

## Ancient 961

### Chapter 961 Blood of Hundred Demons

Seeing Ye Feng directly asking him about the situation of the Nie family, Gu Qinlan, the daughter of the lord of the Snow State Palace, suddenly showed a smile that looked like victory on her fair and beautiful face.

She stared at Ye Feng, full of interest, and said: "Of course what I said is true. The Nie family is a super wealthy family in Xuzhou. The family has a powerful existence in the fairyland, and it is also the most powerful power in the divine dynasty. Being an official in the divine capital of the Nine Provinces, "Shenzhou", has great power. Even my father is the lord of Xuezhou Palace. When you meet people from the Nie family, you must treat them seriously. The demon Nie Wuya you killed is the Nie family. A peerless genius of this generation. Although he is not considered to be the top in his family, he has an eldest brother named Nie Fengyu who is very powerful. His cultivation strength is almost comparable to that of many strong men of the older generation, so you are in great danger now. Ah, the strong men of the Nie family can hunt down this ancient Tiannan ruins at any time."

Little Black Wolf curled his lips at this time and said: "But Nie Wuya was killed after he turned into a human demon. This cannot be blamed on my brother Ye Feng."

Gu Qinlan smiled and said: "This kind of big family will not tell you what is right and wrong. Ye Feng killed Nie Wuya. No matter what the situation was, Ye Feng has become the target of the entire Nie family. , and if Nie Wuya has a good brother, he will definitely be furious. "

Ye Feng was silent for a moment, and then asked: "I understand."

At this time, the little black wolf stretched out its small wolf claws, patted Ye Feng's shoulder, and said: "Brother Ye Feng, you don't have to be afraid. You know that there are hundreds of monsters in the snowy jungle of this Wolf King." Guard, that strong Nie family can't possibly kill you."

Gu Qinlan couldn't help but smile at this time and said: "This simple little wolf king, don't be too confident in yourself. The real powerhouse of the Nie family has arrived, and this snowy jungle will be wiped out in an instant. "

At this time, a demon clan leader immediately stepped forward and said to Ye Feng: "Master Ye, you should go back to your life restricted area and hide. Our snowy jungle is really untouchable.

A super strong man who came from outside the high-level domain. "

Snapped!

The little black wolf slapped the leader of the demon tribe and said fiercely: "If you say something depressing again, I will tear you apart. Ye Feng is my brother, and you actually want to drive him away? How outrageous!"

Ye Feng looked at the little black wolf at this time and said with a smile: "Little brat, I still have some conscience, but I really have to leave this snowy jungle and hide in the restricted area of my life."

Little Black Wolf knew that Ye Feng was not the descendant of the Lord of the Life Forbidden Zone at all, it was just made up by Little Black Wolf himself.

At this time, the little black wolf immediately said anxiously: "Ye Feng, you don't have to worry about getting me involved. I want to see if the so-called super clan outside the territory is really as powerful as the legend says."

Ye Feng smiled and patted the little black wolf on the shoulder and said: "I'm not afraid of hurting you, but I really want to leave. I told you before that I won't be in the snowy jungle for a long time. I have to go to other places to practice."

When the little black wolf heard what Ye Feng said and saw Ye Feng's determined eyes, he couldn't help but feel a little lonely in his heart, and said: "Okay, then you must remember to come back to play with me in the future. We brothers will be good friends all our lives." brother."

In Little Black Wolf's mind, although he is crazy, Ye Feng has an irreplaceable and important position.

Because of Ye Feng, the little black wolf was able to change his destiny again and become a new generation of wolf king in the snowy jungle.

Ye Feng looked at the little black wolf, smiled, then turned and walked away.

Many of the demon tribe leaders in the snowy jungle saw Ye Feng leaving.

I was secretly relieved.

To them, Ye Feng has now become a god of plague.

Now that Ye Feng has left, many of the demon clan leaders are naturally very relaxed.

When the little black wolf saw many demon clan leaders acting like this, he immediately became furious and shouted: "All demon clan leaders, please offer a drop of your life essence and blood to see my brother Ye Feng off!"

"Huh? This?"

Many of the demon clan leaders looked shocked.

The demon clan's natal essence blood is different from ordinary blood.

Even if a drop is lost, it will be a huge consumption for the demon clan.

But at this time, Little Black Wolf, the wolf king, spoke. More than a hundred monster clan leaders directly donated a drop of monster blood. A total of more than a hundred drops of different big monster blood were fused together and turned into A ball of blood of hundreds of demons exuding bright divine light.

At this time, the little black wolf himself forced out more than a dozen drops of the Wolf King's essence and blood. His face turned pale before he stopped and merged into the blood of the hundred monsters.

Then the little black wolf threw the blood of a hundred demons in the direction of Ye Feng and said: "This blood of a hundred demons can help Ye Feng improve his magic power by a large amount!"

Ye Feng turned around and collected the blood of hundreds of demons. Without any pretense, he shouted: "Brother, thank you!"

brother?

The little black wolf's face was pale, but at this moment there was a kind of fanatical excitement in his eyes, and he shouted: "Madeh, little brother Ye Feng! You are finally willing to call me brother! Hahaha! You Just follow that beautiful sister to the spirit world, and you have to wait for me. When I get tired of this wolf king life, I will come to the spirit world to play with you!"

...

Ye Feng is very fast

He left this snowy jungle and disappeared from the sight of many demon clans.

Gu Qinlan, the daughter of the head of Xuezhou Palace, also immediately followed behind Ye Feng.

Seven days later.

Ye Feng came to the human survival area of Tiannan Ancient Ruins. He entered a dilapidated ancient city and prepared to rest for a night.

Gu Qinlan also followed and stood beside Ye Feng, like a follower.

Ye Feng glanced at the daughter of the Snow State Palace Master and said, "I already told you that I will not return to the spirit world with you, why are you still following me?"

At this time, Gu Qinlan's eyes showed a hint of intelligent smile, and said: "Now that there is no one around, you should stop lying. Ye Feng, you are not from this Tiannan ancient ruins at all. You are also from me, Xue." The young talent in the state."

Ye Feng was a little surprised, but he didn't panic. Instead, he said with interest: "Oh? How did Miss Gu figure it out?"

Gu Qinlan shrugged and said: "I heard that a peerless prodigy came out of the inner gate of the Sword God Tiangong, named Ye Feng. I heard the little black wolf call your name before, and I was sure of it immediately."

Ye Feng smiled and said: "I didn't expect that I am so famous. Even the daughter of the Lord of Xuezhou Palace, such a noble existence, has heard of my name. But what if I am Tiannan who has the same name as the Ye Feng you mentioned? What about people from mainland China?"

Gu Qinlan shook her head and said with absolute certainty: "A world as small as the Tiannan Ancient Ruins cannot breed a peerless genius like you, Ye Feng, who is as evil as you."

Chapter 962 Disciples of the Demon Refining Sect

What Gu Qinlan said at this time made Ye Feng a little surprised.

But Ye Feng then smiled and said: "Then since Miss Gu already knows that I am a disciple of the Sword God Tiangong, why do you still follow me?"

Gu Qinlan smiled and said very directly: "Because I want to recruit you. I have seen your evil qualities, which makes me very tempted. Although you are a disciple of the Sword God Tiangong, my Xuezhou Prefecture is subordinate to the imperial court after all. , the power is huge, and the welfare benefits are definitely many times better than those in the Sword God Heavenly Palace."

Ye Feng shook his head and said: "I have met many people in the Sword God Tiangong, and I am very familiar with the Sword God Tiangong. I should not be able to go to Xuezhou Prefecture, and I am afraid I will disappoint Miss Gu. "

Gu Qinlan was indifferent and said: "People often change. Maybe today you are extremely loyal to your sect, but tomorrow you will have other thoughts. It doesn't matter if you don't accept my solicitation now. I am anyway." I will stay with you for the time being. You are so powerful. It will be much safer for me to follow you in the ancient ruins of Tiannan. Ye Feng, you won't drive me away, right?"

Ye Feng smiled and said: "I can't interfere with what Miss Gu does. If you want to follow me, just follow me. When the time comes, the strong men of the Nie family will come to the Tiannan ancient ruins to hunt me. Miss Gu will stay here." I even feel a little safer next to me."

Gu Qinlan glanced at Ye Feng in surprise and said, "You are quite funny too. You are different from the indifferent look you had before."

Ye Feng didn't say much. After walking around in this dilapidated city, he didn't find anything of interest, so he found an inn and stayed in it.

Gu Qinlan also stayed in this inn, and really followed Ye Feng and refused to let go.

Although Ye Feng was unwilling to join Selangor Prefecture, Guqin Lan, the daughter of Selangor Prefecture, was very interested in Ye Feng.

...

That night.

Ye Feng stayed in his room, with a ball of blood exuding bright light in his hands.

It was the gift that Little Black Wolf gave to Ye Feng before he left from the snowy jungle, a ball of hundreds of flowers.

Demon blood.

This blood of a hundred monsters is condensed from the natal essence blood of more than a hundred big monsters, and it has very terrifying energy.

Buzz!

At this time, Ye Feng was running the Divine Art of Creation, and a dark swallowing vortex suddenly appeared between his hands, and began to crazily devour the energy in the blood of a hundred demons.

"Boom!"

Ye Feng immediately felt that a powerful stream of heat was flowing through his limbs, and then gathered in his Dantian, strengthening his cultivation power.

In the middle of the night, Ye Feng refined the blood of hundreds of demons and directly broke through to the intermediate level of Life Palace!

Ye Feng opened his eyes, and there was a dazzling divine light surging in his pupils. At this time, he couldn't help but smile and murmured to himself, "Little Black Wolf, thank you for the blood of a hundred demons."

Ye Feng knows very well that now that he has entered the fourth secret realm of Life Palace, even if he only breaks through a small level, his combat power will skyrocket.

"Uh-huh!"

Suddenly an afterimage flickered to Ye Feng's door and knocked on the door.

"come in."

Ye Feng's soul power spread out and he sensed the aura of the figure outside, which was the aura of Guqin Lan.

"Squeak."

The door was pushed open, and sure enough it was Gu Qinlan who walked in from the door. She closed the door again.

The daughter of the lord of the Selangor Palace was casually wearing a tulle, and she could vaguely see the wonderful scenery. She seemed to have just woken up from her sleep, and she didn't even have time to change her clothes.

At this time, Gu Qinlan walked to Ye Feng's side and whispered: "Open the window and take a look."

Ye Feng was a little confused and opened the window of the room slightly, and his eyes were slightly startled.

At this time one by one

The puppet made of wood was covered with yellow talismans. At this time, pieces of jade in the shape of tokens were inserted next to the streets and houses in the entire dilapidated ancient city.

Gu Qinlan whispered: "These puppets are the means of the Demon Refining Sect in Manzhou. They are inserting jade talismans one by one in the entire ancient city. We may have encountered a powerful disciple of the Demon Refining Sect from Manzhou in the spiritual world. He It seems that he wants to refine all the creatures in the ancient city."

Ye Feng's eyes were startled and he said: "Isn't the Demon Refining Sect refining demons? Why is it still refining people?"

Gu Qinlan smiled and said: "The methods of this group of demon refining sect disciples were indeed originally used to refine demons to improve their cultivation strength or to refine some magic weapons, but when they arrived in this small world of Tiannan ancient ruins, Without the supervision of many supervisory forces in the human spirit world, it is natural to use demon refining techniques to refine people directly. After all, there is no difference between humans and demons, they are all living creatures. "

Ye Feng's eyes were cold and he said: "There are tens of thousands of people living in this ancient city. So all the Demon Refining Sect disciples want to refine them secretly? Let's go out and kill him."

Gu Qin Lan said: "I just discovered that now we are not sure where the demon refining sect disciple is at all. Even if we go out, we can't find the rightful master. And with our strength, we may not be able to defeat that disciple." Disciples of the Demon Refining Sect, I heard that just half a month ago, the ancient ruins of Tiannan, or in the words of people here, a huge city with hundreds of thousands of people in the northern area of Tiannan Continent, was destroyed overnight. It was refined by a mysterious evil cultivator, and the entire city instantly turned into a dead city. The mysterious evil cultivator may be the disciple of the Demon Refining Sect. It shows how terrifying their methods are. This time they entered the ancient ruins of Tiannan. The most dangerous group of people I have experienced. Of course, the controller of these puppets we saw tonight may be a relatively weak Demon Refining Sect disciple. After all, the truly powerful Demon Refining Sect disciples probably look down on us at this time. This is a dilapidated town with only tens of thousands of people."

Ye Feng nodded slightly and said: "Miss Gu

Your analysis is correct, but we cannot sit still and wait for death. "

Gu Qinlan said with a smile: "We can leave directly, or we can stay and observe first to see if the Demon Refining Sect disciple will reveal any tricks."

Ye Feng said: "But aren't those puppets placing jade talismans of various evil formations now?"

Gu Qin Lan said: "Don't worry, this kind of evil formation that refines the entire city requires at least several days of preparation. This is just the first night. We can just wait and pretend not to see it."

Ye Feng nodded, with a cold tone, and said: "Okay, then we will wait silently in this city for a few more days, pretend to be ordinary people, lure out the evil Demon Refining Sect disciple, and kill him. The disciples of the Demon Sect actually want to refine people and refine their own clan, they really deserve to be killed!"

At this time, Ye Feng said, "I'm not in a hurry now anyway, and the reason why I chose this small dilapidated city to live in these days is because I saw some good luck and feng shui in this dilapidated town. Something unusual."

Gu Qin Lan, who was wearing a tulle next to her, suddenly moved her beautiful eyes and said, "Oh? Ye Feng, do you still know how to read luck and Feng Shui?"

Chapter 963 Tower of the Temple

Ye Feng glanced at Gu Qinlan, who was dressed in a slightly seductive way next to him, and said with a smile: "I once followed an expert and learned the art of observing Feng Shui. When I first entered this ancient city, I already knew I discovered that the entire ancient city seems to be very dilapidated, but there is indeed a bright golden light shining faintly in the sky above the entire city, which is a sign of great luck. "

When Gu Qinlan heard what Ye Feng said, her beautiful eyes suddenly showed curiosity.

Although she is the daughter of the lord of the Snow State Palace, she has a noble status and a wide range of knowledge.

But this was the first time I heard about the knowledge about Feng Shui and mystical arts.

Because people who know the art of Feng Shui are very mysterious and even more unfathomable than spirit pattern masters. Even in the capital of Snow State, almost no one understands the art of Feng Shui. .??.

After all, being able to see the Feng Shui destiny between heaven and earth is simply unheard of and very rare.

At this time, Gu Qinlan stared at Ye Feng and couldn't help but move closer to Ye Feng's direction, almost touching Ye Feng's body.

Ye Feng's eyes flashed slightly at this time, and he felt the faint fragrance beside him.

Gu Qinlan asked: "So, this small dilapidated city does contain some secrets. It is estimated that the Demon Refining Sect disciple chose this small city as a target and may have noticed something. After all, Manzhou's The Demon Refining Sect has a very mysterious inheritance. It is said that it is related to the legendary soul master and also knows these ethereal techniques of luck. "

Ye Feng's eyes moved and he said: "Maybe it's really possible. I'm going to walk around this ancient city tomorrow to see if I can find any abnormalities."

Gu Qinlan smiled sweetly at this time, very beautiful, and said: "Ye Feng, I find that you know more and more. It seems that you still have a lot of secrets hidden in you. I didn't find it. Ye Feng, you are really Wouldn't you consider joining our Selangor Prefecture? I would consider it before, Little Black Wolf said."

Ye Feng said in surprise: "What did the little black wolf say before?"

Gu Qinlan breathed out a breath of fragrance, her eyes were flowing, and she said: "I promise with my body that you will join our snow state capital."

Ye Feng immediately felt a little embarrassed and said: "Miss Gu, the little black wolf is a little kid who likes to play around. I can't believe his words."

Gu Qinlan smiled slightly and said touchingly: "Whether you can believe what he said or not, anyway, I have told you directly, Mr. Ye Feng, that I can sacrifice myself at any time."

After the words fell, the daughter of the Snow State Palace Master immediately smiled charmingly and walked out of the room with her graceful figure. \u003c

br\u003e

Ye Feng looked at the woman's back and couldn't help but shake his head and smile, "Am I really so popular? To be treated like this by a noble daughter of a palace lord?"

...

In the second half of the night, Ye Feng couldn't hold back and walked out of his room.

He walked straight out of the inn and came to the still dark ancient city.

He was ready to directly explore the secrets of the entire dilapidated town.

Ye Feng restrained his life aura, lurked in the darkness, and lurked toward the center of the ancient city.

"The Divine Eye of Creation!"

Ye Feng activated his natal talent, and his eyes really flashed with a black light.

At this time, Ye Feng was looking at the Feng Shui in the entire city.

As a result, at this moment, Ye Feng suddenly saw a piece of golden light of luck that ordinary people could not see, flickering over the city lord's mansion in the center of the ancient city.

"It seems that the place with strong Feng Shui charm that I saw before is in the City Lord's Mansion. In other words, the secrets about this ancient city are hidden in the City Lord's Mansion."

Ye Feng thought in his mind, and directly jumped into the void and came to the city lord's mansion.

Although this ancient city is extremely dilapidated, the city lord's palace was built with great style and splendor.

Mansions and houses are scattered throughout the City Lord's Mansion. Groups of soldiers wearing black armor, even though it is so late in the middle of the night, still have sharp eyes, holding soldiers in their hands, patrolling the entire City Lord's Mansion. .

However, these soldiers were all low-level warriors. They had not even entered the nine secret realms, so naturally they could not detect Ye Feng's aura.

Uh-huh! Uh-huh! Uh-huh!

Ye Feng's figure is like a ghost at this moment, unable to capture his movements and traces, shuttling through the layers of buildings in the entire City Lord's Mansion.

With the Divine Eye of Creation, he could see the direction where the golden light of luck was the strongest. In less than a moment, Ye Feng had already lurked into the deepest part of the city lord's palace.

Finally, Ye Feng stopped in front of a very dilapidated building.

This building is a dilapidated temple tower with a total of nine

The first floor, standing under the dim sky, had a lot of spider webs on it. It looked like no one had been here for a long time.

But at this time, Ye Feng could indeed see pieces of light of luck that ordinary people couldn't see, pouring out of the dilapidated temple tower.

At this time, Taotie Soul actually spoke to Ye Feng: "Ye Feng, I don't know why, but I can feel a very familiar atmosphere from inside the temple tower."

When Ye Feng heard Taotie's voice, his eyes flashed slightly.

Taotie is one of the ten most ferocious beasts in ancient times. It is a creature of the same level as the ancient ape. It can make him feel a very familiar aura. So there must be something hidden in this seemingly dilapidated and abandoned temple tower. Something extraordinary.

"Is it some ancient treasure?" Ye Feng asked in his mind at this time.

"I don't know for sure, but this feeling is so strong that I actually have a palpitation in my heart." Taotie Soul said in his mind at this time, which surprised Ye Feng.

What could it be that would make Taotie, one of the Ten Evils, feel palpitations?

Ye Feng became more and more anxious and wanted to enter the temple tower to investigate.

Tap tap tap!

Tap tap tap!

But suddenly at this moment, accompanied by a burst of loud and orderly footsteps, groups of soldiers wearing armor ran over from a distance.

Uh-huh!

Ye Feng instantly jumped up and hid in the surrounding darkness.

If they were just ordinary soldiers, Ye Feng might directly take action and forcefully explore them at this time.

But at this moment, Ye Feng suddenly felt a powerful aura that made him feel a little frightened, coming from the end of the group of soldiers.

"Pap, tap..."

Accompanied by a burst of powerful footsteps, it was a middle-aged man wearing ordinary clothes who came from a distance. A group of soldiers lined up on both sides and said respectfully: "His Royal Highness the City Lord. "

"Is this the lord of this ancient city?"

Ye Feng lurked in the darkness, staring at the middle-aged man, filled with surprise and uncertainty.

Logically speaking, no matter how powerful the city lord is in such a small ordinary city, he can only be in the Wanshou realm at most.

.

But Ye Feng felt a frightening feeling from this middle-aged man.

This also means that this mysterious middle-aged man is definitely a powerful being that surpasses the ordinary life palace realm.

But how could such a powerful being be willing to become a small city lord in such a small place?

"No! There's something wrong with this middle-aged man!"

At this time, Ye Feng activated the Divine Eye of Creation, and he immediately discovered that this so-called city lord actually had a dark evil light surging in his eyes.

"This city lord has been invaded by evil spirits a long time ago! He is a city lord whose body has been taken away from him!"

Ye Feng immediately figured out the true identity of this evil demon who was wearing the skin of a human city lord!

At this time, the evil city lord looked at the soldiers around him and said: "I want to enter the temple tower. You guys wait outside. Without my order, don't allow anyone to come in. Anyone who dares to break in will be shot to death." !"

After the words fell, the "city lord" who might have been invaded by evil spirits walked directly into the temple tower with a hint of greed in his eyes.

Ye Feng was lurking in the darkness at this time, but his heart was extremely hot: "There are definitely good things in this temple tower! Such a powerful evil spirit, even if he takes away his body and disguises himself as a small human city lord, he still wants to survive here. In this

dilapidated small town, is there really any peerless treasure buried in the temple tower? It seems that the great elder is right. This ancient Tiannan ruins was indeed once a highly developed cultivation civilization, and there are treasures buried everywhere on the earth. , now even in such a small ruined city, there may be a huge treasure hidden!"

Chapter 964 Secret

Ye Feng was lurking in the darkness at this time, staring at the dilapidated temple tower covered with spider webs with deep fiery eyes.

He is now basically certain that there is definitely a peerless treasure hidden in this temple tower, or there is something very good hidden there.

An extremely powerful wilderness demon even took away the life of a small city lord and lived secretly in this ancient small city.

Ye Feng was waiting in the darkness at this time. He wanted to wait for the evil city lord to come out of the temple tower before entering the temple tower to investigate.

But as it turned out, when it was almost dawn, in Ye Feng's field of vision, the evil demon disguised as the city lord still did not come out of the temple tower.

The group of tall, fully armed armored soldiers stood loyally guarding the outside of the temple tower.

"It's going to be daybreak. It seems that there is no chance tonight. If I go out now, I will definitely alert the snake. Moreover, the evil city lord must be very powerful, which makes me feel a kind of frightening feeling. , it's better not to go out."

Ye Feng secretly thought to himself that he was going to stay in this dilapidated town for a few more days anyway, so he was not in a hurry.

Uh-huh!

Ye Feng performed a void jump and quickly disappeared into the city lord's mansion.

Before it was completely dark, Ye Feng returned to his inn room.

"Dong dong dong."

Just when Ye Feng returned to his room, there was a knock on the door.

Squeak!

Ye Feng opened the door and saw the graceful Gu Qinlan in white standing outside.

Gu Qinlan said with a smile: "Ye Feng, in order to wait for the disciple of the Demon Refining Sect these days, it's best not to reveal our magical powers, so let's just become ordinary people these days."

Ye Feng thought for a while and did not tell anyone what he saw in the city lord's mansion last night. It was better not to let other people know about it, so as not to alert others.

So at this time, Ye Feng's eyes did not move, but he smiled slightly and said: "Miss Gu is right, if the disciples of the Demon Refining Sect really know the methods of soul masters, we will be a little better in this small ancient city. If you make some noise, he will definitely find out."

Gu Qinlan nodded, stretched out her white jade hand, took Ye Feng's hand, and walked outside, saying: "In order to alleviate the loneliness of ordinary people's lives these days, I went out early in the morning to inquire about a place in this ancient city called ' At Lingyan Pavilion, today there will be a well-known storyteller telling stories, and there will also be a troupe from the Mortal Dynasty performing. Let's go watch it together. "

Ye Feng stared at Gu Qinlan in surprise. He found that the daughter of the lord of Xuezhou Palace seemed to be very curious about everything in the world.

However, Ye Feng has nothing to do now. Whether he is waiting for the mysterious alchemist to reveal his flaws or exploring the temple tower in the city lord's palace, it will take time and he can only act at night when there is no one around.

Ye Feng thought in his heart and followed Guqin Lan.

For the whole day, Gu Qinlan was like a little girl who had not grown up. She wandered around, listened to books and told stories, and went to watch the troupe perform. She had a lot of fun.

The two of them are really like a couple in the mortal world, playing around, watching lanterns, admiring the wonders, watching performances, listening to stories...

Night is coming soon.

On the moat outside the city and on the river, huge ships were parked on it. Each ship was covered with lanterns, which were reflected in the water and dyed the entire dark sky in bright colors.

At this time, on the exhibition stand by the river, Guqinlan was lying on the railing, holding her chin with her hands, staring blankly at the beautiful river, boats, lanterns, and the bustling night scene.

Ye Feng stood beside the beauty, silently counting the time. He could almost do it.

It's time to go to the City Lord's Mansion to explore the temple tower again.

Just when Ye Feng was about to propose going back to the inn to rest, Gu Qin Lan suddenly said: "Ye Feng, I had a lot of fun today."

Ye Feng smiled and said, "As long as you are happy."

After getting along with each other these days, Ye Feng gradually felt that Gu Qinlan was a very good girl. She didn't have the airs of a noble heir. She was very approachable and even sometimes showed off her little girl-like playfulness, which made Ye Feng feel in his heart. A little touched.

At this time, Gu Qinlan suddenly turned her head, stared at Ye Feng with a pair of beautiful eyes, and said: "Ye Feng, I really want to tell you a secret, but I can't tell you this secret now, because once I tell you, we will probably We can't be good friends anymore."

Ye Feng glanced at Gu Qinlan in surprise, and did not ask any further questions. Instead, he showed a warm smile, reached out and patted Gu Qinlan on the shoulder, and said, "As long as you are willing, we will always be good friends."

Gu Qinlan saw Ye Feng's determined eyes, which seemed to be untouchable by anything, and she immediately felt the urge to tell the big secret in her heart.

But in the end, the words came to her lips without being spoken. A bitter smile appeared on Gu Qinlan's beautiful face, and she said, "I'll tell you later."

Ye Feng nodded and said, "If you don't want to tell me, I won't ask. I respect your choice."

Gu Qinlan said slightly: "Thank you."

She looked at the bustling night scene on the river and sighed: "The world of spiritual practice is full of all kinds of intrigues and intrigues. No matter how powerful the being is, if his heart is full of desires, he will live in fear and danger every day, but we are here. But we can see this beauty and prosperity in the mortal world. Even if a mortal can only live for a hundred years and suffer from birth, old age, illness and death, I think sometimes it would be better than entering the spiritual world. "

Ye Feng smiled and said: "What Miss Gu said is very good, but why don't we practice to control our own destiny? There are two different lives.

There is no way to compare, we just want to have a clear conscience. "

"Just want a clear conscience?"

Gu Qinlan murmured, then smiled sweetly, looked at Ye Feng, and said, "Ye Feng, let's go back."

"good."

Ye Feng nodded, and Gu Qinlan left the bustling night scene by the river.

When the two arrived at the inn, they returned to their rooms.

Uh-huh!

Ye Feng jumped out of the inn window and turned into an afterimage in the darkness, flying towards the city lord's palace according to the route last night.

Tonight, Ye Feng was extremely determined. He must find out the secrets in the temple tower.

At this time, just moments after Ye Feng left, a graceful figure suddenly appeared outside the inn.

It's Guqinlan!

Gu Qinlan's beautiful eyes showed a hint of doubt, "What is Ye Feng going to do? No wonder he was a little absent-minded for a long time. It turns out there was something going on at night."

Gu Qinlan was curious, and at the same time a little worried about Ye Feng. She returned to the room and quickly changed into a set of night clothes, and immediately followed him in the dark.

...

Chapter 965 The Iron of Divine Mind

In the dark night, Ye Feng's speed was extremely fast.

Because Ye Feng had already arrived at the temple tower of the City Lord's Mansion before.

So this time Ye Feng barely paused at all. In less than half an hour, he had already lurked outside the temple tower.

When Ye Feng came here again, he saw that there was still no one guarding the temple tower.

Moreover, the entire temple tower was extremely dilapidated and covered with spider webs.

Obviously, even though this temple tower holds extremely important secrets, the city lord who was possessed by an evil spirit deliberately marginalized this temple tower, as if he was afraid that others would discover the extraordinary things here.

After all, in the eyes of ordinary people, this temple tower is just an extremely dilapidated place, and they will not give it a second glance.

But what the evil city lord probably never expected was that Ye Feng was a mysterious soul master who was very special and could see through the art of Feng Shui.

So after Ye Feng left the snowy jungle, he walked on the Tiannan Continent for a long time, and finally chose to live in this dilapidated small city. It was because Ye Feng saw the majestic golden luck high above the city lord's palace. Light. .??.

With such a strong golden light of luck, there is definitely a huge chance hidden in this temple tower that looks dilapidated and vicissitudes of life.

Ye Feng approached the ruined temple tower at this time and was about to go out directly.

But just when Ye Feng approached the door of the temple tower, he immediately sensed a huge spiritual barrier covering the entire temple tower.

"This is the powerful evil spirit barrier. It is airtight and covers the entire giant tower!"

Ye Feng's eyes suddenly showed a hint of embarrassment.

It seems that he still underestimated the intelligence of the evil city lord. Although he did not send troops to guard the temple tower, he himself set up an airtight spiritual barrier that covered the entire temple tower.

This is tantamount to no solution!

Ye Feng's current level of cultivation is far inferior to that of the evil demon, and he cannot penetrate this layer of spiritual barrier at all.

"It's a very powerful spiritual barrier, but I can get through it."

Suddenly at this moment, a very familiar female voice suddenly sounded behind Ye Feng.

"Who is this voice? Miss Gu?"

Ye Feng immediately turned around and looked behind him.

He just happened to see Gu Qinlan, the daughter of the lord of Xuezhou Palace in the darkness, slowly walking out with her graceful figure in night clothes.

Ye Feng's eyes changed slightly and said, "Miss Gu, do you know I'm going out at night?"

Gu Qinlan nodded and said with a smile: "Although you played with me everywhere during the whole day today, I can see that you seemed to be absent-minded all day long, so I know that you must have something on your mind. Maybe at night There were other actions, and sure enough I saw them, but Ye Feng, don't mind if I follow you. I didn't want to follow you, but I was a little worried about you, so I followed him to see what was going on. "

Ye Feng immediately smiled and said: "Why would I mind? You are even willing to share the secrets of the Demon Refining Sect disciples with me, but I didn't share the secrets of the temple tower with you, but it's not because I It's selfish, but this temple tower is controlled by a powerful demon. I didn't tell you for the time being because I didn't want to alert the enemy, so I came to investigate first."

Gu Qinlan nodded, smiled sweetly, and said: "Ye Feng, I believe you."

With that said, Gu Qinlan walked to the front of the temple tower and took out a small token from the storage ring.

The moment the token appeared, Ye Feng immediately sensed a very irregular fluctuation of spiritual thoughts from the token.

Guqin Lan speaks out

Said: "This token is a rare treasure made of the legendary iron of spiritual thought."

"Iron of Divine Mind?"

Ye Feng's eyes were suddenly startled, and he said: "When I was a child, I heard my father mention that the Iron of Spiritual Thought is a way to use the vast sea-like divine thoughts of the ancient starry sky beast after its death. A very special method, compressing and compressing, finally compresses the invisible spiritual thoughts into a tiny bit of solid. That is the iron of spiritual thoughts. Miss Gu, you actually have such a precious thing? "

Ye Feng was extremely shocked. Even his father, Emperor Ye Qing, who was the Emperor of the Divine Dynasty of Creation, could hardly obtain the Iron of Divine Mind, only a small part of it.

But this Guqinlan has a token made of the iron of spiritual thought, which is really too precious.

Even if Gu Qinlan said that she was the daughter of the capital of Selangor, it would be impossible for her to have such a huge wealth?

However, Ye Feng did not express his doubts.

After all, everyone has his or her own destiny.

It's like, no one can believe that an orphan cultivator like him has two gems of the gods, the soul gem and the space gem, stored in his brain at this time.

"It's a pity that the space gem is only in my mind for the time being. I can't exert its power at all. It's too supreme."

Ye Feng sighed secretly in his heart.

If he could use the power of some space gems to freely travel through any space, space constraints would become a joke to Ye Feng.

The so-called spiritual barrier in front of him had no effect on Ye Feng at all.

Unfortunately, for the time being, Ye Feng cannot use the power of the space gem. He only temporarily stores this gem of the gods, like a miser, guarding the treasure mountain in vain, but unable to use the wealth.

"Buzz!"

At this time, Guqin Lan had already

He began to urge the token cast from the iron of divine thought in his hand.

Immediately, a very magical wave of divine thoughts was released from the token made of the iron of divine thoughts.

This kind of fluctuation of spiritual thoughts actually coincided with the fluctuations in the evil spirit barrier covering the entire temple tower, and then a void gate appeared in the center of the barrier.

Ye Feng's eyes showed surprise and said: "What a magical token. It can actually release the same fluctuations of divine thoughts as the spiritual barrier, thereby counteracting the scanning of the divine barrier without triggering the powerful evil demon. 's attention.

Gu Qinlan smiled slightly and said: "Let's go in. That evil demon actually knows the spiritual barrier. It seems that he is not an ordinary person. The things in the temple tower he is guarding must be extremely rare."

Ye Feng nodded, with a hint of expectation and enthusiasm in his eyes, and said: "The strong light of luck that I saw came from the inside of the temple tower. Without further ado, let's go in quickly."  
”

Chapter 966 Five-clawed Golden Dragon

With the help of tokens made from the iron of spiritual thought, Ye Feng and Gu Qinlan successfully passed through the spiritual barrier set up by the evil demon without disturbing anyone.

After the two people walked into the temple tower, they immediately saw that the space folding technique was used inside the temple tower.

The moment they stepped into the temple tower, what they saw in front of them was not the scene in the giant tower, but a deep underground depth.

Gu Qinlan's eyes were filled with surprise and she said: "This is equivalent to setting up a space entrance at the entrance of the temple tower, folding a large space. As soon as we enter the tower, we are deep underground."

Ye Feng nodded and said: "The method of folding space is really too clever. It is definitely not something that the evil demon disguised as the city lord can control. This temple tower and this space folding are probably from ancient times. It has been passed down from time to time that even the evil demon cannot take away the temple tower. No wonder he disguised himself as the city lord and stayed in this small ancient city incognito. "

Ye Feng and Gu Qinlan both looked at each other at this moment, and saw a trace of expectation in each other's eyes.

It is obvious that the temple tower that can set up the method of space folding has absolutely extraordinary opportunities hidden inside.

Click, click...

In the dark depths of the underground, only the footsteps of two people could be heard softly. ??

When they reached the end, they were immediately shocked by the scene in front of them.

The view not far away from the depths of the earth suddenly opened up, and a cliff with a height of 10,000 meters appeared.

And right on the cliff that was 10,000 meters high, there was a golden five-clawed dragon that was tens of thousands of meters long. It was nailed to the cliff by huge iron pillars.

Thousands of metal pipes pierced the body of the five-clawed golden dragon, and then the other ends of the thousands of metal pipes gathered on a pool above the earth.

Drops of dragon's blood flowed out from one end of the thousands of metal tubes, turning the entire pool into a dragon's blood pool.

"It turned out to be a legendary five-clawed golden dragon, trapped

Inside, this five-clawed golden dragon has been dead for a long time. It was obviously tortured to death. Its blood was drained by these metal pipes, and a dragon's blood pool was cast. The evil demon would probably die every time he entered this place. It is to bathe in the dragon's blood in this blood pool and strengthen your cultivation! "

At this moment, Ye Feng's eyes showed fear.

Guqinlan also has a shocking color.

A five-clawed golden dragon, and a five-clawed golden dragon tens of thousands of meters long. This is the true emperor of the legendary dragon clan and represents the orthodoxy of the dragon clan in the world.

But at this time, in the field of vision of the two people, this five-clawed golden dragon was so miserable. Its blood had been forcibly drained, and it was emaciated. Its entire body was scarred, and its blood was forcibly flowing to death.

This is definitely not something that the evil demon can do. It must be some ancient power that trapped this five-clawed golden dragon lock here. The evil demon city lord used extremely cruel methods to draw blood.

"It's a dead five-clawed golden dragon..."

The Taotie Soul spoke in Ye Feng's mind at this time, and the tone of this voice was filled with sadness.

Ye Feng's eyes flashed slightly, and he understood immediately.

According to legend, a dragon gave birth to nine sons, one of whom was Taotie.

The dragon here refers to the most orthodox five-clawed golden dragon.

So at this time, the Taotie Soul in Ye Feng's mind saw a five-clawed golden dragon die in front of him, and he couldn't help but feel a little sad in his heart, even though this five-clawed golden dragon was not the real father of the Taotie Soul.

Gu Qinlan looked at the dragon blood pool and said to Ye Feng: "The body of this five-clawed golden dragon is tens of thousands of meters long. It is definitely from the prehistoric era. It is at least comparable to the ancient true spirit of immortals. Its blood , has incredible power, and we shouldn't waste it."

Guqinlan is very direct, lifts her skirt

, and jumped directly into the dragon blood pool.

Ye Feng looked at the scene in front of him with a hint of astonishment in his eyes, and then an inexplicable smile flashed across the corner of his mouth. It seemed that Miss Gu really regarded him as one of her own.

However, Ye Feng naturally would not waste this rare opportunity. He also jumped into the dragon's blood pool and began to run the Divine Secret of Creation to absorb the huge energy in the dragon's blood.

Buzz!

But at this moment, Taotie rushed out of Ye Feng's spiritual world and flew towards the dead five-clawed golden dragon on the cliff not far away.

This five-clawed golden dragon has passed away for a long time. It is covered with metal pipes. The whole dragon body, which was originally plump, has now become skinny and emaciated, without any breath of life.

Apparently endless years have passed, and the huge life source of this dead five-clawed golden dragon has been completely exhausted.

However, the golden scales on its body still shed an immortal luster, as if they were made of the hardest divine iron in the world, and were indestructible.

Taotie's soul floated away in front of the golden dragon. It was very silent, with a sense of great sadness in its heart.

"Uh-huh!"

And at the next moment, Taotie suddenly stretched out one of his evil beast claws and fiercely grabbed the entire huge five-clawed golden dragon.

"boom!"

The soul of a small five-clawed golden dragon was captured by Taotie.

Gulu!

Taotie opened his bloody mouth and swallowed the soul of the little five-clawed golden dragon.

"Buzz!"

At this moment, Taotie felt that his soul had suddenly grown a lot.

It muttered silently: "I will accept your remaining five-clawed golden dragon soul. When I become stronger and regain all my strength, I will help you take revenge and find the ancient power who killed you back then!"

After Taotie murmured, he continued to take action, and actually took out the entire five

The golden claw dragon had all the golden scales peeled off, and then condensed onto its body, forming a set of golden dragon scale armor.

Obviously, Taotie was very realistic. Although this five-clawed golden dragon made him feel sad, he still had to do what needed to be done.

Ye Feng was soaking in the dragon blood pool at this time. He saw Taotie's movements not far away and couldn't help but said: "Senior Taotie, leave something for me!"

Taotie smiled and said, "You can use this golden dragon scale armor if you want to use it when the time comes."

After saying that, Taotie turned into a stream of light and returned to Ye Feng's mind with his set of golden dragon scale armor.

Gu Qinlan swam to Ye Feng's side in the dragon blood pool at this time, and said in surprise: "That evil beast, is it the legendary ten evil beasts of the prehistoric times, Taotie?"

Ye Feng nodded and said with a smile: "Indeed, I didn't expect Miss Gu to know so much. She can even recognize the special form of an evil beast like Taotie."

Gu Qinlan smiled and said: "I read a lot of books when I was a child, and I was especially interested in rare and exotic animals."

Buzz!

And while the two of them were chatting without a word, the blood red color of the dragon blood in the entire dragon blood pool gradually dimmed and turned into a transparent color. Apparently, the essence of the dragon blood in it was almost absorbed. .

"boom!"

And almost at this moment, Ye Feng's body suddenly burst out with an extremely powerful momentum.

That is the terrifying aura of a cultivation breakthrough!

"High-level fate palace realm!"

Ye Feng's eyes suddenly lit up. This Dragon Blood Pond was truly a wonder of heaven and earth!

Buzz!

Suddenly at this moment, a wave of power that made both of them feel palpitated came from not far away.

Wow!

The graceful figure of Gu Qinlan suddenly jumped out of the dragon blood pool. Her eyes changed and she said: "Ye Feng, it is probably the evil city lord who is here!"

Chapter 967 Amulet

Feeling the powerful aura coming closer and closer outside, Ye Feng also jumped out of the pool in an instant.

He nodded and said: "Yes, I also felt this kind of power aura last night, it was the powerful demon disguised as the human city lord, but my preliminary judgment is that his cultivation should have surpassed the Fourth Secret Realm Life Palace Realm is a powerful existence in the fifth secret realm of Heaven and Human Realm, and we are probably no match for it."

There was a trace of hesitation in Gu Qinlan's beautiful eyes, and she said: "Ye Feng, I have a powerful sealed treasure that can instantly release the killing power beyond the nine secret realms. It is an amulet left to me by my father, the Lord of Xuezhou Palace. Maybe we can give it a try and kill this powerful demon."

"Amulet of killing power that transcends the nine secret realms?"

When Ye Feng heard what Gu Qinlan said, his eyes suddenly lit up and he quickly said: "If this powerful evil demon can really be killed, he must have countless wealth, and he has been in control of this place for so long. I don't know. No matter how much dragon blood we have absorbed, if we can refine this evil spirit, our cultivation power will be greatly improved."

Compared with the wealth of the evil demon, what Ye Feng cares more about is the huge power contained in this evil demon's body.

In fact, when the two people arrived now, it was already relatively late. Most of the dragon blood in the five-clawed golden dragon's body almost entered the belly of the evil demon.

But Ye Feng possesses the furnace of creation, which can refining all the dragon blood swallowed by the evil demon.

So Ye Feng stared at Gu Qinlan at this time and said: "Miss Gu, let's join forces to fight. You are responsible for killing that evil devil with the amulet. I also have a treasure on my body, which is called the Good Fortune Oven. Don't worry. , as long as that evil demon dies, I can refine all the dragon blood he swallowed, which is definitely worth our risk!"

Gu Qinlan nodded, with a hint of anticipation on her beautiful white face.

But then she said: "But that evil demon's cultivation level is in the fifth secret realm of heaven and human beings. The most important thing for us now is to be able to sneak attack on him. My amulet can only inspire one to surpass the nine great gods once in a month." The killing power of the secret realm."

Ye Feng heard this, thought for a while, and said: "If Miss Gu trusts me, give me your amulet. I once learned the art of assassination from a friend of mine, and I have a space secret in my body." The seeds should be able to approach the evil spirit invisibly."

"Of course I trust you."

Without any hesitation, Gu Qinlan took out a small golden talisman from the storage ring and handed it to Ye Feng.

At this moment, Ye Feng could clearly feel a vast ocean-like energy from this small golden talisman. It was as vigorous as a mountain. In this small golden talisman, it was like There was a hidden volcano that was about to erupt, and the terrifying energy contained in it frightened Ye Feng.

At this moment, Ye Feng became more and more suspicious of Gu Qinlan's identity. The methods and rare treasures on her body were endless. Some things even surprised Ye Feng, the former son of the God Emperor.

Is the state capital of Selangor that rich?

But at this moment, Ye Feng knew that the most important thing was to deal with the powerful evil that was coming soon.

He looked at Qianying beside him and said: "Miss Gu, you hide around here first, then follow my orders and attract the attention of the powerful evil demon, so that the evil demon thinks that everything that happens here is you. I did it alone, and then I hid in the void, took advantage of the fact that the demon was not paying attention, and attacked him directly, killing him with one blow."

"good."

Gu Qinlan nodded slightly, turned around and left.

Snapped!

At this moment, Ye Feng suddenly grabbed Gu Qin Lan's wrist.

"What's wrong?"

Gu Qinlan turned back slightly, with doubtful eyes.

Ye Feng smiled and said, "Be careful when attracting that evil spirit."

Gu Qinlan smiled sweetly and said: "Okay, I understand. Now you actually know how to care about me, sister? That's progress."

When Ye Feng heard Gu Qinlan's teasing, he couldn't help but twitched his lips, let go of her Hao wrist, and jumped up. Ye Feng's whole body was submerged into the void, and he could no longer feel the slightest breath.

"Ye Feng, you are also very mysterious..."

Gu Qinlan looked at the empty space. She really couldn't detect any fluctuations in life. She couldn't help but murmured in her heart.

Gu Qinlan also walked under the cliff at this time and hid.

"Tap tap tap..."

At this moment, outside the temple tower, the evil city lord walked in as usual.

Almost every night, he would come to the underground space in the temple tower and bathe in the dragon's blood.

Ever since the evil demon in the wilderness smelled the dragon's blood a few months ago, he came to this ancient city and discovered the secrets in the temple tower.

In order not to attract the attention of the powerful human beings, this evil demon secretly seized the body of the city lord of this small city and stayed incognito, enjoying the bath of dragon blood in the city lord's mansion.

In just a few months, this evil demon's cultivation level has transformed from the life palace realm to the heavenly realm. This makes the evil demon extremely excited and feels that he really has great luck.

Evil at this time

The Demon City Lord walked into the temple tower, passed through the overlapping spaces, and came to the space under the ground.

But at the next moment, the evil city lord's expression suddenly changed.

Because in his field of vision, the entire underground world was in devastation.

The dragon blood in the dragon blood pool was drained of all dragon blood essence and turned into a transparent color.

Moreover, the 10,000-meter-long five-clawed golden dragon that was nailed to the cliff had all its golden scales stripped off, and everything was plundered.

"What?!"

When the Demonic City Lord saw all this, he suddenly became extremely furious.

"boom!!"

The extremely terrifying aura fluctuations burst out all over his body at once, like a vast ocean, surging in the void, causing people to feel extremely frightening.

This evil city lord is indeed an old devil who has surpassed the realm of fate palace and is at the level of celestial being!

"Huh? Where are you hiding under the cliff? Do you really think that I can't sense your aura? Damn thief, come out here! You are so audacious that you dare to destroy my destiny. When I catch you, I will definitely peel off your skin and crush your bones into ashes!"

The evil city lord's extremely powerful spiritual thought suddenly captured the Guqin Lan hidden behind the cliff.

Chapter 968 Two Bodies

"Damn thief, come out here!!"

The Demonic City Lord was furious and instantly struck at the corner of the cliff.

"Boom!!"

A ferocious claw condensed with black light instantly condensed in the sky, exuding evil magic light, and directly shattered the cliff.

Uh-huh!

At this moment, a graceful figure suddenly jumped out from the darkness hidden behind the cliff.

Although Gu Qin Lan exudes the cultivation level of the primary level of Life Palace, when facing the evil city lord of the fifth secret realm of Heaven and Human Realm, there is no fear at all on her beautiful face, but with an indifferent smile. Said: "You evil devil has great luck. You actually secretly found the burial place of such an ancient five-clawed golden dragon, and you are still

extracting the blood from the golden dragon. I have to say that you are a person with great luck. Evil, but unfortunately, I also found this place and snatched all your resources."

After hearing Gu Qinlan's indifferent words, Evil City Lord's eyes suddenly shone with evil light. He was furious and shouted: "Looking at the tone of your words, it seems that your status is very unusual, but today you dare to I don't care what your identity is, you are going to die soon, you will be killed by me! No! I can't let you die so happily, I will kill all the veins in your body. Pull them out root by root, then extract out your bones one by one, and then cut you into pieces, causing you to suffer endless pain and die!"

The Demonic City Lord's tone was full of endless hostility.

Obviously, the disappearance of the golden dragon scales and the dragon blood pool in the underground world made the evil city lord extremely furious. This was tantamount to robbing him of his most beloved treasure and cutting off his wealth.

As the saying goes, cutting off someone's financial path is like cutting off their life, so the Evil City Lord was naturally extremely cruel at this moment.

"The Great Yin Devil's Claw!"

The evil city lord shouted loudly and grabbed it with his big hand. His palm was originally a normal human palm, but at this time, his clothes burst. The entire arm and palm began to swell, and finally turned into a There was only a majestic demon claw that was several hundred meters long. Its surface was covered with black scales. It was indestructible and extremely heavy. It was grabbed and bombarded at once.

"when!"

But at this moment, a necklace pendant hanging around Gu Qinlan's neck suddenly burst out with divine light, and a defensive light shield condensed around her.

Boom! !

The powerful attack of the evil city lord, the devil's claws bombarded the defensive light shield, but there was no harm at all.

"What?"

The evil city lord was stunned for a moment: "I didn't expect that a little girl like you would have such a powerful treasure. It seems that you do come from a very extraordinary force, but you can't escape today. Wait for me. If the power of your defensive mask is exhausted, you will die without a burial place!"

boom!

boom!

boom!

Next, without any reservation, the Demonic City Lord frantically released his powerful power and fiercely bombarded the defensive light barrier.

Sure enough, with the continuous attacks of the evil city lord, the defensive light shield around Gu Qinlan was constantly weakening, and the light was dimming a lot. Even the pendant hanging around her neck began to show cracks. , seems to be about to break apart.

When the Evil City Lord saw this scene, he was immediately overjoyed.

The movements and attacks on his hands became even more crazy, but at this time, the power in his body was also consumed

Extremely fast.

However, the Demonic City Lord did not pay attention to this, because in his eyes, the female thief in front of him was just a first-level Life Palace realm cultivation level.

Even if he is extremely weak, he can kill a mere human warrior who is in the primary level of Life Palace with just a few clicks.

So at this moment, watching the defensive light shield getting darker and darker, the Evil City Lord's eyes became more and more excited, obviously feeling that his prey was about to be obtained.

But at this moment, the Demonic City Lord's inner defense and vigilance were at their most relaxed.

"Buzz!"

Almost at the moment when the defensive light shield was shattered, behind the evil city lord, in a certain void, a hand suddenly appeared. In that hand, a golden talisman was held, and it was directed towards The evil city lord threw it over.

"What? Is there anyone else?"

The evil city lord's powerful spiritual thoughts captured the spatial fluctuations behind him in an instant.

He turned around sharply and saw a small golden talisman appearing in front of his eyes.

"What is this?"

The Evil City Lord's eyes moved and he wanted to check.

But almost at this moment.

"boom!!!"

A terrifying and destructive power, like a volcanic eruption, erupted from the small golden talisman in an instant.

"Boom!!!"

The entire void collapsed.

"ah!!"

The Demonic City Lord's originally puzzled face suddenly became extremely frightened.

He wanted to roar away, but it was too late anyway.

He could only watch helplessly as the destructive energy in the golden talisman slowly destroyed his indestructible demonic body inch by inch.

Destroyed.

"Crack!"

In the end, all the defenses of the evil city lord were shattered, and his broken body fell to the ground.

"Success!"

Ye Feng suddenly jumped out of the void and said to Gu Qinlan: "I will now start to refine his demonic body and refine all the golden dragon's blood!"

Gu Qinlan nodded and was about to say something.

"Boom!"

But suddenly at this moment, an extremely tall demonic shadow suddenly burst out of a wall in this underground world.

This is an extremely ferocious tall demon, more than ten meters tall, with black scales all over its body, exuding the powerful cultivation of the Dzogchen Palace of Life!

This tall demon looked at Ye Feng and Gu Qin Lan not far away, and made a voice of extreme anger: "You two humble human ants actually killed my human clone! That was me. A powerful body forged with the blood of the golden dragon!"

"What?"

When Ye Feng and Gu Qinlan heard the voice of this tall demon, their eyes suddenly changed.

This evil city lord actually has two bodies.

One is a powerful clone of the human race that was cast and transformed using dragon blood.

Now this is the true body of this evil demon!

Ye Feng burst out with strength in an instant, and his whole body bloomed with majestic fighting spirit. He rushed towards the tall demon and shouted: "Miss Gu, the demon body of this evil demon is at the level of Dzogchen Life Palace. It works harder than him." The human body forged by bitter condensation is much weaker, let's join forces and kill his true form as well!"

Chapter 969 God's Tomb Heavenly Technique

"boom!"

The moment Ye Feng saw the body of the evil demon appeared, he rushed towards the tall demon without any hesitation.

Because Ye Feng knew very well that outside this dilapidated ancient city, there was a mysterious and powerful Demon Refining Sect disciple who was eyeing him.

This evil must be dealt with in this underground world without anyone noticing.

Ye Feng is not afraid of the cultivation level of Dzogchen Life Palace.

"kill!"

Gu Qinlan also understood the urgency of the matter at this time.

She tore off the necklace pendant around her neck and threw it directly into the entire underground space.

"Buzz!"

A transparent light mask directly enveloped the entire underground space.

Ye Feng, Gu Qinlan himself, and the evil demon present were all sealed in this dark underground space.

When the evil demon saw how crazy these two people were, he couldn't help but said angrily: "Two human ants, I have done a good job before I even took action to imprison you, but you actually took the initiative to trap this underground space. Get up, are you looking down on me? Are you insulting my strength?"

"ah!"

The evil demon himself roared angrily, and boundless magic light suddenly surged out of the entire demon body, like a black ocean, full of violent destructive power, spreading towards the surroundings.

"Boom!"

The terrifying magic light surged forward, creating a huge impact. As soon as Ye Feng rushed over, he was directly blown away by the boundless magic light frenzy and hit the cliff in the distance.

"Well!"

Ye Feng couldn't help but groan. This evil demon was indeed extremely powerful. It was a real old demon that came out of the wilderness, and its power was terrifying.

However, Ye Feng was not injured, he was just blown away. Now his physique has transformed into the Galaxy Holy Body at the beginning of the seventh stage. It is a human race Holy Body and is naturally indestructible.

"Senior Taotie, put on that indestructible five-clawed golden dragon armor for me!"

Ye Feng suddenly heard a voice in his mind.

"boom!"

And almost at the moment Ye Feng finished speaking, a set of golden armor and pieces of scale armor appeared.

The chest, flowing with immortal glory, rushed out from Ye Feng's eyebrows in an instant.

Click! Click! Click...

Pieces of golden scale armor were assembled in rows on the surface of his body, forming a set of powerful golden dragon scale armor, covering Ye Feng's entire body.

"What? I have tried countless methods, but I can't dig out the golden scales on the five-clawed golden dragon. How did you do it? You actually refined it and turned it into a set of armor? No. possible!"

The evil demon not far away suddenly made a sound that was extremely frightening and angry.

"kill!"

But Ye Feng didn't talk nonsense at this time. He flashed the storage spirit ring in his hand, and a blue euphorbia appeared and was held in his hand.

It's the Poseidon Trident!

At this time, Ye Feng was covered with golden dragon scale armor, holding the powerful Poseidon Trident in his hand, and the divine light of the Galaxy Holy Body burst out from his body.

At this moment, he is like a young god warrior who has arrived, possessing unrivaled terrifying combat power, overwhelming the mountains and rivers, and looking down on the world!

"boom!"

At this moment, Ye Feng's attack power and defense power reached their peak.

Holding a big halberd in his hand, he looked like an ancient god of war, and he rushed directly in front of the demons themselves.

"Boom!"

The big halberd in his hand suddenly struck down, carrying an unrivaled sharp energy, which instantly knocked away the tall demonic body of the evil demon.

"Ahhh! God's Tomb Art!"

The tall evil demon let out an angry roar and directly performed a set of extremely powerful demon-killing techniques.

God's tomb magic!

Buzz!

Suddenly, an ancient tomb appeared in front of the tall evil demon.

That is the tomb of God!

Able to bury this piece of heaven!

one

The majestic tomb is filled with endless majestic pressure, as if it was built by the gods themselves. It has boundless majesty and heaviness, and the vast aura of death seems to be able to bury thousands of living beings in the entire world. .

"Star Reacher!"

Ye Feng felt the frightening aura of death and directly used his most powerful martial arts method, the Star Reacher.

The Star Reacher is a set of martial arts that transcends the True Spirit level and comes from a mysterious starry sky powerhouse. It is very terrifying.

Moreover, at this time, the Star Picker combined with Ye Feng's Galaxy Holy Body suddenly burst out with unparalleled power.

A big star-picking hand, as majestic and profound as the star universe, containing the power of infinite stars, suddenly blasted towards the divine tomb in the distance.

"Boom!!" .??.

The big hand that could pick up the stars and the moon collided with the huge tomb of the god that could bury the sky. Immediately, an unparalleled wave of terror and destruction erupted in the void, and the entire underground world seemed to be destroyed.

"What? Human boy, where did you get this inheritance? Why is it so terrifying? Even my God's Tomb Heaven Technique can withstand it! My God's Tomb Heaven Technique is my natal inheritance, ranking among the third-grade true saints. Super secret technique of killing!"

The tall evil demon roared loudly, and when he saw the majestic tomb of the god being blocked by Ye Feng with a big hand of the galaxy, he immediately screamed in shock.

"You're pretty good too."

Ye Feng's eyes were ruthless and he said coldly: "This move of mine is almost my most powerful attack. It is enough to kill any creature in the Life Palace Realm. Even the strong ones in the Elementary Celestial Realm will be seriously injured by me, but Your God's Tomb Heaven Technique withstood my peak attack. It seems that this set of secret techniques is very powerful. It just so happens that after killing you, I got this God's Tomb Heaven Technique. In my hands, it will definitely explode. Come out with stronger power!"

The tall evil demon immediately burst into laughter: "Young boy from the human race, are you confused? Do you think you can kill me if you can resist my secret technique?"

Ye Feng smiled coldly and said: "You are confused. You don't have any helper, but I have a powerful helper."

The tall evil demon said disdainfully: "Only because of your little girlfriend who is not at the first level of Life Palace?"

"boom!"

Suddenly at this moment, Guqinlan's graceful figure jumped high into the sky.

A blue-purple talisman appeared in her hand, with a lightning mark imprinted on the surface.

"This is? Thunder Talisman!"

Suddenly, the tall evil demon's disdainful expression turned into extremely frightened: "This thunder talisman is a treasure from the Thunder God's territory on the spiritual world. How can a little girl like you get such a treasure!"

Boom!

But before the tall evil demon finished speaking, a cold smile flashed across Gu Qinlan's beautiful face, and he threw out the thunder talisman in his hand.

Wow!

A thick lightning beam as thick as a bucket rushed out from the small talisman in an instant, directly penetrating the heaven and earth, like a sharp thunder spear, with a "puff", it stabbed the tall evil demon from head to tail. , the whole body was penetrated, very tragic.

"Bang!"

The tall evil demon didn't expect that he would die so quickly despite having such a powerful cultivation level. Before he died, he just stared at Gu Qin Lan and roared unwillingly: "Ah! Why do you have so many treasures! I won't give in!" !”

Boom!

Ye Feng stepped forward and stabbed out the big halberd in his hand, crushing the head of this tall evil demon.

An evil demon in the realm of Dzogchen Life Palace was killed instantly!

Gu Qinlan fell from the sky at this time, reached out to grab it, and directly dug out a dark bone from the body of the evil demon.

She handed it to Ye Feng, smiled sweetly, and said, "Here, this is its natal demon bone. The secret of the divine tomb magic is engraved in it. I give it to you."

Chapter 970: Calculation

Ye Feng took the natal demon bone, looked at Gu Qin Lan in front of him, and said with some surprise: "Don't you want to comprehend it? Let's comprehend it together."

Gu Qinlan shook her head and said: "I have no shortage of true saint-level secret skills. Moreover, this god's tomb magic is a demon inheritance and killing technique, which is not suitable for my skill attributes."

Ye Feng nodded slightly, and was secretly shocked that Gu Qinlan dared to directly say that she had no shortage of true saint-level secret skills.

I have to sigh, the state capital of Selangor is really rich.

At this time, Ye Feng walked up to the body of the human city lord that the evil demon had seized before, and directly released the furnace of creation, put the evil human body into it, and began to smelt it.

In addition to refining the power of various attributes, the Creation Oven also has many other uses, such as isolating special power from a certain mass of energy.

At this time, Ye Feng wants to use the oven of creation to extract all the dragon blood essence that the evil demon city lord bathed in and blended into the evil demon city lord's body.

This method made Gu Qinlan on the side couldn't help but admire him, with a pair of beautiful eyes full of surprise. ??

At this moment, both of them were curious about each other's endless trump cards and tricks.

It has to be said that Ye Feng met a strange woman who was on par with him for the first time, and he also developed a deep curiosity about Guqin Lan.

This is the first time Ye Feng has been so curious about a woman since he started practicing.

"Miss Gu, let's wait for a while and let my creation furnace slowly refine the dragon blood essence. Just as the battle is over, you can rest."

As Ye Feng spoke at this time, he put the creation oven aside and let it slowly refine the dragon blood essence in the evil demon city lord's body.

"good."

Gu Qinlan nodded slightly, sat down on the side very gracefully, and began to restore the energy he had spent.

At this time, Ye Feng was holding the demon's natal demon bone in his hand and began to understand the divine tomb magic engraved in it.

The God's Tomb Heaven Technique is an innate killing secret technique that was bred in the body of that evil demon.

Such as demons, monsters, elves, vampires, etc., all major races except the human race, although not as smart as the human race, nor as fast as the human race in cultivation.

\u003c

But among all the races in the world, many races have received innate great luck. Sometimes people with extraordinary talents can actively breed and inherit them in their own bodies.

In fact, Ye Feng's maid Xiao Tao has a piece of her natal Immortal King bone growing in her body, and she can be regarded as a gifted person with innate luck.

At this time, the piece of natal demon bone in Ye Feng's hand that contains the divine tomb magic is the inheritance bred by the evil demon's own body. It has surpassed the true spirit level and is ranked at the third level true saint level. It is a very powerful killing weapon. The art of cutting.

"Buzz!"

Ye Feng put this piece of natal demon bone against his forehead, and his huge soul power suddenly surged into it.

Suddenly, Ye Feng's soul felt like he had suddenly entered a dark world without any light.

In this dark world, a big demon with a height of tens of thousands of meters pushed out an ancient and deep tomb with both hands, burying all the gods above the nine heavens.

This scene in the soul world is full of unparalleled shock.

At this moment, Ye Feng's soul body was standing in this vast dark world, watching the big demon push out a tomb to bury the god, and felt a shock in his heart.

"Wow!"

Almost at the next moment, a very complex and obscure secret of inheritance was transmitted from the natal demon bone to Ye Feng's spiritual world.

At this moment, Ye Feng mastered the divine tomb technique.

However, for the time being, it is only a preliminary mastery, and I only understand some of the artistic conception.

In order to be able to exert the true power of the God's Tomb Heavenly Technique, Ye Feng still needs to continue to understand it.

However, with the powerful understanding of monsters after the soul gem transformation, Ye Feng still has strong confidence in himself.

In a few months at most, or half a year, he would definitely be able to fully comprehend and master the divine tomb magic.

At this time, Ye Feng opened his eyes. The natal demon bone in his hand had turned into powder and lost its luster, as if it had been sucked dry.

The energy in it is the same.

Because the secret of the inheritance of God's Tomb Heavenly Art has been absorbed by Ye Feng's soul, and has been transferred from the natal demon bone to Ye Feng's spiritual imprint.

"In less than half an hour, you have obtained the secret of inheritance in this demon bone. It is really amazing." A woman's voice with a hint of exclamation rang in my ears, very close.

At this time, Ye Feng turned his head slightly and happened to see a beautiful and fair face, very close at hand, with beautiful eyes staring at him.

Gu Qinlan was staring at Ye Feng at this time, and the two of them were very close.

Ye Feng could even feel the temperature so close at hand.

"Thank you, Miss Gu, for your compliment."

Ye Feng smiled slightly but made no other movements.

Gu Qinlan stepped back and said with a smile: "Ye Feng, can't you give me another name? Miss Gu, Miss Gu, it sounds too foreign. We are all good friends, right, so we should call me more affectionate. I don't mind, just forget it."

Ye Feng looked at the beautiful woman in white next to him and said, "Then tell me, what should I call you?"

Gu Qinlan thought for a moment, then her dark, jewel-like eyes showed a hint of smile, and said, "How about you call me Lan'er?"

Ye Feng: "..."

"Hahaha."

Guqin Lan suddenly laughed: "I'm just kidding, Lan'er, it's too disgusting! It's not suitable, it's not suitable!"

Ye Feng finally breathed a sigh of relief and said, "Miss Lan, this title is okay."

"Miss Lan?"

Gu Qinlan immediately clapped her hands and said with a smile: "Okay, Miss Lan sounds good, I like it very much."

"Clang!"

Suddenly at this moment, the lid of the creation oven not far away suddenly opened automatically.

Buzz!

A ball of dragon blood exuding rich golden light floated out from it.

"It's refined."

Ye Feng's eyes moved, and he walked over directly, grabbed the palm-sized ball of dragon blood essence in his hand, and said: "This ball of dragon blood essence is not ordinary dragon blood, it is countless

The dragon blood essence formed by compressing and re-compressing dragon blood is very similar to the formation of divine iron. They are both extremely compressed and smelted products. Even though it is such a small lump, it contains more than half of the entire five-clawed golden dragon's body. The smelting material contains extremely majestic energy. "

No matter how rich Gu Qinlan was, she was attracted by this rare treasure at this time. She stared at the dragon blood essence and said: "Let's share it equally."

Ye Feng smiled and said, "Okay."

Just when Ye Feng was about to stretch out his hand and cut the ball of dragon blood essence in half.

"boom!"

Suddenly, a huge suction force appeared from the sky above the underground world, quickly sucking the dragon blood essence to the ground.

"Not good! The mantis stalks the cicada, but the oriole is behind! Someone is plotting against us!"

Ye Feng's eyes suddenly changed.

This dragon blood essence, which condenses most of the five-clawed golden dragon's blood, can be said to be the most precious thing.

At this time, Gu Qinlan's beautiful eyes turned cold and she said: "It's definitely the Demon Refining Sect disciple who has never appeared! He might have discovered the two of us long ago, and also discovered the evil demon city lord."

Ye Feng immediately said: "He never showed up just to let the two of us deal with each other, and he would finally reap the benefits!"

"No! No one can take away what belongs to us. I will kill anyone who takes it!"

At this time, Ye Feng and Gu Qinlan watched the ball of dragon blood essence flying uncontrollably high into the sky.

boom! boom!

Their eyes were filled with cold murderous intent, and their power exploded instantly, jumping and rushing directly from the ground to the ground.
