

APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

Chapter 12

After pondering for a few seconds, Yun Man reluctantly followed along.

Although she was a Level 7 Awakened Being, if she came across a zombie tide, there would be no chance of survival for her.

Ye Li and Yun Man randomly found a room, and then Ye Li took out a box of food from the system space.

“Senior, how did this food box appear?”

Yun Man was genuinely curious. Ye Li didn't have a food box in his hands, so how did it appear out of thin air?

“That's not something you can inquire about.” Ye Li said slowly.

Upon hearing that, Yun Man had no choice but to remain silent. She knew that experts always acted in mysterious ways.

Ye Li thought about going out for a walk, to see if there were any advanced zombies or the like.

Yun Man had no choice but to follow Ye Li out of the room.

When luck came, it was unstoppable. When they reached the seventh floor, Ye Li heard some noise.

“Senior, are there zombies?” Yun Man whispered.

“Hush!”

He gestured for Yun Man to be silent, to avoid alerting the other party.

Ye Li approached the door and actually heard people talking inside.

“Young Master ordered us to find Miss Xiaohui at all costs. Otherwise, we'll be in big trouble when we return.”

“Tongcheng is so big, and there are so many zombies. Where should we look?”

“Don't be afraid. The zombies in Tongcheng are at most advanced zombies.”

“The main problem is that Guardian Scorpion has disappeared. If we encounter a zombie tide, we might not survive.”

Ye Li and Yun Man clearly heard the conversation in the room.

“Senior, let’s go.”

Yun Man tugged at Ye Li’s sleeve. She just wanted to wait for her teacher to arrive and then return to Annan Base City. She didn’t want to get involved in unnecessary trouble.

“Who’s there!”

Suddenly, a sharp voice came from the door.

The door was pushed open forcefully, and four men with peculiar appearances and colorful hair rushed out.

“Who are you people?” one of the men coldly stared at Ye Li and Yun Man.

Ye Li looked at the four men. Fortunately, they were only advanced Awakened Beings.

“Senior, what should we do now?”

Yun Man was at a loss. She could sense that these four men were stronger than her, possibly 8th or even 9th level Awakened Beings.

Ye Li gave Yun Man a reassuring smile. If these four men were first-order evolvers, he might die today.

Unfortunately, they were only advanced Awakened Beings.

The four men looked at Ye Li and Yun Man with disdain. In their eyes, Yun Man was just an advanced Awakened Being, and Ye Li was nothing but a pitiful low-level Awakened Being.

“Big brother, this girl is so beautiful.”

“Yeah, big brother, I’ve never seen such a pretty girl before.”

Immediately, the four men looked at Yun Man with wicked smiles.

“What... what do you want?”

Yun Man kept retreating. She knew very well that these four men had ill intentions towards her.

“Little girl, you’re so beautiful. Do you really need to ask what we want?” one of the men licked his lips.

“Don’t you dare do anything. I’m a student of Annan Academy, and my teacher is coming soon,” Yun Man said in a panic.

Upon hearing this, the four men burst into laughter.

“Little girl, Annan Academy is just a school in Annan Base City. Are we supposed to be afraid?”

The four men took steps closer to Yun Man, extending their claws like demons.

At this moment, someone stood in front of Yun Man.

That person was none other than Ye Li!!!
