

## Ancient 931

### Chapter 931 Big Tomb

At this time, regardless of the shocked looks of everyone on the field, Ye Feng pulled Yuan Xiang, who was already as tall as himself, towards the Human Emperor's Palace.

"Let's go back too."

The other powerful human beings on the battlefield shook their heads and followed Ye Feng and Yuan Xiang towards the direction of the Human Emperor's Palace.

The Human Emperor's Palace is more majestic and glorious than before.

When Ye Feng came in, he immediately felt the aura of many masters.

Of course, these so-called masters are only for the cultivation civilization on Longyuan Continent.

For today's Ye Feng, he is naturally as weak as an ant.

At this moment, Yuan Xiang stared at Ye Feng. She had never felt so stable.

Ever since the dark gate of the demon world came to Longyuan Continent, Yuan Xiang has only felt that the responsibility on her body has been extremely heavy over the years.

But now that Ye Feng, a familiar big brother, appeared, Yuan Xiang breathed a sigh of relief.

After all, Ye Feng had previously killed the demon sage with one sword, and killed an army of tens of millions of demons with a slap, causing a huge sensation even on the floor.

All of this is to let everyone, including Yuan Xiang, know that this young man in black has now grown to a point that ordinary people can't even imagine, and possesses power comparable to the mighty powers of the ancient human race.

"I wonder if this senior in black has stepped into the legendary level of the human race emperor?"

At this time, in the Human Emperor's Palace, many powerful men from the Eastern Wilderness Human Race who had returned were secretly guessing.

Everyone saw the terrifying scene on the battlefield before.

So at this time, everyone's eyes were fixed on Ye Feng with a deep awe.

At this moment, Ye Feng arrived, directly inspiring the momentum of the entire human army in the Human Emperor Palace.

After all, Ye Feng's actions on the battlefield before were really earth-shattering. The great sage of the demon clan killed him as soon as he said it, and the army of 30 million demons was wiped out instantly.

This simply allowed countless human warriors to find a light of hope again in the endless darkness.

At this time, Ye Feng looked at Yuan Xiang and asked aloud: "Where is Senior Renhuangbi, why can't I feel the slightest breath from him?"

At this time, Yuan Xiang's eyes trembled, he took out a finger-long golden writing brush from the storage ring, and cried: "Brother Ye Feng, this is Grandpa Human Emperor Brush."

Ye Feng stared at the ordinary Fanbi and couldn't help but exclaimed: "What? Senior Renhuangbi has become like this?"

At this time, Ye Feng suddenly stared at the girl in front of him, sensing the majestic mana fluctuations on Yuan Xiang's body, and couldn't help but suddenly said: "It turns out that Senior Renhuangbi taught all his majestic skills to Yuan Xiang. , no wonder Senior Renhuangbi turned into a mortal pen."

Bald at this time

Bird's eyes were startled, and he emerged from the spirit beast bag. He stared at the small mortal brush and couldn't help but sigh: "The human emperor's brush has too deep feelings for the ancient human emperor. He originally gathered them by himself." It has influenced the luck of the Human Emperor for so many generations, and the materials used to cast it are also very precious. Moreover, the Human Emperor's Brush is not a living thing, but a sacred object. There is no lifespan limit. He can completely lurk for tens of thousands of years and accumulate the world. The power of creation, and then let himself transform, it is not impossible to even become an emperor who uses treasures to prove the Tao, but he actually chose to dedicate his power and handed it all to the descendant of the Queen of Humanity. Tsk, tsk, tsk, tsk, tsk, really. It's touching, but it's also a pity, a pity for Renhuangbi."

At this time, the bald bird said, the sadness on Yuan Xiang's face became even more intense.

"boom!"

Ye Feng immediately knocked the bald bird and whispered: "Why are you talking so much? I didn't see that the little girl was already crying so sadly. By the way, this is an example now. Master Bird, if you want to win over that little red sparrow and please that Suzaku, you must be careful with what you say. When a girl is sad, you must comfort her whether she is right or wrong. "

The bald bird nodded as if he understood, touched his hairless head, and muttered: "Ye Feng boy, next time you hit me on the head, please be gentler, you don't know that you How strong is your physique? If you continue like this, I'm really afraid that one day I will get a concussion from you."

Ye Feng ignored the bald bird, but looked at Yuan Xiang and said: "Yuan Xiang, take me to the holy hall of the Human Emperor's Palace, the sleeping place of the ancestors of the Human Emperor. Can you let me in? I have a very important matter, I have to go explore it in the Human Emperor's ancestral land, it's very important to my future."

When Yuan Xiang saw Ye Feng being so solemn, he immediately nodded and said: "Brother Ye Feng wants to enter the ancestral land of the Human Emperor. Xiao Xiang'er naturally agrees. Now I am the commander-in-chief of the entire Human Emperor Palace and a new generation of female emperors. , I still have this right, when does Brother Ye Feng want to go in? "

Ye Feng said: "Go in now."

Yuan Xiang nodded, pulled Ye Feng and walked towards the interior of the Human Emperor's Palace.

...

Soon, the two came to a golden hall.

"This is the place!"

Ye Feng looked at the golden hall, and it was exactly the same as the scene he had deduced using the Heavenly Life Chart before.

At this time, Yuan Xiang took out a small token from his arms and threw it directly.

"Uh-huh!"

The token suddenly turned into a stream of light and rushed directly into the temple.

Buzz!

At this moment, Ye Feng immediately saw that a space portal appeared in the temple.

It was exactly the same as the space portal that Senior Renhuangbi opened for him when he entered the ancestral land of the Human Emperor many years ago.

Obviously, when Renhuangbi decided to cut off his cultivation, he had already arranged everything in the Renhuang Palace and handed it all over to Yuanxiang.

At this time, Ye Feng's body moved and he stepped in directly.

And Yuan Xiang also followed in.

Yuan Xiang stood beside Ye Feng and couldn't help but ask: "Brother Ye Feng, what are you looking for in the Human Emperor's ancestral land? I am a descendant of the Human Queen and know many secrets of the Human Emperor's ancestral land. Maybe I can help you."

Ye Feng nodded, trusting the little girl Yuan Xiang very much, and said: "I came to the East Wasteland this time mainly to find a treasure called the 'Primordial Fragment'. I wonder if you have heard of Yuan Xiang."

Yuan Xiang's eyes were slightly stunned, and he said: "Primordial Fragments? I really haven't heard of this. Brother Ye Feng, I'm afraid I can't help you."

"fine."

Ye Feng smiled and touched Yuan Xiang's little head and said, "I'll look for it myself."

At this time, Ye Feng did not hesitate and directly released his natal talent, the destiny chart, in the human emperor's ancestral land.

He wants to continue the deduction!

Buzz!

As Ye Feng's vitality burned, the heavenly fortune discs began to rotate, and a stream of light formed the shape of an arrow, as if a pointer had been condensed, pointing in a certain direction of the emperor's ancestral land.

"over there!"

Ye Feng did not immediately take back the destiny charts, but continued to burn his vitality and longevity, flying towards the direction pointed by the arrow.

At this time, Yuan Xiang's eyes were full of curiosity, and she quickly moved her graceful figure and followed Ye Feng to fly in that direction.

The bald bird was in the spirit beast bag, with a hint of expectation in its eyes.

Although it was once a divine bird, the fragments of the ancient world are very rare things in the world. They fell from the ancient time and space dimension into the world.

Even a god would probably be very interested in the ancient fragments.

Because the prehistoric world represents the end of all cultivation civilizations in the starry sky and all the worlds, the ancient time and space dimension, which is a magical and vast space-time dimension where gods and countless ancient demons and giants live.

As the fragments broken into pieces in the legendary war between gods and demons in the ancient continent, they are naturally very precious. They contain the power of myth and have the original aura of gods and demons.

At this time, Ye Feng was very fast. Because he got the ancient fragments, he was able to join the Snow State Genius Association and enter the ancient ruins of Tiannan.

The only way.

Otherwise, Ye Feng would probably miss this opportunity and regret it for the rest of his life.

According to the strong men in the sect, the ancient ruins of Tiannan contain the inheritance of various strong men from the Tiannan continent, a glorious cultivation civilization in the Immortal Ancient Period. Therefore, Ye Feng is naturally very hopeful that he can do it in one year. Afterwards, enter the ancient ruins of Tiannan.

This time, the two powerful elders of the inner sect, Xiao Bing and Ziyunchuan, worked hard to help themselves win such a spot. Ye Feng naturally couldn't let them down.

Swish, swish, swish!

Ye Feng quickly shuttled through the ancestral land of the Human Emperor, and soon followed the guidance of the heavenly fortune boards, and he came to a large tomb.

This large tomb is entirely made of black metal. There is no engraved name or deeds on the tombstone. It is an unnamed monument. It is unknown which generation of emperor is the resting place.

At this time, Ye Feng saw that the ray arrow on the destiny chart was pointing to this black metal tomb.

Ye Feng was a little hesitant. He didn't know whether he should blow open this big tomb. After all, Yuan Xiang, a descendant of the empress, was standing aside.

Yuan Xiang seemed to have seen what Ye Feng was thinking, and immediately smiled knowingly and said: "Brother Ye Feng, you don't need to think too much about my feelings. The Human Emperor is dead and has just drifted away with the wind. And this time, Brother Ye Feng It is equivalent to saving our entire Human Emperor Palace. He is a great benefactor. If Brother Ye Feng really needs it, please feel free to do so. "

Ye Feng touched Yuan Xiang's black hair and said with a smile, "Thank you, Xiao Xiang'er, for your understanding."

boom!

The next moment, Ye Feng blasted out with a palm, directly blasting away the black metal tomb in front of him.

Although this black metal is very indestructible, it is also a large tomb of the Human Emperor.

But you must know that now Ye Feng's cultivation has surpassed the ancient emperor and surpassed the human emperor.

A mere tomb is nothing.

"Crash!"

Countless rubbles rolled down in front of them, and the outer part of the tomb was blown apart, revealing the scene inside.

"This is?"

Ye Feng and Yuan Xiang who were present at this time were both shocked.

Because they saw that inside the big tomb, as the gravel fell off, a magnificent palace of the Human Emperor emerged.

At this time, on a crystal throne, a tall skeleton, wearing the Emperor's armor and holding a golden sword in his hand, was sitting on the crystal throne. In his chest, there was a blazing fire. is shining.

The bald bird immediately exclaimed: "Boy Ye Feng, the blazing light in the skull's chest is the fragment of the ancient world. I have seen the pattern in my book, Holy Code of the Heavens, and that is the fragment of the ancient world!"

Chapter 932 Swallow

Ye Feng's eyes were slightly shaken at this time.

Because he actually felt a threatening aura from the tall skeleton not far away.

You must know that Ye Feng's cultivation has now entered the level of the Nine Secret Realms. It is the middle-level Dao Peeping Realm and the second secret realm of pursuing immortality. It far surpasses the levels of the Ancient Emperor and the Ancient Human Emperor.

But now, Ye Feng sensed a feeling from that tall skeleton that made people unable to help but worship him.

At this time, Yuan Xiang suddenly knelt down. Her eyes were horrified and she said, "Brother Ye Feng, it feels so scary. This tall skeleton seems to be the first generation human emperor!"

The first generation of Emperor!

This is a very terrifying existence.

In the chaotic era of Longyuan Continent, all the heroes on the land rose together, and countless races of creatures were very powerful.

Among the ancestors of the first generation of human beings, he was able to break through all kinds of obstacles and the terrifying murderous intentions of countless races, and suddenly broke out from

hundreds of races to become the first generation of human emperors. He was definitely an amazing and talented person at that time, and his reputation will last forever.

At this time, Ye Feng felt a trace of vigilance in his heart.

But after all, he has surpassed the ancient emperor and entered the second secret realm of the nine secret realms.

Ye Feng was now an expert and bold. He walked directly forward, stared at the tall skeleton, and said: "Senior, is he dead or alive?"

The bald bird also shrank his head at this time and whispered: "This first generation of human emperor must have died long ago, but it seems that after his death, he still had such great luck, fused and fell from the nine heavens. A piece of ancient fragments may have become some kind of very mysterious life existence. Once this kind of existence regains life and contains the huge energy of the ancient fragments, it must be very strange and terrifying. So, Ye Feng boy, you We must be careful, or we should just run away. I always feel that this first-generation Human Emperor has merged with the fragments of the ancient world."

Ye Feng's eyes were full of determination at this time, with an unyielding vigor, and he said: "I must get this ancient fragment!"

At this time, Ye Feng didn't hesitate at all. He burst out with strong murderous aura, very ferocious. He rushed in front of the tall skeleton and grabbed one hand into the chest of the skeleton, trying to grab the fragments of the ancient world. Take it out, extremely decisive.

"boom!"

But at this moment, the tall skeleton suddenly stood up from the crystal throne and slashed with the dark golden sword in his hand, directly sending Ye Feng flying and smashing into a low mountain in the distance.

"Uh-huh!"

Ye Feng stood up from the ruins in an instant, with a hint of surprise in his eyes.

At this time, there was a deep mark on his chest, but it didn't bleed, it was just a scratch.

A layer of skin.

"Brother Ye Feng!"

Yuan Xiang immediately screamed.

Even Ye Feng, who was so powerful, was chopped away by the tall skeleton with a sword.

"Don't worry, I'm fine."

Ye Feng said something to Yuan Xiang. At this time, under the surge of energy and blood, the sword marks on his skin disappeared in an instant.

Ye Feng took out a sword at this time, stared at the tall skeleton, and said coldly: "Since senior is unwilling to hand over the ancient fragments, then I will be offended. There is really no way to disturb the sleeping spirit of senior. Things, I must get this ancient fragment!"

boom!

Six Paths of Reincarnation Sword!

Ye Feng directly displayed this set of powerful ninth-grade true spirit level martial arts, which came from the Chu clan's martial arts, the top family in Snow State.

"boom!"

In an instant, infinite divine light burst out on Ye Feng's body. With his sword, the vision of six reincarnations appeared, and the sounds of remnant souls crying and wailing were heard, making people feel a sense of excitement. A huge sense of terror.

Even Yuan Xiang couldn't help but cover his little head at this time, and suddenly squatted on the ground. It was obvious that he could not withstand the aftermath energy generated by the Six Paths of Reincarnation Sword.

This shows how terrifying Ye Feng's sword is.

The powerful secrets and inheritance brought from the land of the real spiritual world are indeed very powerful.

At this time, Ye Feng slashed out with his sword, and the power of six reincarnations exploded crazily. Although the sword in his hand was an ordinary soldier, it was like a peerless sword at this moment, erupting with extremely terrifying edge and reincarnation power. , it seems that under this sword, the entire era and the world are about to enter reincarnation again, and a new era is reshaped!

"Boom!!"

The tall skeleton raised his sword to the crossbar, but even though he was the skeleton of the first-generation Human Emperor and was fused with fragments of the ancient world, he was almost overturned by the energy frenzy of Ye Feng's sword at this moment.

"Click, click..."

At this time, the battle sword in the Human Emperor's skeleton hand began to shatter inch by inch.

It was obvious that Ye Feng's sword strike just now was so destructive that the violent sword energy directly shattered even the battle sword of the first generation Human Emperor, completely destroying it.

Ding dong! Ding dong...

The battle sword in the Human Emperor's skeleton's hand shattered into pieces and turned into pieces of metal fragments, which fell to the ground.

This made Ye Feng's eyes light up, and he directly used his star-catching hand to strike while the iron was hot.

"boom!"

One of Ye Feng's hands suddenly turned into a big star-reaching hand, as if it could penetrate the nine-sky barrier at once, grab the universe, and crush the stars at will.

Of course, this scene is a martial arts vision caused by Ye Feng's use of the Star Picker. The terrifying destructive power and monstrous power in this scene can only be achieved when Ye Feng cultivates the Star Picker to a true perfection. Such terrifying power.

But even though Ye Feng has not reached the pinnacle of cultivation, at this moment he uses the Star Reaching Hand, combined with the Ancient Star Technique, and the powerful and solid body of his Sun and Moon Battle Body, the power of the Star Reaching Hand is also very terrifying. .

"Boom!!"

The huge hand of stars suddenly bombarded the human emperor's skeleton. As expected, the tall skeleton fell apart instantly due to the terrifying impact.

Buzz!

The ancient fragment lost the human emperor's skeleton and suddenly turned into a dazzling stream of light, flying towards the distance.

It actually wants to escape!

"You still want to run away in front of me, come back!"

Ye Feng grabbed it with his big hand, the ancient star-picking hand, and instantly grabbed the fragment of the ancient world. Then Ye Feng opened his big mouth and swallowed the fragment of the ancient world directly.

"You can't swallow this thing directly!"

The bald bird was immediately shocked and shouted: "The fragments of the ancient world contain the terrifying energy of the ancient mythical era. The human body cannot withstand the impact of the power of the ancient fragments!"

Ye Feng burped at this time, touched his stomach, and said: "Don't worry, my body is like a furnace of heaven and earth, and I can refining anything. Now that the fragments of the ancient world have been swallowed by me, then There won't be any accidents. The ancient fragments will be slowly digested in my body, and then poured into my whole body, allowing my cultivation to increase tremendously in just one year."

When the bald bird saw that Ye Feng seemed to have nothing to do, he couldn't help but clicked his tongue and said: "Ye Feng boy, your body is really hard. It is estimated that the strength of your body now has surpassed that of the best imperial soldiers. You can use your bare hands to defeat the magic weapon above the emperor's weapon."

Ye Feng thought for a while and said very seriously: "Yes, I guess it won't be a problem to defeat a third-grade magic weapon."

The bald bird couldn't help but admired: "What a monster, Ye Feng boy, this is the first time I have seen such a monster like you."

Yuan Xiang came over at this time and saw that Ye Feng had obtained the Great Desolate Fragment. She was very happy and said: "Congratulations to Brother Ye Feng for getting the fragment."

After arriving at the Primordial Fragment, from now on, brother Ye Feng's cultivation will definitely become more and more terrifying. "

Ye Feng nodded slightly, stared at the grown-up Xiao Xiang'er in front of him, and said: "Yuan Xiang, let me take you away from Longyuan Continent, and follow me to the real prosperous land of the spiritual world."

Yuan Xiang lowered her head slightly, very hesitant, but in the end she sighed and said: "I still have to lead the entire Human Emperor Palace to fight, and lead the entire Eastern Wasteland human race to fight. There is no way, I am the Queen of Women, and I need to have the responsibility of the Queen of Women. "

Ye Feng said: "It is impossible for me to leave with the entire Donghuang human race. That will definitely attract the attention of the demon god of the demon world. Not only will I not be able to leave, but everyone will not be able to leave."

Ye Feng knew very well that although he was now regarded as an ancient powerful being among the human race among the demon army, he was very powerful and powerful.

But compared with the big shots and ancient creatures in the real demon world, I am still just a stupid boy.

At this time, Ye Feng stared at Yuan Xiang and said, "Are you really not going with me?"

Yuan Xiang stretched out a jade-like hand, took Ye Feng's palm, and said: "The battle will continue. I believe that the human race of Donghuang will not be defeated. This time, brother Ye Feng, can you come back to see me? I'm already very happy."

The bald bird muttered at this time: "He didn't come back to see you at all, but for the Primordial Fragments."

boom!

But before the bald bird could finish speaking, he was hit hard on the head by Ye Feng, causing the bald bird to yell: "Boy, slow down, I will really get a concussion from you!"

"whee."

When Yuan Xiang saw this scene, she suddenly felt like a little girl and couldn't help but laugh out loud, very happy.

In front of Ye Feng, Yuan Xiang is still the little girl who hasn't grown up before. She can release her weakness to her heart's content without worrying about anything.

But once she left the ancestral land of the Human Emperor and entered the Palace of the Human Emperor, facing countless strong men from the Eastern Barren Human Race, Yuan Xiang would stop smiling and become an unparalleled powerful female emperor, capable of killing with iron blood and determination.

At this time, Ye Feng saw Yuan Xiang insisting on his belief and said nothing more.

He respects the choice of the woman in front of him.

"Boom!"

Suddenly at this moment, a huge roar came from outside the Human Emperor's ancestral land.

"The Palace of the Human Emperor is in danger!"

At this moment, Yuan Xiang's expression suddenly changed.

Ye Feng's eyes flashed and he immediately said: "Maybe after I killed the great demon king, he provoked a more powerful demon existence. Let's go out and have a look."

Chapter 933 The Demon Emperor of Disaster

At this time, Ye Feng and Yuan Xiang walked out of the Human Emperor's ancestral land and walked towards the outside of the temple.

They immediately saw that the mountain gate of the Human Emperor's Palace in the distance, which was originally a gate hundreds of meters high made of gold, collapsed at this time.

On the endless land in the distance, stood a giant monster tens of thousands of meters tall, like an ancient dark mountain. It was covered with dense dark golden scales. Each scale was as big as the mouth of a bowl, and it looked like the strongest thing in the world. Made of metal, it looks visually stunning and impactful.

At this time, this 10,000-meter giant monster stared at the Human Emperor Palace with a ferocious face, showing an extremely evil smile.

"What a huge demon!"

"It was like a towering dark mountain moving."

"This is an ancient monster in the demon world. It is many times more powerful than the previous demon sage. Is this an emperor-level monster?" .??.??

At this moment, all the powerful human beings in the Human Emperor's Palace looked at the huge demon with extremely frightened expressions in their eyes.

Obviously, for them, standing in front of the huge 10,000-meter demon clan, they are as small as ants.

At this moment, Ye Feng's eyes were filled with a hint of coldness, looking at the collapsed mountain gate of the Human Emperor's Palace, staring at the 10,000-meter troll in the distance, and said coldly: "It seems that you don't want to live anymore. "

"Don't want to live anymore?"

At this time, the 10,000-meter-tall dark troll showed deep sarcasm in his eyes.

He stared at Ye Feng below and said: "Who are you, a little ant, who dares to shout like this? Forget it! I will kill you first and let the world know that the arrival of the Evil Emperor of Disaster will affect everyone." Everyone will tremble, the entire Eastern Wasteland will become the paradise of our demons, hahaha!"

The Demon Emperor of Disaster?

At this time, everyone's eyes were shocked.

really!

This is a supreme demon emperor!

He is an ancient emperor among the demons!

"Let's run away!"

Everyone in Donghuang couldn't help but cry out in fear, wanting to escape directly to Zhongzhou.

But at this time, Ye Feng suddenly took a step forward,

He said coldly: "From today on, there will be no more Demon Emperor in the Eastern Wasteland!"

"Hahaha!"

The 10,000-meter-tall Demon Emperor of Disaster immediately let out a sarcastic smile and said, "You..."

boom!

But before the Demon Emperor of Disaster could say the second word, a terrifying energy suddenly burst out.

Ye Feng stretched out a hand, and the hand immediately expanded in the sky, stretched infinitely, and finally became an extremely ancient star-catching hand.

"Boom!"

The 10,000-meter-tall majestic body of the Demon Emperor of Disaster was shattered into pieces by the star-catching hand, and he died suddenly on the spot.

Ye Feng smiled coldly: "An ant in the first level of the Imperial Realm dares to be presumptuous in front of me."

"What?!"

Seeing this shocking scene, everyone was stunned, their eyes filled with deep fear.

Swish, swish, swish!

Swish, swish, swish!

At this moment, countless eyes were all focused on the young man in black, full of endless shock.

The evil emperor of disaster.

This is a great emperor in the demon world!

But, just like that, you pinched the young man in black in front of you to death with one hand?

At this time, everyone recalled that when Ye Feng stretched out his hand just now, his palm became tens of thousands of meters tall. That kind of martial arts was simply beyond the understanding of everyone present. Just like the legendary moves, every move, possesses the mighty power of heaven and earth, can move mountains and fill seas, reach for the stars and the moon, just like the reappearance of myths.

"Could this great human being come from outside the territory?"

At this time, someone exclaimed.

"What do you know? This senior is called Ye Feng, and he was the Lord of the Southern Territory back then! Didn't you see that he was so close to our female emperor? Our Human Emperor Palace was able to quell the internal troubles of the demon clan back then, all because of this person Credit to the young seniors!"

also

Someone who had experienced the civil strife many years ago spoke up.

In any case, Ye Feng at this moment is already a god-like existence in everyone's minds.

The Demon Emperor kills at will, just like slaughtering pigs and dogs, very simple and casual.

"I have to go now."

Ye Feng looked at Yuan Xiang behind him and said, "Practice hard and hope to see you in the nineteen states of the spiritual world in the future."

Yuan Xiang nodded vigorously, with a hint of reluctance in her beautiful eyes, and said: "Brother Ye Feng, Xiao Xiang'er will definitely practice well, and will go play with Brother Ye Feng in the future!"

"good."

Ye Feng smiled, touched Yuan Xiang's little head, then jumped directly and appeared tens of thousands of meters away.

By the next jump, his figure had completely disappeared into the distance.

...

After leaving Longyuan Continent, Ye Feng was thankful that he didn't encounter the devil's prying eyes this time, otherwise he might not be able to obtain the ancient fragments at all.

The ancient fragments are something that even god-level creatures covet.

At this time, Ye Feng looked inside, and he could see that the ancient fragments were beating in his body like his second heart, exuding powerful and unrivaled life fluctuations, as well as endless red light, representing infinite strength.

Ye Feng could clearly feel that even the Death Backbone that was fused into his own spine was a little restless when the Prehistoric Fragment became his second heart. He was obviously very afraid of the Prehistoric Fragment.

The backbone of the God of Death is the backbone of the Lord of Death in the Kingdom of Death. It represents the power of uprightness and the ultimate power of darkness.

But the backbone of the god of death is still very afraid of the ancient fragments, which obviously shows how powerful the ancient fragments are.

At this time, Ye Feng was traveling through the sea. He could feel that after swallowing the fragments of the ancient world, his power was undergoing tremendous transformation and growth every moment.

The bald bird now comes from

The spirit beast jumped out of the bag and said with a smile: "Boy Ye Feng, this time you really have to thank this god. I spent a lot of energy to infer that there is a fragment of the ancient world in Longyuan Continent. Originally, I wanted to keep it for myself, but I gave it to you for your sake. Tell me, am I very kind to you?"

Ye Feng stared at the bald bird and said: "Master Bird, let's not settle the accounts so clearly as to who is following the other. The next time we encounter an opportunity, I will definitely give it to you."

The bald bird pointed at Ye Feng and said: "Boy, I remember what you said. Don't renege! In fact, the fragments of the ancient world are of no use to me. What I need most is that I was killed by Gu Tongtian. I knocked down the sacred fire, but if that little red Suzaku can give me a ball of the sacred fire, then the power of this god can be restored a lot, and the existence of the immortal realm will not be a problem. "

Ye Feng's eyes were surprised and he said: "So powerful? The immortal monks in the Immortal Realm have surpassed the nine secret realms."

The bald bird glanced at Ye Feng and said: "Do you look down on you, Lord Bird, so much? I was the Flame Divine Bird back then! Let's do this. In order to deepen your respect for this god, you don't call me Bird Lord in the future. Call me Bird God." Bar."

Ye Feng: "..."

In the blink of an eye, three days passed.

Ye Feng also left the sea and returned to the land of the spiritual world.

However, what left Ye Feng a little speechless was that he had misidentified the direction in the ocean, and the land he came to was not Snow State, but another new place.

"Damn it, the ocean is all blue, it's the wrong direction."

The bald bird couldn't help but curse, because it had been the one guiding the direction these past few days.

Ye Feng didn't feel any disappointment at this time. He just smiled and said: "Anyway, there is still one year before the Snow State Genius Association. I have now merged with the ancient fragments and am getting stronger every moment, so I am not in a hurry. Well, I will first see which state among the nineteen states this is. Then I will go back directly. It can be regarded as an experience. Maybe I will encounter some opportunity and fortune that will make my cultivation further. When the time comes, let Xiao The two elders Bing and Ziyunchuan were shocked, hehe."

Chapter 934 Manzhou

After several days of walking, Ye Feng found that the more he walked towards the center of the land, the more prosperous and dense the trees and other trees growing on the land became.

The entire land is like a wild jungle, not like a place where humans live.

Ye Feng was very confused. Could it be that the place where he landed was not the land of the nineteen states of the human race in the spiritual world.

And on the third day, Ye Feng understood what was going on.

On this day, Ye Feng walked under a huge and steep cliff.

On the huge cliff wall, there were actually two big characters written on it: Manzhou.

"Manzhou?"

Ye Feng suddenly understood. Manzhou is a very special state among the nineteen human states in the spiritual world.

The reason why Manzhou is called Manzhou is because the entire vast land of Manzhou is almost completely covered by wild forests. Even the human forces here are relatively weak.

Therefore, in the barbarian states, many human forces are located close to mountains and rivers, and are very similar to the human tribes living in the wilderness.

Ye Feng didn't expect that he would arrive in Manzhou by mistake.

No wonder I had walked for so long after landing from the ocean. All I could see in my field of vision were huge trees, mountains, rivers, etc.

"The entire land of Manzhou is covered with wild forests. There are stretches of primitive wilderness in which there are many rare treasures, wild monsters, etc., which are all treasures bred by nature. It's just that I need energy accumulation now, and this is my paradise."

Ye Feng knew that this was the land of Manzhou, covered by wild forests, and he immediately felt extremely happy.

He rushed directly into the depths of the wild forest, and his huge soul power was released in an instant.

Buzz!

Suddenly, Ye Feng's powerful soul power captured the life fluctuations of an evil beast.

"boom!"

Ye Feng blasted out with a palm, and the powerful energy directly blew away all the mud in a swamp not far away.

From the depths of the swamp, an evil dragon covered in dark golden scales suddenly appeared.

This evil dragon is very ancient. It has been cultivated in this swamp and mire for who knows how many years.

Ye Feng saw that in the quagmire, there were withered bones of other evil beasts or humans, which were obviously eaten by this dark gold evil dragon.

"Roar!!"

This dark gold evil dragon is almost turning into a dragon.

At this time, it roared, and clouds and mist appeared under the soles of its feet. It jumped out instantly, opened its teeth and claws, and roared at Ye Feng in front of it.

At this time, Ye Feng stared at the dark gold evil dragon and said with a smile: "Submit to me and become my mount, maybe you can survive."

boom!

The dark gold evil dragon just screamed and roared. In an instant, the dragon's claws made of green iron were like sharp swords, and they grabbed directly towards Ye Feng, as if they were going to crush Ye Feng directly.

Obviously, for this dark gold evil dragon, Ye Feng, a small human race, dared to provoke it like this. Naturally, the dark gold evil dragon only had one idea, and that was to kill Ye Feng completely and feed Ye Feng directly as food. Swallow it, digest it completely, and become its energy source.

In this wild forest, the law of survival is naturally the law of the jungle, so there is no compromise.

Seeing the dark gold evil dragon roaring and attacking directly, Ye Feng was slightly surprised, and then murmured: "The evil beasts in the wild forest are indeed extremely ferocious, and it is impossible to surrender. Human race, that's fine, I'll kill him!"

Ye Feng's eyes turned cold, and he grabbed it with his big hand and blasted it out with his star-catching hand.

"Boom!"

\u003c

The ancient big hand of the stars, capable of picking up the stars and the moon, expanded directly in the sky to become a huge hand, with a silver surface, flowing with the light of the stars, and directly blasted the dark gold evil dragon to the earth.

Bang!

The huge body of the dark gold evil dragon could not withstand the terrifying pressure of the Star Reacher. It was directly bombarded to the ground and hit the swamp hard, raising a large amount of energy. The smoke and dust caused the entire earth to be smashed into pieces, and a huge noise resounded throughout the forest.

"howl!!"

This dark gold evil dragon immediately let out a shrill howl, because his entire body was shattered. The scales on the surface of the body looked indestructible, as if they were made of divine iron, but they could not resist Ye Ye at all. The power of the terrifying hand of the wind.

The dark gold evil dragon howled miserably, but there was nothing he could do because Ye Feng was too powerful.

"Forgive me!"

At this time, the dark gold evil dragon actually uttered human words and began to beg for mercy: "Strong man of the human race, please spare me, I am willing to become your mount."

Ye Feng smiled coldly at this time and said: "No need, now I have changed my mind, I don't want the mount at all now."

The dark gold evil dragon immediately trembled and shouted quickly: "Human warrior, if you kill me, there will be no benefit. At most, you will sell my inner elixir, but I will become your mount and I can help you accomplish many things." "

Ye Feng smiled and said: "Who said killing you will not do any good? To me, the majestic dragon blood in you is simply delicious!"

"What?!"

When the dark gold evil dragon heard Ye Feng's words, especially the word "delicious", it immediately made this evil beast in the wild forest feel chills all over his body.

It stared intently at the figure of the young man in black in front of it, feeling extremely horrified. It was filled with chills and deep fear in its heart.

"boom!"

At this time, Ye Feng took action directly.

boom!

Ye Feng directly operated the devouring field, and suddenly a large dark devouring vortex appeared in the center of Ye Feng's palm, forming a huge devouring field and directly covering the dark gold evil dragon.

Buzz!

At this time, there was a ferocious dark golden evil dragon that was hundreds of meters tall, and there was deep fear in its eyes.

Because it felt that its life force, including the majestic demon essence, was all passing away quickly.

"What? This kind of ability? Are you an evil practitioner among the human race?"

The dark gold evil dragon suddenly showed a look of fear, and it roared: "Our wild forest and the court institutions of the barbarian state capital have made an ancient agreement. The human race cannot hunt and kill the people in our wild forest. Great demon, His Majesty the Tongtian Divine Emperor has personally opened the mouth of Chrysostom. The emperor's grace is so great that he does not allow the evil cultivators in the human race to hunt and devour our great demon!"

Ye Feng stared at the dark gold evil dragon and said something that frightened the dark gold evil dragon to the extreme: "Who is the Tongtian Divine Emperor? A traitor three thousand years ago who stole the imperial power of the divine dynasty. Sooner or later, I will I will kill the Tongtian God Emperor!"

The Dark Gold Evil Dragon was immediately stunned. This young human race dared to say such treasonous words to Emperor Tongtian, the leader of the human race in the spiritual world.

"ah!!"

But at this moment, Ye Feng increased his devouring power, and the dark gold evil dragon suddenly let out an earth-shattering scream.

At this time, it can be seen with the naked eye that the dark gold evil dragon's body, which was originally a huge dragon with strong vitality, shriveled up in an instant.

It went away and turned into a skinny and withered dragon body, which looked very strange.

At this moment, all the skills and life essence of this dark gold evil dragon were absorbed into his body by Ye Feng. Ye Feng suddenly felt an incomparable power erupting inside his body. .

At this moment, Ye Feng only felt that his cultivation was about to change.

"We are about to break through to the intermediate level of Dao Peeping!" .??.

Ye Feng's eyes suddenly showed a look of surprise.

This dark gold evil dragon is actually only at the tenth level of the Emperor Realm, and has not even entered the nine secret realms.

But the energy provided to him by this dark gold evil dragon is extremely majestic and abundant.

Obviously, the evil beasts living in this wild forest all have extraordinary inheritance, and the blood in their bodies is extremely precious, which leads to the demonic energy and vitality formed after their cultivation to be extremely majestic and powerful.

The bald bird saw Ye Feng forcefully swallowing a majestic dragon and sucking it dry, turning it into a skinny corpse.

Even though the bald bird was once a divine bird, it couldn't help but tsk at this moment: "Ye Feng boy, your ability to seize the creation of heaven and earth and the vitality of other living beings' skills can really only be used privately. If you have this Once the news of your ability spreads, I am afraid that the entire world will become your enemy. No, not just the people of the world, but the entire spiritual world and countless creatures may become your enemies, because they will never allow such taboo skills. Dharma exists in the world."

When Ye Feng heard what the bald bird said, he just responded calmly: "This is a choice I have no choice. I also want to live a peaceful life, or mediocre life, and be a mortal. Sometimes it is actually quite good, but I The responsibilities I bear do not allow me to be mediocre, but if I want to not be mediocre, if I want to go upstream, if I want to fulfill my responsibilities, I can only do this. No one is a saint, and no one can make mistakes. I can only say, I try my best to have a clear conscience, but sometimes, if you want to grow your power quickly, you have to use some dark means, and there is no way around it."

After Ye Feng finished speaking, the bald bird seemed to understand something, nodded slightly, and fell silent without saying anything more.

...

At noon on the third day, Ye Feng came to a large canyon.

"Boom!"

He held an iron sword in his hand, and slashed forward with the sword. Suddenly, gravel rolled, and the grand canyon in front of him was split into two halves by Ye Feng.

"Who dares to disturb my practice? Don't you want to live?"

Suddenly at this moment, an extremely majestic ancient voice suddenly came from the grand canyon.

"boom!"

Along with a roar, the entire land suddenly exploded.

A huge creature suddenly appeared in the Grand Canyon.

It was a big scorpion covered with dark green scales. Above the head of the big scorpion, there was a young man in a spiritual state floating, who was obviously the soul of the big scorpion.

At this time, this young man in a state of soul stared at Ye Feng not far away, and said coldly: "Human race, this is already the depths of the wild forest, and the canyon where I am located is the restricted life zone of the human race. Are you here specifically to seek death?"

Ye Feng smiled faintly and said: "Life restricted area? How dare you call yourself a life restricted area in such a poor place? I think you think too highly of yourself."

"You...!" The Yuanshen man floating above the big scorpion's head immediately looked extremely ugly.

Immediately, a huge and boundless evil spirit burst out from its body. \u003c

br\u003e

"boom!"

But before the big scorpion could make a move, the iron sword in Ye Feng's hand instantly transformed into a beam of light that could tear through infinite darkness. It suddenly pierced the big scorpion's body with a bang.

"ah!!"

The big scorpion screamed, its huge body fell to the ground, and died instantly.

The Yuanshen man floating above the big scorpion's head also dissipated all of a sudden.

The bald bird's eyes were amazed and said: "Boy Ye Feng, your combat power is getting stronger and stronger. Even this evil beast Scorpion, who is in the middle-level Peeping Dao realm and is at the same level as you, has cultivated the power of the evil beast soul." All the creatures were killed by you in an instant."

Ye Feng smiled and said: "The moment I just made it, it was also a killing move. It was a terrifying sword that forged the Six Paths of Reincarnation Sword and the Sorrow of the Gods. The purpose was to kill this big scorpion instantly, so as not to cause any harm later. The tug-of-war may lead to the spying of some powerful beings in this wild forest."

Uh-huh!

Ye Feng instantly jumped to a distance and immediately started to devour the big scorpion.

The majestic energy and blood allowed Ye Feng to break through the bottleneck without any hindrance, and finally broke through to the high-level Peeping Realm!

Combining the ancient fragments and the blood energy of so many evil beasts, Ye Feng's breakthrough speed is really fierce.

"It's so exciting! With this breakthrough speed, within a year, I will definitely be able to achieve the third secret realm of law, or even achieve something higher!"

Ye Feng's eyes were full of excitement. He looked at the bald bird and said with a smile: "Master Bird, it's thanks to you this time that I managed to come to this special area of Manzhou, allowing me to keep killing and devouring "

Suddenly at this moment, there was a noise outside the Grand Canyon.

"Young Master, a battle broke out in this canyon. The green-scaled scorpion was killed and got in first!"

A group of people appeared outside the Grand Canyon, and the person speaking at this time was a servant-like figure.

There were many people beside him, led by a noble young man wearing a golden robe.

The young master saw that Ye Feng had used some means to drain the life force of the precious green-scaled scorpion. The scales, scorpion claws, scales, etc. all became dry and gone. Any value, his eyes suddenly became extremely hard to see.

The young master in the golden robe immediately stared at Ye Feng, his tone was filled with murderous intent, and he said coldly: "How dare you make the green-scaled scorpion look like this? This is the ideal mount that I have been eyeing for a long time. Come here this time." You planned to tame it, but you actually killed it and used some evil means to drain it of its vitality. It has no use value anymore. Do you know how much damage this has caused to me now? Give you a chance, kneel down in front of me immediately, kowtow three times, and then dedicate all the treasures on your body to me. I can spare your life, otherwise you will not be able to get out of this wild forest. You have to You know, my Chen family is like a controller in this wild forest. Even many important people in the Manzhou capital will say hello to me respectfully when they see me. "

Ye Feng stared at the young master, but an inexplicable smile flashed across the corner of his mouth, and said: "Who are you, and how dare you ask me for anything? I will also give you a chance, hurry up and get out, otherwise don't blame me. The sword will kill you all!"

"What?!"

After hearing Ye Feng's arrogant words, everyone looked stunned, and then each one of them showed a ferocious murderous intent.

Especially the eldest son of the Chen family, he said angrily: "Everyone, come on! Cut this arrogant boy into pieces. I want to crush him to pieces with my own hands. How dare you confront me? Is he really I don't know how to write the word "death"!

Chapter 935 The best essence of the sun and moon

The young master is called Chen Ping'an, and he is the eldest son of the Chen family.

This time, he took many strong men of the Chen family deep into the wild forest, just to capture a very powerful wild beast and tame it as his mount.

Originally, they had been watching here for several months, waiting for the green-scaled scorpion to concentrate their strength while it was sleeping, and catch it by surprise, and then use various means to subdue it.

But now Ye Feng's appearance has completely disrupted their plans, which means that their several months of hard work have completely come to naught.

Chen Ping'an stared at Ye Feng, his face extremely ferocious, and shouted: "Hurry up, catch this kid, I will crush him to death!"

"Yes, Master!"

Several of the servants and guards around Chen Ping'an were obviously at the intermediate level of Dao Peeping Realm.

This is an extremely luxurious lineup of experts. A dozen or so middle-level Peeping Realm experts are enough to sweep away many first-rate powerful forces.

However, without this kind of lineup, they would not dare to capture the green-scaled scorpion.

But at this time, Ye Feng smiled indifferently and slashed out with the iron sword in his hand.

Six Paths of Reincarnation Sword!

Ninth-grade true spirit-level martial arts sword skills, instantly bursting out with extremely tyrannical power.

boom!

A dazzling sword light, like the tide of heaven and earth, instantly drowned the dozen Chen family guards.

"ah!"

"ah!"

The next moment, accompanied by pitiful howls, a dozen extremely powerful guards had their throats sealed with a sword. They all died in an instant, and then were blown away and fell around Chen Ping'an.

"What?!"

Chen Ping'an's eyes immediately showed deep horror.

Every one of the dozen or so Peeping Dao Realm experts around him was a master who could stand alone, but at this time, they were all killed by the young man in black in the distance with a sword.

Seeing the dozens of corpses lying at his feet, Chen Ping'an, the eldest son of the Chen family, was immediately frightened to the extreme.

"Plop!"

At this moment, his legs and feet went weak, and he knelt down on the ground. He kowtowed violently in the direction of Ye Feng and shouted: "Senior, have mercy! Senior, have mercy! I am the one who looks down on others and treats senior so badly." Such disrespect, I am willing to sacrifice my most precious treasure to redeem my own life."

Ye Feng glanced at Chen Ping'an and said, "Oh? What precious treasure do you have on you? Can it exchange for your life?"

"Yes, yes!"

Chen Ping'an immediately took out a huge and powerful trident from his storage ring. The whole body was emitting a blue light, with an aura of vastness and vastness like the ocean.

The eldest son of the Chen family immediately spoke out: "This warrior is called the 'Poseidon Trident'. Its entire body is made of ocean-cold iron from hundreds of thousands of meters deep in the ocean. It surpasses the Imperial Soldier and ranks in the sixth grade." Magic weapon, many large sects do not have this high-grade magic weapon. It is a treasure that my father accidentally salvaged from the ocean. As long as senior is willing to spare my life, I will dedicate this Poseidon Trident to senior. Senior has it. This Poseidon Trident will definitely be even more powerful and its strength will be greatly increased..."

"Pfft!"

Suddenly a sword light flashed, and before Chen Pingan could finish speaking, his head had been severed.

Ye Feng walked over, put the Poseidon Trident in his bag, stared at the dead body of the Chen family's eldest son on the ground, and smiled coldly: "I will just kill you and plunder it, there is no need for you to sacrifice it to me."

This Chen Pinganliu

After all, it is a disaster, so it is better to kill him directly and end it once and for all.

The bald bird's eyes lit up and he said: "Boy Ye Feng, this Poseidon Trident is very extraordinary. It is actually a sixth-grade magic weapon. And I can always feel that the power of this Poseidon Trident is far more than a sixth-grade magic weapon." , seems to have been blessed by an ancient divine power, you have the opportunity to try the power of this Poseidon Trident."

Ye Feng nodded and said with some surprise: "This Poseidon Trident is indeed very extraordinary. I can feel a vast and infinite energy from it, as if there is a vast ocean sealed in this big halberd. Once Lifting the lockdown will definitely turn the world upside down."

Ye Feng said at this time, and solemnly put the Poseidon Trident into the storage ring.

He was still a little unexpectedly happy. He didn't expect to have such an unexpected fortune in this wild forest.

"boom!"

Next, Ye Feng directly ran the devouring vortex, swallowing up all the skills, blood energy, and life essence of the dozen or so dead Peeping Realm experts.

Then Ye Feng jumped directly and left towards the outside of the canyon.

For the next six months, Ye Feng spent the whole time in this wild forest slaying wild beasts, using the oven of creation and the devouring realm to continuously plunder the innate creations of other living beings to become his own nourishment and achieve his own cultivation skills.

Half a year has passed, and Ye Feng's cultivation has finally accumulated through crazy accumulation, and he has transformed and broken through to the Dacheng Dao Peeping Realm.

Moreover, Ye Feng discovered that the Great Desolate Fragments had stopped providing energy to him.

The bald bird analyzed: "It is estimated that you have absorbed the Great Desolate Shard too much in the past six months, so the Great Desolate Shard has temporarily fallen into a self-seal. After all, the Great Desolate Shard is not an ordinary thing, it also has its own intelligence."

This result left Ye Feng a little speechless and depressed, but after all, the Primordial Fragments had provided him with huge energy support in the past six months, otherwise he would not have been able to achieve his current cultivation achievements, which is not bad.

Ye Feng couldn't help but murmur: "It seems that I can't leave this Manzhou for the time being. In the next six months, I must break through to the third secret realm of law."

Having said this, Ye Feng looked at the bald bird in the spirit beast bag and said: "Master Bird, please think of a way to see if you can let me forcefully open the self-seal of the ancient fragments and let me absorb the high-level energy in it."

The bald bird nodded and said: "The most critical moment for you to break through to the Law Realm is the final moment of transformation. With the vast energy required for your breakthrough, Mr. Ye Feng, without the support of the ancient fragments, it is impossible for you to achieve the Law within half a year." In this situation, I will look through the sacred scriptures of the heavens and see if I can find some solutions."

At this time, the bald bird spoke, opened its mouth and spit out a book that was glowing with light. It was the Holy Book of All Heavens, equivalent to an encyclopedia of all heavens and worlds. Basically, all knowledge was recorded.

Ye Feng felt relieved when he saw the bald bird looking at the book carefully.

For the bald bird, a once divine bird, although sometimes a little arrogant, overall, it is still of great help.

At the very least, if it weren't for the bald bird, I wouldn't have known that there was still a fragment of the ancient world hidden on Longyuan Continent.

At this time, Ye Feng thought to himself that the fragments of the ancient world had been secretly fused and taken away by him. Perhaps the powerful people in the demon world had discovered that the fragments of the ancient world were gone, and they might retreat directly.

"Although I plundered the fragments of the ancient world, this may be a good thing for Longyuan Continent itself."

Ye Feng thought secretly in his heart, and continued to hunt monsters in this wild forest without wasting time.

But in the end, Ye Feng's huge killing violated some hidden rules.

On this day, when Ye Feng raised his sword to kill a golden giant elephant that was more than ten meters tall.

"Boom!"

High in the sky, the situation suddenly changed.

Two huge eyes, like the eyes of God, emit green light, appearing thousands of feet high in the sky.

A majestic voice resounded across the world: "Human race, you have killed too many demons in the territory of the Wolf God Sect. You have committed a heinous crime. From now on, I will issue a killing order, and the Wolf God Sect will send countless strong men to kill you." You, this heinous human being, will be captured and executed, and your head will be shown to the public. Human beings, please remember my name, Blue Wolf King."

Buzz!

The moment the words fell, the two huge eyes in the sky disappeared.

The terrifying coercion that covered the world also dissipated all of a sudden.

Ye Feng suddenly felt a huge threat, a life and death threat.

"The Canglang King of the Wolf God Sect's cultivation is definitely far beyond my current cultivation level, but his skills seem to be a little behind after all. He is only able to lock onto my current location through his powerful spiritual will. The position of the sky manifested the eyes, but it could not come directly to me to capture and kill me. "

Ye Feng's eyes were a little solemn. He had been killing people in this wild forest for so long, and finally attracted the attention of some super powerful demons.

This Canglang King is definitely an extremely powerful guy.

However, Ye Feng doesn't have much worries in his heart. If the Cang Wolf King really comes, even if he can't defeat him, he can still escape if he wants to with his current cultivation and various means.

So in the following time, Ye Feng ignored the killing order and continued to hunt monsters in this wild forest.

What surprised Ye Feng was that after the killing order was issued, many powerful demons did not understand the situation or their own strength at all, and just chased him. As a result, Ye Feng was killed one by one. The harvest was very pleasant.

With the "contribution" of these powerful demons of the Wolf God Sect, Ye Feng's cultivation once again underwent a huge transformation, directly accumulating to the Dzogchen Peeping Realm.

However, Ye Feng was a little disappointed that Bald Bird could not find a way to forcibly break the self-seal of the Primordial Fragment from the Holy Scriptures of the Heavens.

Ye Feng felt a little depressed because more than half of the year had passed.

And my own cultivation level has just broken through to the Great Perfection Peeping Dao Realm.

Although this achievement is already quite remarkable.

But Ye Feng's requirement for himself is that he must step into the real third secret realm of law!

Suddenly at this moment, Ye Feng's ears moved and he heard some noises.

Uh-huh!

He immediately jumped onto a big tree.

At this time, two people walked up not far away. The clothes they wore were very familiar to Ye Feng. They were exactly the same as the clothes of the servants and guards around the young master of the Chen family whom he had killed before.

"Are you from the Chen family? Are you here in the wilderness to find the murderer of the eldest son of their family?"

Ye Feng stayed on the big tree, feeling a little strange. It had been a long time since he killed the eldest young master of the Chen family. Why did he just kill him at this time?

Come to find yourself as the murderer?

But the next moment, the words of these two Chen family members caught Ye Feng's attention.

"What's happened to this wild forest recently? It seems that many monsters are very violent."

"Who knows, anyway, this has nothing to do with us. What we have to do is to help the family head find the yin and yang of heaven and earth in this wilderness."

"Yes, I heard them say that the yin and yang of heaven and earth have given birth to a ball of the best essence of the sun and the moon. As long as it is absorbed, it can reshape ordinary people and

become the holy body of the sun and the moon. I don't know if it is true or not. , is it really so magical?"

"Let's not discuss this anymore. Let's first look for the yin and yang of heaven and earth. It is said that Lin Wudi, the commander of the Red Flame Army under Manzhou Prefecture, is also looking for the yin and yang of heaven and earth, and wants to get the best sun and moon. Essence, help yourself transform, that's a great master in the Law Realm. They all want the best Sun and Moon Essence, which shows how precious it is."

"Yes, we should hurry up and search. If the Red Flame Army discovers it in advance, the head of the family will definitely be furious."

As the two Chen family members spoke, they quickly walked under the tree and walked in a certain direction in the distance.

"The land of yin and yang of heaven and earth? A mass of the best essence of the sun and moon was born?"

Ye Feng's eyes suddenly moved, and he thought to himself: "My current sun and moon combat body has reached a bottleneck period, and the best sun and moon essence is the innate essence bred from the yin and yang of heaven and earth. It definitely contains extremely terrifying energy and creation. It will be of great benefit to me. If I get the best sun and moon essence, let alone a breakthrough in cultivation, even my sun and moon combat body may transform again and reach a new level of power!"

Ye Feng's heart suddenly became extremely hot, and he immediately set off, following the two Chen family members from a distance.

At this time, the bald bird spoke in the spirit beast bag: "Ye Feng boy, you have to take it easy and don't be too impulsive. Didn't you listen to what those two Chen family members said, whether it is the head of the Chen family or the The commander-in-chief of the Red Flame Army under Manzhou Prefecture is a powerful being in the third secret realm of laws. Be careful of being captured alive. "

Ye Feng smiled and said: "It doesn't matter. Now that my cultivation has accumulated and broken through to the Dzogchen Peeping Realm, I may not be able to fight against the strong ones in the Law Realm. Moreover, now that I am in the dark and they are in the light, I can peek first. Waiting for the opportunity."

The bald bird nodded and said: "If it is really the best essence of the sun and the moon, it is definitely a sacred object bred by heaven and earth. It is worth the risk for you, Ye Feng. Now, because you plundered too much, the ancient fragments have fallen into a state of self-sealing." For the time being, I have not found a way to forcibly break it. The best essence of the sun and the moon is your only hope now, Ye Feng. With your inheritance of abnormal skills, you want to get a glimpse of the Tao realm from the Great Perfection and break the essence. Stepping into the realm of laws, it is impossible to break through without the extremely huge energy of the holy objects. Now I doubt that you want to cultivate to the highest level of the nine secret realms, or step into the realm of immortals and achieve immortality. I don't know. How many holy things will be harmed?"

Ye Feng glanced at the bald bird and said: "Master Bird, I can rely on you a lot in the future. You were a divine bird back then. You traveled all over the world. You must know a lot of treasures. In the future, you will take me to plunder them one by one and divide them into 50%. ,how?"

The bald bird curled his lips and said: "Let's wait until you reach the peak level of the Nine Secret Realms, or step into the Immortal Realm. The treasure hiding places known to this God are all forbidden places. How can you cultivate with your current level?" There is only one way to die, but you kid doesn't even pay attention to the Emperor Tongtian, which suits my taste. From now on, I will take you to travel across the spiritual world. It's a trivial matter. What nonsense does Tongtian God go to Tongtian God Emperor? The ancient Tongtian General Ben God's divine fire was knocked down and he caused such misery to me. Sooner or later, I will make him pay the price!"

#### Chapter 936 Waiting

Following the two Chen family members, Ye Feng soon arrived at a mysterious place deep in the wild forest.

At this time, Ye Feng used the soul master's method to activate the Divine Eye of Creation. His eyes suddenly flashed with mysterious black light, able to see through all illusions.

But what Ye Feng wants to see now is not to see through illusions, but to see the Feng Shui of this area.

As Ye Feng's strength increases now, his soul power is also growing.

At this level of powerful soul power, Ye Feng's attainments as a soul master have reached a very powerful level.

So at this time, he activated the Divine Eye of Creation, and the world in his field of vision suddenly changed.

Ye Feng could see that in the distance, where the two Chen family members were exploring, there were two huge lights of luck, one yin and one yang, surging and shining.

This kind of light of yin and yang destiny cannot be seen by ordinary people, but Ye Feng can see it.

"There is indeed a place of yin and yang in the world here. I am afraid it has really given birth to a ball of the best essence of the sun and the moon. This is a truly good thing. I must get it."

Ye Feng was lurking on a big tree behind him, staring at the place of yin and yang, his eyes full of fire.

But Ye Feng did not act rashly now, because he could see that the light of Yin and Yang's destiny looked very weak and not strong at all.

Ye Feng couldn't help but murmured: "It seems that this place of yin and yang of heaven and earth has not completely given birth to the best essence of the sun and moon. If I steal it now, I am afraid it will not have much effect. It is equivalent to Destroying the creation of a sacred object of heaven and earth, it seems that we still need to wait for a while. "

Secretly thinking in his heart, Ye Feng is not acting rashly now. He is just lurking around here, waiting for the best essence of the sun and moon to appear when he matures in the yin and yang of heaven and earth.

At this time, two members of the Chen family not far away had a transparent crystal rod in their hands, which seemed to be made of a very special material.

At this time, the two of them moved the transparent crystal rod between the yin and yang of the sky and the earth. The crystal rod began to light up, emitting the light of the sun and the moon.

"The light of Yin and Yang is on!"

"It seems that this is the intersection of yin and yang of heaven and earth that the master of the family wants us to find."

"Let's go back and report to the head of the family!"

The two Chen family members had extremely excited eyes and immediately ran towards the distance.

At this time, Ye Feng's eyes flashed with murderous intent, thinking of killing these two people or letting them reveal the information here.

"Howl!"

But at this moment, a long roar suddenly came from the distance.

Ye Feng immediately retracted his movements, because he sensed the powerful life fluctuations of a strong man in the Law Realm, sweeping in from a distance, and his aura was very terrifying and majestic.

At this time, Ye Feng hid himself even deeper around him, so that no one could find out that he was hiding here.

And at the next moment, a huge and mighty iron-blooded team suddenly appeared at the end of the distant sky.

They were a group of powerful soldiers wearing crimson armor, holding powerful weapons in their hands. Each of them was an iron-blooded killer, with extremely sharp eyes. They had obviously experienced the baptism of blood and fire on the battlefield. It gives people an iron-blooded feeling of God standing in the way of killing God, and Buddha standing in the way of killing Buddha.

What made Ye Feng feel very scared at this time was the tall young man sitting on a red iron throne in the middle of the red armored team. His body was as powerful as a big gun, with a Chinese character face, a scar on his head, and incomparable eyes. It's sharp, like two knives, able to pierce people's hearts.

This person is obviously the commander of this team, a powerful being in the Law Realm, and the surging aura fluctuations emanating from him clearly indicate that this is not a strong man who has just stepped into the Law Realm.

"At least a mid-level, or even a high-level law-level expert!"

Ye Feng was secretly peeping, with a trace of fear in his eyes.

The two Chen family members were about to leave here, when they saw the crimson team flying from the end of the sky, their eyes suddenly changed, and they exclaimed: "They are the Crimson Flame Iron Cavalry under our Manzhou Prefecture, that Sitting on the throne is Lin Wudi, the commander of the Red Flame Army. He is a powerful person in the Law Realm, comparable to the head of the family! "

At this moment, the two Chen family members were very scared. They didn't expect that they had just discovered this land of yin and yang, and the Red Flame Army had arrived. It was so fast.

"why?"

The eyes of a Chen family member were filled with shock and anger.

"Pfft!"

But suddenly at this moment, another clan member next to this Chen family member suddenly took out a dagger from his arms, and with a "pop" sound, he stabbed into his companion's body.

"ah!"

The first Chen family member suddenly roared in pain, staring at his companion beside him, with blood spilling from his mouth, and said in disbelief: "Chen Hu, you...you dare to betray the Chen family? Red Flame Army It's coming so fast, are you secretly telling us the news?"

The Chen family member named Chen Hu was staring at his companion who had his heart pierced in front of him, with some struggle in his eyes, and said: "Don't blame me, there is nothing I can do. My son has been poisoned by a strange poison, and the upper class of the family simply cannot do it." Regardless of the life or death of those of us at the bottom of the tribe, Master Lin Wudi of the Red Flame Army is willing to help my son. For my son, I can only do this. I'm sorry, brother, you should give birth to a good child in your next life. I can only blame you. We are all at the bottom and have no right to decide our own destiny. We can only force ourselves to do things we don't want to do but must do."

The moment he finished speaking, Chen Hu pulled out the dagger in his hand from his companion's chest.

Bang!

His companion fell to the ground, dead instantly.

Chen Hu looked at the tragically dead corpse, with deep struggle and pain in his eyes.

But when he thought of his son who was about to die, he immediately strengthened his idea.

At this time, Chen Hu suddenly knelt down in front of a group of Red Flame Army in the sky and said: "General Lin Wudi, I have done everything you asked me to do. I hope you will not break your promise." "

Lin Wudi was very satisfied and said: "Who is this general? How could I break my promise? Don't worry, I have already found the best alchemist in the entire Manzhou to detoxify your son's strange poison. , and in the future he can directly enter the Manzhou Prefecture to practice. "

When Chen Hu heard this, he immediately said respectfully: "Thank you, General, for your kindness! Thank you very much!"

At this time, Ye Feng, who was hiding in a nearby tree, couldn't help but feel a little complicated when he saw this tragic scene.

As expected, life is too difficult for low-level people without strength, and once they encounter a crisis, they simply have no ability to solve it themselves.

Ye Feng felt a little silent in his heart. At this time, he urgently felt that his strength needed to become stronger as soon as possible.

Only when you become strong and have enough power and money can you calmly solve the crisis when it comes without having to do things you don't want to do and violate your original intentions.

Because that feeling is really painful, but reality forces you to do it.

So if you want to be able to control your own destiny, if you want to be able to calmly deal with a huge crisis when it comes, instead of begging others like a dog, then you must seize every opportunity you can, crazy Only by improving your own strength and becoming a high-ranking figure can you survive all crises.

Little people are destined to be sad.

The life of a small person, if there is no big crisis, can be an ordinary life.

But what if a huge crisis occurs?

For the little people and the people at the bottom, it is a devastating blow.

Because little people simply don't have any power to solve the crises that arise in their lives.

"Be strong! Only by constantly strengthening yourself can you be able to control everything about yourself! In the face of crises and difficult decisions, be able to be calm, calm, unhurried, and don't have to compromise."

Ye Feng was hiding in the dark, but he did have such a feeling about everything that happened not far away.

"Chen Hu, you are so courageous. You dare to liaise with foreign enemies and harm our Chen family? Have you forgotten me?"

Are the Chen family's family methods so terrifying? "

Suddenly at this moment, a majestic middle-aged man's voice suddenly sounded not far away.

"It's the master's voice!"

Chen Hu's eyes immediately showed deep fear, and he quickly ran to the side of the Red Flame Army to avoid the disaster.

"boom!"

But at this moment, a big, diamond-like hand, emitting a strong light, suddenly crashed down from a high altitude in the distance. It was the violent force of a strong man in the Law Realm, and it blasted directly towards Chen Hu.

"You dare to be so presumptuous in front of this general? Chen Haitian, the head of the Chen family, do you think you are too arrogant? Some old guys in the state capital rely on your Chen family's unique little immortality pill, but I don't need it. So if you dare to be presumptuous in front of me, the general will take action and kill you directly!"

Lin Wudi is the commander-in-chief of the Red Flame Army, and he has been fighting on the battlefield for many years. He has an extremely hot temper and is decisive in killing. He is not afraid of these so-called heads of big families at all.

At this moment, a long spear burning with flames suddenly appeared in his hand, and he blasted out with one shot. In an instant, the violent flames boiled into the void, and actually condensed into a long flame dragon, roaring, and directly blasted away The big Vajra hand that the head of the Chen family bombarded was instantly shattered.

Bang!

However, the terrifying energy aftermath almost knocked Chen Hu to the ground.

But he survived after all. At this time, Chen Hu was completely disappointed with his family. He immediately bowed to Lin Wudi, the commander of the Red Flame Army behind him, and said: "Thank you, General, for your help. From now on, I will I am determined to follow the general. Although I am at the bottom of the Chen family, I have mastered some of the secrets of the Chen family's creation of the Little Immortality Pill over the years. I will dedicate them all to the general when the time comes."

"Hahaha! Okay!"

Lin Wudi immediately laughed out loud: "From now on, your son can directly join my Red Flame Army, and I will personally make him a centurion!"

Uh-huh!

At this moment, a middle-aged man wearing a purple robe came from a distance.

This middle-aged man is the person who took action just now, the head of the Chen family, Chen Haitian.

Chen Haitian, like Lin Wudi, is also a super powerhouse at the Law Realm level.

But at this time, his eyes were extremely gloomy, and he stared at Chen Hu who was not far away, and said: "If you, a traitor to the family, are caught by me, I will cut you into pieces and chop off your head. Hang it in the ancestral hall for three days and three nights, so that the ancestors of my Chen family can see what the traitors look like."

At this time, Chen Hu had already given up. Facing Chen Haitian, the head of the family, he sneered and said: "My lord, you are like an emperor in the whole family. You are arbitrary and use all the resources of the family. It has converged on your tribe, but we, the lower-level tribesmen, do not enjoy any resources and are forced to work hard for the family. Do you think I can not betray such a family in name only? "

"you.....!"

When Chen Haitian heard what Chen Hu said, the veins on his face suddenly swelled with anger.

But then, he suppressed his anger. At this time, being angry was not rational at all for him.

With Lin Wudi and Chi Yanjun around, Chen Haitian knew that even if he was a strong man in the Law Realm, he had to be careful and careful.

At this time, Chen Haitian looked at the place where yin and yang gathered, and sneered: "Lin Wudi, what if you steal the secrets of my Chen family, as long as I get this ball of the best sun and moon essence, and refine it If I transform, then my strength will skyrocket. The old seniors in the state capital have promised me that they will let me hold a distinguished position in the state capital.

By then, my status will not be lower than yours, and may even be higher than yours. A reckless general, your life will definitely be difficult when the time comes, I'm telling you."

Lin Wudi was not afraid of the threat from the head of the Chen family at all. He just smiled coldly and said: "My Red Flame Army has all arrived. That ball of top-quality sun and moon essence must belong to me. Chen Haitian, even if you are cultivated Your skills are a little higher than mine, but I have so many Red Flame soldiers to help me. You'd better not confront me, otherwise I might really kill you by mistake. I think you're dead, and those old guys in the state capital you have won over We will not avenge you at all. At most, we will die in despair."

\u003e

Chen Haitian was unmoved, just stood there and said calmly: "Then we will wait and see. There is still a full month for the gestation of the best sun and moon essence."

At this time, Lin Wudi didn't make any sound, but stood there with an ugly look in his eyes.

Originally, he thought that he had arrived here early and could directly plunder the top-quality sun and moon essence.

But I didn't expect that that ball of top-quality sun and moon essence hadn't been completely gestated yet, and it still had to wait for a month.

Then the opportunity he had to arrive in advance would be completely useless.

At this time, Lin Wudi stared at Chen Haitian not far away, with a fierce glint in his eyes, as if he wanted to take action immediately to get rid of this huge scourge to the head of the Chen family.

But thinking that Chen Haitian was even higher than him in cultivation and a powerful person in the high-level law realm, after thinking about it carefully, Lin Wudi gave up the idea of strangling Chen Haitian first.

Ye Feng was hiding in the surrounding darkness at this time, hiding himself in the dense vegetation of the deep forest. He did not send out the slightest wave of life, and he was also lurking silently.

Buzz!

And just half a month later, a green lotus began to grow in the yin and yang of heaven and earth.

The core of the green lotus exudes a strong ray of light.

That is the ultimate essence of the sun and moon!

However, it has only grown a little now and is not fully mature. If it is picked early, it will wither early and have no effect.

Therefore, Chen Haitian and Lin Wudi, two strong men in the Law Realm, both had fiery eyes, but they did not move and continued to wait silently.

"Roar!"

And at this moment, in this wild forest, a terrifying beast roar sounded.

Many evil beasts and demons exuding ferocious auras came from far away, or walked out of the mountains, heading towards this place where yin and yang gathered.

Obviously, the gestation of the best sun and moon essence appeared, and the aura exuded by this sacred object of heaven and earth attracted many powerful creatures to come in an instant.

But after all, this place is not considered the depths of a wild forest, and the evil beasts and demons that are attracted here have not entered the realm of laws.

These evil beasts and monsters sensed the terrifying aura of the two powerful human beings in the Law Realm in the distance. They did not dare to approach directly. Instead, they stayed around, waiting for opportunities to lurk.

Just when one month is coming.

Uh-huh!

A goshawk whose body looked like it was made of gold suddenly flew out from the depths of the wilderness, exuding extremely strong terrifying fluctuations.

"Evil beast of law realm!"

Chen Haitian and Lin Wudi's eyes both showed a hint of gloominess.

"Boom!"

At this time, a mountain range not far away exploded.

An ugly underground demon dozens of meters tall, carrying a huge mace dozens of meters long in his hand, grinning ferociously and running from a distance.

This underground demon is surprisingly a barbaric demon at the Law Realm level!

"We can't wait any longer! Even if it's not fully mature, we must get it now!"

At this time, almost coincidentally, Chen Haitian and Lin Wudi took action almost instantly, releasing powerful power and attacking the top-quality sun and moon essence in the middle that was almost ready to mature.

Because the two strong men of the human race knew very well that if they didn't plunder, they would have waited for this month in vain, and they would definitely be benefited by the powerful demons in the depths of the wilderness.

Therefore, the two powerful men of the human race's law realm took action at the same time before the powerful demon actually arrived.

Their target was pointed directly at the green lotus that exuded the divine light of the sun and the moon in the middle of the land of yin and yang!

"Huh? You have to pick them before they are fully ripe? But that's right. Many powerful wild monsters have been attracted. We can't wait any longer."

Ye Feng was also alert in hiding at this time, his muscles all over his body were tense, and his magic power was surging in his body. He was waiting to find the best opportunity to take action in an instant in the chaos, and compete with the heroes for the sacred objects of the world.

Chapter 937 Ambush

Boom! !

At this time, two powerful men, Chen Haitian and Lin Wudi, took action together, and both sides instantly released extremely powerful killing methods.

Chen Haitian's whole body was shining with golden light, and he shot out a hand. It was like a living King Kong taking action. The hand turned into gold, and it was extremely towering, like the hand of a giant. It was suddenly carrying The huge force of gravity blasted directly at Lin Wudi.

"The gun comes out like a dragon!"

Lin Wudi roared loudly, and the spear in his hand suddenly turned into a flaming dragon, roaring horribly, releasing powerful and unparalleled destructive power, like a real fire dragon appearing, screaming and killing Chen Haitian go.

"Boom!!"

The extremely ferocious Vajra hand and the flaming dragon struck together, and immediately emitted a terrifying roar that almost shook the entire sky.

All the surrounding land was destroyed, and the battle between the strong men in the Law Realm was indeed terrifying.

Even the two wild monsters from the Law Realm running in the distance had fear in their eyes at this moment, and they stopped one after another, not wanting to get involved in this terrifying battle.

"Uh-huh!"

Chen Haitian was extremely powerful, and the technique he practiced seemed to be a very powerful body-refining technique. At this time, his whole body directly turned into a diamond giant, and his

body seemed to be made of the hardest divine iron in the world. The indestructible, golden hand grabbed directly at the top-quality sun and moon essence.

"Stop it!!"

Lin Wudi roared at this moment, and his whole body burst out with overwhelming fighting spirit. At this moment, the Red Flame Army soldiers behind him actually poured all their fighting spirit into Lin Wudi's body.

boom!

The surface of Lin Wudi's whole body suddenly burned with extremely boiling flames. At this time, his whole body absorbed the fighting spirit of many Red Flame Army soldiers, and his whole body began to expand and become larger, and finally became a full The flaming giant with a height of more than ten meters, holding a flaming spear in his hand, really looked like an invincible flaming warrior resurrected.

"Chen Haitian, this top-quality essence of the sun and moon is a sacred object of heaven and earth. You, a small family head, are not qualified to enjoy it at all. This is destined to belong to me. As long as I swallow it, I can condense the sun and moon. Holy Body, when the time comes, my Dragon God Red Flame Technique will undergo a huge transformation, and it is not impossible to become the master of the entire Manzhou Prefecture in the future, hahaha!"

Lin Wudi, who had transformed into a flame warrior, now showed his domineering air in his words.

He was brave and invincible. He held the big gun with burning power in his hand and shot towards the head of the Chen family.

"Boom!"

"Boom!"

Two powerful human beings were fighting together in an instant.

"good chance!"

At this moment, Ye Feng, who had been hiding in the surrounding jungle, suddenly lit up.

At this time, many of the wild monsters around were watching from a distance and did not dare to approach, while the two strong men in the Human Race Law Realm were fighting desperately.

This is truly a once-in-a-lifetime opportunity!

"Void jump!"

At this moment, Ye Feng's body suddenly moved. His body suddenly submerged into the void, and then almost instantly, it passed through the layers of space, as if it flashed in an instant. Appearing in the middle of the place where yin and yang gathered, he stretched out his hand directly, grabbed the ball of the best sun and moon essence that exuded blazing light, and then swallowed it.

"What?!"

The sudden scene stunned everyone on the scene.

Immediately, everyone became deeply angry.

"There are thieves hiding around. They have been waiting for a long time!"

At this moment, Chen Haitian and Lin Wudi, two strong men in the Law Realm, became furious when they saw this scene.

"How dare the thief?"

The two super strong men stopped fighting at this time. Instead, they all roared angrily and charged towards Ye Feng in the distance.

Buzz!

But at this time, Ye Feng naturally would not stop, and instantly jumped towards the distant void.

Ye Feng had understood the secret of space back then, and had the secret of space in his body. Therefore, when he jumped in time and space, his speed was extremely fast. In just a blink of an eye, he had disappeared into the distance.

"No!!!"

Chen Haitian and Lin Wudi both made extremely furious sounds.

They have worked hard to wait here.

Nearly over a month.

But the result?

However, a little thief with unknown identity took advantage of the fight between the two and snatched away the extremely precious Sun and Moon Essence, a sacred object of heaven and earth, in an instant.

He even swallowed it on the spot!

Lin Wudi's eyes were extremely angry: "Damn it! That little thief actually swallowed the best essence of the sun and the moon. Once this kind of sacred object of heaven and earth comes into contact with life, it will instantly merge into the living body. We have been waiting in vain. It's been more than a month! Even if I catch up with that kid, it's too late! Damn it!"

At this time, Chen Haitian, the head of the Chen family, had extremely gloomy eyes, but he suddenly said: "It's not too late. Our Chen family is a family that has been refining medicine for thousands of years. Even if that kid has fused the best essence of the sun and the moon, I He can also cultivate the energy of the sun and moon essence in his body!"

Lin Wudi's eyes suddenly trembled and he said, "Really?"

Chen Haitian smiled coldly and said: "It's already this time, do you think I will still lie to you? What we want to think about now is to work together to catch that little thief."

"Go and catch him immediately!"

Lin Wudi immediately roared: "All the Red Flame Army, disperse to the entire border of this wild forest, and mobilize the power of our barbarian state capital to ask the lord of this wild forest, the demon Canglang King, to cooperate with us. We must Catch the little thief who stole the best Sun and Moon Essence!"

...

The third day.

"Boom!"

A huge palm, emitting golden light, just like the hand of the legendary King Kong Giant, instantly crashed down from the sky, directly blasting Ye Feng into the earth.

Boom!

Boom!

A huge palm print suddenly appeared on the entire ground, and gravel rolled in. Ye Feng climbed out of the ruins, feeling a little embarrassed.

But after all, his physique was very strong, and he withstood a blow from this high-level law-level expert without sustaining any damage. He got up and continued to run away into the distance.

At this time, three full days have passed since the last time Ye Feng stole the best sun and moon essence.

In the past three days, what made Ye Feng helpless was that he had no time to refine the ultimate sun and moon essence.

Because Chen Haitian and Lin Wudi both went crazy to pursue him.

What made Ye Feng's heart sink even more was that the lord of this wild forest, the demon Canglang King, and the leader of the Wolf God Sect, both personally walked out of the secret training room and locked their traces with strong willpower. It's like three law-realm experts are chasing him.

Chen Haitian is a strong person in the high-level law realm.

Lin Wudi, a general in the middle-level law realm.

And the Blue Wolf King is a super demon in the Dzogchen Law Realm, with very powerful methods.

"This is not the way to go."

Ye Feng was thinking secretly in his heart while running away in the endless forest.

If this continues, no matter how powerful Ye Feng's magic power is, he will never be able to walk out of this wild forest alive.

At this time, the bald bird's eyes were slightly fierce, and he said: "Boy Ye Feng, it's not easy for you to run away like this. You might as well kill the three of them without stopping."

Ye Feng's eyes moved and he said: "How can I have the strength to kill three Law Realm experts now, and they are all high-level Law Realm existences. If I break through to the Law Realm, even the elementary Law Realm, as long as I summon The Dzogchen future body can also destroy those three powerful enemies in an instant. However, my current cultivation level is in the Dzogchen Peeping Realm. Even if I communicate with the future and let the future body appear, the future body will still be the same as me. A perfect glimpse into the Tao realm is of no use."

The long river of time flowing out of the crystal mirror can communicate with the future body, but the future body can only manifest the Dzogchen cultivation of Ye Feng's current state.

So now, even if Ye Feng summons the future body of Dzogchen, at most he can only get a clone of the same level as himself, which is of little use and is not a match for those three powerful men joining forces.

There was a trace of hesitation in the bald bird's eyes, and then he seemed to have made up his mind and said: "Let's do this, boy Ye Feng, you can find a place where you won't be discovered for the time being, and I will take action myself, at the expense of some of my resources." With the divine power that has been restored over the past few years, a very powerful spiritual pattern array has been deployed to defeat those who are chasing you.

Three powerful enemies, kill them all! "

Ye Feng's eyes suddenly lit up and he said: "So powerful?"

The bald bird glanced at Ye Feng angrily and said: "Of course, it doesn't matter who this god is, but it requires a huge amount of energy to be restored by this god, which is very harmful to the divine power."

Ye Feng immediately said: "It's okay. As long as you can kill those three powerful enemies, I will replenish it for you with the ancient fragments."

The bald bird's eyes suddenly lit up and he said, "Okay, that's a happy decision!"

...

Half a month later, Chen Haitian, Lin Wudi and Canglang King, three powerful men in the Law Realm, stood side by side and descended into a very deep canyon.

At this time, the Blue Wolf King transformed into a young man wearing a black robe. His body was very powerful, giving people a feeling of heavy oppression. ??

He is the strongest among the three, and has the terrifying cultivation level of the Great Perfection Law. Otherwise, he would not have become the demon lord of this entire wild forest.

At this time, even Chen Haitian and Lin Wudi were vaguely dominated by Cang Lang King.

Without the help of the Manzhou Prefecture, Canglang King, the demon lord, would not bother to deal with the two of them.

Chen Haitian and Lin Wudi were silent at this time. Canglang King was searching for the traces of the thief. No one was more familiar with the terrain of this wild forest than Canglang King, the demon lord.

The Cang Wolf King had his hands behind his back at this time, and his eyes were really staring at the surrounding Grand Canyon, with a faint green light shining in his pupils, as if he was exploring something.

Lin Wudi became a little impatient and asked: "Cang Lang King, why does your Wanli tracking power seem to have failed in the past few days? You can't detect any trace of that kid?"

The Canglang King's eyes revealed a trace of doubt, and he said: "The final location where the boy's aura that I explored was in this grand canyon. It shouldn't be. Why is it that after we arrived now, nothing happened?" not found?"

Chen Haitian, the head of the Chen family, flashed his eyes slightly and said: "The last aura of the little thief you detected, King Canglang, stays in this grand canyon. That means that the little thief, at this moment, Hiding in this Grand Canyon?"

"What?"

Lin Wudi's eyes moved, and then he suddenly thought of something, and he suddenly turned pale and said in shock: "Soldiers are not afraid of deceit, there must be an ambush in this Grand Canyon!"

boom!

And almost at the moment Lin Wudi's words fell, the entire Grand Canyon, which was originally peaceful, suddenly heard a series of roars.

The three Law Realm experts immediately saw that on the hillside around the Grand Canyon, the earth and rocks suddenly exploded, and the spiritual patterns condensed by light burst out from the depths of the ground and condensed directly in the sky. , became a large formation full of killing energy, covering the entire Grand Canyon.

Endless light emanated from the killing formation at this time, condensing into a sword of light high in the sky, spitting out a terrifying sword light.

In addition, the light of these spiritual formations also condensed various other strange weapons, such as knives, swords, towers, axes, hooks, etc., like a formation of ten thousand soldiers.

"There is indeed an ambush!"

The expressions of the three Law Realm experts suddenly changed slightly.

But then, the Canglang King was extremely calm, and even said with a hint of sarcasm: "A small human race in the Peeping Dao Realm dares to arrange a large formation to kill us? It's simply naive, it's simply delusional, I Take action and destroy this formation with just a snap of your fingers!"

boom!

The Cang Wolf King took action, and boundless demonic energy erupted from his body. At this time, his entire body suddenly transformed into a giant wolf that reached the sky.

Uh-huh!

A huge wolf's claws, each of which seemed to be made of the strongest divine iron in the world, could tear the sky and the earth apart, exuding terrifying demonic energy and sharp light, and clawed at the sky in one fell swoop.

"Boom!"

The infinite weapon light exploded, falling directly from the sky and bombarding the Cang Wolf King.

"hiss!"

The Cang Wolf King's huge wolf claws were directly smashed to pieces. He was so painful that he couldn't help but gasped and exclaimed: "This formation is very extraordinary. It cannot be set up

by a small human boy." Yes, he must have helpers, and he is a very accomplished master of formations!"

At this time, Lin Wudi and Chen Haitian suddenly sensed a very terrifying aura brewing.

"Buzz!"

At this moment, the spiritual formations in the entire Grand Canyon, and the formation patterns that make up the formations, suddenly bloomed with more than ten times the light than usual.

"This is?"

"No! That kid wants to make this big formation explode directly. He wants all three of us to be killed directly!"

Suddenly Lin Wudi discovered something, and a set of crimson armor suddenly appeared all over his body, covering his entire body.

Boom! !

The other two didn't even have time to react. The spiritual array in the entire Grand Canyon exploded instantly, and the terrifying roar resounded throughout the entire wild forest.

On the vast land of this wild forest, countless evil beasts and demons were trembling at this time. They suddenly fell to the ground and felt a terrifying and destructive wave, spreading out deep in the wild forest. , don't know what happened.

At this time, with the explosion of the spiritual formation, the entire Grand Canyon was immediately razed to the ground, and countless hillsides were shattered and turned into ruins.

Ye Feng came from not far away at this time, his eyes were cold.

Bald Bird's original intention was to directly trap these three people with the spiritual formation and then kill them.

But at the critical moment, Ye Feng thought of a more ruthless method.

That is to control the formation eye and make the entire spiritual formation explode directly!

The explosion of a huge spiritual array is many times more terrifying than the killing energy exerted by the spiritual array itself, and is full of immense destructive power and destructive power.

At this time, Ye Feng stepped to the edge of the Grand Canyon and saw that the entire Grand Canyon had become a ruin.

In the endless rolling rubble, Ye Feng saw two broken corpses.

It belongs to Canglang King and Chen Haitian!

These two law-realm experts died miserably, and it must be said that they died in a very useless way. They were killed by a large formation that self-exploded.

Bang!

Suddenly a piece of rubble exploded, and Lin Wudi's figure rushed out instantly.

The crimson armor covering his body was completely shattered.

Although Lin Wudi was not dead, his body was stained with blood and he had obviously suffered heavy injuries.

"Fortunately, at the last moment, I discovered something abnormal and decisively put on a set of very powerful and tough armor on myself, otherwise I might have died long ago!"

Lin Wudi looked at the corpses of his two companions on the ruins on the ground, his eyes filled with shock and anger.

At this moment, he stared at the young man in black not far away, and finally saw the culprit clearly.

Lin Wudi's face was extremely cold and he said: "Boy, how dare you do such a heinous and unethical thing? You must know that this is a heinous crime!"

Ye Feng smiled coldly, unmoved at all, and said: "Heinous crime? You have been chasing me for so long, and I don't give you any pain and make you pay the price. Do you really think you are superior? Humph, Now that I've killed two people, how can you fight against me?"

Lin Wudi laughed loudly and said sarcastically: "I'm not dead yet. You just peeked into the Dao realm, while I am at the intermediate level of law. Now that the trap you set has not killed me, then what happens next?" Even if you die, it just so happens that you kill Chen Haitian and Canglang King. After I kill you, the best essence of the sun and moon in your body, it will only belong to me. I don't have to split it equally with the two of them, hahaha, it's just what I want!"

Lin Wudi was speaking at this time. Although he looked a little embarrassed, a huge and boundless terrifying aura was suddenly released from his body.

That is the boundless fighting spirit that belongs to the strong men in the middle-level law realm!

Ye Feng's eyes were a little wary, this Lin Wudi was still very powerful.

But Ye Feng is still a little eager to try at this moment.

Buzz!

The storage ring on his finger flashed, and a powerful blue halberd appeared in his hand.

It's the Poseidon Trident!

It is a powerful warrior that surpasses the magic weapon level of an imperial weapon!

Moreover, it is a sixth-grade magic weapon with an ancient aura, contains divine power, and is very powerful!

Ye Feng held the Poseidon Trident, and his whole body was shrouded in blue divine light. He said with a hint of crazy fighting intent in his tone: "Since you were not killed by the formation, I have no choice but to take action myself. I want to see if the powerful people in the middle-level law realm are really as powerful as the legends say?"

Chapter 938 I'm back

The blue light that shrouded Ye Feng's body was the energy surging from the Poseidon Trident.

At this moment, the aura all over his body, under the blessing of the Poseidon Trident, the fluctuations in combat power have surpassed his own cultivation level, and he has fully glimpsed the Dao realm.

Lin Wudi, who was standing on the ruins not far away, stared at the blue euphoria in Ye Feng's hand, and said with some surprise: "The weapon in your hand is called the Poseidon Trident. I heard that it was the head of the Chen family who accidentally used it in his early years. Why did it appear on your body when it was fished out of the depths of the ocean?"

At this time, Lin Wudi suddenly thought of something, his eyes suddenly widened in shock, and he said: "I heard that a human villain appeared in the wild forest recently, hunting and killing demons and beasts in the wild forest. Even the eldest young master of the Chen family Chen Ping'an was brutally murdered, could that person be you? "

Ye Feng held the Poseidon Trident in his hand and said with a cold smile: "What's the point of me? You're going to die soon anyway."

"Hahaha!"

Lin Wudi burst out laughing when he heard these words and said coldly: "Boy, do you think I should call you arrogant or naive? If you don't take a good look at your current cultivation, how could you possibly be able to do it?" If you can beat me, even if you have a powerful magic weapon in your hand, don't I have it?"

boom!

Almost as soon as Lin Wudi finished speaking, a huge dark roulette appeared in his hand.

At this time, Lin Wudi input mana into it, and the dark roulette suddenly burst out with a dark and boundless power, covering the entire Grand Canyon in an instant.

At this time, the entire sky was shrouded in the light of darkness, and the entire broken Grand Canyon suddenly changed from the bright sun to the darkness of night.

Ye Feng's whole body was glowing with azure light, and he was holding the Poseidon Trident in his hand. He no longer hesitated at this moment, and directly burst into flames, charging towards Lin Wudi in an instant.

"A warrior in the Peeping Dao Realm dares to take action against this general. Boy, you are the first, and you will also be the last!"

Lin Wudi roared loudly, and the black roulette wheel in his hand slammed towards Ye Feng.

Boom!

Suddenly, a large wave of dark energy, like a dark wind blowing from the Nine Nether Hell, surged towards Ye Feng.

It was like a vast ocean, containing boundless terrifying destructive power. It wanted to directly destroy Ye Feng and crush them all.

"kill!"

At this time, Ye Feng poured all his majestic magic power into the Poseidon Trident in his hand.

Buzz!

This sixth-grade magic weapon seemed to be supported by strong power in an instant, and its entire body burst into divine light.

There was even a majestic and ancient shadow of the Neptune that appeared behind Ye Feng in an instant.

That phantom is the King of the Sea, the king of the ocean, the incarnation of the will of the ancient great power, possessing boundless majesty and terrifying power.

"Boom!!"

The two huge attacks collided in the sky, causing an earth-shattering roar.

Wow!

Click, click...

The entire earth was shattered inch by inch, and all the surrounding mountains and trees fell.

The scene was very terrifying, as if the end was coming.

At this time, countless monsters and beasts around the wild forest screamed in fright and fled towards the distance.

The battle between Ye Feng and Lin Wudi was like two ancient powers fighting, possessing very terrifying energy destructive power.

From this we can see how terrifying it would be for a strong man who has stepped into the nine secret realms to fight to the death.

So now in the spiritual world, the Tongtian Divine Dynasty even has some special regulations.

In the land of Nineteen States where the human race flourishes, such as the great sects, ancient cities, and royal capitals, the powerful men of the Nine Secret Realms are not allowed to take action.

If there is a personal grudge, the existences at the level of the nine secret realms can fight outside the human land, in the endless wilderness or the endless ocean area.

The spiritual world is very vast. Beyond the nineteen states of the human race, there is still a vast expanse of land where you can fight and destroy to your heart's content.

Boom!

Boom! !

The battle between Ye Feng and Lin Wudi was very terrifying. It was a life-and-death fight. Every move and every move was capable of bursting out with overwhelming destructive power.

"Boy, this general has to admit that you are indeed a genius. At such a young age, you actually have such a powerful fighting force. I have to say that you are very powerful. Even I have to praise you. But it is a pity. You haven't grown up yet. Your current cultivation level cannot defeat me, and there will only be one fate for you, that is, you will be killed by me when you are exhausted. I am in the middle-level law realm, and you But after all, it is the Dao Peeping Realm, even if it is the Dzogchen Dao Peeping Realm, it is like being separated by thousands of mountains and rivers, and it is insurmountable to my cultivation strength!"

\u003c

br\u003e Boom!

Lin Wudi yelled, his tone full of strong confidence.

This is Lin Wudi's long-standing belief in practice, which is to maintain his invincible fighting will. The more he fights, the stronger he becomes, and his fighting spirit is also powerful and terrifying.

I have to say that this Lin Wudi is still very powerful, a rare fighting prodigy.

His combat power may not be much weaker than that of the Canglang King. He is worthy of being the commander-in-chief of the Red Flame Army under Manzhou Prefecture. He is very powerful.

However, if the opponent he met today was someone else, maybe Lin Wudi could really succeed, win this battle, and establish his invincible martial arts will and belief.

But unfortunately, he met Ye Feng.

"The future body of Dzogchen, come out and fight side by side with me!"

At this time, a crystal mirror suddenly appeared behind Ye Feng.

Wow!

Suddenly, a vast white river of time rushed out of the crystal mirror.

At the end of the long river of time, a majestic and vast figure was standing there.

It is the future body of Dzogchen!

At this time, the aura of cultivation in the future body is clearly in the state of Dzogchen.

But it is more majestic and calm than Ye Feng himself at this time.

Obviously, although the cultivation level of the future body is the same as that of Ye Feng at this time, his state of mind and cultivation vision are many times higher than the current Ye Feng.

"What? What kind of treasure is this? How come there is a Dzogchen Peeping Dao Realm hidden in it, and the threat he gives me is greater than the threat you give me, kid. When did there appear so many heaven-defying things in the Peeping Dao Realm? A warrior?"

At this time, Lin Wudi's originally very confident face suddenly changed, and his eyes showed a very frightened look.

"boom!"

"boom!"

And almost at this moment, Ye Feng and his future body did not leave Lin Wudi any time to think.

They took action one after another, and suddenly two monstrous waves of power appeared, filled with endless killing energy, and instantly enveloped Lin Wudi.

"ah!!"

Shrouded in that murderous aura, Lin Wudi suddenly let out an earth-shaking howl.

Snap!

Half of his body was immediately shattered.

Click!

The treasure black roulette in his hand was also shattered by a slap from the future body.

The hand of the future body seems to be made of divine iron, full of incredibly terrifying hardness, and is indestructible.

"No! I don't believe it!!"

Lin Wudi had only half of his body left at this time, looking extremely miserable.

But he yelled angrily, his tone full of unwillingness.

But everything is a done deal!

Even if Lin Wudi has a very strong fighting spirit and martial arts aspirations, he will be crushed directly in the face of absolute power.

"Pfft!"

Finally, Ye Feng held the starting trident in his hand and struck directly in front of Lin Wudi. The halberd blasted out, instantly piercing Lin Wudi's head.

Lin Wudi, fell!

At this time, Ye Feng could finally breathe a sigh of relief.

The three powerful enemies were finally completely defeated.

"Swallow!"

boom!

Ye Feng circulated the devouring field, swallowing up all the skills and residual blood energy of the three law-realm experts who had fallen on the field.

"boom!"

An unimaginable amount of energy suddenly exploded in Ye Feng's body, pouring crazily into his limbs and bones, continuously increasing his strength.

At this time, the bald bird immediately shouted: "Ye Feng boy, hurry up and take advantage of the addition of the three powerful men's skills and blood energy to refine all the top-quality sun and moon essences that were previously fused in your body. This time The opportunity will definitely allow you to break through to the realm of law!"

Ye Feng nodded at this time and said: "Heroes see the same thing. I also think this is a once-in-a-lifetime opportunity that allows me to directly break through the shackles of the Dao Peeping Realm and step into the real Law Realm. As for condensing my destiny, Law, I already have the answer in my heart, that is the law of power. Power is above everything. Even the most mysterious power of destiny in the world will be completely shattered and transformed in the face of absolute power. For ashes!"

At this moment, Ye Feng was speaking, and an extremely terrifying light appeared in his eyes.

That kind of light represents monstrous power, the courage to move forward, and the aura of an emperor who looks down upon the world.

"boom!"

At this moment, the top-quality sun and moon essence that Ye Feng had swallowed before was being smelted in the oven of creation in Ye Feng's body, and was quickly being refined and decomposed.

All of them became pure surging power, making up for all the shortcomings in Ye Feng's body, making all Ye Feng's flaws in the Dao Peeping Realm full and complete.

At this moment, Ye Feng felt that all parts of his body were filled with endless brute force. His fists were like a hammer from the sky, and he felt that he could shatter the entire sky and earth. .??.

...

"boom!"

Three months later, deep in the wild forest and in the broken Grand Canyon, Ye Feng finally burst out with a new and powerful aura of cultivation.

This kind of cultivation momentum is simply as majestic as the sea and as tall and majestic as a mountain.

Ye Feng stood there. Although he was only about 1.8 meters tall, to outsiders, he felt like a human giant several thousand meters tall, standing on the earth.

That kind of oppressive momentum is really terrifying and suffocating.

Buzz!

At this moment, Ye Feng suddenly opened his eyes, his pupils filled with infinite divine light.

At this time, his two eyes were like two suns, emitting dazzling brilliance, able to illuminate the darkness of the world.

"Finally, we have broken through to the primary law realm!"

Ye Feng let out a long breath. Within a year, his goal was finally achieved.

He was originally tense, but now he was finally able to relax.

At this time, Ye Feng stretched out a hand, and his heart moved, instantly activating the Sun and Moon Battle Body.

At this time, the skin on the hand that Ye Feng stretched out suddenly became indestructible and exuded the light of the sun and the moon.

The light of the sun and moon at this time was extremely rich, shining ten times more dazzlingly than before.

"It seems that my sun and moon battle body has also undergone a huge transformation. It has definitely entered the Dzogchen sun and moon battle body from the later stage. That ball of sun and moon essence is indeed the best sun and moon essence. It was bred from the yin and yang of heaven and earth. , I am afraid it has been gestated for thousands of years, and it actually caused my sun and moon fighting body to undergo the final transformation. Not bad, not bad, this time not only my physique has evolved, but my cultivation has also entered the third secret realm of laws. , I am afraid that my current strength has reached a very terrifying level. If Lin Wudi was in front of me now, I would be able to smash him into pieces with one slap."

The improvement of a large realm is extremely terrifying.

Ye Feng's combat power also experienced an incredible surge this time.

At this time, Ye Feng looked at the bald bird beside him and said with a smile: "Master Bird, hurry up and find a way to unseal the fragments of the ancient world. After the fragments of the ancient world are unsealed, all the power you have consumed can be replenished."

The bald bird twitched his lips and said: "This time after you return to the sect, let me go to the library of the Sword God Tiangong to take a look. Maybe I can find some solutions."

Ye Feng nodded and said: "Now that the previous year is almost coming to an end, it's time for me to go back."

For the entire next month, Ye Feng spent all his time on the road, apart from consolidating his newly achieved cultivation level.

Finally, in the last few days of the year, Ye Feng finally traveled through the entire Barbarian State and came to the land of Snow State.

Fortunately, Manzhou and Xuezhou are adjacent human states, otherwise Ye Feng might not be able to meet this deadline in the end.

After arriving in Xuzhou, Ye Feng was naturally very familiar with the route.

So in less than three days, Ye Feng returned to the Sword God Heavenly Palace.

...

Hoo ho ho!

Hoo ho ho!

On the white sky, there are still goose feather-like snowflakes floating.

Ye Feng stepped over at this time and happened to see the huge ancient mountain monument in front of the gate of the Sword God Tiangong.

This situation made Ye Feng sigh.

I still remember that a few years ago, when Ye Feng first came to the land of Snow State, he listened to Uncle Nan's words and was alone. When he first came to the gate of the Sword God's Heavenly Palace, he was still a little warrior who had not even entered the imperial realm.

But now, several years have passed, Ye Feng's current cultivation level has entered the realm of law, almost comparable to some powerful inner sect elders in the Sword God Heavenly Palace.

You must know that Xiao Bing, the former leader, is only in the intermediate level of law. Now he may not be able to defeat Ye Feng in a battle with Ye Feng, and is not Ye Feng's opponent.

At this moment, Ye Feng is carrying

With great confidence, he walked towards the Sword God's Heavenly Palace.

"Rumble..."

Suddenly at this moment, from the far end of the sky, a team came suddenly.

In this group, there were more than a dozen tall guards wearing golden armor.

There were also two strong men carrying a huge and distinguished sedan chair. In the sedan chair, a young man who looked like he had an extraordinary status was sitting leisurely.

"Welcome to the Crown Prince of Qi. The elders and others have already given instructions. This time, there is a quota for entering the Tiannan ancient ruins. There is one quota for the inner gate, but the Ye Feng who was originally granted the quota has been missing outside for almost a full year. He was confirmed dead, so the spot belongs to you, the Crown Prince of Qi."

At this time, several inner sect elders came out of the Sword God Heavenly Palace and spoke to the young man sitting in the sedan chair guarded by the golden guards. There was something flattering in their tone.

Obviously, this prince of Qi is the prince of Qi, the largest vassal state in Snow State. He has great power and high status. He can actually make the elders of the inner sect of Sword God Tiangong, the largest martial arts sect in Snow State, unable to help themselves. subservient.

However, Ye Feng suddenly stopped when he heard what these elders said.

The only spot in the inner sect was originally his own, but now it belongs to the prince of Qi State, just because he has been missing for a year?

"Didn't I already tell Xiao Bing and Elder Ziyunchuan that I will be practicing outside this year?"

Ye Feng's eyes darkened slightly. He looked at the elders of the inner sect who went out to greet the Crown Prince of Qi. They were all very unfamiliar faces. Has there been a change in the inner sect?

However, Ye Feng naturally cannot tolerate his rights being deprived of his rights in such an unexplained way. He has worked hard for such an opportunity for a whole year and must not let it go to waste.

At this time, Ye Feng did not enter the Sword God's Heavenly Palace, but stood in front of the mountain gate, looking at the elders of the inner sect who greeted the Prince of Qi, and said: "Elders, I just heard that you gave up Ye Feng's place to Prince Qi? Why didn't you wait for him to come back? Who confirmed what you just said?"

The inner sect elders were suddenly stunned and looked at the young man in black not far away. Apparently they did not expect that at this time, a disciple would dare to contradict them and question their decision.

An inner sect elder with a hooked nose immediately stared at Ye Feng, smiled coldly, and said: "Who are you? A young disciple who has never seen you before. I am a new disciple, so I dare to question you." The decision of our elders? Ye Feng has disappeared for a year and died outside long ago. Now the prince of Qi has contributed a hundred thousand creation pills to the inner gate of the Sword God Tiangong, and there is also a statue to suppress the feng shui of the inner gate. Is there anything wrong with giving the seven-story pagoda of Yun the only place to participate in the Snow State Genius Association and enter the inner gate of the Tiannan Ancient Ruins to the Prince of Qi? Don't question it, this is a decision made by our elders together. "

The Crown Prince of Qi, who was sitting on a sedan chair high up in the sky, casually glanced at Ye Feng below and said, "Where did you come from, you wild boy? Get out of here."

Ye Feng didn't even look at the Prince of Qi. He just stared at the group of inner sect elders and said, "What if Ye Feng comes back?"

An inner sect elder sneered and said, "I heard from others that that kid has died outside. How could he come back?"

Ye Feng suddenly smiled.

"Why are you laughing?" several inner sect elders said one after another.

Ye Feng said indifferently: "I am Ye Feng, I'm back!"

"What?!"

Almost at the moment Ye Feng's voice fell, the expressions of the inner sect elders suddenly changed.

Especially the aquiline-nosed inner sect elder who spoke before immediately said in horror: "What should we do? This Ye Feng is not dead? Then we tell the elder Ziyunchuan that Ye Feng is dead and let the prince of Qi get that If the Great Elder Ziyunchuan finds out about the quota for entering the Tiannan Ancient Ruins, he will definitely blame us, and we won't be able to afford it all!"

Another inner sect elder suddenly glared hard and stared at Ye Feng who was not far away. He smiled sinisterly and said: "We have received great benefits from the Crown Prince of Qi. We must let the Crown Prince of Qi get that quota. Didn't this kid still not enter the sect? If we, the elder-level experts, joined forces to kill this kid, wouldn't that mean that all the problems were solved? The great elder Ziyunchuan has been convinced by us during this time. Ye Feng is dead, and he is now in a miserable retreat. It is impossible to take care of everything happening in front of Zongmen Mountain at this moment. "

Several inner sect elders spoke with ferocious murderous intent in their tone.

They only discussed in a very low voice, but Ye Feng's perception was so powerful that he instantly heard the whispers of the inner sect elders' conspiracy, and his face suddenly became extremely cold.

These inner sect elders actually wanted to kill him on the spot?

Chapter 939 Ambition

Ye Feng's perception was so strong that he heard what those inner sect elders secretly said in an instant. It was a conspiracy.

"You said your name is Ye Feng? Why don't I believe it? Is there any way you can prove yourself? Take out your identity token and show it to me."

An inner sect elder who was a strong person in the primary law realm was walking towards Ye Feng, as if he wanted to check Ye Feng's identity token.

Ye Feng acted as if nothing had happened. He simply took out his identity token and prepared to show it to the inner sect elder who came over.

"Hey, kid, I don't care who you are, it doesn't matter who you are, what's important is that you will be killed by me right now!"

But at this moment, the inner sect elder who walked slowly over didn't even look at the identity token in Ye Feng's hand.

boom!

He smiled ferociously, and actually took action directly. His palm emitted a strong black light, and the attack contained terrifying destructive power.

"Haha, no matter you are Ye Feng or not, you will die today." .??.

This inner sect elder didn't even use martial arts, because the black-clothed young man in front of him looked too young and could not be that powerful, so this inner sect elder just took action without any mercy, very Disdainful.

"Pfft!"

But at this moment, Ye Feng seemed to have expected it. A long sword appeared in his hand in an instant, and instantly pierced the chest of the inner sect elder who came over.

"What?"

The inner sect elder felt a pain in his heart, and felt that his life force was passing away quickly. He suddenly shouted in horror: "Boy, you... what kind of cultivation are you? How could you use this sword? I can't even avoid it?"

Indeed, Ye Feng's sword was so fast that the inner sect elder didn't even react, and his chest was directly pierced.

Wow!

The blood couldn't stop flowing out. The inner sect elder's heart had been punctured and he couldn't survive at all.

"ah!"

In fact, the inner sect elder originally wanted to kill Ye Feng, but he was killed instantly by Ye Feng. This result made everyone on the field couldn't help but look shocked.

The three or four inner sect elders who were not far away suddenly changed their expressions and shouted in shock: "Ye Feng, what have you done? How dare you assassinate an inner sect elder on the spot? You are simply treasonous! "

boom!

But at this time, Ye Feng smashed the head of the inner sect elder who walked in front of him with a slap.

His palms were stained with blood, and when he looked at the inner sect elders who were shouting loudly not far away, there was a hint of sarcasm in his eyes.

Ye Feng's tone was calm and he spoke slowly: "Hmph, what qualifications do you have to accuse me? I heard everything you just said about plotting to kill me. When this inner sect elder walked in front of me, he simply Not to find out my identity, but to kill me on the spot while I'm not paying attention. Unfortunately, I have strong hearing and have already been on guard after hearing your plan. This inner sect elder thought. If he wants to kill me, then I can only kill him, an eye for an eye, a tooth for a tooth."

"you.....!"

Ye Feng's words were full of endless domineering power, which made several other inner sect elders present unable to help but tremble.

At this time, another inner sect elder, a strong man in the middle-level law realm, suddenly burst out with an extremely terrifying aura.

He stared at Ye Feng and said coldly: "Okay, now that we have broken our skin, there is no need to hide anything. At this time, in the deserted land outside this sect, there is no one around at all. No matter you are It's not Ye Feng, you must die, otherwise we won't be able to live without food. The elder of the inner sect died so miserably just now. He was unexpectedly attacked and killed by a kid like you. So now I want to act openly and honestly, like you. The arrogant boy who doesn't know the heights of the world will be crushed to death!"

This inner sect elder has a powerful cultivation level in the middle-level law realm. When he said these words, he obviously still felt that Ye Feng had just succeeded in a sneak attack, and did not think that Ye Feng, a young boy, was so powerful.

"Sen Luo Hell!"

The inner sect elder took action in an instant, displaying a very powerful set of inherited martial arts.

boom!

A hand blasted out, and a terrifying vision of a dark hell appeared high in the sky.

The terrifying murderous aura and endless demonic aura formed like a heavenly prison in an instant, directly covering Ye Feng's location and space in all directions, making it impossible to escape.

Ye Feng didn't have any fear in his eyes at this time. He just looked at the inner sect elder who was not far away and said coldly: "Since you

If you are unkind to me, then don't blame me for being unjust to you. In this sect, as the inner sect elders, you do not protect the inner sect disciples. Instead, you help outsiders to kill me, a disciple, so as to obtain The quota that should belong to me, your actions are simply crazy, so now I don't need to take into account some of the sect's rules. I will directly suppress and kill you all. The upper levels of the sect will definitely make their own decisions! "

At this moment, Ye Feng's murderous intention surged out of his body like a tide. The icy cold air instantly covered the entire sky and earth, causing all the flying snow in the sky to stop in the void for an instant. Unable to land.

Ye Feng's aura was so strong now that he looked like a giant with unmatched power.

"Star Reacher!"

Ye Feng used extremely powerful martial arts as soon as he came up. The Star Reacher was a True Saint level inheritance that surpassed the True Spirit level.

Boom!

Suddenly, one of his palms suddenly became extremely ancient and majestic, as if it was made of stars in the sky, possessing incredible heaviness and hardness.

boom!

The star-catching hand, filled with invincible power, blasted out at once, causing the void to boil in an instant.

"Snapped!"

Ye Feng's star-catching hand possesses unrivaled power after he enters the Law Realm.

At this time, the star-picking hand suddenly hit the body of the inner sect elder who rushed over, and there was an explosion.

What shocked everyone on the scene was that the elder of the Intermediate Law Realm Sect didn't even scream, and his whole body was directly beaten into a bloody mist.

"What? Why is this boy so powerful?"

"Even if he is Ye Feng, he can't have such a powerful cultivation level."

"At such a young age, he has such terrifying strength and momentum. This boy is now our enemy. If we don't kill him directly, then we will have endless troubles!"

The two or three remaining inner sect elders not far away were so shocked that their jaws almost dropped to the ground when they saw this scene.

Their cultivations were all in the Law Realm, but at this moment, they felt an irresistible terrifying pressure from Ye Feng.

At this time, these inner sect elders did not dare to attack Ye Feng directly. Instead, they looked in a certain direction high in the sky, looking at the team of the Qi State Crown Prince not far away, and shouted: "Qi State Prince Your Highness, the quota you need to enter the Tiannan Ancient Ruins should have belonged to Ye Feng, but now he has come back, and he has come back with earth-shattering cultivation. Now even the elders We can't beat him, so Prince Qi, you must cooperate with us now and join hands to kill this kid, otherwise not only will it be difficult for us, but you will definitely not get the spot you want. "

Several inner sect elders were talking at this time, obviously wanting to drag the Prince of Qi into the water.

The Prince of Qi was sitting on a sedan high in the sky, his eyes a little uncertain.

He had just seen Ye Feng's powerful combat power, and it was obvious that Ye Feng's status in the sect was certainly not low.

Although Qi is the largest vassal state in the land of Snow State, as the prince, he still has to consider the consequences of some things.

Seeing the hesitation of the Crown Prince of Qi, several inner sect elders immediately spoke out: "Prince of Qi, don't hesitate anymore. We all know that although you are the Crown Prince of Qi, you were seriously injured by a demon when you were young. Since childhood, due to the root of the disease in the body, his cultivation has not been outstanding. There are many other powerful princes in Qi State, and they are all eyeing the next crown prince of Qi State. If you want to be strong, then You must enter the Tiannan Ancient Ruins. You must know that the Tiannan Ancient Ruins are the oldest and richest small world ruins in Selangor. A very powerful cultivation civilization was once born, and countless ancient and powerful inheritances are buried inside. , if you get it, you will definitely be able to soar into the sky. Those princes who are eyeing your throne

will no longer pose any threat to you. The position of the next generation monarch of Qi State must be yours. Think about it. How can you give up half-way with the huge benefits this has brought to you?"

The prince of Qi heard the voices of several inner sect elders. These words pierced his heart, making him clench his fists and didn't even notice that his nails were piercing into his flesh. .

After thinking for a moment, the Prince of Qi suddenly raised his head, his eyes full of cold and ruthless cruelty and determination, and said: "What the elders said is right. If I don't give it a try this time, my Sooner or later, the position of the prince will be destroyed by those vicious men of mine.

My ruthless brother has snatched it away. This time I will not let my father down. I must get the quota for the Tiannan ancient ruins. If I can find a powerful inheritance of the ancient civilization in the ancient ruins, then I will He will definitely be able to successfully ascend the throne and become the next generation king of Qi, enjoying countless rights and beauties in the harem! "

The fire of strong ambition was burning in the heart of the prince of Qi.

He sat on the sedan high in the sky, and immediately fixed his gaze on Ye Feng below, and said coldly: "For the sake of my future grand hegemony, you must die!"

At this time, the elders of the inner sect looked overjoyed when they saw the crown prince of Qi making the final decision.

The Prince of Qi finally came to his senses!

"Kill that boy!"

Several inner sect elders immediately increased their attacks and attacked Ye Feng.

Ye Feng's eyes were extremely cold at this moment: "Since you still don't repent, then I will go on a killing spree today and kill all those like you who want to murder me. Who will dare to target me in the future? "

"Hahaha!"

But at this time, the Prince of Qi who was sitting on the sedan suddenly laughed out loud: "Now I have joined the inner sect elders to kill you. No matter how powerful you are, you will never be able to withstand our combined attack. of."

At this moment, the Prince of Qi State was talking and shouted to the dozens of golden guards around him: "You are all the most ferocious warriors in our Qi State. Each one of you has a powerful cultivation level in the Dzogchen Peeping Dao Realm. Now This prince is in trouble, and I need you to use all your strength to help those inner sect elders to kill that little young disciple!"

Dozens of golden guards are all extremely tall and majestic. They obviously contain the blood of giants and possess unparalleled brute strength.

Each one of them has the cultivation level of Dzogchen Peeping Realm, plus the terrifying bloodline, and the golden armor tailor-made for them by the Qi royal family. Each of these dozens of golden warriors has a combat power comparable to that of a first-class warrior. A strong person in the level law realm.

It can be said that if dozens of golden warriors attack together, it will definitely be a torrent of steel that even high-level law-level experts cannot resist.

"Don't worry, His Royal Highness, my subordinates will definitely do their best to help the Prince realize his ambition!"

Dozens of golden warriors were sent by the king of Qi to protect the prince of Qi.

Naturally, they all obeyed the orders of the Prince of Qi. At this time, they descended from high altitude one after another. They were exuding powerful golden fighting energy. They had obviously practiced very ancient inherited skills. Like dozens of evil beasts, they suddenly descended from the sky. The sky descended, causing the entire earth to tremble.

Ye Feng's eyes narrowed slightly. He felt a very strong and terrifying life fluctuation from these dozens of golden warriors.

Obviously, these dozens of golden warriors are extremely terrifying beings, and their combat power is definitely more than what their cultivation level looks like.

"Qi is indeed the number one vassal state in Xuzhou, and it is actually able to cultivate so many powerful royal guards."

Even Ye Feng couldn't help but exclaim, but the next moment his tone suddenly became extremely cold as a knife: "If it were any other elementary law-level disciple who encountered such a siege like you, he would definitely die without a burial place, but it is a pity that you encountered me. Even I don't know what kind of terrifying combat power I have. "

boom!

Almost at the moment Ye Feng finished speaking, he immediately stopped suppressing himself and directly unleashed all the powerful strength he had gained after his breakthrough, including the cultivation of the primary law realm and the Great Perfection Sun-Moon Battle Body.

Boom!

Almost at this moment, Ye Feng's body suddenly erupted with divine light. His skin and body seemed to be made of the most perfect sun, moon and stars in the world at this moment.

That was the strange phenomenon that occurred to the body after the Sun-Moon War Body entered the Great Consummation, with the help of the Ancient Star Art.

"Boy, you still dare to break out in fighting spirit. Do you want to fight with so many of us alone? I have to say that your courage is commendable, but is your brain broken?"

At this time, several inner sect elders opposite, including the Crown Prince of Qi, had deep sarcasm in their eyes.

Especially those dozens of golden warriors, who immediately spoke with disdain: "Although the disciples of the Sword God Tiangong are indeed powerful, you, a young man who has just stepped into the elementary law realm, dare to be alone with so many of us. When someone fights, I have to say that you are really mentally ill. If I were you, I would just run away or shout loudly to seek help from the strong men in the sect. "

Ye Feng was filled with fighting spirit and divine light at this moment. He stared at the people not far away, smiled coldly, and said: "If I shout for help, then the strong men in the sect will

It will appear and come. If I want to kill you people, it will become more troublesome. I don't want anyone to stop me from killing you. "

"Hahaha!"

Ye Feng's words made everyone in the audience laugh out loud, and the laughter was full of cynicism and disdain.

At this time, an inner sect elder at the intermediate level of law suddenly shouted: "Don't talk nonsense to this kid. I think he may have encountered some adventure outside, and then he felt that he was invincible in the world and became very inflated. Let's Take action together, use your most powerful means, and try to kill this kid in an instant. Otherwise, we will frighten him and he will run away directly. We cannot stop him, so we must kill him directly in a short time. Kill him! Don't let him have any chance to escape!"

At this time, the inner sect elder said, the storage spirit ring in his hand flashed, and a huge formation spirit disk suddenly appeared.

The whole body of this magic spirit disk seems to be cast from black metal, with complicated patterns engraved on it.

Boom!

The moment it appeared, the lines on it suddenly began to shine with bright light, and a huge trapping spirit formation was formed in the entire sky, covering the entire world where everyone was. It's tied up.

The inner sect elder immediately laughed and said: "This is the sixth-grade true spirit level spiritual formation. Even a strong person in the Dzogchen Law Realm cannot escape as long as he is trapped in the spiritual formation. Ye Feng, since you You are so arrogant and dare to reveal your identity directly in front of us instead of sneaking into the sect and using the power of the great elder. I can only say that you do have your own youth and frivolity, but youth and frivolity often bring destruction. A heavy price to pay!"

"Sky Spear!"

"Demon-breaking knife!"

The two inner sect elders of the Law Realm were holding a big red gun in their hands at this time, and the other was holding a long black knife. They all burst out with terrifying murderous intent and slashed directly at Ye Feng. Kill and go.

"kill!"

At this time, the dozens of golden warriors from Qi State also burst out with powerful golden energy and blood, and the soldiers in their hands shined with shining light, and their sharpness shone to the sky.

"boom!!"

With so many strong men attacking together, the power of the attack was simply terrifying.

"Even a high-level Law Realm expert will be instantly destroyed physically and mentally under such an attack, and will be completely killed!"

An inner sect elder laughed loudly, as if he had seen the scene of Ye Feng's tragic death.

"kill!"

But at the next moment, a blue spurge suddenly appeared in Ye Feng's hand.

It's the Poseidon Trident!

At this moment, the Poseidon Trident appeared. Under the stimulation of Ye Feng's powerful cultivation, this powerful magic weapon suddenly burst out with terrifying power like the vast sea.

"boom!"

Ye Feng was filled with divine light and holding the Poseidon Trident in his hand, like the sharpest weapon in the world, he rushed forward instantly.

Poof!

The tip of the euphorbia turned into a bolt of lightning, and the terrifying impact suddenly pierced the chest of a golden warrior who had just rushed over.

"Crack!"

Ye Feng's palm holding the halberd shook, and the golden warrior of Qi was shattered and died instantly.

Even the golden warrior with the blood of giants, whose body is extremely hard and powerful, cannot withstand Ye Feng's terrifying attack power and impact at this time.

"One of them died so soon?"

The Prince of Qi from high in the sky was looking nervously at the battlefield below. At this time, he saw Ye Feng instantly transformed into killing a golden warrior. The Prince of Qi's heart was bleeding.

Because each of these golden warriors requires a huge price in Qi State to cultivate an existence of this level.

The death of one person is a huge loss for the Qi royal family!

"Total Annihilation!"

Ye Feng roared loudly, holding the Poseidon Trident in his hand, and slashed forward. The terrifying light of the trident, containing infinite sharpness, immediately cut off the heads of the five golden warriors approaching. .

"Five more have fallen!"

The prince of Qi felt extremely painful and immediately shouted: "Don't get close to him. Attack him from a distance. You can also form a military formation!"

"Yes, Your Highness the Crown Prince!"

The remaining dozen golden warriors were also scared. Just now they looked down upon Ye Feng, but now they saw that Ye Feng was so brave and invincible. He killed six golden warriors with just a wave of his hand, just like chopping a melon. It's like chopping vegetables, it's really chilling!

Chapter 940 Ninety Million

"Quick! Come together!"

Several inner sect elders saw Ye Feng being so brave and invincible, killing several golden warriors in a blink of an eye. They were all very anxious because Ye Feng did not seem to be as weak and simple as they thought. Rather, it is as powerful as a giant dragon and is completely unstoppable.

"Breaking the army with one strike!"

Suddenly, the spear in the hand of an inner sect elder burst into black light, and he performed a set of extremely terrifying secret techniques. The spear in his hand suddenly burst out with a ray of light. In that light, there was a vision of thousands of troops, just like Countless soldiers arrived, roaring and strangling Ye Feng.

"Six Paths of Reincarnation Sword!"

"Death to the Gods!"

Ye Feng did not hesitate at this moment and directly used his two most powerful sword skills.

The sword in his hand thrust out twice at once, and for the first time a sword glow of reincarnation appeared. This sword glow of reincarnation contained the terrifying secret of six reincarnations, and it tore the entire space apart in an instant. He strangled the army-breaking blow launched by the inner sect elder, as well as the thousands of troops, and were all destroyed under this sword.

And there was almost no time delay. Ye Feng's second sword, Sorrow of the Gods, roared out in an instant. A kind of sword secret that contained great vastness and great terror enveloped the entire heaven and earth in an instant. The inner sect elders were all enveloped at once.

"ah!!"

The inner sect elder, a powerful being in the middle-level law realm, immediately let out a horrified roar.

His whole body, whether it is body, soul or spirit, is withering rapidly at this moment, as if he has entered a long river of time. As the wheels of history are turning, the inner sect elder begins to decline, and his body and souls are withering and withering.

It has to be said that as Ye Feng's cultivation level improved, the sword of Gods' Sorrow not only did not eliminate it, but became more and more powerful, and the power it unleashed became more and more terrifying.

"ah!"

At this time, Ye Feng made a void jump, as if he flashed, and instantly came to the back of another inner sect elder.

"Pfft!"

Ye Feng instantly stretched out a hand, and the Sun-Moon War Body erupted. His hand suddenly became as if it were made of steel, indestructible, and suddenly it was like a sharp war spear, piercing directly into this inner body. In the body of the sect elder.

"ah!!"

The last inner sect elder suddenly burst out with an earth-shaking howl. He lowered his head slightly at this time, and immediately saw a hand stretched out from behind on his chest, which was stained with his own blood. blood.

"you....."

In the end, the inner sect elder only had time to say one word. His head tilted and he died instantly.

"What?"

"Both two law-realm experts are dead?"

"Is this boy in black still a human being? How come he has such powerful combat power?"

At this moment, the dozen or so golden warriors left around them suddenly felt a little afraid.

Originally, as the most powerful warriors in the Qi Kingdom, and with the help of two inner sect elders from the Law Realm, they felt that it would be an easy matter to kill a young disciple.

But the result was completely beyond their expectations. This young man in black looked ordinary, just an ordinary disciple in the Sword God Tiangong, but the moment the battle ended, he burst out with such terrifying power. It simply shocked everyone to the extreme.

The Crown Prince of Qi, who was standing high in the sky, had a proud and aloof expression, but at this moment it became extremely ugly.

However, the killings on the battlefield continued at this moment.

"Pfft!"

"Pfft!"

"Pfft!"

Ye Feng held the Poseidon Trident, a large halberd in his hand, and burst out with unparalleled power. When he used it, it felt like a spear, and he pierced three golden warriors in a row in an instant.

"retreat!"

"Back up quickly!!"

At this moment, there were only nine golden warriors left on the field.

At this time, everyone Ye Feng killed was terrified and their bodies were shaking violently.

"I'm just thinking about escaping now. Can I escape?"

Ye Feng's eyes were emotionless, and he spoke coldly, holding the blue euphorbia, like an ancient god of war resurrected, and continued to jump in the void, relying on the huge impact of the void jump, the cold and sharp euphorbia, Zi then penetrated the remaining nine golden warriors.

"ah!"

"ah!"

Along with bursts of screams, the nine golden warriors suddenly roared in pain.

A bloody hole appeared on each of their chests. It was Ye Feng who pierced them with the Poseidon Trident in his hand and killed them in an instant.

"No!!!"

Seeing everyone fall before his eyes, the Crown Prince of Qi suddenly trembled to the extreme.

He never thought that his ambition to seize a place to enter the Tiannan Ancient Ruins would lead to such serious consequences.

Buzz!

And at this moment, the Prince of Qi suddenly felt a gaze filled with endless coldness, directed towards him.

The prince of Qi trembled all over. He immediately saw Ye Feng's eyes full of endless coldness, staring at him.

"run!"

Without any hesitation, the Prince of Qi suddenly used up all his strength and flew towards the distance.

"Uh-huh!"

But at this moment, a blue lightning suddenly burst out from the ground.

That was the Poseidon Trident thrown by Ye Feng. It had terrifying impact and powerful speed, and turned into a blue lightning that tore through the sky in an instant and directly penetrated the body of the escaping Crown Prince of Qi.

"ah!!"

The Prince of Qi's entire body was pierced from head to tail by the Poseidon Trident, and he immediately let out a roar of extreme pain.

The prince of Qi's eyes were filled with endless reluctance and anger, and he shouted: "Ye Feng, I am the prince of Qi, how dare you kill me?"

"boom!"

But without saying a word, Ye Feng rushed directly into the sky and smashed the Qi Crown Prince's head into pieces with a slap.

The last person, the Prince of Qi, was also killed instantly at this moment!

The entire field was now stained red with blood, and they were all dead bodies.

However, although the noise of the battle here was very loud, because of the binding spiritual formation set up by an inner sect elder before, the fluctuations in the battle here were not spread at all.

It can be said that this is their own trap.

"boom!"

Next, Ye Feng directly operated the devouring field. Tens of thousands of dark devouring whirlpools suddenly appeared around him. The huge devouring power swallowed up all the skills and blood energy of all the strong men on the field in the blink of an eye. Looted.

Wave after wave of huge and vast energy rushed into Ye Feng's body, making Ye Feng couldn't help but want to look up to the sky and roar.

"boom!"

Half an hour later, a new and powerful cultivation aura suddenly broke out on Ye Feng's body.

At this moment, his cultivation had a breakthrough and transformation, and he rushed directly into the intermediate law realm.

"Star Reacher!"

Ye Feng used this set of powerful martial arts, an ancient and heavy star hand, and directly blasted the traces of the battle on the field, as well as many devoured and shriveled corpses, into the ground, which was equivalent to destroying the corpses and eliminating traces. .

At this time, Ye Feng broke through the previous restraint formation, like

As if nothing had happened, he walked towards the Sword God's Heavenly Palace.

As for killing these inner sect elders and the prince of Qi, no one knows who killed them.

Ye Feng has now destroyed all traces of the scene. It is impossible for anyone to know what happened here today.

At this time, Ye Feng walked into the sect and did not return directly to his residence. Instead, he walked towards the core area of the inner sect.

Ye Feng was going to see Ziyunchuan, the great elder of the inner sect, and tell him that he was back alive and that the place to enter the Tiannan ancient ruins should be reserved for him.

During this time in Ziyunchuan, he was in a bad mood when he heard rumors about Ye Feng's death among his subordinates.

Ziyunchuan had never seen Ye Feng's evil qualities before, and he was confident that he could train Ye Feng to become the pillar of the Sword God's Heavenly Palace.

At this time, Ziyunchuan was retreating in the main hall in the core area, and no one was seen.

But at this moment, Ziyunchuan was in the secret room, and his eyes suddenly opened.

His cultivation was profound and unpredictable, and he immediately sensed a very familiar aura approaching him.

"Huh? What is this breath?"

Ziyunchuan's eyes suddenly moved, and he jumped up and flew out of the secret training room.

Almost at the moment when the great elder walked out of the secret training room, he immediately saw the figure of a young man in black walking out of the core hall not far away, which made him think about it day and night.

It's Ye Feng!

Ziyunchuan came to Ye Feng all of a sudden, patted Ye Feng's shoulder hard, and said: "You're back? Well done! I knew you wouldn't die. You are such a monster, and you are also very evil. You are so smart, how could you fall down after just going out to practice for a while? I heard those elders said that their death, Ye Feng, was confirmed, which scared me to death. I have such high expectations for you. I have never seen a genius as powerful as you. If you die, it will really be a huge loss to my inner sect, no, not only a huge loss to my inner sect, but also a huge loss to the entire Sword God Heavenly Palace!"

Ye Feng felt a little warm in his heart when he saw Ziyunchuan, the great elder of the inner sect, saying so much in one breath. The great elder had really been caring about him.

At this time, Ye Feng smiled and said: "Don't worry, Great Elder. Although my current cultivation level is not too strong, I will not die that easily. This time, a friend and I went to a large island in the endless ocean. I got a powerful treasure, and after I landed, I strayed into the land of Manzhou and practiced in the wild forest for more than half a year, and gained a lot. "

At this time, Ye Feng was talking, thinking in his heart whether to tell Ziyunchuan everything that happened outside the gate of Sword God Tiangong Mountain.

But at this time, Ziyunchuan looked extremely excited, stared at Ye Feng, and said: "So, your current cultivation level..."

"That's right, I have lived up to my expectations, Great Elder. My cultivation has now entered the Law Realm, and it is also the Intermediate Law Realm."

At this time, Ye Feng said, with a bang, he directly released his cultivation momentum on the spot.

This cultivation aura is extremely powerful, it is the cultivation aura of the middle-level law realm!

What shocked Ziyunchuan even more was that he could sense that Ye Feng's cultivation aura was very majestic and heavy. He did not break through forcefully, but used incomparable accumulation to break through.

This is truly a powerful cultivation step by step, and it is not achieved by relying on some taboo pills to forcibly improve cultivation.

"Okay, okay!"

Ziyunchuan said three "yes" at once, which showed how overjoyed he was at this time.

Ye Feng thought for a moment and suddenly spoke up: "Great Elder, I have a secret thing to tell you, but I am forced to do this."

Seeing Ye Feng's suddenly serious look, Ziyunchuan couldn't help but his eyes were a little solemn, and he said

: "Tell me, what happened? As long as it's not a heinous crime, I can help you settle it."

Ye Feng nodded and said: "Just now, I was ambushed by several inner sect elders and the prince of Qi at the gate of the Sword God's Heavenly Palace. I..."

For half an hour, Ye Feng told the whole story.

Ziyunchuan looked very calm and said: "That's what they deserve. Ye Feng, you killed well. When the warrior was angry, blood flowed like a river. They forced you like this, and they dared to lie to me and say you were dead. Selling your spot to the Crown Prince of Qi is simply a disgrace to my Sword God Tiangong. If you kill them, not only will it be okay, but I will also report to the superiors of the sect to reward you for your courage and eliminate harm for the sect. "

Ye Feng said quickly: "Goodbye, big elder, there is no need to report this matter. As long as there are no big consequences, I will be satisfied. Now I am still preparing to participate in the next Snow State Genius Association and enter Tiannan Ancient Compete with the geniuses of the entire Snow State in the ruins."

Ziyunchuan nodded and said: "You are right. Ye Feng, the most important thing for you now is to prepare to enter the Tiannan ancient ruins. Don't let other trivial things disturb your energy. This time, the entire Xuzhou Province is shocked. All the beautiful geniuses will participate. Those real top geniuses all have the peak level of cultivation among the nine secret realms. They are not something you can provoke temporarily. The most important thing for you is to find powerful ones in the ancient ruins of Tiannan. After obtaining the inheritance of the lost civilization, bring it back to the sect, and you can practice it yourself. After practicing, you can contribute it to the sect, and the upper level of the sect will give you a huge reward. "

Ye Feng nodded and said: "I understand, Great Elder, then I will go back to my residence to retreat for a period of time to stabilize my cultivation and prepare some means."

Ziyunchuan smiled slightly and said, "Go ahead, no, just wait a moment."

At this time, Ziyunchuan threw a spiritual crystal card to Ye Feng and said: "You spend the 90 million spiritual crystals first."

Ye Feng's eyes were startled and he said: "Ninety million? This is too precious!"

Ziyunchuan smiled and said: "It doesn't matter, it's just some pocket money that I usually save. It is very dangerous to enter the Tiannan ancient ruins. If you want to compete with others for inheritance, you need to arm yourself and be in the best condition to face this time. The geniuses of Selangor compete for each other, so you can use the 90 million first. You can buy some powerful armors, or some elixirs that can instantly restore the injured body. Wait, by the way, I also know that you are a spirit mark. Master, go buy some high-end spirit patterns and spirit pattern pens, which will be of great benefit to your overall strength."

Ye Feng held the 90 million Spiritual Crystal Card and immediately clasped his fist solemnly and said: "The great elder's kindness will be kept in my heart by this disciple."

Ziyunchuan sighed and said: "You are the most talented young man that has appeared in our inner sect in the past hundred years. I, the first elder of the inner sect, am called the great elder by all the inner sect disciples. Over the years, I have also I have not cultivated any powerful talents for the inner sect. I am ashamed of the sect, the Sword God Tiangong, and my teacher, the sect leader. But this time, I discovered that you, Ye Feng, have unparalleled potential and Talent, so I naturally have to train you well. In the future, Ye Feng, you will also protect the sect when the Sword God Tiangong is in danger. But at present, our Sword God Tiangong is getting stronger and stronger, and in the court, We also have a backer, so we don't have to worry about any big troubles. After all, we are the largest sect in Selangor, and even the Selangor state capital respects us."

At this time, Ziyunchuan spoke with a very transparent smile on his face, very pure. Ye Feng knew that this great elder obviously had deep feelings for the Sword God Tiangong.

However, Ye Feng sighed in his heart. He came to Sword God Tiangong because of Uncle Nan's words, to wait for Uncle Nan to show up, and to make use of the huge resources of Sword God Tiangong to grow rapidly.

However, Ye Feng did receive the care of many elders of the sect. At this time, he solemnly hugged Ziyunchuan and said, "Don't worry, Great Elder, as long as I achieve something in the future, I will definitely protect the Sword God Tiangong."

Ziyunchuan was very satisfied and said with a smile: "Go ahead and practice hard. The Tiannan ancient ruins will be opened in one month. I will personally take you to the opened entrance then."
