### Chapter 991 Coma

Seeing the sincerity of the two guards in front of him, Ye Feng nodded and said: "Okay, you can just take me in, I won't embarrass you, I will wait for the second prince's return at his residence. "

"Yes, Lord Ye Feng."

Seeing that Ye Feng agreed to their words, the two guards couldn't help but heaved a sigh of relief in their hearts.

Fortunately, although Lord Ye Feng is strong, he is still reasonable.

Under the leadership of two guards, Ye Feng walked directly into this residential area lined with pavilions.

The two guards took Ye Feng directly to the central hall.

Ye Feng ignored everyone's horrified looks and strutted directly to the dragon-shaped seat in the center of the hall.

"Lord Ye Feng, this throne is unique to His Highness the Second Prince..."

"Can't I sit still?"

One of the guards wanted to speak out, but was given an indifferent glance by Ye Feng. His body immediately trembled and he did not dare to say anything more.

After all, even the second prince himself had to pretend to be a grandson in front of Lord Ye Feng, and the guards like them couldn't do anything, let alone say anything.

At this time, a guard waved to a pretty palace maid not far away and said: "Let those group of singers come to the hall to entertain Lord Ye Feng and help Lord Ye Feng relieve the loneliness of the long wait."

"Yes, sir."

The palace maid immediately spoke respectfully and left quickly.

This pretty little palace maid was very shocked.

She didn't know who the young man in black was and that he had such a high status.

In the mind of this little palace maid, those two powerful guards of the prince were noble adults.

But these two adults were so respectful and fearful of the young man in black who seemed to be somewhat delicate.

In addition, the young man in black actually sat directly on His Highness the Second Prince's exclusive throne. The two bodyguards did not dare to say or do anything.

This makes this little

The palace maid was extremely curious about the identity of the young man in black.

But she knew that these things were beyond her reach.

She could just do her job with peace of mind.

Soon, under the summons of the little palace maid, more than a dozen beautiful singers wearing long skirts with wide sleeves and graceful figures came to the main hall.

A violinist began to play music, and many beautiful singers began to dance. The whole hall was filled with melodious music.

Ye Feng sat on the throne of the second prince with a golden sword. The only thing he was interested in now was how many pills the second prince could bring back from the eighth floor of the Divine Pill Pavilion.

After waiting all afternoon, when the sky was about to darken, Ye Feng was about to fall asleep on the throne, and then the second prince belatedly came over from outside.

He saw Ye Feng sitting on his throne, enjoying his beautiful singer. He dared not speak out in anger, but was very humble. He walked up to Ye Feng, holding up a storage ring in both hands. Said: "Brother Ye, I have brought all the elixirs you want, please quickly count them."

At this time, Ye Feng was simply the God of Plague to the second prince, and he anxiously wanted to send this great God of Plague away.

Ye Feng's eyes were bright at this time. He took the storage ring at once, and with a sweep of his mind, he immediately saw nearly 15,000 sparkling pills stored in it.

The elixirs in the eighth-level divine elixir pavilion are more advanced than the seventh-level elixirs that Ye Feng obtained before.

"These fifteen thousand pills can definitely improve my cultivation level again!"

Ye Feng was very happy. This time, he got the training resources effortlessly, as if he picked them up for free.

"Thank you, Second Prince."

Ye Feng waved his hand casually to the second prince and walked out of the pavilion hall.

"Brother Ye, walk slowly!"

The second prince gritted his teeth and his face was ashen, but at this time he still forced out a smile and said goodbye.

When Ye Feng's back completely disappeared from the field of vision, the second prince finally let out a deep breath, and then he smiled bitterly: "Oh, forget it, I am unlucky to meet such a monster, I will spend money to eliminate it." Disaster, that's all."

...

After Ye Feng walked out of the second prince's residence, he was very happy. He hummed a little tune and walked directly towards the ninth prince's residence, preparing to directly refine the fifteen thousand pills he had obtained.

Buzz!

But suddenly at this moment, Ye Feng suddenly felt an intoxicating fragrance.

"No, it's a severe stun drug!"

Ye Feng's eyes changed slightly. At this moment, he didn't even have time to release the poison-eating insects. With a 'bang', he fainted and fell to the ground.

"Hmph, it seems that this genius of the Giant Spirit Clan is nothing."

Several people in black clothes walked out of the darkness and walked to Ye Feng's side.

A man in black said: "According to the order of the eldest prince, let's kill him directly."

"good."

Another man in black nodded and pulled out the long sword with a cold light flashing from his waist. The sharp tip of the sword suddenly stabbed Ye Feng on the head.

"when!"

"Click, click!"

But at the next moment, the long sword didn't even pierce Ye Feng's skin. It was like piercing the copper wall and the iron wall, making the sound of metal being delivered, and then shattered inch by inch.

"What?"

"My Qinghong Sword is a magic weapon, and it was directly shattered?"

The expressions of several black people suddenly changed dramatically.

"I come!"

Another man in black took out a huge black hammer from the storage spirit ring and said: "My big hammer is made of meteorite iron tens of thousands of meters underground, and it is also engraved with the spirit of gravity. pattern, one

If the hammer goes down, it can even smash a mountain several thousand meters tall. I will smash this Ye Feng to death directly. "

"sensation!!!"

But just when the black man slammed the black hammer onto Ye Feng's head.

The entire field did suddenly emit a terrifying roar.

What made the men in black extremely horrified at the next moment was.

On the big black hammer, a concave mark of Ye Feng's face appeared, but Ye Feng's face showed no damage at all.

"Depend on!"

"How can this be!"

"Is this Ye Feng our human race? The skin and bones all over his body are simply made of the divine iron above the nine heavens!"

The men in black who assassinated Ye Feng were completely dumbfounded.

Although they used the best poison in the world to stun Ye Feng.

But any of their methods and powerful weapons could not harm the unconscious Ye Feng.

"What should I do?"

Several men in black were very anxious.

"There seems to be movement over there, let's go over and have a look!"

Suddenly at this moment, the voice of a palace guard came from not far away.

Apparently, the big hammer that the man in black just hit made a sonic boom, which attracted the attention of some patrolling guards in the palace.

"Let's take this Ye Feng back first and let His Highness the First Prince figure out a solution himself."

Several men in black carried the unconscious Ye Feng and quickly flew towards the royal garden where the eldest prince lived.

...

Chapter 992 Unkillable

After Ye Feng fell into a coma, he was quickly dragged to the royal garden of the eldest prince by several men in black.

They passed through the buildings in the royal garden and finally came to the deepest part, under a very secret castle.

This castle, specifically called a bunker, is built deep underground and is very mysterious.

Several men in black carried Ye Feng and quickly arrived at the deepest level of the bunker.

There are many figures here, all of whom are imprisoned, and the auras on each of them are very terrifying.

Obviously, this hidden bunker is where the eldest prince usually imprisons some very important prisoners.

At this time, Ye Feng was taken directly to the lowest level of the bunker by several men in black.

No one was detained on the last floor of the bunker. Obviously, this last floor was the most important place.

But at this moment Ye Feng was brought here.

It can be seen that in the minds of these men in black, Ye Feng's threat is simply extremely huge.

At this moment, they watched these men in black leading a young man directly to the deepest level of the bunker prison.

Many of the imprisoned figures in the middle had surprised expressions in their eyes at this time.

"What's so special about that boy? That it's worthy of them imprisoning him on the last floor?"

At this moment, many prisoners in the bunker were muttering in the darkness.

In the following period, these prisoners finally knew why the boy in black was imprisoned on the last floor.

"Boom!"

Countless sharp weapons, swords, guns, clubs, axes, hooks and forks, as well as countless formations of lightning, flames, ice, etc., were unable to cause any harm to the boy in black when he was unconscious.

The whole body of that young man in black seemed to be made of the hardest divine iron in the world. The eldest prince's men tried every means, even putting the unconscious Ye Feng into

Even if it is refined with the fire of Nine Suns in the cauldron, it will not be able to cause any harm to it.

"Bang!"

In the end, all the eldest prince's subordinates fell to the ground from exhaustion.

At this moment, their eyes were no longer as fierce and cold as before, but with deep fear and horror, staring at the black-clothed young man in front of them who was tied by countless iron chains.

At this moment, the entire process was witnessed in the eyes of every prisoner in the prison.

All the prisoners were extremely amazed.

Some of them are extremely vicious bandits, some are traitorous ministers in the dynasty, and some are big monsters from other races...

But at this moment, these prisoners with very special identities were all deeply shocked by Ye Feng.

Although they are all prisoners, because their identities are very special, they are all pretentious.

But now that they met Ye Feng, a special "prisoner", the people in these bunkers were in awe to the extreme.

"Who is this young man in black?"

"I've never seen him before. Is he a new member of the dynasty?"

"What I'm thinking about is whether this young man in black is a human race, but among the many races in Tiannan Continent, none of them are so evil!"

The prisoners in the bunker were whispering to each other at this time, and their tone was full of wonder.

"This is how to do?"

"We have tried everything, but we can't kill him!"

"Do you want to report this to His Highness the First Prince?"

"No, we can't tell His Highness the First Prince that it's so difficult to kill a young man. The First Prince

Your Highness will definitely be angry with us. "

At this time, all the eldest prince's subordinates were talking loudly.

"Buzz!"

But, suddenly at this moment, the boy in black, who was chained by countless iron chains, suddenly opened his eyes. .??.

Ye Feng, wake up!

"Oops!"

Everyone who noticed this scene jumped up in shock.

"Hurry up and get the most amazing poison in the world! Make this terrifying young man in black unconscious again!"

A man in black immediately shouted.

But the people around him had wry smiles on their faces: "Brother, the most strange poison in the world is not the cabbage on the roadside. We have used it all in the past few days."

"What?"

The man in black at the head was immediately shocked and shouted: "We spent so much money and bought so much of the world's best poison, how could we use it all in just a few days? I remember that we The amount of the world's most bizarre poison purchased, if used entirely, would be enough to wipe out a city with a population of tens of millions!"

The younger brothers beside him smiled bitterly and said, "Brother, take a look at the storage rings for yourself. They are all used up, but they did not poison the black-clothed boy to death. They just made him comatose for a few days."

"hiss!"

Many other prisoners who heard the conversation of this group of men in black couldn't help but gasped at this moment.

"What?"

"It can poison a city with a population of tens of millions to death in an instant. It has the greatest amount of poison in the world. This amount may even be able to poison an ancient giant beast, but it only made this young man in black faint for a few seconds. Day time?"

"And now he's going to wake up."

At this moment, let alone the eldest prince's men in black

People, even the prisoners in the bunker who had nothing to do with this matter, these extremely vicious guys, looked at Ye Feng who slowly opened his eyes, and they all fell into boundless fear!

They knew that a terrifying and monstrous demon boy was about to awaken.

"Don't worry, everyone!"

The leader of the man in black said: "The chains we have trapped this young man in black are all made of meteorite iron from the stars above the nine heavens. There are thousands of them tied to his body. But even the super strong men in the Fifth Secret Realm of Heaven and Human Realm are unable to escape. This Ye Feng is only in the Fourth Secret Realm, so even if he wakes up, he cannot escape."

"Oh? Really?"

But at this moment, a voice as deep as eternity suddenly sounded.

In this empty and dark underground castle, this sound made everyone tremble violently.

"He...he woke up..."

A man in black pointed with trembling fingers not far away.

At this time, Ye Feng's eyes were fully opened, with a murderous intent that was so cold that it covered the entire field, making everyone feel as if the blood in their bodies was about to freeze.

"What a scary look!"

"What a terrifying momentum!"

At this moment, although a group of men in black were very confident in the iron chains made of the Nine Heavens Star meteorite iron they used, but looking at Ye Feng's eyes at this moment, everyone could not stop trembling.

...

Chapter 993: Certain Death

"I didn't expect that one day I would be plotted against and fainted..."

A low and hoarse voice, with an extreme coldness, came from Ye Feng's mouth.

He just looked at the tattered clothes on his body and knew immediately that these people had probably been using various methods to kill him in the past few days.

It's a pity that now I have achieved the extremely powerful Galaxy Holy Body.

Even if it is only the seventh stage of the Galaxy Holy Body, Ye Feng's body, whether it is skin, blood, bones, flesh, and internal organs, is as hard as the stars above the nine heavens, cast, with Incredible hardness.

Even a high-quality magic weapon would not cause any harm to Ye Feng now.

In addition, Ye Feng has an immortal tree in his body. Even if he suffers any damage, there will be a steady stream of life energy to help him repair his body.

Today's Ye Feng, unless that kind of top powerhouse comes suddenly and kills him instantly, he will not be able to kill him at all.

"Click, click..."

At this time, Ye Feng opened his eyes, and the power in his body began to surge, like the aura of an angry dragon, roaring crazily in his body.

The countless chains that tied his entire body suddenly cracked open at this moment, almost breaking apart.

"What?"

"The chain made of Jiutian meteorite iron was almost broken by him!"

When the dozen men in black under the eldest prince saw this scene, their eyes suddenly widened and they felt deeply unbelievable.

In the entire bunker, the prisoners who were imprisoned in other cells saw the countless thick iron ropes. In just a moment, they were broken free by Ye Feng and were about to break, but their bodies were severely shaken. .

The power of this young man in black is really terrifying.

It is simply like an ancient evil beast that has been buried in the dust for years. Once it wakes up, it possesses overwhelming terrifying power.

"It seems that the eldest prince still doesn't trust me. He wants to capture me and execute me secretly, but he has no hope, because everything you have done to me, I will repay a hundred times. From now on, the entire Holy Emperor

There is no longer a lineage of the eldest prince in the palace! "

Ye Feng spoke slowly, and every word he spat out seemed to contain boundless murderous intent, making everyone in the audience tremble.

"Run!!"

Almost at this moment, the dozen or so men in black did not dare to hesitate anymore and immediately fled towards the bunker.

They couldn't kill this young man in black even if he passed out, let alone if he woke up now.

All the men in black felt that the entire royal garden of the eldest prince might suffer this time, unless there was an old monster deep in the palace taking action.

But it is estimated that those old monsters cannot offend an angry top genius of the giant spirit god clan just for the sake of a eldest prince.

After all, there were many princes in the Shengtian Dynasty, including the eldest prince.

Moreover, this genius of the Giant Spirit God clan supports the Ninth Prince.

The Ninth Prince has now awakened the bloodline of the Giant Spirit God and is highly valued by His Majesty the Emperor. It is estimated that all the super powerful people in the entire palace will turn a blind eye.

"You still want to run away at this time, don't you think it's too late?"

Ye Feng suddenly spoke out, directly bursting out with his terrifying power.

"boom!"

The Divine Art of Creation was running wildly, and the holy power of the Galaxy Holy Body had infinite power, roaring wildly in his limbs and bones.

boom!

Click, click, click! !

The thousands of thick iron ropes that locked Ye Feng shattered in an instant.

Countless fragments of iron ropes bombarded in all directions, piercing the bodies of several men in black who had no time to escape, killing them instantly.

"boom!"

"boom!"

"boom!"

At this time, Ye Feng rushed forward, and the terrifying momentum around him destroyed everything.

Every time he ascended to the first floor of the bunker, all the prison steel doors on the back floor suddenly shattered, shattered by Ye Feng's violent aura.

"this....."

The prisoners in the bunker cells looked at the iron door shattering, and they were suddenly free. This scene made many prisoners look at each other, feeling a little incredible.

And this time.

"Boom!!"

Ye Feng's whole body was filled with violent momentum, like a cannonball, and he rushed out of the bunker in an instant, blasting the ground above the bunker into pieces.

"boom!"

Ye Feng's whole body suddenly soared into the sky.

At this time, he was overlooking the entire royal garden, and the cold murderous aura on his body enveloped the entire royal garden like an overwhelming force. .??.

Buzz!

Above the sky, the wind and clouds changed color.

Endless frost descended from the void and dyed the entire earth white.

Many streams in the royal garden suddenly turned into ice at this moment.

This shows how strong Ye Feng's murderous intention is at this time.

Because Ye Feng knew very well that if his body had not transformed into a holy body, I am afraid that he would have really suffered a disaster this time and died in the dark bunker. No one knows about it, and he will be lost in the long river of history.

So at this moment, the murderous intention in Ye Feng's heart was extremely terrifying.

He overlooked the entire royal garden and shouted: "First Prince, come out here! You will definitely die today!!"

boom!

The moment Ye Feng's voice fell, everyone in the entire royal garden was shocked.

The guards, maids, etc. all looked towards the sky in horror at this time.

They looked at the figure of a young man in black, his whole body shrouded in infinite divine light.

Everyone just thought that a young god of war had appeared, possessing unrivaled combat power and looking down on the world.

"Who dares to speak to His Highness the Great Prince?"

The residence is unbridled? "

Suddenly, several old people flew up from the depths of the royal garden. They stared at Ye Feng, their old pupils full of cold color.

These old people have cultivation levels at the Dzogchen Life Palace level surging in their bodies. They can be said to be peerless masters in the Shengtian Dynasty.

Obviously these old men are the supporters behind the eldest prince and are also his guardians.

At this time, an old man stared at Ye Feng and said: "No matter what happens to you, I advise you to leave as soon as possible. Although you are young and successful, you are still at the Dacheng Ming Palace level after all, and we seniors are all It's the Dzogchen Life Palace Realm. I'll give you a chance now to leave here and forget the past, otherwise...ah!"

But before the old man could finish speaking, the old man suddenly let out an extremely painful howl.

At some point, Ye Feng appeared in front of the old man with a blue halberd in his hand. The sharp and cold tip of the halberd had pierced into the old man's heart.

"You...you dare to kill me in public??"

The old man made an incredible sound, and several old men around him were also shocked.

"A bunch of old guys who can barely walk, dare to stop me?"

Ye Feng smiled coldly, and the Poseidon Trident in his hand shook violently. .

"Pfft!!"

The old man in front of him, who was in the Dzogchen Life Palace realm, had his whole body exploded, killing him instantly and staining the sky with blood.

"hiss!"

Seeing Ye Feng kill an old man so easily, and so boldly and wantonly to kill on the spot, without any regard for the royal family's rules.

Everyone in the entire royal garden, including the few remaining old people, couldn't help but take a breath of air-conditioning and felt deeply frightened!

...

Chapter 994 Do whatever you want

The murderous aura wrapped around Ye Feng's body at this time made everyone feel extremely frightened.

And what frightened everyone the most was that the old man in the Dzogchen Life Palace just now had no resistance at all, and was directly pierced through the chest by Ye Feng with the Poseidon Trident, killing him directly.

This terrifying combat power really shocked everyone's hearts.

Originally, in everyone's minds, no matter how powerful Ye Feng was, he was still just a young man, and his cultivation base must be very low.

But in the end, I never expected that this Ye Feng would not only dominate the younger generation, but even the strong ones of the older generation would not be able to resist him.

At this time, Ye Feng's eyes fell on the remaining old people and said, "Do you still want to stop me?" ??

The faces of the several old people were all uncertain.

Obviously, they originally wanted to join forces to drive Ye Feng away, or directly kill him on the spot.

But in the end, they discovered that Ye Feng's power was really terrifying.

These old men knew that with their strength, even if they joined forces, they would not be able to fight Ye Feng.

Seeing that the old men were silent, Ye Feng smiled coldly and directly released his huge soul power, covering the entire royal garden.

Buzz!

Almost at this moment, Ye Feng immediately discovered the aura of the eldest prince.

"Come out!"

Ye Feng roared and suddenly grabbed a certain direction in the royal garden.

"Boom!"

Suddenly, a starry hand, filled with endless majestic and condensed energy, suddenly appeared in the sky and blasted directly towards a certain ground in the royal garden.

Boom! !

"Click, click, click..."

The ground immediately cracked open.

A bottomless underground space secret room was actually revealed.

At this time, the eldest prince Murong Yun was hiding inside with a look of horror.

In fact, when he saw that the ground was blasted away, the eldest prince immediately begged for mercy loudly: "Ye Feng, spare me, spare me! I was also obsessed for a moment, and I even thought about catching you and killing you. I really feel sorry for you." It's too impulsive, I'm guilty, but don't kill me!"

Ye Feng smiled coldly and said: "If I hadn't been so powerful, I would be dead now. You can just say a word and ask me to give up on killing you. Do you think this is realistic? And I have already said it just now. , You will definitely die today, no one can stop me."

"Ye Feng!"

Suddenly at this moment, a beautiful figure appeared between the two.

It's Jinse.

At this time, Jinse's beautiful eyes were full of threats, and she said: "Ye Feng, the eldest prince is the chess piece of our Tianyin Pavilion's layout in the Shengtian Dynasty. You can't kill him, otherwise you will offend our Tianyin Pavilion."

"Get away!"

But Ye Feng suddenly roared at this time and slapped Jinse, a peerless beauty, away.

Then he flashed in front of the eldest prince and said coldly: "You are dead, I told you, even gods can't save you."

"boom!"

The halberd in Ye Feng's hand suddenly stabbed out, directly piercing the eldest prince's head.

The eldest prince didn't even have time to scream, and he died instantly.

Everyone in the entire field could not help but tremble when they saw this bloody scene.

The eldest prince died so tragically.

Several old people not far away sighed and said: "The old monster in the palace didn't take action. It seems that they turned a blind eye. Now the second prince is dead, the eldest prince is dead, and His Highness the Ninth Prince, I am afraid

Has become the biggest winner. "

At this moment, everyone looked at Ye Feng with deep awe.

Killing the eldest prince directly in the palace of Shengtian Dynasty was simply audacious.

But Ye Feng did it, and no old monster took action to stop it, which showed that those deep in the palace had already acquiesced.

"Master Ye Feng!" ??

Suddenly at this moment, the voice of the Ninth Prince Murong Shi came from not far away.

The Ninth Prince ran over, and when he saw the scene in front of him, the shattered royal garden, and the tragic death of the eldest prince, his body was trembling with horror.

But there is also a deep excitement in this trembling.

Because the eldest prince is dead, completely dead, the biggest threat to his ninth prince has disappeared in an instant.

From then on, in the entire Shengtian Dynasty, it was almost certain that the ninth prince, who had awakened the bloodline of the Giant Spirit God, would become the crown prince.

At this time, the Ninth Prince suddenly came to Ye Feng and asked: "Master Ye Feng, are you okay?"

Ye Feng smiled lightly and said: "I have nothing to do. It's just that the eldest prince is dead. I'm afraid that you, the Ninth Prince, will be needed to deal with the aftermath."

"No problem, leave this place to me."

As his cultivation level improved, the Ninth Prince gradually developed a calm and confident aura of a superior person.

At this time, he said to a group of royal guards not far away: "Damn it, the eldest prince dared to murder my friend Ye Feng, and also colluded with the strong people outside to plot rebellion. This is a serious crime of rebellion! Now! Being discovered by Young Master Ye Feng and killed on the spot has eliminated a huge hidden trouble for our dynasty. I am going to report it to my father tomorrow and let him reward Young Master Ye Feng for his contribution."

At this time, what the Ninth Prince said was just nonsense, and it actually happened invisibly.

The eldest prince was charged with a serious crime of treason.

But no one dared to say anything, because they knew that if the eldest prince was dead, then there would be no value.

Now that the Ninth Prince is in power, it's not just what the Ninth Prince says, it's what the First Prince is.

At this time, the Ninth Prince looked at the group of royal guards wearing golden armor not far outside, and shouted: "You slaves, what are you still doing? Hurry up and arrest all the accomplices who are conspiring with the First Prince." , thrown into the sky prison, waiting for punishment! "

"Yes, His Highness the Ninth Prince!"

The group of golden-armored royal guards not far away who were watching the battle all spoke respectfully at this time.

They knew very well that His Highness the Ninth Prince was now completely in power, and he would probably become a stable Crown Prince in the future. Naturally, they, the bodyguards, would not dare to disobey the Ninth Prince's orders and will.

At this time, Ye Feng nodded slightly, looked at the Ninth Prince, and said: "The handling is good. Next, we will just wait for His Majesty's notification."

The Ninth Prince smiled and said: "Master Ye Feng must have been tired these days. Go back and rest as soon as possible. Leave this place to me."

Ye Feng nodded, jumped up, and disappeared from everyone's sight.

It's so easy to come and go, very casually.

Many people were shocked when they saw Ye Feng's behavior, which showed no guilt at all.

This is simply doing whatever you want.

But everyone knows that no one dares to pursue Ye Feng's fault now.

...

## Chapter 995 A Letter

When Ye Feng returned to the residence, he found that Gu Qinlan was not there.

This made Ye Feng a little confused. He had disappeared for several days and spent all of his time in the eldest prince's bunker. Guqin Lan didn't come to look for him?

But maybe Guqinlan has something to do and is busy.

So Ye Feng didn't think too much at this time, but entered his room and took out all the fifteen thousand pills that he had extorted from the second prince.

These fifteen thousand elixirs are all elixirs from the eighth floor of the Shengtian Imperial Palace's elixir pavilion.

Very precious!

At this time, after Ye Feng took it out, the pills in front of him were all emitting a faint aura.

Almost all of them are top-quality true spirit-level elixirs, and there are also many true saint-level elixirs.

Compared with the more than 10,000 pills Ye Feng got from the seventh level before, the medicine is definitely more powerful.

"Wow!"

Next, Ye Feng didn't hesitate at all and swallowed all the fifteen thousand pills into his stomach.

Boom! !

An extremely huge energy exploded in Ye Feng's body.

Ye Feng could clearly feel that the huge medicinal power was greatly improving his cultivation and mana.

In fact, these elixirs have different effects, but Ye Feng's body is like a big oven at this time, extracting all the purest power from all the elixirs, and then integrating them into his body, Strengthen your own life source and martial arts foundation.

This is a very long process.

Three whole days and three nights later.

Ye Feng suddenly burst out with a new and powerful momentum.

"boom!"

The surging breath spread all around, almost blowing down the house where Ye Feng lived.

If it weren't for the houses where monks and warriors lived, they were being built

Every time, there will be spirit pattern masters who will engrave the interior of the house with hard spirit patterns.

I'm afraid that every time Ye Feng breaks through, many buildings will be destroyed.

At this time, Ye Feng opened his eyes in the room and felt that his whole body was extremely powerful.

"I finally broke through to the Dzogchen Palace of Life!"

At this moment, Ye Feng's eyes were extremely bright.

"Squeak!"

He opened the door and found that it was snowing heavily outside, and the whole ground was covered in white.

But at this moment, Ye Feng's eyes were filled with confusion.

Because he couldn't feel Gu Qin Lan's breath in the other room.

"Miss Lan?"

Ye Feng walked outside her room and asked tentatively.

But there was no response from anyone in the room.

Ye Feng was a little confused and finally opened the door to the room.

But in the end he saw that the room was empty.

But on the table in the room, there was a letter lying quietly.

"Is Miss Lan gone?"

Ye Feng stepped forward and saw a beautiful line of text on the letter: Ye Feng personally opens it.

Although he hasn't read the content of the letter yet, Ye Feng knows that Gu Qinlan must have left early. He doesn't know what happened and is so anxious.

At this moment, Ye Feng looked at the empty room and the lonely letter. There was no such graceful and beautiful figure beside him. Being able to fight side by side with him, Ye Feng suddenly felt a sense of reluctance and peace. The feeling of loneliness.

After a moment of silence, Ye Feng opened the

letters on the table.

What comes into view are lines of beautiful text exuding a light fragrance.

"Ye Feng, I haven't seen you in the past few days. I don't know where you went to practice. As for whether you are in danger, I am not too worried. No one in Shengtian Dynasty can hurt you. "

"When you read this letter, I was already on my way to leave. I'm sorry, but I suddenly had something urgent and needed to leave Tiannan Ancient Ruins immediately and return to the spiritual world, so I left without saying goodbye. "

"Ye Feng, are you happy? You can enjoy the Luck Golden Dragon by yourself. I don't have to snatch it from you, but you have to be careful. When I left, I saw a lot of powerful demons. and the super ancient powerhouse all entered the imperial capital of the Shengtian Dynasty incognito, so you must be careful." ??

"When you finish your experience in the ancient ruins of Tiannan, remember to find me in the capital of Xuezhou when you have time. I will definitely wait for you there."

"Of course, if you don't have time and are very busy and don't have time to come to me, you must remember me. I have had a great time getting along with you during this time. I think we should be considered good friends."

"As for the big secret about myself that I didn't tell you before, I will tell you next time you see me. Are you curious? Hehe, if you are curious, come to me later."

...

Looking at the lines of text in the letter, Ye Feng couldn't help but smile.

After reading it, Ye Feng put the letter into the storage ring, then turned and walked out of the room.

When Ye Feng just walked out of the room, he happened to see the Ninth Prince walking over from a short distance away.

The Ninth Prince was a little strange and said: "Master Ye Feng, I haven't seen Master Gu Qinlan for several days."

Ye Feng smiled and said: "She is in a hurry and has already left the Shengtian Dynasty."

"What? Left?"

The Ninth Prince said with some worry: "Then you are the only one left now, Mr. Ye Feng."

Ye Feng smiled and patted his shoulder, saying: "Don't worry, I have been practicing in seclusion during this period, and my strength has increased. Don't worry about the ceremony."

The Ninth Prince nodded, he still believed in Ye Feng's fighting power.

At this time, the Ninth Prince suddenly remembered something and said with a smile: "Master Ye Feng, let me tell you some good news. Just yesterday, my father announced to the world that he had bestowed upon me the position of crown prince of the Shengtian Dynasty. Now In the entire Shengtian Dynasty, I am definitely inferior to one person and superior to ten thousand people. Therefore, during this dynasty ceremony, I must protect the Golden Dragon of Luck. If it is robbed by others, then all your plans, Mr. Ye Feng, will be ruined. It's all in vain."

Ye Feng was not surprised by the news that the ninth prince became the prince. After all, the eldest prince was killed by him, and the second prince withdrew from the battle for the prince. The ninth prince had awakened the blood of the giant spirit god, so he was naturally the best candidate for the prince.

Ye Feng said: "Ninth Prince, in fact, if I want to be more stable in the dynasty ceremony, I need to break through the shackles of the Dzogchen Palace of Life and step into the fifth secret realm of heaven. In that case, my strength will , there will be a qualitative improvement."

The Ninth Prince thought for a moment and said, "Ye Feng, I will take you to a place where I may be able to help you."

Ye Feng looked confused and said, "Oh? Where? You look very confident."

The Ninth Prince smiled and said: "The place of the ancestral mausoleum."

...

## Chapter 996 The Dragon Veins of the Earth

The land of ancestral mausoleums?

When the Ninth Prince's voice fell, Ye Feng suddenly looked a little surprised and said, "Is this the ancestral mausoleum of your Shengtian Dynasty?"

The Ninth Prince nodded and said with a smile, "That's right."

Ye Feng said with some confusion: "The ancestral mausoleum of the imperial dynasty is the burial place of the ancestors of your royal family. It belongs to the imperial mausoleum. Why are you taking me to a place like this? There is nothing."

"That's wrong."

The Ninth Prince smiled mysteriously and said: "Master Ye Feng, you don't know something. The place where the ancestral mausoleum of our Shengtian Dynasty is located, that is, the imperial mausoleum, is built in a very particular way."

Ye Feng said in surprise: "Oh? What's the point?"

The Ninth Prince said: "Among the ancestors of our Murong family, there once appeared a master who understood Feng Shui metaphysics. The imperial mausoleum of our dynasty was built by this master ancestor. At that time, in order to make the descendants of the Murong family more prosperous and prosperous from generation to generation. , that Feng Shui master ancestor found the earth dragon veins from the endless wilderness, and used great magical means to draw all the dragon energy from the earth dragon veins to the ancestral mausoleum."

When Ye Feng heard this, his eyes suddenly lit up, and he said with some surprise: "Among the ancestors of your Murong family, there is such a strange existence? It is really amazing!"

The Ninth Prince chuckled and said: "Actually, this is what the current ancestor of our dynasty told me. What he meant was to let me practice in the ancestral mausoleum during this period and absorb the dragon energy of the earth. After all, our inheritance has nothing to do with it. The Dragon Saint

Technique requires continuous absorption of huge dragon veins and dragon energy in order to rapidly break through and grow."

Ye Feng nodded and said: "Yes, the true secret of the Ten Thousand Dragons Holy Art is to capture the dragon veins buried in the earth and gestate them, and then swallow them."

The Ninth Prince sighed: "To directly swallow an earth dragon vein is something that is simply unimaginable. It is good that we can absorb the rich dragon vein energy now."

Ye Feng was a little confused and asked: "Why didn't your ancestor directly move the dragon veins in the wilderness to your imperial mausoleum? He just introduced part of the dragon energy to nourish the imperial mausoleum."

The Ninth Prince smiled bitterly and said: "Move the Earth Dragon

Pulse, I'm afraid only the ancient powerful ones can do it. In the past thousand years, our Tiannan Continent has not seen such a terrifying existence. "

Hearing this, Ye Feng suddenly realized, and said: "In any case, since the ancestral mausoleum of your Shengtian Dynasty has gathered rich dragon vein energy, let's take advantage of this period to absorb it and worship the dynasty. The ceremony starts in half a month, and I hope we can make breakthroughs in this half month."

The Ninth Prince nodded and led Ye Feng towards the outside of the house.

Uh-huh!

But at this moment, a beautiful female figure suddenly appeared.

It's Jinse, a woman from Tianyin Pavilion.

At this time, she walked up to Ye Feng, with a look of surprise in her beautiful eyes, and said, "It's only been a few days, and you've made another breakthrough?"

Ye Feng looked calm and said: "Miss Jinse, the eldest prince is already dead, why do you still stay in this dynasty?"

The Ninth Prince suddenly said: "This Jinse girl has been recruited by me now, and she is already my helper as the prince."

" oh?"

Ye Feng's eyes were surprised, and he stared at Jinse who was not far away, and said: "Why are you so interested in the Shengtian Dynasty? Is it also to share the golden dragon of luck?"

Ye Feng didn't believe that this Tianyin Pavilion's Jinse was for power.

During this period of time when Ye Feng was free from training, he took some time to go to the Library Pavilion of the Shengtian Dynasty to learn more about the background of Tianyin Pavilion.

It turns out that Tianyin Pavilion is really a powerful force that has lasted for nearly three thousand years.

Moreover, it seems to be related to the destruction of the Divine Dynasty of Creation that year.

When Ye Feng saw this, he became slightly interested in Tianyin Pavilion.

However, Ye Feng has no intention of disclosing his identity. After all, he was loyal three thousand years ago.

People in the dynasty of Creation God may not necessarily be loyal now.

When Ye Feng was in the Sword God Tiangong, he had heard that many old members of the Creation God Dynasty had now gathered into a mysterious force called the Creation Alliance, hidden in the darkness, and no one could find them where they were.

It is said that the leader of the Creation Alliance was a prince from the Creation Dynasty three thousand years ago. He held high the banner of reviving the Creation Dynasty, recruited talents, and

attracted countless experts and strongmen from the Creation Dynasty. Now he is extremely powerful and terrifying. Huge ambition.

Ye Feng had the impulse to contact the people from the Creation Alliance directly. ??

But in the end Ye Feng resisted this impulse.

Because Ye Feng had little contact with anyone except his father, Emperor Ye Qing.

The prince of the Creation Alliance, I don't know which prince from the Divine Dynasty of Creation is.

After all, Emperor Ye Qing almost conquered the fortunes of the Divine Dynasty back then. The only true royal family of the Divine Dynasty were Ye Feng and Emperor Ye Qing, father and son.

In addition, the other princes were all assistants who had followed Emperor Ye Qing to conquer the world, and were eventually granted the title of kings with different surnames after the establishment of the Divine Dynasty of Creation.

These kings with different surnames have no blood relationship with him, so Ye Feng doesn't trust them at all.

In fact, Ye Feng can guess the greatest possibility. If he really contacts the people of the Creation Alliance, with his current weak and pitiful cultivation level, he might be directly controlled as a puppet, and all the treasures on his body will be taken away from him. And secrets, even the divine secrets of creation, may be plundered.

So after thinking of these serious consequences, Ye Feng finally restrained himself from taking the initiative to find the Creation Alliance.

It is really not easy for a soul to be reborn, so Ye Feng is naturally cautious about everything.

After all, three thousand years is too long. Even if those people survived, their thoughts may have changed.

Once his identity as a weak crown prince is exposed, it may cause a huge crisis.

Therefore, Ye Feng currently has no intention of exposing his identity. He would rather lurk and grow silently first. After he has sufficient cultivation strength, it will not be too late to conquer those old troops.

Looking at Jinse in front of him, Ye Feng did not say anything more, but said: "When I return to the spiritual world, I will consider joining Tianyin Pavilion."

Jinse seemed to have lost interest at this time. After all, the Virgin Mother's mind clone had left, and she had no chance to express herself. Naturally, she no longer had high expectations for absorbing Ye Feng into Tianyin Pavilion.

Ye Feng looked at the Ninth Prince and said, "Let's go directly to the ancestral mausoleum."

Jinse suddenly said: "The land of the ancestral mausoleum? You are going to absorb the energy of the dragon veins of the earth. Can you take me with you?"

The Ninth Prince looked at Ye Feng at this moment, obviously obeying Ye Feng's will in everything.

Ye Feng stared at Jinse and said, "Why should I take you with me?"

Jinse, the most beautiful woman in the Shengtian Dynasty, showed a charming smile at this time and said: "Master Ye Feng, you must be anxious to break through the final bottleneck of the Life Palace Realm, right? But your inheritance seems to be very special. It takes a huge amount of strength to accumulate and break through. The thin dragon energy drawn from the imperial tombs has no effect on you at all, but I can draw a spiritual pattern and follow the dragon energy drawn to help you find the real truth. The earth's dragon veins will give you enough dragon energy to swallow. As long as you succeed, you can share one-tenth of my dragon veins and let me open the hidden heavenly veins in my body. How about that?"

The Ninth Prince's eyes were startled and he said, "Are you planning to find the real dragon vein?"

Ye Feng immediately said: "Okay, deal!"

...

## Chapter 997 Looking for Dragon Veins

Ye Feng, the Ninth Prince and Jin Se, the most beautiful woman in the Shengtian Dynasty, set out together and rushed towards the imperial mausoleum outside the Shengtian Dynasty.

In order to break through the shackles of the final Dzogchen Palace of Life, Ye Feng decided to search for the Earth Dragon Veins.

The cultivation of the three of them was not weak. In less than half a day, they had arrived at the royal mausoleum of the Shengtian Dynasty.

This is the place where the royal family of the Shengtian Dynasty built for their ancestors.

On a barren land, tall mausoleums stood under the dim sky, looking full of endless desolation and desolation.

At this time, Ye Feng and the other two people came over, all with a hint of solemnity in their expressions.

The moment he approached the imperial mausoleum, Ye Feng immediately felt that the Ten Thousand Dragons Holy Art in his body was operating rapidly.

Obviously, he sensed the richness of the earth's dragon vein energy and began to absorb it silently.

"The energy of the earth's dragon veins is so rich, I feel like my Ten Thousand Dragons Holy Art is running crazily."

At this moment, the Ninth Prince looked with a hint of surprise in his eyes and spoke quickly.

He instantly flew to an imperial mausoleum and immediately started to operate the Ten Thousand Dragons Sacred Art.

Buzz!

Suddenly, the huge energy of the earth's dragon veins turned into streams of golden energy, all converging in the direction of the Ninth Prince.

Suddenly, thousands of phantoms of golden dragon energy appeared around the Ninth Prince. They really looked like golden dragons, roaring and roaring in the void, and they seemed to have extraordinary momentum.

When Ye Feng saw this scene, his eyes showed a hint of joy. He also sat cross-legged and began to run the Ten Thousand Dragons Sacred Art, and began to absorb the earth dragon veins and dragon energy in the imperial mausoleum.

But three days later, Ye Feng stopped.

Because as Jin Se said before, the dragon energy drawn from the imperial mausoleum is really too thin.

Perhaps for ordinary people like the Ninth Prince, practicing the Ten Thousand Dragons Sacred Technique is enough

.

But for Ye Feng, it was far from enough.

Although he is powerful in combat, he is invincible at the same level and can even kill enemies beyond his level.

But Ye Feng's body was like a bottomless pit, which required huge amounts of energy to allow him to feel significant growth.

For example, in the past three days, although Ye Feng has been absorbing the energy of the earth and dragon veins in the entire imperial mausoleum, he feels that the power in his body has not increased much at all, but only a little.

"Damn it!"

This snail-like speed made Ye Feng a little intolerable.

On the morning of the fourth day, Ye Feng suddenly withdrew from his practice state and stood up directly.

At this moment, Jinse, the most beautiful woman in the Shengtian Dynasty, stood beside her with a graceful figure.

She looked at Ye Feng, who had a somewhat gloomy face, with a slight smile on his beautiful face, and said: "What? I'm right? The dragon energy in this imperial mausoleum is not really underground. The dragon veins are produced by part of the dragon energy drawn from the endless wilderness. It is very thin. It may be enough for ordinary practitioners, but it is definitely not enough for a peerless wizard like you to swallow. "

Ye Feng nodded slightly, stared at Jinse, smiled helplessly, and said: "It seems that I really need Miss Jinse's help this time. Please hurry up and help me find a real earth dragon vein. When I find it, , If the robbery is successful, as promised before, I will give you one-tenth of the dragon vein."

Jinse nodded immediately and said, "Okay, I'll start now."

Buzz!

I saw her taking out a spirit pattern pen from the storage spirit ring.

This spirit pattern pen is all red, and the tip of the pen is like burning flames. It looks like

Very magical.

Ye Feng's eyes moved slightly. The quality of this spirit pattern pen will definitely not be lower than the third-level low-grade spirit pattern pen 'Mozhu' in his hand.

"Use fire as a guide to find the source of the dragon."

At this time, Jinse murmured, waving the red spirit pattern pen in his hand, and began to outline a series of glowing red spirit patterns in the center of the entire imperial mausoleum.

In the end, the spirit pattern composition condensed into a red dragon.

"hold head high!"

The crimson little dragon let out a thunderous dragon roar and immediately burrowed into the ground.

"Let's track it quickly. This red dragon will take us to the source of dragon energy, which is the place of dragon veins."

Jinse immediately grabbed Ye Feng's hand and shouted softly: "Escape!"

boom!

At this moment, the two of them suddenly disappeared from the ground and suddenly came to the underground, as if they had merged with the entire earth.

Ye Feng looked at the soil around him. He seemed to have turned into nothingness at this time, blending into the ground and being able to move quickly under the ground.

This made Ye Feng very surprised and said: "Miss Jinse, I didn't expect that you are not only a spiritual pattern master, but also know the ancient inheritance of the Five Elements Escape Technique, which is amazing."

Jinse smiled slightly at this time and said: "These are nothing, they are all small tricks of our Tianyin Pavilion. Only the core members of our Tianyin Pavilion can learn the really powerful ones. How about it, are they good for us?" Now that you have a preliminary understanding of Tianyin Pavilion's strength and heritage, are you willing to join our Tianyin Pavilion?"

Ye Feng smiled and said: "We will talk about this later, but I am indeed quite interested in your Tianyin Pavilion, especially from the library of the Shengtian Dynasty, I learned something about the history and history of your Tianyin Pavilion. Rumor."

Jinse

Her beautiful eyes moved, and then she smiled sweetly and said, "Rumors are sometimes not trustworthy."

Ye Feng said: "It's groundless. Sometimes the rumors must have some factual basis. In this case, the supreme Holy Mother in your Tianyin Pavilion may really be the former dynasty that was destroyed three thousand years ago. The remnants of

"Master Ye Feng!"

Jinse's beautiful face suddenly became serious and said: "You can't talk about this kind of thing nonsense, but it is a serious crime to behead! The Tongtian Divine Dynasty rules the entire spiritual world and becomes more and more powerful. Why not move forward? The dynasties have all passed. We, Tianyin Pavilion, have stood on this land for so many years and have never been afraid of rumors. It doesn't matter who Our Lady's identity is. What's important is that Her Majesty is in the hearts of all our Tianyin Pavilion members. In my mind, it is supreme and sacred."

At this time, Jinse spoke, his tone full of piety.

Ye Feng's eyes flashed slightly and he said nothing more.

He just said that just to test this Jinse.

Judging from Jinse's reaction, it is estimated that Tianyin Pavilion is really inseparable from the Divine Dynasty of Creation. For Jinse to retort so fiercely all of a sudden, it is obvious that she is protecting the secret of Tianyin Pavilion.

Ye Feng looked at the crimson dragon not far away and said, "Miss Jinse, let's hurry up and chase the crimson dragon. I hope we can successfully find a real dragon vein. In that case, Not only will my cultivation level undergo a huge transformation, but Miss Jinse will also be able to get her wish, using the power of dragon veins to stimulate the heavenly veins in your body and obtain advanced talents."

...

Chapter 998 Ancient Demonic Egg

Ye Feng was following Jin Se, moving quickly under the bottomless ground.

With Jinse's Earth Escape Technique, the two of them were as fast as they were in the rocky soil underground, just like water in the ocean.

The small crimson dragon in front was also moving rapidly through the earth.

Moving underground is much more efficient than moving on the ground.

Because above the ground, there may be obstacles such as mountains, rivers, trees, rocks, monsters, etc.

But underground, there are not so many obstacles.

Half an hour later, the two of them had followed the crimson dragon and lurked underground for nearly hundreds of thousands of miles.

This place is probably far away from the imperial mausoleum of the Shengtian Dynasty.

"arrive!"

Jinse suddenly made a sound, pulling Ye Feng directly and jumping from the ground to the ground.

Ye Feng immediately saw that this place was already a wild forest with tall trees everywhere.

A mountain range not far away, covered in soil, was actually faintly glowing with golden light at this time.

It was the extremely rich dragon vein energy, which actually formed a tangible golden light, emanating from the soil and from beneath the ground.

Jinse's beautiful eyes were full of excitement at this time, and she said: "Under this mountain, there is definitely a real earth dragon vein buried!"

As she spoke, the storage ring in her hand flashed, and a sword appeared, ready to dig up the entire mountain.

"Wait a moment."

But Ye Feng suddenly stopped her.

Jinse was a little confused, looked at Ye Feng and said, "What's wrong?"

Under the induction of soul power at this time, Ye Feng felt an extremely dangerous aura hidden deep in the mountains.

"This mountain cannot be dug. It is dangerous."

Ye Feng spoke up and said: "I am born with strong perception. At this time, I can feel that there is definitely something very dangerous hidden inside this mountain."

When Jinse heard this, his eyes immediately moved and he said: "Something very dangerous? Why didn't I notice it?"

Ye Feng smiled and said, "Trust my judgment."

Jinse was silent for a while and said: "You have extraordinary talents and are very evil. You need to find the earth's dragon veins more than I do. So you can make such a calm judgment now. I definitely believe you. So what should we do next?"

Ye Feng said: "Let's go into this mountain range and take a look, hide our aura, and see what exactly I sense?"

Jinse nodded and said: "Okay, in fact, what you sensed should be true, because the place where the dragon veins of the earth are located can be said to be the place where heaven and earth were created. It is normal for something very dangerous to be born. We still It's better to be careful, otherwise you won't find the dragon vein and risk your own life."

Ye Feng laughed and said: "Don't worry, as long as I'm here, there probably won't be any power or creatures that can kill me on the Tiannan Continent."

At this time, Ye Feng's words carried a strong sense of confidence.

This made Jinse couldn't help but look sideways, and a strange light appeared in his beautiful eyes.

It had to be said that she had not been with Ye Feng for long, but for some reason, Jinse always felt that there was an inexplicable and deep attraction to this young man.

"There is a cave here that seems to lead to

Let's go inside the entire mountain and take a look. "

At this time, Ye Feng, covered by his soul power, immediately found a small cave entrance on the southeast side of the mountain, under the cliff.

At this time, Ye Feng and Jinse walked forward directly and immediately felt a deep demonic energy pouring out of the cave.

"What is this aura? Demonic aura?"

Jinse also felt it, with a hint of alarm in her beautiful eyes.

At this time, Ye Feng was silent for a while and said, "Miss Jinse, please wait outside. I'll go in and take a look first."

Jinse immediately said: "No, how can I let you, Ye Feng, go into danger alone? Although my cultivation and combat power are not as strong as yours, what Tianyin Pavilion is famous for is not our combat power, but all kinds of dangers." Qi Men Dun Jia, the art of spiritual pattern, so I will accompany you so that we can help each other at critical moments and have someone to rely on."

Ye Feng glanced at Jin Se in surprise and said, "You still care about me?"

Jinse's beautiful eyes were startled, and then she cursed: "What are you thinking about? I don't care about you, I care about the dragon vein buried under this mountain."

After saying that, Jinse seemed to be walking towards the cave angrily.

Ye Feng grinned and said: "I'm not bored because of the atmosphere. I'm joking with you, Miss Jinse. Don't worry about these details. Just wait for me. It's very dangerous ahead."

The two people walked in this deep cave passage for probably half an hour, and finally arrived at the deepest part of the mountain.

The deep passage came to the end, and the two people's vision suddenly became clear.

The scene in front of them shocked both Ye Feng and Jinse.

Because they saw that the innermost part of the entire mountain was hollowed out by some terrifying force.

There are tens of thousands of silver chains, one end pierced deeply into the earth, and they are absorbing the huge golden dragon energy from the dragon veins.

The other end of these silver chains are tied to a huge devil egg.

That's right!

In the middle of the inner space of this mountain, there is a huge devil egg floating.

This deviled egg is several hundred meters long and several hundred meters wide. It is simply a giant.

On the eggshell, there are golden magic lines, which are natural lines and give people a very noble and majestic feeling.

Jinse was a little surprised and said: "This devil egg makes me feel so scary. I have learned the art of inspiration. Now I am staring at this huge devil egg, and I feel that a very vicious devil is about to break out of its shell. Come out and make the world miserable."

Ye Feng nodded and said: "This formation is probably set up by a powerful demon. Look at those silver chains. One end is deeply rooted in the dragon's veins under the earth. They are absorbing the pure essence of the dragon's veins." It is providing strength to this huge ancient devil egg, and it seems to be hatching a powerful demon. "

When Jinse saw the scene on the field, he felt a little chilly and said, "Then what should we do now?"

Ye Feng said: "Destroy that ancient devil egg, otherwise the threat will be too great."

Jinse also nodded and said: "I also think it should be like this. This ancient devil egg makes me feel so terrifying..."

Click, click...

And before Jin Se's words could be fully finished, a sudden sound of breaking eggshells suddenly sounded throughout the entire interior of the mountain. Ye Feng was following Jin Se, moving quickly under the bottomless ground.

Click, click...

And before Jin Se's words could be fully finished, a sudden sound of breaking eggshells suddenly sounded throughout the entire interior of the mountain.

Chapter 999 Broken

Click, click...

The crisp sound of eggshells breaking resounded throughout the interior space of the mountain, making both Ye Feng and Jinse couldn't help but change their expressions suddenly.

At this time, their eyes were all focused on the huge ancient devil egg in the middle.

Sure enough, they saw instantly that cracks began to crack on the eggshell.

In that gap, there is an extremely deep black light coming out, giving people a frightening feeling.

In addition, an extremely terrifying life fluctuation was also transmitted from the ancient devil egg.

Jinse immediately jumped up and rushed in front of the ancient devil egg. A long sword blooming with aura appeared in his hand, and he stabbed directly towards the ancient devil egg.

"boom!"

But almost at that moment, a pale hand with white bones grabbed it out of the ancient devil egg.

"when!"

The magic weapon sword in Jinse's hand was instantly shattered by the big bone hand.

"You actually want to prevent me from being reborn? You humble human ant, please die! You can become my blood food!"

At this time, a very ferocious sound came out of the ancient devil egg.

This voice was not the voice of a child at all, but the voice of an old man.

"What was born in this ancient devil egg is not a young devil at all, but an old devil who wants to borrow the egg to be reborn!"

Ye Feng's eyes were suddenly startled. He did not expect that the demon creature bred from this ancient demon egg was an old demon with its own conspiracy.

"Star Reacher!"

At this moment, Ye Feng had almost no hesitation and just launched his most powerful martial arts move.

Buzz!

A huge star-like palm, containing infinite heaviness and hardness, suddenly appeared in the sky, and instantly collided with the pale bone hand protruding from the ancient devil egg.

"Boom!"

A terrifying roar suddenly sounded throughout the entire mountain.

The entire mountain was shaking violently at this time, as if it was about to collapse.

At this moment, the star-catching hand was shattered.

But the big bone-white hand was also beaten back.

Apparently he also suffered a severe blow.

"What? You, a human boy, what kind of physical training are you practicing, and you can even block my Ten Thousand Refining Bone Hands?"

Along with a surprised sound, the upper part of the ancient devil egg shattered, revealing a tall devil.

The upper half of this tall demon's body was covered with black scales, but its two hands were made of bones. It looked very strange. It was unknown what kind of demon creature it was.

In fact, the lower body of this demon was still in the ancient devil egg and had not yet been fully gestated. It turned out to be a piece of light black liquid.

"Thank you for saving me."

Jinse's graceful and beautiful figure fell down from the sky in a somewhat embarrassed manner, walked to Ye Feng's side, and murmured in a low voice.

Ye Feng nodded slightly, then stared at the half-body ancient demon in the air and said, "We came here looking for dragon veins, but we didn't expect to encounter such a powerful demon like you."

This demon was very powerful. Ye Feng's powerful star-picking hand just now was shattered by this ancient demon.

Ye Feng was still very afraid at this time.

At this time, Ye Feng said: "We have no intention of becoming your enemy, senior. We are here just for that dragon vein."

"Dragon Veins?"

The ancient demon suddenly laughed out loud and said: "The energy of the entire dragon vein buried under the ground here has been almost completely sucked up by me. You still want the dragon vein? Then it seems that you are destined to fight with a bamboo basket. The water is gone!"

"What?"

"The dragon's veins have been sucked dry?"

At this moment, Ye Feng and Jin Se's eyes changed, and then their faces became very ugly.

They worked so hard to get here, but unexpectedly they got a dried dragon vein.

Ye Fengshun

He stared at the ancient demon not far away for a moment, his eyes suddenly became cold and ruthless, and he said coldly: "Since you have sucked up the entire earth dragon vein, you will die. I will use all the energy of the entire earth dragon vein to Refined from your body!"

At this time, Ye Feng's words were filled with deep coldness and murderous intent, which caused the temperature of the entire internal space of the mountain to suddenly drop many times.

The ancient demon's eyes were extremely ferocious at this time, and he said: "Young human race, your fighting power just now really impressed me, but you want to kill me? Then I can only say that you are too naive. The real result is I will kill you, and then I will make you all my blood food, so that I can break through the final bottleneck, condense all the demonic bodies, and live a new life!"

boom!

Almost as soon as the ancient demon finished speaking, he took action instantly, grabbing it with two big pale bone hands containing infinite power. ??

Ye Feng knew how powerful this bone-white hand was, so he didn't look down upon it. He directly stimulated the holy power of the Galaxy Holy Body.

boom!

His whole body suddenly erupted with divine light, like a young god of war, jumping high into the sky.

"God's Tomb Technique!"

Ye Feng displayed this set of third-grade True Saint level inheritance.

Buzz!

Immediately, a vast and vast tomb was blasted out between Ye Feng's hands, floating lonely and coldly out of the void.

That is the tomb of a god, capable of being buried in heaven!

"Boom!"

Terrifying roars and countless collisions erupted in the void in an instant.

Two big white-bone hands suddenly grabbed the tomb of the god buried in the sky, and then crushed it with a bang.

The ancient demon laughed loudly and said: "You dare to use your trivial skills in front of me, your attack is meaningless!"

"Yeah?"

Suddenly at this moment, Ye Feng suddenly appeared behind this ancient demon.

"The flood of the times!!"

Ye Feng roared crazily, pouring out all the power in his body and integrating it into his own body.

In the fist.

The torrent of time!

The terrifying inheritance that Ye Feng brought from Longyuan Continent.

It is a terrifying attack and killing technique created by the Styx Emperor who amazed an era.

The weight of the times and the country is melted into a torrent, which is unparalleled and capable of bursting out with monstrous power.

The powerful inheritance of the Flood of the Times has no grades and will never go out of style, because it is not only a secret technique, but also a Tao. The stronger the cultivation level, the stronger the power it can display.

"Boom!!"

The vast white torrent of time immediately bombarded in front of the ancient demon.

"My demon body is indestructible, you can't hurt me at all!!"

The ancient demon laughed wildly.

"Crack!!"

But at the next moment, the ancient demon suddenly saw that the direction of Ye Feng's punch, the torrent of the times, was not the hard and powerful demonic body of his upper body, but the eggshell where his lower body was.

"No!!!"

When the ancient demon saw this scene, his eyes immediately showed a voice of extreme fear.

"boom!"

"Crack!!"

But it was already too late. Under Ye Feng's full punch, the weight of the torrent of time suddenly hit the egg shell, completely shattering half of the ancient devil egg.

"ah!!"

This half of the ancient devil egg is connected to countless silver chains underneath and absorbs the energy of the dragon vein. It can be said to be the energy source of the ancient devil.

After being shattered, this ancient demon howled miserably, and its entire body shriveled up in an instant, turning into a mummified demon. All the life fluctuations dissipated, and it died instantly!

"Ye Feng, you are so smart! You know how to attack its weakest spot!"

At this moment, Jinse flew from a short distance away, her beautiful eyes full of surprise.

...

#### Chapter 1000 Body Explosion Crisis

Regarding Jin Se's praise, Ye Feng smiled indifferently and said: "The strength of this ancient demon is still very terrifying, but it is a pity that we came here in advance and discovered the abnormality here. The ancient demon has not yet condensed into a complete body, so we were able to deal with him so easily."

Jinse nodded, a little scared, and said: "If we had arrived a few days late, we might have been killed and devoured by this ancient demon."

"Hahaha."

Ye Feng laughed and said: "It's not that exaggerated. Even if you can't defeat this ancient demon, there is still no problem if I take you to escape."

At this time, Jinse looked at the dead ancient demon and said, "Then what should we do now? That earth dragon vein has been sucked dry."

Ye Feng said: "I have a way to refine all the dragon vein power absorbed by this ancient demon."

When Jinse heard what Ye Feng said, a look of surprise suddenly flashed through her beautiful eyes, and she said, "So magical? Master Ye Feng still knows such a strange refining method?"

Ye Feng smiled and said: "It is a natural talent that I awakened. It can directly separate the energy stored in any living being or object."

Buzz!

Almost at the moment Ye Feng finished speaking, his mind moved, and the oven of creation was released directly.

"Clang!"

The furnace lid was opened, and the ancient demon who died tragically was directly put into it. The fire of chaos began to burn, separating the dragon's energy from the demon's body.

At this time, Ye Feng looked at Jinse and said: "It will take some time to separate. Let's go down to the dragon veins under the earth to see if there is anything good left."

Jinse nodded and said with a smile: "Master Ye Feng is right. These earth dragon veins often breed some very precious treasures. We can go down and take a look and look for them."

With that said, Jinse, the most beautiful woman in the Shengtian Dynasty, stretched out a pair of perfect white hands towards Ye Feng, smiled sweetly, and said: "Master Ye Feng, hold my hand, I will use the earth escape technique, Take you under the earth."

"good."

Ye Feng Weiwei

Smiling, without any hesitation, he directly squeezed Jinse's soft little hand.

"Earth Escape!"

As soon as Jinse thought, the two people's bodies were suddenly covered with a layer of gray light, and then they suddenly escaped into the ground.

They came to the depths of the ground, and sure enough they saw a majestic and huge dragon vein under the ground, like a real dragon, buried under the ground.

But at this time, this dragon vein was already gray, as if it was petrified.

Jinse said with some pity: "A truly vibrant dragon vein is emerald in color and exudes golden light, but this dragon vein has completely turned into gray earth and stone, losing all its dragon energy and power."

Ye Feng's soul power was radiating out at this time, and he was searching for the treasures buried under the ground.

Sure enough, after searching with his soul power, Ye Feng immediately sensed a lot of spiritual medicinal materials buried under the ground.

"Let's go over there and have a look."

Ye Feng directed the direction, while Jin Se used the earth escape technique to shuttle Ye Feng through the underground.

For several hours, they searched near this huge dragon vein, and indeed found a lot of precious medicinal materials, including several medicinal plants whose grades reached the fifth level, or even the sixth level of true saint level.

When people take a whiff, they feel a little bit ethereal.

The two shared the elixir equally, and then returned to the inner space of the mountain.

At this moment, in the oven of creation, the body of the ancient demon has been completely decomposed.

Waves of pale golden dragon energy filled the entire creation oven.

"According to the previous agreement, I will share one-tenth of your dragon vein energy."

Ye Feng kept his promise very much, opened the lid of the good fortune oven, took out one-tenth of the golden dragon vein energy, and handed it to Jinse beside him.

"leaf

Mr. Feng, thank you. "

Jinse immediately laughed and began to walk aside to refine one-tenth of the golden dragon vein energy.

This most beautiful woman in the dynasty, her previous indifference due to Ye Feng not joining Tianyin Pavilion has completely disappeared, and now her beautiful face is full of smiles.

Ye Feng didn't pay so much attention. He just had a fiery look in his eyes and swallowed all the dragon vein energy in the oven of creation.

Although the dragon vein energy refined from the ancient demon's body is definitely not as powerful as swallowing an earth dragon vein directly.

But it's also very good. At least Ye Feng still has this method to refine and separate most of the dragon vein energy from the ancient demon's body.

Otherwise, even if they kill the ancient demon this time, it will be all in vain.

"boom!!"

The terrifying and huge dragon vein energy suddenly burst out in Ye Feng's body.

Wow!

Wow!

It was like a long rolling river flowing and roaring through the body, roaring angrily.

At this moment, Ye Feng felt that all the limbs and bones in his body were violently surging and were about to be torn apart.

"No! I underestimated the energy of this dragon vein energy! It's too powerful!"

Ye Feng's eyes suddenly opened, his pupils filled with bloodshot eyes.

Because at this moment, his body was about to burst.

Originally, Ye Feng felt that his current physique had transformed into the Galaxy Sacred Body, which was enough to accommodate countless energies.

But an earth dragon vein.

How majestic and vast it is!

At this time, the power of an entire dragon vein completely exploded in Ye Feng's body, making Ye Feng almost explode and die!

"Master Ye Feng, what's wrong with you?"

At this time, Jin Se was practicing on the side and was attracted by the violent aura that suddenly appeared on Ye Feng.

Uh-huh!

She arrived at Ye Feng's house in an instant

In front of him, he saw thick red blood streaks appearing all over Ye Feng's skin, as if his whole body was about to burst.

"You swallowed the entire dragon vein!"

Jinse Bingxue was smart and naturally understood what happened to Ye Feng in an instant.

She barely hesitated, and two soft red petals were printed on Ye Feng's mouth.

The two of them were very close and looked at each other.

"call!"

A huge amount of energy was absorbed by Jinse, instantly resolving Ye Feng's explosion crisis.

"boom!"

A powerful martial arts momentum burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation and the realm of Ming Palace underwent transformation and breakthrough, and he instantly entered the fifth secret realm, the primary realm of heaven and man!

"Uh-huh!"

The next moment, Jinse suddenly left Ye Feng.

She took a few steps back, lowered her head slightly, her pretty face turned red, and said, "I'm here to save you."

Ye Feng stood up quickly, seemingly at a loss, but finally whispered: "Thank you."

"Now that you have succeeded in practicing, let's go."

Jinse's beautiful face was rosy, making the most beautiful woman in the dynasty look even more fresh and gorgeous.

Ye Feng nodded at this time and said: "The dynasty ceremony is about to begin. We have been delayed here for too long. It is time to go back."

After saying that, Jinse nodded slightly, moved her graceful figure, jumped up, and flew directly out of the mountain.

Ye Feng also chuckled secretly, shook his head, followed directly, grabbed Jinse's shoulder, and said: "Leave the way back to me, jump in the void!"

Buzz!

In an instant, the two of them turned into afterimages and appeared tens of thousands of meters away in a flash.

Another flicker, and it has disappeared at the end of the sky.
