

Ancient GM 1831

Chapter 1831: Heavenly Fate Eye

After the clan Qin Wentian was in was destroyed, he roamed the world of reincarnation. He wanted to probe and see whether this world was real and to his shock, he discovered that everything here was simply too real. Everyone in here has a story of their own and this world had the precipitation of history. As for them, these outsiders, they were the only ones who appeared here without any foundation, influencing the sequence of this world's natural order.

Why was everything so wondrous? He had no way to be sure. The creator of the world of reincarnation, what sort of existence was he exactly?

When Qin Wentian thought about his family in this world being destroyed, he felt some pain in his heart. Qin Ruhai, although he had no way to truly recognise this father of his, but to the other party, Qin Wentian was undoubtedly his son. Qin Ruhai was willing to die for him. From a certain perspective, the Qin Ruhai in this world was none other than the incarnation of Qin Yuanfeng.

But now, his entire faction in the clan was destroyed. When he thought about the three experts from the Qin Clan experts in the other faction, the flames of hatred would rise in his heart.

However, the time wasn't right for revenge. His current cultivation base was too weak. He had to return to the peak. He was able to sense all kinds of law attributes in this world and because of his experience in cultivation, he was extremely sensitive to the law attributes he cultivated in the outside world. He was able to cultivate them easily.

Qin Wentian started to roam the world of reincarnation and he gradually discovered that this world wasn't as vast as he had imagined. All the peak powers reflected the peak powers in the Supreme Ancient Immortal Realms but in this world, they were all concentrated in a region. The world of reincarnation by itself was like a region compared to one of the eight great regions of the Supreme Ancient Immortal Realms.

In the blink of an eye, many years and months passed in the world of reincarnation. Before a mountain, Qin Wentian sat there facing the wall in meditation. The stone walls in front of him had many dao scars that emanated the power of the great dao. Right now, Qin Wentian's aura was more transcendent than before and his eyes were immeasurably deep. Currently, his power level in this world of reincarnation has already been restored to his power level in the outside world.

Beside Qin Wentian, many people were also comprehending the dao in this area. There was a person who exudes a terrifying sharp aura. He stood on a rock and his eyes calmly stared at Qin Wentian, gleaming with sharpness.

“I heard you are proficient in the laws of time? Why are you here to contemplate over the laws of slaughter? What is the use of it. Could it be that you have cultivated other laws here?” From the side, a voice rang out. Qin Wentian didn’t look at the person. He naturally knew who it was who spoke, it was someone who was the same as him and came here from the Supreme Ancient Immortal Realms. In fact, this person was also a student of the Heavenly Dao Sacred Academy, he was a descendent of the Sword God, Jian Chen.

The dao scars before him radiated a slaughter intent. Just a hint of that aura was seemingly capable of killing the heavens. It was a supremely terrifying one and the dao scars seemed to be looking right back at you when you look at them. For those who were not strong enough, they might even die here if they came here to cultivate.

“You have hatred in your heart. This dao scar has the laws of slaughter within it and can help you forge your slaughter path. If you want to cultivate it, I can allow you to go all the way on this path and become the king of slaughter.” A voice rang out in Qin Wentian’s mind, spoken with a bewitching tone. It has already been many times since he heard a voice like this. Naturally, there were also many other different voices that rang out in his mind before, all of them trying to tempt him into cultivating some evil methods.

Qin Wentian ignored it. He didn’t know what sort of existences these fellows that are sealed in the world of reincarnation are. However, he knew that his dao has to depend on him alone to walk it, and not allowing these existences to control him.

“Where were you born in this world?” Qin Wentian suddenly asked.

“Southsky Sword Pavilion” Jian Chen replied. Qin Wentian nodded silently, as expected, it was from a sword dao aristocrat clan, similar to Jian Chen’s origins in the Supreme Ancient Immortal Realms. It seems that there is truly a connection between the two worlds.

“I’m thinking that if this place is the legendary place, how can we exit here? Could it be that we have to defeat everyone who entered it before we can obtain the truth of why we were sent here?” Jian Chen slowly spoke. “Upon coming here, all our starting points are equal, we have to climb up from zero. The competition seems fair. In the outside world, both of us are on the Heavenly Dao

Rankings but because I'm older than you, I've never contended against you. But now, since our starting points are the same, we can see who is the stronger one between us."

"There's bound to be stronger and weaker daos. How can the starting points be the same?" Qin Wentian calmly shook his head. They came to the world of reincarnation, although they had no cultivation when they started and had to climb up again, their experiences and insights stayed with them. The starting points of everyone were naturally different.

"In that case, you are dodging the battle?" Jian Chen spoke.

Qin Wentian stood up and departed. He calmly added, "Don't forget our teacher's reminder."

The heavenly deities of the sacred academy once reminded them to guard their original hearts before letting them enter the legendary place. This is why Qin Wentian's heart didn't waver despite those bewitching voices. Also there was another point, the Heavenly Dao Sacred Academy also hoped that the students can stop experts from the other powers from obtaining daos here. There was no point in internal conflict.

"This has nothing to do with that warning." Jian Chen spoke calmly, like he didn't notice Qin Wentian was departing. At the instant the sound of his voice faded, the wind and clouds in the area changed. The surroundings turned into a world of swords. At this moment, Qin Wentian felt sword intent gushing over and enveloping him. This sword intent was controlled by Jian Chen, this is where his heart and his dao was. This was the power of a world overlord. Although they were now in the world of reincarnation, Jian Chen could still unleash this power and control it perfectly.

"Slash!" Jian Chen roared, he remained at the position he was, merely slicing his palm out. The churning sword might transformed into a word rune and slashed out towards Qin Wentian. The power within was terrifying to the extreme, easily able to slice a person into two.

Qin Wentian frowned. In an instant, everything in his surroundings went still. All flows of power stopped. In the world of reincarnation, he still chose to cultivate the laws he was proficient in. Firstly, he would be able to return to his past cultivation realm quicker and secondly, he wanted to use the advantage of this world where he could sense the law attributes extremely clearly and see if he was able to gain more insights and break through.

Jian Chen's movements crawled to a halt. But in the next moment, a supremely powerful sword might manifested in this space, slashing the stilled time and space apart. When one's insights reached a high enough level, they could also break through the ability time stop. There was no invincible power, it was dependant on how strong the people using them are.

Jian Chen was an expert on the Heavenly Dao Rankings. He was naturally extremely powerful.

He slowly stood up and stared at Qin Wentian as a startling aura gushed forth from him. After that, with a wave of his hand, numerous lightning bolts intersected, forming countless word runes in the form of a cross as their power crackled palpably in the entire area.

Although Jian Chen's main strength was still displayed through his sword, this has already exceeded the boundaries of source origins. This was a power only achievable when heavenheart mandates were fused into innate techniques.

Qin Wentian inclined his head, casting a glance at this heaven and earth. In an instant, everything here was submerged into his eyes. In the eye-technique world, Jian Chen's might penetrated his body, exploding it. However, all of this was merely illusory. In the real world, he still stood there completely uninjured.

Upon seeing this scene, Jian Chen frowned. What sort of ability was this?

Qin Wentian has cultivated for tens of years in the sacred academy and entered the various secret realms. How could he not have gained any insights? His strength was naturally higher compared to the time when he participated in the convention.

When he was cultivating in the sacred academy, he learned an extremely tyrannical secret art from within his tiny astral-being and fused his insights of cultivation with it. At the end, he integrated everything into his world heart and managed to create a brand new technique. He named this technique as the Heavenly Fate Eye.

The Heaven Fate World heart was his root. In the area generated by his world heart, he controls everything. So, he sealed the power of his world heart into his eyes, and by doing so, he could instantly use this power to negate the attacks of his enemy, absorbing them into his eye-technique world. How terrifying was this?

"You are not up to the mark." Qin Wentian calmly spoke and cast a single glance at Jian Chen. In an instant, Jian Chen only felt himself being submerged into Qin Wentian's eye-technique world. Countless law imprints manifested there and everything was in a state of stillness. At the end, even his movements were stilled, he couldn't move at all.

“Seeing that we are students of the same sacred academy, I shall spare you this time around. I won’t show mercy if there is a next time.” Qin Wentian spoke. After that, his silhouette flashed as he left the area. To him, Jian Chen wasn’t important. Although they were both experts on the Heavenly Dao Rankings, Qin Wentian wasn’t interested in that at all and he felt no desire to defeat the other experts on it.

His target was Heaven’s Son. Qin Dangtian was already a heavenly deity and was a supreme existence even among deities. Was there any meaning for Qin Wentian to be fixated on the Heavenly Dao Rankings?

And now, his goal in the world of reincarnation was to comprehend as many insights regarding the different laws as he could. After he returned to the outside world, he believed that all these insights he gained while in here, would still belong to him unless he lost his memories. But from the situation here in the world of reincarnation, that didn’t seem too possible.

After Qin Wentian left, he continued to roam the world of reincarnation as though he wanted to travel to all the places in this entire world completely. If he managed to comprehend the dao of heavenly deities, would he directly be able to break through after he left here?

After returning to the main city of the world of reincarnation, Reincarnation City, Qin Wentian was drinking wine in an inn. Beside him, many people were discussing about the major things in this world. Right now, many demon-level geniuses had sprung up in the world of reincarnation, all of them cultivating with unbelievable speed. There were so many geniuses that appeared in this era, could this be the herald of a new grand era?

Many people were speaking about the various extraordinary characters. There was someone who mentioned about Yue Changkong.

“Yue Changkong, a Moon God Hall’s disciple. He is simply like a reincarnated divine being and has comprehended a myriad of laws, cultivating all of them. Someone claimed that he would be able to reach the God Realm within a thousand years.”

“Indeed, he is too monstrous. I wonder how he cultivates.” Someone sighed. When Qin Wentian heard Yue Changkong’s name, he furrowed his brows slightly. Naturally it wasn’t because of jealousy. It was just that he felt this matter was strange. Given Yue Changkong’s talent, how could Yue Changkong manage to comprehend a myriad of laws?

Could it be that Yue Changkong was taking a short-cut?

“If you simply depend on yourself for comprehension, you will ultimately lag behind others.” A bewitching voice rang out in his mind at this moment. However, Qin Wentian ignored it as usual. No matter what was the path others chose to walk, he would still walk on his own path!

Chapter 1832: Evil Cultivator Yue Changkong

Qin Wentian was thinking that if Yue Changkong really took a short cut and cultivated the evil arts by those so-called divinities that were suppressed in this world, would he have a chance to enter the God Realm of this world? If that's the case, wouldn't that be unfair to others? If that's the case, many people would definitely choose to cultivate the evil arts. For those who could maintain their original hearts no matter the conditions, they would become the rare minority.

“This time, this Yue Changkong is organizing a gathering for the supreme experts of the various peak powers in the world. This will definitely be a grand event, I wonder how many people would show up.” Someone in the inn spoke. Qin Wentian frowned and stared at the person who spoke. “When is this gathering?”

“Not long ago, the Moon God Hall released news that they are planning to hold a gathering. Given Yue Changkong's current status in the Moon God Hall, even god-level experts would respect his opinion.” That person replied. Qin Wentian's eyes gleamed sharply, he naturally understood that the true people Yue Changkong wanted to gather were those from the Supreme Ancient Immortal Realms who entered this world of reincarnation.

This was the first time someone among them, the outsiders, issued an invitation for a gathering. Clearly, Yue Changkong was very confident. He believed that the current him was strong enough to become the main character of this world.

That year during the convention, Yue Changkong fooled everyone, using all unscrupulous methods just to enter the Ziwei Divine Court and proposed a marriage with the Donghuang Clan's Donghuang Ying. This person is extremely ambitious and has a despicable character. Although back then he was a disciple of the Sunmoon Sacred Mountain, he still felt that his status wasn't high enough and wanted to join the Ziwei Divine Court. In that case, in this world of reincarnation, he should truly be extremely confident and would even act more brazenly compared to the outside world. He actually wanted to organize a gathering.

Qin Wentian made more discreet inquiries and gradually understood that this gathering was set up by Yue Changkong and the Qin Clan. Now, for the dual-faction Qin Clan in the world of reincarnation, only a single faction of the Qin Clan remained.

“Yue Changkong and the Qin Clan, what do they want to do?” Qin Wentian silently speculated. The three experts from the Qin Clan from the other faction were actually also participating and standing together with Yue Changkong.

Given Yue Changkong and the statuses of the three Qin Clan’s experts, they didn’t have such rallying prowess. Among those who entered the world of reincarnation, Yue Changkong’s status can only be considered mediocre. And as for the three from the Qin Clan, although they were outstanding, their radiance was overshadowed by Qin Dangtian.

After Qin Wentian left the inn, he continued to make more inquiries and he soon learned that Yue Changkong and the Qin Clan was organizing this grand event because they wanted to deal with some people.

But who were these people they wanted to deal with?

This caused Qin Wentian to feel a chill in his heart. He guessed that this matter probably had something to do with him.

The genius of the Moon God Hall Yue Changkong, the three supreme geniuses of the Qin Clan, issued invitations for a gathering of all experts. The location was in the other faction of the Qin Clan that was destroyed during the internal warfare. Today, many experts have arrived and each was standing in different locations. All of these people were from the Supreme Ancient Immortal Realms because for those who heard news about the gathering, they all knew that they were the true people Yue Changkong and the Qin Clan wanted to gather.

Qin Wentian was within the crowd, with a disguised appearances. The Qin Clan’s experts wanted to kill him and Yue Changkong’s hatred for him seeped deep in his bones. Naturally, Qin Wentian would act more low-profile.

He saw many familiar figures and there were even more people who he didn’t recognize, yet he knew them from their reputations. Naturally, he also saw people like Goddess Nichang, Devilox, Luoshen Lei, etc. At this place, other than those who were from an impressive background, the other students of the sacred academy who didn’t have the backing of a peak power all didn’t appear.

Yue Changkong sat on the ground. His current demeanor was more extraordinary than ever and there was a mysterious layer covering his person, giving off an unfathomable feeling. Right now, he had his eyes closed in meditation.

“Today, we organized this gathering because firstly, it has been a long time since we last met. Secondly, there’s another reason. Everyone should be very clear of our objectives here. In that case, there are some people who enjoy an unfair advantage and might know of things we don’t. Hence, should we work together to eliminate those people first?”

The eyes of everyone flashed, how direct. Yue Changkong was undoubtedly referring to people who are students of the Heavenly Dao Sacred Academy. The legendary place belonged to the sacred academy after all. They suspected that the students of the academy might know of some things the others don’t and this was very disadvantages for them.

Everyone fell silent. In the Supreme Ancient Immortal Realms, Qin Dangtian from the Qin Clan humiliated the sacred academy and there was hatred between both parties. It wasn’t too good for them to participate. After all, the Heavenly Dao Sacred Academy can be considered a peak power of the Mystic Region. Naturally, they do also feel that it was possible for the students of the sacred academy to know some secrets which the others don’t.

“Don’t forget how it was possible for you guys to come in here.” Luoshen Lei calmly spoke. In the world of reincarnation, she was also born in the Luoshen Aristocrat Clan and was the young miss. However in this world of reincarnation, the Luoshen Clan didn’t have any relationship with the Qin Clan. After all, it was impossible for everything to be exactly the same as the real world.

“If it wasn’t for all the major powers gathering together and applying pressure, do you think the sacred academy would be so kind as to let all of us enter?” Yue Changkong opened his eyes as an icy light flashed within, staring at Luoshen Lei.

“Shut up, you don’t have the qualifications to talk to me.” Luoshen Lei cast a look of loathing at Yue Changkong. This person was extremely despicable and malicious. Now, in the world of reincarnation, he wanted to stir up another storm of blood? Wanting everyone to deal with the students of the sacred academy?

Yue Changkong narrowed his eyes as an evil smile appeared on his face, “No qualifications?”

Today was different from the past. This world wasn’t the Supreme Ancient Immortal Realms.

“Since Miss Luoshen put it like that, I really wish to seek your guidance.” Yue Changkong calmly spoke, his tone was cold.

“If you want to fight, I can accompany you.” An extremely glacial voice drifted over from the side. The person who spoke was none other than the World Overlord Lifeless. He also entered here together with the experts of the Luoshen Clan. His responsibility naturally was to protect Luoshen Lei.

“Sure.” Yue Changkong laughed sinisterly. After that, his body slowly floated forward. Despite facing the powerful hegemonic-level World Overlord Lifeless, he actually dared to accept the challenge.

“Grandpa Lifeless, you have to be careful of this man. He is extremely despicable, capable of using all underhanded methods.” Luoshen Lei transmitted her voice over. Lifeless nodded his head and with a flash of his silhouette, he soared up into the air. Yue Changkong smiled and followed after him. With a glance, the light from the Ziwei Constellation flooded the area, enveloping the space between them, isolating the spectators from the combatants, blocking their vision. Everyone only felt a startling emperor’s will that was unblockable.

Everyone frowned, their senses actually couldn’t penetrate the region of Ziwei light, they were not able to see the battle within. Very swiftly, fearsome roars of rage rang out. The heavens and earth shuddered as deafening explosion noises thundered like the sky was going to explode. Fearsome energy waves rocked the area.

“What is going on?” The eyes of everyone gleamed sharply, wanting to see the details of the battle but they were not able to do so. A hint of worry involuntarily flashed through Luoshen Lei’s eyes. After that, a pitiful scream rang out. Instantly, Luoshen Lei felt chills in her heart, “Grandpa Lifeless!”

The constellation light faded away, it was like light from the starry skies, extremely beautiful. In the air, Yue Changkong stood there exuding a sense of magnificence. He then slowly floated down. As for Lifeless, he has already disappeared completely.

This scene caused many to narrow their eyes as they stared at Yue Changkong.

This world overlord named Lifeless under the Skyorder Heavenly Deity was someone extremely famous and was an immensely powerful hegemonic-level world overlord. He was actually killed so easily by Yue Changkong? Not only that, these people also discovered a detail. Back then, there

were four from the Ziwei Divine Court who entered the world of reincarnation. But now, why was only Yue Changkong here?

Yue Changkong's martial uncle and the two rankers on the Heavenly Dao Rankings seemed to have all vanished. Where were they?

"Now, am I qualified?" Yue Changkong laughed as he looked at Luoshen Lei. Luoshen Lei's eyes instantly reddened, she glared at Yue Changkong. How could this be. This despicable man Yue Changkong, was dominated by her elder brother earlier and was brought away by the Ziwei Divine Court. She initially thought that Yue Changkong would die for sure. However, he didn't die and actually became so powerful after entering this world of reincarnation?

Earlier during combat, Yue Changkong sealed the entire space from the senses and sight of everyone. Was he hiding something?

Could it be that Yue Changkong has cultivated an evil art?

Among the crowd, the expression of the disguised Qin Wentian turned cold. He clenched his fists tightly, Yue Changkong was actually already so powerful?

Could it be that those bewitching voices that kept speaking to him were really able to make someone so powerful through the cultivation arts they offered to teach?

"What cultivation art did you cultivate in?" At this moment, someone directly asked, not bothering about the fact that this was taboo. The person who spoke was an expert from the Great Devil Divine Palace. The devil might around him crackled fiercely and he exuded an imposing aura. He was also a ranker on the Heavenly Dao Ranking, this Gu Ting of the Great Devil Divine Palace. Undoubtedly, his strength was one of the strongest among the other rankers on the Heavenly Dao Rankings.

He knew that Yue Changkong was someone who fooled the world in the convention. Today, this Yue Changkong actually could kill Lifeless, a trusted aide to the Skyorder Heavenly Deity. This matter was definitely bizarre.

"How can I casually reveal my cultivation secrets to you?" Yue Changkong calmly stared at Gu Ting, with no fear at all. The him now in the world of reincarnation, truly had the qualifications and strength to speak equally with these people. There was no need for him to lower himself and act

humbly. Gu Ting, a powerful expert from the Great Devil Divine Palace used to be someone he had to look up to. But now, there was no need for him to do so.

Gu Ting's expression turned to ice, staring at Yue Changkong. He only saw Yue Changkong staring directly at him. "If you want to spar with me, I don't mind."

"Alright, don't forget our purpose here today." At this moment, a world overlord from the Qin Clan interrupted them. They were from the Qin Clan and actually looked down on Yue Changkong before this. But now, their gazes towards Yue Changkong were different.

This man even dared to challenge Gu Ting. Seems like Yue Changkong was truly extremely confident in himself.

Chapter 1833: True Natures

Gu Ting stared at the experts of the Qin Clan before turning to glance at Yue Changkong. He didn't intend to give up like this and he continued to ask, "We will discuss that matter in the future. I still have a question. Yue Changkong, where are your sect members?"

Yue Changkong narrowed his eyes, staring at Gu Ting. It felt like Gu Ting wasn't willing to leave the matter at that.

"My senior brothers and martial uncle lost their lives in a secret realm. Do I have to report this to you?" Yue Changkong coldly replied.

"Lost their lives in a secret realm?" The devil might around Gu Ting churned wildly. "I'm afraid things are not so simple, right? Everyone is very clear in your hearts why we came here. If someone abandoned his original heart and took shortcuts, influencing others, we naturally have to be clear of this. After all, I have no wish to lose my life while 'adventuring' inside a secret realm."

The Great Devil Divine Palace was also a hegemonic power in the Mystic Region, their status was equal to the Ziwei Divine Court. They can be considered as knowing some details about Yue Changkong's matter. Although this person's talent wasn't bad, and maybe if the Qingcheng Realmlord didn't appear, he might be extremely dazzling to the point where he might even become a ranker on the Heavenly Dao Rankings, Gu Ting still didn't believe that Yue Changkong could kill Lifeless so easily after they entered the world of reincarnation.

In that case, there was only one possibility.

The eyes of many experts here gleamed with sharpness. Gu Ting's eyes had a penetrating look in them as devil intent coalesced around him. He swept his gaze towards everyone and when he saw many people remaining silent, he couldn't help but coldly continue, "For those present here today, how many of you have already betrayed your original hearts and accepted the deals with those evil existences?"

The space was silent, but those who came from the Supreme Ancient Immortal Realms naturally understood what Gu Ting was talking about. As for those people who originated from the world of reincarnation, they didn't understand at all. They only felt that the words of these people seemed to be covered in a layer of mystery.

Could it be the death of Yue Changkong's sect members had something to do with him?

"Betray one's original heart?" At this moment, a voice rang out. Gu Ting and the others turned their gazes over only to see that the speaker was a buddhist cultivator from the Western Paradise of the Supreme Ancient Immortal Realms. He was the junior apprentice brother of Seven Abstinences. Right now, his palms were pressed together as he spoke, "My senior brother Seven Abstinences is currently heading to the Western Paradise in this world to seek the dao. He went there with his original body, untransformed by cultivation. That, is his original heart. And now, even if all of you wish to cultivate the evil arts, what's wrong with it? That would simply be your original heart. So, why is there talk about betrayal? One's original heart would show themselves under unique circumstances."

"Reverend's opinion is wise." Gu Ting nodded. The monk's words were right. If someone really chose to cultivate those evil arts, one could only say that they made the choice willingly and that was their original heart. In the Supreme Ancient Immortal Realms, their natures might not have been revealed. But in here, their true natures have been shown.

The legendary place, this tempering exercise in the world of reincarnation, was the purpose to allow them to see themselves clearly and find their true selves?

"If one's heart is inclined to buddha, he will naturally become a buddha. If one's heart is inclined towards the devil, he will naturally become a devil. To be a buddha or a devil, it just takes a single thought." The monk slowly spoke.

“Since this is the case, what does Reverend suggest we do to deal with this?” Gu Ting asked. In the crowd, clearly it wasn’t simply only Yue Changkong who has fallen so low. There should be several others hidden among the crowd, not revealing themselves. No one would be willing to expose themselves. Only Yue Changkong did so, wanting to display his newfound powers after gaining in strength.

“This is basically an unsolvable quandary. Everyone, whether would you be able to guard your original hearts or would your original hearts be invaded by evil, that would have to depend on yourselves.” The reverend shook his head and sigh. The eyes of some people flashed. This was truly a difficult problem.

All of them had cultivated to the world overlord realm, whose will and state of heart wouldn’t be tough? They all have their paths they wished to walk and wouldn’t change that easily. Making a deal with the evil spirits that could allow them to grow stronger at the cost of losing their true self? This wasn’t a dao they wanted to pursue. What if they went astray and cannot return? What should they do then?

However, if they don’t cultivate and if Yue Changkong has already cultivated, wouldn’t that mean that in the future when they contend against Yue Changkong, their fates would probably be like World Overlord Lifeless, dying without a whole body. Also, for Yue Changkong’s sect members, there were two of them who were rankers on the Heavenly Dao Rankings yet they vanished like this. Everyone could faintly guess that they most probably must have already died to Yue Changkong.

This disciple of the Ziwei Divine Court who once fooled the world by faking that he was the godking of time’s successor, was truly despicable to the extreme. To achieve his goals, he could do anything.

Hence, to everyone, to cultivate the evil arts or not was truly a very difficult question.

“Yue Changkong, you’ve cultivated the evil arts. Are you not afraid your dao heart would become unstable and you will be counter-devoured by the evil spirits instead?” Luoshen Lei’s eyes were red, as she stared at Yue Changkong. During the convention, this person was already extremely despicable. She has always looked down on him. But now, this despicable character actually killed her Grandpa Lifeless. This was something she couldn’t accept.

Yue Changkong continued sitting there, quietly listening to everyone. After that, an extremely icy smile appeared on his face.

How would he not have considered this? However, he knew that if he just depended on his own to cultivate, he could only endure the suppression by his martial uncle and two senior brothers. In the Ziwei Divine Court, he was living a life of shame and humiliation. When he first came here, he was forced to become a beggar. At that time when the bewitching voices rang out in his mind, he didn't hesitate to accept and cultivate an evil art. For the sake of strength, for the sake of changing everything, even if he embarked on a path of no redemption, he didn't give a damn. He was no longer the past Yue Changkong. He wanted to be lofty and high up just like before. Luoshen Lei looked down on him and viewed him with disdain? What about now? Most probably, she regretted that, right?

“For matters of cultivation, that would depend on the individual's choice. Let's not mention it again. Today, our topic would still be how should we deal with that group of people.” From the Chaos Region, an expert from a peak power spoke. His aura was transcendent and his voice was calm, causing many to cast a deep glance at him.

Gu Ting's eyes turned cold. He also knew that it was impossible to continue and pursue this matter. Among the people here, Yue Changkong definitely wasn't the only one who chose to cultivate the evil arts.

“I've captured a person there and despite my questions, he didn't reply. Hence, I killed him.” Yue Changkong calmly spoke as though he was speaking of an insignificant matter. Qin Wentian's eyes flashed with killing intent. Yue Changkong actually brazenly kidnapped and killed students of the Heavenly Dao Sacred Academy?

“To make things clear first, this matter has nothing to do with me.” Devilox directly spoke. He didn't want to be targeted.

“You basically cannot be considered part of this. With your status, it's possible that you know nothing. This is very normal.” Someone faintly remarked. Devilox was a supreme character from the Divine Ox Clan of the Desolate Region. Hence, even if the Heavenly Dao Sacred Academy knew the secret of the world of reincarnation, they wouldn't reveal it to him.

Naturally, since Devilox has expressed his stance, if they could choose not to offend him, they naturally wouldn't do so.

“Today, the purpose of the gathering is to mainly discuss about this. Next, we should use all methods we can to find the rest of the students from the sacred academy. What do you all think?” An expert from the Qin Clan spoke. As he spoke, his gaze unconsciously drifted towards Goddess

Nichang. She was so beautiful, stunningly beautiful, causing him to be unable to be calm. He wanted nothing more than to press her down beneath him at this instant.

Also for that young miss of the Luoshen Clan, she was also extremely beautiful. Although her beauty was inferior to Goddess Nichang, Luoshen Lei can also be considered a rare peak-level beauty whose appearance would cause the moon to shy away and the flowers to feel shame. If he could obtain them both, how beautiful would things be? In addition, in the Supreme Ancient Immortal Realms, the Luoshen Clan and Qin Clan had a grudge between them.

When he thought of this, lust built in his heart and a mysterious energy began to circulate in his body.

“I naturally agree.” Yue Changkong took the lead to express his stance. In the world of reincarnation, the person he wanted to meet with most was naturally none other than the Qingcheng Realmlord, a disciple of the Heavenly Dao Sacred Academy. All the sufferings he had endured was brought to him by Qin Wentian. He wanted to repay Qin Wentian back with added interest.

“If anyone receives any inside news about this, don’t forget to share it with the rest of us.” A genius from a supremely strong power from the Heaven Region spoke. The people here all had different schemes. If those core students of the Heavenly Dao Sacred Academy really knew about the secret of this world, after they forced out the truth, it would undoubtedly be extremely beneficial to their cultivation.

“That’s only natural.” Yue Changkong calmly spoke. However, this was clearly feigning civility. If someone learned of the secret of this world, who would be willing to reveal it to the others?

“At our gathering today, I initially wanted to invite everyone to have a spar to test our strengths. But now, I think everyone is no longer keen on that. Let’s talk again in the future then.” Yue Changkong continued. Right now, the hearts of everyone were filled with wariness. Even Yue Changkong’s martial uncle and senior brothers were killed. Anyone here could be an evil cultivator.

“Since this is the case, does everyone want to go and enjoy a banquet in the Qin Clan?” An expert from the Qin Clan spoke.

“No need.” Gu Ting calmly spoke. After that, he turned and left directly, “Farewell.”

After that, the group of experts from the Great Devil Divine Palace directly left.

They have been in this world for many years and everyone was clear of the situation here. Now that everyone has met with each other, it was already enough. There was no need to put on pretense and share a banquet together.

The various experts left one after the other. One of the Qin Clan's experts walked towards Goddess Nichang and spoke, "Fairy Nichang, why don't you come back with me to the Qin Clan for a meal?"

"No need." Goddess Nichang calmly spoke.

"Uncle Qu would often stay in the Qin Clan's manor as a guest. I treat Fairy Nichang as my kin, why is there a need to act so restrained?" That Qin Clan's expert smiled. Qu Nichang coldly glanced at the person. If this was in the Supreme Ancient Immortal Realms, the world overlords of the Qin Clan definitely wouldn't dare to speak with her in this manner because of Heaven's Son Qin Dingtian's existence. But in this place, these people of the Qin Clan seemed to be much bolder.

In addition, there was an invasive expression in the eyes of this person, burning with a fiery heat as though he had succumbed to evil.

Goddess Nichang faintly guessed at something. She merely cast another glance coldly at him and directly turned to leave.

Upon seeing this, the world overlords of the Qin Clan coldly smiled as lust flashed in their eyes. It was like their natures have been completely revealed in this world. This was then their true natures.

Chapter 1834: The Gods make mad those whom they want to destroy

Qin Wentian was in the crowd, observing everything that happened. The Heavenly Dao Sacred Academy allowed everyone to enter the legendary place but these people didn't know gratitude, they even wanted to abduct the students of the sacred academy and force out the secrets of this world of reincarnation from them.

But in truth, Qin Wentian knew that the heavenly deities of the sacred academy only warned them to guard their original hearts. Even the deities have no idea about the secrets of this world of reincarnation.

Staring at Yue Changkong, Qin Wentian felt an intense desire to kill in his heart. Sadly, in the world of reincarnation, it seemed that he wouldn't be able to kill Yue Changkong. Yue Changkong cultivated an evil art, allowing his strength to rapidly transform. Even an immensely powerful world overlord like Lifeless was easily killed by him.

Also there were those three from the Qin Clan. If Qin Wentian wanted revenge, it seemed that he still had to wait, wait until he became stronger.

His gaze slowly turned around, staring in the direction of Luoshen Lei. Seeing the redness in her eyes, he felt somewhat unbearable in his heart. The death of Lifeless was connected to her, most probably, Lei'er's heart would surely be in extreme agony, right?

However, he didn't went over to disturb her. After hearing the words spoken by Gu Ting and the Reverend, his thinking towards the world of reincarnation has changed. Maybe in this world, everyone would have to face their own situation and from there, understand the truth about themselves. He can only hope that Lei'er would be able to get through this and allow her will to grow stronger.

Of the Luoshen Clan, other than Lifeless, there were still four other experts. These were all supreme world overlords from the Luoshen Clan. In addition, every one of them were of the direct line of descent and were core characters. They were all surnamed Luoshen.

"Lei, let's return. In the future, we will still have a chance to seek revenge." Luoshen Feng has a very good relationship with Luoshen Lei. He was an elder cousin of hers and just sent a voice transmission to console her.

Luoshen Lei clenched her fists tightly, she bit her lips when she thought of how her Grandpa Lifeless died. After that, she turned and walked away.

"In the future if there's a chance to, I will pay a visit to the Luoshen Clan." Yue Changkong calmly spoke when he saw Luoshen Lei's group departing. His tone was filled with a provocative hint. Since Qin Wentian was hiding and refused to come out, Yue Changkong decided he would first deal with the Luoshen Clan. After all back then in the convention, Luoshen Lei did participate in this as well. All of them have to pay a price.

The four experts from the Luoshen Clan left. Luoshen Lei and Luoshen Feng walked together while the other two walked together. One of them coldly stared at Luoshen Lei. “Now, you’ve caused World Overlord Lifeless to die. Are you happy now?”

“When mocking others to be unqualified, can you first estimate your own strength? Now, we have a very powerful enemy because of your actions.” The other person spoke, his tone was extremely unfriendly.

Clearly, their relationship with Luoshen Lei wasn’t that great.

Luoshen Lei’s gaze turned icy, staring at the two who spoke. It was true that their relationship wasn’t that good. Just like what she once said to Qin Wentian, the Luoshen Clan now was not very united. Her grandfather didn’t have complete authority any longer. This was especially so after her father was crippled. Many things were changing. Luoshen Feng’s elder was very close with her faction but as for the other two, their elders were those who wanted to seize the authority to lead the Luoshen Clan.

“What sort of character is Yue Changkong? I believe you all should also know about it. It’s true that he originally had no qualifications to speak to us of the Luoshen Clan. It’s just that in this world, he gave in and cultivated an evil art, rapidly gaining in strength and killing Lifeless. Right now, the two of you actually want to blame Lei? What logic is this?” Luoshen Feng coldly spoke.

“The fruits of one’s own karma. Did we say anything wrong?” A person coldly replied. “It is because of Luoshen Lei that Lifeless died. This is a fact. Now that you have created this trouble, settle it yourself in the future.”

“Ridiculous. We are from the Luoshen Clan, yet you guys are actually so fearful and felt threatened by Yue Changkong.” Luoshen Feng coldly spoke.

“This is not fear. But to us, this is just unnecessary trouble. Since you guys love to stir up trouble, handle it yourself.” The two of them hastened their speed and walked away, leaving behind Luoshen Feng who had an expression of anger, as well as Luoshen Lei who had an icy look on her face.

“Lei, ignore them. Yue Changkong’s character is evil by nature. Even if you didn’t speak, he would still have found an excuse to act against you. Grandpa Lifeless would also give his life to protect you, the ending would be the same. What you have to do now is to grow stronger and take good care of yourself. Only then would we be able to face up to the fact that Grandpa Lifeless sacrificed his life.” Luoshen Feng was much older than Luoshen Lei, and has always treated her as a younger sister.

“There’s no need to persuade me. Grandpa Lifeless did die because of me.” Luoshen Lei’s voice was cold, filled with agony. She would remember this and engrave it deep in her heart.

After this gathering, Yue Changkong and the three experts of the Qin Clan seemed to be very close to each other and were in cahoots. Under their influence, the Moon God Hall and Qin Clan of this world decided to ally together.

After a period of calmness, another wave of commotion finally manifested. This time, this incident happened within the Qin Clan.

Qu Shen and his daughter Goddess Nichang, when they were staying at the Qin Clan as guests, Goddess Nichang heavily injured a genius world overlord of the Qin Clan. This matter caused the Qin Clan to be completely enraged, wanting to capture Goddess Nichang. However, how could Qu Shen agree? He instantly fell out with the Qin Clan as a terrifying god-level battle ensued. Qu Shen died in the battle but before his death, he managed to send Nichang out. From then on, Goddess Nichang became somebody on the Qin Clan’s wanted list.

Naturally, the upper echelons of the Qin Clan stated that Nichang had to be captured alive, not dead.

This matter caused a major commotion in the world of reincarnation and those experts from the Supreme Ancient Immortal Realms all felt that this was extremely strange. In the real world, the Qin Clan and Qu Clan had a very good relationship. Goddess Nichang had even went with Heaven’s Son to the Heavenly Dao Sacred Academy to pay a visit. Clearly, their connection was extraordinary. Why would Goddess Nichang heavily injure someone from the Qin Clan?

There were many questionable points about this worth pondering.

The experts from the Qin Clan of the Heaven Region, did something happen between them and Goddess Nichang?

In the Qin Clan of the world of reincarnation, many people didn’t know about this. The three world overlords from the Qin Clan was extremely lascivious in this world. There would frequently be beauties being sent to them and the beauties would all need to possess high talent and good looks. After these beauties were sent to the Qin Clan, all their fates became unknown. Naturally, there was also no one who could interfere in the matters of the Qin Clan.

The people from the Supreme Ancient Immortal Realms were thinking that the number one beauty of the Heaven Region Goddess Nichang had actually become a fugitive here in the world of reincarnation? If Heaven's Son in the outside world knew about this, what would happen?

After the Reverend from before heard about this, he could only sigh. The Gods make mad those whom they want to destroy.

The commotion of this incident has yet to be concluded and another major event happened in the world of reincarnation. The Qin Clan sent a marriage proposal to the Luoshen Clan in this world, wanting Luoshen Lei to be married into the Qin Clan. The Luoshen Clan naturally refused. The Qin Clan felt a loss of face and banded together with the Moon God Hall to apply pressure to the Luoshen Clan, causing a storm to brew

In the world of reincarnation, regardless of Yue Changkong or the three world overlords from the Qin Clan, they all had extremely high authorities in their respective powers now and could influence the upper echelons. Such authority came from their intense desire and ambitions.

The Luoshen Clan endured the heavy pressure. At this moment, the other two supreme world overlords from the Luoshen Clan felt that they should hand Luoshen Lei over. There was no problem for her to marry into the Qin Clan as both their statuses were compatible.

Under the pressure from outside and suggestions from the inside, the upper echelons wavered. Luoshen Lei was pushed up a path not of her own choosing.

But at this moment, Luoshen Lei vanished, she left the Luoshen Clan. After the death of Grandpa Lifeless, she encountered the betrayal of her own clan members who were forcing her to be married. The Luoshen Clan searched everywhere for her and finally, after quite a few years later, the two supreme world overlords from the Luoshen Clan found Luoshen Lei on a desolate mountain range.

“You have been hiding for so long, so it turned out that you have been hiding here in the Demon Beast Mountain Range.” The two of them stared at Luoshen Lei. Right now, Luoshen Lei sat in a cross-legged posture and was dressed in black. Her expression was ice-cold, but did nothing to mar her breathtaking beauty. Despite her transcendent beauty, there was a coldness that could be felt from her aura that would cause chills in the hearts of people.

“Back then, didn't your aunt also want to marry someone from the Qin Clan? That led to misfortune for our Luoshen Clan and your father's cultivation was also crippled because of that. Now, you will be following in your aunt's footsteps in the world of reincarnation. Isn't that good?” One of the world overlords mocked, bringing up past matters.

“Luoshen Lei, you are not a match for us. Since we are from the same clan, we don’t wish to act. Just follow us back obediently.” Another person spoke.

“Our Luoshen Clan is now in a very precarious state, amidst the heavy rain and wind yet you guys actually wish to seize power and authority, exacerbating internal warfare. Since that’s the case, Luoshen Lei can only be unfilial and cause our Luoshen Clan to sustain losses. Even if this is a path with no reprieve, leading to condemnation, I will bear this on my own.” Luoshen Lei coldly spoke. Her eyes opened, and in an instant, a terrifying aura enveloped the entire space here. An ocean of blood manifested around her and the her now was so demonically beautiful that it struck fear in the hearts of the two world overlords.

This entire world became a world of blood.

The expressions of the two changed. They stared at Luoshen Lei as fear filled their faces.

“You actually cultivated in an evil art!”

“Luoshen Lei, have you gone mad? This method will definitely lead to a counter-devour. You actually followed Yue Changkong’s example? Even if you manage to escape the fate of marrying into the Qin Clan, so what? After becoming a heretic devil, even if we exit this place, do you even have the face to return to the Luoshen Clan?”

“I said it earlier. Even if this path leads to one of eternal damnation, I will endure it on my own.” Luoshen Lei’s expression was icy to the extreme. In the bloody world, countless blood devils appeared, formed from the power of a curse, as they rushed towards the two world overlords, wanting to devour them.

These blood devils were transformed from demonic beasts. During these years Luoshen Lei spent in the Demon Beast Mountain Range, what had she experienced?

The two of them could feel the terrifying energies contained within the bloody devils. They felt boundless terror and regret for forcing Luoshen Lei up this path!

Chapter 1835: Sinking Deeper and Deeper

The two genius world overlords of the Luoshen Clan vanished. It was rumored that they disappeared when they tried to capture Luoshen Lei. Now, Luoshen Lei's location was still a mystery. The matter about the marriage proposal could only come to an end. However, this news still created quite a huge commotion. How could two supreme world overlords disappear for no reason? Clearly, they must have lost their lives.

Although Luoshen Lei has also entered the world of reincarnation, in truth, her cultivation base was one of the weakest. Back in the Supreme Ancient Immortal Realms, there was no way she could kill the two other supreme world overlords from the Luoshen Clan. It should be the same here as well unless some transformations happened to her.

For those who were from the Supreme Ancient Immortal Realms, they all paid close attention to the experts from the other powers. Right now, they were already completely familiarized with this world of reincarnation. No commotion could escape their eyes and ears.

Luoshen Lei vanished, Goddess Nichang also vanished. Also, the students of the sacred academy didn't dare to show themselves, as though they were aware that the others from the Supreme Ancient Immortal Realms are hunting them.

Everyone was leading their lives respectively in the world of reincarnation. Their backgrounds might be similar to that of the real world but the trajectory of their lives might be completely different.

Time unconsciously flowed, in the blink of an eye, tens of years passed by again in the world of reincarnation. Everything felt like a dream, for those experts from the Supreme Ancient Immortal Realms, they seemed to have completely replaced various characters in the world of reincarnation. The experiences of several tens of years was sufficient to cause the character of a person to change due to the environment. Now, many people felt that this world of reincarnation seemed to be the real world instead.

However, the amount of time that passed wasn't a lot for the outside world. In the Heavenly Dao Sacred Academy, the experts from the various powers were still there. Those heavenly deities have not left yet and were waiting for news from the people they sent into the legendary place. However, everyone seemed to have lost contact, even messaging crystals were useless. When they sent their messages through the crystals, no one replied to them at all. If it wasn't for the fact that they knew those people have entered the legendary place, everyone would surely believe that those people have died.

The world of reincarnation was actually so powerful that it could even isolate messages from the outside world.

“What sort of location is the legendary place exactly?” At this moment, Heaven’s Son Qin Dangtian had a sharp look in his eyes as he stared at the Lifegovern Heavenly Deity of the sacred academy.

“I’ve already said it before. We have never entered the legendary place, why must you keep asking? If you want to enter, I won’t stop you.” The Lifegovern Heavenly Deity maintained his previous attitude and spoke coldly. Qin Dangtian’s countenance turned sharp, staring at him. That day, he initially wanted to enter. However, the entrance of the legendary place was permeated with a dao-destroying might, wanting to wipe his dao away. This was something the prideful him could not accept. Who dared to steal his cultivation away? Even if he knew it was illusory, he would not permit this to happen.

The various heavenly deities could only wait here, they also had no idea what their disciples and members were experiencing. However, even they who were deities, had no way to imagine what the others who went into the world of reincarnation were experiencing.

For example, Heaven’s Son Qin Dangtian, he definitely wouldn’t want to see someone from the Qin Clan having designs on Goddess Nichang let alone acting against her.

The heavenly deity of the Luoshen Clan also had no way to imagine what the geniuses of the Luoshen Clan were experiencing inside there.

...

In the world of reincarnation, today in the Moon God Hall, Yue Changkong invited the three geniuses of the Qin Clan over. Between them, they had already formed an alliance and they even knew what evil arts each of them had cultivated. Hence, they decided to ally together.

“During these years, the world of reincarnation seems to be pretty calm, does anyone have any opinions? Have you all found Goddess Nichang?” Yue Changkong smiled, staring at the three people from the Qin Clan. These three even dared to covet the Heaven’s Son’s woman, how audacious. Most probably in the Qin Clan, although they were very respectful to Qin Dangtian on the surface, they long wanted to rebel in their hearts. Nobody would want to live under the radiance of another forever.

With Qin Dingtian there, the people of the world would only think of Heaven's Son when they spoke about the Qin Clan. It would never be their turn.

With Qin Dingtian around, nobody could doubt his authority in the Qin Clan and everyone would obey. They were the same as well. Qin Dingtian could casually berate them or do anything he wanted to them and no one would bat an eye. In truth, Qin Dingtian was already a heavenly deity and by right, there is nothing wrong in them listening to the commands of a heavenly deity, it was something very normal. However, Qin Dingtian wasn't born a deity. In fact, when the three of them were famous, Qin Dingtian wasn't even born yet.

When Qin Dingtian was very young, he was already extremely domineering in the Qin Clan and no one dared to antagonize him. He had nothing in his eyes, only feeling disregard for them. He even once pointed to their faces and told everyone in the Qin Clan that they would all be defeated by him in the future. Years later, Qin Dingtian's words did come true. He simply surpassed them by too much.

"No." An expert from the Qin Clan had a cold look on his face as he replied, his tone filled with unhappiness. When they thought about Goddess Nichang's beauty, their hearts would be filled with a flaming desire. That was a woman even Qin Dingtian has not touched before. If they could have her... everytime they thought about this, a spark of joy would appear in their hearts.

As for the consequences, they no longer thought about it. Or more accurately, they weren't even aware because their hearts have already sank into mara, corrupted by the evil spirits. Just like what the reverend from before has spoken, the gods would make mad those who they wanted to destroy.

"Haha, in this world of reincarnation, there are plenty of outstanding beauties, all of you can enjoy yourselves to the fullest. Sadly, that year ago, Luoshen Lei managed to escape. If not..." Yue Changkong laughed when he spoke of this. A fiery heat appeared in the eyes of the Qin Clan's experts.

"We came here today because we wish to discuss about a matter with Brother Changkong." One of them spoke. Yue Changkong's eyes flashed, staring at the other party. "Brother Qin, please feel free to speak."

"For those who entered the world of reincarnation this time around, the Nine Heavens Mystic Palace is among them." The eyes of the Qin Clan's expert gleamed sharply. This caused a bright light to flash in Yue Changkong's eyes before he laughed uproariously.

Nine Heavens Mystic Palace, a peak power in the Heaven Region, the palace lordess of each generation had the title of 'Nine Heavens Mystical Maiden' and was known as the number one beauty in all of the nine heavens. Right now, these people from the Qin Clan actually had designs on the palace lordess? Truly audacious indeed.

However, it's true that it didn't matter if they have one more enemy. They even dared to act against Goddess Nichang. Why would they not dare to act against the Nine Heavens Mystical Maiden?

"Brother Qin, have you thought it over? If we join hands and act against these people from the peak powers of the Supreme Ancient Immortal Realms, the others would surely notice this. They have been keeping close tabs on us." Yue Changkong wasn't stupid. The people from the Supreme Ancient Immortal Realms were all very wary of each other. This was extremely so because no one knew who had cultivated the evil arts in the world of reincarnation. Hence, no one dared to belittle their opponents.

During these years, Yue Changkong did many things. Many experts became nutrients for him, but he still didn't dare to feel that he would definitely be the number one expert among those who came from the Supreme Ancient Immortal Realms. Unless he was the first to break through to the God Realm, or he wouldn't feel enough confidence. After all, some of these people had far deeper foundations and had hidden in the shadows even more deeply than him.

"Brother Changkong should also understand that everyone else from the Supreme Ancient Immortal Realms are all our opponents. If we don't act against them, there would be others acting against us sooner or later." An expert from the Qin Clan spoke. This world of reincarnation was the legendary place of the Heavenly Dao Sacred Academy. Even now, they still couldn't solve the riddle that was this world of reincarnation. In that case, maybe they had to defeat everyone else before they could find the truth.

"We can find more people to join our alliance." Another expert from the Qin Clan spoke. This caused Yue Changkong's eyes to flash, this was a good idea. They should gather more people and pool their strengths to deal with others.

"Brother Qin, who do you want to look for to become our alliance's partner?" Yue Changkong asked. "The Qiankun Sect? Che Clan? Five Elements Sect? Or Thunder Clan?"

These powers mentioned by him were all peak powers of the Supreme Ancient Immortal Realms. The Qiankun Sect was like the Qin Clan, located in the Heaven Region and their sect leader was known as the Universe King.

Che Clan, Five Elements Sect and Thunder Clan. All these were peak powers within the eight great regions of the Supreme Ancient Immortal Realms.

The Che Clan was known as the number one artificer clan in the whole of Supreme Ancient Immortal Realms.

The Five Elements Sect control the five elements of heavens and earth and evolved each to the extreme, possessing boundless power.

The Thunder Clan can control the thunder punishment laws of the heavens and have unfathomably tyrannical attacking methods.

“We have to consider this carefully.” An expert from the Qin Clan spoke. Yue Changkong nodded. “Right, we can’t be impulsive. We have to plan for all possibilities.”

The few of them continued to discuss while their hearts continued to sink into mara. In truth, Yue Changkong also already discovered that he was deep in the clutches of the evil spirits now. However, he didn’t give a damn. He wanted to be powerful, he was willing to pay the price no matter how heavy it is.

.....

As for Qin Wentian, he just arrived at a desolate mountain range.

During these years, he had been busy cultivating. Other than cultivating, he was also searching for Luoshen Lei’s location. After knowing about the marriage proposal from the Qin Clan as well as the news that Luoshen Lei went missing, Qin Wentian has been extremely worried. This was especially so after it was rumored that Luoshen Lei might have killed the two powerful world overlords from the Luoshen Clan. The worry in his heart grew even stronger after he heard that. Hence, other than cultivating, he used all his spare time to search for her.

Right now, he already found some faint clues. The mountain range he was on now, had traces of Luoshen Lei’s existence.

The him right now stood on a mountain peak. Peering below, he could see an ocean of blood dying the place below him red. What a shocking sight. Qin Wentian’s heart started to tremble.

“Lei`er.” Qin Wentian mumbled. “Where are you now exactly? What have you experienced? Why did you choose this path?”

He understood that Luoshen Lei has most probably embarked on a path similar to Yue Changkong’s.

“Do you still not understand?” In his mind, a bewitching sound rang out. “In the world of reincarnation, everyone of you would ultimately turn to this path because there’s no choice at all. If not, just based on your own insights and comprehension, your cultivation speed is fated to be slower than those people forever. Now, there’s still time if you cultivate my art. If it’s any later, you would truly be on a path of no redemption.”

“Scram!” Qin Wentian roared in anger, his expression was like ice. Every time his state of heart fluctuated, an evil spirit would appear and try to bewitch him. Right now, he loathed them more and more. Most probably, it was these evil spirits that bewitched Lei`er, causing her to set foot on this forbidden path!

Chapter 1836: Lin Xiao and the Mystical Maiden

In the world of reincarnation, all the experts focused on their cultivation. Many years passed by, in fact, everyone had no idea what level the others reached. But those from the Supreme Ancient Immortal Realms all had very good talent in cultivation, this was the reason why they were sent to the world of reincarnation. Undoubtedly, their growth would surely be extremely frightening.

Finally, a battle broke the stillness of the situation.

In an ancient city of the world of reincarnation, Yue Changkong and the world overlords of the Qin Clan, made a move against the Mystical Maiden from the Nine Heavens Mystic Palace. It was rumored that Goddess Nichang also appeared there. Other than that, the Qin Clan and Yue Changkong, also joined forces with a supreme character. This supreme character was from the Prison God Clan, it was a peak power from the Eternity Region.

Both the Mystical Maiden and Goddess Nichang were captured. But luckily, experts from the Qiankun Sect were there, including their supreme character Lin Xiao. Lin Xiao was interested in the Mystical Maiden of this generation and naturally would act to help her. A shocking battle erupted between both sides and Yue Changkong’s group actually failed to achieve their aim. This news

instantly attracted the attention of everyone in the world of reincarnation who came from the Supreme Ancient Immortal Realms.

At this moment, experts from all locations were all rushing towards that ancient city.

After that, the various experts from all locations started to rush towards that ancient city.

Yue Changkong and the experts from the Qin Clan were so brazen now? Even daring to act against the Mystical Maiden from the Nine Heavens Mystic Palace? What did they want to do exactly?

For someone to be the Mystical Maiden of this generation, it naturally meant that she would be the Nine Heavens Mystic Palace's future successor. Has Yue Changkong gone crazy or was it the Qin Clan's experts who had gone crazy?

This battle caused a chain reaction. The powers they were from started to pay attention but seemed to be in silent agreement not to interfere, allowing these elites of their respective clans and sects to fight between themselves.

Very soon, news circulated that someone saw Luoshen Lei. Her entire person had changed and she was currently heading towards that ancient city. Many people said that she was going there for revenge, her target was none other than Yue Changkong.

When Qin Wentian heard of Luoshen Lei's plans, he didn't hesitate and also made his way towards the ancient city. He definitely didn't want anything to happen to Luoshen Lei. Although right now Luoshen Lei might have transformed, her original cultivation base was already not a match for Yue Changkong back then. Also, the period of time where Yue Changkong has cultivated the evil art for was also longer than her, he was underhanded and a despicable character. Qin Wentian feared that Lei'er would still be defeated if she fought against Yue Changkong.

For a period of time, countless experts from the Supreme Ancient Immortal Realms were heading to that ancient city in the world of reincarnation.

Previously, the invitation was sent out by Yue Changkong and the Qin Clan's members and the purpose was for them to discuss how to deal with the students of the sacred academy. However this time around, everyone took the initiative to head there because of the dispute that rose from the actions of Yue Changkong and the Qin Clan's members. Also, this time would surely not be as calm as last time. For these peak characters from the Supreme Ancient Immortal Realms who have cultivated for many years here, they probably wouldn't be as patient now. They have already been

in the world of reincarnation for many years yet have not discovered the secret of this world yet. What should they do before they could be considered as having attained the dao?

In a courtyard of the ancient city, several beauties were sitting together. One of them was extremely magnificent with skin as fair as snow and a breathtaking appearance that could be comparable to Goddess Nichang.

Goddess Nichang was proclaimed to be the number one beauty of the Heaven Region but in reality, many people felt that there was another person who also qualified for this title. This person was none other than the Mystical Maiden from the Nine Heavens Mystic Palace, she was known as the most beautiful woman under the nine heavens, there was no need to doubt how transcendent her beauty is. Also, as the future successor of the Nine Heavens Mystic Palace, could her beauty be inferior?

At this moment, not far away from the Mystical Maiden of the Nine Heavens Mystic Palace, a young man sat there. He was incomparably handsome and exuded a heroic aura, along with a transcendent demeanor.

His name was Lin Xiao, a supreme character from the Qiankun Sect and was groomed as the Qiankun Sect's future successor. With regards to the ultimate technique of the sect – the Universal Art, Lin Xiao was extremely proficient and his comprehensions have reached a stage where he could form a universe diagram to borrow the strength of the universe to forge a supreme law body, dominating the laws of the heavens and earth.

Lin Xiao and the Mystical Maiden stood together. They were like Qin Dangtian and Goddess Nichang back then, appearing extremely suitable to be together like a celestial couple born from the heavens. However, if Lin Xiao wanted to marry her, it was a highly impossible task. How could the number one beauty of the nine heavens be married off?

But if there was no challenge involved, there was no meaning in it to Lin Xiao. For common beauties, he could get as many as he wanted. The only reason for this was because he is Lin Xiao.

“Right now, many have arrived.” Lin Xiao spoke. The Mystical Maiden nodded. Her expression was calm and on her beautiful face, it seemed that it was impossible for there ever to be any fluctuations to her expression. This was true even when she encountered the ambush of the Qin Clan and Yue Changkong.

“Yue Changkong and the three Qin Clan's overlords are merely little clowns. I will take their lives.” Lin Xiao spoke.

“Have you thought this through clearly? You would dare to kill the Qin Clan’s members?” The Mystical Maiden glanced at Lin Xiao. Although her expression still remained calm, a light flashed in her eyes.

The Qin Clan, Qiankun Sect and Nine Heavens Mystic Palace could control the wind and clouds in the Heaven Region and stood at the peak. Right now, the Qin Clan was in a flourishing period. With Heaven’s Son Qin Dangtian, he would be the future leader of the Qin Clan. All other geniuses from the Heaven Region would lose their luster when compared to him.

“The few world overlords from the Qin Clan wouldn’t be able to amount to anything great. With Qin Dangtian present, they would never have a chance to rise up. Hence, this must be the reason why they chose the evil path. Since they dared to act against you, so what even if I killed them?” Lin Xiao calmly replied.

“If Qin Dangtian knows that you killed members of his Qin Clan, he would surely not be willing to take things lying down.”

“In the future if I can verify my dao and ascend to become a heavenly deity, I would have a fight with Qin Dangtian sooner or later.” Lin Xiao was as calm as ever, as though he was speaking of an extremely ordinary thing. For the three world overlords of the Qin Clan in the world of reincarnation, he didn’t give a damn about them. His target was that legendary supreme character of the Qin Clan, Heaven’s Son.

“The people of the world spoke of a rumor saying that once the legendary place is opened, the Supreme Ancient Immortal Realms would undergo a great transformation. Who do you feel the future Supreme Ancient Immortal Realms would belong to?” The Mystical Maiden asked.

“Me.” Lin Xiao laughed. He then continued, “Other than me, the other possibilities are the Heaven’s Son Qin Dangtian, Seven Abstinences from the Pureland of Bliss. Those reverends from the buddhist sects are all unfathomably powerful. Naturally, those supreme characters from the Che Clan, God Destroying Palace, Prison God Clan are not bad as well. Naturally, you are also in the list as well.”

“The rankers on the Heavenly Dao Rankings from the Ziwei Divine Court were killed by someone like Yue Changkong. What else can be said about this? Although those rankers have potential to become heavenly deities, your question is to whom would the future Supreme Ancient Immortal Realms belonged to. Even if they can become ordinary heavenly deities, they are definitely not

powerful enough. However, Gu Ting from the Great Devil Divine Palace can be considered a supreme character at the peak as well.”

“During the Convention of the Myriad Realms, the Qingcheng Reamlord Qin Wentian rose to fame in a single battle and was accepted as a student by the Heavenly Dao Sacred Academy. It’s even rumored that he gained the recognition of a godking, leading to him directly becoming a ranker on the Heavenly Dao Rankings. What about him?” The Mystical Maiden was evaluating all the powerful characters in the world.

“I don’t have a good understanding of him.” Lin Xiao laughed. Qin Wentian was just recently famous and the only major fight he was a part of, was that fight during the Convention. Hence, Lin Xiao didn’t really understand Qin Wentian’s strength and since he didn’t understand, he wouldn’t give an evaluation.

“Seems like you are filled with disdain towards Yue Changkong.” The Mystical Maiden spoke.

“Someone who fooled the world in order to climb up, he doesn’t mind being unscrupulous and underhanded. Tell me, should I regard such a person highly?” Lin Xiao spoke.

“But isn’t it dangerous precisely because he’s despicable enough to do anything? Don’t forget that in the battle earlier, even when facing against you, he wasn’t any weaker at all.” The Mystical Maiden stared at Lin Xiao, disagreeing with his opinion. “For villains and those existences capable of great evil, their temperaments are extremely resolute. They can toss aside everything, abandoning their conscience, betraying their souls, and doing everything that is needed for them to advance without regards for others. These people are the most terrifying existences in the world, you have to be wary of them.”

“Your words are logical.” Lin Xiao nodded calmly but even so, he still despised Yue Changkong in his heart.

“Speaking of that supreme character from the God Destroying Palace, I have to remind you to be careful about him. He should also have arrived. The danger of this man definitely isn’t below that of Yue Changkong.” The Mystical Maiden continued, seemingly filled with trepidation about a person. That fellow from the God Destroying Palace is absolutely a character that would cause others to have a headache. No matter who was against that fellow, they had to be extremely wary about him.

“Understood.” Lin Xiao nodded. This time around, the people from the Supreme Ancient Immortal Realms decided to gather and meet with each other once more. Most probably, the ending wouldn’t be as peaceful as the past, right?

For that time tens of years ago, everyone was merely testing the waters and there were even some who didn't arrive. There were also people who didn't express their stances from the beginning until the end. They merely watched everything quietly and simply left after that.

...

Just like the Mystical Maiden and Lin Xiao's discussion, the experts from the various regions have all arrived.

At this moment, that supreme existence from the God Destroying Hall was currently standing on top of an ancient hall in the ancient city. Under the moonlight, he stared at this entire city below him. His gaze was very cold, a coldness that came from his soul.

Other than him, experts from the Che Clan also arrived. That existence from the Che Clan which was listed by Lin Xiao into the list of peak characters, was currently roaming around the ancient city, as though he was busy with something, engraving hidden symbols. However, no one knew about this.

Outside the city. Many monks from the Pureland of Bliss also arrived. Their palms pressed together as they bowed. This ancient city would soon encounter a calamity. Their senior apprentice brother Seven Abstinences went to the Western Paradise of this world to seek the buddha dao and there was no updates from him. Even before he returned, a storm had already manifested.

In a small courtyard inside the city, a figure robed in black sat cross-legged. Her skin was extremely fair, like she was an absolute ghost beauty. Her entire person seemed to meld together with the darkness. This time around, she came for revenge. Yue Changkong will definitely pay a price for his deeds.

In the courtyard of another inn, a young man stood with his hands behind his back, staring up at the night sky while sighing in his heart. Lei'er should have also arrived, but where was she?

Chapter 1837: Battle Intent

Today in the ancient city, white clouds drifted across the sky. There was also a gentle breeze, causing everyone to feel a refreshing sensation.

In the central area of the ancient city, there was an empty and spacious platform. The surface was very clean, completely dust-free. A group of figures was currently having a banquet there, many were seated, enjoying their wine and chatting leisurely. These people at the banquet all had extraordinary auras. The men were handsome and there were many beautiful women here as well. Not only for them, there were also many people in the distance, glancing in their direction as they discussed something.

These people who were attending the banquet were naturally none other than the geniuses from the peak powers in the world of reincarnation. Among them are Yue Changkong from the Moon God Palace, as well as the three experts from the Qin Clan. It was said that their cultivation level was already nearing the God Realm and was extremely unfathomable.

Other than Yue Changkong and the Qin Clan's experts, an expert from a third peak power of the Supreme Ancient Immortal Realms could also be seen. This was a supreme character from the Prison God Clan of the Eternity Region.

This supreme character from the Prison God Clan decided to ally with Yue Changkong and the Qin Clan, wanting to act together to deal with the Mystical Maiden.

Right now, they were enjoying their wine and they acted like they were waiting for something. This was because they knew that the various experts have already arrived in the ancient city and were probably not far from here.

"Since everyone is here, why don't we make a toast?" Yue Changkong spoke. It was unknown who he was speaking to. Among the crowd, a few rows of figures suddenly stepped out. They were all from different factions. There were experts from the Great Devil Divine Palace as well as the Thunder Clan.

"Everyone, what a beautiful day this is." A world overlord from the Thunder Clan spoke, his voice booming out like thunder. Just a casual sentence from him caused this entire space and the eardrums of people to tremble.

"I heard that the Thunder Clan of the Earth Region are in control of the power of divine punishment. You are able to guide the power of lightning and thunder, causing them to descend on others. Previously, we weren't able to converse much at the last meet up. Today, we naturally have to drink more toasts with each other." Yue Changkong smiled. The experts from the Thunder Clan sat down, not polite at all. Their leader glanced at Yue Changkong, "Is that so? But what happens

after we drank our fill? I heard that you guys joined forces to act against the Mystical Maiden. What do you all mean by your actions?”

Since these people could ally together to deal with the Mystical Maiden, it also meant that they could ally together to deal with him, as well as everyone from the Supreme Ancient Immortal Realms.

“Haha, I understand that everyone is puzzled. Hence, you guys came here. I might as well take this chance to properly exchange pointers with everyone. What a happy thing that would be?” Yue Changkong laughed uproariously, clearly ignoring the other party’s words. Now, since everyone already knew about that, there was naturally no need for him to conceal anything any longer. He might as well act more directly, and get everyone to step out to see who is stronger.

“If it was before, you wouldn’t be qualified to sit together with us to drink wine.” Gu Ting icily spoke. Evidently, he also despised Yue Changkong. Gu Ting could naturally sense how shameless and despicable Yue Changkong was. Yue Changkong narrowed his eyes and stared at Gu Ting but the smile on his face didn’t fade. But it was precisely how he was acting that made everyone feel that Yue Changkong seemed to be extremely confident. Yue Changkong was like a scheming venomous snake staring at him.

“I simply came by to watch the drama.” A voice rang out. Devilox from the Divine Ox Clan appeared. Next, more and more experts revealed themselves, all of them were from the Supreme Ancient Immortal Realms. Only they knew clearly what was going on, hence, they rushed to this ancient city.

At this moment, the eyes of the crowd glanced in a direction. Over there, a group of figures appeared. Among them was a woman whose beauty caused everyone to silently praise her in their hearts, sinking deeply within. This woman was none other than the Mystical Maiden from the Nine Heavens Mystic Palace. Truly, her beauty was on par with Goddess Nichang.

The other people from the Nine Heavens Mystic Palace arrived as well. Lin Xiao also appeared. His gaze was cold when he stared at Yue Changkong and the Qin Clan’s experts.

Regardless of Lin Xiao from the Qiankun Sect or the Mystical Maiden from the Nine Heavens Mystic Palace, even though they had a clash with Yue Changkong and the others, they still didn’t hide but chose to directly walked out instead. This was a show of their immense confidence.

“Brother Che, since you have arrived, why don’t you show yourself?” Lin Xiao calmly spoke. In the crowd, an extremely youthful figure dressed in simple clothes stepped out. The contours of his

face were extremely clear and his deep eyes held traces of age within, revealing that his true age was far older than his appearance.

“Che Ying from the Che Clan.” Many people involuntarily glanced there. Che Clan from the Earth Region was known as the number one artificer clan in the Supreme Ancient Immortal Realms. Their talent for forging weapons was unparalleled. Even other peak powers wanted to forge a good relationship with them. In fact, for many deity-ranked powers, the ultimate treasures of their sects were all forged by the Che Clan.

“I heard that there was a fascinating battle not too long ago. Sadly, I must have missed that. I wonder if I can make up for the regret today and allow my horizons to be broadened.” Che Ying calmly spoke. Clearly, he was referring to the battle where Yue Changkong’s group acted against the Mystical Maiden and Lin Xiao.

“I don’t think that will be a problem.” Yue Changkong calmly smiled. “I’m sure not only these people have arrived, right?”

Right now, since their deeds were already exposed, this meant that everyone lifted their masks and revealed their true selves. There was no longer a need for concealment. Today, this gathering of experts would surely lead to a clash. This was something inevitable.

“I’ve also heard that Che Ying, you yourself are extremely powerful and has talent high enough to forge anything in the world. Today, I also wish to broaden my horizons.” An expert from the Thunder Clan stared at Che Ying as he spoke. Lightning shot out from his eyes as his tone was filled with provocation.

After that, more experts from the peak powers of the Supreme Ancient Immortal Realms appeared. More than half have already arrived here.

And at this moment, an intense smell of blood permeated the area. Everyone turned their gazes over only to see an extremely cold and beautiful figure walking over. Her figure was extremely alluring and her appearance outstanding. However, she gave off a cold feel to everyone who saw her. Nobody dared to get too close to her, they could sense dangerous vibes from this woman.

Upon seeing her, the eyes of the three Qin Clan’s experts brightened like how they saw the Mystical Maiden. In their gazes, greed and lust could be seen.

Yue Changkong's eyes flashed but he soon laughed. Truly, the gates of heaven were opened but she didn't want to head there. The gates of hell were closed but she purposely wanted to enter. This is fine then, since she took the initiative to show up, there was no need to look for her in the future.

As long as he captured her, with the ambiguous relationship between Luoshen Lei and Qin Wentian, Yue Changkong wasn't afraid that Qin Wentian would not show up. Although he was already very powerful in the world of reincarnation, he still had a knot in his heart that wasn't unravelled yet. That knot was none other than Qin Wentian.

"Seems like Luoshen Lei has truly fallen." Upon sensing the change to Luoshen Lei's aura which was much stronger than in the past, it was clear that she had cultivated an evil art. In addition, she made no attempt to mask her aura at all. She must have done so to grow stronger quickly and now, she was here for Yue Changkong.

"Lei'er." Faraway within the crowd, Qin Wentian was present too. When he saw Luoshen Lei's appearance and felt her aura, he had an indescribable feeling in his heart. The lines on his face changed, recovering his original appearance as he walked towards them.

"Huh?" When Qin Wentian appeared, Yue Changkong started. After that, the smile on his face grew wider. Qin Wentian actually appeared? Back then in the convention, there seemed to be an unusual connection between Qin Wentian and Luoshen Lei. Now, the moment Luoshen Lei appeared, Qin Wentian actually appeared too. Seems like their connection truly isn't ordinary.

Those from the Qin Clan also saw Qin Wentian. They had faint smiles on their faces when they noticed him.

When Luoshen Lei saw Qin Wentian walking over, her cold heart involuntarily trembled as she called out silently in her heart, "Elder brother!"

Qin Wentian appeared after she walked over. Clearly, he revealed himself because of her.

"Seems like today is a good day. A student that has a heavenly deity as a teacher of the sacred academy actually appeared. Everyone, we have a chance to find out the secret now." An expert from the Qin Clan spoke. The gazes of everyone landed on Qin Wentian, when they saw the young and handsome figure, many people didn't have an impression of him at all. At most, they were like Lin Xiao and have only heard of the name Qingcheng Realmlord. No one really had any understanding of Qin Wentian.

“Elder bro, why did you come here?” Luoshen Lei transmitted her voice to Qin Wentian, her voice was filled with some bitterness. This was her matter, she had to bear the hatred because Grandpa Lifeless died for her. Either Yue Changkong dies or she dies but now, her appearance actually implicated Qin Wentian. She truly didn’t want this.

Many people who came here were all influenced by Yue Changkong. They felt no good intentions towards the people from the Heavenly Dao Sacred Academy.

By appearing here, Qin Wentian was in even more danger than her. Yue Changkong and the people of the Qin Clan long wanted to deal with Qin Wentian. As for the others, many of them most probably wanted Qin Wentian to remain behind as well.

“Silly lass, because you are my little sister.” Qin Wentian transmitted his voice back, his tone filled with doting love. He only had one little sister, a real sister that was linked to him by blood relations. How could he not step out when she was in danger?

Luoshen Lei’s eyes turned red. Upon seeing this, Yue Changkong coldly laughed, “There’s no need to communicate through voice transmissions anymore. Seems like this is a case of lovers. You guys truly concealed your relationship well.”

“Yue Changkong, your despicableness has already surpassed my imagination. Back then after I exposed you, you actually managed to survive up until now? No matter what underhanded methods you used, you would have no way to cleanse all your shame. You would always be a shameless and despicable person.” Qin Wentian coldly spoke as he stared at Yue Changkong, as though he was rubbing salt into his wounds. Yue Changkong narrowed his eyes, he placed the wine cup in his hand down and slowly stood up as a terrifying and vast aura gushed forth from him.

He initially didn’t wish to start their battle so soon and wanted to sit down with everyone, chatting to create the appropriate atmosphere. But what a pity, Qin Wentian seemed to be in a hurry to die.

Everyone else had looks of excitement on their faces. They didn’t expect that a battle would start so soon.

“Your words are logical, he is truly a shameless and despicable man. But today, his life is mine.” A voice rang out at this moment. When Yue Changkong stood up, Lin Xiao inclined his head as a bright light gleamed in his eyes.

Yue Changkong swept his gaze at Lin Xiao. Earlier, he had exchanged blows with Lin Xiao in the past. This man was truly very strong. Before they came to the world of reincarnation, Lin Xiao was already an immensely terrifying world overlord.

If this was before in the Supreme Ancient Immortal Realms, Lin Xiao would surely be able to kill him easily. However, things were different now. This place was the world of reincarnation. He, Yue Changkong, wasn't the Yue Changkong of the past.

Yue Changkong slowly floated up into the air. He stared at everyone and smiled, "I accept all challenges no matter who wishes to fight me. We didn't manage to have a good fight at the last gathering. This time, let's make sure that everyone here has no regrets when they leave."

His words had another layer of meaning within. Today, experts from the various peak powers all arrived. Was it possible for there to be a conclusion in the world of reincarnation?

The auras of everyone here radiated forth. The experts from the Qin Clan, the supreme character from the Prison God Clan, they all placed the wine cups in their hand down as coldness flickered in their eyes. The secret of the world of reincarnation wasn't revealed yet. In that case, they naturally would feel that the only way to verify one's dao in here, was to become the only one remaining, defeating everyone else. This wasn't simply what they thought, it was what everyone here thought.

A true legendary character can only be one person. The person who is the most dazzling in here.

Only to see that at this moment, an extremely terrifying evil aura descended from the air, permeating the area. For a period of time, the world of reincarnation changed. The layers of clouds turned black as the world turned dark. This entire world lost its luster. Yue Changkong stood in the air and resembled a god of evil. Behind him, many devil heads manifested, causing people to feel fear in their souls.

"Finally he cannot be bothered to conceal it any more?" Everyone could see Yue Changkong at this moment. This was then the real Yue Changkong in the world of reincarnation. Right now, people from the Supreme Ancient Immortal Realms already knew that Yue Changkong has cultivated the evil arts. Yue Changkong also didn't need to hide this anymore. What he wanted to do now was to kill all of these people. Only then could he be the only one from the Supreme Ancient Immortal realms remaining in the world of reincarnation.

The people in the ancient city inclined their heads, all of them could feel that fearsome aura which caused their hearts to tremble. Some even involuntarily retreated, wanting to distance themselves from Yue Changkong. However, under the pressure, they discovered that they had no way to leave the area. Yue Changkong was too powerful. When his aura gushed forth, it enveloped an extremely vast area.

Lin Xiao stared up in the air. His silhouette flashed as he soared up as well. Qiankun light radiated from him, forming a brilliant Universe Diagram behind his back. The energy from heaven and earth gathered madly, converging in the diagram, waiting for him to use it.

“Qiankun Sect of the Heaven Region.” Qin Wentian glanced at Lin Xiao’s figure. In the Heavenly Dao Library, he understood that the Qiankun Sect was definitely an extremely strong power. The Qiankun Sect Leader was a supreme character that was terrifying to the extreme.

The Qiankun Sect’s cultivation arts can allow them to convert the surrounding energies into qiankun energy to power their own techniques. The Universe Diagram behind Lin Xiao shone resplendently. However, if it was a different expert from the Qiankun Sect, the power unleashed by that expert’s diagram would be different from Lin Xiao due to the different law attributes they cultivated.

A terrifying aura descend from the sky. The devil heads behind Yue Changkong suddenly emanated a shocking might. A moment later, they shot ferociously towards Lin Xiao, brimming with might from the great dao. Yue Changkong has cultivated an evil devouring art. He would gain the insights of all the experts he devoured. Their daos became these devil heads that were floating behind them and contained the law energy of their original bodies. Not only that, they could even work together and exert an immense devouring might.

Hence, the current Yue Changkong’s strength was a result of the insights and abilities of the other experts he devoured. During these years, he simply acted directly and would frequently devour the experts in this world.

“Sword of Qiankun.” Lin Xiao performed hand gestures. All of a sudden, the Qiankun Formation Diagram suddenly shot out a resplendent beam of sword light that manifested into a sword which pierced through the air. When it came in contact with that devil’s head, it directly exploded along with its target from the impact as a fearsome might lingered in the air.

Black clouds churned wildly, the scene was like an apocalypse. Numerous devil heads containing terrifying might lunged towards Lin Xiao from all directions. The Universe Diagram behind Lin Xiao radiated boundless light. After that, the qiankun energy that transformed into a sword unleashed its power, brightening up the darkened sky. With a wave of the Qiankun Sword, millions

of other swords manifested, shooting up into the sky. This shocking strike contained heaven-shaking might, and seemed capable of breaking the universe.

The eyes of the experts in the surroundings shone with sharpness as they stared at the battle in the air. The two combatants were very powerful, so powerful that it caused the spectators to tremble. They naturally had to pay attention to this battle. Although everyone had to restart their cultivation in this world, all of them improved shockingly fast and many people have surpassed their achievements in the other world.

As he faced the power of the sword attacks, Yue Changkong's black eyes gleamed with a fearsome coldness. There was no fear in them at all. He opened his mouth, the mouths of the devil heads behind him all opened as well as they drew in a huge breath in unison. He actually managed to swallow the Qiankun Sword. But after doing that, thunderous sounds rang out as many devil heads behind him exploded. But ultimately, the power of the sword attacks were completely devoured.

After seeing this, Qin Wentian understood that the current Yue Changkong was no longer the Yue Changkong of the past. Yue Changkong has even forsaken all his previous innate techniques and secret arts. Now, only the evil art was his everything because it could grant him more strength compared to the rest.

“Not bad.” Yue Changkong coldly spoke. His evil countenance had a malevolent smile painted on it. Behind him, a gigantic evil law body appeared. The head of this law body alone could blot out the sun. A terrifying black hand shot out towards Lin Xiao. This hand contained a power that could destroy all opposition and at the same time, the surrounding energy frenziedly began to gather on the blackened palm.

Upon sensing the power of this strike, the formation diagram behind Lin Xiao grew even more resplendent. Qiankun light covered him as a law body also formed behind him.

“Immeasurable Qiankun Law Body!”

Lin Xiao stood unmoving, allowing the terrifying palm strikes to land on his law body. That law body appeared to be on the verge of shattering but it instantly recovered from the damage after just an instant. Life after death, death after life. Immeasurable Qiankun, inextinguishable.

“Powerful.” The hearts of everyone silently mused. Even Qin Wentian was taken aback. The current Yue Changkong was much stronger now when compared to the past. This Lin Xiao from the Qiankun Sect was also extremely terrifying, as expected of a hegemonic-level world overlord that was nurtured as the next successor of the Qiankun Sect. In the Heaven Region, Lin Xiao was also

an extremely famous character like the Mystical Maiden. It was just that he is slightly inferior to Heaven's Son because Qin Dangtian has already broken through to become a heavenly deity.

And at this moment, the figures of the Qin Clan's experts flashed as they rushed Luoshen Lei. Upon staring at her beautiful face, lust surfaced in their hearts. Although the current Luoshen Lei exuded an aura of evil, this actually increased the attraction they felt for her, making it so that they wanted her at all cost.

Terrifying blood qi flowed around Luoshen Lei, her aura grew more bloodthirsty as an incarnation of a blood queen appeared behind her. This entire world seemed to be a blood ocean purgatory where numerous blood demons manifested. These blood demons were all saint beasts at their core and each of them radiated an aura that caused a chill in the hearts of those who saw them.

The Qin Clan originally already had a deep grudge with Luoshen Lei in the other world. Her father, the Skyorder Heavenly Deity, was crippled by none other than Heaven's Son Qin Dangtian. And now in the world of reincarnation, the people of the Qin Clan kept forcing her time and time again. This debt naturally had to be accounted for.

"Quickly capture her." The three experts of the Qin Clan transmitted their voices to each other. Right now, the experts gathered here were as common as clouds and many were still watching the drama. They could not afford to waste too much time on Luoshen Lei.

"The people of the Qin Clan are actually so despicable." Qin Wentian spoke. He stepped out and instantly appeared beside Luoshen Lei, facing against the three powerful world overlords from the Qin Clan. This was the first time he was facing against experts from the Qin Clan in combat. Although before this he had seen Heaven's Son Qin Dangtian, the current him still wasn't powerful enough to contend against Qin Dangtian.

"I'll deal with him, the two of you capture Luoshen Lei." An expert from the Qin Clan spoke. His aura was extremely terrifying as he moved towards Qin Wentian.

"A student of the sacred academy? I'm interested as well." In another direction, that supreme character from the Prison God Clan also flew over. A towering force erupted from him, as he grabbed out with his palm, a spatial prison manifested, brimming with radiance, sealing the area around Qin Wentian. This prison seemed to be formed from rays of divine light, it could even lock gods within and was incomparably sturdy.

Qin Wentian inclined his head and looked at the prison locking him. In his mind, the introduction about the Prison God Clan he read about in the Heavenly Dao Sacred Academy appeared in his

mind. They were able to form the strongest spatial prisons in this world, and those imprisoned within wouldn't be able to break out from it forever. Now, such a prison actually wanted to imprison him.

"Imprisoning me?" Qin Wentian glanced at the expert from the Prison God Clan in the air. His expression was cold. Today, just Yue Changkong and the Qin Clan's experts were already very tough for him to deal with. Now, the Qin Clan already made their move against Luoshen Lei and this person from the Prison God Clan also intentionally acted now to deal with him. Since this is the case, the Prison God Clan was his enemy.

"Seals manifest." A terrifying sealing might brewed, erupting forth as countless sealing gates appeared in the air, slamming into the prison's wall. Since the Prison God Clan's expert wanted to imprison this space to lock him within, in that case, he shall seal the area off as they fight to the death inside.

In the world of reincarnation, everyone could comprehend any type of law energy they wanted to. As long as you can sense it, you can cultivate it. Hence, to Qin Wentian, with Di Tian's insights in the laws of sealing, cultivating the laws of sealing here was undoubtedly something extremely natural to him!

Chapter 1839: Facing Off Against Each Other Again

The supreme character from the Prison God Clan is named Gui Chen. He is a hegemonic world-overlord and among all the experts from the Prison God Clan who entered the world of reincarnation, his strength was the most powerful and his status was the highest.

He had already comprehended the laws of banishment, allowing him to lock up targets in his prison forever, depositing them into the void, letting his targets perish in there. Naturally when he used his space prison to imprison Qin Wentian, he didn't expect Qin Wentian to actually be so proficient in the sealing laws to seal him inside the space prison which he initially could enter and leave freely.

Inclining his head and staring at the sealed space, Gui Chen's expression was cold when he saw how powerful the sealing light was. His palm grabbed towards Qin Wentian and instantly, a formless energy directly gushed forth, grabbing onto Qin Wentian's body. This energy was completely immaterial, like it was a type of power that originated from the void. The form of a giant palm abruptly manifested around Qin Wentian.

With an intention of his will, a power that could control everything in this world manifested around Qin Wentian. Although this place was the world of reincarnation and the law energies weren't completely the same as the past, the Great Dao was connected in all ways. He manifested the power of his world heart in a different form here. In this sealed space, a formless storm raged on, blasting out terrifying streams of power that destroyed the giant palm.

"BOOM!" In an instant, another prison appeared from the void, directly trapping Qin Wentian within. This prison wasn't as large as the earlier one, but it was much more powerful. Gui Chen's techniques were simply formless. As a supreme world overlord from the God Prison Clan, there was no need to doubt his strength.

"Stop." Qin Wentian calmly spoke. The light flowing around the prison all entered a state of stillness. After that, Qin Wentian pointed out with a finger as the prison around him started to crumble. He turned his gaze towards Gui Chen and upon sensing the terrible fluctuations of energy in the air, Qin Wentian's body started to radiate an incomparably mighty sealing light. After that, his dao bone began to thrum with power and shot out a beam of light containing the power of time laws. Even in the world of reincarnation, his dao bone still existed because it was within his body.

Inside the sealed space, the power of time permeated everything, causing everything to be stilled. Right now, the abilities he comprehended could already be integrated into the laws of sealing. This power that could still everything shot towards Gui Chen, and Gui Chen frowned the moment he sensed it. Treasure light covered his entire body, allowing him to exist in an isolated space. In this isolated space, this belonged to him alone. He wasn't frozen solid by the stillness, and his gaze was as tyrannical as ever when he stared at Qin Wentian.

Qin Wentian stepped out. He sealed this space not because he wanted to waste time and slowly fight with Gui Chen. Out there, Lei'er was still fighting against powerful enemies. He sealed this space because he wanted to end the fight quickly. Hence, he didn't even conceal the power of his dao bone, choosing to use it directly.

With a flash of his silhouette, he directly appeared before the isolated space of Gui Chen. To characters of their level, close combat was extremely dangerous. If one was the slightest bit careless, they would surely be consigned to eternal damnation. In the vast majority of battles, just based on their heart domains and power of their world hearts, world overlords would usually fight at a distance.

However, Qin Wentian chose close combat. He wanted to finish his opponent off as quick as possible. In that case, he had to make sure that he had to strike like thunder.

When Qin Wentian arrived before the isolated space, the boundless energy from heaven and earth suddenly flooded into his body. The power of all his insights and understanding of the various laws converged on his fingertip, forming a ball of light that pulsed with absolute power. And in the next moment, all the power erupted forth!

His finger pressed down on the isolated space barrier, easily piercing through it. Gui Chen seemed to have sensed something but everything was too late. He didn't expect Qin Wentian's methods would be so intense. An extremely terrifying might passed through the isolated space and landed on his body.

At this moment, a terror born from the depths of Gui Chen's soul caused him to tremble violently. He felt he was about to die. His life was stopped, there wasn't any destructive might in this attack and it seemed very ordinary. But he could clearly feel that his life was about to end. It was like his life itself has entered a state of stillness. This power could seal life, causing him to die just like this. Even his soul felt like it wasn't under his control.

He was Gui Chen, Gui Chen from the Prison God Clan, an extremely powerful existence that would advance to the heavenly deity realm in the future! Could it be that he will die like that? How could he be willing to accept this?

At this moment, a terrifying energy gushed out from his body, produced by his heart. Gui Chen now was like a divinity, as though he was a law body formed from absolute void, something that could isolate the invasion of other energy. A bright beam of light flashed as Gui Chen's body directly flew out, breaking through the power of the seals, as well as breaking through the spatial prison he created, fleeing to the outside space.

With a deafening boom, the God Imprisonment Prison was broken through.

Qin Wentian walked out after him and coldly stared at Gui Chen. Everyone felt shock in their hearts when they saw this scene.

The Qingcheng Realmlord who has just gotten famous in the recent convention could actually contend against Gui Chen from the Prison God Clan?

If one was to talk about the duration of fame, Qin Wentian can at most be considered a rising genius from the junior generation. He was recruited by the Heavenly Dao Sacred Academy and entered the Heavenly Dao Rankings. This was a testament to his talent. But with regards to his combat prowess, everyone didn't really believe in him. This was especially so when his opponent was Gui Chen, a supreme world overlord from the Prison God Clan.

Everyone initially thought that this battle would be a one-sided one where Qin Wentian was crushed. However, the reality was that this Qingcheng Realmlord actually managed to force Gui Chen back.

For Gu Ting from the Great Devil Divine Palace as well as experts from the Heavenly Deity Mountain, all of them were shocked at this scene. Seems like many people had underestimated this Qingcheng Realmlord. It isn't going to be an easy task if some people wanted to capture him to force information about this world's secret out from him.

“What technique is that?” Gui Chen stared at Qin Wentian. Earlier, his impression of Qin Wentian's last attack was extremely deep. Although that attack was already over, he still felt fear in his heart. He absolutely didn't wish to experience that one more time. Things were just too dangerous, he might even die unknowingly, without any feelings at all.

Qin Wentian ignored him. His figure sped with lightning speed towards Luoshen Lei's battlefield. After all, the three experts from Qin Clan had cultivated evil arts. Although Luoshen Lei was now very powerful, she still wouldn't be a match for these three. Her strength when in the Supreme Ancient Immortal Realms was already inferior to these three Qin Clan's world overlords. Now that she was fighting equally with the three of them, this feat was already extremely difficult and incredible.

Yue Changkong has been paying attention to Qin Wentian from the start. He didn't feel too much hatred to anyone here. Devouring them was only because of the requirement of the evil art he cultivates in. However, Qin Wentian was different. He truly hated Qin Wentian.

Upon seeing Qin Wentian forcing Gui Chen to retreat, an extremely cold smile appeared on Yue Changkong's face. He silently mused, “As expected, you didn't disappoint me.”

He had always felt his talent was extremely strong. In reality, this was true, or he wouldn't have dared to fake being the Godking of Time's successor and even received the recognition of the Ziwei Divine Court. However, the heavens had to give birth to a Qingcheng Realmlord that attended the same convention as him. All the radiance and glory belonged to the Qingcheng Realmlord. The Qingcheng Realmlord took everything that belonged to him, Yue Changkong.

Hence, Qin Wentian must die.

“Our grudge shall be settled in the future instead.” Yue Changkong’s silhouette flashed, he actually directly abandoned the battle between him and Lin Xiao and directly shot towards Qin Wentian’s direction.

Lin Xiao frowned, casting his gaze at Yue Changkong. Yue Changkong who had cultivated an evil art was truly very powerful. He had the insights and comprehensions of many people after absorbing them as nutrients. His purpose today was also clear, his ultimate objective was to devour all the peak characters from Supreme Ancient Immortal Realms. By doing so, his path to the God Realm would be clear.

“Qin Wentian!” Yue Changkong shouted, his thunderous voice booming out. Numerous devil heads flew towards Qin Wentian, each containing fearsome dao might.

Incomparably resplendent light radiated from Qin Wentian. Thunderous sounds rang out as Qin Wentian punched out in Yue Changkong’s direction. Fist shadows filled the sky as the terrifying power within the punches swept out, shattering the devil heads.

Yue Changkong’s figure directly arrived before him. His cold and evil eyes gleamed with a gloomy light, filled with malevolence.

Finally, he stood before Qin Wentian. Ever since he cultivated the evil art, he has been fantasizing about this day. He wanted to cleanse all humiliation he suffered and devour Qin Wentian, making Qin Wentian into his nutrients.

“Have you thought that there would be a day like this?” Yue Changkong asked. As he spoke, the evil law body behind him also echoed his words, causing the space around it to tremble.

Qin Wentian’s eyes flashed with a cold killing intent. Back then, because of that major character of the Ziwei Divine Court, although he exposed Yue Changkong, the Ziwei Divine Court still brought him away and Qin Wentian couldn’t kill him. He didn’t expect Yue Changkong to have actually survived that and was now filled with intense resentment for him. Right now, Yue Changkong might have already devoured everyone from the Ziwei Divine Court who came into this world with him. An evil glint of light could be seen flickering in his eyes.

The power of the evil arts would gradually change the cultivator’s temperament. Qin Wentian wondered if Yue Changkong sensed this?

Now, regardless of Yue Changkong or the Qin Clan's experts, all of them have already embarked on a path of madness. In fact, they even wished to target the Nine Heavens Mystic Palace's maidens as well as the Mystical Maiden herself. Now, Yue Changkong even wanted to devour everyone.

"BOOM!" An absolute controlling might blasted out. Qin Wentian soared into the air. He didn't say anything, there was no need to. His heart right now, was filled with an icy killing intent!

Chapter 1840: Elder Bro

When Yue Changkong saw Qin Wentian rushing towards him, a demonic gleam could be seen in his eyes. Thunderous sounds rang out as his devil heads shot forwards, emitting black mist. The might generated was even more terrifying compared to his earlier fight against Lin Xiao.

In this vast space, the entire scene was like an apocalypse. The devil heads let out howls of resentment and contained the might of the dao. From afar, those spectators whose will wasn't strong enough actually bled from their seven apertures when they looked at this. There were even some who went mad and started howling as well.

This scene was too fearsome. The place Qin Wentian was in seemed to be almost completely buried. Yue Changkong didn't intend to play slowly with Qin Wentian. He wanted to use the most violent method at his disposal to crush Qin Wentian before torturing him, making Qin Wentian live a life worse than death.

However at this moment, Qin Wentian's speed didn't reduce but sped up instead. It felt like the flow of time here changed. The surroundings of Yue Changkong seemed to be slowed down while the time in Qin Wentian's surroundings sped up. In the eyes of everyone, one was fast while the other was slow. Qin Wentian was like a lightning bolt shooting towards Yue Changkong. Qin Wentian felt no fear at all.

The two of them didn't have any patience to slowly fight it out. They wanted to decide everything with a single strike.

"COURTING DEATH!" Yue Changkong roared. The devil heads congregated into a gigantic one as a beam of dao light shot out, seeking to devour Qin Wentian.

“Time stop.” A beam of light radiated from Qin Wentian as the power of his dao bone reinforced it. The power of time in the surroundings seemed to change from something ethereal and formless into something corporeal, permeating the area. Qin Wentian could sense the different flows of time here and his control over them was perfect. But even so, he had no way to achieve a perfect time stop. Yue Changkong’s attack was simply too terrifying, the gigantic devil head was the only thing that existed in the world. Even the time stop ability had no way to stop it completely although it did reduce the speed and devouring light.

Qin Wentian already arrived before Yue Changkong. The two of them matched gazes. Yue Changkong’s eyes were cold to the extreme, glinting with evil. In Qin Wentian’s eyes, an icy and intense killing intent could be seen.

“DIE!” Yue Changkong roared, the gigantic devil head unleashed the entirety of its power, producing a shocking devouring might. Qin Wentian felt that he wasn’t able to resist this. His body was actually stuck to Yue Changkong. Yue Changkong’s hands grabbed onto him, frenziedly absorbing his energy. But at this moment, Qin Wentian’s law body took the chance to slam its palms that were brimming with resplendent light into Yue Changkong, destroying the evil law body and piercing through Yue Changkong’s body.

This attack was one that staked his life. Yue Changkong has cultivated an evil art and his original personality was warping gradually. Yet Qin Wentian seemed as crazy as him, he ignored his safety to unleash this strike.

At this moment, Qin Wentian felt the energy in his body was all devoured cleanly. Even his blood and flesh was about to be sucked dry. However, Yue Changkong’s situation wasn’t any better than him. The Yue Changkong at this moment felt that he was no longer alive. This feeling was extremely special, it caused him to feel a terror which he had not felt for a long time. After becoming extremely powerful from cultivating an evil art and devouring the strength of so many experts, he should be invincible under the God Realm by right.

He felt that when he faced Qin Wentian again, he who has already betrayed his soul, would surely be able to dominate Qin Wentian with ease. However, the truth wasn’t as such. He couldn’t tell what type of energy had invaded his body, it clearly existed and it even caused him to feel that his life was entering a state of stillness for some reason. What did this mean? This meant that he was going to die. If life no longer flows, wouldn’t that feeling be even more terrifying than death?

“Has he also sensed that feeling?” The supreme character from the Prison God Clan, Gui Chen, silently mused in his heart. Clearly, this attack that has blasted into Yue Changkong, was even more fearsome compared to the attack he had to face earlier. This power was definitely something no one wanted to endure. It felt too bizarre and terrifying.

This power, was it the power to seal life into a state of stillness?

This Qingcheng Reamlord, wasn't he a little too crazy? He instantly attacked at full strength, it seemed that he didn't mind staking his life as well.

At this moment, the thoughts of many people towards Qin Wentian changed. Those who didn't understand in the past, now had a clearer and much deeper impression of this Qingcheng Reamlord Qin Wentian.

In the crowd, Devilox has been paying attention to the battle. When he saw this scene, a resplendent light gleamed in his eyes.

An opportunity was finally here.

His body soared into the air, the earth cracked from the impact of his pushing off with his feet. His speed was incredibly fast, arriving in the battlefield of Qin Wentian and Yue Changkong in the blink of an eye.

"What is he doing?" Everyone started when they saw this sudden scene. After that, Devilox howled, his palm transformed into a sharp blade that aimed to pierce through Qin Wentian's back.

"Elder brother!" A voice filled with fear and panic rang out in the air. Luoshen Lei has been paying attention to this battlefield and when she saw Devilox's attack piercing Qin Wentian's back, a look of incomparable terror appeared on her face as her heart pounded violently. But how can she afford to have any lapse in concentration when fighting against the Qin Clan's experts? A terrifying palm strike directly blasted into her body, sending her flying through the air. Her blood and qi churned wildly as she coughed out fresh blood. But even so, her beautiful eyes were staring fixedly in Qin Wentian's direction.

Back then, she caused Grandpa Lifeless to die. Today, would she implicate her elder brother as well?

"The dao bone is mine." A crazed look flashed in Devilox's eyes, he desired to seize Qin Wentian's dao bone. This opportunity was once in a lifetime.

“Life, stop.” Qin Wentian calmly spoke. Boundless energy from his body radiated forth, augmented by a resplendent beam of light from his dao bone. This immensely vast energy gushed into Devilox’s body and at this instant, Devilox fell into the same situation as Yue Changkong. He could feel that his life was going to be forcibly stopped. This feeling felt like death.

This attack, this sure-kill attack by him, was actually counter-devoured by the terrifying blast of energy generated from Qin Wentian. This was something Devilox didn’t expect. The three figures in the air all stopped moving as a bizarre silence fell over the atmosphere.

But at this moment, the three experts from the Qin Clan were actually staring in shock at Luoshen Lei. When Devilox’s attack pierced into Qin Wentian’s body, Luoshen Lei actually called out the words ‘elder brother’?

Her relationship with Qin Wentian clearly wasn’t what Yue Changkong has speculated.

Luoshen Lei called Qin Wentian elder brother?

Her elder brother, yet Qin Wentian wasn’t surnamed Luoshen but was surnamed Qin.

Also, between the Luoshen Clan and the Qin Clan, there always has been a deep hatred. Once, a traitor of their Qin Clan, a supreme character that could cause the entire world to shake, had married a wife who was a maiden from the Luoshen Clan.

This maiden was none other than the younger sister of the Skyorder Heavenly Deity, Luoshen Lei’s aunt.

At this moment, Luoshen Lei actually called someone with the surname Qin, elder brother? Her elder brother was the Qingcheng Realm Lord, possessing extraordinary talent and had even gained the recognition of the Time King. He was then accepted as a student by the sacred academy and became a ranker on the Heavenly Dao Rankings.

Everything upon everything seemed to be pointing towards a destination.

Given how fast their reactions were, they naturally connected the dots in an extremely short time. Before this, they didn’t think about this because there were simply too many people with the surname of ‘Qin.’ Although Qin Wentian was surnamed Qin, how could they make the connection that his origins was from their very own Qin Clan of the Heaven Region? But for those in the world

surnamed 'Qin,' there was only one possibility why Luoshen Lei would refer to him as elder brother.

That traitor of the Qin Clan, that immensely powerful existence.

Qin Yuanfeng actually had a son.

His son was standing before them and was currently cultivating in the Heavenly Dao Sacred Academy, and has also entered the world of reincarnation.

When they thought about this, they actually felt a sense of disbelief, things were actually so dramatic? This was something they would never have imagined even in their wildest dreams.

“Luoshen Clan, the daughter of the Skyorder Heavenly Deity, Luoshen Lei, actually calls him elder brother?”

“Who would have thought of this?”

The three experts from the Qin Clan all stared at Qin Wentian. One of them then spoke, “I didn’t expect that the traitor of my Qin Clan, that supreme existence, actually had a son and his son is already so powerful. Qin Wentian, are you planning to take revenge?”

The eyes of the people in the surrounding flashed as they stared at the people from the Qin Clan. Earlier, they had also heard Luoshen Lei calling Qin Wentian elder brother.

Right now after they heard the words of the Qin Clan’s experts, they instantly thought of one person. In the ancient records of the various peak powers, there were records of an extremely famous person in the Qin Clan’s history. This person was Qin Yuanfeng.

“Qin Wentian, to think that you are actually Qin Yuanfeng’s son. Haha, you are actually his son!” An expert from the Qin Clan laughed. The hearts of everyone trembled. There was already a Heaven’s Son in the Qin Clan. And now, that immensely powerful traitor of the Qin Clan, his son has returned.

Qingcheng Realmlord Qin Wentian. This crazy fellow, he was the son of Qin Yuanfeng and that goddess from the Luoshen Clan?

How surreal!

However, right now, Qin Yuanfeng's son hasn't even started on his revenge towards the Qin Clan yet. Before he could grow strong enough, was he destined to die here in this place?
