

APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

Chapter 11

Yun Man felt a mixture of joy and fear. She was glad that her teacher had come to Tongcheng, but she was afraid that all her classmates had died.

After sending her coordinates, Yun Man noticed that Ye Li was looking at her.

“Senior, my teacher will be coming to find me soon.”

“It has nothing to do with me.”

Ye Li didn't care about these matters. It would be fine if Yun Man's teacher came to find her and took her back.

He had only wanted Yun Man to show him the way, and now that they had arrived in the East District, Yun Man had become somewhat of a burden, more or less.

“Roar! Roar!”

At that moment, Ye Li heard the sounds of the zombies again.

Instantly, he perked up as over a hundred zombies were rushing toward them.

Ye Li smiled. They had encountered so many zombies just after entering the East District, and he expected there would be even more as they ventured further in.

Without hesitation, Ye Li released all the zombies from the system space.

He now had Ah Da and one male zombie each of levels 7, 6, 5, and 4.

And one female zombie each of levels 8, 6, 5, 4 and 2.

With this lineup, he could dominate the East District.

However, Ye Li wasn't arrogant. He knew he was still weak, and didn't have enough zombies yet.

In this post-apocalyptic world, human strongholds were represented by major powers, clans, and organizations.

There were also legendary tenth-tier zombies known as the true zombie kings.

Legend had it that there was a dark force that caused the outbreak of the zombie virus and brought about the apocalypse.

Compared to these forces, he was nothing but a lowly ant.

However, it wouldn't be long before Ye Li showed them that sometimes even an ant could become the protagonist.

Ye Li instructed Ah Da and the male and female zombies to guard around him, killing any zombies approaching him.

“Roar! Roar!”

Over a hundred zombies had already swarmed in.

Ah Da and the other zombies began to take action, just like the previous time in the tree. Every time a zombie fell, Ye Li would use it for synthesis.

The virtual fingers in Ye Li's mind were moving within the grids at an incredible speed.

He synthesized thirty Level 2 male zombies and twenty-two Level 2 female zombies.

Then he synthesized the thirty Level 2 male zombies into one Level 7 male zombie.

Keep on synthesizing!

Besides Big A, he originally had one male zombie each of levels 7, 6, 5, and 4.

By synthesizing two Level 7 male zombies, a Level 8 male zombie was born.

Ye Li planned to quickly synthesize this Level 8 male zombie with Ah Da, so Ah Da would become even stronger.

Ye Li also combined the twenty-two Level 2 female zombies into Level 6, 5, and 4 female zombies each.

Previously, he had one female zombie each of levels 8, 6, 5, 4, and 2.

After synthesizing the female zombies of the same level, he now had one female zombie each of levels 8, 7, 6, 5, and 2.

Ye Li thought to himself that the synthesizing progress was too slow, but it didn't matter. After all, he hadn't yet found a female zombie who was an Awakened Being before death.

It would be best to have female zombies that retained their pre-death abilities!

“Well...”

Yun Man widened her eyes, looking at Ye Li in astonishment.

At this moment, no words could describe her shock.

She had never even heard of such a thing before, let alone witnessed it.

“I’m a bit hungry.”

Ye Li shrugged. He looked at Yun Man and said, “Let’s find a place to eat.”

“No, if I leave, my teacher won’t be able to find me.” Yun Man quickly replied.

“But can’t you send your location with that thing? You can just send your new location to your teacher.”

With those words, Ye Li looked around and then turned into a seemingly decent hotel.
