Chapter 911 Interstellar Teleportation Array

Time passed like quicksand, and soon the three-clawed cyan dragon had crossed the mountains and reached the depths of a huge dark mountain range.

Boom!

Deep in this dark mountain range, there is actually a huge teleportation array, imprinted on the earth.

At this time, the blue dragon descended from high altitude. Xiao Bing, the elder in purple standing at the front, said: "This is a large interstellar teleportation array that can directly teleport you from the spiritual world to On the ancient planet of life, the Planet of Ten Thousand Beasts, the assessment of core disciples is carried out. I think you all know the assessment standards very well. I won't say more here. Now, I will spend three days to activate this It's a big teleportation array, you can just rest and recuperate around it."

Speaking at this time, the purple-clothed elder Xiao Bing jumped directly to the surroundings of the interstellar teleportation array, and began to take out precious space crystals from the storage rings, and placed them in the concavities of the interstellar teleportation array. above the trough.

In addition, everyone also saw that a huge spiritual pattern pen appeared in Xiao Bing's hand, tracing complicated patterns on the ground around the formation.

Obviously, to activate this interstellar teleportation array, the required operation process is very troublesome.

After everyone watched for a while, they rested in the surrounding mountains.

The Planet of Ten Thousand Beasts is a very dangerous ancient planet with all kinds of extremely vicious beasts living on it.

So everyone knows very well that even if they are all powerful in the Wanshou Realm, or even those in the Peeping Dao Realm, they still need to be vigilant.

Because among the countless evil beasts on the planet of beasts, if one is not careful, he may be trampled to death by countless evil beasts in an instant.

At this time, Ye Feng and Chu Zixuan also came to a grassy area and sat down.

At this time, Chu Zixuan said: "Junior Brother Ye, this interstellar teleportation array is randomly teleported to that ancient life star, but our Sword God Tiangong

We are given special identity tokens that can sense each other at a certain distance. This time we enter the planet of beasts. If there is a chance, we can cooperate again. "

Ye Feng smiled and said: "Okay, as long as we can meet each other, we will definitely be much better off hunting together than alone."

While the two were discussing.

A group of people suddenly came not far away.

Each one of them has the cultivation level of Dacheng Longshou Realm and Dzogchen Longshou Realm.

The leader was a man, wearing a white gown and holding a scroll in his hand. He looked very elegant.

The moment this man appeared, many people around him couldn't help but gasp.

"It's Senior Brother Wang Changming!"

"Senior Brother Wang Changming is a powerful being who ranks sixth among the top ten disciples of our inner sect. He has the cultivation level of the primary Dao Peeping Realm and is very powerful."

"Why did he suddenly appear in the area where our ordinary disciples rest? Is it because of the new disciple Ye Feng who showed off his power just now?"

At this time, many people around were talking about it.

Although there are hundreds of inner disciples of the Sword God Tiangong who participated in this core assessment.

But the real strong ones, that is, the top ten inner disciples, are all strong in the Peeping Dao Realm.

The others basically all exist in the Wanshou Realm. Occasionally, there are a few who are half-stepping into the Dao Realm, but they are also silent and do not want to deal with other people.

Chu Zixuan saw Wang Changming walking towards this side, and immediately whispered to Ye Feng: "Junior Brother Ye, this is Senior Brother Wang Changming who ranks sixth among the top ten disciples of our inner sect. He is a strong man in the Dao Peeping Realm. Ranked among the nine major super

The second secret realm of the super secret realm, you should not conflict with him. "

Ye Feng nodded slightly. He felt an unfathomable feeling on the young man in white who came from not far away. For the time being, he could not match it unless he summoned the future body of Dzogchen.

At this time, Ye Feng stood up, looked at Wang Changming, and said, "Senior Brother Wang, don't you know why you are here?"

"presumptuous!"

"Why don't you bow down and salute when you see Senior Brother Wang Changming?"

At this moment, several inner disciples following Wang Changming saw Ye Feng standing there and did not bow their hands in salute, and immediately scolded him.

"Don't be rude to Junior Brother Ye Feng!"

But at this time, Wang Changming suddenly scolded several inner disciples beside him, then looked at Ye Feng and said with a smile: "Junior brother Ye Feng, don't worry about the lax discipline."

Ye Feng smiled and said: "What is the purpose of Senior Brother Wang Changming? Tell me directly. I am a direct person and don't like to beat around the bush." ??

Wang Changming laughed and said: "Okay, since Junior Brother Ye Feng is a quick talker, I will tell you directly. This time I came to Junior Brother Ye Feng to discuss a cooperation."

Ye Feng's eyes moved and he said, "Oh? Cooperation? What do you mean?"

Wang Changming said: "I would like to invite Junior Brother Ye Feng to join my team and search for a secret treasure with us. That secret treasure was told to me by one of my elders. It is hidden somewhere on the planet of beasts. It is a treasure. Once If you get it, our cultivation will be greatly improved."

At this time, Wang Changming was speaking, his tone full of passion.

Obviously, that secret treasure that even a strong man like him coveted must be a very precious treasure.

But Ye Feng

Shi's eyes flashed slightly and he said: "Senior Brother Wang Changming is so powerful, and there are many strong people following him, why do you invite me, a new and unknown disciple?"

Wang Changming immediately smiled and said: "Junior Brother Ye Feng is too humble. Just now, Junior Brother Ye Feng blasted away Nie Yun with one move. It can be seen that Junior Brother Ye Feng's powerful combat power is probably comparable to that of a Half-Step Peeping Dao Realm." Strong man, my secret treasure this time is very precious, so I don't dare to invite other top ten inner disciples, because they are too strong, I'm afraid that I won't be able to suppress them in the end, and they will benefit from it. , and Junior Brother Ye Feng's combat power is slightly worse than mine, but he can help me a lot, so the best candidate I invite is a disciple at the Half-step Peeping Dao Realm level."

Ye Feng nodded slightly and said: "But when we entered the beast planet through the interstellar teleportation array, we randomly appeared in various places on the ancient planet of life, so I'm afraid we won't be able to cooperate."

Wang Changming smiled and said, "Our identity tokens can sense each other's breath positions."

Having said this, Wang Changming took out a jade talisman from the storage spirit ring and handed it to Ye Feng, saying: "Junior Brother Ye Feng, this is a very rare Wanli sensing talisman. Take it. When the time comes, As long as we are within thousands of miles, we can sense our respective locations and identities."

Ye Feng was silent for a moment, accepted the Wanli induction talisman, and said: "Since Senior Brother Wang strongly invited me, and I also have some interest in the secret treasure, if we can encounter it, I will join you to search for it. That secret treasure."

When Wang Changming saw Ye Feng's agreement, he was very happy and said quickly: "With Junior Brother Ye Feng joining us, I have 100% confidence that I can get the secret treasure. As for what the secret treasure is, let me first Don't worry, Junior Brother Ye Feng will definitely be surprised when we see him, and he will be very happy to join my team."

Chapter 912 Three-Headed Snake

After negotiating the cooperation, Wang Changming and his people left directly.

On the spot, Chu Zixuan said to Ye Feng with a hint of vigilance in her eyes: "Junior brother Ye, this Wang Changming is very mysterious. Although he ranks sixth among the top ten inner disciples, he is the most mysterious among the top ten disciples. That one, you must be careful when working with him."

Ye Feng nodded slightly and said: "I know this, senior sister, don't worry, I also have a lot of tricks hidden in me, I won't be tricked so easily."

When Chu Zixuan heard what Ye Feng said, she couldn't help but immediately showed a moving smile and said: "Yes, even I am amazed by Junior Brother Ye's methods. Maybe even the top ten disciples among the inner sect, I am afraid that If you want to frame Junior Brother Ye, you must carefully consider whether you have the qualifications."

...

In the next three days, hundreds of inner disciples of the Sword God Tiangong were recuperating in this dark mountain range.

"Buzz!"

And in the early morning of the fourth day, it was dark.

Suddenly, deep in the dark mountains, a beam of light penetrated the sky.

Everyone was alarmed and woke up from their cultivation state.

"The interstellar teleportation array has been activated!"

"Let's go in quickly. The earlier we enter the planet of beasts, the more evil beasts we will hunt."

"Hurry up!"

At this time, many inner disciples recuperating in the entire mountain range were flying towards the deep mountain area.

Ye Feng and Chu Zixuan also flew in that direction, stepping directly into the interstellar teleportation array that exuded endless divine light.

...

Buzz!

Accompanied by a burst of spinning.

Ye Feng's vision changed from darkness to clarity.

At this time, he had passed through the interstellar teleportation array and arrived on the planet of beasts.

Although it is an ancient star of life, it is a spherical star.

But Ye Feng looked at the horizon at this time and saw that the earth was flat without any bends.

It can be seen that the surface area of this planet is very large and boundless.

When Ye Feng landed on an alien planet for the first time, he felt a huge gravity acting on him, making flying a little difficult.

However, Ye Feng's physique was strong, so it didn't have much impact.

At this time, he looked around and found that he was standing on a huge blood-red grassland.

The wild grasses, trees, and even flowers growing on this large grassland were all red, and the sky was dim and very strange.

"Boom!"

Suddenly at this moment, accompanied by a violent roar, a huge gap opened in the middle of the huge grassland.

From the bottomless gap, a strange monster covered in blood-red scales suddenly crawled out. It actually had three heads and a body like a big snake. It looked very visually impactful.

"This is the three-headed snake of the Vampire Clan. Its body is filled with the blood of the Vampire Clan in the demon world. This planet of beasts was probably a planetary prison where they were exiled back then." The gluttonous evil spirit suddenly spoke in his mind.

This one of the ten evil spirits from the prehistoric era is very ancient, has survived for endless years, and has experienced extraordinary things.

"This entire planet of beasts is a planetary prison?"

Ye Feng couldn't help but his eyes were slightly startled as he listened to Taotie's voice in his mind.

Using a vast planet as a prison,

It is really shocking to use it to exile ancient creatures who committed huge crimes.

"Roar!!"

At this time, a huge evil beast crawled out from the big crack in the plain not far away, a three-headed vampire snake covered with scales, roaring and roaring, obviously seeing Ye Feng not far away.

This human creature that suddenly appeared on the planet of beasts made the three-headed snake of the blood race feel a different breath of life. That breath of life was very pure and majestic, making the three-headed snake of the blood race full of desire to devour it. strong desire.

"boom!"

The several thousand meter huge snake body, like a bloody mountain range, suddenly burst out of the large crack in the ground. Three huge heads roared, revealing countless dense silver teeth growing in the three vicious mouths.

Each of these silver sharp teeth is dozens of meters long and seems to be made of pure silver. It glows with black light and is obviously full of poison and extremely ferocious.

This is an evil beast that is comparable to the Dzogchen Longevity Realm, and it is also a vampire, which makes people feel very scary.

But at this time, Ye Feng did not dodge at all, and directly used the huge skill in his body to rush over in an instant, shouting: "The Great Seal of Mountains and Rivers!"

Boom! !

Countless and continuous visions of Dayue mountains and rivers, full of endless majesty and heaviness, were all pushed forward crazily by Ye Feng, just like pushing a hundred thousand mountains.

"Boom!!"

A terrifying roar sounded, and the ear-piercing sonic boom echoed for tens of thousands of miles.

Ye Feng seemed to have transformed into a mountain, and collided with the three-headed three-headed snake that was several kilometers tall. The entire bloody prairie was torn apart, the ground was shaking, and the scene was very terrifying.

"howl!"

The three-headed snake of the Vampire Tribe is very powerful, but no matter how powerful it is, it is a creature in the Longevity Realm after all, and it can no longer resist Ye Feng who has entered the Longevity Realm.

At this time, under the bombardment of Ye Feng's Mountain and River Seal, the whole three-headed snake of the vampire clan was directly exploded with a head, exploding into a bloody mist.

"Crack!"

An evil beast core the size of a human head, emitting a dazzling bloody light, suddenly fell from the exploding head.

"Roar!!"

The remaining two ferocious heads of this three-headed vampire snake suddenly opened their bloody mouths, and two groups of bloody light condensed out of them. They exploded instantly, and the two bloody beams were filled with waves of death and destruction. , directly penetrated the void and bombarded Ye Feng.

"Uh-huh!"

But Ye Feng was extremely fast and flashed far away in an instant, avoiding the bombardment of the bloody beam.

"Boom!!"

The attack of two bloody beams of light hit the ground, directly blowing up half of the entire grassland. The rubble was rolling, and the sky was dark and the ground was dark, which was terrifying.

However, Ye Feng is very flexible, and although the three-headed vampire snake is fierce, it cannot attack Ye Feng.

"Sword-cutting technique!"

Ye Feng's storage ring flashed on his fingertips, and two weapons appeared in his hands, a sword and a knife.

Although the swords were very ordinary swords, at this moment Ye Feng performed the sixth-grade true spirit-level martial arts "Sword Cutting Heaven Technique".

"boom!"

A flash of divine light from the sword pierced the sky, tearing apart the infinite darkness in an instant.

"Pfft!"

The three-headed snake of the Vampire Tribe didn't even have time to scream. Its entire body was cut into countless pieces and fell instantly!

Chapter 913 Chase

Uh-huh!

Ye Feng fell from a high altitude at this time, reached out and grabbed the three evil beast cores that the three-headed vampire snake had dropped on the ground.

At this time, these three cores were all blood-colored, emitting bright divine light, and looked extremely magical.

"What a majestic energy. The power contained in each evil beast's core is definitely worth the best elixir."

Ye Feng's heart moved slightly, and a swallowing vortex appeared in his palm, swallowing up all three bloody cores that exuded divine light.

"boom!"

Suddenly three majestic blood energy rushed into Ye Feng's body, instantly giving Ye Feng's magic power a huge improvement.

However, it did not allow Ye Feng to break through to a higher level, but Ye Feng could feel that his cultivation level at the Dacheng Longevity Realm had increased significantly, and he might be about to transform into the Dzogchen Longevity Realm.

"There are countless ancient evil beasts on this planet of beasts. For other people, they can only hunt the evil beasts and harvest the cores, but for me, I can swallow the life essence of the evil beasts and the essence energy in the cores. I can also swallow it and integrate it into my body, making my magic power more pure and powerful."

Ye Feng murmured and flew away into the distance.

With his current powerful cultivation level, Ye Feng does not need to collect cores yet. He first kills some ancient evil beasts on the Beast Planet, absorbs energy, and accumulates a breakthrough cultivation level.

As for the assessment requirements for core disciples, the core of 10,000 Longevity Realm evil beasts is not too difficult for Ye Feng.

At this time, while Ye Feng was looking for evil beasts on the road, he took out the Wanli induction talisman that Wang Changming, one of the top ten disciples of the inner sect, had given to him to see if he could sense this senior brother and search for some very precious secret treasure.

In the next half month, Ye Feng didn't meet anyone at all, no matter who was from Sword God Tiangong.

He has not met any of the inner disciples or the powerful people that his senior sister Chu Zixuan said might appear in the Xuezhou capital.

Within half a month, Ye Feng killed thousands of powerful Wanshou realm evil beasts, and also assassinated an elementary level Peeping Tao realm evil beast.

Under the accumulation of powerful energy from so many evil beasts, Ye Feng's cultivation successfully surpassed Dacheng and entered the Dzogchen Longevity Realm!

On this day, Ye Feng was hunting an abyssal scorpion from the abyss interface in an extremely dark canyon.

"Boom!"

Following Ye Feng's fist strike, the Abyss Scorpion's head was shattered and it fell to the ground dead.

Ye Feng skillfully took out the core, and then swallowed up all the blood energy and skill essence of the Abyss Scorpion.

"We are not far away from the level of mana cultivation in the Dao Peeping Realm..."

Ye Feng murmured and prepared to go to the next location based on the detection of soul power.

"Boom!"

But suddenly at this moment, a series of roaring sounds suddenly came from the distance.

Ye Feng instantly jumped up into the sky.

He looked towards the direction from which the sound came, and immediately saw a large group of evil beasts, numbering in the thousands, actually chasing and trampling a group of inner disciples wearing the costumes of the Sword God Tiangong.

"Is it the king of evil beasts here who is commanding the thousands of evil beasts?"

Ye Feng was shocked.

Thousands of evil beasts acting together would definitely not be easy.

Book

Ye Feng came here and wanted to leave directly. After all, those inner disciples didn't know him, so there was no need to take risks for them.

But at this time, Ye Feng suddenly had a bold idea in his mind.

Those thousands of evil beasts are all gathered together at this time. If they are all killed and swallowed at once, the huge energy may allow one to transcend the Wanshou Realm in an instant, step into the second secret realm, and peek into the Tao Realm. !

As soon as he thought of this, Ye Feng immediately flew away in that direction.

At this time, on the ground in that direction, dozens of inner disciples of the Sword God Tiangong all looked extremely frightened.

Although there are several among them who are half-stepping Dao Realm experts, facing the pursuit of thousands of evil beasts, they are still not enough to withstand this ferocious frenzy.

At this time, everyone was screaming in fear.

"Hurry up and find the ten inner disciples of our sect for help. Only they can save us from the beast tide."

"The senior disciples of the top ten disciples of the inner sect don't even know where they are. The area of this ancient life star is so vast that even if our identity tokens can sense the other party's position, we can't reach it in a short time. "

"We'd better find a way to get rid of these thousands of evil beasts quickly. I find that the power in my body is almost exhausted. If we can't get rid of them anymore, we will all be trampled to death!"

At this time, the dozens of inner disciples who were being chased all looked extremely ugly.

When they were transported to the planet of beasts through the interstellar teleportation array, they had not yet experienced how many evil beasts they had hunted when they were suddenly surrounded by a group of dozens of evil beasts.

Then those evil beasts gathered more and more, eventually forming thousands of them, and they hunted them down, like

It's like there's someone behind the scenes controlling these thousands of evil beasts.

"ah!"

Suddenly an inner disciple screamed, and it turned out that he was crushed to pieces by a chasing evil beast with a huge claw, and he fell instantly.

"Senior Brother Wan!"

"Damn it!"

"Anyway, we'll all die! The worst we can do is fight with these evil beasts!"

At this time, a group of inner disciples of the Sword God Tiangong all spoke out one after another, their tone full of anger.

"Brothers and sisters, please don't run away. I'll help you kill all these evil beasts!"

Suddenly at this moment, a clear young boy's voice suddenly sounded high in the sky.

"boom!"

And almost at the moment when the voice fell, a big blue dragon hand suddenly fell down, like a majestic ancient mountain, bombarding it instantly.

"Boom!"

"Boom!"

The whole earth suddenly shook violently, making a huge roar.

That big blue dragon hand was so majestic, with tens of millions of power, hundreds of evil beasts were smashed to pieces in an instant, killing them instantly.

"What?"

"Several hundred thousand-year-old evil beasts just died like this?"

"What about the Big Blue Dragon Hand? Isn't it the inherited martial arts of our Sword God Tiangong, the Big Blue Dragon Hand?"

"Yes, many senior brothers know this set of martial arts, but none of them can unleash such terrifying power?"

"Who saved us?"

At this moment, all the inner disciples of the Sword God Tiangong who were fleeing had horror and shock in their eyes.

Chapter 914 Catch them all in one fell swoop

And just when everyone was horrified, a young figure in black clothes descended from the sky and stood in the middle of the corpses of hundreds of evil beasts that had just been smashed to pieces by a blue dragon's big hand.

What was surprising at this time was that the remaining more than a thousand evil beasts suddenly stopped. Looking at the figure of the young man in black, they were all too frightened to move forward.

"Amazing!"

Dozens of inner sect disciples looked at that figure one after another, and found that it was a little strange, and it was not the top ten disciples of the inner sect.

The figure of the young man in black is naturally Ye Feng who came from a distance.

At this time, he swallowed up all the blood and energy from the hundreds of evil beasts that he had just killed, and suddenly felt that his body was filled with majestic power.

"What a huge amount of energy!"

Ye Feng's eyes suddenly glowed brightly with blood.

At this time, Ye Feng's eyes suddenly became extremely eager and fiery, and he instantly stared at the remaining more than a thousand evil beasts not far away.

If you swallow them all, how strong will your power be?

"Senior brother, may I ask what your name is?"

At this time, dozens of inner disciples not far away asked.

"My name is Ye Feng. The most important thing for you right now is not to chat, but to kill all these more than a thousand evil beasts!"

The moment Ye Feng finished speaking, he jumped directly and rushed towards the remaining more than a thousand evil beasts.

He yelled not far away: "Everyone, please give me a helping hand to kill all the remaining evil beasts. You will share these cores equally. What I want is the bodies of these evil beasts."

Locking Heaven Spirit Pattern!

At this moment, Ye Feng took out a huge spiritual pattern pen and slashed directly at the more than a thousand evil beasts below.

boom!

Immediately, threads of radiant light appeared in the void, all extending out, locking up the space around more than a thousand evil beasts.

Like a prison in heaven and earth

Prison, imprisoned instantly.

"Roar!"

"Roar!!"

The evil beast made a terrifying neighing sound, as if it sensed the danger.

They ran wildly, but they were unable to break into the sky-locking prison.

"The way of spiritual patterns!"

"This senior brother also knows the way of spiritual patterns!"

"so amazing!"

At this time, the dozens of inner disciples no longer hesitated, and instantly drew out their swords, rushed towards the more than a thousand evil beasts, and began to kill them one after another.

"The Great Seal of Mountains and Rivers!"

"Sword-cutting technique!"

At this moment, Ye Feng also went crazy, and all his martial arts moves were poured out crazily.

Boom!

Boom! !

The terrifying energy, like a raging wave of flames, was full of destruction and killing, attacking all the evil beasts.

"howl!"

"howl!"

Accompanied by a series of shrill howls, the evil beasts suddenly fell one after another, and their huge bodies fell to the ground.

Occasionally, many evil beasts broke out of the prison of Locking Heaven Spirit Pattern, and were killed by dozens of other inner disciples.

In less than half an hour, more than a thousand evil beasts fell into a pool of blood, all dead!

"We actually succeeded?"

"Finally, these hateful beasts have been killed!"

At this moment, all the inner disciples of the Sword God Tiangong laughed out loud.

But they all know that most of the credit goes to that young man in black with incredible combat power. It seems that

It's called Ye Feng.

"Thank you so much this time, Senior Brother Ye Feng!"

Dozens of inner disciples, regardless of gender or age, all walked up to Ye Feng at this time, clasped their fists and said solemnly and gratefully.

Although Ye Feng looks like he should be younger than them.

But in the martial arts world, especially in sects like Sword God Tiangong, strength is the most important thing.

Whoever has strong cultivation is the senior brother and sister.

Therefore, Ye Feng was unanimously called "Senior Brother" by everyone.

Ye Feng smiled and said at this moment: "No problem, I just want to hunt these more than a thousand evil beasts to help me practice a technique. You can just take the core contained in the bodies of these evil beasts. You have done a lot to kill the evil beast just now."

An inner disciple immediately clasped his fists and said: "Senior Brother Ye Feng has a broad mind, I admire him, but almost all of these more than a thousand evil beasts were killed by Senior Brother Ye Feng, and if Senior Brother Ye Feng didn't show up, he wouldn't have been killed." If we take action, I am afraid that dozens of us will have died under the iron hooves of these evil beasts, so we absolutely cannot take away the cores of these evil beasts. Instead, we have to thank Senior Brother Ye Feng for his life-saving grace."

Ye Feng glanced at this inner disciple in surprise, but he didn't expect that this person had a good mind.

Ye Feng nodded slightly, walked towards the area where more than a thousand evil beasts were killed, and said: "You can do whatever you want, I'm going to practice."

Uh-huh!

After the words fell, Ye Feng jumped up and arrived at the center of the area where the group had just fought and killed.

He sat cross-legged directly, and then used the Divine Art of Creation.

boom! boom! boom!

Suddenly, vortexes of darkness appeared all around Ye Feng, forming a huge devouring field, generating huge devouring power and swallowing up the bodies, blood energy, and demonic energy of more than a thousand dead beasts around him. , all started to devour quickly, and then

Refined into his own body.

"Boom boom boom..."

At this moment, Ye Feng suddenly felt a surge of majestic energy, rushing into his body, and then began to fuse with his limbs, and the power in his dantian was also growing.

Three whole days and three nights.

Ye Feng always sits cross-legged here.

Finally, late at night on the third day.

"boom!"

A terrifying aura suddenly emerged from Ye Feng's body and spread to the entire surrounding wasteland, causing the earth to crack.

At this time, the huge bodies of more than a thousand evil beasts beside Ye Feng had shrunk, and they had all lost their vitality and luster.

At this time, Ye Feng's cultivation momentum exploded, and he finally transformed from the Longevity Realm and entered the Elementary Peeping Dao Realm!

"Peeping into the Dao Realm! You can start to spy on the Great Dao of Heaven and Earth!"

At this moment, Ye Feng could feel that his perception had become extremely terrifying.

He could even feel that the seemingly bland air contained a variety of energy with different attributes from heaven and earth, which he could extract at any time.

At this time, Ye Feng opened his eyes, and he saw a group of dozens of inner disciples not far away, who were also practicing in the distance, but they were all vigilant, obviously protecting themselves.

"These people do have good intentions. It seems that there are not only intriguers in the sect, but also some benevolent and righteous people!"

Ye Feng thought to himself and walked not far away. He was ready to ask why these thousands of evil beasts gathered together to hunt down these dozens of inner disciples. There must be a reason.

It turned out that Ye Feng's guess was that there was a "king" among these evil beasts, leading them to hunt down the human race.

But Ye Feng did not see any powerful king of evil beasts during the killing just now. They were all evil beasts in the Wanshou realm.

Chapter 915 The Boy in Beast Robe

"Greetings to Senior Brother Ye Feng!"

"Congratulations to Senior Brother Ye Feng for his great achievement in martial arts. He has entered the realm of Peeping the Dao and has taken another big step forward in his journey to immortality."

At this time, many inner disciples saw Ye Feng coming and spoke respectfully.

Ye Feng was already very powerful, and his combat power was unparalleled.

Now that he has broken through to the elementary level of Dao Peeping, he is already on par with the top ten disciples of the inner sect.

At this time, Ye Feng smiled and said: "I didn't expect that you are still around to protect me. You are so polite."

A female disciple immediately smiled brightly and said: "Senior Brother Ye Feng is too polite. Senior Brother Ye Feng saved us from a life and death crisis. We spent three days practicing Dharma protection for Senior Brother Ye Feng. It is nothing at all."

Ye Feng looked at the dozens of people in front of him and asked: "How did you get into trouble with such a group of thousands of evil beasts? I was on the planet of beasts and saw that basically all the evil beasts lived alone. , in ancient legends, this planet of beasts is a prison of exile, so these evil beasts will not form an alliance at all. "

At this time, all the inner disciples looked puzzled and said one after another: "Senior Brother Ye Feng, actually we don't know what's going on. When we were teleported to the planet of beasts through the interstellar teleportation array, For some reason, the evil beasts around us began to gather and hunt us."

Ye Feng's eyes flashed slightly, and it seemed that these people didn't know why.

He nodded, walked towards the distance, and soon disappeared into the distance.

...

After one day and one night.

Ye Feng was running on a prairie, with tens of thousands of evil beasts chasing him behind him.

"On the Planet of Beasts, an ancient planet of life, there are definitely strong men who have mastered the way to control beasts. They were exiled to this planet. They secretly control these evil beasts, hunt down the humans who have entered the Planet of Beasts to gain experience, and rob wealth. "

\u003c

br\u003e Ye Feng was running while thinking secretly in his heart.

Ye Feng has been wandering around everywhere these days, and he has seen many people being chased by groups of evil beasts.

Even not only the inner disciples of the Sword God Tiangong, Ye Feng also accidentally met some young geniuses from the Qiren Mansion in Xuezhou Prefecture, and they were all being chased by groups of evil beasts that gathered together.

Finally on this day, Ye Feng escaped into a valley. The natural narrow passage into the valley blocked the tens of thousands of evil beasts outside, allowing Ye Feng to take a breather.

At this time, Ye Feng was standing in the canyon, trying to find a direction to escape. But at this moment, at the narrow entrance of the canyon, a young man wearing an animal robe slowly walked towards him. He looked mysterious. The whole body exuded a kind of wildness.

Ye Feng stared at the young man in the beast robe who was walking alone and slowly, and couldn't help but murmured: "The person who came here is not good."

At this moment, Taotie suddenly said in his mind: "You are the one who came."

Ye Feng was stunned for a moment, then smiled dumbly and said, "Yes, for the 'aboriginals' on the planet of beasts, I am the one here."

At this time, Ye Feng stared at the beast-robed boy with a hint of vigilance in his eyes, and said, "Who are you? During this time, the evil beasts from many places on the beast planet gathered together to hunt us down. Isn't it all your work?" "

The young man in the beast robe had a very cold face and said: "You have come and killed the many pet beasts that I have worked so hard to raise. Naturally, I will kill you all!"

Although this young man in animal robes looks like a young man, the voice he makes is a very hoarse old man's voice, like the hiss of metal rubbing against iron and stone.

The mute voice is extremely harsh.

Obviously, this is an old monster that has existed on the planet of beasts since ancient times, and is a mysterious beast master.

At this moment, the young man in the beast robe stared at Ye Feng with a hint of coldness in his eyes, and said: "My true body did not come today, otherwise you must die, but even if my true body does not come, I will still give it to you. Give this human boy a hard lesson!"

boom!

Almost at this moment, the boy in the beast robe roared loudly, like a terrifying ancient evil beast that had been buried in the darkness deep in the earth for countless years awakened and roared.

"ah!!"

When Ye Feng heard the sound, he immediately felt that his brain had been pierced by knives. Blood was flowing from his nose, eyes, mouth, ears, etc., and he suffered tremendous pain.

If Ye Feng's soul and spirit weren't extremely powerful, he might have gone crazy and suffered a mental breakdown just now.

At this moment, when the boy in the beast robe not far away saw Ye Feng being so miserable, he sneered and the figure slowly dissipated. It was indeed just a spiritual clone.

Ye Feng wiped away the blood flowing out of his seven orifices at this time, his eyes were extremely shocked. It seemed that he had killed thousands of evil beasts before, which attracted the attention of this old monster.

"This must be a beast master with extremely terrifying cultivation. I am afraid that his mental power is even stronger than that of Li Qingshan, the number one painter in Selangor Prefecture who was in the ancient city of Border Pass."

Ye Feng secretly thought, hiding in this valley for a while, and began to restore his cultivation and spirit.

...

Early the next morning, Ye Feng walked out of a small cave in the valley and prepared to go to the entrance of the valley to see if he could escape from the siege of tens of thousands of evil beasts.

But just when Ye Feng lurked in the valley

The moment of entrance.

When he saw the scene in front of him, his mouth suddenly opened wide.

"this....."

At this time, Ye Feng's eyes were deeply shocked.

On the ground outside the valley, tens of thousands of evil beasts were all dead and fell to the ground, as if crushed to pieces by some terrifying and strange force.

"That is?"

What shocked Ye Feng the most was that at the very front of the valley, a corpse was hanging from a dry old locust tree. His chest was pierced by some terrifying force, and he could no longer die.

This corpse turned out to be the young man in animal robes who had incarnated his spiritual thoughts in front of Ye Feng yesterday and roared to the point where Ye Feng was bleeding from all his orifices.

Ye Feng knew that this was an old monster with unparalleled cultivation. He was an indigenous villain on the planet of beasts and was very powerful.

But now, this boy in the beast robe died bizarrely before his eyes, hanging on the old locust tree at the entrance of the valley. His death was extremely miserable. Moreover, this was his true body, and his life force had all drained away.

call!

The cold wind blew by, and Ye Feng felt a chill.

This planet of beasts is so weird.

However, the mysterious deaths of tens of thousands of evil beasts and young men in beast robes made Ye Feng feel that a pair of powerful hands behind the scenes seemed to be helping him.

But why does the master behind the scenes want to help him?

I have never been to this planet of beasts, how could I have such forbidden powerful people help me?

Ye Feng couldn't figure it out.

He quickly left this strange and dangerous place. The tens of thousands of evil beasts and the boy in the beast robe died, and even the life energy disappeared overnight. Only the skeletons were left. It was really chilling to the bottom of the heart. .

...

Chapter 916 Mysterious Existence

Ye Feng never thought that he would survive such a disaster invisibly.

Moreover, the old beast master monster native to the Ten Thousand Beasts Planet that almost caused him to have a mental breakdown also died mysteriously, and his body was hung on the old locust tree outside the valley.

Swish, swish, swish!

Ye Feng was very fast. He ran out of the valley and ran towards the distance.

A great fear enveloped Ye Feng's heart, making him feel chilled all over.

At this time, Ye Feng suddenly felt a violent spatial fluctuation, which instantly appeared above his head.

"That is....." ??

At this time, Ye Feng looked up high in the sky, and suddenly saw that the sky and the earth had collapsed. A big hand in the void covering hundreds of millions of miles suddenly appeared and grabbed Ye Feng.

At this moment, Ye Feng only felt that his whole body was imprisoned, and even the sun and moon fighting body could not exert any power.

Under this big hand of the void, he was like a helpless mortal, weak and powerless, and was instantly swallowed up by the endless turbulence of the void...

...

It took half an hour for Ye Feng to regain his composure.

He looked around at this moment and found that he was standing on the edge of a vast expanse of lava.

Surrounded by endless black rocks, the top of the head is also filled with darkness and silence.

"Where am I? This seems to be a very deep underground space?"

Ye Feng couldn't help but murmur.

"That's right, where you are now is in the core of the planet of beasts. This is the core area now."

Suddenly, a vicissitudes of time and ancient man's voice sounded.

Buzz!

At this moment, a tall middle-aged man, wearing a dark golden robe, sat on a tall seat made of rock and came out.

Now in front of Ye Feng.

"Am I now in the core of the planet of beasts?"

Ye Feng's eyes were shocked. In just half an hour, he was absorbed into the middle core of the planet of beasts?

What kind of terrifying cultivation level does the middle-aged man in dark golden robe sitting on the rock seat in front of him possess?

Ye Feng was secretly surprised in his heart, but on the surface he was still calm. Looking at the current situation, it seemed that this mysterious and terrifying existence in front of him had no ill intentions towards him.

After a moment of silence, Ye Feng decided to ask about the situation.

He took a step forward, clasped his fists slightly, and said, "Senior, were those tens of thousands of evil beasts and the powerful beast master killed by senior?"

The middle-aged man in a dark golden robe nodded at this time. His eyes were like two abyss with no bottom. He stared at Ye Feng and smiled and said: "Are you curious, why should I?" help you?"

Ye Feng nodded truthfully and said, "I am indeed curious."

The middle-aged man said: "I don't want to tell you this reason for the time being, as it may affect the cultivation process you need."

Ye Feng said: "Then why did senior take me here?"

The dark-gold middle-aged man said: "I just want to see you in person."

Ye Feng looked around and said, "Senior is being imprisoned here?"

The dark-gold middle-aged man nodded and said: "The entire planet of beasts was originally a prison to trap me. However, if I want to leave, no one can stop me."

When Ye Feng heard this, he couldn't help but take a breath of air.

An entire ancient star of life, a vast planet, was actually designed to trap this one in front of us.

A mysterious middle-aged man with dark gold.

Ye Feng secretly used the Divine Eye of Creation, and even inspired some of the power of the soul gems in his mind, blessing it with the Divine Eye of Creation, but he still couldn't see through the dark gold middle-aged man in front of him.

It was like looking into a bottomless abyss, endless.

Ye Feng couldn't help but ask: "Senior and I don't know each other, why does senior want to see me?"

When the dark-gold middle-aged man heard this, he immediately smiled and said, "Your father and I know each other."

Wow!

Almost at the moment when the dark-gold middle-aged man finished speaking, Ye Feng, who was originally calm, could no longer hold back, and a storm suddenly arose in his heart.

Seeing Ye Feng's sudden change of expression, the dark-gold middle-aged man just smiled slightly and said: "Don't be nervous, the source of power of the Divine Art of Creation in you fluctuates on

the land of the spirit world, including some affiliated ones around the spirit world. Apart from me, there is probably only one Tongtian Divine Emperor Gu Tongtian left who can sense the small interface or the ancient star of life.”

Ye Feng let out a sigh of relief. In this way, the infinitely powerful dark gold middle-aged man in front of him was not an enemy.

At this time, this mysterious being stared at Ye Feng, seeming a little surprised, and couldn't help but said: "It seems that the golden elixir that your father Ye Qingdi found from the sky was indeed a heaven-defying elixir, and it could actually make people... The remnant soul of a weak crown prince like you has been floating in the long river of time for three thousand years without dissipating, but has been reborn. It is really incredible." .??.

Golden elixir?

Ye Feng's eyes moved.

It seems that the mysterious being in front of me doesn't know that the golden elixir is actually a gem of the gods.

But it's normal to think about it.

After all, the gems of the gods are the most mysterious things in the world.

\u003e

Even if someone like the extremely powerful dark-gold middle-aged man in front of him has a vast cultivation base, he would not be able to recognize that the golden elixir in his brain is the gem of the gods if he does not investigate deeply.

Taotie was able to recognize it at a glance because Ye Feng himself revealed the supreme power of the gems of the gods. Moreover, Taotie was the legendary center of the heavens and worlds, standing in the dimensional space of myths and legends, on the ancient continent. One of the ten evil spirits in ancient times.

The existence of Taotie is probably longer than the birth of the great interface of the spiritual world.

At this time, Ye Feng naturally did not show any abnormality, but nodded slightly and said: "That golden magic pill does have strange abilities. By the way, senior, what I want to know most now is, is my father still alive?"

The dark gold middle-aged man smiled and said: "He is still alive, but even I can't save him. Gu Tongtian didn't know where he got his great luck, and he actually got the legendary first artifact in the world, the Gate of Eternal Life. This He is the king of artifacts. I don't know how powerful he is in his current cultivation realm. Not to mention the spirit world, even many big figures in the dragon world, the demon world, the ancient demon world, the undead world, the fairy world, etc. are all against him. Gu Tongtian is very afraid."

Ye Feng's eyes suddenly darkened: "So powerful?"

However, Ye Feng was relieved in his heart. It would be great if his father was still alive. This was huge good news.

The dark-gold middle-aged man said: "Gu Tongtian's current cultivation strength is even stronger than that of your father. Of course, if your father is not imprisoned for three thousand years, he can continue to practice and understand the Divine Secret of Creation to a profound level. At this level, even if Gu Tongtian has the Gate of Eternal Life, he may not be able to defeat your father. After all, this Divine Secret of Creation was brought by your mother from that mysterious place..."

At this point, the dark-gold middle-aged man seemed to feel that he had touched some taboo. As powerful as he was, he immediately stopped talking and did not say any more.

Chapter 917 Chess Piece

Ye Feng wanted to hear this dark-gold middle-aged man continue talking, but he stopped talking and didn't say any more.

This made Ye Feng very anxious, but he couldn't ask any more questions.

But after all, I got good news. My father was not dead, but was imprisoned for three thousand years.

Moreover, the Divine Secret of Creation has a great origin, and it seems to be related to his mother who has not been seen since she was a child.

According to this dark-gold middle-aged man, after practicing the Divine Art of Creation to the end, even a God-Emperor-level existence cannot defeat the Gate of Eternal Life with the first divine weapon. How terrifying is this?

However, Ye Feng could only slowly search for these doubts in his heart. Ye Feng still didn't know what the dark gold middle-aged man in front of him had.

Ye Feng didn't believe that this dark-gold middle-aged man was a good friend of his father back then. If he was a good friend, his attitude towards him would not be so salty, but he would try his best to help him.

However, this dark-gold middle-aged man did not steal the "golden magic elixir" from his body, which is already considered very good. It shows that he is not a villain, but an upright person.

Even if they were not his father's good friends back then, they probably weren't his father's enemies. They might just know each other.

At this time, Ye Feng clasped his fists and said, "Up to now, I still don't know who your senior is? Who imprisoned your senior in this planet of beasts?"

The dark-gold middle-aged man smiled and said: "Others call me 'Red Devil Master', you can just call me Senior Red Devil. As for who imprisoned me on this planet of beasts? In fact, it's me. I have been imprisoned before." I said, if I want to leave, no one can stop me, not even Gu Tongtian. I stay here for other purposes. You don't need to know this for now. "

Ye Feng nodded slightly and said: "Anyway, thank you Senior Scarlet Mo for telling me that my father is still alive. By the way, does Senior Scarlet Mo know where my father is imprisoned now?"

"

The dark-gold middle-aged man said: "In the abyss at the bottom of the Jiuyou Heavenly Prison, the central capital of the Tongtian Divine Dynasty."

Ye Feng's heart was shocked.

The scene that I often dream about seems to be an endless dark abyss. In that nightmare, my father, Emperor Ye Qing, is locked up with countless iron chains, and his body is exhausted, as if he is dead, without any fluctuations in life.

Ye Feng nodded and said, "I understand."

The dark-gold middle-aged man seemed to have seen something, and reminded: "Even I dare not break into the divine capital of the Tongtian Divine Dynasty. You have gained great luck and will be reborn in these three thousand years. Don't do stupid things. If you have enough strength, , and then realize your ambition."

Ye Feng solemnly clasped his fists and said, "Thank you, Senior Red Devil, for reminding me. Don't worry, Senior. I always do things carefully and will not act impulsively."

"Um."

The dark-gold middle-aged man nodded and said: "Don't worry, your father Emperor Ye Qing's Divine Secret of Creation has reached the peak of the eighth heaven, and his body has evolved and transformed to the peak of the divine body. He is only one step away from immortality." The body of immortal chaos, so even if Gu Tongtian controls the door to eternal life, he cannot destroy your father. Unless Gu Tongtian can achieve the realm of dominance in the universe and all the worlds. However, that is simply impossible. Lord, Haha, it has long since disappeared in myths and legends, and even the prehistoric continent, the center of all the worlds, does not have a ruler. "

Having said this, the dark-gold middle-aged man, the Red Demon Lord, stretched out his hand to grab it, and a dark-gold token appeared in his hand. It had the word "Red Devil" on it, and the font was extremely ancient.

Ye Feng saw the Red Demon Lord handing this dark golden token to his eyes, and said with some confusion: "This token

yes? "

The Red Demon Lord smiled and said: "This token is my military talisman token. I will put it on you first. After you have achieved success in cultivation, if you are willing, I will give my one billion and eighty million demon army to you." you."

"What?!"

Ye Feng's expression suddenly changed.

"Buzz!"

But at this moment, the Red Demon Lord waved his hand, and the space around Ye Feng instantly shattered.

Uh-huh!

Ye Feng was instantly blown into the broken space by a strong void turbulence.

When Ye Feng woke up, he found that he once again appeared on the surface of the Beast Planet and returned to his previous place.

At this time, Ye Feng squeezed the dark gold token in his hand, which was engraved with the word "Red Devil".

If it weren't for the cold and hard touch of this token, Ye Feng would even feel that what just happened was a dream.

"The Red Demon Lord..."

Ye Feng murmured, put the token in his hand into the storage ring, and then quickly flew away into the distance.

I'm afraid no one can imagine that there is a super terrifying ancient strong man in the core of this huge ancient planet of life.

As for what the Red Demon Lord said in the end, giving him his one billion and eighty million demon army, Ye Feng was not only not happy, but also had a terrifying and heavy feeling in his heart.

I don't know whether this Great Red Demon is an enemy or a friend. His attitude toward his father, as he spoke, did not sound like a good friend, but just acquaintance.

And why he sent himself his one billion and eighty million demon army, probably because he wanted to be able to fight against Gu Tongtian in the future.

Why should he help himself?

And why

Lock yourself into the core of this huge beast planet?

Everything is a mystery.

But Ye Feng always had a feeling that he had become a pawn of this terrifying figure, the Red Devil.

Ye Feng does not want to be a chess piece. In his rebirth, in addition to his responsibility to revive the divine dynasty of creation, he also has a greater pursuit, which is to control his own destiny and pursue absolute freedom!

"No matter what, I still need to improve my strength as soon as possible. Only when my cultivation reaches a certain level can I be qualified to talk to these ancient big figures on an equal footing. No one can use me as a pawn!"

Ye Feng's eyes were sharper than ever before, and he flew towards the distance.

He was going to find Wang Changming, one of the top ten disciples of the inner sect, and carry out the cooperation he had agreed with Wang Changming before.

"I wonder what kind of secret treasure is it that can make the top ten disciples of the inner sect fall in love?"

Ye Feng murmured, and there was a trace of expectation in his heart.

According to the induction of the aura in the identity token of Sword God Tiangong, Ye Feng quickly locked on a direction and rushed towards that direction with rapid steps.

At the same time, Ye Feng also took out the Wanli induction talisman that senior brother Wang Changming had given him before, and was ready to communicate with Wang Changming at any time to determine the specific location.

Along the way, Ye Feng met any evil beasts and killed them directly. He quickly collected 10,000 cores, which was considered to have completed the basic requirements for this core disciple assessment.

"Buzz!"

And in the early morning of the next day, the Wanli induction talisman in Ye Feng's hand suddenly vibrated violently, and a voice came out of it. It was Wang Changming's voice: "Is it Junior Brother Ye Feng? Great! I have finally contacted you. ! I am located nine kilometers southeast of you. Come to me quickly, I am preparing to go to the place where the secret treasure is. "

Chapter 919 Female Demon

"boom!"

"boom!"

In the following time, several great masters from the inner sect of the Sword God Tiangong all became coolies. With soldiers in their hands, they began to frantically dig into the hillside that was as hard as divine iron.

As the layers of soil fell off, a black divine light emerged from the mud layer deep on the hillside.

"Huh? Is there any movement?"

Seeing the black divine light, several people's eyes suddenly lit up, and they increased the movements of their hands.

But at this time, Ye Feng saw something different.

He is not only a spirit pattern master, but also a soul master.

At this time, Ye Feng was able to see through some Feng Shui trends. He could observe a very dangerous sign from the depths of the hillside.

Ye Feng glanced at Wang Changming in the crowd and found that there was a trace of madness in Wang Changming's eyes.

Ye Feng remained calm and retreated slightly behind several people. Although he seemed to be digging, his whole body was ready and ready to explode with the strongest power at any time.

He always felt that even if the hillside that Wang Changming brought them to contained a secret treasure, it still contained huge evil potential.

"when!"

Suddenly at this moment, the sword in the hand of a female disciple seemed to have touched some hard metal, making a crisp roar.

At this time, the hillside suddenly shook, and the soil quickly fell off on its own, revealing a huge transparent crystal inside.

At this moment, inside this transparent crystal, there is sleeping an extremely beautiful and perfect woman, but she has a pair of huge black wings on her back and two small black horns on her head.

"What's this?"

Several powerful inner disciples of the Sword God Tiangong looked slightly startled at this time.

They stared at the beautiful woman who seemed to be from a foreign race sealed in the transparent crystal, with a trace of strangeness in their eyes.

A female disciple looked at Wang Changming beside her and said with some confusion: "Wang

Senior brother, didn't you say that there are extremely precious secret treasures buried in this hillside? Why is it from a foreign race..."

Poof!

Suddenly, a huge black bone spur burst out from the transparent crystal, piercing the chest of the female disciple who was speaking.

"ah!!"

This female disciple's pretty face suddenly revealed a look of extreme pain.

And along with her screams, her entire body shriveled up in an instant, as if her entire life essence had been sucked out.

"What?!"

Everyone who saw this scene looked shocked. They never expected that such a change would happen on the field.

"Senior Brother Wang!"

At this moment, everyone was looking at Wang Changming.

But they saw that Wang Changming was lying on the corner of the transparent crystal as if looking at his lover, with deep fascination in his eyes, staring at the black wings on his back and the first born in the transparent crystal. The perfect woman in Point Noire.

"Pfft!"

"Pfft!"

"Pfft!"

And at this moment, three more black bone spurs like divine spears suddenly stabbed out of the transparent crystal, piercing all three other inner disciples at once.

"ah!!"

"ah!!"

Accompanied by screams one after another, these three disciples all let out terrifying howls. Just like the first female disciple just now, their whole bodies shriveled up and their life was sucked out.

At this time, the perfect alien woman in the transparent crystal emitted bursts of intense black light, as well as surging demonic energy.

This is an ancient and powerful female demon!

He was originally exiled to this planet of beasts and sealed in this transparent crystal. For some reason, Wang Changming found out about it, and he did not hesitate to kill his fellow disciples in order to let this female demon absorb enough power and escape.

"Huh? One more to go!"

At this time, Wang Changming suddenly showed deep shock and anger in his eyes.

He saw that Ye Feng's figure was no longer standing next to the transparent crystal, but was standing far away, looking at him.

"Damn it!"

Wang Changming roared, and his whole body erupted with terrifying power and murderous intent, and he rushed directly towards Ye Feng.

But at this time, Ye Feng directly struck out with a big green dragon hand.

"Boom!!"

The terrifying forces collided with each other, and the surging killing energy spread across the wasteland, dyeing the entire sky into a dark color.

"Deng Deng Deng!"

As powerful as Wang Changming, he was knocked back several steps at this time. He even felt that his palm was about to split.

"What?"

Wang Changming's face suddenly became extremely shocked: "Junior Brother Ye Feng, you actually broke through and entered the Peeping Dao Realm?"

Ye Feng was standing high in the sky at this time, his eyes were cold, and he said: "You are willing to kill your fellow disciples for the sake of a foreign woman. You are not worthy of calling me junior brother."

When Wang Changming heard what Ye Feng said, his face suddenly showed a look of extreme pain and distortion. He even shouted like a mad roar: "I can't help it, I can't help it! I have dreamed of her countless times. , obsessed with her, crazy for her, I am willing to do anything to save her!"

"You have been obsessed with your mind! The demonic thoughts in your heart are controlled by this female demon sealed in the crystal!"

Ye Feng made a cold voice and shouted: "Let me tell you the truth, this whole

The Planet of Ten Thousand Beasts is a huge prison. All the creatures living on this planet have committed heinous crimes and have been exiled here or sealed here. Now you are here for a heinous female devil. You're killing your fellow disciples and then releasing this female demon so that she can continue to cause harm to the world. This is a great injustice! "

Wang Changming held his head in his hands, obviously in great pain. On the one hand, he felt a deep sense of guilt and guilt for everything he had done, but on the other hand, he was eager to release many of the things he had been obsessed with in the dream. This perfect female devil of the year.

This huge sense of contradiction drove Wang Changming almost crazy and his heart was about to collapse.

"Pfft!"

Suddenly at this moment, a huge black bone spur as hard as iron suddenly rushed out of the transparent crystal, piercing Wang Changming's back and directly into his chest.

"What?"

Wang Changming's face suddenly showed a look of deep horror.

He looked at the tip of the black bone spur that was exposed from the back to the front, and his own blood was still flowing. Wang Changming suddenly seemed to understand. He laughed miserably. The female devil had no feelings for him at all, she just He is just using him as a tool.

Wang Changming tilted his head and died immediately.

"Buzz!"

And almost at the next moment, the body of Wang Changming, a strong man in the Dao Peeping Realm, was sucked dry of life by the black bone spurs.

"this....."

Ye Feng stepped high in the sky, and when he saw this scene, his eyes suddenly darkened.

"Click, click..."

At this time, accompanied by a harsh shattering sound, the originally extremely solid transparent crystal surface was cracking into cracks.

Waves of extremely evil black energy, as if containing the greatest evil in the world, surged out from the cracks in the crystal.

Chapter 920 Devil's Claw

Ye Feng saw that the crystal underneath was rapidly cracking and shattering, and his expression suddenly became extremely ugly.

Although this female demon looked extremely beautiful and enchanting, Ye Feng knew very well that this must be an evil creature that had committed heinous crimes and was sealed on the planet of beasts.

But I didn't expect that today because of Wang Changming, he would be unblocked all of a sudden. It was really terrifying to escape.

Uh-huh!

Ye Feng didn't want to stay any longer. In an instant, his body moved, and the powerful magic power in his body exploded, turning into a stream of light and rushing towards the distance.

"boom!"

But suddenly at this moment, the crystal shattered not far away, and the beautiful devil with black wings on her back and two small black horns on her head walked out.

There was a trace of sarcasm in her eyes, and she stretched out a pair of white jade palms and grabbed Ye Feng directly.

"Boom!!"

Suddenly, a big black hand appeared high in the sky. It looked like it was made of steel. It was covered with dense black scales and shone with a cold metallic luster. It looked full of sharpness and hardness.

This was a pure devil's claw that suddenly appeared in the sky and grabbed directly at Ye Feng, containing terrifying impact and destructive power.

Boom!

The devil's claws, which were made of steel, suddenly bombarded Ye Feng's body.

"boom!"

Ye Feng suddenly felt like a huge mountain was attacking his body. It could crush the strongest body in the world into mud.

"ah!!"

Even though Ye Feng had a strong physique, he couldn't help but roar at this moment, and suddenly fell from the sky to the earth, smashing a large area of land, gravel rolling, and smoke filling the air.

"Pap, tap..."

Not far away, the devil's daughter, who was extremely perfect in appearance and posture, walked out of the broken crystal, with a terrifying black light surging in her beautiful eyes.

Wow!

Ye Feng climbed up from the ruins, feeling that his whole body was about to fall apart. The devil's claw was so powerful, too hard, and too heavy that the Sun and Moon War Body was about to crack and shatter.

At this time, he stared at the devil's daughter not far away with cold eyes and said, "Come out as soon as you come out. There is no enmity between you and me. Why do you want to attack me?"

The Goddess of Demons looked indifferent and said: "I am a demon and you are a human being. The blood on your body makes me obsessed with you. I have been trapped for too long and I am too hungry, so I want to eat you as food." Lose."

The great seal of mountains and rivers!

At this moment, Ye Feng directly displayed the Mountain and River Seal without any hesitation.

Buzz!

A vision of mountains and rivers suddenly appeared in front of him, full of endless majesty and vicissitudes, as if it contained huge and boundless power.

"kill!"

At this moment, Ye Feng roared. He was like an ancient giant, pushing the mountains and rivers, majestic and boundless, towards the devil's daughter in front of him.

"Your attack seems completely ridiculous to me."

A trace of disdain appeared on the beautiful cold face of the devil's daughter. She suddenly stretched out a plain white hand and pressed forward fiercely.

"Buzz!"

A large space in front suddenly collapsed, the void was shattered, and Ye Feng's mountains and rivers were directly crushed, and even the body of the devil's daughter could not get close.

.

"This is my real shot!"

Ye Feng suddenly appeared behind the Devil's Daughter, jumped into the void, and a sword appeared in his hand, directly displaying the Sorrow of the Gods.

"ah!"

Poof!

The devil's daughter howled miserably in an instant. Her head was pierced by Ye Feng, and waves of black energy and black light surged out from her broken head. It was like a balloon deflated, and her entire body quickly shriveled up. .

At this time, Ye Feng looked at the devil's daughter who shriveled up in front of him and died instantly, and then he suddenly realized.

It turns out that this devil's daughter is not as powerful as she thought. Her body is extremely fragile, but her long-range attacks are very powerful.

"Devil's Claw." .??.

At this time, Ye Feng saw that not far away, the devil's claw, which was no longer controlled by the devil's daughter, actually fell from a high altitude.

The devil's claw is not the devil's daughter's secret martial arts, but a very powerful weapon.

Ye Feng picked up the Devil's Claw, input some of his own mana into it, and tried to refine it.

"Buzz!"

A bright black light suddenly appeared on the surface of this devil's claw, and an extremely evil aura suddenly came out.

Boom!

The terrifying black light directly hit a large mountain not far away, causing the mountain to shatter immediately.

"What a terrifying power! This destructive power is probably far beyond that of the top imperial soldiers."

Ye Feng couldn't help but murmur, his eyes filled with wonder.

The Devil's Claw comes from an extremely mysterious devil's daughter. It is obviously a treasure from a foreign race. It is very powerful and extremely lethal.

At this time, Ye Feng put the devil's claw into his storage ring, and then flew away into the distance.

Although the search for this so-called "secret treasure" with Wang Changming this time was extremely dangerous, we did not encounter any big crisis after all.

Ye Feng secretly rejoiced in his heart. Fortunately, he kept a vigilant heart. Otherwise, he might have been directly stabbed by the black bone spur that suddenly appeared around the crystal just now, like the sharpest divine spear in the world. Pierced the body and sucked out the life.

In the next ten days, Ye Feng was hunting evil beasts.

There are not many opportunities to come to this planet of beasts. On this ancient planet of life, there are all evil beasts with extremely powerful blood energy. Therefore, for Ye Feng, his Divine Art of Creation, the Oven of Creation, can devour them. The energy of evil beasts is the most abundant nourishment for cultivation, and has huge benefits for strengthening oneself.

...

Thirteenth day.

Somewhere on the top of a large mountain several thousand meters high, Ye Feng stepped on it.

At this time, he used his sword to kill a huge rhinoceros-like scaly evil beast. After devouring the blood energy, he finally burst out with a huge martial arts aura.

It is an intermediate level of Dao Peeping Realm!

"Sure enough, as your cultivation level increases, the energy required for breakthrough becomes greater and greater."

Ye Feng broke through from the first level to the intermediate level of the Tao Peeping Realm. He killed evil beasts for more than ten days and devoured the blood beast essence before finally breaking through to the first level and entering the middle level of the Peeping the Tao Realm.

"Buzz!"

Suddenly at this moment, a huge space vortex appeared high in the sky.

"Is it time for the core assessment?"

Ye Feng's eyes moved, and he jumped directly into the huge space vortex, and disappeared into the endless void turbulence in a blink of an eye.
