emperor-level demon beasts suddenly looked like a big demon opening its evil hands and moving toward Ye Feng tore it away with a bang.

Rumble...

Countless spaces were cut and shattered by the claws, and void turbulence appeared. Flames, thunder and lightning, cold wind, ice, snow and other abnormal energies poured out from the void turbulence. The scene was very terrifying and caused terrible destruction. force and destructive power.

Chapter 834 I dominate

Boom!

Boom!

The terrifying energy, the huge claws tearing the sky, bombarded down, as if it could tear everything apart, even the space was torn apart, turbulence appeared in the void, and countless violent energy poured out, which was extremely terrifying.

"The ancient emperor's power!"

"Human Emperor Armor!"

At this moment, Ye Feng instantly used the ancient human emperor skills that he had learned from generations of ancient human emperors in the human emperor tomb in the human emperor palace.

boom!

In an instant, the majestic energy of the Human Emperor burst out from Ye Feng's body, and at this moment, behind Ye Feng, the Dragon of Luck of the Great Emperor Alliance appeared.

The Dragon of Luck is the luck of the human race, and it is the same source of power as the Qi of the Human Emperor.

So at this time, Ye Feng had almost inexhaustible majestic human emperor energy to vigorously activate the ancient human emperor power.

"Qiang Qiang Qiang..."

Suddenly, a set of bright yellow thick armor quickly condensed on the surface of Ye Feng's body.

This is the Human Emperor's armor, which is condensed with the majestic Human Emperor's Qi. It is a defensive secret technique in the ancient Human Emperor's Kung Fu. As long as the Human Emperor's Qi is not exhausted, the Human Emperor's armor will not break.

"boom!!"

At this time, the huge claws with demon bones on Chu Tianji's back finally caught Ye Feng's body and collided with the thick Human Emperor armor, making a huge and terrifying roar.

"when!"

But what surprised Chu Tianji was that the claws did not tear open the Human Emperor's armor on Ye Feng's body, but only made a few deep scratches on the armor.

But the Human Emperor's energy surged, and the scratches on Ye Feng's Human Emperor armor suddenly recovered.

"This is the inheritance of the Ancient Human Emperor!"

Chu Tianji had extraordinary eyesight and immediately saw Ye Feng's methods. His eyes were a little gloomy and he said: "This old fellow, Human Emperor Bi, actually gave you the inheritance of the Ancient Human Emperor. How abominable!"

Obviously Chu Tianji thought that Ye Feng's Human Emperor inheritance was given to him by the Human Emperor's pen.

However, Ye Feng didn't bother to explain, and jumped directly into the sky, shouting: "The Sword of the Human Emperor!"

boom!

Countless human emperor's energy and the power of the Dragon of Luck were condensed together. On top of Ye Feng's head, a pale golden giant sword was condensed, forming an entity, and its power was comparable to that of a top-grade imperial weapon.

At this moment, Ye Feng was wearing the extremely heavy Human Emperor armor, holding the golden Human Emperor giant sword in his hand, and the dragon of luck shrouded his body. He was majestic and unparalleled in the world. He was truly like an ancient human emperor who looked down upon the world and had arrived. People feel as if they are meeting the commander-in-chief of the ancestors of the human race.

"cut!"

"Death to the Gods!"

leaf

Feng held the Human Emperor's Sword in his hand and slashed it down directly in the air. The strength of his body was already very terrifying, and his strength was like that of an ancient giant beast. He slashed down the huge Human Emperor's Sword and directly cut out the space. A huge black hole abyss.

"boom!!"

The terrifying sword energy contains a kind of ancient majesty of the human emperor, and also contains the artistic conception of great destruction of the eternal withering of the sword movement of "Sorrow of the Gods".

Suddenly, he was as powerful as Chu Tianji. At this moment, under Ye Feng's move, he felt a deep cold. He only felt that his vitality and flesh and blood were withering, decaying and destroyed.

"Ah! Demon God's Claw! Defense!!"

Chu Tianji roared crazily, and the possessed demonic bones on his back quickly retracted, like wings retracting, wrapping his whole body in huge demonic claws.

"Boom!!"

The pale golden Human Emperor's Sword, emitting thousands of meters of divine light and carrying the terrifying sword energy of the sorrow of the gods, struck Chu Tianji's externally possessed demonic bone in one fell swoop.

"Crack! Click!"

What shocked everyone in the audience to the extreme was that at this moment, the huge claws growing out of Chu Tianji's back began to slowly appear cracks on the surface, and they were about to shatter in the next moment.

"impossible!!"

Chu Tianji blocked this move, but he was extremely frightened and angry. He thought that when he came to the Great Emperor Alliance, he would directly crush Ye Feng, but in the end he found that he was no match for Ye Feng.

Chu Tianji stared at Ye Feng fiercely and said: "How can you be so powerful! The sword you just struck cannot be the inherited martial arts of Longyuan Continent!"

Ye Feng said indifferently, "I told you a long time ago that you will be the only one who dies today."

Chu Tianji laughed loudly and said: "Ye Feng, do you think this is all I can do? Then you underestimate me too much."

"I want to activate a drop of the original blood of the demon god in my body, and briefly transform into the body of the ancient demon god for a period of time. By then, even a great saint-level existence will be crushed to death by my demon god's body! Hahaha! Ye Feng, even the Human Emperor's armor can't stop the power of the Demon God's body!"

Chu Tianji's eyes suddenly became extremely crazy, and a huge drop of black liquid appeared in the center of his eyebrows.

The moment the drop of black liquid appeared, the infinite and terrifying demonic power spread out from the drop of black liquid. It was like a sea of black demonic energy surging out from the drop of black liquid. The void is boiling.

"That is definitely a drop of real devil's blood!"

"A drop of God's blood, how terrifying!"

"This Chu Tianji was really spotted by the Demon God. I actually received a drop of blood as a reward from the Demon God."

At this moment, countless powerful men from various major forces watching in the distant sea showed deep horror in their eyes.

"Hahaha, Ye Feng, you are dead, you are dead!!!"

Chu Tianji actually had a vicious and crazy look on his face. The moment he released this drop of Demon God's blood, his entire body was immediately covered with black demon patterns. His entire body began to swell, and lines appeared on his skin. The layers of solid black scales became extremely majestic and tall.

In the end, Chu Tianji became a demon giant with a height of several thousand meters, which was exactly the body of his demon god.

"Boom!"

The demon giant stepped down, and Ye Feng was stepped directly into the earth. A huge hole about several hundred meters deep appeared in the ground instantly, and the Human Emperor armor on Ye Feng was directly crushed.

"Hahaha!"

Unbridled laughter came from the mouth of Chu Tianji, who had turned into a demon giant: "I inspired the power of a drop of the demon's blood and became the body of the demon. Even though I can only exert hundreds of thousands of points of the real demon, This power cannot be resisted by Ye Feng, a little ant in the realm of saints. During this period, I am invincible!"

Boom!

Chu Tianji stepped down again, like an ancient mountain being bombarded.

"You think you're the only one who knows the art of transformation? I can too!"

Ye Feng struggled to get up from the ruins, wiped the blood from the corner of his mouth, and shouted: "Beast King Transformation!"

Boom!

The drop of ancient ape's blood in Ye Feng's body burst out with terrifying energy in an instant. Ye Feng's whole body also rose up from the ground in an instant, becoming a giant as majestic as the Chu Tianji Demon Clan. The body of an ancient giant ape.

The ancient divine ape is one of the ten evils of the prehistoric times. It is a terrifying ancient creature as famous as the Taotie, and is comparable to the existence of gods.

So at this time, Ye Feng transformed into an ancient divine ape that reached the sky and the earth. He punched out with a fist. It was as big as a fist of Heaven Dou, like it was made of steel. It contained huge power and directly blew away the sole of the foot that the demon giant had stepped on. .

"Boom!!"

The demon giant that Chu Tianji transformed into was knocked back more than a dozen steps at once. The huge demon body smashed into a series of mountains, and many islands were directly crushed.

"What two terrible young men!"

At this moment, looking at the two behemoths, both thousands of meters tall, engaged in the most savage fight in the sea, the eyes of countless powerful men from various major forces watching the battle were full of shock.

"The ancient divine ape

blood! How come you have it? Where did you get it? How come there are so many terrifying things in the small ocean island plate of Longyuan Continent, and you, Ye Feng, got them all! "

Chu Tianji was completely annoyed at this time and made an incredible questioning sound.

He originally thought that he had been blessed by the demon god, and that various demon kings had helped him initiate cultivation and taught him various powerful trump cards.

But Chu Tianji discovered that Ye Feng also had incredible cards and tricks hidden in him, which was simply too shocking.

"boom!"

But at this time, Ye Feng didn't talk nonsense. The ancient divine ape's huge feet directly trampled on the soles of the demon giant who had just been blown away and lying on the ocean.

"ah!!"

Chu Tianji immediately felt huge shame, deep unwillingness, anger, fear, and other emotions.

"Pfft!"

But at the next moment, a thousands-meter-long Fangtian painted halberd appeared in Ye Feng's hand, and it suddenly struck down, cutting off the head of the demon giant.

Wow!

A large area of dark blood directly dyed the entire blue ocean into pitch black.

"No!!!"

Chu Tianji's body emitted an earth-shattering roar and howl, which was the roar of his residual thoughts.

But it's too late.

He had his head cut off, completely fallen, and could never recover.

"You dare to kill the devil's messenger! How brave you are!"

Suddenly, an old man wearing a mysterious robe arrived. He had gray hair and a withered face. A mysterious wheel of fate was spinning behind him, exuding an extremely mysterious aura of fate.

"Old Man Fate!"

Countless people looked shocked, very frightened by this fateful old man.

This is a man who has truly lived in ancient ruins for hundreds of thousands of years.

Old Man Fate looked at Chu Tianji who was beheaded, his eyes were extremely frightened and angry, and he shouted at Ye Feng: "You ruined all my plans, and also ruined the plans of all the demon emperors, and you actually killed Chu Tianji, he is the most critical chess piece, no, I will suppress you, demonize your mind, and make you a new chess piece for our use!"

While Ye Feng grabbed the drop of Demon God's blood from Chu Tianji and began to refine it in his body to strengthen his cultivation, he stared at Old Fate in the distance, his tone was murderous, and he said domineeringly: "Old Fate ? Humph, if you dare to appear in front of me today, then I will not only kill Chu Tianji, but also kill you, completely collapse the entire Tianjiao Alliance, and the entire Southern Territory will be dominated by me from now on!"

Chapter 835 The Great Sage's Clone

Ye Feng's words were extremely firm and domineering. He had killed Chu Tianji, but now that Old Man Fate is here, he will kill him too!

"Kill anyone who dares to stop me!"

"Kill anyone who dares to target me!"

"Kill the extraterrestrial demons!"

"Now that I have achieved great success, who can resist me?"

Ye Feng roared loudly, and every word was full of endless killing intent.

After fighting Chu Tianji until now, Ye Feng's momentum has not declined at all. Instead, he holds the Sword of the Human Emperor in his hand, and his momentum has become more majestic and boundless. He can swallow up the world and shock people.

"Ye Feng is truly an eternal genius!"

The powerful men from all major forces hidden in the void far away in the sea area were all exclaiming in surprise at this moment.

The old man Fate had a gloomy face at this time and said coldly: "The Human Race Temple and the Demon Emperors have reached an agreement. The Demon Emperor will not take action, but if you kill Chu Tianji, you will destroy the Demon Emperor's presence." The plan laid out by Chu Tian's body, so today you must be suppressed and imprisoned by me and become a new chess piece!"

Ye Feng raised the human emperor's sword in his hand and pointed it at the fateful old man. He smiled coldly and said: "Who are you, worthy of me becoming a chess piece? A shrunken head that has been hidden in ancient ruins for hundreds of thousands of years. You turtle is extremely cowardly, and now you have become the lackey of the demon clan from outside the territory, so you dare to come out and act arrogantly, you are a waste!"

"What?"

The fateful old man looked shocked, then stared at Ye Feng in disbelief, and said angrily: "You kid with a yellow mouth, you are talking nonsense! How dare you speak to me like this? Do you really think that you can ignore the people of the world by killing Chu Tianji? Well, today I will make an exception and take action completely, imprison you, wipe out your consciousness, and make you a slave, so that everyone will know that my reputation as an old man is not obtained casually, but is a reputation gained through killing!"

Old Man Fate was the most powerful man of the previous era in Longyuan Continent. In today's era of declining martial arts, he naturally feels that he is superior and in control of everything.

Now that Ye Feng, a junior who was only eighteen or nineteen years old, was scolding him so angrily, his heart was naturally boiling with murderous intent.

Old Man Fate couldn't wait to take action and severely suppressed and obliterated Ye Feng.

"boom!"

Old Man Fate's method is very mysterious, it is the inheritance of Fate, and it is very closely related to the Great Fate Technique, the number one magic in the world.

It has to be said that Old Man Fate must have been an eternal genius back then, and he actually understood the very mysterious power of Fate.

This kind of inheritance is very terrifying. Unfortunately, Chu Tianji did not pay attention to it. Instead, he believed in the demon god, gave up the secret of fate, and wanted to become the demon god. He soon died in the hands of Ye Feng.

"Buzz!"

A huge roulette wheel behind the fateful old man is slowly spinning.

Every rotation made Ye Feng feel like he was in reincarnation.

"r\u003e

"Gem of the Gods!"

But at this moment, Ye Feng suddenly activated the golden gem in his brain.

It is the most mysterious soul gem among the nine gems of the gods, which represents the existence of the immortal soul.

Therefore, Ye Feng does not have any fate or destiny, because no one can predict Ye Feng's future destiny with the soul gem, not even the gods.

Because the soul gem is the crystallization of the power of the supreme master, and the supreme master is the supreme existence that all the ancient gods worshiped and believed in. All the gods have to dedicate their power to the supreme master. The soul gem represents the most elusive soul in heaven.

"Fate, fate, affects anyone, but it cannot affect me!"

Ye Feng's eyes sparkled with divine light, as bright as two stars.

He roared loudly, and the ancient emperor's power on his body was running wildly, and it merged with the dragon of destiny of the entire Great Emperor Alliance. Suddenly, a momentum that shook the mountains and rivers and suppressed the eternal surged out from Ye Feng's body crazily. For a moment, it was like an ancient human emperor had arrived, with a majestic and boundless aura that could swallow up thousands of miles.

Old Man Fate yelled: "Ye Feng, you are indeed an eternal genius, possessing great opportunities and great luck, but I control fate, and I have already judged your fate, that is, to be wiped out by me and become my slave forever. !"

boom!

The terrifying aura of the Great Sage suddenly emanated from the body of the fateful old man.

"Great Sage!"

"This fateful old man has surpassed the Saint King and stepped into the Great Sage!"

"It's so terrifying! I didn't expect that I would be able to see a living great sage take action in my lifetime!"

At this moment, the countless hidden strong men around this sea area all had extremely shocked expressions in their eyes.

No one would have thought that a great saint would come on this day.

Ye Feng felt the pressure, but at this moment he just sneered and said: "The realm of the Great Sage is nothing more than this!"

The city of war!

boom!

The only top-grade imperial weapon on Longyuan Continent appeared.

It is the top-grade imperial weapon obtained by Emperor Styx back then, the city of war, and the natal soldier of the ancient peak emperor war lord.

"Boom!"

A majestic and huge war city instantly appeared above Ye Feng's head. It was so dark that it looked like an ancient mountain suspended high in the sky, giving people an overwhelming feeling.

"Buzz!"

At this moment, Ye Fengzhi

Then input huge mana into the city of war.

In an instant, all the attack equipment in War City were activated.

The spiritual patterns that covered the entire city of war all glowed brightly and released waves of destructive aura, making people feel as if they could destroy the entire world in an instant.

"Boom!" .??.

"Boom!" .??.

Above the city of war, on top of the thick and majestic city walls, the tall formation towers were all blooming with bright divine light.

These divine lights surged and condensed into beams of destructive light, which instantly penetrated in the direction of the fateful old man, even piercing the void. The speed and impact were very terrifying.

The City of War is the only powerful treasure on the Longyuan Continent that is at the level of a top-grade imperial weapon, so its power cannot be underestimated.

"The Great Roulette of Fate!"

The old man Fate roared loudly, and the huge roulette wheels behind him all began to rotate at once, releasing an extremely terrifying mysterious energy. It was a fateful energy that seemed to be able to reverse the most terrifying energy in the world and transform it into something. For nothingness.

"boom!"

Countless beams of destruction hit the big wheel of destiny, causing the entire world to riot, and the space collapsed and shattered inch by inch.

The scene on the entire field was very frightening and terrifying.

Everyone felt frightened when they saw this scene.

Because they didn't expect that Ye Feng would control such a powerful weapon.

Kick, kick, kick!

The countless beams of destruction in the city of war were like the light of the gods, like an infinite ocean, bombarding the old man Fate after wave after wave.

Even though the Great Roulette of Fate released by Old Man Fate is very powerful and thick, it still cannot withstand this crazy attack.

"The City of War! This Ye Feng actually got the City of War!"

"How scary! It seems that this Ye Feng has really been inherited by Emperor Styx, the lord of the Southern Territory. That war city is the powerful warrior used by Emperor Styx back then."

"That's right, Emperor Styx was able to create the Styx Demon Sect and almost unified the entire southern land. The power of this war city definitely took a big part of the help. Look at the fateful old man, a giant statue. Holy, they are all somewhat unable to withstand the crazy attacks of War City."

"You have all overlooked one point. This War City is the best imperial weapon. It is the best among imperial weapons. If you want to activate the war city to burst out with incomparable destructive power, the consumption must be extremely huge. Even a great sage will find it impossible to supply power all the time, but this Ye Feng has been inputting his own mana in a steady stream, as vast and boundless as a river.

After all, this kind of accumulation of cultivation power is really terrifying. "

At this moment, many powerful men hidden in the distance of the sea were discussing word by word, their eyes full of shock.

"Ah! City of War! The treasure of the ancient Lord of War was actually obtained by a boy like you. Damn it!"

Old Man Fate roared, and the Great Roulette of Destiny he released could only shake countless beams of destruction in the War City.

"Demon soul!"

"Kill the sky!"

Buzz!

Suddenly Old Man Fate roared, and a tall dark demon soul jumped out of his body, exuding a terrifying demonic aura, as if a very powerful demon soul had condensed into its second incarnation. He actually also possesses the terrifying strength of the Great Sage level and rushes towards Ye Feng all of a sudden.

"Protect the leader!"

At this time, many powerful men from the Great Emperor Alliance showed deep shock and anger in their eyes. Unexpectedly, Old Man Fate actually condensed his second incarnation, equivalent to two great saints, to attack Ye Feng.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

At this moment, the Underworld Killer Saint, the Human Emperor's Brush, and the four undead demon guards all temporarily abandoned their opponents and rushed towards Ye Feng to protect him.

"boom!"

But the demon soul clone of the fateful old man is a real great sage. He directly bombarded it with a huge demon hand, exuding the power and terrifying energy to suppress the Eight Desolations. In one fell swoop, it killed the Underworld Killing Saint and the Human Emperor Pen. The six saint kings were all blown away, vomiting blood.

"That's amazing! Another Great Sage clone. Oh no, this Ye Feng is now urging the city of war to be unable to resist the Demon Soul Great Sage clone."

At this moment, many powerful people hidden in the surrounding sea area were secretly exclaiming.

At this time, everyone was extremely nervous.

If the demonic soul of the great sage clone of Old Man Fate comes and attacks Ye Feng, Ye Feng will be instantly shattered and torn into pieces, and he will die immediately.

The fateful old man's eyes were ferocious and he shouted: "Ye Feng, you are dead! When the demon soul kills you and becomes my slave, I will definitely train you into an extremely powerful slave and dedicate everything to me. , Conquer the world for me!"

"Oh, really?"

Suddenly Ye Feng sneered and sneered. At this moment, a crystal mirror appeared behind him, and a vast white river of time burst out of the mirror and spread to the sky, a majestic and boundless

figure. , full of endless vicissitudes, towering and tall, standing at the end of the long river of time, with its back to the common people...

Chapter 836 A flash of sword light

The majestic figure standing at the end of the long river of time is naturally Ye Feng's future body.

In the future, Ye Feng possesses every level of Dzogchen cultivation.

When Ye Feng is a saint, his future body will be the cultivation state of the Nine-Star Saint's Great Perfection.

At this time, Ye Feng stepped into the realm of Saint King, and in the future he will be in the realm of perfect cultivation of Nine-Star Saint King.

The Nine-Star Saint King Dzogchen does not seem to be powerful as it sounds, and the clone of the great saint is not as advanced as the old man Fate.

But you must know that the future body is Ye Feng's true future self, so the future body possesses all Ye Feng's heaven-defying combat power and talents!

When Ye Feng was a nine-star saint, he was able to kill a six-star and seven-star saint king.

Therefore, at this time, the future body has the cultivation level of Nine-Star Saint King Dzogchen, and his combat power is enough to suppress and kill a Seven-Star Saint.

The old man Fate and his demon soul clone have just entered the realm of the great saint for the first time.

"boom!"

So at this time, the future body is blooming with infinite divine light, exuding a vigorous and boundless power. Although the figure is hazy, it gives everyone present a feeling of the arrival of a god, as if a living god has appeared. People were so shocked that they felt like they wanted to worship.

"This kind of momentum? Impossible!"

Old Man Fate let out a roar of shock and disbelief.

This is Ye Feng's strongest companion talent, at least so far.

"boom!"

A big hand appeared. It was the future body that took action at the end of the long river of time. The holy power roared and the huge energy surged. A big hand that spanned time and space grabbed it from the distant future. It was full of divine light and dazzling. , like the big hand of a giant god pressing down, like a real dragon roaring, like a divine phoenix neighing, the mountains and rivers are broken, the sun and the moon are dim, the heaven and the earth are shaking!

"Boom!!"

The terrifying big hand contained infinite energy and was filled with overwhelming destructive power. It directly shattered the demon soul of the Great Sage's clone and crushed it into countless ashes.

"hiss!"

This scene shocked everyone present to the extreme, and bursts of gasping sounds instantly echoed around the entire sea area.

Even everyone in the Great Emperor Alliance was shocked when they saw this scene.

Renhuangbi exclaimed in admiration: "Young friend Ye Feng is simply an eternal monster!"

At this moment, the people in the Tianjiao Alliance were dumbfounded.

A great saint was destroyed just like that?

Buzz!

At this time, the majestic figure of the future body disappeared into the long river, and the crystal mirror also disappeared into Ye Feng's body.

At this time, Ye Feng's face was a little pale, and his soul was very weak.

The terrifying blow he summoned from his future body just now consumed Ye Feng's huge soul power.

"No! My demon soul clone!! I have been condensing it for tens of thousands of years! Ah!!"

Old Man Fate yelled desperately and angrily.

"The flood of time!"

At this time, Ye Feng rushed directly in front of the fateful old man and punched out a mighty torrent.

"ah!!"

Accompanied by a scream of extreme horror, the whole body of the fateful old man was swept away by the torrent of time.

The flesh and blood were washed away and turned into a white withered skeleton, which fell from the sky.

Even the storage spirit ring in the hands of old man Fate was shattered by Ye Feng's terrifying torrent of the times, and countless things stored in it were destroyed. It was really a pity.

But Ye Feng is now fighting to the point of going crazy and can't control his violent power at all!

"Crack!"

At this time, a piece of jade pendant exuding the aura of fate fell from the torrent of time.

Ye Feng grabbed it and his eyes lit up: "My attack on the torrent of the times destroyed even a great sage like Old Man Fate. Unexpectedly, this jade pendant was not destroyed. It seems that this should be the body of Old Man Fate." The most precious things may contain very mysterious destiny."

Ye Feng put this piece of destiny jade pendant into the storage ring.

At this time, the six demon saint kings not far away were still fighting with Renhuangbi and others.

"I'm here to kill them! This war should end!"

Ye Feng instantly burst out with thousands of murderous intentions and rushed directly in front of the six demon saint kings, like a wolf among sheep.

"Pfft!"

The six demon saint kings who were fighting with Human Emperor Bi and others were beheaded by Ye Feng with the Human Emperor's Sword the moment Ye Feng arrived.

"What? This guy killed both Chu Tianji and Old Man Fate!"

"Run away! We can no longer resist this Ye Feng!"

"Go back quickly and tell the Demon Emperor that even if you break the rules, you will kill this Ye Feng!"

At this time, the remaining five demon saint kings all had trembling eyes and frightened faces, desperately trying to escape in the distance.

"kill!"

The Human King Brush seized an opportunity, slashed the golden brush from high in the sky, and directly killed a demon saint king, staining the sea with blood.

"boom!"

The four undead demon guards also besieged and killed a demon saint king who was running hastily.

"Pfft!"

At this time, the Underworld Killing Saint also used a set of peerless assassination techniques. A dark black sword pierced through the void and pierced the head of a demon saint king. The soul was overwhelmed by the violent killing sword intent. Killed instantly.

All of a sudden, three more demon saint kings died. Counting the one Ye Feng killed when he arrived, four demon saint kings fell!

There were two left, running away like crazy.

"Since you have come to our Great Emperor Alliance today, don't leave. Let them all die!"

Ye Feng showed no mercy to the demons outside the territory, and directly sacrificed the top-notch imperial weapon from War City, releasing terrifying killing power.

Boom!

Boom!

Boom!

In an instant, countless beams of destruction were released from the formation tower in the city of war, like countless meteor showers falling from the sky. They all bombarded the last two demon saint kings who were escaping, blasting them both instantly. Killed to pieces, not even a trace of ashes left.

The power of War City is really terrifying, coupled with Ye Feng being so majestic

Mana is simply a big killing weapon.

"we won!"

"Hahaha! The leader is invincible!"

"Our Great Emperor Alliance, under the leadership of our leader, will be immortal forever!"

At this moment, countless warriors from the Great Emperor Alliance who were fighting bloody battles were shouting in excitement.

As for the Tianjiao Alliance's army, they were retreating steadily and running away like crazy.

Even their commander and backer died in Ye Feng's hands, so how could they fight?

"Everyone in the Tianjiao Alliance, if you surrender, join my Great Emperor Alliance, believe in me, and contribute to me, you will not have to die. You have followed the wrong commander. Now is the time for you to choose the right leader."

At this time, Ye Feng suddenly shouted loudly, his tone filled with infinite domineering power.

The Tianjiao Alliance has tens of thousands of powerful people, including saints, monks in the holy realm, and masters in the cave heaven realm. It would be a pity to kill these people.

Moreover, these people are all elite members of the Tianjiao Alliance. They do not believe in the devil, they just follow Chu Tianji.

If they can all be absorbed into the Great Emperor Alliance, the power of the Great Emperor Alliance will expand to an extremely terrifying peak.

So the moment after Ye Feng's voice fell, the entire field suddenly boiled.

The faces of the powerful experts of the Tianjiao Alliance who were fleeing suddenly showed a look of joy, which was originally frightened.

"Thank you, Leader Ye, for the opportunity! I am willing to join the Great Emperor Alliance and contribute a small amount of strength to Leader Ye."

"Chu Tianji believes in the devil. We didn't know it before, but now we know it. This Chu Tianji has committed a heinous crime. Now he has been killed by Leader Ye. He is really doing justice for heaven. We admire him!"

"I am also willing to join the Great Emperor Alliance. Leader Ye practices the Ancient Human Emperor Art, and is assisted by the Human Emperor Brush. This is the orthodox inheritance of our human race. Leader Ye, you are the true son of destiny who has inherited the fate of our human race!"

At this moment, the powerful elites of the Prodigy Alliance immediately stopped running away and began to bow their hands to Ye Feng. The words they spoke were all extremely respectful, boasting and flattering, without any words of appreciation. Blushing said it.

Ye Feng just smiled slightly at this and said: "Okay, you don't need to say so much. Now follow my disciples from the Great Emperor Alliance to the square in the center of the Great Emperor Alliance and engrave a mark of your spiritual thoughts on me. On top of the sculpture, it is considered to be a member of our Great Emperor Alliance."

Although Ye Feng's face was still calm, he was very happy in his heart.

Because if these tens of thousands of elite members of the Tianjiao Alliance were all talents cultivated by Chu Tianji, but now they are all annexed by his own Great Emperor Alliance, this would be like getting rich suddenly.

Not only will the power of the Great Emperor Alliance skyrocket, but the luck and power of faith that he has gained will also become larger and larger.

At this time, everyone in the Great Emperor Alliance was already cleaning up the mess.

Ye Feng walked to the area where the battle had just taken place and collected the demon bodies of the six slain demon saint kings, Chu Tianji's demon body, and the withered bones of the fateful old man.

These objects contain very large and high-level energy. If they are refined, they will definitely be able to improve their cultivation.

A huge improvement.

However, after Ye Feng got rid of the huge threat of the Tianjiao Alliance this time, the most precious things he got were a drop of the devil's blood and the jade pendant of destiny.

After Ye Feng collected his "trophies" at this time, he was ready to return to the Great Emperor Alliance to carry out some aftermath work.

"Buzz!"

But at this moment, a terrifying and huge coercion, exuding the mighty aura of eternity, full of great heaviness, great vicissitudes, and great terror, suddenly descended on the ancient sea area, covering the entire sky and earth. .

That kind of energy, eternal cold, made everyone present, including countless big figures from various major forces hidden in the void of the sea, feel a deep sense of suffocation, as if their own throats were being strangled. Same.

"What? This kind of momentum?"

"This is the terrifying Qi of the Great Emperor! Although I am a Saint King, I feel like my whole soul is trembling!"

"What? A great emperor has arrived? A living ancient emperor? It's too scary! It's the emperor from the extraterrestrial demon clan!"

At this moment, countless people were speaking out in fear.

The entire blue sky suddenly became as dark as night, and the rich demonic energy as black as ink surged crazily from the end of the entire sky.

In the horrified eyes of countless people, a huge and ferocious demonic face appeared on the vast sky. Two huge red eyes like sky lanterns were staring at Ye Feng in the sea below.

A real demon emperor, the living ancient emperor, ignored the rules and manifested his power. He wanted to use the power of the ancient emperor to destroy Ye Feng.

"Buzz!"

At this moment, Ye Feng only felt that the mighty power of heaven descended on his body, and his body was rapidly collapsing, making Ye Feng extremely frightened and angry.

The great emperor of the demon clan takes action again!

This is something no one imagined!

"No?!"

Looking at Ye Feng's body, it was rapidly collapsing and breaking, and blood was spraying out. All the people in the Great Emperor Alliance had their eyes cracked, and felt deep despair and anger. Everyone was covered in ice and cold, from head to toe. .

"Buzz!"

But at this moment, in a certain area of the Southern Territory, in a remote small mortal dynasty, in a small family, in the backyard of an ordinary clan ancestral hall, an old man wearing coarse linen clothes casually gestured towards the sky and the earth.

"boom!"

A flash of extreme cold sword light suddenly lit up, shining across the sky.

That flash of sword light, that flash of extreme coldness, like eternal light, like the mark of the great road, like the first ray of light in the endless chaos, suddenly burst out from the earth, like a dragon rising from the sky. Reaching high in the sky, endless bright divine light bloomed. The sky shook and the earth shook, and the eternity was destroyed. It was very shocking. In an instant, the demon

face in the high sky was directly split into two halves, and the endless demonic clouds The madness dissipated and the world returned to clarity.

"What?!"

The scene that suddenly happened was full of extremely shocking visual impact, and everyone present was stunned for a moment. Even the leaders and elders of the big forces were all open-mouthed and stunned. .

Chapter 837 The Sixth Stage

The scene that suddenly appeared on the field, that sword light like eternal light, split the demonic face of an extraterrestrial demon king into two halves with just one sword. It was really scary and very shocking. People's hearts.

In the void far away in this sea area, many powerful figures from the other four regions of Longyuan Continent were hidden in silence. Even the Sage King and even the Great Sage were trembling at this moment.

"The place where the sword light burst out is a remote place of a mortal dynasty!"

"How is it possible? How is it possible that such a terrifying superpower is hidden in a small and low-level mortal dynasty?"

"There is a unicorn lying in the plains, a treasure temple hidden in the mountains! Is he a great emperor from my human race? Is there still a great human emperor alive among our human race in Longyuan Continent?"

At this moment, everyone was shocked, but also full of deep excitement.

When the demon emperor from the outside world came, everyone was in despair. Even the great sage was as weak as an ant in front of the demon emperor.

But now, the sword light that penetrates the sky and the earth, like the light of the gods, shines on the nine heavens and ten places, giving everyone in the Great Emperor Alliance hope to continue fighting.

"Sea of Blood Demons!"

More than half of Ye Feng's body collapsed, but at this moment he used the Blood Demon Sea's magical power talent and spent some mana, and his body suddenly returned to normal.

At this time, Ye Feng's eyes were the most excited. He stared at that remote place in the world, and immediately recognized the direction of the shocking sword light. It was the Great Yan Dynasty and the Ye clan.

Ye Feng knew that it was Uncle Nan who took action. His eyes were excited and he murmured to himself: "I didn't expect that Uncle Nan was so strong. With one sword, he cut off the manifested power of a demon emperor from an extraterrestrial demon clan. That demon emperor He didn't appear again. He must be afraid of Uncle Nan. I don't know who is more powerful between Uncle Nan and the Demon Emperor."

At this time, Ye Feng suppressed the urge to go to the Great Yan Dynasty to find Uncle Nan. He returned to the Great Emperor Alliance and said: "Everyone must return to the Great Emperor Alliance to stabilize the protective formation of the Great Emperor Alliance. I will be in seclusion for a while."

Uh-huh!

The moment Ye Feng finished speaking, he rushed directly into the deep training chamber of the Great Emperor Alliance, eager to refine the spoils obtained from this battle.

...

Three months later.

The Dragon of Luck of the Great Emperor Alliance hovers high in the sky and is already tens of thousands of meters long.

Moreover, the majestic dragon body gradually turned from light yellow to noble gold, exuding a vast and boundless aura.

This shows that the power of the Great Emperor Alliance is getting stronger and stronger.

At this time, in the secret training room deep in the Great Emperor Alliance.

Ye Feng has already devoured and refined all the spoils and the power of the powerful after the battle three months ago.

His cultivation has been so profound that he has been pushed to the level of the Four-Star Saint King!

This is a huge improvement!

You know, an ordinary Saint King may have to practice for decades before he can break through one star.

But in just three months, Ye Feng relied on absorbing the skills of strong people to break through three stars in a row. From a one-star saint king, he skyrocketed to a four-star saint king. It was simply a huge achievement. If it were spread, it would probably cause countless The shock of people will make many old monsters in the overlord forces so scared that their eyes will pop out.

I have to say that the Divine Secret of Creation is indeed

A very terrifying inheritance of skills that seizes the creation of foreign objects and uses it for oneself to strengthen oneself.

At this time, Ye Feng took out the fateful jade pendant he got from the fateful old man.

This jade pendant of destiny can withstand the torrent of Ye Feng's era without breaking. It must be a rare treasure.

"Maybe it contains the secret of fate."

At this moment, Ye Feng secretly thought in his heart and directly released the swallowing vortex to swallow up this fateful jade pendant.

But this piece of jade pendant did not appear to be broken or damaged at all in the devouring vortex. The devouring vortex was unable to swallow up this piece of jade pendant of destiny.

"The oven of creation!"

Bang!

Ye Feng released the first natal companion talent, the oven of fortune, and threw the jade pendant of destiny into the oven of fortune.

But seven days later, there was no movement at all in the oven of destiny, and the Jade Pendant of Fate was still intact.

"So hard!"

Ye Feng was finally a little surprised. He didn't expect this piece of destiny jade pendant to be so hard, probably even stronger than the legendary imperial weapon.

"How to do this?"

Ye Feng fell into confusion.

But suddenly at this moment, a voice sounded in his mind: "Young human race, you can try to use the gems of the gods to open the prison of this fateful jade pendant. Your gems of the gods are the most mysterious soul gems, possessing the power to dominate The supreme soul power can theoretically break the confinement of any treasure's divine power."

It is a gluttonous evil spirit imprisoned in a golden prison by the gems of the gods.

When Ye Feng heard Taotie say this, his eyes moved slightly and he started experimenting directly.

"Buzz!"

Ye Feng used his spiritual thoughts to communicate with the golden gem of the gods, the soul gem, in the soul world.

"Buzz!"

An immortal golden energy belonging to the Supreme Lord penetrated from the center of Ye Feng's eyebrows, and the golden light shone on the fateful jade pendant in Ye Feng's hand.

"howl!!!"

Almost at this moment, a piece of black mist suddenly emerged from the Fate Jade Pendant. The black mist suddenly condensed into the face of the old man Fate, who was roaring sadly: "Ah! Little thief Ye Feng! You actually have something hidden on your body. Holding the gems of the gods! This kind of power is coveted by the Lord of Fate. I am going to die, but you will not live long. To tell you the truth, the Chu Tianji you killed is a statue in the sky. It's just a clone of a great figure who has been trained in the mortal world. If you kill Chu Tianji, you will have hatred and karma with that great figure. You will definitely be killed by that great figure in the future!"

boom!

Ye Feng's eyes were cold, and more intense light of dominance burst out from his eyebrows, directly erasing the last remaining thoughts of the fateful old man.

"The Chu Tianji I killed on Longyuan Continent was the clone of a great figure in the sky? Is this old man of fate trying to intimidate me, or is this really happening..."

Ye Feng secretly murmured in his heart, but he was not too worried. Such an adult

It is estimated that it is impossible to pay attention to what is happening on a small ocean island in the spiritual world in a short period of time.

And when he enters the real spiritual world, he will try his best to find the treasury of the Divine Dynasty of Creation. This secret is known to him, the crown prince of the Divine Dynasty of Creation. The treasury of a Divine Dynasty, with its rich treasures, can definitely make him Soar!

Moreover, he owns the most mysterious soul gem among the nine gems of gods owned by the supreme master of the heavens. As long as he gives himself time, even the immortals in the sky and the ancient gods will sooner or later pay homage to him!

At this time, Ye Feng put the jade pendant of fate that had been released from confinement on his forehead and began to understand the meaning of fate in it. .???.??

Buzz!

Suddenly at this moment, Ye Feng felt that his fighting body had undergone a huge transformation.

The body that was originally made of stars was rapidly transforming into the color of the blazing sun and the cold moon.

At this moment, Ye Feng's entire body began to burn with flames.

Half of the body burns with the light of the fierce sun, and half of the body burns with the silver light of the cold moon!

"This time I devoured and refined the fateful old man, Chu Tianji, a drop of the demon's blood, and the six demon saint kings, and my battle body was transformed again. From the late fifth stage, I broke the star battle body The shackles of my body broke into the sixth stage of the Divine Art of Creation, the sun-moon battle body! The origin of my life, my body and constitution, evolved from the stars into the sun and moon in the universe, and have been as bright as stars ever since! "

Ye Feng was overjoyed at this time. The Divine Art of Creation had finally entered the sixth heaven. The fifth-stage star battle body had finally transformed into the sun-moon battle body at the beginning of the sixth stage.

Ye Feng saw that the light of the blazing sun and the silver moon surged through his bones and flesh, and the power of extreme yang and extreme yin flowed through his body, forming a powerful circulation throughout the sky.

The Sun-Moon War Body has an inseparable connection with the ancient power of Yin and Yang, which made Ye Feng realize a lot.

At this moment, Ye Feng only felt that if the old man Fate was not dead and stood in front of him, he would not need to use the torrent of the times. His sun and moon battle body would be able to smash him to pieces with just one punch!

"Crack!"

And suddenly at this moment, the fateful jade pendant in Ye Feng's hand shattered.

An extremely mysterious power of destiny was integrated into Ye Feng's body.

At this time, behind Ye Feng, a huge horoscope appeared. It was engraved with countless obscure patterns and ancient characters that even Ye Feng himself could not understand. These characters may have disappeared in the mottled history. In the long river.

At this time, this huge life chart was slowly rotating, exuding a mysterious energy of profound destiny.

This mysterious horoscope is very similar to the roulette of fate that Old Man Fate released before.

But the mysterious horoscope behind Ye Feng contains many ancient characters that have disappeared in the long river of history, as well as various long-lasting totems, patterns, etc., exuding a frightening atmosphere. Energy fluctuations.

"The horoscope of the heavens!"

Ye Feng's eyes suddenly moved, and the Divine Art of Creation in his mind conveyed a mysterious message, making Ye Feng immediately understand that this was the sixth life companion talent he had awakened after entering the sixth stage of the Divine Art of Creation.

Ye Feng did not expect that this time, not only would his battle body transform into the sixth stage of the sun and moon battle body, but his sixth natal companion talent would also awaken so quickly.

At this time, Ye Feng thought of the fateful jade pendant breaking just now, and a force of fate merged into his body.

"The natal charts I awakened are related to fate. It just so happens that the mystery and power of fate in the fate jade pendant accelerated the awakening of my sixth natal companion talent!"

Ye Feng secretly thought in his heart that at this time he also obtained the ability of the destiny charts from the God of Creation, that is, deduction.

That's right!

It's just deduction!

Deducing the future, deducing everything!

By rotating the horoscope, Ye Feng can deduce to a certain moment in the future, or to deduce the perfect inheritance of some incomplete martial arts secrets, or to deduce whether there is a crisis in a certain space, or whether there is a rare treasure hidden by chance. .

Ye Feng's heart was shocked when he learned that this ability of the heavens' horoscope was unparalleled.

However, the cost of moving the natal charts of the heavens is also very high. It requires burning vitality, which is equivalent to burning life span, to deduce everything.

"This kind of innate ability is too taboo, so it should be used sparingly."

Ye Feng was slightly alert, ready to take back the destiny charts.

"Buzz!"

But at this moment, the heavenly natal chart suddenly started to move on its own. It seemed that the energy in the fate jade pendant had not been exhausted yet, allowing the heavenly natal chart to actively move for the first time.

Wow!

And at the next moment, in front of Ye Feng, a scene appeared on the heavenly destiny chart. The scene came from the future and was deduced from the heavenly destiny chart, and the place in the scene was Longyuan Continent!

"This is Longyuan Continent a hundred days later!"

Ye Feng's mind was shocked. He saw from the future scene in the destiny chart in front of him that a huge dark light door would appear on Longyuan Continent a hundred days later and on the five major regions. The dark light door, there appeared an army of ferocious and ferocious demons, densely packed and numbering in the billions, and there were also various demon war beasts, demon beasts, demon chariots, etc., of course, the most terrifying. What's more, in each huge dark light gate, there are several demon emperors who have arrived, destroying thousands of miles of land with a wave of their hands, and the entire Longyuan Continent has been devastated...

"puff!"

Suddenly, Ye Feng spurted out a mouthful of blood and felt that his mind was seriously damaged.

It turns out that unknowingly, the energy of the Fate Jade Pendant has been exhausted. Now it is my own life force that keeps the destiny charts running.

Fortunately, Ye Feng's vitality was like that of an ancient behemoth, huge and his lifespan was sufficient, so it was nothing.

Ye Feng immediately retracted the rotation of the Heavenly Fate Disk. He recalled the Longyuan Continent a hundred days ago. The scene was too terrifying. The huge dark light doors seemed to be connected to the terrifying hell and demon world, and the endless extraterrestrial demons. The clan's army was vast, blowing the horn of war, and attacked the Longyuan Continent. Many demon clans and demon emperors also arrived, destroying everything.

"This matter is too terrifying. I must go to Uncle Nan to discuss it immediately!"

Ye Feng couldn't wait anymore and rushed out of the secret training room, turned into a stream of light, quickly jumped in the void, and headed towards the Great Yan Dynasty, a mortal dynasty in the southern region.

Chapter 838 Sword God Order

Ye Feng's speed is extremely fast.

Now, with his cultivation, he can jump through the void and travel tens of millions of meters in just a few seconds.

So in less than half a day, Ye Feng had arrived from the Chaos Ancient Sea to a small mortal dynasty in the Southern Territory.

The Great Yan Dynasty was still as familiar as before. The mortals were busy, the emperor was in the court, and the civil and military officials were reporting on various things in the dynasty's territory, such as insect plagues, droughts, border barbarian invasions, etc...

Ye Feng's perception is so powerful that his spiritual thoughts can cover the entire Great Yan Dynasty at once, and he can understand everything instantly.

But Ye Feng is not interested in these now. He went directly to a small family in a remote place in the Great Yan Dynasty alone.

It is the Leaf Clan.

Ye Feng did not disturb the peace of the family, but instantly flashed to the front of the family ancestral hall.

Looking at the familiar ancestral hall, Ye Feng was in a trance, feeling that the scene when he just woke up in this life seemed like yesterday.

After calming down, Ye Feng walked into the ancestral hall and came to the back hall of the hall.

The excitement to see Uncle Nan suddenly disappeared at this moment.

Because Ye Feng saw that on the table in the back hall, there was no longer the familiar figure of Uncle Nan in coarse linen clothes, but only a piece of white paper with a sword-shaped token pressed on the table.

Ye Feng was a little disappointed, but when he stepped forward and saw Uncle Nan's handwriting on the white paper, he couldn't help but feel pleasantly surprised.

The font of the note was vigorous and powerful, each stroke was like a divine sword carving, as if countless sword lights penetrated the white paper and burst out, shocking the world.

The content on the white paper was very short, but it made Ye Feng's eyes light up.

"Little Feng, I went to the depths of the Demon Realm to hunt down a Demon Emperor to bring a glimmer of life to thousands of creatures in the Southern Region. A hundred days later, a Demon Realm Space Gate will come to Longyuan Continent, and there will also be one in the Southern Region, but there will be no more Demon Emperor in the Southern Region. Your Great Emperor Alliance can break through the shackles of the Longyuan Continent's magic array through the space nodes in this space gate and enter the real spiritual world. I wish you good luck."

Ye Feng picked up the paper, put it away solemnly, and placed it close to his body.

At this moment, Ye Feng looks at

When we arrived, there was an ancient word "god" on the sword-shaped token covered with white paper on the table.

Uncle Nan also carved a line of secret words on the table next to the sword-shaped token: "This is a sword god token. You should hide it close to your body. If you seize the opportunity, you can successfully break out of the shackles of Longyuan Continent and enter." The real land of the spiritual world, go to the land of Selangor in the nineteen states of the spiritual world, take this Sword God Token, and worship the largest sect in Selangor, the 'Sword God Heavenly Palace'. The Sword God Heavenly Palace has abundant resources and can help you grow quickly. We If we are destined, we will meet again there."

The writing ends here.

Ye Feng was shocked in his heart: "Nineteen states in the spiritual world, the largest sect in Snow State, the Sword God Tiangong, and this Sword God Order allow me to unconditionally join the Sword God Tiangong, the largest sect in Snow State, the first martial arts practice Holy Land, isn't Uncle Nan from Longyuan Continent, a big shot in the Sword God's Heavenly Palace..."

Ye Feng was both shocked and deeply confused at this time.

But he knew that the most important thing now was to prepare for breaking the shackles of Longyuan Continent a hundred days later and rushing into the real land of the spiritual world.

"I didn't expect that Uncle Nan, for me and for the thousands of creatures in the Southern Territory, would go straight into the depths of the Demon Realm with a sword, alone, to hunt down the Demon Emperor of the Southern Territory. This is so fierce!"

Ye Feng was extremely excited. He didn't expect Uncle Nan to be so powerful. With one man and one sword, he entered the demon world and hunted down the demon emperor in the southern region. It really made people's blood boil and his heart surged: "Could it be that Uncle Nan's cultivation level has surpassed Great Emperor?"

At this time, Ye Feng thought of the tragic situation of Longyuan Continent a hundred days later that he had seen through the destiny chart of the heavens, and the lives of all people were in ruins.

"Even though the Demon Emperor of the Southern Territory was chased into the Demon Realm by Uncle Nan, in addition to the Demon Emperor, there must be powerful Demons of the Great Sage level, and even quasi-emperors. I don't have much time left. There are only one hundred days. In these one hundred days, I must seize the time to prepare, improve my own cultivation as much as possible, and also improve the overall strength of the entire Great Emperor Alliance. After one hundred days, I will find space through the dark light gate where the demons descend. Node, escape from the shackles of Longyuan Continent and enter the true spiritual world. From now on, the sky is high and birds can fly, and the sea is wide and fish can jump!"

Ye Feng thought quickly in his mind, solemnly hid the Sword God Token on the table close to his body, then jumped directly into the sky, jumped in the air, and flew towards the chaotic ancient sea. Ye Feng's speed is extremely fast.

Now, with his cultivation, he can jump through the void and travel tens of millions of meters in just a few seconds.

So in less than half a day, Ye Feng had arrived from the Chaos Ancient Sea to a small mortal dynasty in the Southern Territory.

The Great Yan Dynasty was still as familiar as before. The mortals were busy, the emperor was in the court, and the civil and military officials were reporting on various things in the dynasty's territory, such as insect plagues, droughts, border barbarian invasions, etc...

Ye Feng's perception is so powerful that his spiritual thoughts can cover the entire Great Yan Dynasty at once, and he can understand everything instantly.

Ye Feng thought quickly in his mind, solemnly hid the Sword God Token on the table close to his body, then jumped directly into the sky, jumped in the air, and flew towards the chaotic ancient sea.

Chapter 839 Qingyuan Supreme

After Ye Feng returned to the Great Emperor Alliance, he gathered all the upper echelons together and held a secret meeting about the secrets he learned from Zhutian Mingpan and Uncle Nan.

Everyone was shocked when they heard this, but at the same time, they also felt extremely lucky.

Because Uncle Nan restrained a Demon Emperor of the Demon Clan for their Southern Territory.

Their pressure was reduced countless times in an instant.

At this time, in the central hall of the Great Emperor Alliance, Xiao He couldn't help but ask: "One month later, Zhongzhou will hold the Human Race Five Realm True Dragon Competition. The messenger from the Human Race Temple has already come to invite us. Ye Feng, how about Just drive that temple messenger away."

"etc."

Ye Feng spoke up and said: "You work hard to practice and develop your power in the Great Emperor Alliance. I will go to the Zhongzhou Zhenwu Competition in a month."

Murong Yunyin was a little worried, staring at Ye Feng with her beautiful eyes, and said: "But in a hundred days, the Southern Region will probably be the safest place on Longyuan Continent, and the Demon Emperor will come to the other four regions."

Ye Feng smiled and said: "I know that one hundred days, nearly three months, is enough for me to go to Zhongzhou again and again."

At this time, Jian Wushuang, a brother who had trained with Ye Feng in the Great Yan Dynasty Sword Sect, seemed to have guessed some of Ye Feng's other purposes.

He whispered in Ye Feng's ear: "Ye Feng, you went to Zhongzhou probably to find Ye Shenyue, the eldest lady of your Ye clan. You want to take her back to the Southern Territory."

Ye Feng nodded slightly and said: "This is one reason. I promised the head of the Ye clan that I would definitely find the eldest lady back. Moreover, the eldest lady went to Zhongzhou Moon God Palace because of me. I must go there. Of course, in addition to this, I went to Zhongzhou just to see if I could encounter some good fortune, and try my best to make myself stronger as much as possible before the demon army of hundreds of millions descended on Longyuan Continent. Even if the Southern Territory There is no longer a Demon Emperor, but there are likely to be many great saints and even powerful quasi-emperors. Naturally, the stronger my cultivation strength is, the better."

Jian Wushuang nodded slightly and said no more. He just patted Ye Feng on the shoulder and said: "Be careful and come back safely. We will wait for you."

"good."

Ye Feng nodded, then left the central hall and came to the welcoming pavilion of the Great Emperor Alliance.

Here, he saw the envoy of the Human Temple, a young woman wearing a pale golden dress. Her black hair was tied up with a silver hairpin, with tassels hanging down and flawless pearls. She looked full of life. A sense of divine nobility.

However, no matter how noble the saint, even the human temple messenger, dare not put on any airs in front of Ye Feng, the Lord of the Southern Territory.

The moment the temple messenger saw Ye Feng approaching, he immediately smiled, made a woman's blessing gift, and said: "I didn't expect that Leader Ye would come to see me in person, so I was really a little scared."

Ye Feng smiled and said: "No.

Do you know the name of the messenger? "

"Zi Xuan."

"Zixuan? A very beautiful and artistic name."

Ye Feng praised.

Zixuan immediately smiled and said: "Leader Ye is joking, it's just a common name. By the way, I wonder if Leader Ye has thought about taking the geniuses of the Great Emperor Alliance to participate in the True Dragon Competition?"

Ye Feng said: "I will go alone."

When Zixuan heard what Ye Feng said, she couldn't help but be slightly stunned and said: "You are the only one going to Zhongzhou alone, Leader Ye?"

Ye Feng said: "No?"

Zixuan hesitated a little and said: "But in the entire Southern Territory, Alliance Leader Ye is the only one to go. In the other territories, there are tens of thousands of peerless geniuses participating in the True Dragon Competition."

Ye Feng smiled slightly and said: "I alone can be worth tens of thousands of geniuses."

"..."

Zixuan was speechless for a moment, but she wanted to refute, but she couldn't.

Because Ye Feng told the truth.

Before Zixuan came, she heard with her own ears that many seniors in the Human Race Temple praised Ye Feng lavishly, saying that Ye Feng's current combat prowess, let alone participating in the True Dragon Competition, was just going to the True Dragon Competition. It's enough to be a judge, and it can be on an equal footing with the top experts of the older generation in Longyuan Continent!

Zixuan could only show a helpless smile on her beautiful white face at this time, and said: "Okay, whatever Alliance Leader Ye says, I don't dare to object. Then why should we set off from Zhongzhou, True Dragon University?" It starts in a month."

Ye Feng smiled and said: "You can set off now."

"Now?"

Zixuan's beautiful eyes were slightly startled.

Uh-huh!

But at the next moment, Zixuan felt it immediately. Ye Feng directly grabbed her shoulders and made a huge jump in the void, jumping towards Zhongzhou.

"Boom!"

"Boom!"

At this time, the void was shattered. Ye Feng grabbed Zixuan and jumped in the endless space. Zixuan's beautiful eyes were shocked to the extreme.

Only when she was actually with Ye Feng and watched Ye Feng take action did she realize what kind of terrifying strength this seemingly handsome and ordinary boy had. Every move he made was earth-shattering, as if he possessed ancient power. energy of.

Looking at the rapidly retreating mountains and rivers around him, the sky and mountains, and the surrounding space, the turbulent void energy filled with destructive thunder and lightning, hurricanes, fire, etc. are all flying past him. ,

This feeling simply gave Zixuan a new and exciting experience.

"It's so exciting!"

Zixuan, who was originally a cold and noble temple messenger, started shouting like a little girl. She was obviously too excited and could not suppress the surging emotions in her heart. feel.

At this time, Zixuan secretly looked at Ye Feng, who was holding her shoulders and standing beside her. She looked at the mountains and rivers whizzing by around her, the great mountains, the turbulent void, the dark hollows, the thunder and lightning flames... ??.

At this moment, a hazy romantic emotion arose in Zixuan's heart.

This feeling was something she had never experienced before.

"Who is it? Dare to smuggle in from the void and invade our Zhongzhou land?"

Suddenly, at this moment, a majestic cold snort suddenly sounded somewhere in the void.

"Has Zhongzhou arrived?"

Zixuan's beautiful eyes were slightly startled. She was still immersed in the vast energy phenomena of countless thunder, lightning, wind and snow, and hurricanes in the turbulent void around her.

Buzz!

Ye Feng grabbed Zixuan's shoulders and stepped out of the void.

At this time, they were suspended in the sky above a primeval forest, which was the edge of Zhongzhou.

"boom!"

At this time, directly in front of the two of them, a blue beam of light suddenly flashed down from high in the sky, penetrating the sky and the earth.

Buzz!

A powerful aura spread out, covering the sky and the earth. Countless monsters and ferocious beasts in the entire primeval forest suddenly fell to the ground, trembling with fear in their eyes.

At this time, in the blue pillar of light in the distance, a huge bronze throne slowly appeared. On the throne, sat a middle-aged man who was not angry and proud. He was wearing a blue robe, with a green divine light all over his body. It condensed into thousands of blue light giant swords, spinning rapidly in the space, exuding a sharp and terrifying aura.

Zixuan, the temple envoy, was immediately startled and said: "Qingyuan Supreme! This is Qingyuan Supreme, one of the ten supreme protectors of the Zhongzhou Protectorate Hall. He is a powerful man at the level of the Great Sage and is from Zhongzhou. Supreme Guardian."

Ye Feng's eyes moved, and he felt an aura of fear from the Qingyuan Supreme sitting on the bronze throne not far away. This person was a three-star great sage.

It has to be said that Zhongzhou is indeed home to the most prosperous martial arts civilization and inheritance in the entire Longyuan Continent, giving birth to many powerful beings.

For example, there are no powerful men at the level of great saints in the Southern Region, but in Zhongzhou, all the ten supreme protectors of the Domain Protector Hall in Zhongzhou are great saints.

However, Ye Feng did not have a good look at Qingyuan Supreme who was blocking the road at this time, because before Chu Tianji led

When the Demon Sage King and many powerful men attacked the Great Emperor Alliance, countless powerful men from all the major forces in Zhongzhou were watching from far away in the sea, but no one came to help, which was really chilling.

Even in the human temple, Ye Feng didn't have any emotions at all, because when the demon emperor took action in the end, there was no ancient strong man in the temple to help him. If Uncle Nan hadn't taken action at the last moment, he might have died. In the hands of the demon emperor.

So Ye Feng knew everything that happened a hundred days later, but he didn't tell the so-called Longyuan Continent's most sacred human temple.

When Ye Feng was invited to Zhongzhou this time, it was not to give face to the temple, but to seek opportunities for his own purposes, and to meet the eldest lady Ye Shenyue by the way.

As for other people, it has nothing to do with him. Whether they are dead or alive, Ye Feng is too lazy to care.

At this time, Ye Feng stared at the Qingyuan Supreme sitting on the bronze throne in the cyan light pillar not far away, and said indifferently: "I am Ye Feng, the leader of the Southern Territory Emperor Alliance. This time, I am here to participate in the True Dragon Dabi, is Qingyuan Supreme trying to stop me?"

Qingyuan Supreme heard Ye Feng's name. Even though he was a powerful saint, his expression changed slightly. He stood up from the bronze throne and stared at Ye Feng with an inexplicable look in his eyes. There was a vague greed, but it quickly subsided.

"greedy?"

Ye Feng's heart moved at this time. His soul power was powerful, his perception was terrifying, and his five senses reached the realm of divine hearing. Although the greed in Qingyuan Supreme's eyes was very obscure and quick, he was still caught by Ye Feng.

Why do you feel greedy about me?

Ye Feng felt a little cold inside.

In any case, this Qing Yuan Supreme is not worthy of trust.

So at this moment, Ye Feng grabbed Zixuan's little hand, stepped directly past Qingyuan Supreme, and soon disappeared at the end of the horizon.

At this time, Qingyuan Supreme, who was standing there, looked a little stiff. Unexpectedly, Ye Feng left without even saying some compliments to him.

However, Qingyuan Supreme had a sly smile on his face at the next moment. He took out a musical instrument and began to transmit the sound coldly: "Supreme Sun, Supreme Silver Sword, Supreme Mantian, the three of you hurry up and protect the domain. The palace is discussing a major matter. Ye Feng, the peerless evildoer from the Southern Territory who has great luck, has come to Zhongzhou alone. Hahaha, he dares to come to Zhongzhou alone. Our four supreme beings join forces, and the four great saints can definitely control it. Kill this Ye Fengzhen and rob him of his wealth, the city of war, the ancient emperor's power, and the magical crystal mirror he used before. They are all priceless treasures. If we kill him, we will get these treasures. , it is absolutely possible to surpass the Great Sage and even become the Great Emperor! This is a great opportunity that cannot be missed. If you miss it, you will definitely regret it for the rest of your life!"

...

Chapter 840 Entrance

Ye Feng followed Zixuan and traveled through most of Zhongzhou.

Zixuan stared at Ye Feng and said, "Leader Ye, do you want to go to our temple? Anyway, there is still a month left for the True Dragon Competition."

Ye Feng smiled and said: "I won't go to the temple. I have other things to do when I come to Zhongzhou, so I will leave first."

Uh-huh!

Before Zixuan could say another word, Ye Feng had already jumped up and disappeared.

"Are you so reluctant to stay with me?"

Zixuan's beautiful face showed a hint of resentment.

...

Three days later, Ye Feng arrived at the polar ice field in Zhongzhou.

The ground here is covered with a thick layer of ice, exuding an extremely cold air that makes people feel chilly.

This is where a very special overlord force in Zhongzhou, the Moon God Palace, is located.

Ye Feng was walking on the polar ice sheet, and gradually his vision became completely white.

There are no trees, weeds or forests around.

A lake exuding cold air was not frozen and was flowing in the distance.

Ye Feng walked over and saw an old man wearing a raincoat, holding a fishing rod in his hand, fishing in the icy lake.

Ye Feng asked aloud: "Old man, is the Moon God Palace nearby?"

The old man in coir raincoat raised his head slightly, glanced at Ye Feng, and then said: "Young man, your words scared away my fish."

Ye Feng smiled and said: "If the old man can tell me the specific location of the Moon God Palace, I can catch all the fish in the lake for you."

The old man in coir raincoat looked surprised, then smiled and said: "What I'm fishing for is not fish, it's just fun. If you just catch them all for me, I'll suddenly lose the fun of fishing."

Ye Feng found this old man quite interesting and was ready to say something more.

"Old Jiangsou, how many Hanchi dragon loaches have you caught? The Holy Lady wants to eat it now. You should give me more this time, but you can't hide it anymore, otherwise we won't allow you here. Fishing in the Hanjiang Pond."

Suddenly at this moment, a voice that seemed to have a hint of command sounded not far away.

Two beautiful figures walked up not far away. They were two women in their teens. One had an oval face and the other had an oval face. They both looked cute and charming, with graceful figures. They were dressed in uniforms and looked cool. long skirt.

At this time, the old man in coir raincoat who was fishing immediately brightened his eyes and said quickly: "Two masters, this young man is here to see the Moon God Palace. If you don't mind, you can bring him in."

At this time, the eyes of the two girls were focused on Ye Feng.

The oval-faced girl said with some disdain: "A young man who doesn't know anything wants to enter the Moon God Palace. He is really not qualified. Our Moon God Palace is currently welcoming a big man to come, and we don't have time to let these people come." Little people come to cause trouble."

At this time, the oval-faced girl stared at Ye Feng and said: "This young master, did you come to our Moon God Palace to join the sect and seek spiritual practice? But this year our Moon God Palace's recruitment

The time to recruit new disciples has passed. If Master needs it, he can wait here in March next year. "

Ye Feng heard the voices of the two girls and immediately understood that these two people must be disciples of the Moon God Palace. Their cultivation levels are both at the Cave Heaven level, and their status in the Moon God Palace is probably not low.

At this time, Ye Feng immediately smiled and said: "Two beauties from the Moon God Palace, I came all the way this time not to join the Moon God Palace, but to meet an old friend."

The beauty of Luna Palace?

At this time, the female disciples of the two month palace couldn't help but feel very helpful when they heard Ye Feng's name.

The female disciple of the Moon God Palace who had some disdain for Ye Feng immediately put a smile on her face and said: "My good brother, who are you coming to the Moon God Palace to find? We all have people in the sect. It's not a low status, maybe it can help you, my dear brother, find the friends you're looking for."

Ye Feng naturally cannot reveal his identity now. After all, Moon God Palace is a very special overlord force in Zhongzhou.

So at this time, Ye Feng smiled and said: "The two sisters came out to get the Hanjiang Loach from this old man for the saint of the Moon God Palace. The old friend I know is your saint. grown ups."

"What?"

Almost at the moment Ye Feng finished speaking, the two-month female disciple of the Shrine on the scene was stunned for a moment, and then laughed out loud.

The oval-faced female disciple stretched out a white and tender little hand and placed it on Ye Feng's forehead. Her beautiful eyes flashed with a smile and said: "Good brother, are you sure you don't have a fever? Are you a little confused? Let's talk about it. The Holy Lady is such a big shot, how can you, a little boy, know her?"

Ye Feng smiled and said: "Your saintly lady is called Mu Qianshang, right."

Mu Qianshang, the saint of the Moon God Palace, and the saint son of the Moon God Palace, came to the Southern Territory. At that time, they wanted to help the Dragon Palace, the dominant race in the sea, to fight against the underworld. When Ye Feng and Xiao He joined forces to fight against the Dragon Palace, Ye Feng Feng Zeng went to meet the Saint Son and Saint Lady of the Moon God Palace alone, and frightened them so much that they ran back to Zhongzhou regardless of the life and death of the Dragon Palace.

So Ye Feng naturally knew the saint Mu Qianshang from the Moon God Palace.

"Do you really know our Holy Lady? The name of the Holy Lady is beyond the reach of ordinary people."

At this time, the female disciples of the two month palace were all shocked.

At this time, Ye Feng stared at the horrified female disciple of the Moon God Palace in front of him, smiled confidently, and said slowly: "I also know that your saint son is called Gu Changsheng. I told you that I am an old friend of the saint. It's just that I can't find the entrance to the Moon God Palace, otherwise I would go directly to find your saint Mu Qianshang."

At this time, the two female disciples of the Moon God Palace who came out looked at each other and saw the surprise in each other's eyes.

Obviously, they never expected that the young man in front of them looked ordinary. They thought he was just joking, but he seemed to really know the saint.

Because the names of the Saint and the Son are taboo, let alone outsiders, even in the Moon God Palace, they are nothing.

Everyone can know it.

But at this time, the young man in black said it all at once.

So at this time, the female disciples of the Shrine in the past two months, although they had doubts about Ye Feng, they also became more solemn.

Maybe the seemingly ordinary young man in black in front of him may be the genius of a certain powerful force. He just wants to experience the life of ordinary people, so he pretends to know nothing.

This possibility is very high, because many inheritors of big forces are used to being aloof and sometimes like to experience something different.

So at this time, the melon-faced female disciple suddenly felt a little regretful, regretting that she had been so rude to Ye Feng just now.

"This senior brother."

The beautiful disciple with an oval face suddenly walked up to Ye Feng, stretched out a pair of lotus-rooted arms, directly wrapped around Ye Feng's arms, and said in a flattering voice: "Brother, it's easy to find our holy lady. , Junior Sister Yu and I came out of the Moon God Palace this time to bring the Hanchi Dragon Loach to Lady Saint for enjoyment. Senior Brother, you can just go back with us. "

The oval-faced female disciple's attitude also changed a bit at this time. She felt that Ye Feng must be the inheritor of some big forces or the heir of a big family.

No matter what it was, it was not something that the elite disciples of the two-month palace could afford to offend.

"This young man is quite clever. He actually frightened these two female disciples into a daze."

The fishing old man Jiang Sou smiled in surprise and shook his head, then handed a whole bamboo basket of Hanchi dragon loaches to the two female disciples.

"Old Jiangsou, you can fish slowly. I won't disturb you anymore. Let's go first."

The two-month female disciple of the Shrine pulled Ye Feng and walked towards the depths of the snowy ice field. In the blink of an eye, she disappeared into the vast white snow.

...

Ye Feng followed the two-month female disciple of the Shrine and soon came to a huge glacier.

"Uh-huh!"

At this time, the melon-faced female disciple beside him took out a small silver jade pendant from her arms and threw it directly into the sky.

Buzz!

The small silver jade pendant flew directly to the center of the glacier and was embedded in one of the grooves.

"Rumble..."

The huge glacier in front of them, as majestic as a mountain, cracked directly in the middle and moved to both sides, like a door slowly opening, revealing an extremely vast road inside the glacier.

At this time, the oval-faced female disciple pointed at Ye Feng beside her and said with a smile: "Senior brother, you see, the entrance to our Moon God Palace is very secret. It requires a special jade pendant to activate it. At the entrance of Glacier Mountain, because of the smoke and smoke that spread all over the Longyuan Continent during this period, even Zhongzhou was very unstable. Many big forces, even the overlord forces, were fighting openly and secretly, and there were also demons from outside the territory who were watching with covetous eyes, so our Moon God Palace The Lord has directly closed the mountain. If Junior Sister Yu and I hadn't happened to come out today to help the Saint get the Hanchi Dragon Loach, I'm afraid, Senior Brother, you would never have been able to find the entrance to our Moon God Palace."

Ye Feng heard the chattering of the female disciple next to him and looked at the huge glacier. It was 10,000 meters tall and majestic. It was directly separated towards the two sides. He couldn't help but be a little surprised. It seems that the Moon God Palace cast this mountain guarding formation back then. The formation master was so extraordinary that he was able to connect the formation with the natural trend of the entire world, forming such a miraculous entrance to the formation.

Soon, the three of them shuttled through this huge glacier. At the very end, there was a light door, which was a space door. The place leading to it was naturally the location of the Moon God Palace.

Buzz!

The three of them stepped into the space light door one after another.

And at the next moment, Ye Feng suddenly felt a sudden enlightenment in front of him.

At this time, the cold air around him disappeared and the glaciers also disappeared.

In the field of vision, there is a world of birds and flowers. The sun is shining high in the sky. The whole earth is green, trees and flowers are blooming. It looks full of vitality. The birds are singing and the flowers are fragrant, giving people a very comfortable feeling.

Ye Feng never expected that in the depths of the polar glacier, through the space light gate, he would come to such a beautiful area that was incompatible with the glacier and snowfield.

"This Moon God Palace is indeed quite powerful. The founder of the sect actually built such a small world with the singing of birds and the fragrance of flowers in the depths of the polar ice field, which serves as the base camp of the entire Moon God Palace."

Ye Feng murmured secretly, and suddenly at this moment, a group of armored patrols from the Moon God Palace came over not far away.

This is a team composed of more than a dozen male disciples. Each of them has the cultivation level of the third holy realm and is an elite in the Moon God Palace. They have an aloof face and a killing momentum. They attack the surroundings from a long distance. It gives a feeling of iron-blooded dominance.

At this time, the melon-faced female disciple was startled, and she did not expect to encounter the patrol team in the Moon God Palace.

She immediately pulled Ye Feng with the oval-faced girl beside her, turned around, and walked in another direction.

"stop."

But suddenly at this moment, a cold voice suddenly sounded not far away.

The two female disciples immediately stiffened, and the little hands holding Ye Feng became a little cold.

The oval-faced female disciple immediately whispered urgently into Ye Feng's ear: "Senior brother, the rules of our Moon God Palace do not allow our disciples to bring outsiders into this sect's small world casually. Senior brother, you have violated the sect's rules by coming in. Now the patrol team must have discovered that you are not a disciple of our Moon God Palace. It's really unlucky that you met the patrol team as soon as you came in. But it doesn't matter. I just need to say that you are my and Junior Sister Yu's friends in the mortal world. You must not confront the people of the patrol team later. They are all composed of the top geniuses of our Moon God Palace and have

patrol sects. The gate has the right to supervise everything, even the Holy Son and the Holy Lady treat the patrol team very seriously. "

When Ye Feng heard this, he smiled slightly, without any nervousness, and said very calmly: "Okay, I understand, as long as they don't mess with me, I won't do anything extraordinary."

There is one thing Ye Feng didn't say, that is, if they dare to mess with me, then I will let them know what the result of kicking the iron plate will be.
