

# APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

## Chapter 5

Ye Li looked out the window and found no zombies on the street, which puzzled him.

He had just arrived in this city yesterday and had seen many zombies. Why were there no zombies around now?

Had something happened?

Ye Li pondered but couldn't come up with an answer.

After transmigrating to this parallel world, Ye Li had planned to go to Annan base city for survival.

But things were different now since he had a system.

Now that he couldn't see a single zombie on the street, Ye Li felt frustrated.

Without any zombies, how was he going to synthesize them?

Without thinking too much, Ye Li stepped onto the street.

Although there were no zombies here now, could there be none all the time?

Ye Li continued walking forward, hoping to see if there were any zombies ahead.

Just after taking a couple of steps, he heard some noise.

Following the sound, Ye Li found a boxing gym.

Could there be zombies in the gym?

The idea excited him.

He walked to the boxing gym and found that the door wasn't locked

Ye Li gently pushed open the door and found a male zombie with boxing gloves hitting a sandbag.

"This zombie can actually box?"

Ye Li was amazed and thought this was really interesting.

Immediately, he pushed open the door and walked into the boxing gym.

The male zombie immediately stopped hitting the sandbag and stared at Ye Li blankly.

Ye Li also looked at the male zombie. The male zombie, wearing boxing gloves, was towering in stature, standing at around 1.9 meters tall, with a hulking figure that exuded an overwhelming sense of intimidation.

His intuition told him that the male zombie with boxing gloves was probably an Awakened Being, not a level 1 zombie.

“Roar! Roar!”

The male zombie with boxing gloves suddenly rushed towards Ye Li as if he had just reacted.

Ye Li released the level 5 male zombie, level 4 female zombie, and level 2 female zombie from his system space.

Three against one, even if he was Achilles, he wouldn't stand a chance!

The level 5 male zombie, level 4 female zombie and level 2 female zombie started to fight fiercely with the male zombie with boxing gloves.

To Ye Li's surprise, the male zombie with boxing gloves was very strong. He took on the three opponents at once without any disadvantage.

Suddenly, the level 2 female zombie was smashed into mash by the male zombie with boxing gloves. The scene was gruesome.

Fortunately, the level 5 male zombie and level 4 female zombie were strong enough to defeat the male zombie with boxing gloves.

Ye Li breathed a sigh of relief. He wanted to see what level this male zombie with boxing gloves was since he almost defeated three zombies alone.

The male zombie with boxing gloves appeared in Ye Li's mind grid, and his level was displayed as a level 5 zombie.

Ye Li was puzzled since level 5 wasn't high.

His level 5 male zombie, level 4 female zombie, and level 2 female zombie couldn't defeat a single level 5 zombie.

He thought about it and understood why.

When an Awakened Being turned into a zombie, there was a chance for them to retain their former skills.

The male zombie with the boxing gloves must have been very strong when he was alive, as indicated by his physique and the gloves he wore.

Ye Li suddenly had an idea, which was to train this formidable male zombie with the boxing gloves.

Without much hesitation, Ye Li synthesized the level 5 male zombie with the male zombie wearing boxing gloves.

The male zombie with the boxing gloves became a level 6 zombie.

A level 6 zombie was considered a high-level zombie. Although it was only one level higher than a level 5 zombie, its strength was several times greater.

Ye Li looked at the male zombie with the boxing gloves in front of him and wondered if he should give him a name.

What name would be good?

“Let’s call you Ah Da,” Ye Li said to the male zombie with the boxing gloves.

Ye Li thought that he should quickly synthesize this big guy into an even higher-level zombie.

With Ah Da, the level 5 male zombie, and the level 4 female zombie, Ye Li left the boxing gym and continued searching for the presence of zombies on the street.
