

Ancient 841

Chapter 841 Little People

The captain of the patrol team of the Moon God Palace is called Gu Tian. He wears a black armor and holds a war weapon that exudes iron-blooded energy.

He walked over at this time, like a murderous god forcing him to come, giving people a suffocating feeling.

Every member of the entire patrol team has at least the cultivation level of the third holy realm, and Gu Tian, as the captain of the patrol team, is a fifth holy realm, and even has half a foot in the tyrannical existence of a quasi-sage. .

In the Moon God Palace, his status is almost equal to that of the Saint Son and Saint Daughter. He is very noble and is an absolute big shot in the Moon God Palace.

Therefore, Gu Tian has absolute majesty in front of ordinary disciples, and even in front of elite disciples.

At this time, his eyes were cold, staring at the three people who were slowly turning around not far away.

Gu Tian's eyes were first fixed on the two-month female disciple of the Shrine next to Ye Feng. His tone was reprimanding and he said coldly: "You two are so audacious that you dare to bring an outsider with you casually. Enter the Moon Palace."

The oval-faced female disciple was immediately frightened and quickly explained: "Captain Gu Tian, this Young Master Ye is a friend of Junior Sister Yu and I in the mortal world. He came to the sect this time because he has great respect for our Moon God Palace. I admire you and want to join the sect."??

The oval-faced female disciple did not directly tell Ye Feng's true purpose, because she was not sure whether Ye Feng's identity was really extraordinary.

If so, she had nothing to worry about.

But if not, then directly tell Ye Feng that he is looking for the Saint. If Gu Tian finds out, he will definitely expose the lie and kill him on the spot.

Therefore, in order to stabilize Gu Tian at this time, the melon-faced female disciple could only lie temporarily, saying that Ye Feng admired the Moon God Palace and wanted to join the Moon God Palace and become a disciple of the Moon God Palace.

Ye Feng didn't speak at this time. He just watched the scene quietly, too lazy to intervene.

he

What I want to do most now is to meet the Saint Mu Qianshang of the Moon God Palace and ask about the whereabouts of the eldest lady Ye Shenyue.

At this time, Gu Tian heard what the melon-faced female disciple said, and he just said indifferently: "How do I know that this kid is not a thief who wants to harm our Moon God Palace? Our Moon God Palace is closing the mountain now just to be able to communicate with the outside world. Cut off the contact. You two are so ignorant and naive that you dare to bring outsiders in. Regardless of whether this boy is your friend or not, you need to go with our patrol team and go to the prison to be tried and investigated. Let's talk about it after we know the situation clearly."

"What?"

"Go to the prison?"

At this moment, the two female disciples beside Ye Feng couldn't help but change their expressions.

When they heard Gu Tian say the words "heavenly prison" and "trial", they all knew what it meant, which meant eternal darkness and endless pain and torture.

The oval-faced female disciple looked a little pale at this time. She never thought that she would bring Ye Feng into the Moon God Palace with kindness, but she would actually cause Ye Feng to suffer such a disaster.

At this time, her face suddenly became a little firm, and she took a step forward. The delicate female body actually protected Ye Feng behind her. Her beautiful eyes stared at the patrol team leader Gu Tian in front of her, and she said firmly: "Gu Tian Captain, Mr. Ye is really my friend. You can't just take him to Tianlao so arrogantly. We all know that if you go to Tianlao, even if you are not a thief, you will be tortured until you admit that you are. Thief."

"presumptuous!"

Gu Tian suddenly shouted, and his whole body immediately released a huge amount of icy air.

"Snapped!"

He slapped the oval-faced female disciple directly on the face.

"ah!"

The female disciple screamed and was beaten so hard that she vomited a mouthful of blood and flew not far away.

"What?"

The scene here immediately attracted many disciples from the Moon God Palace around.

Gu Tian smiled coldly and said disdainfully: "A small elite disciple dares to teach me a lesson in front of me. Who are you? Get out of here!"

The melon-faced female disciple was covering her face at this time, her beautiful face was red, and when she saw the mocking eyes of countless people around her, tears suddenly flowed out uncontrollably.

"If you dare to hit my friend, you are too presumptuous!"

Suddenly at this moment, a firm and cold voice sounded.

It's Ye Feng!

At this time, his face was filled with coldness. He walked directly to the female disciple with an oval face, helped the girl up, and said gently: "Are you okay? I'll help you teach him a lesson."

"It's okay, you... don't do anything with Captain Gu Tian. He is too powerful. Even the Saint Son and Saint Maiden may not be his match. A slap on my face will be fine."

At this time, the oval-faced female disciple whispered, tears streaming down her face, obviously she didn't mean what she said. She must hate Gu Tian to the extreme now.

But she knew that her status in the Moon God Palace was low and she could not compete with a big shot like Gu Tian.

"It doesn't matter, what a piece of shit Captain Gu Tian is. In my eyes, he is just an insignificant person."

Ye Feng spoke out at this time and stretched out his hand to wipe away the tears on the fair face of the melon-faced female disciple.

There was no concealment in his voice. He was so majestic under the spotlight.

He said it.

"What?"

"Who is this kid? He dares to speak to Captain Gu Tian like this?"

"How arrogant! If he dares to say such things, he is simply looking for death!"

At this moment, countless disciples from the Moon God Palace were staring at Ye Feng, an ordinary-looking young man in black, with incredulous eyes.

"Nobody?"

At this time, Gu Tian, the captain of the patrol team, suddenly had a cold smile on his face, his eyes were as sharp as knives, and his murderous intent was boiling. He stared at Ye Feng and said: "Boy, how dare you say that I am a nobody? Haha, I really I smiled. Now I understand. It seems that you are really the friend of these two female disciples in the world. You are just a humble mortal in the world. You don't understand at all. I am talking to you now. What a terrifying existence it is."

Ye Feng smiled, and then walked directly towards Gu Tian, with a calm tone and said: "Just now you hit my friend in the face in front of everyone's attention. I must get this situation back. Now you hurry up and let her I'll slap you in the face once, otherwise you will definitely end up miserable."

"What?"

Gu Tian seemed to think that he had heard wrong, and then he burst into laughter and said: "An ant dares to be so arrogant in front of me. Even the saint son and saint girl dare not speak like this in front of me. Well, then I I will reluctantly take action, first cripple you as a kid, then take you to the prison, torture you, make you say that you are a thief, and then kill you!"

Gu Tian's words were domineering and ferocious, cruel and cold. They were full of cold and piercing murderous intent, making everyone present feel their bodies trembling.

"This kid in black who doesn't know where he came from is dead."

Many Moon God Palace disciples around them spoke out and shook their heads.

Chapter 842 Your Majesty's Visit

Buzz!

Cold murderous intent, like boiling sea water, surged out from the body of Gu Tian, the captain of the Moon God Palace patrol team, and swept through the sky and the earth.

"It's so cold..."

At this moment, countless people around felt that the air temperature suddenly dropped below zero. In this small world, where birds were singing and flowers were fragrant, it felt like winter was coming.

"Captain Gu Tian's cultivation has probably reached the level of a true quasi-saint."

At this time, among the surrounding crowd, there were elders from Moon God Palace whose eyes were shocked.

Gu Tian laughed loudly at this time and said: "Yes, my cultivation was just some time ago, under the guidance of He Ziqiu, the young master of our Moon God Palace's distinguished guest Zhenlong Academy, I successfully entered the quasi-sage level. After three Days later, the upper echelons of the sect will announce my promotion to the chosen son of the Moon God Palace."

"hiss!"

Almost as soon as Gu Tian's words fell, there was a gasp of air in the entire field.

Everyone stared at Gu Tian with deep envy, shock, and awe.

"Quasi Saint..."

The two female disciples beside Ye Feng even shook their bodies, feeling a deep sense of powerlessness.

Quasi-sage, among the younger generation, is absolutely invincible in the Moon God Palace.

Gu Tian seemed to enjoy the feeling of awe from everyone present.

But the next moment, Gu Tian's eyes fell on Ye Feng, but his eyes became a little gloomy.

Because Ye Feng's face has not changed at all, it is still in a calm and unruffled state, and it seems that he is not interested in his achievements at all.

This made the murderous intention in Gu Tian's heart boil even more. He smiled coldly and said, "Boy, pretending to be sophisticated can't save you."

Ye Feng just raised his head slightly and said calmly: "Do you only talk nonsense?"

"you.....!"

Gu Tian's eyes immediately showed a deep and ruthless look, and a blood-colored serrated long knife appeared in his hand, exuding a strong ferocious aura.

Gu Tian smiled cruelly, stared at Ye Feng, and said: "This sword is called 'Blade', and it is a low-grade imperial weapon. It is your honor for an unknown person like you to die under my sword. You can smile like a child."

\u003e Boom!

Almost at the moment Gu Tian's words fell, he suddenly took action, and huge mana was input into the violent blade in his hand. The serrated long knife immediately released thousands of bloody and fierce auras, like an extremely ferocious ancient beast. The evil beast revived, and the serrated sword directly released destructive power and bombarded Ye Feng.

"Having used all the ruthless blades, that kid is 100% dead!"

Everyone felt that this battle had no suspense and would definitely end with Ye Feng's death.

But the next moment.

"when!"

In everyone's horrified eyes, Ye Feng suddenly stretched out his two fingers. The two fingers were like casts of the sun and the moon, shining with the divine light of the blazing sun and the silver moon. In one fell swoop, he slashed the long serrated knife that Gu Tian had killed. Clamped directly.

The long serrated knife cannot move!

"What?!"

Gu Tian's originally fierce expression suddenly became stiff.

The faces of the many Moon God Palace disciples who were watching around them all had expressions of deep horror, full of endless shock, and almost made their eyes pop out.

"This young man in black... stretched out two fingers and pinched the terrifying blow of the most powerful quasi-sage?"

"Captain Gu Tian is no ordinary quasi-sage, he is a quasi-sage at the level of a peerless genius, and his violent blade is a peerless and ferocious sword at the level of an emperor's weapon!"

"Impossible! This is impossible! Am I dazzled? How could there be such a powerful young man in this world?"

At this moment, countless disciples of the Moon God Palace let out incredible exclamations, their hearts pounding in fear.

"What? This Mr. Ye is so strong..."

At this moment, the most shocking thing was the two female disciples standing next to Ye Feng.

They were the ones who brought Ye Feng into the Moon God Palace from outside. They thought that this young man in black was at most the young master of a big family.

But now, looking at Ye Feng's ease, he casually stretched out two fingers to kill Gu Tian's strongest sword.

It was clamped, and Ye Feng's body did not move at all.

This shows what?

This shows that Ye Feng's cultivation strength is probably far beyond that of Gu Tian, a quasi-sage!

"Could it be that he is a young saint?" .??.

At this time, everyone in the Moon God Palace, including the two female disciples, had deep shock in their eyes.

At this time, Gu Tian's face turned ashen. He yelled crazily and unbelievably: "This? This is impossible! I have reached the level of cultivation and have become a quasi-sage. The sword in my hand was personally rewarded by the palace master. The Imperial Weapon Sword given to me also sealed the soul power of an ancient ferocious beast. With this sword, I can seriously injure or even kill an ordinary quasi-sage peak-level expert. You are an ordinary boy. , how can you have such strong strength? Ah! I don't believe it! This must be an illusion! Boy, are you some weird soul master that makes me think I can't beat you? Break the illusion! !"

Gu Tian roared crazily, and powerful murderous aura and boiling power erupted from his body.

"You think this is all an illusion?"

The next moment, Ye Feng smiled indifferently and stretched out a finger towards Gu Tian.

"boom!"

The vitality of the heaven and earth rioted, and a towering giant finger suddenly appeared in the sky, like an ancient god, pointing from a distant and vast era, making everyone feel a vast and majestic force, their bodies trembled, and their breaths were suffocated. .

Click!

"ah!!"

Gu Tian was originally extremely powerful, but under the huge force of that towering finger, his tall and majestic body was directly pressed to the ground, and one of his legs was directly shattered by the force and turned into powder. .

"Ah! My leg! My leg is gone!!"

Seeing that his legs were directly shaken to pieces and disappeared instantly, leaving only his upper body, Gu Tian's face suddenly showed boundless panic and despair.

"Apologise to my friend."

Ye Feng's eyes were cold at this time, he walked up to Gu Tian, stared at him and said.

"Ah! My leg is gone! I'm in so much pain!!"

Gu Tian was just lying on the ground at this time

Up, roaring like crazy.

Ye Feng stared at Gu Tian and howled miserably, without any emotion in his eyes.

There is no real empathy for human beings' joys and sorrows.

Gu Tian was screaming, but Ye Feng just thought he was noisy.

At this time, the oval-faced female disciple had a hint of fear on her face. She walked to Ye Feng's side, pulled the corner of Ye Feng's clothes and said: "Master Ye, I am already very satisfied. Captain Gu Tian is miserable enough." , I'm very happy."

Ye Feng nodded slightly. At this time, he suddenly looked in a certain direction of this small world.

Uh-huh!

Uh-huh!

Two figures flew from that direction, the man was handsome and tall, and the woman was graceful and beautiful.

"See the Son and the Saint!"

At this time, many Moon God Palace disciples present showed deep respect in their eyes.

The two people flying towards them were none other than the Saint Son Gu Changsheng and the Saint Mu Qianshang from the Moon God Palace.

"Holy Son and Holy Maiden!"

At this time, Gu Tian seemed to have seen a savior, and immediately shouted sternly: "Holy Son and Holy Maiden, you must make decisions for me. This thief broke into our Moon God Palace without permission and even destroyed my legs. You Must...ah!"

Gu Tian was talking, but before he finished speaking, he suddenly screamed.

Because he saw that his heart was directly pierced by a sword from the Holy Son Gu Changsheng.

"Holy Son, you..."

Before Gu Tian died, his eyes were full of deep shock.

Gu Changsheng took out another sword and cut off Gu Tian's head with a "puff". Looking at the corpse, he sneered and said: "What kind of thing does it want to live after offending Leader Ye? It's looking for death."

"What?"

"killed?"

Everyone around them was startled when they saw the behavior of the Holy Son Gu Changsheng.

But at the next moment, what shocked everyone even more was that the Holy Son and the Holy Girl suddenly walked up to Ye Feng and treated Ye Feng respectfully as if they were facing the supreme elders in the sect. He saluted, cupped his hands and said, "Moon God Palace sincerely welcomes Alliance Leader Ye!"

Chapter 843 State Capital

The scene of Saint Son Gu Changsheng and Saint Mu Qianshang bowing to Ye Feng shocked everyone present.

Especially the two-month female temple disciple standing next to Ye Feng was even more shocked to the extreme.

Their eyes were looking at Ye Feng at this moment, and they felt that the young man's figure suddenly became boundless and majestic, like a hidden dragon rising into the abyss, with scales and claws flying.

At this moment, Ye Feng stood on the field, with his hands behind his back, and the saint son and saintess of the Moon God Palace raised their hands in salute. For a moment, he gave people the feeling of being extremely noble.

In everyone's eyes, that tall and straight young man, with a straight backbone like mountains and rivers, as majestic as the heaven and earth, sun and moon, and majestic momentum, even though it lasts through the ages, there are eight desolations.

"What a young man!"

Suddenly a voice with deep admiration sounded from a distance.

She was a beautiful woman who looked like a holy master in a white robe. Although she looked to be in her thirties or forties, her temperament was unparalleled in the world, giving people a sense of nobility that was sacred and inviolable.

This person is the palace master of Moon God Palace, Bai Qian.

Bai Qian, this name sounds ordinary, but back then she was the most stunning beauty in the entire Zhongzhou.

Regardless of his talent for cultivation, his charming appearance, and his innate divine and noble temperament like a fairy, no one knows how many heroes from the land of Zhongzhou have been amazed by him.

So even though Bai Qian, the master of the Moon God Palace, is about to enter middle age, his peerless appearance and divine temperament still make countless people look in awe, as if they saw a fairy descending to earth.

With Ye Feng's current cultivation level, as long as the ancient emperor does not appear, he will have almost no rivals except the Great Sage and the Quasi-Emperor in Longyuan Continent.

He instantly saw through the details of Bai Qian, the master of the Moon God Palace. He was a nine-star saint king and was already very powerful.

This Bai Qian is not an ancient figure from the dark and turbulent era, but a strong person in this era, so she also found a way to break the shackles of the upper limit of her cultivation. It must be said that she is extremely amazing and talented.

Ye Feng smiled and clasped his fists at this time, saying: "I didn't expect Palace Master Bai Qian to greet you in person. I'm really flattered."

Since the Moon God Palace is giving such face, Ye Feng will naturally not pretend to be lofty and indifferent.

As for Ye Feng's direct address to the Palace Master of the Moon God Palace, no one thought there was anything wrong.

The Great Emperor Alliance integrated the power of the entire Southern Territory, and there were countless forces, all of which were annexed by the Great Emperor Alliance.

As the leader of the Great Emperor Alliance, Ye Feng is equivalent to the Lord of the Southern Territory, and his power and reputation are even greater than that of the Styx Emperor.

Therefore, even though Ye Feng is young, even if he is the controller of many overlord forces in Zhongzhou, in front of him

They don't dare to be presumptuous, they have to be commensurate with their peers, and even call themselves juniors.

At this time, Bai Qian, the master of the Moon God Palace, walked up to Ye Feng and said with a smile: "I wonder why Leader Ye came to my Moon God Palace? Isn't it because my Moon God Palace helped the Dragon Palace and dealt with it? Something about the underworld, right?"

Ye Feng waved his hand and said, "That's just a small matter, I almost forgot about it."

Hearing what Ye Feng said, the saint Gu Changsheng and the saint Mu Qianshang who were standing aside secretly wiped away cold sweat.

If Ye Feng really wanted to pursue that little incident back then, I'm afraid that even the huge Moon Palace would not be able to block the attack of this peerless murderer today.

So at this time, even the palace owner Bai Qian felt a little relieved in his heart.

Then she was a little confused. She didn't know why Ye Feng, the Lord of the Southern Territory, came all the way to Zhongzhou, and why he came to their remote Moon God Palace just for fun?

Ye Feng spoke up at this time: "I came to Zhongzhou mainly to accept the invitation of the temple to participate in the Five Regions Golden Age True Dragon Competition."

"Dragon competition?"

Bai Qian suddenly understood, with a smile in his eyes, and said: "Let me just say, the only one in the entire Longyuan Continent that can invite Alliance Leader Ye is probably the Human Race Temple."

"Ye Feng is going to participate in the True Dragon Competition?"

At this time, the corners of the mouths of Saint Gu Changsheng and Saint Mu Qianshang, who were standing aside, twitched slightly.

Ye Feng participates in the True Dragon Competition. Who dares to fight this peerless fierce man?

This is a terrifying young man who even the great sage, Old Man Fate, would kill.

Who among the fellow leaders can fight with Ye Feng?

I'm afraid only those old monsters in Zhongzhou are qualified to fight Ye Feng.

Ye Feng looked into the depths of the Moon God Palace at this time and asked Bai Qian: "Palace Master Bai Qian, I came to Zhongzhou this trip and came to your Moon God Palace specifically to find a member of my family."

Bai Qian's eyes moved and she couldn't help but ask: "Oh? A member of the family? Leader Ye has a family member in my Moon God Palace?"

Ye Feng smiled and said: "It was you, the master of the Moon Palace, who took her away back then. Have you forgotten?"

"I took her away?"

Bai Qian was stunned for a moment, then suddenly thought of something, and suddenly said: "Ye Shenyue, are you a member of that girl Shenyue's clan? That's right! When I traveled to the Southern Territory, I came from

In a small family of a small mortal dynasty, a good seedling with innate Taoist qualifications was discovered, so I took her away. Leader Ye is also a member of that small family? "

Ye Feng smiled and said: "Yes, Ye Shenyue is the eldest lady of my Ye Clan. Of course, I am the adopted son of the Ye Clan, but after all, I grew up in the Ye Clan. I have long regarded the Ye Clan as my own family. "

Bai Qian's eyes were filled with emotion, as if she didn't expect that she would pass by a peerless evildoer like Ye Feng.

Who would have thought that that ordinary young man from a small ordinary family would become the Lord of the Southern Territory just two or three years later, famous throughout the Longyuan Continent.

Ye Feng's eyes were filled with joy. Seeing Bai Qian's expression, he knew that the eldest lady Ye Shenyue was still in the Moon God Palace.

Ye Feng couldn't help but asked quickly: "Then I, the eldest lady of the Ye clan, am practicing somewhere in this small world now?"

Bai Qian nodded slightly and said: "Shen Yue has been practicing in the Moon God Palace, very hard. She has always said that she wants to follow the footsteps of her sweetheart. I was curious whether her sweetheart is really that powerful. She has an innate Taoist body. After joining the overlord force of our Moon God Palace, I still worked so hard, but now I understand that Shen Yue's sweetheart should be Alliance Leader Ye, who is indeed stunningly talented and an eternal monster."

When Ye Feng heard what Bai Qian said, he couldn't help but smile and said, "Take me to see the eldest lady first."

Hearing this, Bai Qian hesitated a little and said, "I'm afraid Shen Yue won't be able to see you at this time."

Ye Feng's eyes moved and he said, "Why?"

Bai Qian's voice was very low, and she spoke in Ye Feng's ear: "I am the only one who knows about this matter. Not even the Saint Son or Saint Daughter knows about it. Let me tell you now, Leader Ye should already know about it at his current level. Our Longyuan Continent is just a big island in an endless ocean, right?"

Ye Feng nodded and whispered: "I know that Longyuan Continent is above the spiritual world. What you are going to say, Palace Master Bai Qian, must be related to some big forces in the spiritual world, right?"

A look of surprise appeared in Bai Qian's eyes, and then he said solemnly: "You have really guessed it right, Leader Ye. My ancestor of the Moon God Palace was once a descendant of the governor of Qingzhou, the nineteen states of the spiritual world. , came to Longyuan Continent, founded the Moon God Palace, and sown the cultivation civilization of the Moon God Palace. This time, the Longyuan Continent was surrounded by crises, and the demons from outside the territory were eyeing them. Therefore, the ancestors spent a huge price some time ago, burning their vitality and breaking the demons. The constraints of the magic array communicated with the great figures in the Qingzhou Prefecture in the spiritual world. That great figure descended upon the Supreme Will, covering the entire Moon God Palace, and took a fancy to Shen Yue's innate Taoist body. It is said that that figure In the whole process

There are very powerful cultivation bodies in the spiritual world, so at this time Shen Yue is receiving the guidance from the big man in the spiritual world in the ancestral temple deep in the depths. When the guidance is over, the big man's will will forcefully break through the Longyuan

Continent. The space is bound, take Shenyue away, and go to the truly vast and prosperous land of the spiritual world to practice. "

Ye Feng's eyes suddenly flashed and he said: "Qingzhou Prefecture in the spiritual world? The master's lineage?"

In each of the nineteen states in the spiritual world, in addition to having a super sect, a supreme holy land, and a great religious practice, the most powerful one with the power to control is the imperial power of supervision of the state capital granted by the Great Unification God Dynasty.

At that time, Ye Feng's father, Emperor Ye Qing, founded the Divine Dynasty of Creation and unified the entire human race in the spiritual world. He once had imperial palaces in nineteen states, specifically to supervise the major religions and major spiritual forces. The power of the imperial court of the unified divine dynasty was in great awe.

At this time, Ye Feng heard what Bai Qian said about Qingzhou, one of the nineteen states in the spiritual world, which actually has a state capital. It must be the state capital set up by the unified Tongtian Divine Dynasty founded by ancient Tongtian.

"In that case, the Sword God Order that Uncle Nan gave me tells me to break out of the Longyuan Continent and go to Snow State, the Nineteenth State of the Spiritual World, to find the Sword God Tiangong, a major sect, and join it. Then I have to be careful. The imperial power of the state capital set up by the Tianshen Dynasty in Selangor."

Ye Feng secretly murmured in his heart.

Then he looked at Bai Qian in front of him and said: "I will not stop the eldest lady from going to Qingzhou in the spiritual world. It is a great opportunity for her, but I have come all the way this time and I must see her. On the young lady's side, Palace Master Bai Qian, I hope you can make some arrangements."

Bai Qian was in a dilemma at this time, but she thought that the Ye Feng in front of her was not a stable master, but a peerless fierce man.

She gritted her teeth and said: "I'm going to report the will of the big man in the spiritual world that my ancestor of the Moon God Palace brought to me. Leader Ye, you are a member of Shenyue's tribe, and you are also the sweetheart of Shenyue. That one According to the will of a big shot, she should agree to let Ye Feng meet that girl Shenyue."

Hearing this, Ye Feng's eyes were slightly happy, he clasped his fists and said, "Thank you very much, Palace Master Bai Qian. I will be staying in the Moon God Palace these days. I hope to wait for the good news from Palace Master Bai Qian."

Bai Qian smiled and said, "Okay."

Then the Palace Master of the Moon God Palace looked at Gu Changsheng and Mu Qianshang and said: "Holy Son and Saint, I will leave it to you two to entertain Alliance Leader Ye. You must entertain them well. Whatever Alliance Leader Ye needs, you must do it." Try your best to be satisfied."

Gu Changsheng and Mu Qianshang both nodded vigorously, bowed to Bai Qian and said, "Don't worry, Palace Master, we will definitely entertain Leader Ye well."

Chapter 844 Looking up at the stars

In the next few days, Ye Feng stayed in the Moon God Palace.

Many Moon God Palace disciples, even elite disciples, saints, and even some ancient saints whose lives have been frozen to this era, gather at the door of the house where Ye Feng lives every day, wanting to seek Ye Feng's advice.

Ye Feng's current reputation is astonishing, not to mention in the entire Southern Territory, even in Zhongzhou.

The battle with Chu Tianji and Old Man Fate in the Southern Territory allowed countless big shots in Zhongzhou to see Ye Feng's unparalleled methods and astonishing genius.

So when the news spread that Ye Feng, the leader of the Great Emperor Alliance and the Lord of the Southern Territory, had arrived at the Moon God Palace, the entire Moon God Palace immediately became excited.

Everyone flocked to the place where Ye Feng lived, wanting to see the true appearance of this legendary figure.

The previous female disciples with melon-shaped faces and oval-faced female disciples felt that they were extremely happy because Ye Feng named them and allowed them to live with him and give them advice on their cultivation.

You know, letting Ye Feng, the Lord of the Southern Territory, give guidance on cultivation, is a treatment that even the saint-level elders in the Moon God Palace may not have.

...

In the house, Ye Feng was looking at an old man with pale hair in the Moon God Palace.

For two months, the female disciples of the shrine were terrified, but at the same time they had a very strange feeling in their hearts.

Because this pale-haired old man is a saint-king-level supreme elder in their Moon God Palace, and he is almost the oldest person in the entire Moon God Palace.

But this Supreme Elder couldn't wait to wake up from the ancient holy crystal that had frozen him, and then ran over to ask Ye Feng for advice on martial arts practice.

Seeing that this old man who usually showed respect even to the palace master, in front of the young man Ye Feng, was acting like a disciple, sitting upright, respectful, and listening carefully to Ye Feng's sermons. The two female disciples both There is an inexplicable feeling of shock in my heart.

...

"Leader Ye."

On this day, Bai Qian, the master of the Moon God Palace, hurriedly came to the house where Ye Feng lived.

Ye Feng walked out of the room and saw the hurried look on Bai Qian's face, and couldn't help but said: "Did the big shot in the spiritual world agree?"

Bai Qian smiled slightly, nodded, and said, "I agree. Shenyue knows the news and must see you. The big shot has no choice but to agree."

Ye Feng's eyes were filled with joy, and he was about to walk out of the house and go to the depths of this small world.

Bai Qian quickly grabbed Ye Feng and said solemnly: "Leader Ye, when you go, you must be respectful to that big shot in the spirit world. That big shot is the head of the nineteen states of Qingzhou in the spirit world. He is the leader of the spirit world. In her eyes, a royal nobleman of the Immortal God Dynasty, not to mention our Moon God Palace, even the entire Longyuan Continent, is just a tiny place, a land of ants. Therefore, Leader Ye must be respectful. "

Ye Feng waved his hand and said, "I understand, let's go first."

Uh-huh!

After the words fell, Ye Feng jumped up and disappeared into the house.

Bai Qian, the master of the Moon God Palace who was standing on the spot, saw this scene and could only smile bitterly and shake his head, "I hope this Leader Ye will not be too impulsive. That big shot seems to have heard that Shenyue is here." There are emotional concerns in Longyuan Continent, I am very unhappy..."

...

Ye Feng's speed was extremely fast. In less than half an hour, he had jumped through the air and reached the depths of the small world where the Moon God Palace was located.

Following the route Bai Qian told him before, Ye Feng reached the end of this small world and saw an ancient stone gate at the junction of the end of the earth and the boundless void.

This stone door is very wide and carved with various patterns of unknown ancient totems.

Buzz!

In the very center of the stone door, a hazy spatial light surged. It was obvious that the stone door led to another space.

"Have you always been practicing here, Miss?"

Ye Feng murmured, with firm eyes, and stepped into the light of space inside the stone door.

Buzz!

And at the next moment, Ye Feng's vision suddenly changed, and he found that he had crossed the stone gate of space and came to a new space.

This is a huge underground ancient city, with dilapidated ancient buildings built around the entire underground ancient city, exuding a heavy and vast atmosphere.

At this moment, Ye Feng suddenly saw, in the center of this underground ancient city, on top of a tall spiritual pagoda, an alluring woman wearing a light blue dress, with black hair shawl, icy muscles and jade bones, and skin like gelatin. The posture is graceful, and the whole body exudes a faint hazy light, which is sacred and beautiful, like a nine-day goddess in the darkness, standing in this dim underground ancient city, dazzling and dazzling, giving people a hazy and ethereal beauty.

"Miss."

Ye Feng saw Ye Shenyue again, and saw the graceful figure that he had experienced countless times when he was at his weakest.

Compared to Nangong Muxue, Ye Shenyue, the eldest lady of the Ye clan, was actually the first woman that Ye Feng met who made him feel warm after he regained consciousness in this life.

Ye Feng walked towards the center of the underground ancient city. At this time, Ye Shenyue was sitting cross-legged on the spiritual tower in the center, her eyes slightly closed, as if she was in a hazy state, and did not notice her arrival.

But just when Ye Feng took a step, with a "boom", the entire outer area of the ancient underground city burned with a long river of crimson flames, and in the inner circle of the long river of flames, there was another layer of fire exuding extreme heat. Cold areas.

One cold and one hot!

Full of extremely terrifying flames and ice!

When Ye Feng saw this sudden scene, he couldn't help but pause.

There was a hint of depression in his eyes.

A trace of the long river of red flames just now rushed to the body, almost burning the skin off.

It can be seen from this that the long river of flames contains how terrifyingly high the temperature is.

"Buzz!"

At this moment, a huge human-shaped light and shadow appeared in the entire dark underground ancient city, emitting a bright light.

This is a shadow of the will of the most powerful person, manifested from the misty void, and does not belong to Longyuan Continent.

Ye Feng felt a familiar breath, which was the life breath of the spiritual world.

He stared at the huge human-shaped light and shadow that supported the entire underground ancient city. It looked like a woman, noble and holy, and had a sense of supremacy that looked down upon the common people.

"This person seems to be the supreme commander of the Qingzhou Prefecture in the spiritual world, the master of the Qingzhou Prefecture. I didn't expect that he was a female master. However, the cultivation aura gave me a feeling of greatness, even It's a bit suffocating."

Ye Feng was very shocked. This female palace master of Qingzhou gave him the feeling that she was extremely powerful. She was even more vast and terrifying than the ancient emperor. She was definitely the most powerful person who surpassed the ancient emperor.

Bald Bird once said that the ancient emperors were called emperors in the spiritual world.

There are ten heavens in the Imperial Realm, and above the ten heavens are the nine secret realms where monks pursue immortality.

The nine secret realms, nine realms in total, represent the process of transformation and evolution of monks from ordinary creatures to immortals.

Only by transcending the nine secret realms can we knock on the gate of immortality, achieve the true realm of immortality, and become a fairy-like existence.

At this time, the great human-shaped light and shadow in the underground ancient city, even though it was just a trace of will, still gave Ye Feng a feeling of suffocation.

You know, now even the Great Sage Quasi-Emperor Ye Feng can fight.

Even the ancient emperor couldn't do it to give Ye Feng such a strong sense of oppression now.

But just a trace of human-shaped light and shadow in front of him, a trace of will incarnation, did this.

Ye Feng guessed that this person's true cultivation level was definitely far beyond the level of the ancient emperor. He was at least a profound being in the nine secret realms, and he might even be a super strong man in the legendary fairyland.

Because according to Bai Qian, the master of the Moon God Palace, the big shot in the spiritual world who chose Ye Shenyue is the head of a large state like Qingzhou among the nineteen states in the spiritual world.

People at the level of palace lords, on the land of the spirit world, definitely belong to the status of ministers in the Immortal God's dynasty.

A master of the palace in the nineteen states of the spiritual world. Such a big man's cultivation strength has probably surpassed all living beings, surpassed the emperor's realm, surpassed the nine

secret realms, and is a terrifying existence in the fairyland. Otherwise, he would not be able to become the master of the palace, and he would not be able to It shocked hundreds of princes and kingdoms in the vast territory of one state, as well as many super sects, great religions, and saints.

Earth and other ancient inheritance.

At this time, Ye Feng did not speak, but just walked towards the long river of flames, silently operating the sun-moon battle body that he had just entered the sixth stage. His body was made of flesh and blood, and his limbs were made of bones, like stars, shining with the brilliance of the sun and the bright moon. , one cold and one hot, Ye Feng thought, he should be able to withstand the long river of red flames and the long river of extreme cold.

"You are a member of Shenyue's clan. I can't bear to see you die like this. Are you sure you want to enter the two long rivers I set up? These two long rivers are the hottest and coldest forces on the spiritual world. Forged, for all the low-level creatures on the small Longyuan Island, even the strong ones in the imperial realm cannot withstand this cycle of flames and cold air. You are only in the realm of the four-star saint king. You are so weak and pitiful. , if you walk into it, you may be burned to ashes before you get out of the first river of flames, and all your vitality will be destroyed. Are you sure you want to go? At your age, it is already very difficult to reach this level of cultivation. That's right, don't make the mistake of yourself."

Suddenly, an indifferent female voice, full of supreme holiness and nobility, sounded from the huge humanoid light and shadow standing in the entire underground ancient city, with a hint of threat.

"I appreciate the kindness of my senior."

Ye Feng heard this voice, raised his head slightly, a smile appeared on the corner of his mouth, but his eyes were full of determination, and said: "But these two long rivers, I must go, Miss, I must see them, no one can stop them. "

The huge human-shaped light and shadow once again made an indifferent and cold female voice: "Actually, you don't have to be so stubborn. Although I know that young people are easy to be impulsive, the price may be your life. Longyuan Continent is just a small place. In my case, In the eyes, it is just a dark ravine. You were born here and you should have your own consciousness. Your destiny is to struggle in this small place. Maybe you will be destroyed by countless demons in the near future. "

The tone of the huge light and shadow was very indifferent, not contemptuous, but full of a sense of contempt overlooking the common people, which was an innate nobility.

Ye Feng's eyes turned slightly cold, but he did not get angry. After all, for that big shot in the spiritual world who might be in the immortal realm, Longyuan Continent was indeed a remote place, like a dark ravine.

The huge light and shadow seemed to sense Ye Feng's coldness. She said slowly: "People in small places, unless they are chosen by a supreme being like me, will have to live in humble life. This has always been their fate."

"It's always been like this, right?"

Ye Feng sneered, and raised his head slightly at this moment, staring at the huge human-shaped light and shadow. After a slight silence, he slowly said: "As your Excellency said, although we all live in a dark ravine, there are still people... Looking at the stars."

The moment the words fell.

"boom!"

Ye Feng resolutely and domineeringly stepped directly into the vast river of flames.

He moved forward alone, but it was as if he was leading a million soldiers, and he was unstoppable.

Chapter 845 Transformation

Looking at Ye Feng's figure, he was fearless and stepped directly into the red river of flames.

The huge human-shaped light and shadow standing in the entire underground ancient city fell silent without saying anything more.

At this moment, Ye Feng was alone, walking in the long river of flames, quickly running the Divine Art of Creation, allowing the sun and moon battle body to release the power of the sun, making the whole body like a star cast, and invulnerable to fire.

"Buzz buzz..."

Although there was still an intense burning sensation, causing pain throughout the body.

But what made Ye Feng happy was that the Sun-Moon War Body blocked this terrifying scorching heat.

The Sun-Moon War Body is only in its initial stage, but it has already given Ye Feng a body made of stars.

Even the obstruction methods used by a big shot like the Lord of Qingzhou Palace could not really hurt Ye Feng.

In fact, Ye Feng was able to secretly absorb the extremely hot power in the flaming river by running the Sun and Moon Battle Body at this time.

In other words, the blazing power in this long river of crimson flames not only cannot harm Ye Feng, but is instead replenishing the energy of Ye Feng's sun and moon fighting body.

"Perhaps by absorbing the energy in the long river of flames and the long river of cold air, my Sun-Moon Battle Body can break through!"

Ye Feng's eyes suddenly lit up, and he immediately slowed down and began to silently absorb the extremely hot power around him that was burning him.

This long river of flames was arranged by Qingzhou Palace Master, a big figure in the spiritual world, to hinder Ye Feng.

Therefore, this energy comes from the spiritual world, and it is exerted by a powerful person who is suspected of being in the fairyland. It is extremely advanced.

So as soon as Ye Feng absorbed it at this time, he could immediately feel that his sun and moon battle body was rapidly replenishing energy and then undergoing transformation.

Although his cultivation level and mana have not improved, as long as the Sun and Moon combat body improves and transforms, Ye Feng's comprehensive combat power will also skyrocket.

"Boom boom boom..."

Waves of extremely hot energy boiled in Ye Feng's body, and he walked very slowly in the long river of flames.

This scene fell in front of the huge human-shaped light and shadow in the underground ancient city, but it felt like Ye Feng was making a meaningless struggle.

"If you can make it through, you are qualified to see Shenyue one last time. If you can't make it through, then you will ask for it if you die in this river of flames."

At this time, the peerless female leader of Qingzhou Palace murmured, and then the huge light and shadow slowly disappeared.

This big shot from the spiritual world has lost her will. After all, every time she travels through the boundless space and comes to the Longyuan Continent, she also has to pay a huge price, and there are ancient demons, deep in the demon world, in the dark. The Lord of Qingzhou Palace did not dare to stay too long while spying on this huge island.

At this moment when the spirit world big man's will dispersed, Ye Feng suddenly relaxed.

Originally, he was operating the sun-moon battle body and absorbing the power of the flames, just secretly.

After all, this Qingzhou Palace Master is now the unified minister of the Tongtian Divine Dynasty in the spiritual world. He is in charge of the vast territory of Qingzhou in the nineteen states.

A super strong man in the spiritual world will most likely see that he possesses the aura of the God of Creation.

So Ye Feng knew that when he gradually came into contact with more and more powerful people in the spiritual world, he really had to be careful and careful.

The use of the Divine Art of Creation should not be too unrestrained and conspicuous.

Otherwise, if some super powerful person spies on him and informs the current Tongtian God Emperor Gu Tongtian of the Tongtian Divine Dynasty, then his identity as the former crown prince will definitely be exposed in an instant, and he will eventually be hunted down by the entire Tongtian Divine Dynasty.

However, Ye Feng is not too worried for the time being. After all, the Divine Dynasty of Creation has been destroyed for more than three thousand years. Except for the figures at that time, I am afraid that many people have almost forgotten the Divine Dynasty of Creation, which was the unifying dynasty of the spiritual world.

After all, three thousand years is really too long, long enough to dilute any historical traces of that year.

Moreover, among those who know the Divine Art of Creation practiced by the royal heirs of the Divine Dynasty of Creation, except for Gu Tongtian, the Prime Minister of the Divine Dynasty of Creation, very few people know the true secret of the Divine Art of Creation.

"Now that the master of the Qingzhou Prefecture is gone, I don't have to hide anymore and can absorb the river of flames unscrupulously!"

Ye Feng was running the Divine Art of Creation crazily, activating the Sun and Moon War Body, turning every pore on his body's skin into small swallowing vortices. There were hundreds of millions of tiny pores, greedily absorbing the surroundings. The extremely hot power in the long river of flames.

"Gululu, Gululu..."

Just like a cow drinking from the ocean, Ye Feng absorbed enough majestic heat power in an instant, feeling that all his bones, flesh and blood, and even his soul, were burning.

Perhaps this long river of flames was just a small means used by the Lord of Qingzhou Palace to test Ye Feng.

But a random spell cast by that kind of being would be extremely violent and vast energy for Ye Feng, who was currently practicing.

"boom!"

Terrifying boiling energy surged through his body, and Ye Feng's sun-moon battle body was undergoing rapid transformation. .???.??

"Crack!"

Like a layer of shackles being broken, Ye Feng found that his whole body had shed his skin.

The original body seemed to have formed a chrysalis. Ye Feng broke out of the cocoon and turned into a butterfly. The body grew out again, becoming extremely pure and strong as if it were made of divine iron. Every inch of flesh and blood exuded divine brilliance like the sun's rays.

However, the Sun-Moon War Body has not completely transformed yet, and still lacks the power of extreme cold.

The sun and moon represent yin and yang, as well as extreme heat and cold.

At this time, the vast river of flames around Ye Feng had disappeared and was completely absorbed by Ye Feng's sun and moon battle body.

Uh-huh!

Ye Feng didn't hesitate at the next moment and walked directly towards the second long river, the Extremely Cold River.

"Buzz!"

The terrifying power of extreme cold instantly surged into Ye Feng's limbs and bones like a cold wave.

Ye Feng originally felt that his whole body was unbearably hot, but now he felt as if he had fallen into an ice cave and was extremely cold.

If it were an ordinary monk's body, after such a torment, it might be completely destroyed.

But Ye Feng's sun-moon battle body was able to withstand the terrifying double impact of extreme heat and extreme cold.

"break!"

At a certain moment, Ye Feng suddenly shouted loudly.

boom!

His whole body suddenly burst out with two forces of extreme heat and extreme cold, full of terrifying impact and destructive power.

Like the yin and yang divine furnace, all things are used as charcoal, burning to the extreme to create a more perfect body.

At this time, Ye Feng's body was more perfect than before. Every inch of his bones and flesh was filled with the divine light of the sun and the silver moon, making him beautiful and dazzling.

This shows that Ye Feng's body has undergone an essential transformation and evolved into a more advanced life.

"Sun-Moon Battle Body, mid-term!"

Ye Feng clenched his fists and felt that his whole body was filled with infinite power.

Even if he doesn't use his magic power, with this body alone, Ye Feng feels that he can kill a powerful being who has just become a great saint with his bare hands.

At this moment, Ye Feng looked around and found that the long river of flames and the long river of ice had disappeared.

"Unknowingly, all of them were absorbed by me?"

Ye Feng himself was shocked. He didn't expect the Sun and Moon Battle Body to be so powerful.

At this time, Ye Feng looked at the top of the spiritual pagoda in the center of the underground ancient city.

Ye Shenyue, who was wearing a light blue dress and had a perfect figure, just woke up from her cultivation state. She opened her beautiful eyes and looked at Ye Feng below.

Eyes facing each other.

Ye Shenyue's beautiful eyes trembled instantly, full of joy and excitement, and said: "Ye Feng, you are finally here..."

Chapter 846 I believe you

"Miss, we finally meet."

Ye Feng jumped, flew three hundred meters into the air, jumped to the top of the huge spiritual tower, and stood in front of Ye Shenyue.

Ye Shenyue's eyes trembled slightly at this time, and she stretched out a jade-like hand and caressed Ye Feng's cheek, as if she was a little afraid that everything in front of her was her dream.

But her soft little hand was suddenly held by Ye Feng's strong palm, reminding her that everything in front of her was not a dream, but reality.

"Ye Feng!"

Finally, Ye Shenyue couldn't bear it any longer, her beautiful face was covered with tears, and Qian Ying threw herself into Ye Feng's arms.

Feeling the sudden warmth in his arms, Ye Feng did not refuse, but gently held the eldest lady in his arms, and said: "Miss, it's been a long time, we haven't seen each other for a long time. When the Ye Clan said goodbye, I didn't expect that we would meet again." It's been so long since we met."

Ye Shenyue burst into tears at this time and whispered: "I really regret it. I shouldn't have been so willful and left like that. I haven't been able to see you Ye Feng for so long. Do you know how

much I miss you?" But I am also somewhat glad that I followed Master and left the Great Yan Dynasty, because now I am qualified to stand in front of you and talk to you on an equal footing, otherwise I would feel inferior."

Ye Shenyue's cultivation has surprisingly broken the shackles of the upper limit of cultivation and stepped into the realm of a saint.

Moreover, a faint terrifying energy that even Ye Feng felt afraid was contained in Ye Shenyue's body.

That is the energy of the innate Taoist body!

The innate Tao body, even in the spiritual world, is a very special and powerful physique.

That's why the Lord of the Qingzhou Palace came to his own will and came to the Moon God Palace to fetch Ye Shenyue alone, leaving the Longyuan Continent and heading to the vast territory of Qingzhou in the spiritual world.

At this time, Ye Feng stared at Ye Shenyue and said with a smile: "No matter what cultivation level the young lady is, you can always talk to me as an equal."

Ye Shenyue shook his head and said: "You think it's okay, but I will feel inferior. I don't want to lose the feeling of following you, so I have to become stronger. Now Ye Feng, you are the lord of the entire Southern Territory. Really?" It's awesome."

Ye Shenyue stared at Ye Feng in front of her at this time and found that

The slightly immature boy's face in his memory is now more mature than before, with some vicissitudes of life.

Ye Shenyue's eyes were a little sighing at this time. When she heard about Ye Feng's deeds for the first time in the Moon God Palace, she realized that unknowingly, the little boy from the Ye clan had grown into an earth-shattering figure. big shot.

Ye Feng said with a smile at this time: "It seems that you don't have time to return to the Ye Clan again. You are going to the spiritual world."

Ye Shenyue grabbed Ye Feng's hand with great force and said, "Ye Feng, do you think I should go? I want to be with you, return to the Great Emperor Alliance with you, and fight side by side with you."

Ye Feng was silent for a moment, then caressed Ye Shenyue's black hair and said, "Miss, I shouldn't have decided your choice, but what I want to say this time is that you follow the Qingzhou Palace Master. The spiritual world is the most rational choice. This is a rare and huge opportunity. "

Ye Shenyue hesitated and said, "But Ye Feng, you..."

"Do not worry about me."

Ye Feng smiled slightly, gave Ye Shenyue a look of assurance, and said: "I am safe in the Southern Territory, and I will soon enter the real land of the spiritual world. The nineteen states of the spiritual world are the real prosperity. The prosperous land is the real land of the human race. Even the demon gods and devils in the demon world dare not come to the real prosperous land of the spiritual world, because the spiritual world is protected by countless ancient strong men of the human race. "

Ye Shenyue nodded slightly and said: "Then I will leave Longyuan Continent now with the Lord of Qingzhou Palace? But that means we have just met and we have to leave you."

Ye Feng smiled and said: "I will accompany you well these days. Alas, we have all chosen the path of cultivation. Reunion and separation are very normal. No one is the protagonist on the path of cultivation. Everyone has his own path. In addition to their respective opportunities and fortunes, I am more relieved that Miss Qingzhou can leave Longyuan Continent in advance with you."

There are also reasons why Ye Feng supports Ye Shenyue to practice with the Lord of Qingzhou Palace.

An important consideration is that if Ye Shenyue becomes the disciple of the Lord of Qingzhou Palace, it will help him to break into the court of Tongtian Divine Dynasty in advance in the spiritual world.

If there is a need to overthrow the entire Tongtian Divine Dynasty in the future, Ye Shenyue might be able to provide him with huge help, which is equivalent to laying out a hidden chess piece in the Tongtian Divine Dynasty's court in advance.

Suddenly at this moment, Ye Shenyue bit her lips and said: "Ye Feng, do you want to leave Longyuan Continent with me and go to the spiritual world in advance? I beg the Palace Master, she will definitely agree. "

Ye Feng shook his head, his eyes a little vicissitudes, and said: "This is your chance creation, not mine, and I still have a huge responsibility in the Southern Territory. I want to lead the entire Great Emperor Alliance to break through the demons of Longyuan Continent. Bound by the formation, you enter the true spiritual world. From now on, the sea is as wide as fish can leap, and the sky is as high as birds can fly."

Ye Shenyue nodded and said: "I will always support your choices and decisions, and I will always wait for you, waiting for the day when things are stable. It is enough for me to be by your side."

Ye Feng smiled slightly and said: "There will be a day of stability. At that time, maybe we don't need to be so tired and can play in the world and be free."

Ye Feng said at this time, thinking of the Tongtian Divine Dynasty. Perhaps when he overthrew the entire rule of the Tongtian Divine Dynasty and revived his family and country that belonged to the Fortune Divine Dynasty, he could fulfill his responsibilities and burdens as the crown prince of the Fortune Divine Dynasty. I have completely unloaded it, and when the time comes, I must enjoy a peaceful life.

In the next few days, Ye Feng stayed in this underground ancient city, accompanying Ye Shenyue.

Ye Shenyue asked about her family and her sister Ye Ziling.

Ye Feng was slightly silent after hearing this.

Ye Shenyue's heart sank and she asked, "Did Zi Ling never appear again after she left the family?"

Ye Feng shook his head and said: "The second lady finally appeared again in the Hundred Dynasties War, and helped me form the Wind God Alliance, but in the end she disappeared into an ancient

ruins in the small world of the Hundred Dynasties War in order to find me. , after I gained a high status in Poseidon College, I once

Many powerful men were secretly sent to search for him in the small world of Hundred Dynasties War, but they were never found. "

Ye Shenyue was silent, and then sighed: "Fate, fate, no one can figure it out, it is not something we mortals can control."

Ye Feng comforted: "The second young lady may not have died. She may have been transported to some special area in some ancient ruins. She may have entered the real spiritual world earlier than us. I once heard from Poseidon Academy that The old-timers said that many ancient ruins from the Hundred Dynasties War were once connected with some cultivation civilizations on the spiritual world. Maybe there are ancient teleportation arrays that can lead to the real spiritual world. "

Ye Shenyue nodded slightly, with a complex look in her beautiful eyes, and said, "I hope so."

Speaking of this, Ye Shenyue suddenly thought of something and couldn't help but ask: "Ye Feng, are the members of the Ye clan and my father safe now?"

Ye Feng nodded and said: "Now the entire Southern Territory is under the control of our Great Emperor Alliance. Naturally, the Great Yan Dynasty is also under the protection of the Great Emperor Alliance. Don't worry, eldest lady, when the Demonic Space Light Gate of the Southern Territory arrives. After that, I will use the Great Emperor Tower to install everyone in the entire Southern Territory, find space nodes, and jump directly out of the Longyuan Continent and enter the real spiritual world."

Ye Shenyue nodded, staring at Ye Feng with her beautiful eyes, glowing, and said: "I believe you!"

...

Three days later.

Ye Feng left the Moon God Palace alone.

He walked out of the small world of singing birds and fragrant flowers, and returned to the polar glacier snowfield area.

After identifying a direction, Ye Feng quickly flew towards the outer area of the polar ice sheet.

At this moment, several sneaky men in black walked out from behind a snow-capped mountain near the ice field.

Several people looked at Ye Feng's retreating figure, and a man in black immediately said: "Let's go back quickly and report to Qingyuan Supreme that Ye Feng from the Great Emperor Alliance has left the territory of Moon God Palace and is heading towards the central area of Zhongzhou. I should be going to participate in the real dragon competition."

Chapter 847 Spirit Pattern Master

Uh-huh!

Uh-huh!

Ye Feng left the polar ice field at this time and was jumping in the void across the vast land of Zhongzhou.

This time when he came to Zhongzhou, in addition to looking for the eldest lady Ye Shenyue, Ye Feng also had another important purpose, which was to go to the True Dragon Competition to see if he might be able to gain some luck. ??

"It is said that after winning the True Dragon Competition, the Human Race Temple will receive generous rewards. We can look forward to it..."

At this time, Ye Feng murmured in his heart.

"Leader Ye!"

But at this moment, a bronze throne suddenly landed from high in the sky ahead, and a middle-aged man wearing a blue robe was sitting on it.

"Supreme Qingyuan?"

Ye Feng had some doubts in his heart.

The middle-aged man who appeared in front of him at this time was one of the ten supreme masters of the Zhongzhou Protector Hall that he met when he first set foot on the land of Zhongzhou. He had the cultivation of a great sage and was very powerful.

Why did this person suddenly appear?

And it happened to appear in front of his own path?

It's a bit too coincidental.

Ye Feng asked aloud: "Supreme Qingyuan is here, what can I do?"

Supreme Qingyuan stood up from the bronze throne at this time and said with a smile: "Leader Ye is amazingly talented and beautiful. He is a peerless evildoer among the human race of Longyuan Continent. Therefore, the other three supremes of our Zhongzhou Protector Palace, Lie Supreme Yang, Supreme Silver Sword, and Supreme Mantian are all very curious and admire the young Alliance Leader Ye, so I came here this time to invite Alliance Leader Ye to sit in our Domain Protector Hall and discuss cultivation by the way. We are all great saints, so we should be qualified to talk to Leader Ye, right?"

Ye Feng's face was calm and he said: "Supreme Qingyuan's words are serious. Now that I am a Saint King, I should call myself a junior in front of all the Supremes. However, I understand the kindness of Supreme Qingyuan, so I will not go to the Domain Protector Hall. , I have to rush to the True Dragon Academy in the center of Zhongzhou to prepare for the True Dragon Competition."

With that said, Ye Feng was about to leave.

But Qingyuan Supreme suddenly smiled and said: "Leader Ye, don't leave in a hurry. There are still nearly twenty days left for the True Dragon Competition. There is no rush. Moreover, our Domain Protector Palace is not too far from the True Dragon Academy. It's just a few days' journey away."

Ye Feng frowned slightly, and was about to reject Qingyuan Supreme's request directly. He always felt that Qingyuan Supreme had no good intentions.

But at this moment, Qingyuan Supreme suddenly spoke up: "I really sincerely invite Alliance Leader Ye to go to the Protector Palace to discuss Taoism with us and grow with each other. And as long as Alliance Leader Ye goes, I am willing to give you a gift Leader Ye has a Great Saint Creation Pill, which is a true spirit-level pill that has surpassed the emperor level and has been treasured by our Protector Palace for many years. It can allow a Saint King to instantly gain huge energy and break through to the Great Saint level. It is simply The magical elixir that seizes the creation of heaven and earth."

Before Ye Feng could say his words of rejection, his eyes flashed slightly and he said: "The Great Sage Creation Pill? Can a person break through to the level of the Great Sage in an instant? Is there really such a magical elixir in this world?"

At this time, the bald bird sent a message in the spirit beast bag: "Boy Ye Feng, this kind of elixir does exist, and it is worth going. This elixir surpasses the emperor level. In the spiritual world, many major forces have it." There is an alchemy master who can refine this kind of elixir and train his disciples. This kind of elixir is very common in the spiritual world, but the appearance of this kind of elixir in this small Longyuan Continent is indeed considered a great success. It's at the level of a magical elixir. If this Supreme Qingyuan is really willing to give you a Great Sage Creation Pill, it shows that he is very sincere."

Ye Feng nodded slightly, then looked at the Qingyuan Supreme, and said: "I am indeed somewhat interested in the Great Sage's Creation Pill, but Qingyuan Supreme, don't worry, I don't need your gift, I will use treasures of equal value when the time comes. exchanged."

Qingyuan Supreme was very happy and said: "So, Leader Ye is willing to go to the Zhongzhou Territory Protector Hall with me to sit for a while?"

Ye Feng

He nodded and said: "Please ask Supreme Qingyuan to lead the way. The Zhongzhou Protectorate Palace is the core institutional force in Zhongzhou. It must have a lot of ancient cultivation resources and treasures of heaven and earth. I happen to want to buy some heaven and earth spiritual objects for use." Improve your cultivation."

Qingyuan Supreme immediately smiled and said: "Yes, yes, we have everything. If Alliance Leader Ye needs it, you can buy it at will."

With that said, Supreme Qingyuan took out a huge bronze spirit boat and said with a smile:
"Brother Ye, come up directly. I will take Leader Ye to the Domain Protector Hall."

Uh-huh!

Ye Feng stood on the bronze spirit boat in a flash, and then remained silent.

He always felt that this Qingyuan Supreme seemed to be a little too enthusiastic about him, and something was wrong.

However, Ye Feng wanted to go there for the Great Sage Good Fortune Pill.

Moreover, even if something unexpected happens, I am not afraid.

In the Moon God Palace, although Ye Feng's cultivation level has not improved, his body has been tempered by the long river of flames and the long river of extreme cold, and has transformed into the middle stage of the sun and moon battle body. , Ye Feng was not afraid at all.

Now the only people who can threaten Ye Feng's life safety are the Quasi-Emperor or the Great Emperor.

Ye Feng had full confidence and confidence in his current strong strength, so he dared to go to the Zhongzhou Domain Protector Hall with Qingyuan Supreme directly.

...

There are many patterns carved on the bronze spirit boat, which are somewhat similar to the metal boat Ye Feng took in the East Wasteland.

These lines have spirituality and can speed up or defend.

However, these lines are not counted as formations, because formations require a formation base and consume spiritual stones to activate them.

But the veins on the bronze spirit boat are carved with a strange trace, which can automatically generate energy without any external consumption.

Qingyuan Supreme saw Ye Feng staring at the patterns on the bronze spirit boat.

You smiled and said: "These patterns are called 'Spirit Patterns'. Legend has it that in the vast land outside Longyuan Continent, there is a type of inheritance practitioner who is respected by the world as 'Spirit Pattern Masters'. They can use their own spiritual power to communicate the various mysterious veins between heaven and earth, and then use mental power to carve these mysterious veins on actual objects, they can produce all kinds of incredible power of heaven and earth. These people are called "spiritual pattern masters", and my ship The bronze spirit boat was discovered from an ancient ruins and is the work of a spirit pattern master."

Ye Feng nodded slightly and said with some surprise: "The spirit pattern master can actually capture the veins in the avenue of heaven and earth through spiritual power and carve them out. These veins have spirituality and become spiritual patterns, which can automatically generate energy, you don't need a formation base or a spirit stone to generate energy. It's really miraculous that these spirit patterns can automatically trigger the power of heaven and earth and generate the energy of nature."

Qingyuan Supreme nodded, seeming to be very interested in the spirit pattern master, and said: "I have seen in some ancient books in the family that there are powerful spirit pattern masters who can capture the high-level spirits in the world. Patterns, such as giant spirit patterns, as long as the spirit pattern master traces these giant spirit patterns, even if it is traced on a mortal who has no power to bind a chicken, that mortal will instantly have the power of the giant spirit and can move mountains, fill the sea, or the spirit pattern master traces the dragon spirit patterns on the alchemy furnace, the elixir refined in the alchemy furnace will add the breath energy of the dragon spirit, and the quality will be greatly improved. "

When Ye Feng heard what Qingyuan Supreme said, he couldn't help but feel that the spirit pattern masters were like a group of people who could seize the power of heaven and earth. They could steal mysterious patterns from the avenue of heaven and earth, trace and imprint them, and use the natural power of heaven and earth to create things that ordinary people can't do. It's quite similar to the mystical art of seeing the heaven and earth, feng shui, etc. among soul masters.

"Here we are!"

At this moment, Supreme Qingyuan suddenly spoke up.

Ye Feng looked not far away and found that at the end of the earth, among the green mountains, a huge city made of steel was located in the mountains, giving people a sense of fortitude and iron-blooded sharpness. This was the Zhongzhou Protector. The domain palace.

Chapter 848 Danhuang Pavilion

Zhongzhou Huyu Palace is built in the mountains and is very luxuriously decorated.

Moreover, the entire body is made of steel, and it looks full of a sense of iron-blooded killing.

At this time, Supreme Qingyuan smiled and said: "Leader Ye, we have arrived. I will inform our three friends, Supreme Lieyang, Supreme Silver Sword, and Supreme Mantian. If they know that Leader Ye is coming, they will definitely be very happy. of."

Ye Feng nodded and said: "Okay, you inform them, let's go take a look at the Great Sage Creation Pill first."

This time Ye Feng came to the Zhongzhou Protected Areas Hall, his main interest was to get the Great Sage Good Fortune Pill.

For ordinary monks, as long as they swallow this kind of Great Sage Creation Pill that seizes the creation of heaven and earth, and then spend half a year in seclusion to refine it, they can directly break through to the level of the Great Sage.

However, Ye Feng knew that his body was different from others. If he were to devour it by himself, one Great Sage Creation Pill might not be enough.

But even if he cannot directly break through to the level of the Great Sage, the power of heaven and earth contained in the Great Sage's Creation Pill is still extremely terrifying.

At the very least, it should be no problem to be able to break through several levels in a row at the Saint King level.

At this time, Ye Feng followed Qingyuan Supreme and descended directly into the steel city.

There were many tall figures wrapped in armor on the road, all of them had the aura of iron-blooded killing, exuding cold killing intent.

Obviously, this guardian hall is the place where representatives of the entire Zhongzhou are killed, just like a steel army, guarding the entire land of Zhongzhou.

Ye Feng had to marvel at the rich heritage of Zhongzhou. The Domain Protector Palace actually had ten supreme beings. Each of them had the cultivation of a great saint. It was really terrifying.

At this time, Qingyuan Supreme took Ye Feng and walked towards the depths of the Domain Guard Palace.

Qingyuan Supreme smiled and said: "Leader Ye, the Great Sage Creation Pill is very precious, so it is stored in the Danhuang Pavilion in the deepest part of the Protector Palace. The place I am taking you to now is the Danhuang Pavilion."

Ye Feng nodded slightly and said, "Okay."

Soon, the two came to a huge pavilion.

The pavilion is very tall, like a giant tower, standing on the ground.

The three characters "Danhuang Pavilion" are engraved on the plaque of this pavilion.

Each stroke is vigorous and powerful, like a crouching dragon, giving people a feeling of sharpness.

Qingyuan Supreme smiled and said: "This Danhuang Pavilion also stores countless precious elixirs, which are of the highest quality in the land of Zhongzhou. This time, Alliance Leader Ye can buy them at will if needed."

Ye Feng nodded with a smile and said, "Thank you so much, Supreme Qingyuan."

However, although Ye Feng had a smile on his face, he was secretly wary in his heart.

Because this Supreme Qingyuan is really too enthusiastic.

Moreover, when he first met the Qingyuan Supreme, Ye Feng still remembered that the Qingyuan Supreme stared at him, showing a fleeting look of greed.

But this Danhuang Pavilion is indeed real. It contains countless pills, all of which Ye Feng needs very much now.

The Danhuang Pavilion stores countless precious elixirs refined by the alchemy masters of Zhongzhou.

At this time, Ye Feng walked in and immediately saw that there were shelves on each floor.

On each shelf, there is a pill of different colors suspended, surrounded by a transparent divine light shield, which seems to be a kind of guardian formation in a small space.

"Supreme Qingyuan, I wonder what price these elixirs can be sold for?"

Ye Feng was about to ask Qingyuan Supreme beside him.

But the moment Ye Feng turned around, Qingyuan Supreme's face had turned into a deeply ferocious look, and his eyes were filled with murderous intent.

A huge long knife appeared in his hand, and he was about to slash Ye Feng directly.

"when!"

Ye Fengda

With a grab, the Great Emperor Tower was instantly released, blocking the long knife.

His eyes were filled with anger and he said: "Supreme Qingyuan, what are you going to do?"

"What?"

Qingyuan Supreme smiled wildly, his tone full of ridicule, and said: "Leader Ye, Leader Ye, you are indeed too young. How can an old fox like me, who has lived for so long, treat you so well and give you a gift? What kind of Great Sage Creation Pill? Impossible! I deceived you this time just to kill you secretly in this Danhuang Pavilion and rob you of all kinds of treasures, the Great Emperor Tower, the City of War, and the Ancient People. The Imperial Art and the magical crystal mirror you used when fighting Old Man Fate are all supreme treasures. You are really rich, but all of this wealth will become mine soon."

Ye Feng's eyes became extremely calm and said: "Actually, I have already guessed some of your purposes."

Qingyuan Supreme smiled coldly and said: "You are lying. If you guessed it, why did you dare to come back with me?"

Ye Feng suddenly smiled, with a cold arc at the corner of his mouth, and said: "Because I am not afraid of you at all. If you are willing to trade these precious elixirs with me normally, then I will truthfully give you the equivalent wealth in exchange, but Now that you really want to take action, seek wealth and murder, and plunder my wealth and treasures, then I can only kill you, and then rob all the miraculous medicines in the entire Danhuang Pavilion. I, It's always been an eye for an eye, a tooth for a tooth, a person's way of treating others. If you want to kill me and plunder me, then I will kill you and plunder you!"

Hearing what Ye Feng said, Qingyuan Supreme immediately laughed out loud and said: "Hahahaha! Boy, I call you Leader Ye, do you really think you are invincible? Huh, in my eyes, you are nothing more than He is a junior, a little saint king. Even if you kill the old man Fate, the old man Fate is the first to become a great saint. He is only a one-star great saint, but I am a three-star great saint. Moreover, in order to deal with your magical power. The treasure crystal mirror, I also found three helpers, come out, Supreme Sun, Supreme Silver Sword, Supreme Mantian!"

Buzz!

Buzz!

Buzz!

Almost at the moment Qingyuan Supreme finished speaking, three figures exuding the same terrifying aura of cultivation appeared.

They are a young man in a red robe, the Supreme Lieyang.

A stunningly beautiful woman wearing silver palace attire is the Supreme Silver Sword.

There is also a burly man, more than three meters tall, who is the Mantian Supreme.

At this time, three more supreme beings appeared, all of whom were super powerful at the level of three-star great saints.

The four great saints besieged Ye Feng together, intending to kill Ye Feng and rob him of his inheritance.

I have to say that this lineup is extremely luxurious.

At this time, the entire Danhuang Pavilion also became dim, and a killing array was activated, surrounding the entire inner space of Danhuang Pavilion.

The four supreme beings on the field and Ye Feng were all enveloped by this killing array. It seemed that in order to prevent Ye Feng from escaping, the four supreme beings trapped themselves in this killing array.

Silver Sword Supreme is a beautiful woman, holding a silver snake sword in her hand, she said coldly: "Leader Ye, surrender, take the initiative to hand over all the inheritance and treasures on your body, and then we will let you go, when you return to the Southern Territory, you can still be the master of your own Southern Territory."

The Mantian Supreme smiled savagely, his eyes full of wild killing intent, and said: "Let this boy go? How can that be done! The blood in this boy is so rich, I feel like a humanoid. If the ancient beast's body is dismantled and refined, it will definitely make my beast's sacred power even further!"

Qingyuan Supreme said at this time: "Stop talking nonsense, fight quickly, kill Ye Feng, and let him not have any chance to ask for help."

boom!

Almost at the moment Qingyuan Supreme finished speaking, the four supremes burst out with terrifying killing power. With endless killing and boiling fighting spirit, they instantly tore and roared towards Ye Feng standing in the center of the killing array!

Chapter 849: Trapped in a cocoon

"boom!"

The terrifying destructive power swept from all directions in an instant, rushing towards Ye Feng.

The four supreme beings of the Zhongzhou Protectorate Hall, the four super strong men at the level of the Great Sage, took action together at this time, releasing powerful killing moves.

Boundless evil energy spurted out from the void, and for a moment, the entire Danhuang Pavilion was bone-chillingly cold, as if it had suddenly turned into an ice cellar.

"boom!"

At this moment, Ye Feng directly inspired the sun and moon fighting body, and his entire body instantly bloomed with divine light.

Half of his body releases the extremely hot light of the sun, while the other half releases the cold and biting light of the silver moon.

In an instant, Ye Feng seemed to have turned into a powerful sun and moon war god. The power of extreme cold and heat surged from his hands, directly blasting away the two supreme beings.

"boom!"

The remaining two Supremes directly hit Ye Feng's body with one palm, but they made two muffled sounds.

Ye Feng's body was like a copper wall. He withstood the full attack of the two Supremes without any injuries at all.

"What?!"

This made the four supreme beings on the field look deeply shocked.

"Not good! This boy's cultivation strength is definitely stronger than before!"

Qingyuan Supreme's eyes were shocked, and then he said with a fierce expression: "Everyone, let's not hide it, let's use all our trump cards, otherwise we may not be able to stop this evil boy!"

"Qingyuan Sword Technique!"

Qingyuan Supreme roared loudly, and all the magic power surged out of his body, and thousands of long green swords were condensed in the sky.

These thousands of cyan long swords are obviously condensed by the great sage's magic power of Qingyuan Supreme. They spit out sharp sword light and look very terrifying. They can literally tear the sky apart.

"kill!"

Qingyuan Supreme roared and instantly activated thousands of

The cyan war sword turned into a sword light that filled the sky and stabbed directly towards Ye Feng.

"The Sword of the Human Emperor!"

Ye Feng roared loudly, unwilling to be outdone, and activated the Ancient Human Emperor Kung Fu. On top of his head, the human emperor's energy suddenly condensed into a huge war sword, exuding a golden sacred light.

"Death to the Gods!"

At this moment, Ye Feng held the Sword of the Human Emperor and directly released one of his super moves.

"boom!!"

The terrifying energy of the Gods' Sorrow and the majestic killing power burst out from the Sword of the Human Emperor in Ye Feng's hand in an instant.

Boom!

Boom!

A terrifying roar instantly exploded in the void.

Qingyuan Supreme's thousands of cyan war swords were directly shattered, and then the huge Human Emperor's sword slashed down from high altitude. The killing power swept through the eight wastelands, and the terrifying sword light tore everything apart.

The artistic conception of the death of the gods made this sword extremely terrifying, with a terrifying energy of great destruction. Under this sword, it was as if the world was split apart, as if nothing existed anymore, and everything was destroyed. ,die.

"ah!!"

Qingyuan Supreme roared instantly, his voice filled with endless pain.

Because at this time, his body was cut into two halves by the Human Emperor's Sword. However, he was a great sage with tenacious vitality. He did not die immediately. Instead, half of his body was squirming, and half of his mouth was speaking out. He was roaring in pain and struggling, looking very weird.

"What? Qingyuan Supreme was cut in half with a sword?"

At this time, the other three Supreme Protector Palaces around them all had deep shock in their eyes.

Obviously they never thought that Ye

Feng's combat power has now become so powerful, so terrifying that even the Great Sage cannot block his sword.

"No! The sword he just struck was definitely his strongest sword! He can't use that sword skill many times!"

At this moment, a look of understanding flashed across Yinjian Zunzun's beautiful eyes, and he spoke immediately.

Silver Sword Supreme is a sword cultivator. After reaching the realm of the Great Sage, his various understandings of the sword have reached a very high peak.

So at this moment, she was able to discover in an instant that Ye Feng's sword just now was extremely shocking and brilliant. It was definitely not an ordinary sword, but a peak sword that consumed a huge amount of skill.

In fact, Silver Sword Supreme's guess was completely correct. I have to say that Silver Sword Supreme's vision was very vicious. He immediately discovered that Ye Feng's sword was extremely extraordinary.

At this moment, Ye Feng released the Human Emperor's Sword and directly killed the Gods of Shang. Ye Feng really felt that his own mana was consumed very much.

"Tianman Sacred Art!"

"Big horned dragon hand!"

boom!

At this time, the burly Mantian Supreme suddenly took action.

He unleashed one of his ultimate killing moves, stimulating the mighty barbarian power in his body. One hand directly transformed into a huge horned dragon, with a ferocious head, an evil mouth, and countless sharp fangs.

boom!

Like an ancient horned dragon beast, it opened its mouth directly towards Ye Feng. With a "Gulu", Ye Feng was directly swallowed by the horned dragon.

"This kid was swallowed by my horned dragon, he is dead!"

The Mantian Supreme immediately burst into laughter.

"Oh, is it so?"

But at this time, Ye Feng's cold voice suddenly came from the body of the ferocious horned dragon.

"boom!

"

A huge energy burst out, and the entire body of the horned dragon exploded and shattered. A divine light as bright as the sun and the moon burst out from the fragments of the broken horned dragon's body. It was Ye Feng.

At this time, his whole body was blooming with divine light, his eyes were as bright as stars, he was truly like a young god of war, possessing unparalleled monstrous fighting power.

"Ah! My arms!!"

At this time, the Mantian Supreme let out a miserable howl of pain, because the horned dragon was transformed from his arm. At this time, the horned dragon was shattered from the inside by Ye Feng, and his arm was naturally destroyed.

Almost in this short moment, one of the four supreme beings of the four Zhongzhou Protector Halls was dead and the other injured.

Qingyuan Supreme was split in half and fell instantly. Mantian Supreme also had an arm exploded at this time and suffered heavy injuries.

For a moment, Silver Sword Supreme and Lieyang Supreme were both frightened.

At this moment, they were holding soldiers in their hands, and they did not dare to take action directly. However, they wanted to escape, but found that they could not escape because the killing array they had set up in the Danhuang Pavilion not only killed Ye Feng Shrouded, trapping themselves in it.

"Trapped in a cocoon!"

Ye Feng sneered and directly summoned the city of war, his magic power activated instantly.

boom!

Countless beams of destructive light instantly burst out from the spiritual tower in the city of war, directly blasting the body of the Supreme Mantian with holes in it, killing him instantly.

Another supreme leader has fallen!

At this moment, Supreme Silver Sword and Supreme Lieyang immediately begged for mercy:

"Leader Ye, have mercy on me!"

"Pfft!"

"Pfft!"

But the next moment, blood splashed, Ye Feng raised his sword and dropped it, and two heads flew high.

Silver Sword Supreme and Lie Yang Supreme were directly killed and fell instantly!

Chapter 850 Deep Malice

After killing the four supreme beings, Ye Feng didn't have any proud look in his eyes.

These four supreme beings are only at the primary level of the Great Sage. They do not pose any threat to Ye Feng today.

Originally, if a powerful man at the level of a great saint wanted to escape, he could easily escape.

With Ye Feng's current cultivation and methods, it is still very easy to defeat and kill a junior great saint, but it is still very difficult to force him to stay.

It's a pity that the four great saints of the Zhongzhou Protector Palace were too confident in their own strength. They even arranged a killing array in advance, trapping not only Ye Feng, but also themselves. They were simply trapped in a cocoon.

At this time, Ye Feng threw the bald bird out of the spirit beast bag and said: "Master Bird, please untie this killing formation. The countless miraculous medicines in the Danhuang Pavilion are mine."

The bald bird shouted: "Give me half."

Snapped!

Ye Feng slapped the bald bird directly, glanced at it sideways, and said, "Master Bird, you are too greedy."

The bald bird covered his head, like a hob of meat, and said: "If you don't divide me in half, I won't break the formation. This killing formation is a powerful killing formation that can trap a being at the level of a great saint. Although the power is not very good, But it's more than enough to trap you for ten days and a half. You have to know that if other strong men in the Protector Palace outside Danhuang Pavilion find out about this, Ye Feng, boy, you will definitely be hunted down. There is no way to go to the ground. Deep in the Zhongzhou Protectorate Hall, I can feel that there is a very powerful aura, possibly a peak saint or a quasi-emperor."

Ye Feng saw the rogue look of the bald bird and said: "If you break through this killing formation, I will give you one-fifth at most, and no more, or we will die together."

The bald bird was very angry and said: "Boy, you are cruel, huh, one-fifth is not bad, I agree."

After saying that, the bald bird was very happy, humming a little tune, and rushed directly towards the core area of the killing array.

At this time, Ye Feng directly released the swallowing vortex.

boom!

All of a sudden, tens of thousands of dark swallowing vortices appeared, suspended and surrounding the space around Ye Feng, filled with deep dark energy.

At this time, Ye Feng was stepping in countless dark whirlpools, as if standing in endless darkness, just like a dark king, looking very profound and majestic.

"Swallow!"

At this moment, Ye Feng directly inspired all the dark swallowing vortexes.

boom!

In an instant, a huge devouring power spurted out from the tens of thousands of devouring whirlpools, killing the four great saints and powerful men, Qingyuan Supreme, Silver Sword Supreme, Lieyang Supreme, and Mantian Supreme, who had fallen before. The remaining skills and life essence are all being devoured and taken away from creation.

"Boom boom boom boom..."

Waves of huge and powerful energy immediately poured into Ye Feng's body, making his entire limbs and bones filled with infinite power.

At this moment, Ye Feng's mana was rapidly increasing.

The power of the four great saints is really too great.

Even though Ye Feng's every breakthrough requires huge amounts of energy.

But this time, with the accumulation of skills of the four great saints, Ye Feng's cultivation level directly broke through three levels and stepped into the Seven-Star Saint King.

"Buzz!"

The vast cultivation aura, as heavy as an ancient mountain, emanated from every inch of flesh and blood on Ye Feng's body, giving people a terrifying feeling of overwhelming pressure.

"Seven Star Saint King!"

Ye Feng clenched his fists, his eyes filled with joy.

This time when Ye Feng came to the Domain Protector Hall, he just wanted to trade fairly for the panacea he needed.

But I didn't expect that Qingyuan Supreme would join the other three Supremes to harm himself and seize the treasure inheritance from him.

"You are unkind, so you can't blame me for being unjust."

Ye Feng stared at the four skeletons of the great saints lying on the ground at this time, his eyes were cold and iron-blooded.

But at this time, Ye Feng also felt a deep chill through this incident.

Although the previous battle with Chu Tianji and Old Man Fate really shocked the world, it brought the power of the Great Emperor Alliance and his own name to a peak state.

But if a tree is as beautiful as the forest, the wind will destroy it. Ye Feng has already felt it. When he fought against the old man Fate, many incredible trump cards were revealed to the world.

This makes many super powerful people very greedy for their inheritance and treasures, as well as various methods and secrets.

Ye Feng felt the deep malice from these superpowers!

"I have gained enough in the Protector Palace this time. I won't go to the True Dragon Competition. I'm not interested anyway. The reward for winning the championship is nothing compared to the countless miraculous elixirs in the entire Danhuang Pavilion. , I'd better go back to the Southern Territory, refine all the elixirs in the entire Danhuang Pavilion, and try to raise my cultivation to a new level before the demon army comes to the Southern Territory."

Ye Feng was thinking secretly at this time and changed his previous plan.

"Click, click!"

Suddenly at this moment, Ye Feng heard a crisp sound.

He looked above his head and found that the formation, which was originally a murderous formation, was being shattered inch by inch.

"Not bad, Master Bird, you still have it

Two brushes. "

Ye Feng's eyes were filled with joy at this time. He didn't expect the bald bird to untie the killing formation that could trap the Great Sage so quickly.

At this time, the bald bird Pidianpidian came from a distance and said proudly: "Then don't look at who I am, Master Bird. I am a divine bird."

But the bald bird's words hadn't completely fallen yet.

Ye Feng had already flown to the top of the Danhuang Pavilion. He looked at the shelves around him, emitting elixirs of different colors. They were all full of strong medicinal fragrance and had powerful energy fluctuations in the elixirs. , they must all be very precious elixirs.

The Zhongzhou Protectorate Palace is almost the most prosperous super power in Zhongzhou, surpassing the overlord power.

Therefore, the elixirs stored in the Danhuang Pavilion in the Protector Palace are naturally all top-quality elixirs.

With a cursory glance, Ye Feng sensed the fluctuations of many emperor-level elixirs, probably dozens of them.

What made Ye Feng's eyes shine the most was that on the top floor of the Danhuang Pavilion, there were three small jade boxes placed on a bronze table.

In each jade box, there is an extremely perfect white jade elixir.

The bald bird came over at this time and said: "This is the Great Sage's Creation Pill, a true spirit-level pill that surpasses the emperor level. Although it is only a low-grade true spirit-level pill, for Ye Feng now, it is absolutely It's a miracle cure."

Ye Feng nodded slightly at this time, with some unexpected joy in his eyes, and said: "I didn't expect that there were three Great Sage Creation Pills. I was a little disappointed at first. If there was only one Great Sage Creation Pill, I would definitely not be able to break through to the Great Sage." level, but now that there are three, it may allow me to directly break through to the Great Sage level."

The bald bird glanced at Ye Feng at this time and said helplessly: "Your kid's physique is too special. Even this divine bird can't see through what kind of ancient physique you have. The resources needed to achieve breakthroughs are simply too huge. You have to absorb dozens of times the energy of a normal monk of the same level before you can break through. Your body is simply like a bottomless pit."

Ye Feng smiled and said: "Although it is a bottomless pit, it is more difficult to break through than others and consumes a lot of resources, but once I break through, my combat power will directly crush the monks of the same level, and I can even kill the enemy across levels, so my Although the cultivation inheritance consumes a lot of money, the combat power given to me is also terrifying.

Otherwise, if I, a saint king, were surrounded and killed by four great saints, I would have been dead, let alone the counterattack. "

The bald bird nodded slightly and said: "This is equivalent to laying a solid foundation for martial arts for you, and your cultivation level is completely unequal to your combat power. This is also beneficial. It shows the enemy that you are weak, and then you explode with combat power, far beyond the capabilities of one's own cultivation, and directly stunned the enemy. It is very good and suitable for survival in the world of cultivation. "

Uh-huh!

And just bald

When the bird praised, Ye Feng had already grabbed the tens of thousands of precious elixirs in the entire Danhuang Pavilion, and collected all the elixirs that various Zhongzhou alchemy masters had spent countless efforts to refine. In the storage spirit ring.

"Let's go."

The bald bird jumped into the spirit beast bag.

Ye Feng secretly pushed open the door of Danhuang Pavilion and hurriedly walked towards the outside of the Domain Guard Hall.

Because everything that happened in the Danhuang Pavilion was shrouded by a killing array, not a single trace of the power fluctuations caused by the battle between Ye Feng and the four great saints was leaked out.

At this time, all the guards and members in the entire Guardian Palace were at their posts, and there was no movement at all.

With his heart pounding, Ye Feng quickly walked to the outer area of the Protector Palace, and then jumped directly into the void.

"Buzz!"

Almost instantly, Ye Feng disappeared directly into the distant horizon.

And not long after Ye Feng left, the Zhongzhou Protectorate Hall, which was originally peaceful, suddenly became agitated.

"The Supreme has fallen!"

Someone yelled crazily, their voice full of anger and fear.

...

Half a month later.

Ye Feng returned to the Southern Territory.

He rushed straight to the chaotic ancient sea area.

Ye Feng saw that in the sky above the Great Emperor Alliance's headquarters, the Dragon of Luck was tens of thousands of meters tall and majestic.

Pieces of golden dragon scales as big as the mouth of a bowl are densely covered all over the body of the Dragon of Luck, truly revealed, giving people an extremely shocking feeling.

This means that the fortune and power of the Great Emperor Alliance are getting stronger and stronger.

However, the tension among the core members of the entire Great Emperor Alliance is getting stronger and stronger.

Because the core members of the Great Emperor Alliance all know that in more than two months, a series of gates to the demon world will appear throughout Longyuan Continent, and there will be an army of hundreds of millions of vicious demon lords rushing in from another ancient evil interface. , massacre the world.

Everyone is anxiously preparing, nervous, fearful, but also somewhat looking forward to the arrival of the final moment.

Ye Feng returned to the Great Emperor Alliance at this time. Without wasting time chatting with anyone, he directly announced the retreat. It was not a matter of life and death, so don't disturb yourself.

"I hope I can break through to the level of the Great Sage before the final moment arrives."

Ye Feng went straight to the deepest cultivation chamber of the Great Emperor Alliance, took out the tens of thousands of elixirs in the Danhuang Pavilion, as well as the three true spirit-level elixirs that surpassed the emperor level, the Great Sage Creation Pill, and started directly Swallow them one by one, refine them, accumulate strong mana, and attempt to break through to the realm of the Great Sage!
