

# APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

## Chapter 13

Yun Man was astonished. She looked at the figure standing in front of her. Although he wasn't tall, she felt a deep sense of security.

"Do you really want to die?" Ye Li calmly asked the four men.

He suddenly had an idea, which was to turn these four men into zombies.

"Brat, do you think you can be a hero? You're just a low-level Awakened Being. I could crush you with one finger!"

Ye Li smiled and calmly replied,

"Do you really believe what you see with your eyes?"

"What do you mean?"

The four men were puzzled, not understanding what Ye Li meant.

"No particular meaning, I have a proposal," Ye Li continued.

"What proposal?" One of the men asked, curious to see what else Ye Li could come up with.

Although Ye Li was insignificant in their eyes, they were interested to see what he had in store.

"How about turning all of you into zombies and using you for my purposes?" Ye Li said casually.

"Hahaha! Is this guy out of his mind?"

"I'm sure he's gone crazy. He wants us to become zombies for his use. That's hilarious!"

The four men burst into laughter, as if they had never heard such a funny joke before.

Ye Li looked at the smiles on their faces and shook his head inwardly. He knew they didn't believe him, but he would make sure they understood the consequences of not believing him.

"Ah Da, take action!"

The next moment, Ah Da appeared suddenly from the system space.

With a mighty height of 1.9 meters, Ah Da looked like a towering tower.

But that's not what shocked the four men. What shocked them was the green color of Ah Da's eyes.

"A Tier 1 zombie!" one of the men exclaimed.

While ordinary zombies and advanced zombies could be distinguished from their energy fluctuations, Tier 1 zombies could be identified just by looking at their eyes, because Tier 1 zombies had green eyes.

"It's impossible! How can there be Tier 1 zombies?"

The four men were now terrified.

The difference between advanced Awakened Beings and Tier 1 zombies was like heaven and earth.

At this moment, these four men only wanted to escape. They knew that they had no chance of winning against a Tier 1 zombie.

"Ah Da, turn them all into zombies," Ye Li said slowly.

After giving the command to Ah Da, Ye Li lowered his head and looked at his fingers as if he didn't care whether these four men would escape or not.

As soon as Ye Li gave the order, Ah Da pounced.

"Roar!"

Although the four men were advanced Awakened Beings, how could they withstand the attack of a Tier 1 zombie like Ah Da?

Ah Da's fists were covered with red gloves, and his punches were swift.

Before the four men could react, they were sent flying by Ah Da and crashed heavily into the wall.

Then Ah Da bit and infected the four men, spreading the zombie toxin quickly throughout their bodies.

In an instant, the four men turned into zombies.

"Roar! Roar!"

After turning into zombies, the four men revived as if they were fully healed, and they rushed towards Ye Li and Yun Man.

After Awakened Beings turned into zombies, their levels would certainly decrease. These four Awakened Beings, even if they were still advanced zombies, were at most Level 6 zombies.

Ah Da delivered a punch to each of them, knocking them down to the ground, and they couldn't even get up.

"Now, do you still believe what you see with your eyes?"

Ye Li slowly spoke as he looked at the four men lying on the ground.

Then he opened the synthesis grid in his mind and found that all of them were Level 6 zombies.

After thinking for a moment, he decided not to merge them but to cultivate them.

Coincidentally, there were four of them: Golden Vajra, Silver Vajra, Bronze Vajra, and Iron Vajra.

"From now on, you will be called the Four Great Vajras."
