

# APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

## Chapter 14

After the Four Great Vajras turned into zombies, they still retained their vibrant hair colors, which was quite unpleasant to look at.

Ye Li took out the steel-cutting knife from the system space and successfully shaved the Four Great Vajras' heads bald.

Ding...

"Detected the host naming zombies. The host has obtained a Super Treasure Chest. Would you like to open it?"

"Open it."

"You have obtained 25 gene points, 25 strength points, 25 speed points, and 25 defense points."

"Congratulations, the host has become a Level 4 Awakened Being."

Ye Li felt pleased. He thought he would have to wait until tomorrow to open the zombie treasure chest to become a Level 4 Awakened Being.

"Senior, there are Tier 1 zombies. How could I forget about it?" Yun Man mumbled with a pout.

She sighed inwardly and wiped the sweat off her forehead. If it weren't for Ye Li, she wouldn't have known what to do.

Beep, beep, beep...

At this moment, Yun Man's communication device rang again.

Yun Man answered the call, and a virtual image appeared before her. But this time, it wasn't the beautiful woman; it was a handsome young man.

"Yun Man, we have arrived. Please come down."

"Alright, Senior Chen Yun."

After hanging up, Yun Man was overjoyed. She looked at Ye Li and said,

"Senior, my teacher has come to pick me up. I have to go down."

"Go ahead."

Ye Li waved his hand. He had only intended for Yun Man to lead the way. Now that he was already in the East District, Yun Man's return to the Annan Base City was a good thing for him.

"Senior, what about you?" Yun Man curiously asked Ye Li.

"Remember, I have no connection with you. Wherever I go, it has nothing to do with you." Ye Li said calmly.

Yun Man felt a little desolate upon hearing his words. She just wanted to ask.

"In that case, Senior, I'll go and meet my teacher first. If we have a chance, we'll meet again."

After speaking, Yun Man left the room. At the moment she walked out of the door, she turned back to look at Ye Li, only to find him looking at the Four Great Vajras.

Feeling a bit disappointed, Yun Man walked away!

Ye Li looked at the Four Great Vajras, wondering if they still retained their special abilities.

After checking the zombies, he found no male zombies that could be synthesized with the Four Great Vajras.

Without thinking much, Ye Li stored Ah Da and the Four Great Vajras in the system space.

Ye Li was also ready to leave. He wanted to continue finding zombies for synthesis.

"Ah!"

Suddenly, Yun Man's voice came from afar.

Ye Li quickly followed the sound. Although he had no connection with Yun Man, he didn't want anything bad to happen to her.

Before long, Ye Li saw Yun Man surrounded by about twenty zombies.

Yun Man was a Level 7 Awakened Being, much stronger than these zombies.

But ever since she witnessed her classmates being eaten one by one in the East District, she had developed a psychological shadow.

"Don't be afraid, I'm here,"

A voice suddenly entered Ye Li's ears.

Ye Li followed the voice and saw a young man arrive next to Yun Man.

The young man was very handsome and appeared to be one or two years older than Yun Man. Ye Li had just seen this young man in the virtual image on the communication device.

“Another advanced Awakened Being.” Ye Li murmured to himself.

Although advanced Awakened Beings and Tier 1 Evolved Beings were worlds apart, dealing with these zombies was still very easy for the former.

Before long, the young man had killed all twenty or so zombies.

“Yun Man, are you alright?” the young man asked with concern.

“Senior Chen Yun, where is my teacher?” Yun Man asked anxiously.

“Ms.Meilin encountered a guardian of the White Lotus Sect. She asked me to come find you first.”

Ye Li narrowed his eyes. “A guardian of the White Lotus Sect?”

Could it be the Guardian Scorpion mentioned by the Four Great Vajras earlier?

The White Lotus Sect was a cult that was established after the outbreak of the zombie virus, but it didn’t seem to be a powerful organization.

Ye Li found it intriguing and decided to go and find out.
