Chapter 951 One move

Under the leadership of Shen Xinlian, Ye Feng quickly walked out of the Shen family's mansion and came to the city wall of Lieyang City.

At this time, the wilderness outside was already completely dark.

Countless demon clans in the snowy jungle all gathered in the wild forest outside Lieyang City.

The leader was a tall and burly middle-aged man, wearing a set of jet black armor, and his whole body exuded a terrifying evil aura.

It is the strong man among the wolf tribe, Wolf Without Trace!

At this time, there was a huge pure white demonic wolf standing next to Lang Wuxing.

At this time, the pure white demon wolf saw Ye Feng on the wall of Lieyang City, and immediately shrank his head in fear.

Obviously, in the snowy jungle before, this pure white demon wolf had been shocked and frightened by Ye Feng's power. .??.

At this time, even though there were countless powerful demon clan men around, this pure white demon wolf had eyes full of fear when he saw Ye Feng again.

At this time, Lang Wuxing was leading countless armies with a proud look in his eyes.

This time, his purpose is not only to recapture Little Black Wolf, the cub of the Wolf King, but also to take advantage of this opportunity to completely destroy Lieyang City, the place where the human race has been living for a long time, and then plunder the rich wealth of the human race. Resources, as well as various human slaves, women, wealth, etc.

At this moment, thinking in his mind, the boundless greed suddenly appeared in Lang Wuxing's eyes.

At this time, without any hesitation, Lang Wuxing directly spoke in a cold tone and shouted at everyone on the city wall: "You Shen family from Lieyang City are so audacious that you dare to snatch the son of our Jungle Wolf King and openly provoke our entire snow." All demon clans in the underground jungle, today, I will lead countless demon clans to conquer your Lieyang City, and everyone will die!"

At this time, the city lord of Lieyang City also shouted: "Lang Wuxing, our Lieyang City and the Snowy Jungle are not in conflict with each other. How dare you assemble such an army of monsters to attack our Lieyang City? Aren't you afraid of our entire army?" Are the powerful men from the Human Alliance coming to slaughter your entire jungle?"

"Human Alliance?"

Lang Wuxing immediately laughed out loud

Said: "What kind of thing is the Human Alliance? Those old guys can hardly walk anymore. You still expect them to help you protect Lieyang City? You are laughing to death. In any case, you have committed a heinous crime. Then your entire Lieyang City will be destroyed."

At this time, Lang Wuxing was speaking, his tone full of piercing murderous intent. He had no intention of giving the human race in the city a chance to explain. He directly said to the demon army behind him: "All demon warriors, follow I will attack them all and destroy the entire Lieyang City!"

Boom!

Boom!

Almost at the moment when Lang Wuxing finished speaking, hundreds of thousands of demon clan troops roared and roared in an instant, charging toward the entire Lieyang City with an extremely horrifying aura of killing.

"Rumble..."

All the obstacles set up by the human guards of Lieyang City on the road were simply crushed and crushed by hundreds of thousands of monsters.

Hundreds of thousands of demon clan troops!

It's scary to think about it!

It was like a torrent of steel rushing towards them.

"Boom!"

Countless demon beasts collided with the majestic city wall, causing the city wall to begin to collapse.

"Ah! With so many monsters attacking together, we will all die!"

"It's over, it's over! Our entire Lieyang City may cease to exist from today on."

At this time, countless people in the entire city had eyes filled with fear.

Obviously, for them, with so many monster armies gathering here today, it was like the end of the world was coming.

"The Wolf Prince is here, who dares to be so presumptuous!"

But suddenly at this moment, a powerful young man's voice suddenly sounded.

At this time, high in the sky, Ye Feng was stepping there, holding a little black wolf in his hand.

"It's really the Wolf Prince!"

"The Wolf Prince is in the hands of that human boy!"

The attacking monsters suddenly stopped.

At this time, Lang Wuxing was furious and said: "That's right! It's this boy from the human race who robbed the Wolf King Prince. Let's all kill this boy quickly!"

"presumptuous!"

Suddenly at this moment, Little Black Wolf suddenly spoke up: "Lang Wuxing, Ye Feng is my prince's good brother, how dare you slander him!"

"what's the situation?"

The moment the little black wolf finished speaking, all the monsters on the field were stunned.

Wolf Without Trace didn't mean that the Wolf Prince was plundered by the human race and mistreated.

But now the Wolf Prince actually says that the human boy is his brother?

The situation on this field seems to be different from what Lang Wuxing said.

At this moment, all the demon leaders in the snowy jungle cast their doubtful eyes on Lang Wuxing.

As the great elder of the wolf tribe, Lang Wuxing's heart suddenly became extremely gloomy.

He never thought that the little black wolf would dare to disobey him in public. Why did he suddenly become so courageous in the past few days? And he even became brothers with a human boy?

At this time, Lang Wuxing suddenly shouted to the sky: "The Prince Wolf King is so young, he must have been seduced by that human boy. That human boy, a humble human warrior, dared to fight with our Wolf King." It is really unreasonable for the prince to call him a brother. The prince of the Wolf King may have been controlled by that human boy through some evil means. Let us not worry so much and hurry up to attack and massacre all these hateful humans. "

When the little black wolf heard what Lang Wuxing said, he immediately

He yelled: "Lang Wuxiang, you fart! How dare you suspect that this prince is being controlled? I think you want to control me! Use this to plot against the Wolf God's underground palace that my father left for me. treasure."

"say no more!"

Lang Wujing roared in an instant: "The Prince Wolf King is now unconscious. He dares to treat me, who is most loyal to His Majesty the Wolf King, as an enemy with evil intentions. He must be secretly controlled by that human boy. I Kill that human boy now and take back the Wolf Prince."

boom!

Almost at this moment, Lang Wuxing took action instantly.

His cultivation level is extremely powerful, and he has the cultivation level of the Great Perfection Law Realm. In this snowy jungle, he is definitely a giant monster at the level of the overlord.

At this moment, the moment Lang Wuxing took action, an extremely powerful demonic aura suddenly burst out from his body.

His whole body suddenly turned into a giant wolf, with black hair covering his whole body, and his eyes burning with dark fire. He looked extremely terrifying, as if an ancient demon wolf king had arrived.

"Star Reacher!"

But at this moment, Ye Feng suddenly took action, with a hint of disdain on his lips.

boom!

An ancient big hand appeared, blooming with the light of the stars, like a fallen star falling from the sky, full of endless heaviness and huge impact, directly bombarding Lang Wuxing's body.

"Boom!!"

And almost at the next moment, what shocked countless people and monsters in the audience was.

They saw that Lang Wuxing, a great demon in the Dzogchen Law Realm, did not even let out a scream. The entire body of the huge demon wolf was instantly blasted into a bloody mist, and all its flesh and blood were turned into powder in an instant. , died extremely miserably!

"What?!"

"Kill with one move?!"

At this moment, the whole place suddenly fell into deathly silence!

Chapter 952 Deception

quiet!

Deadly quiet!

The entire Lieyang City, whether it was the human race inside the city or the hundreds of thousands of demon tribes that were about to attack outside the city, fell into a dead silence.

There is no trace of the wolf. For the entire snowy jungle, he is the strongest.

But at this moment, it was smashed to pieces by the black-clothed human race boy. Not even the bones were left behind, and it turned into a blood mist.

This kind of strength and combat power is really terrifying!

Even the heads of the other demon tribes in the major snowy jungles suddenly became extremely frightened.

"What? The great elder was killed directly? Didn't he even scream?"

The pure white demonic wolf suddenly became extremely frightened.

He knew that Ye Feng was powerful, but he never thought that Ye Feng was so powerful.

Every move he makes is like a god.

"Isn't this a powerful human being who has been sleeping for many years on our Tiannan Continent?"

At this moment, many demon clan leaders had such an idea in their minds.

And this time.

"Pfft!"

A ray of sword energy fell from a high altitude, directly piercing the body of the pure white demon wolf who had tipped off the news, and fell to the ground, dead.

"Meet the Wolf Prince!"

"Greetings to Senior Ye!"

At this moment, the hundreds of thousands of demon clan troops, as well as the demon clan leaders, all knelt down and spoke respectfully, not daring to resist at all.

At this moment, countless humans in Lieyang City were dumbfounded.

Even the city lord of Lieyang City looked confused at this time.

A crisis of destruction in Lieyang City was solved by a boy and a little wolf?

At this time, the head of the Shen family walked over to the city lord.

Next to him, he said with a smile: "Brother Li, you see, I have told you before, don't worry, little brother Ye Feng has a peerless talent and can easily solve this huge crisis."

At this time, the Shen family leader said, his tone was full of pride. It was obvious that he could become friends with Ye Feng, which made him feel extremely proud.

At this moment, high in the sky, Ye Feng whispered to the little black wolf: "Little brat, now is the time for you to establish your power, hurry up and say something, so that all the demon clan leaders in the snowy jungle will obey you. You are the master, you are the new wolf king, not the cub of the wolf king who can be bullied by anyone."

The little black wolf nodded immediately, very confidently. At this time, he swaggered up to many demon clan leaders, looked at the hundreds of thousands of demon clan leaders, his expression remained unchanged, and he said with a smile: "Listen to me, brother Ye Feng. I am the adopted son of my dead father. I am the son of the Lord of the forbidden land in the northern forbidden land of Tiannan Continent. I have countless magical powers. With unparalleled combat power, this time I came to our snowy jungle to help me become the new generation of wolf king. Now, if Lang Wuxiang dares to resist me, he will die. Who else will dare to resist me in the future? "

When Ye Feng heard that the little black wolf knew how to talk nonsense, he immediately gave him a secret thumbs up.

At this time, the heads of the demon clan were stunned by the little black wolf, and they did not dare to doubt the little black wolf's words.

Because Ye Feng's strength is indeed extraordinary, very terrifying and powerful.

Even the clan leaders of several major clans, whose strength is at the primary level of Life Palace and are older and more powerful than Lang Wuxing, dare not easily say that they can kill Ye Feng.

At this time, Ye Feng was the brother of the Wolf Prince, and the heir of the Lord of the Forbidden Land, so he couldn't afford to offend him at all.

Some of the bad thoughts of many demon clan leaders disappeared immediately.

It seems that this little wolf king,

He is even more powerful than the old Wolf King back then, and he actually has such a powerful brother with an extraordinary status.

"Sure enough, the deceased His Highness the Wolf King had some clever calculations and a friend who was the lord of the restricted area, leaving a powerful helper for his son, Little Black Wolf."

Many snow forest monsters who were loyal to the Wolf King thought very happily in their hearts.

The next step was simple. Little Black Wolf directly asked dozens of demon tribe leaders to retreat, and said he would go back in a few days, and he wanted to have fun in the human city for a few days.

Naturally, many of the demon clan leaders bowed out respectfully and returned to the snowy jungle.

A huge crisis was solved so easily.

Moreover, the little black wolf no longer has to worry about someone usurping the throne. The scene of Ye Feng killing the wolf without a trace, as well as the identity of the heir of the master of the restricted area that the little black wolf lied to Ye Feng, deeply frightened many powerful monsters. The ambition of the clan leader made them dare not act recklessly.

...

Three days later, Ye Feng said goodbye to Shen Tianlin, the head of the Shen family, and took Little Black Wolf with him to go to the Wolf King's Palace deep in the snowy jungle to open the Wolf God's Underground Palace.

Ye Feng has been coveting the Wolf God's Underground Palace for a long time.

After helping Little Black Wolf such a big favor this time, Ye Feng naturally wanted to get his own benefits, otherwise Little Black Wolf would really feel sorry for himself.

Before leaving, Shen Tianlin was very reluctant to leave, but he knew that Ye Feng was different from people from small families like them. He was destined to wander the world and conquer the world.

In the end, Shen Tianlin just said: "In this life, I have been able to have a relationship and experience with little brother Ye Feng. I believe that when the world tells your legend, little brother Ye Feng, in the future, you will be able to give me this moment in your magnificent life." It is an honor for me to leave some words and ink to the unknown people."

Ye Feng laughed and said: "Brother Shen is joking, everyone is unique, and everyone is a unique legend in this world.

"

After the words fell, Ye Feng took the little black wolf, jumped up, and disappeared into the snowy jungle.

At this time, the city lord of Lieyang City hurried over with a graceful young woman and asked Shen Tianlin, "Where is Mr. Ye Feng?"

Shen Tianlin said: "Already left, just left."

"What a pity!"

The Lord of Lieyang City felt a little remorseful and said, "I just brought my daughter here, and I want to be a matchmaker for Young Master Ye Feng."

As he said this, the young and graceful woman standing next to the city lord immediately showed a shy look on her beautiful face.

Shen Tianlin glanced at the city lord and said mercilessly: "My daughter is much prettier than your daughter. Little brother Ye Feng doesn't even take a fancy to her. How can it be your turn, huh."

...

Uh-huh!

Uh-huh!

Uh-huh!

In the snowy jungle, among the endless trees and mountains, Ye Feng is jumping and moving quickly.

The little black wolf hung on his shoulder and said at this time: "Ye Feng, we have agreed that we will share the treasures in the Wolf God's underground palace equally. You must not swallow them all by yourself."

Ye Feng glared at the little black wolf and said, "What are you talking about? How can I be so greedy!"

The little black wolf glanced at Ye Feng and said: "I subconsciously feel that you are a greedy person, but you are quite loyal and will not break the promises you have made. I like this very much, otherwise I would not treat you like a greedy person." You become a brother."

Ye Feng knocked the little black wolf with a "pop" sound and said: "What kind of brothers are not brothers? Do you really take what you said in the previous scene seriously? You are a little brat, calling me senior!"

The little black wolf immediately protested: "I'm not a brat! After I go back and become the wolf king this time, I will marry three thousand beauties of the wolf clan. I am the great new generation wolf king, not a brat!"

Ye Feng: "..."

Chapter 953 Wolf God Underground Palace

According to the direction pointed by the little black wolf, Ye Feng was extremely fast.

In the evening of the next day, one person and one wolf came to the wolf palace area in the deepest part of the snowy jungle.

Ye Feng immediately saw that many splendid palace buildings, pavilions, jade buildings, etc. were built in a huge mountain range.

Moreover, Ye Feng could sense that the entire Wolf Clan Palace area was enveloped by a huge ancient formation. As long as there was an enemy invasion, he would be able to instantly explode with power to resist and kill the enemy.

"As expected of the overlord monster clan among the hundreds of clans in the snowy jungle. When the Wolf King was still alive, he probably had great power. The wolf clan palace in this mountain range is simply more magnificent than the palaces in some human kingdoms. "

Ye Feng secretly sighed in his heart at this time. ??

At this moment when the little black wolf arrived, there was no longer the ambitious elder Lang Wuxing. He walked to the edge of the wolf clan palace with great dignity and shouted to the entire mountain range: "All the slaves of the wolf clan, come here." Welcome the arrival of this prince!"

Wow!

Almost as soon as the little black wolf finished speaking, the entire quiet area of the Wolf King's Palace and the mountains suddenly started to boil.

One after another, powerful wolf masters who had turned into human forms, as well as guards wearing armor, and graceful wolf palace maids, all arrived one after another. There were thousands of wolves, and they all came to the body of the little black wolf. In front of him, he knelt on the ground respectfully and said, "Welcome to His Royal Highness the Crown Prince and Lord Ye."

Obviously, everything that happened outside Lieyang City had spread throughout the snowy jungle in the past few days. Now all the wolf masters in the wolf palace saw Ye Feng standing next to the little black wolf. , with deep awe and respect in his heart.

Obviously, what they are really afraid of is the powerful heir of the Lord of the Forbidden Zone, who can kill Lang Wuxing with a wave of his hand. This is such a powerful strength and terrifying killing power.

You must know that Lang Wuxing is the great elder of the wolf clan and has the cultivation level of the Great Perfection Law.

, in this snowy jungle, there are all powerful demons who can rank among the top ten.

However, it is said that Lang Wuxing was killed by Ye Feng who came from the restricted area without even uttering a scream. It was really terrifying.

At this time, the little black wolf saw that everyone's awe-inspiring eyes were basically focused on Ye Feng, and he immediately said to Ye Feng: "I don't think they are in awe of me at all. The one who is in awe is you, Ye Feng, you grab it I've lost my limelight."

Ye Feng smiled and said: "When you become stronger, the limelight will be yours, and I will be leaving soon, so I won't steal your limelight."

"You want to leave?"

The little black wolf was immediately startled, stretched out a little wolf paw to grab Ye Feng's thigh, and said: "Ye Feng, why are you leaving? I am the prince of the wolf clan, and next will be the new wolf king, our brothers The two of them will rule the entire snowy jungle together, and then conquer the world together, drink the strongest wine, and play the most beautiful games..."

"Snapped!"

Ye Feng slapped the little black wolf on the head, interrupting what the little black wolf was about to say, and said: "You little brat, don't be so dissolute. After you became the wolf king, you didn't think about pleasure. But keep your father's inheritance."

Little Black Wolf muttered: "Stop knocking me on the head. I know, and I will work hard to practice. But Ye Feng, don't leave in a hurry just yet. I haven't heard you finish your story yet."

Ye Feng smiled and said: "Don't worry, I won't leave for the time being. I haven't got the treasure of the Wolf God's Underground Palace yet, so why don't I leave."

"We're going now."

The little black wolf's eyes immediately lit up, and he directly pulled Ye Feng and ran towards the Wolf God's Underground Palace.

At this time, a wolf guard immediately said: "

His Majesty the Crown Prince, His Majesty the Wolf King of the Wolf God's Underground Palace once said that only Your Highness the Crown Prince would be allowed to enter alone. "

"Snapped!"

The little black wolf directly slapped the wolf guard away and said: "My short-lived father is dead. It is in the past. Now I am the wolf king. I have the final say in everything. Listen to me." Yes, don't worry about whether it's right or not, just listen to me and just do it."

The wolf clan guard covered his red face and immediately said aggrievedly: "Yes, His Highness the Crown Prince."

"Snapped!"

The little black wolf slapped him again and said, "Call me Wolf King!"

"Yes, Wolf King!"

The guard immediately spoke helplessly.

Ye Feng looked at the series of actions of the little black wolf and couldn't help but secretly thought that when the little black wolf grew up, he would probably be a tyrant.

However, in this dangerous snowy jungle where the jungle is strong and the jungle is strong, a tyrant is much better than an indecisive king.

Ye Feng followed the little black wolf at this time and soon came to the depths of the wolf clan palace.

On the cliff of a mountain not far away, there is a huge golden gate. It is very hard and looks indestructible.

At this time, the little black wolf smiled and said excitedly: "That is the Wolf God's Underground Palace that my father left for me. It is said that the greatest treasure of the wolf clan is buried in it, but I have never dared to open it because I was afraid that the wolf would disappear without a trace. The old thing was robbed, now it's okay."

Uh-huh!

The little black wolf said, and jumped directly to the golden gate. He stretched out a little wolf paw and pressed it into a groove on the golden gate.

"Buzz!"

At this moment, the golden gate burst into a dazzling light.

Boom!

At the next moment, the golden door suddenly cracked and then shattered.

\u003e

Inside is an extremely dark and deep passage, exuding a vicissitudes of ancient times. It seems that no one has been in it for a long time, giving people a gloomy feeling.

Uh-huh!

Ye Feng also jumped up at this time, came to the side of the little black wolf, and said: "Little brat, are you sure this is a treasure house and not a cemetery?"

Ye Feng always felt that the aura emanating from it was a bit piercing to the bone, very cold, extremely cold.

The little black wolf was also trembling a little at this time, and said with some uncertainty: "My father probably won't cheat me, let's go in and take a look first."

"Um."

Ye Feng nodded. He was already at the door. Why not go in?

Click, click, click...

One person and one wolf walked directly in, the sound of footsteps echoing in the dark environment. They walked very slowly, fearing there would be some trap.

But in the end, one person and one wolf reached the end of the passage, and did not encounter any traps. Instead, they saw a huge silver mercury river flowing in the Wolf God's underground palace.

At this time, the little black wolf's eyes suddenly lit up and he shouted: "Look! In the middle area of the silver river, there is a huge floating black stone palace. My father once said that the black stone palace is the ancestor of our wolf clan. A powerful person who calls himself 'Wolf God' dares to call himself Wolf God. Even if that ancestor is not a god, he must be an extremely powerful being. At least he has surpassed the nine secret realms of Immortal Immortal Realm. Let's go take a look."

Ye Feng's eyes were also filled with joy, and he said: "Let's go and take a look. Maybe it contains the inheritance of the Wolf God. Little brat, you are about to rise. However, your father did not get the inheritance of the Wolf God. Maybe this Black Stone Palace There are other secrets in it, no matter what, go and take a look first, I can't go to the wolf clan in vain. If there is really no treasure, little black wolf, please give me dozens of drops of your life essence and blood."

Little Black Wolf: "..."

Chapter 954 Golden Box

With a hint of expectation in his eyes, Ye Feng and the little black wolf crossed the long silver river and walked to the door of the Black Stone Hall.

The door of the Black Stone Hall is closed, and I don't know how to open it.

"I'm going to try a strong attack."

Ye Feng made a sound and punched directly at the door of the Black Stone Hall.

The sun and moon battle body exploded instantly!

The intense divine light of the sun and moon suddenly burst out from Ye Feng's fist.

"Clang!"

But the next moment, the door of the Black Stone Hall was motionless, not even a trace appeared.

"What? So hard!"

Ye Feng was shocked.

You know, his current body strength and the power of one punch are terrifying to the extreme.

At this time, Ye Feng looked hard, took out the Poseidon Trident, and stabbed towards the black stone gate.

"when!"

But at the next moment, the Poseidon Trident burst out with terrifying power. The tip of the great halberd pierced the black stone gate, and it only made a sound of metal being delivered.

The door of the Black Stone Hall is still without any damage, not even a trace.

Ye Feng was completely shocked. He did not expect that the door of this hall was so hard that even the sixth-grade magic weapon of the Poseidon Trident could not penetrate it.

"Ye Feng, there is a back door here."

Suddenly at this time, the little black wolf's voice suddenly sounded.

Ye Feng looked not far away and found that the little black wolf was standing behind the main hall. There was an inconspicuous small door there, which seemed to be the back door of the main hall.

Ye Feng was a little speechless. He had been attacking here for a long time, but he didn't expect that there was a small back door behind the main hall.

It has to be said that the little black wolf is still very clever and can often find things that ordinary people cannot find.

West.

Ye Feng walked towards there, but was looked down upon by Little Black Wolf, who said, "Brother Ye Feng, you have to use your brain when doing things in the future."

Snapped!

Ye Feng slapped Little Black Wolf directly and said, "What little brother? Call me senior."

The little black wolf covered his head and said: "Your slap was so hard, my head almost exploded from you! Damn it!"

At this time, the little black wolf muttered: "I guess my short-lived father was just like you back then. He only knew how to attack the front door, but it couldn't be opened, and then he didn't get the wolf god's inheritance. Alas, this prince is still extremely smart. ah."

At this time, Ye Feng ignored the little black wolf's muttering to himself and walked into the wolf god's hall.

There were not many things in the entire quaint hall. There was only a huge sculpture of a wolf god with a human body and a wolf head. There were two huge gold boxes placed in front of the sculpture. It was unknown what was contained in them.

"That's it? Nothing?"

Ye Feng was a little speechless. He didn't see the scene of countless treasures in his mind.

The little black wolf also came over at this time, stared at the two golden boxes, and said: "Ye Feng, don't look down on these two golden boxes. According to the records in the ancient books of our wolf clan, after the Lord Wolf God ascended to the divine world, , leaving his two most precious things in these two golden boxes. I didn't expect that what was recorded in the ancient books really existed. There really were two golden boxes in the Wolf God's Hall. There must be good things. Take them Every one that comes out is priceless, much better than countless ordinary treasures."

Seeing how confident Little Black Wolf was speaking, Ye Feng said dubiously: "Then I will barely believe you. Do you know how to turn it on?"

Little Black Wolf immediately smiled and said: "This is simple, use

Just put a drop of my natal blood on it. "

At this time, the little black wolf walked up to the sculpture with a human body and a wolf head, ready to cut the skin on his claws and drip out the blood.

But right now.

"boom!"

A huge divine light suddenly burst out from the sculpture with a human body and a wolf head.

The infinite divine light immediately enveloped the little black wolf.

"This is the inheritance of the Wolf God! The inheritance that belongs to my ancestors!"

The little black wolf became excited all of a sudden and was about to accept it, but at this moment, he suddenly became furious and shouted: "No! This wolf god wants to rob me! He has not ascended to the divine world at all, he is dead. , hiding a trace of his spiritual thoughts in this sculpture, just waiting to be resurrected! Ye Feng, help me!"

Ye Feng's eyes were also startled, and he suddenly came to the little black wolf.

At this time, Ye Feng saw that in the spiritual world of the little black wolf, a demonic wolf as tall as a mountain was destroying the original soul of the little black wolf.

"The intention is sinister! But it's a pity that this wolf god's remnant met me. Little kid, you don't have to worry. To deal with this kind of soul remnant, even if it's a god's remnant, I can press it to the ground and rub it! Let it rub. Know what cruelty is!"

boom!

Almost at this moment, Ye Feng activated the gems of the gods in his brain.

"boom!"

The soul gem suddenly exudes an immortal and supreme aura that belongs to the masters of the gods.

"boom!"

A gap suddenly opened between Ye Feng's eyebrows, and a fierce golden divine light rushed out of it.

Boom!

The golden divine light struck into the spiritual world of Little Black Wolf and condensed directly into the void.

A golden divine sword came and slashed down with a bang.

"Ah! What kind of power is this? The aura of the Supreme Lord! Impossible! Impossible! How can such a power exist in the small Tiannan Continent!"

The ferocious wolf god's remnant thoughts suddenly let out a painful howl. The entire powerful divine thought was chopped by the golden divine sword and turned into countless fragments. It was actually absorbed by the little black wolf. The little black wolf Instantly my spirits soared!

"I feel like my soul has become stronger! It's a blessing in disguise! And these soul fragments of the Wolf God's divine thoughts really have the powerful heritage of the Wolf God!"

At this time, Little Black Wolf burst out laughing. He looked at the ancient sculpture in the hall and said coldly and arrogantly: "Ancestor, you don't need to be resurrected, because I will surpass you!"

Little Black Wolf spoke at this time, his tone full of strong confidence.

Because the shattering of the Wolf God's spiritual thoughts brought great nourishment to his soul.

Moreover, from the wolf god's soul fragment, the little black wolf also received the powerful inheritance of his ancestors.

At this time, Ye Feng looked towards the two golden boxes and said, "Since you have such a great opportunity, the contents of these two golden boxes belong to me."

The little black wolf said: "That's necessary. If it weren't for you Ye Feng, I might have become the puppet of my ancestor and a walking corpse. Mad, this ancestor is really a trap! Fortunately, Ye Feng, you have amazing methods. Destroy the ancestor, damn the ancestor!"

Ye Feng nodded and said, "Then use your own blood to open these two golden boxes."

"good."

The little black wolf nodded, cut his wolf claws, squeezed out two drops of blood, and dripped them on the two golden boxes.

"Crack!"

Immediately, the lids of the two gold boxes cracked instantly and then opened automatically.

Chapter 955 Holy Body

As the two golden boxes were opened, Ye Feng and Little Black Wolf also looked towards the golden boxes.

The first golden box contained a golden elixir the size of a human head, with intricate patterns engraved on it, emitting a heart-stopping light.

Faintly, the light condensed into the shadow of a little wolf as big as a thumb, roaring and roaring, exuding an inexplicable ancient majesty.

"This is... the legendary Wolf God Pill? It has huge benefits for improving the body's physical fitness and vitality."

At this time, the little black wolf came forward and said with a hint of fiery tone: "This Wolf God Pill is a magical elixir made by the ancestor of our wolf clan who melted his own powerful immortal essence. Ah, it's a great tonic after swallowing it."

Uh-huh!

Ye Feng stretched out his hand and instantly grabbed the Wolf God Pill. He glanced at the little black wolf and said, "As promised before, this is mine."

Little Black Wolf laughed dryly and said, "That's for sure. I won't go back on my promise."

Ye Feng looked at the second golden box, where a small stone was lying quietly.

This stone looks simple and unpretentious, like the most ordinary stone in the world.

At this time, there is a line of words engraved next to the stone: "A magical stone that allows me to understand the mystery of space."

Obviously, this stone was left behind by the wolf god.

At this time, Ye Feng stared at the stone and suddenly felt that the gems of the gods and soul gems in his brain were trembling slightly.

Then the gluttonous voice in Ye Feng's mind suddenly sounded: "Oh my god, this stone can't be the space gem among the legendary nine gems of the gods. I feel the power of a supreme master." , contained in this stone."

"What? The space gem among the nine gems of the gods?"

At this time, Ye Feng heard Taotie's voice in his mind, and his eyes were suddenly startled.

Then he calmly grabbed the stone in his hand.

"Buzz!"

Almost at this moment, the stone suddenly integrated into Ye Feng's body and appeared in Ye Feng's mind.

At this time, the space gem and the soul gem actually had a vague divine connection with each other, and the two gems were implicated in each other.

Ye Feng felt in an instant that the stone was definitely a space gem.

Unexpectedly, Ye Feng never expected that such a wolf temple would appear in the small Tiannan ancient ruins.

Little Black Wolf didn't know all this, nor did he know that the stone turned out to be the gem of the gods.

But maybe, Little Black Wolf has never heard of the gems of the gods.

At this time, the little black wolf was observing the entire Wolf God Hall, seeming to want to find something else.

At this time, Ye Feng was exuding soul power, exploring every inch of the Wolf God's hall.

This time, I accidentally discovered a space gem, which was really great luck.

The space gem among the gems of the gods represents the power of all origins of space.

As long as Ye Feng continues to understand the space gems and controls the space gems in the future, then there will no longer be any existence in the world that can restrain Ye Feng.

Because Ye Feng possesses the space gem, he controls the entire space.

Buzz!

suddenly there

At this time, Ye Feng's soul power discovered something unusual.

"Little brat, look at the southeast corner of this hall."

Ye Feng suddenly spoke up.

Uh-huh!

The little black wolf's eyes lit up and he immediately flew away in the direction pointed by Ye Feng.

It stretched out its little wolf claws and instantly pressed against the wall of the hall.

"boom!"

"Click, click..."

Suddenly at the next moment, the entire floor of the Wolf God's Hall suddenly cracked inch by inch from the middle.

Under the ground, a huge dark basement appeared.

In the entire basement, there are shelves one after another. On the shelves, all kinds of armored soldiers are hung, as well as boxes of countless spiritual crystals and elixirs, rare treasures from the world.

This basement is like a real treasure place.

"This must be the rich wealth left by the ancestor of our wolf clan. Originally, he wanted to take me away, but now I may be the ancestor. He has left so much wealth for himself."

At this time, the little black wolf said with a smile: "But the ancestor met Ye Feng, a monster like you, and directly killed all his powerful spiritual thoughts. It seems that he did not ascend at all back then, but He died, leaving a legacy in the Wolf God's Hall, waiting to take away a talented heir from the next generation."

At this time, the little black wolf jumped directly into the basement, looking at the countless wealth, his eyes full of excitement.

Ye Feng smiled and said: "Little Black Wolf, these wealth can be used as resources for your rise."

Ye Feng is not very interested in these ordinary resources now.

catch

After coming down, the little black wolf began to contact the powerful people in the wolf palace to come here to carry away all the wealth.

Ye Feng, on the other hand, found a deep and secluded place in the Wolf Clan Palace and began to swallow the Wolf God Pill, directly strengthening his cultivation.

"boom!!"

The energy in the Wolf God Pill is terrifying to the extreme.

The moment Ye Feng swallowed it, he immediately felt that his magic power had experienced a huge surge and transformation.

In addition, Ye Feng was also surprised to discover that there was a very advanced and special energy in the Wolf God Pill, which could significantly strengthen and transform his body.

It means that Ye Feng's mana is now undergoing a violent surge, and his body and physique are also undergoing a huge transformation.

This made Ye Feng very happy. He didn't expect that the Wolf God Pill was so powerful. It was indeed a good thing left by an immortal.

Ye Feng spent half a month practicing in seclusion.

On this day, a huge majesty suddenly came out from the place where Ye Feng was retreating. It almost enveloped the entire Wolf Clan Palace in an instant, making all the wolf Clan strongmen in the palace feel shocked at this moment. Zi felt a pressure from the depths of his soul.

At this time, Ye Feng was in retreat.

At this time, Ye Feng opened his eyes, and his eyes were filled with divine light.

His cultivation level directly broke through to the realm of the Great Perfection Law!

Moreover, what excites Ye Feng the most is that his body has undergone a qualitative transformation.

The sixth-stage Dzogchen Sun-Moon War Body transformed once again and entered the seventh-stage primary Galaxy Sacred Body!

"My physique is finally extraordinary and has entered the ranks of the 'holy body!'"

Ye Feng's eyes were extremely bright.

Chapter 956 Ancient Cave Mansion

The condensation and transformation of the Galaxy Holy Body in the seventh stage gave Ye Feng an extremely powerful self-confidence.

At this moment, his cultivation has also entered the realm of the Great Perfection Law, which has caused his combat power to skyrocket.

Ye Feng stepped out of the secret training room of the Wolf Clan Palace, just in time to see the little black wolf running over.

When the little black wolf saw Ye Feng, he immediately said anxiously: "Ye Feng, I need you to do me a favor. Recently, a large number of extremely powerful human beings appeared in the easternmost part of the snowy jungle, killing our jungle monsters." The clan seems to be offering a blood sacrifice to the sealing formation of an ancient cave. They want to open that ancient cave. Do you want to go and have a look?"

Ye Feng's eyes moved and he said: "Ancient cave? I'm a little interested, but I'm not arrogant enough to fight against a group of strong humans who can't stop you in the snow and jungle."

The little black wolf smiled and said: "It doesn't matter, they are killing all the other big demon tribes in this snowy jungle. If they kill just one, my wolf tribe's rights in the snowy jungle will be strengthened. I This time I just want Ye Feng to accompany me to the place where the ancient cave is located to see if there are any treasures."

Ye Feng glanced at the little black wolf and said in surprise: "You just got so many treasures left by your ancestor Wolf God, why are you thinking about going to some ancient cave now?"

Little Black Wolf chuckled and said: "No one would object to the lack of luck. That ancient cave may be a cave left by a super power, and it may have a peerless inheritance. I don't believe you are not tempted, Ye Feng."

Ye Feng smiled and said: "I am indeed a little tempted, but I'm afraid it will affect my actions with you as a burden."

The little black wolf suddenly widened his eyes and said: "Ye Feng, you actually think that I am a burden. Let me tell you, I have now obtained the inherited skills of my ancestors, and I have also refined many cultivation resources left by my ancestors. , so my current strength is not much worse than yours, really."

When the little black wolf said this, Ye Feng couldn't help but smile. He was just joking just now. After all, he had received a lot of benefits from the Wolf God's Palace, so he would naturally not kill the donkey.

Ye Feng nodded and said: "Okay, let's go together. You grew up in this snowy jungle, so taking you with me will be of great benefit to exploring the route."

Ye Feng was now an expert and daring, so he took the little black wolf alone and rushed into the ancient cave with a group of strong human beings to fight for the inheritance of good fortune.

As soon as they left, Ye Feng and Little Black Wolf set off the next day.

Under the guidance of the little black wolf, they soon arrived outside a snow-capped mountain.

At this time, a large group of strong human beings gathered outside the snow-capped mountains. They were all young men and women. The aura of cultivation surging on their bodies was very powerful, exuding terrifying fluctuations.

"These are not the powerful human beings from the Tiannan Ancient Ruins. They came to this Tiannan Ancient Ruins from the spiritual world like me."

At this time, Ye Feng took a closer look and immediately saw through the identities of these young geniuses.

Among this group of young geniuses, several of them looked very familiar to Ye Feng. They entered the Tiannan ancient ruins through the same entrance as him.

At this time, Ye Feng and Little Black Wolf were lurking around.

Little Black Wolf's eyes were a little shocked and he said: "There are so many powerful young people, dozens of them in total, and each of them has the cultivation level of the Great Perfection Law Realm, or even the first-level Life Palace Realm. It's terrible, our heaven When did so many geniuses appear on the Southern Continent?"

Ye Feng

Hearing what Little Black Wolf said, his heart moved, but he didn't say much.

If he revealed his true identity, it might make Little Black Wolf feel a gap.

At this moment, it is better to cooperate with the little black wolf and enter the ancient cave to search for the inheritance of the ancient power.

At this time, dozens of young geniuses outside the snow-capped mountains not far away suddenly sprinkled a bottle of the great demon's blood in their hands towards the snow-capped mountains.

"Wow!"

The entire entrance to the snow-capped mountains was immediately stained blood red.

Buzz!

Almost at this moment, a huge blood-red space door suddenly appeared at the entrance of the snow mountain.

"The Nine Yin Tiansha Formation has been broken. Let's go in, but we have agreed in advance that after entering this ancient cave, life and death are determined by God. We are no longer an alliance, and benefits can only be obtained through our own strength and fighting."

Among the dozens of powerful young prodigies, a young man wearing a light blue gown spoke up with a very firm tone.

The faces of many young geniuses around him darkened slightly when they heard what this young man said.

Obviously they know that this young man is a very powerful genius, almost the top expert among them. Many young geniuses are no match for the young man.

The meaning of the young man's words at this time is very clear, that is, they cooperated before to open this ancient cave, but after entering this ancient cave, they fought independently. This shows that if this young man wants to plunder other people's wealth, then this young man may take action casually without any mercy.

Many young geniuses walked slowly into the ancient cave with heavy hearts.

The young man also walked into the ancient cave with a hint of arrogance in his eyes and disappeared in an instant.

At this time, Ye Feng and Little Black Wolf appeared on the snow outside the snow mountain.

At this time, the little black wolf's eyes were a little frightened, and he said: "Ye Feng, there are dozens of powerful young geniuses appearing here all of a sudden. They are all extremely beautiful and possess unparalleled fighting power. I'm afraid the person who came here is not good. I always feel that these people are very mysterious. They are not from our Tiannan Continent, but from outside the territory. I can feel a very strange mana fluctuation from their bodies. "

There was an undetectable flash in Ye Feng's eyes, and he didn't expect that the little black wolf's perception was very powerful.

However, the Divine Art of Creation that he has cultivated is able to perfectly hide his magical power and strength attributes. Even if he is with Little Black Wolf every day, Little Black Wolf cannot detect it.

At this time, Little Black Wolf said in a low voice: "The two of us can't beat these young geniuses at all."

Ye Feng smiled and said, "I suddenly had a good idea."

Little Black Wolf's eyes moved and he said, "What's a good idea?"

Ye Feng's eyes showed a hint of conspiracy and said: "Little Black Wolf, as the new generation of wolf king of the snow forest, you now call on all the big monsters in the snow forest to come and surround the entrance of this ancient cave. As long as you Whenever one of these young prodigies from outside the territory comes out, we will imprison and search for one. When the time comes, the two of us will keep the top treasures, and the other ordinary treasures will be distributed to the

big demon tribes in the snowy jungle. I think they will not refuse this good thing in order to take revenge. At the same time, we also utilized the power of these great snow monster tribes.”

When the little black wolf heard what Ye Feng said, his eyes suddenly lit up and he said: "Okay, I'll do it right away. We just need to wait and see outside!" The seventh stage of the Galaxy Sacred Body's condensation and transformation made Ye Feng Generated extremely powerful self-confidence.

At this moment, his cultivation has also entered the realm of the Great Perfection Law, which has caused his combat power to skyrocket.

Ye Feng stepped out of the secret training room of the Wolf Clan Palace, just in time to see the little black wolf running over.

When the little black wolf heard what Ye Feng said, his eyes suddenly lit up and he said, "Okay, I'll do it right away. We just need to wait and see outside!"

Chapter 957 The first genius to step forward

After Ye Feng and Little Black Wolf discussed it, Ye Feng stayed where he was to guard the entrance to the ancient cave in the snowy mountain, while Little Black Wolf ran to contact the powerful armies of the big demon tribes in the snowy jungle.

This time, in order to open this ancient cave in the snowy mountains, a group of dozens of young geniuses who descended from the spiritual world killed many monsters in the snowy jungle. In order to sacrifice blood, they opened the entrance space of this ancient cave and sealed off the whole world. Array.

Therefore, for this group of young prodigies from outside the territory, many great demon races in the snowy jungle naturally hate this group of young prodigies, but they are also very afraid in their hearts, because of the behavior shown by these young prodigies. The strength is simply too powerful.

But now, Ye Feng asked Little Black Wolf to directly contact the tribes of these big monsters, and use the identity of the Wolf King to integrate a group of powerful monster races together, which can burst out boundless power.

Moreover, with Ye Feng's current powerful cultivation level, no matter how strong their cultivation level is, those young prodigies will still have their wealth robbed one by one when they walk out of this ancient cave.

I feel very excited when I think about this group of young prodigies working hard to explore the ancient caves, looking for various treasures and inheritances, but when they come out, everything will become the wealth of Ye Feng and Little Black Wolf.

The little black wolf was very fast. After half a day, he led a large group of demon leaders to the entrance of the ancient cave in the snow-capped mountains.

In addition to the nine powerful wolf clans, there are also nearly a hundred demon clan leaders in the snowy jungle.

Every demon clan leader is followed by tens of thousands of powerful demon clan troops, a total of more than one million troops.

Behind the little black wolf, the nine powerful men of the wolf clan each commanded an elite royal army of the wolf clan, with a total of 90,000 troops.

So when such a force gathered together, it was enough to make anyone tremble.

At this time, more than a hundred clan leaders saw Ye Feng, and they all said respectfully:
"Greetings to Mr. Ye."

Obviously, in the minds of many demon clan leaders, Ye Feng is not only an infinitely powerful human race genius, but also a descendant of the Lord of the Forbidden Zone from the Life Forbidden Zone of Tiannan Continent.

Therefore, in the minds of a group of powerful demon clan men, Ye Feng's identity and status were obviously extremely noble.

At this time, the little black wolf walked up to Ye Feng and asked in a low voice: "I have gathered all the power I can use, and I must plunder them fiercely this time."

Ye Feng looked at the entrance of the ancient cave in the snow mountain and said with a smile: "Believe me, this plan is much more cost-effective than directly venturing into the ancient cave to find wealth."

At this time, Ye Feng looked at the more than a hundred demon clan leaders and said with a smile: "Did Little Black Wolf tell you about the profit distribution?"

The chiefs of the major demon tribes immediately clasped their fists respectfully and said: "Don't worry, Mr. Ye, these His Highness the Wolf King have already discussed with us in advance. We are here mainly to use the power of Mr. Ye and His Highness the Wolf King to bring those group of these Heaven has been killing the young prodigies from outside our demon clan and giving them a harsh lesson, so this time we are not doing it for wealth, but mainly for revenge. "

Ye Feng smiled and said: "If you say this, I feel relieved, but you can also rest assured that as long as the wealth is plundered, your part will naturally be given to you. Little Black Wolf and I will not keep it to ourselves."

Ye Feng knew very well that it was impossible to let the horse run without giving it food.

Ye Feng will naturally not hack the interests of these demon clan leaders. After all, that would be too unfair, and these demon clan clan leaders will not loyally work for you.

Sure enough, after hearing Ye Feng's words at this time, everyone

The heads of the demon clan all showed excitement in their eyes.

Apparently even though they say they don't care, they still care.

After all, they all know that this ancient cave contains countless wealth.

Those young prodigies who came out must have huge sums of money hidden in their bodies. Even if these clan leaders could get a small share of the profits, it would be enough for them to benefit from endlessly.

After all, in this snowy jungle, the land is barren and barren, and many of the demon clan leaders are very poor.

At this time, seeing the changes in the expressions of the major clan leaders, Ye Feng nodded with satisfaction.

At this time, a group of strong men and an army of monsters were standing outside the entrance of the snow-capped mountain, waiting for the young prodigy to come out of the ancient cave.

The little black wolf stood beside Ye Feng, his small eyes staring at the entrance of the ancient cave in the snow-capped mountains with deep greed and passion.

The little black wolf couldn't help but said: "Ye Feng, you really are the one who can actually come up with this method of waiting for the rabbit. Those young geniuses fought hard and experienced many hardships in the ancient cave, and finally snatched away some treasures and wealth, but when they walked out of the ancient cave, they had to face so many of our terrifying monster armies. I think the young genius must have looked desperate at that time. "

When Ye Feng heard what Little Black Wolf said, he couldn't help but smile and said: "We will know this when the first young genius comes out."

A group of strong men were waiting slowly outside the cave.

Buzz!

Just in the early morning of the fourth day, at the entrance to the ancient cave, the space began to fluctuate violently.

Everyone who had been waiting outside had sensed the violent air fluctuations. At this time, their eyes lit up, and all their gazes were focused in an instant.

Arriving at the entrance of the ancient cave.

At this moment, a young man wearing a green gown had a trace of embarrassment on his face, but his eyes were full of excitement and excitement, as if he had plundered some treasure. He was holding a broken handle. The long sword came out of the ancient cave.

Obviously, the genius at this age must have grabbed some treasure in the ancient cave, so although his face was very tired, he still showed happiness.

But the moment he walked out, the young genius was suddenly stunned.

Because he saw that in all directions of the snow outside, there were more than a million demon clans standing there. They were so vast and vast, and countless eyes were fixed on him, all with deep greed and passion in their eyes. .

"what's the situation....."

This young prodigy was the first to walk out of the ancient cave, and was going to find a place to refine the inheritance and treasures he had received.

But unexpectedly, he suddenly encountered an army of more than one million monsters. The shocking scene in front of him stunned him. The young genius was stunned on the spot. For a moment, he didn't know what to do. What to do.

Chapter 958 Plunder

The moment the first young prodigy came out, an army of monsters immediately surrounded him.

You know, this time the little black wolf gathered an army of more than one million monsters.

When so many strong men stood over there, the demonic energy in the sky darkened the entire sky.

No matter how powerful this young prodigy was, facing the eager gazes of so many monsters, he was so frightened that his legs and feet became weak and he fell to the ground.

"Bah! A young prodigy from outside the territory is so timid!"

The little black wolf walked over in a swaggering manner, with a look of aloofness in his eyes. He glanced sideways at the young prodigy and said, "You were the one who killed all the monsters in our snowy jungle just to open up this ancient bullshit." The big formation in the cave?"

It has to be said that although the little black wolf is young at this time, his wolf size is very huge. His whole body is covered with black and green scales, his eyes are dark gold, and his fangs stick out from his mouth, which is several meters long. It's long, but very scary.

The first young genius who just walked out of the cave was frightened and said: "It's not me, it's not me. I didn't kill any friends of the demon clan. I'm just the weakest among a group of young geniuses. Those of you who are fooling around behind their backs, you masters of the demon clan, please don't accuse me unjustly."

Snapped!

Little Black Wolf slapped him directly and said: "Stop talking nonsense, donate all your wealth, and I will let you go."

"What? Give away all the wealth I have?"

The young prodigy's eyes suddenly widened, and there was unstoppable trembling in his eyes.

Obviously what the little black wolf said was that asking him to give up all his wealth would be even more uncomfortable than killing him.

"boom!"

Almost at this moment, this young genius suddenly burst out with an extremely powerful aura.

His eyes suddenly became extremely

Madly, holding a war sword, he shouted: "You naughty monsters, I will fight with you!"

boom!

This young prodigy is still very powerful, with a powerful cultivation level in the high-level law realm. At this time, the battle sword in his hand suddenly burst out with ten thousand feet of divine light, containing terrifying sword energy, and he was killing countless monsters in one fell swoop. And go.

"Boom!"

But at this moment, an ancient big hand that looked like it was cast by stars suddenly fell from the sky, directly knocking the young prodigy to the ground, and the ground suddenly collapsed.

The young prodigy was also shattered all over. After screaming, he instantly turned into blood foam and was buried in the ruins on the ground.

At this time, the little black wolf ran over and happily took out a storage spirit ring from the young prodigy's foam, and then sent it to Ye Feng, saying: "Since this young prodigy is If you kill him, the wealth in this storage ring will be yours."

Ye Feng smiled and accepted the storage spirit ring. After examining it with his spiritual mind, he found that there were still many good things in it, including many spiritual pills and many that could only appear in ancient caves. It is an ancient elixir, but it does not have a strong inheritance.

But Ye Feng is not in a hurry. After all, this is just the first young prodigy to come out. There will be other boys who will give money to him next. All he has to do is wait slowly.

"Gulu, Gulu."

At this time, Ye Feng took out many elixirs from the young prodigy's storage ring and ate them on the spot to replenish his mana and build up his cultivation strength.

Ye Feng would not let go of these spiritual materials and elixirs. As long as he got them, he would directly refine them on the spot to replenish his own strength and accumulate them.

Accumulate cultivation.

Ye Feng was very happy to be able to unite so many demon clans in the snowy jungle to hunt and capture these young geniuses who entered the ancient cave.

Because this is equivalent to letting these top young geniuses work for themselves, and plundering them in vain, leaving no one behind.

"Buzz!"

Suddenly at this moment, accompanied by a violent spatial fluctuation, another young genius walked out of the ancient cave.

This young man is a graceful woman wearing a blue dress. She looks extremely beautiful, with fair skin, charming eyes, and a sense of classical beauty.

The moment the woman came out, the little black wolf rushed forward with a howl. His huge wolf claws immediately knocked the woman to the ground. Without saying anything, he directly hit the woman like a stick. Jade's finger was torn off and the storage ring on the broken finger was plundered.

"ah!"

This beautiful woman didn't even react before her wealth was robbed, and she immediately howled in pain.

The little black wolf is still very brave. When facing a beautiful woman, he shows no mercy at all and is just ruthless. He is simply a role model for our generation.

Ye Feng was thinking secretly in his heart at this time, and his eyes did not waver, just watching this scene quietly.

"You are cruel!"

The beautiful woman in the blue dress suddenly stood up. She originally wanted to use her trump card to kill everyone.

But after thinking that it wasn't worth it, and seeing that the leaders of the major demon tribes didn't seem to have any intention of killing her, this beautiful woman said a harsh word, and then she jumped and ran away.

Ye Feng looked at this scene and sent a message to the chiefs of the major clans: "These young geniuses are from the major ancient forces in the outer spiritual world. If they really killed many of your demon clans,

, then you can directly kill them for revenge, but if you did not participate in a previous massacre and plundered the wealth of these young geniuses, just let them go, because if you kill them all, you may anger the outside world. When some big shots take action, the entire snowy jungle may not be able to withstand it. "

After Ye Feng finished these words, all the demon clan leaders, including Little Black Wolf, nodded in agreement.

Although they wanted to directly kill a hundred of these young prodigies from outside the territory.

However, considering that there may be big figures from outside the region taking action, the consequences would be too serious, so just plundering their wealth is relatively low-key.

Ye Feng's words made the heads of the demon tribes even more awe of Ye Feng.

All the clan leaders felt that this young man in black was indeed the descendant of the Lord of the Forbidden Zone who came out of the restricted area of life. Not only was his cultivation extremely powerful, but his intelligence and mind were also extremely evil. He took everything into consideration. of thoroughness.

The next step is very simple. Under the coercion and inducement of Ye Feng, Little Black Wolf and many demon clan leaders, the young geniuses who came out of the ancient caves were all miserably robbed of all their wealth. , and then ran away in despair.

Ye Feng and Little Black Wolf made a lot of money, and the heads of the major demon tribes also received a lot of wealth, and they were all very happy.

But on the seventh day, an aura suddenly came out of the ancient cave that made everyone in the room and the demon clan feel extremely frightened.

"It is definitely the aura of a powerful creature at the Life Palace level that has surpassed the Law Realm!"

The little black wolf suddenly looked shocked.

At this time, Ye Feng immediately shouted: "Everyone, hurry up and retreat. There may be an extremely powerful existence coming out. I don't know whether it is the young genius who has obtained the peerless inheritance, or the ancient creatures in the ancient cave have escaped. Anyway, we will definitely Be careful!"

Chapter 959 Human Demon

At this time, Ye Feng, Little Black Wolf, and many powerful demon clan men were all ready, staring at the entrance of the ancient cave in the snow-capped mountains with vigilance in their eyes.

Uh-huh!

Suddenly, at the next moment, a graceful woman dressed in white, her movements looked a little embarrassed, flew out of the ancient cave.

Little Black Wolf's eyes were surprised and he said: "Could that terrifying aura just now be emanating from such a beautiful woman?"

When many monster clans saw this scene, they couldn't help but feel relaxed.

Was it just a false alarm?

Ye Feng suddenly focused his eyes and said, "Don't let your guard down, everyone, there is something behind that woman in white!"

boom!

Almost at the moment Ye Feng finished speaking, behind the beautiful woman in white, from the depths of the deep cave, a huge creature suddenly walked out.

This is a tall giant with a height of tens of meters. The face of this giant can be vaguely seen. It is a handsome young man with a wind god. He is a certain young genius who entered the ancient cave before.

But now he has turned into a complete monster. Although his face is still as handsome as Fengshen, his whole body is covered with black scales, as if wrapped in a layer of hard black armor, and his eyes His eyes were no longer human, they were full of blood red, full of cruelty and bloodlust.

Obviously, this young prodigy may have encountered some strange evil demon in this ancient cave. It seemed that his body was taken away and turned into a monster that was neither human nor demonic.

Buzz!

However, his body exuded an extremely strong vitality fluctuation.

Everyone saw that a blazing red flame was burning in the chest of this humanoid monster. The red flame exuded the majestic energy of life that made everyone feel greedy.

"That ball of red flame is the life essence of an ancient great demon. This young man's genius was taken away, and he has not yet completely integrated with the life essence of this great demon!"

The little black wolf had extraordinary vision and told the truth at once.

Ye Feng's eyes were extremely bright, feeling the pressure in the human demon's chest.

The burning red flames, the terrifying life essence and vigorous fluctuations emitted, suddenly murmured: "I have taken tens of thousands of pills through plundering in the past few days, and I feel that the cultivation bottleneck in my body is about to break through. However, there is still a huge amount of energy missing to help me carry out the final transformation, but this human demon, with its huge life flame, can definitely allow me to carry out the final transformation and transcend the law realm in one fell swoop!"

Ye Feng said, and instantly stepped out from the crowd of monsters, exuding a terrifying fighting spirit.

At this time, the entrance to the ancient cave in the snow-capped mountains was not far away.

On the cold snow, there was a "bang", and the beautiful woman in white accidentally tripped and fell to the ground.

"Roar!"

The huge human demon transformed by the young prodigy suddenly let out a ferocious roar and rushed directly towards the beautiful woman in white, intending to tear her directly to death.

The beautiful woman in white immediately shouted: "Nie Wuya! You are the top genius of our Xuzhou Qiren Mansion! You have been snatched away by the big devil now, but I know that your original consciousness still exists, hurry up and defeat the big devil Will, I believe you can do it!"

Roar! !

But the giant human demon couldn't listen to the words of the beautiful woman in white. He suddenly roared and his eyes became more ferocious.

"boom!"

But suddenly at this moment, a handsome young man wearing black clothes suddenly came from a distance.

The beautiful woman in white saw this young man in black and thought he was here to save her. She immediately panicked and said, "Don't fight with this demon. I am Gu Qinlan, the daughter of the lord of Qiren Mansion in Snow Prefecture. This person The demon was originally my training partner, named Nie Wuya, a top talent in the Qiren Mansion. Now his mind has been invaded by an ancient demon, and it has also been fused with the demon's fire of life. It is very powerful. Let's hurry up. Run away!"

Boom! !

But the moment Gu Qinlan, the beautiful woman in white, finished speaking,

, but Ye Feng struck the human demon with one hand, making a thunderous roar.

"howl!!"

The man-demon howled miserably, and his black palm collapsed suddenly, while Ye Feng remained motionless, like a big bell, standing in the void, upright against the sky, like an immortal monument, standing forever. Full of huge power.

"What?!"

Gu Qinlan, the daughter of the lord of Xuezhou Palace, was stunned.

Just now, the scene where Ye Feng was able to forcefully shake up a human being and a demon completely shocked Gu Qinlan's heart.

She was a powerful person in the first level of the Life Palace Realm, yet she was being chased by that human demon so miserably.

But in the end, a young man in the Dzogchen Law realm directly smashed the demon's hand into pieces.

Moreover, Gu Qinlan saw clearly just now that this young man did not use any powerful magic weapons or methods, but directly used his body to fight hard.

"What kind of combat power is this? No, his body is so powerful that he can even defeat ancient humans and demons! This kind of body training technique is too terrifying!"

Gu Qinlan thought in her mind, and then looked not far away, and suddenly saw more than one million demon clans, as well as the clan leaders of the major demon clans, all looking towards this direction.

"Hiss! Why are there so many monsters here?"

Gu Qinlan was stunned for a moment, not knowing what was going on.

"Boom!"

At this time, not far away, Ye Feng used a star-picking hand, which directly blasted the huge human demon into pieces and exploded all at once.

"Uh-huh!"

Ye Feng grabbed it with his big hand and directly grabbed the life flame in the body of the human demon.

Gu Qinlan's eyes were startled and she immediately said: "How did you kill him? Although Nie Tianya turned into a human demon, I have a way to awaken his heart and make him wake up again. As long as you control him, I can use that Such means, but now you kill him!"

Ye Feng glanced at Gu Qinlan and said: "Who are you? Why should I listen to you? What do I need to get from you?"

Agree? "

Several questions in a row left Gu Qinlan completely stunned and speechless.

Guqinlan was suddenly shocked. Yes, he is just a powerless person now. How can he have the right to order others in this ancient Tiannan ruins?

"Uh-huh!"

At this time, Ye Feng opened his mouth and swallowed the strong fire of human and demon life.

When Gu Qinlan saw this scene, her beautiful eyes were suddenly startled, and she quickly said: "No! If you swallow the fire of life directly like this, it will be burned and destroyed directly from the inside out. You should use this method, using the purple spirit The fire, the thousand-year wood spirit, and the one-yuan heavy water are fused together to refine a pill that can protect your body. After swallowing it, you can start to refine the fire of life to ensure that you are not harmed..."

Just when Guqinlan was chattering,

boom!

Suddenly, a huge and majestic momentum spread out from Ye Feng.

"This is....."

"Elementary Life Palace Realm!"

"It actually broke through directly?"

"How can this be!"

Gu Qinlan's endless chatter suddenly stopped. Her beautiful eyes stared at Ye Feng, and their eyes widened in an instant, full of disbelief.

Chapter 960: Tempting

Gu Qinlan looked at Ye Feng, who had suddenly achieved a breakthrough in cultivation, and his eyes immediately showed deep shock.

She opened her mouth, and for a moment she didn't know what to say.

Guqinlan is the daughter of the lord of Selangor Prefecture. She has been of high status since she was a child. She follows her father and has a wide range of knowledge.

That's why she understood deeply at this time that being able to directly swallow the fire of life of an ancient demon, not only had no physical problems, but also directly broke through, how evil this achievement was. .??.

At this time, Gu Qinlan walked up to Ye Feng, stared at him, and said: "Are you the local genius in the ancient Tiannan ruins? Your talent is too powerful! If you follow me now, I will Miss, I will take you to the vast spiritual world, to the strange man's mansion in Xuezhou Prefecture. I promise to give you countless resources to train you, but you must obey my orders. "

Now, even though Gu Qinlan has a distinguished status, she is still attracted to Ye Feng at this moment.

Of course, specifically, he was attracted by Ye Feng's strong combat power and amazing talent.

At this time, Ye Feng glanced at Guqinlan, shook his head, and said nothing more. He was just exploring the storage ring on the human demon who was killed just now to see if there was any good stuff.

After his spiritual exploration, Ye Feng actually found some good treasures.

That storage spirit ring turned out to be the storage spirit ring of the ancient demon who took away Nie Wuya. It contained a lot of mineral deposits from the ancient caves and contained piles of primitive spiritual crystal stones, which was equivalent to Ye Feng's direct Obtained a spiritual crystal mine, and the wealth is endless.

Besides that, what Ye Feng was most interested in was an ancient book lying quietly in the storage ring, as well as a set of dark ancient armor.

The surface of this armor is covered with a thick layer of black scales. It is armor made by the ancient demon using countless very hard scales. Each scale surface is engraved with an ancient demon script.

Ye Feng didn't recognize these demonic words, but he could sense that every word exuded very strong energy fluctuations.

The entire set of jet-black scale armor gives the impression that it is simply indestructible, like a powerful body shed by a great demon. It is as if it is made of the hardest divine iron in the world, and those ancient demon characters exude A very devastating fluctuation.

Ye Feng was very happy at this time. The human demon just now

He must have just recovered from his body and was unconscious. Otherwise, if he were to wear this set of indestructible scale armor, he might not be able to beat him directly.

"At least they are armors of the ninth-grade magic weapon level, and the ancient demonic characters on them also have special bonus power."

Ye Feng secretly estimated in his heart that this set of armor was many times higher in grade than the Demon Lord armor he had obtained before.

Next, Ye Feng got the answer from the ancient book in the storage ring.

It turns out that this set of armor is called "Jiuji Demon Armor". It is a powerful armor left behind by a great demon in ancient times called Jiuji Demon Lord. It is ranked as an eighth-grade magic weapon.

But since every scale-like piece of the Jiuji Demon Armor is engraved with ancient demonic characters with special power, the grade of the entire Jiuji Demon Armor has been directly upgraded to the level of the ninth grade magic weapon. A Taoist weapon second only to the legendary magic weapon.

Taoist tools surpass magic weapons. They are truly terrifying treasures with the power to destroy heaven and earth!

At this moment, Ye Feng happily refined the Jiuji Demon Armor into his body. As long as he activated his magic power, the entire Jiuji Demon Armor could cover his entire body in an instant, including an armor mask on his head. Helmet, able to withstand fatal injuries.

As for that ancient book, it's called the 'Nine Death Divine Technique'. It's a powerful technique created by Jiuji Demon Lord, and there's nothing special about it.

However, Ye Feng is still silently reading and comprehending, maybe he can learn something from the Nine Death Art.

After all, this nine-death divine skill is an inherited skill created by an ancient powerful demon king. Reading it may bring you some improvement in your martial arts state of mind.

Ye Feng knew that a truly strong person did not just work behind closed doors. A truly strong practitioner would embrace all rivers and learn from the strengths of hundreds of schools of thought to strengthen himself.

But at this time, when she saw that Ye Feng was only concentrating on exploring the storage ring and looking through the ancient books in his hand, Guqin Lan couldn't help it.

The daughter of the head of the state capital of Xuezhou immediately felt that she had been ignored. She stretched out her jade-like hand, waved it in front of Ye Feng's eyes, and said: "Hey, little brother, you have

Didn't you hear your sister talking? You are so young, with such powerful cultivation and amazing potential. It is really unworthy of you to stay in this small ancient Tiannan ruins. You are simply buried. For a monster like you, the real stage should be How about in the spiritual world? Do you want to consider following me, my sister? I will take you to a truly prosperous place, let you enter the capital of Selangor, and take you to eat delicious food! "

Seeing that Ye Feng was indifferent, Gu Qinlan immediately began to lure Ye Feng with prospects.

However, what disappointed the daughter of the Snow State Palace Master was that Ye Feng was still concentrating on reading and ignored her.

"you.....!"

Gu Qinlan immediately became angry and said quickly: "You have to know that the human demon you killed before was Nie Wuya. The Nie family is a very large family in our land of Xuezhou. Even my father, the head of Xuezhou Palace, is I am very afraid of the Nie family. The Nie family is an ancient family with a profound foundation. If you kill Nie Wuya, Nie Wuya will have the Nie family's special jade tablet on his body, which can kill Nie Wuya at the moment of his death. It records the face and aura of the person who killed Nie Wuya, so you can't escape the pursuit of the Nie family. The Nie family has a long-lasting existence in the fairyland that transcends the nine secret realms, so your only way out now , even if you follow this young lady and enter the capital of Xuezhou, the Nie family will never dare to touch you."

Obviously, this Guqinlan saw that she could not seduce Ye Feng, so she could only start threatening him.

However, Ye Feng was still concentrating on reading, which made the palace lord's daughter so angry that her teeth started to itch.

At this time, the little black wolf came over, stared at Gu Qinlan, smiled, and said: "This beautiful sister, my brother Ye Feng is born with a cold temperament, and is fearless of power and threats, but he likes beautiful women very much. As long as this beautiful sister can marry my brother Ye Feng, I believe that he will definitely follow you to the capital of Snow State. "

When Ye Feng heard what Little Black Wolf said, three black lines suddenly appeared on his face, and he was speechless.

However, Gu Qinlan took it seriously. Her beautiful eyes suddenly showed a look of surprise and said: "Really or not?"

It seemed that she really wanted to commit herself to him. After all, no woman would be tempted by Ye Feng's conditions, even the pretentious daughter of the lord of Xuezhou Palace.

"Snapped!"

But the next moment, Ye Feng

He slapped the little black wolf directly on the head, sending the little black wolf flying away and causing him to gnaw on the dirt.

Ye Feng said calmly: "This little brat is joking."

At this time, when many big demons not far away saw this scene, the corners of their mouths twitched slightly.

Mr. Ye is probably the only one who dares to directly knock His Highness the Wolf King away in front of an army of millions of monsters.

The little black wolf was whipped away and didn't care at all. Instead, he ran over again with a smile and said to Gu Qinlan: "This beautiful sister, the place where you live is called the spiritual world? I remember my short-lived life." Dad once said that the land of the spirit world is vast and endless. It is hundreds of times the area of our Tiannan Continent, or even larger. It has countless powerful creatures and countless treasure inheritances. It is a truly prosperous place and is the center of all heavens. The high-end interface in the world, this beautiful sister, please don't worry about Ye Feng, he is a brainless person. Beautiful sister, what do you think of me? Why don't you take me to the capital of Snow State in the spiritual world? I'm talented. It's also very extraordinary, just a little bit worse than my brother Ye Feng, please consider me."

Gu Qinlan glanced at the little black wolf and said, "Not very good."

Little Black Wolf: "..."

Ye Feng spoke up at this time, looked at Gu Qinlan, and said, "What you just said about Nie Wuya's body has a jade tablet that can record my face and life breath. Is it true?"

The Nie family is a behemoth on the land of Snow State. The existence of fairyland in the family makes Ye Feng still very afraid.
